READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

THE GENERAL ASSEMBLY

Recent Actions During the 1997 Regular Session of the General Assembly

The following is a summary of recent actions of the General Assembly during the 1997 Regular Session.

1997 ACTS—Acts 1 and 2 (numerical)

<i>Act No.</i>	<i>Enactment Date</i>	<i>Bill No.</i>	<i>Printer's No.</i>	<i>Effective Date</i>	<i>Subject Matter</i>
1997-1	Feb. 12	HB26	PN30	Immediately	School districts of third class—instructional day alternatives for districts affected by flash floods of July 19, 1996
1997-2	Feb. 14	SB178	PN390	Immediately*	Judiciary and Judicial Procedure (42 Pa.C.S.)—judges of Philadelphia Municipal Court and Philadelphia Traffic Court

*with exceptions

Effective Dates of Statutes

The effective dates specified above for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the Pennsylvania Consolidated Statutes provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the Laws of Pennsylvania are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the Laws of Pennsylvania to each law judge of the courts, to every county and public library of this Commonwealth, and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, State Records Center Building, 1825 Stanley Drive, Harrisburg, PA 17103, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

Legislative Bills and Documents

Copies of Senate Bills and Documents may be obtained from: Document Room, Senate of Pennsylvania, Room 34A, Main Capitol Building, Harrisburg, PA 17120, telephone (717) 787-6732.

Copies of House Bills and Documents may be obtained from: Document Room, House of Representatives, 35 Main Capitol Building, Harrisburg, PA 17120, telephone (717) 787- 5320.

CARL MEASE,
Director

[Pa.B. Doc. No. 97-348. Filed for public inspection March 7, 1997, 9:00 a.m.]

THE COURTS

Title 255—LOCAL COURT RULES

BRADFORD COUNTY

Rule of Civil Procedure No. 1910.12(e): Exception to Hearing Officer's Report; No. 96IR

Order

And Now, this 18th day of November 1996, the Court hereby adopts the following Bradford County Rule of Civil Procedure, to be effective thirty (30) days after the date of publication in the *Pennsylvania Bulletin* or January 1, 1997, whichever is the latter date.

It is further ordered that the District Court Administrator shall file seven (7) certified copies of this Rule with the Administrative Office of Pennsylvania Courts, two (2) certified copies to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*, one (1) certified copy to the Domestic Relations Committee and one (1) copy to the *Bradford County Law Journal* for publication in the next issue of the *Bradford County Law Journal*.

It is further ordered that this local rule shall be kept continuously available for public inspection and copying in the Prothonotary's Office.

By the Court

JEFFREY A. SMITH,
President Judge

B.C.R.C.P. 1910.12(e). Exceptions to Hearing Officer's Report.

(1) Each exception to the hearing officer's report regarding child support, spousal support, and alimony pendente lite shall be specifically identified by the party filing the exception as either:

(i) an exception asserting that the hearing officer made an erroneous finding of fact, or

(ii) an exception asserting that the hearing officer made an error of law.

(2) An exception asserting that the hearing officer made an erroneous finding of fact shall:

(i) identify the erroneous finding;

(ii) state specifically the finding which should have been made by the hearing officer;

(iii) specify any document which supports, or any witness whose testimony supports, the finding which should have been made by the hearing officer;

(iv) specify any document or testimony which supports the hearing officer's finding.

(3) An exception asserting that the hearing officer made an error of law shall identify the statute, rule, regulation, or judicial decision not applied or improperly applied by the hearing officer.

(4) All exceptions shall include a statement of the following:

(i) The obligor's income available for support, as claimed by the party filing the exceptions, together with a statement of the record evidence of the obligor's income;

(ii) The obligee's income available for support, as claimed by the party filing the exceptions, together with a statement of the record evidence of the obligor's income;

(iii) The amount of support which should have been ordered.

(5) Exceptions shall contain no discussion of the claims made.

(6) Any party filing exceptions shall immediately submit to the court administrator a motion for argument on the exceptions.

(7) Exceptions which are not in compliance with this rule or which are not briefed as ordered may be deemed to have been waived.

B.C.R.C.P. 1920.55. Exceptions to Master's Report.

Exceptions to the master's report regarding divorce and any related claims shall be governed by the practice of Rule 1910.12(e) of the Bradford County Rules of Civil Procedure, except that part (4) of B.C.R.C.P. 1910.12(e) shall not be applicable to claims other than support and alimony pendente lite. Each exception to claims for divorce, equitable distribution, alimony, counsel fees and expenses shall state specifically the conclusion which the excepting party claims should have been reached by the master.

DISCIPLINARY BOARD OF THE SUPREME COURT

Notice of Transfer of Attorney to Inactive Status

Notice is hereby given that Jerusa Carl Wilson, Jr. of Washington, D.C., has been transferred to inactive status by Order of the Supreme Court of Pennsylvania dated January 21, 1997, pursuant to Rule 111(b), Pa.R.C.L.E., which requires that every active lawyer shall annually complete, during the compliance period for which he or she is assigned, the continuing legal education required by the Continuing Legal Education Board. The Order became effective February 20, 1997 for Compliance Group due April 30, 1996.

ELAINE M. BIXLER,

Secretary

*The Disciplinary Board of the
Supreme Court of Pennsylvania*

[Pa.B. Doc. No. 97-350. Filed for public inspection March 7, 1997, 9:00 a.m.]

RULES AND REGULATIONS

Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 51 AND 53]

Administration and Commission Property

The Fish and Boat Commission (Commission) amends Chapters 51 and 53 (relating to administrative provisions; and Commission property). The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The amendments relate to administration and Commission property.

A. Effective Date

These amendments will go into effect upon publication of this order in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendments, contact Dennis Guise, Chief Counsel, (717) 657-4525, P. O. Box 67000, Harrisburg, PA 17106-7000.

C. Statutory Authority

These amendments are published under the statutory authority of sections 741 and 2711 of the code (relating to control of property; and issuing agents).

D. Purpose and Background

The amendments are designed to update, modify and improve Commission regulations relating to issuing agents and Commission property. The specific purpose for the various amendments is described in more detail under the Summary of Changes.

E. Summary of Changes

(1) *Chapter 51, Subchapter D (relating to issuing agents)*. The Commission issues a *Handbook for License Issuing Agents* that is distributed at the beginning of each license year. This handbook details procedures to be followed in the performance of an agency's responsibilities and is based on the code, the Commission's regulations and the experience gained by selling licenses over the years. The handbook also contains operational suggestions and highlights penalties that can be imposed for noncompliance with the code and the regulations promulgated thereunder. Sections 51.31—51.33 (relating to responsibility of issuing agents; resident and nonresident licenses; and effective date of fishing licenses and trout/salmon permits) currently address certain aspects of an issuing agency, including responsibilities, resident vs. nonresident status and the effective dates of licenses. However, a considerable portion of the Commission's requirements of an issuing agency as detailed in the handbook has not been adopted by the Commission as regulations. The result is a body of requirements absent the effect of law. The Commission therefore proposed regulations adopting the procedures in the handbook. This will provide remedies to the Commission for noncompliance that are not now available to it.

Since publication of the notice of proposed rulemaking, it has been brought to the Commission's attention that the following items were omitted: (1) a provision that covers gift licenses; (2) a provision recalling an issuing agency as provided in section 2711 of the code for the agency's failure to provide a summary book with each license that it issues; and (3) a provision making it

unlawful for an issuing agent or employe to provide false or misleading information on any license issued or to back date any license sold.

At its meeting on January 25, 1997, the Commission adopted the changes to the regulations as set forth in the notice of proposed rulemaking with the changes set forth previously.

(2) *Section 53.4 (relating to closed areas and hours)*. The Commission owns and operates fish culture stations, boating access areas, administrative facilities and other property. Some of the property is open for general public use; other properties are production or other facilities to which public access may be limited. This is ordinarily handled by use of signs or other means at the facilities. On rare occasions, persons enter or remain upon Commission property and disrupt ordinary operations. In these cases, the Executive Director should have the authority to issue a letter or order barring the person from entering or remaining on the property in question. Managers of Federal installations have similar authority, and it works well in the handful of episodes where specific individuals cause persistent problems at specific facilities. The Commission amended its property regulations by adding a new subsection to § 53.4 to give the Executive Director this authority.

(3) *Section 53.11 (relating to off-highway vehicles and snowmobiles)*. The section, as currently written, requires that the permit application include a statement from a physician licensed to practice in this Commonwealth describing the disability and certifying that the applicant meets the requirements of this section. One applicant has suggested that the Commission also accept certification from licensed chiropractors as well as medical doctors. Staff already have interpreted the section this way in light of court precedent and the practices of other State agencies. In addition, clarification is needed regarding what qualifies as an off-road motorized vehicle. One application for a permit described the off-road motorized vehicle as Ford Ranger 4x4 Truck; another described it as a golf cart or car or whatever is available. The Commission amended this section to address these concerns.

F. Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments impose no new costs on the private sector or the general public.

G. Paperwork

Under the *Handbook for License Issuing Agents*, issuing agents are already subject to certain reporting requirements. The amendments relating to issuing agents accordingly will not increase paperwork and will create no new paperwork requirements. The other amendments similarly will not increase paperwork and will create no new paperwork requirements.

H. Public Involvement

A notice of proposed rulemaking containing the proposed regulations was published at 26 Pa.B. 6089 (December 21, 1996). None of the proposed changes attracted public comment.

Findings

The Boat Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and no public comments were received.

(3) The adoption of the amendments to the regulations of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 51 and 53, are amended by amending §§ 51.32, 51.33, 53.4 and 53.11 and adding §§ 51.34 and 51.36 to read as set forth at 26 Pa.B. 6089 and by adding § 51.35 and amending § 51.31 to read as set forth in Annex A.

(b) The Executive Director will submit this order, 26 Pa.B. 6089 and Annex A to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order, 26 Pa.B. 6089 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

PETER A. COLANGELO,
Executive Director

Fiscal Note: Fiscal Note 48A-60 remains valid for the final adoption of the subject regulations.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart A. GENERAL PROVISIONS

CHAPTER 51. ADMINISTRATIVE PROVISIONS

Subchapter D. ISSUING AGENTS

§ 51.31. Responsibility of issuing agents.

(a) Issuing agents are responsible to insure that the fishing license application is fully completed by the applicant. The issuing agent may assist the applicant in completing the application, but the applicant shall sign his own name or place his mark in the place indicated on the application.

(b) Issuing agents shall verify the eligibility of the applicant for the class of license indicated on the application in accordance with § 51.32 (relating to resident and nonresident licenses). Issuing agents shall notate on the application the type of proof that the applicant provided to demonstrate resident status.

(c) The issuing agent shall transfer the information from the application to the license certificate, assuring that the information can be easily read. Information on the license certificate shall agree with the application and be typed or printed in ink.

(d) Agents shall use standard abbreviations supplied by the Commission for the color of hair and color of eyes.

(e) Each license shall bear the account number of the issuing agent and the signature or initials of the person issuing the license.

(f) Issuing agents shall issue licenses in numerical sequence.

(g) Issuing agents shall provide a *Summary of Fishing Regulations and Laws* with each license issued. Issuing agents also shall provide a copy of the summary book to any holder of a Senior Resident Lifetime Fishing License who requests one. Failure to comply with this subsection will be grounds for recall of the issuing agency as provided in section 2711 of the code (relating to issuing agents). Issuing agents are encouraged to provide a copy of the summary book, if adequate numbers are available, to other individuals who request one.

(h) Issuing agents are responsible to insure that when someone buys a license as a gift for another person, the person buying the license signs his name on the application and writes the word "gift" below his signature.

§ 51.35. Operation of the issuing agency.

(a) A person, sole proprietorship, partnership or corporation may apply to become an issuing agent of the Commission for the purpose of selling fishing licenses. The Commission will not consider an application unless it is accompanied by a bond in favor of the Commission in a minimum amount specified by the Commission.

(b) An entity accepted by the Commission to act as an issuing agent shall perform in the following manner:

(1) An issuing agent, including county treasurers, may not appoint subagents to issue fishing licenses, stamps or permits.

(2) Issuing agents shall file monthly reports of all fishing licenses, stamps and permits sold during the month in the manner determined by the Commission. Agents may file reports more frequently at the discretion of the agent.

(i) Agents shall include in their monthly reports detailed sales information and remittance for all licenses, stamps and permits sold during the reporting period.

(ii) Agents shall file their reports so that they are received in the Harrisburg office by the 15th of the month following the reportable month.

(iii) Agents shall file a report even if there is no sales activity to report for the month. Failure to file a report places the agency in a delinquent status.

(iv) Agents shall indicate their agent number on the report, as well as the remittance.

(3) Issuing agents shall retain the third copy of the license certificate and the original application for 1 year after the close of any given license year.

(4) Issuing agents shall maintain a bond in favor of the Commission in a minimum amount specified by the Commission for each location where licenses, stamps and permits are issued.

(5) An issuing agent may not borrow, lend or otherwise transfer a supply of licenses, stamps or permits to another agent without the prior written consent of the Commission.

(6) An issuing agent or an issuing agent's employe may not provide false or misleading information on a license issued. The date reported on a license sold shall be the date of the actual sale.

[Pa.B. Doc. No. 97-351. Filed for public inspection March 7, 1997, 9:00 a.m.]

FISH AND BOAT COMMISSION
[58 PA. CODE CHS. 61, 65 AND 69]
Fishing

The Fish and Boat Commission (Commission) amends Chapters 61, 65 and 69 (relating to seasons, sizes and creel limits; special fishing regulations; and fishing in Lake Erie and boundary lakes). The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The amendments relate to fishing.

A. Effective Date

These amendments will go into effect upon publication of this order in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendments, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000.

C. Statutory Authority

The amendments are published under the statutory authority of section 2102 of the code (relating to rules and regulations).

D. Purpose and Background

The amendments are designed to update, modify and improve Commission regulations relating to fishing. The specific purpose for the various amendments is described in more detail under the summary of changes.

E. Summary of Changes

(1) *Section 61.1 (relating to Commonwealth inland waters)*. Effective the 1982 fishing year, the Commission initiated a 15-inch, two fish per day policy for Landlocked Atlantic Salmon as part of the plan for introducing this species to Harveys Lake, Luzerne County, and later to Raystown Lake, Huntingdon County. For reasons that may never be fully understood, but certainly include the collapse of smelt populations in Harveys Lake and perhaps competition with other predatory fish in Raystown, the salmon never materialized despite serious stocking efforts. Stocking has been discontinued for some time, and netting of both waters indicates that few, if any, salmon remain. Thus, there is no need to have specific regulations on Landlocked Atlantic Salmon. The general regulations on all species of trout and salmon for inland waters will more than suffice for any Landlocked Atlantic Salmon that may still exist in Commonwealth waters. The Commission therefore amended this section to delete the specific regulations pertaining to Landlocked Atlantic Salmon.

(2) *Section 61.4 (relating to Conowingo Reservoir)*. Maryland and Pennsylvania historically have had a cooperative relationship regarding regulations for the "border" waters, Conowingo Reservoir and Youghiogheny Reservoir. Due primarily to the locations of the dams, Pennsylvania takes the lead on the Youghiogheny while Maryland takes the lead on the Conowingo. Staff was recently alerted that Maryland intends to implement changes to its regulations on the Conowingo Reservoir for 1997. Maryland proposes an 18-inch length limit for striped bass (and hybrids). The Maryland proposal also includes length limits of 24 inches for northern pike, 15 inches for walleye and 36 inches for muskellunge and muskellunge hybrids. Although staff believes that the 20-inch minimum length limit currently in effect for striped bass (and hybrids) is preferable, staff agrees with the other regula-

tions that Maryland proposes. The Maryland proposal of 24-inches for northern pike and 15-inches for walleye will coincide with Pennsylvania's regulations for those species. Although Maryland's proposal on muskellunge is inconsistent with Pennsylvania's regulations, it is acceptable to staff because it is on the conservative side and should impact relatively few anglers based on staff's perception of a very low number of muskellunge in these waters. Staff also suggests that any reference to Amur pike under the northern pike component of the regulations be deleted as it is doubtful that any of these fish continue to exist. The Commission therefore adopted regulations increasing the size limits of northern pike, walleye and muskellunge in the Conowingo Reservoir and deleting any reference to Amur pike.

(3) *Sections 65.2 and 65.6 (relating to delayed harvest fly-fishing-only areas; and delayed harvest artificial lures only areas)*. In the early 1980's, as part of modifying the special regulations program involved in trout management, the fishing hours for fly-fishing-only area were changed from "1 hour before sunrise to 1 hour after sunset" to "1 hour before sunrise—except opening day which is 8 a.m. to 1 hour after sunset." This designation has continued through 1996 with Delayed Harvest waters even though there is no need to have the special clause for the opening day of trout season inasmuch as these waters are intended to be open year around. None of the other special regulation programs have such a restriction. It is staff's intention to have fishing hours on Delayed Harvest waters no more restrictive than on other waters in special regulation trout programs. Therefore, the Commission amended these regulations to delete the reference to 8 a.m. on opening day in both sections.

(4) *Section 65.4a (relating to all-tackle trophy trout)*. A 7 mile stretch of Penns Creek, Centre County, and a 13.5 mile length of the Little Juniata River, Blair and Huntingdon Counties, where special regulations recently have been initiated (see § 65.24), form the basis for a program that is likely to grow as other select streams are considered. It is desirable to place this special regulation program under the same designation procedures applicable to other special regulations. This will make these special regulations easier to recognize in the license summary book and will provide a more systematic approach to this program. The Commission therefore adopted new regulations implementing the all-tackle trophy trout program.

(5) *Section 65.22 (relating to trout streams open to sucker fishing)*. For several years, portions of a few select trout-stocked streams under § 65.22 were open to sucker fishing (worms only) during the normal spring closure for approved trout waters. The program was in recognition of the popularity of this springtime tradition and how approved trout water status limited use on these waters given the extent of the stocking program. Currently, portions of only two streams (that is, Fishing Creek, Clinton County, and Bald Eagle Creek, Centre County) are involved, and it seems appropriate to consider discontinuation of this special regulation. The need for these regulations is questionable. Some of the most popular/better sucker fishing areas on both waters are outside of that provided for in the regulations and are not designated approved trout waters. Stocking will provide greater flexibility in scheduling preseason trout anytime rather than just the week before opening day to minimize problems with the sucker fishery. It will also reduce the temptation for angling for trout using the worms-only sucker designation as a guise.

(6) Sections 69.21—69.39 (relating to commercial fishing). Act 1994-79 banned the use of gill nets for commercial fishing on boundary lakes, effective January 1, 1996. As former gill net licensees convert to trap nets, it has become necessary to update the current regulations relating to trap nets.

Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments will impose no new costs on the private sector or the general public.

G. Paperwork

The amendments adopted will not increase paperwork and will create no new paperwork requirements.

H. Public Involvement

A notice of proposed rulemaking containing the proposed amendments was published at 26 Pa.B. 5982 (December 14, 1996). With regard to the changes to §§ 69.21—69.39, staff also directly solicited comments from all licensed commercial fisherman on Lake Erie.

None of the proposed changes attracted public comment except as follows:

The Commission received one comment from a sportsmen's group that expressed strong support for the Commission's discontinuance of its program designating certain trout streams as open to sucker fishing during the period March 1 to the opening day of regular trout season in April, as set forth in § 65.22.

The Commission also received one extensive and thoughtful comment regarding its proposed commercial fishing regulations set forth at §§ 69.21—69.39. The commentator offered many suggestions worthy of consideration. However, the extensive changes that he suggests, while within the scope of the proposed rulemaking, require further staff review and will profit from public input. Accordingly, the Commission adopted the regulations as proposed and will consider additional changes as proposed rulemaking at its spring 1997 meeting.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and that the comments received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 61, 65 and 69, are amended by amending §§ 61.1, 61.4, 65.2, 65.6, 65.24, 69.21—69.24, 69.26, 69.33, 69.37 and 69.39 and deleting §§ 65.22, 69.29, 69.34 and 69.36 to read as set forth at 26 Pa.B. 5982; and by adding § 65.4a to read as set forth in Annex A.

(b) The Executive Director will submit this order, 26 Pa.B. 5982 and Annex A to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order, 26 Pa.B. 5982 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

PETER A. COLANGELO,
Executive Director

Fiscal Note: Fiscal Note 48A-61 remains valid for the final adoption of the subject regulations.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart B. FISHING

CHAPTER 65. SPECIAL FISHING REGULATIONS

§ 65.4a. All-tackle trophy trout.

(a) The Executive Director, with the approval of the Commission, may designate waters as all-tackle trophy trout areas. The designation of waters as all-tackle trophy trout areas shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in designated and posted all-tackle trophy trout area except in compliance with the following requirements:

(1) The program is open to fishing year-round; there is no closed season.

(2) Minimum size is: 14 inches, caught on, or in possession on, the waters under regulation.

(3) The daily creel limit is: two trout-combined species—from 8 a.m. on the opening day of trout season in April until midnight Labor Day, except during the period from the day after Labor Day to the opening day of regular trout season of the following year, when no trout may be killed or had in possession on the waters under regulation.

(4) A current trout/salmon permit is required.

(c) This section applies to trout only. Inland regulations apply to all other species.

[Pa.B. Doc. No. 97-352. Filed for public inspection March 7, 1997, 9:00 a.m.]

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 91, 97, 99, 111 AND 115]

Boating

The Fish and Boat Commission (Commission) amends Chapters 91, 97, 99, 111 and 115. The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendments relate to boating.

A. Effective Date

These amendments will go into effect upon publication of this order in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendments, contact Dennis Guise, Chief Counsel, (717) 657-4525, P. O. Box 67000, Harrisburg, PA 17106-7000.

C. Statutory Authority

These amendments are published under the statutory authority of sections 5123 and 5124 of the code (relating to general boating regulations; and particular areas of water).

D. Purpose and Background

The amendments are designed to update, modify and improve Commission regulations on boating. The specific purpose for the various amendments is described in more detail under Summary of Changes. At its meeting on December 20, 1996, the Commission's Boating Advisory Board reviewed the amendments and recommended final adoption by the Commission.

E. Summary of Changes

(1) *Section 91.2(b) (relating to definitions)*. The regulations require that all boats display running lights (red/green side lights and a white stern light) while underway at night and during periods of limited visibility. Boats at anchor are required to display an anchor light (an all around white light). There appears to be some confusion by the public concerning when a boat is underway and when it is not. The Commission amended the regulation to add a definition of "underway," as set forth in the *Navigation Rules* published by the United States Coast Guard.

(2) *Section 91.5 (relating to parental and boat owner responsibility)*. The regulations currently place requirements on young boaters, including the prohibition against the operation of boats powered by motors in excess of 10 horsepower. See § 91.4 (relating to age of operator). Enforcement generally is not an issue, but in certain instances when more than a warning is needed, an enforcement officer's only recourse is to issue a citation to the youthful operator. In many cases when a law enforcement response in excess of a warning is required, it would be preferable to proceed against the adult parent or guardian or boat owner who allowed the child to violate the regulation. At its January 1997 meeting, the Commission amended this section to place the responsibility on the owner of the boat or the parent or guardian to assure compliance with the regulations.

(3) *Section 91.6 (relating to certificates)*. Several regulations require that certain boat operators obtain boating safety certificates before operating a motorboat. For example, § 91.4(b) provides that a person 12 to 15 years of age may not operate a motorboat propelled by a motor of greater than 10 horsepower without obtaining a boating safety certificate, unless there is at least one other person in the boat 16 years of age or older. When adopted, the intent of these regulations was to ensure that operators have sufficient knowledge to operate a boat. While implied, the regulations do not require that operators carry a certificate or show it to a law enforcement officer. This creates somewhat of a problem in that operators can state that they have a certificate, but the officer cannot demand proof of the certificate. The Commission amended the regulations to add a new section that places a general requirement that any certificate required by the code be carried and produced when requested by an enforcement officer.

(4) *Section 97.1(h) and (i)*. The term "open waters" as used in subsection (h) is not defined or described any-

where in the regulations. Nor is the term defined in the *Navigation Rules* or in *Chapman's Piloting*. Some individuals have interpreted this term as referring only to larger waters, such as Lake Erie, Raystown or other big lakes. So that this subsection is not misinterpreted, the Commission amended the regulation to delete the phrase "on open waters." The Commission also amended the section to add language to subsection (h) that would allow a law enforcement officer to proceed against the operator of a boat who does not cause a child 12 years of age or younger to wear a personal flotation device as required by this section. Although enforcement generally is not an issue, there are certain instances when more than a warning is needed and an enforcement officer's issuance of a citation to the child is not desirable. In addition, the Commission deleted subsection (i) because on May 1, 1996, its provisions became obsolete.

(5) *Section 99.1(b) (relating to boats requiring capacity plates)*. The Commission has received numerous telephone calls questioning the requirement for a capacity plate on pontoon boats. To eliminate any confusion that a pontoon boat does not require a capacity plate, the Commission amended this section to exempt specifically pontoon boats.

(6) *Section 111.31(c) (relating to Perez Lake, Huntingdon County)*. Perez Lake, located in Barree Township, Huntingdon County is owned and operated by Penn State University and is classified as an approved trout water. The lake is also open to public fishing. The University has established its own property regulations on Perez Lake. One of the University regulations is that only nonpowered and electric-powered boats are permitted on the lake. Because this section is solely a University property regulation, the Commission's enforcement officers cannot enforce it under the code. The Commission amended this section to add a new subsection that prohibits the operation of boats powered by internal combustion motors on Perez Lake.

(7) *Section 115.11 (relating to personal flotation devices)*. The current regulations permit the carriage and use of Type I and Type II personal flotation devices (PFDs) on passenger carrying vessels. This restriction is based on the better performance characteristics of these devices. Other generally approved PFDs have less buoyancy and may not perform as well in certain circumstances. The problem is that Type I and II PFDs are also more uncomfortable to wear. The Commission has been encouraging boaters to wear PFDs. Type III and V PFDs are much more wearable and would be a better choice than Type I and II devices on Pennsylvania inland waters yet cannot be used on passenger for hire boats. The Commission therefore amended the regulation to allow the use of Type III and V PFDs on boats carrying passengers for hire. It should be noted that this regulation applies only to sole State waters.

F. Paperwork

The amendments hereby adopted will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 26 Pa.B. 6091 (December 21, 1996). None of the proposed changes attracted public comment.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and no comments were received.

(3) The adoption of the regulations of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 91, 97, 99, 111 and 115, are amended by amending §§ 91.2, 97.1, 99.1, 111.31 and 115.11 and adding §§ 91.5 and 91.6 to read as set forth at 26 Pa.B. 6091.

(b) The Executive Director will submit this order and 26 Pa.B. 6091 to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director will certify this order and 26 Pa.B. 6091 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

PETER A. COLANGELO,
Executive Director

Fiscal Note: Fiscal Note 48A-59 remains valid for the final adoption of the subject regulations.

[Pa.B. Doc. No. 97-353. Filed for public inspection March 7, 1997, 9:00 a.m.]

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 53, 105 AND 109]

Commission Property and Boating

The Fish and Boat Commission (Commission) proposes to amend 58 Pa. Code Chapters 53, 105 and 109 (relating to Commission property; operational conditions; and specialty boats and waterskiing activities). The Commission is publishing these amendments as a notice of proposed rulemaking under 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments relate to Commission property and boating.

A. Effective Date

These proposed amendments will, if approved on final rulemaking, go into effect upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the proposed changes, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000.

C. Statutory Authority

These proposed amendments are published under the statutory authority of sections 741 and 5123 of the code (relating to control of property; and general boating regulations).

D. Purpose and Background

The proposed amendments are designed to update, modify and improve Commission regulations on boating. The specific purpose for the various amendments is described in more detail under the Summary of Proposal.

E. Summary of Proposal

(1) *Section 53.8 (relating to boats)*. The Commission has owned and operated lakes for fishing for many years. Boats of any kind were originally prohibited because these lakes were deemed to be for fishing. Over time, these restrictions were relaxed. First, unpowered boats, except sailboats, were permitted. Then the Commission allowed boats with electric motors. Finally, sailboats were permitted but were restricted to boats less than 14 feet on lakes less than 100 acres and less than 17 feet on all other lakes. Sailboats also were not permitted on trout stocked lakes from opening day of trout season until June 1.

The original restrictions were based on the principle that the lakes were fishing lakes and not boating. The actual reasons for the change in direction are lost in the records, but it is assumed that the Commissioners at that time began to realize that fishing from a boat did not hurt the resource and would provide additional enjoyment. Sailboats were considered not to be useful for fishing and therefore were not included. It was further thought that the operation of sailboats would impact the use of the lakes by fishermen. They feared uncontrolled sailboats running over anglers' fishing lines.

The use of Commission lakes by sailboats is limited, but the potential for additional use exists. Since the Commission is charged with providing both fishing and boating opportunities, the Commission proposes to amend

the current regulations to accommodate both uses within acceptable management principles. The proposed amendment will provide additional resources for use by sailboats. The Commission therefore proposes that § 58.3(b) be eliminated. The Commission's Boating Advisory Board (Board) previously recommended the publication of a notice of proposed rulemaking containing this change.

(2) *Sections 105.3 and 109.3 (relating to unacceptable boating practices; and personal watercraft)*. At the 1996 annual conference, the National Association of State Boating Law Administrators (NASBLA) adopted changes to the model Personal Watercraft Act. The amendments were directed at further refining the use and operation of these boats. Although the Commission already has implemented several of the changes, staff wished to include several new sections relating to operating in proximity of other boats. Additionally, staff proposed that the age for operating personal watercraft solo be raised to 16. Staff proposed that these changes be incorporated into § 109.3 (relating to personal watercraft).

At its December 20, 1996 meeting, the Board considered these changes and concluded, with the concurrence of staff, that the majority of the discussed restrictions should not apply solely to personal watercraft but to other boats as well. Therefore, the Board recommended that the Commission amend these provisions, with a few changes, into existing unacceptable boating practices in § 105.3. The Board, however, did not recommend that the Commission adopt the staff's recommendation that the age for operating personal watercraft solo be raised to 16 years.

At its January 25, 1997 meeting, the Commission considered these changes. With regard to § 105.3, the Commission approved the publication of a notice of proposed rulemaking consistent with the recommendations of the Board. With regard to § 109.3, the Commission, contrary to the recommendation of the Board, approved the publication of a notice of proposed rulemaking containing a provision that no person 15 years of age or younger may operate a personal watercraft on the waters of this Commonwealth, except a person 12 to 16 years of age may operate a personal watercraft if a person at least 18 years of age is on board the boat.

(3) *Sections 109.2—109.4 (relating to sailboards; personal watercraft; and waterskiing, aquaplaning, kite skiing and similar activities)*. The Coast Guard has adopted regulations that will allow manufacturers to produce fully inflatable personal flotation devices (PFD) for the recreational boating market in 1997. This action is seen by many as a major step forward in boating safety. With these devices, more boaters will be willing to wear a PFD. Wearing a PFD has been shown to be the single most effective factor that boaters can do to increase their chances of surviving a boating accident. However, the fully inflatable PFD is not designed to be the PFD of choice for all activities. While it is ideal for cruising boats and fishing boats, it is not well designed for use on boats where the participant ends up in the water on a routine basis. Examples of this type of boat would be personal watercraft and sailboats. Use by waterskiers also would have the reverse effect than that which is desired.

Some inflatable PFDs are being manufactured so that they automatically inflate when submerged; others must be manually inflated by jerking a cord. Both types will have an oral backup capability. Boaters and waterskiers who are frequently in the water will find an automatic

inflatable device an inconvenience as it inflates every time that it falls into the water. A manual inflation device also would not be a good choice because these individuals often end up in the water under conditions that would not allow them to inflate the device in time to save their lives. Manufacturers intend to place a warning label on their packaging about the dangers of using a fully inflatable PFD in the wrong circumstances. This warning to the purchaser will not be enough to prevent unknowledgeable boaters from purchasing or using these devices when they should not.

The Commission is therefore proposing amendments to §§ 109.2—109.4 that clarify that inflatable PFDs may not be used to meet the requirements of these sections. The Commission's Board previously recommended the publication of a notice of proposed rulemaking containing these changes.

F. Paperwork

The proposed amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The proposed amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed amendments will impose no new costs on the private sector or the general public.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendments to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

PETER A. COLANGELO,
Executive Director

Fiscal Note: 48A-64. No fiscal impact; (8) recommends adoption.

Subpart C. BOATING

CHAPTER 105. OPERATIONAL CONDITIONS

§ 105.3. Unacceptable boating practices.

It is unlawful to:

* * * * *

- (5) Cause a boat to become airborne or completely leave the water while crossing the wake of another boat when within 100 feet of the boat creating the wake.**
- (6) Weave through congested traffic.**
- (7) Follow too close to another boat, including personal watercraft. For the purposes of this paragraph, following too close shall be construed as operating in excess of slow, minimum height swell speed within 100 feet to the rear or 50 feet to the side of another boat that is underway, unless the boats are operating in a narrow channel, in which case the boats may operate at the speed and flow of other boat traffic.**
- (8) Operate within 100 feet of a waterskier being towed by another boat.**

CHAPTER 109. SPECIALTY BOATS AND WATERSKIING ACTIVITIES

§ 109.2. Sailboards.

* * * * *

(b) Personal flotation devices. [A person may not] It is unlawful for a person to operate or attempt to operate a sailboard on waters of this Commonwealth unless the person is wearing a Type I, II, III or V United States Coast Guard approved personal flotation device. Inflatable personal flotation devices may not be used to meet this requirement.

§ 109.3. Personal watercraft.

* * * * *

(b) It is unlawful for a person to operate, or be a passenger onboard, a personal watercraft on the waters of this Commonwealth unless the person is wearing a Type I, II, III or V United States Coast Guard approved personal flotation device. Inflatable personal flotation devices may not be used to meet this requirement.

* * * * *

(h) A person 15 years of age or younger may not operate a personal watercraft on the waters of this Commonwealth, except a person 12 to 16 years of age may operate a personal watercraft if a person at least 18 years of age is on board the boat.

§ 109.4. [Water skiing] Waterskiing, aquaplaning, kite skiing and similar activities.

* * * * *

(f) *PFDs.* [**A person may not**] **It is unlawful for a person to operate a boat on the waters of this Commonwealth for [water skiing] waterskiing unless each person being towed is wearing a Type I, II, III or V United States Coast Guard approved PFD. Inflatable PFDs may not be used to meet this requirement.**

GAME COMMISSION

[58 PA. CODE CH. 147]

Special Permits—Taxidermy

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its January 14, 1997, meeting, proposed the following amendments:

Amend Chapter 147, Subchapter G (relating to taxidermy) to conform with the changes to 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

These proposed amendments will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for these proposals is the code.

These proposals were made public at the January 14, 1997, meeting of the Commission and comments on these proposals can be sent to the Executive Director of the Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797 until April 4, 1997.

Proposed amendments to Chapter 147, Subchapter G

1. Introduction

By the act of December 19, 1996 (P. L. 442, No. 184) (Act 184), section 2926 of the code (relating to taxidermy permits), was amended to provide that taxidermy permits could be issued in three specific areas. This change in the law requires changes to Subchapter G insofar as it involves examination procedures. As a result, the Commission at its January 14, 1997, meeting proposed changing the subchapter. The proposal was made under the authority contained in section 2901(b) of the code (relating to regulations for permits).

2. Purpose and Authority

A change in the code authorizing the issuance of taxidermy permits in three specific areas requires the modification of taxidermy permit examination procedures. The proposed changes provide for restricted taxidermy permits and specify numbers and types of specimens to be submitted for the examination, as required by the statute.

Section 2901(b) of the code authorizes the Commission to promulgate regulations for the issuance of any permit and to control the activities which may be performed under the authority thereof. The proposed changes would be adopted under this authority.

3. Regulatory Requirements

Act 184 requires that as part of the taxidermy examination, an individual must present five specimens from each group for which he is seeking a permit. The proposed changes specify what types of specimens must be submitted and require the submission of 15 specimens for a general permit covering all three groups.

4. Persons Affected

Individuals wishing to be issued a taxidermy permit by the Commission would be affected by the proposed changes.

5. Cost and Paperwork Requirements

Act 184 requires submission of five specimens in each area, tripling the requirement for those wishing to practice taxidermy in all areas. The proposed changes reflect this change in Act 184. Clearly, there will be additional cost to the Commission in terms of having additional specimens examined. The amount of this cost is uncertain and will depend on the number of applicants.

6. Effective Date

These amendments will be effective on the final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information on the proposed changes, the contact person is James R. Fagan, Director, Bureau of Law Enforcement, (717) 783-6526, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

DONALD C. MADL,
Executive Director

Fiscal Note: 48-97; (1) Game and Wildlife Fund; (2) Implementing Year 1996-97 is \$minor; (3) 1st Succeeding Year 1997-98 is \$minor; 2nd Succeeding Year 1998-99 is \$minor; 3rd Succeeding Year 1999-00 is \$minor; 4th Succeeding Year 2000-01 is \$minor; 5th Succeeding Year 2001-02 is \$minor; (4) Fiscal Year 1995-96 \$n/a; Fiscal Year 1994-95 \$n/a; Fiscal Year 1993-94 \$n/a; (7) Game and Wildlife Fund; (8) recommends adoption.

Annex A

TITLE 58. RECREATION

PART III. GAME COMMISSION

CHAPTER 147. SPECIAL PERMITS

Subchapter G. TAXIDERMY

§ 147.121. Definitions.

In addition to the definitions in the act and § 131.2 (relating to definitions), the following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

General taxidermy permit—A permit issued to a person to engage in the activities described in section 2926(b) and (b.1) of the act (relating to taxidermy permits).

* * * * *

Restricted taxidermy permit—A permit issued to a person to engage in taxidermy for one of two specific categories only:

(i) **Big and small game, excluding wild turkey.**

(ii) **Fish or game birds including wild turkey.**

* * * * *

§ 147.122. Application.

(a) An application for examination shall be submitted on a form supplied by the Commission. A nonrefundable fee of \$50 shall be submitted with the application. An

additional \$100 shall be submitted for each category listed on the permit if the examination is passed.

(b) The applicant shall list on the application if testing for a general permit or a restricted permit. If the applicant is testing for a restricted permit, the category shall be listed.

- (1) Big and small game, excluding wild turkey.
- (2) Fish.
- (3) Game birds, including wild turkey.

§ 147.123. Taxidermy examination.

(a) Taxidermy permit applicants shall present [five] fifteen specimens that have been mounted by the applicant within the last 3 years. The required specimens shall be: One antlered whitetail deer head, [one small mammal, one upland game bird, one duck or other waterfowl and one fish.] one other big game specimen, two small game specimens and one furbearer specimen. Five different fish specimens will be required and five game birds shall include one wild turkey mount, two upland game birds and two waterfowl specimens. [The] All birds shall be mounted with the feet and legs visible. [The] All specimens shall be found in the wild within this Commonwealth.

(b) Restricted taxidermy permit applicants shall present five specimens that have been mounted by the applicant within the last 3 years in the category they are attempting to secure a permit. Big and small game applicants shall present one antlered whitetail deer head, one other big game specimen, two small game specimens and one furbearer specimen. Fish applicants shall present five different fish specimens, game bird applicants shall present one wild turkey, two upland game birds and two waterfowl specimens. All birds and waterfowl shall be mounted with the feet and legs visible. All specimens must be found in the wild within this Commonwealth.

- [(b)] (c) * * *
- [(c)] (d) * * *
- [(d)] (e) * * *

§ 147.129. Unlawful acts.

- (a) It is unlawful to:
 - * * * * *

(11) [Violate other provisions of this title or the act] Receive, possess or hold a specimen other than authorized when issued a restricted taxidermy permit.

(12) Practice taxidermy on a specimen other than authorized when issued a restricted taxidermy permit.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 57]

[L-950108]

Obsolete Regulations Concerning Electric Service

The Pennsylvania Public Utility Commission (Commission) on October 3, 1996, adopted a proposed rulemaking regarding the elimination of obsolete regulations regarding electric service. The rulemaking has two distinct purposes. The first is to eliminate regulations which the Commission believes are burdensome to the electric utility industry. These regulations relate to record maintenance, system frequency and sales promotion practices for gas and electric utilities. The second purpose is to revise the procedure to request exemption from the application of the undergrounding requirement for electric service in new residential developments. The contact person is Patricia Krise Burket, Assistant Counsel, Law Bureau, (717) 787-3464.

Executive Summary

By order entered May 23, 1995, the Commission adopted the Advance Notice of Proposed Rulemaking to Review and Rescind All Obsolete and Excessive Regulations. After a 60-day comment period, the Commission adopted the above-captioned proposed rulemaking by order entered January 25, 1996, at L-950108, which establishes a 30-day comment period. An amended proposed rulemaking order was adopted October 3, 1996, which addressed the procedure to request exemption from the application of the undergrounding requirement for electric service in new residential developments.

This order eliminates and revises regulations related to the electric and gas industries which the Commission believes are excessive and/or obsolete. Specifically, the rulemaking deletes § 57.13 (relating to records) which removes the burdensome requirements that records be kept at an office of the electric public utility within its service territory and be open to the Commission's inspection. Deletion of § 57.15 (relating to system frequency) will eliminate filing and maintenance of system frequency reports by electric utilities. Sections 57.61—57.67 and 59.51 will be deleted to remove burdensome paperwork requirements for electric and natural gas utilities in regard to sales promotion activities. Sections 57.85 and 57.86 (relating to tariff filings; and exceptions) will be revised to simplify the procedure whereby developers may be granted an exemption from requirement that electric service in new residential developments be located underground.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)) on February 20, 1997, the Commission submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Consumer Affairs and the Senate Committee on Consumer Protection and Professional Licensure. In addition to submitting the proposed amendments, the Commission has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Commission in compliance with Executive Order 1996-1. A copy of this material is available to the public upon request.

If the Legislative Committees have an objection to any portion of the proposed amendments, they will notify the Commission within 20 days of the close of the public comment period. If IRRC has objections to any portion of the proposed amendments, it will notify the Commission within 30 days after the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the proposed amendments, by IRRC, the General Assembly and the Governor of objections raised.

Public Meeting held
October 3, 1996

Commissioners Present: John M. Quain, Chairperson; Lisa Crutchfield, Vice Chairperson; John Hanger; David W. Rolka; and Robert K. Bloom

Amended Proposed Rulemaking Order

By the Commission:

By Order entered May 23, 1995, at Docket No. L-950103, we issued an Advance Notice of Proposed Rulemaking To Review And Rescind All Obsolete And Excessive Rules And Regulations. The advance notice was published in the *Pennsylvania Bulletin* on June 3, 1995, 25 Pa.B. 2188, and a 60-day comment period set. We received comments from the Pennsylvania Electric Association and our own Bureaus of Law and CEEP which were specific to the electric industry and reflected the need to eliminate two sections and revise other sections contained in Chapter 57. Accordingly, on January 25, 1996, at Docket No. L-00950108, we entered an order initiating a proposed rulemaking to revise Chapter 57. On May 22, 1996, however, we withdrew the proposed rulemaking order from consideration by the Office of Attorney General prior to publication so as to allow for Commission reconsideration of specific changes proposed to the regulations which require that electric service in new residential developments be placed underground.

The instant proposed rulemaking order covers the same subject matter as the previous order but with additional revisions to existing regulations. We believe that the revisions and deletions proposed will clarify, simplify and remove excessive and burdensome requirements from our electric service regulations.

We have decided to retain the undergrounding requirement for electric service in new residential developments. To compensate, we have proposed revisions which should streamline the existing process for obtaining exemptions from the requirement where compliance would work an undue hardship or is otherwise impractical.

Our review of the affected sections was careful and meticulous. We are well aware of our duty to ensure the safety of utility service, and our proposed changes will not result in any lapse in our mandate. The proposed changes are as follows:

§ 57.13. Records. Deletion of this section removes the burdensome requirement that records be kept at an office of the public utility within its service territory and open for Commission examination. New methods of electronic and optical data storage and transmission are available which eliminate the need to maintain hard copies of records on site.

§ 57.15. System frequency. This section is eliminated as excessive and obsolete.

§§ 57.61—57.67 and 59.51. Sales Promotion Practices for Gas and Electric Utilities. These regulations were

created at a time when there were fewer competitive forces acting upon Pennsylvania gas and electric utilities. These rules which require burdensome paperwork impose a market disadvantage on utilities as compared to new entrants and other nonregulated suppliers. Deletion of these regulations will permit gas and electric utilities to be innovative without the burden of reporting their sales activities months in advance of their implementation.

§ 57.85. Tariff filing. This regulation is unnecessary to the extent that it requires electric utilities to incorporate a Commission regulation on undergrounding requirements into their tariff rules. Repeating provisions of a regulation in a tariff does not increase the force of the regulation as it already must be obeyed. This regulation also requires that moneys received from an applicant for electrical service be credited to Contributions in Aid of Construction. As it is axiomatic that moneys paid to utilities by applicants for service for necessary and additional costs incurred by the utility for construction of facilities to serve the applicants are Contributions in Aid of Construction, the provision is surplusage that may be eliminated. Also, because of an internal Commission reorganization, the Bureau of Safety and Compliance referenced in subsection (c) is no longer the Commission bureau with which electrical utilities must file their undergrounding construction specification standards and revisions. The appropriate bureau is now the Bureau of Fixed Utility Services. The regulation will be revised to account for this change.

§ 57.86. Exceptions to mandatory undergrounding of electrical service in new residential developments. Commission regulations at §§ 57.81—57.88 require that electric service in new residential developments be placed underground. The existing procedure at § 57.86 that must be followed in order to obtain an exemption from the requirement not only is unnecessarily complicated, but also is inconsistent with other Commission procedures related to waiver of regulations. Therefore, this regulation will be revised to simplify the exemption process.

Accordingly, under sections 501, 504, 505, 506, 1301 and 1501 of the Public Utility Code, 66 Pa.C.S. §§ 501, 504, 505, 506, 1301 and 1501, and the Commonwealth Documents Law (45 P. S. § 1201 *et seq.*) and the regulations promulgated thereunder, we shall revise our original rulemaking order to accomplish the objectives described in the body of this order; *Therefore,*

It is Ordered That:

1. The previously instituted rulemaking proceeding is hereby amended as stated in the body of this order.
2. The Commission's regulations are hereby proposed to be amended by deleting §§ 57.13, 57.15, 57.61—57.67, and 59.51 and revising §§ 57.85 and 57.86 as stated in the body of the order.
3. The Secretary shall submit this order and Annex A to the Office of Attorney General for approval as to legality.
4. The Secretary shall submit this order and Annex A to the Governor's Budget Office for review of fiscal impact.
5. The Secretary shall submit this order and Annex A for informal review by the designated standing committees of both houses of the General Assembly, and for informal review and approval by the IRRC.
6. The Secretary shall deposit this order and Annex A with the Legislative Reference Bureau for publication in

the *Pennsylvania Bulletin*. Interested persons may submit written comments, an original and 15 copies, to John G. Alford, Secretary, Pennsylvania Public Utility Commission, and shall have 30 days from the date this order is published to submit comments.

7. A copy of this order shall be served upon the Pennsylvania Electric Association who submitted comments in the original rulemaking proceeding entered January 25, 1996.

JOHN G. ALFORD,
Secretary

Fiscal Note: 57-163. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 52. PUBLIC UTILITIES

PART I. PENNSYLVANIA PUBLIC UTILITY COMMISSION

Subpart C. FIXED UTILITY SERVICES

CHAPTER 57. ELECTRIC SERVICE

Subchapter B. SERVICE AND FACILITIES

§ 57.13. [Records] (Reserved).

[Records required by this chapter shall be kept within this Commonwealth at an office of the public utility located in the territory served by it, and shall be open for examination by the Commission or a representative of the Commission. If a utility finds it necessary to keep its records outside the territory served or this Commonwealth, the Commission shall be so notified.]

§ 57.15. [System frequency] (Reserved).

[(a) *Standard frequency.* A public utility supplying alternating current service shall adopt and file with the Commission a standard frequency or frequencies for its system, the suitability of which may at any time be determined by the Commission.

(b) *Allowable variation.* A public utility shall maintain the system frequency within 3% of the standard frequency adopted. Momentary variations of frequency of more than 3%, which are clearly not due to lack of proper equipment or reasonable care on the part of the public utility, will not be considered as violations of this section.

(c) *Records.* A public utility shall keep in continuous operation in the major generating station or in the office of the load dispatcher, one graphic recording frequency meter to record system frequency.]

Subchapter F. (Reserved)

(*Editor's Note:* As part of this proposal, the Commission is proposing to delete Subchapter F, §§ 57.61—57.67, which appears at 52 Pa. Code pages 57-44.2—57-49, serial pages (217208), (205795), (205796), (217209) and (205835)—(205839).)

Subchapter H. UNDERGROUND ELECTRICAL SERVICE IN NEW RESIDENTIAL DEVELOPMENTS

§ 57.85. [Tariff filing] Undergrounding construction; specification standards.

[(a) A public utility furnishing electric service to the public shall file a tariff supplement adding § 57.83 (relating to applicants for electrical service)

to its tariff. The tariff supplement shall become effective on the date filed.

(b)] Public utilities furnishing electric service to the public shall file their undergrounding construction, specification standards and revisions thereto with the Commission's Bureau of [Safety and Compliance] Fixed Utility Services.

[(c) Amounts the public utility receives under § 57.83(4) (relating to applicants for electrical service) shall be credited to Contributions in Aid of Construction.]

§ 57.86. Exceptions.

(a) Whenever a public utility or any affected person believes that the application of the tariff rule works an undue hardship, involves a physical impossibility[,] or is otherwise inappropriate, the utility or [persons] person may request an exception from the undergrounding requirements [of §§ 57.81—57.85] by providing the Commission with the following:

* * * * *

(2) A [letter] petition setting forth:

* * * * *

(b) [Upon the filing of an exception request, Commission staff will notify the utilities involved and the appropriate local government authority, review the facts stated in the request, and issue to the applicant and the utility an informal written report and decision within 180 days of the request for exception. Failure of the party requesting an exception to supply sufficient data within the 180 day period shall result in the automatic denial of the request.] A copy of the petition shall be mailed to all appropriate local government authorities, and to all other affected persons and utilities.

(c) [A public utility of an affected person may appeal the informal decision rendered by Commission staff by filing a letter petition with the Secretary of the Commission stating the facts in question and requesting a hearing. Appeals shall be referred to the Commission's Office of Administrative Law Judge for hearing and decision.

(d)] If an exception request initiated by an applicant for electric service is granted, and the applicant thereafter desires underground electric service, [then §§ 57.82 and 57.83 (relating to installation of distribution and service lines; and applicants for electric service) apply] this subchapter applies as if no exception [had] has been granted.

CHAPTER 59. GAS SERVICE

[SALES PROMOTION PRACTICES]

§ 59.51. [General] (Reserved).

[Sales promotion practices engaged in by gas utilities, or affiliates on their behalf, shall conform with §§ 57.61—57.67 (relating to sales promotion practices), which govern the forms of promotional activity in which electric and gas utilities under the jurisdiction of the Commission may engage.]

[52 PA. CODE CH. 58]

[L-00960118]

Residential Low Income Usage Reduction Programs

The Pennsylvania Public Utility Commission (Commission) adopted a proposed rulemaking to modify regulations to continue existing usage reduction programs for low income customers funded from gross utility revenues. The criteria for the continuation of low income usage reduction programs includes, but is not limited to: (1) annual funding for a utility's program; (2) integration of the program to operate with a utility's customer service and collection programs and other relevant public or private programs; (3) tenant eligibility; (4) onsite energy surveys; (5) program conservation measures; (6) conservation education; and (7) program evaluation. The contact persons are Rhonda Daviston, Assistant Counsel, Law Bureau, (717) 787-6166 and David Mick, Bureau of Consumer Services, (717) 783-3232.

Executive Summary

At the public meeting held September 19, 1996, the Commission adopted an order which promulgates the proposed rulemaking to extend the Residential Low Income Usage Program (LIURP) which is scheduled to expire on or before January 28, 1998.

The Commission recognizes LIURP's weatherization and conservation services have achieved significant benefits for utilities and low income customers. Analyses reveal that the LIURP program has achieved, among other goals, its initial goal of reducing energy usage, utility bills and arrearages for residential low income households. Based upon its experience with the LIURP program for over 9 years, the Commission believes that LIURP produces benefits for the regulated utilities associated with load management, avoided cost of future generation, and fuel purchasing, as well as diminished environmental impacts related to energy production and transmission. Reducing overall energy use through LIURP has implications for energy conservation which produces similar benefits.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 20, 1997, the Commission submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Consumer Affairs and the Senate Committee on Consumer Protection and Professional Licensure. In addition to submitting the proposed amendments, the Commission has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Commission in compliance with Executive Order 1996-1. A copy of this material is available to the public upon request.

If the Legislative Committees have objections to any portion of the proposed amendments, they will notify the Commission within 20 days of the close of the public comment period. If IRRC has objections to any portion of the proposed amendments, it will notify the Commission within 30 days after the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures

for review, prior to final publication of the regulations, by the Commission, the General Assembly and the Governor of objections raised.

Public Meeting held
September 19, 1996

Commissioners Present: John M. Quain, Chairperson; Lisa Crutchfield; John Hanger; David W. Rolka and Robert K. Bloom

Proposed Rulemaking Order

The LIURP expires on or before January 28, 1998. See § 58.3 (relating to establishment of residential low income usage reduction program). In order to continue this program, the regulations must be revised accordingly.

Since its inception in 1988, the LIURP program, §§ 58.1—58.18, has provided conservation services to more than 110,000 low income households. Services may have included full weatherization conservation treatments, furnace repair and replacement, water heating measures, and electric baseload measures.

Analyses of the program and its results reveal that LIURP has achieved, among other goals, its initial goal of reducing energy usage, utility bills and arrearages for residential low income households. Based upon the Commission's experience with the LIURP program over nearly 9 years, we believe that LIURP produces both load management and energy conservation benefits. Assisting low income customers to reduce energy demand has benefits associated with load management, avoided cost of future generation and fuel purchasing, as well as diminished environmental impacts related to energy production and transmission. Reducing overall energy use through LIURP has implications for energy conservation which produces similar benefits.

LIURP benefits can also be viewed from a broader perspective. LIURP services engender improved community relations for utility companies as they become partners in addressing critical social needs in their service territories. Because of the labor intensive nature of usage reduction services, LIURP is also producing economic development benefits. At the same time, LIURP is improving the condition of Pennsylvania's existing housing stock.

From the perspective of low income LIURP recipients, the program has several worthwhile benefits. These include improved comfort levels, safer living conditions through reduction in the use of secondary heating devices, and more moderate and manageable utility bills. Furthermore, reduced energy bills contribute to the availability of affordable housing for low income families.

The current regulations have been modified to reflect certain changes in the program and prospective changes in the utility markets. The definition of "covered utility" has been amended to confine the program's parameters to local distribution utilities to ensure that the utility that has direct customer access will continue to provide the LIURP program.

Refrigerator replacement has been specified in regulations so as to allow the electric utility more leeway in its program implementation. Next, upon informal requests from several utilities presently involved in the LIURP program, a section has been added to allow for landlord contributions. Finally, in response to other informal utility comments and requests, the special needs customer program has been expanded to allow for 20% of the utility's LIURP budget. This will give the covered utility

greater flexibility in administering its program by slightly expanding customer eligibility requirements.

Accordingly, under section 501 of the Pennsylvania Public Utility Code, 66 Pa.C.S. § 501, sections 201 and 202 of the Commonwealth Documents Law (45 P. S. §§ 1202 and 1202) and regulations promulgated thereunder at 1 Pa. Code §§ 7.1—7.5, we propose to amend our regulations at §§ 58.1—58.18 as set forth in Annex A; *Therefore,*

It is Ordered that:

1. A Rulemaking Docket shall be opened to consider regulations set forth in Annex A.

2. The Secretary shall submit a copy of this order and Annex A to the Office of Attorney General for review as to form and legality and to the Governor's Budget Office for review of fiscal impact.

3. The Secretary shall submit this order and Annex A for review and comment to the Independent Regulatory Review Commission and to the Legislative Standing Committees.

4. The Secretary shall duly certify this order and Annex A and deposit them with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

5. Within 30 days of this order's publication in the *Pennsylvania Bulletin*, an original and 15 copies of any comments concerning this order and Annex A should be submitted to the Pennsylvania Public Utility Commission, P.O. Box 3265, Harrisburg, PA 17105-3265.

JOHN G. ALFORD,
Secretary

Statement of Commissioner John Hanger

When the LIURP program began in 1988, it represented an ambitious attempt to provide conservation services to low income households. Since then, LIURP has been documented to be a useful program that works, and it should be continued. LIURP helps manage electric load for the utility, conserves energy and increases comfort while reducing payment problems for low income households while producing other community benefits as well.

I encourage interested parties to file comments on how to make this important program even better.

Fiscal Note: 57-179. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 52. PUBLIC UTILITIES

PART I. PENNSYLVANIA PUBLIC UTILITY COMMISSION

Subpart C. FIXED UTILITY SERVICES

CHAPTER 58. RESIDENTIAL LOW INCOME USAGE REDUCTION PROGRAMS

§ 58.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Covered utility—A jurisdictional electric or gas **local distribution** utility having sales of natural gas for purposes other than resale exceeding 10 billion cubic feet or sales of electric energy for purposes other than resale exceeding 750 million kilowatt-hours during the preceding calendar year or both.

* * * * *

§ 58.3. Establishment of residential low income usage reduction program.

A covered utility shall establish a usage reduction program for its low income customers. **[The program shall be initially offered by January 28, 1988, and shall continue for 10 years following the initial offering. A covered utility may, with the approval of the Commission, continue to provide services after 10 years from the initial offering of program services.]**

§ 58.8. Tenant eligibility.

(a) Program measures. An eligible customer who is a tenant shall have an equal opportunity to secure program services if the landlord has granted written permission to the tenant for the installation of program measures, and the landlord agrees, in writing, that rents will not be raised **unless the increase is related to matters other than the installation of the usage reduction measures**, and the tenant not evicted for a stated period of time at least 12 months after the installation of the program measures, if the tenant complies with ongoing obligations and responsibilities owed the landlord.

(b) Landlord contributions. A covered utility may seek landlord contributions as long as the contributions do not prevent an eligible customer from receiving program services. Contributions from landlords shall be used by the utility as supplemental to its approved Residential Low Income Usage Program budget.

§ 58.10. [Priority of program services] Program announcement.

* * * * *

(c) A covered utility may spend up to **[10] 20%** of its annual program budget on eligible special needs customers as defined in § 58.2 (relating to definitions).

§ 58.11. Energy survey.

(a) If an applicant is eligible to receive program services, an onsite energy survey shall be performed to determine if the installation of program measures would be appropriate. The installation of a program measure is considered appropriate if it is not already present and performing effectively and when the energy savings derived from the installation will result in a simple payback of 7 years or less. A 12-year simple payback criterion shall be utilized for the installation of side wall insulation, attic insulation, space heating system replacement **[and],** water heater replacements **and refrigerator replacement** when the expected lifetime of the measure exceeds the payback period.

* * * * *

COMMISSION ON CRIME AND DELINQUENCY

Statewide Community Corrections Conference

The Pennsylvania Commission on Crime and Delinquency (PCCD) and the Pennsylvania Commission on Sentencing (PCS) are co-sponsoring a Statewide Community Corrections Conference on May 19, 20 and 21, 1997, at the Harrisburg Hilton and Towers, One North Second Street, Harrisburg, PA. The conference will focus on areas of interest to criminal justice executives/administrators and program line staff.

Vendors from the criminal justice field are invited to participate in this Statewide conference and share their technology and equipment with the various county representatives.

For additional information, contact Helene Polanichka, Community Corrections Specialist, Commission on Crime and Delinquency, extension 3082, at either (717) 787-8559 or toll-free in Pennsylvania at (800) 692-7292.

DEPARTMENT OF AGRICULTURE

Pennsylvania Apple Marketing Program; Referendum Order

Referendum On Continuation Of The Pennsylvania Apple Marketing Program

I. The Pennsylvania Apple Marketing Program (Program) was initially established in 1987 under the provisions of the Agricultural Commodities Marketing Act of 1968 (act) (3 P. S. §§ 1001—1012). The Program has been continued by referendums conducted in 1992. The act and the Program require that the Secretary of Agriculture call a referendum of affected producers every 5 years to determine whether or not a majority of those voting still desire the Program.

II. *Referendum Period:* The referendum period shall be April 11, 1997, until 4 p.m. on April 25, 1997. Completed ballots shall be mailed or hand-delivered to the Office of the Secretary of Agriculture, 2301 North Cameron Street, Harrisburg, PA 17110-9408. Hand-delivered ballots must be received by 4 p.m. on April 25, 1997. Ballots that are mailed must be postmarked no later than April 25, 1997, and received no later than April 28, 1997.

III. *Notice of Referendum:* This referendum order and an official ballot shall be mailed no later than April 11, 1997, to all affected producers whose names appear on the list of Pennsylvania apple producers maintained in the Office of the Secretary of Agriculture. Additional copies of the same materials shall be made available at the Office of the Secretary of Agriculture.

IV. *Eligible Voters:* The rules governing the eligibility of a producer for voting are as follows: The record date for determination of whether a producer is eligible to vote is February 1, 1997. All producers with 500 or more apple trees of all ages, as of February 1, 1997, maintained for the purpose of producing or growing apples for sale are entitled to vote.

V. *Counting of Ballots:* The ballots will be canvassed and counted by a Teller Committee appointed by the Secretary of Agriculture. The counting of the ballots will begin at 10 a.m., Wednesday, April 30, 1997, in the State Agriculture Building, Harrisburg, PA. The Secretary will announce the results of the referendum within 30 days following the completion of the referendum period. The results will be published in the *Pennsylvania Bulletin* and disseminated to the news media.

VI. *Reporting Irregularities:* Any irregularities or disputes concerning the referendum procedures must be reported in written form to the Secretary of Agriculture not later than 7 calendar days from the end of the referendum period.

VII. *Publication:* This referendum order shall be published in the *Pennsylvania Bulletin* and the *Patriot-News*.

VIII. *Effective Date:* The foregoing order shall be effective from and after the first day of March, 1997.

CHARLES C. BROSIUS,
Secretary

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Consolidated Plan: Notice of 1996 Annual Performance Report Availability

The Department of Community and Economic Development makes available for public review the 1996 Annual Performance Report (APR) for the Commonwealth of Pennsylvania's Consolidated Plan. The 1996 APR reports on activities which were outlined in the Consolidated Plan for Federal fiscal years 1995 through 1999 as well as the Action Plan for 1996. The report describes progress in achieving the Commonwealth's 5-year strategy, including resources made available and activities completed in Federal fiscal year 1996. This report will be submitted to the U. S. Department of Housing and Urban Development by March 31, 1997.

Copies of the draft Annual Performance Report are available for public comment now through March 24, 1997 at the locations listed below. The final APR will be made available again at these same locations, following approval by HUD.

County Commissioners—A copy will be sent to the Chairperson of each County Board of Commissioners.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received, and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Applications received for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Northwest Regional Office: Regional Manager, Water Management, 230 Chestnut Street, Meadville, PA 16335; telephone (814) 332-6942.

PA 0042731. Industrial waste, SIC: 4953. **Warren County Solid Waste Authority**, Warren County Courthouse, Warren, PA 16365.

This application is for renewal of an NPDES permit, to discharge treated industrial waste to the Allegheny River in Pleasant Township, **Warren County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Allegheny River and Emlenton Water Company located at Emlenton, approximately 90 miles below point of discharge.

The proposed discharge limits for Outfall No. 001, based on a design flow of .008 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	75	150	188
NH ₃ -N	20		50
Total Suspended Solids	50	100	150
Total Iron	3.5	7.0	8.8
Manganese	1.0	2.0	2.5
Oil and Grease	15		30
Aluminum	0.275	0.55	0.69
Copper	0.009	.018	0.023
7P 4,4'-DDT	0.0015		0.018
Fecal Coliforms (5-1 to 9-30)	200/100 ml		
(10-1 to 4-30)	2,000/100 ml		
Total Residual Chlorine	.5		1.2
pH	6.0—9.0 at all times		

The EPA waiver is in effect.

Southwest Regional Office: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

PA 0005746. Industrial waste, SIC: 3229, **Corning Consumer Products Company**, 100 Eighth Street, Charleroi, PA 15022.

This application is for renewal of an NPDES permit to discharge treated process water, cooling water, untreated non-contact cooling water and stormwater from the Charleroi Plant in Charleroi Borough, **Washington County**.

The following effluent limitations are proposed for discharge to the receiving waters, Monongahela River, classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first existing/proposed downstream potable water supply (PWS) is Pennsylvania Water Company, located at Aldrich Station, below the discharge point.

Outfall 001: existing discharge, design flow of 1.3 mgd (formerly Outfall No. 004).

<i>Parameter</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
Flow (mgd)	monitor and report				
TSS	43	86	25	50	
Temperature (°F)					110
Oil and Grease	17	34	10	20	
pH	6.0—9.0				

Outfall 101: new discharge to 001.

<i>Parameter</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
Flow (mgd)	monitor and report				
TSS			31	60	
Chromium (T)			1.71	2.77	
pH	6.0—9.0				

Outfalls 002 and 003: existing discharge, design flow of N/A mgd.

<i>Parameter</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
discharge consists of stormwater runoff only					

The EPA waiver is in effect.

PA 0217557. Industrial waste, SIC: 9999, **Delta Chemicals Site Response Action Group**, P. O. Box 2009, Pittsburgh, PA 15230-2009.

This application is for issuance of an NPDES permit to discharge treated groundwater from seeps at Delta Chemicals Site, North Buffalo Township, **Armstrong County**.

The following effluent limitations are proposed for discharge to the receiving waters, unnamed tributary to Buffalo Creek, classified as a high quality TSF fishery with existing and/or potential uses for aquatic life, water supply and

recreation. The first existing/proposed downstream potable water supply (PWS) is Clearview Water Supply, located on the Allegheny River, approximately 21.4 miles below the discharge point.

Outfall 001: new discharge, design flow of 0.022 mgd.

<i>Parameter</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
Flow	monitor and report				
TSS			30		60
Carbon Tetrachloride			0.001		0.0025
Chloroform			0.001		0.0025
1,1-Dichloroethane			0.001		0.0025
1,2-Dichloroethylene			monitor and report		
1,1,1-Trichloroethane			0.001		0.0025
1,1,2-Trichloroethane			monitor and report		
Trichloroethylene			0.0013		0.0033
Tetrachloroethylene			0.01		0.025
1,1,2,2-Tetrachloroethylene			monitor and report		
Dissolved Iron					7.0
pH	6.0—9.0				

The EPA waiver is in effect.

PA 0028801. Sewage, **Moon Township Municipal Authority**, 1700 Beaver Grade Road, Suite 200, Moon Township, PA 15108-9482.

This application is for renewal of an NPDES permit to discharge treated sewage from the Montour Run Water Pollution Control Plant in Moon Township, **Allegheny County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as Ohio River Back Channel, which are classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the ARCO Chemical Company, BV Plant, on the Ohio River.

Outfall 001: existing discharge, design flow of 6.2 mgd.

<i>Parameter</i>	<i>Concentration (mg/l)</i>			
	<i>Average Monthly</i>	<i>Average Weekly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
CBOD ₅	25	38		50
Suspended Solids	30	45		60
Fecal Coliforms				
(5-1 to 10-31)	200/100 ml as a geometric mean			
(11-1 to 4-30)	2,000/100 ml as a geometric mean			
Total Residual Chlorine				
1st month—36th month	monitor and report			
37th month—expiration		0.5		1.6
pH	6.0—9.0			

The EPA waiver is not in effect.

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2511.

PA 0062341. Sewerage, **Fawn Lake Forest Water Company**, P. O. Box D, Waymart, PA 18472.

This proposed action is for renewal of an NPDES permit to discharge treated sewage into Teedyuskung Creek in Lackawaxen Township, **Pike County**.

The receiving stream is classified for the following uses: high quality, cold water, fishery, aquatic life, water supply, recreation and special protection.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the proposed downstream potable water supply (PWS) considered during the evaluation is the Stroudsburg/E. Stroudsburg water intake located on the Delaware River.

The proposed effluent limits for Outfall 001 based on a design flow of .15 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	15.0	30.0
Total Suspended Solids	30.0	60.0

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
NH ₃ -N (5-1 to 10-31)	3.0	6.0
(11-1 to 4-30)	9.0	18.0
Dissolved Oxygen	a minimum of 7.0 mg/l at all times	
Fecal Coliforms (5-1 to 9-30)	200/100 ml as a geometric mean	
(10-1 to 4-30)	2,000/100 ml as a geometric mean	
pH	6.0—9.0 standard units at all times	
Total Residual Chlorine		
First month through the 36th Month	monitor and report	
37th Month through Expiration Date	.20	.46
NO ₂ +NO ₃ as "N"	14.0	28.0

The EPA waiver is in effect.

PA 0020940. Sewerage, Tri-Boro Municipal Authority, 216 E. Main Street, Susquehanna, PA 18847.

This proposed action is for renewal of an NPDES permit to discharge treated sewage into the north branch of the Susquehanna River in the Borough of Susquehanna Depot, **Susquehanna County**.

The receiving stream is classified for the following uses: warm water, fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is the Pennsylvania/New York State Border located on the Susquehanna River.

The proposed effluent limits for Outfall 001 based on a design flow of 0.50 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Weekly Average (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25.0	40.0	50.0
Total Suspended Solids	30.0	45.0	60.0
Fecal Coliforms (5-1 to 9-30)	200/100 ml as a geometric mean		
(10-1 to 4-30)	2,000/100 ml as a geometric mean		
pH	6.0—9.0 standard units at all times		
Total Residual Chlorine	1.0		2.0

Point sources 002 and 003 serve as combined sewer reliefs necessitated by stormwater entering the sewer system and exceeding the hydraulic capacity of the sewers and/or the treatment plant, and are permitted to discharge only for such reason. There are, at this time, no specific effluent limitations on these discharges.

The EPA waiver is in effect.

PA 0020940. Sewerage, Tunkhannock Borough Municipal Authority, P. O. Box B, Tunkhannock, PA 18657.

This proposed action is for renewal of an NPDES permit to discharge treated sewage into Tunkhannock Creek in Tunkhannock Township, **Wyoming County**.

The receiving stream is classified for the following uses: trout stocking fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is the Danville Water Authority located on the Susquehanna River.

The proposed effluent limits for Outfall 001 based on a design flow of .30 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Weekly Average (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25.0	40.0	50.0
Total Suspended Solids	30.0	45.0	60.0
Fecal Coliforms (5-1 to 9-30)	200/100 ml as a geometric mean		
(10-1 to 4-30)	2,000/100 ml as a geometric mean		
pH	6.0—9.0 standard units at all times		
Total Residual Chlorine	1.0		2.0

Point sources 002 and 003 serve as combined sewer reliefs necessitated by stormwater entering the sewer system and exceeding the hydraulic capacity of the sewers and/or the treatment plant, and are permitted to discharge only for such reason. There are, at this time, no specific effluent limitations on these discharges.

The EPA waiver is in effect.

Southeast Regional Office: Regional Manager, Water Management, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-6130.

PA 0057029. Industrial waste, **Hewlett-Packard Company**, 2850 Centerville Road, Wilmington, DE 19808.

This application is for issuance of an NPDES permit to discharge treated groundwater from Hewlett-Packard groundwater remediation system consisting of air stripper and carbon units and located at Avondale Division, Route 41 and Starr Road in New Garden Township, **Chester County**. This is a new discharge to unnamed tributary to Egypt Run.

The receiving stream is classified for cold water fish, potable water supply, industrial water supply, livestock water supply, wildlife water supply, irrigation, boating, fishing, water contact sports and esthetics.

The proposed effluent limits for Outfall 001, based on an average flow of 0.144 mgd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Chloroform	.006	.012	.015
1,1-Dichloroethylene	.00015	.0003	.00037
1,2-Cis Dichloroethylene	monitor only	monitor only	monitor only
1,2-Trans Dichloroethylene	.8	1.6	2.0
Tetrachloroethylene	.002	.004	.005
Trichloroethylene	.008	.016	.020
pH	within limits of 6.0—9.0 standard units at all times		

The EPA waiver is in effect.

Public Hearing

The Department of Environmental Protection will hold a public hearing to receive testimony and comments on the P. H. Glatfelter Company application for the renewal of an existing NPDES permit, which entails an industrial wastewater discharge, a noncontact cooling water discharge and stormwater discharges into the Codorus Creek.

The hearing will be held on Wednesday, April 9, 1997 at the North Codorus Township Fire Hall in Spring Grove beginning at 7 p.m.

Any person intending to testify at the hearings should contact Susan Frank, DEP Community Relations Coordinator at (717) 541-7969 on or before April 2, 1997. Persons unable to attend the hearing may submit written testimony before April 21, 1997 to Susan Frank at One Ararat Boulevard, Harrisburg, PA 17110.

All testimony should be to the point. Each individual will have up to 10 minutes for his/her presentation. To ensure that all speakers have a fair and equal opportunity to present their testimony, relinquishing of time will be prohibited. Further details relating to the procedures to be followed at the hearing will be outlined at the beginning of the proceedings.

An appointment may be scheduled to review the permit application at the Southcentral Regional Office in Harrisburg by contacting Mary DiSanto at (717) 540-5018 between the hours of 8 a.m. and 4 p.m., Monday through Friday.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceedings should contact the Department for assistance. TDD users may use the AT&T Relay Service at 1 (800) 654-5984.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection. Persons objecting on the grounds of

public or private interest to the approval of an application or submitted plan may file a written protest with the Department of Environmental Protection at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number, identification of the plan or application to which the protest is addressed and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protests. Each writer will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Industrial waste and sewerage applications under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Northwest Regional Office: Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6942.

WQM Permit No. 4397403. Sewage. **Hermitage Municipal Authority**, 800 North Hermitage Road, Hermitage, PA 16148. This project is for the proposed construction of a small duplex pump station in the City of Hermitage, **Mercer County**.

WQM Permit No. 1097404. Sewage. **Ehrman Farms, L. P.**, 1700 North Highland Road, Pittsburgh, PA 15241. This project is for the proposed construction of a force

main and pump station to serve 186 lots at the Ehrman Farms residential development in Cranberry Township, **Butler County**.

WQM Permit No. 4397401. Sewage, **Gerald C. Fleet**, SRSTP, 1066 Jackson Center—Polk Rd., Stoneboro, PA 16153. This project is for the construction of a single residence sewage treatment plant in Worth Township, **Mercer County**.

WQM Permit No. 4397402. Sewage, **Alan and Carol Kumrow**, SRSTP, R. D. 1, Stateline Rd., West Middlesex, PA 16159. This project is for the construction of a single residence sewage treatment plant in Shenango Township, **Mercer County**.

Southwest Regional Office: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

A. 56217-T1. Amendment No. 1. Industrial waste, **Consolidated Rail Corporation**, 2001 Market Street, P. O. Box 41415, Philadelphia, PA 19101-1415. Application for the construction and operation of a separation system (steel basin) for stormwater runoff at the Cresson Engine House located in Cresson Borough, **Cambria County**.

A. 466S18. Amendment No. 1. Sewerage, **West Mifflin Sanitary Sewer Authority**, 1302 Lower Bull Run Road, West Mifflin, PA 15122-2902. Application for the construction of the Kenmore Pump Station for the purpose of eliminating the Kenmore Sewage Treatment Plant located in the Borough of West Mifflin, **Allegheny County**.

A. 0497401. Sewerage, **The Alta Group, Inc.**, 195 Hartzell School Road, Fombell, PA 16123-9518. Application for the construction and operation of Sewage Treatment Plant and Outfall and Headwall located in the Township of Marion, **Beaver County** to serve the Alta Group, Inc. Office/Service Bldg. Sewage Treatment Plant.

A. 0497402. Sewerage, **Rochester Borough**, 300 West Park Drive, Rochester, PA 15074. Application for the construction and operation of sanitary sewer extensions and a pump station located in the Borough of Rochester, **Beaver County** to serve the Rochester Sewer Line and East Bank Lane Pump Station.

A. 6596201. Amendment No. 1. Sewerage, **American Video Glass Company**, 777 Technology Drive, Mt. Pleasant, PA 15666-2715. Application for the construction of a wastewater treatment facility for a proposed television picture tube manufacturing facility located in the Township of East Huntingdon, **Westmoreland County** to serve the American Video Glass Company.

SAFE DRINKING WATER

Applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17).

Southeast Regional Office: Sanitarian Regional Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428-2233, telephone (610) 832-6130.

A. 0997504. Public water supply, **Village II Community Association**, Samuel Cinamon, P. O. Box 461, New Hope, PA 18938. This proposal involves the permitting of an existing water supply system in New Hope Borough, **Bucks County**.

Southwest Regional Office: Regional Manager, Water Supply and Community Health, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

A. 6386502-A1. **Franklin Manor Utilities, Ltd.**, 37 Highland Avenue, Washington, PA 15301. Modification of

existing public water system to add Aqua-Mag with new chemical feed equipment for corrosion control and to sequester iron and manganese serving South Franklin Township, **Washington County**.

A. 0481502-A2. **Beaver Borough Municipal Authority**, 469 Third Street, Beaver, PA 15009. Modification of existing permitted system for fluoride addition; addition of existing water storage tank serving Beaver Borough, **Beaver County**.

A. 0285502-A2. **Borough of Cheswick**, 220 South Atlantic Avenue, P. O. Box 235, Cheswick, PA 15024. Installation of a water well, replace the existing chlorine room and equipment, install a booster pump and a water system interconnection with the Harmar Township Municipal Authority, Cheswick Borough, **Allegheny County**.

Bureau of Water Supply Management, Division of Drinking Water Management, 400 Market Street, Harrisburg, PA 17105. Contact: Godfrey C. Maduka; (717) 787-9037.

A. 9996447. **Minnehaha Water Company**, 1906 East 40th Street, Cleveland, OH 44103; Michael Wright, President. Applicant requests Department approval to sell bottled water in Pennsylvania under the brand names: Minnehaha Spring Water, Star Tech Deionized Water, Hunting Valley Pure Water and Spring Rock Spring Water.

Southcentral Regional Office: Sanitarian Regional Manager, One Ararat Boulevard, Harrisburg, PA 17110, telephone (717) 657-4692.

A. 2297501. Public water supply, **Cedar Manor Mobile Home Park**, Londonderry Township, **Dauphin County**, (Frank T. Perano, Owner, Cedar Manor MHP, Box 278, King of Prussia, PA 19406), installation of pb/cu corrosion control equipment using Aqua-Mag, (Alex A. McIntyre, Alex A. McIntyre Consulting Engineer, 1297 Wheatland Avenue, Lancaster, PA 17111).

Northeast Regional Office: Sanitarian Regional Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2511.

5297501. Public water supply, **Tafton Water Company** (Wilson Hill Development), P. O. Box 149, Hawley, PA 18428. This proposal involves the addition of a 20,000 gallon storage tank, duplex booster pumps, and three hydropneumatic tanks to the facilities at wellhouse no. 1. It is located in Palmyra Township, **Pike County**.

Engineer: Fred C. Schoenagel, R. R. 3, Box 15, Greentown, PA 18426.

Northwest Regional Office: Sanitarian Regional Manager, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6899.

A. 4297502. Public water supply, **Aiken Water Company, Inc.**, Box 208, Gifford, PA 16732-0208. This proposal involves the construction of well no. 3. This well will replace the existing no. 1 well. Well no. 1 will go to emergency status only. Well no. 3 is located in Lafayette Township, **McKean County**.

Public Meeting

The Department of Environmental Protection will hold a public meeting to discuss the Arthur W. Davis Farm permit application for a Drinking Water Sediment Storage Impoundment in Carroll Township, **Perry County**. The Department will explain the permitting process and the status of the permit application.

The meeting will be held on Thursday, April 10, 1997, at the Shermansdale Ambulance Building on Richwine Road beginning at 7 p.m.

Both DEP staff and the applicant will give presentations at the meeting. After the presentations, the Department will solicit questions from the community. Further details about the meeting procedures will be outlined at the beginning of the meeting.

An appointment may be scheduled to review the permit application at the Southcentral Regional Office in Harrisburg by contacting Mary DiSanto at (717) 540-5018 between the hours of 8 a.m. and 4 p.m., Monday through Friday.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceedings should contact the Department for assistance. TDD users may use the AT&T Relay Service at 1 (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDICATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-5217.

Constantine Pontiac, City of Pittsburgh, **Allegheny County**. Artspace Projects, Inc., dba Artists & Cities,

4551 Forbes Avenue, 3rd Floor, Pittsburgh, PA 15213 has submitted a Notice of Intent to Remediate soil contaminated with BTEX. The applicant proposes to remediate the site to meet the Statewide health standard.

Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-5950.

Hostrander Residence, East Norriton Township, **Montgomery County**. Christopher S. Jaccarino, P. G., Lehigh Valley Environmental, Inc., 970 Vine St., Macungie, PA 18062, has submitted a Notice of Intent to Remediate site soil and groundwater contaminated with petroleum hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health standards.

LAND RECYCLING AND ENVIRONMENTAL REMEDICATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified below, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period, a municipality may request that the person identified below, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If informa-

tion concerning this acknowledgment is required in an alternative form, contact Steve Curcio at (814) 332-6816. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department of Environmental Protection has received the following Notice of Intent to Remediate.

Northwest Regional Office: John Fruehstorfer, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, telephone (814) 332-6648.

Hanley Brick Yard Site, Hanley Drive, Lewis Run Borough, **McKean County**, has submitted a Notice of Intent to Remediate soil. The site has been found to be contaminated with PHCs. The applicant proposes to remediate the site to meet the Site specific standard.

New Castle Commerce Park Extension, Parcel 1 and 3 and McClure Johnston Lot 1A, New Castle, City of, **Lawrence County**, has submitted a Notice of Intent to Remediate soil and groundwater. The site has been found to be contaminated with lead, heavy metals and PAHs. The applicant proposes to remediate the site to meet special industrial standards.

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-5950.

Coca Cola Bottling Company, Folcroft Borough, **Delaware County**. Dean Jeffery Telego, Risk Management Technologies, Corp., 110 N. Royal St., Suite 301, Alexandria, VA 22314, has submitted a Notice of Intent to Remediate site soil and groundwater contaminated with BTEX and solvents. The applicant proposes to remediate the site to meet site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Delaware County Daily Times* on February 12, 1997.

SOLID AND HAZARDOUS WASTE BENEFICIAL USE DETERMINATIONS

Applications received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and residual waste regulations for a General Permit to operate residual waste processing facilities and the beneficial use of residual waste other than coal ash.

Central Office: Division of Municipal and Residual Waste, 14th Floor, Rachel Carson State Office Building, 400 Market St., Harrisburg, PA 17101-2301.

General Permit Application No. WMGR052. Duquesne Light Co., 411 Seventh Avenue, Pittsburgh, PA 15230-1930. An application to beneficial use of LPC material (flue gas desulfurization sludge) as construction material, for abandoned mine reclamation, and for mine sealing and subsidence control.

Comments on the general permit application may be submitted to Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, P. O. Box 8472, Harrisburg, PA 17105-8472. Persons interested in examining the application may make arrangements by calling the Division of Municipal and Residual Waste at (717) 787-7381. TDD users may contact the Department through the Pennsylvania Relay Service, (800) 654-5984. Arrangements can also be made for persons with disabilities who wish to inspect the application. Public comments must be submitted to the

Department within 60 days of the date of this notice and may recommend revisions to, and approval or denial of the application.

Proposed General Permits No. PAG-7, PAG-8 and PAG-9 For Beneficial Use of Sewage Sludge By Land Application; Extension of Comment Period

The Department of Environmental Protection has received comments and requests from several commentators to extend the comment period for the three proposed general permits for the beneficial use of sewage sludge which were published at 27 Pa.B. 482 (January 25, 1997).

The Department, by this notice, is extending the comment period until the close of business on March 28, 1997. There will be no further extension to the comment period on these general permits.

Persons wishing to comment on the proposed general permits are invited to obtain a copy of the proposed general permits from and submit a written statement to Department of Environmental Protection, Bureau of Water Quality Protection, Division of Wastewater Management, Rachel Carson State Office Building, P. O. Box 8774—11th Floor, Harrisburg, PA 17105-8774, (717) 787-8184; E-mail address: VU.CUONG@A1.DEP.STATE.PA.US World Wide Web Address: HTTP://WWW.DEP.STATE.PA.US.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Applications received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to operate a solid waste processing or disposal area or site.

Southwest Regional Office: Regional Solid Waste Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

A. 603440. Wheelabrator Water Technologies, Inc., P. O. Box 266, Somerset, PA 15501. Cantoni Farm, R. D. 1, Box 262, Morgan, PA 15322. Biosolids land application for agricultural utilization in Morgan Township, **Greene County** was received in the Regional Office on February 18, 1997.

A. 603440. Wheelabrator Water Technologies, Inc., P. O. Box 266, Somerset, PA 15501. Lilly Farm, 1 mile south of Taylortown. Biosolids land application for agricultural utilization in Dunkard Township, **Greene County** was received in the Regional Office on February 18, 1997.

A. 603440. Wheelabrator Water Technologies, Inc., P. O. Box 266, Somerset, PA 15501. Mathews Farm, 1 mile south of Taylortown. Biosolids land application for agricultural utilization in Dunkard Township, **Greene County** was received in the Regional Office on February 18, 1997.

A. 603440. Wheelabrator Water Technologies, Inc., P. O. Box 266, Somerset, PA 15501. Brunazzi Farm, Morey Road, Deemston, PA 15333. Biosolids land application for agricultural utilization in Dunkard Township, **Greene County** was received in the Regional Office on February 18, 1997.

A. 603440. Wheelabrator Water Technologies, Inc., P. O. Box 266, Somerset, PA 15501. Fitzwater Farm, 3 Leonard Road, Deemston, PA 15332. Biosolids land application for agricultural utilization in Dunkard Township, **Greene County** was received in the Regional Office on February 18, 1997.

**AIR POLLUTION
OPERATING PERMITS**

**Construct, modify or activate air contaminant
sources**

25 Pa. Code § 129.1

**Applications under the Air Pollution Control Act
(35 P. S. §§ 4001—4015) and regulations to con-
struct, modify or reactivate air contaminant
sources.**

*Northcentral Regional Office: Bureau of Air Quality,
208 West Third Street, Suite 101, Williamsport, PA 17701-
6448.*

47-310-002B. Construction of two stone crushers and associated air cleaning device (a water spray dust suppression system) by **Royer's Lime Quarries** (R. R. 2, Box 420, Milton, PA 17847) in Limestone Township, **Montour County**. One of the two crushers is subject to Subpart 000 of the Federal Standards of Performance for New Stationary Sources.

*Southcentral Regional Office: Air Quality Program, One
Ararat Boulevard, Harrisburg, PA 17110.*

67-309-015E. Replacement of two fabric filters on an existing limestone crushing and screening plant by the **J. E. Baker Company** (320 North Baker Road, York, PA 17405) in West Manchester Township, **York County**.

67-310-018I. Modification of an existing Whiting plant by **Global Stone PenRoc, Inc.** (P. O. Box 1967, York, PA 17405-1967) in West Manchester Township, **York County**. The source is subject to Subpart 000, Standards of Performance for New Stationary Sources.

*Southeast Regional Office: Bureau of Air Quality Con-
trol, Lee Park, Suite 6010, 555 North Lane, Consho-
hocken, PA 19428.*

46-313-117D. On January 13, 1997, an application was received from **Merck & Company, Inc.** (WP 20-208, 770 Summeytown Pike, West Point, PA 19486) for the installation of a catalytic oxidizer to be located in Upper Gwynedd Township, **Montgomery County**.

23-302-133GP. On January 29, 1997, an application was received from **PQ Corporation** (1201 W. Front Street, Chester, PA 19013) for the construction of a small combustion unit to be located in City of Chester, **Delaware County**.

46-313-091A. On January 31, 1997, an application was received from **Rhone-Poulenc Rorer Pharmaceuticals** (500 Arcola Road, Collegeville, PA 19426) for the modification of a process development laboratory to be located in Upper Providence Township, **Montgomery County**.

**Operating Permit applications received under the
Air Pollution Control Act (35 P. S. §§ 4001—4015).**

*Northeast Regional Office: Bureau of Air Quality, 2
Public Square, Wilkes-Barre, PA 18711-0790.*

The Department intends to issue an Air Quality Operating Permit for the air contamination sources and associated air cleaning devices described below for the specified companies.

Permit: **13-399-005**
Source: Steel Descale/ Fabric Filter
Company: **Horsehead Resource Development Co.**
Location: Palmerton Borough
County: **Carbon**

Permit: **39-313-039**
Source: TME Porcupine Dryer w/Condenser
Company: **Mallinckrodt Chemical Inc.**
Location: South Whitehall Township
County: **Lehigh**

Permit: **48-306-010**
Source: Units 3 & 4 Natural Gas Firing
Company: **Penna Power & Light Company**
Location: Lower Mt. Bethel Township
County: **Northampton**

Permit: **48-322-002A**
Source: Landfill Gas Extraction/Incinerat
Company: **City of Bethlehem (Landfill) PWD**
Location: Lower Saucon Township
County: **Northampton**

*Southcentral Regional Office: Air Quality Program, One
Ararat Boulevard, Harrisburg, PA 17110.*

06-302-171. The Department intends to issue an Air Quality Operating Permit to **Premium Beverage Packers** (1090 Spring Street, Wyomissing, PA 19610) for two boilers controlled by low-NOx burners in Muhlenberg Township, **Berks County**. The sources are subject to 40 CFR 60, Subpart Dc, Standards of Performance for New Stationary Sources.

06-310-021A. The Department intends to issue an Air Quality Operating Permit to **International Mill Service, Inc.** (P. O. Box 14713, Reading, PA 19612) for a steel slag processing plant controlled by wet suppression in Muhlenberg Township, **Berks County**.

06-319-099D. The Department intends to issue an Air Quality Operating Permit to **General Battery Corporation** (P. O. Box 13995, Reading, PA 19612-3995) for a lead/acid battery manufacturing operation controlled by a wet scrubber and fabric collector in Laureldale/ Muhlenberg Township, **Berks County**. The source is subject to 40 CFR 60, Subpart KK, Standards of Performance for New Stationary Sources.

21-302-113. The Department intends to issue an Air Quality Operating Permit to **Masland Industries** (P. O. Box 40, Carlisle, PA 17013) for the no. 5 boiler and low NOx burners of no. 4 boiler, both natural gas or no. 2 oil-fired. The no. 5 boiler is subject to 40 CFR 60, Subpart Dc, Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units in Carlisle Borough, **Cumberland County**.

67-2012. The Department intends to issue a NOx RACT Air Quality Operating Permit to **Transcontinental Gas Pipe Line Corporation** (P. O. Box 369, Delta, PA 17314) for two engines with low emission combustion control and three engines with parametric controls in Peach Bottom Township, **York County**.

67-2032. The Department intends to issue a RACT Air Quality Operating Permit to the **Harley-Davidson Motor Company** (1425 Eden Road, York, PA 17402) for a motorcycle assembly facility in Springettsbury Township, **York County**.

06-1047. The Department intends to issue a RACT Synthetic Minor Air Quality Operating Permit to **Bradley Specialties Corporation** (P. O. Box 436, Shartlesville, PA 19554) for a fiberglass tank fabrication operation and paint spray operation in Upper Bern Township, **Berks County**.

36-309-029F. The Department intends to issue an Air Quality Operating Permit to **Armstrong World Indus-**

tries, Inc. (P. O. Box 3001, Lancaster, PA 17604) for the No. 2 floor tile line system in Lancaster, **Lancaster County**.

36-313-033C. The Department intends to issue an Air Quality Operating Permit to **Bristolpipe** (88 Newport Road, Leola, PA 17540) for a materials handling system in Upper Leacock Township, **Lancaster County**.

67-03057. The Department intends to issue an Air Quality Operating Permit to **Fypon, Inc.** (22 West Pennsylvania Avenue, Stewartstown, PA 17363) for a molded millwork production facility in Stewartstown, **York County**.

67-2033. The Department intends to issue an Air Quality VOC RACT (Reasonably Available Control Technology) Operating Permit to **Gichner Systems Group, Inc.** (P. O. Box 481, Dallastown, PA 17313) for a portable shelter manufacturing facility in Dallastown Borough, **York County**.

Southeast Regional Office: Bureau of Air Quality, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

The Department intends to issue an air quality operating permit for the air contaminant sources and associated air cleaning devices described below for the specified companies.

Permit: **OP-15-0018**
Source: Synthetic Minor for NO_x and VOC
Company: **Wyeth-Ayerst Laboratories, Inc.**
Location: East Whiteland
County: **Chester**

Permit: **OP-46-0025**
Source: NO_x and VOC Facility
Company: **Lonza**
Location: Upper Merion
County: **Montgomery**

Permit: **OP-15-0034**
Source: NO_x Facility
Company: **Sanofi Winthrop, Inc.**
Location: East Whiteland

Plan Approval Application Minor Source

The following stationary sources have filed a request for a plan approval with the Department of Environmental Protection (DEP), Bureau of Air Quality. Persons wishing to file protests or comments on the proposed plan approval have 30 days to submit the protests or comments to the Regional Office at the address listed below. Interested persons may also request that a hearing be held concerning the plan approval application by filing a request with the Regional Office stating the reason for the request.

The Department will evaluate and consider all protests and comments received. The Department will, where appropriate, modify the proposed plan approval based on the protests and comments received.

The final plan approval will contain terms and conditions to ensure that the source is constructed and operated in compliance with the Department's regulations contained in 25 Pa. Code Chapters 121 through 143 and the requirements of the Federal Clean Air Act. A notice of the Department's final decision on the proposed plan approval will be published in the *Pennsylvania Bulletin*. Air contaminants emitted from these sources are less than the amounts that would trigger major new source review requirements. For additional information on the following applications contact Devendra Verma, Engineering Services Chief, (814) 332-6940.

Northwest Regional Office: Bureau of Air Quality Control, 230 Chestnut Street, Meadville, PA 16335.

PA-33-00116A. The Department received a plan approval application for the construction of a wood-fired boiler (6.1 MM Btu/hr) by **Plunkett-Webster Dry Kiln Inc.**, (R. D. 3, Box 182, Brookville, PA 15825) in Oliver Township, **Jefferson County**.

PA-43-00300A. The Department received a plan approval application for the construction of an 810 HP lean burn compressor engine by **Atlas Resources, Inc.**, (311 Rouser Rd., P. O. Box 611, Moon Township, PA 15108) at the compressor station in East Lackawannock Township (57 Drake Rd., New Wilmington, PA 16142) in **Mercer County**.

REASONABLY AVAILABLE CONTROL TECHNOLOGY (RACT)

Applications under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations for an Operating Permit to comply with 25 Pa. Code § 129.91 for Reasonable Available Control Technology (RACT).

Southeast Regional Office: Bureau of Air Quality Control, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

PA-46-0081. On January 15, 1997, an application was received from **Markel Corporation** (416 School Lane, P. O. Box 752, Norristown, PA 19404) for the approval of RACT for eight horizontal ovens located in Plymouth Township, **Montgomery County**.

PA-15-0016A. On January 13, 1997, an application was received from **Worthington Steel Company The** (45 N. Morehall Road, Malvern, PA 19355) for the approval of coil coating operation located in East Whiteland Township, **Chester County**.

OP-09-0066. On February 3, 1997, an application was received from **PECO Energy Company** (Fairless Hills Generating Station, Fairless Hills, PA 19030) for the approval of Facility VOC/NOx RACT located in Falls Township, **Bucks County**.

OP-46-0045A. On January 24, 1997, an application was received from **PECO Energy Company** (300 Front Street, West Conshohocken, PA 19428) for the approval of Facility VOC/NOx RACT located in West Conshohocken Borough, **Montgomery County**.

Proposed Revision to the State Implementation Plan for Oxides of Nitrogen (NOx). Approval of a Reasonably Available Control Technology Plan for Defense Distribution Region East, Fairview Township, York County. Public Hearing.

The Department of Environmental Protection has made a preliminary determination to approve Reasonably Available Control Technology (RACT) Plan, and an amendment to the State Implementation Plan (SIP) for combustion units and combustion sources at Defense Distribution Region East, DDRE-W, New Cumberland, PA 17070.

The proposed SIP revision does not adopt any new regulations. It incorporates the provisions and requirements contained in RACT Plan Approval No. 67-2041 for the existing facility to comply with current regulations. The RACT plan for the facility includes fuel switching of

boilers no. 1 through no. 4 from no. 6 fuel oil to no. 4 fuel oil. This will reduce the potential NOx emissions by approximately 199 tons per year. Additional conditions require monitoring, testing, reporting and recordkeeping requirements for the combustion sources at the facility.

An appointment to review the RACT plan, plan approval and other pertinent documents at the Southcentral Regional Office may be scheduled by contacting Mary DiSanto at (717) 540-5018 between 8 a.m. and 3:30 p.m., Monday through Friday, except holidays.

One public hearing will be held for the purpose of receiving comments on the proposal. The hearing will be held on April 15, 1997 at Room 215L in Southcentral Regional Office of the Department, One Ararat Boulevard, Harrisburg, PA 17110, from 1 p.m. until such a time as all scheduled comments on the proposal are received.

The public is invited to comment on the proposed plan and SIP revision. Persons interested in commenting are invited to appear at the public hearing; and they should contact Mary Ann Fischer (717) 541-7969 at least 1 week in advance of the hearing to reserve a time to present testimony. Commentators are requested to provide a written copy of their remarks at the time of the hearing. Persons interested in submitting written comments should send their comments to Ranjan Roy, Air Pollution Control Engineer, One Ararat Boulevard, Harrisburg, PA 17110 on or before April 28, 1997.

Persons with a disability who wish to attend the above hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Mary Ann Fischer (717) 541-7969 or through the AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

MINING

CONDUCT COAL AND NONCOAL ACTIVITIES

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public

notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

District Mining Operations, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Coal Applications Received

56920102. Permit renewal, **PBS Coals, Inc.** (P. O. Box 260, Friedens, PA 15541), commencement, operation and restoration of bituminous strip mine in Shade Township, **Somerset County**, affecting 70.4 acres, receiving stream Coal Run and Clear Run, application received February 14, 1997.

32970102. **Derry International, Ltd.** (P. O. Box 529, New Alexandria, PA 15670), commencement, operation and restoration of bituminous strip mine in Blacklick Township, **Indiana County**, affecting 167.5 acres, receiving stream unnamed tributaries of Muddy Run and unnamed tributaries to Blacklick Creek to Blacklick Creek to Conemaugh River, application received February 12, 1997.

56970101. **Marquise Mining Corporation** (3889 Menoher Boulevard, Johnstown, PA 15905), commencement, operation and restoration of bituminous strip mine in Somerset Township, **Somerset County**, affecting 88.0 acres, receiving stream unnamed tributaries to east branch Coxes Creek to Coxes Creek to Casselman River, application received February 4, 1997.

Bureau of District Mining Operations, R. D. 2, Box 603-C, Greensburg, PA 15601.

03970102. **Seven Sisters Mining Co., Inc.** (200 US Route 22, Delmont, PA 15626). Application received for commencement, operation and reclamation of a bituminous surface mine located in South Bend Township, **Armstrong County**, proposed to affect 31.3 acres. Receiving streams unnamed tributaries to Fagley Run,

Fagley Run to Crooked Creek to Allegheny River. Application received February 11, 1997.

26930103. **Patterson Coal Company** (R. D. 2, Box 335, Smithfield, PA 15478). Application received to transfer permit currently issued to Todd Stash Mining for a bituminous surface mining site located in Georges and German Townships, **Fayette County** affecting 110.0 acres. Receiving streams north branch Browns Run and its unnamed tributaries, then to the Monongahela River. Application received February 13, 1997.

Hawk Run District Office, P. O. Box 209, Hawk Run, PA 16840.

17900111. **Falls Creek Energy Co., Inc.** (R. D. 6, Box 231, Kittanning, PA 16201), transfer of an existing bituminous surface mine permit from Maud Mining Company, Brady Township, **Clearfield County** affecting 579.6 acres, receiving streams unnamed tributaries of Stump Creek and Limestone Run and Stump Creek and Limestone Run, application received January 29, 1997.

17860146. **M. B. Energy, Inc.** (250 Airport Road, P. O. Box 1319, Indiana, PA 15701), renewal of an existing bituminous surface mine permit in Chest Township, **Clearfield County** affecting 214.8 acres, receiving streams unnamed tributary to Wilson Run to Wilson Run, both to Chest Creek, to west branch Susquehanna River to Susquehanna River, application received February 3, 1997.

17870114. **M & M Construction Co., Inc.** (R. R. 1, Box 66, Morrisdale, PA 16858), major permit modification to apply biosolids to enhance vegetation on an existing bituminous surface mine permit in Bigler Township, **Clearfield County** affecting 338.5 acres, application received January 21, 1997.

17970101. **Sky Haven Coal, Inc.** (R. D. 1, Box 180, Penfield, PA 15849), commencement, operation and restoration of a bituminous surface mine-auger permit in Lawrence and Goshen Townships, **Clearfield County** affecting 103.9 acres, receiving streams Jerry Run and Flegals Run to Lick Run to west branch Susquehanna River, application received February 7, 1997.

17960102. **Forcey Coal, Inc.** (P. O. Box 225, Madera, PA 16661-0225), transfer of an existing bituminous surface mine permit from M. R. Hainsey Contracting, Inc., Goshen Township, **Clearfield County** affecting 70.1 acres, receiving streams unnamed tributary to Pine Run, Pine Run, unnamed tributary to Trout Run, application received February 10, 1997.

Mining and Reclamation, 3913 Washington Road, McMurray, PA 15317.

30841320. **Target Industries, Inc.** (P. O. Box 479, Mount Morris, PA 15349), to revise the permit for the Target No. 1 bituminous deep mine in Dunkard Township, **Greene County** to add subsidence control plan acres, no additional discharge. Application received December 12, 1996.

30841316. **Consol Pennsylvania Coal Company,** (P. O. Box 174, Graysville, PA 15337), to renew the permit for the Bailey bituminous deep mine in Richhill Township, **Greene County**, no additional discharge. Application received January 22, 1997.

Mineral Resources Management—District Mining, Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

54860110R2. **Reading Anthracite Company,** (200 Mahantongo Street, Pottsville, PA 17901), renewal of

existing anthracite surface mine in Foster Township, **Schuylkill County**, affecting 99.0 acres, receiving stream Schuylkill River. Application received February 4, 1997.

40840206T. Northampton Fuel Supply Co., Inc., (7500 Old Georgetown Road, 13th Floor, Bethesda, MD 20814-6161), transferred from Jeddo-Highland Coal Company and corrected to add fly ash to existing mining operation in Plains Township, **Luzerne County**, affecting 133.0 acres, receiving stream none. Application received February 3, 1997.

49870202R2. Susquehanna Coal Company, (P. O. Box 27, Nanticoke, PA 18634), renewal of an existing coal refuse operation, including NPDES renewal, in Mt. Carmel and Coal Townships, **Northumberland County**, affecting 788.0 acres, receiving stream Coal Run. Application received February 5, 1997.

40910202R. George W. Bone, Jr., (98 New Street, Pittston, PA 18640), renewal of an existing anthracite surface mine and prep plant operation in Hughestown Borough, **Luzerne County** affecting 10.9 acres, receiving stream none. Application received February 14, 1997.

Mineral Resources Management—District Mining, Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Noncoal Permits Received

01970301. National Earth Products, Inc., (245 Butler Avenue, Lancaster, PA 17601), commencement, operation and restoration of a noncoal surface mine in Mt. Joy Township, **Adams County** affecting 11.7 acres, receiving stream none. Application received February 12, 1997.

6476SM12T. N L Minich & Sons, Inc., (730 North College Street, Carlisle, PA 17013), transfer of an existing noncoal surface mining permit from N L Minich & Sons in North Middleton Township, **Cumberland County** affecting 95.55 acres, receiving stream Meeting House Run. Application received February 18, 1997.

45970302. Eureka Stone Quarry, Inc., (Lower State and Pickertown Roads, Chalfont, PA 18914), commencement, operation and restoration of a noncoal surface mine in Hamilton Township, **Monroe County**, affecting 16.7 acres, receiving stream none. Application received February 13, 1997.

22970301. Dauphin Meadows Inc., (5400 LBJ Freeway, TWR 1, Suite 300, Dallas, Texas 75240-6224), commencement, operation and restoration of a noncoal surface mine permit operation in Washington Township, **Dauphin County**, affecting 52.0 acres, receiving stream Wiconisco Creek. Application received February 7, 1997.

40970301. Theta Land Corporation, (30 North Franklin Street, Wilkes-Barre, PA 18701), commencement, operation and restoration of a noncoal surface mine operation in Plymouth Township, **Luzerne County** affecting 10.6 acres, receiving stream unnamed tributaries to Harveys Creek. Application received February 10, 1997.

8073SM1C3. Kibblehouse Quarries, Inc., (1128 Crusher Road, Perkiomenville, PA 18074), correction to an existing quarry operation in Marlborough Township, **Montgomery County** affecting 75.9 acres, receiving stream Unami Creek. Application received February 12, 1997.

7974SM3C3. New Hope Crushed Stone & Lime Co., (P. O. Box 248, New Hope, PA 18938), correction to an existing quarry operation for a stream variance in

Solebury Township, **Bucks County** affecting 141.0 acres, receiving stream Primrose Creek. Application received February 13, 1997.

**APPLICATIONS RECEIVED UNDER SECTION 401:
FEDERAL WATER POLLUTION CONTROL ACT**

ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for water quality certification have been received by the Department of Environmental Protection. Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant state requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Northcentral Regional Office: Soils and Waterways Section, 208 W. Third St., Suite 101, Williamsport, PA 17701, telephone (717) 327-3574.

E41-397. Encroachment. Lycoming County Water and Sewer Authority, P. O. Box 29, Montoursville, PA 17754. To construct and maintain two wastewater pump stations in the floodplain of the west branch Susquehanna River. One station is a submersible type and the other station is a suction lift type housed in a masonry building. The project is located just north of the Conrail tracks at Mill Street and the eastern Montoursville Borough boundary (Montoursville South, PA Quadrangle N: 22.3 inches; W: 7.3 inches) in Montoursville Borough and Fairfield Township, **Lycoming County**. Stream classification is WWF: no wetland impacts.

Northwest Regional Office: Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6942.

E10-253. Encroachment. Regional Industrial Development Corp., 907 Penn Avenue, 7th Floor, Pittsburgh, PA 15222-3803. To place fill in 0.26 acre of two separate wetland areas in order to extend Keystone Drive by 900 feet to provide commercial vehicular access within Thorn Hill Industrial Park. The project is located within Thorn Hill Industrial Park approximately 3,000 feet west of the east bound lane of PA Turnpike I-76 at the Butler County/Allegheny County boundary. This project will include creation of 0.26 acre of replacement wetlands on

RIDC property (Mars, PA Quadrangle N: 9.0 inches; W: 15.7 inches) located in Cranberry Township, **Butler County**.

E20-439. Encroachment. **Spring Township Supervisors**, R. D. 1, Box 29A, Springboro, PA 16435. To remove the existing bridge and install and maintain a 40-foot single span 6-foot 6-inch average underclearance concrete box beam bridge across Rundelltown Creek. Bridge abutment construction will involve temporary stream diversions in this cold water fishery. The project is located on King Road (T-749) approximately 300 feet east of its intersection with S. R. 4018 (Conneautville, PA Quadrangle N: 1.50 inches; W: 4.70 inches) located in Spring Township, **Crawford County**.

E42-246. Encroachment. **Bradford District Flood Control Authority**, P. O. Box 102, Bradford, PA 16701. To maintain existing flood control measures constructed by the U. S. Army Corp. of Engineers in 1961 (Bradford, PA Quadrangle N: 17.2 inches; W: 00.00 inches) located in the City of Bradford, Bradford Township, and Foster Township, **McKean County**.

The projects begin at the New York/Pennsylvania state line and extends upstream along Tunungwant Creek (CWF) to the City of Bradford/Bradford Township line on the east branch Tunungwant Creek (CWF) and to the City of Bradford/Bradford Township line on the west branch Tunungwant Creek (CWF). A total distance of 6.25 miles. The project also includes a reach of Bolivar Run (CWF) beginning at its confluence with Tunungwant Creek and extending upstream a distance of 1,275 feet, a reach of Kendall Creek (CWF) beginning at its confluence with Tunungwant Creek and extending upstream a distance of 462 feet and a reach of Foster Brook (CWF) beginning at its confluence with Tunungwant Creek and extending upstream a distance of 100 feet.

This project includes concrete and earthen bank restoration, sheet pile footer repair, cleaning of channel gravel deposits, minor masonry and concrete repair and weep hole cleaning. Yearly maintenance will not exceed 1,750 feet. The stream length and conform to the projects originally constructed dimensions as submitted.

E43-256. Encroachment. **County of Mercer**, County Commissioners, 503 Mercer County Courthouse, Mercer, PA 16137. To remove existing County Bridge 2629 single span steel I-beam bridge and to construct and maintain a 20-foot wide by 2.62-foot high by 28-foot long reinforced concrete box culvert road crossing on an 80° skew across Pine Run (TSF). County Bridge 2629 is located on Uber Road (T-944) approximately 2,600 feet southwest of the intersection of Uber Road (T-944) and S. R. 0058. This project will also include a de minimus wetland impact related to the culvert and wing wall placement (Mercer, PA Quadrangle N: 11.2 inches; W: 5.3 inches) located in Findley Township, **Mercer County**.

Northeast Regional Office: Regional Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-5485.

E40-459. Encroachment. **Department of Transportation**, Engineering District 4-0, P. O. Box 111, Scranton, PA 18501. To remove the existing structure and to construct and maintain a stream enclosure of Solomon Creek (CWF), consisting of approximately 260 linear feet of a three-cell precast concrete box culvert, having waterway openings of 19.0 feet × 11.0 feet. The project includes excavation within the channel, extending approximately 150 feet upstream and downstream of the proposed structure, for the purpose of restoring and maintaining

the channel invert and capacity. The project is located on S. R. 2002 (Sans Souci Parkway), Section 302, Segment 0100, Offset 0143, at the intersection of S. R. 2002 and S. R. 2001 (St. Marys Road) (Wilkes-Barre West, PA Quadrangle N: 18.7 inches; W: 7.1 inches), in Hanover Township, **Luzerne County** (Baltimore District, Army Corps of Engineers).

E52-148. Encroachment. **The Forest Lake Club**, R. R. 1, Box 333, Hawley, PA 18428-9718. To remove the existing structure and to construct and maintain a 26 by 22 square foot boathouse in the same location on Corilla Lake (HQ-CWF). This project is located on the east side of S. R. 4003 along the northwestern shoreline of Corilla Lake (Narrowsburg, NY-PA Quadrangle N: 5.3 inches; W: 12.0 inches) in Lackawaxen Township, **Pike County**, Philadelphia District, Army Corps of Engineers.

E54-229. Encroachment. **Port Carbon Borough**, P. O. Box 71, Port Carbon, PA 17965. To remove the existing structure and to construct and maintain a single span concrete adjacent box beam bridge having a span of 53 feet and an underclearance of 8 feet across Mill Creek (CWF). This project is located along Washington Street south of the intersection with Canal Street (Pottsville, PA Quadrangle N: 13 inches; W: 6 inches) in Port Carbon Borough, **Schuylkill County**, Philadelphia District Army Corps of Engineers.

Southeast Regional Office: Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E09-741. Encroachment. **DOT**, 200 Radnor Chester Rd., St. Davids, PA 19087. To remove an existing dilapidated bridge, and to construct and maintain a 31-foot long, 20-foot wide and 9-foot high single span precast concrete box culvert in and along the 100-year floodway of Silver Creek (TSF). The site is located approximately 250 feet south west of the intersection of Reading Avenue and Pond Avenue, (Trenton West, PA-NJ Quadrangle, N: 19.70 inches; W: 11.70 inches) in the Borough of Yardley, **Bucks County**.

E15-540. Encroachment. **Violet Featherman c/o John Featherman**, 17 West Miner St., P. O. Box 660, West Chester, PA 19381-0660. To construct and maintain a stormwater management facility in and along an unnamed tributary to Tweed Creek (TSF/MF) associated with a proposed subdivision owned by Violet Feather. The work consists of encroaching on approximately 360 linear feet of a watercourse, 0.05 acre of adjacent wetlands (PEM) and the assumed 100-year floodway of the aforementioned tributary to accommodate construction of a stormwater management facility. A request for an Environmental Assessment approval for on-stream nonjurisdictional dam is included as part of this application. The site is located along the eastern side of S. R. 3001 at a point approximately 100 feet north of its intersection with U. S. Route 1 (Baltimore Pike) (Kirkwood, PA Quadrangle N: 1.5 inches; W: 2.0 inches) in East Nottingham Township, **Chester County**.

E46-762. Encroachment. **Exxon Corporation**, 6301 Ivy Lane, Greenbelt, MD 20770. To construct and maintain 28 linear feet of a 22-foot wide by 8-foot high precast concrete box culvert along Willow Run Creek (TSF) and to maintain 112 feet of streambank impact associated with grading activities within the assumed 100-year floodway of Willow Run Creek to provide access from Bethlehem Pike to the proposed Exxon Service Station located on the north corner of the intersection of Bethlehem Pike and

Sumneytown Pike (Ambler, PA Quadrangle N: 11.0 inches; W: 14.3 inches) in Lower Gwynedd Township, **Montgomery County**.

EA46-763. Encroachment. **Lower Providence Township**, 100 Parklane Drive, Eagleville, PA 19403. To impact 160 linear feet of an unnamed tributary to Yerkes Creek (TSF) and a de minimus amount of adjacent wetland (PFO) associated with the roadway widening of Meadow Road (T-555) and the proposed roadway serving the Runnymede Phase II residential subdivision. The project includes the following activities:

1. To remove two existing culvert endwalls.
2. To install 20 linear feet of 48-inch by 68-inch CMP culvert extension upstream of the existing culvert, to install two 70-foot long, 48-inch diameter RCP culverts adjacent to the existing culvert and to construct common endwalls adjoining the three pipe structure.
3. To construct 70 linear feet of stream channel relocation upstream of the proposed culvert and to place fill in 90 linear feet of original stream channel and adjacent wetland.
4. To install a stormwater outfall structure, within the assumed 100-year floodway of Yerkes Creek.
5. To place approximately 110 linear feet of gabion wall protection along realigned stream channel.

The project is located 200 feet south of the intersection of Landis Mill Road (T-320) and Meadow Road (Collegeville, PA Quadrangle N: 8.0 inches; W: 10.9 inches) in Lower Providence Township, **Montgomery County**.

EA46-760. Encroachment. **Wissahickon Valley Watershed Association**, 12 Morris Road, Ambler, PA 19002-5499. To construct and maintain a 48-foot long by 4-foot wide prefabricated pedestrian bridge across the Wissahickon Creek and in the adjacent 100 year floodway. The site is located approximately 8,300 feet upstream from the confluence with Sandy Run, (Ambler, PA Quadrangle N: 4.00 inches; W: 14.00 inches) in Upper Dublin Township, **Montgomery County**.

ENVIRONMENTAL ASSESSMENT

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

DEP Central Office: Bureau of Waterways Engineering, 400 Market Street, Floor 6, P. O. Box 8554, Harrisburg, PA 17105-8554, telephone (717) 783-1384.

Requests for Environmental Assessment approval under 25 Pa. Code § 105.15 and requests for certification under section 401 of the Federal Water Pollution Control Act.

EA36-009C0. Environmental assessment. **Safe Harbor Water Power Corporation**, 1 Power House Road, Conestoga, PA 17516-9651. To construct and maintain a 1,500 foot skimmer wall replacing the existing flood damaged skimmer wall above the powerhouse at the Safe Harbor Dam located across the Susquehanna River (WWF). The new skimmer wall will be located 50 feet south (riverward) of the existing skimmer wall and will consist of 31 concrete piers connected by prestressed concrete stoplogs and a service deck. In addition, 50,000 cubic yards of rockfill will be used to extend the existing access levee an additional 110 feet into the river (Safe Harbor, PA Quadrangle N: 8.85 inches; W: 2.65 inches) in Manor Township, **Lancaster County**.

EA67-009C0. Environmental assessment. **Kevin and Della Uhlik**, 10 Dickinson Court, New Freedom, PA 17349. To construct and maintain a non-jurisdictional dam adjacent to Beetree Run (WWF) impacting a de minimus area of wetlands (PEM) equal to 0.02 acre for the purpose of recreation located at 10 Dickinson Court at the rear of the property (New Freedom, MD-PA Quadrangle N: 19.6 inches; W: 9.6 inches) in New Freedom Borough, **York County**.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

(National Pollution Discharge Elimination System Program (NPDES))

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audio tape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Permits Issued

Northwest Regional Office: Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335, telephone (814) 332-6942.

NPDES Permit No. PA 0101745. Sewage. **Clarview Rest Home, Inc.**, R. R. 1, Box 195, Sligo, PA 16255 is authorized to discharge from a facility located in Piney Township, **Clarion County** to an unnamed tributary to Licking Creek.

Outfall No. 001

<i>Parameter</i>	<i>Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Residual Chlorine	1.47	3.5

This Notice reflects changes to the Bulletin published on January 4, 1997.

NPDES Permit No. PA 0044067. Amendment No. 1. Industrial waste. **Union City Fish Culture Station**, 1225 Shiloh Road, State College, PA 16801 is authorized to discharge from a facility located in Union Township, **Erie County** to receiving waters named Bentley Run.

Outfall No. 008

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

The EPA waiver is in effect.

Southwest Regional Office: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

NPDES Permit No. PA0001929. Industrial waste, **Royal Monarch, LTD.**, 6th Street and 2nd Avenue, Beaver Falls, PA 15010 is authorized to discharge from a facility located at Beaver Falls Plant, Beaver Falls, **Beaver County** to Beaver River.

NPDES Permit No. PA0094722. Amendment No. 1. Industrial waste, **TAPCO, Inc.**, 3800 Neville Road, Neville Island, PA 15225 is authorized to discharge from a facility located at TAPCO Processing Plant, Neville Township, **Allegheny County**.

NPDES Permit No. PA0217514. Sewerage, **The Alta Group, Inc.**, 195 Hartzell Road, Fombell, PA 16123-9518 is authorized to discharge from a facility located at ALTA Sewage Treatment Plant, Marion Township, **Beaver County** to Connoquenessing Creek.

Southeast Regional Office: Regional Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-6130.

NPDES Permit No. PA0012327. Industrial waste. **Bucks County Water and Sewer Authority**, 1275 Almshouse Road, Warrington, PA 18976 is authorized to discharge from a facility located in Nockamixon Township, **Bucks County** into an unnamed tributary to Gallows Run.

NPDES Permit No. PA0023256. Amendment No. 2. Sewerage. **Upper Gwynedd Township Board of Commissioners**, Parkside Place, P. O. Box 1, West Point, PA 18486 is authorized to discharge from a facility located in Gwynedd Township, **Montgomery County** into Wisahickon Creek.

NPDES Permit No. PA0011851. Amendment No. 1. Industrial waste. **Superior Tube Company**, P. O. Box 159, Collegeville, PA 19426-0159 is authorized to discharge from a facility located in Lower Providence Township, **Montgomery County** into an unnamed tributary to Perkiomen Creek (001, 003—007) to a dry swale to Perkiomen Creek (002).

NPDES Permit No. PA0026964. Amendment No. 2. Sewerage. **Montgomery County Sewer Authority**, 5 River Road, P. O. Box 613, Oaks, PA 19456 is authorized to discharge from a facility located in Upper Providence Township, **Montgomery County** into Schuylkill River.

NPDES Permit No. PA0026182. Amendment No. 3. Sewerage. **Borough of Lansdale**, One Vine Street, Lansdale, PA 19446 is authorized to discharge from a facility located in Borough of Lansdale, **Montgomery County** into an unnamed tributary to the west branch of Neshaminy Creek.

Permit No. 2396407. Sewerage. **James and Marjorie Hill** (866 Shavertown Road, Boothwyn, PA 19061). Construction of a sewage treatment plant with stream discharge located in Concord Township, **Delaware County** to serve an existing single family residential dwelling.

**INDIVIDUAL PERMITS
(PAS)**

The following approvals from coverage under NPDES Individual Permit for Discharge of Stormwater from Construction Activities have been issued.

Northcentral Region: Water Management, Soils and Waterways Section, F. Alan Sever, Chief, 208 West Third St., Williamsport, PA 17701.

<i>NPDES Permit No.</i>	<i>Applicant Name and Address</i>	<i>County and Municipality</i>	<i>Receiving Stream</i>

(PAR)**

Approvals to Use NPDES General Permits

The following parties have submitted Notices of Intent (NOI) for Coverage under General NPDES Permit(s) to discharge wastewater into the surface waters of the Commonwealth of Pennsylvania. The Department of Environmental Protection approves the following coverages under the specified General Permit. This approval is subject to applicable effluent limitations, monitoring and reporting requirements and other conditions set forth in the respective General Permit.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations and special conditions, and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

List of NPDES General Permits issued by Department of Environmental Protection:

NPDES

General Permit Type

PAG-1	General Permit For Discharges From Stripper Oil Well Facilities
PAG-2	General Permit For Discharges of Stormwater From Construction Activities
PAG-3	General Permit For Discharges of Stormwater From Industrial Activities
PAG-4	General Permit For Discharges From Single Residence Sewage Treatment Plant
PAG-5	General Permit For Discharges From Gasoline Contaminated Ground Water Remediation Systems
PAG-6	General Permit For Wet Weather Overflow Discharges From Combined Sewer Systems

Facility Location

<i>County and Municipality</i>	<i>Permit No.</i>	<i>Applicant Name and Address</i>	<i>Receiving Stream or Body of Water</i>	<i>Contact Office and Telephone No.</i>
Deer Creek Twp. Mercer County	PAG048426	Lawrence T. Mirage R. D. 2, 2952 County Line Rd. Cochranton, PA 16314	Unnamed Tributary to North Deer Creek	DEP Water Management Northwest Region 230 Chestnut St. Meadville, PA 16335 (814) 332-6942
Montgomery County Lower Gwynedd Township	PAG050001	Exxon Company, USA 140 South Village Avenue Lionfield Building, Suite 200 Exton, PA 19341	Drainage Swale to Trewellyn Creek	Southeast Region Water Management (610) 832-6130
Montgomery County Lower Merion Township	PAG050002	Exxon Company, USA 140 South Village Avenue Lionfield Building, Suite 200 Exton, PA 19341	Gully Run	Southeast Region Water Management (610) 832-6130

**SEWAGE FACILITIES ACT
PLAN APPROVAL**

Plan approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northwest Regional Office: Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6942.

Location: City of Farrell, Mercer County, 500 Roemer Boulevard, Farrell, PA 16121.

Project Description: This project is an update of the City of Farrell's Act 537 Plan. This plan provides for an increase in the capacity of the Farrell Sewage Treatment Plant to an average daily flow of 3.57 mgd and a peak daily flow of 6.7 mgd. This expansion is needed to correct existing overload conditions, and achieve NPDES compliance.

The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal.

SAFE DRINKING WATER

Actions taken under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17).

Southeast Regional Office: Sanitarian Regional Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428-2233, telephone (610) 832-6130.

Permit No. 4696509. Public water supply. **Superior Water Company**, 1030 West Germantown Pike, Fairview Village, PA 19404, Robert A. Braglio. A permit has been issued to construct a new public water system to serve the Center Point Farm Development. The project includes one well, a pump house and a storage tank in Worchester Township, **Montgomery County**.

Type of Facility: Water supply system.

Consulting Engineer: R. E. Coleman Associates, Inc., 638 Lancaster Avenue, Frazer, PA 19355.

Permit to Construct Issued: February 14, 1997.

Permit No. 1596508. Public water supply. **Coventry Terrace Mobile Home Park**, Robert H. Turner, 391 Harley Road, Parker Ford, PA 19457. Applicant requests approval to operate an existing water supply system which serves the Coventry Terrace Mobile Home Park. Also, requesting approval to install a chlorine disinfection and distribution storage in East Coventry Township, **Chester County**.

Type of Facility: Public water supply system.

Consulting Engineer: Tatman and Lee Associates, Inc., 1200 Philadelphia Pike, Wilmington, DE 19809.

Permit to Construct Issued: February 14, 1997.

Northeast Regional Office: Sanitarian Regional Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2511.

Permit No. 3546441. Bulk Water Hauling Facility (Eagle Springs II). **Eagle Springs, Inc.**, 88 West Donaldson Street, Treamong/Zerbe, PA 17981. This proposal involves a new spring source, cartridge filtration and disinfection, storage tank and tanker fill station. It is located in Hegins Township, **Schuylkill County**.

Permit to Operate: February 25, 1996.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

Final Reports

The following final report were submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a de-

scription of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact Steve Curcio at (814) 332-6816. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department has received the following final report:

Northwest Regional Office: John Fruehstorfer, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.

City Auto Parts, CA-East, City of Erie, **Erie County**, 1561 East 12th Street, has submitted a Final Report to remediate soil and groundwater contaminated with heavy metals. The report is intended to document remediation of the site to meet the Statewide Health Standard.

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-5950.

Hostrander Residence, East Norriton Township, **Montgomery County**. Christopher S. Jaccarino, P. G., Lehigh Valley Environmental, Inc., 970 Vine St., Macungie, PA 18062, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with petroleum hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

SOLID AND HAZARDOUS WASTE

LICENSE TO TRANSPORT HAZARDOUS WASTE

License issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations for license to transport hazardous waste.

Bureau of Land Recycling and Waste Management, Division of Hazardous Waste Management, P. O. Box 8471, Harrisburg, PA 17105-8471.

H.M.H.T.T.C. Response Team, Inc., P. O. Box 10183, Wilmington, DE 19850; License No. **PA-AH 05543**; license issued February 12, 1997.

Renewal licenses issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations for license to transport hazardous waste.

Bureau of Land Recycling and Waste Management, Division of Hazardous Waste Management, P. O. Box 8471, Harrisburg, PA 17105-8471.

Asbestos Transportation Company, Inc., P. O. Box 59, Yaphank, NY 11980; License No. **PA-AH S243**; renewal license issued February 12, 1997.

Hittman Transport Services, Inc., 1560 Bear Creek Road, Oak Ridge, TN 37830; License No. **PA-AH S239**; renewal license issued February 12, 1997.

Pros Services Inc., P. O. Box 610548, Port Huron, MI 48061-0548; License No. **PA-AH 0481**; renewal license issued February 12, 1997.

St. Gabriel Contractors, Inc., 6070 Legion Drive, St. Gabriel, LA 70776; License No. **PA-AH S182**; renewal license issued February 12, 1997.

Textile Chemical Company, Inc., P. O. Box 13788, Reading, PA 19612; License No. **PA-AH 0082**; renewal license issued February 12, 1997.

Tri-State Waste Disposal Co., Inc., 72 Lawrence Road, LaFayette, NJ 07848; License No. **PA-AH S209**; renewal license issued February 12, 1997.

Hazardous Waste Transporter License voluntarily terminated under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Infectious and Chemotherapeutic Waste Law (35 P. S. §§ 6019.1—6019.6) and regulations for license to transport hazardous waste.

Bureau of Land Recycling and Waste Management, Division of Hazardous Waste Management, P. O. Box 8471, Harrisburg, PA 17105-8471.

Mei Kee Sales, Inc., Unit 7, 1044 Industrial Drive, Berlin, NJ 08009; License No. **PA-AH S225**; license terminated February 5, 1997.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Permits issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to operate solid waste processing or disposal area or site.

Southwest Regional Office: Regional Solid Waste Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

Permit No. 300720. Duquesne Light Company, 411 7th Avenue, P. O. Box 1930, Pittsburgh, PA 15230-1930. A major permit modification for the repermitting of Lefever Ash Disposal Site located in Indiana Township, **Allegheny County** in accordance with 25 Pa. Code § 287.115 issued by the Regional Office on February 12, 1997.

Southcentral Regional Office: Regional Solid Waste Program Manager, One Ararat Boulevard, Harrisburg, PA 17110, telephone (717) 657-4588.

Permit No. 603448. Glenn Thrush Farm, Borough of Mt. Holly Springs, (200 Harmen Street, Mt. Holly Springs, PA 17065). Application for operation of an agricultural utilization of sewage sludge site in Dickinson Township, **Cumberland County**. Permit issued in the Regional Office February 13, 1997.

Applications withdrawn under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) regulations to operate solid waste processing or disposal area or site.

Regional Office: Regional Solid Waste Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

A. 101654. Quorum Sani-Tech, Inc., 10576 Hagan Ranch Road, Boyton Beach, FL 33437. On January 24, 1997 the Southeast Regional Office received a request from Quorum Sani-Tech, Inc., to withdraw their application for a municipal waste transfer station proposed to be located at 1620 South 49th Street, in the City of Philadel-

phia. Application was returned and our review was terminated in the Southeast Regional Office on February 6, 1997.

**AIR POLLUTION
OPERATING PERMITS**

Construct, modify or activate air contaminant sources

25 Pa. Code § 129.1

Operating Permits issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Northeast Regional Office: Bureau of Air Quality, 2 Public Square, Wilkes-Barre, PA 18711-0790.

The Department has issued the following Air Quality Operating Permits for the operation of the air contamination sources and associated air cleaning devices described below for the specified companies.

Permit: **39-313-032A**

Source: 23 DMPA Tanks w/Packed Scrubber
Company: **Mallinckrodt Chemical Inc.**
Location: South Whitehall Township
County: **Lehigh**

Permit: **40-310-037A**

Source: Stone Crushing Plant /Watersprays
Company: **American Asphalt & Paving Company**
Location: Plains Township
County: **Luzerne**

Permit: **45-313-009D**

Source: Chemical Processing w/Scrubbers
Company: **Heico Chemicals Incorporated**
Location: Delaware Water Gap Boro
County: **Monroe**

Permit: **54-302-059**

Source: 3-355HP Bryan Gas/Oil Boilers
Company: **U S Department of Justice**
Location: Minersville Borough
County: **Schuylkill**

Southeast Regional Office: Bureau of Air Quality, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

General Plan Approval and Operating Permit No. BAQ-GPA/GP-1 for small combustion units was issued to the following:

Permit: **23-302-133GP**

Source: Small Combustion Unit
Issued: February 13, 1997
Company: **PQ Corporation**
Location: City of Chester
County: **Delaware**

The Department has issued the following air quality operating permits for the operation of the air contamination sources and associated air cleaning devices described below for the specified companies.

Permit: **46-302-202A**

Source: Two Boilers
Issued: February 3, 1997
Company: **Jet Plastica Industries, Inc.**
Location: Hatfield
County: **Montgomery**

Permit: **46-313-142**
 Source: 2 PVC Resin Packaging Systems
 Issued: February 4, 1997
 Company: **Occidental Chemical Corp.**
 Location: Lower Pottsgrove
 County: **Montgomery**

Permit: **46-302-199**
 Source: Kewanee Boiler
 Issued: February 4, 1997
 Company: **Plymouth Meeting Mall**
 Location: Plymouth
 County: **Montgomery**

Permit: **15-318-004**
 Source: Drying Oven
 Issued: February 7, 1997
 Company: **Polychem Corporation**
 Location: Phoenixville
 County: **Chester**

Permit: **09-399-040**
 Source: Polyurethane Foam Line
 Issued: February 4, 1997
 Company: **Cartex Corporation**
 Location: Fairless Hills
 County: **Bucks**

Permit: **OP-09-0018**
 Source: Synthetic Minor VOC Facility
 Issued: January 30, 1997
 Company: **Moore Business Forms**
 Location: Quakertown
 County: **Bucks**

Permit: **OP-15-0009**
 Source: VOC Facility
 Issued: February 4, 1997
 Company: **ICI Fluoropolymers**
 Location: Caln
 County: **Chester**

The Department has amended the following air quality operating permits for the operation of the air contamination sources and associated air cleaning devices described below for the specified companies.

Permit: **46-313-034A**
 Source: JBI Spray Booth & Systems
 Administrative Amendment: January 16, 1997
 Company: **Naval Air Station Joint Reserve Base**
 Location: Horsham
 County: **Montgomery**

Permit: **09-399-031**
 Source: Resin Injection/Transfer Mold & FW Process
 Administrative Amendment: January 24, 1997
 Company: **Met-Pro Corp./FYBROC Division**
 Location: Telford
 County: **Bucks**

Permit: **23-312-044D**
 Source: 33 Storage Tanks
 Administrative Amendment: January 28, 1997
 Company: **Sun Co. (R&M)**
 Location: Marcus Hook
 County: **Delaware**

Permit: **46-302-052A**
 Source: Auxiliary Boiler A
 Administrative Amendment: January 22, 1997

Company: **PECO Energy**
 Location: Limerick
 County: **Montgomery**

The Department has issued the following air quality operating permits for the operation of the air contamination sources and associated air cleaning devices described below for the specified companies.

Permit: **46-399-097**
 Source: Pilot Coater
 Issued: January 14, 1997
 Company: **Elf Atochem North America, Inc.**
 Location: Upper Merion
 County: **Montgomery**

Permit: **46-302-206**
 Source: Two Boilers
 Issued: January 17, 1997
 Company: **Procter & Gamble**
 Location: Hatboro
 County: **Montgomery**

Permit: **46-313-094A**
 Source: Pharmaceutical Sciences
 Administrative Amendment: January 27, 1997
 Company: **SmithKline Beecham Pharmaceutical**
 Location: Upper Providence
 County: **Montgomery**

Permit: **23-330-001**
 Source: One Air Stripper
 Administrative Amendment: December 19, 1996
 Company: **Laurel Pipe Line, LP**
 Location: Boothwyn
 County: **Delaware**

PLAN APPROVALS

Plan Approvals issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify or reactivate air contamination sources or air cleaning devices.

Southcentral Regional Office: Air Quality Program, One Ararat Boulevard, Harrisburg, PA 17110.

06-1010A. On February 18, 1997, the Department issued a Plan Approval to **Crompton & Knowles Color, Inc.** (P. O. Box 341, Reading, PA 19603-0341) for the modification of boilers at the dye manufacturing facility in Robeson Township, **Berks County**. One boiler is subject to 40 CFR 60, Subpart Dc, Standards of Performance for New Stationary Sources.

06-1018. On February 18, 1997, the Department issued a Plan Approval to **Hershey Chocolate USA** (P. O. Box 15087, Reading, PA 19612-5087) for the modification of boilers at their Luden's Plant in Reading, **Berks County**. The sources are subject to 40 CFR 60, Subpart Dc, Standards of Performance for New Stationary Sources.

06-312-010A. On February 18, 1997, the Department issued a Plan Approval to **Scranton-Altoona Terminal Corporation** (P. O. Box 2621, Harrisburg, PA 17105) for the construction of an internal floating tank roof at their Sinking Spring Terminal in Sinking Spring, **Berks County**. The source is subject to 40 CFR 60, Subpart Kb, Standards of Performance for New Stationary Sources.

06-318-064B. On February 20, 1997, the Department issued a Plan Approval to **Can Corporation of America, Inc.** (P. O. Box 170, Blandon, PA 19510) for the construction of two sheet coating lines with a thermal oxidizer at their Blandon Plant in Maidencreek Township, **Berks County**.

07-313-007A. On February 19, 1997, the Department issued a Plan Approval to **Appleton Papers Inc.** (100 Paper Mill Road, Roaring Spring, PA 16673) for the construction of bleach plant operations controlled by a packed-column wet scrubber at their Spring Mill Plant in Roaring Spring Borough, **Blair County**.

31-310-014J. On February 19, 1997, the Department issued a Plan Approval to **New Enterprise Stone & Lime Company, Inc.** (P. O. Box 77, New Enterprise, PA 16664) for the modification of a limestone crushing plant controlled by two fabric collectors and a water spray system at their Tyrone Forge Crushing Plants in Warriors Mark Township, **Huntingdon County**. The source is subject to 40 CFR 60, Subpart OOO, Standards of Performance for New Stationary Sources.

44-3001. On February 11, 1997, the Department issued a Plan Approval to **Mann Edge Tool Company** (P. O. Box 351, Lewistown, PA 17044) for the modification of a hand held and edge tool manufacturing facility in Lewistown Borough, **Mifflin County**.

Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6940.

10-318-014A. On February 5, 1997, a Plan Approval was issued to **Napco, Inc.** (125 McFann Rd., Valencia, PA 16059) for modification of coil coating operations at Middlesex Township, **Butler County**.

10-318-019A. On February 10, 1997, a Plan Approval was issued to **Lectromat, Inc.** (P. O. Box 608, Mars, PA 16046) for a coater/laminator at Adams Township, **Butler County**.

24-313-130A. On February 4, 1997, a Plan Approval was issued to **SGL Carbon Corp.** (900 Theresia St. Box 1031, St. Marys, PA 15857) for graphite purification furnaces and scrubber system at St. Marys, **Elk County**.

37-308-007. On February 4, 1997, a Plan Approval was issued to **Reactive Metals & Alloys Corp.** (P. O. Box 366, West Pittsburg, PA 16160) for bulk blending, briquetting, and bagging systems at Taylor Township, **Lawrence County**.

Southeast Regional Office: Bureau of Air Quality, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

The Department has issued the following air quality plan approvals for the specified companies described below:

Permit: **46-302-213**
Source: No. 7 Boiler
Issued: February 3, 1997
Company: **Lockheed Martin Corporation**
Location: Upper Merion
County: **Montgomery**

Permit: **23-318-001E**
Source: Two Vinyl Flooring Coating System
Issued: February 3, 1997
Company: **Congoleum Corporation**
Location: Trainer
County: **Delaware**

Permit: **09-320-042**
Source: One Lithographic Press
Issued: February 11, 1997
Company: **Scanforms, Inc.**
Location: Bristol
County: **Bucks**

Permit: **09-320-035A**
Source: Flexographic Press No. 5
Issued: February 12, 1997
Company: **MRI Flexible Packing**
Location: Newtown
County: **Bucks**

Permit: **23-315-008**
Source: No. 17 Paper Machine—Dryer
Issued: January 13, 1997
Company: **Kimberly-Clark Corp.**
Location: City of Chester
County: **Delaware**

Permit: **23-302-129A**
Source: Two Boilers
Issued: January 15, 1997
Company: **Villanova University**
Location: Radnor
County: **Delaware**

Permit: **46-302-209**
Source: Boiler
Issued: January 16, 1997
Company: **SPS Technologies, Inc.**
Location: Abington
County: **Montgomery**

Permit: **09-320-013B**
Source: Graphic Arts Printing Facility
Issued: January 17, 1997
Company: **PHN Packaging Systems, Inc.**
Location: Chalfont
County: **Bucks**

Permit: **46-327-010A**
Source: Vapor Degreaser

Issued: January 28, 1997
 Company: **Tube Methods, Inc.**
 Location: Bridgeport
 County: **Montgomery**

The Department has issued the following air quality plan approval permit for the construction of the air contamination sources and associated air cleaning devices described below for the specified companies:

Permit: **PA-46-0005**
 Source: VOC & NOx Facility
 Issued: January 13, 1997
 Company: **Merck & Co., Inc.**
 Location: Upper Gwynedd
 County: **Montgomery**

Northeast Regional Office: Bureau of Air Quality, 2 Public Square, Wilkes-Barre, PA 18711-0790.

A Plan Approval has been issued by this office for the construction, modification, reactivation or operation of the air contamination sources and associated air cleaning devices described below for the specified companies.

Permit: **48-310-011A**
 Source: Stone Crushing Plant w/Baghouse
 Issued: February 13, 1997
 Company: **Keystone Portland Cement Company**
 Location: East Allen Township
 County: **Northampton**
 Permit: **54-321-011**

Source: Textile Dryer w/CVM Lint Filter
 Issued: February 3, 1997
 Company: **The Miller Group Incorporated**
 Location: Port Carbon Borough
 County: **Schuylkill**

Registered and Certified Emission Reduction Credits

The following emission reduction credits (ERCs) have been approved, registered and certified by the Department of Environmental Protection (Department), Commonwealth of Pennsylvania. ERCs are surplus, permanent, quantified and Federally enforceable emission reductions used to offset emission increases of oxides of nitrogen (NOx), volatile organic compounds (VOCs) and the following criteria pollutants: carbon monoxide (CO), lead (Pb), oxides of sulfur (SOx), particulate matter (PM), PM-10 and PM-10 precursors. The certified NOx and VOCs credits shown below, expressed in tons per year (tpy), satisfy the applicable requirements in 25 Pa. Code §§ 127.206—127.209.

For additional information concerning this listing of certified ERCs, contact Virendra Trivedi, Bureau of Air Quality, Division of Permits, Department of Environmental Protection, 12th Floor, Rachel Carson State Office Building, P. O. Box 8468, Harrisburg, PA 17105-8468, (717) 787-4325.

MINING
CONDUCT COAL AND NONCOAL ACTIVITIES
MINING ACTIVITY ACTIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean

Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). The final action on each application also constitutes action on the request for 401 water quality certification. Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following

statutes: the Air Quality Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

District Mining Operations, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Coal Applications Issued

56823066. Permit renewal, **Action Mining, Inc.** (R. D. 3, Box 138A, Meyersdale, PA 15552), commencement, operation and restoration of a bituminous strip-auger mine, valid for reclamation, only in Elk Lick Township, **Somerset County**, affecting 224.5 acres, receiving stream unnamed tributaries to Elk Lick Creek and unnamed tributaries to the Casselman River, application received September 22, 1995, permit issued February 12, 1997.

56860107. Permit renewal, **Shaffer Brothers Coal Company, Inc.** (Jay Street, Windber, PA 15963), commencement, operation and restoration of a bituminous strip-auger mine in Paint Township, **Somerset County**, affecting 106.8 acres, receiving stream unnamed tributary to Seese Run, application received December 20, 1996, permit issued February 12, 1997.

11920101. Permit renewal, **K & J Coal Company, Inc.** (P. O. Box 189, Westover, PA 16692), commencement, operation and restoration of a bituminous strip mine, valid for reclamation, only in Chest Township, **Cambria and Clearfield Counties**, affecting 57.0 acres, receiving stream unnamed tributary to Chest Creek and Chest Creek, application received February 7, 1997, permit issued February 12, 1997.

11960106. **M. B. Energy, Inc.** (P. O. Box 1319, Indiana, PA 15701-1319), commencement, operation and restoration of a bituminous strip mine in Jackson Township, **Cambria County**, affecting 309.3 acres, receiving stream unnamed tributaries to Laurel Run, Laurel Run, application received July 1, 1996, permit issued February 12, 1997.

32960101. **Dunamis Resources, Inc.** (One Energy Place, Suite 4000, Latrobe, PA 15650-9628), commencement, operation and restoration of a bituminous strip-auger mine in Brushvalley Township, **Indiana County**, affecting 87.9 acres, receiving stream unnamed tributary to Little Brush Creek to Brush Creek, application received February 1, 1996, permit issued February 13, 1997.

11870101. Permit renewal, **M. B. Energy, Inc.** (250 Airport Road, P. O. Box 1319, Indiana, PA 15701-1319), commencement, operation and restoration of a bituminous strip-auger mine, valid for reclamation, only in Elder Township, **Cambria County**, affecting 64.4 acres, receiving stream unnamed tributary to Brubaker Run, application received February 3, 1997, permit issued February 5, 1997.

32860110. Permit renewal, **M. B. Energy, Inc.** (250 Airport Road, P. O. Box 1319, Indiana, PA 15701-1319), commencement, operation and restoration of a bituminous strip mine, valid for reclamation, only in Green Township, **Indiana County**, affecting 122.5 acres, receiving stream Pompey Run and the north branch of Two Lick Creek, application received February 3, 1997, permit issued February 5, 1997.

32830112. Permit renewal, **M. B. Energy, Inc.** (P. O. Box 1319, Indiana, PA 15701), commencement, operation and restoration of a bituminous strip mine, valid for reclamation, only in Banks, Canoe and Bell Townships,

Indiana and Jefferson Counties, affecting 109.4 acres, receiving stream Ugly Run and unnamed tributaries to Ugly Run, application received February 3, 1997, permit issued February 5, 1997.

32860106. Permit renewal, **Kent Coal Mining Company** (P. O. Box 729, Indiana, PA 15701), commencement, operation and restoration of a bituminous strip-auger mine, valid for reclamation, only in Blacklick Township, **Indiana County**, affecting 233.1 acres, receiving stream four unnamed tributaries to Aultmans Run and Aultmans Run, application received December 24, 1996, permit issued February 18, 1997.

Bureau of District Mining Operations, R. D. 2, Box 603-C, Greensburg, PA 15601.

65960103. **M. B. Energy, Inc.** (P. O. Box 1319, Indiana, PA 15701). Permit issued for commencement, operation and reclamation of a bituminous surface mine located in Derry Township, **Westmoreland County**, affecting 147.3 acres. Receiving streams unnamed tributaries to Miller Run and Miller Run and unnamed tributary to Rock Hollow, and all tributaries to Loyalhanna Creek to the Conemaugh River. Application received July 22, 1996. Permit issued February 12, 1997.

Hawk Run District Office, P. O. Box 209, Hawk Run, PA 16840.

17860138. **Swisher Contracting, Inc.** (P. O. Box 1223, Clearfield, PA 16830, renewal of an existing bituminous surface mine permit in Lawrence Township, **Clearfield County** affecting 148.6 acres, receiving streams unnamed tributary to Clearfield Creek and Laurel Run, application received November 27, 1996, permit issued January 23, 1997.

17663037. **Al Hamilton Contracting Company** (R. D. 1, Box 87, Woodland, PA 16881), transfer of an existing bituminous surface mine permit from James I. Cowfer Contracting, Inc., Decatur and Woodward Townships, **Clearfield County**, affecting 400.5 acres, receiving streams Goss Run and Little Beaver Run, both to Beaver Run to Moshannon Creek to west branch Susquehanna River to Susquehanna River, application received October 29, 1996, permit issued January 28, 1997.

17743172. **Sky Haven Coal, Inc.** (R. D. 1, Box 180, Penfield, PA 15849), major permit modification to apply biosolids to enhance vegetation on an existing bituminous surface mine permit in Morris Township, **Clearfield County** affecting 474 acres, receiving streams unnamed tributaries to Hawk Run, unnamed tributaries to Moshannon Creek, application received October 15, 1997, permit issued February 12, 1997.

Mining and Reclamation, 3913 Washington Road, McMurray, PA 15317.

56841605. **Croner, Inc.**, (629 Main St. No. 6, Berlin, PA 15530), to renew the permit for the Goodtown Preparation Plant in Brothersvalley Township, **Somerset County**, no additional discharge. Permit issued February 13, 1997.

65840701. **Adam Eidemiller, Inc.**, (1003 East Pittsburgh St., Greensburg, PA 15601), to renew the permit for the Crows Nest Wash Plant in Hempfield Township, **Westmoreland County**, no additional discharge. Permit issued February 13, 1997.

30841313. **Consolidation Coal Company**, (P. O. Box 100, Osage, WV 26543), to revise the permit for the Dilworth bituminous deep mine in Jefferson Township,

Greene County to add five degas boreholes, no additional discharge. Permit issued February 13, 1997.

56841602. PBS Coals, Inc., (P. O. Box 260, Friedens, PA 15541), to renew the permit for the Shade Creek Preparation Plant in Shade Township, **Somerset County**, no additional discharge. Permit issued February 13, 1997.

30841602. Duquesne Light Company, (P. O. Box 457, Greensboro, PA 15338), to renew the permit for the Warwick No. 2 Preparation Plant in Monongahela Township, **Greene County**, receiving stream Whiteley Creek. Permit issued February 21, 1997.

Mineral Resources Management—District Mining, Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

49910201R. Rosini Enterprises, Inc., (P. O. Box 568, Shamokin, PA 17872), renewal of an existing coal refuse reprocessing operation in Coal Township, **Northumberland County** affecting 68.0 acres, receiving stream none. Renewal issued February 4, 1997.

54900104R. Blaschak Coal Corp., (P. O. Box 12, St. Nicholas, Mahanoy City, PA 17948), renewal of an existing anthracite surface mine operation in West Mahanoy and Butler Townships, **Schuylkill County** affecting 311.0 acres, receiving stream none. Renewal issued February 11, 1997.

Mineral Resources Management—District Mining, Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Noncoal Permits Issued

5078NC3T2. Small Mountain Quarry, Inc., (125 North Warren Street, West Hazleton, PA 18201), transfer of a noncoal surface mine operation in Salem Township, **Luzerne County** affecting 63.9 acres, receiving stream none. Transfer issued February 18, 1997.

09960301. Warner Company, (600 Tyburn Road, Morrisville, PA 19067), commencement, operation and restoration of a noncoal surface mine operation in Falls Township, **Bucks County** affecting 46.0 acres, receiving stream none. Permit issued February 18, 1997.

7974SM6T. James McAndrew, (1025 North West End Boulevard, Quakertown, PA 18951), transfer of an existing noncoal surface mine operation in Richland Township, **Bucks County** affecting 205.0 acres, receiving stream Tohiken Creek. Transfer issued February 19, 1997.

District Mining Operations, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Noncoal Applications Withdrawn

11960801. Laurel Land Development, Inc. (P. O. Box 629, Carrolltown, PA 15722), commencement, operation and restoration of a noncoal mine in Jackson Township, **Cambria County**, affecting 3.6 acres, receiving stream unnamed tributary to Hincston Run, application received November 15, 1996, application withdrawn February 7, 1997.

32950801. William P. Sharp (Box 131, Shelocta, PA 15774), commencement, operation and restoration of a noncoal mine in Armstrong Township, **Indiana County**, affecting 3.0 acres, receiving stream Curry Run, application received November 6, 1995, application withdrawn February 10, 1997.

Mineral Resources Management—District Mining, Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

General Small Noncoal Authorizations Granted

28960802. Machine Tool Rebuild Specialists, Inc., (8546 McClays Mill Road, Newburg, PA 17240), commencement, operation and restoration of a small shale operation in Lurgan Township, **Franklin County** affecting 1.8 acres, receiving stream none. Authorization granted February 14, 1997.

District Mining Operations, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Sewage Sludge Applications Issued

11920108. K & J Coal Company, Inc. (P. O. Box 189, Westover, PA 16692), permit revision to modify the 103 acre surface mine permit to include the land application of sewage sludge in Chest Township, **Cambria County**, receiving stream unnamed tributary to Chest Creek, Chest Creek to west branch Susquehanna River, unnamed tributary locally known as Rock Run, application received February 5, 1996, permit issued February 20, 1997.

Request For Variance

The Bureau of Deep Mine Safety has approved a request for variance for *Consol Pennsylvania Coal Company*. The following notification contains a summary of both this request and the Department's decision regarding approval. Complete copies of both the variance request and the Department's decision may be obtained from Glen Ziegler by calling (717) 772-4006.

Summary of the request: Consol Pennsylvania Coal Company is requesting a variance from Section 242(c) of the Bituminous Coal Mining Laws of Pennsylvania. Consol's plan calls for the ventilating current along the belt line in a three entry system to be carried in the outby direction. Air in the belt line would be intake air diverted to it before the air reaches the face.

Summary of the decision: The basis for the Bureau's approval can be summarized in the following conclusions:

1. Consol adequately addresses the effects of the proposal on miners' escapability from the working face in a three entry system.
2. Carbon Monoxide (CO) sensor placement (2,000' spacing) ensures early warning of belt and/or track fires, thereby allowing the timely evacuation of the miners from the working face.
3. The dangers of track entry fires are also considered. The dangers are addressed through early warning detection; the de-energization of the track during development; and the use of manual and automatic fire suppression devices on equipment.
4. Improvements in communications (for example, mine telephones being placed at mid-panel) help ensure that in the event of a fire, workers at the face will be notified of the situation in a timely manner.
5. There are significant health and safety benefits associated with allowing belt air to move outby. Respirable coal dust generated at the section feeder and by the shuttle car operators will be carried away from the working section. Rock dusting the conveyor belt can be accomplished on-shift without exposing section workers to rock dust. Methane liberated along the belt line will be carried away from the working section.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, 1 (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

DEP Central Office, Bureau of Waterways Engineering, P. O. Box 8554, Harrisburg, PA 17105-8554, telephone (717) 783-1384.

E52-083. Encroachment. **Sunnylands, Inc.**, 3000 Sunrise Lake, Milford, PA 18337. To maintain the following water obstructions and encroachments in Sunrise Lake Estates, a 2,500 acre subdivision approximately 1 mile south of Interstate 84, abutting the north side of State Road 739, located in Dingman Township, **Pike County** (Edgemere, PA Quadrangle N: 13.5 inches; W: 10.9 inches):

A. A 50-foot long 58-inch × 36-inch arch culvert in Poison Brook on Spruce Lake Drive and wetland encroachments associated with the construction of access driveways and homes on lot nos. 26, 78, 79 and 80 of Section 12, Sunrise Lake Estates, totaling approximately 0.37 acre of wetlands.

B. A 20-acre lake known as Sprint Lake or "Site B" which was created by the excavation of 20 acres of palustrine wetland.

C. A 20-acre lake known as Spruce Lake or "Site D" which was created by the excavation of 20 acres of palustrine wetlands.

D. A 1.5-acre pond known as "Site A" which was created by the excavation of 1.5 acres of palustrine wetland.

E. A 1.8-acre pond known as "Site F" which was created by excavation of 1.8 acres of palustrine wetlands.

F. A 2.0-acre pond known as "Site G" which was created by the excavation of 2.0 acres of palustrine wetlands.

For administrative purposes, the activities identified in permit applications E52-049, E52-056 and E52-083 published in the *Pennsylvania Bulletin* on December 5, 1992, have been combined into E52-083. This permit is issued in response to an application filed with the Department of Environmental Protection on November 24, 1992, and in

accordance with the terms and conditions of the Consent Order and Adjudication approved by the Environmental Hearing Board on October 17, 1996.

D52-190. Dam. **Sunnylands, Inc.**, 3000 Sunrise Lake, Milford, PA 18337. To modify, operate and maintain the existing Sprint Lake Dam in Dingman Township, **Pike County**.

Permits Issued and Actions on 401 Certification

Northeast Regional Office: Regional Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-5485.

E66-109. Encroachment. **Kane Properties, Inc.**, P. O. Box 931, Scranton, PA 18501-0931. To place fill in approximately 0.21 acre of wetlands for the purpose of constructing a loading dock area for the proposed warehouse addition to the existing freight facility. The project is located on the east side of S. R. 0006, just north of the intersection of S. R. 0006 and Township Road T397 (Mile Road) (Tunkhannock, PA Quadrangle N: 11.5 inches; W: 12.3 inches) in Tunkhannock Township, **Wyoming County**. The permittee has met the wetland replacement requirement by participating in the Pennsylvania Wetland Replacement Project.

Northcentral Region: Water Management—Soils and Waterways, F. Alan Sever, Chief, 208 West Third St., Williamsport, PA 17701.

E08-300. Encroachment. **Dept. of Transportation**, 715 Jordan Ave., Montoursville, PA 17754. To construct and maintain a two span continuous prestressed concrete I-beam bridge with clear span lengths of 140.4 feet and minimum underclearance of 20.9 feet at an 80 degree skew over Sugar Creek approximately 1/2 mile south of the confluence with the north branch of the Susquehanna River on SR 006 (Towanda, PA Quadrangle N: 8.1 inches; W: 12.0 inches) in North Towanda Township, **Bradford County**.

E14-299. Encroachment. **State College Borough Water Authority, c/o Max G. Gill**, 1201 West Branch Rd., State College, PA 16801. To construct and maintain a stream enclosure to carry a rough grade road across an unnamed tributary to Buffalo Run that provides access strictly for the operation and maintenance of a municipal water supply line. The proposed stream enclosure shall be constructed with two corrugated metal culvert pipes that have a diameter of 6.0 feet and a length of 235.0 feet. The project is located along southern right-of-way of SR 0322 approximately 1.9 miles south of the intersection of Scotia Range Road and SR 0322 (Julian, PA Quadrangle N: 9.5 inches; W: 12.5 inches) in Patton Township, **Centre County**.

Northwest Regional Office: Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6942.

E10-251. Encroachment. **Leona M. Miller**, P. O. Box 170, Chicora, PA 16025, to complete, construction and maintain a 10-foot diameter, 30-foot long pipe culvert in Buffalo Creek for a private driveway north of S. R. 68 approximately 1 mile west of Chicora (East Butler, PA Quadrangle N: 12.9 inches; W: 0.7 inch) located in Donegal Township, **Butler County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

WATER ALLOCATIONS

Actions taken on applications filed under the act of June 24, 1939 (P. L. 842, No. 365) (32 P. S. §§ 631—641) relating to the acquisition of rights to divert waters of this Commonwealth.

Southwest Regional Office: Regional Manager, Water Supply and Community Health, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

Permits issued on February 12, 1997.

WA 3-1001. Water allocation. **Mahoning Township Municipal Authority**, Armstrong County, PA. The right to purchase up to 75,000 gallons per day of water (0.284 million liters per day of water), as a 30 day average, from the Redbank Valley Municipal Authority, **Armstrong County**, PA.

Permits issued on February 14, 1997.

WA 2-901. Water allocation. **Borough of Coraopolis**, Allegheny County, PA. The right to withdraw a maximum of 2.2 million gallons per day of water (8.33 million liters per day of water), as a daily peak, from wells located along the Ohio River in **Allegheny County**, PA.

[Pa.B. Doc. No. 97-362. Filed for public inspection March 7, 1997, 9:00 a.m.]

Amendment of General Permit BDWW-GP-15: Private Residential Construction in Wetlands and 401 Water Quality Certification

The Department of Environmental Protection, under the authority of section 7 of the Dam Safety and Encroachments Act (32 P. S. § 693.7) (act) and 25 Pa. Code Chapter 105 Subchapter L (relating to general permits), hereby amends General Permit BDWW-GP-15, renamed General Permit BWQP-GP-15, which authorizes the placement and maintenance of fill in, or excavation of, nontidal wetlands for the construction or expansion of a single-family home for the personal residence of the permittee including reasonable and necessary features such as a driveway, storage shed and utilities, on a residential lot purchased by the permittee prior to November 22, 1991, within established subdivisions that were approved by the local governing authority, where such activities do not impact greater than 0.50 acre of nontidal wetland. The Department is authorized by the act and regulations to issue general permits where it determines a category of projects are similar in nature and can be adequately regulated using standard specifications and conditions.

The amendments reflected in BWQP-GP-15 are a result of a settlement with the Chesapeake Bay Foundation

regarding its appeal of BDWW-GP-15 issued February 3, 1995. The Department believes the settlement reflects a compromise that, while meeting the concerns of the Foundation, still maintains the original intent of the permit to provide an expedited and simplified permit process for people caught in a change to the regulations, and permit requirements. In addition to the substantive amendments, the name of the permit has been changed to reflect the recent reorganization of the Water Management Deputate. The administration of the Chapter 105 program is now the responsibility of the Bureau of Water Quality Protection (BWQP).

Authorization provided by this general permit will eliminate the need of filing an application for an individual permit by an owner who intends to construct a private residence in wetlands, in accordance with the terms, criteria and conditions of the general permit. The owner will be required to register the project by submitting written notice to the Department or delegated County Conservation District indicating the intent to fill or excavate wetlands in accordance with the conditions and terms of the general permit.

The general permit allows a maximum impact of 0.50 acre of wetlands, consistent with the Clean Water Act Section 404 Single-Family Housing Nationwide Permit issued by the U. S. Army Corps of Engineers (ACOE) on July 27, 1995. Permittees are required to avoid and minimize wetland impacts, utilize nonwetland areas where possible, minimize impacts to natural water regimes and not increase or obstruct stormwater. To address concerns about the affects of cumulative fills on local stormwater, the permit has been conditioned so that fills or excavations in wetlands, including previously filled areas may not exceed more than 40% of the total lot area, except where lots are less than 0.25 acre in size where a maximum of 0.10 acre of fill in wetlands is authorized. Further, all proposed wetland impacts over 0.10 acre must be evaluated by the ACOE for separate Federal approval prior to State authorization. The Corps of Engineers Nationwide Permit review process includes an evaluation of the full range of environmental factors including the potential impacts of stormwater and flooding on adjacent property owners (Condition A.c. of Nationwide Permit 29). In addition to these permitting procedures, the Department, in cooperation with County Conservation Districts and other interested State and Federal resource agencies will monitor the use of GP-15 to evaluate the environmental impacts. If significant individual or cumulative impacts are found or indicated, the Department has the authority to condition, modify or revise GP-15 based upon the specific circumstances of an individual subdivision, area or local watershed.

The major amendments to the permit, aside from minor editorial and format changes, include the following:

<i>Issue</i>	<i>Old BDWW-GP-15</i>	<i>New BWQP-GP-15</i>
Qualifying Date	Date of subdivision approval prior to November 22, 1991	Individual must have purchased the lot prior to November 22, 1991
Yards	May be included with new construction	Yards are not authorized
Wetland delineation	Only required for lots greater than 0.50 acre	Required for all lots. USCOE and DEP will provide the service upon request
Sketch plan	Required baseline information	Require more specific information for registration review

<i>Issue</i>	<i>Old BDWW-GP-15</i>	<i>New BWQP-GP-15</i>
Federal authorization under PASPGP-1	Cites PASPGP-1 approval process	Eliminates reference to PASPGP-1
Sewerage facilities	Does not define central sewerage	Clarifies by definition the term central sewerage
Activities in floodplains	Does not allow activities in floodways	Does not allow activities in floodplains

Notice of intent to amend BDWW-GP-15 was published in the *Pennsylvania Bulletin* on October 26, 1996. Comments received in response to this notice were reviewed and incorporated into the General Permit where applicable. A complete set of comments and the Department's responses are available by contacting Department of Environmental Protection, Bureau of Water Quality Protection, P. O. Box 8465, Harrisburg, PA 17105-8465 or by visiting the Department's web site at <http://www.dep.state.pa.us>, (choose Water Management, Bureau of Water Quality Protection).

401 Water Quality Certification

The projects covered by the General Permit BWQP-GP-15 may also require a Federal license or permit. Section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) requires that any applicant for a Federal license or permit to conduct any activity which may result in any discharge into the waters of the United States provide the Federal licensing or permitting agency a certificate from the state in which the discharge will originate that the discharge will comply with applicable provisions of The Clean Water Act as well as applicable state law related to water quality protection.

The Department, by this notice, certifies that the construction, operation and maintenance of any encroachment or water obstruction as proposed in the BWQP-GP-15 complies with the applicable provisions of sections 301, 303, 306 and 307 of The Clean Water Act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317). The Department certifies that the construction, operation and maintenance of such projects comply with applicable state laws related to water quality protection and standards provided that the construction, operation and maintenance complies with the criteria and conditions of the permit.

This certification is further subject to the following conditions:

1. Prior to commencing any activity covered by the General Permit, the applicant must obtain all other necessary permits or approvals from the Department of Environmental Protection, including, but not limited to, those required by The Clean Streams Law (35 P.S. §§ 691.1—691.1001), the Dam Safety and Encroachments Act (32 P.S. §§ 6018.101—6018.1003), and the regulations promulgated thereunder including 25 Pa. Code Chapters 75, 91, 92, 93, 95, 101, 102 and 105.

2. Fill material cannot contain wastes as defined in the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

BWQP-GP-15, in accordance with section 7(d) of the Dam Safety and Encroachments Act, will be effective 30 days from the date of this notice.

GENERAL PERMIT

BWQP-GP-15

PRIVATE RESIDENTIAL CONSTRUCTION IN WETLANDS

A. General Description. The Department of Environmental Protection hereby authorizes, by general permit,

the placement and maintenance of fill in, or the excavation of, non-tidal wetlands for the construction or expansion of a single family home for the personal residence of the permittee, including reasonable and necessary features such as a driveway, storage shed and utilities on a residential lot purchased by the permittee prior to November 22, 1991, within established subdivisions approved by the local governing authority where such activities do not impact greater than .50 acre of nontidal wetlands. The issuance of this General Permit also constitutes approval of a Water Quality Certification under section 401 of the Federal Clean Water Act (33 U.S.C.A. § 1341). The monetary contribution associated with this General Permit is for participation in the Pennsylvania Wetland Replacement Project.

Neither the Department of Environmental Protection nor any County Conservation District which is delegated Chapter 105 permitting authority shall be liable for incidents resulting from subsidence, structure failure, water damage, vector problems or any other hardships that may occur as a result of building in wetlands.

B. Registration Procedure:

1. Complete the registration Form (Exhibit A).

The information requested in Item 2 on the registration form will be used to determine potential impacts to threatened and endangered species. If a potential impact is indicated, the Department will provide assistance to you to address threatened and endangered species concerns. The use of this general permit is not authorized until the potential impact is resolved.

If you desire, to avoid possible project delays, a search for potential impacts can be conducted prior to registration by completing the attached Supplement No. 1, Pennsylvania Natural Diversity Inventory Form (PNDI) and submitting it to the appropriate DEP Regional Office or delegated County Conservation District. The completed search information should be submitted when you register the permit.

2. Prepare a project location map utilizing a photocopy of a 7-1/2 minute U.S.G.S. Quadrangle Map showing the project site.

3. Delineate the wetlands in accordance with established Department procedures. Delineation services for the purpose of registering this general permit will be provided by the U. S. Army Corps of Engineers or the Department of Environmental Protection or its designee, upon request. If you choose to have delineation services provided by the Army Corps of Engineers or the Department, please request this service in writing early in the project planning stage to allow sufficient response and scheduling time to avoid project delays.

4. Prepare an Erosion and Sedimentation control plan. Permit users are encouraged to contact County Conservation Districts for erosion and sedimentation control planning assistance.

5. Prepare a sketch plan (Exhibit B) or attach a copy of a plot plan of the project showing the:

- a. dimension of the entire property,
 - b. location of wetland,
 - c. location of erosion and sedimentation control measures,
 - d. dimension of the proposed wetland impact area,
 - e. location of house/driveways, and the like,
 - f. location of waterways, drainage ditches, and the like,
 - g. existing utilities,
 - h. proposed utilities, water, sewer, telephone, and the like.
 - i. building setbacks,
 - j. previously filled wetlands,
 - k. floodplains,
 - l. location of replacement wetlands.
6. To register use of the general permit send one copy of the:
- a. Location Map,

- b. Registration Form (Exhibit A),
 - c. Sketch Plan (Exhibit B),
 - d. Wetland delineation,
 - e. Erosion and Sedimentation Control Plan approval letter, for lots greater than 0.5 acre (see D.8. below),
 - f. A Wetland Replacement Plan or, a contribution to the Pennsylvania Wetland Replacement Project, as described in Part D.9 of this general permit;
 - g. Supplement Number 1, PNDI (see B.1); and
 - h. Corps authorization if the wetland impact is greater than .10 acre;
- to the DEP Regional Soils and Waterways Section or the delegated County Conservation District.

7. You may not begin construction until you receive confirmation of registration and Federal authorization from the U. S. Army Corps of Engineers under Section 404 of The Clean Water Act. Please contact the appropriate Corps District for permit information.

C. Definitions Applicable to this General Permit:

Central Sewage—A sewerage system consisting of pipes, lateral lines, trunk lines or mains, which convey waste to a facility that provides treatment for final disposal. The term Central Sewage does not include onlot disposal, community onlot disposal, or any other system that requires a land surface or subsurface absorption area for treatment and disposal purposes.

FEMA—The Federal Emergency Management Agency

Floodplain—The lands adjoining a river or stream that have been or may be expected to be inundated by flood waters in a 100-year frequency flood. Unless otherwise specified, the boundary of the 100-year floodplain is as indicated on maps and flood insurance studies provided by FEMA. In an area where no FEMA maps or studies have defined the boundary of the 100-year floodplain it is assumed, absent evidence to the contrary, that the floodplain extends from the stream to 50 feet from the top of the bank of the stream. Other evidence of the extent of the floodplain may include local stormwater management plans, local zoning ordinances, subdivision plans and similar land use mapping.

Impact—The loss of nontidal wetlands of the Commonwealth including any filled area previously permitted, the proposed filled area and any other nontidal wetlands of the Commonwealth that are adversely affected by flooding, excavation or drainage as a result of the project.

Individual—A natural person and/or couple but does not include a corporation, partnership or similar entity.

Parcel of Land—The entire contiguous quantity of land in possession of, recorded as property of, or owned (in any form of ownership, including land owned as a partner, corporation, joint tenant, and the like) by the same individual as of November 22, 1991 (and/or his or her spouse), and comprises not only the area of wetlands

sought to be filled, but also all land contiguous to those wetlands, owned by the individual and/or his or her spouse in any form of ownership.

Pennsylvania Wetland Replacement Project—A fund managed by the National Fish and Wildlife Foundation from which money is dispersed at the direction of the Department of Environmental Protection, to which Chapter 105 permit applicants can make a monetary contribution, in lieu of creating wetlands.

Subdivision—The division or redivision of a lot, tract or parcel of land into two or more lots, tracts, parcels or other divisions of land including changes in existing lot lines.

Wetlands—Areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions, including swamps, marshes, bogs and similar areas.

Emergent Wetland—Wetland areas dominated by nonwoody vegetation.

Forested Wetland—Wetland areas dominated by woody vegetation 20 feet or more in height.

Scrub/Shrub Wetland—Wetland areas dominated by woody vegetation less than 20 feet in height.

D. Conditions:

1. Impacts to wetlands must be avoided and minimized. Nonwetland areas onsite must be utilized whenever practical.

2. Fills or excavations in wetlands, including previously filled areas may not exceed more than 40% of the total lot area, except where lots are less than .25 acre in size where a maximum of .10 acre of fill in wetlands is

authorized. In no circumstances may the total impact associated with the fill or excavation exceed 0.50 acre of wetlands.

The following conversion table provides an example of the amount of wetland fill authorized in accordance with the 40% maximum fill condition.

<i>Lot Area in Acres</i>	<i>x</i>	<i>40% of Lot Area</i>	<i>=</i>	<i>Maximum Area of Wetland Fill</i>
0.25	x	0.40	=	0.10 acre
0.33	x	0.40	=	0.13 acre
0.50	x	0.40	=	0.20 acre
0.75	x	0.40	=	0.30 acre
1.00	x	0.40	=	0.40 acre
1.25	x	0.40	=	0.50 acre

3. Fills, and/or excavations, in wetlands located on floodplains are not authorized by this General Permit. Information on floodplains may be available through local municipalities, home owner associations, county planning offices, FEMA and similar agencies.

4. This permit may only be used once by an individual.

5. This permit may only be used for a single-family home for a personal residence by an individual who purchased the lot prior to November 22, 1991.

6. This permit may only be used on residential lots with access to a central sewage system which is in place and operational at the time of registration, except in instances where the fill is for the expansion of an existing residence. Under no circumstances may fill be used to construct or expand an onlot sewage disposal system.

7. Fill material cannot contain wastes as defined in the Solid Waste Management Act.

8. Appropriate erosion control measures and facilities must be incorporated into all earthmoving activities associated with construction. Upon completion of construction the site shall be stabilized.

a. For lots greater than .50 acre an Erosion and Sedimentation Control Plan must be reviewed and approved by the County Conservation District in the county where your project is located prior to registration.

b. For all other lots equal to or less than .50 acre, an Erosion and Sedimentation Control Plan meeting the requirements of 25 Pa. Code, Chapter 102, must be implemented and must be available at the site for review by the Department and/or the County Conservation District (see Exhibit B, Erosion and Sedimentation Control Notes). Permit users are encouraged to contact County Conservation Districts for erosion and sedimentation control planning assistance.

9. Individuals who wish to use this General Permit for impacts of up to .50 acre of wetlands must provide for the replacement of functions, values and areal extent of the wetlands impacted by:

a. creating a wetland in accordance with the Department's Design Criteria for Wetland Replacement on a 1:1

area ratio, replacement wetlands to filled wetlands. (Copies of the criteria are available at DEP Regional Offices.)

b. participating in the Pennsylvania Wetland Replacement Project by contributing to the National Fish and Wildlife Foundation Fund Project 95-096.

The contribution rate is as follows:

Deminimus impact less than or equal to .05 acre	— \$	0.00
Greater than .05 acre to .10 acre	— \$	500.00
Greater than .10 acre to .20 acre	— \$	1,000.00
Greater than .20 acre to .30 acre	— \$	2,500.00
Greater than .30 acre to .40 acre	— \$	5,000.00
Greater than .40 acre to .50 acre	— \$	7,500.00

10. Fills and/or excavations should not increase flood levels or permanently restrict, impede, accelerate, increase or obstruct the passage of normal or expected stormwater flows in such a manner that adversely impacts the property or riparian rights of owners above, below, or adjacent to the project.

11. This permit is not valid for use within the corridor of a watercourse or body of water that has been designated as a National Wild or Scenic River in accordance with the Wild and Scenic Rivers Act of 1968 (16 U.S.C.A. §§ 1271—1287) or designated as wild or scenic under the Pennsylvania Scenic Rivers Act (32 P.S. §§ 820.21—820.29). Information may be obtained by contacting the Department of Conservation and Natural Resources (DCNR), Bureau of Recreation and Conservation, Scenic Rivers Program, P. O., Box 8475, Harrisburg, PA 17105 or calling (717) 787-2316.

E. Activities Not in Accordance with Terms or Conditions—If the Department determines, upon inspection, that the construction, operation or maintenance of a project has violated the terms or criteria of this General Permit or of the Chapter 105 Rules and Regulations, the Department may take such actions, legal or administrative, that it may deem to be appropriate.

F. Denial of Authorization—The Department shall have the discretion to deny, revoke or suspend the use of the General Permit for any project which the Department determines to have a substantial risk to life, health, property or the environment.

G. Authority—Authorization of this General Permit is under section 7 of the Dam Safety and Encroachment Act 32 P.S. § 693.7 et seq., and the rules and regulations promulgated thereunder at 25 Pa. Code §§ 105.441—105.449 (relating to general permits). This General Permit becomes effective April 7, 1997, and will remain in effect indefinitely unless specifically modified, suspended or revoked by the Department.

Availability of Technical Guidance

Governor's Office List

Once a year on the first Saturday in August, the Governor's Office publishes a list of the nonregulatory guidance documents of all State agencies in the *Pennsylvania Bulletin*. The first publication of this list was in the August 3, 1996 edition of the *Bulletin*.

DEP's Technical Guidance Document Inventory

DEP publishes a list of its technical guidance documents in its Technical Guidance Document Inventory twice a year. The most recent edition of the Inventory is the December 1996 edition. One version of the list of the documents contained in this edition is now available on DEP's World Wide Web site. DEP's Web address is <http://www.dep.state.pa.us>. To go to the location of the Inventory once on the DEP home page, persons should choose the Public Participation Center, scroll down to the "Technical Guidance Document" heading and (under this heading) click on "Basic Inventory."

Bound paper copies of the Inventory have been printed and are available now. DEP automatically mails a paper copy of the December 1996 Inventory to persons who received a bound paper copy of the June 1996 Inventory. Persons who wish to add their address to the mailing list should call Nina Huizinga at (717) 783-8727.

DEP's Technical Guidance Documents on the World Wide Web

DEP's Web address is <http://www.dep.state.pa.us>. To go to the location of DEP's Technical Guidance Documents once on the DEP home page, persons should choose the Public Participation Center. The Center contains several links to DEP's Technical Guidance Documents. Persons should look under the heading "Proposals Open to Comment" for the link to "Draft Technical Guidance." Persons should look under the heading "Proposals Recently Finalized" for the link to "Technical Guidance." Persons should look under the heading "Technical Guidance" for one link to the "Basic Inventory" and a second link to "Final Guidance." The final documents menu will list DEP's bureaus. Persons should click on the name of the bureau to get to the list of the documents from that bureau that are currently on the Web. Then, to get to see a document, persons should click on the ID number of the document. DEP will be adding its revised documents to the Web throughout 1997.

Ordering Paper Copies of DEP Technical Guidance

Persons can order an unbound copy of the latest Inventory or a copy of any of the final documents listed on the Inventory by calling Elwyn, Inc. (the printer) at 1 (800) 804-4020 if calling in Pennsylvania or (610) 497-5841 if calling from outside Pennsylvania.

Changes to Technical Guidance Documents

Between publication of its Inventory, DEP announces changes to its technical guidance documents in its weekly newsletter, the *UPDATE* and the *Pennsylvania Bulletin*. Here is the current list of recently finalized documents, draft documents and notices of intended changes to technical guidance.

Persons who have any questions or comments about a particular document should call the contact person whose name and phone is listed with each document. Persons who have questions or comments about the Inventory, the documents on the World Wide Web, the availability of

paper copies from the printer or the technical guidance document process in general should call Nina Huizinga at (717) 783-8727.

Final Technical Guidance Documents—Minor Revisions to Existing Documents

DEP ID: 383- 3301-105. Title: Laboratory Reporting Instructions for Chemical Contaminants in Drinking Water. Description: This document establishes uniform instructions and protocol for implementing the drinking water reporting requirements for chemical analytical data. Page Length: 56 pages. Location: Volume 19, Tab 2A. Contact: Joe Hoffman at (717) 787-5017.

DEP ID: 400-5900-103. Title: Emergency Response Critiques. Description: This document improves the effectiveness of the Environmental Emergency Response Program by facilitating a thorough analysis of the response shortly after the event. Page Length: 2 pages. Location: Volume 8, Tab 6. Contact: Kris Lutz at (717) 787-5027.

DEP ID: 400-5900-104. Title: Policy for Authorities of the On-scene Coordinator. Description: This guidance provides for a coordinated response involving staff from more than one program to major environmental incidents. Page Length: 4 pages. Location: Volume 8, Tab 7. Contact: Kris Lutz at (717) 787-5027.

DEP ID: 400-5900-105. Title: Guidance for Emergency Response Contracting. Description: This document provides guidance to staff with emergency contracting authority in dealing with responsible parties and determining the appropriateness of an emergency action. Page Length: 3 pages. Location: Volume 8, Tab 8. Contact: Kris Lutz at (717) 787-5027.

DEP ID: 400-5900-108. Title: Policy for Contracting with Fire Companies or HAZMAT Teams. Description: This document guides staff with emergency contracting with a fire company or with HAZMAT (Hazardous Materials) Teams. Page Length: 2 pages. Location: Volume 8, Tab 11. Contact: Kris Lutz at (717) 787-5027.

DEP ID: 400-5900-109. Title: Policy for the Emergency Authorization for Emergency Transportation and Storage of Hazardous Waste. Description: This guidance allows for the expeditious removal of hazardous waste resulting from spills and releases. Page Length: 3 pages including appendix. Location: Volume 8, Tab 12. Contact: Kris Lutz at (717) 787-5027.

Notice of Intent to Rescind Technical Guidance

DEP ID: 400-4130-001. Title: Settlements in Lieu of Civil Penalties or Fines. Reason for Rescission: This Policy is obsolete. It is being replaced by Department-wide technical guidance (DEP ID: 012-4180-001; Title: Policy for the Acceptance of Community Environmental Projects in lieu of a Portion of Civil Penalty Payments). Announcement of the draft guidance 012-4180-001 appeared in the March 1 *Pennsylvania Bulletin*. Deadline for Submission of Comments: March 31. Contact: Terry R. Bossert at (717) 787-4449.

Notice of Intent to Add Technical Guidance to the Inventory

DEP ID: 394-5402-001. Title: Municipal Reference Document: Compilation of Field Interpretations and Department Guidance for the Bluff Recession and Setback Act. Background: This guidance has existed since September 1994. These interpretations and guidance are used to aid the local administration of the Bluff Recession Setback Act. Municipalities along the Lake Erie Shoreline who are charged with administering local ordinances

promulgated under this act, have relied upon the Division of Coastal Programs for interpretations of this act. Effective Date: September 1994. Page Length: 35 pages. Location: Volume 14, Tab 12. Contact: John Hines at (717) 772-5634 or Shamus Malone at (717) 787-2529.

Notice of Intent to Add Technical Guidance to the Inventory and Announcement of Draft

DEP ID: 254-5401-001. Title: Mushroom Management Manual. Background: 1) In 1983, the Department assisted in the development of a draft guidance manual for mushroom growing operations. This manual included, among other things, the best management practices for wastes produced during the mushroom growing operation. The manual was never officially adopted through regulations or policy. 2) In an effort to address existing concerns and to prevent problems related to the management of wastes produced by mushroom farming/growing operations, the Department, in cooperation with the PA Department of Agriculture, mushroom growers, academia, and the public; revised the draft manual to focus on the best management practices for waste produced during normal farming operations. Development and Review Process: A copy of the final draft was reviewed by the Agricultural Advisory Board and discussed at a public meeting, which was attended primarily by mushroom growers. Now, the Department is announcing the availability of this draft document to the public. The Department will discuss any comments received with the Mushroom Manual Workgroup prior to finalizing the guidance. Deadline for Submission of Comments: April 8, 1997. Contact: William A. Pounds at (717) 787-7381 or via e-mail at Pounds.William@1.dep.state.pa.us.

JAMES M. SEIF,
Secretary

Low-Level Waste Advisory Committee; Meeting Rescheduled

The date for the next meeting of the Department of Environmental Protection's Low-Level Waste Advisory Committee (LLWAC) has been changed from March 14 to March 11, 1997. The meeting will begin at 9 a.m., at the Forum Building, Room G-50.

Questions concerning the meeting should be addressed to Rich Janati at 1 (800) 232-2786 or e-mail at janati.rich@al.dep.state.pa.us.

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Marianne Hansen directly at (717) 787-2480 or through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

DEPARTMENT OF HEALTH

Appeal of Beverly Enterprises, Inc. et al.; Hearing

Appeal of Beverly Enterprises, Inc., d/b/a Blue Ridge Haven Convalescent Center East, Blue Ridge Haven

Convalescent Center West, Camp Hill Care Center from a decision of the Department of Health under the Health Care Facilities Act (35 P. S. §§ 448.101—448.904b).

A hearing will be held to review a decision of the Department of Health, dated January 4, 1996, which denies the issuance of a single license for Blue Ridge Convalescent Center East, Blue Ridge Convalescent Center West and Camp Hill Care Center.

The hearing will commence on March 19, 1997, at 12:30 p.m., in Room 812, Health and Welfare Building, Commonwealth and Forster Streets, Harrisburg, PA.

This hearing is subject to cancellation without notice.

For additional information, or for persons with a disability who desire to attend the hearing and require an auxiliary aid, service or other accommodation to do so, contact Robin Bowman at (717) 783-2500.

DANIEL F. HOFFMANN, FACHE,
Acting Secretary

[Pa.B. Doc. No. 97-366. Filed for public inspection March 7, 1997, 9:00 a.m.]

Health Policy Board; Meeting Notice

The Health Policy Board is scheduled to hold a meeting on March 19, 1997, at 10:30 a.m. in Room 812, Health and Welfare Building, Commonwealth and Forster Streets, Harrisburg, PA.

This meeting is subject to cancellation without notice.

The Board has scheduled the remainder of its meetings for calendar year 1997. All meetings are subject to change and cancellation without further notice. Subsequent notices will provide more detailed information concerning the location and time of each meeting. These meeting dates are as follows:

Wednesday, June 11, 1997
Wednesday, September 10, 1997
Wednesday, December 10, 1997

For additional information, or for persons with a disability who desire to attend the meetings and require an auxiliary aid, service or other accommodation to do so, contact Robin Bowman at (717) 783-2500.

State Plan of Program Operations and Administration for the Special Supplemental Nutrition Program for Women, Infants and Children for 1998; Public Meetings

In accordance with 7 CFR 246.4(b) (as amended, 50 FR 6108 et seq., February 18, 1985) the Department of Health has scheduled two public meetings for the purpose of obtaining comments and recommendations for the development of the 1998 State Plan of Program Operations and Administration for the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) in Pennsylvania.

The Department invites comments on all aspects of the Program's operations. General comments on other issues pertinent to the Program are also requested.

Persons wishing to give testimony at the public meetings are requested to preregister with the State WIC Program Office by calling (717) 783-1289. Anyone unable to attend the meetings, but wishing to express their views, may submit written comments by May 31 to the Department. Direct written comments to Department of Health, Division of Special Food Programs (WIC), Attention: Program Operations and Evaluation Section, P. O. Box 90, Harrisburg, PA 17108.

Persons who require reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) of 1990 should contact Jeanette Fossi at (717) 783-1289 for assistance.

Meeting dates and locations are as follows:

Friday, May 2, 1997, 10 a.m.—3 p.m., Allegheny County Health Department, WIC Program, Investment Building, 239 Fourth Avenue, Pittsburgh, PA 15222.

Wednesday, April 23, 1997, 10 a.m.—3 p.m., North Central Organized Regionally for Total Health, 642 North Broad Street, Philadelphia, PA 19130.

DEPARTMENT OF REVENUE

Pennsylvania Poker Instant Lottery Game

Under the provisions of the State Lottery Law (72 P. S. §§ 3761-1—3761-15) and the provisions of 61 Pa. Code § 819.203 (relating to notice of instant game rules), the Secretary of Revenue hereby provides public notice of the rules for the following instant lottery game:

1. *Name:* The name of the game is Pennsylvania Poker.

2. *Price:* The price of a Pennsylvania Poker instant lottery game ticket is \$1.00.

3. *Play Symbols:* The "Play Area" will contain a "Hand 1" area and a "Hand 2" area. Each "Hand" is played separately. The play symbols and their captions located beneath the "Hand 1" area and the "Hand 2" area in the "Play Area" are: 6 (SIX), 7 (SEVEN), 8 (EIGHT), 9 (NINE), 10 (TEN), J (JACK), Q (QUEEN), K (KING) and A (ACE).

4. *Prizes:* The prizes that can be won in this game are one free ticket, \$2, \$5, \$10, \$25, \$100, \$500 and \$5,000. The player can win up to two times on each ticket.

5. *Approximate Number of Tickets Printed For the Game:* Approximately 10,076,400 tickets will be printed for the Pennsylvania Poker instant lottery game.

6. *Determination of Prize Winners:*

(a) Holders of tickets with four matching play symbols of A (ACE) in the same "Hand" on a single ticket, shall be entitled to a prize of \$5,000.

(b) Holders of tickets with four matching play symbols of K (KING) in the same "Hand" on a single ticket, shall be entitled to a prize of \$500.

(c) Holders of tickets with four matching play symbols of Q (QUEEN) in the same "Hand" on a single ticket, shall be entitled to a prize of \$100.

(d) Holders of tickets with four matching play symbols of J (JACK) in the same "Hand" on a single ticket, shall be entitled to a prize of \$25.

(e) Holders of tickets with four matching play symbols of 10 (TEN) in the same "Hand" on a single ticket, shall be entitled to a prize of \$10.

(f) Holders of tickets with three matching play symbols in the same "Hand" on a single ticket, shall be entitled to a prize of \$5.

(g) Holders of tickets with two pairs of matching play symbols, such as two matching play symbols of 6 (SIX) and two matching play symbols of 7 (SEVEN), in the same "Hand" on a single ticket, shall be entitled to a prize of \$2.

(h) Holders of tickets with one pair of matching play symbols in the same "Hand" on a single ticket, shall be entitled to a prize of one Pennsylvania instant lottery game ticket of equivalent sale price which is currently on sale, plus an entry into a Semifinal Grand Prize Drawing to qualify for a Grand Prize Drawing with prizes of \$5,000, \$50,000, \$75,000, \$100,000, or an annuity worth \$1 million (\$50,000 a year for 20 years).

7. Grand Prize Drawing Procedure:

(a) *Frequency.*

(1) Grand Prize Drawings will be held on dates to be determined by the Secretary. The dates and locations will be announced by the Director.

(2) From the commencement of Pennsylvania Poker until the deadline announced by the Director, there will be ten Grand Prize finalists selected for each Grand Prize Drawing. Grand Prize finalists will be selected in Semifinal Grand Prize Drawings on dates to be determined by the Secretary and announced by the Director.

(b) *Eligibility for Semifinal Grand Prize Drawings.* To be eligible for a Semifinal Grand Prize Drawing, a winner having a free winning ticket shall timely claim it at a participating Lottery sales retailer and properly complete the back of the ticket. The ticket claimed shall meet the ticket criteria under 61 Pa. Code § 819.213 (relating to ticket validation and requirements) to be eligible for a Semifinal Grand Prize Drawing.

(1) The Lottery will make a reasonable effort to ensure that a redeemed free winning ticket is entered into one of the Semifinal Grand Prize Drawings. The Lottery assumes no responsibility for a lost or misplaced redeemed ticket not entered into a Semifinal Grand Prize Drawing.

(2) A redeemed free winning ticket is eligible for only one Semifinal Grand Prize Drawing. A ticket that is not in one eligible group of redeemed free winning tickets may, at the discretion of the Director, remain eligible for a subsequent Semifinal Grand Prize Drawing.

(3) If a ticket is rejected during or following a Semifinal Grand Prize Drawing, the sole remedy is to select another ticket to replace the rejected ticket in accordance with Lottery procedure.

(4) Determination of winners will be made by the Secretary, whose judgment will be final and binding.

(c) *Manner of conducting Semifinal Grand Prize Drawings.*

(1) Periodically, as determined by the Secretary and announced by the Director, a Semifinal Grand Prize Drawing will be held using eligible redeemed free winning tickets. Ten finalists will be selected from an eligible group of tickets entered in the drawing. For the purpose of the drawing, each of the eligible groups of redeemed free winning tickets will be further divided into subgroups and placed in containers, with each container assigned a code depending on the number of containers used.

(2) With the aid of mechanical or automatic drawing equipment, ten container codes will be selected. The codes will determine the containers from which the ten finalists' tickets will be ultimately selected. One winning finalist ticket will be drawn from the first container selected. One winning ticket will then be selected from the second selected container and this procedure will be repeated until ten finalists have been selected for each Grand Prize Drawing.

(d) *Manner of conducting Grand Prize Drawings.*

(1) Following the selection of the ten finalists as described in subsection (c), there will be Grand Prize Drawings held at the discretion of the Director.

(2) The Lottery will award the following prizes to the eligible finalists in each of the Grand Prize Drawings:

<i>Grand Drawing Prizes</i>	<i>No. of Winners</i>	<i>Amount</i>
Grand Prize	1	\$1 million-annuity, or \$100,000, or \$75,000, or \$50,000
Consolation Prize	9	\$5,000

(e) *Procedure for conducting Grand Prize Drawings.*

(1) At a Grand Prize Drawing, a mechanical device in the shape of two concentric wheels will be used, a smaller wheel directly in front of a larger wheel. The larger wheel will have ten spaces each marked with a letter, "a" through "j," inclusive, inscribed clockwise in alphabetical order. The names of the selected ten finalists will be placed on the larger wheel in the order that they were selected beginning with the space marked letter "a" and continuing alphabetically through the letter "j," inclusive.

(2) The smaller wheel will contain designated amounts of \$1 million—annuity, \$100,000, \$75,000 and \$50,000.

(3) The wheels will be spun and when the wheels stop, the name of the finalist on the larger wheel will be identified as the Grand Prize Drawing winner and will be entitled to the prize indicated on the smaller wheel.

(4) The nine finalists whose names remain will receive a consolation prize of \$5,000 each.

(5) The Grand Prize Drawing winner shall receive the amount indicated, and if that amount is the top grand prize of an annuity worth \$1 million, that prize will be payable in 20 equal annual installments of \$50,000. The payment of a top grand prize to a person who dies before receiving a prize or to a person 17 years of age or younger shall be paid according to 61 Pa. Code §§ 811.16 and 811.27 (relating to prizes payable after death of a prize winner; and payment of prizes to persons under 18 years of age).

(6) Prizes chosen in the Grand Prize Drawing shall be claimed within 1 year of the date of the Grand Prize Drawing.

(7) The determination of a winner will be made by the Secretary, whose judgment will be final, conclusive and binding on the finalists.

(8) Prizes are subject to Federal withholding tax provisions.

(9) Number and Description of Prizes and Approximate Odds: The following table sets forth the approximate number of winners, amounts of prizes, and approximate odds of winning:

<i>Get</i>	<i>Win</i>	<i>Approximate Odds</i>	<i>Approximate No. of Winners Per 10,076,400 Tickets</i>
Free	One Free Ticket Plus Entry	1:15	671,760
\$2	\$2	1:15	671,760
\$2 + \$2	\$4	1:60	167,940
\$5	\$5	1:200	50,382
\$2 + \$5	\$7	1:200	50,382
\$5 + \$5	\$10	1:300	33,588
\$10	\$10	1:300	33,588
\$10 + \$10	\$20	1:900.08	11,195
\$25	\$25	1:2,000	5,038
\$10 + \$25	\$35	1:2,000	5,038
\$25 + \$25	\$50	1:800.03	12,595
\$100	\$100	1:6,001	1,679
\$25 + \$100	\$125	1:25,003	403
\$100 + \$100	\$200	1:25,003	403
\$500	\$500	1:234,335	43
\$5,000	\$5,000	1:916,036	11

8. *Retailer Incentive Awards:*

(a) *Grand Prize Bonus.* The Lottery will pay a bonus to a retailer selling a redeemed and validated winning Pennsylvania Poker instant lottery game ticket selected for a Grand Prize Drawing as follows:

(1) A winner of an annuity worth \$1 million (\$50,000 a year for 20 years) top grand prize entitles the selling retailer to a bonus of \$10,000.

(2) A winner of a \$100,000 grand prize entitles the selling retailer to a bonus of \$1,000.

(3) A winner of a \$75,000 grand prize entitles the selling retailer to a bonus of \$750.

(4) A winner of a \$50,000 grand prize entitles the selling retailer to a bonus of \$500.

(5) A winner of a \$5,000 consolation prize entitles the selling retailer to a bonus of \$50.

(b) *Retailer incentive.* The Lottery may conduct a separate Retailer Incentive Game for retailers who sell Pennsylvania Poker instant lottery game tickets. The conduct of the game will be governed by 61 Pa. Code § 819.222 (relating to retailer bonuses and incentives).

9. *Unclaimed Prize Money.* For a period of 1 year from the announced close of Pennsylvania Poker, prize money on winning Pennsylvania Poker instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of Pennsylvania Poker, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

10. *Governing Law.* In purchasing a ticket, the customer agrees to comply with and abide by the State

Lottery Law (72 P.S. §§ 3761-1—3761-15), the regulations contained in Part V of Title 61 of the Pennsylvania Code (relating to State Lotteries) and the provisions contained in this notice.

11. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. Such announcement will be disseminated through media used to advertise or promote Pennsylvania Poker or through normal communications methods.

ROBERT A. JUDGE, Sr.,
Secretary

DEPARTMENT OF TRANSPORTATION

Addendum and Revision of the Listing of Approved Speed-Timing Devices and Appointment of Maintenance and Calibration Stations

The Department of Transportation, Bureau of Motor Vehicles, under the authority of section 3368 of the Vehicle Code (75 Pa.C.S. § 3368), published at 26 Pa.B. 6225 (December 28, 1996), a notice of approved speed-timing devices and maintenance and calibration stations for use until the next comprehensive list is published.

As an addendum to the listing of approved electronic speed-timing devices (radar) for use only by members of the Pennsylvania State Police, published at 26 Pa.B. 6225, December 28, 1996, the Department has approved, under 75 Pa.C.S. § 3368(c)(2), two electronic speed-timing devices (radar). Additionally, the Department has approved under 75 Pa.C.S. § 3368(c)(3), an electronic speed-timing device (non-radar), which calculates average speed between any two points.

Approval

Under 75 Pa.C.S. § 3368(c)(2), the Department has approved, for use only by members of the State Police, the following electronic speed-timing devices (radar):

(1) TS-3. Manufactured by MPH Industries, Incorporated, 316 East Ninth Street, Owensboro, Kentucky 42303.

(2) MPH Model K-15. Manufactured by MPH Industries, Incorporated, 316 East Ninth Street, Owensboro, Kentucky 42303.

Under 75 Pa.C.S. § 3368(c)(3), the Department has approved, for use by any police officer, the following electronic speed-timing device (nonradar) which calculates average speed between any two points:

(1) Tracker by Patco. Manufactured by Kustoms Signals, Incorporated, 9325 Pflumm, Lenexa, Kansas 66215.

Change of Address

As an addendum to the listing of approved Official Speedometer Testing Stations, published at 26 Pa.B. 6225 (December 28, 1996) the Department hereby gives notice of the change of address for the following station:

S&D Calibration Services, 134 Camp Lane, McMurray, Washington County, PA 15317. Also authorized to use mobile units (Appointed: 03/22/83, Station S35).

Correction

As an addendum to the listing of approved Official Electronic Device Testing Stations for nonradar devices which measure elapsed time between measured road surface points by using two sensors, published at 26 Pa.B. 6225 (December 28, 1996), the Department hereby gives notice of the correction of address for the following station:

S&D Calibration Services, 132 Fawn Valley Drive, McMurray, Washington County, PA 15317. Also authorized to use mobile units (Appointed: 09/14/82, Station EL11).

As an addendum to the listing of approved Official Stopwatch Testing Stations, published at 26 Pa.B. 6225 (December 28, 1996), the Department hereby gives notice of the correction of address for the following station:

S&D Calibration Services, 132 Fawn Valley Drive, McMurray, Washington County PA 15317. Also authorized to use mobile units (Appointed: 10/10/89, Station W61).

As an addendum to the listing of approved Official Electronic Device Testing Stations for nonradar devices which calculate average speed between any two points, published at 26 Pa.B. 6225 (December 28, 1996), the Department hereby gives notice of the correction of address for the following station:

S&D Calibration Services, 132 Fawn Valley Drive, McMurray, Washington County, PA 15317. Also authorized to use mobile units (Appointed: 09/14/82, Station EM6)

Deletion

As an addendum to the listing of approved Official Speedometer Testing Stations, published at 26 Pa.B. 6225 (December 28, 1996), the Department hereby gives notice of the deletion of the following station:

Highway Safety Traffic Surveillance, 1395 McLaughlin Run Road, Upper St. Clair, Allegheny County, PA 15241. Also authorized to use mobile units (Appointed: 03/22/83, Station S35).

Comments, suggestions or questions may be directed to John Munafo, Manager, Inspection Field Operations, Vehicle Inspection Division, Bureau of Motor Vehicles, Third Floor, Riverfront Office Center, 1101 South Front Street, Harrisburg, PA 17104 or by telephoning (717) 787-2895.

Other approved speed-timing devices and appointment of maintenance and calibration stations appear at 26 Pa.B. 6225 (December 28, 1996).

BRADLEY L. MALLORY,
Secretary

Finding

Bucks County

Under the provisions of section 2002(b) of The Administrative Code of 1929 (71 P.S. § 512(b)), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to make improvements to portions of State Route 2010 Section 08B which is located in Middletown and Northampton townships in Bucks County. The improvements consist of the

replacement of the Bridgetown Pike Bridge, the new location replacement of the bridge over Core Creek, and the relocation and realignment of approximately 128 meters (420 linear feet) of Bridgetown Pike east of Newtown Pike.

The project requires that the acquisition of 0.43 hectare (1.07 acres) of right of way from Core Creek County Park which is a recreational resource. The following mitigation measures will be incorporated into the design for implementation during construction:

1. The return of 0.46 hectare (1.13 acres) of right of way to the Core Creek County Park which becomes available when the existing Neshaminy Creek Bridge is removed.
2. The headrace will be documented as per the Historic American Engineering Record (HAER) standards. In addition to this, the Pennsylvania Historical and Museum Commission (PHMC) will erect a State historic marker to identify the location of the headrace and its relationship to the mill complex and Bridgetown.
3. The Bridgetown Pike/Newtown Pike intersection will remain open to traffic during construction in order to minimize impacts to vehicular traffic.
4. Erosion and sedimentation control measures will be employed to minimize adverse effects on the water quality of Core Creek and the Neshaminy Creek.

No adverse environmental effects are likely to result from the reconstruction of this section of highway.

BRADLEY L. MALLORY,
Secretary

Retention of Engineering Firms

Chester County Project Reference No. 08430AG2056

The Department of Transportation will retain an engineering firm for an open-end contract to provide supplementary construction inspection staff under the Department's Inspectors-in-Charge to perform construction inspection services on various projects in Chester County in Engineering District 6-0, on an as-needed basis. The contract will include roadway and bridge construction projects, and material plant inspection. The contract will be for a period of 60 months, with a maximum cost of \$1 million dollars.

It is anticipated that a maximum supplementary construction inspection staff of 15 inspectors will be required for this assignment.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities, Department and District experience and supervisory experience.
- b. Any specialized experience in asphalt paving, structures, concrete, drainage, paint inspection and Maintenance and Protection of Traffic.
- c. Number of NICET certified inspectors in each payroll classification.
- d. Understanding of Department's requirements, policies and specifications.
- e. Ability to provide CPM scheduling. (TCM-1 Classification).
- f. Ability to provide a "CDS" operator or someone capable in inputting data into a personal computer, (TCIS Classification).
- g. Past performance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	1 (1)
Transportation Construction Insp. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	3 (2)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	6 (4)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	3 (1)
NACE Intermediate Coating Inspector	1 (0) **
NACE Basic Coating Inspector	1 (0) **

** These two specialized classifications will be used for bridge painting inspection. Under these classifications, the selected firm must provide lead abatement training for these employees prior to any job assignment. In addition, the firm must establish, implement and maintain an effective employee medical surveillance in accordance with 29 CFR 1926 throughout the duration of this inspection assignment.

These two specialized classifications will have the following requirements:

1. NACE Intermediate Coating Inspector Training/or equivalent.

The inspector for the above NACE Intermediate Coating Inspector Training category shall have completed at least 80% of the required credits for this NACE category or equivalent training; also, shall have a minimum of 5 years coating inspection experience on heavy industrial or highway projects; also, shall have a minimum of 1 year experience of coatings inspection on a lead removal project where air monitoring, blood monitoring, containment and disposal of lead debris were performed; also, shall be knowledgeable in OSHA 1926.62 (lead) regulations, applicable OSHA regulations governing proper res-

pirator usage (29 CFR 1910.134) and lead exposure (29 CFR 1910.1025) shall also be capable of "climbing" on high bridge members to perform coatings inspection; shall be capable of supervising/training lower level coatings inspectors (both consultant and state) if necessary. He shall also complete EPA accredited training for lead removal (Title X, Sections 402 and 404) within 6 months of final issuance, by approximately June, 1997.

2. NACE Basic Coating Inspector Training/or equivalent.

The inspector for the NACE Basic Coating Inspector shall have completed at least 80% of the required credits for this category or equivalent training also, shall have a minimum of 3 years coating inspection experience on heavy industrial or highway project; also, shall have a minimum of 6 months experience on lead removal project; also, shall be knowledgeable in OSHA 1926.62 (lead regulations) applicable OSHA regulations governing proper respirator usage (29 CFR 1910.134) and lead exposure (29 CFR 1910.1025); shall also be capable of "climbing" on high bridge members to perform coatings inspection; shall also be capable of working with State inspectors; shall also complete EPA accredited training for lead removal (Title X, Section 402 and 404) within 6 months of official issuance, by approximately 1997.

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1997:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour of Inspection</i>
(TCM-1)	\$43.61
(TCIS)	\$38.21
(TCI)	\$33.44
(TA)	\$22.98
NACE Intermediate Coating Inspector	\$56.46
NACE Basic Coating Inspector	\$49.09

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a preconstruction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation or construction.

The firm selected will be required to supply the following equipment at no direct cost to the Department:

- 2 Paint Test Kits per project or as may be required as needed
- 2 Two-way Radios per project or as may be required as needed
- 2 Cellular Phones per project or as may be required as needed

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCM-1	2
TCIS	4
TCI	7
NACE Intermediate	2
NACE Basic	2

No resumes are required for the TA Classification.

The second copy of the letter of interest and required forms (see general requirements and information section) shall be sent to Andrew Warren, District Administrator, District 6-0, 200 Radnor-Chester Road, St. Davids, PA 19087.

Technical questions concerning the requirements for this project should be directed to Russell Swallow, District 6-0, at (610) 964-6686.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Delaware County
Project Reference No. 08430AG2057**

The Department of Transportation will retain an engineering firm for an open-end contract to provide supplementary construction inspection staff under the Department's Inspectors-in-Charge to perform construction inspection services on various projects in Delaware County in Engineering District 6-0 on an as-needed basis. The contract will include roadway and bridge construction projects, and material plant inspection. The contract will be for a period of 60 months, with a maximum cost of \$1 million dollars.

It is anticipated that a maximum supplementary construction inspection staff of 15 inspectors will be required for this assignment.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities, Department and District experience and supervisory experience.
- b. Any specialized experience in asphalt paving, structures, concrete, drainage, paint inspection and Maintenance and Protection of Traffic.
- c. Number of NICET certified inspectors in each payroll classification.
- d. Understanding of Department's requirements, policies and specifications.
- e. Ability to provide CPM scheduling, (TCM-1 Classification).
- f. Ability to provide a "CDS" operator or someone capable of inputting data into a personal computer, (TCIS Classification).
- g. Past performance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	1 (1)
Transportation Construction Insp. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	3 (2)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	6 (4)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	3 (1)
NACE Intermediate Coating Inspector	1 (0) **
NACE Basic Coating Inspector	1 (0) **

** These two specialized classifications will be used for bridge painting inspection. Under these classifications, the selected firms must provide lead abatement training for these employees prior to any job assignment. In addition, the firm must establish, implement and maintain an effective employee medical surveillance in accordance with 29 CFR 1926 throughout the duration of this inspection assignment.

1. NACE Intermediate Coating Inspector Training/or equivalent.

The inspector for the above NACE Intermediate Coating Inspector Training category shall have completed at least 80% of the required credits for this NACE category or equivalent training; also, shall have a minimum of 5 years coating inspection experience on heavy industrial or highway projects; also, shall have a minimum of 1 year experience of coatings inspection on a lead removal project where air monitoring, blood monitoring, containment and disposal of lead debris were performed; also, shall be knowledgeable in OSHA 1926.62 (lead) regula-

tions, applicable OSHA regulations governing proper respirator usage (29 CFR 1910.134) and lead exposure (29 CFR 1910.1025) shall also be capable of "climbing" on high bridge members to perform coatings inspection; shall be capable of supervising/training lower level coatings inspectors (both consultant and state) if necessary. He shall also complete EPA accredited training for lead removal (Title X, Sections 402 and 404) within 6 months of final issuance, by approximately June, 1997.

2. NACE Basic Coating Inspector Training/or equivalent.

The inspector for the NACE Basic Coating Inspector shall have completed at least 80% of the required credits for this category or equivalent training also, shall have a minimum of 3 years coating inspection experience on heavy industrial or highway project; also, shall have a minimum of 6 months experience on lead removal project; also, shall be knowledgeable in OSHA 1926.62 (lead regulations) applicable OSHA regulations governing proper respirator usage (29 CFR 1910.134) and lead exposure (29 CFR 1910.1025); shall also be capable of "climbing" on high bridge members to perform coating inspection; shall also be capable of working with state inspectors; shall also complete EPA accredited training for lead removal (Title X, Section 402 and 404) within 6 months of official issuance, by approximately 1997.

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

- 1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the level required for the Inspection Classification.
- 2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 4. Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
- 5. Hold an Associate degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1997:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour of Inspection</i>
(TCM-1)	\$43.61
(TCIS)	\$38.21
(TCI)	\$33.44
(TA)	\$22.98
NACE Intermediate Coating Inspector	\$56.46
NACE Basic Coating Inspector	\$49.09

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a preconstruction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. TCM-1	2
TCIS	4
TCI	7
NACE Intermediate	2
NACE Basic	2

No resumes are required for the TA Classification.

The second copy of the letter of interest and required forms (see general requirements and information section) shall be sent to Andrew Warren, District Administrator, District 6-0, 200 Radnor-Chester Road, St. Davids, PA 19087.

Technical questions concerning the requirements for this project should be directed to Rex Mackey, P. E., District 6-0, at (610) 964-6556.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

Statewide

Project Reference No. 08430AG2058

The Department of Transportation (DOT) will retain an engineering firm for a Statewide open-end contract administered by the Bureau of Maintenance and Operations to provide for various engineering management, pavement management, pavement engineering and various engineering services on an as-needed basis. Projects will be directed by and will require close work with the DOT Central Office, Bureau of Maintenance staff. The open-end contract will be for a period of 5 years with a maximum cost of \$400 thousand with projects being assigned on an "as-needed" basis.

The required services may encompass a wide range of efforts with short completion schedules. The selected firm may be required to perform any or all of the following types of engineering services: engineering management; assistance in testing and implementation of pavement management procedures and documentation of the pavement management process in the form of a DOT manual; development and implementation of training of Department personnel on the pavement management manual; assistance in developing and implementing pavement

performance indices for use in performance modeling; assistance in verifying and validating DOT's pavement performance models for use in project prioritization; assistance in identifying decision variables and development of decisions trees for pavement maintenance, rehabilitation and restoration for use in network optimization; investigation of the inputs needed for implementation of the pavement design procedure described in the 1993 AASHTO *Guide for the Design of Pavement Structures*; subgrade soil, M-r, concrete modulus of rupture, and the like; assistance in developing, implementing and training of pavement design and life cycle cost analysis procedures; evaluation of road roughness, skid resistance, deflection and pavement condition data which may include a limited amount of data collection; and documentation of study activities and findings.

The Department will establish an order of ranking of a minimum of three consultants for the purpose of negotiating an open-end contract based on the Department's evaluation of acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the consultants submitting the letters of interest:

a. Location of firm in respect to the DOT Central Office. Due to the nature of the work, preference will be given to consultants and their named key personnel that are within a 2 hour driving distance from Harrisburg, PA.

b. Specialized experience and technical competence of the Consultant.

c. Past record of performance with respect to cost control, work quality and ability to meet schedules. The specific experience of individuals who will constitute the consultant shall be considered.

d. Availability and access to resources. Due to the nature of the work the consultant must have available and/or access to such resources as: testing equipment—both laboratory and field, research literature for literary reviews, training capabilities for example, documentation and presentation of study activities to DOT staff in the form of training manuals and workshops, and the like.

e. Available staffing for this assignment with short notification.

f. Current workload.

We encourage small firms to submit a letter of interest for this assignment.

The second copy of the letter of interest and required forms (see general requirements and information section) shall be sent to Amar C. Bhajandas, P. E., Director of Bureau of Maintenance and Operations, 555 Walnut Street, 7th Floor, Forum Place, Harrisburg, PA 17101-1900.

Technical questions concerning the requirements for this project should be directed to Gaylord Cumberledge, P. E., Bureau of Maintenance and Operations, at (717) 787-1199.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Crawford, Erie, Forest, Mercer, Venango and
Warren Counties
Project Reference No. 08430AG2059**

The Department of Transportation will retain an engineering firm for an open-end contract for various engineering services and environmental studies on various projects located Crawford, Erie, Forest, Mercer, Venango and Warren Counties in Engineering District 1-0. The contract will be for a 60 month period with projects assigned on an as-needed basis. The required services may encompass a wide range of design and environmental efforts with the possibility of several different types of projects having short completion schedules. The anticipated types of projects may include, but are not limited to, bridge replacements or bridge rehabilitations with minor approach work, roadway betterments (3R Type), Capital Improvement Projects (bridges or roadways), and minor location studies. The maximum amount of the open-end contract will be \$1.0 million.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an open-end contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Effectiveness of proposed project managers.
- b. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on open-end contracts. The specific experience of individuals who constitute the firms shall be considered.
- c. Staff availability and diversity for this assignment.
- d. Specialized experience and technical competence of firm.
- e. Relative size of firm to size of projects that may be completed under this contract.
- f. Location of Consultant in respect to the District.

The firm may be required to perform any or all of the following engineering services: attend field views and prepare minutes; prepare submissions for field views and safety review meeting; field surveys; plot topography and cross sections; prepare submissions and materials necessary for the Department to prepare the application to Public Utility Commission (PUC) for the PUC field conference; attend and supply any required information for all PUC meetings and hearings during project design; develop erosion control details and narrative; develop right-of-way plans; prepare Type, Size and Location reports; prepare hydraulic report for waterway approval; prepare bridge drawings; traffic control plans and narrative; procure core borings; provide the soil and foundation engineering report; investigate utility and property involvement; prepare and disseminate right of entry letters; prepare prints and information required for a value engineering review; make the necessary investigations and adjustments to the design as a result of the value engineering review comments; make all necessary contract with railroad officials for any railroad-related costs estimates, permits, insurance, approvals and other required information; collect traffic signal timing and accident data; perform traffic counts and speed delay studies; prepare plans for signal design and implementation of

signal interconnections; evaluate alternatives using benefit/cost analysis; document study activities and findings; needs analyses; traffic circulation studies; lighting design; design of waste water treatment facility; structural analysis; and prepare construction plans, specifications and estimates.

The format and content of all documents, plans and specifications will be consistent with applicable State and Federal regulations and guidelines.

The firm may be required to perform any or all of the following environmental studies: air quality; surface water and groundwater hydrology; terrestrial ecology; wetlands; soils; geology; farmland; visual quality; socioeconomic; cultural; Section 4(f) and Section 106 documents; noise and vibration analyses; threatened and endangered species surveys; hazardous waste investigations and other related studies not identified above. The environmental studies will be conducted in accordance with Department policy and accepted analysis techniques and methodologies.

The firm may also be required to perform any or all of the following in order to ensure a complete environmental investigation has been performed: provide all necessary environmental services, material and equipment necessary to collect, analyze and organize data; assess impacts; conduct agency and public involvement activities; and prepare reports and design mitigation plans.

The reports and other written graphic material to be prepared may include, but are not limited to, early coordination and scoping correspondence; plans of study; meeting minutes; public meetings and hearing presentations; handouts and displays; technical basis reports; NEPA environmental documents; Section 106 documents; Section 4(f) evaluations; mitigation plans and reports; and wetland and floodplain findings.

The engineering services and environmental studies identified above are the general work activities that can be expected under this open-end contract. A more specific and project-related scope of work will be outlined for each individual Work Order developed under this open-end contract.

Technical questions concerning the requirements for this project should be directed to Michael L. McMullen, P. E., District 1-0, at (814) 437-4331.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a letter of interest and required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the letter of interest and required information must be submitted to Charles W. Allwein, P.E., Chief, Consultant Agreement Division, 7th Floor, Forum Place, 555 Walnut Street, Harrisburg, PA 17101-1900.

The letter of interest and required information must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is 4:30 p.m. prevailing time of the thirteenth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indi-

cated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a Joint Venture with an individual, firm or corporation which is permitted under the State law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate letters of interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation, shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof.

Proposing DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include the following information, and the information must be packaged and presented in the following order:

1. Transmittal Letter (maximum of two typed pages, one side)

The subject heading of the transmittal letter must include the project reference number for which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable) and the firm's Federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant must indicate in the body of their transmittal letter the names and Professional Engineer License Number of individuals who are directing heads or employees of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats and reports issued by the firm.

2. Project Organization Chart (one page, one side)

This chart should show key staff from the prime and each subconsultant and their area of responsibility.

3. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team)

The Standard Form 255 must be signed, dated and filled out in its entirety, including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. Under Item 4 of this form, Column A should include the number of subconsultant personnel and Column B should include the number of prime consultant personnel to be assigned to work on this project reference number.

If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be currently certified by the Department of Transportation, and the name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

4. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than 1 year old as of the date of this advertisement, must accompany each letter of interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor or a company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement.

If the Standard Form 254 is not submitted with the letter of interest, the transmittal letter shall indicate the dates that the Standard Forms 254 were submitted to the Bureau of Design and appropriate Engineering District/Central Office Bureau.

These forms shall be assembled with the prime's first, followed by the subconsultant's in the same order as they appear in Item 6 of Form 255.

5. Workload Projection Graph (not required for Construction Inspection Services)

A Workload Projection Graph for the prime and each subconsultant should indicate the firm's current and anticipated workload compared to the anticipated capacity available for the next 2-year time frame. The Workload Projection Graph should be submitted for the offices where the work would be performed and should only include the personnel classifications required for providing the advertised services and work.

6. Authorization Letters (if required)

If the advertisement requires a letter signed by individuals giving their approval to use their names in the letter of interest, the letters from proposed prime employees should be first, followed by subconsultant employees, in the same order as shown in Item 6 of Form 255.

7. Registration To Do Business

Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include, with each

letter of interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

This page must show the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Account must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate would be available.

9. Additional Information

Additional information, not to exceed ten one sided pages or five double sided pages may be included at the discretion of the submitting firm.

The assignment of the agreement/contract for the above advertisements will be made to one of the firms who submitted an acceptable letter of interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this notice and/or to readvertise solicitation for the work and services.

BRADLEY L. MALLORY,
Secretary

ENVIRONMENTAL HEARING BOARD

Connaught Laboratories, Inc. v. DEP; EHB Doc. No. 94-106-C

The Department of Environmental Protection (Department) and Connaught Laboratories, Inc. (Connaught) have agreed to a settlement of the above-captioned matter.

On April 7, 1994, the Department issued to Connaught NPDES Industrial Permit No. PA-0060071-A₁ (1994 NPDES Permit) which authorizes Connaught to discharge to Swiftwater Creek, in accordance with the effluent limitations, monitoring requirements and other conditions set forth in the 1994 NPDES Permit. The 1994 NPDES Permit set more stringent Total Dissolved Solids (TDS) limitations, intending to reflect the Department's understanding of the Delaware River Basin Commission's (DRBC) TDS requirements. On May 6, 1994, Connaught filed a timely appeal of the 1994 NPDES Permit with the Environmental Hearing Board challenging the effluent limitations for TDS and Condition "TEN" in Part C "Other Requirements" pertaining to TDS. The appeal was docketed at EHB No. 94-106-C. Connaught performed

several studies on Swiftwater Creek and submitted an application and petition to DRBC to revise the TDS standards. On October 23, 1996, after public notice and public hearing, DRBC granted Connaught a variance establishing alternative TDS mass loading and concentration limitations, subject to certain conditions.

The parties have agreed to a settlement, the major provisions of which include the following:

1. Within 60 days of the effective date of the Consent Adjudication, the Department will prepare, for publication and comment, a draft NPDES Permit, which shall contain the following:

a. The effluent limitations and monitoring requirements for TDS for Outfall 001 shall be as follows:

Mass Units (lbs/day)—Average Monthly: 2,250 lbs/day
—Maximum Daily: 3,375 lbs/day

Concentrations (mg/l)—Average Monthly: 1,800 mg/l
—Maximum Daily: 2,700 mg/l

Measurement Frequency: 2/Week

Sample Type: 8 Hour Composite

b. Condition "TEN" of Part C Other Requirements of the Permit shall be deleted.

2. The notice published in the *Pennsylvania Bulletin* will include a 30-day public comment period following the date of publication. The Department will endeavor to take final action on the NPDES Permit within 60 days of the close of the public comment period.

3. The settlement becomes effective upon approval by the Board, unless reopened by the Board under 25 Pa. Code § 1021.120, in which case the Consent Adjudication shall become effective on such date that any such appeals from or objections to the Consent Adjudication are denied.

Copies of the full agreement are in the possession of:

Barbara L. Smith, Assistant Counsel, Office of Chief Counsel, Department of Environmental Protection, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2519;

R. Timothy Weston, Esquire, Kirkpatrick & Lockhart, LLP, Payne-Shoemaker Building, 240 North Third Street, Harrisburg, PA 17101, (717) 231-4500

and at the Offices of the Environmental Hearing Board and may be reviewed by any interested party on request during normal business hours.

Persons who are aggrieved by the above settlement have a right to appeal to the Environmental Hearing Board, Rachel Carson State Office Building, 400 Market Street, 2nd Floor, P. O. Box 8457, Harrisburg, PA 17105-8457.

If information concerning this notice is required in an alternative form, contact the Secretary to the Board at (717) 783-3483. TDD users may telephone the Board through the AT&T Pennsylvania Relay Center at 1 (800) 654-5984.

Appeals shall be filed within 20 days of this publication.

The Environmental Hearing Board is empowered to approve this settlement which becomes final if no objection is timely filed with the Board.

GEORGE J. MILLER,
Chairperson

FISH AND BOAT COMMISSION

Additional Restrictions on Fish and Boat Commission Property

The Executive Director of the Fish and Boat Commission, acting under the authority of 58 Pa. Code § 53.18, has established the following additional restrictions for Fish and Boat Commission property:

<i>County</i>	<i>Area</i>	<i>Additional Restrictions</i>
Beaver	Hereford Manor Lakes	During the period April 11, 1997 to May 31, 1997, the use or possession of beer and alcoholic beverages is prohibited and open fires are prohibited.
Cumberland	SCI Camp Hill Access at Spanglers Mill	Closed to all use from 10 p.m. to 5 a.m.
Washington	Dutch Fork Lake	During the period April 11, 1997 to May 31, 1997, the use or possession of beer and alcoholic beverages is prohibited and open fires are prohibited.
Washington	Canonsburg Lake	During the period April 11, 1997 to May 31, 1997, the use or possession of beer and alcoholic beverages is prohibited and open fires are prohibited.

PETER A. COLANGELO,
Executive Director

Designations of Waters Subject to Special Fishing Regulations

The Fish and Boat Commission is designating the following waters as subject to the special fishing regulations under 58 Pa. Code Chapter 65 effective immediately upon publication of this notice:

58 Pa. Code § 65.4. All-Tackle Trophy Trout

The following waters are designated to be regulated and managed under the All-Tackle Trophy Trout Program (58 Pa. Code § 65.4):

<i>County</i>	<i>Water</i>	<i>Description</i>
Blair and Huntingdon	Little Juniata River	13.5 miles from the railroad bridge at the east (downstream) border of Ironville downstream to the mouth
Centre	Penns Creek	7 miles from the confluence with Elk Creek at Coburn downstream to the catch and release area

PETER A. COLANGELO,
Executive Director

Lake Erie Commercial Fishing—1997

The Executive Director of the Fish and Boat Commission, acting under the authority of 58 Pa. Code § 69.32(c), has established the total allowable 1997 commercial catch for yellow perch from the Pennsylvania waters of Lake Erie. The 1997 total allowable commercial catch for yellow perch is 37,800 pounds. The commercial fishing season for yellow perch on Lake Erie shall end when the Executive Director determines that 37,800 pounds of yellow perch have probably been taken by commercial fishing interests fishing in the Pennsylvania waters of Lake Erie.

The Executive Director of the Fish and Boat Commission, acting under 58 Pa. Code § 69.32(b), has determined that the 1997 total allowable commercial catch of walleye from the Pennsylvania waters of Lake Erie is 18,000 pounds. The commercial fishing season for walleye is September 20 until the date the Executive Director determines that the total allowable commercial catch has been taken or November 30, whichever comes first.

PETER A. COLANGELO,
Executive Director

Triploid Grass Carp Permit Applications

Under 58 Pa. Code § 71.7, the Fish and Boat Commission (Commission) may issue permits to stock triploid grass carp in Commonwealth waters. Triploid grass carp are sterile fish that may, in appropriate circumstances, help control aquatic vegetation. The Commission has determined, consistent with 58 Pa. Code § 71.7(e)(3), to seek public input with respect to any proposed stockings of triploid grass carp in waters having a surface area of more than 5 acres.

The following applications to stock triploid grass carp in waters having a surface area of more than 5 acres are currently undergoing staff review:

<i>Applicant</i>	<i>Water</i>	<i>Location of Water</i>	<i>Description of Water</i>	<i>Nature of Vegetation to be Controlled</i>
Borough of Carroll Valley	Lake Carroll	Liberty Township, Adams County	7.75 acre lake on Toms Creek	Elodea canadensis
Morgantown Properties	Glen Morgan Lake	Caernarvon Township, Berks County	138 acre impoundment, also known as Grace Mine Tailings Pond	Potamogeton, Myriophyllum
Fish and Boat Commission	Harris Pond	Ross Township, Luzerne County	30 acre impoundment owned by the PFBC for public fishing and boating	Ceratophyllum

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 11 a.m., Thursday, February 20, 1997, and took the following actions:

Regulations Approved:

Department of Transportation # 18-318: Prequalification of Bidders (amends 67 Pa. Code Chapter 457)

Department of Agriculture # 2-106: Tuberculosis and Brucellosis Testing and Documentation Requirements for Cattle, Goats and Bison (amends 7 Pa. Code Chapters 3, 5, 7, 8 and 9)

Regulations Disapproved:

Department of Education # 6-255: Community College Courses (amends 22 Pa. Code Chapter 335)

Regulations Deemed Approved Under § 5(b.3) of the Regulatory Review Act—Effective February 19, 1997:

Department of Agriculture # 2-95: Noxious Weeds (amends 7 Pa. Code Chapter 110)

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
February 20, 1997

Department of Transportation—Prequalification of Bidders; Doc. No. 18-318

Order

On February 16, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation (Department). This rulemaking would amend certain provisions of 67 Pa. Code Chapter 457 relating to the prequalification of bidders. The amendments are proposed under the authority of section 404.1 of the State Highway Law, as amended (36 P.S. § 670-404.1). The proposed regulation was published in the March 2, 1996 edition of the *Pennsylvania Bulletin*, with a 30-day public comment

period. The final-form regulation was submitted to the Commission on January 30, 1997.

Chapter 457 of 67 Pa. Code sets forth detailed procedures and requirements for evaluating the capacity and qualifications of prospective bidders (for example, contractors) seeking to perform highway project work in Pennsylvania under contract with the Department. Updating the procedures will assure efficient operation of the contract program for highway projects, minimize delays in awarding contracts after bids are opened, and, overall, assure the integrity and competency of bidders. This regulation incorporates provisions of the Contractor Responsibility Program contained in the Governor's Management Directive 215.9 (of July 17, 1990). Its updating incorporates much needed modifications agreed upon by the Department and the Associated Pennsylvania Constructors Association (APC).

Under the definitions section (section 457.1), the definition of "bidder" has been deleted and replaced by definitions of "contractor" and "subcontractor" to reflect that subcontractors are now separately prequalified. The term "debarment" refers to action by the Department to prohibit a contractor, subcontractor, or individual from contracting with or participating in contracts with the Department for a specified period of time. This is distinguished from "suspension," which is a temporary prohibition of up to 3 months (but which may be extended) pending the completion of an investigation. Suspension could lead to debarment or legal proceedings.

Amendments are proposed under section 457.3 (General requirements) to streamline the application processing of bids. Section 457.3(d) is amended to provide rules governing a prime contractor's prequalification. Prequalification will last for 2 years (up from the current 1 year) where applicants have complied with the option to furnish statements under oath (under section 457.4(a)(5)). This latter change is designed to reduce paperwork by about 50%.

Currently, no time extensions of prequalifications are permitted under section 457.3(d)(3). This has been changed to allow a 30-day extension on a current prequalification if the renewal certificate has not been issued prior to its scheduled expiration in cases where the renewal application had been applied for and the applicant is otherwise in good standing. This will allow contractors to have standing to continue bidding until the new certificate is issued.

Section 457.3(h) would be amended to require out-of-State contractors to designate a resident agent in Pennsylvania. Under section 457.3(i), the Department's

Prequalification Office must retain the contractor's and subcontractor's prequalification forms and related files for at least 3 years beyond the expiration of the certificate. This could prove useful for comparing an applicant's past prequalification with its current application.

A new subsection (j) to section 457.3 deals with subsidiaries. It provides for the issuance of umbrella prequalification certificates to a parent company and as many as three of its subsidiaries/divisions. This could be done by the filing of a single application and a combined financial statement. Presently, individual certificates are issued to each individual company based on its own credentials.

Amendments to section 457.4 would reduce some of the required paperwork and establish more stringent provisions relating to the contractor's financial health and financial statements. Under section 457.5, the Department proposes to amend some of the various categories of classification codes which the Department uses to classify contractors and subcontractors. The codes establish the type of work an applicant will be eligible to bid upon given the applicant's experience and financial capacity qualifications.

During the proposed rulemaking phase, the Department proposed to raise the limit of those contractors classified as of "unlimited financial capacity" from \$100 million to \$500 million (in section 457.7(f)(1)). However, the Department provided no history of problems or overextension by any of the 71 contractors with unlimited capacity to justify this proposed change.

The only commentator (other than the Commission) on the proposed rulemaking, the Associated Pennsylvania Constructors (APC), asserted that this proposed, new higher maximum level may restrict competition and increase costs to the Commonwealth. The APC also pointed out that marketplace forces impose the necessary protective effects: bonding companies are vigilant at these higher commitment levels and do not permit contractors to accept more work than they can adequately perform. After reviewing the issue, we concurred with the APC; we objected to the increase unless the Department could provide justification for it. In the final-form regulation, the Department went back to the current \$100 million figure.

In response to another recommendation in the Commission's Comments on the proposed version of this rulemaking, the Department has amended section 457.10(b) to provide that the Past Performance Report shall include valuation of a contractor's attitude and cooperation, equipment, organization and management, scheduling (for example, ability to complete previous projects on time), and work performance. This report, along with other information, is used to determine the past performance rating of the contractor as well as the classification of the contractor. Poor or unsatisfactory ratings for specific work classifications can result in the revocation of classifications previously granted.

A new section 457.16(b) would prohibit subletting any part of highway construction work under the terms of a contract to any contractor or subcontractor who is suspended, debarred or otherwise disqualified from bidding on, or participating in, such construction work. Section 457.17 requires contractors to notify the Prequalification Office within 30 days of a corporate or affiliate change, or a reduction of more than 20% of their maximum capacity rating, or both, as well as changes in certain required information. A failure to do so may result in suspension.

This regulation affects all persons, businesses and organizations, including prime contractors and subcontractors, who perform work for prime contractors and who bid on construction work through the Department. Approximately 1,200 firms submit prequalification applications on an annual basis. These rulemaking changes will provide uniform, consistent and compatible application of the suspension/debarment process of contractors on a Statewide basis. It will also ease the paperwork burden on contractors and the Department.

These amendments will not have any cost impacts (because there are no increased costs) or impose additional reporting or recordkeeping requirements on the Commonwealth, local governments or the private sector. The Department estimates that reporting and recordkeeping requirements on affected parties will be reduced by about 50%. These amendments will accomplish that primarily by extending the expiration date of Prequalification Certificates from 1 year to 2 years, thereby reducing by half the submission of required documentation and paperwork. Similarly, applicants for "prime contractor" status will only be required to submit audited financial statements every 2 years instead of every year.

Other benefits of these amendments include a provision that the Department will accept a Review Financial Statement in lieu of an audited financial statement from applicants whose net working capital does not exceed \$50,000. The change will benefit small firms by making it easier for them to be prequalified as prime contractors.

This rulemaking continues the option of allowing an applicant to be considered eligible to perform work only as a subcontractor. This option eliminates the requirement for such an applicant to submit an audited financial statement to satisfy the Contractor's Financial Statement.

We have reviewed this regulation and find it to be in the public interest. We believe these amendments will update and improve the Department's requirements for prequalification of bidders and reduce attendant paperwork and costs. Additionally, Commonwealth drivers and the safety of public roadways will benefit from more stringent qualifications for contractors hired to do contract road repair or construction. These amendments should help reduce the disruptions and problems resulting from contractors being financially unable to proceed with their work.

Therefore, It Is Ordered That:

1. Regulation No. 18-318 from the Department of Transportation, as submitted to the Commission on January 30, 1997, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
February 20, 1997

Department of Agriculture—Tuberculosis and Brucellosis Testing and Documentation Requirements for Cattle, Goats and Bison; Doc. No. 2-106

Order

On July 31, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Agriculture (Department).

This rulemaking would amend certain provision of 7 Pa. Code Chapters 3, 5, 7, 8 and 9 relating to tuberculosis and brucellosis testing. The amendments are proposed under the authority of section 1702 of the act of April 9, 1929 (P. L. 177, No. 175) (71 P. S. § 442) and sections 2, 3 and 9 of the act of April 17, 1929 (P. L. 553) (3 P. S. §§ 342, 343 and 349). The former requires the Department to take measures to prevent, control and eradicate diseases in animals. The latter requires the Department to identify and regulate animals with dangerous transmissible diseases and, *inter alia*, quarantine them or restrict their transportation into or within this Commonwealth. The proposed regulation was published in the August 10, 1996 edition of the *Pennsylvania Bulletin*, with a 30-day public comment period. The final-form regulation was submitted to the Commission on January 29, 1997.

Under current regulation, producers of cattle, goats and bison must test for tuberculosis and brucellosis and, in order to ship these animals within Pennsylvania and in interstate commerce, be able to document on a health certificate that they are disease-free. That is because when these diseases are present, they are dangerous and transmissible to other animals and to humans.

The Department proposes to delete the universal testing and documentation requirements in the regulation as no longer necessary because tuberculosis and brucellosis have been eliminated in cattle, goats and bison in 36 states, including Pennsylvania. The diseases are very rare in the remainder of the United States and there is a Nationwide trend to reduce or eliminate tuberculosis and brucellosis testing requirements.

While there is some slight risk that tuberculosis or brucellosis may occur, the Department has determined that its other ongoing disease monitoring efforts and the Federal requirements governing interstate shipping of cattle, goats and bison are adequate to detect, isolate and eradicate any outbreaks of tuberculosis and brucellosis in these animals in Pennsylvania. In addition, the Department and the United States Department of Agriculture (USDA) maintain surveillance and emergency preparedness on numerous foreign animal diseases which, although not found in this Commonwealth or the remainder of the United States, pose a real and constant threat to animal health.

These amendments will facilitate Pennsylvania intrastate commerce of cattle, goats and bison, and allow the Department to redirect its resources to other threats to animal health such as pseudorabies, rabies, pullorum, influenza and others. No new requirements will be imposed.

The specific areas of the regulation affected by the proposed deletions in testing and documentation requirements are: Chapter 3 (relating to the health requirements for importation and intrastate transportation of animals); Chapter 5 (relating to animal markets); Chapter 7 (relating to brucellosis-free certifications); and Chapter 9 (relating to control and eradication of tuberculosis of livestock).

The proposed revisions to section 3.151 would require diseased or contaminated cattle, goats and bison that are to be moved within Pennsylvania, as well as animals used for exhibition, to be identified by an official ear tag or other unique identification device approved and recorded by the Department. Under section 3.151(a), no new identification requirements will be imposed on feeder cattle, spayed heifers, and cattle going directly to slaugh-

ter. Such animals will be exempt from identification requirements unless they are diseased, contaminated or shipped for exhibition purposes. The practical effect of the proposed amendments would be to limit the health testing requirements for tuberculosis and brucellosis in animals moved within the Commonwealth and no longer require a Pennsylvania health certificate for every animal.

The Department also proposes to amend section 9.34, relating to milk for human or animal consumption, to delete the requirement that pasteurized milk for human or animal consumption originate from a herd that was tuberculin-tested within the last 5 years. This requirement has been deemed unnecessary because pasteurization kills any tuberculosis virus present in milk. However, raw (unpasteurized) milk for human or animal consumption would have to come from a herd that was tuberculin-tested within the previous year. If tuberculosis or brucellosis reoccurs, restrictions would be imposed on the disposition of animals and products (milk and meat) originating from exposed herds.

These amendments will decrease the documentation, paperwork and cost currently incurred by the Commonwealth's cattle, bison and goat producers under the present regulation. The Department estimates that those producers will be the primary beneficiaries of these changes, in the aggregate amount of \$687,777 for each of the next 5 fiscal years. The Department bases that figure upon 1996 figures for health charts (\$271,665), brucellosis tests (\$200,000) and tuberculosis tests (\$216,112). These changes, conversely, will likely decrease the income of licensed practitioners of veterinary medicine who have performed tuberculosis and brucellosis testing required under the Department's current regulation.

The Department also estimates that it will save approximately \$14,500 in each of the next 5 fiscal years as a result of not having to acquire forms and ear tags for cattle, bison and goats, shipped intrastate, to meet the current regulation's testing requirements for tuberculosis and brucellosis. The Department also projects this rulemaking will enable it to reduce its administrative requirements as well as the time spent by regional office field staff in ensuring compliance with current testing and documentation requirements. This rulemaking will not impact local governments.

Representative Raymond Bunt, Jr., Majority Chairperson of the House Agriculture and Rural Affairs Committee (House Committee), advised the Commission in a letter that on February 5, 1997, the House Committee met and its members agreed with the Chairperson's recommendation that the Commission approve this final-form regulations.

The following parties commented on the proposed version of this rulemaking: the House Committee; Representative Sheila Miller, a member of the House Committee; a private citizen; and this Commission.

The Department met with more than 10 interested industry producer groups prior to publishing the proposed version of these amendments for public comment. The Department also spoke with the Pennsylvania Livestock Association in September 1996, and they had no concerns with the proposed amendments.

In response to commentators' comments, including the Commission's, the Department amended sections 3.151, 9.5 and 9.6 of the final-form regulation to use the term "bison" throughout in place of the word "buffalo." The Department also stated that it plans a systematic updat-

ing of its animal health regulation over the next 2 years to carry out its responsibilities under the Domestic Animal Law (3 Pa.C.S. § 2323(a)) (to update identification standards for domestic animals) and it will use the term "bison" throughout that revised regulation. We commend the Department for its intention to further revise and update its entire animal health regulation.

In response to the Commission's recommendation, the Department revised and clarified the Preamble to the final-form regulation to explain that section 3.151(a) will remain as proposed because the language gives the Department the necessary discretionary latitude to carry out its responsibilities (under the Domestic Animal Law) to establish animal identification standards. While an ear tag may be used to identify a diseased/contaminated animal under section 3.151, the Department believes the proposed language will also allow it to approve the use of newer, superior electronic forms of identification as they come into use. Section 3.151(a) allows the Department to approve and record—but not mandate—animal identification devices other than ear tags.

The Department also stated that the amended section 3.151(a) will not impose a new identification requirement on feeder cattle, spayed heifers and cattle going directly to slaughter. Such animals will continue to be exempt from identification requirements unless they are diseased, contaminated or shipped for exhibition purposes.

The Department also agreed to consider our suggested changes to sections 7.4 and 9.4 in connection with the planned extensive revisions to its animal health regulations necessitated by the Domestic Animal Law.

We have reviewed this regulation and find it to be in the public interest. Given the absence of tuberculosis and brucellosis in animals in Pennsylvania for the past 15 years, and the Department and USDA requirements which maintain surveillance and emergency preparedness on those and numerous other animal diseases, the changes proposed in this rulemaking are appropriate. They will also result in cost savings for cattle, goat and bison producers. Currently, producers must test all animals for tuberculosis and brucellosis diseases and, in order to ship these animals within Pennsylvania and in interstate commerce, be able to document on a health certificate that they are disease-free.

Therefore, It Is Ordered That:

1. Regulation No. 2-106 from the Department of Agriculture, as submitted to the Commission on January 29, 1997, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
February 20, 1997

*Department of Education—Community College Courses;
Doc. No. 6-255*

Order

On October 19, 1994, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Education (Department). This rulemaking would amend 22 Pa. Code Chapter 335 under the authority of section 1913-A of the

Public School Code of 1949 (act) (24 P.S. § 19-191333-A(b)(1.2)). The proposed regulation was published in the October 29, 1994 *Pennsylvania Bulletin* with an 86-day public comment period. The final-form regulation was submitted to the Commission on January 27, 1997.

On June 7, 1993, the act was amended to require the Secretary of Education, in consultation with the community colleges, to promulgate standards for credit and noncredit courses that will be eligible for reimbursement by the Commonwealth. The act further requires that the standards should specifically exclude from eligibility for reimbursement any course or program in avocational or recreational pursuits.

The standards in this regulation will provide assurance that Commonwealth funding of community college operating expenses goes to support instruction which is consistent with the statutory defined mission of these institutions. Community college operating expenses are shared between the Commonwealth, the local sponsor and students (through tuition). The act specifically requires that programs and curricula of community colleges are to further the objectives of industrial development, reduce unemployment and improve the employability skills of area residents. Although community colleges also offer courses related to leisure time pursuits, hobbies and individual enrichment subjects, such courses do not meet program requirements specified under the act and are therefore specifically excluded from Commonwealth reimbursement.

The regulation proposed by the Department of Education (Department) establishes the criteria credit and noncredit courses must meet in order for the courses to be eligible for reimbursement. Many of the criteria, such as those relating to course approval, course structure and course outlines, were drawn from existing policies or practices at community colleges. Others were developed specifically to make a clear distinction between credit and noncredit courses. The proposed regulation also establishes an implementation schedule and describes the documentation required of the colleges to verify that their courses meet the standards.

Because the act mandates that courses or programs in avocational or recreational pursuits are not to be reimbursed by the Commonwealth, the Department defines the terms "courses or programs in avocational pursuits" and "courses or programs in recreational pursuits" in the regulation. The term "avocational pursuits" is defined as courses or programs designed to provide enrollees with skills or knowledge to be used in an activity which is subordinate to their current or their planned future customary employment. The term "recreational pursuits" is defined as courses or programs designed to provide enrollees with diversion or distraction from workaday routines.

Comments were filed on the proposed regulation by the House and Senate Education Committees, Reading Area Community College, Montgomery County Community College, Luzerne County Community College and Plum Borough Senior Citizens' Center.

The House Education Committee met on February 5, 1997, and voted unanimously to approve the final-form rulemaking. The Senate Education Committee chairperson, by letter dated February 10, 1997, expressed two concerns with the final-form regulation. First, he recommended that section 335.31 in the final-form regulation be amended to make it clear that the standards would apply to all new courses. Second, he recommended that

implementation of these standards be integrated with other requirements of the Department.

The Department made significant amendments to the regulation in response to comments received from the House and Senate Education Committees, this Commission and others. The Department moved the definitions for several terms to a new subsection devoted to definitions at the beginning of Subchapter A and adopted recommended changes to the definition of "noncredit courses" in Subchapter C to eliminate extraneous terms and clarify vagueness.

The Department agreed to revise the implementation date and also noted in the final-form regulation that beginning with fiscal year 1999-2000, and for each fiscal year thereafter, credit and noncredit courses shall meet the applicable standards under Chapter 335.

The Department changed the format of section 335.42 in order to simplify wording and to achieve parallel construction in the description of requirements relating to the preparation and maintenance of course outlines. The Department also included a determinate period of time for the retention of course evaluations, program audits, college catalogs and faculty records.

Despite all of these changes, the Department acknowledged at our public meeting that the concern of the Senate Education Committee Chairperson should be addressed prior to final adoption. Since the Regulatory Review Act does not permit an agency to amend a final-form regulation after it has been submitted to the Commission, the Department requested that we disapprove the regulation so that the Department could incorporate the Senate Education Committee Chairperson's suggested clarification. Section 335.31 provides in part:

Beginning July 1, 1997 to be eligible for reimbursement by the Commonwealth, each new credit course for Fiscal Year 1997-98 shall meet the standards in Subchapters A and B . . . (emphasis added).

The Senate Education Committee Chairperson suggested that this provision should apply for all new courses, regardless of whether they are started in the 1997-98 fiscal year or a subsequent fiscal year. We agree with the Senate Education Committee Chairperson's suggestion and urge the Department to promptly resubmit a revised regulation.

Therefore, It Is Ordered That:

1. Regulation No. 6-255 from the Department of Education, as submitted to the Commission on January 27, 1997, is disapproved; and

2. The Department of Education shall, within 7 days of receipt of this Order, notify the Governor, the designated Standing Committees of the House of Representatives and the Senate, and the Commission of its intention to either proceed with the promulgation of the regulation without revisions, to revise the regulation, or to withdraw the regulation. Failure to submit notification within the 7-day period shall constitute withdrawal of the regulation;

3. The Commission will transmit a copy of this Order to the Legislative Reference Bureau; and

4. This Order constitutes a bar to final publication of Regulation No. 6-255 under section 6(b) of the Regulatory Review Act (71 P. S. § 745.6(b)).

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
February 20, 1997

Department of Agriculture—Noxious Weeds; Doc. No. 2-95

Order

On March 27, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Agriculture (Department). This rulemaking would amend 7 Pa. Code Chapter 110 by deleting one plant from the noxious weed control list and adding another plant to the list. The authority for this regulation is contained in section 3(b) of the Noxious Weed Control Law (3 P. S. § 255.3(b)). The proposed regulation was published in the April 6, 1996 edition of the *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on January 29, 1997.

The Noxious Weed Control Law (Law) was established to help control plants determined to have an adverse affect on waterways or whose growth results in the killing of other necessary plants. The Law established a minimum number of plants to be contained on the Noxious Weed Control List and established the Noxious Weed Control Committee (Committee) which has the authority to add other plants it determines are noxious weeds.

In March of 1986, the Committee held a public meeting to determine if *Cichorium intybus*, commonly referred to as either chicory, succory or blue daisy, should be deleted from the Noxious Weed Control List. From this public hearing, it was determined that *Cichorium intybus* has a great potential as a forage crop and some farmers have shown an interest in growing this plant. However, the *Cichorium intybus* was listed in the Law as a noxious weed and the Department needed to work with the General Assembly to delete this plant from the Law. In 1994, the General Assembly amended the Law by deleting the *Cichorium intybus* as a noxious weed. Therefore, the Department is deleting the *Cichorium intybus* from its regulations to be consistent with the 1994 amendment.

On June 13, 1994, the Committee held a public hearing to consider adding *Lythrum salicaria*, commonly referred to as Purple Loosestrife, to the Noxious Weed Control List. The *Lythrum salicaria* is a wetland plant indigenous to Europe and Asia. Once this plant has established itself in a wetland area, it crowds out other native plants which are sources of food for species found in the wetland. If the *Lythrum salicaria* forms a significant mass, it can dry up a wetland resulting in destruction of this important environmental habitat. Therefore, the Committee decided to add this plant to the Noxious Weed Control List.

On February 6, 1997, we received a letter from Representative Raymond Bunt, Chairperson of the House Agricultural and Rural Affairs Committee, indicating that the Committee had no opposition to the rulemaking and recommended its adoption.

The final-form regulation contains no changes from the proposed regulation. We did not file any comments on the proposed regulation. Furthermore, we did not receive any negative recommendations on the final-form regulation from the Senate or House Agricultural and Rural Affairs Committees.

Therefore:

The Commission will notify the Legislative Reference Bureau that Regulation No. 2-95 from the Department of

Agriculture, as submitted to the Commission on January 29, 1997, was deemed approved under section 5(b.3) of the Regulatory Review Act (71 P. S. § 745.5(b.3)) on February 19, 1997.

JOHN R. MCGINLEY, Jr.,
Chairperson

INSURANCE DEPARTMENT

Children's Health Insurance Program Annual Report for FY 1995-96

The Management Team for the Children's Health Insurance Program (CHIP), established under the Children's Health Care Act (62 P. S. §§ 5001.101—5000.3105), has completed the Annual Report for FY 1995-96. Interested parties may obtain a copy by writing or calling Lowware Holliman-Murry, CHIP Project Manager, Insurance Department, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 783-1437.

Include with the request a check or money order in the amount of \$4 payable to the Commonwealth of Pennsylvania.

LINDA S. KAISER,
Insurance Commissioner

[Pa.B. Doc. No. 97-380. Filed for public inspection March 7, 1997, 9:00 a.m.]

Erie Insurance Exchange; Homeowners Insurance

On February 18, 1997, the Insurance Department received from Erie Insurance Exchange a filing for a rate level and rules change for homeowners insurance.

The company requests an overall +6.6% increase amounting to \$7,659,000 annually, to be effective July 1, 1997.

Unless formal administrative action is taken prior to April 19, 1997, the subject filing may be deemed approved by operation of law.

Copies of the filing will be available for public inspection, by appointment, during normal working hours at the Insurance Department's offices in Harrisburg, Philadelphia, Pittsburgh and Erie.

Interested parties are invited to submit written comments, suggestions or objections to Larry Polin, Insurance Department, Bureau of Regulation of Rates and Policies, Room 1311, Strawberry Square, Harrisburg, PA 17120, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Mr. and Mrs. Kant R. Patel; Hearing

Linda S. Kaiser, Insurance Commissioner of the Commonwealth of Pennsylvania, Petitioner v. Colonial Assurance Company, 7747 Old York Road, P. O. Box 29729, Elkins Park, PA 19117, Respondents.

Objections of: Mr. & Mrs. Kant R. Patel, A&A Partnership, 10225 Martinhoe Drive, Vienna, VA 22181.

Commonwealth Court Docket No. 851 C. D. 1984, Ins. Dept. Docket No. CC94-03-47.

1. A formal administrative hearing shall be held as follows:

Location: Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Date: April 30, 1997.

Time: 9:30 a.m.

2. Mr. and Mrs. Patel shall bear the burden of proof in this matter and must be prepared to present evidence in support of their objections at the hearing.

3. The hearing shall be held in accordance with 2 Pa. Code §§ 501—508 and §§ 701—704 (relating to the Administrative Agency Law); the General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 31.1—35.193 and §§ 35.255—35.251; the Special Rules of Administrative Practice and Procedure, 31 Pa. Code §§ 56.1—56.3; and any other relevant provisions of law.

4. Motions and/or briefs relevant to the hearing, including motions in limine and briefs addressing significant or unusual points of law must be filed with the Docket Clerk, Insurance Department, 901 N. 7th Street, 2nd Floor, Harrisburg, PA 17102 with copies delivered to the Presiding Officer at 929 Mayfield Lane, Chadds Ford, PA 19317 on or before April 18, 1997.

5. The parties shall exchange exhibits and a list of witnesses on or before April 18, 1997, and send copies of same to the Presiding Officer.

A final prehearing telephone conference is scheduled for April 23, 1997, at 9:30 a.m.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid service or other accommodation to partici-

pate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4289.

LINDA S. KAISER,
Insurance Commissioner

[Pa.B. Doc. No. 97-382. Filed for public inspection March 7, 1997, 1997, 9:00 a.m.]

Pennsylvania Compensation Rating Bureau; Workers' Compensation Proposed Revisions

On February 24, 1997, the Insurance Department received from the Pennsylvania Compensation Rating Bureau proposed revisions to the Pennsylvania Construction Classification Premium Adjustment Program.

The Pennsylvania Compensation Rating Bureau requests that for policies with anniversary rating dates on or after July 1, 1997, the reporting period used to determine the payroll and hours worked for determining the credit be updated to the third quarter of 1996.

The Pennsylvania Compensation Rating Bureau also requests that the minimum hourly wage eligible for premium credit be updated in accordance with the most recent change in the Statewide average weekly wage, bringing the minimum wage to \$16.25 per hour.

Revisions are proposed in many of the increments in qualifying wages used to construct premium credits. This is being done to avoid premium reversals.

Copies of the filing are available for public inspection during normal working hours, by appointment, at the Insurance Department's offices in Harrisburg, Philadelphia, Pittsburgh and Erie.

Interested parties are invited to submit written comments, suggestions or objections to Guo Harrison, Insurance Department, Office of Rate and Policy Regulation, Bureau of Property and Casualty Insurance, Actuarial Review Division, 1311 Strawberry Square, Harrisburg, PA 17120, within 30 days of publication of this notice in the *Pennsylvania Bulletin*.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing, as authorized by section 9(a) of the act of June 5, 1968 (P. L. 140, No. 78) (40 P. S. § 1008.9(a)) in connection with their company's termination of the insured's automobile policies.

The hearings will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Avery, Jerry; file no. 96-215-37591; Flagship City Insurance Company; doc. no. PH97-02-025; April 24, 1997, at 11 a.m.;

Appeal of Leslie-Hughes, Jeanne H.; file no. 96-267-38506; Erie Insurance Exchange; doc. no. PH97-02-027; April 24, 1997, at 1 p.m.;

Appeal of Coulson Cava, Carolyn F.; file no. 96-303-73363; Keystone Insurance Company; doc. no. PI97-02-028; April 24, 1997, at 2 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files, documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The insured must bring any evidence which the insured may want to offer at the hearing. The hearing will be held in accordance with the requirements of sections 9 and 10 of the act (40 P. S. §§ 1008.9 and 1008.10) and 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure).

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4289.

Review Procedure Hearings under The Unfair Insurance Practices Act

The following insured has requested a hearing as authorized by section 8 of The Unfair Insurance Practices Act (40 P. S. § 1171.8) in connection with her company's termination of the insured's policy.

The hearing will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Norgaard, Norma C.; file no. 96-308-73391; Donegal Mutual Insurance Company; doc. no. PI97-02-026; April 24, 1997, at 9 a.m.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files and other necessary evidence. The insured must bring all documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The hearing will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); section 8 of The Unfair Insurance Practices Act (40 P. S. § 1171.8) and the regulations set forth at 31 Pa. Code § 59.7(e) (relating to appeal procedures). Under 31 Pa. Code § 59.7(e)(5), procedural matters will be in conformance with 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) unless specific exemption is given.

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to

those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4289.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Publication of this notice shall be considered as sufficient notice to all carriers holding authority from this Commission. Applications will be considered without hearing in the absence of protests to the application. Protests to the applications published herein are due on or before March 31, 1997, as set forth at 52 Pa. Code § 3.381 (relating to applications for transportation of property and persons). The protest shall also indicate whether it applies to the temporary authority application or the permanent application or both.

Applications of the following for approval of the beginning of the exercise of the right and privilege of operating as common carriers for transportation of persons as described under each application.

A-00113749. Ephrata Community Ambulance Association, Inc. (528 West Main Street, Ephrata, Lancaster County, PA 17522-1738), a corporation of the Commonwealth of Pennsylvania—persons in paratransit service between points in the borough of Ephrata, Lancaster County, and within an airline radius of 40 statute miles of the limits of said borough, and from points in the said territory to points in Pennsylvania and return.

Applications of the following for amendment to the certificate of public convenience approving the operation of motor vehicles as common carriers for transportation of persons as described under each application.

A-00104550, Folder 2, Am-B. Josephine Avvisato, t/d/b/a Jo Jo's Travelers (315 South Keyser Avenue, Taylor, Lackawanna County, PA 18517)—persons in group and party service between points in the counties of Lackawanna and Wyoming, and from points in those counties to points in Pennsylvania and return; provided that no right, power or privilege is granted to originate group and party service at points in the cities of Carbondale and Scranton and the borough of Dunmore, Lackawanna County: *so as to permit* the transportation of persons in group and party service between points in the counties of Luzerne and Monroe, and from points in said counties to points in Pennsylvania and return. *Attorney:* John Fullerton, P. O. Box 9500, Harrisburg, PA 17108.

A-00111191, Folder 1, Am-A. Hansens Errand Service, Inc. (340 East 25th Street, Erie, Erie County, PA 16503), a corporation of the Commonwealth of Pennsylvania—persons in paratransit service between points in the county of Erie, and from points in said county, to points in Pennsylvania and return: *so as to permit* the transportation of persons in paratransit service, between points in the counties of Erie, Crawford, Mercer, Venango, Lawrence, Warren, McKean, Jefferson and Potter, and from points in the said counties, to points in Pennsylvania and return.

Property, Excluding Household Goods in Use

The following applications for the authority to transport property, excluding household goods in use, between points in Pennsylvania, have been filed with the Pennsylvania Public Utility Commission. Public comment to these applications may be filed, in writing with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265 on or before March 24, 1997.

**Pennsylvania Public Utility Commission, Bureau of
Transportation and Safety v. Jay-Bee Cartage Co.;**
Doc. No. A-00109448C9601

Complaint

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania, empowered to regulate motor carriers and brokers within this Commonwealth. The Commission

has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Jay-Bee Cartage Co., respondent, maintains a principal place of business at 2933 South Cicero Avenue, Cicero, IL 60650.

2. That all times relevant to this Complaint, respondent held a certificate of public convenience issued by this Commission at Application Docket No. A-00109448.

3. That pursuant to Section 512 of the Public Utility Code, 66 Pa.C.S. 512, and 52 Pa. Code Chapter 32; respondent is required to maintain evidence of current insurance on file with this Commission.

4. That respondent has failed to maintain evidence of bodily injury and property damage liability insurance and cargo insurance, in violation of the Public Utility Code and regulations cited in Paragraph 3 of this complaint.

5. That as a result of failure to maintain evidence of current insurance on file with this Commission, the Bureau of Transportation and Safety Prosecutory Staff requests that the Commission revoke respondent's certificate of public convenience or order such other remedy as the Commission may deem to be appropriate.

Wherefore, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission revoke the certificate of public convenience held by Jay-Bee Cartage Co. at Docket No. A-00109448, for failure to maintain current evidence of insurance on file with the Commission and order such other remedy as the Commission may deem to be appropriate.

Respectfully submitted,
Kenneth E. Nicely
Director, Bureau of Transportation and Safety
P. O. Box 3265
Harrisburg, PA 17105-3265

Verification

I, Kenneth E. Nicely, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect to be able to prove the same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Notice to Plead

A. You must file an answer within 20 days of the date of service. The date of service is the mailing date as indicated at the top of the Secretarial cover letter for this complaint and notice to plead. 52 Pa. Code § 1.56(a). The answer must raise all factual and legal arguments that you wish to claim in your defense and must include the docket number of this Complaint. Your answer must be verified and the original and two copies sent to John G. Alford, Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265.

B. If you fail to answer this complaint within 20 days of the date of service as identified in Paragraph A. above, the Bureau of Transportation and Safety will request that the Commission enter an order revoking your certificate of public convenience; contract carrier permit; or brokerage license or imposing such other remedy as may be appropriate.

C. In lieu of an answer, you may elect not to contest this Complaint by causing your insurer to file proper evidence of current insurance in accordance with the Commission's regulations. The proof of insurance must be filed with the Secretary of the Commission at the address set forth in Paragraph A. Upon receipt of the proof of insurance from your insurer, the complaint proceeding shall be closed.

D. If you file an answer which either admits or fails to deny the allegations of the complaint, the Bureau of Transportation and Safety will request that the Commission enter an order revoking your certificate of public convenience; contract carrier permit; or brokerage license.

E. If you file an answer which contests the complaint, the matter will be assigned to an Administrative Law Judge for hearing and decision.

JOHN G. ALFORD,
Secretary

SUSQUEHANNA RIVER BASIN COMMISSION

Addition to Comprehensive Plan; Public Hearing

Summary: The Susquehanna River Basin Commission will hold a public hearing in conjunction with its regular meeting on March 20, 1997. This hearing will be for the purpose of receiving public comments on the inclusion of the proposed *Out-of-Basin Diversion Policy and Protocol* in the Commission's *Comprehensive Plan for Management and Development of the Water Resources of the Susquehanna River Basin*.

Under section 3.10 of the Susquehanna River Basin Compact, P. L. 91-575, 84 Stat 1509 et seq., the Commission must review and approve all diversions of water from the Susquehanna River Basin. Up to this time, the Commission has adopted no formal policy position or statement on how it will evaluate proposed diversions, but has relied on positions articulated in past docket decisions. This policy establishes the principles that the Commission will consider in the approval of diversions and adds a protocol describing how those principles will be applied. Written comments will also be accepted and made a part of the hearing record.

Dates: The public hearing will be held on March 20, 1997, beginning at approximately 9 a.m. Written comments on the proposed policy should be submitted by March 20, 1995.

Addresses: The public hearing will be held at the Best Western Country Cupboard Inn, Rt. 15 North, Lewisburg, PA. Copies of the entire policy statement and protocol

may be obtained upon request to the Commission at 1721 N. Front Street, Harrisburg, PA 17102-2391, (717) 238-0423.

For Further Information Contact: Richard A. Cairo, General Counsel/Secretary, SRBC, (717) 238-0423.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET THAT COMPETITIVE EDGE—FOR FREE!

Do you want to do business with your state government? The Treasury Department's office of Contract Information Services can assist you by providing you with information that may be helpful to you in successfully bidding on State contracts.

Act 244 of 1980 requires Commonwealth departments and agencies to file with the Treasury Department a copy of all contracts involving an expenditure of \$5,000 or more.

These fully executed contracts usually contain the vendor's name, dollar value, effective and termination dates and contract specifications. Some contracts also include the names of other bidding vendors and the bid proposal compiled by the awarded vendor. There is a minimal cost for photocopying contracts.

Allow the Treasury Department to "make a difference for you." For contract information call the office of Contract Information Services TOLL-FREE (in Pennsylvania) at 1-800-252-4700 or (717) 787-4586. Or you may write or visit the office at Room G13, Finance Building, Harrisburg, Pa. 17120.
