READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 234—RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

[234 PA. CODE CH. 1100]

Order Adopting Amendments to Rule 1114; No. 257; Criminal Procedural Rules Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the November 18, 1999 amendments to Rule 1114 (Material Permitted in Possession of the Jury). These amendments make it clear that the trial court is prohibited from providing written jury instructions to the jury for use during deliberations. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 18th day of November, 1999, upon the recommendation of the Criminal Procedural Rules Committee; this proposal having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3), and a Final Report to be published with this Order:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Pa.R.Crim.P. 1114 is hereby amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective January 1, 2000.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 1100. TRIAL

Rule 1114. Material permitted in possession of the jury.

[1.] (A) Upon retiring, the jury may take with it such exhibits as the trial judge deems proper, except as provided in paragraph [2] (B).

[2.] (B) During deliberations, the jury shall not be permitted to have:

- (1) a transcript of any trial testimony [, nor];
- (2) a copy of any written or otherwise recorded confession by the defendant [, nor];
- (3) a copy of the information [.]; or
- (4) written jury instructions.

Official Note: Adopted January 24, 1968, effective August 1, 1968; amended [, and second paragraph of Comment and the words "or information" added] June 28, 1974, effective September 1, 1974; Comment revised August 12, 1993, effective September 1, 1993; amended January 16, 1996, effective July 1, 1996; **amended November 18, 1999, effective January 1, 2000.**

Comment

This rule prohibits the jury from receiving a copy of the indictment or information during its deliberations. The rule also prohibits the jury from taking into the jury room

any written or otherwise recorded confession of the defendant. In *Commonwealth v. Pitts*, 301 A.2d 646, 650 n. 1 (Pa. 1973), the Court noted that "it would be a better procedure not to allow exhibits into the jury room which would require expert interpretation." [See *Commonwealth v. Oleynik*, 568 A.2d 1238 (Pa. 1990), in which the Supreme Court held that it was improper to permit a jury to take written jury instructions with them for use during deliberations.]

The 1999 amendment to paragraph (B) makes it clear that the trial court is prohibited from sending written jury instructions with a jury for use during deliberations. See *Commonwealth v. Karaffa*, 709 A.2d 887 (Pa. 1998), in which the Court held it was reversible error to submit written jury instructions to the jury.

The 1996 amendment adding "or otherwise recorded" in paragraph (B)(2) is not intended to enlarge or modify what constitutes a confession under this rule. Rather, the amendment is only intended to recognize that a confession can be recorded in a variety of ways. See *Commonwealth v. Foster*, 624 A.2d 144 (Pa. Super. 1993).

Although most references to indictments and indicting grand juries were deleted from these rules in 1993 because the indicting grand jury was abolished in all counties, see PA. CONST. art. I, § 10 and 42 Pa.C.S. § 8931(b), the reference was retained in this rule because there may be some cases still pending that were instituted prior to the abolition of the indicting grand jury.

[The amendment adding "or otherwise recorded" is not intended to enlarge or modify what constitutes a confession under this rule. Rather, the amendment is only intended to recognize that a confession can be recorded in a variety of ways. See *Commonwealth v. Foster*, 624 A.2d 144 (Pa. Super. 1993).]

Committee Explanatory Reports:

Report explaining the August 12, 1993 Comment revision published at 22 Pa.B. 3826 (July 25, 1992).

Final Report explaining the January 16, 1996 amendments published with the Court's Order at 26 Pa.B. 439 (February 3, 1996).

Final Report explaining the changes to paragraph (B) and the Comment prohibiting written jury instructions going to the jury published with the Court's Order at 29 Pa.B. 6102 (December 4, 1999).

FINAL REPORT¹

Amendments to Pa.R.Crim.P. 1114

Material Not Permitted in Possession
of the Jury During Deliberations

On November 18, 1999, effective January 1, 2000, upon the recommendation of the Criminal Procedural Rules Committee, the Court amended Rule 1114 (Material Permitted in Possession of the Jury). The amendments make it clear that the trial court is prohibited from providing written jury instructions to the jury for use during deliberations.

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

Following the Court's decision in *Commonwealth v. Karaffa*, 709 A.2d 887, 888 (Pa. 1998), making it clear that "the submission of written jury instructions constitutes reversible error in this Commonwealth," the Committee reviewed Rule 1114 and jury instruction procedures in other jurisdictions. From our review, we concluded that, notwithstanding the Court's 1990 decision in *Commonwealth v. Oleynik*, 568 A.2d 1238 (Pa. 1990), and the subsequent addition of a citation to *Oleynik* in the Rule 1114 Comment, there continues to be confusion concerning the prohibition on submitting written jury instructions to the jury for use during deliberations. In view of this, the Committee agreed that the text of Rule 1114 should be amended to reflect the current state of the law in Pennsylvania and more clearly advise members of the bench and bar with regard to jury instructions. Accordingly, new paragraph (B)(4) adds written jury instructions to the list of materials the jury is not permitted to have during deliberations. In addition, the Comment has been revised by deleting the citation to *Oleynik* and adding a citation to *Karaffa* and has been reorganized.

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Civil Trial Division; Commerce Case Management Program; Administrative Docket 01 of 1999

And Now, this 9th day of November, 1999, it is hereby Ordered and Decreed that the following protocols shall apply to all civil cases within the Commerce Case Management Program on or after January 1, 2000:

Commerce Case Management Program: Procedure for Disposition of Commerce Program Cases Filed on and after January 1, 2000

A Commerce Case Management Program ("Commerce Program") is hereby established within the Trial Division of the Court of Common Pleas.

A. Organization

1. *Judges.* Initially, two judges shall be assigned by the Administrative Judge to the Commerce Program. The number of Commerce Program Judges may thereafter be adjusted by the Administrative Judge consistent with the caseload of the Program.

2. *Filings & Listings.* Upon consultation with the Administrative Judge and the Commerce Program Judges, with the goal of ease of access by the Commerce Program Judges and their staff, the parties and the public, the Prothonotary shall establish procedures for maintenance of filings and listings in actions assigned to the Commerce Program.

B. Assignment of Cases Subject to Commerce Program

1. *Cases Subject to Commerce Program.* Notwithstanding anything to the contrary in General Court Regulation 95-2 (Day Forward Program) or any other General Court Regulation, Jury, Non-Jury & Equity, and Class Action cases (boxes 6, 7, 8 on the Civil Cover Sheet) filed on or

after January 1, 2000, but not Arbitration cases (box 5 on the Civil Cover Sheet), shall be assigned to the Commerce Program if they are among the following types of actions:

1. Actions relating to the internal affairs or governance, dissolution or liquidation, rights or obligations between or among owners (shareholders, partners, members), or liability or indemnity of managers (officers, directors, managers, trustees, or members or partners functioning as managers) of business corporations, partnerships, limited partnerships, limited liability companies or partnerships, professional associations, business trusts, joint ventures or other business enterprises, including but not limited to any actions involving interpretation of the rights or obligations under the organic law (e.g., Pa. Business Corporation Law), articles of incorporation, by-laws or agreements governing such enterprises;

2. Disputes between or among two or more business enterprises relating to transactions, business relationships or contracts between or among the business enterprises. Examples of such transactions, relationships and contracts include:

- a. Uniform Commercial Code transactions;
- b. Purchases or sales of businesses or the assets of businesses;
- c. Sales of goods or services by or to business enterprises;
- d. Non-consumer bank or brokerage accounts, including loan, deposit cash management and investment accounts;
- e. Surety bonds;
- f. Purchases or sales or leases of, or security interests in, commercial, real or personal property; and
- g. Franchisor/franchisee relationships.

3. Actions relating to trade secret or non-compete agreements;

4. "Business torts," such as claims of unfair competition, or interference with contractual relations or prospective contractual relations;

5. Actions relating to intellectual property disputes;

6. Actions relating to securities, or relating to or arising under the Pennsylvania Securities Act;

7. Derivative actions and class actions based on claims otherwise falling within these ten types, and consumer class actions other than personal injury and products liability claims;

8. Actions relating to corporate trust affairs;

9. Declaratory judgment actions brought by insurers, and coverage dispute and bad faith claims brought by insureds, where the dispute arises from a business or commercial insurance policy, such as a Commercial General Liability policy, and;

10. Third-party indemnification claims against insurance companies where the subject insurance policy is a business or commercial policy and where the underlying dispute would otherwise be assigned to the Commerce Program, not including claims where the underlying dispute is principally a personal injury claim.

All of the above types of actions may involve individuals named as parties, in addition to business enterprises, so long as all other criteria are met and the essential nature of the litigation is a business dispute. For example, a dispute over a commercial loan may include

individual guarantors as either plaintiffs or defendants, as the case may be, but such a lawsuit would still be a commercial dispute.

2. *Cases Not Subject to the Commerce Program.* The following types of matters are not to be included in the Commerce Program:

1. Matters subject to Compulsory Arbitration in this Court or to the jurisdiction of the Municipal Court, including any appeals.

2. Personal injury, survival or wrongful death matters.

3. Individual (non-class) consumer claims against businesses or insurers, including products liability and personal injury cases.

4. Matters involving occupational health or safety.

5. Environmental claims not involved in the sale or disposition of a business and other than those addressed in Commerce Program types 9 or 10 above.

6. Matters in eminent domain.

7. Malpractice claims, other than those brought by business enterprises against attorneys, or accountants, architects or other professionals in connection with the rendering of professional services to the business enterprise.

8. Employment law cases, other than those referenced in Commerce Program type 3 above.

9. Administrative agency, tax, zoning and other appeals.

10. Petition Actions in the nature of Change of Name, Mental Health Act Petitions, Petitions to Appoint an Arbitrator, Government Election Matters, Leave to Issue Subpoena, Compel Medical Examination.

11. Individual residential real estate and non-commercial landlord-tenant disputes.

12. Domestic relations matters, and actions relating to distribution of marital property, custody or support.

13. Any matter required by statute, including 20 Pa.C.S. Chapter 7, §§ 711 & 713, to be heard in the Orphans' Court or Family Court Division of the Philadelphia Court of Common Pleas, or other matter which has heretofore been within the jurisdiction of the Orphans' Court or Family Court Division of this Court.

14. Any criminal matter other than criminal contempt in connection with a Commerce Program action.

15. Such other matters as the Court shall determine.

3. *Assignments Based on the Civil Cover Sheet.* The Civil Cover Sheet, effective January 1, 2000, shall include a box in which the attorney signing the sheet must certify that the action is, or is not, subject to the Commerce Program. A "Commerce Program Addendum to Civil Cover Sheet," a sample of which is attached as Exhibit "A," is hereby required to be filed with all initial filings (i.e., all filings requiring a Civil Cover Sheet) subject to the Commerce Program, filed on or after January 1, 2000. The attorney shall indicate on the Commerce Program Addendum filed with any filing denoted as a Commerce Program matter, the applicable type or types of action which result in the matter being assigned to the Commerce Program. An attorney's signature on the Civil Cover Sheet shall constitute certification that the matter is or is not subject to the Commerce Program, as indicated on the Civil Cover Sheet and Addendum. A copy

of the Civil Cover Sheet, including any Commerce Program Addendum, shall be served with the original process served on all parties.

All actions designated into the Commerce Program pursuant to the Commerce Program Addendum are hereby assigned to the Commerce Program and to the individual calendar of one of the Commerce Program Judges, who shall be assigned according to a random procedure established by the Administrative Judge. This assignment shall be noted on the Docket. All further filings in the matter shall state prominently in the caption and on any cover sheets that the matter is "ASSIGNED TO COMMERCE PROGRAM."

4. *Disputes Arising From the Civil Cover Sheet Designation.* If any party disagrees with the designation or lack of designation of a case into the Commerce Program, that party shall file with Civil Listings Room 296 City Hall, to be referred to the Administrative Judge for decision, and serve on all parties a Notice of Management Program Dispute, in the Form attached as Exhibit "B" and not exceeding three pages, as soon as practical, and no later than the earliest of (a) the filing by that party of any pleading, motion or response to motion, (b) ten days in advance of a noticed case management conference or thirty days after service of process. Any party opposing the Notice of Management Program Dispute may, but need not, submit a response thereto not exceeding three pages (to Civil Listings Room 296 City Hall) within ten days of service of the Notice.

In the event of the service of a Notice of Management Program Dispute, a copy of that Notice shall be attached to and referenced in all motions and responses to motions filed by any party pending the resolution of the management program dispute.

C. Commencement of Action

All subject actions shall be commenced as provided in Pa. R.C.P. 1007. Philadelphia Civil Rule *205.2 shall be followed. As noted above, in all cases, not just those designated into the Commerce Program, a copy of the Civil Cover Sheet, including any Commerce Program Addendum, shall be served with original process served on all parties.

All jury demands shall be perfected in accordance with Pa.R.C.P. 1007.1 and Phila.Civ.R. *1007.1.

A party seeking emergency relief immediately upon commencing an action subject to the Commerce Program shall follow the procedure set forth in part D.7. below (Rules to Show Cause and Emergency Motions and Petitions).

D. Case Management Procedures

1. *Authority Over Commerce Program Status:* When there is a dispute whether the case is properly assigned to the Commerce Program, the decision will be made by the Administrative Judge. If the Civil Case Manager conducting a case management conference or any party objects as to the Commerce Program assignment, the Case Manager will forward the dispute to the Administrative Judge.

2. *Alternative Procedures Available:* The Commerce Program Judge, in his/her discretion, may, upon application of any party or upon his/her own initiative, modify these procedures. Requests for changes in these procedures will be made by filing a Petition for Extraordinary Relief (which Petition calls for a ten-day response time).

3. *The Case Management Conference:* Typically, notice of a Case Management Conference ("CMC") will be sent

to counsel and unrepresented parties (sixty days after filing) scheduling the CMC for approximately ninety days after filing. In certain circumstances, the CMC may be scheduled through the Commerce Program Judge.

a. *Presiding Officer*: Unless otherwise ordered, the CMC shall be conducted by a Civil Case Manager designated by the Court, acting on behalf of the assigned Commerce Program Judge.

b. *Issues to be Addressed*: The following subjects, along with other appropriate topics, such as service of process, venue, pleadings, discovery, possible joinder of additional parties, theories of liability, damages claimed and applicable defenses (see also Pa.R.C.P. 213.3), will be discussed.

(1) Means for Early Disposition

a. Timing and potential forms of Alternative Dispute Resolution (ADR). The case manager will make available the list of Commerce Program Judges Pro Tempore (as provided by the Business Litigation Committee of the Philadelphia Bar Association).

b. Scheduling pre-discovery dispositive motions, only if oral argument is needed. (Whether to hear oral argument is up to the Commerce Program Judge). The Commerce Program Judge will likely have a half day set aside for hearing Motions and Rules.

c. Scheduling limited-issue discovery in aid of early dispositive motions. The Case Manager will advise counsel of the half day Discovery Program set up for that Commerce Program Judge.

(2) Schedules and Deadlines

a. Assignment to a Case Management Track and issuance of a Case Management Order ("CMO"), which will set forth a target trial date, deemed the earliest trial date pursuant to Pa.R.C.P. 212.1.

b. A discovery plan and schedule based on the CMO date for the completion of discovery.

c. Anticipated areas of expert testimony, timing for identification of experts, responses to expert discovery, exchange of expert reports (reference to the CMO).

(3) Potential Use of a Commerce Court Judge Pro Tempore

a. On stipulation of all parties for supervision of discovery.

b. For mediation.

c. Identification of a particular Commerce Program Judge Pro Tempore acceptable to all parties.

d. The choice of a particular Judge Pro Tempore for these purposes must be approved by the Court.

e. Use of a Pro Tempore Judge for purposes of discovery or mediation cannot affect the deadlines set forth in the CMO.

The Commerce Program Judge may establish any informal procedures to achieve expeditious resolution of discovery disputes and other non-dispositive issues. Prior to the CMC, it shall be the obligation of the parties to confer concerning all of the above matters, for the purposes of reaching agreements.

5. *Case Management Order*: At the CMC, the case manager shall issue a Case Management Order ("CMO") setting forth dates for a Settlement Conference and for a Pretrial Conference (with Pretrial Statements typically to be filed in advance), and for Trial. The CMO will also

address cut-off dates for completion of discovery, for the service of expert reports and for the filing of Motions.

Based upon the nature and complexity of the case, the case manager with input from the parties at the CMC shall assign the case to a track. The Commerce Program shall typically employ the following management tracks: Commerce Expedited (Target Trial Date within 13 months of Complaint) and Commerce Standard (Target Trial Date within 18 months of Complaint). Only exceptionally complicated cases should be designated Commerce Complex (Target Trial Date within two years of Complaint). In the latter instance, the Commerce Program Judge may schedule status conferences at six month intervals or at other times upon application of the parties, if appropriate.

The Commerce Expedited Track shall consist of matters in which minimal discovery is needed and legal issues are anticipated to be routine. Examples of such actions, in the absence of complicating factors, are actions relating to commercial loans, and contract, UCC and foreclosure matters. Other matters should presumptively be designated Commerce Standard. Actions in which preliminary injunctive relief is sought may be appropriate for any of the tracks depending upon the circumstances.

A suggested form Case Management Order is attached as Exhibit "C." A grid of time standards that will be employed depending upon the applicable Track Case Management Order is attached as Exhibit "D."

6. *Motion Practice and Discovery Motions*. The Commerce Program Judge to whom the action is assigned will hear all pretrial motions, including discovery motions, except that, to the extent that scheduling or other concerns so require, a Commerce Program Judge may make arrangements for certain discovery and other pretrial motions to be heard by another Commerce Program Judge. All motions (including discovery motions) shall be filed in Motion Court with a designation on the Motion Court Cover Sheet of the assigned Commerce Program Judge. Any Notice of Management Program Dispute that is pending or is being filed contemporaneously with the Motion filing, should be noted in the Motion Court Cover Sheet. Oral argument is at the discretion of the Commerce Program Judge.

A Commerce Program Discovery List for each Commerce Program Judge shall be established so that discovery matters ordinarily will be heard by that Judge on a particular day of the week. Each Judge may also scheduling hearings on non-discovery motions on the discovery day, or at such other times as the Court deems appropriate.

7. *Rules to Show Cause and Emergency Motions and Petitions*. Rules to show cause in cases assigned to the Commerce Program will be presented in the Motions Court, where they will be reviewed as to form, and forwarded to the assigned Commerce Program Judge for consideration.

Unless there is a dispute as to Commerce Program applicability, emergency motions or petitions in a newly filed action presented in a matter appropriate for assignment to the Commerce Program shall be referred to a Commerce Program Judge for disposition. If there is any dispute regarding Commerce Program applicability, that dispute shall be referred to the Administrative Judge or the designee of the Administrative Judge. Parties are encouraged to give the Motion Court advance notice of an emergency motion or petition, including notice that the action is assigned to the Commerce Program or may be appropriate for such assignment. If the assigned Com-

merce Program Judge is unavailable, an emergency motion or petition in an action already assigned to Commerce Program shall be heard by the other Commerce Program Judge, if available, with any subsequent hearing referred back to the assigned Commerce Program Judge. If no Commerce Program Judge is available to hear an emergency motion or petition, such motion or petition shall be referred to a Judge assigned to Motion Court (or, if necessary, the Emergency Judge), with any subsequent hearing referred back to the appropriate Commerce Program Judge. An emergency motion heard by a Commerce Program Judge in a case which has not yet gone through the random assignment procedure shall be subject to that procedure prior to any subsequent hearing and the subsequent hearing shall be scheduled before the Commerce Program Judge assigned.

8. *Settlement Conferences.* A settlement conference may be expeditiously scheduled in any case in which counsel concur that such a conference may be productive. Such requests shall be made in writing by letter to the assigned Commerce Program Judge, and in all other respects Local Civ.R. *212.1(B) should be applied.

Except as otherwise provided in Local Civil Rule *212.3 (Settlement Conferences—Non Jury Cases), Commerce Program Judges may assist the parties in reaching a fair and reasonable settlement or other resolution of the matter. To that end, the assigned Commerce Program Judge, in his or her discretion, may schedule one or more formal settlement conferences. The Commerce Program Judge may also encourage the parties to engage in settlement discussions and in any form of Alternative Dispute Resolution (ADR), including the assistance of a Commerce Program Judge Pro Tempore, that may result in settlement, avoidance of trial or expeditious resolution of the dispute. Except upon order of the Court, the pendency of any form of ADR shall not alter the date for commencement of trial.

9. *Pretrial Conference.* A Pretrial Conference shall be held in all Commerce Program actions. At the conclusion of the Pretrial Conference, a Pretrial Order controlling the conduct of trial may be entered. The Court shall exercise its best efforts to try the matter as soon after the target trial date as practicable.

Typically, the CMO will require the filing of Pretrial Statements (Pa.R.C.P. 212.2) in advance of the Pretrial Conference. Prior to the Pretrial Conference, principal trial counsel shall confer on the matters set forth in Pa.R.C.P. 212.3, and attempt to reach agreement on any such matters.

Following the Pretrial Conference, the Commerce Program Judge shall enter a Trial Scheduling Order, identifying the date by which the matter should be prepared for trial, and, if applicable, the date to be placed into a trial pool or the date of any special listings. The Trial Scheduling Order may further provide specific dates, to the extent not already addressed in the Case Management Order, for such matters as:

A. Exchange of proposed stipulations and filing of stipulations in writing to facts about which there can be no reasonable dispute;

B. Pre-marking and exchanging copies of all documents or other exhibits to be offered in evidence at trial;

C. Service and filing of written objections to any documents or other exhibits as to which a party intends to object at trial, together with the legal basis for such objections;

D. Identification in writing of all deposition testimony, by page and line number, intended to be read into the record at trial, followed by counterdesignations and objections to deposition designations;

E. Exchange of trial briefs and proposed findings of fact and conclusions of law (nonjury) or requested points for jury charge (jury).

At such time prior to trial as may be fixed by the Court, it shall rule on all matters placed in issue under this procedure.

In addition, the Commerce Program Judge may establish procedures consistent with the requirements of each case to ensure close interaction with the parties in order to minimize trial time.

E. Commerce Program Judges Pro Tempore And Alternative Dispute Resolution

There shall be established in the Commerce Program, an Alternative Dispute Resolution program for Commerce Program actions, which may include, but is not limited to, mediation and the assistance of Commerce Program Judges Pro Tempore.

1. *Panel of Commerce Program Judges Pro Tempore.* The Administrative Judge or designee shall designate a panel of Commerce Program Judges Pro Tempore from among volunteers nominated and approved by the Philadelphia Bar Association Business Law Section, Business Litigation Committee, who shall be distinguished attorneys engaged in active practice of law with no less than fifteen (15) years trial experience including a practice focused on the type of litigation described in section B.1. above (Cases Subject to Commerce Program). Commerce Program Judges Pro Tempore shall serve without charge. Persons may be added to or removed from the panel as the Administrative Judge or designee may determine consistent with the qualifications above.

The Court may order a Commerce Program case to be assigned for Settlement Conference to a Commerce Program Judge Pro Tempore who shall, on a date certain, hold a Settlement Conference which must be attended by trial counsel representing the parties and any unrepresented parties. Counsel and unrepresented parties shall provide to the Commerce Program Judge Pro Tempore prior to the Settlement Conference a fully completed Settlement Memorandum, in a form to be established by the Commerce Program Judges. The Commerce Program Judge Pro Tempore on such a referral is not authorized to rule on any motions, but will attempt to facilitate a settlement between the parties.

2. *Mediation. a. Referral to Mediation and Selection of Mediator.* Commerce Program cases may be referred to nonbinding mediation at the discretion of the Commerce Program Judge, who may make such referrals at the time of the Case Management Conference, at a Trial Scheduling Conference referenced above, or at another time. Where appropriate and whether or not mediation is pursued at an early stage of the litigation, the Commerce Program Judge has the discretion to refer cases to nonbinding mediation at a later stage of the proceedings.

The Court may permit the parties to choose the mediator from among the panel of Commerce Program Judges Pro Tempore, or agree to pay for a mediator not on the panel. The order of reference to mediation shall not stay or delay any scheduling dates, unless the Court so orders.

b. *Conflicts of Interest.* A mediator to whom a case is assigned must disclose to the parties and to the Court any apparent conflict of interest. Unless the mediator

determines consistent with any applicable ethical requirements and guidelines that he or she should preside notwithstanding any such apparent conflict of interest and the parties and the Court agree that such mediator nevertheless shall preside, another mediator shall be selected.

c. *Confidentiality of Mediation.* The order referring an action to mediation shall require that the mediator report to the Court the disposition of the mediation in accordance with a schedule as determined by the Court, under the guidelines below. The order shall also provide that all information received by the mediator as to the merits of the matter, including the submitted memoranda, shall remain confidential and not be reported or submitted to the Court by the mediator or the parties, except as necessary in a stipulation of settlement agreed to by the parties.

d. *Mediation Procedure.* The first mediation session preferably shall be conducted within 30 days of the execution of the order of reference, unless the Court establishes a different schedule. At least ten days before the first session, each party shall deliver to the mediator a copy of its pleadings, any briefs filed in the action important to the mediation and a memorandum of not more than five pages (double-spaced), setting forth that party's contentions as to liability and damages. The memorandum shall be served on all parties, but shall be marked "Confidential, for Mediation Only," and may not be used, cited, quoted, marked as an exhibit or referenced in any proceedings. Attendance at the first mediation session shall be mandatory, and the mediator may require, in addition to the appearance of the attorneys, the presence of the parties or their representatives with authority to settle. If the first session is successful, the settlement shall be reduced to a stipulation, and the mediator shall submit forthwith the stipulation, the notice of discontinuance and the report of disposition to the Court. The report of disposition shall be on a form prescribed by the Court Administrator.

e. *Report; Extensions.* If the action is not settled upon completion of the first session, the mediator may schedule additional sessions on consent of the parties. However, at the end of the first session, any party or the mediator may terminate the mediation effort, and in that case the

mediator shall advise the Court forthwith that mediation has been terminated but shall not disclose the identity of any parties who terminated or did not terminate the mediation.

Except as set forth below, subsequent sessions should be concluded within 15 days from the date by which the first session was to have been held according to the order of reference. The mediator shall report to the Court as to the outcome of the mediation session(s) no later than 20 days from the date by which the first session was to have been held according to the order of reference.

If mediation cannot be concluded within 15 days from the date by which the first session was to have been held according to the order of reference, upon consent of all parties a 30-day extension of time to conduct further sessions may be granted by the mediator. If such extension is granted, the mediator shall report to the Court as to the success or lack of success of the additional sessions as soon as practicable but in any event no later than 5 days after the final mediation session.

All deadlines and relevant procedures shall be set forth in a standard form order of reference.

Rule 205.3. Praecepte to Transmit.

All filings which require action by a judge, or an assignment by the Court Administrator shall be accompanied by a praecipe to transmit on Prothonotary Form 205.3, and shall indicate the nature of the filing and what

action is being sought to move the matter forward. The purpose of the praecipe is to advise the Court of what may be necessary for a disposition (i.e., when a hearing is required; when a matter is ripe for disposition on the record; matters that can be immediately addressed) and to expedite action on the filing. When a non-jury trial or a hearing involving witnesses is being required, then the moving party shall list the witnesses to be presented and include an estimate as to the time required to present the case. In matters requiring a non-jury trial or hearing, opposing counsel is required to submit a report in WRITING to the Court Administrator within 10 days of the moving party's filing of the praecipe to transmit, (1) listing the names of the witnesses they will use at trial or hearing; and (2) an estimate of time required to present their case. Failure to file the praecipe to transmit or to indicate what action is required from the Court may result in denial of the relief sought. Failure to list witnesses may result in the preclusion of their testimony.

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 147]

Issuance of Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its October 5, 1999, meeting, adopted the following changes:

Amend § 147.2 (relating to general) by the addition of subsection (d) that requires new permit applicants to show proof they are authorized by their local governmental body to conduct the activity specified on the permit.

This amendment is adopted under the authority of 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Amendment to § 147.2

1. Introduction

To more effectively administer the wildlife permit system of the Commonwealth, the Commission at its June 8, 1999, meeting proposed, and at its October 5, 1999 meeting, finally adopted a change in § 147.2 to add subsection (d) requiring documentation that the privilege granted by a permit does not violate any local zoning ordinances or other local rule. This addition was adopted under authority contained in section 2901(b) of the code (relating to regulations for permits).

2. Purpose and Authority

The Commission is charged with the responsibility of regulating and issuing permits for the possession of game and wildlife and activities associated with that possession. Former permit regulations did not take into account local land use and other ordinances, which may impact on that possession or those activities. As a result, the Commission may have issued permits which allowed possession of wildlife or an activity that violated local law. A good example would have been a permit for possession of a tiger in a residential neighborhood. The adopted addition deals with these types of situations.

Section 2901(b) of the code authorizes the Commission to promulgate regulations "... for the issuance of any permit or ... to control the activities which may be performed under authority of any permit issued." This provision is the basis for the adopted change.

3. Regulatory Requirements

The adopted change requires all new applicants for permits to provide documentation that the proposed possession or activity complies with local requirements. It is anticipated that this will ordinarily be done in letter form.

4. Persons Affected

Persons wishing to apply for a Commission permit will be affected by the requirement.

5. Comment and Response Summary

One written comment was received from the Association of Township Supervisors totally in support of the adopted change.

6. Cost and Paperwork Requirements

There will be no additional charges imposed by the Commission. Municipalities may charge for furnishing the required documentation.

7. Effective Date

The change is effective on final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

8. Contact Person

For further information on the adopted change, contact Thomas R. Littwin, Acting Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA (717) 783-6526.

Findings

The Commission finds that:

(1) The public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Game Commission, 58 Pa. Code Chapter 147, are amended by amending § 147.2 to read as set forth at 29 Pa.B. 4169 (August 7, 1999).

(b) The Executive Director of the Game Commission shall submit this order and 29 Pa.B. 4169, and deposit it with the Legislative Reference Bureau as required by law.

(c) This order amending § 147.2 shall become effective upon final publication in the *Pennsylvania Bulletin*.

VERNON R. ROSS,
Executive Director

(Editor's Note: The proposal to add § 147.146, included in the proposed rulemaking at 29 Pa.B. 4169 (August 7, 1999), has been withdrawn by the Commission.)

Fiscal Note: 48-113. No fiscal impact; (8) recommends adoption.

Title 61—REVENUE

DEPARTMENT OF REVENUE

[61 PA. CODE CHS. 93 AND 94]

Inheritance Tax; Disclaimers of Nonprobate Taxable Assets

The Department of Revenue (Department), under the authority contained in section 2103 of the Tax Reform Code of 1971 (TRC) (72 P. S. § 9103), by this order amends Chapter 93 (relating to Inheritance Tax Division),

by adding § 93.141 (relating to disclaimers of nonprobate taxable assets) and deleting § 94.1 (relating to disclaimers of nonprobate taxable assets) to read as set forth in Annex A.

Purpose of Amendments

Based on the opinion and order issued from the Commonwealth Court in *In Re Estate of Bernecker*, 654 A.2d 246 (Pa. Cmwlth. 1995), the Department is revising its policy on the effectiveness of disclaimers of nonprobate taxable assets for Inheritance Tax purposes.

Explanation of Regulatory Requirements

Section 93.141(a) sets forth the scope and application of the regulation. Subsection (b) defines "disclaimer," "disclaimant" and "nonprobate taxable assets." Subsection (c) sets forth specific conditions the Department will utilize to determine whether a disclaimer executed in regard to nonprobate taxable assets and nontrust assets of a decedent is valid for Inheritance Tax purposes, when made by the disclaiming party, or the personal representative of a deceased individual, or the guardian or attorney-in-fact of an incapacitated person or minor to whom the interest would have devolved, absent the disclaimer. Filing requirements are in subsection (d) and notice requirements are in subsection (e).

With the adoption of § 93.141, the Department is deleting the statement of policy in § 94.1. The statement of policy provided the public with an explanation of the Department's policy on the effectiveness of disclaimers of nonprobate taxable assets for Inheritance Tax purposes pending the adoption of § 93.141.

Affected Parties

Resident and nonresident decedent estates containing nonprobate taxable assets subject to Pennsylvania Inheritance Tax may be affected by this regulation.

Comment and Response Summary

Notice of proposed rulemaking was published at 27 Pa.B. 4750 (September 13, 1997). This regulation is being adopted with changes to the proposed rulemaking.

The Department did not receive comments during the public comment period. No comments were received from the House Finance Committee or the Senate Finance Committee. Comments were received from the Independent Regulatory Review Commission (IRRC).

To adequately address the comments raised by IRRC and to provide a clear statement of the Department's policy relating to disclaimers of nonprobate taxable assets, the Department found it necessary to delete the proposed text of § 93.81 and adopt new language in a new Subchapter F, Disclaimer of Nonprobate Taxable Assets, § 93.141, to read as set forth in Annex A.

In response to IRRC's comments, the following revisions have been made to the regulation:

(1) IRRC's first comment concerned proposed subsection (a) of § 93.81. The subsection explained that the Department was revising its policy regarding disclaimers of nonprobate taxable assets to reflect the Commonwealth Court decision in *Bernecker*. IRRC indicated that the text should be set forth in the preamble and deleted from the regulation. In addition, the citation to *Bernecker* should be referenced in the notes of decision section in the *Pennsylvania Code*. The Department agrees with IRRC's comment and has deleted the language from the regulation and placed it in the preamble. The Department will

suggest that the *Bernecker* citation be incorporated in the notes of decisions section when the regulation is codified in the *Pennsylvania Code*.

(2) Proposed § 93.81(b)(2) provided, "The same rule applies to nonresident decedents with nonprobate taxable assets subject to Pennsylvania Inheritance Tax." IRRC's comment regarding this paragraph was that the provision was ambiguous and its location could be confusing. IRRC recommended that the Department move the provision to subsection (a) of the rulemaking and reword the provision to more clearly provide, "This regulation is applicable to all resident and nonresident decedents with nonprobate taxable assets subject to Pennsylvania Inheritance Tax." The Department agrees that the provision was not properly placed; however, instead of moving the provision to subsection (a), the Department has placed the language in the preamble.

(3) Proposed paragraph (3) under § 93.81(b) provided that the disclaimer shall be in writing and satisfy the requirements of 20 Pa.C.S. Chapter 62 (relating to disclaimers) in effect at the time the disclaimer is made. IRRC suggested that the phrase "in effect at the time the disclaimer is made" was unnecessary and should be deleted because disclaimers must satisfy the statutory requirements in effect at the time the disclaimer is executed. The Department agrees with IRRC's suggestion and has deleted the phrase from the final-form regulation (§ 93.141(c)(2)).

(4) In its comments, IRRC indicated that within proposed subsection (b), paragraphs (1)(i), (5) and (6) of § 93.81 do not use consistent terminology when referring to an individual who may be making a disclaimer. For clarity purposes, IRRC suggested that the Department use a uniform description when referring to individuals who may disclaim. The Department agrees with the suggestion and has completely reworded the provision in the final-form regulation (§ 93.141(c)).

(5) IRRC also commented on the citations to various county court of common pleas orphans' court division decisions set forth in the regulation. Their first concern was that the Department was applying county or local court holdings on a Statewide basis. Secondly, though the citations clarify the Probate, Estates and Fiduciary Code provisions regarding disclaimers and the TRC regarding disclaimers or renunciation for Inheritance Tax purposes, the subject regulation was promulgated under the Department's authority under the TRC. The subject regulation sets forth the treatment of disclaimers for Inheritance Tax purposes, not for probate purposes.

IRRC suggested that the Department delete the citations from the regulation. In addition, if the Department believes the cases will provide assistance to individuals and practitioners, the Department should explain the cases in the preamble and reference them in the notes of decisions section contained in the *Pennsylvania Code*.

The Department understands IRRC's concerns and has deleted the citations from the body of the regulation. The Department will suggest that the citations be incorporated in the notes of decisions section when the regulation is codified in the *Pennsylvania Code*.

(6) With regard to proposed § 93.81(b)(7), IRRC stated that the paragraph was ambiguous because it appears to require subparagraphs (i)—(iii) to occur in order to allow a personal representative to make a disclaimer on behalf of a decedent without court authorization. However, section 6202 of the Probate, Estates and Fiduciary Code (20 Pa.C.S. § 6202) allows a disclaimer to be made without

court authorization only when the will of the decedent so authorizes. To resolve this issue, IRRC proposed language to restructure the paragraph. The Department agrees that the proposed language could be confusing and has restructured the provision in the final-form regulation (§ 93.141(d)).

(7) IRRC's final comment related to the deletion of the Department's statement of policy relating to disclaimers of nonprobate taxable assets that appeared in § 94.1. IRRC noted that the preamble for the proposed rulemaking did not mention the statement of policy, nor did it indicate that the statement of policy would be deleted upon adoption of § 93.81; therefore, IRRC suggested that the statement of policy be deleted upon adoption of § 93.81.

It was the Department's intention to delete § 94.1 with the adoption of the regulation; however, reference in the proposal was not possible because the statement of policy was not codified when the proposed regulation began the review process. Consistent with IRRC's comment and the Department's intent, language has been added to the regulation which deletes § 94.1 upon the adoption of § 93.141.

Fiscal Impact

The Department has determined that the revenue impact of the regulation may be a nominal loss to the Commonwealth. In most cases, disclaimers are used to reduce the beneficiary's Federal Estate Tax, rather than Pennsylvania Inheritance Tax. Use of disclaimers would most likely be by beneficiaries whose rate or level of taxation would exceed that of parties receiving assets through probate. It is believed that disclaimers from lower rates of tax to higher rates of tax through the estate would be rare.

Paperwork

The amendments will not generate significant additional paperwork for the public or the Commonwealth.

Effectiveness/Sunset Date

The amendments will become effective upon final publication in the *Pennsylvania Bulletin*. The regulation is scheduled for review within 5 years of final publication. No sunset date has been assigned.

Contact Person

The contact person for an explanation of the amendments is Anita M. Doucette, Office of Chief Counsel, Department of Revenue, Dept. 281061, Harrisburg, PA 17128-1061.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 3, 1997, the Department submitted a copy of the notice of proposed rulemaking, published at 27 Pa.B. 4750, to IRRC and the Chairpersons of the House Committee on Finance and the Senate Committee on Finance for review and comment. In compliance with section 5(c) of the Regulatory Review Act the Department also provided IRRC and the Committees with copies of all comments received, as well as other documentation.

In preparing this final-form regulation, the Department has considered the comments received from IRRC, the Committees and the public.

This final-form regulation was deemed approved by the Committees on October 14, 1999, and was approved by

IRRC on October 21, 1999, in accordance with section 5.1(e) of the Regulatory Review Act (71 P. S. § 745a(e)).

Findings

The Department finds that:

(1) Public notice of intention to amend the regulations has been duly given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The amendments are necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Department, acting under the authorizing statute, orders that:

(a) The regulations of the Department, 61 Pa. Code, are amended by adding § 93.141 and by deleting a statement of policy in § 94.1 to read as set forth in Annex A. (*Editor's Note:* The proposal to add § 93.81 at 27 Pa.B. 4750 has been withdrawn by the Department.)

(b) The Secretary of the Department shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to form and legality as required by law.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

CHAPTER 93. INHERITANCE TAX DIVISION

Subchapter F. DISCLAIMERS OF NONPROBATE TAXABLE ASSETS

§ 93.141. Disclaimers of nonprobate taxable assets.

(a) *Scope and application.* Subsection (c) sets forth specific criteria the Department will utilize to determine whether a disclaimer executed in regard to either nonprobate taxable assets or nontrust assets of a decedent is valid for Inheritance Tax purposes, when the disclaimer is made by the disclaiming party, or the personal representative of a deceased individual, or the guardian or attorney-in-fact of an incapacitated person or minor to whom the interest would devolve, absent a disclaimer.

(b) *Definitions.* The following words and terms, when used in this section, have the following meanings, unless the context clearly indicates otherwise:

Disclaimant—Any party in an individual capacity, or a personal representative on behalf of a deceased indi-

vidual, or a guardian or attorney-in-fact on behalf of an incapacitated person or a minor who renounces or refuses to accept a transfer of property.

Disclaimer—A signed renunciation or refusal to accept an interest in property that describes the interest disclaimed. The disclaimer may disclaim, in whole or in part, any present or future interest, vested or contingent, including a possible future right to take as an appointee under an unexercised power of appointment or under a discretionary power to distribute income or principal.

Nonprobate taxable asset—Property transferred upon a decedent's death that is subject to Inheritance Tax but is not subject to administration by the personal representative of the decedent's estate.

(c) *Conditions.* Disclaimers of nonprobate taxable assets, including rights of survivorship interests in multiple-party accounts, titled tangible personal property or real estate, beneficial interests in third-party beneficiary contracts (that is, retirement benefit plans, annuity contracts, individual retirement accounts, Keogh Plan proceeds, matured endowment insurance policies and certain out-of-State government lottery contracts) and *intervivos* gifts are valid for Inheritance Tax purposes if the following conditions are met:

- (1) The disclaimer is made by a disclaimant.
- (2) The disclaimer is in writing and satisfies 20 Pa.C.S. Chapter 62 (relating to disclaimers).
- (3) The disclaimer is signed and dated by the disclaimant.
- (d) *Filing.*

(1) When the will of the decedent authorizes the personal representative to make a disclaimer on behalf of a decedent without court authorization, or when a disclaimant acts in his individual capacity, the personal represen-

tative or the individual shall sign and date the disclaimer within 9 months of the date of death of the decedent as provided in section 2116(c) of the TRC (72 P. S. § 9116(c)), attach a copy of the probated last will and testament to the Inheritance Tax return and file the documents referenced in this section with the Department.

(2) When the disclaimer is made by the personal representative of a deceased individual, or the guardian or attorney-in-fact, in accordance with 20 Pa.C.S. § 6202 (relating to disclaimers by fiduciaries or attorneys-in-fact), a petition, motion or other pleading as required by local rule shall be filed with the applicable county orphans' court and, within 9 months of the date of death of the decedent, the personal representative of a deceased individual, or the guardian or attorney-in-fact, shall attach a copy of the probated last will and testament to the inheritance tax return and file the documents referenced in this section with the Department. Filing the disclaimer with the applicable county orphans' court within 9 months of the date of death of the decedent satisfies the filing requirement. The disclaimer is not valid until the court authorizes the disclaimer.

(e) *Notice.* Notice of the filing of an estate's account and of its call for audit or confirmation shall include notice of the disclaimer under section 2116(c) of the TRC. This notice shall be given to the Pennsylvania Department of Revenue, Bureau of Individual Taxes, Inheritance Tax Division, Department 280601, Harrisburg, Pennsylvania 17128-0601.

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 51] Administrative Provisions

The Fish and Boat Commission (Commission) proposes to amend Chapter 51 (relating to administrative provisions). The Commission is publishing this amendment as a notice of proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendment relates to counties where the use of the field acknowledgment of guilt is authorized.

A. *Effective Date*

The proposed amendment, if approved on final rulemaking, will go into effect on January 1, 2000, or upon publication of an order adopting the amendment in the *Pennsylvania Bulletin*, whichever occurs later.

B. *Contact Person*

For further information on the proposed amendment, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This proposal is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. *Statutory Authority*

The proposed amendment is published under the statutory authority of Act 1999-41, which Governor Ridge signed on November 3, 1999. Section 5 of Act 41, among other things, limits the power of waterways conservation officers to accept field acknowledgments of guilt for summary violations as set forth in section 925 of the code (relating to acknowledgment of guilt and receipts for payment). The law will go into effect on January 1, 2000.

D. *Purpose and Background*

The proposed amendment is designed to implement Act 41, which provides that field acknowledgments of guilt shall be used only in counties the Commission may designate by regulation for that use upon a finding that the county has summary offense procedures that differ from those used in other counties. The Commission has found that Philadelphia County is a county that uses summary offense procedures that differ from Statewide procedures.

E. *Summary of Proposal*

The Commission proposes to designate Philadelphia County as a county where the use of the field acknowledgment of guilt is authorized.

F. *Paperwork*

The proposed amendment will not increase paperwork and will create no new paperwork requirements.

G. *Fiscal Impact*

The proposed amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed amendment will impose no new costs on the private sector or the general public.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendment to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically at "regulations@fish.state.pa.us." A subject heading of the proposal and a return name and address shall be included in each transmission. In addition, all electronic comments shall be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

[58 PA. CODE CH. 65] Special Fishing Regulations

The Fish and Boat Commission (Commission) proposes to amend § 65.24 (relating to miscellaneous special regulations). The Commission is publishing these amendments as a notice of proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendment relates to fishing.

A. *Effective Date*

The proposed amendment, if approved on final rulemaking, will go into effect on January 1, 2000, or upon publication of an order adopting the amendment in the *Pennsylvania Bulletin*, whichever occurs later.

B. *Contact Person*

For further information on the proposed change, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546,

P. O. Box 67000, Harrisburg, PA 17106-7000. This proposal is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. Statutory Authority

The proposed amendment is published under the statutory authority of section 2307 of the code (relating to waters limited to specific purposes).

D. Purpose and Background

The proposed amendment is designed to update, modify and improve Commission regulations relating to fishing. The specific purpose of the proposed amendment is described in more detail under the summary of proposal.

E. Summary of Proposal

A recent review of the Commission's regulations by the Bureau of Law Enforcement has revealed that there are two miscellaneous special regulations that state that the creel limit for trout is eight per day. When the Commission amended its Statewide trout regulations earlier this year to reduce the creel limit from eight to five, these miscellaneous regulations should have been amended as well. Accordingly, the Commission proposes the amendment to read as set forth at Annex A.

F. Paperwork

The proposed amendment will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The proposed amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed amendment will impose no new costs on the private sector or the general public.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendment to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Comments submitted by facsimile will not be accepted. Comments also may be submitted electronically at "regulations@fish.state.pa.us." A subject heading of the proposal and a return name and address shall be included in each transmission. In addition, all electronic comments shall be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

GAME COMMISSION

[58 PA. CODE CHS. 141 AND 143]

Hunting hours; conditions for appointment

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its October 5, 1999, meeting proposed the following amendments:

Amend § 141.4 (relating to hunting hours) by making an editorial change to paragraph (2). The proposed change is required as a result of the deletion of a subparagraph and resulting renumbering of the subsections.

Amend § 143.27 (relating to conditions for appointment) by raising the minimum security required for license issuing agents.

These proposed amendments will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposal of these regulations is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

These proposals were made public at the October 5, 1999, meeting of the Commission, and comments on these proposals may be sent to the Executive Director of the Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, until December 31, 1999.

Proposed Amendment to § 141.4

1. Introduction

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its meeting held on October 5, 1999, proposed an editorial change to § 141.4. The proposed change is required as a result of the deletion of a subparagraph and resulting renumbering of the subsections by a regulation finally adopted at the Commission's June 8, 1999, meeting. This change was proposed under sections 322(c)(1) and 2102(a) of the code (relating to powers and duties of the Commission and regulations).

2. Purpose and Authority

At its June 8, 1999 meeting, the Commission expanded hunting hours for hunting mourning doves by deleting paragraph (1) of § 141.4. In doing so, the Commission failed to change a reference in then paragraph (3) to "paragraph (2)," which became paragraph (1). The proposed change will remedy this situation.

Section 322(c)(1) of the code empowers the Commission to fix daily shooting or taking hours. Section 2102(a) of the code authorizes the Commission to promulgate regulations relating to the hunting of game or wildlife in this Commonwealth. The change was proposed under this authority.

3. Regulatory Requirements

The proposed change would not result in any additional regulatory requirements but rather would only clarify the existing regulation.

4. Persons Affected

The proposed change is editorial in nature and would not impact anyone.

5. Cost and Paperwork Requirements

The proposed change should not result in any additional cost or paperwork.

Proposed Amendment to § 143.27

1. Introduction

To more effectively manage the wildlife resources of this Commonwealth and administer its license issuing system, the Commission at its meeting held on October 5, 1999, proposed changing § 143.27 to raise the minimum security required for license issuing agents from \$10,000 to \$18,000. This change was proposed under section 2722(g) of the code (relating to regulations).

2. Purpose and Authority

With the July 1, 1999, effective date of amendments to the code providing for license fee increases, many hunting license issuing agents discovered that they did not have sufficient security to allow them to obtain adequate supplies of licenses for issuance. In addition to reducing the availability of licenses, this resulted in greater workload for the agents and the Commission by reason of the need to order licenses more frequently. As a result, the Commission has decided to propose amending § 143.27 to raise the minimum security to be posted by agents from \$10,000 to \$18,000.

Section 2722(g) of the code directs the Commission to adopt regulations for the administration, control and performance of license issuance. The proposed change is made under that authority.

3. Regulatory Requirements

The proposed change would increase the amount of security which must be posted by most hunting license issuing agents but should reduce the amount of time and effort required to order licenses.

4. Persons Affected

Hunting license issuing agents who post bonds would be affected by the proposed change.

5. Cost and Paperwork Requirements

The proposed change will result in additional cost to agents for security. At the same time, it should decrease the amount of paperwork and ordering costs. Also, agents did receive a fee increase when the license fees were increased.

Effective Date

The proposed changes will be effective on final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

Contact Person

For further information on the proposed changes, contact Thomas R. Littwin, Director, Bureau of Law Enforcement, (717) 783-6526, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

NOTICES

DELAWARE RIVER BASIN COMMISSION

Commission Meeting and Public Hearing

The Delaware River Basin Commission (Commission) will hold an informal conference followed by a public hearing on Wednesday, December 8, 1999. The hearing will be part of the Commission's regular business meeting. Both the conference and business meeting are open to the public and will be held in the Goddard Conference Room of the Commission's offices at 25 State Police Drive, West Trenton, NJ.

The conference among the Commissioners and staff will begin at 9:30 a.m. and will include a presentation on the inaugural meeting of the Water Management Advisory Committee, including a presentation on trends in potable water supplied by the Commission. Additional items for the conference session include a report on hydrologic conditions in the Basin; a report on activities of the Flow Management Technical Advisory Committee; a report on the Flood Response Meeting of December 2, 1999; a report on talks with the U.S. Army Corps of Engineers regarding alternative funding for the Commission and temporary drought storage at F.E. Walter Reservoir; and revisions to the Commission's proposed meeting schedule for 2000.

In addition to the following dockets, which are scheduled for public hearing at the 1 p.m. business meeting, the Commission will address the following: Minutes of the October 27, 1999 business meeting; announcements; report on Basin hydrologic conditions; reports by the Executive Director and General Counsel; and public dialogue. The Commission will also consider resolutions to: establish a Monitoring Advisory Committee; renew the Toxics Advisory Committee; expand the Water Quality Advisory Committee by adding members of the regulated community; authorize the Executive Director to contract for a flow management study; and amend Docket No. D-68-20 CP (Revised)—PSE&G Salem Nuclear Generating Station—to extend the expiration date of the docket to provide adequate time for its review.

The subjects of the hearing will be as follows:

1. *Holdover: Bucks County Water & Sewer Authority D-99-13 CP.* A project to rerate the Harvey Avenue sewage treatment plant (STP) from 0.9 million gallons per day (mgd) to 1.2 mgd for treatment of wet weather inflow. Located at the end of Harvey Avenue in Doylestown Borough, Bucks County, PA, the STP will continue to serve Doylestown Township, Doylestown Borough and Plumstead Township. Following high quality secondary treatment, effluent will continue to discharge to Cooks Run, a tributary of Neshaminy Creek.

2. *Telford Borough Authority D-86-7 CP Renewal.* A renewal of a ground water withdrawal project to supply up to 38.6 million gallons (mg)/30 days of water to the applicant's distribution system from Wells No. 1, 3, 4, 5 and 6. Commission approval on September 28, 1988 was extended to 10 years. The applicant requests that the total withdrawal from all wells remain limited to 38.6 mg/30 days. The project is located in Telford Borough, Bucks and Montgomery Counties and West Rockhill Township and Hilltown Township, Bucks County, in the Southeastern Pennsylvania Ground Water Protected Area.

3. *Panther Creek Partners D-87-66 (Revision 2) Renewal.* A renewal of a water allocation to supply up to 67 mg/30 days to the applicant's 84 megawatt culm-fired power plant which supplies electricity to the Metropolitan Edison power grid. Commission approval on June 27, 1990 was limited to 10 years and will expire unless renewed. No expansion of the approved withdrawal is proposed. A seasonal alternate water source will be provided by the Nesquehoning Borough Authority to offset pretreatment costs of the applicant's existing Lusanne Tunnel mine pool overflow withdrawal. Since treated wastewater will continue to be used to stabilize ash, no effluent discharge will occur. The project is located just west of the Nesquehoning Creek in Nesquehoning Borough, Carbon County, PA.

4. *Borough of East Stroudsburg D-92-72 CP.* A ground water withdrawal project to supply up to 28.2 mg/30 days of water to the applicant's distribution system from new Well No. 4, and to increase the withdrawal limit from all wells from 28.2 mg/30 days to 56.4 mg/30 days. The total combined withdrawal for the applicant's ground water and surface water withdrawals will remain at 75 mg/30 days. The project is located in the Borough of East Stroudsburg, Monroe County, PA.

5. *Citizens Utilities Water Company of Pennsylvania D-99-30 CP.* A project to transfer up to 2 mgd of potable water to the applicant's Glen Alsace District service area through an interconnection with the Reading Area Water Authority Maiden Creek Filtration Plant which draws from Lake Ontelaunee Reservoir; no increase in Reading's allocation is needed. The applicant will continue to serve development in Exeter Township and St. Laurence Borough, and has included design capacity for a projected future service area expansion in Robeson Township, all within Berks County, PA. The applicant currently supplies an average of 1.125 mgd from 17 wells and an existing interconnection with Mount Penn Water Authority, Berks County.

6. *Lonza, Inc. D-99-38.* A project to upgrade and expand the applicant's existing 0.06 mgd industrial wastewater treatment plant (IWTP) to provide Best Available Technology for treatment of 0.08 mgd for the applicant's Riverside Plant organic chemical manufacturing facility located on River Road in Upper Merion Township, Montgomery County, PA. Treated effluent will continue to discharge to the Schuylkill River by way of the Matsunk Creek culvert.

7. *Municipal Authority of the Borough of Minersville D-99-44 CP.* A project to modify the applicant's existing potable water treatment plant residual/wastewater management system by constructing two filter backwash holding tanks to replace the existing slow sand filter process. The 0.11 mgd treated effluent will be conveyed to the applicant's Reservoir No. 3 on Dyer Run, a tributary of the West Branch Schuylkill River, located in Cass Township, Schuylkill County, PA. No expansion of capacity is proposed.

8. *Gladys Brittingham Farm D-99-58.* A ground water withdrawal project to supply a maximum of 5.6 mg/30 days of water for irrigation of the applicant's farm crops from new Wells No. 162541 and 167042 in the Columbia aquifer. The water will irrigate approximately 26 acres of grain and vegetables. The project is located near the Town of Milton, Sussex County, DE.

Proposal to Amend Public Service Electric & Gas Company Docket D-68-20 CP (Revised), Salem Nuclear Generating Station, to extend the expiration date of the docket until 6 months after completion of review and approval by the New Jersey Department of Environmental Protection. The project is located in Lower Alloways Creek Township, Salem County, NJ and will continue to withdraw and discharge in the Delaware River in Water Quality Zone 5.

Documents relating to these items may be examined at the Commission's offices. Preliminary dockets are available in single copies upon request. Please contact Thomas L. Brand at (609) 883-9500, Ext. 221 concerning docket-related questions. Persons wishing to testify at this

hearing are requested to register with the Secretary at (609) 883-9500, Ext. 203 prior to the hearing.

Individuals in need of an accommodation as provided for in the Americans With Disabilities Act who wish to attend the hearing should contact the Secretary, Pamela M. Bush, at (609) 883-9500, Ext. 203 or the New Jersey Relay Service at (800) 852-7899 (TTY) to discuss how the Commission may accommodate their needs.

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated the EPA, Region III, Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA 0050521. Sewage, **Green Lane-Marlborough Joint Authority**, P. O. Box 45, Green Lane, PA 18054.

This application is for renewal of an NPDES permit to discharge treated sewage from Green Lane-Marlborough Joint Authority's sewage treatment plant in Green Lane Borough, **Montgomery County**. This is an existing discharge to Perkiomen Creek.

The receiving stream is classified for the following uses: warm water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 0.2 mgd are as follows:

Parameter	Average Monthly (mg/l)	Average Weekly (mg/l)	Instantaneous Maximum (mg/l)
CBOD ₅	25	40	50
Suspended Solids	30	45	60
Ammonia (as N)	20		40
Phosphorus (as P) (4-1 to 10-31)	2.0		4.0
Total Residual Chlorine (Issuance—Year 2) (Year 3—Expiration)	0.8 0.5		2.0 1.2
Fecal Coliform	200 colonies/100 ml as a geometric average		
Dissolved Oxygen	monitor/report		monitor/report (inst. min.)
pH	within limits of 6.0—9.0 standard units at all times		

Other Conditions:

PA 0088307. Sewage, SIC: 9179, **Snyders, LLP**, R. D. 1, Box 178, Glen Rock, PA 17327.

This application is for issuance of an NPDES permit for a new discharge of treated sewage to Conodoguinet Creek, in North Middleton Township, **Cumberland County**.

The receiving stream is classified for warm water fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was Carlisle Borough Water Treatment Facility located in North Middleton Township. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.0035 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	50

Persons may make an appointment to review the DEP files on this case by calling Mary DiSanto, File Review Coordinator, at (717) 705-4732.

The EPA waiver is in effect.

PA 0088234. Franklin Family Farms, Inc., 419 West High Street, Elizabethtown, PA 17022.

Franklin Family Farms, Inc. has submitted an application to the Department of Environmental Protection (Department) for an individual NPDES permit relating to an existing concentrated animal feeding operation (CAFO). The CAFO is located at 14627 Lurgan Road, Orrstown, PA 17244, in Lurgan Township, **Franklin County**. The CAFO is located near a tributary to Paxton Run, which is classified as a warm water fishery in the Conodoguinet Creek watershed. No construction of a new manure storage facility is proposed as the applicant proposes to continue to use two existing manure storage facilities.

The CAFO is an existing 2,800 sow to finish operation with 1,303 animal equivalent units.

The existing manure storage consists of a two stage HDPE lagoon system having a total capacity of 2.47 million gallons providing for a leak detection system meeting the requirements of the Department's Final Strategy for Meeting Federal Requirements for Controlling the Water Quality Impacts of Concentrated Animal Feeding Operations. The CAFO will be operated so that there will be no release or discharge to waters of the Commonwealth under normal operating conditions. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. On the basis of preliminary review and application of lawful standards and regulations and the Final CAFO Strategy, the Department proposes to issue an individual NPDES permit for the operation subject to the terms and conditions, effluent limitations, monitoring and reporting requirements specified in the draft permit. The proposed determination is tentative.

The permit application and proposed draft permit are on file at the Southcentral Regional Office of the Department. Persons may make an appointment to review the files by calling Mary DiSanto, File Review Coordinator, at (717) 705-4732.

The Environmental Protection Agency (EPA) permit review waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit. The Administrator of EPA Region III may review or object to any proposed NPDES permit actions.

Persons wishing to comment on the proposed permit are invited to submit written comment to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based. A public meeting/hearing may be held if the Department considers the public response or interest significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

PA 0003565. Industrial waste, SIC: 2895, **Morgan Advanced Materials and Technology, Inc.**, 441 Hall Avenue, St. Marys, PA 15857.

This proposed action is for renewal of an NPDES permit for an existing discharge of treated industrial wastewater to Mill Creek in Eulalia Township, **Potter County**.

The receiving stream is classified for the following uses: high quality cold water fishery, aquatic life, water supply and recreation. For the purposes of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is the PA/NY border approximately 36 river miles downstream.

The proposed effluent limits for Outfall 001, based on a design flow of 0.5 mgd, are:

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewaters into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection. Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department of Environmental Protection at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protests. Each writer will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

NPDES INDIVIDUAL

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6027.908).

Sections 302, 303, 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the site(s) identified below proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified below, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which

the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

Public Notice

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (DEP) has developed an "integrated plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that DEP has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code § 86.31—34 and § 77.121—23 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity, and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submit-

ting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

INDIVIDUAL PERMITS

(PAR)

APPROVALS TO USE NPDES AND OTHER GENERAL PERMITS

The following parties have submitted (1) Notices of Intent (NOIs) for coverage under General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth; (2) NOIs for coverage under General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; or (3) Notifications for First Land Application of Sewage Sludge.

The approval of coverage under these General Permits may be subject to one or more of the following: pollutant or effluent discharge limitations, monitoring and reporting, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection (Department) has reviewed the NOIs and determined that

they comply with administrative requirements of the respective permit application. Also, the Department has evaluated the First Land Application of Sewage Sludge for the sites applying for coverage under PAG-7, PAG-8 and PAG-9 and determined that the sites are suitable for land application of sewage sludge.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangement made for copying at the contact office noted.

The Department has acted on the following requests for coverage under the specified General Permit as follows:

**LAND RECYCLING AND
ENVIRONMENTAL REMEDIATION**

Under Act 2, 1995

Preamble 2

**The following final reports were submitted under
the Land Recycling and Environmental Remedia-
tion Standards Act (35 P. S. §§ 6026.101—6026.908.**

Provisions of Chapter 3 of the Land Recycling and
Environmental Remediation Standards Act (Act) require
the Department of Environmental Protection (Depart-
ment) to publish in the *Pennsylvania Bulletin* a notice of
submission of final reports. A final report is submitted to
document cleanup of a release of a regulated substance at
a site to one of the Act's remediation standards. A final
report provides a description of the site investigation to
characterize the nature and extent of contaminants in
environmental media, the basis for selecting the environ-
mental media of concern, documentation supporting the
selection of residential or non-residential exposure fac-
tors, a description of the remediation performed, and
summaries of sampling methodology and analytical re-
sults which demonstrate that the remediation has at-
tained the cleanup standard selected.

For further information concerning the final report,
please contact the Environmental Protection Regional
Office under which the notice of receipt of a final report

appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Pennypack Realty Co., City of Philadelphia, **Philadelphia County**. Russell D. Devan, P. G., Environmental Resources Management, 855 Springdale Drive, Exton, PA 19341, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with solvents. The report is intended to document remediation of the site to meet Statewide health and site-specific standards.

Spring Mill Estates North Parcel Site II, Upper Providence Township, **Montgomery County**. Mark Fortna, DelVal Soil & Environmental Consultants, Inc., Sky Run II Suite A1, 4050 Skyron Drive, Doylestown, PA 18901, has submitted a Final Report concerning remediation of site soil contaminated with pesticides. The report is intended to document remediation of the site to meet the Statewide health standard.

Upper Nike Property, Schuylkill and Tredyffrin Townships, **Chester County**. Joseph W. Standen, Jr., Leggette, Brashears & Graham, Inc., 426 Brandywine Parkway, West Chester, PA 19380, has submitted a Final Report concerning remediation of site soil contaminated with petroleum hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

Dixon Brothers Dry Cleaners (Former), City of Pittsburgh, **Allegheny County**. Maribeth Hook, Urban Redevelopment Authority of Pittsburgh, 200 Ross Street, Pittsburgh, PA 15219, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with solvents and PHCs. The report is intended to document remediation of the site to meet the site-specific standard.

Northwest Regional Office: Craig Lobins, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.

Silgan Containers Corporation Facility, 165 Railroad Street, Cambridge Springs Township, **Crawford County**, has submitted a Final Report concerning remediation of site soils and groundwater contaminated with lead and solvents. The report is intended to document remediation of the site to the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6027.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup on a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediations Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has acted upon the following plans and reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Hyman Korman, Co., City of Philadelphia, **Philadelphia County**. Carl J. Bones, Pennoni Associates, Inc., 3001 Market Street, Philadelphia, PA 19104, has submitted a Final Report concerning remediation of site soil contaminated with lead and BTEX. The report demonstrated attainment of the Statewide health standard and was approved by the Department on November 9, 1999.

Major Oil Co., City of Philadelphia, **Philadelphia County**. Mary Bilicic, Cody Ehlers Group, 140 Sherman Street, Fairfield, CT 06430, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report demonstrated attainment of the Statewide health standard and was approved by the Department on November 10, 1999.

AIR QUALITY

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted below. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least thirty days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Attn: Eric Gustafson, (814) 332-6940.

10-00079: BNZ Materials, Inc. (191 Front Street, Zelienople, PA 16063), in Zelienople Borough, **Butler County**. The facility's major emission sources include various clay and sawdust storage and handling equipment along with various natural gas fired dryers and kilns. The facility is a major facility due to its potential to emit carbon monoxide.

25-00541: Penn Union Corp. (229 Waterford Street, Edinboro, PA 16412), in Edinboro Borough, **Erie County**. The facility's major emission sources include a perchloroethylene batch cold cleaning degreaser, shot blast and grinding machines, electric induction furnaces and molten metal pouring stations and other miscellaneous natural gas fired process units. The facility is a major facility due to its potential to emit volatile organic compounds and perchloroethylene.

PLAN APPROVALS

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, Pa 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within thirty (30) days of receipt of written notice of this action unless the appropriate statute provide a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

E09-795. Encroachment. **Columbia Transmission Communications Corporation**, P. O. Box 10146, Fairfax, VA 22030-0146. Giving its consent to install and maintain a fiber optic utility line communication system across various wetlands, which are potential habitat to the Bog turtle (threatened and endangered species). The permittee agrees to follow the recommendations made by the Fish and Boat Commission and U. S. Fish and Wildlife Service regarding the construction methods for areas of concern along this route.

This project is a segment of the Chesapeake Network Fiber Optic Project, which will be installed along existing Columbia Gas Pipeline right-of-way. In Pennsylvania, this project will extend through **Lancaster, Chester, Montgomery, Bucks, Lehigh and Northampton Counties**. Wetland disturbance will be temporary and minimized. In Bucks County, this linear project will extend from a point in Milford Township (Milford Square USGS Quadrangle N: 3.5 inches, W: 9.5 inches) to a point in Springfield Township (Hellertown, USGS Quadrangle N: 6.1 inches; W: 12.2 inches) and will traverse Richland Township. The descriptions and locations of all crossings are listed on the following Table 1.1.

PENNSYLVANIA STREAM AND WETLAND CROSSINGS**

(*) The stream crossing will be completed in the dry. If there is flow at the time of construction, (and inserting is not available) the flow will be diverted away from the work area during construction and the conduit will be installed by plowing (or trenching as needed).

(**) These sites are committed by Transcom to be bored after consultation at USFWS office on regarding Bog Turtle Habitat.

(***) These sites are considered Bog Turtle habitat per M. McCarthy, USFWS on 9/15/99 and must be avoided, including equipment crossings.

(****) Crossing Methods and/or Restrictions per Andy Shiels, PAFBC letter dated 9/16/99.

E15-617. Encroachment. Columbia Transmission Communications Corporation. P. O. Box 10146, Fairfax, VA 22030-0146. Giving its consent to install and maintain a fiber optic utility line communication system across the following streams and wetlands:

1. West Branch of Brandywine Creek (TSF-MF) located approximately 1,000 feet northwest of the intersection Creek Road and Saw Mill Road (Coatesville USGS Quadrangle N: 12.7 inches, W: 3.6 inches) in Newlin Township, Chester County (Resource No. PA-36).

2. Broad Run (EV, MF) located approximately 1,300 feet south of the intersection of Broad Run Road and Chestnut Lane (Unionville USGS Quadrangle N: 15.5 inches, W: 15.95 inches) in West Bradford Township, Chester County (Resource No. PA-38).

3. Unnamed tributary of Broad Run (EV, MF) located approximately 3,300 feet northeast of the intersection of Broad Run Road and Beacon Hill Road (Unionville USGS Quadrangle N: 18.1 inches, W: 15.3 inches) in West Bradford Township, Chester County (Resource No. PA-38A).

4. Unnamed tributary of Broad Run (EV, MF) located approximately 1,800 feet north-northeast of the intersection of Strasburg Road (S.R. 0162), Romansville Road and Shadyside Road (Unionville USGS Quadrangle N: 15.15 inches, W: 16.55 inches) in West Bradford Township, Chester County (Resource No. PA-38B).

5. Unnamed tributary of Broad Run (EV, MF) located 500 feet northeast of the intersection of Poorhouse Road and Federal Drive (Unionville USGS Quadrangle N: 19.9 inches, W: 14.8 inches) in West Bradford Township, Chester County (Resource No. PA-39).

6. Birch Run (EV) and adjacent wetland (PEM) located approximately 600 west of the intersection of Hollow Road and Horseshoe Trail Downingtown (USGS Quadrangle N: 21.3 inches, W: 5.1 inches) in West Bradford Township, Chester County (Resource No. PA-52).

7. Unnamed tributary to Birch Run (EV) located approximately 2,000 feet west of the intersection of Hollow Road and Birchrun Road (Pottstown USGS Quadrangle N: 0.8 inch, W: 3.55 inches) in West Vincent Township, Chester County (Resource No. PA-53).

8. Unnamed tributary to Birch Run (EV) located approximately 1,600 feet north of the intersection of Hollow Road and Flowing Springs Road (Pottstown USGS Quadrangle N: 1.80 inches, W: 2.20 inches) in West Vincent Township, Chester County (Resource No. PA-54).

9. French Creek (TSF) located 300 feet west of the intersection of Pughtown Road and Sheeder Road (Phoenixville USGS Quadrangle N: 4.8 inches, W: 16.8 inches) in East Vincent and West Vincent Townships, Chester County (Resource No. PA-56).

In addition, the permittee agrees to follow the recommendations made by the Fish and Boat Commission and U.S. Fish and Wildlife Service regarding the construction methods for various wetland crossings along the fiber optic line route which may be potential habitat to the following threatened and endangered species: Bog turtle and Red-bellied turtle.

This project is a segment of the Chesapeake Network Fiber Optic Project, which will be installed along existing Columbia Gas Pipeline right-of-way. In Pennsylvania, this project will extend through **Lancaster, Chester, Montgomery, Bucks, Lehigh and Northampton Counties**. Wetland disturbance will be temporary and minimized. In Chester County this linear project will extend from a point in West Nottingham Township (Kirkwood USGS Quadrangle N: 7.6 inches, W: 6.25 inches) to a point in East Coventry Township Phoenixville USGS Quadrangle N: 15.1 inches, W: 11.5 inches) and will traverse East Nottingham, Lower Oxford, Upper Oxford, Londonderry, Highland, East Fallowfield, West Bradford, Caln, East Brandywine, Upper Uwchlan, West Vincent and East Vincent Townships. The descriptions and locations of all crossings are listed on the following Table 1.1.

PENNSYLVANIA STREAM AND WETLAND CROSSINGS**

(*) The stream crossing will be completed in the dry. If there is flow at the time of construction, (and inserting is not available) the flow will be diverted away from the work area during construction and the conduit will be installed by plowing (or trenching as needed).

(**) These sites are committed by Transcom to be bored after consultation at USFWS office on regarding Bog Turtle Habitat.

(***) These sites are considered Bog Turtle habitat per M. McCarthy, USFWS on 9/15/99 and must be avoided, including equipment crossings.

(****) Crossing Methods and/or Restrictions per Andy Shiels, PAFBC letter dated 9/16/99.

E46-840. Encroachment. **Columbia Transmission Communications Corporation**, P. O. Box 10146, Fairfax, VA 22030-0146. Giving its consent to install and maintain a fiber optic utility line communication system across the Green Lane Reservoir (TSF) located approximately 2,400 feet southwest of the intersection of Gravel Pike (S.R. 0029) and Knight Road (Perkiomenville USGS Quadrangle N: 18.00 inches, W: 15.8 inches) in Upper Frederick and Marlborough Townships.

In addition, the permittee agrees to follow the recommendations made by the PA Fish and Boat Commission and U.S. Fish and Wildlife Service regarding the construction methods for various wetland crossings along the fiber optic line route which may be potential habitat for the Bog turtle (threatened and endangered species).

This project is a segment of the Chesapeake Network Fiber Optic Project, which will be installed along existing Columbia Gas Pipeline right-of-way. In Pennsylvania, this project will extend through **Lancaster, Chester, Montgomery, Bucks, Lehigh and Northampton Counties**. Wetland disturbance will be temporary and minimized. In Montgomery County this linear project will extend from a point in Limerick Township (Phoenixville USGS Quadrangle N: 15.1 inches, W: 11.5 inches) to a point in Marlborough Township (Milford Square USGS Quadrangle N: 3.5 inches, W: 9.5 inches) and will traverse Upper Frederick Township. The descriptions and locations of all crossings are listed on the following Table 1.1.

SPECIAL NOTICES

Recycling Grant Awards under the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection announces the following grants to municipalities for recycling programs under section 902 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P. S. § 4000.902).

Grant funds are used to develop and implement recycling programs. Municipalities and counties are eligible for up to 90% funding of approved recycling program costs. Municipalities considered financially distressed under the Municipalities Financial Recovery Act (53 P. S. §§ 11701.101—11701.501) are eligible to receive funding for an additional 10% of approved costs. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101, and the availability of moneys in the Recycling Fund.

Inquiries regarding the grant offerings should be directed to Todd Pejack, Recycling Grants Coordinator, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, Rachel Carson State Office Building, P. O. Box 8472, Harrisburg, PA 17105-8472.

Availability of Technical Guidance

Technical Guidance Documents are on DEP's World Wide Web site (www.dep.state.pa.us) at the Public Participation Center. The "1999 Inventory" heading is the Governor's List of Nonregulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1999.

Ordering Paper Copies of DEP Technical Guidance

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Please check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

Draft Guidance—Substantive Revision

DEP ID: 013-2000-001 Title: Policy for the DEP Money-Back Guarantee Permit Review Program Description: In 1995, this policy was prepared in response to Executive Order (1995-5) which established processing times for certain DEP permits. In short, this policy states that if the Department fails to meet the processing time published, the Department will refund the permit processing fee. The recent changes to the Money-Back Guarantee Review Program are designed to clarify the reading of the information and of the overall (existing) process involved. Section I, C, *Updates to Website* is a newly added section. Anticipated Effective Date: January 10, 2000 Comment Period Ends: January 5, 2000 Contact: Kim Nelson at (717) 783-8552 or fax number (717) 783-8926, or E-mail at Hoke.Wanita@dep.state.pa.us

Final Guidance

DEP ID: 383-3310-609 Title: PADWIS Reporting Description: This guidance applies to all DEP staff who maintain the public water system inventory. This guidance establishes uniform instructions and protocol for accessing and printing computerized inventory data for public water systems in support of the Safe Drinking Water Program. Effective Date: December 4, 1999 Contact: Trudy Troutman at (717) 787-0122.

DEPARTMENT OF HEALTH

Notice of Rate Adjustment

Under 42 Pa.C.S. § 6152 (P.L. 1458, No. 145, as amended), the Secretary of Health is directed to adjust annually the amounts which may be charged by a health care facility or health care provider upon receipt of a request or subpoena for production of medical charts or records. Under 42 Pa.C.S. § 6152.1, the Secretary is directed to make a similar adjustment to the flat fee which may be charged by a health care facility or health care provider for the expense of reproducing medical charts or records where the request is for the purpose of supporting a claim or appeal under the Social Security Act or any Federal or State financial needs based benefit program.

The Secretary is directed to base these adjustments on the most recent changes in the consumer price index reported annually by the Bureau of Labor Statistics of the United States Department of Labor. For the annual period of October 31, 1998, through October 31, 1999, the consumer price index was 2.6%.

Accordingly, the Secretary provides notice that, effective January 1, 2000, the following payments may be charged by a health care facility or health care provider for production of records in response to request or subpoena:

	Not to exceed
Search and retrieval of records:	\$15.39
Amount charged per page for pages 1-20:	\$ 1.03
Amount charged per page for pages 21-60:	\$ 0.77

Search and retrieval of records:	Not to exceed \$15.39
Amount charged per page for pages 61-end:	\$ 0.26
Amount charged per page for microfilm copies:	\$ 1.54
Flat fee for production of records to support claims under Social Security Act or claims under other Federal or State financial needs based benefits programs	\$19.49

Questions or inquiries concerning this notice should be sent to: Helen Burns, Acting Director, Bureau of Facility Licensure and Certification, 930 Health and Welfare Building, Harrisburg, PA 17108, or call V/TT (717) 783-6514 for speech and/or hearing impaired persons or the Pennsylvania AT&T Relay Services at (800) 654-5984 [TT].

DEPARTMENT OF TRANSPORTATION

Retention of Engineering Firms

Montgomery County

Project Reference No. 08430AG2457

The Department will retain an engineering firm to perform environmental studies, preliminary engineering, final design, and construction consultation for S.R. 0202, Section 610, U.S. 202 Widening in Norristown Borough, East Norriton Township, and Whitpain Township, Montgomery County. This project is a portion of the Selective Widening Alternative for U.S. 202 from Johnson Highway in Norristown Borough to Morris Road in Whitpain Township, Montgomery County as outlined in the U.S. 202, Section 600, Pre-Final Environmental Impact Statement (April, 1998).

The limits of the project are from U.S. 202 from Johnson Highway in Norristown Borough, Montgomery County to Morris Road in Whitpain Township, Montgomery County; a distance of approximately 4.27 miles. The estimated construction cost of this portion is \$45 million.

The selected firm will be required to provide the following engineering and design services: surveys; roadway design; pavement design; preparation of cross sections; soils and geological investigations; erosion and sedimentation control design; right-of-way investigation and plan preparation; structure design; hydrologic and hydraulic analysis; preparation of traffic control, pavement marking and signing plans; traffic signal design; sign lighting plans; utility coordination and design; coordination with PUC, PennDEP, U.S. Army Corps of Engineers, municipal officials, and the public; preparation of final plans, specifications and estimates; shop drawing reviews; alternate design review; construction consultation; and all other related services required to complete the environmental studies, preliminary engineering, final design, and construction consultation for this project.

The selected firm will also be required to provide environmental mitigation services as specific in the Record of Decision (ROD) to complete the following: groundwater protection, wetland creation/replacement, hazardous waste contamination remediation, landscaping design, and noise abatement. These services will be conducted to complete the design and construction proposals. The selected firm will be required to provide all necessary environmental services, material and equipment necessary to collect, analyze and organize data, assess impacts, conduct agency and public involvement activities, and prepare reports and plans. The reports and other written graphic material to be prepared may include, but are not limited to, amended Section 106 documents, mitigation plan and reports, environmental re-evaluation documents; Section 4(f) evaluations, meeting minutes, and coordinating the development of the design with various agencies and special interest groups.

Firms that are currently serving, or are being considered for selection as municipal engineer in the municipalities listed in the project description will not be considered for this assignment. Also, firms that are under contract, or are being considered, to provide engineering services to a land developer for a site located along the project will likewise not be considered for this assignment.

Firms should state in the letter of interest that they are not serving in either capacity as a municipal engineer or as a representative of a site developer. Any questions concerning this requirement should be directed to Mr. Tim O'Brien, at the telephone number listed below.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen (15%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

Letters of interest will be evaluated at the Engineering District 6-0 with emphasis on the following factors listed in order of importance:

- Proven ability to meet project schedules and control costs.
- Specialized experience and technical competence of project manager and the individuals who constitute firm's team.
- Past record of performance on similar projects in work quality, and capability of coordination efforts between the Department, subconsultants, various agencies, and the public.
- Innovations and flexibility in thinking, particularly with respect to the needs of the local communities.
- Geographic location of the consultant with respect to District 6-0.

Engineering District 6-0 will announce the firms that have been shortlisted at an open public meeting to be held in Room 317 at 10:00 A.M. in the District office at 7000 Geerdes Boulevard, King of Prussia, PA 19406 on January 6, 2000.

This project reference assignment is considered complex. The letter of interest shall be limited to a maximum of five (5) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and six (6) additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Mr. Andrew L. Warren, District Administrator
 Engineering District 6-0
 200 Radnor-Chester Road
 St. Davids, PA 19087
 Attention: Mr. Randy Wanger, P.E.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 P.M. prevailing time on the sixth (6th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Tim O'Brien, P.E., District 6-0, at (610) 964-6526, or Mr. Randy Wanger, P.E., District 6-0, at (610) 964-6548.

Centre County

Project Reference No. 08430AG2458

The Department will retain an engineering firm to provide supplementary construction inspection staff of approximately nineteen (19) inspectors, under the Department's Inspector(s)-in-Charge for construction inspection and documentation services on S.R. 6220, Section C11, Centre County, Route 220 relocation. This project involves the construction of a four (4) lane limited access highway on new alignment approximately 1.4 miles in length with five (5) structures (one culvert and four multi-span bridges).

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of Traffic, soils, structures, concrete, asphalt paving, and drainage.
- b. Past Performance.
- c. Understanding of Department's requirements, policies, and specifications.
- d. Number of available inspectors in each payroll classification.
- e. Number of NICET certified inspectors in each payroll classification.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	2 (2)

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Ins. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	3 (3)
Transportation Construction Inspector—Materials (TCI-Materials) (NICET Highway Materials Level 2 or equivalent)	1 (1)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	10 (6)*
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	3 (0)

- * One TCI must be CDS certified
- One TCI must be Concrete certified
- One TCI must be Bituminous Field certified

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1999:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCM-1)	\$46.27
(TCIS)	\$40.54
(TCI-Materials)	\$36.55
(TCI)	\$35.47
(TA)	\$24.39

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Depart-

ment in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation, or construction.

The firm selected will be required to supply the following equipment at no direct cost to the Department:

1 Nuclear Densometer Gauge/License (at point of need when needed)

5 Cellular Phones

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section after the advertised project(s).

Letters of interest for this project must include a letter, signed by the individuals you propose for all TCM-1 or TCIS positions, giving their approval to use their name in your letter of interest for this specific project.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCM-1	3
TCIS	4
TCI-M	2
TCI	12

No resumes are required for the TA Classification.

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Mr. George M. Khoury, P.E., District Engineer
 Engineering District 2-0
 1924-30 Daisy Street, P. O. Box 342
 Clearfield, PA 16830

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 P.M. prevailing time on the sixth (6th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Steven L. Fantechi, P.E., District 2-0, at (814) 765-0677.

Philadelphia County

Project Reference No. 08430AG2460

The Department will retain an engineering firm to perform preliminary engineering, environmental documentation, final design and services during construction for S.R. 0095, Section BR1, Delaware Expressway (I-95) in the City of Philadelphia, from Wheatsheaf Lane to Orthodox Street, a distance of approximately 1.294 km (0.804 miles). The estimated construction cost of this project is \$60 million. The expressway reconstruction will include structure replacement, structure rehabilitation and modification, roadway reconstruction, roadway improvements (signs, lighting and drainage) and landscaping.

The selected firm will be required to provide the following engineering, environmental and design services: C.E.E. Level IV/Section 4(f) document preparation; surveys; roadway design; drainage design; roadside development design; preparation of cross sections; erosion and sedimentation control design; structure design; subsurface boring, sampling and testing; noise analysis; preparation of traffic control plans, pavement marking and signing plans; traffic signal design; traffic analysis; utility coordination; coordination with public agencies, municipal officials, the public, and all other related services to complete preliminary engineering, environmental documentation, final design and services during construction.

Firms that are currently serving, or are being considered for selection, as municipal engineer in the municipality listed in the project description will not be considered for this assignment. Also, firms that are under contract, or are being considered, to provide engineering services to a land developer for a site located along the project will likewise not be considered for this assignment. Firms should state in the letter of interest that they are not serving in either capacity as a municipal engineer or as a representative of a site developer. Any questions concerning this requirement should be directed to Mr. Michael J. Girman, III, at the telephone number listed below.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen (15%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

Letters of Interest will be evaluated at the Engineering District 6-0 office with emphasis on the following factors listed in order of importance:

a. Specialized experience and technical competence of the firm including the firm's experience with similar type projects and their ability to provide innovative solutions to complex technical problems.

b. Experience of employees to be associated with this project. Particularly important are the key people assigned to the project including their experience and past record of performance with similar projects.

c. Past performance record.

d. Relative size of firm to size of project to be completed under this Agreement.

e. Innovations and flexibility in thinking, particularly with respect to the needs of the local communities.

f. Geographic location of the consultant with respect to District 6-0.

Engineering District 6-0 will announce the firms that have been shortlisted at an open public meeting to be held in the District Office at 7000 Geerdes Boulevard, King of Prussia, PA on January 5, 2000.

This project reference assignment is considered complex. The letter of interest shall be limited to a maximum of five (5) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and six (6) additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Mr. Andrew L. Warren, District Administrator
Engineering District 6-0
200 Radnor-Chester Road
St. Davids, PA 19087
Attention: Mr. Michael J. Girman, III

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 P.M. prevailing time on the sixth (6th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Tim O'Brien, P.E., District 6-0, at (610) 964-6526, or Mr. Michael J. Girman, III, District 6-0, at (610) 964-6530.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

All consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

By submitting a letter of interest for the projects that request engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania. A firm not conforming to this requirement may submit a letter of interest as a part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

The requirements for Letters of Interest, in addition to the requirements stipulated in the individual advertisement, are as follows:

1. The Letter of Interest must include the project reference number, the firm's legal name, and the firm's federal identification number.
2. Identify the project manager.
3. Identify subconsultants, if any, including DBE/WBE, if required.
4. Identify key project staff.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who

submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

FISH AND BOAT COMMISSION

Designation of 1999 Class A Wild Trout Waters

The Fish and Boat Commission (Commission) has approved the list of Class A Wild Trout Streams as set forth at 29 Pa. B. 4624 (August 28, 1999) and 29 Pa.B. 4831 (September 11, 1999). Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling that it provides. Class A wild trout populations represent the best of the Commonwealth's naturally reproducing trout fisheries. The Com-

mission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the designated standing committees may issue comments within 20 days of the close of the public comment period, and the Commission may issue comments within 10 days of the close of the committee comment period. The Commission comments are based upon the criteria contained in section 5a(h) and (I) of the act (75 P. S. § 745.5a(h)(I)).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulations must be submitted by the dates indicated.

<i>Reg No.</i>	<i>Agency/Title</i>	<i>Issued</i>	<i>Final-Form Submission Deadline</i>
15-410	Department of Revenue Utility Gross Receipts Tax	11/18/99	10/18/01

(29 Pa.B. 4873 (September 18, 1999))

Department of Revenue Regulation No. 15-410

Utility Gross Receipts Tax

November 18, 1999

We have reviewed this proposed regulation from the Department of Revenue (Department) and submit for consideration the following objections and recommendations. Subsections 5.1(h) and 5.1(i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) specify the criteria the Commission must employ to determine whether a regulation is in the public interest. In applying these criteria, our Comments address issues that relate to statutory authority, consistency with the statute, legislative intent, reasonableness, need and clarity. We recommend that these Comments be carefully considered as you prepare the final-form regulation.

1. Section 160.21. Scope.—Consistency With Statute and Clarity.

This section appears to accurately describe the Department's scope. However, portions of the regulation give the impression that the Department is responsible for areas beyond this scope.

The regulation appears to address Electric Generation Supplier (EGS) licensing in Section 160.41, and the possibility of double taxation of customers in Section 160.31. Under section 2809 of the Electricity Generation

Customer Choice and Competition Act (act) (66 Pa.C.S. § 2809), the Public Utility Commission (PUC) is authorized to handle these issues. The PUC has authority over the EGS' license and the associated bond ensuring financial responsibility. Section 2809(c)(2) of the act allows an Electric Distribution Company (EDC) that had to pay an EGS' tax to "collect or seek reimbursement of the tax so paid from the electricity provider [EGS] or any other appropriate party that used the electricity in this Commonwealth." (Emphasis added.) While the potential exists for a double tax, this would occur in ratemaking proceedings under the PUC's jurisdiction, not collection proceedings undertaken by the Department.

Therefore, the Department should clarify the scope of the regulation both within this section and in other sections as stated later in these comments.

2. Section 160.22. Definitions.—Consistency With Statute, Legislative Intent, Reasonableness, Need and Clarity.

Failure to otherwise comply.

The Department should explain the intent of the definition for "failure to otherwise comply." What is the meaning of the phrase "all applicable taxes under the TRC [Tax Reform Code]?" (Emphasis added.) Section 2809(c) of the act directs an EGS to certify to the PUC payment of taxes imposed by Articles II and XI of the TRC. Does the Department intend this phrase to apply to all taxes or just to the gross receipts tax?

The definition should also clarify the meaning of the phrase "within the time period and in the manner provided by law" by citing the appropriate statute. Additionally, how was the compliance standard "paying less than 75%" derived?

Related services.

The definition of "related services" is vague. Further, it appears this term is used only in the definition of "sales of electric energy." The Department should explain the need for this term. If it's needed, the Department should clarify the meaning of the term by incorporating its substance in the definition of "sales of electric energy."

Retail electric customer.

This regulation refers to the statutory definition of "retail electric customer." However, the Department uses terms such as "end-use customer" and "end-user" in different parts of the regulation. Since terms such as end-user are included in the statutory definition of "retail electric customer," we recommend consistent use of that term.

Sales of electric energy.

The regulation's definition of "sales of electric energy" appears to be broader than subsection 2810(j) of the act. The regulation's definition includes items such as "capacity charges," "demand charges" and "related services" not mentioned in the act. What is the basis for including these additional items and expanding the statutory term in the regulation?

State tax information.

This term is defined as "the information maintained by the Department that is necessary for the administration of 66 Pa.C.S. §§ 2806 and 2809. . . ." Since it is only used in subsection 160.41(d), it may be clearer to define the specific information in subsection 160.41(d).

3. Section 160.31. Tax on the use of electricity.—Statutory Authority, Reasonableness, Need and Clarity.

Subsection (a) Tax imposed.

The Preamble states that subsection (a) describes when the tax on the use of electricity will be imposed on an EDC under sections 2806(g)(3)(iii) and 2809(c)(2) of the act. As written, subsection (a) is confusing. It rephrases the statute and uses terms not found in sections 2806(g)(3)(iii) and 2809(c)(2). Since the statute provides a clear description of the circumstances under which an EDC must remit the unpaid tax of an EGS, language is not needed beyond the statutory citations.

Subsection (b) Failure of electricity supplier to report and pay tax on gross receipts.

In Subsection (b)(2), the Department uses the EDC's "shopping credit provided to customers" to estimate unpaid taxes. The PUC commented that shopping credits are a transition device that will cease to exist when the transition to competition is completed. The PUC believes a better surrogate for estimating gross receipts is the "Provider of Last Resort" generation rate. Therefore, the Department should use a reasonable rate that will continue to exist after the transition to competition is complete.

Subsection (c) Indemnification of electric distribution company that has paid use tax.

There are three concerns with this subsection.

First, subsection (c) is confusing. This subsection addresses problems that occur after the Department has collected the tax. The resolution of these problems is under the PUC's jurisdiction. Therefore, subsection (c) is not needed or appropriate.

Second, the phrase "may collect or seek indemnification or reimbursement" is vague. For clarity, the Department should explain the difference between these terms. If there is no difference, the Department should eliminate one of the terms.

Finally, the phrase "or from the end-user of the electricity in this Commonwealth" is vague. Why would an EDC file with the Department when seeking reimbursement from an end-user? Additionally, as noted above, the term "end user" should be replaced with "retail electric customer."

Subsection (d) Duplicate payments.

Subsection (d) doesn't describe how and when the Department will refund an over-collection of tax. Also, it doesn't require notification to the PUC, which may have separate ongoing proceedings involving the EGS and EDC. The Department should add procedures for reimbursement to the EDC when duplicate payments are made and explain how notice of the outcome of these procedures would be given to the PUC.

Subsections (d)(2) and (d)(3) specify how an EDC must reflect taxes on the customer's bill. Billing is under the PUC's jurisdiction. Therefore the Department should delete subsections (d)(2) and (d)(3).

Subsection (e) Effect on unpaid gross receipts tax.

Subsection (e) states that the liability of the EGS for unpaid tax, interest or penalties is not extinguished when the EDC is forced to pay the EGS' tax. This subsection should also specify that the EDC is not responsible for penalties or interest assessed against the EGS.

4. Section 160.41. Electric generation license procedures.—Statutory Authority, Reasonableness, Need and Clarity.

Licensing.

Naming this section "Licensing" is unclear. This section relates to actions the Department, with the cooperation of the PUC, may initiate against an EGS that hasn't settled its tax liability. The title of this section could also cause confusion with the actual licensing procedures contained in the PUC's regulations. For clarity, the Department should consider renaming this section "Electric Generation Supplier Tax Liability."

Coordination of information.

Subsection (a) states "Upon request from the Commission, the Department will confirm that an applicant has no tax liabilities. . . ." Subsection (b) requires that "the Commission shall provide the Department with a list of licensed electric generation suppliers. . . ." Subsection (d) states that "the Commission may request the state tax information necessary to ascertain compliance with the requirements for licensure or to institute licensure revocation proceedings."

The PUC objects to being directed by the Department to provide information. However, in the same comments, the PUC affirms it will continue its practice of cooperating with the Department. Clearly, the Department and the PUC must coordinate information. However, this information could be exchanged by means other than directives in regulation, such as through a Memoranda of Understanding. The Department should explain the need and authority for placing this requirement on the PUC in this regulation.

Subsection (a) License application.

Subsection (a) uses the phrase "an applicant has no liabilities not subject to appeal." The use of a double negative affects the clarity of this sentence. The Department should rewrite Subsection (a).

Subsection (b) Licensed electric generation suppliers.

We have four questions on this subsection. First, subsection (b) requires the PUC to provide the Department with specific information about any EGS. This directive does not appear in the act. Therefore, we request the Department provide the statutory basis for this provision. As an alternative, the language could state the Department will "request" the information from the PUC.

Second, among the information the PUC shall provide the Department is "similar identification numbers." We are unsure as to the meaning of this phrase. The Department should define or clarify "similar identification numbers."

Third, the Department asks for "any other information the Department will require." This phrase is vague. Is this information related to the gross receipts tax status of an EGS or other tax liability? The Department should revise this phrase to state what other information the PUC will be required to submit.

Finally, we question the inclusion of the dates, May 1, 1998, and July 30, 1998, in this subsection. We understand that these dates are specifically stated in the act. However, using "1998" is confusing, as these dates have passed. To improve clarity, the Department should consider using solely "May 1" and "July 30."

Subsection (c) Procedures.

Subsection (c)(1) uses the terms "applicant," "EGS" and "entity." For clarity, the Department should replace "entity" with "applicant or EGS."

Additionally, subsections (c)(2) and (c)(3) outline the timeline for actions the Department may take to correct the failure to otherwise comply for an "entity." The Department should insert "applicant or EGS" in these two subsections.

In subsections (c)(1) and (c)(2), the Department uses a 45-day compliance period. How did the Department arrive at this 45-day period? For clarity, the Department should cite where the 45-day period is found or explain why this time period is appropriate.

Subsection (c)(3) states the Department will make a recommendation to the PUC to "deny an application for licensure or institute license revocation proceedings, as applicable." The Department should notify the PUC when an EGS has not paid its taxes. However, what is the purpose of the recommendation, since the PUC makes the final determination? The Department should explain the need for, and usefulness of, its recommendations relating to licensure.

Subsection (d) State tax information.

This subsection states "The Commission may request the State tax information necessary to ascertain compliance. . . ." We have two concerns with this subsection.

First, does the "State tax information" consist of information on all taxes as outlined in the TRC, or just gross receipts taxes? The regulation should clarify this.

Second, the Department should explain why the regulation directs the PUC to ask the Department for State tax information in the instance of a licensure revocation proceeding. Why wouldn't the Department disclose this information in the notice to the PUC as proposed in subsection (c)(3)?

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing, as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with their company's termination of the insured's automobile policies. The hearings will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). All administrative hearings are held in the Insurance Department Offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearings will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Anne R. Congilio; file no. 99-494-90701; Travelers Property and Casualty; doc. no. E99-11-009; December 28, 1999 at 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of

replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearings, and require an auxiliary aid, service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Review Procedure Hearings under the Unfair Insurance Practices Act

The following insurer has requested a hearing as authorized by section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) in connection with the termination of the insured's residential or personal property policy. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice. All administrative hearings are held in the Insurance Department Offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Aegis Security Insurance Company; file no. 99-121-06167; Kelly Broschart; doc. no. P99-11-005; December 21, 1999, at 9 a.m.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files and other necessary evidence. The insured must bring all documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The hearing will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) and the regulations set forth at 31 Pa. Code § 59.7(e) (relating to appeal procedure). Under 31 Pa. Code § 59.7(e)(5), procedural matters will be in conformance with 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) unless specific exemption is given.

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if

any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

PORT OF PITTSBURGH COMMISSION

Independent Auditors' Report

Board of Directors
Port of Pittsburgh Commission
Pittsburgh, Pennsylvania

We have audited, in accordance with generally accepted auditing standards, the balance sheet of Port of Pittsburgh Commission Special Revenue Fund (Commission), a component unit of the Commonwealth of Pennsylvania, as of June 30, 1999, and the related statement of revenues, expenditures and changes in fund balance for the year ended (not presented herein); and, in our report dated September 8, 1999, we express an unqualified opinion on those financial statements.

As described in the following summary financial information of the Commission as of and for the year June 30, 1999 is not a presentation in conformity with generally accepted accounting principles. In our opinion, however, the accompanying summary financial information is fairly stated, in all material respects, in relation to the financial statements from which it has been derived.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
