READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Effective Dates of Statutes

The effective dates specified above for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the Pennsylvania Consolidated Statutes provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the Laws of Pennsylvania are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the Laws of Pennsylvania to each law judge of the courts, to every county and public library of this Commonwealth, and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, State Records Center Building, 1825 Stanley Drive, Harrisburg, PA 17103, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

LEGISLATIVE BILLS AND DOCUMENTS

Copies of Senate Bills and Documents may be obtained from: Document Room, Senate of Pennsylvania, Room 34A, Main Capitol Building, Harrisburg, PA 17120, telephone (717) 787-6732.

Copies of House Bills and Documents may be obtained from: Document Room, House of Representatives, 35 Main Capitol Building, Harrisburg, PA 17120, telephone (717) 787-5320.

Title 210—APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

[210 PA. CODE CH. 11]

Amendments to Rule 1123; No. 101; Doc. No. 1

Order

Per Curiam:

And Now, this 16th day of May, 1996, the amendment to Rule 1123 of the Pennsylvania Rules of Appellate Procedure is adopted as follows.

To the extent that notice of proposed rulemaking would be required by Rule 103, Pa.R.J.A. or otherwise, the immediate amendment of Rule 1123 is hereby found to be required in the interest of justice and efficient administration.

This order shall be processed in accordance with Rule 103(b), Pa.R.J.A. and shall become effective July 1, 1996.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 11. APPEALS FROM COMMONWEALTH COURT AND SUPERIOR COURT

PETITION FOR ALLOWANCE OF APPEAL

Rule 1123. Denial of Appeal; Reconsideration.

* * * * *

(b) *Reconsideration.* Applications for reconsideration of denial of allowance of appeal are not favored and will be considered only in the most extraordinary circumstances. An application for reconsideration of denial of a petition for allowance of appeal shall be filed with the Prothonotary of the Supreme Court within [seven] fourteen days after [service of notice of] entry of the order denying the petition for allowance of appeal. Any application filed under this subdivision must:

* * * * *

(c) **Manner of filing.** If the application for reconsideration is transmitted to the prothonotary of the appellate court by means of first class mail, the application shall be deemed received by the prothonotary for the purposes of Rule 121(a) (filing) on the date deposited in the United States mail as shown on a United States Postal Service Form 3817 Certificate of Mailing. The certificate of mailing shall show the docket number of the matter in the court in which reconsideration is sought and shall be enclosed with the application or separately mailed to the prothonotary. Upon actual receipt of the application, the prothonotary shall immediately

stamp it with the date of actual receipt. That date, or the date of earlier deposit in the United States mail as prescribed in this subdivision, shall constitute the date when application was sought, which date shall be shown on the docket.

Official Note: [This rule is based on the last paragraph of former Supreme Court Rule 62 and U. S. Supreme Court Rule 58. Under Rule 105(b) the time for reconsideration may be enlarged by order.

It is important to note that unlike certain other provisions of these rules, the mailing of an application for reconsideration does not toll the time for seeking reconsideration. Under this rule and Rule 121 (filing and service) the petition for reconsideration must be received by the Prothonotary within the applicable period.] The 1996 amendment to subdivision (b) lengthens the time for filing an application for reconsideration from seven days after service of notice of entry of the order denying a petition for allowance of appeal to fourteen days after entry of the order. The 1996 amendment adding subdivision (c) provides that an application shall be deemed received on the date deposited in the United States mail as shown on a United States Postal Service Form 3817—certificate of mailing. These amendments conform reconsideration practice under Rule 1123 to reargument practice under Rule 2542.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CH. 3000]

Proposed New Rules 3276—3291 Governing Deficiency Judgments; Recommendation No. 135

The Civil Procedural Rules Committee proposes to amend the Rules of Civil Procedure by adding Rules 3276 to 3291 governing Deficiency Judgments. The recommendation is being submitted to the bench and bar for comments and suggestions prior to its submission to the Supreme Court.

All communications in reference to the proposed recommendation should be sent not later than August 1, 1996 to Harold K. Don, Jr., Esquire, Counsel, Civil Procedural Rules Committee, 5035 Ritter Road, Suite 700, Mechanicsburg, PA 17055.

The Explanatory Comment which appears in connection with the proposed recommendation has been inserted by the Committee for the convenience of the bench and bar. It will not constitute part of the rules nor will it be officially adopted or promulgated by the Court.

General Provisions

Rule 3276. Scope.

The rules of this chapter govern proceedings pursuant to Section 8103 of the Judicial Code, 42 Pa.C.S. § 8103, relating to deficiency judgments.

Official Note: Section 8103(a) of the Judicial Code provides for a petition to fix the fair market value of real property sold in execution proceedings where the price for the property sold is not sufficient to satisfy the amount of the judgment, interest and costs and the judgment creditor seeks to collect the balance due.

Section 8103(d) provides for a petition to have the judgment marked satisfied, released and discharged when the judgment creditor has not initiated a timely proceeding under Section 8103(a).

Rules 3276—3280 are general provisions applicable to both types of petitions. Rules 3281—3286 are special rules applicable to petitions under Section 8103(a) while Rules 3287—3291 apply to petitions under Section 8103(d).

Rule 3277. Definitions.

As used in this chapter,

“judgment” means any judgment which is subject to the provisions of Section 8103 of the Judicial Code and includes a judgment *de terris*, a judgment *in rem* and a judgment *in personam*.

Official Note: The inclusion of judgments *de terris*, *in rem*, and *in personam* is intended to implement Section 8103(a) of the Deficiency Judgment Law which provides that the “petition shall be filed as a supplementary proceeding in the matter in which the judgment was entered.” This changes the practice under prior case law which did not permit the filing of the proceeding supplementary to a matter in which the judgment obtained was not *in personam*.

The bringing of a deficiency judgment proceeding supplementary to an action *in rem* or *de terris* such as mortgage foreclosure does not change in the character of the action as *in rem* or *de terris*. A judgment *in personam* is required for execution to collect the balance of the debt. See Rule 3286.

“judgment creditor” means the holder of a judgment as defined by this rule;

“prior lien amounts” means the amounts of any prior liens, costs, taxes and municipal claims not discharged by the sale, and the amounts of any such items paid at distribution on the sale.

Rule 3278. Supplementary Proceeding. Venue.

The proceeding shall be brought as a supplementary proceeding in the matter in which the judgment was entered and which is pending in the county in which is located the real property sold upon execution to satisfy the judgment.

Official Note: Under this rule, a proceeding may be brought in the county

(1) in which the judgment was originally entered when the real property sold upon execution is located in that county, or

(2) to which the judgment was transferred pursuant to Rule 3001 et seq. when the property sold is located in the transferee county, or

(3) in which real property has been sold pursuant to a writ of execution issued by the prothonotary of another county pursuant to Rule 3103(b).

Rule 3279. Commencement. Petition.

(a) The proceeding shall be commenced by filing a petition which shall begin with the notice to defend and set forth the averments required by Rule 3282 or Rule 3288.

(b) The petition shall contain a caption setting forth

(1) the docket number of the execution proceedings in which the real property was sold, and

(2) the names of all petitioners and respondents.

Official Note: See Rules 3281 and 3287 governing parties to the proceeding.

(c) The petition shall be verified and divided into paragraphs numbered consecutively. Each paragraph shall contain as far as practicable only one material allegation.

Rule 3280. Answer.

(a) Except as provided by subdivision (b), an answer to a petition which contains a notice to defend shall be filed within twenty days after service of the petition.

(b) A respondent served outside the United States shall have sixty days from service of the petition within which to file an answer.

(c) The answer to a petition shall be divided into paragraphs, numbered consecutively, corresponding to the numbered paragraphs of the petition.

**Proceedings under Section 8103(a) to Fix Fair
Market Value of Real Property Sold****Rule 3281. Parties.**

(a) The petition shall name the judgment creditor as petitioner.

(b) The petition shall name as respondent any debtor, obligor, guarantor, mortgagor, and any other person directly or indirectly liable to the judgment creditor for the payment of the debt, and any owner of the property affected thereby.

Rule 3282. Petition. Averments. Notice to Defend.

- (a) The petition shall set forth:
 - (1) the name and address of the judgment creditor,
 - (2) the name and last known address of each respondent,
 - (3) a statement that the petition is filed pursuant to Section 8103(a) of the Judicial Code,
 - (4) the court and number of the execution proceedings, the original judgment and any judgment obtained by transfer,
 - (5) the date that the property was sold by the sheriff and the date that the sheriff's deed was executed and acknowledged,
 - (6) a description of the real property and its location,
 - (7) the fair market value of the real property,
 - (8) a description of all prior lien amounts if the petitioner desires credit for such amounts, and
 - (9) a request that the court fix the fair market value of the real property at the value set forth in the petition and that the court determine any prior lien amounts as set forth in the petition.

(b) The petition shall begin with a notice to defend substantially in the following form:

(CAPTION)

NOTICE TO DEFEND

To the Respondents:

You have been sued in court. The petition set forth in the following pages requests the court to determine the amount which should be credited against any liability you may have to the petitioner as a result of the purchase by the petitioner at an execution sale of the real property described in the petition. If you wish to defend against the petition, you must take action within twenty (20) days after this petition and notice are served upon you, by entering a written appearance personally or by attorney and filing in writing with the court your defenses or objections to the matters set forth in the petition. You are warned that if you fail to do so, the case may proceed without you and a judgment may be entered against you by the court without further notice for any claim or relief requested by the petitioner. You may lose money or property or other rights important to you.

YOU SHOULD TAKE THIS PAPER TO YOUR LAWYER AT ONCE. IF YOU DO NOT HAVE A LAWYER OR CANNOT AFFORD ONE, GO TO OR TELEPHONE THE OFFICE SET FORTH BELOW TO FIND OUT WHERE YOU CAN GET LEGAL HELP.

(Name)

(Address)

(Telephone Number)

Official Note: The office shall be designated by the court under Rule 1018.1(c).

Rule 3283. Service.

The petition shall be served

(1) upon a respondent who is a defendant in the judgment who has entered an appearance, by the petitioner in the manner provided by Rule 440, and

(2) upon any other respondent

(i) by the sheriff or a competent adult who is not a party to the action in the manner prescribed by Rule 402(a) for service of original process, or

(ii) by the petitioner mailing a copy in the manner prescribed by Rule 403, or

(iii) if service cannot be made as provided in subparagraphs (i) or (ii), pursuant to special order of court as prescribed by Rule 430.

(b) The person serving the petition shall file a return of service as provided by Rule 405.

Rule 3284. Order Upon Default or Admission.

The court shall, without further notice or hearing, enter an order determining the fair market value of the real property to be the value alleged in the petition and determining the prior lien amounts to be in the amounts alleged in the petition if

(1) no answer is filed within the required time to a petition which contains a notice to defend and notice has been given as provided by Rule 237.1 et seq., or

(2) an answer is filed which does not deny the allegations in the petition as to the fair market value or the prior lien amounts.

Rule 3285. Trial.

If an answer is filed which denies the allegations in the petition as to the fair market value or the prior lien amounts, the trial shall be limited to those two issues which shall be heard by a judge sitting without a jury in accordance with Rule 1038.

Official Note: Rules 206.4 through 206.7 governing petitions and answers do not apply to a petition subject to these rules.

Rule 3286. Order. Effect.

(a) The order of the court, whether upon default, admission or after trial, determining the fair market value of the real property and of the prior lien amounts shall release the respondents named and served to the extent of the fair market value so determined less the prior lien amounts.

Official Note: Section 8103(c)(2) of the Judicial Code provides for a decree to be entered "directing the judgment creditor to file release of the debtors, obligors, guarantors or any other persons directly or indirectly liable for the debts, to the extent of the fair value so fixed".

(b) No order entered in a proceeding pursuant to these rules shall determine or be deemed to have determined that any respondent is personally liable to the petitioner.

Proceedings under Section 8103(d) to Mark Judgment Satisfied, Released and Discharged

Rule 3287. Parties.

The petition shall name the judgment creditor as a respondent.

Rule 3288. Petition. Averments. Notice to Defend.

- (a) The petition shall set forth:
- (1) the name and address of the petitioner,
 - (2) the name and last known address of each respondent,
 - (3) a statement that the petition is filed pursuant to Section 8103(d) of the Judicial Code,
 - (4) the court and number of the execution proceedings, the original judgment and any judgment obtained by transfer,
 - (5) a statement that the real property was sold, directly or indirectly, to the judgment creditor in the execution proceedings,
 - (6) the date that the property was sold by the sheriff and the date that the sheriff's deed was executed and acknowledged,
 - (7) a statement that no petition under Section 8103(a) of the Judicial Code has been filed within six months after the sale, and
 - (8) a request that the court direct the prothonotary to mark the judgment satisfied, released and discharged.

(b) The petition shall begin with a notice to defend substantially in the following form:

(CAPTION)

NOTICE TO DEFEND

To the Respondents:

You have been sued in court. The petition set forth in the following pages requests the court to direct the prothonotary to mark the judgment held by you against the petitioner satisfied, released and discharged as a result of your alleged failure to file a timely petition to fix the fair market value of real property purchased directly or indirectly by you at an execution sale. If you wish to defend against the petition, you must take action within twenty (20) days after this petition and notice are served upon you, by entering a written appearance personally or by attorney and filing in writing with the court your defenses or objections to the matters set forth in the petition. You are warned that if you fail to do so, the case may proceed without you and a judgment may be entered against you by the court without further notice for any claim or relief requested by the petitioner. You may lose money or property or other rights important to you.

Official Note: The office shall be designated by the court under Rule 1018.1(c).

Rule 3289. Service.

- (a) The petition shall be served in the manner provided by Rule 440.
- (b) Proof of service shall be as provided by Rule 405.

Rule 3290. Order Upon Default or Admission.

The court shall, without further notice or hearing, enter an order directing the prothonotary to mark the judgment satisfied, released and discharged if

(1) no answer is filed within the required time to a petition which contains a notice to defend and notice has been given as provided by Rule 237.1 et seq., or

(2) an answer is filed which does not deny the allegations in the petition that the judgment creditor has purchased, directly or indirectly, the real property sold in an execution sale on the judgment creditor's judgment and has failed to file a timely petition to fix the fair market value of the real property under Section 8103(a) of the Judicial Code.

Rule 3291. Trial.

If an answer is filed which denies the allegations in the petition, the trial shall be by a judge sitting without a jury in accordance with Rule 1038.

Official Note: Rules 206.4 through 206.7 governing petitions and answers do not apply to a petition subject to these rules.

Explanatory Comment

In proposing rules governing deficiency judgment proceedings, Recommendation No. 135 accomplishes two objectives. First, it supplies a procedure lacking since the repeal by the Judiciary Act Repealer Act (JARA)¹ in 1978 of the Deficiency Judgment Act² of 1941. Second, the recommendation provides for the filing of a proceeding to fix the fair market value of real property sold as a supplement to the action in which the judgment was entered, thereby eliminating a procedural difficulty which has been termed the "deficiency judgment trap."

I. The New Procedure

In 1978 the Deficiency Judgment Act of 1941 was repealed and replaced by a new provision, Section 8103 of the Judicial Code.³ The Code provision eliminated much of the procedure in the former statute and made specific mention of matters which would be governed by general rules. The proposed rules complement the Code provision.

Section 8103 of the Judicial Code contemplates two petitions. One is a petition under subsection (a) by the judgment creditor to fix the fair market value of the real property sold on execution. The other is a petition under subdivision (d) to have the judgment marked satisfied when the judgment creditor has failed to timely file a petition to fix the fair market value of the real property.

As the note to Rule 3276 indicates, the new rules are drafted around these two petitions. The first five rules, Rules 3276 through 3280, are general provisions applicable to both petitions under the Code. They govern the scope of the rules, definitions, venue of the proceeding, commencement by petition and the formal requirements of the petition and answer.

The second group of six rules, Rules 3281 through 3286, are rules which apply to the petition to fix the fair market value of real property sold under Section 8103(a) of the Judicial Code. They specify the parties to the proceeding, averments to be set forth in the petition and a notice to defend, service of the petition, the order to be entered upon default or admission, the trial of the matter and the eventual order and its effect.

¹ Section 2(a) [1227] of the act of April 28, 1978, P. L. 202, No. 53, 42 P. S. § 20002(a) [1227].

² Act of July 16, 1941, P. L. 400, No. 151, 12 P. S. § 2621.1 et seq. (Repealed).

³ 42 Pa.C.S. § 8103.

The final group of five rules, Rules 3287 through 3291, apply to the petition to mark the judgment satisfied, released and discharged under Section 8103(d) of the Judicial Code. These rules parallel the rules just mentioned, prescribing the parties to the proceeding, the averments to be set forth in the petition and a notice to defend, service of the petition, the order to be entered upon default or admission and the trial of the matter.

II. *Supplementary Proceeding*

Section 8103(a) of the Judicial Code provides that the "petition shall be filed as a supplementary proceeding in the matter in which the judgment was entered." It has been held, however, that the proceeding may not be brought as a supplement to an action of mortgage foreclosure, an action *de terris*.⁴ Rather, the proceeding must be brought in connection with an action *in personam*. The inability to bring a proceeding supplementary to an action of mortgage foreclosure, coupled with the time restriction of a six-month period following the sale of the collateral in which to bring the proceeding,⁵ has created difficulties for the practitioner.

The proposed rules remove the impediment to bringing a deficiency judgment proceeding supplementary to an action of mortgage foreclosure. Rule 3278 states that the "proceeding shall be brought as a supplementary proceeding in the matter in which the judgment was entered. . . ." Rule 3277 defines judgment as "any judgment which is subject to the provisions of Section 8103 of the Judicial Code and includes a judgment *de terris*, a judgment *in rem* and a judgment *in personam*." Judgment having been so defined, the petition to fix the fair market value may be filed supplementary to an action of mortgage foreclosure, an action *de terris*.

In allowing a deficiency judgment proceeding to be brought supplementary to an action *de terris* or *in rem*, the character of the action is not altered. As proposed Rule 3286(b) states, the deficiency judgment proceeding merely fixes the fair market value of the real property sold and does not impose personal liability on any respondent to the petitioner.

CHAPTER 300. PRETRIAL PROCEEDINGS

Rule 305. Pretrial discovery and inspection.

(A) [.] *Informal.*

* * * * *

(B) [.] *Disclosure by the Commonwealth.*

(1) *Mandatory.* In all court cases, on request by the defendant, and subject to any protective order which the Commonwealth might obtain under this rule, the Commonwealth shall disclose to the defendant's attorney all of the following requested items or information, provided they are material to the instant case. The Commonwealth shall, when applicable, permit the defendant's attorney to inspect and copy or photograph such items.

* * * * *

(e) **any** results or reports of scientific tests, expert opinions, and written or recorded reports of polygraph examinations or other physical or mental examinations of the defendant, which are within the possession or control of the attorney for the Commonwealth;

(f) any tangible objects, including documents, photographs, fingerprints, or other tangible evidence; **and**

(g) the transcripts and recordings of any electronic surveillance, and the authority by which the said transcripts and recordings were obtained.

(2) *Discretionary with the Court.*

(a) In all court cases, except as otherwise provided in Rule 263 (Disclosure of Testimony Before Investigating Grand Jury), if the defendant files a motion for pretrial discovery, the court may order the Commonwealth to allow the defendant's attorney to inspect and copy or photograph any of the following requested items, upon a showing that they are material to the preparation of the defense, and that the request is reasonable:

[(a)] (i) ***

[(b)] (ii) ***

[(c)] (iii) all written and recorded statements, and substantially verbatim oral statements, made by co-defendants, and by co-conspirators or accomplices, whether such individuals have been charged or not; **and**

[(d)] (iv) ***

(b) **If an expert whom the attorney for the Commonwealth intends to call in any proceeding has not prepared a report of examination or tests, the court, upon motion, may order that the expert**

prepare, and that the attorney for the Commonwealth disclose, a report stating the subject matter on which the expert is expected to testify; the substance of the facts to which the expert is expected to testify; and a summary of the expert's opinions and the grounds for each opinion.

(C)[.] Disclosure by the Defendant.

(1) Mandatory

(a) ***

(b) ***

(c) Disclosure of Reciprocal Witnesses. Within 7 days after service of [such] notice of alibi defense or of insanity or claim of mental infirmity defense, or within such other time as allowed by the court upon cause shown, the attorney for the Commonwealth shall disclose to the defendant the names and addresses of all persons the Commonwealth intends to call as witnesses to disprove or discredit the defendant's claim of alibi or of insanity or mental infirmity.

(d) ***

(e) ***

(f) Failure to Call Witnesses. No adverse inference may be drawn against the defendant, nor may any comment be made concerning the defendant's failure to call available alibi, insanity, or mental infirmity witnesses, when such witnesses have been prevented from testifying by reason of this rule unless the defendant or the defendant's attorney shall attempt to explain such failure to the jury.

(g) Impeachment. A defendant may testify concerning an alibi notwithstanding that the defendant has not filed notice, but if the defendant has filed notice and testifies concerning his or her presence at the time of the offense at a place or time different from that specified in the notice, the defendant may be cross-examined concerning such notice.

(2) Discretionary with the Court.

(a) In all court cases, if the Commonwealth files a motion for pretrial discovery, upon a showing of materiality to the preparation of the Commonwealth's case and that the request is reasonable, the court may order the defendant, subject to the defendant's rights against compulsory self-incrimination, to allow the attorney for the Commonwealth to inspect and copy or photograph any of the following requested items[, upon a showing of materiality to the preparation of the Commonwealth's case and that the request is reasonable]:

[(a)] (i) results or reports of physical or mental examinations, and of scientific tests or experiments made in connection with the particular case, or copies thereof, within the possession or control of the defendant, which the defendant intends to introduce as evidence in chief, or which were prepared by a witness whom the defendant intends to call at the trial, when results or reports relate to the testimony of that witness, provided the defendant has requested and received discovery under paragraph (B)(1)(e); and

[(b)] (ii) the names and addresses of eyewitnesses whom the defendant intends to call in its case in chief,

provided that the defendant has previously requested and received discovery under paragraph (B)(2)(a)(i).

(b) If an expert whom the defendant intends to call in any proceeding has not prepared a report of examination or tests, the court, upon motion, may order that the expert prepare, and that the defendant disclose, a report stating the subject matter on which the expert is expected to testify; the substance of the facts to which the expert is expected to testify; and a summary of the expert's opinions and the grounds for each opinion.

Official Note: Present Rule 305 replaces former [Rule] Rules 310 and 312 in [its] their entirety. Former [Rule] Rules 310 and 312 adopted June 30, 1964, effective January 1, 1965. Former Rule 312 suspended June 29, 1973, effective immediately. Present Rule 305 adopted June 29, 1977 and November 22, 1977, effective as to cases in which the indictment or information is filed on or after January 1, 1978; Comment revised April 24, 1981, effective June 1, 1981; amended October 22, 1981, effective January 1, 1982; amended September 3, 1993, effective January 1, 1994; amended May 13, 1996, effective July 1, 1996.

Comment

This rule is intended to apply only to court cases[;]. However, the constitutional guarantees mandated in *Brady v. Maryland*, 373 U. S. 83 (1963), and the refinements of the Brady standards embodied in subsequent judicial decisions, apply to all cases, including court cases and summary cases, and nothing to the contrary is intended. For definitions of "court case" and "summary case," see Rule 3.

* * * * *

Sec. 1.2: Scope of Discovery.

In order to provide adequate information for informed pleas, expedite trials, minimize surprise, afford opportunity for effective cross-examination, and meet the requirements of due process, discovery prior to trial should be as full and free as possible consistent with protection of persons, effective law enforcement, the adversary system, and national security.

Pursuant to paragraphs (B)(2)(b) and (C)(2)(b), the trial judge has discretion, upon motion, to order an expert who is expected to testify at trial to prepare a report. However, these provisions are not intended to require a prepared report in every case. The judge should determine, on a case-by-case basis, whether a report should be prepared. For example, a prepared report ordinarily would not be necessary when the expert is known to the parties and testifies about the same subject on a regular

basis. On the other hand, a report might be necessary if the expert is not known to the parties or is going to testify about a new or controversial technique.

* * * * *

The notice-of-alibi provision of this rule contained in [part] paragraph (C)(1)(a) is intended to comply with the requirement of *Wardius v. Oregon*, 412 U.S. 470 (1973), by the inclusion of reciprocal disclosure responsibilities placed upon the Commonwealth in paragraph (C)(1)(c). [This rule thus replaces former Rule 312, which was rescinded on June 29, 1973, pursuant to *Wardius, supra*.]

See also *Commonwealth v. Contakos*, [455 Pa. 136,] 314 A.2d 259 (Pa. 1974). The provision requiring a notice of insanity defense, paragraph (C)(1)(b), has not previously been included in these rules, but the safeguards surrounding them have been made identical to those protecting the defendant under the notice-of-alibi provision.

It is intended that the remedies provided in paragraph (E) apply equally to the Commonwealth and the defendant as the interests of justice require.

The provision for a protective order, [part] paragraph (F), does not confer upon the Commonwealth any right of appeal not presently afforded by [statute] law.

[Part] Paragraph (G) is derived in part from ABA Standards Relating to Discovery and Procedure Before Trial § 2.6(a). See Commentary contained therein. [Part] Paragraph (G), however, makes this provision applicable to the work product of the defense, while the ABA Standards refer only to the prosecution.

It should also be noted that as to material which is discretionary with the court, or which is not enumerated in the rule, if such information contains exculpatory evidence as would come under the Brady rule, it must be disclosed. Nothing in this rule is intended to limit in any way disclosure of evidence constitutionally required to be disclosed.

The limited suspension of Section 5720 of the Wiretapping and Electronic Surveillance Control Act, [Act of October 4, 1978, P. L. 831, No. 164,] 18 Pa.C.S. § 5720, [() see Rule 340(b) [(g)]], is intended to insure that the statutory provision and Rule 305 (B)(1)(g) are read in harmony. A defendant may seek discovery under subparagraph (B)(1)(g) pursuant to the time frame of the rule, while the disclosure provisions of Section 5720 would operate within the time frame set forth in Section 5720 as to materials specified in Section 5720 and not previously discovered.

FINAL REPORT

*Amendment of Pa.R.Crim.P. 305
Preparation of Reports by Experts*

Introduction

On May 13, 1996, upon the recommendation of the Criminal Procedural Rules Committee, the Supreme Court amended Rule of Criminal Procedure 305 (Pretrial Discovery and Inspection) to specifically permit a judge, upon motion to order that an expert, whom either the attorney for the Commonwealth or the defendant intends to call to testify, prepare a report if no report has been prepared. This Final Report highlights the committee's considerations in formulating these amendments.¹

Background

The Committee undertook a review of Rule 305 after receiving correspondence from members of the bar suggesting that Rule 305 be amended to specifically provide for the preparation of reports by experts whom either the attorney for the Commonwealth or the defendant intends to call to testify. The correspondents noted that this was one area where the spirit of Rule 305 is being eroded by the gamesmanship.

The Committee agreed that there are benefits with pretrial access to reports—it minimizes surprise, reduces the number of continuances, and assists counsel in preparing to cross-examine the expert witness. We also noted that nothing in Rule 305 prohibits the parties from requesting that an expert prepare a report. At the same time, however, we recognized that the fact that the rules do not specifically provide for requesting or ordering the preparation of expert reports has contributed to the gamesmanship the correspondents noted. Furthermore, because of the lack of specificity in Rule 305, we know that some attorneys are not aware that they may request the court to order that an expert prepare a report, and for the same reason, that some judges are reluctant to grant such requests when they are made.

In view of these considerations, the Committee concluded that a specific rule provision addressing this matter would benefit the Commonwealth, the defense, and the criminal justice system as a whole.

Discussion of Rule Changes

A. In General

Although a majority of the Committee agreed that Rule 305 should be amended, several members voiced serious concerns about a rule change. Should the proposed procedure apply to experts who frequently testify in the same courts and who are well known by the parties? Should these experts have to prepare reports in every case? Would a blanket requirement be onerous in those cases where there are legitimate reasons, such as costs, why reports are not prepared. Finally, members expressed concern that the proposed amendment would merely result in other forms of gamesmanship. The amendments to Rule 305 and Comment address these concerns.

B. Proposed Rule 305(B)(2)(b) and (C)(2)(b)

New Rule 305(B)(2)(b) applies to the attorney for the Commonwealth's experts, and new Rule 305(C)(2)(b) applies to the defendant's experts. Both paragraphs provide that if an expert whom the party intends to call to testify

¹ Please note that the Committee's Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Reports.

has not prepared a report of an examination or tests, the court, upon motion, *may* order that the expert prepare a report and that the party disclose the report. The reports must state the subject matter on which the expert is expected to testify, the substance of the facts to which the expert is expected to testify, and summarize the expert's opinions and the grounds for each opinion.

Under this procedure, counsel should not file boilerplate motions in every case, but rather should consider whether a given expert's report is really necessary. Similarly, the judge should not treat these motions in a pro forma manner, but should exercise his or her discretion on a case-by-case basis, taking into consideration that expert reports are not always necessary. We expect that both judges and counsel will consider such factors as the costs and time involved in the preparation of expert reports, and the nature of the expert's testimony, when making their decisions under the new procedure.

C. Rule 305 Comment

The Comment includes a paragraph underscoring the discretionary aspects of the judge's role, reiterating that the determination whether to order a report prepared must be on a case-by-case basis. The Comment also includes an example of when a report would ordinarily not be necessary—the well-known expert who testifies about the same subject on a regular basis—and an example of when a report might be necessary—an expert who is not known to the parties or who is going to testify about a new or controversial technique.

The Comment has also been revised to address another issue which was raised during the development of the proposed changes. Paragraph (E) (Remedies) provides a number of remedies which the court may impose when either party fails to comply with Rule 305. Several members pointed out that, in some cases, judges do not apply this paragraph equally to the Commonwealth and the defendant. To emphasize the importance of the equal application of remedies in the discovery context, we have added a cautionary statement to the Comment.

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Procedure for the Sale of Impounded or Seized Motor Vehicles; President Judge General Court Regulation No. 96-1

On April 19, 1995, the Honorable Edward G. Rendell signed Bill No. 747 which was passed by the Philadelphia City Council on April 12, 1995. The said Bill amends Title 12 of the Philadelphia Code, and provides for the towing of any motor vehicles impounded or seized in Philadelphia County and, as further provided by the Pennsylvania Motor Vehicle Code, 75 Pa.C.S. § 101, et seq., provides for the sale, at public auction, of motor vehicles which are not reclaimed within the time period set forth in the said ordinance by the owner of record or by any lienholder of record.

The within General Court Regulation sets forth the procedure to be followed by the City of Philadelphia and

Philadelphia Parking Authority to sell the said unclaimed motor vehicles at public auction and to vest title to the successful bidder.

1. *Notice to Owner of Record and Lienholder of Record.* The City of Philadelphia shall notify the owner of record and all lienholders of record of their right to reclaim the motor vehicle as provided in §§ 12-2405, 2406 and 2406.1. The notices shall be substantially in the forms set forth hereunder as Exhibits "A" through "E". Notice shall be sent by regular mail and a Certificate of Mailing shall be attached to each copy of the notice filed with the Court as provided in paragraph 3 hereof.

2. *Abandoned or Unclaimed Vehicle Declaration.* In the event a vehicle is not reclaimed, or in the event fines, penalties or charges relating to the towing and storage of the vehicle or any outstanding parking summonses are owing, the City may declare such vehicle "abandoned" pursuant to 75 Pa.C.S. § 7301, et seq. or "unclaimed" and take such steps as necessary to recover payment of such fines, penalties, charges or outstanding summonses, including but not limited to, auction of the vehicle pursuant to Court Order issued as provided herein.

3. *Filing of Petition.* A Civil Cover Sheet, Petition and Motion Court Cover Sheet shall be filed with the Prothonotary and Motion Court setting forth, *inter alia*, the efforts made to notify the owners of record and lienholders of record to reclaim the vehicles, and the fact that the vehicles have not been reclaimed. Attached to the Petition shall be copies of the letters sent to the owners of record and lienholders which notify same that if the vehicles are not reclaimed they shall be sold at auction on a specific date. Upon review of the Petition, the President Judge, or his designee, if satisfied that the owners of record and lienholders of record have received the required notice and not having requested an administrative hearing as provided in chapter 2800 of the Philadelphia Code, may enter an Order authorizing the City of Philadelphia and/or the Philadelphia Parking Authority, through its authorized agents, to sell at public auction the motor vehicles described in the said Petition. The Order shall be substantially in the form set forth hereunder as Exhibit "F".

4. *Notice of Auction Date and Rights of Owners of Record and Lienholders of Record Pending Auction.* Notice of the auction date shall be set forth in the Notice to the owners of record and lienholders of record sent as provided in paragraph 3 above. Notice of the public auction shall also be provided by publication at least five (5) days before the auction in *The Legal Intelligencer* and either the *Philadelphia Inquirer* or the *Philadelphia Daily News* or as otherwise directed by the Court. At any time prior to the auction date, any owner of record or lienholder of record may reclaim the motor vehicle upon the payment of the fines, fees and costs assessed against the said motor vehicle, as set forth in the notice and as may be incurred thereafter. In the event that a vehicle scheduled to be auctioned on a specific date scheduled in accordance with the procedure set forth herein is not auctioned on that date, the said vehicle may be auctioned on a subsequent date provided, however, that the City of Philadelphia and/or the Parking Authority shall, in rescheduling the auction date, provide notice as set forth herein in sections 1 and 4, and shall otherwise comply with the within President Judge General Court Regulation.

5. *List of Successful Bidders.* At the auction, the City of Philadelphia and/or Parking Authority, and/or its authorized agent shall maintain a list of the successful bidders.

The said list shall be submitted to the Court within thirty (30) days after the auction so that an Order may be entered, if necessary, directing the Department of Transportation to extinguish title of the prior owners or lienholders of record and to issue certificates of ownership to the successful bidders. The Order shall be substantially in the form set forth hereunder as Exhibit "G".

6. *Disposition of Proceeds of the Auction.* The proceeds from the sale shall be used to satisfy the towing and storage charges, parking and related tickets, if applicable, and costs related to this matter including filing fees, advertising and auction costs. The net proceeds, if any, shall be subject to the demands of the original owner of record and/or lienholder of record, as their interest may appear. If not claimed within one (1) year, any such funds shall be forfeited to the City of Philadelphia.

This General Court Regulation is issued in accordance with Phila. Civ. R. No. *51 and Pa. R.C.P. No. 239 and shall become effective immediately. As required by Pa. R.C.P. No. 239, the original General Court Regulation shall be filed with the Prothonotary in a Docket maintained for General Court Regulations issued by the President Judge of the Court of Common Pleas of Philadelphia County, and copies shall be submitted to the Administrative Office of Pennsylvania Courts, the Legislative Reference Bureau and the Civil Procedure Rules Committee. Copies of the Order shall also be submitted to Legal Communications, Ltd., *The Legal Intelligencer*, Jenkins Memorial Law Library, and the law library for the First Judicial District.

President Judge

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

PA 0020702. Sewage, **Municipal Authority of the Borough of Fayette City**, P. O. Box 552, Fayette City, PA 15438.

This application is for renewal of an NPDES permit to discharge treated sewage from Fayette City STP in Fayette City Borough, **Fayette County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as Monongahela River, which are classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Belle Vernon Municipal Water Authority on the Monongahela River.

Outfall 001: existing discharge, design flow of 0.125 mgd.

Parameter	Concentration (mg/l)

Outfalls 002 and 003, which discharge to the receiving waters known as Monongahela River, serve as combined sewer overflows necessitated by stormwater entering the sewer system and exceeding the hydraulic capacity of the sewers and/or the treatment plant. These outfalls are permitted to discharge only for such reason. There are at this time no specific effluent limitations on the outfalls. Each discharge shall be monitored for cause, frequency, duration and quantity of flow.

The EPA waiver is in effect.

PA 0024589. Sewage, **Municipal Authority of the Borough of Leetsdale**, 10 Sixth Street, Leetsdale, PA 15056.

This application is for renewal of an NPDES permit to discharge treated sewage from the Leetsdale Sewage Treatment Plant in Leetsdale Borough, **Allegheny County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as the Ohio River, which are classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Midland Borough Water Authority.

Outfall 001: existing discharge, design flow of 0.775 mgd.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (DEP) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management, and total residual chlorine control (TRC). Any major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Operations indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin*, at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on DEP's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection.

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department of Environmental Protection at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number, identification of the plan or application to which the protest is addressed and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each writer will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding, should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

A. 1496501. **Spring Township Water Authority**, 1309 Blanchard Street, Bellefonte, PA 16823, Spring Township, **Centre County**. This permit involves the construction of a 500,000 gallon finished water storage reservoir.

Acknowledgment of Notices of Intent to Remediate

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (the act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought to responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under

which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact Steve Curcio at (814) 332-6816. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Northwest Regional Office: John Fruehstorfer, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335. (814) 332-6648.

Spang Specialty Metal Plant, 154 Eastbrook Lane, East Butler, PA 16029, Summit Twp., **Butler County**, has submitted a Notice of Intent to Remediate Sediment contaminated with Heavy Metals. The applicant proposes to remediate the site to meet the Background Standard. A summary of the Notice of Intent to Remediate was published in the Butler Eagle in March of 1996.

Opening of the Administrative Record; Prompt Interim Response Under the Hazardous Sites Cleanup Act

P & H Automotive
Hellam Township, York County

The Department of Environmental Protection (Department or DEP), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P.S. §§ 6020.101—6020.1305) is initiating a prompt interim response at the P & H Automotive site.

The P & H Automotive site is located along Route 463 in Hellam Township, York County, PA. The site is an abandoned auto body shop bordered by commercial property on the south, agricultural land use on the west and north and residential property on the east. There are approximately 25 drums of unknown material and an undetermined quantity of contaminated soil.

DEP considered several alternative interim responses including: 1) no action, under which all hazardous wastes and substances would remain in place; 2) limited action which would prevent access to the drums and contaminated soils; and 3) waste removal which involves taking action to remove drums and contaminated soils, as well as arranging for the treatment and/or disposal and cleaning of the concrete floor in the drum storage area.

The Department determined that the no action alternative (1) and limited action alternative (2) would not be protective of human health and the environment.

Therefore, DEP proposes to characterize and remove the hazardous wastes and substances from the site. This action (3) would remove the direct contact threat of exposure. This would also prevent the spread of contamination.

The Administrative Record which contains information about the site and which supports DEP's decision to perform a prompt interim response action at the site is available for public review and comment. The Administrative Record is located at Kreutz Creek Library, located at 66 Walnut Springs Road, York, PA and is available for review during normal hours of operation. The Administrative Record may also be reviewed at the Department's Southcentral Regional Office at One Ararat Boulevard, Harrisburg, PA from 8 a.m to 4 p.m. Monday through Friday, by contacting Barbara Faletti at (717) 657-4592. Written comments about the proposed action at this site should be submitted to Barbara Faletti at One Ararat

Boulevard, Harrisburg, PA 17110-9333 before August 30, 1996.

Additionally, the public will have the opportunity to present oral comments at a public hearing. The public hearing has been scheduled for July 2, 1996, at 7 p.m. at the Hellam Township Building, located at 44 Walnut Springs Road, York, PA. Persons wishing to present oral comments must register on or before June 27, 1996, by calling Mary Ann Fischer at (717) 541-7969. If no person registers to present oral comments by June 27, 1996, the hearing will not be held. Persons interested in learning if anyone has registered, and if a hearing will be held, should contact Mary Ann Fischer at (717) 541-7969 after June 27, 1996.

Persons with a disability who wish to attend the hearing scheduled for July 2, 1996, and require auxiliary aid, service or other accommodation to participate in the proceedings, should contact Mary Ann Fischer at (717) 541-7969, or the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

The Department is providing this notice under sections 505(b) and 506(b) of the HSCA, and publication of this notice initiates the 90-day comment period on the Administrative Record, as provided under that Act.

Extended Submission Date for County Recycling Coordinator Grant Applications under the Municipal Waste Planning, Recycling and Waste Reduction Act

The Department of Environmental Protection announces an extension of the deadline date for 1995 County Recycling Coordinator Grant applications under section 903 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P.S. § 4009.903). The deadline date has been extended to 3 p.m., June 30, 1996. Applications received after that date will not be considered. Applications must be on forms provided by the Department. All grant awards will be predicated on the receipt of recycling fees required by section 701 of Act 101 and the availability of monies in the Recycling Fund.

Grant funds may not exceed 50% of the approved cost of the county recycling coordinator's salary and expenses incurred on or after January 1, 1995, to December 31, 1995. The following duties of county recycling coordinators will be considered approvable for reimbursement:

1. Providing technical assistance to municipalities on developing and implementing waste reduction and recycling programs.
2. Developing recycling and waste reduction public education programs.
3. Assisting municipalities in identifying recyclable materials to be marketed and locating markets.
4. Assisting municipalities in preparing recycling grant applications.
5. Assisting municipalities with developing and coordinating leaf collection and composting programs and identifying markets for compost.
6. Serving as contact for recycling questions within the county.
7. Identifying and encouraging opportunities for inter-municipal cooperation and cooperative efforts with other organizations to further waste reduction and recycling.

8. Collecting data on municipal recycling programs within the county and on commercial, institutional and municipal establishment recycling, and recycling at community activities, and reporting the data to the Department.

9. Speaking to school, community, business and government organizations about recycling and waste reduction.

10. Identifying sources of recyclable products and products made of recycled materials and encouraging the use of those items.

11. Developing recycling programs for special materials such as used oil, tires, household hazardous waste and white goods.

12. Developing education materials on household hazardous waste.

13. Developing waste reduction and reuse programs.

14. Assisting the county in developing and implementing the recycling components of the solid waste plan.

15. Participating in and coordinating where appropriate recycling training programs, workshops and conferences including household hazardous waste.

16. Maintaining communications with other recycling coordinators and municipal waste management professionals.

Inquiries concerning this notice should be directed to Evelyn D'Elia, Recycling and Markets Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

Notice of Action to be Taken

Plan Approval Application No. 09-328-009

Under 25 Pa. Code § 127.44, the Department of Environmental Protection intends to issue a plan approval to **Blue Mountain Power, LP**, 2500 City West Boulevard, Suite 150, Houston, Texas 77042, to construct an electrical generation plant and associated air pollution control devices as described in the Applicant's application of March 27, 1995, at their Blue Mountain Power Plant located at East Pumping Station Road, Richland Township, **Bucks County**.

Based on the information provided by the applicant and DEP's own analysis, this plant will not emit in excess of:

Nitrogen Oxides (NOx):	94.8 tons per year;
Volatile Organic Compounds (VOCs):	31.5 tons per year;
Carbon Monoxide (CO):	97.3 tons per year;
Sulfur Oxides (SOx expressed as SO ₂):	64.2 tons per year;
Particulate Matters (PM):	72.9 tons per year;
Ammonia emissions (NH ₃):	71.3 tons per year.

The plant is regulated under the Department's New Source Review Rules and Regulations, 25 Pa. Code Chapter 127, Subchapter E. It requires that the plant employ the current lowest achievable emission rate (LAER) for VOC and NOx emission control. If approval to construct the plant is granted, the Department will prohibit its operation until sufficient emission offset credits for VOC and NOx emissions are provided in accordance with the applicable requirements of Subchapter E. Copies of the application, DEP's analyses and other documents used in evaluation of the application are available for public inspection during normal business hours at the address shown below. Contact Mildred Devoue at (610) 832-6267.

In order to assure compliance with the applicable standards and to limit the Potential to Emit of air contaminants from the plant, DEP will place the following conditions on the Plan Approval:

Source Description

1. one 153 MW combustion turbine fueled with natural gas or No. 2 fuel oil using water injection and dry low NOx combustors for NOx control

2. one duct burner fired with natural gas using low NOx burners and for NOx control

3. one waste heat recovery steam generator with Selective Catalytic Reduction System for NOx control and an Oxidation Catalytic System for CO and VOC control.

4. one 9.7 million Btu per hour auxiliary boiler

5. one 2.33 million Btu per hour natural gas heater

6. two 2.4 MW (each) emergency diesel generators

7. one 280HP diesel fire pump

New Source Review Requirement

Prohibition on start up of the plant until emission offset credits of 41 tons per year of VOC and 122 tons per year of NOx are obtained.

Emission Limitations

1. From heat recovery steam generator stack at 100% base load

4.0 ppm NOx at 15% O₂ while firing natural gas

8.4 ppm NOx at 15% O₂ while firing No. 2 fuel oil

4.4 ppm VOC at 15% O₂ while firing No. 2 fuel oil

16.0 ppm CO at 15% O₂ while firing No. 2 fuel oil

10 ppm NH₃ at 15% O₂

2. Emission limits apply at all times except during startup and shut down and fuel transfer.

Operating Requirements to limit the Potential to Emit:

1. limited operating hours of the combustion turbine for firing No. 2 fuel oil to 1,080 hours per year

2. limited operating hours for using the duct burner to 2,928 hours per year burning natural gas only

3. special operating requirements for each air cleaning device.

Certified Emission Monitoring Requirements:

Certified emission monitoring is required for NOx, CO, NH₃ emissions and the O₂ content in the heat recovery system generator exhaust gases

Test Requirements:

To determine the emission rate for each pollutant listed in Emission Limitations

Recordkeeping Requirements:

Recordkeeping is required for operating hours and fuel usage.

Any person wishing to provide DEP with additional information they believe should be considered prior to the issuance of the Plan Approval may submit the information to the address shown below. Each written comment shall include the following:

1. Name, address and telephone number of the person submitting the comments.

2. Identification of the proposed Plan Approval (specify Plan Approval No. 09-328-009).

3. Concise statement regarding the relevancy of the information or any objections to issuance of the Plan Approval.

Requests for a public fact finding conference or hearing may also be made by writing DEP at: Francine Carlini, Regional Manager, Air Quality, Department of Environmental Protection, Southeast Regional Office, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428,

(610) 832-6242. A public conference may be held, if DEP in its discretion decides that such conference is warranted on the basis of the information received. All persons who have submitted comments or have requested a conference will be notified of the decision to hold such a conference by publication in this newspaper or the *Pennsylvania Bulletin*, or by telephone, where DEP determines such notification by telephone is sufficient. (DEP contact for additional information or to obtain a draft copy of the proposed Plan Approval at same address and (610) 941-5121 Xiaoyin Sun)

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or request for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections, application number, and a

statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor, application number, a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Location: Keisterville/Menallen Township, **Fayette County**.

The Menallen Township Sewage Authority proposes to construct sanitary sewers, a pump station, and force main to serve the existing Village of Keisterville in Menallen Township, Fayette County. The purpose of the project is to eliminate the discharge of untreated and inadequately treated sewage from direct discharges and malfunctioning on-lot septic systems. Treatment will be provided at the existing Upper Middletown STP in accordance with NPDES Permit PA0205931.

Application for funding of this project is to be submitted to the Pennsylvania Infrastructure Investment Authority (PENNEVEST) which administers Pennsylvania's State Revolving Fund. The Department's review of the Sewage Facilities Plan has not identified any significant environmental impact resulting from this proposal.

Regional Office: Water Management Program Manager, Southcentral Region, One Ararat Boulevard, Harrisburg, PA 17110.

Location: Southwest intersection of Centerport Road and Tower Road in Centre Township, **Berks County**.

Project Description: Approval of a revision to the Official Sewage Plan of Centre Township, Berks County. Project involves a 57 lot residential subdivision on 58.76 acres to generate 57 EDUs or 22,800 gallons per day in sewage flows to be treated by a package sewage treatment plant with a discharge to an intermittent stream tributary to Irish Creek. The point of discharge is located 85 feet east of the Ohlinger Spring. The project name is Jordan Crossing and the DEP Code Number is C3-06926-069-3.

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2553.

Branch Township, **Schuylkill County**.

The Department of Environmental Protection (Department) has completed its review of the April 1996 Version of the Act 537 Official Sewage Facilities Plan (Plan) for Branch Township, Schuylkill County. The Plan was prepared by Alfred Benesch and Company and adopted by Township Resolution No. 6, dated October 26, 1995, and 6A dated December 11, 1995, as amended. The Department's review of the Plan has not identified any significant environmental impacts resulting from the proposal and planning approval is hereby granted for the project.

The Plan was undertaken to address the environmental problems related to raw sewage discharges from the nonpermitted sewage collection system (wildcat) and malfunctioning onlot sewage disposal systems in study areas such as Lewellyn, West West Terrace, Dodentown, Phoenix Park, New Minersville and Stein's Mill.

The chosen alternative (Alternative IV) consists of the following work:

1. Construction of a sanitary sewage collection system and a 200,000 gallons per day (gpd) extended aeration treatment plant in Lewellyn to serve 599 Equivalent Dwelling Units (EDUs) in Lewellyn, West West Terrace, Dodentown and Phoenix Park. The treated effluent will be discharged into the west branch of Schuylkill River.

2. Construction of a sanitary sewage collection system and a 5,000 gpd package treatment plant to serve 19 EDUs in the Stein's Mill study area. The treated effluent will be discharged into Muddy Branch Creek.

3. Construction of a sewage collection and conveyance system to serve 54 EDUs in the New Minersville study area. This new sewer will be tied into the Minersville Sewer Authority's existing collection system. The sewage from this area will be treated at the Authority's existing 1 million gallons per day (1 mgd) capacity treatment plant.

In accordance with the provisions of the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20) (Act 537), and Chapter 71 of the Department's Rules and Regulations, 25 Pa. Code Chapter 71, the Department will hold Branch Township responsible for complete and timely implementation of the chosen alternative.

Actions taken under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17).

Submission of Final Reports on Attainment of Background and Statewide Health Standards (Sections 302(e)(2) and 303(h)(2)).

The following final reports were submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (P. L. 4, No. 2) (35 P. S. § 6026.101 et seq.).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (the act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department has received the following final reports.

Southcentral Regional Office: Environmental Cleanup Program Manager, One Ararat Boulevard, Harrisburg, PA 17110, (717) 657-4592.

tion of a Small Industrial Mineral (Shale) permit in Potter Township, **Centre County** affecting 3 acres, application received February 14, 1995, authorization granted May 13, 1996.

14950802. **James Confer** (R. D. 1, Box 205A, Spring Mills, PA 16875), commencement, operation and restoration of a Small Industrial Mineral (Shale) permit in Gregg Township, **Centre County** affecting 4 acres, application received February 14, 1995, authorization granted May 13, 1996.

59960803. **James R. Aumick** (465 Aumick Road, Mansfield, PA 16933), commencement, operation and restoration of a Small Industrial Mineral (Gravel) permit in Sullivan Township, **Tioga County** affecting 1 acre, application received May 1, 1996, authorization granted May 13, 1996.

Request for Variance

The Bureau of Deep Mine Safety has approved a request for variance from the Tanoma Mining Company. The following notification contains a summary of both this request and the Department's decision regarding approval. Complete copies of both the variance request and the Department's decision may be obtained from Glen Ziegler by calling (717) 787-1376.

Summary of the request: Tanoma Mining Company's plan calls for 105' distances between track shelter holes in the Main E and all future mains development at the Tanoma Mine. Studies have shown that the main entries in the Tanoma Mine should be developed in 120' centers in order to enhance roof control. This 120' center will result in shelter holes being approximately 105' apart since the crosscuts are driven a maximum of 20' wide.

Summary of the decision: The Bureau has determined that Tanoma Mining Company's approved plan will provide protection to personnel and property substantially equal to or in excess of the requirements set forth in the Bituminous Coal Mine Act. The basis for the Bureau's determination for approval can be summarized in the following conclusions:

1. Development of pillars on maximum of 120 foot centers will enhance roof control in the Main E area and all future main areas where adverse and subnormal roof conditions are encountered.

2. The use of a continuous conveyor belt system eliminates high speed coal transportation equipment. This eliminates the many negative aspects of coal haulage equipment. These are increased traffic, equipment moving at higher speeds, and exposing employees to greater hazards when required to travel along track haulage travelways.

3. The additional time required to reach shelter in areas with extended shelter hole distances is minimal (an average of 1.56 seconds according to walking time tests).

This approval is limited to a variance from the distance requirements for shelter holes contained in section 268(b) of the Bituminous Coal Mine Act. All other terms, and requirements of section 268 shall remain in effect. Continued authorization for operation under the approval is contingent upon compliance with the measures described in the approved plan.

The Department of Environmental Protection has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for Water

Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, 1-800-654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Permits Issued

E02-1113. Encroachment. **Allegheny County Sanitary Authority**, 3300 Preble Avenue, Pittsburgh, PA 15233. To construct and maintain a parallel relief interceptor system consisting of a 54-inch diameter pipe, a 48-inch diameter pipe, a 42-inch diameter pipe and a 36-inch pipe for a total length of 24,500 linear feet in, along the banks of and under the bed and across the channel of Sawmill Run at various locations. The project is located between Woodruff Street and McNeilly Road (Pittsburgh West, PA Quadrangle N: 9.2 inches; W: 2.8 inches) in the City of Pittsburgh, **Allegheny County**.

E02-1123. Encroachment. **Michael Facchiano Contracting**, 45 Stewart Avenue, Pittsburgh, PA 15227. To construct and maintain a C. M. box culvert having a length of 213 feet, span of 20 feet 9 inches with an underclearance of 8 feet 7 inches in an unnamed tributary to Saw Mill Run and to place and maintain bank protection on the left and right banks of said stream on the upstream and downstream ends of proposed culvert. The project is located approximately 300 feet northwest from the intersection of McNeilly Road and Library Road (Route 88) (Pittsburgh West, PA Quadrangle N: 0.5 inch; W: 0.7 inch) in Baldwin Township, **Allegheny County**. This permit was issued under section 105.13(e) "Small Projects". This permit also includes 401 Water Quality Certification.

E02-1136. Encroachment. **City of Pittsburgh**, 200 Ross Street—4th FL, Pittsburgh, PA 15219. To construct and maintain a walkway approximately 3,000 feet long with cantilevered sections and a river overlook, as part of a new River Front Park to be located along the left bank of the Allegheny River approximately 2,000 feet upstream of the confluence of the Allegheny River and the Monongahela River (Pittsburgh West, PA Quadrangle N: 12.76 inches; W: 0.0 inches) in the City of Pittsburgh, **Allegheny County**.

E02-1137. Encroachment. **St. Clair Valley Golf & Swim Club**, 2140 Greentree Road, Pittsburgh, PA 15220. To place and maintain fill in the floodway for the purpose of constructing an elevated "tee-off" for a proposed golf course driving range located along the right side of Chartiers Creek at a point approximately 3 miles downstream of the Allegheny/Washington County Line (Bridgeville, PA Quadrangle N: 16.1 inches; W: 15.5 inches) in Upper St. Clair and South Fayette Townships,

Allegheny County. This permit was issued under section 105.13(e) "Small Projects". This permit also includes 401 Water Quality Certification.

E02-1143. Encroachment. **CNG Transmission Corporation**, 175 Sheffield Drive Box 405, Delmont, PA 15626. To operate and maintain the existing retaining wall constructed under EP0296203 to protect an exposed existing gas pipeline. The wall is located on the left bank of Pucketa Creek, just west of the intersection of S. R. 366 and Albee Road (New Kensington, PA Quadrangle N: 8.3 inches; W: 15.0 inches) in Plum Borough, **Allegheny County**. This permit was issued under section 105.13(e) "Small Projects". This permit also includes 401 Water Quality Certification.

E26-214. Encroachment. **David and Jill S. Dongilli**, P. O. Box 616, Smithton, PA 15479. To remove the downstream 13.0-foot portion of an existing 60-inch RCP culvert for the purpose of cleaning and debris removal and to reinstall and maintain said 13.0-foot portion of culvert in a tributary to the Youghiogheny River. The project is located along TR 495, approximately 0.75 mile east of S. TR. 51 (Fayette City Quadrangle N: 20.6 inches; W: 1.6 inches) in Perry Township, **Fayette County**.

E26-217. Encroachment. **Turnpike Commission**, P. O. Box 67676, Harrisburg, PA 17107-7676. To construct and maintain 9.3 acres of replacement wetlands and to perform grading and to construct and maintain outfall protection in an unnamed tributary to Rubles Run as part of wetlands replacement impacted by the Mon/Fayette Expressway, S. R. 0043. This project is known as construction section 50W and is located along the intersection of S. R. 3002 (Gans Road) and S. R. 857 (Lake Lynn, PA-WV Quadrangle N: 19.8 inches; W: 7.6 inches) in Springhill Township, **Fayette County**.

E32-373. Encroachment. **Joseph Kuzneski**, 115 North Sixth Street, Indiana, PA 15701. To place and maintain fill in three separate wetlands totaling 0.29 acre and along an unnamed tributary to McCarthy Run for the purpose of developing a parking area and proposed expansion of the existing Shelly Plaza located east of the intersection of Route 422 and Shelly Drive (Indiana, PA Quadrangle N: 22.0 inches; W: 9.0 inches) in White Township, **Indiana County**. The permit applicant has met the wetland replacement requirement by participating in the Pennsylvania Wetland Replacement Project.

E56-256. Encroachment. **John and Donna Gennett**, R. R. 1 Box 403, Friedens, PA 15542. To place and maintain fill in 0.25 acre of wetlands for construction of a commercial building. This site is located approximately 3,000 feet west of Ferrellton along the south side of Route 30 (Boswell, PA Quadrangle N: 3.25 inches; W: 4.25 inches) in Jenner Township, **Somerset County**. The permit applicant has met the wetland replacement requirement by participating in the Pennsylvania Wetland Replacement Project.

Southeast Regional Office: Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E15-390. Encroachment. **William Seltzer**, President, 99 Pine Street, Philadelphia, PA 19106. To construct and maintain 1) a timber beam bridge, having a 30-foot span with an average underclearance of 3 feet; 2) a 5-foot diameter culvert with a drop inlet structure for diverting flood flows at said bridge; and 3) two stormwater outfall structures consisting of endwalls and rock energy dissipating pads; across and along a tributary to Birch Run,

located at the Birch Run Subdivision, approximately 550 feet upstream of T-434 on the western side of SR 1030 (Pottstown, PA Quadrangle N: 1.7 inches; W: 4.75 inches) in West Vincent Township, **Chester County**. Permit No. E15-390 is hereby reissued and extended to December 31, 1988.

E23-143. Encroachment. **Claude deBotton**, c/o Springfield Square, 1001 Baltimore Pike, Springfield, PA 19042. To amend permit no. E23-143 as follows: 1) to revise the location of a proposed access roadway just south of the previously permitted location. This roadway, North Crum Creek Road, crosses the northern tributary to Crum Creek and adjacent wetlands at a point approximately 1,450 feet northwest from the PA Route 3 crossing of Crum Creek, 2) to delete an 8 foot x 4 foot 2-inch culvert which was previously permitted, and to install and maintain 825 linear feet of an 8-foot x 4-foot box culvert stream enclosure and place 0.29 acre of fill in wetland near the westerly tributary to Crum Creek for the establishment of a parking area. This facility is located approximately 2,000 feet northwest from the PA Route 3 crossing of Crum Creek. These activities occur at the proposed Edgmont Country Fair Project (Media Quadrangle N: 19 inches; W: 17.5 inches) situated in Edgmont Township, **Delaware County**. The permittee shall provide 0.29 acre of replacement wetlands.

E15-501. Encroachment. **Nantmeal Woods, Inc.**, 2 Scholl Drive, Oley, PA 19547. To place fill in 0.12 acre of wetlands (PEM) associated with construction of a storm water detention basin and dam in the proposed Daisy Meadows subdivision. The site is situated along a tributary to Bickels Run (HQ) at a point along the eastern side of Hanover Street (S. R. 1037), approximately 1/4 mile north of the intersection with S. R. 100, (Pottstown, PA Quadrangle N: 16.3 inches; W: 4.4 inches) in North Coventry Township, **Chester County**. The permittee shall provide 0.12 acre of wetland replacement. Approval is also granted for an Environmental Assessment for the aforementioned nonjurisdictional dam.

E51-134. Encroachment. **PECO Energy Company**, 955 Chesterbrook Boulevard 53A-1, Wayne, PA 19087-5691. To restore and maintain water depth to pre-existing levels by dredging at the following locations: 1) Along the east bank of the Schuylkill River at a point 1,700 feet downstream from the South Street bridge at the Schuylkill Generating Station (Philadelphia-PA Quadrangle; N: 12.4 inches; W: 9.3 inches); 2) In the Delaware River at a point approximately 1.1 miles north of the Benjamin Franklin Bridge at the Delaware Generating Station (Philadelphia-PA Quadrangle N: 16.5 inches; W: 0.1 inch); 3) In the Delaware River at a point approximately 1,500 feet south of the Betsy Ross Bridge at the Richmond Generating Station. (Camden-NJ Quadrangle N: 19.75 inches; W: 10.5 inches). All three of the above sites are located in the City of Philadelphia, **Philadelphia County**.

E23-335. Encroachment. **Delaware County Commissioners**, Government Center Building, Media, PA 19063. To remove an existing two lane 80-foot single span concrete encased steel truss bridge over Chester Creek on West Fifth Street and to construct and maintain an 82.5-foot single span composite prestressed concrete spread box beam bridge at the same location with an average underclearance of 5.9-feet (Bridgeport, PA-NJ Quadrangle N: 17.5 inches; W: 15.8 inches) in the City of Chester, **Delaware County**. The submerged Land License Agreement has been approved for the project.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of the act of June 22, 1937 (P. L. 1987, No. 394) (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small projects do not include 401 Certification, unless specifically stated in the description).

D57-044. Dam. **Marianne B. Hewitt**, P. O. Box 266, Nazareth, PA 18064. To modify, operate and maintain the Upper Boone Lake Dam in Shrewsbury Township, **Sullivan County**.

Request for Proposals

The DEP, BLWC, NPS Program is accepting project proposals for the next two (FY 97 and FY 98) Section 319 NPS Implementation Grant cycles. There will not be another request for proposals before January 1998. Projects selected for funding will begin in March '97 or October '97 depending upon which grant the project is funded under. The Project start date along with the project time constraints must be indicated in the implementation plan.

The following information presents a brief overview of project selection criteria:

- A. Three project categories are eligible for funding:
- 1) Watershed Assessments
 - 2) Watershed Projects
 - 3) Projects of Statewide Importance

Projects must have local support and commitment, clear goals and objectives, and be able to produce measurable environmental results. For Watershed Projects, points are awarded if the project is located in a high priority watershed.

B. EPA Grant Guidance has identified Nine Key Elements which are components of a good state NPS Program. You will have to identify how the project applies to one or more of these key elements.

C. The Scoresheets have been significantly revised. The DEP/DCNR NPS Task Force will use these scoresheets to select projects.

D. The Project Solicitation schedule will be followed closely. Project proposals are due in the BLWC office by 4 p.m. on July 29, 1996. Project proposals submitted after this date will not be considered.

E. The State Priority Watershed list has been significantly revised. The list is an EPA requirement.

To be considered, the proposal packet must include the following items:

1. One copy of the project proposal and budget. Your project budget must follow specific categories.
2. A Point of Contact with phone and fax numbers, and address, must be clearly identified on the proposal's cover page.

The NPS Program looks forward to working with you in the future to address NPS pollution issues in PA. Copies of the RFP are available upon request from Glenda Ferree, Division of Nonpoint Source Management, Bureau of Land and Water Conservation, P. O. Box 8555, Harrisburg, PA 17105-8555, (717) 787-5259.

Questions regarding this project proposal process may be addressed to Veronica Kasi, Carl Rohr, Barbara Lathrop, Jane Earle, and Garry Price. Please clarify any questions before developing a proposal.

The deadline for submission of project proposals is 4 p.m. on July 29, 1996. Any proposal that is submitted after this date will not be considered.

DEPARTMENT OF HEALTH

Division of Emergency Medical Services Systems; Notice of Funding Priorities

Under 28 Pa. Code § 1001.23(b) (relating to allocation of funds), the Department of Health (Department) hereby gives notice of priorities for the distribution by the regional emergency medical services (EMS) councils of funding from the Emergency Medical Services Operating Fund (EMSOF) which will be distributed by the Department to regional EMS councils for the fiscal year beginning July 1, 1996 and ending June 30, 1997. The priorities are as follows:

1. *State Priorities*

A. *Training Programs for Prehospital Personnel*

Training programs for all prehospital personnel (for example, first responders, emergency medical technicians and paramedics) who will be responsible for providing EMS to patients outside of the hospital setting. Training institutes shall be accredited to insure that size and number of training programs are adequate to assure that ambulance services have a sufficient number of prehospital personnel to meet public need. Up to 100% in EMSOF funds shall be made available to procure essential equipment for training programs, but EMSOF funds shall not be used to pay the cost of course coordinators and primary and secondary instructors without the approval of the Department.

B. *Management Support or Equipment for Providing Basic Life Support (BLS) Services To Areas In Need*

Management support or purchase of equipment needed for the establishment of BLS ambulance service operations to serve areas not currently served by BLS ambulances within 10 minutes of dispatch, and identified as feasibly needed by regional planning. EMSOF funds shall be used up to the following amounts for urban and rural areas:

Maximum BLS EMSOF Equipment Reimbursement*

Items	Urban	Rural
BLS Vehicle/Management Support	15,000	20,000
Essential Equipment (See Table 1)	6,650	7,980

Items	Urban	Rural
Communications Equipment (See Table 2)	5,500	6,600
Maximum Eligible Reimbursement	27,150	34,580

* Figures are dollar amounts per BLS Service.

C. *Equipment for the Establishment of New Quick Response Services (QRSs)*

Purchase of equipment needed for the establishment of new QRS services outside the 10 minute response area of current ambulance services and identified as feasibly needed by regional planning. EMSOF funds shall be used up to the following amounts for urban and rural areas:

Maximum QRS EMSOF Equipment Reimbursement*

Items	Urban	Rural
Essential Equipment (See Table 1)	5,250	10,300
Communications Equipment (See Table 2)	5,500	6,600
Maximum Eligible Reimbursement	10,750	12,900

*Figures are dollar amounts per QRS.

D. *Management Support or Equipment for Providing Advanced Life Support (ALS) To Areas in Need*

Management support or purchase of equipment needed for the establishment of ALS ambulance service operations to serve areas not currently served by ALS ambulances within 20 minutes of dispatch, and identified as feasibly needed by regional planning. EMSOF funds shall be used up to the following amounts for urban and rural areas:

Maximum ALS EMSOF Equipment Reimbursement*

Items	Urban	Rural
Mobile Intensive Care Unit (MICU)	15,000	20,000
Essential Equipment (See Table 1)	13,400	16,080
Communications Equipment (See Table 2)	5,500	6,600
Maximum Eligible Reimbursement	33,900	42,680
ALS Non-Transport Unit**	7,500	9,000
Essential Equipment	12,000	14,400
Communications Equipment (See Table 2)	5,500	6,600
Maximum Eligible Reimbursement	25,000	30,000

* Figures are dollar amounts per service.

** ALS Squad Unit

II. *Regional Priorities*

The following categories may be funded and may be prioritized by each regional EMS council based on the needs determined within their region:

A. Vehicle Replacement—One vehicle per ambulance service may be replaced or rechartered during a 5-year period based on the following criteria and priorities:

First Priority:

BLS/ALS ambulances, including ALS non-transport squad vehicles that are 10 years old or older, according to the following priorities:

- a. Single vehicle service (1st priority)
- b. Two vehicle service (2nd priority)
- c. Three vehicle service (3rd priority)
- d. Greater than three vehicle service (4th priority)

Second Priority:

BLS/ALS ambulances, including ALS non-transport squad vehicles that are 5 years old or have at least 80,000 miles, according to the following priorities:

- a. Single vehicle service (1st priority)
- b. Two vehicle service (2nd priority)
- c. Three vehicle service (3rd priority)
- d. Greater than three vehicle service (4th priority)

Third Priority:

Any ALS unit over 3 years old and interfacing with multiple BLS services.

Maximum EMSOF Vehicle Replacement Reimbursement*

<i>Items</i>	<i>Urban</i>	<i>Rural</i>
BLS/MICU Vehicle	15,000	20,000
ALS Non-Transport Vehicle (ALS Squad Unit)	7,500	9,000

* Figures are dollar amounts per vehicle.

The Department may increase the amount of reimbursement from EMSOF funds based upon the financial hardship of an ambulance service. An ambulance service that seeks additional EMSOF funds because of financial hardship, to replace or recharter a vehicle, shall be required to submit a financial disclosure statement and other documentation deemed necessary by the Department.

B. Essential Equipment for ALS/BLS/QRS Services—new or replacement. (See Table 1)

C. Communications Equipment for ALS/BLS/QRS Services—new or replacement. (See Table 2)

D. Regional EMS Council Special Needs—These items are eligible based on individual needs of each regional EMS council and are defined in regional plans.

E. Rescue Equipment for ALS and BLS services or for any service providing rescue coverage for an ambulance service:

Maximum EMSOF Regional Rescue Reimbursement*

<i>Items</i>	<i>Life Expectancy</i>	<i>Maximum allowable cost</i>	<i>Urban*</i>	<i>Rural*</i>
Air Chisel Set	10 Yrs	1,000	500	600
Toxic Environment Detection Device	10 Yrs	2,000	1,000	1,200
Come-Along, Chain (1 1/2 Ton) (including 4 chains—6' maximum)	10 Yrs	800	400	480
Hydraulic Tool**	5 Yrs	15,000	7,500	9,000
Personal Protection Equipment (boots, pants, coat and helmet—any combination)	5 Yrs	5,000	2,500	3,000
Porta-Power—10 Ton	10 Yrs	1,500	750	900

* Figures are dollar amounts per service.

** For rescue services along the highway corridors which have been identified with high accident mortality rates. If cost is less than \$15,000, the reimbursement will be limited to 25% for urban areas and 35% for rural areas.

F. Recruitment/Retention Programs—for ambulance services for their activities in recruiting community volunteers to staff the services. Funding amounts to be set by each regional EMS council.

G. Data Collection hard and software—alternate method collection systems which must be approved by the Department with a maximum allowable cost of \$4,000 for medical command facilities; \$3,000 for receiving facilities, and \$2,000 for individual ambulance services or 50%, whichever is less. The facilities must have 10,000 or more emergency patients, and the ambulance services in urban areas must transport 2,000 patients, and those in rural areas must transport 1,000 patients per year.

III. Regional Communication System Development Equipment

Purchase of equipment for the establishment or upgrading of regional communication systems. Any project exceeding \$50,000 must be reviewed and approved by the Department of Health.

ENVIRONMENTAL QUALITY BOARD

Watershed Redesignation

The Storm Water Management Act (32 P. S. §§ 680.1—680.19) (act) requires Pennsylvania counties to prepare and adopt watershed stormwater plans for designated watersheds. The intent of the act is to address the impacts of development on existing stormwater runoff levels and recommend measures to control accelerated runoff to prevent flood damages that could occur due to those development activities.

A watershed stormwater plan includes hydrologic and hydraulic evaluation of the drainage basin, consideration of existing drainage problems, existing and proposed flood control projects and their impacts, existing government regulatory mechanisms and provide recommendations for the control of accelerated runoff as a result of the development. The Department provides up to 75% funding assistance to counties for their watershed stormwater planning effort.

Under section 14(a)(10) of the act (Powers and duties of the Department of Environmental Protection), the Department, in consultation with the counties, originally designated 353 watersheds in the entire State. Those watersheds were approved by the Environmental Quality Board on May 31, 1980 with amendments on November 19, 1991, April 21, 1992, June 21, 1994 and, most recently, April 16, 1996, bringing the current number of watersheds to 355.

The Department of Environmental Protection in consultation with Clearfield County has designated 11 watersheds within Clearfield County. Clearfield County has requested that a portion of the West Branch Susquehanna River be redesignated as a separate watershed. The new watershed, which may be referred to as "The Central Region West Branch Susquehanna River, Clearfield County" encompasses all areas currently within and draining to the West Branch Susquehanna River designated watershed from the Curwensville dam downstream to the mouth of Clearfield Creek including the major tributaries of Montgomery Creek, Moose Creek and Wolf Run, but excluding Anderson Creek and Clearfield Creek which are already separate designated watersheds. This redesignation will enable Clearfield County to undertake stormwater planning for this subarea without immediately studying the entire Clearfield County portion of the West Branch Susquehanna River. Clearfield County wishes to immediately begin stormwater planning within this portion of the West Branch Susquehanna River since it currently has serious drainage problems along with a significant development potential that could exacerbate the existing problems without proper planning.

The Department, subsequent to advertising at 25 Pa.B. 4982, 5012 on November 18, 1995, held a public hearing on December 18, 1995, at the Clearfield County Multi-Services Center, Clearfield, for the purpose of accepting comments on the redesignation of these watersheds. No comments, objections or concerns were raised. The Environmental Quality Board approved this request at its public meeting on April 16, 1996.

For further information, contact Durla Lathia, Bureau of Land and Water Conservation at (717) 783-7577, or e-mail at Lathia.Durla@al.dep.state.pa.us. Persons with a disability may use the AT&T Relay Service by calling 1-800-654-5984 (TDD users) or 1 (800) 654-5988 (voice users). Pennsylvania Public Utility Commission—Electric Energy Emergency Notification Procedures; Doc. No. 57-157

Order

On May 22, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking would amend 52 Pa. Code 57.52 by modifying subsection (b) and adding subsection (c). The authority for this regulation is 66 Pa.C.S. §§ 501, 504, and 1501, 45 P. S. Sections 1201 et seq., and 1 Pa. Code §§ 7.1—7.4. The proposed regulation was published in the June 3, 1995 *Pennsylvania Bulletin*, with a 60-day public comment period. The final-form regulation was submitted to the Commission on April 30, 1996.

The PUC determined there was a need for this regulation in the aftermath of the January 1994 energy emergency during which the PUC served as a source of advice and counsel to other civil authorities. The PUC determined that steps must be taken to improve communications between electric utilities and the PUC during the period prior to and throughout an energy emergency. Heretofore, electric utilities have been required to report the status of emergency conditions. However, depending on the circumstances, the form and content of such information varied. The PUC has implemented interim procedures, similar to the proposed regulation, which the PUC found to be effective during peak electrical loads in the summer of 1994.

Additionally, the PUC instituted a formal on-the-record investigation on February 3, 1994, to examine the electric utility industry's planning and response to the electric energy emergency which occurred during the week of January 16, 1994. The PUC's final report on its *Electric Energy Emergency Investigation* was released for comment and a final report was approved by the PUC in September of 1994. This rulemaking incorporates some of the findings from that investigation.

The PUC is proposing to establish procedures to be followed by electric utilities when notifying the PUC during the period prior to and throughout energy-related emergencies. In the event of a load emergency situation or an emergency energy conservation situation, the regulation requires an affected electric utility to notify the PUC. The regulation sets forth in Chapter 57 a more definitive point at which the PUC is to be initially notified and sets forth a procedure for submitting timely information on a regular basis during an emergency. The regulation requires the utility to designate specific con-

tact individuals who will provide the information to the PUC. The regulation also provides that the PUC will designate emergency contact individuals and the PUC will provide a current list of these contacts to the utilities and the Pennsylvania Emergency Management Agency (PEMA).

During the proposed rulemaking stage, the PUC received comments from the House Consumer Affairs Committee's Democratic Chair, David R. Wright; Philadelphia Electric Company; Pennsylvania Power and Light Company; Pennsylvania Power Company; Pennsylvania Telephone Association; and UGI Utilities, Inc.—Electric Division. In general, the comments on the proposed additions to Chapter 57 related to clarity, and the comments on the proposed minor revision to Chapter 67 raised concerns of burdensome reporting requirements and costs.

The PUC, in response to the recommendations and suggestions of the above commentators and the Commission, made a number of revisions in its final-form regulation.

On the PUC point of contact the utilities must use to satisfy the requirement to notify the PUC, we recommended that the phrase "Secretary or a designee" be replaced with a more general requirement for the utilities to notify the PUC. The PUC revised the regulation by replacing "Secretary or his designee" with "the Commission" for notification. In conjunction with the first comment, we recommended that the regulation require the PUC to provide specific emergency notification contact information to the utilities on a regular basis. The PUC added paragraphs (c)(6) and (7) which state the PUC will provide the current list of PUC contacts to the utilities and PEMA. We also recommended that the PUC contact have the authority to issue an emergency order. The PUC stated in an interim communication that, although not stated in the revised regulation, the Secretary will remain as the PUC's internal point of contact since the Secretary has the authority to issue emergency orders. Finally, we recommended that the PUC revise the regulation so that all references to the contact point are consistent. In response, the PUC consistently references notification "to the Commission" in the revised regulation.

We also commented on the clarity of the regulation's notification requirements. We recommended clarification of a notification discrepancy between proposed subsection (c) and the immediately following paragraph (c)(1) which specify the conditions that are required to be reported. We further recommended clarification of the timing of notification requirements in proposed paragraph (c)(1). We also questioned the PUC's proposed requirement for notification prior to implementation of fuel conservation measures. In order to alleviate any perceived discrepancy and avoid confusion, the PUC deleted proposed paragraph 57.52(c)(1) from the final-form regulation and renumbered the remaining paragraphs.

Additionally, we commented on the clarity of notification for subsequent implementation or cancellation of emergency procedures. We recommended that a more detailed procedure for the notification of the anticipation of, or the actual cancellation of, an emergency be added to the regulation consistent with the PUC's directives to the utilities for interim procedures in the PUC's February 3, 1994 Order. The PUC responded by modifying the regulation to require notification as each subsequent procedure is implemented or canceled. The PUC also clarified the regulation to require notification during load emergencies only if the emergency measures will directly impact firm customers, thereby responding to our concerns and com-

mentators' concerns on reporting of service interruptions of contracted interruptible customers.

We recommended deletion of provisions for an energy monitoring team because this is an internal PUC matter. The PUC agreed and deleted the provisions for an energy monitoring team.

We commented on the need for procedures for communication with other agencies such as PEMA. We recommended that the regulation specify to whom informational requests from PEMA will be directed within the PUC. The PUC responded by adding provisions for PEMA to receive the current list of PUC contacts.

We commented on the need for clarification of the frequency and content of status reports. The PUC added clarifying provisions to clarify the frequency of reports and added detailed lists of information to be included in status reports.

We commented on proposed revisions to Chapter 67 intended to limit the scope of emergencies to be reported. We questioned whether the proposed change to Chapter 67 achieved the PUC's intended result, including the effect on water, gas and telephone utilities. The PUC responded by deleting the proposed amendment to Chapter 67 and adding a new paragraph to section 57.52(c) stating the provisions of Chapter 67 do not apply to the situations reported in section 57.52.

In response to Representative Wright's concerns over implementation of recommendations from the House Committee's *Report on the Energy Emergency During the Week of January 17, 1994*, the PUC agreed with the Commission that the concerns are outside the scope of the emergency notification procedures regulation. The PUC stated that they have addressed the majority of the recommendations in the PUC's *Electric Energy Emergency Investigation* at Docket No. I-00940031. We continue to strongly recommend that the PUC consider the subject of Representative Wright's concerns in the future, particularly concerning reserve capacity during peak consumption periods and reliability.

We are concerned with the PUC's response to our recommendation to establish in the final regulation how the PUC will provide PEMA with information. In response to this comment, the PUC stated they believe their relationship with PEMA and other governmental agencies should not be the subject of regulations directed toward their jurisdictional utilities. We continue to believe these procedures should be more specific in the regulation to avoid the problems discussed in the PUC's *Electric Energy Emergency Investigation Final Report of July 1994*, including problems the PUC itself identified such as the avoidance of duplicity of tasks performed by the utilities, PEMA, and the PUC during an emergency. The PUC only added a general provision to the regulation that the PUC will provide information to PEMA during emergency procedures. The PUC did not reference any existing procedures for providing information to PEMA which would formally or informally address our concern. Therefore, we continue to recommend that the PUC identify how the PUC will provide PEMA with information in the midst of an emergency to avoid unproductive duplicity of tasks.

The Senate Consumer Protection and Professional Licensure Committee approved this final-form regulation on May 14, 1996.

We have reviewed this regulation and find it to be in the public interest. As previously stated, we remain concerned with the PUC's opposition to establishing pro-

cedures in the regulation for exchange of information with PEMA. We continue to believe such a modification to the regulation would significantly improve the final-form regulation. However, when viewed in totality, we believe the final-form regulation represents a needed improvement in the PUC's present reporting procedures and the regulation should be implemented.

Therefore, It Is Ordered That:

1. Regulation No. 57-157 from the Pennsylvania Public Utility Commission, as submitted to the Commission on April 30, 1996, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

State Board of Veterinary Medicine—General Information:
Doc. No. 16A-572

Order

On August 24, 1994, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Veterinary Medicine (Board). This rulemaking would amend 49 Pa. Code Chapter 31. The authority for this regulation is section 5(1) of the Veterinary Medicine Practice Act (act) (63 P. S. § 485.5(1)). The proposed regulation was published in the September 3, 1994 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on April 29, 1996.

The proposal restructures and expands provisions governing examination and licensure for veterinarians. Section 31.3 (Examinations) replaces and expands the existing section 31.11 by providing information regarding examinations which are a prerequisite to licensure.

Section 31.11 is rewritten with expanded provisions for application for licensure including documentation requirements. In its final-form rulemaking, the Board incorporated our recommendation to add the requirements of section 9(b)(4) of the act which require an applicant to submit satisfactory evidence that he or she has not been convicted of a felonious act under the Controlled Substance, Drug, Device and Cosmetic Act. Similar requirements were added in section 31.13, Licensure renewal. Licensees who also practice veterinary medicine outside of Pennsylvania will be required to report their license information on the biennial registration form and report any disciplinary action taken in other states, territories or countries.

Current provisions for licensure application contained in section 31.12 are eliminated and replaced with provisions for temporary permits. Upon graduation from an approved school or college of veterinary medicine, an applicant may be granted a temporary permit. Temporary permits may also be granted for reciprocal licensure applicants pending passage of the Pennsylvania Veterinary Legal Practice examination. Temporary permits expire on the day following the announcement of grades of the first examination given after the temporary permit is issued. Temporary permit holders must associate with a licensed doctor of veterinary medicine and limit their work to the practice of the licensed doctor. In its final-form rulemaking, the Board added a provision which

states the associating veterinarian shall be responsible for all veterinary activities of the temporary permit holder and shall be accessible by telephone or personal contact unless responsibilities have been delegated to another licensed veterinarian.

Section 31.13, Licensure renewal, is revised by eliminating continuing education requirements which are reestablished in section 31.16. In the proposed rulemaking, the Board eliminated a provision requiring the payment of fees for license application, late renewal and regular biennial renewal as well as payment of fees which would have been paid if the holder had maintained his license in good standing. In our Comments, we questioned the Board's decision to eliminate the requirement for payment of fees during the expiration period because section 19(a)(2) of the act requires payment of these fees as a requirement of reinstatement. In section 31.13(d) of the final-form rulemaking, the Board reinstates the requirement for payment of fees that would have been paid if the license had been maintained in good standing.

Continuing education requirements are expanded to list continuing education providers who need not receive prior Board approval of continuing education courses they offer. In its final-form rulemaking, the Board adopted the suggestion of the Pennsylvania Veterinary Medical Association to include local constituent associations in the list of providers that do not require prior Board approval of continuing education courses.

On proposed rulemaking, the House Professional Licensure Committee (House Committee) submitted recommendations for clarification and explanation. The Board responded through changes to the final-form rulemaking and explanation in its preamble. On May 13, 1996, the House Committee approved the final-form regulation. The Senate Consumer Protection and Professional Licensure Committee voted to approve the regulation on May 14, 1996.

We have reviewed this regulation and find it to be in the public interest. In addition to the modifications discussed above, numerous other changes were adopted in the final-form regulation to improve its clarity.

Therefore, It Is Ordered That:

1. Regulation No. 16A-572 from the State Board of Veterinary Medicine, as submitted to the Commission on April 29, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Department of Agriculture—Enforcement of Marketing Programs; Sheep and Lamb Marketing Program; Doc. No. 2-96

Order

On August 9, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Agriculture (Agriculture). This rulemaking would amend 7 Pa. Code §§ 104.21, 104.22, 104.24—104.26, 104.28—104.30. This authority for this regulation is section 11 of the Agricultural Commodities Marketing Act of 1968 (3 P. S. § 1011). The proposed regulation was published in the August 19, 1995 *Pennsylvania Bulletin* with a 30-day public comment

period. The final-form regulation was submitted to the Commission on April 16, 1996.

This regulation is designed to improve the Sheep and Lamb Marketing Program (Program) by clarifying and streamlining the requirements placed upon producers and sales agents, and thereby increasing Program revenues by facilitating collection of the 25¢-per-head assessment. The regulation states that "collecting sales agents" will be responsible for collecting the 25¢-per-head assessment. A "collecting sales agent" is defined by these amendments as "[A] sales agent that is a cooperative, auction, sheep or lamb pool or broker." The regulation changes the requirements that producers and sales agents keep certain types of records on forms provided by the Program to allow these parties to maintain records in a manner of their own choosing (written or computerized). Producers and sales agents must retain records for 4 years. The records must be available for inspection by the Program upon its written request.

Agriculture claims that the regulation is expected to decrease the costs of compliance imposed upon the private sector. The recordkeeping and paperwork requirements will be decreased and this should result in some tangible cost savings for producers and sales agents.

On October 3, 1995, the House Agriculture and Rural Affairs Committee voted unanimously to support the proposed version of this regulation. By letter dated September 19, 1995, Joseph R. Vogel, member of the Pennsylvania Sheep and Wool Growers Association, expressed support for the proposed version of this regulation.

We have reviewed this regulation and find it to be in the public interest. In the final-form regulation, Agriculture amended subsections 104.25(a), 104.26(a) and 104.28(b) to reduce the record retention period from 5 to 4 years. This change was in response to our Comments on the proposed rulemaking. We believe this is another positive step forward in streamlining and minimizing the requirements imposed by this regulation. This was one of the primary goals of this rulemaking and we support Agriculture's efforts towards increasing the effectiveness of its programs while simultaneously cutting the requisite paperwork.

Therefore, It Is Ordered That:

1. Regulation No. 2-96 from the Department of Agriculture, as submitted to the Commission on April 16, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Chairperson

INSURANCE DEPARTMENT

Application and Request for Redomestication

Philadelphia American Life Insurance Company has filed an application for a plan of redomestication whereby the state of domicile would change from Pennsylvania to Texas. The initial filing was made under the requirements set forth under the Business Corporation Law of 1988, 15 Pa.C.S. § 1 *et seq.* Persons wishing to comment on the grounds of public or private interest to the issuance of the Department's order approving the redomestication are invited to submit a written statement to the Insurance Department within 15 days from the date of this issue of the *Pennsylvania Bulletin*. Each written statement must include name, address and telephone number of the interested party, identification of the application to which the statement is addressed and a concise statement with sufficient detail and relevant facts to inform the Insurance Department of the exact basis of the statement. Written statements should be directed to Carolyn Smith, Insurance Company Licensing Specialist, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120, (717) 787-2735.

Department Mailing of Surplus Lines Notices; Notice No. 1996-08

Effective this date, the Insurance Department (Department) will cease individual mailings to surplus lines agents for notices relevant to the surplus lines marketplace, ending our former practice. Notices relevant to the surplus lines marketplace will now be available from the following sources: (1) the *Pennsylvania Bulletin*, and (2) the Pennsylvania Surplus Lines Association (Association).

Questions concerning a subscription to the *Pennsylvania Bulletin* should be addressed to Fry Communications, Inc., 800 Church Road, Mechanicsburg, PA 17055-3198, telephone in-State (800) 524-3232, ext. 340, and out-of-State (800) 334-1429, ext. 340.

Under section 1611 of the Insurance Company Law (40 P. S. § 991.1611), the Department has the discretion of contracting with a surplus lines advisory organization to render advice and assistance in carrying out the purposes of Article XVI of the Insurance Company Law (40 P. S. § 991.1601 *et seq.*). The Insurance Department is in final stages of contracting with the Association to perform the functions of an advisory organization. The Association will disseminate future surplus lines notices after execution of the contract. We will provide you with notice once that contract has been executed and supply the address and telephone number of the Association at that time. In the interim, the only notices which this Department will mail to Pennsylvania licensed surplus lines agents are those required under section 1607 of the Insurance Company Law (40 P. S. § 991.1607).

Following is the Insurance Department's Eligible Surplus Lines Insurer List current as of May 8, 1996. Future lists will be prepared semiannually and published about January 1 and July 1 each year.

Persons who have any questions concerning this notice should contact Cressinda Bybee, Company Licensing Division, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120, telephone (717) 787-2735.

FEDERAL SURPLUS PROPERTY PROGRAM

DEPARTMENT OF GENERAL SERVICES

INVENTORY AND INFORMATION

The Department of General Services, Bureau of Supplies and Surplus Operations oversees the Federal Surplus Property Program within the Commonwealth of Pennsylvania in accordance with the Federal Property and Administrative Services Act of June 30, 1949, 63 Stat. 377 as amended. Personal property is made available on an equitable basis to our State Agency for allocation to eligible organizations at minimal service charges. Available property can include office equipment and furniture, clothing, hand tools, hardware, light machinery, heavy equipment and much more. Some of the equipment is new, while some may require repair, but all of the property is useful, and is available to your organization at a fraction of the cost of buying retail. Most nonprofit, tax-exempt organizations, such as municipalities, schools, emergency management agencies, day care centers and other public service organizations are eligible and have saved thousands of dollars annually through the use of federal surplus property.

All federal surplus property is donated on a first-come, first-served basis to eligible nonprofit organizations within the Commonwealth. A nominal cost is incurred by the participants in the form of a service charge to cover the state's cost of administering the program. Questions about the availability of items or about your organization's ability to participate in the Federal Surplus Property Program should be directed to: The Department of General Services, Bureau of Supplies and Surplus Operations, Federal Surplus Property Program, P. O. Box 1365, 2221 Forster Street, Harrisburg, PA 17105, or call TOLL-FREE 1-800-235-1555.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET THAT COMPETITIVE EDGE—FOR FREE!

Do you want to do business with your state government? The Treasury Department's office of Contract Information Services can assist you by providing you with information that may be helpful to you in successfully bidding on State contracts.

Act 244 of 1980 requires Commonwealth departments and agencies to file with the Treasury Department a copy of all contracts involving an expenditure of \$5,000 or more.

These fully executed contracts usually contain the vendor's name, dollar value, effective and termination dates and contract specifications. Some contracts also include the names of other bidding vendors and the bid proposal compiled by the awarded vendor. There is a minimal cost for photocopying contracts.

Allow the Treasury Department to "make a difference for you." For contract information call the office of Contract Information Services TOLL-FREE (in Pennsylvania) at 1-800-252-4700 or (717) 787-4586. Or you may write or visit the office at Room G13, Finance Building, Harrisburg, Pa. 17120.
