READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Voting Modernization Task Force

April 25, 2001

Whereas, National events in the 2000 General Election have created an environment replete with opportunities and challenges to improve the means by which elections are conducted throughout this Commonwealth; and

Whereas, the laws of the Commonwealth of Pennsylvania provide that elections are the shared responsibility of the county Boards of Election and the Secretary of the Commonwealth.

Now, Therefore, I, Thomas J. Ridge, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and the Laws of the Commonwealth, do hereby establish the Voting Modernization Task Force (Task Force).

THE COURTS

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CHS. 5 AND 11]

Examination of Defendant by Commonwealth's Mental Health Experts

Introduction

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania adopt new Pa.R.Crim.P. 567 (Examination of Defendant by Commonwealth's Mental Health Expert), and make correlative changes to Rules 573 (Pretrial Discovery and Inspection) and 1101 (Suspension of Acts of Assembly). New Rule 567 would establish the procedures for the examination of a defendant by a mental health expert retained by the Commonwealth either by agreement of the parties, or by court order when the court determines the defendant intends to introduce evidence concerning his or her mental condition. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Report should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed rule changes precedes the Report.

We request that interested persons submit suggestions, comments, or objections concerning this proposal to the Committee through counsel, Anne T. Panfil, Chief Staff Counsel, Supreme Court of Pennsylvania, Criminal Procedural Rules Committee, P. O. Box 1325, Doylestown, PA 18901 or criminal.rules@supreme.court.state.pa.us, no later than Monday, June 18, 2001.

(c) Unless otherwise agreed, the mental health expert(s) promptly shall prepare a written report stating the subject matter, the substance of the facts relied upon, and a summary of the expert's opinions and the grounds for each opinion.

(2) BY COURT ORDER

(a) Upon motion of the attorney for the Commonwealth, and after notice to the defendant and an opportunity to be heard, if the court determines at any stage of the proceedings that the defendant intends to introduce evidence concerning his or her mental condition, the court shall order that the defendant submit to an examination by one or more mental health experts selected by the Commonwealth for the purpose of determining the mental condition put in issue by the defendant.

(b) When the court orders an examination pursuant to this paragraph, the court shall advise the defendant on the record:

(i) of the purpose of the examination and the contents of the court's order;

(ii) that the information obtained from the examination may be used at trial; and

(iii) the potential consequences of the defendant's refusal to cooperate with the Commonwealth's mental health expert(s).

(c) The court's order shall:

(i) specify the time, place, and conditions of the examination;

(ii) provide that the examination be recorded, and that copies be made available to the parties;

(iii) specify who may be present at the examination; and

(iv) specify the time within which the mental health expert(s) must submit the written report of the examination.

(d) Upon completion of the examination of the defendant, the mental health expert(s), within the time specified by the court as provided in paragraph (A)(2)(c)(iv), shall prepare a written report stating the subject matter, the substance of the facts relied upon, and a summary of the expert's opinions and the grounds for each opinion.

(B) DISCLOSURE OF REPORTS

(1) The mental health experts' reports and the recordings of the examination of the defendant shall be confidential, and not of public record.

(2) Any mental health expert whom either party intends to call to testify concerning the defendant's mental condition must prepare a written report. No mental health expert may be called to testify concerning the defendant's mental condition until the expert's report has been disclosed as provided herein.

(3) The court shall set a reasonable time after the Commonwealth's expert's examination for the disclosure of the reports of the mental health experts.

(4) Upon a sufficient showing, the court may at any time order that the disclosure of a report or reports be

restricted or deferred for a specified time, or make such other order as is appropriate. Upon motion of any party, the court may permit the showing to be made, in whole or in part, in the form of a written statement to be inspected by the court in camera. If the court enters an order granting relief following a showing in camera, the entire text of the statement shall be sealed and preserved in the records of the court to be made available to the appellate court(s) in the event of an appeal.

(C) SANCTIONS FOR NON-COMPLIANCE

At any time during the course of the proceedings, upon motion or sua sponte, if the court determines there has been a failure to comply with this rule, the court may order compliance, may grant a continuance, or may grant other appropriate relief. Upon motion, any hearing to determine if there has been a failure to comply may be held in camera and the record sealed until after disposition of the case.

Comment

This rule establishes the procedures for the examination of the defendant by a mental health expert(s) retained by the prosecution pursuant to an agreement by the parties, see paragraph (A)(1), or a court order, see paragraph (A)(2).

"Mental Health Expert," as used in this rule, includes a psychiatrist, a licensed psychologist, a physician, or any other expert in the field of mental health who will be of substantial value in the determination of the issues raised by the defendant concerning his or her mental condition.

Examination of Defendant

Paragraph (A)(1) is intended to encourage the defendant, defendant's counsel, and the attorney for the Commonwealth to agree to an examination of the defendant by the Commonwealth's mental health expert(s).

When the defendant, defendant's attorney, and the attorney for the Commonwealth agree that the defendant will be examined under this rule, at a minimum, the agreement should specify the time, place, and conditions of the examination, who may be present during the examination, how the examination will be recorded, and the time within which the parties will disclose the reports of their experts.

Paragraph (A)(2) provides for the examination of a defendant by order of the court upon motion of the Commonwealth. The purpose of providing notice to the defendant and an opportunity to be heard in paragraph (A)(2)(a) is so the defendant may challenge the Commonwealth's selected mental health expert(s) when, for example, there is a conflict of interest, or for some other appropriate reason.

It is intended that the examining mental health expert(s), whether appointed pursuant to the agreement of the parties or a Commonwealth's motion, have substantial discretion in how to conduct an examination. The conduct of the examination, however, must conform to generally recognized and accepted practices in that profession. Therefore, the examination of the defendant may consist of such interviewing, clinical evaluation, and psychological testing as the examining mental health expert(s) considers appropriate, within the limits of non-experimental, generally accepted medical, psychiatric, or psychological practices.

Nothing in this rule is intended to limit the number of examining experts the defense may use, nor is it to be

construed as a limitation on any party with regard to the number of other expert or lay witnesses they may call to testify concerning the defendant's mental condition.

The court is required in paragraph (A)(2)(b) to inform the defendant, on the record, about the request for a compelled examination. The court is to explain that the examination is being conducted at the request of the attorney for the Commonwealth and that the purpose of the examination is to obtain information about defendant's mental condition. In addition, the court should explain the procedures for the examination that are included in the court's order as set forth in paragraph (A)(2)(b), and explain the potential consequences of the defendant's failure to cooperate with the examination.

As part of the court's order, the judge is required to include a provision for the recording of the examination. The judge also must determine the type of recording, such as audio- or video-tape recordings.

Paragraph (A)(2)(d) requires that the examining mental health expert(s) promptly prepare a written report and sets forth the minimum contents of that report. It is intended that the scope of the mental health expert's report be limited in the court's order to matters related to the defendant's mental condition at the time put into issue by the defendant.

Disclosure of Reports

After the examination of the defendant by the Commonwealth's mental health expert(s) is completed and the mental health expert's report has been prepared, the defendant and the Commonwealth are required in paragraph (B) to disclose the reports that are made by any experts either party intends to call to testify concerning the defendant's mental condition. The reports must be in writing, and should comply with the content requirements in paragraph (A)(2)(d). An expert witness cannot testify until the report is disclosed as provided in paragraph (B)(2) and (3). There may be situations in which the court would have to call a short recess to permit the expert to complete a written report and to give the parties an opportunity to review the report, such as when a mental health expert(s) is observing the defendant during the trial and will be called to testify on these observations.

When the parties agree to the examination, the time for the disclosure of the reports should be set by the agreement of the parties. The agreement should permit adequate time to review the reports and prepare for the proceeding. If the parties cannot agree, in cases proceeding pursuant to court order under paragraph (A)(2), the court should set the time for the disclosure of reports, which should afford the parties adequate time to review the reports and prepare for the proceeding.

In no case should the disclosure occur until after the defendant has been examined by the Commonwealth's mental health expert(s) and the mental health expert(s) has prepared and submitted a written report. Establishing a reasonable time frame and providing for the reciprocal disclosure are intended to further promote the fair handling of these cases. There may be cases in which, although proceeding pursuant to a court order, the parties, with the court's approval, agree to an earlier time for disclosure consistent with the purposes of this rule. This rule would not preclude such an agreement.

Paragraph (B)(4) recognizes that there may be situations in which the disclosure of an expert's report should be restricted in some way, and gives the court discretion to determine the appropriate action. For example, the court could redact a portion of the report, limit the use of

the report, limit to whom the report may be shown, delay the delivery of the report, or seal the report for a specified period of time.

Examples of situations in which the court might limit disclosure of a report include when there is a need to protect confidential relationships and privileges recognized by law, when there is irrelevant information contained in the report that might be used to develop a case against the defendant, or when the information is so inherently prejudicial that it requires special handling by the judge.

Use of Information Obtained Under This Rule

Information obtained from the examination of a defendant by a Commonwealth's expert is not to be disclosed or used except as permitted by case law, which is evolving. See, e.g., *Commonwealth v. Santiago*, 662 A.2d 610 (Pa. 1995), *Commonwealth v. Morley*, 681 A.2d 1254 (Pa. 1996), *Commonwealth v. Szuchon*, 693 A.2d 959 (Pa. 1997), *Commonwealth v. Karenbauer*, 715 A.2d 1086 (Pa. 1998), and *Commonwealth v. Sartin*, 751 A.2d 1140 (Pa. 2000).

See the Pennsylvania Rules of Evidence concerning the admissibility of the experts' reports and information from any examinations of the defendant by an expert.

Sanctions

Paragraph (C) authorizes the court to impose sanctions on any person who has failed to comply with any of the provisions of this rule, including the attorney for the Commonwealth, the defendant, defendant's counsel, or an expert. The type of sanction is left to the court's discretion.

When the defendant has refused to cooperate in the examination by the Commonwealth's mental health expert(s), before imposing a sanction, the court should consider whether the defendant's failure to cooperate (1) was intentional, (2) was the result of the defendant's mental illness, and (3) will have an adverse and unfair impact on the Commonwealth's ability to respond to the defendant's claim. The court also should consider whether ordering the defendant to resubmit to the examination would result in the defendant's cooperation. See ABA Standards, *supra*, Std. 7-3.4(c) for examples of possible sanctions to impose on a defendant.

Mental Health Procedures Act

Section 7402 (Incompetence to Proceed on Criminal Charges and Lack of Criminal Responsibility as Defense) of the Mental Health Procedures Act, 50 P. S. § 7402, prescribes procedures for conducting court-ordered examinations of a defendant when the defendant's competency is an issue. The procedures in Section 7402 are distinct from the procedures set forth in this rule. However, to the extent that the statutory procedures conflict with the procedures in this rule, this rule takes precedence. See Rule 1101 for suspensions.

(1) MANDATORY:

(a) Notice of Alibi Defense:

A defendant who intends to offer the defense of alibi at trial shall, at the time required for filing the omnibus pretrial motion under Rule [578] 579, file of record notice signed by the defendant or the attorney for the defendant, with proof of service upon the attorney for the Commonwealth, specifying intention to claim such defense. Comment

This rule is intended to apply only to court cases. However, the constitutional guarantees mandated in *Brady v. Maryland*, 373 U.S. 83 (1963), and the refinements of the Brady standards embodied in subsequent judicial decisions, apply to all cases, including court cases and summary cases, and nothing to the contrary is intended. For definitions of "court case" and "summary case," see Rule 103.

See Rule 567 (Examination of Defendant by Commonwealth's Mental Health Expert) for the procedures for the examination of the defendant by the Commonwealth's expert when the defendant intends to introduce evidence concerning his or her mental condition in any proceeding.

REPORT

Proposed New Rule of Criminal Procedure 567 and Correlative Changes to Rules 573 and 1101

EXAMINATION OF DEFENDANT BY COMMONWEALTH'S MENTAL HEALTH EXPERT(S)¹

I. Introduction

In 1996, the Supreme Court decided *Commonwealth v. Morley*, 681 A.2d 1254 (Pa. 1996), holding, inter alia, that

¹ As explained in the Comment to proposed new Rule 567, "mental health expert," as used in this rule, is intended to include a psychiatrist, a licensed psychologist, a physician, or any other expert in the field of mental health who will be of substantial value in the determination of the issues raised by the defendant concerning his or her mental condition. It is intended that, in the appropriate case, either by agreement of the parties or by court order, the defendant may be examined by more than one mental health expert.

"where the defendant has raised a defense based on mental infirmity, the defendant may not refuse to allow the Commonwealth psychiatrist to examine him or her on the basis that it violates the defendant's privilege against self-incrimination." In view of this opinion and several other similar cases,² the Committee agreed that the Rules of Criminal Procedure should provide uniform procedures for a defendant's examination by the Commonwealth's mental health expert(s).

The Committee agreed that these new examination procedures should be set forth in a separate rule, and as explained more fully in the Discussion Section below, should apply at any stage of the proceedings when the defendant intends to introduce evidence concerning his or her mental condition.³ The Committee is proposing the new rule be numbered Rule 567, the first rule in Chapter 5, Part F (Procedures Following the Filing of Information). New Rule 567 would provide for the examination of the defendant either by agreement of the parties or by order of the court.⁴

II. Discussion

A. Scope of Rule

The first issue tackled by the Committee was the scope of the rule. After considerable discussion, the Committee concluded that the examination of the defendant by the Commonwealth's mental health expert would be triggered whenever the defendant is going to introduce any evidence of his or her mental condition at any stage in the proceedings. This would include not only trials, but, for example, proceedings such as sentencing or juvenile decertification hearings. Thus the application of Rule 567 would not be limited to cases in which the defendant is raising an insanity or mental infirmity defense, nor would it be limited to the use of expert testimony or to the time of trial.

B. Examination of Defendant by Agreement

Recognizing the benefits to the system of a less adversarial process for determining whether a case is appropriate for the examination of the defendant by the Commonwealth's mental health expert and of encouraging cooperation among legal professionals and mental health professionals in these cases,⁵ the Committee agreed to incorporate into the new rule a procedure for an examination by the agreement of the parties. Because we wanted to make it clear that obtaining the agreement of the parties was the preferable procedure, the Committee has set forth these procedures first. See paragraph (A)(1).

Paragraph (A)(1)(a) provides that the agreement designate the mental health expert. The Committee concluded that since the decision to have the defendant examined was by agreement, the parties should designate the examining mental health expert, rather than leave that decision to the judge. Because this is an agreement, other than requiring the parties to designate the mental health expert in the agreement, the Committee did not want to mandate in the rule all of the contents of the agreement, preferring to give the parties discretion about how much

² See, e.g., *Commonwealth v. Santiago*, 662 A.2d 610 (Pa. 1995), *Commonwealth v. Karenbauer*, 715 A.2d 1086 (Pa. 1998), and *Commonwealth v. Sartin*, 751 A.2d 1140 (Pa. 2000).

³ To accommodate the broad application of the rule, the Committee agreed that a term with a more expansive application than "insanity" should be used. After examining the rules in other states, as well as case law, we found that "mental condition" is a generally accepted term and suited the rule's purposes.

⁴ Because the Rule 567 examination would be triggered either by agreement or by court order, the Committee agreed that the rule would not require any form of formal notice by the defendant.

⁵ The Committee also note that this is consistent with what appears to be the approach being followed in some judicial districts in Pennsylvania as well as in other jurisdictions.

detail they want in the agreement. The Committee has included in the Comment the minimum contents we believe should be provided in the agreement as an aid to the parties in preparing their agreement.

Paragraph (A)(1)(b) requires the agreement to be in writing, and signed by the defendant, defendant's counsel, and the attorney for the Commonwealth, or made orally on the record. The Committee used "defendant, defendant's counsel, and the attorney for the Commonwealth" instead of "parties" to emphasize that the defendant and the defendant's attorney have to agree. Some members expressed concern about the requirement that the defendant sign the agreement, pointing out that when mental condition is the issue, some defendants would not understand the nature of the agreement, or would not sign the agreement because of their mental condition. Ultimately, the Committee agreed to retain the signature requirement, noting if a defendant is so mentally ill that he or she does not know what they are doing, then you would not have an agreement, and the parties would have to proceed by obtaining a court order. It also was noted that if the attorneys agree, but the defendant does not have the capacity to agree, then the attorneys could file a stipulated motion explaining to the court the reasons for the defendant's failure to sign the agreement.

Paragraph (A)(1)(c) requires the mental health expert to promptly prepare a report of the examination unless the parties otherwise agree. The Committee agreed the parties should have the option in the agreement to provide for the time for the report to be prepared, the contents of the report, and any other report-related matters. However, the rule makes it clear that, unless the agreement provides otherwise, the expert must prepare a standard report and that this must be done promptly after the completion of the examination. We used language comparable to Rule 573(B)(2)(b) to outline what should be included in the report.

C. Examination of Defendant By Court Order

When the parties do not agree to the examination of the defendant by the Commonwealth's mental health expert(s), the court may order the examination. See paragraph (A)(2). Paragraph (A)(2)(a) requires the attorney for the Commonwealth to file a motion requesting an order for the examination and to designate in the motion the mental health expert(s) he or she has selected for the examination. One of the issues the Committee debated at length was whether the judge should have any discretion with regard to (1) ordering the defendant to submit to an examination when requested by the Commonwealth and (2) accepting the mental health expert designated by the Commonwealth. Although the Committee did not think the order would be automatic upon the request of the attorney for the Commonwealth, if the court determines that the defendant intends to introduce evidence concerning his or her mental condition, the judge must order the examination. However, concerning the judge's acceptance of the Commonwealth's designated expert, because of possible conflicts, the Committee thought the judge should have discretion to appoint a different expert in the appropriate case. To facilitate the judge's ability to exercise his or her discretion under this provision, the rule requires that the defendant be given notice of the motion and an opportunity to be heard on the motion. See paragraph (A)(2)(a).

Paragraph (A)(2)(b) requires the judge to advise the defendant on the record about the examination, that the information may be used at trial, and the potential consequences for failing to cooperate in the examination.

The Committee agreed that having the judge speak to the defendant in person would emphasize the nature of the examination and the importance of cooperation. These requirements are further explained in the eighth paragraph of the Comment.

Paragraph (A)(2)(c) sets forth the required contents of the court's order. There was an extensive discussion concerning the recording of the examination and access to the recording. The Committee agreed all examinations would be recorded and copies of the recording would be given to all parties, and that the judge must include this in the order.⁶ See paragraph (A)(2)(c)(ii). In addition, as explained in the Comment, the judge must provide in the order the type of recording, such as audio- or video-tape recordings.

The judge also must specify in the order who may be present. The Committee agreed this was the judge's decision, rather than the decision of one of the parties or the mental health expert. By leaving the decision to the judge on a case-by-case basis, we intend to accommodate other persons besides counsel, such as a parent if the issue is a juvenile decertification hearing. See paragraph (A)(2)(c)(iii). Finally, the judge must specify in the order the time within which the mental health expert(s) must submit the written report of the examination.

Paragraph (A)(2)(d), which is similar to paragraph (A)(1)(c) with regard to what the expert must include in the report, requires the expert to prepare a written report within the time specified in the order.

D. Disclosure of Reports

Paragraph (B) sets forth the procedures governing the disclosure of all reports of all mental health experts either party intends to call to testify. The Committee debated at length the issues related to the public's access to the experts' reports and any tape recordings of the examination. We concluded that the reports and recordings are confidential and should not be public records, and have provided this in paragraph (B)(1).

Paragraph (B)(2) and the Comment make it clear that any mental health expert who will be called to testify must prepare a written report. The rule also prohibits an expert who has not prepared a report as required by the rule from being called to testify. As pointed out in the Comment, there may be situations in which the court would have to call a short recess to permit an expert to complete a report such as when the expert is observing the defendant during the trial.

Paragraph (B)(3) makes it clear that the court must set the time for the disclosure of reports and that time must be a reasonable time after the Commonwealth's experts examination. The Comment explains that the parties in their agreement may set the time for disclosure, but if they cannot agree to the time, the court should set the time. In setting the time for disclosure, the parties or court should afford adequate time for the parties to review the reports and prepare for the proceeding. The Comment also notes that even when proceeding pursuant to a court order, the parties may agree to an earlier time for disclosure consistent with the rule.

Another issue considered by the Committee was the Commonwealth's expert's access to information other than the defendant's experts' reports, such as school records or certain test results. The Committee agreed to not address this in the rule, observing that the Common-

⁶ The members noted although a party could not object to the recording of the examination, he or she could object to the admissibility of the recording if the other party wanted to introduce it into evidence at a proceeding.

wealth may ask the defendant to provide this information, and if the defendant does not comply, the Commonwealth may request the court to order the defendant to comply.

Paragraph (B)(4) is similar to the provisions in Rule 573(F) (Protective Orders). After a lengthy discussion concerning public access to the reports and whether portions of the reports could be sealed or the hearing held in camera, the Committee agreed to retain the in camera provision comparable to that provided in Rule 573(F). The Comment sets forth examples of situations when the court might consider limiting disclosure pursuant to paragraph (B)(4).

E. *Sanctions for Non-compliance*

Paragraph (C) (Sanctions for Non-compliance) is similar to Rule 573(E) (Remedy). The Committee modified the provision to make it clear that the court may impose sanctions on counsel, the defendant, or an expert for non-compliance with any provisions of Rule 567. The rule permits the court to hear a motion on sanctions in camera, and requires that the hearing be on the record. The Comment further explains this provision, and specifically addresses the special circumstances when a defendant fails to cooperate in the examination. The court should consider whether the defendant's failure to cooperate is due to his or her mental condition or was intentional, and what impact the failure to cooperate will have on the Commonwealth's ability to respond to the defendant's claim.

F. *Use of Information Obtained Under the Rule*

The Committee considered at length how to address the use of information obtained under the rule. We noted that the law addressing the use of information obtained from the Commonwealth's mental health expert's examination of the defendant is evolving and the permitted uses are not fully defined. In view of this, the Committee agreed to cite the relevant case law in the Comment.

G. *Mental Health Procedures Act*

As the Committee developed new Rule 567, we considered the provisions of the Mental Health Procedures Act, 50 P. S. § 7101 et seq. The Act sets forth the procedures for determining competency issues, as well as limited procedures concerning the lack of criminal responsibility as a defense. The Committee concluded that new Rule 567 does not apply in the context of competency proceedings under the Act. However, to avoid any confusion concerning the application of the Act to examinations governed by Rule 567, the Comment makes it clear that the rule and Act are distinct. In addition, the Committee is proposing that Section 7402 of the Act be suspended "only insofar as it is inconsistent with Rule 567." See Rule 1101 (Suspension of Acts of Assembly).

H. *Correlative Revisions of the Comment to Rule 573 (Pretrial Discovery and Inspection)*

The Committee is proposing that the Rule 573 Comment be revised by the addition of a cross-reference to new Rule 567.

Notice of Alibi Defense and Defense of Insanity or Mental Infirmity

Introduction

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania adopt new Pa.Rs.Crim.P. 568 (Notice of Alibi Defense) and 569 (Notice of Defense of Insanity or Mental Infirmity), and make conforming changes to Rule 573 (Pretrial Discovery and Inspection). These rule changes move the notice of the defenses of alibi, insanity, and mental infirmity from Rule 573 (Pretrial Discovery and Inspection) into separate rules, thereby making the notice of alibi and notice of insanity or mental infirmity procedures distinct from the discovery procedures. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Report should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed rule changes precedes the Report. Additions are shown in bold and are underlined; deletions are in bold and brackets.

We request that interested persons submit suggestions, comments, or objections concerning this proposal to the Committee through counsel, Anne T. Panfil, Chief Staff Counsel, Supreme Court of Pennsylvania, Criminal Procedural Rules Committee, P. O. Box 1325, Doylestown, PA 18901 or criminal.rules@supreme.court.state.pa.us, no later than Monday, June 18, 2001.

Rule 568. Notice of Alibi Defense.

(A) NOTICE BY DEFENDANT

A defendant who intends to offer the defense of alibi at trial shall file a notice specifying an intention to offer an alibi defense no later than the time required for filing the omnibus pretrial motion provided in Rule 579.

(1) The notice shall be signed by the attorney for the defendant, or the defendant if unrepresented. The notice shall be filed with the clerk of courts with proof of service upon the attorney for the Commonwealth.

(2) The notice shall contain specific information as to the place or places where the defendant claims to have been at the time of the alleged offense and the names and addresses of the witnesses whom the defendant intends to call in support of the claim.

(B) FAILURE TO FILE NOTICE

(1) If the defendant fails to file and serve the notice of alibi as required by this rule, the court may exclude entirely any evidence offered by the defendant for the purpose of proving the defense, except testimony by the defendant, may grant a continuance to enable the Commonwealth to investigate such evidence, or may make such other order as the interests of justice require.

(2) If the defendant omits any witness from the notice of alibi, the court at trial may exclude the testimony of the omitted witness, may grant a continuance to enable the Commonwealth to investigate the witness, or may make such other order as the interests of justice require.

(C) RECIPROCAL NOTICE OF WITNESSES

Within 10 days after receipt of the defendant's notice of defense of alibi, or within such other time as allowed by the court upon cause shown, the attorney for the Commonwealth shall serve upon defendant's attorney, or the defendant if unrepresented, written notice of the names and addresses of all witnesses the attorney for the Commonwealth intends to call to disprove or discredit the defendant's claim of alibi.

(D) FAILURE TO FILE RECIPROCAL NOTICE

(1) If the attorney for the Commonwealth fails to file and serve a list of its witnesses required by this rule, the court may exclude any evidence offered by the Commonwealth for the purpose of disproving the alibi defense, may grant a continuance to enable the defense to investigate such evidence, or may make such other order as the interests of justice require.

(2) If the attorney for the Commonwealth omits a witness from the list of its witnesses required by paragraph (C), the court at trial may exclude the testimony of the omitted witness, may grant a continuance to enable the defense to investigate the witness, or may make such other order as the interests of justice require.

(E) CONTINUING DUTY TO DISCLOSE

If prior to or during trial a party learns of an additional witness whose identity, if known, should have been included in the notice furnished under paragraphs (A) or (C), the party promptly shall notify the other party or the other party's attorney of the existence and identity of such additional witness.

(F) FAILURE TO CALL WITNESSES

No adverse inference may be drawn against the defendant, nor may any comment be made concerning the defendant's failure to call available alibi witnesses, when such witnesses have been prevented from testifying by reason of this rule, unless the defendant or the defendant's attorney shall attempt to explain such failure to the jury.

(G) IMPEACHMENT

A defendant may testify concerning an alibi notwithstanding that the defendant has not filed notice, but if the defendant has filed notice and testifies concerning his or her presence at the time of the offense at a place or time different from that specified in the notice, the defendant may be cross-examined concerning such notice.

Comment

This rule, which is derived from paragraphs (C)(1)(a), (c)—(g), and (D) of Rule 573 (Pretrial Discovery and Inspection) and was made a separate rule in 2001, sets forth the notice procedures when a defendant intends to raise an alibi defense at trial.

The reference in paragraph (A) to Rule 579 (Time for Omnibus Pretrial Motion and Service) contemplates consideration of the exceptions to the time for filing set forth in Rule 579(A).

The notice-of-alibi provision is intended to comply with the requirement of *Wardius v. Oregon*, 412 U.S. 470 (1973), by the inclusion of reciprocal disclosure responsibilities placed upon the Commonwealth in paragraph (C). See also *Commonwealth v. Contakos*, 314 A.2d 259 (Pa. 1974).

(B) FAILURE TO FILE NOTICE

(1) If the defendant fails to file and serve a notice of insanity or mental infirmity defense as required by this rule, the court may exclude entirely any evidence offered by the defendant for the purpose of proving the defense, except testimony by the defendant, may grant a continuance to enable the Commonwealth to investigate such evidence, or may make any other order as the interests of justice require.

(E) CONTINUING DUTY TO DISCLOSE

(F) FAILURE TO CALL WITNESSES

No adverse inference may be drawn against the defendant, nor may any comment be made concerning the defendant's failure to call available witnesses with regard to the insanity or mental infirmity defense, when such witnesses have been prevented from testifying by reason of this rule, unless the defendant or the defendant's attorney shall attempt to explain such failure to the jury.

Pursuant to paragraphs (B)(2)(b) and (C)(2) **[(b)]**, the trial judge has discretion, upon motion, to order an expert who is expected to testify at trial to prepare a report. However, these provisions are not intended to require a prepared report in every case. The judge should determine, on a case-by-case basis, whether a report should be prepared. For example, a prepared report ordinarily would not be necessary when the expert is known to the parties and testifies about the same subject on a regular basis. On the other hand, a report might be necessary if the expert is not known to the parties or is going to testify about a new or controversial technique.

[The notice-of-alibi provision of this rule contained in paragraph (C)(1)(a) is intended to comply with the requirement of *Wardius v. Oregon*, 412 U. S. 470 (1973), by the inclusion of reciprocal disclosure responsibilities placed upon the Commonwealth in paragraph (C)(1)(c). See also *Commonwealth v. Contakos*, 314 A.2d 259 (Pa. 1974). The provision requiring a notice of insanity defense, paragraph (C)(1)(b), has not previously been included in these rules, but the safeguards surrounding them have been made identical to those protecting the defendant under the notice-of-alibi provision.]

Paragraph (C)(1), which provided the requirements for notice of the defenses of alibi, insanity, and mental infirmity, was deleted in 2001 and moved to Rules 568 (Notice of Alibi Defense) and 569 (Notice of Defense of Insanity or Mental Infirmity).

REPORT

Proposed New Rules 568 and 569, and Amendments to Rule 573

NOTICE OF ALIBI DEFENSE AND NOTICE OF DEFENSE OF INSANITY OR MENTAL INFIRMITY

I. Introduction

When developing proposed new Rule 567 (Examination of Defendant by Commonwealth's Mental Health Expert), which would establish uniform procedures for the examination of a defendant by a mental health expert employed by the Commonwealth,¹ the Committee examined Rule 573 (Pretrial Discovery and Inspection), as well as the Federal Rules of Criminal Procedure and similar rules in other jurisdictions. As part of that examination, we noted that, unlike the Pennsylvania Rules, the Federal Rules and many other jurisdictions have separate rules setting forth the defendant's requirements for giving notice of defenses, in particular alibi and insanity, rather than combining the notices in the discovery rule. The Committee concluded from its review of F.Rs.Crim.P. 12.1 (Notice of Alibi) and 12.2 (Notice of Insanity Defense or Expert Testimony of Defendant's Mental Condition) and the other jurisdictions' rules that the federal approach makes sense and provides a clearer distinction between discovery procedures and notice procedures.

Agreeing the notice rules should be separate from Rule 573, the Committee discussed the placement of the new rules. Having previously decided that the new examination rule should be Rule 567, which would be the first rule in Chapter 5, Part F, the Committee agreed the notice rules should follow the examination rule and are proposing that the notice rules be Rules 568 and 569.

II. Discussion

A. New Rules 568 and 569

Except as otherwise noted below, new Rules 568 and 569 carry over verbatim the text of Rule 573(C)(1). The Committee used the opportunity of moving this text into separate rules to make some editorial and technical changes, as well as some changes we believe will make the notice rules clearer.

Rules 568(A) and 569(A) carry over the provisions from Rule 573(C)(1)(a) and (b) respectively. The Committee has

¹ The Committee's Report explaining the development of new Rule 567 has been published for comment together with this Report.

reorganized the wording and broken the paragraph into subparagraphs dealing with (1) signing and filing the notice, and (2) the contents of the notice. In addition, because we agreed the defendant should give this notice as early as possible, we modified the rules to provide for the filing of the notices to be "no later than the time required for filing the omnibus pretrial motion provided in Rule 579." In response to some members' concerns whether the exceptions to the time for filing the omnibus pretrial motion enumerated in Rule 579 applied to the notice rules' time limits, we agreed to explain in both Comments that the reference in paragraph (A) to the Rule 579 time requirements contemplates consideration of the exceptions to the time for filing set forth in Rule 579.

For purposes of organizational clarity, the Committee agreed to reverse the order of paragraphs (C)(1)(c) and (d) when moved from Rule 573. Therefore, in the new notice rules, the defendant's notice requirement is followed by the procedures governing the defendant's failure to give the notice. See Rules 568(B) and 569(B). Similarly, the provisions for the Commonwealth to give notice of the names of witnesses he or she intends to call to disprove or discredit the defendant's claim, Rules 568(C) and 569(C), will be followed by the procedures governing the Commonwealth's failure to give the notice, Rules 568(D) and 569(D).

In addition to the reorganization of these paragraphs, paragraph (C) concerning the Commonwealth's obligation to give notice has been modified. First, the Committee has changed the title of the paragraph from "Disclosure of Reciprocal Witnesses," Rule 573(C)(1)(c), to "Reciprocal Notice of Witnesses." We think this more accurately represents the content of the provision and ties it to the purpose of the rule. The Committee also has increased the time within which the Commonwealth must give the notice from 7 days to 10 days, which is in conformity with other time limits in the Criminal Rules and is more realistic. Finally, the Committee has changed the provision in Rule 573(C)(1)(c) from "disclosure to the defendant" to "shall serve . . . written notice of the names and addresses . . ." The Committee agreed that it is important to have these notices in writing to avoid the confusion that sometimes arises when there is only oral notice.

The provisions in Rule 573(C)(1)(d) and (e), now Rules 568(B) and (D) and 569(B) and (D), have been reorganized into subparagraphs. The first subparagraph sets forth the sanctions for failing to file and serve the notice. The second subparagraph sets forth the sanctions for omitting a witness' name from the notice. Although many of the suggested sanctions are the same for both types of failure to comply, the Committee thought the rules would be clearer if the provisions were separated.

Rules 568(E) and 569(E) are taken from Rule 573(D). Although Rule 573(D) is not specifically included in the notice section of Rule 573, the Committee agreed that there would be a continuing duty to disclose witnesses whom the party intends to call in the notice context, and therefore included this provision in the new rules.

The first paragraph of the Comments to Rules 568 and 569 provide a history of the source of the new rules, cross-referencing Rule 573. In addition, the Rule 568 Comment carries over the Rule 573 Comment provision citing *Wardius v. Oregon*, 412 U. S. 470 (1973), and the Rule 569 Comment includes a cross-reference to the new examination rule, Rule 567.

B. Correlative Changes: Rule 573

Rule 573 would be amended by deleting the alibi and insanity notice provisions in Rule 573(C)(1)(a)—(g) and the corresponding Comment provision concerning notice of alibi. The paragraph (C)(2) caption "Discretionary with the Court" would be deleted as unnecessary now that all of the mandatory section under paragraph (C) has been deleted. Thus, paragraph (C) would begin with paragraph (1) "In all court cases. . . ."

A defendant whose paperwork is not received by the cutoff may proceed to trial, request a continuance to the next term of Court, or enter a general plea of guilty without agreement as to sentence.

The District Attorney must forward all paperwork for negotiated pleas and motions for A.R.D. to the Criminal Court Administrator on the date established for transmittal as published in the Court Calendar.

The motion for continuance shall be made in writing to the President Judge on a form established by the Court. The motion shall include a statement of the reasons for the request, whether the other party or the Master is opposed or unopposed to the request, the number of times the case has previously been continued and a certification by counsel that his/her client has been informed about the request for continuance. If the Master is opposed to the motion, he/she shall state his/her reasons for opposition on the written form.

Counsel have an ongoing duty to consult their scheduling calendar immediately upon receipt of a notice scheduling a court proceeding. In the event a continuance is necessary because of a prior attachment or emergency situation, counsel shall promptly request a continuance, and failure to do so may subject counsel to the contempt powers of the Court. Continuance requests shall be made as soon as the conflict is, or should be known, or within twenty-four (24) hours after discovery of emergency circumstances. Emergency circumstances must be explained in writing, and requests due to scheduling conflicts must include a copy of the conflict attachment notice.

(g)(1) In a contested case the testimony given at a Master's hearing shall be taken by an official court reporter who shall be paid an appearance fee by the party first moving for the appointment of the Master.

(2) Upon the closing of the record at the Master's Hearing the parties may agree to those portions of the record to be transcribed, or the Master may direct that all or a portion of the record shall be transcribed. (3) Within five (5) days after the filing of exceptions to the Master's report, the party raising exceptions shall request a transcript of all the testimony pursuant to Pa.R.J.A. 5000.5, and shall thereupon make a deposit with the court reporter for the cost of the transcript pursuant to Pa.R.J.A. 5000.6.

(i) If both parties file exceptions to the Master's report, they shall equally bear the cost of the transcript.

(4) In the event of the failure of an excepting party within the time allowed either to order the transcript, or to pay for the same, or to file a memorandum of law as required by these Rules or Order of Court, the exceptions may be deemed to have been withdrawn and may be dismissed by the court.

(5) Upon payment of all fees, the court reporter shall certify the transcript and shall give notice to the Master and to the parties that the transcript has been certified. All objections to the transcript shall be raised within ten (10) days after the date of the notice of the certification, or the objections are deemed to be waived.

(h)(1) The testimony in an uncontested case shall be transcribed in question and answer form, shall be read by the witness, and shall be sworn to and signed by the witness in the presence of the Master. Before the Master shall certify such testimony he may examine the witness as to any answers given in such testimony and may demand that the testimony be supplemented, in writing, by answers to other specific questions, or under oath before an official court reporter.

(2) The Master's report shall be filed:

(i) within thirty (30) days after the closing of the record; or

(ii) within thirty (30) days after the notice of the certification of the transcript by the court stenographer when a transcript has been requested; or,

(i) Should the Master fail to file his final report within the time specified in Sch.R.C.P. 1920.53(g) or 1920.53(h), there being no rule or other matter not disposed of, a party shall have the right to obtain a rule upon the Master to show cause why the final report should not be filed promptly. If no good cause is shown, and if no report is filed, the Court shall take appropriate action promptly. No action taken hereunder by a party shall adversely influence the Master against that party, and the willful violation of this admonition shall result in the removal of the Master from consideration for appointment as a Master thereafter, any other disciplinary and remedial action that the Court may feel appropriate under the circumstances, or both.

(j) The Master shall enclose the papers in the case in a strong paper backer arranged in the following order:

(1) Recommendation as to the form and content of the final decree as to the divorce or annulment and for the disposal of related claims;

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 141]

Hunting and Trapping

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 10, 2001, meeting, adopted the following changes:

Amend § 141.1 (relating to special regulations areas) by prohibiting the use of a muzzleloading handgun to hunt deer, bear and elk, and by making a crossbow a lawful device to hunt deer in the special regulations areas; amend § 141.5 (relating to furbearer tagging requirements) by removing the fee for tags for beaver; and amend § 141.18 (relating to permitted devices) to allow the use of an electronic device to be worn on the ear.

Amend § 141.41 (relating to general) to add elk to existing language regarding daylight fluorescent orange-colored material and to prohibit the use of a muzzleloading handgun to hunt for deer, bear or elk; amend § 141.42 (relating to big game animal hunting roster) by adding elk; amend § 141.43 (relating to deer) by adding the word "crossbow" to mandate that persons using crossbows during the archery season comply with restrictions listed therein, and to change the name of the late muzzleloader season to flintlock muzzleloader season; amend § 141.45 (relating to turkey) by removing the unlawful use of a blind while hunting wild turkey and to remove area 9-A, § 141.46 (relating to the map of Pennsylvania turkey management areas) by changing the boundary lines that separate turkey management areas 9-A and 9-B to be consistent with the *Hunting and Trapping Digest*; amend §§ 141.47 and 141.48 (relating to elk; and elk management areas) by adding new language regarding hunting methods and license application requirements; and adding § 141.49 (relating to elk guide permits) to establish a fee for an elk guide permit.

Amend § 141.62 (relating to beaver trapping) to lessen restrictions on beaver trapping in Furbearer Management Area No. 3; and delete § 141.65 (relating to trapping restrictions on Pine Creek).

These amendments are adopted under the authority of 34 Pa.C.S. (relating to the Game and Wildlife Code) (code).

Amendment to § 141.1

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its January 23, 2001, meeting proposed, and at its April 10, 2001, meeting finally adopted, changes to § 141.1 to allow the use of crossbows and muzzleloading long guns to kill deer. To be lawful, a crossbow must have a draw weight of not less than 125 pounds nor more than 200 pounds. These changes were adopted under section 2102 of the code (relating to regulations).

2. *Purpose and Authority*

At its October 12, 2000, meeting, the Commission adopted a change to § 141.1 to allow the use of all types of muzzleloading firearms to hunt deer in special regulation areas. Since that final adoption, some safety concerns

have arisen, so that the Commission has decided to allow only the use of muzzleloading long guns. In addition, the act of December 20, 2000 (P.L. 452, No. 111) (Act 111) amended section 2308(a) of the code (relating to unlawful devices and methods), to remove the crossbow from the list of unlawful devices. To provide more options for deer hunters in special regulation areas, the Commission decided to allow the use of crossbows with a draw weight of not less than 125 pounds nor more than 200 pounds during the regular firearms seasons.

Section 2102(a) of the code directs the Commission to "... promulgate such regulations as it deems necessary and appropriate concerning ... the ways, manner, methods, and means of hunting or furtaking" Section 2102(d) of the code also directs the Commission to promulgate regulations stipulating "... the type of firearms and ammunition and other devices which may be used" The change is adopted under this authority.

3. *Regulatory Requirements*

The adopted amendment will expand options for deer hunters in special regulations areas, however, they will limit the use of crossbows and the use of muzzleloading firearms to long guns.

4. *Persons Affected*

Individuals wishing to hunt deer in special regulations areas with muzzleloading firearms and crossbows will be affected by the change.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted changes.

6. *Cost and Paperwork Requirements*

The adopted change should not result in any additional cost or paperwork.

Amendments to §§ 141.5, 141.62 and 141.65

1. *Introduction*

The beaver population this Commonwealth has been increasing. There has been a corresponding increase in complaints about beavers and damage they may cause. As a result, the Commission at its January 23, 2001, meeting proposed, and at its April 10, 2001, meeting finally adopted, changes to §§ 141.5, 141.62 and 141.65 to expand opportunities to harvest beavers and simplify requirements to do so. These changes were adopted under section 2102(a) of the code.

2. *Purpose and Authority*

As was mentioned in the Introduction, the beaver population in this Commonwealth is increasing. With this increase comes more complaints of nuisance beavers, particularly flooding areas. The increasing population will allow for an increased harvest of beavers which would eliminate some of the conflicts.

The adopted change to § 141.5 will eliminate a 50¢ beaver tagging fee which trappers and wildlife conservation officers have found burdensome. The adopted change to § 141.62 will relax restrictions on placement of a trap or snare near a beaver dam or house in Furbearer Management Area No. 3 which encompasses the north-eastern area of this Commonwealth. Finally, the Commission has adopted striking and reserving § 141.65.

Section 2102(a) of the code directs the Commission to "... promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth . . ." This provision authorizes the adopted changes.

3. *Regulatory Requirements*

The adopted changes will relax current requirements.

4. *Persons Affected*

Individuals wishing to trap beavers in this Commonwealth will be affected by the changes.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted changes.

6. *Cost and Paperwork Requirements*

The adopted changes should not result in any additional cost or paperwork.

Amendment to § 141.18

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its meeting held on January 23, 2001, proposed, and its meeting held on April 10, 2001, finally adopted, adding a new paragraph (2) to authorize the use of electronic sound amplification devices while hunting. This change is adopted under section 2102(d) of the code.

2. *Purpose and Authority*

Section 141.6(6) (relating to illegal devices) provides that it is unlawful to "hunt or take wildlife through the use of an electronic contrivance or device not permitted by Commission regulation." This provision could be construed as prohibiting hearing aids and other hearing assisting devices which do not give hunters an unfair advantage. The amendment will clearly permit the use of those devices.

Section 2102(d) of the code directs the Commission to "... promulgate regulations stipulating . . . the type of firearms and ammunition and other devices which may be used . . ." to hunt. This provision provides authority for the adopted amendment.

3. *Regulatory Requirements*

The amendment will clarify and potentially expand what is currently allowed.

4. *Persons Affected*

Individuals wishing to use hearing assisting devices to hunt will be allowed to do so.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted change.

6. *Cost and Paperwork Requirements*

The adopted change should not result in any additional cost or paperwork.

§§ 141.41, 141.42 and 141.47—141.49

1. *Introduction*

Act 111 added section 2705(15) of the code which provides for issuance by the Commission of elk hunting licenses. In addition, the Commission has proposed regulations providing for an elk hunting season in this Commonwealth in 2001. As a result, the Commission at its January 23, 2001, meeting proposed, and at its April

10, 2001, meeting finally adopted amendments to §§ 141.41 and 141.42, and adoption of §§ 141.47 and 141.48 to regulate elk hunting. These changes were adopted under section 2102 of the code.

2. *Purpose and Authority*

The elk population in this Commonwealth has been increasing in recent years. This has resulted in increased complaints of nuisance elk and a larger number of incidents of elk being shot for crop damage. Also, as was previously stated, the legal framework for an elk hunting season is being established. One of the final steps is the establishment of lawful methods and procedures that may be used to hunt elk.

The adopted changes to § 141.41 relating to elk involve adding elk hunting to the requirement to wear fluorescent orange-colored material and "elk" to a prohibition against using a muzzleloading handgun. The adopted change to § 141.42 will require a roster for groups of five or more persons who hunt elk together. The remaining adopted changes will add §§ 141.47—141.49. Section 141.47 will establish what firearms are lawful for hunting elk and prohibit elk hunt guiding activities without meeting requirements. Section 141.48 will establish elk management areas. Section 141.49 establishes fees to obtain elk guide permits.

Section 2102(a) of the code provides that:

The Commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.

This provision supplies the authority for the adopted changes.

3. *Regulatory Requirements*

The adopted changes establish the following requirements for those wishing to hunt elk or guide elk hunts:

a. Must wear fluorescent orange-colored material.

b. Maintain a roster when five or more persons hunt together or cooperate.

c. Rifles, shotguns, long gun muzzleloaders, bows and arrows and crossbows may be used but each firearm has specific requirements.

d. Elk management units are specifically designated.

e. Those wishing to guide elk hunts must obtain a permit involving a fee and attend an orientation.

4. *Persons Affected*

Persons wishing to hunt elk, guide elk hunts or living in the elk range may be affected by the adopted changes.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted changes.

6. *Cost and Paperwork Requirement*

There should be no additional cost to the Commission or to hunters resulting from the adopted changes. The only paperwork requirement is the maintenance of a roster when five or more persons hunt together. Residents

wishing to guide elk hunts must pay a fee of \$10 and nonresidents must pay a fee of \$25.

Amendment of §§ 141.41 and 141.43

1. *Introduction*

To more effectively manage the wildlife of this Commonwealth and provide for the safety of persons involved in muzzleloader hunting, the Commission at its January 23, 2001, meeting proposed, and at its April 10, 2001, meeting finally adopted amendments to §§ 141.41 and 141.43 to prohibit the use of muzzleloading handguns to hunt for deer, bear or elk. This change is adopted under section 2102(d) of the code.

2. *Purpose and Authority*

Although the the Commission only legalized the use of muzzleloading handguns in 2000, concerns about safety and "quick-kill" have arisen with regard to the use of those firearms for big game hunting.

Section 2102(d) of the code provides that: "The commission shall promulgate regulations stipulating "... the type of firearms and ammunition and other devices which may be used" This section provides the authority for the adopted changes.

3. *Regulatory Requirements*

The adopted changes make it unlawful to hunt for deer, bear or elk through the use of a muzzleloading handgun.

4. *Persons Affected*

Those wishing to hunt for deer, bear or elk using a muzzleloading handgun would be affected by the adopted changes.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted changes.

6. *Cost and Paperwork Requirements*

The adopted changes should not result in any additional cost or paperwork.

Amendment to § 141.43

1. *Introduction*

Act 111 removed the crossbow from the list of unlawful hunting devices contained in section 2308 of the code. As a result, the crossbow can be used to hunt when authorized by the Commission. Use of the crossbow is currently limited to the hunting of deer in the Special Regulations Areas during the rifled deer season and to holders of disabled person crossbow permits. This may be expanded, however, and the Commission at its January 23, 2001, meeting has therefore proposed, and at its April 10, 2001, meeting finally adopted adding "or crossbow" to § 141.43(a). In addition, the Commission has decided to have two muzzleloader deer seasons, one in the fall and one in winter, after Christmas. To distinguish between them, the Commission has decided to change the aforesaid regulation section to refer to "flintlock muzzleloading" season (after Christmas) and "muzzleloading" season (fall). These changes were adopted under section 2102 of the code.

2. *Purpose and Authority*

As was indicated in the Introduction, with the change in the law to remove the crossbow from the unlawful device list, it is important to establish that the restrictions contained in § 141.43(a) would also apply in a season where the crossbow could be used and to disabled person crossbow permit holders.

Also, with the addition of a second muzzleloading deer hunting season, the Commission has decided to refer to those seasons using different terminology. The fall season will be the "muzzleloading season" and the winter season will be "flintlock muzzleloading season." The adopted changes to § 141.43 will reflect this change.

Section 2102(b)(1) of the code directs the Commission to promulgate "... regulations relating to seasons and bag limits for hunting ... and the number and types of devices and equipment allowed" This section provides the authority for the adopted changes.

3. *Regulatory Requirements*

No additional regulatory requirements will be imposed as a result of the changes, although the changes will clarify the applicability of restrictions to disabled person crossbow permit holders.

4. *Persons Affected*

Persons, including disabled person crossbow permit holders, wishing to hunt deer using a crossbow or during muzzleloading seasons may be affected by the changes.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted changes.

6. *Cost and Paperwork Requirements*

The adopted changes would not result in additional cost or paperwork.

Amendment to § 141.45

1. *Introduction*

The act of December 20, 2000 (P. L. 937, No. 125) (Act 125) amended section 2308 of the code to allow the use of limited types of turkey blinds to hunt turkeys. As a result, the Commission at its January 23, 2001, meeting proposed, and at its April 10, 2001, meeting finally adopted amendments to § 141.45(a)(2), to eliminate a provision making it unlawful to use a blind to hunt wild turkey. In addition, § 141.45(a)(4) contained an exception to allow possession of rifles and single projectile ammunition in Turkey Management Area 9-A. The Commission is planning on releasing wild turkeys into this area and closing the turkey season in this area in the fall. This change is adopted under section 2102 of the code.

2. *Purpose and Authority*

As was indicated in the Introduction, the use of certain turkey blinds to hunt turkey has been removed from the list of unlawful devices and methods contained in section 2308 of the code. To follow through on this action, the Commission has amended § 141.45(a)(2) to eliminate the prohibition against using a blind to hunt wild turkey.

Also because wild turkey populations are below satisfactory levels in Turkey Management Area 9-A, the Commission is planning to release wild turkeys in that area. The Commission is planning to close the turkey season in the fall. This requires an amendment to § 141.45(a)(4).

Section 2102 of the code directs the Commission to promulgate regulations "... as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth." This section provides authority for the adopted change.

3. *Regulatory Requirements*

The adopted changes to § 141.45(a)(2) relax current requirements. The adopted change to § 141.45(a)(4) pro-

hibits use or possession of a rifle or single projectile ammunition while hunting turkeys with rifles in Turkey Management Area 9-A.

4. *Persons Affected*

Those wishing to hunt turkeys will be affected by the adopted change.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted change.

6. *Cost and Paperwork Requirements*

The adopted change should not result in any additional cost or paperwork.

Amendment to § 141.46

1. *Introduction*

It has been determined that there is an inconsistency in the boundary line between Turkey Management Areas 9-A and 9-B as shown on the maps contained in the "Pennsylvania Digest of Hunting and Trapping Regulations," Wild Turkey Management Plan and the map contained in § 141.46. To reconcile these maps, the Commission, at its January 23, 2001, meeting proposed, and at its April 10, 2001, meeting finally adopted an amendment to that section to include a consistent map. This change is adopted under sections 322(c)(4) and 2102 of the code.

2. *Purpose and Authority*

The map currently contained in § 141.46 shows the boundary between Turkey Management Areas 9-A and 9-B as being Route I-76. The map contained on page 13 of the "Pennsylvania Digest of Hunting and Trapping Regulations, July 1, 2000-June 30, 2001" shows the boundary being Route I-276. The adopted change to § 141.46 will make the boundary I-276 and make all maps consistent.

Section 322(c)(4) of the code authorizes the Commission to "define geographic limitations or restrictions." Section 2102 of the code directs the Commission to promulgate "... such regulations as it deems necessary and appropriate concerning game or wildlife . . ." These sections provide authority for the adopted change.

3. *Regulatory Requirements*

This slight change in boundary, which mostly involves the city of Philadelphia, will not impose any additional requirement, but rather clear up some confusion.

4. *Persons Affected*

Those wishing to hunt turkey between Routes I-76 and I-276 could be affected by the adopted change.

5. *Comment and Response Summary*

No official comments were received with regard to the adopted change.

6. *Cost and Paperwork Requirements*

The adopted change would not result in any additional cost or paperwork.

Effective Date

The adopted changes will be effective on final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

DEPARTMENT OF EDUCATION

Availability of Adult Education Act Section 231 Funds for Workforce Development Services for 2001—2004

Title II of The Workforce Investment Act of 1998, The Adult Education and Family Literacy Act, provides funds to local eligible provider agencies through the Department of Education (Department) for the establishment of adult education and family literacy programs that will:

1. Assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency;
2. Assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children; and
3. Assist adults in the completion of a secondary school education.

Eligible applicants include local education agencies and public or private nonprofit agencies, organizations and institutions. A for-profit agency is eligible to participate in the program only if it is part of a consortium with a local education agency, or other eligible sponsor, with the nonprofit agency acting as fiscal agent. A for-profit organization must also have the capability and capacity to augment significantly the adult education services of such a consortium.

Consistent with the purpose of Title II, the Adult Education and Family Literacy Act for Program Year 2001-2002, the Department will give primary consideration to programs for the educationally disadvantaged.

The Federal share of a grant will be 75% of the total cost of the program. The applicant must provide 25% match of the total cost of the program. The local match may be in kind. Other Federal funds may not be used for the local match. The Department has made available a maximum of \$515,000 for the 2001-2002 grant year, subject to the availability of funds.

The application due date is June 1, 2001. Application procedures and program guidelines will be mailed to interested applicants as requested after May 1, 2001. The application packet is available from the Chief, Special Programs Division, Bureau of Adult Basic and Literacy Education, Department of Education, 333 Market Street, 12th Floor, Harrisburg, PA 17126-0333.

Purpose: This Commonwealth has replicated and adapted for use the Virginia Workforce Investment Network program, currently administered by James Madison University through a grant from the Virginia Education Department that meets employee development needs in the Commonwealth of Virginia. The Pennsylvania Workforce Improvement Network (PA WIN) project is designed to enable the incumbent workforce of this Commonwealth to be more effective, productive, competitive and self reliant through the development of onsite basic skills educational programs in workplaces across the State or through small business consortia. PA WIN will assist adult education providers in developing expertise to build a private sector enterprise that provides high quality basic skills programs as an employer/worker service. PA WIN shall establish and support a centralized system for workplace education services providing quality

basic skills training as a service to employers and workers. In order to achieve that purpose, PA WIN will:

1. Provide trained program developers and brokers to assist employers in identifying workers' basic skills needs, link employers to adult education basic skills providers and assist both employers and providers in designing high quality basic skills programs to meet the identified needs;
2. Inform business, industry and government of the essential skills (basic skills) education services available, the impact of basic skills to the productivity of the workforce and the need for basic skills of the workers;
3. Provide professional development opportunities to adult educators to enhance their ability to work effectively with employers and workers in planning and providing customized basic skills programs that meet employer and worker needs; and
4. Link PA WIN programs with this Commonwealth's system of workforce development, including links with Team Pennsylvania regions, Team Pennsylvania/CareerLink, local Workforce Investment Boards and other basic skill programs for incumbent workers to integrate basic skills services with the continuum of workforce development services.

Background: The Department of Education, Bureau of Adult Basic and Literacy Education (Bureau), has supported the educational needs of incumbent workers and employers through grants to local education providers for over 12 years. The education programs offered have not kept up with the demand, due to funding limitations. Basic skills educational programs sponsored by the Bureau provide workers in this Commonwealth with the skills necessary to enable them to compete in an ever widening and demanding global economy. However, there is increased awareness in the business community of a widening gap between workers' skills and skills needed for today's workforce. Workers also realize the need to upgrade their skills in order to retain employment and to move along a career ladder. Employers and workers have continued to request site-specific, educational programs; however, local agencies have not been able to keep up with the demand. This project will continue the approach funded in a grant for 1999-2001 to support a systematic Statewide approach meeting employer and worker needs for workplace basic skill training.

Project Goals: The goals of the PA WIN project are to establish innovative services that address the literacy and basic skills needs of employers and workers in the workforce through:

1. *Marketing:* This effort will address multiple audiences to include business, industry and government, practitioners (administrators and instructors) and workers. The marketing effort will address the advantage of workplace basic skills programs and the services available. It will coordinate with and financially support the marketing plan as planned and developed by a marketing workgroup established through the project and serve this entire Commonwealth.
2. *Training:* In consultation with the Bureau Professional Development System, providing workforce development skills and training to the adult education system, assessing the training needs of the adult education providers (administrators and instructors), using and adapting current resource materials to develop and implement professional development training for adult education providers, evaluating and reviewing training activities.

3. *Brokering*: Support a broker system that links businesses interested in starting a workplace education program with the local adult education providers. As a result of this brokering in the 3 years of operation 2001-2004, a minimum of 11,720 workers will be served in workplace education programs by 75 affiliates identified through the project. The programs should be geographically diverse within the designated Team Pennsylvania/CareerLink regions.

4. *Curriculum Development*: Provide training and support systems that enable adult education practitioners to customize workplace services to meet the unique needs of each workplace and worker.

5. *Service Linkage*: Develop program linkages along the continuum of workforce development initiatives through the Team Pennsylvania/CareerLink system.

Objectives: The Bureau will fund a lead agency to provide the centralized support system for worker development services. The lead agency will:

1. Develop, implement and maintain the model for a market driven learning network developed in the 1999-2001 PA WIN project for incumbent workers, employers and workplace education providers;

2. Maintain a minimum of 40 workplace program brokers in the Team Pennsylvania regions already identified in years 1 and 2 of the project. Identify and certify additional workplace program brokers from among adult education workplace providers and other workforce development professionals in all Team Pennsylvania regions ensuring that all Team Pennsylvania regions are represented for a minimum of 75 affiliates by June 30, 2004;

3. Train the brokers to match adult education and literacy providers with employers needing incumbent worker basic and literacy education services in those regions and serve a minimum of 11,720 students by June 30, 2004;

4. Assist employers in analyzing basic skill needs of their workers;

5. Support employers and education providers in program design;

6. Train adult education and literacy administrators and instructors and other workforce development professionals to respond to individual employer and worker needs;

7. Provide curriculum development support to enable adult educators to customize teaching and learning that responds to worker and employer needs;

8. Establish links within the Team Pennsylvania regions and CareerLink system in order to integrate basic skill instruction into the continuum of workforce development services such as linking with apprenticeship programs, community colleges and other State initiatives;

9. Continue the identification and training of adult education provider agencies not currently providing workplace education programs in the components of the workplace education system begun in years 1 and 2 of PA WIN in order to expand the PA WIN system into all geographic areas of this Commonwealth; and

10. Continue activities begun in the Program Years 1999-2001 so that PA WIN capabilities exist in all Team Pennsylvania/CareerLink regions to include the identification and training of at least 35 additional adult educa-

tion providers as affiliates and to have provided services to at least 11,720 students in all regions by June 30, 2004.

3. *Outstanding Adult Learners*

Management of an event that includes the identification, selection and recognition of ten exemplary adult learners enrolled in adult basic and literacy education programs whose success stories focus on the role of adult basic education in their lives. Approximately 2,000 copies of a Success Stories booklet featuring both past and current winners and their Bureau programs should be prepared, published and disseminated as requested by the Department. 7. *Support of Adult Education Professional Development*

Administration, fiscal management and support of Statewide adult basic education professional development activities and other Department activities to include provision for support of State Leadership requirements and initiatives under the Workforce Investment Act of 1998, support of various adult basic and literacy conference activities, support of Act 42 Council activities and provision of honoraria for presenters at State-sponsored activities.

8. *Professional Development Institute for Learning Differences/Disabilities*

Purpose: To continue the provision of a centralized training system for practitioners serving adults with learning differences/disabilities; to serve as an information clearinghouse for research and best practice in teaching adults with learning differences/disabilities; to facilitate the coordination of services to individuals with learning differences/disabilities among State and local agencies begun in Program Year 2000-2001.

Background: Current research indicates that adult basic and literacy education programs are serving significant numbers of individuals who have learning differences/disabilities. Needs assessments conducted in this Commonwealth indicate that many adult education practitioners feel unprepared for the challenges presented by one of those adults. The Bureau has recognized the need to support adult education practitioners who are teaching adults with learning differences/disabilities in Bureau sponsored programs. The Bureau desires to continue support of current activities by funding an "institute" or "center" that will continue the efforts to coordinate a uniform and systematic approach to providing professional development for practitioners teaching adults with learning differences/disabilities and improving the quality of services offered to this set of learners begun in Program Year 2000-2001.

Application Requirements:

The applicant must describe how it will address the following program elements.

1. Provide a centralized training and technical assistance system to support Commonwealth practitioners working with individuals with learning differences/disabilities.

- Develop uniform training products and processes to address the needs of Commonwealth adult education practitioners in the areas of learning differences that reflect state-of-the-art research and development efforts.

- Coordinate all existing activities related to the provision of training and technical assistance of practitioners teaching individuals with learning differences/disabilities.

- Develop and implement a train-the-trainer system, consistent with current adult education train-the-trainer efforts, to certify and credential trainers qualified to deliver established training systems.

2. Serve as an information clearinghouse for research and best practice in teaching adults with learning differences/disabilities.

- Maintain expertise in the areas of adults with learning differences/disabilities for the purpose of identifying emerging best practices and research.

- Disseminate relevant and timely information related to special accommodations, research based instructional planning, screening and identification, legal issues and other information related to serving individuals with learning differences/disabilities.

- Coordinate information collection and dissemination with the State Adult Literacy Resource Center.

3. Facilitate the coordination of services to individuals with learning disabilities among State and local agencies.

- Facilitate the leveraging of resources among State and local entities for the purpose of providing comprehensive services to individuals with learning differences/disabilities.

- Identify other State and local models of interagency coordination for individuals with learning differences/disabilities.

- Establish a working relationship with entities that serve individuals with learning differences/disabilities for the purpose of exchanging information and establishing interagency initiatives.

- Maintain a presence by representing this Commonwealth's efforts at National and State meetings, workshops and seminars.

9. *Assessment in Adult Education Programs*

Conduct a project to research the adult education assessment practices in Bureau-funded programs. Provide research findings and recommendations to guide the development and delivery of training and technical assistance around program assessment practices linking them to instructional practices and that support implementa-

tion of the Bureau program performance standards, Bureau assessment policy and the National Reporting System. Provide findings to inform training on use of specific Bureau approved standardized tests.

10. *Administrator Competencies*

Management of a project to adapt/adopt administrator/management competencies that are currently developed Nationally for use in this Commonwealth's adult education programs. Project should research existing competencies, determine their appropriateness for adult education agencies in this Commonwealth, field test the competencies with administrators and develop a user's manual.

11. *Planning for Change*

Management of a project to support adult education community-based planning sites through field-driven mentoring, outreach, training and technical assistance that continue activities begun in the Planning for Change project funded in the 2000-2001 program year. The project will maintain the current Planning for Change structure, which has designated technical assistance consultants across this Commonwealth. The project applicant should be a Statewide organization with broad-based membership and collaborate with the professional development centers and other Statewide initiatives such as PA WIN, the Work-Based Foundation Skills and Workplace Essential Skills projects to increase the capacity of adult education coalitions in meeting the needs of their communities.

12. *Work-Based Foundation Skills*

Management of a project to facilitate expanded dissemination and effective use of the Work-Based Foundation Skills Framework across Commonwealth agencies in support of this Commonwealth's workforce development initiatives. This project will continue the activities of a project developed and tested from 1999-2001. The project will develop and implement training procedures and products to build the Bureau provider's capacity to understand and implement the Foundation Skills Framework. Activities in this project will be integrated with activities of Bureau coalitions, Planning for Change communities, local WIBs and CareerLinks to strengthen communication and system integration. The project will develop and implement targeted Foundation Skill Framework training procedures and products for Bureau programs and work with Professional Development Centers in identifying and training non-PA WIN affiliates in the use of the framework as well as in disseminating the Foundation Skills Framework throughout the workforce investment system. The project will continue and further refine the foundation skills framework link to occupational skill standards, working collaboratively with the Bureau ICC skill standards work group so that a process and product is developed providing Bureau programs links between the occupational skill standards and the foundation skills.

13. *Professional Development Institutes*

Purpose: To provide an opportunity for professional development in a specific area of adult basic and literacy education in an intensive format.

Background: The Bureau has supported the professional development of practitioners and administrators through the institute format for several years. The format allows for the consistency in the delivery of information and methodologies in a specific area and at varying levels of expertise. It also builds the collegiality of participants through shared experiences and encourages ongoing professional development after the institute has ended. The

activities offered through the institute and follow up trainings are guided by the Guiding Principles for Professional Development of Adult Education Practitioners.

Program Goals:

1. Administrative and fiscal management and support of a project for Statewide adult basic education professional development through the provision of a professional development institute (topics listed) to include the arrangements for physical accommodations for administrators, teachers, counselors and volunteers in adult basic education programs;

2. Delivery of information to participants that is relevant to the topic, research-based and representative of best practices that is provided by subject matter experts;

3. Development of strands on the institute topic for new and experienced practitioners;

4. Provision of follow-up training through the regional professional development centers and/or other activities; and

5. Evaluation of the design and effectiveness of the training.

Corrections Education; Equipped for the Future; Teaching Math

14. *English Literacy/Civics Training*

This project will convene a group of ESL specialists for the purpose of designing a coordinated system of ESL training that includes program quality standards and corresponding training. The project will review available National and State ESL standards including work completed by TESOL, California, New York and other states, and recommend one set of standards for Commonwealth adoption/adaptation. The project will review existing ESL training materials available Nationally and organize ESL training offerings to meet the needs of beginning, intermediate and advanced ESL teachers. Training must be based on sound research-based practices in ESL instruction and align with the recommended program standards. Existing training materials should be used to the maximum extent possible. The project will identify a timeline for adoption of quality standards and training that includes pilot testing and training of trainers that may extend beyond the first year of the project.

15. *Mini-Grants*

These grants may be used to support State Leadership activities at the local level. For example, a mini grant can be used to complement Statewide initiatives that impact at the local level such as implementing adult learner competencies into an agency's program, determining the impact of instructional programs on adult learners or to assist an agency in integrating adult basic education and workforce development activities in the local area. Funds should not be used for direct instructional time but for time to research, design, plan and support the activities needed to carry out the goals of the project. Grants may not exceed \$5,000.

HAZARDOUS SITES CLEAN-UP

UNDER THE ACT OF OCTOBER 18, 1988

High Quality Polishing and Plating Site

Upper Milford Township, Lehigh County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P.S. § 6020.102—6020.1303), has initiated a prompt interim response at the High Quality Polishing and Plating Site (Site). This response has been undertaken under Section 505(b) of HSCA, 35 P.S. § 6020.505(b). The Site is located along Routes 100/29 in the village of Zionsville, Upper Milford Township, Lehigh County, PA.

The Site was used as metal polishing and plating facility from 1960 until 1983. The Department is currently conducting an Environmental Site Characterization at the Site. Trichloroethylene (TCE) has been detected in on- and off-site monitoring wells and in two residential wells at concentrations above the Maximum Contaminant Level (MCL).

On April 23, 2001 the Department installed carbon filter systems on two private water supplies located near the Site and which serve a total of 4 households. The objective of the prompt interim response is to prevent exposure to TCE through ingestion and inhalation.

Given the specific circumstances at the Site, the Department determined that the installation of carbon filter systems was the only viable alternative to implement at this Site to address the contamination in the residential wells. This response action was needed in a prompt manner to protect public health and safety. The Department is conducting additional investigation of the groundwater, including sampling of Site monitoring wells and nearby residential wells.

This notice is being provided under sections 505(b) and 506(b) of HSCA. The administrative record, which contains the information that forms the basis and documents the selection of the response action, is available for public review and comment. The administrative record is located at the Upper Milford Township Building, Lehigh County and is available for review Monday through Friday from 8 a.m. to 4 p.m.

The administrative record will be open for comment from May 19, 2001 to August 17, 2001. Persons may submit written comments into the record during this time only, by sending them to Ronald Schock, Project Officer, at the Department's Bethlehem District Office at 4530 Bath Pike, Bethlehem, PA 18017, or by delivering them to that office in person.

In addition, persons may present oral comments, for inclusion in the administrative record, at a public hearing. The Department has scheduled the hearing for June 20, 2001, at 7:30 p.m. at the Upper Milford Township Building. The testimony at the public hearing will be limited to the prompt interim response action which involved the installation of carbon treatment systems to address the TCE-contaminated residential wells. The Department is continuing the investigation of the Site and anticipates additional response action at the Site to address the on-Site contaminated building and environmental media. A public hearing will be held at a later date to address those future response actions. Persons wishing to present testimony at the June 20, 2001 hearing regarding the carbon treatment systems should register with Ron Schock before June 15, 2001, by

telephone at (610) 861-2070 or in writing to Ronald Schock at the Department's Bethlehem District Office.

If no person registers to present oral comments by June 15, 2001, the hearing will not be held. Persons interested in finding out if anyone has registered, or if the hearing will be held, should contact Ronald Schock.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should contact Ronald Schock or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (DEP) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

DEP has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice, and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the Act.

Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

requirements to all plans for new construction or renovations for hospitals and ambulatory surgical facilities.

The Department currently applies the 1996-97 edition of the Guidelines for all new construction, renovations or modernization of hospitals and ambulatory surgical facilities. The 1996-97 edition of the Guidelines will continue to be utilized through November 23, 2001.

The Department has received inquiries regarding the implementation of the 2001 edition of the Guidelines, and when they would be enforced. The 2001 edition of the Guidelines can be utilized immediately, however, to allow adequate lead-in time for larger or more complicated projects, the mandatory usage of the new Guidelines will not take effect until November 24, 2001.

The established procedure requires the submission of construction plans and the issuance of a final construction plan approval by the Division of Safety Inspection prior to the start of any new construction, renovation, modernization or changes in usage. Blueprints are to be submitted to the Division and are reviewed for compliance with the NFPA 101, Life Safety Code, and the requirements as set forth in the Guidelines. The plan approval function is a requirement to insure that all new construction or renovations comply with all applicable regulations to avoid building noncompliant conditions into hospitals or ambulatory surgical buildings, which would necessitate costly remedial work to correct prior to the Department allowing the renovated area to be occupied.

After construction has been completed, and prior to the use of the area, a final inspection must be conducted for Life Safety Code requirements by the Division of Safety Inspection, and for State licensure and/or Federal Certification requirements by the Division of Acute and Ambulatory Care.

We recommend that smaller renovation projects or new additions be designed and submitted for approval based on compliance with the 2001 edition of the Guidelines as soon as possible. Although it is still permissible to utilize the 1996-97 edition until November 24, 2001, it would be prudent to utilize the 2001 edition. Larger or more complicated projects should be designed in conformance with the new Guidelines, however, all final plan approvals issued after November 23, 2001, will be based upon conformance with the 2001 edition of the Guidelines, regardless of when the preliminary plans were submitted.

Those persons interested in purchasing a copy of the 2001 edition of the "Guidelines for Design and Construction of Hospitals and Health Care Facilities" may telephone the American Institute of Architects' (AIA) Bookstore (small orders) at (202) 626-7541 or (800) 242-3837, or the AIA Fulfillment House (large orders) at (800) 365-2724 to place an order or request a catalog.

Office of Attorney General—Debt Collection Trade Practices—Repeal; Regulation No. 59-08

Order

On April 9, 2001, the Independent Regulatory Review Commission (Commission) received this regulation from the Office of Attorney General (OAG). This rulemaking repeals 37 Pa. Code Chapter 303. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This final-omitted regulation repeals 37 Pa. Code Chapter 303. Chapter 303 establishes what is considered unfair or deceptive methods with regard to collection of debts. Section 6 of Act 7 of 2000 (the Fair Credit Extension Uniformity Act) expressly repealed 37 Pa. Code Chapter 303 and effectively replaced its provisions.

We have determined this regulation is consistent with the statutory authority of the OAG (73 P. S. § 201-3.1) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Commissioners Voting: John R. McGinley, Jr., Chairperson; Alvin C. Bush, Vice Chairperson; Arthur Cocodrilli; Robert J. Harbison, III; John F. Mizner

Department of Health—School Immunization; Regulation No. 10-162

Order

On August 23, 2000, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Health (Department). This rulemaking amends 28 Pa. Code § 23.83. The proposed regulation was published in the September 2, 2000, *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on April 9, 2001.

This regulation is an update and revision of existing regulations mandating immunizations for school entry and attendance. The primary modifications are adding the varicella (chickenpox) vaccine to the list of required immunizations and requiring the hepatitis B vaccine for entry into seventh grade.

We have determined this regulation is consistent with the statutory authority of the Department (24 P. S. § 13-1303a; 35 P. S. §§ 521.16(a), (b) and 630.3; and 71 P. S. §§ 532(g) and 541(b) and (c.1)) and the intention of the General Assembly. Coroners' Education Board—Education Requirements; Regulation No. 59-7

Order

On March 23, 2000, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Coroners' Education Board (Board). This rulemaking amends 37 Pa. Code by adding Chapter 199. The proposed regulation was published in the April 8, 2000, *Pennsylvania Bulletin* with a 60-day public comment period. The final-form regulation was submitted to the Commission on March 28, 2001. On April 11, 2001, the Commission received a request from the Board to toll consideration of this final-form regulation to remove the just cause exemption from continuing education requirements. On April 11, 2001, the Board submitted its revisions to the final-form regulation to the Commission.

This regulation requires newly elected coroners, chief deputy and full-time deputy coroners to attend a Basic Education Course and pass the examination at the end of the course. The regulation also requires coroners and deputy coroners to complete a minimum of 8 hours of continuing education annually.

We have determined this regulation is consistent with the statutory authority of the Board (16 P. S. § 9525) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Notice of Comments Issued

Section 5(d) and (g) of the Regulatory Review Act (71 P. S. § 745.5(d) and (g)) provide that the designated standing committees may issue comments within 20 days of the close of the public comment period, and the Commission may issue comments within 10 days of the close of the committees' comment period. The Commission's comments are based upon the criteria contained in section 5.1(h) and (i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)).

The Commission issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted by the date indicated.

Reg. No.	Agency/Title	Issued	Final-Form Submission Deadline
3-40	Department of Banking Mortgage Bankers and Brokers; Continuing Education	05/03/01	04/02/03
Department of Banking Regulation No. 3-40 Mortgage Bankers and Brokers; Continuing Education May 3, 2001			

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which have not been met. The Department of Banking (Department) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered by April 2, 2003, the regulation will be deemed withdrawn.

1. Section 44.2. Requirements.—Statutory authority; Clarity.

Under subsection (c), the Department "may require an applicant for a new license to meet the applicable continuing education requirement . . . if it appears to the Department that the continuing education requirement is being improperly avoided through restructuring of the business or otherwise." We have two issues with this subsection.

First, the Mortgage Bankers and Brokers Act (63 P. S. § 456.04(e)) requires completion of the continuing education requirements to maintain a license. What is the statutory authority to require completion of continuing education requirements prior to granting a license?

Second, the requirement is vague. Phrases like "may require" and "if it appears" do not provide adequate notice of the circumstances under which the Department will require an applicant to meet continuing education requirements. Also, this subsection does not list the criteria the Department will use to determine whether the continuing education requirement is being avoided. Therefore, these phrases should be replaced with timelines and criteria in the final-form regulation.

2. Section 44.3. Reporting, verification and recordkeeping.—Reasonableness; Clarity.

We have two issues within subsection (b). The first sentence states "The Department may verify, on a random or other basis, by methods including examination of the licensee and satisfactory completion of the requirements of this chapter." This sentence appears to be grammatically incorrect and should be rewritten. As written, it does not state what will be verified.

The second sentence states "The Department may assess licensees examination costs for the examinations consistent with section 8(a)(4) of the act (63 P. S. § 456.8(a)(4))." Because it addresses a different subject, this sentence should be separated into a new subsection within § 44.3.

3. Section 44.4. Review and approval.—Clarity.

This section states "The Department may review and approve continuing education programs to satisfy the continuing education requirement." Also included in this section is the term "continuing education program," which

is defined in § 44.1 (relating to definitions). The definition for this term describes what a "continuing education program" entails. However, this section does not include a process for the review and approval of a continuing education program. How are continuing education programs approved?

The review and approval process for continuing education programs should be established through regulation. To allow the opportunity for public comment, the process should be proposed as a separate rulemaking.

TURNPIKE COMMISSION

Retention of an Engineering Firm

Full Depth Roadway Reconstruction Allegheny County, PA

Reference No. 1-123

The Turnpike Commission (Commission) will retain an engineering firm for the design of the Full Depth Roadway Reconstruction Project between approximate Mile-

posts 40.00 and 48.00 in Allegheny County. The selected firm will be responsible for the preliminary and final design of this project.

The engineering services required would include supplemental field surveys, cross sections evaluation of utility conflicts and potential relocations, development of erosion and sedimentation control plans and specifications, preparation of hydraulic reports for waterway approvals, preliminary and final traffic control plans, structural foundation reports, preparation of Type, Size and location and final bridge plans, preparation of preliminary and final right-of-way plans, geotechnical investigations, preparation of preliminary and final construction plans and specifications in order for the Commission to bid the total reconstruction of the roadway generally between Milepost 40.00 and 48.00. The intent is to rebuild the roadway and widen the existing 10-foot median to a width that will be based on preliminary evaluations. It is anticipated that all of the mainline structures will require widening and that all overhead structures within the project area will be evaluated for rehabilitation, replacement or elimination. An entirely new drainage system will be installed.

The successful consultant will be required to closely coordinate the activities associated with this total reconstruction with the ongoing preliminary design for the MP 31 to 40 total reconstruction, as well as, the study for the Allegheny River Bridge.

In addition, low-level photography will be available in this area to an accuracy of $\pm .05$ foot. Hard copies of the mapping and a disk will be provided to the consultant for their use. A digital terrain model in AutoCAD DWG or Microstation DGN format will also be provided. The consultant will be required to perform supplemental surveys and reestablish the existing centerline of the Turnpike. Also, cross sections will be cut and plotted from the available information. The design for this project will be performed in English Units. All plans (drawings), including cross-sections, profiles, and the like will be prepared utilizing AutoCAD DWG or Microstation DGN format. Translation of the plans from one format to the other is not acceptable.

Direct project inquiries to Bradley J. Heigel, P.E., at (717) 939-9551, extension 5591; or by e-mail at bheigel@paturndpike.com. Direct contractual questions to George M. Hatalowich at (717) 986-8737; or by e-mail at ghatalow@paturndpike.com.

The following factors will be considered by the Commission during the evaluation of the firms submitting Letters of Interest for these projects:

a. Specialized experience and technical competence of prime consultant and subconsultants. The Team must clearly demonstrate an ability to analyze available data to make decisions and develop plans to complete the project in a timely and cost effective manner.

b. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on similar projects. The consultant should identify similar projects that have been completed by that firm as the prime, the magnitude of the project, and the client.

c. The specific experience and number of individuals who constitute the firm.

d. Workload of the prime consultant and subconsultants for all Department of Transportation (Department) and Commission projects.

e. Other factors, if any, specific to the project.

General Requirements and Information

Firms interested in providing the previous work and services are invited to submit a Letter of Interest with the required information. The Letters of Interest must include the following:

1. One page transmittal letter clearly identifying the project reference number, brief description of the project from the advertisement, the firm's Federal identification number, the firm's legal name, contact person or project manager, address of corporate office and project office. (If the firm has multiple offices, the location of the office performing the work must be identified). In addition, identify the CADD format to be used on the Project.

2. A three page expression of interest on the advertised project. Each firm should demonstrate its ability to perform the specific requirements indicated for each project and provide explanation that the firm has successfully completed similar type projects of the same magnitude.

3. An organization chart for the Project, identifying key personnel and any subconsultants and their roles. Any deviation from the subconsultant's listed in the letter of interest will require written approval from the Commission.

4. Tabulation or listing of workloads for the prime consultant and all subconsultants for all Department and Commission projects. Do not submit the firms workload represented graphically.

5. An Annual Qualification Package similar to the one submitted to the Department for the current year that is in the same District as this project or one that is best suited for this project.

The Annual Qualification Package copy should contain at a minimum the following information for the prime consultant and all subconsultants and attached to the back of the letter of interest (subs to follow primes):

- Standard Form (SF) 254—Architect-Engineer and Related Services Questionnaire in its entirety, not more than 1 year old as of the date of the advertisement.
- Resumes of key personnel expected to be involved in the project (limit to one 8 1/2 x 11 page, one side, per person). Only resumes of key personnel should be included.
- Copy of the firm's registration to do business in this Commonwealth as provided by the Department of State for firms with out-of-State headquarters or corporations not incorporated in this Commonwealth.
- A copy of the Department's DBE/WBE Certification, if applicable.

If a Joint Venture responds to a project advertisement, the Commission will not accept separate letters of interest from joint venture constituents. A firm will not be permitted to submit a letter of interest on more than one joint venture for the same project reference number. Also, a firm that responds to a project as a prime may not be included as a designated subconsultant to another firm that responds to the same project advertisement. This does not preclude a firm from being set forth as a designated subconsultant to more than one prime consultant responding to the project advertisement.

The Commission is committed to the inclusion of disadvantaged, minority and woman firms in contracting opportunities. The minimum participation level for DBE/

MBE/WBEs in these contracts will be 10% each. Responding firms shall clearly identify DBE/MBE/WBE firms expected to participate in these contracts, in their letter of interest. If the selected firm does not meet the minimum requirement for DBE/MBE/WBE participation, they will be required to demonstrate good faith efforts to achieve the required level. Proposed DBE/MBE/WBE firms must be certified by the Department at the time of the submission of the letter of interest. If further information is desired concerning DBE/MBE/WBE participation, direct inquiries to the Contracts Administration Department, PA Turnpike Commission by calling (717) 939-9551 ext. 4241.

Firms interested in performing the previous services are invited to submit a letter of interest and required information to Barry L. Troup, P.E., Assistant Chief Engineer for Design, Turnpike Commission Administration Building, Eisenhower Boulevard and Rt. 283, Highspire, PA 17034 (Shipping address). Our mailing address is P. O. Box 67676, Harrisburg, PA 17106-7676.

The letter of interest and required information must be received by 12 p.m. (noon), Friday, June 8, 2001. Any letters of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable letters of interest received in response to these solicitations, one firm will be selected for this project. The order of preference will be established for the purpose of negotiating an agreement with the highest ranked firm established by the Technical Review Committee and approved by the Selection Committee. Technical Proposals or Requests for Proposals will not be requested prior to selection.

The Commission reserves the right to reject all letters of interest, to cancel solicitation requested under this notice and/or to re-advertise solicitation for the work and services.

Chairperson
