READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 225—RULES OF EVIDENCE

[225 PA. CODE ARTS. I, IV, VI, VIII AND X]

Order Amending Rule 410; and Approving the Revisions of the Comments to Rules 104, 408, 604, 609, 802 and 1003; No. 268, Supreme Court Rules; Doc. No. 1

The Committee on Rules of Evidence has prepared a Final Report explaining the amendments to Rule 410 and the revisions of the Comments to Rules 104, 408, 604, 609, 802 and 1003 that were adopted on March 29, 2001, effective April 1, 2001. The changes renumber the cross-references to the Rules of Criminal Procedure, make other editorial changes, and conform the Rule 802 Comment with the recent changes to 42 Pa.C.S. § 5985.1. The Final Report follows the Court's Order.

Order

Per Curiam

Now, this 29th day of March, 2001, upon the recommendation of the Committee on Rules of Evidence; this Recommendation for technical and clerical changes having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3), and a Final Report to be published with this Order:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule of Evidence 410 is hereby amended, and the revisions of the Comments to Rules of Evidence 104, 408, 604, 609, 802 and 1003 are approved, all in the following form.

This Order shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective April 1, 2001.

Annex A

TITLE 225. RULES OF EVIDENCE

ARTICLE I. GENERAL PROVISIONS

Rule 104. Preliminary Questions.

* * * * *

Comment

Paragraph 104(a) is identical to F.R.E. 104(a). The first sentence is consistent with **prior Pennsylvania case law**. See *Commonwealth v. Chester*, 526 Pa. 578, 587 A.2d 1367 (1991).

* * * * *

Paragraph 104(b) is identical to F.R.E. 104(b) and appears to be consistent with **prior Pennsylvania case law**. See *Commonwealth v. Carpenter*, 472 Pa. 510, 372 A.2d 806 (1977).

The first sentence of paragraph 1049(c) differs from the first sentence of F.R.E. 104(c) in that the Federal Rule says "Hearings on the admissibility of confessions shall in all cases be conducted out of the hearing of the jury." The first sentence of Pa.R.E. 104(c) has been changed to be consistent with Pa.R.Crim.P. [**323(f)**] **581(F)**, which requires hearings outside the presence of the jury in all cases in which it is alleged that the evidence was obtained in violation of the defendant's rights.

The second sentence of paragraph 104(c) is identical to the second sentence of F.R.E. 1049(c). Paragraph 1049(c) indicates that hearings on other preliminary matters, both criminal and civil, shall be conducted outside the jury's presence when required by the interests of justice. Certainly, the court should conduct the hearing outside the presence of the jury when the court believes that it is necessary to prevent the jury from hearing prejudicial information. The right of an accused to have his **or her** testimony on a preliminary matter taken outside the presence of the jury does not appear to have been discussed in Pennsylvania law.

Paragraph 104(d) is identical to F.R.E. 104(d). In general, when a party offers himself **or herself** as a witness, the party may be questioned on all relevant matters in the case. See *Agate v. Dunleavy*, 398 Pa. 26, 156 A.2d 530 (1959). Under Pa.R.E. 104(d), however, when the accused in a criminal case testifies only with regard to a preliminary matter, he or she may not be cross-examined as to other matters. Although there is no Pennsylvania authority on this point, it appears that this rule is consistent with Pennsylvania practice. This approach is consistent with paragraph 104(c) in that it is designed to preserve the defendant's right not to testify generally in the case.

Paragraph 104(e) differs from F.R.E. 104(e) to clarify the meaning of this paragraph. See 21 Wright and Graham, *Federal Practice and Procedure* § 5058 (1977). This paragraph is consistent with **prior Pennsylvania case law**.

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised March 29, 2001, effective April 1, 2001.

Committee Explanatory Reports:

Final Report explaining the March 29, 2001 revision of the Comment published with the Court's Order at 31 Pa.B. 1995 (April 14, 2001).

ARTICLE IV. RELEVANCY AND ITS LIMITS

Rule 408. Compromise and Offers to Compromise.

* * * * *

Comment

* * * * *

Pa.R.E. 408 is consistent with 42 Pa.C.S. § 6141 which provides, in pertinent part, as follows:

§ 6141. *Effect of certain settlements*

* * * * *

(c) *Admissibility in evidence*.—Except in an action in which final settlement and release has been pleaded as a complete defense, any settlement or payment referred to in subsections (a) and (b) shall not be admissible in evidence on the trial of any matter.

* * * * *

Under Pa.R.E. 408, as under F.R.E. 408, evidence of offers to compromise or completed compromises is admissible when used to prove an effort to obstruct a criminal investigation or prosecution. This is consistent with prior Pennsylvania case law. See *Commonwealth v. Pettinato*, 520 A.2d 437 (Pa. Super. 1987). Pa.R.E. 408 does not permit, however, the use of evidence relating to good faith compromises or offers to compromise when made for the

purpose of reaching an agreement such as those sanctioned by Pa.R.Crim.P. [314]586 (relating to dismissal of criminal charges not committed by force or violence upon payment of restitution) or Pa.R.Crim.P. [145]546 (relating to dismissal upon satisfaction or agreement). The court may need to conduct, out of the hearing of the jury, a preliminary inquiry into the circumstances surrounding compromises in criminal matters to determine whether to permit such evidence.

Official Note: Adopted May 8, 1998, effective October 1, 1998; amended March 10, 2000; effective July 1, 2000; **Comment March 29, 2001, effective April 1, 2001.**

Committee Explanatory Reports:

* * * * *

Final Report explaining the March 29, 2001 revision of the Comment published with the Court's Order at 31 Pa.B. 1995 (April 14, 2001).

Rule 410. Inadmissibility of Pleas, Plea Discussions and Related Statements.

(a) *General rule.* Except as otherwise provided in this rule, evidence of the following is not, in any civil or criminal proceeding, admissible against the defendant who made the plea or was a participant in the plea discussions:

* * * * *

(3) any statement made in the course of any proceedings under Rules [59, 64, 69, 177, 179 or 319]409, 414, 424, 311, 313, or 590 of the Pennsylvania Rules of Criminal Procedure, Fed. R. Crim. P. 11, or any comparable rule or provision of law of Pennsylvania or any other jurisdiction regarding the pleas identified in subsections (1) and (2) of this rule; or

* * * * *

Comment

This rule is similar to F.R.E. 410. References to Rules [59, 64, 69, 177, 179, and 319]409, 414, 424, 311, 313, and 590 of the Pennsylvania Rules of Criminal Procedure and the comparable rules or other provisions of Pennsylvania or other jurisdictions have been added. Unlike the federal rule, subsection (b) of the Pennsylvania rule is set forth separately to indicate that it creates an exception applicable to all of subsection (a).

Pa.R.E. 410 reflects present Pennsylvania law. See *Commonwealth v. Jones*, 544 A.2d 54 (1988); *Commonwealth ex rel. Warner v. Warner*, 40 A.2d 886 (Pa. Super. 1945); Pa.R.Crim.P. [177(b), 179(b)]311(B), 313(B).

* * * * *

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised March 23, 1999, effective immediately; amended March 10, 2000, effective immediately; **amended March 29, 2001, effective April 1, 2001.**

ARTICLE VI. WITNESSES

Rule 604. Interpreters.

* * * * *

Comment

This [**Rule**] rule adopts the substance of F.R.E. 604; the only change is the explicit reference to Pa.Rs.E. 702 and 603, rather than the general reference to "the provisions of these rules" in F.R.E. 604.

* * * * *

Pa.R.E. 604 is consistent with those Pennsylvania statutes providing for the appointment of interpreters for the deaf. See 42 Pa.C.S.A. § 7103 (deaf party in a civil case); 2 Pa.C.S.A. § 505.1 (deaf party in hearing before Commonwealth agency); 42 Pa.C.S.A. § 8701 (deaf defendant in criminal case); see also *Commonwealth v. Wallace*, 433 Pa. Super. 518, 641 A.2d 321 (1994) (applying § 8701). Under each of these statutes, an interpreter must be "qualified and trained to translate for or communicate with deaf persons" and must "swear or affirm that he will make a true interpretation to the deaf person and that he will repeat the statements of the deaf person to the best of his ability."

There is little statutory authority for the appointment of interpreters, but the practice is well established. See Pa.R.Crim.P. [264(b)]231(B) (authorizing presence of interpreter while investigating grand jury is in session if supervising judge determines necessary for presentation of evidence); 51 Pa.C.S.A. § 5507 (under regulations prescribed by governor, convening authority of military court may appoint interpreters). The decision whether to appoint an interpreter is within the discretion of the trial court. See *Commonwealth v. Pana*, 469 Pa. 43, 364 A.2d 895 (1976) (holding that it was an abuse of discretion to fail to appoint an interpreter for a criminal defendant who had difficulty in understanding and expressing himself in English).

Rule 609. Impeachment by Evidence of Conviction of Crime.

* * * * *

Comment

Pa.R.E. 609(a) differs from F.R.E. 609(a). Pa.R.E. 609(a), subject to the time limitations in Pa.R.E. 609(b), is similar to F.R.E. 609(a)(2) because it permits impeachment of any witness by evidence of conviction of a crime involving dishonesty or false statement, regardless of what the punishment for that crime may be. However, Pa.R.E. 609(a) does not permit use of evidence of conviction of a crime punishable by death or imprisonment for more than one year, which is allowed under F.R.E. 609(a)(1), subject to certain balancing tests. This limitation on the type of crime evidence admissible is consistent with **prior Pennsylvania case law**. See *Commonwealth v. Randall*, 515 Pa. 410, 528 A.2d 1326 (1987); *Commonwealth v. Bigham*, 452 Pa. 554, 307 A.2d 255 (1973). Moreover, Pa.R.E. 609(a), unlike F.R.E. 609(a)(2), specifically provides that a conviction based upon a plea of nolo contendere may be used to impeach; this, too, is consistent with **prior Pennsylvania case law**. See *Commonwealth v. Snyder*, 408 Pa. 253, 182 A.2d 495 (1962).

As a general rule, evidence of a jury verdict of guilty or a plea of guilty or nolo contendere may not be used to

impeach before the court has pronounced sentence. See *Commonwealth v. Zapata*, 455 Pa. 205, 314 A.2d 299 (1974). In addition, evidence of admission to an Accelerated Rehabilitative Disposition program under Pa.Rs.Crim.P. [176-186] 310-320 may not be used to impeach credibility. See *Commonwealth v. Krall*, 290 Pa. Super. 1, 434 A.2d 99 (1981).

Where the target of impeachment is the accused in a criminal case, 42 Pa.C.S.A. § 5918 again comes into play. See Comment to Pa.Rs.E. 607, 608 pointing out that § 5918's prohibition against questioning defendant who takes stand about conviction of any offense other than the one for which he is on trial applies only to cross-examination. Hence, evidence of conviction of a crime may be introduced in rebuttal after the defendant has testified. See *Commonwealth v. Bigham*, 452 Pa. 554, 307 A.2d 255 (1973).

* * * * *

Pa.R.E. 609(d) differs from F.R.E. 609(d). Under the latter, evidence of juvenile adjudications is generally inadmissible to impeach credibility, except in criminal cases against a witness other than the accused where the court finds that the evidence is necessary for a fair determination of guilt or innocence. Pa.R.E. 609(d), to be consistent with 42 Pa.C.S.A. § 6354(b)(4), permits a broader use; a juvenile adjudication of an offense may be used to impeach in a criminal case if conviction of the offense would be admissible if committed by an adult. Juvenile adjudications may also be admissible for other purposes. See 42 Pa.C.S.A. § 6354(b)(1), (2), and (3).

ARTICLE VIII. HEARSAY

Rule 802. Hearsay Rule.

* * * * *

Comment

Pa.R.E. 802 is similar to F.R.E. 802. It differs by referring to other rules prescribed by the Pennsylvania Supreme Court, rather than the United States Supreme Court, and by referring to statutes in general, rather than Acts of Congress. This rule is consistent with prior Pennsylvania case law.

ARTICLE X. CONTENTS OF WRITINGS, RECORDINGS, AND PHOTOGRAPHS

Rule 1003. Admissibility of Duplicates.

* * * * *

Comment

* * * * *

In addition, various Pennsylvania statutes have treated some accurate copies as admissible. See 42 Pa.C.S.A. § 6104 (governmental records in the Commonwealth); 42 Pa.C.S.A. § 5328 (domestic records outside the Commonwealth and foreign records); 42 Pa.C.S.A. § 6106 (documents recorded or filed in a public office); 42 Pa.C.S.A. § 6109 (photographic copies of business and public records); 42 Pa.C.S.A. §§ 6151-59 (certified copies of medical records).

The extension of similar treatment to all accurate copies seems justified in light of modern practice. Pleading and discovery rules such as Pa.R.C.P. 4009.1 (requiring production of originals of documents and photographs etc.) and Pa.R.Crim.P. [305(B)(1)(f) and (g)] 573 (B)(1)(f) and (g) (requiring disclosure of originals of documents, photographs and recordings of electronic surveillance) will usually provide an adequate opportunity to discover fraudulent copies. As a result, Pa.R.E. 1003 should tend to eliminate purely technical objections and unnecessary delay. In those cases where the opposing party raises a genuine question as to authenticity or the fairness of using a duplicate, the trial court may require the production of the original under this rule.

FINAL REPORT¹

Amendment to Pa.R.E. 410; and Revision of the Comments to Pa.Rs.E. 104, 408, 604, 609, 802 and 1003

Editorial Changes and Technical Corrections Correlative to the Renumbering of the Rules of Criminal Procedure and to Recent Statutory Changes

On March 29, 2001, upon the recommendation of the Committee on Rules of Evidence, the Supreme Court adopted an amendment to Pa.R.E. 410 and approved the revision of the Comments to Pa.Rs.E. 104, 408, 604, 609, 802 and 1003, effective April 1, 2001.

On March 1, 2000, the Court adopted the reorganization and renumbering of the Rules of Criminal Procedure, effective April 1, 2000. Because there are several cross-references to the Criminal Rules in the Rules of Evidence, the Court approved the renumbering of the cross-references to the Criminal Rules to reflect the changes.

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

The Court also approved stylistic and editorial corrections in order to make the rules consistent with the Court's other rules.

In addition to the renumbering changes, the Court approved the revision of the Comment to Pa.R.E. 802 that updates the reference to 42 Pa.C.S. § 5985.1 that was amended on October 18, 2000. The Comment to Rule 802 references § 5985.1 as an example of when hearsay may be admitted pursuant to statute. Paragraph 6 of the Comment reads:

In a criminal case, an out-of-court statement of a witness under 13 years of age, describing certain kinds of sexual abuse, may be admitted pursuant to 42 Pa.C.S. § 5985.1.

The statute provides, *inter alia*, that an out-of-court statement made by a child victim or witness who at the time of the statement was made was 12 years of age or younger, . . . , is admissible in evidence in any criminal or civil proceedings.

To conform the Rule 802 Comment with the changes to 42 Pa.C.S. § 5985.1, the Comment has been revised by adding "or civil" after "criminal" and changing "under 13 years of age or younger" to "12 years of age or younger."

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Procedure for Terminating Inactive Traffic Court Citations Pursuant to P.R.J.A. No. 1901; Administrative Doc. No. 1 of 2001

Pennsylvania Rule of Judicial Administration No. 1901(a) provides that "(i)t is the policy of the unified judicial system to bring each pending matter to a final conclusion as promptly as possible consistently with the character of the matter and the resources of the system. Where a matter has been inactive for an unreasonable period of time, the tribunal, on its own motion, shall enter an appropriate order terminating the matter."

Pennsylvania Rule 1901(b)(2) directs the Traffic Court of Philadelphia to "make rules of court for such purposes . . ."

The within procedure is adopted pursuant to the above directive.

Citations Eligible for Termination

Citations issued two (2) years or more before the date of termination, and which have not resulted in a guilty plea, an adjudication or a judgment are eligible for termination pursuant to the procedure adopted herein.

Notice of Termination

The court shall periodically publish in *The Legal Intel-ligencer* a general notice of all parties that a specific group of citations that have been inactive for five (5) years or more shall be terminated by court order thirty (30) days after the publication date, and that the full list of citations shall be available for public inspection during the court's normal business hours. The notice shall fur-

ther provide that any interested party may petition the court and show good cause as to why any citation should not be terminated.

Reinstatement

Pursuant to Pa.R.J.A. 1901(c)(2) and (d), "(a)ny matter terminated after notice by publication . . . may be reinstated by the court after dismissal upon written application for good cause shown . . . (A) court shall not entertain any application for reinstatement of a matter terminated pursuant to this rule if such application for reinstatement is filed after the documents relating to the matter have been disposed of pursuant to the applicable record retention schedule established by or pursuant to law."

This Order is issued in accordance with Pa.R.J.A. No. 1901. The original Order shall be filed with the Prothonotary for the First Judicial District of Pennsylvania in an Administrative Docket maintained for Orders or Directives issued by the Administrative Judge of the Traffic Court of Philadelphia County, and copies submitted to the Minor Court Rules Committee, the Administrative Office of Pennsylvania Courts, and the Legislative Reference Bureau. Copies of the Order shall be submitted to American Lawyer Media, Jenkins Memorial Library, and the Law Library of the First Judicial District.

This Order becomes effective thirty (30) days after publication in the *Pennsylvania Bulletin*.

Title 255—LOCAL COURT RULES

LUZERNE COUNTY

Adoption of Rules of Judicial Administration; Clerk of Courts MISC #119/2001; Register of Wills MISC #115/2001; No. 2086c/2001

Now This 27th day of March, 2001, the Court hereby adopts Luzerne County Rules of Judicial Administration Nos. 101, 507, 1901, 5000.5 and 5000.7 to be effective thirty (30) days after the date of publication in the *Pennsylvania Bulletin*. Luzerne County Court Rules 283 and 506 and Administrative Order 1999-001, May 26, 1999 are hereby repealed, effective thirty (30) days after the date of publication in the *Pennsylvania Bulletin*.

It is further ordered that the District Court Administrator shall file seven (7) certified copies of these Rules with the Administrative Office of Pennsylvania Courts, two (2) certified copies to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*, one (1) certified copy to the Judicial Council of Pennsylvania Statewide Rules Committee, and one (1) copy to the *Luzerne Legal Register* for publication in the next issue.

It is further ordered that these local rules shall be kept continuously available for public inspection and copying

in the Offices of the Prothonotary, Clerk of Courts and Register of Wills.

By the Court

JOSEPH M. AUGELLO,
President Judge

Rule 101. Title and Citation of Rules.

These rules shall be known as the Luzerne County Rules of Judicial Administration and may be cited as "Luz.Co.R.J.A. No . . ."

Rule 507. Court Records.

A. The prothonotary, clerk of court and register of wills shall be responsible for the safekeeping of records in their respective offices. No person other than an office employee, judge, an attorney admitted to practice in Pennsylvania, or persons designated by a judge may have unsupervised access to records. All records, except records under seal or impounded by order of court or operation of law, shall be available for public inspection during regular business hours. Unless otherwise directed by the court, copies of notes of testimony shall be procured from the court reporter as authorized by the Rules of Judicial Administration. The term copy includes any form of reproduction including the use of data disks, electronic transmittal or facsimile. Unless prohibited by order or rule of court or operation of law copies of papers other than notes of testimony shall be available to the public for a reasonable fee.

B. Documents bearing original signature such as wills, deeds, judgment notes, bonds, mortgages, leases, etc., and notes of testimony taken in any proceeding shall not be removed from the office of the prothonotary, clerk of court or register of wills, except for use in any judicial proceeding, without special allowance by the court upon cause shown. No other documents, pleadings or papers, except those removed for the use of the court shall be taken from any of the said offices without permission of the prothonotary, clerk of court or register of wills or any deputy and without the giving of a written receipt therefore. All papers, pleadings and documents, other than those which may be removed for the use of the court, court appointed master or pursuant to a special allowance by the court shall be returned to the office within a period of forty-eight (48) hours from the time of the removal. Special allowance by the court is required in all instances where the applicant is not an attorney of record in the case.

C. In all cases of removal of any papers, pleadings and documents, with or without an order of court, the person removing the same shall give a receipt therefor, in such form as is required by the prothonotary, clerk of court or register of wills or any deputy, which receipt shall indicate the caption of the action to which the papers, pleadings and documents pertain, the names of the parties and the date of removal.

D. If a person fails to return the documents within the aforesaid forty-eight (48) hour period after removal, the person removing the same shall be considered in default and shall not be permitted to remove any other papers from any office while such default continues, without a special order of court. The prothonotary, clerk of court or register of wills or deputy in cases of default shall forthwith report the matter to the District Court Administrator for appropriate action by the court.

E. All electronic, computer or imaging systems used for the filing, storage or retrieval or court records shall be approved by the district court administrator and shall comply with the requirements of the Administrative

Office of Pennsylvania Courts, if any. The prothonotary, register of wills or clerk of courts shall not permit electronic or other access to court records from locations outside their offices nor post court records on the Internet, the Worldwide Web or other such services, such as the use of a Webmaster or Internet service provider, without the approval of the district court administrator. The approval of the district court administrator shall be subject to the provisions of law, rules of court and the directives of the Administrative Office of Pennsylvania Courts. Except as required by law or rule of court, documents bearing original signatures such as wills, deeds, judgment notes, bonds, mortgages, leases, etc. and notes of testimony in any proceeding shall not be posted by the prothonotary, register of wills or clerk of courts on the Internet, the Worldwide Web or other such services, such as the use of a webmaster or Internet service provider, without special allowance by the court.

F. Nothing contained in this rule pertaining to the removal of papers, pleadings and documents shall prevent the issuance of a subpoena duces tecum for any document, pleading or paper filed in said office. Further, this rule does not authorize the release of any record or document impounded or sealed by order of the court or by operation of law.

Rule 1901. Termination of Inactive Cases.

(a) The prothonotary shall list for general call after October 1st of each year all civil matters in which no steps or proceedings have been taken for two years or more prior thereto and shall give notice thereof to counsel of record, and to the parties for whom no appearance has been entered, as provided by Pa.R.J.A. No. 1901(c). If no action is taken or no written objection docketed in such a matter prior to the commencement of the general call, the prothonotary shall strike the matter from the list and enter an order as of course dismissing the matter with prejudice for failure to prosecute, under the provisions of this rule. If no good cause for continuing a matter is shown at the general call, an order shall be entered forthwith by the court for dismissal.

(b) The clerk of courts shall list for general call after October 1st of each year all criminal proceedings in which no steps or proceedings have been taken for two years or more prior thereto and shall give notice thereof to the district attorney, any private prosecutor and the defendant, as provided by Pa.R.J.A. 1901(c). If no good cause for continuing a proceeding is shown at the general call, an order for dismissal shall be entered forthwith by the court.

(c) The dates and times of the general calls shall be approved by the president judge.

(d) Each district justice on or before April 1st of each year after thirty (30) days' written notice to parties and counsel shall dismiss without prejudice any civil or criminal proceeding in which no action has been taken for a continuous period of two (2) full years or more as of January 1st of each year. On or before May 1st of each year each district justice shall transmit to the district court administrator a written report of all inactive matters together with the reason for nontermination or the date of dismissal.

Rule 5000.5. Requests for Transcripts.

1. Court reporters shall prepare transcripts for all completed trials and hearings in chronological order

based upon the date of the receipt of the transcription order or request, or the date of the deposit of the partial transcription fee, whichever date is later. Only the presiding judge may direct the court reporter to complete a given transcript or transcripts out of chronological sequence.

2. Should a court reporter be unable to comply with the deadlines set by the applicable state rules or specific orders of the court in a given case, the court reporter shall immediately advise his or her immediate supervisor and the judge or judges involved of that fact.

3. All court reporters shall file with the chief court reporter a monthly report of ordered or requested transcripts in chronological order indicating the date of each order/request/deposit, the approximate length of the record ordered to be transcribed, the status of the transcription, and the expected date of lodging.

4. Where a court reporter is unable to meet applicable deadlines for transcription, the chief court reporter, after consultation with the judge or judges involved, and with the approval of the district court administrator, may temporarily remove a court reporter from courtroom duties or direct that alternative means for completing the transcription be used. Any reprioritizing of the chronological preparation of transcripts, except as provided in paragraph 1 of this Rule, will require the advance approval of all judges affected thereby.

Rule 5000.7. Fees for Transcripts.

(a)(1) When a person or entity other than the Commonwealth or one of its political subdivisions requests a transcript, such person or entity shall be liable for the costs of the original transcript at the rate of \$2.50 for each page thereof and shall pay the court reporter one-half (1/2) the estimated cost for the transcript at the time such person or entity requests the transcript, and the balance upon completion of the transcript. The court reporter shall not be required to start the transcription until such advance payment is made in full, but when such advance has been paid, the court reporter shall begin the transcription of his or her notes as requested pursuant to Luz. R.J.A. 5000.5.

(i) upon completion of the transcript and full payment received, and with the approval of the presiding judge, the court reporter shall lodge and file the original transcript of record and shall deliver one (1) complete and legible copy thereof

a. to the person or entity who ordered the transcript, if, but only if, such person or entity has paid the balance due for the transcript to the court reporter in full, calculated at the rate of \$2.50 for each page of original transcript.

(ii) Where the Commonwealth, or any political subdivision, requests a copy of the transcript, the court reporter shall provide the Commonwealth, or political subdivision thereof, with a complete and legible copy thereof without charge;

(iii) Where any person or entity, other than the Commonwealth, or a political subdivision thereof, requests a copy of the transcript, such person or entity shall purchase the same by paying the court reporter \$1.10 for each page of complete and legible copy.

(2) When the Commonwealth or one of its political subdivisions requests a transcript, the Commonwealth or

such political subdivisions, shall be liable for the cost of the original transcript at the rate of \$2.00 for each page thereof, and

(i) the court reporter, upon receipt of the transcript request, shall begin the transcription of his or her notes as directed by the transcript order pursuant to Luz. R.J.A. 5000.5.

(ii) upon completion of the transcript, the court reporter shall lodge and file the original transcript of record and shall deliver one (1) complete and legible copy thereof

a. to the Commonwealth or political subdivision requesting the transcript.

(iii) upon completion of the transcript, the court reporter shall promptly prepare a voucher to the County of Luzerne to be approved by signature of the presiding judge for payment to the court reporter for said transcript.

(iv) where the Commonwealth or a political subdivision thereof requests a copy of the transcript, but is not liable for the costs of the original transcript, the court reporter shall provide the entity with a complete and legible copy thereof without charge.

(3) Where the County of Luzerne is liable for the cost,

(i) the court reporter, upon receipt of the transcript order, shall begin the transcription of his or her notes as directed by the transcript order pursuant to Luz. R.J.A. 5000.5

(ii) upon completion of the transcript, and with the approval of the presiding judge, the court reporter shall lodge and file the original transcript of record and shall deliver one (1) complete and legible copy to each of the following without charge:

a. to any party proceeding in forma pauperis; and

b. to any person or entity, including but not limited to the Commonwealth, or any of its political subdivisions, county solicitor, and/or judge.

(iii) upon completion of the transcript, the court reporter shall promptly prepare a voucher to the County of Luzerne to be approved by signature of the presiding judge for payment to the court reporter for said transcript.

(c) Accelerated schedule: the court reporter shall be compensated at two times the standard rate for an expedited copy and three times the standard rate for a daily copy.

(d) Any judge of the court, the district attorney, and county solicitor shall each be entitled to a copy of the transcript in any proceeding upon request without charge. In such case, the county shall be liable for the costs of preparing the original transcript whenever no other person or entity is otherwise liable for the cost thereof pursuant to paragraph (3) (iii) above.

(e) Nothing in this rule shall authorize delivery of a transcript, or copy thereof, in a proceeding where the record is impounded, to any person or entity not otherwise entitled to the same.

RULES AND REGULATIONS

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CH. 3]

Allocation of Joint Expenses

The Insurance Department (Department) by this order deletes Chapter 3 (relating to allocation of joint expenses) to read as set forth at 30 Pa.B. 5019 (September 30, 2000). The chapter applied to property and casualty insurers, the State Workmen's Insurance Fund and title insurers. The chapter prescribed accounting rules for allocation of joint expenses in financial statements.

Purpose

The purpose of this rulemaking is to delete Chapter 3 to eliminate obsolete, unnecessary regulations. The regulations were initially adopted October 21, 1949, and last amended July 7, 1970, under the authority of the act of May 9, 1949 (P. L. 1025, No. 289) (40 P. S. §§ 1261—1264) (act). Specifically, sections 1 and 2 of the act (40 P. S. §§ 1261 and 1262) require property and casualty insurers, the State Workmen's Insurance Fund and title insurers to maintain uniform classifications of accounts and records as may be prescribed by the Insurance Commissioner (Commissioner) and, in addition, to file reports in a form determined by the Commissioner. The regulations were adopted to prescribe uniform accounting rules for the allocation of joint expenses in financial reports filed with the Commissioner. Joint expenses are expenses shared among members of a group of entities.

Section 320(a) of The Insurance Company Law of 1921 (40 P. S. § 443(a)) requires insurers to file annual financial statements and, as amended by the act of December 18, 1992 (P. L. 792, No. 176), states in pertinent part:

(a)(1) Every stock and mutual insurance company, association, and exchange, doing business in this Commonwealth, shall annually, on or before the first day of March, file in the office of the Insurance Commissioner and with the National Association of Insurance Commissioners a statement which shall exhibit its financial condition on the thirty-first day of December of the previous year[. . .] The Insurance Commissioner shall require each insurance company, association and exchange to report its financial condition on the statement convention blanks, in such form as adopted by the National Association of Insurance Commissioners[. . .] and may make such changes, from time to time, in the form of the same as shall seem best adapted to elicit from them a true exhibit of their financial condition.

(2) Unless otherwise provided by law, regulation or order of the Insurance Commissioner, each insurance company, association and exchange shall adhere to the annual or quarterly statement instructions and the accounting practices and procedures manuals prescribed by the National Association of Insurance Commissioners[. . .]

Under the authority of the act and section 320 of The Insurance Company Law of 1921, the Commissioner has determined that the annual statement instructions and the accounting practices and procedures manual (manual) prescribed by the National Association of Insurance Commissioners (NAIC) sufficiently address the allocation of

joint expenses. Specifically, Statement of Statutory Accounting Principles No. 70 in the manual establishes statutory accounting principles for the apportionment of shared expenses and refers to the applicable annual statement instructions. The regulations codified in Chapter 3 in no manner enhance the NAIC instructions and manual. In addition, §§ 3.4(a) and 3.6 (relating to records required; and other applicable instructions) refer to requirements in Chapter 9 that have been deleted effective August 8, 1998. Therefore, the regulations are outdated and are no longer needed.

Statutory Authority

This final-form rulemaking is adopted under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412), the act and section 320 of The Insurance Company Law of 1921.

Comments

Notice of the proposed rulemaking was published at 30 Pa.B. 5019 with a 30-day public comment period.

No comments were received from the standing committees. The Insurance Federation of Pennsylvania, Inc., commented in support of the proposed rulemaking to delete the regulations. On November 30, 2000, the Independent Regulatory Review Commission (IRRC) notified the Department that IRRC had no objections, comments or suggestions to offer on the proposed rulemaking.

Fiscal Impact

The deletion of the regulations has no fiscal impact on State government, the general public, political subdivisions or the private sector.

Paperwork

The deletion of the regulations will impose no additional paperwork requirements on the Department or insurers.

Persons Regulated

The deletion of the regulations affects property and casualty insurers, the State Workmen's Insurance Fund and title insurers.

Contact Person

Questions or comments regarding this final-form rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Insurance Department, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429. Questions and comments may also be e-mailed to psalvatore@state.pa.us or faxed to (717) 705-3873.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 21, 2000, the Department submitted a copy of the proposed rulemaking to IRRC and to the Chairpersons of the Senate Committee on Banking and Insurance and the House Committee on Insurance. In addition to the submitted rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation."

In compliance with section 5(c) of the Regulatory Review Act, the Department also provided IRRC and the

Committees with copies of the comments received. A copy of that material is available to the public upon request.

Under section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), this final-form rulemaking was deemed approved by the Senate and House Committees on March 14, 2001. IRRC met on March 22, 2001, and the proposal was deemed approved in accordance with section 5(g) of the Regulatory Review Act.

Findings

The Commissioner finds that:

(1) Public notice of intention to adopt this rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this rulemaking in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Commissioner, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 31 Pa. Code Chapter 3, are amended by deleting §§ 3.1—3.6 to read as set forth at 30 Pa.B. 5019.

(b) The Commissioner shall submit this order and 30 Pa.B. 5019 to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law.

(c) The Commissioner shall certify this order and 30 Pa.B. 5019 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

INSURANCE DEPARTMENT
[31 PA. CODE CH. 11]
Miscellaneous Provisions

The Insurance Department (Department) by this order amends Chapter 11 (relating to miscellaneous provisions) to read as set forth at 30 Pa.B. 5020 (September 30, 2000). Except as otherwise provided, Chapter 11 applies to property and casualty insurance companies, associations, exchanges and employees' mutual liability associations and organizations, including the State Workmen's Insurance Fund; Chapter 11 does not apply to title insurance. The final-form regulations clarify charges made by the Department in filing or certifying records; and prescribe accounting rules for reporting electronic data processing equipment, allocating commission on

sliding scale or guaranteed profit reinsurance contracts, and classifying and allocating salvage and subrogation recovery expenses.

Purpose

The purpose of these final-form regulations is to update Chapter 11 by eliminating obsolete and unnecessary provisions and by updating and clarifying the scope of the accounting rules in the final-form regulations.

Sections 1 and 2 of the act of May 9, 1949 (P. L. 1025, No. 289) (act) (40 P. S. §§ 1261 and 1262) require property and casualty insurers, the State Workmen's Insurance Fund and title insurers to maintain uniform classifications of accounts and records as may be prescribed by the Insurance Commissioner (Commissioner) and, in addition, to file reports in a form determined by the Commissioner. Further, section 320(a) of The Insurance Company Law of 1921 (40 P. S. § 443(a)), as amended by the act of December 18, 1992 (P. L. 792, No. 176), states in pertinent part:

(a)(1) Every stock and mutual insurance company, association, and exchange, doing business in this Commonwealth, shall annually, on or before the first day of March, file in the office of the Insurance Commissioner and with the National Association of Insurance Commissioners a statement which shall exhibit its financial condition on the thirty-first day of December of the previous year [. . .] The Insurance Commissioner shall require each insurance company, association and exchange to report its financial condition on the statement convention blanks, in such form as adopted by the National Association of Insurance Commissioners [. . .] and may make such changes, from time to time, in the form of the same as shall seem best adapted to elicit from them a true exhibit of their financial condition.

(2) Unless otherwise provided by law, regulation or order of the Insurance Commissioner, each insurance company, association and exchange shall adhere to the annual or quarterly statement instructions and the accounting practices and procedures manuals prescribed by the National Association of Insurance Commissioners [. . .]

Under the authority of the act and section 320 of The Insurance Company Law of 1921, the Commissioner has determined that the annual statement instructions and the accounting practices and procedures manual (manual) prescribed by the National Association of Insurance Commissioners (NAIC) sufficiently address the reporting of electronic data processing equipment and software and commission on reinsurance contracts for all insurers subject to the act and section 320 of The Insurance Company Law of 1921. Specifically, Statements of Statutory Accounting Principles Nos. 16, 61 and 62 in the NAIC manual establish statutory accounting principles for electronic data processing equipment and software and commission on reinsurance contracts. Sections 11.4—11.6 (relating to reporting of computer or data processing equipment; "sliding scale" or "guaranteed profit" contracts; example of "sliding scale" and "guaranteed profit" contract) in no manner enhance the NAIC instructions and manual. Therefore, §§ 11.4—11.6 are outdated and are no longer needed.

The Commissioner has further determined that the accounting rules in § 11.7 (relating to salvage and subrogation recovery expenses) continue to be needed to supplement the NAIC instructions and manual. Section 11.7 provides specific guidance on the types of expenses

that shall be treated as salvage expense and on proper billing procedures when insurers use outside agencies to perform salvage activities. The NAIC instructions and manual do not include the accounting rules in § 11.7, and the Commissioner believes these rules are needed to provide adequate instructions for reporting salvage and subrogation recovery expenses. Therefore, § 11.7 is being retained in the final-form regulations.

Finally, because §§ 11.4—11.6 are being deleted and the accounting rules in § 11.7 apply only to property and casualty insurance, § 11.1 (relating to applicability) is being deleted and provisions relating to the authority and scope of § 11.7 are being included as new subsections (a) and (b) in § 11.7. These amendments will clarify the scope of the subsections in Chapter 11.

Statutory Authority

These final-form regulations are adopted under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412), the act and section 320 of The Insurance Company Law of 1921.

Comments

Notice of the proposed rulemaking was published at 30 Pa.B. 5020 with a 30-day public comment period.

No comments were received from the standing committees. The Insurance Federation of Pennsylvania, Inc., commented in support of the proposed rulemaking. On November 30, 2000, the Independent Regulatory Review Commission (IRRC) notified the Department that IRRC had no objections, comments or suggestions to offer on the proposed regulations.

Fiscal Impact

The final-form regulations have no fiscal impact on State government, the general public, political subdivisions or the private sector.

Paperwork

The final-form regulations will impose no additional paperwork requirements on the Department or affected insurers.

Persons Regulated

The final-form regulations affect stock and mutual insurance companies, associations and exchanges required to file financial statements with the Commissioner.

Contact Person

Questions or comments regarding the final-form regulations may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Insurance Department, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429. Questions and comments may also be e-mailed to psalvatore@state.pa.us or faxed to (717) 705-3873.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 21, 2000, the Department submitted a copy of the notice of proposed rulemaking to IRRC and to the Chairpersons of the Senate Committee on Banking and Insurance and the House Committee on Insurance for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period. A copy of that material is available to the public upon request.

Under section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), on March 14, 2001, these final-form regulations were deemed approved by the House and Senate Committees. Under section 5(g) of the Regulatory Review Act, IRRC met on March 22, 2001, and the final-form regulations were deemed approved.

Findings

The Commissioner finds that:

(1) Public notice of intention to adopt these final-form regulations by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of these final-form regulations in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Commissioner, acting under the authorizing statutes, orders that:

(1) The regulations of the Department, 31 Pa. Code, Chapter 11, are amended by deleting §§ 11.1, and 11.4—11.6 and amending § 11.7 to read as set forth at 30 Pa.B. 5020.

(2) The Commissioner shall submit this order and 30 Pa.B. 5020 to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law

(3) The Commissioner shall certify this order and 30 Pa.B. 5020 and deposit them with the Legislative Reference Bureau as required by law.

(4) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

INSURANCE DEPARTMENT

[31 PA. CODE CH. 147]

Annual Audited Insurers' Financial Report Required

The Insurance Department (Department) by this order amends Chapter 147 (relating to annual audited insurers' financial report required) to read as set forth in Annex A. The regulations require insurers to have annual audits of their year-end financial statements conducted by independent certified public accountants.

Purpose

The purpose of this rulemaking is to update Chapter 147, commonly referred to as the CPA Audit Rule, to reflect current statutory accounting practices and procedures adopted by the National Association of Insurance Commissioners (NAIC). The regulations prescribe require-

ments for annual audits of financial statements filed by insurers with the Department. The regulations were adopted in 1979 and last amended November 11, 1995. The regulations are based on a model regulation adopted by the NAIC and are included in the NAIC's state accreditation standards for regulation of the financial solvency of the insurance industry. The Commonwealth is currently accredited by the NAIC for compliance with the financial regulation standards. In 1998, the NAIC revised the model regulation to make it consistent with the NAIC's codified *Accounting Practices and Procedures Manual* (manual) effective January 1, 2001. Insurers subject to these regulations have been advised by Department Notice Nos. 1998-04 and 2000-02 that they will be required to adhere to the manual in preparing financial statements to be filed with the Department. This rulemaking will update the regulations to be consistent with the manual and the 1998 revisions to the NAIC model regulation.

This rulemaking amends § 147.4 (relating to contents of annual audited financial report) to address technical issues involving disclosures required in audit reports to be filed under the requirements of the manual.

Section 147.4(2) currently requires the notes to financial statements in annual audited financial reports to include notes required by generally accepted accounting principles (GAAP). Because the Statements of Statutory Accounting Principles (SSAPs) contained in the manual now address all types of required disclosures, the reference to GAAP is no longer needed and has been replaced with a reference to the manual. Section 147.4(2)(i) has been further amended to clarify that the notes shall include a reconciliation of any differences between the audited financial statement and the annual financial statement that the insurer has filed with the Department. Finally, § 147.4(2)(ii) has been deleted because a summary of the ownership and relationships of the insurer and all affiliated companies is required under SSAP No. 1 (relating to disclosure of accounting policies, risks and uncertainties, and other disclosures) in the manual. This amendment will eliminate potentially confusing inconsistencies between the regulations and the manual.

Statutory Authority

This final-form rulemaking is adopted under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) relating to the general rulemaking authority of the Department; section 320 of The Insurance Company Law of 1921 (40 P. S. § 443) relating to the authority of the Commissioner to require insurers to file statements concerning their affairs and financial condition; section 1605(a)(3)(ii) of The Insurance Company Law of 1921 (40 P. S. § 1605(a)(3)(ii)); sections 205 and 206 of The Pennsylvania Fair Plan Act (40 P. S. §§ 1600.205 and 1600.206); 40 Pa.C.S. §§ 6125, 6331 and 6701; sections 11 and 14 of the Health Maintenance Organization Act (40 P. S. §§ 1561 and 1564); section 630 of the act of May 17, 1921 (P. L. 682, No. 284) (40 P. S. § 764a); sections 7 and 25 of the Continuing Care Provider Registration and Disclosure Act (40 P. S. §§ 3207 and 3225); and section 602 of the Fraternal Benefit Societies Code (40 P. S. § 1142.602) which, respectively, relate to the specific regulatory and rulemaking authority of the Department regarding financial reporting by surplus lines insurers, the Pennsylvania Fair Plan, hospital plan corporations, health services plan corporations, health maintenance organizations, preferred provider organizations; and continuing care providers and fraternal benefit societies.

Comments

Notice of the proposed rulemaking was published at 30 Pa.B. 5023 (September 30, 2000) with a 30-day public comment period.

No comments were received from the standing committees. The Insurance Federation of Pennsylvania, Inc., commented in support of the proposed rulemaking. The Independent Regulatory Review Commission (IRRC) submitted its comments and recommendations to the Department on November 30, 2000.

IRRC recommended that the phrase "and other applicable laws and regulations" in § 147.4(b)(2) be deleted or clarified. Section 147.4(b)(2) requires an annual audited financial report to include a reconciliation of differences, if any, between the audited statutory financial statements and the annual statements already on file with the Department. A reference to the specific laws and regulations that require the filing of annual statements with the Department is not needed to understand the meaning and intent of § 147.4(b)(2). Therefore, the Department has responded to IRRC's comment by deleting the phrase "under section 320 of The Insurance Company Law of 1921 (40 P. S. § 443) and other applicable laws and regulations" in this final-form rulemaking.

Fiscal Impact

The final-form rulemaking has no fiscal impact on State government, the general public, political subdivisions or the private sector.

Paperwork

The final-form rulemaking would impose no additional paperwork requirements on the Department or affected insurers.

Persons Regulated

The final-form rulemaking applies to insurance companies, other insurer entities and continuing care providers licensed to transact business in this Commonwealth and the independent certified public accountants retained by those insurers to conduct annual audits.

Contact Person

Questions or comments regarding this final-form rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Insurance Department, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429. Questions and comments may also be e-mailed to psalvatore@state.pa.us or faxed to (717) 705-3873.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 21, 2000, the Department submitted a copy of this proposed rulemaking to IRRC and to the Chairpersons of the Senate Committee on Banking and Insurance and the House Committee on Insurance. In addition to the submitted proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation."

In compliance with section 5(c) of the Regulatory Review, the Department also provided IRRC and the Committees with copies of the comments received. A copy of that material is available to the public upon request.

This final-form regulation was deemed approved by the Senate and House Committees on March 14, 2001, in

accordance with section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)). IRRC met on March 22, 2001, and approved the final-form regulation in accordance with section 5.1(e) of the Regulatory Review Act.

Findings

The Commissioner finds that:

(1) Public notice of intention to adopt this rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202), and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this rulemaking in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Commissioner, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 31 Pa. Code Chapter 147, are amended by amending § 147.4 to read as set forth in Annex A.

(b) The Commissioner shall submit this order and Annex A to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law.

(c) The Commissioner shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

Annex A

TITLE 31. INSURANCE

PART VIII. MISCELLANEOUS PROVISIONS

CHAPTER 147. ANNUAL AUDITED INSURERS' FINANCIAL REPORT REQUIRED

§ 147.4. Contents of annual audited financial report.

(a) The annual audited financial report shall reflect the financial condition of the insurer as of the end of the most recent calendar year and the results of its operations, cash flows and changes in capital and surplus for the year then ended in conformity with statutory accounting practices prescribed, or otherwise permitted, by the Department. Statutory accounting practices are those practices and procedures prescribed by the *Accounting Practices and Procedures Manuals* published by the National Association of Insurance Commissioners, or as otherwise prescribed or provided by specific statutes, regulations, orders or rulings of the Commonwealth or the Department.

(b) The annual audited financial report shall, at a minimum, include the following:

(1) Financial statements that present in a comparable manner, as of the end of the current and the preceding calendar year, the financial condition of the insurer, including the following:

(i) Balance sheet reporting admitted assets, liabilities, capital and surplus.

(ii) Statement of operations.

(iii) Statement of cash flows.

(iv) Statement of changes in capital and surplus.

(2) Notes to financial statements. These notes shall be those required by the appropriate National Association of Insurance Commissioners Annual Statement Instructions and *Accounting Practices and Procedures Manual*. The notes shall include a reconciliation of differences, if any, between the audited statutory financial statements and the annual statements filed with the Department, with a written description of the nature of these differences, particularly with respect to surplus or stockholder equity and the results of operations. The insurer shall file an amendment to its annual statement with the Department, the National Association of Insurance Commissioners and other states in which the insurer is licensed, to reflect differences between the audited statutory financial statement and the annual statement filed with the Department within 60 days of the filing date of the audited financial report. The Commissioner may require amendments to financial statements to be filed with the Department and the National Association of Insurance Commissioners on diskettes or other electronic information storage devices acceptable to the Commissioner.

(3) The report of an independent certified public accountant prepared in compliance with this chapter, including notification of adverse financial condition, report on significant deficiencies in internal controls and letter of qualifications of the independent certified public accountant.

(c) The financial statements included in the audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the annual statement of the insurer filed with the Department, and the financial statements shall be comparative, presenting the amounts as of December 31 of the current year and the amounts as of the immediately preceding December 31. In the first year in which an insurer is required to file an audited financial report, the comparative data may be omitted if sufficient detail is made available to the Department upon request. An account which represents less than 5% of the insurer's admitted assets may be aggregated for reporting purposes, except that all invested asset accounts shall be separately reported.

(d) If an error is discovered after a report is filed, the accountant shall withdraw the report and issue a corrected report within 30 days of discovery of the error. To the extent that the error requires an amendment to the insurer's annual financial statement filed with the Department, the insurer shall file an amendment under subsection (b)(2).

Title 52—PUBLIC UTILITIES

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA.CODE CH. 62]

[L-00000149]

Customer Information Disclosure Requirements for Natural Gas Distribution Companies and Natural Gas Suppliers

The Pennsylvania Public Utility Commission (Commission) on November 29, 2000, adopted a final rulemaking order establishing regulations governing information provided on customer bills. The contact persons are Ahmed Kalolo, Bureau of Conservation, Economics and Energy Planning, (717) 787-2139 and Lawrence F. Barth, Law Bureau, (717) 772-8579.

Executive Summary

On June 22, 1999, Governor Tom Ridge signed into law the Natural Gas Choice and Competition Act, 66 Pa.C.S. §§ 2201—2212 (act). The act revised 66 Pa.C.S. (relating to Public Utility Code) (code), so that the natural gas industry would be restructured so as to allow the retail sale of natural gas in an open market. In short, individual customers would be able to choose from independent suppliers of gas who would not necessarily be affiliated with the local gas utility.

In enacting this legislation, the General Assembly made it clear that information provided on customer bills and released to other parties should continue to be a matter for Commission oversight. See sections 2205(c)(2) and 2206(c) of the act (relating to duties of natural gas distribution companies; and consumer protections and customer service). To fulfill this obligation, the Commission convened a working group to develop suggestions which would assist the Commission in this area. Based upon the product of that group and upon our experience in the restructuring of the electric industry, we issued interim customer information guidelines.¹ These final-form regulations are intended to supplant the Interim Guidelines and govern the provision of customer information in the retail natural gas industry.

For retail natural gas users to enjoy the potential benefits available through competition, they not only must be able to compare prices, but to understand the terms of their natural gas service and, where possible, to compare the terms and conditions of service offered by different providers. The regulations will ensure that, to the greatest extent possible, these terms and conditions of service will be provided in a uniform fashion across this Commonwealth so as to ensure a smooth transition to full retail choice through the implementation of uniform Statewide procedures.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on May 11, 2000, the Commission submitted a copy of the notice of proposed rulemaking, published at 30 Pa.B. 2605 (May 27, 2000), to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committee for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the

comments received during the public comment period, as well as other documents when requested. In preparing these final-form regulations, the Commission has considered the comments from IRRC, the Committees and the public.

Under section 5.1(d) of the Regulatory Review Act (71 P.S. § 745.5a(d)), on February 21, 2001, these final-form regulations were deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on March 8, 2001, and approved the final-form regulations.

Public Meeting held

Commissioners Present: Robert K. Bloom, Vice Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Final Rulemaking Order

By the Commission:

On March 2, 2000, we adopted a proposed rulemaking order establishing customer information disclosure requirements for the natural gas industry in this Commonwealth. The order was entered on March 6, 2000, at Docket No. L-00000149. The regulations, which are required under sections 2205(c) and 2206(c) of the act, were undertaken as part of the implementation duties performed by the Commission under the act. Signed into law on June 22, 1999, by Governor Tom Ridge, the act revised the code by adding Chapter 22 (relating to natural gas competition) restructuring the natural gas utility industry.

By this final-form rulemaking order, we adopt regulations which require each natural gas supplier (NGS) to furnish adequate and accurate information that enables consumers to make informed choices regarding the purchase of all natural gas services offered by that provider. In general, our regulations mandate that all information shall be provided to customers in an understandable format that allows them to compare prices and services on a uniform basis. This is consistent with our policy statement in § 69.251 (relating to plain language—statement of policy) regarding the use of plain language in all written communications with consumers. Moreover, by this final rulemaking order, we direct that all natural gas providers strictly adhere to that policy statement.

To facilitate the establishment of interim requirements prior to the promulgation of regulations, we proposed a set of interim requirements regarding customer information disclosure. On October 20, 1999, after receiving and considering written comments, we adopted these interim guidelines.² Through this order and the final-form regulations in Annex A, we are adopting permanent regulations to supplant the interim guidelines. These final-form regulations will govern the provision of customer information in the retail natural gas industry.

The proposed regulations in Docket No. L-00000149 were published for comment in 30 Pa.B. 2605, with a 45-day comment period established. Written comments were provided by IRRC, the Office of Consumer Advocate (OCA), Community Legal Services, Inc. (CLS), CNG Retail Services Corporation (CNGR), the Consumer Advisory Council (CAC), the Pennsylvania Gas Association (PGA) and Lawrence G. Spielvogel, Inc. Discussions about the proposed rulemaking also occurred during meetings with IRRC.

¹ *Interim Customer Information Disclosure Requirements for Natural Gas Distribution Companies and Natural Gas Suppliers*, Docket No. M-00991249F0005, Order (Entered October 20, 1999).

² *Interim Customer Information Disclosure Requirements for Natural Gas Distribution Companies and Natural Gas Suppliers*, Docket No. M-00991249F0005, Order (Entered October 20, 1999).

Following review and consideration of the comments and discussions, the Commission has developed final-form regulations. The overall objective of these final-form regulations, of assuring that consumers have accurate and adequate information for meaningfully participate in a competitive market for natural gas, has not changed. However, in response to the persuasive comments of several interested parties, we have revised certain language in an effort to clarify many of the requirements. Each change is discussed in more detail.

Through these final-form regulations, we have attempted to achieve a balance between the need for customer information and the development of competition in the retail natural gas industry. In doing so, we recognize that the varied forms of customer communications, such as billing, disclosure statements, customer choice of supplier, products and prices, customer relations, licensing requirements and distribution services, are interrelated and are important aspects of customer information disclosure requirements.

It should also be noted that the Commission reserves the right to waive any or all requirements of these regulations upon petition by an affected party under § 5.43 (relating to petitions for issuance, amendment, waiver or repeal of regulations).

§ 62.72. Definitions

1. Definition of Disclosure Statement

a. Position of the Parties

The CLS and IRRC state it is confusing to use the two different terms "consumer contract" and "disclosure statement" as if they are interchangeable throughout the final-form regulations. IRRC suggests that we use the term disclosure statement and define it in § 62.72.

b. Resolution

We agree that it is better to settle on the use of a single term, disclosure statement, and that we should use that term consistently throughout these final-form regulations. We will delete the term consumer contract in § 62.72 and we will add the term disclosure statement and define it to indicate that it is a consumer contract.

2. Definition of Historical Billing Data

a. Position of the Parties

The PGA recommends that we modify the definition of "historical billing data" to delete dollar amounts billed, and to change the term to "historical usage data." The PGA questions the value to customers of the dollar amounts billed, an issue in § 62.76 (relating to request for information), and the sensitivity of small business customers to the release of data containing dollar amounts billed, an issue in § 62.78 (relating to privacy of customer information). The PGA makes a reference to electric industry data transfer (EDI) proceedings to support its position.

b. Resolution

The PGA raises two separate issues. First, we are not convinced that the dollar amount billed has no value to the customer in § 62.76. A combination of usage data and the dollar amounts billed allows the customer to calculate a cost per unit of usage and the annual amount billed. In addition, the dollar amounts billed are likely to be more meaningful to a customer than the usage amounts and just as helpful when shopping for natural gas supply.

Second, we believe that the PGA does not have a clear understanding of the privacy issue in § 62.78. The re-

lease of private information in these final-form regulations contain somewhat different private information than the private information contained in the enrollment process. In the enrollment process, the Commission gives the customer the ability to restrict the release of load data (usage data) to suppliers. However, once a customer chooses a supplier, the load data is automatically released to the supplier. The enrollment process does not address the release of data to third parties. That is where these final-form regulations come into play.

We use the term historical billing data so that we can combine load data and dollar amounts billed into a single piece of private information and this is consistent with our regulations for the electric industry. We see no relevance to the EDI proceedings for the electric industry. Since customers may be sensitive about the release of usage data and billed data to third parties, we believe it is necessary to provide them with the ability to restrict the release of the information.

3. Definitions of NGDC, NGS, Natural Gas Distribution Service, Natural Gas Supply Services and Retail Gas Customer

a. Position of the Parties

IRRC and the PGA suggest that we should revise our definition for NGS to be consistent with the definition in the act and IRRC further suggests the same for the definitions of "NGDC—natural gas distribution service," "NGS—natural gas supply services" and "retail gas customer."

b. Resolution

We agree with IRRC and the PGA and we will revise the definitions to reflect the definitions in the act.

4. Definition of Nonbasic Services

a. Position of the Parties

IRRC asks that we consider including some examples of nonbasic services in the definition.

b. Resolution

We will accommodate IRRC and we will add two examples of nonbasic services: gas line repair program and gas appliance warranty program.

§ 62.73. Standards and pricing practices for retail natural gas service

1. Glossary of Gas Terms for the Consumer

a. Position of the Parties

IRRC and the PGA point out that the document that appears on the Commission's website is titled Glossary of Gas Terms for the Consumer and asks why it is not referenced in § 62.73(3) and (4).

b. Resolution

We intend to change the name of the Glossary of Gas Terms for the Consumer to the Consumer's Dictionary for Natural Gas Competition. We will revise our website after these regulations become final. Since the Common Natural Gas Competition Terms document contains many of the same terms used in the Glossary (Dictionary), and is part of this regulation, we must wait for this regulations to become final before we can rename (from Glossary to Dictionary) and revise the Dictionary.

2. *The Party Responsible for the Distribution of the Dictionary*

a. *Position of the Parties*

IRRC states that it is unclear whether the phone number and address to be provided in § 62.73(3) are the NGDC's or the Commission's.

b. *Resolution*

We will revise paragraph (3) to clearly indicate that it is the NGDC's phone number and address.

3. *Inclusion of a Cross-Reference to the Act for Consumer Education Programs*

a. *Position of the Parties*

To improve the clarity of § 62.73(4), IRRC asks that we include a cross reference to section 2206(d) of the act, which mandates consumer education programs.

b. *Resolution*

We agree with IRRC and we will add the cross-reference to section 2206(d) of the act.

§ 62.74 *Bill format for residential and small business customers*

1. *Definitions of Marketed Prices, Disclosure Statement Prices and Billed Prices*

a. *Position of the Parties*

IRRC and the PGA ask what the difference is between marketed prices, the agreed upon prices in the disclosure statement and billed prices. IRRC suggests that we use a single term if all three terms have the same meaning or define them if each has a different meaning.

b. *Resolution*

There are three types of customer information where an NGS discloses pricing to customers: marketing materials, the written disclosure statement and the customer bill. Typically, these disclosures are given to a customer in that order. We believe it is imperative that the prices reflected in each of these types of customer information be consistent with each other. When a customer responds to a marketing piece of customer information and accepts a price offer from an NGS, we expect the written disclosure statement to reflect the marketed price. We then expect the billed price to reflect both the marketed price and the agreed upon price in the written disclosure statement. If there is a difference in pricing among these three pieces of customer information, then there is reason to suspect fraudulent behavior on the part of the NGS.

Finally, we agree with IRRC's suggestion to define the terms. Marketed prices are the disclosed prices on NGS marketing customer information. Disclosure statement prices are the disclosed NGS prices in the written disclosure statement. Billed prices are the disclosed NGS prices on the customer bill. We will revise §§ 62.72, 62.74(a), 62.75(a) and 62.77(a) accordingly.

2. *Addition of Interstate Pipeline Transition Cost Surcharges as a Basic Charge*

a. *Position of the Parties*

The PGA recommends that we add "interstate transition cost surcharges" to the list of basic charges in § 62.74(b)(3) because it is a charge approved by FERC and currently is a line item appearing on many NGDC bills.

b. *Resolution*

We agree with the PGA and we will revise the regulation accordingly.

3. *Inclusion of Meter Readings*

a. *Position of the Parties*

Spielvogel stated that meter readings should be included in this section.

b. *Resolution*

We do not agree that this information should be added here and point out that beginning and ending meter readings are already required § 56.15(2) (relating to meter reading; estimated billing; ratepayer readings).

4. *EGS Contract Expiration Dates on Bills*

a. *Position of the Parties*

Spielvogel contends that the supplier part of the bill format should include the month and year of the contract expiration. This would give customers ready access to this information without having to go back to the original contract.

b. *Resolution*

We agree with Spielvogel that contract expiration date reminders are useful but we disagree with placing that information on customer bills. Contract expiration dates apply only to customers that have a fixed term agreement with their NGS. It is important to note that not all customers have fixed term agreements. We believe that the contract expiration date is a written disclosure statement issue and not a billing issue. Also, we contend that it is better to keep billing and contract issues separate from both a cost effective and customer confusion standpoint. Finally, we point out that NGSs must provide two advance notices of contract expiration at about 90 and 60 days prior to the expiration date. We believe that we have provided adequate disclosure of the contract expiration date to customers.

5. *Applicability of 52 Pa. Code § 56.15*

a. *Position of the Parties*

IRRC and the CLS argue that we should delete the phrase "to the extent they apply" because there is no billing situation that is not subject to § 56.15.

b. *Resolution*

While we agree that portions of § 56.15 apply to NGSs, we point out, as examples, that §§ 56.15 (5), (12) and (13) do not apply to NGSs. However, it appears that we have confused the parties with the language § 62.74(b)(5) and we realize that a clarification will be helpful. Thus, we will revise "to the extent they apply" to read as follows: "to the extent that § 56.15 is applicable."

6. *PUC Authority to Approve Bills*

a. *Position of the Parties*

The CAC opines that the Commission should have the authority to approve bill formats as part of the licensing process.

b. *Resolution*

We appreciate the comment from CAC but we believe that the current system of requiring a billing entity to go through a Commission bill review prior to issuing bills to customers is a system that is working effectively. In some instances, a bill review is completed at the time of licensing. The timing of the bill review largely depends on when the billing entity develops billing capability.

7. *Statewide Standard Pricing Unit*

a. *Position of the Parties*

While the CAC understands that it may not be practical to mandate a Statewide standard pricing unit in ccfs, Mcfs or Dekatherms, CAC is concerned about the potential confusion that this presents. For example, a customer may relocate from one NGDC territory to another and the NGDCs have different standard pricing units.

b. *Resolution*

We maintain that the most effective standard pricing unit policy is to follow the current standard pricing unit of the NGDC. This requires no change from the current industry practice and customers will not need additional education. However, the CAC raises a valid concern where customer relocation involves a change in the standard pricing unit of its new NGDC. We currently rely on the education campaign of the new NGDC to include a discussion of its standard pricing unit. Our experience with the NGDCs' consumer education efforts has shown that they have adequately addressed this issue and the NGDCs do a good job of reeducating a customer that moves into their territory.

8. *Price to Compare Bill Message or Bill Insert*

a. *Position of the Parties*

Given the frequent changes to the gas supply price, the OCA recommends that the NGDCs be required to send a price to compare letter to customers once per year. In addition, the NGDCs should include a bill message or bill insert whenever the NGDC's price to compare changes, regardless of the frequency of the change.

b. *Resolution*

The requirement for the NGDC to send an annual price to compare letter is outside the scope of these regulations and it is addressed at Docket No. M-00991249F0009, Procedures Applicable to Natural Gas Distribution Companies and Natural Gas Suppliers During the Transition to Full Retail Choice, and at Docket No. M-001326, Creation and Implementation of a Statewide Consumer Education Program for Natural Gas Competition.

§ 62.75. *Disclosure statement for residential and small business customers*

1. *Toll-Free Telephone Numbers for NGDCs and NGSs*

a. *Position of the Parties*

The CLS contends that the expense of toll calls from a customer to an NGS is a deterrent to the development of the free flow of information concerning the conditions of natural gas supply. The CLS recommends that the Commission require NGSs to offer toll-free phone access. The IRRC asks if we have considered requiring toll-free numbers as CLS suggests.

b. *Resolution*

We agree that toll-free access to NGSs has a positive effect on customer participation in the gas market. We have not mandated toll-free access because NGSs are routinely offering toll-free access to customers. NGSs realize the benefits of providing toll-free access and competitive pressures have resulted in the widespread use of toll-free numbers.

2. *Ceiling Price in the Variable Pricing Option*

a. *Position of the Parties*

The PGA argues that in order to accommodate the possibility that there may not be a ceiling price in a variable pricing statement, we should add "as applicable" to the end of the text.

b. *Resolution*

The PGA points out that the requirement to disclose a ceiling price in a variable pricing offer may not be necessary. We agree with the PGA, however, we recognize that we must then expand the conditions of variability requirement to include disclosure of the prescribed method of variability. Therefore, the NGS must clearly disclose its prescribed methodology for price variability. This clarification will eliminate the potential for vague language in the conditions of variability requirement. This clarification will enable the customer to make a more informed decision when accepting a variable pricing offer.

3. *Inclusion of Right of Rescission in the Contract*

a. *Position of the Parties*

The CLS suggests that consumer contracts should include a description of the 3-business days right of rescission.

b. *Resolution*

We agree with CLS and we include the language in § 62.75(d)(1).

4. *Clarification of the Use of the Term "Written Disclosure" at § 62.75(d)(2)*

a. *Position of the Parties*

CLS recommends that we clarify that "written disclosure," in § 62.75(d)(2), refers to the "written disclosure statement." This is important because the receipt of the written disclosure statement triggers the 3 day right of rescission.

b. *Resolution*

We agree with CLS and we will add the word "statement" after "disclosure" to eliminate the potential for customer confusion.

5. *Bundled Pricing*

a. *Position of the Parties*

The CAC argues that bundled prices encompassing many different services deprives the consumer of the pricing information they need about individual services necessary to make informed decisions.

b. *Resolution*

We agree with the CAC and clarify that we already require that each basic and nonbasic service must be separately disclosed.

6. *Contract Status when a Customer Moves*

a. *Position of the Parties*

The CAC asks that we make it clear that the contract is automatically voided when a customer moves.

b. *Resolution*

We agree with CAC and we will revise the regulations by adding the following language in § 62.75 (c)(7), "When a customer moves from one location to another, even if the move is within an NGDC's service territory, the agreement is cancelled."

7. *Cessation of Service*

a. *Position of the Parties*

The OCA recommends that the Commission clearly state that a cessation of service to the customer, either at the expiration of the fixed term agreement or during the fixed term agreement, requires the 90-day and 60-day notices.

b. *Resolution*

The issue of cessation of service is addressed by the Commission at Docket No. M-00001343, Interim Guidelines regarding Notification by a Natural Gas Supplier of Operational Changes Affecting Customer Service and Contracts. Thus, § 62.75(g) does not apply to cessation of service by an EGS.

8. *Expiration Notices*

a. *Position of the Parties*

The CNGR points out that the 90-day and 60-day notice requirements for contract expiration only makes sense for agreements with a term greater than 3 months. If we agree with the CNGR, IRRC asks us to clarify if renewal notices apply to the short-term agreements that are less than 4 months in duration.

b. *Resolution*

We agree with the CNGR and will add language to the effect that this applies to contracts with a term greater than 3 months in length in the appropriate place in § 62.75(g)(1). We have not seen any agreements for less than 4 months proposed by suppliers. However, if a supplier had an agreement for less than 4 months, then these regulations would not apply. We do not feel the short term agreements warrant advance customer notices. We would carefully review such agreements and we would pay particular attention to any renewal and cancellation provisions.

9. *Clarification of the Meaning of the Term "Affirmatively Reselects"*

a. *Position of the Parties*

IRRC asks that we offer a clarification of what the term "affirmatively reselects" means in § 62.75(g)(2).

b. *Resolution*

Simply defined, the term "affirmatively reselects" means that the customer accepts the new offer of the NGS verbally, in writing or electronically. There are a number of ways for the customer to convey the acceptance of the new NGS offer that constitute an affirmative reselection. The following are examples of an affirmative reselection: The customer initiates a telephone call to the NGS and during the conversation the customer accepts the new offer, the NGS initiates a telephone call to the customer and during the conversation the customer accepts the new offer, the customer accepts the new offer by signing a document and returning it to the NGS, or the customer acknowledges the acceptance of the new offer electronically, perhaps by checking a box on a form on the NGS' web site.

We will add these examples to the regulation in the interest of clarity.

10. *Conversion from a Long Term to a Month-to-Month Agreement*

a. *Position of the Parties*

IRRC questions what occurs if an NGS wants to convert a long-term agreement to a month-to-month contract. IRRC also asks if the customer has to positively reselect this option or will the conversion occur if there is

no action on the part of the customer. IRRC recommends that we address this type of conversion in the regulations.

b. *Resolution*

We agree with IRRC that we have not adequately addressed the continuation of a fixed term agreement to a month-to-month agreement when the customer does not respond to the notice. We will add the following language to § 62.75(g)(2). "A fixed term agreement may be converted to a month-to-month agreement, either at the same terms and conditions or at revised terms and conditions, as long as the agreement converts from a fixed term to a month-to-month agreement and contains no cancellation penalties, in the event that the customer does not respond to the notice. A fixed term agreement may be converted to another fixed term agreement as long as the new agreement includes a customer initiated cancellation provision that allows the customer to cancel at any time for any reason and contains no cancellation penalties, in the event that the customer does not respond to the notice."

§ 62.76. *Request for information*

1. *Customer Requests for Energy Efficiency Information*

a. *Position of the Parties*

The PGA assumes that there is no gas counterpart to the "green power" disclosure in the electric industry and recommends that we eliminate the requirement for NGDCs to provide efficiency information to customers upon request. IRRC asks that we choose between the use of "efficiency information" and "information on energy efficiency" and provide a definition for the term we choose.

b. *Resolution*

We disagree with the PGA because the NGDCs' consumer education programs already provide customers with efficiency information upon request and we expect the NGDCs to simply continue current practices. We agree with IRRC and we will use the term "efficiency information" and define it as the existing NGDC efficiency information included in the NGDC's consumer education program.

§ 62.77. *Marketing/sales activities*

1. *Fixed and Tiered Pricing*

a. *Position of the Parties*

The CNGR suggests that we substitute the word "tiered" for the word "fixed" in § 62.77(b)(1) because there would be no need to require the NGS to illustrate fixed price charges at various usage levels since the price per unit will not change based on usage. IRRC asks us to clarify if this section applies to tiered pricing.

b. *Resolution*

The usage levels for the marketing table were determined by reviewing typical historical usage levels for both heating and nonheating customers of the NGDCs. The steps in usage levels are meant to allow a customer to find a close comparison to his individual usage level and corresponding price per standard pricing unit of the NGDC so that he can make an informed decision about the offer from the NGS. While we recognize that the table will show the same results under the common fixed price variation of fixed pricing, we believe that the intended benefit to the customer is significant enough to keep the requirement. In addition, since the tiered pricing varia-

tion is a fixed pricing variation, we do not need to restrict the applicability of this section to just the tiered pricing variation.

2. *Cost of Marketing Table*

a. *Position of the Parties*

The PGA contends that the required marketing table is potentially costly to NGSSs.

b. *Resolution*

We do not believe that the costs are burdensome to NGSSs because our experience with the electric market did not result in any supplier complaints about the cost of the table. Also, the table provides useful information to customers for comparison purposes.

3. *Explanation of When the Marketing Table is Required*

a. *Position of the Parties*

IRRC asks that we clarify when the NGS is required to issue the marketing table as required in § 62.77(b)(1) and (2), either in all marketing materials or just those marketing materials that include a written disclosure statement.

b. *Resolution*

We clarify that the table is required only when the marketing materials contain a written disclosure statement and we will revise § 62.77(b) accordingly.

4. *Ceiling Price in a Variable Pricing option*

a. *Position of the Parties*

The PGA questions the relevance of showing an average price for a variable pricing option in the marketing table and IRRC asks that we be consistent in our requirements in §§ 62.75(c)(2)(i) and 62.77(b)(2).

b. *Resolution*

We agree with the PGA and IRRC and we believe that when we change § 62.77(b)(2) to be consistent with the change we previously agreed to make in § 62.75(c)(2)(ii), the issues that these parties raise will be resolved. Specifically, we will add that the marketing table should be done for both the starting price and the ceiling price, if the ceiling price is applicable. This will eliminate the need for the disclosure of an average price. We will revise § 62.77(b)(2) accordingly.

5. *Use of Equivalent Measures or Standard Pricing Unit of the NGDC*

a. *Position of the Parties*

IRRC and the OCA contend that the marketing table that is required in § 62.77(b) should contain NGS prices according to the standard pricing unit of the NGDC and that we should modify this section accordingly.

b. *Resolution*

We agree with the OCA and IRRC and we will modify the regulations to require that the marketing tables show prices in the standard pricing unit of the NGDC.

6. *Time Frame Applicable to the Marketing Table*

a. *Position of the Parties*

IRRC asks if the marketing table in § 62.77(b)(2) reflects pricing for 1 month or several months. IRRC also asks if the price is for a particular date, as a limited time offer.

b. *Resolution*

The marketing table at both § 62.77(b)(1) and (2) reflect the price for 1 month and we will revise these two sections accordingly. If the marketing table reflects pricing as a limited time offer, then the table should contain such a footnote. We will revise these sections to require a statement about a limited time offer, if applicable.

§ 62.78. *Privacy of customer information*

1. *Use of the Term "Convenient Method"*

a. *Position of the Parties*

The IRRC recommends that we should amend subsection (a) to specify that the customer must be given the option of restricting the release of private information consistent with subsection (b), which contains a list of the acceptable convenient methods.

b. *Resolution*

We agree with IRRC and we will revise subsection (a) consistent with IRRC's recommendation.

§ 62.79. *Complaint handling process*

1. *Toll-Free Phone Numbers*

a. *Position of the Parties*

The CLS requests that all NGDCs and NGSSs provide toll-free numbers for all customers for whom telephone contact is a toll call. IRRC asks if we have considered the requirement.

b. *Resolution*

We have not required the use of toll-free numbers because all NGDCs and NGS appear to already be providing toll-free numbers to customers. The use of toll-free numbers is perceived as a good business practice in a competitive environment and competition has made the use of toll-free numbers commonplace.

2. *Use of the Term "Applicable Standards"*

a. *Position of the Parties*

The CLS contends that the use of the term "applicable standards" in § 62.79(2) creates uncertainty that Chapter 56, Subchapter F (relating to disputes; termination disputes; informal and formal complaints) might not apply to an NGS or an NGDC.

b. *Resolution*

We agree with the CLS that Chapter 56, Subchapter F applies to NGSSs and NGDCs and we will revise this section accordingly.

§ 62.80. *Common natural gas competition terms*

1. *Definition of PUC*

a. *Position of Parties*

The CLS asks that we modify the definition of "PUC—Pennsylvania Public Utility Commission" to include a phrase about the regulation of distribution rates.

b. *Resolution*

We respectfully decline to change our current definition of "PUC—Pennsylvania Public Utility Commission" because we believe it is as simple as possible while covering the most important aspects of the PUC as a regulatory agency. We also note that all bills and written disclosure

statements for residential and small business customers will contain a sentence which says that distribution prices and charges are set by the PUC.

2. *Differences between Common Natural Gas Competition Terms and the Glossary of Gas Terms for the Consumer*

a. *Position of the Parties*

IRCC and the PGA point out that there are discrepancies in the definitions of 14 terms contained in the two Commission reference documents known as the Common Natural Gas Competition Terms and the Glossary of Gas Terms for the Consumer. The PGA asks us to eliminate these differences.

b. *Resolution*

We will change the name of the Glossary of Gas Terms for the Consumer to the Consumer's Dictionary for Natural Gas Competition consistent with § 62.73(3). Additionally, we shall conform the definitions in the Consumer's Dictionary to those appearing in § 62.80.

Accordingly, under sections 501, 1301, 1307 and 1501 of the code, and the Commonwealth Documents Law (45 P.S. § 1201 et seq.), and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1–7.4, we propose to amend our regulations by adding §§ 62.71–62.80, to read as set forth in Annex A; *therefore*,

It Is Ordered that:

1. The Secretary shall submit this order and Annex A for review by the designated standing committees of the General Assembly, and for review by IRRC.

2. The Secretary shall submit this order and Annex A to the Office of the Attorney General for review as to form and legality.

3. The Secretary shall submit a copy of this order and Annex A to the Governor's Budget Office for review of fiscal impact.

4. The Secretary shall certify this order and Annex A and deposit them with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*. This chapter shall become effective upon final publication in the *Pennsylvania Bulletin*.

5. The contact persons are Ahmed Kaloko, Director, Bureau of Conservation, Economics and Energy Planning (technical), (717) 787-2139, and Lawrence F. Barth (legal), (717) 772-8579. Alternate formats of this document are available to persons with disabilities and may be obtained by contacting Sherri DelBiondo, Regulatory Coordinator, Law Bureau, and (717) 772-4597.

6. A copy of this order and Annex A shall be served upon persons who filed comments, natural gas distribution companies subject to the act, licensed NGSs, the OTS and the Office of the Small Business Advocate.

JAMES J. MCNULTY,
Secretary

Annex A

TITLE 52. PUBLIC UTILITIES

PART I. PENNSYLVANIA PUBLIC UTILITY COMMISSION

Subpart C. FIXED UTILITIES

CHAPTER 62. NATURAL GAS SUPPLY CUSTOMER CHOICE

Subchapter C. CUSTOMER INFORMATION DISCLOSURE

Sec.	Purpose.
62.71.	Definitions.
62.72.	Standards and pricing practice for retail natural gas service.
62.73.	Bill format for residential and small business customers.
62.74.	Disclosure statement for residential and small business customers.
62.75.	Request for information.
62.76.	Marketing/sales activities.
62.77.	Privacy of customer information.
62.78.	Complaint handling process.
62.79.	Common natural gas competition terms.
62.80.	

§ 62.71. Purpose.

(a) The purpose of this subchapter is to require that all natural gas providers enable customers to make informed choices regarding the purchase of all natural gas services offered by providing adequate and accurate customer information. Information shall be provided to customers in an understandable format that enables customers to compare prices and services on a uniform basis.

(b) As to the scope of this subchapter, this section and §§ 62.72 and 62.73 (relating to definitions; and standards and pricing practices for retail natural gas service) apply to all customers, including large commercial and industrial customers. Sections 62.74–62.79 apply only to residential and small business customers, as defined in § 62.72. Section 62.80 (relating to common natural gas competition terms) applies as described in § 62.73(4).

§ 62.72. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Basic services—Services necessary for the physical delivery of natural gas to a retail customer, consisting of natural gas distribution services and natural gas supply services.

Billed prices—The disclosed NGS prices on the customer bill.

City gate—The point where interstate pipelines deliver gas into NGDC facilities.

Commission—The Pennsylvania Public Utility Commission.

Commodity charges or natural gas supply charges—Basic service charges for natural gas supply services to retail customers, excluding charges for natural gas distribution services.

Consumer—A retail gas customer.

Customer—A person that buys retail natural gas.

Customer information—Written, oral or electronic communications used by natural gas providers to communicate to consumers prices and terms of service.

Disclosure statement—The written disclosure of the terms of service between an NGS and a customer which

satisfies the definition of "consumer contract" in section 3 of the Plain Language Consumer Contract Act (73 P. S. § 2203).

Disclosure statement prices—The disclosed NGS prices in the disclosure statement.

Distribution charges—Basic service charges for the delivery of natural gas to a retail customer from the point of receipt into the NGDC's distribution system. These charges include basic service under § 56.15(4) (relating to billing information) and universal service, as applicable.

Efficiency information—The existing NGDC efficiency information included in the NGDC's consumer education program.

Historical billing data—The minimum of 12 months of data as recorded by the NGDC, which contains usage data and dollar amount billed, unless 12 months of this data is not available, in which case the NGDC shall provide as much billing data as available. This data is thousand cubic feet (Mcf), hundred cubic feet (ccf) or dekatherms (Dth) consumption at some prescribed interval of consumption and associated cost.

Marketed prices—The disclosed prices on NGS marketed customer information.

NGDC—Natural gas distribution company—A public utility or city natural gas distribution operation that provides natural gas distribution services and which may provide natural gas supply services and other services. For purposes of this subchapter, the term does not include the following:

(i) Any public utility subject to the jurisdiction of the Commission which has annual gas operating revenues of less than \$6 million per year, except when the public utility voluntarily petitions the Commission to be included within this definition or when the public utility seeks to provide natural gas supply services to retail gas customers outside its service territory.

(ii) A natural gas public utility subject to the jurisdiction of the Commission that is not interconnected to an interstate gas pipeline by means of a direct connection or an indirect connection through the distribution system of another natural gas public utility or through a natural gas gathering system.

NGS—Natural gas supplier—An entity other than an NGDC, but including NGDC marketing affiliates, which provides natural gas supply services to retail gas customers utilizing the jurisdictional facilities of an NGDC.

(i) The term includes an NGDC that provides natural gas supply services outside its certificate service territories.

(ii) The term includes a municipal corporation, its affiliates or any joint venture, to the extent that it chooses to provide natural gas supply services to retail customers located outside of its corporate or municipal limits, as applicable, other than the following:

(A) As provided prior to July 1, 1999, the effective date of 66 Pa.C.S. Chapter 22 (relating to Natural Gas Choice and Competition Act), under a certificate of public convenience if required under 66 Pa.C.S. (relating to Public Utility Code).

(B) The total natural gas supply services in de minimis amounts.

(C) Natural gas supply services requested by, or provided with the consent of, the public utility in whose certificated territory the services are provided.

(D) Natural gas supply services provided to the municipal corporation itself or its tenants on land it owns or leases, or is subject to an agreement of sale or pending condemnation, as of September 1, 1999, to the extent permitted by applicable law independent of 66 Pa.C.S. Chapter 22.

(iii) The term excludes an entity to the extent that it provides free gas to end-users under the terms of an oil or gas lease. Notwithstanding any other provision of this title, an NGS that is not an NGDC is not a public utility as defined in 66 Pa.C.S. § 102 (relating to definitions) to the extent that the NGS is utilizing the jurisdictional distribution facilities of an NGDC or is providing other services authorized by the Commission.

Natural gas distribution service—The delivery of natural gas to retail gas customers utilizing the jurisdictional facilities of the NGDC.

Natural gas providers—The term refers collectively to the NGDC, NGS, marketer, aggregator or broker, or both, as well as any third party acting on behalf of these entities.

Natural gas supply charges or commodity charges—Basic service charges for natural gas supply services to retail customers, excluding charges for natural gas distribution services.

Natural gas supply services—

(i) The term includes the following:

(A) The sale or arrangement of the sale of natural gas to retail customers.

(B) Services that may be unbundled by the Commission under 66 Pa.C.S. § 2203(3) (relating to standards for restructuring of natural gas utility industry).

(ii) The term does not include distribution service.

Nonbasic services—Optional recurring services which are distinctly separate and clearly not required for the physical delivery of natural gas service. Examples include a gas line repair program and a gas appliance warranty program.

Retail gas customer—A direct purchaser of natural gas supply services or natural gas distribution services, other than an NGS. The term excludes an occupant of a building or facility where the owner/operators manage the internal distribution system serving the building or facility and supply natural gas and other related services to occupants of the building or facility; where the owners/operators are direct purchasers of natural gas supply service; and when the occupants are not direct purchasers.

Small business customer—This term refers to a person, sole proprietorship, partnership, corporation, association or other business entity that receives natural gas service under a small commercial, small industrial or small business rate classification, and whose aggregate maximum registered annual consumption with the NGDC was less than 300 Mcfs, or equivalent, over the last 12 months.

§ 62.73. Standards and pricing practices for retail natural gas service.

In furnishing retail natural gas service, NGDCs and NGSs or any entity that otherwise provides retail natural gas service information to customers, shall comply with the following:

(1) Use common and consistent terminology in customer communications, including marketing, billing and

disclosure statements and use the standard pricing unit of the NGDC. The three standard pricing units that are currently used by NGDCs are ccfs, Mcfs and Dths.

(2) Use the term NGDC as described in § 62.72 (relating to definitions) as a standard term.

(3) Use the terms as defined in the Commission's "Consumer's Dictionary for Natural Gas Competition" (Dictionary), maintained on file in the Commission's Office of Communications. NGDCs shall provide this Dictionary upon customer request, and the "Common Natural Gas Competition Terms" as described in paragraph (4) shall indicate the phone number and address of the NGDC to request the Dictionary.

(4) Each NGDC will distribute the "Common Natural Gas Competition Terms," found in § 62.80 (relating to common natural gas competition terms), as part of its consumer education program, as a bill insert or in a separate mailing once per year for the life of the NGDC's choice education campaign, which is mandated in 66 Pa.C.S. § 2206(d) (relating to consumer protections and customer service).

§ 62.74. Bill format for residential and small business customers.

(a) NGS billed prices shall reflect the marketed prices and the disclosure statement prices.

(b) The following requirements apply only to the extent to which an entity has responsibility for billing customers, and to the extent that the charges are applicable. Duplication of billing for the same or identical charges by both the NGDC and NGS is not permitted.

(1) NGDC charges shall appear separately from NGS charges.

(2) Charges for basic services shall appear before charges for nonbasic services, and appear distinctly separate.

(3) Customer bills shall contain the following charges, if these charges are applicable, and these charges shall appear in a distinct section of the bill. The designation or label of each charge as either a basic charge or nonbasic charge appears in parentheses following the name of the charge. This label of either basic or nonbasic is not required to accompany the name of the charge on the bill.

(i) Commodity charges (basic).

(A) Commodity charges shall be presented in the standard pricing unit for natural gas of the NGDC in actual dollars or cents per standard pricing unit or actual average dollars or cents per standard pricing unit.

(B) Commodity charges shall appear first among the basic charges with one exception. NGDCs may place the customer charge first among the basic charges.

(ii) Distribution charges (basic).

(iii) Customer charge or basic charge (charge for basic service in § 56.15 (relating to billing information)) (basic).

(iv) Gas cost adjustment charges (basic).

(v) Interstate transition cost surcharges (basic).

(vi) Taxes (Comply with § 56.15) (basic).

(vii) Late payment charges (basic).

(viii) Security deposit (basic).

(ix) Reconnection fee (basic).

(x) Itemization of nonbasic charges (nonbasic).

(xi) Overall billing total.

(4) The entity reading the meter for billing purposes shall provide the following natural gas use data figures:

(i) The total annual natural gas use for the past 12 months in the standard pricing unit of the NGDC including the current billing cycle. This is a single cumulative number.

(ii) The average monthly natural gas use for the past 12 months in the standard pricing unit of the NGDC including the current billing cycle. This is a single cumulative number.

(5) The requirements of § 56.15 shall be incorporated in customer bills to the extent that § 56.15 applies.

(6) Definitions for the following charges and terms are required in a customer's bill, if they appear as billing items, as contained in § 62.80 (relating to common natural gas competition terms), and shall be in a distinctly separate section of the bill:

(i) Commodity charges.

(ii) Distribution charges.

(iii) Customer charge/basic charge (charge for basic service in § 56.15).

(iv) Gas cost adjustment charges.

(v) The standard pricing unit of the NGDC, either, ccf, Mcf or Dth.

(7) "General Information" is the required title for customer contact information in a customer's bill.

(i) The name, address, telephone number and Internet address for the NGS and NGDC shall be included.

(ii) Both NGDC and NGS information in subparagraph (i) is required on all customer bills with the billing entity's information first.

(8) When a customer chooses the option to receive a separate bill for competitive natural gas supply, the NGDC shall include in a customer's bill the following information where the NGS charges would normally appear:

(i) The NGS's name.

(ii) A statement that the customer's NGS is responsible for the billing of NGS charges.

(9) When a customer chooses the option to receive a single bill from the NGDC, the NGDC shall include in the customer's bill the name of the NGS where the NGS charges appear.

(10) For customers who have chosen to receive gas supply from a competitive supplier, the customer's bill shall include the following statements which may appear together in a paragraph:

(i) "Commodity prices and charges are set by the natural gas supplier you have chosen."

(ii) "The Public Utility Commission regulates distribution prices and services."

(c) The billing entity shall provide samples of customer bills to the Commission for review prior to issuance to customers.

§ 62.75. Disclosure statement for residential and small business customers.

(a) The disclosure statement prices shall reflect the marketed prices and the billed prices.

(b) The NGS shall provide the customer a written disclosure statement containing the terms of service at no charge whenever:

- (1) The customer requests that an NGS initiate service.
- (2) The NGS proposes to change the terms of service.

(c) The disclosure statement's terms of service shall be disclosed, including the following terms and conditions, if applicable:

(1) Commodity charges shall be disclosed according to the actual prices and be presented in the standard pricing unit of the NGDC or other Commission-approved standard pricing unit. Commodity charges shall include estimated total state taxes. Commodity charges exclude State Sales Tax and county tax.

(2) The variable pricing statement (if applicable) shall include:

(i) Conditions of variability (state on what basis prices will vary) including the NGS's specific prescribed variable pricing methodology.

(ii) The starting price and the ceiling price, if the ceiling price is applicable.

(3) An itemization of basic and nonbasic charges distinctly separate and clearly labeled.

(4) The length of the agreement, which includes:

(i) The starting date.

(ii) The expiration date, if applicable.

(5) An explanation of sign-up bonuses, add-ons, limited time offers, other sales promotions and exclusions, if applicable.

(6) An explanation of prices, terms and conditions for special services, if applicable.

(7) The cancellation provisions, if applicable. When a customer moves from one location to another, even if the move is within an NGDC's service territory, the agreement is cancelled.

(8) The renewal provisions, if applicable. Automatic renewal is allowed at the same terms and conditions as long as the new agreement is month-to-month.

(9) The name and telephone number of the supplier of last resort.

(10) An explanation of penalties, fees or exceptions, printed in type size larger than the type size appearing in the terms of service. Penalties shall be disclosed in actual dollars or a specific method for determining the actual dollars shall be disclosed.

(11) Customer contact information that includes the name of the NGDC and NGS, and the NGS's address, telephone number, Commission license number and Internet address, if available. The NGS's information shall appear first and be prominent.

(12) A statement that directs a customer to the Commission if the customer is not satisfied after discussing the terms of service contained in the disclosure statement with the NGS.

(13) The name and telephone number for universal service program information.

(d) Customers shall be provided a 3-day right of rescission period following receipt of the disclosure statement from the NGS.

- (1) The 3-day right of rescission is 3 business days.

(2) The 3-day right of rescission begins when the customer receives the disclosure statement from the NGS.

(3) The customer may cancel in writing, orally or electronically, if available, by contacting the NGS.

(4) Waivers of the 3-day right of rescission are not permitted.

(e) The definition for commodity charges is required on natural gas disclosure statements and shall be defined in accordance with § 62.80 (relating to common natural gas competition terms). Definitions for other basic charges, if applicable, are required. Definitions for each of the nonbasic services, if applicable, are required. The definition section of the bill shall be distinctly separate.

(f) The NGS shall include in the customer's disclosure statement the following statements which may appear together in a paragraph:

(1) "Commodity prices and charges are set by the natural gas supplier you have chosen."

(2) "The Public Utility Commission regulates distribution prices and services."

(g) Disclosure statements shall include the following customer notification:

(1) "If you have a fixed term agreement with us that is longer than 3 months and it is approaching the expiration date, we will send you advance written notices at about 90 days and 60 days before the expiration date. If we propose to change our terms of service in any type of agreement, we will send you advance written notices at about 90 days and 60 days before the effective date of the change. If we are billing you directly for our services, then we will provide the notices as a bill message, a bill insert, or in a separate corresponding mailing. If the NGDC is billing our charges for us, then we will provide the notices in separate corresponding mailings. We will explain your options to you in these two advance notifications."

(2) The NGS may add appropriate language in the notice so that the notice may serve as an amendment to the original agreement if the customer affirmatively reselects the NGS. Affirmative reselection occurs when the customer initiates a telephone call to the NGS and during the conversation the customer accepts the new offer, the NGS initiates a telephone call to the customer and during the conversation the customer accepts the new offer, the customer accepts the new offer by signing a document and returning it to the NGS, or the customer acknowledges the acceptance of the new offer electronically, perhaps by checking a box on a form on the NGS's website. These are offered as examples and are not meant to be all inclusive. After a customer affirmatively reselects the NGS, the NGS is relieved of its obligation to fulfill outstanding notice requirements. If the change in terms notice is for a reduction in the price of the commodity charges, the NGS is required to send only one written notice at least 60 but not more than 90 days prior to the effective date of the price change. A fixed term agreement may be converted to a month-to-month agreement, either at the same terms and conditions or at revised terms and conditions, as long as the agreement converts from a fixed term to a month-to-month agreement and contains no cancellation penalties, in the event that the customer does not respond to the notice. A fixed term agreement may be converted to another fixed term agreement as long as the new agreement includes a customer initiated cancellation provision that allows the customer to cancel at any time for any reason and

contains no cancellation penalties, in the event that the customer does not respond to the notice.

(h) If the supplier of last resort changes, the new supplier of last resort shall notify customers of that change, and shall provide customers with the name, address, telephone number and Internet address, if available.

§ 62.76. Request for information.

(a) Natural gas providers shall respond to reasonable customer requests for efficiency information by indicating that these materials are available upon request from the Commission or the NGDC.

(b) Residential and small business customers, upon request from the customer, are entitled to receive at no charge and at least once a year, historical billing data from whomever reads the meter for billing purposes. If the customer is receiving competitive natural gas supply service from an NGS, and receiving a separate bill from the NGS, the NGS will provide dollar amounts billed.

(1) The NGDC is only obligated to provide information that is readily available in its billing system.

(2) The historical billing data shall be conveyed in terms of the NGDC's standard pricing unit, for example, ccfs, Mcfs or Dths, and associated charges for the current billing period and for the year preceding the current billing period.

(3) The historical billing data will be updated with each billing cycle.

(c) Natural gas providers shall notify consumers not less than once per year either in advertising materials, disclosure statements or bills that efficiency information and historical billing data is available upon request.

§ 62.77. Marketing/sales activities.

(a) An NGS's marketed prices shall reflect disclosure statement prices and billed prices and shall be presented in the standard pricing unit of the NGDC.

(b) An NGS's marketing materials that offer terms of service in a disclosure statement for acceptance by customers shall include prices, as follows:

(1) If using a fixed price, the NGS shall show charges for supply service in the standard pricing unit of the NGDC at monthly usage levels equivalent to 15, 80 and 120 ccfs of natural gas in a table format.

(2) If using a variable price mechanism, the NGS shall factor in all costs associated with the rate charged to the customer for supply service, and show the starting price and ceiling price for supply service, if the ceiling price is applicable, in the standard pricing unit of the NGDC at monthly usage levels equivalent to 15, 80 and 120 ccfs of natural gas, in a table format.

(3) The NGS shall note the effective date of the prices shown in the table provided under paragraph (1) or (2) and if the prices are a limited time offer, the NGS shall note the expiration date of the limited time offer.

(c) Advertising materials targeted for residential and small business sales shall be made available upon request of the Commission.

§ 62.78. Privacy of customer information.

(a) An NGDC or NGS may not release private customer information to a third party unless the customer has been notified of this intent and has been given a convenient method, consistent with subsection (b), of notifying the entity of the customer's desire to restrict the

release of the private information. If the customer does not choose to restrict the release of one of the two restriction options in paragraphs (1) and (2), all of the customer's private information may be released to a third party except for the telephone number. If the customer chooses to restrict the release of private customer information, the customer may restrict information released according to one of the following two restriction options:

(1) Restrict the release of only the customer's historical billing data in the NGDC's standard pricing unit, that is, as denominated by the NGDC.

(2) Restrict the release of all private customer information including name, billing address, service address, rate class, rate subclass, account number and historical billing data in the NGDC's standard pricing unit, that is, as denominated by the NGDC.

(b) Customers shall be permitted to restrict information as specified in subsection (a) by returning a signed form, or by oral or electronic communication.

(c) Nothing in this section prohibits the NGS and NGDC from performing their mandatory obligations to provide natural gas service as specified in the disclosure statement and in 66 Pa.C.S. (relating to the Public Utility Code).

(d) Telephone numbers may not be released to third parties.

§ 62.79. Complaint handling process.

NGDCs and NGSs shall disclose to customers the following with respect to the rights of customers in the handling and resolution of complaints:

(1) Residential and small business customers shall directly contact the party responsible for the service in question as an initial step for complaint and problem resolution. If the customer mistakenly contacts the wrong entity, the customer shall be promptly referred to the appropriate contact. In the event of an unexpected loss of firm gas service, the customer shall be directed to the NGDC.

(2) Complaints that pertain to Chapter 56 (relating to standards and billing practices for residential utility service) matters shall be handled and resolved in accordance with the standards in Chapter 56.

(3) NGDCs and NGSs shall give the Commission access to disclosure statements, billing and other customer information resources for compliance reviews as deemed necessary by the Commission. When complaints arise and are brought before the Commission for resolution, the obligation of the NGS shall be extended to the provision of pricing information.

§ 62.80. Common natural gas competition terms.

The following are common natural gas competition terms:

Burner tip—The point at which natural gas is used such as a furnace, water heater or range.

Ccf—100 cubic feet of gas. This is a measure of gas usage.

Chapter 56—The PUC regulations that govern metering, billing and collections for residential gas and electricity service.

City gate—The point where interstate pipelines deliver gas into NGDC facilities.

Commodity charges—The charges for basic gas supply service which is sold either by volume (ccf or Mcf) or heating value (dekatherms).

Customer charge—A monthly charge to cover NGDC costs such as maintaining the gas lines, meter reading and billing.

Distribution charges—The charges for the delivery of natural gas from the point of receipt into the NGDC's system.

Dth (Dekatherm)—A measure of the heat content value of gas. Gas usage is determined by multiplying the Mcf used by the heat content value of the gas.

Gas cost adjustment charges—The amount billed or credited each month to account for differences between projected and actual gas supply costs of the NGDC.

Mcf—1,000 cubic feet of gas. This is a measure of gas usage.

NGDC—Natural gas distribution company—A state regulated natural gas utility which owns the gas lines

and equipment necessary to deliver natural gas to the consumer. (Formerly called local distribution company)

NGS—Natural gas supplier—An entity that sells or arranges to sell natural gas to customers that is delivered through the distribution lines of an NGDC.

PUC—Pennsylvania Public Utility Commission—The State regulatory agency that provides oversight, policy guidance and direction to public utilities and suppliers.

Price to compare—The dollar amount charged by the NGDC used by consumers to compare prices and potential savings with other NGSs.

Storage—Placing natural gas into an underground facility for removal and use at a later date.

Transmission—The moving of natural gas through the interstate pipeline system for delivery to the NGDC.

PROPOSED RULEMAKING

DEPARTMENT OF EDUCATION

[22 PA. CODE CH. 73]

Definitions; Fees

The State Board of Private Licensed Schools (Board), under the authority granted by the Private Licensed Schools Act (act) (24 P.S. §§ 6501—6518), proposes to amend §§ 73.1 and 73.151 (relating to definitions; and fees) to read as set forth in Annex A.

Description of Proposed Amendments

The proposed amendment of § 73.1 adds a new definition for “seminars” and revises the definition of “nonresident.”

The proposed amendment of § 73.151(a) prescribes a new fee for initial licensure of schools that only present seminars, and revises fees for biennial licensure or registration of all schools, and licensure of admissions representatives.

The proposed amendment of § 73.151(b) increases the user fees for other services provided by the Board, which services are in addition to the processing and issuance of original or renewal school licenses, registration and admissions representative licenses.

Reason for Proposed Amendments

The Board’s current fees are fixed by § 73.151. Section 10 of the act (24 P.S. § 6510) authorizes the Board to increase its fees by regulation if the Board’s revenues from fees, fines and civil penalties are not sufficient to meet Board expenditures over a 2-year period.

The Board recently reviewed its fees and determined that current fees are inadequate to meet anticipated revenue needs. The Board estimates that its expenditures for the biennial period covering Fiscal Years 2000-01 and 2001-02 will be \$1,172,033. In contrast, the estimated revenues under the existing fee structure are \$1,044,500.

The proposed fees in § 73.151 should raise sufficient revenue to offset the Board’s projected expenditures for Fiscal Years 2000-01 and 2001-02 while maintaining a surplus, projected to be about \$259,080 by June 30, 2002, as a cushion against unanticipated expenditures or additional revenue shortfalls.

The Board last increased its fees on July 1, 1991. At that time, the Board’s projections assumed substantial growth in the number of original and renewal licenses,

registrations and program applications submitted. The numbers of license, registration, admission representatives and new program applications have decreased since that time and the Board has operated at a deficit in 5 of the 9 preceding fiscal years under the current fee structure. Although the Board has covered previous deficits by drawing on the year-to-year carryover of unused funds, the carryover will be depleted in FY 2001-02, resulting in a negative balance in the Board’s budget. At the same time, estimated expenditures will exceed revenue projections. The current staffing level will need to be maintained for the foreseeable future.

In regard to the inclusion of seminars, an unlicensed school, business or entity that meets the definition of a seminar will be required to submit an original application for licensure or registration and will pay the \$750 initial application fee. Licensure will discourage a business or entity from bait and switch advertising or solicitation under the term “seminar.” It also will provide protection for the consumer in the areas of advertisements and representation, curriculum standards and qualified instructional staff. The reduced original application fee will benefit smaller schools and businesses presenting only seminars. It will not create an onerous burden for schools seeking initial licensure to offer short-term training courses. This type of school will not be required to submit a lengthy application for initial licensure and will be permitted to offer courses in various locations across the State under the revised definition of “nonresident” as set forth in Annex A. After 1 year of operation, biennial renewal fees are on an assessed graduated scale based upon gross tuition revenue. The lower end of the graduated scale will benefit smaller schools where their gross tuition revenue collected is less in comparison to already established private licensed schools.

The new and revised proposed fees are set forth in Annex A. The proposed fees will meet the anticipated need for additional revenue.

Fiscal Impact

There is no fiscal impact from the proposed new or modified definitions. If the existing fee structure is not revised, total revenue, combined with current carry-over for the 1999-00 fiscal year, is expected to be \$1,086,293 for the biennial period ending 2001-02. The proposed increased fees, together with fees which will not be increased, and the amount carried over from the 1999-00 fiscal year are expected to generate revenues totaling \$1,389,320 for the Board for the period ending 2001-02. Following is a table showing how much of the Board’s total revenue each fee is expected to generate:

	<i>Estimated Number of Fee Payers Biennially Times Amount of Fee</i>		
	<i>FY 2000-01</i>	<i>FY 2001-02</i>	<i>Est. Revenue</i>

b. For fee collected under proposed fee increase 7/01/01—6/30/02.				
8. Estimated Revenue from New Fees				\$824,200
9. Estimated Revenue from Fees not Increase				\$565,120
Total Estimated Revenue				\$1,389,320
Total Estimate Expenditure				\$1,172,033
Rollover Amount from FY 1999-00				\$41,793
Surplus for Unanticipated Expenditures or Revenue Shortfall				\$259,080

Paperwork Requirements

The proposed amendments require the Board to alter some of its forms to reflect the new fees. The proposed amendments will create no additional paperwork for the private sector.

Effective Date

These proposed amendments take effect upon final publication in the *Pennsylvania Bulletin*.

Sunset Date

The act requires that the Board monitor its revenues and costs on a biennial basis, and revise its regulations as necessary. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 4, 2001, the Department of Education (Department) submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees on Education. In addition to submitting the proposed amendments, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1 "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If the Committees have any objections to any portion of the proposed amendments, they will notify the Department of Education within 20 days of the close of the public comment period. Under section 5(g) of the Regulatory Review Act, if IRRC has any objections to any of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' comment period. The notification shall specify the regulatory review criteria that have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review of objections raised, prior to final publication of the regulations, by the Board, the General Assembly and the Governor.

Public Comments and Contact Person

Interested persons are invited to submit to the Board their written comments, suggestions or objections regarding these proposed amendments within 30 days following publication in the *Pennsylvania Bulletin*. Written comments, suggestions or objections for Board consideration should be sent to Sharon Lane, Acting Coordinating Secretary, State Board of Private Licensed Schools, 333 Market Street, Harrisburg, PA 17126-0333, and (717) 783-8228.

GAME COMMISSION

[58 PA. CODE CH. 141]

Hunting and Trapping

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its January 23, 2001, meeting, proposed the following amendments:

Amend § 141.1 (relating to special regulations areas) by prohibiting the use of a muzzleloading handgun to hunt deer, bear and elk, and by making a crossbow a lawful device to hunt deer in the special regulations areas, § 141.5 (relating to furbearer tagging requirements) by removing the fee for tags for beaver, § 141.18 (relating to permitted devices) to allow the use of an electronic device to be worn on the ear and § 141.21 (relating to hen ringneck pheasant) by adding four additional counties to the either-sex pheasant hunting zones.

Amend § 141.41 (relating to general) to add elk to existing language regarding daylight fluorescent orange-colored material and to prohibit the use of a muzzleloading handgun to hunt for deer, bear or elk, § 141.42 (relating to big game animal hunting roster) by adding elk, § 141.43 (relating to deer) to change the name of the late muzzleloader season to flintlock muzzleloader season, § 141.45 (relating to turkey) by removing the unlawful use of a blind while hunting wild turkey and to remove area 9-A, § 141.46 (relating to the map of Pennsylvania turkey management areas) by changing the boundary lines that separate turkey management areas 9-A and 9-B to be consistent with the *Hunting and Trapping Digest*, and §§ 141.47 and 141.48 (relating to elk; and elk management areas) by adding new language regarding hunting methods and license application requirements.

Amend § 141.62 (relating to beaver trapping) to lessen restrictions on beaver trapping in Furbearer Management Area No. 3, and § 141.65 (relating to trapping restrictions on Pine Creek) to make it reserved.

These amendments will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for this proposed rulemaking is 34 Pa.C.S. (relating to the Game and Wildlife Code) (code).

These proposals were made public at the January 23, 2001, meeting of the Commission, and comments on these proposals can be sent to the Executive Director of the Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, until April 6, 2001.

Proposed Amendment to § 141.1

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its January 23, 2001, meeting proposed changing § 141.1 to allow the use of a bows and arrows, crossbows and muzzleloading long guns to kill deer. To be lawful, a crossbow must have a draw weight of not less than 125 pounds nor more than 200 pounds. This change is proposed under section 2102 of the code (relating to regulations).

2. *Purpose and Authority*

At its October 12, 2000, meeting, the Commission adopted a change to § 141.1 to allow the use of all types of muzzleloading firearms to hunt deer in special regulation areas. Since that final adoption, some safety concerns have arisen, so that the Commission is now proposing only the use of muzzleloading long guns. In addition, the act of December 20, 2000 (P. L. 452, No. 111) (Act 111) amended section 2308(a) of the code (relating to unlawful devices and methods), to remove the crossbow from the list of unlawful devices. To provide more options for deer hunters in special regulation areas, the Commission is proposing to additionally allow the use of bows and arrows, during all seasons and crossbows with a draw weight of not less than 125 pounds nor more than 200 pounds during the regular firearms seasons.

Section 2102(a) of the code directs the Commission to "... promulgate such regulations as it deems necessary and appropriate concerning... the ways, manner, methods, and means of hunting or furtaking..." Section 2102(d) of the code also directs the Commission to promulgate regulations stipulating "...the type of firearms and ammunition and other devices which may be used..." The change is proposed under this authority.

3. *Regulatory Requirements*

The proposed amendment will expand options for deer hunters in special regulations areas, however, they will limit the use of crossbows and the use of muzzleloading firearms to long guns.

4. *Persons Affected*

Individuals wishing to hunt deer in special regulations areas with muzzleloading firearms, bows and arrows, and crossbows will be affected by the proposals.

5. *Cost and Paperwork Requirements*

The proposed change should not result in additional cost or paperwork.

Proposed Amendment to § 141.18

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its meeting held on January 23, 2001, proposed amending § 141.18 to authorize the use of electronic sound amplification devices while hunting. This change is proposed under section 2102(d) of the code.

2. *Purpose and Authority*

Section 141.6(6) provides that it is unlawful to "hunt or take wildlife through the use of an electronic contrivance or device not permitted by Commission regulation." This provision could be construed as prohibiting hearing aids and other hearing assisting devices which do not give hunters an unfair advantage. The proposed addition of paragraph (2) will clearly permit the use of these devices.

Section 2102(d) of the code directs the Commission to "... promulgate regulations stipulating... the type of firearms and ammunition and other devices which may be used..." to hunt. This provision provides authority for the proposed amendment.

3. *Regulatory Requirements*

The proposed amendment will clarify and potentially expand what is currently allowed.

4. *Persons Affected*

Individuals wishing to use hearing assisting devices to hunt will be allowed to do so.

5. *Cost and Paperwork Requirements*

The proposed change should not result in additional cost or paperwork.

Proposed Amendment to § 141.21

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its January 23, 2001, meeting proposed changing the map contained in § 141.21 to add four counties, Beaver, Butler, Lawrence and Mercer, to those where pheasants of either sex can be harvested. This change was proposed under section 322(c)(1) of the code (relating to powers and duties of commission) and section 2102(b)(1) of the code.

2. *Purpose and Authority*

Section 141.21 currently allows the hunting of male pheasants only in Beaver, Butler, Lawrence and Mercer Counties. The poor quality of the pheasant habitat in these counties and the fact that no significant pheasant habitat restoration work is taking place make it very unlikely that wild pheasant populations will recover. At the same time, the harvest of stocked pheasants is reduced by the male pheasant only restriction. The Commission is therefore proposing to allow the taking of pheasants of either sex in those counties to maximize harvest of stocked pheasants.

Section 322 of the code specifically empowers the Commission to remove protection from any species of game or wildlife. Section 2102(b) of the code mandates that the Commission promulgates regulations relating to seasons and bag limits. These sections provide the authority for the proposed change.

3. *Regulatory Requirements*

The proposed change would relax current regulatory requirements.

4. *Persons Affected*

Persons wishing to hunt pheasants in Beaver, Butler, Lawrence and Mercer Counties would be affected by the change.

5. *Cost and Paperwork Requirements*

The proposed change would not result in any additional cost, either to the Commission or to hunters.

Proposed Amendments to §§ 141.41, 141.42, 141.47 and 141.48

1. *Introduction*

Act 111 added paragraph (15) to section 2705 of the code (relating to classes of licenses), which provides for issuance by the Commission of elk hunting licenses. In addition, the Commission has proposed regulations providing for an elk hunting season in this Commonwealth in 2001. As a result, the Commission at its January 23, 2001, meeting proposed amending §§ 141.41, 141.42, 141.47 and 141.48 to regulate elk hunting. These changes were proposed under section 2102 of the code.

2. *Purpose and Authority*

The elk population in this Commonwealth has been increasing in recent years. This has resulted in increased complaints of nuisance elk and a larger number of incidents of elk being shot for crop damage. Also, as was previously stated, the legal framework for an elk hunting season is being established. One of the final steps is the establishment of lawful methods and procedures that may be used to hunt elk.

The proposed changes to § 141.41 involve adding elk hunting to the requirement to wear fluorescent orange-colored material and elk to a prohibition against using a muzzleloading handgun. The proposed changes to § 141.41 will require a roster for groups of five or more persons who hunt elk together. The remaining proposed changes will add §§ 141.47 and 141.48 relating to big game. Section 141.47 will establish what firearms are lawful for hunting elk and § 141.48 will establish elk management areas.

Section 2102(a) of the code provides that: "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." This provision supplies the authority for the proposed changes.

3. *Regulatory Requirements*

The proposed changes establish the following requirements for those wishing to hunt elk.

- a. Must wear fluorescent orange-colored material.
- b. Maintain a roster where five or more persons hunt together or cooperate.
- c. Rifles, shotguns, long gun muzzleloaders, bows and arrows and crossbows may be used but each firearm has specific requirements.
- d. Elk management units are specifically designated.

4. *Persons Affected*

Persons wishing to hunt elk or living in the elk range may be affected by the proposed changes.

5. *Cost and Paperwork Requirement*

There should be no additional cost to the Commission or to hunters resulting from the proposed changes. The only paperwork requirement is the maintenance of a roster where five or more persons hunt together.

Proposed Amendment to § 141.45

1. *Introduction*

The act of December 20, 2000 (P. L. 937, No. 125) (Act 125) amended section 2308 of the code to allow the use of limited types of turkey blinds to hunt turkeys. As a result, the Commission has proposed amending § 141.45(a)(2) to eliminate a provision making it unlawful to use a blind to hunt wild turkey. In addition, § 141.45(a)(4) contained an exception to allow possession of rifles and single projectile ammunition in Turkey Management Area 9-A. The Commission is planning on releasing wild turkeys into this area and closing the turkey season in this area in the fall. These changes are proposed under section 2102 of the code.

2. *Purpose and Authority*

As was indicated in the Introduction, the use of certain turkey blinds to hunt turkey has been removed from the list of unlawful devices and methods contained in section 2308 of the code. To follow through on this action, the Commission is proposing to amend § 141.45(a)(2) to eliminate the prohibition against using a blind to hunt wild turkey.

Also because wild turkey populations are below satisfactory levels in Turkey Management Area 9-A, the Commission is planning to release wild turkeys in that area. The Commission is planning to close the turkey season in the fall. This requires an amendment to § 141.45(a)(4).

Section 2102 of the code directs the Commission to promulgate regulations "... as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth." This section provides authority for the proposed change.

3. *Regulatory Requirements*

The proposed change to § 141.45(a)(2) relaxes current requirements. The proposed change to (a)(4) prohibits hunting turkeys with rifles in Turkey Management Area 9-A.

4. *Persons Affected*

Those wishing to hunt turkeys will be affected by the proposed change.

5. *Cost and Paperwork Requirements*

The proposed change would not result in additional cost, either to the Commission or to hunters.

Proposed Amendments to §§ 141.5, 141.62 and 141.65

1. *Introduction*

The beaver population in this Commonwealth has been increasing. There has been a corresponding increase in complaints about beavers and damage they may cause. As a result, the Commission at its January 23, 2001, meeting proposed changing §§ 141.5, 141.62 and 141.65 to expand opportunities to harvest beavers and simplify requirements to do so. These changes were proposed under section 2102(a) of the code.

2. *Purpose and Authority*

As was mentioned in the Introduction, the beaver population in this Commonwealth is increasing. With this increase come more complaints of nuisance beavers, particularly flooding areas. The increasing population will allow for an increased harvest of beavers which would eliminate some of the conflicts.

The proposed changes to § 141.5 will eliminate a 50¢ beaver tagging fee which trappers and wildlife conservation officers have found burdensome. The proposed change to § 141.62 will relax restrictions on placement of a trap or snare near a beaver dam or house in Furbearer Management Area No. 3 which encompasses northeastern Commonwealth. Finally, the Commission has proposed deleting § 141.65 relating to trapping restrictions on Pine Creek.

Section 2102(a) of the code directs the Commission to “. . . promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth. . .” This provision authorizes the proposed change.

3. *Regulatory Requirements*

The proposed changes will relax current requirements.

4. *Persons Affected*

Individuals wishing to trap beavers in this Commonwealth will be affected by the proposals.

5. *Cost and Paperwork Requirements*

The proposed changes should not result in additional cost or paperwork.

Proposed Amendments to §§ 141.41 and 141.43

1. *Introduction*

To more effectively manage the wildlife of this Commonwealth and provide for the safety of persons involved in muzzleloader hunting, the Commission at its January 23, 2001, meeting proposed amending §§ 141.41 and 141.43 to prohibit the use of muzzleloading handguns to hunt for deer, bear or elk. This change is proposed under section 2102(d) of the code.

2. *Purpose and Authority*

Although the Commission only legalized the use of muzzleloading handguns in 2000, concerns about safety and “quick-kill” have arisen with regard to the use of these firearms for big game hunting.

Section 2102(d) of the code provides that: “The Commission shall promulgate regulations stipulating “. . . the type of firearms and ammunition and other devices which may be used. . .” This section provides the authority for the proposed changes.

3. *Regulatory Requirements*

The proposed changes make it unlawful to hunt for deer, bear or elk through the use of a muzzleloading handgun.

4. *Persons Affected*

Those wishing to hunt for deer, bear or elk using a muzzleloading handgun would be affected by the proposed changes.

5. *Cost and Paperwork Requirements*

The proposed changes would not result in any additional cost, either to the Commission or to hunters.

Proposed Amendment to § 141.43

1. *Introduction*

Act 111 removed the crossbow from the list of unlawful hunting devices contained in section 2308 of the code. As a result, the crossbow can be used to hunt when authorized by the Commission. Use of the crossbow is currently limited to the hunting of deer in the Special Regulations Areas during the rifled deer season. This may be expanded, however, and the Commission at its January 23,

2001, meeting has therefore proposed adding “or crossbow” to § 141.43(a) of the code. In addition, the Commission has decided to have two muzzleloader deer seasons, one in the fall and one in winter, after Christmas. To distinguish between them, the Commission has decided to change the section to refer to “flintlock muzzleloading” season (after Christmas) and “muzzleloading” season (fall). These changes are proposed in section 2102 of the code.

2. *Purpose and Authority*

As was indicated in the Introduction, with the change in the law to remove the crossbow from the unlawful device list, it is important to establish that the restrictions contained in § 141.43(a) would also apply in a season where the crossbow could be used.

Also, with the addition of a second muzzleloading deer hunting season, the Commission has decided to refer to those seasons using different terminology. The fall season will be the “muzzleloading season” and the winter season will be “flintlock muzzleloading season.” The proposed changes to § 141.43 of the code will reflect this change.

Section 2102(b)(1) of the code directs the Commission to promulgate “. . . regulations relating to seasons and bag limits for hunting. . . and the number and types of devices and equipment allowed. . .” This section provides the authority for the proposed changes.

3. *Regulatory Requirements*

No additional regulatory requirements will be imposed as a result of the proposed change.

4. *Persons Affected*

Persons wishing to hunt deer using a crossbow or during muzzleloading seasons may be affected by the proposed change.

5. *Cost and Paperwork Requirements*

The proposed change would not result in additional cost, either to the Commission or to hunters.

Proposed Amendment to § 141.46

1. *Introduction*

It has been determined that there is an inconsistency in the boundary line between Turkey Management Areas 9-A and 9-B as shown on the maps contained in the “Pennsylvania Digest of Hunting and Trapping Regulations,” Wild Turkey Management Plan and the map contained in § 141.46. To reconcile these maps, the Commission at its January 23, 2001, meeting, proposed to amend that section to include a consistent map. This change is proposed under sections 322(c)(4) and 2102 of the code.

2. *Purpose and Authority*

The map currently contained in § 141.46 shows the boundary between Turkey Management Areas 9-A and 9-B as being Route I-76. The map contained on page 13 of the “Pennsylvania Digest of Hunting and Trapping Regulations, July 1, 2000—June 30, 2001” shows the boundary being Route I-276. The proposed change to § 141.46 will make the boundary I-276 and make all maps consistent.

Section 322(c)(4) of the code authorizes the Commission to “define geographic limitations or restrictions.” Section 2102 of the code directs the Commission to promulgate “. . . such regulations as it seems necessary appropriate concerning game or wildlife. . .” These sections provide authority for the proposed change.

3. *Regulatory Requirements*

This slight change in boundary, which mostly involves the city of Philadelphia, will not impose additional requirement, but rather clear up some confusion.

4. *Persons Affected*

Those wishing to hunt turkey between Routes I-76 and I-276 could be affected by the proposed change.

5. *Cost and Paperwork Requirements*

The proposed change would not result in additional cost, either to the Commission or to hunters.

Effective Date

This change would be effective on final publication in the *Pennsylvania Bulletin* and would remain in effect until changed by the Commission.

NOTICES

DELAWARE RIVER BASIN COMMISSION

Notice of Commission Meeting and Public Hearing

The Delaware River Basin Commission (Commission) will hold an informal conference followed by a public hearing on Thursday, April 19, 2001. The hearing will be part of the Commission's regular business meeting. Both the conference session and business meeting are open to the public and will be held at the New York City Municipal Building, One Centre Street, Building One, Room 1019, in lower Manhattan.

The conference among the Commissioners and staff will begin at 10 a.m. Topics of discussion will include a progress report on the Commission's Comprehensive Plan; the status of a proposal to improve the flood warning system in the Delaware River Basin; and a summary of the Toxics Advisory Committee meeting of March 23, 2001, and related activities. The session will conclude with a historical slide presentation on the New York City water supply system.

The subjects of the public hearing to be held during the 1 p.m. business meeting include, in addition to the dockets listed, a resolution to amend the Commission's Comprehensive Plan and Water Code to establish water usage reporting requirements.

The dockets scheduled for public hearing are as follows:

1. *New York State Department of Environmental Conservation D-77-20 (Revision 4)*. A resolution to continue for 1 year the experimental augmented conservation release program for the New York City Delaware Basin Reservoirs.

2. *Merrill Creek Owners Group D-77-110 CP (Amendment 11)*. A resolution to amend Table A (Revised) of Docket No. D-77-110 CP (Amendment 10) to include the addition of the Liberty Electric Power, LLC facility as a "Designated Unit."

3. *Merrill Creek Owners Group D-77-110 CP (Amendment 12)*. A resolution to amend Table A (Revised) of Docket No. D-77-110 CP (Amendment 11) to include the addition of the Hay Road Unit #8 as a "Designated Unit."

4. *Pechiney Plastic Packaging, Inc. (formerly American National Can Company) D-97-50 RENEWAL*. An application for approval of a ground water withdrawal project to supply up to 14 mg/30 days of water to the applicant's manufacturing facility from new Well No. 5 in the Kittatinny Aquifer and to retain the existing withdrawal limit from all wells of 14 million gallons (mg)/30 days. The project is located in Washington Borough, Warren County, NJ.

5. *Bucks County Water & Sewer Authority D-99-66 CP*. An application for approval of a ground water withdrawal project to supply up to 6.4 mg/30 days of water to the applicant's distribution system from new Well No. S-3 in the Brunswick Formation and to limit the withdrawal from all wells to 6.4 mg/30 days. The project is located in Solebury Township, Bucks County, PA.

6. *Buckingham Township D-2000-38 CP*. An application for approval of a ground water withdrawal project to supply up to 3 mg/30 days of water to the applicant's public water distribution system from new Well No. F-3 in the Lockatong Formation and to retain the existing withdrawal limit from all wells of 33.2 mg/30 days. The project is located in Buckingham Township, Bucks County in the Southeastern Pennsylvania Ground Water Protected Area.

7. *Hellertown Borough Authority D-2000-53 CP*. A ground water withdrawal project to provide a standby source of supply for the applicant's public water distribution system which will continue to serve Hellertown Borough and Lower Saucon Township. The applicant requests that the withdrawal from standby Well No. 3 in the Limestone Aquifer be limited to 22 mg/30 days and that the total withdrawal from all sources remain limited to 22 mg/30 days. The project is located in Hellertown Borough, Northampton County, PA.

8. *Upper Uwchlan Township D-2000-55 CP*. An application to construct a 0.3 mgd secondary lagoon sewage treatment plant (STP) and spray irrigation system to serve development along the Route 100 North corridor of Upper Uwchlan Township, Chester County, PA. No surface water discharge is proposed.

In addition to the public hearing, the Commission will address the following at its 1 p.m. business meeting: minutes of the February 28, 2001, business meeting; announcements; report on hydrologic conditions in the basin; reports by the Executive Director and General Counsel; public dialogue; and resolutions 1) approving a working budget for the Comprehensive Plan and authorizing the Executive Director to issue a request for proposals for consultant services consistent with that budget; and 2) authorizing the Executive Director to issue a request for proposals to initiate a PCB TMDL stakeholder implementation process to implement the Commission's PCB management program.

Documents relating to the dockets and other items may be examined at the Commission's offices. Preliminary dockets are available in single copies upon request. Please contact Thomas L. Brand at (609) 883-9500 ext. 221 with any docket-related questions. Persons wishing to testify at this hearing are requested to register in advance with the Secretary at (609) 883-9500 ext. 203.

Individuals in need of an accommodation as provided for in the Americans With Disabilities Act who wish to attend the hearing should contact the Commission Secretary, Pamela M. Bush, directly at (609) 883-9500 ext. 203 or through the New Jersey Relay Service at (800) 852-7899 (TTY) to discuss how the Commission may accommodate their needs. Driving directions to the meeting location are posted on the Commission's website, at www.drbc.net.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of May 2001

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of May, 2001, is 7 3/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which such individual owns and which such individual occupies or has occupied as his principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the U. S. Treasury. The latest yield rate on long-term government securities is 5.24 to which was added 2.50 percentage points for a total of 7.74 that by law is rounded off to the nearest quarter at 7 3/4%.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and the Pennsylvania Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I below, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II below. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise below, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability, who require an auxiliary aid service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at (800)-654-5984.

PA 0085707, SIC Code 2015, Industrial Waste, **Cocalico Valley Poultry Farms**, 1095 Mount Airy Road, Stevens, PA 17578.

This application is for issuance of an NPDES permit for a new discharge of treated industrial waste to an unnamed tributary of Indian Run, in West Cocalico Township, **Lancaster County**.

The receiving stream is classified for trout stocking fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂—NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was the Lancaster Municipal Water Authority located in Lancaster City, Lancaster County. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001, for a design flow of 0.012 MGD are:

PA 0080632, SIC Code 0161, Industrial Waste, **B & W Quality Growers, Inc. (Huntsdale Facility)**, 17825 79th Street, Fellsmere, FL 32948.

This application is for renewal of an NPDES permit for an existing discharge of treated industrial waste to Yellow Breeches Creek in Watershed 7-E, in Penn Township, **Cumberland County**.

The receiving stream is classified for high quality cold water fishes, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂—NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was United Water Company located in Fairview Township, York County. The discharge is not expected to impact any potable water supply.

The proposed conditions apply to the facility:

1. There shall be no discharge of floating solids or visible foam in other than trace amounts.
2. Maintain straw bales or silt fence at cress bed outlets during planting or harvesting to minimize sediment discharges.
3. Limit pesticide use to Dipel, Malathion, Induce, Safer Insecticidal Soap, Neemix, Kocide 101 and Roundup without prior Department approval.
4. Cease discharging from cress beds if there is a potential for a pollution incident.
5. Submit monthly reports indicating pesticides used, application rates and acres treated.

Individuals may make an appointment to review the DEP files on this case by calling Mary DiSanto, File Review Coordinator, at (717) 705-4732.

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted above the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800)-654-5984.

NOTICE OF INTENT (NOI) FOR COVERAGE UNDER CAFO NPDES GENERAL PERMITS

The following parties have submitted: (1) Notices of Intent (NOIs) for Coverage Under the Department's CAFO (Concentrated Animal Feeding Operation) General NPDES Permit—PAG 12 to develop and operate a facility that may discharge Wastewater into the Surface Waters of this Commonwealth.

The EPA Region III Administrator has not waived the right to review or object to this permit action under the waiver provision 40 CFR 123.24(d).

The notice of intent and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the Regional Office noted. Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The new or renewal notice of intent, including other information submitted with the applications, is available on file. The information may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability, who require an auxiliary aid service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at (800)-654-5984.

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

CAFO Notices of Intent Received

PAG120002, Hickory Hollow Farm (J. Raymond Harnish), 4000 Barnsley Chrome Road, Oxford, PA 19363. J. Raymond Harnish has submitted an application for a General NPDES permit for a proposed Concentrated Animal Feeding Operation (CAFO), known as Hickory Farm, located on 4000 Barnsley Chrome Road in East Nottingham Township, **Chester County**. The CAFO is situated near the Northeast Creek, which is classified for warm water fishery (WWF). The CAFO will be designed to maintain an animal population of approximately 600 Animal Equivalent Units (AEUs) consisting of 4,200 hogs. These animals will be housed in two totally confined buildings. Manure will be collected through slatted floors in reinforced concrete manure storage facilities beneath each building. The total capacity of the manure storage facilities will be 1.5 million gallons, including 2 feet of freeboard. Prior to operation of the manure storage facilities, the design engineer will be required to submit certification that the facilities were properly constructed. Manure will be pumped from the facilities and sprayed

onto fields leased by Hickory Farm in accordance with the approved Nutrient Management Plan. Excess manure will be managed through an agreement with a manure broker.

A release or discharge to waters of this Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary reviews of the application of lawful standards and regulations, including the Final CAFO Strategy, the Department has made a tentative determination to issue a General NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the draft permit.

The permit application and proposed draft permit are on file at the Southeast Regional Office of the Department. Persons may make an appointment to review the files by calling Records Management at (610) 832-6270.

The Environmental Protection Agency permit review waiver provision under 40 CFR 123.24(e) applies to this General NPDES permit.

Persons wishing to comment on the proposed permit are invited to submit written comments to the above address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based. A public meeting/hearing may be held if the Department considers the public response or interest significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

Biosolids Individual Permits (PABIG and PABIS)

The following parties have applied for either an Individual Site Permit (PABIS) or an Individual Generator Permit (PABIG) for beneficial use of sewage sludge (biosolids) by land application. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (DEP) proposes to issue a permit to land apply biosolids subject to certain requirements set forth in the permit.

Persons wishing to comment on the proposed permit are invited to submit a statement to the responsible DEP Regional Office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determination regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Management Regional Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, comments received and other information are on file and may be inspected and arrangements made for copying at the responsible DEP Regional Office indicated above the application.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800)-654-5984.

Special Conditions

1. Management Practice—In addition to applicable conditions of the Farm Conservation Plan, and unharvested grass/hay buffer strip, a minimum of 15 feet in width, shall be maintained along the downslope perimeter of each field closest to Pine Creek. This buffer strip shall not be utilized for the application of treated septage.

2. Monitoring—The effectiveness of the grass/hay buffer strip shall be visually monitored monthly and after/during major precipitation events for evidence of runoff beyond the unharvested grass/hay buffer strip.

Recordkeeping

1. Record of the date, time weather conditions and observations shall be maintained and made available to the Department and the Potter County Conservation District during site inspections.

Reporting

1. Any evidence of treated septage runoff beyond the grass/hay buffer strip shall be reported to the Department immediately by telephone and within 48 hours in writing.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide Health Standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will

be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified below, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period the municipality may request that the person identified below, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

**NOTICE OF PLAN APPROVAL AND OPERATING
PERMIT APPLICATIONS**

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (DEP) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the public. This approach allows the owner or

operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that DEP has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice, and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the Act.

Applications Received and Intent to Issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F (relating to operating permit requirements).

OPERATING PERMITS

PUBLIC HEARINGS

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.

Notice is hereby given under 25 Pa. Code § 127.521, that the Department of Environmental Protection (DEP) intends to issue **Title V Operating Permit No. 56-00166 to PBS Coals, Inc.** located in Shade Township, **Somerset County**. In accordance with 25 Pa. Code § 127.428, DEP will hold a public hearing on May 14, 2001, at 7 p.m. in the Shade High School in Cairnbrook, PA 15294. The hearing is to accept testimony concerning the proposed Title V Operating Permit. The PBS Coals, Inc. representative to contact regarding this application is Raymond W. McGraw, Vice-President Processing, PBS Coals, Inc., PO Box 260, Friedens, PA 15541.

PBS operates a thermal dryer at this facility, which is used in the drying and processing of coal. As a result of the levels of oxides of nitrogen, carbon monoxide and particulates emitted this facility is a major stationary source as defined in Title I, Part D of the Clean Air Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Devendra Verma, New Source Review Chief, (814) 332-6940.

Notice is hereby given that the Department of Environmental Protection (Department) will conduct a public hearing on April 18, 2001, beginning at 1 p.m. in the Air Quality Conference Room of the DEP Regional Office Building located at 230 Chestnut Street, Meadville, PA 16335-3407.

The hearing is for the Department to accept testimony concerning the Department's decision to approve, with conditions, Reasonably Available Control Technology (RACT) plan by **GE Transportation Systems**, 1503 West Main Street Ext., Grove City, PA to meet the requirements under 25 Pa. Code §§ 129.91—129.95 (RACT), concerning the emissions of oxides of nitrogen (NOx) and volatile organic compounds (VOC) from various air contamination sources. The final RACT proposal will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan. This facility is located in **Mercer County**.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in the RACT approval for the facility to comply with current regulations.

The preliminary RACT determination, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits including the Title V Operating Permit for the facility and will be submitted to the U.S. Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The following is a summary of the preliminary RACT determination for GE Transportation Systems, Grove City:

<i>Source</i>	<i>Control</i>
Diesel Engine Test Cells	Fuel restriction, NOx emission limitation. Operated and maintained in accordance with the manufacturers' specifications. Operated and maintained in accordance with good air pollution control practices.
Diesel Fire Pump	Deminimis: 1.4 tons NOx/yr
400 Hp Boiler	Operated and maintained as per 25 Pa. Code § 129.93(b)(2)—(5). Operated and maintained in accordance with good air pollution control practices.
800 Hp Boiler	Operated and maintained in accordance with the manufacturer's specifications as per 25 Pa. Code § 129.93 (c)(5). Operated and maintained in accordance with good air pollution control practices.
Engine Cleaning Operations	Deminimis: 1.0 ton VOC/yr
2 Natural Gas Emergency Generators	Operated and maintained in accordance with the manufacturer's specifications as per 25 Pa. Code § 129.93(c)(5)
Combustion Source <20 MMBTU/hr	Operated and maintained in accordance with the manufacturer's specifications. Presumptive RACT emission limitation defined in 25 Pa. Code § 129.93(c)(1).

Also, the hearing is for the Department to accept testimony concerning the Department's decision to modify the facility's Title V permit (TV 43-00196) originally issued on July 12, 1999. The modification includes the following significant changes:

<i>Section</i>	<i>Source</i>	<i>Old Condition</i>	<i>New Condition</i>	<i>Citation</i>	<i>Changes made</i>
C		009	009	127.511	Made minor language changes to the daily monitoring requirement to clarify the condition. The frequency of monitoring remained daily.
C			018	127.441	Added applicability requirement of 40 CFR 82 Subpart F to the permit.
D	037	008	008	127.441	Added language to clarify when the tune-up was required to be performed (if operated more than 500 hours/yr).
D	039	003	003	127.511	Modified condition to allow the burning of propane or LPG as back-up fuel.
D	106 & 107	002	002	129.52	Revised condition to the newly promulgated requirement.
D	106 & 107	003		127.511	Streamlined condition out of permit due to the new § 129.52 requirements.

The modification to the original Title V permit also included other non-substantial changes not listed above.

Philadelphia Department of Public Health, Air Management Services: 321 University Ave., Philadelphia, PA 19104, Roger Fey, (215) 823-7584.

Notice is hereby given that the City of Philadelphia, Department of Public Health, Air Management Services, will conduct a public hearing on Friday, May 11, 2001, in the Auditorium of the Medical Examiners Office, Spelman Building, 321 University Avenue, beginning promptly at 6 p.m. and continuing to 8 p.m. or the conclusion of testimony. The hearing is being held to receive comments from the public on the proposed approval, by the Department, of Reasonably Available Control Technology (RACT) plans and permit amendments, related to emissions of nitrogen oxides (NOx) and volatile organic compounds (VOCs), submitted by the facilities listed below:

Exelon Generation Co. (formerly PECO Energy Company)—Delaware Station (1325 North Beach Street, Philadelphia, PA 19125) and **Schuylkill Station** (2800 Christian Street, Philadelphia, PA 19146). Exelon Generation Co. has submitted a request to modify the monitoring requirements of its current RACT for operation of NOx generating combustion equipment. The facility proposes to use parametric emissions monitoring systems (PEMS) in accordance with 40 CFR Part 75, Appendix E in place of its existing continuous emissions monitoring systems (CEMS).

Exelon Generation Co. (formerly PECO Energy Company)—Richmond Station (3901 North Delaware Avenue, Philadelphia, PA 19137). Richmond Station's original RACT is being modified to meet a new 12-month rolling capacity limitation of 15%.

The RACT proposals have been submitted under requirements of Title 25 Pa. Code, Chapter 129, Stationary Sources of NOx and VOCs (§§ 129.91—129.95). Final RACT plan and permit approval actions will be submitted to the Department of Environmental Protection and the United States Environmental Protection Agency as formal revisions to the Philadelphia portion of the Pennsylvania State Implementation Plan for Air Quality.

PLAN APPROVALS

Applications Received for Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B (relating to plan approval requirements).

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, Thomas McGinley, New Source Review Chief, (610) 832-6242.

46-0142A: Fluid Energy Processing and Equipment Co. (4th and State Streets, East Greenville, PA 18041) for installation of a 6" jet-o-drier chemical drying system in East Greenville Borough, **Montgomery County**.

23-312-216: Baker Petrolite Corp. (4th and Saville, Eddystone, PA 19022) for construction of a storage tank in Eddystone Borough, **Delaware County**.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.

04-00709A: Empire Terminal, Inc. (Suite 110, 731-733 Washington Road, Pittsburgh, PA 15228) for operation of barge unloading at Monaca Plant in Monaca Borough, **Beaver County**.

04-00497A: Tuscarora, Inc. (800 Fifth Avenue, New Brighton, PA 15066) for operation of foam products manufacturer at Blockhouse Run Road Facility in New Brighton Borough, **Beaver County**.

04-00710A: Cronimet Corp. (471 Railroad Street, E. Rochester, PA 15074) for installation of a dust collector at East Rochester in East Rochester Borough, **Beaver County**.

56-00166: PBS Coals, Inc. (PO Box 260, Friedens, PA 15541) for operation of Thermal Dryer Production Increase at Shade Creek Plant in Shade Township, **Somerset County**.

Intent to Issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B (relating to plan approval requirements).

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, Thomas McGinley, New Source Review Chief, (610) 832-6242.

Notice of Intent to Issue a Plan Approval and Amend a Title V Operating Permit

46-00013: Clemens Family Corp. (2700 Funks Road, Hatfield, PA 19440) in Hatfield Township, **Montgomery County**. Amended to include the requirements of Plan Approval 46-0013 for modification of an inedible rendering process. This modification will result in an emission increase of 0.56 ton of particulate matter per 12-month rolling sum. The facility shall be required to exhaust emissions from the inedible rendering process to either a packed tower scrubber or both a venturi scrubber and a packed tower scrubber, as outlined in the amended Title V Operating Permit. The Operating Permit will contain recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

46-00036: Visteon Systems LLC (2750 Morris Road, Lansdale, PA 19446) in Worcester Township, **Montgomery County**. Amended to include the requirements of Plan Approval 46-0036 for installation of Selective Soldering Machine No. 6. This source will result in an emission increase of 01.00035 tons of Lead (particulate matter) and 2.37 tons of Volatile Organic Compounds (VOCs) per 12-month rolling sum. The Selective Soldering Machine No. 6 shall only be used for soldering electronic circuit boards. The Operating Permit will contain recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Michael Safko, Acting New Source Review Chief, (570) 826-2531.

39-309-055: Lafarge Corp. (5160 Main Street, Whitehall, PA 18052) for installation and operation of an OSEPA high efficiency separator for the No. 1 finish mill at their plant in Whitehall Township, **Lehigh County**. The facility currently has a Title V Permit No. 39-00011. The plan approval includes terms and conditions to assure the proper operation of the source with satisfying the State and Federal requirements. It includes at minimum the conditions related to source description, emissions limits for pollutants, monitoring, recordkeeping and reporting, temporary operations to facilitate shakedown

and temporary operation period. The particulate emissions from the separator will be controlled by a fabric collector and shall not exceed 7.8 pounds per hour (34.2 tons per year) based on the Best Available Technology (BAT) allowable particulate emission standard of 0.02 grain/DSCFT. Although the sources covered by this plan approval may be located at a major facility, the installations/modifications do not trigger major new source review or prevention of significant deterioration requirements. This plan approval will be incorporated into the Title V operating permit through an administrative amendment at a later date, and the action will be published as a notice in the *Pennsylvania Bulletin*.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments, objections or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

FEDERAL WATER POLLUTION CONTROL ACT

SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401

Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. §§ 1341(a)).

WATER OBSTRUCTIONS & ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E23-410. Westlake Plastics Company, P. O. Box 127, Lenni, PA 19052, Chester Heights Borough, **Delaware County**, ACOE Philadelphia District.

To place and maintain fill in 0.04 acre of wetlands adjacent to an unnamed tributary of Chester Creek (WWF-MF). The work within the floodway of an unnamed tributary of Chester Creek meets the permit waiver provision of § 105.12(a)(2) of the Department's Chapter 105 Rules and Regulations. The purpose of these activities is to expand Westlake Plastics Company's facility located approximately 200 feet northwest of the intersection of Lenni Road and New Road (Media, PA Quadrangle N: 3.4 inches; W: 10.9 inches).

E46-885. The Elliott Building Corporation LTD, 406 Glen Eagles Drive, New Hope, PA 18938, Limerick Township, **Montgomery County**, ACOE Philadelphia District.

To construct and maintain a road crossing consisting of 182 linear feet of twin cell galvanized steel plate arches with a skew angle of 64 degrees and to install and maintain 140 feet of streambank stabilization in and along Landis Creek (TSF). The project also proposes various utility line crossings to be constructed within the roadbed, which qualify for General Permit No. 5 (Utility Line Stream Crossings). This project is associated with

the construction of the Estates at Landis Brooke Subdivision located approximately 2,000 feet east of the intersection of Sunset Road and Ridge Pike (Phoenixville, PA Quadrangle N: 17.85 inches; W: 1.25 inches).

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

E40-567. Thomas S. Czerniakowski, R.R. 3, Box 121, Harveys Lake, PA 18618-9789, Harveys Lake Borough, PA 18618 in Harveys Lake Borough, **Luzerne County**, ACOE Baltimore District.

To modify and maintain an existing pile-supported dock in Harveys Lake, increasing the dock area from approximately 650 square feet to approximately 1,910 square feet. The structure, as modified, has overall deminsions of approximately 51 feet (lakeward) by 45 feet. The project is located at Pole 257 along Lakeside Drive, Harveys Lake, PA, Quadrangle N: 19.4 inches; W: 5.35 inches.

E39-381. Jaindl Land Company, 3150 Coffeetown Road, Orefield, PA 18069, Lower Macungie Township, **Lehigh County**, ACOE Philadelphia District.

To construct and maintain the following structures/activities in, along and across Swabia Creek (HQ-CWF) and tributaries there to; 3 concrete box culverts, 1 stream enclosure, 15 utility line crossings, 8 stormwater outfall structures, fill in the floodway, and to relocate approximately 650 feet of stream channel. The project is a residential subdivision consisting of 700 homes and is located on a 272 acre tract of land on the south side of Conrail Railroad adjacent to T-480, T-482, T-484 and Lockridge Park and Furnace Museum, Allentown West, PA, Quadrangle N: 2.0 inches; W: 11.0 inches.

E52-171. Woodloch Pines, R. R. 1, Box 280, Hawley, PA 18428 in Lackawaxen Township, **Pike County**, ACOE Philadelphia District.

To rehabilitate the channel of Teedyuskung Creek (HQ-CWF), using log and stone deflectors, log and tree revetments and willow posts, for the purpose of addressing streambank erosion along a 2,000-foot reach of stream channel. The project is located approximately 4,000 feet upstream of the creek's confluence with the Lackawaxen River, Rowlan, PA, Quadrangle N: 20.6 inches; W: 14.6 inches.

E40-569. City of Nanticoke, 15 East Ridge Street, Nanticoke, PA 18634 in City of Nanticoke, **Luzerne County**, ACOE Baltimore District.

To remove the existing structure (known as the Union Street Bridge) and to construct and maintain a roadcrossing of South Branch Newport Creek (locally known as Forge Creek) (CWF), consisting of a 24.0-foot x 6.0-foot reinforced concrete box culvert with its invert depressed 2.5 feet below streambed elevation. A temporary stream diversion, utilizing three 48-inch culverts, is proposed. The project is located on West Union Street, approximately 850 feet upstream of Main Street (S.R. 3001), Nanticoke, PA, Quadrangle N: 12.6 inches; W: 1.5 inches.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E22-424. Richard Yingst, Yingst Homes, Inc., 7100 Fishing Creek Valley Road, Harrisburg, PA 17112, ACOE Baltimore District in West Hanover Township, **Dauphin County**.

To construct and maintain a waived culvert crossing in an unnamed tributary to Beaver Creek (WWF) which will require placing fill in 0.1 acre of wetlands and to restore

about 0.91 acre of previously filled wetlands by restoring 0.64 acre and mitigating on site 0.27 acre of wetlands for the purpose of developing a residential/commercial development to be known as Bradford Estates located on the east side of Sarhelm Road at its intersection with Jones-town Road (Harrisburg West, PA Quadrangle N: 14.0 inches; West 0.5: inch).

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E08-366. Rome Township, R. R. 1 Box 590, Ulster, PA 18850. T-748 Bullard Creek bridge replacement, in Rome Township, **Bradford County**, ACOE Susquehanna River Basin District (Litchfield, PA Quadrangle N: 6.3 inches; W: 5.25 inches).

To construct and maintain a single span reinforced concrete box culvert having a span of 25 feet, and a minimum underclear of 5.91 feet with a skew of 90° and reinforced concrete abutments in Bullard Creek located 0.1 mile along T-748, east of the intersection of S.R. 1029 and T-748. This project proposes to impact 128 linear feet of Bullard Creek, which is, designated a Cold Water Fishery and does not propose to impact any jurisdictional wetlands.

E12-121. Pennsylvania Department of Conservation and Natural Resources, R. R. 1, Box 212, Emporium, PA 15834. East Cowley Run Bridge Replacement, in Portage Township, **Cameron County**, ACOE Baltimore River Basin District (Emporium, PA Quadrangle N: 17.5 inches; W: 8.0 inches).

To remove an existing structure and construct, operate and maintain a single span bridge across East Cowley Run (Exceptional Value) to provide public access within Sizerville State Park. The bridge shall be constructed with a single span of 20-feet and width of 16.8-feet, and underclearance of 6-feet. Construction of in-stream structures shall be conducted in dry work conditions through the use of dams and pumping or a fluming stream flow around work areas. The project will not impact wetlands while impacting 50-feet of waterway. The project is located along the eastern right-of-way of SR 0155 approximately 2800-feet south east of the Sizerville State Park day use road and SR 0155 intersection.

E12-122. Pennsylvania Department of Conservation and Natural Resources, R. R. 1, Box 212, Emporium, PA 15834. East Cowley Run Bridge Replacement, in Portage Township, **Cameron County**, ACOE Baltimore River Basin District (Emporium, PA Quadrangle N: 18 inches; W: 8.2 inches).

To remove an existing structure and construct, operate and maintain a single span bridge across West Cowley Run (Exceptional Value) to provide public access within Sizerville State Park. The bridge shall be constructed with a single span of 15-feet and width of 16.8-feet, and underclearance of 7-feet. Construction of in-stream structures shall be conducted in dry work conditions through the use of dams and pumping or a fluming stream flow around work areas. The project will not impact wetlands while impacting 50-feet of waterway. The project is located along the eastern right-of-way of SR 0155 approximately 1,800-feet south east of the Sizerville State Park day use road and SR 0155 intersection.

E49-244. Allen J. Cwalina, 50 South Second Street, Sunbury, PA 17801. Vine Street bridge, in Mount Carmel Borough, **Northumberland County**, ACOE Baltimore District (Mount Carmel, PA Quadrangle N: 9.0 inches; W: 6.0 inches).

To remove an existing single-span reinforced concrete arch bridge with a bituminous concrete wearing surface, a clear span of 20.0 feet, a minimum upstream underclearance of 14.7 feet and an upstream waterway opening of 220 square feet; and to construct and maintain a 20 feet wide by 10 feet high by 99 feet long reinforced concrete box culvert with a waterway opening of 200 square feet with a chamfered upstream top edge. The proposed structure will be located in Shamokin Creek on Vine Street one block north from the intersection of SR 54161 with North Vine Street in Mount Carmel Borough, Northumberland County. The project will not impact wetlands while impacting approximately 200 feet of waterway.

APPROVALS TO USE NPDES AND/OR OTHER GENERAL PERMITS

The following parties have submitted: (1) Notices of Intent (NOIs) for Coverage Under (1) General NPDES Permits to Discharge Wastewater into the Waters of the Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; (3) General NPDES Permit Authorizing the Discharge of Stormwater Associated with Construction Activities to Waters of the Commonwealth; (4) Notification for First Use Application of Sewage Sludge.

The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. The Department of Environmental Protection approves the following coverage under the specific General Permit.

The EPA Region III Administrator has waived the right to review or object to this permit action under the waiver provision 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995

PREAMBLE 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional

Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and

Environmental Remediation Standards Act. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department certifies that the construction and operation herein described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by this action may appeal, under Section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 P. S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Water Obstruction and Encroachment Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

Permits Issued and Actions on 401 Certifications:

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

EA23-003SE. Cornerstone Communications, Concord Township, **Delaware County**, ACOE Philadelphia District.

An Environmental Assessment for impacts associated with the construction of a nonjurisdictional dam across a narrow section of wetlands (PFO1) which will provide stormwater management for the proposed Smithbridge Apartments Subdivision. The dam and associated components will impact about 0.19 acre of wetlands (PFO1).

The project is situated approximately 500 feet northeast of the intersection of Route 202 and Smith Bridge Road (Wilmington-North, Quadrangle N: 19.70 inches W: 5.60 inches).

To construct and maintain ten road crossings and four utility line crossings impacting approximately 0.50 acre of wetlands associated with the proposed Wild Pines Golf Course and planned residential development. The permittee is required to provide 0.69 acre of replacement wetlands. The project is located on the south side of S.R. 4004, approximately 1 mile south east of the intersection of S.R. 4004 and S.R. 0940. (Pocono Pines, PA Quadrangle N: 17.3 inches; W: 7.5 inches).

E39-377. Pennsylvania Department of Transportation, Engineering District 5-0, 1713 Lehigh Street, Allentown, PA 18103, Upper Saucon Township, **Lehigh County**, Army Corps of Engineers Philadelphia District.

To remove the existing structure and to construct and maintain a single-span, prestressed concrete spread box beam bridge, having a clear normal span of 50.2 feet (15.3 meters) and an underclearance of 6.3 feet (1.9 meters) across Lower Saucon Creek. The bridge is located along S.R. 2047, Section 02B (Landis Mill Road), approximately 0.4 mile east of the intersection of S.R. 2047 and S.R. 0378 (Allentown East, PA Quadrangle N: 8.3 inches; W: 1.8 inches).

E58-237. Pennsylvania Department of Transportation, District 4-0, P. O. Box 111, Scranton, PA 18501, Middletown Township, Susquehanna County, Army Corps of Engineers Baltimore District.

To remove the existing structure and to construct and maintain a 20.0-foot x 8.0-foot precast reinforced concrete box culvert depressed 1.0-foot along a tributary to the North Branch Wyalusing Creek. The project is located along S.R. 0858 approximately 250 feet south of the intersection of S.R. 0858 and Township Road T-630 (Lawton, PA Quadrangle N: 14.5 inches; W: 14.0 inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E01-219. Department of Conservation Natural Resources, 435 State Park Road, Schellsburg, PA 15559, ACOE Baltimore District in Menallen Township, **Adams County**.

To remove an existing single span bridge and to construct and maintain a single span aluminum arch culvert having a span of 12.58 feet and a rise of 5.17 feet in Mountain Creek (HQ-CWF) along with excavating the stream banks about 20 feet above and below the culvert and placing R-6 size riprap rock revetment and live stake plantings on both banks for about 7.0 feet upstream and downstream of the proposed culvert located on Huckleberry Trail in Forest District #1, Michaux State Forest (Caledonia Park PA Quadrangle N: 20.1 inches; W: 0.3 inch).

E06-546. Union Township, 177 Center Road, Douglassville, PA 19518, ACOE Philadelphia in Union Township, **Berks County**.

To remove the existing twin 48-inch diameter culvert and construct and maintain a 13-foot by 5-foot concrete

box culvert at the channel of an unnamed tributary to Schuylkill River (WWF) on T-357 (Hallman Road) located about 1 mile southwest of Unionville Village (Pottstown, PA Quadrangle N: 20.5 inches; W: 15.5 inches).

E07-340. Pennsylvania Department of Transportation, Engineering District 9-0, 1620 N. Juniata Street, Hollidaysburg, PA 16648, ACOE Baltimore District in Frankstown Township, **Blair County**.

To construct a 6-inch concrete slab and place original stream bed material on top of slab between the existing abutment of a bridge across the channel of a tributary to New Creek (HQ-CWF) at a point at SR 1016 (Frankstown, PA Quadrangle N: 17.33 inches; W: 9.95 inches).

E22-418. Milton Hershey School, Founders Hall, P. O. Box 830, Hershey, PA 17033, ACOE Baltimore District in Derry Township, **Dauphin County**.

To remove a wooden plank pedestrian bridge and to (1) construct and maintain a twin cell pre-cast concrete box culvert with wingwalls having twin spans of 15.0 feet and rises of 5.5 feet and 5.0 feet with concrete aprons between the wingwalls and a 10-foot long, 43-foot wide, R-6 riprap rock protection at both upstream and downstream ends of the crossing in an unnamed tributary to an unnamed tributary to Spring Creek (WWF); an 8-inch diameter ductile waterline, encased in concrete, will be installed at the upstream end of the crossing and the construction of the bridge will require excavation of about 90 feet of stream channel and bank area (Hershey, PA Quadrangle N: 15.5 inches; W: 1.5 inches); (2) construct and maintain a twin cell pre-cast concrete box culvert having twin spans of 17.0 feet and rises of 6.0 feet and 6.6 feet in an unnamed tributary to Spring Creek (WWF) along with an 8-inch diameter ductile iron pipe waterline, encased in concrete, and a 2-inch diameter natural gas line, installed below the streambed at the inlet end of the culvert, and placement of a 10-foot length of R-6 size riprap rock protection at both inlet and outlet ends of the culvert; the construction of the culvert will require excavation of about 113 feet of stream channel and bank area (Palmyra, PA Quadrangle N: 3.2 inches; W: 16.0 inches); and, (3) construct and maintain two single span aluminum box culverts having spans of 10.92 feet and rises of 4.25 feet, within 1,400 feet of each other, along with R-6 size riprap rock protection at outlet and R-5 size riprap rock protection at the inlet end of the culverts located in an unnamed tributary to an unnamed tributary to Spring Creek (WWF); an 8-inch diameter ductile iron water main, a 2-inch diameter natural gas line will be installed under the streambed at both of these crossings; all associated with the construction of the Milton Hershey School, Student Housing Expansion and Campus Consolidation Project located on both north and south sides of SR 0322 and on the east side of Homestead Road (Hershey, PA Quadrangle N: 6.1 inches; W: 0.1 inch and Palmyra, PA Quadrangle N: 6.3 inches; W: 16.9 inches).

E44-087. Menno Township, 1100 SR 655, Belleville, PA 17004, ACOE Baltimore District in Menno Township, **Mifflin County**.

To remove an existing culvert and to construct and maintain a 55-inch by 73-inch elliptical corrugated metal pipe culvert in an unnamed tributary to Saddler Creek (TSF) and to place R-5 riprap in the channel at the culvert outlet located at Mill Road about 0.4 mile northwest of its intersection with SR 0655 (Allensville, PA Quadrangle N: 7.05 inches; W: 10.2 inches).

E67-693. Princess Street, Incorporated, 458 W. Market Street, York, PA 17404, ACOE Baltimore District in Spring Garden Township, **York County**.

To construct and maintain a 43-foot long by 15-foot wide wooden deck for an outdoor dining area and an arched wooden pedestrian bridge having a span of 40 feet and an underclearance of 6 feet across Tyler Run (WWF). The purpose of the bridge is for access to a parking area located at the rear of the Cove Restaurant along South George Street (York, PA Quadrangle N: 11.0 inches; W: 12.7 inches).

E67-695. Pennsylvania Department of Transportation, Engineering District 8-0, 2140 Herr Street, Harrisburg, PA 17103, ACOE Baltimore District in West Manchester and Dover Townships, **York County**.

To (1) remove an existing culvert and to construct and maintain a 54-foot long reinforced concrete box culvert having a span of 7.0 feet and a rise of 5.0 feet in Honey Creek (TSF) on Emigs Mill Road (SR 4003); (2) extend an existing single span bridge having a clear span of 22.25 feet and an underclearance of about 9.0 feet over Honey Creek by 11.0 feet at its inlet on the south side of East Berlin Road (SR 0234); (3) place R-5 riprap revetment at the bridge's inlet abutment walls; and, (4) construct a temporary stream diversion and sandbag cofferdam to facilitate the construction of the culvert and bridge for the purpose of handling the increased traffic from the West Manchester Corporate Center located near the intersection of SR 4003 and SR 0234 (West York, PA Quadrangle N: 12.4 inches; W: 11.0 inches; and N: 12.8 inches; W: 10.9 inches respectively).

Notice of Permit Transfers for Facilities

The Department of Environmental Protection has transferred all permits, licenses and approvals for the following facilities. All permits, licenses and approvals previously issued to PECO Energy Company, or its prede-

cessors in interest, at the following facilities have been transferred to Exelon Generation Company, LLC. A complete listing of the permits, licenses and approvals transferred by facility follows. A list of specific permits, licenses and approvals involved in the transfer is also

available on the web at www.dep.state.pa.us (directLINK "PECO permit transfers"). Questions may also be directed to John Kennedy at DEP's Southeast Regional Office at (610) 832-6012.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law), to the Environmental Hearing Board (Board), Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact

the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of its self, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Stream Redesignation Evaluations; Water Quality Standards Review

Under 25 Pa. Code § 93.4d (relating to public notice of receipt of evaluation or assessment of waters for High Quality (HQ) or Exceptional Value (EV) Waters redesignation) the Department of Environmental Protection (Department) hereby gives notice that evaluations of all or portions of the streams listed are being conducted. The particular segments to be evaluated are described following the table. Stream evaluations for designated uses other than HQ or EV are also listed. Persons who have technical data concerning the water quality, instream habitat or biological condition of these waters are encouraged to make it available to the Department for consideration in the assessments. These assessments may lead to recommendations to the Environmental Quality Board for redesignation.

Data should be submitted to Robert F. Frey, Division of Water Quality Assessment and Standards, Bureau of

Water Supply and Wastewater Management, P. O. Box 8555, Harrisburg, PA 17105-8555, e-mail rofrey@state.pa.us. Data should be submitted no later than May 14, 2001. Questions concerning these evaluations can be directed to Robert Frey at (717) 787-9637.

<i>Stream Name</i>	<i>County</i>	<i>Tributary To</i>	<i>HQ/EV</i>
Clarion River	Clarion	Allegheny River	
Fishing Creek Tributaries	Clinton	Bald Eagle Creek	X
Indian Creek	Fayette	Youghiogheny River	
Indian Spring Run	Chester/Lancaster	Pequea Creek	X
Maiden Creek Tributaries	Lehigh/Berks	Maiden Creek	X

The Clarion River segment to be evaluated is from the Piney Reservoir to the mouth. This reach is currently designated Cold Water Fishes (CWF) and will be evaluated to determine the proper use designation.

The Fishing Creek tributaries that will be evaluated include: Mill Creek, Bull Run, Bear Run, Little Fishing Creek, Roaring Run, Cedar Run and Long Run.

The portion of Indian Creek from the confluence of Champion Creek to the mouth is not currently listed in the water quality standards (Chapter 93 of the Department's Rules and Regulations). This segment will be evaluated to determine the proper use designation.

The Indian Spring Run basin is currently designated CWF. It is being evaluated for redesignation to High Quality (HQ) or Exceptional Value (EV) Waters.

The Maiden Creek tributaries being evaluated include: Maiden Creek headwaters, also known as Ontelaune Creek, in Lehigh County, School Creek, Stony Run, Pine Creek, Furnace Creek, Sacony Creek and Moselem Creek.

Persons in need of accommodations as provided for in the Americans with Disabilities Act of 1990 should contact Robert Frey directly at (717) 787-9637 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Water Resources Forums; Announcement of Three Additional Forums

The Department of Environmental Protection (DEP), in partnership with the Governor's Center for Local Government Services of the Department of Community and Economic Development, the Department of Conservation and Natural Resources and the Department of Agriculture, announced in the March 24, 2001, *Pennsylvania Bulletin* that 12 public forums have been scheduled to collect public input on Pennsylvania's current and future water resource needs. Three additional forums have been added in Pittsburgh, Philadelphia and Lancaster, bringing the total number of Statewide forums to 15. The complete list of forums is included in this notice.

The forums are an opportunity for the State to hear what Pennsylvanians have to say about water resource issues. In an effort to promote and focus discussion, two questions have been developed that will be presented to the attendees:

- What one water resource need or issue do you feel needs greatest attention in your community?
- What tools do we need to help ensure adequate water supplies in Pennsylvania?

The forums will begin at 7 p.m. There will also be water resource related state agency exhibits and information on display from 6 p.m. to 7 p.m. There is no cost to attend the forums and registration is not required. For additional information, contact:

Kimberly Chism, DEP Office of Water Management, Rachel Carson State Office Building, P. O. Box 2063, Harrisburg, PA 17105-2063, (717) 772-5807 or visit the DEP website at www.dep.state.pa.us (directLINK "Water Forums").

The hearing will be held in the Philadelphia Regional Office, Room 1701 State Office Building, 1400 Spring Garden Street, Philadelphia, PA 19130.

Appeal of Melissa M. Smyth and David McHugh; file no. 01-265-00923; Progressive Insurance Company; doc. no. PH01-03-042; June 8, 2001, at 2 p.m.

Each party may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator, at (717) 787-4298.

M. DIANE KOKEN,
Insurance Commissioner

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

- The payment date specified in the contract.
- 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
- The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.
