READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

GOVERNOR'S OFFICE

PROCLAMATION

Constitutional Amendment—Article II, Section 17

Whereas, Joint Resolution No. 1 of 2000, Ballot Question No. 1 proposed to amend Article II, Section 17 of the Constitution of Pennsylvania, adding a provision relating to legislative reapportionment to read as follows:

§ 17 (f) Any district which does not include the residence from which a member of the Senate was elected whether or not scheduled for election at the next general election shall elect a senator at such election.

[(f)] (g) The General Assembly shall appropriate sufficient funds for the compensation and expenses of members and staff appointed by the commission, and other necessary expenses. The members of the commission shall be entitled to such compensation for their services as the General Assembly from time to time shall determine, but no part thereof shall be paid until a preliminary plan is filed. If a preliminary plan is filed but the commission fails to file a revised or final plan within the time prescribed, the commission members shall forfeit all right to compensation not paid.

[(g)] (h) If a preliminary, revised or final reapportionment plan is not filed by the commission within the time prescribed by this section, unless the time be extended by the Supreme Court for cause shown, the Supreme Court shall immediately proceed on its own motion to reapportion the Commonwealth.

[(h)] (i) Any reapportionment plan filed by the commission, or ordered or prepared by the Supreme Court upon the failure of the commission to act, shall be published by the elections officer once in at least one newspaper of general circulation in each senatorial and representative district. The publication shall contain a map of the Commonwealth showing the complete reapportionment of the General Assembly by districts, and a map showing the reapportionment districts in the area normally served by the newspaper in which the publication is made. The publication shall also state the population of the senatorial and representative districts having the smallest and largest population and the percentage variation of such districts from the average population for senatorial and representative districts.

Whereas, Joint Resolution No. 3 of 1998 was agreed to by a majority of the members elected to each House of the General Assembly and published pursuant to Article XI, Section 1 of the Constitution of Pennsylvania; and

PROCLAMATION

Constitutional Amendment—Article V, Section 16(b)

Whereas, Joint Resolution No. 1 of 2000, Ballot Question No. 2 proposed to amend Article V, Section 16(b) of the Constitution of Pennsylvania, adding a provision relating to the retirement of justices, judges and justices of the peace to read as follows:

§ 16. Compensation and retirement of justices, judges and justices of the peace.

* * * * *

(b) Justices, judges and justices of the peace shall be retired on the last day of the calendar year in which they attain the age of 70 years. Former and retired justices, judges and justices of the peace shall receive such compensation as shall be provided by law. Except as provided by law, no salary, retirement benefit or other compensation, present or deferred, shall be paid to any justice, judge or justice of the peace who, under section 18 or under Article VI, is suspended, removed or barred from holding judicial office for conviction of a felony or misconduct in office or conduct which prejudices the proper administration of justice or brings the judicial office into disrepute.

Whereas, Joint Resolution No. 3 of 1998 was agreed to by a majority of the members elected to each House of the General Assembly and published pursuant to Article XI, Section 1 of the Constitution of Pennsylvania; and

Whereas, in the General Assembly next afterwards chosen, the aforesaid amendment to Article V, Section 16(b) of the Constitution of Pennsylvania was proposed in Joint Resolution No. 1 of 2000, which was agreed to by a majority of the members elected to each House of the General Assembly and published pursuant to Article XI, Section 1 of the Constitution of Pennsylvania; and

PROPOSED RULEMAKING

DEPARTMENT OF REVENUE

[61 PA. CODE CHS. 113 AND 121]

Personal Income Tax; Employer Withholding

The Department of Revenue (Department), under authority contained in section 354 of the Tax Reform Code of 1971 (TRC) (72 P. S. § 7354), proposes amendments to Chapters 113 and 121 (relating to withholding of tax; and final returns) to read as set forth in Annex A.

Purpose of the Proposed Amendments

The proposed amendments are intended to serve the following purposes:

1. Section 113.3(c) and (f) (relating to computing withholding of Pennsylvania Personal Income Tax) is being amended to add the provisions of the act of May 7, 1997 (P. L. 85, No. 7) (Act 7) relating to cafeteria plans and other employee compensation arrangements. See section 301(d) of the TRC (72 P. S. § 7301(d)).

2. The proposed amendments establish new employer identification number requirements to facilitate the Department's Keystone Integrated Tax System.

3. The proposed amendments establish new employer registration requirements to facilitate the common employer registration form of the Department and the Department of Labor and Industry.

4. The proposed amendments change W-2 filing requirements to facilitate the Department's new Infoimage System and make more use of electronic and magnetic media.

5. The Federal employee reporting and withholding requirements for tip income are being adopted so that businesses will not have to deal with conflicting requirements at the Federal and State level.

6. Section 113.3(d) and (e), pertaining to the statutory trust fund provisions, will enhance the Department's enforcement powers.

Explanation of Regulatory Requirements

Section 113.2 (relating to compensation subject to withholding) is amended by adding a new paragraph (3) pertaining to tips. Employers are required to deduct and withhold tax on tips of which the employer has the control, receipt, custody or payment or that are reported by the employee and only to the extent that the employer can collect the tax by deducting it from the employee's compensation exclusive of tips.

Section 113.3 is amended by adding a new subsection (c) that addresses special situations pertaining to the deduction or payment of amounts by an employer for or on behalf of an employee. A new subsection (d) provides that tax deducted from the State wages of an employee shall be considered to have been withheld at the time of payment of the State wages against which the deduction was charged.

A new § 113.3(e) addresses the situation where an employer fails or refuses to pay over any withheld tax or to deposit it in a separate account in trust for and payable to the Department or otherwise identify and segregate it from other funds.

A new § 113.3(f) provides that amounts specified in a cafeteria plan as being available to the employee for purposes of selecting or purchasing benefits under a plan or as additional cash remuneration received in lieu of coverage are excludible from tax and withholding if certain enumerated conditions are met.

A new § 113.3a (relating to employer identification number) is added to explain the various rules relating to Federal and State employer identification numbers.

A new § 113.3b (relating to registration) details when an employer must register with the Department.

Section 113.4 (relating to time and place for filing reconciliation and withholding statements) has been amended by deleting unnecessary language relating to the completion of W-2s for tax year 1971. Subsection (b) is updated to provide for the filing of quarterly withholding returns. Subsection (c) is amended by providing that reconciliation statements with accompanying withholding statements for each employee can be forwarded to the Department by means of first class mail or electronic or magnetic media. The subsection is further amended to provide that if an employer is required to file 250 or more withholding statements, the reconciliation statement with accompanying withholding statements shall be forwarded by means of electronic or magnetic media as specified in the instructions of the Department.

Finally, § 121.16 (relating to Form W-2) is deleted in its entirety, consistent with the changes regarding W-2 filing requirements previously referenced.

Affected Parties

Affected parties are employers, employees and tax professionals.

Fiscal Impact

The Department has determined that the proposed amendments will have no significant fiscal impact on the Commonwealth.

Paperwork

The proposed amendments will not require additional paperwork for the public or the Commonwealth. The proposed amendments will reduce paperwork requirements in that form W-2 will no longer be required to be filed with each individual return.

Effectiveness/Sunset Date

The proposed amendments will become effective upon final publication in the *Pennsylvania Bulletin*. The proposed amendments are scheduled for review within 5 years of final publication. No sunset date has been assigned.

Contact Person

Interested persons are invited to submit in writing any comments, suggestions or objections regarding the proposed amendments to Anita M. Doucette, Office of Chief Counsel, Department of Revenue, Dept. 281061, Harrisburg, PA 17128-1061, within 30 days after the date of the publication of this notice in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 17, 2001, the Department submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and

to the Chairpersons of the House Committee on Finance and the Senate Committee on Finance. In addition to submitting the amendments, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed rulemaking, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review of objections raised, prior to final publication of the amendments, by the Department, the General Assembly and the Governor.

Annex A

TITLE 61. REVENUE

PART I. DEPARTMENT OF REVENUE

Subpart B. GENERAL FUND REVENUES

ARTICLE V. PERSONAL INCOME TAX

CHAPTER 113. WITHHOLDING OF TAX

§ 113.2. Compensation subject to withholding.

All compensation shall be subject to withholding of tax by an employer. Regulations for residents and nonresidents shall be as follows:

* * * * *

(3) Tips.

(i) Every employee who, in the course of his employment, receives in any calendar month cash tips which are wages as defined in section 3401(a) of the IRC (26 U.S.C.A. § 3401(a)) shall report those tips in one or more written statements furnished to his employer on or before the 10th day following that month.

(ii) Employers are required to deduct and withhold tax only on tips of which the employer has the control, receipt, custody or payment or tips that are reported by the employee and only to the extent that the employer can collect the tax by deducting it from the employee's compensation exclusive of tips.

§ 113.3. Computing withholding of Pennsylvania Personal Income Tax.

* * * * *

(c) Except as provided in subsection (f):

(1) Any amount lawfully deducted by an employer from the remuneration of an employee shall be deemed to be a part of the employee's remuneration and to have been paid to the employee as compensation at the time the deduction is made.

(2) Any amount paid by an employer on behalf of an employee without deduction from the remuneration of, or other reimbursement from, the employee on account of any liability or obligation of, or payment required from, an employee shall be

deemed to be paid to the employee as compensation at the time the payment is made.

(3) Any payment made to an employee, third party or fund under a cash or deferred arrangement under which an employee may unilaterally elect to have the employer make payments to the third party or fund for the benefit of the employee or to the employee directly in cash shall be deemed to be paid to the employee as compensation at the time the payment is made.

(4) Any payment made to an employee, third party or fund under an arrangement under which an employee may unilaterally choose between two or more benefits consisting either of cash and coverage under a plan or coverage under two or more plans shall be deemed to be paid to the employee as compensation at the time the payment is made.

(d) Tax deducted from the State wages of an employee shall be considered to have been withheld at the time of payment of the State wages against which the deduction was charged.

(e) If an employer fails or refuses to pay over any withheld tax or to deposit it in a separate account in trust for and payable to the Department or otherwise identify and segregate it from other funds, it shall be deemed that:

(1) Withheld tax would be on deposit in the general operating account of the employer at the time of payment of the state wages from which deduction was made.

(2) The employer would disburse withheld tax last.

(3) Once withheld tax is disbursed, subsequent deposits would not replenish it.

(4) The lowest intermediate balance of cash on deposit in the general operating account is withheld tax that constitutes a trust fund for the Commonwealth that is enforceable against the employer or any person receiving any part of the fund.

(5) Any excess of the tax deducted over the lowest intermediate balance is withheld tax that has been received by the employer and disbursed.

(f) Amounts specified in a cafeteria plan document as being available to the employee for the purpose of selecting or purchasing benefits under a plan or as additional cash remuneration received in lieu of coverage under a plan are excludible from tax and withholding if the following apply:

(1) They were not actually or constructively received, after taking section 125 of the IRC (26 U.S.C.A. § 125) into account.

(2) The benefits selected or purchased are nontaxable under the IRC when offered under a cafeteria plan described in section 125 of the IRC.

(3) The payments made for the plan would be nontaxable under the Pennsylvania Personal Income Tax if made by the employer outside a cafeteria plan described in section 125 of the IRC.

§ 113.3a. Employer identification number.

An employer shall use both the Federal and Pennsylvania employer identification numbers to report all Pennsylvania withholding. Employers who have not yet received a Federal employer

identification number will be assigned a temporary Pennsylvania number until the Federal employer identification number is obtained, at which time the Department shall be notified. If an employer has multiple divisions using the same Pennsylvania employer identification number but remitting and reconciling withholding tax separately, the employer shall request a separate Pennsylvania number for each division.

§ 113.3b. Registration.

Every employer having an office or transacting business within this Commonwealth and making payment of wages for the first time to one or more nonresident individuals performing services on behalf of the employer within this Commonwealth or to one or more resident individuals shall, within 10 business days of the payment, register with the Department by completing and filing the form prescribed by instructions of the Department.

§ 113.4. Time and place for filing reconciliation and withholding statements.

(a) An employer shall submit a wage and tax withholding statement to each of his [employees] employees on or before January 31 following the year of payment of compensation, or within 30 days from the date of the last payment of compensation if employment or the business is terminated.

(1) An employer shall use the combined Federal-State Wage and Tax Withholding Statement (Form W-2) issued by the Internal Revenue Service or one that conforms thereto with the [name] word "Commonwealth" printed, stamped [,] or typed thereon.

[(i)] The statement shall show the name of employer, address and identification number of the employer; the name, address and Social Security number of [employe] the employee; the total compensation paid during the taxable year; and the total amount of Pennsylvania tax withheld during the taxable year.

[(ii) For the year 1971, the employer shall also show on Form W-2 the actual compensation paid, for example, on and after June 1, 1971, through December 31, 1971, or, in the alternative, actual compensation paid for the period July 1, 1971, through December 31, 1971, plus, 1/3 of the calendar quarter July 1, 1971, to September 30, 1971.]

* * * * *

[(3) With prior approval of the director of the Commonwealth Personal Income Tax Bureau, an employer or his agent may be permitted to submit a magnetic tape or computer printed listing in lieu of copies of Form W-2.]

(b) A completed Reconciliation Statement (Return Form [RIT-W-3] PA-W3), reconciling Personal Income Tax withheld with related quarterly withholding returns and deposit and [employe] employee withholding statements shall be submitted by the following:

* * * * *

(c) Reconciliation Statements (Form [RIT-W-3] PA-W3), with accompanying withholding statements (Form W-2) for each [employe] employee shall be forwarded via first class mail with sufficient postage [to Department of Revenue, Personal Income Tax Bureau,

Harrisburg, Pennsylvania 17129] or electronic or magnetic media as specified in instructions of the Department to the Department. [If an employer has a large number of Form W-2's to be forwarded, he may use as many packages as are conveniently necessary which shall be numbered consecutively and contain the name of the employer and identification number thereon. If more than one package is forwarded, Form RIT-W-3 shall be placed in the package numbered one.] If an employer is required to file 250 or more withholding statements, the reconciliation statement, with accompanying withholding statements shall be forwarded by means of electronic or magnetic media as specified in the instructions of the Department.

CHAPTER 121. FINAL RETURNS

§ 121.16. [Form W-2] (Reserved).

[This form is a receipt for the taxes withheld from the salary of an employe. It shall accompany his return Form PA-40 as evidence of taxes withheld. If an employe works for more than one employer during the year, he shall usually have more than one Form W-2. A copy of each Form W-2 shall accompany his return. If a person is unable to furnish his Form W-2, a statement shall be attached to the return explaining the reason.]

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CHS. 121 AND 126]

Heavy-Duty Diesel Emissions Control Program

The Environmental Quality Board (Board) proposes to amend Chapters 121 and 126 (relating to general provisions; and standards for motor fuels) to read as set forth in Annex A.

The proposed rulemaking establishes a new heavy-duty diesel emissions control program designed to primarily reduce emissions of carbon monoxide (CO), oxides of nitrogen (NOx), volatile organic compounds (VOCs), particulate matter (PM) and air toxics from new heavy-duty diesel engines and trucks. The proposed amendments adopt and incorporate by reference certain requirements of the California Exhaust Emission Standards and Test Procedures for 1985 and Subsequent Model Year Heavy-Duty Engines and Vehicles as authorized under section 177 of the Clean Air Act (42 U.S.C.A. § 7507) (CAA).

This proposal was adopted by the Board at its meeting of July 17, 2001.

A. Effective Date

These proposed amendments will be effective immediately upon publication in the Pennsylvania Bulletin as final rulemaking.

C. *Statutory Authority*

The proposed rulemaking is being made under the authority of section 5(a)(1) of the Air Pollution Control Act (act) (35 P. S. § 4005(a)(1)), which grants the Board the authority to adopt rules and regulations for the prevention, control, reduction and abatement of air pollution in this Commonwealth. The Board is also expressly authorized by section 5(a)(7) of the act to adopt regulations designed to reduce emissions from motor vehicles.

D. *Background and Purpose.*

Heavy-duty diesel (HDD) engines and vehicles contribute greatly to a number of serious health and welfare problems. First, they emit pollutants like PM, sulfur oxides (SO_x), toxic compounds, such as formaldehyde, and ozone precursors, such as NO_x and VOCs, whose documented adverse health effects include premature mortality, aggravation of respiratory and cardiovascular disease, changes in lung function and increased respiratory symptoms, changes to lung tissues and structures, altered respiratory defense mechanisms, chronic bronchitis and decreased lung function. Second, ozone pollution causes crop and forestry losses, and PM causes damage to materials and soiling of commonly used building materials and culturally important items such as statues and works of art. Third, NO_x, SO_x and PM contribute to visibility impairment. Fourth, NO_x emissions from HDD vehicles contribute to the acidification, nitrification and eutrophication of water bodies. Fifth, the United States Environmental Protection Agency (EPA) has concluded that diesel exhaust is likely to be carcinogenic to humans. Finally, while vehicles powered by HDD engines account for about only 1% of all motor vehicles and equipment, they are responsible for nearly a quarter of NO_x emissions.

Emissions from HDD engines and vehicles account for a substantial portion of ambient PM and ground-level ozone levels. These proportions are higher in some urban areas. Urban areas, which include many poorer neighborhoods, can be disproportionately impacted by HDD vehicle emissions because of heavy traffic in densely populated urban areas.

In addition, due to its location in the Northeast, this Commonwealth is a conduit for a large amount of truck traffic. If this rulemaking is not adopted, this Commonwealth can expect an additional 12.5 tons of NO_x emissions per average summer day in 2006 Statewide from the trucks manufactured in 2005 and 2006. In the five-county Philadelphia area alone, model year 2005 and 2006 trucks are expected to emit an additional 2 tons of NO_x per average summer day in 2006 without these additional controls.

HDD engines and vehicles have not been subject to many environmental regulations since passage of the Clean Air Act in 1970. The EPA's regulation of HDD engines and vehicles did not begin until 1984, when the agency adopted a 10.7 grams/brake horsepower-hour (g/bhp-hr) NO_x standard. The EPA's NO_x emissions standards for 1998 to 2003 model year HDD engines are 4 g/bhp-hr. The EPA currently requires testing of the engine (with emission control systems in place) rather than the entire vehicle. Thus the standards are expressed in units

of g/bhp-hr (that is, grams of emission per unit of work the engine performs over a period of time), rather than the grams per mile unit used for testing passenger cars and light-duty trucks.

Before being offered for sale, new engines must be certified to compliance with Federal emissions standards. Engines are tested for certification using an engine dynamometer. The performance test cycle or cycles for determining compliance with numerical standards plays an important part in determining the stringency of the existing standards. It is the performance test that serves as the basis for determining this compliance.

Currently, the EPA only tests engines with the Federal test procedure (FTP) to determine compliance with the HDD engine standards. The FTP, however, only represents a small portion of "real world" driving conditions. For example, the FTP does not include elevated high temperatures and highway cruise patterns. It is therefore inadequate in testing emissions under these conditions.

Several years ago, the United States Department of Justice, the EPA and the California Air Resources Board (CARB) brought major enforcement actions alleging that seven of the largest HDD engine and vehicle manufacturers (representing approximately 60% of HDD engine sales) violated Federal and California engine certification regulations by "defeating" or turning off diesel emission control devices during in-use highway driving. The manufacturers employed "defeat devices" in the HDD engines for model years 1988 through 1998. With these defeat devices, emission controls typically were turned off during cruising conditions to save fuel. This allowed NO_x emissions as high as three times the emission standard. It is estimated that in 1998 alone, the "defeat devices" caused approximately 1.3 million tons of excess NO_x emissions Nationally.

The Federal government and the seven HDD engine and vehicle manufacturers resolved the cases through settlement agreements. In 1998, they entered into judicial consent decrees (binding settlement orders) that imposed substantial penalties upon the seven manufacturers and required them to achieve additional emission reductions.

In the consent decrees, the settling manufacturers are required, among other things, to produce HDD engines and vehicles that comply with prescribed emission standards that are lower than those required in current California and Federal regulations, as measured by the FTP. Specifically, these engines must meet a 2.5 g/bhp-hr standard for nonmethane hydrocarbons (NMHC) plus NO_x emissions no later than October 1, 2002. This will require production of new engines that are approximately 50% cleaner than current engines.

The majority of these settling engine manufacturers (Caterpillar, Cummins, Detroit Diesel, Mack Trucks, Renault (RVI) and Volvo Trucks) have also agreed to produce HDD engines by October 1, 2002, that meet supplemental certification test procedures. Together with the FTP test, the supplemental test procedures will require control of emissions during the majority of real world operating conditions, insuring that in the future "defeat devices" will no longer be employed. This will result in significant additional emission reductions of NO_x and other pollutants during "real world" conditions. These supplemental test procedures are designed to make up for the deficiencies of the FTP.

The California rules require manufacturers to perform supplemental test procedures, in addition to the existing FTP. The two components of the supplemental test are

known as the Not To Exceed (NTE) test and the EURO III European Stationary Cycle (ESC) test. The ESC test also has associate requirements known as maximum achievable emission limits (MAEL).

The NTE test procedure can be run in a vehicle on the road or in an emissions testing laboratory using an appropriate dynamometer. The vehicle or engine is operated under conditions that may reasonably be expected in normal vehicle operation and use, including operation under steady-state or transient conditions and under varying ambient conditions. Emissions are averaged over a minimum time of 30 seconds and then compared to the applicable emission limits.

The ESC test simulates cruising conditions better than either the FTP or the NTE procedures. This can help prevent excess emissions increasing during highway driving. This test consists of 13 modes of speed and power, primarily covering the typical highway cruise operating range of HDD engines. During each mode of operation, the concentration of the gaseous pollutant is measured and weighted. The weighted average emissions for each pollutant, as calculated by this test, must not be greater than the applicable FTP emission standard.

The MAEL requirements can be considered an adjunct to the ESC test because they are utilized during the 12 nonidle test modes of that test. The MAEL specifications prevent manufacturers from complying with the ESC using computer programs that recognize when the engine is being tested at specific test points, and then recalibrating for better fuel economy (which results in higher emissions) between test points. The MAEL requirements ensure that emissions do not exceed a cap when operating within the nonidle ESC test modes.

Since certifying HDD engines using the NTE and ESC tests produces much higher reductions than the reductions achieved when only the FTP is used, the EPA issued a final rule to adopt these supplemental test procedures for 2004 and subsequent model year HDD engines and vehicles. See, 65 FR 59895 (October 6, 2000). However, due to timing constraints that the Clean Air Act imposes on the EPA under section 202 of the CAA (42 U.S.C.A. § 7521), manufacturers will not be required to comply with the NTE and ESC test procedures until 2007 model year. Therefore, there will be a 2-year gap between the expiration of these test procedures for the settling manufacturers following the 2004 model year and the commencement of the test procedures for model year 2007 under EPA's final rule.

As a result, for two entire model years there may be serious backsliding, that is, diesel exhaust emissions could increase significantly above the previous levels mandated by the consent decrees. For this reason, California decided to fill the gap by requiring compliance with the NTE and ESC test procedures in addition to the FTP test procedure during the 2005 and 2006 model years. Moreover, this regulation will apply to all manufacturers, not just those affected by the consent decrees, who may want to enter the United States HDD engine market to gain an unfair competitive advantage.

A number of states have recognized the benefits of adopting these test procedures to prevent any backsliding attempts by HDD engine and vehicle manufacturers and to maintain improved air quality. These states are anticipated to develop rules similar to those proposed in this Commonwealth. If enough states adopt these test procedures, it could result in a de facto National standard, removing any differences in engines and engine costs among states.

The Commonwealth also recognizes the benefits of adopting these test procedures. It is estimated that an additional 12.5 tons of NOx emissions per average summer day Statewide from trucks manufactured in 2005 and 2006 will be reduced through the adoption of this rule.

The proposed rulemaking establishes a HDD program consistent with the requirements of section 177 of the CAA (42 U.S.C.A. § 7507) and will serve as the framework for the Commonwealth's program to control emissions from new HDD engines and vehicles.

The CAA allows California (and only California) to obtain a waiver of Federal preemption to continue to set its own motor vehicle standards. The CAA was amended in 1977 to allow states to adopt emission standards for motor vehicles if the standards are identical to the California standards and a state adopts the standard at least 2 years before commencement of the model year.

Congress amended section 177 of the CAA in 1990 to prohibit states from taking any action that would have the effect of creating a motor vehicle or motor vehicle engine different than a motor vehicle or engine certified in California under California standards or otherwise create a "third vehicle."

The Commonwealth's proposed HDD emissions control program does not mandate the sale or the use of any special diesel fuel which complies with the specifications adopted by the state of California. The courts have held that a state's failure to adopt California fuel requirements does not violate the section 177 of the CAA requirement that state emission standards be "identical to the California standards for which a waiver has been granted." *Motor Vehicle Manufacturers Association of the United States v. New York State Department of Environmental Conservation*, 177 F.3d 521 (2d Cir. 1994).

Since HDD engines are engine certified, currently there is no mechanism in California to ensure that either a replacement engine or rebuild complies with requirements at least as stringent as the original engine. However, nonregulatory common practice dictates that when an engine is replaced, it is typically replaced with a newer, lower-emitting engine due to hardware and electronics compatibility concerns. Additionally, modern electronically controlled engines typically operate for more than 500,000 miles (and in many cases more than 1 million miles) before requiring replacements/rebuilds. By the time a typical replacement/rebuild occurs, engines older than the original engines are generally too old to be used or are not available.

Following promulgation of the proposed new HDD emissions control program regulations, amendments to Chapters 121 and 126 will be submitted to the EPA as a revision to the State Implementation Plan (SIP).

Under section 5(a)(7) of the act, the Department consulted with the Department of Transportation during the development of the proposed amendments. The Department also consulted with the Air Quality Technical Advisory Committee (AQTAC) on the proposed rulemaking. On April 27, 2001, the AQTAC recommended that the proposed rulemaking be submitted to the Board for consideration. AQTAC also suggested that the Department continue its aggressive efforts with other states to support uniform Federal standards for HDD vehicles to ensure progress in significantly reducing truck emissions during this decade.

This proposed rulemaking is consistent with the mandate under Executive Order 1996-1. The proposed rulemaking is necessary to achieve and maintain the ambient

air quality standard for ozone and as such is justified as a compelling and articulable State interest as required under the Executive Order.

E. Summary of Regulatory Requirements

This proposal establishes the requirements for the implementation of a new HDD emissions control program. A summary of the proposed rulemaking follows:

Chapter 121. General Provisions

The proposed amendment to § 121.1 (relating to definitions) includes terms and phrases applicable to the New HDD Emissions Control Program. The proposed definitions include the following terms: "heavy-duty diesel engine" and "heavy-duty diesel vehicle."

The proposed rulemaking also amends the definition of "new motor vehicle" or "new light-duty vehicle" to include vehicles subject to the requirements of the HDD Emissions Control Program.

Chapter 126. Motor Vehicle and Fuels Programs

Subchapter E. Pennsylvania Heavy-Duty Diesel Emissions Control Program

The title of Chapter 126 is proposed to be changed from "Standards for Motor Fuels" to "Motor Vehicle and Fuels Programs." Subchapter E contains provisions that establish a new HDD emissions control program in this Commonwealth to reduce the emissions of NO_x, SO_x, PM and air toxics from HDD engines and vehicles under section 177 of the CAA.

Proposed § 126.501 (relating to purpose) establishes a HDD emissions control program consistent with the requirements of section 177 of the CAA. It adopts and incorporates by reference certain provisions of the California exhaust emissions standards and test procedures for 1985 and subsequent model year HDD engines and vehicles. It also provides for certain exemptions from the program.

Proposed § 126.502(a) (relating to general requirements) provides that the Commonwealth's HDD Emission Control Program applies to new model year 2005 and subsequent model year HDD engines and vehicles with a gross vehicle weight rating (GVWR) greater than 14,000 pounds that are sold, leased, offered for sale or lease, imported, delivered, purchased, rented, acquired or received in this Commonwealth.

As proposed § 126.502(b) adopts and incorporates by reference the California Exhaust Emissions Standards and Test Procedures for 1985 and Subsequent Heavy-Duty Engines and Vehicles to the extent that they pertain to model year 2005 and subsequent model year HDD engines and vehicles with a GVWR of greater than 14,000 pounds.

As proposed, § 126.502(c) adopts and incorporates by reference the California Enforcement of Vehicle Emission Standards and Surveillance Testing under Title 13 *California Code of Regulations* (CCR), Division 3, Chapter 2, Article 1.5, § 2065.

Proposed § 126.503 (relating to emission requirements) provides that a person may not sell, import, deliver, purchase, lease, rent, acquire or receive a model year 2005 and subsequent model year HDD engine or vehicle that is subject to the requirements of this program that has not received a CARB Executive Order for all applicable requirements of Title 13 CCR.

As proposed, § 126.503(b) allows manufacturers the option to include any of the HDD engines or vehicles it

sells in this Commonwealth to participate in the averaging, banking and trading programs as provided under Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8.

As proposed, § 126.503(c) allows manufacturers the option to certify any of its HDD engines and vehicles delivered for sale in this Commonwealth to the optional emission standards as provided under Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8.

As proposed, § 126.503(d) requires that all new heavy-duty engines and vehicles subject to the requirements of this subject chapter shall possess a valid emissions control label which meets the requirements of Title 13, CCR, Division 3, Chapter 1, § 1965.

Proposed § 126.504 (relating to exemptions) provides that the following are exempt from the HDD Emissions Control Program in this Commonwealth: emergency vehicles; an HDD engine or vehicle transferred by a dealer to another dealer; an HDD vehicle transferred for use exclusively off highway; an HDD vehicle granted a National security or testing exemption under section 203(b)(1) of the CAA (42 U.S.C.A. § 7522(b)); an HDD vehicle defined as a military tactical vehicle or engine under Title 13, CCR, Division 3, Chapter 1, Article 1, § 1905; a HDD vehicle sold after the effective date of the final rule if it was registered in this Commonwealth before the effective date of the final-form rulemaking; an HDD engine or vehicle for the model years 2005 and 2006 manufactured by an ultra-small volume manufacturer as defined under Title 13 CCR, Division 3, Chapter 1, Article 2, § 1976(f)(2); an urban bus as defined under Title 13, CCR, Division 3, Chapter 1, Article 2, § 1956.2(b)(4) for model years 2005 and 2006; and an HDD engine that following a technology review, CARB determines it to be inappropriate to require compliance with the emissions standards under § 1956.8 for that particular model year.

Proposed § 126.511 (relating to new engine and vehicle certification testing) requires that prior to being offered for sale or lease in this Commonwealth, new HDD engines and vehicles shall be certified as meeting the motor vehicle requirements of Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8.

Proposed § 126.512 (relating to new engine and vehicle compliance testing) requires that prior to being offered for sale or lease in this Commonwealth, new HDD engines and vehicles shall be certified as meeting the HDD engine and vehicle requirements of Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8 as determined by Title 13 CCR, Chapter 2, Article 2, §§ 2101—2110.

Proposed § 126.513 (relating to assembly line testing) provides that each manufacturer of new HDD engines and vehicles subject to the Commonwealth's HDD Emission Control Program shall conduct assembly line testing in accordance with Title 13 CCR, Chapter 2, Article 1.

Proposed § 126.514 (relating to in-use engine and vehicle enforcement testing) provides that for the purposes of detection and repair of engines and vehicles that fail to meet the emission requirements of the program, the Department may, after consultation with CARB, conduct in-use vehicle enforcement testing in accordance with the protocol and testing procedures under Title 13 CCR, Division 3, Chapter 2, Article 2.3, §§ 2136—2140.

Proposed § 126.515 (relating to in-use surveillance testing) provides that the Department may conduct in-use surveillance testing after consultation with CARB.

Proposed § 126.521 (relating to warranty and recall) provides that manufacturers of new HDD engines and

vehicles shall warrant to the owner that each engine or vehicle complies over its period of warranty coverage with the requirements of Title 13 CCR, Division 3, Chapter 1, Article 6, §§ 2036 and 2039—2041.

As proposed under § 126.521(b), each manufacturer shall submit to the Department failure of emission-related component reports for engines and vehicles subject to the program.

As proposed under § 126.521(c), any voluntary or influenced-related recall programs initiated by an HDD engine or vehicle manufacturer shall extend to all new HDD engines or vehicles in this Commonwealth.

As proposed under § 126.521(d), any in-use vehicle ordered recalls under Title 13 CCR, Division 3, Chapter 2, Article 2.2, §§ 2122—2135 shall extend to all new HDD engines and vehicles sold, leased or offered for sale or lease in this Commonwealth.

Proposed § 126.522 (relating to reporting requirements) provides that each manufacturer shall submit annually to the Department a report documenting the total deliveries for sale of HDD engines and vehicles for each engine family of that model year in this Commonwealth.

As proposed under § 126.522(b), each HDD engine and vehicle manufacturer shall submit annually to the Department a report of all of its HDD engines or vehicles delivered for sale that were included in any of the emissions averaging, banking and trading programs for heavy-duty diesel vehicles within the requirements of Title 13 CCR, Division 3, Chapter 1, § 1965.

Proposed § 126.531 (relating to responsibilities of heavy-duty diesel highway vehicle dealers) provides that a dealer must convey to the owner of a new HDD engine or vehicle subject to the requirements of this subchapter a valid emission control label which meets the requirements of Title 13 CCR, Division 3, Chapter 1, § 1965.

As proposed, § 126.531(b) a dealer may not sell, offer for sale or lease, or deliver a new HDD engine or vehicle subject of this subchapter unless the engine or vehicle conforms to the standards and requirements under Title 13 CCR, Division 3, Chapter 2, Article 3, § 2151.

As proposed under § 126.531(c) a dealer who imports, sells, delivers, leases or rents any HDD engines or vehicles subject to this subchapter shall retain records concerning the transaction for at least 3 years following the transaction.

F. *Benefits and Costs*

Executive Order 1996-1 requires a cost/benefit analysis of the proposed amendments.

Benefits. The new HDD engine and vehicle emissions control program will contribute to the attainment and maintenance of the ozone health-based standard in this Commonwealth due to emission reductions from the operation of lower-emitting HDD vehicles. Modeling data from the Philadelphia area indicates that daily emissions of NO_x will be reduced by 2 tons per average summer day and 12.5 tons per average summer day Statewide from trucks manufactured in 2005 and 2006 that are subject to the requirements of this program. In addition, it is anticipated that the health of the citizens of this Commonwealth will benefit from these reductions as well as through reduced exposure of air toxics, NO_x and other air pollutants, which place people's health at risk.

Compliance Costs. The primary cost to the trucking industry will be incurred when purchasing a new truck or engine. In 2005, this regulation could increase the aver-

age cost of an engine, which has a useful life of 15 to 20 years, by as much as \$800 and increase operating costs by up to \$9 per year. Because it is difficult to separate the incremental cost of the supplemental tests from other aspects of complying with Federal and California standards, the actual cost is anticipated to be much lower.

Compliance Assistance Plan. Compliance assistance will be provided to affected parties, primarily automobile dealers, by distributing pamphlets and conducting public meetings and workshops to explain the proposed regulatory requirements. The Department will involve appropriate State trade organizations in the distribution of information to their membership. Information concerning the program will also be provided to affected consumers.

Paperwork Requirements. HDD engine and vehicle manufacturers will be required to submit paperwork demonstrating compliance with the emissions standards and other requirements of the Commonwealth's HDD emissions control program. HDD engine and vehicle dealers, leasing and rental agencies, and purchasers of HDD engines and vehicles must demonstrate to the Department that new vehicles subject to the proposed amendments meet the emissions standards.

G. *Sunset Review*

The proposed amendments will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the amendments effectively fulfill the goals for which they were intended.

H. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate and House Environmental Resources and Energy Committees. In addition to submitting the proposed amendments, the Department has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Department. A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for the Department, the Governor and the General Assembly to review these objections before final publication of the regulations.

I. *Public Comments*

Written Comments. Interested persons are invited to submit comments, suggestions or objections regarding the proposed amendments to the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477 (express mail: Rachel Carson State Office Building, 15th Floor, 400 Market Street, Harrisburg, PA 17101-2301). Comments submitted by facsimile will not be accepted. Comments, suggestions or objections must be received by the Board by November 9, 2001. Interested persons may also submit a summary of their comments to the Board. The summary may not exceed one page in length and must also be received by November 9, 2001. The one-page summary will be provided to each member of the Board in the agenda packet distributed prior to the meeting at which the final regulation will be considered.

Electronic Comments. Comments may be submitted electronically to the Board at RegComments@state.pa.us.

A subject heading of the proposal and return name and address must be included in each transmission. Comments submitted electronically must also be received by the Board by November 9, 2001.

I. *Public Hearings.*

The Board will hold three public hearings for the purpose of accepting comments on this proposal. The hearings will be held at 1 p.m. on the following dates and at the following locations:

- October 1, 2001 Department of Environmental Protection
Southcentral Regional Office
909 Elmerton Avenue
Harrisburg, PA
- October 4, 2001 Department of Environmental Protection
Southeast Regional Office
Suite 6010, Lee Park, 555 North Lane
Conshohocken, PA
- October 10, 2001 Department of Environmental Protection
Southwest Regional Office
500 Waterfront Drive
Pittsburgh, PA

Persons wishing to present testimony at a hearing are requested to contact Debra Sailor at the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526, at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony is limited to 10 minutes for each witness. Witnesses are requested to submit three written copies of their oral testimony to the hearing chairperson at the hearing. Organizations are limited to designating one witness to present testimony on their behalf at each hearing.

Persons with a disability who wish to attend the hearing and require an auxiliary aide, service or other accommodation to participate should contact Debra Sailor at (717) 787-4526, or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

DAVID E. HESS,
Chairperson

Fiscal Note: 7-365. No fiscal impact; (8) recommends adoption.

There will be some costs to departments to comply with this regulation. Total estimated cost to comply with the regulation for 2003-04 is \$92,531, for 2004-05 is \$191,124 and for 2005-06 is \$100,417. These costs will be shared by the Department of Transportation, Turnpike Commission, Fish and Boat Commission and Game Commission.

TITLE 25. ENVIRONMENTAL PROTECTION

PART I. DEPARTMENT OF ENVIRONMENTAL PROTECTION

Subpart C. PROTECTION OF NATURAL RESOURCES

ARTICLE III. AIR RESOURCES

CHAPTER 121. GENERAL PROVISIONS

§ 121.1. Definitions.

The definitions in section 3 of the act (35 P. S. § 4003) apply to this article. In addition, the following words and

terms, when used in this article, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Heavy-duty diesel engine—A diesel engine that is used to propel a motor vehicle with a GVWR of greater than 14,000 pounds.

Heavy-duty diesel vehicle—A diesel-powered motor vehicle with a GVWR of greater than 14,000 pounds.

* * * * *

New motor vehicle or new light-duty vehicle—A motor vehicle for which the equitable or legal title has never been transferred to the ultimate purchaser. For purposes of the Pennsylvania Clean Vehicles Program and the Pennsylvania Heavy-Duty Diesel Emissions Control Program, the equitable or legal title to a motor vehicle with an odometer reading of 7,500 miles or more shall be considered to be transferred to the ultimate purchaser. If the equitable or legal title to a motor vehicle with an odometer reading is less than 7,500 miles, the vehicle will not be considered to be transferred to the ultimate purchaser.

GENERAL PROVISIONS

§ 126.501. Purpose.

(a) This subchapter establishes a heavy-duty diesel emissions control program under section 177 of the Clean Air Act (42 U.S.C.A. § 7507) designed primarily to achieve emission reductions of the precursors of ozone, particulate matter, air toxics and other air pollutants from new heavy-duty diesel engines and vehicles.

(b) This subchapter adopts and incorporates by reference certain provisions of the California Exhaust Emission Standards and Test Procedures for Heavy-Duty Diesel Engines and Vehicles.

(c) This subchapter also exempts certain new heavy-duty diesel engines and vehicles from this new emissions control program.

§ 126.502. General requirements.

(a) The Pennsylvania Heavy-Duty Diesel Emissions Control Program requirements apply to new heavy-duty diesel engines and vehicles with a GVWR of greater than 14,000 pounds that are sold, leased, offered for sale or lease, imported, delivered, purchased, rented, acquired or received, in this Commonwealth starting with the model year 2005, and each model year thereafter.

(b) The California Exhaust Emission Standards and Test Procedures for 1985 and Subsequent Heavy-Duty Engines and Vehicles, Title 13, CCR, Division 3, Chapter 1, Article 2, § 1956.8 is adopted and incorporated by reference to the extent that it pertains to the requirements for heavy-duty diesel engines and vehicles with a GVWR of greater than 14,000 pounds.

(c) The California Enforcement of Vehicle Emission Standards and Surveillance Testing, Title 13 CCR, Division 3, Chapter 2, Article 1.5, § 2065, are adopted and incorporated by reference.

§ 126.503. Emission requirements.

(a) Starting with model year 2005, a person may not sell, import, deliver, purchase, lease, rent, acquire or receive a new heavy-duty diesel engine or vehicle, subject to the Pennsylvania Heavy-Duty Diesel Emissions Control Program requirements, in this Commonwealth that has not received a CARB Executive Order for all applicable requirements of Title 13 CCR, incorporated herein by reference.

(b) Starting with the model year 2005, a manufacturer may elect to include its heavy-duty diesel engines or vehicles delivered for sale in this Commonwealth in the emissions averaging, banking and trading programs for heavy-duty diesel engines or vehicles as provided under Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8.

(c) Starting with model year 2005, a manufacturer may elect to certify any of its heavy-duty diesel engines or vehicles delivered for sale in this Commonwealth to the optional emission standards as provided under Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8.

(d) New heavy-duty diesel engines and vehicles subject to the requirements of this subchapter shall possess a valid emissions control label that meets the requirements of Title 13 CCR, Division 3, Chapter 1, § 1965, incorporated herein by reference.

§ 126.504. Exemptions.

The following new heavy duty diesel engines and vehicles are exempt from the Pennsylvania Heavy-Duty Diesel Emissions Control Program requirements of this subchapter:

- (1) Emergency vehicles.
- (2) A heavy-duty diesel vehicle transferred by a dealer to another dealer.
- (3) A heavy-duty diesel vehicle transferred for use exclusively off-highway.
- (4) A heavy-duty diesel vehicle granted a National security or testing exemption under section 203(b)(1) of the Clean Air Act (42 U.S.C.A. § 7522(b)(1)).
- (5) A heavy-duty diesel vehicle defined as a military tactical vehicle or engine under Title 13, CCR, Division 3, Chapter 1, Article 1, § 1905, incorporated herein by reference.

(6) A heavy-duty diesel vehicle sold after _____ (*Editor's Note:* The blank refers to the

effective date of adoption of this proposal.), if the vehicle was registered in this Commonwealth before _____ (*Editor's Note:* The blank refers to the effective date of adoption of this proposal.).

(7) A heavy-duty diesel engine or vehicle for the model years 2005 and 2006 manufactured by an ultra-small volume manufacturer as defined under Title 13, Division 3, Chapter 1, Article 2, § 1976(f)(2), incorporated herein by reference.

(8) For model years 2005 and 2006, an urban bus as defined under Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.2(b)(4), incorporated herein by reference.

(9) A heavy-duty diesel engine or vehicle that, following a technology review, CARB determines is inappropriate to require compliance with the emission standards under Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8 for a particular model year.

APPLICABLE HEAVY-DUTY ENGINE AND VEHICLE TESTING**§ 126.511. New engine and vehicle certification testing.**

(a) Prior to being offered for sale or lease in this Commonwealth, new heavy-duty diesel engines and vehicles subject to the Pennsylvania Heavy-Duty Diesel Emissions Control Program requirements of this subchapter shall be certified as meeting the heavy-duty diesel engine and vehicle requirements of Title 13 CCR, Division 3, Chapter 1, Article 2, Section 1956.8 as determined by Title 13 CCR, Chapter 2, Article 2, §§ 2101—2110.

(b) For purposes of complying with subsection (a), new vehicle certification testing determinations and findings made by CARB apply.

§ 126.512. New engine and vehicle compliance testing.

Prior to being offered for sale or lease in this Commonwealth, new heavy-duty diesel engines and vehicles subject to the Pennsylvania Heavy-Duty Diesel Emission Control Program requirements of this subchapter shall be certified as meeting the heavy-duty diesel engine and vehicle requirements of Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8 as determined by Title 13 CCR, Chapter 2, Article 2, §§ 2101—2110.

§ 126.513. Assembly line testing.

Each manufacturer of new heavy-duty diesel engines and vehicles subject to the Pennsylvania Heavy-Duty Diesel Emission Control Program requirements of this subchapter, certified by CARB and sold or leased in this Commonwealth, shall conduct assembly line testing in accordance with Title 13 CCR, Chapter 2, Article 1.

§ 126.514. In-use engine and vehicle enforcement testing.

(a) For the purposes of detection and repair of engines and vehicles subject to the Pennsylvania Heavy-Duty Diesel Emissions Control Program requirements which fail to meet the emission requirements of Title 13 CCR, Division 3, Chapter 1, Article 2, § 1956.8, the Department may, after consultation with CARB, conduct in-use vehicle enforcement testing in accordance with the protocol and testing procedures in Title 13 CCR, Division 3, Chapter 2, Article 2.3, §§ 2136—2140, incorporated herein by reference.

(b) For purposes of compliance with subsection (a), in-use engine and vehicle enforcement testing determinations and findings made by CARB apply.

§ 126.515. In-use surveillance testing.

(a) For the purposes of testing and monitoring, the overall effectiveness of the Pennsylvania Heavy-Duty Diesel Emissions Control Program in controlling emissions, the Department may conduct in-use surveillance testing after consultation with CARB, in accordance with Title 13 CCR, Division 3, Chapter 2, Article 3, §§ 2150—2153.

(b) For purposes of program planning, in-use surveillance testing determinations and findings made by CARB apply.

**ENGINE AND VEHICLE MANUFACTURERS'
OBLIGATIONS**

§ 126.521. Warranty and recall.

(a) A manufacturer of new heavy-duty diesel engines and vehicles subject to the Pennsylvania Heavy-Duty Diesel Emissions Control Program requirements of this subchapter which are sold, leased, offered for sale or lease in this Commonwealth, shall warrant to the owner that each engine or vehicle shall comply over its period of warranty coverage with the requirements of Title 13 CCR, Division 3, Chapter 1, Article 6, §§ 2036, 2039—2041 and 2046 incorporated herein by reference.

(b) Each manufacturer of new heavy-duty diesel engines and vehicles shall submit to the Department failure of emission-related components reports, as defined in Title 13 CCR, Division 3, Chapter 2, Article 2.4, § 2144, incorporated herein by reference, for engines and vehicles subject to the Pennsylvania Heavy-Duty Diesel Emissions Control Program in compliance with the procedures in Title 13 CCR, Division 3, Chapter 2, Article 2.4, §§ 2141—2149, incorporated herein by reference.

(c) For heavy-duty diesel engines and vehicles subject to the Pennsylvania Heavy-Duty Diesel Emissions Control Program, a voluntary or influenced emission-related recall campaign initiated by any heavy-duty diesel engine or vehicle manufacturer under Title 13 CCR, Division 3, Chapter 2, Article 2.1, §§ 2111—2121, shall extend to all new heavy-duty diesel engines or vehicles sold, leased or offered for sale or lease in this Commonwealth.

(d) For heavy-duty diesel engines and vehicles subject to the Pennsylvania Heavy-Duty Diesel Emission Control Program, an in-use vehicle ordered recall under Title 13 CCR, Division 3, Chapter 2, Article 2.2, §§ 2122—2135,

shall extend to all new heavy-duty diesel engines or vehicles sold, leased or offered for sale or lease in this Commonwealth.

§ 126.522. Reporting requirements.

(a) For the purposes of determining compliance with the Pennsylvania Heavy-Duty Diesel Emissions Control Program, commencing with the model year 2005, each manufacturer shall submit annually to the Department, within 60 days of the end of each model year, a report documenting the total deliveries for sale of engines and vehicles for each engine family over that model year in this Commonwealth.

(b) For the purposes of determining compliance with the Pennsylvania Heavy-Duty Diesel Emissions Control Program, each heavy-duty diesel engine and vehicle manufacturer shall submit annually to the Department, by March 1 of the calendar year following the close of the completed calendar year, a report of its heavy-duty diesel engines and vehicles delivered for sale in this Commonwealth that were included in the emissions averaging, banking and trading programs for heavy-duty diesel engines and vehicles within the provisions of Title 13, CCR, Division 3, Chapter 1, Article 2, § 1956.8.

MOTOR VEHICLE DEALER RESPONSIBILITIES

§ 126.531. Responsibilities of heavy-duty diesel highway vehicle dealers.

(a) A dealer may not sell, offer for sale or lease, or deliver a new heavy-duty diesel engine or vehicle subject to the requirements of this subchapter without a valid emissions control label which meets the requirements of Title 13 CCR, Division 3, Chapter 1, § 1965.

(b) A dealer may not sell, offer for sale or lease, or deliver a new heavy-duty diesel engine or vehicle subject to the requirements of this subchapter unless the engine or vehicle conforms to the standards and requirements under Title 13 CCR, Division 3, Chapter 2, Article 3, § 2151.

(c) A dealer who imports, sells, delivers, leases or rents an engine or vehicle subject to the requirements of this subchapter shall retain records concerning the transaction for at least 3 years following the transaction.

STATEMENTS OF POLICY

Title 12—COMMERCE, TRADE AND LOCAL GOVERNMENT

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

[12 PA. CODE CH. 123]

Community Revitalization Program

The Department of Community and Economic Development (Department) hereby amends Chapter 123 (relating to Community Revitalization Program—statement of policy) to read as set forth in Annex A. The statement of policy is amended under the authority of Part II, section 209 of Act 6A of 2001 (Appropriation Act).

Background

The Appropriation Act requires the Department to publish Community Revitalization Program (CRP) guidelines in the *Pennsylvania Bulletin* prior to the spending of the 2001-2002 moneys designated for the CRP. This amended statement of policy updates the existing CRP guidelines published in 2000.

Amendments

Section 123.1 (relating to introduction) is amended to update the reference to the Appropriation Act and to the current fiscal year.

Section 123.3 (relating to eligibility) is amended to update the reference to the Appropriation Act and to the current fiscal year. It is also amended to add a provision rendering projects for the sole benefit of a for-profit entity ineligible to receive funding.

Section 123.4 (relating to program requirements and instructions) is amended to add a reference to the Department's regional offices as a source from whom applications may be obtained; to add a provision giving the Department the right to reject incomplete applications when additional information requested by the Department is not received within 30 days of the Department's request; and to add a provision requiring more specific information on the application.

Section 123.5 (relating to application submission and approval procedure) is amended to update the reference to the current fiscal year, the grant award cycles, the proposed award dates and the Department's current address. It also is amended to permit the on-line submission of applications.

Section 123.6 (relating to procedures) is amended to update the reference to the current fiscal year.

Section 123.8 (relating to contact information) is amended to update the reference to the Department's current address.

Fiscal Impact

The amended statement of policy has no fiscal impact on the Commonwealth, political subdivisions or the public.

Paperwork Requirements

Additional paperwork requirements are not imposed as a result of the amended statement of policy.

Contact Person

For further information regarding the amended statement of policy, contact Darlene Ferrier, Customer Service Center, Department of Community and Economic Development, Commonwealth Keystone Building, 400 North Street, Fourth Floor, Harrisburg, PA 17120-0225, (717) 787-3405.

Findings

The Department finds that delay in implementing the statement of policy will have a serious adverse impact on the public interest.

Order

The Department, acting under the authorizing statute, orders that:

(a) The statement of policy of the Department, 12 Pa. Code Chapter 123, is amended by amending §§ 123.1 and 123.3—123.8 to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of General Counsel for approval as to form and legality as required by law.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

Annex A

TITLE 12. COMMERCE, TRADE AND LOCAL GOVERNMENT

PART V. COMMUNITY AFFAIRS AND DEVELOPMENT

Subpart A. STRATEGIC PLANNING AND OPERATION

CHAPTER 123. COMMUNITY REVITALIZATION PROGRAM—STATEMENT OF POLICY

§ 123.1. Introduction.

(a) The CRP provides grants for community revitalization and improvement projects throughout this Commonwealth. CRP funds may be used for projects that are in accordance with Act 6A of 2001. Eligible projects are defined in § 123.3(b) (relating to eligibility).

(b) Assistance from the CRP is in the form of grants from the Commonwealth to eligible applicants for projects which, in the judgment of the Department, comply with the provisions of Act 6A of 2001, are in accordance with the program guidelines in this chapter and meet all Department Single Application for Assistance criteria found in the application.

(c) Applicants should be aware that applications for other Department programs may also be considered under the CRP. This creates a large pool of applications for a limited appropriation from the General Assembly. As such, not every application can or will be funded.

(d) 2001 CRP expenditures will be charged to the State fiscal year July 1, 2001 to June 30, 2002.

§ 123.3. Eligibility.

(a) *Eligible applicants.* The following applicants are eligible:

(1) General purpose units of local government, including counties, cities, boroughs, townships and home rule municipalities.

(2) Municipal and redevelopment authorities and agencies.

(3) Industrial development authorities and agencies.

(4) Nonprofit corporations incorporated under the laws of the Commonwealth.

(5) Community organizations engaged in activities consistent with the program guidelines as determined by the Department.

(b) *Eligible projects.*

(1) CRP funds may be used for community revitalization and improvement projects that are consistent with Act 6A of 2001. Eligible projects include projects which meet one or more of the following criteria:

(i) Improve the stability of the community.

(ii) Promote economic development.

(iii) Improve existing or develop new, or both, civic, cultural, recreational, industrial and other facilities.

(iv) Assist in business retention, expansion, creation or attraction.

(v) Promote the creation of jobs and employment opportunities.

(vi) Enhance the health, welfare and quality of life of Pennsylvania citizens.

(2) Projects for the sole benefit of a for-profit entity are not eligible for program funding.

(c) *Guideline Compliance for Fiscal Year 2001-2002.* Projects that receive funding must meet one or more of the criteria listed in subsection (b).

§ 123.4. Program requirements and instructions.

The following requirements apply to CRP:

(1) Project applications shall be submitted using the Department's Single Application for Assistance. Applications are available from the Department's Customer Service Center, the Department's regional offices or the Department's website. Addresses and phone numbers are listed in § 123.5(a) (relating to application submission and approval procedure).

(2) The Department reserves the right to:

(i) Request additional information regarding proposed use of funds.

(ii) Verify non-Department funding sources.

(iii) Require explanation or revision of the project's budget.

(iv) Require clarification of the project's narrative.

(v) Consider an application ineligible in a specific funding round if the additional information requested is not received by the Department within 30 days of its request. The application may be considered in a subsequent round of the fiscal year, if the requested information is received by the Department by the established application deadlines.

(3) Incomplete applications may be rejected. An applicant shall follow the detailed instructions for completing

the Department's Single Application for Assistance when applying for CRP, especially, with regards to the completion of the project narrative section. The following excerpt from the Department's Single Application for Assistance provides the level of detail that the Department is seeking on a project.

A typewritten (or computer generated) Project Narrative must accompany the Single Application for Assistance. The narrative should provide a detailed and comprehensive description of the project. Applicants shall explain who they are and what they are going to do with the grant funds. The narrative must specifically address each of the cost items identified in the Project Budget section of the application. In general, the narrative should include:

- Specific Problems to be Addressed or Improvement to be financed. Identify the problem that needs to be resolved. Please include brief background information, including general purpose or mission of the organization.

- Project Description. What do you plan to accomplish with this project and how do you plan to accomplish it?

- Expected Outcomes. Examples of measurable outcomes include jobs created or retained, people trained, land or buildings acquired, park constructed, feet of road repaired, etc.

- Projected Schedule and Key Milestones and Dates. A detailed project schedule must accompany the application, including key milestones and dates.

- Documentation to support Projected Budget Costs. This documentation may consist of an itemized line-by-line listing of how you arrived at the specific budget items for the project, bids or cost quotations, contractor estimates, appraisals, engineer estimates. A specific explanation is needed for any amounts in an "Other" or "Indirect Costs" budget category.

- Documentation of matching dollars such as commitment letters, receipts, etc.

- Religious disclaimer. If an applicant has a religious affiliation, the applicant should provide a disclaimer assuring that Department funds will not be used for religious purposes.

§ 123.5. Application submission and approval procedure.

(a) The application is available by calling the Customer Service Center, the Department's Regional Offices or at the Department's website www.invent.pa.com. Applications will be accepted anytime throughout the fiscal year, subject to § 123.7 (relating to limitations and penalties).

(1) Applications should be submitted to the following address:

Department of Community and Economic Development
Customer Service Center
Commonwealth Keystone Building
400 North Street, Fourth Floor
Harrisburg, PA 17120-0225
1-800-379-7448

(2) Applications may also be submitted online via the Department's website: www.invent.pa.com or www.esa.dced.state.pa.us.

(b) CRP grant awards will be made in four funding rounds during the fiscal year. The Department will grant approximately 20% to 25% of the program appropriation in each round, and the balance in the final round. These percentages are targets. The Department will make every

effort to allocate program funds in accordance with these targets, but is not bound to them. Applicants should not apply in each round, and should apply only once during the 2001-2002 Fiscal Year. Grant applications not funded in a round will be rolled into the next round for consideration.

(1) The first round consideration will include all applications received between July 1, 2001, and September 28, 2001.

(2) The second round will include applications received by November 30, 2001, and applications not approved in the first round.

(3) The third round will include applications received by January 31, 2002, and applications not approved in the first and second rounds.

(4) The fourth round will include applications received by March 29, 2002, and applications not approved in the first, second and third rounds.

(5) Targeted grant announcement dates, subject to change without notice at the discretion of the Department, are as follows:

- (i) November 2001, for the first round.
- (ii) January 2002, for the second round.
- (iii) March 2002, for the third round.
- (iv) May 2002, for the fourth round.

(c) Any CRP funds remaining after the fourth round may be awarded by the Department up to the end of the fiscal year.

(d) Unlike prior years, letters will not be sent to applicants after each funding round advising applicants that they have not been funded.

(e) Applicants that do not receive funding during any of the rounds will be notified at the end of the fiscal year.

(f) Follow up information as to the status of submitted grant applications may be obtained by contacting the DCED Customer Service Center. However, calls are not encouraged. The account manager letter is confirmation of receipt of the application. The demand for this program is very high, and staff may not be familiar with each individual application. Applicant care in preparation of the application will assist the Department in processing the application.

(g) Applicants should not submit more than one application per fiscal year. Additional applications do not enhance opportunity for funding. The Department reserves the right to reject additional applications from the same applicant, without notice to the applicant.

(h) The Department reserves the right to reject, without notification, applications received after March 29, 2002, for the 2001-2002 Fiscal Year appropriation.

§ 123.6. Procedures.

(a) CRP grant award notifications will be made by letter. After the award letter has been mailed, the applicant will receive a contract document that shall be signed by the grantee and returned to the Department for

execution on behalf of the Commonwealth. Grants will not be awarded without a fully executed contract.

(b) The applicant shall maintain full and accurate records with respect to the project. The Department will have free access to these records including invoices of material and other relative data and records, as well as the right to inspect all project work. The applicant shall furnish upon request of the Department all data, reports, contracts, documents and other information relevant to the project.

(c) Approved grants in the amount of \$100,000 or more require the grantee to provide an audit of the grant by a certified public accountant, prepared at the expense of the grantee, in compliance with State law.

(d) Approved grants under \$100,000 require the grantee to submit a detailed financial statement and a close out report of the use of State funds consistent with the contract. An audit is recommended, although not required.

(e) Funds will be disbursed according to the provisions in the contract between the applicant and the Department.

(f) Applications not acted on favorably will be considered to have been denied and will not be considered for the 2002-2003 Fiscal Year.

§ 123.7. Limitations and penalties.

(a) This section identifies program limitations or penalties, or both, that may result from the misuse of the grant funds.

(b) An applicant may not make or authorize any substantial change in an approved project without first obtaining consent of the Department in writing.

(c) If the full amount of the grant is not required for the project, the unused portion of the grant shall be returned to the Department.

(d) Failure to comply with procedures may result in penalties, including repayment of funds with interest.

§ 123.8. Contact information.

(a) Applicants and inquires should be directed to:

Pennsylvania Department of Community and Economic
Development
Customer Service Center
Commonwealth Keystone Building
400 North Street, Fourth Floor
Harrisburg, Pennsylvania 17120-0225
1 (800) 379-7448

DEPARTMENT OF AGRICULTURE

Application Period for Farm Safety and Occupational Health Grant Program

The Department of Agriculture announces the opening of the application period for funding from the Farm Safety and Occupational Health (FSOH) Grant Program for FY 2001. Grant applications will be accepted at the Department of Agriculture, Bureau of Plant Industry, 2301 North Cameron Street, Room G-13, Harrisburg, PA 17110-9408, from August 20, 2001, to October 30, 2001. Applications must be postmarked by October 30, 2001, to be considered for funding.

The FSOH Grant Program was created by the General Assembly through the passage of the Farm Safety and Occupational Health Act (act) (3 P. S. §§ 1901—1915) effective February 10, 1995. The FSOH Grant Program is funded through a specific appropriation provided for in the act. For guidelines, see the FSOH Grant Program Guidelines.

The FSOH Grant Program will award financial assistance, of up to \$2,500, to Statewide farm organizations, volunteer fire companies, ambulance services and rescue squads within this Commonwealth that wish to develop and deliver farm safety, occupational health and emergency response programs. The applications will be evaluated using criteria set forth in the statement of policy.

Obtaining Applications

Applications are available upon request by contacting Shiree Hunter, Department of Agriculture, Bureau of Plant Industry, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 772-5202 or by fax (717) 783-3275.

For further assistance, contact Phillip Pitzer, Department of Agriculture, Bureau of Plant Industry, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 772-5206.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Child Care Challenge Grant Program

The Department of Community and Economic Development (Department), in cooperation with the Department of Public Welfare, gives notice of the establishment of a \$10 million Child Care Challenge Grant Program (Program) which authorizes the award of grants to for-profit and nonprofit child care organizations that serve or agree to serve children from low-income families or cash assistance eligible families whose income does not exceed 235% of the Federal Poverty Income Guidelines. The maximum grant is \$1 million per fiscal year, not to exceed 75% of the eligible project cost. The minimum grant is \$50,000. The Program funds child care projects in areas of this Commonwealth where there is a capacity shortage. The joint agency Program is intended to improve access to center-based child care that could enhance employment opportunities for low-income families, improve the quality of care and contribute toward community development efforts. Eligible applicants must be endorsed by their regional child care resource developer and must demon-

strate that there is broad community support for the project. Preference is given to eligible applicants that offer service during nontraditional hours and to children with disabilities. Program guidelines, which set forth the eligibility criteria and the application process, are found on the Department's website at www.inventpa.com. Nonprofit child care organizations may apply online at www.esa.dced.state.pa.us. Nonprofit economic development organizations or nonprofit community development organizations may apply to the Department on behalf of for-profit child care agencies. Information about the nonprofit economic and community development organizations are found on the Department's website at www.inventpa.com.

Program inquiries and applications should be directed to the Child Care Challenge Grant Program, Small Business Financing Office, Department of Community and Economic Development, 4th Floor, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120-0225, (717) 783-5046, fax: (717) 787-9154, e-mail ra-dcedsbfo@state.pa.us.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and The Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted before the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated before the application.

Persons with a disability, who require an auxiliary aid service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at (800) 654-5984.

This proposed facility is located in Springfield Township, **Erie County**.

Description of Proposed Activity: Treatment of sanitary waste from a travel center. The receiving stream, unnamed tributary to Raccoon Creek, is in watershed 15 (Lake Erie) and classified for: CWF; MF.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (stream and public water supplier) considered during the evaluation is the Erie municipal water intake, located 23 miles below the point of discharge.

The proposed effluent limits for Outfall 001 based on a design flow of 0.0115 MGD:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

The EPA Waiver is in effect.

PA0103896, Industrial Waste. **County Landfill, Inc.**, P. O. Box 2137, Leeper, PA 16233.

This proposed facility is located in Farmington Township, **Clarion County**.

Description of Proposed discharge of treated industrial waste (leachate), nonhazardous liquid waste, septage and stormwater, is in watershed 16F and classified for: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Emlenton Water Company on the Allegheny River located at Emlenton, approximately 75 miles below point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.03 MGD.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Non-Waived Permit Applications

Southeast Region: Water Management Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

No. PA0056511, Sewage, **Barry and Kristen Eves**, 47 Bishop Road, Pottstown, PA 19464.

This application is for renewal of an NPDES permit to discharge treated sewage from the small flow sewage treatment plant in East Coventry Township, **Chester County**. This is an existing discharge to unnamed tributary to Pigeon Creek.

The receiving stream is classified for the following uses: high quality trout stocking fishery.

The proposed effluent limits for Outfall 001, based on an average flow of 400 gpd are as follows:

Parameter	Average Monthly (mg/l)	Instantaneous Maximum (mg/l)
CBOD ₅	10	20
Suspended Solids		
(5-1 to 10-31)	10	20
(11-1 to 4-30)	20	40
Ammonia (as N)	5	10
Total Residual Chlorine	Monitor/Report	Monitor/Report
Fecal Coliform	200 colonies/100 ml as a geometric average	
pH	Within limits of 6.0—9.0 Standard Units at all times	

The EPA Waiver is in effect.

PA0011568, Industrial Waste, **Bethlehem Lukens Plate**, 50 South First Street, Coatesville, PA 19320.

This application is for renewal of an NPDES permit to discharge treated process wastewater and stormwater from the Bethlehem Lukens Plate facility located in the City of Chester, **Chester County**. This is an existing discharge to Sucker Run and the West Branch Brandywine Creek.

The receiving streams are classified for the following uses: warm water fish, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 0.462 mgd are as follows:

Parameter	Average Monthly (mg/l)	Maximum Daily (mg/l)	Instantaneous Maximum (mg/l)

Application No. PA 0088927, Keating Farm, 1620 Beans Cove Road, Clearville, PA 15535.

John W. Keating submitted an application for an individual NPDES permit for an existing and expanding concentrated animal feeding operation (CAFO) known as Keating Farm, located on Beans Cove Road in South Hampton Township, **Bedford County**. The CAFO is situated near Lost Run, which is classified as High Quality—Cold Water Fishes (HQ-CWF). The CAFO is designed to maintain an animal population of 525 animal equivalent units (AEUs) consisting of 3,100 finishing pigs and 15 beef steers.

New facilities are proposed as part of this application. Manure generated at the existing barn is collected and stored underneath the confined structure and has a capacity of 444,579 gallons. Manure generated at the new barn is collected and stored underneath the confined structure and has a capacity of 575,100 gallons. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations including the Final CAFO Strategy, the Department has made a tentative determination to issue an individual NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the draft permit.

The permit application and proposed draft permit are on file at the Southcentral Regional Office of the Department. Individuals may make an appointment to review the files by calling the File Review Coordinator at (717) 705-4732.

The Environmental Protection Agency (EPA) permit review waiver provision under 40 CFR 123.24(e) does not apply to this individual NPDES permit.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based. A public meeting/hearing may be held if the Department considers the public response or interest significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

WATER QUALITY MANAGEMENT PERMITS
CONTROLLED INDUSTRIAL WASTE AND SEWAGE WASTEWATER
APPLICATIONS UNDER THE CLEAN STREAMS LAW
PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department). The applications are listed in two categories. Section I lists all municipal and industrial permits.

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted before the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should

include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

This proposed facility is located in Washington Township, **Erie County**.

Description of Proposed Action/Activity: This project is for a Single Residence Sewage Treatment Plant.

WQM Permit No. PAG048754, Sewerage, **Charles J. and Anne Elizabeth Weiss "Parcel B,"** 3817 Wood Street, Erie, PA 16509.

This proposed facility is located in Washington Township, **Erie County**.

Description of Proposed Action/Activity: This project is for a Single Residence Sewage Treatment Plant.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted before the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate DEP Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

**PUBLIC WATER SUPPLY (PWS)
PERMIT
APPLICATIONS**

Under the Pennsylvania Safe Drinking Water Act, the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on the permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Comment responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment

period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southeast Region: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

Public comments must be submitted within 60 days of this notice and may recommend revisions to and approval or denial of the application.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (DEP) has developed an "integrated" plan approval, State Oper-

ating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that DEP has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

26-00537A: Amerikohl Mining, Inc. (202 Sunset Drive, Butler, PA 16001) for construction of a Portable Crusher at Knopsider Mine in Saltlick Township, **Fayette County**.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428; Contact: Thomas McGinley, New Source Review Chief, (610) 832-6242.

09-00008: Tavo Packaging, Inc. (2 Canal Road, Fairless Road, PA 19030) for installation of Flexographic Printing Press No. 309 with eight printing units in Falls Township, **Bucks County**. This facility is a synthetic-minor facility. The installation of this source will result in an increase of 4.0 tons of VOCs per year. The Plan Approval will contain record keeping requirements to keep the facility operating within the allowable emissions and all applicable air quality requirements.

46-0209: PPL Hatfield (Elroy Road, Hatfield, PA 19040) for installation of two 45 MW natural gas fired

simple cycle combustion turbines in Hatfield Township, **Montgomery County**. This installation will result in the emissions of 24 tons per year of nitrogen oxides, 40 tons per year of carbon monoxide, 5.8 tons per year of sulfur oxides, 13.9 tons per year of particulate matter and 7.5 tons per year of volatile organic compounds. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Contact: James Parette, New Source Review Chief, (570) 826-2531.

39-399-050: Apollo Metals, Ltd. (1001 Fourteenth Avenue, Bethlehem, PA 18018) for construction and operation of a copper electroplating line, evaporator recovery system and associated air cleaning device in Bethlehem, **Lehigh County**. This installation will result in a particulate emission rate of 0.8 ton per year based on the Best Available Technology allowable particulate emission standard of 0.02 grain/DSCFT. The Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements. The facility currently has a Title V Operating Permit No. 39-00003. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V Operating Permit through an administrative amendment at a later date.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Contact: Ronald Davis, New Source Review Chief, (717) 705-4702.

67-05064A: York Building Products Co., Inc. (P. O. Box 1708, York, PA 17504) for the modification of a batch asphalt plant in Spring Garden Township, **York County**. This is a non-Title V facility. The plan approval will include emission restrictions, work practice standards, monitoring, recordkeeping and reporting requirements designed to keep the source operating within all applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: David Aldenderfer, Program Manager, (570) 327-3637.

19-304-008C: Benton Foundry, Inc. (R. R. 2, Box 110, Benton, PA 17814-9550) for construction of two phenolic urethane cold box core-making machines, the air contaminant emissions from which shall be controlled by an existing packed bed scrubber in Sugarloaf Township, **Columbia County**.

The information provided by the applicant, as well as the Department's own analysis, indicates that the subject core machines may potentially emit up to 5.03 tons of volatile organic compounds and 1.00 ton of hazardous air pollutants per 12 consecutive month period. These core machines will also emit negligible amounts of particulate matter.

A preliminary review of the information submitted by the applicant indicates that the proposed facility will meet all applicable air quality requirements including the "best available technology" requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to approve the application and issue a plan approval to construct. If the plan approval is issued and if the core machines are subsequently found to be in compliance with all applicable regulatory requirements and plan approval conditions, the plan approval will be

incorporated into Operating Permit 19-304-008B via administrative amendment in accordance with 25 Pa. Code § 127.450.

In order to ensure compliance with all applicable standards, the Department proposes to place the following requirements in the respective plan approval.

- The total combined emission of volatile organic compounds from the two new core machines shall never exceed 5.03 tons in any 12 consecutive month period.

- The total combined emission of volatile organic compounds from the core making operation, which includes five existing core machines in addition to the two new core machines, shall never exceed 5.03 tons in any 12 consecutive month period.

- The two new core machines shall not process more than a combined total of 10,000 tons of sand in any 12 consecutive month period.

- The core making operation, which includes five existing core machines in addition to the two new core machines, shall not use more than a combined total of 10,000 tons of sand in any 12 consecutive month period.

- The total combined emission of any single hazardous air pollutant from the two new core machines shall never exceed 0.5 ton in any 12 consecutive month period and the total combined emission of all hazardous air pollutants from the two new core machines shall never exceed 1.0 ton in any 12 consecutive month period.

- The total combined emission of any single hazardous air pollutant from the core making operation, which includes five existing core machines in addition to the two new core machines, shall never exceed 0.5 ton in any 12 consecutive month period and the total combined emission of all hazardous air pollutants from the core making operation shall never exceed 1.0 ton in any 12 consecutive month period.

- The scrubber shall be equipped with instrumentation to continuously monitor the differential pressure across the scrubber, the pH of the scrubbing solution and the pressure of the scrubber's recirculation system.

- The pH of the scrubbing solution shall never exceed 5.0.

- The flow rate of the scrubber's recirculation system shall be equal to or greater than 120 gallons per minute any time the scrubber is operating. Compliance with this condition shall be verified by ensuring that the pressure of the scrubber's recirculation system is equal to or greater than 25 psi.

- The new core machines are not to be operated at any time without the simultaneous operation of the associated scrubber.

- The company shall maintain comprehensive accurate records and generate a monthly report of air contaminant emissions in order to demonstrate compliance with all applicable emission limitations. Additionally, the company shall also maintain a weekly record of the scrubber's scrubbing solution's pH. All records and reports required by this condition shall be retained on site for at least 5 years from the date of generation and shall be made available to Department personnel upon request.

19-302-031: Dillon Floral Corp. (P. O. Box 180, Bloomsburg, PA 17815-0180) for modification of two existing boilers in Bloomsburg, **Columbia County**. The modification will consist of firing reprocessed oil in both boilers.

The information provided by the applicant indicates that the modification of the boilers will have the potential to increase hazardous air pollutant emissions by an insignificant amount (fraction of a ton). A preliminary review of the information submitted by the applicant indicates that the boilers will meet all applicable air quality requirements. Based on this finding, the Department proposes to approve the application and issue a plan approval for the modification. If compliance with all applicable regulatory requirements and plan approval conditions is demonstrated following the modification, the Department intends to issue an operating permit which would authorize the use of reprocessed oil in the boilers on a permanent basis.

In order to ensure compliance with all applicable standards, the Department proposes to place the following requirements in the respective plan approval:

1. The reprocessed oil fired in either boiler shall not contain contaminants in excess of the limitations specified:

<i>Contaminant</i>	<i>Limitation</i>
Arsenic	5 ppmw
Cadmium	2 ppmw
Chromium	10 ppmw
Lead	100 ppmw
Total Halides	1,000 ppmw
PCBs	2 ppmw
Ash	0.6% by weight

Additionally, the heat content of the reprocessed oil shall not be less than 140,000 BTU per gallon.

2. The sulfur contents of the fuels burned in either boiler shall comply with the following limitations:

<i>Fuel Oil</i>	<i>12-consecutive month average sulfur limit</i>	<i>Maximum Sulfur Limit</i>
No. 4	1.5% by weight	2.8% by weight
No. 6	N/A	2.8% by weight
Reprocessed	2.0% by weight	2.8% by weight

3. The company shall not accept for use in either boiler any shipment of reprocessed oil for which the arsenic, cadmium, chromium, lead, total halides, PCB and BTU content are unknown or which fails to meet any of the limitations specified in the plan approval, or for which the sulfur content is unknown or which fails to meet the maximum limitations specified in the plan approval.

4. The following analytical techniques and methods, or equivalent techniques and methods as the Department may choose to substitute, shall be used by the Department in determining compliance with the limitations specified in the plan approval:

<i>Contaminant/Property</i>	<i>Analytical Technique/Method</i>
Arsenic	atomic absorption
Cadmium	atomic absorption
Chromium	atomic absorption
Lead	atomic absorption
Total Halogens	ASTM D-808
PCBs	H ₂ SO ₄ extraction/GC with electron capture
Sulfur	ASTM D-93

All ASTM methods previously referenced should be understood to be the most recent revision to the respective methods.

The company, or its vendors, may use whatever analytical techniques and methods it wishes to perform the previous analyses, but if the techniques and methods other than those previously specified are used and if the results generated by the use of these alternative techniques and methods differ from the results generated by the techniques and methods previously specified, the Department will be under no obligation to consider the results generated by the use of these alternative techniques and methods as a demonstration of compliance with the limitations specified in the plan approval.

5. Under no circumstances shall any waste oil generated onsite be fired in either boiler.

6. The nitrogen oxide emissions from this facility shall never exceed 99 tons per 12 consecutive month period. Additionally, the sulfur oxide emissions from this facility shall never exceed 99 tons per 12 consecutive month period.

7. The company shall perform the necessary calculations and maintain records in order to demonstrate compliance with the requirements of the plan approval.

Intent to Issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

06-05073: Dyer Quarry Inc. (Rock Hollow Road, Birdsboro, PA 19508) for operation of a limestone quarry in Robeson Township, **Berks County**. This quarry is a non-Title V facility. The facility has the potential to emit 97 tons of PM-10 per year. Sources are controlled by wet suppression. The operating permit will contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

22-03046: Haines & Kibblehouse Inc. (P. O. Box 196, Skippack, PA 19474-0196) for the operation of a limestone quarry in Lower Swatara Township, **Dauphin County**. This quarry is a non-Title V facility. The facility has the potential to emit about 30 tons of PM-10 per year. Sources are controlled by wet suppression. The operating permit will contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

36-03055: Martin Limestone Inc. (P. O. Box 550, Blue Ball, PA 17506-0550) for operation of a limestone quarry in Salisbury Township, **Lancaster County**. This quarry is a non-Title V facility. The facility has the potential to emit 10 tons of PM-10 per year. Sources are controlled by wet suppression and fabric collectors. The operating permit will contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

36-03095: Martin Limestone Inc. (P. O. Box 550, Blue Ball, PA 17506-0550) for operation of a limestone quarry in Caernarvon Township, **Lancaster County**. This quarry is a non-Title V facility. The facility has the potential to emit 30 tons of PM-10 per year. Sources are controlled by fabric collectors. The operating permit will contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

36-03105: Binkley & Ober Inc. (P. O. Box 7, E. Petersburg, PA 17520) for operation of a limestone quarry in East Hempfield Township, **Lancaster County**. This quarry is a non-Title V facility. The facility has the potential to emit 72 tons of PM-10 per year. Sources are controlled by wet suppression and fabric collectors. The operating permit will contain additional record keeping

and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

36-03106: Eastern Industries Inc. (4401 Camp Meeting Road, Center Valley, PA 18034-9454) for operation of a limestone quarry in West Cocalico Township, **Lancaster County**. This quarry is a non-Title V facility. The facility has the potential to emit 46 tons of PM-10 per year. Sources are controlled by wet suppression. The operating permit will contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

67-03098: Workinger-Semmel Funeral Home, Inc. (849 East Market Street, York, PA 17403) for operation of its human crematory in York City, **York County**. The crematory has the potential to emit 3 tons of NOx per year. The operating permit will include monitoring and record keeping requirements, emission restrictions and work practice standards designed to keep the source operating within all applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: David Aldenderfer, Program Manager; (570) 327-3637.

41-327-003: PMF Industries, Inc. (2601 Reach Road, Williamsport, PA 17701) for operation of a batch vapor degreaser in the City of Williamsport, **Lycoming County**. The trichloroethylene emissions from the degreaser are controlled by a refrigerated freeboard chiller and by the implementation of work practice standards.

The Department of Environmental Protection (Department) has determined that the respective air contamination source was constructed and is operating, in conformance with all applicable requirements contained in 25 Pa. Code Article III of the Rules and Regulations of the Department as well as with all conditions contained in Plan Approval 41-327-003. The Department consequently intends to issue an operating permit for this source.

The Department intends to place conditions in the operating permit to be issued which are intended to assure continued compliance with all applicable regulatory requirements and all relevant conditions established in the respective plan approval as well as require appropriate monitoring and recordkeeping. The following is a summary of the most important conditions:

1. The amount of trichloroethylene used in this degreaser shall not exceed 9.99 tons in any 12 consecutive month period.

2. No degreasing solvent other than trichloroethylene shall be used in the subject degreaser without prior approval from the Department.

3. The degreaser shall incorporate a freeboard ratio of at least 1.15 and a manually operated cover in addition to the refrigerated freeboard chiller.

4. The company shall not operate, or permit the operation of, the subject degreaser without the simultaneous operation of the refrigerated freeboard chiller.

5. The temperature of the chilled air blanket created by the refrigerated freeboard chiller, as measured at the coldest point on a vertical axis through the center of the degreaser, shall not exceed 57°F at any time the sump heater is on, except during the chiller defrost cycle.

6. The degreaser cover shall be maintained in its closed position during the idling mode and during the downtime mode unless either the solvent has been removed or

maintenance or monitoring is being performed that requires that the cover not be in place.

7. The degreaser shall be equipped with interlocks designed to stop heat to the degreaser if the vapor level raises above the height of the primary condenser, if the solvent level lowers to the sump heater coils, if a low flow condition exists in the cooling water supply, or if a high temperature condition exists in the cooling water supply.

8. Total facility-wide hazardous air pollutant emissions, including those from the degreaser approved herein, shall be less than 10 tons per 12 consecutive month period for any single hazardous air pollutant and 25 tons per 12 consecutive month period for all hazardous air pollutants combined.

9. The source shall comply with all applicable requirements specified in Subpart T of the National Emission Standards for Hazardous Air Pollutants, 40 CFR 63.460-63.469, as well as 25 Pa. Code § 129.63.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745; Contact: William Charlton, New Source Review Chief, (412) 442-4174.

04-00034Q: Engineered Polymer Solutions (372 Cleveland Avenue, Rochester, PA 15074) for operation of a Storage Tank at Valspar Coatings in Rochester Township, **Beaver County**.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104; Contact: Roger Fey, Chief, (215) 823-7584.

96-038: V and S Philadelphia Galvanizing, LLC (2520 East Hagert Street, Philadelphia, PA 19125) for coating (hot dip galvanizing) materials in the City of Philadelphia, **Philadelphia County**. The facility's significant air emission sources include two zinc galvanizing kettles, a 450,000 BTU/hr no. 2 oil-fired kettle burner, five pickle tanks, a strip tank, a caustic tank, two flux tanks and yard lot/vehicle traffic. All emissions are fugitive.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated before each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the previous, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the previously-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

**FEDERAL WATER POLLUTION CONTROL ACT,
SECTION 401**

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E17-361. Mosquito Creek Sportsman Association, P. O. Box 218, Frenchville, PA 16836. Mosquito Creek Acid Abatement Project, in Girard Township, **Clearfield County**, ACOE Baltimore District (The Knobs, PA Quadrangle N: 18.7 inches; W: 8.3 inches).

To construct, operate and maintain a concrete dam, intake structure and outfall structure in an unnamed tributary to Mosquito Creek (High Quality-Cold Water Fishery) for the operation and maintenance of an acid precipitation abatement facility. The dam shall be constructed of cast in-place concrete with a maximum height of 3-feet, crest width of 6-feet and crest length of 15-feet. The concrete dam, intake structure and outfall shall be constructed during stream low flow and in dry work conditions through the use of dams and pumping or fluming stream flow around work areas. The project will temporarily impact 500-square feet of wetland while permanently impacting a maximum of 50-feet of waterway. The project is located along the southern right-of-way of SR 2004 at a point where the unnamed tributary to Mosquito Creek crosses beneath the Ardell Road. This permit also authorizes the construction, operation, maintenance and removal of temporary crossings, diversions and cofferdams needed to construct the acid precipitation abatement facility. Upon completion of the construction activities, all temporary structures shall be removed with disturbed areas restored to original contours and elevations. All wetland impacts shall be temporary; wetland replacement will not be required, provided however, clay dikes and trench plugs are properly used and all disturbed wetlands are restored.

E18-323. Western Clinton County Municipal Authority, P. O. Box 363, Renovo, PA 17764-0363. Small Projects Water Obstruction and Encroachment Joint Permit Application, in Renovo Borough, **Clinton County**, ACOE Susquehanna River Basin District (Renovo East, PA Quadrangle N: 14.5 inches; W: 13.5 inches).

To construct and maintain a 45' diameter secondary wastewater clarifier tank and a 32'x34' sludge dewatering building, all of which is located on Erie Street in Renovo Borough. This project proposes to have a minimal impact on the Susquehanna River, which is, designated a Warm Water Fishery and does not propose to impact any jurisdictional wetlands.

E18-324. Kevin R. Bowes, 1351 West Winter Road, Loganton, PA 17747. 71" by 48" arch pipe, in Logan Township, **Clinton County**, ACOE Baltimore District (Loganton, PA Quadrangle N: 0.95 inch; W: 15.0 inches).

To construct and maintain a 71-inch by 48-inch by 20-foot long galvanized arch culvert in Greenburr Gap stream on the south side of West Winter Road approximately 700 feet west of the center of Greenburr in Logan Township, Clinton County. The project will impact approximately 30 feet of waterway. Greenburr Gap is a High Quality-Cold Water fisheries stream.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E32-433. Green Township Supervisors, 4129 Route 240 Highway, Commodore, PA 15749. Green Township, **Indiana County**, ACOE Pittsburgh District.

To remove the existing structure and to construct and maintain a bridge (with scour protection), having a clear span of 10.97 m and an underclearance of 2 m on T-678 (Leroy Street) across Dixon Run (CWF). The project is located approximately 90 feet east of S.R. 0403 (Clymer, PA Quadrangle N: 16.6 inches; W: 0.97 inch).

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E20-508. Dean and Stephanie Felmlee, P. O. Box 477, Cranberry, PA 16319. Plaza Lanes Bowling Alley Within Floodway of French Creek, in Vernon Township, **Crawford County**, ACOE Pittsburgh District (Geneva, PA Quadrangle N: 21.8 inches; W: 5.1 inches).

To construct and maintain a building measuring 142 feet wide by 137 feet long and adjoining paved parking area and landscaping within the mapped FEMA floodway of French Creek for Plaza Lanes bowling alley along the south side of S.R. 6/19/322 approximately 1 mile east of I-79. This structure replaces the former building which burned down and was removed at the same location.

E27-065. Forest County, Forest County Courthouse, Elm Street, Tionesta, PA 16353. T-353 Red Bridge Road Across West Hickory Creek, in Harmony Township, **Forest County**, ACOE Pittsburgh District (West Hickory, PA Quadrangle N: 15.5 inches; W: 12.2 inches).

To remove the existing structure and to construct and maintain a prestressed concrete I-beam bridge having a clear span of 83.5 feet and an underclearance of 7.7 feet on a 60 degree skew across West Hickory Creek (HQ-CWF) on T-353 (Red Bridge Road) approximately 1.4 miles west of S.R. 4002.

E42-283. Hamlin Township, P. O. Box 235, 62 South School Street, Hazel Hurst, PA 16733-0235. T-523 Kasson Road Across Bloomster Hollow, in Hamlin Township, **McKean County**, ACOE Pittsburgh District (Cyclone, PA Quadrangle N: 0.05 inch; W: 3.65 inches).

To remove the existing culvert and to install and maintain a 40-foot long, 112-inch wide by 75-inch high corrugated metal pipe arch culvert in a tributary to Marvin Creek (Bloomster Hollow) on T-523 (Kasson Road) approximately 200 feet west of S.R. 6.

E62-381. United Refining Company, 15 Bradley Street, Warren, PA 16365. Fire Water Pump Bank Protection and Stormwater Outfall Along Allegheny River, in City of Warren, **Warren County**, ACOE Pittsburgh District (Warren, PA Quadrangle N: 15.1 inches; W: 1.25 inches).

To remove the collapsed structure and to construct and maintain a 30-inch diameter stormwater outfall and 9-foot high by 24-foot long gabion basket endwall and bank protection along the right (north) bank of the Allegheny River adjacent to United Refining Company's existing Seneca Fire Water Pumps approximately 0.9 mile upstream of the confluence of Conewango Creek.

EA08-004NC. U. S. Fish and Wildlife Service, 315 S. Allen St., Suite 322, State College, PA 16801-4850. Bentley Creek restoration Project, WWF, Ridgebury Township, **Bradford County**, ACOE Baltimore District

The project begins approximately 1,000 feet upstream of SR 4013 bridge and continues downstream 5.1 miles to the confluence of the Chemung River in Ashland New York. This assessment covers the Pennsylvania portion of the project (19,495 feet) in Ridgebury Township, Bradford County (Bentley Creek N: 13.94; W: 12.44). The purpose of the project is to conduct stream restoration activities that will address bank erosion, grade control and sediment transport. The project will reconstruct the channel and floodplain to proper bankfull elevations by grading embankments and placing control structures in the channel. The entire project will disturb 4 acres.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT— NPDES AND WQM PART II PERMITS INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval. The actions are listed in two categories. Section I lists all municipal and industrial permits and Section II lists oil and gas related permits.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

APPROVALS TO USE NPDES AND/OR OTHER GENERAL PERMITS

The following parties have submitted: (1) Notices of Intent (NOIs) for Coverage under (1) General NPDES Permits to Discharge Wastewater into the Waters of the Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations. Monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; (3) General NPDES Permit Authorizing the Discharge of Stormwater Associated with Construction Activities to Waters of the Commonwealth; (4) Notification for First Use Application of Sewage Sludge.

The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. The Department of Environmental Protection approves the following coverage under the specific General Permit.

The EPA Region III Administrator has waived the right to review or object to this permit action under the waiver provision 40 CFR 123.23(d).

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

PUBLIC WATER SUPPLY PERMITS

The Department of Environmental Protection (Department) has taken the following actions on applications received under the Safe Drinking Water Act for the construction, substantial modification or operation of a public water system.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days from the date of issue of the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

HAZARDOUS SITES CLEAN-UP

Under the Act of October 18, 1988

Notice of Prompt Interim Response

Marvec Manufacturing Site, Upland Borough, Delaware County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305) has initiated a prompt interim response at the Marvec Manufacturing Site. This response has been initiated under sections 501(a) and 505(b) of the HSCA (35 P. S. §§ 6020.501(a) and 6020-505(b)). The site is located at 115 Sixth Street, Upland Borough, Delaware County, PA.

The site consists of a large industrial building that was abandoned in 2000. The site has been under investigation by the Department since it was discovered to be abandoned in February of 2001 on a routine inspection by the Department's Waste Management Division. Based upon the findings of the investigation the Department determined that a large number of drums containing hazardous materials had been abandoned in the basement of the site. The Department has also determined that process vats still contain liquids that contain hazardous materials.

As part of the investigation activities at the site, sampling of the main process vats were collected and analyzed for metals. The analysis revealed that the vats contained highly caustic bases and toxic metals. The Department also determined that approximately 40 drums containing corrosive sludge and 60 drums containing waste quenching oils were abandoned in the basement of the facility.

On June 25, 2001, a site visit was conducted with a consulting firm to assess the condition of the site and the drums. At that time the Department determined that the drums containing corrosive caustic sludge were beginning to show signs of corrosion. The security of the building was questionable with many windows broken and unlocked during the site visit.

The Prompt Interim Response Action consists of stabilization and sampling followed by off-site transportation and disposal of hazardous materials in drums and lab pack containers at the site as well as proper reuse, recycling, or disposal of empty drums and containers off-site. The action also consists of pump and cleanout of the process vats. The Department chose to conduct a prompt interim response at the site because of the condition of the drums and the nature of materials stored in the basement. Conditions at the site created a reasonable basis to believe that prompt action was required to protect public health and safety under 25 Pa. Code § 3.21(b).

The Department determined that a prompt interim response under the authority of sections 501(a) and 505(b) of HSCA was the most environmentally sound and protective alternative for the site. The Department considered taking no action at the site and determined that taking no action would not have addressed or resolved the threat to public health and the environment associated with the site.

The administrative record (AR) which contains the information that forms the basis for and documents the selection of this response action, is available for public review and comment Monday through Friday from 8 a.m. to 5 p.m. at the Department's Southeast Regional Office located at Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428. A second copy of the AR is available for public inspection at the Upland Borough Hall located at 224 Castle Avenue, Upland, PA, from 9 a.m. to 9 p.m. Monday through Thursday and from 9 a.m. to 5 p.m. Friday and Saturday.

Written comments concerning the Department's response and the information contained in the AR will be accepted in person, if delivered, or by mail, if postmarked on or before November 30, 2001. Written comments should be directed to the attention of Mark Conaron, PA DEP Project Officer, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6192.

In addition, the public will have the opportunity to present oral comments at a public hearing. The public hearing has been scheduled for September 19, 2001, at 7 p.m. at Upland Borough Hall, 224 Castle Avenue, Upland, PA. There will be a public information session at 5 p.m. until 7 p.m. at the Borough Hall to answer questions.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Lynda Rebarchak, DEP Community Relations Coordinator at (610) 832-6019 or the Pennsylvania AT&T Relay Service at (800) 654-5984 to discuss how the Department may accommodate their needs.

The Department is providing this notice under sections 505(b) and 506(b) of the HSCA. The date of publication of this notice in the *Pennsylvania Bulletin* initiates the minimum 90-day comment period on the administrative record, as provided under the Act.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southwest Region: Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department certifies that the construction and operation herein described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 P. S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Water Obstruction and Encroachment Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

SPECIAL NOTICES

Notice of Planning Grant Awards under Section 901 of the Municipal Waste Planning Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection (DEP) hereby announces the following grants to counties under section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P. S. § 4000.901)

and section 208 of the Waste Tire Recycling Act/Small Business and Household Pollution Prevention Act (Act 190 of 1996).

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans as required by Act 101, for carrying out related studies, surveys, investigations, inquiries, research and analysis, including those related to siting, environmental mediation, education programs on pollution prevention and household hazardous waste and providing technical assistance to small businesses for pollution prevention. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101 and the availability of monies in the Recycling Fund.

Inquiries regarding the grant offerings should be directed to Sally Lohman, Chief, Waste Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

Availability of Technical Guidance

Technical guidance documents are on DEP's website (www.dep.state.pa.us) at the public participation center. The "July 2001 Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its nonregulatory documents, as necessary, throughout 2001.

Ordering Paper Copies of DEP Technical Guidance

DEP encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Check with the appro-

appropriate bureau for more information about the availability of a particular document as a publication.

Changes To Technical Guidance Documents

Following is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

DEPARTMENT OF HEALTH

Availability of Title V Funds to Support Presentations about Building Inclusive Communities for Individuals with Special Health Care Needs

The Bureau of Family Health is accepting applications to apply for reimbursement to support a presentation or a training or workshop about building inclusive communities for children and adults special health care needs.

The reimbursement is designed to provide fiscal year 2001 funding (period ending June 30, 2002) for training healthcare and related service providers, family members, advocates, and the like. Reimbursement of up to \$3,000 per year is available to cover Department of Health (Department) approved costs used to support professional speakers and related training materials for a conference-

based session, training or workshop. For example, this training or workshop could cover topics like encouraging self-determination and individual choices, fostering diversity and cultural competence, promoting the right to privacy and control and creating a community that values all of its members, including children and adults with special health care needs. Reimbursement is based on meeting the application requirements, the availability of fiscal year 2001 funds (period ending June 30, 2002) and Department approval.

Application guidelines and requests for additional information are available by contacting Andrew Bulla in the Bureau of Family Health, Division of Systems Development and Outreach, at (717) 772-2762 or abulla@state.pa.us. Persons with a disability desiring an application in alternative formats (that is, larger print, audio tape or Braille) should also contact Andrew Bulla at (717) 772-2762, V/TT: (717) 783-6514 or the Pennsylvania AT&T Relay Services at (800) 654-5584 [TT].

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68), in connection with the termination of the insured's automobile policy. The hearings will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). The administrative hearings will be held in the Insurance Department's regional offices in Philadelphia, PA. Failure by the appellants to appear at the scheduled hearing may result in dismissal with prejudice.

The following hearings will be held in the Philadelphia Regional Office, Room 1701 State Office Building, 1400 Spring Garden Street, Philadelphia, PA 19130.

Appeal of Ferdinand Panebianco; file no. 01-267-03024; Allstate Insurance Company; doc. no. PH01-08-018; October 29, 2001, at 1 p.m.

Appeal of Robert and Evlynne I. Harmon; file no. 01-267-02544; AAA Mid-Atlantic Insurance Company; doc. no. PH01-08-015; October 30, 2001, at 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party

intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator, at (717) 787-4298.

S. § 1171.8) in connection with the termination of the insured's residential or personal property policy. The administrative hearing will be held in the Insurance Department regional offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102.

Appeal of Erie Insurance Exchange; file no. 01-181-04753; Robert D. and Virginia Matlock; doc. no. P01-08-014; September 20, 2001, at 1:30 p.m.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files and other necessary evidence. The insured must bring all documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The hearing will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) and the regulations set forth at 31 Pa. Code § 59.7(e) (relating to appeal procedures). Under 31 Pa. Code § 59.7(e)(5), procedural matters will be in conformance with 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) unless specific exemption is given.

After the hearing, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the previously-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY AND DEPARTMENT OF ENVIRONMENTAL PROTECTION

Drinking Water State Revolving Fund Projects; Public Hearing on Federal FY 2002 and 2003 Project Priority List and FY 2002 Intended Use Plan

The Pennsylvania Infrastructure Investment Authority (PENNVEST) and the Department of Environmental Protection (Department) have prepared a combined Federal Fiscal Years (FY) 2002 and 2003 drinking water program Project Priority List (PPL) and the fiscal year 2002 Intended Use Plan (IUP) which includes a list of drinking water projects to be considered for a design and engineering or construction loan from funds Pennsylvania expects to receive from FY 2002 funds approved by Congress to capitalize the Drinking Water State Revolving Fund (DWSRF) program.

The FY 2002/2003 DWSRF PPL was developed in conformance with the requirements of the Safe Drinking Water Act Amendments of 1996 (act) and Federal guidance. The Act stipulates that States must maintain a PPL of drinking water projects from which to develop the annual IUP list of projects to be funded.

The projects to be considered for a loan from the DWSRF must meet the Federal requirements for funding in accordance with Section 1452 of the Federal Safe Drinking Water Act (Act). Accordingly, the projects included in the IUP are expected to meet the requirements applicable to use of the DWSRF loan funds. Projects listed in the FY 2002 IUP are on the Commonwealth's FY 2002/2003 PPL and are expected to proceed with design and engineering or to construction in the near future.

Other projects on the DWSRF PPL are projects that are in development or will be developed for future loan consideration. Any project removed from an IUP is maintained on the PPL unless otherwise completed.

The exact amount of the 2002 DWSRF Capitalization Grant has not been determined at this time; however, it is expected to be approximately \$800-\$850 million Nationally. PENNVEST will apply for the maximum amount allotted to the state. We expect this amount to be approximately \$27.4 million of Federal FY 2002 funds from the Environmental Protection Agency (EPA), to be supplemented with \$5.5 million of State matching funds. The Commonwealth intends to also use \$4.3 million of recycled DWSRF funds. Additionally, PENNVEST and the Department reserve the right to transfer up to one-third of the DWSRF grant amount between the Clean Water State Revolving Fund and the DWSRF. The FY 2002 IUP has 15 drinking water projects listed with a total dollar value of approximately \$28.6 million. The final list of projects will be based upon all information available at the time of the Commonwealth's grant application in November 2001.

Some \$8.5 million of available FY 2002 Federal funds will be set aside for program administration costs, technical assistance to small systems, operator training and certification and source water assessment and protection, as authorized under section 1452 of the act. The IUP also includes a narrative workplan further describing how these set-aside funds will be used.

A public hearing will be held, as described below. After the public hearing and assessment of the comments received, the final FY 2002 IUP will be completed, and potentially, it may include other projects from the PPL. A project must appear on the PENNVEST approved IUP before it can receive a loan from the DWSRF. A project's readiness to proceed and the reasonable availability of alternative funds also have a bearing on project selection for the IUP. Consequently, the rank ordered list of projects on the PPL does not dictate the order in which projects will be chosen for inclusion in the IUP.

Federal guidance on development of the PPL, IUP and set-aside workplan requires that they be subject to public review and comment before being submitted to the EPA.

The Department has scheduled a public hearing for 10 a.m., October 17, 2001, in the Auditorium of the Rachel Carson State Office Building, located at 400 Market Street, Harrisburg, PA. The hearing is scheduled for the purpose of receiving comments from the public regarding the FY 2002/2003 PPL and the FY 2002 IUP. Interested persons are invited to express their views on the narrative portion of the IUP, the set-aside workplan, or the priority rating or ranking of projects on the IUP and the PPL at the public hearing. Persons wishing to offer comments should contact the Administrative Services Section, Division of Municipal Financial Assistance, Bureau of Water Supply and Wastewater Management, 10th Floor, Rachel Carson State Office Building, P. O. Box 8466, Harrisburg, PA 17105-8466, (717) 787-6744, or by Internet e-mail (AMaisano@state.pa.us) by 4 p.m., October 16, 2001. Where written statements are prepared and will be submitted at the hearing, speakers will be asked to restrict the oral portion of the statement to a summary of the written comments. Speakers will be called to present their comments generally in the order of receipt of the notice of intent to appear at the hearing.

It is not necessary to appear at the public hearing to present comments on the narrative portion of the IUP, the

set-aside workplan or the PPL or IUP list of projects. Interested persons may submit written comments to the Department at the address shown above. Such written comments will be considered equivalent to oral statements presented at the hearing. To be considered by the Department and PENNVEST, the written comments must be received by the Administrative Services Section on or before the date of the hearing.

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Mr. Maisano at the address noted above or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

The FY 2002/2003 DWSRF PPL and FY 2002 DWSRF IUP list of projects follow this notice. Copies of these lists, as well as the narrative portion of the IUP and set-aside workplan, are available for public review in the offices listed at the end of this notice, and are accessible electronically through the Department's web-site, as follows: http://www.dep.state.pa.us/dep/deputate/watermgt/WSM/WSM_TAO/Finan_Tech_Asst.htm

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.

Effective October 1, 2001, the Department of General Services website, www.dgs.state.pa.us (under "Bidding Opportunities"), will be the official site for public notice of Commonwealth executive and independent agency contracting opportunities for supplies, services and construction over \$10,000. All public notices of invitations for bids and requests for proposals for those procurements which are under the policy control of the Department of General Services shall be published electronically at the Department of General Services website. Until September 30, 2001, these notices will appear in both the *Pennsylvania Bulletin* and the Department of General Services website. After September 30, 2001, Commonwealth executive and independent agencies will be given the option of including notices of contracting opportunities in the *Pennsylvania Bulletin*. Therefore, as of October 1, 2001, the *Pennsylvania Bulletin* will not include all Commonwealth agency contracting opportunities.
