Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 51, 53, 61, 93 AND 97]

Administration, Commission Property, Fishing and Boating

The Fish and Boat Commission (Commission) by this order amends 58 Pa. Code Chapters 51, 53, 61, 93 and 97 (relating to administrative provisions; Commission property; seasons, sizes and creel limits; registration and numbering; and operator provided equipment). The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendments relate to the release of documents and records, restrictions on Commission property, fishing and boating.

A. Effective Date

The amendments will go into effect upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendments, contact Laurie E. Shepler, Assistant Counsel, (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. Statutory Authority

The amendments to § 51.9 are published under the statutory authority of section 3 of the Right to Know Law (65 P. S. § 66.3) and section 506 of The Administrative Code of 1929 (71 P. S. § 186). The amendments to §§ 53.4, 53.10, 53.11, 53.15 and 53.18 are published under the statutory authority of section 741 of the code (relating to control of property). The amendments to § 61.1 are published under the statutory authority of section 2102 of the code (relating to rules and regulations). The amendments to §§ 93.4 and 93.17 are published under the statutory authority of section 5122 of the code (relating to registration, licenses, permits, plates and statistics). The amendments to § 93.110 are published under the statutory authority of section 5325 of the code (relating to rules and regulations). The amendments to § 97.3 are published under the statutory authority of section 5123 of the code (relating to general boating regulations).

D. Purpose and Background

The amendments are designed to update, modify and improve Commission regulations relating to the release of documents and records, Commission property, fishing and boating. The specific purpose of the amendments is described in more detail under the summary of changes. Prior to the Commission's action on proposed rulemaking, the Commission's Boating Advisory Board considered the proposed amendments relating to boating and recommended that the Commission approve the publication of a notice of proposed rulemaking containing the changes.

E. Summary of Changes

(1) *Section 51.9 (relating to the release of documents and records)*. The Commission's staff routinely receive and process requests for release of documents and other

information in Commission files. Sometimes these requests are made under the Right-to-Know Law (act) (65 P. S. §§ 66.1—66.4). The act contains a very specific definition of the term "public record." This definition has been given a liberal interpretation by the courts, but it is clear that many, if not most, documents in the Commission's files do not meet the statutory definition. Moreover, most law enforcement records are specifically excluded in that they would disclose the institution, progress or results of agency investigations. In addition to documents that meet the statutory definition of "public record," the Commission ordinarily has provided access to other documents, including correspondence with entities and individuals outside Commonwealth government, on request.

One of the issues that arises in dealing with requests for access to documents relates to fees for copying them. Under the act, requesters have the right to inspect, examine and copy public records subject to reasonable restrictions, but there is no requirement for agencies to make copies of records and send them to requesters. In order to follow more systematic procedures for the release of documents, the Commission proposed a new regulation at § 51.9.

After the publication of a notice of proposed rulemaking, a question arose as to whether the Commission should charge a fee for providing electronic copies of documents, and if so, how much the Commission should charge. The Commission, on final rulemaking, adopted the new regulation as set forth in Annex A.

(2) *Sections 53.4, 53.15 and 53.18 (relating to limiting access to Commission property; Commission lakes or access areas under special time regulations; and additional restrictions)*. A recent review by Commission staff revealed some overlap in the Commission's property regulations in §§ 53.4, 53.15 and 53.18. Therefore, the Commission consolidated these regulations into one regulation (§ 53.4) and deleted §§ 53.15 and 53.18, as proposed, with the clarification that any restrictions imposed under § 53.4(a) and (c) are effective when posted at the site.

(3) *Sections 53.10 and 53.11 (relating to vehicles; and off-highway vehicles and snowmobiles)*. The act of November 3, 1999 (P. L. 447, No. 41) (Act 41), which became effective on January 1, 2000, amended, among other things, the penalty provision of section 741 of the code (relating to control of property). In light of this amendment, staff revisited the Commission's regulations relating to vehicles on Commission property. Commission staff also received legislative inquiries regarding the legality of the use of registered all terrain vehicles (ATVs) on Commission property. In an effort to clarify the Commission's intent with regard to the use of vehicles on Commission property, the Commission adopted amendments to §§ 53.10 and 53.11 as proposed.

(4) *Section 61.1 (relating to Commonwealth inland waters)*. A recent review of this regulation revealed that a housekeeping correction was warranted. Therefore, the Commission amended this section as proposed.

(5) *Section 93.4 (relating to certificate of registration)*. One of the more common violations of the boating regulations is operating without the required registration certificate onboard. Often this is simply an oversight as the boater has left the certificate in the car, at the cottage or at home on the kitchen table. Commission policy is that citations usually are not issued when it is reasonable that

the certificate is most likely available, just not on-board. An officer, however, must still be shown proof that the registration is valid. Current procedure requires that the owner produce an original certificate within a certain number of days for inspection by the officer. This sometimes causes inconvenience for both the officer and the violator as they arrange for verification.

The regulations provide a mail-in procedure for persons who are caught fishing without displaying a license. This procedure has been very successful and has resulted in greater efficiency and use of officer time. The Commission, therefore, has implemented a similar procedure for boat registration certificates by adding a new subsection to § 93.4 as proposed.

(6) *Sections 93.17 and 93.110 (relating to registration of abandoned boats; and boats that are junked, destroyed, lost, stolen or abandoned).* Although these regulations, as currently written, allow the Commonwealth, its agencies and political subdivisions to register or acquire title to any boat abandoned on areas under their ownership, the regulations do not extend to the Federal government and do not allow these entities to avail themselves of the salvor process. Therefore, the Commission proposed amendments to these sections. Prior to the publication of the notice of proposed rulemaking, the Office of Attorney General asked a question about how the U. S. Government handles property abandoned on Federal lands and waters. The Commission learned that the U. S. Fish and Wildlife Service and presumably other Federal agencies have regulations on this subject. In order to eliminate any confusion about the interplay between Federal and state regulatory authorities, the Commission adopted the amendments to read as set forth in Annex A.

(7) *Section 97.3 (relating to sound producing devices).* As currently written, the requirement for sound producing devices contained in this section is different and, in some ways, inconsistent with the Federal Inland Navigation Rules. The purpose of sound producing devices is to allow motorboats to make the sound signals required by the Federal Navigation Rules. Boaters in this Commonwealth seldom use sound signals on small inland lakes and rivers. According to the Federal Inland Navigation Rules, the technical specifications for whistles and bells are only applicable to boats greater than 12 meters in length. Less than 400 of the 350,000 boats registered in the Commonwealth are 12 meters in length or greater. The current requirement in subsection (b)(1) is not complete, and the term "bell" is not defined in the Commission's regulations.

The current regulations go further than the Federal regulations by requiring unpowered vessels such as canoes and kayaks to carry a mechanical means of making a sound signal. The Commission has received many complaints from unpowered boat owners (particularly boat livery operators) that this requirement places an inappropriate burden on paddlers and on businesses renting small, unpowered boats. There is little, if any, evidence that this requirement resolves a safety issue or that sound producing devices serve any real purpose on unpowered boats. Finally, the definitions in subsection (a) serve no purpose for regulating sound producing devices or providing useful information to the boating public. Accordingly, the Commission amended § 97.3 to remove those provisions that are inconsistent with the Federal rules, to add a general statement about the applicability of the Federal rules in the Commonwealth and to add a provision concerning sound device requirements for unpowered boats as proposed.

F. Paperwork

The amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments to § 51.9 will impose modest costs on the private sector and the general public in that those who request copies of public records and other documents in the Commission's files will be charged 25¢ per letter or legal size page for such copies, \$1 per page or the actual cost of reproduction (whichever is greater) for oversize copies (in excess of legal size), \$1 per document plus \$2 per diskette for documents one megabyte or less in size that are copied to an electronic media, \$3 per document plus \$10 or the cost of the media on which the document is stored (whichever is greater) for documents of more than one megabyte in size that are copied to an electronic media, \$2 for handling, plus the actual cost of postage or shipping. The other amendments will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 30 Pa.B. 1755 (April 1, 2000). With the exception of the amendments to § 97.3, the Commission did not receive any public comments regarding the proposals. The Commission received one comment after the public comment period from the Upper Delaware Council, generally supporting the changes to § 97.3.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201, 1202) and the regulations promulgated thereunder (1 Pa. Code §§ 7.1 and 7.2).

(2) A public comment period was provided and the comments received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(A) The regulations of the Commission, 58 Pa. Code Chapters 51, 53, 61, 93 and 97, are amended by amending §§ 53.10, 53.11, 61.1, 93.4 and 97.3 and deleting §§ 53.15 and 53.18 to read as set forth at 30 Pa.B. 1755 (April 1, 2000) and by amending §§ 53.4, 93.17 and 93.110 and by adding § 51.9 to read as set forth at Annex A, with ellipses referring to the existing text of the regulations.

(B) The Executive Director will submit this order, 30 Pa.B. 1755 and Annex A to the Office of Attorney General for approval as to legality as required by law.

(C) The Executive Director shall certify this order, 30 Pa.B. 1755 and Annex A and deposit the same with the Legislative Reference Bureau as required by law.

(D) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

Executive Director

**FISH AND BOAT COMMISSION
[58 PA. CODE CH. 91]
Boating Safety Education Certificates**

The Fish and Boat Commission (Commission) by this order amends Chapter 91 (relating to general provisions). The Commission is publishing this amendment under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendments relate to Boating Safety Education Certificates.

A. Effective Date

The amendment will go into effect upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendment, contact Laurie E. Shepler, Assistant Counsel (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rule-making is available electronically through the Commission's website (<http://www.fish.state.pa.us>).

C. Statutory Authority

The amendment is published under the statutory authority of section 5123 of the code (relating to general boating regulations).

D. Purpose and Background

The amendment is designed to update, modify and improve Commission regulations relating to boating. The specific purpose of the amendment is described in more detail under the summary of changes. The Commission's Boating Advisory Board (Board) considered the amendment and recommended final adoption by the Commission.

E. Summary of Changes

Beginning January 1, 2000, all operators of personal watercraft (PWC) are required to have a Boating Safety Education Certificate in their possession while operating a PWC. In that regard, the Commission believed that there may have been some confusion concerning the interpretation of the existing definition of a "Boating Safety Education Certificate" in § 91.6 (relating to certificates). Specifically, there was concern that the then current regulation did not clearly identify what is required of PWC operators depending on their state of residence. The Commission, therefore, has amended this section. The amendments do not change the intent of the prior regulation. The new language merely clarifies that a resident of this Commonwealth, when required to carry a Boating Safety Education Certificate, must have one issued by the Commission, another state or Canadian province. The language further clarifies that for nonresidents, the certificate may be issued by a governmental agency or an organization that has been designated by the Executive Director. These organizations must have had prior approval of the National Association of State Boating Law Administrators.

During the review of the proposed amendment, it was suggested that it would be desirable to clarify several provisions. Subsection (c) relates to the requirement that Boating Safety Education Certificates be carried onboard and presented to an officer. As currently worded, it applies only to PWCs. The Board pointed out that current regulations in § 91.4 (relating to age of operator) require youth (ages 12-15) to have a Boating Safety Education Certificate in possession and that pending legislation may extend the requirement for mandatory boating education. Accordingly, on final rulemaking, the Commission reworded subsection (c) to make it unlawful to operate any boat or watercraft (not just PWCs) without a Boating Safety Education Certificate onboard when the operator of the boat or watercraft is required by law or regulation to possess one.

In addition, it was suggested that this regulation should contain some mention of temporary boating safety certificates. Although temporary certificates are mentioned in the regulation on PWCs in § 109.3 (relating to personal watercraft), there is no general provision relating to temporary certificates. Persons who complete boating safety education courses routinely are issued temporary certificates that are good for 90 days. Therefore, on

final rulemaking, the Commission added subsection (d) to provide for temporary boating safety education certificates.

F. *Paperwork*

The amendments will not increase paperwork and will create no new paperwork requirements.

G. *Fiscal Impact*

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments will impose no new costs on the private sector or the general public.

H. *Public Involvement*

A notice of proposed rulemaking was published at 30 Pa.B. 1874 (April 8, 2000). The Commission did not receive any public comments regarding the proposal.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and no comments were received.

(3) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(A) The regulations of the Commission, 58 Pa. Code Chapter 91, are amended by amending § 91.6 to read as set forth at Annex A.

(B) The Executive Director will submit this order and Annex A to the Office of Attorney General for approval as to legality as required by law.

(C) The Executive Director shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(D) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.
