READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CH. 1300]

Amendment of Rule 1305 Governing Compulsory Arbitration; No. 286; Doc. No. 5

Order

Per Curiam:

And Now, this 5th day of September, 1997, Pennsylvania Rule of Civil Procedure 1305 governing compulsory arbitration is amended to read as follows.

This Order shall be effective January 1, 1998 and shall be processed in accordance with Pennsylvania Rule of Judicial Administration 103(b).

Mr. Justice Zappala files a dissenting statement in which Mr. Justice Castille joins.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1300. COMPULSORY ARBITRATION

Subchapter A. RULES

I. Rule 1305 is amended to read as follows:

Rule 1305. Conduct of Hearing. Evidence.

(a) Except as prescribed by this rule, the rules of evidence shall be followed in all hearings before arbitrators. Rulings on objections to evidence or on other issues which arise during the hearing shall be made by a majority of the board.

(b)(1) [If at least twenty days' written notice of the intention to offer the following documents in evidence was given to every other party accompanied by a copy of the document, a party may offer in evidence, without further proof,] The following documents shall be admitted into evidence if at least twenty days' notice of the intention to offer them was given to every other party accompanied by a copy of each document to be offered:

[(1)](i) bills [, records and reports of hospitals, doctors, dentists, registered nurses, licensed practical nurses and physical therapists, or other licensed health care providers,] or other documents evidencing charges incurred;

Official Note: The board of arbitrators may find a bill authentic, necessary and reasonable without extrinsic evidence but is not required to do so.

[(2)](ii) [bills for drugs, medical appliances and prostheses,] records of businesses, government departments, agencies or offices, subject to statutory restrictions, provided that these are records which would otherwise be admissible if authenticated by a custodian of records;

Official Note: The restrictions on the admissibility of evidence under this subparagraph are

unique to the records specified and are not found elsewhere in subdivision (b).

(iii) records and reports of hospitals and licensed health care providers;

(iv) expert reports and descriptions of expert qualifications;

[(3) bills for or] (v) written estimates of value, damage to, cost of repair of or loss of property[,]; and

[(4) a] (vi) [report] reports of rate of earnings and time lost from work or lost compensation prepared by an employer.

(2) If twenty days' advance notice of intention to offer documents in evidence was not given but copies of the documents were provided to the other parties at least twenty days in advance of the hearing or during discovery, the admissibility of the documents without authentication shall be in the discretion of the arbitrators upon a finding of the absence of prejudice.

(3) A document which is received into evidence under subparagraphs (1) or (2) may be used for only those purposes which would be permissible if the person whose testimony is waived by this rule were present and testifying at the hearing. The arbitrators shall disregard any portion of a document so received that would be inadmissible if the person whose testimony is waived by this rule were testifying in person.

(4) Any other party may subpoena the person whose testimony is waived by this rule to appear at or serve upon a party a notice to attend the hearing and any adverse party may cross-examine [him] the person as to the document as if [he] the person were a witness for the party offering the document. The party issuing the subpoena shall pay the reasonable fees and costs of the person subpoenaed to testify, including a reasonable expert witness fee if applicable.

(c) A written estimate of value, damage to, cost of repair of or loss of property shall be accompanied by a statement of the party offering it whether the property was repaired and, if it was, whether the repairs were made in full or in part and by whom, together with the bill therefor.

(d) A party may offer in evidence, without the certification required by Sections 5328 and 6103 of the Judicial Code, an official weather or traffic signal report or a standard United States Government life expectancy table. A party may also offer any other official record kept within the Commonwealth without such certification if the provisions of subdivision (b) are followed.

II. The 1981 Explanatory Note to Rule 1305 is deleted and the following Explanatory Comment is added:

Explanatory Comment

The Supreme Court of Pennsylvania has amended in several respects Rule 1305(b) which relaxes the rules of evidence as to the introduction of certain types of written evidence at a hearing before a board of arbitrators in compulsory arbitration. First, the rule has been clarified by providing that, if twenty days notice of the intention to offer certain types of documents into evidence is given to every other party and if the notice is accompanied by

copies of the documents, the documents "shall be admitted into evidence." Second, the categories of such evidence have been broadened to include business and governmental records (subdivision (b)(1)(ii)) and expert reports and qualifications (subdivision (b)(1)(iv)). Third, new subdivision (b)(2) provides for the instance in which the required notice is not given but the other parties have received copies of the documents at least twenty days prior to the hearing or during discovery. Finally, new subdivision (b)(3) directs the board of arbitrators in its consideration and use of the documents admitted into evidence.

Dissenting Statement

Mr. Justice Zappala

September 5, 1997

The amendment to Rule 1305(b) expand the categories of documents that may be admitted into evidence without further proof when notice of the intention to offer them at an arbitration hearing is given to every other party with copies of the documents to be offered. Rule 1305(b) permits a party to introduce records of businesses, government departments, agencies or offices, records and reports of hospitals and licensed health care providers, expert reports and descriptions of expert qualifications without requiring the custodian of the reports or the expert to appear.

While I am not opposed to the admission of such documents upon compliance with the notice requirements, I must object to the provision of Rule 1305(b)(4) that imposes the fees and costs of an expert witness, or witness whose testimony is waived by the rule, on the party who subpoenas the witness to attend the arbitration hearing. This is an onerous burden to place on a party who wishes to challenge the admissibility of the evidence or to cross-examine an expert witness as to opinions or other information contained in a report. The party who seeks to introduce and rely on expert testimony need only submit a report in advance of the hearing. The opposing party must either subpoena the expert witness, thereby incurring fees and costs for the attendance of the expert witness, or allow the expert's report and documents to be admitted as substantive evidence.

The party who secures the expert's report enjoys the advantage of introducing expert testimony without the cost of producing the witness. As amended, Rule 1305(b)(4) unfairly restricts an opposing party's ability to cross-examine an expert witness or to challenge the admissibility of documents. Furthermore, it may prove to

be counter-productive since an opposing party may find it less costly to appeal from an arbitration decision than to pay the fees and expenses of an expert witness.

Mr. Justice Castille joins in this Dissenting Statement.

RULES AND REGULATIONS

Title 12—COMMERCE, TRADE AND LOCAL GOVERNMENT

DEPARTMENT OF COMMUNITY AND
ECONOMIC DEVELOPMENT

[12 PA. CODE CH. 145]

Industrial Housing and Components

The Department of Community and Economic Development (Department) under the authority of section 5 of the Industrialized Housing Act (act) (35 P.S. § 1651.5), amends Chapter 145 (relating to industrial housing and components) to read as set forth in Annex A. (*Editor's Note:* When submitted as proposed, these amendments were located in 16 Pa. Code Chapter 29. Since that time, those chapters issued under the authority of the Department of Community Affairs contained in Title 16 and those chapters issued under the authority of the Department of Commerce contained in Title 13 have been moved into Title 12. This is a result of the merger of the two departments into the Department of Community and Economic Development.)

Introduction

The Department has the responsibility to promulgate regulations, including construction standards, for industrialized housing and components covered by the act. These standards are required to be reasonably consistent with recognized and accepted model codes. The regulations were last amended in 1991. The new regulations permit manufacturers to utilize either the new or previous BOCA or CABO stair geometry standards. The new regulations also seek to clarify the dates on which the Department adopts amendments to the model codes and on which the amendments become effective.

The Department received comments on the proposed regulations from the Independent Regulatory Review Commission (IRRC), the Pennsylvania Builders Association (Association) and the Mid-Atlantic Building Systems Council (Council). IRRC made the following suggestions: (1) define the acronym "CABO"; (2) add a new subsection to §§ 145.41 and 145.42 to clarify that the language "all codes shall be the latest edition..." applies to all the model codes and not just the National Electrical Code; and (3) clarify through formatting changes the sections regarding the dates on which the Department adopts amendments to the model codes and on which the amendments become effective and provide for public notification of the dates when they are shortened or lengthened by the Department. The Association offered its support of the amendments, but suggested no changes. The Council also supports the amendments and suggested that the Department add the BOCA stair geometry standard exception to the regulations, since the new BOCA standards went into effect after the proposed amendments were published. All of these suggestions were implemented by the Department.

Analysis

Section 145.1. Definitions. The terms "CABO" and the "Department" have been added to this section.

Section 145.41. Adoption of standards. This section was reformatted to clarify that the language "all codes

shall be the latest edition..." applies to all the model codes and not just the National Electrical Code. This language now appears in a new paragraph (b) and existing paragraphs (b), (c) and (d) become paragraphs (c), (d) and (e). Additionally, this section was changed to permit a manufacturer to utilize the 1993 BOCA National Building Code with regard to stair geometry. This section was also changed to reflect the name change of the BOCA National Mechanical Code and the BOCA National Plumbing Code to the International Code Council International Mechanical Code and the International Code Council International Plumbing Code.

Section 145.42. Alternate standards. As in § 145.41, this section was reformatted to clarify that the language "all codes shall be the latest edition..." applies to all the model codes and not just the Electrical Code for One and Two Family Dwelling, NFPA No. 70. This language now appears in a new paragraph (b).

Section 145.43. Amendment policy. This section was reformatted to break out one lengthy paragraph into three subsections. Subsection (a) sets forth the general policy under which changes to the model code are adopted by the Department. Subsection (b) sets forth those instances when changes to the model code will not be adopted by the Department. The language in subsection (b) was changed to delete the "clear and convincing evidence standard" and replace it with a "necessary to protect" standard. The language in subsection (c) is completely new and clearly states that the procedures in § 145.97 (relating to amendments to this chapter) will be followed in the event changes to the model code are not adopted or are changed by the Department.

Section 145.44. Adoption and effective dates—Model Code amendments. This section, including the title of this section, was deleted in its entirety and replaced with subsections (a)—(e). These changes are primarily formatting changes which breakout the various components of § 145.44 into separate, more easily read and understood, sections. Subsection (a) establishes the date on which the Department will be deemed to have adopted changes to the model code. Subsection (b) permits the Department to move the adoption date to a later date if necessary to implement the purposes of the act and this chapter and requires publication of the later date in the *Pennsylvania Bulletin*. Subsection (c) sets forth the standard effective date for changes to the model code which have been adopted by the Department. Subsection (d) permits the Department to move the effective date to an earlier date if necessary to protect the health, safety and welfare of the citizens of this Commonwealth and requires publication of the earlier date in the *Pennsylvania Bulletin*. Subsection (e) permits the Department to move the effective date to a later date if necessary to avoid unreasonable hardship on a manufacturer and again requires publication of the later date in the *Pennsylvania Bulletin*.

Section 145.56. Amendments to building system documentation following changes in standards. This section, including the title of this section, was deleted in its entirety and replaced with subsections (a)—(f). As in § 145.44, these changes are primarily formatting changes which breakout the various components of § 145.56 into separate, more easily read and understood, subsections. Subsection (a) requires the evaluation agencies to notify manufacturers with whom they then have implementing

contracts of changes to the model codes. Subsection (b) establishes the time frame in which the manufacturers must be in compliance with the changes to the model codes. Subsection (c) establishes the time frame in which the manufacturers must be in compliance with changes in the application of the model codes made by the Department under § 145.97. Subsection (d) permits the Department to move the compliance effective date to an earlier date if necessary to protect the health, safety and welfare of the citizens of this Commonwealth and requires publication of the earlier date in the *Pennsylvania Bulletin*. Subsection (e) permits the Department to move the compliance effective date to a later date if necessary to avoid unreasonable hardship on a manufacturer and again requires publication of the later date in the *Pennsylvania Bulletin*. Subsection (f) clarifies that § 145.55 (relating to general requirements for approval of amendments to building system documentation) applies to the amendments to building system documentation required by § 145.56.

Section 145.122. Effective date. Subsection (b) is amended to consistently reflect the new adoption and effective dates established under §§ 145.44 and 145.56.

Fiscal Impact

These amendments continue the regulation of industrialized housing and component construction standards required by the act. No new costs have been added.

Paperwork

The amendments impose no new or different paperwork requirements.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the notice of proposed rulemaking, published at 26 Pa.B. 4432 (August 28, 1996) to IRRC, the Chairperson of the House Business and Economic Development Committee and the Chairperson of the Senate Community and Economic Development Committee for review and comment. In compliance with section 5.1(a) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of the comments received, as well as other documentation.

In preparing these final-form regulations the Department has considered the comments received from IRRC, the Committees and the public.

These final-form regulations were deemed approved by the House Committee on August 13, 1997, and deemed approved by the Senate Committee on August 13, 1997. IRRC met on August 22, 1997, and approved the final-form regulations in accordance with section 5(c) of the Regulatory Review Act.

Effective Date/Sunset Date

(a) The amendments will become effective upon publication in the *Pennsylvania Bulletin*.

(b) The amendments will be monitored on a regular basis and will be updated as needed.

Contact Person

For an explanation of these amendments, contact John Boyer, Community Development Housing Office, Department of Community and Economic Development, 358 Forum Building, Harrisburg, PA 17120, (717) 787-5327, or Carol Webber, Office of Chief Counsel, Department of Community and Economic Development, 524 Forum Building, Harrisburg, PA 17120, (717) 720-7314.

Findings

The Department finds that:

(1) Public notice of intention to adopt the amendments has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202).

(2) The amendments are necessary and appropriate.

Order

The Department, acting under the authorizing statute, orders that:

(a) The regulations of the Department, 12 Pa. Code Chapter 145, are amended by amending §§ 145.1, 145.41—145.44, 145.56 and 145.122 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Department shall submit this order and Annex A to the Office of Attorney General and the Office of General Council for approval as to legality as required by law.

(c) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

SAMUEL A. MCCULLOUGH,
Secretary

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 27 Pa.B. 4596 (September 6, 1997).)

Fiscal Note: Fiscal Note 5-60 remains valid for the final adoption of the subject regulations.

STANDARDS

§ 145.41. Adoption of standards.

(a) The following codes, which relate to the design, materials and method of construction of buildings, are adopted as the standards applicable to the industrialized housing and housing components for purposes of this chapter:

(1) The BOCA National Building Code, with the following exceptions:

(i) The specific article on energy conservation.

(ii) A manufacturer may elect to utilize the 1993 BOCA National Building Code, section 1014.6, exception #8, with regard to stair geometry (rise & run).

(2) The International Code Council International Mechanical Code.

(3) The International Code Council International Plumbing Code.

(4) The National Electrical Code (NFPA No. 70).

(b) Except as provided in § 145.43 (relating to amendment policy), the codes shall be the latest edition including supplements. The effective date of all code changes or supplements shall be in accordance with §§ 145.44 and 145.122(b) (relating to adoption and effective dates—code amendments; and and effective date).

(c) Insulation requirements shall have the following minimum thermal resistance ("R" values) through building sections—the total "R" value of a building section may be calculated by simply adding the individual "R" values of building components—with the exception that the stated "R" value of one assembly, such as roof/ceiling, or wall or floor, may be increased and the "R" value for other components decreased if the overall heat loss for the building envelope does not exceed the total heat loss which would result from conformance to the following individual requirements or the standards:

(1) Ceilings adjacent to unheated areas: R=30.

(2) Exterior walls and partition walls between heated and unheated areas: R=16.

(3) Foundation walls applicable to heated basements and crawl spaces: R=10.

(4) Partition walls between apartments and other heated areas: R=11.

(5) Floors over areas open to the outside and crawl spaces if foundation walls are not insulated in accordance with paragraph (3): R=19.

(6) Floors over unheated basements: R=11.

(7) Entrance doors: R=4.

(8) Supply ducts in unheated areas: R=5.

(9) Return ducts in unheated areas: R=3.5.

(10) Edge insulation for concrete slabs: R=8.

(11) Windows shall be double glazed or single glazed plus storm windows.

(12) Vapor barriers, weather stripping and still sealer shall be used where applicable.

(13) Ventilation shall be provided for the air spaces between insulated ceilings and roofs.

(d) Insulation technique and installation applicable to the floor or foundation wall is not always practical at the manufacturing facility. Industrialized-modular-housing dealers, builders or contractors may supply and install the required floor or foundation wall insulation. If the dealer, builder or contractor supplies and installs the required floor or foundation wall insulation, an assignment of responsibility shall be used. The assignment of responsibility shall be signed by the authorized respective dealer, builder or contractor prior to the industrialized-modular-housing unit leaving the manufacturing plant. A manufacturer is required to retain the copies of the assignment of responsibility sheets in his files for inspection by the Department. Periodic inspections will be made on units with dealer, builder or contractor-installed floor

or foundation wall insulation. Assignment of responsibility shall be on forms provided by the Department which will conform to the following:

ASSIGNMENT OF RESPONSIBILITY

To: _____

I HEREBY ASSUME FULL RESPONSIBILITY FOR COMPLYING WITH THE FLOOR AND/OR FOUNDATION WALL INSULATION REQUIREMENTS AS MANDATED BY AMENDMENT TO THE PENNSYLVANIA DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT RULES AND REGULATIONS UNDER THE PENNSYLVANIA INDUSTRIALIZED HOUSING ACT OF MAY 11, 1972.

THIS ASSIGNMENT OF RESPONSIBILITY SHALL APPLY TO THE FOLLOWING HOME(S):

DEALER NAME: _____

CUSTOMER NAME: _____

MODEL: _____

SERIAL NO.: _____

_____ Date: _____

AUTHORIZED SIGNATURE
 DEALER, BUILDER, CONTRACTOR

(TO BE COMPLETED AND RETURNED TO THE ABOVE ADDRESS WITH SIGNED CONFIRMATION.)

(e) The provisions of the codes in subsection (a) that relate specifically to the interpretation, administration and enforcement of the codes and to matters which are not within the authority conferred on the Department by the act and this chapter are not adopted under this chapter and are not applicable in the administration and enforcement of this chapter. If there is an inconsistency or conflict between the provisions of a code adopted under this chapter and this chapter, this chapter shall prevail.

§ 145.42. Alternate standards.

(a) As an alternative to the primary codes specified in § 145.41 (relating to adoption of standards), a manufacturer may elect to satisfy the requirements of the following alternate standards. Copies of these documents are available through the respective promulgating agencies as defined in § 145.47 (relating to acquisition of adopted codes and amendments):

(1) CABO One and Two Family Dwelling Code except that with regard to stair geometry (rise and run), a manufacturer may elect to utilize the 1992 CABO One and Two Family Dwelling Code, Section R-213.1, Figure No. R-213.1; and HUD Minimum Property Standards for One and Two Family Dwellings (24 CFR 200.926 (relating to minimum property standards for one- and two-family dwellings)).

(2) Insulation requirements and minimum requirements of § 145.41(c)(1)—(13).

(3) Electrical Code for One and Two Family Dwellings, NFPA No. 70.

(b) Except as provided in § 145.43 (relating to amendment policy), the codes shall be the latest edition including supplements. The effective date of code changes or supplements shall be in accordance with §§ 145.44 and 145.122(b) (relating to adoption and effective dates—code amendments; and effective date).

§ 145.43. Amendment policy.

(a) Except as provided in subsections (b) and (c), the Department will adopt amendments and additions to the provisions of the codes adopted under §§ 145.41 and 145.42 (relating to adoption of standards; and alternate standards) which relate to the design, materials or method of construction of buildings in accordance with the procedure called for in § 145.44 (relating to adoption and effective dates—code amendments).

(b) The Department will not adopt an amendment or addition to the codes adopted under §§ 145.41 and 145.42 which relate to the design, materials or method of construction of buildings unless the amendment or addition has been adopted by the organizations which publish the code or the Department determines that the amendment or addition is necessary to protect the health, safety or welfare of the citizens of this Commonwealth.

(c) If the Department does not adopt the latest version including supplements and additions of the codes adopted under § 145.41 or § 145.42 or adopts other standards not contained in the latest version including supplements and additions, the Department will amend this chapter under to § 145.97 (relating to amendments to this chapter).

§ 145.44. Adoption and effective dates—code amendments.

(a) Except as provided in subsection (b), if the code writing authority amends a provision of the code adopted under §§ 145.41 and 145.42 (relating to adoption of standards; and alternate standards), the Department will be deemed to have adopted the amendment on the first day of the month following the month in which the code writing authority adopted the amendment.

(b) If the Department determines that a later date for adoption is necessary to implement the purposes of the act and this chapter, the Department will publish the later date of adoption in the *Pennsylvania Bulletin*.

(c) Except as provided in subsections (d) and (e), the effective date of the amendment shall be the first day of the month 1 year from the date of adoption by the Department.

(d) If the Department determines that an earlier date is necessary to protect the health, safety and welfare of the citizens of this Commonwealth, the Department will publish the earlier effective date in the *Pennsylvania Bulletin* at least 30 days before the effective date.

(e) If the Department determines that a later effective date is necessary to avoid unreasonable hardship on a manufacturer, the Department will publish the later effective date in the *Pennsylvania Bulletin*.

CERTIFICATION

§ 145.56. Amendments to building system documentation following changes in standards.

(a) Evaluation agencies shall notify those manufacturers with whom they then have implementing contracts under § 145.78(c) (relating to contractual arrangements) of an amendment to a code or standard adopted by the Department under §§ 145.41 and 145.42 (relating to adoption of standards; and alternate standards).

(b) Within 1 year from the date of adoption by the Department of an amendment to a code or standard

adopted under §§ 145.41 and 145.42, the manufacturer shall have done one of the following:

(1) Amended its building system documentation, if necessary, to assure compliance with the amended codes and standards.

(2) Obtained the approval of the applicable evaluation agency of the amendments to its building system documentation or the determination from the applicable evaluation agency that its building system documentation requires no amendment.

(3) Ceased attaching insignia of certification to industrialized housing or housing components which have not been manufactured under the amendments to its building system documentation if the amendments are required to assure compliance with the amended codes and standards.

(c) Within 6 months from the date of final publication in the *Pennsylvania Bulletin* of an amendment to a code or standard adopted by the Department under § 145.97 (relating to amendments to this chapter), the manufacturer shall have amended its building system documentation, if necessary, to assure compliance with the amended codes and standards.

(d) If the Department determines that an earlier effective date is necessary to protect the health, safety and welfare of the citizens of this Commonwealth, the Department may establish a shorter compliance period. The Department will publish the earlier effective date in the *Pennsylvania Bulletin* at least 30 days prior to the earlier effective date.

(e) If the Department determines that a later effective date is necessary to prevent an unreasonable hardship on a manufacturer in comparison with the anticipated benefits to the health, safety or welfare of the citizens of this Commonwealth, the Department may establish a longer compliance period. The Department will publish the later effective date in the *Pennsylvania Bulletin*.

(f) Section 145.55 (relating to general requirements for approval of amendments to building system documentation) applies to the amendments to building system documentation required by this section.

TRANSITIONAL PROVISIONS

§ 145.122. Effective date.

(a) After January 1, 1976, no industrialized housing or housing components may be sold, leased or installed for use on a site in this Commonwealth unless the industrialized housing or housing components are certified as complying with this chapter.

(b) Six months after the effective date of an amendment to this chapter adopted under § 145.97 (relating to amendments to this chapter) or 1 year after the date of adoption by the Department of an amendment under § 145.44 (relating to adoption and effective dates—code amendments), no industrialized housing or housing components may be sold, leased or installed for use on a site in this Commonwealth unless the industrialized housing or housing components are certified as complying with the amendment.

PROPOSED RULEMAKING

DEPARTMENT OF CORRECTIONS

[37 PA. CODE CH. 91]

Administration

The Department of Corrections (Department) acting under the authority conferred upon it by The Administrative Code of 1929 (71 P. S. §§ 51—720.13) and Executive Order 1996-1 (4 Pa. Code §§ 1.371—1.382), and as required by 45 P. S. § 1201, hereby gives public notice of its intention to amend its media relations regulations contained at § 91.5 (relating to media relations).

Background and Need for Amendment

The Department's media relations regulations establish procedures that members of the news media must follow to interview inmates housed in State correctional institutions or community corrections centers. The media interview procedures are more cumbersome than the procedures individual members of the public must follow to visit with inmates. For example, the current regulations require members of the news media to explain the purpose of a proposed interview. Institutional superintendents then determine whether to permit the interview. The Department believes such a review is inappropriate, unnecessary and potentially unconstitutional.

The Department has grown tremendously since the media relations regulations were promulgated. This growth has made it increasingly difficult to have the media relations regulations applied uniformly among institutions. This inconsistency makes it difficult for members of the media to know the standards the Department will apply in a particular situation. Conversely, the Department finds that its inmate visitation policies are applied consistently. Accordingly, the Department seeks to amend its media relations regulations so that members of the news media will be able to communicate and visit with inmates under the same visitation policies which govern inmate communications with other members of the public and the inmate's immediate family.

Proposed amendment of the regulations is consistent with the provisions of Executive Order 1996-1. Specifically, the proposed amendment is intended to improve the internal management of the Department in regard to inmate visitation and is not intended to create any right or benefit, substantive or procedural, enforceable at law by a party against the Commonwealth, its agencies, its officers or any person. See 4 Pa. Code § 1.180(b).

Fiscal Impact

Proposed amendment of the media relations regulations is not expected to have any negative fiscal impact upon the Commonwealth, its political subdivisions or the general public.

Paperwork Requirements

Proposed amendment of the media relations regulations is expected to reduce paperwork for the Commonwealth and the general public. The Department does not expect the amendment to have any effect on the paperwork requirements of the Commonwealth's political subdivisions.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the proposed amendment to the Independent Regulatory Review Commission (IRRC), the Chairperson of the House Judiciary Committee and the Chairperson of the Senate Judiciary Committee on September 10, 1997. In addition to submitting the proposed amendment, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Improving Government Regulations." A copy of this material is available to the public upon request.

If IRRC has objections to the proposed amendment, it will notify the Department within 10 days of the close of the Committee's comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulation, by the Department, the General Assembly and the Governor of objections raised.

Statutory Authority

The Department's authority to amend regulations is contained in section 506 of The Administrative Code of 1929 (71 P. S. § 186).

Effective Date

The proposed amendment of the media relations regulations shall be effective upon closure of the public comment period, the regulatory review process and subsequent publication in the *Pennsylvania Bulletin*.

Public Comment Period/Contact Person

Written comments concerning the Department's proposal to amend its media relations regulations shall be submitted to Press Secretary Roger Baumgarten, Pennsylvania Department of Corrections, 2520 Lisburn Road, P. O. Box 598, Camp Hill, PA 17001-0598. Written comments must be received within 30 days of this publication of notice of public rulemaking in the *Pennsylvania Bulletin*.

MARTIN F. HORN,
Commissioner

Fiscal Note: 19-2. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 37. LAW

PART III. AGENCIES AND OFFICES

Subpart B. DEPARTMENT OF CORRECTIONS

CHAPTER 91. ADMINISTRATION

§ 91.5. Media relations.

[(a) *Requests for interviews of inmates in institutions*] *Inmate visitation by media representatives.*

(1) [**All news media requests for interviews with individuals or groups shall be addressed to the Superintendent of the institution in which the inmate is confined. All news media requests for interviews shall be governed by this section and by other Bureau and institution procedures relating to news media. All requests shall be reviewed by the Superintendent to determine the subject of the**

interview, the inmates' emotional stability and whether or not the interview would present a clear and present danger to the security and good order of the institution. Each inmate's written consent for an interview is required. If the Superintendent approves the interview, the reporter may seek each inmate's written consent by sending a letter, telegram or mailgram to the inmate—with a copy to the Superintendent—containing the following information:] Media representatives will have the same visiting privileges that are granted to the immediate family members of an inmate as described in § 93.3 (relating to inmate visiting privileges).

[(i) An explanation of the purpose of the interview and how it will be used.

(ii) A request that the inmate respond directly to the reporter either refusing or agreeing to the interview.

(iii) A request that the inmate notify the Superintendent's office if he agrees to be interviewed.]

(2) [The reporter, after receiving the inmate's consent, may then contact the institution to arrange a date and time. Prior to the start of the interview, the Bureau Waiver Form shall be signed by the inmate and witnessed by an employe of the facility. If the Superintendent denies the request for the interview, he will, upon request, notify the media representative in writing of his decision and the reasons for it.] Upon request, media representatives will be provided with a copy of the Department of Corrections' policy regarding inmate visitation.

(3) [Interviews with inmates in the Diagnostic and Classification Center will not be granted during the initial 15-day medical quarantine period.] Media representatives and inmates shall abide by all applicable rules, regulations and policies of the Department of Corrections while on State correctional institution property. Violations of any rules, regulations or policies of the Department of Corrections may result in the visit being denied, termination of the visit, suspension of visiting privileges or revocation of visiting privileges.

(4) [Requests for inmate interviews by telephone will be approved at the discretion of the Superintendent. The procedure for obtaining the inmate's written consent will be the same as paragraph (1).] For inmates under a sentence of death and prior to the Governor's warrant being issued, media representatives will only be permitted to have noncontact visits with an inmate. After the Governor's warrant has been issued, noncontact visits will only be entertained if the media representative has obtained an order of a court of competent jurisdiction granting relief and has properly served the Department of Corrections with the court documents seeking or requesting, or both, relief prior to obtaining the order.

(5) [Requests to interview inmates sentenced to death will be handled as outlined in this subsection, unless the Governor's Warrant has been issued. In such a case, an interview may be permitted only upon court order.] Media representatives for the purpose of this section include representatives

of general circulation newspapers, magazines of general circulation sold through newsstands or mail subscriptions to the general public; national/international news services or radio/television stations holding a Federal Communications Commission license.

[(b) *Requests for interviews of residents confined in Community Service Centers.*

(1) News media requests for interviews with individual Community Service Center residents or groups of residents shall be directed to the Regional Director, who shall determine the purpose of the interview, the emotional stability of the individuals to be interviewed and whether or not the interview would present a clear and present danger to the security and good order of the Community Service Center. The Regional Director will also consider whether or not the interview could adversely affect the resident's ability to continue successful participation in the Community Service Center program.

(2) Before starting the interview, the Bureau Waiver Form shall be signed by the resident and witnessed by an employe of the Community Service Center.

(c) *Institution visits by media representatives.*

(1) Representatives of the news media with proper credentials may visit facilities under the jurisdiction of the Bureau with the permission of the Superintendent or Regional Director.

(2) Reporters entering a Bureau facility shall be subject to the same security procedures and regulations which govern any other visitor—that is, personal searches, registration of vehicle, and the like, as circumstances may warrant. Violations of regulations or security procedures may result in termination of the reporter's visit by the Superintendent. Future visits to institutional property may be restricted by the Superintendent with approval of the Commissioner of Correction. Within a reasonable period of time following imposition of such a restriction, the reporter shall be notified of the action and the reasons for it, in writing, by the Superintendent.

(3) For purposes of identification, both photo identification, such as a driver's license, and an identification card issued by the reporter's place of employment are required. If the reporter's employer does not issue identification cards, a letter from a supervisor on company stationery will suffice. Any doubts should be dispelled by placing a call to the reporter's place of employment to verify that he is in fact a representative of that news organization.

(4) Media representatives for the purpose of this section are defined as: Representatives of general circulation newspapers, magazines of general circulation sold through newsstands or mail subscriptions to the general public; national/international news services or radio/television stations holding a Federal Communications Commission license.]

NOTICES

DELAWARE RIVER BASIN COMMISSION

Notice of Commission Meeting and Public Hearing

The Delaware River Basin Commission will hold a public hearing on Wednesday, September 24, 1997. The hearing will be part of the Commission's regular business meeting which is open to the public and scheduled to begin at 1:30 p.m. in the Goddard Conference Room of the Commission's offices at 25 State Police Drive, West Trenton, NJ.

An informal conference among the Commissioners and staff will be held at 9:30 a.m. at the same location and will open with a presentation and discussion of the results of the Commission's recently completed *Delaware River Basin Commission Survey to Assess its Management of the Basin's Water Resources*. The survey results are also available by calling (609) 883-9500 ext. 215 and leaving your name and address, or may be downloaded from the Commission's web site at: <http://www.state.nj.us/drbc/drbc.htm>. The conference will also include a presentation on the New Jersey State Development and Redevelopment Plan's cross-acceptance process and a discussion of depletive water use above Commission reservoirs.

The subjects of the hearing will be as follows:

Applications for Approval of the Following Projects Pursuant to Article 10.3, Article 11 and/or Section 3.8 of the Compact:

1. *Town of Middletown-Arkville Water District D-86-77 CP RENEWAL* 2. An application for the renewal of a groundwater withdrawal project to supply up to 4.5 million gallons (mg)/30 days of water to the applicant's distribution system from Well Nos. 3 and 4. Commission approval on August 12, 1992 was limited to 5 years. The applicant requests that the total withdrawal from all wells remain limited to 4.5 mg/30 days. The project is located in the Town of Middletown, Delaware County, NY.

2. *Playtex Family Products Corporation D-90-106 RENEWAL*. An application for the renewal of a groundwater withdrawal project to supply up to 12 mg/30 days of water to the applicant's product processing facility from Well Nos. 1-NE and 2-SE. Commission approval on May 20, 1992 was limited to 5 years. The applicant requests that the total withdrawal from all wells remain limited to 12 mg/30 days. The project is located in the City of Dover, Kent County, DE.

3. *Montague Water Company D-91-75 CP RENEWAL*. An application for the renewal of a groundwater withdrawal project to supply up to 8.0 mg/30 days of water to the applicant's distribution system from Well Nos. 1 through 5. Commission approval on March 25, 1992 was limited to 5 years. The applicant requests that the total

withdrawal from all wells remain limited to 8.0 mg/30 days. The project is located in Montague Township, Sussex County, NJ.

4. *Hewlett-Packard Company D-97-15 (D)*. An application for the discharge of wastewater resulting from a ground water remediation project. An average 0.144 million gallons per day (mgd) of contaminated ground water will be treated and discharged to an unnamed tributary of Egypt Run, a tributary of East Branch White Clay Creek, in New Garden Township, Chester County, PA. Five recovery wells will collect groundwater for treatment for removal of volatile organic compounds via an air stripper and filtration units. The project will serve only the site of the applicant's former electronic instrumentation operations located at Route 41 and Starr Road in New Garden Township.

5. *Hewlett-Packard Company D-97-15 (G)*. An application for approval of a groundwater withdrawal project to withdraw up to 2.27 mg/30 days of water as part of the applicant's groundwater remediation system from new Well Nos. MW-32, MW-33, MW-34, MW-37, RW-4, RW-5, P-2, P-3 and P-4; and to limit the withdrawal from all remediation wells to 4.43 mg/30 days. The project is located in New Garden Township, Chester County, PA.

6. *The Upper Hanover Authority D-97-17 CP*. An application for approval of a groundwater withdrawal project to supply up to 4.5 mg/30 days of water to the applicant's distribution system from new Well No. RH-3, and to retain the existing withdrawal limit from all wells of 22.4 mg/30 days. The project is located in Upper Hanover Township, Montgomery County and Hereford Township, Berks County, in the Southeastern Pennsylvania Ground Water Protected Area.

7. *Township of Worcester D-97-22 CP*. An application to expand the applicant's Berwick Place sewage treatment plant (STP) average monthly capacity from 0.06 mgd to 0.15 mgd. The STP will continue to provide tertiary treatment to serve residential development in a portion of Worcester Township and discharge via the existing outfall to an unnamed tributary of Skippack Creek. The STP is located just south of Germantown Pike and east of East Mount Kirk Avenue in Worcester Township, Montgomery County, PA.

Documents relating to these items may be examined at the Commission's offices. Preliminary dockets are available in single copies upon request. Please contact Thomas L. Brand at (609) 883-9500 ext. 221 concerning docket-related questions. Persons wishing to testify at this hearing are requested to register with the Secretary at (609) 883-9500 ext. 203 prior to the hearing.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of October 1997

The Department of Banking of the Commonwealth of Pennsylvania (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of October is 9 1/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on an individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board or the United States Treasury. The latest yield rate on long-term government securities is 6.64 to which was added 2.50 percentage points for a total of 9.14 that by law is rounded off to the nearest quarter at 9 1/4%.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Keystone Recreation, Park and Conservation Fund; Community Grant Program; Rails-to-Trails Grant Program; Rivers Conservation Grant Program

The Department of Conservation and Natural Resources (DCNR) has announced an open application pe-

riod for funding of acquisition, development, planning, implementation and technical assistance projects from the Keystone Recreation, Park and Conservation (Keystone) Fund. These Keystone grants will be administered by DCNR's Bureau of Recreation and Conservation under their Community Grant Program, Rails-to-Trails Grant Program and Rivers Conservation Grant Program.

The Keystone Fund was established by passage of the Keystone Recreation, Park and Conservation Fund Act (Act 1993-50) signed on July 2, 1993. On November 2, 1993 the voters of the Commonwealth overwhelmingly approved a public referendum incurring bond indebtedness by the Commonwealth in the amount of \$50 million to provide for the funding of nature preserves and wildlife habitats and for improvements to and expansion of State parks, community parks and recreation facilities, historic sites, zoos and public libraries. The Keystone Fund is currently supported by a 15% allocation from the State Realty Transfer Tax revenues. Approximately \$9 million will be available in this round of funding under the Community Grant Program and \$1 million each in the Rails-to-Trails and Rivers Conservation grant programs.

An announcement of this open application period, fact sheet, and information on how to obtain the application forms have been sent to Commonwealth municipalities, rails-to-trails organizations and rivers conservation organizations. A municipality or organization that has not received the announcement package may request the information from the Department of Conservation and Natural Resources, Bureau of Recreation and Conservation, 555 Forum Building, Harrisburg, PA 17120, (717) 783-2656. The deadline for submission of completed grant applications to DCNR is 5 p.m. on November 25, 1997. No submissions will be accepted by FAX.

Local government officials, organizations or individuals seeking additional information about these Keystone programs may contact the Bureau of Recreation and Conservation at the above address and telephone number.

Persons with a disability who wish to submit an application for Keystone funding and require assistance should contact Darrel Siesholtz at the above number to discuss how DCNR may best accommodate their needs. TTY or TDD users call (800) 654-5984.

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived his right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

PA 0043877. Sewerage, **Greater Pottsville Area Sewer Authority**, (West End STP), P. O. Box 1163, Pottsville, PA 17901-7163.

This proposed action is for renewal of an NPDES permit to discharge treated sewage into the West Branch of the Schuylkill River in Pottsville City, **Schuylkill County**.

The receiving stream is classified for the following uses: cold water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is the Pottstown Water Authority on the Schuylkill River.

The proposed effluent limits for Outfall 001 based on a design flow of 0.50 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Weekly Average (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25.0	40.0	50.0

Point sources 002 through 005 serve as combined sewer reliefs necessitated by stormwater entering the sewer system and exceeding the hydraulic capacity of the sewers and/or the treatment plant. In accordance with the Department's EPA approved CSO strategy, a special permit requirement is included in Part C of this permit. The permittee shall develop and submit a plan of action and an implementation schedule as provided for in the permit.

This permit is also subject to the following Part C Special Conditions: Pretreatment Operating and Reporting Requirements and Combined Sewer Overflows.

The EPA waiver is in effect.

PA 0061204. Sewerage, **Summit Management and Utilities, Inc.**, c/o W. Jack Kalins, President, P. O. Box 592, Lake Harmony, PA 18624.

This proposed action is for renewal of an NPDES permit to discharge treated sewage into an unnamed tributary of Shingle Mill Run in Kidder Township, **Carbon County**.

The receiving stream is classified for the following uses: high quality, cold water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply (PWS) considered during the evaluation is Hazleton Water Authority on the Lehigh River.

The proposed effluent limits for Outfall 001 based on a design flow of 0.1678 mgd are:

PA 0090514. Sewage, **E. J. Gulick Mobile Home Park**, 123 Beatty Drive, Saxonburg, PA 16056.

This application is for renewal of an NPDES permit to discharge treated sewage to the unnamed tributary to Buffalo Creek in Winfield Township, **Butler County**. This is an existing discharge.

The receiving water is classified for the following uses: high quality—trout stocked fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply considered during the evaluation is Clearview Water Company on the Allegheny River located in Natrona Heights, approximately 11 miles below point of discharge.

The proposed effluent limits for Outfall 001, based on a design flow of .00525 mgd, are:

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Operations indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each commenter will be notified in writing of the time and place if a hearing or conference concerning the plan,

action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

INDIVIDUAL PERMITS

(PAS)

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as

erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

HAZARDOUS SITES CLEAN-UP

Under the act of October 18, 1988

Proposed Consent Decree

In the matter of: Paoli Railyards, Paoli, Chester County, PA

The Department of Environmental Protection (Department), under the authority of the Pennsylvania Hazardous Sites Cleanup Act and the Federal Comprehensive Environmental Response, Compensation and Liability Act, hereby gives notice that it has entered into a proposed Consent Decree with the Fish and Boat Commission, the United States Environmental Protection Agency (EPA), and the Southeastern Pennsylvania Transportation Authority (SEPTA), the National Railroad Passenger Corporation (AMTRAK), and the Consolidated Railroad Company (CONRAIL) (collectively Rail Companies) relating to the cleanup of the Paoli Railyards National Priority List (NPL) Superfund Site in Paoli, Chester County, PA. The proposed Consent Decree has been lodged with the Federal District Court for the Eastern District of Pennsylvania pending completion of the public notice requirements set forth by statute.

The Paoli Railyards NPL Site consists of approximately 25 acres in Paoli, Chester County, PA which is and has been owned and operated as a Railyard and Carshop servicing the Rail Companies. The Site also includes certain neighboring properties and the streambeds of portions of the Little Valley Creek watershed. Contamination at the Site consists primarily of polychlorinated biphenols (PCBs) which have been released on and around the Site as well as certain fuel oil contamination within the Railyard Property.

The EPA and the Department have concurred on the appropriate remedial response for the Site as documented

in an EPA Record of Decision (ROD) dated July 21, 1992 for the Site. The remedial action consists of (1) the excavation of PCB contaminated soils and sediments from the Railyard Property, affected neighboring properties and portions of the Little Valley Creek watershed to levels set forth in the ROD; and (2) treatment through permanent construction of a containment facility on the Railyard Property. The remedial response will also consist of the demolition of the Carshop on the Railyard Property and the implementation of a pump and treatment system for groundwaters contaminated with fuel oil from the Railyard.

Under the proposed Consent Decree, the Rail Companies will construct and implement all portions of the remedial action which will take place on the Railyard Property and will reimburse both the Commonwealth and Federal governments for response costs incurred and natural resource damages associated with the Site.

This Notice is being provided under Section 1113 of HSCA. The Department will provide for a 60-day public comment period on the proposed Consent Decree from the date of publication of this Notice. The Proposed Consent Decree may be examined from 8 a.m. to 4 p.m. in the Department's Southeast Field Office at Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428. Interested persons may contact Thomas Sheehan at (610) 832-6149 or Anderson Lee Hartzell at (610) 832-6300 during normal business hours. Persons may submit written comments to Thomas Sheehan at the above address. The Department will provide a response to all significant written comments received during the public comment period, and the proposed Consent Decree authorizes the Department to withhold or withdraw its consent in the event that the Department determines, based on comments received during the public comment period, that the Consent Decree is inappropriate, improper or not in the public interest.

LAND RECYCLING AND ENVIRONMENTAL REMEDICATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department

and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Hannes Property, Buckingham Township, **Bucks County**. Mark Fortna, DelVal Soil & Environmental Consultants, Inc., 4050 Skyron Dr., Suite A1, Sky Run II, Doylestown, PA 18901, has submitted a Notice of Intent to Remediate site soil and groundwater contaminated with BTEX and petroleum hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health standard.

AutoNation USA Corp., Plymouth Township, **Montgomery County**. Edward L. Balsavage, P.E., Earth Engineering, Inc., 5010 Ritter Rd., Suite 116, Mechanicsburg, PA 17055, has submitted a Notice of Intent to Remediate groundwater contaminated with BTEX. The applicant proposes to remediate the site to meet background standards.

Northeast Regional Field Office, Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Pennsylvania Power & Light Company (PP&L)—Retired Madison Avenue Substation, City of Bethlehem, **Northampton County**. PP&L, Environmental Management Division, 2 North Ninth Street, Allentown, PA 18101 has submitted a Notice of Intent to Remediate concerning the remediation of site soils suspected of being contaminated with PCBs (polychlorinated biphenyls). The applicant proposes to remediate the site to meet the Statewide human health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDICATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to

remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, a municipality may request that the person identified, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southcentral Regional Office: Environmental Cleanup Program Manager, One Ararat Boulevard, Harrisburg, PA 17110, (717) 657-4592.

Lebanon Seaboard Corporation, South Lebanon Township, **Lebanon County**. Lebanon Chemical Corporation, d.b.a Lebanon Seaboard Corporation, 1600 East Cumberland Street, P. O. Box 180, Lebanon, PA 17042 has submitted a Notice of Intent to Remediate site soils contaminated with pesticides and groundwater contaminated with pesticides, solvents and BTEX. The applicant proposes to remediate the site to meet the site-specific standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Lebanon Daily News* on August 30, 1997.

Progress Park Lots 9, 10 and 12, City of Lebanon, **Lebanon County**. **County of Lebanon Housing and Redevelopment Authority**, 303 Chestnut Street, Lebanon, PA has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with PCBs, lead, heavy metals, solvents, BTEX and PAHs. The applicant proposes to remediate the site to meet the Special Industrial Area standard. Specifically, the applicant desires to conduct a commercial spent mushroom substrate composting operation. Application received in the Southeast Regional Office on August 29, 1997.

General Permit WMGR056: Used Oil Filter Transfer

The Department of Environmental Protection, Bureau of Land Recycling and Waste Management, proposes to authorize under General Permit WMGR056, the operation of transfer facilities for the processing of used oil filters prior to beneficial use. The approved processing is limited to collection, bulking and storage of used oil filters generated by individuals through the maintenance of their personal vehicles. This Statewide general permit will only apply to facilities operating as transfer facilities that collect used oil under permit-by-rule (25 Pa. Code § 287.102(d)).

Under the terms and conditions of the general permit, persons who are approved to collect, bulk and store used oil filters generated by individuals through the maintenance of their personal vehicles at transfer facilities that collect used oil under permit-by-rule (25 Pa. Code § 287.102(d)) are required to visually inspect incoming filters; meet specified minimal storage requirements; and keep records of the destination facility where the used oil filters are beneficially used or otherwise prepared for beneficial use.

Persons requesting approval to operate under the terms of the general permit will be required to register with the Department's Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning. The following minimum information will be required in order to register:

- a. Name, address and telephone number of registrant.
- b. Name, address and telephone number of contact person.
- c. Location of transfer facility.
- d. Statement that registrant will operate under terms of permit.
- e. Proof of notification to host municipality and county.
- f. Description of used oil filter collection, storage and beneficial use.
- g. Compliance history of registrant.

Comments concerning the proposed General Permit should be directed to Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Land Recycling and Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472. Persons interested in obtaining more information about the general permit may contact the Division at (717) 787-7381. TDD users may contact the Department through the Pennsylvania Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend additional conditions or revision to the proposed permit.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to title V operating permits).

Copies of the Title V application, proposed permit and other relevant information are available for public inspection and additional information may be obtained by contacting the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of scheduled public hearings at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

The Jeannette Compressor Station is a major source of oxides of nitrogen and volatile organic compounds.

Notice of Intent to Revise Municipal Solid Waste (MSW) Landfill Operating Permit

Under section 111(d) of the 1990 Clean Air Act Amendments, the United States Environmental Protection Agency (EPA) promulgated Emission Guidelines (EG) for existing MSW landfills to control the emission of landfill gases. (See 61 FR 9905, March 12, 1996). An MSW landfill is considered an existing MSW landfill if the facility began construction, modification or reconstruction before May 30, 1991; or received waste on or after November 8, 1987, or has additional capacity available for the future deposition of waste control of landfill gases from existing landfills using best demonstrated technology.

The Commonwealth's State Plan for implementing the EG was submitted to the EPA on July 1, 1997. In accordance with the section 111(d) plan, the Department of Environmental Protection (Department) will enforce the requirements of the EG through the issuance of Federally Enforceable State Operating Permits (FESOPS) to designated MSW landfills. Therefore, in accordance with the plan, the operating permit issued to the landfills identified, will be revised to incorporate the requirements of the EG. This revised permit will serve as the enforcement mechanism for the EG requirements.

Copies of the proposed permit amendments and other relevant information are available for public inspection and additional information may be obtained by contacting the Regional Office.

Interested persons may submit written comments, suggestions or objections concerning the proposed permit amendments to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of scheduled public hearings at least 30

days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining

office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Application received September 2, 1997.

11920108. Permit Renewal. **K & J Coal Company, Inc.** (P. O. Box 189, Westover, PA 16692), commencement, operation and restoration of bituminous strip mine in Chest Township, **Cambria County**, affecting 103.0 acres, receiving stream discharge to an unnamed tributary to Chest Creek and an unnamed tributary to Rock Run. Application received September 4, 1997.

Permit Revisions Received

32930105-10. **P & N Coal Company, Inc.** (P. O. Box 332, Punxsutawney, PA 15767). Revision to add 15.2 acres

through an insignificant boundary correction on a bituminous surface mining site located in Banks Township, **Indiana County**, affecting 86.7 acres. Road variance within 100 feet of S. R. 1048 beginning at a point 1,900 feet east of the intersection of S. R. 1048 and S. R. 1050, thence continuing easterly 100 feet along the southern side to S. R. 1048. Receiving streams unnamed tributaries to Cush Creek and unnamed tributary to South Branch Bear Run. Application received July 2, 1997.

32940106. **Larry and Warren Weaver** (R. D. 1, Box 169, Smicksburg, PA 16256). Permit revision to allow auger mining on the Lower Freeport and Upper Kittanning coal seams located in Rayne Township, **Indiana County**, affecting 46.0 acres. Receiving streams two unnamed tributaries to Little Mahoning Creek. Application received July 7, 1997.

11960108-02. **Laurel Land Development, Inc.** (P. O. Box 629, Carrolltown, PA 15722). Revision to add 12.1 acres for support use/haulroad access, only on a bituminous surface mining site located in Blacklick Township, **Cambria County**, affecting 66.2 acres. Receiving streams Coalpit Run and South Branch Blacklick Creek. Application received July 14, 1997.

32803010-04. **Kent Coal Mining Company** (P. O. Box 729, Indiana, PA 15701). Revision to add 1.0 acre through an insignificant boundary correction on a bituminous surface mining site located in Blacklick Township, **Indiana County**, affecting 89.9 acres. Road variance within 100 feet of the south side of S. R. 3031 beginning 0.5 mile south of the intersection of S. R. 3031 and S. R. 286, and continuing easterly for a distance of 250 feet. Stream variance and a Chapter 105 encroachment permit waiver to conduct coal mining activities within 100 feet of an unnamed tributary to Aultmans Run located on the south side of S. R. 3031 beginning 0.5 mile from the intersection of said road and S. R. 286 and extending easterly for a distance of 250 feet. Receiving streams unnamed tributary to Aultmans Run. Application received August 5, 1997.

Consolidation Coal Company. The Bureau of Deep Mine Safety has received a request for variance from Consolidation Coal Company. The following notification contains a summary of this request. Complete copies of the variance request may be obtained from Matthew A. Bertovich by calling (412) 439-7469.

The Department is publishing a summary of the request in order to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. All comments should be addressed to Richard E. Stickler, Director, Bureau of Deep Mine Safety, Fayette County Health Center, 100 New Salem Road, Room 167, Uniontown, PA 15401.

Section 702 of the Bituminous Coal Mine Act (act) (52 P. S. §§ 701—702) provides a mechanism for operators to obtain variances from specific requirements of the act to accommodate the adoption of new machinery, equipment, tools, supplies, methods or processes.

Section 268(b) requires that shelter holes be provided on the clearance side along designated travelingways that are also used as haulage entries, other than belt conveyor haulage entries. The shelter holes shall be spaced not more than 80 feet apart.

Summary of the request: Consolidation Coal Company requests to increase shelter hole spacing in the track

haulage entry in Mains Development to intervals up to 150 feet at the Dilworth Mine.

DLR Coal Company. The Bureau of Deep Mine Safety has received a request for variance from DLR Coal Company. The following notification contains a summary of this request. Complete copies of the variance request may be obtained from Matthew A. Bertovich by calling (412) 439-7469.

The Department is publishing a summary of the request in order to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. All comments should be addressed to Richard E. Stickler, Director, Bureau of Deep Mine Safety, Fayette County Health Center, 100 New Salem Road, Room 167, Uniontown, PA 15401.

Section 702 of the Bituminous Coal Mine Act (act), (52 P. S. §§ 701—702) provides a mechanism for operators to obtain variances from specific requirements of the act to accommodate the adoption of new machinery, equipment, tools, supplies, methods or processes.

Section 242 (c) states that where belt conveyors are installed, main stoppings and regulators shall be so arranged as to reduce the quantity of air traveling in the belt conveyor entry to a minimum for effective ventilation and to provide an intake air split as an escapeway from the face area to the main air current.

Summary of the request: DLR Coal Company requests a variance to allow for the common ventilation of belt conveyor entries with other entries.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department).

In addition to permit applications, the Bureau of Dams, Waterways and Wetlands (BDWW) and the Regional Office Soils and Waterways Sections have assumed primary responsibility for processing requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), for projects requiring both a Dam Safety and Encroachment Permit, and a United States Army Corps of Engineers (ACOE) permit. Section 401(a) of the Federal Water Pollution Control Act requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1301—1303, 1306 and 1307, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the BDWW permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the Bureau or Field Office indicated as the responsible office.

Applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Northeast Regional Office, Regional Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-5485.

E48-262. Encroachment. **Columbia Gas Transmission Corporation**, 525 Highlands Boulevard, Suite 100, Coatesville, PA 19320. To repair and maintain a 54 mile long section of 14-inch natural gas transmission pipeline, known as Pipeline 1278, involving numerous wetland and stream crossings through **Northampton, Monroe and Pike Counties**. The proposed work will be confined to the existing right-of-way and include the installation of a cathodic protection system and replacement of short sections of deteriorated pipeline identified during recent internal inspections. The project begins in Lower Mount Bethel Township, Northampton County (Bangor, PA-NJ Quadrangle N: 5.4 inches; W: 12.9 inches) and ends in Westfall Township, Pike County (Port Jervis North, NY-PA Quadrangle N: 5.9 inches; W: 16.5 inches) (Philadelphia District, Army Corps of Engineers).

Southcentral Region: Section Chief, Southcentral Regional Office, Water Management Program, Soils and Waterways Section, One Ararat Boulevard, Room 126, Harrisburg, PA 17110, (717) 657-4590.

E05-251. Encroachment. **Frank Stahlman**, R. D. 1, Box 165, Hyndman, PA 15545. To maintain a relocated stream channel of an unnamed tributary to Wolf Camp Run located along the north side of T-368 about 2.5 miles northwest of Madley Village (Buffalo Mills, PA Quadrangle N: 7.63 inches; W: 11.5 inches) in Londonderry Township, **Bedford County**.

E06-499. Encroachment. **Mary Murtagh**, 235 Treichler Road, Alburtis, PA 18011. To construct a temporary road crossing across the channel of a tributary to Perkiomen Creek at a point approximately 1,500 feet downstream of Treichler Road (Manatawny, PA Quadrangle N: 11.5 inches; W: 3.4 inches) in District Township, **Berks County**.

E06-500. Encroachment. **Formula Motorsports Partners, I, LP**, Richard Muller, 3151 Bittersweet Road, Suite 100, Center Valley, PA 18034. To relocate approximately 270 feet of a tributary to Hay Creek and to place fill in approximately 0.98 acre of wetlands at a point upstream of Route 10 (Morgantown, PA Quadrangle N: 11.5 inches; W: 2.4 inches) in New Morgan Borough, **Berks County**. The permittee will construct 0.98 acre of replacement wetlands.

E07-283. Encroachment. **Appleton Paper Mill**, Dan Hershberger, 100 Paper Mill Rd., Roaring Spring, PA 15673. To construct and maintain a 10-foot 1-inch high, 16-foot 7-inch wide, 40-foot long corrugated metal pipe arch extension to an existing 140-foot long stream enclosure for the purpose of providing safe access to kiln area in an industrial facility located at the Appleton Paper Mill (Roaring Spring, PA Quadrangle N: 15.8 inches; W: 4.3 inches) in Roaring Spring Borough, **Blair County**.

E22-372. Encroachment. **Dauphin Meadows, Inc.**, Mark Harlacher, Rt. 209, R. D. 1, Millersburg, PA 17061. To place fill in 0.19 acre of wetlands adjacent to a tributary to Wiconisco Creek at a point at the Dauphin Meadows Landfill (Millersburg, PA Quadrangle N: 9.4

inches; W: 0.25 inch) in Upper Paxton Township, **Dauphin County**. The permittee will reconstruct 0.6 acre of replacement wetlands.

Northcentral Region, Water Management, Soils and Waterways Section, F. Alan Sever, Chief, 208 West Third St., Suite 101, Williamsport, PA 17701.

E18-237. Encroachment. **Chapman Township Supervisors**, P. O. Box 485, North Bend, PA 17760. To construct and maintain a 6-inch pipe as an intake structure approximately 12 feet into Young Womans Creek, 6 inches below the stream bed surrounded by R-3 rock and a single lane access road from the northern edge of Old Route 120 to the creek. The project is located approximately 1,000 feet southeast of North Bend off Old Route 120 (Renovo East, PA Quadrangle N: 17.9 inches; W: 10.1 inches) in Chapman Township, **Clinton County**. Estimated stream disturbance is 15 feet with no wetland impact; stream classification is High Quality—Cold Water Fishery.

Northwest Regional Office, Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

E10-269. Encroachment. **James Dlubak, Dlubak Glass Company**, 1600 Saxonburg Road, Natrona Heights, PA 15065. To construct and maintain a 10-inch PVC gravity sanitary sewer line, for service to a single residence and future subdivision, across a tributary to Little Bull Creek (TSF). This crossing will be placed with one foot of cover between the top of the utility line and the lowest point of the streambed, and the line will be encased in concrete. The project is located on the east side of Ekastown Road (S. R. 2009) across a tributary to Little Bull Creek approximately 5,600 feet northwest of the intersection of Ekastown Road (S. R. 2009 and Millerstown Road S. R. 1028). (Freeport, PA Quadrangle N: 9.8 inches; W: 16.0 inches) located in Buffalo Township, **Butler County**.

E10-270. Encroachment. **Adams Township**, 170 Hutchman Road, Mars, PA 16046. To remove the existing structure and to construct and maintain a CON/SPAN concrete arch bridge with a span of 28 feet and a rise of 11 feet on Brickyard Road (T-391) across Breakneck Creek (WWF). This project will also include approximately 30 linear feet of dumped rock streambank stabilization adjacent to the southwest bridge abutment. The project is located on Brickyard Road (T-391) across Breakneck Creek approximately 150 feet east of the intersection of Mars/Valencia Road (S. R. 3015) and Brickyard Road (T-391). (Mars, PA Quadrangle N: 12.6 inches; W: 1.2 inches) located in Adams Township, **Butler County**.

E16-100. Encroachment. **Paint Township Supervisors**, P. O. Box 128, Shippenville, PA 16254. To remove the existing structure and to construct and maintain a precast reinforced concrete box culvert having a span of 19 feet and an underclearance of 9.06 feet on T-578 (Steiner Road) across Step Creek (CWF). The project is located on T-578 (Steiner Road) across Step Creek approximately 7,600 feet northeast of the intersection of T-578 (Steiner Road) and S. R. 0066 (Lucinda, PA Quadrangle N: 6.2 inches; W: 16.3 inches) located in Paint Township, **Clarion County**.

E20-448. Encroachment. **Titusville Area School District**, 221 North Washington Street, Titusville, PA 16345. To remove two existing buildings and to construct and maintain a new middle school building, athletic field and play ground within the floodplain of Oil Creek and the floodplain and floodway of Church Run just west of

Brown Street (Titusville South, PA Quadrangle N: 22.6 inches; W: 5.7 inches) located in the City of Titusville, **Crawford County**.

E24-201. Encroachment. **Spring Creek Township Supervisors**, William Tell, R. R. 2, Box 179, Ridgway, PA 15853. To rehabilitate and maintain the following three existing structures on T-307 (Spring Creek Road) east of the Borough of Ridgway associated with the repaving of T-307 located in Spring Creek Township, **Elk County**.

E25-470A. Encroachment. **Millcreek Mall Corporation**, The Cafaro Company, 2445 Belmont Avenue, P. O. Box 2186, Youngstown, OH 44504-0186. To amend existing Permit No. E25-470 (as amended November 28, 1994) to authorize the construction and maintenance of 10.7 acres of replacement wetlands located within the Conneaut Creek (WWF, MF) watershed. The replacement wetlands will be located east of S. R. 0215 and S. R. 3002 (West Cherry Hill Road) at Kidders Corner (East Springfield, PA Quadrangle N: 7.9 inches; W: 2.8 inches) located in Springfield Township, **Erie County**.

E25-557. Encroachment. **Donald Hobbs**, P. O. Box 703, 13080 Cambridge Road, Edinboro, PA 16412. To construct and maintain a 100-foot long concrete block wall with a height of approximately 9 feet and associated rock riprap bank protection along the left bank of Conneauttee Creek behind the Hobbs Hardware Store along S. R. 99 south of Edinboro (Cambridge Springs, PA Quadrangle N: 21.0 inches; W: 17.0 inches) located in Washington Township, **Erie County**.

E33-184. Encroachment. **PA Department of Transportation**, Engineering District 10-0, P. O. Box 429, Indiana, PA 15701. To remove the existing structure and to construct and maintain a prestressed adjacent box beam bridge with a clear span of 53.84 feet, with an average underclearance of 8.5 feet on an 80 degree skew across Five Mile Run (CWF, trout stocked). The project is located on S. R. 3039 across Five Mile Run approximately 1,200 feet northwest of the intersection of S. R. 3039 and Swamp Run Road. (Brookville, PA Quadrangle N: 3.45 inches; W: 10.8 inches) located in Knox, Rose, and Pine Creek Townships, **Jefferson County**.

DAM SAFETY

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Central Office: Bureau of Waterways Engineering, 400 Market Street, 6th Floor; P. O. Box 8554, Harrisburg, PA 17105-8554, (717) 787-8568.

D46-323. Dam. **Meadowview Homes Inc.** (1120 N. Bethlehem Pike, P. O. Box 180, Springhouse, PA 19477). To construct, operate and maintain a stormwater detention dam across a Tributary to Stony Creek (TSF) impacting approximately 0.81 acre of wetlands (PFO/PSS) (Lansdale, PA Quadrangle N: 9.9 inches; W: 8.0 inches) in Upper Gwynedd Township, **Montgomery County**. This dam is being proposed to provide stormwater management for the proposed Sunnybrooke residential subdivision.

ENVIRONMENTAL ASSESSMENT

Requests for Environmental Assessment approval under 25 Pa. Code § 105.15 and requests for certification under section 401 of the Federal Water Pollution Control Act.

Central Office: Bureau of Waterways Engineering, 400 Market Street, 6th Floor, P. O. Box 8554, Harrisburg, PA 17105-8554, (717) 787-8568.

EA05-002C0. Environmental Assessment. **Henry G. Hall, Jr.** (R. D. 1, Box 334, Hopewell, PA 16650). To construct and maintain a nonjurisdictional dam across a Tributary to Yellow Creek (HQ-CWF) impacting a de minimis area of wetlands (PEM) equal to 0.05 acre for the purpose of recreation located approximately 2,000 feet west of the intersection of T-528 and T-530 (Everett East, PA Quadrangle N: 22.1 inches; W: 10.9 inches) in Hopewell Township, **Bedford County**.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER
(Part I Permits)

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The following final report was submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact Steve Curcio at (814) 332-6816. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

Maple Creek Mining, Inc. The Bureau of Deep Mine Safety has approved a request for variance from Maple Creek Mining, Inc. The following notification contains a summary of this request. Complete copies of the variance request may be obtained from Matthew A. Bertovich by calling (412) 439-7469.

Summary of the Request: Maple Creek Mining has requested a variance to allow for the common ventilation of belt conveyor entries with other entries at the Maple Creek Mine.

Summary of the Decision: The basis for the Bureau's determination for approval can be summarized in the following statements:

1. The area covered by the variance was previously a double track haulage. By installing the belt in "C" track entry, additional needed intakes and return entries have been provided. Also, the belt is totally isolated from the adjacent track/trolley entry.
2. The main intake entries are pressurized, and the main source of ventilation to the working sections.
3. An early warning fire detection system is provided.

The proposed system will minimize the amount of air on the belt entryway necessary for effective ventilation and will still enable the belt entryway to act as an

escapeway from the face to the main air current. The entryway being ventilated in common with the belt entryway is neutral and will not contain potential fire sources.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing

Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, 1 (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. 1341(a)). R. 430 at Colts Station (Wattsburg, PA Quadrangle N: 20.3 inches; W: 10.0 inches) located in Greenfield Township, **Erie County**. This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

E42-248. Encroachment. **Foster Township Supervisors**, 1158 East Main Street, Bradford, PA 16701. To realign Foster Brook to protect the existing sanitary sewer line and manhole located north of S. R. 0346 approximately 4,800 feet west of S. R. 0646 on property known as the Lander Estates (Derrick City, PA Quadrangle N: 17.7 inches; W: 11.6 inches) located in Foster Township, **McKean County**. Work includes excavation of new 135-foot long channel, backfilling of the original 400-foot long channel, installation of approximately 60 feet of rock riprap bank stabilization and removal of two gravel bars totaling 100 feet. This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

E43-260. Encroachment. **PA Department of Transportation, District 1-0**, 1140 Liberty Street, Franklin, PA 16323. To install concrete streambed paving 1-foot below the existing streambed, rock riprap scour protection and to maintain the existing bridge having a clear span of 18 feet and an underclearance of 6.5 feet across Pine Run on S. R. 0062, Segment 0050, Offset 0814 approximately

1,500 feet west of S. R. 518 (Sharon East, PA Quadrangle N: 19.3 inches; W: 16.6 inches) located in the City of Sharon, **Mercer County**. This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

E43-261. Encroachment. **PA Department of Transportation, District 1-0**, 1140 Liberty Street, Franklin, PA 16323. To remove the existing bridge and to construct and maintain a prestressed concrete spread box beam bridge having a clear, normal span of 37 feet and an underclearance of 8.26 feet across McCullough Run on S. R. 3018, Segment 0030, Offset 0000 approximately 100 feet west of S. R. 0846 (Sharpsville, PA Quadrangle N: 4.1 inches; W: 16.2 inches) located in South Pymatuning Township, **Mercer County**.

SPECIAL NOTICES

Plan Revision Approval Under the Municipal Waste Planning Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection (Department) approved a revision to the Centre County Municipal Waste Management Plan on December 20, 1996. There were no additional conditions.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984.

The plan revision is a public document and may be viewed at the Office of the Centre County Solid Waste Authority, 253 Transfer Road, Bellefonte, PA, or at the Office of the Centre County Commissioners, Willowbank Office Building, 420 Holmes Street, Bellefonte, PA, or at the Northcentral Regional Office, 208 West Third Street, Williamsport, PA.

Questions concerning this approval should be directed to Sally Lohman, Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472; or Ronald Sommers, Regional Planning and Recycling Coordinator, Bureau of Land Recycling and Waste Management, Northcentral Regional Office, 208 West Third Street, Williamsport, PA 18711, or Ted Onufrak, Centre County Solid Waste Authority, 253 Transfer Road, Bellefonte, PA.

Plan Revision Approval Under the Municipal Waste Planning Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection (Department) approved a revision to the Mercer County Municipal Waste Management Plan on August 13, 1997.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984.

The plan revision is a public document and may be viewed at the Office of the Mercer County Commissioners, Mercer County Courthouse, 103 Courthouse, Mercer, PA, or at the Department of Environmental Protection Northwest Regional Office, 230 Chestnut Street, Meadville, PA.

Questions concerning this approval should be directed to Sally Lohman, Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472; or Guy McUmbler, Regional Planning and Recycling Coordinator, Bureau of Land Recycling and Waste Management, Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335.

Special Notice

The Department of Environmental Protection (Department) has made a preliminary determination to approve revision of Air Quality Plan Approval No. 24-306-003 to increase the NOx emission limits for Willamette Industries, Inc., Penntech Papers' Recovery Boiler from 110 ppm(v), dry corrected to 8% oxygen, 100.7 lbs/hr (30-day rolling average), and 440.9 tons/year, to 120 ppm(v) dry corrected to 8% oxygen, 140.0 lbs/hr (30-day rolling average), and 613.2 tons/year.

Willamette Industries, Inc., Penntech Papers (Willamette) located at 100 Center Street, Johnsonburg, PA 15845, has filed a request with DEP, Air Quality Program, Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, for revision of the Recovery Boiler NOx emission limit defined in Plan Approval No. 24-306-003. The revision will be an increase in the NOx emission limit from 110 ppm(v) dry corrected to 8% oxygen, 100.7 lbs/hr (30-day rolling average), and 440.9 tons/yr, to 120 ppm(v) dry corrected to 8% oxygen, 140.0 lb/hr (30-day rolling average), and 613.2 tons/yr.

Based on 2 years of operation experience, Willamette has determined that the throughput and recovery of pulping chemicals per ton of pulp produced is greater than the preconstruction assumed production rate upon which all production and process equipment emission estimates were based. The practical upper limit on pro-

duction has been determined to be 700 Bone Dry Tons of Pulp (BDTP) vs. 630 BDTP. The increased capacity requires that the Recovery Boiler fire Black Liquor Solids (BLS) at 2.8 million lbs/day; an increase of 0.6 million lbs BLS/day. An increase in the NOx emission limit is necessary to accommodate the increased production demand. Equipment will not be modified.

At the time when Plan Approval No. 24-306-003 was issued, combustion control was determined to be the best available control technology (BACT), for NOx emission reduction for a recovery boiler firing 80% solids black liquor. A review of BACT/LAER/RACT clearing house entries indicates that combustion control continues to be BACT for NOx emission reduction from recovery boilers.

The increase in production is not a "Major Modification" as defined in 40 CFR 52.21(b)(2)(I). In accordance with 40 CFR 52.21(b)(2)(iii)(f), an increase in production rate will not be defined as a "Physical Change"; for Major Modification requirements.

Conditions will be imposed in the revised Plan Approval under the authority granted to the Department by Section 6.1 of the Air Pollution Control Act and 25 Pa. Code § 127.12(b). Such conditions are deemed necessary to insure compliance with the following regulations:

- 40 CFR Part 51—Stack Height Regulations
- 40 CFR Part 52—Prevention of Significant Deterioration
- 40 CFR Part 60—Standards of Performance for New Stationary Sources
- 35 P. S. § 4005—Air Pollution Control Act
- 25 Pa. Code Ch. 122—Adoption of 40 CFR Part 60
- 25 Pa. Code Ch. 123—Standards for Contaminants
- 25 Pa. Code Ch. 127—Construction, Modification, Reactivation and Operation of Sources
- 25 Pa. Code Ch. 137—Air Pollution Episodes
- 25 Pa. Code Ch. 141—GEP Stack Height

The operation of the Recovery Boiler at the increased production rate and the incorporation of the higher emission limit will result in a significant increase in only NOx emissions. The revised increment consumption, as determined through modeling studies based on a 120 ppm(v) emission limit, is as follows:

NOx Increment Consumption:

<i>Averaging Time</i>	<i>Allowable PSD Increment (µg/m³)</i>	<i>Maximum Recovery Boiler Increment (µg/m³)</i>	<i>Maximum Facility and Nearby Source Increment (µg/m³)</i>	<i>Percent of Increment</i>
Annual	25	7.14	10.17	40.68

Additional required impact analysis has shown that no adverse impact on visibility in any nearby Class I area will occur.

The revised Plan Approval would include the following amended condition:

- The NOx (oxides of nitrogen) emissions shall not exceed 120 ppm(v) dry corrected to 8% oxygen, 140.0 lbs/hr (30-day rolling average), and 613.2 tons/year.

General Requirements:

The Recovery Boiler is subject to 40 CFR Part 60, Subpart BB. When fired with natural gas (annual capacity factor exceeding 10%), the Recovery Boiler is also subject to 40 CFR Part 60, Subpart Db. The source shall comply with all applicable requirements of these Subparts. 40 CFR 60.4 requires submission of copies of all

requests, reports, applications, submittals and other communications to both the EPA and the Department. The EPA copies shall be forwarded to:

Director, Air, Toxics and Radiation Division, US EPA, Region III, 841 Chestnut Street, Philadelphia, PA 19107.

The Department will consider any written comments received within 30 days of the publication of this notice. Persons may oppose this preliminary determination by filing a written notice with the Department of Environmental Protection, Air Quality Control Program, 230 Chestnut Street, Meadville, PA 16335, Attn: Robert Huston.

Each comment shall include the following:

1. Name, address and telephone number of the person submitting the comment.

2. Identification of the proposed revision to Plan Approval No. 24-306-003.

3. Concise statement regarding the relevancy of the information or objections to issuance of the revised Plan Approval.

If sufficient public interest is generated, the Department, prior to issuance of the revised plan approval, may in its discretion, hold a public hearing or fact-finding conference, at which time persons may appear and give testimony. If it is decided to hold a public hearing, then a notice to this effect shall be published in the local newspaper giving the place and time of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact the Pennsylvania AT&T relay service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

All the pertinent documents are also available for review from 8 a.m. to 4 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling Robert Huston at (814) 382-6940.

Availability of Technical Guidance

Technical guidance documents are on DEP's World Wide Web site (<http://www.dep.state.pa.us>) at the Public Participation Center. The "June 1997 Inventory" heading is the Governor's List of Nonregulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will be adding its revised documents to the Web throughout 1997.

Ordering Paper Copies of DEP Technical Guidance

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Persons should check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Jonathan Brightbill at (717) 783-8727.

DEPARTMENT OF TRANSPORTATION

Retention of Engineering Firms

Chester County Project Reference No. 08430AG2109

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately eleven (11) inspectors, under the Department's Inspector-in-Charge, for construction inspection and documentation services for the following projects:

S. R. 0100, Section M06, Chester County. This project involves roadway restoration on Pottstown Pike from Prizer Road to PA 23 in South Coventry Township, Chester County.

S. R. 0322, Section M00, Chester County. This project involves roadway restoration on T. R. 322 from Traffic Route 82 to Lloyd Avenue in West and East Brandywine and Caln Township, Chester County.

S. R. 0322, Section M01, Chester County. This project involves roadway restoration on T. R. 322 from Lancaster County Line to Traffic Route 82 in Honeybrook and West Brandywine Townships, Chester County.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspector's resumes with emphasis on construction inspection capabilities, Department and District experience and supervisory experience.
- b. Specialized experience in bituminous paving, drainage and guiderail.
- c. Number of NICET certified inspectors in each payroll classification.
- d. Understanding of Department's requirements, policies and specifications.
- e. Ability to provide three (3) "CDS" operators or persons capable of inputting data into a personal computer (TCIS Classification).
- f. Past Performance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Insp. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	4 (3)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	6 (4)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	1 (0)

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.

3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.

4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1997:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour of Inspection</i>
(TCIS)	\$38.21
(TCI)	\$33.44
(TA)	\$22.98

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation or construction. The firm selected will be required to supply the following equipment at no direct cost to the Department:

- a. Three (3) 35 MM Cameras (one per project)
- b. Three (3) two-way radios/repeater equipment and base unit (Maximum number per project)—S. R. 0322 (M00) and S. R. 0322 (M01) only.
- c. Safety Vests—high visibility for Inspectors—S. R. 0322 (M00) and S. R. 0322 (M01) only.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section after the advertised project(s).

Letters of interest for this project must include a letter, signed by the individuals you propose for all TCIS positions, giving their approval to use their name in your letter of interest for this specific project.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCIS	9
TCI	7

No resumes are required for the TA Classification.

The second copy of the letter of interest and required forms, (see general requirements and information section) shall be sent to: Andrew Warren, District Administrator, District 6-0, 200 Radnor-Chester Road, St. Davids, PA 19087.

Any technical questions concerning the requirements for this project should be directed to Russell Swallow, District 6-0, at (610) 964-6686.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Montgomery County
Project Reference No. 08430AG2110**

The Department of Transportation will retain an engineering firm to perform final design and services during construction for S. R. 0309, Section 101, PA Route 309 Expressway in Upper Dublin and Lower Gwynedd Townships, Montgomery County. The project begins north of the Highland Avenue Interchange and ends at the northern limit of the Expressway south of PA Route 63, Welsh Road, a distance of approximately 6.4 km (4.0 miles). The Expressway reconstruction will include interchange improvements and bridge rehabilitation/replacements. The estimated construction cost of this project is \$53.0 million.

The selected firm will be required to provide the following engineering services: surveys; roadway design; drainage design; roadside development design; preparation of cross sections; erosion and sedimentation control design; structure design; subsurface boring, sampling and testing; preparation of traffic control, pavement marking and signing plans; traffic signal design; utility coordination; coordination with public agencies, municipal officials, and the public; preparation of final plans, specifications and estimates; shop drawing reviews; alternate design review; and construction during consultation.

Firms that are currently serving, or are being considered for selection, as municipal engineer in the municipalities listed in the project description will not be considered for this assignment. Also, firms that are under contract, or are being considered, to provide engineering services to a land developer for a site located along the project will likewise not be considered for this assignment. Firms should state in the letter of interest that they are not serving in either capacity as a municipal engineer or as a representative of a site developer. Any questions concerning this requirement should be directed to Timothy R. O'Brien, at the telephone number listed below.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen (15%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

Letters of interest will be evaluated at the Engineering District 6-0 office with emphasis on the following factors:

- * Specialized experience and technical competence of the firm including the firm's experience with similar type projects and their ability to provide innovative solutions to complex technical problems.
- * Experience of employees to be associated with this project. Particularly important are the key people assigned to the project including their experience and past record of performance with similar projects.
- * Overall current workload of the firm.

- * Past performance record.

The District will announce the firms that have been shortlisted at an open public meeting scheduled for October 10, 1997 at 10:00 a.m. in Engineering District 6-0's large conference room.

The second copy of the letter of interest and required forms (see general requirements and information section) shall be sent to: Andrew L. Warren, District Administrator, District 6-0, 200 Radnor-Chester Road, St. Davids, PA 19087.

Any technical questions concerning the requirements for this project should be directed to Timothy R. O'Brien, P.E., District 6-0, at (610) 964-6526, or Michael J. Girman, III, District 6-0, at (610) 964-6530.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Montgomery County
Project Reference No. 08430AG2111**

The Department of Transportation will retain an engineering firm to perform final design and services during construction for S. R. 0309, Section 102, PA Route 309 Expressway in Cheltenham and Springfield Townships, Montgomery County. The project begins at Ogontz Avenue at Greenwood Avenue south of the Easton Road Interchange and ends south of PA Route 73 Church Road Interchange, a distance of approximately 5.0 km (3.1 miles). The Expressway reconstruction will include interchange improvements and bridge rehabilitation/replacements. The estimated construction cost of this project is \$47.8 million.

The selected firm will be required to provide the following engineering and design services: surveys; roadway design; drainage design; roadside development design; preparation of cross sections; erosion and sedimentation control design; structure design; subsurface boring, sampling and testing; preparation of traffic control, pavement marking and signing plans; traffic signal design and traffic signal interconnect design; utility coordination; coordination with public agencies, municipal officials, and the public; preparation of final plans, specifications and estimates; shop drawing reviews; alternate design review; and consultation during construction.

Firms that are currently serving, or are being considered for selection, as municipal engineer in the municipalities listed in the project description will not be considered for this assignment. Also, firms that are under contract, or are being considered, to provide engineering services to a land developer for a site located along the project will likewise not be considered for this assignment. The District will announce the firms that have been shortlisted at an open public meeting scheduled for October 10, 1997 at 10:00 a.m. in Engineering District 6-0's large conference room.

The second copy of the letter of interest and required forms (see general requirements and information section) shall be sent to: Andrew L. Warren, District Administrator, District 6-0, 200 Radnor-Chester Road, St. Davids, PA 19087.

Any technical questions concerning the requirements for this project should be directed to Timothy R. O'Brien, P.E. District 6-0, at (610) 964-6526, or Michael J. Girman, III, District 6-0, at (610) 964-6530.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a Letter of Interest and required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the Letter of Interest and required information must be submitted to: Charles W. Allwein, P.E., Chief, Consultant Selection Committee, 7th Floor, Forum Place, 555 Walnut Street, Harrisburg, PA 17101-1900

The Letter of Interest and required information must be received within thirteen (13) calendar days of this Notice. The Deadline for receipt of a Letter of Interest at the above address is 4:30 p.m. prevailing time of the thirteenth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm, or corporation not authorized to engage in the practice of engineering desires to submit a Letter of Interest, said individual, firm, or corporation may do so as part of a Joint Venture with an individual, firm, or corporate which is permitted under the state law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from

being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The Act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof.

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Each Letter of Interest must include the following information and the information must be packaged and presented in the following order:

1. Transmittal Letter (Maximum of two (2) 8 1/2" x 11" typed pages, one side)

The subject heading of the transmittal letter must include the project reference number for which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable), and the firm's federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant must indicate in the body of their transmittal letter the names and Professional Engineer License Number of individuals who are directing heads or employees of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats, and reports issued by the firm.

2. Project Organization Chart (one 8 1/2" x 11" page, one side)

This Chart must show key staff from the prime and each subconsultant and their area of responsibility.

3. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team).

The Standard Form 255 must be signed, dated, and filled out in its entirety, including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. Under Item 4 of this form, Column A must include the number of subconsultant personnel and Column B must include the number of prime consultant personnel to be assigned to work on this project reference number. The prime and each subconsultant may include no more than one page each for Items 10 and 11.

If a Disadvantage Business Enterprise (DBE) goal is specified for the project, the DBE must be currently

certified by the Department of Transportation, and the name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

4. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than one (1) year old as of the date of this advertisement, must accompany each Letter of Interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor, or a Company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement. If the Standard Form 254 is not submitted with the Letter of Interest, the transmittal letter shall indicate the dates that the Standard Forms 254 were submitted to the Bureau of Design and appropriate Engineering District/Central Office Bureau.

These Forms must be assembled with the prime's form first, followed by the form for each subconsultant in the same order as the subconsultants appear in Item 6 of Form 255.

5. Workload Projection Graph (Not required for Construction Inspection Services) Separate Workload Projection Graphs for the prime and each subconsultant shown in Item 6 of the Form 255 must be included and must indicate the firm's current and anticipated workload compared to the anticipated capacity available for the next two-year time frame. The Workload Projection Graphs must be submitted for the office(s) where the work would be performed and must only include the personnel classifications required for providing the advertised services and work.

6. Authorization Letters (if required)

If the advertisement requires a letter signed by individuals giving their approval to use their name in the Letter of Interest, the letters from proposed prime employees must be first, followed by subconsultant employees, in the same order as shown in Item 6 of Form 255.

7. Registration To Do Business

Firms with out-of-state headquarters or corporations not incorporated in Pennsylvania must include, with each Letter of Interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

A single page summary must indicate the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Account must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate would be available.

9. Additional Information

Additional information, not to exceed ten (10) one sided 8 1/2" x 11" pages or five (5) double sided 8 1/2" x 11" pages may be included at the discretion of the submitting firm.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

HEALTH CARE COST CONTAINMENT COUNCIL

Mandated Benefits

Section 9 of Act 34 of 1993 requires that the Health Care Cost Containment Council review existing or proposed mandated health benefits on request of the executive and legislative branches of government. The Council has been requested by Senator Edwin G. Holl, Chairperson of the Senate Banking and Insurance Committee to review Senate Bill 1057, which would mandate insurance benefits for the detection and treatment of osteoporosis.

The Council is requesting that anyone supporting or opposing these mandated insurance benefits provide six copies of documentation to the Council no later than November 19, 1997. The documentation should be mailed to Marc P. Volavka, Director of Program Administration, Health Care Cost Containment Council, 225 Market Street, Suite 400, Harrisburg, PA 17101.

Documentation submitted should be in accordance with any or all of the following information categories described in Section 9 of Act 34:

(i) The extent to which the proposed benefit and the services it would provide are needed by, available to and utilized by the population of the Commonwealth.

(ii) The extent to which insurance coverage for the proposed benefit already exists, or if no such coverage exists, the extent to which this lack of coverage results in inadequate health care or financial hardship for the population of the Commonwealth.

(iii) The demand for the proposed benefit from the public and the source and extent of opposition to mandating the benefit.

(iv) All relevant findings bearing on the social impact of the lack of the proposed benefit.

(v) Where the proposed benefit would mandate coverage of a particular therapy, the results of at least one professionally accepted, controlled trial comparing the medical consequences of the proposed therapy, alternative therapies and no therapy.

(vi) Where the proposed benefit would mandate coverage of an additional class of practitioners, the result of at least one professionally accepted, controlled trial comparing the medical results achieved by the additional class of practitioners and those practitioners already covered by benefits.

(vii) The results of any other relevant research.

(viii) Evidence of the financial impact of the proposed legislation, including at least:

(A) The extent to which the proposed benefit would increase or decrease cost for treatment or service.

(B) The extent to which similar mandated benefits in other states have affected charges, costs and payments for services.

(C) The extent to which the proposed benefit would increase the appropriate use of the treatment or service.

(D) The impact of the proposed benefit on administrative expenses of health care insurers.

(E) The impact of the proposed benefits on benefits costs of purchasers.

(F) The impact of the proposed benefits on the total cost of health care within the Commonwealth.

Pennsylvania Public Utility Commission— Perfection of Security Interests in Intangible Transition Property; Doc. No. 57-183

Order

On April 21, 1997, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking would add Chapter 74 to 52 Pa. Code to establish the process for perfection of security interests in intangible transition property. The regulation would also establish filing fees related to perfection of security interests in 52 Pa. Code Chapter 1. The authority for this regulation is found in section 501 of the Public Utility Code (66 Pa.C.S. § 501) and the Electric Generation Choice for Customers of Electric Cooperatives Act (Act 138) (66 Pa.C.S. §§ 2812(d)(1)—(4)). The proposed regulation was published in the May 3, 1997 *Pennsylvania Bulletin* with a 20-day public comment period. The final-form regulation was submitted to the Commission on August 4, 1997.

The PUC is required under Act 138 to promulgate regulations governing the perfection of security interests in intangible transition property. The proposed regulation implements this mandate and is intended to guarantee investors that they will have first priority in the money being collected to pay off any transition bonds issued to help the electric utility manage the transition to competition.

We have reviewed this regulation and find it to be in the public interest. The regulation reflects the requirements of Act 138 by establishing the procedures for perfection of security interests in intangible transition property.

Therefore, It Is Ordered That:

1. Regulation No. 57-183 from the Pennsylvania Public Utility Commission, as submitted to the Commission on August 4, 1997, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Alvin C. Bush; Arthur Coccodrilli; John F. Mizner

Pennsylvania Securities Commission— Registration of Securities, Broker-Dealers, Agents, Investment Advisors and Administration; Doc. No. 50-110

Order

On April 24, 1997, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Securities Commission (PSC). This rulemaking would amend 64 Pa. Code Chapters 102, 202—204, 207, 209, 302, 606 and 609. The authority for this regulation is 70 P. S. § 1-609(a). The proposed regulation was published in the May 31, 1997 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on August 7, 1997.

The PSC is proposing amendments designed to remove, or significantly diminish, existing regulatory requirements for broker-dealers, or other persons and companies that issue securities. This is accomplished by repealing certain provisions, amending others to eliminate or substantially reduce filing requirements, and by adopting self-executing exemptions. Amendments to exemptions in Chapters 202, 203 and 302 are consistent with national uniform policies developed through the North American Securities Administrators Association.

We have reviewed this regulation and find it to be in the public interest. The PSC estimates savings to the regulated community of \$750,000 per year through a reduction in the number of required filings.

Therefore, It Is Ordered That:

1. Regulation No. 50-110 from the Pennsylvania Securities Commission, as submitted to the Commission on August 7, 1997, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Alvin C. Bush; Arthur Coccodrilli; John F. Mizner

Environmental Quality Board— Storage Tank Technical Standards; Doc. No. 7-296

Order

On June 11, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (EQB). This rulemaking would amend 25 Pa. Code Chapter 245. The authority for this regulation is found in sections 106, 301(a), (b) and (d), 501, 304, 501(b), 504, 1101 and 1102 of the Storage Tank and Spill Prevention Act (Act) (35 P. S. §§ 6021.106, 6021.301(a), (b) and (d), 6021.304, 6021.501 and 501(b), 6021.504, 6021.1101 and 6021.1102); section 5(b)(1) of The Clean Streams Law (35 P. S. § 691.5(b)(1)); and section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20). The proposed regulation was published in the June 29, 1996 *Pennsylvania Bulletin* with a 60-day public comment period. The final-form regulation was submitted to the Commission on August 5, 1997.

The regulation incorporates the Federal underground storage tank regulations found at 40 CFR Part 280, with minor changes and additions. In addition, the EQB is creating new subchapters establishing a permitting program for storage tanks. The regulation also provides separate technical and operational standards for small and large aboveground storage tanks.

We have reviewed this regulation and find it to be in the public interest. The regulation is the final major new rulemaking package needed to implement Pennsylvania's storage tank program under the act.

Therefore, It Is Ordered That:

1. Regulation No. 7-296 from the Environmental Quality Board, as submitted to the Commission on August 5, 1997, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

*Environmental Quality Board— Stream Redesignations:
Tinicum Creek, et al.; Doc. No. 7-290*

Order

On July 25, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (EQB). This rulemaking would amend the designation of nine streams or stream groups as set forth in 25 Pa. Code Chapter 93. The authority for this regulation is found in The Clean Streams Law (35 P. S. §§ 691.5(b)(1) and 691.402); section 303 of the Federal Clean Water Act (33 U.S.C.A. § 1313); 40 CFR 131.32, relating to EPA (Environmental Protection Agency) promulgation of water quality standards; and section 1920-A of The Administrative Code of 1929, as amended (71 P. S. § 510-20). The proposed regulation was published in the August 5, 1995 edition of the *Pennsylvania Bulletin*, with a 60-day public comment period. The final-form regulation was submitted to the Commission on August 5, 1997.

These amendments would modify Chapter 93 to reflect the recommended redesignation of the following streams: Tinicum Creek (Bucks County); Unami Creek (Montgomery County); Little Fishing Creek (Columbia County); Lick Run (Columbia County); Finley Run (Cameron County); Pine Creek (Tioga County); Letort Spring Run (Cumberland County); Shirley Run (Crawford County); and Sideling Hill Creek (Fulton County). The current designation of Lofty Creek (Schuylkill County), while reexamined, remains unchanged.

We have reviewed this regulation and find it to be in the public interest. The amendments will provide increased protection for those streams which possess environmental features that merit additional protection under Pennsylvania and Federal law.

Therefore, It Is Ordered That:

1. Regulation No. 7-290 from the Environmental Quality Board, as submitted to the Commission on August 5, 1997, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

INSURANCE DEPARTMENT

The Appeal of Coleman Auto Sales; Pennsylvania Assigned Risk Plan; Doc. No. P97-09-001

Under the Pennsylvania Assigned Risk Plan, Section 19, that was adopted by the Insurance Commissioner under 75 Pa.C.S. § 1741, notice is hereby given that Coleman Auto Sales has requested a hearing on the determination by the Pennsylvania Assigned Risk Plan Governing Committee of the termination of the above-captioned automobile insurance policy.

The hearing will be held on October 8, 1997, at 11 a.m. in the Capitol Associates Building, 901 North Seventh Street, Suite 200, Harrisburg, PA 17102.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The hearing will be held in accordance with the requirements of the Administrative Agency Law, 2 Pa.C.S. §§ 101, 501—508 and 701—704; section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) and the regulations set forth in 31 Pa. Code § 59.7(e). Under 31 Pa. Code § 59.7(e)(5), procedural matters will be in conformance with the General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 31.1—35.193, 35.225—35.251, unless specific exemption is given.

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

C-00968945. Consolidated Rail Corporation v. City of Reading. A complaint has been made to the Pennsylvania Public Utility Commission, under the provisions of Public Utility Code, requesting that the Overhead Bridge No. 58.39 carrying Washington Street (592 147 H) over the Harrisburg Line, City of Reading, Berks County, PA has existing storm sewer lines located behind the east and west retaining walls of the bridge which are leaking and depositing a significant amount of water through the retaining walls and onto Conrail property. The water has caused a considerable amount of damage to the retaining walls. A safety concern is the potential for undermining of the retaining walls caused by the water. Complainant wants the respondent to repair the storm sewer lines and retaining walls.

An initial hearing on this matter will be held Tuesday, October 7, 1997, at 10 a.m. in an available hearing room, Ground Floor, North Office Building, North Street and Commonwealth Avenue, Harrisburg, PA, when and where all persons in interest may appear and be heard, if they so desire.

Railroad With Hearing

C-00970318. Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. CSX Transportation, Inc. A complaint has been made to the Pennsylvania Public Utility Commission, under the provisions of Public Utility Code, requesting that several of the railroad lines operated by CSX Transportation, Inc. in Somerset Township, Somerset County cross State Route 3025 and above referenced crossings are designated as AAR No. 145 159 W and AAR No. 145 160 R. Prior to July 26, 1996 the respondent removed railroad tracks on either side of the crossing designated as AAR No. 145 159 W, leaving railroad tracks only in the roadway and shoulder area. The tracks, ties and other material have been paved over. Since the removal of these tracks, CSX's Trains can no longer operate across this crossing. The present condition of the crossing constitutes a potential safety hazard in that the rails, ties and other track material under the roadway and shoulder paving will cause the roadway paving to crack and deteriorate. Prior to July 26, 1996, the respondent removed two of four sets of tracks at the crossing designated AAR No. 145 160 R expect in through the roadway and shoulder area so its trains no longer operate through the crossing on these two tracks.

The flashing light warning signals at the crossing have not been relocated since the removal of two of the four sets of tracks at the crossing area and need to be relocated since motorists now cross two sets of inactive tracks before they encounter a train movement which causes a safety hazard in that the placement of the flashing light signal does not conform with the criteria set forth in the Manual on Uniform Traffic Control Devices and the crossing surance is uneven. Since July 26, 1996 the respondent has refused to file an application with the Commission to abolish crossing AAR No. 145 159 W & alter crossing AAR No. 145 160 R despite requests from Transportation and Safety.

An initial hearing on this matter will be held Thursday, October 2, 1997, at 10 a.m. in the 11th Floor Hearing Room, Pittsburgh State Office Building, 300 Liberty Avenue, Pittsburgh, PA, when and where all persons in interests may appear and be heard, if they so desire.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET THAT COMPETITIVE EDGE—FOR FREE!

Do you want to do business with your state government? The Treasury Department's office of Contract Information Services can assist you by providing you with information that may be helpful to you in successfully bidding on State contracts.

Act 244 of 1980 requires Commonwealth departments and agencies to file with the Treasury Department a copy of all contracts involving an expenditure of \$5,000 or more.

These fully executed contracts usually contain the vendor's name, dollar value, effective and termination dates and contract specifications. Some contracts also include the names of other bidding vendors and the bid proposal compiled by the awarded vendor. There is a minimal cost for photocopying contracts.

Allow the Treasury Department to "make a difference for you." For contract information call the office of Contract Information Services TOLL-FREE (in Pennsylvania) at 1-800-252-4700 or (717) 787-4586. Or you may write or visit the office at Room G13, Finance Building, Harrisburg, Pa. 17120.
