## DELAWARE RIVER BASIN COMMISSION

### Commission Meeting and Public Hearing

The Delaware River Basin Commission (Commission) will hold a public hearing on Wednesday, October 7, 1998. The hearing will be part of the Commission's regular business meeting which is open to the public and scheduled to begin at 1:30 p.m. in Room 105 of the Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA.

In addition to the subjects listed which are scheduled for public hearing, the Commission will also address the following: Minutes of the September 9, 1998 business meeting; announcements; General Counsel's report; report on Basin hydrologic conditions; consideration of resolutions concerning Fiscal Year 1998 budget adjustments, reclassification of the Water Supply Storage Facilities Fund from a special revenue fund to an enterprise fund, amendment to the agreement between the Commission and the Delaware Department of Natural Resources and Environmental Control concerning Delaware Estuary water quality monitoring; and public dialogue.

The subjects of the hearing will be as follows:

*Applications for Approval of the Following Projects under Article 10.3, Article 11 and/or Section 3.8 of the Compact:*

1. *Conoco, Inc. D-97-38.* A project to improve and expand a portion of existing docking facilities on the tidal reach of the Delaware River at the Dupont Repauno Plant in Gibbstown, Greenwich Township, Gloucester County, NJ. The dock will continue to serve the adjacent Dupont and Conoco plant sites. The construction includes approximately 11 acres of dredging.

2. *Wernersville Municipal Authority D-98-10 CP.* An application for approval of a groundwater withdrawal project to supply up to 17.6 million gallons (mg)/30 days

of water to the applicant's distribution system from previously approved Well Nos. 3 through 8, existing Well No. 9, and from new Well No. 12, and to increase the existing withdrawal limit of 9 mg/30 days from all wells to 17.6 mg/30 days. The project is located in Wernersville Borough and South Heidelberg Township, Berks County, PA.

3. *J. G. Townsend, Jr. & Company D-98-37.* An application for approval of a groundwater withdrawal project to supply up to 16.84 mg/30 days of water to the applicant's agricultural irrigation system from new Well No. 9-Hercules, and to limit the withdrawal from all project wells to 16.84 mg/30 days. The project is located northwest of the City of Lewes, Sussex County, DE.

4. *Lucent Technologies, Inc. D-98-41.* An application for a Total Dissolved Solids (TDS) determination appropriate to both the applicant's current and anticipated discharge at its existing 3.6 million gallons per day industrial wastewater treatment plant (IWTP). The IWTP will continue to discharge to Spring Run, a tributary of the Lehigh River, in the City of Allentown, Lehigh County, PA. The allowable TDS concentration for the IWTP is needed in anticipation of the applicant's plan to reduce water usage and wastewater discharge and raise the TDS concentration. The IWTP will continue to serve only the applicant's electronic component and communication chips manufacturing plant.

Documents relating to these items may be examined at the Commission's offices. Preliminary dockets are available in single copies upon request. Please contact Thomas L. Brand at (609) 883-9500, Ext. 221 concerning docket-related questions. Persons wishing to testify at this hearing are requested to register with the Secretary at (609) 883-9500, Ext. 203 prior to the hearing.

**INSTRUCTIONS**

**APPLICATION FOR HOMESTEAD & FARMSTEAD EXCLUSIONS**

Act 50 of 1998 permits counties, school districts and municipalities to make use of a homestead property tax exclusion as long as property tax millage rates are not increased to compensate for revenue lost from a homestead exclusion. Under a homestead property tax exclusion, the assessed value of each home is reduced by the same amount before the property tax is computed. Act 50 permits individuals to apply for a Homestead Exclusion, even though a Homestead Exclusion may not have been adopted by a local taxing body in which you reside.

1. Fill in the parcel number and the map number (if two different numbers) of the property for which you are seeking a homestead exclusion. You can find the parcel number and map number on your real property tax bill. If you do not have a real property tax bill, call your local tax collector or county assessment office (555-555-5555).
2. Fill in the address of the property for which you are seeking a homestead exclusion.
3. Fill in your municipality and school district. If you are not sure what your municipality or school district are, contact your local tax collector or county assessment office (555-555-5555).
4. Fill in your name and the name of other owners of record, such as your spouse or a co-owner of the property. You must be recorded owners to apply for the exclusion.
5. If your mailing address differs from the address of the property for which you are seeking a homestead exemption, fill in your mailing address.
6. Please list phone number where you can be reached during the day, and an the evening phone, if you are unavailable during the day.
7. Is this property your primary residence?  
 The Homestead Exclusion can only be claimed once on as a place of primary residence or domicile. "Domicile" is the fixed place of abode where the owner intends to reside permanently, not temporarily. "Domicile" is the place where a person makes their home, until something happens that the person adopts another home. You may be asked to provide proof that this property is your residence, such as your driver's license, your voter registration card, your personal income tax form or your local earned income tax form.
8. Do you have another residence which you claim as your primary residence? For instance, do you claim another state as your primary residence, or another county in Pennsylvania?
9. If you live in a unit of a cooperative or a condominium and you pay taxes jointly through a management agent or association, rather than paying your taxes separately from other units, check yes. If so, please provide the percentage of overall tax you pay. You may be asked to provide a contact to confirm this information.
10. Check yes if the property for which you are seeking a homestead exclusion is used for other purposes, such as a business or rental property. If so, please indicate what portion of the property is used as your private residence.

Check yes if you believe your property qualifies for the farmstead exclusion. If yes, please indicate what portion of the property is exempted, excluded or abated from real property taxation under any other law (e.g., Clean and Green or Act 515). You may be asked to provide proof that buildings and structures are used for commercial agricultural activity, such as the net income or loss schedule from your state or federal income tax forms.

Only buildings and structures on farms which are at least ten contiguous acres in area and used as the primary residence (domicile) of the owner are eligible for a farmstead exemption. The buildings and structures must be used for commercial agricultural production to store farm products produced on the farm, to house animals maintained on the farm, or to store agricultural supplies or machinery and equipment used on the farm.

**Change in Use**

When the use of a property approved as homestead or farmstead property changes so that the property no longer qualifies for the homestead or farmstead exclusion, property owners must notify the assessor within 45 days of the change in use. If the use of your property changes and you are not sure if it still qualifies for the homestead or farmstead exemption, you should contact the assessor.

**False or Fraudulent Applications**

The assessor may select, randomly or otherwise, applications to review for false or fraudulent information. Any person who files an application which contains false information, or who does not notify the assessor of a change in use which no longer qualifies as homestead or farmstead property, will be required to:

- Pay the taxes which would have been due but for the false application, plus interest.
- Pay a penalty equal 10% of the unpaid taxes.
- If convicted of filing a false application, be guilty of a misdemeanor of the third degree and be sentenced to pay a fine not exceeding \$2,500.

By signing and dating this form, the applicant is affirming or swearing that all information contained in the form is true and correct.

Applications must be filed before March 1 of each year. Please return to:

\_\_\_\_\_

\_\_\_\_\_

For Questions on the Homestead Exclusion, please contact your local tax collector or the \_\_\_\_\_ County Assessment office at xxx-xxx-xxxx, office hours x:00 to x:00, Mon. through Fri. If your application has been denied, you will receive a written notice of the denial by June 30.

**1999 Action Plan Summary**

The Department of Community and Economic Development (Department) proposes to adopt the Commonwealth's Action Plan for Federal Fiscal Year (FFY) 1999 and the Program Year that starts on January 1, 1999. The 1999 Action Plan is an update of the Commonwealth's Consolidated Plan for FFY 1995-1999. The Action Plan discussed herein is the fourth annual update of the Consolidated Plan submitted by the Commonwealth.

The 1999 Action Plan (Plan) updates documents previously submitted to the United States Department of Housing and Urban Development (HUD). These documents include the nonhousing community development plan and any changes that the Department may have implemented concerning the three programs administered by the Department. The programs administered by the Department are the Community Development Block Grant (CDBG), the Home Investment Partnerships (HOME) and the Emergency Shelter Grants (ESG) programs. The Department of Health administers the Housing Opportunities for Persons with AIDS (HOPWA) program.

This summary is designed to provide an opportunity to citizens, local governmental officials and interested organizations of the Commonwealth to comment about the Plan. Written comments should be submitted to Aldona

Kartorie, Office of Community Development and Housing, Department of Community and Economic Development, Room 509 Forum Building, Harrisburg, PA 17120. Written comments must be received by October 19, 1998, to be included as testimony or by November 4, 1998, for inclusion in the Action Plan.

The public hearing has been scheduled for October 20, 1998, at the Forum Building, Room 321, Walnut Street and Commonwealth Avenue, Harrisburg, PA 17120, 10 a.m. to 11 a.m.

- Note: The public meeting may be shortened if there is minimal response.

Persons who want to speak must call to schedule a time to give oral testimony at the hearing. The hearing will be shortened if there is no one to testify or if there is minimal response. Please contact Aldona Kartorie at (717) 720-7409 to schedule oral testimony no later than October 19, 1998.

Persons who have a disability and wish to attend the public meeting should contact Aldona Kartorie, Room 509 Forum Building, Harrisburg, PA 17120, (717) 720-7409, to discuss how the Department can accommodate their needs. Text telephone calls can be placed through the Pennsylvania Relay System at (800) 654-5984. Calls will be relayed to the Department's number listed above.

*Purpose*

The Commonwealth's 1999 Action Plan is the last update to the 5-year 1995-1999 Consolidated Plan. This Action Plan will describe how the programs will be administered in 1999. HUD must approve this Plan for the Commonwealth and organizations within the State to receive funding under most HUD housing and community development programs. Applicants for funding from Federal Housing programs must obtain certification that their proposed use of HUD assistance will be consistent with the applicable Plan for the area. The Consolidated Plan creates a unified strategy for housing and community development programs as well as the necessary linkages for building successful neighborhoods and communities.

The Plan will have a major impact on the types, location and number of affordable housing units generated and preserved in this Commonwealth as well as the infrastructure and public facilities, services and other economic and community development initiatives that Pennsylvania communities will undertake.

*Content*

There are no major changes discussed in the Plan.

*Public Review*

The Consolidated Plan is available for public comment now through November 4, 1998 at the following locations:

## DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

### Ridley Creek Conservation Plan

The Department of Conservation and Natural Resources (DCNR), Bureau of Recreation and Conservation has approved the "Ridley Creek Conservation Plan" and is placing the Ridley Creek, the watershed and all tributaries covered in the Plan in Chester and Delaware Counties, on the Pennsylvania Rivers Conservation Registry (Registry).

On December 2, 1997, the Pennsylvania Environmental Council submitted the Ridley Creek Conservation Plan and other required information to gain Registry status.

After review of the Plan and other information, the DCNR has determined that PA Rivers Conservation Program requirements have been satisfied and places the following on the Registry:

1. The watershed area of Ridley Creek (Chester and Delaware Counties) from the headwaters in East Whiteland Township to its confluence with the Delaware River—37.9 square miles.

2. The following tributaries from the headwaters to their confluence with Ridley Creek:

- Hunters Run and unnamed tributaries
- Dismal Run and unnamed tributaries

- Spring Run and unnamed tributaries
- Vernon Run and unnamed tributaries

This action becomes effective October 3, 1998. Projects identified in the Ridley Creek Conservation Plan become eligible for implementation, development or acquisition grant funding through the PA Rivers Conservation Program.

A copy of the Final Plan is available for review at:  
 Pennsylvania Environmental Council, 1211 Chestnut Street, Suite 900, Philadelphia, PA 19107, (215) 563-0250 and

Department of Conservation and Natural Resources,  
 Rachel Carson State Office Building, 400 Market Street,  
 6th floor, Harrisburg, PA 17101, (717) 787-2316.

Maps and supporting data are on file at the Philadelphia Office of the Pennsylvania Environmental Council.

# DEPARTMENT OF ENVIRONMENTAL PROTECTION

## Applications, Actions and Special Notices

### APPLICATIONS

### APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

#### DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

#### (Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact Richard Adams at (717) 327-3666. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

#### Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

*Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.*

**PA 0063835.** Industrial waste, **Burroughs Fuels, Inc.**, 1450 North 5th Street, Stroudsburg, PA 18360.

This proposed action is for issuance of an NPDES permit to discharge treated groundwater into Mud Run in Kidder Township, **Carbon County**.

The receiving stream is classified for the following uses: aquatic life, cold water fishery, high quality, water supply and recreation.

The proposed effluent limits for Outfall 001, based on a design flow of .00072 mgd are:

Parameter	Monthly Average (mg/l)	Daily Maximum (mg/l)	Instantaneous Maximum (mg/l)
Benzene	.001	.002	.0025
Total BTEX	.100	.200	.250

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Daily Maximum (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Toluene	monitor and report		
Ethylbenzene	monitor and report		
Xylene	monitor and report		
MTBE	monitor and report		

The EPA waiver is in effect.

*Southcentral Regional Office: Regional Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4707.*

**PA 0082457.** Industrial waste, SIC: 4941, **Alexandria Borough Water Authority**, P. O. Box 336, Alexandria, PA 16611.

This application is for renewal of an NPDES permit for an existing discharge of treated industrial waste to Robinson Run, in Porter Township, **Huntingdon County**.

The receiving stream is classified for warm water fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO<sub>2</sub>-NO<sub>3</sub>, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was United Water Company located in Susquehanna Township, Dauphin County. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.003 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Suspended Solids	30	60	75
Total Aluminum	4	8	10
Total Iron	2	4	5
Total Manganese	1	2	2.5
pH		6—9	

Persons may make an appointment to review the DEP files on this case by calling Mary DiSanto, File Review Coordinator, at (717) 705-4732.

The EPA waiver is in effect.

**PA 0082791, Amendment No. 2.** Industrial waste, SIC: 4953, **Chester County Solid Waste Authority (Lancaster Landfill)**, 7224 Division Highway, Narvon, PA 17555.

This application is for amendment of an NPDES permit for an existing discharge of treated industrial waste to the Conestoga River, in Caernarvon Township, **Lancaster County**.

The receiving stream is classified for warm water fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO<sub>2</sub>-NO<sub>3</sub>, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was the Lancaster Municipal Water Authority located in Lancaster City, Lancaster County. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.107 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

**(Part II Permits)**

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department). Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each writer will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**INDIVIDUAL PERMITS**

**(PAS)**

**NPDES Individual**

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses

should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

**Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release

of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PP&L, Inc.**, Two North Ninth Street, Allentown, PA 18101 has submitted a Notice of Intent to Remediate soil and groundwater contaminated with PCBs. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Williamsport Sun-Gazette* on July 22, 1998.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

### Preamble 2

**Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, a municipality may request that the person identified, as the remediator of a site, develop and implement a public

involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

*Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.*

**Jomax Garment Factory**, City of York, **York County**. Redevelopment Authority of City of York, One Market Way West, York, PA 17401 has submitted a Notice of Intent to Remediate site soils contaminated with heavy metals and site groundwater contaminated with solvents. The applicant proposes to remediate the site as a Special Industrial Area. A summary of the Notice of Intent to Remediate was reported to have been published in the *York Daily Record* on September 1, 1998.

**Conrad's Delicatessen**, City of York, **York County**. York Hospital Federal Credit Union, 1001 South George Street, York, PA 17405 has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with BTEX, PAHs and PHCs. The applicant proposes to remediate the site as a Special Industrial Area. A summary of the Notice of Intent to Remediate was reported to have been published in the *York Daily Record* on September 15, 1998. The applicant withdrew a previously submitted Notice of Intent to Remediate to meet the site-specific standard at this site.

## SOLID AND HAZARDOUS WASTE

### RESIDUAL WASTE PROCESSING FACILITIES

**Applications submitted under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and regulations to operate solid waste processing or disposal area or site.**

*Regional Office: Regional Solid Waste Manager, Suite 6010, 555 North Lane, Lee Park, Conshohocken, PA 19428.*

**A. 301077. Safety Kleen (PPM) Inc.**, 4105 Whitaker Avenue, Philadelphia, PA 19124. This application was submitted for the modification of an existing residual waste transfer station permit to allow for the processing of wastewater containing less than 50 ppm of PCBs. The application was also submitted to formally reflect the name change of the facility from Laidlaw Environmental Services (Tucker) Inc. to Safety Kleen (PPM) Inc. as a result of a recent merger between the two companies. The application was received in the Southeast Regional Office on September 4, 1998.

## AIR QUALITY

### Notice of Plan Approval and Operating Permit Applications

#### Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State

operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

#### **Notice of Intent to Issue Title V Operating Permits**

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

#### REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

#### Public Hearing

The Department of Environmental Protection (Department) will conduct a public hearing on Tuesday, October 20, 1998, beginning at 1 p.m. in the Air Quality conference room at the Meadville Regional Office located at 230 Chestnut Street.

The hearing is for the Department to accept testimony concerning the Department's decision to approve, with conditions, the revised Reasonably Available Control Technology (RACT) plans by **American Refining Group, Inc. Bradford Refinery (formerly Witco Corp., Bradford)** 77 North Kendall Avenue, Bradford, PA 16701 located in Bradford, **McKean County** to meet the requirements under 25 Pa. Code §§ 129.91—129.95 (RACT), concerning the emissions of oxides of nitrogen (NOx) and volatile organic compounds (VOC) from various air contamination sources. The final RACT proposals will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The proposed SIP revisions do not adopt new regulations. They incorporate the provisions and requirements contained in RACT approvals for these facilities to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facilities and will be submitted to the EPA as a revision to Pennsylvania's State Implementation Plan.

The following is a revised summary of the preliminary NOx/VOC RACT determination for American Refining Group, Inc.:

<i>Source</i>	<i>Control</i>	<i>Emission Limit</i>
Boiler #3	unit derated to 99 MMBTU/hr	0.41#NO <sub>x</sub> /MMBTU, 120 TPY 12,000 gallons refinery oil per day
Boiler #4	unit derated to 99 MMBTU/hr	0.41#NO <sub>x</sub> /MMBTU, 120 TPY 12,000 gallons refinery oil per day
Boiler #5	boiler tune-up	0.5#/MMBTU, 84.5 #/hr
Heaters	presumptive RACT< 20MMBTU/hr heat input	
Hirt Burner	presumptive RACT< 20MMBTU/hr heat input	
gasoline loading	vapor recovery unit	
storage tanks>40,000 gal	vapor pressure<1.5 psia	
oil/water separators	less than 200 gal VOC per day	
fugitive equipment leaks	LDAR (25 Pa. Code § 129.58)	

For the above facility, a public hearing will be held for the purpose of receiving comments on the above proposed Operating Permit and the proposed SIP revisions. The public hearing is scheduled as follows: Meadville Regional Office, Air Quality conference room, 230 Chestnut Street, Meadville, PA 16335, on Tuesday, October 20, 1998, 1 p.m. to 3 p.m.

Persons wishing to present testimony at the hearing should contact Matthew Williams, Air Pollution Control Engineer, Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494, (814) 332-6940 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony are required. Each organization is requested to designate one witness to present testimony in its own behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Matthew Williams at (814) 332-6940 or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing but wish to comment should provide written comments to Matthew Williams, Air Pollution Control Engineer, Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494. Comments should be submitted within 30 days of the date of this publication notice.

All the pertinent documents (applications, review memos and draft approvals) are also available for review from 8 a.m. to 4 p.m. at the Meadville Regional Air Quality Office. Appointments for scheduling a review must be made by calling the Department contact person noted previously.

## MINING

### APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the appli-

cable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department

on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

**SEWAGE FACILITIES ACT  
PLAN APPROVAL**

The Department of Environmental Protection (Department) has taken actions on municipal requests for Act 537 Plan Approval.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, State Office

Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

**Actions under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).**

---

*Southeast Regional Office: Sewage Planning Specialist Supervisor, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.*

The Plan Approval is granted for a revision to the Official Sewage Facilities Plan of **Upper Dublin Township, Montgomery County**.

The plan provides for an update of the flow projections for the Upper Dublin Township Wastewater Treatment Plant. The new flow projections support the Township's proposal to expand the plant to 1.1 mgd, instead of the previously approved 1.0 mgd. This expansion will provide sufficient treatment capacity for the Township's 10-Year/Ultimate flow projections, based on current zoning, and prevent the need for further expansion of the facility in the near future.

The Plan Approval is granted for a revision to the Official Sewage Facilities Plan of **Warrington Township, Bucks County** to provide for:

1. The expansion of the Tradesville sewage treatment plant from a capacity of 260,000 gallons per day to a capacity of 330,000 gallons per day. Additional capacity will be utilized by the Central Bucks School District property, the Barness, Urwiler and Poley tracts, to be incorporated into Area #5, and the Smeland tract, which is to be incorporated into Area #3.

2. The construction of a 150 gpm pump station in the vicinity of Street and Folly Roads and approximately 4,750 feet of 4 inch diameter force main to serve the Poley and Barness tracts. Flows from these projects will be conveyed to the Warrington Hunt pump station.

3. The construction of a 150 gpm pump station in the vicinity of the tract boundaries separating the Urwiler tract and the Central Bucks School District property and approximately 7,800 feet of 4 inch diameter force main to serve these two developments.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

---

**The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

---

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documenta-

tion supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

**GPU Energy (Parcel A., Grain Elevator Site)**, North of Holland Street, **Erie County**, City of Erie has submitted a Final Report to remediate soil. The site has been found to be contaminated with heavy metals. The report is intended to document remediation of the site to meet the site specific standard. A summary of the Final Report was reported to have been published in the *Erie Daily Times* on September 8, 1998.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 4

**The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.**

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act 2 (Land Recycling and Environmental Remediation Standards Act) remediation standards. Plans and reports required by provisions of Act 2 for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the

property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

*Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.*

**Fenco Inc.—Melody Dry Cleaners**, Cheltenham Township, **Montgomery County**. Charlene R. Drake, React Environmental Services, Inc., 6901 Kingsessing Ave., Philadelphia, PA 19142, has submitted a Final Report concerning the remediation of site soil and groundwater contaminated with solvents. The final report demonstrated attainment of site specific standards and was approved by the Department on September 11, 1998.

*Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.*

**Morris Residence**, Dover Township, **York County**. BL TETHYS LLC submitted a final report concerning the remediation of site soils contaminated with BTEX and PAHs. The final report demonstrated attainment of the Statewide health standard, and was approved by the Department on September 16, 1998.

## SOLID AND HAZARDOUS WASTE

### BENEFICIAL USE DETERMINATIONS

**Issued Determination of Applicability under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and residual waste regulations for a general permit to operate residual waste processing facilities and the beneficial use of residual waste other than coal ash.**

*Northwest Regional Office: Regional Solid Waste Manager, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6848.*

**Permit No. WMGR038-NW001. Standard Tool & Machine Company**, 205 East Carson Street, Pittsburgh, PA 15219-1189. Permit No. WMGR038 was originated by

the Department for the beneficial use of waste tires and tire-derived material as a fuel at approved facilities, civil engineering or construction material and feedstock in the manufacturing of consumer products. The facility is located at 1 USS Industrial Park, Ellwood City, **Lawrence County**. Permit was issued September 14, 1998.

*Central Office: Division of Municipal and Residual Waste, 14th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101-2301.*

**General Permit No. WMGR052D001. Allegheny Power**, 800 Cabin Hill Drive, Greensburg, PA 15601-1689. A determination of applicability to operate under General Permit Number WMGR052 for the beneficial use of Low Permeability Cementitious (LPC) Material as construction material, in mine sealing, mine fire and subsidence control and for reclamation of abandoned mine sites. The determination of applicability was issued by Central Office on August 27, 1998.

The Borough of Jefferson opposed the determination of applicability and requested modification of General Permit Number WMGR052 to require approval by a majority vote of the elected officials of the community. The Department does not believe that modification is appropriate or necessary for inclusion in the general permit, since the general permit clearly does not override local ordinances and zoning.

### RESIDUAL WASTE PROCESSING FACILITIES

**Permit modification issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and the residual waste regulations for a general permit to operate residual waste processing facilities.**

*Central Office: Division of Municipal and Residual Waste, 14th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101-2301.*

**General Permit No. WMGR053. Private Recycling Services, Inc.**, R. D. 2, Box 250A-1, Cochranon, PA 16314. A permit modification has been issued for the processing of off-specification or out-of-date consumer commodity-type materials in recyclable containers prior to beneficial use of the container materials. The requested revision allows the use of mixed batch waste from PPG Industries as a solidification/stabilization agent. Mixed batch waste is composed primarily of sand, soda ash, dolomite, limestone and glass cullet. The modification request was issued by Central Office on September 15, 1998.

### HAZARDOUS WASTE, TREATMENT, STORAGE AND DISPOSAL FACILITIES

**Permits modified under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to manage a hazardous waste treatment and disposal facility.**

*Southwest Regional Office: Regional Solid Waste Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4000.*

**Permit ID No. PAD004344222. Bethlehem Steel Corporation**, Bethlehem, PA 18016. Closure and postclosure care of a hazardous waste landfill and hazardous waste land treatment and disposal area in East

Taylor Township, **Cambria County**. Permit modified in the Regional Office on September 15, 1998.

**OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE**

**Permits revoked under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to operate solid waste processing or disposal area or site.**

*Regional Office: Regional Solid Waste Manager, Suite 6010, Lee Park, 555 North Lane, Conshohocken, PA 19428.*

**Permit No. 400611. Crozer Chester Medical Center**, One Medical Boulevard, Upland, PA 19013-3995. This permit has been revoked because the facility is no longer using their infectious waste incinerator which is located in Upland Borough, **Delaware County**. Permit was revoked in the Southeast Regional Office on September 11, 1998.

**PREVIOUSLY UNPERMITTED CLASS OF SPECIAL HANDLING WASTE**

**INFECTIOUS OR CHEMOTHERAPEUTIC WASTE**

**A Determination of Applicability issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and the municipal waste regulations for a general permit for the processing of infectious and chemotherapeutic waste.**

*Central Office: Bureau of Land Recycling and Waste Management, Division of Municipal and Residual Waste, 14th Floor, Rachel Carson State Office Building, 400 Market St., Harrisburg, PA 17105-2301.*

**Determination of Applicability No. WMGI005D001. Wyeth Laboratories, Inc.**, One Great Valley Parkway, Malvern, PA 19355-1423A determination of applicability under General Permit Number WMGI005—Merck & Co., Inc. was issued to Wyeth Laboratories, Inc. for processing of infectious waste generated in the production and research and development of pharmaceuticals, using chemical and/or thermal inactivation. The determination of applicability was issued by Central Office on September 17, 1998.

**AIR QUALITY**

**OPERATING PERMITS**

**Operating Permits Minor Modification issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.**

**ACTIONS TAKEN UNDER SECTION  
401: FEDERAL WATER POLLUTION  
CONTROL ACT  
ENCROACHMENTS**

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a

different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

**Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).** (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

### SPECIAL NOTICES

#### Planning Grant Awards Under the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection (Department) hereby announces the following grants to counties under the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P. S. §§ 4000.101—4000.1904). The awards are based upon applications received by the Department in 1997 and 1998.

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans as required by Act 101, for carrying out related studies, surveys, investigations, inquiries, research and analysis, including those related to siting and for environmental mediation. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101, and the availability of monies in the Recycling Fund.

Inquiries regarding the grant offerings should be directed to Sally Lohman, Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

### Availability of Technical Guidance

Technical Guidance Documents are on DEP's World Wide Web site (<http://www.dep.state.pa.us>) at the Public Participation Center. The "July 1998 Inventory" heading is the Governor's List of Non-regulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1998.

#### *Ordering Paper Copies of DEP Technical Guidance*

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Persons should check with the appropriate bureau for more information about the availability of a particular document as a publication.

#### *Changes to Technical Guidance Documents*

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

#### *Final Technical Guidance*

DEP ID: 293-2400-001 Title: Conducting Radiological Performance Assessments for LLRW Disposal in Pennsylvania Description: This guidance document addresses radiation exposures that the public could receive from accidental or otherwise unintended releases of radioactive contaminants during and following LLRW disposal facility operations. Page Length: 45 Location: Volume 4 Tab 09 Effective Date: July 1998 Contact: Ken Singh at (717) 787-2163.

DEP ID: 293-2400-002 Title: Using Engineered Structures to Provide Enhanced Containment Description: This guidance document addresses the engineered, man-made structures used for containment. In addition, it provides for state-of-the-art barriers that would provide additional or enhanced containment for radioactive waste; resistance to water intrusion; prevention of radioactive releases; and provide structural stability to the waste disposal units and the facility. Page Length: 58 Location: Volume 4 Tab 10 Effective Date: July, 1998 Contact: Ken Singh at (717) 787-2163.

#### *Draft Technical Guidance*

DEP ID: 393-4180-003 Title: Strategy for Addressing the 1998 Federal and State Deadline for Upgrading Existing Underground Storage Tanks Description: This strategy outlines key program activities, which will be initiated prior to December 22, 1998 and also after this deadline is passed. Deadline for Submittal of Comments: November 3, 1998 Contact: Glenn Rider at (717) 772-5806.

#### *Technical Guidance—Notice of Intent to Rescind*

DEP ID: 563-3900-404 Title: Interim Implementation of Act 54 Description: Act 54 amended Pennsylvania's 1966 subsidence law. Its provisions were self-implementing.

The act included many undefined terms and made no provisions for phasing in the new requirements. Technical guidance 563-3900-404 explained the manner in which the Department would carry out the provisions of the act until it developed final regulations to clarify terms and requirements. Since final regulations have been developed by the Department and approved by the Environmental Quality Board, this guidance is no longer necessary. Effective Date: June 13, 1998. Contact: Harold Miller at (717) 783-8845.

### Citizens and Technical Advisory Committee Meeting

The Citizen and Technical Advisory Committees for Source Water Assessment and Protection are holding a special joint meeting on October 13, 1998, from 9:30 a.m. to 3 p.m. in the First Floor Conference Room (Room 105) of the Rachel Carson State Office Building. The purpose of the meeting is to review and comment on the Department's proposed Source Water Assessment and Protection Plan for the assessment of all sources of public drinking water under the Safe Drinking Water Act.

Anyone wishing to attend the meeting or who has questions regarding the meeting should contact Donna L. Green, Bureau of Water Supply Management at (717) 787-0122 or e-mail at [Green.Donna@a1.dep.state.pa.us](mailto:Green.Donna@a1.dep.state.pa.us). This notice, an agenda for each meeting, and notices of meeting changes will be available through the Public Participation Center on DEP's World Wide Web site at <http://www.dep.state.pa.us>.

Persons in need of accommodations as provided for in the Americans with Disabilities Act of 1990 should contact Donna L. Green directly at (717) 787-0122 or through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

### Public Informational Meetings on Draft Pennsylvania's Nonpoint Source (NPS) Management Program 1998 Update; Unified Watershed Assessment; Watershed Restoration Assistance Program

By this notice, the Department of Environmental Protection (Department), Bureau of Watershed Conservation is requesting public comments and suggestions on the Unified Watershed Assessment and the draft Pennsylvania Nonpoint Source (NPS) Management Program 1998 Update. The Department will hold six public meetings to provide information and an opportunity for public comment on: the Draft Pennsylvania's Nonpoint Source (NPS) Management Program 1998 Update; the Unified Watershed Assessment; and the Watershed Restoration Assistance Program. No formal record of questions or comments will be kept at these meetings. The meetings will be held as follows:

<i>Date</i>	<i>Time</i>	<i>Location</i>
October 13, 1998	7 p.m.	DEP Northwest Regional Office 230 Chestnut Street Meadville, PA
October 15, 1998	7 p.m.	Four Points Hotel (hilltop opposite Westmoreland Mall) 100 Sheraton Drive, off Route 30 Greensburg, PA
October 21, 1998	6 p.m.	DEP Southeast Regional Office Lee Park, 555 North Lane Conshohocken, PA
October 27, 1998	7 p.m.	DEP Northeast Regional Office Two Public Square Wilkes Barre, PA
October 28, 1998	7 p.m.	DEP Southcentral Regional Office 909 Elmerton Avenue Harrisburg, PA
October 29, 1998	7 p.m.	DEP Northcentral Regional Office 208 North Third Street Williamsport, PA

- *Unified Watershed Assessment*

The Commonwealth is coordinating efforts between State environmental agencies and USDA and other agencies to create a unified watershed assessment by October 1998 to identify watersheds needing restoration (Category I), watershed needing preventive action to sustain water quality (Category II), pristine or sensitive watersheds on Federal or State lands (Category III) and watersheds with insufficient data to make an assessment (Category IV) see *Pennsylvania Bulletin* Notice dated August 15, 1998.

The Commonwealth will focus on identifying priority watersheds in all four categories. Our priority setting process will consider all available information presented with emphasis on extent of impairment, agency support and local interest and participation. The public participation process will provide an opportunity to consider public comments and recommendations and additional priority setting methods and data.

- *Watershed Restoration Assistance Program*

The purpose of the grants program during 1998 is mainly to address nonpoint source pollution issues on a watershed basis and to demonstrate effective techniques for achieving program goals and objectives. With this in mind, the WRAP Grants have an overall goal of providing funds for locally managed watershed planning as well as remediation and protection activities. They will also provide incentives and support for communities undertaking these efforts in Pennsylvania watersheds.

- *Nonpoint Source Management Program 1998 Update*

The Pennsylvania Nonpoint Source (NPS) Management Program 1998 Update (the 1998 Update) outlines the Commonwealth's projected plan to address nonpoint source pollution over the next 4 years and beyond. This upgrades Pennsylvania's Nonpoint Source Management Program approved by the EPA in 1992 in compliance with section 319(b) of the Federal Water Pollution Control Act (Clean Water Act) as amended by P. L. 100-4 on February

4, 1987. As specified in the Clean Water Action Plan, beginning in FY2000, new incremental funds for nonpoint source pollution will be awarded only to states with EPA-approved upgraded management plans that are consistent with the EPA's nine key elements for an effective nonpoint source management program.

Pennsylvania's NPS Management Program incorporates the EPA's nine key elements in a comprehensive State-wide plan to control, prevent and remediate nonpoint sources of polluted runoff. Point source pollution or pollution that comes out of a pipe is regulated by permits. Nonpoint source pollution or "polluted runoff" washes off parking lots, fields and other surfaces into our streams. The 303(d) List of Impaired Waters indicates that abandoned mine drainage and agricultural runoff are the two leading sources of nonpoint source pollution in this Commonwealth. Other sources of polluted runoff that have been identified in this Commonwealth and have been approved by the EPA as eligible for 319 funding include: construction/urban runoff, hydrologic and habitat modifications, land disposal (onlot wastewater systems) and silviculture.

In 1997 the Commonwealth developed an NPS Strategy with specific goals to establish flexible, targeted and iterative approaches to achieve and maintain beneficial uses of the waters of the Commonwealth. This plan includes a mix of water quality based and technology based programs and a mix of regulatory, nonregulatory, financial and technical assistance programs needed to achieve and maintain beneficial uses of surface and groundwater as expeditiously as possible. These programs are further explained in this 1998 Update to the NPS Management Program.

The 1998 Update follows Pennsylvania's 1992 NPS Management Program in its structure. Section I outlines broad-based institutionalized Statewide programs which address specific nonpoint pollution categories. Section II describes Pennsylvania's NPS assessment and monitoring including information on the Commonwealth's three National monitoring projects. Section III covers specific programs which address nonpoint source pollution at a watershed level. Section IV is an overview of the Commonwealth's consistency with the EPA's nine key elements of an effective NPS program, including funding, Federal consistency and public participation. Section V contains the Commonwealth's strategy for program implementation which includes environmental measures and indicators of progress and success and the action plans to address NPS challenges by category.

The updating process began with a survey questionnaire and the 1995 Statewide NPS Conference "Local Solutions to Pennsylvania's Pollution." In 1997, the NPS Liaison Workgroup was convened to provide input into Pennsylvania's NPS Management Program. A 45-day public comment period will begin on October 3 and close on November 16, 1998. The Department invites comments from all interested and affected parties, including State, Federal and local agencies; the business community; not-for-profit and environmental organizations; and individuals. The comments and suggestions generated through this public review process will be carefully considered in finalizing program revisions and utilized to strengthen its effectiveness and viability. The draft Pennsylvania Nonpoint Source (NPS) Management Program 1998 Update is available on the Department web site at <http://www.dep.state.pa.us> (choose Subjects/Water Management/Bureau of Watershed Conservation/Nonpoint Source Management). To obtain a hard copy, call the Division of Watershed Support at (717) 787-5259 or write to Michael

D. Sherman, Chief, Division of Watershed Support, P. O. Box 8555, Harrisburg, PA 17105-8555. TDD users may contact Michael Sherman through the Pennsylvania Relay Service (800) 654-5984. Persons interested in submitting written comments on the draft of the 1998 Update should send the comments to Michael Sherman at the above address by the close of business on November 16, 1998. Comments may also be submitted electronically by November 16, 1998 to Michael Sherman in care of Glenda Ferree at ferree.glenda@a1.dep.state.pa.us.

## DEPARTMENT OF HEALTH

### Application of Doylestown Hospital for Exception to 28 Pa. Code § 138.15

Under 28 Pa. Code § 51.33 (relating to requests for exceptions), the Department of Health (Department) hereby gives notice that Doylestown Hospital has requested an exception to the requirements of 28 Pa. Code § 138.15 that a hospital may provide high-risk cardiac catheterizations, including percutaneous transluminal cardiac angioplasties (PTCA), only if it has an open heart surgical program on site.

Doylestown Hospital specifically requests an exception to perform primary angioplasties on patients who have experienced acute myocardial infarctions and claims evidence supports the performance of these types of angioplasties in hospitals without open heart surgical programs on site.

The request is on file with the Department. Persons may receive a copy of request for exception by requesting a copy from: Director, Division of Acute and Ambulatory Care, Pennsylvania Department of Health, Room 532 Health and Welfare Building, Harrisburg, PA 17120, Telephone: (717) 783-8980, FAX Number: (717) 772-2163, E-mail Address: lvia@health.state.pa.us.

Those persons who wish to comment on this exception request may do so by sending a letter by mail, e-mail or facsimile to the Division and address listed.

Comments received by the Department within 10 days after the date of publication of this notice will be reviewed by the Department before it decides whether to approve or disapprove the request for exception.

Persons with a disability who wish to obtain a copy of the request and/or provide comments to the Department and require an auxiliary aide service or other accommodation to do so, should contact the Director, Division of Acute and Ambulatory Care at (717) 783-8980.

### Reporting Requirements for Open Heart Surgery and Cardiac Catheterization

On June 6, 1998, the Department of Health (Department) amended its hospital licensure regulations. Two of these regulations require hospitals to collect information and file reports with the Department.

Regulation 28 Pa. Code § 136.21 (relating to quality management and improvement) requires those hospitals which perform open heart surgery to maintain patient data on the following indicators: 1) mortality/morbidity; 2) infections and complications; 3) patient risk factors and 4) volume of procedures performed. The regulation requires the hospitals to provide the information to the Department on a quarterly basis.

Similarly, 28 Pa. Code § 138.20 (relating to quality management and improvement) requires those hospitals which provide cardiac catheterization services to maintain patient data on the same indicators, and to provide this information to the Department through the Pennsylvania Cardiac Catheterization Report.

In an effort to reduce duplication and promote efficiency in the collection of these data, the Department has consulted with the Health Care Cost Containment Council (Council). The Council is authorized to collect and analyze data and information on both the cost and quality of health care services.

The Department has determined that hospitals can fulfill the regulatory requirements under 28 Pa. Code §§ 136.21 and 138.20 by providing the information specified in those regulations to the Council through their quarterly data reporting process. The information which is provided must include the Council's complete UB92 and Atlas severity information for all open heart surgery procedures and all cardiac catheterization procedures performed on an inpatient basis, and UB92 information for all cardiac catheterizations performed on an outpatient basis. The Council has apprised the Department that it will provide this information in quarterly reports to the Department for its use. Further clarification may be forthcoming from the Department in conjunction with the Council.

Additionally, hospitals which were approved to perform cardiac catheterization under the former Certificate of Need program since 1991 have been filing reports with the Department on each cardiac catheterization performed in the hospital. Effective immediately, those hospitals will be meeting their reporting obligations under 28 Pa. Code § 138.20 by filing the reports required by the Council, and should cease the filing of the cardiac catheterization reports with the Department.

## Pennsylvania Conservation Corps; Grants for Projects

Grants for projects related to conservation, recreation, historical preservation, graffiti removal and the repair of institutional vandalism are available under the Pennsylvania Conservation Corps (PCC) program.

Agencies eligible to apply for PCC projects are:

- The Departments of Labor & Industry, Conservation & Natural Resources, Public Welfare, Corrections, Military & Veterans Affairs, Aging, Education and Community & Economic Development
- The Pennsylvania Game, Fish & Boat and Historical & Museum Commissions

- The Pennsylvania Emergency Management Agency
- Local political subdivisions (municipalities and school districts)
- Nonprofit agencies in cities of the first class (for projects involving the removal of graffiti and the repair of institutional vandalism only)

The PCC program is designed to provide work experience and educational opportunities to unemployed young adults as they undertake needed projects on Pennsylvania's public lands. Funds available through the program may be used to purchase approved construction materials and contracted services (political subdivisions must provide a 25% cash match). The wages of corpsmembers and crewleaders are paid directly by the Department of Labor and Industry.

Applications for PCC projects will be accepted from political subdivisions and eligible nonprofits through Friday, January 8, 1999. State agency applications will be accepted through Friday, February 5, 1999.

For more information, or to obtain an application and procedures manual, contact: Pennsylvania Conservation Corps, 1304 Labor & Industry Building, Seventh and Forster Streets, Harrisburg, PA 17120, (717) 783-6385.

# FISH AND BOAT COMMISSION

## Triploid Grass Carp Permit Applications

Under 58 Pa. Code § 71.7, the Fish and Boat Commission (Commission) may issue permits to stock triploid grass carp in Commonwealth waters. Triploid grass carp are sterile fish that may, in appropriate circumstances, help control aquatic vegetation. The Commission has determined consistent with 58 Pa. Code § 71.7(e)(3) to

seek public input with respect to any proposed stockings of triploid grass carp in waters having a surface area of more than 5 acres. Interested persons are invited to submit written comments, objections or suggestions about the notice to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 10 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

The following applications to stock triploid grass carp in waters having a surface area of more than 5 acres are currently undergoing staff review:

# INDEPENDENT REGULATORY REVIEW COMMISSION

## Action Taken by the Commission

The Independent Regulatory Review Commission met publicly at 11:30 a.m., Thursday, June 18, 1998, and took the following action:

*Regulation Disapproved:*

#1914 Pennsylvania Public Utility Commission #57-190: Advanced Meter Deployment for Electricity (amends 52 Pa. Code Chapter 57).

*Commissioners Present:* John R. McGinley, Jr., Chairperson; Alvin C. Bush, Vice Chairperson; Arthur Cocodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held  
June 18, 1998

*Pennsylvania Public Utility Commission—Advanced Meter Deployment for Electricity; Regulation No. 57-190*

### Order

On January 16, 1998, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking amends 52 Pa. Code Chapter 57. The authority for this regulation is 66 Pa.C.S. §§ 501 and 2807(a) and (d). The proposed regulation was published in the January 31, 1998 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on May 18, 1998.

This regulation implements portions of the Electricity Generation Customer Choice and Competition Act (Act) by establishing procedures for making advanced meters available to customers. The rulemaking establishes uniform procedures and standards for the customer selection

and deployment of advanced meters and provides coordination with any electric distribution company (EDC) for the installation of advanced meter networks.

Additionally, the regulation establishes customer education provisions and a Metering Committee. The Metering Committee's function is to recommend standards to the PUC for advanced electric meters and networks.

The proposal will impact the 11 EDCs under the PUC's jurisdiction and any electric generation suppliers that apply for a license to sell electricity to customers in Pennsylvania. It will also impact customers who request an advanced meter.

We have reviewed this regulation and do not find it to be in the public interest. There are several sections of the proposal that do not meet our criteria of clarity. Further, the proposal contains provisions which represent a policy decision requiring legislative review.

Concerning clarity, revisions to the proposal are necessary in the following areas. The first concern is with § 57.253(a)(2)(a) which states in part ". . . the Committee will include in the catalog a variety of technologies . . ." The Metering Committee is an advisory body which does not have the authority to include technology items in the catalog. The Metering Committee's function in this regard is to recommend to the PUC the inclusion of technologies in the catalog. This section should be corrected to clearly state that the Metering Committee "will recommend to the commission" which technologies will be included in the catalog.

The second concern is with § 57.257(a) which provides that disputes or operation problems between suppliers and an EDC concerning advanced metering "may in the first instance be brought forward for review and resolution, to the extent possible, by the Metering Committee." Subsection (b) says an unresolved dispute or problem will be referred to the Office of Administrative Law Judge (ALJ) or through other proceedings as may be necessary.

It is unclear how an advisory committee could be assigned to handle disputes. Further, in the final-form rulemaking, it is not clear whether the PUC intends that the "unresolved disputes" are those that are not resolved

by the Metering Committee, disputes that the parties take directly to the ALJ or "other proceeding," or both. These provisions should be clarified.

The final clarity concern is with § 57.253(a)(2)(D). It states that "in the absence of an EDC response to costs and incompatibility, the Committee may assume that the subject device is compatible and incremental costs are de minimis." However, the regulation does not contain provisions outlining how or when an EDC is to be informed or how the EDC is to respond. We recommend that language should be added which states when EDCs will be notified that a subject device is under consideration and provide a time period to respond.

*Therefore, It Is Ordered That:*

1. Regulation No. 57-190 from the Pennsylvania Public Utility Commission, as submitted to the Commission on May 18, 1998, is disapproved;

2. The Pennsylvania Public Utility Commission shall, within 7 days of receipt of this Order, notify the Governor, the designated Standing Committees of the House of Representatives and the Senate, and the Commission of its intention to either proceed with the promulgation of the regulation without revisions, to revise the regulation, or to withdraw the regulation. Failure to submit notification within the 7-day period shall constitute withdrawal of the regulation;

3. The Commission will transmit a copy of this Order to the Legislative Reference Bureau; and

4. This Order constitutes a bar to final publication of Regulation No. 57-190 under section 6(b) of the Regulatory Review Act.

## INSURANCE DEPARTMENT

### Application for Acquisition of Control of a Domestic Stock Casualty Insurance Company

Medical Group Holding, Inc., a Delaware stock company, has filed an application whereby it proposes to purchase the majority of the outstanding shares of common stock of Penn Med, Inc., which will result in the acquisition of control of Pennsylvania Medical Society Liability Insurance Company. The filing was made under the requirements set forth under the Insurance Holding Company Act (40 P. S. § 991.1402 et. seq.) Persons wishing to comment on the proposed acquisition are invited to submit a written statement to the Insurance Department within 30 days from the date of this issue of the *Pennsylvania Bulletin*. Each written statement must include the name, address and telephone number of the interested party, identification of the application to which the statement is addressed and a concise statement with sufficient detail and relevant facts to inform the Insurance Department of the exact basis of the statement. Written statements should be directed to Michael Graeff, Insurance Company Licensing Specialist, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120, fax (717) 787-8557; email <http://www.mgraeff@ins.state.pa.us>.

### Review Procedure Hearings under the Unfair Insurance Practices Act

The following insureds have requested a hearing as authorized by section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) in connection with their company's termination of the insured's policies. All administrative hearings are held in the Insurance Department Offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Elizabeth Lowery; file no. 98-303-71644; Nationwide Mutual Fire Ins. Co.; doc. no. P98-09-009; October 20, 1998, at 1 p.m.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files and other necessary evidence. The insured must bring all documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The hearing will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) and the regulations set forth at 31 Pa. Code § 59.7(e) (relating to appeal procedures). Under 31 Pa. Code § 59.7(e)(5), procedural matters will be in conformance with 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) unless specific exemption is given.

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.
