## DEPARTMENT OF AGRICULTURE

### Referendum on Creation of the Pennsylvania Christmas Tree Marketing and Research Program

The Pennsylvania Christmas Tree Marketing and Research Program Referendum is being conducted under the provisions of the Agricultural Commodities Marketing Act (act). The act empowers the Secretary of Agriculture to conduct a referendum to establish a marketing program if the Secretary finds that the program will tend to effectuate the purposes of the act.

*Referendum Period:* The referendum period shall be June 1, 1999, until 4 p.m. on June 15, 1999. Completed ballots shall be mailed or hand delivered to the Office of the Secretary of Agriculture, Room 211, 2301 North Cameron Street, Harrisburg, PA 17110-9408. Hand delivered ballots must be received by 4 p.m. on June 15, 1999. Ballots that are mailed must be postmarked no later than June 15, 1999, and received no later than June 21, 1999.

*Notice of Referendum:* This referendum order and an official ballot shall be mailed no later than June 1, 1999 to all affected producers whose names appear on the list of Pennsylvania Christmas tree producers maintained in the Office of the Secretary of Agriculture. Additional copies of the same materials shall be made available at the Office of the Secretary of Agriculture.

*Eligible Voters:* The rules governing the eligibility of a producer for voting are as follows: The record date for

determination of whether a producer is eligible to vote is December 31, 1998. All Christmas tree producers with 10 or more acres of Christmas trees who cut and sell trees during the marketing season of October 1 through December 31 of any year, as of December 31, 1998, are entitled to vote.

*Counting of Ballots:* The ballots will be canvassed and counted by a Teller Committee appointed by the Secretary of Agriculture. The counting of the ballots will begin at 10 a.m., June 22, 1999, in the State Agriculture Building, Harrisburg, PA. The Secretary will announce the results of the referendum within 30 days following the completion of the referendum period. The results will be published in the *Pennsylvania Bulletin* and disseminated to the news media.

*Reporting Irregularities:* Any irregularities or disputes concerning the referendum procedures must be reported in written form to the Secretary of Agriculture not later than 7 calendar days from the end of the referendum period.

*Publication:* This referendum order shall be published in the *Pennsylvania Bulletin* and the *Harrisburg Patriot-News*.

*Effective Date:* The foregoing order shall be effective from and after the 26th day of March, 1999.

SAMUEL E. HAYES, Jr.,  
Secretary

Applications, Actions and Special Notices

## APPLICATIONS

### APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions received and other information are on file and may be inspected and arrangements made for copying at the Field Office that has been indicated above the application.

#### Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

**PA 0063924.** Sewerage, Commonwealth of Pennsylvania, Department of Conservation and Natural Resources, Delaware Canal State Park, 11 Lodi Hill Road, Upper Black Eddy, PA 18972-9540.

This proposed action is for issuance of an NPDES permit to discharge treated sewage into the Delaware River in Williams Township, **Northampton County**.

The receiving stream is classified for the following uses: warm water fishery, migratory fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO<sub>2</sub>-NO<sub>3</sub>, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is at the point of discharge.

The proposed effluent limits for Outfall 001, based on a design flow of 0.0008 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD <sub>5</sub>	25.0	50.0
Total Suspended Solids	30.0	60.0

### Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

---

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewaters into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin*, at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

**(Part II Permits)**

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the name, address and telephone number of the protester, identification of the plan or application to which the protest is addressed and a concise statement or protest in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each protester will be notified in writing of the time and place of any scheduled hearing or conference concerning the plan, action or application to which the protest relates. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

**NPDES Individual**

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

### Preamble 1

---

#### Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

---

Sections 302, 303, 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified as proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager, in the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

## AIR QUALITY

### Notice of Plan Approval and Operating Permit Applications

#### Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an integrated plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

#### Notice of Intent to Issue Title V Operating Permits

---

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

*Southeast Regional Office: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, Attn: Edward Brown, (610) 832-6242.*

**09-00066: PECO Energy Co.** (South Pennsylvania Avenue, Fairless Works, Fairless Hills, PA 19030), located in Falls Township, **Bucks County**. The facility's major emission points include boilers which emit major levels of NOx, SOx, VOC, PM-10 and CO.

*Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Attn: Kanubhai L. Patel, (717) 705-4702.*

**01-05009: Fort Detrick—Site R** (1500 Porter Street, Fort Detrick, MD 21702-5000), for a National Security facility in Liberty Township, **Adams County**. The facility is a major source of NOx emissions.

**06-05085: New Morgan Landfill Co., Inc.** (P. O. Box 128, Mineview Road, Morgantown, PA 19543), for a municipal solid waste landfill in New Morgan Borough, **Berks County**. The operation primarily emits volatile organic compounds, carbon monoxide, sulfur dioxide and nitrogen dioxide.

**31-05011: U. S. Silica** (R. D. 1, Box 1885, Mapleton Depot, PA 17052), in Brady Township, **Huntingdon**

**County.** Silica sand is quarried or mined, processed for industrial use and shipped. The operation primarily emits particulate matter.

**36-05001: Armstrong World Industries, Inc.** (P. O. Box 169, Marietta, PA 17547), in East Donegal Township, **Lancaster County.** The facility manufactures ceiling tile products and is a major source of particulate matter, VOC and NOx emissions.

**67-05005: Pennsylvania Power & Light Co.** (P. O. Box 221, York Haven, PA 17370), for the Brunner Island Steam Electric Station in East Manchester Township, **York County.** The electrical power generating facility is a primary emitter of nitrogen oxides (NOx), sulfur oxides (SOx), particulate matter (PM) and carbon monoxide (CO).

*Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Attn: Mark Wayner, (412) 442-4161.*

**OP-04-00227: Koppel Steel Corp., Ambridge Plant** (P. O. Box 750, Beaver Falls, PA 15010), in Beaver Falls, **Beaver County.** The facility's major sources of emissions include various heat treating furnaces, several gas space heaters and two spray booths. The facility has the potential of emitting more than 100 tons of oxides of nitrogen (NOx) and is considered to be major for the emissions of greater than 25 tons of hazardous air pollutants.

**56-00151: Fleetwood Folding Trailers, Inc., Plant 72** (258 Beacon Street, P. O. Box 111, Somerset, PA 15501), in Somerset Borough, **Somerset County.** The facility's major source of emissions include four spray coating booths, an adhesive spray booth and miscellaneous manual operations which emit volatile organic compounds.

#### **Notice of Intent to Issue Title V Operating Permits Including Emission Guidelines for Hospital/Medical/Infectious Waste Incinerators**

The Department of Environmental Protection (Department) intends to issue Title V operating permits under the Air Pollution Control Act and the section 111(d)/129 Emission Guidelines (EG) specified in 40 CFR Part 60, Subpart Ce. These Emission Guidelines, incorporated by reference in 25 Pa. Code § 122.3, apply to all existing hospital/medical/infectious waste incinerators (HMIWIs) that commenced construction on or before June 20, 1996. The following Title V facilities are subject to the operating permit requirements of Title V of the Federal Clean Air Act and 25 Pa. Code Article III including Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permit requirements).

**TVOP 41-00027. Copies of the Title V applications, proposed permits and other relevant information are available for public inspection at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. An appointment to review the documents must be made by calling (570) 327-3693, between 8 a.m. and 4 p.m., Monday through Friday, except holidays.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V operating permit to Muhammad Q. Zaman, Chief, Title V Facilities Section, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701 (570) 327-0512, within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the corresponding permit number of the proposed Title V operating permit. The commentator should include a concise statement of objections to the issuance of the permit and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of the hearing at least 30 days prior to the date of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

The final Title V operating permits will contain all of the applicable requirements that apply to stationary air contamination sources at each facility. The applicable requirements include the section 111(d)/129 requirements for HMIWI facilities.

#### Notice of Intent to Approve

##### Plan Approval Application 04-307-094A

Notice is given, under 25 Pa. Code, § 127.44(a)(4) for sources located at a Title V facility, that the Department of Environmental Protection (Department) intends to issue a Plan Approval to J&L Specialty Steel for the construction of the Direct Roll Anneal and Pickle Line (DRAPL) sources at the plant located in Midland, PA as described in its application.

Copies of the application, the Department's analysis and other documents used in evaluation of the application are available for public inspection during normal business hours at the Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222.

In order for the Department to assure compliance with all applicable standards, the Department proposes to place the following conditions on the Plan Approval:

#### *Special Conditions:*

3. This Plan Approval is for the construction of Direct Roll Anneal and Pickle Line (DRAPL) sources at the J&L Specialty Steel facility located in Midland, Beaver County.

4. NOx emissions from the sources in the DRAPL shall be limited to 39.7 tons in any 12 month consecutive period.

5. PM<sub>10</sub> emissions from the sources in the DRAPL shall be limited to 14.7 tons in any 12 month consecutive period.

6. Each source in the DRAPL is limited to 8,320 hours of operation in any 12 month consecutive period.

7. The following short term emission limits apply:

Source	NO <sub>x</sub> limits (lbs/hr)	PM <sub>10</sub> limits (lbs/hr)
Reduction Mill	—	2.1
Annealing Furnace	5.1	1.1
Pickle Line	4.3	—

8. J&L Specialty Steel shall submit a yearly report to this office which demonstrates compliance with the emission limits in Condition Nos. 4 and 5, above. This report shall include, but is not limited to, the following information:

- The total amount of 300 series steel processed in the DRAPL for the year.
- The total amount of steel processed in the DRAPL for the year.
- The amount of natural gas used in the annealing furnace when running 300 series steel.
- The total amount of natural gas used in the annealing furnace for the year.
- Calculations of the actual emissions for each source for the year.
- Annual natural gas usage for the process boiler.

9. Visible emissions into the outdoor atmosphere from each source in the DRAPL shall not equal or exceed 10% opacity for a period or periods aggregating more than 3 minutes in any hour.

10. The applicant shall perform stack testing no later than 180 days after startup of the DRAPL to determine compliance with the emission limits in Condition No. 7.

11. Stack tests shall be conducted at maximum capacity under a worst case emissions scenario.

12. J&L Specialty Steel shall perform annual stack tests on the Annealing Furnace and the Reduction Mill to determine the emission rate of PM<sub>10</sub>.

13. J&L Specialty Steel shall perform annual stack tests on the Annealing Furnace and the Pickle Line to determine the emission rate of NOx as NO<sub>2</sub>.

14. All stack testing shall be performed in accordance with 25 Pa. Code Chapter 139 regulations and the Department's Source Testing Manual.

15. Two copies of a pretest protocol shall be submitted to the Department for review at least 60 days prior to the performance of the stack test.

16. The Department shall be notified at least 2 weeks prior to the stack test of the date and time of the test so that an observer may be present.

17. Two copies of the stack test results shall be supplied to the Department for review within 60 days of completion of the testing.

18. Stack test data shall be submitted to this office within 30 days of obtaining the data.

19. Emission limits set forth above may be revised based on the results of the required stack testing.

20. This Plan Approval authorizes temporary operation of the sources covered by this Plan Approval provided the following conditions are met.

a) The Department must receive written notice from the owner/operator of the completion of construction and the operator's intent to commence operation at least 5 working days prior to the completion of construction. The notice should state when construction will be completed and when operator expects to commence operation.

b) Operation is authorized only to facilitate the start-up and shake-down of sources and air cleaning devices, to permit operations pending the issuance of an operating permit or to permit the evaluation of the sources for compliance with all applicable regulations and requirements.

c) This condition authorizes temporary operation of the sources for a period of 180 days from the date of commencement of operation, provided the Department receives notice from the owner/operator under subpart (a), above.

d) The owner/operator may request an extension if compliance with all applicable regulations and Plan Approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of this period of temporary operation and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance and the reasons compliance has not been established.

e) The notice submitted by the owner/operator under subpart (a), above, prior to the expiration of this Plan Approval, shall modify the plan approval expiration date. The new plan approval expiration date shall be 180 days from the date of the written notice.

Persons wishing to provide the Department with additional information which they believe should be considered prior to the issuance of the Plan Approval may submit the information to the Department at the address shown. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed Plan Approval (specify the Plan Approval number).
- Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval. A public hearing may be held, if the Department,

in its discretion, decides that such a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in this newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines the notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Joseph Pezze, Regional Air Quality Program Manager, Commonwealth of Pennsylvania, Department of Environmental Protection, Southwest Region—Field Operations, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

- For additional information persons may contact Thomas J. Joseph, Air Pollution Control Engineer III, Commonwealth of Pennsylvania, Department of Environmental Protection, Southwest Region—Field Operations, Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

**REASONABLY AVAILABLE CONTROL  
TECHNOLOGY**

(RACT)

**Proposed Revision to the State Implementation  
Plan for**

**Volatile Organic Compounds (VOC)**

**Approval of a Reasonably Available Control  
Technology (RACT)**

**Plan and Operating Permit**

**Blair County**

The Department of Environmental Protection (Department) has made a preliminary determination to approve a Reasonably Available Control Technology (RACT) Plan and an amendment to the State Implementation Plan (SIP). This determination and amendment is for a copper and brass tubing cold working redraw mill owned and operated by Small Tubes Products Co., Inc. located in Allegheny Township, Blair County.

The proposed SIP revision does not adopt new regulations. It incorporates the provisions and requirements contained in RACT Operating Permit No. 07-02010 for the existing facility to comply with current regulations.

The preliminary RACT determination, when approved, will be incorporated into an Operating Permit for the facility and will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's SIP.

A VOC RACT determination is being made for the copper and brass tubing manufacturing facility. The preliminary VOC RACT determination for the facility will limit the total VOC emissions along with the VOC emissions per ton of tubing produced and require various work practices to minimize the emissions of VOCs. Upon final approval of the company's case-by-case analysis, the operating permit will include conditions requiring record-keeping and reporting of operational data to verify VOC emissions.

An appointment to review the pertinent documents at the Altoona District Office at 615 Howard Avenue, Altoona may be scheduled by contacting Kathy Ciampoli at (814) 946-7290 between 8 a.m. and 4 p.m., Monday through Friday, except holidays.

One public hearing will be held for the purpose of receiving comments on the proposal. The hearing will be held June 30, 1999, at the Department's Altoona District

Office, located at 615 Howard Avenue, Altoona, PA 16601, from 10 a.m. until all scheduled comments on the proposed action are received.

Those wishing to comment are requested to contact Sandra Roderick at (717) 705-4931 at least 1 week in advance of the hearing to schedule their testimony. Those wishing to comment are requested to provide two written copies of their remarks at the time of the hearing. Oral testimony will be limited to a maximum of 10 minutes per individual. Organizations are requested to designate an individual to present testimony on behalf of the organization. Written comments may be submitted to Steve Weyandt, Air Pollution Control Engineer, 615 Howard Avenue, Altoona, PA 16601, during the 30-day period following publication of this notice.

Persons with a disability who wish to attend the hearing scheduled for June 30, 1999, at the Altoona District Office and who require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact Sandra Roderick directly.

## MINING

### APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on

the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

#### **Request for Variance**

#### **Rayne Energy, Inc.**

The Bureau of Deep Mine Safety has received a request for variance from the Rayne Energy, Inc. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Trader by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

The Department is publishing a summary of the request to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. All comments should be addressed to Richard E. Stickler, Director, Bureau of Deep Mine Safety, Fayette County Health Center, 100 New Salem Road, Room 167, Uniontown, PA 15401.

Section 702 of the Bituminous Coal Mine Act (52 P. S. §§ 701 and 702) (act), provides a mechanism for operations to obtain variances from specific requirements of the act to accommodate the adoption of new machinery, equipment, tools, supplies, methods or processes.

Section 242(c) states that where belt conveyors are installed, main stoppings and regulators shall be so arranged as to reduce the quantity of air traveling in the belt conveyor entry to a minimum for effective ventilation and to provide an intake air split as an escapeway from the face area to the main air current.

*Summary of the request:* Rayne Energy, Inc. requests a variance to allow for the common ventilation of belt conveyor entries with other entries at the Rayne No. 1 Mine.

#### **Keystone Coal Mining Corporation**

The Bureau of Deep Mine Safety has received a request for variance from the Keystone Coal Mining Corporation. The following notification contains a summary of this request. *Summary of the request:* Keystone Coal Mining Corporation requests a variance to allow for the common ventilation of belt conveyor entries with other entries at the Emilie Mine.

## APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

### ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

### Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

### INDIVIDUAL PERMITS

#### (PAR)

#### Approvals to Use NPDES and/or Other General Permits

The following parties have submitted Notice of Intent (NOIs) for Coverage under (1) General NPDES Permits(s) to discharge wastewater into the surface waters of this Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania. The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection approves the following coverages under the specific General Permit.

The EPA Region II Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

**The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

*Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.*

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

**The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.**

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial

investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

## SPECIAL NOTICES

### Request for Proposal

Northumberland County Pennsylvania is currently revising its Municipal Solid Waste Plan in accordance with the requirements of Pennsylvania Act 101, the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988. The County of Northumberland is issuing this Request for Proposals (RFP) to obtain information which will form the basis for selecting a qualified vendor to provide long-term disposal capacity for county generated municipal solid waste (MSW), to include construction and demolition waste C/D and sewage sludge generated within the county. This RFP is issued to meet the requirements of Act 101, which mandates the utilization of a fair and competitive procurement process.

For a nonrefundable fee of \$100 U.S. currency a copy of the RFP may be obtained from the Northumberland County Planning Commission, 399 S. Fifth Street, Suite 207, Sunbury, PA 17801, or by calling (570) 988-4220. Proposals must be enclosed in a sealed envelope, clearly labeled as the "Proposal for Municipal Solid Waste Dis-

posal Capacity" and will be received until 10 a.m. in the office of the County Controller and opened in the Office of the County Commissioners at 10:30 a.m., June 15, 1999.

Proposals should be delivered to the office of the County Controller, Charles Erdman, Northumberland County Administration Center, 399 S. Fifth Street, (2nd Floor), Sunbury, PA 17801.

Northumberland County Non-Collusion Affidavit must be included with the proposal.

The sealed proposal will be publicly opened on Tuesday, June 15, 1999, at 10:30 a.m., prevailing time at the regularly scheduled meeting of the Northumberland County Board of Commissioners, Northumberland County Adm. Building, 399 S. Fifth Street, First Floor, Sunbury, PA 17801.

**Recycling Grant Award Under the Municipal Waste Planning Recycling and Waste Reduction Act of 1988, Act 101**

The Department of Environmental Protection (Department) announces the following correction to the amount

of a grant to a municipality for its recycling program under the Pennsylvania Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101, P. L. 556, Section 902. The grant was previously announced in the March 13, 1999 *Pennsylvania Bulletin*.

Grant funds are used to develop and implement recycling programs. Municipalities and counties are eligible for up to 90% funding of approved recycling program costs. Municipalities considered financially distressed under the Municipalities Financial Recovery Act (53 P. S. §§ 11701.101—11701.501) are eligible to receive funding for an additional 10% of approved costs. All grant awards are predicated on the receipt of recycling fees required by section 701 and 702 of Act 101, and the availability of moneys in the Recycling Fund.

Inquiries regarding the grant offering should be directed to Todd Pejack, Recycling Grants Coordinator, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, Rachel Carson State Office Building, P. O. Box 8472, Harrisburg, PA 17105-8472.

**Notice of Action on First Land Application of Nonexceptional Value Sewage Sludge Under General Permit  
PAG-8 or PAG-9**

The Department of Environmental Protection (Department) has previously approved coverage under General Permit PA-8 or PA-9 for the generators of nonexceptional quality sewage sludge listed as follows. General Permit PA-8 authorizes the beneficial use of nonexceptional quality sewage sludge by land application. General Permit PA-9 authorizes the beneficial use of residential septage by land application to agricultural land, forest or a reclamation site. The purpose of this notice is to advise the public that the Department has reviewed the Notices for First Land Application of Sewage Sludge for the following sites and determined that the sites are suitable for land application of nonexceptional quality sewage sludge.

These actions of the Department may be appealed to the Environmental Hearing Board (Board) at 2nd Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457 by an aggrieved person under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). Appeals must be filed within 30 days of the date of this issue of the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practices and procedure may be obtained from the Board.

### Availability of Technical Guidance

Technical Guidance Documents are on DEP's World Wide Web site (<http://www.dep.state.pa.us>) at the Public Participation Center. The "January 1999 Inventory" heading is the Governor's List of Non-regulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1999.

#### *Ordering Paper Copies of DEP Technical Guidance*

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Please check with the appropriate bureau for more information about the availability of a particular document as a publication.

#### *Changes to Technical Guidance Documents*

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

#### *Draft Guidance*

DEP ID: 250-3100-001 Title: Draft Guidance Document on Radioactivity Monitoring at Municipal and Residual Waste Processing and Disposal Facilities Description: The purpose of this guidance is to protect the environment and public health, safety and welfare from the possible dangers of radioactive material that is wrongly delivered to municipal and residential waste processing and disposal facilities.

This guidance provides operators of municipal and residual waste processing and disposal facilities with guidance on how to monitor for radioactive materials in incoming loads of waste and what steps to take in response to an alarm triggered by the monitoring. Some facilities will soon be required by regulation to monitor and inspect for radioactive materials. Facilities that are not required to monitor will be expected to follow this guidance document. Anticipated Effective Date: September 1, 1999 Comment Period Ends: June 15, 1999 Contact: William Kirk at (717) 787-3479

DEP ID: 562-5900-001 Title: Accident Investigation Description: The purpose of this guidance is to outline a standard operating procedure for investigating injuries on non-coal, anthracite and bituminous surface mine sites, and to define how the investigation will be jointly carried

out with the Federal Mine Safety and Health Administration (MSHA). Anticipated Effective Date: September 17, 1999 Comment Period Ends: June 15, 1999 Contact: Don Barnes at (814) 472-1898

DEP ID: 563-2112-616 Title: Effluent Limits for Postmining Discharges Description: This guidance describes procedures for applying effluent limitations to postmining pollutional discharges. Particular attention is given to the application of effluent limitations derived through a best professional judgment analysis. Anticipated Effective Date: September 4, 1999 Comment Period Ends: June 15, 1999 Contact: Evan Shuster at (717) 787-5103

## DEPARTMENT OF PUBLIC WELFARE

### Availability of Fiscal Year 1999-2000 Title XX Social Services Block Grant Planning Document

The Department of Public Welfare (Department) is making available for public review and comment the Fiscal Year 1999-2000 Social Services Block Grant Plan. Comments on this document will be used to formulate the Department's final plan for using Title XX Social Services Block Grant funds in Fiscal Year 1999-2000.

Persons wishing to obtain a copy of the Plan may do so at their local County Assistance Office or by contacting the Department at the following address.

Persons wishing to submit written comments on this Plan must do so by June 14, 1999. Comments are to be addressed to John R. Gibble, Department of Public Welfare, Office of Social Programs, Bureau of Social Services, 2nd Floor, Bertolino Building, P. O. Box 2675, Harrisburg, PA 17105-2675.

#### *Availability of Other Social Services Block Grant Documents*

The Department, in accordance with the requirements of Title XX Block Grants to States for Social Services (42 U.S.C.A. § 1397) announces the availability of the following Social Services Block Grant documents:

- a. Social Services Block Grant Annual Report for Fiscal Year 1996-1997;
- b. Social Services Block Grant Annual Report for Fiscal Year 1997-1998;
- c. Fiscal Year 1998-1999 Social Services Block Grant Pre-Expenditure Report; and
- d. Responses to Comments on the Fiscal Year 1998-1999 Social Services Block Grant Plan.

These documents are available by written request to John R. Gibble at the previous address indicated.

Persons with a disability may request a copy of the Fiscal Year 1999-2000 SSBG Plan and/or provide comments by using the AT&T Relay Service. The Relay Service may also be used to request any of the other SSBG documents which are available.

The Relay Service may be accessed by calling (800) 654-5984 (TTD users) or (800) 654-5988 (Voice users).

Persons who require another alternative, should contact John Gibble at (717) 787-5756.

### Income and Resource Limits for Spouse Living in the Community When the Other Spouse is Institutionalized

*(Editor's Note: This document was printed without its fiscal note at 29 Pa.B. 2336 (May 1, 1999). It is being reprinted here with its fiscal note.)*

The Department of Public Welfare (Department) increased the income and resource limits described at 55 Pa. Code §§ 181.452(c)(2)(iv), 178.124(a)(3)(i) and (ii) effective January 1, 1999, as required by 42 U.S.C.A. § 1396r-5.

The regulations at 55 Pa. Code §§ 181.452(c)(2)(iv), 178.124(a)(3)(i) and (ii) establish the basis for determining the Monthly Community Spouse Maintenance Need Amount and the maximum and standard Community Spouse Resource Standard for the Categorically Needy Nonmoney Payment Medical Assistance (NMP-MA) and Medically Needy Only Medical Assistance (MNO-MA) Programs. These standards are required to be published in the *Pennsylvania Bulletin* annually and are available to the public upon request at the county assistance offices.

Effective January 1, 1999, the amounts are:

Maximum Community Spouse Resource Standard	\$81,960
Standard Community Spouse Resource Standard	\$16,392
Maximum Monthly Community Spouse Maintenance Need Amount	\$ 2,049

## Retention of Engineering Firms

### Allegheny County

#### Project Reference No. 08430AG2346

The Department will retain an engineering firm for a multi-phase, specific project agreement to perform preliminary engineering studies; final design, including preparation of bridge and roadway plans, specifications and estimates; and engineering services during construction. This project is for the I-4R rehabilitation of S.R. 0079, Section 35M, I-79 from a point just north of the Neville Island Bridge to the I-279 merge point in the Boroughs of Glenfield, Sewickley Hills and Franklin Park and in Aleppo and Ohio Townships, Allegheny County. The approximate length of the project is 9.1 km (5.6 miles). The estimate cost is \$42 million.

The selected firm will be required to perform a variety of services including the following: project administration; field surveys; utility coordination; geotechnical studies; preliminary right-of-way investigation; safety reviews; value engineering; environmental studies to aide the Department in environmental document preparation; alternative analyses; preliminary line, grade and typical section development; and preliminary line, type and location submissions. Final design activities include: Final Step 9 and type, size and location; drainage and highway lighting design; right-of-way plans; traffic control plans; erosion and sedimentation control plans; structure designs; and preparation of a Plans, Specifications and Estimates (PS&E) package. Engineering services during construction include shop drawing review and consultation services.

The design of this project will be developed using metric units.

Letters of interest will be evaluated at the Engineering District 11-0 office with emphasis on the following factors:

- a. Specialized experience and technical competence of firm.
- b. Experience and abilities of key personnel (project manager, bridge engineer, etc.) that will be assigned to the project.

c. Past record of performance with respect to cost control, work quality and ability to meet schedules.

d. Special requirements of the project; firm's experience in highway design, structure design and maintenance and protection of traffic on similar type interstate reconstruction projects.

e. Subconsultants assigned to this project.

f. Other factors, if any, specific to the project.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen (15%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

The District will announce the firms that have been shortlisted at an open public meeting to be held at Engineering District 11-0, 45 Thomas Run Road, Bridgeville, PA 15017. All candidates that have submitted a letter of interest will be notified of the date. Please specify a contact person in the Letter of Interest.

This project reference assignment is considered complex. The letter of interest shall be limited to a maximum of five (5) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), required information, and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to: Mr. Raymond S. Hack, P.E., District Engineer, Engineering District 11-0, 45 Thoms Run Road, Bridgeville, PA 15017, Attention: Mr. Richard T. Curry, P.E.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the sixth (6th) day following the date of this Notice.

Any technical questions concerning the requirements of this project should be directed to Mr. Robert M. Collins, P.E., District 11-0, at (412) 429-4928.

### Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties

#### Project Reference No. 08430AG2347

The Department will retain three (3) engineering firms for three (3) separate Open-End Contracts for various engineering and/or environmental services on various projects located in Engineering District 2-0, that is Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties. These Contracts will be for a sixty (60) month period with projects assigned on an as-needed basis. The maximum amount of each Open-End Contract will be \$1.0 million.

The Department will establish an order of ranking of a minimum of five (5) firms for the purpose of negotiating three (3) Open-End Contracts based on the Department's evaluation of the letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Specialized experience and technical competence of firm.

b. Past record of performance with respect to cost control, work quality, ability to meet schedules, and previous experience on Open-End Contracts. The specific experience of individuals employed by the firm shall be considered.

c. Available staffing for this assignment and the ability to respond to the Department's needs.

The work and services required under these Contracts may encompass a wide range of environmental studies and engineering efforts with the possibility of several different types of projects with short completion schedules being assigned concurrently. The anticipated types of projects include, but not limited to, bridge replacements or bridge rehabilitation with minor approach work, environmental studies, roadway betterments (3R type,) minor capital improvement projects (bridges or roadway), railroad grade crossing projects, and minor location studies, etc.

The engineering work and services which may be required under these Contracts include, but are not limited to, perform field surveys; plot topography and cross sections; prepare submission for utility verification and relocations engineering; prepare all pertinent submissions and materials necessary for the Department to prepare the application to PUC and for the PUC field conference; attend and supply any required information for all PUC meetings and hearings during the design of the project; develop erosion control details and narrative; prepare right of way plans; complete structure designs including type, size and location reports, core boring layouts and foundation designs and reports; develop traffic control plans with narratives; conduct soils investigations and prepare soils reports; investigate utility involvement on projects; provide material for and participate in value engineering reviews; coordinate contacts with railroad officials and procure railroad related costs, permits, and insurance; collect signal timing, accident data and other traffic flow data; document engineering study findings and activities; alternative analysis to assess impacts and mitigation; and prepare construction plans, specifications, and estimates.

The areas of environmental study required under these Contracts may include, but are not limited to: air quality; noise; energy; vibration; hazardous waste; surface water and ground water quality; surface water and ground water hydrology; terrestrial ecology including threatened and endangered species; wetlands; soils; geology; farmlands; visual quality; socio-economic resources; cultural resources; Section 4(f) Evaluations; early coordination and; scoping correspondence; meeting minutes; public meeting and hearing presentations; visualization materials, handouts and displays; technical basis reports (TBRs) and/or technical files; NEPA environmental documents; Section 106 documents; mitigation plans and reports; wetland and floodplain findings; and preliminary engineering plans, and remote sensing/mapping innovations. The format and content of all documents will be consistent with applicable State and Federal regulations, policies and guidelines.

The engineering services and environmental studies identified above are the general work activities that can be expected under these Open-End Contracts. A more specific and project-related Scope of Work will be outlined for each individual Work Order developed under these Open-End Contracts.

This project reference assignment is considered non-complex. The letter of interest shall be limited to a

maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), required information, and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to: Mr. George M. Khoury, P.E., District Engineer, Engineering District 2-0, 1924-30 Daisy Street, P. O. Box 342, Clearfield, PA 16830.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the twentieth (20th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439.

**Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties**

**Project Reference No. 08430AG2348**

The Department will retain an engineering firm for an Open-End Contract to provide supplementary construction inspection staff under the Department's Inspector(s)-in-Charge to perform construction inspection services on various projects in Engineering District 2-0, that is Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties. The Contract will include roadway and bridge construction projects, and material plant inspection. The Contract will be for a period of sixty (60) months, with a maximum cost of \$1.0 million (\$1,000,000) dollars.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of Traffic, soils, structures, concrete, asphalt paving, and drainage.
- b. Number of NICET certified inspectors in each payroll classification.
- c. Number of available inspectors in each payroll classification.
- d. Understanding of Department's requirements, policies, and specifications.
- e. Past Performance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	11 (7)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	4 (3)

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1999:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCI)	\$35.47
(TA)	\$24.39

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; eleven (11) inspectors should be bituminous field certified and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation, or construction.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCI	14

No resumes are required for the TA Classification.

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), required information, and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to: Mr. George M. Khoury, P.E., District Engineer, Engineering District 2-0, 1924-30 Daisy Street, P. O. Box 342, Clearfield, PA 16830.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the twentieth (20th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439.

**Crawford, Erie, Forest, Mercer, Venango and Warren Counties**

**Project Reference No. 08430AG2349**

The Department will retain an engineering firm for an Open-End Contract for geotechnical services on various projects located in Engineering District 1-0, that is Crawford, Erie, Forest, Mercer, Venango and Warren Counties. The Contract will be for a sixty (60) month period with project assigned on an as-needed basis. The maximum amount of this Open-End Contract will be \$1.0 million.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Open-End Contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the final ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Experience and effectiveness of proposed project managers.
- b. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience.
- c. Specialized experience and technical competence of key staff.
- d. Method of controlling quality of projects and submissions. Consideration will be given to coordination between disciplines, subconsultants, etc.
- e. Location of consultant with respect to Engineering District 1-0. This will include ability/provisions for quick response to District requests.
- f. Understanding of Department's requirements, design manuals, policies and specifications.

The primary services to be provided are geotechnically related (e.g. pavement cores, slope movements analysis, develop/administer subsurface boring sampling and testing contracts). The firm may also be required to perform any or all of the following environmental studies; surface

water and ground water hydrology; wetland; soils; and geology. The environmental studies will be conducted in accordance with Department policy and accepted techniques and methodologies.

The format and contents of all documents, plans, reports or other submissions will be consistent with applicable State and Federal regulations and guidelines.

The reports and other written graphic material to be prepared may include, but are not limited to, early coordination, attend project views and meetings and prepare minutes of same, prepare appropriate submissions for all project related meetings and field views, handouts and displays, technical basis reports.

The engineering services identified above are the general work activities that can be expected under this Open-End Contract. A more specific and project related scope of work will be described for under this Open-End Contract.

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), required information, and additional resumes, if applicable. (See the General Requirements and Information Section).

In addition to the General Requirements and Information Section following this advertisement, respondents are not to include more than eight (8) pages of resumes under Item 7 of Standard Form 255 (SF-255).

The Letter of Interest submission shall be sent to: Mr. John L. Baker, P.E., District Engineer, Engineering District 1-0, 1140 Liberty Street, Franklin, PA 16323.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the twentieth (20th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Michael L. McMullen, P.E., District 1-0, at (814) 437-4331.

#### **General Requirements and Information**

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

All consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

By submitting a letter of interest for the projects that requests engineering services, the consulting firm is

certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

# INDEPENDENT REGULATORY REVIEW COMMISSION

## Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (act) (71 P. S. § 745.5(g)) provides that the designated standing committees may issue comments within 20 days of the close of the public comment period, and the Independent Regulatory Review Commission (Commission) may issue comments within 10 days of the close of the committee comment period. The Commission comments are based upon the criteria contained in section 5a(h) and (I) of the act (75 P. S. § 745.5a(h)(I)).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulations must be submitted by the dates indicated.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Issued</i>	<i>Final-Form Submission Deadline</i>
16A-548	Department of State State Board of Pharmacy Application Fees	4/29/99	3/29/01

29 Pa.B. 1088 (February 27, 1999)

*State Board of Pharmacy Regulation No. 16A-548  
Application Fees  
April 29, 1999*

We have reviewed this proposed regulation from the State Board of Pharmacy (Board) and submit for consideration the following objections and recommendations. Subsections 5.1(h) and 5.1(i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) specify the criteria the Commission must employ to determine whether a regulation is in the public interest. In applying these criteria, our Comments address issues that relate to fiscal impact, consistency and clarity. We recommend that these Comments be carefully considered as you prepare the final-form regulation.

### 1. Section 27.91. Schedule of fees.—Fiscal Impact, Consistency and Clarity

#### *Administrative overhead costs*

In the proposed regulation's fee report forms, there are significant differences in the costs covered by different fees except for "Administrative Overhead" costs. We met and discussed this situation with staff from the Department of State and its Bureau of Professional and Occupational Affairs (BPOA). They indicated that each fee's overhead cost is calculated by dividing total overhead costs by the number of active licensees. On the other hand, the staff costs are based on the actual time BPOA staff spends performing the tasks covered by each fee.

Although their methodology is reasonable, there is no indication that the fees will recover the actual "overhead" costs. This is because there is no relationship to the service covered by the fees and because the costs are based on past expenditures rather than on projected expenditures. Hence, there is no certainty that the fees'

projected revenues "will meet or exceed projected expenditures" under section 8.2(a) of the Pharmacy Act (63 P. S. § 390-8.2(a)).

We question the use of a constant overhead cost that is unrelated to the actual costs of activities covered by different fees. Even though this process was used for other fees, why should BPOA maintain this approach? The Board and BPOA should thoroughly examine its cost allocation methodology for overhead expenses and itemize the overhead costs to be recouped by these fees.

#### *Board duties for certification and verification*

The House Professional Licensure Committee requested additional information from the Board in two areas. First, it questioned the Board's role in the certification of scores and intern hours. In addition, it noted that the description of Board staff functions in the fee report forms for certification and verification fees were the same. However, there was a significant difference in the staff time and costs for these fees. Staff time for certification equaled 45 minutes at a cost of \$15.23. Staff time for verification was 4.8 minutes at a cost of \$1.62.

Why does the Board certify scores? How much work is required to provide the services covered by these three fees? The Board should explain in detail the answers to these questions when it submits the final-form version of this regulation.

### **Kristina Sullivan; Hearing**

*Appeal of Kristina Sullivan under the Pennsylvania Assigned Risk Plan; State Farm Insurance Companies; Doc. No. P99-04-024*

Under the Pennsylvania Assigned Risk Plan, Section 19, that was adopted by the Insurance Commissioner under 75 Pa.C.S. § 1741, notice is hereby given that Kristina Sullivan has requested a hearing on the determination by the Pennsylvania Assigned Risk Plan Governing Committee concerning the amount of her policy premium.

The hearing will be held at the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102 on June 15, 1999, at 10 a.m.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The hearing will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); Section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) and the regulations set forth at 31 Pa. Code § 59.7(e). Under 31 Pa. Code § 59.7(e), procedural matters will be in conformance with the General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 31.1—35.193, 35.225—35.251, unless specific exemption is given.

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing, and require an auxiliary aid service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

## MILK MARKETING BOARD

### Expanded Hearing and Supplemental Presubmission Schedule for All Milk Marketing Areas

Notice is hereby given under the provisions of the Milk Marketing Law (31 P. S. §§ 700j-101—700k-10.1) that the Pennsylvania Milk Marketing Board will expand the purpose of the public hearing for all milk marketing areas scheduled for June 2, 1999, commencing at 9 a.m. in Room 202 of the Agriculture Building, 2301 North Cameron Street, Harrisburg, PA. Notice of that hearing appeared at 29 Pa.B. 2350 (May 1, 1999) and was mailed to those on the Board's interested persons list on April 16, 1999 (Bulletin No. 1276). If necessary, the hearing will be continued on June 3.

#### *Purposes of the hearing*

In addition to receiving evidence concerning (1) adjusting the resale price structure in connection with Federal order consolidation and (2) current standards for butterfat ranges found on the Board's price sheets and in official general orders for the various milk marketing areas, as compared with standards issued by the U.S. Department of Agriculture, the Board will also receive evidence concerning issues directly related to producer pricing under the new Federal orders. Issues related to pooling are specifically excluded.

#### *Entries of appearance*

Board staff and persons who have requested party status under the previous hearing notice need take no further action. Other persons that may be affected by a Board order addressing the producer pricing may be included on the Board's list of parties by:

1. Having their counsel file with the Board, on or before May 19, 1999, a notice of appearance substantially in the form prescribed by 1 Pa. Code § 31.25, which shall identify by name and address the party on whose behalf the appearance is made. Thereafter documents and other written communications required to be served upon or furnished to that party shall be sent to the attorney of record.

2. If unrepresented by counsel and wishing to appear on their own behalf under 1 Pa. Code § 31.21, filing with the Board, on or before May 19, 1999, an address to which documents and other written communications required to be served upon them or furnished to them may be sent.

#### *Witnesses, exhibits, presentation of evidence*

The parties shall observe the following requirements for advance filing of witness information and exhibits. The Board may exclude witnesses or exhibits of a party that fails to comply with these requirements. In addition, the parties shall have available in the hearing room at least 20 copies of each document for the use of nonparties attending the hearing.

1. On or before May 21, 1999, each party shall file with the Board 7 copies and serve on all other parties 1 copy of:

a. A list of witnesses who will testify for the party, along with a statement of the subjects concerning which each witness will testify. A witness who will be offered as an expert shall be so identified, along with the witness's area or areas of proposed expertise.

b. Each exhibit to be presented, including testimony to be offered in written form.

2. On or before May 28, 1999, each party shall file and serve as set forth in paragraph 1 information concerning rebuttal witnesses and copies of rebuttal exhibits.

Parties that wish to offer in evidence documents on file with the Board, public documents, or records in other proceedings before the Board, or who wish the Board to take official notice of facts, shall comply with, respectively, 1 Pa. Code § 35.164, 35.165, 35.167, or 35.173. Whenever these rules require production of a document as an exhibit, copies shall be provided to each Board member and to all other parties; in addition, at least 20 copies shall be available for distribution to nonparties attending the hearing.

#### *Requests for data from Board staff*

Requests by parties for Board staff to provide data pertinent to the hearing shall be made in writing and received in the Board office on or before May 21, 1999.

#### *Board's filing address*

The filing address for the Board is Pennsylvania Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons who require this information in an alternate format should call (717) 787-4194 or (800) 654-5984 (PA relay service for TDD users).

### Telecommunications

**A-310226F2000. Western Union Communications, Inc.** Application for approval for abandonment of interexchange telecommunications services as a reseller of toll services.

On June 23, 1998, Western Union Communications, Inc. (Western Union) filed to abandon service as an interstate reseller. Concurrently, Western Union filed a tariff supplement to amend the expiration date of its *Historical Telegram Series* collector-series debit cards from 1 year after the date of first use to 1 year from the date of purchase.

The Pennsylvania Public Utility Commission has conditionally approved the tariff change and abandonment application subject to Western Union agreeing to provide public notice of the right of all cardholders to obtain a refund of the unused portion of any debit card affected by the tariff change.

Current owners of a Western Union *Historical Telegram Series* Phone Card, for a period of 45 days following newspaper publication as directed by the Commission, may mail the card to Western Union for a refund of an amount equal to the unused portion of the card. All cards have a maximum their of \$5.
