READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

RULES AND REGULATIONS

Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 51, 53, 61, 93 AND 97]

Administration, Commission Property, Fishing and Boating

The Fish and Boat Commission (Commission) by this order amends 58 Pa. Code Chapters 51, 53, 61, 93 and 97 (relating to administrative provisions; Commission property; seasons, sizes and creel limits; registration and numbering; and operator provided equipment). The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendments relate to the release of documents and records, restrictions on Commission property, fishing and boating.

A. Effective Date

The amendments will go into effect upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendments, contact Laurie E. Shepler, Assistant Counsel, (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. Statutory Authority

The amendments to § 51.9 are published under the statutory authority of section 3 of the Right to Know Law (65 P. S. § 66.3) and section 506 of The Administrative Code of 1929 (71 P. S. § 186). The amendments to §§ 53.4, 53.10, 53.11, 53.15 and 53.18 are published under the statutory authority of section 741 of the code (relating to control of property). The amendments to § 61.1 are published under the statutory authority of section 2102 of the code (relating to rules and regulations). The amendments to §§ 93.4 and 93.17 are published under the statutory authority of section 5122 of the code (relating to registration, licenses, permits, plates and statistics). The amendments to § 93.110 are published under the statutory authority of section 5325 of the code (relating to rules and regulations). The amendments to § 97.3 are published under the statutory authority of section 5123 of the code (relating to general boating regulations).

D. Purpose and Background

The amendments are designed to update, modify and improve Commission regulations relating to the release of documents and records, Commission property, fishing and boating. The specific purpose of the amendments is described in more detail under the summary of changes. Prior to the Commission's action on proposed rulemaking, the Commission's Boating Advisory Board considered the proposed amendments relating to boating and recommended that the Commission approve the publication of a notice of proposed rulemaking containing the changes.

E. Summary of Changes

(1) *Section 51.9 (relating to the release of documents and records)*. The Commission's staff routinely receive and process requests for release of documents and other

information in Commission files. Sometimes these requests are made under the Right-to-Know Law (act) (65 P. S. §§ 66.1—66.4). The act contains a very specific definition of the term "public record." This definition has been given a liberal interpretation by the courts, but it is clear that many, if not most, documents in the Commission's files do not meet the statutory definition. Moreover, most law enforcement records are specifically excluded in that they would disclose the institution, progress or results of agency investigations. In addition to documents that meet the statutory definition of "public record," the Commission ordinarily has provided access to other documents, including correspondence with entities and individuals outside Commonwealth government, on request.

One of the issues that arises in dealing with requests for access to documents relates to fees for copying them. Under the act, requesters have the right to inspect, examine and copy public records subject to reasonable restrictions, but there is no requirement for agencies to make copies of records and send them to requesters. In order to follow more systematic procedures for the release of documents, the Commission proposed a new regulation at § 51.9.

After the publication of a notice of proposed rulemaking, a question arose as to whether the Commission should charge a fee for providing electronic copies of documents, and if so, how much the Commission should charge. The Commission, on final rulemaking, adopted the new regulation as set forth in Annex A.

(2) *Sections 53.4, 53.15 and 53.18 (relating to limiting access to Commission property; Commission lakes or access areas under special time regulations; and additional restrictions)*. A recent review by Commission staff revealed some overlap in the Commission's property regulations in §§ 53.4, 53.15 and 53.18. Therefore, the Commission consolidated these regulations into one regulation (§ 53.4) and deleted §§ 53.15 and 53.18, as proposed, with the clarification that any restrictions imposed under § 53.4(a) and (c) are effective when posted at the site.

(3) *Sections 53.10 and 53.11 (relating to vehicles; and off-highway vehicles and snowmobiles)*. The act of November 3, 1999 (P. L. 447, No. 41) (Act 41), which became effective on January 1, 2000, amended, among other things, the penalty provision of section 741 of the code (relating to control of property). In light of this amendment, staff revisited the Commission's regulations relating to vehicles on Commission property. Commission staff also received legislative inquiries regarding the legality of the use of registered all terrain vehicles (ATVs) on Commission property. In an effort to clarify the Commission's intent with regard to the use of vehicles on Commission property, the Commission adopted amendments to §§ 53.10 and 53.11 as proposed.

(4) *Section 61.1 (relating to Commonwealth inland waters)*. A recent review of this regulation revealed that a housekeeping correction was warranted. Therefore, the Commission amended this section as proposed.

(5) *Section 93.4 (relating to certificate of registration)*. One of the more common violations of the boating regulations is operating without the required registration certificate onboard. Often this is simply an oversight as the boater has left the certificate in the car, at the cottage or at home on the kitchen table. Commission policy is that citations usually are not issued when it is reasonable that

the certificate is most likely available, just not on-board. An officer, however, must still be shown proof that the registration is valid. Current procedure requires that the owner produce an original certificate within a certain number of days for inspection by the officer. This sometimes causes inconvenience for both the officer and the violator as they arrange for verification.

The regulations provide a mail-in procedure for persons who are caught fishing without displaying a license. This procedure has been very successful and has resulted in greater efficiency and use of officer time. The Commission, therefore, has implemented a similar procedure for boat registration certificates by adding a new subsection to § 93.4 as proposed.

(6) *Sections 93.17 and 93.110 (relating to registration of abandoned boats; and boats that are junked, destroyed, lost, stolen or abandoned).* Although these regulations, as currently written, allow the Commonwealth, its agencies and political subdivisions to register or acquire title to any boat abandoned on areas under their ownership, the regulations do not extend to the Federal government and do not allow these entities to avail themselves of the salvor process. Therefore, the Commission proposed amendments to these sections. Prior to the publication of the notice of proposed rulemaking, the Office of Attorney General asked a question about how the U. S. Government handles property abandoned on Federal lands and waters. The Commission learned that the U. S. Fish and Wildlife Service and presumably other Federal agencies have regulations on this subject. In order to eliminate any confusion about the interplay between Federal and state regulatory authorities, the Commission adopted the amendments to read as set forth in Annex A.

(7) *Section 97.3 (relating to sound producing devices).* As currently written, the requirement for sound producing devices contained in this section is different and, in some ways, inconsistent with the Federal Inland Navigation Rules. The purpose of sound producing devices is to allow motorboats to make the sound signals required by the Federal Navigation Rules. Boaters in this Commonwealth seldom use sound signals on small inland lakes and rivers. According to the Federal Inland Navigation Rules, the technical specifications for whistles and bells are only applicable to boats greater than 12 meters in length. Less than 400 of the 350,000 boats registered in the Commonwealth are 12 meters in length or greater. The current requirement in subsection (b)(1) is not complete, and the term "bell" is not defined in the Commission's regulations.

The current regulations go further than the Federal regulations by requiring unpowered vessels such as canoes and kayaks to carry a mechanical means of making a sound signal. The Commission has received many complaints from unpowered boat owners (particularly boat livery operators) that this requirement places an inappropriate burden on paddlers and on businesses renting small, unpowered boats. There is little, if any, evidence that this requirement resolves a safety issue or that sound producing devices serve any real purpose on unpowered boats. Finally, the definitions in subsection (a) serve no purpose for regulating sound producing devices or providing useful information to the boating public. Accordingly, the Commission amended § 97.3 to remove those provisions that are inconsistent with the Federal rules, to add a general statement about the applicability of the Federal rules in the Commonwealth and to add a provision concerning sound device requirements for unpowered boats as proposed.

F. Paperwork

The amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments to § 51.9 will impose modest costs on the private sector and the general public in that those who request copies of public records and other documents in the Commission's files will be charged 25¢ per letter or legal size page for such copies, \$1 per page or the actual cost of reproduction (whichever is greater) for oversize copies (in excess of legal size), \$1 per document plus \$2 per diskette for documents one megabyte or less in size that are copied to an electronic media, \$3 per document plus \$10 or the cost of the media on which the document is stored (whichever is greater) for documents of more than one megabyte in size that are copied to an electronic media, \$2 for handling, plus the actual cost of postage or shipping. The other amendments will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 30 Pa.B. 1755 (April 1, 2000). With the exception of the amendments to § 97.3, the Commission did not receive any public comments regarding the proposals. The Commission received one comment after the public comment period from the Upper Delaware Council, generally supporting the changes to § 97.3.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201, 1202) and the regulations promulgated thereunder (1 Pa. Code §§ 7.1 and 7.2).

(2) A public comment period was provided and the comments received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(A) The regulations of the Commission, 58 Pa. Code Chapters 51, 53, 61, 93 and 97, are amended by amending §§ 53.10, 53.11, 61.1, 93.4 and 97.3 and deleting §§ 53.15 and 53.18 to read as set forth at 30 Pa.B. 1755 (April 1, 2000) and by amending §§ 53.4, 93.17 and 93.110 and by adding § 51.9 to read as set forth at Annex A, with ellipses referring to the existing text of the regulations.

(B) The Executive Director will submit this order, 30 Pa.B. 1755 and Annex A to the Office of Attorney General for approval as to legality as required by law.

(C) The Executive Director shall certify this order, 30 Pa.B. 1755 and Annex A and deposit the same with the Legislative Reference Bureau as required by law.

(D) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

PETER A. COLANGELO,
Executive Director

Fiscal Note: Fiscal Note 48A-105 remains valid for the final adoption of the subject regulations.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart A. GENERAL PROVISIONS

CHAPTER 51. ADMINISTRATIVE PROVISIONS

§ 51.9. Release of documents and records.

(a) Consistent with the act of June 21, 1957 (P. L. 390, No. 212), known as Right-to-Know Law (65 P. S. §§ 66.1—66.4.) and section 324 of the code (relating to Commission records), the Commission will make public records contained in its files available to citizens of this Commonwealth for inspection and examination at reasonable times and will allow requesters to make extracts and copies of the records subject to reasonable restrictions to safeguard the records and reasonable procedures on the time and place for making copies and extracts.

(b) Requests for release of public records contained in Commission files shall be made in writing and submitted to: Executive Director, Pennsylvania Fish and Boat Commission, Post Office Box 67000, Harrisburg, Pennsylvania 17106-7000.

(c) If a photocopier or reproduction device under the control of the Commission is used to copy information released under this section, the requester will be charged 25¢ per letter or legal size page for the copies. If the Commission copies oversize pages (in excess of legal size), the charge shall be \$1 per page or the actual cost of reproduction, whichever is greater. If the Commission copies documents to electronic media (such as, computer diskette), the requester will be charged \$1 per document copied (if 1 megabyte or less in size) plus \$2 per diskette. For electronic documents of more than 1 megabyte in size, the requester will be charged \$3 per document plus \$10 or the cost of the media on which the document is stored, whichever is greater. If the Commission mails copies of documents copied under this section to the requester, the requester will be charged \$2 for handling, plus the actual cost of postage or shipping. All charges shall be payable in advance by check or money order made payable to "Pennsylvania Fish and Boat Commission." The Commission may waive copy charges and mailing charges for good cause or in the public interest. When the total copying, handling and mailing charges for a request are \$10 or less, collection ordinarily will be waived.

CHAPTER 53. FISH AND BOAT COMMISSION PROPERTY

§ 53.4. Limiting access to Commission property and other restrictions.

(a) Commission-owned or -controlled property, including Commission lakes and access areas, may be closed to the public during hours as the Executive Director may direct. The Executive Director will publish a notice in the *Pennsylvania Bulletin* and will cause the hours to be posted at the site. Time restrictions imposed under this subsection will be effective when posted at the site. It is unlawful for any person to enter or remain upon Commission property during the times it is closed to public use, without the express written consent of the Executive Director or a designee.

(b) The Executive Director or a designee may issue an order barring any person from entering or remaining upon a named Commission property when the Executive

Director finds that the presence of the person on Commission property constitutes a substantial disruption of Commission operations or a reasonable threat to the health and safety of Commission personnel or other persons who are engaged in other lawful uses of the property. Orders issued under this subsection may be appealed to the Commission under 1 Pa. Code § 35.20 (relating to appeals from the actions of the staff).

(c) The Executive Director may impose additional restrictions on the use of Commission property, including prohibitions on use or possession of beer and alcoholic beverages and restrictions on fires at times and for periods as the Director deems appropriate for the protection and management of Commission-owned or -controlled property. The Executive Director will publish a notice in the *Pennsylvania Bulletin* and will cause the additional restrictions to be posted at the site. Additional restrictions imposed under this subsection will be effective when posted at the site. It is unlawful to violate restrictions imposed by the Executive Director on behalf of the Commission under this subsection.

Subpart C. BOATING

CHAPTER 93. REGISTRATION AND NUMBERING

§ 93.17. Registration of abandoned boats.

* * * * *

(b) *Boats abandoned on private property.* Subject to the following, a landowner, his lessee or his agent may register a boat that has been abandoned on his land or the waters immediately adjacent to his land for at least 3 months.

* * * * *

(6) Upon receipt of the required materials and the payment of fees required by law, the Commission will register the boat in the name of the applicant.

(c) *Boats abandoned on public property or waters.* A person finding a boat abandoned on public property or waters—that is, property or waters under the ownership or control of the Commonwealth, its agencies and political subdivisions—shall notify the Commission of the description and location of the boat as well as the date on which it was found. A person may notify the Commission by completing form PFBC-R3, "Notice of Abandoned Boat Found on Commonwealth Waters" and mailing the form to the Commission. A person finding a boat abandoned on lands or waters under the jurisdiction or control of the United States Government should contact the Federal agency with jurisdiction over the lands and waters and follow applicable Federal regulations.

(1) The Commission may take possession of a boat abandoned on public property or waters or may authorize a salvor to take possession provided the salvor complies with these provisions, is a vehicle salvage dealer as defined in 75 Pa.C.S. § 1337 (relating to use of "Miscellaneous Motor Vehicle Business" registration plates), and holds a current, valid certificate of authorization issued by the Department of Transportation under 75 Pa.C.S. § 7302 (relating to certification of authorization).

* * * * *

(8) The Commonwealth, its agencies and political subdivisions may register any boat abandoned on areas under their ownership or control by proceeding in the manner set forth in subsection (b) or may follow the procedure set forth in this subsection. The Federal government may register any boat abandoned on areas under its ownership or control by proceeding in the manner set

forth in subsection (b), may follow the procedure set forth in this subsection or may follow applicable Federal laws or regulations.

§ 93.110. Boats that are junked, destroyed, lost, stolen or abandoned.

* * * * *

(b) *Acquiring title to boats abandoned on private property.*

* * * * *

(8) Upon receipt of the material required by this subsection and the payment of any fees required by law, the Commission will issue a certificate of title to the boat to the applicant. Issuance of a certificate of title divests any other person of any interest in the boat.

(c) *Acquiring title to boats abandoned on public property or waters.*

(1) A person finding a boat abandoned on public property or waters—that is, property or waters under the ownership or control of the Commonwealth, its agencies or political subdivisions—shall notify the Commission of the description and location of the found boat as well as the date on which it was found.

(2) The Commission may take possession of a boat abandoned on public property or waters or may authorize a salvor to take possession if the salvor complies with this section, is a vehicle salvage dealer as defined in 75 Pa.C.S. § 1337 (relating to use of miscellaneous motor vehicle business registration plates) and holds a current, valid certificate of authorization issued by the Department of Transportation under 75 Pa.C.S. § 7302 (relating to certification of authorization).

* * * * *

(9) The Commonwealth, its agencies and political subdivisions may acquire title to any boat abandoned on areas under their ownership or control by proceeding in the manner set forth in subsection (b) or may follow the procedure set forth in this subsection. The Federal government may acquire title to any boat abandoned on areas under its ownership or control by proceeding in the manner set forth in subsection (b), may follow the procedure set forth in this subsection or may follow applicable Federal laws or regulations.

**FISH AND BOAT COMMISSION
[58 PA. CODE CH. 91]
Boating Safety Education Certificates**

The Fish and Boat Commission (Commission) by this order amends Chapter 91 (relating to general provisions). The Commission is publishing this amendment under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendments relate to Boating Safety Education Certificates.

A. Effective Date

The amendment will go into effect upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendment, contact Laurie E. Shepler, Assistant Counsel (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rule-making is available electronically through the Commission's website (<http://www.fish.state.pa.us>).

C. Statutory Authority

The amendment is published under the statutory authority of section 5123 of the code (relating to general boating regulations).

D. Purpose and Background

The amendment is designed to update, modify and improve Commission regulations relating to boating. The specific purpose of the amendment is described in more detail under the summary of changes. The Commission's Boating Advisory Board (Board) considered the amendment and recommended final adoption by the Commission.

E. Summary of Changes

Beginning January 1, 2000, all operators of personal watercraft (PWC) are required to have a Boating Safety Education Certificate in their possession while operating a PWC. In that regard, the Commission believed that there may have been some confusion concerning the interpretation of the existing definition of a "Boating Safety Education Certificate" in § 91.6 (relating to certificates). Specifically, there was concern that the then current regulation did not clearly identify what is required of PWC operators depending on their state of residence. The Commission, therefore, has amended this section. The amendments do not change the intent of the prior regulation. The new language merely clarifies that a resident of this Commonwealth, when required to carry a Boating Safety Education Certificate, must have one issued by the Commission, another state or Canadian province. The language further clarifies that for nonresidents, the certificate may be issued by a governmental agency or an organization that has been designated by the Executive Director. These organizations must have had prior approval of the National Association of State Boating Law Administrators.

During the review of the proposed amendment, it was suggested that it would be desirable to clarify several provisions. Subsection (c) relates to the requirement that Boating Safety Education Certificates be carried onboard and presented to an officer. As currently worded, it applies only to PWCs. The Board pointed out that current regulations in § 91.4 (relating to age of operator) require youth (ages 12-15) to have a Boating Safety Education Certificate in possession and that pending legislation may extend the requirement for mandatory boating education. Accordingly, on final rulemaking, the Commission reworded subsection (c) to make it unlawful to operate any boat or watercraft (not just PWCs) without a Boating Safety Education Certificate onboard when the operator of the boat or watercraft is required by law or regulation to possess one.

In addition, it was suggested that this regulation should contain some mention of temporary boating safety certificates. Although temporary certificates are mentioned in the regulation on PWCs in § 109.3 (relating to personal watercraft), there is no general provision relating to temporary certificates. Persons who complete boating safety education courses routinely are issued temporary certificates that are good for 90 days. Therefore, on

final rulemaking, the Commission added subsection (d) to provide for temporary boating safety education certificates.

F. Paperwork

The amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 30 Pa.B. 1874 (April 8, 2000). The Commission did not receive any public comments regarding the proposal.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and no comments were received.

(3) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(A) The regulations of the Commission, 58 Pa. Code Chapter 91, are amended by amending § 91.6 to read as set forth at Annex A.

(B) The Executive Director will submit this order and Annex A to the Office of Attorney General for approval as to legality as required by law.

(C) The Executive Director shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(D) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

Executive Director

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart C. BOATING

CHAPTER 91. GENERAL PROVISIONS

§ 91.6. Boating Safety Education Certificates.

(a) *Definition.*

(1) For residents of this Commonwealth, a Boating Safety Education Certificate is one issued to an individual by the Commission, another state or Canadian province. Upon proper application, the Commission may issue a Boating Safety Education Certificate to a resident of this

Commonwealth who successfully completes a course offered by an organization designated by the Executive Director.

(2) For nonresidents, a Boating Safety Education Certificate is one issued to an individual who successfully completes a course offered by the Commission, another state, a Canadian province or an organization designated by the Executive Director.

(b) *Designation.* The Executive Director may designate, by notice, organizations that offer boating safety education courses that are acceptable for residents, nonresidents, or both.

(c) *Certificate possession.* When the operator of a boat or watercraft is required by law or regulation to possess a Boating Safety Education Certificate, it is unlawful to operate the boat or watercraft on the waters of this Commonwealth without carrying onboard the Boating Safety Education Certificate issued to the operator. A Boating Safety Education Certificate shall be carried so that it can be presented to an officer authorized to enforce this subpart.

(d) *Temporary certificate.* The Executive Director or a designee may authorize the issuance of temporary Boating Safety Education Certificates to persons who successfully complete boating safety education courses approved by the Commission. Temporary Boating Safety Education Certificates expire when the permanent certification is issued or 90 days after issuance, whichever occurs first.

**STATE BOARD OF VETERINARY MEDICINE
[49 PA. CODE CH. 31]**

Corrective Amendment to 49 Pa. Code § 31.41

The State Board of Veterinary Medicine has discovered a discrepancy between the agency text of 49 Pa. Code § 31.41, as deposited with the Legislative Reference Bureau and published at 29 Pa.B. 1392 (March 13, 1999), and the official text as published in the May 1999 *Pennsylvania Court Reporter* (Master Transmittal Sheet No. 294), and as currently appearing in the *Pennsylvania Code*. An amendment to the cost of a temporary permit was not codified.

Therefore, under 45 Pa.C.S. § 901: The State Board of Veterinary Medicine has deposited with the Legislative Reference Bureau a corrective amendment to 49 Pa. Code § 31.41. The corrective amendment to 49 Pa. Code § 31.41 is effective as of May 1, 1999, the date the defective official text was announced in the *Pennsylvania Bulletin*.

The correct version of 49 Pa. Code § 31.41 appears in Annex A.

PROPOSED RULEMAKING

INSURANCE DEPARTMENT

[31 PA. CODE CH. 3]

Allocation of Joint Expenses

The Insurance Department (Department) proposes to delete Chapter 3 (relating to allocation of joint expenses) to read as set forth in Annex A, under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412); the act of May 9, 1949 (P. L. 1025, No. 298) (act) (40 P. S. §§ 1261—1264); and section 320 of The Insurance Company Law of 1921 (40 P. S. § 443). The regulations apply to property and casualty insurers, the State Workmen's Insurance Fund and title insurers. The regulations prescribe accounting rules for allocation of joint expenses in financial statements.

Purpose

The purpose of this rulemaking is to delete Chapter 3 to eliminate obsolete, unnecessary regulations. The regulations were initially adopted October 21, 1949, and last amended July 7, 1970, under the authority of the act. Specifically, sections 1 and 2 of the act (40 P. S. §§ 1261 and 1262) require property and casualty insurers, the State Workmen's Insurance Fund and title insurers to maintain uniform classifications of accounts and records as may be prescribed by the Insurance Commissioner (Commissioner) and, in addition, to file reports in a form determined by the Commissioner. The regulations were adopted to prescribe uniform accounting rules for the allocation of joint expenses in financial reports filed with the Commissioner. Joint expenses are expenses shared among members of a group of entities.

Section 320(a) of The Insurance Company Law of 1921 requires insurers to file annual financial statements and, as amended by the act of December 18, 1992 (P. L. 792, No. 176) states, in pertinent part:

(a)(1) Every stock and mutual insurance company, association, and exchange, doing business in this Commonwealth, shall annually, on or before the first day of March, file in the office of the Insurance Commissioner and with the National Association of Insurance Commissioners a statement which shall exhibit its financial condition on the thirty-first day of December of the previous year . . . The Insurance Commissioner shall require each insurance company, association and exchange to report its financial condition on the statement convention blanks, in such form as adopted by the National Association of Insurance Commissioners . . . and may make such changes, from time to time, in the form of the same as shall seem best adapted to elicit from them a true exhibit of their financial condition.

(2) Unless otherwise provided by law, regulation or order of the Insurance Commissioner, each insurance company, association and exchange shall adhere to the annual or quarterly statement instructions and the accounting practices and procedures manuals prescribed by the National Association of Insurance Commissioners . . .

Under the authority of the act and section 320 of The Insurance Company Law of 1921, the Insurance Commissioner has determined that the annual statement instructions and the accounting practices and procedures manual

(manual) prescribed by the National Association of Insurance Commissioners (NAIC)¹, sufficiently address the allocation of joint expenses. Specifically, Statement of Statutory Accounting Principles No. 70 in the manual establishes statutory accounting principles for the apportionment of shared expenses and refers to the applicable annual statement instructions. The regulations in no manner enhance the NAIC instructions and manual. In addition, §§ 3.4(a) and 3.6 (relating to records required; and other applicable instructions) refer to requirements in Chapter 9 that have been deleted effective August 8, 1998. Therefore, the regulations are outdated and are no longer needed.

Affected Parties

The deletion of the regulations affects property and casualty insurers, the State Workmen's Insurance Fund and title insurers.

Fiscal Impact

There is no fiscal impact as a result of the deletion of the regulations.

Paperwork

The deletion of the regulations would impose no additional paperwork requirements on the Department or insurers.

Effectiveness/Sunset Date

The rulemaking will become effective upon final publication in the *Pennsylvania Bulletin*. Because the rulemaking proposes to delete the regulations, no sunset date has been assigned.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Pennsylvania Insurance Department, 1326 Strawberry Square, Harrisburg, PA 17120, within 30 days following the publication of this notice in the *Pennsylvania Bulletin*. Questions and comments may also be e-mailed to psalvato@ins.state.pa.us or faxed to (717) 772-1969.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 21, 2000, the Department submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Banking and Insurance Committee and the House Committee on Insurance. In addition to submitting this proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by that portion. The Regulatory

¹ In 1998, the NAIC revised its model regulation to make it consistent with the NAIC's codified manual that will be effective January 1, 2001. Insurers subject to these regulations have been advised by Insurance Department Notices Nos. 1998-04 and 2000-02 that they will be required to adhere to the manual in preparing financial statements to be filed with the Department.

Review Act specifies detailed procedures for review, prior to final publication of the regulations by the Department, the General Assembly and the Governor of objections raised.

**[31 PA. CODE CH. 11]
Miscellaneous Provisions**

The Insurance Department (Department) proposes to amend Chapter 11 (relating to miscellaneous provisions) to read as set forth in Annex A. The rulemaking is proposed under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412); the act of May 9, 1949 (P. L. 1025, No. 298) (act) (40 P. S. §§ 1261—1264); and section 320 of The Insurance Company Law of 1921 (40 P. S. § 443). Except as otherwise provided, Chapter 11 applies to property and casualty insurance companies, associations, exchanges; and employes mutual liability associations and organizations, including the State Workmen's Insurance Fund and excluding title insurance. The regulations clarify charges made by the Department in filing or certifying records; and prescribe accounting rules for reporting electronic data processing equipment, allocating commission on sliding scale or guaranteed profit reinsurance contracts, and classifying and allocating salvage and subrogation recovery expenses.

Purpose

The purpose of this rulemaking is to update Chapter 11 by eliminating obsolete and unnecessary provisions and by clarifying existing regulations. Section 11.1 (relating to applicability) states that, except as otherwise provided, the chapter applies to stock or mutual insurance companies, associations, exchanges, employes mutual liability associations and organizations writing property or casu-

alty insurance coverages, including The State Workmen's Insurance Fund and excluding title insurance. Sections 11.2 and 11.4 (relating to charges made in filing or certifying records; and reporting of computer or data processing equipment) were last amended December 1, 1990, and apply to all types of insurers subject to fees and charges by the Department or required to file financial statements with the Department. See 48 Pa.B. 5920 (December 1, 1990). Sections 11.5—11.7 (relating to "sliding scale" or "guaranteed profit contracts"; example of "sliding scale" and "guaranteed profit" contract; and salvage and subrogation recovery expenses) prescribe uniform accounting rules applicable to property and casualty insurance business. This rulemaking will update and clarify the scope of the accounting rules in the regulations.

Explanation of Regulatory Requirements

Sections 1 and 2 of the act (40 P. S. §§ 1261 and 1262) require property and casualty insurers, the State Workmen's Insurance Fund and title insurers to maintain uniform classifications of accounts and records as may be prescribed by the Insurance Commissioner (Commissioner) and, in addition, to file reports in a form determined by the Commissioner. Further, section 320(a) of The Insurance Company Law of 1921, as amended by the act of December 18, 1992 (P. L. 792, No. 176) states, in pertinent part:

(a) (1) Every stock and mutual insurance company, association, and exchange, doing business in this Commonwealth, shall annually, on or before the first day of March, file in the office of the Insurance Commissioner and with the National Association of Insurance Commissioners a statement which shall exhibit its financial condition on the thirty-first day of December of the previous year . . . The Insurance Commissioner shall require each insurance company, association and exchange to report its financial condition on the statement convention blanks, in such form as adopted by the National Association of Insurance Commissioners . . . and may make such changes, from time to time, in the form of the same as shall seem best adapted to elicit from them a true exhibit of their financial condition.

(2) Unless otherwise provided by law, regulation or order of the Insurance Commissioner, each insurance company, association and exchange shall adhere to the annual or quarterly statement instructions and the accounting practices and procedures manuals prescribed by the National Association of Insurance Commissioners. . .

Under the authority of the act and section 320 of The Insurance Company Law of 1921, the Commissioner has determined that the annual statement instructions and the accounting practices and procedures manual (manual), prescribed by the National Association of Insurance Commissioners (NAIC)¹, sufficiently address the reporting of electronic data processing equipment and software and commission on reinsurance contracts for all insurers subject to the act and section 320 of The Insurance Company Law of 1921. Specifically, Statements of Statutory Accounting Principles Nos. 16, 61 and 62 in the NAIC manual establish statutory accounting principles for electronic data processing equipment and software and commission on reinsurance contracts. Sections

11.4—11.6 in no manner enhance the NAIC instructions and manual. Therefore, §§ 11.4—11.6 are outdated and are no longer needed.

The Commissioner has further determined that the accounting rules in § 11.7 continue to be needed to supplement the NAIC instructions and manual. Section 11.7 provides specific guidance on the types of expenses that shall be treated as salvage expense and on proper billing procedures when insurers use outside agencies to perform salvage activities. The NAIC instructions and manual do not include the accounting rules in § 11.7, and the Commissioner believes these rules are needed to provide adequate instructions for reporting salvage and subrogation recovery expenses. Therefore, § 11.7 is being retained in the regulations.

Finally, because §§ 11.4—11.6 are being deleted and the accounting rules in § 11.7 apply only to property and casualty insurance, § 11.1 is being deleted and provisions relating to the authority and scope of § 11.7 are being included as new subsections (a) and (b) in § 11.7. This proposed amendment will clarify the scope of the subsections in Chapter 11.

External Comments

The Department requested comments from The Insurance Federation of Pennsylvania, Inc., and the Pennsylvania Association of Mutual Insurance Companies in the development of this rulemaking. Insurers subject to these regulations were advised by Insurance Department Notice No. 1998-04 that they will be required to adhere to the manual in preparing financial statements to be filed with the Department. The Department received no objections to the amendments in this rulemaking.

Fiscal Impact

The proposed rulemaking has no fiscal impact.

Paperwork

The proposed rulemaking would impose no additional paperwork requirements on the Department or affected insurers.

Persons Regulated

The proposed rulemaking affects stock and mutual insurance companies, associations, and exchanges required to file financial statements with the Commissioner.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Pennsylvania Insurance Department, 1326 Strawberry Square, Harrisburg, Pennsylvania 17120, within 30 days following the publication of this notice in the *Pennsylvania Bulletin*. Questions and comments may also be e-mailed to psalvato@ins.state.pa.us or faxed to (717) 772-1969.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 21, 2000, the Department submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Banking and Insurance Committee and the House Committee on Insurance. In addition to submitting this proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

¹ In 1998, the NAIC revised its model regulation to make it consistent with the NAIC's codified manual that will be effective January 1, 2001. Insurers subject to these regulations have been advised by Insurance Department Notices Nos. 1998-04 and 2000-02 that they will be required to adhere to the manual in preparing financial statements to be filed with the Department.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations by the Department, the General Assembly and the Governor of objections raised.

TITLE 31. INSURANCE

PART I. GENERAL PROVISIONS

Subpart A. UNIFORM CLASSIFICATION OF EXPENSES

CHAPTER 11. MISCELLANEOUS PROVISIONS

§ 11.1. [Applicability] (Reserved).

[(a) Except as otherwise provided, this chapter shall apply to all stock or mutual insurance companies, associations, exchanges, employes mutual liability associations and organizations, including The State Workmen's Insurance Fund, which are subject to the Casualty and Surety Rate Regulatory Act (40 P. S. §§ 1181—1199) or The Fire, Marine and Inland Marine Rate Regulatory Act (40 P. S. §§ 1221—1238) or section 654, article VI(d) (Workmen's Compensation Insurance) of The Insurance Company Law of 1921 (40 P. S. § 814).

(b) This chapter does not apply to insurers authorized to write title insurance.]

§ 11.4. [Reporting of computer or data processing equipment] (Reserved).

[Electronic computer or data processing machines or systems acquired at a cost of \$10,000 or more for use in connection with the business of the insurers may be reported as an admitted asset if its cost will be depreciated over a period not exceeding 10 years.]

§ 11.5. ["Sliding scale" or "guaranteed profit" contracts] (Reserved).

[If a commission on reinsurance is on a "sliding scale" or "guaranteed profit" basis the reinsurance commission shall be allocated to "Commission and Brokerage—Reinsurance Assumed" or "Commission and Brokerage—Reinsurance Ceded."]

§ 11.6. [Example of "sliding scale" and "guaranteed profit" contract] (Reserved).

[(a) "Sliding scale" contract.

(1) Most "sliding scale" contracts provide for a flat commission ranging from about 30% to 37.5% paid on a written basis. Additional profit commissions are paid at a later date on an earned basis as specified by a formula embodied in the contract. These profit commissions are paid as the result of savings in the loss ratio. A common provision is that a 0.5% profit commission shall be paid for each

1.0% saving in the loss ratio. Sometimes a portion of the scale may provide for a full 1.0% profit commission for each 1.0% saving in the loss ratio.

(2) For example, a contract may provide for a flat commission of 35%, with a one-half for one profit commission to be paid the ceding company for any saving in the loss ratio under 55%, until the profit commission reaches 10%, or a total commission of 45%.

(3) Some contracts provide for a possible "return commission." In the example in paragraph (2), if the loss ratio exceeds the breaking point of 55%, the ceding company may have to pay a return commission to the reinsurer on a one-half to one basis until return commissions, such as 5.0%, have been returned, thus reducing the ultimate net commission from 35% to 30%. If the loss ratio runs under 35% or exceeds 65%, such saving or loss shall ordinarily be carried forward to the computation for the following year.

(b) "Guaranteed profit" contract.

(1) The most common form of surplus aid is the "guaranteed profit" contract. The principal characteristic of such a contract is that it transfers unearned premium reserve from the ceding company to the reinsurer and results in an immediate increase in the surplus of the ceding company by the amount of the tentative commissions received, but because all such tentative commissions are subject to return to the reinsurer does not actually relieve the ceding company of risk. The ceding company still remains exposed to the same risk as before. It is in the position of paying 2.0% to 5.0% of the ceded premiums to induce a reinsurer to sign a contract which has no ultimate effect, other than to reduce its surplus by 2.0% to 5.0% of these premiums.

(2) "Guaranteed profit" contracts are often written in a form similar to a quota share or portfolio reinsurance contract, or a combination of both. The tentative commission is ordinarily 45% or 50%. The fee of the reinsurer is generally 2.0%, 3.0% or 5.0% of the amount ceded. Most quota-share type contracts are subject to monthly reporting and settlements. The contract usually provides for each 1.0% decrease in the loss ratio, and return commissions on the basis of 1.0% for each 1.0% increase in the loss ratio. Illustration is provided by the following example:

Commission	45%
Fee for reinsurer	3%
Loss ratio "breaking point"	52%
Total original premium	100%

(3) In a situation similar to the example in paragraph (2), the ceding company pays to the reinsurer the gross reinsurance premiums less 45% commissions, or a net of 55%. As losses are determined they are paid by the reinsurer until the ceding company has received back from the reinsurer losses recovered in an aggregate amount equal to 52% of the original premiums ceded (55% less 3.0%). Any additional losses are immediately charged back to the ceding company as return commissions on a one for one basis. On the other hand, any saving under 52% is returned to the ceding company in the form of additional commissions. The ultimate effect on the ceding company is the loss of 3.0% of its ceded

premiums. The ceding company actually carries its own full risk throughout the entire period with respect to its gross business.]

§ 11.7. Salvage and subrogation recovery expenses.

(a) This section prescribes accounting practices for the classification and allocation of salvage and subrogation recovery expenses in financial statements filed with the Insurance Commissioner under sections 1 and 2 of the act of May 9, 1949 (P. L. 1025, No. 298)(40 P. S. §§ 1261—1264) and section 320 of The Insurance Company Law of 1921 (40 P. S. § 443).

(b) This section applies to all stock or mutual insurance companies, associations, exchanges, employes mutual liability associations and organizations, including The State Workmen's Insurance Fund, which are subject to the Casualty and Surety Rate Regulatory Act (40 P. S. §§ 1181—1199); The Fire, Marine and Inland Marine Rate Regulatory Act (40 P. S. §§ 1221—1238); or section 654 (Workmen's Compensation Insurance) of The Insurance Company Law of 1921 (40 P. S. § 814). This section does not apply to insurers authorized to write title insurance.

Annual Audited Insurers' Financial Report Required

The Insurance Department (Department) proposes to amend Chapter 147 (relating to annual audited insurers' financial report required) to read as set forth in Annex A. The rulemaking is proposed under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) relating to the general rulemaking authority of the Department; section 320 of The Insurance Company Law of 1921 (40 P. S. § 443) relating to the authority of the Commissioner to require insurers to file statements concerning their affairs and financial condition; and section 1605(a)(3)(ii) of The Insurance Company Law of 1921 (40 P. S. § 991.1605(a)(3)(ii)); sections 205 and 206 of The Pennsylvania Fair Plan Act (40 P. S. §§ 1600.205 and 1600.206); 40 Pa.C.S. §§ 6125, 6331 and 6701; sections 11 and 14 of the Health Maintenance Organization Act (40 P. S. §§ 1561 and 1564); section 630 of the act of May 17, 1921 (P. L. 682, No. 284) (40 P. S. § 764a); sections 7 and 25 of the Continuing Care Provider Registration and Disclosure Act (40 P. S. §§ 3207 and 3225); and section 602 of the Fraternal Benefit Societies Code (40 P. S. § 1142.602) which, respectively, relate to the specific regulatory and rulemaking authority of the Department regarding financial reporting by surplus lines insurers, the Pennsylvania Fair Plan, hospital plan corporations, health services plan corporations, health maintenance organizations, preferred

provider organizations; continuing care providers and fraternal benefit societies. The regulations require insurers to have annual audits of their year-end financial statements conducted by independent certified public accountants.

Purpose

The purpose of this rulemaking is to update Chapter 147, commonly referred to as the CPA Audit Rule, to reflect current statutory accounting practices and procedures adopted by the National Association of Insurance Commissioners (NAIC). The regulations prescribe requirements for annual audits of financial statements filed by insurers with the Department. The regulations were adopted in 1979 and last amended November 11, 1995. The regulations are based on a model regulation adopted by the NAIC and are included in the NAIC's state accreditation standards for regulation of the financial solvency of the insurance industry. The Commonwealth is currently accredited by the NAIC for compliance with the financial regulation standards. In 1998, the NAIC revised the model regulation to make it consistent with the NAIC's codified *Accounting Practices and Procedures Manual* (manual) that will be effective January 1, 2001. Insurers subject to these regulations have been advised by Insurance Department Notice Nos. 1998-04 and 2000-02 that they will be required to adhere to the manual in preparing financial statements to be filed with the Department. This rulemaking will update the regulations to be consistent with the manual and the 1998 revisions to the NAIC model regulation.

Explanation of Regulatory Requirements

This rulemaking proposes to amend § 147.4 (relating to contents of annual audited financial report) to address technical issues involving disclosures required in audit reports to be filed under the requirements of the manual.

Section 147.4(2) currently requires the notes to financial statements in annual audited financial reports to include notes required by generally accepted accounting principles (GAAP). Because the Statements of Statutory Accounting Principles (SSAPs) contained in the manual now address all types of required disclosures, the reference to GAAP is no longer needed and has been replaced with a reference to the manual. Section 147.4(2)(i) has been further amended to clarify that the notes shall include a reconciliation of any differences between the audited financial statement and the annual financial statement that the insurer has filed with the Department. In addition, the reference to section 320 of The Insurance Company Law of 1921 has been expanded to refer to other laws and regulations that may apply to financial statements filed by the various types of insurers under the scope of the regulations. Finally, § 147.4(2)(ii) has been deleted because a summary of the ownership and relationships of the insurer and all affiliated companies is required under SSAP No. 1 (relating to disclosure of accounting policies, risks and uncertainties, and other disclosures) in the manual. These amendments will eliminate potentially confusing inconsistencies between the regulations and the manual.

External Comments

The Department received comments from a group of "Insurance Trade Associations in Support of NAIC Codification" encouraging the Department to adopt the 1998 technical changes to the NAIC model regulation. The group includes the Alliance of American Insurers, American Association of Health Plans, American Council of Life Insurance, American Insurance Association, Blue Cross/

Blue Shield Association, Health Insurance Association of America, National Association of Independent Insurers, National Association of Mutual Insurance Companies and Reinsurance Association of America. The Department also requested comments from The Insurance Federation of Pennsylvania, Inc., the Pennsylvania Association of Mutual Insurance Companies, and the Pennsylvania Fraternal Congress in the development of this rulemaking. The Department received no objections to the amendments in this rulemaking.

Fiscal Impact

The proposed rulemaking has no fiscal impact.

Paperwork

The proposed rulemaking would impose no additional paperwork requirements on the Department or affected insurers.

Persons Regulated

This proposed rulemaking applies to insurance companies, other insurer entities and continuing care providers licensed to transact business in this Commonwealth and the independent certified public accountants retained by those insurers to conduct annual audits.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Pennsylvania Insurance Department, 1326 Strawberry Square, Harrisburg, PA 17120, within 30 days following the publication of this notice in the *Pennsylvania Bulletin*. Questions and comments may also be e-mailed to psalvato@ins.state.pa.us or faxed to (717) 772-1969.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 21, 2000, the Department submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Banking and Insurance Committee and the House Committee on Insurance. In addition to submitting this proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations by the Department,

the General Assembly and the Governor of objections raised.

PART VIII. MISCELLANEOUS PROVISIONS

CHAPTER 147. ANNUAL AUDITED INSURERS' FINANCIAL REPORT REQUIRED

§ 147.4. Contents of annual audited financial report.

* * * * *

(b) The annual audited financial report shall, at a minimum, include the following:

* * * * *

(2) Notes to financial statements. These notes shall be those required by the appropriate National Association of Insurance Commissioners Annual Statement Instructions and **[other notes required by generally accepted accounting principles and shall also include the following:**

(i) A] Accounting Practices and Procedures Manual. The notes shall include a reconciliation of differences, if any, between the audited statutory financial statements and the annual statements filed with the Department under section 320 of The Insurance Company Law of 1921 (40 P. S. § 443) and other applicable laws and regulations, with a written description of the nature of these differences, particularly with respect to surplus or stockholder equity and the results of operations. The insurer shall file an amendment to its annual statement with the Department, the National Association of Insurance Commissioners and other states in which the insurer is licensed, to reflect differences between the audited statutory financial statement and the annual statement filed with the Department within 60 days of the filing date of the audited financial report. The Commissioner may require amendments to financial statements to be filed with the Department and the National Association of Insurance Commissioners on diskettes or other electronic information storage devices acceptable to the Commissioner.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

2001 Action Plan; Summary Notice

The Department of Community and Economic Development (DCED) proposes to adopt the Commonwealth's Action Plan for Federal Fiscal Year (FFY) 2001 and the Program Year that starts on January 1, 2001. The 2001 Action Plan is an update of the Commonwealth's Consolidated Plan for FFY 2000-2004. The Action Plan discussed

herein is the first annual update of the Consolidated Plan for FFY 2000-2004 submitted by the Commonwealth.

The 2001 Action Plan (Plan) updates documents previously submitted to the United States Department of Housing and Urban Development (HUD). These documents include the non-housing community development plan and any changes that DCED may have implemented concerning the three programs administered by the Department. The programs administered by DCED are the Community Development Block Grant (CDBG), the Home Investment Partnerships (HOME), and the Emergency Shelter Grant (ESG) programs. The Department of Health administers the Housing Opportunities for Persons with AIDS (HOPWA) program.

This summary is designed to provide an opportunity to citizens, local governmental officials and interested organizations of the Commonwealth to comment about the Action Plan. Written comments should be submitted to Aldona Kartorie, Center for Community Building, Department of Community and Economic Development, Room 509 Forum Building, Harrisburg, PA 17120. Written comments must be received by October 18, 2000 in order to be included as testimony or by November 1, 2000, to be included in the Action Plan.

The public hearing has been scheduled as follows:

October 19, 2000
 Ramada Plaza Hotel On-The-Square
 Washington Room, 1st Floor
 20 Public Square
 Wilkes-Barre, Pennsylvania 18701
 1 p.m. to 4 p.m.

• *Note:* The public meeting may be shortened if there is minimal response.

Anyone who wants to speak must call to schedule a time to give oral testimony at the hearing. The hearing will be shortened if there is no one to testify or if there is minimal response. Please contact Aldona Kartorie at (717) 720-7409 to schedule your oral testimony no later than October 17, 2000.

Anyone who has a disability and wishes to attend the public meeting should contact Aldona Kartorie, Room 509 Forum Building, Harrisburg, PA 17120, (717) 720-7409, to discuss how the Department of Community and Economic Development can accommodate his/her needs. Text telephone calls can be placed through the Pennsylvania Relay System at (800) 654-5984. Calls will be relayed to the Department's number listed above.

Purpose

The Commonwealth's 2001 Action Plan is the first update to the Five Year Consolidated Plan for FFY 2000-2004. This Action Plan will describe how the programs will be administered in 2001. HUD must approve this Plan in order for the Commonwealth and organizations within the State to receive funding under most HUD housing and community development programs. Applicants for funding from Federal Housing programs must obtain certification that their Proposed use of HUD assistance will be consistent with the applicable Plan for the area. The Consolidated Plan creates a unified strategy for housing and community development programs as well as the necessary linkages for building successful neighborhoods and communities.

The Plan will have a major impact on the types, location and number of affordable housing units generated and preserved in the Commonwealth as well as the infrastructure and public facilities, services and other economic and community development initiatives that Pennsylvania communities will undertake.

Content

The Consolidated Plan for FFY 2000-2001 was recently amended. In the Program Description, Section 1 (C) 1, it stated that the Commonwealth may use up to 1% of its Fiscal Year 2000 CDBG administrative funds to provide technical assistance. That statement was amended to read that the State proposes to use up to 1% of its CDBG administrative funds from prior years grants also, to provide technical assistance.

The 1% of administrative funds, in addition to training, as amended in the Plan, will also be used to provide

technical assistance grants. The overall purpose of the program is to provide grants to general units of local government and to for-profit and to nonprofit entities that can demonstrate capacity to fulfill a technical assistance need for the Community Development Block Grant Program. The Department has developed a set of guidelines to govern the use of these funds. The guidelines are available by contacting the DCED, Center for Community Building, Room 502 Forum Building, Harrisburg, PA 17120 or can be found on the internet at www.dced.state.pa.us by clicking on "Improving Your Community" and clicking on "Housing and Infrastructure."

Finally, the Plan is further amended to remove the Small Communities Planning Grant Assistance Program. The Department's Center for Local Government Services has received a State allocation in the amount of \$3,600,000 to provide planning assistance grants and technical assistance for eligible applicants.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewater into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standard and regulations the Department of Environmental Protection (Department) proposes to issue a permit to discharge subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA Region III Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of the public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Southeast Regional Office: Regional Manager, Water Management, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6130.

PA 0054453. Industrial waste, **Otter Recycling Center**, 570 Otter Street, Bristol, PA 19007.

This application is for renewal of an NPDES permit to discharge stormwater from Otter Recycling Center in Bristol Township, **Bucks County**. This is an existing discharge to Mill Creek.

The receiving stream is classified for the following uses: warm water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	monitor/report	monitor/report
Total Suspended Solids	monitor/report	monitor/report

The EPA waiver is in effect.

PA 0045021. Industrial waste, **MSC PreFinish Metals, Inc.**, 120 Enterprise Avenue, Morrisville, PA 19067-3797.

This application is for renewal of an NPDES permit to discharge treated process wastewater and stormwater from MSC PreFinish Metals, Inc. facility in Falls Township, **Bucks County**. This is an existing discharge to Biles Creek.

The receiving stream is classified for the following uses: warm water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 0.0334 mgd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25		50
Total Suspended Solids	30	60	75

Dissolved Iron	0.72	1.43	1.79
Free Cyanide	0.012	0.024	0.03
Tetrachloroethylene	monitor/report	monitor/report	monitor/report

Monitoring of above parameters required only during Industrial Wastewater discharges.

The proposed effluent limits for Monitoring Point MP101 (Industrial Wastewater treatment plant, before commingled with NCCW), based on an average flow of 0.02 mgd are as follows:

<i>Parameter</i>	<i>Instantaneous Minimum</i>	<i>Instantaneous Maximum</i>
PH (STD Units)	7.5	10.0

The proposed effluent limits for Outfalls 003 and 004 (stormwater) are as follows:

<i>Parameter</i>	<i>Maximum Daily (mg/l)</i>
CBOD ₅	monitor/report
COD	monitor/report
Oil and Grease	monitor/report
pH	monitor/report
Total Suspended Solids	monitor/report
Total Kjeldahl Nitrogen	monitor/report

Total Residual Chlorine (years 3, 4, and 5)	Non-detect	Non-detect
Fecal Coliform	200 colonies/100 ml as a geometric average	
Dissolved Oxygen	minimum of 6.0 mg/l at all times	
pH	within limits of 6.0—9.0 standard units at all times	

Other Conditions:

The EPA waiver is in effect.

PA 0013463. Industrial waste, **U. S. Steel Group, a Unit of USS Corporation—Fairless Works**, Fairless Hills, PA 19030.

This application is for renewal of an NPDES permit to discharge treated process wastewater, cooling water and stormwater from U.S.S. Fairless Works in Falls Township, **Bucks County**. This is an existing discharge to Delaware River Estuary Zone 2.

The receiving stream is classified for the following uses: warm water fishery, migratory fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 002, NCCW and SWRO, are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Annual (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Temperature			110°F

*These parameters shall be monitored during storm event while no NCCW discharges.

The proposed effluent limits for outfall 003, consist of treated process wastewater, cooling wastewater and treated sewage are as follows:

Tidal conditions at outfall 003 make monitoring impossible. Therefore contributions to outfall 003 are monitored at monitoring points as follows:

<i>Monitoring Point</i>	<i>Description of Wastewater</i>
MP103	– Treated Process Wastewater from terminal treatment plant
MP203	– Treated Sewage Wastewater
MP303	– Cooling water and SWRO
MP404	– Treated Process Wastewater from finishing mill treatment plant

The proposed effluent limits for Monitoring Point MP103, treated process wastewater from terminal treatment plant based on an average flow of 6.7 MGD are as follows:

PA 0024708. SIC Code 4952, Sewage, **Municipal Authority of the Township of Union**, P. O. Box 5625, Belleville, PA 17004-9701.

This application is for renewal of an NPDES permit for an existing discharge of treated sewage to Kishacoquillas Creek in Watershed 12-A (Kishacoquillas—Jacks Creeks), in Union Township, **Mifflin County**.

The receiving stream is classified for cold water fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was the United Water Company intake located on the Susquehanna River in Harrisburg. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a 5-year projected flow of 0.253 mgd are:

PA 0221767. Industrial Waste, SIC 5541. **Keystone Shortway 76 Inc.**, 21251 Route 322, Strattanville, PA 16258.

This application is for renewal of an NPDES Permit, to discharge stormwater to an unnamed tributary to Douglas Run in Clarion Township, **Clarion County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Western Pennsylvania Water Company on the Clarion River located at Clarion Borough, approximately 10 miles below point of discharge.

The proposed discharge limits for Outfall No. 001 based on a design flow of 1.2 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Flow	monitor and report		
Total Suspended Solids	monitor and report		
Oil and Grease	15		30
pH		6.0 to 9.0 at all times	

The EPA waiver is in effect.

PA 0034193. Sewage, **Lake View Country Club**, 8351 Route 89, North East, PA 16428.

This application is for renewal of an NPDES permit to discharge treated sanitary sewage to an unnamed tributary to Sixteen Mile Creek in North East Township, **Erie County**. This is an existing discharge.

The receiving water is classified for cold water fishery, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, there are no potable water supplies (PWS) at or near the point of discharge, nor until Sixteen Mile Creek reaches Lake Erie.

The proposed effluent limits for Outfall 001 based on an average design flow of 0.010 mgd are:

Parameter	Effluent Concentration (mg/l)	
	Average Monthly (mg/l)	Instantaneous Maximum (mg/l)
CBOD ₅	25	50
Total Suspended Solids	30	60
NH ₃ -N		
(5-1 to 10-31)	6	12
(11-1 to 4-30)	18	36
Dissolved Oxygen	minimum of 3.0 mg/l at all times	
Total Residual Chlorine	1.4	3.3
Fecal Coliform		
(5-1 to 9-30)	200/100 ml as a geometric average	
(10-1 to 4-30)	17,000/100 ml as a geometric average	
pH	6.0 to 9.0 standard units at all times	

The EPA waiver is in effect.

PA 0001988, Amendment No. 2. Industrial Waste, SIC 2865, 2869, and 2891. **Indspec Chemical Corp.**, 133 Main Street, P. O. Box 307, Petrolia, PA 16050.

This application is for amendment of an NPDES Permit, to discharge filter backwash wastewater to South Branch Bear Creek in Petrolia Borough, **Butler County**. This is a new discharge.

The receiving water is classified for the following uses: warm water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is PA American Water Company on the Allegheny River located at East Brady, approximately 18 miles below point of discharge.

The proposed discharge limits for Outfall No. 226 based on a design flow of 0.002 mgd are:

Parameter	Average Monthly (mg/l)	Maximum Daily (mg/l)	Instantaneous Maximum (mg/l)
Flow	XX		
Total Suspended Solids	30		60
Total Iron	2.0	4.0	5.0
Aluminum	4.0	8.0	10
Manganese	1.0	2.0	2.5
Total Residual Chlorine	0.5		1.2
pH	6.0 to 9.0 at all times		

The EPA waiver is in effect.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department). Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each writer will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsyl-*

vania Bulletin. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Services at (800) 654-5984.

INDIVIDUAL PERMITS

(PAS)

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion

and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day permit will be considered in the formulation of the final determination regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified as proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the

person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

SOLID AND HAZARDOUS WASTE

HAZARDOUS WASTE, TREATMENT, STORAGE AND DISPOSAL FACILITIES

Proposed action on an application for a permit under the Solid Waste Management Act (35 P. S.

§§ 6018.101—6018.1003) and regulations to operate a hazardous waste storage facility.

Persons wishing to comment on the proposed action are invited to submit a statement to the Regional Office indicated as the office responsible, within 45 days from the date of this public notice. Comments received within this 45-day period will be considered in the formulation of the final determination regarding this application. Responses should include the name, address and telephone number of the writer; and concise statement to inform the Regional Office of the exact basis of any comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 45-day comment period and/or public hearing, the Department will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

Intent to Issue Permit:

Regional Office: Regional Manager, Waste Management, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

PAD000606285. Hercules, Inc.—Jefferson Plant. Operation of a hazardous waste storage facility located in Jefferson Borough, **Allegheny County**. The application for a permit to operate the hazardous waste facility was considered for issuance by the Regional Office on September 30, 2000.

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that the Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the Department Regional Office within 30 days of the date of this notice, and must file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publica-

tion in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Applications received and intent to issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

35-313-007B: Tredegar Film Products (P. O. Box 499, Carbondale, PA 18407) for operation of a Film Product Lines 3 and 4 and associated air cleaning devices in Carbondale, **Lackawanna County**.

48-304-016C: Victaulic Co. of America (P. O. Box 31, Easton, PA 18044-0031) for operation of the foundry operations and associated air cleaning devices in Forks Township, **Northampton County**.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

06-0526: NAFCO, Inc. (P. O. Box 704, Leesport, PA 19533) for modification of the Teflon crumb manufacturing controlled by a refrigerated condenser in Ontelaunee Township, **Berks County**. This will permit the permittee to by-pass the control equipment during the manufacturing of products when using water as the mixing agent. The Title V Operating Permit contains all appropriate requirements for this facility.

22-03020: Hempt Bros., Inc. (P. O. Box 278, Camp Hill, PA 17001-0278) for a Natural Minor Operating Permit for two stone crushing plants and one concrete plant at its Steelton Quarry in both Swatara Township and Steelton Borough, **Dauphin County**.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V

permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

The annual allowable emissions from the #22 boilerhouse shall not exceed 80 tons of nitrogen oxides, two tons of volatile organic compounds, 51 tons of sulfur dioxide, 10 tons of particulate matter and 111 tons of carbon monoxide.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for information conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below, will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum,

technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Receiving streams: unnamed tributaries of Polecat Hollow Run, into Breakneck Run, then into Mounts Creek, then into the Youghiogheny River. Application received: September 8, 2000.

65980401. New Enterprise Stone and Lime Co., Inc. (P. O. Box 77, Church Street, New Enterprise, PA 16664). Application received to revise the large noncoal surface mining permit to incorporate an alternative method of handling storm and ground water intercepted at the site to eliminate point source discharges at a limestone quarry located in Donegal Township, **Westmoreland County**, affecting 76.7 acres. Receiving streams: two unnamed tributaries to Indian Creek, and Indian Creek. Application received: September 12, 2000.

Bureau of Deep Mine Safety

The Bureau of Deep Mine Safety has received a request for variance from the Consolidation Coal Company. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Gaida by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

The Department is publishing a summary of the request in order to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. All comments should be addressed to: Richard E. Stickler, Director, Bureau of Deep Mine Safety, Fayette County Health Center, 100 New Salem Road, Room 167, Uniontown, PA 15401.

Section 702 of the Bituminous Coal Mine Act (52 P. S. §§ 701 and 702), provides a mechanism for operators to obtain variances from specific requirements of the act to accommodate the adoption of new machinery, equipment, tools, supplies, methods or processes.

Section 224(b) states that whenever any working place in a mine approaches within 50 feet of abandoned workings certified by an engineer or within 20 feet of any abandoned workings which cannot be inspected, or within 200 feet of any other abandoned workings, boreholes shall be drilled sufficiently close to each other to ensure that the advancing face will not hole through into the abandoned workings.

Summary of the request: Consolidation Coal Company requests a variance to use a Conoco Drill to drill boreholes in advance of mining at the Dilworth Mine.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection. Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317 as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provide a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Tamaqua Borough Act 537 Sewage Facilities Plan Revision (Owl Creek Road)

*Project is located: Tamaqua Borough, Schuylkill
County.*

Project Description: The Plan Revision addresses sewage facilities needs of the Owl Creek Road area of Tamaqua Borough from Route 309 east to the Schuylkill County-Carbon County border through the year 2015 and states that public collection and treatment facilities are required to meet the projected needs of the planning area. Major recommendations of the Plan Revision include extending public sanitary sewers along Owl Creek Road

to eliminate existing failing onlot septic systems and wildcat sewers and construction of a pumping station at the base of Owl Creek Road to convey sewerage from Owl Creek Road to the Tamaqua Wastewater Treatment Plant. The planning area of Owl Creek Road consists of approximately 90 homes and generates a wastewater flow of 22,500 gpd based on 250 gpd per equivalent dwelling unit. The Department's review of the Sewage Facilities Update Revision has not identified any significant environmental impacts resulting from this proposal. The Borough intends to pursue financing for the sewage facilities project through the Pennsylvania Infrastructure Investment Authority. User fees as outlined in the Plan Revision are estimated at approximately \$220 per year.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

The report is intended to document remediation of the site to meet the Site Specific Standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediations Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act (Act). Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report, and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of the plan and report appears. If information concerning a plan or report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The Department of Environmental Protection has taken the following actions on previously received permit applications, request for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under Section 4 of the Environmental Hearing Board Act (35 P. S. §§ 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rule of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), (*Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.*)

Permits Issued and Actions on 401 Certifications:

Southeast Regional Office: Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E15-639. Encroachment Permit. **Potrero Gardens**, 1201 17th Street, San Francisco, CA 94107. To construct and maintain the following water obstructions and encroachments associated with the proposed Anderson Farm Residential Subdivision:

1. To construct a twin span 9-foot 8-inch by 2-foot 7-inch arch bridge and endwalls associated with the construction of Anderson Farm Road. The crossing will impact 51 linear feet of unnamed tributary of Pickering Creek (HQ-TSF) and 0.03 acre of adjacent wetland (PEM).

2. To construct a single span 5.21-foot by 16-foot arch bridge and endwalls associated with the construction of Schofield Road. The crossing will impact 59 linear feet of an unnamed tributary of Pickering Creek and 0.10 acre of adjacent wetland (PFO).

This project proposes impact to a total of 0.13 acre of wetland and 110 feet of watercourse and is located immediately east of the intersection of Valley Park Road (S. R. 1036) and Clothier Springs Road (T433) (Malvern, PA Quadrangle N: 19.6 inches; W: 0.1 inch) in Schuylkill Township, **Chester County**. The applicant is required to provide 0.75 acre of replacement wetland. This permit also includes 401 Water Quality Certification.

E31-155. Encroachment. **Charles Lentz**, 73 Main St., New Providence, PA 17560. To remove an existing unauthorized bridge and to construct and maintain a single span steel stringer bridge having a clear span of 29.83 feet and an underclearance of 6.5 feet across Smith Run (TSF) for the purpose of providing access to private property located along the west side of Smith Valley Road (SR 3029) about 3 miles from Mapleton Depot (Mount Union, PA Quadrangle N: 2.6 inches; W: 13.5 inches) in Union Township, **Huntingdon County**. This permit also includes 401 Water Quality Certification.

E36-691. Encroachment. **Farmers First Bank**, P. O. Box 1000, Lititz, PA 17543. To construct and maintain a paved parking area of 26 spaces within the 100-year floodway of Lititz Run (WWF) for expansion onto the existing Farmers First Bank parking lot located on the east side of North Cedar Street (Lititz, PA N: 5.9 inches; W: 7.4 inches) in Lititz Borough, **Lancaster County**. The permit authorizes continued maintenance of the previously constructed existing parking lot.

E67-650. Encroachment. **Fawn Township**, 245 Alum Rock Road, New Park, PA 17352. To remove an existing structure and to construct and maintain 114-inch by 77-inch corrugated metal pipe arch 3.5 feet long in an unnamed tributary to Bald Eagle Creek (TSF) on Bald Eagle Road north of Deer Road for road improvements (Airville, PA Quadrangle N: 3.8 inches; W: 7.85 inches) in Fawn Township, **York County**. This permit was issued under section 105.13(e) "small projects." This permit also includes 401 Water Quality Certification.

Northcentral Region: Water Management—Soils and Waterways, F. Alan Sever, Chief, 208 West Third St., Williamsport, PA 17701.

EA 17-002 NC. Encroachment. **Clearfield County Conservation District**, 650 Leonard St., Clearfield, PA 16830. A restoration waiver has been granted to the

Clearfield County Conservation District to construct a passive treatment system to reduce abandoned mine drainage impacts on Hubler Run, a tributary to Alder Run in the West Branch Susquehanna River Drainage. The project will require building a collection trench and passive wetland treatment cells in a 3.27+ acre emergent wetland, converting 0.8 acre of jurisdictional wetland into treatment facility. The affected wetland is adjacent to Hubler Run, which is classified as a cold-water fishery. The affected wetland and Hubler Run are degraded by acid mine drainage. The project is located about 3,000 ft. south of the village of Palestine (Frenchville, PA Quadrangle N: 3.0 inches and W: 14.75 inches) in Graham Township, **Clearfield County**. No wetland replacement is proposed because the project objective is water quality restoration.

E55-164. Encroachment. **Gary Nolder**, P. O. Box 611, Shamokin Dam, PA 17876. To modify and maintain an existing residential structure, parking area, and sign all in the 100-year floodway of Middle Creek. The modification work to the structure will consist of constructing two additions. A 50-foot by 22-foot addition shall be constructed on concrete piers above the recorded 100-year frequency flood elevation. Another 12-foot by 16-foot addition shall be constructed to the existing structure without obstructions above the recorded 100-year frequency flood elevations. Modifications to the parking area shall be limited to regrading and paving that shall not exceed existing contours and elevations. Modification work shall also include the construction of a sign that shall provide a minimum underclearance of 8 feet. The project is located along the northern right-of-way of S. R. 0522 approximately 200 feet west of S. R. 0104 and S. R. 0522 intersection (Middleburg, PA Quadrangle N: 7.1 inches; W: 6.2 inches) in Middleburg Borough, **Snyder County**. This permit was issued under section 105.13(e) "small projects."

Southwest Regional Office, Soils and Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745

E32-420. Encroachment. **Reliant Energy Mid-Atlantic Power Holdings, LLC**, 1001 Broad Street, P. O. Box 1050, Johnstown, PA 15907. To place and maintain fill in abandoned ash ponds along the Conemaugh River (WWF) for the purpose of creating available construction site for potential future expansion of the Seward Power Plant. This permit also authorizes the placement and maintenance of rock riprap along the right bank of the Conemaugh River (WWF) for a distance of 750 feet for stabilization and erosion prevention. The project is located off of Power Plant Road, approximately 2 miles from its intersection with Route 711 (New Florence, PA Quadrangle N: 5.5 inches; W: 4.5 inches) in East Wheatfield Township, **Indiana County**. This permit was issued under section 105.13(e) "small projects." This permit also includes 401 Water Quality Certification.

E65-759. Encroachment. **Pennsylvania Department of Transportation**, P. O. Box 459, Uniontown, PA 15401. To remove the existing structure and to construct and maintain a 3.0-foot concrete pipe culvert in an unnamed tributary to Laurel Run (CWF) for the purpose of improving transportation safety and roadway standards. The project is located on S. R. 2006, Segment 0020, Offset 0000 (Mammoth, PA Quadrangle N: 5.2 inches; W: 13.9 inches) in Mount Pleasant Township, **Westmoreland County**. This permit was issued under section 105.13(e) "small projects." This permit also includes 401 Water Quality Certification.

Northwest Regional Office: Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

E25-616. Encroachment. **PA Department of Transportation**, District 1-0, 255 Elm Street, Oil City, PA 16301-1499. To remove the existing bridge and to construct and maintain a prestressed concrete spread box beam bridge having a clear, normal span of 71 feet and an average underclearance of 5.67 feet across Conneauttee Creek on S. R. 3008, Section B01, Segment 0230, Offset 1426 approximately 1 mile west of S. R. 99 (Edinboro North, PA Quadrangle N: 5.0 inches; W: 2.6 inches) in Washington Township, **Erie County**. This permit was issued under section 105.13(e) "small projects." This permit also includes 401 Water Quality Certification.

E43-278. Encroachment. **#2: Northeast Industrial Manufacturing, Inc.**, 640 Keystone Road, Greenville, PA 16125. To fill a 0.09 acre wetland located on Lot 15C within the existing Greenville-Reynolds Development Corporation's Reynolds East Business Park northwest of the intersection of S. R. 4012 (Kidds Mill Road) and Keystone Road for construction of a manufacturing building (Sharpsville, PA Quadrangle N: 20.1 inches; W: 0.7 inch) in Delaware and Hempfield Townships, **Mercer County**. This project includes construction of 0.10 acre of replacement wetland on Lot 15C.

ENVIRONMENTAL ASSESSMENT

Southwest Regional Office, Soils and Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745

Environmental Assessment No. EA03-002SW. Allegheny Energy Supply Company, LLC, 800 Cabin Hill Drive, Greensburg, PA 15601-1689. To place and maintain approximately 130,000 cubic yards of non-erodible fill in an existing approximately 850 foot long by 300 foot wide dredge hold located adjacent to Armstrong Power Station's water supply intake at approximately river mile 54.7 in the Allegheny River (Templeton, PA Quadrangle N: 9.8 inches; W: 12.3 inches). The source of the fill material is the U. S. Army Corps of Engineers Lower Monongahela Lock and Dam Project.

Request for Comment and Notice of Public Meeting

Proposed Total Maximum Daily Load (TMDL) for Levittown Lake, Bucks County, PA

The Department of Environmental Protection (Department) is holding a public meeting on Wednesday, November 15, 2000, from 3 p.m. to 5 p.m. at the Southeast Regional Office, 555 North Lane, Suite 6010, Conshohocken, PA 19428. The Department will discuss and accept comments on a proposed TMDL, established in accordance with the requirements of section 303(d) of the Clean Water Act. The Department listed Levittown Lake in 1996 and 1998 under section 303(d) of the Clean Water Act as impaired due to an excessive level of PCB found in fish tissue, resulting in the issuance of a consumption advisory. The proposed plan provides a calculation of the lake's capacity to absorb PCB without violating the water quality criterion of 0.00004 micrograms per liter. The calculated maximum amount of PCB that Levittown Lake can safely absorb under design conditions is 0.0108591 grams. The Department expects natural attenuation to, in time, reduce the concentration of PCB to an acceptable level.

The data and all supporting information used to develop the proposed TMDL are available from the Department. To request a copy of the proposed TMDL and an information sheet, contact Allen Whitehead by phone at (610) 832-6057, by mail at 555 North Lane, Suite 6010, Conshohocken, PA, 19428, or e-mail at whitehead.allen@dep.state.pa.us.

The TMDL can be viewed and printed on the DEP Website, <http://www.dep.state.pa.us>, by typing the acronym TMDL in the direct link field, and clicking GO.

The Department will accept written comments post-marked by November 29, 2000 at the above address. Persons who plan to make a presentation at the public meeting should notify the Department no later than 4 p.m. on Monday, November 13, 2000. The Department will consider all comments in developing the final TMDL, which will be submitted to the Environmental Protection Agency (EPA) for approval.

Proposed Total Maximum Daily Load (TMDL) for PCB and Chlordane for the Schuylkill River

The Department of Environmental Protection (Department) is holding a public meeting on November 15, 2000 beginning at 10 a.m. and ending no later than 12 p.m. at

the Southeast Regional Office, Lee Park, Suite 6010, Conshohocken, PA to discuss and accept comments on a proposed TMDL, established in accordance with the requirements of section 303(d) of the Clean Water Act. The Schuylkill River, from Felix Dam in Berks County to Fairmount Dam in Philadelphia was listed in 1996 and 1998 under section 303(d) of the Clean Water Act as impaired because excessive levels of PCB and chlordane were found in fish tissue, resulting in fish consumption advisories. The proposed plan provides calculations of the river's total capacity to absorb PCB and chlordane without violating the water quality criteria of 0.00004 micrograms per liter for PCB and 0.0005 micrograms per liter for chlordane. The maximum amount of PCB that can be safely absorbed by the Schuylkill River under design conditions is 0.00030313 lbs/day. The maximum amount of chlordane that can be safely be absorbed by the Schuylkill River under design conditions is 0.00378917 lbs/day. Remediation activities, including the excavation of stream sediments, along with bans on use and natural attenuation, are expected to reduce concentrations of PCB and chlordane to acceptable levels.

The data and all supporting information used to develop the proposed TMDL are available from the Department. To request a copy of the proposed TMDL and an information sheet, contact Laurel Ateyeh at (610) 832-6075 or by writing to her at Department of Environmental Protection, 555 North Lane, Lee Park, Suite 6010, Conshohocken, PA 19428 or e-mail her at ateyeh.laurel@dep.state.pa.us.

The TMDL can be viewed and printed on the DEP Website, <http://www.dep.state.pa.us>, by typing the acronym TMDL in the direct link field, and clicking GO.

Written comments will be accepted at the above address and must be postmarked by November 29, 2000. Persons who plan to make a presentation at the public meeting should notify the Department no later than 4 p.m. on November 13, 2000. The Department will consider all comments in developing the final TMDL, which will be submitted to the Environmental Protection Agency (EPA) for approval.

Proposed Total Maximum Daily Load (TMDL) for West Branch Brandywine Creek, Chester County Business Route 30 in Coatesville to Confluence of Buck Run

The Department of Environmental Protection (Department) is holding a public meeting on November 15, 2000 beginning at 12:30 p.m. and ending no later than 2:30 p.m. at the Southeast Regional Office, Lee Park, Suite 6010, Conshohocken, PA to discuss and accept comments on a proposed TMDL, established in accordance with the requirements of section 303(d) of the Clean Water Act. This TMDL applies to PCB and chlordane in the main stem of West Branch Brandywine Creek, from Business Route 30 in Coatesville to the confluence of Buck Run. This segment was included on the 1996 and 1998 section 303(d) lists in State Water Plan Watershed 3-H. Anglers were first advised to limit consumption of American eel downstream from Coatesville on December 12, 1979 due to a PCB concentration of 2.37 ppm, even though that value did not exceed the 5 ppm FDA action level in effect at the time. A "Do Not Eat" advisory was issued June 26, 1986 as part of a Statewide release due to PCB at 2.6 ppm (above the revised 2.0 ppm Action Level) and chlordane of 1.0 ppm. This advice remained unchanged until application of the Great Lakes protocol for the 1998 advisory. As a result, eels are to be eaten no more than one meal every 2 months due to PCB. The most recent

chlordane data show concentrations below the Action Level (0.217 ppm in 1994 and an estimate 0.110 ppm in 1995). The proposed plan provides calculations of the stream's total capacity to absorb PCB without violating the water quality criterion of 0.00004 ug/l (micrograms per liter) for PCB and 0.0005 ug/l for chlordane. The maximum amount of PCB that can be safely absorbed by West Branch Brandywine Creek under design conditions is 0.0000231 lbs/day and chlordane is 0.0002887 lbs/day. The levels of PCBs and chlordane are expected to decline over time to acceptable levels due to bans on use, through natural attenuation, which includes flushing of sediments during periods of high stream flow and covering of contaminated sediments with newer, less contaminated materials. Natural attenuation involves less habitat disturbance/destruction than active removal, such as mechanical or vacuum dredging.

The data and all supporting information used to develop the proposed TMDL are available from the Department. To request a copy of the proposed TMDL and an information sheet, contact William Goman at (610) 832-6074 or by writing to him at Department of Environmental Protection, 555 North Lane, Lee Park, Suite 6010, Conshohocken, PA 19428 or e-mail him at goman.william@dep.state.pa.us

The TMDL can be viewed and printed on the DEP Website, <http://www.dep.state.pa.us>, by typing the acronym TMDL in the direct link field, and clicking GO.

Written comments will be accepted at the above address and must be postmarked by November 29, 2000. Persons who plan to make a presentation at the public meeting should notify the Department no later than 4:00 p.m. on Monday November 13, 2000. The Department will consider all comments in developing the final TMDL, which will be submitted to the Environmental Protection Agency (EPA) for approval.

Proposed Total Maximum Daily Load (TMDL) for a segment of the Shenango River

The Department of Environmental Protection (Department) is holding a public meeting on October 27, 2000 beginning at 1:30 p.m. and ending no later than 4 p.m. at the Northwest Regional Office, 230 Chestnut St., Meadville, PA to discuss and accept comments on a proposed TMDL, established in accordance with the requirements of section 303(d) of the Clean Water Act. The Shenango River from the Shenango Lake dam (River Mile 33.1) to the mouth (River Mile 0.0) was listed in 1996 under section 303(d) of the Clean Water Act as impaired because excessive levels of PCBs and chlordane were found in fish tissue, resulting in a fish consumption advisory. The proposed plan provides calculations of the stream's loading capacity for PCBs and chlordane. The loading capacity is the greatest amount of loading that a water body can receive without violating water quality standards. The water quality criterion is 0.00004 micrograms per liter for PCBs and 0.0005 micrograms per liter for chlordane. The maximum amount of PCBs and chlordane that can enter the water column without violating the water quality criteria is 0.000099469 lbs/day and 0.001243365 lbs/day respectively. Remediation activities, which may include the excavation of stream sediments, along with bans on use and natural attenuation, are expected to reduce concentrations of PCBs and chlordane to acceptable levels.

The data and all supporting information used to develop the proposed TMDL are available from the Department. To request a copy of the proposed TMDL and an

information sheet, contact Donald Luttmann at (814) 332-6685 or by writing to him at Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335 or e-mail him at luttmann.donald@dep.state.pa.us.

The TMDL can be viewed and printed on the DEP Website, <http://www.dep.state.pa.us>, by typing the acronym TMDL in the direct link field, and clicking GO.

Written comments will be accepted at the above address and must be postmarked by November 29, 2000. Persons who plan to make a presentation at the public meeting should notify the Department no later than 4 p.m. on October 23, 2000. The Department will consider all comments in developing the final TMDL, which will be submitted to the Environmental Protection Agency (EPA) for approval.

Proposed Total Maximum Daily Load (TMDL) for Ohio River, Monongahela River, Beaver River and Chartiers & Little Chartiers Creek

The Department of Environmental Protection (Department) is holding a public meeting on November 14, 2000 beginning at 9 a.m. and ending no later than 12 p.m. at 400 Waterfront Drive, Pittsburgh, PA 15222 (Waterfront Rooms A & B) to discuss and accept comments on a proposed TMDL, established in accordance with the requirements of section 303(d) of the Clean Water Act.

Segments of Ohio River, Monongahela River, Beaver River and Chartiers/Little Chartiers Creek, have been listed in 1996 and 1998 under section 303(d) of the Clean

Water Act as impaired because excessive levels of PCB were found in fish tissue, resulting in a fish consumption ban. The proposed plan provides calculations of the stream's total capacity to absorb PCB without violating the water quality criterion of 0.00004 micrograms per liter. The maximum amount of PCB that can be safely absorbed (lbs/day) by each stream under design conditions is listed in the attached Table 1. Remediation activities, including the excavation of stream sediments, along with bans on use and natural attenuation, are expected to reduce concentrations of PCB to acceptable levels.

The data and all supporting information used to develop the proposed TMDL are available from the Department. To request a copy of the proposed TMDL and an information sheet, contact Mrs. Bharati Vajjhala at (412) 442-4202 or by writing to her at 400 Waterfront Drive, Pittsburgh, PA 15222 or e-mail her at Vajjhala.Bharati@dep.state.pa.us.

The TMDL can be viewed and printed on the DEP Website, <http://www.dep.state.pa.us>, by typing the acronym TMDL in the direct link field, and clicking GO.

Written comments will be accepted at the above address and must be postmarked by November 29, 2000. Persons who plan to make a presentation at the public meeting should notify the Department no later than 4 p.m. on November 6, 2000. The Department will consider all comments in developing the final TMDL, which will be submitted to the Environmental Protection Agency (EPA) for approval.

DEPARTMENT OF GENERAL SERVICES

Design Professional Selections

The Selections Committee for the Department of General Services will meet to consider selections of Design Professionals for the following projects:

Project No. DGS 700-41—Construction and Rehabilitation of the Pennsylvania Farm Show Complex, Harrisburg, Dauphin County, PA. Construction Cost: \$55,200,000. The scope of work includes, but is not limited to, construction of a New Exposition Hall, central heating and refrigeration plant, parking facility, improvements and rehabilitation of the existing facilities and flood protection. The Department of General Services will select and contract for full time Construction Manager (CM) services. The Professional shall work with the CM who will establish schedule, bid packages and cost control. *Note:* The fee to be paid to the design professional and the terms of the contract will be negotiated.

Project No. DGS 1103-63 Phase 1A—Building Systems Upgrade, Upgrade and Deferred Maintenance for Buildings and Building Systems, University of Pittsburgh, Pittsburgh, Allegheny County, PA. Construction Cost of the entire project: \$10,000,000. The scope of work for the entire project includes, but is not limited to, renovations, upgrade/replacement of HVAC, electrical, fire protection, water, waste, telecommunications, data, security, controls, fume hoods and other building systems. Phase 1A, with a construction allocation of \$4,583,000, includes schematic design and cost estimating of the entire project, as well as completion of design and construction implementation for that portion that fits the Phase 1A construction budget. The Professional team for this project must have considerable expertise in the renovation and systems upgrade of research laboratory facilities for large teaching and research Universities. The Department will assign a Construction Manager to provide limited preconstruction services including scheduling and cost estimating for the project.

Project No. DGS 1103-65 Phase 1—Building Systems Upgrade, Renovation of the Cathedral of Learning, University of Pittsburgh, Pittsburgh, Allegheny County, PA. Construction Cost of the entire project: \$16,667,000. The scope of work for the entire project includes, but is not limited to, renovations, upgrade/replacement of HVAC, electrical, fire protection, telecommunications, data, security, controls and elevators. Phase 1, with a construction allocation of \$4,167,000, includes schematic design and cost estimating of the entire project, as well as completion

of design and construction implementation for that portion that fits the Phase 1 construction budget, with priority given to the Basement through Third Floor. The Professional Team for this project must have considerable expertise in the renovation/upgrade of historic structures for large teaching institutions. The Department will assign a Construction Manager to provide limited preconstruction services including scheduling and cost estimating for the project.

Requirements and Information

Note—Project Program

A Project Program, prepared by the Using Agency, is available for the following projects: DGS 700-41, DGS 1103-63 Phase 1A and DGS 1103-65 Phase 1. Project Programs are available on the Internet by clicking on the project number in the advertisement which can be accessed through the Public Works section on the Department of General Services' Home Page at www.dgs.state.pa.us. Copies of Project Programs may be obtained upon request to the Selections Committee, Department of General Services, Room 104, 18th & Herr Streets, Harrisburg, PA 17125 telephone (717) 783-8468, or via e-mail by addressing a request to: pbianchi@state.pa.us.

Instructions for Filing Application

Professionals will not be considered by the Committee until all of the following requirements are met.

(a) Signed Form 150-ASP must be filed with the Department of General Services. The signature on Form 150-ASP must be an original signature. Consultants listed on the requesting professional firm's application, Form 150-ASP shall be deemed to be designated Key Consultants. Form 150-ASP, Application For Specific Project, may be obtained upon request to the Selections Committee, Department of General Services, Room 104, 18th & Herr Streets, Harrisburg, PA 17125, (717) 783-8468. The Form 150-ASP can be downloaded from the Professional Selections Web Site of the Department of General Services' Internet Home Page at <http://www.dgs.state.pa.us>. In addition, the Form 150-ASP can be obtained via e-mail by addressing a request to: pbianchi@state.pa.us.

(b) The requesting professional firm shall obtain from each consultant listed in Question 9, page 4 of the requesting professional firm's application (Form 150-ASP) a signed letter of certification on the consultant's letterhead, attesting to the firm's consent to participate in the requesting professional firm's application (Form 150-ASP) for the specific project. Signed letters of certification from consultants are required and constitute a part of the requesting professional firm's application (Form 150-ASP) for the specific project. The signature on the letter of certification must be an original signature.

(c) The requesting professional firm must submit six copies of Form 150-ASP, Application For Specific Project, for each project herein advertised in which the firm is interested and qualified to perform. At least one of the six copies submitted must contain all original signatures. For architectural projects and, when appropriate, for engineering projects, the Professional shall supply photographs showing a maximum of two different views of each of the three relevant projects described in Question 12, Pages 7 through 9 of the application (Form 150-ASP). The requesting professional firm or joint venture firm must be the Professional of Record for the projects described in Question 12, Pages 7 through 9 of the application (Form

150-ASP). It is not acceptable to list work performed by Key Consultants. The identification and appropriate supportive information concerning each photograph shall include the name, project title, location, and the name of the Professional of Record. Color photo copies are acceptable, however, renderings and brochures will not be accepted in lieu of photographs. The photographs shall be attached to each copy of the application, (Form 150-ASP). The pages of each copy of Form 150-ASP must be stapled with photographs and consultant's letters of certification followed by the resume(s) of Key Personnel (listed in Question 10 and/or 11 on Pages 5 and/or 6) included as the last section of the application. *Do not bind the application (Form 150-ASP) in any way to any other documentation. Do not bind the application (Form 150-ASP) in a binder of any type.*

(d) A complete project submission, which consists of documents described in paragraphs (a), (b) and (c) above, must be received on or before the close of business (5:00 p.m.) Friday, October 20, 2000, and addressed to the Selections Committee, Department of General Services, Room 104, 18th & Herr Streets, Harrisburg, Pennsylvania 17125. *Fax applications are not acceptable.*

Project submissions must be made on the Form 150-ASP. Applications submitted on any other form are unacceptable and will not be considered by the Committee.

(e) The Selections Committee may at its discretion establish interviews with any or all of the Professionals who have requested consideration for appointment as designer for the above projects. If an interview is required, the Professional will be notified by the Committee as to the date, time and location.

(f) Additional information, in writing, may be requested by the Committee as required.

Additional Services—Indoor Air Quality Assessment Program and Hazardous Materials

The Professional firm selected to design a project will be expected to perform and administer, when required by the Department as Additional Services, an Indoor Air Quality Assessment Program during Building or Renovation Commissioning and the sampling, testing, inspection and monitoring for removal of any asbestos, other hazardous waste or contaminants encountered during project design or construction, unless otherwise stated in the Scope.

The Selections Committee encourages responses from small firms, minority firms, women-owned firms and firms who have not previously performed state work, and will consider joint ventures, which will enable them to participate in this program.

All applications submitted are subject to review by the Selections Committee. The Selections Committee disclaims any liability whatsoever as to its review of the applications submitted and in formulating its recommendations for selection. All recommendations for selection made by the Committee shall be final under Act 57 of May 15, 1998.

DEPARTMENT OF PUBLIC WELFARE

Public Notice of the Department's Intent to Eliminate an Additional Class of Disproportionate Share Payment

The purpose of this notice is to provide public notice of the Department of Public Welfare's (Department) proposed changes to the additional class of disproportionate share payments established in January 1999.

In January 1999, the Department established an additional class of disproportionate share payments in addition to the classes of payment already made under the Medical Assistance (MA) Program, for certain qualifying hospitals which the Department determined provide a high volume of services related to MA births.

The Department has reevaluated the need for such a class of disproportionate share payments and has determined that it is no longer necessary. Therefore, the Department proposes to eliminate this class of payments.

Fiscal Impact

For Fiscal Year 2000-2001, the proposed elimination of this class of disproportionate share payments will result in a savings of 7.6 million in total funds (3.5 million in State General funds and 4.1 million in Federal funds).

Contact Person

A copy of this notice is available for review at local County Assistance Offices. Interested persons are invited to submit written comments within 30 days of this publication. These comments should be sent to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Deputy Secretary's Office, Attention: Suzanne Love, Room 515 Health and Welfare Building, Harrisburg, PA 17120.

2000 Group One Exception Requests Medical Assistance Long Term Care Participation Review

The Department of Public Welfare (Department), by statement of policy effective December 18, 1996, adopted an interim policy announcing that, as a general matter, it intended to exercise its discretion to refuse to enter into new Medical Assistance (MA) provider agreements and to terminate any provider of MA nursing facility services that sought to increase the number of MA certified nursing facility beds through expansion, unless the Department granted an exception on a case-by-case basis to permit that provider to enroll or expand. A statement of policy that sets forth the guidelines the Department will use when making its case-by-case exception request decisions was published in the *Pennsylvania Bulletin* on January 10, 1998 (28 Pa.B. 138), and is codified at 55 Pa. Code § 1187.21a.

By this notice, published under 55 Pa. Code § 1187.21a(e)(4), the Department announces the 2000 Group One Exception Requests covering the submission period of January 1, 2000, through June 30, 2000.

\$16 + \$4 x 2	1:3,000	4,000
\$100	1:12,000	1,000
\$200	1:24,000	500
\$100 x 4	1:120,000	100
\$4,000	1:1,000,000	12

9. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Game for retailers who sell Pennsylvania Keys to the Castle instant lottery game tickets. The conduct of the game will be governed by 61 Pa. Code § 819.222 (relating to retailer bonuses and incentives).

10. *Unclaimed Prize Money:* For a period of 1 year from the announced close of Pennsylvania Keys to the Castle, prize money from winning Pennsylvania Keys to the Castle instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania Keys to the Castle instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

11. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P. S. §§ 3761-101—3761-314), the regulations contained in 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

12. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania Keys to the Castle or through normal communications methods.

Pennsylvania Pumpkin Patch Cash Instant Lottery Game

Under the State Lottery Law (72 P. S. §§ 3761-101—3761-314), and 61 Pa. Code § 819.203 (relating to notice of instant game rules), the Secretary of Revenue hereby provides public notice of the rules for the following instant lottery game:

1. *Name:* The name of the game is Pennsylvania Pumpkin Patch Cash.

2. *Price:* The price of a Pennsylvania Pumpkin Patch Cash instant lottery game ticket is \$2.00.

3. *Play Symbols:* Each Pennsylvania Pumpkin Patch Cash instant lottery game ticket will contain one play area featuring two "Patch Number" areas and a "Your Numbers" area. The play symbols and their captions located in the two "Patch Number" areas and the "Your Numbers" area are: 1 (ONE), 2 (TWO), 3 (THREE), 4 (FOUR), 5 (FIVE), 6 (SIX), 7 (SEVEN), 8 (EIGHT), 9 (NINE), 10 (TEN), 11 (ELEVN), 12 (TWLV), 13 (THRTN), 14 (FORTN), 15 (FIFTN), 16 (SIXTN), 17 (SVNTN), 18 (EGHTN) and 19 (NINTN).

4. *Prize Play Symbols:* The prize play symbols and their captions located in the "Your Numbers" area are: \$1⁰⁰ (ONE DOL), \$2⁰⁰ (TWO DOL), \$3⁰⁰ (THR DOL), \$4⁰⁰ (FOR DOL), \$8⁰⁰ (EGT DOL), \$10⁰⁰ (TEN DOL), \$13\$ (THRTN), \$20\$ (TWENTY), \$31\$ (TRY ONE), \$40\$ (FORTY), \$300 (THR HUN) and \$31,000 (THRONETHO).

5. *Prizes:* The prizes that can be won in this game are \$1, \$2, \$3, \$4, \$8, \$10, \$13, \$20, \$31, \$40, \$300 and \$31,000. The player can win up to eight times on a ticket.

6. *Approximate Number of Tickets Printed For the Game:* Approximately 2,400,000 tickets will be printed for the Pennsylvania Pumpkin Patch Cash instant lottery game.

7. *Determination of Prize Winners:*

(a) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$31,000 (THRONETHO) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$31,000.

(b) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$300 (THR HUN) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$300.

(c) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$40\$ (FORTY) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$40.

(d) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$31\$ (TRY ONE) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$31.

(e) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$20\$ (TWENTY) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$20.

(f) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$13\$ (THRTN) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$13.

(g) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$10⁰⁰ (TEN DOL) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$10.

(h) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$8⁰⁰ (EGT DOL) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$8.

(i) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$4⁰⁰ (FOR DOL) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$4.

(j) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$3⁰⁰ (THR DOL) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$3.

(k) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch Number" play symbols and a prize play symbol of \$2^{.00} (TWO DOL) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$2.

(l) Holders of tickets upon which any one of the "Your Numbers" play symbols matches either of the "Patch

Number" play symbols and a prize play symbol of \$1^{.00} (ONE DOL) appears under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of \$1.

8. *Number and Description of Prizes and Approximate Odds:* The following table sets forth the approximate number of winners, amounts of prizes, and approximate odds of winning:

Revenue-Neutral Reconciliation Rate Notice For the Tax Year Beginning January 1, 2001

Title 66 Pa.C.S. § 2810(a) provides "It is the intention of the General Assembly that the restructuring of the electric industry be accomplished in a manner that allows Pennsylvania to enjoy the benefits of competition, promotes the competitiveness of Pennsylvania's electric utilities and maintains revenue neutrality to the Commonwealth. This section is not intended to cause a shift in proportional tax obligations among customer classes or individual electric distribution companies. It is the intention of the General Assembly to establish this revenue replacement at a level necessary to recoup losses that may result from the restructuring of the electric industry and the transition thereto."

Title 66 Pa.C.S. § 2810(c) requires the Secretary of Revenue to publish the rate of the revenue-neutral reconciliation (RNR) tax in the form of a notice in the *Pennsylvania Bulletin* by December 1, 1998, and each October 1 thereafter until and including October 1, 2002. The tax rate established in section 2810(c) shall be imposed upon gross receipts as provided in 66 Pa.C.S. § 2810(b) for the period beginning the next January 1. In the event the RNR tax rate is negative, a credit is provided under 66 Pa.C.S. § 2810(c)(5). This credit is available only to a taxpayer upon which tax is imposed under 66 Pa.C.S. § 2810(b).

The result of the revenue-neutral reconciliation calculation provided in 66 Pa.C.S. § 2810 for the tax year beginning January 1, 2001, is -0.001. Therefore, a credit equal to the negative tax rate multiplied by the taxable gross receipts for the tax period beginning January 1, 2001, shall be allowed against the taxpayer's liability for a tax for that year imposed under section 1101(b) and (f) of the Tax Reform Code of 1971 (TRC) (72 P. S. § 8101(b) and (f)) and 66 Pa.C.S. § 2810(i), (j) and (k). A taxpayer's combined tax rate for the tax year beginning January 1, 2001, is effectively 0.043, rather than 0.044.

The utility gross receipts tax rate, however, remains 0.050 for all gross receipts taxable under section 1101(a) of the TRC (72 P. S. § 8101(a)).

DEPARTMENT OF TRANSPORTATION

Retention of Engineering Firms

Montgomery County

Project Reference No. 08430AG2616

The Department will retain an engineering firm for an Open-End Contract to provide supplementary construction inspection staff under the Department's Inspector(s)-in-Charge to perform construction inspection services on various projects in Engineering District 6-0, that is Montgomery County. The Contract will include roadway and bridge construction projects, and material plant inspection. The Contract will be for a period of sixty (60) months, with a maximum cost of \$1 Million dollars.

Department policy requires firms providing construction inspection services to have a Federal Acquisition Regulation (FAR) field overhead rate established. The Department's current policy (SOL-430-91-34) requires a firm to submit their proposed field and office cost allocation approach, before the beginning of the fiscal year where the separate overhead rates would apply. This approach must comply with the provisions set forth in Part 31 of the Federal Acquisition Regulations (48 CFR Chapter 1) which governs the determination of the eligibility of costs making up the firm's Direct and Indirect Costs.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The final ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the final ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities, Department and District 6-0 experience, and supervisory experience.
- b. Any specialized construction inspection experience in asphalt paving, structures, concrete, drainage, painting, maintenance and protection of traffic, traffic signal installation, and installation of traffic signal systems.
- c. Understanding of Department's requirements, policies, and specifications.
- d. Ability to provide "CDS" operators or other personnel capable of inputting data into a personal computer (TCIS and TCI classifications).
- e. Number of NICET and NECEPT certified inspectors in each payroll classification

f. Ability to provide CPM Scheduling (TCM-1 Classification).

g. Past Performance.

A minimum of four (4) individuals, as part of the inspection staff, must have NECEPT Bituminous Field Technician Certification.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	1 (1)
Transportation Construction Ins. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	3 (2)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	6 (4)
Technical Assistant—1 (TA-1) (NICET Highway Construction Level 1 or equivalent)	3 (0)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	1 (0)
NACE Intermediate Coating Inspector	1 (0)**
NACE Basic Coating Inspector	1 (0)**

**These two (2) specialized classifications will be used for bridge painting inspection. Under these classifications, the selected firm must provide lead abatement training for these employees prior to any job assignment. In addition, the firm must establish, implement, and maintain an effective employee medical surveillance in accordance with 29 CFR 1926 throughout the duration of this inspection.

These two (2) specialized classifications will have the following requirements:

1. NACE Intermediate Coating Inspector Training/or Equivalent.

The inspector for the above NACE Intermediate Coating Inspector Training category will have completed at least 80% of the required credits for this NACE category or equivalent training; also, will have a minimum of five (5) years coating inspection experience on heavy industrial or highway projects; also, will have a minimum of one (1) year experience of coatings inspection on a lead removal project where air monitoring, blood monitoring, containment and disposal of lead debris were performed; also, will be knowledgeable in OSHA 1926.62 (Lead) regulations, applicable OSHA regulations governing proper respirator usage (29 CFR 1910.134) and lead exposure (29 CFR 1910.1025) and will also be capable of "climbing" on high bridge members to perform coatings inspection; will be capable of supervising/training lower coatings inspectors (both consultant and state) if neces-

sary. Will also complete EPA accredited training for lead removal (Title X, Sections 402 and 404).

2. NACE Basic Coating Inspector Training/or equivalent.

The inspector for the NACE Basic Coating Inspector will have completed at least 80% of the required credits for this category or equivalent training; also, will have a minimum of three (3) years coating inspection experience on heavy industrial or highway projects; also, will have minimum of six (6) months experience on lead removal projects; also, will be knowledgeable in OSHA 1926.62 (Lead Regulations) applicable OSHA regulations governing proper respirator usage (29 CFR 1910.134) and lead exposure (29 CFR 1910.1025), and will be capable of "climbing" on high bridge members to perform coatings inspection; will also be capable of working with state inspectors; will also complete EPA accredited training for lead removal (Title X, Sections 402 and 404).

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.

2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.

3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.

4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum hourly payroll rate for each Department Payroll Classification for calendar year 2000 shall be as shown:

<i>Payroll Classification</i>	<i>Maximum Straight Time Hourly Payroll Rate (Year 2000)</i>
(TCM-1)	\$23.22
(TCIS)	\$20.34
(TCI)	\$17.05
(TA-1)	\$13.80
(TA)	\$11.72
NACE Intermediate Coating Inspector	\$28.25
NACE Basic Coating Inspector	\$23.50

If applicable, the maximum straight time hourly payroll rate for subsequent calendar years will be established at the scope of work meeting.

The maximum hourly payroll rate is the maximum hourly rate paid to an employee in a specific Department Payroll classification. The Department reserves the right to negotiate hourly payroll rates of compensation of individuals based on knowledge, experience and education up to the payroll classification maximum hourly payroll rate.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation, or construction.

The firm selected may be required to supply the following equipment to the Department:

Quantity	Item
(10)	Cellular Phones (for Engineer's employees only)
(4)	Paint Test Medical Kits per project as may be required.
(8)	One digital camera per project. Each camera to have the following specifications: 1024x768 minimum resolution; storage on a 3 1/2" floppy disk; picture date stamped, and storage in JPEG format.

The Department will directly reimburse the selected engineering firm for the above equipment, for use by the consultant inspection staff at their actual cost not to exceed the maximum direct reimbursement shown below. The engineering firm is required to include their billing rates for each type of equipment in the letter of interest.

- Cell Phone Usage* As per invoice
- Paint Inspection As per invoice
- Medical Tests As per invoice
- Camera (Digital) As per invoice

If the equipment is self-owned, reimbursement will be based on actual cost of ownership not to exceed the maximum allowable. If equipment is from an outside supplier, the engineer must secure a minimum of three written quotes. The Department reserves the right to request additional quotes.

*Cost of phone and activation fees are not eligible for direct reimbursement

The Department will reimburse for actual miles driven on the project as directed by the Department, and a maximum of \$32.50/day for either mileage to and from the work site or lodging. An inspector will not be reimbursed for a combination of the two during the same day. Mileage will be reimbursed for the most direct route from the inspector's residence or the Consultant's office, whichever is less, to the project site and return at the lesser of the maximum mileage rate established by the Commonwealth or the firm's current policy. The first 15 miles each day of an inspector's commute from and to his/her residence or the consultant's office to the work location is considered normal commuting travel and will not be eligible for mileage reimbursement. Lodging will be reimbursed at a maximum rate of \$32.50/day, in lieu of mileage, but receipts for all costs must be provided to the Department with the Engineer's invoice. Lodging will only be reimbursed for employees whose home or headquarters is more than 65 miles from the project.

The maximum number of resumes to be included in the letter of interest shall be as follows:

Classification	No. of Resumes
TCM-1	(2)
TCIS	(4)
TCI	(7)
NACE Intermediate	(2)
NACE Basic	(2)

Letters of interest for this project must include a letter signed by the individuals you propose for all TCM-1 and TCIS positions giving their approval to use their names in your letter of interest for this open-end project.

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, (any pages beyond 3 will not be reviewed by the Department), plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Andrew L. Warren, District Administrator
Engineering District 6-0
7000 Geerdes Blvd.
King of Prussia, PA 19406-1525

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the twentieth day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to Tom Larney, phone number (610) 205-6692, fax number (610) 205-6672.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

For District projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

By submitting a letter of interest for the projects that request engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania. A firm not conforming to this requirement may submit a letter of interest as a part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

The letter of interest must include full disclosure of any potential conflict of interest by the prime or any subconsultant based on Engineering Involvement Restrictions Guidelines as established in Strike-off Letter No. 433-00-02 published March 27, 2000. If there are no potential conflicts you shall include the following statement: "I have reviewed Strike-off Letter No. 433-00-02 and determine that there are no potential conflicts of interest for anyone on this project team."

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposed DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Letters of Interest for will be considered non-responsive and eliminated from further consideration for any of the following reasons:

1. Letters of Interest not received on time.
2. Project of interest is not identified.
3. An Annual Qualification Package for the prime consultant and all subconsultants is not on file with the organization receiving the Letter of Interest.
4. Conflict of Interest evaluation statement is not included.
5. A Disadvantaged Business Enterprise (DBE) participation goal is established for the Project Reference Number but no DBE/WBE is identified and no good faith effort is included.
6. Firm submitted a Letter of Interest on more than one (1) Joint Venture or a firm submitted a Letter of

Interest as a prime and was also included as a subconsultant, to another firm. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm, or firms, involved.

In addition to the above reasons, a Letter of Interest for Construction Inspection Services will be considered non-responsive for any of the following reasons:

1. Prime consultant or any subconsultant does not have a Federal Acquisition Regulation (FAR) Audit Field Overhead Rate on file with the Department.
2. Using an individual's resume without including a letter granting the individual's approval for TCIS and higher positions.
3. Exceeding the maximum number of resumes in a payroll classification.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

BRADLEY L. MALLORY,
Secretary

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Sections 5(d) and 5(g) of the Regulatory Review Act (71 P. S. §§ 745.5(d) and 745.5(g)) provide that the designated standing committees may issue comments within 20 days of the close of the public comment period, and the Commission may issue comments within 10 days of the close of the committees' comment period. The Commission's Comments are based upon the criteria contained in subsections 5.1(h) and 5.1(i) of the Regulatory Review Act (75 P. S. §§ 745.5a(h) and 745.5a(i)).

The Commission issued Comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted by the date indicated.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Issued</i>	<i>Final-Form Submission Deadline</i>
7-352	Environmental Quality Board Coal Refuse Disposal	9/15/00	8/16/02

Environmental Quality Board Regulation No. 7-352 Coal Refuse Disposal September 15, 2000

We submit for your consideration the following objections and recommendations regarding this regulation.

Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which has not been met. The Environmental Quality Board (EQB) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered by August 16, 2002, the regulation will be deemed withdrawn.

1. Section 88.310. Coal refuse disposal: general requirements.—Clarity.

Subsection (k) requires installation of a system to prevent precipitation from contacting the coal refuse when an operation temporarily ceases for more than 90 days “unless the Department approves a longer period. . . .” Under 52 P. S. § 30.56a(i), the Department may approve a longer period “for reasons of a labor strike or business necessity.” For improved clarity, the EQB should specify the conditions under which the Department will extend the 90-day period, and the criteria it will use to determine a “business necessity.”

2. Section 90.1. Definitions.—Clarity.

Public recreational impoundment

This definition is taken directly from 52 P. S. § 30.53(10.1). Rather than repeating the definition, the EQB should consider simply referencing the statute.

Operator

This term is used throughout the regulation, but is not defined. For clarity, the EQB should include a reference to the definition of “operator” in 52 P. S. § 30.53(8).

3. Section 90.5. Site selection and permitting.—Clarity.

Subsection (a) refers to “coal refuse disposal activities.” The term “coal refuse disposal operations” is used in the preamble and in other sections of the regulation, such as Section 90.49. In the Act and Subchapter F, Section 90.302, “coal refuse disposal activities” is the defined term. If these terms have the same meaning, “coal refuse disposal activities” should be used consistently and exclusively throughout the regulation. If these terms have different meanings, each term should be separately defined.

4. Section 90.13. Groundwater information.—Clarity.

In the permit application requirements, Subsection (2) requires “[s]pecific attention shall be given to describing the groundwater flow system. . . .” The phrase “specific attention” is vague. The EQB should consider revising this provision to simply require a description of the groundwater flow system.

5. Section 90.49. Stream buffer zone variance.—Consistency with the statute; Clarity.

Subsections (a) and (c)

Under 52 P. S. § 30.56a(h)(5), a variance can be granted under certain circumstances “to dispose of coal refuse and to relocate or divert streams in the stream buffer zone.” (Emphasis added.) Subsections (a) and (c) do not include the statutory variance to relocate or divert streams. For consistency with the statute, the EQB should revise Subsection (c) to address stream relocation or diversion.

Subsection (b)

This subsection uses the phrase “[c]oal refuse disposal operations other than coal refuse disposal.” What are “coal refuse disposal operations other than coal refuse disposal”?

Subsection (c)(1)

This subsection states “Stream buffer zone variances will only be granted if the operator *demonstrates to the satisfaction of the Department* that the coal refuse disposal will not adversely affect water quality and quantity. . . .” (Emphasis added.) It is unclear how an operator can make the required demonstration. The final-form regulation should include the criteria the Department will use to judge if an operator has made an adequate demonstration.

6. Section 90.50. Design criteria: groundwater and surface water protection system.—Clarity.

Subsection (c) requires a permit application to include a description of the site’s susceptibility to mine subsidence. The description must include “particular attention to subsidence-induced impacts or other physical or chemical processes that could adversely affect the operation of the systems.” The regulation does not specify the physical or chemical processes that must be addressed. As a result, the party submitting the permit application may not know exactly what information must be included in the application.

In the final-form regulation, the EQB should clarify the meaning of “other physical or chemical processes.” Additionally, the phrase “particular attention” is vague and should be clarified.

7. Section 90.122. Coal refuse disposal.—Clarity.

In the *Pennsylvania Bulletin* publication of the proposed rulemaking, the right bracket showing the deletion of Subsection (g) was inadvertently omitted. This bracket should be included in the final-form regulation.

8. Section 90.167. Cessation of operations: temporary.—Clarity.

Subsection (d) states that, “The department may approve a longer period, not to exceed 1 year, for reasons of a labor strike or *business necessity*.” (Emphasis added.) The EQB should specify what it considers to be a “business necessity.”

9. Section 90.201. Definitions.—Consistency with statute; Clarity.

Search area

This definition contains a substantive provision in the last sentence. The EQB should move the last sentence to Section 90.202(b).

10. Section 90.202. General requirements.—Consistency with statute; Clarity.

Subsection (c)(2) states “[t]he site is known or is likely to contain Federally listed threatened or endangered plants or animals. . . .” The phrase “or is likely to” does not appear in 52 P. S. § 30.54a(b). The EQB should delete the phrase “or is likely to.”

11. Section 90.203. Proposing a preferred site.—Clarity.

This section appears to reiterate the requirements listed in Section 90.202. If Section 90.203 does not add new requirements, it should be deleted.

12. Section 90.302. Definitions.—Clarity.

General

The definitions of “actual improvement,” “coal refuse disposal activities,” and “pollution abatement area” are

taken directly from 52 P. S. § 30.53. Rather than repeating these definitions, the EQB should consider simply referencing the statute.

Best professional judgment

The phrase “reasonably available data” is not clear. The EQB should specify what it considers “reasonably available data.”

13. Section 90.303. Applicability.—Need; Clarity.

Subsection (a) rephrases the parallel statute language at 52 P. S. § 30.56b(b). The EQB should explain the need to alter the statutory language.

14. Section 90.304. Application for authorization.—Clarity.

In Subsection (a)(2)(ii), what criteria will the EQB use to determine “other water quality parameters the Department deems relevant”? How will the operator be informed?

15. Section 90.306. Operational requirements.—Need; Clarity.

Section 90.306(4) requires operators to submit progress reports to the Department within 30 days of completing each step of an abatement program including “a notarized statement signed by the operator, and if required by the Department, a statement signed by the supervising engineer. . . .” Why must these statements be notarized?

Additionally, the phrase “if required by the Department is unclear.” When would a statement signed by the supervising engineer be required? Does this statement also have to be notarized?

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY AND DEPARTMENT OF ENVIRONMENTAL PROTECTION

Clean Water State Revolving Fund; Federal FY 2000 and 2001 Project Priority List

The Pennsylvania Infrastructure Investment Authority (PENNVEST) and the Department of Environmental Protection have revised the combined Federal fiscal year 2000/2001 Clean Water State Revolving Fund (CWSRF) Project Priority List (List) of municipal sewage construction projects.

The FY 2000/2001 List was prepared in conformance with the requirements of Title II and Title VI of the Water Quality Act and Federal guidance and was approved by the Environmental Protection Agency (EPA) on June 23, 2000. The projects included on the List have a project priority rating established under the Department's EPA approved Chapter 103 project priority rating system. The Clean Water Act stipulates that States must maintain a Project Priority List of municipal sewage projects from which to develop the annual CWSRF Intended Use Plan (IUP) list of projects to be funded.

The 24 projects proposed for addition to the List will not replace any project currently on the approved FY 2000/2001 List. These 24 projects are being placed in the appropriate ranking slot in relation to other rated and ranked projects on the List. The rank order standing of projects on the List does not dictate the order in which projects are chosen for funding in the CWSRF program. A project may be selected from any numerical rank position on the List for funding. A project's readiness to proceed and the reasonable availability of alternative sources of funds have a bearing on project selection for funding in the program.

Eight of the 24 projects to be added to the FY 2000/2001 List are expected to proceed to construction in

the near future, and the others are being added as potential projects for future construction loan consideration. The eight projects expected to be ready for loan funding in the near future have submitted applications for funding and will be placed on an IUP to: (1) replace projects that have not proceeded timely toward initiation of project construction; and/or (2) to fill funding gaps that have developed as a result of cost savings. Projects removed from an IUP will remain on the List and be considered for CWSRF loan funds in the future.

Nineteen projects are being removed from the FY 2000/2001 list because they have received CWSRF funding and are now either in some stage of construction or have been completed. These projects are: Brave Water and Sewer Authority, Coudersport Area Municipal Authority, Derry Township Sanitary Sewer Authority, Elizabethville Area Authority, Greater Pottsville Area Sewer Authority, Lake City Municipal Sewer Authority, Lower Bucks County Joint Municipal Authority, Meyersdale Borough, Nanty Glo Sanitary Sewer Authority, New Bethlehem Borough, Northern Blair County Regional Sewer Authority (3 projects), Old Lycoming Township Sewer Authority, Salisbury Township, Spring-Benner-Walker Joint Authority, Sykesville Borough, Titusville City and Wallacetown-Boggs Municipal Authority.

Federal guidance on revising an approved List indicates the List be subject to public comment and review before being submitted to the EPA. Interested persons are invited to express their views on the priority rating or ranking of projects on the revised FY 2000/2001 List. Persons wishing to offer comments should submit them in writing to the Administrative Services Section, Division of Municipal Financial Assistance, Bureau of Water Supply Management, 11th Floor, Rachel Carson State Office Building, P. O. Box 8466, Harrisburg, PA 17105-8466, (717) 787-6744, or by e-mail (Maisano.Tony@dep.state.pa.us) by 4 p.m., October 30, 2000.

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Tony Maisano as noted or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

A list of the municipal sewage construction projects to be added to the FY 2000/2001 List follows this notice.

A copy of the revised FY 2000/2001 Project Priority List that shows all 278 municipal sewage projects in priority and ranked order is available to any interested person for a nominal cost or may be reviewed in the Administrative Services Section office and in the following offices:

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Implementation of the Telecommunication Act of
1996; Doc. No. M-00960799

Public meeting held
September 13, 2000

Commissioners Present: John M. Quain, Chairperson;
Robert K. Bloom, Vice Chairperson; Nora Mead
Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

By the Commission:

Introduction

Before the Commission for consideration is the impact upon our prior orders at this docket concerning the filing of pre-enactment interconnection agreements, by the recent decision of the U.S. Court of Appeals for the 8th Circuit, *Iowa Util. Bd. v. F.C.C.*, No. 96-3321 (July 18, 2000). The 8th Circuit case represents the consolidation of multiple state challenges to the Federal Communication Commission's (FCC's) First Report and Order *In re Implementation of the Local Competition Provisions in the Telecommunications Act of 1996*, 11 FCC Rcd 15499 (1996). By its order, the 8th Circuit invalidates certain regulations promulgated by the FCC pertaining to Section 252(a) of the Telecommunications Act of 1996 (TA-96), 47 U.S.C. § 252(a).

Background

At this docket, the Commission's Order entered June 3, 1996 (*Implementation Order*) directed all telecommunications carriers potentially subject to the filing of pre-enactment interconnection agreements under Section 252(a) of TA-96, to file a list of all pre-enactment agreements (including but not limited to EAS agreements, collocation agreements, cellular and mobile carrier agreements, and shared network facilities agreements), but did not require the filing of the actual agreements.¹ It was our intent at that time to first obtain an idea of how many pre-enactment interconnection agreements may exist in light of the fact that "there may be hundreds of interconnection agreements between ILECs and between ILECs and wireless carriers in the Commonwealth."² We were further concerned that requiring the filing of these contracts, would result in cancellation of the contracts (particularly EAS contracts), which, in turn, would impact negatively on the provision of telecommunication service in EAS situations.

Consequently, in addition to a list of interconnection agreements, we required all telecommunications carriers to file comments on various issues such as the types of agreements that should be filed, proposals for scheduling or planning the filing and review of pre-enactment agreements, identification of the types of pre-enactment agreements that carriers may consider canceling, potential ramifications resulting from cancellation of pre-enactment agreements, and issues that may arise if the Commission did not evaluate and review pre-enactment agreements.³

By our Order entered September 9, 1996 (*Order on Reconsideration*) we noted that the FCC concluded that TA-96 requires all interconnection agreements, including any interconnection agreement negotiated before the en-

actment date of TA-96 and those between non-competing carriers, to be submitted to the state commission for approval pursuant to § 252(e).⁴ For this reason, we viewed the issue of whether we are required to review all pre-enactment interconnection agreements as moot since the FCC made it clear at that time that all such pre-enactment agreements must be submitted to state commissions for review.⁵

We also noted in our *Order on Reconsideration* that, although the FCC required that pre-existing interconnection agreements between Class A carriers⁶ be filed no later than June 30, 1997 with the appropriate state commissions, the state commissions were authorized to require an earlier filing date. Therefore, we directed all telecommunications carriers that had not complied with our *Implementation Order* to file a statement of all of their pre-enactment interconnection agreements on or before October 10, 1996. We again declined to establish a schedule for the submission of those agreements until the number and type of interconnection agreement involved was first determined in order that we could establish an orderly and manageable timetable for the submission of these agreements.⁷ To date, we have not required the filing of the actual interconnection agreements.

As a result of the recent action of the U.S. Court of Appeals for the 8th Circuit invalidating certain regulations promulgated by the FCC which impact upon our prior determinations in the *Implementation Order* and *Order on Reconsideration*, it is now necessary to clarify the duty of telecommunications carriers operating in the Commonwealth of Pennsylvania to file interconnection agreements pursuant to § 252 of TA-96.

Discussion

Among several significant challenges to TA-96 in *Iowa Util. Bd. v. F.C.C.*, the 8th Circuit reviewed the statutory language pertaining to interconnection found at 47 U.S.C. § 252(a)(1) which requires that all interconnection agreements "including any interconnection agreement negotiated before February 8, 1996, shall be submitted to the State commission" (emphasis added). In response to § 252(a)'s statutory mandate, the FCC had promulgated 47 C.F.R. § 51.303, which requires that all interconnection agreements, including those predating TA-96, be submitted to the state commissions for approval. The FCC had concluded, as did this Commission, that the intent of § 252(a) of TA-96 was to require the filing of all interconnection agreements without regard to the effective date of TA-96. However, the 8th Circuit disagreed.

The 8th Circuit analyzed the language of § 252(a) and concluded the intent of the section was to require filing of only those interconnection agreements entered pursuant to § 251 of TA-96. Therefore, agreements, which predate TA-96's enactment, February 8, 1996, should not be governed by § 252(a). So concluding, the 8th Circuit vacated the FCC's rule 51.303. As a result, it has now been judicially determined that the filing of agreements pre-dating TA-96 is not required. The 8th Circuit's order expressly requires the filing of "any agreement which was

⁴ FCC First Report and order entered August 8, 1996, at pp. 87-88.

⁵ *Order on Reconsideration*, p. 19.

⁶ Class A carriers are defined as companies "having annual revenues from regulated telecommunications operations of \$100,000,000 or more." 47 C.F.R. § 32.11(a)(1). We note that in a filing dated June 30, 1997, in response to our *Implementation Order*, Bell Atlantic submitted various interconnection agreements that were negotiated before February 8, 1996, the effective date of TA-96, with (1) GTE North, Inc., (2) The United Telephone Company of Pennsylvania, and (3) Commonwealth Telephone Company. In accordance with 47 U.S.C. § 252(e)(4), since more than 90 days have passed from June 30, 1997, without Commission action to approve or reject the interconnection agreements, these interconnection agreements were deemed approved by operation of law.

either (1) both negotiated and entered into pursuant to § 251 after [TA-96] went into effect or (2) is an interconnection agreement that was negotiated before, but not yet entered into when, [TA-96] went into effect.”⁸ Accordingly, no interconnection agreements pre-dating TA-96 need be filed with the Commission.

Regarding this Commission’s duty to approve or reject the interconnection agreements filed, 47 U.S.C. § 252(e)(4) provides that if the state commission does not act to approve or reject the agreement within 90 days after submission by the parties to an agreement adopted by negotiation the agreement shall be deemed approved. Accordingly, a copy of all agreements filed as a result of this order shall be on file with the Secretary’s Bureau and be available for public inspection to permit new entrants a legitimate opportunity to know of and review agreements relevant to their own negotiations for interconnection. In the absence of Commission action, such agreements shall then become approved by operation of law after 90 days; *Therefore*,

It Is Ordered:

1. All telecommunications carriers operating in the Commonwealth of Pennsylvania are required to file, within 30 days from the date of publication of this Order in the *Pennsylvania Bulletin*, two copies each of any interconnection agreement which was either (1) both negotiated and entered pursuant to § 251 after February 8, 1996, or (2) negotiated before, but not yet entered into on February 8, 1996. However, neither interconnection agreements already filed in compliance with this Commission’s Order entered June 3, 1996 at this docket nor any interconnection agreement that has been terminated need be filed.

2. All interconnection agreements filed pursuant to Ordering Paragraph No. 1, above, will be maintained at this docket and available for public inspection. Filings should note this docket number (Docket No. M-00960799) and should be addressed to:

James J. McNulty, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, Pennsylvania 17105-3265.

Pennsylvania Public Utility Commission
Commonwealth Avenue & North Street
Room B-20 North Office Building
Harrisburg, PA 17120.

3. The Secretary’s Bureau is directed to publish a copy of this Order in the *Pennsylvania Bulletin*.

4. Following expiration of the 30-day period under Ordering Paragraph No. 1, above, the Secretary’s Bureau shall compile a list of all interconnection agreements filed pursuant to this Order and publish the list in the *Pennsylvania Bulletin*.

Pennsylvania Public Utility Commission, Law Bureau Prosecutory Staff v. As Telecommunications, Inc.; Doc. No. C-00003834; A-310537

Public meeting held
September 13, 2000

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice-Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Default Order

By the Commission:

On June 28, 2000, the Law Bureau Prosecutory Staff instituted a complaint against As telecommunications, Inc. (the Respondent), an IXC reseller certificated at A-310537. In the complaint, Prosecutory Staff alleged that the Commission sent by certified mail notices to the Respondent that pursuant to 66 Pa.C.S. § 510, its 1999-2000 Annual Assessment in the amount of \$59.00 was due. The complaint charged that the Respondent violated 66 Pa.C.S. § 510(c) by neither paying the assessment nor filing objections.

The complaint sought the following remedies:

(1) that the Commission issue an order canceling the Respondent’s certificate of public convenience if Respondent failed to answer the complaint within 20 days of receipt of the complaint, and

(2) that the Commission issue an order referring the total outstanding assessment balance to the Attorney General’s office for appropriate civil collection action.

According to the post office return receipt, service of the complaint was perfected on July 6, 2000. To date, more than 20 days later, no answer has been filed to the complaint and the assessment has not been paid; *Therefore*,

It Is Ordered:

1. That the allegations in the Law Bureau Prosecutory Staff’s complaint are deemed admitted and the complaint is thereby sustained.

2. That the Secretary serve a copy of this order upon all jurisdictional telecommunication carriers and also cause a copy of this order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. That As Telecommunications, Inc. immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide a written notice to each existing customer directing each to select an alternative IXC service provider within 30 days of the date of the notice. Such notice must include a statement of the Commission’s intent to cancel the company’s certificate of public convenience absent adverse public comment within the 20-day time constraint established pursuant to Ordering Paragraph No. 2, above.

4. That absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by As telecommunications, Inc. at Docket No. A-310537 shall be cancelled, and the company’s name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission’s Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Audits.

5. That 60 days after publication in the *Pennsylvania Bulletin*, following cancellation of the certificate of public

Public meeting held
September 13, 2000

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice-Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Default Order

By the Commission:

On June 28, 2000, the Law Bureau Prosecutory Staff instituted a complaint against Inacom Communications, Inc. (the Respondent), an IXC reseller certificated at A-310244. In the complaint, Prosecutory Staff alleged that the Commission sent by certified mail notices to the Respondent that pursuant to 66 Pa.C.S. § 510, its 1999-2000 Annual Assessment in the amount of \$89.00 was due. The complaint charged that the Respondent violated 66 Pa.C.S. § 510(c) by neither paying the assessment nor filing objections.

The complaint sought the following remedies:

- (1) that the Commission issue an order canceling the Respondent's certificate of public convenience if Respondent failed to answer the complaint within 20 days of receipt of the complaint, and
- (2) that the Commission issue an order referring the total outstanding assessment balance to the Attorney General's office for appropriate civil collection action.

According to the post office return receipt, service of the complaint was perfected on July 3, 2000. To date, more than 20 days later, no answer has been filed to the complaint and the assessment has not been paid; *Therefore,*

Default Order

By the Commission:

On June 28, 2000, the Law Bureau Prosecutory Staff instituted a complaint against Laurel Highland Long Distance (the Respondent), an IXC reseller certificated at A-310371. In the complaint, Prosecutory Staff alleged that the Commission sent by certified mail notices to the Respondent that pursuant to 66 Pa.C.S. § 510, its 1999-2000 Annual Assessment in the amount of \$87.00 was due. The complaint charged that the Respondent violated 66 Pa.C.S. § 510(c) by neither paying the assessment nor filing objections.

The complaint sought the following remedies:

- (1) that the Commission issue an order canceling the Respondent's certificate of public convenience if Respondent failed to answer the complaint within 20 days of receipt of the complaint, and
- (2) that the Commission issue an order referring the total outstanding assessment balance to the Attorney General's office for appropriate civil collection action.

According to the post office return receipt, service of the complaint was perfected on July 1, 2000. To date, more than 20 days later, no answer has been filed to the complaint and the assessment has not been paid; *Therefore,*

It Is Ordered:

1. That the allegations in the Law Bureau Prosecutory Staff's complaint are deemed admitted and the complaint is thereby sustained.

2. That the Secretary serve a copy of this order upon all jurisdictional telecommunication carriers and also cause a copy of this order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. That Laurel Highland Long Distance immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide a written notice to each existing customer directing each to select an alternative IXC service provider within 30 days of the date of the notice. Such notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established pursuant to Ordering Paragraph No. 2, above.

4. That absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by Laurel Highland Long Distance at Docket No. A-310371 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Audits.

5. That 60 days after publication in the *Pennsylvania Bulletin*, following cancellation of the certificate of public convenience pursuant to Ordering Paragraph No. 4, above, the Office of Executive Director refer the total outstanding assessment balance to the Attorney General's office for appropriate civil collection and action.

By the Commission,

JAMES J. MCNULTY,
Secretary

Opinion and Order

By the Commission:

Before us for consideration is a Petition filed on May 21, 1999, by GTE Communications Corporation, f/k/a GTE Card Services (GTECC or Company), concerning the two (2) following matters arising in association with our March 22, 1999 Opinion and Order (March 22, 1999 Order) in the above-captioned proceeding:

1. Request for a waiver of the March 22, 1999 Order requirement that directs GTECC to file a Lifeline Plan with the Commission; and,
2. Request for Clarification of the March 22, 1999 Order regarding the requirement that GTECC maintain separate accounting systems for its CAP, CLEC, and its IXC operations.

For the reasons delineated in the body of this Opinion and Order, we shall (1) deny GTECC's request for a waiver, (2) deny GTECC's request for clarification, and (3) initiate a collaborative proceeding involving interested parties for the purpose of determining the adequacy and interpretation of our existing accounting procedures and financial reporting regulations for all types of telecommunications companies in an increasingly competitive toll and local environment.

Background

By our Opinion and Order entered January 28, 1997, at Docket No. I-00940035, we ordered all local exchange carriers (LECs) to file proposed Lifeline Plans for low-income customers by March 29, 1997. The March 29, 1997 deadline date for those LECs that had not filed Lifeline Plans was subsequently extended to September 30, 1997, by our Order on Reconsideration entered July 31, 1997. Since then, the filing and implementation of Lifeline Plans has become a routine compliance requirement for new competitive local exchange carriers (CLECs) that receive approval to operate in the Commonwealth.

By our March 22, 1999 Order in the above-captioned proceeding, we granted, inter alia, GTECC authority to operate as:

1. a CLEC within the service territories of Bell Atlantic-Pennsylvania, Inc. and GTE North, Inc. (F0002),
2. a Competitive Access Provider (CAP) within the service territories of Bell Atlantic-Pennsylvania, Inc. and GTE North, Inc. (F0004), and,
3. a facilities-based interexchange toll service provider (IXC) within the service territories of Bell Atlantic-Pennsylvania, Inc. and GTE North, Inc. (F0005).

Additionally, our March 22, 1999 Order directed that:

1. GTECC shall file its Lifeline Plan within sixty (60) days of the date of entry of the Order, or by May 21, 1999. (Ordering Paragraph No. 8); and,
2. GTECC shall maintain separate accounting systems for its CAP, CLEC and IXC operations. (Ordering Paragraph No. 9).

Discussion

A. Request for Waiver of Commission Order Compliance Requirements

GTECC requests a waiver of the requirement that directs GTECC to file a Lifeline Plan. In support of this request, GTECC avers that its initial provision of services as a CLEC will not include conventional, basic local exchange services that are based on voice telephony. Instead, GTECC states that it will, for all intents and purposes, be a "data CLEC" in the original stages of its operations in the Commonwealth and will not, in the near future, be offering basic local exchange services that could be of benefit to potential Lifeline customers. (Petition, p. 3).

GTECC asserts that it will originally provide Frame Relay Service which is "a high-performance, cost effective data offering for connectivity of multiple local area networks (LANs) or System Networks Architecture (SNA) locations" and that the "data CLEC" services it will initially offer are not included within the group of basic local exchange services that are normally part of CLEC and Incumbent Local Exchange Carrier (ILEC) Lifeline Programs as defined by the Federal Communications Commission (FCC) and this Commission.¹ (Petition, p. 3).

In lieu of an outright waiver, however, GTECC requests that the Commission at least permit it to delay the filing of its Lifeline Plan until such time that GTECC is operationally ready to offer voice telephony basic local exchange services in the areas where it has been authorized to operate by the Commission. (Petition, p. 4).

We note that the Company is requesting this waiver based on its sole assertion that it does not wish to offer certain services under the auspices of a CAP and the fact that it will, for all intents and purposes, be a "data CLEC" in the original stages of its operations in the Commonwealth. GTECC states that it will not, in the near future, be offering basic local exchange services that could be of benefit to potential Lifeline customers. Specifically the services that GTECC proposes to offer include Frame Relay Service and other types of high-speed data services.

We agree with GTECC that Frame Relay service is not one of the conventional basic local exchange services included under Lifeline Service. In fact, both the FCC and this Commission directed that Lifeline Service should include the following services, all of which GTECC is not proposing to offer initially:

1. Single-Party Service
2. Voice grade access to the public switched telephone network
3. DTMF or its functional digital equivalent (Touchtone)
4. Access to emergency services (911)
5. Access to Operator Services
6. Access to Interexchange Service
7. Access to Directory Assistance
8. Toll limitation (Toll Blocking or Toll Control Services)

¹ See generally, *Federal-State Joint Board on Universal Service* (FCC May 8, 1997) CC Docket No. 96-45, Report and Order, FCC 97-157, Paragraph 384, slip op. p. 204 (FCC Universal Service Order); In *Re Formal Investigation to Examine and Establish Updated Universal Service Principles and Policies for Telecommunications Services in the Commonwealth*, Docket No. I-00940035, *Petition of WinStar Wireless of Pennsylvania, Inc. For Approval of Lifeline Service Plan*, Docket No. P-00971275 Order entered December 4, 1987, p. 2.

In its Petition, GTECC states that its proposed tariff, which it filed with the Commission, defines Frame Relay Service as "a high-performance, cost effective data offering for connectivity of multiple local area networks (LANs) or System Networks Architecture (SNA) locations." Other information submitted by GTECC in this matter is vague with regard to the specific manner in which it desires to utilize Frame Relay Service.

However, *Newton's Telecom Dictionary*² describes Frame Relay Service as "an access standard" that employs a type of packet switching in which packets are sent in the form of "frames" which are variable in length. Access to Frame Relay is over a *dedicated* [emphasis added], digital circuit which typically is 56/64 Kbps, NX56/64 Kbps, T-1 or T-3. *Newton's Telecom Dictionary* further states that Frame Relay is intended for data communications application, most especially LAN-to-LAN internetworking, which is bursty in nature. Frame Relay, while intended for data communications, also supports compressed and packetized voice and video.

As such, it is our view that the type of services (i.e., Frame Relay Services) which GTECC is proposing to include in its CLEC tariff should actually be included in its CAP tariff. As a result, and keeping in mind that, based on the manner in which GTECC initially proposes to offer Frame Relay Services to its customers, it is not appropriate for GTECC to file rates, rules and regulations for Frame Relay Service in its CLEC tariff. In our opinion, the services which GTECC proposes to offer clearly fall under the guise of CAP services, which are described in detail in our April 2, 1999 Opinion and Order in *Vanguard* at Docket No. A-310621 and A-310621, F0002.³ It is important to note at this point that, subsequent to filing the instant Petition and after discussion with our staff, GTECC has agreed to voluntarily file its Frame Relay Service offering in its initial CAP tariff. This tariff was filed on April 26, 2000, with an effective date of June 27, 2000. We commend GTECC for its cooperation with staff.

We shall deny GTECC's outright request for a waiver to file a Lifeline Plan and its alternative request, which would allow it to delay filing a Lifeline Plan and associated tariffs with the Commission until such time as GTECC is operationally ready to offer voice telephony basic local exchange services in its authorized service territory. In support of this determination, we note that the Company's request for a waiver is based on the premise that "for all intents and purposes, it will be a data CLEC." However, that is not the authority requested or granted by this Commission. We have granted GTECC a CLEC certificate to provide data and voice services. Therefore, regardless of when it begins offering the services, it must file the requisite voice related tariffs.

B. Request for Clarification

GTECC's second request in this Petition seeks clarification of the requirement in our March 22, 1999 Order that GTECC maintain separate accounting systems for its CAP operations, the IXC portion of its CLEC operations,⁴ and its IXC operations. Specifically, GTECC is requesting a clarification that:

1. the March 22, 1999 Order does not necessitate the outright replacement of GTECC's existing and operational accounting systems (Petition, p. 6);

2. the compliance requirement applies to gross intrastate operating revenues of GTECC's CLEC and combined CAP/IXC operations to the extent that is necessary for meeting GTECC's annual reporting requirements to the Commission for GTECC's CLEC operations under 52 Pa. Code §§ 63.36 (Filing of Annual Financial Reports) and 71.1 (Statement of Purpose—Financial Reports), and for its combined CAP/IXC operations under 52 Pa. Code § 63.107 (Annual Reporting Requirements [for Interexchange Carriers]) (Petition, p. 6); and

3. this compliance does not apply to GTECC's expenses and assets associated with its intrastate CLEC, CAP, and IXC operations in the Commonwealth. (Petition, p. 7).

In support of this request for clarification, GTECC states that it is a reseller of local service at this time and does not provide owned and operated access facilities. GTECC argues that, therefore, it does not currently require CAP facilities in order to provide local or interexchange frame relay or private line services and, thus, does not believe that it needs to keep separate accounts. (Petition, p. 5). Furthermore, GTECC states that, even if, and when, GTECC begins offering facilities-based services, it would not deploy its assets in separate accounting systems based on the services it offers. (Petition, p. 5).

GTECC notes that it and other CLECs do not utilize the FCC's Uniform System of Accounts (USOA) in their respective intrastate operations and that considerable difficulties would be encountered by maintaining separate accounting systems for GTECC's CAP, CLEC, and IXC operations. GTECC contends that these difficulties would be exacerbated if the requirement for separate accounting systems is interpreted to apply to the underlying GTECC assets that will be utilized for the provision of CAP, CLEC, and IXC services in Pennsylvania on a resale or facilities-based basis. GTECC suggests that its existing accounting systems, with some requisite modifications, will be able to track, with a reasonable degree of accuracy, the gross intrastate operating revenue associated with GTECC's CAP, CLEC, and IXC operations within Pennsylvania. However, the same systems are not designed to produce accounting separations between expenses and assets associated with GTECC's intrastate CAP, CLEC, and IXC operations. (Petition, p. 5).

GTECC alleges that it would be an adequate, and a less burdensome degree of compliance with the Commission's Order, if the Commission would instead permit it to modify its existing accounting systems so that it can adequately track its gross intrastate revenues for its CLEC and its combined CAP/IXC operations. As such, GTECC believes that this approach, when combined with specialized accounting studies where necessary, would be sufficient in order to comply with the Commission's annual reporting requirements for its CLEC operations under 52 Pa. Code §§ 63.36 and 71.1, and for its combined CAP/IXC operations under 52 Pa. Code § 63.107. (Petition, pp. 5-6).

GTECC also believes that the separate accounting systems required by our March 22, 1999 Order should not be interpreted to require the separation of GTECC's operational expenses and assets associated with GTECC's intrastate CLEC, CAP, and IXC applications. (Petition, p. 6). Furthermore, GTECC is of the opinion that the directive in our March 22, 1999 Order that requires

Competitive Access Provider Services*, Docket No. A-310621, F0003 (Order entered April 2, 1999).

⁴ The March 22, 1999 Order did not authorize GTECC to combine any IXC operations with its CLEC operations. Rather, we granted GTECC authority to operate as a CLEC, a CAP, and a facilities-based IXC. As such, these operations would require separate accounting and separate tariffs for each operation.

separate accounting systems should not be interpreted to require the outright replacement of GTECC's existing and operational accounting systems. Rather, GTECC believes that the directive should be interpreted to require modifications to its existing and operational accounting systems to the extent that is necessary for the submission of the annual reporting information to the Commission. (Petition, p. 6). GTECC prefers this interpretation because any outright replacement of GTECC's automated accounting systems would be prohibitively expensive and disruptive to GTECC's ongoing operations and would impose an unduly heavy administrative burden on a CLEC that is in the process of entering Pennsylvania's telecommunications services markets. (Petition, p. 6).

We shall first address GTECC's request in which it seeks clarification concerning whether or not the directive in Ordering Paragraph No. 9 (i.e., that GTECC maintain separate accounting systems for its CAP, CLEC, and IXC operations) would necessitate the outright replacement of GTECC's existing and operational accounting systems.

We note that our current regulations in Section 63.32, 52 Pa. Code § 63.32, require Class A and B telephone public utilities⁵ to keep their accounts in conformity with the Uniform System of Accounts requirements prescribed by the FCC (i.e., 47 CFR Part 32). Class C and D telephone public utilities⁶ are required to keep their accounts in a manner that will be adequately informative for reasonable and foreseeable regulatory purposes. Furthermore, our regulations permit a telephone utility to adopt a system of accounts for a higher class of telephone public utilities, as long as we are first notified by the utility of its intention to do so. (52 Pa. Code § 63.32(d)).

Since the Company has failed to submit sufficient information related to the manner in which it presently maintains its accounting system, we shall deny the Company's request for clarification on this matter.

We shall also deny the Company's second request for clarification as to whether Ordering Paragraph No. 9 applies to the gross intrastate operational revenues of GTECC's CLEC and combined CAP/IXC operations, to the extent necessary for meeting GTECC's annual reporting requirements to the Commission for GTECC's CLEC operations under 52 Pa. Code §§ 63.36 and 71.1, and for its combined CAP/IXC operations under 52 Pa. Code § 63.107. Again, based on the limited information in the Company's Petition, it is difficult to determine GTECC's utility classification for its CLEC operations in accordance with 52 Pa. Code § 63.31. As such, it is not possible for us to make a clarification on this matter at this time. Also, without knowing GTECC's utility classification, we cannot conclude what GTECC's obligations would be under 52 Pa. Code §§ 63.36 and 71.1. Likewise, without knowing all of the types of services that will be included in GTECC's CAP and IXC tariffs, we are not able to offer further clarification on this matter at this time. Therefore, we shall also deny the Company's second request for clarification.

With regard to GTECC's third request for clarification that Ordering Paragraph No. 9 does not apply to GTECC's expenses and assets associated with its intrastate CLEC, CAP, and IXC operations in the Commonwealth, we again shall deny the Company's request for clarification because of lack of sufficient information in its Petition.

⁵ Class A companies have 50,000 or more access lines and Class B companies have less than 50,000 access lines. (52 Pa. Code § 63.31).

⁶ Class C companies have average annual operating revenues exceeding \$10,000 but not more than \$50,000 and Class D companies have average annual operating revenues not exceeding \$10,000. (52 Pa. Code § 63.31).

C. Need for Collaborative Review

The Commission has reviewed the Petition for clarification and has determined that it is appropriate to establish a collaborative to assure that our current regulations do not impose unreasonable and unduly burdensome accounting and reporting requirements.

The Executive Director's Office shall be responsible for convening the collaborative with the Law Bureau as the lead bureau and the Bureau of Fixed Utility Services providing technical support. The Executive Director's Office shall convene the collaborative so that a report will be issued for Commission review no later than six (6) months from the entry date of this Opinion and Order. Subsequent to the receipt of the required report, we may then initiate a proposed rulemaking based upon the outcome of the collaborative proceeding.

We have compiled the following questions which we believe should be considered in the collaborative proceeding. These questions are not meant to limit the investigation by any means, and parties are encouraged to raise additional questions as may be necessary.

1. Should the Quarterly Financial Reports (52 Pa. Code §§ 71.1—71.9) and/or Annual Reports (52 Pa. Code § 63.36) be permitted to be treated as confidential and proprietary under 52 Pa. Code § 5.423?

2. Will disclosure of the information in the Quarterly Financial Reports (52 Pa. Code §§ 71.1—71.9) and/or Annual Reports (52 Pa. Code § 63.36) cause any type of unfair economic or competitive damage to ILECs or CLECs? If yes, what are the potential types of unfair economic or competitive damage that might occur?

3. Should CLECs be held to the same quarterly (52 Pa. Code §§ 71.1—71.9) and annual financial reporting requirements (52 Pa. Code § 63.36) as the ILECs?

4. Should the existing Commission quarterly and annual reporting requirements (52 Pa. Code §§ 71.1—71.9) be modified or streamlined as a result of the transition to a competitive environment? If so, how?

5. Do the current Commission requirements that CLECs maintain separate accounting systems for their competitive access provider operations, competitive local exchange operations, and interexchange operations impose unreasonable and unduly burdensome accounting separation and reporting requirements on the CLECs' operations?

6. Should CLECs' accounts continue to be subject to our regulations concerning classification of public utilities (52 Pa. Code § 63.31) and systems of accounts (52 Pa. Code § 63.32)?

7. Should the Federal Communications Commission financial reporting requirements for LECs and CLECs, if any, be adopted by this Commission in order to reduce the regulatory burden on new entrants?

8. In the case of a telephone utility that has CLEC, CAP, and IXC operations, or any combination of these, what combination of revenues should be used for classification purposes under 52 Pa. Code § 63.31?

9. Should a CLEC be required to separately account for its resale operations and its facilities-based operations?

Conclusion

In light of the above discussion, we shall deny GTECC's request for a waiver of Commission Order Compliance Requirements as well as its request for clarification, consistent with the body of this Opinion and Order.

Finally, we shall initiate a collaborative proceeding involving all interested parties for the purpose of addressing the questions outlined in the body of this Order; *Therefore,*

It Is Ordered:

1. That the Petition filed on May 21, 1999, by GTE Communications Corporation, f/k/a GTE Card Services, is denied, consistent with the discussion in the body of this Opinion and Order.

2. That GTE Communications Corporation's request for a waiver of the requirement in our March 22, 1999 Order that directs GTE Communication Corporation to file a Lifeline Plan is denied.

3. That GTE Communications Corporation's alternative request that it be permitted to delay the filing of its Lifeline Plan until such time that GTE Communications Corporation is operationally ready to offer voice telephony basic local exchange services in the areas where it has been authorized to operate by the Commission is denied.

4. That GTE Communications Corporation's request for clarification of the March 22, 1999 Order regarding the requirement that GTE Communication Corporation maintain separate accounting systems for its CAP, CLEC, and IXC operations is denied, consistent with the discussion contained in the body of this Opinion and Order.

5. That, consistent with the discussion in the body of this Opinion and Order, a collaborative proceeding is hereby instituted for the purpose of providing all telecommunications carriers serving in the Commonwealth of Pennsylvania, and other interested parties, with an opportunity to participate in addressing the issues and questions outlined in the body of this Opinion and Order concerning the adequacy and interpretation of our existing accounting procedures and financial reporting regulations for all types of telecommunications companies in a competitive local and toll environment.

6. That the Executive Director's Office shall be responsible for convening the collaborative proceeding. The Law Bureau shall be assigned as the lead bureau and the Bureau of Fixed Utility Services shall be assigned to provide the necessary technical support.

7. That within six (6) months from the date of entry of this Opinion and Order, the Law Bureau shall submit, for Commission review, a report containing a summary and recommendation of the issues and questions addressed in the collaborative proceeding.

8. That a copy of this Opinion and Order be served upon all telecommunications utilities certificated to provide service in the Commonwealth of Pennsylvania, the Office of Consumer Advocate, the Office Small Business Advocate and the Office of Trial Staff.

9. That the Secretary shall duly certify this Order and deposit it with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

Relief Plan for the 570 NPA; P-00961071F0002

Public meeting held
September 13, 2000

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Order

By the Commission:

Introduction

On July 19, 2000, the North American Numbering Plan Administrator NeuStar, Inc. ("NANPA"), in its role as the neutral third party NPA Relief Planner for Pennsylvania,¹ acting on behalf of the Pennsylvania telecommunications industry ("industry") filed a petition with the Commission requesting approval of its plan for the 570 Numbering Plan Area ("NPA" or "area code"). According to the petition, the industry reached a consensus² to implement an all services distributed overlay for the geographic area covered by the 570 NPA which would create a new area code to service the area. Currently, the 570 NPA is projected to exhaust all available NXX codes³ during the first quarter 2002. According to its petition, the industry plans to begin implementation of the new overlay NPA on October 2, 2000 unless otherwise directed by the Commission. Under the current schedule, the new NPA would probably be activated May 2002.

The Commission remains committed to the competitive process in the telephone industry, and stands firmly resolved to ensure that all telecommunications carriers have adequate numbering resources so as to compete in the rapidly growing telecommunications marketplace in Pennsylvania. The Commission agrees with NANPA and the industry that a relief plan needs to be implemented for the 570 NPA to ensure the availability of adequate numbering resources on an equitable, efficient, and timely basis for all telecommunications carriers. Since the Commission has the ultimate authority to approve or reject a relief plan,⁴ it hereby directs that the implementation schedule for a relief plan for the 570 NPA not begin until the Commission has had adequate time to receive comments concerning what type of relief should be implemented.

The Commission is mindful of the Federal Communications Commission's ("FCC") policy that state commissions implement area code relief in a timely manner. Seeking comments on the proposed plan will not preclude customers from receiving telecommunications services from providers of their choice because of a lack of numbering

¹ The NANPA is the entity that allocates numbering resources and monitors the viability of area codes to determine when all of the numbers available in the area code are nearing exhaust. The Industry Numbering Committee Guidelines provide that when an area code is nearing exhaust, the NANPA, which then becomes the NPA Relief Planner, convenes a meeting of the industry to discuss relief alternatives. *NPA Code Relief Planning & Notification Guidelines*, INC97-0404-016, reissued Nov. 8, 1999, at § 5.5. If the industry reaches a consensus, then its consensus plan is filed with the Commission and the Commission has an opportunity to take action at that point. *NPA Code Relief Planning & Notification Guidelines*, INC97-0404-016, reissued Nov. 8, 1999, at § 5.6.

² A consensus is established when substantial agreement has been reached. Substantial agreement means more than a simple majority, but not necessarily unanimity. *CLC Principles and Procedures*, May 1998, at § 6.8.8.

³ NXX codes are the three digits following an area code. Hence, in 570-555-1212, 570 is the NPA and 555 is the NXX code. The unavailability of numbering resources and the need for new area codes occurs for several reasons. First, more carriers are competing in the telecommunications market and to compete they require numbers to offer their customers. Second, the current allocation system requires that every carrier who wants to do business receive an entire NXX code (which contains 10,000 numbers) regardless of whether that carrier will have 100 or 1,000 customers. Once the carrier has those 10,000 numbers, the entire NXX code (and its 10,000 numbers) is unavailable for assignment to any other carrier.

⁴ 47 C.F.R. § 52.19 and *NPA Code Relief Planning & Notification Guidelines*, INC97-0404-016, reissued Nov. 8, 1999, at § 2.1.0.

resources for two reasons. First, the Commission is actively implementing its newly granted authority to implement number conservation measures.⁵ For example, on August 17, 2000 the Commission instituted its code reclamation process at M-00001373. By reclaiming unused numbers, the Commission will be able to ensure that numbers are available for assignment in the 570 NPA and statewide. Second, the current relief plan proposed by the industry allows 19 months for full implementation of the new NPA. The Commission's past experience with area code overlays is that they have been fully implemented within as little as six months. Therefore, temporarily delaying the current implementation schedule will not compromise the ability of area code relief to be implemented in the 570 NPA on a timely basis.

Discussion

I. History of the 570 NPA

On June 28, 1996, the telecommunications industry asked the Commission to decide how to relieve the shortage of numbering resources in the 717 NPA because the industry could not reach a consensus. Therefore, the Commission opened a docket at P-00961071 that ultimately led to the creation of the 570 NPA on May 21, 1998. The 570 NPA was a geographic split of the 717 NPA and was activated on April 8, 1999. The geographic area covered by the 570 NPA is comprised of 21 north-central counties and includes the cities of Williamsport, Wilkes-Barre, Scranton, and Stroudsburg. The estimated population of this area is 1,679,171. At the time it was created, the 570 NPA was projected to contain enough numbering resources for almost six years.

On May 4, 2000, not quite a year after activation of the 570 NPA, the industry was notified by the NANPA that relief planning was necessary. According to the NANPA, the projected exhaust of 570 is now first quarter 2002. At the 570 NPA Relief Industry Meeting held on June 1, 2000, members from various ILECs, CLECs, wireless companies, the Office of Consumer Advocate, and the Commission were present. The NANPA proposed three relief alternatives to alleviate the situation in the 570 NPA. After discussion of these three alternatives, the industry reached a consensus to adopt an all services distributed overlay as the form of relief for the 570 NPA with implementation of this overlay to begin on October 2, 2000. Pursuant to the plan, all existing customers in the 570 NPA area would retain their 570 area code and would not be required to change their telephone numbers. Consistent with FCC regulations, the industry reached a consensus to implement a 10-digit dialing plan both within and between the existing NPA and the overlay NPA.⁶

II. Relief Planning for the 570 NPA

According to FCC regulations, new area codes can be introduced to relieve the shortage of numbers in an area code through the use of the following three methods.

a. A geographic area code split, which occurs when the geographic area served by an area code is split into two or more geographical parts;

b. An area code boundary realignment, which occurs when the boundary lines between two adjacent area codes are shifted to allow the transfer of some numbers from one area code to the other;

c. An area code overlay, which occurs when a new area code is introduced to serve the same geographic area as an existing area code. 47 C.F.R. § 52.19(c)(1)–(3).

Although the NANPA notifies the industry when an area code needs relief planning, it is a neutral third party that does not express an opinion on any proposed relief alternative. Additionally, the industry is encouraged to participate in the creation of the relief alternatives and is free to present any plans during the relief planning meeting.

At the June 1, 2000 relief planning meeting, the following three relief alternatives, created by the NANPA, were discussed. They are attached hereto as "Appendix A."

a. Alternative #1—a new NPA code would be assigned to the same geographic area as the existing 570. All customers would retain their same phone numbers but 10-digit local dialing would be required for all telephone calls.

b. Alternative #2—a split boundary line that runs east-to-west would be drawn and a new area code would be assigned. The rate centers north of the boundary line include the areas of Morris, Estella, Noxen, Pittston, and Mount Pocono. The rate centers south of the boundary line include Renovo, Loyalsock, Muhlenburg, and Wilkes-Barre.

c. Alternative #3—a split boundary line that runs north-to-south along would be drawn and a new area code would be assigned. Some of the rate centers west of the boundary line are located in St. Joseph, Mehoopany, Trucksville, Nuangola, and McAdoo. Some of the rate centers east of the boundary line are located in Montrose, Nicholson, Moosic, Wilkes-Barre, and Weatherly.

After discussing these three alternatives at the June 1, 2000 meeting, the industry decided to recommend that the overlay (Alternative #1) be implemented. Pennsylvania has had experiences throughout the state with both splits and overlays. There are benefits and disadvantages to either method. With the imposition of an overlay, existing land-based telephone customers are not likely to have to change telephone numbers. Therefore, customers will not need to change their advertising and stationery. However, the FCC requires that 10 digits be used to dial all numbers in the overlaid area when an overlay is implemented. New NXX numbers from the new area code are assigned to carriers that do not have numbers available in a given rate center. Therefore, the first three digits of a 10-digit telephone number around the corner or down the block might be from the new area code. Eventually, a single customer might have two different area codes for telephone lines serving his or her home or place of business, if the existing carrier has run out of numbers in an NXX assigned to the old area code.

Implementation of a geographic split involves dividing an existing area code into two or more parts, with one part retaining the old area code and other(s) receiving a new area code(s). Callers are presently able to continue using 7-digit dialing for calls made within the area code boundaries. Customers in the area retaining the old area code are minimally impacted. Customers in the new area code, however, must change their area codes. Businesses must revise their stationery and their advertising. Commercial customers may not be able to retain "vanity numbers,"⁷ upon which they have spent advertising dollars. Callers, particularly at the border of the old and new

⁵ The Commission was given the authority to use a variety of number conservation measures through two recent FCC Orders. See *Report and Order and Further Notice of Proposed Rulemaking in the Matter of Numbering Resource Optimization*, CC Docket No. 99-200, 15 FCC Red 7574 (2000). See also *In the Matter of Numbering Resource Optimization*, CC Docket No. 99-200, 96-98, NSD File No. L-99-101 (Common Carrier Bureau, July 20, 2000).

⁷ For example, a bookstore with the number 234-BOOK, or a truck-driving school with the number TRUCKER.

area codes are temporarily inconvenienced. They often must dial 11 digits to make calls that were previously 7-digit numbers. Although local calling areas actually have not changed, and calls that were local before the area code split remain local calls, even if they cross into the new area code, people are initially disconcerted and distrusting of the concept of an eleven-digit local call. Indeed, local calling areas do not change no matter which method of area code relief is implemented.

The Commission is seeking comments on the three relief alternatives submitted by the NANPA and is open to suggestions regarding any other potential alternatives for providing relief to the 570 NPA. Note, however, that any proposed relief plan must be in the form of an overlay, a split, or a boundary realignment because the Commission does not have the authority to implement any other type of relief. Because the Commission is mindful of the need to ensure that numbering resources will be available on a timely basis for carriers wishing to operate in the 570 NPA, the comment period will be short and there will be no provision for reply comments.

Conclusion

The policy of the Commission is to ensure that numbering resources, including area code relief planning, are made available on an equitable, efficient and timely basis in Pennsylvania while ensuring that the impact of proliferating new area codes on consumers is as minimal as possible; *Therefore,*

It Is Ordered:

1. That NeuStar and the telecommunications industry do not begin implementation of the all services distributed overlay relief plan for the 570 NPA on October 2, 2000 as currently scheduled.

2. That comments, as requested by this Order regarding the form of area code relief that would be appropriate for the 570 NPA, be filed with the Commission no later than 30 days after this Order is published in the *Pennsylvania Bulletin*. There is no provision for reply comments.

3. That a copy of this order shall be served on all jurisdictional telecommunications carriers, wireless carriers, the Office of Consumer Advocate, the Office of Small Business Advocate, and the North American Numbering Plan Administrator.

4. That a copy of this order shall be published both in the *Pennsylvania Bulletin* and on the Commission's website.

Relocation of Offices

The Pennsylvania Public Utility Commission (Commission) is tentatively scheduled to relocate from its various locations in the city of Harrisburg to the newly-constructed Commonwealth Keystone Building on October 13 and October 20, 2000. The Commonwealth Keystone Building is located on Commonwealth Avenue between Forster and North Streets, Harrisburg.

Filings will be accepted in the Secretary's Bureau, North Office Building, Room B-20 until the close of business (4:30 p.m.) on Friday, October 20, 2000. Beginning at 8 a.m. on Monday, October 23, 2000, filings will be accepted on the Second Floor of the Commonwealth Keystone Building. Please use the elevator on the Forster Street side of the building.

The regular mailing address for the Commission and the Secretary's Bureau will remain unchanged at PA PUC, PO Box 3265, Harrisburg, PA 17105-3265. However, the physical address for overnight express (FedEx, UPS, etc.) will be changed to PA PUC, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120.

Any changes to the move date will be published on the Commission's website at <http://puc.paonline.com>. All phone/fax numbers for Secretary's Bureau personnel will remain unchanged.

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Publication of this notice shall be considered as sufficient notice to all carriers holding authority from this Commission. Applications will be considered without hearing in the absence of protests to the application. Protests to the applications published herein are due on or before October 23, 2000, as set forth at 52 Pa. Code § 3.381 (relating to applications for transportation of property and persons). The protest shall also indicate whether it applies to the temporary authority application or the permanent application or both.

Applications of the following for approval of the beginning of the exercise of the right and privilege of operating as common carriers for transportation of persons as described under each application.

A-00114297, Folder 3. Jolanta Sedkowski (54 Mulberry Drive, Holland, Bucks County, PA 18966), persons in limousine service, between points in the county of Bucks, and from points in said county, to points in Pennsylvania, and return.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
