Pennsylvania Agricultural Product Promotion Matching Grant Program; Application Period

Notice is hereby given of the commencement of an application period for grants under the Pennsylvania Agricultural Product Promotion Matching Grant Program (Program) administered by the Department of Agriculture (Department). The statement of policy describing the Program is published at 7 Pa. Code, Chapter 105.

In summary, the Program provides matching funds to Commonwealth nonprofit agricultural product promotion and marketing organizations for projects intended to

increase consumer awareness of Commonwealth agricultural products and thereby increase sales of these products.

Applications for the Program will be accepted by the Department beginning August 16, 1997, for a 45-day period. Applications will not be accepted if received by the Department after September 29, 1997. Information and a grant application may be obtained from Michael Varner, Bureau of Market Development, Department of Agriculture, 2301 N. Cameron Street, Room 311, Harrisburg, PA 17110-9408.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Consolidated Plan; Public Meeting and Regional Housing Advisory Committee Meetings

The Department of Community and Economic Development (Department) is preparing the 1998 Annual Plan which supplements the Commonwealth's Consolidated Plan for Federal fiscal years 1995-1999. These documents must be submitted to and approved by the United States Department of Housing and Urban Development (HUD) in order for the Commonwealth and organizations within the State to receive funding under most HUD housing and community development programs. The Consolidated Plan creates a unified strategy for housing and community development programs as well as the necessary linkages for building successful neighborhoods and communities.

The Commonwealth's 1998 Annual Plan will address how the Commonwealth intends to allocate funds under the following programs: Community Development Block Grant, HOME Investment Partnerships, Emergency Shelter Grant, and Housing Opportunities for Persons with AIDS.

An individual or organization may give testimony or comments at the public meeting. Comments will be accepted on topics related to community development, housing, the content of the Commonwealth's Annual Plan

and the process by which the public's input is gathered. The Commonwealth encourages public participation in this process.

Persons who want to speak must call to schedule a time to give oral testimony at the meeting. The public meeting will be shortened if no one is scheduled to testify or if there is minimal response. To schedule oral testimony at the public meeting, one must contact Aldona Kartorie at (717) 720-7409 at least 24 hours prior to the meeting date.

Written Comments

Written testimony, in lieu of oral testimony, may be submitted by 5 p.m., August 12, 1997. These comments should be submitted to Aldona Kartorie, Housing and Redevelopment Analyst, Office of Community Development and Housing, Department of Community and Economic Development, Room 509, Forum Building, Harrisburg, PA 17120.

Public Meeting

The public meeting will be held on Tuesday, August 14, 1997, in Room 321, Forum Building, Harrisburg, PA, from 1 p.m. to 4 p.m. The Public Meeting may be shortened if there is a minimal response.

Regional Housing Advisory Committee Meetings

The Commonwealth has six Regional Housing Advisory Committees across the State comprised of appointed members. Meetings of these committees are open to the public under the Sunshine Act. These committees advise the Department regarding housing and community development needs as well as assist in fair housing planning. These meetings will be held as follows:

July 21, 1997

Economic Development Council
Of Northeastern Pennsylvania
1151 Oak Street
Pittston, PA 18604
9:30 a.m. to 1 p.m.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived his right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Southeast Regional Office: Regional Manager, Water Management, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6130.

PA 0030228. Sewage, **Downingtown Industrial and Agricultural School**, 2301 Cherry Street, Unit 4G, Philadelphia, PA 19103.

This application is for renewal of an NPDES permit to discharge treated sewage from the Downingtown Industrial and Agricultural Schools' sewage treatment plant in East Brandywine Township, **Chester County**. This is an existing discharge to an Unnamed Tributary to Beaver Creek.

The receiving stream is classified for the following uses: high quality trout stocking fishery, high quality warm water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 22,500 gpd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅		
(5-1 to 10-31)	7	14
(11-1 to 4-30)	14	28

(11-1 to 4-30)	3.0	6.0
Phosphorus (as P)		
(4-1 to 10-31)	3.0	6.0
Total Residual Chlorine		
(years 1 and 2)	1.2	2.0
(years 3, 4 and 5)	0.4	0.9
Fecal Coliforms	200 colonies/100 ml as a geometric average	
Dissolved Oxygen	minimum of 5 mg/l at all times	
pH	within limits of 6.0—9.0 standard units at all times	

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

PA 0062383. Industrial waste, **Three Springs Water Company, Inc.**, Brynley R. G. Davies, 1800 Pine Run Road, Laurel Run, PA 18702.

This proposed action is for renewal of an NPDES permit to discharge treated process wastewater into an unnamed tributary of Pine Creek in Laurel Run Borough, **Luzerne County**.

The receiving stream is classified for the following uses: cold water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is the Danville Borough Water Company located on the Susquehanna River.

The proposed effluent limits for Outfall 001 based on a design flow of 0.0064 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Daily Maximum (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
pH	not less than 6.0 standard units nor greater than 9.0 standard units at all times		

The EPA waiver is in effect.

Northcentral Region: Environmental Program Manager, Water Management Program, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (717) 327-3666.

PA 0027049. Sewerage, SIC: 4952, **Williamsport Sanitary Authority**, 253 West Fourth Street, Williamsport, PA 17701.

This proposed action is for renewal of an NPDES permit for an existing discharge of treated sewage wastewater to West Branch Susquehanna River in Williamsport City, **Lycoming County**.

The receiving stream is classified for the following uses: warm water fishes, aquatic life, water supply and recreation. For the purposes of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is PA American Water Company located at Milton.

The proposed effluent limits for Outfall 001 for first 3 years of the permit term, based on a design flow of 4.5 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	32	48	64
TSS	44	66	88

(10-1 to 4-30)	2,000 col/100 ml as a geometric mean		
pH	6.0—9.0 at all times		

The proposed effluent limits after the first three years of the permit term, based on a design flow of 4.5 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	32	48	64
TSS	44	66	88
Total Cl ₂ Residual	0.95		
Fecal Coliforms (5-1 to 9-30)	200 col/100 ml as a geometric mean		
(10-1 to 4-30)	2,000 col/100 ml as a geometric mean		
pH	6.0—9.0 at all times		

The EPA waiver is not in effect.

PA 0021687. Sewerage, SIC: 4952, **Wellsboro Municipal Authority**, 28 Crafton Street, Wellsboro, PA 16901.

This proposed action is for renewal of an NPDES permit for an existing discharge of treated sewage wastewater to Marsh Creek in Wellsboro Borough, **Tioga County**.

The receiving stream is classified for the following uses: warm water fishes, aquatic life, water supply and recreation. For the purposes of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is Jersey Shore Water Company located at Jersey Shore.

The proposed effluent limits for Outfall 001, based on a design flow of 2 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each commentator will be notified in writing of the time and place if a hearing or conference concerning the plan or action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

A. 9127-S, Amendment No. 1. Sewerage, **Bethel Park Municipal Authority**, 5100 West Library Ave., Bethel Park, PA 15102. Application for the construction of a new pump station with a peak capacity of 2.5 mgd and a 100,000 gallon extended wet well and the construction of 2,380 feet of 12-inch force main located in the Borough

of Bethel Park, **Allegheny County** to serve the Lick Run Pump Station and Force Main.

INDIVIDUAL PERMITS (PAS)

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should

contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

HAZARDOUS SITES CLEAN-UP**Under the act of October 18, 1988****Gilbert Darnley/Petroleum Recovery Services Site,
Greene Township, Beaver County**

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1304), reopens the administrative record for the emergency response at the Gilbert Darnley/Petroleum Recovery Services Site. The Department opened the administrative record on July 17, 1996, under section 506(b) of HSCA (35 P. S. § 6020.506(b)), to provide the public the opportunity to comment on the emergency response selected. The public comment period expired on October 15, 1996.

The Department now reopens the administrative record under section 506(g) and (h) of HSCA (35 P. S. §§ 6020(g) and 6020.506(h)). The Department is reopening the administrative record to document the details of the response and the response costs using information not available when the administrative record was initially opened.

The new information contained in the administrative record is available for public review and comment. The administrative record is located at the Department's regional offices at 400 Waterfront Drive, Pittsburgh, PA 15222 and is available for review Monday through Friday from 8 a.m. to 4:30 p.m.

The new information contained in the administrative record will be open for review and comment from July 12, 1997, until September 12, 1997. Persons may submit written comments regarding the new information into the record during this time only, by sending them to Barbara Gunter at the Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222 or by delivering them to this office in person.

If requested, the Department will conduct a public hearing where persons may present oral comments regarding the new information for inclusion in the administrative record. A request for a public hearing must be made in writing and must be postmarked no later than August 12, 1997. The request should be mailed to Betsy Mallison, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222.

A public hearing will not be held if the Department does not receive a written request by the date specified above.

**LAND RECYCLING AND ENVIRONMENTAL
REMEDATION****Under Act 2, 1995****Preamble 1****Acknowledgment of Notices of Intent to Remediate
submitted under the Land Recycling and Environmental
Remediation Standards Act (35 P. S.
§§ 6026.101—6026.908).**

Section(s) 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to

remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

NF&M International, Borough of Monaca, **Beaver County**. Dennis Reese, NF&M International, 1729 Pennsylvania Avenue, Monaca, PA 15601 has submitted a Notice of Intent to Remediate groundwater contaminated with aluminum, fluoride, manganese and vanadium. The applicant proposes to remediate the site to meet the Statewide health standard.

**LAND RECYCLING AND ENVIRONMENTAL
REMEDATION****Under Act 2, 1995****Preamble 2****Acknowledgment of Notices of Intent to Remediate
submitted under the Land Recycling and Environmental
Remediation Standards Act (35 P. S.
§§ 6026.101—6026.908).**

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject

to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified below, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period a municipality may request that the person identified below, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, please contact the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Sovereign Oil Site, City of Philadelphia, **Philadelphia County**. J. Anthony Sauder, P. E., Pennoni Associates, 3001 Market St., Philadelphia, PA 19104, has submitted a Notice of Intent to Remediate site soil contaminated with lead, petroleum hydrocarbons and polycyclic aromatic hydrocarbons; and groundwater contaminated with lead, heavy metals and petroleum hydrocarbons. The site is located in a Special Industrial Area, the American Street Enterprise Zone in North Philadelphia. The applicant proposes to remediate the site by removal of petroleum contaminated surface soils and removal of free product floating on groundwater. A Notice of Intent to Remediate was reported to have been published in the *Philadelphia Inquirer* on June 9, 1997.

Notice of Intent to Issue

Title V Operating Permit No. 12-00001

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the Columbia Gas Transmission Corporation for the Emporium compressor station. The Emporium compressor station is located in Shippen Township, Cameron County. The Columbia Gas Transmission Corporation representative to contact regarding this application is P. M. Hoffman, Environmental Engineer, P. O. Box 1273, Charleston, WV 25325.

The Emporium compressor station is primarily used for the distribution of natural gas. As a result of the nitrogen oxides emitted, the Emporium station is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701.

Persons wishing to provide the Department with additional information which they believe should be considered prior to the issuance of this permit may submit the information to the Department at the address shown in the preceding paragraph. A 30-day comment period from the date of this publication will exist for the submission of comments. Each written comment must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed permit (specify Permit No. 12-00001).

Concise statements regarding the relevancy of the information or objections to issuance of the permit.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Chief, Title V Facilities Section, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, (717) 327-0512.

Title V Operating Permit No. 49-00003

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to Consolidated Natural Gas Transmission Corporation's State Line Facility. The State Line Facility is located in Genesee Township, Potter County. The State Line representative to contact regarding this application is Sam S. Mathew, Engineer, CNG Transmission Corporation, 445 West Main Street, P. O. Box 2450, Clarksburg, WV 26402-2450.

The CNG State Line Facility stores and transmits natural gas. As a result of the oxides of nitrogen and volatile organic compound air contaminants emitted from the station, the State Line Facility is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701.

Persons wishing to provide the Department with additional information which they believe should be considered prior to the issuance of this permit may submit the information to the Department at the address shown in the preceding paragraph. A 30-day comment period from the date of this publication will exist for the submission of comments. Each written comment must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed permit (specify Permit No. 49-00003).

Concise statements regarding the relevancy of the information or objections to issuance of the permit.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Chief, Title V Facilities Section, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, (717) 327-0512.

Title V Operating Permit No. 60-00006

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the Laurelton Center State Hospital. Laurelton Center is located in Hartley Township, Union County. The Laurelton Center representative to contact regarding this application is Glenn R. Miller, Facility Maintenance Manager, P. O. Box 300, Route 45, Laurelton, PA 17835.

Laurelton Center operates three anthracite coal-fired boilers to produce steam for heating the facility. As a result of the sulfur oxides emitted, Laurelton Center is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701.

Persons wishing to provide the Department with additional information which they believe should be considered prior to the issuance of this permit may submit the information to the Department at the address shown in the preceding paragraph. A 30-day comment period from the date of this publication will exist for the submission of comments. Each written comment must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed permit (specify Permit No. 60-00006).

Concise statements regarding the relevancy of the information or objections to issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Chief, Title V Facilities Section,

Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, (717) 327-0512.

Title V Operating Permit

Permit No. TV-01-05003

The Department of Environmental Protection has made a preliminary determination to issue a Title V Operating Permit to Columbia Gas Transmission Corporation for the Gettysburg Compressor Station located in Straban Township, Adams County. The Title V Operating Permit is required under 25 Pa. Code, Chapter 127, Subchapter G for major stationary sources.

The proposed Title V Operating Permit does not adopt any new regulations and does not reflect any change in air emissions from the facility. It incorporates all of the applicable air quality requirements for each source at the existing plant into a single permit as required under Title V of the Federal Clean Air Act Amendments of 1990. Upon final approval, the permit will be issued for a period of 5 years.

An appointment to review the application and other pertinent documents at the Southcentral Regional Office may be scheduled by contacting Mary DiSanto at (717) 541-5018 between 8 a.m. and 3:30 p.m., Monday through Friday, except holidays.

Those wishing to comment on the proposed action may contact Kanubhai Patel, Chief, Title V Facilities Section, One Ararat Boulevard, Harrisburg, PA 17110.

Comments may be submitted during the 30-day period immediately following the publication of this notice. Each comment must include the name, address and telephone number of the person submitting the comments along with the reference number of the permit (TV-01-05003).

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the comment period. The Department will give notice of any scheduled public hearing at least 30 days in advance of the hearing under 25 Pa. Code § 127.521.

Title V Operating Permit

Permit No. TV-21-05004

The Department of Environmental Protection intends to issue a Title V Operating Permit to Appleton Papers, Inc. for a paper coating facility located in Lower Allen Township, Cumberland County. The Title V Operating Permit is required under 25 Pa. Code, Chapter 127, Subchapter G for major stationary sources.

An appointment to review the application and other pertinent documents at the Southcentral Regional Office may be scheduled by contacting Mary DiSanto at (717) 541-5018 between 8 a.m. and 3:30 p.m., Monday through Friday, except holidays.

Those wishing to comment on the proposed action may contact Kanubhai L. Patel, Chief, Title V Facilities Section, One Ararat Boulevard, Harrisburg, PA 17110.

Comments may be submitted during the 30-day period immediately following the publication of this notice. Each comment must include the name, address and telephone number of the person submitting the comments along with the reference number of the permit (TV-21-05004).

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the comment period. The Depart-

ment will give notice of any scheduled public hearing at least 30 days in advance of the hearing under 25 Pa. Code § 127.521.

**Title V Operating Permit
Permit No. TV-36-05063**

The Department of Environmental Protection intends to issue a Title V Operating Permit to G&T Industries of Pennsylvania, Inc. for a foam products manufacturing facility located in Upper Leacock Township, Lancaster County. The Title V Operating Permit is required under 25 Pa. Code, Chapter 127, Subchapter G for major stationary sources.

An appointment to review the application and other pertinent documents at the Southcentral Regional Office may be scheduled by contacting Mary DiSanto at (717) 541-5018 between 8 a.m. and 3:30 p.m., Monday through Friday, except holidays.

Those wishing to comment on the proposed action may contact Kanubhai L. Patel, Chief, Title V Facilities Section, One Ararat Boulevard, Harrisburg, PA 17110.

Comments may be submitted during the 30-day period immediately following the publication of this notice. Each comment must include the name, address and telephone number of the person submitting the comments along with the reference number of the permit (TV-36-05063).

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the comment period. The Department will give notice of any scheduled public hearing at least 30 days in advance of the hearing under 25 Pa. Code § 127.521.

**Title V Operating Permit
Permit No. TV-67-05023**

The Department of Environmental Protection intends to issue a Title V Operating Permit to Sullivan Graphics, Inc. located in West Manchester Township, York County. The Title V Operating Permit is required under 25 Pa. Code, Chapter 127, Subchapter G for major stationary sources.

An appointment to review the application and other pertinent documents at the Southcentral Regional Office may be scheduled by contacting Mary DiSanto at (717) 541-5018 between 8 a.m. and 3:30 p.m., Monday through Friday, except holidays.

Those wishing to comment on the proposed action may contact Kanubhai Patel, Chief, Title V Facilities Section, One Ararat Boulevard, Harrisburg, PA 17110.

Comments may be submitted during the 30-day period immediately following the publication of this notice. Each comment must include the name, address and telephone number of the person submitting the comments along with the reference number of the permit (TV-67-05023).

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the comment period. The Department will give notice of any scheduled public hearing at least 30 days in advance of the hearing under 25 Pa. Code § 127.521.

State Only Operating Permit No. OP-63-00646

Under 25 Pa. Code § 127.424, notice is here provided that the Department intends to issue a facility-wide State Only Permit to Ritchey Metals Company, Inc. (34 Santa

Fe Drive, Bethel Park, PA 15102) for the Hendersonville Plant operating in Cecil Township, Washington County.

Permit conditions cover all equipment located at the facility. Maximum allowable annual emissions (after control) are established at less than 20 tons of NO_x.

Copies of the application, the Department's analysis, and other documents used in evaluation of the application are available for public inspection during normal business hours at the Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222.

Persons wishing to either object to the operating permit or a proposed condition thereof or provide the Department with additional information which they believe should be considered prior to the issuance of this permit, may submit the information to the Department at the address shown above. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit (specify Permit No. OP-63-00646).
- Concise statements regarding the relevancy of the information or objections to issuance of the permit.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Joseph Pezze, Regional Air Quality Manager, Department of Environmental Protection, Southwest Regional Office, Field Operations, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4000. For additional information contact Francis D. Condrick, Air Pollution Control Engineer II, Air Quality at the same address.

Title V Operating Permit No. 25-00916

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to Ridg-U-Rak, Inc.'s Main Plant (Ridg-U-Rak). Ridg-U-Rak's Main Plant is located in North East Borough, Erie County. Ridg-U-Rak's representative to contact concerning these applications is Julie R. Monroe, Safety and Regulatory Compliance Engineer, Ridg-U-Rak, Inc., 120 South Lake Street, Northeast, PA 16428, (814) 725-8751.

Ridg-U-Rak's air emission sources include various surface coating lines, curing and drying ovens, and other miscellaneous natural gas fired units. The facility is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments due to the facility's potential to emit of Volatile Organic Compounds. The facility is therefore subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapter G.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application is available for public inspection during normal business hours at the Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335.

Persons wishing to provide the Department with additional information which they believe should be considered prior to the issuance of these permits may submit the information to the Department at the address shown above. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the following information:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit (specify Permit No. TV 25-00916).
- Concise statements regarding the relevancy of the information in the proposed permit or objections to issuance of the permit.

A public hearing may be held if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Larry W. Wonders, Regional Air Quality Program Manager, Department of Environmental Protection, Northwest Region, 230 Chestnut Street, Meadville, PA 16335. For additional information concerning the permit or the issuance procedure, contact Eric A. Gustafson, Facilities Section Chief, Air Quality Program, at the same address or at (814) 332-6940.

Notice of Plan Approval Application Minor Source

The following stationary sources have filed a request for a plan approval with the Department of Environmental Protection (Department), Bureau of Air Quality. Persons wishing to file protests or comments on the proposed plan approval have 30 days to submit the protest or comments to the Regional Office at the address listed below. Interested persons may also request that a hearing be held concerning the plan approval application by filing a request with the Regional Office stating the reason for the request.

The Department will evaluate and consider all protests and comments received. The Department will, where appropriate, modify the proposed plan approval based on the protests and comments received.

The final plan approval will contain terms and conditions to ensure that the source is constructed and operated in compliance with the Department's regulations contained in 25 Pa. Code Chapters 121 through 143 and the requirements of the Federal Clean Air Act. A notice of the Department's final decision on the proposed plan approval will be published in the *Pennsylvania Bulletin*. Air contaminants emitted from these sources are less than the amounts that would trigger major new source review requirements. MINING

CONDUCT COAL AND NONCOAL ACTIVITIES

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S.

§§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code § 77.121—77.123 and § 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity, and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Greensburg District Office, R. D. 2, Box 603-C, Greensburg, PA 15601.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection.

In addition to permit applications, the Bureau of Dams, Waterways and Wetlands (BDWW) and the Regional Office Soils and Waterways Sections have assumed primary responsibility for processing requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), for projects requiring both a Dam Safety and Encroachments Permit, and a U. S. Army Corps of Engineers (ACOE) permit. Section 401(a) of the Federal Water Pollution Control Act requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1301—1303, 1306, 1307, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the BDWW permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the Bureau or Field office indicated as the responsible office.

Application filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Southeast Regional Office, Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E09-754. Encroachment. **Judd Builders Developers**, 1750 Walton Road, Blue Bell, PA 19422. To construct and

maintain twin 3 foot by 7 foot box culverts in a tributary to the Tohickon Creek on Valley View Drive which will impact 0.78 acre of wetlands associated with approximately 360 linear feet of channel realignment, and to place and maintain fill in 0.31 and 0.25 acre of wetlands associated with the Tohickon Creek tributary. These activities will provide access to the Richlands Subdivision and Heather Valley Subdivision. The applicant also proposes to construct and maintain an 18-inch diameter and twin 30-inch O-Ring outfall pipe in wetlands located adjacent to the Heather Lane cul-de-sac and the nearby detention basin area respectively. The site is located southwest of the intersection of SR 212 and East Pumping Station Road (Quakertown, PA Quadrangle, N: 15-inches; W: 10.75-inches) in Richland Township, **Bucks County**.

E15-545. Encroachment. **Barbara A. Eastburn**, Franklin Township, P. O. Box 118, Kemblesville, PA 19347. To construct and maintain a handicapped access situated along the southern bank of the West Branch of White Clay Creek (CWF) in the northwest segment of the Elwood L. Crossan Memorial Park. The purpose of this project is to provide a wheelchair access to the proposed recreational facilities in the park. The access structure will consist of a 47-foot long by 13-foot wide bituminous landing constructed at the terminus of the proposed 6-foot wide recreational trail, and a 4-foot wide ramp, which will slope down to the creek. A 38 linear feet, 3-foot wide precast concrete retaining wall will be installed along the bank, adjacent to the proposed landing. The project also includes placement of fill material in 0.07 acre of wetlands. The site is located approximately 1 mile northeast of the intersection of S. R. 896 and Parsons Road (West Grove, PA Quadrangle N: 2.0 inches; W: 9.5 inches) in Franklin Township, **Chester County**.

Northeast Regional Office: Regional Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-5485.

Permit No. E40-469. Encroachment. **Donald P. Marx, Sr.**, P. O. Box 890, Wilkes-Barre, PA 18703. To modify and maintain an existing cabana with attached boathouse and dock in Harveys Lake, with modifications consisting of constructing an addition to the dock, extending 16 feet lakeward and having a width of 12 feet. As modified, the structure will have overall dimensions of approximately 49 feet x 27 feet, and a total surface area of approximately 880 square feet. The project is located at Pole No. 178, Lakeside Drive (Harveys Lake, PA Quadrangle N: 21.2 inches; W: 7.9 inches), in Harveys Lake Borough, **Luzerne County** (Baltimore District, U. S. Army Corps of Engineers).

Permit No. E48-257. Encroachment. **Lower Nazareth Township**, 306 Butztown Road, Bethlehem, PA 18017. To remove the existing structure and to construct and maintain a 14-foot x 3-foot concrete box culvert in a tributary to Monocacy Creek (HQ-CWF). The project is located along Township Road T437 (Hanoverville Road), approximately 0.5 mile west of its intersection with S. R. 0191 (Nazareth, PA Quadrangle N: 12.0 inches; W: 13.0 inches) in Lower Nazareth Township, **Northampton County** (Philadelphia District, Army Corps of Engineers).

Southcentral Regional Office: Water Management Program, Soils and Waterways Section, One Ararat Boulevard, Room 126, Harrisburg, PA 17110, (717) 657-4590.

E06-495. Encroachment. **Spring Township**, 2800 Shilington Road, Sinking Springs, PA 19608. To remove an

existing structure and to construct and maintain a 2.83-foot x 12-foot box culvert in the channel of a tributary to Cacoosing Creek at a point at Reedy Road (T-392) (Sinking Springs, PA Quadrangle N: 17.5 inches; W: 1.0 inch) in Spring Township, **Berks County**.

E36-635. Encroachment. **Conestoga Country Club**, Dick Hopkins, 1950 Stonemill Road, Lancaster, PA 17603. To remove six existing structures, construct and maintain six bridges. Five heavy duty cart bridges having clear spans of 47.8 feet with average underclearances of 11 feet, and one pedestrian bridge having a 39-foot clear span with a 9-foot underclearance across the Little Conestoga Creek at the Conestoga Country Club (Lancaster, PA Quadrangle N: 5.5 inches; W: 15 inches) in Manor Township, **Lancaster County**.

E50-187. Encroachment. **Albert Kuhn**, P. O. Box 121, Carlisle, PA 17013. To maintain an existing 250-foot stream relocation, to remove an existing structure and to construct and maintain a twin 24-inch culvert and to construct and maintain an existing 48-inch culvert in the channel of a tributary to Shermans Creek at a point approximately 2,500 feet upstream of Route 17 (Blain, PA Quadrangle N: 20.8 inches; W: 0.3 inch) in Jackson Township, **Perry County**.

E67-600. Encroachment. **Rosenberry Bros. Lumber Co., Inc.**, Dennis Rosenberry, Box 405, Fannettsburg, PA 17221. To construct and maintain two 36-inch pipe culverts in Stony Run and to fill 0.33 acre of wetlands for a haul road to harvest forest timber from 120 acres located on south side of Pinetown Road (Wellsville, PA Quadrangle N: 21 inches; W: 0.25 inch) in Warrington and Fairview Townships, **York County**.

Northcentral Region, Water Management, Soils and Waterways Section, F. Alan Sever, Chief, 208 West Third St., Suite 101, Williamsport, PA 17701.

E17-309. Encroachment. **PA Dept. of Transportation**, 1924-30 Daisy St., Clearfield, PA 16930. To repair, operate and maintain a single span bridge that carries SR 2007-226, Seg. 0110, Offset 0357 across Beaver Run. The proposed work shall consist of removing the existing superstructure and constructing a composite prestressed concrete spread box beam superstructure that will maintain the existing span of 33.6 feet, minimum underclearance of 6.5 feet and skew of 60 degrees. The project is located along the western right-of-way of SR 0053 approx. 400 feet west of the intersection of SR 2007 and SR 053 (Houtzdale, PA Quadrangle N: 14.2 inches; W: 12.8 inches) in Woodward Township, **Clearfield County**. Estimated stream disturbance is 40.5 linear feet of stream with no wetland impact; stream classification is Cold Water Fishery.

E19-169. Encroachment. **PA Dept. of Transportation**, 715 Jordan Ave., Montoursville, PA 17754. To remove the existing arch bridge and to construct and maintain a prestressed concrete spread box beam bridge with a normal span of 63.5 feet and minimum underclearance of 13.7 feet in Little Pine Creek located on SR 1026, Section 002 approx. 600 feet west of the SR 1026 intersection with SR 1033 (Stillwater, PA Quadrangle N: 4.9 inches; W: 8.3 inches) in Fishing Creek Township, **Columbia County**. Estimated stream disturbance is approx. 50 feet; stream classification is CWF.

Northwest Regional Office: Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

E42-248. Encroachment. **Foster Township Supervisors**, 1158 East Main Street, Bradford, PA 16701. To realign a portion of Foster Brook (CWF) by creating a new stream channel measuring 135 linear feet, by backfilling approximately 400 linear feet of existing stream channel (ox bow), placement of 60 linear feet of R-7 Rip Rap stream bank protection, and removal of two separate gravel bars measuring a total of approximately 100 linear feet. This project is necessary to prevent further erosional damage to an existing sanitary sewer line and sanitary sewer man hole. This project is located on the north side of S. R. 0346 approximately 4800 feet west of the intersection of S. R. 0346 and S. R. 0646 (Derrick City, PA Quadrangle N: 17.7 inches; W: 11.6 inches) located in Foster Township, **McKean County**.

E43-261. Encroachment. **PA Dept. of Transportation, Engineering Dist. 1-0**, 1140 Liberty Street, Franklin, PA 16323. To remove the existing structure and to construct and maintain a single span prestressed concrete spread box beam bridge with a clear span of 37 feet with a vertical clearance 8.26 feet on a 90 degree skew on S. R. 3018 across McCullough Run (WWF). This project will also include a de minimus wetland impact associated with placement of the new structure and approaches. The project is located on S. R. 3018 approximately 100 feet west of the intersection of S. R. 3018 and S. R. 0846 (Sharpville, PA Quadrangle N: 4.1 inches; W: 16.2 inches) located in South Pymatuning Township, **Mercer County**.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audio tape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Permits Issued and Actions on 401 Certifications:

Southeast Regional Office: Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E15-540. Encroachment Permit. **Violet L. Featherman**, c/o John A. Featherman, III, 17 West Miner Street, P. O. Box 660, West Chester, PA 19381-0660. To encroach on approximately 360 linear feet of an unnamed tributary to Tweed Creek (TSF, MF) and to impact a de minimus amount of wetlands (0.03 acre) associated with the construction of the stormwater management facility (a nonjurisdictional dam) for the proposed residential subdivision owned by Violet Featherman. Issuance of this permit constitutes approval of the Environmental Assessment for this nonjurisdictional dam. The site is located along Forge Road (S. R. 3001) immediately north of its intersection with Shady Side Road (T-309) (Kirkwood, PA Quadrangle N: 1.5 inches; W: 2.0 inches), in East Nottingham Township, **Chester County**.

E46-755. Encroachment Permit. **Limekiln Partners, L. P.**, 2421 Bristol Road, Warrington, PA 18975. To perform and maintain the following water obstructions and encroachments associated with the proposed Chestnut Creek Subdivision, located 3,700 feet southwest of the junction of Lower State Road and Limekiln Pike (SR 0152); (Ambler, PA Quadrangle N: 18.7 inches; W: 10.1 inches), in Horsham Township, **Montgomery County**.

1. To install 70 linear feet of a 15-foot by 3.25-foot roadway box culvert in and along a tributary to Little Neshaminy Creek and 0.24 acre of adjacent wetlands (PFO) for the proposed Stony River Drive stream crossing. Associated work includes: an 8-inch sanitary sewer line crossing of wetlands; a 12-inch utility line stream crossing; and an 18-inch stormwater outfall.

2. To install 145 linear feet of twin 15-inch RCP roadway culverts on 0.13 acre of wetland (PEM) for the proposed Stoney River Drive. Associated work includes: an 8-inch sanitary sewer line crossing and a 12-inch water line.

3. To install a dual 30-inch storm sewer utility line crossing of a wetland situated between lot Nos. 50 and 51.

4. Install approximately 1,405 linear feet of sanitary sewer line, crossing an estimated 0.64 acre of wetlands (PFO) along with one stream crossing between manhole Nos. D-5400 and 5434.

Issuance of this permit constitutes approval of the Environmental Assessment for three nonjurisdictional dams (Basin Nos. 2B, 4 and 5) which are proposed at the project site which will impact approximately 0.62 acre of wetlands.

The applicant proposes to construct 1 acre of replacement wetlands at the project site.

E51-160. Encroachment Permit. **Fairmount Park Commission**, Memorial Hall, West Park, Philadelphia, PA 19131. To excavate, place and maintain fill adjacent to the west side of the Schuylkill River (WWF-MF) and adjacent floodplain. This work is associated with the construction of a wetland restoration area and softball field which are part of the Bartram's Garden Wetland Restoration Project. The site is located just north of the point where 56th Street terminates at the Schuylkill River (Philadelphia, PA USGS Quadrangle N: 10.0 inches; W: 12.3 inches), in the **City and County of Philadelphia**. This permit was issued under section 105.13(e) "small projects." This permit also includes 401 Water Quality Certification.

E09-713. Encroachment Permit. **Wolfson-Verrichia Group, Inc.**, 621 East Germantown Pike, Suite 305, Norristown, PA 19401. To relocate and maintain 1,425 linear feet of Licking Run Creek (TSF), a tributary to Tohickon Creek and to impact 3.65 acres of an adjacent wetland (PF01A) associated with proposed Richland Crossing Retail Center. The project also includes installation and maintenance of a 108-foot long stream enclosure, and a 45-foot long and a 60-foot long culvert, each consisting of a 14-foot wide by 5-foot high reinforced concrete box, in and along the newly constructed stream channel. A low flow channel will be incorporated into the reconstructed channel. These stream crossings are associated with the construction of roadways in the proposed retail center. The site is situated between West End Boulevard (S. R. 0309) and California Road (S. R. 0405) at a point approximately 1,600 feet north from the intersection with John Fries Highway (S. R. 0663) (Quakertown, PA Quadrangle N: 13.5 inches; W: 14.75 inches), in Richland Township and Quakertown Borough, **Bucks County**. The permittee will provide 5.8 acres of replacement wetland.

DAM SAFETY

The Department of Environmental Protection has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Envi-

ronmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street, Second Floor, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

DEPARTMENT OF HEALTH

Availability of Draft Preventive Health and Health Services Block Grant Application for Federal Fiscal Year 1998

The Department of Health (Department) is making copies available of the draft Preventive Health and Health Services Block Grant Application for FFY 1998, under 42 U.S.C.A. § 300 w-4. This application is the Commonwealth of Pennsylvania's draft request to the United States Department of Health and Human Services for block grant funding to address the Healthy People 2000 Health Status Objectives.

The block grant application describing proposed services, program goals, and objectives and activities will be available on or after August 14, 1997, and can be obtained by calling the Bureau of Preventive Health Programs at (717) 787-6214. Persons with a disability who require an alternative format of the above-mentioned application (for example, large print, audio tape, braille) should also contact the Bureau of Preventive Health Programs at (717) 787-6214 or TDD: (717) 783-6514.

A public hearing will be conducted by the Department for the purpose of receiving testimony on the above-mentioned application in accordance with 42 U.S.C.A. § 300 w-4. Comments and suggestions from the public should relate to the priorities and program plans included in the application.

The hearing will be held from 10 a.m. until 2 p.m., September 9, 1997, in Room 812, Health & Welfare Building, 7th and Forster Streets, Harrisburg, PA. Persons wishing to testify are requested to preregister by contacting the Bureau of Preventive Health Programs at (717) 787-6214. Registration will be accepted on the day of the hearing. Persons will be allotted a maximum of 15 minutes to testify. Testifiers should provide the Department with two copies of their testimony at the time of the hearing.

Written comments will be accepted and should be sent to the Bureau of Preventive Health Programs, Room 1000, Health and Welfare Building, P. O. Box 90, Harrisburg, PA 17108, and should be received no later than 4 p.m., Monday, September 22, 1997.

Persons with a disability who desire to comment in alternative format (for example, large print, audio tape, braille) should notify the Bureau of Preventive Health Programs at (717) 787-6214 or TDD: (717) 783-6514.

Laboratories Approved to Determine Blood Alcohol Content Under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health (Department) under the Clinical Laboratory Act (35 P. S. §§ 2151-2165) and are currently approved by the Department under 28 Pa. Code §§ 5.50 and 5.103 (relating to approval to provide special analytical services; and blood tests for blood alcohol content) to perform alcohol analyses of blood and/or serum and plasma. This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories. Since procedures for determining the alcohol content of serum and plasma are identical and results obtained from serum or plasma derived from a blood sample are the same, laboratories that demonstrate reliability in the analysis of serum proficiency testing specimens are approved to analyze both serum and plasma. These laboratories are also approved and designated under the provisions of the Vehicle Code, 75 Pa. C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; and reports by emergency room personnel), the Fish and Boat Code, 30 Pa. C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance), and the Game and Wildlife Code, 34 Pa. C.S. § 2502, (relating to hunting or furtaking under the influence of alcohol or controlled substance) as qualified to perform the types of specialized services which will reflect the presence of alcohol in blood and/or serum and plasma. Laboratories located outside this Commonwealth may not provide blood and/or serum and plasma alcohol testing services in

this Commonwealth unless they are specifically licensed by the Department under the Clinical Laboratory Act.

Persons seeking forensic blood and/or serum and plasma analysis services from the following designated laboratories should determine that the laboratory employs techniques and procedures acceptable for forensic purposes, and that the director of the facility is agreeable to performing determinations for this purpose. The list of approved laboratories will be revised semiannually and published in the *Pennsylvania Bulletin*.

The Department's blood alcohol and serum/plasma alcohol proficiency testing programs are approved by the United States Department of Health and Human Services (HHS) in accordance with the requirements contained in the Clinical Laboratory Improvement Amendments of 1988 (42 CFR 493.901 and 493.937) which are administered by the Health Care Financing Administration (HCFA). Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P.O. Box 500, Exton, PA 19341-0500, (610) 363-8500. Persons with a disability may also submit questions to Dr. Shoemaker in alternative formats, such as by audio tape, braille or using TDD: (717) 783-6514. Persons with a disability who require an alternative format of this document (for example, large print, audio tape, braille), should contact Dr. Shoemaker so that he may make the necessary arrangements.

The symbols S and B indicate the following:

S = approved for serum and plasma analyses

B = approved for blood analyses

SB = approved for serum, plasma and blood analyses

DEPARTMENT OF TRANSPORTATION

Finding Chester County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to improve the intersection of Pottstown Pike and Daisy Point/Pughtown Road in South Coventry Township, Chester County. The improvements include minor widening to improve turning radii, profile changes to increase sight distance and realigning the northern and southern approaches to the intersection. The project will require the acquisition of 0.12 hectares (0.29 acres) from seven (7) parcels within the Village of Pughtown Historic District.

The effect of the project on the Village of Pughtown Historic District will be mitigated by the following measures to minimize harm to the resource.

1. Landscaping and/or preservation of existing vegetation will be utilized to soften any of the visual impacts to the Village of Pughtown Historic District.

2. Construction staging areas will be sensitive to historic resources. Heavy equipment and staging will be restricted from the individual historic properties within the district boundaries with the exception of those areas where minor amounts of right of way are required. Protective fencing will be utilized to delineate areas that the contractor must avoid.

3. Upon completion of construction activities, any disturbed areas will be restored to their original contour and vegetative cover.

4. Mitigation for the Henry Diffendarfer House will include the construction of a two-stepped three foot wall in front of the house.

I have considered the environmental, economic, social and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, and have concluded that there is no feasible and prudent alternative to

the project as designed, and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from the improvement of this intersection.

Secretary

Finding Luzerne County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation is proposing a project to construct an interchange (#46) on Interstate 81 with a connector road to Highland Park Boulevard in Wilkes-Barre Township in Luzerne County. Highland Park Boulevard will be widened and extended to Mundy Street. The Department of Transportation has received environmental clearance in the form of a Finding of No Significant Impact from the Division Administrator of the Federal Highway Administration.

No adverse environmental effect is likely to result from the construction of this section of highway.

ENVIRONMENTAL HEARING BOARD

Gary L. Beers and Marjorie Beers v. DEP and Strishock Coal Co.; Doc. No. 96-165-C

The Department of Environmental Protection (Department), Gary L. and Marjorie Beers (the Beers), and Strishock Coal Co. (Strishock) have agreed to a settlement of the above matter. Strishock operates the Zimmerman Mine, a surface coal mine located in Pinecreek Township, Jefferson County, under the authority of Surface Mining Permit (SMP) No. 33920103 issued by the Department to Strishock. The Zimmerman Mine is adjacent to property owned, and resided upon, by the Beers. On July 16, 1996, the Department issued a revision to SMP No. 33920103, which reduced the buffer area around the spring which serves as the Beers' water source. The Beers appealed the Department's issuance of the revision to SMP No. 33920103 before the Environmental Hearing Board, at Doc. No. 96-165-C.

The parties have agreed to a settlement, the major provisions of which include:

1. Strishock agrees that its mining activities under SMP No. 33920103 shall be subject to the following additional conditions:

a. The location of Spring SP-2A is corrected to reflect the actual source of the spring.

b. There shall be no blasting within the 2.4 acre area to be opened under the revision to SMP No. 33920103.

c. The Reed property shall not be used for ingress or egress for the mining operation.

d. There shall be no operation of equipment or disturbance of stabilized spoil from past mining operations north and east of the Middle Kittanning highwall except for an area approximately 50 feet from the base of the old highwall or as may be required for reclamation.

e. There shall be no placement of spoil more than 50 feet to the north and east of the base of the Middle Kittanning highwall or on any part of the Reed property or to the north or east of the 2.4 acre area to be opened by the revision to SMP No. 33920103.

f. Drainage ditch CD-6 shall be constructed at the toe of the old Middle Kittanning highwall and shall be routed around the Middle Kittanning highwall to drain to the northwest towards Pond C. There shall be no excavation of stabilized spoil to construct drainage ditch CD-6. Drainage ditch CD-6 will be formed by grading surface materials away from the old Middle Kittanning highwall or from new spoil materials.

g. Water bars shall be constructed and maintained across the unimproved road located to the southwest of Spring SP-2A so as to prevent runoff from the Zimmerman Mine from approaching the spring.

h. There shall be no equipment storage or maintenance in the 2.4 acre area to be opened under the revision to SMP No. 33920103, in any part of the 250-foot barrier area around Spring SP-2A, or within the area between the 250-foot barrier and the old Middle Kittanning highwall.

2. A copy of the Consent Order and Adjudication to resolve the Beers' appeal at Doc. No. 96-165-C shall be appended to the July 16, 1996 revision to SMP No. 33920103 in the Department's permit file at the Department's Knox District Mining Office.

3. The Beers' appeal before the Environmental Hearing Board at EHB Doc. No. 96-165-C is terminated with prejudice.

Copies of the full agreement are in the possession of:

Stephen Lachman, Assistant Counsel, Department of Environmental Protection, Office of Chief Counsel, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4262;

Anthony J. Gerace, Jr., Dunaway, Weyandt, McCormick, Gerace & McGlaughlin, 919 University Drive, State College, PA 16801, (814) 231-1850;

Robert M. Hanak, Hanak, Guido & Taladay, 498 Jeffers Street, P. O. Box 487, DuBois, PA 15801, (814) 371-7768; and at the offices of the Environmental Hearing Board, and may be reviewed by any interested person on request during normal business hours.

Persons who are aggrieved by the above settlement have a right to appeal to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457. Appeals must be filed within 20 days of this publication.

If information concerning this notice is required in an alternative form, contact the Secretary to the Board at (717) 783-3483. TDD users may telephone the Board through the AT&T Pennsylvania Relay Service at (800) 654-5984.

The Environmental Hearing Board is empowered to approve this settlement if no objection is timely filed with the Board.

FISH AND BOAT COMMISSION

Temporary Changes to Fishing Regulations; Burbot Fishing in Lake Erie

The Executive Director of the Fish and Boat Commission, acting under the authority of 58 Pa. Code § 65.25, is hereby making the following temporary changes to regulations applicable to fishing for burbot in Lake Erie. 58 Pa. Code § 65.25 permits the Executive Director to make temporary changes to fishing regulations when he finds the action is necessary and appropriate to conserve and preserve fishing opportunities. The temporary change being made by this notice will provide additional fishing opportunities. A review by both the Bureaus of Fisheries and Law Enforcement professional staffs has disclosed that the proposed changes will have no adverse impact on the protection, preservation and management of burbot in the waters of Lake Erie.

Effective from July 12 until September 30, 1997, it shall be lawful to take burbot from Lake Erie at a depth of at least 60 feet or more using nonmechanical spears or gigs. The daily creel limit for burbot caught in Lake Erie using nonmechanical spears or gigs is two fish per day. The use or possession while fishing or diving of mechanically propelled spearguns is prohibited. Persons fishing for burbot under this temporary change to fishing regulations are required to possess a valid Pennsylvania fishing license and Lake Erie stamp.

This order takes effect on July 12, 1997.

Federal FY 1996/1997 Sewage Project Priority
List—Revised**

The Pennsylvania Infrastructure Investment Authority (PIIA) and the Department of Environmental Protection (Department) have received approval from the Environmental Protection Agency (EPA) of the revised Federal fiscal year 1996/1997 Water Pollution Control Revolving Fund (WPCRF) Project Priority List (List) of municipal sewage construction projects.

A Notice announcing that the List was revised to add 18 projects, as well as the list of 18 projects, was published in the April 5, 1997, issue of the *Pennsylvania Bulletin*. In addition, a direct mailing of the Notice was made to interested environmental agencies and all municipalities with projects on the revised list. Interested persons were invited to express their views on the priority rating or ranking of projects on the revised list. No comments were received, and the revised list was accepted and approved by EPA.

Interested persons may direct questions relating to the status of a project or its priority rating to the appropriate regional office of the Department. In addition, a copy of the revised FY 1996/1997 Project Priority List that shows all 306 municipal sewage projects in priority and ranked order is available for review in the following offices:

STATE SYSTEM OF HIGHER EDUCATION

Request for Proposals

Indiana University of Pennsylvania of the State System of Higher Education invites interested professionals to submit proposals for an Open-ended Professional Design Services Contract to be used on various projects at the university. The university is seeking two predominantly engineering teams and one architectural/engineering team to provide open-ended services. The firms and their respective consultants shall be capable of providing, at a minimum, architectural, structural, HVAC, plumbing, electrical, landscape architectural and survey services on an individual project basis. The university desires that at least one of the teams have multi-disciplinary capabilities including environmental services such as testing, field survey and supervision of remediation activities.

Interested professionals are to submit the information required under the following section entitled "Instructions for Filing Application."

Proposals must be received on or before the close of business August 19, 1997, addressed to Slating Committee, Engineering and Construction Group Office, Indiana University of Pennsylvania, Robert Shaw Building, 650 S. 13th Street, Indiana, PA 15705-1087.

Questions may be directed to Robert L. Marx, Director, Engineering and Construction Group at (412) 357-2289, FAX (412) 357-6480, Monday through Friday, between the hours of 8 a.m. and 4 p.m.

Instructions for Filing Application

Professionals will not be considered by the System Slating Committee until all of the following requirements are met.

(a) A Request for Proposal 01-97 has been requested in writing or FAX (412) 357-6480 from the Engineering and Construction Group Office outlining the requirements. The professional is to respond to the RFP as well as submit the following:

(b) Form 150 (Rev 4/94), or Standard Form 254 not more than 1 year old as of the deadline stated above, must be filed with the University for the requesting professional firm and the designated key consultants listed on the requesting professional firm's application (Form 150-S, or Standard Form 255). Forms may be obtained upon request to the University.

(c) The Professional must submit six copies of either form (Form 150 and 150-S or SF 254 and 255). When appropriate, the Professional shall supply photographs showing a maximum of two different views of each of the three projects described in Question 13, Page 4 of the application (Form 150-S or Question 10 of SF-255). The identifications and appropriate supportive information concerning each photograph shall include the name, project title, location and the name of the Professional of Record.

Renderings and brochures will not be accepted in lieu of photographs. The photographs shall be attached to each copy of the application (Form 150-S). The pages of each copy of the Form 150-S (REV. 4/94) must be stapled

with photographs included and each copy must remain free from the other and not bound in any way to any other documentation or bound in a binder of any type. Subsequent to the public meeting of the Slating Committee, the university will return photographs submitted with applications to those firms that request it, and provide a self-addressed stamped envelope in which to return the photographs. The most qualified firms will be slated for consideration by the University Selections Board.

(d) The University Selections Board, may at its discretion, establish interviews with any or all of the professionals who have requested consideration for appointment. If an interview is required, the professional will be notified by the Board as to the date, time and location.

(e) Additional information, in writing, may be requested by the Slating Committee as required. Professional agrees that they shall comply with the terms of the Agreement and specifically as it relates to the Professional Liability Insurance and the General Liability Insurance Requirements.

The Slating Committee encourages responses from small firms, minority firms, women-owned firms and firms who have not previously performed System work, and will consider Joint Ventures, which will enable them to participate in this program.

Applications submitted are subject to review by the Slating Committee. The Slating Committee and Selections Board disclaim any liability whatsoever as to their review of the applications submitted and in formulating their recommendations for selection. Recommendations for selection made by the Committee or Board shall be final under the act of November, 1982 (P. L. 660, No. 188 as amended).
