READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Committee Introduction

In accordance with section 5702 of the Judicial Code, 42 Pa.C.S. § 5702, which provides that "all matters relating to the fixing, posting, forfeiting, exoneration, and distribution of bail and recognizances shall be governed by general rules," the rules in this Chapter were implemented to govern the procedures for the release of a defendant from custody pending the full and final disposition of the defendant's case.

These rules were reorganized and amended in 1995. For the most part, the new rules incorporate the same procedures that were established under the former rules. The changes encourage the use of nonmonetary conditions of release on bail. See Rules 4003, 4005, 4006, and 4007. The bail authority, as defined in Rule 3, should tailor any conditions of release on bail to the individual defendant.

The procedures in this Chapter are divided into four parts: procedures for pre-verdict release (Rules 4001—4008), procedures for post-verdict release (Rule 4009), general procedures for all bail cases (Rules 4010—4016), and bail procedures for material witnesses (Rule 4017). The pre-verdict procedures encompass all stages of the criminal process from the initiation of criminal proceed-

ings through trial until a finding as to guilt. The post-verdict procedures pertain to all stages after verdict, both before and after sentencing, while jurisdiction remains with the court of common pleas. The general procedures govern all bail cases during all stages of the criminal process. Part IV sets forth the special procedures that may be utilized to ensure the appearance of a material witness.

Annex A

TITLE 234. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 100. PROCEDURE IN COURT CASES

PART II. COMPLAINT PROCEDURES

Rule 106. Approval of Private Complaints.

(a) When the affiant is not a law enforcement officer **[and the offense(s) charged include(s) a misdemeanor or felony which does not involve a clear and present danger to any person or to the community]**, the complaint shall be submitted to an attorney for the Commonwealth, who shall approve or disapprove it without unreasonable delay.

(b) If the attorney for the Commonwealth:

(1) approves the complaint, the attorney shall indicate this decision on the complaint form and transmit it to the issuing authority;

(2) disapproves the complaint, the attorney shall state the reasons on the complaint form and return it to the affiant. **[Thereafter the affiant may file the complaint with a judge of a court of common pleas for**

approval or disapproval; or] Thereafter, the affiant may petition the court of common pleas for review of the decision.

[(3) does not approve or disapprove within a reasonable period of time, the affiant may file the complaint on a separate form with the issuing authority, noting thereon that a complaint is pending before an attorney for the Commonwealth. The issuing authority shall determine whether a reasonable period has elapsed, and, when appropriate, shall defer action to allow the attorney for the Commonwealth an additional period of time to respond.]

Official Note: Original Rule 105 adopted June 30, 1964, effective January 1, 1965; suspended January 31, 1970, effective May 1, 1970. New Rule 105 adopted January 31, 1970, effective May 1, 1970; renumbered Rule 133 and amended September 18, 1973, effective January 1, 1974; amended January 23, 1975, effective September 1, 1975; amended October 22, 1981, effective January 1, 1982; rescinded November 9, 1984, effective January 2, 1985. Present Rule 133 adopted November 9, 1984, effective January 2, 1985; renumbered Rule 106 and amended August 9, 1994, effective January 1, 1995; **amended March 22, 1996, effective July 1, 1996.**

Comment

For the contents of a private complaint, see Rule 104.

The 1996 amendment to paragraph (a) deleted the exception for misdemeanors or felonies "involving a clear and present danger to any person or to the community." In all cases where the affiant is not a law enforcement officer, the complaint must be submitted for approval or disapproval by the attorney for the Commonwealth.

The district attorney may "transmit" the complaint to the issuing authority pursuant to subparagraph (b)(1) by returning it to the affiant for delivery.

Comment

* * * * *

Under paragraph (a)(2), the method by which the district attorney approves and transmits a private complaint pursuant to Rule 106(b)(1) may be determined by local practice.

Private complaints must first be submitted to the district attorney for approval or disapproval under Rule 106. For private complaint procedures in summary cases, see Rule 66.

[The specifications as to which private complaints must first be submitted to the district attorney are set forth in Rule 106(b) and in the Comment to Rule 51. If the district attorney has failed to approve a private complaint as required, only a judge of a court of common pleas can issue a summons or warrant based on the complaint. See Rule 106(b)(2).]

Paragraph (a)(2) also applies when a district attorney elects to proceed under Rule 107 (Approval of Police Complaints and Arrest Warrant Affidavits by Attorney for the Commonwealth—Local Option).

Private Complaints

New Rule 6003 adopted August 9, 1994, effective January 1, 1995; amended September 13, 1995, effective January 1, 1996. The January 1, 1996 effective date extended to April 1, 1996; **amended March 22, 1996, effective July 1, 1996.**

Comment

Former Rule 6003 was rescinded and replaced by new Rule 6003 in 1994. Although Rule 6003 has been extensively reorganized, only subsections D(1) and D(2)(c) reflect changes in the procedures contained in the former rule.

The 1996 amendments to paragraph A(2) align the procedures for private complaints in non-summary Municipal Court cases with the Statewide procedures for private complaints in Rule 106 (Approval of Private Complaints). In all cases where the affiant is not a law enforcement officer, the complaint must be submitted to the attorney for the Commonwealth for approval or disapproval.

Introduction

On March 22, 1996, upon the Recommendation of the Criminal Procedural Rules Committee, the Supreme Court adopted amendments to Pa.Rs.Crim.P. 106 and 6003, and approved a Rule 108 *Comment* revision.¹ The Committee proposal which resulted in these changes was published in 1994. Included in that proposal and in the

¹ Please note that the Committee's *Reports* should not be confused with the official Committee *Comments* to the rules. Also note that the Supreme Court does not adopt the Committee's *Comments* or the contents of the Committee's explanatory *Reports*.

Committee's first Recommendation to the Court were amendments to Rules 106 and 6003, which, in part, deleted the provisions for review in the court of common pleas of a district attorney's disapproval of a private complaint, Pa.Rs.Crim.P. 106(b)(2) and 6003A(2). See 24 Pa.B. 4348 (August 27, 1994). The Court declined to accept the Recommendation with these deletions, but asked the Committee whether there were other aspects of the Recommendation which we wanted the Court to consider separately. After an extensive discussion, the Committee submitted a revised Recommendation, which the Court has adopted, effective July 1, 1996. The purpose of this *Final Report* is to explain the changes contained in that Recommendation.

Discussion

I. Background

The Committee's recent reexamination of the function of private criminal complaints in Pennsylvania arose during a discussion of the evolving case law on Rule 106(b) and the prosecutor's discretionary charging function in the private complaint context. See, e.g., *Commonwealth v. Cutler*, 636 A.2d 164 (Pa. Super. 1993) and *Commonwealth v. Benz*, 565 A.2d 764 (Pa. 1989). Our examination of the private complaint in Pennsylvania focused on (1) a review of the shift in responsibility for the charging function in Pennsylvania from the police to the attorney for the Commonwealth, and (2) the separate but related development of procedural rules governing private complaints.

A. The Charging Function

In Pennsylvania, the initial charging decision was historically left to the police, although most states had placed the charging function with the prosecutor. La Fave, *The Prosecutor's Discretion in the United States*, 18 Am.J.Comp.Law 532 (1970). The vesting of the charging function with the attorney for the Commonwealth has been fairly recent. In the early 1980's, Rules of Criminal Procedure were promulgated to make it clear that the attorney for the Commonwealth, and not the police, has the discretion to determine whether and what to charge. See Pa.R.Crim.P. 101A (Approval of Police Complaints and Arrest Warrant Affidavits by Attorney for the Commonwealth—Local Option). See also *Bordenkircher v. Hayes*, 434 U.S. 357 (1978) (the decisions whether to prosecute and what offense to charge rest entirely within the prosecutor's discretion) and *In re Petition of Piscanio*, 344 A.2d 658, 660—661 (Pa. Super. 1975) (district attorney obliged not only to prosecute crime but also to determine when and whether charges should be brought).

B. Development of Rules of Procedure Governing Private Complaints

The development of rules governing private complaints predated the assumption of the charging decision by the attorney for the Commonwealth, and the first rules only served to effectuate common law "private prosecutions." See, e.g., *Simpson v. Montgomery Ward*, 46 A.2d 674 (Pa. 1946) and *Altman v. Standard Refrigerator*, 173 A. 411 (Pa. 1934). Former Pa.Rs.Crim.P. 105 and 106, adopted in 1964, provided that a private citizen could appear before a magistrate, swear to a complaint against another private citizen, and a summons or arrest warrant could issue without the prior approval of a police officer or an attorney for the Commonwealth. These early rules generated ongoing criticism from lawyers, judges, and law enforcement officers because private complaint procedures were too often used as an inexpensive alternative to civil remedies for debt collection. In response to this criticism,

the Committee reevaluated the rules governing private complaints in the 1970's. At that time, a number of Committee members argued that the private complaint rules should be eliminated completely, in view of the national trend giving prosecutors unfettered charging discretion, the misuse of private complaints, and the availability of civil remedies. Other members, however, felt strongly that some form of private complaint procedure should be retained, despite the abuses, and present Rule 106 reflects the compromise reached to accommodate these disparate views.

II. Explanation of Changes

In light of the Court's directive that common pleas review of the district attorney's decision to disapprove a private complaint should be retained in Rule 106, see the Introduction, the Committee reexamined the original proposal and agreed that the rules governing private complaints should be revised to eliminate unnecessary procedures and to make it clear that: (1) in all court cases, without exception, private complaints must be submitted to the attorney for the Commonwealth for approval or disapproval; and (2) when a private complaint is disapproved, the private complainant must "petition for review" of the district attorney's decision in the court of common pleas, rather than "filing" the complaint with the court of common pleas.

A. Rule 106 (Approval of Private Complaints)

Deletion of paragraph (a) exception. We have eliminated the exception provided in paragraph (a) for those private complaints charging a crime which involves a "clear and present danger to any person or to the community" because we feel that such circumstances warrant review by an attorney for the Commonwealth.

Amendment to paragraph (b)(2). Paragraph (b)(2) has been amended as follows: if the attorney for the Commonwealth

disapproves the complaint, the attorney shall state the reasons on the complaint form and return it to the affiant. [*Thereafter, the affiant may file the complaint with a judge of a court of common pleas for approval or disapproval; or*] *Thereafter, the affiant may petition the court of common pleas for review of the decision.*

This amendment is intended to underscore the distinction between the district attorney's charging decision and judicial review of that decision. The amendment eliminates the "filing" language that can be construed as permitting a common pleas judge to improperly engage in a *de novo* review of the complaint itself, and makes it clear that the judge's function is to review the propriety of the district attorney's discretionary decision to disapprove the complaint.

Deletion of paragraph (b)(3). Paragraph (b)(3) has been deleted because unreasonable delays in district attorneys' screening of private complaints do not appear to be a problem.

B. Revision of *Comment* to Rule 108 (Procedure Following Submission of Complaint to Issuing Authority)

The present *Comment* referring to Rule 106 has been deleted and a new paragraph added which states that all private complaints must be submitted to the district attorney for approval or disapproval pursuant to Rule 106. We have also included a cross-reference to Rule 66 (Procedure following Filing of Complaint—Issuance of Summons), which addresses private complaint procedures in summary cases.

C. Amendments to Rule 6003 (Procedures in Non-Summary Municipal Court Cases)

Paragraph A(2) has been completely rewritten and a correlative *Comment* added to align private complaint procedures in Philadelphia Municipal Court with the procedures in Rule 106.

Annex A

TITLE 246. MINOR COURT CIVIL RULES

PART I. GENERAL

CHAPTER 500. ACTIONS FOR THE RECOVERY OF POSSESSION OF REAL PROPERTY

Rule 504. Setting the Date for Hearing; Delivery for Service.

The district justice, at the time the complaint is filed, shall:

(1) Set a hearing date which shall be not less than seven (7) or more than [**twenty (20)**] **fifteen (15)** days from the date the complaint is filed.

(2) Insert the hearing time and date and the address of [**his**] **the district justice's** magisterial district in the complaint form.

(3) Deliver a copy of the complaint form with hearing time and date thereon to the plaintiff or [**his**] **the plaintiff's** agent.

* * * * *

Official Note: The hearing date in subdivision (1) of this rule was required to be set not less than seven days from the filing of the complaint because of the requirement of [**Rule**] **Pa. R.C.P.D.J. No. 506[C] (B)** that service be made at least five days before the hearing. It was thought that the requirement that the complaint be served not more than [**twenty**] **fifteen** days from the filing of the complaint should provide ample time to make the type of service required in these cases. However, the complaint may be reinstated upon written request of the plaintiff as in trespass and assumpsit cases. See [**Rule**] **Pa. R.C.P.D.J. No. 341E** and the note to [**Rule**] **Pa. R.C.P.D.J. No. 314**.

The notice for the defendant set forth in subdivision (4) of this rule varies somewhat from the notice required in trespass and assumpsit actions under [**Rule**] **Pa. R.C.P.D.J. No. 305**. There are a number of reasons for this. First, there can be no default judgment in these possessory actions and, secondly, it was thought that cross-complaints of defendants in these cases should be limited to those arising out of the occupancy of the premises.

Amended Oct. 17, 1975, effective in 90 days; June 30, 1982, effective 30 days after July 17, 1982; March 28, 1996, effective March 29, 1996.

Rule 514. Judgment.

A. If it appears at the hearing that the complaint has been proven, the district justice shall enter judgment against the defendant that the real property be delivered up to the plaintiff and **shall enter judgment by separate entries:**

[(1) for damages, if any, for injury to or unjust detention of the premises and for the amount of rent, if any, which remains due, and

(2) for the costs of the proceeding,

(3) less any amount found due the defendant on any cross complaint filed by him.]

(1) for the amount of rent, if any, which remains due,

(2) for the amount of damages, if any, for unjust detention,

(3) for the physical damages, if any, to the leasehold premises, and

(4) for the costs of the proceeding;

less any amount found due the defendant on any cross-complaint filed by the defendant.

In addition, the district justice shall make an entry identifying the sum of money found by the district justice to constitute the monthly rental for the leasehold premises.

B. A money judgment may be rendered for the defendant on a cross-complaint filed by [**him**] **the defendant** if the amount found due thereon exceeds any amount found due the plaintiff on [**his**] **the plaintiff's** complaint.

C. Judgment shall be given at the conclusion of the hearing or within [**five (5)**] **three (3)** days thereafter and shall be entered [**on the original complaint form**. **The district justice shall promptly give written notice of the judgement**] **upon the form prescribed for the entry of judgment by the State Court Administrator. Upon the entry of the judgment, copies of the prescribed form shall be given or mailed to all parties, but if any party has an attorney of record named in the complaint form the written notice shall be given to the attorney instead of to the party. Notice of judgment shall [contain advice as to the] inform the parties of the right of the parties to appeal, the time within which the appeal must be taken and that the appeal is to the court of common pleas.**

Official Note: The separate entries provided in Subdivision A are made necessary as a result of the rental deposit provisions for appeal or certiorari contained in Pa. R.C.P.D.J. Nos. 1008.B. and 1013.B., as well as the wage attachment provisions contained in Act 5 of 1996.

Subdivision B of this rule makes provision for a money judgment for the defendant if [**he**] **the defendant** prevails in a greater amount on [**his**] **the defendant's** cross-complaint.

Amended April 25, 1979, effective in 30 days; June 30, 1982, effective 30 days after July 17, 1982; amended effective Dec. 1, 1983; amended March 27, 1992, effective June 25, 1992; March 28, 1996, effective March 29, 1996.

Rule 515. Requests for Order for Possession.

A. If the district justice has rendered a judgment arising out of a non-residential lease that the real property be delivered up to the plaintiff, the plaintiff may, [**on or**] after the [**sixteenth (16th)**] **fifteenth (15th)** day following the date of the entry of the judgment, file with the district justice a request for an order for possession on a form which shall be prescribed by the State Court Administrator. The request form shall be attached to the order, and shall [**including**] **include** a statement of the judgment amount, return and all other matters required by these rules.

B. If the district justice has rendered a judgment arising out of a residential lease that the real property be delivered up to the plaintiff, the plaintiff may after the tenth (10th) day following the date of the entry of the judgment, file with the district justice a request for an order for possession on a form which shall be prescribed by the State Court Administrator. The request form shall be attached to the order, and shall include a statement of the judgment amount, return and all other matters required by these rules.

Official Note: The fifteen days in subdivision A of this rule plus the [**fifteen**] **sixteen** days in Rule 519.A. will give the defendant time to obtain a supersedeas within the appeal period. See [**Rules**] **Pa. R.C.P.D.J. Nos. 1002, 1008, 1009 and 1013. The 1995 amendment to § 513 of the Landlord/Tenant Act (Act No. 1995-**

33) established a ten day period of time for an appeal from a judgment for possession of real estate arising out of a residential lease; therefore, the filing of the request for order of possession in subdivision B. is not permitted until after the period of time for appeal has expired.

Amended June 1, 1971; amended April 25, 1979, effective in 30 days; June 30, 1982, effective 30 days after July 17, 1982; March 27, 1982, effective June 25, 1992; March 28, 1996, effective March 29, 1996.

Rule 517. Notification of Time of Receipt; Service of Order for Possession.

The [**district justice**] plaintiff shall serve the order for possession by mailing a copy of it to the defendant by first class mail and shall deliver a copy of it for service to the sheriff of, or any constable in, the county in which the office of the district justice is situated. The officer receiving the order for possession shall note upon the form the time and date that he received it. He shall [**forthwith**] serve the order **within forty-eight (48) hours** by handing a copy of it to the defendant or to an adult person in charge for the time being of the premises possession of which is to be delivered or, if none of the above is found, by posting it conspicuously on those premises. The service copy of the order shall contain the following notice:

(1) For nonresidential leases:

If you, and all occupants of this property not authorized by the owner to be present thereon, do not vacate this property within fifteen (15) days after the date of this notice, the law authorizes me to use [, and I must use,] such force as may be necessary to enter upon the property, by the breaking in of any door or otherwise, and to eject you and all unauthorized occupants.

(2) For residential leases:

If you, and all occupants of this property not authorized by the owner to be present thereon, do not vacate this property within ten (10) days after the date of this notice, the law authorizes me to use force as may be necessary to enter upon the property by the breaking in of any door or otherwise, and to eject you and all unauthorized occupants.

The date of the notice shall be the same as the date of the service.

Official Note: Under this rule, service must be made both by first class mail and delivery for service in the manner prescribed. **The differing lengths of notices set forth for nonresidential leases and residential leases are made necessary by reason of the 1995 amendment to Section 513 of the Landlord/Tenant Act. See Note following Pa. R.C.P.D.J. No. 515.**

Amended October 17, 1975, effective in 90 days; April 25, 1979, effective in 30 days; June 30, 1982, effective 30 days after July 17, 1982; March 27, 1992, effective June 25, 1992; March 28, 1996, effective March 29, 1996.

Rule 519. Forcible Entry and Ejectment.

A. If, on or after the sixteenth (16th) day following the service of the order for possession arising out of a nonresidential lease, the defendant or any unauthorized occupant remains on the real property, the officer executing the order for possession shall use such force as may be necessary to enter upon the property, by the breaking in of any door or otherwise, and to eject the defendant and any unauthorized occupant and shall

deliver possession of the real property to the plaintiff or [**his**] the plaintiff's agent.

B. If, on or after the eleventh (11th) day following the service of the order for possession in cases arising out of a residential lease, the defendant or any unauthorized occupant remains on the real property, the officer executing the order for possession shall use such force as may be necessary to enter upon the property, by the breaking in of any door or otherwise, and to eject the defendant and any unauthorized occupant and shall deliver possession of the real property to the plaintiff or the plaintiff's agent.

C. No order for possession shall be executed on or after sixty (60) days following its issuance. An order for possession shall be reinstated for one (1) additional sixty (60) day period upon written request for order for possession to the district justice. (See [**Rule**] Pa. R.C.P.D.J. No. 515).

Official Note: The differing lengths of notices set for nonresidential leases and residential leases are made necessary by reason of the 1995 amendment to Section 513 of the Landlord/Tenant Act. See Note following Pa. R.C.P.D.J. No. 515.

Subdivision [**B**] C of this Rule will permit the reinstatement, upon written request of the plaintiff of an order for possession which had not been executed on or after sixty (60) days following its issuance. The written request for reinstatement may be in any form and may consist of a notation on the permanent copy of the order for possession form "Reinstatement of Order Requested," subscribed by the plaintiff. The district justice shall mark all copies of the reinstated order for possession "Order Reinstated. Request for reinstatement filed on ____ (Date)." If it is necessary to use a new form or new form sets for the reinstated order for possession, the reinstated order for possession, except for service portions thereof, shall be an exact copy of the original order for possession, although signatures may be typed with the mark "s/" indicating an actual signature. Since a reinstated order for possession is merely a continuation of the original action, there is no filing fee for reinstating an order for possession.

Amended April 25, 1979, effective in 30 days; June 30, 1982, effective 30 days after July 17, 1982; March 27, 1992, effective June 25, 1992; March 28, 1996, effective March 29, 1996.

Rule 520. Officer's Return.

[**The**] Within five (5) business days following delivery of possession to the plaintiff or satisfaction by payment of rent in arrears and costs, the officer executing the order for possession shall make a return on the order for possession form. The return shall show:

- (1) The date, time, place and manner of service of the order.
- (2) If the order was satisfied by the payment of rent in arrears and costs by or on behalf of the defendant, the amount of that payment and its distribution.
- (3) The time and date of any forcible entry and ejectment, or that no entry for the purposes of ejectment had to be made.
- (4) [**His**] The officer's expenses and fees.

Amended July 30, 1982, effective 30 days after July 17, 1982; March 28, 1996, effective March 29, 1996.

Rule 581. Acts of Assembly Suspended.

All Acts of Assembly or parts thereof inconsistent with the rule governing practice and procedure in actions before district justices for the recovery of possession of real property are suspended to the extent of such inconsistency.

THE FOLLOWING ACTS OF ASSEMBLY ARE SUSPENDED INsofar AS THEY ARE INCONSISTENT WITH THE FOREGOING RULES:

(1) Act of July 6, 1995, amending the Act of April 6, 1951, (P. L. 69, No. 20), known as Act 33 of 1995;

(2) Act of July 6, 1995, amending the Act of April 6, 1951, (P. L. 69, No. 20), known as Act 36 of 1995.

Amended June 30, 1982, effective 30 days after July 17, 1982; amended March 28, 1995, effective March 29, 1996.

CHAPTER 1000. APPEALS.**APPEAL****Rule 1002. Time and Method of Appeal**

A. A party aggrieved by a judgment for money, or a judgment affecting the delivery of possession of real property arising out of a nonresidential lease, may appeal therefrom within thirty (30) days after the date of the entry of the judgment by filing with the prothonotary of the court of common pleas a notice of appeal on a form which shall be prescribed by the State Court Administrator together with a copy of the Notice of Judgment issued by the district justice. The Prothonotary shall not accept an appeal from an aggrieved party which is presented for filing more than thirty (30) days after the date of judgment without leave of Court and upon good cause shown.

B. A party aggrieved by a judgment for the delivery of possession of real property arising out of a residential lease may appeal therefrom within ten (10) days after the date of entry of judgment by filing with the prothonotary of the court of common pleas a notice of appeal on a form which shall be prescribed by the State Court Administrator, together with a copy of the Notice of Judgment issued by the district justice. The prothonotary shall not accept an appeal from an aggrieved party which is presented for filing more than ten (10) days after the date of judgment without leave of Court and upon good cause shown.

Official Note: The thirty day limitation in subdivision A of this rule is the same as that found in the Judicial Code, § 5571(b), 42 Pa.C.S. § 5571(b), as amended by § 10 (67) of the Judiciary Act Repealer Act, Act of April 28, 1978, P. L. 202, No. 53. The ten day limitation in subdivision B of this rule is designed to implement the time for appeal set forth in § 513 of the Landlord and Tenant Act of 1951 (Act No. 1995-33, approved July 6, 1955). The two subdivisions of this rule are intended to clarify that where the right of possession of residential real estate is at issue, the shorter, ten day period for appeal applies; where the judgment from which the appeal is taken is a judgment only for money, or a judgment affecting a nonresidential lease, under these rules, the thirty day period of time for appeal applies.

The method of appeal is by filing with the prothonotary a "notice of appeal" on a form to be prescribed by the State Court Administrator. Copies of this same form will

be used for service under [Rule] Pa. R.C.P.D.J. No. 1005. This permits use of the same form for filing and service. No useful purpose would be served by having two forms, one called an "appeal" for filing and another called a "notice of appeal" for service. [No transcript of the record of the proceedings before the district justice is to be filed on appeal, for the proceedings on appeal are de novo.]

The 1990 amendment is intended to encourage the complete utilization of the hearing process available before the district justice.

A copy of the Notice of Judgment must be filed since it will contain the separate entries required by Pa.R.A.P.D.J. No. 514.A and will be needed by the Prothonotary.

Adopted June 1, 1971. Amended April 25, 1979, effective in 30 days; June 30, 1982, effective 30 days after July 17, 1982; March 27, 1992, effective June 25, 1992; March 28, 1996, effective March 29, 1996.

Rule 1008. Appeal as Supersedeas.

* * * * *

B. When an appeal is from a judgment for the possession of real property, receipt by the district justice of the copy of the notice of appeal shall operate as a supersedeas only if the appellant [files with the prothonotary a bond, with surety approved by the prothonotary, conditioned for the payment of any judgment for rent and for damages growing out of occupancy of or injury to the premises rendered against the appellant on appeal. In lieu of such a bond, the court of common pleas may, by local rule applicable to certain classes of cases, permit rental payments becoming due during the court of common pleas proceedings to be deposited in an escrow account in a bank or trust company approved by the court, such deposits to be applied to the payment of any judgment of the kind mentioned above rendered on appeal. If the appellant files such a bond or is permitted to deposit rental payments in escrow in lieu of a bond] at the time of filing the appeal, deposits with the prothonotary a sum of money (or a bond, with surety approved by the prothonotary) equal to the lesser of three (3) months' rent or the rent actually in arrears on the date of the filing of appeal, based upon the district justice's order of judgment, and, thereafter, deposits cash or bond with the prothonotary in a sum equal to the monthly rent which becomes due during the period of time the proceedings upon appeal are pending in the court of common pleas, such additional deposits to be made within thirty (30) days following the date of the appeal, and each successive thirty (30) day period thereafter.

Upon application by the landlord, the court shall release appropriate sums from the escrow account on a continuing basis while the appeal is pending to compensate the landlord for the tenant's actual possession and use of the premises during the pendency of the appeal.

In the event the appellant fails to deposit the sums of money, or bond, required by this rule within ten (10) days following the date when such deposits are due, the prothonotary, upon praecipe filed by the appellee, shall terminate the supersedeas Notice of the termination of the supersedeas shall be forwarded via first class mail

to all parties, but if any party has an attorney of record named in the complaint form or other filings with the court, notice shall be given to the attorney instead of to the party. Notice to a party that does not have an attorney of record is sufficient if mailed to the party's last known address of record.

Where the deposit of money or bond is made pursuant to this Rule at the time of filing the appeal, the prothonotary shall make upon the notice of appeal and its copies a notation that it will operate as a supersedeas when received by the district justice.

C. If an appeal is stricken or voluntarily terminated, any supersedeas based on it shall terminate. **The prothonotary shall pay the deposits of rental to the party who sought possession of the real property.**

Official Note: Subdivision A provides for an automatic supersedeas in appeals from trespass and assumpsit actions upon receipt by the district justice of a copy of the notice of appeal. It did not seem worthwhile to require bond or other security for costs as a condition for supersedeas in trespass and assumpsit appeals.

[Subdivision B, however, does require a bond, or an escrow deposit of rent if permitted by local rule, as a condition for supersedeas with respect to appeals from judgments for the possession of real property. The provision for local rules permitting an escrow deposit of rent in certain cases is intended to authorize local machinery for the handling of special categories of landlord and tenant problems. See the statute cited in Rule 1082(1).] Subdivision B, however, does require the deposit of money or approved bond as a condition for supersedeas where the appeal is from a judgment for the possession of real property. This provision substantially incorporates the purpose and intent of the Legislative provision contained in Act No. 1995-33, approved July 6, 1995. The 1996 amendment provides a uniform, Statewide procedure (except Philadelphia County: See: Philadelphia Municipal Court Rules of Civil Procedure), and establishes a mechanism for the application of a supersedeas or the termination thereof without the need for any local court rule or order.

The request for termination of the supersedeas, upon the praecipe filed with the prothonotary, may simply state: "Please terminate the supersedeas in the written action for failure of the appellant to pay monthly rental as required by Pa. R.C.P.D.J. No. 1008 for a period in excess of thirty (30) days" and will be signed by appellee. The prothonotary will then note upon the praecipe: "Upon confirmation of failure of the appellant to deposit the monthly rent for more than thirty (30) days, the supersedeas is terminated," and the prothonotary will sign and clock the praecipe. A copy of the praecipe may thereupon be displayed to the district justice who rendered the judgment, and a request for issuance of an order for possession under Pa. R.A.P.D.J. No. 515 may be made.

The deposit of rent required hereunder is intended to apply in all cases, irrespective of the reasons which caused the filing of the complaint before the district justice in the first instance. Disposition of the monthly rental deposits will be made by the court of common pleas following its *de novo* hearing of the matter on appeal.

The money judgment portion of a landlord and tenant judgment (See [Rule] Pa. R.C.P.D.J. Nos. 514 and 521) would be governed by subdivision A.

Adopted June 1, 1971. Amended April 25, 1979, effective in 30 days; June 30, 1982, effective in 30 days after July 17, 1982; March 28, 1996, effective March 29, 1996.

CERTIORARI

Rule 1013. Writ of Certiorari as Supersedeas.

A. Receipt of the writ of certiorari by the district justice to whom it was directed shall operate as a supersedeas, except as provided in subdivision B of this rule.

B. When the writ of certiorari involves a judgment for the possession of real property, receipt of the writ by the district justice shall operate as a supersedeas only if the party obtaining the writ [**files with the prothonotary a bond, with surety approved by the prothonotary, conditioned for the payment of rent accruing during the court of common pleas proceedings in the event the writ is dismissed.**] at the time of filing the writ, deposits with the prothonotary a sum of money (or a bond, with surety approved by the prothonotary) equal to the lesser of three (3) months' rent or the rent actually in arrears on the date of the filing of appeal, as determined by the district justice, and, thereafter, deposits cash or bond with the prothonotary in a sum equal to the monthly rent which becomes due during the period of time the proceedings upon writ are pending in the court of common pleas, such additional deposits to be made within thirty (30) days following the date of the filing of the writ, and each successive thirty (30) day period thereafter.

Upon application by the landlord, the court shall release appropriate sums from the escrow account on a continuing basis while the writ is pending and while the ensuing proceeding is pending (in the event the writ is granted) to compensate the landlord for the tenant's actual possession and use of the premises during the pendency of the writ and during the pendency of ensuing proceeding (in the event the writ is granted).

In the event that the party filing the writ fails to deposit the sums of money, or bond, required by this rule within (10) days following the date when such deposits are due, the prothonotary, upon praecipe filed by the party that did not file the writ, shall terminate the supersedeas. Notice of the termination of the supersedeas shall be forwarded via first class mail to all parties, but if any party has an attorney of record named in the complaint form or other filings with the court, notice shall be given to the attorney instead of to the party. Notice to a party who or which does not have an attorney of record is sufficient if mailed to the party's last known address of record.

[If the party obtaining the writ files such a bond,] Where the deposit of money or bond is made pursuant to this Rule at the time of the filing of the writ, the prothonotary shall make upon the writ and its copies a notation that the writ will operate as a supersedeas when received by the district justice.

C. If a writ of certiorari is stricken, dismissed or discontinued, any supersedeas based on it shall termi-

nate. The prothonotary shall pay the deposits of rental to the party who sought possession of the real property.

Official Note: As in appeals, (See [Rule] Pa. R.C.P.D.J. No. 1008), certiorari operates as an automatic supersedeas in trespass and assumpsit matters when the writ is received by the district justice. If the writ involves a judgment for the possession of real property, however, it will operate as a supersedeas upon receipt by the district justice only if **money is paid** or a bond is filed conditioned as stated in the rule. [**Since no decision is actually made in certiorari proceedings as to whether rent is or is not legally payable and no judgment for rent is rendered (see Rules 1009 and 1014), the conditions of the bond differ from those in Rule 1008B and no provision is made for permitting an escrow deposit of rent in lieu of a bond.**] This Rule has been amended to require a payment equal to the lesser of three months rent or the rent actually in arrears in order for the writ involving a judgment for the possession of real property to act as a supersedeas to ensure consistency between this Rule and Pa. R.C.P.D.J. No. 1008. (Appeal as Supersedeas).

The request for termination of the supersedeas, upon the praecipe filed with the prothonotary, may simply state: "Please terminate the supersedeas in the within action for failure of the party filing the writ to pay monthly rental as required by Pa.R.C.P.D.J. No. 1013 for a period in excess of thirty (30) days" and will be signed by landlord. The prothonotary will then note upon the praecipe: "Upon confirmation of failure of the party filing the writ to deposit the monthly rent for more than thirty (30) days, the supersedeas is terminated,"

and the prothonotary will sign and clock the praecipe. A copy of the praecipe may thereupon be displayed to the district justice who rendered the judgment, and a request for issuance of an order for possession under Pa.R.C.P.D.J. No. 515 may be made.

The money judgment portion of a landlord and tenant judgment (see [Rule] Pa. R.C.P.D.J. Nos. 514 and 521) would be governed by subdivision A of this rule.

Adopted June 1, 1971. Amended April 25, 1979, effective in 30 days; June 30, 1982, effective in 30 days after July 17, 1982; March 28, 1996, effective March 29, 1996.

STATEMENT OF OBJECTION

Rule 1081. Acts of Assembly Suspended.

Rule 15.7.cc. Opening Impounded Documents.

Rule 15.7.cc. Procedures Concerning Impounded Adoption Records: Pursuant to the Pennsylvania Adoption Act of 1988, Section 2905, the following procedures shall be followed regarding adoption inquiries:

- (A) Adoption records are to be kept sealed and confidential. No employee, agent or official of the Register of Wills/Orphans' Court Office, or any other Cambria County Government employee, shall disclose the contents of adoption records or jeopardize the anonymity of the adoptee or any adoptee's natural parent without an order of the Orphans' Court.
- (B) All adoption inquiries shall be made by a formal petition. The petition shall be verified by counsel and petitioner, or notarized in the case of a pro se petition. Any petition not appropriately verified or notarized shall not be accepted by the Register of Wills. The petition forms to be used are attached to these Rules as Form 15.7.A. and 15.7.B. and made part of these Rules. The Register of Wills/Orphans' Court Office shall provide a copy of these forms upon request. No inquiry shall be accepted by the Register of Wills/Orphans' Court Office which does not substantially conform with Forms 15.7.A. or 15.7.B., as applicable.
- (C) The filing fee for adoption inquiries shall be \$20.00 payable to the Register of Wills.
- (D) An adoptee, and only an adoptee, may petition for disclosure of non-identifying information regarding disclosure of adoption records. Absent a showing of exceptional circumstances, such as the past commission of fraud on the Orphans' Court in adoption proceeding, no one other than an adoptee may obtain disclosure of said non-identifying information. See In Re Adoption of B.E.W.G., 513 A.2d 1061, 1065 (Pa. Super. 1986).
- (E) The types of non-identifying information to be disclosed, if contained in the adoption records include: (1) The ages, religious persuasions and race of the biological parents; (2) The health of the adoptee at the time of the adoption; (3) The general circumstances regarding the biological parents' relationship; (4) The reasons assigned for the adoption, and; (5) The length of time the adoptee was in the custody of the adoptive parents prior to the adoption. See In Re Petition to Release Adoption Records Pursuant to 23 Pa.C.S. 2905, 653 A.2d 1254 (Pa. Super. 1995).

- (F) The research fee for disclosure of non-identifying information found in Orphans' Court and other Cambria County records shall be \$35.00, payable to the Register of Wills/Orphans' Court Office. A petition requesting only disclosure of whether or not a natural parent's waiver of anonymity has been filed shall not be subject to the non-identifying information fee. The law clerk for the President Judge of the Orphans' Court shall retrieve said non-identifying information.
- (G) An adoptee, and only an adoptee, may petition for the Orphans' Court to authorize a search for the purpose of contacting a natural parent to obtain their consent to disclosure of identifying information. Such a petition will be granted only upon the petitioner's demonstration of good cause to warrant the disclosure of an inspection of adoption records. Good cause includes a compelling medical need; for example, where the adoptee or his or her offspring is undergoing treatment for life threatening or debilitating illness and the adoptee's medical history is reasonably likely to aid treatment. No search shall be authorized simply to satisfy a petitioner's curiosity. In its discretion, the Court may grant a hearing to determine whether good cause exists, or may adjudicate the petition without a hearing. Even if the petitioner demonstrates good cause, the Court may nevertheless refuse to contact the natural parents if it believes there is a "substantial risk" that persons other than natural parents would learn of the adoptee's existence and relationship to the natural parents.
- (H) The Court shall conduct the search, described in Paragraph G above, through its agent. The search agent designated by the Orphans' Court shall be the Cambria County Children and Youth Agency. The search shall be conducted in conformity with Pennsylvania Code's "Statement of Policy on Adoption Record Disclosure Procedures" set forth at 55 Pa. Code § 33.50.101.
- (I) The search fee for attempting to locate the natural parents to request their consent to disclose adoption record information shall be \$50.00 per hour. Prepayment of three (3) hours (\$150.00) shall be required, and any portion of that fee not expended shall be refunded.
- (J) When a search is authorized, the Orphans' Court in no way guarantees that the natural parent will be located or will consent to disclosure of the adoption information. The Court has limited resources available for an investigation and a long period of time may have passed between the adoption proceeding and the adoption inquiry. It is hoped however, that a report of the results of the search shall be made to the adoptee within 120 to 180 days of the authorization to conduct the search.
- (K) The Register of Wills Office shall place into the sealed adoption files any waiver form filed by a natural parent of the adoptee granting permission to disclose to the adoptee *(or to the adoptee's guardian if the adoptee is less than eighteen (18) years of age)* any information related to that natural parent. The waiver form shall substantially conform to Form 15.7.C. attached hereto and hereby made a part of this Rule. The waiver shall be notarized. In no case shall the Register of Wills accept waiver forms from any person other than a natural parent of an adoptee. The waiver shall be filed without charge.
- (L) Upon a petition which adequately demonstrates that one or both natural parents are deceased or have consented to disclosure of adoption information, the Orphans' Court shall order the Register of Wills to disclose all information in the adoption records. The consent to disclose information by one natural parent shall not operate as a consent to disclosure by the other natural parent.
- (M) Forms 15.7.A., 15.7.B., and 15.7.C. may be attached and filed together simultaneously as a single petition subject to a single filing fee. All other pertinent search or research fees as set forth above shall be charged, however, where a combined petition is filed.
- (N) All forms are to be filed with the Register of Wills/Orphans' Court Office. The Register of Wills/Orphans' Court Office shall refuse to accept any adoption inquiry paper or pleading which is: incomplete, not typewritten, not in substantial conformity with this Rule, not appropriately signed and/or notarized, or for which the appropriate fees have not been paid.
- (O) The fees required by this Rule may be revised prospectively from time to time by administrative order.

MONTGOMERY COUNTY

Local Rules of Civil Procedure 272* and 1041.1*;
No. 96-00001-2

Order

And Now, this 18th day of March, 1996, the Court rescinds Montgomery County Local Rule of Civil Procedure 272* relating to non-jury trials in asbestos cases, and approves and adopts the following Montgomery County Local Rule of Civil Procedure 1041.1*—Asbestos Litigation—Special Provisions. This Rule shall become effective thirty (30) days after the date of publication in the *Pennsylvania Bulletin*.

The Court Administrator is directed to publish this Order once in the *Montgomery County Law Reporter* and in the *Legal Intelligencer*. In conformity with Pa.R.C.P. 239, seven (7) certified copies of the within Order shall be filed by the Court Administrator with the Administrative Office of Pennsylvania Courts. Two (2) certified copies shall be distributed to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*. One (1) certified copy shall be filed with the Civil Procedural Rules Committee. One (1) copy shall be filed with the Prothonotary, one (1) copy with the Clerk of Courts, one (1) copy with the Court Administrator of Montgomery County, one (1) copy with the Law Library of Montgomery County, and one (1) copy with each Judge of this Court.

By the Court

WILLIAM T. NICHOLAS,
President Judge

Rule 1041.1* Asbestos Litigation—Special Provisions

Asbestos litigation in Montgomery County is governed by the Pennsylvania Rules of Civil Procedure and the Montgomery County Local Rules of Civil Procedure, except as follows:

(1) Local Rules 212*(g), (h) and (i), 261*(1), 262*, 263* and 264* (relating to settlement conferences and trial lists) shall not apply. Settlement conferences are scheduled and cases are listed for trial by Order of Court.

(2) In addition to the requirements of the Pennsylvania Rules of Civil Procedure and Local Rules 301* and 302*, copies of motions, petitions, responses thereto, and briefs, shall be served upon the law clerk for asbestos litigation. For matters subject to Local Rule 302*, the filing of a praecipe shall have the effect of commencing the briefing schedule but not of listing the case for argument, which shall be done by the Court with the assistance of the law clerk for asbestos litigation.

(3) Local Rule 4019* pertaining to discovery masters shall not apply. When a discovery motion is at issue as provided in Local Rule 4019*, counsel shall notify the law clerk for asbestos litigation, who shall arrange for disposition of the matter by the Court.

(4) Arguments, hearings, and trials are ordinarily listed only before the judges assigned to the asbestos litigation.

Comments:

1. The Honorable Albert R. Subers and the Honorable William J. Furber, Jr., are the Judges assigned to the asbestos litigation. Judge Subers is the Administrative Judge for asbestos litigation.

2. By Order dated April 12, 1982, the law clerk for asbestos litigation is: Donald J. Martin, Esquire, 22 West

Airy Street, Norristown, PA 19401-4769, telephone: (610) 277-6772, Fax: (610) 277-4993.

3. The Orders scheduling cases for trial and settlement conferences ordinarily contain deadlines, including deadlines for the completion of discovery and for filing certain motions. These are completion deadlines. It is not necessary for a scheduling order to issue for counsel to engage in earlier, appropriate, discovery and motion practice.

4. Except as stated in sub-paragraph D below, a discontinuance of an action as to less than all parties may not be entered without notice and an opportunity to respond to all other parties. This may be accomplished as follows:

A. If a stipulation is signed by counsel for all parties to the litigation, Pa.R.C.P. 229(b) does not require leave of court. The fully executed stipulation may be filed with the Prothonotary.

B. A petition for approval of discontinuance may be filed pursuant to Pa.R.C.P. 206.1 et seq., and Montgomery County Local Rule of Civil Procedure 301*. A rule to show cause shall be requested on the cover sheet. The cover sheet should be followed by a form of order approving the discontinuance, by a petition, and by the original stipulation executed by counsel for plaintiff and counsel for the party against whom proceedings are being discontinued. Upon receipt of the return day from the Court Administrator counsel should serve all parties, and file with the Prothonotary a separate certification of service indicating service of the petition and the rule to show cause, noting the return day. If no answer is filed at or before the time the rule is made returnable, the petition will be forwarded by the Court Administrator to the Civil Signing Judge in accordance with the practice pertaining to any petition requiring a return day.

C. Stipulations for discontinuance signed by counsel for plaintiff and counsel for the party against whom proceedings are being discontinued may be presented to the Court at a scheduled settlement conference for the case in question. If no objection is raised at the conference, the Court normally approves the stipulation and returns it to counsel for filing and for service on all parties.

D. If a case has been settled by all parties from whom plaintiff seeks a recovery, a discontinuance may be entered as to any other parties by stipulation signed by counsel for plaintiff, the original of which shall be transmitted to the law clerk for asbestos litigation, with copies served on all other parties. The law clerk for asbestos litigation shall transmit the stipulation to the appropriate judge for approval. Since parties who may have claims for contribution or indemnification have not been given the opportunity to object, such a stipulation is subject to being stricken on the petition of an interested party. Counsel may wish to proceed in accordance with subparagraph B., above, to minimize this risk.

5. Certificates of service shall indicate the name and address of counsel or the parties on which service has been made. A certificate of service "on all parties", or "on all counsel of record" without stating who they are, does not establish service on anyone.

RULES AND REGULATIONS

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CHS. 149 AND 151]

Automatic Subscriptions to the *Pennsylvania Bulletin* and *Pennsylvania Code*

The Insurance Department (Department), by this order, deletes Chapter 149 and amends § 151.14 (relating to fees) as set forth in Annex A, under the authority of 45 Pa.C.S. §§ 502, 503, 729—731, and sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412). Notice of proposed rulemaking is omitted in accordance with section 204(1)(iii) and (3) of the act of July 31, 1968 (P. L. 769, No. 240) (CDL) (45 P. S. § 1204(1)(iii) and (3)).

Purpose

The purpose of this final/omitted rulemaking is to eliminate obsolete regulations. By order published at 25 Pa.B. 2882 (July 22, 1995), the Joint Committee on Documents terminated the automatic subscription provisions as they related to the Department. The order is retroactive to July 1, 1995. Because there is no longer a requirement for insurance companies and other entities regulated by the Department to subscribe to the *Bulletin* and *Code*, and Chapter 149 and § 151.14(e) relate directly to this issue, there is no longer a need for the regulations.

In accordance with the former regulation at 1 Pa. Code § 15.13, each insurance company and entity regulated by the Department had been required to subscribe to the *Pennsylvania Bulletin* and *Pennsylvania Code*. Under those same provisions, the Department had been required to purchase subscriptions from the Department of General Services in the name of each regulated entity and assess the cost to each entity.

The purpose of §§ 149.1—149.4 was to permit affiliated insurance companies to designate one of their companies to subscribe on behalf of all of the companies affiliated in the group. The purpose of § 151.14(e) was to describe the obligation of continuing care providers to subscribe to the *Bulletin* and *Code*. The termination of the former regulatory provisions has rendered these regulations unnecessary and obsolete.

Notice of proposed rulemaking is omitted under section 204(1)(iii) of the CDL which provides that notice of proposed rulemaking may be omitted when the rulemaking relates to agency procedure or practice. In this instance, the rulemaking relates to procedures and practices of the Department which are no longer applicable. Under section 204(3) of the CDL, notice of proposed rulemaking may also be omitted if the agency finds that the notice procedures are impracticable and unnecessary (45 P. S. § 1204(3)). The Department finds that the proposed rulemaking procedures in sections 201 and 202 of the CDL (45 P. S. §§ 1201 and 1202) are impracticable and unnecessary in this situation. Sections 149.1—149.4 and § 151.14(e) are made obsolete by the Joint Committee on Document's rulemaking eliminating the Department from the automatic subscription provisions of 45 Pa.C.S. § 731. The amendment of these sections relieves the affected parties of a regulatory procedure which no longer serves any purpose. The impacted parties received notice of the decision of the Joint Committee on Docu-

ments' rulemaking by virtue of their subscription to the *Pennsylvania Bulletin*. Furthermore, public comments cannot change the obsolete status of these regulations. Accordingly, the Department determined it is impractical and unnecessary to invite and consider comments from interested parties.

Affected Parties

The amendment of these sections will affect insurance companies and other entities regulated by the Department.

Fiscal Impact

There is no fiscal impact from the amendment of these sections.

Paperwork

There is no impact on paperwork as a result of the amendment of these sections.

Effectiveness/Sunset Date

This order is effective upon publication in the *Pennsylvania Bulletin*, and is retroactive to July 1, 1995. No sunset date has been assigned because the order amends obsolete regulations.

Contact Person

The person to contact for information on this matter is Thomas Lavelle, Chief, Budget and Fiscal Management, Insurance Department, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4298.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the amendments with proposed rulemaking omitted on February 27, 1996, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate Banking and Insurance Committee and the House Insurance Committee. On the same date, the amendments were submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506). In accordance with section 5(c) of the Regulatory Review Act, the amendments were deemed approved by the Senate Banking and Insurance Committee on March 18, 1996, and deemed approved by the House Insurance Committee on March 18, 1996. IRRC met on March 21, 1996, and approved the amendments.

Findings

The Insurance Commissioner finds that there is good cause to forego public notice of the intention to delete §§ 149.1—149.4 and amend § 151.14(e) because the amendments relate to agency procedure and because submitting notice for public comment is unnecessary and impractical under section 204(1)(iii) and (3) of the CDL. Amendment of the regulations eliminates a procedure made obsolete by the elimination of the Department from the automatic subscription provisions. Interested parties have received notice by publication in the *Pennsylvania Bulletin* of the elimination of their automatic subscriptions. Public comment cannot change the obsolete status of these regulations.

Order

The Insurance Commissioner, acting under the authority of 45 Pa.C.S. §§ 502, 503, 729—731 and sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 orders that:

(a) The regulations of the Department, 31 Pa. Code Chapters 149 and 151, are amended by deleting §§ 149.1—149.4 and amending § 151.14 to read as set forth in Annex A.

(b) The Department shall submit this order and Annex A to the Office of Attorney General and Office of General Counsel for approval as to form and legality as required by law.

(c) The Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon its publication in the *Pennsylvania Bulletin*.

LINDA S. KAISER,
Insurance Commissioner

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 1603 (April 6, 1996).)

Fiscal Note: 11-127. No fiscal impact; (8) recommends adoption.

Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 53, 61, 63, 65, 69 AND 97]

Commission Property; Fish and Fishing; Boats and Boating

The Fish and Boat Commission (Commission) by this order amends Chapters 53, 61, 63, 65, 69 and 97. The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The amendments deal with Commission property, fish and fishing and boats and boating.

A. Effective Date

These amendments will take effect upon publication of this order.

B. Contact Person

For further information on the amendments, contact Dennis Guise, Chief Counsel, (717) 657-4525, P. O. Box 67000, Harrisburg, PA 17106-7000.

C. Statutory Authority

The amendments are published under the statutory authority of sections 741, 2102, 2307, 2903, 2907.2 and 5123 of the code.

D. Purpose and Background

The amendments update various Commission fishing, boating and property regulations. The amendments on personal flotation devices have been reviewed by the Commission's Boating Advisory Board.

E. Summary of Changes

(a) *Use of firearms on Commission property, § 53.7.* The Commission has amended its regulation on use of firearms on Commission property to make it clear that persons otherwise authorized by 18 Pa.C.S. §§ 6106 and 6109 (relating to firearms not to be carried without a license; and licenses) may carry firearms on Commission property. The Commission also reworded this regulation in the interests of clarity. On final rulemaking, the Commission corrected a wording error. The statutory authority for this change is section 741 of the code (relating to control of property).

(b) *Wear of PFDs by children, §§ 53.8 and 97.1.* The Commission has amended its regulations on wear of PFDs by children. Currently children age eight and younger are required to wear PFDs on boats operating on Commission and State Parks property. The amendment requires wear of PFDs by children 12 years of age or younger while underway on all open waters on any boat 20 feet or less in length and all canoes and kayaks. Extending the requirement that children wear PFDs to all waters (not just Commission and State Park lakes) will help promote safety and get youngsters in the habit of wearing these important life-saving devices. On final rulemaking, the Commission corrected a wording error in § 97.1. The statutory authority for this change is sections 741 and 5123 of the code (relating to control of property; and general boating regulations).

(c) *Delaware River and West Branch Delaware River, §§ 61.2 and 65.24.* The Commission has adopted several changes to its regulations on the Delaware River and the West Branch. It has changed the opening day for Walleye on the portion of the Delaware between New York and Pennsylvania from May first to the first Saturday in May. This change will make this opening day consistent with

that on other Commonwealth waters and is agreed to by New York. The second change reduces the minimum size limit and increases the daily limit on striped bass consistent with the recommendations of the Atlantic States Marine Fisheries Commission. The third change relates to establishment of a special no-kill artificial lures only season on trout on the West Branch of the Delaware River (Wayne County). The 8-mile stretch of the border waters of the West Branch of the Delaware River is managed as a trout fishery with a 12-inch two trout per day limit from mid-April through the end of September. This water is no longer stocked but managed through natural reproduction primarily from elsewhere in the drainage in New York. New York Department of Environmental Conservation fisheries personnel have expressed a strong desire to open this water to fall/winter angling but on a no-kill basis. To ease into this program, being that it will be out of phase with other trout waters in New York, use of only artificial lures is suggested. On final rulemaking, the Commission corrected a wording error. The statutory authority for this change is sections 2102 and 2307 of the code (relating to rules and regulations; and waters limited to specific purposes).

(d) *Bows, spears and gigs, § 63.8.* The Commission has adopted a clarifying change to its regulations on use of long bows and spears on the Delaware River. On final rulemaking, the Commission corrected wording errors and clarified that in addition to carp, gar suckers and eels, catfish and herring (except shad) may be taken by long bows, spears and gigs. The Commission also clarified that the special permit allowing persons with disabilities to use cross-bows or mechanically propelled spears and gigs is not available to persons who are blind. The statutory authority for this change is section 2102 of the code.

(e) *Select Trout Stocked Lake Program, § 65.10.* The Select Trout Stocked Lake program, inaugurated in 1995, proved very successful. It allows trout fishing in certain designated approved trout lakes during the month of March. The Commission has further expanded potential fishing opportunities on these lakes by eliminating the restrictions on ice fishing and fishing from boats. Depending on weather conditions and the location of a particular lake, anglers may well be able to fish for trout during this period in a safe and prudent manner from boats or, where applicable, from ice. The statutory authority for this change is sections 2102 and 2307 of the code.

(f) *Special restrictions on polluted zones, § 65.23.* The Commission has adopted a clarifying change to its regulations restricting harvest of fish from designated polluted zones to make it clear that possessing fish while in the act of fishing in these zones is a violation. The statutory authority for this change is sections 2102 and 2307 of the code.

(g) *Miscellaneous special regulations, § 65.24.* In addition to the change for the West Branch of the Delaware River, the Commission has adopted a change to the miscellaneous special fishing regulation applicable to the Little Juniata River in Blair and Huntingdon Counties. The change involves year 'round angling with a 14" minimum length limit and a two trout daily creel limit during the period from the opening day of the regular trout season through Labor Day. This is the same regulation as now applies to a 7 mile stretch of Penns Creek, Centre County, where it has been well received by anglers. The Commission conducted a public information meeting on this proposed change on December 18, 1995. The statutory authority for this change is sections 2102 and 2307 of the code. On final rulemaking, the Commis-

sion corrected the special regulation applicable to Penns Creek by inserting language that had been omitted inadvertently. This correction was made under § 51.5 (relating to correction of regulations).

(h) *Lake Erie and Lake Erie tributaries regulations, §§ 69.12—69.15.* The Commission has adopted several changes to its fishing regulations applicable to Lake Erie and the Lake Erie tributaries. The first relates to yellow perch. The purpose of this amendment is to conserve the yellow perch stocks by reducing recreational angler harvest of yellow perch. These regulations are designed to restore and sustain a yellow perch population in Lake Erie composed of older and larger fish. Reducing the harvest of yellow perch is necessary for recovery and long term stability of the yellow perch population in Lake Erie. Commercial fishing is being constrained by a quota system and gill netting will be eliminated beginning in 1996. Recreational harvest of yellow perch is essentially unrestricted. Presently, there is a year round season, no minimum size limit and the creel limit is 50 in combination with other panfishes. The 50 fish creel limit does not save any appreciable numbers of yellow perch. In order to accomplish these goals, the Commission has reduced the daily limit of yellow perch to 20 and imposed an 8-inch size limit.

The second change relates to trout, including steelhead, and salmon fishing on Lake Erie and its tributaries. Steelhead fishing in Lake Erie and its tributaries is popular. The Lake Erie Research Unit report "Lake Erie Steelhead Fishing Lake Angler Survey 17 April 1993—15 April 1994" indicated that closing the season to trout/salmon fishing in the first 2 weeks of April was eliminating more fishing trips than were produced by the stocked trout fishery which the stream closure protects. This study also showed that the average size of steelhead harvest was nearly 5 pounds and nearly 23 inches long. Recreational anglers have voiced concern over the glutony fostered by the regulations which allowed anglers to take up to eight steelhead or salmon during the regular trout season (first Saturday after April 11 to 12:01 a.m. the day after Labor Day). There are two major effects of the regulations:

1. Fishing for and harvesting steelhead and salmon is permitted year round; this will increase angler use of this valuable fishery during the first 2 weeks of April.
2. Harvest of steelhead and salmon is limited to 3 fish per day over 15 inches through the whole year on both Lake Erie and its tributaries.

Size, season and creel limit regulations which affect the harvest of stocked trout remain unchanged. These trout and salmon regulation changes do not apply to Conneaut Creek drainage. On final rulemaking, the Commission corrected the wording and the charts in §§ 69.13—69.15.

The statutory authority for these changes is section 2102 of the code.

(i) *Possession and display of Lake Erie Fishing permit, § 69.18.* A temporary Lake Erie Fishing permit was established by Act 1994-79. The act authorizes the Commission to promulgate regulations on the display of the special permit and the manner of affixing it to the fishing license. The permit is designed as a self-sticking stamp with instructions on where to affix it to the license. The new stamp worked well in the 1995 season. In order to clarify the requirements for display of this permit, which are provided to each angler when the stamp is issued, the Commission has adopted this regulation. This regulation is promulgated under the authority of section 2907.2 of the code.

(j) *Boundary water trap net and commercial fishing regulations, §§ 69.21, 69.24, 69.29, 69.31—69.33.* Effective January 1, 1996, commercial fisheries on Pennsylvania's regulated area of Lake Erie were no longer permitted to use gill nets. There has been interest expressed by the fisheries in pursuing commercial fishing with trap nets, which will continue to be permitted. A review of the trap net regulations indicated a need to make some corrections and clarification of the intentions of these regulations, and definition of the appearance and function of trap nets, as well as the number of separately licensed trap nets that would be permitted for each fishery. The regulations:

- (1) Correct the address for submitting catch reports.
- (2) Update the coordinates for the area where trap net fishing is permitted.
- (3) Provide a more comprehensive definition of trap nets.
- (4) Clarify limitations on use of trap nets.
- (5) Include amendments to commercial fishing regulations so that they conform to Act 1994-79 which banned gill nets on Commonwealth waters.
- (6) Provide that walleye caught out of season must be returned to the waters from which taken regardless of condition. Under prior regulations, such walleye were permitted to be retained and sold and counted against the total allowable catch. With the change in gear to trap nets, which should permit survival of the fish caught, this change is appropriate.

The statutory authority for these changes is section 2903 of the code.

F. Paperwork

The amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking containing the proposed amendments was published at 25 Pa.B. 5738 (December 16, 1995). The Commission did not receive any public comments except as follows:

Prior to publication of the notice, the Commission received 14 comments in favor of changing §§ 53.8 and 97.1. The Commission, however, did not receive any public comments during the public comment period.

Although the Commission did not receive any public comments on the proposed changes to §§ 61.2 and 65.24 during the comment period, it did receive one comment prior to the formal comment period.

The Commission received 14 comments concerning the proposed change to § 65.24. In addition, prior to the formal comment period, the Commission received a petition, signed by 488 individuals, asking for no new regulations on the Little Juniata River. Since the petition was dated prior to consideration of this item by the Commission at its October, 1995 meeting, it is unclear whether the signers objected to the specific proposals. On December 18, 1995, the Commission held a public information meeting on the proposed regulation change. Of the more than 25 anglers in attendance, only two indicated opposi-

tion to the proposed change. Many of the commentators had suggestions for other regulatory schemes, but with the two exceptions, all favored these regulations as at least a first step.

The Commission did not receive any public comments concerning the proposed changes to §§ 69.12—69.15 during the formal public comment period. However, prior to the comment period, the Unified Sportsmen of Pennsylvania contacted the Commission on several occasions to express concerns with respect to the changes to the yellow perch regulations.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and that all comments received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 53, 61, 63, 65, 69 and 97 are amended by amending §§ 53.8, 65.10, 65.23, 69.12, 69.21, 69.24, 69.29, 69.31—69.33; by deleting § 69.32 and by adding § 69.18 to read as set forth at 25 Pa.B. 5738 (December 16, 1995); and by amending §§ 53.7, 61.2, 63.8, 65.24, 69.13—69.15 and 97.1 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Executive Director will submit this order, 25 Pa.B. 5738 and Annex A to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order, 25 Pa.B. 5738 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

Executive Director

CHAPTER 97. OPERATOR PROVIDED EQUIPMENT

§ 97.1. Personal flotation devices.

(a) A person may not use a recreational vessel unless at least one personal flotation device (PFD) of the following types is on board for each person:

- (1) Type I.
- (2) Type II.
- (3) Type III.

(b) A person may not use a recreational vessel 16 or more feet in length unless one Type IV PFD is on board in addition to the total number of PFDs required in subsection (a). Canoes and kayaks 16 feet in length and over are exempted from the requirements for carriage of the additional Type IV PFD.

(c) A Type V PFD may be carried in lieu of a PFD required under § 95.1(a) (relating to safety standards for boats) if:

- (1) The approval label on the Type V PFD indicates the device is approved for one of the following:
 - (i) The activity in which the vessel is being used.
 - (ii) As a substitute for a PFD of the type required on the vessel in use.
- (2) The PFD is used in accordance with requirements of the approval label.
- (3) The PFD is used in accordance with requirements in its owners manual, if the label makes reference to the manual.
- (d) Required PFDs shall be in good, serviceable condition, legibly marked showing the Coast Guard approval

number and whether it is a Type I, II, III, IV or V. They shall be of an appropriate size, child or adult, for the person for whom it is intended.

(e) Types I, II and III shall be stowed so as to be readily accessible. Type IV, buoyant cushion and ring buoy designed for throwing or grasping rather than wearing, shall be immediately available.

(1) "Readily accessible" means that PFDs are stowed where they can be easily reached, or are out in the open ready for wear. A PFD that is sealed in its original packaging is not readily accessible.

(2) "Immediately available" means that the PFD cannot be in a protective covering and shall be within arm's reach of the operator or passenger while the boat is being operated.

(3) A PFD that is sealed in its original packaging is neither immediately available nor readily accessible.

(f) This section does not apply to racing shells, rowing sculls and racing kayaks, such as manually propelled boats recognized by National racing associations for use in competitive racing, where the occupants row, scull or paddle with the exception of the coxswain, if one is provided, and which are not designed to carry and do not carry equipment not solely for competitive racing. Safety boats accompanying the boats shall carry a sufficient number of readily accessible Type I, II, III or V PFDs for the occupants of the shells, sculls or kayaks. This exemption does not apply on Commission and State Park owned or controlled boating waters.

(g) Coast Guard approved PFDs shall be acceptable as long as they are in good, serviceable condition with the approval clearly legible, even though the type number may not be contained in the marking because they are

earlier approved lifesaving devices. "Serviceable" means the PFD is fully functional to carry out the purpose for which it was designed and free of tears or defects in the material over the flotation material and the buckles, straps, zippers and other closures are operable.

(h) Children 12 years of age and younger shall wear an approved type I, II, III or V PFD while underway on open waters on any boat 20' or less in length and all canoes and kayaks.

(i) Exemptions to this section are as follows:

(1) Prior to May 1, 1995, a Type IV PFD may be carried in lieu of any Type PFD required under subsec-

tion (a) for each person on a boat which is less than 16 feet in length.

(2) Prior to May 1, 1996, a Type IV PFD may be carried in lieu of any Type PFD required under subsection (a) for each person on the boat if the boat is:

(i) Leased or rented to another for the latter's pleasure as part of a livery or rental business.

(ii) Manually propelled.

PROPOSED RULEMAKING

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 181]

MA Income Retroactive Eligibility

The Department of Public Welfare (Department), under the authority in section 403(b) of the Public Welfare Code (62 P. S. § 403(b)), intends to amend §§ 181.1, 181.12 and 181.14 (relating to general policy on MA income common to all categories of MA; retroactive eligibility; and eligibility under MNO-MA spenddown) as set forth in Annex A.

Purpose

The purpose of these proposed amendments is to amend the methodology used in determining retroactive eligibility for Medically Needy Only (MNO) Medical Assistance (MA). The current methodology contains an identified disparity in determining eligibility under MNO spenddown which provides an advantage to certain persons based on their application dates. The disparity is created when persons with similar income and circumstances have different application dates. The application date determines the methodology used to determine retroactive eligibility. When eligibility is determined, there may be a disparity in the spenddown amount. The spenddown amount is that part of the provider's bill for which the client is responsible. The proposed amendments attempt to remove this disparity and are an option available to the Department under governing Federal regulations. For determining income eligibility for retroactive eligibility coverage for MNO-MA, the total amount of income available in the combined retroactive and prospective period, a consecutive 6-calendar months, will be used. The methodology for the nonmoney payment MA will remain unchanged.

Background

The amendments conform with a final rule published by the Health Care Financing Administration (HCFA) at 59 FR 1659 (January 12, 1994) amending 42 CFR 435.831. This final rulemaking provides several options for simplifying the administration/methodology in determining retroactive eligibility for MNO-MA. The Commonwealth has chosen to implement Provision B, which allows the combination of the retroactive and prospective budget periods into a single consecutive 6-calendar month period.

Need for Amendments

An applicant for MA may be eligible for MA to cover the costs of medical expenses which were incurred prior to the date of application. The period prior to the date of application is known as the retroactive period and may begin as early as the first day of the third calendar month prior to the month of application. For example, for an applicant applying for MA on June 15, the earliest retroactive period date is March 1.

Current methodology requires that a month-by-month calculation be made for each month during the retroactive period for which payment for a service is being requested. For example, an applicant of June 15 has a hospital bill for the month of May and a doctor bill for the month of March with no medical service received in April. Separate

eligibility calculations would be made for the months of March and May based upon available income and resources for those months.

The month-to-month concept used in determining eligibility under MNO spenddown has created a disparity between those individuals who apply and sign the application at the time MA services are received and those individuals who apply and sign the application at a later date. The result of the month-to-month concept used in determining eligibility under MNO spenddown is that the amount of income to be paid towards MA services by individuals with similar income and circumstances varies greatly depending on the date of the individual's signature on the application form. For example, Mr. Jones is admitted to the hospital on April 1 and signs an application on April 1. Under the current regulations, the income for 6 months of April through September is used to determine eligibility for the month of April. Mr. Smith is admitted to the hospital on April 1, but does not sign an application until June 1. The income for only the month of April is used to determine eligibility for the month of April. The spenddown amount for which Mr. Jones is responsible will be much greater than that for Mr. Smith. This is because the spenddown amount is determined by an applicant's income. The eligibility determination for Mr. Jones uses 6 months of income. The eligibility determination for Mr. Smith uses only 1 month of income. That 1 month of income includes the period for Mr. Smith's hospitalization. As Mr. Smith is hospitalized, his income for that month is probably very low. Therefore, Mr. Smith's spenddown amount would be very low based on his 1 month of low income and high medical expenses.

The Department proposes to lessen the disparity by requiring that for retroactive MNO coverage, the income received during the entire retroactive period (up to 3 months) is combined with the income of the entire first prospective budget period. This combined period must always equal a consecutive 6-calendar month period, unless the applicant/recipient is deceased, resulting in a period that is less than 6 months. This period would be used to determine eligibility. For instance, in the preceding example, Mr. Jones would continue to have 6 months of income used to determine eligibility. However, Mr. Smith would have 2 months of retroactive income (April, May), combined with 4 months of prospective income (June, July, August, September), for a total consecutive 6-calendar month period to determine eligibility, versus only 1 month of income as the current regulations permit. The new methodology will eliminate the previous disparity and treat both applicants equally. In addition, the new methodology eliminates the advantages to the applicant of reapplying in order to achieve eligibility or a lower spenddown amount.

Summary

1. Section 181.1(b) is amended to state that in determining income eligibility for retroactive coverage for MNO-MA, the total amount of income available to the applicants/recipients in the combined retroactive and prospective period, a consecutive 6-calendar months, is used. The combined period can be less than 6 months only if the applicant/recipient is deceased.

2. Section 181.12(a) is amended to state that the period of eligibility for retroactive MA benefits differs between NMP and MNO. Currently both determine eligibility for retroactive MA benefits by using the methodology of

month-by-month computations. The section is amended to change the MNO methodology to combine both the retrospective and prospective months to create a consecutive 6-calendar month period to determine eligibility. The NMP methodology of month-by-month computation remains unchanged.

3. Section 181.12(c) is amended to state that income eligibility for retroactive MNO benefits is determined by using the combined retroactive and prospective period, a consecutive 6-calendar month period.

4. Section 181.14(d)(1)(v) is amended to specify that unpaid medical expenses must be incurred during the retroactive period to be deductible.

5. Section 181.14(e)(4) and (5) is amended to specify that unpaid medical expenses incurred before the retroactive period are not deductible from income in the combined retroactive/prospective period.

Affected Persons and Organizations

These proposed amendments will affect all applicants/recipients whose eligibility for retroactive MA is determined under MNO-MA.

Benefits

Implementation of these amendments ensures equal treatment of all applicants/recipients, regardless of the application date, in computing eligibility for MNO-MA benefits.

In addition to submitting the proposed amendments, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1982-2, "Improving Government Regulations." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Department by June 12, 1996. **Maximum Lawful Rate of Interest for Residential
Mortgages for the Month of May 1996**

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of May is 9 1/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real

property which such individual owns and which such individual occupies or has occupied as a principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the U. S. Treasury. The latest yield rate on long-term government securities is 6.72 to which was added 2.50 percentage points for a total of 9.22 that by law is rounded off to the nearest quarter at 9 1/4%.

A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (DEP) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management, and total residual chlorine control (TRC). Any major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Operations indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin*, at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on DEP's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

Acknowledgment of Notices of Intent to Remediate

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (the act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Public Notice of Proposed Consent Decrees

Oliver Site Waterford Township, Erie County

Under section 1113 of the Hazardous Sites Cleanup Act (35 P. S. § 6020.1113) notice is hereby provided that the Department of Environmental Protection (Department) has entered into two Consent Decrees concerning settlement of the Department's Complaint against General Electric Company (GE) and GAF Building Materials Corporation (GAF). The Department's Complaint concerns the investigation and cleanup of the Oliver Site in Erie County, PA. The Department's Complaint against GE and GAF is filed in the United States District Court for the Western District of Pennsylvania at the Federal Courthouse in Erie, PA.

In the past, wastes containing hazardous substances were disposed at the Oliver Site, and these hazardous substances have contaminated the soil, surface water, groundwater and sediments at the Site. The Department has incurred approximately 1 million dollars in past response costs, and estimates that it will cost approximately 3 million dollars to clean-up the Oliver Site.

The Department has entered into a settlement with GE whereby GE will, among other things, pay \$920,000 to the Hazardous Sites Cleanup Fund and will design and construct a water service for the residences with drinking water that is or could be affected by the hazardous substances at the Oliver Site. The specifics of this settlement are set forth in the Consent Decree for the settlement between the Department and GE.

The Department has also entered into a de minimis settlement with GAF whereby GAF will pay \$28,550 to the Hazardous Sites Cleanup Fund. This de minimis settlement is based upon the Department's determination that the amount of hazardous substances contributed by GAF is minimal compared to the amount of the other hazardous substances at the Oliver Site; the toxic or other hazardous effects of these hazardous substances are

minimal compared to the effects of the other hazardous substances at the Oliver Site; these hazardous substances have not contaminated the groundwater at the Oliver Site; and these hazardous substances have caused and will cause only a minor portion of the response costs at the Oliver Site. The specifics of this settlement are set forth in the Consent Decree for the settlement between the Department and GAF.

The Department will receive and consider comments relating to these Consent Decrees for 60 days from the date of this public notice. The Department may withdraw its consent to the settlements with GE and GAF if the comments concerning the Consent Decrees disclose facts or considerations which indicate that the settlements are inappropriate, inadequate or not in the public interest. The Department's settlements with GE and GAF shall become final upon the filing of the Department's responses to any significant comments to the Consent Decrees.

Copies of the Consent Decrees are available for inspection at the Department's office at 230 Chestnut Street, Meadville, Pennsylvania and at the United States District Court for the Western District of Pennsylvania (Erie). Comments may be submitted, in writing, to Edward Orris, Project Manager, Department of Environmental Protection, Hazardous Sites Cleanup, 230 Chestnut Street, Meadville, PA 16335-3481. Further information may be obtained by contacting Edward Orris at (814) 332-6648. TDD users may contact the Department through the Pennsylvania Relay Service at 1 (800) 645-5984.

Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (the act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department has received the following final report:

The Proposed CO&A does not provide for settlement of DEP's future response costs, or for response costs incurred by other Responsible Persons for the Delta Chemicals site. The Proposed CO&A is authorized by section 709 of HSCA (35 P. S. § 6020.709).

Delta Chemical is located at the intersection of Worthington and Beatty's Mill Roads in North Buffalo Township. The site consists of 1.3 acres, of which approximately 1 acre is enclosed by a fence. Within the fenced portion, there is a small cinder block building, a standpipe buried in the ground, a large and smaller lagoon. There are two contaminated springs located outside the fenced property.

The site's soils, lagoon surface water, the perched groundwater aquifer and surface water and sediment in the unnamed tributary are contaminated with volatile organic compounds. Inorganic contamination was found in the surface soil, subsurface soils, in the standpipe, the lagoon surface water and surface water sediments. This contamination poses threats of direct contact, release of hazardous substances to the perched groundwater aquifer and release of vapors to the atmosphere.

This Notice is being provided under section 1113 of HSCA (35 P. S. § 6020.1113) in the *Pennsylvania Bulletin* and in the *Kittanning Leader Times*. The Proposed CO&A is available for public review and comments, and is located in the Administrative Record for the Delta Chemicals site which is maintained at DEP's Southwest Regional Office at 400 Waterfront Drive, Pittsburgh, PA.

This public comment period extends for 60 days from the date of publication in the *Pennsylvania Bulletin*. Persons wishing to submit written comments may do so by sending them to Terry Goodwald at the above address. The Proposed CO&A shall become final upon DEP's filing of its responses to any significant written comments

received during the public comment period. DEP reserves the right to withdraw from the CO&A if written comments demonstrate to the Department that the CO&A is not in the public interest.

Notice of Proposed Consent Decree, Amendment to the Statement of Decision and Reopening of Administrative Record

Delta Chemicals Site
North Buffalo Township, Armstrong County

Proposed Consent Decree

The Department of Environmental Protection (DEP), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA), has entered into a Proposed Consent Decree with the Delta Chemicals Response Action Group (Group) at the Delta Chemicals site. The Group consists of 23 Potentially Responsible Parties. Under the Proposed Consent Decree, the Group will perform the final remedial response action for the Delta site, which was selected and identified by DEP in its Statement of Decision (SOD) issued in December 1994. The final remedial response action which the Group will carry out is treatment of contaminated soils, using soil vapor extraction, and collection and treatment of contaminated seeps. The contaminated soils will be remediated to achieve the Statewide health standards under Chapter 303 of the Land Recycling and Environmental Remediation Standards Act, act of May 19, 1995 (P. L. 4, No. 1995-2) (35 P. S. § 6026.101 et seq.) (Act 2, Land Recycling Act). Contaminated seeps will be treated to achieve National Pollution Discharge Elimination System (NPDES) discharge limits. The Proposed Consent Decree also provides that the Group will reimburse DEP for its future response costs. In addition, the Proposed Consent Decree provides for a Covenant Not To Sue, under section 706 of HSCA (35 P. S. §§ 6020.706) with Reopeners under section 505 of the Land Recycling Act and for Contribution Protection under section 705(c)(2) of HSCA, (35 P. S. § 6020.705(c)(2)). The Proposed Consent Decree is authorized by section 505(g) of HSCA (35 P. S. § 6020.505(g)) and is entered into an order to expedite efficient remedial action, minimize prolonged litigation, and to resolve the Group's liability to the DEP under a Cost Recovery Complaint filed by DEP against the Group and other Responsible Parties in November 1995. The Proposed Consent Decree will be lodged with the Pennsylvania Commonwealth Court in Harrisburg, Pennsylvania during a 60-day public comment period provided for under HSCA section 1113 (35 P. S. § 6020.1113).

Persons wishing to submit written comments may do so by sending them to Terry Goodwald at the above address.

The public comment period extends for 60 days from the date of publication in the *Pennsylvania Bulletin*. At the close of the public comment period, DEP will file responses to any significant written comments received during the public comment period. DEP and the Group will then file a Joint Motion to Enter the Consent Decree with Commonwealth Court, requesting the Court approve the Consent Decree. The Consent Decree becomes final upon the Court's approval and entry of the Decree.

Proposed Amendment to Statement of Decision

In December 1994, the DEP issued a Statement of Decision (SOD) for the Delta Chemicals site. In the SOD, DEP established numerical cleanup standards for specific contaminants present at the Delta site, which was based on DEP's Groundwater Protection Strategy and Cleanup Standards for Contaminated Soil Policy. After the SOD was issued, the Pennsylvania Legislature enacted the Land Recycling Act which provided for the specific cleanup standards for soils and groundwater. The DEP proposes to amend the Delta Chemicals SOD to require contaminated soils be remediated to achieve the Statewide Health Standards established under the Land Recycling Act, as set forth below. The DEP has proposed no other amendments to the SOD.

Soil Performance Standards Under December 1994 Statement of Decision

The SOD provided that contaminated soils be remediated to the following levels:

<i>Compound</i>	<i>Cleanup Level (mg/kg dry weight)</i>
Benzene	0.9
Chloroform	0.6
1,1-Dichloroethane	0.5
1,2-Dichloroethane	0.8
Ethylbenzene	6.0
Methylene chloride (Dichloromethane)	0.2
1,1,2,2-Tetrachloroethane	1.0
Tetrachloroethene (PCE)	3.0
Toluene	2.0
1,1,1-Trichloroethane	1.0
1,1,2-Trichloroethane	0.9
Trichloroethane (TCE)	2.0
Xylenes	3.0

Revised Soil Performance Standards Under the Land Recycling Act

Under the proposed amendment to the SOD, contaminated soils will be remediated to the following levels:

<i>Compound</i>	<i>Cleanup Level (mg/kg dry weight)</i>
Benzene	0.8
Chloroform	10.0
1,1-Dichloroethane	0.5
1,2-Dichloroethane	0.5
Ethylbenzene	70.0
Methylene chloride (Dichloromethane)	0.5
1,1,2,2-Tetrachloroethane	1.0
Tetrachloroethene (PCE)	2.0
Toluene	100.0
1,1,1-Trichloroethane	20.0
1,1,2-Trichloroethane	0.8
Trichloroethane (TCE)	2.0
Xylenes	5.0

The soil standards set forth above are the Interim Statewide Health Standards for soils, based on the soil to groundwater pathway. The technical basis for the Interim Standards is described in DEP's Technical Manual for the Land Recycling Act. A copy of the Technical Manual was filed in the Administrative Record for the Delta site.

Reopening of Administrative Record

The Department is also reopening the Administrative Record for the Delta Chemicals site, under the authority of section 506(g) of HSCA (35 P. S. § 6020.506(g)) and 25 Pa. Code 3.33, in order to include documentation of its response costs incurred in addressing the release and threat of release of hazardous substances from the Delta Chemicals site. The Department opened the administrative record for the Delta Chemicals site, under section 506 of HSCA (35 P. S. § 6020.506) on November 27, 1993, to allow the public to comment on the Department's Proposed Response for the Site. The Administrative Record was closed on December 21, 1994, upon the Department's filing of its SOD. The documentation of the Department's response costs is provided for under section 505(g)(3), and 25 Pa. Code § 3.11(c)(3).

This notice is being provided under section 506(h) of HSCA (35 P. S. § 6020) and 25 Pa. Code § 3.33, and is being published in the *Pennsylvania Bulletin*, and the *Kittanning Leader Times*. The Proposed Amendment to the SOD (and documentation of response costs) are available for public review and comments, and is located in the Administrative Record for the Delta Chemicals sites. It is maintained at DEP's Southwest Regional Office at 400 Waterfront Drive, Pittsburgh, PA. Persons wishing to submit written comments may do by sending them to Terry Goodwald at the above address. Persons wishing to have a public hearing on the proposed amendment to the SOD of the reopening of the Administrative Record may request DEP to hold a public hearing by submitting a written request to DEP at the above address. The written request must be made within 30 days of this notice.

The public comment period extends for 60 days from the date of publication in the *Pennsylvania Bulletin*. At the close of the public comment period, DEP will file responses to any significant written comments received during the public comment period. The proposed amendment to the SOD outlined above will become final upon filing DEP's response to written comments.

SPECIAL NOTICES

Proposed Submittals Requiring Registered Professional Geologists Seals Under the Pennsylvania Engineer, Land Surveyor and Geologist Registration Law

With the passage of the amendments to the Engineer, Land Surveyor and Geologists Registration Law, the Department of Environmental Protection is proposing to require that certain actions submitted as part of permit applications or reports be sealed by a Registered Professional Geologist. This registration must be made in accordance with the provisions of The Pennsylvania Engineer, Land Surveyor and Geologist Registration Law (63 P. S. §§ 148—158.2).

The licensing and registration of Professional Geologists has caused the Department to examine the entire range of geologic work products in an effort to determine which actions will require appropriate sealing. To accomplish this effort the Department convened an internal workgroup which analyzed the full range of actions that the Department currently reviews on a regular basis. This workgroup reviewed actions by programs within the following agencies:

Department of Environmental Protection:

Abandoned Mine Reclamation
Environmental Clean-Up
Flood Protection Projects
Dams, Waterways and Wetlands
Land and Water Conservation
Land Recycling and Waste Management
Mining and Reclamation
District Mining Offices
Oil & Gas Management
Radiation Protection
Water Quality Management
Water Supply and Community Health

The workgroup met over a 1 1/2 year period to determine which submittals the Department would require to be sealed by a Registered Professional Geologist. These submittals are listed on the following tables, by program. During the course of this effort it was determined that all submittals to the Department will fall into one of four categories.

The categories are:

- A. Submittals or tasks which must be prepared by a Registered Professional Geologist.

- B. Submittals which do not need to be prepared by a Registered Professional Geologist.
- C. Submittals which could be prepared or submitted by either a Registered Professional Geologist or another licensed professional as defined in the registration law.
- D. Submittals which would require preparation and submittal by both a Registered Professional Geologist and Professional Engineer.

Categories A, B, C and D refer to the column headings on the accompanying tables.

Following the public comment period, which closes June 7, 1996, DEP permit application forms and other procedures and policies will be amended to require the use of Registered Professional Geologist seals.

Discussions on this proposed action will be held during the following meetings:

April 30 10:30 a.m. Northcentral Regional Office,
Maurice Goddard Room, Williams-
port, PA

May 6	10 a.m.	Northeast Regional Office, 2nd Floor Conference Room, Wilkes-Barre, PA
May 8	10 a.m.	Rachel Carson State Office Building, 2nd Fl Auditorium, Harrisburg, PA
May 15	1 p.m.	Southwest Regional Office, Monongahela Room, Pittsburgh, PA
May 16	10 a.m.	Northwest Regional Office, Conference Room A/B, Meadville, PA
May 20	10 a.m.	Southeast Regional Office, Hearing Room, Conshohocken, PA

Written comments may be directed to Eric R. Conrad, Office of Field Operations, P. O. Box 2063, Harrisburg, PA 17105-2063 or e-mail at Conrad.Eric@a1.dep.state.pa.us.

It is anticipated that the list of submittals requiring a Registered Professional Geologist seal will change over time as agency expertise evolves and as the regulated community has an opportunity to comment.

¹ It requires advanced interpretation or professional opinion, then an RPG should be required.

² The plans for WHP need not be conducted by an RPG or PE; in fact, the plan should probably be developed by an environmental planner.

³ Logs should be made at least under supervision of RPG and any reports (with interpretation) should be used by RPG.

⁴ Data can be gathered by (B), however, any interpretation or analysis should be conducted by RPG.

⁵ WHP and delineation standard will be fixed radius and, therefore, will not require RPG. Any advanced delineation requiring analysis and interpretation of hydrogeologic data should be signed by RPG.

⁶ SWIP designed so that data can be gathered by anyone; however, BWSCH has done interpretation. Any challenges should be submitted by RPG.

7. *Grand Prize Drawing Procedure:*

(a) *Frequency.*

(1) Grand Prize Drawings will be held on dates to be determined by the Secretary. The dates and locations will be announced by the Director.

(2) From the commencement of Pennsylvania Barrel O'Bucks until the deadline announced by the Director, there will be ten Grand Prize finalists selected for each Grand Prize Drawing. Grand Prize finalists will be selected in Semifinal Grand Prize Drawings on dates to be determined by the Secretary and announced by the Director.

(b) *Eligibility for Semifinal Grand Prize Drawings.* To be eligible for a Semifinal Grand Prize Drawing, a winner having a free winning ticket shall timely claim it at a participating Lottery sales retailer and properly complete the back of the ticket. The ticket claimed shall meet the ticket criteria under 61 Pa. Code § 819.213 (relating to ticket validation and requirements) to be eligible for a Semifinal Grand Prize Drawing.

(1) The Lottery will make a reasonable effort to ensure that a redeemed free winning ticket is entered into one of the Semifinal Grand Prize Drawings. The Lottery assumes no responsibility for a lost or misplaced redeemed ticket not entered into a Semifinal Grand Prize Drawing.

(2) A redeemed free winning ticket is eligible for only one Semifinal Grand Prize Drawing. A ticket that is not in one eligible group of redeemed free winning tickets may, at the discretion of the Director, remain eligible for a subsequent Semifinal Grand Prize Drawing.

(3) If a ticket is rejected during or following a Semifinal Grand Prize Drawing, the sole remedy is to select another ticket to replace the rejected ticket in accordance with Lottery procedure.

(4) Determination of winners will be made by the secretary, whose judgment will be final and binding.

(c) *Manner of conducting Semifinal Grand Prize Drawings.*

(1) Periodically, as determined by the Secretary and announced by the Director, a Semifinal Grand Prize Drawing will be held using eligible redeemed free winning tickets. Ten finalists will be selected from an eligible group of tickets entered in the drawing. For the purpose of the drawing, each of the eligible groups of redeemed free winning tickets will be further divided into subgroups and placed in containers, with each container assigned a code depending on the number of containers used.

(2) With the aid of mechanical or automatic drawing equipment, ten container codes will be selected. The codes will determine the containers from which the ten finalists' tickets will be ultimately selected. One winning finalist ticket will be drawn from the first container selected. One winning ticket will then be selected from the second selected container and this procedure will be repeated until ten finalists have been selected for each Grand Prize Drawing.

(d) *Manner of conducting Grand Prize Drawings.*

(1) Following the selection of the ten finalists as described in subsection (c), there will be Grand Prize Drawings held at the discretion of the Director.

(2) The Lottery will award the following prizes to the eligible finalists in each of the Grand Prize Drawings:

<i>Grand Drawing Prizes</i>	<i>No. of Winners</i>	<i>Amount</i>
Grand Prize	1	\$1 million-annuity, or \$100,000, or \$75,000, or \$50,000
Consolation Prize	9	\$5,000

(e) *Procedure for conducting Grand Prize Drawings.*

(1) At a Grand Prize Drawing, a mechanical device in the shape of two concentric wheels will be used, a smaller wheel directly in front of a larger wheel. The larger wheel will have ten spaces each marked with a letter, "a" through "j," inclusive, inscribed clockwise in alphabetical order. The names of the selected ten finalists will be placed on the larger wheel in the order that they were selected beginning with the space marked letter "a" and continuing alphabetically through the letter "j," inclusive.

(2) The smaller wheel will contain designated amounts of \$1 million—annuity, \$100,000, \$75,000 and \$50,000.

(3) The wheels will be spun and when the wheels stop, the name of the finalist on the larger wheel will be identified as the Grand Prize Drawing winner and will be entitled to the prize indicated on the smaller wheel.

(4) The nine finalists whose names remain will receive a consolation prize of \$5,000 each.

(5) The Grand Prize Drawing winner shall receive the amount indicated, and if that amount is the top grand prize of an annuity worth \$1 million, that prize will be payable in 20 equal annual installments of \$50,000. The payment of a top grand prize to a person who dies before receiving a prize or to a person 17 years of age or younger shall be paid according to 61 Pa. Code §§ 811.16 and 811.27 (relating to prizes payable after death of a prize winner; and payment of prizes to persons under 18 years of age).

(6) Prizes chosen in the Grand Prize Drawing shall be claimed within 1 year of the date of the Grand Prize Drawing.

(7) The determination of a winner will be made by the Secretary, whose judgment will be final, conclusive and binding on the finalists.

(8) Prizes are subject to Federal withholding tax provisions.

(9) Number and Description of Prizes and Approximate Odds: The following table sets forth the approximate number of winners, amounts of prizes, and approximate odds of winning:

<i>Payroll Classification</i>		<i>Direct Payroll Rate</i>
Transportation Construction Inspector Supervisor	(TCIS)	\$17.34
Transportation Construction Inspector	(TCI)	\$15.18
Technical Assistant	(TA)	\$10.43

Maximum reimbursable direct payroll rates for subsequent calendar years, if applicable, will be established at the scope of work meeting.

General Requirements and Information

Firms interested in performing any of the above services are invited to submit letters of interest to: Director, Consultant Selection Committee, Room 1118, Transportation and Safety Building, Harrisburg, PA 17120.

A separate letter of interest and required forms must be submitted for each project for which the applicant wishes to be considered. The letter of interest and required forms must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is 4:30 p.m. of the thirteenth day.

If the project advertisement indicates that the Department will retain an engineering firm, letters of interest will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof. Proposed DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the goal established, it shall be required to demonstrate its good faith efforts to attain the goal. Failure to meet the goal and to demonstrate good faith efforts may result in being barred from Department contracts in the future.

Responses are encouraged by small engineering firms, disadvantaged business enterprise engineering firms and other engineering firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include in the heading, the firm's Federal Identification Number and the Project Reference Number indicated in the advertisement. The letter of interest must also include the following:

1. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project."
2. Standard Form 254, "Architect-Engineer and Related Services Questionnaire" not more than 1 year old as of the date of this advertisement, must accompany each letter of interest for the firm, each party to a joint venture and for each subconsultant the firm or joint venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor or a company. Please disregard the statements on Standard Form 255 that indicate a Standard Form 254 is only required if not already on file with the contracting office. The Department does not maintain a file for Standard

Form 254 for contracting purposes; therefore, this Form is required for the prime consultant and each subconsultant as stated above.

3. Two copies of the Department's Form D-427 (Rev. 6-89), "Current Workload" for the firm submitting the letter of interest. At least one copy of Form D-427 must remain free and not bound in any way to any other portion of the letter of interest or accompanying documentation. Copies of Form D-427 are available upon request from the above address or by contacting the Department's Consultant Agreement Division at (717) 783-9309.

4. Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include with each letter of interest a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

The Standard Form 255 must be filled out in its entirety including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be presently certified by the Department of Transportation, and the name of the firm and the work to be performed must be indicated in Item 6. If a Women Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

The Standard Form 254 must be signed and dated and must be less than 1 year old as of the date of this advertisement. A Standard Form must accompany each letter of interest for the firm submitting the letter of interest, each party to a joint venture, and for each subconsultant shown under Item 6 of the Standard Form 255.

Unless other factors are identified under the individual project reference number, the following factors, listed in their order of importance, will be considered by the Committee during their evaluation of the firms submitting letters of interest:

- a. Specialized experience and technical competence of firm.
- b. Past record of performance with respect to cost control, work quality, and ability to meet schedules. The specific experience of individuals who constitute the firms shall be considered.

- c. Current workload and capacity of firm to perform the work within the time limitations.
- d. Location of consultant.
- e. Special requirements of the project.
- f. Other factors, if any, specific to the project.

The Department currently limits its participation in the remuneration of principals or consultant employees performing work on projects to \$72,800 per annum or \$35 per hour or their actual audited remuneration, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on design and miscellaneous projects to 130% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on construction inspection projects to 85.2% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department's limitations will apply to the projects advertised above unless the Department policy is revised prior to the negotiation of an agreement or contract.

The assignment of the above services will be made to one of the firms responding to this notice, but the Committee reserves the right to reject all letters of interest submitted, to cancel the solicitations requested under this notice, and/or to readvertise solicitation for these services.

FISH AND BOAT COMMISSION

Temporary Changes to Fishing Regulations; Trout and Salmon Regulations—Lake Erie and Presque Isle Bay

The Executive Director of the Fish and Boat Commission, acting under the authority of 58 Pa. Code § 65.25, is taking immediate action to adjust the seasons and daily limits for trout and salmon taken from Lake Erie and Presque Isle Bay. Effective at 8 a.m. on April 13, 1996, the following seasons, size and creel limits apply to trout and salmon taken from Lake Erie and Presque Isle Bay:

<i>Species</i>	<i>Seasons</i>	<i>Minimum Size</i>	<i>Daily Limit</i>
Trout and Salmon	8 a.m., Apr. 13, 1996, to midnight Sept. 2, 1996	9 inches	eight (combined species), only two of which can be lake trout. Of the entire catch (combined species) only five may exceed 15 inches in length.

The Executive Director finds that such action is necessary and appropriate for the protection and management of trout and salmon in these waters and to conserve and preserve fishing opportunities. The Fish and Boat Commission approved changes to trout and salmon limits on Lake Erie and Presque Isle Bay as proposed and final

rulemaking. As proposed, the amendment to 58 Pa. Code § 69.12 provided that the daily limit for trout and salmon would be eight (combined species) only two of which can be lake trout and of the entire catch (combined species) only three could exceed 15 inches in length. The same seasons, size and daily limits were proposed for Lake Erie

tributaries (58 Pa. Code § 69.14). The Commission received no public comments concerning this proposed change to 58 Pa. Code § 69.12 and adopted it as final rulemaking at its January 1996 meeting. The order adopting regulation is pending publication.

After the final rulemaking was approved, the Commission received inquiries and comments concerning the restriction that only three trout and salmon (combined species) per day could exceed 15 inches in length. It was pointed out that, on Lake Erie and Presque Isle Bay, this could be unduly restrictive since a relatively high proportion of the catch of trout and salmon would exceed 15 inches. On March 22, the Commission's Fisheries Committee met and recommended that this provision be changed to allow five trout or salmon (combined series) in excess of 15 inches in length to be taken from Lake Erie and Presque Isle Bay. The full Commission later approved this change in a notational vote and directed the Executive Director to proceed with publication of a notice of proposed rulemaking containing the change and to make a temporary change for the 1996 fishing season as set forth herein.

Accordingly, the Executive Director is implementing the seasons, size and creel limits for trout and salmon for Lake Erie and Presque Isle Bay as set forth in this notice as a temporary change to fishing regulations (58 Pa. Code § 65.25) in effect for the period 8 a.m., April 13, 1996, until midnight on September 2, 1996.

HOUSING FINANCE AGENCY

Homeowner's Emergency Mortgage Assistance Program; Unavailability of Funds

Under section 409-C of the Housing Finance Agency Law (35 P.S. §§ 1680.101 et seq.) (act), the Executive Director of the Housing Finance Agency (Agency) has determined that as of May 31, 1996, the Agency will have insufficient money available in the Homeowner's Emergency Mortgage Assistance Fund (Fund) to approve new applications for emergency mortgage assistance.

This determination is based upon the fact that the proposed General Fund Budget for Fiscal Year 1996-97 contains no appropriation for the Homeowner's Emergency Mortgage Assistance Program. Without an appropriation, the Agency projects that the money available in the Fund will be insufficient to pay out on new applications that are expected to be approved after May 31, 1996, and at the same time, to continue making disbursements on behalf of mortgagors previously approved.

The Agency will continue to accept applications for mortgage assistance after May 31, 1996, for homeowners who are issued a Notice of Intention to Foreclose, under section 403-C of the act, before July 15, 1996. However, all applications approved will be specifically conditioned upon the continued availability of funds. Such applications will be considered on a first-come first-served basis.

Effective July 15, 1996, mortgagees shall no longer be subject to the provisions of Article IV-C of the act, and mortgagees may, at any time after July 15, 1996, take legal action to enforce the mortgage without any further restriction or requirement of said article. Notwithstanding the above, however, mortgagees shall not take legal action against mortgagors who are approved for mortgage assistance while continuing mortgage assistance disbursements are being made on their behalf by the Agency or during the time that their mortgage assistance loan is being prepared for closing by the Agency.

If an appropriation for the Homeowner's Emergency Mortgage Assistance Program is contained in the General Fund Budget finally enacted or in some other appropriation bill enacted into law, a new Notice will be published in accordance with law announcing that fact and thereafter mortgagees and mortgages shall again be subject to the provisions of Article IV-C of the Act.

Calculation of Maximum Interest Rate Chargeable by Insurance Premium Finance Companies; Notice No. 1996-03

The Insurance Department has learned that confusion may exist as to the proper calculation of the maximum interest that may be charged by Insurance Premium Finance Companies in Pennsylvania.

The Insurance Premium Finance Company Act (40 P. S. § 3308(c)) establishes the maximum permissible interest for personal lines policies. That maximum interest is established by incorporating by reference the provisions of the Goods and Services Installment Sales Act (Installment Sales Act) (69 P. S. § 1101 *et seq.*)

Section 501(a) of the Installment Sales Act caps the maximum permissible interest rate at 18% simple interest per annum. 69 P. S. § 1501(a). Section 904 (a) of the Installment Sales Act caps the maximum permissible interest rate at 1 1/2% per month, and requires that the charge be calculated on the outstanding balance. 69 P. S. § 1904(a). Thus, it is necessary that the interest rate be calculated on the declining balance of the loan.

The following formula will identify the required monthly payment an insured would need to make in order to pay off the financed premium balance in a specified number of months at a certain rate of simple

interest. This formula explicitly takes account of the declining balance of outstanding principal.

$$\text{Formula: } MP = P \div ((1 - ((1 + (i \times 12)) \exp(-1 \times N))) \div (i \times 12))$$

where: MP: monthly payment, as determined by the formula;

P: premium balance financed by the insured;

i: annual rate of simple interest expressed as a decimal, for example, 18.0% would be entered as .18;

N: number of monthly payments.

This formula assumes that the first monthly payment is due 1 month after the premium is financed and subsequent payments are due at monthly intervals thereafter. This formula is available from the Department electronically as either an Excel or Lotus spreadsheet. The spreadsheet includes a second formula that will determine what is the equivalent simple interest rate resulting from a prescribed schedule of monthly payments.

Persons who have any questions or desire a copy of the spreadsheet, should contact: Willard A. Smith, Chief, Financial Analysis Division, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120, Telephone (717) 787-5890, Fax: (717) 787-8557.

At 52 Pa. Code § 59.33(b) the Commission has adopted, except as otherwise indicated, the Federal safety standards for gas transmission and distribution facilities. The Federal standards are established by the United States Department of Transportation (DOT) at 49 U.S.C.A. §§ 60101, et seq., and are set forth in Parts 191, 192, 193 and 199 of Title 49 of the Code of Federal Regulations.
