READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

RULES AND REGULATIONS

Title 37—LAW

DEPARTMENT OF CORRECTIONS

[37 PA. CODE CH. 95]

County Correctional Institutions

The Department of Corrections (Department) hereby amends Chapter 95 (relating to county correctional institutions), to read as set forth in Annex A. The Department is acting under the authority of section 506 of The Administrative Code of 1929 (act) (71 P. S. § 186).

A. *Contact Person*

Interested persons are invited to submit in writing any questions regarding the amendments to Deputy Secretary for Intergovernmental Relations William M. Reznor, 2520 Lisburn Road, P. O. Box 598, Camp Hill, PA 17001-0598, (717) 975-4876.

B. *Statutory Authority*

The Department is amending Chapter 95 under the authority of section 506 of the act. Under section 506 of the act, the Department is empowered to prescribe rules and regulations for the performance of the Department's business. A portion of the Department's business includes establishing standards for county jails and prisons, including physical facilities, and standards for correctional programs of treatment, education and rehabilitation of inmates. See section 3 of the act of December 27, 1965 (P. L. 1237, No. 502) (61 P. S. § 460.3(3)).

C. *Purpose and Background*

Under the authority of Executive Order 1996-1, the Department undertook a review of its regulations relating to county correctional institutions. Based on that review, the Department found that many of the regulations are outdated, too technical and do not afford county prison administrators sufficient flexibility to address prison management problems that are strictly local in nature. While the Department still wants to ensure that county prisons maintain minimum professional standards for prison operations, it wants to provide county prison administrators with the flexibility they need to address strictly local issues in the manner the counties deem most appropriate and cost efficient. Therefore, the Department is amending Chapter 95 to read as set forth in Annex A.

D. *Compliance with Executive Order 1996-1, Regulatory Review and Promulgation*

Prior to drafting the proposed amendments, the Department sought and received input from county prison wardens from across this Commonwealth. In May of 1997, the Department mailed a preliminary survey to the wardens of all 63 counties which have county prisons asking them to rate the individual sections contained within Chapter 95 and to identify specific areas of concern. The overall response rate to the survey was 59%. The results from the survey were compiled by the Department's Planning and Research Division to develop a standard agenda for regional work sessions that the Department planned to conduct with county prison officials. The survey revealed that 12 sections of Chapter 95 were deemed most worthy of revision by the county wardens that responded to the survey. During the months of July and August 1997, five regional work sessions were conducted with county prison officials to discuss the 12 sections targeted for revision.

The five work sessions were held for the Northwest, Northeast, Southwest and Southeast regions of this Commonwealth and Philadelphia County. The work sessions were held in centralized locations in an effort to maximize warden participation by minimizing travel inconveniences. A team from the Department, which included representation from the Office of Chief Counsel, Bureau of Operations, Office of Grants and Special Projects, Bureau of Health Care and the Deputy Secretary for Intergovernmental Relations, was assembled to facilitate warden input at each of the work sessions and to develop recommendations for a reduction in the regulations of the targeted sections.

After the work sessions, and with due consideration being given to the input of the county prison officials, the Department drafted proposed amendments to the 12 regulatory sections that were targeted for revision. Those amendments were then submitted to a Warden's Committee representing the Pennsylvania Prison Wardens Association and the Courts and Corrections Committee representing the County Commissioners Association of Pennsylvania for final review and comment. After reviewing the comments submitted by the County Commissioners Association and the Warden's Committee the Department drafted the amendments.

E. *Summary of Amendments*

An introductory statement appears in § 95.220 (relating to purpose). The introductory statement is intended to impress upon county prison officials the need to develop, utilize and maintain local policies and procedures that are consistent with Pennsylvania law and recognized professional standards. The introductory statement also exempts compliance with the regulations if a county prison achieves American Correctional Association accreditation using Adult Local Detention Facilities standards. These are the same standards endorsed by the American Jailers Association. In addition, all Chapter 95 regulations governing medical and health care services will be waived if a county prison achieves accreditation from the National Commission on Correctional Health Care.

Twelve sections have been revised based on input from county wardens and prison administrators concerning the most burdensome regulations. Those sections include § 95.221, Personnel; § 95.222, Admissions; § 95.225, Classification; § 95.226, Housing; § 95.228, Clothing; § 95.231, Personal Hygiene; § 95.232, Medical and Health Services; § 95.234, Correspondence; § 95.236, Library; § 95.238, Recreation; § 96.239, Commissary; and § 95.240, Discipline and Punishment. The amendments are designed to reduce the number of technical, burdensome and mandatory requirements that are currently imposed on county prison administrators. The amendments are also designed to provide county prison administrators with sufficient flexibility to address purely local operational concerns within the confines of local budgetary constraints. At the same time, the amendments establish for county prison administrators the minimum general professional standards that should govern county prison operations.

F. *Fiscal Impact*

The amendments are not expected to have any negative fiscal impact upon the Commonwealth, its political subdivisions or the general public.

G. *Paperwork Requirements*

The amendments are not expected to have any significant effect on the paperwork requirements of the Commonwealth, its political subdivisions or the public.

H. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on March 4, 1999, the Department submitted a copy of its notice of proposed rulemaking published at 29 Pa.B. 1504 (March 20, 1999) to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House and Senate Judiciary Committees.

The Department submitted a copy of the final-form amendments to IRRC and the Chairpersons of the House and Senate Judiciary Committees on November 16, 1999. In addition to submitting the proposed amendments, the Department provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Improving Government Regulations." A copy of this material is available to the public upon request. In preparing these final-form regulations, the Department has considered the comments received from IRRC. The Department did not receive any comments from the public. The only comment received from the House and Senate Judiciary Committee addressed a section of the regulation which was being deleted.

Review of the final-form regulations was tolled on December 6, 1999. The regulations were deemed approved by the House and Senate Judiciary Committees on December 16, 1999. IRRC met on January 6, 2000, and approved the regulations in accordance with Section 5.1(e) of the Regulatory Review Act. The Office of General Counsel and the Office of Attorney General approved the final-form regulations on December 14, 1999, and January 31, 2000, respectively.

I. *Effective Date*

The amendments shall take effect upon completion of the regulatory review process and final publication in the *Pennsylvania Bulletin*.

Findings

The Department finds that:

- (1) Notice of proposed rulemaking was published at 29 Pa.B. 1504 as required by sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.
- (2) A public comment period was provided as required by law and no public comments were received by the Department for consideration.
- (3) The adoption of these amendments in the manner provided by this order is necessary and appropriate for the administration of the Department.

Order

A. Effective Date

The amendments will go into effect upon publication of this order in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendments, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically through the Commission's Web site at <http://www.fish.state.pa.us>.

C. Statutory Authority

The amendments to § 53.8 (relating to boats) are published under the statutory authority of section 741 of the code (relating to control of property). The amend-

ments to §§ 61.1 and 63.8 (relating to Commonwealth inland waters; and long bows, spears and gigs) are published under the statutory authority of section 2102 of the code (relating to rules and regulations). The amendments to § 65.21 (relating to waters limited to specific purposes—exclusive use fishing areas) are published under the statutory authority of section 2307 of the code (relating to waters limited to specific purposes). The amendments to § 93.5 (relating to display of registration number and validation decal) are published under the statutory authority of section 5122 of the code (relating to registration, licenses, permits, plates and statistics). The amendments to Chapter 97, Appendix A (relating to flotation devices) are published under the statutory authority of section 5123 of the code (relating to general boating regulations).

D. Purpose and Background

The amendments are designed to update, modify and improve Commission regulations relating to Commission property, fishing and boating. The specific purpose of the amendments is described in more detail under the summary of changes. The Commission's Boating Advisory Board considered those amendments relating to boating and recommended adoption by the Commission.

E. Summary of Changes

(1) *Section 53.8.* The Commission's property regulations require that any boat using a Commission owned lake or access area be registered and display an official registration number and current validation sticker. This regulation is appropriate when the Commonwealth is the state of principal operation. However, other states' requirements for unpowered watercraft vary regarding display of decals and numbers. In fact, many states do not require this display. This may result in visitors to this Commonwealth being unable to utilize Commission facilities.

To accommodate visitors to this Commonwealth and promote tourism in this Commonwealth, the Commission proposed adding three new sentences to subsection (h). On final rulemaking, the Commission adopted the amendments as proposed with certain stylistic changes and with a clarification that unpowered boats participating in events authorized under § 109.6 (relating to special marine events) are exempt from the requirements of subsection (h). The amendments as adopted by the Commission are set forth at Annex A.

(2) *Section 61.1.* A recent staff review of this regulation revealed that certain corrections were warranted. Therefore, the Commission has adopted amendments to this regulation as proposed.

(3) *Section 63.8.* Commission staff recently received an inquiry as to whether the use of crossbows by persons other than those with disabilities who are issued permits under § 63.8(e) is permitted. In an effort to clarify that other crossbow use is prohibited, the Commission had amended the regulation as proposed.

(4) *Section 65.21.* At the July 1999 Commission meeting, the Commission placed a moratorium on the designation of exclusive use areas to give Commission staff an opportunity to review the Commission's regulation in light of the Americans with Disabilities Act of 1990 (42 U.S.C.A. §§ 12101—12213) and regulations promulgated thereunder. Based upon that review, staff made recommendations to the Commission. The Commission has amended this section as proposed.

(5) *Section 93.5.* Federal law provides that vessels possessing a valid marine document and used for recreational purposes may be registered (but not numbered) in

the state of their principal operation. To clarify the issue for owners of documented vessels used for recreational purposes when this Commonwealth is the state of principal operation, the Commission has amended this section as proposed.

(6) *Appendix A to Chapter 97.* A recent staff review of this appendix revealed that certain corrections were warranted. Therefore, the Commission has adopted amendments to this appendix as proposed.

F. Paperwork

The amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 29 Pa. B. 5725 (November 6, 1999). With the exception of the amendment to § 53.8, the Commission did not receive public comments regarding the proposals. The Commission received one public comment supporting the changes to § 53.8.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder at 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and the comments received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 51, 61, 63, 65, 93 and 97 are amended by amending §§ 61.1, 63.8, 65.21 and 93.5 and Chapter 97, Appendix A to read as set forth at 29 Pa.B. 5725 and by amending § 53.8 to read as set forth in Annex A.

(b) The Executive Director will submit this order, 29 Pa.B. 5725 and Annex A to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order, 29 Pa.B. 5725 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart A. GENERAL PROVISIONS

CHAPTER 53. COMMISSION PROPERTY

§ 53.8. Boats.

(a) An internal combustion engine may not be used to propel a boat or to provide energy to the motor on Commission lakes. Boats propelled by battery-powered electric motors and nonmechanically propelled boats, subject to restrictions on sailboats and inflatables, may be used either with or without internal combustion engines attached. Notwithstanding this subsection, internal combustion engines may be used in the performance of official duties by persons authorized by the Commission.

(b) Occupants of sculls, shells and racing kayaks are required to carry or wear Coast Guard approved personal flotation devices.

(c) Overnight mooring of boats is permitted at designated mooring areas from April 1 to November 30. A boat utilizing mooring areas shall be registered and display the official registration number and current validation stickers described under Subpart C (relating to boating) and Part III of the code (relating to boats and boating). The mooring is at the sole risk of the owner.

(d) The Commission may refuse to permit the mooring of a boat considered unseaworthy. Boats may not be rented or offered for hire at Commission lakes except for boats owned and moored by authorized concessionaires.

(e) Boats abandoned, sunken, obviously unseaworthy or unidentifiable will be impounded. The district waterways conservation officer will notify the owner, if known, of the impoundment and require the removal of the vessel within 10 days. Impounded vessels will be sold or destroyed if not claimed by the owner within 3 months.

(f) Boats may not remain at boarding piers on Commission lakes or controlled property longer than the time necessary for loading and unloading.

(g) Inflatable boats used on Commission lakes shall be at least 7 feet in length, made of durable reinforced fabric and have at least two separate buoyancy chambers exclusive of any inflatable floor or bottom.

(h) A boat using a Commission lake or access area shall be registered and display the official registration number and current validation stickers described under Subpart C and Part II of the code.

(1) This subsection does not apply to noncommercial users to access areas on the Delaware River and West Branch of the Delaware River bounded by the State of New York.

(2) Exempt from this subsection are public service boats as defined under section 5302(a)(3) of the code (relating to exemptions from registration) and unpowered boats participating in events authorized under § 109.6 (relating to special marine events). Unpowered kayaks, sculls, sailboards and other low volume boats of similar design are exempt from displaying registration numbers, but shall display a current validation sticker.

(3) Unpowered boats with a state of principal operation other than this Commonwealth shall meet the requirements of this subsection if they are in compliance with the registration and display requirements of their state of principal operation. There is a rebuttable presumption

that the state of principal operation of any boat using a Commission lake or access area is this Commonwealth. The owner or operator of a boat may overcome this presumption by providing documentary evidence to show the state of principal operation is elsewhere.

A. Effective Date

This amendment will go into effect upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the changes, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically through the Commission's Web site at <http://www.fish.state.pa.us>.

This amendment is designed to update, modify and improve Commission regulations relating to fishing. The specific purpose of this amendment is described in more detail under the summary of changes.

F. Paperwork

This amendment will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

This amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. This amendment will impose no new costs on the private sector or the general public.

PROPOSED RULEMAKING

DEPARTMENT OF HEALTH

[28 PA. CODE CHS. 1101, 1103, 1105, 1107
AND 1113]

WIC Program

A. Introduction

The Department of Health (Department) proposes to amend Chapters 1101, 1103, 1105, 1107 and 1113, to read as set forth in Annex A. Those regulations govern the authorization and management of stores participating in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC Program) and the procedures for administrative appeals of WIC applicants and participants, and local agencies and stores.

B. Purpose of the Proposed Amendments

The majority of the proposed changes to the Department's regulations are necessitated by recent amendments to the Federal regulations governing the WIC Program found in 7 CFR 246. The Federal amendments adopted on March 18, 1999, mandate uniform sanctions for the most serious violations of WIC Program regulations by grocery stores authorized to participate in the WIC Program. The purpose of these changes, as explained in the preamble to the Federal amendments, is to curb vendor related fraud and abuse in the WIC Program and to promote coordination between the WIC Program and the Food Stamp Program in the disqualification of stores which violate either WIC Program or Food Stamp Program rules. In accordance with the mandates of the United States Department of Agriculture, Food and Nutrition Services (USDA-FNS), which provides 100% of the funds for the operation of the WIC Program in this Commonwealth, the Department must implement these mandatory changes no later than May 17, 2000.

The Department has engaged in a thorough review of the existing State regulations under the Governor's Executive Order 1996-1. The Department has held public meetings for the purpose of soliciting comments from those affected by the State regulations. Notices of these public meetings were published at 29 Pa.B. 4695 (September 4, 1999) and 29 Pa.B. 5452 (October 16, 1999), sent to approximately 1,400 grocery stores in this Commonwealth and their trade associations, posted in WIC clinics and sent to other interested coalitions, such as the Pennsylvania Hunger Action Center. In addition to those changes required as a result of the Federal amendments, the Department has proposed revisions to the State regulations as a result of discussions held during those public meetings.

The State regulations are a part of the State Plan of Operations required to be submitted to the USDA-FNS under 7 CFR 246.4 (relating to state plan). Therefore, in addition to the Commonwealth's statutory requirements for amending regulations, the Department must submit any changes to the State regulations to the USDA-FNS for approval following the Commonwealth's proposed rule-making process and prior to submitting them in final form. 7 CFR 246.4(c).

C. Summary of Amendments.

§ 1101.2 Definitions.

The Department proposes to include the definition of "premises" as that area within the building housing the

store. The WIC Program has proposed to change the requirements for the location of the minimum inventory that a WIC authorized store shall maintain. Previously, a vendor was required to have available on the sales floor at all times, the minimum inventory requirement of WIC allowable foods in § 1103.5 (relating to minimum inventory). The Department has proposed to change this requirement to permit the store to meet the requirement if the inventory is maintained on the premises, not just on the sales floor. Therefore, if a store does not have the minimum inventory available for sale to a WIC customer on the sales floor, but would easily be able to provide the allowable foods immediately from the stockroom on the premises, the minimum inventory requirements would be satisfied. The Department proposes to substitute the term "premises" for "sales floor" in certain regulations to ensure that the stock, although not on the sales floor, is immediately and readily accessible to the WIC participants to ensure accessibility to prescribed foods and prevent the loss of supplemental food benefits or inconvenience for the participant. The definition of "sales floor" remains in this section to define the areas that WIC Program officials will survey WIC allowable foods for staledating requirements. The reviews will encompass the sales floor and will exclude areas not accessible to the general public.

The Department proposes to redefine the term "store slot" so that a store slot is assigned based upon the density of participant population in a county and the actual number of participants in a county. This will make the definition consistent with the proposed change to § 1103.3 (relating to the authorization of store slots) regarding the method of assigning the number of store slots to a particular area. The Department proposes to assign store slots based upon actual WIC participant density per county instead of expected participant population per trade area. The density of the participants per square mile will determine which tier the Department will use to allocate the number of store slots. The actual number of participants in the county will determine how many store slots will be assigned to the county based upon the criteria of the particular tier the participant population density falls under. The proposed change in this definition reflects the change in the method of assigning store slots.

§ 1103.1. Certification and recertification reviews.

The Federal amendments require the Department to take into consideration the issue of "participant access" in making decisions relative to the authorization and participation of stores in the WIC Program. In current State regulations, the term "participant hardship" is used. To be consistent with terminology used in the Federal regulations governing the WIC Program, the Department proposes to change the term "participant hardship" in subsection (a) to "inadequate participant access." This substitution is proposed throughout the remaining State regulations.

The Department proposes to clarify the store slot criterion employed in the certification and recertification review process by referencing, in subsection (b), § 1103.4(a)(12) and (b). These provisions provide that, not only must a store slot be available in a particular trade area, there must be a sufficient number of WIC participants shopping in a 1-mile radius to demonstrate a need to authorize the applying store within 1 mile of another WIC authorized store. The term "sufficient participant

shopping” is defined in § 1103.4(a)(13). This criterion ensures that there is an appropriate geographic distribution of stores throughout the trade area where there is a demonstrated need based upon participant shopping.

Subsection (b)(6), as currently written, states that the purpose of the onsite review is to determine if the store meets all selection and limitation criteria in § 1103.4(a) and (b). The local agency conducts the review to determine if the store meets the selection criteria; the limitation criteria is only used when the Department must limit, based upon the regulations, the number of WIC authorized stores in a trade area. The Department proposes deleting language to make the provisions consistent with the actual procedure being used.

Subsection (c) pertains to the durations of a certification or recertification. The Department proposes to change the length of time for notification of the expiration of WIC certification from 15 days to 30 days for a store failing to apply for recertification. It also proposes to increase from 15 days to 30 days the advance notice required for termination of authorization for cause by either the Department or the store.

Subsection (g) pertains to the eligibility of a store that participates in the WIC Program if it has been denied certification or recertification. The Department proposes to add the word “effective” before the word “date” to clarify that the 6-month period which a store denied certification or recertification must wait before being considered eligible to reapply for participation in the WIC Program runs from the date the denial decision becomes enforceable.

§ 1103.2. Probationary certification.

The citations in subsection (b)(1) and (2) are corrected to reflect the change in numbering due to proposed changes to the regulations affecting the citations of the provisions that are referenced.

§ 1103.3. Authorization of store slots.

The Department proposes to change the method for allocating store slots. Previously, the Department used a two tier method based upon expected WIC participant in a particular area. This method recognized a difference between Philadelphia and the rest of this Commonwealth due to population density of the area. Less stores were authorized in the Philadelphia area because of the density of the population and the proximity of the population to the stores. However, as a result of discussions during the public meetings and a thorough review by the Department of the allocation of store slots, the Department proposes to change the method for allocating store slots to a three-tier method, rather than a two-tier method, based upon the density of WIC participant population per county. This method recognizes the differences in rural and urban areas throughout this Commonwealth, not just Philadelphia, and would have the effect of more evenly distributing store slots allocations to areas which may need additional stores to participate. The density of the participants per square mile will determine which tier the Department will use to allocate the number of store slots. The actual number of participants in the county will determine how many store slots will be assigned to the county based upon the criteria of the particular tier the participant population density falls under.

In addition to a more even geographic distribution of stores, it is anticipated that an additional 200 stores may be authorized to participate in the WIC Program. The reallocation, however, will not cause the loss of authorization to a store currently authorized.

The Department proposes to reallocate store slots annually to take into consideration shift in WIC participation to ensure that an adequate number of stores are authorized in areas where they are needed.

§ 1103.4. Selection and limitation criteria; authorization process.

The Department proposes to replace the term “sales floor” with “premises” in subsection (a)(5). As noted earlier, the Department proposes to change the requirements for the location of the minimum inventory that a WIC authorized store must maintain. Current regulations require a vendor to have available on the sales floor, at all times, the minimum inventory requirement of WIC allowable foods set forth in § 1103.5. The purpose of this was to ensure that the foods prescribed to a WIC participant were readily available for purchase on the sales floor. The Department established this requirement because of the concern that many participants would not ask if additional quantities of foods were available in the stock room if the foods were not available on the sales floor. As a result, the participants would not purchase the prescribed foods because they believed those foods were unavailable.

At public hearings, grocery store owners and managers disagreed. They noted that many times patrons do ask if foods are not available on the sales floor. The owners and managers felt that the requirement to have minimum inventory available at all times on the sales floor was not only burdensome, but impracticable, and that many times sufficient inventory is available in stockrooms to meet the needs of the participants.

As a result of discussions with store owners, the Department proposes to change this criterion to permit the store to meet the requirement if the inventory is maintained on the premises, not just on the sales floor. Therefore, if a store does not have the minimum inventory available for sale to a WIC customer on the sales floor, but would easily be able to provide the allowable foods immediately from the stockroom on the premises, the minimum inventory requirements would be met.

In subsection (a)(6)(i)(F) the Department proposes to change the word “cans” to “containers” for the single strength juice requirement in Food Prescription One. This change would permit a participant to purchase single strength juice in a variety of 46 ounce containers.

In subsection (a)(6)(ii) the Department proposes to change the requirements of Food Prescription Two from 24 13-ounce cans of concentrated contract brand milk or soy based infant formula to 31 13-ounce cans of concentrated contract brand milk or soy based infant formula. The reason for this proposed change is that the most prescribed infant formula food package prescribed to WIC participants no longer contains 24 cans, but rather contains 31 cans of concentrated formula.

The Department has proposed to add subsection (a)(13). The Department proposes to move the standard that a store may not be located within 1 mile of another WIC authorized store within the trade area unless there is sufficient participant shopping from a limitation criteria set forth under subsection (b)(2), to a selection criteria. The reason for this move is that the criterion used a method for selecting stores, rather than limiting stores. In addition, the Department has added language which sets forth three different tiers for determining what is “sufficient participant shopping” for the purpose of assigning store slots for which stores may be selected to fill.

§ 1103.5. Minimum inventory.

The Department proposes to substitute “premises” for “sales floor” in subsection (a) to accommodate the proposed change for the requisite location of minimum inventory requirements, as discussed earlier.

In subsection (b)(5)(i) the Department proposes to change the minimum inventory requirements of single strength juice from three varieties with a total of nine 46 ounce cans to three varieties with a total of nine 46 ounce containers. The change in the word “cans” to “containers” would allow the WIC participant to purchase juice in any 46 ounce form of container, and not restrict the purchase to only cans.

In subsection (b)(5)(ii) the Department proposes to change the word “concentrate” following the word “frozen” to reflect the appropriate terminology. In addition, the Department has added shelf stable concentrated juice as a choice for inventory requirements. This reflects the new available form of juice (shelf stable concentrate) which meets the nutritional requirements set forth in the Federal regulations governing the WIC Program.

§ 1103.6. Waiting list.

The Department proposes the addition of subsection (a)(4) to permit the Department to place a store on a waiting list, notwithstanding that a store slot is open, if there is not sufficient participant shopping within a 1 mile area to support an additional store. This facilitates an appropriate geographic distribution of stores. It also may work to the advantage of the store by not requiring that the store wait 6 months before it is eligible to reapply for authorization. It will allow the store to immediately be considered if there is an increase in participation to warrant authorization of an additional store or if a store slot becomes open due to other circumstances, such as a store closing or being disqualified from the program.

§ 1103.7. Participant hardship.

The Department proposes to change the title of this section from “Participant hardship” to “Inadequate participant access” to be consistent with the Federal regulatory language.

Throughout this section the term “participant hardship” has been changed to “inadequate participant access.”

The Department proposes to add subsection (b) to clarify that inadequate participant access may also be considered, in limited circumstances, when there is a change of ownership of a WIC authorized store.

The Department proposes to revise the inadequate participant access criteria in subsection (c) to correlate differences in urban versus rural population density. In densely populated areas there should be greater accessibility to stores. Therefore, the Department proposes that the more densely populated an area the less distance between stores needs to be shown to establish inadequate participant access when a core number of participants would need to travel that distance if a store is removed from the WIC Program. The Department proposes to switch paragraphs (3) and (4) so that the two paragraphs pertaining to travel distances for ten or more participants are numbered consecutively.

§ 1105.1. Training.

In subsection (b)(5) the Department proposes to change the citation mentioned in the paragraph from § 1107.1 to 1107.1a(d)(16) to accommodate a proposed change in the location of the regulatory provision containing the relevant subject matter.

§ 1105.2. Overcharge recovery system.

In subsection (h) the Department proposes to change a citation mentioned in the paragraph to reflect a proposed change in the location of the regulatory provision containing the relevant subject matter.

§ 1105.3 Terms and conditions of participation.

In subsection (a) the Department again proposes to change the citation used in the regulation.

In subsection (a)(4) the Department proposes the addition of the words “on the premises,” which correlates to the proposed change the Department has made elsewhere to allow a store to maintain minimum inventory on the premises instead of on the sales floor exclusively.

§ 1105.4. Change of ownership of a WIC authorized store.

In subsection (c) the Department proposes to change the term “participant hardship” to “inadequate participant access.”

§ 1105.6. Monitoring of WIC authorized stores.

In subsection (c)(1)(vi) the Department proposes to insert the words “imposition of” in front of the word “sanctions” to correct the title of § 1107.1. The change is necessitated as a result of the proposed changes in this rulemaking.

Chapter 1107. Sanctions.

The majority of the proposed changes resulting from the mandatory Federal regulatory changes are in §§ 1107.1—1107.2 (relating to imposition of sanctions; disqualifications; and civil money penalties). Because there were so many changes necessitated as a result of the Federal changes, the Department proposes to delete the prior text of §§ 1107.1 and 1107.2 completely. The proposed new text of these sections contain some of the material previously contained in the sections, as well as the changes proposed to meet the Federal regulatory requirements.

§ 1107.1. Sanctions.

The Department proposes to change the title of this section from “Sanctions” to “Imposition of sanctions.” This title would be more descriptive of the text contained in the section. The proposed text of this section would describe the circumstances under which the Department will impose different types of sanctions, and whether the Department will offer civil money penalties in lieu of disqualifications.

This section identifies when the Department will impose a sanction, and when a sanction is not appealable. The requirements in this section are consistent with Federal regulatory requirements in 7 CFR 246.12(f)(2)(xviii). In particular, the Federal changes published on March 18, 1999, specifically make nonappealable both the Department’s determination of inadequate participant access and the disqualification of a store from the WIC Program as a result of a disqualification of the store from the Food Stamp Program. Although § 1113.1 (relating to right to appeal) sets forth the types of decisions that are appealable, and the text of that section is consistent with the proposed text of this section, the language was included here to ensure clarity that some issues decisions are nonappealable.

The Federal regulatory changes in 7 CFR 246.12(f)(2)(ix) and (k)(1)(ix) provide that the Department may impose a civil money penalty against a store disqualified from the Food Stamp Program in lieu of a WIC Program disqualification if it determines that inadequate

participant access would result. The proposed text of subsection (b) explains this option.

The proposed text of subsection (c) would permit the Department to impose a civil money penalty in lieu of a Federally prescribed disqualification in § 1107.1a(b)—(d) (relating to disqualifications) if the Department determines that the disqualification would result in inadequate participant access. This is an option permitted under 7 CFR 246.12(f)(2)(xx). The Department has chosen to exercise this option to ensure that there is adequate access to supplemental foods for WIC participants.

This proposed text of subsection (d) provides notice to WIC authorized stores that disqualification from the WIC Program may result in disqualification from the Food Stamp Program and will not be subject to administrative or judicial review under the Food Stamp Program. The proposed text is identical to that contained in 7 CFR 246.12(f)(2)(xxii).

The proposed text of subsections (e), (f) and (g) currently appear in § 1107.1(b), (c) and (d), and is consistent with 7 CFR 246.12(k)(10). These subsection designations would change as part of the proposed revision and reorganization of this section.

§ 1107.1a. Disqualifications.

The Department proposes the addition of this new section to identify the Federally mandated disqualifications published in the *Federal Register* on March 18, 1999. Prior to these changes, the Federal regulations permitted the State agency operating the WIC Program to determine the type and level of sanction based upon the nature and severity of the program violation, provided that the disqualification did not exceed 3 years. The Federal regulations now require not only specific sanctions for certain program violations, but also permanent disqualification of a store which is convicted in trafficking in food instruments (defined as WIC check under State regulations) or selling firearms, ammunition, explosives or controlled substances in exchange for food instruments under 7 CFR 246.12(f)(2)(xx). The proposed text of subsection (a) recognizes this requirement. The Department proposes to set forth the other Federally mandated sanctions in subsections (b)—(d)(1).

The new Federal regulatory requirements, however, permit the State agency to impose sanctions in addition to those Federally mandated. This requirement recognizes that State programs subject to the Federal regulations operate differently and provide the State agency the ability to require compliance with individual State program requirements. The Federal regulations do set limits on these disqualifications, however, in that a sanction not mandated by Federal regulation may not exceed 1 year in duration.

The 1-year disqualification proposed in subsection (d), for the conduct listed in subsection (d)(2)—(16) is based upon the Department's assessment of punitive measures it needs to impose to effectively operate the WIC Program. These disqualifications are currently in the State regulations. As a result of the changes to the Federal regulations, the disqualification period proposed for some of these violations would be significantly less than authorized in current regulation.

This proposed text of subsections (e)—(i) is required under 7 CFR 246.12(k)(1)(v), (vi), (xii), (vii) and (viii), respectively.

The text of subsection (j) is currently in § 1107.1(i). The proposed language, which states that a disqualification

imposed as a result of this subsection may not exceed 1 year, recognizes the Federally mandated limits upon which a state may impose a sanction not specifically set forth in the Federal regulations. The proposed text would reference subsections different than those now referenced in § 1107.1(i) to be consistent with the reorganization that is being proposed.

The text of subsection (k) is currently contained in § 1107.1(j). The Department proposes to change the time period for providing advance notice of disqualification from 15 days to 30 days.

The text of subsection (l) is currently in § 1107.1(k).
§ 1107.2. Civil money penalties.

Prior to the changes in the Federal regulations published on March 18, 1999, there were no specific requirements relating to the imposition of civil money penalties in lieu of disqualification. The Department had chosen to use civil money penalties in lieu of disqualification of WIC authorized stores when the disqualification would result in participant hardship (what is now called inadequate participant access). The purpose of this was to further the purpose of the WIC Program in ensuring participant access to supplemental food benefits, while enabling the Department to impose some sanctions for an authorized store's failure to comply with WIC Program requirements.

Federal regulations now specifically set forth when civil money penalties may be used in lieu of disqualifications and the formula which must be used for calculating the civil money penalty. The Department proposes to replace the current text of this section with the proposed new provisions due to the magnitude of the proposed revisions. The proposed text does contain, however, some of the requirements previously set forth.

In subsection (a) the first sentence of the proposed text of this paragraph is identical to that contained under current subsection (a). The second sentence, noting that the Department will not offer a civil money penalty in lieu of Federally mandated disqualifications for third or subsequent violations, is required under 7 CFR 246.12(k)(1)(vi).

The proposed text of subsection (b)(1) sets forth the formula for calculating civil money penalties for those Federally mandated disqualifications enumerated in proposed § 1107.1a(b)—(d)(1). The formula for calculating civil money penalties for these disqualifications may be found in 7 CFR 246.12(k)(1)(x).

In subsection (b)(2) the Department proposes to prescribe the formula for calculating civil money penalties for violations enumerated in proposed § 1107.1a(d)(2)—(16). The Department is permitted, under 7 CFR 246.12(k)(2), to impose civil money penalties in lieu of disqualifications which are not specifically in the Federal regulations. The Department proposes to exercise this option in lieu of imposing the disqualifications under § 1107.1a(d)(2)—(16), which are the disqualifications that are not Federally mandated. There is no formula mandated by the new Federal requirements for these type of disqualifications. The Department proposes to use the same formula it currently uses for calculating civil money penalties. This formula is identical to that in proposed § 1107.2(b)(1) and 7 CFR 246.12(k)(xx), with one exception. The Department proposes to use 5% of the average monthly sales, and not 10% of the average monthly sales, multiplied by the period of disqualification, to calculate the civil money penalty.

The proposed text of subsection (c) sets forth the limitations imposed under 7 CFR 246.12(k)(1)(x) and (2)(i).

The proposed text of subsection (d) currently appears in subsection (c).

The proposed text of subsection (e) is required under 7 CFR 246.12(k)(6).

The proposed text of subsections (b) and (g) currently appear in subsections (e) and (f).

§ 1113.1. Right to appeal.

The Department proposes to revise and reorganize this section into five subsections. The Department proposes to add the language "during the period of authorization" following the words "adverse action" in proposed subsection (a). This would clarify that the expiration of an authorization to participate in the WIC Program as a result of denial of a recertification application is not an adverse action which will be postponed until a time as an adjudication and order is issued by the hearing examiner.

The Department proposes to add subsection (b) to set forth specific actions which are not subject to appeal. In addition to the expiration of a WIC authorization, this paragraph recognizes the two additional actions not subject to appeal under the recent amendment of the Federal regulations.

§ 1113.2. Appeal procedures.

The Department proposes the addition of language to this section to clarify that only when an adverse action is appealable, will the Department provide notice to the store of its right to an administrative appeal.

D. Fiscal Impact

The WIC Program is 100% Federally funded. No State dollars are involved in the operation of the WIC Program. The proposed regulatory changes to § 1103.3 (relating to authorization of store slots) which would change the method of allocating store slots based upon WIC population density has the potential for increasing by approximately 200 the number of stores authorized to participate in the WIC Program. As a result, the Department anticipates an increase of approximately \$96,000 annually in store related monitoring costs.

E. Paperwork Requirements

The proposed amendments will not increase paperwork for the Department, WIC Program participants or those grocery stores voluntarily participating in the WIC Program.

F. Effective Date/Sunset Date

The effective date of the amendments will be May 17, 2000. These regulations will be monitored continually and will be updated as required by changes in Federal statute or Federal regulations governing the WIC Program. Therefore, no sunset date has been set.

G. Statutory Authority

The WIC Program was authorized through an amendment to the Child Nutrition Act of 1966 (42 U.S.C.A. § 1786). Congress authorized the USDA-FNS to contract with and make funds available to States to administer the program. In the Commonwealth, the WIC Program receives 100% of its funding from the USDA-FNS.

There are no State statutes governing the operation or administration of the WIC Program. The Women's, Infants' and Children's Nutrition Improvement Act (62 P. S. §§ 2951—2955) which authorizes additional State fund-

ing for the expansion of the WIC Program. The Commonwealth, however, has not provided funding for the expansion of the program since State Fiscal Year 1996.

The existing State regulations were developed and published at 29 Pa.B. 3841 (July 24, 1999), following the decision of the Commonwealth Court decision in *Giant Food Stores, Inc. v. Commonwealth of Pennsylvania, Department of Health*, 713 A.2d 177(1998). The Court held that the Department was required to promulgate regulations governing the selection and management of grocery stores to participate in the WIC Program. The State regulations added Part VIII (relating to supplemental nutrition program for women, infants and children (WIC Program)). The regulations also deleted §§ 8.41—8.74, the Department's then existing regulations pertaining to the WIC Program's administrative appeals.

The proposed amendments contained herein are submitted under the Department's general power and duty to protect the health of the people of the Commonwealth (71 P. S. § 532), and under the *Giant* decision.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 9, 2000, the Department submitted a copy of the proposed rulemaking, to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Health and Human Services and the Senate Committee on Public Health and Welfare. In addition to submitting the proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed rulemaking, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations, by the Department, the General Assembly and the Governor, of objections raised.

I. Contact Person

Interested persons are invited to submit all comments, suggestions or objection regarding the proposed amendments to Greg Landis, Chief, Grants and Retail Store Management Unit, WIC Program, Room 604, Health and Welfare Building, Harrisburg, PA 17109, (717) 783-1289, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Persons with a disability may also submit comments, suggestions or objections regarding the proposed amendments to Greg Landis in alternative formats, such as by audio tape, braille or by using TDD: (717) 783-6514. Persons with a disability who require an alternative format of this document (that is, large print, audio tape, braille), should contact Greg Landis so that he may make necessary arrangements.

Annex A

TITLE 28. HEALTH AND SAFETY

PART VIII. SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS AND CHILDREN (WIC PROGRAM)

CHAPTER 1101. GENERAL PROVISIONS

§ 1101.2. Definitions.

The following words and terms, when used in this part, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Premises—The sales floor and storage areas within the building housing the WIC authorized store.

* * * * *

Store slot—A slot established by the Department for a WIC authorized store in a particular geographic area. The number of store slots the Department authorizes for a geographic area assigned to a local agency is based on the [**expected**] density of participant population [**of that area**] in the county and the actual number of participants in the county.

* * * * *

CHAPTER 1103. AUTHORIZATION OF STORES

§ 1103.1. Certification and recertification reviews.

(a) *Qualifying for certification or recertification.* To be certified or recertified as a WIC authorized store, a store shall meet the selection criteria in § 1103.4(a) (relating to selection and limitation criteria; authorization process) at the time of the onsite review. If the number of applicants satisfying the selection criteria exceeds the number of stores the Department permits to participate in the WIC Program in a trade area under the limitation criteria in § 1103.4(b), the Department will determine which store to certify or recertify under the process in § 1103.4(c). The Department will exempt a store from satisfying the selection and limitation criteria only if there is a finding of [**participant hardship**] **inadequate participant access**, as set forth in § 1103.7 (relating to [**participant hardship**] **inadequate participant access**).

(b) *Certification or recertification review process.* The certification or recertification review process is as follows:

* * * * *

(2) The local agency shall determine if a store slot is available [**in the trade area in which the store seeking certification or recertification is located**] in accordance with § 1103.4(a)(13) and (b) (relating to selection and limitation criteria; authorization process).

* * * * *

(6) The local agency shall schedule an onsite review of the store for the purpose of determining if the store meets the selection [**and limitation**] criteria [**set forth**] in § 1103.4(a) [**and (b)**]. The local agency will notify the store of the approximate date of the review.

* * * * *

(c) *Duration of certification or recertification.* The certification or recertification of a store shall remain in effect until the store is disqualified, changes ownership, withdraws from the WIC Program, its application for recertifi-

cation is denied or its certification expires if it fails to apply for recertification. The Department will provide [**15**] **30** days written notice to the store prior to expiration of WIC [**authorization**] **certification** for any store failing to apply for recertification. Either the Department or the WIC authorized store may terminate the [**authorization**] **certification** for cause after providing at least [**15**] **30** days advance written notice.

* * * * *

(e) *Moratorium on applications.* The Department will not accept applications, or schedule or conduct certification reviews in a trade area 90 days or less prior to the scheduled start date of the contemporaneous certification/recertification reviews in that trade area. The Department will grant an exception to this moratorium only if the Department finds that there would be [**participant hardship**] **inadequate participant access**, as set forth in § 1103.7, if it does not consider the application. A store granted certification under this exception shall be exempt from the contemporaneous certification/recertification review if it has been certified for less than 60 days prior to the date the contemporaneous reviews begin in the trade area.

* * * * *

(g) *Eligibility for stores denied certification or recertification.* A store which has been denied certification or recertification shall wait 6 months from the **effective** date of the Department's decision to reapply, except a store denied certification or recertification under § 1103.4(c)(2) will be placed on a waiting list and will be considered immediately for certification if a store slot becomes open.

§ 1103.2. Probationary certification.

(a) *Criteria for probationary certification.* If during the certification or recertification review, the store fails to meet one or more of the qualifications in § 1103.4(a) and (b) (relating to selection and limitation criteria; authorization process), the Department may grant probationary certification to the store for a period not to exceed 6 months when either of the following applies:

(1) [**Participant hardship**] **Inadequate participant access** would occur if the store is not certified or recertified.

* * * * *

(b) *Probationary certification reviews.*

(1) If a store receives probationary certification, except in situations of [**participant hardship**] **inadequate participant access** identified in [§ 1103.7(b)(8) (relating to participant hardship)] § 1103.7(c)(8) (relating to inadequate participant access), the Department will conduct an unannounced onsite review during the probationary certification period to determine if regular status should be granted to the store. The Department may rescind probationary certification and deny the store's application to serve as a WIC authorized store if the store fails to meet one or more of the selection criteria during this review.

(2) If a store receives probationary certification due to [**participant hardship**] **inadequate participant access** as identified in [§ 1103.7(b)(8)] § 1107.3(c)(8) the Department will conduct a certification review of the store and any other stores on the waiting list within the store's trade area. The Department may rescind proba-

tionary certification and deny the store's application to serve as a WIC authorized store if the store fails to meet one or more of the selection or limitation criteria during this review.

(c) *Extension of probationary certification.* If the store fails the review conducted during the probationary certification period, and [**participant hardship**] **inadequate participant access** exists as determined by the Department, the Department may extend probationary certification for an additional 3 months during which time at least one representative of the store who is responsible for training store personnel on the WIC Program shall attend corrective training.

* * * * *

§ 1103.3. Authorization of store slots.

[**The Department will assign one store slot for every 160 participants anticipated by the Department to participate in the WIC Program, except in Philadelphia, where the Department will assign one store slot for every 260 participants anticipated by the Department to participate in the WIC Program.**]

(a) *Assignment of store slots.* The Department will assign store slots based upon WIC participant density according to the following:

(1) In counties with WIC participant density greater than 100 participants per square mile, the Department will assign one store slot for every 175 WIC participants.

(2) In counties with WIC participant density of 25 to 100 participants per square mile, the Department will assign one store slot for every 150 WIC participants.

(3) In counties with WIC participant density less than 25 participants per square mile, the Department will assign one store slot for every 125 WIC participants.

(b) *Yearly allocation of store slots.* By October 1 of each year, the Department will evaluate WIC participant population to determine store slot allocations per county for each Federal Fiscal Year.

§ 1103.4. Selection and limitation criteria; authorization process.

(a) *Selection criteria.* The Department will use the following selection criteria to identify stores that meet the operational criteria to serve as a WIC authorized store:

* * * * *

(2) A store shall serve or reasonably expect to serve at least 25 participants per month.

(i) The Department will provide a store seeking certification which has not been certified previously, an 8-month period to determine if the store is serving 25 participants. The Department may disqualify a store for a period of no less than 6 months in accordance with § 1107.1(i) (relating to **imposition of sanctions**) if it is not serving 25 participants at the end of the 8-month period.

* * * * *

(5) The store shall have available on the [**sales floor**] **premises** at all times the minimum inventory requirements in § 1103.5 (relating to minimum inventory) of allowable foods.

(6) The store shall have shelf prices less than the maximum allowable cost established by the Department for Food Prescription One and Food Prescription Two. The highest price of each allowable food available at the store, regardless of brand, shall be recorded to determine if the store's prices are within the maximum allowable prices established by the Department. The Department will publish in the *Pennsylvania Bulletin*, no later than September 15 of each year, the maximum allowable prices for Food Prescription One and Food Prescription Two. Revisions to the maximum allowable prices will be published in the same manner. Food Prescription One and Food Prescription Two are as follows:

(i) Food Prescription One consists of the following:

* * * * *

(F) Four 11.5 to 12 ounce containers of frozen concentrated juice or four 46 ounce [**cans**] **containers** of single strength juice.

* * * * *

* * * * *

(13) The store may not be located within 1 mile of another WIC authorized store within the same trade area unless the Department determines that there is sufficient WIC participant shopping within the 1 mile area to support an additional WIC authorized store or stores. For the purpose of this paragraph, to support the authorization of each additional WIC authorized store within the 1 mile radius, sufficient WIC participant shopping shall be determined by the following:

(i) For counties with WIC participant density greater than 100 participants per square mile, there shall be at least 175 WIC participants shopping within the 1 mile of the applying store for each store slot authorized.

(ii) For counties with WIC participant density of 25 to 100 participants per square mile, there shall be at least 150 WIC participants shopping within the 1 mile of the applying store for each store slot authorized.

(iii) For counties with WIC participant density less than 25 participants per square mile, there shall be at least 125 WIC participants shopping within the 1 mile of the applying store for each store slot authorized.

(b) *Limitation criteria.* [**The Department will use the following criteria to limit the number of WIC authorized stores in a trade area:**

(1)] A store slot shall be available in the trade area in which the store is located.

[(2) **The store may not be located within 1 mile of another WIC authorized store unless the Department determines that there is sufficient WIC par-**

participant shopping within the 1 mile area to support an additional WIC authorized store. For the purpose of this section, in order to support the authorization of each additional WIC authorized store within the 1-mile radius, sufficient WIC participant shopping shall mean that the Department has documentation that at least 160 WIC participants per store slot authorized are currently making WIC purchases within the 1-mile radius, except in Philadelphia where sufficient WIC participant shopping shall mean that the Department has documentation that at least 260 participants per store slot authorized are currently making WIC purchases within the 1-mile radius.]

§ 1103.6. Waiting list.

(a) Placement of stores on the waiting list. The Department will place on a waiting list eligible stores as follows:

(4) When a store slot is open and the store seeking certification is located within 1 mile of a WIC authorized store, if the Department determines that there is not sufficient WIC participant shopping within the 1 mile area to support an additional WIC authorized store.

* * * * *

§ 1103.7. [Participant hardship] Inadequate participant access.

(a) The Department will consider whether there is [participant hardship] inadequate participant access when considering whether to place a store on probation, rather than deny [certification or] recertification, for failure to meet selection and limitation criteria in § 1103.4(a) and (b) (relating to selection and limitation criteria; authorization process) during [certification and] recertification reviews [or change of ownership reviews].

(b) The Department may also consider whether there is inadequate participant access when deciding whether to place on probation a store undergoing a change of ownership under § 1105.4(b) and (c) (relating to change of ownership of a WIC authorized store).

(c) [Participant hardship] Inadequate participant access is any of the following:

(i) Less than 3 miles of the store for counties with WIC participant density less than 25 participants per square mile.

(ii) Less than 2 miles of the store for counties with WIC participant density of 25 to 100 participants per square mile.

CHAPTER 1105. REQUIREMENTS OF WIC AUTHORIZED STORES

§ 1105.1. Training.

* * * * *

(b) *Annual training.* The Department will provide for WIC authorized stores annual training which is designed to prevent WIC Program errors and abuses and to improve WIC Program services. The following apply to annual training:

* * * * *

(5) Failure to have at least one representative attend training shall result in the Department imposing sanctions against the WIC authorized store as in [§ 1107.1 (relating to sanctions)] § 1107.1a(d)(16) (relating to disqualifications).

* * * * *

§ 1105.2. **Overcharge recovery system.**

* * * * *

(h) *Sanctions.* The Department will impose a sanction against a WIC authorized store under [§ 1107.1 (relating to sanctions)] § 1107.1a(d)(14) (relating to disqualifications) if the store fails to pay overcharges due within the time required under subsections (f) and (g).

* * * * *

§ 1105.3. **Terms and conditions of participation.**

(a) *General terms and conditions.* A WIC authorized store shall adhere to this subsection. Failure to do so shall result in the imposition of sanctions as set forth in [§ 1107.1 (relating to sanctions)] § 1107.1a (relating to disqualifications). A WIC authorized store shall:

* * * * *

(4) Maintain the minimum inventory of allowable foods on the premises.

* * * * *

(14) Provide Federal, State, Department and local agency representatives who are involved in monitoring the store's compliance with statutes and regulations governing the WIC Program, access to all WIC checks accepted by the store and on its premises at the time of an onsite review.

* * * * *

§ 1105.4. **Change of ownership of a WIC authorized store.**

* * * * *

(c) When a change of ownership occurs and [participant hardship] inadequate participant access as defined in [§ 1103.7 (relating to participant hardship)] § 1103.7(c)(8) (relating to inadequate participant access) would result, the store under the new ownership may receive probationary certification for a period not to exceed 6 months if the State conducts an immediate onsite visit followed by a complete certification visit at the store. Until the immediate onsite visit is conducted, the new owner may not accept WIC checks. As soon as possible within the 6 month probationary period or during the next recertification process, whichever occurs first, the store under the new ownership shall compete with stores on the waiting list in the trade area for the store slot.

* * * * *

§ 1105.6. **Monitoring of WIC authorized stores.**

* * * * *

(b) *High risk reviews.* The Department will monitor all high risk stores. The Department will use either compliance investigations or inventory audits as methods to monitor high risk stores. The Department also may conduct compliance buys and inventory audits on stores that have not been identified as high risk stores.

(1) *Compliance investigations.* The following standards [shall] apply:

* * * * *

(vi) The Department will disqualify the store if three compliance buys detect violations of statutes or regulations governing the store's participation in the WIC Program. The Department will determine the term of disqualification by the violation found during the compliance investigation, in accordance with § 1107.1 (relating to imposition of sanctions). If multiple violations are found during the compliance investigation, the Department will disqualify the store for the term corresponding to the most serious violation.

* * * * *

CHAPTER 1107. SANCTIONS

§ 1107.1. [Sanctions] Imposition of sanctions.

(a) [The Department will impose a sanction against a store based upon the severity and nature of the violation of the statute or regulation governing the store's participation in the WIC Program.

(b) In addition to imposing a sanction against a WIC authorized store that commits fraud or abuse of the WIC Program, the Department may prosecute or make a referral for prosecution of the WIC authorized store to a criminal prosecution agency for prosecution under applicable Federal, State or local laws.

(c) A WIC authorized store that has a sanction imposed against it by the Department for accepting a WIC check for items other than those specified on the WIC check shall also reimburse the Department for moneys received for the purchase of the items with the WIC check.

(d) The Department may impose a sanction against a WIC authorized store for failing to remit any amount demanded due to violations of statutes or regulations governing its participation in the WIC Program within the time frame in § 1105.2(f) and (g) (relating to overcharge recovery system) or the notice given by the Department under § 1105.6(f) (relating to monitoring of WIC authorized stores).

(e) Upon receiving notification that a WIC authorized store has been disqualified from another USDA-FNS program, such as the USDA Food Stamp Program, the Department will disqualify the WIC authorized store for an equivalent period of up to 3 years.

(f) The Department may disqualify from participation in the WIC Program a WIC authorized store if the store incurs a civil money penalty in lieu of disqualification from another USDA-FNS program, such as the USDA Food Stamp Program. If the Department finds that participant hardship would result from the disqualification of the store from the WIC Program, the Department may, at its option, offer the store the option of paying a civil money penalty in lieu of disqualification.

(g) The Department will notify the USDA-FNS of a store's disqualification from the WIC Program. Disqualification from the WIC Program may result in the store's disqualification from the USDA Food Stamp Program.

(h) *Specific sanctions.* The Department will determine the type and level of sanction to be imposed against a WIC authorized store for a violation of a statute or regulation governing the store's participation in the WIC Program.

(1) *Class A abuses.* The Department will disqualify a WIC authorized store from participation in the WIC Program for 1 year for the following violations:

(i) Redeeming a WIC check for an item that is in a food category authorized by the WIC Program but is not an allowable food or is not specified on the WIC check.

(ii) Having stale-dated allowable food on the sales floor.

(iii) Failing to maintain minimum inventory requirements of an allowable food.

(iv) Failing to request the participant's WIC identification card prior to accepting a WIC check.

(v) Accepting a WIC check made payable to another store without prior written approval from the Department.

(vi) Failing to maintain a clean and sanitary store.

(vii) Failing to properly store and refrigerate allowable foods.

(viii) Closure of the store by a city, local or county health department.

(ix) Charging or demanding that a participant pay for an allowable food with the participant's own money or with another WIC check for purchases made with a WIC check.

(x) Securing the signature of the participant, endorser or proxy prior to completing the "Pay Exactly" box on the WIC check.

(xi) Overcharging the WIC Program by charging sales tax or allowing the purchase with a WIC check of more of an allowable food than authorized on the WIC check.

(xii) Having or charging prices which exceed the current maximum allowable costs established by the Department and published in the *Pennsylvania Bulletin* for either Food Prescription One or Food Prescription Two set forth in § 1103.4(a)(6)(i) and (ii) (relating to selection and limitation criteria; authorization process).

(2) *Class B abuses.* The Department will disqualify a WIC authorized store from participation in the WIC Program for 2 years for the following violations:

(i) Redeeming a WIC check for food that is not in a food category authorized to be purchased with a WIC check.

(ii) Charging the WIC Program more for an allowable food than a customer who is not a participant is charged for the same item.

(iii) Charging the WIC Program more than the current price for an allowable food.

(iv) Giving monetary change to an authorized individual who tenders a WIC check.

(v) Failing to remit payment for an overcharge within the specified time frame.

(vi) Charging the WIC Program for an allowable food which was not purchased with a WIC check.

(vii) A repeated Class A violation.

(3) *Class C abuses.* The Department will disqualify a WIC authorized store from participation in the WIC Program for 3 years for the following violations:

(i) Accepting a WIC check for cash, credit or a nonfood item.

(ii) Physically altering or changing on the face of a WIC check the store name, food type or quantity, participant information, date or printed dollar amount.

(iii) Redeeming WIC checks for the sale of an amount of an allowable food over a period of time which exceeds the WIC authorized store's documented inventory for the same allowable food for the same period of time.

(iv) A repeated Class B violation.

(i) For a violation of a statute or regulation governing the store's participation in the WIC Program which is not specifically classified as a Class A, Class B or Class C sanction as provided for in subsection (h), the Department will determine the appropriate type and level of sanction to be imposed upon the store based upon the nature and severity of the violation.

(j) The Department will provide a WIC authorized store at least a 15 day advance notice of the effective date of any disqualifications and an opportunity to appeal the disqualification in accordance with § 1113.1 (relating to right to appeal).

(k) A store which has been disqualified from the WIC Program may apply for certification following expiration of the disqualification period. If the store chooses to apply for certification after expiration of the disqualification, the Department will not consider the prior disqualification from the WIC Program when determining eligibility, and the store will be considered in accordance with § 1103.4 if a store slot is available, or placed on a waiting list in accordance with § 1103.6 (relating to waiting list) if no store slot is available.]

The Department may disqualify a store or impose a civil money penalty in lieu of disqualification for reasons of program abuse. The Department will not provide the store with prior warning that violations were occurring before imposing these sanctions. The store may appeal a Department decision pertaining to disqualification, denial of application to participate or other adverse actions that affect participation during the agreement performance period in accordance with § 1113.1 (relating to right to appeal). Expiration of an agreement with a store, disqualification of a store as a result of disqualification from the Food Stamp Program, and the Department's determination regarding participant access are not subject to review.

(b) The Department will disqualify a store which has been disqualified from the Food Stamp Program unless the Department determines that the disqualification of the store would result in inadequate participant access under § 1103.7 (relating to inadequate participant access). If the Department determines that disqualification of the store would result in inadequate participant access under § 1103.7, the Department will give the store the option of paying a civil money penalty in lieu of WIC disqualification.

(c) The Department will disqualify a store for WIC Program violations in § 1107.1a (relating to disqualifications) unless the Department determines that disqualification of the store under § 1107.1a(b)—(d) would result in inadequate participant access. In that case, the Department will give the store the option of paying a civil money penalty in lieu of disqualification. The Department will not impose a civil money penalty in lieu of disqualification for third or subsequent sanctions for violations.

(d) Disqualification from the WIC Program may result in disqualification as a retailer in the Food Stamp Program. The disqualification may not be subject to administrative or judicial review under the Food Stamp Program.

(e) In addition to imposing a sanction against a WIC authorized store that commits fraud or abuse of the WIC Program, the Department may prosecute or make a referral for prosecution of the WIC authorized store to a criminal prosecution agency for prosecution under applicable Federal, State, or local laws.

(f) A WIC authorized store that has a sanction imposed against it by the Department for accepting a WIC check for items other than those specified on the WIC check shall also reimburse the Department for monies received for the purchase of these items with the WIC check.

(g) The Department may impose a sanction against a WIC authorized store for failing to remit any amount demanded due to violations of statutes or regulations governing its participation in the WIC Program within the time frame in § 1105.2(f) and (g) (relating to reimbursement of overcharges) or the notice given by the Department under § 1105.6(f) (relating to monitoring of WIC authorized stores).

§ 1107.1a. Disqualifications.

(a) *Permanent disqualification.* The Department will permanently disqualify a WIC authorized store convicted of trafficking in WIC checks or selling firearms, ammunition, explosives or controlled substances (as defined in section 102 of the Controlled Substances Act (21 U.S.C.A. § 802)) in exchange for WIC checks. The Department will not compensate the store for revenues lost as a result of the violation.

(b) *Six-year disqualification.* The Department will disqualify a WIC authorized store for 6 years for either of the following:

(i) One incidence of buying or selling WIC checks for cash (trafficking).

(ii) One incidence of selling firearms, ammunition, explosives or controlled substances as defined in section 102 of the Controlled Substances Act, in exchange for WIC checks.

(c) *Three-year disqualification.* The Department will disqualify a WIC authorized store for 3 years for any of the following violations:

(1) One incidence of the sale of alcohol or alcoholic beverages or tobacco products in exchange for WIC checks.

(2) A pattern of claiming reimbursement for the sale of an amount of a specific allowable food which exceeds the store's documented inventory of that specific allowable food item for a specific period of time. A pattern may be established during a single inventory audit encompassing a 2-month period when a WIC authorized store's records indicate that the WIC authorized store's redemptions for a specific allowable food exceed the WIC authorized store's documented inventory for that allowable food.

(3) Two or more incidences of charging participants more for an allowable food than non-WIC customers or charging participants more than the current shelf price.

(4) Two or more incidences of receiving, transacting or redeeming WIC checks outside of authorized channels, including the use of an unauthorized store or an unauthorized person, or both.

(5) Two or more incidences of charging for allowable food not received by the participant.

(6) Two or more incidences of providing credit or nonfood items, other than alcohol, alcoholic beverages, tobacco products, cash, firearms, ammunition, explosives or controlled substances as defined in section 102 of the Controlled Substances Act, in exchange for WIC checks.

(d) *One-year disqualification.* The Department will disqualify a WIC authorized store for 1 year for any of the following violations:

(1) Two or more incidences of providing unauthorized food items in exchange for WIC checks, including charging for allowable food provided in excess of those listed on the WIC check.

(2) Having stale-dated allowable food on the sales floor.

(3) Failing to maintain minimum inventory requirements of an allowable food.

(4) Failing to request the participant's WIC identification card prior to accepting a WIC check.

(5) Accepting a WIC check made payable to another store without prior written approval from the Department.

(6) Failing to maintain a clean and sanitary store.

(7) Failing to properly store and refrigerate allowable foods.

(8) Closure of the store by a city, local or county health department.

(9) Charging or demanding that a participant pay for an allowable food with the participant's own money or with another WIC check for purchases made with a WIC check.

(10) Securing the signature of the participant, endorser or proxy prior to completing the "Pay Exactly" box on the WIC check.

(11) Overcharging the WIC Program by charging sales tax.

(12) Having or charging prices which exceed the current maximum allowable costs established by the Department and published in the *Pennsylvania Bulletin* for either Food Prescription One or Food Prescription Two set forth in § 1103.4(a)(6)(i) and (ii) (relating to selection and limitation criteria; authorization process).

(13) Giving monetary change to an authorized individual who tenders a WIC check.

(14) Failing to remit payment for an overcharge within the specified time frame.

(15) Physically altering or changing on the face of a WIC check the store name, food type or quantity, participant information, date or printed dollar amount.

(16) Failing to have at least one representative of the store attend required training.

(e) *Second mandatory sanction.* When a WIC authorized store, which previously has been assessed a sanction for any of the violations in subsections (b)—(d), receives another sanction for any of these violations, the Department will double the second sanction. The Department will double civil money penalties up to the limits allowed under § 1107.3(c) (relating to civil money penalties).

(f) *Third or subsequent mandatory sanction.* When a WIC authorized store, which previously has been assessed 2 or more sanctions for any of the violations listed in subsections (b)—(d), receives another sanction for any of these violations, the Department will double the third sanction and all subsequent sanctions. The Department will not impose civil money penalties in lieu of disqualification for third or subsequent sanctions for violations in subsections (b)—(d).

(g) *Multiple violations during a single investigation.* When during the course of a single investigation the Department determines a WIC authorized store has committed multiple violations, the Department will disqualify the WIC authorized store for the period corresponding to the most serious violation. However, the Department will include all violations in the notice of disqualification action.

(h) *Disqualification based on a Food Stamp Program disqualification.* The Department will disqualify a WIC authorized store which has been disqualified from the Food Stamp Program. The disqualification shall be for the same length of time as the Food Stamp Program disqualification, but may begin at a later date than the Food Stamp Program disqualification. Under 7 CFR 246.12(k)(1)(vii) and § 1113.1(b)(3) (relating to right to appeal), the disqualification will not be subject to administrative or judicial review under the WIC Program.

(i) *Voluntary withdrawal or nonrenewal of agreement.* The Department will not accept voluntary withdrawal of the WIC authorized store from the WIC Program as an alternative to disqualification for the violations in subsections (a)—(d), but will

enter the disqualification on the record. The Department will not permit the store to use nonrenewal of a store agreement as an alternative to disqualification.

(j) *Other violations.* For any violation of a statute or regulation governing the store's participation in the WIC Program which is not specifically classified in subsections (a)—(d), the Department will determine the appropriate type and level of sanction to be imposed upon the store based upon the nature and severity of the violation. A disqualification imposed under this subsection will not exceed 1 year.

(k) *Advance notice.* The Department will provide a WIC authorized store at least 30 days advance notice of the effective date of any disqualifications and, if appropriate, an opportunity to appeal the disqualification under § 1113.1 (relating to right to appeal).

(l) *Certification following expiration of disqualification period.* A store that has been disqualified from the WIC Program may apply for certification following expiration of the disqualification period. If the store chooses to apply for certification after expiration of the disqualification, the Department will not consider the prior disqualification from the WIC Program when determining eligibility. The store will be considered in accordance with § 1103.4 (relating to selection and limitation criteria; authorization process) if a store slot is available, or placed on a waiting list in accordance with § 1103.6 (relating to waiting list) if no store slot is available.

§ 1107.2. Civil money penalties.

(a) [*Option available in lieu of a disqualification.* The Department may offer to a store the option of paying a civil money penalty in lieu of a denial of recertification or a disqualification required under § 1107.1 (relating to sanctions), only if the Department finds participant hardship as set forth in § 1103.7 (relating to participant hardship).

(b) *Calculation of civil money penalty.* The Department will calculate the civil money penalty the store shall pay by multiplying 5% of the average monthly total value of WIC checks redeemed for the most recent 6-month period by the number of months the store would be disqualified under § 1107.1. For stores which are denied recertification for which this option is available, the Department will multiply 5% of the average monthly total value of WIC checks for the most recent 6-month period by 6 months to determine the civil money penalty to be paid. If 6 months of information relating to the monthly value of WIC checks redeemed is not available, the Department will calculate the monthly average based upon the number of months for which information is available.

(c) *Written agreement.* If the Department offers and the store agrees to pay a civil money penalty in lieu of disqualification, the Department and store shall set forth the terms of the agreement in writing. The terms may include a probationary period during which the Department may conduct monitoring to ensure action has been taken by the store to correct problems. The agreement shall be effective upon the signature of the Director of the Division of WIC or the Director's designee.

(d) *Payment of the civil money penalty.* The store shall pay the civil money no later than 30 days from the effective date of the agreement, as set forth in subsection (c). Failure of the store to pay the civil money penalty when due shall be grounds for the Department to rescind the agreement and shall result in reinstatement of the disqualification.

(e) *Continued compliance with regulations.* A store which pays a civil money penalty is required to continue to comply with regulations governing the store's participation in the WIC Program. If the store commits additional violations of the regulations governing the store's participation in the WIC Program, the Department will consider the violations for which the store paid the civil money penalty in determining the type and magnitude of sanction to be imposed against the store.

(f) *Outstanding financial liabilities.* Payment of the civil money penalty, unless specifically provided for in a written agreement between the Department and the store, does not relieve the store of any other past or future financial liability incurred by the store by reason of its participation in the WIC Program. This includes, by way of example, payment of outstanding overcharges or payments owed the Department for the unauthorized sale of foods.]

Option available in lieu of a disqualification. The Department may offer to a store the option of paying a civil money penalty in lieu of a denial of recertification or a disqualification required under § 1107.1 (relating to imposition of sanctions), only if the Department finds inadequate participant access as set forth in § 1103.7 (relating to inadequate participant access). The Department will not provide this option for third or subsequent violations set forth in § 1107.1a(b)—(d) (relating to disqualifications).

(b) *Calculation of civil money penalty.*

(1) For civil money penalties in lieu of disqualifications under § 1107.1a(b), (c) and (d)(1), the Department will calculate the civil money penalty for each violation identified by multiplying 10% of the average monthly total value of WIC checks redeemed for the most recent 6-month period by the number of months the store would be disqualified under § 1107.1. For stores that are denied recertification, and for which this option is available, the Department will multiply 10% of the average monthly total value of WIC checks for the most recent 6-month period by 6 months to determine the civil money penalty to be paid. If 6 months of information relating to the monthly value of WIC checks redeemed is not available, the Department will calculate the monthly average based upon the number of months for which information is available.

(2) For disqualifications identified in § 1107.1a(d)(2)—(15), the Department will calculate the civil money penalty for each violation identified the store shall pay by multiplying 5% of the average monthly total value of WIC checks redeemed for the most recent 6-month period by the number of months the store would be disqualified under § 1107.1. For stores which are denied recertification for which this option is available, the Department will multiply 5% of the average monthly total value

of WIC checks for the most recent 6-month period by 6 months to determine the civil money penalty to be paid. If 6 months of information relating to the monthly value of WIC checks redeemed is not available, the Department will calculate the monthly average based upon the number of months for which information is available.

(c) *Limitation of penalties.* The amount of the civil money penalty will not exceed \$10,000 for each violation. When during the course of a single investigation, the Department determines a store has committed multiple violations, the Department will impose a civil money penalty for each violation. The total amount of civil money penalties imposed for violations investigated as part of a single investigation will not exceed \$40,000.

(d) *Written agreement.* If the Department offers and the store agrees to pay a civil money penalty in lieu of disqualification, the Department and store shall set forth the terms of the agreement in writing. The terms may include a probationary period during which the Department may conduct monitoring to ensure action has been taken by the store to correct problems. The agreement will be effective when it is signed by the Director of the Division of WIC or the Director's designee.

(e) *Payment of the civil money penalty.* If a WIC authorized store does not pay, only partially pays, or fails to timely pay a civil money penalty assessed in lieu of disqualification, the Department will disqualify the WIC authorized store for the length of the disqualification corresponding to the violation for which the civil money penalty was assessed. If a civil money penalty is assessed for more than one violation, the Department will impose the disqualification for the period corresponding to the most serious violation. The Department may permit payment of civil money penalties by installments.

(f) *Outstanding financial liabilities.* Payment of the civil money penalty, unless specifically provided for in a written agreement between the Department and the store, does not relieve the store of any other past or future financial liability incurred by the store by reason of its participation in the WIC Program. This includes, by way of example, payment to the Department of outstanding overcharges for the unauthorized sale of foods.

CHAPTER 1113. LOCAL AGENCY AND STORE APPEALS

§ 1113.1. Right to appeal.

(a) A store or local agency adversely affected by a Division of WIC action has the right to appeal. The right of appeal shall be granted when a local agency's or store's application to participate in the WIC Program is denied; or during the course of an agreement or period of authorization, when a local agency or store is disqualified; or when any other adverse action during the period of authorization which affects participation is taken against the store or local agency by the Division of WIC. [The expiration of a WIC authorization is not subject to appeal.]

(b) The following actions are not subject to appeal:

(1) The expiration of a WIC authorization.

(2) The Division of WIC's determination regarding inadequate participant access.

(3) Disqualification of a store as a result of disqualification from the Food Stamp Program.

(c) The appeal process is designed to secure and protect the interest of both the store or local agency and the Division of WIC and to ensure equitable treatment for all involved. **[The adverse action shall be postponed until the hearing examiner issues an adjudication and order.]**

(d) Except for permanent disqualifications assessed under § 1107.1a(a) (relating to disqualifications), the Department may take adverse action against a store after 30 days advance notification.

(e) In the case of a disqualification of a local agency, the Department will provide at least 60 days advance notice.

§ 1113.2. Appeal procedures.

(a) *Notification.* At the time the Division of WIC **denies an application of a store, or disqualifies a WIC authorized store** or takes an adverse action against a local agency or store **during a period in which the local agency or store is authorized**, the Division of WIC will notify the local agency or store of its right to an administrative appeal.

INSURANCE DEPARTMENT

[31 PA. CODE CH. 86]

Premium and Retirement Deposit Funds

The Insurance Department (Department) proposes to amend Chapter 86 (relating to premium and retirement deposit funds), to read as set forth in Annex A. This chapter is being proposed under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) and sections 202 and 354 of The Insurance Company Law of 1921 (40 P. S. §§ 382 and 477b).

Purpose

The purpose of the amendments to Chapter 86 is to update the chapter so that it recognizes and makes provisions for the life insurance and annuity products which are currently being sold in this Commonwealth. When the chapter was adopted, life insurance policies and annuity contracts generally provided only for the payment of fixed premium amounts. In the current Commonwealth marketplace, both fixed premium and flexible premium policies and contracts are marketed and sold.

The proposed amendments to Chapter 86 establish a distinction between fixed premium policies and contracts, and flexible premium policies and contracts. The amendments provide for deposit limits that are applicable to monies held in premium deposit funds and retirement deposit funds of both fixed premium and flexible premium life insurance policies and annuity contracts.

Explanation of Regulatory Requirements

The following is a description of the changes contained in the proposed rulemaking.

Section 86.3 (relating to limit on amounts) provides for limits on the amount of money that a company or fraternal benefit society may hold under a premium deposit fund or retirement deposit fund for a life insurance policy or annuity contract. The proposed rulemaking amends this section to provide for diversity in treatment of fixed premium policies and contracts, and flexible premium policies and contracts. Further, this section, as amended, would establish the applicable deposit limits under fixed premium and flexible premium policies and contracts.

Section 86.4 (relating to interest rates) is being modified to make the section more understandable.

Minor editorial changes were made to § 86.9 (relating to deferment of and charges against withdrawal).

External Comments

In developing the proposed rulemaking, comments were solicited from the Insurance Federation of Pennsylvania, Inc. Comments from this organization were taken into consideration in preparing the proposed amendments to Chapter 86.

Affected Parties

This proposed rulemaking will apply to life insurance companies and fraternal benefit societies marketing life insurance policies and annuity contracts in this Commonwealth.

Fiscal Impact

State Government

There is anticipated to be no increase in cost to the Department resulting from the recognition within the modified chapter of flexible premium life insurance and annuity products. The establishment of limits for each type of premium payment contract should not substantially increase compliance monitoring by the Department.

General Public

There will be no adverse fiscal impact on consumers who purchase life insurance policies and annuity contracts and place money in the premium deposit funds or retirement deposit funds of the policies or contracts.

Political Subdivisions

The proposed rulemaking will have no fiscal impact on political subdivisions.

Private Sector

It is anticipated that the proposed rulemaking will have a fiscal impact on insurance companies and fraternal benefit societies to the extent that there will be, in contrast to prior practice, a clear limit on the amount of money that may be held by insurers under a premium deposit fund of a flexible premium life insurance policy. The Department believes it unlikely that this new limit will result in insurers collecting substantially less money in connection with life insurance policies.

Paperwork

The adoption of this proposed rulemaking will not impose additional paperwork on the Department or the insurance industry. Although the rulemaking imposes additional deposit limits on premium deposit funds and retirement deposit funds, it does not impose additional requirements resulting in additional paperwork.

Effectiveness/Sunset Date

The proposed rulemaking will become effective upon final adoption and publication in the *Pennsylvania Bulletin*. No sunset date has been assigned.

Contact Person

Questions or comments concerning this proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, 1326 Strawberry Square, Harrisburg, PA 17120, within 30 days of the publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Questions or comments may also be E-mailed to psalvato@ins.state.pa.us or faxed to (717) 772-1969 or (717) 705-3873.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 9, 2000, the Department submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Banking and Insurance Committee and the House Insurance Committee. In addition to the submitted proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

If IRRC has objections to any portion of the proposed rulemaking, it will notify the agency within 10 days after the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by that portion. The Regulatory Review Act specifies detailed procedures for the agency, the Governor and the General Assembly to review these objections before publication of the final-form regulations.

Annex A**TITLE 31. INSURANCE****PART VI. LIFE INSURANCE****CHAPTER 86. PREMIUM AND RETIREMENT DEPOSIT FUNDS****§ 86.2. Purpose.**

[In transacting business, life insurance companies and fraternal benefit societies have been permitted, for the convenience of policyholders and contractholders, to accept funds for paying premiums or considerations falling due in the future. In recent years there has been increasing use of the deposits to provide a fund for purposes other than prepayment of premiums or considerations, the overuse of which may result in misuse of the underwriting powers authorized to life insurance companies. To prevent further overuse of these accounts, the Insurance Department requires stock and mutual life companies and fraternal benefit societies to accept deposits under an individual life insurance policy or an individual annuity contract only under the conditions and limitations set forth in this chapter.] In transacting business, life insurance companies and fraternal benefit societies, for the convenience of policyholders and contractholders, accept funds for paying premiums or consider-

ations falling due in the future. This chapter allows life insurance companies and fraternal benefit societies to accept deposits under an individual life insurance policy or an individual annuity contract only under the conditions and limitations set forth in this chapter. When this chapter was adopted, life insurance policies and annuity contracts generally provided for the payment of fixed premium amounts. Therefore, the chapter was designed to apply to fixed premium policies and contracts. In the current Pennsylvania marketplace, both fixed premium and flexible premium policies and contracts are marketed and sold and this chapter recognizes a distinction between fixed premium policies and contracts, and flexible premium policies and contracts and establishes deposit limits which are applicable to monies held in premium deposit funds and retirement funds of both types of premium payment policies and contracts.

§ 86.3. Limit on fund amounts.

(a) The maximum amount which may be held by the insurer for payment of future premiums, according to provisions in a **fixed premium life insurance policy, contract, rider or endorsement**, is the present value of gross premiums payable in the future, discounted at the interest rate or rates guaranteed in the **policy, contract, rider or endorsement**.

(b) **The maximum amount which may be held by the insurer for payment of future premiums, according to provisions in a flexible premium life insurance policy, contract, rider or endorsement, is the present value of the premium payments necessary to maintain the policy or contract in force to the maturity date, based on guaranteed charges and credits.**

(c) The maximum amount which may be held by the insurer for payment of future annuity considerations, according to provisions in **[policy,] a fixed premium annuity contract, rider or endorsement**, is the present value of gross considerations payable in the future **under the annuity contract, rider or endorsement**, discounted at the interest rate or rates guaranteed.

[(c)] (d) The maximum amount which may be held by the insurer in a retirement deposit fund, established according to provisions in **[policy,] a fixed premium life insurance policy or fixed premium annuity contract, rider or endorsement**, is the sum of the gross premiums or gross considerations payable under the base life insurance policy or base annuity contract.

(e) **The amount which may be held by the insurer in a retirement deposit fund, established according to provisions in a flexible premium life insurance policy, contract, rider or endorsement, is not subject to any maximum or other limit. The amounts held in a retirement deposit fund are subject to the requirements and provisions of section 410A of The Insurance Company Law of 1921 (40 P. S. § 510.1).**

(f) **The amount which may be held by the insurer in a premium deposit fund or a retirement deposit fund, established according to provisions in a flexible premium annuity contract, rider or endorsement, is not subject to any maximum or other limit. The amounts held in a retirement deposit fund are subject to section 410C of The Insurance Company Law of 1921 (40 P. S. § 510b) relating to standard nonforfeiture law for individual deferred annuities.**

§ 86.4. Interest rates.

The interest rate or rates guaranteed to be paid on the amount held in a premium deposit fund or a retirement deposit fund shall be clearly stated in the policy, contract, rider or endorsement. [The language] Language which tends to invite misrepresentation[, for example, at least 6%,] is prohibited.

§ 86.10. Projection of results and report of fund balance.

If sales promotion literature illustrates the projected results of the retirement deposit fund, the guaranteed interest rate or rates shall be used [irrespective] regardless of whether or not projected results are also shown on the basis of the rate currently being paid or some lesser rate. The insurer shall furnish each owner of a retirement deposit fund with a written report on the accumulated balance of the fund at least once a year.

STATE BOARD OF ACCOUNTANCY

[49 PA. CODE CH. 11]

Continuing Education Program Sponsors

The State Board of Accountancy (Board) proposes to amend Chapter 11, to read as set forth in Annex A, by revising §§ 11.1, 11.4, 11.64, 11.65, 11.71 and 11.72; by adding §§ 11.69a and 11.71a, and by deleting § 11.70.

Background and Overview

The Board's proposal would revise the current regulatory scheme for approving sponsors of continuing education programs for certified public accountants and public accountants. Since the adoption of the current program sponsor regulations in 1979, the Board has granted approval to approximately 2,000 program sponsors. However, the Board has been unable to effectively monitor program sponsors' compliance with continuing education requirements, in part because of budgetary and staffing constraints and in part because of deficiencies in the program sponsor regulations themselves. These problems were identified in the April 1993 Legislative Budget and Finance Committee's (LBFC) Performance Audit of the Board's operations, which included a recommendation that the Board initiate improvements in the way it regulates program sponsors.

Because the Board lacks complete, up-to-date information about the educational offerings of its program sponsors, the amendments would require all previously approved program sponsors to apply for and obtain reapproval to maintain their eligibility to offer continuing education programs after December 31, 2000, and to biennially renew their approval thereafter. The amendments also would strengthen the procedures for initial program sponsor approval and withdrawal of approval; make program sponsors responsible for the development of continuing education programs as well as their presentation; provide for comprehensive offsite reviews (audits) of selected program sponsors to ensure compliance with continuing education standards; establish fees for initial program sponsor approval and renewal of approval; and

exempt program sponsors registered with the National Association of State Boards of Accountancy (NASBA) from having to meet approval requirements.

Description of Amendments

§ 11.1 (Definitions)

Section 11.1 defines "program developer" as "[a] party who has assumed the responsibility for compilation of material to be presented in a continuing education program and for the instructional design of the program," and "program sponsor" as "[a] party who has assumed responsibility for presenting continuing education programs. The term designates a party who is not necessarily a program developer." Because the Board's proposal would make the program sponsor responsible for developing as well as presenting a continuing education program, the amendments would delete the definition of program developer and the second sentence of the definition of program sponsor.

§ 11.4 (Fees)

Section 11.4 lists the schedule of fees charged by the Board. There are currently no fees charged to program sponsors. The amendments would add fees of \$145 for initial program sponsor approval and \$120 for biennial renewal of program sponsor approval. The fees would defray the costs incurred by the Board in reviewing and processing applications for approval and renewal of approval and in performing offsite reviews of continuing education programs of selected program sponsors to ensure continued compliance with the Board's regulations. The assessment of fees relating to the approval of program sponsors was a recommendation of LBFC's Performance Audit.

§ 11.64 (Sources of continuing education credit)

Section 11.64 sets forth the various sources of continuing education credit (such as, National accounting organizations, colleges, universities, in-house programs) for licensees. The amendments would make clear that, effective January 1, 2001, continuing education credit will be awarded only for those program sponsors that are approved under the new § 11.69a (relating to approval of program sponsors).

§ 11.65 (Criteria for continuing education programs)

Section 11.65(a) prescribes the general criteria for continuing education programs. Subsection (b) sets forth the current procedures by which the Board approves program sponsors, while subsection (c) provides for biennial renewal of program sponsor approval. The amendments would revise and relocate the procedures for program sponsor approval and renewal of approval to § 11.69a.

§ 11.69a (Approval of program sponsors)

Section 11.69a would establish revised procedures for Board approval of program sponsors. Subsection (a) would require parties desiring to offer continuing education programs after December 31, 2000, to comply with this section; the approval of the approximately 2,000 Board-approved program sponsors would expire December 31, 2000. The Board estimates that at least one-half of the approved program sponsors are no longer offering continuing education programs to licensees and, therefore, would not seek reapproval.

In accordance with a recommendation of the LBFC's Performance Audit, subsection (b) would exempt from the approval process those program sponsors that are members of the NASBA's National Registry of Continuing

Professional Education Sponsors. The NASBA-registered program sponsors, which would be accorded deemed approved status by the Board, are already subject to strict approval requirements, including onsite reviews, to be eligible for NASBA-registration. There are currently about 35 NASBA-registered program sponsors in this Commonwealth.

Subsection (c) would require applications for program sponsor approval to include detailed information including titles, subject matter, and credit hours of programs offered; names, titles, and degrees of instructors; dates, locations and schedules of programs; program outlines and objectives; instruction and evaluation methods; admission requirements; and attendance certification methods. This information would enable the Board to make more informed assessments of the qualifications and credentials of prospective program sponsors. The Board anticipates that those currently approved program sponsors that apply for re-approval will have the required information readily available (much of it being updated versions of materials submitted to the Board at the time of original approval); as a consequence, currently approved program sponsors should not experience delays in having their applications for reapproval timely processed by the Board.

Subsection (d) would require statements made on applications for approval to be true and correct to the best of the applicants' knowledge.

Subsection (e) would require applications for approval to be reviewed by the Board's Continuing Education Committee, which would make recommendations to the Board for approval or disapproval. The Board would provide disapproved applicants with written notification of the reasons for disapproval; disapproved applicants could submit revised applications that address the Board's concerns. Individual Board members would not be permitted to review or vote on applications in which they have vested interests. These procedures would help to ensure that the Board's decisions on applications are thorough, fair and consistent.

Subsection (f) would provide for program sponsor approval numbers to be issued to approved program sponsors.

Subsection (g) would require program sponsors, excepting those registered with the NASBA, to renew their approval by January 1 of each even-numbered year, beginning with January 1, 2004. The biennial approval period would coincide with licensees' continuing education reporting period (that is, January 1 of an even-numbered year through December 31 of an odd-numbered year). Consistent with a recommendation of the LBFC's Performance Audit, program sponsors would have to include on their biennial renewal applications a listing of all current and planned program offerings, so that the Board may verify the relevancy of program subject matter to the public accounting profession. However, as with the biennial renewal of licenses of certified public accountants and public accountants, the biennial renewal of approval of program sponsors is not intended to be a fresh evaluation of the program sponsors' qualifications and credentials.

§ 11.70 (Responsibilities of program developers)

Section 11.70 sets forth the responsibilities of program developers in the areas of competency to engage in program development; determination of the level of program difficulty; recommendations for education and experience prerequisites; and periodic updating of program

materials. Program developers are not subject to Board approval under the current regulations. The amendments would relocate the contents of this section to § 11.71 (relating to responsibilities of program sponsors).

§ 11.71 (Responsibilities of program sponsors)

Section 11.71 prescribes the responsibilities of program sponsors in the areas of disclosures to prospective participants, selection and evaluation of instructors, limitations on program enrollments, adequacy of facilities, program evaluation, retention of records, certificates of completion and promotional materials. The amendments would add to the responsibilities of program sponsors those responsibilities currently applicable to program developers under § 11.70. Program developers are not subject to Board approval under the current regulations. The Board believes that it would be able to more effectively regulate the quality of continuing education programs if program sponsors were accountable for both the development and presentation of continuing education programs. The amendments would not prevent program sponsors that lack expertise in program development from contracting with other parties for assistance in complying with program development requirements.

§ 11.71a (Offsite reviews of program sponsors)

Section 11.71a would make program sponsors subject to offsite reviews of their continuing education programs to ensure compliance with Board regulations. The reviews would involve in-depth audits of the program materials, documents and records of selected program sponsors. The Board anticipates that about 20% of approved program sponsors would be subject to offsite reviews during each approval period.

This new section would give the Board more authority to monitor the quality of continuing education programs than is permitted under current regulations, and would provide a level of scrutiny that is not feasible under the initial approval and biennial renewal of approval procedures.

§ 11.72 (Program sponsor's failure to comply with continuing education requirements)

Section 11.72 provides that the Board may suspend the approval of program sponsors for noncompliance with the requirements of §§ 11.65 and 11.71. The amendments would enlarge the Board's authority in this area by specifying the following grounds for withdrawal of program sponsor approval: acquiring the Board's approval by misrepresentation; failing to comply with the requirements of §§ 11.65, 11.69a or 11.71; refusing to provide information requested by the Board an offsite review; and holding out as an approved program sponsor prior to being issued a program sponsor approval number. The amendments also would provide that proceedings to withdraw program sponsor approval must be taken subject to the notice and hearing requirements of the Administrative Agency Law, 2 Pa.C.S. §§ 501—508 (relating to practice and procedure of Commonwealth agencies).

Statutory Authority

Section 3(10) of the CPA Law (63 P.S. § 9.3(10)) empowers the Board to promulgate regulations relating to continuing education, including the qualifications of program sponsors. Section 6 of the CPA Law (63 P.S. § 9.6), empowers the Board to fix fees by regulation.

Fiscal Impact and Paperwork Requirements

The amendments would require program sponsors, effective January 1, 2001, to pay fees of \$145 for initial

approval and \$120 for biennial renewal of approval. The Board estimates that about 1,000 currently approved program sponsors may seek to become approved under the Board's new regulatory format. The amendments would require the Board to incur costs in conducting onsite and offsite reviews of selected program sponsors. These costs would be defrayed by the fees for initial approval and biennial renewal of approval. The amendments would not have a fiscal impact on the Commonwealth's other agencies or its political subdivisions.

The amendments would require program sponsors, particularly those selected for offsite reviews, to provide detailed documentation to the Board regarding their continuing education programs. The amendments would require the Board to revise the forms that it currently uses for program sponsor approval. The amendments would not create new paperwork requirements for the Commonwealth's other agencies, the Commonwealth's political subdivisions, or other segments of the private sector.

Compliance with Executive Order 1996-1

In accordance with Executive Order 1996-1 (relating to regulatory review and promulgation), the Board, in developing the proposed amendments, solicited comments from the Pennsylvania Institute of Certified Public Accountants and the Pennsylvania Society of Public Accountants, the major professional associations representing the public accounting profession in this Commonwealth and two of its largest continuing education sponsors. The Board also published a notice in the *Pennsylvania Bulletin* seeking comments from other currently approved program sponsors as well as prospective program sponsors.

Regulatory Review

On February 7, 2000, as required by section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted copies of this notice of proposed rulemaking to the Independent Regulatory Review Commission (IRRC), the Senate Standing Committee on Consumer Protection and Professional Licensure, and the House Standing Committee on Professional Licensure. The Board also provided IRRC and the Committees with copies of a regulatory analysis form and a fee report form prepared in compliance with Executive Order 1996-1. Copies of these forms are available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Board within 10 days following the close of the Committees' review period, specifying the regulatory review criteria that have not been met. The Regulatory Review Act sets forth procedures that permit IRRC, the General Assembly and the Governor to review any objections prior to final adoption of the amendments.

Public Comment

The Board invites interested persons to submit written comments, suggestions or objections regarding the amendments to Steven Wennberg, Esq., State Board of Accountancy, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this notice of proposed rulemaking in the *Pennsylvania Bulletin*.

§ 11.70. [Responsibilities of program developers]
(Reserved).

[(a) *Program level of difficulty.* Program developers shall specify the level of knowledge to be imparted under the program. Such levels of knowledge may be expressed in a variety of ways, all of which should be informative to potential participants and sponsors. As an illustration, a program may be described as having the objective of imparting technical knowledge at such levels as basic, intermediate, advanced or overview, which might be defined as follows:

(1) A basic level program teaches fundamental principles or skills to participants having no prior exposure to the subject area.

(2) An intermediate level program builds on a basic level program in order to relate fundamental principles or skills to practical situations and extend them to a broader range of applications.

(3) An advanced level program teaches participants to deal with complex situations.

(4) An overview program enables participants to develop perspective as to how a subject area relates to the broader aspects of accounting or brings participants up-to-date on new developments in the subject area.

(b) *Recommendation of education and experience prerequisites.* Program developers shall clearly identify what prerequisites are suggested for enrollment. If no prerequisite is necessary, a statement to this effect should be made. Prerequisites should be specified in precise language so potential program participants can readily ascertain whether the program would be beneficial to them or whether the program is above or below their level of knowledge or skill.

(c) *Development of the program.* Programs shall be developed by individuals qualified in the subject matter and in instructional design. This subsection is not intended to require any individual program developer be both technically competent and competent in instructional design. Its purpose is to ensure that both types of competency are represented in the program's development. Mastery of the technical knowledge or skill in instructional design may be demonstrated by appropriate experience or educational credentials.

(d) *Program review.* The program developer shall review the course materials periodically to ensure that they are accurate and consistent with currently accepted standards relating to the program's subject matter. Between these reviews, errata sheets should be issued when appropriate, and obsolete material should be deleted; however, between the time a new pronouncement is issued and the issuance of errata sheets or removal of obsolete materials, the instructor is responsible for informing participants of changes. If, for example, a new accounting standard is issued, a program will not be considered current unless the ramifications of the new standard have been incorporated into the materials or the instructor appropriately informs the participants of the new standard.]

§ 11.71. Responsibilities of program [sponsors] sponsor.

In addition to [other responsibilities imposed on program sponsors] meeting the requirements in § 11.69a (relating to approval of program sponsor), [they] a program sponsor shall comply with the following:

(1) *Program level of difficulty.* A program sponsor shall specify the level of knowledge to be imparted under the program. The levels of knowledge may be expressed in a variety of ways, all of which should be informative to potential participants. As an illustration, a program may be described as having the objective of imparting technical knowledge at levels such as basic, intermediate, advanced or overview, which might be defined as follows:

(i) A basic level program teaches fundamental principles or skills to participants having no prior exposure to the subject area.

(ii) An intermediate level program builds on a basic level program to relate fundamental principles or skills to practical situations and extend them to a broader range of applications.

(iii) An advanced level program teaches participants to deal with complex situations.

(iv) An overview program enables participants to develop perspective as to how a subject area relates to the broader aspects of accounting or brings participants up-to-date on new developments in the subject area.

(2) *Recommendation of education and experience prerequisites.* A program sponsor shall clearly identify what prerequisites are suggested for enrollment. If no prerequisite is necessary, a statement to this effect should be made. Prerequisites should be specified in precise language so potential participants can readily ascertain whether the program would be beneficial to them or whether the program is above or below their level of knowledge or skill.

(3) *Development of the program.* A program sponsor shall ensure that programs are developed by individuals qualified in the subject matter and in instructional design. This subsection is not intended to require that any individual program sponsor be both technically competent and competent in instructional design. Its purpose is to en-

sure that both types of competency are represented in the program's development, whether one or more persons are involved in that development. Mastery of the technical knowledge or skill in instructional design may be demonstrated by appropriate experience or educational credentials.

(4) *Program review.* A program sponsor shall review the course materials periodically to ensure that they are accurate and consistent with currently accepted standards relating to the program's subject matter. Between these reviews, errata sheets should be issued when appropriate, and obsolete material should be deleted. [(1)](5) *Disclosure of prospective participants.* [Program sponsors] A program sponsor shall disclose in advance to prospective participants the objectives, prerequisites, experience level, content, required advanced preparation, teaching method and number of continuing education credits involved in the program.

[(2)](6) *Selection and review of instructors.* [The] A program sponsor [has the obligation for selecting] shall select and [assigning] assign qualified instructors for the continuing education program. Although it is expected that instructors will be selected with great care, [sponsors] a program sponsor should evaluate the performance of the instructors at the conclusion of each program to determine their suitability for continuing to serve as instructors in the future.

[(3)](7) *Number of participants and adequacy of physical facilities.* [It is the responsibility of the] A program sponsor [to assure] shall ensure that the number of participants and the physical facilities are consistent with the teaching methods to be utilized. Because the learning environment is affected by the number of participants and by the quality of the physical facilities, [sponsors have] a program sponsor has an obligation to pay serious attention to both of these factors. The maximum number of participants for a case-oriented discussion program, for example, should be considerably less than for a lecture program. The seating arrangement is also very important. For discussion presentation, learning is enhanced as seating is arranged so that participants can easily see and converse with each other. If small group sessions are an integral part of the program format, appropriate facilities should be made available to encourage communication with a small group.

[(4)](8) *Program evaluation.* [Program] A program sponsor shall provide a program evaluation [shall be] in accordance with the following:

(i) [The sponsor shall provide some means of program evaluation.] Evaluations shall be solicited from both the participants and instructors. The objective of evaluations is to encourage [sponsors] the program

sponsor to strive for increased program effectiveness. Programs should be evaluated to determine whether:

* * * * *

(ii) Evaluations **[might] may** take the form of pre-tests for advanced preparation, post-tests for effectiveness of the program, questionnaires completed at the end of the program or later, oral feedback to the instructor or sponsor, and so forth. Instructors should be informed of their performance, and **[sponsors] the program sponsor** should systematically review the evaluation process to **[insure] ensure** its effectiveness.

[(5)](9) Attendance records. [Maintain] A program sponsor shall maintain and retain accurate records of attendance for a 5-year period.

[(6)](10) Course materials. [Retain] A program sponsor shall retain a written outline of course materials for a 5-year period.

[(7)](11) Certificate of completion. [Provide] A program sponsor shall provide participants with a certificate of completion evidencing satisfactory completion and attendance of the program.

[(8)](12) Promotional materials. [Identify] A program sponsor shall identify the subject area—see § 11.63 (relating to continuing education subject areas)—of the program in the promotional materials.

§ 11.71a. Offsite review of program sponsor.

A program sponsor shall be subject to an offsite review of its continuing education programs to ensure compliance with the requirements of this chapter. The review will involve an in-depth audit of all course materials, documents and records maintained by the program sponsor under this chapter.

§ 11.72. [Sponsor’s failure to comply with continuing education requirements] Withdrawal of approval of program sponsor.

[Failure of the sponsor to comply with the requirements of §§ 11.65 and 11.71 (relating to criteria for continuing education programs; and responsibilities of program sponsors) may result in the suspension of the preapproved status for programs offered by the sponsor.] The Board, following notice and hearing under 2 Pa.C.S. §§ 501—508 (relating to practice and procedure of Commonwealth agencies), may withdraw the approval of a program sponsor that the Board finds guilty of:

- (1) Having acquired the Board’s approval by misrepresentation.**
- (2) Failing to comply with § 11.65, 11.69a or 11.71 (relating to criteria for continuing education programs; approval of program sponsor; and responsibilities of program sponsor).**
- (3) Refusing to provide information requested by the Board pursuant to an offsite review under § 11.71a.**
- (4) Indicating in any manner that it has been approved as a program sponsor prior to a program sponsor number having been issued to it.**

Reporting Requirements for Quality of Gas Service Benchmarks and Standards

The Pennsylvania Public Utility Commission (Commission) on January 12, 2000, adopted a proposed rulemaking order establishing uniform measures and standard data reporting requirements for natural gas distribution companies (NGDCs). The contact persons are M.J. (Holly) Frymoyer, Bureau of Consumer Services (technical), (717) 783-1628, and Rhonda Daviston, Law Bureau (legal) (717) 787-6166.

Executive Summary

On June 22, 1999, Governor Tom Ridge signed into law 66 Pa.C.S. Chapter 22 (relating to Natural Gas Choice and Competition Act) (act). Section 2206(a) of the act (relating to consumer protections and customer service) requires that customer services shall, at a minimum, be maintained at the same level of quality under retail competition as in existence on June 22, 1999. The purpose of this proposed rulemaking is to establish uniform measures and reporting requirements to allow the Commission to monitor the level of the NGDCs’ customer service performance. Using the statistics collected under this rulemaking, the Commission will annually prepare a summary report on the customer service performance of the covered NGDCs. The reports will be public information.

Public Meeting held

Proposed Rulemaking Order

By the Commission:

On June 22, 1999, Governor Tom Ridge signed into law the act. The act revised the Public Utility Code, 66 Pa.C.S. § 101 et seq. by inter alia, adding Chapter 22, relating to restructuring of the natural gas utility industry. Under section 2206(a) of the act, customer services shall, at a minimum, be maintained at the same level of quality under retail competition. The act is clear that customer service for retail gas customers is, at a minimum, to be maintained at the same level of quality under retail competition as in existence on June 22, 1999. The Commission is the agency charged with implementing the act.

The proposed regulations set forth uniform measures and standard data reporting requirements for various components of NGDC’s customer service performance and establish effective dates for the reporting requirements. Thus the elements addressed by this rulemaking are presented to allow the Commission to ensure that the customer service of Pennsylvania’s NGDCs remains at an adequate level. The reporting requirements will provide the Commission with the necessary measurement data to monitor the performance of the NGDCs. As a result of the data produced, the Commission will be aware of and able to investigate deterioration in company performance and

direct remedial action on the part of the company. After the Commission receives adequate measurement data from the NGDCs, it will embark on a separate proceeding to establish performance benchmarks and standards for the NGDCs.

This proposed rulemaking addresses various components of customer service including telephone access, billing frequency, meter reading, timely response to customer disputes, the proper response to customer disputes and payment arrangement requests, compliance with customer service rules and regulations, and serving customers in a prompt, courteous and satisfactory manner. These components are interrelated and are important aspects of NGDC customer service. In addition, we believe that these components are fair indicators of the quality of an NGDC's service to customers. Finally, the proposed reporting requirements correspond to the Chapter 54, Subchapter F (relating to reporting requirements for quality of service benchmarks and standards) that pertain to the electric distribution companies.

The proposed rulemaking includes three measures of telephone access to a company: the percent of calls answered at each NGDC's call center in 30 seconds, the average busy-out rate for each call center and the call abandonment rate for each call center. These three measures are designed to give a total picture of telephone access to the company. It has been our experience that many utilities already use these measures to monitor customer access to their company's call centers. Many have this information available daily and use it for their own analysis and work plans. We note that in the electric industry, with a few minor adjustments, the major EDCs have been able to provide the Commission with these statistics.

The other measures presented in the proposed requirements are directly related to Chapter 56 (relating to standards and billing practices for residential utility service), and should not require further data collection by the NGDCs. The use of available data should serve to alleviate concerns that the NGDCs may have about the reporting requirements causing financial burdens. We propose that the NGDCs report to the Commission the number of customer disputes, as defined in § 56.2 (relating to definitions), for which the NGDC did not render a utility report within 30 days of the filing of the dispute as required by § 56.151(5) (relating to general rule). Since § 56.202 (relating to record maintenance) requires utilities to preserve records of all customer disputes and complaints, this information should be available. We believe this statistic is preferable to a simple tally of the total number of customer complaints because it will indicate instances in which the NGDC has not complied with the customer service regulations by not responding promptly to a customer's complaint. A complaint or dispute filed with a company is not necessarily a negative indicator of service quality. However, a company's timely response to a complaint is an important measure of customer service quality.

Similarly, to measure metering performance, we propose that the NGDCs report information under § 56.12(4)(ii) and (iii) and (5)(i) (relating to meter reading). We believe that these regulations represent the minimal criteria of meter reading performance. Again, the use of reporting related to Chapter 56 mitigates any additional financial burdens on the NGDCs. The Commission's experience is that lack of meter readings generates a large number of complaints from residential customers and thus we propose including this as a measure of

customer service quality. The Chapter 56 regulations require one company or customer-supplied reading within a 6-month period and an actual (company) reading at least once every 12 months. We believe that these minimum requirements should be met and therefore have included them in the reporting requirements.

To measure the quality of an NGDC's interactions with its customers, we propose a transaction survey of customers who have had recent dealings with that company. Each NGDC would survey a sample of customers who have had an interaction with one of its representatives. We are proposing that each NGDC use the same survey questionnaire and sampling methodology in order to produce uniform results for each company. The survey would contain questions to measure the promptness by which the NGDC responded to the customer's request and the NGDC's timeliness of the response or visit. The surveys are also to include questions to measure satisfaction with the company's handling of the interaction.

We invite comments on how we can best achieve uniformity among the NGDCs regarding the transaction survey. The electric distribution companies formed a working group that was very successful at working out the details of the transaction surveys in a collaborative fashion. We would propose a similar working group for the gas companies. We would also appreciate comments regarding the mail survey that we propose for the NGDCs with fewer than 100,000 residential accounts.

Finally, we propose measuring the complaint handling performance of the largest NGDCs by using justified consumer complaint rate, justified payment arrangement request rate, the number of informally verified infractions and infraction rate. Under § 56.211, the Bureau of Consumer Services (BCS) has established procedures for handling consumer disputes and payment arrangement requests as well as rules for determining on a case-by-case basis whether or not a customer is "justified" in coming to the Commission. "Justified" informal consumer complaints and payment arrangement requests are those cases in which, in the judgment of the BCS, the company did not comply with Commission regulations, reports, Secretarial Letters, tariffs or guidelines prior to BCS intervention. For the past number of years, the BCS has calculated and reported these rates in its annual report; thus the NGDCs are familiar with them and what they represent.

Regarding infractions and the infraction rate, the Commission has procedures to ensure that NGDCs and other public utilities conform to the standards of conduct for residential service established by statute and regulation. Through informal consumer complaints and payment arrangement requests the Commission is able to identify, document and notify utilities of instances where the utilities have violated a particular section of the regulations. The BCS tallies the number of informally verified infractions and reports them annually to the Commission. Beginning in 1997, the BCS has also calculated an infraction rate that compares a utility's number of infractions with its number of residential customers. We believe that an NGDC's commitment to compliance with rules and regulations is an important indicator of good service quality to customers. Thus, we have proposed that the BCS report the number of infractions and the infraction rate as measures of NGDC customer performance.

The Commission reserves the right to waive the requirements of these regulations upon petition by an affected party under § 5.43 (relating to petitions for issuance, amendment, waiver or repeal of regulations).

Accordingly, under section 501 of the code (relating to general powers), and the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1201 et seq.) and regulations promulgated thereunder in 1 Pa. Code §§ 7.1—7.4, we propose to amend our regulations by adding §§ 62.31—62.37 and, we shall institute a rulemaking proceeding to accomplish the objective described in the body of this order. *Therefore,*

It Is Ordered That:

1. A rulemaking docket shall be opened to consider the regulations set forth in Annex A.
2. The Secretary shall submit a copy of this order and Annex A to the Office of Attorney General for review as to form and legality.
3. The Secretary shall submit a copy of this order and Annex A to the Governor's Budget Office for review of fiscal impact.
4. The Secretary shall submit this proposed rulemaking order and Annex A for review by the designated standing committees of both Houses of the General Assembly, and for review and comments by the Independent Regulatory Review Commission.
5. The Secretary shall certify this order and Annex A and deposit them with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.
6. A copy of this proposed rulemaking order and any accompanying statements of the Commissioners be served upon all jurisdictional gas companies, the Office of Consumer Advocate, the Office of Small Business Advocate and all parties to this proceeding.
7. Within 30 days of this order's publication in the *Pennsylvania Bulletin*, an original and 15 copies of any comments concerning this order and Annex A should be submitted to the Pennsylvania Public Utility Commission, Attention: Secretary, P. O. Box 3265, Harrisburg, PA 17105-3265.

Busy-out rate—The number of calls to an NGDC's call center or business office that received a busy signal divided by the number of calls that were received.

Call center—A centralized facility established by a utility for transactions concerning installation and repair of service, billing and other inquiries between residential and small commercial customers and NGDC representatives, but not including special purpose call centers established to respond to service emergencies and operating for a temporary period of time.

Call abandonment rate—The number of calls to an NGDC's call center or business office that were abandoned divided by the total number of calls received at the NGDC's telephone call center or business office.

Informal consumer complaint—An appeal by a consumer to the BCS about a utility's proposed resolution of a dispute related to billing, service delivery, repairs and all other issues not related to requests for payment arrangements.

Informally verified infraction—An apparent misapplication of Commission regulations as determined by the BCS through its examination of information obtained as part of its review of informal consumer complaints and payment arrangement requests.

(i) The informal verification process implemented by the BCS notifies a utility of the information which forms the basis of an alleged infraction, affords the utility the opportunity to affirm or deny the accuracy of the information and concludes with a BCS determination regarding the alleged infraction.

(ii) An informally verified infraction is not equivalent to a formal violation under 66 Pa.C.S. § 3301 (relating to civil penalties for violations) unless otherwise determined through applicable Commission procedures.

Justified informal consumer complaint rate—The number of justified informal, residential consumer complaints per 1,000 residential customers.

Justified payment arrangement request—A payment arrangement request when an NGDC did not follow Commission negotiation procedures or regulations.

Justified payment arrangement request rate—The number of justified payment arrangement requests from residential customers per 1,000 residential customers.

Payment arrangement request—A customer request for payment terms to the BCS.

Small business customer—A person, sole proprietorship, partnership, corporation, association or other business whose annual gas consumption does not exceed 300 mcfs.

Transaction survey—

(i) A survey targeted toward individuals that have had a recent interaction with an NGDC.

(ii) An interaction could include:

- (A) Filing a complaint.
- (B) Inquiring or disputing a bill.
- (C) Seeking to have a repair completed.
- (D) Applying for service.

- (F) Reporting a safety concern.
- (G) Reporting a reliability or other service problem.
- (H) Arranging an appointment for a premise visit.

§ 62.33. Reporting requirements.

(a) *Report deadlines.*

(1) Unless otherwise specified in this subchapter, each covered NGDC shall file its first report with the Commission on or before August 1, 2001. The August report shall contain data, reported by month, from the first 6 months of the calendar year, as well as a 6-month cumulative average.

(2) Each NGDC shall file its second report on or before February 1, 2002. The February report shall contain data, reported by month, from the second 6 months of the year as well as a 6-month cumulative average and a 12-month cumulative average for the preceding calendar year.

(3) Thereafter, the NGDCs shall file reports annually with the Secretary of the Commission on or before February 1.

(4) Each report shall contain data, reported by month, as well as a 12-month cumulative average for the preceding calendar year.

(5) Each report shall include the name and telephone number of the utility contact person responsible for the report.

(b) *Recordkeeping.* Each NGDC shall take measures necessary and keep sufficient records to report the following data to the Commission:

(1) *Telephone access.*

(i) The percentage of calls answered at each NGDC's call center within 30 seconds with the NGDC representative ready to render assistance and to accept information necessary to process the call. An acknowledgment that the customer or applicant is waiting on the line does not constitute an answer.

(ii) The average busy-out rate for each call center. If the NGDC reports data for more than one call center, the NGDC should also provide the combined busy-out rate for the NGDC as a whole.

(iii) The call abandonment rate for each call center. If the NGDC reports data for more than one call center, the

NGDC should also provide the combined call abandonment rate for the NGDC as a whole.

(2) *Billing.*

(i) The number and percent of residential bills that the NGDC failed to render once every billing period to residential ratepayers under § 56.11 (relating to billing frequency).

(ii) The number and percent of bills that the NGDC failed to render once every billing period to small business customers.

(3) *Meter reading.*

(iii) The number and percent of residential remote meters for which it has failed to obtain an actual meter reading at least once every 5 years to verify the accuracy of the remote reading device under § 56.12(5)(i).

(4) *Response to disputes.* The actual number of disputes as described in Chapter 56, Subchapter F (relating to disputes; termination disputes; informal and formal complaints) for which the company did not provide a response to the complaining party within 30 days of the initiation of the dispute under § 56.151(5) (relating to general rule).

§ 62.34. Customer surveys.

Each NGDC shall report to the Commission the results of telephone transaction surveys of customers who have had interactions with the NGDC.

(1) *Purpose.* The purpose of the transaction surveys is to assess the customer perception regarding the most recent interaction with the NGDC. Survey questions shall measure access to the utility, employee courtesy, employee knowledge, promptness of NGDC response or visit, timeliness of the NGDC response or visit and satisfaction with the handling of the interaction.

(2) *Questions.* The transaction survey questions shall specifically address the circumstances that generated the most recent transaction. Interaction categories shall include the following:

- (ii) Billing.
- (iii) Reliability and safety.
- (iv) Service installation and application.
- (v) Service disconnection.
- (vi) Other similar interactions.

(3) *Uniform data.* The NGDCs shall carry out the transaction survey process using instruments and procedures that provide the Commission with uniform data

that can be used to directly compare customer service performance among NGDCs in this Commonwealth.

(4) *Timely response.* A customer or consumer being surveyed shall be contacted within 30 days of the date that the interaction with the NGDC took place.

(5) *Sampling plan.* The sampling plan shall be designed so that the results are statistically valid within plus or minus 5 percentage points.

Beginning September 1, 2002, each NGDC with less than 100,000 accounts shall report to the Commission the following information in lieu of §§ 62.33 and 62.34 (relating to reporting requirements; and customer surveys):

(1) The results of a mail survey of a sample of the NGDC customers who have had interactions with one or more representatives of the NGDC.

(2) The mail survey shall address the circumstances that generated the customer/company transaction.

(3) Each NGDC shall use the same mail survey questionnaire which shall be approved by the BCS. The mail survey questions shall measure customer perceptions regarding:

- (i) Access to the utility.
- (ii) Employee courtesy.
- (iii) Employee knowledge.
- (iv) Promptness and timeliness of the utility representative response.
- (v) Satisfaction with the NGDC representative's handling of the interaction.

(4) The mail survey questionnaire shall be mailed to a customer within 30 days of the date that the transaction took place.

§ 62.36. Informal complaints to the BCS.

(a) The BCS will review and analyze residential informal consumer complaints and payment arrangement requests filed with the Commission and will report the justified consumer complaint rate and the justified payment arrangement request rate for each NGDC with more than 100,000 residential accounts to the Commission on an annual basis.

(b) The BCS will report to the Commission the number of informally verified infractions of applicable statutes and regulations relating to the treatment of residential accounts by each NGDC with more than 100,000 residential accounts. The BCS will calculate and report to the Commission an "infraction rate" for each NGDC with more than 100,000 residential accounts.

§ 62.37. Public information.

The Commission will annually produce a summary report on the customer service performance of each covered NGDC using the statistics collected as a result of these reporting requirements. The reports will be public information. The Commission will provide the reports to any interested party and post the reports on the Commission's Internet website.

Reporting Requirements for Universal Service and Energy Conservation Programs

The Pennsylvania Public Utility Commission (Commission) on January 12, 2000, adopted a proposed rule-making order establishing standard reporting requirements for universal service and energy conservation programs for natural gas distribution companies (NGDCs). The contact persons are Janice K. Hummel, Bureau of Consumer Services (technical), (717) 783-9088, and Kathryn G. Sophy, Law Bureau (legal) (717) 772-8839.

Accordingly, under section 501 of the Public Utility Code (relating to general powers), and the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1201 et seq.) and regulations promulgated thereunder in 1 Pa. Code §§ 7.1—7.4, we propose to amend our regulations by adding §§ 62.1—62.8 to read as set forth in Annex A; *Therefore,*

Executive Summary

On June 22, 1999, Governor Tom Ridge signed into law 66 Pa.C.S. Chapter 22 (relating to Natural Gas Choice and Competition Act) (act). The act revised the Public Utility Code, 66 Pa.C.S. § 101 et seq., by, inter alia, adding Chapter 22, relating to restructuring of the natural gas utility industry. The act is clear that NGDCs are to continue, at a minimum, the protections, policies and services that now assist customers who are low-income to afford natural gas service. Section 2203(8) of the act (relating to standards for restructuring of natural gas utility industry) requires the Commission to ensure that universal service and energy conservation policies, activities and services are appropriately funded and available in each natural gas distribution service territory.

The purpose of this rulemaking is to establish standard reporting requirements for universal service and energy conservation programs. The data collected as a result of the reporting requirements will assist the Commission in ensuring that universal service and energy conservation programs are appropriately funded and available in each NGDC's service territory. The reporting requirements will also ensure that the data is reported uniformly and consistently.

The regulations establish that the NGDCs will report the following information to the Commission: 1) annual reports on residential low-income collections and universal service and energy conservation programs; 2) plans every 3 years for universal service and energy conservation programs; and 3) every 6 years an independent third-party evaluation that measures the degree to which an NGDC's universal service and energy conservation programs are working to provide affordable utility service at reasonable rates.

Proposed Rulemaking Order

By the Commission:

On June 22, 1999, Governor Tom Ridge signed into law the act. The act revised the Public Utility Code, 66 Pa.C.S. § 101 et seq., by inter alia, adding Chapter 22, relating to restructuring of the natural gas utility industry. The Commission is the agency charged with implementing the act.

The act is clear that NGDCs are to continue, at a minimum, the protections, policies and services that now assist customers who are low-income to afford natural gas service. Section 2203(8) of the act requires the Commission to ensure that universal service and energy conservation policies, activities and services are appropriately funded and available in each natural gas distribution service territory.

The purpose of this proposed rulemaking is to establish standard reporting requirements for universal service and energy conservation programs. The data collected as a result of the reporting requirements will assist the Commission in monitoring the progress of the NGDCs in achieving universal service in their service territories. The reporting requirements will also ensure that the data is reported uniformly and consistently. The proposed reporting requirements are set forth in Annex A.

Information from NGDCs about universal service programs and low-income customers is more critical now so the Commission can determine if universal service and energy conservation programs comply with the act. The act requires that programs be appropriately funded and available to low-income customers. The Commission is not insensitive to the problems that NGDCs will encounter in gathering and reporting the data required as a result of these proposed regulations. The NGDCs currently provide much of the program related data we are requesting in these proposed regulations. However, NGDCs report the data at various times throughout the year in different reports. These proposed regulations will establish a uniform and standard reporting format and time schedule. The reporting requirements of these proposed regulations will replace certain program related reports, such as hardship fund and CARES reports, that the NGDCs provide to the Commission.

These proposed regulations introduce new collection reporting requirements that identify costs specifically associated with low-income customers. The Commission acknowledges that the NGDCs will need time to make programming changes to collect this data. Therefore, the Commission proposes that each NGDC should be able to report complete data to the Commission no later than April 1, 2003. For the purposes of low-income collections reporting the Commission requests information on confirmed low-income groups, confirmed low-income accounts are those accounts where the NGDC has obtained information that would reasonably place the customer in a low-income designation. Examples of this information are receipt of Low-Income Home Energy Assistance Program (LIHEAP) grants, income source noted as TANF or General Assistance on an application for service; or the customer's self-report of income in conjunction with establishing a payment arrangement or application for a utility low-income program.

We are also interested in comments regarding the reporting format for the NGDCs. We believe that all reporting should be uniform and by electronic submission and would appreciate comments in this regard.

The Commission reserves the right to waive the requirements of these proposed regulations upon petition by an affected party under § 5.43 (relating to petitions for issuance, amendment, waiver or repeal of regulations).

It Is Ordered That:

1. A Rulemaking Docket shall be opened to consider regulations set forth in Annex A.
2. The Secretary shall submit a copy of this order and Annex A to the Office of Attorney General for review as to form and legality.
3. The Secretary shall submit a copy of this order and Annex A to the Governor's Budget Office for review of fiscal impact.
4. The Secretary shall submit this order and Annex A for review by the designated standing committees of both Houses of the General Assembly, and for formal review and comments by the Independent Regulatory Review Commission.

§ 62.1. Statement of purpose and policy.

The requirements of 66 Pa.C.S. § 2203(8) (relating to standards for restructuring of natural gas utility industry) mandate that the Commission ensure universal service and energy conservation policies, activities and services for residential natural gas customers are appropriately funded and available in each NGDC territory. This subchapter requires covered NGDCs to establish uniform reporting requirements for universal service and energy conservation policies, programs and protections and to report this information to the Commission.

§ 62.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

CAP—Customer Assistance Program—An alternative collection method that provides payment assistance to low-income, payment troubled utility customers. CAP participants agree to make regular monthly payments that may be for an amount that is less than the current bill in exchange for continued provision of natural gas utility services.

CAP benefits—The average CAP bill, average CAP credits and average arrearage forgiveness.

CARES—A program that provides a cost-effective service that helps selected, payment-troubled customers maximize their ability to pay utility bills. A CARES program provides a casework approach to help customers secure energy assistance funds and other needed services.

CARES benefits—The number and kinds of referrals to CARES.

Classification of accounts—Accounts are classified by the following categories: all residential accounts and confirmed low-income residential accounts.

Collection operating expenses—Expenses directly associated with collection of payments due for residential accounts.

Confirmed low-income residential account—Accounts where the NGDC has obtained information that would reasonably place the customer in a low-income designation.

Direct dollars—Dollars which are applied to a CARES customer's natural gas utility account, including all sources of energy assistance applied to utility bills such as LIHEAP, hardship fund grants and local agencies' grants.

Energy assistance benefits—The total number and dollar amount of LIHEAP grants, hardship grants and local agencies' grants.

Hardship fund—A fund that provides cash assistance to utility customers to help them pay their utility bills.

Hardship fund benefits—The total number and dollar amount of cash benefits or bill credits.

Impact evaluation—An evaluation that focuses on the degree to which a program achieves the continuation of utility service to program participants at a reasonable cost level and otherwise meets program goals.

LIURP—Low-income Usage Reduction Program—An energy usage reduction program that helps low-income customers to conserve energy and reduce residential energy bills.

Low-income customer—A residential utility customer whose household income is at or below 150% of the Federal poverty guidelines.

NGDC—Natural gas distribution company—The public utility providing facilities and related services for the jurisdictional distribution of natural gas to retail customers.

Outreach referral contacts—The address and telephone number that a customer would call or write to apply for the hardship fund. Contact information should be specific to each county in the NGDC's service territory, if applicable.

Payment rate—The total number of full monthly payments received from CAP participants in a given period divided by the total number of monthly bills issued to CAP participants.

Payment troubled—A household that has failed to maintain one or more payment arrangements in a 1-year period.

Residential account in arrears—A residential account that is at least 30 days overdue. This classification includes all customer accounts which have payment arrangements.

Successful payment arrangements—A payment arrangement in which the agreed upon number of payments have been made in full in the preceding 12 months.

Universal service and energy conservation—Policies, practices and services that help residential low-income retail gas customers and other residential retail gas customers experiencing temporary emergencies, as defined by the Commission, to maintain natural gas supply and distribution services. The term includes retail gas customer assistance programs, termination of service

protections and consumer protection policies and services that help residential low-income customers and other residential customers experiencing temporary emergencies to reduce or manage energy consumption in a cost-effective manner, such as the low-income usage reduction programs and consumer education.

§ 62.3. Universal service and energy conservation program goals.

(a) The Commission will determine if the NGDC meets the goals of universal service and energy conservation programs.

(b) The general goals of universal service and energy conservation programs include the following:

(1) To protect consumers' health and safety by helping low-income customers maintain natural gas service.

(3) To help low-income customers conserve energy and reduce residential utility bills.

(4) To ensure universal service and energy conservation programs are operated in a cost-effective and efficient manner.

(6) The Commission will act on the plans within 90 days of the NGDC filing date.

(b) *Plan contents.* The components of universal service and energy conservation may include the following: CAP, LIURP, CARES, Hardship Funds and other programs, policies and protections. For each component of universal service and energy conservation, the plan shall include the following:

DEPARTMENT OF AGRICULTURE

Guidelines for Distribution of Drought Relief Funds under Act 57 of 1999

Authority: The Department of Agriculture (Department) under the authority granted it under Act 57 of 1999, known as The Drought, Orchard and Nursery Indemnity and Flood Relief Act (act) has developed the following guidelines to administer the drought relief program established by Chapter 3 of the act. Under Chapter 3 of the act, the Commonwealth of Pennsylvania created a drought relief program in the form of crop loss assistance grants for eligible Pennsylvania producers that suffered crop loss due to the drought of 1999. The \$60 million state crop loss assistance program (State Program) is in addition to any crop loss assistance available under the United States Department of Agriculture-Farm Service Agency 1999 Crop Disaster Program (Federal Program). In order to be eligible for the State Program, a Pennsylvania producer must meet the eligibility criteria of the Federal Program and the act. A copy of the USDA-FSA fact sheet which, delineates the criteria for the Federal Program follows as "Exhibit A" and is made a part of these guidelines.

Purpose: The purpose of the State Program is to provide financial assistance to drought-stricken Pennsylvania producers consistent with the provisions of the act. The intent of the act is to provide Commonwealth funds in addition to the \$75 million or more in funds provided by the Federal government. The State Program is intended to help preserve and protect Pennsylvania agriculture's ability to continue to produce food and fiber.

Definitions: The following definitions are consistent with those contained in the act and are listed for clarity and as a service to the applicant.

Crop. An eligible crop defined by the United States Department of Agriculture-Farm Service Agency for the 1999 Crop Disaster Program.

Department. The Department of Agriculture of the Commonwealth.

Eligible Producer. A person that:

- (1) Operated a farm in this Commonwealth which suffered a crop loss of at least 35% due to the drought of 1999; and
- (2) Is engaged in the business of producing crops within this Commonwealth.

Federal Program. The United States Department of Agriculture-Farm Service Agency 1999 Crop Disaster Program.

State Program. The drought relief program established under Chapter 3 of the act.

USDA. The United States Department of Agriculture.

USDA-FSA. The United States Department of Agriculture-Farm Service Agency.

A. Grant Program: The following guidelines address the State Program:

I. General: The State Program eligibility and payment criteria are based on the Federal Program. Pennsylvania

producers who qualify under the 1999 Federal Program will be eligible for grants under the State Program. The Department will determine a producer's eligibility and calculate the amount of a State Program grant based on the information contained in the producer's approved Federal Program application and eligibility information released to the Department by the USDA-FSA. The amount of a State Program grant will not exceed 75% of the grant amount a producer receives under the Federal Program.

II. Funds Available Basis: There are limited funds available for the State Program. Grants under the State Program will be distributed to the extent funds are available. State Program grants will be distributed at the discretion of the Department under the criteria established by the act and these guidelines.

III. Applications.

(a) *Application.* All producers wishing to participate in the State Program must apply to the USDA-FSA and meet the eligibility criteria for the Federal Program.

(b) *Waiver of confidentiality form.* When filling out an application for assistance under the Federal Program, a producer must also fill out and sign a state "Drought Relief Program Application And Waiver Of Confidentiality Form" (form). The form was developed by the Department, in consultation with the USDA, and distributed to all USDA-FSA offices in the Commonwealth. A copy of the form follows as "Exhibit B" and is made a part hereof these guidelines. The form authorizes the USDA-FSA to share the producer's eligibility information with the Department and serves as the producer's application for a grant under the State Program. (*Important Note:* The producer's signature(s) on the form must appear exactly as it appears on all USDA forms. The USDA will only release information to the Department if the signature appearing on the form matches the legal entity appearing on all USDA forms. Without this information the Department will be unable to process a producer's application for a State Program grant.)

IV. Eligibility criteria.

(a) *Sign-up Period.* The State Program will follow the Federal Program sign-up schedule which began December 13, 1999, and ends February 25, 2000.

(b) *Eligible producer:* To be eligible for a State Program grant a producer must:

- 1) Meet the eligibility criteria of and be approved to receive assistance under the Federal Program.
- 2) Meet the definition of an "Eligible Producer" under the act.
- 3) Properly fill out and sign a state "Drought Relief Program Application and Waiver of Confidentiality Form."
- 4) Have applied for a Federal Program grant and submitted the proper documentation to USDA-FSA by February 25, 2000.

(b) *Review of applications.* Upon receipt of the "Drought Relief Program Application and Waiver of Confidentiality Form" and all necessary approval and eligibility information from the USDA-FSA, the Department will review and determine the applicants eligibility and the grant amount for which the applicant is eligible under the State Program.

(c) *Approval Power.* An application for a State Program grant may be approved, approved with special conditions or rejected in accordance with the general conditions and criteria established by the act and these guidelines. The Department shall have final approval and denial authority with regard to all State Program grant applications.

V. *Notice of Disposition of Application.* Within 20 days of receiving a producer's application for a grant under the State Program and all necessary eligibility information from the USDA-FSA, the Department will render a decision approving, approving with special conditions or denying the application. Applicants will be notified in writing of the Department's final decision. This notice will be sent by regular mail to the address indicated by the applicant on the application form.

VI. *Payment schedule.*

(a) *Advance Payment.* An advance payment will be made to all approved State Program grant applicants. The amount of an approved applicant's advance payment under the State Program will be 35% of the advance payment made by the USDA to that approved applicant under the Federal Program.

(d) *Final program payment.* A final payment will be made to approved State Program grant applicants after the close of the sign-up period. The final payment will be based on the amount of funds still available from the \$60 million allocated under section 5102(A) of the act and the final number of approved State Program grant applicants. If funds appropriated under section 5102(A) of the act are not sufficient to provide grants of up to 75% of the amount each approved eligible producer received under the Federal Program the final payment will be dispersed on a pro-rata basis. Under no circumstances shall the final payment plus the advance payment total more than 75% of the amount an approved eligible producer received under the Federal Program.

VII. *Additional Information.* Additional information regarding the State Program may be obtained by contacting the Department at (717) 787-4737 or by logging on to the Department's website at www.pda.state.pa.us.

Fact Sheet
Crop Disaster Program

November 1999

The Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2000 included \$1.2 billion for the Crop Disaster Program (CDP). CDP assistance is for farmers who suffered losses to 1999 crops due to natural disasters.

Farmers are eligible for compensation for 1999 crop losses directly attributed to adverse weather and related conditions.

Eligible Crops

CDP covers all crops as follows:

- Insured Crops—Crops insured by either catastrophic (CAT) or buy-up (coverage of 50/100 or greater) crop insurance;
- Uninsured Crops—Crops for which crop insurance was available but not taken;
- Noninsurable Crops—crops for which crop insurance was not available.

As a condition of receiving benefits under this program, producers who did not insure 1999 crops are required to purchase crop insurance in 2000 and 2001 for all insurable crops of economic significance.

Payment Calculation

Payments are limited to \$80,000 per person.

Farmers will be compensated if their losses exceed 35 percent of historic yields. The payment formulas below provide greater benefits to farmers who bought insurance on their eligible crops.

- Farmers with eligible losses of insured crops will be compensated at 65 percent of crop insurance market price elections.

- Farmers with eligible losses to uninsured crops will be compensated at 60 percent of the crop insurance market price elections.
- Farmers with eligible losses to noninsurable crops will be compensated at 65 percent of the 5-year average National Agricultural Statistics Service (NASS) price. Noninsured Crop Disaster Assistance (NAP) area loss triggers do not apply.

Historic yields will be based on the higher of the 5-year NASS county average yield, or the crop insurance APH yield, or the NAP-approved yield.

Adjustments and Limits to Benefits

Payments to farmers will be prorated after all applications are reviewed in order to stay within the program's requirements and budget. No farmer will receive more than \$80,000 under this program nor more than \$80,000 in crop insurance incentives. No one with an annual gross income of \$2.5 million or more is eligible.

When and Where to Apply

Sign-up begins December 13, 1999, and ends February 25, 2000. Farmers should contact their local USDA Service Center or FSA office at that time for more information. Crop loss payments will be made after all claims information has been processed and factors applied. To get a crop insurance premium discount, farmers should contact a crop insurance agent. FSA offices have a list of agents.

Further information is available at local FSA offices and USDA Service Centers. These are usually listed in telephone books under "United States Government, U. S. Department of Agriculture." You may also obtain information from FSA's Home Page at www.fsa.usda.gov

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Pennsylvania Rivers Conservation Registry

The Department of Conservation and Natural Resources (Department), Bureau of Recreation and Conservation has approved the "Dunkard Creek Watershed Plan" and is placing Dunkard Creek Watershed (including the portion in West Virginia) along with all tributary streams on the Pennsylvania Rivers Conservation Registry (Registry).

On January 31, 2000, Greene County submitted the Dunkard Creek Watershed Plan and other required information to gain Registry status.

After review of the Plan and the other information, the Department has determined that Pennsylvania Rivers Conservation Program requirements have been satisfied and places the following on the Registry:

- The Dunkard Creek Watershed from the confluence with the Monongahela River to its headwaters (234.7 square miles); and,
- All tributary streams within the watershed.

This action becomes effective today, February 19, 2000. Projects, located within Pennsylvania, identified in the Dunkard Creek Watershed Plan become eligible for imple-

mentation, development or acquisition grant funding through the Pennsylvania Rivers Conservation Program.

A copy the Final Plan is available for review at Greene County Department of Planning and Development, 93 East High Street, Waynesburg, PA 15370, (724) 852-5278 and Department of Conservation and Natural Resources, Rachel Carson State Office Building, 400 Market Street, 6th Floor, Harrisburg, PA 17105-8475, (717) 787-2316.

Maps and supporting data are on file at the Greene County Department of Planning and Development.

Retention of a Professional Design Services Consultant

Project Reference No. FDC-500-784

The Department of Conservation and Natural Resources (Department) is undertaking a 5-year \$125 million program to restore, rehabilitate and upgrade the State Parks and State Forests infrastructure. Facilities such as bathhouses, campground washhouses, comfort stations, sewage systems, water systems, marinas, roads, bridges, and the like, will be rehabilitated as part of the Commonwealth's Growing Greener Initiative. This contract is being solicited in conformance to 62 Pa.C.S. Part I (relating to Commonwealth Procurement Code) (code).

It is the Department's intent to retain the services of a professional consultant to assist the Department in the utilization of creative engineering and architectural design and to seek innovative construction management techniques. The contract will include assessing the overall 5-year plan, evaluating the potential for using new and creative methods in preparing designs for the renovations proposed and recommending cost-effective solutions for completing the work. The contract will be for a period of 1-year with a renewal option of up to 4 additional years. The contract will not include actual construction management or construction services as defined in section 322 of the code.

General Requirements and Information

Firms and/or individuals interested in performing the required services for this project are invited to submit Letters of Interest to Richard G. Sprenkle, Deputy Secretary for Conservation and Engineering Services, Department of Conservation and Natural Resources, P. O. Box 8767, Harrisburg, PA 17105-8767. Letters of interest can be delivered to the office which is located on the 7th floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA. Each Letter of Interest must include the firm's Federal identification number and the project reference number. The Letter of Interest shall also include a description of the firm's recent experience in creative design and construction management. The description shall include clients, contact persons and phone numbers, and a detailed description of the firm's or individuals' portion of the work for each project listed in recent experience. Excessive information will not be evaluated and may be cause for rejection.

Travel and subsistence payment will be in accordance with the Commonwealth's Travel and Subsistence Reimbursement Rules and Regulations, as amended. Miscellaneous expenses such as printing and mailing shall be reimbursed at cost, upon approval by the Department.

This contract will be for a 1 year period, with an option, at the Department's discretion, to renew up to 4 additional years. The extent of work for the second through the fifth years will be dependent on the availability of additional funds.

Socially/Economically Restricted Businesses (SERB)

The Commonwealth of Pennsylvania strongly encourages the submission of proposals by Socially/Economically Restricted Business (SERB).

Proposers not considered to be socially/economically restricted businesses seeking to identify such businesses for joint venture and subcontracting opportunities are encouraged to contact the Department of General Services, Bureau of Contract Administration and Business Development, 502 North Office Building, Harrisburg, PA 17125, (717) 787-7380.

To achieve the objective of enhancing SERB participation, this Commonwealth has established SERB utilization as a selection criteria in the evaluation process.

The Bureau of Contract Administration and Business Development (BCABD), Department of General Services, will evaluate the aforementioned criteria and will assign a point value. SERBs are encouraged to participate as prime proposers. SERBs qualifying as an MBE/WBE must provide their BCABD certification number. SERBs qualifying as a result of being located in a designated enterprise zone must provide proof of this status. Proposers not considered being SERBs must describe, in narrative form, their company's approach to enhance SERB utilization on a professional level in the implementation of this proposal. The following options will be considered as part of the final criteria for selection:

- Priority Rank 1. Proposals submitted by SERBs.
- Priority Rank 2. Proposals submitted from a joint venture with a Commonwealth approved SERB as a joint venture partner.
- Priority Rank 3. Proposals submitted with subcontracting commitments to SERBs.

Each proposal will be rated for its approach to enhancing the utilization of SERB. The optional approach used will be evaluated with Option No. 1 receiving the greatest value and the succeeding options receiving a value in accordance with the listed priority ranking. The percent designated for SERB Commitment should be placed in a separate sealed envelope.

Proposals submitted by individuals claiming SERB status or proposals submitted by individuals reflecting joint venture and subcontracting opportunities with SERBs must submit documentation verifying their claim. The selected contractor's SERB Commitment amount will be included as a contractual obligation when a contract is entered into.

Additional Requirements and Information

The firm or individual selected will be required to meet with the Department's Executive Staff, Senior Managers, or their designees. Under the direction of the Department, the selected firm or individual will be required to:

1. Assess the projects on the Department's Five Year Growing Greener list.

2. Evaluate the proposed projects for the inclusion or application of creative or original engineering and architectural design methods employing Green Technology for all of the various types of proposed rehabilitation projects.

3. Suggest innovative and cost-effective methods of construction and construction management for the various projects.

4. Recommend alternate methods of constructing projects within the framework of current rules and regulations, which would ensure efficient and timely completion of various projects.

5. Provide assistance on complex or difficult projects in the design or construction phase to ensure that the work is completed effectively and within the prescribed time frames.

The anticipated work product will be reports submitted on a monthly or quarterly basis depending on the data collection required for the various projects. Recommendations, suggestions and assistance will be reviewed by the Department prior to implementation.

The contract shall be based on a cost-reimbursement basis calculated according to the hours of service and qualifying expenses not exceeding the contract amount. Work will be reviewed by the Office of Conservation and Engineering and Services, and when acceptable, approved by the same staff. Reimbursement rates will be subject to negotiation.

This solicitation will be evaluated in conformance to section 905 of the code. The following factors will be considered during the evaluation of the firm's or individual's Letter of Interest:

3. Understanding the Commonwealth's requirements, policies and regulations.

4. Necessary support staff to perform the required work.

5. Socially/Economically Restricted Business participation.

6. Equitable distribution of contracts.

Maximum weights for each factor have been established by the Department. The factors listed are for the guidance of the readers only and are not to be assigned quantitative weight.

Each respondent shall relate their proposal to the noted criteria.

The cost will be negotiated with the respondent that submitted the top ranked technical proposal after the technical selection process is completed.

Six copies of both the Letter of Interest and the required forms and a single sealed copy of the SERB information must be received no later than 4:30 p.m. on March 17, 2000. The assignment of services will be made to one of the firms or individuals responding to this notice. However, the Department reserves the right to reject all Letters of Interest submitted, cancel the solicitation requested under this notice, and/or re-advertise solicitation for this service.

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that the Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the act.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. Proposed Revisions to Title V/State Only Operating Permits to include conditions relating to NOx allowance requirements in 25 Pa. Code §§ 123.101—123.120.

The Department of Environmental Protection (Department) intends to revise existing Operating Permits to include revised allocations under the provisions of 25 Pa. Code §§ 123.101—123.120 (relating to NOx allowance requirements). These regulations establish a NOx budget and a NOx allowance trading program for NOx affected sources for the purpose of achieving the health-based ozone ambient air quality standard. A NOx affected source is defined as a fossil fuel fired indirect heat exchange combustion unit with a maximum rated heat input capacity of 250 MMBtu/hour or more and all fossil fuel fired electric generating facilities rated at 15 megawatts or greater or any other source that voluntarily opts to become a NOx affected source.

The operating permits require the owner or operator of each NOx affected source to hold a quantity of NOx allowances meeting the requirements of 25 Pa. Code § 123.110(a) by December 31, of each calendar year. One NOx Allowance is the limited authorization to emit 1 ton of NOx during the NOx Allowance Control Period, which begins May 1 of each year and ends September 30 of the same year. The NOx allowances held in the source's current year NOx Allowance Tracking System (NATS) account must be equal to or greater than the total NOx emitted from the source during the year's NOx allowance control period. The initial NOx allowance control period began on May 1, 1999.

The operating permits also include emission monitoring, reporting and recordkeeping requirements for each NOx affected source. NOx emissions from each NOx affected source shall be monitored in accordance with 25 Pa. Code § 123.108 and the procedures contained in the document titled "Guidance for Implementation of Emission Monitoring Requirements for the NOx Budget Program."

Persons wishing to file protests or comments on the proposed revised operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed permits. Any comments or protests filed at the following address must include a concise statement of the objections to the issuance of the permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation, where the facility is located, at least 30 days prior to the date of the hearing.

Copies of the proposed permits and other relevant information are available for review at the address given:

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35

P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity, and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

HAZARDOUS SITES CLEAN-UP

Under the Act of October 18, 1988

Notice of Settlement Under the Hazardous Sites Cleanup Act

The Department of Environmental Protection (Department), under the Hazardous Sites Cleanup Act (35 P. S.

§§ 6020.101—6020.1304) (HSCA) and the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C.A. § 9601 et seq. (CERCLA), has entered into a settlement with the Estate of Isabella J. Nelson for reimbursement of certain response costs incurred to remediate hazardous substances stored and disposed of at the Susquehanna Drum Site, located at 1668 Susquehanna Road in Upper Dublin Township, Montgomery County, PA (site). This Site is a part of the Estate of Isabella Nelson (Estate) and includes a barn where drums and compressed gas cylinders of hazardous substances were stored.

In May, 1998, the Department received a complaint about fuming drums of unknown materials stored at the site. An emergency investigation by the Department revealed the presence of numerous unlabeled drums, some of which contained silicon tetrachloride, a reactive and corrosive hazardous substance which reacts with air and causes the release of hydrogen chloride gas into the atmosphere. Additionally, the Department discovered approximately 200 compressed gas cylinders, some of which contained silane, a reactive hazardous substance. Based upon the volatile conditions at the site, including the threat of fire or explosion, the Department conducted a prompt interim response under section 505(b) of HSCA (35 P. S. § 6020.505(b)) to abate the release and threat of release of hazardous substances. The Department incurred \$140,743.81 in response costs for this site.

The Estate is a "responsible person" in accordance with section 701 of HSCA (35 P. S. § 6020.701) and as such, the Estate has agreed to reimburse the Department for its share of the response costs expended at the site. Accordingly, the Estate and the Department have executed a Consent Order and Agreement which provides for the Estate's payment of \$21,000 to resolve its liability for certain response costs incurred at the site.

This notice is provided under section 1113 of HSCA (35 P. S. § 6020.1113) which provides that "settlement shall become final upon the filing of the Department's response to the significant written comments." The Consent Order and Agreement, which contains the specific terms of the settlement is available for public review and comment. The agreement can be examined from 8 a.m. to 4 p.m. at the Department's Southeast Regional Office, located in Lee Park, 555 North Lane, Suite 6010, Conshohocken, PA 19428, by contacting either Thomas Sheehan, at (610) 832-6149 or Gina M. Thomas, at (610) 832-6300. Thomas Sheehan and Gina Thomas may also be contacted electronically at sheehan.thomas@dep.state.pa.us and thomas.gina@dep.state.pa.us, respectively. A public comment period on the Consent Order and Agreement will extend for 60 days from today's date. Persons may submit written comments regarding the agreement within 60 days from today's date, by submitting them to Thomas Sheehan at the above address.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in

the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final report:

Northcentral Regional Office: Michael C. Welch, Environmental Cleanup Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 321-6525.

Penn Fuel Gas—Lewisburg, Lewisburg Borough, Union County. Key Environmental, Inc., on behalf of their client Penn Fuel Gas, Inc., 55 South Third Street, Oxford, PA 19363 has submitted a Final Report concerning the remediation of site soil, groundwater and sediment contaminated with lead, heavy metals, BTEX, PAHs, phenolics and cyanide. The report is intended to document remediation of the site to meet the Statewide Health Standard or the Site-specific Standard, as appropriate.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act (act). Plans and reports required by provisions of Act 2 for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report, and cleanup plan. A remediation investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evalu-

ates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a plan or report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

DEPARTMENT OF LABOR AND INDUSTRY

Office of Vocational Rehabilitation; Public Comment on Amendments to State Plan

The Department of Labor and Industry (Department), Office of Vocational Rehabilitation (OVR), including the Bureau of Blindness and Visual Services (BBVS), under the Rehabilitation Act of 1973 as amended in the Workforce Investment Act of 1998, announces a period of public comment throughout the Commonwealth. The purpose of this period of comment is to provide individuals, advocates, and other interested parties and/or organizations the opportunity to present their views and recommendations regarding vocational rehabilitation (VR) services for persons with disabilities. In Pennsylvania, those services are provided by OVR through a network of 21 local offices including the OVR and the BBVS District Offices and the Hiram G. Andrews Center.

OVR, including BBVS, is required under law to develop and implement a Combined Agency State Plan which must be reviewed and, as necessary, revised annually when there are changes to the State's VR program. The Combined Agency State Plan, currently in effect for the period 2000-2004, is a compliance document filed with the Commissioner, Rehabilitation Services Administration, United States Department of Education. It is the blueprint for the provision of VR services to persons with disabilities in this Commonwealth.

This period of public comment gives interested parties an opportunity to provide input regarding Pennsylvania's public VR program. Specifically, comment is being solicited regarding the following State Plan components: comprehensive system of personnel development; annual estimate of individuals to be served and costs of services; state's goals and priorities; order of selection; innovation and expansion activities; and supported employment services.

All meeting sites are accessible and interpreters for people who are deaf or hard of hearing will be present at each public forum. For additional information, reasonable accommodation requests, or alternative format requests call the OVR District Office or BBVS District Office conducting the public forum you wish to attend.

If an individual or organization is unable to attend the public forums, but wishes to give testimony, written comments may be mailed to the appropriate OVR or BBVS District Office serving the area in which the individual/organization resides. Written comments should be submitted to that District Office by April 7, 2000.

A listing of OVR District Offices, the Hiram G. Andrews Center and BBVS District Offices and their addresses and telephone numbers (Voice & TTY) follows. The OVR and BBVS public forums are planned for March 27, 2000 through April 7, 2000. Persons/organizations wishing to

obtain information regarding the specific time and location of the meetings in their area, a copy of the State Plan Attachments, or other information regarding OVR or BBVS services should contact the appropriate District Office in their area.

Copies of the current Combined Agency State Plan and revised Attachments will be available on the OVR web site: <http://www.dli.state.pa.us/ovr>

Application for Lease of Right-of-Way

The Department of Transportation, under the authority contained in Section 2002(c) of The Administrative Code of 1929 (71 P. S. § 512(c)) and in 67 Pa. Code, Section 495.4, gives notice that an application to lease highway right-of-way has been submitted to the Department by George J. Trucco, Trucco Agency, 1157 Water Street, Meadville PA 16335 to lease highway right-of-way located on SR 6/19/322, (old L.R. 82-9), named Smock Road, in approximately .983 acres, for the purpose of mowing the grass and removing debris.

Interested persons are invited to submit, within 30 days from the publication of this notice in the *Pennsylvania Bulletin*, written comments, suggestions and/or objections regarding the approval of this application to John L. Finding Bedford County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following finding:

The Department of Transportation plans to reconstruct and widen existing SR 30 in Bedford Township and Snake Springs Township, Bedford County. The reconstruction and widening of SR 30 would include a five-lane widening upgrade of existing SR 30 with three alignment shifts, rehabilitation of the existing Narrows Bridge (that carries SR 30 over the Raystown Branch of the Juniata River) and the construction of an adjacent bridge, realignment of SR 326, and improvements for access to Riverview Road (T-477). Two of the alignment shifts are to minimize impacts to National Register of Historic Places listed or eligible resources: the Difibaugh Tavern and the Hartley Farm (Mount Dallas). The third alignment shift is to avoid impacts to the University of Pittsburgh Medical Center (UPMC) Bedford Hospital and the Pennsylvania State Police Barracks while providing roadway grades that meet design criteria.

Information describing the project together with the associated environmental analysis is contained in the Environmental Assessment (EA)/Final Section 4(f) Evaluation that was prepared for this project.

Based upon studies, there is no prudent and feasible alternative to the use of property from several Section 4(f)/Section 2002 resources located in the project area.

I have considered the environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, and have concluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from the reconstruct and widening of this roadway.

BRADLEY L. MALLORY,
Secretary

[Pa.B. Doc. No. 00-308. Filed for public inspection February 18, 2000, 9:00 a.m.]

Finding Luzerne County

Pursuant to the provisions of 71 P. S. Section 2002(b), The Secretary of Transportation makes the following written finding:

The Department of Transportation plans to replace the bridge, which carries S.R. 4024 over Huntington Creek, with a twin-cell pre-cast box culvert on a new alignment. Bridge approach and shoulder work will also be included. The total length of the improvements will be approximately 274.32 meters (900 Feet). The subject project is located in Ross Township, Luzerne County.

The proposed project will include demolition of the existing pony truss bridge, which has been determined eligible for listing in the National Register of Historic Places and, therefore, qualifies for protection under Act 120, Section 2002.

Mitigation measures to be taken to minimize harm to the Section 2002 resource will include recordation of the bridge and publication of a public history brochure addressing the history of the bridge as stipulated in the executed Memorandum of Agreement.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from the project.

Secretary

The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

All consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included

in a Letter of Interest must have an Annual Qualification Package on file with the Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

By submitting a letter of interest for the projects that request engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania. A firm not conforming to this requirement may submit a letter of interest as a part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the Pennsylvania Bulletin.

The requirements for Letters of Interest, in addition to the requirements stipulated in the individual advertisement, are as follows:

1. The Letter of Interest must include the project reference number, the firm's legal name, and the firm's federal identification number.
2. Identify the project manager.
3. Identify subconsultants, if any, including DBE/WBE, if required.
4. Identify key project staff.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

This notice is to advise all persons and entities currently engaged or participating, or seeking to engage or participate, in the business of accident and health insurance in this Commonwealth that Federal authorities have created a health care fraud and abuse data collection program and have proscribed penalties for any failure by government agencies or health plans to report to that data collection program certain final adverse actions taken against health care providers, suppliers or practitioners.

The Healthcare Insurance Portability and Accountability Act (HIPAA) of 1996 (P. L. 104-191, August 21, 1996)

The Pennsylvania Insurance Department believes that all insurance entities now or since August 21, 1996 engaged in the business of insurance in Pennsylvania and meeting a Federal definition of Health Plan as defined by Section 61.3, 45 CFR Part 61 must register with and report to HIPDB final adverse actions taken since August 21, 1996 against health care providers, suppliers or practitioners as defined by that Section.

Section 61.11(d), 45 CFR Part 61 provides that any health plan failing to report required final adverse actions will be subject to a civil monetary penalty of \$25,000 for each such adverse action not reported.

Section 61.11(d), 45 CFR Part 61 provides that the Secretary, U. S. Department of Health and Human Services will issue a public report of government agencies failing to make required reports.

Procedures and documentation as to registration and reporting to HIPDB may be viewed and obtained through the HIPDB Internet Site at <http://www.npdb-hipdb.com> or by calling the HIPDB Help Line at (800) 767-6732.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:
 The payment date specified in the contract.
 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
 The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
