## COMMISSION ON CRIME AND DELINQUENCY

### Drug Control and System Improvement Strategy

The Commission on Crime and Delinquency (PCCD) submitted an FFY-1998 State application for \$20.722 million provided through the Federal Edward Byrne Memorial State and Local Law Enforcement Assistance Formula Grant Program. It is this program which totally supports Pennsylvania's Drug Control and System Improvement (DCSI) Program.

The application, entitled "Pennsylvania's Multi-Year Statewide Drug Control and System Improvement Strat-

egy Update," dated April 1998, identifies the priority program areas that PCCD has designated and the allocation of FFY-1998 DCSI funds anticipated to be available to support these initiatives.

Persons desiring to review and comment on the strategy may submit their requests to the following address: Commission on Crime and Delinquency, Attention: Drug Control and System Improvement Program, P. O. Box 1167, Harrisburg, PA 17108-1167.

## DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

### Retention of a Professional Design Firm; Project Reference No. FDC-500-444

The Department of Conservation and Natural Resources (Department) will retain a professional design firm to perform various building and engineering designs. The professional design firm may be an engineering/architectural firm, an architectural/engineering firm or an engineering firm with an architectural subconsultant. This open-ended design services work shall consist of building mechanical, plumbing and electrical designs, tie-ins to site utilities, major maintenance repairs, renovations to existing buildings and additions to existing buildings. This firm's area of responsibility shall include projects throughout the entire Commonwealth. Bureau of Facility Design and Construction personnel will do project work in con-

junction with this professional design firm. Many of these projects may be for building less than 5,000 square feet in size and small in terms of project scope.

These design projects will be constructed by separate construction contracts for general, HVAC, plumbing, electrical, sewer and water work. General construction work for projects could be done under the direction of Bureau of State Parks personnel or bid contracts.

The services may encompass a wide range of evaluation and design efforts with the possibility of multiple projects being designed simultaneously under short completion schedules. The anticipated work of the projects may include, but are not limited to, evaluations of the electrical, heating, ventilating and air conditioning systems, as well as the architectural and structural conditions of the subject buildings. Also, the selected firm may be required to present alternative design solutions to solve existing deficiencies, as well as the ramifications of the solutions in relation to architectural and engineering revisions required by each solution. The contract will be a multiple year contract for a period of 3 years. The maximum amount of the contract is \$150,000 for each year. The

extent of the work for the second and third year will be dependent on the availability of additional funds and additional projects.

The selected firm may be required to perform any or all of the following duties: attend site visits; prepare minutes; perform necessary field surveys; develop details and narratives; prepare reports; prepare construction drawings, specifications and estimates; investigate utility involvement; and evaluate alternatives using benefit/cost analysis. Also, the review of shop drawings, catalog cuts and occasional attendance at job conferences will be required.

The services shall include, but not be limited to, a preliminary meeting in the Bureau of Facility Design and Construction, 8th Floor, Market Street State Office Building, 400 Market Street, Harrisburg, for each project. The contract shall be based on the hours of service and qualifying expenses not exceeding the contract amount. Work may be done on an hourly basis or a maximum cost work order for the individual design project. The design work will be reviewed by the architectural and engineering staff of the Bureau of Facility Design and Construction, and when acceptable, approved by same staff.

#### **General Requirements and Information**

Firms interested in performing the required services for this project are invited to submit Letters of Interest to Eugene J. Comoss, P.E., Director, Bureau of Facility Design and Construction, Rachel Carson State Office Building, 8th Floor, 400 Market Street, P.O. Box 8451, Harrisburg, PA 17105-8451.

The Commonwealth of Pennsylvania strongly encourages the submission of proposals by Socially/Economically Restricted Businesses (SERB).

Proposers not considered to be socially/economically restricted businesses seeking to identify the businesses for joint venture and subcontracting opportunities are encouraged to contact: Department of General Services, Office of Minority and Women Business Enterprise, Room 502, North Office Building, Harrisburg, PA 17125, (717) 787-7380.

Each Letter of Interest must include the firm's Federal identification number and the project reference number. The Letter of Interest shall also include a description of the firm's three most recently completed projects similar to the project being proposed. The description shall include the client, contact person and phone number, the estimated or actual construction cost of the portion of the work which the firm designed, the project manager and the names of all personnel who made major contributions to the project. The Letter of Interest shall indicate the firm's capability of working on multiple small projects at the same time and understanding of the Department's needs.

A standard current revised 1994 DGS Form 150-S must accompany the Letter of Interest and shall indicate the individual in charge. A standard current revised 1994 DGS Form 150 must also accompany the Letter of Interest. Additional information pertinent to the firm's qualifications to do the work of this contract may be included.

In addition to the required numbers of the Letter of Interest, DGS Form 150 and DGS Form 150-S, copies of the hourly rates of the position titles for persons who will be working on the projects shall be submitted. The copies shall be in envelopes clearly identified as to its contents. Should hourly rates change during the second year and/or third year of the contract, these rates must also be included in the proposal. Hourly rates for subconsultants shall also be included.

The hourly rates shall be itemized to show the basic rates plus fringe benefits, profits, administrative costs, and the like for the position titles. Examples of such people shall include a firm principal, project engineer, engineering technician, staff engineers, staff architects, draftpersons and secretary. Travel expenses shall be based on the current State rate per mile of automobile travel. Miscellaneous expenses such as printing and mailing shall be reimbursed at cost upon approval by the Department.

The following factors will be considered during the evaluation of the firm's Letter of Interest:

A. Criteria evaluated by the technical review will include:

1. Professional's understanding of the various design requirements for this project as demonstrated in the Letter of Interest.
2. Qualifications of firm.
3. Professional personnel in firm.
4. Soundness of approach as demonstrated in Letter of Interest.
5. SERB participation. (Evaluated by DGS)
6. Cost.

B. The criteria that will be evaluated by the Secretary or his designee will include:

1. An equitable distribution of contracts to architects and engineers.
2. Particular capability of professional to perform the design services for the contract being considered. In all cases, it is understood that any firm recommended by the Technical Review Committee is capable of performing the work. The priority order of the Technical Review Committee will only be used when evaluation of the other factors results in a tie evaluation.
3. Geographic proximity of the professional to the facility or study area.
4. Available manpower to perform the services required.
5. Other relevant circumstances peculiar to the proposed contract.

Each proposer shall relate their proposal to the above criteria.

Six copies of the Letter of Interest and the required forms and six copies of the hourly rate information must be received no later than 4 p.m. on June 9, 1998. The six copies shall be submitted in six complete sets that shall be spiral bound or in folders or secured by binder clips. The assignment and services will be made to one of the firms responding to this notice. However, the Department reserves the right to reject all letters of interest submitted, cancel the solicitation requested under this notice, and/or readvertise solicitation for this service.

The Department will not offer a debriefing session to the unsuccessful firms. The Department disclaims any liability whatsoever to its review of the proposal submitted and in formulating a recommendation for selections. Recommendations made by the Department shall be final.

## DEPARTMENT OF EDUCATION

### Preproposal Conference/Funding Workshop

The Department of Education (Department), Bureau of Vocational-Technical Education, will conduct a pre-proposal conference/funding workshop on Friday, May 29, 1998, to review funding priorities and application procedures for the following competitive grant program:

<i>Grant Program</i>	<i>Eligible Applicants</i>
Tech Prep—New Consortia	School Districts, Area Vocational-Technical Schools, Intermediate Units, and/or Postsecondary Institutions

Grant applications for 1998-99 will be distributed by mail in advance and will also be available at this preproposal conference/funding workshop. Attendance at

this meeting is not a prerequisite for application for this grant program.

Secondary educational agencies and postsecondary institutions interested in gaining a copy of the Tech Prep—New Consortia grant application guidelines may call the Bureau of Vocational-Technical Education at (717) 787-5293.

The Tech Prep—New Consortia preproposal conference/funding workshop will be held on Friday, May 29, 1998, in the Honors Suite, first floor, at the Department of Education, 333 Market Street, Harrisburg. The workshop will begin at 10 a.m. and is expected to conclude by 1 p.m. Registration for this workshop will be one-half hour prior to the beginning time.

Contact Kathy Weidinger at the Bureau of Vocational-Technical Education at (717) 787-5293 to preregister for this funding workshop.

### APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

#### [National Pollution Discharge Elimination System Program (NPDES)]

#### DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

#### (Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions received and other information are on file and may be inspected and arrangements made for copying at the Field Office that has been indicated above the application.

**PA 0042234.** Sewage, **Kittanning Borough**, 300 South McKean Street, Kittanning, PA 16201.

This application is for renewal of an NPDES permit to discharge treated sewage from the Kittanning Borough STP in Kittanning Borough, **Armstrong County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as Allegheny River, which are classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Buffalo Township Municipal Authority, Freeport Plant on the Allegheny River.

*Outfall 001:* existing discharge, design flow of 1.2 mgd.

Outfalls 002 and 004 through 011 which discharge to the receiving waters known as Allegheny River serve as combined sewer overflows necessitated by stormwater entering the sewer system and exceeding the hydraulic capacity of the sewers and/or the treatment plant. These outfalls are permitted to discharge only for such reason. There are at this time no specific effluent limitations on the outfalls. Each discharge shall be monitored for cause, frequency, duration and quantity of flow.

The EPA waiver is not in effect.

**Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges**

The following parties have applied to renew their current NPDES permit to allow the continued discharge of controlled wastewaters into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge

management and total residual chlorine control (TRC). Any major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

#### **Applications under the Pennsylvania Clean Streams Law**

##### **(Part II Permits)**

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the name, address and telephone number of the protester, identification of the plan or application to which the protest is addressed and a concise statement or protest in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each protester will be notified in writing of the time and place of any scheduled hearing or conference concerning the plan or action or application to which the protest relates. To insure consideration by the Department prior

to final action on permit application and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

**Stormwater Individual**

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

### Preamble 1

#### Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

*Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.*

**Estate of George Hutt, Jr.**, Worcester Township, **Montgomery County**. Daniel F. Yonker, Waste Concepts, 2230 DeKalb Pike, Norristown, PA 19401, has submitted a Notice of Intent to Remediate site soil contaminated with heavy metals. The applicant proposes to remediate the site to meet Statewide health standards.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

### Preamble 2

#### Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require

the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period a municipality may request that the person identified, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

*Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.*

Nicholas De Rose, Langan Engineering & Environmental Services, Inc., 3655 Route 202, Suite 225, Georgetown Crossing, Doylestown, PA 18901-1699, has submitted a Notice of Intent to Remediate site soil and groundwater contaminated with solvents. The applicant proposes to remediate the site to meet Statewide health and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in *The Delaware County Daily* and *Sunday Times* on April 27, 1998.

**West Company**, Phoenixville Borough, **Chester County**. James D. Cashel, 1700 Market St., Suite 3232, Philadelphia, PA 19103, has submitted a Notice of Intent to Remediate site soil contaminated with solvents, BTEX and petroleum hydrocarbons; and groundwater contaminated with solvents. The applicant proposes to remediate

the site to meet Statewide health and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in *The Phoenix* on April 27, 1998.

## AIR RESOURCES

### Notice of Plan Approval and Operating Permit Applications

#### Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an integrated plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comments within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

#### Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Copies of the Title V application, proposed permit and other relevant information are available for public inspection and additional information may be obtained by contacting the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

**15-00040: Beckett Corp.** (219 Welsh Pool Road, Lionville, PA 19341) located in Uwchlan Township, **Chester County**. The facility is a commercial printing company using eight multiple color flexographic, narrow web presses to manufacture labels for commercial products and advertising industry. The facility uses ultraviolet cured and low VOC water based inks to conduct its job, therefore having the potential to emit volatile organic compounds.

**09-00012: Klearfold, Inc.** (364 Valley Road, Warrington, PA 18976) located in Warrington Township, **Bucks County**. The facility manufactures folding paperboard boxes. Presently, the facility is operating three silk screen presses and three offset presses as well as installing two new offset presses. The facility emits volatile organic compounds due to their low VOC content in their inks, glue and cleaning solutions.

*Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Attn: Eric Gustafson, (814) 332-6940.*

**43-00040: Armco Inc.—Butler** (P. O. Box 832, Route 8, Butler, PA 16003) located in Butler, **Butler County**. The facility's air emission sources include several natural gas fired boilers, three electric arc furnaces, several

natural gas fired furnaces and several pickle lines. The facility is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments due to the facility's potential to emit of volatile organic compounds, particulate matter, sulfur oxides, nitrogen oxides and carbon monoxide.

#### PLAN APPROVALS

#### Applications received and intent to issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

## MINING

### APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES

permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Application received April 24, 1998.

### **APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT**

#### **ENCROACHMENTS**

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

#### **Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.**

*Northeast Regional Office: Regional Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-5485.*

**E35-295. Encroachment. Pennsylvania Department of Transportation, District 4-0.** P. O. Box 111, Scranton, PA 18501. To remove the existing structure; to construct and maintain a 12-foot by 6.5-foot precast reinforced concrete box culvert on a 40° skew, depressed 1 foot below stream bed elevation; and to excavate in approximately 125 linear feet of stream channel for the construction of a trapezoidal channel having 1 H: 1 V sideslopes, on an average bottom width of 11 feet and R8

rock rip rap bank stabilization in a Tributary to South Branch of Tunkhannock Creek (CWF). The project, associated with the S. R. 1017, Section 270 bridge replacement project is located at the intersection of S. R. 1017 and a Tributary to South Branch Tunkhannock Creek, approximately 0.2 mile northeast of the intersection of S. R. 0247 and S. R. 1017 (Carbondale, PA Quadrangle N: 6.4 inches; W: 14.4 inches) in Scott Township, **Lackawanna County** (Baltimore District, U. S. Army Corps of Engineers).

**E39-349.** Encroachment. **PP&L, Inc. Mailstop 4**, Two North Ninth Street, Allentown, PA 18101-1179. To construct and maintain an aerial 138 KV line across the Lehigh River (TSF). The project is associated with the Siegfried-Wescosville Part 5 Lehigh River Crossing, and is located at the intersection of S. R. 0145 and S. R. 1027 (Cementon, PA Quadrangle N: 14.6 inches; W: 3.0 inches) extending northeast over the Lehigh River in North Whitehall and Allen Townships, in **Northampton County** (Philadelphia District, U. S. Army Corps of Engineers).

**E45-353.** Encroachment. **Smithfield Township**, R. R. 5, Box 5229, East Stroudsburg, PA 18301. To place fill in the 100-year floodplain of Brodhead Creek (TSF, MF) for the purpose of constructing Minisink Park. The project includes picnic areas, athletic fields and parking lots and is located southeast of the intersection of S. R. 0080 and Township Road T663 (River Road), approximately 800 feet upstream of the confluence of Brodhead Creek with the Delaware River (Stroudsburg, PA Quadrangle N: 21.1 inches; W: 2.0 inches) in Smithfield Township, **Monroe County** (Philadelphia District, U. S. Army Corps of Engineers).

**E48-270.** Encroachment. **LDR Associates**, 179 Mikron Road, Bethlehem, PA 18020. To construct and maintain a twin 24-inch by 34-inch elliptical R.C.P. stormwater outfall structure along the western stream bank of Monocacy Creek (HQ-CWF). The project is associated with the proposed Brodhead Industrial Campus, a 3-lot subdivision, located between S. R. 0022 and T439 (Brodhead Road), just west of S. R. 0191 (Nazareth, PA Quadrangle N: 9.7 inches; W: 13.5 inches) in Bethlehem Township, **Northampton County** (Philadelphia District, U. S. Army Corps of Engineers).

**E52-154.** Encroachment. **U. S. Department of Agriculture, Forest Service, Grey Towers National Historic Landmark**, P. O. Box 188, Milford, PA 18337. To repair and maintain the existing site entrance road bridge across Vantine Brook (HQ-CWF). The bridge has a water way opening of approximately 8.2 feet by 2.5 feet. Repairs will include replacement of the bridge deck and road surface, repointing of stone abutments, removal of approximately 2 cubic yards of gravel bar beneath the bridge, placement of rip rap beneath the bridge and rebuilding of approximately 15 linear feet of dry laid stone stream bank retaining wall along the left bank upstream of the bridge. The project is located on the south side of Old Owego Turnpike, approximately 0.4 mile downstream of the S. R. 0006 crossing of Vantine Brook (Milford, PA-NJ Quadrangle N: 14.3 inches; W: 8.9 inches) in Milford Township, **Pike County** (Philadelphia District, U. S. Army Corps of Engineers).

*Southeast Regional Office, Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.*

**E46-804.** Encroachment. **O'Neill Properties Group, LP**, 1710 Walton Rd., Ste. 200, Blue Bell, PA 19422. To encroach on approximately 200 linear feet of the 100-year

floodway of Pine Run (TSF) by constructing an access roadway which will connect the existing parking facility at 485 Virginia Drive with the former Lehigh Valley Dairy property. The proposed roadway will also cross an unnamed tributary and a drainage swale to Pine Run. The stream crossings will be accomplished utilizing 37 linear feet, of 8-foot by 5-foot reinforced concrete box culvert with concrete endwalls and riprap aprons at both ends. The project site is located immediately northeast of the intersection of Camp Hill Road and Pennsylvania Turnpike (Ambler, PA Quadrangle N: 2.2 inches; W: 8.0 inches) in Upper Dublin Township, **Montgomery County**.

**E15-573.** Encroachment. **William Bernard**, Peddlers Village No. 19A, Christiana, DE 19702. To construct and maintain a 12-inch public water main across the main branch of French Creek (TSF-MF) and across adjacent wetlands (PFO) on the north side of the Creek. The site is located about 350 feet west of the Hares Hill Road Bridge over French Creek (Phoenixville PA USGS Quadrangle N: 3.00 inches; W: 9.50 inches) in East Pikeland Township, **Chester County**.

**E46-805.** Encroachment. **Montgomery County Courthouse**, Swede and Airy Sts., Norristown, PA 19404. To perform repairs to a three span stone masonry arch bridge carrying Keller-Creamery Road over Indian Creek (WWF). The structural repairs include: 1) Installation of reinforced concrete footings at the springline of each arch; 2) Installation of corrugated steel arches under the stone masonry arches and grouting of the interface area; 3) Construction of a spandrel support beam along the spandrel wall and the placement of necessary backfill. The site work includes: 1) Clearing accumulated debris from the channel; 2) Installation of guiderails at the bridge approaches; 3) Regrading and paving of the roadway; 4) Installation of rip-rap for scour protection in various locations. Montgomery County Bridge No. 98 is located approximately 2,200 feet southeast of the intersection of Hunsicker Road and Keller-Creamery Road (Perkiomenville, PA Quadrangle N: 10.3 inches; W: 3.5 inches) in Franconia Township, **Montgomery County**.

**E09-765.** Encroachment. **AT&T Corporation**, Promenade Annex PA 189, 1200 Peachtree Street, NE, Atlanta, GA 30309. To install and maintain a fiber optic utility line across the following streams and wetlands: 1) Unnamed tributary to Tincum Creek (EV-CWF) (Lumberville, PA-NJ USGS Quadrangle N: 21.1 inches, W: 11.7 inches) and adjacent wetland in Tincum Township, Bucks County, 2) Unnamed tributary to Tincum Creek (EV-CWF) (Bedminster, PA USGS Quadrangle N: 17.4 inches, W: 0.15 inch) and adjacent wetland in Tincum Township, Bucks County, 3) Tincum Creek (EV-CWF, SR) (Bedminster, PA USGS Quadrangle N: 16.9 inches, W: 1.0 inch) and adjacent wetland in Tincum Township, Bucks County, 4) Tohickon Creek (CWF, SR) (Bedminster, PA USGS Quadrangle N: 15.5 inches, W: 5.1 inches) and adjacent wetland in Tincum Township and Bedminster Township, Bucks County, 5) Unnamed tributary to Tohickon Creek (TSF) (Quakertown, PA USGS Quadrangle N: 7.8 inches, W: 7.9 inches) and adjacent wetland in Richland Township, Bucks County, 6) Morgan Creek (TSF) (Quakertown, PA USGS Quadrangle N: 7.2 inches, W: 12.3 inches) and adjacent wetland in Richland Township, Bucks County, 7) Beaver Run (EV-TSF) and an unnamed tributary to Beaver Run (EV-TSF) (Quakertown, PA USGS Quadrangle N: 9.6 inches, W: 15.7 inches) and adjacent wetland in Richland Township, Bucks County, 8) A wetland crossing along an unnamed tributary to Beaver Run (EV-TSF) (Quakertown, PA

USGS Quadrangle N: 12.1 inches, W: 15.9 inches) in Richland Township, Bucks County, 9) Two wetland crossings along unnamed tributaries to Morgan Creek (TSF) (Quakertown, PA USGS Quadrangle N: 6.7 inches, W: 13.75 inches) in Richland Township, Bucks County.

This project is a segment of the AT&T Fiber Optic Cable Installation Project which extends from Cherryville, NJ to Lanark, PA. Wetland disturbance will be temporary and minimized by either directional boring or utilizing existing conduits. This is a linear utility project which affects Tinticum Township, Bedminster Township, Richland Township and Quakertown Borough in **Bucks County**.

**E15-572.** Encroachment. **Caln Township**, 253 Municipal Drive, P. O. Box 149, Thorndale, PA 19372. To construct and maintain G. O. Carlson Boulevard from Barley Sheaf Road (T-402) to its existing terminus at North Bailey Road. The construction will include the following: 1) Place fill, bituminous wearing course, curbing and subgrade within and along 3,300 linear feet of the 100 year floodplain, 0.31 acre body of water (POW), and 0.95 acre of wetland (PFO) associated with Valley Run (TSF); 2) Install a stormwater outfall pipe and endwall along Valley Run at a point 10 feet downstream of the existing North Bailey Road culvert; 3) Install 75 linear feet of twin 19.66 feet by 8.25 feet low profile plate arch roadway culvert in and along Valley Run which includes stream channel changes to provide transitions to and from the proposed structure, at a location 460 feet west of North Bailey Road; 4) Install an 18 inch stormwater pipe outfall and type DW endwall (G6) in wetland 100 feet northeast of the proposed intersection of G. O. Carlson Boulevard and Buchanan Drive; 5) Install 55 linear feet of 11.66 feet by 5.75 feet low profile plate arch roadway culvert in and along an unnamed tributary of Valley Run located at the proposed intersection of G. O. Carlson Boulevard and Buchanan Drive; 6) Install an 18 inch stormwater pipe outfall and endwall (G9) in the 100 year floodway of Valley Run at a point 1,400 feet west of North Bailey Road; 7) Install 75 linear feet of twin 19.66 feet by 8.25 feet low profile plate arch roadway culvert in and along Valley Run which includes stream channel changes to provide transitions to and from the proposed structure, at a location 1,700 feet west of North Bailey Road; 8) Install 18 inch stormwater pipe outfall and type DW endwall (G12) in the 100 year floodplain of Valley Run located 2,025 feet west of North Bailey Road; 9) Install 55 linear feet of 13.66 feet by 8.25 feet low profile plate arch roadway culvert in and along Valley Run, which includes stream channel changes as transitions to and from the proposed structure and an 18 inch stormwater outfall pipe and type DW endwall (G15) at a location 2,500 feet west of North Bailey Road; 10) Relocate approximately 650 feet the Valley Run Stream channel starting 3,100 feet west of North Bailey Road, by constructing 560 feet of stream channel, rejoining the existing channel at a location 2,550 feet west of North Bailey Road. The constructed stream channel is a compound channel design which includes a 10 foot wide low flow stream channel which is 1 foot deep and a variable width floodplain terrace 3/4 inch, 2 inch and 4 inch stone substrate will be provided in the low flow channel; 11) Install an 18 inch stormwater pipe outfall and endwall (G18) along Valley Run located 100 feet east of the G. O. Carlson Boulevard and Barley Sheaf Road.

The project includes a proposal to construct 1.58 acres of wetland replacement, 5,990 linear feet of riparian corridor enhancement, and a 1.85 acres pond. The project is located in the 100 year floodplain of Valley Run

(Coatesville, PA Quadrangle N: 22.0 inches; W: 2.5 inches) in Caln Township, **Chester County**.

**E15-574.** Encroachment. **Honey Brook Golf Course**, 1420 Cambridge Rd., Honeybrook, PA 19344. To perform the following activities associated with the construction of the Honey Brook Golf Club Development: 1) To place and maintain fill within a 0.75 acre body of water associated with the removal of an on-stream nonjurisdictional dam located along an unnamed tributary of the West Branch of Brandywine Creek (HQ-TSF-MF); 2) To place and maintain fill within various locations of the 100-year floodway of the West Branch of Brandywine Creek (HQ-TSF-MF) associated with grading activities for fairway construction; 3) To rehabilitate and maintain an existing wood plank bridge and to construct and maintain numerous bituminous cart paths along existing grades in and along the 100-year floodway of the West Branch of Brandywine Creek; 4) To rehabilitate and maintain 2,512 linear feet of stream bank by a combination of vegetative plantings, grading, rock riprap and stone wall construction along the West Branch of Brandywine Creek; 5) To excavate along the stream and within the 100-year floodway of an unnamed tributary of the West Branch of Brandywine Creek associated with the establishment of a reservoir which will impact approximately 505 linear feet of stream channel; 6) To construct and maintain an intake structure for an off-stream pond along the West Branch of Brandywine Creek.

The site is located approximately 1,000 feet south of the intersection of Cambridge Road and White Horse Pike (SR 0322) (Honeybrook USGS Quadrangle N: 14.4 inches; W: 2.2 inches) in Honeybrook Township, **Chester County**. This application includes a request for approval of an Environmental Assessment for the construction of an on-stream nonjurisdictional dam which will impact approximately 65 linear feet of stream.

*Northcentral Region, Water Management, Soils and Waterways Section, F. Alan Sever, Chief, 208 West Third St., Suite 101, Williamsport, PA 17701.*

**E12-107.** Encroachment. **John and Kathy Dolan**, R. R. 1, Box 173, Emporium, PA 15834. To construct and maintain an intake pipe in Britton Run to feed a new pond located approximately 1,000 feet upstream of Driftwood Branch of Sinnemahoning Creek (Rich Valley, PA Quadrangle N: 6.75 inches; W: 6.00 inches) in Shippen Township, **Cameron County**. Estimated stream disturbance is 4 feet of stream with no wetland impacts; stream classification is HQ-CWF.

**E57-081.** Encroachment. **Pa. Dept. of Conservation & Natural Resources**, P. O. Box 8451, Harrisburg, PA 17105. To remove the existing structure and to construct and maintain a single span steel beam bridge with a clear span of 9 meters and underclearance of 1.7 meters across Middle Branch of Mill Creek and to relocate 297 meters of West Branch of Mill Creek, removing three existing road crossings and to construct a permanent ford across Mill Creek located on Mill Creek Road approximately 4 miles north of Rt. 87 (Barbours, PA Quadrangle N: 19.5 inches; W: 0.55 inch) in Fox Township, **Sullivan County**. Estimated stream disturbance is 338 meters of stream and 0.01 acre of wetlands; stream classification is HQ-CWF.

#### WATER QUALITY CERTIFICATION

**The following requests have been made for certification under section 401(a) of the 1972 amendments to the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), that there is reasonable assurance that the construction herein described will not violate applicable Federal and State water quality standards.**

Prior to final approval of the proposed certification, consideration will be given to comments, suggestions or objections which are submitted in writing within 30 days of the date of this notice. Comments should be submitted to the Department of Environmental Protection (Depart-

ment) at the address indicated above each of the following requests for certification. All comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions in sufficient detail to inform the Department of the exact basis of the proposal and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given comments if deemed necessary to resolve conflicts. Each individual will be notified in writing of the time and place of any scheduled hearing or conference concerning the certification request to which the protest relates. Maps, drawings and other data pertinent to the certification request are available for inspection and review at the address indicated above each request for certification between the hours of 8 a. m. and 4 p. m. on each working day.

### FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System  
Program (NPDES)]

#### DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

##### (Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

### INDIVIDUAL PERMITS

(PAR)

The following parties have submitted Notices of Intent (NOIs) for Coverage under (1) General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania. The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements,

operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection approves the following coverages under the specified General Permit.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

**ACTIONS TAKEN UNDER SECTION  
401: FEDERAL WATER POLLUTION  
CONTROL ACT  
ENCROACHMENTS**

The Department of Environmental Protection (Department) has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

**Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)**

*Northeast Regional Office: Regional Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-5485.*

**E54-235. Encroachment. Board of Supervisors, Hegins Township**, P. O. Box 630, Valley View, PA 17983. To remove the existing structure and to construct and maintain a road crossing of Pine Creek, consisting of a single-span prestressed concrete spread box beam bridge, having a waterway opening of approximately 56.5 feet by 6.2 feet. The project includes the placement of fill in a de minimis area of wetlands less than or equal to 0.05 acre, associated with roadway widening in the vicinity of the road crossing. The project is located on T-478 (Broad Street), approximately 0.5 mile south of S. R. 0025 (Valley View, PA Quadrangle N: 2.6 inches; W: 4.4 inches), in Hegins Township, **Schuylkill County**.

To reconstruct and maintain a 31 foot long single span footbridge across Kelsey Creek and to repair and maintain a single span private vehicular bridge across Hoover Brook located off Main St. just west of its intersection with King St. (Antrim, PA Quadrangle N: 21.5 inches; W: 7.8 inches). This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

*Southwest Regional Office: Soils and Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.*

**E02-1220. Encroachment. City of Clairton**, 551 Ravensburg Boulevard, Clairton, PA 15025-1297. To rehabilitate and maintain the Ravensburg Bridge having a total span of approximately 1,400.0 feet with a minimum underclearance of approximately 125.0 feet across Peters Creek and to construct and maintain a 24-inch diameter outfall pipe on the left bank of said stream. The project is located along S. R. 2028, approximately 2,000 feet south of the intersection of S. R. 2028 and S. R. 0885 (Glassport,

PA Quadrangle N: 8.9 inches; W: 2.7 inches) in the City of Clairton and Jefferson Borough, **Allegheny County**. This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

**E11-258.** Encroachment. **Miller's Greenhouse**, P. O. Box 21, Crooked Street, Wilmore, PA 15962-0021. To place and maintain fill in 0.2 acre of wetlands (PEM) for the purpose of expanding an existing greenhouse. The wetlands are located within the Little Conemaugh River watershed and along S. R. 0053 (Portage St.) at its intersection with Crooked Street (Ebensburg, PA Quadrangle N: 2.8 inches; W: 12.2 inches) in Wilmore Borough, **Cambria County**. The permit applicant has met the wetland replacement requirement by participating in the Pennsylvania Wetland Replacement Project.

**E63-449.** Encroachment. **Washington County Commissioners**, 701 Courthouse Square, Washington, PA 15301. To rehabilitate and maintain the existing county Van Voorhis Bridge having a span of 85 feet and underclearance of 13.0 feet across Pigeon Creek (WWF). The bridge is located on T-581 approximately 1 mile north of its intersection with SR 917 (Monongahela Quadrangle N: 6.0 inches; W: 13.7 inches) in Fallowfield Township, **Washington County**. This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

**E63-450.** Encroachment. **Charles and Julia Oldenburg**, 597 McCombs Road, Venetia, PA 15357. To enlarge and maintain the width and depth of a tributary to Peters Creek (TSF) for the purpose of constructing a 24.0 feet × 12.0 feet × 2.8 feet deep nonjurisdictional, ornamental fish pond. The pond is located on the south side of McCombs Road approximately 1,000 feet east of its intersection with Bower Hill Road (Bridgeville, PA Quadrangle N: 1.6 inches; W: 9.0 inches) in Peters Township, **Washington County**. This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

**E02-1084-A1.** Encroachment. **Port Authority of Allegheny County**, 2235 Beaver Avenue, Pittsburgh, PA 15233-1080. To amend Permit E02-1084 to construct and maintain a stream enclosure in Bells Run (Unnamed Tributary to Chartiers Creek) consisting of approximately 1,452 feet of 60-inch diameter RCP culvert and approximately 500 feet of a 72-inch diameter RCP located near the intersection of Bell Avenue and Rosslyn Road (Pittsburgh West, PA Quadrangle N: 7.3 inches; W: 11.6 inches) in the Borough of Rosslyn Farms and Carnegie Borough, **Allegheny County**.

**E02-1199.** Encroachment. **Thomas Builders, Inc.**, 103 Warlington Circle, McMurray, PA 15317. To construct and maintain three 10' × 32' conspan arches across McLaughlin Run (WWF) for the purpose of providing access to a proposed assisted living facility. The left conspan arch will be constructed on a 4 foot footer and the middle conspan arch will be constructed on a 3 foot footer and construct and maintain an elevated floodplain channel. The channel widening will be located 1.0 foot above the existing stream invert and will be approximately 150 feet long starting on the downstream side of the conspan arches. The proposed project is located on the southwest side of McLaughlin Run Road (SR 3004) approximately 2,800 feet north of its intersection with McMillan Road (Bridgeville, PA Quadrangle N: 18.4 inches; W: 12.1 inches) in Upper St. Clair Township, **Allegheny County**.

## SPECIAL NOTICES

### Submission Date for Recycling Program Development and Implementation Grants Under the Municipal Waste Planning, Recycling and Waste Reduction Act

The Department of Environmental Protection (Department) announces a request for applications from municipalities for recycling program grant assistance under section 902 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P. S. §§ 4000.101—4000.1904). Municipalities eligible for recycling grants include counties, cities, boroughs, incorporated towns, townships and home rule municipalities. Authorities are not eligible to apply for the grants, but may be sponsored by a municipality.

The following categories of recycling projects will be given funding priority in the order they are listed. Intergovernmental cooperative projects within any category will receive higher priority.

1. Projects implemented by a municipality, mandated by Act 101 to have a curbside recycling program, that establish or maintain compliance with the recycling requirements of the Act including:

- a) semiannual public information and education programs required under Act 101 section 1501(d) concerning recycling program features and requirements for the residential, commercial, institutional and municipal sectors; and

b) programs for the collection of recyclables and leaf or yard waste from residential, and/or commercial, institutional and municipal establishments.

2. Implementation of a curbside or drop-off recycling program.

3. Replacement equipment for the collection or processing of recyclables or leaf and yard wastes.

4. Leaf or yard waste collection and composting programs.

5. General recycling education projects.

6. Expansion of existing public sector recycling collection centers or materials processing facilities.

7. New public sector recycling collection centers or materials processing facilities.

Municipalities and counties are eligible for 90% funding of approved recycling program costs. Municipalities considered financially distressed by the Department of Community and Economic Development under the Municipalities Financial Recovery Act (53 P. S. §§ 11701.101—11701.501) are eligible for an additional 10% of approved costs.

Eligible recycling program development costs include: recycling program design costs; recycling market investigations; development of recycling market commitments; development of recycling program ordinances; development of recycling public education programs; and the costs of developing contracts for procuring equipment or services necessary for the operation of the recycling program.

Eligible recycling program implementation costs include: purchasing or leasing vehicles used to collect recyclables, transport recyclables to processing facilities or markets and vehicles used in the operation of a materials recovery facility; reusable containers for the collection or storage of recyclable materials; acquiring and/or renovating buildings for the processing or storage of recovered materials; equipment used to process or manufacture recyclable materials into usable products; improvements to land needed to operate a recycling facility or yard waste composting facility; and the costs associated with educating the public on recycling program requirements, including the development and publication of printed and audio-visual educational materials, advertisements, the development of Internet "Recycling Home Pages," and school or special event programs.

Leaf and yard waste collection programs, and yard waste composting programs defined by the Pennsylvania Municipal Waste Management Regulations, Chapter 271, are considered to be recycling programs.

Funding for equipment or facilities purchased for the recycling program used for recycling and other purposes will be prorated according to its recycling use. Funding for certain leaf and yard waste collection equipment may be limited according to its seasonal use. Funding for wood processing equipment will be approved only when the equipment is part of an approved yard waste composting facility operating under the Department's guidelines or in cases where the equipment is used cooperatively among two or more municipalities. A municipality must retain sole ownership of equipment or facilities funded by the grant.

Funding may be restricted in situations where equipment or services requested through a grant application may be available from the public or private sector within the county of the applicant. Public notices may be required before the grant application may be submitted depending upon the nature of the funding request. For example, before a municipality can submit an application for the funding of mechanical processing equipment, it must first publish notices in a newspaper of general circulation describing in detail the kinds of processing equipment that it proposes to purchase and the intended use of the equipment. The municipality must allow 30 days from the date of the latest notice for responses from interested individuals. When the municipality submits the recycling grant application to the Department, it must include proof of compliance with the notification requirements, a description of any responses received to the notice, and an explanation of why the municipality has concluded the mechanical processing equipment is not available to the program from the private sector.

It is strongly recommended that potential applicants contact the appropriate Department Regional Planning and Recycling Coordinator listed to schedule a pre-application conference to discuss application requirements.

Grant applications must be received or postmarked by 3 p.m. August 13, 1998. Applications received by the Department after that date will not be considered during the current round of solicitation. Applications must be on forms provided by the Department, with two copies submitted to the appropriate Department Regional Office. All grant awards will be predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101, and the availability of monies in the Recycling Fund.

Inquiries concerning this notice should be directed to Carl Hursh, Chief, Recycling and Markets, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

### **Public Hearing NPDES/Stormwater Construction Activities**

---

The Department of Environmental Protection (Department) will hold a public hearing on an Individual National Pollution Discharge Elimination System (NPDES) permit application, No. PAS10V020. The NPDES permit application was submitted by the Pennsylvania Department of Transportation for discharges of stormwater from construction activities, to several receiving waters including Sawkill Creek and Adams Creek, which are Exceptional Value (EV) Watersheds as classified by Chapter 93, related to the proposed reconstruction of portions of two State highways (S. R. 2001, Sections 403 and 404, and S. R. 0739, Section 401), in Milford Borough, Milford Township, Dingman Township and Delaware Township, Pike County.

The Department is in its final review stages of the project and has received a recommendation of approval from the Pike County Conservation District.

The public hearing will be held if significant public interest exists. If the Department does not receive any comments regarding this proposed activity within the 30 days allotted for reply, it will be understood that there is no significant interest and the public hearing will be canceled. The public hearing will tentatively be held on Thursday, June 18, 1998, at 6 p.m. at the Pike County Conservation District office.

In order to develop an agenda for the hearing, the Department requests that individuals wishing to testify at the hearing submit a written notice of intent to Kate Crowley, Department of Environmental Protection, Water Management Program, 2 Public Square, Wilkes-Barre, PA 18711-0790. The Department will accept notices up to the day of the hearing.

The Department requests that individuals limit their testimony to 10 minutes so that all individuals have the opportunity to testify. Written copies of oral testimony are requested. Relinquishing of time will not be allowed. All individuals attending the hearing will have the opportunity to testify if they so desire, however, individuals who preregister to testify will be given priority on the agenda.

Persons with a disability who wish to testify and require an auxiliary aid, service or other accommodation should contact Richard Shudak of the Department at (717) 826-2511 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department can accommodate their needs.

Those unable to attend the hearing can submit written testimony or comment to the Department until June 22, 1998.

The NPDES permit application is available for review at the Department regional office, 2 Public Square in Wilkes-Barre. Appointments for scheduling a review can be made by calling the Department regional Records Management Section at (717) 826-2511. The permit appli-

cation is also available for review at the Pike County Conservation District Office, Route 402, Blooming Grove, (717) 226-8220. Please call Susan Beecher, District Manager, to schedule an appointment.

### **Availability of Technical Guidance**

Technical guidance documents are on DEP's World Wide Web site (<http://www.dep.state.pa.us>) at the Public Participation Center. The "January 1998 Inventory" heading is the Governor's List of Non-regulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1998.

#### *Ordering Paper Copies of DEP Technical Guidance*

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Persons should check with the appropriate bureau for more information about the availability of a particular document as a publication.

#### *Changes to Technical Guidance Documents*

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Jonathan Brightbill at (717) 783-8727.

### Public Notice for the Development of a Conservation District Administrative Manual for the Implementation of Beneficial Use of Sewage Sludge by Land Application

The Department of Environmental Protection (Department) by this notice is announcing the development of a Conservation District Administrative Manual for the participation of Conservation Districts in the implementation of beneficial use of sewage sludge (biosolids) by land application. The rules and regulations governing the land application of sewage sludge were effective on May 27, 1997 (See Volume 27, Number 4, Saturday, January 25, 1997 issue of the *Pennsylvania Bulletin*).

The Department may enter into an agreement with a county conservation district with the approval of the State Conservation Commission to authorize the county conservation district to:

1. Provide information and written materials to the general public, the regulated community and the agricultural community concerning the land application of biosolids.

2. Conduct education sessions with interested parties on the land application of biosolids.

3. Provide site evaluation for the land application of biosolids as appropriate.

4. Conduct inspections of land application facilities and those areas where biosolids are applied.

5. Take samples of biosolids delivered to application sites.

6. Other duties as mutually agreed to in a delegation agreement.

The Department is anticipating seeking approval for the manual and the delegation agreement at the July 1998 meeting of the State Conservation Commission.

Persons wishing to obtain a copy of the draft Conservation District Administrative Manual and related documents should submit a request to the DEP central office listed. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users or (800) 654-5988 (voice users).

2. *Price:* The price of a Pennsylvania Riches instant lottery game ticket is \$1.00.

3. *Play Symbols:* Each Pennsylvania Riches instant lottery game ticket will contain three play areas known as "Game 1," "Game 2" and "Game 3." Each game is

played separately. Each "Game" area will feature a "Your Number" area and a "Their Number" area. The play symbols and their captions located in the "Your Number" area are: 2 (TWO), 3 (THREE), 4 (FOUR), 5 (FIVE), 6 (SIX), 7 (SEVEN), 8 (EIGHT), 9 (NINE), 10 (TEN), 11 (ELEVN), 12 (TWLV), 13 (THRTN), 14 (FORTN), 15 (FIFTN), 16 (SIXTN), 17 (SNTN), 18 (EGTN), 19 (NINTN) and 20 (TWTY). The play symbols and their captions located in the "Their Number" area are: 1 (ONE), 2 (TWO), 3 (THREE), 4 (FOUR), 5 (FIVE), 6 (SIX), 7 (SEVEN), 8 (EIGHT), 9 (NINE), 10 (TEN), 11 (ELEVN), 12 (TWLV), 13 (THRTN), 14 (FORTN), 15 (FIFTN), 16 (SIXTN), 17 (SNTN), 18 (EGTN) and 19 (NINTN).

4. *Prize Play Symbols:* The prize play symbols and their captions located in the "Prize" area are: \$1<sup>00</sup> (ONE DOL), \$2<sup>00</sup> (TWO DOL), \$3<sup>00</sup> (THREE DOL), \$4<sup>00</sup> (FOUR DOL), \$5<sup>00</sup> (FIVE DOL), \$10\$ (TEN DOL), \$15\$ (FTN DOL), \$20\$ (TWY DOL), \$100 (ONE HUN) and \$500 (FIV HUN).

5. *Prizes:* The prizes that can be won in this game are \$1, \$2, \$3, \$4, \$5, \$10, \$15, \$20, \$100 and \$500. The player can win up to three times on a ticket.

6. *Approximate Number of Tickets Printed For the Game:* Approximately 8,160,000 tickets will be printed for the Pennsylvania Riches instant lottery game.

7. *Determination of Prize Winners:*

(a) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$500 (FIV HUN) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$500.

(b) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$100 (ONE HUN) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$100.

(c) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$20\$ (TWY DOL) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$20.

(d) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$15\$ (FTN DOL) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$15.

(e) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$10\$ (TEN DOL) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$10.

(f) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$5<sup>00</sup> (FIVE DOL) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$5.

(g) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$4<sup>00</sup> (FOUR DOL) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$4.

(h) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$3<sup>00</sup> (THREE DOL) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$3.

(i) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$2<sup>00</sup> (TWO DOL) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$2.

(j) Holders of tickets where "Your Number" beats "Their Number" in the same game, and a prize play symbol of \$1<sup>00</sup> (ONE DOL) appears in the "Prize" area for that game, on a single ticket, shall be entitled to a prize of \$1.

8. *Number and Description of Prizes and Approximate Odds:* The following table sets forth the approximate number of winners, amounts of prizes, and approximate odds of winning:

## DEPARTMENT OF TRANSPORTATION

### Approved Speed-Timing Devices and Appointment of Maintenance and Calibration Stations

#### *Addendum*

The Department of Transportation, Bureau of Motor Vehicles, under the authority of Section 3368 of the Vehicle Code (75 Pa.C.S. § 3368), published at 28 Pa.B. 167 on January 10, 1998, a notice of approved speed-timing devices and maintenance and calibration stations for use until the next comprehensive list is published.

#### *Change of Ownership and Change of Name*

As an addendum to the listing of approved Official Speedometer Testing Stations, the Department hereby gives notice of the change of ownership and the change of name of the following station:

Joe's Carburetor & Ignition Service, 868 Providence Road, Scranton, Lackawanna County, Pa. 18508, is now known as: George's Garage, 868 Providence Road, Scranton, Lackawanna County, Pa. 18508 (Appointed: 04/15/98, Station S8).

Comments, suggestions or questions may be directed to Barb Tomassini, Manager, Inspection Processing Section, Vehicle Inspection Division, Bureau of Motor Vehicles, Third Floor, Riverfront Office Center, 1101 South Front Street, Harrisburg, PA 17104 or by telephoning (717) 787-2895.

Other approved speed-timing devices and appointment of maintenance and calibration stations appear at 28 Pa.B. 167 (January 10, 1998).

### Finding

#### Westmoreland County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation is proposing a project to widen S. R. 0022 from the Westmoreland/Allegheny County line east to just west of the S. R. 0022 intersection with S. R. 0066 in Salem Township, Westmoreland County. S. R. 0022 will be widened to six lanes from the Westmoreland/Allegheny County line east to Mill Street in Murrysville, and to four lanes from Mill Street to the project terminus west of the S. R. 0066 Interchange. The Department of Transportation has received environmental clearance in the form of a Finding of No Significant Impact from the Division Administrator of the Federal Highway Administration.

No adverse environmental effect is likely to result from the construction of this section of highway.

### Finding

#### Wyoming County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to construct the Tunkhannock Transportation Improvement Project in Wyoming County.

The project consists of the construction of a new 4.83 kilometer (3 mile) two-lane, limited-access highway that bypasses, to the south, the existing S. R. 006 and a majority of the Borough of Tunkhannock in Wyoming County. The highway extends from approximately 0.8 kilometers (.5 mile) east of the Tunkhannock Borough line to approximately 1.6 kilometers (1 mile) northwest of the Borough line. The project also includes at-grade intersections with S. R. 0029 and S. R. 0092 and replaces the deteriorated existing S. R. 0092 bridge over Tunkhannock Creek.

This alignment requires the demolition of three contributing buildings and partial take of one contributing property from the Tunkhannock Historic District.

Coordination has been maintained with the Pennsylvania State Historic Preservation Offices and the Advisory Council on Historic Preservation in accordance with Section 106 of the Historic Preservation Act. A memorandum of Agreement has been signed by the Federal Highway

Administration, Pennsylvania State Historic Preservation Officer, Advisory Council on Historic Preservation and the Pennsylvania Department of Transportation documenting the mitigation measures to be implemented for the Tunkhannock Historic District.

No adverse environmental effect is likely to result from the reconstruction of this section of highway.

### Retention of Engineering Firms

#### **Crawford, Erie, Forest, Mercer, Venango and Warren Counties Project Reference No. 08430AG2189**

The Department of Transportation will retain an engineering firm for an Open-End Contract for various engineering services and environmental studies on various projects located in Engineering District 1-0, that is Crawford, Erie, Forest, Mercer, Venango and Warren Counties. The required services may encompass a wide range of design and environmental efforts with the possibility of several different types of projects having aggressive completion schedules. The anticipated types of projects may include, but are not limited to: bridge replacements or bridge rehabilitations; roadway betterments; (3R type projects); capital improvement projects (roadways and/or bridges); traffic signal projects; location studies; and, various environmental studies.

The Contract will be for a sixty (60) month period with projects assigned on an as-needed basis. The maximum amount of this Open-End Contract will be \$1.0 million.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Open-End Contract based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- b. Experience and effectiveness of proposed project managers.
- c. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience and performance on Open-End Contracts.
- d. Specialized experience and technical competence of key staff.
- e. Availability and diversity of proposed staff listed for this assignment.
- f. Location of consultant with respect to Engineering District 1-0.

The firm may be required to perform any or all of the following engineering services: attend project field views and meetings and prepare minutes of same; prepare

appropriate submissions for all project related meetings and field views; perform field surveys and plot topography and cross-sections; prepare submissions and materials necessary for the Department to prepare application to the Public Utility Commission (PUC) and attend any PUC field conferences; attend and supply any required information for all PUC meetings and hearings during project design; develop erosion and sedimentation control details and narratives; prepare right-of-way plans; prepare type, size and location reports, prepare hydrologic and hydraulic reports for waterway approvals; perform geotechnical investigations and prepare foundation reports; prepare maintenance and protection of traffic control plans; prepare structure drawings; investigate and coordinate utility relocations; disseminate intent-to-enter notices; prepare prints and information required for value engineering reviews; develop construction project management (CPM) schedules and reasonable construction working times; collect traffic information such as ADT's, classifications, turning movements, circulation, etc.; prepare plans for signal design and implementation of signal interconnections; evaluate alternatives using benefit/cost analysis; document study activities and findings for needs analyses; prepare lighting plans; prepare designs of waste water treatment facilities; perform structural analysis; prepare information needed to obtain all required permits, approvals, insurance, etc. for project advancement; and, prepare construction drawings, specifications and cost estimates.

The format and content of all documents, plans, reports or other submissions will be consistent with applicable State and Federal regulations and guidelines.

The firm may be required to perform any or all of the following environmental studies: air quality; surface water and groundwater hydrology; terrestrial ecology; wetland determinations and delineations; soils analysis; geology; farmlands; visual quality; socio-economic; cultural; Section 4(f) and Section 6(f) documentation; Section 106 documentation; noise and vibration analyses; threatened and endangered species surveys; hazardous and residual waste investigations; and, any other related environmental studies not listed above. The environmental studies will be conducted in accordance with acceptable Department policies, methodologies and analysis techniques.

The firm may also be required to perform any or all of the following in order to ensure a complete environmental investigation has been performed: provide all necessary environmental services, material and equipment necessary to collect, analyze and organize data; assess impacts; conduct agency coordination and public involvement activities; and, prepare reports and design mitigation summaries.

The reports and other written graphic material to be prepared may include, but not be limited to, early coordination and scoping correspondence; plans of study; meeting minutes; public meetings and hearing presentations; handouts and displays; technical basis reports; NEPA environmental documents; Section 106 documents; Section 4(f) and Section 6(f) evaluations; mitigation plans and reports; and, wetland and floodplain findings.

The engineering services and environmental studies identified above are the general work activities that can be expected under this Open-End Contract. A more specific and project-related Scope of Work will be described for each Engineering Agreement Work Order developed under this Open-End Contract.

In addition to the General Requirements and Information section following this advertisement, respondents to this advertisement are not to include more than eight (8) pages of resumes under Item No. 7 of Standard Form 255 (SF-255).

The second copy of the letter of interest and required forms (see "General Requirements and Information" section) shall be sent to: Mr. John L. Baker, P.E., District Engineer, Engineering District 1-0, 1140 Liberty Street, Franklin, PA 16323.

Any technical questions concerning the requirements for this project should be directed to: Mr. Michael L. McMullen, P.E., Engineering District 1-0 at (814) 437-4331.

Any questions concerning the submittal of the letter of interest for this Open-End Contract can be directed to the Consultant Agreement Division at (717) 783-9309.

**Lackawanna, Luzerne, Pike, Susquehanna,  
Wayne and Wyoming Counties  
Project Reference No. 08430AG2190**

The Department of Transportation will retain an engineering firm for an Open-End Contract for various engineering and/or environmental services on various projects located in Engineering District 4-0, that is Lackawanna, Luzerne, Pike, Susquehanna, Wayne and Wyoming Counties. The Contract will be for a sixty (60) month period with projects assigned on an as-needed basis. The maximum amount of the Open-End Contract will be \$1.0 million.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Open-End Contract based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- b. Specialized experience and technical competence of firm.
- c. Location of consultant in respect to the District.
- d. Past record of performance with respect to cost control, work quality, ability to meet schedules, and previous experience on Open-End Contracts. The specific experience of individuals employed by the firm shall be considered.
- e. Available staffing for this assignment and the ability to meet the Department's needs.
- f. Projected Workload for the next two (2) calendar days.

The work and services required under this Open-End Contract may encompass a wide range of environmental studies and engineering efforts with the possibility of several different types of projects with short completion schedules being assigned concurrently. The anticipated types of projects include, but not limited to, bridge replacements or bridge rehabilitation with minor approach work, environmental studies, roadway betterments

(3R type,) minor capital improvement projects (bridges or roadway), railroad grade crossing projects, and minor location studies, etc.

The engineering work and services which may be required under this Open-End Contract include, but are not limited to, perform field surveys; plot topography and cross sections; prepare submission for utility verification and relocations engineering; prepare all pertinent submissions and materials necessary for the Department to prepare the application to PUC and for the PUC field conference; attend and supply any required information for all PUC meetings and hearings during the design of the project; develop erosion control details and narrative; prepare right of way plans; complete structure designs including type, size and location reports, core boring layouts and foundation designs and reports; develop traffic control plans with narratives; conduct soils investigations and prepare soils reports; investigate utility involvement on projects; provide material for and participate in value engineering reviews; coordinate contacts with railroad officials and procure railroad related costs, permits, and insurance; collect signal timing, accident data and other traffic flow data; document engineering study findings and activities; alternative analysis to assess impacts and mitigation; seismic evaluations; and prepare construction plans, specifications, and estimates.

The areas of environmental study required under the Contract may include, but are not limited to: air quality; noise; energy; vibration; hazardous waste; surface water and ground water quality; surface water and ground water hydrology; terrestrial ecology including threatened and endangered species; wetlands; soils; geology; farmlands; visual quality; socio-economic resources; cultural resources; Section 4(f) Evaluations; early coordination and; scoping correspondence; meeting minutes; public meeting and hearing presentations; visualization materials, handouts and displays; technical basis reports (TBRs) and/or technical files; NEPA environmental documents; Section 106 documents; mitigation plans and reports; wetland and floodplain findings; and preliminary engineering plans, and remote sensing/mapping innovations. The format and content of all documents will be consistent with applicable State and Federal regulations, policies and guidelines.

**Armstrong County  
Project Reference No. 08430AG2191**

The Department of Transportation will retain a firm to provide assistance in the acquisition of right-of-way for the construction of State Route 6028, Section 015, Kittanning Bypass, in Armstrong County. The project consists of approximately 55 claims, including 17 residential and 2 business relocations.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating this Agreement based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The selected firm will be required to provide the professional right-of-way acquisition services necessary to clear the right-of-way for this project. These services include developing a relocation assistance plan, which identifies problem situations, relocation assistance, negotiations, appraisal services (no appraisal reports), title services, settlement/closing services, property management, and other services as required.

The selected firm will be required to coordinate all work through the Department's designated representative. All acquisition will be accomplished in compliance with Federal and State regulations, including but not limited to the Pennsylvania Eminent Domain Code, the State Highway Law and Pennsylvania Real Estate Law, the Housing Replacement Authorization Act, and the Uniform Relocation Assistance and Real Property Acquisition Policies Act.

The majority of the work and services will be required within eighteen (18) months from the notice to proceed.

The Consultant will be required to provide on-site office space. Lodging for individuals assigned to this project for sixty (60) days or more will be limited to \$790 per month. The allowance could include living space rental, furnishings, basis telephone service and utilities. No subsistence or to/from job mileage will be reimbursed for these individuals. Normal Department mileage/subsistence/lodging rates will apply to individuals assigned to this project for less than sixty (60) days.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- b. Staff experience.
- c. Past performance.
- d. Familiarity with Pennsylvania right-of-way regulations.
- e. Number of staff/titles available to work on project.
- f. Other factors necessary to provide the required services.

The second copy of the letter of interest and required forms (see "General Requirements and Information" section) shall be sent to: Mr. Richard Hogg, P.E., District Engineer, District 10-0, Route 286 South, P. O. Box 429, Indiana, PA 15701.

Any technical questions concerning the requirements for this project should be directed to: Mr. Craig A. Chelednik, P.E., District 10-0, at (412) 357-2842.

Any questions concerning the submittal of the letters of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Armstrong, Butler, Clarion, Indiana  
and Jefferson Counties

The Department of Transportation will retain an engineering firm for an Open-End Contract for various engineering and/or environmental services on various projects located in Engineering District 10-0, that is Armstrong, Butler, Clarion, Indiana, and Jefferson Counties. The Contract will be for a sixty (60) month period with projects assigned on an as-needed basis. The maximum amount of the Open-End Contract will be \$1.0 million.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Open-End Contract based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- b. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on Open-End Contracts. The specific experience of individuals who constitute the firms shall be considered.
- c. Specialized experience and technical competence of firm.
- d. Available staffing for this assignment.
- e. Current Workload.
- f. Location of consultant in respect to the District.

The work and services required under this Contract may encompass a wide range of environmental studies and engineering efforts with the possibility of several different types of projects with short completion schedules being assigned concurrently. The anticipated types of projects include, but not limited to, bridge replacements or bridge rehabilitation with minor approach work, environmental studies, roadway betterments (3R type), minor capital improvement projects (bridges or roadway), railroad grade crossing projects, and minor location studies, etc.

The engineering work and services which may be required under this Contract include, but are not limited to: perform field surveys; plot topography and cross sections; prepare submission; prepare all pertinent submissions and materials necessary for the Department to prepare the application to PUC and for the PUC field conference; attend and supply any required information for all PUC meetings and hearings during the design of the project; develop erosion control details and narrative; prepare right of way plans; complete structure designs including type, size and location reports, core boring layouts and foundation designs and reports; develop traffic control plans with narratives; conduct soils investigations and prepare soils reports; investigate utility involvement on projects; provide material for and participate in value engineering reviews; coordinate contracts with railroad officials and procure railroad related costs, permits, and insurance; collect signal timing, accident data and other traffic flow data; document engineering study findings and activities; alternative analysis to assess impacts and mitigation; partnering moderation on projects and prepare construction plans, specifications, and estimates.

The areas of environmental study required under the Contract may include, but are not limited to: air quality; noise; energy; vibration; hazardous waste; surface water and ground water quality; surface water and ground water hydrology; terrestrial ecology including threatened and endangered species; wetlands; soils; geology; farmlands; visual quality; socio-economic resources; cultural resources; Section 4(f) Evaluations; early coordination and scoping correspondence; meeting minutes; public meeting and hearing presentations; visualization materials, handouts and displays; technical basis reports (TBRs) and/or technical files; NEPA environmental documents; Section 106 documents; mitigation plans and reports; wetland and floodplain findings; and preliminary engineering plans, remote sensing/mapping innovations; services of a qualified malacologist; landscape architect for preparation

of landscaping; terrestrial mitigation and wetland mitigation plans. The format and content of all documents will be consistent with applicable State and Federal regulations, policies and guidelines.

The engineering services and environmental studies identified above are the general work activities that can be expected under this Open-End Contract. A more specific and project-related Scope of Work will be outlined for each individual Work Order developed under this Open-End Contract.

The second copy of the letter of interest and required forms (see "General Requirements and Information" section) shall be sent to: Mr. Richard Hogg, P.E., District Engineer, District 10-0, Route 286 South, P. O. Box 429, Indiana, PA 15701.

Any technical questions concerning the requirements for this project should be directed to: Mr. Craig A. Chelednik, P.E., District 10-0, at (724) 357-2842.

Any questions concerning the submittal of the letter of interest for this Open-End Contract can be directed to the Consultant Agreement Division at (717) 783-9309.

**Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties  
Project Reference No. 08430AG2193**

The Department of Transportation will retain an engineering firm for an Open-End Contract to provide supplementary construction inspection staff under the Department's Inspector(s)-in-Charge to perform construction inspection services on various projects in Engineering District 2-0, that is Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties. The Contract will include roadway and bridge construction projects, and material plant inspection. The Contract will be for a period of sixty (60) months, with a maximum cost of one million (\$1,000,000) dollars.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- c. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of Traffic, soils, structures, concrete, asphalt paving, and drainage.
- c. Number of NICET certified inspectors in each payroll classification.
- d. Number of available inspectors in each payroll classification.
- e. Understanding of Department's requirements, policies, and specifications.
- f. Ability to provide CPM scheduling.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Inspector—Materials (TCI-Materials) (NICET Highway Materials Level 2 or equivalent)	2 (2)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	13 (13)

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

- 1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
- 2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
- 5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1998:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCI-Materials)	\$35.51
(TCI)	\$34.43

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation, or construction.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCI-M	3
TCI	16

No resumes are required for the TA Classification.

The second copy of the letter of interest and required forms, (see general requirements and information section shall be sent to: Mr. George M. Khoury, P.E., District Engineer, District 2-0, 1924-30 Daisy Street, P. O. Box 342, Clearfield, PA 16830.

Any technical questions concerning the requirements for this project should be directed to: Mr. Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Cameron, Centre, Clearfield, Clinton, Elk, Juniata,  
McKean, Mifflin and Potter Counties  
Project Reference No. 08430AG2194**

The Department of Transportation will retain engineering firms for two (2) Open-End Contracts for various engineering and/or environmental services on various projects located in Engineering District 2-0, that is Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties. Each Contract will be for a sixty (60) month period with projects assigned on an as-needed basis. The maximum amount of these Open-End Contracts will be \$1.0 million each.

The Department will establish an order of ranking of a minimum of five (5) firms for the purpose of negotiating two (2) Open-End Contracts based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- b. Specialized experience and technical competence of firm.
- c. Projected Workload for the next two (2) calendar years.
- d. Available staffing for this assignment and the ability to meet the Department's needs.
- e. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on Open-End Contracts. The specific experience of individuals who constitute the firms shall be considered.

The work and services required under these Contracts may encompass a wide range of environmental studies and engineering efforts with the possibility of several different types of projects with short completion schedules being assigned concurrently. The anticipated types of projects include, but not limited to, major projects, bridge replacements or bridge rehabilitation with minor approach work, environmental studies, roadway betterments (3R type), minor capital improvement projects (bridges or roadway), railroad grade crossing projects, and minor location studies, etc.

The engineering work and services which may be required under these Contracts include, but are not limited to: perform field surveys; plot topography and cross sections; prepare submission for utility verification and relocations engineering; prepare all pertinent submissions and materials necessary for the Department to prepare the application to PUC and for the PUC field conference; attend and supply any required information for all PUC meetings and hearings during the design of the project; develop erosion control details and narrative; prepare right of way plans; complete structure designs including type, size and location reports, core boring layouts and foundation designs and reports; develop traffic control plans with narratives; conduct soils investigations and prepare soils reports; investigate utility involvement on projects; provide material for and participate in value engineering reviews; coordinate contracts with railroad officials and procure railroad related costs, permits, and insurance; collect signal timing, accident data and other traffic flow data; document engineering study findings and activities; alternative analysis to assess impacts and mitigation; and prepare construction plans, specifications, and estimates.

The areas of environmental study required under these Contracts may include, but are not limited to: air quality; noise; energy; vibration; hazardous waste; surface water and ground water quality; surface water and ground water hydrology; terrestrial ecology including threatened and endangered species; wetlands; soils; geology; farmlands; visual quality; socio-economic resources; cultural resources; Section 4(f) Evaluations; early coordination and scoping correspondence; meeting minutes; public meeting and hearing presentations; visualization materials, handouts and displays; technical basis reports (TBRs) and/or technical files; NEPA environmental documents; Section 106 documents; mitigation plans and reports; wetland and floodplain findings; and preliminary engineering plans, remote sensing/mapping innovations. The format and content of all documents will be consistent with applicable State and Federal regulations, policies and guidelines.

The engineering services and environmental studies identified above are the general work activities that can be expected under these Open-End Contracts. A more specific and project-related Scope of Work will be outlined for each individual Work Order developed under these Open-End Contracts.

The second copy of the letter of interest and required forms (see "General Requirements and Information" section) shall be sent to: Mr. George M. Khoury, P.E., District Engineer, District 2-0, 1924-30 Daisy Street, P. O. Box 342, Clearfield, PA 16830.

Any technical questions concerning the requirements for this project should be directed to: Mr. Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439.

Any questions concerning the submittal of the letters of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Bedford, Blair, Cambria, Fulton, Huntingdon  
and Somerset Counties  
Project Reference No. 08430AG2195**

The Department of Transportation will retain an engineering firm for an Open-End Contract for various environmental and/or engineering services on various projects located in Engineering District 9-0, that is Bedford, Blair, Cambria, Fulton, Huntingdon and Somerset Counties.

The Contract will be for a sixty (60) month period with projects assigned on an as-needed basis. The maximum amount of the Open-End Contract will be \$1.0 million.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Open-End Contract based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.

b. Specialized experience and technical competence of the firm. Firms must demonstrate an ability to analyze available data to make decisions and develop plans in a timely and cost effective manner.

c. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on Open-End Contracts. The firms will also be evaluated on customer satisfaction, including accessibility, cooperation, and attitude toward previous projects.

d. The firms selected must be capable of providing adequate leadership and human resources to effectively complete multiple work orders of a similar or diverse nature. Strategic planning and organization is required for prompt turnaround time.

e. Firms must demonstrate their ability to communicate ideas and/or practices across units, including subconsultant, to improve the design process and better meet the requirements of the Department.

f. Relative size of firm to size of projects that may be completed under this contract.

g. Location of firm in respect to the District Office.

The work and services required under this Contract may encompass a wide range of environmental studies and engineering efforts with the possibility of several different types of projects with short completion schedules being assigned concurrently. The anticipated types of projects include, but not limited to, bridge replacements or bridge rehabilitation with minor approach work, environmental studies, roadway betterments (3R type), minor capital improvement projects (bridges or roadway), railroad grade crossing projects, and minor location studies, etc.

**Washington County  
Project Reference No. 08430AG2197**

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately eight (8) inspectors, under the Department's Inspector-in-Charge, for construction inspection and documentation services on projects in Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties.

1. S. R. 0070, Section Y11, Somerset Township, Washington County This project involves resurfacing and drainage improvements shoulders and guide rail upgrade on Interstate 70 from Exit 9 (PA 519) to Exit 11 (Kammerer).

2. S. R. 0070, Section V21, South Strabane Township, Washington County This project involves milling and resurfacing on Interstate 70 from Exit 9 (PA 519) to I-79/I-70 east of Washington.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.

b. Number of available and qualified inspectors in each payroll classification.

- c. Review of inspectors's resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of traffic, soils, structures, concrete, asphalt paving, and drainage.
- d. Understanding of Department's requirements, policies and specifications.
- e. Past performance.
- f. Current Workload.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Inspector Supervisor (TCIS) (NICET Highway Construction Level 3 or equivalent)	2 (2)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	4 (3)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	2 (0)

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classifications.
4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified of the Inspection Classification.
5. Hold an Associates Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1998:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour of Inspection</i>
TCIS	\$39.36
TCI	\$34.43
TA	\$23.67

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item, and perform other duties as may be required.

The firm selected will be required to supply the following equipment at no direct cost to the Department:

- 1 Nuclear Densometer Gauges/License
- 1 Vehicles for the Transportation of Nuclear Gauges

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

Letters of interest for this project must include a letter, signed by the individuals you propose for all TCIS positions, giving their approval to use their name in your letter of interest for this specific projects.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCIS	3
TCI	5

No resumes are required for the TA Classifications.

The second copy of the letter of interest and required forms (see "General Requirements and Information" section) shall be sent to: Mr. Michael H. Dufalla, P.E., District Engineer, District 12-0, P. O. Box 459, Uniontown, PA 15401, Attn: Mr. Anthony M. Dzurko, P.E.

Any technical questions concerning the requirements for this project should be directed to: Mr. Anthony M. Dzurko, P.E., District 12-0, at (724) 439-7137.

Any questions concerning the submittal of the letters of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**General Requirements and Information**

Firms interested in providing the above work and services are invited to submit two copies of a Letter of Interest are required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the Letter of Interest and required information must be submitted to:

Mr. Charles W. Allwein, P.E., Chief  
 Consultant Selection Committee  
 7th Floor, Forum Place  
 555 Walnut Street  
 P. O. Box 3060  
 Harrisburg, Pennsylvania 17105-3060

Note: The Zip Code for express Mailing is 17101-1900

The Letter of Interest and required information must be received within twenty (20) calendar days of this Notice. The Deadline for receipt of a Letter of Interest at the above address is 4:30 P.M. prevailing time of the twentieth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm, or corporation not authorized to engage in the practice of engineering desires to submit a Letter of Interest, said individual, firm, or corporation may do so as part of a Joint Venture with an individual, firm, or corporation which is permitted under the state law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The Act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Each Letter of Interest must include the following information and the information must be packaged and presented in the following order:

1. Transmittal Letter (Maximum of two (2) 8 1/2" x 11" typed pages, one side)

The subject heading of the transmittal letter must include the project reference number for which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable), and the firm's federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant must indicate in the body of their transmittal letter the names and Professional Engineer License Number of individuals who are directing heads or employees of the firm who have responsible

charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats, and reports issued by the firm.

2. Project Organizational Chart (one page, one side, maximum size 11" x 17")

This Chart must show key staff from the prime and each subconsultant and their area of responsibility.

3. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team)

The Standard Form 255 must be signed, dated, and filled out in its entirety, including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project.

Under Item 4 of this form, Column A must specify only the number of subconsultant personnel and Column B must specify only the number of prime consultant personnel to be assigned to work on this project reference number. Do not include the total personnel for either the subconsultant or prime consultant under Item 4 unless the total personnel are necessary to provide the required work and services.

The prime and each subconsultant may include no more than one page each for Items 10 and 11.

If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be currently certified by the Department of Transportation, and the name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

4. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than one (1) year old as of the date of this advertisement, must accompany each Letter of Interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor, or a Company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement.

If the Standard Form 254 is not submitted with the Letter of Interest, the transmittal letter shall indicate the dates that the Standard Forms 254 were submitted to the Bureau of Design and appropriate Engineering District/Central Office Bureau.

These Forms must be assembled with the prime's form first, followed by the form for each subconsultant in the same order as the subconsultants appear in Item 6 of Form 255.

5. Workload Projection Graph (Not required for Construction Inspection Services)

Separate Workload Projection Graphs for the prime and each subconsultant shown in Item 6 of the Form 255 must be included and must indicate the firm's current and anticipated workload compared to the anticipated capacity available for the next two-year time frame. The Workload Projection Graphs must be submitted for the office(s) where the work would be performed and must

only include the personnel classifications required for providing the advertised services and work.

6. Authorization Letters (For Construction Inspections Services, if required)

If the advertisement requires a letter signed by individuals giving their approval to use their name in the Letter of Interest, the letters from proposed prime employees must be first, followed by subconsultant employees, in the same order as shown in Item 6 of Form 255.

7. Registration To Do Business

Firms with out-of-state headquarters or corporations not incorporated in Pennsylvania must include, with each Letter of Interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

A single page summary must indicate the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Accountant must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate would be available.

9. Additional Information

Additional information, not to exceed ten (10) one sided 8 1/2" x 11" pages or five (5) double sided 8 1/2" x 11" pages may be included at the discretion of the submitting firm.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

# INSURANCE DEPARTMENT

## Public Informational Hearing; Mutual-To-Stock Plan of Conversion

The Insurance Department (Department) will hold a public informational hearing regarding the proposed plan of conversion submitted by Pennsylvania Millers Mutual Insurance Company, a Pennsylvania domiciled mutual casualty insurance company. The proposed plan provides for conversion from a mutual casualty insurance company to a stock casualty insurance company and the formation of a mutual holding company and an intermediate stock holding company. The filing was made under the Mutual-to-Stock Conversion Act (40 P. S. § 911-A et seq.). All policyholders and interested persons are invited to attend and participate.

1. *Date and Time:* June 19, 1998, beginning at 9 a.m.

2. *Location:* Capitol Associates Building, Suite 200, North Seventh Street, Harrisburg, PA (717) 783-2126.

3. *Nature of Hearing:* The public informational hearing will provide an opportunity for policyholders and interested persons to present oral comments relevant to the proposed plan of conversion. The proceeding will be recorded and a transcript may be purchased directly from the court reporter.

4. *Legal Authority:* The public informational hearing will be held under the Mutual-to-Stock Conversion Act (40 P. S. § 911-A et seq.).

5. *ADA Notice:* If, due to a disability, individuals require the assistance of auxiliary aid or services to participate in or attend this public informational hearing, call Tracey Pontius, Director of the Bureau of Administration, (717) 787-4298. Persons who are hearing impaired, should call the Department's TDD phone number (717) 783-3898.

6. *Written Comments:* Persons who are unable to attend the public informational hearing or would prefer to submit written comments concerning Pennsylvania Millers' proposed plan of conversion, may do so by mailing or delivering a copy of the comment to Carolyn Smith, Insurance Company Licensing Specialist, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120, fax (717) 787-8557, or by e-mail at [csmith@ins.state.pa.us](mailto:csmith@ins.state.pa.us). Please be advised that all comments received will be part of the public files regarding this proposal.

## Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing, as authorized by section 9(a) of the act of June 5, 1968 (P. L. 140, No. 78) (40 P. S. § 1008.9(a)) in connection with their company's termination of the insured's automobile policies.

The hearing will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Maria Strimel; file no. 98-303-70499; TICO Insurance Company, doc. no. PI98-04-022; June 10, 1998, at 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files, documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The insured must bring any evidence which the insured may want to offer at the hearing. The hearing will be held in accordance with the requirements of sections 9 and 10 of the act (40 P. S. §§ 1008.9 and 1008.10) and 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure).

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Transportation and Safety v. Thomas McGuigan,  
t/d/b/a Track Limo; Doc. Nos. A-00103018C98 and  
A-00103018*

**Complaint**

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Thomas McGuigan, t/d/b/a Track Limo, respondent, maintains his principal place of business at 5624 Cricket Lane, Bensalem, Bucks County, Pennsylvania 19020.

2. That respondent was issued a certificate of public convenience by this Commission on August 12, 1981, at Application Docket No. A-00103018.

3. That on or before March 5, 1998, respondent abandoned or discontinued service without having first filed an application with this Commission.

4. That respondent, by failing to file an application with this Commission prior to abandoning or discontinuing service, violated 52 Pa. Code § 3.381(a)(1)(v) and 66 Pa.C.S. § 1102(a)(2).

Wherefore, the Bureau of Transportation and Safety Staff hereby requests that the Commission revoke Thomas McGuigan, t/d/b/a Track Limo's certificate of public convenience at A-00103018.

*Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Colonel C. Heeter, t/d/b/a Mail Delivery; Doc. Nos. A-00097384C98 and A-00097384*

### Complaint

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Colonel C. Heeter, t/d/b/a Mail Delivery, respondent, maintains his principal place of business at P. O. Box 651, Pittsburgh, Allegheny County, Pennsylvania 15216.

2. That respondent was issued a certificate of public convenience by this Commission on August 16, 1973, at Application Docket No. A-00097384.

3. That on or before April 2, 1998, respondent abandoned or discontinued service without having submitted a letter to this Commission containing a statement that the service is no longer being rendered.

4. That respondent, by failing to submit a letter to this Commission containing a statement that the service is no longer being rendered, violated 52 Pa. Code § 3.381(a)(5).

Wherefore, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission revoke Colonel C. Heeter, t/d/b/a Mail Delivery's certificate of public convenience at A-00097384.

Respectfully submitted,

Joseph W. Farrell  
Director, Bureau of Transportation  
and Safety

**Complaint**

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Quaker Transit Company, Inc., respondent, maintains its principal place of business at 7825 Holstein Avenue, Philadelphia, PA 19153.
2. That respondent was issued a certificate of public convenience by this Commission at Docket No. A-00071506.
3. That respondent was sent, by certified mail, a 1992-93 Assessment in the amount of \$33,151.00.
4. That respondent was sent, by certified mail, a 1993-94 Assessment in the amount of \$8,552.00.
5. That respondent was sent, by certified mail, a 1994-95 Assessment in the amount of \$9,121.00.
6. That respondent was sent, by certified mail, a 1995-96 Assessment in the amount of \$4,244.00.

7. That respondent was sent, by certified mail, a 1996-97 Assessment in the amount of \$13,480.00.

8. That respondent was sent, by certified mail, a 1997-98 Assessment in the amount of \$13,874.00.

9. That, on or about December 19, 1997, a reminder notice was sent to respondent by first class mail notifying it of past due assessments.

10. That respondent has made payments totalling \$12,584.60.

11. That respondent has an outstanding assessment of \$69,837.40.

12. That respondent failed to file objections to the assessment, pursuant to 66 Pa.C.S.A. § 510(c).

13. That respondent, by failing to pay the assessment, is in violation of the Public Utility Code at 66 Pa.C.S.A. § 510(c).

*Wherefore*, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission cancel the certificate of public convenience issued to respondent, direct the Pennsylvania Department of Transportation to revoke the motor vehicle registration(s) issued to respondent, notify the Pennsylvania Department of Revenue that respondent's certificate of public convenience has been revoked and notify respondent's insurance carrier that respondent's certificate of public convenience has been revoked.

### Solicitation of Public Comment on the Draft Pennsylvania Statement Implementing the Provisions of Section 271 of the Telecommunications Act of 1996 in Pennsylvania; Doc. No. I-00980075

On December 18, 1997, the Commission entered an Opinion and Order in Docket M-00946840 (December 97 Order). The December 97 Order established the minimum requirements for submission of a Section 271 petition for review by the Commission. The December 1997 Order also closed the docket on that Section 271 proceeding.

On April 6, 1998, New York's Public Service Commission (NYPSC) held a press conference and issued correspondence stating the conditions under which the NYPSC could support a Section 271 application in New York. The New York Statement pertained to Bell Atlantic—New York (BA-NY) and relied on commitments BA-NY made in a Pre-Filed Statement (New York Statement).

On April 23, 1998, the Pennsylvania Public Utility Commission unanimously adopted a motion of Commissioner Rolka (the April 23 Order). The April 23 Order opened an investigation to determine whether the New York Statement could be useful in guiding Section 271 determinations in Pennsylvania.

The April Order contained a Draft Pennsylvania Statement aimed at soliciting public comment on whether a Pennsylvania-version of the New York Statement would be useful to Pennsylvania. This notice solicits that public input.

The Commission expects any Comment and Reply Comment to address any substantive, technical and policy questions. The standards, measurements, reports and prices adopted in the New York Statement might be inappropriate for Pennsylvania in light of our differing cost structure, procedures, service territories and the premerger environment. The Commission further invites BA-PA and any other party to propose additions, deletions, corrections and modifications to the Draft Pennsylv-

vania Statement. The Pennsylvania Commission seeks creative proposals that prevent unsatisfactory performance and promote a sustainable competitive environment. The Pennsylvania Commission solicits comment on what, if any, conditions might warrant a ban on the connection of additional long-distance customers.

The deadline for filing Comments is the close of business on May 28, 1998. The deadline for filing Reply Comments is the close of business on June 28, 1998.

Persons or entities submitting any Comment or Reply Comment must file an original and 13 copies of any comment or reply comment with the Office of the Secretary in PUC Doc. No. I-00980075. Any party submitting a Comment or Reply Comment must also provide two copies to each Commissioner's office and two copies to the Law Bureau. Any party submitting a Comment or Reply Comment should file an electronic read-only version in Word 6 format clearly identifying the party, the docket number, the nature of the filing and the contact person.

The contact person at the Commission is Joseph K. Witmer, Assistant Counsel, Law Bureau (717) 787-3663. A copy of the Draft Pennsylvania Statement, as well as the Order of April 23, 1998, can be obtained from Lisa Higley in the Office of the Secretary at (717) 787-1013.
