READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

GOVERNOR'S OFFICE

Amendment to Proclamation

November 9, 1999

Whereas, On July 20, 1999, I declared a State of Drought Emergency in fifty-five counties of the Commonwealth due to a long and continuing period of unusually dry weather, abnormally low stream flows, and reduced groundwater which resulted in widespread shortage of water supplies throughout the Commonwealth; and

Whereas, on August 9, 1999, due to the severe impact of the drought on the Commonwealth's agricultural community, I requested that the United States Department of Agriculture declare all sixty-seven counties of the Commonwealth to be in a state of disaster emergency; and

Whereas, on August 13, 1999, the Secretary of the United States Department of Agriculture declared all sixty-seven counties of the Commonwealth as a primary natural disaster area; and

Whereas, on September 10, 1999, I amended my July 20, 1999 proclamation to include all sixty-seven counties of the Commonwealth making it consistent with the geographical area covered by the United States Department of Agriculture's declaration of an agricultural disaster area; and

Whereas, on September 10, 1999, I transferred up to \$5,000,000 in unused appropriated funds to the Department of Agriculture to be expended by the Department in a manner approved by me to relieve the drought emergency conditions affecting the Commonwealth's farming and agricultural community; and

Whereas, on September 30, 1999, I amended my proclamation to lift the drought emergency proclamation for all counties with the exception of Somerset County, which had a continuing need to implement mandatory water conservation measures, and the agricultural drought emergency that affected all sixty-seven counties; and

Whereas, on September 30, 1999, I directed the Department of Agriculture to continue implementing a hay assistance program and other measures necessary to respond to the agricultural drought emergency; and

Whereas, the Department of Agriculture has completed development of a comprehensive Hay Assistance Program to assist Pennsylvania's farming and agricultural community in coping with the agricultural drought emergency.

Now, Therefore, I, Tom Ridge, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution, the Emergency Management Services Code, 35 Pa. C.S. § 7101 et seq., as amended, and other laws of the Commonwealth, do hereby amend my Proclamation of September 30, 1999 as follows:

1. I hereby approve the expenditure of up to \$5,000,000 appropriated unused funds under the Hay Assistance Program as developed by the Department of Agriculture in order to respond to the agricultural drought emergency.

2. This Proclamation Amendment shall take effect immediately.

Given under my hand and the Seal of the Governor, at the city of Harrisburg, this ninth day of November in the year of our Lord, one thousand nine hundred and ninety-nine and of the Commonwealth, the two hundred and twenty-fourth.

A handwritten signature in black ink that reads "Tom Ridge". The signature is written in a cursive style with a prominent loop at the end of the last name.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CH. 200]

Amendment of Rule 223 and Promulgation of New Rule 223.1; No. 325; Civil Procedural Rules Doc. No. 5

Order

Per Curiam:

And Now, this 3rd day of November, 1999, the Pennsylvania Rules of Civil Procedure are amended as follows:

1. Rule 223 is amended to read as follows.
2. New Rule 223.1 is promulgated to read as follows.

This order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective January 1, 2000.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

Rule 223. Conduct of the [Jury] Trial. **Generally.**

[(a)] Subject to the requirements of due process of law and of the constitutional rights of the parties, the court may make and enforce rules and orders covering any of the following matters, inter alia:

* * * * *

Official Note: [Berks Rules 308 and 314 limit the number of witnesses. The rules of several counties limit the number of trial counsel who may address the jury. Time limits are placed upon addresses to the jury in the rules of about ten counties.]

Trial courts in Pennsylvania customarily exercise discretion as to the exclusion of persons from the courtroom in the interest of good order and morals.

The [subject matter of former Rule 223(b) regulating the] exclusion of the taking of photographs or radio or television broadcasting is [now] governed by Canon 3A(7) of the Code of Judicial Conduct[, adopted November 21, 1973 and effective January 1, 1974].

[(b) Rescinded.]

(*Editor's Note:* Rule 223.1 is a new rule. It is printed in regular type to enhance readability.)

Rule 223.1. Conduct of the Trial. Trial by Jury.

(a) In conducting a trial by jury, the court may use one or more of the procedures provided in subdivisions (b) and (c) as may be appropriate in the particular case:

Official Note: This rule catalogs certain procedures which may be utilized in the conduct of a jury trial. Since the court has broad power and discretion in the manner in which it conducts a jury trial, it is not intended that this rule be construed as enlarging, restricting or in any way affecting that power and discretion.

(b) The court may permit jurors to view a premises or a thing in or on a premises.

Official Note: See Rule 219 governing view of premises.

(c) The court may

(1) permit specified testimony to be read back to the jury upon the jury's request,

(2) charge the jury at any time during the trial, and

Official Note: The court is not limited to charging the jury after the closing argument by the attorneys,

(3) make exhibits available to the jury during its deliberations.

Explanatory Comment

The jury trial has been the subject of recent national attention with the adoption of standards and rules and the publication of proposals and studies. Review of procedures governing the jury trial in Pennsylvania has resulted in the recommendation and promulgation of new Rule of Civil Procedure 223.1 and the amendment of Rule 223.

New Rule 223.1 governs the conduct of a jury trial and is designed to be a catalog of the specified options which the court may utilize to facilitate the jurors' understanding of the case. The note to subdivision (a) states that the new rule is not meant to be construed "as enlarging, restricting or in any way affecting" the power and discretion of the court in conducting a jury trial.

The use of the procedures set forth in the new rule is subject to the discretion of the court. Subdivision (a) provides: "The court may use one or more of the procedures provided in subdivisions (b) and (c) as may be appropriate in the particular case."

New Rule 223.1 lists two categories of procedures. Subdivision (b) contains a procedure through which the court may allow the jurors to actively participate in the trial by viewing a premises or a thing in or on a premises. Subdivision (c) contains procedures which the court may employ for the benefit of the jurors: permitting specified testimony to be read back to the jury upon the jury's request, charging the jury at any time during the trial, and making exhibits available to the jury during its deliberations.

Rule 223 has been amended in three respects, none of which affect practice or procedure. First, since the rule is equally applicable to both jury and non-jury trials, the caption of Rule 223 has been amended to read: "Conduct of the Trial. Generally". Second, obsolete references in the note to Rule 223 have been deleted. Finally, since the rule contains but one subdivision, the designation of the subdivision as "(a)" has been deleted.

Title 255—LOCAL COURT RULES

ADAMS COUNTY

Local Rules of Court; Administrative Order No. 31 of 1999

And Now, this 8th day of November, 1999, local rule 206 is amended. This order and the following Local Rule 206 and 206.1 shall become effective thirty days after publication in the *Pennsylvania Bulletin*. The following rule shall continuously be available for inspection in the offices of Prothonotary and Clerk of Courts of this court. Copies may be purchased at the Prothonotary's Office for \$3.00. If the Prothonotary mails the copy, the cost will be \$6.00. Certified copies in the numbers listed shall be provided as follows:

1. Seven to the Administrative Office, Pennsylvania Courts. In addition, a 3.5 computer disk with the rule therein shall be provided that office.

2. Two to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

3. One each to Civil Procedural Rules Committee, Criminal Procedural Rules Committee, and Domestic Relations Committee.

By the Court

OSCAR F. SPICER,
President Judge

Rule 206. Petitions and Answers.

Petitions and rules shall be governed by Pa.R.C.P. 206.6. Pursuant to Pa.R.C.P. 206.5(2), a party may seek any relief for which petition and rule procedure may be appropriate. If disputed facts can be determined by a brief hearing, the party shall request that a hearing, and not depositions, be scheduled to determine facts. The petition shall be accompanied by an order conforming to Pa.R.C.P. 206.6 as modified by this local rule, as follows:

IN THE COURT OF COMMON PLEAS
OF ADAMS COUNTY

(Caption)

ORDER

And Now, this ____ day of _____, 199 ____, upon consideration of the within petition, it is hereby ordered that:

(1) a rule is issued upon respondent to show cause why the petitioner is not entitled to the relief requested;

(2) the respondent shall file an answer to the petition within twenty days of service upon the respondent;

(3) The petition shall be decided under Pa.R.C.P. 206.7 and Local Rule 206;

(4) The parties shall

appear _____ 19 _____, at _____ in Courtroom _____ of Adams County Courthouse, to determine appropriate procedure for determining disputed facts;

consult with the Court within ten days after an answer is filed to determine appropriate procedure for determining disputed facts;

(5) An evidentiary hearing on disputed facts shall be held _____ 19 _____, at _____, in Courtroom _____, of Adams County Courthouse;

(6) Depositions shall be completed within ____ days of this date;

(7) Argument shall be held on _____, 19 _____ at _____, in Courtroom _____ of the Adams County Courthouse;

(8) notice of the entry of this order shall be provided to all parties by the petitioner.

BY THE COURT,

J.

Comment: This rule is intended to modify and closely mirror procedures in state rules. The rule contemplates that a petitioner will request the appropriate method to determine disputed facts. Since the rule has been expanded to include diverse subjects of relief, many petitions should be determined on Business Court day, with a short hearing followed by argument. Regardless of the procedure that is proposed, petitioners or counsel should first file the petition in the appropriate office and then present it and a proposed order in accordance with Local Civ. Rule 2. Pursuant to that rule, the petition and order may be presented in open court, to the Court Administrator, or to a judge in chambers. When presented to the Court Administrator, that officer shall, before the petition and order is submitted to a judge, ensure that appropriate boxes are checked and if a hearing is requested, that a proper date has been added. The judge may modify the order or attempt to resolve the matter without the issuance of a rule. If counsel requests that facts be determined by depositions, both ¶ 6 and ¶ 7 shall be checked. Normally, depositions should be completed within two months and the case scheduled for argument no sooner than forty days after the completion of depositions, in accordance with Local Civ. Rule 210(b).

Paragraphs (1), (2), (3) and (8) shall apply to all petitions. Paragraphs (4), (5), (6), and (7) are alternative procedures. Paragraphs (6) and (7) shall be employed together.

If a petitioner desires to waive oral argument, he or she shall add at the end of (7), words to the effect that all issues shall be decided on brief and that oral argument is waived.

Rule 206.1. Motions to Change or Modify Procedure.

Either the petitioner or respondent may, after notice to opposing counsel or parties, move to change or modify the procedure ordered when a petition is filed under Local Civ. Rule 206. The motion may be filed at any time either before or after an answer is filed to the petition, but may be refused if it will substantially delay resolution of the rule to show cause.

SCHUYLKILL COUNTY
Amendments to Orphans' Court Rules

Order of Court

And Now, this 4th day of November, 1999, at 2:00 p.m., the Court hereby amends Schuylkill County Orphans' Court Rules 2.4B and 6.4A. The rules are amended for use in the Court of Common Pleas of Schuylkill County, Pennsylvania (21st Judicial District) and shall be effective for all accounts filed for audit on or after January 15, 2000.

It is further *Ordered* that said rules as they existed prior to the amendment are hereby repealed and annulled on the effective date of said rules as amended, but no right acquired thereunder shall be disturbed.

The Clerk of the Orphans' Court of Schuylkill County is Ordered and Directed to do the following:

1. File ten (10) certified copies of this Order and Rules with the Administrative Office of Pennsylvania Courts.
2. File two (2) certified copies of this Order and Rules with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*, together with a diskette reflecting the text in the hard copy version.
3. File one (1) certified copy of this Order and Rules with the Pennsylvania Orphans' Court Rules Committee.
4. Forward one (1) copy to the Schuylkill County Bar Association for publication in the *Schuylkill Legal Record*.

5. Keep continuously available for public inspection copies of this Order and Rules.

By the Court

WILLIAM E. BALDWIN,
President Judge

Rule 2.4B. Submission for Audit.

(a) New accounts shall be submitted for audit on the first Wednesday of each month, as advertised pursuant to Sch. Co. O.C. Rule 6.6A.

Rule 6.4A. Accounts. Time for Filing. Confirmation.

(a) Accounts to appear on a particular confirmation list must be filed not later than 4 p.m. of the fifth Wednesday immediately preceding the Wednesday on which it is desired the account shall be submitted to the Court for adjudication and confirmation.

(b) All accounts on the advertised confirmation list will be transmitted to the Court for adjudication and confirmation on the day set forth on the confirmation list; but, in cases requiring the taking of considerable testimony or the hearing of argument on legal questions or in which objections have been filed, a special day for conference or hearing may be fixed.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of December 1999

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of December, 1999, is 9%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on an individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the U. S. Treasury. The latest yield rate on long-term government securities is 6.60 to which was added 2.50 percentage points for a total of 9.10 that by law is rounded off to the nearest quarter at 9%.

DEPARTMENT OF ENVIRONMENTAL PROTECTION**Applications, Actions and Special Notices****APPLICATIONS****APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT****[National Pollution Discharge Elimination System Program (NPDES)]****DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER****(Part I Permits)**

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards

and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated the EPA, Region III, Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewaters into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal

sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

Notice of Intent to Establish Alternate Site-Specific Water Quality Criteria for Copper

Under 25 Pa. Code § 16.24(e), the Department of Environmental Protection (Department) proposes to amend the following permits by incorporating the results of a Water-Effect Ratio (WER) into the calculation of the water quality based effluent limit for copper. The WER is a site-specific determination of an aquatic life criterion, which provides a more appropriate level of protection than the Statewide criteria by taking into account the site-specific biological and/or chemical conditions. The WER is determined by conducting side-by-side toxicity tests on sensitive aquatic species using site or simulated site water and lab dilution water. The site-specific water results are divided by the lab dilution water results to determine the WER. The WER procedure recognizes that the physical and/or chemical characteristics of site water can influence the toxicity of a chemical on resident aquatic life. On June 6, 1997, the POTWs listed as follows submitted a Group WER proposal to modify their NPDES copper limits. Following intensive review of their sampling protocol and study results, the EPA approved the WERs listed as follows.

Alternate site specific criteria for copper will be developed by multiplying the Statewide fish and aquatic life copper criteria contained in Chapter 6, App. A, Table 1 by the WER for each POTW. The site-specific criteria will be used in the recalculation of the NPDES permit limits for copper. These changes will affect the copper limits of only the listed facilities.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection.

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department of Environmental Protection at the address indicated above each permit application or plan. Each written protest should contain the name, address and telephone number of the protester, identification of the plan or application to which the protest is addressed and a concise statement or protest in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each protester will be notified in writing of the time and place of any scheduled hearing or conference concerning the plan or action or application to which the protest relates. To insure consideration by the Department prior to final action on permit application and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit

application and proposed plan is on file in the office indicated and is open to public inspection.

INDIVIDUAL PERMITS

(PAS)

NPDES INDIVIDUAL

The following parties have applied for an NPDES permit to discharge storm water from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determina-

tion regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302, 303, 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a

release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating the remediation.

Under sections 304(n)(l)(iii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified below proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period the municipality may request that the person identified below, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Norquay Technology, Inc., City of Chester, **Delaware County**. John F. Van Wagenen, P.G., Coventry Environmental Associates, Inc., 991 Ridge Road, Bucktown, PA 19165, has submitted a Notice of Intent to Remediate site soil contaminated with heavy metals, petroleum hydrocarbons and polycyclic aromatic hydrocarbons and site groundwater contaminated with solvents, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The site is located in a special industrial area. The applicant's proposed remediation will address any immediate, direct or imminent threat to the public health and the environment and will be based on the results of the Baseline Remedial Investigation Report. A summary of the Notice of Intent to Remediate was reported to have been published in *The Delaware County Times* on September 16, 1999.

The Unisys & Former Lockheed-Martin Site, East Whiteland and Tredyffrin Townships, **Chester County**. Randy L. Shuler, Environmental Resources Management, 250 Phillips Blvd., Suite 280, Ewing, NJ 08618, has submitted a revised Notice of Intent to Remediate site groundwater contaminated with heavy metals and solvents. The applicant proposes to remediate the site to meet Statewide health and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in *The Daily Local News* on September 16, 1999.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Tyco Electronics Corporation (formerly AMP Incorporated), Elizabethtown Borough, **Lancaster County**. Tyco Electronics Corporation, P. O. Box 3608, MS 140-42, Harrisburg, PA 17105, has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with solvents. The applicant proposes to remediate the site to meet the Statewide health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Lancaster Intelligencer Journal* and *New Era* on November 2, 1999.

East Penn Manufacturing Co., Richmond Township, **Berks County**. East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Notice of Intent to Remediate site soils contaminated with lead and heavy metals. The applicant proposes to remediate the site to meet a combination of background and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Kutztown Patriot* on September 17, 1998. This notice corrects a previously published notice.

James Reinhart Property, Richmond Township, **Berks County**. East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Notice of Intent to Remediate site soils contaminated with lead and heavy metals. The applicant proposes to remediate the site to meet a combination of background and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Kutztown Patriot* on September 17, 1998. This notice corrects a previously published notice.

Clarence H. Heffner Property, Richmond Township, **Berks County**. East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Notice of Intent to Remediate site soils contaminated with lead and heavy metals. The applicant proposes to remediate the site to meet a combination of background and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Kutztown Patriot* on September 17, 1998. This notice corrects a previously published notice.

Dean Kohler Property, Richmond Township, **Berks County**. East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Notice of Intent to Remediate site soils contaminated with lead and heavy metals. The applicant proposes to remediate the site to meet a combination of background and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Kutztown Patriot* on September 17, 1998. This notice corrects a previously published notice.

Consolidated Rail Corporation Right-of-Way, Richmond Township, **Berks County**. East Penn Manufacturing

Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Notice of Intent to Remediate site soils contaminated with lead and heavy metals. The applicant proposes to remediate the site to meet a combination of background and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Kutztown Patriot* on September 17, 1998. This notice corrects a previously published notice.

Distribution Pole #24746N31294, Milton Borough, **Northumberland County**. Nancy A. Evans, PP&L, Two North Ninth Street, Allentown, PA 18101, has submitted a Notice of Intent to Remediate soil contaminated with PCBs. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Milton Daily Standard* on September 8, 1999.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

Westinghouse Specialty Coatings Division Facility (Former), Manor Borough, **Westmoreland County**. RANBAR Technologies, Harrison City Road, Manor, PA 15665 and Dean O. Reed, CBS Corporation, Room 371, 11 Stanwix Street, Pittsburgh, PA 15222 have submitted a Notice of Intent to Remediate soil and groundwater contaminated with BTEX, PHCs and PAH. The applicant proposes to remediate the site to meet the site-specific standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Tribune Review* on October 29, 1999.

SOLID AND HAZARDOUS WASTE HAZARDOUS WASTE, TREATMENT, STORAGE AND DISPOSAL FACILITIES

Applications submitted under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to operate or close solid waste processing or disposal area or site.

Regional Office: Regional Solid Waste Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

A. 301333. Waste Recovery Solutions, Inc. (343 King Street, Myerstown, PA 17067). Application for a residual waste transfer facility for a site in Jackson Township, **Lebanon County**. Application determined to be administratively complete in the Regional Office on November 1, 1999.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Applications submitted under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and regulations to operate a solid waste processing or disposal area or site.

Regional Office: Regional Solid Waste Manager, Suite 6010, 555 North Lane, Lee Park, Conshohocken, PA 19428.

A. 101631. Eldredge Companies, Inc., 898 Fern Hill Road, West Chester, PA 19380. This application was

submitted to expand their operations by enlarging their transfer station building and tipping floor. An increase in the facility's maximum daily volume is also being requested. Facility located in West Goshen Township, **Chester County**. Application was received in the Southeast Regional Office on November 1, 1999.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Applications received and intent to issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

05-323-007: JLG Industries, Inc. (One JLG Drive, McConnellsburg, PA 17233), for operation of a Rotoblast unit controlled by a cartridge collector at the Sunnyside Facility in Bedford Township, **Bedford County**.

22-03014: Stewart-Amos Steel, Inc. (4400 Paxton Street, Harrisburg, PA 17111), for operation of a fabricated steel surface coating operation in Swatara Township, **Dauphin County**.

28-03004A: Bri-Mar Manufacturing, LLC (1080 South Main, Chambersburg, PA 17201), for operation of two spray booths controlled with dry filters in Chambersburg Borough, **Franklin County**.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

OP-32-00197: Purchase Line School District (16559 Route 286 Highway E, P. O. Box 374, Commodore, PA 15729), for operation of the elementary and high school in Greene Township, **Indiana County**.

PLAN APPROVALS

Applications received and intent to issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

TVOP-53-00004A: CNG Transmission Corp. (625 Liberty Avenue, Pittsburgh, PA 15222-3199), for construction of a 25.2 million BTU per hour natural gas boiler equipped with a low nitrogen oxides-emitting burner at the Harrison Station in Harrison Township, **Potter County**. The boiler will emit up to 3.94 tons of nitrogen oxides, 8.05 tons of carbon monoxide and 1.77 tons of volatile organic compounds per year. Any plan approval issued, as well as any subsequent operating permit issuance or amendment, will contain conditions limiting the boiler's emissions to these values as well as appropriate boiler operating and maintenance requirements and recordkeeping and reporting requirements to ensure compliance with these limits.

14-313-034B: Rutgers Organics Corp. (201 Struble Road, State College, PA 16801), for modification of a chemical process facility to produce a new product (Product 4049) in College Township, **Centre County**.

Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6940.

PA-37-264D: Ellwood Quality Steels Co. (700 Moravia Street, New Castle, PA 16101), for installation of low NOx burners on Furnace No. 18 in New Castle, **Lawrence County**. Ellwood Quality Steels Co. is a Title V facility.

Philadelphia Department of Public Health: Air Management Services, 321 University Ave., Philadelphia, PA 19104, (215) 685-7584.

99087: Pomco Graphics (4411-27 Whitaker Avenue, Philadelphia, PA 19120), for construction and operation of a chrome plating tank with control device in the City of Philadelphia, **Philadelphia County**.

99110, 99129: Sun Co. (3144 Passyunk Avenue, Philadelphia, PA 19145), for modification of the operation of the cumene unit in the City of Philadelphia, **Philadelphia County**.

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Public Hearing

Sithe Pennsylvania Holdings LLC

Warren County

The Department of Environmental Protection (Department) will conduct a public hearing on December 21, 1999, beginning at 1 p.m. in the Air Quality Conference Room of the DEP Regional Office Building located at 230 Chestnut Street, Meadville, PA 16335-3407.

The hearing is for the Department to accept testimony concerning its decision to approve, with conditions, Reasonably Available Control Technology (RACT) plan by Sithe Pennsylvania Holdings LLC, Warren Station, 2325 Penna. Avenue West Ext., Warren, PA to meet the requirements under 25 Pa. Code §§ 129.91–129.95 (RACT), concerning the emissions of oxides of nitrogen (NOx) and volatile organic compounds (VOC) from various air contamination sources. The final RACT proposal will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan (SIP). This facility is located in Warren County.

The proposed SIP revisions do not adopt new regulations. They incorporate the provisions and requirements contained in the RACT approval for the facility to comply with current regulations.

The preliminary RACT determination, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facility and will be submitted to the EPA as a revision to Pennsylvania's SIP.

The following is a summary of the preliminary NOx and VOC RACT determination for the Sithe Pennsylvania Holdings LLC, Warren Station: Boilers 1, 2, 3 and 4, Combustion Turbine and Emergency Diesel Generator:

1. a. Each Boiler (Nos. 1, 2, 3 and 4) shall not exceed an annual capacity factor of 65.1%.

b. Based upon a nominal heat input of 286.5 MMBtu/hr, each boiler shall be limited to an annual heat input of 1.634 million MMBtu/year on a 12-month rolling basis.

c. Each boiler shall implement bias firing. The boilers shall be operated and maintained in accordance with manufacturers specifications and good air pollution control practices.

2. Recognizing one common stack Continuous Emission Monitoring System (CEM) for Boiler Nos. 1, 2, 3 and 4, total NOx (nitrogen oxides expressed as NO₂) emissions, combined from all four boilers, shall not exceed 2,025.9 tons/year on a 12 month rolling basis.

3. NOx emissions from Boiler Nos. 1, 2, 3 and 4 combined, shall not exceed 0.62 lb./MMBtu based on a 30-day rolling average.

4. Continuous Emission Monitoring System (CEMS) shall be operated and maintained to monitor NOx emissions from the four boilers. All four boilers exhaust into a common stack containing a single CEMS.

5. The CEMS shall comply with 25 Pa. Code Chapter 139 and the requirements of the Continuous Source Monitoring Manual.

6. NOx emissions from the combustion turbine shall not exceed 400 tons on a 12-month rolling basis.

When burning Natural Gas:

a. Emission rate shall not exceed 0.499 lb/MMBTU.

b. Heat input shall not exceed 2.005×10^{12} BTU/yr or 1.944×10^9 CF/yr.

c. Annual capacity factor shall not exceed 18.3% on a heat input basis.

When burning No. 2 Oil:

a. Emission rate shall not exceed 0.9 lb/MMBTU.

b. Heat input shall not exceed 1.091×10^{12} BTU/yr or 7,905,000 gal/hr.

c. Annual capacity factor shall not exceed 9.98% on a heat input basis.

For each gallon used of No. 2 fuel oil, natural gas limit in the above statement shall decrease by 246 cubic feet. The turbine shall also be operated and maintained in accordance with manufacturers specifications and good air pollution control practices.

7. Compliance with the short term NOx emission limit for the combustion turbine shall be established based on the average of three 1-hour stack tests.

a. Prior to testing, the test procedure shall be approved by the Department.

b. By September 30, 2002, stack tests shall be performed in accordance with the provisions of 25 Pa. Code Chapter 139 to show compliance with the short term NOx emission limit.

c. At least 2 weeks prior to the test, the Department shall be informed of the date and time of the test.

d. Within 60 days after the test, two copies of the complete test report, including all operating conditions, shall be submitted to the Department for approval.

8. Within 30 days after the end of each calendar quarter, quarterly reports shall be submitted to the Department to show compliance with Conditions 1, 2, 3 and 6.

9. The emergency diesel generator shall comply with the requirements of 25 Pa. Code § 129.93(c)(5). The emergency diesel generator shall not exceed an operating schedule of 500 hours in a consecutive 12-month period. The source shall be operated and maintained in accordance with the manufacturer's specifications and good air pollution control practices.

10. Within 30 days of the end of the calendar year, the owner or operator shall submit annual operating reports to show compliance with RACT requirements for the emergency diesel generator.

11. a. VOC RACT for all sources shall be operation and maintenance in accordance with manufacturers specifications and good air pollution control practices.

b. Fugitive evaporative sources of VOCs shall comply with the requirements of 25 Pa. Code §§ 129.51, 129.54–129.72, 129.81 and 129.82, as applicable.

12. This RACT Approval applies to the emission of NOx and VOC pollutants only. Emission of other pollutants, including criteria pollutants, shall be governed by the existing Plan Approvals, Operating Permits and appli-

cable rules and regulations of the Department. These approvals, permits and requirements are incorporated herein by reference and made part of this permit.

For the above facility, a public hearing will be held for the purpose of receiving comments on the above proposed Plan Approvals and/or Operating Permits and the proposed SIP revisions. The public hearing is scheduled as follows: Tuesday, December 21, 1999, 1 p.m.—3 p.m., Air Quality Conference Room, DEP Regional Office Building, 230 Chestnut Street, Meadville, PA 16335-3407.

Persons wishing to present testimony at the hearing should contact Lori McNabb, Air Pollution Control Engineer, DEP, 230 Chestnut Street, Meadville, PA 16335-3494, (814) 332-6940 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony are required. Each organization is requested to designate one witness to present testimony in its own behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Lori McNabb at (814) 332-6940, or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing but wish to comment should provide written comments to the above noted Department contact person. Comments should be submitted within 30 days of the date of this publication notice.

All the pertinent documents (applications, review memos and draft approvals) are also available for review from 8 a.m. to 4 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the Department contact person noted previously.

Proposed Revision to the State Implementation Plan for Oxides of Nitrogen and Volatile Organic Compounds and Public Hearing

Approval of Reasonably Available Control Technology (RACT) plan for Grumman Olson in Clinton Township, Lycoming County

The Department of Environmental Protection (Department) has made a preliminary determination to approve a revision of a Reasonably Available Control Technology (RACT) plan and an amendment to the State Implementation Plan (SIP) for a truck and van manufacturing facility owned and operated by Grumman Olson in Clinton Township, Lycoming County.

The proposed SIP revision does not adopt new regulations. It incorporates the provisions and requirements contained in the amendment of the RACT approval for the facility which are intended to comply with current regulations.

The preliminary RACT determination, if finally approved, will result in the revision of Operating Permit OP-41-0002 issued on September 25, 1997, and will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's SIP.

The Department proposes to expand one source category identified in Operating Permit OP-41-0002 to include two additional 3 million BTU per hour natural gas-fired burners, a second identified source category to include an additional 240 gallon diesel fuel tank and to establish a new source category which will consist of three small solvent cleaning sinks used for maintenance

and housekeeping operations. All of the subject sources are minor emitters of volatile organic compounds and each of the respective three source categories will be limited to having total combined category-wide volatile organic compound emissions of no greater than 3 pounds per hour, 15 pounds per day and 2.7 tons per year.

One public hearing will be held for the purpose of receiving comments on the proposed operating permit revision and the proposed SIP revision. The hearing will be held on January 4, 2000, at 1 p.m. at the DEP Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA. The public is invited to comment on the proposal. Persons interested in commenting are invited to appear at the public hearing.

Persons wishing to present testimony at the hearing should contact Daniel Spadoni at (570) 327-3659 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Daniel Spadoni at (570) 327-3659 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to David W. Aldenderfer, Air Quality Environmental Program Manager, Pennsylvania DEP, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448. Comments must be received by the Department no later than January 19, 2000.

All pertinent documents are available for review from 8 a.m. to 4 p.m. in the DEP Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling (570) 327-3693.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code § 86.31—34 and § 77.121—23 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity, and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS APPLICATIONS

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection. Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), requires the state to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317 as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Southeast Regional Office: Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

To remove an existing culvert constructed under DEP Permit GP-07-07-98-101 and to construct and maintain a single span bridge having a span of 46 feet and an underclearance of 7.68 across an unnamed tributary to Homers Gap Run (WWF) located about 600 feet north of SR 4013 approximately 2,300 feet east of its intersection with SR 4015 (Altoona, PA Quadrangle N: 10.8 inches; W: 0.6 inch) in Logan Township, **Blair County**.

E07-322. Encroachment. **Leonard S. Fiore, Inc.**, 5506 Sixth Avenue, Rear, Altoona, PA 16602. To place fill in 0.4 acre of wetlands in conjunction with the construction of a roadway within a proposed residential subdivision known as Fox Hollow located between Route 36 and Logan Blvd. (SR 0220) about 1.3 miles northwest of Hollidaysburg (Hollidaysburg, PA Quadrangle N: 13.0 inches; W: 3.5 inches) in Allegheny Township, **Blair County**.

E21-300. Encroachment. **Monroe Township Municipal Authority**, 1220 Boiling Springs Road, Mechanicsburg, PA 17055. To construct and maintain the following: (1) a 12-inch diameter sanitary sewer pipe under the streambed of Yellow Breeches Creek; and, (2) a 12-inch diameter and an 8-inch diameter sanitary sewer pipe under the streambed of an unnamed tributary to Yellow Breeches. The sewer pipes are located just upstream of the sewage treatment plant, upstream of T-531 and upstream of T-551 respectively (Mechanicsburg, PA Quadrangle N: 4.3 inches; W: 14.0 inches; N: 4.69 inches; W: 14.0 inches; N: 5.1 inches; W: 14.2 inches respectively) in Monroe Township, **Cumberland County**.

E21-301. Encroachment. **Mt. Holly Springs Municipal Authority**, 200 Harman St., Mt. Holly Springs, PA 17065. To construct and maintain a new ultraviolet station, a new effluent pump and associated structure and an 18-inch diameter outfall at the right bank of Mountain Creek to upgrade the condition of the existing sewage treatment plant (Mt. Holly Springs, PA Quadrangle N: 22.2 inches; W: 8.9 inches) in Mt. Holly Springs Borough, **Cumberland County**.

E22-408. Encroachment. **James Hills**, 1281 Waltonville Road, Hummelstown, PA 17036. To enlarge an existing pond that drains to Iron Run at a pond along Waltonville Road (Middletown, PA Quadrangle N: 19.9 inches; W: 7.8 inches) in Derry Township, **Dauphin County**.

Northcentral Region: Water Management, Soils and Waterways Section, F. Alan Sever, Chief, 208 West Third St., Suite 101, Williamsport, PA 17701.

E18-288. Encroachment. **Jack Lucido, Senior Vice President**, Independence Pipeline Company, 500 Renaissance Center, Detroit, MI 48243-1904. The applicant proposes to install, operate and maintain a 36-inch diameter high pressure pipeline beneath an unnamed tributary to Lock Branch (Exceptional Value), Lock Branch (Exceptional Value), Daugherty Run (High Quality—Trout Stocked Fishery), Kettle Creek (Exceptional Value), Turtle Branch (High Quality—Trout Stocked Fishery); and wetlands associated with these respective streams for the conveyance of natural gas. The 36-inch natural gas pipeline shall be installed within the stream in the dry and at a minimum depth 3.0-feet that will impact 136 linear feet of waterway and temporarily impact 0.12 acre of wetland. The project is located beginning approximately 2,000 feet north of Tamarack off Route 144 and proceeds in a northwesterly direction, the centroid of which is (Hammersley Fork, PA Quadrangle N: 14.3 inches; W: 0.9 inch) in Leidy Township, **Clinton County**. All impacts to the 0.12 acre of wetland shall be temporary and no mitigation will be required.

The issuance of a Water Obstruction and Encroachment Permit that would authorize the proposed activity requires 401 Water Quality Certification to be included into the permit.

As a single and complete project, the installation of the 36-inch pipeline will traverse Northwestern and Northcentral Pennsylvania. The entire pipeline spans 397.4 miles. The project has been deemed as a "Reporting" action to the U. S. Army Corps of Engineers, Baltimore District, and does not warrant consideration for PASPGP-1.

Lock Branch designated as Exceptional Value by the Department's November 1998 Chapter 93 regulations. The project should be carried out in accordance with "Special Protection" guidelines.

The unnamed tributary to Lock Branch is designated as Exceptional Value by Department's November 1998 Chapter 93 regulations. The project should be carried out in accordance with "Special Protection" guidelines.

Daugherty Run is designated as a High Quality Trout Stocked Fishery by the Department's November 1998 Chapter 93 regulations. The project should be carried out in accordance with "Special Protection" guidelines.

Kettle Creek is designated as Exceptional Value by the Department's November 1998 Chapter 93 regulations. The project should be carried out in accordance with "Special Protection" guidelines.

Turtle Branch is designated as a High Quality Trout Stocked Fishery by the Department's November 1998 Chapter 93 regulations. The project should be carried out in accordance with "Special Protection" guidelines.

The proposed pipeline crossings are not located in a detailed FEMA floodway that would be depicted on the NFIP mapping that was effective for Leidy Township on December 20, 1974.

E59-388. Encroachment. **Donald S. Miller**, 67 American St., Wellsboro, PA 16901. To 1) maintain 90.4 linear feet of trapezoidal channel with a 5-foot top width and a 2-foot depth with grass and wildflowers in Boynton Creek at the rear of 67 American Street, 2) stabilize and maintain 89.9 linear feet of an irregular shaped channel with a 3-foot width and a 2-foot depth with R-4 riprap and Siberian Dogwood on the right bank and grass on the sloped left bank in Boynton Creek located at the rear of 69 American Street (Antrim, PA Quadrangle, N: 21.2

inches; W: 9.2 inches) in Wellsboro Borough, **Tioga County**. This project has impacted 180.3 linear feet of the intermittent Boynton Creek, which is a warm water fishery.

Southwest Regional Office: Soils and Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1292. Encroachment. **Pennsylvania Turnpike Commission**, P. O. Box 67676, Harrisburg, PA 17106-7676. To construct and maintain extensions to the existing 14.0 foot × 13.0 foot arch culverts and the existing 12.0 foot × 6.0 foot box culvert in unnamed tributaries to Bush Creek, to place and maintain fill in approximately 0.15 acre of wetlands (PSS/PEM), to construct and maintain seven outfall structures, to place and maintain fill in the flooding of Brush Creek and to construct and maintain a sanitary sewer line under the bed and across the channel of Brush Creek and an unnamed tributary to Brush Creek for the purpose of constructing the Warrendale Toll Plaza located at the turnpike milepost 31.0 (Mars, PA Quadrangle N: 5.6 inches; W: 10.1 inches) in Pine and Marshall Townships, **Allegheny County**. The applicant proposes to create 0.15 acre of replacement wetlands in the Brush Creek watershed.

E02-1293. Encroachment. **Dr. Ronald A. DiCarlo**, 1408 East Carson Street, Pittsburgh, PA 15203. To place and maintain fill in approximately 0.046 acre of de minimis wetlands (PEM) associated with an unnamed tributary to Pine Creek (TSF) for the purpose of stabilizing the existing ground located on Lot No. 318 at Hartwood Meadows, just west from the intersection of Waterford Drive and Westchester Drive (Glenshaw, PA Quadrangle N: 11.1 inches; W: 4.0 inches) in Indiana Township, **Allegheny County**.

E63-478. Encroachment. **Washington County Commissioners**, 701 Courthouse Square, Washington, PA 15301. To rehabilitate and maintain the existing bridge (McLaren Bridge) having a span of 80.0 feet with an underclearance of 11.8 feet across Raccoon Creek (WWF) located on T-500 approximately 800 feet northeast from the intersection of T-500 and L. R. 4004 (Clinton, PA Quadrangle N: 9.6 inches; W: 16.0 inches) in Hanover Township, **Washington County**.

(Part I Permits)

ACTIONS

The Department of Environment Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Market Street State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

ACTIONS

Approvals to Use NPDES and Other General Permits

The following parties have submitted (1) Notices of Intent (NOIs) for coverage under General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth; (2) NOIs for coverage under General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; or (3) Notifications for First Land Application of Sewage Sludge.

The approval of coverage under these General Permits may be subject to one or more of the following: pollutant or effluent discharge limitations, monitoring and reporting, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection (Department) has reviewed the NOIs and determined that they comply with administrative requirements of the respective permit application. Also, the Department has evaluated the First Land Application of Sewage Sludge for the sites applying for coverage under PAG-7, PAG-8, and PAG-9 and determined that the sites are suitable for land application of sewage sludge.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangement made for copying at the contact office noted.

The Department has acted on the following requests for coverage under the specified General Permit as follows:

**SEWAGE FACILITIES ACT
PLAN APPROVAL**

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514); and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Plan Approvals granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Hazle Township, Luzerne County

The Plan calls for Hazle Township to construct new sewage collection and conveyance system to service approximately 736 Equivalent Dwelling Units (EDUs) in the following areas: Stockton Number 6 and 8, Coxville, New Coxville, Jeansville, Beaver Brook, Four Season Park, Hazle Village/Yorktown, Mount Laurel, Harwood, Hollar Hill, West Gate Mobile Home Park and Crystal Ridge. The collected sewage will be conveyed to the Greater Hazleton Joint Sewer Authority's (GHJSA) existing treatment plant located in West Hazleton Borough, Luzerne County. The Hollar Hill, West Gate Mobile Home Park and Crystal Ridge areas (approximately 90 EDUs) will be connected to the GHJSA's existing Cranberry Pumping Station while all other areas will be connected directly to the treatment plant by a new sanitary sewage conveyance system.

Texas Township, Wayne County

The Department has completed its review of a Sewage Facilities Plan Special Study for the Indian Orchard Business District Area of Texas Township, Wayne County. The Department has found that the Special Study is now acceptable and hereby grants planning approval.

The Special Study provides for the elimination of malfunctioning onlot wastewater disposal systems, through the construction of a wastewater collection and conveyance system. The system is to serve two trailer parks, several commercial establishments and eight residences. All wastewater from the project area will be treated at the Borough of Honesdale's Wastewater Treatment facility. The project is based on a wastewater flow of 33,400 gpd (84 EDUs).

Plan revision approval granted for revision to Lower Heidelberg Official Sewage Facilities Plan for Green Valley Estates, Sections 7, 9—12 under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Regional Office: Water Management Program Manager, Southcentral Region, 909 Elmerton Avenue, Harrisburg, PA 17110-8200.

Location: Lower Heidelberg Township, Berks County, 1,000 feet east of Green Valley Road, between Faust Road and Cacoosing Creek.

Any required NPDES permits or WQM permits must be obtained in the name of the municipality or authority.

The approved plan revision provided for 217 residential lots generating 86,800 gallons per day tributary to an extension of the Lower Heidelberg Township Authority's sewage collection system and proposed Little Cacoosing interceptor. Treatment will occur at the Sinking Spring sewage collection system. The module number is A3-06940-057-3. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES or WQM permits must be obtained in the name of the municipality or authority as appropriate.

The permit was issued to **Limestone Township Municipal Water Authority**, R. R. 2, Box 823, Jersey Shore, PA 17740, Limestone Township, **Lycoming County**.

HAZARDOUS SITES CLEANUP

Under the Act of October 18, 1988

Notice of Prompt Interim Response

Avtex Mercury Adjunct Sites

Hayfield, Richmond, Spring, Union, Venango,
Vernon, Woodcock Townships, Crawford County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1305) (HSCA) will conduct 15 investigations and potential response actions for the Avtex Mercury Adjunct Sites (sites). The sites are located at various locations in central Crawford County, PA. A more detailed description of the location for each of the 15 individual sites is located in the administrative record compiled for this response. The sites are various residential, commercial, agricultural and industrial properties, where media from the trickling filter of the wastewater treatment plant at the former Avtex Fibers, Inc. facility (media waste), was utilized as fill material. That media waste was contaminated with mercury, and may have caused a release of mercury into the environment at the site.

Since investigations at some of the sites have already revealed levels of mercury that represent a threat to human health and the environment, the Department has decided that response actions are appropriate at each of the sites. For these prompt interim responses, the Department considered two alternatives for each of the sites.

For the Ackerman, Griffin Motors, Longo, Meadville Sandblasting, O'Polka, Porky Road, Reixo Road, Shidemantle, Van Buren, Watson and Wetzels sites, the Department considered: 1A) no action with deed notification and ongoing monitoring; and 2A) excavation and offsite disposal of Avtex media waste and associated contaminated soils and sediment, followed by restoration to pre-excavation conditions.

For the Greenleaf Corporation site the Department considered: 1B) no action with deed notification and ongoing monitoring; and 2B) excavation and offsite disposal of Avtex media waste and associated contaminated soils and sediment, followed by restoration to pre-excavation conditions.

For the Ralph Hunter Gravel Pit site the Department considered: 1C) no action with deed notification, and 2C) excavation and offsite disposal of soil contaminated with mercury from the Avtex media waste, followed by restoration to pre-excavation conditions.

For the Game Farm Logging Road and Tobin sites the Department considered 1D) no action with deed notification and ongoing monitoring, and 2D) (if the waste is Avtex media waste) excavation and off-site disposal of Avtex media waste and associated soil and sediment, followed by restoration to pre-excavation conditions.

Each alternative was evaluated with respect to three comparison criteria of: 1) Effectiveness; 2) Implementability; and 3) Cost. Furthermore, this comparative analysis evaluated the relative performance of each alternative in relation to each specific comparison criterion. The comparative analysis identified advantages and disadvantages of each alternative, so that tradeoffs between the alternatives could be determined.

Based on the comparative analysis the Department chose to implement: Alternative 2A (removal and offsite disposal and restoration) as the prompt interim response for the Ackerman, Griffin Motors, Longo, Meadville Sandblasting, O'Polka, Porky Road, Reixo Road, Shidemantle, Van Buren, Watson and Wetzels sites; Alternative 1B (no action with monitoring) for the Greenleaf Corporation site; Alternative 1C (no action) for the Ralph Hunter, Inc. Gravel Pit; and 2D (if the waste is Avtex media waste) excavation and offsite disposal (otherwise, no action) for the Game Farm Logging Road and Tobin sites. These alternatives were selected because they would, in the most cost-effective manner, protect the public and environmental receptors from direct contact with site-related hazardous substances, and eliminate the ongoing release and threat of release of hazardous substances into the environment.

This notice is being provided under section 506(b) of HSCA. The administrative record, which contains the information that forms the basis and documents the selection of this response, is available for public review and comment. The administrative record is located at the Department's Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, and is available for review Monday through Friday from 8 a.m. to 4 p.m. Please telephone beforehand for an appointment, (814) 332-6648.

The administrative record will be open for comment from November 20, 1999, until February 18, 2000. Persons may submit written comments into the record during this time only, by sending them to Hal Beavers, Project Manager, at the Department's Northwest Regional Office or by delivering them to the office in person.

In addition, persons may present oral comments, for inclusion in the administrative record, at a public hearing. Persons wishing to present comments must register with Hal Beavers at the Department's Northwest Regional Office before December 6, 1999, by telephone or in writing. Persons interested in finding out if individuals have registered should contact Hal Beavers. If no one registers to present oral comments before December 6, 1999, the public hearing will not be held. Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should call Hal Beavers at (814) 332-6648 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Unisys Downingtown Facility (Former), Downingtown Borough, **Chester County.** Randy L. Shuler, Environmental Resources Management, 250 Phillips Blvd., Suite 280, Ewing, NJ 08618, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with heavy metals and solvents. The report is intended to document remediation of the site to meet the Statewide health and site-specific standards.

Philadelphia Regional Port Authority Pier 80 South Annex, City of Philadelphia, **Philadelphia County.** James G. Gallagher, P.E., Pennoni Associates, Inc., 950 Clifton Avenue, Clifton, NJ 07013-2790, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with BTEX and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standards.

Philadelphia Regional Port Authority Tioga Maintenance Building and Carpenters Shop, City of Philadelphia, **Philadelphia County.** James G. Gallagher, P.E., Pennoni Associates, Inc., 950 Clifton Avenue, Clifton, NJ 07013-2790, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with lead, BTEX and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standards.

Hannes Property, Buckingham Township, **Bucks County.** Mark Fortna, DelVal Soil & Environmental Consultants, Inc., 4050 Skyron Dr., Suite A1, Sky Run II, Doylestown, PA 18901, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with BTEX and petroleum hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Connelly Paper Mill (Former), City of Philadelphia, **Philadelphia County.** Darryl A. Borrelli, Manko, Gold & Katcher, LLP, 401 City Avenue, Suite 500, Bala Cynwyd, PA 19004, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with lead, heavy metals, BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Market Square at Chestnut Hill—Market Square Cleaners Facility, City of Philadelphia, **Philadelphia County.** Terrence J. McKenna, P.E., Keating Environmental Management, Inc., 479 Thomas Jones Way, Suite 700, Exton, PA 19341, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with solvents. The report is intended to document remediation of the site to meet site-specific standards.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

East Penn Manufacturing Co., Richmond Township, **Berks County.** East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Final Report concerning remediation of site soils contaminated with vanadium. The report is intended to document remediation of the site to the background standard.

James Reinhart Property, Richmond Township, **Berks County.** East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Final Report concerning remediation of site soils contaminated with vanadium. The report is intended to document remediation of the site to the background standard.

Clarence H. Heffner Property, Richmond Township, **Berks County.** East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Final Report concerning remediation of site soils contaminated with vanadium. The report is intended to document remediation of the site to the background standard.

Dean Kohler Property, Richmond Township, **Berks County.** East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Final Report concerning remediation of site soils contaminated with vanadium. The report is intended to document remediation of the site to the background standard.

Consolidated Rail Corporation Right-of-Way, Richmond Township, **Berks County.** East Penn Manufacturing Co., Inc., Deka Road, Lyon Station, PA 19536, has submitted a Final Report concerning remediation of site soils contaminated with vanadium. The report is intended to document remediation of the site to the background standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediations Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has acted upon the following plans and reports:

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Former Olivetti Supplies, Inc., Solvents Coating Area, Susquehanna Township, Dauphin County. Science Applications International Corp., 3240 Schoolhouse Lane, Middletown, PA 17057, has submitted a final report concerning the remediation of site soils and groundwater contaminated with solvents. The final report demonstrated attainment of the Statewide health standard, and was approved by the Department on October 28, 1999.

Former Teledyne Readco Facility, Spring Garden Township, York County. Harding Lawson Associates,

Carnegie Office Park, Building IV, 70 North Bell Avenue, Suite 200, Pittsburgh, PA 15106, has submitted a combined remedial investigation report, risk assessment report and cleanup plan concerning the remediation of site soils contaminated with lead, solvents and BTEX, and groundwater contaminated with PCBs, solvents and BTEX. The reports were approved by the Department on October 29, 1999.

Internet Site, East Hempfield Township, Lancaster County. HydroScience, Inc., 607 Washington Street, Reading, PA 19601, has submitted a combined remedial investigation and cleanup plan concerning the remediation of site soils contaminated with heavy metals and PAHs. The report was approved by the Department on November 2, 1999.

Sand Hill Substation, Derry Township, Dauphin County. PP&L, Inc., Two North Ninth Street, Allentown, PA 18101-1179, has submitted a final report concerning the remediation of site soils contaminated with PCBs. The final report demonstrated attainment of the Statewide health standard, and was approved by the Department on November 4, 1999.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

BP Amoco—Pittsburgh Terminal, Baldwin Borough/City of Pittsburgh, Allegheny County. Scott C. Wonsetler, Handex of Western PA, 106 Thomson Park Drive, Cranberry Township, PA 16066 and BP Amoco, One West Pennsylvania Avenue, Suite 915, Towson, MD 21204, have submitted a final report concerning remediation of site soil, groundwater, surface water and sediment contaminated with BTEX. The final report demonstrated attainment of the Statewide health standard and was approved by the Department on November 1, 1999.

MINING

APPROVALS TO CONDUCT COAL AND NONCOAL ACTIVITIES

MINING ACTIVITY ACTIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). The final action on each application also constitutes action on the request for 410 water quality certification. Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Quality Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

McMurray District Office, 3913 Washington Road, McMurray, PA 15317.

Coal Mining Permits Issued

63921301. UMCO Energy, Inc. (981 Route 917, Bentleyville, PA 15314), to renew the permit for the New Century Mine in Fallowfield Township, **Washington County**, no additional discharges. Permit issued November 4, 1999.

32841319. The Florence Mining Co. (P. O. Box 51, New Florence, PA 15944-0051), to renew the permit for the Florence No. 1 (Robinson) in West Wheatfield Township, **Indiana County**, reclamation only, no additional discharges. Permit issued November 5, 1999.

Hawk Run District Office, P. O. Box 209, Off Empire Road, Hawk Run, PA 16840.

17980105. Jer-Dem, Inc. (P. O. Box 336, Houtzdale, PA 16651), commencement, operation and restoration of a bituminous surface mine permit in Knox Township, **Clearfield County** affecting 85 acres. Receiving streams: unnamed tributary to Clearfield Creek. Application received February 20, 1998. Permit issued October 28, 1999.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Small Noncoal (Industrial Mineral) Permits Issued

58990832. Darwin R. Greene (R. R. 3, Box 181, Susquehanna, PA 18847), commencement, operation and restoration of a bluestone quarry operation in Jackson Township, **Susquehanna County** affecting 1.0 acre, receiving stream—none. Permit issued November 2, 1999.

R. 2, Box 963, Gillett, PA 16925), commencement, operation and restoration of a small industrial minerals (sand and gravel) permit in Wells Township, **Bradford County** affecting 3 acres. Receiving streams: Seely Creek, tributary to Chemung River. Application received August 27, 1999. Permit issued November 2, 1999.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The Department of Environmental Protection has taken the following actions on previously received permit applications, request for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8557, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rule of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (*Note:* Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

Northeast Regional Office: Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

E45-374. Encroachment. **Richard and Debra Presco**, 205 Beaver Valley Road, Stroudsburg, PA 18360. To place fill in 0.08 acre of wetlands for the purpose of constructing a private road crossing for agricultural equipment. The project is located approximately 0.1 mile southwest of the intersection of Township Roads T412 (Haney Road) and T414 (Beaver Valley Road) (Saylorsburg, PA Quadrangle N: 14.5 inches; W: 3.0 inches) in Hamilton Township, **Monroe County**. The permittee is required to provide 0.08 acre of replacement wetland.

Southcentral Regional Office: Section Chief, Water Management Program, Soils and Waterways Section, 909 Elmerton Avenue, 2nd Floor, Harrisburg, PA 17110, (717) 705-4707.

E36-675. Encroachment. **Manheim Boro Authority**, 20 E. High Street, Manheim, PA 17545. To construct and maintain a 128-inch span x 83-inch rise pipe arch culvert placed off-stream adjacent to the left side of the existing Rettew Lane bridge over Chickies Creek (WWF) at the Manheim Borough Wastewater Treatment Plant. The project proposed is to increase the discharge capacity at Rettew Lane and reduce the upstream 100-year floodplain limits along Chickies Creek and Rife Run. A de minimis area of 0.026 acre of wetlands will be impacted by grading along the east bank of Chickies Creek to construct the overflow inlet and outlet areas. The project is located (Manheim, PA Quadrangle N: 5.25 inches; W: 4.25 inches) in both Penn Township and Manheim Borough, **Lancaster County**. This permit also includes 401 Water Quality Certification.

E50-195. Encroachment. **Jackson Township**, Darlene Cauffman, R. D. 1, P. O. Box 21, Blain, PA 17006. To remove an existing structure and to construct and maintain a bridge having a clear span of 57 feet and an underclearance of 5 feet, 11 inches across the channel of Shultz Creek (also known as Brown Run) (HQ-CWF) at a point at Mount Pleasant Road (T-304) (Blain, PA Quadrangle N: 11.6 inches; W: 6.45 inches) in Jackson Township, **Perry County**. This permit also includes 401 Water Quality Certification.

Southwest Regional Office: Soils and Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E26-259. Encroachment. **Fayette County Commissioners**, Court House, 61 East Main Street, Uniontown, PA 15401. To remove the existing Fayette County Bridge No. 41 and to construct and maintain a single span bridge having a normal span of 14.0 meters and an underclearance of 1.98 meters across Redstone Creek (WWF) for the purpose of improving transportation safety and roadway standards. The project is located on T-479 (Uniontown, PA Quadrangle N: 2.8 inches; W: 12.8 inches) in South Union Township, **Fayette County**.

E65-731. Encroachment. **Pennsylvania Department of Transportation**, P. O. Box 459, Uniontown, PA 15401. To remove the existing structure and to construct and maintain a single span bridge having a normal span of 25.0 feet and an underclearance of 5.1 feet across Buffalo Run (WWF). This permit also authorizes the construction and maintenance of a temporary 72-inch pipe culvert with temporary shoring in Buffalo Run (WWF). The project is located on S. R. 3089, Section G01, Segment 0140, Offset 0248 just south of Hunker (Mt. Pleasant, PA Quadrangle N: 13.9 inches; W: 17.4 inches) in Hempfield and East Huntingdon Townships, **Westmoreland County**.

E65-732. Encroachment. To operate and maintain a single span dual pedestrian bridge structure having a normal span of 46.0 feet and an underclearance of 7.0 feet across Little Pucketa Creek (TSF) authorized for rehabilitation under Emergency Permit No. EP6599202 and to operate and maintain two single span vehicular bridges having normal spans of 48.0 feet and 34.0 feet, respectively, and an underclearance of 7.0 feet across Little Pucketa Creek (TSF). The project is located at Valley High School, approximately 0.1 mile off of PA State Route 56 (New Kensington West, PA Quadrangle N: 12.0 inches; W: 0.85 inch) in the City of New Kensington, **Westmoreland County**.

DAM SAFETY

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Availability of Technical Guidance

Technical Guidance Documents are on DEP's World Wide Web site (www.dep.state.pa.us) at the Public Participation Center. The "1999 Inventory" heading is the Governor's List of Non-regulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1999.

Ordering paper copies of technical guidance

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Please check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to technical guidance documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and

phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

Draft Guidance—Substantive Revision

DEP ID: 012-0820-001 Title: Policy for Development, Approval and Distribution of Regulations Description: Developed in 1996, this guidance establishes the standards for the content of regulations and creates a uniform process for developing, approving, and distributing these documents, consistent with Executive Order 1996-1. The Department proposes to update and clarify many of the steps in the regulatory process. Request for Comment and Notice of Public Meeting for the Proposed Total Maximum Daily Load (TMDL) for Donegal Creek

The Department of Environmental Protection (Department) is holding a public meeting on December 9, 1999,

<i>Parameter</i>	<i>Existing Load (lb/yr)</i>	<i>TMDL Load (lb/yr)</i>	<i>% reduction to meet TMDL</i>
Total Phosphorus	5,924	3,287	50
Sediment	1,813,165	792,998	61

The data and all supporting information used to develop the proposed TMDL are available from the Department. To request a copy of the proposed TMDL including an information sheet, contact Lee A. McDonnell, Division of Water Quality Assessment and Standards, Bureau of Watershed Conservation, PA DEP, 400 Market Street, Harrisburg, PA 17105-8555, (717) 787-9637. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) and request that the call be relayed. E-mail will be received at mcdonnell.lee@dep.state.pa.us.

The TMDL is available on the DEP Website by going to NAVIGATION, clicking Subjects, Water Management, Surface Water, Total Maximum Daily Loads (TMDLs).

Written comments will be accepted at the above address and must be postmarked by January 20, 2000. Persons who plan to make a presentation at the public meeting should notify the Department no later than 4 p.m., Monday December 6, 1999. The Department will consider all comments in developing the final TMDL, which will be submitted to the EPA for approval.

JAMES M. SEIF,
Secretary

[Pa.B. Doc. No. 99-1960. Filed for public inspection November 19, 1999, 9:00 a.m.]

beginning at 7 p.m. and ending no later than 9:30 p.m., at the East Donegal Township Municipal Building, located at 190 Rock Point Road, Marietta, PA 17547, to discuss and accept comments on a proposed TMDL (Total Maximum Daily Load), established in accordance with the requirements of section 303(d) of the Clean Water Act. Donegal Creek was listed on Pennsylvania's 1996 and 1998 section 303(d) list because of impairment of designated uses due to sedimentation and excess nutrient (phosphorus) loading to the stream.

The Department currently does not have water quality criteria for phosphorus or sediment. Therefore, the Department established a water quality objective for phosphorus and sediment. The water quality objectives for both phosphorus and sediment were established using a reference watershed approach. These water quality objectives were set with the expectation that they could be reasonably achieved.

The TMDL sets allowable loading rates for both sediment and phosphorus for each land use category identified. The basis of information used in establishment of this TMDL are aquatic biological surveys and water quality analysis modeling using the ArcView based Generalized Watershed Loading Function (AVGWLF) model designed by the Pennsylvania State University.

The following table shows the current loading for the watershed and the necessary reductions to meet the TMDL. The loads are expressed in pounds per year.

DEPARTMENT OF GENERAL SERVICES

Controlled Insurance Program; Insurance Coverage and Service; Project No. DGS 570-27

**Construction of a New Close Security
State Correctional Institution**

Luzerne Township, Fayette County, PA

Hilb, Rogal and Hamilton Company of Pittsburgh, Inc. will receive written proposals for a Controlled Insurance Program for the construction of the Western Pennsylvania State Correctional Institution. The facility is to be located along State Route 4020 in Luzerne Township, Fayette County, PA.

Separate and sealed proposals will be received at the Department of General Services, Bureau of Professional Selections and Administrative Services, in Room 107 Headquarters Building, 18th & Herr Streets, Harrisburg, PA 17125. Proposals must be received at this location no later than 2 p.m. on Wednesday, December 15, 1999. Proposals will be opened privately and reviewed by the Insurance Broker, Hilb, Rogal and Hamilton Company and the Construction Manager, P.J. Dick Incorporated. At their option, one or more of the proposers may be required to make an oral presentation at either the Insurance Broker or Construction Manager's office. The

presentation will be within 30 days of the date established for receipt of the written proposals.

Copies of the Request for Proposal may be obtained upon written request, on or after November 15, 1999 at the office of Hilb, Rogal and Hamilton Company of Pittsburgh, Inc., USX Tower, Suite 5500, 600 Grant Street, Pittsburgh, PA 15219, (412) 281-3353, fax (412) 281-1536.

A preproposal conference will be held in the office of P.J. Dick, Incorporated, 1020 Lebanon Road, West Mifflin, PA on Tuesday, November 30, 1999, at 10 a.m.

Proposals shall be submitted in the form described in the request for proposal and must include responses to all items as described therein in order to be considered.

DEPARTMENT OF PUBLIC WELFARE

Availability of Proposed Changes to Medical Assistance Nursing Facility Services Payment Methodology Relating to Exceptional Payment Policy and Request for Comments

On October 30, 1999, the Department of Public Welfare (Department) announced its intent to make changes in its methods and standards for payment of Medical Assistance (MA) nursing facility services to authorize additional payments for certain medically necessary durable medical equipment (DME). See 29 Pa.B. 5657. The Department has now drafted proposed provisions to incorporate this policy change into its nursing facility payment methods and standards. These proposed provisions, if adopted, will authorize and set forth the requirements and conditions under which the Department will make additional exceptional payments to Medical Assistance nursing facility providers.

In accordance with 42 U.S.C.A. § 1396a(a)(13)(A), the Department is making these proposed changes to the

Department's payment methods and standards available to the public for review and comment. A copy of the Department's proposed exceptional payment policy is available through the Bulletin Board System (BBS) at (800) 833-5091, at the local County Assistance Offices throughout this Commonwealth, or by contacting Tom Jayson in the Long Term Care Policy Section of the Bureau of Long Term Care Programs at (717) 772-2570. The Department invites interested persons to submit written comments regarding the proposed exceptional payment policy to the Department within 30 days. Comments should be addressed to: Department of Public Welfare, Office of Medical Assistance Programs, Attention: Policy Section, P. O. Box 8025, Harrisburg, PA 17105.

The proposed policy changes will also be discussed at the Long Term Care Subcommittee meeting of the Medical Assistance Advisory Committee (MAAC) on December 15, 1999, at 10:30 a.m., in Room 327 of the Health and Welfare Building, Harrisburg, PA; the Consumer Subcommittee meeting of the MAAC on December 8, 1999, at 1 p.m., in Room 327 of the Health and Welfare Building; the Fee for Service Subcommittee meeting of the MAAC on December 8, 1999, at 4:30 p.m., in Room 505 of the Health and Welfare Building; and the MAAC meeting on December 9, 1999, at 10 a.m., in Room 327 of the Health and Welfare Building.

Following review and consideration of comments received during this public review process, the Department intends to publish a Notice of Rule Change (NORC) in the *Pennsylvania Bulletin* announcing the final criteria for authorizing these exceptional payments, to submit a State Plan Amendment incorporating the final criteria into the Commonwealth's approved Medicaid State Plan and to proceed with final rulemaking adopting the final policy changes. Payment under these proposed changes is conditioned upon the publication of the NORC and the Health Care Financing Administration's approval of the State Plan Amendment.

Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users). Persons who require another alternative should contact Thomas Vracarich in the Office of Legal Counsel at (717) 783-2209.

Medical Assistance Program; Prior Authorization

The purpose of this notice is to provide an additional item to the Medical Assistance Program's list of items and services requiring prior authorization.

Section 443.6(b)(7) of the Public Welfare Code (62 P. S. § 443.6(b)(7)) authorizes the Department of Public Welfare to add items and services to its list of services requiring prior authorization by publication of notice in the *Pennsylvania Bulletin*.

In addition to the items and services listed in section 443.6(b)(1)—(6) of the Public Welfare Code, effective December 1, 1999, the Medical Assistance Program will

begin to require prior authorization for any prescription drug product indicated for the treatment of Erectile Dysfunction in men.

Fiscal Impact

Since the Medical Assistance Program must provide coverage for all outpatient drug products from drug companies that participate in the Medicaid Drug Rebate Program, as provided in section 1927 of the Social Security Act, no future fiscal impact is anticipated as a result of this amendment.

Contact Person

A copy of this notice is available for review at local County Assistance Offices. Interested persons are invited to submit written comments to this notice within 30 days of this publication. These comments should be sent to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Deputy Secretary's Office. Attention: Regulations Coordinator, Room 515 Health and Welfare Building, Harrisburg, PA 17120.

Public Hearing on Declining Resident Population at Hamburg Center

The Department of Public Welfare (Department) will hold a public hearing on the declining resident population at Hamburg Center, Berks County. The hearing will be held on Thursday, December 2, 1999, from 7 p.m. to 9 p.m. at the Reading Area Community College.

The Department, under authority of the act of April 28, 1999 (P. L. 24) is required to hold a public hearing on any State mental health or mental retardation facility within 30 days of a closure announcement or following a downsizing of 20% or more.

The decrease in patient population at Hamburg Center is a result of numerous factors, primarily successful community placement of individuals with mental retardation into small homes, which provide alternatives to State center treatments and living arrangement.

Individuals or organizations wishing to testify should contact Tom Harfman, Regional Director at (570) 963-4391 by November 23, 1999. Persons requiring special accommodations are asked to inform the Department at the time of scheduling.

DEPARTMENT OF TRANSPORTATION

Bureau of Aviation; Availability of Local Real Estate Tax Reimbursement Grants for Taxes Paid in 1999

The Department of Transportation, Bureau of Aviation, is accepting applications for Tax Reimbursement Grants from qualifying owners of public airports who have paid local real estate taxes for the calendar year ending December 31, 1999.

Each year, under Subchapter B of the Aviation Code (74 Pa.C.S. §§ 6121, 6122, 6123 and 6124) and 67 Pa. Code Chapter 477, the owner of a public airport shall be eligible for a grant from the local real estate tax reimbursement portion of the Aviation Restricted Account. These grants are available to reimburse airport owners for local real estate taxes paid on those portions of an airport which are aviation related areas, as defined in Section 5102 of the Aviation Code (74 Pa.C.S. § 5102). Prior to applying for a grant, each public airport owner shall enter into an agreement with the Department. This agreement shall specify that the owner shall continue, for a period of not less than ten years, to maintain the property, for which the grant will be sought, as an airport at least equal in size and capacity as that indicated in the owner's initial grant application. This agreement shall be a covenant which runs with the land and thus shall apply to any subsequent purchases of the land. Upon acceptance of any grant, the covenant shall be deemed extended for one additional year. Any violation of the agreement shall make the owner liable for the repayment of the total appropriation for the year plus a penalty of two times the grant. In any action wherein the owner is found to have violated the agreement, the Department shall receive all costs of prosecution.

The final date for submission of applications for reimbursement of local real estate taxes paid in calendar year ending December 31, 1999, is the close of business on February 1, 2000. Applications shall be filed with the Department of Transportation, Bureau of Aviation, 555 Walnut Street-8th Floor, Harrisburg, PA 17057.

Interested persons may direct their requests for applications, inquiries or comments regarding the local real estate tax reimbursement program to Teresa R. Comples, Grants Manager, Bureau of Aviation 555 Walnut Street, 8th Floor, Harrisburg, PA 17101, (717) 705-1223.

Retention of Engineering Firms

Bucks County

Project Reference No. 08430AG2448

The Department will retain an engineering firm to perform preliminary engineering and environmental documentation for S.R. 0095, Section D01, Delaware Expressway (I-95) in Bensalem Township, Bucks County for a distance of approximately 1.563 km (0.972 miles). The estimated construction cost of this project is \$20.0 million.

The expressway reconstruction will include interchange improvements, roadway reconstruction and bridge widening, rehabilitation and replacement.

The selected firm will be required to provide the following engineering, environmental and design services: C.E.E. Level IV/Section 4(f) document preparation; surveys; preliminary roadway design; preliminary drainage design; preliminary roadside development design; preparation of cross sections; preliminary erosion and sedimentation control design; structure design; subsurface boring, sampling and testing; point of access report preparation; noise analysis; preparation of preliminary traffic control, pavement marking and signing plans; preliminary traffic signal design; traffic analysis; utility coordination; coordination with public agencies, municipal officials, and the public and other services required to complete the preliminary engineering and environmental documents for this project.

Firms that are currently serving, or are being considered for selection, as municipal engineer in the municipality listed in the project description will not be considered for this assignment. Also, firms that are under contract, or are being considered, to provide engineering services to a land developer for a site located along the project will likewise not be considered for this assignment. Firms should state in the letter of interest that they are not serving in either capacity as a municipal engineer or as a representative of a site developer. Any questions concerning this requirement should be directed to Mr. Michael J. Girman, III, at the telephone number listed below.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be ten (10%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

Letters of Interest will be evaluated at the Engineering District 6-0 office with emphasis on the following factors listed in order of importance:

- a. Specialized experience and technical competence of the firm's experience with similar type projects and their ability to provide innovative solutions to complex technical problems.
- b. Experience of employees to be associated with this project. Particularly important are the key people assigned to the project including their experience and past record of performance with similar projects.
- c. Past performance record.
- d. Relative size of firm to size of project to be completed under this Agreement.
- e. Innovations and flexibility in thinking, particularly with respect to the needs of the local communities.
- f. Geographic location of the consultant with respect to District 6-0.

The District will announce the firms that have been shortlisted at an open public meeting to be held in the District Office at 7000 Gerdes Boulevard, King of Prussia, PA on January 8, 2000.

This project reference assignment is considered complex. The letter of interest shall be limited to a maximum of five (5) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and six (6) additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:
 Mr. Andrew L. Warren, District Administrator
 Engineering District 6-0
 200 Radnor-Chester Road
 St. Davids, PA 19087
 Attention: Mr. Michael J. Girman, III

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 P.M. prevailing time on the twentieth (20th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Timothy O'Brien, P.E., District 6-0, at (610) 964-6526, or Mr. Michael J. Girman, III, District 6-0, at (610) 964-6530.

**Delaware and Philadelphia Counties
 Project Reference No. 08430AG2449**

The Department will retain an engineering firm to provide supplementary construction inspection staff of approximately twenty (20) inspectors, under the Department's Inspector(s)-in-Charge for construction inspection and documentation services on S.R. 0095, Section R52 in Philadelphia County.

The phased reconstruction of a multi span pre-stressed I-beam structure from Tioga Street to Westmoreland Street. The work will include the removal of the structure to the bearing piles, the driving of additional piles and reconstruction of the substructure and superstructure in three (3) phases.

The phased reconstruction of three (3) span rolled girder bridge at Levick Street. The work will include the removal and replacement of the superstructure in three (3) traffic stages and the repair of the substructure.

The project will also include the construction of new highway lighting system, the placement of additional sign structures within the corridor, extensive downspout and drainage work and roadway construction required to transition to existing pavement.

The project will require extensive Maintenance and Protection of Traffic work. Three (3) lanes will be maintained open for traffic throughout the life of the project. The reconstruction work will be accomplished by shifting traffic several times.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities. Department and District experience and supervisory experience.
- b. Specialized experience in concrete structures, pile driving and electrical work.
- c. Number of NICET and NECEPT certified inspectors in each payroll classification.
- d. Understanding of Department's requirements, policies, and specifications.

e. Ability to provide one (1) "CDS" operator or person capable of inputting data into a personal computer (TCIS Classification).

f. Past performance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

A minimum of two (2) individuals submitted as part of your inspection staff must have a NECEPT Bituminous Field Technician Certification.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	2 (1)
Transportation Construction Ins. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	4 (3)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	12 (7)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	2 (0)

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

- 1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
- 2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
- 5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1999:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCM-1)	\$46.27
(TCIS)	\$40.54
(TCI)	\$35.47
(TA)	\$24.39

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required.

The firm selected will be required to supply the following equipment at no direct cost to the Department:

- a. One (1) 35 MM camera
- b. One (1) digital camera with associated software
- c. Safety vests-high visibility for inspectors

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section after the advertised project(s).

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCM-1	3
TCIS	5
TCI	13

No resumes are required for the TA Classification.

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Mr. Andrew Warren, District Administrator
Engineering District 6-0
200 Radnor-Chester Road
St. Davids, PA 19087

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 P.M. prevailing time on the tenth (10th) day following the date of this Notice.

Letters of Interest for this project must include a letter, signed by the individuals you propose for all TCM-1 and TCIS positions, giving their approval to use their name in your Letter of Interest for this specific project.

Any technical questions concerning the requirements for this project should be directed to: Mr. George Dunheimer, District 6-0, at (610) 964-6554.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

All consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

By submitting a letter of interest for the projects that request engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania. A firm not conforming to this requirement may submit a letter of interest as a part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

The requirements for Letters of Interest, in addition to the requirements stipulated in the individual advertisement, are as follows:

1. The Letter of Interest must include the project reference number, the firm's legal name, and the firm's federal identification number.
2. Identify the project manager.
3. Identify subconsultants, if any, including DBE/WBE, if required.
4. Identify key project staff.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presump-

tive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

HEALTH CARE COST CONTAINMENT COUNCIL

Mandated Benefits

Section 9 of Act 34 of 1993 requires that the Health Care Cost Containment Council (Council) review existing or proposed mandated health benefits on request of the executive and legislative branches of government. The Council has been requested by Senator Edwin G. Holl, Chairperson of the Senate Banking and Insurance Committee, to review Senate Bill 1094, Printers Number 1330 (Schwartz), the Prescription Contraception Equity Act. Senate Bill 1094 would require health insurance policies that provide coverage for prescription drugs and devices to provide coverage for prescription contraceptive drugs and devices approved by the FDA and to provide coverage for outpatient medical or counseling services necessary for the effective use of contraception if the policy provides coverage for other outpatient medical or counseling services.

The Council is requesting that anyone supporting or opposing these mandated insurance benefits provide six copies of such documentation to the Council no later than January 20, 2000. The documentation should be mailed to Flossie Wolf, Health Care Cost Containment Council, 225 Market Street, Suite 400, Harrisburg, PA 17101.

Documentation submitted should be in accordance with any or all of the following information categories described in section 9 of Act 34:

(i) The extent to which the proposed benefit and the services it would provide are needed by, available to and utilized by the population of the Commonwealth.

(ii) The extent to which insurance coverage for the proposed benefit already exists, or if no such coverage exists, the extent to which this lack of coverage results in inadequate health care or financial hardship for the population of the Commonwealth.

(iii) The demand for the proposed benefit from the public and the source and extent of opposition to mandating the benefit.

(iv) All relevant findings bearing on the social impact of the lack of the proposed benefit.

(v) Where the proposed benefit would mandate coverage of a particular therapy, the results of at least one professionally accepted, controlled trial comparing the medical consequences of the proposed therapy, alternative therapies and no therapy.

(vi) Where the proposed benefit would mandate coverage of an additional class of practitioners, the results of at least one professionally accepted, controlled trial comparing the medical results achieved by the additional class of practitioners and those practitioners already covered by benefits.

(vii) The results of any other relevant research.

(viii) Evidence of the financial impact of the proposed legislation, including at least:

(A) The extent to which the proposed benefit would increase or decrease cost for treatment or service.

(B) The extent to which similar mandated benefits in other states have affected charges, costs and payments for services.

(C) The extent to which the proposed benefit would increase the appropriate use of the treatment or service.

(D) The impact of the proposed benefit on administrative expenses of health care insurers.

(E) The impact of the proposed benefits on benefits costs of purchasers.

(F) The impact of the proposed benefits on the total cost of health care within the Commonwealth.

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10:30 a.m., Thursday, November 4, 1999, and took the following actions:

Regulations Approved:

Department of Public Welfare #14-464: Subsidized Child Day Care Eligibility (amends 55 Pa. Code Chapter 3040).

Department of Public Welfare #14-462: Special MA Eligibility Provisions (amends 55 Pa. Code Chapter 140).

Environmental Quality Board #7-334: Mobile Equipment Repair and Refinishing (amends 25 Pa. Code Chapters 121 and 129).

Environmental Quality Board #7-332: Erosion and Sediment Control (amends 25 Pa. Code Chapter 102).

Commissioners Voting: John R. McGinley, Jr., Chairperson, by proxy; Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; John F. Mizner

Public Meeting held

Department of Public Welfare—Subsidized Child Day Care Eligibility; Regulation No. 14-464

Order

On October 13, 1999, the Independent Regulatory Review Commission (Commission) received this regulation from the Department of Public Welfare (Department). This rulemaking amends 55 Pa. Code Chapter 3040. The authority for this regulation is 62 P.S. §§ 201—211, 401—493 and 701—703 and 42 U.S.C.A. §§ 9858—9858q. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This proposal amends Chapter 3040 (Subsidized Child Care) of the Department's regulations. It revises income limits and co-payments for eligible low-income families

and Temporary Assistance for Needy Families (TANF) recipients. An existing eligibility termination date of February 1, 2000, for currently eligible families with incomes between 185 and 235 percent of Federal Poverty Income Guidelines (FPIG) is eliminated.

We have reviewed this regulation and find it to be in the public interest. It contains a new and simpler incremental co-payment system. That corrects an existing problem with disproportionate co-payment increases for families. Continued subsidy for families with income at 185 to 235% of FPIG keeps them in the program, thereby avoiding disruption of their child care services. However, we also request that the Department continue to closely monitor the impact of co-payments on the ability of eligible families to remain in or receive services under this program.

Therefore, It Is Ordered That:

1. Regulation No. 14-464 from the Department of Public Welfare, as submitted to the Commission on October 13, 1999, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Voting: John R. McGinley, Jr., Chairperson, by proxy; Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; John F. Mizner

Department of Public Welfare—Special MA Eligibility Provisions; Regulation No. 14-462

Order

On August 31, 1999, the Independent Regulatory Review Commission (Commission) received this regulation from the Department of Public Welfare (Department). It amends various provisions of 55 Pa. Code Chapter 140. The authority for this regulation is section 4732 of the Federal Balanced Budget Act of 1997 (Pub.L. No. 105-33), which amended section 1902(a)(10)(E) of the Social Security Act (42 U.S.C.A. § 1396a(a)(10)(E)). Notice of proposed rulemaking was omitted for this regulation under section 812(b) and (e) of The Administrative Code of 1929 (71 P.S. § 279.3a). It will become effective upon publication in the *Pennsylvania Bulletin*.

On September 20, 1999, the Commission received a request from the Department to toll the consideration of this final-omitted regulation to make technical corrections. On October 19, 1999, the Department submitted its revisions to the final-omitted regulation to the Commission.

This regulation expands coverage under the Medical Assistance Program to include full or partial payment of Medicare Part B premiums for the elderly or disabled with incomes of at least 120 percent, but less than 175 percent, of the current Federal Poverty Income Guidelines.

We have reviewed this regulation and find it to be in the public interest. The Department must comply with Federal requirements to avoid jeopardizing its Federal financial participation and the Commonwealth from facing possible legal sanctions from the Health Care Financ-

ing Administration. The Federal government will reimburse all of Pennsylvania's program costs, which the Department estimates will be \$1,699,255 for FY 1999-2000.

Therefore, It Is Ordered That:

1. Regulation No. 14-462 from the Department of Public Welfare, as revised on October 19, 1999, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Voting: John R. McGinley, Jr., Chairperson, by proxy; Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; John F. Mizner

Environmental Quality Board—Erosion and Sediment Control; Regulation No. 7-332

Order

On January 20, 1998, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (EQB). This rulemaking amends 25 Pa. Code Chapter 102. The authority for this regulation is found in sections 5 and 402 of The Clean Streams Law (35 P.S. §§ 691.5 and 691.402) and section 11 of the Conservation District Law (3 P.S. § 859(2)). The proposed regulation was published in the February 7, 1998 *Pennsylvania Bulletin* with a 60-day public comment period. The final-form regulation was submitted to the Commission on October 5, 1999.

The amendments to Chapter 102 are part of the Department of Environmental Protection's Regulatory Basics Initiative. The amendments are intended to eliminate obsolete terms; simplify technical requirements for best management practices; update and clarify permit requirements; and integrate Pennsylvania's regulations with the current Federal National Pollutant Discharge Elimination System (NPDES) permit requirements for stormwater discharges associated with construction activities.

We have reviewed this regulation and find it to be in the public interest. The regulation clarifies the erosion and sediment control planning and permitting requirements and is consistent with the Federal NPDES requirements.

Therefore, It Is Ordered That:

1. Regulation No. 7-332 from the Environmental Quality Board, as submitted to the Commission on October 5, 1999, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Voting: John R. McGinley, Jr., Chairperson, by proxy; Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; John F. Mizner

Environmental Quality Board—Mobile Equipment Repair and Refinishing; Regulation No. 7-334

Order

On September 8, 1998, the Independent Regulatory Review Commission (Commission) received this proposed

regulation from the Environmental Quality Board (Board). This rulemaking amends 25 Pa. Code Chapters 121 and 129. The authority for this regulation is section 5(a)(1) of the Air Pollution Control Act (35 P.S. § 4005(a)(1)). The proposed regulation was published in the September 26, 1998 *Pennsylvania Bulletin* with a 67-day public comment period. The final-form regulation was submitted to the Commission on October 5, 1999.

The proposal establishes volatile organic compound limitations for mobile equipment repair and refinishing and finish materials used in the aftermarket finishing and refinishing of mobile equipment. Additionally, it establishes coating application technology requirements and work practice standards for the mobile equipment refinishing industry.

We have reviewed this regulation and find it to be in the public interest. This regulation is one component of the attainment strategy for reducing ground-level ozone. Approximately 4,400 body shops that repair and refinish automobiles and other mobile equipment must meet the requirements. Although the equipment required may be more costly, the Board projects more efficient use of coating materials, offsetting the increased cost.

Therefore, It Is Ordered That:

1. Regulation No. 7-334 from the Environmental Quality Board, as submitted to the Commission on October 5, 1999, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

INSURANCE DEPARTMENT

Application and Request for a Certificate of Authority

Shannondell at Valley Forge has applied for a Certificate of Authority to operate a Continuing Care Retirement Community at Norristown, PA. The initial filing was received on November 1, 1999, and was made under the requirements set forth under the Continuing Care Provider Registration and Disclosure Act of June 18, 1984 (P.L. 391, No. 82), as amended. Persons wishing to comment on the grounds of public or private interest to the issuance of a Certificate of Authority are invited to submit a written statement to the Insurance Department within 30 days from the date of this issue of the *Pennsylvania Bulletin*. Each written statement must include the name, address and telephone number of the interested party, identification of the application to which the statement is addressed, and a concise statement with sufficient detail to inform the Insurance Department of the exact basis of the statement. Written statements should be directed to Michael S. Graeff, Insurance Company Licensing Specialist, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120 or by fax (717) 787-8557.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Delegation of Additional Routine, Ministerial and Nonpolicymaking Public Meeting Agenda Items; Doc. No. L-00940095, Doc. No. L-00940095F0002

Corrected Notice

The Pennsylvania Public Utility Commission (Commission) at its September 30, 1999, public meeting delegated certain routine ministerial and nonpolicymaking public meeting agenda items to the Bureau of Fixed Utility Services for disposition. These matters include the following:

1. All tariff filings by an incumbent local exchange carrier for noncompetitive services when the rates proposed are reductions from current rates and charges of that incumbent local exchange carrier. Under the streamlined tariff filing requirements approved both as interim guidelines and proposed regulations at the September 30, 1999, public meeting, the notice and review period for the above tariff filings will be reduced from 60 to 10 days, but may be extended by the Commission upon notice for up to an additional 30 days.

2. All tariff filings by competitive local exchange carriers for noncompetitive services when the rates proposed are higher than the corresponding rates offered by the applicable incumbent local exchange carrier in the same service territory. All tariff filings by an incumbent local exchange carrier for noncompetitive services when the rates proposed represent rate increases from current rates and charges of that incumbent local exchange carrier. Under the streamlined tariff filing requirements approved both as interim guidelines and proposed regulations at the September 30, 1999, public meeting, the notice and review period for the above tariff filings will be reduced from 60 to 30 days, but may be extended by the Commission upon notice for up to an additional 30 days.

These items will now be addressed by Secretarial Letter. These actions may be appealed to the Commission by filing a petition within 10 days after service of notice of the action, unless a different time period is specified. See 52 Pa. Code § 5.44.

The contact persons for this matter are Carl S. Hisiro, Assistant Counsel, Law Bureau (717) 783-2812 (legal), and Gary Wagner, Bureau of Fixed Utility Services, (717) 783-6175 (technical).

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.
