READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

RULES AND REGULATIONS

Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 53, 93 AND 109]

Personal Flotation Devices; Issuing Agents; Parasails

The Fish and Boat Commission (Commission) by this order amends Chapters 55, 93 and 109. The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The amendments relate to Commission property and boating.

A. *Effective Date*

These amendments will go into effect upon publication of an order adopting the amendments.

B. *Contact Person*

For further information on the amendments, contact Laurie E. Shepler, Assistant Counsel (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. *Statutory Authority*

These amendments are published under the statutory authority of sections 741, 5122 and 5123 of the code (relating to control of property; registration, licenses, permits, plates and statistics; and general boating regulations).

D. *Purpose and Background*

The amendments are designed to update, modify and improve Commission regulations pertaining to Commission property, issuing agents and boating. The specific purpose of the amendments is described in more detail under the summary of changes. Prior to consideration by the Commission on proposed rulemaking, the Commission's Boating Advisory Board reviewed all proposals relating to boating and recommended that the Commission approve the publication of a notice of proposed rulemaking containing the amendments.

E. *Summary of Changes*

(1) *Section 53.8 (relating to boats)*. In response to a request by an individual boater, the Commission in the early 1990s approved the use of non-Coast Guard approved inflatable personal flotation devices (PFDs) by operators of sculls and rowing shells and racing kayaks. Without this exemption, these boats were excluded from Commission lakes because at the time no approved inflatable PFDs were available. In the spring of 1998, manufacturers began to make approved devices. With the introduction of these devices, the exemption is no longer needed.

Additional staff review of this regulation determined that it was redundant in that the requirement for PFD carriage is covered under § 97.1 (relating to personal flotation devices). Section 97.1(f) exempts sculls, shells and racing kayaks from the PFD requirements except on Commission and State Park lakes. The Commission therefore has adopted an amendment restating this restriction in § 53.8 to assure that there is no misunderstanding about the requirements.

(2) *Section 93.13 (relating to issuing agents)*. In an attempt to provide a greater opportunity for the boating

public to be able to register or transfer registration of a boat, the addition of businesses dealing in temporary tag services or messenger services as boat issuing agents will provide one-step service for the boater with regard to the registration of the boat trailer and boat. Currently these businesses fill out boat registration forms and bring them to the Harrisburg office for the issuance of temporary boat registration decals. This practice has placed an additional demand on the staff in the Registration Section. Boaters currently using these businesses for processing their boat registrations may at times leave with the impression that their boats are legally registered once the messenger or tag service has completed the application. Many of these messengers and tag services provide evening and weekend hours that will be a direct benefit to the public. The Commission therefore has amended § 93.13 to include temporary tag services or messenger services as issuing agents for temporary boat registrations.

(3) *Section 109.4 (relating to water skiing, aquaplaning, kite skiing and similar activities)*. In February 1998, the Commission received a letter requesting that it consider permitting the use of longer rope by commercial parasail operators using winch boats and platforms. This type of operation is common in resort areas and has been successfully used for many years. The benefit of using a winch boat and platform is that rope up to 1,200 feet is possible. This gives the user a greater thrill than the standard 300 foot length currently permitted in this Commonwealth. Additionally, the user is able to take his trip and unless planned can take off and land on the boat without getting in the water. Overall, this type of operation is safer than a nonplatform boat or taking off from the shore or dock. Therefore, the Commission has amended this section to allow ski tow ropes of 600 feet for commercial winch boat parasails.

F. *Paperwork*

The amendments will not increase paperwork and will create no new paperwork requirements.

G. *Fiscal Impact*

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments will impose no new costs on the private sector or the general public.

H. *Public Involvement*

A notice of proposed rulemaking containing the proposed amendments was published at 28 Pa.B. 5132 (October 10, 1998). The Commission did not receive any public comments regarding the proposals.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and no comments were received.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 53, 93 and 109, are amended by amending §§ 53.8, 93.13 and 109.4 to read as set forth at 28 Pa.B. 5132.

(b) The Executive Director will submit this order and 28 Pa.B. 5132 to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order and 28 Pa.B. 5132 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

PETER A. COLANGELO,
Executive Director

Fiscal Note: Fiscal Note 48A-85 remains valid for the final adoption of the subject regulations.

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 65]

Raystown Lake and Youghiogheny River; Miscellaneous Special Regulations

The Fish and Boat Commission (Commission) by this order amends Chapter 65 (relating to special fishing regulations). The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The amendment relates to fishing.

A. Effective Date

These amendment will go into effect upon publication of an order adopting the amendment.

B. Contact Person

For further information on the change, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. Statutory Authority

This amendment is published under the statutory authority of section 2102 of the code (relating to rules and regulations).

D. Purpose and Background

This amendment is designed to update, modify and improve Commission regulations pertaining to fishing. The specific purpose of the amendment is described in more detail under the summary of changes.

E. Summary of Changes

Section 65.24 (relating to miscellaneous special regulations).

(1) In 1991, the Commission received requests for the issuance of net permits under section 2902 of the code (relating to net permits) to use throw or cast nets to take gizzard shad and alewife in Lake Raystown. Based upon the recommendations of the Bureaus of Law Enforcement and Fisheries, and after discussion at a FUTURE

Taskforce meeting, the Executive Director exercised his discretion to issue the permits subject to certain conditions. In 1998, the Commission issued about 160 cast net permits valid for Lake Raystown only to be used exclusively for the seining of gizzard shad and alewife. The nets are limited to a 6-foot radius (12-foot diameter). Although the original discussion indicated that mesh size should be no less than 1/2 inch, the vast majority of the current permits cover mesh size of at least 3/8 inches. Six of the current permits cover nets with 1/8 inch mesh.

This program has worked well on Lake Raystown, and the Commission has received requests to issue similar permits for cast nets or throw nets for use on other waters. The original intent, however, was to limit these permits to Lake Raystown, and the Commission believes that it would be inappropriate to expand the program at this time.

Although no regulatory action is required to maintain the program in its present scope since the issuance of these permits on a discretionary basis is expressly authorized by both statute and regulation, the Commission believed that it was desirable to spell out the guidelines for use of cast nets and throw nets in its regulations and the Summary booklet. The Commission, therefore, has adopted a new regulation that will allow the present practice to continue with standardized guidelines for net size and mesh size. The new regulation also makes it clear that these permits will only be issued for Lake Raystown.

(2) The Youghiogheny River, located in Somerset, Fayette, Westmoreland and Allegheny Counties, provides a popular coldwater fishery in southwestern Pennsylvania. As a result of the coldwater release from Youghiogheny River Lake, 28.3 miles of the river is managed to provide trout angling opportunities. Present management provides for catchable trout angling opportunities on the 1.1 mile section from the outflow of the lake downstream to the confluence with the Casselman River, and an additional 27.2 miles downstream of the confluence with the Casselman River managed with the planting of fingerling trout. Currently, the section of the river from the confluence with the Casselman River downstream to the mouth is managed under § 65.24. Under this regulation, there is no closed season on trout, a minimum size limit of 7 inches, a creel limit of 8 trout per day from opening day through Labor Day and a three trout per day creel limit until the following opening day of trout season.

The provision of the coldwater release offers an opportunity to enhance the quality of the coldwater fishery on the Youghiogheny River. Therefore, the Commission has designated a 3.5 mile section (from the confluence with Ramcat Run downstream to the pipeline crossing at the confluence with Lick Run) to be regulated and managed under § 65.4a (relating to all-tackle trophy trout). This regulation provides for year 'round trout angling with no tackle restriction and a 14 inch minimum size limit and two trout daily creel limit during the regular trout season (8 a.m. opening day through midnight Labor Day) and no harvest permitted during the remainder of the season. Because the Commission has added this stream section to its all-tackle trophy trout program, the Commission has adopted an amendment to clarify the length of the section described in § 65.24.

In Annex A of the notice of proposed rulemaking, the section to be amended was incorrectly referred to as § 64.24, instead of § 65.24. The Commission corrected

this error on final rulemaking. The Commission otherwise adopted the amendment as proposed.

F. Paperwork

The amendment will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendment will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking containing the proposed amendments was published at 28 Pa.B. 5134 (October 10, 1998). The Commission did not receive any public comments regarding the proposal.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and no comments were received.

(3) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 65, are amended by amending § 65.24 to read as set forth at 28 Pa.B. 5134.

(b) The Executive Director will submit this order and 28 Pa.B. 5134 to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order and 28 Pa.B. 5134 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 111]

Special Regulations Counties; Wyoming County

The Fish and Boat Commission (Commission) by this order amends Chapter 111 (relating to special regulations counties). The Commission is publishing this amendment under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The amendment deals with boating.

A. Effective Date

This amendment will go into effect upon publication of an order adopting the amendment in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the changes, contact John F. Simmons, Director, Bureau of Boating and Education, (717) 657-4538, or Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. Statutory Authority

This amendment is published under the statutory authority of section 5124 of the code (relating to particular areas of water).

D. Purpose and Background

The amendment is designed to update, modify and improve the Commission's special boating regulations at Lake Winola. The specific purpose of the amendment is described in more detail under the summary of changes. Prior to consideration by the Commission on proposed rulemaking, the Commission's Boating Advisory Board reviewed the proposal and recommended that the Commission approve the publication of a notice of proposed rulemaking to seek public comment on the change.

E. Summary of Changes

Section 111.66 (relating to Wyoming County). The Commission has received a petition from an ad hoc committee at Lake Winola requesting that the Commission adopt special boating regulations to ban, among other things, the use of motor boats on Sunday mornings. Lake Winola, a 185 +/- acre lake, is located entirely in Overfield Township in Wyoming County. Wyoming County asserts ownership of all of the land that lies under the lake. Lake Winola is divided into two boating areas by a promontory of land. The lake is surrounded by numerous cottages, many of which have boats at docks or moorings. There is an active Cottagers Association. The Commission maintains an access area at the lake.

It appears that an informal practice of limiting use of motorboats on Lake Winola during a quiet period on Sunday mornings has been in effect for several summers. The Commission has adopted an amendment formalizing this current practice.

F. Paperwork

The amendment will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendment will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking containing the proposed amendment was published at 28 Pa.B. 6184 (December 19, 1998). The Commission did not receive any public comments regarding this proposal.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201

and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and no comments were received.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 111, are amended by amending § 111.66 to read as set forth at 28 Pa.B. 6184.

(b) The Executive Director will submit this order and 28 Pa.B. 6184 to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order and 28 Pa.B. 6184 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

GAME COMMISSION

[58 PA. CODE CHS. 133, 145 AND 147]

Wildlife Classification; Hearing Procedures; and Special Permits for Nonresident Falconers

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its January 12, 1999, meeting, adopted the following changes:

Amend § 133.21 (relating to classification of birds) to change the status of several species of birds of special concern in this Commonwealth.

Amend § 145.21 (relating to deputy wildlife conservation officer hearing procedure) to make editorial changes to more accurately reflect the proper title for deputy wildlife conservation officers, and to provide for deputy wildlife conservation officer's trial board hearing procedures to be closed to the public.

Amend § 147.109 (relating to restrictions on taking raptors) to provide for a limited number of special permits for nonresident falconers from reciprocating states to take a raptor from the wild in this Commonwealth.

These amendments are hereby adopted under the authority of 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Amendment to § 133.21

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its meeting held

on July 14, 1998, proposed and at its January 12, 1999, meeting finally adopted amendments to § 133.21 (relating to classification of birds), to change the endangered and threatened status of a number of birds. This action resulted from a recommendation of the Ornithological Technical Committee of the Pennsylvania Biological Survey. The changes are being adopted under authority contained in sections 322(c)(8) and 2102(a) of the code (relating to power and duties of commission; and regulations).

2. *Purpose and Authority*

The Ornithological Technical Committee of the Pennsylvania Biological Survey reviews the status of birds on the list of birds of special concern in this Commonwealth every 5 years. The Committee recently completed a review and recommended to the Commission that the status of seven birds be changed. The status of five birds are upgraded while the status of two birds, Osprey and Common Tern, are downgraded.

Section 322(c)(8) of the code authorizes the Commission to add to or change the classifications of any wild bird or wild animal. Section 2102(a) of the code directs the Commission to promulgate regulations it deems necessary and appropriate concerning game or wildlife. The changes are adopted under this authority.

3. *Regulatory Requirements*

Since species that are endangered or threatened are essentially equally protected, the changes in classification will make little difference, with one exception. The status of the Dickcissel is being changed from "undetermined" to "threatened." As such it will receive increased protection.

4. *Persons Affected*

As was indicated under Regulatory Requirements, the changes in status will not have any practical impact. Those encountering Dickcissels or owning land on which they nest may be impacted by the change to threatened status.

5. *Comment and Response Summary*

No official comments were received with regard to the proposed changes.

6. *Cost and Paperwork Requirements*

None.

Amendment to § 145.21

1. *Introduction*

To better administer the code, the Commission at its meeting held on July 14, 1998, proposed, and at its January 12, 1999, meeting finally adopted amendments to § 145.21 to update terminology and provide that the hearings be closed to the public. These changes were adopted under powers conferred in section 304 of the code (relating to deputy game commission officers).

2. *Purpose of Authority*

With the adoption of the code, the designation of the Commission officers was changed from "game protector" to "wildlife conservation officer." This terminology was never changed in § 145.21. The adopted change rectifies this situation.

In addition, hearings for deputy officers are usually disciplinary in nature which may involve disclosure of essentially private information. To protect the privacy and rights of the officers involved, the Commission has decided that the hearings will not be open to the public.

Section 304 of the code authorizes the Commission to appoint deputy game commission officers. That section also makes those deputies "... subject to all requirements and regulations, either of the law or of the commission ..."

3. *Regulatory Requirements*

The adopted changes will not impose any additional regulatory requirements.

4. *Persons Affected*

Wildlife Conservation Officers, deputies and other individuals involved in deputy hearings will be affected by the change.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted changes.

6. *Cost and Paperwork Requirements*

None

Amendment to § 147.109

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission, at its meeting held on July 14, 1998, proposed, and at its January 12, 1999, meeting finally adopted amendments to § 147.109 (relating to restrictions on taking raptors), to allow nonresident falconers to apply for a permit to take a raptor in this Commonwealth provided that their home state reciprocates. The changes were adopted under the provisions of section 2901(b) of the code (relating to regulations for permits).

2. *Purpose and Authority*

With certain exceptions, prior to enactment of the act of April 4, 1996 (P. L. 53, No. 18) (Act 19), which amended section 2901 of the code, the Commission could not issue permits to nonresidents. This meant that Pennsylvania falconers could not take advantage of a wider variety of raptors available in other states because other states will only reciprocate in allowing the taking of raptors. Act 19 changed this and authorizes the Commission to now reciprocate in allowing nonresidents to take raptors in this Commonwealth. The adopted changes are the implementing provisions for this reciprocity.

Section 2901(b) of the code authorizes this Commonwealth to promulgate regulations "... for the issuance of any permit or ... to control the activities which may be performed under authority of any permit issued." This provision is the basis for the adopted changes.

3. *Regulatory Requirements*

Nonresident falconers wishing to take a raptor in this Commonwealth will need to be from a state that reciprocates in the taking of raptors and will be subject to a number of limitations.

4. *Persons Affected*

Nonresident falconers will be affected by the changes. Resident falconers will benefit from the changes.

5. *Comment and Response Summary*

No official comments were received with regard to the changes.

6. *Cost and Paperwork Requirements*

Nonresident falconers will need to submit an application and pay a nonrefundable fee of \$100. Given the fact

that the maximum number of permits that will be issued each year is 20, the number of the applications should be small.

7. *Effective Date*

These changes will be effective on final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

8. *Contact Person*

For further information on the adopted changes, contact James R. Fagan, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 133, 145 and 147, are amended by amending §§ 133.21, 145.21 and 147.109 to read as set forth at 28 Pa.B. 5244 (October 17, 1998).

(b) The Executive Director of the Commission shall submit this order and 28 Pa.B. 5244 (October 17, 1998) and deposit them with the Legislative Reference Bureau as required by law.

(c) This order amending §§ 133.21, 145.21 and 147.109, shall become effective upon final publication in the *Pennsylvania Bulletin*.

GAME COMMISSION [58 PA. CODE CH. 147] Deer Depredation Permit

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its January 12, 1999, meeting, adopted the following change:

Amend § 147.552 (relating to application) to allow applications for a deer depredation permit to be received from persons who have been enrolled in the Deer Damage Area Program or one of the Commission public access programs for at least two hunting seasons.

These amendments are hereby adopted under the authority of 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its October 6, 1998, meeting proposed, and at its January 12, 1999, meeting finally adopted a change to § 147.552 (relating to application) to reduce the requirement of enrollment in the Deer Damage Area Program for an agricultural deer control permit from at least 2 years to at least two hunting seasons. This change was adopted under the authority contained in section 2901(b) of the code relating to regulations for permits.

2. *Purpose and Authority*

Previously, for a person to qualify for an agricultural deer control permit, the area to be included had to be enrolled in the Deer Damage Area Program for at least 2 years. After discussions with a number of agricultural and sportsmen groups, it has been determined that what is important from a deer control point of view is the number of hunting seasons a farm has been enrolled in the deer damage area program rather than the number of years of enrollment. The adopted change will accomplish this modification and somewhat reduce the requirement.

Section 2901(b) of the code relating to regulations for permits, authorizes the Commission to promulgate regulations for the issuance of any permit. This provides the authority for the adopted change.

3. *Regulatory Requirements*

The adopted change will relax an existing requirement.

4. *Persons Affected*

Only persons wishing to obtain an agricultural deer control permit will be affected by the adopted change.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted change.

6. *Cost and Paperwork Requirement*

The adopted change should not result in any additional cost or paperwork.

7. *Effective Date*

This change will be effective on final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

8. *Contact Person*

For further information on the adopted change contact James R. Fagan, Director, Bureau of Law Enforcement, (717) 783-6526, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending § 147.552, to read as set forth at 28 Pa.B. 6185 (December 19, 1998).

(b) The Executive Director of the Commission shall submit this order and 28 Pa.B. 6185 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order amending § 147.552, shall become effective upon final publication in the *Pennsylvania Bulletin*.

PROPOSED RULEMAKING

ENVIRONMENTAL HEARING BOARD

[25 PA. CODE CH. 1021]

Practice and Procedure

The Environmental Hearing Board (EHB) proposes to revise Chapter 1021 (relating to practice and procedures) by amending existing rules as well as adding new procedural rules to read as set forth in Annex A.

The proposed procedural rules have several objectives:

(1) To provide the regulated community and the Department of Environmental Protection (Department) and other potential litigants with more specific guidance on how to represent their interests before the EHB.

(2) To improve the rules of practice and procedure before the EHB.

I. Statutory Authority for Proposed Revisions

The EHB has the authority under section 5 of the Environmental Hearing Board Act (act) (35 P. S. § 7515) to adopt regulations pertaining to practice and procedure before the EHB.

II. Description of Proposed Revisions

The proposed revisions are modifications to provisions of the rules to improve practice and procedure before the EHB. These proposed revisions are based on the recommendations of the EHB Rules Committee, a nine member advisory committee created by section 5 of the act to make recommendations to the EHB on its rules of practice and procedure. For the recommendations to be promulgated as regulations, a majority of the EHB members must approve the recommendations.

This summary provides a description of (1) the existing rules of practice and procedure when relevant to proposed revisions; (2) the EHB's proposed revisions; and (3) how the proposal differs from the EHB Rules Committee's recommendations.

Some of the recommendations of the EHB Rules Committee were not in proper legislative style and format, so they have been modified, where necessary, to conform to those requirements. Similarly, some of the recommendations did not contain proper cross references to 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure), so references to those rules have been added.

The proposed rules can be divided into four categories: 1) substantive amendments; 2) adoption of an existing rule; 3) changes limited to superseding the General Rules of Administrative Practice and Procedure; and 4) repeals. Substantive amendments or additions were made as follows: definitions (§ 1021.2), construction and application of rules (§ 1021.4), extensions of time (§ 1021.17), representation (§ 1021.22), filing (§ 1021.30), service by a party (§ 1021.32), date of service (§ 1021.33), certificate of service (§ 1021.34), number of copies (§ 1021.35), commencement, form and content (§ 1021.51), timeliness of appeal (§ 1021.52), complaints filed by the Department (§ 1021.56), answers to complaints filed by the Department (§ 1021.57), procedure after an answer is filed (§ 1021.58), motions-general (§ 1021.70), prehearing procedures (§ 1021.81), prehearing memorandum

(§ 1021.82), continuance of hearings (§ 1021.87), motions in limine (§ 1021.88), presentation by the parties (§ 1021.89), limiting number of witnesses and additional evidence (§ 1021.90), oral argument after hearing (§ 1021.92), evidence (§ 1021.107), written testimony (§ 1021.108), subpoenas (§ 1021.114), briefs (§ 1021.116), amicus curiae (§ 1021.117), sanctions (§ 1021.125), prepayment of penalties (§ 1021.161) and hearing on inability to prepay penalty (§ 1021.162).

Rules which only reflect the amendment of the EHB rules superseding the General Rules of Administrative Practice and Procedure include: effective dates of EHB adjudications and preliminary orders (§ 1021.15), service by the EHB (§ 1021.31), docket (§ 1021.41), consolidation (§ 1021.80), initiation of hearings (§ 1021.85), conduct of hearings (§ 1021.86), transcript (§ 1021.104) and adjudications (§ 1021.118).

The following are rules which recently were considered by the Procedural Rules Committee but no change was recommended: amendments to rules (§ 1021.3); notice of appearance (§ 1021.23); waiver of hearings (§ 1021.94); venue of hearings (§ 1021.96); and view of premises (§ 1021.98).

Rules which the Committee recommended be repealed are: timely filing required (§ 1021.11); appearance in person (§ 1021.21); publication of notice (§ 1021.36); general (§ 1021.56); form and content (§ 1021.57); special actions (§ 1021.61); pleadings, generally (§ 1021.64); complaints (civil penalties) (§ 1021.65); and answers (§ 1021.66).

These amendments in large part reflect the evolution and refinement of practice before the EHB since the mid-1970's when the EHB's rules of practice and procedure were first adopted.

Next year, in light of the revisions to the rules the EHB will ask the Rules Committee to consider reorganizing the rules in a more orderly format as well as adding cross references to make the rules more user friendly.

1. Definitions

The EHB's existing rule on definitions is § 1021.2. The section provides definitions for the following terms: "act," "action," "Board," "Costs Act," "Department," "dispositive motion," "hearing examiner," "intervenor," "party," "permittee," "person," "supersedeas" and "third-party appeal." The definitions supplement the General Rules of Administrative Practice and Procedure.

The proposed amendments include a definition of "pleading" which excludes the notice of appeal so that pleadings are involved only in actions instituted by complaint. The Committee adopted the amendment at the EHB's recommendation. The EHB's case law on whether a notice of appeal is a pleading has been divergent. To clarify and provide uniformity for persons who appear before the EHB, the Committee recommended the following definition: "Pleading—A complaint filed under § 1021.56 (relating to complaints filed by the Department) or answer filed under § 1021.57 (relating to answers to complaints filed by the Department). Documents filed in appeals, including the notice of appeal, are not pleadings." The section states that the definitions supplement the General Rules of Practice and Procedure except for the definition of pleadings which supersedes the definition in the General Rules of Practice and Procedure. This change is consistent with the newly proposed rules

on pleadings in actions initiated by complaint (§§ 1021.56—1021.58) but still permits an attack on the legal sufficiency of a notice of appeal by a motion to dismiss or a motion for summary judgment.

The EHB concurs with the proposed amendments.

2. Construction and Application of Rules

The EHB's existing rules do not provide a rule for the construction and application of rules. Proposed § 1021.4 is designed to permit the EHB to act so as to secure the just, speedy and relatively inexpensive determination of proceedings before it. The proposed section is patterned after Pa.R.C.P. No. 126. The proposed section is the same as the one recommended by the EHB Rules Committee. The EHB adopted the section as received from the Committee.

3. Timely Filing Required

The EHB's existing § 1021.11 includes provisions that documents filed with the EHB shall be received within the time limits for the filing, that the date of receipt by the EHB and not the date of deposit in the mail is determinative.

The Committee believed this section's provisions were duplicative to the provisions in the new section on filing, § 1021.30. Thus, the Committee decided to delete the text in the section and mark § 1021.11 as Reserved.

The EHB concurs with this recommendation.

4. Effective Dates of EHB Adjudications and Preliminary Orders

The EHB's existing § 1021.15 provides that adjudications and orders of the EHB become effective on the date of entry.

The Committee decided to retain the section. The Committee's only recommendation is a technical change of "supplement" to "supersedes" so this section will supersede the provision of the General Rules of Administrative Practice and Procedure.

The EHB concurs with this recommendation.

5. Extensions of Time

The EHB's existing § 1021.17 provides the grounds for the extensions of time for the filing of a document and for the continuances of hearings.

The Committee recommended amendments regarding the provision for extension of time so it is clear that the time for filing an appeal cannot be extended beyond the 30-day requirement set forth in the rules. The Committee also proposed that the language "before the expiration of the time for filing" be deleted to allow the provision to apply to requests for extensions made both before and after the expiration of the time for filing. The provision of the existing section for continuance of hearings shall be moved to § 1021.87 relating to hearings.

The EHB concurs with these recommendations.

6. Appearance in Person and Representation

The EHB's existing §§ 1021.21 and 1021.22 have separate rules for the appearance in person and the appearance by attorney. The section on appearance in person provides that an individual may appear in his own behalf; that a partnership may be represented by its members; that an association may be represented by its officers; and that an authority or governmental agency, other than the Department, may be represented by an officer or employee. The section on appearance by attorney provides that a corporation shall be represented by an attorney

admitted to practice before the Supreme Court of Pennsylvania, that a person may be represented in a proceeding by an attorney-at-law admitted to practice before the Supreme Court of Pennsylvania, that the EHB may require that a party be represented by an attorney, that a party other than the Commonwealth may not be represented by an attorney or person who is at the same time an employe of the Commonwealth.

The Committee recommended that the two sections be consolidated into one section on representation. The section includes the following new provisions: 1) parties, except individuals appearing in their own behalf, shall be represented by an attorney admitted to practice before the Supreme Court of Pennsylvania at all stages subsequent to the filing of the notice of appeal; and 2) pro hac vice representation may, upon written request, be by an attorney admitted to practice in jurisdictions other than the Commonwealth if the jurisdiction where the attorney is admitted to practice accords a like privilege to attorneys of this Commonwealth.

The EHB's existing section requires that a corporation must be represented by an attorney. The proposed section extends this requirement to unincorporated associations. This change is mandated by the statute prohibiting the unauthorized practice of law, 42 Pa.C.S. § 2524 (relating to penalty for unauthorized practice of law), and is in accordance with the General Rules of Administrative Practice and Procedure applicable to adversarial proceedings before all State agencies, 1 Pa. Code §§ 31.21—31.23 (relating to appearance in person; appearance by attorney; and other representation prohibited at hearings).

The EHB recognizes that citizen groups have made great contributions to the development of environmental law. However, those contributions have been made, for the most part, by groups represented by counsel dedicated to innovation in these types of proceedings and who have the capacity to select the types of expert witnesses necessary to provide the factual backdrop for these legal developments. The EHB's experience with unrepresented citizen groups as appellants has been that these groups are rarely successful with lay representation. In addition, the EHB's efforts to administer appeals by large numbers of citizens by appointing a lay spokesperson for the group invariably leads to the unauthorized practice of law by persons who are not bound by the restrictions placed on attorneys by the Rules of Professional Conduct. While associations may employ persons who are not attorneys, that person may not render legal services unless admitted to practice law. 42 Pa.C.S.A. § 2524. Representation before the EHB in discovery proceedings and in the hearing on the merits clearly is the rendering of legal services.

The Commonwealth Court recently reiterated that a party does not have a right to be represented in administrative procedures by anyone other than an attorney. *Westmoreland County v. Rodgers*, 693 A.2d 996, 999 (Pa. Cmwlth. 1997). The Court further stated that an administrative agency, through its rules and regulations, cannot confer the power to engage in the unauthorized practice of law.

This change was proposed only after a great deal of discussion and deliberation both by the Committee and the EHB. Citizen involvement helps ensure that the decisions of the EHB are grounded upon complete and full information. The EHB desires to comply with the law regarding the unauthorized practice of law yet still make sure that such a rule does not act to curtail citizen

involvement in its adjudicatory proceedings. In this regard the EHB has worked closely with the Pennsylvania Bar Association to implement a program to provide representation by an attorney before the EHB to qualified pro se individuals. This program will begin a 1-year trial period in January, 1999.

The Committee decided to retain the existing provisions that: 1) an individual may appear on his own behalf or be represented in a proceeding by an attorney admitted to practice before the Supreme Court of Pennsylvania and in appropriate circumstances the EHB may require an individual or group of individuals to be represented by an attorney; and 2) a party, other than the Commonwealth, may not be represented by an attorney or person who is at the same time an employe of the Commonwealth.

The EHB concurs with these recommendations.

7. *Filing*

The EHB's existing sections do not include a section governing filing of documents. The proposed § 1021.30 is designed to provide universal guidelines for the filing of documents.

This proposed section is new and consists of three sections which require: 1) that all documents be filed at the EHB's headquarters; 2) that the date of filing is the date the EHB receives the document; and 3) that the documents may be filed by personal delivery, by mail or by facsimile. Furthermore, the section provides that the original of a faxed document shall be deposited in the mail on the same day of the faxing. In addition, if the document which is faxed exceeds ten pages then only the first five pages and the last five pages as well as the certificate of service must be faxed. Finally, the section provides that a filing received after the close of the business day at 4:30 pm Eastern Time shall be deemed to be filed on the following business day.

The EHB's concurs with these recommendations.

8. *Service by the EHB*

The current § 1021.31 provides that orders, notices and other documents from the EHB shall be served on the person designated in the notice of appearance by mail or in person.

The Committee recommended a technical change of "supplement" to "supersedes" in subsection (b) so that this section will supersede the provision of the General Rules of Administrative Practice and Procedure in 1 Pa. Code § 33.31 (relating to service by the agency).

The EHB concurs with this recommendation.

9. *Service by a Party*

The EHB's existing section on service by a party is § 1021.32. This section provides that pleadings, submissions, briefs and other documents shall be served upon participants when they are filed or tendered to the EHB; that complaints for civil penalties should include a notice to plead and a statement certifying that it is a true and complete copy of the complaint; that appeals of Department actions should be filed with the Department officer taking the action and the office of chief counsel of the Department or agency taking the action; that service of an appeal upon the recipient of a permit, license, approval or certification shall be made at the address in the document evidencing the action by the Department or at the chief place of business and that documents filed with the EHB shall be filed at its headquarters.

The proposed section, which will supersede the comparable requirements of the General Rules of Practice and

Procedure, is rewritten to coincide with amendments to other rules and to streamline the requirements of service. The proposed section deletes all of the current provisions regarding service for pleadings, submissions, briefs, other documents; complaints for civil penalties; appeals from actions; service of an appeal upon recipient of a permit, license, approval or certification; and where the documents are to be filed. The section provides that copies of each document filed with the EHB shall be served upon every party to the proceeding on or before the day that the document is filed with the EHB and the service upon a party represented by an attorney shall be made by serving the attorney.

The Committee proposed that service be made on the same day the document is filed with the EHB.

The EHB decided the proposed section should require service on or before the date of filing but otherwise concurs with the recommendations.

10. *Date of Service*

The EHB's sections provide for the date of service, § 1021.33. Under the existing section the date of service is the date the document served is deposited in the United States mail, or is delivered in person.

The Committee proposed amendments to make the date of service the date the document is mailed or delivered in person. If service is made by mail 3 additional days are added to the time required for filing a response. The section provides the additional time because it allows for the time for the processing and receipt of mail by the receiving party and is similar to the provisions applicable in Pennsylvania courts.

The EHB concurs with the proposed amendments.

11. *Certificate of Service*

The EHB's existing § 1021.34 provides for the proof of service. The section gives the EHB discretion to require proof of service.

The Committee proposed to require a certificate of service for every document. The proposed section provides that all filings include a certificate of service as well as the name and address of the person served.

The EHB concurs with the Committee's recommendation but limits the requirement to documents "required to be" filed with the EHB. This eliminates the need for a certificate for correspondence or other informal requests for administrative action by the EHB.

12. *Number of Copies*

The EHB's existing § 1021.35 provides the following number of copies for: 1) pleadings and briefs—three copies; and 2) other documents—one copy as well as that a copy of briefs and other documents be served on the other party in a proceeding.

The Committee proposed to amend the section to more accurately reflect the practice before the EHB. The proposed amendments include requiring three copies of dispositive motions and posthearing briefs and giving the EHB discretion to alter the requirements by order if it deems necessary.

The EHB generally concurred with the amended section. However, the EHB decided also to require two copies for prehearing memoranda, petitions for supersedeas and all motions, other than motions for stays, extensions and continuances of procedural deadlines.

13. *Publication of Notice*

The EHB's existing § 1021.36 states that the publication of a notice of an action or proposed action by the Department or EHB in the *Pennsylvania Bulletin* shall constitute notice to or service upon all persons, except a party, effective as of the date of publication.

The Committee recommended deleting the section because it is unnecessary in view of the provisions of § 1021.52 relating to the timeliness of an appeal.

The EHB does not concur with this recommendation because this section is necessary with respect to notices which must be published by the EHB.

14. *Docket*

The EHB's existing § 1021.41 provides that the EHB will maintain a docket of proceedings and that proceeding, as initiated, shall be assigned an appropriate designation, that the EHB will maintain a complete official file on proceedings, and that the docket and the official file shall be available for inspection and copying by the public during the office hours of the EHB insofar as consistent with the proper discharge of the duties of the EHB.

The Committee recommends a technical change of "supplements" to "supersedes" so this section will supersede the provision of the General Rules of Administrative Practice and Procedure in 1 Pa. Code § 33.57 (relating to docket).

The EHB concurs with this recommendation.

15. *Commencement, Form and Content*

The EHB's existing § 1021.51 did not have a provision with respect to prepayment of a penalty in an appeal from an assessment of a civil penalty.

The proposed amendment of subsection (f) requires that an appeal from an assessment of a civil penalty must be accompanied by a check in the amount of the penalty or a bond to secure payment or a verified statement that the appellant is unable to pay.

The EHB concurs with the recommendation.

16. *Timeliness and Perfection*

The EHB's existing § 1021.52 no longer contains a provision which allows for the dismissal of an appeal if the appellant does not submit information required for an appeal under § 1021.51 after the EHB requests it. This authority was inadvertently omitted when the EHB recently revised its rules to eliminate the practice of filing a "skeletal appeal."

The proposed section includes in subsection (b) a provision that the appellant shall submit any missing information required by § 1021.51(c), (d) and (i) within 20 days or suffer dismissal of the appeal. Any failure to include specific grounds for appeal as required by subsection (e) will be considered only in connection with a motion from the opposing party.

The EHB concurs with this recommendation.

17. *Complaints Filed by the Department*

The EHB's existing regulations include §§ 1021.56 and 1021.57 (relating to special actions). The sections set forth the following: 1) that complaints for civil penalties may be filed by the Department when authorized; 2) that action for civil penalties shall commence when the complaint is filed and service of the complaint and of notice to plead is made upon the defendants; and 3) the form and content requirements of a complaint.

The proposed §§ 1021.56—1021.58 more accurately reflect the practice before the EHB. The EHB not only has jurisdiction over complaints for civil penalties but also has jurisdiction over other proceedings which must be instituted by complaint. A prominent example is a complaint to recover the Department's costs of response to releases of hazardous substances under the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304). The Committee believed that these sections should apply to all Department actions that must be instituted by complaint. Thus to avoid confusion and to provide consistency, the Committee redrafted the rules. The Committee decided to make the following changes: 1) rename the undesignated center heading from "Complaints for civil penalties" to "Special Actions"; 2) state more specific guidelines on when and how a complaint may be filed and the required contents of a complaint in § 1021.56; and 3) change § 1021.57 to address the requirements for answers to complaints which must be filed with the EHB within 30 days after the date of service of the complaint, unless for cause the EHB prescribes a different time. The answer must state any legal objections and denials in a single pleading whether or not they might under other civil practice be expressed by way of preliminary objection. The answers must be in writing and must express the matters of fact and law relied upon for a defense. The failure to do so may result in the admission of facts in the complaint or other sanctions.

The Committee proposed a totally new § 1021.58, which addresses subsequent procedures to an answer to a complaint. The rule provides that after an answer is filed the prehearing procedures in § 1021.81, which is also applicable to an appeal, shall be followed.

Having made these comprehensive amendments the Committee determined that existing § 1021.61 (Special actions), § 1021.64 (Pleadings: generally), § 1021.65 (Complaints) and § 1021.66 (Answers) were no longer necessary and thus repealed them.

The EHB concurs with these recommendations.

18. *Complaints for Civil Penalties—General*

As noted previously, existing § 1021.56 is deleted.

19. *Complaints for Civil Penalties—Form and Content*

As noted previously, existing § 1021.57 is deleted.

20. *Special Actions*

For the reasons stated previously, existing § 1021.61 is deleted.

21. *Pleadings: Generally*

For the reasons stated previously, existing § 1021.64 is deleted.

22. *Complaints (Civil Penalties)*

For the reasons stated previously, existing § 1021.65 is deleted.

23. *Answers (Civil Penalties)*

For the reasons stated previously, existing § 1021.66 is deleted.

24. *Motions—General*

The EHB had requested the Committee to include orders precluding a party from contesting well pled facts in a complaint or motion which the responding party does not fairly meet in its response in the sanction rule. The EHB already has a rule in terms of motions that requires people to come back with detailed responses to factual averments of a motion. Thus, when the party does not

respond to a motion or address the motion the EHB should have a mechanism to deem any facts admitted. After discussion with the Committee, the Committee recommended that the motions rule—§ 1021.70, specifically subsection (e), be amended to empower the EHB to find facts consistent with those averred when there is no response to the facts. The exact proposed language reads, “. . . Material facts set forth in the motion that are not denied may be deemed admitted for the purposes of deciding the motion.”

The EHB concurs with this recommendation.

25. Consolidation

The EHB's existing § 1021.80 allows the EHB to consolidate proceedings involving a common question of law or fact for hearing of any or all of the matters in issue in proceedings whether it is on its own motion or on the motion of any party.

The Committee recommends a technical change of “supplements” to “supersedes” in subsection (b) so this section will supersede the provision of the General Rules of Administrative Practice and Procedure in 1 Pa. Code § 35.45 (relating to consolidation).

The EHB concurs with this recommendation.

26. Prehearing Procedure

The EHB's existing § 1021.81 provides among other items, that the party with the burden of proof shall serve its expert reports and answers to all expert interrogatories within 120 days of the date of the prehearing order. The opposing party shall serve its expert reports and answers to all expert interrogatories within 30 days after receipt of the expert reports and interrogatories from the party with the burden of proof.

The EHB believes that to clarify the second sentence of this provision, the following language should be added so the sentence would read, “The opposing party . . . within 30 days after receipt of the expert reports and all answers to expert interrogatories from the party with the burden of proof.”

27. Initiation of Hearings

Section 1021.85 provides that if the proceedings are at issue and a hearing is required, a formal evidentiary hearing shall be scheduled and a notice of hearing shall be sent to all parties to the proceedings.

The Committee recommends a technical change of “supplements” to “supersedes” so this section will supersede the provision of the General Rules of Administrative Practice and Procedure in 1 Pa. Code § 35.121 (relating to initiation of hearings).

The EHB concurs with the Committee's recommendations.

28. Conduct of Hearings

The EHB's existing § 1021.86 provides that hearings may be held, at the discretion of the EHB, before the whole EHB, by individual members as administrative law judges or by hearing examiners; any hearing held by a hearing examiner who is not a member of the EHB will be decided by the EHB after review of the record and the examiner's proposed adjudication; all final decisions of the EHB shall be decided by majority vote; and petitions for supersedeas and other petitions and motions may be decided by the EHB member hearing the petition or motion.

The Committee recommends a technical change of “supplement” to “supersedes” so this section will super-

se the provision of the General Rules of Administrative Practice and Procedure in 1 Pa. Code § 35.123 (relating to the conduct of hearings).

The EHB concurs with this recommendation.

29. Continuance of Hearings

The existing part of § 1021.17 provides that hearings may not be continued except for compelling reasons, requests for continuances shall be submitted to the EHB in writing with a copy served upon other parties to the proceedings, except that during the course of a hearing in a proceeding, the requests may be made by oral motion in the hearing.

The Committee recommended that this provision be moved to the hearing section, specifically § 1021.87, since that is the most logical location for this section. This section will supersede the General Rules of Practice and Procedure in 1 Pa. Code § 31.15 (relating to extensions of time).

The EHB concurs with that recommendation.

30. Motions in Limine

The EHB currently does not have a section which specifies the procedure to be used for motions in limine, although the motion is referenced in the provisions on prehearing motions. Since the EHB does receive these requests the EHB believes that it would be appropriate to have a section as guidance to those individuals who appear before the EHB.

The proposed § 1021.88 states that a party may get a ruling on evidentiary issues by filing a motion in limine similar to practice in civil courts in this Commonwealth. A threshold motion may be made before or during the hearing.

The EHB concurs with this recommendation.

31. Presentation by the Parties

The current § 1021.88 provides that parties shall have the right of presentation of evidence, cross examination, objection, motion and argument.

The Committee recommends that the section be renumbered to § 1021.89 and amended to state that parties have the right to an opening statement and closing argument in addition to those matters already listed and that the party with the burden of proof is required to make a prima facie case by the close of its case-in-chief. In addition, the Committee recommends a technical change of “supplement” to “supersedes” so that this section will supersede the provision of the General Rules of Administrative Practice and Procedure in 1 Pa. Code § 35.126 (relating to presentation by the parties).

The EHB concurs with these recommendations.

32. Limiting Number of Witnesses and Additional Evidence

The EHB's existing § 1021.90 states that the EHB may limit the number of witnesses upon an issue and may require a party to present additional evidence on an issue.

The Committee recommended to the EHB that “require” be amended to “request.” This amendment permits the parties, rather than the presiding judge, to decide what evidence will be presented to the full EHB.

The EHB concurs with the Committee's recommendation.

33. *Oral Argument After Hearing*

The current § 1021.92 provides that a party may, within 5 days after hearing and prior to adjudication, request oral argument before the entire EHB and that the EHB may grant or deny the request.

The Committee recommended that the section be changed so that a request need not be filed until after the parties have fully briefed the case. This change gives the parties a better chance to evaluate whether they should make a request.

The EHB concurs with the recommended amendment, but has changed the language from "briefing" to "the last posthearing brief."

34. *Transcript*

The current § 1021.104 provides: that hearings shall be stenographically reported, a transcript of the report be made a part of the record, parties can obtain copies of the transcript from the court reporter, and parties shall have the opportunity to review a copy of the transcript on file with the EHB.

The Committee discussed the ramifications of the decision of *Sierra Club v. PUC*, 702 A.2d 1131 (Pa. Cmwlth. 1998), which upheld the validity of a similar regulation of the Pennsylvania Public Utility Commission against a claim that the Commission was required by the Right-to-Know Act to provide a copy of the transcript to the public for the cost of copying. The Supreme Court has granted a petition for review of the case. The Committee recommended only the technical change of "supplement" to "supersedes" so that this rule will supersede the provision of the General Rules of Administrative Practice and Procedure and to add two other sections of the General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 35.132 and 35.133, which are superseded by the EHB's rules.

The EHB concurs with the recommendation.

35. *Evidence*

The EHB's existing § 1021.107 provides that the EHB is not bound by technical rules of evidence but that relevant and material evidence of reasonable probative value is admissible as provided in 2 Pa.C.S. § 505 (relating to evidence and cross-examination). The section also provides that written testimony of a witness may be admitted into evidence provided the witness is present for cross-examination and provided a copy of the testimony was served upon and received by other parties. It also requires that copies of an exhibit to be offered into evidence shall be made available to parties at the time it is identified as an exhibit and witnesses shall be sworn or shall affirm.

The proposed section would make the following amendments: add a note to subsection (a) that the EHB generally applies the Pennsylvania Rules of Evidence, repeal current subsection (b) in favor of a new § 1021.108—Written testimony, renumber the remaining subsections, and change "supplement" to "supersede" in the reference to the General Rules of Administrative Practice and Procedure.

The EHB concurs with the recommendations.

36. *Written Testimony*

The Committee believed that a separate section on written testimony would enhance the practice before the EHB and offer more specific guidance to parties who come before the EHB.

The Committee has proposed a new § 1021.108, which provides: 1) that a witness' written testimony be on numbered lines in a question and answer form; 2) that the testimony may be admitted into evidence provided the witness is present for cross-examination; 3) that written testimony shall be filed concurrently with the prehearing memorandum unless the EHB prescribes otherwise; 4) that any objections to the testimony which can be reasonably anticipated prior to hearing must be in writing and filed at least 5 days before the hearing or unless ordered by the EHB; and 5) a party who wishes to file written testimony at a later date must obtain EHB approval by motion. Any approval shall include the scope of the testimony and the time for filing and service upon opposing counsel.

The EHB concurs with the recommendations.

37. *Subpoenas*

The EHB's existing § 1021.114 provides that the EHB will provide parties with subpoenas for the attendance of witnesses or for the production of documentary evidence upon request.

The Committee proposed that, except as otherwise provided in this regulatory chapter or by order of the the EHB, requests for subpoenas and subpoenas shall be governed by Pa.R.C.P. Rules 234.1—234.4 and 234.6—234.9 and that proof of service of the subpoena need not be filed with the EHB. The proposal provides that upon the request of a party the Secretary to the EHB shall issue a subpoena in blank signed and under seal of the EHB in accordance with the Pa.R.C.P.

The EHB concurs with the recommendation.

38. *Briefs*

The current § 1021.116 provides that the parties may submit briefs upon their request and within the time prescribed by the EHB. The briefs shall be served on other parties and shall include suggested findings of fact and conclusions of law.

The Committee recommends that the section be amended as follows: the section be renamed "posthearing" briefs, that initial posthearing briefs contain proposed findings of fact with appropriate references to the exhibit or page of the transcript, an argument with citations to supporting legal authority, and proposed conclusions of law. The proposed section also provides for reply briefs which shall be as concise as possible and not exceed 25 pages, unless the presiding administrative law judge permits otherwise. Finally, the proposed section contains a provision which specifically states that any issue which is not argued in a post-hearing brief is waived. This section supersedes the General Rules of Administrative Practice and Procedure.

These changes reflect the Committee's desire to make the EHB's sections more specific and to codify policies which the EHB already implements. The limit on reply briefs is necessary to assure the parties state their full position in their initial briefs. The waiver of arguments not presented in posthearing briefs has been the rule adopted by Commonwealth Court in *Lucky Strike Coal Co. v. DER*, 547 A.2d 447 (Pa. Cmwlth. 1988), in which the Court stated that issues not raised in a posthearing brief are deemed to have been waived.

The EHB concurs with these recommendations.

39. *Amicus Curiae*

The EHB's existing sections do not have a provision for amicus curiae filings. The EHB however submitted to the

Committee for review a proposed § 1021.117 for amicus curiae. The EHB believes that to better serve the citizens of this Commonwealth and to have the EHB's practice more closely track judicial practice in other courts of the Commonwealth its procedural rules should include a section for amicus curiae briefs.

The Committee adopted the following amendments to the proposed section: 1) that anyone interested in legal issues in any matter pending before the EHB may request leave to file an amicus curiae brief or memorandum of law regarding those issues; 2) the amicus curiae shall state in its request the legal issues to be addressed in the brief and a copy of the request must be served on all parties; 3) the brief shall be filed within the time prescribed by the EHB and a copy be served on all the parties; 4) any party may file a response to the brief amicus curiae which is adverse to its interests; and 5) the amicus curiae may present legal argument only as the EHB may direct.

The EHB concurs with the section as proposed by the Committee.

40. *Adjudications*

The EHB's existing § 1021.118 provides that the EHB will issue an adjudication which will contain a discussion, findings of fact, conclusions of law and an order at the conclusion of the proceedings and that it will serve a copy of the adjudication on all parties to the proceedings or their representatives.

The Committee recommends a technical change of "supplement" to "supersedes" so this section will supersede the provision of the General Rules of Administrative Practice and Procedure in 1 Pa. Code § 35.226 (relating to final orders).

The EHB concurs with the recommendation.

41. *Sanctions*

The EHB's existing § 1021.125 provides that the EHB may impose sanctions upon a party for failure to abide by a EHB order or EHB rule of practice and procedure. Those sanctions may include dismissing an appeal or adjudication against the offending party, precluding the introduction of evidence or documents not disclosed, barring the use of witnesses not disclosed in compliance with an order, barring an attorney from practice before the EHB for repeated flagrant violation of orders or other sanctions permitted in similar situations by the Pa.R.C.P.

The Committee proposed changes to the language of the section to ensure clarity and to be grammatically correct. The proposed section also eliminates the sanction of barring an attorney from practice before the EHB because disbarment is a power exercised only by the Supreme Court of Pennsylvania.

The EHB concurs with the recommendations.

42. *Prepayment of Penalties*

The EHB's rules currently do not specify a procedure for required prepayment of penalties or the posting of a bond in lieu of prepayment.

The proposed § 1021.161 is to give guidance to parties who have to meet the requirement of a number of statutes which condition the right to appeal from a penalty assessment upon the prepayment of the penalty or the posting of a bond to secure payment if the appeal is unsuccessful. This new section sets forth the procedure for prepayment or posting and to whom a check should be made payable. In addition to the section, a note is also

included which sets forth that a payment of posting of a bond under the Air Pollution Control Act (35 P. S. §§ 4001—4015) must be made in favor of the EHB. The Air Pollution Control Act, however, is the only exception to the rule of other statutes which require that the bond must be made in favor of the Department.

The EHB concurs with the recommendations.

43. *Hearing on Inability to Prepay Penalty or Post a Bond*

The EHB does not have an existing section for a hearing on an inability to prepay a penalty or post a bond.

Proposed § 1021.162 provides that if an appellant submits with the appeal a verified statement that the appellant is unable to pay, the EHB may schedule a hearing on the validity of this claim and may require the appellant to submit appropriate financial information to the Department in advance of the hearing. Finally, the section provides that if the EHB determines that the appellant is able to prepay the assessed penalty or post a bond it will order the appellant to do so within a period not to exceed 30 days.

The EHB concurs with the recommendation.

44. *Sections Which Were Considered But Were Not Changed*

The Committee decided not to change several sections: Amendments to (§ 1021.3); Notice of appearance (§ 1021.23); Waiver of hearings (§ 1021.94); Venue of hearings (§ 1021.96) and View of premises (§ 1021.98).

II. *Fiscal Impact of the Proposed Revisions*

The proposed amendments should have little fiscal impact on the Commonwealth, political subdivision and the private sector, as many of the proposed procedures reflect EHB practice. The impact of the new procedures, such as the required exchange of expert reports is expected to expedite appeals before the EHB.

III. *Paperwork Requirements for Proposed Revisions*

The proposed revisions would require the EHB to modify certain of its standard orders.

IV. *Government Reviews of Proposed Revisions*

On February 16, 1999, as required by section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the EHB submitted copies of the proposed revisions to the Independent Regulatory Review Commission (IRRC) and the Senate and House Standing Committees on Environmental Resources and Energy. The EHB also provided IRRC and the Committees with copies of a Regulatory Analysis Form prepared by the EHB in compliance with Executive Order 1982-2 (relating to improving government regulations). Copies of the Regulatory Analysis Form are available to the public upon request.

If IRRC has objections to any of the proposed revisions, it will notify the EHB within 10 days of the close of the Committees' review period, specifying the regulatory review criteria that have not been met. The Regulatory Review Act sets forth procedures for review, prior to final publication of the proposed revisions, by the EHB, the General Assembly and the Governor of objections raised.

V. *Public Comment Regarding Proposed Revisions*

The EHB invites interested persons to submit written comments, suggestions or objections regarding the proposed revisions to William T. Phillipy, IV, Secretary to the Environmental Hearing Board, 2nd Floor, Rachel Carson

State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, within 30 days of the date of this publication.

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 61]
Commonwealth Inland Waters

The Fish and Boat Commission (Commission) proposes to amend Chapter 61 (relating to seasons, sizes and creel limits). The Commission is publishing this amendment as a notice of proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendment relates to fishing.

A. Effective Date

The proposed amendment, if approved on final rulemaking, will go into effect on January 1, 2000, or upon

publication of an order adopting the amendment in the *Pennsylvania Bulletin*, whichever occurs later.

B. Contact Person

For further information on the proposed change, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This proposal is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. Statutory Authority

The proposed amendment is published under the statutory authority of section 2102(b) of the code (relating to rules and regulations, seasons, sizes, creel limits and devices).

D. Purpose and Background

The proposed amendment is designed to update, modify and improve Commission regulations related to fishing. The specific purpose is described in more detail under the Summary of Proposal.

E. Summary of Proposal

The Commission is proposing to reduce the Statewide daily creel limit of trout from eight to five during the regular season. The three trout per day creel limit during the extended season would remain unchanged. This proposal would not apply to the Conowingo Reservoir, the Delaware River or Lake Erie and its tributaries.

An advance notice of proposed rulemaking was published at 28 Pa.B. 5816 (November 21, 1998) in an effort to obtain public and angler input on the concept of reducing the regular season daily limit of trout from eight to five. The Commission received public comments by e-mail and by regular mail. Generally, the comments received were in favor of the proposal. The Commission also conducted an "online survey" on its web site. About 300 individuals participated in this survey. Survey participants included individuals who submitted public comments. The majority of those responding to the survey favor reduction in the creel limit. This is not a scientific survey of public opinion, and it would not be accurate to characterize the participants views as representative of a cross-section of trout anglers.

As noted in both the advance notice of proposed rulemaking and in prior Commission agendas, staff believe adoption of the reduced trout creel limits will have no distinct resource impacts. This is principally a social and policy issue based on perception. From a fisheries management perspective, the reduced creel limit will

have few, if any, positive or negative impacts. However, this change may affect public perceptions about the value of these fish and the appropriate number of fish to be taken each day.

F. Paperwork

The proposed amendment will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The proposed amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed amendment will impose no new costs on the private sector or the general public.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendment to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 60 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically at "regulations@fish.state.pa.us." A subject heading of the proposal and a return name and address must be included in each transmission. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

PETER A. COLANGELO,
Executive Director

Fiscal Note: 48A-95. No fiscal impact; (8) recommends adoption.

Endangered Species

The Fish and Boat Commission (Commission) proposes to amend Chapter 75 (relating to endangered species). The Commission is publishing these amendments as a notice of proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments relate to fishing.

A. *Effective Date*

These proposed amendments will, if approved on final rulemaking, go into effect upon publication of an order adopting the regulations.

B. *Contact Person*

For further information on the proposed changes, contact Andrew L. Shiels, Nongame and Endangered Species Management, (814) 359-5113, 450 Robinson Lane, Bellefonte, PA 16823, or Laurie E. C. *Statutory Authority*

These proposed amendments are published under the statutory authority of sections 2102 and 2305 of the code (relating to rules and regulations; and threatened and endangered species).

D. *Purpose and Background*

The proposed amendments are designed to update, modify and improve Commission regulations pertaining to endangered, threatened and candidate fish species. The specific purpose of the proposed amendments is described in more detail under the summary of proposal. This notice of proposed rulemaking supplements the notice of proposed rulemaking published at 28 Pa.B. 3591 (August 1, 1998).

E. *Summary of Proposal*

The Commission maintains a list of fishes, reptiles, amphibians and aquatic organisms that have declined in distribution and abundance to levels resulting in their determination as endangered, threatened or candidate species in this Commonwealth. These lists have been developed over the years with the help and judgment of recognized experts on Pennsylvania species, such as the Fishes Advisory Committee (Committee). This staff/outside expert committee makes recommendations to the Commission staff, and ultimately, the Commissioners, regarding species lists.

A multiyear cooperative study involving staff and faculty from Penn State University and the Commission by means of funding from the Wild Resource Conservation Fund has resulted in a method of objectively classifying fish species as to their distribution and abundance within this Commonwealth. The number of locations where a species has been found is combined with the number of individuals of that species found at each location to develop a standardized method of ranking the level of endangerment for all species of fish known to occur in this Commonwealth. This work combines the more than 11,000 fish records from the Commission's fisheries management database with those of retired Penn State professor Dr. Edwin Cooper, the Penn State Fish Museum, University of Michigan Museum of Zoology, Cornell University, National Museum of Natural History, Environmental Protection Agency and the Academy of Natural

Sciences in Philadelphia. All records were entered into a computer database and converted to Geographic Information System (GIS) data coverages. A ranking system was created to determine the relative rarity of each species of fish found in this Commonwealth.

The results indicated that changes to the current endangered, threatened and candidate lists were necessary. Presently, 46 fish species are listed. On August 1, 1998, the Commission published a notice of proposed rulemaking, containing changes to the list, at 28 Pa.B. 3591. In the notice of proposed rulemaking, the Commission proposed to amend the list to include 33 fish species as endangered, 16 as threatened and 12 as candidate for a total of 61 fish species. Four species were taken off the current list either because they were more common than previously believed or because they are believed to be extirpated.

After the notice of proposed rulemaking was published, the Committee met and further refined the list due to additional species location information received. This proposed rulemaking describes the recommended changes to the proposed rulemaking for which additional public comment is being sought. Specifically, the bridle shiner (*notropis bifrenatus*) is currently listed as a candidate species in § 75.3(b) (relating to candidate species), and this species kept this status in the pending proposed rulemaking. Based on additional information, however, the Commission is seeking public comment to list this fish as an endangered species under § 75.1(b) (relating to endangered species). The longhead darter is currently listed as an endangered species. The pending notice of proposed rulemaking proposed to move this species to the candidate list. This proposed rulemaking seeks public comment on including this fish on the threatened species list (§ 75.2(b) (relating to threatened species)). Finally, this proposed rulemaking deals with four species (silver lamprey, Potomac sculpin, spoonhead sculpin and deepwater sculpin) that were listed as candidate species on both the existing list and the list contained in the August 1998 proposed rulemaking. Based on additional information, it is proposed to remove these four species from the candidate list because the species are either extirpated in this Commonwealth or do not warrant listing.

As the result of the additional input from the Committee and consistent with the recommendations of the Commission's staff, the Commission approved the publication of a separate notice of proposed rulemaking, containing the revisions to the list. A review of the lists contained in 28 Pa. B. 3591 and in this proposed rulemaking shows that, if both are adopted as proposed, approximately 34% of Pennsylvania native fish species will be listed as endangered, threatened or candidate.

F. *Paperwork*

The proposed amendments will not increase paperwork and will create no new paperwork requirements.

G. *Fiscal Impact*

The proposed amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed amendments will impose no new direct costs on the private sector or the general public. It is noted that the direct regulatory significance of designation of a species of fish as an endangered or threatened fish is limited to prohibiting persons from taking, catching, killing or possessing these fish in this Commonwealth. Since none of the species listed have any commercial or recreational significance because of their rarity,

there are no direct fiscal impacts from providing these protections. The private sector, regulated community has asserted that designation of certain fish as endangered or threatened may have fiscal impacts because of impacts on permitting decisions by the Department of Environmental Protection and other agencies. If an endangered or threatened species is found in an area slated for development, applicants for permits may be required to conduct additional studies or adjust the project to avoid impacts. These are fiscal impacts resulting from regulatory and statutory authorities other than those under the aegis of the Commission. In addition, this proposed rulemaking has extremely limited indirect fiscal impacts. One species (the bridle shiner found only in the Marshalls Creek watershed) is proposed to move from candidate status to endangered status, one from endangered status to threatened status (longnose darter) and four from candidate status to unlisted status.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendments to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the Pennsylvania Bulletin. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically at "regulations@fish.state.pa.us." A subject heading of the proposal and a return name and address must be included in each transmission. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

STATE BOARD OF PHARMACY

[49 PA. CODE CH. 27]

Application Fees

The State Board of Pharmacy (Board) proposes to amend § 27.91 (relating to schedule of fees) by revising certain application fees to read as set forth in Annex A.

A. Effective Date

The proposed amendment will be effective upon publication of the final-form regulation in the *Pennsylvania Bulletin*.

B. Statutory Authority

The proposed amendment is authorized under section 8.2 of the Pharmacy Act (act) (63 P. S. § 390-8.2).

C. Background and Purpose

The act requires the Board to set fees by regulation so that revenues meet or exceed expenditures over a biennial period. General operating expenses of the Board are funded through biennial license renewal fees. Expenses related to applications or services which are provided directly to individual licensees or applicants are excluded from general operating revenues and are funded through fees in which the cost of providing the service forms the basis for the fee.

In a recent systems audit of the operations of the Board within the Bureau of Professional and Occupational Affairs, the fees for services to licensees and applicants were analyzed to determine if the fees reflected the actual cost of providing the services. Actual cost calculations are based upon the following formula:

$$\frac{\text{number of minutes to perform the function} \times \text{pay rate for the classification of personnel performing the function}}{\text{a proportionate share of administrative overhead}}$$

The analysis determined that the fees for applications for initial pharmacy licenses, new pharmacy permits, intern registration, changes in pharmacy permits, reinspections of new pharmacies after failure at first inspection, verifications of licenses and permits, and certifications of examination scores and internship hours did not accurately reflect the actual cost involved of providing the services. Fees for the Board in these categories have not been revised since 1988. In some cases the fees exceeded actual cost, but in most, the fees fell short of the cost to provide the service.

In this proposal, fees for the services identified would be adjusted to allocate costs to those who use the service or application. The Board would continue to apportion the enforcement and operating costs to the general licensing population when the Board makes its biennial reconciliation of revenue and expenditures.

D. Compliance with Executive Order 1996-1

In accordance with the requirements of Executive Order 1996-1 (February 6, 1996), in drafting and promulgating the regulation the Board considered the least restrictive alternative to regulate costs for services requested by licensees and applicants.

E. Fiscal Impact and Paperwork Requirements

The proposed amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The fees will have a modest fiscal impact on those members of the private sector who apply for services from the Board. The proposed amendment will impose no additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

F. Sunset Date

The Board continuously monitors the cost effectiveness of its regulations. Therefore, no sunset date has been assigned.

G. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 17, 1999, the Board submitted a copy of this proposed amendment to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed amendment, the Board has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendment, it will notify the Board within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulation, by the Board, the General Assembly and the Governor, of objections raised.

H. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed amendment to Rita T. Solie, Chief, Health Licensing Division, State Board of Pharmacy, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No. 16A-548 (Application Fees), when submitting comments.

DELAWARE RIVER BASIN COMMISSION

Notice of Determination Regarding the Assimilative Capacity of the Tidal Delaware River for Toxic Pollutants; Public Hearings

The Delaware River Basin Commission (Commission) will hold public hearings to receive comments on a determination that the assimilative capacity of the tidal Delaware River is being exceeded for certain toxic pollutants. This determination will authorize the Executive Director to establish wasteload allocations for specific point source discharges of these pollutants.

The public hearings are scheduled as follows:

May 3, 1999 beginning at 1:30 p.m. and continuing until 5 p.m., as long as there are people present wishing to testify.

May 5, 1999 beginning at 1:30 p.m. and continuing until 5 p.m. as long as there are people present wishing to testify; and resuming at 6:30 p.m. and continuing until 9 p.m., as long as there are people present wishing to testify.

May 11, 1999 beginning at 1:30 p.m. and continuing until 5 p.m., as long as there are people present wishing to testify.

The May 3, 1999 hearing will be held in the Second Floor Auditorium of the Carvel State Building, 820 North French Street, Wilmington, Delaware.

The May 5, 1999 hearing will be held in the Goddard Conference Room of the Commission's offices at 25 State Police Drive, West Trenton, New Jersey.

The May 11, 1999 hearing will be held in the Jefferson Room of the Holiday Inn at 400 Arch Street, Philadelphia, Pennsylvania.

For further information contact Susan M. Weisman, Commission Secretary, Delaware River Basin Commission, P. O. Box 7360, West Trenton, New Jersey 08628, (609) 883-9500, Ext. 203.

Background and Rationale

On October 23, 1996, the Commission amended its Comprehensive Plan, Water Code and Water Quality Regulations concerning water quality criteria for toxic pollutants, and policies and procedures to establish wasteload allocations and effluent limitations for point source discharges to the tidal Delaware River.

Specifically, water quality criteria for selected toxic pollutants were incorporated in the Comprehensive Plan and Article 3 of the Water Code and Water Quality Regulations as stream quality objectives. Article 4 of the Water Quality Regulations was amended to include policies and procedures to be used to establish wasteload allocations for those discharges containing pollutants which exceed the stream quality objectives and impact the designated uses of the river following a Commission determination that the assimilative capacity of a zone of the Delaware River is exceeded. These amendments provided a mechanism for identifying toxic pollutants which impair aquatic life and human health, and developing uniform and equitable wasteload allocations for those NPDES discharges to the tidal Delaware River which

contribute to their impairment. The permitting authorities of the Basin states will utilize allocations developed by the Commission to establish effluent limitations for NPDES permittees in their jurisdiction, as appropriate.

The subject of the hearings is a proposed determination by the Commission that the assimilative capacity of the tidal Delaware River (Trenton, NJ to the head of Delaware Bay) is being exceeded for 1,2-dichloroethane, tetrachloroethene, chronic toxicity and acute toxicity. These parameters were selected based upon their mass loading to the estuary, minimal interaction with estuary sediments and the availability of calibrated and validated water quality models that could be used to develop the wasteload allocations. This determination will authorize the Executive Director to establish wasteload allocations for continuous point source discharges under sections 4.30.7A.1. and 4.30.7B.2.c. of the Commission's Water Quality Regulations.

Seventy-six continuous point source discharges were considered in each of the wasteload allocation exercises, although the number included in any allocation varied from 10 to 55. The procedure used to develop the wasteload allocations is called Equal Marginal Percent Reduction or EMPR. EMPR is a two step process in which a discharge is first considered independently of all other discharges to the estuary. In this step called the Baseline Analysis, each discharge must meet stream quality objectives in and of itself. In the second step called Multiple Discharge Analysis, the cumulative impact of all discharges, discharging at the baseline loading established during step one, is evaluated against the stream quality objectives. If the analysis indicates that an objective is exceeded, then the baseline loads of all discharges significantly contributing to the violation are reduced by an equal percentage until the stream quality objective is met.

For 1,2-dichloroethane, 11 of 51 discharges were adjusted from their initial loading to meet the stream quality objectives. For tetrachloroethene, seven of 40 discharges were adjusted to meet the stream quality objectives. For chronic toxicity, ten of the 55 discharges were adjusted during the baseline analysis portion of the wasteload allocation. The multiple discharge analysis portion of the procedure will not be implemented for chronic toxicity so that additional data on the relationship between the concentration of specific chemicals and toxicity of both wastewater and ambient samples can be obtained. This portion will be deferred until Phase 2 of the Total Maximum Daily Load (TMDL) is completed.

For acute toxicity, eight of the ten discharges evaluated were reduced from their initial wasteload allocation concentration during the baseline analysis portion of the allocation. As with chronic toxicity, the multiple discharge analysis which will determine the total surface area of the estuary assigned to mixing areas will be deferred until Phase 2 of the TMDL is completed.

In accordance with section 4.30.7B.2.c.5 of the Commission's Water Quality Regulations, a document entitled *Wasteload Allocations for Volatile Organics and Toxicity: Phase 1 TMDLs for Toxic Pollutants in the Delaware River Estuary* has been prepared which describes the process used to develop wasteload allocations for continuous point source discharges as part of Phase 1 of a Total Maximum Daily Load for selected toxic pollutants for the tidal Delaware River. This document is available on the

Commission's web site at www.state.nj.us/drbc, or by contacting Christopher Roberts, Public Information Officer, at (609) 883-9500, Ext. 205.

The following supporting documents describing the mathematical models used in the process are also available from the Commission:

Calibration and Validation of a Water Quality Model for Volatile Organics and Chronic Toxicity in the Delaware River Estuary.

Calibration and Validation of the DYNHYD5 Hydrodynamic Model for the Delaware River Estuary.

Development of a Tidal Version of the CORMIX Models for Application to Discharges in the Delaware Estuary.

Copies of these documents may be obtained by contacting Christopher Roberts, Public Information Officer at (609) 883-9500, Ext. 205.

Persons wishing to testify are requested to notify the Secretary in advance. Written comments on the proposed determination should also be submitted to the Secretary.

Delaware River Basin Compact, 75 Stat. 688.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of March 1999

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of March, 1999, is 8%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on an individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 5.39 to which was added 2.50 percentage points for a total of 7.89 that by law is rounded off to the nearest quarter at 8%.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Retention of an Archaeological Consulting Firm

Project Reference No. FDC-500-577

The Department of Conservation and Natural Resources (Department) will retain an archaeological consultant to conduct Phase 1, 2 and 3 surveys at various State parks and State forests in this Commonwealth. This consultant's area of responsibility shall include projects throughout the entire Commonwealth. Bureau of Facility Design and Construction personnel will identify the sites to be surveyed.

The services shall include, but are not limited to, a preliminary meeting in the Bureau of Facility Design and Construction office at 400 Market Street, Harrisburg, for each project, a site visit and the required archaeological surveys and subsequent reports for each project. These surveys and reports are for support of the Bureau's construction program. It is important that upon assignment of a specific site, the selected firm must be capable of completing the surveys and reports in a timely and expedient manner. The selected firm may be required to complete surveys on multiple sites concurrently and

complete and submit reports to the Bureau in a format acceptable to the Pennsylvania Historical and Museum Commission. The contract shall be based on the hours of service and qualifying expenses not exceeding the contract amount. The survey reports will be reviewed by Bureau of Facility Design and Construction personnel and, when acceptable, approved by the Bureau. The Bureau of Facility Design and Construction will obtain other agency approvals necessary.

Interested professionals and firms must be listed in the most recent edition of *Archaeological Consultants* as maintained by the Pennsylvania Historical and Museum Commission. Personnel involved in providing these services shall have at least the minimum educational and professional experience requirements as defined by the Pennsylvania Historical and Museum Commission in Appendix B of *A Comprehensive State Plan for the Conservation of Archaeological Resources, Volume 1*; PHMC; 1985.

The Commonwealth of Pennsylvania strongly encourages the submission of proposals by SERBs.

General Requirements and Information

Firms interested in performing the required services for this project are invited to submit Letters of Interest to Eugene J. Comoss, P.E., Director, Bureau of Facility Design and Construction, RCSOB 8th Floor, 400 Market Street, Harrisburg, PA 17105-8451.

Each Letter of Interest must include the firm's Federal identification number and the project reference number. The Letter of Interest shall also include a description of the firm's three most recently completed projects similar to the project being proposed. The description shall include the client, contact person and phone number, and the estimated or actual cost of the work, which the firm performed, the project manager and the names of all personnel who made major contributions to the project.

A standard DGS Form 150-ASP must accompany the Letter of Interest and shall indicate the individual in charge. The Form 150-ASP is available by downloading from DGS Home Page on the Internet at <http://www.dgs.state.pa.us/cnprs.htm>. Form 150-ASP may also be obtained in hard copy or on disk (in Word '97 format only). Written request for hard copy or disk should be addressed to the Selections Committee, Department of General Services, Room 104, 18th and Herr Streets, Harrisburg, PA 17125. In addition, the Form 150-ASP can be obtained by e-mail by addressing your request to: pbianchi@exec.gsinc.state.pa.us.

The contract will be a multiple year contract for a period of 5 years. The fee for the first year of this contract will not exceed \$25,000. The extent of work for each of the remaining 4 years will be dependent on the availability of additional funds and additional projects. Should hourly rates change during the second through the fifth year of the contract, these rates must also be included in the sealed proposal.

The following factors will be considered during the evaluation of the firm's Letter of Interest:

A. Maximum weights for each major criterion have been established by the Department. Subparagraphs shown as follows are for the guidelines of the readers only and are not to be assigned quantitative weight.

1. Qualifications Experience and Personnel.
2. Capability and Capacity to Perform Multiple Projects Simultaneously.
3. Understanding the Project and Effectiveness of Approach.

Each proposer shall relate their proposal to the above criteria.

Six copies of both the letter of interest and the required forms must be received no later than 4 p.m. on April 9, 1999. The assignment and services will be made to one of the firms responding to this notice. However, the Department reserves the right to reject all Letters of Interest submitted, cancel the solicitation requested under this notice and/or readvertise solicitation of this service.

The Department will not offer a debriefing session to the unsuccessful firms. The Department disclaims any liability whatsoever to its review of the proposal submitted and in formulating a recommendation for selections. Recommendations made by the Department shall be final.

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable

requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The facility's main sources include several natural gas fired engines, heaters and emergency generators which emit major quantities of nitrogen oxides (NOx), volatile organic compounds (VOCs) and hazardous air pollutant (HAPs). As a result of emissions of major quantities of HAPs, VOCs and NOx the facility is a major stationary source as defined in Title 1, Part D of the Clean Air Act Amendments. The facility is therefore subject to Title V permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G. The facility also emits CO, SOx and particulate matter. Settlement Under the Hazardous Sites Cleanup Act

The Department of Environmental Protection (Depart-

ment), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305) and the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) (42 U.S.C.A. §§ 9601—9675), has entered into proposed de minimis settlements under section 707 of HSCA (35 P. S. § 6020.707) and section 122(g) of CERCLA (42 U.S.C.A. § 9622(g)) relating to the cleanup of the Container Recyclers Ltd. HSCA Site (site) at 10 E. Wolf Street, Philadelphia, PA. The proposed settlements involve Consent Order and Agreements between the Department and parties known to the Department to be potentially responsible for only a minor portion of the response costs incurred at the Site.

Contamination identified by the Department at the Site included hydrofluoric acid, hydrochloric acid, aqueous wastes with pH greater than 12.5, ignitable or corrosive waste, methyl ethyl ketone and trichloroethylene. A prompt interim response was implemented in accordance with a Statement of Decision (SOD) issued by the Department on December 21, 1994. The response conducted by the Department, which included the removal of hazardous wastes and materials located at the Site, was completed in late 1995. Under the terms of the proposed Consent Order and Agreements, settlers will reimburse a portion of the costs incurred by the Department in connection with the Site. The amount of the reimbursement will be proportional to the number of drums known to have been sent to the Site by each settlor.

This notice is provided under section 1113 of HSCA (35 P. S. § 6020.1113). The Department will provide for a 60-day public comment period on the proposed Consent Order and Agreements from the date of publication of this notice. The proposed Consent Order and Agreements may be examined from 8 a.m. to 4 p.m. at the Department's office at Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, by contacting Kevin Hess at (610) 832-6194 or Paul Rettinger at (610) 832-6300 during normal business hours. Persons may submit written comments to Kevin Hess at the previous address. The Department will provide a response to all significant written comments received during the public comment period, and the proposed Consent Order and Agreements authorize the Department to withhold or withdraw its consent in the event that the Department determines, based on comments received during the public comment period, that the Consent Order and Agreements are inappropriate, improper or not in the public interest.

Preamble 3

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. For further information concerning the final report, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

SPECIAL NOTICES

Public Meeting Followed by Public Hearing CAFO NPDES PA0209708 and WQM Permit No. 5998201

The Department of Environmental Protection (Department) will be holding a public meeting followed by a public hearing on the following Concentrated Animal Feeding Operation (CAFO) permit applications: Hostetter Management Company (Sugar Valley Farms)—PA0209708, and Water Quality Management Application No. 5998201, located in Sullivan Township, Tioga County.

The meeting/hearing is scheduled for March 30, 1999, at 6:30 p.m. at Mansfield Hose Company Fire Hall, 381 South Main Street, Mansfield, PA. The meeting is to solicit pertinent comments on the applications.

The proposed CAFO operation will consist of approximately 1,600 average number of Animal Equivalent Units to produce 4 million gallons per year of manure and wastewater to be stored in a 1.71 million gallon primary manure storage impoundment and a 5.2 million gallon secondary manure impoundment with associated transfer structures. The handling and application of the contents will be controlled under a Nutrient Management Plan (NMP), approved by the Tioga County Conservation District. The applicable Effluent Limitation Guidelines in Federal Regulations under 40 CFR Part 412 stipulate that Confined Animal Feeding Operations shall not have

any discharge to surface waters under normal operating conditions. All CAFO operations must meet the provisions of an approved NMP, obtain and comply with the Department's Water Quality Management Part II Permit for constructing new manure storage facilities, develop and implement best management practices (BMPs) to ensure that the water quality of the receiving water is maintained. Collectively, these requirements constitute the Department's narrative "effluent limits" for CAFOs necessary to protect waters of this Commonwealth.

The proposed operation is located on the watersheds of unnamed tributaries of Corey Creek and Canoe Camp Creek both classified for the following uses: warm water fishery and aquatic life, water supply and recreation.

Copies of these applications are available for review in the following office of the Department of Environmental Protection. Those interested in reviewing the application should call to schedule a date to review the files.

Northcentral Region: Environmental Program Manager, Water Management, 208 W. Third Street Suite 101, Williamsport, PA 17701-6510, (717) 327-3666.

Comments received will be considered by the Department in completing its review and prior to taking final action concerning the application.

Individuals intending to make a presentation at the hearing should submit written notice to the Regional Water Management Manager at the above address. The notice should include name, address and phone number, whether you are opposed or in favor of the project and a brief statement about your presentation. Comments should be kept brief and, depending on the number of speakers, may be limited to 10 minutes per speaker. Where groups are represented, a spokesperson is requested to present the group's concerns.

Individuals in need of an accommodation as provides for in the Americans With Disabilities Act should contact Dan Spadoni at (570) 327-3659 or through the Pennsylvania AT&T Relay Services at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Application Period for the Small Water Systems Regionalization Grant Program

The Department of Environmental Protection (Department) announces the opening of the application period for funding the Small Water Systems Regionalization Grant Program. This program provides grants to eligible applicants to assess the feasibility of merging water systems. The proposed regionalized water system must involve at least one small community water system (a system serving 3,300 or fewer people).

Eligible applicants include any community water supplier, county, township, borough or authority whose jurisdiction includes the geographic territory of the proposed regionalized water system, and to which a small water system has issued a letter of intent to develop a water systems regionalization study.

Grant awards are limited to 75% of all approved project costs related to the water systems regionalization study or \$75,000, whichever is less. The grantee must provide

local share in the form of matching funds or in-kind services at a minimum of 25% of the total project costs.

The application period runs from March 1 through April 30, 1999. Based on the availability of funding, applicants that submit a final work plan and budget which are approved by the Department will be given preference to receive a grant based on a first-come, first-served basis.

Parties interested in submitting an application are encouraged to meet with the Department's staff to discuss the application and the grant process. The meeting should prove helpful to those completing an application.

To arrange a meeting or to obtain a grant application, contact Donna L. Green at the Department of Environmental Protection, Bureau of Water Supply Management, Division of Technical Assistance and Outreach, Technical Assistance Center for Small Water Systems, P. O. Box 8467, Harrisburg, PA 17105-8467, or call at (717) 787-0125 or Email Green.Donna@a1.dep.state.pa.us.

Grant Proposals for the Watershed Restoration and Assistance Program and the Section 319 Nonpoint Source Implementation Grant

The Department of Environmental Protection (Department), Bureau of Watershed Conservation, Division of Watershed Support is accepting grant project proposals for both the Watershed Restoration and Assistance Program (WRAP) and the Section 319 Nonpoint Source (NPS) Implementation Grant.

For both programs, applicants must be formally organized to be able to receive a grant. Eligible applicants are as follows:

- Incorporated nonprofit organizations, watershed associations and conservation organizations.
- Local governments (counties, townships, towns, cities, boroughs, planning commissions, utility authorities or other units of local government).
- Conservation districts.

Other interested parties may form partnerships with an eligible applicant.

Completed applications (grant project proposals) must be received by the Department no later than 4 p.m. on April 30, 1999. Faxes and Electronic Mail will not be considered.

Inquiries concerning this notice or requests for an application instruction packet should be directed to the Department of Environmental Protection, Bureau of Watershed Conservation, WRAP and 319 Grants, P. O. Box 8555, Harrisburg, PA 17105-8555, (717) 787-5259. To review the application instruction packet electronically, access the Pennsylvania homepage at www.state.pa.us or the DEP website at www.dep.state.pa.us (choose Subjects/Water Management/Watersheds).

WRAP grants provide incentives and support to communities that develop and undertake small-scale watershed restoration and protection measures, including projects which improve and protect water quality and fix impairment caused by nonpoint pollution sources. The improvement plans and projects will be locally generated and voluntarily implemented. The funds will be granted directly to local watershed organizations, local governments and conservation districts.

WRAP is primarily a reimbursement program, however, the Department may authorize an initial payment to nonprofit entities who demonstrate the need. Matching funds are not necessarily required. Applications will be accepted in three categories according to funding requested: from \$100 to \$5,000, from \$5,001 to \$30,000. Applicants for these grants should be a group of people

with an interest in a particular watershed which must be wholly or partly contained within the borders of this Commonwealth.

Completed applications for the WRAP grant must be received by the Bureau of Watershed Conservation no later than 4 p.m. on April 30, 1999. Grant awards will be announced on or about July 1, 1999. Project sponsors must have the project completed by June 30, 2000.

The Section 319 NPS Grant provides funding for projects that address assessment, restoration or protection of water quality from nonpoint sources of pollution. The three largest nonpoint sources of pollution are: resource extraction (abandoned mining activities), agriculture (if not properly managed, nutrients, pesticides and sediment can affect surface and ground waters) and urban runoff (stormwater running off areas such as parking lots, lawns and streets).

Three project categories are eligible for funding:

Watershed Assessments—assembles all available information in a watershed to make a determination of the location, types, extent and impacts of NPS pollution. The final report will delineate the types and costs of practices to implement and remediate the NPS pollution and will become the watershed management or remediation plan.

Watershed Restoration—provides for implementation of best management practices according to a watershed restoration plan for this watershed. The project must show comprehensiveness in that all or most known nonpoint sources are identified and quantified and that treatment needs are quantified, however, the project need only address a specific targeted problem. The project must show integration with other projects/and a strong local commitment.

Watershed Protection—involves protection of high water quality where a documented threat of impairment is evident. The project must be in an area where the watershed contains streams/water bodies where no impairment has been documented or streams are designated as high quality or exceptional value.

Completed applications must be received no later than 4 p.m. on April 30, 1999. Grant period is October 1, 1999 through September 30, 2001. Project proposals must be submitted to the respective DEP Regional office where the project will take place or sponsor headquarters.

The Department of Environmental Protection, Bureau of Watershed Conservation in conjunction with the Regional Office watershed coordinators, is offering a 1 day workshop (in four different locations) on writing and implementing a 319 grant project proposal and a watershed restoration and assistance program (WRAP) proposal. The workshops coincide with the request for grant project proposals for FY 2000. Application packages will be available at the workshops. Registration is from 9 a.m. to 9:30 a.m. on the day of the workshop. The workshops will conclude at 2:30 p.m.

Dates and locations for the workshops are as follows:

March 3, Allentown Days Inn (Route 22 and 309, one exit east of turnpike)

March 4, Williamsport DEP Regional Office, 208 W. 3rd Street, Williamsport

State Water Plan Watersheds Projected for Assessment in 1999

In 1997, the Department of Environmental Protection (Department) initiated a new water quality monitoring program known as the Unassessed Waters (UW) Program.

The UW program was developed to: 1) conduct a systematic and complete Statewide assessment of the Commonwealth's surface waters; 2) delineate stream segments that are impaired; and 3) locate, identify, and evaluate the extent and impacts from point and nonpoint source discharges.

Pennsylvania has approximately 83,400 stream miles within its boundaries distributed among 104 State Water Plan management units. Water quality assessments of the management units are based on biological stream surveys conducted by biologists from the Department, Pennsylvania Fish & Boat Commission, Susquehanna River Basin Commission and Interstate Commission on the Potomac River Basin. Water quality status reports ("305(b) Report" and "303(d) List of Impaired Waters") summarizing the data are periodically submitted to the EPA.

Since its inception, the UW program has generated significant interest among other State and Federal agencies, commercial and industrial sectors and public interest groups. After 2 years, assessments for 21 watersheds totaling 24,408 stream miles (29%) have been completed. Maps showing watersheds where surveys have been completed, partially completed and designated for assessment during the 1999 season are now available. Maps and a list of watersheds to be assessed in 1999 may be obtained by contacting Mary Houghton at (717) 787-9637. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) and request that the call be relayed. Questions about the UW Program or proposed 1999 assessments may be sent to Tony Shaw, Division of Water Quality Assessment & Standards, Bureau of Watershed Conservation, P. O. Box 8555, Harrisburg, PA 17105-8555 or by calling (717) 787-9637. Information about the UW Program and proposed 1999 assessments is also available electronically through the DEP Web site (<http://www.dep.state.pa.us>) Select "subjects"; "Water Management"; Water Quality Assessment and Standards."

The Department of Transportation, Bureau of Maintenance and Operations, by this notice and consistent with the provisions of § 9104 of the Vehicle Code (75 Pa.C.S. § 9104), hereby establishes the standards and methodology for data collection used in the calculation of the Relative Pavement Quality index (RPQ). The RPQ is based upon the Road Quality Report which entails the evaluation of the conditions of the highways in each county on a periodic basis. The index provides a reasonable comparison of highway quality and conditions between all counties. The report indicating the methodology utilized and the resulting data shall be submitted annually to the Transportation Committees of the Senate and House of representatives for their review.

The Department has adopted an automated data collection procedure for collecting pavement distress data. Previously, the data was collected manually. The automated data collection procedure led to subsequent changes in the distress data collected. The distresses now being collected are:

 - Faulted Joints
 - Broken Slab
 - Transverse Joint Spalling
 - Transverse Cracking
 - Longitudinal Cracking

Consultant Selection Procedure for Engineering and Related Services

On January 27, 1999 the Department of Transportation issued Strike-off Letter 433-99-04 regarding revised Consultant Selection Procedures that require an Annual Qualification Package be submitted by all Consultants, both prime consultants and subconsultants, who desire to provide engineering and related services to the Department.

The revised procedure is as follows:

Introduction

As a result of our re-engineering efforts and partnering with the consultant community the Department has streamlined procedures for solicitation and submission of the consultants Letters of Interest as follows:

1. The Department will publish a quarterly or semi-annual listing of Open-End Contracts or projects on which we anticipate using consultant services for project development. The listing will include the County, S.R., Section, Local Name (if appropriate), Estimated Construction Cost, and the type of consultant services required; i.e. preliminary engineering, environmental studies, final design, etc.

A. The semi-annual listing for the first six (6) months of 1999 was published in the *Pennsylvania Bulletin* on February 6, 1999. This listing is also included in this issue of the *Pennsylvania Bulletin*.

2. All consultants, both prime consultants and subconsultants, must submit an Annual Qualification

Package to each District in which the consultant desires to obtain consideration for an assignment. If the consultant desires to be considered for a Central Office project a Qualification Package must be sent to the Bureau of Design.

The Department will acknowledge receipt of the Annual Qualification Package if the Consultant includes the language indicated below under Section 4.E under the Annual Qualification Package.

3. The Department will advertise individually for Letters of Interest for projects contained in the published listing indicated above under Section 1.

4. For specific projects or Open-End Contracts included in the published listing mention above, Prime Consultants must respond to an advertisement for consultant services with a "Letter of Interest" within six (6) calendar days if they desire to be considered for assignment of the advertised project.

For specific projects or Open-End Contracts not included in the published listing the Consultant must respond within twenty (20) calendar days.

The response period will be indicated in the individual advertisements.

5. This streamlined procedure will be used for both design services and construction engineering services.

6. The Department will consider the information contained in the Annual Qualification Package and the Letter of Interest to shortlist firms for further consideration (normal selection procedures) or for direct selection of a firm for project assignment: (modified selection procedures)

Annual Qualification Package

The Annual Qualification Package is the formal expression to the Department by a consulting firm that the firm desires to be considered for various types of projects within the Central Office or an Engineering District.

[Pa.B. Doc. No. 99-325. Filed for public inspection February 26, 1999, 9:00 a.m.]

Retention of Engineering Firms

Mifflin County
Project Reference No. 08430AG2301

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately six (6) inspectors, under the Department's Inspector(s)-in-Charge for construction inspection and documentation services on S.R. 0022, Section C04, Mifflin County, Lewistown Bypass - West Section (widened section, four (4) miles of widening from two (2) to three (3) lanes with one (1) structure replacement.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.

b. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of Traffic, soils, structures, concrete, asphalt paving, and drainage.

c. Past performance.

d. Understanding of Department's requirements, policies, and specifications.

e. Number of available inspectors in each payroll classification.

f. Number of NICET certified inspectors in each payroll classification.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>

Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	4 (3) *
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	1 (0)

* One TCI must be CDS certified, and another One must be bituminous field certified

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.

2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.

3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.

4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1999:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCI-Materials)	\$36.55
(TCI)	\$35.47
(TA)	\$24.39

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. * At Point of Need When Needed

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section after the advertised project(s).

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the Letter of Interest and required information must be submitted to:

Mr. Charles W. Allwein, P.E., Chief
 Consultant Selection Committee
 7th Floor, Forum Place
 555 Walnut Street
 P. O. box 3060
 Harrisburg, Pennsylvania 17105-3060

Note: The Zip Code for express Mailing is 17101-1900

The Letter of Interest and required information must be received within twenty (20) calendar days of this Notice. The Deadline for receipt of a Letter of Interest at the above address is 4:30 p.m. prevailing time of the twentieth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm, or corporation not authorized to engage in the practice of engineering desires to submit a Letter of Interest, said individual, firm, or corporation may do so as part of a Joint Venture with an individual, firm, or corporate which is permitted under the state law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project,

firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The Department requests that each Letter of Interest include the following information and that the information be packaged and presented in the order indicated below to facilitate the Department's review and evaluation.

The firm's ability and willingness to package and present the requested information in the above order to facilitate the Department's review and evaluation will be the first factor considered in the evaluation process.

1. Transmittal Letter (Maximum of two (2) 8 1/2 x 11" typed pages, one side)

2. A fact sheet that includes the project reference number for each project which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable), and the firm's federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant should indicate on this fact sheet the names and Professional Engineer License Number of Individuals who are directing heads or employees of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats, and reports issued by the firm. If the project advertisement indicated the Department will retain an Land Surveying firm for this project, the applicant should indicate on this fact sheet the names and Professional Land Surveyor Registration Number of individuals who are directing heads or employees of the firm who have responsible charge of the firm's land surveying activities, and whose names and seals shall be stamped on all plans, plats, and reports issued by the firm.

3. Project Organizational Chart (one page, one side, maximum size 11" x 17") This Chart should show key staff from the prime and each subconsultant and their area of responsibility.

4. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team)

The Standard Form 255 should be signed, dated, and filled out in its entirety, including Item No. 6 listing the

proposed subconsultants and the type of work and service they will perform on the project.

Under Item 4 of this form, Column A must specify only the number of subconsultant personnel and Column B should specify only the number of prime consultant personnel to be assigned to work on this project reference number. Do not include the total personnel for either the subconsultant or prime consultant under Item 4 unless the total personnel are necessary to provide the required work and services.

The prime and each subconsultant should not include more than one page each for Items 10 and 11.

If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be currently certified by the Department of Transportation, and the name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than one (1) year old as of the date of this advertisement, should accompany each Letter of Interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor, or a Company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement.

These Forms should be assembled with the prime's form first, followed by the form for each subconsultant in the same order as the subconsultants appear in Item 6 of Standard Form 255.

6. Authorization Letters (if required)

If the advertisement requires a letter signed by individuals giving their approval to use their name in the Letter of Interest, the letters from proposed prime employees should be first, followed by subconsultant employees, in the same order as shown in Item 6 of Standard Form 255.

7. Registration To Do Business

Firms with out-of-state headquarters or corporations not incorporated in Pennsylvania must include, with each Letter of Interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

A single page summary should indicate the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Accountant must be indicated. New firms should indicate

how long the firm has been in existence and when an audited overhead rate developed in accordance with FAR would be available.

Audited overhead rate information for the prime consultant and each subconsultant is not required for construction inspection services.

9. Additional Information

Additional information, not to exceed ten (10) one sided 8 1/2 x 11" pages or five (5) double sided 8 1/2 x 11" pages may be included at the discretion of the submitting firm.

Letters of Interest will be rejected for the following reasons:

1. Received after the cut-off time and date specified above.
2. Failure to identify a Disadvantaged Business Enterprise (DBE) if a DBE participation goal is identified in the advertised project.
3. Failure to include a copy of the registration to do business in the Commonwealth.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

FISH AND BOAT COMMISSION

Buoy and Sign Guidelines for Run-of-the-River Dams

Under the act of June 18, 1998 (P. L. _____, No. 91) (Act 91), which went into effect on January 1, 1999, owners of existing run-of-the-river dams and permittees for the construction or installation of new run-of-the-river dams shall mark the areas above and below the dam and on the banks immediately adjacent to the dam with signs and buoys to warn the swimming, fishing and boating public of the hazards posed by the dam. Act 91 also provides that the Fish and Boat Commission (Commission), after consultation with the Department of Environmental Protection (Department), shall establish requirements for the content and location of signs and buoys to be installed under the authority of Act 91 and the time periods of the year when the signs and buoys shall be required to be in place. Act 91 further provides that the Commission shall publish in the *Pennsylvania Bulletin* and may from time to time revise the requirements as circumstances require.

The Commission, after consultation with the Department, has established the following guidelines for the content and location of signs and buoys and the time periods of the year when the signs and buoys must be in place.

Signs. Owners and permittees must post and maintain a pair of general warning signs on each side of their dams—one pair facing upstream and one pair facing downstream. Owners and permittees must post these signs so that individuals walking, boating, swimming, wading or fishing near the dam are aware of the dangers and prohibitions. The signs must be 4 feet x 4 feet, .080 gauge aluminum and must display wording prohibiting boating, swimming and wading at the dam on a white reflective background. The required text and suggested specifications are set forth at Exhibit A and B. Owners and permittees must display and maintain these signs at their dams 365 days a year.

In addition, vinyl or water resistant paper 11 inches x 14 inches signs (Exhibit C) may be posted along pathways or banks within the exclusion area to provide additional warning to the restrictions at the dam. These signs are available through the Commission at a cost of \$2 per sign.

Buoys. Owners and permittees of dams 200 feet or more in length must install buoys on the upstream and downstream side of dams when the water level is 3 feet or greater in depth. Buoys may be removed when the water level is less than 3 feet in depth. However, buoys must be reinstalled once the water level exceeds 3 feet in depth.

Buoys must be installed and maintained at a minimum of 200 feet on the upstream side. The downstream buoys must be installed at least 100 feet below the maximum boil line. An exception to this guidance requires the specific approval of the Commission.

Buoys must be spaced evenly, not more than 150 feet apart. All buoys, symbols and features must meet the requirements of the United States Aids to Navigation system. All buoys must have an orange "diamond w/cross" symbol meaning "Boats Keep Out" and the words "Danger Dam." A sample navigation buoy is set forth at Exhibit D. Buoys are NOT required for dams less than 200 feet in length but may be placed at the discretion of the dam owner or permittee.

Owners and permittees must submit a completed *Application for Permit to Install Floating Structures and Private Aids to Navigation*—Form PFBC-277 to the Commission for review and approval. This permit may give some flexibility regarding the location and number of buoys and installation and removal dates. Owners and permittees should read the entire permit application and regulations on the reverse side of the form before submitting it to the Commission for review.

Interested persons are invited to submit written comments, objections or suggestions about the proposed guidelines on marking dams to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted. Retention of an Engineering Firm

Full Depth Roadway Reconstruction Lawrence and Beaver Counties, Pennsylvania

Reference No. 1-113

The Turnpike Commission (Commission) will retain an engineering firm for the design of the Full Depth Roadway Reconstruction Project between approximate Mileposts 0.00 and 10.00 in Lawrence and Beaver Counties. The selected firm will be responsible for the pre-final and final design of this project.

The engineering services required would include supplemental field surveys, cross sections, evaluation of utility conflicts and potential relocations, development of erosion and sedimentation control plans and specifications, preparation of hydraulic reports for waterway approvals, preliminary and final traffic control plans, structural foundation reports, preparation of Type Size and Location and final bridge plans, preparation of

preliminary and final right-of-way plans, geotechnical investigations, preparation of preliminary and final construction plans and specifications in order for the Commission to bid the total reconstruction of the roadway generally between Milepost 0.00 and 10.00. The intent is to rebuild the roadway and widen the existing 10-foot median to a width that will be based on preliminary evaluations. It is anticipated that all of the mainline structures will require widening and that all overhead structures within the project area will be evaluated for replacement or elimination. We will consider either rubbilizing the existing concrete roadway and overlay with bituminous material, or removing the existing pavement and replace with full-depth bituminous. An entirely new drainage system will be installed.

In addition, low-level photography will be available in this area to an accuracy of $\pm .05$ feet. Hard copies of the mapping and a disk will be provided to the consultant for their use. A digital terrain model in AutoCADD DWG format will also be provided. The consultant will be required to perform supplemental surveys and reestablish the existing centerline of the Turnpike. Also, cross sections will be cut and plotted from the available information. The design for this project will be performed in Metric Units. All plans (drawings), including cross-sections, profiles, and the like will be prepared utilizing AutoCADD DWG format. Translation of the plans into AutoCADD DWG format is not acceptable.

Direct inquiries to Michael D. Shaak, P.E., at 939-9551, Ext. 5380; or by e-mail at mshaak@paturndpike.com.
