## DEPARTMENT OF EDUCATION

### Adult Education Fund Priorities for 1997-98

A. Section 353 of the Adult Education Act, P. L. 91-230, as amended by the National Literacy Act of 1991, requires the Department of Education (DOE), through its State Plan for Adult Education, to use not less than 15% of its annual Federal allotment of adult education funds from the U. S. Department of Education for special experimental demonstration and teacher training (staff development) adult education projects, as defined in the act.

B. The Federal objectives for these grants are to:

"1. Promote special projects which will be carried out in furtherance of the purposes of the Act and which—

a. involve the use of innovative methods (including methods for educating persons with handicaps, the homeless, and persons of limited English proficiency), systems materials, or programs which may have National significance or will be of special value in promoting effective programs under this title, or

b. involve programs of adult education, including education for persons with handicaps, the homeless, and persons of limited English proficiency, which are part of community school programs, carried out in cooperation with other Federal, State, or local programs which show unusual promise in promoting a comprehensive or coordinated approach to the problems of persons with educational deficiencies; and

2. Train persons engaged, or preparing to engage, as personnel in programs designed to carry out the purposes of this title."

C. The State objectives for these grants are to strengthen Pennsylvania's adult basic education programs through research, evaluation and demonstration of methods, programs, techniques or operational/administrative systems to improve adult education services (special experimental demonstration projects) and to provide training for personnel working in or preparing to work in adult basic education programs (staff development). Emphasis on staff development will be on the following:

1. Training for full-time professional adult educators;
2. Training for minority educators;
3. Training for educators of adults with limited English proficiency; and
4. Training teachers to recognize and more effectively serve illiterate individuals with learning disabilities and individuals who have a reading ability below the 5th grade level.

#### II. Section 353 Priorities for 1997-98

The following section 353 priorities for 1997-98 have been developed as a result of suggestions/recommendations by adult education providers throughout the State, by section 353 Task Force members, and by DOE Bureau of Adult Basic and Literacy Education staff. Priorities fall in three general categories as follows: A. Special experimental demonstration projects for State-wide or regional impact; B. Staff development projects designed for Statewide or regional impact; C. Mini-grant projects of up to \$5,000 designed to assist programs with the adoption or adaptation of exemplary projects; with the development of an experimental demonstration project

designed for local impact; or to address individual program needs in staff development.

Fiscal Year 1997-98 Priorities 353

#### A. *Special Demonstration*

1. *Adult Learning Competencies*: Identify curriculum that supports adult learning competencies as identified in the 1995-1996 Adult Learner Competencies Project. Project should conduct an environmental scan to determine what is available from both commercially developed sources and exemplary State and National 353 projects. The project should also provide a competency-based resource guide that describes the resources for the instruction of ABE, GED, ESL and literacy adult learners correlating to the list of competencies for adult learners as workers, family members and citizens. The project should also develop and implement a training program linking curriculum, assessment and instruction to the competencies.

2. *Alternate High School Diploma*: This project will provide direction for the establishment of alternate high school diploma programs for adults in the Commonwealth. Applicant will provide leadership and provide technical assistance to school districts that wish to institute an external degree program.

3. *Alternate High School Diploma Program*: Building on models designed in FY 1996-1997, the project will implement an alternative high school diploma program. Project providers must collaborate with local school districts in developing curriculum and supporting policy.

4. *Community Planning*: Increase the number of Building Communities for Learning (BCL) community-based planning sites through expansion of field-driven mentoring outreach, training and technical assistance. Applicants must be a Statewide organization with broad-based membership and collaborate with the Professional Development Centers to encourage and support the growth and development of existing community-based planning sites.

5. *School-to-Work*: Project will develop a model that incorporates the common features of school-based and work-based learning of the School-to-Work Opportunities Act for the adult learners. The model must be incorporated with an identified School-to-Work Local Partnership and applicant must be signed on to the Local Partnership Compact and tied to training for the incumbent workforce and/or partner with Job Center/Office of Public Assistance to increase School-to-Work opportunities for adults. Preference will be given to applicants that are involved in or have been involved in School-to-Work planning grants.

6. *Student Recognition*: Manage an event that includes the technical editing of field-submitted student success stories focusing on the role of adult education in the lives of the nominated students; the interviewing and photographing of ten finalists; and the preparation, publication and dissemination of a Success Stories booklet including suggested adaptations for local use. Applicant will collaborate with an identified staff person in the Bureau of Adult Basic and Literacy Education in the development of the project. Applicant must plan for a circulation of approximately 2,000 copies across the Commonwealth with distribution as requested by the Department of Education.

7. *Recognition of Excellent Educators and Instructors*: A project to research, develop and implement a recognition activity for excellent adult educators. A panel will establish criteria for selection, develop a nominating process and suggest recognition activities. Applicant should develop a guide for honoring excellent practitioners to assist

local programs in sponsoring outstanding practitioners and honoring their candidates. Ten excellent tutors/teachers will be chosen Statewide and honored at PAACE Midwinter Conference. A description of these outstanding practitioners will be published in a 1998 ABE Practitioners' Yearbook. Applicant must plan for a circulation of approximately 2,000 copies across the Commonwealth with distribution as requested by the Department of Education.

8. *Performance Standards in Volunteer Programs*: Import and adapt volunteer-based competency checklist and assessment system developed in the Oregon Project, the project will support the assessment of adult learning competencies in volunteer based agencies by piloting the volunteer assessment process in a number of literacy councils. The final product of the project will be recommendations to the Bureau on performance standards that can be used to evaluate volunteer programs.

9. *PDE Student/Staff/Tutor Database*: This project will continue the development of a student/staff information system which incorporates the needs and requirements of the local adult education agency and ABE. Through a survey of the participants in the PC Database project, the applicant will evaluate the problems to be corrected in the revised database system and incorporate the programming already developed in prior data collection projects.

10. *Evaluation of the Impact of Professional Development Offerings*: Conduct an inquiry project with professional developers to determine how to evaluate the impact of professional development activities on changing practitioner practices and ultimately improving learner outcomes. The project must culminate in a set of recommendations to the Bureau on how effectively to evaluate the impact of professional development activities at the practitioner, learner and program levels.

#### B. *Professional Development*

1. *Institutes*: Administrative, fiscal management and support for Statewide adult basic education Institutes for administrators, practitioners, counselors and volunteers. Institutes will include follow up training and evaluation of the effectiveness of the training through the Professional Development Centers. Applicants should state for which institute the application is made in the Letter of Intent. The Bureau will provide interested applicants with specific instructions to be followed in developing the application for the selected institute.

English as a Second Language  
New Teacher (should address the training issue for the time when new teachers are hired)  
Volunteer strand  
Paid full and part time staff strand

2. *Dissemination of 353 projects*: A review of current and/or past section 353 special demonstration and staff development projects to include a design for identification, packaging and delivery of exemplary projects from PA and other states and the dissemination of these significant packaged projects through a Statewide publication to be published a minimum of six times a year. Applicant must plan for a circulation of approximately 2,500 copies across the Commonwealth with distribution as requested by the Department of Education.

3. *Training Development*: Building on the project begun in 1996-1997, coordinate the review and selection of training materials for professional development in designated content areas. The project must collect existing training modules, review for applicability and adapt the

materials for use in Pennsylvania. Identified content area specialists should be used in a committee process for development of the training modules and procedures. The training modules should be provided to the field through the regional professional development centers.

4. *Train the Trainers*: A project to identify trainers Statewide who will provide training identified for practitioners in adult education funded programs. The project will determine the responsibilities, duties and qualifications for trainers in specified content areas, determine a process for selecting trainers and determine and deliver the training for the trainers. The project will establish the effective means by which the identified trainers are made available to programs in the Commonwealth through administrative and fiscal support and the standardization of a deployment system.

5. *Communications for Professional Development*: The project will direct and provide systematic communication and coordination between professional development service providers and adult basic and literacy education practitioners. The activities will include direction for technology operations such as on line and world wide web communications. The project must also provide for the design and/or publication of newsletters, handbooks and brochures as needed by adult education providers in the Commonwealth.

6. *Administration, Fiscal Management and Support*: Project will provide Statewide adult basic education staff development activities and other Department of Education activities that include: 1) provision for a series of meetings of the State Plan Task Force; 2) provision for a series of hearings on the revised State Plan; 3) provision for support of special demonstration and staff development activities that include honoraria for presenters at State-sponsored activities; 4) provision for section 353 special projects and staff development presentations at Statewide conferences.

7. *Adult Education Newsletter*: A general adult basic education newsletter to be published a minimum of 5 times a year at a length of eight pages or longer in order to disseminate 353 information, in-service techniques, and other areas and items of interest to adult basic education practitioners and program supporters in Pennsylvania. Applicants must plan for a circulation of approximately 2,500 copies across the Commonwealth with distribution as requested by the Department of Education for the duration of the project.

8. *Learning Differences*: Deliver Statewide training and technical assistance on learning differences through the Professional Development Centers. The project application must address how the training and technical assistance will incorporate work being done Nationally through such projects as the National Adult Literacy and Learning Disabilities Center and the University of Kansas Center for Research on Learning. The application must also address how the training will be delivered in relationship to ABLE's Guiding Principles for Professional Development.

9. *Learning from Practice*: Continue to develop and implement learning from practice activities into established adult basic and literacy education agencies. While the project may continue to support a variety of inquiry groups (program-based, cross program regional, institutes, online, and the like), it should also strengthen the capacity of local leaders (PDC staff, area teachers and other practitioners) throughout the State to integrate learning from practice approaches into a wide variety of

professional development activities at the program, regional and State levels. This project should build on the models currently implemented within the State as well as Nationally. Desired components include a networking system for participants, leadership development, evaluation and publication of practitioner findings and training materials.

C. Mini-Grants—Applications of up to \$5,000 designed to address either special demonstration/experimental or staff development projects of local impact.

The Department will also entertain grants that address the following topics:

1. Those agencies developing new models that integrate basic skills instruction with the requirements of welfare reform initiatives should document and evaluate the effectiveness of their program of instruction through the collection of data on the delivery of the instruction in light of welfare reform requirements.

2. Applicant should research and document the educational delivery system as related to learner outcomes in the agency by examining the intensity of its services, its model of delivery—whether open-entry/open-exit versus required number of hours, small group/one-on-one/large group-against learner outcomes, accomplishment of individual learner and program goals.

### III. General Instructions

A. This is a competitive grant process. Eligible applicants include State educational agencies, local educational agencies and public and private nonprofit agencies, organizations and institutions. Funding will be for programs accomplished during the period July 1, 1997, through June 30, 1998.

B. A minimum of 25% non-Federal/non-State funds is required as a local match for the grant. This local match may be cash or in-kind.

C. Applications within the Commonwealth of Pennsylvania for grants under section 353 of the Adult Education Act are screened and evaluated at the Department of Education by a section 353 Task Force made up of experts in the adult education field. Proposals with merit which have the most potential of achieving high priority objectives of the Adult Education Act and the Pennsylvania Adult Education Plan at the most reasonable cost will be funded, subject to the availability of funds.

D. Applications must address only one of the priorities listed in the priorities in Section II. Any application which addresses more than one priority will not be considered for funding.

E. Prior to submitting an application for a Special Demonstration Project applicants should review the literature that relates to a potential project using the appropriate State Literacy Resource Center (AdvancE or Western Pennsylvania State Literacy Resource Center) to ensure the uniqueness or applicability of the proposed project. The results of this review must be addressed in the application.

F. Section 353 proposals also should be reflective, as much as possible, of the goals, objectives and activities of the Pennsylvania—Adult Education State Plan: Fiscal Years 1990-94. Applicants should consult this plan as they prepare proposals. Copies of the plan are available at the State Literacy Resource Centers.

G. For the purposes of these section 353 Funds, an adult is defined as an out-of-school youth who is 16 years of age or older. Adult Basic Education (ABE) encompasses

instruction at the 0-8 grade level; General Education Development (GED) encompasses instruction to enable undereducated adults to successfully pass the GED test; (9-12 grade level) and English As a Second Language (ESL) encompasses instruction of English to adults whose primary language is not English.

H. Prospective applicants who desire application forms, and application guidelines, should request those materials by submitting a letter of intent to apply for a grant to Chief, Special Programs and Projects Division, Bureau of Adult Basic and Literacy Education, Department of Education, 333 Market Street, 12th Floor, Harrisburg, PA 17126-0333 by January 31, 1997 (proposal will be due March 14, 1997). The letter of intent should state which priority in Section II and the particular topic the applicant intends to address in the proposal and include a one sentence description of the purposes of the project. A letter of intent must be submitted for each separately proposed project application. These letters of intent may not be faxed to the Bureau. Upon receipt of the letter of intent at the Bureau, the potential applicant will be provided a copy of the guidelines to use in the preparation of the application.

### Availability of Adult Education Act Section 322 Funds for Adult Basic Education for Program Year 1997-98

The Adult Education Act as amended by the National Literacy Act of 1991 provides funds to local agencies through the Department of Education for the establishment of adult education programs that will:

1. enable all adults to acquire basic educational skills necessary for literate functioning;
2. provide these adults with sufficient basic education to enable them to benefit from job training and retraining programs in order to obtain and retain productive employment so that they might more fully enjoy the benefits and responsibilities of citizenship; and
3. enable adults who so desire to continue their education to at least the level of completion of secondary school.

Eligible applicants include local education agencies and public or private nonprofit agencies, organizations and institutions. A for-profit agency is eligible to participate in the program only if it is part of a consortium with a local education agency or other eligible sponsor, with the nonprofit agency acting as fiscal agent. A for-profit organization must also have the capability and capacity to augment significantly the adult education services of such a consortium.

Consistent with the purpose of the Adult Education Act, for Program Year 1997-98, the Department of Education will give primary consideration to programs for the educationally disadvantaged.

Priority for funding will be given to applicants for the continuation of existing programs that have demonstrated an ability to produce results consistent with the objectives of the Adult Education Act.

The Federal share of a grant will be 75% of the total cost of the program. The applicant must provide 25%

match of the total cost of the program. The local match may be in kind. Other Federal funds may not be used for the local match unless specifically identified as eligible for use as matching funds.

Restrictions placed upon the Department of Education by the U. S. Department of Education on the administration of the grant include:

1. Not more than 20% of the Federal grant to the State Department of Education may be used for programs of equivalency for a certificate of graduation from a secondary school.
2. Not less than 10% of the State's allotment must be used for adult education for institutionalized adults.
3. Not more than 5% of a local applicant's grant may be used for administrative costs, unless a higher percent is approved in advance by the Bureau of Adult Basic and Literacy Education, Department of Education.

Application due dates:

1. For applications to renew existing programs in accordance with the funds allocation letters published by the Bureau of Adult Basic and Literacy Education, the due date is March 28, 1997.
2. For applications to expand existing programs or to initiate new programs in accordance with procedures described in the 1997-98 Applications Procedures and Program Guidelines Annex, the due date is April 30, 1997.

Note: The Bureau reserves the right to consider proposals received after the deadlines and, if appropriate, to approve them if and when funds become available.

Application Procedures and Program Guidelines will be mailed to current adult basic education providers in mid-January. Others desiring additional information or Application Procedures and Program Guidelines may obtain them after January 10, 1997, by written request to Chief, Regional Programs Division, Bureau of Adult Basic and Literacy Education, Department of Education, 333 Market Street, 12th Floor, Harrisburg, PA 17126-0333.

All potential applicants are urged to attend one of the following combined proposal development workshops for Federal Adult Education Act, Section 322, and State Adult Literacy Program, Act 143 of 1986. In order to ensure timely administration and processing of applications, both the grant writer and the fiscal officer should attend the workshop.

### Availability of State Grant Funds for Adult Literacy Programs

Act 143 of 1986, as approved by the General Assembly of the Commonwealth of Pennsylvania and signed into law on October 22, 1986, established the Pennsylvania Adult Literacy Education Grant Program. This program is administered by the Pennsylvania Department of Education for adult literacy programs that will:

1. enable out-of-school youth and adults 17 years of age and older who are nonreaders or who read below the 5th grade level or who lack basic English language proficiency to improve their basic skills in order to increase their prospects for a more productive life, and
2. expand the availability of adult literacy and other adult education programs, including volunteer programs, in the Commonwealth.

Eligible applicants include literacy councils, libraries, local education agencies, community colleges, and public and private nonprofit agencies, organizations and institutions. Priority consideration will be given to applications that will conduct programs that expect to enroll high numbers of eligible adults who are receiving public assistance; do not have high school diplomas; are members of minority groups; and/or have less than a 5th grade reading level. Priority also will be given to programs that provide client outreach and referral activities that are coordinated with other adult education and literacy programs, county assistance office, social service agencies, offices of employment security, Job Training Partnership Act (JTPA) programs, and other community groups or agencies that provide services and assistance to persons in need of basic literacy skills.

Restrictions placed upon the State Department of Education for the administration of the grant by Act 143 are:

1. No more than 20% of the annual appropriation shall be used to provide education to institutionalized adults.
2. No more than 20% of the annual appropriation shall be used for programs of equivalency for a certificate of graduation from a secondary school.
3. At least 20% of the annual appropriation shall be used for training volunteer adult literacy tutors.
4. No more than 10% of any grant to an eligible agency may be used for support services.
5. No more than 10% of any grant to an eligible agency may be used for administration.

Application Procedures and Program Guidelines will be mailed to current adult basic education providers in mid-January. Others desiring additional information or Application Procedures and Program Guidelines may obtain them after January 10, 1997, by written request to Chief, Regional Programs Division, Bureau of Adult Basic and Literacy Education, Department of Education, 333 Market Street, 12th Floor, Harrisburg, PA 17126-0333.

All potential applicants are urged to attend one of the following combined proposal development workshops for Federal Adult Education Act, Section 322, and State Adult Literacy Program, Act 143 of 1986. In order to ensure timely administration and processing of applications, both the grant writer and the fiscal officer should attend the workshop.

### Availability of State Grant Funds for Pennsylvania Literacy Corps Programs for Program Year 1997-98

The Pennsylvania Adult Literacy Act (Act 143), as approved by the General Assembly of Pennsylvania, provides funds for grants to support adult literacy in the Commonwealth for Program Year 1997-98. Funds also are available to provide grants for the conduct of the Pennsylvania Literacy Corps Program. This program is administered for the Secretary of Education by the Bureau of Adult Basic and Literacy Education.

The mission of the Pennsylvania Literacy Corps Program is to promote lifelong involvement in community service while enhancing the curricula of higher education institutions with service learning opportunities that assist in resolving community literacy problems. Specifically, the Pennsylvania Literacy Corps strives to:

mobilize college students to help overcome the illiteracy problem in the Commonwealth;

encourage higher education institutions to promote and support community service as an integral part of the college curriculum; and

establish collaborative working partnerships between higher education institutions and providers of adult basic education and literacy services.

Grant funds are available in amounts up to \$35,000 per program to support collaborative efforts between institutions of higher education and adult basic and literacy education providers to establish and conduct a Pennsylvania Literacy Corps Program during the period July 1, 1997 to June 30, 1998. The applicant for the grant may be either the higher education institution or the adult basic and literacy education provider; however, the application must reflect a collaborative partnership which meets the goals of the Pennsylvania Literacy Corps Program and provides for college students to devote a minimum of 40 hours of volunteer service with an adult basic and literacy education program as part of their course work.

Priority consideration for the award of grants will be to applicants for a partnership and higher education institutions and a volunteer based adult basic and literacy education provider.

Completed applications must be received at the Bureau of Adult Basic and Literacy Education, Department of

Education, on or before April 11, 1997. Application packets and guidelines may be obtained by written request to Chief, Regional Programs Division, ATTN: PLC, Bureau of Adult Basic and Literacy Education, Department of Education, 333 Market Street, 12th Floor, Harrisburg, PA 17126-0333.

All potential applicants are urged to attend one of the following combined proposal development workshops for Federal Adult Education Act, Section 322, and State Adult Literacy Program, Act 143 of 1986. In order to ensure timely administration and processing of applications, both the grant writer and the fiscal officer should attend the workshop.

## DEPARTMENT OF ENVIRONMENTAL PROTECTION

### Applications, Actions and Special Notices

#### APPLICATIONS

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standard

and regulations the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived a right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

### **Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.**

**PA 0001929.** Industrial waste, SIC: 3262, **Royal Monarch, Ltd.**, 6th Street and 2nd Avenue, Beaver Falls, PA 15010.

This application is for renewal of an NPDES permit to discharge treated process water, cooling water and stormwater from the Beaver Falls Plant in Beaver Falls, **Beaver County**.

The following effluent limitations are proposed for discharge to the receiving waters Beaver River, classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first existing/proposed downstream potable water supply (PWS) is Beaver Falls Municipal Authority, located at New Brighton Plant, P. O. Box 400, 1425 8th Avenue, Beaver Falls, PA 15010, 2.26 miles below the discharge point.

Outfall 001: existing discharge, design flow of 0.015 mgd.

<i>Parameter</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
Flow (mgd)	monitor and report				
Suspended Solids			30		60
Oil and Grease			15		30

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this

proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon

which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

#### **Acknowledgment of Notices of Intent to Remediate**

---

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a

site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified below, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period, a municipality may request that the person identified below, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

*Acknowledgment of Notices of Intent to Remediate submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act, (35 P. S. §§ 6026.101—6026.908).*

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact Steve Curcio at (814) 332-6816. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department of Environmental Protection has received the following Notice of Intent to Remediate:

*Northwest Regional Office, John Fruehstorfer, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.*

**Penn Champ, Inc.**, Railroad Street and Lincoln Avenue, area A-2 near storm drain, East Butler Twp.,

**Butler County**, has submitted a Notice of Intent to Remediate soils. The site has been found to be contaminated with Solvents, BTEX and PHCs. The applicant proposes to remediate the site to meet the Statewide Health Standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Butler Eagle* on December 12, 1996.

**WSEE-TV Northstar Television Transmission Tower**, City of Erie, **Erie County**, 8631 Peach Street, has submitted a Notice of Intent to Remediate soils contaminated with PHCs and PAHs. The applicant proposes to remediate the site to meet the Statewide Health Standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Erie Daily Times* on December 11, 1996.

**Final Submission Date for County Recycling Coordinator Grant Applications Under Act 101, 903 The Municipal Waste Planning, Recycling and Waste Reduction Act of 1988**

---

The Department of Environmental Protection hereby announces a request for applications from counties for county recycling coordinator grant assistance under the Municipal Waste Planning, Recycling and Waste Reduction Act (35 P. S. §§ 4000.101—4000.1904).

Grant funds may not exceed 50% of the approved cost of the county recycling coordinator's salary and expenses incurred on or after January 1, 1996, to December 31, 1996. The following duties of county recycling coordinators are eligible for reimbursement:

1. Assisting the county in developing and implementing waste reduction, recycling, leaf and yard waste, and household hazardous waste components of its solid waste management plan.
2. Identifying and encouraging opportunities for intermunicipal cooperation and cooperative efforts with other organizations to further waste reduction, recycling, leaf and yard waste composting and household hazardous waste programs.
3. Providing technical assistance to municipalities on developing and implementing waste reduction, recycling, leaf and yard waste composting and household hazardous waste programs.
4. Developing education materials on recycling, waste reduction, leaf and yard waste composting and household hazardous waste for public education programs.
5. Serving as a contact for waste reduction, recycling, leaf and yard waste composting and household hazardous waste questions from within the county.
6. Participating in and coordinating where appropriate waste reduction, recycling, leaf and yard waste composting and household hazardous waste meetings, training programs, workshops and conferences.
7. Speaking to schools and community, business and government organizations about recycling and waste reduction, leaf and yard waste composting and household hazardous waste.
8. Assisting municipalities in identifying recyclable materials to be marketed and locating markets.
9. Assisting municipalities with developing and coordinating leaf and yard waste collection and composting programs and identifying markets for compost.
10. Assisting municipalities in preparing recycling and household hazardous waste program grant applications.

11. Collecting data on municipal recycling programs within the county and on commercial, institutional and municipal establishment recycling, and recycling at community activities, and reporting the data to the Department.

12. Identifying sources of recyclable products and products made of recycled materials and encouraging the use of those items to support county and municipal recycling programs.

13. Developing recycling programs for special materials such as used oil, tires, household hazardous waste and white goods.

14. Maintaining communications with other recycling coordinators and municipal waste management professionals.

The deadline for submission of applications is 3 p.m. on March 31, 1997. The Department will not consider applications after that date. Applications must be on forms provided by the Department. All grant awards will be predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101, and the availability of moneys in the Recycling Fund.

Inquiries concerning this notice should be directed to Evelyn D'Elia, Recycling and Markets Section, Department of Environmental Protection, Bureau of Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

**Submission Date for Grant Applications Under the Solid Waste-Resource Recovery Development Act**

The Department of Environmental Protection (DEP) hereby announces that it is accepting Resource Recovery Demonstration Grant applications from counties, municipalities, and municipal authorities within Pennsylvania under the Pennsylvania Solid Waste-Resource Recovery Development Act of 1974, Act 198. Projects must be capable of demonstrating, for a minimum of 2 years, the production of energy or the recovery of materials from solid waste (except sewage sludge). Grant applications must meet the terms and conditions established in Chapter 76 of the Department's Regulations adopted under Act 198.

Priority in selecting successful applicants during this application solicitation will be given to unique and innovative resource recovery projects not previously demonstrated or currently being demonstrated in Pennsylvania. Priority in selecting successful applicants during this application solicitation will also be given to unique and innovative resource recovery demonstration projects involving regional cooperative projects involving more than one county or municipality. Other types of resource recovery projects may also be considered. All projects must be capable of being replicated in other areas of Pennsylvania.

All applicants must provide a business plan and market commitments for energy or materials produced by the demonstration project. All projects should be capable of reaching full scale production within 12 months of notice of a grant award.

A lead municipality or county serving as the development agency for regional projects must have resolutions from other participating counties or municipalities in support of the project. Counties and municipalities may sponsor cooperative projects with private sector entities provided that a minimum of 5% equity in the project is maintained by the development agency for the term of the demonstration period.

The deadline for submission of grant applications is 3 p.m. on February 27, 1997. Applications must be on forms provided by the Department. Applications received by the Department or post marked after the deadline will not be considered during this application solicitation.

Counties and municipalities must contact the appropriate DEP Planning and Recycling Coordinator listed below to obtain a grant application. A pre-application conference with the DEP Regional Planning and Recycling Coordinator is required. Inquiries concerning this notice should be directed to Carl Hursh, Chief, Recycling and Markets, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, Rachel Carson State Office Building, P. O. Box 8472, Harrisburg, PA 17105-8472.

**Air Quality Plan Approval Application No. 23-330-006 and on Residual Waste Permit Application No. 301290; Public Hearing**

Under 25 Pa. Code §§ 127.44-5 and 287.152-3, that the Department of Environmental Protection (DEP) will hold a public hearing on the Residual Waste Permit application and the proposed Air Quality Plan Approval for Cherokee Biotechnology, Inc. (Cherokee), P. O. Box 1901, West Chester, PA, for a bioremediation facility proposed to be located at 301 Morton Avenue, City of Chester, Delaware County. The proposed bioremediation facility will process virgin petroleum contaminated soils. The proposed bioremediation facility is described in the air quality plan approval application of May 3, 1996 and the waste permit application of December 27, 1995 as well as subsequent supplemental submissions from Cherokee.

The public hearing will be held at 7 p.m. on Thursday February 6, 1997, at the Chester High School Auditorium, 200 West 9th Street, Chester, Delaware County to receive comments on both the proposed Air Quality Plan Approval under DEP's Air Resources regulations and the Residual Waste Permit application under DEP's Solid Waste Management regulations. In the event of postponement due to weather conditions, the hearing will be held the following week on February 13, 1997, at 7 p.m. at the same location. Postponement notifications will be distributed to local radio stations and newspapers and can be heard by calling DEP at (610) 832-6011 on February 6.

*Proposed Air Plan Approval Information*

In order to assure compliance with the applicable standards, DEP has placed the following conditions in the proposed Plan Approval.

*I. Emission Limitations*

Based on the information provided by the applicant and DEP's own analysis, this proposed operation would emit:

1. Volatile Organic Compounds (VOCs): 2.32 lbs/hr and 4.34 tons per year.
2. Particulate Matter (PM): 0.57 lb/hr and 2.14 tons per year.

*II. Operational Limitations*

(a) The company shall not process more than 80 tons per hour, 960 tons per day, and 299,520 tons in a 12 month rolling period, of petroleum contaminated soil.

(1) The company shall not process more than 59,520 tons of gasoline contaminated soil in a 12 month rolling period.

(2) The company shall not process more than 70,000 tons of soil contaminated with diesel, kerosene or No. 2 fuel oil in a 12 month rolling period.

(3) The company shall not process more than 170,000 tons of soil contaminated with No. 4 fuel oil, No. 6 fuel oil or bunker fuel oil in a 12 month rolling period.

(b) The maximum allowable concentration of petroleum hydrocarbons for incoming petroleum contaminated soils to be accepted by this facility shall not exceed the limitations contained in the facility's solid waste management permit.

(c) No soils may be processed containing detectable levels of PCBs using Department approved methods. No soil containing free liquids shall be processed.

(d) The volumetric flow rate to the air pollution control equipment shall be maintained at a minimum of 6,814 scfm.

(e) The company shall install appropriate equipment to monitor the air flow rate to the air pollution control equipment to ensure compliance with Condition (d) above. The equipment to monitor the air flow rate shall be approved by the Department.

(f) The company shall store the various petroleum contaminated soils in three separate storage piles that are clearly marked.

(g) The hours of operation of the bioremediation facility shall not exceed 12 hours per day and 3,744 hours per year.

(h) The following conditions apply to the stockpiling of petroleum contaminated soils and processed soils.

(1) Only processed soils may be stored outside of the building.

(2) The material stockpiling operations associated with the aforementioned sources shall not result in the emission of fugitive particulate matter in excess of the limits specified in Section 123.2 of Chapter 123 of the Rules and Regulations of the Department of Environmental Protection.

(3) Such equipment and material as are necessary to take reasonable action (including but not necessarily limited to the application of water) to prevent fugitive particulate matter resulting from the material stockpiling operations associated with the sources from becoming airborne shall be available at all times and shall be used, as necessary, to prevent such fugitive particulate matter from becoming airborne.

(i) In order to prevent fugitive particulate matter resulting from the use of the in-plant roads from becoming airborne, the company shall adhere to the following plan:

(1) All paved in-plant roads shall be swept a minimum of once a day, weather permitting.

(2) Prior to startup of the operation, the company shall submit to the Department for approval the use and frequency of water to be applied on all unpaved in-plant roads.

(3) The company shall keep a log of the dates of road sweeping of the paved roads and watering of the unpaved roads.

(j) The company shall keep on hand a sufficient quantity of spare panel filters for the panel particulate filter associated with the aforementioned sources in order to immediately replace any panel filters requiring replacement.

(k) The pressure drop across the panel filters shall not exceed 1.4 inches of water, gage. Once the pressure drop across the panel filter reaches 1.4 inches of water, gage, the panel filters shall be replaced with clean panel filters.

(l) The contaminated soil storage building shall be repaired and maintained to the extent that it meets Department approval to allow the operation of the facility without resulting in fugitive particulate matter and volatile organic compound emissions.

(m) The carbon adsorber shall maintain a minimum removal efficiency of 98%.

(n) The company shall maintain the inward face velocity on all openings of the enclosure surrounding the processing equipment at a minimum of 275 feet per minute.

(o) In the event of a malfunction of the air pollution equipment, the processing of petroleum contaminated soil shall cease until the air pollution control equipment can be repaired.

### III. Testing and Monitoring Requirements

(a) Within 60 days after achieving the maximum production rate at which the bioremediation facility will be operated, but not later than 180 days after the initial start-up of the source, the owner or operator shall conduct stack/performance tests for volatile organic compounds (VOCs), particulate matter (PM), and face velocity. The stack/performance tests shall be conducted at the maximum charging rate.

(1) At least 30 days prior to the test, the Regional Air Quality Manager shall be informed of the date and time of the test.

(2) At least 60 days prior to the test, the company shall submit to the Department for approval the procedures for the test and a sketch with dimensions indicating the location of sampling ports and other data to ensure the collection of representative samples.

(3) Within 30 days after the source tests, two copies of the complete test report, including all operating conditions, shall be submitted to the Regional Air Quality Manager for approval.

(c) The company shall monitor the following at the indicated intervals.

(1) The company shall monitor the inlet and outlet of the carbon adsorber to determine the removal efficiency of the carbon adsorber a minimum of once per day. The frequency of monitoring may be changed upon approval from the Department.

(2) The soil throughput of the screener shall be monitored a minimum of once an hour.

(3) The pressure drop across the panel filter shall be monitored a minimum of once per day.

(d) The company shall monitor, at least once per week, the emissions of volatile organic compounds from the surface of the windrows using a flame ionization detector (FID), photoionization detector (PID) or equivalent upon Department approval. This monitoring program may be modified with prior Department approval.

### IV. Recordkeeping Requirements

Sufficient data shall be recorded, in a format approved by the Department, so that compliance with the conditions in this Plan Approval can be determined. Records shall be kept for a minimum of 2 years and shall be made available to the Department upon request.

(a) The company shall keep records of the amount of contaminated soil received and the amount and type of contamination present in the soil.

(b) The company shall keep a record of the number of hours of operation during the 12 month rolling period.

(c) The company shall keep a log of the dates of road sweeping of the paved roads and watering of the unpaved roads.

(d) The company shall keep a record of the following in the event that the air pollution control equipment malfunctions.

- (1) The time the malfunction occurred.
- (2) The cause of the malfunction.
- (3) Steps taken to correct the malfunction.
- (4) Any other pertinent information.

(e) The company shall keep a rolling monthly total of the estimated emissions to demonstrate compliance with the terms of this Plan Approval.

(f) The company shall keep a copy of all stack/performance test protocols and stack/performance test results that are required by this Plan Approval.

(g) The company shall keep a record of the results of the monitoring that is required by this Plan Approval.

*Procedures for Hearing and Submitting Written Comments*

The hearing will not be a question and answer session. Those wishing to testify should contact DEP Community Relations Coordinator Tina Suarez-Murias at (610) 832-6011 to register prior to the hearing, but may also register at the hearing. Oral comments should be kept brief and may be limited to 5 minutes per person, depending on the number of speakers. Where groups are represented, a spokesperson is requested to present the group's concerns and additional time will be allowed.

Anyone wishing to present written comments directly to DEP regarding the draft Air Quality Plan Approval and/or the Residual Waste Permit application may do so until March 10, 1997. Written comments should include the following:

1. Name, address and telephone number of the person filing comments.

2. Identification of proposed Air Quality Plan Approval No. 23-330-006 and/or Residual Waste Permit application No. 301290.

3. Concise statement regarding the relevancy of the information or any objections to the issuance of the proposed Air Quality Plan Approval and/or a concise statement regarding any information relevant to the Residual Waste Permit application materials.

Written remarks should be sent to John Kennedy, Assistant Regional Director, Department of Environmental Protection, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

Comments from the public will be addressed by the DEP during the review process before a final action is taken on the proposals. A summary report addressing the concerns raised by the public will be released should the DEP decide to issue the Air Quality Plan Approval and/or the Residual Waste permit.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should

contact Tina Suarez-Murias at (610) 832-6011 or through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Copies of the pertinent documents are available for public review at DEP's Southeast Regional Office in Conshohocken between the hours of 8 a.m. and 4 p.m. weekdays. To make an appointment, contact the Records Management Section at (610) 832-6003.

### Notice of Plan Approval Application Minor Source

---

The following stationary sources have filed a request for a plan approval with the Department of Environmental Protection (DEP), Bureau of Air Quality. Persons wishing to file protests or comments on the proposed plan approval have 30 days to submit the protest or comments to the Regional Office at the address listed below. Interested persons may also request that a hearing be held concerning the plan approval application by filing a request with the Regional Office stating the reason for the request.

The Department will evaluate and consider all protests and comments received. The Department will, where appropriate, modify the proposed plan approval based on the protests and comments received.

The final plan approval will contain terms and conditions to ensure that the source is constructed and operated in compliance with the Department's regulations contained in 25 Pa. Code Chapters 121 through 143 and the requirements of the Federal Clean Air Act. A notice of the Department's final decision on the proposed plan approval will be published in the *Pennsylvania Bulletin*. Air contaminants emitted from these sources are less than the amounts that would trigger major new source review requirements. For additional information on the following applications contact Devendra Verma, Engineering Services Chief, (814) 332-6940.

Title V Operating Permit  
Permit No. TV-22-05007

Dauphin County

The Department of Environmental Protection intends to issue a Title V Operating Permit to The Harrisburg Authority for the Harrisburg Materials, Energy, Recycling and Recovery facility located in Harrisburg, Dauphin

County. The Title V Operating Permit is required under 25 Pa. Code, Chapter 127, Subchapter G for major stationary sources.

An appointment to review the application and other pertinent documents at the Southcentral Regional Office may be scheduled by contacting Mary DiSanto at (717) 541-7937 between 8 a.m. and 3:30 p.m., Monday through Friday, except holidays.

Those wishing to comment on the proposed action may contact Kanubhai Patel, Chief, Title V Facilities Section, One Ararat Boulevard, Harrisburg, PA 17110.

Comments may be submitted during the 30-day period immediately following the publication of this notice. Each comment must include the name, address and telephone number of the persons submitting the comments along with the reference number of the permit (TV-22-05007).

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the comment period. The Department will give notice of any scheduled public hearing at least 30 days in advance of the hearing as per 25 Pa. Code § 127.521.

Company: **Summit Anthracite Company**

Location: Porter Township

County: **Schuylkill**

**MINING ACTIVITY APPLICATIONS**

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department).

In addition to permit applications, the Bureau of Dams, Waterways and Wetlands (BDWW) and the Regional Office Soils and Waterways Sections have assumed primary responsibility for processing requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), for projects requiring both a Dam Safety and Encroachments Permit, and a United States Army Corps of Engineers (ACOE) permit. Section 401(a) of the Federal Water Pollution Control Act requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1301—1303, 1306 and 1307, as well as relevant State requirements. Initial requests for 401 Certification will be published concurrently with the BDWW permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the Bureau or Field Office indicated as the responsible office.

**Applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.**

## ACTIONS

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the

Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

**Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).**

**Submission of Final Reports on Attainment of Background and Statewide Health Standards (§§ 302(e)(2) and 303(h)(2))**

---

The following final reports were submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department has received the following final reports:

*Northeast Regional Office, Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2511.*

**Coleman Residence**, Coaldale Borough, **Schuylkill County**. Glen Reiger, Senior Engineer with Environmental Strategies Corporation, Four Penn Center West, Suite 315, Pittsburgh, PA has submitted a Final Report (on behalf of his clients Thomas and Kimberly Coleman, 53 East Phillips Street, Coaldale, PA) concerning the remediation of site soils contaminated with petroleum hydrocarbon compounds. The report is intended to document remediation of the site to meet the Statewide health standard.

**Submission Deadline for Certified Host Municipality Inspector Reimbursement Applications**

---

The Department of Environmental Protection hereby announces the submission deadline for 1996 Certified Host Municipality Inspector Program Reimbursement Applications as March 31, 1997. Reimbursements are available to municipalities under the Municipal Waste Planning, Recycling and Waste Reduction Act (35 P. S. §§ 4000.101—4000.1904) (Act 101) and the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1305) (Act 108). Municipalities include cities, boroughs, incorporated towns, townships and home rule municipalities.

All reimbursements are allocated from the Recycling Fund authorized under Act 101 for municipal waste facilities or from the Hazardous Sites Cleanup Fund under Act 108 for hazardous waste facilities. Reimbursements are available to any municipality which has a

municipal waste landfill, resource recovery, or commercial hazardous waste storage, treatment and disposal facilities located within its geographic borders. Upon application from any host municipality, the Department shall award reimbursements for authorized costs incurred for the salary and expenses of 1-2 Certified Host Municipality Inspectors. The reimbursement shall not exceed 50% of the approved costs of salary and expenses. Reimbursement is available only for Host Municipality Inspectors trained and certified by the Department.

The application for reimbursement contains tables for specifying the itemized expenses for certified inspectors and for calculating the total reimbursement request. Additionally, the application must be supported with: a) W-2 Forms, Wage and Tax Statements for the year reimbursement is requested; b) copies of weekly/monthly activity records; c) receipted itemized invoices; d) proof of attendance at training courses, meetings or functions; and e) a W-9 Form, Request for Taxpayer Identification Number and Certification. Complete instructions are included with the application, which is being distributed to all municipalities currently participating in the program. Persons who require an application or have any questions about this program should contact David Harris, Program Development Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Rachel Carson State Office Building, P. O. Box 8471, Harrisburg, PA 17105-8471, (717) 787-9870.

The deadline for submitting applications is 4 p.m. on March 31, 1997. Applications received by the Department after that date will not be considered.

### **Air/Water Quality Technical Advisory Committee Air Subcommittee; Meeting Notice**

Notice is hereby given of a public meeting of the A/WQTAC Air Subcommittee on January 10, 1997, to consider a draft Committal State Implementation Plan (SIP) Revision and associated regulations for submission to the U. S. Environmental Protection Agency. The draft regulations are based on the recommendations of the Southwest Pennsylvania Ozone Stakeholders Group. The

Air Subcommittee is authorized to act on behalf of the full A/WQTAC at this meeting. Action is anticipated for the draft SIP and regulatory revisions relating to Stage II gasoline vapor recovery and Low RVP/RFG gasoline. The meeting on January 10 is expected to begin at 10 a.m. in Room 105 of the Rachel Carson State Office Building, 400 Market Street, Harrisburg.

Questions concerning this meeting can be directed to Terry Black, Bureau of Air Quality, P. O. Box 8468, Harrisburg, PA 17105-8468, at (717) 787-9495 or through e-mail at Black.Terry@a1.dep.state.pa.us.

Persons with a disability who wish to attend the meeting and require an auxiliary aid, service or other accommodation, should contact Wick Havens at the above address or telephone number; or for TDD users, the AT&T Relay Service at 1 (800) 654-5984 to discuss how the Department can best accommodate their needs.

### **Sunset Review Schedule for 1997**

This schedule includes the Department of Environmental Protection's regulations, by chapter, which will undergo a sunset review in 1997. The Department will publish an annual sunset schedule which will contain the *Pennsylvania Code* chapters which will be reviewed by the Department. Each regulation will be reviewed to determine whether the regulation effectively fulfills the goals for which it was intended and remains consistent with the following principles contained in Executive Order 1996-1 (regarding Regulatory Review and Promulgation):

1. Regulations shall address a compelling public interest.
2. Costs of regulations shall not outweigh their benefits.
3. Regulations shall be written in clear, concise and, when possible, nontechnical language.
4. Regulations shall address definable public health, safety or environmental risks.
5. Where Federal regulations exist, Pennsylvania's regulations shall not exceed Federal standards unless justified by a compelling and articulable Pennsylvania interest or required by State law.
6. Compliance shall be the goal of all regulations.
7. Where viable nonregulatory alternatives exist, they shall be preferred over regulations.
8. Regulations shall be drafted and promulgated with early and meaningful input from the regulated community.
9. Regulations shall not hamper Pennsylvania's ability to compete effectively with other states.
10. All agency heads shall be held directly accountable for regulations promulgated by their respective agencies.

The chapters listed below have been under review by the Department since August 1995 as part of the Department's Regulatory Basics Initiative. These chapters were reviewed to identify regulations which contain standards

or requirements more stringent than Federal law; impose disproportionate economic costs; have a history of significant noncompliance; are prescriptive or technology specific; inhibit the application of new green technologies; do not support a pollution prevention approach; are obsolete or redundant; or lack clarity. This Initiative will result in proposed rulemakings which will be listed on the Department's Regulatory Agenda, which is published semiannually in February and July.

Both the Sunset Review Schedule and the Regulatory Agenda are available on the Department's World Wide Web site at <http://www.dep.state.pa.us> (choose Public Participation Center).

## DEPARTMENT OF HEALTH

### Health Policy Board Meeting; Public Meeting on Sunset of Certificate of Need

The Health Policy Board is scheduled to hold a meeting on January 21, 1997, at 10 a.m. in Room 812, Health and Welfare Building, Commonwealth and Forster Streets, Harrisburg, PA.

The Department and the Board will conduct a public meeting commencing at 10:30 a.m. at the same location to discuss certain issues resulting from the termination of the Certificate of Need program. These issues will be limited to a consideration of those health care services which were previously subject to Certificate of Need review but not to licensure by the Department, and whether those services should now be subject to licensure by the Department.

Those individuals or organizations who wish to speak at the public meeting should contact James Steele at (717) 783-2500 on or before January 15, 1997, to schedule a period of time to present their testimony.

For additional information, or for persons with a disability who desire to attend the meetings and require an auxiliary aid, service or other accommodation to do so, contact Robin Bowman at (717) 783-2500.

This meeting is subject to cancellation without notice.

DANIEL F. HOFFMANN, FACHE,  
*Acting Secretary*

### Laboratories Approved to Determine Urine Controlled Substance Content Under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code, and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health under the Clinical Laboratory Act (35 P. S. §§ 2151—2165) and/or the Federal Clinical Laboratory Improvement Act of 1967 (42 U.S.C.A. § 263a and are currently approved by the Department under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of urine for the determination of controlled substances or their biotransformation products. This approval is based on demonstrated proficiency in tests conducted by the Bureau of Laboratories of the Pennsylvania Department of Health. These laboratories are also approved and designated for purposes of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2502 (relating to hunting or furtaking under the influence of alcohol or controlled substance), as qualified to perform the types of

services which will reflect the presence of controlled substances or their biotransformation products in urine.

Depending upon their capability and performance in proficiency surveys, laboratories are approved to perform screening and/or confirmatory urine drug analyses. Laboratories approved to perform screening tests only are designated on the approval list by an "S" after the laboratory's name. Laboratories approved to perform confirmatory testing only are designated by a "C" following the laboratory's name. Those approved to perform both screening and confirmatory analyses are designated by the letters "SC." Screening analyses provide a presumptive indication that a controlled substance is present. Confirmatory testing is used to substantiate screening results.

Persons seeking forensic urine drug analysis services from any of the listed laboratories should determine that the laboratory employs techniques and procedures acceptable for the purpose. They should also determine that the director of the facility is agreeable to performing analyses for that purpose. Persons seeking the analyses are responsible for specifying the extent to which the presence of a controlled substance is to be verified. That specification should be predicated upon the purpose for which the analysis is being sought.

The list of approved laboratories will be revised semiannually and published in the *Pennsylvania Bulletin*. Questions regarding this list should be directed to M. Jeffery Shoemaker, Ph.D., Director, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 363-8500. Persons with a disability may also submit questions to Dr. Shoemaker in alternative formats, such as audio tape, braille or using TDD: (717) 783-6514. Persons with a disability who require an alternative format of this document (for example, large print, audio tape, braille), should contact Dr. Shoemaker so that he may make the necessary arrangements.

### Preferred Provider Agreement Filed By Delta Dental of Pennsylvania

In a letter dated December 16, 1996, received December 18, 1996, Delta Dental of Pennsylvania requested Department of Health review and approval under the provisions of 40 Pa.C.S. § 6324(a) of a new preferred dental contract, "DeltaPreferred Option Dentist Agreement." The agreement is for use with two new DeltaPreferred Option programs for which a reduced usual, customary and reasonable level will form the basis of payment to preferred dentists.

A copy of the filing is available for public inspection within 30 days of publication of this notice, by appointment only, at the Department of Health, Bureau of Health Care Financing, Room 1030 Health and Welfare Building, Harrisburg, PA 17120, telephone (717) 787-5193.

Interested parties are invited to submit written comments, suggestions or objections to Frank Clark, Acting Director, Bureau of Health Care Financing, at the address listed above. Persons with a disability may submit comments, suggestions and objections in alternative formats, such as audio tape, braille or using the Department of Health's TD (717-783-6414). Persons with a disability who require alternative arrangements to enable their inspection of the application should contact Frank Clark, at (717) 787-5193.

## DEPARTMENT OF LABOR AND INDUSTRY

### Unemployment Compensation Benefit Rate Table

The purpose of this notice is to effect the automatic extension of the Unemployment Compensation Benefit Rate Table. Each year the maximum weekly benefit rate is calculated as 66 2/3% of the average weekly wage in covered employment for the preceding fiscal year. The maximum weekly benefit rate for unemployment compensation purposes in Pennsylvania during calendar year 1997 will be \$362.

Under the authority contained in Section 201 of Article II and Section 404(e)(2) of Article IV of the Unemployment Compensation Law (43 P. S. § 761 and 804(e)(2))

and 34 Pa. Code § 65.111 (relating to benefit table), the table for 1997 is being adopted by this notice and will be codified at 34 Pa. Code Chapter 65, Appendix A. See 14 Pa.B. 4688 (December 29, 1984).

The deadline for conformity is January 1, 1997 as established by Section 404(e)(2) of the Unemployment Compensation Law.

Any questions concerning this notice should be directed to Herbert W. Hoffman, Executive Deputy Secretary, Labor and Industry Building, Harrisburg, PA 17120.

JOHNNY J. BUTLER,  
*Secretary*

# DEPARTMENT OF TRANSPORTATION

## Retention of Engineering Firms

**McKean County  
Reference No. 08430AG2037**

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately five inspectors, under the Department's Inspector-in-Charge, for construction inspection and documentation services on S. R. 0219, Section C04, Tally Ho climbing lanes.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an engineering agreement based on the Departments evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking. The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors resumes with emphasis on construction inspection capabilities and specialized experience in the maintenance and protection of traffic, soils, structures, concrete, asphalt paving and drainage.
- b. Past performance.
- c. Understanding of Departments requirements, policies and specifications.
- d. Number of available inspectors in each payroll classification.
- e. Number of NICET certified inspectors in each payroll classification.
- f. Workload.

The qualifications and experience required of the firms inspectors will be established by the Department for each work order, and the qualifications of the firms proposed employes will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Insp. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	1 (1)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	3 (3)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	1 (0)

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year 1997 will be the following rates:

<i>Payroll Classification</i>	<i>Payroll Rate</i>
Transportation Construction Inspector Supervisor (TCIS)	\$38.90 (ST) \$44.88 (OT)
Transportation Construction Inspector (TCI)	\$34.42 (ST) \$39.28 (OT)
Technical Assistant (TA)	\$24.60 (ST) \$27.00 (OT)

Maximum reimbursable per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting. The maximum rate per hour of inspection includes all costs to have the inspector on the project site.

The firm selected may be required to attend a preconstruction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item, and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation or construction.

Letters of interest for this project must include a letter, signed by the individuals proposed for all TCIS positions, giving their approval to use their names in the letter of interest for this specific project. The goal for Disadvantaged Business Enterprise (DBE) participation in this agreement shall be 15% of the total contract price. Additional information concerning DBE participation in

this agreement is contained in the General Requirements and Information section after the advertised projects.

Transmittal letters for the letters of interest shall be four pages or less.

A maximum of two resumes for the TCIS classification and four resumes for the TCI classifications shall be included with the letters of interest. No resumes are required for the TA classification. The second copy of the letter of interest and required forms, (see general requirements and information section) shall be sent to: District Engineer, Engineering District 2-0, 1924-30 Daisy St., P. O. Box 342, Clearfield, PA 16830.

Technical questions concerning the requirements for this project should be directed to Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439. Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Cameron, Centre, Clearfield, Clinton, Elk, Juniata, Mifflin, McKean and Potter Counties  
Reference No. 08430AG2038**

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately five inspectors, under the Districts Permit Supervisor, for construction inspection and documentation services on various highway occupancy permit construction projects in Cameron, Centre, Clearfield, Clinton, Elk, Juniata, Mifflin, McKean and Potter Counties. The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an open-end contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors resumes with emphasis on construction inspection capabilities and specialized experience in the maintenance and protection of traffic, soils, structures, concrete, asphalt paving and drainage.
- b. Past performance.
- c. Understanding of Departments requirements, policies and specifications.
- d. Number of available inspectors in each payroll classification.
- e. Number of NICET certified inspectors in each payroll classification.
- f. Ability to provide CPM scheduling.

The qualifications and experience required of the firms inspectors will be established by the Department for each work order, and the qualifications of the firms proposed employes will be reviewed and approved by the Department. It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	5 (5)

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

- 1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the level required for the Inspection Classification.
- 2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 4. Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
- 5. Hold an Associate degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year 1997 will be the following rates:

<i>Payroll Classification</i>	<i>Payroll Rate</i>
Transportation (TCI) Construction Inspector	\$34.42 (ST) \$39.28 (OT)

Maximum reimbursable rate per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting. The maximum rate per hour of inspection includes all costs to have the inspector on the project site.

The firm selected may be required to attend a preconstruction conference with the Department and/or the permittee and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; insure that the specific and general requirements of the permit are carried out in the best interest of the Department; and perform other duties as may be required.

Transmittal letters for the letters of interest shall be four pages or less.

A maximum of six resumes shall be included with the letters of interest.

The second copy of the letter of interest and required forms, (see general requirements and information section) shall be sent to: District Engineer, Engineering District 2-0, 1924-30 Daisy St., P. O. Box 342, Clearfield, PA 16830.

Technical questions concerning the requirements for this project should be directed to Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439. Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Mifflin County  
Reference No. 08430AG2039**

The Department of Transportation will retain engineering firm to provide supplementary construction inspection

staff of approximately 16 inspectors, under the Department's Inspector-in-Charge, for construction inspection and documentation services on S. R. 0322, Section B01, Milroy Bypass Project, Mifflin County.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an open-end contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors resumes with emphasis on construction inspection capabilities and specialized experience in the maintenance and protection of traffic, soils, structures, concrete, asphalt paving and drainage.
- b. Past performance.
- c. Understanding of Department's requirements, policies and specifications.
- d. Number of available inspectors in each payroll classification.
- e. Number of NICET certified inspectors in each payroll classification.
- f. Workload.

The qualifications and experience required of the firms inspectors will be established by the Department for each Work Order, and the qualifications of the firms proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager (TCM-1) (NICET Highway Construction Level 4 or equivalent)	12 (2)
Transportation Construction Insp. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	1 (1)
Transportation Construction Inspector Materials (TCI Materials) (NICET Highway Materials Level 2 or equivalent)	1 (1)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	8 (8)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	4 (0)

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

- 1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of

Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the level required for the Inspection Classification.

- 2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 4. Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
- 5. Hold an Associate degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year 1997 will be the following rates:

<i>Payroll Classification</i>	<i>Payroll Rate</i>	
Transportation Construction Manager 1 (TCM-1)	\$43.96 (ST)	\$51.20 (OT)
Transportation Construction Inspector Supervisor (TCIS)	\$38.90 (ST)	\$44.88 (OT)
Transportation Construction Inspector Materials (TCI—M)	\$35.42 (ST)	\$40.53 (OT)
Transportation Construction Inspector (TCI)	\$34.42 (ST)	\$39.28 (OT)
Technical Assistant (TA)	\$24.60 (ST)	\$27.00 (OT)

Maximum reimbursable direct payroll rates for subsequent calendar years, if applicable, will be established at the scope of work meeting. The firm selected may be required to attend a preconstruction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation or construction.

Letters of interest for this project must include a letter, signed by the individuals proposed for all TCM-1 and/or TCIS positions, giving their approval to use their names in the letter of interest for this specific project.

The goal for Disadvantaged Business Enterprise (DBE) participation in this agreement shall be 15% of the total contract price. Additional information concerning DBE participation in this agreement is contained in the General Requirements and Information section after the advertised projects.

The second copy of the letter of interest and required forms, (see general requirements and information section)

shall be sent to: District Engineer, Engineering District 2-0, 1924-30 Daisy St., P. O. Box 342, Clearfield, PA 16830.

Technical questions concerning the requirements for this project should be directed to Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439. Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Open-End Contract  
Bridge Inspection  
Reference No. 08430AG2040**

The Department of Transportation will retain an engineering firm for an open-end contract to perform State-wide periodic NBIS bridge and various structural safety inspections for designated bridges and structures on the State System throughout the Commonwealth. This contract can also include special studies and investigations of structural problems on an as-needed basis and also selected nonroutine local bridges. This contract will be for a period of 60 months from the date of execution with projects assigned on an as-needed basis. The maximum amount of the open-end contract will be \$1.0 million.

The selected firm will be required to provide all necessary professional and nonpresenile services, work, material and equipment necessary to inspect/reinspect and evaluate the condition of State owned bridges and structures at various locations and also selected nonroutine local bridges. The firm will provide updates inspection reports including a bridge load capacity rating/re-inventory and operation ratings based on existing conditions for AASHTO and PDT loadings using the Department's computer programs and/or other programs with prior approval when the Department's program is not applicable, may be required.

Firms responding to this solicitation shall provide the following additional information in their letter of interest:

1. Indicate the lead person or subconsultant on each of the expert service elements and indicate the qualifications and experience of the lead person or subconsultant specifically related to each expert service area.
2. Indicate how the firm will provide "on demand" responses for urgent problems.
3. Indicate internal procedures for cost containment and quality assurances.
4. Indicate computer capabilities including PDT programs and other software.

The Department will establish an order of ranking of a minimum of five firms for the purpose of negotiating based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation.

The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Responses to the information requested above.
- b. Specialized technical expertise and experience of the individuals committed to this project.
- c. Capabilities of the proposed team to address the bridge inspection, engineering evaluations and recommendations, and related aspects identified in the advertisement.

d. Prior technical successes and timeliness in performing work, especially bridge inspection work, with the Department.

e. Available staffing and "on demand" responses capabilities in the event of emergencies.

f. Location, current workload, cost containment and quality assurances program.

The engineering services studies identified above are the general work activities that can be expected under this contract.

Letters of interest for this project will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

A second copy of the letter of interest and required forms, (see general requirement and information section) shall be sent to The Director, Bureau of Design, Attention: Chief Bridge Engineering, Forum Place, 7th Floor, 555 Walnut Street, Harrisburg, PA 17101-1900.

Project management will be by the Bridge Quality Assurance Division, Bureau of Design. Engineering inspections will be directed by the respective District Office.

Technical questions concerning the requirements of this project should be directed to Harold C. Rodgers, P.E., at (717) 787-3767.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Bucks, Chester, Delaware, Montgomery,  
Philadelphia Counties  
Reference No. 08430AG2041**

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately two inspectors, under the Department's Inspector-In-Charge, for electrical construction inspection and documentation services on various S.R.'s and Department property (highway, sign lighting and maintenance stockpile electrical work in Bucks, Chester, Delaware, Montgomery and Philadelphia Counties).

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be required prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firm submitting letters of interest:

- a. Each TCIS shall have at least his or her own Pennsylvania Journeyman electrician's license.
- b. Show the expiration date for the electrician's license in the resumes of the prospective TCIS.
- c. Have knowledge of PennDOT Publication 203 Short Term Maintenance and Protection of Traffic.
- d. Past performance.

## e. Workload.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employes will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Insp. Supr. (TCIS)	2

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar years, 1997 will be the following rate;

<i>Payroll Classification</i>	<i>Rate per hour</i>	
Transportation Construction Inspection Supervisor (TCIS)	\$38.90 (ST)	\$44.88 (OT)

Maximum reimbursable per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting. The maximum rate per hour of inspection includes all cost to have the inspection on the project site.

The firm selected may be required to attend a preconstruction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item. TCIS personnel must be able to climb a ladder up to 24 feet high. There will be inspection done at night (10 p.m. to 6 a.m.) for one person and inspection done during the day (8 a.m. to 4 p.m.) for one person. This contract would run for 2 years. Each TCIS must have at least his or her own Journeyman Electrician's license. Each TCIS will work under the supervision of the Department Project Manager who has the responsibility in the District 6-0 Maintenance Unit for inspecting all electrical repairs done under maintenance contracts for highway and sign lighting, storm and groundwater pumping stations at various locations on Interstate Highways, lighting and electrical work at Department maintenance buildings and stockpile parking areas, electrical work in District 6-0 office building, and lighting electrical repairs at the Tourist center on I-95 Delaware County and the Tourist Center on I-95 in Bucks County. The work is spread over Bucks, Chester, Delaware, Montgomery and Philadelphia Counties with the bulk of the work being in the City of Philadelphia. The work includes the inspection of lighting and electrical work being done by contractors in accordance with the installation procedures, Department standards for lighting and electrical work, Form 408, and design criteria in the maintenance contract. Also included is inspection of electrical components and systems such as permanent and temporary electrical components and systems such as permanent and temporary electrical circuits, service cables, electrical switches, receptacles and junction boxes, and control panels and transformers. Work may involve high electrical voltage (over 12,000 volts). The TCIS must be able to conduct job conferences and assist the Depart-

ment Supervisor in resolving construction and materials problems and be able to prepare inspection reports on a daily basis. Seventy percent of inspector's work will require inspection of workmanship and materials at Department facilities and ensure that the building and support electrical systems in the overall stockpile areas meet electrical codes, safety standards, and plans and specifications.

Inspect four pumping stations owned by the Department in the City of Philadelphia and monitor contractor's progress. Read, interpret and understand the circuit maps, shed and salt dome plans and maps, standard drawings and electrical maintenance contracts that will be supplied to the inspectors by the Department. Determine the possible causes of power outages along highway lighting systems by checking the circuit breakers in cabinets or checking blown fuses in the circuit breakers in panels. Perform other duties as may be required.

Letters of Interest for this project must include a letter, signed by the individual proposed for TCIS positions, giving their approval to use their names in the letter of interest for a maximum of three resumes for the TCI classification shall be included with the letter of interest for this specific project.

The District's copy of the letter of interest and required forms (see general requirements and information section) shall be sent to: Andrew Warren, District Administrator, 200 Radnor-Chester Road, St. Davids, PA 19087.

Technical questions concerning the requirements for this project should be directed to James Kirkpatrick, District 6-0 at (610) 964-6553.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties  
Reference No. 08430AG2042**

The Department of Transportation will retain an engineering firm for an open-end contract to provide supplementary construction inspection staff under the Department's Inspectors-in-Charge to perform construction inspection services on various projects in Engineering District 2-0, that is Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties. The contract will include roadway and bridge construction projects, and material plan inspection. The contract will be for a minimum period of 30 months with a minimum cost of \$750,000.

It is anticipated that a maximum supplementary construction inspection staff of 15 inspectors will be required for this assignment. The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an open-end contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

a. Review of inspectors resumes with emphasis on construction inspection capabilities and specialized experience in the maintenance and protection of traffic, soils, structures, concrete, asphalt paving and drainage.

- b. Past performance.
- c. Understanding of Departments requirements, policies and specifications.
- d. Number of available inspectors in each payroll classification.
- e. Number of NICET certified inspectors in each payroll classification.
- f. Ability to provide CPM scheduling.

The qualifications and experience required of the firms inspectors will be established by the Department for each Work Order, and the qualifications of the firms proposed employes will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Inspector Materials (TCI Materials) (NICET Highway Materials Level 2 or equivalent)	1 (1)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	11 (11)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	4 (0)

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year 1997 will be the following rates:

<i>Payroll Classification</i>	<i>Rate Per Hour</i>	
Transportation Construction Inspector Materials (TCI—M)	\$35.42 (ST)	\$40.53 (OT)

<i>Payroll Classification</i>	<i>Rate Per Hour</i>	
Transportation Construction Inspector (TCI)	\$34.42 (ST)	\$39.28 (OT)
Technical Assistant (TA)	\$24.60 (ST)	\$27.00 (OT)

Maximum reimbursable per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting. The maximum rate per hour of inspection includes all costs to have the inspector on the project site.

The firm selected may be required to attend a preconstruction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item, and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation or construction.

Transmittal letters for the letters of interest shall be four pages or less.

A maximum of 14 resumes for the TCI classification and two resumes for the TCI-M classification shall be included with the letter of interest. No resumes are required for the TA classification.

The second copy of the letter of interest and required forms, (see general requirements and information section) shall be sent to: District Engineer, Engineering District 2-0, 1924-30 Daisy St., P.O. Box 342, Clearfield, PA 16830.

Technical questions concerning the requirements for this project should be directed to Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439. Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**General Requirements and Information**

Firms interested in providing the above work and services are invited to submit two copies of a letter of interest and required forms for each Project Reference Number for which the applicant wishes to be considered.

One copy of the letter of interest and required forms must be submitted to Director, Bureau of Design, Consultant Selection Committee, Forum Place, 555 Walnut Street, 7th Floor, Harrisburg, PA 17101-1900.

The letter of interest and required forms must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is 4:30 p.m. prevailing time of the thirteenth day.

The second copy of the letter of interest and required forms must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an individual, firm or

corporation which is permitted under State law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof.

Proposed DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the goal established, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small engineering firms, disadvantaged business enterprise engineering firms and other engineering firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include the following:

1. The project reference number for which the applicant wishes to be considered.
2. The firm's legal name, factious name (if applicable), and the firm's Federal identification number.
3. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant must indicate the names and license number of individuals who are directing heads or employees of the firm who is responsible of the firm's engineering activities, and whose names and seal shall be stamped on all plans, specifications, plats and reports issued by the firm.
4. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project." The Standard Form 255 must be signed, dated and filled out in its entirety including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project.

If a Disadvantage Business Enterprise (DBE) goal is specified for the project the DBE must be currently certified by the Department of Transportation, and the name of the firm and the work to be performed must be indicated in Item No. 6.

If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

5. Standard Form 254, "Architect-Engineer for Related Services Questionnaire" not more than 1 year old as of the date of this advertisement, must accompany each letter of interest for the firm, each party to a joint venture and for each subconsultant the firm or joint venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor of a Company, unless an acceptable Standard Form 254 for the prie and *each* subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office of Central Office Bureau identified in the individual project advertisement.

If the Standard Form 254 is not submitted with the letter of interest the transmittal letter shall indicate the dates that the Standard Forms 254 were submitted to the Bureau of Design and appropriate Engineering District/Central Office Bureau.

6. A "Workload Projection" form for the prime and each subconsultant/subcontractor. The "Workload Projection" form should indicate the firms current and anticipated workload compared to the anticipated capacity available during the agreement projected time frame.

4. Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include with each letter of interest a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. The latest audited overhead rate of the prime consultant and each subconsultant.

The assignment of the agreement/contract for the above advertisements will be made to one of the firms who submitted an acceptable letter of interest in response to this project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this notice, and/or to readvertise solicitation for the work and services.

## INSURANCE DEPARTMENT

### Allstate Insurance Company; Homeowners Insurance Program

On December 13, 1996, the Insurance Department received from Allstate Insurance Company a filing for a rate level and rules change for Homeowners insurance.

The company requests an overall 7.1% increase, amounting to \$7.58 million annually, to be effective March 17, 1997.

Unless formal administrative action is taken prior to February 11, 1997, the subject filing may be deemed approved by operation of law.

Copies of the filing are available for public inspection during normal working hours, by appointment, at the Insurance Department's offices in Harrisburg, Philadelphia, Pittsburgh and Erie.

Interested parties are invited to submit written comments, suggestions or objections to Jin Liu, Insurance Department, Office of Rate and Policy Regulation, Bureau of Property and Casualty Insurance, Actuarial Review Division, 1311 Strawberry Square, Harrisburg, PA 17120, within 30 days of publication of this notice in the *Pennsylvania Bulletin*.

### Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing, as authorized by section 9(a) of the act of June 5, 1968 (P. L. 140, No. 78) (40 P. S. § 1008.9(a)) in connection with their company's termination of the insured's automobile policy.

The hearing will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Raeford McIlwaine; file no. 96-121-06083; Nationwide Insurance Company; doc. no. P96-12-013; January 16, 1997, 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files, documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The insured must bring any evidence which the insured may want to offer at the hearing. The hearing will be held in accordance with the requirements of sections 9 and 10 of the act (40 P. S. §§ 1008.9 and 1008.10) and 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure).

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4289.

### Surplus Lines Advisory Organization

Under the provisions of section 1611 of Article XVI of The Insurance Company Law of 1921 (40 P. S. § 991.1611), the Insurance Commissioner of the Commonwealth of Pennsylvania is authorized to contract with a surplus lines advisory organization for advice and assistance in performing certain functions relative to the placement of surplus lines insurance. The Insurance Commissioner has contracted with the Pennsylvania Surplus Lines Association to function in such capacity, including receipt and review of all filings made by licensees under laws and regulations regulating the placement of surplus lines insurance.

All surplus lines licensees are hereby notified that all filings relating to the placement of surplus lines insurance shall be made with the Pennsylvania Surplus Lines Association and not with the Insurance Department. All filings shall be made in accordance with the procedures outlined in the procedures manual of the Pennsylvania Surplus Lines Association. You will be receiving a mailing which will include the procedures manual from the Pennsylvania Surplus Lines Association within 2 weeks of the date of this notice.

Contact the Pennsylvania Surplus Lines Association at The Pennsylvania Surplus Lines Association, Exton Professional Building, Suite 313, 319 North Pottstown Pike, Exton, PA 19341, (610) 594-1340 or 1 (888) 209-3230, FAX: 610-594-7623.

## TURNPIKE COMMISSION

### Request for Expanded Letters of Interest

The Turnpike Commission is seeking interested firms to submit Expanded Letters of Interest for the following project:

Reference No. 3-093. Environmental Engineering firm for an open-end Environmental Services Contract to provide environmental services for site characterization and remediation, and emergency response for underground storage tank facility compliance as required by the Department of Environmental Protection.

The services will include various projects being performed simultaneously with short completion schedules. The contract will be for a period of 2 years or maximum cost of \$500,000, whichever occurs first.

Direct inquiries to Deanne S. Metro, P.E., at (717) 939-9551, Extension 3731.

#### General Requirements and Information

Firms interested in performing the above services are invited to submit Expanded Letters of Interest to Paul A. Edmunds, P.E., Acting Deputy Executive Director—Engineering/Chief Engineer, Administration Building located on Eisenhower Boulevard at the Harrisburg-East Interchange near Highspire, PA (Mailing Address: P. O. Box 67676, Harrisburg, PA 17106-7676).

The Expanded Letters of Interest must include in the heading the project reference number indicated in the advertisement. A Standard Form 254, "Architect-Engineer and Related Services Questionnaire," not more than 1 year old as of the date of this advertisement, and Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project," must accompany each letter of interest. If the firm has multiple offices, the location of the office performing the work must be identified.

Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include with each letter of interest a copy of their registration to do business in the Commonwealth as provided by the Department of State.

The Turnpike Commission currently limits its participation in the remuneration of principals or consultant employees performing work on projects to \$72,800 per annum or \$35 per hour or their actual audited remuneration, whichever is less. The Commission currently limits

its participation in the consultant's indirect payroll costs (overhead) on design projects to 130% and the consultant's actual audited overhead rate, whichever is less.

The following factors will be considered by the Committee during their evaluation of the firms submitting letters of interest:

(A) Specialized experience and technical competence of firm.

(B) Past record of performance with respect to cost control, work quality and ability to meet schedules. The specific experience of individuals who constitute the firms shall be considered.

(C) Expanded Letters of Interest should include an indication of the prime consultant's and subconsultant's current workload by submitting Form D-427 (as revised 6/89) listing all Department of Transportation and Turnpike Commission projects.

(D) Location of consultant's office where the work will be performed.

(E) Listing of subconsultants intended. Any deviation from the subconsultants listed in the letter of interest will require written approval from the Commission, if selected.

(F) Special requirements of the project.

(G) Other factors, if any, specific to the project.

Each firm shall demonstrate in its Expanded Letter of Interest its ability to perform the specific requirements indicated for this project by including a maximum three page report on this subject.

The Expanded Letters of Interest and required forms must be received by 4 p.m., Friday, January 17, 1997. Any letters of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable Expanded Letters of Interest received in response to this solicitation, the order of selection will be established for the purpose of entering into an Open-End Agreement with the highest ranked firm. Technical Proposals or Requests for Proposals will not be requested.

The assignment of the above services will be made to one of the firms responding to this notice, but the Commission reserves the right to reject all letters of interest submitted, to cancel the solicitation requested under this notice and/or to readvertise solicitation for these services.

### Retention of Engineering Firm

#### Systemwide

#### Reference No. 3-092

The Turnpike Commission will retain four engineering firms for open-end contracts for engineering services on various projects located on the entire length of the Pennsylvania Turnpike System.

The services will encompass a wide range of design efforts with the possibility of several different types of projects being designed under short completion schedules.

The anticipated types of projects include bridge replacements or bridge rehabilitation with minor approach work; roadway rehabilitation or resurfacing projects; capital improvement projects (bridges or roadway); minor location studies, traffic studies, or any other engineering-related activity as determined by the Engineering Department to expedite a project. Each contract will be for a maximum cost of \$750,000, or for a period of 2 years, whichever occurs first.

Each firm may be required to: perform field surveys; plot topography and cross sections; prepare submissions for utility verification and relocation engineering; prepare submissions for field view meetings; prepare all pertinent submissions and material necessary for the Commission to prepare the application to the Pennsylvania Public Utility Commission (PUC) and for a PUC field conference; attend and supply any required information for all PUC meetings during the design of a project; develop erosion control details and narrative; develop right-of-way plans; prepare hydraulic report for waterway approvals; prepare type, size and location report; prepare structure drawings, including culverts, bridges and sign supports, for repair, rehabilitation or replacement; prepare traffic control plans with narrative; procure core borings; provide soil and foundation engineering reports; investigate utility and property involvements; perform traffic counts and speed and delay studies; and prepare construction plans, specifications and estimates.

Direct inquiries to Jeffrey C. Davis at (717)939-9551 ext. 5160.

# FEDERAL SURPLUS PROPERTY PROGRAM

## DEPARTMENT OF GENERAL SERVICES

### INVENTORY AND INFORMATION

The Department of General Services, Bureau of Supplies and Surplus Operations oversees the Federal Surplus Property Program within the Commonwealth of Pennsylvania in accordance with the Federal Property and Administrative Services Act of June 30, 1949, 63 Stat. 377 as amended. Personal property is made available on an equitable basis to our State Agency for allocation to eligible organizations at minimal service charges. Available property can include office equipment and furniture, clothing, hand tools, hardware, light machinery, heavy equipment and much more. Some of the equipment is new, while some may require repair, but all of the property is useful, and is available to your organization at a fraction of the cost of buying retail. Most nonprofit, tax-exempt organizations, such as municipalities, schools, emergency management agencies, day care centers and other public service organizations are eligible and have saved thousands of dollars annually through the use of federal surplus property.

All federal surplus property is donated on a first-come, first-served basis to eligible nonprofit organizations within the Commonwealth. A nominal cost is incurred by the participants in the form of a service charge to cover the state's cost of administering the program. Questions about the availability of items or about your organization's ability to participate in the Federal Surplus Property Program should be directed to: The Department of General Services, Bureau of Supplies and Surplus Operations, Federal Surplus Property Program, P. O. Box 1365, 2221 Forster Street, Harrisburg, PA 17105, or call TOLL-FREE 1-800-235-1555.
