READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

[231 PA. CODE CH. 4000]

Amendment of Note to Rule 4009.21(a); No. 302;
Civil Procedural Rules; Doc. No. 5

Order

Per Curiam:

And Now, this 4th day of August, 1998, the note to Pennsylvania Rule of Civil Procedure 4009.21(a) is amended to read as follows.

Whereas prior distribution and publication of the amendment would otherwise be required, it has been determined that the amendment is of a perfunctory nature and that immediate promulgation is required in the interest of efficient administration.

This Order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective January 1, 1999.

CHAPTER 4000. DEPOSITIONS AND DISCOVERY

SUBPOENA UPON A PERSON NOT A PARTY

Rule 4009.21. Subpoena Upon a Person Not a Party for Production of Documents and Things. Prior Notice. Objections.

(a) A party seeking production from a person not a party to the action shall give written notice to every other party of the intent to serve a subpoena at least twenty days before the date of service. A copy of the subpoena proposed to be served shall be attached to the notice.

Official Note: For the form of the written notice, see Rule 4009.24(a).

These rules do not preclude (1) the issuance under Rule 234.1 et. seq. of a subpoena or request for the production of documents or things at a deposition pursuant to Rule 4007.1(d) or (2) an independent action against a person not a party for production of documents or things.

Explanatory Comment

The second paragraph added to the note to Rule 4009.21(a) is a verbatim copy of the fourth paragraph of the note to Rule 4009.1. The intent of this repetition is to make clear that there are procedures other than a

subpoena under Rule 4009.21 by which the production of documents or things may be sought from a person not a party to an action.

Amendment of Rule 4007.1 Governing Procedure in Depositions; No. 303 Civil Procedural Rules Doc. No. 5

Order

Per Curiam:

And Now, this 4th day of August, 1998, Pennsylvania Rule of Civil Procedure 4007.1 is amended to read as follows.

This Order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective January 1, 1999.

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 4000. DEPOSITIONS AND DISCOVERY

Rule 4007.1. Procedure in Deposition by Oral Examination.

* * * * *

(f) An application for an order pursuant to Section 5326(a) of the Judicial Code may be filed only in the county in which the person who is the subject of the order resides, is employed or regularly transacts business in person.

Official Note: Section 5326 of the Judicial Code, 42 Pa.C.S. § 5326, a part of the Uniform Interstate and International Procedure Act, provides for assistance to tribunals and litigants outside the Commonwealth.

Explanatory Comment

Section 5326 of the Judicial Code, 42 Pa.C.S. § 5326, relating to "Assistance to tribunals and litigants outside this Commonwealth with respect to depositions" provides:

(a) *General Rule.*—A court of record of this Commonwealth may order a person who is domiciled or is found within this Commonwealth to give his testimony or statement or to produce documents or other things for use in a matter pending in a tribunal outside this Commonwealth. . . .

New subdivision (f) of Rule 4007.1 responds to the concern that there should be a limitation upon the county from which an order may be sought so that the person who is the subject of the order is not put to unreasonable

expense or burden. A resident of Erie should not have to travel to Easton to object to an order obtained in connection with litigation outside the Commonwealth.

Title 255—LOCAL COURT RULES

DAUPHIN COUNTY

Promulgation of Rule 161 Relating to Accelerated Rehabilitative Disposition; No. 1793 S 1989

Order

And Now, this 3rd day of August, 1998, Dauphin County Local Rule of Criminal Procedure 161, regarding procedures for accelerated rehabilitative disposition in summary cases before the minor judiciary, is hereby promulgated as follows:

Rule of Criminal Procedure 161. Accelerated Rehabilitative Disposition (ARD) In Summary Cases

(a) *Eligibility*: Pursuant to the District Attorney's designation filed under Pa.R.Crim.P. 160(b)(2), all summary first offenders and summary juvenile offenders may apply for admission to the program with the following exceptions:

- i. Any offense which is excluded by statute.
- ii. Any offense under Title 75 (Vehicles).
- iii. Any offense charged by local ordinance, with the exception of local ordinances prohibiting the public display of open containers of alcoholic beverages.
- iv. Any offense which is the result of an original charge classified as a misdemeanor three or above, which is subsequently reduced.
- v. Any offense which is joined with a court case which is held or waived for trial at a preliminary hearing.

(b) *Program Costs*: The costs taxable under each docket number shall be \$50 (fifty dollars), in addition to restitution, if any, both of which shall be payable no later than the day of admission to the program. The District Justice may, in appropriate cases, waive or defer payment of the ARD fee. Restitution may not be waived. The defendant shall further agree, as a condition of the ARD program, to pay the costs of any recommended treatment and/or community service program, and further pay any assessed probation supervision fees.

(c) *Application*: Eligible offenders may apply for ARD by completing an application, waivers of Rule 1100 and applicable statutes of limitations, and submitting them to the Dauphin County District Attorney for preliminary investigation. The District Attorney shall have full authority to conduct a criminal and social background check and shall have access to any available records to confirm application information. The District Attorney shall further consider input from the victim, if any, and recom-

mend restitution when appropriate. The District Attorney may then move for the defendant's inclusion in ARD.

(d) *Program Conditions*: An offender admitted to ARD shall comply with the following:

- i. Obey all federal, state and local penal laws, and all rules of probation.
- ii. Complete a minimum of 20 hours of community service.
- iii. Undergo a drug and alcohol evaluation, if required by the District Justice, and complete any recommended treatment.
- iv. Complete any other adjudication alternative program as directed by the District Justice.

(e) *Program Admission and Completion*: An eligible offender may be admitted to ARD by the District Justice upon the motion of the District Attorney. Bail, security or other collateral shall terminate upon entry. Admission to ARD shall not affect any period of license suspension/revocation directed by statute. Upon satisfactory completion of the program, the charges against the defendant shall be dismissed. The record of arrest shall not be affected by the operation of this local rule, however upon successful completion of the program, the case record shall be sealed by the District Justice.

The District Justice, in all cases where he/she finds the defendant guilty through trial and therefore ineligible for ARD, may refer the defendant to the program as part of a post-dispositional order. In all such cases the issuing authority shall consider imposing a fine with the provision that the fine be vacated or reduced if the defendant successfully completes the program. Restitution may not be reduced under this provision.

(f) *Program Monitoring*: The Dauphin County Adult and Juvenile Probation departments, or representatives from an adjudication alternative program, or Pre-Trial Services, are hereby authorized to monitor and supervise a defendant's progress in the summary ARD program. Further such organizations shall inform the District Justice of either the offender's successful completion, or the failure to complete, and in the latter case may testify as to the reasons therefor in program revocation proceedings. An allegation that the defendant has violated a condition of ARD must be brought during the term of the program, or if filed thereafter, within a reasonable time after the alleged violation was committed.

(g) *Revocation*: Should a defendant fail to comply with any condition of the ARD program, he or she may be revoked from the program by order of the District Justice at a revocation hearing where the defendant will be afforded an opportunity to be heard. The District Justice may issue such process as is necessary to bring the defendant before the Court. Should the defendant fail to appear after receiving notice of a revocation hearing, the District Justice may issue a warrant pursuant to Pa.R.Crim.P. 75. No appeal shall be allowed from a revocation order.

Upon revocation from the summary ARD program, or if a defendant declines to accept the program, the case shall thereafter be scheduled for trial pursuant to Chapter 50 of the Pennsylvania Rules of Criminal Procedure.

(h) *Monthly Report*: District Justices shall submit a monthly report on the disposition of all cases which have applied for entry to ARD to the District Attorney. Should admission to ARD be denied, the reasons for such denial shall be included.

This Order shall become effective 30 (thirty) days after publication in the *Pennsylvania Bulletin*.

(1) File seven (7) certified copies of this Order and Amended Rule with the Administrative Office of Pennsylvania Courts.

(2) File two (2) certified copies of this Order and Amended Rule with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

(3) File one (1) certified copy of this Order and Amended Rule with the Pennsylvania Civil Rules Committee.

(4) Forward one (1) copy for publication in the *Fayette Legal Journal*.

(5) Forward one (1) copy to the Fayette County Law Library.

(6) Keep continuously available for public inspection copies of this Order and Rule.

By the Court

WILLIAM J. FRANKS,
President Judge

Rule 212. Pre-Trial Procedure.

(a) There will be a pre-trial conference in every civil case unless counsel for all parties stipulate in writing to the contrary and approval is granted by the Court. Cases submitted to compulsory arbitration under Rule 1301 shall have a pre-trial conference only if the award of arbitrators is appealed. In paternity cases, the pre-trial conference shall be conducted by the Domestic Relations Hearing Officer, who shall file a report of same. The Prothonotary shall refer medical malpractice cases to the Health Care Conciliation Program of the Commonwealth of Pennsylvania for a conciliation conference before the pre-trial conference.

(b) The Prothonotary shall keep a Pre-Trial Docket. Cases may be placed on the Pre-Trial Docket by any party, but only if:

(1) The pleadings shall have been closed for a period of at least ninety (90) days or all parties have, by written stipulation filed, agreed to place the case on the Pre-Trial Docket within a lesser time; and

(2) Such party shall file a certification of readiness with the Prothonotary, with notice given to all parties pursuant to Pa.R.C.P. 440 at least 15 days prior to filing said certification. The certification shall state that the attorney placing the case on the Pre-Trial Docket certifies that all discovery has been completed and the case is ready for trial.

(3) Any party objecting to the certification of readiness shall file a petition setting forth the reasons and the time period within which the objecting party needs to complete the necessary discovery or investigation. A party's failure to file and present the petition in motions court within the 15 day period shall be deemed to be a consent to the certification of readiness.

(c) After the case has been placed upon the Pre-Trial Docket:

(1) All plaintiffs, within twenty (20) days of the filing of the certification of readiness, shall file their pre-trial statements; and

(2) All defendants, within twenty (20) days of the filing of the plaintiffs' pre-trial statements, shall file their pre-trial statements; and

(3) All other parties, within twenty (20) days of the filing of defendants' pre-trial statements, shall file their pre-trial statements.

(d) No discovery will be permitted after the pre-trial conference except upon express order of the Court.

(e) No case shall be listed for trial until after compliance with the pre-trial procedure set forth in these rules.

(f) The written pre-trial statement required under these rules will consist of a brief summary of the essential facts upon which liability is asserted or denied and the legal issues involved. There shall be attached to said statement:

(1) A copy of all reports containing findings or conclusions of any physician who has treated or examined a party or has been consulted in connection with any injuries complained of and who a party expects to call as a witness at the time of trial of the case. If timely production of any such report is not made, the testimony of such physician shall be excluded at the trial except upon consent of the other party or parties or upon express order of the Court.

(2) A copy of all reports containing findings and conclusions of any expert who has been consulted in connection with the matters involved in the case and who a party expects to call as a witness at the trial. If timely production of any such report is not made, the testimony of such expert shall be excluded at the trial, except upon consent of the other party or parties or upon express order of the Court.

(3) A list of the names and addresses of all witnesses the party expects to call, which witnesses shall be classified as liability or damage witnesses.

(4) The pre-trial statement of any party seeking to recover damages for personal injuries will also be accompanied by a written authorization to inspect and make copies of the records and reports of any physician, hospital or clinic by whom or where said party may have been examined, treated, or hospitalized for the injuries or disabilities complained of, and covering prior injuries or disabilities where the same may be relevant.

(5) The pre-trial statement of any party seeking to recover damages shall include a list of the damages that the party intends to claim and prove at the trial.

(6) All counsel shall attach a list of exhibits which shall contain the identifying mark of each exhibit together with a brief description of the exhibit.

(7) All parties shall set forth a realistic estimate of the trial time required for representation of their own case, as well as total trial time required.

(8) The pre-trial statement shall include a brief history of settlement negotiations.

(g) Upon failure of any party to file a pre-trial statement within the time required, the Court may impose the sanctions provided in Pa.R.C.P. No. 4019(c).

(h) Within five (5) days of the filing of the last required pre-trial statement but not later than sixty-five (65) days from the filing of the certification of readiness, the Prothonotary shall notify the Court Administrator that the case may be scheduled for the pre-trial conference. The Court Administrator will assign the case forthwith for pre-trial. The assigned Judge will by order set a time for the pre-trial conference.

(i) At the pre-trial conference, each counsel shall make available to opposing counsel for inspection and copying all exhibits which are expected to be offered in evidence at trial. In addition, the written list of exhibits will be marked to indicate those exhibits which are to be admitted into evidence by stipulation, those exhibits to which there is an agreement of authenticity and a waiver of formal proof but to which objections of admissibility are reserved, and those exhibits to which objections to admissibility and challenges to authenticity and proof are reserved generally. The nature of the objection in each instance shall be briefly stated.

If any exhibits are known to exist or probably will be required but are not available at the time of the pre-trial conference, the substance thereof must be disclosed to opposing parties and numbers or letters shall be reserved for such exhibits upon counsel's list of exhibits. If not discovered or not realized to be necessary until after the pre-trial conference, exhibits must nevertheless be marked before trial. Exhibits not submitted and marked in the manner provided herein shall not be admitted at the trial unless the trial Judge is satisfied that their existence or the necessity for introducing them could not have been determined at the earlier stages referred to in this Rule.

(j) The Judge at the pre-trial conference may consider motions to continue, to amend, to consolidate, to sever, motions in limine, and any other pertinent matters, providing proper notice is given in the pre-trial statement or otherwise.

(k) The Judge presiding at the pre-trial conference shall enter a pre-trial adjudication. Counsel must file written objections within 10 days and present the objection to Motions Court or be deemed to have accepted the pre-trial adjudication.

(l) Unless the Court directs otherwise, the Prothonotary shall add the case to the Jury Trial Docket as of the date of the pre-trial adjudication.

(m) Willful failure to fully disclose in the pre-trial statement or at the pre-trial conference the substance of the evidence as to liability, defenses, damages and the identity of all witnesses proposed to be offered at the trial will result in the exclusion of that evidence or the testimony of those witnesses at the trial. The only exceptions will be matters or witnesses which the Judge determines were not discoverable at the time of the pre-trial conference, and matters to be used solely for impeaching purposes.

(n) When a case is scheduled for pre-trial conference, it shall not be continued except for just cause and upon order of the pre-trial Judge. If there is a failure to comply with the pre-trial rules or with any order issued in the pre-trial procedure, the Judge may impose such sanctions as are warranted by the circumstances. Sanctions may include the dismissal of the plaintiff's cause of action, the grant of permission to proceed ex parte, or the barring of any defendant or other party from offering any testimony. If all parties fail to comply, the action may be dismissed.

(o) The pre-trial conference shall be attended by the attorney who will try the case or by an attorney who is fully prepared and authorized as to all matters which may reasonably be expected to arise during the conference. Parties must also be present, except where the real party in interest is an insurance company, common carrier, corporation or other artificial legal entity, in which instance a representative thereof, other than the attorney, must be present with full authority and power to discuss and settle the case. At the pre-trial conference, the Court shall encourage the amicable settlement of the controversy and the parties and their attorneys shall be prepared to discuss settlement.

(p) The Judge presiding at the pre-trial conference shall refer to arbitration all cases where the amount actually in controversy is found not to exceed the jurisdictional limits of arbitration except where title to lands or tenements may come in question.

(q) The pre-trial adjudication shall control the subsequent course of the action. The adjudication of the pre-trial Judge may include a requirement that one or more of the parties submit a trial brief, or a statement of legal authorities, to be submitted at least ten (10) days before trial. The adjudication may impose such other requirements on the parties as the circumstances may indicate in the discretion of the Judge.

(r) After the pre-trial conference and the entry of the pre-trial adjudication no amendment to any pre-trial statement or pleading shall be presented to the Prothonotary for filing unless authorized at the pre-trial conference or upon further order of Court.

(s) The Court may on motion of any party enlarge any time period set forth in these rules relating to pre-trial procedure.

FAYETTE COUNTY

Local Rule 214: Pre-Trial Docket and Jury Trial Docket; Civil Division No. 1471 of 1998, G. D.

Order

And Now, this 30th day of July, 1998, it is hereby *Ordered* that Fayette County Rule of Civil Procedure 214 is hereby amended as follows. This amendment shall be effective 30 days after the publication in the *Pennsylvania Bulletin*.

The Prothonotary of Fayette County is *Ordered* and *Directed* to do the following:

(1) File seven (7) certified copies of the Order and Amended Rule with the Administrative Office of Pennsylvania Courts.

(2) File two (2) certified copies of this Order and Amended Rule with the Legislative Reference Bureau for Publication in the *Pennsylvania Bulletin*.

(3) File one (1) certified copy of this Order and Amended Rule with the Pennsylvania Civil Rules Committee.

(4) Forward one (1) copy for publication in the *Fayette Legal Journal*.

(5) Forward one (1) copy to the Fayette County Law Library.

(6) Keep continuously available for public inspection copies of this Order and Rule.

By the Court

WILLIAM J. FRANKS,
President Judge

Rule 214. Pre-Trial Docket and Jury Trial Docket.

(a) The Prothonotary shall keep a Pre-Trial Docket and shall enter therein each case named in the certification of readiness of any party. Cases shall be entered in the order in which the certifications are filed and the date of entry shall be noted on the Docket.

(b) The Prothonotary shall also keep a Jury Trial Docket, in which there shall be entered each case to be tried by jury, in chronological sequence according to the date of the pre-trial adjudication.

(c) Non-jury and equity trials shall be scheduled for trial upon motion.

(d) A case shall remain on the Jury Trial Docket until it has been tried, settled, discontinued or removed by order of Court. The Prothonotary shall note the disposition of each case on the Docket.

(e) The Court may order a case removed from either docket because of the failure of the plaintiff to proceed with reasonable diligence or for other appropriate cause. Such a case may be reentered in either docket only by order of Court and only as of the date of such order.

(f) There shall be four (4) Sessions of Civil Jury Trials each year, beginning respectively on the third Monday of January, the third Monday of April, the third Monday of July and the third Monday of October, unless otherwise specifically ordered.

(g) On the first business day of the month preceding that during which the next regular Session of Civil Jury Trials is to begin, the Prothonotary shall prepare and post publicly in that office a trial list for the Session containing all pending cases entered on the Jury Trial Docket. The cases on the Jury Trial Docket shall be listed in the order in which they were entered in said Docket, and shall be numbered consecutively for trial beginning on the opening day of the Session. The posting of the list shall constitute publication of the trial list for that Session for the purposes of Pa.R.C.P. No. 216.

(h) At least twenty (20) days before the beginning of each Session, the Prothonotary shall have the posted list printed, together with a list of the jurors summoned for the Session, and shall furnish a copy thereof to each member of the Court and to all attorneys requesting it.

(i) On the Friday immediately preceding the beginning of a Session, not later than 3:30 o'clock p.m., the Court Administrator shall prepare and post in the Prothonotary's office a list of all cases to be called for trial on the following Monday, and likewise thereafter from day to day

a list of all cases expected to be called for trial on the following day. Except as otherwise directed by the Court, and subject to the preferences given by Pa.R.C.P. No. 214, the daily list shall be composed of (1) cases fixed by the Court for that day; and (2) cases taken in numerical order from the list, unless made impracticable by the conflicting engagements of counsel. The posting of the daily lists shall constitute sufficient notice of call for trial on that day. The Prothonotary shall furnish a copy of each daily list to each member of the Court and to all attorneys requesting it.

(j) The trial list shall be called for answer in the courtroom of the Motions Judge on the third Friday preceding the beginning of each Session of Civil Jury Trials at 9:30 o'clock A.M. At that time, written motions for continuance may be presented. Later motions for continuance will not be considered, unless for a cause not existing or known at the call of the list. All motions for continuance shall be in writing, after notice as required by Pa.R.C.P. No. 216 and F.C.R. 211(e). No case shall be continued for trial without a jury until an agreement of all parties to dispense with trial by jury has been filed of record.

If no answer is made, the case will be stricken from the list and reinstated only upon praecipe and placed at the end thereof.

(k) Any case on the trial list that is called for trial during the session but not reached for trial, shall, at the next session, receive priority over cases that are continued at the call of the list.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

DCNR Recruits Applicants for Trails Board

The Department of Conservation and Natural Resources (Department) is accepting nominations through September 30, 1998, for three new appointments to the Pennsylvania Recreational Trails Advisory Board (PARTAB). The Board was created on October 29, 1992, in accordance with the provisions of the Transportation Equity Act for the 21st Century (TEA 21).

The Board consists of one member from each of the following nine recreational trail user organizations: Hiking; Cross-Country Skiing; Off-Highway Motorcycling; Snowmobiling; Horseback Riding; All-Terrain Vehicle Driving; Bicycling; Four-Wheel Driving and Water Trails. One member also represents physically challenged individuals.

The Board's main responsibilities include advising the Department on the use of Federal trails funding in this Commonwealth, reviewing and ranking trail project applications and presenting an annual report to the Secretary on the accomplishments of the preceding Federal fiscal year, including recommendations for changes.

Nominations for the three new appointees are to be made from individuals representing the following trail user organizations: Cross-Country Skiing, Four-Wheel Driving and Horseback Riding.

Nominations must be submitted to the Department by September 30, 1998. Appointments will be made by the

Secretary of the Department. Appointees will serve for 3 consecutive years.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Northwest Regional Office: Regional Manager, Water Management, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6942.

PA 0023167. Sewage. **Kane Boro—Pine Street Waste Water Treatment Plant**, P. O. Box 79, Kane, PA 16735.

This application is for renewal of an NPDES permit to discharge treated sewage to West Run in Kane Boro, **McKean County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is Emlenton Water Company on the Allegheny River located in Emlenton, approximately 120 miles below point of discharge.

The proposed effluent limits for Outfall No. 001, based on a design flow of 1.5 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Weekly Average</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅			
(5-1 to 10-31)	10	15	20

Total Phosphorus	2.0		4.0
Chronic Whole Effluent Toxicity (WET)	7.0		
Dissolved Oxygen	minimum of 7.0 mg/l at all times		
NO ₂ -NO ₃	10		20
pH	6.0—9.0 at all times		

The EPA waiver is not in effect.

PA 0222615. Sewage, **Scott R. Yonkin**, 2804 Homestead Drive, Erie, PA 16506.

This application is for a new NPDES permit to discharge treated sanitary sewage to an unnamed tributary of Cussewago Creek in Franklin Township, **Erie County**. This is a new discharge.

The receiving water is classified for warm water fishery, aquatic life, water supply and recreation. There are no potable water supplies affected by this discharge.

The proposed effluent limits for Outfall 001, based on average design flow of 0.000800 mgd, are:

<i>Parameter</i>	<i>Effluent Concentration (mg/l)</i>	
	<i>Average Monthly</i>	<i>Instantaneous Maximum</i>
CBOD ₅	10	20
Total Suspended Solids	20	40

The EPA waiver is in effect.

Southwest Regional Office: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4000.

PA 0217964. Sewage, **Keith Vay**, Box 204, Lowbar, PA 15660.

This application is for issuance of an NPDES permit to discharge treated sewage from K-Vays STP in Sewickley Township, **Westmoreland County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as unnamed tributary of Little Sewickley Creek, which are classified as a trout stocked fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Westmoreland County Municipal Authority, McKeesport Plant, on the Youghiogheny River.

Outfall 001: new discharge, design flow of 0.006 mgd.

PA 0055298. Sewage, **Henry Anderson**, 2472 River Road, New Hope, PA 18938.

This application is for renewal of an NPDES permit to discharge treated sewage from a single residence STP in Solebury Township, **Bucks County**. This is an existing discharge to Rabbit Run.

The receiving stream is classified for the following uses: warm water fishery, cold water fishery, trout stocking fishery, high quality trout stocking fishery, high quality warm water fishery, high quality cold water fishery, exceptional value waters, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 500 gpd are as follows:

Parameter	Average Monthly (mg/l)	Instantaneous Maximum (mg/l)
CBOD ₅	25	50
Suspended Solids	30	60
Ammonia (as N)	20	40
Total Residual Chlorine	monitor/report	monitor/report

PA 0050504, Amendment No. 1. Sewage, **East Goshen Municipal Authority**, 1580 Paoli Pike, West Chester, PA 19380.

This application is for an amendment of an NPDES permit to discharge treated sewage from a sewage treatment plant in East Goshen Township, **Chester County**. This is an existing discharge to Ridley Creek.

The receiving stream is classified for high quality trout stocking, aquatic life, water supply and recreation.

The proposed amendment to effluent limits for Outfall 001, based on an average flow of 0.4 mgd as follows:

The effluent limitations for Total Residual Chlorine have been deleted since chlorine is no longer used for disinfection.

The EPA waiver is in effect.

Northcentral Region: Environmental Program Manager, Water Management, 208 West Third Street, Suite 101, Williamsport, PA 17701-6510, (717) 327-3666.

PA 0208647. SIC: 4952, **Grampian Borough Council**, P. O. Box 298, Grampian, PA 16838.

This proposed action is for reissuance of an NPDES permit for an existing discharge of treated sewage to Kratzer Run in Penn Township, **Clearfield County**.

The receiving stream is classified for the following uses: cold water fishery and aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the proposed downstream potable water supply (PWS) considered during the evaluation is Lock Haven City Authority located on the West Branch Susquehanna River, 90 miles downstream.

The proposed effluent limits for Outfall 001, based on a design flow of 0.08 mgd, are:

<i>Discharge Parameter</i>	<i>Concentrations (mg/l)</i>		
	<i>Average Monthly</i>	<i>Average Weekly</i>	<i>Instantaneous Maximum²</i>

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Any major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Operations indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department). Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each writer will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

INDIVIDUAL PERMITS (PAS)

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharge.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding

the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice

of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Conewago Contractors, Inc., Lemoyne Borough, **Cumberland County**. Conewago Contractors, Inc., 221 South 10th Street, Lemoyne, PA has submitted a Notice of Intent to Remediate site soils contaminated with solvents, BTEX and PHCs. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Harrisburg Patriot News* on July 30, 1998.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demon-

strates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, a municipality may request that the person identified, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Conewago Contractors, Inc., Lemoyne Borough, **Cumberland County**. Conewago Contractors, Inc., has submitted a Notice of Intent to Remediate site groundwater contaminated with solvents. The applicant proposes to remediate the site to meet the site-specific standard. A summary of the Notice of Intent to Remediate was reported to have been published in the Harrisburg *Patriot News* on July 30, 1998.

RESIDUAL WASTE PROCESSING FACILITIES

Permit modification request under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and the residual waste regulations for a general permit to operate residual waste processing facilities.

Central Office: Division of Municipal and Residual Waste, 14th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101-2301.

General Permit No. WMGR053. Private Recycling Services, Inc., R. D. 2, Box 250A-1, Cochranon, PA 16314. A permit modification has been requested for the processing of off-specification or out-of-date consumer commodity-type materials in recyclable containers prior to beneficial use of the container materials. The requested revision would allow the processing of empty plastic motor oil containers. The modification request was received in this office on July 28, 1998.

Comments concerning modification of General Permit No. WMGR053 should be directed to Ronald C. Hassinger,

Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Land Recycling and Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472. Persons interested in obtaining more information about the general permit and requested modification may contact the Division at (717) 787-7381. TDD users may contact the Department through the Pennsylvania Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice.

AIR QUALITY

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

**REASONABLY AVAILABLE CONTROL
TECHNOLOGY
(RACT)**

Proposed Revision to the State Implementation Plan for Volatile Organic Compounds (VOC); Approval of a Reasonably Available Control Technology Plan and Operating Permit; Public Hearing

Bedford County

The Department of Environmental Protection (Department) has made a preliminary determination to approve a revised Reasonably Available Control Technology (RACT) Plan and an amendment to the State Implementation Plan (SIP) for a recreational equipment production facility owned and operated by Hedstrom Corporation in Bedford Township, Bedford County.

The proposed SIP revision does not adopt any new regulations. It incorporates the provisions and requirements contained in RACT Operating Permit No. 05-02002A for the existing facility to comply with current regulations.

The preliminary RACT determination, if approved, will be incorporated into an Operating Permit for the facility and will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's SIP.

The sources at the recreational equipment production facility for which VOC RACT determinations are being made are the decorative coating line for rotocasting and the gym leg stencil operations. The preliminary VOC RACT determination for the decorative coating line for rotocasting is a limitation of VOCs in the coating along with an annual limit of total emissions. The preliminary VOC RACT determination for the gym leg stencil operation is utilizing improved work practice standard along with an annual limit of total emissions. Upon final approval of the company's case-by-case analysis, the operating permit will include conditions requiring recordkeeping and reporting of operational data to verify VOC emissions.

An appointment to review the pertinent documents at the Department Altoona District Office at 615 Howard Avenue, Altoona may be scheduled by contacting Kathy Ciampoli at (814) 946-7290 between 8 a.m. and 4 p.m., Monday through Friday, except holidays.

One public hearing will be held for the purpose of receiving comments on the proposal. The hearing will be held on October 1, 1998, at the Department's Altoona District Office, located at 615 Howard Avenue, Altoona, PA 16601 from 10 a.m. until all scheduled comments are received.

Those wishing to comment are requested to contact Susan Frank at (717) 705-4904 at least 1 week in advance of the hearing to schedule their testimony. Those wishing to comment are requested to provide two written

copies of their remarks at the time of the hearing. Oral testimony will be limited to a maximum of 10 minutes per individual. Organizations are requested to designate an individual to present testimony on behalf of the organization. Written comments may be submitted to Steve Weyandt, Air Pollution Control Engineer, 615 Howard Avenue, Altoona, PA 16601, on or before October 7, 1998.

Persons with a disability who wish to attend the hearing scheduled for October 1, 1998, at the Department's Altoona District Office and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact Susan Frank directly at (717) 705-4904 or through the AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

MINING

**APPLICATIONS TO CONDUCT COAL AND
NONCOAL ACTIVITIES**

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or

agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Approvals to Use NPDES and/or Other General Permits

The following parties have submitted Notices of Intent (NOIs) for Coverage under (1) General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania. The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection approves the following coverages under the specified General Permit.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangement made for copying at the contact office noted.

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained

from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audio tape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Richard Shudak at (717) 826-2511. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Camp Lohikan/Mount Tone, Buckingham Township, **Wayne County**. This commercial project proposes to correct existing malfunctioning onlot sewage disposal systems with a spray irrigation wastewater treatment facility consisting of an aerated lagoon and a 12.4 acre spray field. Peak wastewater flows will be 30,000 gpd.

Camp Lohikan contains 30 cabins with a capacity for 600 people. The operational season runs for the months of June, July and August. Wastewater flows for this particular facility are estimated at 1.5 million gallons per year. The Mount Tone ski area, located on the same 795 acre parcel, utilizes some of the identical facilities as the campground. The estimated wastewater flows from the ski operation are 600,000 gallons per year. In the interim between the camping and skiing seasons, the property is utilized on weekends with an estimated wastewater flow of 650,000 gallons per year. The total estimated wastewater flows for this project are 2.75 million gallons per year. Daily flows range from a peak of 30,000 gpd during the summer camping season to 400 gpd in the off-season.

This parcel is located along both sides of T-601, approximately 1.5 miles southeast of the intersection with S. R. 4033 in Buckingham Township, Wayne County, PA.

Regional Office: Water Management Program Manager, Southcentral Region, 909 Elmerton Avenue, Harrisburg, PA 17110.

Heidelberg Township, Lebanon County, Mill Road, Box 188, Schaefferstown, PA 17088. The disapproved plan proposed construction of a collection system and sewage treatment plant that would discharge to Hammer Creek, a stream classified as High Quality. The plan was disapproved because the cost of a non-discharge alternative, spray irrigation, was found to be within 110% of the cost of the proposed discharge alternative. As per guidance in effect at the time this plan was initiated, the non-discharge alternative should have been selected under these conditions.

Felton Borough, York County, 49 Main Street, Felton, PA 17322. The approved plan provided for construction of a gravity collection system and .042 mgd sewage treatment plant to provide public sewer service to Felton Borough. Funding is anticipated to be through the USDA Rural Utility Service. Additionally, preliminary hydrogeologic studies will be required for all new land development not connecting to the sewer system. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

HAZARDOUS SITES CLEAN-UP

Under the Act of October 18, 1988

Prompt Interim Response under the Hazardous Sites Cleanup Act

Furlong Manufacturing Company (FMC) Site Doylestown and Buckingham Townships, Bucks County

The Department of Environmental Protection (Department), under the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA), initiated a Prompt Interim Response at the former FMC facility and the area immediately surrounding the facility. The FMC property is currently occupied by a retail lighting store known as Furlong Lamp and Lighting. The facility is located at 760 York Road (Route 263), Furlong, Doylestown Township, Bucks County.

As a result of previous investigations, which had shown significant, but localized, contamination of private water supply wells near FMC, as well as soil contamination on the FMC property, the Department's Hazardous Sites Cleanup Program, in April of 1997, began an investigation of the ground water in the area, in order to obtain relevant and current information on the status of the site. Several wells in the area surrounding the FMC property were sampled during this investigation, the results of which showed the continued localized presence of the plume mentioned above. The main contaminant of concern in the ground water is the common degreasing compound known as trichloroethylene (TCE).

This Prompt Interim Response Action consists of the installation and subsequent operation and maintenance of whole-house carbon filters on five impacted private residential and business water supply wells. The wells will be

monitored regularly, along with two other nearby private wells. The Department chose to conduct a prompt interim response because conditions relative to the impacted water supply wells created a reasonable basis to believe that prompt action was required to protect public health and safety under 25 Pa. Code § 3.21(b).

The Department determined that the prompt interim response chosen, under the authority of sections 501(a) and 505(b) of HSCA, was the alternative most protective of human health and the most cost effective. The Department considered two other alternatives. The first, no action, was considered and rejected because it would not address the threat to public health associated with the site. The second, extension of the existing public water line, was rejected, because the very localized nature of the contaminant plume and relatively small number of impacted wells, when taken in relation to the cost of extending the public water line over 2 miles, rendered this alternative as not cost effective at this time.

The administrative record (AR), which contains the information that forms the basis for and documents the selection of this response action, is available for public review and comment from 8:15 a.m. through 12 noon and from 1:15 p.m. through 4:15 p.m. at the Department offices located at 555 North Lane, Conshohocken, PA 19428. A mandatory appointment to review this copy of the AR may be obtained by calling the Department's Records Management Division, at (610) 832-6003. A second copy of this AR will also be made available for public inspection at the Bucks County Library Center, located at 150 South Pine Street, Doylestown, PA. The library's hours are from 9 a.m. to 9 p.m. Monday through Wednesday; from 9 a.m. to 6 p.m. Thursday and Friday; and from 9 a.m. through 5 p.m. on Saturday. Beginning in October, the library is also open from 1 p.m. to 4 p.m. on Sunday. Further details can be obtained by calling the library at (215) 686-5322.

Written comments concerning the Department's response and the information contained in the Administrative Record will be accepted in person, if delivered, or by mail, if postmarked on or before November 30, 1998. Written comments should be directed to the attention of Michael Timcik, DEP Project Officer, Suite 6010, Lee Park, 555 North Lane, Conshohocken, PA 19428, (610) 832-6202.

In addition, the public will have the opportunity to present oral comments at a public hearing. The public hearing has been scheduled for Tuesday, September 29, 1998, at 7 p.m. at the Buckingham Township Municipal Building, located at 4613 Hughesian Drive, in Buckingham. Persons wishing to present oral comments should register on or before September 29, 1998, by calling John Gerdemann at (610) 832-6228.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact John Gerdemann or the Pennsylvania AT&T Relay Service at (800) 654-5984 to discuss how the Department may accommodate their needs.

The Department is providing this notice under sections 505(b) and 506(b) of the HSCA. The date of publication of this notice in the *Pennsylvania Bulletin* initiates the

minimum 90-day public comment period on the administrative record, as provided, under the act.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The following final reports were submitted to the Department of Environmental Protection (Department) under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final report:

Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Drake, React Environmental Services, Inc., 6901 Kingsessing Ave., Philadelphia, PA 19142, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with solvents. The report is intended to document remediation of the site to meet site-specific standards.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager; 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

Redevelopment Authority of the City of McKeesport, City of McKeesport, **Allegheny County**. Redevelopment Authority of the City of McKeesport, 201 Lysle Boulevard, McKeesport, PA 15132 and Mark Urbassik, KU Resources, Inc., 1 Library Place, Suite 207, Duquesne, PA 15110 has submitted a Final Report addressing soil contaminated with BTEX and lead. The report is intended to document remediation of the site to meet the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 4

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program

Provisions of Chapter 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act 2 (Land Recycling and Environmental Remediation Standards Act) remediation standards. Plans and reports required by provisions of Act 2 for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report, and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

**ACTIONS TAKEN UNDER SECTION
401: FEDERAL WATER POLLUTION
CONTROL ACT
ENCROACHMENTS**

The Department of Environmental Protection (Department) has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street, Floor 2, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P.S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

SPECIAL NOTICES

102/NPDES/Stormwater Construction Activity Permit

The Department of Environmental Protection (Department) Water Management Program will be holding a fact finding hearing on the following Stormwater NPDES permit application:

Great Valley School District, KD Markley Elementary School Campus, PAS10-G328

The hearing is scheduled for September 23, 1998 at 1:30 p.m. at Chester County Conservation District Office, Conference Room 240, 610 Westtown Road, West Chester, PA 19382-4519, Chester County. The hearing is being held to solicit pertinent comments on this application. The application is for stormwater construction activities, with a discharge to Valley Creek. A copy of this application is available for review in the Southeast Regional Office's Record Management Section, (610) 832-6268. Those interested in reviewing the application should call to schedule a date to review the file. The project sponsor is:

Great Valley School District, 47 Church Road, Malvern, PA 19355

Comments received will be considered by the Department in completing its review and prior to taking final action concerning the application. The hearing will not be a question and answer session.

Anyone intending to make a presentation at the hearing should submit written notice to the Regional Man-

ager, Water Management Program at the above address. The notice should include your name, address and telephone number, whether you are opposed or in favor of the project and a brief statement about your presentation. Comments should be kept brief and, depending on the number of speakers, may be limited to 10 minutes per speaker. Where groups are represented, a spokesperson is requested to present the group's concerns. Anyone wishing to present written material directly to the Department may do so within 30 days following the hearing.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceedings should contact Sharon Moore, at (610) 832-6073. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Plan Approval and Operating Permit Applications Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that the Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act and regulations adopted under the act.

Public Meeting/Hearing and Extension of Comment Period on Proposed Strategy, NPDES Permit and Water Quality Management Part II Permit for Concentrated Animal Feeding Operations

The Department of Environmental Protection (Department) is extending the public comment period for 60 additional days and holding a public meeting/hearing to respond to questions and receive testimony on a proposed strategy, NPDES permit, Water Quality Management Part II permit and other related documents to regulate Concentrated Animal Feeding Operations (CAFO) in this Commonwealth. The documents set forth the definitions used to classify animal operations as CAFOs, the design and construction standards for CAFO manure storage facilities and requirements for the safe application of animal manure generated by these facilities. In addition, the documents outline public participation requirements prior to Department action on permit applications and establish requirements for proper operation and maintenance of CAFOs. The strategy and permit documents being proposed are the result of input from a workgroup formed to help the Department formulate the proposal.

The draft documents are on file in the Department's Central Office at the location noted as follows. The document package can be obtained by writing to the following address or by calling Mary Miller at the following telephone number: Department of Environmental Protection, Bureau of Water Quality Protection, Division of Wastewater Management, Rachel Carson State Office Building, 11th Floor, P. O. Box 8774, Harrisburg, PA 17105-8774, (717) 787-8184.

Copies are also available by e-mail to: Patel.ratilal@dep.state.pa.us, or by visiting DEP's Website at <http://www.dep.state.pa.us> (choose Information by Subject/Water Management/CAFO).

The Department invites public comment on the proposed strategy and documents package until October 13, 1998. Comments and testimony received by that date will be considered in the formulation of final requirements for CAFOs. Persons wishing to comment should include their name, address and telephone number.

A public meeting/hearing has been scheduled at the following time and location to provide additional opportunity for public discussion and comment: Westmoreland County Conservation District Office, Donohoe Center on Donohoe Road, Greensburg, PA, September 22, 1998—6:30 p.m.

The session will begin with a public information meeting at which the Department will explain the proposal

and respond to questions. Following will be a public hearing at which witnesses may submit testimony regarding the proposal.

Persons wishing to present testimony at the hearing are requested to contact Mary Miller, at the above address or telephone number, at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony is limited to 10 minutes for each witness. Witnesses are requested to submit three written copies of their oral testimony to the hearing chairperson at the hearing. Each organization is limited to designating one witness to present testimony on its behalf.

Persons with a disability who wish to attend and require an auxiliary aid, service or other accommodation to participate should contact Mary Miller directly or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) to discuss how their needs may be accommodated.

Written comments may be submitted to Ratilal Patel at the above address in place of or in addition to oral testimony. The comments will also be accepted by electronic mail at the e-mail address above. Comments submitted by facsimile or on voice mail will not be accepted. Following the specified comment period, the Department will review all comments, prepare a comment and response document, and prepare a final documents package. Availability of the final strategy and permit documents will be announced in the *Pennsylvania Bulletin*.

DEPARTMENT OF TRANSPORTATION

Finding McKean County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Pennsylvania Department of Transportation plans to construct a new 0.8 kilometer (0.5 mile) roadway to connect the south end of the existing four (4) lane section of SR 219 to the existing two (2) lane section of SR 219 in Bradford Township, McKean County.

The purpose of this project is to provide a continuous transportation facility from Bradford Township around the City of Bradford, thus separating through and local traffic, to reduce the number of accidents, and to allow for a more efficient flow of goods and services into and through the Bradford area. Currently traffic traveling south on SR 219 must exit the four lane section of SR 219 at SR 4002 (Owens Way), travel 457 meters (1,500 feet) west on SR 4002, and then turn left onto the existing two-lane section of SR 219 to continue traveling south. The proposed project addresses all of these issues.

No adverse environmental effect is likely to result from the construction of this section of highway.

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 11 a.m., Tuesday, August 11, 1998, and took the following actions:

Regulations Approved:

Insurance Department #11-174: Publication of Citations and Notice of Hearings (amends 31 Pa. Code Chapter 57)

Environmental Quality Board #7-322: Municipal Wasteload Management (amends 25 Pa. Code Chapter 94)

Regulations Deemed Approved under Section 5(g) of the Regulatory Review Act—Effective August 4, 1998.

Insurance Department #11-153: Fraternal Beneficial Societies Administration (deletes Chapter 41 of 31 Pa. Code)

Commissioners Present: Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
August 11, 1998

Insurance Department—Fraternal Beneficial Societies Administration; Regulation No. 11-153

Order

On June 18, 1997, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Insurance Department (Department). This rulemaking deletes 31 Pa. Code Chapter 41. The authority for this deletion is section 5(a)(9) of the act of November 15, 1972 (P. L. 1063, No. 271) (40 P. S. §§ 6501—6701); section 905 of the act of July 29, 1977 (P. L. 105, No. 38) (40 P. S. § 1141-905); section 701(a) of the Fraternal Benefit Societies Code (code) (40 P. S. § 1142-701(a) and sections 206 and 506 of The Administrative Code of 1929 (71 P. S. §§ 66 and 186). The proposed regulation was published in the *Pennsylvania Bulletin* on June 28, 1997, with a 30-day public comment period. The final-form regulation was submitted to the Commission on July 14, 1998.

This rulemaking will delete existing provisions for the waiver or extension of meetings of Fraternal Beneficial Societies that are obsolete. Instead, the Department applies current requirements that are more informal. Under section 106(b) of the code, relating to powers, every society shall have the power, inter alia, to adopt laws and rules for the governance of the society and the management of its affairs. This deletion will eliminate unnecessary regulations, thereby reducing the time fraternal benefit societies spend complying with obsolete provisions.

The final-form regulation contains no changes from the proposed version. The Commission did not file any comments on the proposed deletion. In addition, we did not receive any negative recommendations on the final-form regulation from the House Insurance Committee or the Senate Banking and Insurance Committee.

Therefore:

The Commission will notify the Legislative Reference Bureau that Regulation No. 11-153 from the Insurance Department, as submitted to the Commission on July 14, 1998, was deemed approved under section 5(g) of the Regulatory Review Act on August 4, 1998.

Commissioners Present: Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
August 11, 1998

Insurance Department—Publication of Citations and Notice of Hearings; Regulation No. 11-174

Order

On July 14, 1998, the Independent Regulatory Review Commission (Commission) received this regulation from the Insurance Department (Department). It amends 31 Pa. Code Chapter 57. The authority for this regulation is found in sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This rulemaking deletes two references to the term "citations" which incorrectly refer to a nonexistent practice. The existing provision indicates that the Department publishes citations pertaining to alleged violations of the insurance laws in the *Pennsylvania Bulletin* which is no longer the practice.

We have reviewed this regulation and find it to be in the public interest. The amendment will render the regulation consistent with current practice.

Therefore, It Is Ordered That:

1. Regulation No. 11-174 from the Insurance Department, as submitted to the Commission on July 14, 1998, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
August 11, 1998

Environmental Quality Board—Municipal Wasteload Management; Regulation No. 7-322

Order

On August 12, 1997, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (Board). It amends 25 Pa. Code Chapter 94 relating to the Municipal Wasteload Management Program (program). The authority for this rulemaking is The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20). The proposed regulation was published in the August 23, 1997 *Pennsylvania Bulletin*, with a 30-day public comment period. The final-form regulation was submitted to the Commission on July 1, 1998. On July 17, 1998, the Board requested the Commission toll consideration of this rulemaking in order to delete a new sentence added to § 94.15 at the final-form stage. The Commission did not object to the tolling request and the Board approved the revision on July 21, 1998. The revised final-form regulation was submitted to the Commission and the standing committees on July 21, 1998.

Chapter 94 is a pollution prevention program run by the Department of Environmental Protection (Department). The program is intended to prevent pollution by requiring appropriate management of hydraulic and organic wasteload flows from municipal treatment sewage facilities.

This rulemaking is a result of the Department's Regulatory Basics Initiative. The proposed amendments eliminate provisions that are unreasonable or obsolete. They also amend provisions that are more stringent than Federal rules without good reason. In addition, the Department anticipates that local governments with annual sewage report requirements will experience about a 50% reduction in those costs.

We have reviewed this regulation and find it to be in the public interest. The revisions will update the Chapter 94 program requirements and result in some cost savings for local governments.

Therefore, It Is Ordered That:

1. Regulation No. 7-322 from the Environmental Quality Board, as resubmitted to the Commission on July 21, 1998, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

INSURANCE DEPARTMENT

Appeal of Naomi Carroll Under the Pennsylvania Assigned Risk Plan; Flagship Insurance Co.; Doc. No. PH98-08-008

Under the Pennsylvania Assigned Risk Plan, section 19, that was adopted by the Insurance Commissioner under 75 Pa.C.S. § 1741, notice is hereby given that Naomi Carroll has requested a hearing on the determination by the Pennsylvania Assigned Risk Plan Governing Committee concerning the completion of an underwriting questionnaire.

The hearing will be held at the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102, on September 23, 1998, at 1 p.m.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The hearing will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) and the regulations set forth at 31 Pa. Code § 59.7(e). Under 31 Pa. Code § 59.7(e), procedural matters will be in conformance with the General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 31.1—35.193, 35.225—35.251, unless specific exemption is given.

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing, and require an auxiliary aid service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Retention of an Engineering Firm

Total Roadway Reconstruction Somerset County, PA Reference No. 2-054

The Turnpike Commission (Commission) will retain an engineering firm for the design of the total reconstruction project between approximate mileposts 110.00 and 121.00 in Somerset County. The selected firm will be responsible for the prefinal and final design of this project.

The engineering services required would include supplemental field surveys, cross sections, evaluation of utility conflicts and potential relocations, development of erosion and sedimentation control plans and specifications, preparation of hydraulic reports for waterway approvals, preliminary and final traffic control plans, rock slope remediation to a major cut slope, preparation of preliminary and final right-of-way plans, geotechnical investigations, preparation of preliminary and final construction plans and specifications in order for the Commission to bid the total reconstruction of the roadway generally between Milepost 110.00 and 121.00. The intent is to rebuild the roadway and widen the existing 10-foot median to a width of between 20-30 feet based on preliminary evaluations. It is anticipated that all of the mainline structures will require widening and that all overhead structures within the project area will be replaced or eliminated. We will consider either rubbilizing the existing concrete roadway and overlay with bituminous material, or removing the existing pavement and replace with full-depth bituminous. An entirely new drainage system will be installed.

In addition, low-level photography will be available in this area to an accuracy of $\pm .05$ feet. Hard copies of the mapping and a disk will be provided to the consultant for their use. A digital terrain model in AUTOCAD format

will also be provided. The consultant will be required to perform supplemental surveys and reestablish the existing centerline of the Turnpike. Also, cross sections will be cut and plotted from the available information. The design for this project will be performed in metric units.

Direct inquiries to Michael D. Shaak, P.E., at (717) 939-9551, Ext. 5380; or by e-mail at mshaak@pa.turnpike.com.

General Requirements and Information for Reference No. 2-054

Firms interested in performing the above services are invited to submit expanded letters of interest to Barry L. Troup, P.E., Assistant Chief Engineer for Design, at the PA Turnpike Commission Administration Building located on Eisenhower Boulevard at the Harrisburg-East Interchange, Highspire, PA 17034 (Mailing Address: P. O. Box 67676, Harrisburg, PA 17106-7676).

The expanded letters of interest must include in the heading the project reference number indicated in the advertisement. A Standard Form 254, "Architect-Engineer and Related Services Questionnaire," not more than 1 year old as of the date of this advertisement, and Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project," must accompany each expanded letter of interest. Explanation that the firm has successfully completed similar type projects, of the same magnitude, is required. If the firm has multiple offices, the location of the office performing the work must be identified.

Firms with out-of-State headquarters or corporation not incorporated in Pennsylvania must include with each expanded letter of interest a copy of their registration to do business in this Commonwealth as provided by the Department of State.

The Commission currently limits its participation in the remuneration of principals or consultant employees performing work on projects to \$72,800 per annum or \$35 per hour or their actual audited remuneration, whichever is less. The Commission currently limits its participation in the consultant's indirect payroll costs (overhead) on design projects to 130% or the consultant's actual audited overhead rate, whichever is less.

The consultant in their submission should identify the following factors:

(A) Specialized experience and technical competence of firm. The firm must clearly demonstrate their capabilities of completing this project by identifying similar projects that have been completed, the magnitude of the project and the client.

(B) Past record of performance with respect to cost control, work quality and ability to meet schedules. The specific experience of individuals who constitute the firms shall be considered.

(C) Expanded letters of interest must include an indication of the prime consultant's and subconsultant's current workload for all Pennsylvania Department of Transportation and Pennsylvania Turnpike Commission projects.

(D) Location of consultant's office where the work will be performed.

(E) Listing of subconsultants intended. Any deviation from the subconsultants listed in the expanded letter of interest will require written approval from the Commission.

(F) Special requirements of the project.

(G) An organization chart for the Project, identifying key personnel. Only resumes of key personnel should be included.

(H) Other factors, if any, specific to the project.

The Commission is committed to the inclusion of disadvantaged, minority and woman firms in contracting opportunities. The minimum participation level for DBE/MBE/WBEs in this contract will be 10%. Responding firms shall clearly identify DBE/MBE/WBE firms, expected to participate in this contract, in their expanded letter of interest. If the selected firm does not meet the minimum requirement for DBE/MBE/WBE participation, they will be required to demonstrate good faith efforts to achieve the required level. Proposed DBE/MBE/WBE firms must be certified by the Pennsylvania Department of Transportation at the time of the submission of the expanded letter of interest. If further information is desired concerning DBE/MBE/WBE participation, direct inquiries to the Office of Equal Opportunity Development, Turnpike Commission at the above address, or by calling (717) 939-9551, Ext. 4241.

Each firm should demonstrate in their expanded letter of interest their ability to perform the specific requirements indicated for this project by including a maximum three page report on this project.

The expanded letter of interest and required forms must be received by 12 p.m., Friday, September 4, 1998. Any letters of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable expanded letters of interest received in response to this solicitation, one firm will be selected for this project. The order of preference will be established for the purpose of negotiating an agreement with the highest ranked firm established by the Technical Review Committee and approved by the Selection Committee. Technical Proposals or Requests for Proposals will not be requested prior to selection.

The Commission reserves the right to reject all expanded letters of interest, to cancel solicitation requested under this notice, and/or to re-advertise solicitation for these services.

Retention of Two Surveying Firms

Open End Contracts to Provide Surveying Services Reference No. 3-106

The Turnpike Commission (Commission) will retain two engineering/surveying firms for Open End Contracts to provide surveying services. One contract will be for surveying services throughout the Eastern portion of the Pennsylvania Turnpike System, generally Districts 3, 4 and 5 and one contract will be for surveying services throughout the western portion, generally Districts 1 and 2 of the Pennsylvania Turnpike System. These surveying services may include: baseline stakeout, level runs, metes and bounds surveys, right-of-way surveys, topographic surveys, cross-section surveys, wetland location surveys, GPS surveys, aerial photogrammetry control surveys and construction surveys. The work to be performed on each

specific project may include any or all of the above phases of work on various projects located throughout the eastern or western portions of the Pennsylvania Turnpike System. Each contract will be for a maximum cost of \$500,000, or for a period of 3 years, whichever occurs first.

The surveying work must be performed in accordance with the requirements of applicable sections of the "Surveying And Mapping Manual," Publication 122M, Pennsylvania Department of Transportation, Bureau of Design and/or the "Specifications For Aerial Photography, Field Control Surveys, and Topographic Mapping" contained in Form 442, PA Department of Transportation, Bureau of Design Specifications For Consultant Engineering Agreements as directed by the Commission. The services will encompass a wide range of design related surveying efforts with the possibility of several different types of survey projects under short completion schedules.

The firm may be required to provide topographic surveys; GIS data, aerial photogrammetry control surveys, survey worksheets and GPS survey data in AutoCAD, DXF, ARC/INFO and Microstation formats. Translation capability to other CADD systems may be required.

Firms submitting an expanded letter of interest for this work should have prior experience in large scale surveys for highway design. Firms should have sufficient qualified permanent full-time personnel to complete survey assignments with short delivery schedules utilizing current state-of-the-art surveying instruments, equipment and software under the direct supervision of a PA registered Professional Land Surveyor.

Questions and inquiries concerning this Project should be directed to Thomas E. Farcht, Jr., PLS at (717) 939-9551, Ext. 5761; or by e-mail at tfarcht@pa.turnpike.com.

General Requirements and Information for Reference No. 3-106

Firms interested in performing the above services are invited to submit expanded letters of interest to Barry L. Troup, P.E., Assistant Chief Engineer for Design, at the PA Turnpike Commission Administration Building located on Eisenhower Boulevard at the Harrisburg-East Interchange, Highspire, PA 17034 (Mailing Address: P. O. Box 67676, Harrisburg, PA 17106-7676).

The expanded letters of interest must include in the heading the project reference number indicated in the advertisement. STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
