GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.

OA-PER-GLI-99 The Office of Administration is requesting proposals to provide group life insurance coverage to Commonwealth employees. This Request for Proposal (RFP) was initially issued directly by the Commonwealth on September 1, 1999, under RFP ID No. OA-PER-GLI-99. It is now being reissued through Buck Consultants, Inc. The selected carrier will provide group life insurance coverage in a cost-effective, consistent and efficient manner. The bidder will be expected to assume administrative tasks currently performed by the Commonwealth. Those duties are specified in the RFP and the accompanying documents. The scope of coverage includes the Commonwealth's basic group life insurance programs covering approximately 101,000 employees, and four separate plans sponsored by certain Commonwealth agencies to supplement the basic coverage. The Commonwealth's current basic group life insurance program pays a benefit of one times pay (rounded to the nearest \$1,000) to a maximum of \$40,000. The coverage also includes an additional \$10,000 work-related accidental death benefit. Benefits for active employees are reduced at ages 70 and 75. Benefits for disabled employees continue for life, as long as the individual continues to meet the definition of disability. Supplemental life benefits are provided to specified Commonwealth agencies under separate policies which are offset by benefits payable under basic life. The Office of Administration reserves the right to reject any and all proposals or to negotiate separately with any organization that submits a proposal. The Office of Administration will not be liable for any cost incurred by an organization prior to issuance of a contract. Seven copies of a bidder's proposal must arrive at the following location on or before 4:30 p.m., November 12, 1999: T. Frances Grimm, Group Life Insurance Coordinator, Employee Benefits Division, Office of Administration, Commonwealth of Pennsylvania, 402D, Finance Building, Harrisburg, PA 17120.
