READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

§ 237.3. Relief from Judgment of Non Pros or by Default.

* * * * *

Official Note: A defendant who seeks to file a pleading other than an answer is not entitled to the benefit of this rule but must comply with the requirements of *Schultz v. Erie Insurance Exchange*, supra. See Rules 206.1 through 206.7 governing petition practice.

Explanatory Comment—1994

Rule 237.3. Relief from Judgment of Non Pros or by Default

Rule 237.3 governs relief from a judgment by default or of non pros. Subdivision (a) requires that a verified copy of the complaint or answer sought to be filed be attached to the petition for relief from the judgment. This enables the court to determine from the actual [pleading] complaint or answer to be filed whether it alleges a meritorious cause of action or defense.

Subdivision (b) eases the burden of a party against whom judgment has been entered and who moves promptly for relief from that judgment. If the petitioner files a petition for relief from the judgment within ten days after entry of the judgment on the docket, the rule requires the court to open the judgment if the proposed [pleading] complaint or answer states a meritorious cause of action or defense. The rule provides a date certain from which to measure the ten-day period and the language establishing the beginning of that period is derived from Rule 1308 governing appeals in compulsory arbitration.

Case law has imposed three requirements for opening a judgment by default: a petition timely filed, a reasonable explanation or legitimate excuse for the inactivity or delay and a showing of a meritorious defense. Rule of Civil Procedure 3051 similarly states these three requisites for opening a judgment of non pros, substituting the showing of a meritorious cause of action rather than a meritorious defense. Rule 237.3(b) presumes that a petition filed within the required ten-day period is both

timely and with reasonable explanation or legitimate excuse for the inactivity or delay. In this context, subdivision (b) requires that the judgment be opened if the petitioner attaches to the petition a verified complaint or answer which states a meritorious cause of action or defense. A note to the rule cautions that the rule is not intended to change the law relating to the opening of judgments in any way or to impose a new standard of timeliness in cases outside the limited circumstances set forth in the rule. Illustrations

[The] In illustrations 1 through 3, the defendant has failed to plead within the required time to a complaint containing a notice to plead.

1. Prior to receiving a notice of intention to enter a default judgment, defendant seeks an agreement with the plaintiff for an extension of time in which to plead. The parties may certainly agree to an extension of time and proceed in accordance with their agreement. However, such an agreement is really unnecessary since the plaintiff cannot enter judgment without giving the ten-day notice required by the rule and the ten-day notice cannot be waived. Defendant may plead within the time up to receiving the notice plus ten days. This period of time may be more than might be provided by any agreement. In addition, there is no danger of a judgment being entered as the required notice has not been given.

2. Defendant has received the ten-day notice but cannot file the pleading within the ten-day period. Now, as provided by Rule 237.2, it is appropriate to seek an agreement to extend the time in which to plead since the plaintiff has given the notice which is prerequisite to the entry of judgment and actual entry of the judgment is imminent.

3. Defendant has received the ten-day notice and obtained an agreement extending the time to plead. However, defendant does not plead within the agreed time. Plaintiff may enter judgment by default without further notice as provided by Rule 237.2 and the form of agreement set forth in Rule 237.6.

In illustrations 4 through 6, the plaintiff has entered a valid judgment by default against the defendant and the prothonotary has entered the judgment in the docket and noted the date thereof. Thereafter, the defendant files a petition to open the judgment.

4. [Plaintiff has entered a valid judgment by default against the defendant. The prothonotary has entered the judgment in the docket and noted the date thereof. Within ten days of that date, the defendant files a petition to open the judgment. The petitioner need demonstrate to the court only that the filing of the petition was within the ten-day period specified by Rule 237.3(b) and that the verified pleading attached to the petition states a meritorious cause of action or defense. In such case, Rule 237.3(b) requires the court to open the judgment.]

The defendant files the petition to open the judgment within ten days of the date on which the prothonotary entered the judgment on the docket and seeks leave to file the answer attached to the petition. The defendant is entitled to the benefit of Rule 237.3(b) by timely filing the petition and attaching an answer. Rule 237.3(b) requires the

court to open the judgment upon the defendant demonstrating to the court that the filing of the petition was within the ten-day period and that the answer attached to the petition states a meritorious defense.

5. [Again, plaintiff has entered a valid judgment by default against the defendant. Also, the prothonotary has entered the judgment on the docket, noting the date of the docket entry. However, plaintiff does not file a petition to open the judgment until more than ten days after that date. The petition to open is not within the scope of Rule 237.3(b) and the petitioner needs to demonstrate to the court, as required by case law, not only that the verified pleading attached to the petition states a meritorious defense but also that the filing of the petition was timely and that there was a reasonable explanation or legitimate excuse for the delay or inactivity.]

The defendant files the petition to open the judgment within ten days of the date on which the prothonotary enters the judgment on the docket and seeks leave to file the preliminary objections attached to the petition. The defendant is not entitled to the benefit of Rule 237.3(b) because, although the petition is timely filed, the rule does not provide for preliminary objections to be attached to the petition. A defendant who wishes to file preliminary objections upon the opening of a judgment must proceed pursuant to case law and meet the standards set forth in *Schultz v. Erie Insurance Exchange*, 505 Pa. 90, 477 A.2d 471 (1984), cited in the note to the rule.

6. The defendant files a petition to open the judgment more than ten days after the date of entry of the judgment on the docket. The petition to open is not within the scope of Rule 237.3(b) which requires that the petition be "filed within ten days after the entry of the judgment on the docket". The defendant must proceed pursuant to case law and meet the standards of *Schultz v. Erie Insurance Exchange*, 505 Pa. 90, 477 A.2d 471 (1984).

Although these illustrations use the example of the entry of a judgment by default and a petition to open the judgment, they are adaptable and thus equally applicable to the entry of a judgment of non pros for failure to file a complaint and a petition to open such a judgment.

Explanatory Comment—2001

The amendment to the Note clarifies the procedure when a defendant, upon the opening of a default judgment, intends to file preliminary objections, a pleading not encompassed by this rule. Contrary to the holding of the Commonwealth Court in *Peters Township Sanitary Auth. v. American Home and Land Dev. Co.*, 696 A.2d 899 (Cmwlth Ct. 1997), preliminary objections are not an appropriate attachment to a petition to open a default judgment under Rule 237.3.

Clarifying amendments have been made to the 1994 Explanatory Comment.

**Promulgation of New Rule of Civil Procedure 207.1
Governing Motion to Exclude Expert Testimony
Which Relies Upon Novel Scientific Evidence;
No. 351 Civil Procedural Rules Doc. No. 5**

Order

Per Curiam:

And Now, this 22nd day of January, 2001, new Pennsylvania Rule of Civil Procedure 207.1 is promulgated to read as attached hereto.

This order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective July 1, 2001.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

**Rule 207.1. Motion to Exclude Expert Testimony
Which Relies Upon Novel Scientific Evidence**

(a) If a party moves the court to exclude expert testimony which relies upon novel scientific evidence, on the basis that it is inadmissible under Pa.R.E. 702 or 703,

(1) the motion shall contain:

(i) the name and credentials of the expert witness whose testimony is sought to be excluded,

(ii) a summary of the expected testimony of the expert witness, specifying with particularity that portion of the testimony of the witness which the moving party seeks to exclude,

(iii) the basis, set forth with specificity, for excluding the evidence, (iv) the evidence upon which the moving party relies, and

(v) copies of all relevant curriculum vitae and expert reports;

(2) any other party need not respond to the motion unless ordered by the court;

(3) the court shall initially review the motion to determine if, in the interest of justice, the matter should be addressed prior to trial. The court, without further proceedings, may determine that any issue of admissibility of expert testimony be deferred until trial; and

(4) the court shall require that a response be filed if it determines that the matter should be addressed prior to trial.

Official Note: This rule establishes procedures for motions to exclude expert testimony which relies upon novel scientific evidence. The rule does not address the requirements for the admission of expert testimony under Pa.R.E. 702 and 703, which are governed by case law. It also does not address motions under those rules on other grounds.

The court has discretion in the manner in which it determines the motion. While depositions of expert witnesses and evidentiary hearings are available to the court for this purpose, they should be utilized in limited circumstances. See the limitations set forth in Rule 4003.5 governing discovery of expert testimony.

In deciding whether to address prior to trial the admissibility of the testimony of an expert witness, the following factors are among those which the court should consider: the dispositive nature or significance of the issue to the case, the complexity of the issue involved in

the testimony of the expert witness, the degree of novelty of the proposed evidence, the complexity of the case, the anticipated length of trial, the potential for delay of trial, and the feasibility of the court evaluating the expert witness' testimony when offered at trial.

When a ruling on a pre-trial motion to exclude the testimony of an expert witness is deferred until trial, the trial judge may choose to decide the motion (1) before the expert witness testifies on the basis of evidence offered outside the presence of the jury or (2) after the expert witness testifies on the basis of testimony offered at trial, in which event the trial judge will strike the testimony of the expert witness if it is found to be inadmissible under Pa.R.E. 702 or 703. However, hearings on preliminary matters must be conducted outside the presence of the jury "when the interests of justice require." See Pa.R.E. 104.

(b) A party is not required to raise the issue of the admissibility of testimony of an expert witness prior to trial unless the court orders the party to do so.

Explanatory Comment

The purpose of new Rule 207.1 is to provide the procedure for pre-trial motions concerning the admissibility of expert testimony which relies upon novel scientific evidence.

**Rescission of Rule of Civil Procedure 1503 Govern-
ing Venue in Actions in Equity and Promulga-
tion of New Rule 1503; No. 350 Civil Procedural
Rules Doc. No. 5**

Order

Per Curiam:

And Now, this 19th day of January, 2001, Pennsylvania Rule of Civil Procedure 1503 is rescinded and new Rule 1503 is promulgated to read as attached hereto.

This order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective July 1, 2001.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1500. ACTION IN EQUITY

Subchapter A. RULES

Rule 1503. Venue

An action may be brought in any county in which a civil action may be brought or, if the subject matter of the action is property, in the county in which the property is located.

Official Note: See Rule 1006 governing venue in a civil action.

Explanatory Comment

Rule 1503 governing venue in an action in equity has been rescinded and new Rule 1503 has been promulgated. The new rule provides for an action in equity to be

brought in any county in which a civil action may be brought or, if property is involved, in the county in which the property is located.

By its simplicity, the new rule contains several changes from the former rule:

First, former Rule 1503(a)(1) required the action to be brought in a county in which the defendant or a principal defendant may be served. The new rule broadens this provision to include all counties of venue under Rule 1006, including the cause of action county and the transaction or occurrence county. Also, the reference to a "principal defendant" has been deleted. If venue is based upon the presence of a defendant in the forum county, the presence of any defendant is sufficient to create venue as to all defendants. The doctrine of forum non conveniens is available for venue which may be inappropriate.

Second, former Rule 1503(a) contained a clause relating to the effect of a judgment or decree as personally binding. This language has been deleted as it did not pertain to venue and, in addition, stated an outmoded principle of law.

Third, former Rule 1503(b) and (c) relating to venue in actions by or against the Commonwealth, its agencies, instrumentalities and officers have not been retained. Venue in actions against the Commonwealth in the courts of common pleas is governed by Rule 2103(a) which provides for an action to be brought in "any county permitted by a rule of the Supreme Court."

Finally, former Rule 1503(d) relating to the administration of a trust or the removal of a trustee has not been carried over to the new rule because as stated it was not a matter of venue but, rather, one of jurisdiction. Further, matters relating to trusts are within the jurisdiction of the orphans' court division of the court of common pleas, which is governed by its own rules of procedure. However, should such matters come within the scope of these rules, no special procedures are required as new Rule 1503 will suffice.

Rule 1915.1(a)1 Scope.

This rule shall be applicable to all actions for custody, partial custody and visitation whether filed as an independent cause of action or as a count in a related proceeding.

i. All individuals with standing to pursue an action for custody, partial custody or visitation with children from birth to age 17 shall complete the custody education program for adults [**(“Lighthouse”)**].

ii. All children ages 6 to [**17**] **15** who are in the care of a party[**(ies)**] or **parties** shall participate in an interactive group program for children [**(“Sandcastles”)**].

iii. Parties also shall participate [**fully**] in the mediation **orientation** program [**(“Generations”)**] **operated by Family Division**]. Additionally, step-parents, step-children, grandparents and [**the like**] **others closely involved with the custody of the children** may also participate in [**Lighthouse or Sandcastles**] **the education programs**, upon consent of all parties.

Rule 1915.1(b) Definitions.

i. “Generations” means **the education programs for adults and children**, the [**orientation**] mediation **orientation** program **operated [established]** by the Allegheny County Family Division pursuant to 23 Pa.C.S. § 3901-3904. [**This**] **The “Generations Center”** is located at Suite 400, 4th Floor, Allegheny Building, Pittsburgh, Pennsylvania, 15219, telephone (412) 350-4311, **and [which]** serves as the Family Division Administrative Office for the Generations Program.

ii. [**“Lighthouse”**] **“Generations education”** means the custody education program for adults pursuing claims for custody **and the interactive education program for children ages 6 to 15.**

iii. [**“Sandcastles”**] means **the interactive educational program for children 6 to 17, run in conjunction with the Lighthouses program for adults.** [**“Generations Mediation Orientation”**] means **the custody mediation program for adult pursuing claims for custody.**

[**iv. “Family Services”**] means **the organization which provides the educational components for Lighthouse and Sandcastles and is located at 921 Penn Avenue Plaza, 4th Floor, Pittsburgh, PA 15222, telephone (412) 261-3623 extension 48 or 32, which serves as the administrative office for Lighthouse and Sandcastles.**]

Rule 1915.3(c) Commencement of Action.[/] Complaint/Waiver.[/] Fees.[/] Refunds.

i. Prior to the filing of any divorce complaint containing a count for custody or any complaint for custody, shared custody, partial **custody** or visitation, or any other court papers seeking to initiate or **reinstate** any proceeding to compel, modify, terminate or otherwise affect[,] contact between children and parties, the moving party shall deliver the original of the court paper initiating the custody action to the Generations Center. The Center

shall immediately provide the moving party with an order of court (“Scheduling Order”) setting forth the dates and times when the adults and children shall attend [**Lighthouses, Sandcastles**] **the education programs and [Generations]** Meditation[/] Orientation [**(the “Programs”)**], a Domestic Violence Waiver form, and program descriptions. The Scheduling Order shall also specify the location for the adult and children’s educational programs[, **Lighthouse and Sandcastles**]. The mediation **orientation [program, Generations,]** shall always take place in the “Center”. This Scheduling Order is then attached to the original complaint or petition for filing.

ii. **Any custody matter in which there has been no activity, as reflected by the docket, for 120 days shall be deemed a new action for purposes of this rule.**

iii. **Parties to an action to modify or enforce a final order of court for custody, partial custody or visitation, as well as parties to an action deemed to be new, must complete the Generations program, if they not already done so, before they will be permitted to praecipe for any proceeding before the court .**

iv. **Notwithstanding the parties previous completion of the Generations program, all parties to actions referenced in iii. of this local rule shall be required to participate in another mediation orientation, as provided by these rules, before they will be permitted to praecipe for any proceeding before the court.**

[**ii.**] v. ***

[**iii.**] vi. ***

[**iv.**] **vii.** No party shall be compelled to attend any portion of these Programs with the opposing party, or to [**attend Generations at all**] **participate in the mediation orientation**, in cases where either party, or a child of either party, is or has been the subject of domestic violence or child abuse **allegedly perpetrated by the opposing party** at any time within the past 24 months. In such cases, appropriate arrangements for separate sessions for [**Lighthouses or Sandcastles**] **the education programs** should be made **with the Center.** [**These arrangements must be made by calling Family Services.**] The Center shall **also** be notified personally or by mail through the use of a [**supplied**] **domestic violence** waiver form that the victim of abuse elects not to attend the mediation orientation session. The opposing party shall have the opportunity to contest cancellation of **the mediation orientation** through Motions Court. If mediation does not occur, the case will be set down promptly for a custody/partial custody conciliation before a Domestic Relations Officer.

[**v.**] **viii.** All other requests to waive attendance at any portion of the Programs will require an order of court which may be sought through Motions Court.[, **but which**] **Waivers** will be granted only in exigent circumstances. The moving party shall be responsible for filing any order entered in response to such request, and for service upon the [**appropriate Programs**] **the Generations Center** and the opposing party.

[**vi.**] **ix.** All moving parties who are required to participate in the [**Lighthouse, Sandcastles or Gen-**

erations] education and mediation orientation [Program] shall pay all fees required for those Programs.

[*] (b) Procedure for Preliminary Objections and Motions for Judgment on the Pleadings or Summary Judgment

[**1. Preliminary Objections**] (1) Preliminary Objections shall be scheduled on the next available Friday Support Exception Argument List occurring more than 13 days after the Preliminary Objections are filed with the Prothonotary and the [**Hearing Officer's secretary in Room 616, City-County Building**] Exceptions Clerk. Objector shall serve notice on all parties of the time and place of argument. No preliminary objections shall be accepted for filing by the [**Hearing Officer's secretary**] Exceptions Clerk unless accompanied by a brief. Failure to file a brief with the Preliminary Objections shall be cause for dismissal of the Preliminary Objections. If Respondent files a brief it shall be filed with the [**Hearing Officer's Secretary**] Exceptions Clerk at least seven days prior to argument. **Except as provided by Local Rule 1910.7, [The]** the scheduling of Preliminary Objections shall stay all proceedings.

Note: Local Rule 1910.7 relates to support proceedings. Divorce and custody proceedings are stayed upon scheduling of preliminary objections.

[*] (c) Scheduling Conciliations: Matters that are tried by a judge will not be listed for trial until they have been conciliated by a judge.

The following matters may be scheduled for a conciliation by filing a praecipe with the **Docket Clerk [docket clerk in Room 611 of the City-County Building]**: conciliation on § 3301(d) divorce claims; custody claims with order of court attached, see Pa.R.C.P. 1915(a) and (c); partition and equity claims and equitable distribution and alimony claims (provided that both parties have filed an inventory, appraisal, income and expense statement and that either (a) the parties are divorced, (b) both parties have filed an affidavit under [**Section**] § 3301(c) of the Divorce Code or (c) both parties agree that they have lived separate and apart for at least two years and that the marriage is irretrievably broken). [**Form 1930*C1 is to accompany the praecipe for equitable distribution conciliation. In all cases where a party requests a conciliation on a claim for custody the party or counsel must sign a certification that a genuine issue involving physical custody for more than 50 percent of the time is involved. (Form 1930*C2) All parties involved in custody proceedings are directed by the court to view a film on custody prior to the first scheduled conference or hearing**].

Note: A detailed description of the procedures, as well as the necessary forms, can be found in the Family Division Court Manual, see (g) of this Rule.

For other matters, a party may present a petition to the motions judge which contains the factual background, the relief sought, and a request for conciliation.

[*] (d) Continuances . **Rescinded.**

[**Effective April 29, 1991, in accordance with the Prothonotary Fee Bill, no Order of Court continuing a conference hearing in the Adult Section of the Family Division, at the request of an attorney or party, will be accepted by the Prothonotary for docketing and filing without payment of the required \$15 fee.**]

[**1. Continuances of Conciliation, Arguments or Hearings before a Judge, Hearing Officer or Domestic Relations Officer.**]

[**No conciliation, argument or hearing before a judge, hearing officer or domestic relations officer will be continued without an order of court. Notice of presentation of the request must be given to the opposing party, including an opposing party who is not represented by counsel in conformity with Local Rule 1930*(a).**]

[**A scheduled DRO conference or hearing before a Hearing Officer may be "continued generally" by order of court or a stipulation signed by both parties or their counsel (Court Manual, Form 14). Any matter which is continued generally will not be relisted without a court order signed by the motions judge.**]

[**A copy of any court order or stipulation continuing a Family Division matter must be immediately given to the Family Division Docket Clerk in Room 611, City-County Building to prevent dismissal of the scheduled action.**]

[**Whenever a new date is obtained through a court order, counsel for the party obtaining the court order is responsible for notifying all parties of the time and date of the rescheduled conference or hearing. In a RURESA case, the County Solicitor's Office must be given notice at Fort Pitt Commons, 3rd Floor, 445 Fort Pitt Blvd., Pittsburgh, PA 15219.**]

[**A party unrepresented by counsel may obtain a continuance of a DRO conference and hearing before a Hearing Officer in the manner outlined above.**]

[**In addition, an unrepresented party seeking to continue or reschedule a DRO conference or hearing before a Hearing Officer may report to Room 603 of the City-County Building to meet with a screening DRO. The unrepresented party shall present information explaining why the conference or hearing should be continued. IN the event that the screening DRO determines that a continuance is necessary, the DRO will obtain a court order continuing and /or rescheduling the conference or hearing. ONLY NON-WELFARE CASES CAN BE CONTINUED AS EXPLAINED ABOVE. Any request by an unrepresented party must be made at least five days prior to the date set for the hearing so that the other side may receive sufficient notice of the continuance.**]

Note: Procedure of obtaining a continuance in Family Division matters is set forth in detail in the Family Division Court Manual.

[*] (e) ***

[*] (f) [Use of] Case Numbers [in the Adult Section of the Family Division]. Suffixes.

(1) All pleadings filed with the Adult Section of the Family Division shall be filed under the originally assigned case number for the involved family. After an original case number has been assigned to all pleadings, regardless of the caption or nature of the case, **all pleadings** shall be filed under the originally assigned number. The caption shall reflect the appropriate party initiating each original action as the plaintiff [, **regardless of the previous filings each caption shall remain the same during the pendency of each action**].

(2) If counsel or a party believes that there may be a previously assigned case number, but the number is not known, the information may be obtained from the Prothonotary's Office [**in the City-County Building**].

(3) **In addition to the docket number assigned to all matters involving the family, the Prothonotary shall assign a three digit suffix designating the judge to whom the case is assigned. All pleadings must include the suffix as well as the docket number.**

(4) **All motions, exceptions, conciliations, hearings and other matters shall be listed only before the judge to whom the case is assigned, absent a compelling emergency or the long term unavailability of the designated judge.**

(5) **Cases in which the initial pleading was filed before May 1, 1997, may be amended to add the suffix of the judge most familiar with the case.**

(6) **In the event that a defendant in a support matter has more than one case, the captions of all of the cases shall be amended to assign them to the judge assigned to the case filed first in time. If there is not judge assigned to the case filed first in time, the cases will be assigned to the next judge in the rotation for assigning suffixes.**

[*] (g) Family Division Court Manual

Except as otherwise provided by the Pennsylvania Rules of Civil Procedures (Pa.R.C.P.) or by [**general**] local rule adopted by the Court of Common Pleas of Allegheny County (**Local Rules**), practice in the Adult Section of the Family Division shall be governed by the Court Manual for the Adult Section of Family Division of the Court of Common Pleas of Allegheny County. Current copies of the Court Manual shall be available at the office of the Administrator, Adult Section of Family Division.

Local Rule 1930.1 Electronic Filing in Family Division Matters

(a) **Except as otherwise provided by subsection (b) of this rule, parties may file legal papers, including original process, with the Prothonotary by means of electronic filing in any Family Division matter or proceeding brought in this court. In general, any legal paper which can be filed in hard copy directly with the Prothonotary, and without first processing through Family Division, may be filed electronically.**

Note: A "legal paper" as used in this rule means a pleading or other paper filed in any Family Division action.

(b) **The following legal papers, must be filed in accordance with established procedure for filing**

hard copy documents and may not be filed with the Prothonotary by means of electronic filing:

(1) **Legal papers relating to Protection From Abuse matters which must be processed with the PFA Office in Family Division before they can be filed.**

(2) **Legal papers relating to custody, partial custody or visitation matters which must be processed through the Generations Office before they can be filed.**

(3) **Legal papers relating to spousal or child support which must be processed through Family Division before they can be filed.**

(4) **Legal papers relating to divorce which contain or address counts or counterclaims for support, alimony pendente lite, alimony or custody, partial custody and visitation, which must be processed through the offices to which reference is made in (1), (2) or (3) of this subsection.**

Note: Divorce pleadings which do not include or address any of the counts enumerated above may be filed electronically, including but not limited to, § 3301(c) or § 3301(d) affidavits of consent, § 3301(c) or § 3301(d) counter-affidavits, waiver of notice of intention to request entry of a decree, notice of intention to request a divorce decree, and praecipe to transmit the record.

(5) **Any and all legal papers which must be presented to a Family Division judge in motions before filing with the Prothonotary.**

(c) **The filing party shall maintain the original hard copy of any legal paper that is electronically filed.**

(d) **The Prothonotary shall provide electronic access at all times. The time and date of the filing and receipt shall be that registered by the Prothonotary's computer system.**

(e) **The web site address of the Prothonotary is as follows: Prothonotary.County.Allegheny.PA.US.**

(f) **Access to the web site shall be available to an attorney by use of the attorney's Supreme Court identification number issued by the Court Administrator of Pennsylvania. Access is also available to any user by the user selecting any numbers or letters that the user wishes to use as an identification number.**

(g) **The Prothonotary shall maintain an electronic and a hard copy file for the legal papers described in the first sentence of section (a).**

(h) **Procedures for payment of the fees and costs of the Prothonotary shall be set forth on the Prothonotary's web site.**

(i) **The Prothonotary shall provide a filing status message to the filing party setting forth the date of and time of acceptance of the filing or the fact that the filing has not been accepted. A legal paper is not considered filed if the Prothonotary responds to the filing by notifying the filing party that the filing party has not (I) maintained sufficient funds to pay the fees and costs described in subsection (h), or (ii) authorized payment by credit or debit card of these fees and costs.**

Note: A filing party accepts the risk that a document filed by means of electronic filing may not be

properly or timely filed with the Prothonotary. See Pa.R.C.P. 205.4(e)(2). One of the risks is that the Prothonotary—either correctly or incorrectly—determines that the filing party has not met its obligation for payment of the necessary fees and costs.

(j) This rule shall be rescinded on December 31, 2001 unless Pa.R.C.P. 205.4(h) is modified or rescinded.

Note: Pa.R.C.P. 205.4(h) provides that this rule shall be rescinded on December 31, 2001.

Title 255—LOCAL COURT RULES

CARBON COUNTY

Amendment of Local Rules L1308 (1) Relating to Compensation and Appeal; No. 01-0180

Administrative Order No. 11-2001

And Now, this 22nd day of January, 2001, it is hereby Ordered, Adjudged, and Decreed effective thirty (30) days after publication in the *Pennsylvania Bulletin*, that the Carbon County Court of Common Pleas hereby Amends the Local Rule of Civil Procedure L1308(1) to apply arbitration hearings, which are initially scheduled on or after March 1, 2001, as follows:

(1) Each member of the board of arbitrators who has signed the award shall receive as compensation for services a fee of \$125.00 for all cases involving three (3) hours or less, plus \$25.00 for each hour over three (3) hours hearing time. (Awards in companion cases heard together count as one award for purposes of this Rule). In cases requiring hearings of unusual duration or involving questions of unusual complexity, the Court on petition of the members of the board and for cause shown, may allow additional compensation. In cases where an award is to be entered by the arbitrators pursuant to an agreement of settlement before the hearing, each member of the board shall receive as compensation \$75.00.

The Carbon County District Court Administrator is Ordered and Directed to do the following:

1. File seven (7) certified copies of this Administrative Order with the Administrative Office of Pennsylvania Courts.
2. File two (2) certified copies and one (1) diskette with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.
3. File one (1) certified copy with the Civil Procedural Rules Committee.
4. Forward one (1) copy for publication in the *Carbon County Law Journal*.
5. Forward one (1) copy to the Carbon County Law Library.

6. Keep continuously available for public inspection copies of the Order in the Prothonotary's Office.

Rule L1308. Compensation and Appeal.

(1) Each member of the board of arbitrators who has signed the award shall receive as compensation for services a fee of \$125.00 for all cases involving (3) hours or less, plus \$25.00 for each hour over three (3) hours hearing time. (Awards in companion cases heard together count as one award for purposes of this Rule). In cases requiring hearings of unusual duration or involving questions of unusual complexity, the Court on petition of the members of the board and for cause shown, may allow additional compensation. In cases where an award is to be entered by the arbitrators pursuant to an agreement of settlement before the hearing, each member of the board shall receive as compensation \$75.00.

(2) Appellant's counsel shall provide a copy of the Notice of Appeal from the Award of the Board of Arbitrators to the Court Calendar Officer. An appeal duly taken from the Award of the Board of Arbitrators shall be automatically placed on the next available Pre-Trial List by the Court Calendar Officer, upon receipt of the copy of the Notice of Appeal.

(3) Within ten (10) days of the filing of such appeal, a pre-trial memorandum shall be lodged by the Appellant, and Appellant shall deliver a copy to opposing counsel immediately thereafter. Within twenty (20) days after receipt of such copy of the pre-trial memorandum, opposing counsel shall lodge with the Prothonotary a pre-trial memorandum and deliver a copy to Appellant.

RULES AND REGULATIONS

Title 52—PUBLIC UTILITIES

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 64]

[L-00990140]

Cramming and Slamming

The Pennsylvania Public Utility Commission (Commission) on July 20, 2000, adopted a final rulemaking order standardizing local exchange company responses to customer contacts alleging cramming and slamming. The contact persons are Janice Ragonese, Bureau of Consumer Services (717) 772-4835 and Terrence Buda, Law Bureau (717) 787-5755.

Executive Summary

Over the last 2 years, hundreds of residential customers have filed informal telecommunications industry-related complaints with the Commission regarding certain practices identified as "cramming," which is adding an unauthorized charge to a customer's telephone bill, and "slamming," which is changing a customer's telecommunications service provider without authorization. As a result of this situation, on January 27, 1999 the Commission issued a Proposed Rulemaking Order at Docket No. L-00990140 and Final Interim Guidelines at Docket No. M-00981063 to standardize local exchange company responses to customer contacts alleging unauthorized billing charges and unauthorized changes in telecommunications service providers. The purpose of the regulation is to standardize local exchange company responses to customer contacts alleging these practices. By standardizing these responses, the procedures will reduce the need for customers to seek Commission intervention to resolve cramming and slamming complaints. Thus, by having the local exchange company place the responsibility for resolving the complaint on the interexchange carrier, information service provider, or billing clearinghouse, the party responsible for the problem will have to expend time and effort to resolve the matter, as opposed to the local exchange company and the Commission's Bureau of Consumer Services.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on May 19, 1999, the Commission submitted a copy of the notice of proposed rulemaking, published at 29 Pa.B. 2779 (May 29, 1999), to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing these final-form regulations, the Commission has considered all comments from IRRC, the Committees and the public.

Under section 5.1(d) of the Regulatory Review Act (71 P.S. § 745.5a(d)), on October 11, 2000, these final-form regulations were deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on October 19, 2000, and approved the final-form regulations.

Final Rulemaking Order

By the Commission:

At public meeting of January 14, 1999, the Pennsylvania Public Utility Commission (Commission) issued an order at this docket adopting and directing publication of proposed regulations to standardize local exchange company responses to customer contacts alleging unauthorized changes to the customer's telecommunications service provider and unauthorized charges added to the customer's bill. In addition, the Commission adopted the proposed regulations as Final Interim Guidelines at M-00981063 to be used by jurisdictional utilities, on a voluntary basis, to provide guidance until such time as final regulations are approved. The proposed regulations were published on May 29, 1999, at 29 Pa.B. 2779, and a 30-day comment period set. The proposed rulemaking was served on all jurisdictional telecommunications utilities, the Office of Trial Staff, the Office of Consumer Advocate, the Small Business Advocate, and all commentators to the Tentative Order at M-00981063. The 30-day comment period ended June 28, 1999.

We received written comments from Bell Atlantic-Pennsylvania, Inc. (BA-PA); the Office of Consumer Advocate (OCA); the Pennsylvania Telephone Association (PTA); Conectiv Communications, Inc. (Conectiv); the Office of Trial Staff (OTS), and the Independent Regulatory Review Commission (IRRC).

We have considered all these comments. We appreciate and thank the commentators for suggestions to improve the proposed regulations.

Cramming

1. General Comments

The PTA comments that the Commission's action is a step in the right direction toward elimination of this illegal and reprehensible conduct. PTA clarifies their previous comments emphasizing that "consistent with the concept of regulatory parity, the Final Regulations should be applicable to both ILECs and CLECs." PTA also emphasizes that the local exchange carrier (LEC) is not responsible for the ultimate actions taken by service providers, and believes, therefore, that the Commission should limit LEC responsibilities.

BA-PA applauds the Commission's efforts to protect consumers, supports the adoption of the proposed cramming regulations with one exception (see comment to subsection (a)(5)), and believes that they are appropriate and should be adopted. The OCA states that the regulations are a "step in the right direction" and commends the Commission for taking a proactive stance. OCA supports the guidelines but believes that the rules could be strengthened. The OCA also believes that the Commission should consider steps to prevent slamming and cramming.

Response to General Comments

We appreciate industry support for our rulemaking initiative. However, while we hope that the implementation of these regulations will have the effect of deterring

future cramming occurrences, the purpose of the proposed regulations is to standardize the LEC's response to the customer contact once the unauthorized charge appears on the bill. Consistent with the concept of regulatory parity, the proposed regulations would apply to all companies providing local exchange service.

2. Comments on Subsection (a)—Billing period

In its comments, IRRC requests an explanation as to why the cramming provisions do not reference specific billing periods like the slamming provisions. IRRC points out that subsection (a) sets forth the LEC's responsibilities when the customer alleges that cramming has occurred "on the bill rendered to the customer" while subsection (b) establishes the LEC's responsibilities in a specific time frame when a customer alleges "slamming has occurred on one or both of the past two bills." IRRC recommends that for consistency, the same reference to billing periods should be included in subsection (a).

Response to Comments on Subsection (a)

We understand IRRC's concern. Nevertheless, we disagree with their recommendation that, for consistency, the reference to billing periods that appears in subsection (b) should also be included in subsection (a). Given that slamming and cramming are different, we made a conscious decision not to reference a specific billing period in subsection (a). We did not want to limit the time frame in which a customer could bring a cramming allegation to the attention of the LEC. We believe that entities that engage in cramming appear to rely heavily on consumer confusion over telephone bills in order to mislead consumers into paying for services that were not authorized or received. Cramming is not as evident on bills as slamming and, therefore, can be more easily overlooked by a consumer. Because the cramming charge often appears as a single line item with a general label such as "monthly fee," it can be difficult to detect without careful review of every bill. By using language in our regulation that refers to a general time frame, stated as "on the bill rendered to the customer," we believe that we are providing additional protection to the consumer and, therefore, are not changing the wording in subsection (a).

3. Comments on Subsection (a)(2)—Removing Charges from LEC Bill and Recursing to Service Provider or Billing Agent

The OCA recommends in its comments that in addition to informing the customer that the charges will be removed and recurred, the LEC should also inform the customer that failure to pay crammed charges cannot result in termination of basic service. IRRC also comments that customers may not be aware that basic service cannot be terminated for failure to pay non-basic charges and recommends that we adopt OCA's recommendation.

Response to Comment on Subsection (a)(2)

Having reconsidered our position on this issue, we agree with IRRC and the OCA that we should improve the consumer protection provision of this rulemaking by adding the requirement that the LEC explicitly disclose, upon the initial cramming complaint, that the customer's local basic service cannot be terminated for failure to pay the crammed charges. We now believe that even though termination of basic local service in these instances is prohibited, consumers may be concerned that their local service can be disconnected for failure to pay these unauthorized charges. Therefore, we have changed the language in the regulation to require that LECs explicitly disclose this information.

4. Comments on Subsection (a)(5)—LEC Informing the Customer of the Right to Contact the Pennsylvania Office of Attorney General, the Federal Communications Commission, and the Federal Trade Commission

In its comments, IRRC points out that subsection (a)(5) requires the LEC, at the customer's request, to provide information on how to file a complaint with the Pennsylvania Office of Attorney General (OAG), the Federal Communications Commission (FCC), and the Federal Trade Commission (FTC). IRRC states that it is concerned that this information may be valuable to customers, but customers may not be aware they can ask for it. The OCA also submits in its comments that the requirement to provide complaint information to customers should not be limited to customers who specifically request it, emphasizing that it may be especially important for customers alleging cramming to have the information they need to protect themselves if further collection action is taken.

Conectiv suggests that this provision should specify that the carrier may provide information "orally or in writing" about pursuing a complaint with the OAG, FCC, or FTC.

BA-PA suggests in its comments that this rule should be clarified to "properly limit complaint disclosure information to that pertaining to the appropriate complaint forum, depending on the nature of the cramming charges complained about." BA-PA expresses concern that the language as written suggests that the customer receive information about how to file complaints with all three of the entities listed. BA-PA suggests that this rule be clarified by changing the language to read "the Pennsylvania Office of Attorney General, the Federal Communications Commission, or the Federal Trade Commission, as appropriate."

Response to Comments on Subsection (a)(5)

We agree with IRRC and OCA and, therefore, will amend this provision to require LECs to disclose to their customers information on filing a complaint with other agencies. We believe that consumers should be fully informed about their options. Finally, we do not believe that requiring LECs to disclose this information would be excessively burdensome.

We disagree with the Conectiv and BA-PA suggestions to change the language under subsection (a)(5). In response to Conectiv's suggestion that the language should specify that the contact information can be "oral or written," we believe that the language can be interpreted to allow oral or written information and it is not necessary to specifically state the form in which the information can be provided.

Furthermore, we shall not adopt BA-PA's recommendation to limit the complaint disclosure information. We do not want to burden the LEC with having to make judgment calls, and we believe that requiring the LEC to provide the customer with the information relevant to contacting all three agencies or only the agency for which the customer requests information is in the best interest of the customer. We disagree that the word "and" acts as an encouragement to file complaints with multiple agencies. It is the consumer's prerogative to file a complaint with any agency that the consumer wishes, and the agency will then redirect the consumer if there is a more appropriate forum for that complaint.

5. *Comments on Subsection (a)(6)—Record Maintenance to Monitor Adherence to Billing Contract*

Both the OTS and the PTA commented on this subsection relating to record maintenance. The OTS proposed language changes that it believes would facilitate the performance of duties and responsibilities delegated to the OTS to investigate and prosecute incidents of customer complaints of both cramming and slamming. The additional language proposed by the OTS would require the LEC to submit quarterly reports to OTS and BCS summarizing the records of all customer complaints of cramming. The PTA suggested that the reporting rules be similar to the FCC's. In its comments, the PTA said "periodic reporting of cramming and slamming complaints, like that presently proposed before the FCC, would provide the Commission with pertinent information upon which it could base an investigation or take appropriate penal action." The PTA also commented that it believes the 3-year record retention period is too lengthy and should be shortened.

Response to Comments on Subsection (a)(6)

As indicated earlier, the overall intent of this rule-making in regard to cramming is to provide a customer with a means to eliminate crammed charges by standardizing the LEC's response to a customer alleging cramming. However, as pointed out by OTS and the PTA, with a periodic reporting requirement, the Commission may have the opportunity to further investigate some of these entities and even to take action against them with periodic reporting. We believe that quarterly reports would provide pertinent information upon which we could base such action. Therefore, we have amended subsection (a)(6) to require quarterly reports to the Commission.

In response to the PTA's suggestion that the 3-year record retention period is too lengthy, we see no supporting evidence that this is the case. We reiterate our response to the first round of comments, settling on 3 years consistent with the statute of limitations provision at 66 Pa.C.S. § 3314.

Slamming

1. General Comments

Comments made by BA-PA indicate that their major concern is that the proposed regulations are inconsistent with the FCC rules on slamming. The PTA also comments that the Commission should reconsider finalizing the proposed rules until the FCC's slamming rules are final so that they are not inconsistent with the FCC's. On this point, PTA agrees with BA-PA. IRRRC, in its comments, questioned why it is necessary for the Commission to proceed with its own slamming rules prior to final implementation of the FCC rules. IRRRC noted that commentators have questioned the need for the Commission to put the proposed subsection (b) slamming rules in place "at a time when the FCC liability rules on slamming are pending." IRRRC referenced commentators' assertions that "if both sets of rules are in place at the same time and contain conflicting requirements, it will be virtually impossible for them to comply."

IRRC recommended that if the Commission does finalize these slamming regulations, it should ensure that the final-form regulation does not conflict with the FCC requirements and that any inconsistencies be eliminated "to avoid potential compliance problems and additional recordkeeping and paperwork requirements."

Conectiv supports the Commission's efforts, but cautioned that "any rules promulgated by the Commission be

consistent with any cramming and slamming rules which the FCC may adopt in response to the May 17, 1999 stay of the liability provisions of the FCC's slamming rules by the U.S. Court of Appeals for the District of Columbia Circuit." Conectiv adds that it supports the Commission's development of a process for responding to consumer complaints if no consistent liability scheme is implemented at the federal level.

The OCA points out that the Commission should expand the rules to encompass local service slamming. The OCA submits that "the PUC should use the authority pursuant to the Public Utility Code to take action against slammers." OCA comments that while they support the broad definition of slamming, Chapter 64 does not contain any specific reference to slamming and cramming.

As indicated above, BA-PA recommends that the Commission reconsider the adoption of its proposed slamming regulations or defer such adoption pending the FCC's implementation of comprehensive liability slamming rules. In presenting the basis for its position, BA-PA asserts that there are conflicts between the proposed state rules and the federal rules that would make it impossible for BA-PA and other Pennsylvania LECs and interexchange carriers (IXCs) to comply with both sets of rules. PTA agrees with this position that the Commission should re-evaluate its decision to move forward with this rulemaking so that carriers are not subjected to two differing sets of slamming regulations.

BA-PA explains that the FCC has both adopted and proposed comprehensive slamming rules to enforce the Telecommunications Act of 1996 prohibition of slamming. 47 U.S.C. § 258; *In Re Implementation of the Subscriber Carrier Selection Changes Provisions of the Telecommunications Act of 1996; Policies and Rules Concerning Unauthorized Changes of Consumers Long Distance Carriers*, Second Report and Order and Further Notice of Proposed Rulemaking, CC Docket No. 94-129 (Released Dec. 23, 1998). BA-PA maintains that the FCC's slamming liability rules conflict with proposed Section 64.23(b)(3), (4), and (5).

The liability rules were stayed by the United States Court of Appeals for the District of Columbia Circuit (D.C. Circuit). *MCI WorldCom, Inc. v. FCC*, No. 99-125 (D.C. Cir. May 18, 1999). However, the D.C. Circuit on June 27 granted the FCC's motion to dissolve the stay of the slamming rules. In its *First Order on Reconsideration* at CC Docket No. 94-129 (Released May 3, 2000), the FCC revised the liability rules so as to provide for slamming disputes to be brought before state commissions and modified the liability rules that apply when a customer has paid charges to a slamming carrier.

According to BA-PA's comments, the Commission's proposed regulations require LECs to remove alleged slammer IXC charges from a customer's bill and recourse them back to the IXC. In contrast, BA-PA believes that the FCC liability rules set forth different procedures to determine slamming liability along with refund and payment responsibility. As an example, BA-PA points out that the Commission's rules require BA-PA to remove and recourse up to 2 months of a customer's billed charges from an alleged slammer IXC. However, under the FCC's liability rules the customer is absolved of liability for unpaid charges imposed by the slammer IXC for services provided during the first 30 days after the unauthorized change.

BA-PA also alleges further inconsistencies involving the FCC regulations and, in summary, believes that we

should defer adopting our proposed rules pending the FCC's implementation of its slamming liability rules. If necessary, BA-PA suggests that the Commission can modify its regulations to be consistent with the rules finally implemented by the FCC.

Response to General Comments

We have been persuaded by BA-PA's comments that the proposed regulations as they apply to slamming are in need of some modification to forestall any potential conflicts with Federal requirements. However, we do not anticipate the need to generally postpone the adoption of final regulations as they apply to a LEC's response to slamming complaints.

Our position is grounded in the basic belief that these proposed regulations do not affect or even address liability for instances of slamming. Whereas the FCC's rules provide a comprehensive scheme for determining liability for unpaid charges and paid charges between the customer, authorized IXC and slammer IXC, the Commission's proposed regulations address merely the LEC's response to the slam and the charges that the LEC will be allowed to bill. In other words, these regulations do not determine liability or require the LEC to take any action with respect to disposition of the charges. Rather, the Commission's proposed regulations simply require the LEC to refrain from billing for charges on one or both of the past two bills. 52 Pa. Code § 64.23(b). Our regulations specifically contemplate that an IXC or billing agent may attempt to directly bill the customer. 52 Pa. Code § 64.23(b)(5).

Therefore, given our intention that the LEC will only remove charges from the LEC bill and not determine liability, it will be necessary to delete the reference in Section 64.23(b)(3) that requires the LEC to recourse the charges. This phrase "and [charges] returned to the IXC or its billing agent" implies that a disposition of the charges has been made by the LEC. Clearly, this is not our intention and we shall delete this language so that subparagraph (b)(3) limits the LEC's action to removing the charges from the bill. Although this issue was not raised with respect to cramming, we shall, for the same reasons, delete the reference to "recourse" in subsections (a)(2) and (a)(4).

In taking this action, we are mindful that a LEC may have had contractual responsibilities for the billing services it provides and that the FCC's rules propose to impose on carriers, including LECs, the responsibility to enforce the slamming liability rules. In order to comply with this regulation the LEC will not be able to bill for the second month in which slamming has occurred. Therefore, to the extent that the LEC's billing contract with the IXC would require that these charges be placed on the LEC bill, the contract would have to be modified to recognize the regulation. It is hoped that the residual effect of this modification will be to deter the unauthorized switch in the first instance. Finally, compliance with the regulation by the LEC would not prevent the executing carrier from implementing the FCC's rules by informing the subscriber of the 30-day absolute period or the subscriber's liability for any other charges. The proposed regulation will merely prohibit the LEC from billing for any unauthorized charges that pertain to the last two bills after the slam has occurred.

2. Comments on Subsection (b)—Time Period for Filing a Slamming Complaint

Conectiv comments that this section establishes a procedure for addressing a customer's allegation that "slam-

ming has occurred on one or both of the past two bills rendered to the customer," but should specify the carrier's responsibilities in the event that charges by an unauthorized carrier appeared on the customer's bill prior to the last two bills. In other words, Conectiv wants the proposed regulations to address situations where a customer might delay informing the local carrier that their service was slammed. Conectiv recommends that the Commission establish a time period after which the customer could not have the service switched back without charge. Conectiv presents a potential situation of a customer intentionally switching carriers, using the new carrier for 6 months and then informing the LEC that the service had been slammed thereby entitling the customer to a change back to the original carrier without charge because the slammed charges appeared on the last two bills. Conectiv recommends that the regulations specify clearly that a customer who acquiesces in the carrier change for more than 90 days would not receive the protections provided by the rules.

Response to Comments on Subsection (b)

Based on documentation from our Bureau of Consumer Services' (BCS) regarding IXC slamming complaints, we decline to adopt Conectiv's recommendation. The case documentation from those complaints filed by customers with BCS does not offer any evidence that customers make allegations of slamming to avoid a charge for switching carriers. Therefore, we do not believe it is necessary to specify a limit after which a customer complaining that his or her service was slammed would not be entitled to the protections set forth in the regulations.

3. Comments on Subsection (b)(2)—Account Safeguard

Both IRRC and the OCA comment about the LEC's role in providing customers with the optional safeguard to protect an account from being slammed again in the future. IRRC expresses concern that although subsection (b)(2) requires the LEC to put a safeguard on the customer's account at the customer's request, the customer may not request such a measure because he or she may not be aware that a safeguard is an option. IRRC recommends that the Commission amend subsection (b)(2) to require the LEC to inform the customer that a safeguard can be placed on the account.

The OCA, in its comments, states that it supports the Commission's clarifying change to make this provision state that the safeguard is to be placed on the account by the LEC "at the request of the customer." The OCA reiterates that this change helped to alleviate concerns about the potential anti-competitive use of such safeguards.

IRRC, in further comments on this provision, brings up a clarity issue. IRRC states that it is not clear what constitutes the customer's "express authorization" and recommends that, for improved clarity, we amend this subsection to specify what constitutes "express authorization."

Response to Comments on Subsection (b)(2)

We agree with IRRC that customers may not be aware that requesting a safeguard on their account is an option. We believe that we can rectify the problem without resurrecting concerns about possible anti-competitive use of such safeguards. This can be done by requiring that the LEC inform the customer about the option of having a safeguard put on the account. We believe that as long as the customer, not the LEC, makes the choice to safeguard

the account from future slamming, consumer interests will be served without impeding competition.

For clarity and continuity, we have accepted, in part, IIRC's recommendation regarding express authorization. We will use the term "express consent" rather than "express authorization" to reflect the terminology used in the FCC's regulations regarding slamming. We will also add a reference to the FCC's rules or procedures for lifting preferred carrier freezes. A preferred carrier freeze prevents a change in a customer's preferred carrier selection unless the customer gives the carrier from whom the freeze was requested his or her express consent. Once a freeze is placed on the account, no one, including the customer, will be able to make a change in carrier selection unless the customer lifts the preferred carrier freeze. Therefore, the express consent needed to make a change in the customer's preferred carrier selection would be the customer's written and signed authorization stating the customer's intent to lift a preferred carrier freeze; or the customer's oral authorization stating his or her intent to lift the freeze. The oral authorization must be done using a three-way conference call between the customer, the submitting carrier, and the carrier administering the freeze, whereby the carrier administering the freeze can confirm appropriate verification data.

4. Comments on Subsection (b)(3)—Informing Customer that Isolated Charge Will Be Removed and Returned to the IXC or Billing Agent

IIRC questioned the reasonableness of requiring the LEC to return the charges to the IXC or its billing agent. Conectiv also commented on this requirement. Conectiv recommended that this provision be changed to require the LEC simply to remove the charges from the LEC bill. Conectiv presented a two-pronged argument in support of this change. First, Conectiv contends that not all carriers' billing systems have the ability to return the usage to the IXC or its billing agent. Second, Conectiv states that "this information is one of the internal mechanics of billing between companies." IIRC recommended that we should require only that the LEC remove the charge from the customer's bill and that the LEC and the IXC can determine how these charges should be handled.

Response to Comments on Subsection (b)(3)

We agree with IIRC and Conectiv and have changed the language in this provision to omit the requirement to "return" charges to the IXC or its billing agent.

5. Comments on Subsection (b)(6)—Provide Customer with Right to Contact the PA OAG and FCC

This subsection substantially mirrors subsection (a)(5) in the cramming section and elicited the same comments. The OCA and IIRC both maintain that customers may be unaware that complaint disclosure information is available and therefore would not know to ask for it. IIRC comments that subsection (b)(6) should require LECs to inform customers that complaint information is available upon request. IIRC notes that subsection (b)(6) requires the LEC, at the customer's request, to provide information on how to file a complaint with the Pennsylvania OAG and the FCC. IIRC states that it is concerned that this information may be valuable to customers, but customers may not be aware they can ask for it. In the case of slamming, the OCA has an additional suggestion. The OCA recommends that slamming complainants should also be advised that they may file complaints with the Commission, as well as the FCC or the Attorney General's Bureau of Consumer Protection. The OCA presents, as a basis for this recommendation, that "most

telephone bills involve both intrastate and interstate toll charges, and in such cases, the PUC certainly has jurisdiction to act."

Response to Comments to Subsection (b)(6)

We agree with the recommendation made by IIRC and the OCA that customers should be informed that complaint information is available upon request. Therefore, we have added this requirement. As with subsection (a)(5), we believe that it would not be burdensome to require LECs to disclose to customers that information on filing their complaint with other agencies is available. We believe that fully informing consumers about their options realizes the consumer protections intended by this section.

In addition, we agree with the OCA that complainants should be advised that they may file complaints with the Public Utility Commission, as well as with the FCC or the Attorney General's Bureau of Consumer Protection. There is nothing more that the Commission would be able to do at the informal level for an individual customer beyond making sure that the LEC removed the charges from the local bill and returned the customer to the authorized provider. However, a person complaining of slamming should be informed of the right to file a formal complaint with the Commission. Therefore, we have changed this section accordingly to include advising complainants that they may file complaints with the Commission.

6. Comments on Subsection (b)(7)—Record Maintenance

Both the OTS and the PTA commented on this subsection relating to record maintenance. The OTS proposed language changes that it believes will facilitate the performance of duties and responsibilities delegated to the OTS to investigate and potentially prosecute incidents of customer complaints of slamming. The additional language proposed by the OTS would require the LEC to submit quarterly reports to OTS and BCS summarizing the records of all customer complaints of slamming. The PTA suggested that the reporting rules be similar to the FCC's.

In its comments, the PTA said "periodic reporting of cramming and slamming complaints, like that presently proposed before the FCC, would provide the Commission with pertinent information upon which it could base an investigation or take appropriate penal action." Finally, the PTA commented that it believes the 3-year record retention period is too lengthy and should be shortened.

Response to Comments on Subsection (b)(7)

The overall intent of this rulemaking in regard to slamming is to provide a customer with a means to eliminate slammed charges from the LEC bill and to return to the authorized carrier. We believe we have accomplished this by standardizing the LEC's response to a customer alleging slamming. However, as pointed out by OTS and the PTA, the Commission may have the opportunity, with periodic reporting, to further investigate IXC service providers and take action against them as appropriate. We believe that quarterly reports would provide this pertinent information upon which we could base such action. Therefore, we have amended subsection (a)(7) to require quarterly reports to the Commission.

In response to the PTA's suggestion that the 3-year period is too lengthy, we see no supporting evidence that this is the case. We reiterate our response to the first round of comments—3 years is consistent with the statute of limitations in the Public Utility Code.

Conclusion

We believe that the final-form regulations promulgated by this order are extremely important to consumers. The regulations provide standards for LECs responding to allegations of cramming and slamming, thereby requiring the LEC to address the customer's immediate problem and help the customer to safeguard his or her rights after cramming or slamming has occurred.

Interested parties have had an opportunity to provide public comment; first, on the Interim Guidelines at M-00981063, and then on the proposed regulations originally published May 29, 1999 at 29 Pa. B. 2779. We have carefully considered these comments and have also taken into consideration developments at the Federal level.

Finally, we have made additional changes to Annex A, but consider them to be purely editorial. In particular, we have reversed the order of cramming and slamming in the title.

Accordingly, under 66 Pa.C.S. §§ 501, 504—506, 1301, and 1501, and the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201—1208), and regulations promulgated thereunder at 1 Pa. Code §§ 7.1—7.4, the Commission hereby adopts final regulations to standardize local exchange company responses to customer contacts alleging unauthorized charges added to the customer's bill and unauthorized changes to the customer's telecommunications service provider, as noted and set forth in Annex A; *Therefore,*

It Is Ordered that:

1. The Commission's regulations, 52 Pa. Code Chapter 64, are amended by amending § 64.2 and by adding § 64.23 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

2. The Secretary shall submit this order and Annex A to the Office of Attorney General for approval as to legality.

3. The Secretary shall submit this order and Annex A to the Governor's Budget Office for review of the fiscal impact.

4. The Secretary shall submit this order and Annex A for formal review by the designated standing committees of both houses of the General Assembly, and for formal review and approval by the Independent Regulatory Review Commission.

5. The Secretary shall deposit the original certified order and Annex A with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

6. A copy of this order and Annex A shall be served upon all persons who submitted comments in this rule-making proceeding.

7. The regulations adopted with this order are effective upon publication in the *Pennsylvania Bulletin*.

JAMES J. MCNULTY,
Secretary

Annex A

TITLE 52. PUBLIC UTILITIES
PART I. PUBLIC UTILITY COMMISSION
Subpart C. FIXED SERVICE UTILITIES
CHAPTER 64. STANDARDS AND BILLING
PRACTICES FOR RESIDENTIAL TELEPHONE
SERVICE

Subchapter A. PRELIMINARY PROVISIONS**§ 64.2. Definitions.**

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Cramming—The submission or inclusion of unauthorized, misleading or deceptive charges for products or services on an end-user customer's local telephone bill.

* * * * *

Service provider—Facilities-based interexchange carrier, interexchange reseller or information service provider initiating the service or charges to end-user customers.

Slamming—The unauthorized changing of a customer's telecommunications provider, whether for local exchange service, intraLATA toll or interLATA toll.

* * * * *

Subchapter B. PAYMENT AND BILLING STANDARDS

§ 64.23 Standardizing LEC responses to customer contacts alleging unauthorized charges added to the customer's bill (cramming) and unauthorized changes to the customer's long distance carrier (slamming).

(a) *Cramming.* Upon contact from a customer alleging that cramming has occurred on the bill rendered to the customer by the LEC, the LEC shall do the following:

(1) Identify the charges, and clarify that the customer's complaint is that the customer did not authorize the charges or order or use of the services or products associated with the charges.

(2) Inform the customer that the charges will be removed from the LEC bill and that basic local service cannot be disconnected for failure to pay cramming charges.

(3) Inform the customer that the LEC will instruct the billing agent or service provider, or both, to take the steps necessary to prevent further billing of those charges or types of charges to the customer's account.

(4) Inform the customer that removal of the charges from the LEC bill does not guarantee that the service provider or its billing agent will not use other collection remedies, including direct billing of the removed charges or use of a collection agency.

(5) Provide notice of a customer's right to pursue a complaint. To customers who indicate a desire to receive complaint disclosure information, the LEC shall provide information about how to pursue the complaint against the service provider or billing agent by contacting the Bureau of Consumer Protection, (800) 441-2555, of the Pennsylvania Office of Attorney General, the Federal Communications Commission (FCC), and the Federal Trade Commission.

(6) Maintain for a minimum of 3 years records of all customer complaints of cramming in order to monitor adherence to the terms of the billing contract the LEC has with the service provider or billing agent, or both, relating to cancellation of the contract for excessive cramming complaints. Submit quarterly reports summarizing the records to the Commission's Office of Trial Staff and Bureau of Consumer Services in a format prescribed by those bureaus.

(b) *Slamming*. Upon contact from a customer alleging that slamming has occurred on one or both of the past two bills rendered to the customer by the LEC, regardless of dates of charges, the LEC shall do the following:

(1) Identify the name of the alleged unauthorized service provider, isolate the charge, and clarify that the customer's complaint is that the customer did not authorize the switch to that particular service provider.

(2) Offer to restore the customer's account, at no charge, to the service provider the customer had received service from prior to the unauthorized switch, and inform the customer of the option to request that a safeguard be placed on the customer's account to prevent the LEC from processing a service provider request for a switch without the LEC obtaining express consent from the customer, consistent with FCC rules or procedures for lifting preferred carrier freezes.

(3) Inform the customer that the isolated charges will be removed from the LEC bill.

(4) Inform the customer that the LEC will instruct the service provider or billing agent, or both, to take the steps necessary to prevent further billing to the customer's account.

(5) Inform the customer that removal of the charges from the LEC bill does not guarantee that the service provider or its billing agent will not use other collection remedies, including direct billing of the charges or use of a collection agency.

(6) Provide notice of a customer's right to pursue a complaint against the service provider or billing agent and, to customers who indicate a desire to receive complaint disclosure information, information about how to pursue a complaint against the service provider or billing agent, or both, by contacting the FCC, the Commission or the Bureau of Consumer Protection, (800) 441-2555, of the Office of Attorney General.

(7) Maintain for a minimum of 3 years records of all customer allegations of slamming and submit quarterly reports summarizing the records to the Commission's Office of Trial Staff and Bureau of Consumer Services in a format prescribed by those bureaus.

Title 17—CONSERVATION AND NATURAL RESOURCES

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

[17 PA. CODE CH. 44]

Conservation Areas

The Department of Conservation and Natural Resources (Department) has adopted a statement of policy under the authority of sections 302(a) and 303(a) of the Conservation and Natural Resources Act (71 P. S. §§ 1340.302(a) and 1340.303(a)). This statement of policy, Chapter 44 (relates to conservation areas).

Summary

This statement of policy defines a “conservation area” and sets forth the considerations and procedures involved in accepting donations of land for designation as conservation areas. It also states how conservation areas will be managed and lists examples of possible uses of conservation areas.

Background

A proposed statement of policy was published at 30 Pa.B. 5454 (October 21, 2000). The Department invited written comments from the public, to be submitted within 30 days from the date of publication. The Department received comments from 45 individuals and entities, including nonprofit organizations, agencies, municipalities, conservation districts, planning commissions, universities and other organizations. An overwhelming majority of the commentators supported the statement of policy. The comments, as well as a document prepared by the Department summarizing and responding to the comments, are on file with the Department and available for review by the public.

As a result of comments on the proposed statement of policy, the Department made the following changes in the final statement of policy:

Section 44.1—Added “nonmotorized” to describe activities on conservation areas.

Section 44.3—Rephrased the paragraph introducing the list of considerations in the Department’s review of possible donations of land for designation as conservation areas. Added four factors to be evaluated by the Department in its review:

(v) The appropriateness of assimilating the land into an existing State park or State forest classification.

(vi) The existence of an unfulfilled public recreational need in the area.

(vii) The need for outdoor classrooms in the area.

(viii) The appropriateness of receipt of the property by a local community or conservation organization.

Section 44.4(c)—Added “nonmotorized” to describe use of conservation areas and added “fishing” as an example of that use.

Secretary

(Editor’s Note: The regulations of the Department, 17 Pa. Code, are amended by adding a statement of policy in §§ 44.1—44.4 to read as set forth in Annex A.)

Fiscal Note: Fiscal Note 7B-2 remains valid for the final adoption of the subject regulations.

Annex A

TITLE 17. CONSERVATION AND NATURAL RESOURCES

PART I. DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Subpart D. RESOURCE CONSERVATION

CHAPTER 44. CONSERVATION AREAS

Sec.

44.1.	Defined.
44.2.	Designation.
44.3.	Consideration of land for designation.
44.4.	Management.

§ 44.1. Defined.

A conservation area is a designation for land that has been donated to the Department and managed by the Department for the purposes of:

- (1) Preserving open space.
- (2) Conserving natural resources.
- (3) Providing an opportunity for passive, nonmotorized, low-density outdoor recreation and environmental education activities.

§ 44.2. Designation.

(a) Offers of land donations to the Department will be reviewed by a Department team to determine acceptance and assignment to either the Bureau of State Parks or the Bureau of Forestry. The team will consider characteristics of the land under § 44.3 (relating to consideration of land for designation), costs of management of the land, benefits to the Department and benefits to the public.

(b) Depending on the designation at the time of acquisition, a conservation area will be considered as either a State park or a State forest for the purpose of applicability of statutes and regulations.

(c) To provide the donor with an opportunity to participate in conservation efforts, the Department may accept restrictive covenants in the deed of conveyance.

(d) Designation as a conservation area will be made by letter to the donor accepting the gift. The letter will be signed by the Secretary. It will describe a purpose, characteristic or feature of the land upon which the designation of conservation area is based.

§ 44.3. Consideration of land for designation.

The Department will conduct a judicious review of a potential donation of land for possible designation as a conservation area. The review will include, but not be limited to, the following considerations:

- (1) Large, significant, contiguous acreage is generally a desirable characteristic. Small areas of land with special or unique features may also be desirable.
- (2) Land that is close to urban areas will be actively considered.

(3) The following factors will be evaluated:

- (i) The accessibility of the land to the public.
- (ii) The suitability of the land for passive low-density recreation.
- (iii) The existence or potential for development of unusual or significant natural features.
- (iv) The extent to which the land has been developed.
- (v) The appropriateness of assimilating the land into an existing State park or State forest classification.
- (vi) The existence of an unfulfilled public recreational need in the area.
- (vii) The need for outdoor classrooms in the area.
- (viii) The appropriateness of receipt of the property by a local community or conservation organization.

(4) Lands with significant environmental liability will not be accepted for designation as conservation areas.

§ 44.4. Management.

(a) Conservation areas will be actively managed to protect natural resources.

(b) The following are examples of possible uses of conservation areas:

- (1) Protection of habitats of species of special concern.

(2) Protection of types of resources and land forms that have been diminished by developmental sprawl, such as large tracts of wetlands, vernal ponds and unfragmented forests.

(3) Protection of flora and fauna on large tracts of open space near urban areas.

(4) Protection of viable ecosystems.

(5) Outdoor classrooms for schools and environmental education and interpretation programs.

(6) Research areas for scientists.

(7) Experimental resource management laboratories for demonstrating techniques to enhance natural diversity, maintain early successional seres or control invasive species.

(8) Demonstration areas for forest management practices.

(9) Management of old growth forests.

(c) Conservation areas will be open to the public. Recreational facilities and activities will be limited to passive, nonmotorized, low-density uses such as hiking, bird watching, fishing and hunting.

**DEPARTMENT OF
COMMUNITY AND
ECONOMIC DEVELOPMENT**

**Statement of Inadequate Capacity to Comply with
the Lead Safe Housing Regulation**

Organization: PA Department of Community and
Economic Development
Address: DCED
Center for Community Building
Office of Community Development
Room 502 Forum Building
Harrisburg, PA 17120
Date: October 23, 2000

David E. Jacobs, Deputy Director
Office of Healthy Homes and Lead Hazard Control
U.S. Department of Housing and Urban Development
451 Seventh Street, S.W., Room P-3206
Washington, DC 20410

Dear Mr. Jacobs:

Subject: New HUD Lead-Based Paint Regulations

The U.S. Department of Housing and Urban Development (HUD) promulgated a new regulation on September 15, 1999 (64 FR 50140) establishing requirements for notification, evaluation and reduction of lead-based paint hazards in federally owned residential property and hous-

ing receiving Federal assistance (Lead Safe Housing Regulation). The Lead Safe Housing Regulation, which is at 24 CFR Part 35, takes effect on September 15, 2000 at which time all affected parties must comply. A transition assistance process has been established to accommodate situations where trained contractors and licensed personnel, qualified to carry out required lead-based paint activities, are unavailable or not available at a reasonable cost in the jurisdiction. If the chief elected or appointed official of the local government, State or Indian Tribe, or a senior official designated to act on his or her behalf, such as the official who signs the Annual Consolidated Action Plan submitted to HUD for the jurisdiction, makes a statement of inadequate capacity to HUD by November 15, 2000, HUD will conclude that the jurisdiction is not required to comply with the Lead Safe Housing Regulation during a transition assistance period which begins on September 15, 2000 and ends on March 15, 2001. If the claim is based on unreasonable cost, such request must be documented by an analysis of actual bids.

The Commonwealth of Pennsylvania hereby (jurisdiction of general local government, State or Indian Tribe) states the following:

1. As of the date of this letter, the types of trained, licensed (certified) or accredited personnel or firms checked below are either not available in sufficient numbers or are not available at a reasonable cost in this jurisdiction to make it practicable to comply with the lead-based paint hazard evaluation and reduction requirements of the Lead Safe Housing Regulation.

(Check services that apply. If different designations are used in your State, please check those that most closely

correspond.)

- Interim controls workers trained in accordance with the new HUD requirements at 24 CFR § 35.1330(a)(4).
- Trained or certified lead paint sampling technicians or clearance technicians
- Certified lead-based paint inspectors or risk assessors.
- Certified lead-based paint abatement supervisors.
- Trained or certified lead-based paint abatement workers
- Other personnel or firms (specify) _____

It is recognized that there are a number of HUD assisted programs covered by 24 CFR Part 35 and the availability of trained or certified staff may affect one requirement in one program or type of assistance and not the requirements in another program or type of assistance. Capacity does not exist to comply with the following requirements in the following programs or types of assistance:

Trained, licensed(certified) or accredited personnel and firms for testing, assessments, inspections, interim controls, safe work practices, abatement, and clearance activities in all of the Commonwealth's HUD Programs that trigger applicability to the lead based paint requirements of 24 CFR Part 35, September 15, 1999.

2. The Local or State government or Indian Tribe acknowledges:

(a) that the cost of training staff and contractors in skills necessary to comply with the rule or to obtain certification to satisfy the requirements of Federal or State lead-based paint requirements is an eligible expense under the Community Development Block Grant (CDBG) program and the Home Investment Partnerships (HOME) program;

(b) that the Lead Listing, which is a State-by-State listing of firms providing certified lead-based paint personnel, including inspectors, risk assessors, abatement supervisors, and abatement workers, can be accessed via a toll-free telephone number (1-888-LEADLIST) or an Internet web site (www.leadlisting.org);

(c) that assistance in determining what lead-based paint personnel are required and in identifying trained and/or certified firms or personnel can be obtained from HUD lead-based paint hazard control grantees, the State agency responsible for certifying lead-based paint personnel, or (for States that do not have an EPA-authorized program) the U.S. Environmental Protection Agency (see attached listing of Lead-Based Paint Grantees and State and EPA offices).

(d) that a wide variety of training courses are available through the HUD website (www.hud.gov/lea), including: courses on lead-safe work practices for renovators, remodelers, and maintenance personnel developed in collaboration with the National Apartment Association, the National Association of the Remodeling Industry, the National Environmental Training Association and others; a course on clearance testing procedures, developed with the Environmental Protection Agency; a web-based training course on visual assessment of paint condition; and training programs on the Lead Safe Housing Regulation for HUD assisted housing, such as Section 8 housing and housing receiving funds from the Community Development Block Grant program and others.

(e) that the transition period ends on March 15, 2001. And that if at the end of the Transition Period, there remains a lack of capacity by trained or licensed professionals to conduct activities required by the Lead Safe Housing Regulation, the jurisdiction will provide documentation, for HUD's consideration, to justify an extension of the transition period consistent with their Annual Consolidated Action Plan schedule.

3. The Commonwealth of Pennsylvania [Local or State government or Indian Tribe] will take the necessary steps to ensure that an adequate supply of personnel or contractors will be available no later than March 15, 2001 so that the jurisdiction can comply with the requirements of the Lead Safe Housing Regulation at that time. These steps will be explained in the Transition Implementation Plan which will be submitted to HUD by December 15, 2000 at the latest. The plan must include the following: (1) an assessment of actual existing capacity and the additional number and type of personnel that need to be trained and/or certified; (2) how training will be obtained; (3) how assisted housing with the greatest risks and greatest opportunity to control lead-based paint hazards will be prioritized using existing personnel or contractors; (4) how coordination with the State agency responsible for certification of lead hazard control personnel will be achieved; and (5) a schedule of activities that will enable the jurisdiction to obtain compliance as rapidly as possible, but no later than March 15, 2001. The jurisdiction agrees to make the plan publicly available.

4. A copy of this statement and the Transition Implementation Plan will be sent to the State agency responsible for the lead-based paint certification program or to the regional EPA office if EPA is operating the lead-based paint certification program directly at the same time it is sent to HUD.

5. The Commonwealth of Pennsylvania (Local or State government or Indian Tribe) will take the necessary steps to ensure that this statement and the Transition Implementation Plan will be circulated to and reviewed by local officials with responsibility for housing and public or environmental health in the State or locality.

6. Between September 15, 2000, and March 15, 2001, the local or State government or Indian Tribe will comply with the relevant requirements of the HUD lead-based paint regulations that were effective before September 15, 2000. It will also comply with the parts of the new Lead Safe Housing Regulation covering prohibited methods of paint removal (at 24 CFR 35.140) and occupant protection (at 24 CFR 35.1350).

I hereby state that trained, licensed (certified) or accredited personnel or firms are either not available in sufficient numbers or are not available at a reasonable cost in Commonwealth of Pennsylvania [Local or State government or Indian Tribe] to make it practicable to comply with the lead-based paint hazard evaluation and reduction requirements of the Lead Safe Housing Regulation. between September 15, 2000 and March 15, 2001.

Sincerely,

TRANSITION IMPLEMENTATION PLAN

Needs Assessment

A. *Analysis of Current Capacity*

To assess the current capacity in Pennsylvania to comply with the new lead based paint regulations, three attachments are included which indicate the number of risk assessors and companies certified by the Pennsylvania Department of Labor & Industry (L&I), the companies in Pennsylvania providing lead hazard evaluation services, and the HUD lead hazard control grantees.

Other than the southeastern and southwestern parts of the state, there are not nearly the number of accessible individuals or companies available relative to the foreseen need to assess, test, complete the required work, and clear the properties to achieve compliance with the new lead based paint lead hazard reduction regulations. And even in the southeastern and southwestern parts of the state, the capacity is not sufficient to meet the demand for all the HUD programs where the regulations are applicable.

In Pennsylvania, the PA Department of Community and Economic Development (DCED) administers the CDBG Program for non-entitlement areas of the Commonwealth on a state mandated formula (only one in the nation), similar to the direct federal entitlements. Over 200 grant contracts are executed every fiscal year, to grantees located in 54 of the Commonwealth's 67 counties. Over 2,000 housing rehabilitation projects are completed each year by these state entitlement grantees, through CDBG or HOME Program funding. Consequently, there is an enormous need to provide accessible capacity in all areas of the state to bring these properties into compliance with the new lead based paint regulations. In addition, the Commonwealth provides some HOME Program funding to some grantees in the 13 metropolitan counties. Also, the Pennsylvania Housing and Finance Agency (PHFA), receives a portion of the Commonwealth's allocation of HOME funds through DCED for multifamily and single family housing, serves as contract administrator for Section 8 projects, and allocates federal low income housing tax credits where units with households holding Section 8 vouchers or certificates must comply with the new regulations. The magnitude of these PHFA programs and projected number of units is detailed in the attachment titled PHFA Programs.

B. *Estimate of Needed Capacity*

To determine what capacity is actually needed across the entire state to comply with the new regulations is the task that will be completed in the next few months.

DCED will be conducting task force meetings across the state to receive input on the number of risk assessors/inspectors, clearance technicians and companies that will be needed. It is envisioned that in rural counties (in some instances several counties working together) that one to three risk assessors/inspectors, three to five clearance technicians, and as many contractors that can be attracted into completing the training will be needed to comply with the requirements. The more urban counties will require more of each of these given the increased number of units that will require compliance.

Implementation Plan to Achieve Capacity

DCED, in cooperation with Pennsylvania's Departments of Public Welfare, Labor & Industry and Health, will be exploring ways to utilize existing certified training providers and to provide incentives to expand the pool of providers across the Commonwealth. Presently, the Department of Public Welfare operates a Lead Abatement Training Center in Danville that provides training in all facets of compliance with the EPA regulations dealing with lead based paint, and participants completing the training then process through the L&I for licensing and certification. This Center trains state and municipal government agencies and nonprofit community based programs, not private companies. Through expansion of this Center, contracting with private sector training providers or HUD contracted trainers, we will locate additional training providers. Pennsylvania's CDBG 1% TA set-aside, our local grantees' CDBG funds, and any existing or additional funds HUD may make available, will be considered for financing costs to expand the training providers.

Training opportunities will be provided at various locations across the state for risk assessors, inspectors, clearance technicians, workers and supervisors. Outreach to promote the training will occur through DCED and the other state agencies to local CDBG, HOME and ESG grantees and to local housing and redevelopment agencies across the state. Because the overwhelming number of affected housing units that are affected by the new regulations are assisted with \$25,000 or less of federal funds, the training of contractors can be accomplished with a minimal time and cost, utilizing one day courses like The Remodeler's and Renovator's Lead Based Paint Training. This is in contrast to the two to four days to be trained as workers and supervisors in accordance with the EPA regulations, and then licensed and certified as abatement contractors through the L&I.

Where cooperation is feasible with the few local HUD Lead Hazard Control grantees, this will be explored. Also, as progress is made in getting the appropriate individuals and contractors trained, and we are better able to assess our capacity, consideration will be given to assisted housing with the greatest risks.

The Commonwealth has developed a projected schedule to achieve capacity by March 15, 2001. The upcoming lead based paint training by HUD, through Dennison Associates at five sites in November and December 2000, and the task force meetings mentioned previously will help us to assess with the grantees in Pennsylvania the capacity needs and options to address those needs.

We envision expanding the pool of training providers in the next few months and then conducting the training for

risk assessors, inspectors, workers, supervisors, and clearance technicians. HUD has agreed to conduct this training, however the earliest time frame was the spring of 2001. Obviously this will be too late as it closely coincides with the March 15, 2001 deadline to achieve capacity. Discussions with HUD continue to try to accomplish this training earlier. It is optimistic to believe that by March 15th there will be sufficient numbers of individuals trained or certified as risk assessors, inspectors, clearance technicians, and contractors in all areas of the state. Every effort will be made however to accomplish this and to keep HUD informed of our progress and needs.

PHFA PROGRAMS

The following provides a general overview of multifamily and single family housing programs and properties involving the Pennsylvania Housing Finance Agency which may trigger the need for skilled entities and workers versed in the protocols set forth in the Final Rule. The Agency has been evaluating its existing and prospective portfolios and has undertaken a review of its records to determine when, how and to what degree its funding programs and existing portfolios will be impacted by the Final Rule.

Of immediate concern is that a number of properties will require the identification of skilled/trained/certified workers for each of the various stages of the Final Rule all at the same time. Our analysis has shown that in many jurisdictions, no expertise or experience exists. In our opinion, no jurisdiction of the Commonwealth has an adequate supply of any of the various classes of skilled workers dictated by the Final Rule protocol. Even in some of the participating jurisdictions which have a number of certified companies or individuals, the actual number of workers does not begin to address the demand, the competition for such workforce will be fierce and such competition will effectively prevent many affected properties from having access to workers.

We have attempted to identify with specificity the number of units which will be directly or indirectly impacted. Because PHFA is a statewide housing provider, all areas of the Commonwealth (including both participating and nonparticipating jurisdictions) are covered by this analysis. Please note, we have attempted to include only those units we believe may be impacted by the Final Rule, but we may not have adequate records on site to determine actual applicability (based on age of housing stock or the type of occupancy.)

Specific programs discussed include - PHFA's Section 8 program, PHFA's production programs (PennHOMES and Tax Credits) and the HOME funded Single Family Closing Cost Assistance program.

We have also attached several spreadsheets delineating characteristics of the Commonwealth's housing stock. These statistics are derived from 1990 census data and are broken out by county.

PHFA Section 8 Portfolio

PHFA has approximately 150 Section 8 projects for which we serve as contract administrator. Of this portfolio, we have identified approximately 30 properties that will be immediately impacted by the Final Rule (because the buildings were originally constructed prior to 1978 and the properties are available for general occupancy.)

The Agency has statewide housing jurisdiction for the Section 8 set aside program. The affected projects are located throughout the Commonwealth, in both participating and nonparticipating jurisdictions.

PennHOMES Multifamily Housing Program

PHFA provides funding for the renovation, rehabilitation, and new construction of affordable multifamily housing units each year through tax exempt and taxable mortgage financing and through a subsidized loan program funded with a combination of PHFA resources and federal HOME funds.

Since its inception in 1988, this program has provided funding for 10,240 units of affordable housing. Each year, approximately 900 apartment units of affordable housing throughout the Commonwealth are funded. A large num-

ber of these involve the rehabilitation of existing buildings. Some of these apartment units are not federally subsidized, and therefore, the Final Rule is not directly triggered. Many of the units funded in nonparticipating jurisdictions are assisted through the federal HOME program, and the Final Rule will be directly applicable.

Regardless of funding source, however, all affordable units funded through this programs must be made available for eligible households holding Section 8 certificates or vouchers. Accordingly, as a practical matter, all PHFA funded properties involving buildings originally constructed prior to 1978 must meet the requirements of the Final Rule and PHFA will require compliance with the new lead reduction standards to ensure ongoing project feasibility and that qualified persons with TBRA are not discriminated against.

Tax Credit Program

Each year the Agency allocates approximately \$15,000,000 in federal tax credits to qualified multifamily housing units. The Tax Credit Program requires that owners receiving funding through the Program may not discriminate against eligible households holding Section 8 vouchers or certificates. Any unit in a building which was constructed prior to 1978 and occupied by an eligible household (with a child) holding a voucher or certificate must meet the new protocol set forth in the Final Rule.

Attached as TC-1 is a geographic breakdown of the units funded through the Tax Credit Program in Pennsylvania which may eventually be monitored for compliance with the Final Rule. (The Agency does not currently know which of these properties may be comprised of buildings built prior to 1978.) As the Final Rule becomes applicable to properties with TBRA, some of these units will require assessment, relevant reduction activity and clearance testing. (Please note, there is some overlap between the PHFA PennHOMES portfolio and the tax credit program portfolio.)

NonPHFA multifamily housing portfolios

As DCED, PHFA and other state and local governments begin to struggle with the implementation pressures of the Final Rule within their own housing programs and portfolios of properties, other properties will also be clamoring for the skills of certified assessors and workers. There are more than 48,736 federally subsidized housing units in Pennsylvania. Of this total, 11,816 are assisted under the Section 202 program (and may be exempt from the Final Rule). A yet to be determined number of these total units will require assessment, reduction and clearance activity under the Final Rule.

In addition, 317 multifamily apartment properties are assisted under the Rural Housing Programs. Again, a yet to be determined number of these rural properties will require assessment, reduction and clearance activity using the same workforce.

Single Family Closing Cost Assistance Loan Program

In addition to administering federal HOME funds for multifamily housing rehabilitation, the Agency provides closing cost and down payment assistance to persons of low income purchasing new and existing housing in nonparticipating jurisdictions throughout the Commonwealth. These loans do not exceed \$15,000 per household. Although these loans may be provided to support the acquisition of new homes, the vast majority of the program funding supports the purchase of existing homes. (As in most areas of the country, existing homes may be

more affordable than newly constructed housing.) The bulk (88%) of existing housing stock in Pennsylvania was built prior to 1979 (see the attached spreadsheet). Hence, we expect the impact of the Final Rule will be felt dramatically in the closing cost assistance program.

Our analysis shows that 71 of the 81 homes funded through the program last year would have been affected by Final Rule. The location of these homes is set forth on the attached map marked SF-1.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Pursuant to the Federal Clean Water Act and the Pennsylvania Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I below, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for five years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II below. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise below, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address, and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability, who require an auxiliary aid service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at 1-800-654-5984.

APPLICATIONS UNDER THE PENNSYLVANIA
CLEAN STREAMS LAW
PART II PERMITS**

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted

above the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address, and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If

no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address, and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate DEP Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Municipal Waste Regulations for a General Permit to Operate Municipal Waste Processing Facilities and the Beneficial Use of Municipal Waste.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, Floor 14, 400 Market Street, Harrisburg, PA 17101-2301.

General Permit Application No. WMGM008. Moyer Packing Company, P. O. Box 395, Souderton, PA 18964-0395.

General Permit Number WMGM008 for the use of animal fat/vegetable oil as an alternative fuel at its facility located in Franconia Township, **Montgomery County**. This application was published in error under Previously Unpermitted Class of Special Handling Waste—Infectious or Chemotherapeutic Waste (see *Pennsylvania Bulletin*, Vol. 31, No. 1, January 6, 2001). This notice is being published to correct this error. The Department determined the application to be administratively complete on December 20, 2000.

Comments concerning the application should be directed to Ronald C. Hassinger, Chief, General Permits

and Beneficial Use Section, Division of Municipal and Residual waste, Bureau of Land Recycling and Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472. Persons interested in obtaining more information about the general permit application may contact the Division at (717) 787-7381. TDD users may contact the Department through the Pennsylvania Relay service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

DETERMINATION FOR APPLICABILITY FOR RESIDUAL WASTE GENERAL PERMITS

Request for Determination of Applicability Received Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Residual Waste Regulations for a General Permit to Operate Residual Waste Processing Facilities and/or the Beneficial Use of Residual Waste Other Than Coal Ash.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, Floor 14, 400 Market Street, Harrisburg, PA 17101-2301.

Permit No. WMGR046D001. Summit Anthracite, Inc., R. D.# 1—Vista Road, Box 12A, Klingersstown, PA 17941.

General Permit Number WMGR046 authorizes the processing and beneficial use of the following wastes: drinking water treatment sludges, yard waste, bark ash, coal ash, agricultural residues, waste cardboard and paper, sludge generated by paper or pulp mills (SIC Code 2621 and 2611), waste from vegetable food processing, unused sands, and spent mushroom substrate. The processing is limited to separation, size reduction (grinding), mixing, windrow composting, static composting, and screening prior to beneficial use as manufactured soil or soil amendments.

The Department accepted the request as administratively complete on January 24, 2001.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NONMAJOR SOURCES AND MODIFICATIONS

The Pennsylvania Department of Environmental Protection (DEP) has developed an "integrated" plan ap-

proval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that DEP has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice, and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act and regulations adopted under the Act.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Pursuant to 25 Pa. Code § 127.521 and § 127.424, notice is hereby given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V Operating Permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management using

the appropriate Regional Office telephone number noted below. For additional information, contact the appropriate Regional Office noted below.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the Regional Office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

NOTICE OF INTENT TO ISSUE A PLAN APPROVAL AND AMEND A TITLE V OPERATING PERMIT

Under 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection (DEP) intends to issue two plan approvals to Advanced Cast Products (18700 Mill Street, Meadville, PA 16335), for the ductile iron foundry located in Vernon Township, Crawford County. The facility was issued a Title V permit No. TV-20-00040 on December 14, 1999. These plan approvals will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date.

Plan approval No. 20-0040C is for the construction of an induction holding furnace, a 9,000 pound transfer ladle, two 6,000 pound tundish/treatment ladles and associated ductwork and baghouse. The additions will result in an increase in production from 50,000 TPY to 60,000 TPY and increases in Potential PM-10, VOC, HAP, NOx, SOx, CO and lead emissions of 4.68 TPY, 3.96 TPY, 1.23 TPY 0.18 TPY, 1.06 TPY, 24.3 TPY, and 0.22 TPY, respectively. The PM-10 emissions from the outlet of the new baghouse will be limited to 0.10 gr/dscf, 0.82#/hr and 0.216TPY. The use of the baghouse at the above emission concentrations is considered BAT. The permit contains limitations pertaining to fugitive, odor, and visible emissions. The Plan Approval contains a 60,000-ton metal charged production limit. The Plan Approval and Operating Permit will contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Plan approval No. 20-0040D is for the relocation of existing grinding stations, installation of a continuous shot blast machine, and installation of associated ductwork and baghouse. The changes will not result in increased emissions. The PM-10 emissions from the outlet of the new baghouse will be limited to 0.10 gr/dscf, 2.1 #/hr, and 0.187 TPY. The use of the baghouse at the above emission concentrations is considered BAT. The permit contains limitations pertaining to fugitive, odor, and visible emissions. The Plan Approval contains a 60,000-ton metal charged production limit. The Plan Approval and Operating Permit will contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Con-

trol Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity, and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Application received December 4, 2000.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for

Water Quality Certification have been received by the Department of Environmental Protection. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received Under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification Under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted Under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes Barre, PA 18711-0790.

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Kidder Township	P. O. Box 576 Lake Harmony, PA 18624	Carbon

Plan Description: The Plan provides for Kidder Township to purchase the existing Split Rock treatment plant from Summit Management Utilities, Inc., and expand/upgrade the treatment facility, and construct a sewage collection system to serve portions of the Split Rock/Lake Harmony area that presently utilize on-lot sewage disposal. The permitted capacity of the treatment plant will be increased to 0.400 MGD, from its present capacity of 0.150 MGD. The receiving stream is Shingle Mill Run. The plan includes an arrangement to provide for a portion of the effluent from the treatment plant to be seasonally land-applied at the Split Rock Golf Course. The owner of the golf course will secure the necessary permits for and own and operate the golf course spray

irrigation system. The plan also provides for Kidder Township to implement an on-lot sewage management program in remaining areas of the Township.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Mount Wolf Borough	345 Chestnut St Mt.Wolf, PA 17347	York County

Plan Description: The approved plan provides for the replacement of a sanitary sewer interceptor, currently 12 and 15 inch lines, from Maple Street to the Northeastern York County Sewer Authority Wastewater Treatment Plant with 14, 18, and 21 inch sewer lines. The capacity of the interceptor is expected to increase from 1.95 MGD to 8.40 MGD. The project area is located along Chestnut Street in Mount Wolf Borough, York County. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Spring Garden Township	558 S. Ogontz St, York, PA 17403	York County

Plan Description: The approved plan provides for an extension of public sewer to 176 existing residential lots on 230 acres with total estimated sewage flows of 63,000 gpd to be tributary to the York City Waste Water Treatment Plant. The project area is located in the existing Wyndam Hills development approximately 1.63 miles south and 0.30 miles west of the Market Street and George Street intersection in Spring Garden Township, York County.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Snyder Township	R. R. #3, Box 119 Tyrone, PA 16686	Blair

Plan Description: The approved plan provides for a revision to the Official Sewage Plan of Snyder Township, Blair County, approved January 16, 2001. Project involves construction of a small flow sewage treatment facility to serve a proposed single-family dwelling, the Alfred Peterman single residence STP, located .5 mile west of Decker Hollow Road on the right side of Woods Road, in Snyder Township, Blair County. Treatment effluent is to be discharged to an unnamed stream of Decker Hollow Run. Any required NPDES Permits or WQM Permits must be obtained in the name of the property owner as appropriate.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed, and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Cole Office Environments, Springettsbury Township, **York County**. ARCADIS Geraghty & Miller, Inc., 3000 Cabot Boulevard West, Suite 3004, Langhorne, PA 19047 on behalf of Cresticon, Inc., 21240 Burbank Boulevard, Woodland Hills, CA 91637 and Litton Systems, 185 Ridgedale Avenue, Cedar Knolls, NJ 07927-1812, has submitted a combined remedial investigation/final report concerning remediation of site soils contaminated with solvents. The report is intended to document remediation of the site to a combination of the Statewide health and site specific standards.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup

of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department certifies that the construction and operation herein described will comply with the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by this action may appeal, under Section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C. § 1341(a)). (Note: Water Obstruction and Encroachment Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

Permits Issued and Actions on 401 Certifications:

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E23-403. Radnor Township. To replace and maintain an existing bridge with a precast concrete arch bridge with a clear span of 34 feet and an underclearance of 9 feet. This work also includes the placement of R-6 rock protection along 80 linear feet of stream. The proposed bridge spans the Little Darby Creek (CWF-MF) and is located at the Willows Park located off of Darby Paoli

Road (Valley Forge, PA Quadrangle N: 3.60 inches; W: 2:65 inches) in Radnor Township, **Delaware County**.

E46-865. Pennsylvania Department of Transportation. To construct, improve, modify, and maintain U. S. Route 202 (S. R. 0202), Section 400, (Phase 3, Section 405). The limit of this work will begin south of the intersection of I-76 and Route 202 (Valley Forge, PA Quadrangle; N: 14.95 inches; W: 0.6 inch) and will end west of the intersection of I-76 and Croton Road (Valley Forge, PA Quadrangle; N: 14.25 inches; W: 0.6 inch) in Upper Merion Township, **Montgomery County**.

Work will consist of improvements to the I-76 and U.S. Route 202 Interchange, replacing the existing railroad bridge over I-76 and construction of additional collector distributor ramps. The proposed work will include the following:

1. To install and maintain a single span 25-foot wide by 8-foot high spread box beam superstructure with U-shaped cast-in-place reinforced concrete culvert substructure in and along Crow Creek (WWF) (a.k.a. Abrams Run), beneath the proposed Ramps D and H at Station 17+50. The culvert is located approximately 38 feet downstream from the existing I-76 bridge over Crow Creek. Work will also include placing concrete retaining walls between the existing bridge and proposed culvert (Valley Forge, PA Quadrangle, N: 14.75 inches; W: 2.2 inches).
2. To remove an existing 125 linear-foot section of arch bridge over Crow Creek, under the existing railroad, and replace with a 70 linear-foot single span 25-foot wide by 8-foot high, spread box beam superstructure with U-shaped cast-in-place reinforced concrete culvert substructure in and along Crow Creek (WWF) (a.k.a. Abrams Run) beneath the proposed Ramp L at Station 557+00. The culvert is located approximately 95 feet upstream from the existing I-76 bridge over Crow Creek (Valley Forge, PA Quadrangle N: 14.50 inches; W: 2.2 inches). Work also includes the temporary impact to Crow Creek and adjacent wetlands for temporary access.
3. To construct and maintain a non-jurisdictional dam across an unnamed tributary to Crow Creek (WWF) to facilitate a stormwater management basin. This site is located north of I-76, left of Station 17+75 to Station 19+50 (Valley Forge, PA Quadrangle N: 14.25 inches; W: 0.7 inch).

E46-877. Borough of Trappe. To replace and maintain an existing culvert with 40 linear feet of 12-foot by 4.5-foot reinforced concrete box culvert in and along Donny Brook Run (TSF). The work includes the installation of wingwalls and the placement and maintenance of R-7 riprap outlet protection. This culvert occurs beneath Clayhor Avenue (Collegeville, PA Quadrangle N: 11.65 inches; W: 14.2 inches) in Trappe Borough, **Montgomery County**.

E46-879. Montgomery County Parks Department. To install and maintain a 77-foot long by 6-foot wide pre-fabricated pedestrian bridge across the Pennypack Creek (TSF), located approximately 75 feet downstream from the previously existing bridge that was destroyed by Hurricane Floyd, which was situated in Lorimer Park (Frankford, PA-NJ Quadrangle N: 17.8 inches; W: 10.2 inches) in Abington Township, **Montgomery County**. Work will also include the installation and maintenance of an 18-inch CPEP stormwater outfall in the vicinity of this bridge.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4700.

E01-216. Pennsylvania Department of Natural Resources, 435 State Park Road, Schellsburg, PA 15559 in Menallen Township, **Adams County**, ACOE Baltimore District, (Arendtsville, PA Quadrangle N: 2.16 inches; W: 15.63 inches).

To construct and maintain a bridge having a clear span of 83-feet with an average underclearance of 5-feet over Mountain Creek (HQ-CWF) and to place fill for the bridge access ramps in the floodway for all terrain vehicles (ATV) and park hikers. The purpose of the bridge is to connect an existing trail located in Forest District # 1, Michaux State Forest about 1.6 miles northwest of the Celebration Hill Road and Wenksville Road intersection.

E31-162. Pennsylvania Department of Natural Resources, 435 State Park Road, Schellsburg, PA 15559 in Menallen Township, **Adams County**, ACOE Baltimore District, (Arendtsville, PA Quadrangle N: 2.16 inches; W: 15.63 inches).

To construct and maintain a bridge having a clear span of 83-feet with an average underclearance of 5-feet over Mountain Creek (HQ-CWF) and to place fill for the bridge access ramps in the floodway for all terrain vehicles (ATV) and park hikers. The purpose of the bridge is to connect an existing trail located in Forest District # 1, Michaux State Forest about 1.6 miles northwest of the Celebration Hill Road and Wenksville Road intersection.

E34-098. Delaware Township, R. R. 1 Box 410, Thompsonstown, PA 17094 in Delaware Township, **Juniata County**, ACOE Baltimore District, (Beaver Springs, PA Quadrangle N: 0.6 inch; W: 11.0 inches).

To remove an existing bridge and restore the channel across the channel of Cocolamus Creek (TSF) at a point at T-464.

E44-101. McVeytown Borough, P. O. Box 321, McVeytown, PA 17051 in Oliver Township, **Mifflin County**, ACOE Baltimore District, (McVeytown, PA Quadrangle N: 21.8 inches; W: 16.5 inches).

To construct and maintain an 18-inch diameter outfall pipe in Musser Run (HQ-CWF) a wild trout stream for a discharge point for a storm sewer project in the Borough of McVeytown.

E44-104. Armagh Township, P. O. Box 396, Milroy, PA 17063 in Armagh Township, **Mifflin County**, ACOE Baltimore District, (Burnham, PA Quadrangle N: 21.6 inches; W: 1.4 inches).

To remove an existing structure and to construct and maintain a bridge having a clear normal span of 48 feet and an underclearance of 6.2 feet across the channel of Treaster Run (HQ-CWF) at a point at T-467.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701.

E41-466. Pennsylvania Department of Transportation, 715 Jordan Avenue, Montoursville, PA 17754. Box beam bridge, in Limestone Township, **Lycoming County**, ACOE Baltimore District (Linden, PA Quadrangle N: 7.06 inches; W: 13.19 inches). To remove the existing bridge and to construct and maintain a single span pre-stressed concrete adjacent box beam bridge having a 91.5-foot clear span and a 13-foot average underclearance across Antes Creek on SR 0044/027 located 1,400 feet southeast from the SR 0880 & SR0044 intersection in Limestone Township, Lycoming County. This permit was issued

under Section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E47-069. Pennsylvania Department of Transportation, Engineering District 3-0, 715 Jordan Avenue, Montoursville, PA 17754. Single span bridge, in Mahoning Township, **Montour County**, ACOE Baltimore District (Danville, PA Quadrangle, N: 7.3 inches, W: 11.1 inches). To remove the existing bridge structure and construct, operate and maintain a new single span bridge over Sechler Run. The permit authorizes the structure to have a normal span of 32.97 feet and an underclearance of 7.3 feet. This permit also authorizes 150 feet of channel realignment. The channel shall have smooth transition between existing and proposed sections of the realignment and the low flow channel shall not exceed original width. All material and debris removed from new streambed shall be moved entirely out of the flood plain area. The new channel stream banks will be armored with riprap and have indigenous plantings installed to restore the riparian corridor. The plantings will occur on the left bank (oriented: facing downstream) upstream of the riprap armament. The project is located 0.5 mile east on SR 0011 from Danville in Mahoning Township, Montour County. This permit also includes 401 Water Quality Certification

SPECIAL NOTICES

Plan revision being reviewed under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Regional Office: Water Management Program Manager, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

Location: **Frazer Township, Allegheny County**, 2129 Butler Logan Road, Tarentum, PA 15084.

The plan revision proposes the development of four major department stores, movie theater, food court and approximately 105 small shops. A power center is also proposed which will include 11 stores. Out parcels are planned for a hotel and additional eating establishments. An area for office building development is also provided. The estimated sanitary sewage flow will be 271,420 gallons per day or 775 equivalent dwelling units. Sewage will be collected on-site by a gravity line which in turn will flow to a proposed 3,500 gallon per minute pump station. The sewage will then be pumped via a 10-inch force main approximately 2,500 feet long across Route 28 and up to a point along Murray Hill Road. A new 18-inch gravity line approximately 6,500 feet long will then convey the sewage to the Upper Allegheny Joint Sanitary Authority's existing 42 interceptor which connects directly to the wet well of the sewage treatment plant located on Old Route 28.

BUREAU OF DEEP MINE SAFETY

The Bureau of Deep Mine Safety has received a request for variance from Rosebud Mining Company. The following notification contains a summary of this request. A

for the purpose of upgrading the Wollaston Road Wastewater Treatment Plant by providing a new storage lagoon (Coatesville, PA, PA Quadrangle N: 0.2 inches; W: 0.1 inches) in East Marlborough Township, **Chester County**.

STORAGE TANKS

SITE-SPECIFIC INSTALLATION PERMITS

The following Storage Tank Site-Specific Installation Permits, under the authority of the Storage Tank Spill Prevention Act (35 P. S. §§ 6021.304, 6021.504, 6021.1101 and 6021.1102) and under 25 Pa. Code Chapter 245, Subchapter C, have been issued by the Bureau of Watershed Conservation, Director, P. O. Box 8555, Harrisburg, PA 17105-8555, (717) 787-5267.

complete copy of the variance request may be obtained from Allison Gaida by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

The Department is publishing a summary of the request in order to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. All comments should be addressed to: Richard E. Stickler, Director, Bureau of Deep Mine Safety, Fayette County Health Center, 100 New Salem Road, Room 167, Uniontown, PA 15401.

Section 702 of the Bituminous Coal Mine Act, 52 P. S. §§ 701—702, provides a mechanism for operators to obtain variances from specific requirements of the Act to accommodate the adoption of new machinery, equipment, tools, supplies, methods, or processes.

Section 242(c) states that where belt conveyors are installed, main stoppings and regulators shall be so arranged as to reduce the quantity of air traveling in the belt conveyor entry to a minimum for effective ventilation and to provide an intake air split as an escapeway from the face area to the main air current.

Summary of the request: Rosebud Mining Company requests a variance to use point carbon monoxide early warning fire detection system and entries in common with the belt conveyor entry in short term panels at the Twin Rocks Mine.

NOTICE OF PERMIT TRANSFERS FOR FACILITIES

The Department of Environmental Protection proposes to transfer certain permits, licenses and approvals at the

following facilities. Certain permits, licenses and approvals previously issued to PECO Energy Company are proposed to be transferred to Exelon Generation Company, LLC. A complete listing of the permits, licenses and approvals proposed for transfer is listed below. Questions should be directed to the contact identified below. This list is also available on the web through PA PowerPort at www.state.pa.us or directly at www.dep.state.pa.us (directLINK "PECO permit transfer").

Persons wishing to comment on the proposed permit transfers are invited to submit their comments to the contact identified below within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determination regarding the proposed transfers. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of the comment and

the relevant facts upon which it is based. A public hearing may be held if the Department considers the public response significant.

Following the 30-day comment period, the Department will make a final decision concerning the permit, license and approval transfers. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should notify the contact identified below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Corrections to Notice of Public Meeting on Existing Use Classifications of Streams

On January 20, 2001 (31 Pa.B. 467) the Department published notice of a public meeting on the classification of certain streams for existing use protection under the Department's antidegradation program. The Department has become aware of a number of errors in the listing of streams included in that notice.

The designated use and segment limits for Letort Spring Run, Cumberland County were listed incorrectly. The designated use that was included in the table was for the segment immediately upstream of the segment under consideration, rather than the segment to be protected as High Quality-Cold Water Fishes (HQ-CWF). In addition, the upper segment limit should have been the same as the current listing in the Water Quality Standards (25 Pa. Code § 93.9o). The correct entry for Letort Spring Run is:

<i>County</i>	<i>Stream Code</i>	<i>Water Body</i>	<i>Designated Use</i>	<i>Existing Use</i>	<i>Qualifier</i>	<i>Location</i>	<i>Date of Evaluation</i>
Cumberland	10261	Letort Spring Run	CWF	HQ-CWF	Designated Class A Wild Trout	Basin, Railroad Bridge at Letort Park to Post Road Bridge	6/15/00

Three streams/segments on the list have been determined to have uses less restrictive than the designated use. These streams should not be included because they must be protected at their designated use until it is revised by the Environmental Quality Board and subject to public participation. These streams/segments have been deleted from the list: Grimes Run, Clearfield County, basin; Furnace Run, Lebanon/Lancaster Counties, basin—SR 1026 to mouth; Swatara Creek, Lebanon/Schuylkill Counties, main stem—confluence of Lower Little Swatara Creek to Green Point Station (River Mile 46.9).

The public meeting to explain the Department's existing use protection program and respond to questions will be held at 1 p.m. on Monday, February 12, 2001 in the auditorium (2nd floor) of the Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA.

DEPARTMENT OF MILITARY AND VETERANS AFFAIRS

Revised Income Restriction for Admission to a Pennsylvania State Veterans' Home

Effective immediately, the allowable income for a single domiciliary care applicant is \$25,284 per year plus \$1,452 per year per dependent, the maximum income paid to a 100% disabled veteran by the United States Department of Veterans Affairs. An income below \$25,284 will demonstrate the applicant may be incapable of self-support and demonstrate a financial need. An amount above the \$25,284 may qualify an applicant for admission on his/her ability to pay the full per diem cost. See 43 Pa. Code § 7.3 (relating to qualifications for admission).

DEPARTMENT OF PUBLIC WELFARE

Payments to Nursing Facilities January 1, 2001 Proposed Rates

The purpose of this notice is to announce the proposed changes in payment rates based on case-mix index (CMI) adjustments only, for nursing facilities beginning January 1, 2001, and to identify the methodology and justification for these proposed rates. Under 42 U.S.C.A. § 1902(a)(13)(A), as amended by section 4711 of the Balanced Budget Act of 1997 (Pub.L. No. 105-33) a state must use a public process when it proposes to make changes in payment rates or payment methodologies for nursing facility services under its approved Title XIX State Plan. The Department of Public Welfare (Department) is not proposing to amend its State Plan or to change its regulations, 55 Pa. Code Chapter 1187, relating to the rate-setting methodology used to set nursing facility payment rates. Rather, the Department is proposing to make changes in its nursing facility payment rates based on CMI adjustments as required by the rate-setting methodology contained in its approved State Plan and regulations.

Rates

The proposed January 1, 2001, rates are available through the Bulletin Board System (BBS) at (800) 833-5091, at the local County Assistance Offices throughout the Commonwealth, on the Office of Medical Assistance

Programs' web site at www.dpw.state.pa.us/omap, or by contacting Tom Jayson in the Policy Section of the Bureau of Long Term Care Programs at (717) 772-2525.

Methodology

The methodology that the Department used to set the proposed rates based on CMI adjustments is contained in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting) and the Commonwealth's approved Title XIX State Plan.

Justification

The justification for the proposed rates is that they were set under the rate-setting methodology required by the Commonwealth's approved State Plan and the current regulations.

The estimated increase in annual aggregate expenditures for Medical Assistance nursing facility services for FY 2000-2001 is \$2.772 million (\$1.284 million in State funds).

Interested persons are invited to submit written comments only concerning case-mix index adjustments to the proposed rates to the Department within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Comments should be addressed to: Department of Public Welfare, Attention: Suzanne Love, Room 515 Health and Welfare Building, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Services by calling (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice Users). Persons who require another alternative should contact Thomas Vracarich in the Office of Legal Counsel at (717) 783-2209.

DEPARTMENT OF TRANSPORTATION

Approved Speed-Timing Devices and Appointment of Maintenance and Calibration Stations

I. Approved Speed Timing Devices

The Department of Transportation, Bureau of Motor Vehicles, under the authority of section 3368 of the Vehicle Code (75 Pa.C.S. § 3368), has approved for use, until the next comprehensive list is published and subject to interim amendment, the following comprehensive list of electronic speed-timing devices (radar and nonradar), which measure elapsed time between measured road surface points by using two sensors, and electronic speed timing devices (nonradar), which calculate average speed between any two points.

By the authority contained in 75 Pa.C.S. § 3368(c)(2), the Department has approved, for use only by members of the Pennsylvania State Police, the following electronic speed-timing devices (radar) when used in the stationary mode only:

(1) Falcon Radar (identified on the radar housing as FALCON). Manufactured by Kustom Signals, Incorporated, 9325 Pflumm, Lenexa, Kansas 66215.

(2) H.A.W.K. Traffic Safety Radar System (identified on the radar housing as H.A.W.K.). Manufactured by Kustom Signals, Incorporated, 9325 Pflumm, Lenexa, Kansas 66215.

(3) KR-10, Stationary Radar (identified on the radar housing as KR-10). Manufactured by Kustom Signals, Incorporated, 9325 Pflumm, Lenexa, Kansas 66215.

(4) KR-10SP, Stationary Radar (identified on the radar housing as KR-10SP). Manufactured by Kustom Signals, Incorporated, 9325 Pflumm, Lenexa, Kansas 66214.

(5) Model 100, Decatur RA-GUN (identified on the radar housing as RA-GUN). Manufactured by Decatur Electronics, Incorporated, 715 Bright Street, Decatur, Illinois 62522.

(6) Genesis-I. Manufactured by Decatur Electronics, Incorporated, 715 Bright Street, Decatur, Illinois 62522.

(7) Genesis Handheld (GHS). Manufactured by Decatur Electronics, Incorporated, 715 Bright Street, Decatur, Illinois 62522.

(8) Stalker Dual. Manufactured by Applied Concepts, Incorporated, 730 F, Avenue, Suite 200, Plano, Texas 75074.

(9) Stalker Dual SL. Manufactured by Applied Concepts, Incorporated, 730 F, Avenue, Suite 200, Plano, Texas 75074.

(10) Stalker Dual DSR. Manufactured by Applied Concepts, Incorporated, 730 F, Avenue, Suite 200, Plano, Texas 75074.

(11) TS-3. Manufactured by MPH Industries, Incorporated, 316 East 9th Street, Owensboro, Kentucky 42303.

(12) Vindicator, (VH-1), (identified on the radar housing as Vindicator). Manufactured by MPH Incorporated, 316 East 9th Street, Owensboro, Kentucky 42303.

(13) MPH Model K-15. Manufactured by MPH Industries, Incorporated, 316 East 9th Street, Owensboro, Kentucky 42303.

(14) Stalker. Manufactured by Applied Concepts, Incorporated, 730 F, Avenue, Suite 200, Plano, Texas 75074.

(15) Eagle Plus. Manufactured by Kustom Signals, Incorporated, 9325 Pflumm, Lenexa, Kansas 66215-3347.

Under 75 Pa.C.S. § 3368(c)(3), the Department has approved, for use by any police officer, the following electronic speed-timing devices (nonradar) which measure elapsed time between measured road surface points by using two sensors:

(1) Electrical Speed Timing System. Manufactured by Richard Hageman, 98 South Penn Dixie Road, Nazareth, Pennsylvania 18064.

(2) Model TK 100, Excessive Speed Preventor. Manufactured by Systems Innovation, Incorporated, Steam Hollow Road, R. D. 2, Hallstead, Pennsylvania 18822.

(3) Model TK 100, Excessive Speed Preventor. Manufactured by Targetron, Incorporated, 1821 Lycoming Creek Road, Williamsport, Pennsylvania 17701.

(4) Speed Chek (identified on the housing as Speed Chek model one, Mfd. for: The Union Agency, Unionville, PA 19375). Manufactured by Sterner Lighting Systems, Incorporated 351 Lewis Avenue, Winsted, Minnesota 55395.

(5) Model TK 100, Excessive Speed Preventor Infrared. Manufactured by Systems Innovation, Incorporated, Steam Hollow Road, R. D. 2, Hallstead, Pennsylvania 18822.

(6) Model TK 100, Excessive Speed Preventor Infrared. Manufactured by Targetron, Incorporated, 1821 Lycoming Creek Road, Williamsport, Pennsylvania 17701.

(7) Enradd, Model EJU-91. Manufactured by Y.I.S. Incorporated, 1049 Hartley Street, Post Office Box 3044, York, Pennsylvania 17404.

(8) Enradd, Model EJU-91 with Non-Contact Road Switch System. Manufactured by Y.I.S. Incorporated, 1049 Hartley Street, Post Office Box 3044, York, Pennsylvania 17404.

Under 75 Pa.C.S. § 3368(c)(1) and § 3368(c)(3), the Department has approved the use of electronic and mechanical stopwatches as speed-timing devices for use by any police officer. The Department has approved these speed-timing devices upon submission of a certificate of stopwatch accuracy indicating that a stopwatch has been successfully tested in accordance with the requirements of 67 Pa. Code, Chapter 105, Mechanical, Electrical and Electronic Speed-Timing Devices. The Department issues an approved speed-timing device certificate for the device, as required by Section 105.72. The Department does not publish a listing of these approved speed-timing devices because they are approved individually by serial number and police department. Therefore, if a citation is contested, it is necessary for the police department to show both the certificate of stopwatch accuracy which was issued within sixty (60) days of the citation and an approved speed-timing certificate issued by the Department of Transportation, Bureau of Motor Vehicles.

Under 75 Pa.C.S. § 3368(c)(3), the Department has approved, for use by any police officer, the following electronic speed-timing device (nonradar) which calculates average speed between any two points:

(1) VASCAR-plus. Manufactured by Traffic Safety Systems, a division of Power Systems & Controls, Incorporated, 3206 Lanvale Avenue, Richmond, Virginia 23230.

(2) VASCAR-plus II. Manufactured by Traffic Safety Systems, a division of Power Systems & Controls, Incorporated, 3206 Lanvale Avenue, Richmond, Virginia 23230.

(3) VASCAR-plus III. Manufactured by Traffic Safety Systems a division of Power Systems & Controls, Incorporated, 3206 Lanvale Avenue, Richmond, Virginia 23230.

(4) V-SPEC. Manufactured by Y.I.S. Incorporated, 1049 Hartley Street, Post Office Box 3044, York, Pennsylvania 17404.

(5) Tracker by Patco. Manufactured by Kustom Signals, Incorporated, 9325 Pflumm, Lenexa, Kansas 66215.

II. *Appointment—Maintenance and Calibration Stations*

The Department of Transportation, under 75 Pa.C.S. § 3368(d), has appointed the following stations for calibrating and testing speed-timing devices until the next comprehensive list is published, subject to interim amendment.

The Department has appointed, under 75 Pa.C.S. § 3368(d), the following Official Electronic Device Testing Stations for radar devices which may only be used by members of the State Police:

Fee Schedule and Change of Address for Administrative Docket

The Department of Transportation (Department), acting through its Office of Chief Counsel, by this notice extends the existing schedule of fees for administrative filings published on December 23, 1999, at 29 Pa.B. 6533 through calendar year 2001, or until the next list is published at the end of the calendar year, for use in calendar year 2002.

The Administrative Docket Filing Fee Schedule prescribes the filing fee not otherwise provided for by statute or regulation for all requests for a hearing in appeals of Department actions under 2 Pa.C.S. §§ 501—508 and §§ 701—704 (relating to Administrative Law).

The Department has reviewed its existing filing fee schedule and has determined that no amendment is

needed at this time. The Department will continue to review and, where appropriate, revise this fee schedule to reflect the costs of adjudication.

Comments, questions, or suggestions concerning appeals from the Department's denial or recall of occupational limited licenses; appeals from the Department's cancellation, denial or recall of probationary licenses, or requests for record reviews under Section 1516 of the Motor Vehicle Code; and hearings to request credit toward serving driving privilege or vehicle registration suspensions shall be directed to Terrie L. Prayer, Administrative Docket Clerk, Safety Administration, 3rd Floor, Riverfront Office Center, 1101 South Front Street, Harrisburg, PA 17104-2516, (717) 705-2492.

Comments, questions or suggestions relating to all other matters subject to administrative hearings shall be directed to Mary L. Sumpman, Administrative Docket Clerk, Office of Chief Counsel, Pennsylvania Department of Transportation, 9th Floor, Commonwealth Keystone Building, P.O. Box 8212, Harrisburg, PA 17105-8212, (717) 772-8397.

**Finding
Pike County**

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to widen, reconstruct, rehabilitate and resurface S.R. 2001 between S.R. 2006 and S.R. 0739. The total length of the improvements will be approximately 19,140 feet (3.6 Miles). The subject project is located in Delaware and Dingman Townships, Pike County.

The proposed project is subject to a 2002 Evaluation due to the use of land within the boundary of the Delaware Water Gap National Recreation Area.

Mitigation measures to be taken to minimize harm to the Section 2002 resource will include tree plantings, parkland replacement and parking lot construction as described in the CEE/Section 2002 Evaluation and the executed Memorandum of Understanding.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from the project.

**FISH AND BOAT
COMMISSION**

Change to Wilderness Trout Stream Designation

Notice is hereby given that Fish and Boat Commission (Commission) has extended the wilderness trout stream designation of East Hickory Creek in Warren County. Previously, a 5.6 mile section of East Hickory Creek from the headwaters downstream to the confluence with Middle Hickory Creek was managed for wild trout under 58 Pa. Code § 57.4 (relating to wilderness trout streams). This section of stream is located within the boundaries of the Allegheny National Forest and is part of the Hickory Creek Wilderness Area. The lower boundary of the Hickory Creek Wilderness Area is the Allegheny National Forest Road 119 Bridge, which is located 1.6 miles downstream of the confluence with Middle Hickory Creek. In the interest of providing a common boundary for wilderness management programs, the United States

Forest Service requested that the Commission extend the length of its wilderness trout stream designation on this water. Accordingly, the Commission has extended the wilderness trout stream designation on East Hickory Creek downstream for a distance of 1.6 miles to the Allegheny National Forest Road 119 Bridge. The revised limits extend from the headwaters downstream to the Allegheny National Forest Road 119 Bridge, for a dis-

tance of 7.2 miles. This change will go into effect upon publication of this notice in the *Pennsylvania Bulletin*.

GOVERNOR'S OFFICE

Regulatory Review

Executive Order 1996-1, which was signed by Governor Ridge on February 6, 1996, requires all agencies under the jurisdiction of the Governor to submit for publication an agenda of regulations under development or consideration. The following is the tenth publication of the Administration's regulatory agenda, grouped by agency. Subsequent agendas will be published on the first Saturdays in February and July.

The agendas are compiled to provide members of the regulated community advanced notice of regulatory activity. It is the intention of the Administration that these agendas will serve to increase public participation in the regulatory process.

Agency contacts should be contacted for more information regarding the regulation and the procedure for submitting comments.

This Agenda represents the Administration's present intentions regarding future regulations. The nature and complexity of an individual regulation obviously will determine whether and when any particular regulation listed below (as well as any considered subsequent to publication of this Agenda) is published.

<i>Regulation Being Considered</i>	<i>Proposed Date of Promulgation</i>	<i>Need and Legal Basis for Action</i>	<i>Agency Contact</i>
ADMINISTRATION			
No regulations being developed or considered at this date.			
AGING			
PA Code Title VI Chapter 11 Older Adult Daily Living Centers	May 2002, as proposed.	This regulation is being reviewed for consolidation with regulations from DPW and DOH with the intent to publish as part of regulations to be proposed as Adolescent and Adult Day Center Licensing Regulations. Review is also occurring as a result of passage of Acts 169-96 and 13-97 amending the Older Adult Protective Services Act (35 P. S. §§ 10225.101—10225.5102) and of Executive Order 1996-1.	Robert Hussar (717) 783-6207
PA Code Title VI Chapter 15 Protective Services For Older Adults	March 2001, as final.	This regulation is being reviewed as a result of the passage of Acts 169-96 and 13-97 amending the Older Adult Protective Services Act (35 P. S. §§ 10225.101—10225.5102) and of Executive Order 1996-1.	Robert Hussar (717) 783-6207
PA Code Title VI Chapter 21 Domiciliary Care Services for Adults	October 2002, as proposed.	Review is continuing as part of a Departmental evaluation in response to Executive Order 1996-1. The review will be coordinated with the Adult Residential Facilities initiative being led by the Office of Licensing and Regulatory Management, Department of Public Welfare.	Robert Hussar (717) 783-6207
PA Code Title VI Chapter 3 Fair Hearings and Appeals	January 2002, as proposed.	This regulation has been initially reviewed by stakeholders in response to passage of Acts 169-96 and 13-97 amending the Older Adult Protective Services Act (35 P. S. §§ 10225.101—10225.5102) and of Executive Order 1996-1. The completion of any proposed changes is dependent on the promulgation of final adult protective services regulations.	Robert Hussar (717) 783-6207
AGRICULTURE			
"Clean and Green" Regulations 7 Pa. Code Chapter 137	April 2001, as final.	Act 156 of 1998 revised the "Clean and Green" Law (72 P. S. §§ 5490.1—5490.13) and afforded the Department until April 30, 2001 by which to promulgate regulations to implement these revisions. The regulations will promote uniform and consistent interpretation and enforcement of the Act Statewide.	Raymond Pickering (717) 783-3167

<i>Regulation Being Considered</i>	<i>Proposed Date of Promulgation</i>	<i>Need and Legal Basis for Action</i>	<i>Agency Contact</i>
Agricultural Conservation Easement Purchase Program	May 2001, as proposed.	Act 138 of 1998 amended the Agricultural Area Security Law by permitting local government unit participation in agricultural conservation easement purchases. The regulations at 7 Pa. Code Chapter 138e must be revised to implement this statutory change.	Raymond Pickering (717) 783-3167
Consolidation/Update of Retail Food Store Regulations	May 2001, as proposed.	This regulation would provide the retail food industry needed and requested guidance for the safe handling of food. The Food Act (31 P. S. §§ 20.1—20.18) is the statutory basis for this regulation.	Lenchen Radle (717) 772-3234
Agricultural Security Areas	July 2001, as proposed.	This regulation will revise the current regulation at 7 Pa. Code Chapter 138 to address revisions to the statute on which that regulation is premised: the Agricultural Area Security Law (3 P. S. §§ 901—915).	Raymond Pickering (717) 783-3167
Maple Products	March 2001, as proposed.	This regulation is required by the Maple Products Act (3 Pa.C.S. §§ 6101—6112). This regulation would establish standards, product quality practices and facility requirements relating to the production of maple syrup and maple products.	Lenchen Radle (717) 772-3234
Amusement Rides	April 2001, as proposed.	This regulation will update the current regulation at 7 Pa. Code Chapter 139 to reflect changes to the Amusement Ride Inspection Act (4 P. S. §§ 401—418).	Charles Bruckner (717) 787-9089
Harness Racing Commission	July 2001, as proposed.	This regulation is necessary to update current regulations, make them more user-friendly and address conditions, which exist in harness racing that did not exist when the current regulations were originally promulgated. This regulation is a long-term project and would amend 58 Pa. Code Chapters 181, 183, 185 and 186—190, including the general authority of the Commission and provisions relating to associations licensed to conduct pari-mutuel wagering, individual licensing, licensing of officials, rules of the conduct of races, veterinary practices, equine health and medication, wagering, due process and disciplinary action.	Anton J. Leppler (717) 787-5196
Land application of soil and groundwater contaminated with agricultural chemicals	April 2001, as proposed.	This regulation is required under the Land Recycling and Environmental Remediation Standards Act, at 35 P. S. § 6026.101 et seq. This regulation would allow soil and groundwater contaminated with agricultural chemicals to be treated and re-applied upon agricultural lands. Numerous comments have been received with respect to drafts of this regulation, and will be addressed as the regulation proceeds.	Phillip M. Pitzer (717) 772-5206
Farm Safety and Occupational Health Grant Program	April 2001, as final.	This regulation is needed to replace an existing statement of policy published in the March 16, 1996 <i>Pennsylvania Bulletin</i> . This regulation would formalize the statement of policy by which the Farm Safety and Occupational Health Grant Program operates. The Program awards grants to fund projects to increase the knowledge and awareness of farm safety measures and occupational health issues among the Commonwealth's rural youth. The proposed regulation was published at 30 Pa.B. 781 (February 12, 2000).	Phillip M. Pitzer (717) 772-5206
Farm Safety Tuition Assistance Grant Program	April 2001, as final.	This regulation will establish a program to provide individual grants of up to \$100 toward tuition charged by an approved farm safety course provider. The proposed regulation was published at 30 Pa.B. 771 (February 12, 2000).	Phillip M. Pitzer (717) 772-5206

<i>Regulation Being Considered</i>	<i>Proposed Date of Promulgation</i>	<i>Need and Legal Basis for Action</i>	<i>Agency Contact</i>
Farm Safety Developmental and Instructional Program	April 2001, as final.	This regulation will establish a program to provide grants totaling up to \$30,000 for the development or implementation of farm safety courses. The proposed regulation was published at 30 Pa.B. 776 (February 12, 2000).	Phillip M. Pitzer (717) 772-5206
Sustainable Agriculture Grant and Loan Programs	April 2001, as final.	This regulation establishes grant and loan programs to implement best management practices. These programs are required under the Sustainable Agriculture Act (3 P. S. §§ 2101—2107).	Dave Bingaman (717) 772-5208
Fruit Tree Improvement Program	July 2001, as proposed.	This regulation would facilitate interstate and international export of Pennsylvania-grown fruit tree nursery stock. This regulation would amend 7 Pa. Code Chapter 120, which provides testing and inspection standards and procedures pursuant to which fruit tree nursery stock can be certified as to quality, consistency and disease/insect-free status. The regulation would be a technical update of current provisions, would bring this program into greater conformity with programs in other states and would provide more practical assistance to participating growers.	Ruth Welliver (717) 787-5609
Certification of Virus-Tested Geraniums	May 2001, as proposed.	This regulation would amend the current regulatory authority to update the voluntary program pursuant to which geranium producers may obtain the Department's certification of virus-tested geraniums. This amendment would establish an inspection fee to help cover the Department's costs in inspecting and testing geraniums offered for certification. This regulation would amend 7 Pa. Code Chapter 122 to: 1) expand the certification of virus-tested geraniums to include Culture-Indexed Geraniums, which are free from certain economically-important bacterial and fungal pathogens; and 2) establish a reasonable fee for the Department's inspection and certification services.	Ruth Welliver (717) 787-5609
Dog Law	May 2001, as proposed.	House Bill 397 of 1996 accomplished revisions of the Dog Law that will necessitate regulatory revisions. This regulation is a long-term project and would amend 7 Pa. Code Chapters 21, 23, 25 and 27 to bring them into greater conformity with statutory revisions. The Dog Law (3 P. S. §§ 459-10 et seq.) is the statutory basis for this regulation.	Richard Hess (717) 787-4833
Domestic Animals	July 2001, as proposed.	This long-term project is intended to update the Department's regulatory authority to make it more consistent with the provisions of the Domestic Animal Law (3 Pa.C.S. §§ 2301-2389).	John Enck, DVM (717) 772-2852
Pseudorabies Disease 7 Pa. Code Chapter 10	July 2001, as proposed.	The planned revisions of this chapter will assist the Department in attaining "Pseudorabies-free" status under the joint Federal-State Industry Pseudorabies Eradication Program, and will bring the current regulation into greater conformity with the requirements of the Domestic Animal Law.	John Enck, DVM (717) 772-2852
Aquaculture Development	April 2001, as proposed.	This Aquacultural Development Law requires the Department to develop an "Aquaculture Development Plan" through regulation.	Leo Dunn (717) 783-8462

<i>BANKING</i>			
Continuing education regulations for residential first mortgage lender and broker industry.	June 2001, as proposed.	The Mortgage Bankers and Brokers Act ("MBBA") is Act 90 of 1989, and has been amended by Act 131 of 1998. Amended section 4(e) of the MBBA provides that the Secretary of Banking shall delineate the requirements for continuing education regulations for licensees (i.e., mortgage bankers, mortgage brokers, and loan correspondents) by regulation within 3 years of the effective date (February 19, 1999) of the amendments to the MBBA. Therefore, continuing education regulations are required to be promulgated by February 19, 2002.	Carter D. Frantz (717) 787-1471
Amendments to Banking regulations in 10 Pa. Code Part II to comply with amendments to the Banking Code made by Act 89 of 2000.	June 2001, as proposed.	Act 89 of 2000 substantially amended the Banking Code. Accordingly, some regulations will need to be amended in order to conform to the statutory amendments.	Laurie S. Kennedy (717) 787-1471
<i>BUDGET</i>			
Fiscal Notes 4 Pa. Code Chapter 7, Subchapter R	March 2001, as final.	Section 612 of the Administrative Code of 1929, as amended, 71 P. S. § 232, provides the authority for the Office of the Budget to promulgate regulations regarding the preparation of fiscal notes. The modified regulation prescribes the process agencies must implement to ensure a fiscal note is written for each proposed, final, and final omitted regulation.	Pamela F. Cross (717) 787-5311 Ext. 3070
<i>COMMUNITY & ECONOMIC DEVELOPMENT</i>			
Industrialized Housing and Components 12 Pa. Code Chapter 145	Spring 2001, as proposed.	The regulation will further clarify and strengthen the Department's and third party's role in monitoring the installation of industrialized housing; adopt the ICC International Building Code; update definitions to bring them into conformance with current terminology and with proposed changes to the placement of insignia of certification; place the determination regarding the frequency of inspection reports on the inspection agency; require manufacturers to ensure that instructions for installation are given to those installing industrialized housing; and increase the fees charged by the Department to offset increases in the cost of administering and enforcing the industrialized housing program.	Jill B. Busch (717) 720-7314
Certified Provider	Spring 2001, as proposed.	In accordance with the Job Enhancement Act of 1996, the regulation will establish professional and organizational standards that must be met in order for providers to continue packaging loans on behalf of the Department.	Jill B. Busch (717) 720-7314
<i>COMMISSION ON CRIME AND DELINQUENCY</i>			
Deputy Sheriffs' Education and Training Board Amendments to 37 Pa. Code Chapter 421	February 2001, as proposed.	To amend existing regulation to further increase hours of basic training that were increased by Statement of Policy in 2000. Proposed pursuant to the Deputy Sheriffs' Education and Training Act, 71 P. S. §§ 2105—2106, this rulemaking would add law enforcement-related duties to the basic training curriculum.	Stephen Spangenberg (717) 705-3693 ext. 3040

<i>Regulation Being Considered</i>	<i>Proposed Date of Promulgation</i>	<i>Need and Legal Basis for Action</i>	<i>Agency Contact</i>
Bureau of Victims' Services, Victims Compensation Division (formerly Crime Victim's Compensation Board)-Deletion of 37 Pa. Code Chapter 191, replacement with new Chapter 211	March 2001, as proposed.	To create a new chapter reflecting elimination of Crime Victim's Compensation Board and inclusion of its functions under PCCD pursuant to Act 1995-27 of the Special Session on Crime; changes in terminology and operations brought about by that act and by section 4 of Act 1997-57; and citation changes resulting from Act 1998-111 and its relocation of the Crime Victims Act from Title 71 of Purdon's Statutes Title 18. The act at 18 P. S. § 11.312(3) gives the Bureau of Victims' Services the authority, subject to the approval of PCCD, to promulgate regulations to carry out the purposes of the act as it relates to compensation. Also to be revised are monetary ceilings that are obsolete due to inflation and restrictions that are antiquated or that limit flexibility in carrying out the statutory purposes.	Lynn Shiner (717) 783-5153 ext. 3210
Commission on Crime and Delinquency-Amendments to 37 Pa. Code Chapter 401 (General Provisions), Chapter 405 (Grant Management) and Chapter 407 (Administrative Proceedings)	Summer 2001, as proposed.	To update existing regulations to reflect current operations and eliminate language that is obsolete due to operational or statutory change.	Gerard Mackarevich (717) 705-0888 ext 3034
CONSERVATION & NATURAL RESOURCES			
State Parks Rules and Regulations	April 2001, as proposed.	This revision to state parks rules and regulations will take place after extensive public outreach. Updates are necessary to reflect changes for more efficient operations, increase opportunities for public recreation, and an effort to improve visitor services and to promote good stewardship of public parks. Eight statewide regional public meetings were held in the summer of 2000 to begin to gather input on possible regulatory changes. Parks also conducted roundtable discussions. Legal basis for these regulations is Act 18 of 1995.	Gary Smith (717) 783-3303
Conservation of Native Wild Plants	June 2001, as proposed.	This proposal is being developed to update existing native wild plant regulations. The legal basis for these regulations is the Wild Resource Conservation Act of 1982. This update is necessary to change the status of various plants to reflect fieldwork completed during the last three years. Recommendations of the Rare Plant Committee and the Vascular Plant Technical Committee will be considered during the development of this proposed rulemaking.	Chris Firestone, Mike Lester and Dan Devlin (717) 783-3227
CORRECTIONS			
Review and/or revision of all current Department of Corrections regulations contained in Title 37 of the Pennsylvania Code.	Spring 2001, as proposed.	The purpose of the review is to ensure that the Department's regulations are consistent with current legal standards concerning prison administration and operation. The legal basis for the action is found at Section 506 of The Administrative Code of 1929, 71 P. S. § 186, which grants the Commissioner of Corrections the authority to prescribe regulations for the Department that are not inconsistent with law.	J.D. Shutt (717) 975-4860

EDUCATION			
22 Pa. Code Chapter 155—Board of State College and University Directors—Personnel	March 2001, as final-omitted.	Chapter 155—This chapter was issued under Section 2 of the Act of February 1970 (P. L. 24, No. 13) (24 P. S. § 20-2002) (Repealed). It was adopted June 12, 1975, 5 Pa. B. 1548.	Ernest Helling (717) 787-5500
Chapter 161—School Administrators Handbook		Chapter 161—Statutory authority for this chapter is 71 P. S. § 352.	
Chapter 181—Mentally Retarded Exceptional Children		Chapter 181—Taken from the PA Bulletin (Vol. 3, No. 39-9/15/73, p. 2069), the authority was contained in the Act of January 14, 1970, P. L. (1969) 468 (24 P. S. § 13-1372).	
Chapter 251—Postsecondary Education Planning Commission—Rules & Regulations		Chapter 251—The Postsecondary Education Planning Commission, formerly known as the 1202 Commission and also known as the 1203 Commission, was authorized by 20 U.S.C., Section 1143 and established by the Governor upon recommendation of the State Board of Education through its resolution of March 15, 1974.	
Chapter 329—Computation of Subsidy		Chapter 329—This chapter provided procedures for calculating the instruction subsidy described in Sections 2502, 2502.5 and 2502.6 of the School Code.	
Special Education Services and Programs 22 Pa. Code, Chapter 14 and 22 Pa. Code, Chapter 342	March 2001, as final.	These regulations are necessary to establish procedures for the identification of students who are in need of special education services and programs and to set forth requirements and procedures for the delivery of those services and programs. The revisions of these current regulations will focus on current federal and state law regarding special education services and programs to ensure compliance, consistent and accurate terminology and application of existing provisions. These regulations will be published as a single regulation, Chapter 14. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No. 14) (24 P. S. § 1-101—26-2606-B).	Peter Garland (717) 787-3787
Higher Education General Provisions, Foreign Corporation Standards, Institutional Approval, Program Approval 22 Pa. Code, Chapters 31, 36, 40, 42	April 2001, as proposed.	These regulations are necessary to establish procedures for the approval and operation of institutions of higher education in the Commonwealth. Specific revisions are necessary to clarify the intent of the chapters, modify the time frame during which new institutions must achieve accreditation, update provisions for library and learning resources, and amend regulations to accommodate for-profit baccalaureate and higher education. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No. 14), Article XXVI-B, §§ 26-2601-B—26-2606-B.	Peter Garland (717) 787-3787
Certification of Professional Personnel 22 Pa. Code, Chapter 49	May 2001, as final-omitted.	Revisions to these regulations are necessary to incorporate provisions of Act 48 of 1999, which requires continuing professional development for all certificated educators. Since these revisions will be technical to incorporate a statutory change, they will be promulgated as final rulemaking with the public comment phase omitted.	Peter Garland (717) 787-3787

College and University Security 22 Pa. Code, Chapter 33	February 2001, as final.	These regulations govern the responsibility of institutions of higher education for the provisions of college and university security information and the collection and reporting of crime statistics. Revisions are necessary to incorporate provisions for the establishment of and access to daily campus crime logs. These regulations are promulgated under authority of the College and University Security Information Act (P. L. 443, No. 73) (24 P. S. § 2502-1 to 2502-5).	Peter Garland (717) 787-3787
Community Colleges 22 Pa. Code, Chapter 35	April 2001, as proposed.	These regulations govern the establishment and operation of community colleges and technical institutes. Revisions to reflect current practice are proposed in the formula calculating Full-Time Equivalent (FTE) Enrollments for reimbursement purposes. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No. 14), Article XXVI-B, §§ 26-2601-B—26-2606-B.	Peter Garland (717) 787-3787
Charter School Services and Programs for Children With Disabilities 22 Pa. Code, Chapter 711	March 2001, as final.	The proposed regulations are promulgated to facilitate compliance with Federal statute, regulation and court decrees that apply in the Commonwealth to children with disabilities. The purposes of proposed Chapter 711 are to develop procedures for special education in charter schools and adopt by reference applicable Federal regulations. These regulations will be promulgated under the authority of the Charter School Law, 24 P. S. § 17-1701-A et seq. 1949, March 10, P. L. 30, No. 14, Article XVII-A, § 1701-A, added 1997, June 19, P. L. 225, No. 22, § 1.	Dale Baker (717) 705-2343
Charter School Services, General Provisions	May 2001, as proposed.	These regulations will clarify a number of provisions to the Charter School Law, which have been the subject of questions from charter school applicants and school districts. These regulations will be promulgated under the authority of the Charter School Law, 24 P. S. § 17-1701-A et seq. 1949, March 10, P. L. 30, No. 14, Article XVII-A, § 1701-A, added 1997, June 19, P. L. 225, No. 22, § 1.	Dale Baker (717) 705-2343
Academic Standards (Science & Technology, Environment & Ecology) 22 Pa. Code, Chapter 4	February 2001, as proposed.	Chapter 4 sets forth requirements for instruction, graduation, strategic planning and assessment based on academic standards. When initially promulgated in 1999, Chapter 4 contained academic standards in reading, writing, speaking and listening, and mathematics. Additional sets of standards were anticipated. This revision to Chapter 4 seeks to establish academic standards in Science and Technology, and Environment and Ecology.	Peter Garland (717) 787-3787
General Provisions - State Board of Private Licensed Schools 22 Pa. Code, Chapter 73	July 2001, as proposed.	The proposed revisions to the regulations of the State Board of Private Licensed Schools will amend Section 73.1 (Definitions) to add a new definition of the term "Seminar" and modify the current definition of the term "Nonresident" and amend Section 73.151 relating to fees to allow the Board to raise sufficient revenue to offset its projected expenditures for fiscal year 2000-01 and 2001-02. These regulations are promulgated under the authority of the Private Licensed Schools Act, Act 174 of 1986 (1986, Dec. 15, P. L. 1585, No. 174, § 1, effective Jan. 1, 1987)(24 P. S. §§ 6501-6518). General Vocational Education Standards 22 Pa. Code, Chapter 339	September 2001, as proposed.	Educational institutions offering vocational programming have evolved substantially since their inception. Many of the standards defining and governing those institutions were conceived over 30 years ago. A revision of Chapter 339 is necessary to assist schools in developing, funding and maintaining programs that will provide the Commonwealth with a competent workforce. Discussions with the State Board of Vocational Education, as well as practitioners in that field, will be initiated to revise these standards. These regulations are promulgated under the authority of the Pennsylvania School Code, Article 18 on Vocational Education and section 2502.8 on Vocational Education Funding. These standards are also provided for under Chapter 4 of Title 22 of the Pennsylvania Code, section 4.32(a).	John C. Foster (717) 787-5530
22 Pa. Code, Chapter 191	Spring 2001, as final.	A new chapter in Pa. Code 22 will provide for procedures for calculating state subsidies for the National School Lunch and School Breakfast programs. These procedures are necessary to incorporate provisions of Act 16 of May 3, 2000, amending the Public School Code of 1949 (P. L. 30, No. 14)(24 P. S. § 1337.1)	Pat Birkenshaw (717) 783-6556
22 Pa. Code, Chapters 233 and 237 Professional Standards and Practices Commission By-laws; Definitions	Spring 2001, as proposed.	The statements of policy and regulations defining specific terms are issued under the Professional Educator Discipline Act (24 P. S. § 2070.1 et seq.), which was recently amended by HB 2189 or Act 123 of 2000.	Carolyn Angelo (717) 787-6576

Stream Redesignations— Little Bush Kill, et al. Clean Streams Law	March 2001, as proposed.	This stream redesignation package includes five streams or portions thereof that were evaluated for redesignation as High Quality (HQ) or Exceptional Value (EV) Waters. The Little Bush Kill (Pike Co.) was evaluated in response to a petition from Bushkill Falls. West Penn Township (Schuylkill Co.) petitioned for redesignation of Lizard Creek. Smithtown Creek (Bucks Co.) was studied as a result of a petition from the Smithtown Creek Watershed Association. The Pennsylvania Fish and Boat Commission requested evaluation of Oswayo Creek (Potter Co.) and Browns Run (Warren Co.). Minor corrective amendments are also included for Buck Hill Creek (Monroe Co.) and Slate Run (Lycoming Co.).	Bob Frey, (717) 787-9637
Stream Redesignations Clean Streams Law	Dates undetermined.	DEP has an ongoing program to evaluate streams for possible redesignation in the Water Quality Standards in Chapter 93. Evaluations are undertaken in response to petitions to the EQB as well as requests from the Pennsylvania Fish and Boat Commission or DEP staff. DEP publishes a notice of assessment in the <i>Pennsylvania Bulletin</i> and a local newspaper and requests technical information on each stream. A list of evaluations undertaken or needed and the status of each one can be found on the Bureau of Watershed Conservation web page on DEP's website at www.dep.state.pa.us . Following completion of a draft evaluation report, and if a redesignation is proposed, the recommendations will be presented to the EQB either individually or as part of a group of streams. Chapter 109—Disinfectants and Disinfection Byproducts Rule Safe Drinking Water Act	April 2001, as final.	This proposal incorporates the provisions of the Federal Disinfectants and Disinfection Byproducts Rule, promulgated in December 1998, into the Safe Drinking Water regulations in Chapter 109. The rule regulates disinfection practices at public water systems by implementing standards to eliminate or minimize harmful byproducts of disinfection treatment processes in public drinking water. The Technical Assistance Center for Small Water Systems (TAC) and Water Resources Advisory Committee (WRAC) reviewed the draft final rulemaking.	Ed Rawski, (717) 783-3796
Chapter 109—Interim Enhanced Surface Water Treatment Rule Safe Drinking Water Act	April 2001, as final.	This proposal incorporates the provisions of the Federal Interim Enhanced Surface Water Treatment Rule, promulgated in December 1998, into the Safe Drinking Water regulations in Chapter 109. The rule applies to public water systems that serve 10,000 or more people and that use surface water or ground water under the direct influence of surface water. Implementation of the rule will significantly reduce the level of Cryptosporidium in finished drinking water supplies through improvements in filtration. The filtration provisions of the rule are also expected to increase the level of protection from other pathogens as well. The TAC and WRAC reviewed the draft final rulemaking.	Ed Rawski, (717) 783-3796

Chapter 109—Safe Drinking Water Amendments Safe Drinking Water Act	July 2001, as proposed.	This proposal will incorporate into DEP's Safe Drinking Water regulations recently adopted federal initiatives, including the provisions of the Federal Consumer Confidence Report (CCR) Rule, revisions to the Public Notification (PN) regulations, and minor changes to the Lead and Copper Rule. The CCR and PN rules expand and clarify requirements that deal with the public's right to know what is in the water they receive from a regulated public water supplier. The proposal also includes several technical changes to address differences between state and federal regulations at 40 CFR 141 which involve primacy concerns. In addition, the proposal will require regulated entities to submit self-monitoring test data electronically to the Department.	Jeffrey Gordon, (717) 772-4018
Chapter 105—Dam Safety and Waterway Management Clean Streams Law; Dam Safety and Encroachments Act	June 2001, as proposed.	Revisions will be proposed to simplify and clarify the regulations, streamline the process for minor wetland encroachments, establish discretion to issue expedited permit decisions during site visits, simplify the application fee schedule, and clarify the Chapters 105 and 106 programs by consolidating rules and procedures for stream channels, floodways and floodplains into one regulation. The Wetlands Protection Advisory Committee (WetPAC) is thoroughly reviewing the issues. The Agricultural Advisory Board (AAB) will also be briefed on developments. The date for EQB consideration of a proposed rulemaking remains tentative at this time pending WetPAC's deliberations.	Ken Reisinger, (717) 787-6827
Waste Oil Amendments Solid Waste Management Act	March 2001, as final.	This proposal aligns DEP's hazardous waste program more closely to the federal program for the management of used oil (40 CFR part 279). The proposal also consolidates all waste oil recycling requirements into one chapter. The Solid Waste Advisory Committee (SWAC) reviewed the draft final amendments.	Scott Walters, (717) 787-7381
Chapter 250—Land Recycling Program Amendments Land Recycling and Environmental Remediation Standards Act; Solid Waste Management Act	August 2001, as final.	These amendments clarify the existing regulations and update several provisions to reflect current science. The revisions are necessary to provide clear direction to those undertaking the cleanup of a contaminated site and the cleanup standards they must meet. DEP is working with the Cleanup Standards Scientific Advisory Board (CSSAB) in developing the final amendments.	Dave Hess, (717) 783-7816
Storage Tank and Spill Prevention Program— Integration of Act 2 Provisions Land Recycling and Environmental Remediation Standards Act	August 2001, as final.	This proposal integrates the provisions of the Land Recycling and Environmental Remediation Standards Act (Act 2 of 1995) into Chapter 245 (Administration of the Storage Tank and Spill Prevention Program). The proposal changes definitions in Subchapter A for consistency between the two programs. In Subchapter D, the proposal incorporates procedures for selecting and attaining one or more of the Act 2 remediation standards into the corrective action process for regulated storage tanks, eliminating language that was based on implementation of the Department's Groundwater Protection Strategy, which was in effect when Subchapter D was adopted in 1993. DEP is working with the Storage Tank Advisory Committee (STAC) in developing the final amendments.	Charles Swokel, (717) 783-7509

Host Municipality Fund Allocation Amendments Hazardous Sites Cleanup Act	June 2001, as final.	This proposal clarifies the eligibility requirements for a host municipality to receive a one-time payment from the Host Municipalities Fund. It also modifies the allocation formula for distribution of the one-time payment to replace the Hazardous Waste Site Ranking System established by EPA in Appendix A of 40 CFR 300 with a simpler, less costly and more appropriate method. The proposal clarifies several ambiguities in the existing regulations and responds to recent litigation initiated by a municipality that is host to a commercial hazardous waste treatment facility. SWAC will review the final amendments.	Rick Shipman, (717) 787-6239
Household Hazardous Waste Collection and Disposal Small Business and Household Pollution Prevention Program Act; Solid Waste Management Act	August 2001, as final.	This proposal further clarifies the household hazardous waste regulations in Chapters 261, 271 and 272, makes the language consistent with that used in the Small Business and Household Pollution Prevention Program Act and ensures that waste collected as part of a household hazardous waste program is properly managed as hazardous waste rather than as part of the municipal waste stream. Adopted by the EQB in October 2000, the proposal was published for public comment on February 3. SWAC reviewed the proposal and will review the draft final rulemaking.	Tom Hyatt, (717) 787-8686
Amendments to the Hazardous Waste Regulations Solid Waste Management Act	June 2001, as proposed.	Minor modifications are proposed to the hazardous waste amendments that were finalized on May 1, 1999, to address changes in the federal regulations since that time and for EPA approval as a federally authorized program. The modifications include minor "housekeeping" issues such as exceptions to the blanket substitution of DEP for USEPA where the federal authority cannot be delegated to a state. Other changes include correcting typographical errors and adding clarification or consistency in certain sections. SWAC will review a draft of the proposal.	Rick Shipman, (717) 787-6239
Emission Limits for Heavy-Duty Highway Diesel Vehicles Air Pollution Control Act	June 2001, as proposed	This proposal will adopt California regulations to require 2005 and 2006 model year heavy-duty highway diesel engines to meet the same standards in effect for model years 2002 through 2004. The 2002-2004 standards resulted from consent decrees signed by the U.S. Department of Justice, the EPA and the California Air Resources Board (CARB) with seven of the largest heavy-duty diesel engine manufacturers who violated certification regulations. The consent decrees require the manufacturers to meet new lower emission standards by October 1, 2002, for the two-year period. EPA has proposed supplemental standards and test procedures for 2004 and later model year engines, but will not be able to require them until model year 2007. Adopting the California regulations by Pennsylvania and other states will create a de facto national standard, which EPA supports, that would maintain the lower emission standards for 2005 and 2006 model year engines.	Arleen Shulman, (717) 787-4310

Emissions of Nitrogen Oxides (NO _x) from Combustion Units and Process Heaters Air Pollution Control Act	November 2001, as proposed	As one of the recommendations of the Southeast Pennsylvania Stakeholders Working Group to achieve additional NO _x reductions, this proposal would require operators of certain combustion units and process heaters with rated heat inputs between 100 million and 250 million Btus (MMBtus) per hour to implement NO _x reduction programs. Facilities would be required to meet an emission reduction program that has a cost effectiveness of less than \$3,000 per ton. This proposal is estimated to affect approximately 10 facilities with 35 to 40 units in the Southeast Pennsylvania area. AQTAC will review a draft of the proposal.	Dean Van Orden (717) 787-4310
Open Burning of Recyclable Waste Air Pollution Control Act	July 2001, as proposed	This proposed revision will adopt a new definition of "domestic refuse" and revise the open burning provisions of Section 129.14(c) to prohibit the burning of leaves, yard wastes and other recyclable materials in areas that are required to have curbside recycling programs.	Terry Black, (717) 787-4310
Solvent Cleaning Operations Air Pollution Control Act	September 2001, as final.	This proposal resulted from recommendations of the Southwest and Southeast Ozone Stakeholder Working Groups that DEP adopt programs to reduce VOC emissions from degreasing operations. A stakeholder group consisting of degreaser manufacturers and operators, solvent suppliers and environmental groups met several times over an eight-month period to develop the proposal. The proposed regulations, published on August 28, 1999, establish additional requirements for solvent cleaning operations and new requirements for operations not presently regulated by the provisions of Section 129.63. More recently, DEP has been working with the Ozone Transport Commission to develop a regional approach to solvent cleaning operations.	Terry Black, (717) 787-4310
Standards for Existing Commercial and Industrial Solid Waste Incinerator (CISWI) Units Air Pollution Control Act	August 2001, as proposed	On December 6, 2000, EPA published final rule-making that establishes standards for new commercial and industrial solid waste incinerator (CISWI) units and emission guidelines for the states to use in the development of standards for existing CISWI units. Under the requirements of Sections 111(d) and 129(b) of the federal Clean Air Act, Pennsylvania and other states are required to promulgate regulations within one year of the December 6, 2000, final federal rule implementing the emission guideline requirements. The emission guidelines set forth maximum allowable emission rates for a number of pollutants, including cadmium, lead, mercury, particulate matter, and dioxins/furans.	Terry Black, (717) 787-4310
Control of NO _x from Cement Kilns and Stationary Internal Combustion Engines Air Pollution Control Act	October 2001, as proposed	This proposal establishes a program to limit the emissions of nitrogen oxides (NO _x) from cement kilns and large stationary internal combustion engines. These provisions are proposed to be included in Chapter 145 (Interstate Ozone Transport Reduction). These regulations were previously proposed as part of the Chapter 145 development and are being re-proposed for additional public comment. NO _x emission reductions are needed to help achieve ozone health-based standards in the eastern United States.	Dean Van Orden, (717) 787-4310

New Source Review Air Pollution Control Act	Contingent on EPA action.	The Department's existing new source review regulations will be reorganized and reformatted to make the requirements clear to the regulated community and to facilitate the creation and use of emission reduction credits. The Department will incorporate proposed changes in the Federal new source review requirements as necessary. Drafts of the proposal will be reviewed by the AQTAC. EPA has proposed in its draft new source review (NSR) regulations a number of mechanisms related to generation and use of Emission Reduction Credits (ERC's), and the use of an "area wide" plantwide applicability limit (PAL) to address trading issues. The proposed rules were issued in July 1996; however, EPA has not yet issued final rules. With the uncertainty of the nature of the final rules, the Department cannot proceed with revisions of the existing trading regulations until the final EPA rule is promulgated.	Terry Black, (717) 787-4310
Radiological Health (Chapters 215, 217, 219, 220, 224, 225, 226, 230 and 232) Radiation Protection Act	May 2001, as final.	The Department is updating its regulations for the control of radioactive material in preparation for becoming an Agreement State with the U.S. Nuclear Regulatory Commission (NRC). One of the NRC requirements for the agreement is to have and maintain compatible regulations with the NRC. The proposed regulations address industrial radiography, well logging, irradiators, medical uses, transportation and packaging, protection standards and licensing. The Department consulted with the Radiation Protection Advisory Committee (RPAC) in developing these regulations. The RPAC will also review the draft final amendments.	William Kirk, (717) 783-9730
Amendments to Radiological Health Chapters 221, 227 and 228 Radiation Protection Act	November 2001, as final	This proposal contains minor changes to Chapter 221 to clarify requirements for X-ray use in the healing arts and to improve consistency with federal regulations. A new section on Radiation Safety Requirements for X-ray Calibration Systems is added to Chapter 227. A change to Chapter 228 modifies the radiation monitoring requirements to better accommodate existing equipment. Adopted by the EQB in October 2000, the proposal was published February 3. The RPAC reviewed the proposal and will review the draft final rulemaking.	William Kirk, (717) 783-9730
Amendments to Radiological Health Chapter 218, Fees Radiation Protection Act	November 2001, as final	This proposal contains a revised fee structure for registrations, licenses, and inspections of radiation-producing machines and radioactive material. Current fees no longer cover the registration, licensing and inspection costs required by regulation. In addition, DEP's responsibilities will expand to include more complex licensing and inspection when Pennsylvania becomes an Agreement State. With Agreement State status, DEP will assume responsibility for licensing and oversight of decommissioning of a number of sites formerly licensed by the Nuclear Regulatory Commission (NRC). Authority for actual cost recovery is established in these amendments. Adopted by the EQB in January 2001, the proposal will be published for public comment some time in March. The RPAC reviewed the proposal and will review the draft final rulemaking.	William Kirk, (717) 783-9730

Licensing of Blasters and Storage, Handling and Use of Explosives Explosives Act; Surface Mining Control and Reclamation Act (SMCRA); and Noncoal SMCRA	April 2001, as final.	This proposal reflects changes that have occurred in the industry and the experience DEP has gained in implementing the program since the regulations in Chapters 210 and 211 were developed in 1972. The proposal addresses requirements that are needlessly more stringent and burdensome than federal requirements; incorporates technological advances resulting from research on the effects of blasting on structures; and enhances DEP's ability to prevent issuance of blasters' licenses to previous violators. The Mining and Reclamation Advisory Board (MRAB) reviewed the draft final regulations.	Rick Lamkie, (717) 783-9892
Chapter 90—Coal Refuse Disposal Activities Coal Refuse Disposal Control Act; Surface Mining Conservation and Reclamation Act; Clean Streams Law	April 2001, as final.	This proposal updates Chapter 90 and conforms it with the Coal Refuse Disposal Control Act amendments of 1994. It incorporates new requirements pertaining to site selection, permitting and performance standards and consolidates existing permitting and water supply replacement requirements applicable to coal refuse disposal activities into Chapter 90. The MRAB is reviewing the draft final rulemaking.	Tom Callaghan, (717) 783-1199
Chapters 86—88 and 90—Coal Mine Permits/Road Requirements Surface Mine Conservation and Reclamation Act; Coal Refuse Disposal Control Act; Clean Streams Law	July 2001, as proposed	This proposal modifies Chapters 86, 87, 88 and 90 for clarity and consistency with federal regulations. The proposed changes relate to criteria for approval/denial of coalmine permits and to requirements concerning coalmine roads at surface coal mines and coal refuse disposal operations. The MRAB will review a draft of the proposal.	Nevin Strock, (717) 787-6842
Chapter 207 - Underground Noncoal Mines General Safety Law	March 2001, as proposed	This proposal will consolidate the regulatory provisions implementing Section 2(f) of the General Safety Law, which regulates worker safety in noncoal mines, into Chapter 207 (Noncoal Mines). Most of these provisions were promulgated by the Department of Labor and Industry over 30 years ago and are found at Title 34, <i>Pennsylvania Code</i> , Chapter 33. DEP's Chapter 207 addresses the use of explosives at noncoal mines and has not been amended since its adoption in 1972. The amendments will address effective safety practices in noncoal mines based on changes in the industry and DEP's administration of the program. DEP proposes to incorporate by reference the U.S. Mine Safety and Health Administration's (MSHA) regulations found at 30 CFR Part 57 and add provisions to address certification of foremen as well as the licensing and duties of blasters.	Richard Stickler, (724) 439-7469

Life Insurance Illustrations (New Chapter 87a)	Summer 2001, as proposed.	Act 154 of 1996 provides for life insurance illustration requirements for life insurance policies. The statute sunsets when a life insurance illustration regulation becomes effective. A life insurance illustration regulation will eliminate misleading illustrations, make illustrations more understandable, and standardize terms and illustration formats for the entire life insurance industry. Further, it is more appropriate that technical requirements, such as these, appear in a regulation rather than in statutory form.	Peter J. Salvatore, (717) 787-4429
Individual Accident & Sickness Minimum Standards, 31 Pa. Code, Chapter 88, §§ 88.1—88.195	Summer 2001, as proposed.	Amend pursuant to Executive Order 1996-1.	Peter J. Salvatore, (717) 787-4429

Workers' Compensation Security Fund Assessment Regulation, xx Pa. Code (new chapter)	Summer 2001, as proposed	HB 1370 passed the GA in 2000 allowing the Fund to develop a regulatory scheme to finance the obligations of the Fund. The proposed regulation will establish reporting requirements for licensed worker's compensation carriers and assessment calculations.	Peter J. Salvatore, (717) 787-4429
LABOR AND INDUSTRY			
Workers' Compensation Bureau, Workers' Compensation Judges, and Workers' Compensation Appeal Board regulations at 34 Pa. Code Chapters 131, 121, and 111.	Spring 2001, as final.	These rules have not been updated in many years; they need to reflect the changes in the law and practice of workers' compensation. Final form expected to be submitted to Secretary of L&I & IRRC by Spring 2001.	Thomas J. Kuzma (717) 783-4467
Work-place Safety Committee Certification; Evaluation of Accident/Illness Prevention Services & Programs of Insurers and Self-insureds; Qualifications of Accident/Illness Prevention Service Providers 34 Pa. Code Chapter 129	January 2001, as final.	The rulemaking implements the health and safety provisions of Article X of the Workers' Compensation Act. The proposed rulemaking specifies the safety committee certification application and renewal processes, and it establishes the necessary program components and evaluation criteria for accident and illness prevention programs maintained or provided by licensed insurers and self-insured employers. In addition, the regulation ensures the uniform application of the provisions of Article X; amends sections 123.202 pertaining to the qualifications of vocational experts; and, amends section 125.133(c)(4) and 125.155 (a) of the self-insurance regulations.	Len Negley (717) 772-1917
Underground Storage Facilities	Spring 2001, as proposed.	This regulation will address requirements for natural or man-made caverns used for LPG storage.	James Varhola (717) 787-3329
Pennsylvania Minimum Wage Act, Food Service Incentive Program Regulations	Spring 2001, as proposed.	The Department is required to promulgate new regulations to implement the new "Food Service Incentive Program" added, via amendment to the Minimum Wage Act and signed into law on December 21, 1998.	Richard Lengler (717) 772-9192
Unemployment Compensation Regulations, Title 34. Labor & Industry Regulations	January 2001, as proposed.	The proposed regulation will clarify the meaning of reasonable assurance as it applies to the eligibility of the employees of educational institutions during regularly scheduled non-school periods. Under Section 402.1 of the PA UC Law, a school employee is not eligible for benefits based on school employment during a regularly scheduled non-school period when the individual performed services for a school employer prior to the break and has a reasonable assurance of performing such services following the break.	Jeri Morris (717) 787-6337
Asbestos Occupations Accreditation and Certification	June 2001, as proposed.	Act of December 19, 1990, P. L. 05, No. 194, 64 P. S. §§ 2101-2112. This regulation established the Department's worker certification and training provider accreditation program. It also sets up training course requirements. It is based on the Environmental Protection Agency's model plan.	Sharon Lawson (717) 772-3396
Uniform Construction Code (UCC) regulations. Act 45 of 1999. (Dry Cleaning & Elevators and Lifting Devices)	Spring 2001, as proposed.	Act 45 of 1999, providing for a uniform statewide building code, requires the Dept. of L&I to promulgate regulations. Because this measure in effect repealed the Dry Cleaning Law, Elevator Law and Fire & Panic Act, the regulations pursuant to each (including those for Personal Care Homes), will be addressed through regulations for Act 45. Personal Care Home regs, previously submitted to OGC, were withdrawn and provisions not addressed in Act 45 regs will be addressed through legislative measure.	Edward L. Leister (717) 787-3323

Public Meeting held

Department of Transportation—Administrative Practice and Procedure; Outdoor Advertising; Regulation No. 18-349

On October 6, 1999, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation. This rulemaking amends 67 Pa. Code Chapters 445 and 491. The proposed regulation was published in the October 23, 1999 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on November 8, 2000.

The final-form regulation revises the current administrative procedural rules applicable to Department hearings, enumerates the specific requirements for hearing requests and facilitates the administrative review of Department procedures. The Department made several changes that further streamlined and clarified administrative procedures. However, we have two remaining concerns with the final-form regulation that relate to the criteria of clarity, feasibility and reasonableness (71 P. S. § 745.5a(i)(3)).

First, the regulation does not contain a definition of the term "party." Throughout the regulation, the Department changed the references to "interested parties and other participants" to "parties." In our comments, we recommended that a definition of "party" be added to section 491.2 (relating to definitions). However, the Department has not followed our recommendation.

Many agency regulations contain a definition of "party" or another term to designate a person involved in an

administrative proceeding. These definitions eliminate confusion as to who is entitled to notice and service of pleadings. A definition of "party" in these regulations would likewise serve to make the regulation clearer.

Second, retention of the term "participant" in section 491.8 (relating to service) is inconsistent with revisions made in the remainder of the regulation. The Department revised section 491.8 in the final-form regulation. In the first part of this provision, the Department deleted the term "parties" but retained the term "participants." This is the only section in the regulation where the term "participant" has been retained. Since the term "party" is used throughout the regulation, the term "participant" in this one instance could result in confusion for a party in determining who is entitled to service of documents and pleadings.

We have determined this regulation is consistent with the statutory authority of the Department (2 Pa.C.S. §§ 501—508 and 701—704) and the intention of the General Assembly. However, after considering the other criteria of the Regulatory Review Act discussed above, we find promulgation of this regulation is not in the public interest.

By Order of the Commissioner:

This regulation is disapproved.

Chairperson

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with the termination of the insured's automobile policy. The hearing will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). This administrative hearing will be held in the Insurance Department's Regional Offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102.

Appeal of Catherine S. Meinhart; file no. 00-181-07911; Keystone Insurance Company; doc. no. P01-01-020; February 27, 2001, at 10 a.m.;

Appeal of Eleanor Kowatch; file no. 00-181-08733; Donegal Mutual Insurance Company; doc. no. P01-01-025; February 22, 2001, at 1 p.m.;

Appeal of Thomas C. Pendergast; file no. 00-181-08111; Kemper Independence Insurance Company; doc. no. P01-01-022; March 1, 2001, at 10 a.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a writ-

ten order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator, at (717) 787-4298.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

- The payment date specified in the contract.
- 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
- The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
