Transfer of Regulations

The Pennsylvania Emergency Management Agency, the Department of State and the Department of Community and Economic Development (DCED) jointly submit this notice for the purpose of renumbering certain existing regulations and statements of policy. The renumbering has been made necessary by the enactment of the Community and Economic Development Enhancement Act (act) (71 P. S. §§ 1709.101—1709.2106).

Among other things, the act changed the name of the Department of Commerce to the DCED, eliminated the Department of Community Affairs and transferred to the DCED certain functions which had previously been assigned to the Department of Community Affairs. Section 2101 of the act (71 P. S. § 1709.2101) authorizes the Legislative Reference Bureau to recodify regulations to effectuate the reassignment of functions. In addition, the renumbering of another regulation is necessitated by the transfer of responsibilities from the Department of Community Affairs to the Pennsylvania Emergency Management Agency.

Therefore, in recognition of the transfers of functions set forth in the act, the executive agencies named in this notice hereby request the Legislative Reference Bureau to create a new Title 12 of the *Pennsylvania Code* and to make changes to the organizational numbering of the affected regulations and statements of policy, as set forth in the following tables.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CHS. 139 AND 143]

Seasons and Bag Limits Table; Antlerless Deer Licenses and Bear Licenses

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 15, 1997, adopted the following changes:

Amend § 139.4 (relating to seasons and bag limits for the license year) to provide dates for the 1997—1998 hunting license year.

Amend § 143.48 (relating to first-come-first-served license issuance) to clarify conditions for the initial acceptance of antlerless deer license applications.

Amend § 143.51 (relating to application and issuance of bonus tags) concerning issuance of bonus antlerless deer licenses to muzzleloader hunters.

Amend Chapter 143, Subchapter D (relating to bear licenses), by adding §§ 143.66—143.70 concerning the application, issuance and display of bear licenses.

These amendments are hereby adopted under the authority of 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

1. *Amendment to § 139.4*

To effectively manage the wildlife resources of this Commonwealth, the Commission, at its January 14, 1997, meeting proposed, and at its April 15, 1997, meeting finally adopted, changing § 139.4 to provide for seasons and bag limits for the 1997—1998 license year. These seasons and bag limits were proposed under sections 322(c)(1) and 2102(b)(1) of the code (relating to power and duties of Commission; and regulations). Notable changes for the 1997—1998 year are the allowing of the taking of a coyote during the spring gobbler season, a special squirrel season for junior hunters and the limitation of two deer per hunter except in Special Regulations Areas.

2. *Purpose and Authority*

The Commission is required to set hunting and furtaking seasons and bag limits on an annual basis. Section

322(b) of the code specifically empowers the Commission to “. . . fix seasons . . . and daily, season and possession limits for any species of game or wildlife.” Section 2102(b) of the code mandates that the Commission promulgate regulations relating to seasons and bag limits. The originally proposed amendments included a provision for no closed season on chipmunks, red squirrels and porcupines. As the result of public comments, the Commission decided to defer that action. The Commission also decided to add the provisions mentioned in the introduction and to close State Game Lands No. 69 to woodcock hunting so that area can be used for research.

3. *Regulatory Requirements*

These seasons and bag limits establish when and where it is lawful to hunt and trap various game species and place limits on the numbers that can be legally taken.

4. *Persons Affected*

All persons wishing to hunt and trap in this Commonwealth would be affected by these seasons and bag limits.

5. *Comment and Response Summary*

The only written comments received by the Commission relate to removing protection from chipmunks, red squirrels and porcupines. As a result, the Commission has decided to defer the action.

6. *Cost and Paperwork Requirements*

The new seasons and bag limits would not result in additional cost either to the Commission or to hunters and furtakers.

7. *Effective Dates*

The amendments are effective July 1, 1997 to June 30, 1998.

Amendments to Chapter 143, Subchapter C (relating to antlerless deer licenses)

To clarify procedures and more fairly provide antlerless deer hunting opportunities, the Commission at its January 14, 1997, meeting proposed, and at its April 15, 1997, meeting finally adopted, changes to Chapter 143, Subchapter C to clarify procedures for issuing antlerless deer licenses and to give muzzleloader license holders additional opportunity to obtain bonus antlerless licenses. These changes are being adopted under the authority

contained in section 2722(g) of the code (relating to authorized license issuing agents).

2. Purpose and Authority

Section 143.48 generally refers to § 143.45 (relating to completing and submitting applications) in establishing procedures for the issuance of antlerless licenses. County treasurers have complained that this general reference has created some confusion. The change to § 143.48 would refer to specific subsections of § 143.45.

The change to § 143.51 would provide holders of muzzleloader licenses 3 additional days to apply for bonus antlerless licenses before those licenses are made available to the general public. Muzzleloader license holders are required to give up their regular antlerless license application to get the muzzleloader license. The change helps to compensate for this sacrifice by providing more opportunity for bonus tags.

Section 2722(g) of the code authorizes the Commission to adopt regulations controlling license issuance. Both of the changes are being adopted under this authority.

3. Regulatory Requirements

The change to § 143.48 merely clarifies current requirements. The change relaxes restrictions on muzzleloader hunters seeking bonus antlerless deer licenses.

4. Persons Affected

County treasurers and their employes and those seeking bonus antlerless deer licenses would be affected by these changes.

5. Comment and Response Summary

No written comments were received on the proposed changes.

6. Cost and Paperwork Requirements

The changes will not result in additional cost and paperwork.

7. Effective Date

These changes are effective on publication in the *Pennsylvania Bulletin* and remain in effect until changed by the Commission.

1. Amendments to Chapter 143, Subchapter D (relating to bear licenses)

To more efficiently issue bear licenses, the Commission at its January 14, 1997, meeting proposed, and at its April 15, 1997, meeting finally adopted, §§ 143.66—143.70 which allow the issuance of bear licenses by authorized license issuing agents and dispense with the requirement to display the bear license while hunting. These changes are adopted under sections 2102 and 2722(g) of the code.

2. Purpose and Authority

Bear license applications are currently processed, and bear licenses are currently issued, directly by the Commission. When there was a limit on the number of these licenses available, that procedure was necessary. Now that there is no limitation on the number of bear licenses, it would be more efficient and convenient to the license purchaser to have authorized license issuing agents perform that function. In addition, given the limited nature of the bear hunting season, it was decided that it would be more convenient to dispense with requiring display of the license.

Section 2102 of the code authorizes the Commission to "... promulgate such regulations as it deems necessary and appropriate concerning ... hunting or furtaking in this Commonwealth, ..." section 2722(g) of the code authorizes the Commission to adopt regulations relating to administration and control of license issuance activities.

3. Regulatory Requirements

The changes allow authorized license issuing agents to issue bear licenses and require that the bear license be signed and carried but not displayed.

4. Persons Affected

Authorized license issuing agents would have additional workload but would also receive additional fees. It is anticipated that the proposed system would be more convenient for most bear license purchasers.

5. Comment and Response Summary

No written comments were received on the proposed changes.

6. Cost and Paperwork Requirements

Authorized license issuing agents might have some additional cost and paperwork which would be offset by additional fees. The burden on the Commission would be lightened.

7. Effective Date

This change is effective on publication in the *Pennsylvania Bulletin* and would remain in effect until changed by the Commission.

Contact Person

For further information on the changes or to comment, the contact person is James R. Fagan, Director, Bureau of Law Enforcement (717) 783-6526, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 139 and 143, are amended by amending §§ 143.48 and 143.51 and by adding §§ 143.66—143.70 to read as set forth at 26 Pa.B. 928 (February 22, 1997) and by amending § 139.4 to read as set forth in Annex A.

(b) The Executive Director of the Commission shall submit this order, 27 Pa.B. 928 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order is effective upon final publication in the *Pennsylvania Bulletin*.

DONALD C. MADL,
Executive Director

Fiscal Note: Fiscal Note 48-96 remains valid for the final adoption of the subject regulations.
