READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the *Pennsylvania Consolidated Statutes* provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the Laws of Pennsylvania are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the Laws of Pennsylvania to each law judge of the courts, to every county and public library of this Commonwealth, and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, State Records Center Building, 1825 Stanley Drive, Harrisburg, PA 17103, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

Legislative Bills and Documents

Copies of Senate Bills and Documents may be obtained from: Document Room, Senate of Pennsylvania, Room 34A, Main Capitol Building, Harrisburg, PA 17120, (717) 787-6732.

Copies of House Bills and Documents may be obtained from: Document Room, House of Representatives, 35 Main Capitol Building, Harrisburg, PA 17120, (717) 787-5320.

President Judge

Rule 212*(g). Settlement Conference. [Rescinded].

Rule 212*(h). Settlement Conference List. [Rescinded].

Rule 212*(i). Rules Pertaining to Settlement Conference List. [Rescinded].

Rule 212*(j). Conduct of Settlement Conferences. [Rescinded].

Rule 212*(k). Certification Required for Trial List Without Settlement Conference. [Rescinded].

Rule 212.1*. Civil Actions to be tried by jury. Civil Actions to be tried non-jury. Equity Actions. Notice of earliest trial date. Time for filing pre-trial statements.

(a)* The Court hereby extends Pa.R.C.P. 212.1 and 212.2 to apply to civil actions to be tried non-jury, and to equity actions. The notice of first listing for trial, generated by the Court Administrator's Office at least 50 days prior to said trial date, shall serve as notice of the earliest trial date required by Pa.R.C.P. 212.1(a).

(b)* All pre-trial statements are to be filed in the Prothonotary's Office not later than fourteen (14) days prior to the earliest trial date.

Comment: Pursuant to Pa.R.C.P. 212.1(c)(2), Montgomery County has altered the times set for the filing of pre-trial statements as set forth in Pa.R.C.P. 212.1(b). This Rule applies to matters that are certified for trial pursuant to Local Rule of Civil Procedure 212.1*(d).

Rule 212.1*(d). Certification Required for Trial List.

(1) Certification shall be by all parties.

(2) Certification shall state that no motions are outstanding and that all discovery has been completed.

(3) No discovery shall be permitted after certification unless by agreement of counsel or permission of Court.

(4) If any attorney refuses to join in certification of the case, counsel who wishes the case listed shall request a conference with the designated Judge, and give five days' notice of that appointment to other counsel. Thereafter the Judge shall rule on whether the case is ready for listing and may order the case listed on motion of counsel if in the opinion of the Court the case is ready for certification.

President Judge's note: Local Rule 212.1*(c) Conferences—Members of the Bar are advised that the Board of Judges has agreed to discontinue the practice of ordering cases on the civil trial list where discovery has not been completed, and allowing for discovery to be ongoing. Delays in completing discovery may be addressed through traditional available mechanisms; court orders, with sanctions for failure to comply.—President Judge Joseph A. Smyth, February 1998.

RULES AND REGULATIONS

Title 37—LAW

BOARD OF PARDONS

[37 PA. CODE CH. 81]

Recommendation for Clemency

The Board of Pardons (Board) hereby amends § 81.301 (relating to recommendation) to read as set forth in Annex A. The section is amended under the Board's authority in section 909(c) of The Administrative Code of 1929 (71 P. S. § 299(c)).

Background

A proposed amendment to PA. CONST., art. IV, § 9 changing provisions relating to pardons, commutations and the Board was approved by a majority of the qualified electors of this Commonwealth at an election held on November 4, 1997. The section of the Board regulations affected by this amendment to the Constitution is § 81.301. This section has been amended to reflect that a unanimous vote of the Board is required to send a recommendation for clemency to the Governor in cases when the person involved is under sentence of death or life imprisonment. The current § 81.301(a) calls for a majority vote of the members of the Board to recommend clemency to the Governor in these cases.

Amendment

Section 81.301 is amended to reflect the recent amendment to PA. CONST., art. IV § 9 which requires an unanimous vote of the Board to recommend clemency to the Governor when the applicant is under sentence of death or life imprisonment.

Notice

Notice of proposed rulemaking has been omitted under section 204(3) of the act of July 31, 1968 (P. L. 769, No. 204) (45 P. S. § 1204(3)) (CDL), which specifies that a regulation may be adopted without notice of proposed rulemaking if proposed rulemaking procedures are in the circumstances impracticable, unnecessary or contrary to the public interest. The proposed rulemaking procedures are unnecessary, since the rulemaking simply incorporates the recent amendments to the Constitution of Pennsylvania regarding the Board.

Cost and Paperwork Requirements

There is no fiscal impact or additional paperwork requirements associated with the amendment for the Commonwealth, local government, the private sector or the general public.

Regulatory Review

Under section 5.1(c) of the Regulatory Review Act (71 P. S. § 745.5a(c)), on April 13, 1998, the Board submitted a copy of this amendment with proposed rulemaking omitted to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Judiciary Committees. On the same date, the final-omitted regulation was submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

In accordance with section 5(c) of the Regulatory Review Act, this final-omitted regulation was deemed ap-

proved by the House and Senate Committees on May 3, 1998. IRRC approved the final-omitted regulation on May 7, 1998.

Contact Person

For further information regarding the amendment, contact Nelson R. Zullinger, Secretary, Board of Pardons, 333 Market Street, 15th Floor, Harrisburg, PA 17126. (717) 787-2596

Finding

The Board finds that:

(1) The proposed rulemaking procedures in sections 201 and 202 of CDL (45 P. S. §§ 1201 and 1202), are unnecessary, since the final-form regulation simply incorporates provisions from the Constitution regarding the Board and public comments will have no impact upon the final-form regulation.

(2) That public notice of intention to adopt the final-form regulation has been omitted under section 204 of the CDL.

Order

The Board orders that:

(a) The regulations of the Board, 37 Pa. Code Chapter 81, are amended by amending § 81.303 to read as set forth in Annex A.

(b) The Secretary of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to form and legality as required by law.

(3) The Secretary of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(4) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

NELSON R. ZULLINGER,
Secretary

Fiscal Note: 56-2. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 37 LAW

PART III. AGENCIES AND OFFICES

CHAPTER 81. BOARD OF PARDONS

DISPOSITION

§ 81.301. Recommendation.

(a) An application for pardon, or for remission of fines and forfeitures, and the granting of reprieves, or commutation of sentence, shall be approved by the Board at a public hearing by a majority vote of the members, prior to delivery of the written recommendation to the Governor for a decision. An application for a pardon or commutation of a death or life imprisonment sentence must be approved at a public hearing by a unanimous vote of the members, prior to delivery of the written recommendation to the Governor for a decision.

(b) When the applicant is serving a sentence described in § 81.232 (relating to interview of the applicant), a

recommendation and Warrant of Commutation that is presented to the Governor shall include a requirement that the applicant serve at least 1 year in a prerelease center prior to release on parole unless transfer of the applicant to a prerelease center is not appropriate due to a certified terminal illness.

(c) Recommendations made to the Governor for commutation of sentence will be conditioned in subsection (e).

(d) Recommendations for a pardon may be made conditional by a majority vote by the Board.

(e) If it is the Board's desire that the commutation or pardon be conditional, any recommended Warrant of Commutation or Charter of Pardon presented to the Governor shall include the following language:

"Subsequent to this date, if it is determined, upon public hearing by the Board of Pardons, that (name) has committed a probation or parole violation or has been convicted of a new criminal offense, this grant of clemency may be rendered null and void by myself or by my successors in office."

(f) When notified of a subsequent criminal offense conviction, or probation or parole violation, the Secretary will inform the Board. The Board will then decide, on a case-by-case basis, whether to hold a public hearing regarding the suspected violation of the conditional pardon or commutation. After public hearing, a majority of the Board may recommend to the Governor that clemency be revoked.

DEPARTMENT OF CORRECTIONS
[37 PA. CODE CH. 93]
Prison Medical Services Program

The Department of Corrections (Department) acting under the authority conferred by the Prison Medical Services Act (act) (61 P. S. §§ 1011-1017) (act) and section 903-B of The Administrative Code of 1929 (71 P. S. § 310-2) (AC) amends § 93.12 (relating to Prison Medical Services Program).

Background and Need for the Amendment

The amendment enables the Department to impose fees on inmates in State correctional institutions and facilities for the provision of certain medical services. The amendment also requires inmates who are covered by medical insurance to pay for the medical services through that insurance as far as the medical insurance policy may allow. Section 93.12 is amended to include subsections that contain definitions, specify what medical services will and will not be subject to a fee, require inmates who are covered by medical insurance to pay for the costs of those services through that insurance and describe the procedures to be used for the collection of the fees.

Section 93.12 is first amended by designating its current and only subsection as subsection (a). Subsection (b) is added to include definitions for the terms "Department," "fee," "inmate," "health care professional" and "medical service." Subsection (c) is added to designate the medical services for which a fee will be charged. Subsection (d) is added to designate the medical services for which a fee will not be charged. Subsection (e) is added to establish the amount of the fee to be charged for certain

medical services and when the fee will be assessed. Subsection (e) also confers upon the Department the authority to modify the fee through regulatory amendment. Subsection (f) is added to describe how payment of fees will be accomplished. Subsection (g) is added to require inmates who have medical insurance to pay for their own medical needs through that insurance. Subsection (h) is added to require the Department to include an explanation of the medical service fee program in the Inmate Handbook.

The amendment is adopted under the act and section 903-B of the AC. The act and the AC establish the Prison Medical Services Program (Program) within the Department and direct the Department to issue regulations to implement the program and to require inmates who are covered by medical insurance to pay for their medical needs through that insurance. The act states that the regulations shall specify the medical services which are subject to fees, the fee amounts, payment procedures, medical services that are not subject to fees and fees applicable to medical emergencies, chronic care and pre-existing conditions.

Implementation of the program will result in immediate savings to the taxpayers of this Commonwealth. Inmates will be required to pay for a portion of the medical services actually used. This is in contrast to the present system where inmates receive free medical services at taxpayer expense. Additionally, it is anticipated that inmates will be less likely to seek and use medical services unnecessarily when they will be partly responsible for paying for those services. The money earned through the assessment of fees for medical services for inmates will be placed in the General Fund.

Fiscal Impact

The amendment requires that inmates incarcerated within State correctional institutions and facilities pay a \$2 fee for certain medical services provided to them and to pay two-thirds of the total cost of medical services that are provided to another inmate as a result of the paying inmate's assaultive conduct. The amendment also requires inmates who are covered by medical insurance to pay for their medical needs through that insurance. The amendment has no other direct fiscal impact on the private sector, the general public or political subdivisions. The additional revenue generated through the collection of fees will be deposited in the General Fund as required by the act.

Paperwork Requirements

The amendment creates minimal additional paperwork for the private sector in that few inmates are covered by medical insurance that would require the filing of many medical claims with private insurance companies. The amendment does not create any additional paperwork for the general public or political subdivisions of this Commonwealth. Minimal additional paperwork is required for the Department. The Department will collect the fees through an inmate authorization form, which will describe the medical service to be provided and advise the inmate of the fee to be deducted from the inmate's account. The authorization form will then be forwarded to the institution's business office for debiting the inmate's account. The act also requires that the Department conduct an annual audit of the program and submit an annual report to the Chairperson and minority Chairperson of the Appropriations Committee and the Judiciary Committee of the Senate and the Chairperson and minority Chairperson of the Appropriations Committee and the Judiciary Committee of the House of Representatives.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 24, 1997, the Department submitted a copy of notice of proposed rulemaking, published at 27 Pa. B. 5095 (October 4, 1997) to the Independent Regulatory Review Commission (IRRC), and the Chairpersons of the House and Senate Judiciary Committees (Committees) for review and comment. In compliance with section 5(c) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of the comments received, as well as other documentation. In preparing this final-form regulation, the Department has considered the comments received from IRRC, the Committees and the public.

Under section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), the final-form regulation was deemed approved by the Committees on February 18, 1998. IRRC met on February 26, 1998, and approved the final-form regulation in accordance with section 5.1(e) of the Regulatory Review Act.

Statutory Authority

The Department's authority to establish the program and impose the fees established by the amendment is in section 3(b) of the act (61 P. S. § 1013(b)) and section 903-B of the AC.

Effective Date

The amendment to § 93.12 is effective upon final publication in the *Pennsylvania Bulletin*.

Contact Person

Interested persons are invited to submit written questions regarding the amendment to Kathleen Zwierzyna, Director, Bureau of Health Care Services, P. O. Box 598, 2520 Lisburn Road, Camp Hill, PA 17001-0598.

Findings

The Department finds that:

(1) Notice of proposed rulemaking was published at 27 Pa.B. 5095, as required by sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and that the comments received were considered.

(3) The adoption of the amendment in the manner provided by this order is necessary and appropriate for the administration of the authorizing statutes.

Order

The Department, acting under the act orders that:

(a) The regulations of the Department, 37 Pa. Code Chapter 93, are amended by amending § 93.12 to read as set forth in Annex A.

(b) The Department shall submit this order and Annex A to the Office of General Counsel and to the Office of Attorney General for approval as required by law.

(c) The Secretary of Corrections shall certify this order and Annex A and deposit them with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin* as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin* and the program shall be imple-

mented 60 days after all current inmates receive written notice of the implementation of the program.

MARTIN F. HORN,
Secretary

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 28 Pa.B. 1362 (March 14, 1998).)

Fiscal Note: 19-1. (1) General Fund; (2) Implementing Year 1997-98 is \$30,000; (3) 1st Succeeding Year 1998-99 is \$180,000; 2nd Succeeding Year 1999-00 is \$185,000; 3rd Succeeding Year 2000-01 is \$191,000; 4th Succeeding Year 2001-02 is \$197,000; 5th Succeeding Year 2002-03 is \$203,000; (4) Fiscal Year 1996-97 \$735,771,000; Fiscal Year 1995-96 \$826,878,000; Fiscal Year 1994-95 \$720,826,000; (7) State Correctional Institutions; (8) recommends adoption. This amendment will also increase revenue to the General Fund from the \$2 inmate fee. The increased revenue is estimated at \$63,000 for Fiscal Year 1997-1998 and \$380,000 annually beginning in Fiscal Year 1998-1999. The increased revenue will augment the State Correctional Institutions Appropriation in the Department of Corrections.

Annex A**TITLE 37. LAW****PART III. AGENCIES AND OFFICES****CHAPTER 93. STATE CORRECTIONAL INSTITUTIONS AND FACILITIES CARE AND TREATMENT****§ 93.12. Prison Medical Services Program.**

(a) Every institution will establish procedures to permit inmates to have access to health care professionals, prescribed treatment for serious medical needs, appropriate nutrition, exercise and personal hygiene items.

(b) The following words and phrases, when used in this section, have the following meanings unless the context clearly indicates otherwise:

Department—The Department of Corrections of the Commonwealth.

Fee—The portion of the actual cost of a medical service provided to an inmate which the Department has determined shall be charged to the inmate.

Health care professional—Any physician, physician assistant, nurse, dentist, optometric professional or other person licensed to provide health care under the laws of the Commonwealth.

Inmate—A person confined to a correctional institution, motivational boot camp, community corrections center or other facility operated by the Department, its agent or contractor.

Medical service—The diagnosis, evaluation, treatment or preservation of the health of the human body, including its organs, structures and systems. The term includes diagnostic testing, prescribing and administering medication, surgical procedures, dental care, eye care, the furnishing of prosthetics and any other type of treatment or preventative care, whether performed on an inpatient or outpatient basis.

(c) The Department will charge a fee to an inmate for any of the following:

(1) Nonemergency medical service provided to an inmate at the inmate's request.

(2) Medical service provided to the inmate as the result of a self-inflicted injury or illness, including emergency medical service provided to the inmate as the result of a self-inflicted injury or illness.

(3) Initial medication prescription except as provided in subsection (d)(2), (14), (16) and (17).

(4) Medical service provided to another inmate as a result of assaultive conduct engaged in by an inmate to be charged the fee.

(5) Medical service provided to an inmate as a result of an injury or illness arising from the inmate's participation in a sport.

(6) Medical service provided to an inmate to determine whether his physical condition is suitable for participation in a sport unless the medical service is provided as part of an inmate's initial, annual or biennial physical examination.

(d) The Department will not charge a fee to an inmate for any of the following:

(1) Physical, dental or mental health screening provided to an inmate upon intake.

(2) Immunization, tuberculosis test, Hepatitis B vaccination or other treatment initiated by the Department for public health reasons.

(3) Institution transfer screening.

(4) Annual and biennial physical and dental examination.

(5) Medical service provided to an inmate during a follow-up appointment scheduled by a health care professional employed by the Department or its contractors.

(6) Mental health treatment.

(7) Medical treatment for a chronic disease or illness.

(8) Infirmary care in a Department of Corrections facility.

(9) Hospitalization outside of a Department of Corrections facility.

(10) Long-term care to an inmate not in need of hospitalization, but whose needs are such that they can only be met on a long-term basis and who needs the care because of age, illness, disease, injury, convalescence or physical or mental infirmity.

(11) Medical referral ordered by a health care professional employed by the Department or its contractors.

(12) Medical service provided to an inmate during a medical emergency unless the medical emergency resulted from a self-inflicted injury or illness as determined by the health care professional providing the medical service.

(13) Laboratory test, electrocardiogram, dressing change or other treatment ordered by a health care professional employed by the Department or its contractors.

(14) Prenatal care.

(15) Medical service provided as a result of an injury or illness arising from an inmate's institutional work assignment.

(16) Medication prescription subsequent to the initial medication prescription provided to an inmate for the same illness or condition.

(17) Social service program including, but not limited to, substance abuse groups and counseling.

(18) Psychotropic medication.

(19) Medication prescribed for an inmate for public health reasons.

(20) Physical, dental and mental health screening performed at the request of the Department.

(21) Medical service provided to an inmate to determine whether his physical condition is suitable for an institutional work assignment.

(22) Eyeglass prescription.

(23) Dentures.

(24) Prosthetic devices excluding customized items.

(e) The fee for any medical service in subsection (c) is \$2, except that an inmate is required to pay a fee equivalent to two-thirds of the total cost of medical services provided to another inmate as a result of the inmate's assaultive conduct.

(1) The fee will be assessed each time a medical service in subsection (c) is provided to an inmate.

(2) Each inmate shall receive 60 days written notice of the implementation of the Prison Medical Services Program.

(3) Each inmate shall receive written notice of any changes in medical service fees and payment procedures at least 60 days after the effective date of a regulation that modifies the fee for medical services and payment procedures.

(f) Payment for any medical service in subsection (c) shall be accomplished according to the following procedures:

(1) At the time any medical service is to be provided to an inmate, the inmate will be informed by the Department or a health care professional contracted by the Department whether a fee will be charged for the medical service and will be provided with an authorization form. The authorization form will describe the medical service to be provided and authorize the institution to deduct the fee from the inmate's account.

(2) An inmate who wishes to receive a medical service after being advised that a fee will be charged for the medical service, shall sign the authorization form acknowledging that his inmate account will be debited for the fee. A nonemergency medical service will not be provided to an inmate who refuses to sign the authorization form after having been advised that a fee will be charged for the medical service. An inmate will not be denied access to medical services because of an inability to pay the required fee. If an inmate lacks sufficient funds to pay a medical service fee, the inmate's account will be debited and the fee recouped as soon as sufficient funds are deposited in the inmate's account.

(3) The Department may seek to recover any amount owed for medical services fees by an inmate upon release under section 5 of the Prisoner Medical Services Act (61 P. S. § 1015).

(g) An inmate who has medical insurance shall pay for his own medical needs through that insurance by submitting the proper paperwork to the insurance carrier.

(h) The Department will include an explanation of the program in the Inmate Handbook.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CHS. 135, 139 AND 141]

Bag Limits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 21, 1998, meeting, adopted the following changes:

Amend Chapter 135, Subchapter F, by amending § 135.104 (relating to restrictions on controlled goose hunting areas) by increasing the daily bag limit for Canada geese at Middle Creek Wildlife Management Area (MCWMA) to two birds, only in those years when the United States Fish and Wildlife Service closes the regular (fall) Canada Goose season in southeastern Pennsylvania.

Amend § 139.4 (relating to seasons and bag limits for the license year) to provide dates for the 1998-1999 hunting license year.

Amend Chapter 141, Subchapter B, by amending § 141.26 (relating to early Canada goose hunting season on Middle Creek Wildlife Management Area) by increasing the daily bag limit for Canada geese at the MCWMA to two birds, only in those years when the United States Fish and Wildlife Service closes the regular (fall) Canada goose season in southeastern Pennsylvania.

These amendments are adopted under the authority of 34 Pa.C.S. (relating to the Game and Wildlife Code) (code).

Amendments to §§ 135.104 and 141.26

1. *Introduction*

To effectively manage the wildlife resources of the Commonwealth, the Commission at its January 13, 1998, meeting proposed, and at its April 21, 1998, meeting finally adopted amendments to §§ 135.104 and 141.26 to allow a two goose bag limit during the early Canada goose season in the controlled area of the MCWMA. These amendments were adopted under sections 322(c)(1) and 2102(b)(1) of the code (relating to powers and duties of commission).

2. *Purpose and Authority*

The Commission is required to set hunting and furtaking seasons and bag limits on an annual basis. Section 322 of the code specifically empowers the Commission to fix seasons for any species of game or wildlife. Section 2102(b) of the code mandates that the Commission promulgate regulations relating to seasons and bag limits.

Because of concerns about the migratory populations of Canada geese, the United States Fish and Wildlife Service has closed the regular Canada goose season in most of this Commonwealth. At the same time, the population of resident Canada geese has dramatically increased resulting in numerous nuisance geese complaints. Increasing the early season bag limit in the controlled area of the MCWMA should help to decrease the resident population.

3. *Regulatory Requirements*

The adopted changes will relax current regulatory requirements.

4. *Comment and Paperwork Requirements*

No comments were received with regard to the adopted changes.

5. *Cost and Paperwork Requirements*

The changes will not result in any additional cost or paperwork requirements.

6. *Effective Date*

The changes will be effective on final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

Amendments to § 139.4

1. *Introduction*

To effectively manage the wildlife resources of the Commonwealth, the Commission, at its January 13, 1998, meeting proposed, and at its April 21, 1998, meeting finally adopted, changes to § 139.4 to provide for seasons and bag limits for the 1998-1999 license year. These seasons and bag limits were adopted under sections 322(c)(1) and 2102(b)(1) of the code. Notable changes for the 1998—1999 year are a provision which will allow junior hunters to take an antlerless deer during antlered deer season, a provision which will increase the spring turkey bag limit to two on a contingent basis and longer small game seasons than in previous years.

2. *Purpose and Authority*

The Commission is required to set hunting and furtaking seasons and bag limits on an annual basis. Section 322 of the code specifically empowers the Commission to "... fix seasons ... and daily, season and possession limits for any species of game or wildlife." Section 2102(b) of the code mandates that the Commission promulgate regulations relating to seasons and bag limits.

Populations of rabbits, beavers, pheasants and squirrels are sufficiently abundant to justify extending their seasons and having a uniform start of small game season. Similarly, it appears that turkey populations are adequate to permit a bag limit of two in the spring, but this bag limit is contingent on a spring turkey license or stamp being created. Finally, to encourage junior hunters, the Commission will permit them to take antlerless deer, with the appropriate license, on the two Saturdays of the antlered deer season.

3. *Regulatory Requirements*

These seasons and bag limits establish when and where it is lawful to hunt and trap various game species and place limits on the numbers that can be legally taken.

4. *Persons Affected*

All persons wishing to hunt and trap in this Commonwealth will be affected by these seasons and bag limits.

5. *Comment and Response Summary*

The Commission received nearly 900 comments with regard to the proposal to allow junior license holders to take either an antlered or antlerless deer during the antlered deer season with nearly two-thirds of those comments being opposed. Most of the concerns expressed related to safety and to adults shooting the deer for the juveniles. As a result of the safety concerns, the Commission decided to restrict this change to Saturdays only of the antlered deer season.

The Commission also received over 550 comments with respect to increasing the spring turkey bag limit to two. Approximately three-fourths of these comments were opposed to the increase because of concerns about turkey populations. In response to these comments, the Commission decided to make the increase contingent on the establishment of a spring turkey license and to allow the taking of one turkey in each half of the season if the bag limit is two. Otherwise, the limit will be one.

Finally, the Commission received nearly 700 comments relating to extending the small game seasons, nearly three fourths of those comments being opposed. Most of the opposition comments expressed satisfaction with the current length of small game seasons and indicated concerns about impacts on small game populations, farmers and other hunting seasons. As a result of these comments, the Commission decided to shorten the originally proposed combined squirrel and rabbit seasons by 2 weeks.

6. *Cost and Paperwork Requirements*

The adopted new seasons and bag limits will not result in any additional cost either to the Commission or to hunters and furtakers with the exception of the contingency for a spring turkey license which will need to take place by Legislative action.

7. *Effective Dates*

The amendment is effective July 1, 1998 to June 30, 1999.

Contact Persons

For further information on the adopted changes the contact person is James R. Fagan, Director, Bureau of

Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 135, 139 and 141, are amended by amending §§ 135.104 and 141.26 to read as set forth at 28 Pa.B. 1243 (March 7, 1998) and by amending § 139.4 to read as set forth in Annex A.

(b) The Executive Director of the Commission shall submit this order, 28 Pa.B. 1243 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final publication in the *Pennsylvania Bulletin*.

Title 64—SECURITIES

SECURITIES COMMISSION

[64 PA. CODE CH. 203]

Corrective Amendment to 64 Pa. Code § 203.141(b)(2)

The Securities Commission has discovered a discrepancy between the agency text of 64 Pa. Code § 203.141(b)(2), as deposited with the Legislative Reference Bureau and published at 24 Pa.B. 653 (January 29, 1994), and the official text as published in the May, 1994 *Pennsylvania Code Reporter* (Master Transmittal Sheet No. 234) and as currently appearing in the *Pennsylvania Code*. Words were omitted from the text of subsection (b)(2).

Therefore, under 45 Pa.C.S. § 901: The Securities Commission has deposited with the Legislative Reference Bureau a corrective amendment to 64 Pa. Code § 203.141(b)(2). The corrective amendment to 64 Pa. Code § 203.141(b)(2) is effective as of May 7, 1994, the date the defective official text was announced in the *Pennsylvania Bulletin*.

The correct version of 64 Pa. Code § 203.141(b)(2) appears in Annex A, with ellipses referring to the existing text of the regulation.

PROPOSED RULEMAKING

DEPARTMENT OF TRANSPORTATION

[67 PA. CODE CH. 449]

Liquid Fuels Tax Funds; Intent to Promulgate Regulation and Request for Public Participation

The Department of Transportation, Bureau of Municipal Services, pursuant to the authority contained in Act of June 1, 1956 (P. L. (1955) 1944, No. 655) (72 P. S. §§ 2615.1—2615.4), and consistent with the goals of Executive Order 1996-1, February 6, 1996, Regulatory Review and Promulgation, announces its intention to amend Title 67 of Department Regulations by amending Chapter 449, Liquid Fuels Tax Funds.

The purpose of this rulemaking is to update and revise the regulations for changes made by statute and policy since the last revision in 1987. The recent creation of the Department of Community and Economic Development (Act of June 27, 1996 (P. L. 403, No. 58)), has outdated numerous sections of the regulations which relate to the former Department of Community Affairs and the forms required by it for annual reporting purposes. In addition,

changes to municipal and county codes, effective September 8, 1990, have superseded certain provisions dealing with bidding thresholds, quotation procedures and evasion and need to be revised for clarity and consistency.

The Department anticipates that this rulemaking will affect the The Department of Community and Economic Development; Engineering Districts; state associations and their constituencies, including the State Association of Boroughs, the State Association of Township Supervisors, the State Association of County Commissioners, and the Pennsylvania League of Cities and Municipalities.

Accordingly, the Department is requesting that within thirty days of the publication of this notice in the *Pennsylvania Bulletin*, all interested persons desiring to participate in the development of this rulemaking or that have questions, suggestions, or comments, please contact Jeffrey Haste, Director, Bureau of Municipal Services, 555 Walnut Street, 8th Floor, Forum Place, Harrisburg, PA 17101-1900, (717) 787-2183.

PART II. EXECUTIVE BOARD

[4 PA. CODE CH. 9]

Reorganization of the Department of General Services

The Executive Board approved a reorganization of the Department of General Services effective May 6, 1998.

The organization chart at 28 Pa.B. 2511 (May 30, 1998) is published at the request of the Joint Committee on Documents under 1 Pa. Code § 3.1(a)(9) (relating to contents of *Code*).

(Editor's Note: The Joint Committee on Documents has found organization charts to be general and permanent in nature. This document meets the criteria of 45 Pa.C.S. § 702(7) as a document general and permanent in nature which shall be codified in the Pennsylvania Code.)

DEPARTMENT OF EDUCATION

State Grant Funds for a Family Literacy Program, Act 143 of 1986 for Program Year 1998-99

Act 143 of 1986, as approved by the General Assembly of the Commonwealth of Pennsylvania and signed into law on October 22, 1986, established the Pennsylvania Adult Literacy Education Grant Program. A portion of the appropriation has been set aside for family literacy defined in the act as: "An educational program designed to provide literacy training for adults, educational services for children and activities for parents and children together, at the same or at different sites."

The purpose of the Pennsylvania Family Literacy Program is to break the cycle of poverty and illiteracy through an intergenerational instructional program, to improve the educational opportunities for children and adults by integrating early childhood and adult education for parents into a unified family program, and to implement collaborative relationships that build on existing community resources creating a new range of services. The program shall also assist children and adults to meet challenging education performance standards.

The Secretary shall consider, but not be limited to, the following factors when evaluating proposals for adult literacy instruction programs:

- 1) Percentage of eligible adults expected to be enrolled for instruction who are receiving either State or Federal public assistance, or who are unemployed workers or displaced homemakers.
- 2) Percentage of eligible adults in any local area who do not have certificates of graduation from a secondary school and who are not currently enrolled in adult literacy education programs.
- 3) Percentage of eligible adults expected to be enrolled who are members of minority groups.
- 4) Percentage of eligible adults with less than a fifth grade reading level to be served.

Eligible applicants include literacy councils, libraries, local education agencies, community colleges, and public and private nonprofit agencies, organizations and institutions. Priority consideration will be given to applications that will conduct programs that expect to enroll high numbers of eligible adults who are receiving public assistance; do not have high school diplomas; are members of minority groups; and/or have less than a 5th grade reading level. Priority also will be given to programs that provide client outreach and referral activities that are coordinated with other adult education literacy programs and early childhood education programs, county assist-

ance offices, social service agencies, offices of employment security, Job Training Partnership Act (JTPA) programs, and other community groups or agencies that provide services and assistance to persons in need of basic literacy skills.

Program applicants are required to collaborate with other local educational agencies and community-based organizations. Applicants should seek organizations with demonstrated and documented quality in providing adult literacy, early childhood education or parenting education building on existing community services and not duplicating services available in the community. Potential partners include adult education agencies, Head Start, Family Centers, and/or school district based K-4 programs. Given the limited size of the grant and the large number of other local, State and Federal programs focused on adult literacy or early childhood education, it is critical that applicants use these funds as the link to provide a comprehensive family literacy program created from among these various sources of support. The Program requires that applicants coordinate with some organizations for service delivery and collaborate with others for program planning. Working together with other agencies and building community partnerships is essential to the program's success. Interagency relationships may develop along a continuum of restructuring and redefining philosophies, roles and expectations.

Grant awards will range from \$60,000 to \$80,000 for a unit of family literacy. Each unit must serve a minimum of 20 families in the required four components for family literacy programs. Adult services of up to 25 hours per week must be made available in order to meet welfare to work requirements for welfare recipients that are in compliance with local welfare-to-work requirements.

Application due dates: Act 143 State Family Literacy Program Grant awards: July 17, 1998.

Application Procedures and Program Guidelines will be mailed to current adult basic education providers after June 1, 1998. Others desiring additional information or Application Procedures and Program Guidelines may obtain them by making a written request to: Chief, Special Programs and Projects Division; Bureau of Adult Basic and Literacy Education; Pennsylvania Department of Education; 333 Market Street, 12th Floor; Harrisburg, PA 17126-0333.

All potential applicants are urged to attend a proposal development workshop for the Family Literacy Initiative. These workshops will be conducted at the following times and places:

June 12—Radisson Motel, Sharon, PA	3 p.m.-5 p.m.
June 17—Centre Co.VoTech, Cafeteria, Pleasant Gap	10 a.m.-12 noon
June 18—Chester Co. IU, Diamond Rock Rm., Exton, PA	10 a.m.-12 noon

Please register by calling the Bureau at (717) 787-5532. In order to ensure timely administration and processing of applications, both grant writer and the fiscal officer should attend the workshop.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived his right to review or object to this proposed permit action under the waiver provision 40 CFR Section 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address, and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each commenter will be notified in writing of the time and place if a hearing or conference concerning the plan or action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

INDIVIDUAL PERMITS

(PAS)

NPDES INDIVIDUAL

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the regional office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken PA 19428, (610) 832-5950.

Martin E. Braam, III Property, Bensalem Township, **Bucks County**. Darryl D. Borrelli, Manko, Gold & Katcher, Suite 500, 401 City Avenue, Bala Cynwyd, PA 19004, has submitted a Notice of Intent to Remediate site groundwater contaminated with solvents. The applicant proposes to remediate the site to meet background standards.

Staats Oil (Heating Oil Partners, L. P.) Malvern Borough, **Chester County**. Michael J. Cody, Cody Ehlers Group, 140 Sherman Street, Fairfield, CT 06430, has submitted a Notice of Intent to Remediate site soil contaminated with BTEX and polycyclic aromatic hydrocarbons and site groundwater contaminated with polycyclic aromatic hydrocarbons. The applicant proposes to remediate the site to meet Statewide health standards.

Phoenixville Technical Center, Phoenixville Borough, **Chester County**. Paul White, Walter B. Satterthwaite Associates, Inc., 720 Old Fern Hill Road, West Chester, PA 19380, has submitted a Notice of Intent to

Remediate site soil and groundwater contaminated with BTEX and polycyclic aromatic hydrocarbons. The applicant proposes to remediate the site to meet Statewide health standards.

Northeast Regional Field Office: Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Hart Metals, Inc., Tamaqua Boro, **Schuylkill County**. Douglas J. Shenk, Project Manager, ERM, 855 Springdale Drive, Exton, PA 19341 has submitted a Notice of Intent to Remediate (on behalf of his client, Reade Manufacturing Company, 100 Ridgeway Boulevard, Lakehurst, NJ 08733) concerning the remediation of site soils suspected to be contaminated with metals, petroleum hydrocarbons and polyaromatic hydrocarbons. In addition to those constituents, groundwater is also suspected to be contaminated with solvents and BTEX (benzene, toluene, ethylbenzene and xylenes). The applicant proposes to remediate the site to meet the Statewide human health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period a municipality may request that the person identified, as the

remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken PA 19428, (610) 832-5950.

Moyer Packing Company, Upper Makefield Township, **Bucks County**, Hudson S. Green, Jr., Earth Data, Inc., 924 Springdale Drive, Exton, PA, 19341, has submitted a Notice of Intent to Remediate site groundwater contaminated with solvents. The applicant proposes to remediate the site to meet site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in *The Intelligencer* on April 14, 1998.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Kerr Group, Inc., City of Lancaster, **Lancaster County**. Kerr Group, Inc., 500 New Holland Avenue, Lancaster, PA has submitted a Notice of Intent to Remediate site groundwater contaminated with BTEX and solvents and site soils contaminated with BTEX. The applicant proposes to remediate the site to meet the site-specific standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Lancaster Intelligencer Journal* on April 30, 1998.

Harrisburg International Airport, Lower Swatara Township and Middletown Borough, **Dauphin County**. Paul J. Bruder, Jr., Esq. has submitted a Notice of Intent to Remediate site soils contaminated with PCBs, heavy metals, solvents and PAHs and groundwater contaminated with solvents. The applicant proposes to remediate the site to meet the site-specific standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Harrisburg Patriot News* on May 1, 1998.

SOLID AND HAZARDOUS WASTE

RESIDUAL WASTE PROCESSING FACILITIES

Permit modification request under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and the residual waste regulations for a general permit to operate residual waste processing facilities.

Central Office—Division of Municipal and Residual Waste: 14th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101-2301.

General Permit No. WMGR053. Private Recycling Services, Inc., R. D. 2, Box 250A-1, Cochranon, PA 16314. A permit modification has been requested for the processing of off-specification or out-of-date consumer commodity-type materials in recyclable containers prior to

beneficial use of the container materials. The requested revision would allow the use of mixed batch waste from PPG Industries as a solidification/stabilization agent. Mixed batch waste is composed primarily of sand, soda ash, dolomite, limestone and cullet dust. The modification request was received in this office on May 12, 1998.

Comments concerning modification of General Permit No. WMGR053 should be directed to Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Land Recycling and Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472. Persons interested in obtaining more information about the general permit and requested modification may contact the Division at (717) 787-7381. TDD users may contact the Department through the Pennsylvania Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice.

AIR POLLUTION

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Pennsylvania Department of Environmental Protection (Department) has developed an integrated plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and title V operating permits).

Copies of the Title V application, proposed permit and other relevant information are available for public inspection and additional information may be obtained by contacting the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, Attn: Michael Safko, (717) 826-2531.

54-00008: Northeastern Power Company (P. O. Box 7, McAdoo, PA 18237) located in Kline Township, **Schuylkill County**. The facility's major source of emissions is the CFB Boiler which primarily emits nitrogen oxides.

39-00017: G & T Industries, Inc. (3413 Eastern Avenue SE, Grand Rapids, MI 49508) located in Upper Macungie Township, **Lehigh County**. The facility's major source of emissions is glue lines which primarily emit VOCs.

Reading District Office: Air Quality Program, 1005 Crossroad Boulevard, Reading, PA 19605, Attn: Roger Fitterling, (610) 916-0100.

06-05029: Reading Body Works, Inc. (P. O. Box 650, Reading, PA 19607-0650) located in Reading, **Berks County**. The facility's major source of emissions is a surface coating line which primarily emits VOCs.

OPERATING PERMITS

Notice of Intent to Issue Synthetic Minor State-Only Operating Permits for Certain Gasoline Distribution Facilities

Under 25 Pa. Code § 127.424, the Department of Environmental Protection (Department) is providing notice of its intent to issue synthetic minor State-only operating permits to the gasoline distribution facilities shown below. These facilities have the physical and operation capacity to emit major source amounts of regulated pollutants, but are not considered major sources because the owners or operators of these facilities have taken Federally enforceable emission limits below major source thresholds to avoid requirements of Title III and/or Title V of the Clean Air Act. The Federally enforceable emission restrictions apply to the gasoline throughput for each facility.

To qualify as an area source for Title III purposes or a nonmajor source under Title V in moderate ozone nonattainment areas, the maximum allowable emissions (after controls) shall be less than 50 tons per year of volatile organic compounds (VOCs) and 10 tons of a single hazardous air pollutant (HAP) or 25 tons per year of any combination of HAPs. The HAP emissions from these facilities include benzene, hexane, toluene, xylene and methyl-tertiary butyl-ether (MTBE). For purposes of Title V, other pollutants including carbon monoxide, sulfur dioxide, nitrogen oxides and PM-10 must also be emitted below the major source thresholds (see "Title V facility" definition in 25 Pa. Code § 121.1).

The Department will issue the synthetic minor permits no later than June 15, 1998. As a result the gasoline distribution maximum achievable control technology (MACT) standard in 40 CFR Part 63, Subpart R will not apply to the gasoline bulk terminals and/or pipeline breakout stations listed in this notice. Title V operating permits will not be issued to these facilities. Copies of the "synthetic minor" application, the proposed permit and other relevant documents are available for public inspection during normal business hours in the Department's regional offices identified in this notice.

Any person wishing to provide the Department with additional information which they believe should be considered prior to the issuance of these synthetic minor permits may submit the information to the appropriate Department's Regional Office. A 30-day comment period, from the date of this publication, will exist for the submission of protests or comments on the proposed permits. Each written protest or comment must include the name, address and telephone number of the commentator, the proposed permit number and a concise statement of the objections to the issuance of the permit and relevant facts which serve as the basis for the objections. If the Department schedules a public hearing, a notice of the date, time and location of the hearing will be published in the *Pennsylvania Bulletin* at least 30 days prior to the hearing.

The final synthetic minor State-only operating permits will contain terms and conditions to ensure that these facilities comply with applicable requirements including monitoring, recordkeeping and reporting requirements.

Southeast Regional Office: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, Attn: Edward Brown, (610) 832-6242.

15-00043: Sun Company, Inc. (R&M)—Malvern Terminal (41 Malin Road, Malvern, PA 19355) located in East Whiteland Township, **Chester County**. This is a Bulk Gasoline Terminal consisting of five Gasoline Storage Tanks and one Loading Rack. This is a major facility for volatile organic compounds (VOC) emissions and Synthetic Minor for hazardous air pollutants (HAP). The VOC emissions occur mainly during the gasoline loading operation.

Notice of Intent to Issue Synthetic Minor Operating Permit Philadelphia County

No later than June 15, 1998, the City of Philadelphia Air Management Services (AMS) intends to issue a synthetic minor operating permit (Permit Number M98-101) for hazardous air pollutants (HAPS) to **Amoco Oil Company** for the gasoline terminal located at 6310 West Passyunk Avenue, Philadelphia, PA 19153.

The facility is a bulk gasoline terminal subject to the operating permit requirements under 25 Pa. Code Chapter 127, Subchapter F (relating to operating permit requirements). It applied for a synthetic minor operating permit for HAPS and accepted emission limitations to avoid being a major HAP facility subject to the Gasoline Terminal MACT requirements of 40 CFR 63.420. Its major sources of emissions include five gasoline storage tanks and a gasoline loading rack which without emission limitations would have the potential to emit major source levels of HAPS.

Copies of the application, proposed permit and other relevant information are available for public inspection at Air Management Services, Spelman Building, 321 University Avenue, 2nd Floor, Philadelphia, PA 19104. An appointment to review the documents may be scheduled by contacting Brenda Bonner at (215) 685-7572 between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays.

Interested persons may submit written comments, suggestions or objection concerning the proposed Synthetic Minor permit to Thomas Huynh, Chief of Source Registration, Air Management Services, 321 University Avenue, Philadelphia, PA 19404 within 30 days of publication of this notice. Written comments submitted to AMS during the 30 day public comment period shall include the name, address and telephone number of the persons submitting the comments.

AMS reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

No later than June 15, 1998, the City of Philadelphia Air Management Services (AMS) intends to issue a synthetic minor operating permit (Permit Number M98-103) for HAPS to **Bayway Refining Company** for the gasoline terminal located at G Street and Hunting Park Avenue, Philadelphia, PA 19124.

The facility is a bulk gasoline terminal subject to the operating permit requirements under 25 Pa. Code Chapter 127, Subchapter F (relating to operating permit

requirements). It applied for a synthetic minor operating permit for HAPS and accepted emission limitations in order to avoid being a major HAP facility subject to the Gasoline Terminal MACT requirements of 40 CFR 63.420. Its major sources of emissions include five gasoline storage tanks and a gasoline loading rack which without emission limitations would have the potential to emit major source levels of HAPS.

Copies of the application, proposed permit and other relevant information are available for public inspection at Air Management Services, Spelman Building, 321 University Avenue, 2nd Floor, Philadelphia, PA 19104. An appointment to review the documents may be scheduled by contacting Brenda Bonner at (215) 685-7572 between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays.

Interested persons may submit written comments, suggestions or objection concerning the proposed Synthetic Minor permit to Thomas Huynh, Chief of Source Registration, Air Management Services, 321 University Avenue, Philadelphia, PA 19404 within 30 days of publication of this notice. Written comments submitted to AMS during the 30 day public comment period shall include the name, address and telephone number of the persons submitting the comments.

AMS reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

No later than June 15, 1998, the City of Philadelphia Air Management Services (AMS) intends to issue a synthetic minor operating permit (Permit Number M98-102) for Hazardous Air Pollutants (HAPS) to **Exxon Company, USA** for the gasoline terminal located at 6850 Essington Avenue, Philadelphia, PA 19153.

The facility is a bulk gasoline terminal subject to the operating permit requirements under 25 Pa. Code Chapter 127, Subchapter F (relating to operating permit requirements). It applied for a synthetic minor operating permit for HAPS and accepted emission limitations in order to avoid being a major HAP facility subject to the Gasoline Terminal MACT requirements of 40 CFR 63.420. Its major sources of emissions include five gasoline storage tanks and a gasoline loading rack which without emission limitations would have the potential to emit major source levels of HAPS.

Copies of the application, proposed permit and other relevant information are available for public inspection at Air Management Services, Spelman Building, 321 University Avenue, 2nd Floor, Philadelphia, PA 19104. An appointment to review the documents may be scheduled by contacting Brenda Bonner at (215) 685-7572 between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays.

Interested persons may submit written comments, suggestions or objection concerning the proposed Synthetic Minor permit to Thomas Huynh, Chief of Source Registration, Air Management Services, 321 University Avenue, Philadelphia, PA 19404 within 30 days of publication of this notice. Written comments submitted to AMS during the 30 day public comment period shall include the name, address and telephone number of the persons submitting the comments.

AMS reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Public Hearings

Cyprus Cumberland Resources Corporation

Allegheny Ludlum Corporation, Washington Plant

The Department reviewed the Reasonably Available Control Technology (RACT) plans and Emission Reduction Credits (ERC) application and made a preliminary determination to approve these plans and amendments to the State Implementation Plan (SIP) for the listed facilities.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in the RACT approval for these facilities to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facilities and will be submitted to the United States Environmental Protection Agency (EPA) as revisions to Pennsylvania's State Implementation Plan.

Cyprus chose a case-by-case approach to meeting the requirements of 25 Pa. Code § 129.92 for the thermal dryer, the frothing operations, solvent cleaning operation, storage tanks and fuel dispensing. Cyprus proposed low NOx burners as add-on controls for the thermal dryers as

they were determined to be cost effective through a top-down analysis. Cyprus proposes there are no additional control technologies available for the frothing and degreasing operations. Cyprus proposes to meet the presumptive RACT requirements of 25 Pa. Code § 129.93 for all other sources at this facility.

Cyprus has applied for ERC's for the reduction of 64 tons/year of NOx and 15 tons/year of VOC emissions generated through the shutdown of the thermal dryer at the Cumberland Mine as provided for in 25 Pa. Code § 127.207(5)(i).

A public hearing will be held to receive comments on the RACT plan and ERC approval on July 7, at 10 a.m. at the Department of Environmental Protection Allegheny Conference Room, 400 Waterfront Drive, Pittsburgh. Deadline to register to speak is July 6, 1998.

Allegheny Ludlum Corporation (Allegheny)

Allegheny chose a case-by-case approach to meeting the requirements of 25 Pa. Code § 129.92 for the electric arc furnaces, two annealing furnaces and the batch pickling operation. Allegheny proposes no additional controls as they were determined to be not cost effective through a top-down analysis. Allegheny proposes to meet the presumptive RACT requirements of 25 Pa. Code § 129.93 for all other sources at this facility. The conditions of the RACT permit as proposed limit facility wide NOx emissions to 191.6 tons/year and facility wide VOC emissions to 4.5 tons/year.

Allegheny has applied for ERC's for the reduction of 7.78 tons/year of NOx and 8.7 tons/year of VOC emissions generated through the shutdown of three electric arc furnaces at the Washington Plant as provided for in 25 Pa. Code § 127.207(5)(i).

A public hearing will be held to receive comments on the RACT plan and ERC approval on July 7, 10 a.m. for Allegheny Ludlum at the Department of Environmental Protection Allegheny Conference Room, 500 Waterfront Drive, Pittsburgh. Deadline to register to speak: July 6.

A 30-day comment period from the date of publication will exist for the submission of written comments on both facilities.

The public is invited to comment on the proposed plan and SIP revision. Persons wishing to present testimony at the hearings should contact Community Relations Coordinator Rita Zettelmayer at (412) 442-4182 by July 6, 1998.

Oral testimony will be limited to a maximum of 10 minutes and two written copies of the testimony should be provided. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to do so, should contact Rita Zettelmayer or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate your needs.

Those unable to attend the hearings, but wishing to comment, should provide written comments to the Department of Environmental Protection Regional Air Quality Program Manager Joseph Pezze, The Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Comments should be submitted within 30 days of the date of this publication notice.

All pertinent documents are available for review from 8 a.m. to 4 p.m. at the DEP Regional Office in Pittsburgh. Appointments for scheduling a review may be made by calling (412) 442-4000.

United Coaters (Centria), Ambridge Plant

The Department reviewed the RACT plan and made a preliminary determination to approve this plan and amendment to the State Implementation Plan (SIP) for the above listed facilities.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in the RACT approval for these facilities to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facilities and will be submitted to the United States Environmental Protection Agency (EPA) as revisions to Pennsylvania's State Implementation Plan.

The proposed RACT permit for the Ambridge Plant is for the application of presumptive RACT to the three Cleaver Brooks Steam Boilers and the operation of an incinerator on the emissions from the coil coating operation. This incinerator will perform with an efficiency adequate to reduce the VOCs emitted from the coating materials employed to a level meeting the requirement of 25 Pa. Code § 129.52. Based upon information supplied by United Coaters and Department's analysis of that information, current work practices in clean-up and paint mixing areas limit solvent emissions to a level for which further environmental benefit will require expenditures beyond the RACT guidelines.

A public hearing will be held to receive comments on the RACT plan on July 7, at 10 a.m. at the Department of Environmental Protection Allegheny Conference Room, 500 Waterfront Drive, Pittsburgh. Deadline to register to speak is July 6, 1998.

Persons wishing to present testimony at the hearings should contact Community Relations Coordinator Rita Zettelmayer at (412) 442-4183 by July 6, 1998.

Oral testimony will be limited to a maximum of 10 minutes and two written copies of the testimony should be provided. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to do so, should contact Rita Zettelmayer or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate your needs.

Those unable to attend the hearings, but wishing to comment, should provide written comments to the Department's Regional Air Quality Program Manager Joseph Pezze, 400 Waterfront Drive, Pittsburgh, PA 15222. Comments should be submitted within 30 days of the date of this publication notice.

All pertinent documents are available for review from 8 a.m. to 4 p.m. at the DEP Regional Office in Pittsburgh. Appointments for scheduling a review may be made by calling (412) 442-4000.

Carnegie Natural Gas, Fisher Compressor Station Indiana University of Pennsylvania Ebensburg Power Company, Cogeneration Plant Anchor Glass Container Corp.

As per 40 CFR 51.102(d), notice is hereby given that the Department of Environmental Protection (Department) will hold a public hearing on July 7, 1998, at 10 a.m. in the Allegheny Conference Room, 400 Waterfront Drive, Pittsburgh, PA 15222-4745. Those who are unable

to attend the hearing, but wish to comment, should provide written comments to the person listed below at the Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Comment period is open for 30 days after the appearance of this public notice.

The hearing is to take testimony concerning the Department's intent to issue the following RACT operating permits or plan approvals:

RACT Operating Permit 03-000-182 to Carnegie Natural Gas (Fisher Compressor Station) located in Redbank Township, Armstrong County. This facility uses two (2) engines to operate in compressing natural gas produced in Armstrong, Indiana, and Jefferson Counties. RACT for this station has been the installation of an AJAX Original Equipment Manufacture (OEM) lean combustion retrofit modification on the AJAX 600 DPC engine and implementation of Presumptive RACT on the Cooper GMVH-6 (1,350 BHP) engine. Comments should be addressed to Francis D. Condrick, air pollution control engineer.

RACT Operating Permit 32-000-200 to Indiana University of Pennsylvania (Cogeneration Facility) located in Indiana, Indiana County. This facility provides both electric and thermal energy to the main university campus. RACT for this facility has been determined to be the installation of Cooper-Bessemer Cleanburn Combustion systems on the four dual fuel reciprocating engines and presumptive RACT on two coal fired boilers. Comments should be addressed to Francis D. Condrick, air pollution control engineer.

RACT Operating Permit 11-000-318 to Ebensburg Power Company (Cogeneration Plant) located in Cambria Township, Cambria County. This RACT Operating Permit will establish final RACT emission limitations and permit conditions. This RACT Operating Permit will be submitted to the United States Environmental Protection Agency as a revision to Pennsylvania's State Implementation Plan (SIP). The proposed revision to the SIP does not adopt any new state of Pennsylvania Regulations. Comments should be addressed to Noor Nahar, air pollution control engineer.

RACT Plan Approval to Anchor Glass Container for Plant No. 5 located in Connellsville, Fayette County. RACT for this facility has been determined to be the immediate implementation of manual control of Air-to-Fuel ratios on Furnaces No. 1, No. 2, and No. 3 for a 15% reduction in NOx emissions. Additionally, Anchor shall install Combustion Staging on Furnaces No. 1 and No. 2 to reduce NOx emissions to 5.5 lbs. per ton of glass pulled. RACT for all sources at this facility will include their operation and maintenance in accordance with manufacturer's recommendations, and accepted air pollution control practices. Comments should be addressed to Joseph Pezze, Regional Air Quality Program Manager.

Those wishing to present testimony during the hearing should contact Community Relations Coordinator Rita Zettelmayer at (412) 442-4183 by July 6, 1998, to register.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so, should contact Rita Zettelmayer or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Copies of all related information is available at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

**Air Quality Plan Approval Application No.
03-000-180**

The Pennsylvania Department of Environmental Protection (Department) will hold a public hearing on July 7, 1998, at 10 a.m. in the Department's Allegheny Conference Room, 400 Waterfront Drive, Pittsburgh, PA 15222. The hearing is for the Department to take testimony concerning Reasonably Available Control Technology (RACT) for the Consolidated Natural Gas Transmission Corporation's (CNGT) South Bend Compressor Station in South Bend Township, Armstrong County.

The purpose of the hearing is to issue a RACT Operating Permit for Air Quality Plan **Approval No. 03-000-180**.

CNGT has complied with RACT requirements by retrofitting six Clark HLA-8 internal combustion engines driving natural gas compressors with lean emission combustion technology. Oxides of Nitrogen (NO_x) emissions from these engines have been reduced to 3 g/bhp-hr at full load/full speed conditions.

CNGT has retarded the ignition timing by four degrees relative to standard timing on an Ingersoll Rand JVG-6 internal combustion engine used for moving natural gas through the facility's dehydration system. In addition, an operating limit of 500 hours per year has been accepted for the company's Caterpillar G3512 internal combustion engine which is used for auxiliary electric power generation. These actions satisfy the presumptive RACT requirements pursuant to 25 Pa. Code § 129.93 for these engines.

Those wishing to present testimony during the hearing should contact community relations coordinator Rita Zettelmayer at (412) 442-4183 to register.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Rita Zettelmayer or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but who wish to comment, should provide written comments to Nicholas J. Waryanka, Air Pollution Control Engineer, DEP, 400 Waterfront Drive, Pittsburgh, PA 15222. Comments should be submitted by July 2, 1998.

Copies of the RACT application, the Department's analyses and other documents used in evaluation of the application are available for review from 8 a.m. to 4 p.m. in the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Appointments for scheduling a review may be made by calling (412) 442-4000.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); the Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam

Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Coal Applications Received:

56813019. Permit Renewal, **Scurlfield Coal, Inc.** (228 Main Street, Berlin, PA 15530), commencement, operation and restoration of bituminous strip mine, reclamation, only in Paint Township, Windber Borough, **Somerset County**, affecting 56.3 acres, receiving stream unnamed tributaries to Seese Run; tributaries to Paint Creek; and to Paint Creek, application received May 12, 1998.

11830103. Permit Renewal, **Laurel Land Development, Inc.** (P. O. Box 629, Carrolltown, PA 15722), commencement, operation and restoration of bituminous

strip mine, reclamation only in West Carroll Township, **Cambria County**, affecting 46.0 acres, receiving stream unnamed tributary to West Branch of Susquehanna River, application received May 8, 1998.

11980202. Smith Energy, Inc. (1075 Chestnut Street, Nanty Glo, PA 15943), commencement, operation and restoration of bituminous strip-coal refuse reprocessing mine in Blacklick Township, **Cambria County**, affecting 10 acres, receiving stream Coalpit Run to South Branch Blacklick Creek, application received May 14, 1998.

Greensburg District Office, R. D. 2, Box 603-C, Greensburg, PA 15601.

63930101R. Twilight Industries (Division of U. S. Natural Resources, Inc., 212 State Street, Belle Vernon, PA 15012). Renewal application received for continued operation and reclamation of a bituminous surface mine located in Somerset Township, **Washington County**. Receiving streams: North Branch of Pigeon Creek to Pigeon Creek to the Monongahela River. Renewal application received April 27, 1998.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

54980101. Reilly Mineral Resources, Inc. (P. O. Application received for commencement, operation and reclamation of a large noncoal (limestone) surface mine located in Donegal Township, **Westmoreland County**, proposed to affect 76.7 acres. A social and economic justification is included. Receiving streams two unnamed tributaries to Indian Creek, Indian Creek. Application received April 23, 1998.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

52980301. McKean & Son, Inc., (R. R. 1, Box 628, Hawley, PA 18428-9751), commencement, operation and restoration of a quarry operation in Lackawaxen Township, **Pike County** affecting 9.72 acres, receiving stream Little Blooming Grove Creek. Application received May 11, 1998.

ABANDONED MINE RECLAMATION

Under Act 181 of 1984, the Department of Environmental Protection solicits letters of interest from the landowners and/or licensed mine operators for the reclamation of the following abandoned strip mine project:

<i>Project</i>	<i>Municipality</i>	<i>County</i>	<i>Acre</i>
BF 431-101.1	Lower Tyrone Township	Fayette	27

Letters of interest must be received by Ernest F. Giovannitti, Director, Bureau of Abandoned Mine Reclamation, Department of Environmental Protection, P. O. Box 8476, Harrisburg, PA 17105-8476, no later than 4 p.m., Local Time, July 2, 1998, to be considered.

Telephone inquiries shall be directed to B. P. Rao, Chief, Division of Acid Mine Drainage Abatement, at (717) 783-1311.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for water quality certification have been received by the Department of Environmental Protection. Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

E09-769. Encroachment. **Morrisville Borough**, 35 Union Street, Morrisville, PA 19067. To construct and maintain a 27.5-foot × 24.33-foot dechlorination facility at the Wastewater Treatment Plant which is located in the 100 year floodplain of the Delaware River. The site is located at the southeast corner of the intersection of Riverview Avenue and Delaware Avenue (Trenton West PA-NJ Quadrangle, N: 14.00 inches; W: 2.5 inches) in the Borough of Morrisville, **Bucks County**.

E09-770. Encroachment. **Jon and Angela Hinton**, P. O. Box 74, Springtown, PA 18081-0074. To construct and maintain a 15 foot long × 6 foot wide × 3.33 high wooden pedestrian bridge across the channel of Silver Creek (EV). The site is located approximately 600 feet southeast of the intersection of Drifting Drive and Main Street (Hellertown, PA Quadrangle N: 10.25 inches; W: 4.45 inches) in Springfield Township, **Bucks County**.

E15-575. Encroachment. **West Chester United Soccer Club**, P. O. Box 1842, West Chester, PA 19380-0065. To construct and maintain a 45-foot long pedestrian bridge with an underclearance of 7 feet across the East Branch of Chester Creek (TSF). The site is located approximately 1,000 feet southwest of the intersection of Route 926 and Creek Road at the West Chester United Soccer Club's fields (West Chester Quadrangle N: 10.6 inches; W: 5.95 inches) in Thornbury Township, **Chester County**.

E23-371. Encroachment. **Ridley Park Borough**, 105 E. Ward Street, Ridley Park, PA 19078-3099. To remove an existing 22-foot long, 5-foot wide pedestrian bridge and to construct and maintain a 42-foot long, 5-foot wide pedestrian bridge to accommodate the increased width of the creek; dredge existing lake bed and new sediment basins; widen the streambed at entrance area to lake and miscellaneous maintenance work activities such as repair of 950 linear feet of gabion bank stabilization, installation

of riprap for stormwater outfall scour protection, install an aerator fountain etc. The site is located upstream from Ridley Park Dam (D23-53A) across Little Crum Creek (WWF) (Lansdowne USGS Quadrangle N: 0.50 inches; W: 11.25 inches) in Ridley Park Borough, **Delaware County**.

E51-166. Encroachment. **PA DOT**, 200 Radnor-Chester Rd., St. Davids, PA 19087. To provide major maintenance to 166 existing Schuylkill Expressway (S. R. 76) support columns by placing concrete encasement protection around the lower exposed portion of these steel pile supports. R-6 riprap will be used to protect the base of these columns and provide scour protection. Scour protection utilizing R-6 riprap will also be installed at stormwater outfalls. This work extends approximately 6500 linear feet along the west bank of the Schuylkill River (WWF, MF) in the vicinity of Walnut Street (Philadelphia, PA-NJ Quadrangle N: 11.0 inches; W: 8.8 inches) in the City of Philadelphia, **Philadelphia County**.

E21-280. Encroachment. **Eugene Giza**, 440 Criswell Drive, Boiling Springs, PA 17007. To construct and maintain about 475 feet of rock riprap along the right bank of Yellow Breeches Creek to prevent further stream bank erosion located about 4,500 feet downstream of T-545 Bridge (Mechanicsburg, PA Quadrangle N: 4.5 inches; W: 15.3 inches) in Monroe Township, **Cumberland County**.

E28-252. Encroachment. **Waynesboro Country Club, Inc.**, Rob Bostic, 11000 Country Club Road, Waynesboro, PA 17268. To construct and maintain steel beams at the banks of East Branch Antietam Creek for the purpose of supporting overhead pipelines which runs over the creek for irrigation purposes located about 1,000 feet east of Roadside Village (Waynesboro, PA Quadrangle N: 2.4 inches; W: 3.9 inches) in Washington Township, **Franklin County**.

E36-652. Encroachment. **Lancaster County Commissioners**, David McCudden, 50 N. Duke St., Lancaster, PA 17608. To construct and maintain a bridge having three clear spans of 72.25, 69.75 and 67.5 feet each of prestressed concrete beams with a concrete slab deck for the superstructure, with a low-chord underclearance of 31 feet at midcenter over the Conestoga River, supported by two reinforced concrete piers and abutments. Rock slope protection will be placed adjacent to both bridge abutments along the river banks. The bridge is for access to a proposed juvenile detention facility to be located on the Sunnyside peninsula, connecting Circle Avenue to Broad Street (Lancaster, PA Quadrangle N: 5.9 inches; W: 5.2 inches) in the City of Lancaster, **Lancaster County**.

E67-626. Encroachment. **Joseph Bene**, 60 Crestwood Lane, York, PA 17402. To place 260 linear feet of fill in the floodway of an unnamed tributary to Mill Creek for the purpose of flood control for new medical offices located between Memory Lane and Pleasant Valley Road (York, PA Quadrangle N: 20.3 inches; W: 8.3 inches) in Springettsbury Township, **York County**.

E67-627. Encroachment. **Springettsbury Township**, Paul Amic, 1501 Mt. Zion Rd., York, PA 17402. To place fill in a 0.3 acre pond and to construct and maintain 60 linear feet of 42-inch diameter reinforced concrete pipe in an unnamed tributary to Mill Creek for the purpose of constructing the Pleasant Valley Road extension west of Memory Lane (York, PA Quadrangle N: 20.6 inches; W: 8.6 inches) in Springettsbury Township, **York County**.

Northcentral Region: Water Management, Soils and Waterways Section, F. Alan Sever, Chief, 208 West Third St., Suite 101, Williamsport, PA 17701.

E14-325. Encroachment. **PA Department of Environmental Protection**, 208 W. Third St., Williamsport, PA 17701. To install and maintain an agricultural stream crossing for livestock and streambank fencing along Pine Creek located on Richard and Linda Burd property (N: 2.125 inches; W: 2.375 inches) in Haines Township, **Centre County**. Pine Creek is designated an Exceptional Value stream.

E49-417. Encroachment. **Ralph Knorr**, R. R. 3, Box 183A, Sunbury, PA 17801. To extend a 15 inch storm drain pipe and to place about 6 inches of fill along approximately 300 feet of eroded stream bank in Little Shamokin Creek. The project is located on Bush Hollow Road off Rt. 890 approximately 500 feet south of Augustaville (Treverton, PA Quadrangle N: 9.5 inches; W: 16.2 inches) in Rockefeller Township, **Northumberland County**. Estimated stream disturbance is approximately 300 feet with no wetland impacts; stream classification is Cold Water Fishery.

E53-312. Encroachment. **Gospel Tabernacle Inc.**, 31 Port Allegheny Rd., Coudersport, PA 16915. To place and maintain fill in 0.24 acre of a 2.7 acre Palustrine emergent wetland for the purpose of constructing an elderly housing complex. To compensate for impact, the applicant proposes to meet the wetland replacement requirement by participating in the Pa. Wetland Replacement Project. The project site is located directly north of SR 006, approximately 0.1 mile east of the Eulalia Township boundary (Coudersport, PA Quadrangle N: 2.4 inches; W: 6.0 inches) in Coudersport Borough, **Potter County**.

E59-359. Encroachment. **PA Dept. of Transportation**, 715 Jordan Ave., Montoursville, PA 17754. To permanently encroach upon 4.6 acres of wetland and to construct, operate and maintain 10 permanent stream encroachments for the upgrade of a 5.4 mile corridor of an existing highway to a limited access four lane highway. The stream encroachments shall consist of: 1) the enclosure of Flower Run with a 66 inch x 591 foot culvert pipe and a 100 foot long rock apron; 2) the 200 feet of an unnamed tributary to Johnson Creek channel relocation; 3) a six span bridge across Johnson Creek having a total span of 758 feet and width of 50 feet for the northbound lane; 4) a six span bridge across Johnson Creek having a total span of 754 feet and a width of 50 feet for the southbound lane; 5) the enclosure of Mills Creek with a 14 foot x 7 foot x 336 foot box culvert and a 50 foot long rock apron; 6) the 80 feet of Mills Creek channel relocation; 7) the enclosure of Bone Run with a 14 foot x 7 foot x 515 foot box culvert and a 50 foot long rock apron; 8) the 30 feet of Bone Run channel relocation; 9) the 90 feet of an unnamed tributary to Johnson Creek channel relocation; and 10) the placement of roadway embankment in the floodway of an unnamed tributary to the Tioga River. This permit also authorizes the temporary impact to 1.6 acres of wetland and 1905 feet of waterway for the associated construction crossings and stream diversions. The project is located along the eastern right-of-way of existing SR 0015 approximately 0.5 mile south of the Blossburg Borough corporate boundary (Blossburg, PA Quadrangle N: 6.0 inches; W: 12.0 inches) in Bloss, Covington, Hamilton, and Liberty Townships and Blossburg Borough, Tioga County. The permittee shall fully restore all temporarily impacted waterways and wetlands. Permanent wetland impacts shall be mitigated by the construction of 5.6 acres of replacement wetlands.

E59-364. Reissuance. Encroachment. **Department of Conservation and Natural Resource**, P. O. Box 8451, Harrisburg, PA 17105. To remove an existing structure and to construct, operate and maintain a single span prestressed concrete spread box beam bridge to carry Asaph Run Road across Asaph Run. The bridge shall be constructed with a clear single span of 60 feet, an average underclearance of 5.0 feet and a clear roadway width of 20.1 feet. The project is located along the northern right-of-way of SR 0006 approximately 1.9 miles northwest of the intersection of SR 3022 and Asaph Run Rd. (Asaph, PA Quadrangle N: 5.8 inches; W: 8.0 inches) in Shippen Township, **Tioga County**. Estimated stream disturbance is 150 linear feet with no wetland impact; stream classification is high quality-cold water fishery.

E59-372. Encroachment. **Corey Creek Golf Club**, P. O. Box 444, Mansfield, PA 16901. To excavate and place fill in a 0.8 acre Palustrine emergent wetland for the purpose of constructing an irrigation pond. To compensate for impact, the applicant proposes to construct 0.8 acre of onsite replacement wetlands. The project site is located north of SR 006, approximately 1.5 miles east of the SR 549 and SR 006 intersection (Mansfield, PA Quadrangle N: 8.25 inches; W: 2.95 inches) in Sullivan Township, **Tioga County**.

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice

of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audio tape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Regional Office: Water Management Program Manager, Southcentral Region, 909 Elmerton Avenue, Harrisburg, PA 17110.

Location: Conestoga Township, Lancaster County, P. O. Box 98, Conestoga, PA 17516.

The approved plan amendment modified new land development procedures in Township areas having elevated nitrate contamination in the groundwater. Specifically, it provides for the use of Component 1, new land development procedures in specific areas of the Township not demonstrating characteristics found in § 71.62 and provide for the use of de-nitrification technology for individual residential OLDS systems. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The following final reports were submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southcentral Regional Office, Environmental Cleanup Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

JLG Industries/Standard Register Plant, Bedford Township, **Bedford County**. Mountain Research, Inc., 825 25th Street, Altoona, PA 16601 has submitted a final report concerning remediation of site soils and groundwater contaminated with solvents. The report is intended to document remediation of the site to meet the Statewide health standard.

Financial Trust Regional Headquarters, Carlisle Borough, **Cumberland County**. TETHYS Consultants, Inc., 2933 North Front Street, Harrisburg, PA 17110, has submitted a final report concerning remediation of site groundwater contaminated with solvents. The report is intended to document remediation of the site to meet the background standard.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment Approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board, (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), (*Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.*)

SPECIAL NOTICES

Public Hearing Notice

102/NPDES/Stormwater Construction Activities

The Department of Environmental Protection (Department) Water Management Program will be holding a fact finding hearing on the following Stormwater NPDES permit application: David P. Spencer, Spencer Subdivision, PAS10-G319.

The hearing is scheduled for June 30, 1998 at 1:30 p.m. at Chester County Conservation District Office, Government Services Center, Conference Room 380, 610 Westtown Road, West Chester, PA 19382-4519, **Chester County**. The hearing is being held to solicit pertinent comments on this application. The application is for stormwater construction activities, with a discharge to the White Clay Creek Watershed. A copy of this application is available for review in the Southeast Regional Office's Record Management Section. Telephone number (610) 832-6268. Those interested in reviewing the application should call to schedule a date to review the file. The project sponsor is: David P. Spencer, 2745 Umatilla Street, Denver, CO 80211.

Comments received will be considered by DEP in completing its review and prior to taking final action concerning the application. The hearing will not be a question and answer session.

Anyone intending to make a presentation at the hearing should submit written notice to the Regional Manager, Water Management Program at the above address. The notice should include your name, address and phone number, whether you are opposed or in favor of the project and a brief statement about your presentation. Comments should be kept brief and, depending on the number of speakers, may be limited to 10 minutes per speaker. Where groups are represented, a spokesperson is requested to present the group's concerns. Anyone wishing to present written material directly to the Department may do so within 30 days following the hearing.

If you are a person with a disability and wish to attend the hearing and you require an auxiliary aid, service or other accommodations to participate in the proceedings, please contact Sharon Moore, at (610) 832-6073. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Availability of Technical Guidance

Technical guidance documents are on DEP's World Wide Web site (<http://www.dep.state.pa.us>) at the Public Participation Center. The "January 1998 Inventory" heading is the Governor's List of Non-regulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1998.

Ordering Paper Copies of DEP Technical Guidance

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Persons should check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Jonathan Brightbill at (717) 783-8727.

Pennsylvania Wetland Replacement Project

The Department of Environmental Protection has presented the following wetland restoration projects to the Environmental Review Committee for review and concurrence. Authorization for these projects has been received and construction is anticipated during June, July and August of 1998. These wetland restoration projects are funded by the Pennsylvania Wetland Replacement Project, a jointly managed fund between the Department of Environmental Protection and the National Fish and Wildlife Foundation. Further information on the Pennsylvania Wetland Replacement Project may be obtained by contacting Kelly Heffer, Department of Environmental Protection, Division of Waterways, Wetlands and Erosion Control, P. O. Box 8775, Harrisburg, PA 17105-8775 or telephone (717) 787-6827.

Project No. S11B31-002—The objectives of the Hemlock Council of Girl Scouts' Golden Pond wetland restoration project are to provide environmental education opportunities for the Girl Scout Camp and to provide aquatic habitat. This one acre wetland restoration in Subbasin 11, (the Upper Juanita River watershed), is an integral part of a Conservation Reserve Program plan. The restoration will include blocking an existing field drain that was originally installed to divert water off the site, and the construction of a small berm to retain water. The project is located in West Township, Huntingdon County. (Franklinville, PA Quadrangle, N: 1.1 inches, W: 0.4 inch)

Project No. D02E09-001—Sponsored by the Bucks County Audubon Society, the primary objective of the 1 acre Honey Hollow wetland restoration in Subbasin 2, the Central Delaware River watershed, is to provide environmental education opportunities about wetlands at a well established environmental education center. The center has a pond and a creek, but presently no wetland. The project will be designed to have areas of saturated soil to areas of 3-8" of standing water. After the site is constructed, the Center, in cooperation with the County Conservation District and the Department will design a planting scheme and the site will be planted by students. The project is located in Solebury Township, Bucks County. (Buckingham, PA Quadrangle, N: 22.0 inches, W: 1.9 inches)

Project No. O20C10-001—The objectives of the 3.9 acre wetland restoration sponsored by Ron Layton in Subbasin 20, the Ohio River watershed, are to provide wildlife habitat and improve water quality in the Conoquenessing Creek by intercepting, filtering, and cleansing runoff from adjacent cultivated areas. The project is located on the Layton farm in West Township, Butler County. (Evans City, PA Quadrangle, N: 9.4 inches, W: 7.0 inches)

Project No. O16A25-001—The primary objective of the wetland restoration sponsored by Jack Pfadt is to restore 2.9 acres of prior converted cropland in Subbasin 16, the Upper Allegheny River watershed. The wetland will provide habitat for waterfowl and act as a buffer to the West Branch French Creek by trapping nutrients and sediment thereby improving water quality. The project is located on the Pfadt farm in Venango Township, Erie County. (Wattsburg, PA Quadrangle, N: 8.4 inches, W: 4.0 inches)

Project No. 16C53-001—The objective of the restoration of 5 acres of riparian floodplain depression sponsored by John Wiley farm in Subbasin 16, the Upper Allegheny River watershed, is to improve water quality in the Oswayo Creek by trapping nutrients and sediment. Addi-

tionally the wetland will help detain flows in small summer storms, and provide critical aquatic habitat in a predominately agricultural area. The project is located on the Wiley farm in Sharon Township, Potter County. (Shinglehouse, PA Quadrangle, N: 11.3 inches, W: 4.0 inches)

Proposed Monitoring Plan Revisions; Notice of Availability

The Department of Environmental Protection, Bureau of Air Quality, is proposing to revise its ambient air pollution monitoring system and is seeking comments on this proposal.

The Environmental Protection Agency (EPA) has established new standards for fine particles (under 2.5 microns in size). States will need to measure the amount of fine particles to which their citizens are exposed. The Department of Environmental Protection (Department) is proposing to install new PM_{2.5} monitors to fulfill this need. The Department has also taken this opportunity to review the Commonwealth's entire air quality monitoring program in order to propose necessary changes that will make the program more effective. The current monitoring program exceeds minimum EPA requirements, consistently measures levels for many pollutants well below Federal health based standards, and measures for total suspended particulate (TSP) for which a Federal standard no longer exists. The Department is proposing to restructure the program to measure the pollutants most likely to violate the National Ambient Air Quality Standards (NAAQS).

The proposal is available on the Department web site at <http://www.dep.state.pa.us> (choose Information by Subject/Air Quality/Pennsylvania's Clean Air Plans). To obtain a hard copy, call Vickie Walters at (717) 787-4310. Persons interested in submitting written comments should send the comments to J. Wick Havens, Chief, Division of Air Resource Management, P. O. Box 8468, Harrisburg, PA 17105-8468 by the close of business, June 1, 1998. Comments may also be submitted electronically to J. Wick Havens at havens.wick@al.dep.state.pa.us.

Suspension of Implementation of a Certain Provision of the Coal Refuse Disposal Control Act

On April 22, 1998, the Office of Surface Mining Reclamation and Enforcement (OSM), Department of Interior published in the *Federal Register* its findings regarding a program amendment to Pennsylvania's permanent mining regulatory program submitted by the Pennsylvania De-

partment of Environmental Protection. By the act of December 7, 1994 (P.L. 792, No. 114), the General Assembly amended Pennsylvania's Coal Refuse Disposal Control Act (CRDCA). These amendments were submitted to OSM for approval as an amendment to Pennsylvania's permanent regulatory program for coal mining.

The CRDCA prohibits the disposal of coal refuse within 100 feet of the bank of a stream. However, it authorizes the Department to grant a variance to allow disposal of coal refuse within this buffer zone if the operator demonstrates to the Department that there will be "no significant adverse hydrologic or water quality impacts."

In approving the program amendment, the Secretary of the United States Department of the Interior found that the word "significant" in section 6.1(h)(5) of the CRDCA, as it pertains to granting of variances to the 100-foot stream buffer zone, was inconsistent with Federal law.

Section 15.1 of the Coal Refuse Disposal Control Act provides, in pertinent part:

"In order to maintain primary jurisdiction over surface coal mining in Pennsylvania, the department shall suspend implementation of any provision of this act found to be inconsistent with Federal law by the Secretary of the United States Department of the Interior under section 505 of the Surface Mining Control and Reclamation Act of 1977 (Public Law 95-87, 30 U.S.C. § 1201 et seq.) or the Administrator of the Environmental Protection Agency under section 402 of the Federal Water Pollution Control Act (62 Stat. 1155, 33 U.S.C. § 1251 et seq.)."

52 P. S. § 30.65a.

Consequently, on May 19, 1998, and in accordance with section 15.1 of the Coal Refuse Disposal Control Act (52 P. S. § 30.65a), the Department suspended implementation of the word "significant" found in section 6.1(h)(5) of the Coal Refuse Disposal Control Act.

DEPARTMENT OF REVENUE

Cigarette Tax

Under section 227-A of the Fiscal Code (72 P. S. § 227-A) (relating to administration powers and duties), the Department of Revenue (Department) announces the lowest cost of the stamping agent, wholesaler and retailer, respectively, effective upon publication of this notice, as follows:

	<i>Premium Brands</i>	<i>Generic Brands</i>
<i>(a.k.a. Kings & Regulars)</i>		
Cost of the Stamping Agent (for sales to wholesalers)	\$17.44	\$14.74
Cost of the Wholesaler (for sales to retailers)	\$18.14	\$15.33
Cost of the Retailer (for sales to retail customers)	\$19.23	\$16.25

The Department considers these costs as presumptive minimum costs. Cigarette stamping agents, wholesalers and retailers are prohibited from selling cigarettes at a price lower than their respective presumptive minimum costs. These costs are listed on a per carton basis, ten packs of cigarettes per carton, 20 cigarettes per pack. To determine the presumptive minimum price per pack of cigarettes, one should divide the costs listed above by ten and round to the nearest hundredth of a percent. For example, the presumptive minimum price of a pack of cigarettes sold by a retailer to a consumer is \$1.93 for premium brands (\$19.23/10), \$1.63 for generic brands (\$16.25/10).

Cigarette dealers who either sell cigarettes under a different packaging setup (that is, eight packs per carton) or sell cigarettes that do not qualify as premium or generic brands (that is, subgeneric, foreign or specialty cigarettes) as described above are prohibited from selling cigarettes at a price lower than the cost of the stamping agent, cost of the wholesaler or cost of the retailer, respectively, as further defined and explained in 61 Pa. Code Part I, Subpart B, Article III (relating to cigarette and beverage taxes).

Cigarette dealers wishing to prove a cost different from the Department's presumptive costs stated above must follow the procedures listed in 61 Pa. Code Chapter 76 (relating to unfair sales of cigarettes).

10. *Second Chance drawing procedures:*

(a) To be eligible for the Second Chance drawing, a player must mail exactly three nonwinning Pennsylvania Harley-Davidson instant lottery tickets in a preaddressed envelope available at participating retailers or in an envelope no larger than 4 1/8 by 9 1/2 inches addressed to Pennsylvania Lottery, Harley-Davidson Second Chance Drawing, Post Office Box 999, Middletown, PA 17057-0999.

(b) Envelopes containing less than or more than three nonwinning Pennsylvania Harley-Davidson instant lottery tickets shall be disqualified.

(c) Nonwinning Pennsylvania Harley-Davidson instant lottery tickets received in an envelope larger than 4 1/8 by 9 1/2 inches shall be disqualified.

(d) The back of each nonwinning Pennsylvania Harley-Davidson instant lottery ticket entered in the Second Chance drawing must be completed in a legible manner, including the player's name, street address, city, state, zip code and signature. Incomplete tickets shall be disqualified.

(e) Winning lottery tickets submitted for entry in a Harley-Davidson Second Chance Drawing envelope or to the Harley-Davidson Second Chance Drawing address will not be paid or honored. Winning lottery tickets shall be submitted for payment in accordance with the game regulations for that game.

(f) Nonwinning Pennsylvania Harley-Davidson instant lottery tickets must be received by Lottery Headquarters no later than October 19, 1998.

(g) The Second Chance Drawing will be held at Lottery Headquarters on Friday, October 23, 1998, or on a date to be determined by the Secretary. The Second Chance Drawing will consist of randomly selecting envelopes from each mail container received by the Lottery prior to the date of the Second Chance Drawing. There will be 11,012 Second Chance Drawing winners. The odds of winning depend upon the number of entries received. Winners will be notified by mail.

11. *Number and Description of Prizes for Second Chance Drawing:* The following table sets forth the

number of winners and description of prizes for the Second Chance drawing:

<i>Description of Prizes</i>	<i>Number of Winners</i>
Harley-Davidson Sportster 1200 Custom Motorcycle	2
Gift Certificate—\$400 Value	10
Harley-Davidson Stadium Blanket	500
Harley-Davidson Telephone	1,000
Harley-Davidson Umbrella	2,000
Harley-Davidson Baseball Cap	2,500
Harley-Davidson Play Cards Set	5,000

12. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Game for retailers who sell Pennsylvania Harley-Davidson instant lottery game tickets. The conduct of the game will be governed by 61 Pa. Code § 819.222 (relating to retailer bonuses and incentives).

13. *Unclaimed Prize Money:* For a period of 1 year from the announced close of Pennsylvania Harley-Davidson, prize money from winning Pennsylvania Harley-Davidson instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania Harley-Davidson instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

14. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P. S. §§ 3761-101—3761-314), the regulations contained in 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

15. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote

Pennsylvania Harley-Davidson or through normal communications methods.

DEPARTMENT OF TRANSPORTATION

Retention of Engineering Firms

Berks, Carbon, Lehigh, Monroe, Northampton and Schuylkill Counties Project Reference No. 08430AG2200

The Department of Transportation will retain three (3) separate engineering firms for three (3) separate Open-End Contracts for various engineering and/or environmental services on various projects located in Engineering District 5-0, that is Berks, Carbon, Lehigh, Monroe, Northampton and Schuylkill Counties. Each Contract will be for a sixty (60) month period with projects assigned on an as-needed basis. The maximum amount of each Open-End Contract will be \$1.0 million. The major emphasis will be on highway final design work.

The Department will establish an order of ranking of a minimum of seven (7) firms for the purpose of negotiating the Open-End Contracts based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- b. Past record of performance (timeliness, responsiveness, quality, cost control, and ability to meet schedules.
- c. Diversity of experience and technical competence.
- d. Location of consultant in respect to the District.
- e. Relative size of firm to size of potential assignments that may be completed under these contracts.

The work and services required under these Contracts may encompass a wide range of environmental studies and engineering efforts with the possibility of several different types of projects with short completion schedules being assigned concurrently. The anticipated types of projects include, but not limited to, bridge replacements or bridge rehabilitation with minor approach work, environmental studies, roadway betterments (3R type,) minor capital improvement projects (bridges or roadway), railroad grade crossing projects, and minor location studies, etc.

The engineering work and services which may be required under these Contracts include, but are not limited to, perform field surveys; plot topography and cross sections; prepare submission for utility verification and relocations engineering; prepare all pertinent submis-

sions and materials necessary for the Department to prepare the application to PUC and for the PUC field conference; attend and supply any required information for all PUC meetings and hearings during the design of the project; develop erosion control details and narrative; prepare right of way plans; complete structure designs including type, size and location reports, core boring layouts and foundation designs and reports; develop traffic control plans with narratives; conduct soils investigations and prepare soils reports; investigate utility involvement on projects; provide material for and participate in value engineering reviews; coordinate contacts with railroad officials and procure railroad related costs, permits, and insurance; collect signal timing, accident data and other traffic flow data; document engineering study findings and activities; alternative analysis to assess impacts and mitigation; prepare roadway plans for in-house bridge designs and prepare construction plans, specifications, and estimates.

The areas of environmental study required under these Contracts may include, but are not limited to: air quality; noise; energy; vibration; hazardous waste; surface water and ground water quality; surface water and ground water hydrology; terrestrial ecology including threatened and endangered species; wetlands; soils; geology; farmlands; visual quality; socio-economic resources; cultural resources; Section 4(f) Evaluations; early coordination and; scoping correspondence; meeting minutes; public meeting and hearing presentations; visualization materials, handouts and displays; technical basis reports (TBRs) and/or technical files; NEPA environmental documents; Section 106 documents; mitigation plans and reports; wetland and floodplain findings; and preliminary engineering plans, and remote sensing/mapping innovations. The format and content of all documents will be consistent with applicable State and Federal regulations, policies and guidelines.

The engineering services and environmental studies identified above are the general work activities that can be expected under these Open-End Contracts. A more specific and project-related Scope of Work will be outlined for each individual Work Order developed under these Open-End Contracts.

The second copy of the letter of interest and required forms (see "General Requirements and Information" section) shall be sent to: Mr. Walter E. Bortree, P.E., District Engineer, District 5-0, 1713 Lehigh Street, Allentown, PA 18103.

Any technical questions concerning the requirements for this project should be directed to: Mr. Donald E. Lerch, P.E., District 5-0, at (610) 791-6019.

Any questions concerning the submittal of the letter of interest for this Open-End Contract can be directed to the Consultant Agreement Division at (717) 783-9309.

Westmoreland, Butler, Armstrong and Allegheny Counties

Project Reference No. 08430AG2201

The Department of Transportation will retain an engineering firm, for a multi-phase, specific project Agreement, to perform preliminary engineering and environmental studies; final design and services during construction (shop drawing review, construction consultation, plans recordation and project management) for S.R. 0356, Section 06M, the rehabilitation of the Freeport Bridge carrying S.R. 0356 over the Allegheny River, ConRail tracks, Township Road 784, State Route 2019 and Buffalo Creek in Westmoreland, Butler, Armstrong

and Allegheny Counties. The design of this project is expected to have an overall duration of approximately thirty-six (36) months with shorter, varying schedules for individual phases. This Agreement will be administered by Engineering District 12-0. The estimated construction cost of the project is \$20.0 million.

The selected engineering firm will be required to provide a variety of engineering services including the following: environmental studies for environmental document preparation and public involvement; preliminary engineering studies involving field survey, utility contacts, H&H studies, joint permit preparation; line, grade and typical section development; type, size and location submissions; geologic studies; erosion and sedimentation control plans and narratives; hydraulic computations; safety reviews; and Step 9 submission final design activities including drainage and highway lighting design, right-of-way and traffic control plans, foundation submissions, structure designs and plan preparation, various field and office meetings, and plans, specifications, and estimate preparation; and services during construction including shop drawing review, construction consultation, plans recordation and project management.

The Department is seeking a moderate to large, multi-disciplined engineering firm with multi-span bridge design capability.

The following factors listed in order of importance, will be considered by the Department during evaluation of the firms submitting acceptable Letters of Interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section of the *Pennsylvania Bulletin*.
- b. Specialized experience and technical competence.
- c. Project team composition.
- d. Project team experience.
- e. Ability to expedite project and maintain schedule and budget.
- f. Past Performance.
- g. Current Workload.
- h. Location of Consultant.

The District will announce the shortlisted firms at an open public meeting to be held in Engineering District 12-0, North Gallatin Avenue Extension, P. O. Box 459, Uniontown, Pennsylvania 15401. All candidates that have submitted a letter of interest will be notified of the date. Specify a contact person in the letter of interest submission.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen (15%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

The District's copy of the Letter of Interest and required forms (see general requirements and information section) shall be sent to: Mr. Michael H. Dufalla, P.E., District Engineer, Engineering District 12-0, P. O. Box 459, North Gallatin Avenue Ext., Uniontown, PA 15401.

Any technical questions concerning the requirements for this project should be directed to: Mr. Jerry Bendo, Engineering District 5-0, at (724) 439-7377.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a Letter of Interest are required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the Letter of Interest and required information must be submitted to: Mr. Charles W. Allwein, P.E., Chief, Consultant Selection Committee, 7th Floor, Forum Place, 555 Walnut Street, P. O. Box 3060, Harrisburg, Pennsylvania 17105-3060. Note: The Zip Code for express Mailing is 17101-1900.

The Letter of Interest and required information must be received within twenty (20) calendar days of this Notice. The Deadline for receipt of a Letter of Interest at the above address is 4:30 p.m. prevailing time of the twentieth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm, or corporation not authorized to engage in the practice of engineering desires to submit a Letter of Interest, said individual, firm, or corporation may do so as part of a Joint Venture with an individual, firm, or corporate which is permitted under the state law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The Act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Each Letter of Interest must include the following information and the information must be packaged and presented in the following order:

1. Transmittal Letter (Maximum of two (2) 8 1/2" x 11" typed pages, one side)

The subject heading of the transmittal letter must include the project reference number for which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable), and the firm's federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant must indicate in the body of their transmittal letter the names and Professional Engineer License Number of individuals who are directing heads or employees of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats, and reports issued by the firm.

2. Project Organizational Chart (one page, one side, maximum size 11" x 17")

This Chart must show key staff from the prime and each subconsultant and their area of responsibility.

3. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team)

The Standard Form 255 must be signed, dated, and filled out in its entirety, including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project.

Under Item 4 of this form, Column A must specify only the number of subconsultant personnel and Column B must specify only the number of prime consultant personnel to be assigned to work on this project reference number. Do not include the total personnel for either the subconsultant or prime consultant under Item 4 unless the total personnel are necessary to provide the required work and services.

The prime and each subconsultant may include no more than one page each for Items 10 and 11.

If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be currently certified by the Department of Transportation, and the name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

4. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than one (1) year old as of the date of this advertisement, must accompany each Letter of Interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor, or a

Company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement.

If the Standard Form 254 is not submitted with the Letter of Interest, the transmittal letter shall indicate the dates that the Standard Forms 254 were submitted to the Bureau of Design and appropriate Engineering District/Central Office Bureau.

These Forms must be assembled with the prime's form first, followed by the form for each subconsultant in the same order as the subconsultants appear in Item 6 of Form 255.

5. Workload Projection Graph (Not required for Construction Inspection Services)

Separate Workload Projection Graphs for the prime and each subconsultant shown in Item 6 of the Form 255 must be included and must indicate the firm's current and anticipated workload compared to the anticipated capacity available for the next two-year time frame. The Workload Projection Graphs must be submitted for the office(s) where the work would be performed and must only include the personnel classifications required for providing the advertised services and work.

6. Authorization Letters (For Construction Inspections Services, if required)

If the advertisement requires a letter signed by individuals giving their approval to use their name in the Letter of Interest, the letters from proposed prime employees must be first, followed by subconsultant employees, in the same order as shown in Item 6 of Form 255.

7. Registration To Do Business

Firms with out-of-state headquarters or corporations not incorporated in Pennsylvania must include, with each Letter of Interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

A single page summary must indicate the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Accountant must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate would be available.

9. Additional Information

Additional information, not to exceed ten (10) one sided 8 1/2" x 11" pages or five (5) double sided 8 1/2" x 11" pages may be included at the discretion of the submitting firm.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who

submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

Thomas J. Kauffman	Upper Allen Township, Cumberland County
Kenneth J. McNally	Bedminster Township, Bucks County
Gary F. Moore	West Whiteland Township, Chester County
Robert M. Peloquin	Moore Township, Northumberland County
Eric D. Ruggeri	West Caln Township, Chester County

The above listing of Qualified Commonwealth Employees is being published as an addendum to the listing of Qualified Commonwealth Employees which was published at 28 Pa.B. 847 (February 15, 1998). The Department of Transportation, from time to time, during the calendar year, will publish addenda to the listing of Qualified Commonwealth Employees as the same become certified.

FISH AND BOAT COMMISSION

Consideration of Change to Special Regulation Designation Kettle Creek, Potter County

At its April 1998 meeting, the Fish and Boat Commission (Commission) approved guidelines with regard to encouraging public participation on possible changes to the designation of stream sections for special regulation programs. Under 58 Pa. Code Chapter 65, the Commission designates certain streams and stream sections as being subject to special trout fishing regulations. These designations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the new guidelines, a notice concerning the proposed designation or redesignation of a stream section under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Commissioners.

A Commissioner has asked the staff to publish a notice and solicit public input on his concept for a possible change to special regulations on a 1.7 mile section of Kettle Creek, Potter County. Accordingly, notice is hereby given that the Fish and Boat Commission, acting under 58 Pa. Code Ch. 65, may consider the deletion of a section of Kettle Creek from 500 ft. downstream of SR0144 upstream a distance of 1.7 miles from the list of Delayed Harvest Artificial Lures Only areas designated under 58 Pa. Code § 65.6. Instead, the Commission may be asked to consider placing this section under Delayed Harvest Fly Fishing Only Regulations, (58 Pa. Code § 65.2).

This section of Kettle Creek is located on Commission property. At the July 1970 Commission meeting, the Commission voted to acquire the Thompson tract along Kettle Creek. This is the property surrounding the special regulations area. During the May 1971 Commission meeting, the Commission voted to approve a special regulation area on Kettle Creek along the entire 1.7 mile distance of the newly acquired Thompson tract. Under the so-called "fish-for-fun program," this water was stocked several times throughout the spring and summer. Regulations provided for year-round angling and the harvest of one trout per day, 20 inches in length or longer. Gear was restricted to flies only and fishing hours extended from 1 hour before sunrise to 1 hour after sunset. This regulatory option was discontinued prior to the 1981 season in favor of more resource-based program options.

Starting in 1981, this section was managed under the, then, fly-fishing-only option of the catch-and-release program. The catch-and-release program as we know it today (barbless hook, artificial lures only) went into effect for the 1984 season. At that time (1984) three of the former catch-and-release (FFO waters) were moved into the no-harvest, FFO program (Spring, Kettle, and Little Lehigh Creeks). Because it was made an exception in 1984, Kettle Creek regulations were essentially unchanged: barbless fly-fishing-only, season open year around with no harvest permitted. During the period from 1981 until 1988, this area was managed as a Class A wild trout fishery with no stocking as inventory information recorded a brown trout biomass of 84.45 kg/ha in 1981.

Biomass steadily declined from 51.77 kg/ha in 1982 to a low of 16.64 kg/ha in 1984. The 1984 estimate was conducted during the summer that followed the February 1984 St. Valentine's Day flood. Subsequent inventories

conducted during 1985 and 1986 recorded biomass Class B wild brown trout populations lower than the levels that had been observed prior to flooding. Mediocre habitat, combined with an unstable environment (flood, drought and elevated summer water temperatures) were limiting factors constraining the wild trout populations.

Management recommendations in 1987 were to propose regulation changes to artificial lures only and to stock this section as a "Class B" catch-and-release area. Therefore, from 1988 through 1997, this stream section was managed as a stocked biomass Class B water under the catch-and-release program (at the time, one of only three stocked Class B catch-and-release areas in the state). Catch-and-release regulations provided for year-round angling with no harvest. Tackle was restricted to the use of barbless flies and artificial lures only. Since 1988, fishing with artificial lures and spinning gear has been permitted on this section of Kettle Creek.

Recent inventories (1994 and 1997) confirmed that this section no longer supports the biomass Class B wild brown trout densities that were recorded during the mid-1980s. Therefore, if the provision of a recreational sport fishery is desired under special regulations, stocking is necessary and management under the Delayed Harvest, Artificial Lures Only program was deemed the most appropriate regulatory option for this biomass Class C fishery. The Commission voted to change this section to a delayed-harvest, artificial lures only area (58 Pa. Code § 65.5) starting in January 1998. This decision was confirmed after considering input from a public meeting at the site and publication of a notice inviting public input. The Commission staff continue to believe that delayed-harvest artificial lures only regulations are appropriate for this stream section in accordance with the trout management plan and resource-based regulatory options.

Delayed Harvest Artificial Lures Only regulations provide for a limited harvest period from June 15 through Labor Day and an elongated no harvest period from the day after Labor Day until the following June 15. During the harvest period, an elevated minimum length limit (9 inches) and reduced creel limit (3 trout/day) is applied to ensure that emphasis remains on recreation rather than harvest. Fishing hours extend from 1 hour before sunrise to 1 hour after sunset and tackle is restricted to the use of artificial lures only (which includes the use of flies and streamers). Under this option multiple stockings occur as this section is stocked twice during the spring and once in October to provide additional catch-and-release angling during the fall.

This stream section has been managed under an artificial lures only option (including flies and streamers) for the past 11 seasons. Few, if any, angler conflicts due to tackle have been reported. As part of the 1991 Trout Angler Telephone Survey, anglers were asked a series of questions pertaining to their attitudes and opinions of special regulations areas. When asked if all delayed harvest areas should permit spinners and artificial lures as well as flies, overall, 60.5% agreed with this concept and 33.2% disagreed.

Kettle Creek is a popular destination stream for fly fishers, and some anglers have contacted Commissioners to ask that the Commission consider changing the regulations on the delayed-harvest section to permit use of flies only. On the other hand, the Commission has received input from other anglers who generally oppose restricting trout waters to fly-fishing. There is a good deal of public interest in this subject, and, in response to a suggestion

from one of our Commissioners, we are seeking public input. Imposition of a fly-fishing only restriction on this stream section would change 11 seasons of past practice and would be contrary to the special trout fishing regulations on most other publicly-owned or controlled streams to which special restrictions apply. In recent years, the trend, consistent with resource-based considerations and research on hooking mortality, has been to expand fishing opportunities to include the use of artificial lures only.

The Fish and Boat Commission is soliciting public input concerning a possible designation that may be proposed to change a 1.7 mile section of Kettle Creek from delayed-harvest (artificial lures only) regulations to delayed-harvest (fly-fishing only) regulations. Persons with comments, objections or suggestions concerning the possible proposed change to the special regulations applicable to this stream section are invited to submit comments in writing to Executive Director, Pennsylvania Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 by no later than July 15, 1998.

Public Hearing on Proposed Amendment

On April 25, 1998, the Pennsylvania Fish and Boat Commission (Commission) published a notice of proposed rulemaking at 28 Pa.B. 1954 (April 25, 1998), seeking public comments, objections or suggestions about a proposed amendment that would impose mandatory boating education for operators of personal watercraft. Specifically, the Commission sought public comments on a proposed amendment to 58 Pa. Code § 109.3 (relating to personal watercraft) that provides that effective January 1, 2000, a person may not operate a personal watercraft on the waters of this Commonwealth unless the person has obtained a boating safety education certificate.

The Commission will hold a public hearing on this proposed amendment on Tuesday, June 23, 1998, at 7—9 p.m., in the Auditorium of the Pennsylvania Game Commission, 2001 Elmerton Avenue, Harrisburg, PA.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
