READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Effective Dates of Statutes

The effective dates specified above for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the Pennsylvania Consolidated Statutes provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the Laws of Pennsylvania are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the Laws of Pennsylvania to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, State Records Center Building, 1825 Stanley Drive, Harrisburg, PA 17103, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

THE COURTS

Title 234—RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

[234 PA. CODE CHS. 6 AND 1100]

Rule 1104, Jury Qualifications; No. 262, Criminal Procedural Rules, Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the March 28, 2000 amendments to Rule of Criminal Procedure 1104 (Juror Qualification Form, Lists of Trial Jurors, and Challenge to the Array) that make it clear that (1) the completed juror qualification forms are confidential and do not constitute a public record, (2) an attorney who requests the lists of trial jurors and juror qualification forms may inspect and copy or photograph those lists and forms, and (3) the questions on the juror qualification forms are limited to questions of the jurors' qualifications. In addition, the amendments remove from the rule ambiguous language. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 28th day of March, 2000, upon the recommendation of the Criminal Procedural Rules Committee; the proposal having been published before adoption at 29 Pa.B. 4430 (August 21, 1999), and in the *Atlantic Reporter* (Second Series Advance Sheets, Vol. 733-34); and a Final Report to be published with this *Order*:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the amendments to Rule 1104 are adopted as follows.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective July 1, 2000.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 1100. TRIAL

Rule 1104. Juror Qualification Form, Lists of Trial Jurors, and Challenge to the Array.¹

(A) *Juror Qualification Form and Lists of Trial Jurors.*

(1) The officials designated by law to select persons for jury service shall:

[(1)] (a) * * *

[(2)] (b) prepare, publish, and post lists of the names of persons to serve as jurors as provided by law; and

[(3)] (c) upon the request of the attorney for the Commonwealth or the defendant's attorney, furnish [a] the list containing the names of prospective jurors [summoned to try the case together with copies of the juror qualification forms returned by such prospective jurors.] prepared pursuant to paragraph (A)(1)(b); and

(d) make available for review and copying copies of the juror qualification forms returned by the prospective jurors.

¹ Rule 1104 will become Rule 630 as part of the reorganization and renumbering of the rules adopted March 1, 2000, effective April 1, 2001.

(2) The information provided on the juror qualification form shall be confidential and limited to questions of the jurors' qualifications.

(3) The original and any copies of the juror qualification form shall not constitute a public record.

Comment

* * * * *

Paragraph (A) was amended in 1998 to require that the counties use the juror qualification forms provided for in Section 4521 of the Judicial Code, 42 Pa.C.S. § 4521. It is intended that the attorneys in a case may [request and receive copies of] inspect and copy or photograph the jury lists and the qualification forms for the prospective jurors summoned for their case. The information on the qualification forms is not to be disclosed except as provided by this rule or by statute. [See also] This rule is different from Rule [1107] 632, which requires that jurors complete the standard, confidential information questionnaire for use during voir dire.

Official Note: Adopted January 24, 1968, effective August 1, 1968; Comment revised January 28, 1983, effective July 1, 1983; amended September 15, 1993, effective January 1, 1994; September 15, 1993 amendments suspended December 17, 1993 until further Order of the Court; the September 15, 1993 Order amending Rule 1104 is superseded by the September 18, 1998 Order, and Rule 1104 is amended September 18, 1998, effective July 1, 1999; amended May 14, 1999, effective July 1, 1999; renumbered Rule 630 March 1, 2000, effective April 1, 2000; amended March 28, 2000, effective July 1, 2000.

FINAL REPORT

Amendments to Pa.R.Crim.P. 1104

JUROR QUALIFICATION FORMS

On March 28, 2000, upon the recommendation of the Criminal Procedural Rules Committee, the Supreme Court of Pennsylvania amended Rule 1104 (Juror Qualification Form, Lists of Trial Jurors, and Challenge to the Array). These changes, which will become effective on July 1, 2000, make it clear that (1) the completed juror qualification forms are confidential and do not constitute a public record, (2) an attorney who requests the lists of trial jurors and juror qualification forms may inspect and copy or photograph those lists and forms, and (3) the questions on the juror qualification forms are limited to

questions of the jurors' qualifications. In addition, the amendments remove from the rule ambiguous language.

A. Background

The Committee received correspondence questioning the breadth and scope of Rule 1104. The correspondents found confusing the language "the officials designated by law to select persons for jury service shall . . . upon request of the attorney for the Commonwealth or the defendant's attorney, furnish a list containing the names of prospective jurors summoned to try the case together with copies of the juror qualification forms returned by such prospective jurors" (emphasis added). See Rule 1104(A)(3). The correspondents were unclear about what is intended by the phrases "jurors summoned to try the case" and "such prospective jurors." They were concerned that, if the phrases refer to the jurors who will be selected from the "pool of jurors" for a specific trial, the information may not be known until the day of trial. This interpretation would be a major problem for those judicial districts in which jurors are summoned on a specific day. On the other hand, if the phrases refer to the entire pool to whom the qualification forms had been sent, then it "would be a cumbersome, time consuming and expensive effort" to require the officials to furnish the copies of the juror qualification forms for all of the jurors summoned for a particular "trial term."

In view of this correspondence, the Committee reexamined Rule 1104(A) and agreed the ambiguity in the meaning of the phrases "jurors summoned to try the case" and "such prospective jurors" raised in the correspondence merited clarification in the rule. The Committee also agreed that an additional, correlative matter concerning the scope of the attorney's access to the forms should be clarified in Rule 1104.

Acknowledging that there are no reasons why an attorney should be denied access to the jury lists and qualification forms, the Committee first considered the reasons why an attorney might want to have copies of them. We identified two: (1) when the attorney is considering challenging the array; and (2) when the attorney wants to compare the answers on the qualification forms with the answers submitted by the jurors on the information questionnaires completed pursuant to Rule 1107. Although we agreed that an attorney should have access to the jury lists and qualification forms, the Committee also reasoned that after an attorney has the opportunity to review the lists and the forms, if the attorney wants copies or photographs of the lists or the completed juror qualification forms, the burden of making the copies or photographs should be on the attorney. We agreed that this requirement would prevent attorneys from pro forma requesting all the forms in every case, and would address the concerns of the correspondents that requiring the officials to make and pay for the copies would be a "cumbersome, time-consuming and expensive effort."

Next, the Committee reexamined the phrase "prospective jurors summoned to try the case," and agreed with the correspondents that the language is confusing because there does not appear to be a uniform or widely accepted definition of the phrase "summoned to try the case." See present Rule 1104(A)(3). From our review and the members' experiences in practice, the Committee identified three different time periods to which the language has been applied: 1) the jurors selected for service from the annual master list prepared by the jury selection commission pursuant to 42 Pa.C.S. § 4521(a); 2) the pool

of jurors summoned for service on a particular day; or 3) those jurors summoned for service and sent to a particular courtroom for voir dire. Practically speaking, the members agreed that the intent of the rule when amended in 1998 was to allow the attorneys access to the forms and lists in advance of trial as an aid if there will be a challenge to the array.

The Committee also considered a correspondent's suggestion that the rule include provisions addressing confidentiality, similar to the corresponding provisions in Rule 1107 (Juror Information Questionnaire). The correspondent strongly urged the Committee to consider a requirement that the juror qualification form does not constitute a public record. The Committee agreed with these comments and developed provisions providing for confidentiality and making it clear that the forms are not public records. We also agreed to make it clear that the questions on the qualification form should be limited only to the questions of juror qualifications.

B. *Discussion of Rule Changes*

Rule 1104 provides, inter alia, the procedures for the jury officials to follow in summoning individuals to serve as jurors in criminal cases. Paragraph (A) has been reorganized and supplemented by the inclusion of three new paragraphs.

New paragraph (A)(1) is divided into four paragraphs. Former paragraph (A)(1) has been renumbered (A)(1)(a), and former paragraph (A)(2) has been renumbered (A)(1)(b). Paragraph (A)(1)(c) has been fine-tuned to make it clear that the jury official is required to furnish the "list containing the names of prospective jurors" that is required to be prepared, published, and posted pursuant to paragraph (A)(1)(b) and 42 Pa.C.S. § 4521. In addition, the troublesome phrase "summoned to try the case" has been deleted. Finally, a new paragraph (A)(1)(d) makes it clear that, when requested by the attorney, the official is required to make available for "review and copying" copies of the juror qualification forms returned by the prospective jurors.

Also, two new paragraphs are included as part of paragraph (A). A new paragraph (A)(2) makes it clear that the information included on the juror qualification form is to be kept confidential and limited to questions of the jurors' qualifications. New paragraph (A)(3) makes it clear that the completed juror qualification form does not constitute a public record.

The Court has also approved revisions to the Rule 1104 Comment. First, the Comment explains that under paragraph (A)(1)(d) the attorneys may inspect and copy or photograph the jury lists and the qualification forms. This is accomplished by deleting the phrase "request and receive copies of" and adding in its place the language "inspect and copy or photograph." Second, as a measure of caution, and because the Committee perceives that there has been some confusion between the Rule 1104 Juror Qualification Form and the Rule 1107 Juror Information Questionnaire, the distinction between the two documents has been highlighted in the Rule 1104 Comment.

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Joint General Court Regulation; Trial and Orphans' Court Divisions; No. 2000-03

Distribution of Business within the Court of Common Pleas Nonprofit Corporations

The Pennsylvania Rules of Judicial Administration provide that the Orphans' Court Division of a Court of Common Pleas shall herein determine matters dealing with Nonprofit Corporations. See Pa.R.J.A. No. 2156. However, in certain instances, disputes concerning nonprofit corporations cannot, or ought not, be heard in the Orphans' Court Division, but rather should be heard in the Trial Division. The within Joint General Court Regulation is designed to clearly set forth the types of matters to be heard by the two divisions of the Court of Common Pleas of Philadelphia County.

1. *Matters to be heard by the Orphans' Court Division.* All matters wherein a Nonprofit Corporation is a party shall be heard in the Orphans' Court Division provided that the named purpose of the Nonprofit Corporation is charitable.

2. *Matters to be heard by the Trial Division.* All matters wherein a Nonprofit Corporation is a party shall be heard in the Orphans' Court Division provided that the stated purposes of the Nonprofit Corporation is noncharitable.

3. *Effective Date.* This Joint General Court Regulation shall become effective thirty days after publication in the *Pennsylvania Bulletin*.

This General Court Regulation is promulgated in accordance with Pa.R.J.A. No. 2156, Pa.O.C. Rule No. 1.2 and Pa.R.Civ.P.No. 239. The original Joint General Court Regulation shall be filed with the Prothonotary in a docket maintained for General Court Regulations issued by the President Judge of the Court of Common Pleas, and certified copies shall be submitted to the Clerk of Orphans' Court, the Civil Procedural Rules Committee, the Orphans' Court Procedural Rules Committee, Administrative Office of Pennsylvania Courts, and the Legislative Reference Bureau. Copies of the Regulation shall also be submitted to American Lawyer Media, *The Legal Intelligencer*, Jenkins Memorial Law Library, and the Law Library for the First Judicial District. The Joint General Court Regulation will also be posted on the First Judicial District's website at <http://courts.phila.gov>. The Joint General Court Regulation will also be posted on the First Judicial District's website at <http://courts.phila.gov>.

STATEMENTS OF POLICY

Title 52—PUBLIC UTILITIES

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 69]

Policy Statement Regarding Conformance of Electric Distribution Utility Rates, Rules, Regulations and Practices with Chapter 28, 66 Pa.C.S. § 2801, et seq.; Doc. No. M-00971032

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice Chairperson; Nora Mead Brownell, Concurring—Statement follows; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Public Meeting held
March 2, 2000

Order

By the Commission:

On December 19, 1997, we published a proposed policy statement interpreting the effect of the Electricity Generation Customer Choice and Competition Act, 66 Pa.C.S. § 2801, et seq. (Electric Competition Act), and its provisions with respect to the establishment of a new competitive market in electricity generation in this Commonwealth by January 1, 2001. The proposed policy statement was published for comment in the *Pennsylvania Bulletin* on March 21, 1998, at 28 Pa.B. 1425 and focused upon the obligations of electric distribution utilities to conform their rates, rules, regulations and practices with the new and novel restructuring requirements of the Electric Competition Act.

Comments were received from the Clean Air Council, Enron Energy Services, Inc., Office of Consumer Advocate, Pennsylvania Electric Association, Pennsylvania Gas Association, Pennsylvania Rural Electric Cooperative and Allegheny Electric Cooperative, PP&L, Inc. and West Penn Power Company t/d/b/a Allegheny Power.

Upon review of the comments, the Pennsylvania Public Utility Commission (Commission) has determined that it will not issue the proposed policy statement for the following reasons:

First, the Policy Statement is unnecessary. It is certainly true that the passage of Chapter 28 required utilities to change their tariffs and rates to conform with the policies of the General Assembly as expressed in the Electric Competition Act. That is why the General Assembly required all electric distribution companies to file restructuring plans to "implement direct access to a competitive market for the generation of electricity." 66 Pa.C.S. § 2806(d). The General Assembly also set forth the required contents of restructuring plans and required EDCs to file "revised tariffs and rate schedules" to implement the changes contained in the plans. 66 Pa.C.S. § 2806(e).

All of the EDCs in the Commonwealth filed these restructuring plans. It is unnecessary to describe here the massive effort put forth by the parties (EDCs, electricity suppliers, consumers, environmentalists and others) and the Commission to resolve these restructuring plans. The purpose of this effort was to bring the tariffs, rates, and the like of EDCs into compliance with Chapter 28.

As to future actions of EDCs, the Commission is available to adjudicate any complaint by an electricity

supplier or other interested party alleging that these actions are contrary to Chapter 28 of the Public Utility Code. In particular, the Commission is authorized to investigate allegations of "anticompetitive or discriminatory conduct and the unlawful exercise of market power," and to refer its findings to the appropriate Federal authorities. 66 Pa.C.S. § 2811(a), (d).

In light of the Commission's previous rulings on EDC restructuring filings, the Commission's ongoing authority to adjudicate complaints alleging anticompetitive conduct and the Commission's authority to initiate investigations regarding anticompetitive conduct and to refer its findings to Federal authorities, there is no need for the Commission to issue declaratory orders regarding the applicability of the State action immunity defense in Federal antitrust cases.

Secondly, the policy statement would have the Commission issue rulings on issues that are beyond the Commission's competence and jurisdiction. Responsibility to adjudicate cases arising under the Federal antitrust laws is vested in Federal courts, not this Commission. The State action immunity defense in antitrust cases has been developed and applied by the Federal courts, and there is no precedent indicating that the Federal courts would rely upon this Commission's opinion as to whether this Federal antitrust defense should apply with regard to a specific action taken by an EDC.

It is this Commission's responsibility to ensure that the EDCs comply with the Public Utility Code and it is the responsibility of the Federal courts to adjudicate any complaints that EDCs have violated the Federal antitrust laws. Accordingly, the Commission will not issue the proposed policy statement,

Therefore,

It Is Ordered That:

1. The proposed policy statement at the above docket be withdrawn.
2. A copy of this order be served on all parties that filed comments in this proceeding.
3. This docket be marked closed.

JAMES J. MCNULTY,
Secretary

Statement of Commissioner Nora Mead Brownell

The Motion now before us proposes that the Commission withdraw the proposed policy statement in this matter. The Motion is based upon the findings that the Policy Statement is unnecessary and that it would have the Commission issue rulings on issues that are beyond our competency and jurisdiction. I join the Motion to the extent that it determines that the proposed Policy Statement is unnecessary at this time. As the Motion points out, the Commission and parties have many tools with which to address anticompetitive behavior. The proposed Policy Statement merely involves one such mechanism. On that basis, I support the result which withdraws the proposal at this time.

The concerns which restrict me from fully joining in the Motion are two-fold. First, the proposed Policy Statement sets forth an efficient and relatively inexpensive method by which all parties may obtain certainty on the issue of whether or not a particular rate, tariff rule or practice is consistent with Chapter 28 of the Public Utility Code, 66

Pa.C.S. § 2801, et seq. Pennsylvania’s electricity market is still in its infancy. The need for expeditious and efficient resolutions to market issues and certainty in that market remain essential if competition is to continue to grow in Pennsylvania. The declaratory order process envisioned by the proposed Policy Statement is one mechanism which can provide for prompt resolutions as well as certainty. However, as the Motion points out, other mechanisms exist and, provided that the Commission acts swiftly, those mechanisms may serve the purpose.

If this area becomes a problem, and it is determined that the other mechanisms are too unwieldy, expensive or otherwise not functioning as needed, we may wish to revisit the issue at that time. In the alternative, affected parties may petition the Commission to revisit this issue as we develop more experience.

New and innovative processes are needed to manage market issues. A recent study¹ has rated Pennsylvania as the clear leader in competitive markets for electricity across the United States. That same study also found that this Commission has not taken significant steps to change its processes in order to deal with the advent of competition. Similarly, the “FERC First” initiative now ongoing at the Federal Energy Regulatory Commission was engendered, in part, by the need of FERC to re-engineer itself to cope with emerging competitive markets. Although we decline to adopt the approach recommended today, I nonetheless applaud the effort to deal with issues in a streamlined, cost effective manner.

The second concern which requires that I concur only in the result of the Motion involves what I perceive to be a misreading of the proposed Policy Statement. The Motion states that the proposed Policy Statement encroaches on Federal antitrust matters. In fact, the proposed Policy Statement goes to some lengths to avoid just that problem. The proposed Policy Statement clearly contemplates that any opinion or order issued by the Commission in this area would restrict itself to a determination of whether or not a challenged rate, rule or practice is consistent with Chapter 28 of the Public Utility Code and is actively supervised by the Commission. Clearly, such issues are within the specific competence and jurisdiction of this Commission. Parties, and courts, are free to use such determinations as they see fit. I find nothing in such a framework which either requires parties to come before us in matters beyond our jurisdiction or which would require this Commission to issue determinations which would cross that jurisdictional line.

Finally, I note that Section 331(f) of the Public Utility Code, 66 Pa.C.S. § 331(f), expressly provides for declara-

¹ Ken Malloy & Michael Giberson, Center for the Advancement of Energy Markets, Retail Energy Deregulation Index 2000, Version 1.0, February, 2000.

tory orders. Regardless of whether a policy statement is issued or not, parties may avail themselves of that provision in order to terminate a controversy or remove uncertainty. Of course, any proceeding under that section must restrict itself to matters within the jurisdiction of this Commission. However, whether utility rates, rules and practices are consistent with Chapter 28 of the Public Utility Code would seem to meet that test.

For the foregoing reasons, I concur in the result of the Motion on this matter.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of May 2000

The Department of Banking (Department) under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of May 2000 is 9%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on an individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as the principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 6.33 to which was added 2.50 percentage points for a total of 8.83 that by law is rounded off to the nearest quarter at 9%.

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standard and regulations the Department of Environmental Protection (Department) proposes to issue a permit to discharge subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision to 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay service at (800) 654-5984.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewaters into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements. The updates will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at

the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each commentator will be notified in writing of the time and place if a hearing or conference concerning the plan or action or application to which the protest relates is held. To insure consideration by the Department prior to final

action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intends to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified as proposed for remediation to a site-specific standard or as a special industrial

area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

**SOLID AND HAZARDOUS WASTE
OPERATE WASTE PROCESSING OR DISPOSAL
AREA OR SITE**

Northwest Regional Office: Regional Solid Waste Manager, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6848.

Applications submitted under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and regulations to operate solid waste processing or disposal area or site.

Permit No. 301261. A permit reissuance application for the transfer of rights granted under the permit to **U. S. Liquids of Pennsylvania, Inc.** was received from Ellwood Processing, Inc., 119 Clyde Street, Ellwood City, PA 16117, located in **Lawrence County**, Ellwood City Borough. Application was received by the Regional Office on March 8, 2000.

**REQUEST FOR PROPOSALS FOR MUNICIPAL
SOLID WASTE CAPACITY**

The following notices are placed through the Department of Environmental Protection as required by section 502(d) of Act 101 of 1988: the Municipal Waste Planning, Recycling and Waste Reduction Act.

**Public Notice and Request for Proposals for
Municipal Solid Waste Disposal and Transportation
Services**

In accordance with section 502(d) of PA Act 1988-101 (53 P. S. § 4000-502(d)), the County of Potter and the Potter County Solid Waste Authority (Authority) have determined that additional solid waste disposal capacity will be required for municipal solid waste generated within the County of Potter (County) during the next 10 years and has further determined that transportation services for the hauling of solid waste from the Potter County Transfer station (located on Route 49, near Gold, Potter County, PA) to a duly licensed landfill facility will be required during the next 10 years.

The Authority is hereby soliciting proposals for both a short term interim municipal solid waste disposal contract (or contracts) for: municipal solid waste disposal services; or municipal solid waste transportation services; or both.

**Solicitation for Municipal Solid Waste Disposal and
Transportation Services**

Sealed proposals will be received by the office of the Potter County Solid Waste Authority located on 2504 SR 49 West, Ulysses, PA 16948 until 3 p.m., Wednesday, June 7, 2000. Proposals will be publicly opened by the Authority at 7:30 p.m. on Thursday, June 8, 2000 at the offices of the Authority.

Copies of the Request for Proposals may be purchased after April 25, 2000, only from the Solid Waste Authority Office at 2504 SR 49 West, Ulysses, PA 16948, (814) 848-9610 for the nonrefundable amount of \$25 each. Make checks payable to Potter County Solid Waste Authority.

All sealed proposals must include an executed Non-Collusion Affidavit as provided in the proposal package.

All proposals must be made on the Proposal Forms as provided in Section D of the proposal package and be in compliance with all the sections of the Request for Proposals. Envelopes containing the proposals must be sealed and clearly labeled to show name and address of the bidder, the statement "Proposal for Municipal Solid Waste Disposal and Transportation Services" and be addressed to Potter County Solid Waste Authority, Attention: Michael Salvadge, Manager, 2504 SR 49 West, Ulysses, PA 16948.

Proposers may withdraw their proposal at any time prior to the scheduled closing time for receipt of proposals.

The Authority reserves the right to reject any or all proposals, to waive any irregularities or informalities or both in any proposals and to make an award in any manner, consistent with applicable laws, which is deemed to be in the best interest of the citizens of Potter County.

AIR QUALITY

**Notice of Plan Approval and Operating Permit
Applications**

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Applications received and intent to issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

40-313-033B: Coates Electrographics (Country Club Road, P. O. Box 160, Dallas, PA 18612) for operation of a toner production line and associated air cleaning device in Dallas Borough, **Luzerne County**.

54-399-027: Goulds Pumps (PA) Inc. (500 East Centre Street, Ashland, PA 17921) for operation of the argon, oxygen, decarbonization AOD System for foundry operation in Ashland Borough, **Schuylkill County**.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

21-05025: Department of the Army (HQ Carlisle Barracks, Carlisle, PA 17013) for a synthetic minor operating permit for combustion units, emergency generators, space heaters and hot water heaters at the Carlisle Barracks in Carlisle Borough, **Cumberland County**.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

23-00030: Swarthmore College (500 College Avenue, Swarthmore, PA 19081-1397) located in Swarthmore Borough, **Delaware County**. The facility's major emission points include: 14 boilers and 10 emergency generators which emit major levels of nitrogen oxides (NOx).

09-00037: CMS Gilbreth (3001 State Road, Croydon, PA 19021) located in Bristol Township, **Bucks County**. The facility's major emission points include: flexographic and rotogravure printing presses, electroplating operations, and air pollution control devices which emit major levels of volatile organic compounds (VOCs).

46-00036: Ford Electronics & Refrigeration LLC (2750 Morris Road, Lansdale, PA 19446) located in Worcester Township, **Montgomery County**. The facility's major emission points include: six wave Soldering machines, five Selective Soldering machines, a Coil Soldering—Servo and an In-line Package machine which emit major levels of volatile organic compounds (VOCs) and nitrogen oxides (NOx).

46-00041: Jefferson Smurfit Corp. (U. S.) (1035 Longford Road, Phoenixville, PA 19460) located in Upper Providence Township, **Montgomery County**. The facility's major emission points include: six sheetfed, non-heatset, offset lithographic presses, two boilers, an emergency generator, and a finishing department which emit major levels of VOCs.

46-00089: SPRA-FIN, Inc. (177 Wissahickon Avenue, North Wales Borough) located in Upper Gwynedd Township, **Montgomery County**. The facility's major emission points include: three spray booths which emit major levels of volatile organic compounds (VOCs).

46-00010: Montenay Montgomery, L. P. (1155 Conshohocken Road, Conshohocken, PA 19428) located in Plymouth Township, **Montgomery County**. The facility's major emission points include: municipal waste combustors, which emit major levels of nitrogen oxides (NOx) and carbon monoxide (CO).

23-00017: PECO Energy Co. (One Industrial Highway, Eddystone, PA 19022-1585) located in Eddystone Borough, **Delaware County**. The facility's major emission points include: fossil fuel fired boilers, and auxiliary electrical generating equipment, which emit major levels of nitrogen oxides (NOx), carbon monoxide (CO), particulate matter (PM), and sulfur oxides (SOx).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

66-00001: Procter & Gamble Paper Products Co. (P. O. Box 32, Mehoopany, PA 18629) in Washington Township, **Wyoming County**. The facilities operate a paper manufacturing facility and primarily emits nitrogen oxides (NOx), sulfur oxides (SO₂), carbon monoxide (CO) and volatile organic compounds (VOCs).

54-00006: CIN CAP VI, LLC (US Route 209, P. O. Box 312, Tremont, PA 17981) in Frailey Township, **Schuylkill County**. The facilities' major source of emissions are from one fluidized bed boiler that primarily emits nitrogen oxides (NOx) and sulfur oxides (SO₂).

48-00005: Hercules Cement Co. (501 Center Street, Stockertown, PA 18083) in Stockertown Borough, **Northampton County**. The facilities' major sources of emissions include two dry process kilns that primarily emit nitrogen oxides (NOx) and sulfur oxides (SO₂).

40-00032: Celotex Corporation (P. O. Box 663, Pittston, PA 18640) located in Exeter Township, **Luzerne County**. The facility's major source of emissions include the mineral wool manufacturing area which primarily emit volatile organic compounds (VOCs) and particulate matter (PM10).

39-00024: GEO Specialty Chemicals (2409 North Cedar Crest Blvd., Allentown, PA 18104) located in South Whitehall Township, **Lehigh County**. The facility's major source of emissions include the industrial organic chemicals manufacturing area which primarily emit volatile organic compounds (VOCs).

35-00008: Gentex Corp. (P. O. Box 315, Carbondale, PA 18407) located in Fell Township, **Lackawanna County**. The facility's major source of emissions include the Ophthalmic goods manufacturing area which primarily emit volatile organic compounds (VOCs).

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

TV-63-00074: Langeloth Metallurgical Co., LLC (P. O. Box 608, 10 Langeloth Plant Drive, Langeloth, PA 15054) for their electrometallurgical product manufacturing facility in Smith Township, **Washington County**. Company produces and refines molybdenum trioxide, ferromolybdenum alloys, and nickel/cobalt catalysts at this site.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to these applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity

within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Knox District Office, P. O. Box 669, Knox, PA 16232.

Approvals to Use NPDES and Other General Permits

The following parties have submitted (1) Notices of Intent (NOIs) for coverage under General NPDES Permits to discharge wastewater into the surface waters of this Commonwealth; (2) NOIs for coverage under General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; or (3) Notifications for First Land Application of Sewage Sludge.

The approval of coverage under these General Permits may be subject to one or more of the following: pollutant or effluent discharge limitations, monitoring and reporting, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection (Department) has reviewed the NOIs and determined that they comply with administrative requirements of the respective permit application. Also, the Department has evaluated the First Land Application of Sewage Sludge for the sites applying for coverage under PAG-7, PAG-8, and PAG-9 and determined that the sites are suitable for land application of sewage sludge.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

The Department has acted on the following requests for coverage under the specific General Permit as follows:

*List of
General Permit Type*

PAG-1	General Permit For Discharges From Stripper Oil Well Facilities
PAG-2	General Permit For Discharges of Stormwater Construction Activities
PAG-3	General Permit For Discharges of Stormwater From Industrial Activities

**SEWAGE FACILITIES ACT
PLAN APPROVAL**

Plan Approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Thomas J. Chickey Apartment Building. The project is located in Hop Bottom Borough, **Susquehanna County** with a discharge to Martins Creek approximately 1/8 mile upstream from the point where the watercourse crosses under State Route 167 in the center of Hop Bottom Borough. The project consists of the construction of a small flow treatment facility to serve an existing 4 unit apartment building located at 21 North Center Street, Hop Bottom Borough, which currently has a malfunctioning onlot septic system.

Regional Office: Water Management Program Manager, Southcentral Region, 909 Elmerton Ave., Harrisburg, PA 17110.

Location: Ontelaunee Township, Berks County, P. O. Box 746, Leesport, PA 19533. The approved plan provides for extension of public sewers from the existing Leesport Authority system to provide service to the northwestern section of the township and the State Route 61 corridor. Additionally, extensions of public sewer lines from the existing Maiden Creek Authority system will provide sewer service to the south and southwest portions of the Township. The remainder of the Township will remain under an onlot disposal system (OLDS) management district. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Location: Mount Joy Township, Lancaster County, 159 Merts Drive, Elizabethtown, PA 17022. The approved plan provides for improvements to the Mount Joy Township Municipal Authority's conveyance system to expand capacity. Additionally, participation in an expansion of the Elizabethtown regional sewage treatment plant is authorized. Non-sewer service portions of the Township are to be addressed in greater detail in a separate planning document. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Location: West Lampeter Township, Lancaster County, 852 Village Road, P. O. Box 237, Lampeter, PA 17537. The plan was disapproved because the Township

failed to address the eight deficiencies identified in the Department's February 12, 1998 letter. As indicated in the Department's letter dated January 13, 2000, failure to respond within 30 days of the date of that letter would result in the Department taking final action on the technically incomplete document. The original deficiencies are:

1. The sewage disposal needs identification and analysis is inadequate. Your needs analysis should address the entire municipality and include a field survey of any potential sewer service areas to accurately identify malfunctioning systems and system malfunction rates. Additionally, an evaluation of the age of the systems (pre or post regulation), lot size (replacement area availability), type of systems in use (septic tank, cesspool, old well, and the like), system repair type (BTG?) and history, and system type v. general soils type should be included. The information must be effectively mapped. Refer to the Department's brochure, Sewage Disposal Needs Identification, March 1996, for additional information.

2. Well test data in your plan is extremely old and must be updated. Additionally, all well samples were not tested for Total Coliform, Fecal Coliform and Nitrate-Nitrogen as required. A minimum sampling rate of 15% is appropriate for your general plan, however, higher rates are appropriate in any sewer project areas. Refer to the Department's brochure Sewage Disposal Needs Identification Guidance, March 1996 for additional information concerning sampling rates and necessary information to collect.

3. The plan does not indicate how elevated groundwater nitrate-nitrogen levels (evident in the samples taken) will impact new land development. These elevated areas should be mapped, with areas above 5 ppm clearly indicated. Review zoning, subdivision and any other applicable land use ordinances to ensure procedures are established in the Township's land development process to reflect the impact of degraded groundwater. Specifically, your plan should examine the requirements for preliminary hydrogeologic studies and the use of de-nitrification technology for new land development proposing the use of onlot sewage disposal. Additionally, the use of Component 1 (mini-modules) should be eliminated in areas of elevated nitrates or hazardous geology.

4. Since you have been implementing the public sewer alternatives in your 1990 plan, your 1998 plan's alternative analysis and selection must be updated as appropriate to reflect your current situation. It appears that several options are possible to accomplish this, depending on to what extent the Suburban Lancaster Sewer Authority (SLASA) addresses the sewer extensions proposed in your 1990 plan. For example, if the SLASA plan proposes the same sewer extensions as your 1990 plan, reproducing them in your 1998 plan is unnecessary. However, if the SLASA plan limits discussion to existing sewers and capacity issues, your 1998 plan should include the sewer

extension information. Whatever option is selected, your 1998 Act 537 Plan must "dovetail" with the SLASA plan as it applies to public sewer service in your municipality and it must also completely address onlot sewage disposal issues in your municipality.

5. Your selection of an Onlot Disposal System (OLDS) Management Ordinance in 1990 to address system maintenance in the portions of your municipality dependent on OLDS was an excellent idea that was ahead of its time. If that portion of your plan was also implemented, please provide information about your program and its success in your resubmission. If OLDS Management has not yet been implemented, I can provide you with sample ordinances for your consideration that were obtained from other municipalities who have successfully completed their programs.

6. Your plan's implementation schedule is obviously out of date.

7. Consistency issues such as the historic preservation, rare and endangered species protection, wetlands protection and prime agricultural lands preservation have not been addressed.

8. Lancaster County Planning Commission comments are out of date, as well as, your public notice, public comment period, etc. Your resubmission must be adopted by the municipality and all submission requirements found in Chapter 71, Section 71.31 must be observed.

Plan Revision Approval granted March 28, 2000 under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Regional Office: Water Management Program Manager, Southcentral Region, 909 Elmerton Avenue, Harrisburg, PA 17110-8200.

Location: George Blankley Single Residence STP. West side of T-352, 2,500 feet south of the West Providence Township boundary line.

Project Description: Approval of a revision to the Official Sewage Plan of Monroe Township, Bedford County. Project involves construction of a small flow treatment facility to serve an existing dwelling located at HCR-4, Box 173, Everett, PA. Treated effluent is to be discharged into Clear Creek. The Department's review of the sewage facilities update revision has not identified any significant impacts resulting from this proposal.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Former Scott Technical Center, Tinicum Township, **Delaware County**. Christopher Orzechowski, RT Environmental Services, Inc., 215 W. Church Road, King of Prussia, PA 19406, has submitted a Final Report concerning remediation of site soil contaminated with solvents and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Ashbourne Cleaners Site, Cheltenham Township, **Montgomery County**. Greg Van Hook, MEI Environmental Group, Inc., 6205 Easton Road, Pipersville, PA 18947, has re-submitted a Remedial Investigation/Final Report concerning remediation of site groundwater contaminated with solvents. The report is intended to document remediation of the site to meet site-specific standards.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediations Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediations Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation

performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

VICAM Corp., Upper Providence Township, **Montgomery County**. Grover H. Emrich, Emrich & Associates, 1488 Hancock Lane, Wayne, PA 19087, has submitted a Final Report concerning remediation of site soil contaminated with lead and groundwater contaminated with BTEX. The report demonstrated attainment of the Statewide health standard was approved by the Department on March 17, 2000.

Charles and Jan Villare Residence, Quakertown Borough, **Bucks County**. Matthew E. Grubb, Hydrocon Services, Inc., 2945 South Pike Avenue, Allentown, PA 18103, has submitted a Final Report concerning remediation of site soil contaminated with BTEX and polycyclic aromatic hydrocarbons. The report demonstrated attainment of the Statewide health standard was approved by the Department on March 18, 2000.

Cannon Sline, City of Philadelphia, **Philadelphia County**. Michael D. Weaver, LFR, 5 Johnson Drive, P. O. Box 130, Raritan, NJ 08869, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with lead, BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report demonstrated attainment of the Statewide health standard was approved by the Department on March 20, 2000.

Sears Paint & Hardware Store, East Marlborough Township, **Chester County**. Scott R. Mundell, P.G., Evans Mill Environmental Inc., P. O. Box 735, 101 Fellowship Road, Uwchland, PA 19480-0735, has submitted a Final Report concerning remediation of site soil contaminated with BTEX and petroleum hydrocarbons. The report demonstrated attainment of the Statewide health standard was approved by the Department on March 23, 2000.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Cooley Residence, Lower Windsor Township, **York County**. Michael Cooley, 22 Meisenhelder Road, Wrightsville, PA 17368 has submitted a final report within 90 days of a release concerning the remediation of site soils contaminated with PAHs. The final report demonstrated attainment of the Statewide health standard, and was approved by the Department on March 20, 2000.

Charles and Cindy Stoudt Residence, Swatara Township, **Lebanon County**. Charles and Cindy Stoudt, 407 South Lancaster Street has submitted a final report concerning the remediation of site soils contaminated with BTEX and PAHs. The final report demonstrated attainment of the Statewide health standard, and was approved by the Department on March 21, 2000.

Red Rose Buick Suzuki, Manheim Township, **Lancaster County**. Red Rose Buick Suzuki, 939 North Prince Street, Lancaster, PA 17603 has submitted a final report concerning the remediation of site soils contaminated with BTEX, PHCs and PAHs. The final report demonstrated attainment of the Statewide health standard, and was approved by the Department on March 23, 2000.

Former Internet Facility, East Hempfield Township, **Lancaster County**. HydroScience, Inc., 607 Washington Street, Reading, PA 19601 has submitted a combined remedial investigation report and final report concerning the remediation of site groundwater contaminated with heavy metals, BTEX, PCBs and PAHs. The report demonstrated attainment of the site-specific standard, and was approved by the Department on March 29, 2000.

Nitrogen Oxides (NOx) Allowance Program

Revised Title V/State Only Operating Permits to include Conditions relating to NOx Allowance Requirements in 25 Pa. Code §§ 123.101—123.120

The Department of Environmental Protection (Department) has revised the following Operating Permits to include revised allocations under the provisions of 25 Pa. Code §§ 123.101—123.120 (relating to NOx allowance requirements) as specified in Appendix E.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Copies of these permits and other relevant information are available for review at the address given as follows:

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rule of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717)

787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

WATER QUALITY CERTIFICATION

Notice of Final Action on Request for Certification under Section 401 of the Federal Water Pollution Control Act

Except as otherwise noted, the Department of Environmental Protection (Department), under Section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) certifies that the construction and operation herein described will comply with the applicable provisions of sections 301–303, 306 and 307 of that act, and that the construction will not violate applicable Federal and State water quality standards, provided the following requirements are met.

Final or proposed action on certain other certification requests for projects which require both a Water Obstruction and Encroachment permit and either a United States Army Corps of Engineers individual permit or a Nationwide permit 14, 18 or 26 will be published with Applications and Actions filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1–693.27).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501–508 and 701–704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedures may be obtained from the Board. The appeal form and the Board's rules of practice and procedures are also available in braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Regional Office: Regional Manager, Water Management Program, Northwest Region, 230 Chestnut Street, Meadville, PA 16335.

Certification Request Initiated by: Erie Western Pennsylvania Port Authority, Raymond P. Schreckengost, Executive Director, 17 West Dobbins Landing, Erie, PA 16507-1424.

Date of Initial Pennsylvania Bulletin Notice: March 4, 2000.

Project Description: The Erie-Western Pennsylvania Port Authority has requested a State certification, under Section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) that the discharge of dredged material from the East Avenue Launch Ramp into the Lake Erie Harbor Confined Disposal Facility (CDF) will comply with the applicable provisions of sections 301–303, 306 and 307 of the Federal Clean Water Act.

This request was necessitated by conditions imposed by the Department's Water Obstruction and Encroachment

Permits E25-404A and E25-581 issued to the Erie-Western Pennsylvania Port Authority requiring Federal Water Act Section 401 certification for the disposal of dredged material into the CDF prior to each dredging and disposal event. The Erie-Western Pennsylvania Port Authority has sampled and tested the sediments in accordance with Attachment A "Sample Collection and Testing Protocol" of both Water Obstruction and Encroachments Permits E25-404A and E25-581. Laboratory testing was conducted in accordance with the United States Army Corps of Engineer's Inland Testing Manual and the document "Ecological Evaluation of Proposed Discharge of Dredged or Fill Material in Navigable Waters." Based upon this sampling and laboratory testing, the Erie-Western Pennsylvania Port Authority indicates that the approximately 450 cubic yards of basin sediments from the East Avenue Launch Ramp (Erie North, PA N: 3.6 inches; W: 8.9 inches) discharged into the Lake Erie Harbor Confined Disposal Facility (Erie North, PA N: 4.7 inches; W:10.3 inches) will have a relatively insignificant effect on the water quality of Lake Erie. This 401 Water Quality Certification is only for this single activity. Any subsequent dredging of the East Avenue Launch Ramp basin and use of the CDF will require separate 401 Water Quality Certification.

Location: Lake Erie Harbor Confined Disposal Facility (Erie North, PA N: 4.7 inches; W: 10.3 inches).

Final Action on Request: Certification granted. This is a one-time certification for the above described project.

The Department of Environmental Protection (Department) under section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)), certifies that the construction and operation herein described will comply with the applicable provisions of sections 301–303, 306 and 307 of that act, and that the construction will not violate applicable Federal and State water quality standards, provided the following requirements are met.

Final or proposed action on certain other certification requests for projects which require both a Water Obstruction and Encroachment permit and either a United States Army Corps of Engineers individual permit or a Nationwide permit 14, 18 or 26 will be published with Applications and Actions filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1–693.27).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501–508 and 701–704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedures may be obtained from the Board. The appeal form and the Board's rules of practice and procedures are also available in braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

*Certification Request Initiated by: **Erie Western Pennsylvania Port Authority**, Raymond P. Schreckengost, Executive Director, 17 West Dobbins Landing, Erie, PA 16507-1424.*

Date of Initial Pennsylvania Bulletin Notice: March 4, 2000.

Project Description: The Erie-Western Pennsylvania Port Authority has requested a State certification, under Section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)), that the discharge of dredged material from the East Canal Basin into the Lake Erie Harbor Confined Disposal Facility (CDF) will comply with the applicable provisions of Sections 301—303, 306 and 307 of Federal Clean Water Act.

This request was necessitated by conditions imposed by the Department's Water Obstruction and Encroachment Permits E25-404A and E25-581 issued to the Erie-Western Pennsylvania Port Authority requiring Federal Water Act Section 401 certification for the disposal of dredged material into the CDF prior to each dredging and disposal event. The Erie-Western Pennsylvania Port Authority has sampled and tested the sediments in accordance with conditions 2 through 7 of Attachment A "Sample Collection and Testing Protocol" of both Water Obstruction and Encroachments Permits E25-404A and E25-581. This laboratory testing was conducted in accordance with the United States Army Corps of Engineer's Inland Testing Manual and the document "Ecological Evaluation of Proposed Discharge of Dredged or Fill Material in Navigable Waters." Based upon the laboratory testing, the Erie-Western Pennsylvania Port Authority indicates that the approximately 12,500 cubic yards of basin sediments from the East Canal Basin (Erie North, PA N: 2.4 inches; W: 12.3 inches) discharged into the Lake Erie Harbor Confined Disposal Facility (Erie North, PA N: 4.7 inches; W: 10.3 inches) will have a relatively insignificant effect on the water quality of Lake Erie. INSURANCE DEPARTMENT

Aetna USHealthCare Medical and Pharmacy; Rate Filing

On March 31, 2000, Aetna USHealthCare submitted a rate filing to increase the Individual Advantage product rates for all service areas. The filing represents an increase of 14% on medical and 30% on pharmacy over the approved July 1, 1999—June 30, 2000 base medical and pharmacy rates. This is equivalent to an overall increase of 15.6%. The estimated rate increase will effect approximately 14,000 members and will result in additional annual premium income of approximately \$3.5 million (\$2.8 million on medical and \$0.7 million on pharmacy). The proposed effective date is July 1, 2000.

A copy of the filing is available for public inspection during normal working hours, by appointment, at the Insurance Department's Harrisburg, Philadelphia, Pittsburgh and Erie Regional Offices.

Interested parties are invited to submit written comments, suggestions or objections to Cherri Sanders-Jones, Actuary, Bureau of Accident and Health Insurance, Insurance Department, 1311 Strawberry Square, Harrisburg, PA 17120, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with the termination of the insured's automobile policy. The hearing will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). These administrative hearings will be held in the Insurance Department's Offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Darren and Elaine Wansley; file no. 00-181-01571; Colonial Insurance Co. of Wisconsin; doc. no. P00-03-030; May 9, 2000, at 10 a.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when

the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Fuel Surcharge; S. P. 28204

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice-Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Public Meeting
March 30, 2000

Order

By the Commission:

The Pennsylvania Public Utility Commission (Commission) is aware of the recent surge in the retail price of fuel. To prevent financial hardships and even bankruptcy, it is imperative that passenger motor carriers under the jurisdiction of this Commission be afforded an opportunity to adjust rates and fares to offset unanticipated fuel expenditures.

To permit call or demand, paratransit and airport transfer carriers to recover unanticipated increased fuel costs, we are hereby authorizing a fuel surcharge of \$0.25 per paying passenger. The fuel surcharge is to be in addition to existing officially filed tariff rates.

To permit call or demand motor carriers of First Class Cities to recover increased fuel costs, we are hereby requiring that each call or demand carrier of First Class Cities to charge the authorized fuel surcharge of \$0.25 per paying passenger, in addition to the authorized meter rate. Call or demand carriers of First Class Cities are also required to charge the authorized fuel surcharge of \$0.25 per paying passenger, in addition to the flat rate of \$20, for transportation to or from the Philadelphia International Airport. This requirement is consistent with the Commission's decision at R-901703, entered January 11, 1991, which requires that all call or demand carriers in First Class Cities charge uniform rates.

We have determined that the authorized fuel surcharge is just and reasonable for both the passenger carrier and the paying passenger. *Therefore,*

It Is Ordered That:

1. Call or demand carriers, paratransit carriers and airport transfer motor carriers rendering service under jurisdiction of this Commission may establish a fuel surcharge under Special Permission No. 28204.

2. Call or demand carriers of First Class Cities are required to charge the authorized fuel surcharge of \$0.25 per paying passenger, in addition to the authorized meter rate.

3. Call or demand carriers of First Class Cities are required to charge the authorized fuel surcharge of \$0.25 per paying passenger, in addition to the flat rate of \$20.

4. The surcharge shall become effective on April 1, 2000, and shall terminate on June 30, 2000.

5. Motor carriers establishing a fuel surcharge and call or demand carriers of First Class Cities shall notify the public by placing notice in all vehicles. The notice shall read "The PA Public Utility Commission has authorized the establishment of a fuel surcharge under Special Permission No. S. P. 28204. The surcharge of \$0.25 per paying passenger is effective on April 1, 2000 and shall terminate on June 30, 2000."

6. The Secretary shall duly certify this order and deposit same with the Legislative Reference Bureau of publication in the *Pennsylvania Bulletin*.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

- The payment date specified in the contract.
- 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
- The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
