READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

GOVERNOR'S OFFICE

Amendment to Proclamation of Disaster Emergency

February 27, 2002

Whereas, on December 4, 2001, I extended the Proclamation of Disaster Emergency that was issued on September 11, 2001 in response to the acts of terrorism in New York City, New York, Washington, D.C., and Somerset County, Pennsylvania; and

Whereas, there continues to be a need for the Commonwealth to provide supplementary personnel and other resources at critical facilities in Pennsylvania, such as airports and nuclear power plants, in order to provide additional security, monitoring and other measures to protect the safety and well-being of the citizens of Pennsylvania; and

Whereas, the Federal government, through the Office of Homeland Security and the Department of Justice, has asked all state and municipal governments to commit additional resources, in the form of National Guard and law enforcement personnel, urban search and rescue and hazardous materials response teams and other resources, in order to provide additional emergency response, security and law enforcement resources in the ongoing fight against terrorism, and

Whereas, in response to the request from the Federal government to provide law enforcement, security and other forms of assistance at critical facilities and other locations in Pennsylvania and because there is a need to provide such assistance in order to protect the health, safety and welfare of the citizens of Pennsylvania from possible future acts of terrorism;

Now Therefore, I, Mark Schweiker, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution, the Emergency Management Services Code, 35 Pa.C.S. Section 7101 et seq., as amended, and other laws of the Commonwealth, do hereby amend the Proclamation of September 11, 2001, as follows;

1. The period of the state of disaster emergency is extended from March 9, 2002 through June 7, 2002.

2. I hereby transfer an additional \$500,000.00 in unused appropriated funds to the Pennsylvania Emergency Management Agency. The aforementioned funds shall be used for disaster-related expenses incurred by various state agencies and departments. These funds shall be credited to a special account established by the Office of the Budget. All Commonwealth agencies purchasing supplies or services in response to this emergency are authorized to utilize the emergency procurement procedures set forth in Section 516 of the Commonwealth Procurement Code, 62 Pa.C.S. Section 516. This Proclamation shall serve as the written determination of the basis for the emergency under Section 516; and

3. I hereby authorize the Adjutant General of Pennsylvania to place on state active duty for the duration of the emergency such individuals and units of the Pennsylvania National Guard as may be needed to provide security and other public safety measures at critical facilities in Pennsylvania and to alleviate the danger to public health and safety caused by the aforementioned emergency; and

4. I hereby authorize the Commissioner of the Pennsylvania State Police to use all available equipment, resources and personnel of the Department, in whatever manner he deems necessary, to ensure that the public health, safety, and welfare of the Commonwealth's citizens are protected at this time of emergency; and

5. I hereby direct that the other operational provisions of the September 11, 2001 Proclamation that remain applicable to the current emergency circumstances in Pennsylvania shall continue in full force and effect.

6. This Proclamation amendment shall take effect immediately from the date of this amendment.

Given under my hand and the Seal of the Governor, at the city of Harrisburg, this twenty-seventh day of February in the year of our Lord, two thousand and two and of the Commonwealth, the two hundred and twenty-sixth.

Governor

THE COURTS

Title 207—JUDICIAL CONDUCT

PART II. CONDUCT STANDARDS

[207 PA. CODE CH. 33]

Notice of Adoption of Formal Opinion 2002-1

Notice is hereby given that the Ethics Committee of the Pennsylvania Conference of State Trial Judges has adopted its Formal Opinion 2002-1.

HOWLAND W. ABRAMSON,
Chairperson
Ethics Committee
Pennsylvania Conference of State Trial Judges

FORMAL OPINION 2002-1

Judicial Ethics Committee of the Pennsylvania Conference of State Trial Judges

Time Withdrawn Judicial Candidates Must End Fund Raising

The Committee has received several requests for advice asking when judicial candidates who have withdrawn their candidacy must end fund raising. Because of the importance of this issue throughout the Commonwealth, the Committee issues this Formal Opinion.

History of Pennsylvania law

Effective January 1, 1999 the Supreme Court amended Canon 7B (2) of the Code of Judicial Conduct to expressly provide that fund raising of a judicial campaign must end "no later than the last calendar day of the year in which the judicial election is held." Before the amendment the Code did not expressly provide when fund raising must end. However, before the amendment this Committee had decided that after an election, a judge could have only one fund raiser, the judge could not attend, and the fund raiser was required to be held within 6 months after the judge was sworn in.

The Pennsylvania Code of Judicial Conduct does not expressly address the time when a withdrawn judicial candidate must end fund raising.

Other Jurisdictions

In contrast to Pennsylvania, the Ohio Code of Judicial Conduct expressly provides the time when defeated or withdrawn judicial candidates must end fund raising. That time is the earlier of the time the campaign debt is paid off or 120 days after the defeat or withdrawal. Ohio Code of Judicial Conduct 7(C)(4)(b),(c). Candidates who participate in the general election may raise funds until 120 days after the general election. Ohio Code of Judicial Conduct 7(C)(4)(a).

In New York judicial candidates who do not run in the general election can raise funds for six months after the primary, convention, caucus, or meeting. New York Codes, Rules and Regulations sections 100.0 (Q), 100.5 (A)(5). Candidates who run in the general election may raise funds for six months after the general election. Id.

Some other jurisdictions measure the ending time for fund raising from the number days after the last election in which the candidate participates during the election year and do not expressly address withdrawn candidates.

E.g., Nebraska Code of Judicial Conduct 5C (2) (30 days); Washington Code of Judicial Conduct 7B (2) (60 days); North Dakota Code of Judicial Conduct 5C (2) (90 days); Alabama Canons of Judicial Ethics 7B (4)(b) (120 days). The 1972 American Bar Association Model Code of Judicial Conduct and the 1990 American Bar Association Model Code of Judicial Conduct provide for 90 days.

The Kentucky Code of Judicial Conduct prohibits any fund raising after the general election. Kentucky Rules of the Supreme Court 4.300, Code of Judicial Conduct 5B (2).

Louisiana permits post election fund raising only for the purpose of extinguishing campaign debt resulting from that election. Louisiana Code of Judicial Conduct 7D (3).

Rationale for the Committee's Opinion

Pennsylvania Code of Judicial Conduct 7B (2) provides in pertinent part:

A candidate's committees may solicit funds *for his campaign* no earlier than thirty (30) days prior to the first day for filing nominating petitions or the last day for filing a declaration of intention to seek reelection on a retention basis, and all fundraising activities *in connection with such judicial campaign* shall terminate no later than the last calendar day of the year in which the judicial election is held.

(Emphasis added).

The Committee observes that the Code limits candidates who participate in the general election to a post election fund raising period of less than sixty days, i. e. from the date after the general election (which is held in November) to December 31. The Committee considered whether candidates who withdraw should be limited to fund raising after their withdrawal by the same number of days as candidates who participate in the general election have after the general election, a period of less than sixty days. However, because the language of the Code provides the date by which fund raising must end rather than the number of days after the general election and does not refer to the general election in selecting the ending date, the Committee rejected the view that fund raising must end by a period of less than sixty days after the candidate withdraws, i.e. the number of days a candidate in the general election would have to fund raise after the general election.

However, as indicated by the above underlined portions of the Code, in addition to the December 31 cut off date, the Code limits fund raising "for his campaign" and "in connection with such judicial campaign." These limits require that a withdrawn judicial candidate end fund raising when the campaign debt has been extinguished. The reason is that for a withdrawn candidate, because such judicial campaign has ended, any fund raising after the debt has been extinguished could not be for "such judicial campaign." To give effect to all the provisions of Code of Judicial Conduct 7B (2), a withdrawn judicial candidate must end fund raising when the campaign debt has been extinguished or by December 31 of the election year, whichever occurs first.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CHS. 1900, 1910, 1915 AND 1920]

Amendments to the Rules of Civil Procedure Relating to Domestic Relations Matters

Recommendation 58

The Domestic Relations Procedural Rules Committee proposes the following amendments to Rules of Civil Procedure 1905, 1910.2, 1910.16-6, 1910.16-7, 1915.3 and 1920.74 and new Rule 1910.2-1. The Committee solicits comments and suggestions from all interested persons prior to submission of this proposal to the Supreme Court of Pennsylvania.

Written comments relating to the proposed rules must be received no later than Friday, May 3, 2002. Please direct comments to:

VIOLATION OF THIS ORDER MAY RESULT IN YOUR ARREST ON THE CHARGE OF INDIRECT CRIMINAL CONTEMPT WHICH IS PUNISHABLE BY A FINE OF UP TO \$1,000 AND/OR A JAIL SENTENCE OF UP TO SIX MONTHS. 23 PA.C.S. § 6114. VIOLATION MAY ALSO SUBJECT YOU TO PROSECUTION AND CRIMINAL PENALTIES UNDER THE PENNSYLVANIA CRIMES CODE.

THIS ORDER IS ENFORCEABLE IN ALL FIFTY (50) STATES, THE DISTRICT OF COLUMBIA, TRIBAL LANDS, U.S. TERRITORIES AND THE COMMONWEALTH OF PUERTO RICO UNDER THE VIOLENCE AGAINST WOMEN ACT, 18 U.S.C. § 2265. IF YOU

TRAVEL OUTSIDE OF THE STATE AND INTENTIONALLY VIOLATE THIS ORDER, YOU MAY BE SUBJECT TO FEDERAL CRIMINAL PROCEEDINGS UNDER THAT ACT, 18 U.S.C. §§ 2261—2262. [IF PARAGRAPH 12 OF THIS ORDER HAS BEEN CHECKED, YOU MAY BE SUBJECT TO FEDERAL PROSECUTION AND PENALTIES UNDER THE "BRADY" PROVISIONS OF THE GUN CONTROL ACT, 18 U.S.C. § 922(g), FOR POSSESSION, TRANSPORT OR RECEIPT OF FIREARMS OR AMMUNITION.] IF YOU POSSESS A FIREARM OR ANY AMMUNITION WHILE THIS ORDER IS IN EFFECT, YOU MAY BE CHARGED WITH A FEDERAL OFFENSE EVEN IF THIS PENNSYLVANIA ORDER DOES NOT EXPRESSLY PROHIBIT YOU FROM POSSESSING FIREARMS OR AMMUNITION. 18 U.S.C. § 922(g).

Explanatory Comment—Rule 1905 Forms—1997

The use of standardized forms provides uniformity and is also critical to the enforcement of protection orders both inside and outside of the Commonwealth. These forms are substantially based on those proposed by members of the Pennsylvania Coalition Against Domestic Violence and have been further refined to accommodate the litigants need for simplicity, the court's need for flexibility and law enforcement's need for certain identifying information necessary to enforce the protection order.

The forms must be used so that all protection orders can be properly registered with the statewide PFA Registry and the federal Protection Order File (POF) established by the National Crime Information Center (NCIC) for the collection of information that is necessary for nationwide enforcement of protection orders. Entering a protection order into the Registry and NCIC file enables law enforcement to immediately verify the existence and terms of the order. It is important, therefore, that all protection orders be registered with these two files. To this end, the forms capture all of the information that is required for data entry and the form orders are further structured to present that information in the order and sequence that is most helpful to the various law enforcement agencies responsible for entering the information into the files. Once the information reaches the Registry and is accepted by the NCIC file, it becomes immediately accessible to law enforcement agencies, dispatchers and courts throughout the country.

[I. GENERAL USE OF FORMS]

The provisions in the form petition and orders reflect the most common forms of relief available under the Protection from Abuse Act. Plenty of space, however, is provided for plaintiff to request additional relief, and for courts to fashion appropriate relief, based on the individual circumstances of the litigants. Since all of the provisions will not necessarily apply in every case, the forms adopt a checkbox method that requires the user to affirmatively check only those provisions which are applicable to his or her situation.

In cases where a provision is generally applicable but its terms do not correspond precisely to the relief being requested or granted, the user should not check the standard provision but instead should use the blank spaces provided in the forms to specify the relief. For example, while the final order contains a standard provision permitting the defendant to retrieve personal belongings only in the company of a police officer, there may be more suitable methods of retrieval available in some cases. If so, then the plaintiff or court should use the blank spaces provided in the form petition or order (rather than the standard provision) to specify the alternative manner of retrieval.

[II. THE BRADY LAW

Paragraph 12 of the final protection order reflects what are known as the “Brady” provisions of the federal Violent Crime Control and Law Enforcement Act of 1994 (P. L. 103-322), codified at 18 U.S.C. § 922(g). These provisions amend the Gun Control Act of 1968 to extend the prohibitions relating to the possession, receipt and purchase of firearms and ammunition to persons who are subject to a final protection order, if the order meets the following four criteria: 1) the order must have been entered after a hearing of which the defendant received actual notice and had the opportunity to participate; 2) the plaintiff or protected person is an “intimate partner” within the meaning of 18 U.S.C. § 921(a)(32), or a child of an intimate partner, or a child of the defendant; 3) the terms of the order restrain the defendant from harassing, stalking, or threatening the plaintiff or protected person; and 4) the order includes a finding that the defendant represents a credible threat to the physical safety of the intimate partner or child or by its terms explicitly prohibits the use, attempted use or threatened use of physical force against the intimate partner or child that would reasonably be expected to cause bodily injury. An “intimate partner” is defined as a spouse, former spouse, a person who cohabitates or has cohabited with the defendant, or a parent of a child who is protected under the order, 18 U.S.C. § 921(a)(32).

The Brady indicator is a mandatory field for entry of a protection order into the national NCIC file, i.e., federal data entry agencies are required to indicate by a “Yes” or “No” response whether a final protection order meets these criteria for disqualifying a defendant from possessing or purchasing firearms or ammunition. Thus, if all four provisions of Paragraph 12 are affirmatively checked, the order will be entered into a statewide Registry and the NCIC file as a “Yes” response indicating that the defendant may be subject to prosecution by the appropriate authorities under federal law if he or she possesses, receives or purchases firearms at any time while the order is in effect. If all four provisions have not been checked, then the order is entered as a “No” response indicating that the order is not Brady-eligible.

It is important to distinguish the Brady disqualifier in Paragraph 12 of the final order from the scope of relief contemplated by Paragraphs 6 and 7 of the temporary and final orders. Under the Protection from Abuse Act, 23 Pa.C.S. § 6108(a)(7), a court may order the defendant to relinquish to the sheriff any weapons which were used or threatened to be used in an incident of abuse and to prohibit

the defendant from acquiring or possessing any other weapons for the duration of the order. The “weapon” used in an incident of abuse may or may not be a firearm. If the weapon used is not a firearm, the defendant may still be disqualified from possessing or purchasing a firearm under Brady if the order otherwise meets the criteria under federal law.]

Explanatory Comment 2002

The Final Order of Court has been amended to eliminate a separate “Brady Indicator” while facilitating application of federal firearms restrictions in domestic violence matters. The federal law will apply so long as the court finds that the parties to the action are in one of the enumerated relationships set forth in 18 U.S.C. § 922(g).

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.2. Venue. Transfer of Action

* * * * *

[(e) If neither party to an action presently resides in the county where the action is pending or a support order is in effect, and the defendant-obligor is not employed in that county, the court may transfer the action or order or both to any county where either party resides or where the defendant-obligor is regularly employed.

(f) It shall be the duty of the domestic relations section of the court in which the action is pending to forward to the domestic relations section of the court to which the action is transferred all papers filed in the action and a certified copy of the docket entries.

(g)] (e) * * *

Explanatory Comment—1999

[The amendments to this Rule are intended to implement the Uniform Interstate Family Support Act (UIFSA) and the Intrastate Family Support Act (IFSA) to facilitate the fair and prompt establishment of child support by means of encouraging the support litigation to take place as a local action in one forum only.] Under the former rule, venue in support matters was in the county where the defendant lived or worked, or in the county where the plaintiff lived if that county was the last family domicile. The amended Rule expands the circumstances under which venue lies in the county in which plaintiff resides. If the action is one for spousal and child support or child support only, plaintiff may bring the action in the county in which the child resides regardless of whether that county was the last family domicile. [The defendant will be required to defend the action there unless he or she can establish sufficient grounds for transfer of the action pursuant to subdivisions (c) through (e) of the proposed rule.] It is important to note, however, that the court may always permit a party or witness to testify by telephone, audiovisual or other electronic means at specially designated locations. 23 Pa.C.S. § 4342(j).

If plaintiff seeks spousal support only, then venue continues to lie in plaintiff’s county only if that county was also the last marital domicile.

[Subdivisions (c) through (e) identify the circumstances under which a support action may be transferred to another county. New subdivision (c)

is designed to avoid multiple claims from being litigated in different counties. Subdivisions (d) through (f) are adopted verbatim from former Rule 1910.8 and were moved to Rule 1910.2 only for the convenience of the practitioner in resolving questions of venue.]

Rule 1910.2-1. Procedures Pursuant to the Intrastate Family Support Act.

(a) The court in the county in which the complaint for support is filed shall retain and process the case for so long as all of the following conditions are met:

- (1) there is proper venue pursuant to Rule 1910.2;
- (2) the defendant-obligor's mailing address is known;
- (3) sufficient information is known about the defendant-obligor's employment to enable the court to issue an earnings subpoena; and
- (4) the obligee consents.

Official Note: A support action should be maintained in the county in which the obligee and/or the child(ren) reside and should not involve a second county unless the county of residence is unable to obtain service on the defendant-obligor or obtain information regarding the defendant-obligor's employment. However, the obligee is permitted to request that the case proceed under the Intrastate Family Support Act (IFSA) in accordance with 23 Pa.C.S. § 8103.

If the venue requirements are met, the court in the obligee's county of residence should attempt to retain the case if there already is an order in that county against the same defendant-obligor in this or another child/spousal support case or if the defendant-obligor is incarcerated.

(b) If courts in two or more counties must be involved in the establishment and enforcement of an obligation for support:

- (1) the case must proceed pursuant to the Intrastate Family Support Act; and
- (2) venue shall follow the defendant-obligor in order to maintain the availability of statutory enforcement remedies.

Explanatory Comment—2002

Upon receipt of an Intrastate Family Support Act ("IFSA") complaint, the responding court shall accept the complaint and its original filing date.

The obligee in an IFSA action is not required to be physically present in the responding court at any proceedings to establish, enforce or modify a support order, or to make a determination of paternity. 23 Pa.C.S. § 8311(f) and (g) permits documentary evidence and testimony to be transmitted or obtained through the use of electronic media. In the event that additional information is required from the obligee, the responding court must notify the obligee as to the information needed and the acceptable means of providing it, and offer the obligee the assistance and use of the initiating court's staff and/or facilities to transmit such information. Telephonic hearings are authorized by Rule 1930.3 to accommodate out-of-county parties in both IFSA and locally-filed cases with the approval of the court upon good cause shown. The respond-

ing court must provide legal representation for an out-of-county obligee, where necessary, unless the obligee elects to be represented by private counsel.

(c) A support order shall not be registered in another county unless:

- (1) requested by the obligee, or
- (2) necessary to maintain an order for support, to obtain payment of the support obligation or to consolidate multiple cases involving the same defendant-obligor.

(d) Only one support order shall be charging against a defendant-obligor for the same spouse and/or child(ren) at one time.

Explanatory Comment—2002

If the obligee no longer resides in the initiating county, the initiating court may close its case after the following steps have been completed: 1) sending a copy of its docket file to the court in the obligee's new county of residence; 2) notifying the obligee and responding court, if applicable, of when and where the case was transferred; and 3) receiving from the court in the new county of residence acknowledgment of its receipt of the docket file and assumption of the initiating role.

If the defendant-obligor no longer resides in Pennsylvania or is employed outside the commonwealth, and the responding court cannot enforce the order or subpoena earnings or income information, the responding court must consider registration of the case under the provisions of the Uniform Interstate Family Support Act (UIFSA).

Rule 1910.16-6. Support Guidelines. Adjustments to the Basic Support Obligation.

* * * * *

(c) *Unreimbursed Medical Expenses.* Unreimbursed medical expenses of the obligee or the children shall be allocated between the parties in proportion to their respective net incomes and obligor's share added to his or her basic support obligation.

(1) For purposes of this subdivision, medical expenses are annual unreimbursed medical expenses in excess of \$250 per person which are recurring and can be reasonably predicted by the court at the time of establishment or modification of the support order. Medical expenses include insurance co-payments and deductibles and all expenses incurred for reasonably necessary medical services and supplies, including but not limited to surgical, dental and optical services, and orthodontia. Medical expenses do not include cosmetic, chiropractic, psychiatric or psychological services unless specifically directed in the order of court.

Official Note: While cosmetic, chiropractic, psychiatric and psychological expenses are not required to be apportioned between the parties, the court may apportion such expenses that it determines to be reasonable and appropriate under the circumstances.

Rule 1910.16-7. Support Guidelines. Awards of Child Support When There Are Multiple Families.

* * * * *

(d) When an obligor is subject to more than one order for child support, spousal support and/or

alimony pendente lite, the priority for distribution of payments and/or collections from the obligor, without regard to the source of the funds or method of collection, are as follows unless the court specifically orders a different distribution priority:

- (1) current child support.
- (2) medical, child care or other court-ordered child support related expenses.
- (3) current spousal support or alimony pendente lite.
- (4) child support arrear.
- (5) spousal support or alimony pendente lite arrear.
- (6) court costs.

In *R.M. v. Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CHS. 1 AND 9]

Order Amending Rules 902 and 904, and Approving the Revision of the Comment to Rule 120; No. 277; Criminal Procedural Rules Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the amendments to Rules of Criminal Procedure 902 (Content of Petition for Post-Conviction Collateral Relief; Request for Discovery) and 904 (Appointment of Counsel; In Forma Pauperis), and approved a correlative revision of the Comment to Rule

120 (Attorneys—Appearances and Withdrawals). The rule changes require (1) the defendant to verify on the petition for post-conviction collateral relief that the attorney filing the petition is authorized to act on the defendant's behalf, and (2) any attorney representing a defendant in post-conviction collateral relief proceedings to file a written entry of appearance. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 26th day of February, 2002, upon the recommendation of the Criminal Procedural Rules Committee; the proposal having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3) in the interests of justice, and a Final Report to be published with this Order:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that:

(1) Rules of Criminal Procedure 902 and 904 are amended; and

(2) the revisions to the Rule 120 Comment are approved all in the attached form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective July 1, 2002.

CHAPTER 9. POST-CONVICTION COLLATERAL PROCEEDINGS

Rule 902. Content of Petition for Post-Conviction Collateral Relief; Request for Discovery.

(A) A petition for post-conviction collateral relief shall bear the caption, number, and court term of the case or cases in which relief is requested and shall contain substantially the following information:

* * * * *

(14) a verification by the defendant that:

(1) the facts set forth in the petition are true and correct to the best of the defendant's personal knowledge or information and belief and that any false statements therein are made subject to the penalties of the Crimes Code, 18 Pa.C.S. § 4904, relating to unsworn falsification to authorities; and

(2) the attorney filing the petition is authorized by the defendant to file the petition on the defendant's behalf;

* * * * *

Comment

Whether privately retained or appointed, the attorney must enter an appearance as provided in Rule 904.

Paragraph (A)(14) was amended in 2002 to require the defendant to include a verification that the attorney is authorized to file the petition.

Pursuant to paragraph (A)(6), the petition should include specific information about the sentence imposed, including whether the defendant is currently serving a sentence of imprisonment or probation for the crime; awaiting execution of a sentence of death for the crime; or serving a sentence which must expire before the defendant may commence serving the disputed sentence; the minimum and maximum terms of the sentence; the amount of fine or restitution, if any; and whether the defendant is released on parole. FINAL REPORT¹

*Amendments to Pa.Rs.Crim.P. 902 and 904,
Revision of the Comment to Pa.R.Crim.P. 120*

**POST-CONVICTION COLLATERAL PROCEEDINGS:
VERIFICATION OF COUNSEL AND ENTRY OF
APPEARANCE**

On February 26, 2002 effective July 1, 2002, upon the recommendation of the Criminal Procedural Rules Committee, the Court amended Rules of Criminal Procedure 902 (Content of Petition for Post-Conviction Collateral Relief; Request for Discovery) and 904 (Appointment of Counsel; In Forma Pauperis), and approved a correlative revision of the Rule 120 Comment (Attorneys—Appearances and Withdrawals). The rule changes require (1) the defendant to verify on the petition for post-conviction collateral relief that the attorney filing the petition is authorized to act on the defendant's behalf, and (2) any attorney representing a defendant in post-conviction collateral relief proceedings to file a written entry of appearance.

At the request of the Court, the Committee considered (1) what, if any, procedures should be developed to ensure that a petition for post-conviction collateral relief (PCRA) filed in a case has been authorized by the defendant; and (2) whether there should be specific procedures for the entry of appearance of counsel in post-conviction collateral proceedings. These questions arise in the PCRA context when a PCRA petition is filed by an attorney, and the attorney's authority to represent the defendant is questioned.

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

The Committee reviewed the filing and counsel procedures in Chapter 9 (Post-Conviction Collateral Proceedings) of the Criminal Rules. Rule 902(C) requires the defendant to "state in the petition the name and address of the attorney who will represent the defendant. . . ." Although we believe this requirement is clear, in view of the Court's request, the Committee agreed something more was needed in the rule for the defendant to indicate he or she had authorized the attorney to act on the defendant's behalf. Noting that paragraph (A)(14) requires the defendant to verify the truth of the facts in the petition, the Committee concluded the "something more" could be the addition of the defendant's verification of counsel.

The Committee also noted there is no entry of appearance provision comparable to Rule 120 (Attorneys—Appearances and Withdrawals) in the PCRA rules, and that Rule 120 is not applicable to collateral proceedings. Given the PCRA counsel-related problems central to the Court's inquiry, the Committee agreed it made sense to fill the void in the PCRA rules.

The following briefly describes the changes adopted to implement these considerations.

1. Rule 902 (Content of Petition for Post-Conviction Collateral Relief; Request for Discovery)

Rule 902(A)(14) is divided into two provisions making it clear that the defendant has two things to verify on the petition: (1) that the facts in the petition are true and correct; and (2) that the attorney filing the petition is authorized to file a petition on the defendant's behalf. In addition, a cross-reference to Rule 904 has been added in the Rule 902 Comment to alert attorneys to the entry of appearance requirements.

2. Rule 904 (Appointment of Counsel; In Forma Pauperis) and Rule 120 Comment (Attorneys—Appearances and Withdrawals)

Rule 904 has been amended by the addition of a new paragraph (A) requiring the attorney formally to enter his or her appearance for purposes of representing the defendant during post-conviction collateral relief proceedings. The language is similar to paragraph (A) of Rule 120 (Attorneys—Appearances and Withdrawals). In addition, the title to Rule 904 has been amended by adding "Entry of Appearance and" before "Appointment of Counsel."

Finally, to emphasize the need for the filing of an entry of appearance in all PCRA cases, a cross-reference to Rule 904 has been added to the Rule 120 Comment.

Order Amending Rule 708; No. 278; Criminal Procedural Rules Doc. No. 2

The Criminal Procedural Rules Committee has prepared a *Final Report* explaining the amendments to Rule of Criminal Procedure 708 (Violation of Probation, Intermediate Punishment, or Parole: Hearing and Disposition). The amendments clarify that the filing of a motion to modify sentence in a violation case under Rule 708 does not toll the 30-day appeal period, and the appeal period in these cases runs from the date of sentence. The *Final Report* follows the Court's Order.

Final Report¹

Per Curiam:

Amendments to Pa.R.Crim.P. 708

Now, this 26th day of February, 2002, upon the recommendation of the Criminal Procedural Rules Committee; the proposal having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3) in the interests of justice, and a *Final Report* to be published with this *Order*:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule of Criminal Procedure 708 is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective July 1, 2002.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 7. POST-TRIAL PROCEDURES IN COURT CASES

PART A. Sentencing Procedures

Rule 708. Violation of Probation, Intermediate Punishment, or Parole: Hearing and Disposition.

* * * * *

(D) Motion to Modify Sentence

A motion to modify a sentence imposed after a revocation shall be filed within 10 days of the date of imposition. **The filing of a motion to modify sentence will not toll the 30-day appeal period.**

Comment

* * * * *

Under this rule, the mere filing of a motion to modify sentence does not affect the running of the 30-day period for filing a timely notice of appeal. Any appeal must be filed within the 30-day appeal period unless the sentencing judge within 30 days of the imposition of sentence expressly grants reconsideration or vacates the sentence. See *Commonwealth v. Coleman*, 721 A.2d 798, 799, fn. 2 (Pa. Super. 1998). See also Pa.R.A.P. 1701(b)(3).

Once a sentence has been modified or reimposed pursuant to a motion to modify sentence under paragraph (D), a party wishing to challenge the decision on the motion does not have to file an additional motion to modify sentence in order to preserve an issue for appeal, as long as the issue was properly preserved at the time sentence was modified or reimposed.

Official Note: Former Rule 1409 adopted July 23, 1973, effective 90 days hence; amended May 22, 1978, effective as to cases in which sentence is imposed on or after July 1, 1978; Comment revised November 1, 1991, effective January 1, 1992; amended September 26, 1996, effective January 1, 1997; Comment revised August 22, 1997, effective January 1, 1998; renumbered Rule 708 and amended March 1, 2000, effective April 1, 2001; **amended February 26, 2002, effective July 1, 2002.**

Final Report explaining the February 26, 2002 amendments concerning the 30-day appeal period published with the Court's Order at 32 Pa.B. 1394 (March 16, 2002).

CLARIFYING 30-DAY APPEAL PERIOD FOLLOWING MOTION TO MODIFY SENTENCE IN PROBATION AND PAROLE VIOLATION CASES

On February 26, 2002 effective July 1, 2002, upon the recommendation of the Criminal Procedural Rules Committee, the Court amended Rule 708 (Violation of Probation, Intermediate Punishment, or Parole: Hearing and Disposition). The amendments clarify that the filing of a motion to modify sentence in a violation case under Rule 708 does not toll the 30-day appeal period, and the appeal period in these cases runs from the date of sentence.

The Committee undertook a review of Rule 708 (Violation of Probation, Intermediate Punishment, or Parole: Hearing and Disposition) in view of several inquiries the Committee has received concerning the distinction between the times for appeal under Rule 708 and Rule 720 (Post-Sentence Procedures; Appeal). Because Rule 720 provides that the appeal period runs from the date of the disposition of the post-sentence motion, Rule 720(A)(2), some judges and attorneys assume the same time for appeal applies when a motion to modify sentence is filed under Rule 708. Although the case law is clear that this construction of the appeal time in Rule 708 is not correct, and the appeal in a Rule 708 case runs from the date of the sentence, the Committee agreed the confusion arises because Rule 708 does not expressly address this issue.

After a thorough review of the matter, the Committee concluded that Rule 708 should be amended because (1) the sanction for failure to timely file the appeal in a Rule 708 case is so severe, and (2) the confusion may be attributed to Rule 708's silence. Accordingly, Rule 708 has been amended by adding "the filing of a motion to modify sentence will not toll the 30-day appeal period" as the second sentence of paragraph (D) (Motion to Modify Sentence). In addition, as an aid to the bar, we are proposing that the Rule 708 Comment be revised by adding a paragraph elaborating the rule change and cross-referencing *Commonwealth v. Coleman*, 721 A.2d 798 (Pa. Super. 1998), and Pa.R.A.P. 1701(b)(3), which address this issue.

PROPOSED RULEMAKING

DEPARTMENT OF TRANSPORTATION

[67 PA. CODE CHS. 71 AND 171]

School Buses

The Department of Transportation (Department), Bureau of Driver Licensing, under the authority contained in 75 Pa.C.S. §§ 1504, 1508, 1509, 4551—4553 and 6103, proposes to amend Chapters 71 and 171 (relating to school bus drivers; and school buses and school vehicles) to read as set forth in Annex A.

Purpose

The purpose of Chapter 71 is to set forth the course instruction and physical examination requirements for school bus drivers under 75 Pa.C.S. § 1509 (relating to qualifications for school bus driver endorsement). The purpose of Chapter 171 is to set forth equipment and safety requirements for school buses as provided for in 75 Pa.C.S. § 4552 (relating to general requirements for school buses) and for other vehicles transporting school children as provided for in 75 Pa.C.S. § 4553 (relating to general requirements for other vehicles transporting school children).

Purpose of the Proposed Amendments

The purpose of the proposed amendments to Chapter 71 is to establish criteria under which individuals with certain medical conditions may nevertheless qualify to be issued a school bus driver endorsement to their licenses. The purpose of the proposed amendments to Chapter 171 is to: 1) conform the regulations in this chapter to the provisions of 75 Pa.C.S. § 4552; 2) clarify existing provisions of the regulations; and 3) address concerns raised by the Pupil Transportation Advisory Committee (PTAC). The 27 members of the PTAC represent various groups and associations responsible for, or concerned with, pupil transportation.

The Department proposes to amend § 71.3 (relating to physical examination) by adding explicit criteria under which an individual diagnosed with a missing limb, diabetes, heart disease or a seizure disorder may nevertheless qualify for a waiver and receive the school bus driver endorsement. The proposed amendment clarifies that these medical conditions need not be an absolute bar to qualification to drive a school bus and sets forth in considerable detail the conditions under which an individual with these medical conditions may be granted the school bus driver endorsement.

The Department proposes changes to nine sections within Chapter 171.

Section 171.21(i) (relating to exhaust system) has been amended to specify that school bus exhaust systems shall discharge at the outside edge of the school bus body. This proposed amendment is appropriate to guard against the possibility of exhaust fumes discharging under the bus body and entering the school bus.

Section 171.47 (relating to color) has been amended by adding language that will permit the school bus roof to be painted white to reflect the sun, reducing heat and providing more comfortable transportation for the occupants. Limitation of the use of white to the roof area preserves the overall standard yellow color of the bus and

raises no safety concerns. In addition, the proposed amendment creates additional options when using reflective tape. In the current regulation, the use of reflective tape is optional. However, if it is used in any of the listed locations on the bus, the regulation requires that it be used in all of the locations. The cost of applying and maintaining reflective tape in all the listed locations on the bus has dissuaded many from using any reflective tape. It is believed that with deletion of the mandate that tape be used in all locations, more school districts and contractors will use reflective tape in some of the listed locations.

Section 171.50(a)(9) (relating to doors and emergency exits) has been eliminated. The language regarding supplemental security locks on service doors is unnecessary. The same language was added to mandate the use of an audiovisual alarm on the emergency exits in § 171.50(b)(1)(xii). An audiovisual alarm must be installed on the supplemental security locks on the emergency exits. The alarm must be in the driver's compartment.

Sections 171.52(b), 171.123(b) and 171.133(b) (relating to first aid) have been amended to adjust the amount and types of materials the kits must contain. The size of the kits have been adjusted to be consistent with the National Standards for School Transportation (National standards). The inclusion of latex surgical gloves and adhesive tape has been eliminated because some children have violent allergic reactions to latex materials. Additionally §§ 171.52(d), 171.123(d) and 171.133(d) have been added to allow the surgical gloves and mouth barrier to be placed in either the first aid or body fluid clean-up kit. Some school transportation directors have had difficulty fitting these items into the first aid kit.

Section 171.55 (relating to identification) has been amended to permit yellow identification numbers to be used on the black bumpers of school buses with rounded fronts, to increase the lettering height, and to clarify the meaning of "below the window line" for school district or contractor identification, as well as to comply with 49 CFR 390.21 (relating to marking of CMVs), concerning interstate travel for PUC-regulated commercial vehicles. It is difficult for school buses with rounded fronts to display the required identification numbers. By allowing them to display a yellow number on their black bumpers, the identification number will be easier to place and see. The proposed amendment to § 171.55(c) clarifies how far "below the window line" the school district or contractor identification may be placed. The new language states the identification should be as close as practical to the bottom ledge of the bottom window sash. Additionally, some school districts and contractors requested the allowance of larger identification lettering. The permitted height of the letters will be increased from 6 to 8 inches. Section 171.55(c) is amended to require that school buses must display any other markings required of a commercial vehicle. This will allow them to conform to 49 CFR 390.21.

Section 171.59(b)(2)(x) (relating to lamps and signals) has been amended for clarification. This section will now read clearly that an audio alarm must be activated when the device installed to prevent the automatic extension of the stop arm when the bus is not being used for pupil transportation is engaged.

Section 171.74a (relating to crossing control arm) has been added to regulate the type and use of crossing control arms which were mandated in the act of December 21, 1998 (P.L. 1126, No. 151). This device, which extends approximately 6 feet from the front of the school bus, will force children to walk at least 6 feet in front of the front bumper where the school bus driver is able to see the children and know when they are safely across the street. Over the past 20 years, 243 children have died after being hit by their own school bus. This device greatly enhances the safety of school children entering and exiting the school bus.

Section 171.104(1) (relating to the special service entrance doors) has been amended to conform to the language used in the National standards. This language, allowing either a single or double door, simplifies the current language without changing the meaning.

Persons and Entities Affected

The proposed amendments affect persons and entities responsible for the transportation of school children. This includes all 501 school districts and any organization they may contract to provide pupil transportation. In addition, the State Police will be affected when conducting school bus vehicle inspections.

Fiscal Impact

The proposed amendments will not impose any increased costs on private persons, State or local governments. The proposed amendments will not occasion the development of any additional reports or other paperwork requirements.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on March 5, 2002, the Department submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House and Senate Transportation Committees. In addition to submitting the proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed rulemaking, it will notify the Department by May 16, 2002. The notification shall specify the regulatory review criteria that have not been met by the portion of the proposed rulemaking to which an objection is made. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of objections raised.

Sunset Date

The Department is not establishing a sunset date for these proposed amendments since these regulations are needed to administer provisions required under the 75 Pa.C.S. (relating to Vehicle Code). The Department will, however, continue to closely monitor these regulations for their effectiveness.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed amendments to Rebecca L. Bickley, Director, Bureau of Driver Licensing, Riverfront Office Center, 1101 South

Front Street, 4th Floor, Harrisburg, PA 17104, within 30 days of publication of this notice in the *Pennsylvania Bulletin*.

Contact Person

The contact person for technical questions related to the proposed amendments is Chris Ann Miller, Manager, Special Driver Programs, Department of Transportation, Bureau of Driver Licensing, Riverfront Office Center, 1101 South Front Street, 3rd Floor, Harrisburg, PA 17104, (717) 772-2117.

Annex A

TITLE 67. TRANSPORTATION

PART I. DEPARTMENT OF TRANSPORTATION

Subpart A. VEHICLE CODE PROVISIONS

ARTICLE IV. LICENSING

CHAPTER 71. SCHOOL BUS DRIVERS

§ 71.1. Scope and application.

This chapter applies to the course of instruction and physical examination for school bus drivers required by 75 Pa.C.S. § 1509 (relating to qualifications for [**class 4 license**] **school bus driver endorsement**).

§ 71.3. Physical examination.

* * * * *

(b) *Requirements of physical examination.* A person is physically qualified to drive a school bus if the person:

* * * * *

(2) Has no loss of a foot, a leg, a hand, or an arm; **or has been granted a waiver by the Department after competency has been demonstrated through a driving examination.**

* * * * *

(4) Has no established medical history or clinical diagnosis of diabetes mellitus currently requiring use of insulin or other hypoglycemic medication.

(i) A waiver may be granted to an individual requiring the use of oral hypoglycemic medication provided:

(A) The individual's physician verifies in writing that there has been no incident of hypoglycemic reaction for the preceding 2 years.

(B) The individual submits to a diabetic examination every 6 months and submits the results of the examination on a form provided by the Department.

(ii) A waiver may be granted to a person requiring the use of insulin provided:

(A) The person's physician verifies in writing to the Department that there has been no incident of hypoglycemic or hyperglycemic reaction and the person has been free from insulin reaction (including loss of consciousness, attention or awareness) or the requirement of assistance from another person, for the preceding 2 years.

(B) The person submits to a diabetic examination every 6 months, including a Hemoglobin A1C, and

to a review of the prior 6-month history of blood glucose monitoring. The physician conducting the diabetic examination shall be familiar with the person's past diabetic history for 24 months or have access to that history.

(C) The person, upon hire by a school district to drive a school bus, shall demonstrate his willingness to manage his diabetes by complying with the following requirements:

(I) Self-monitoring blood glucose 1 hour before driving, and at least every 4 hours while driving or while otherwise on duty, by using a portable blood glucose monitoring device with a computerized memory. If blood glucose is below 80 or above 350 the person may not drive until he takes appropriate measures and retests within this acceptable range.

(II) Monthly submitting the results of blood glucose self-monitoring for review by a physician, certified nurse practitioner, physician's assistant, registered nurse or other health care provider selected by the school district. The results also shall be submitted to the physician conducting the 6-month diabetic examination required by subclause (B).

(III) Maintaining a manual blood glucose monitoring log and submitting it, together with the glucose monitoring device's computerized log, every 6 months to the physician conducting the person's 6-month diabetic examination.

(IV) Having in his possession a source of rapidly absorbable glucose at all times while driving a school bus.

(iii) A reviewing physician finding that a person previously qualified for a waiver is not complying with the requirements listed in subparagraph (ii)(C) or is otherwise no longer qualified for the waiver shall report these findings to the Department and the waiver will be rescinded.

(iv) If a person requiring the use of oral hypoglycemic medication or a person requiring the use of insulin does not qualify for a waiver, that person may request an independent review of his medical records. The review will be conducted by a member of the Medical Advisory Board or by another physician designated by the Department.

(v) Submissions to the Department by physicians or other health care providers, including physician verifications and the results of diabetic examinations, shall be made on forms provided by the Department.

(5) Has no established medical history or clinical diagnosis of myocardial infarction, angina pectoris, coronary insufficiency[,] or pacemaker insertion.

(i) Waivers may be granted to those individuals with a history of coronary artery disease, previous myocardial infarction, congenital heart defects, cardiomyopathy, pericarditis, myocarditis, chronic atrial flutter/fibrillation or valvular heart disease, and individuals who have undergone corrective surgery for congenital heart defects, coronary angioplasty, valve repair/replacement, coronary artery bypass graft surgery, or ablative surgery for paroxysmal supraventricular arrhythmias, if the individual annually meets the following criteria:

(A) The individual is asymptomatic from the disorder or is receiving medication used to treat the disorder and is asymptomatic on medication.

(B) The individual completes 7 METS on a treadmill stress EKG test preferably following the Bruce or Balke Protocols and achieves 85% of the predicted maximal heart rate without symptoms or EKG changes. If the resting EKG is abnormal, or the individual is on digoxin, then a stress thallium test should be performed.

(C) An echo, gated blood pool scan or left ventriculogram performed on the individual measures a left ventricular ejection fraction of 40% or greater.

(ii) In the case of a permanent pacemaker insertion, the individual shall be 2 months post insertion, asymptomatic and demonstrate that he is undergoing regular pacemaker follow up.

(iii) In the case of chronic atrial flutter/fibrillation, the individual shall be on anticoagulant therapy with aspirin or Coumadin and demonstrate adequate rate control when exercising on a treadmill as listed in subparagraph (i)(B).

(iv) No waivers may be granted to individuals:

(A) Diagnosed with symptomatic coronary artery disease (angina), cardiomyopathy, pericarditis, myocarditis, congenital or valvular heart disease.

(B) Within 2 months of a myocardial infarction, open heart surgery or pacemaker insertion.

(C) Implanted with an automatic cardioverter/defibrillators or antitachycardic device.

(D) With any history of ventricular tachycardia (excluding couplets and triplets), ventricular fibrillation or sudden cardiac death with successful resuscitation.

(E) With any history of paroxysmal supraventricular tachycardia.

(F) With any history of carotid sinus hypersensitivity, sick sinus syndrome, second degree heart block or third degree heart block unless a pacemaker has been inserted.

* * * * *

(10) Has no established medical history or clinical diagnosis of seizure disorders or another condition likely to cause loss or impairment of consciousness or loss of ability to drive a school bus safely.

(i) A waiver may be granted to persons described in this paragraph provided:

(A) There has been no more than a single, nonrecurring episode of altered consciousness or loss of bodily control, occurring at least 2 years preceding application, which did not require treatment.

(B) A seizure disorder has been diagnosed, but the person has been episode-free for at least 5 years preceding application and has not required treatment for at least 5 years preceding application.

ARTICLE VII. VEHICLE CHARACTERISTICS
CHAPTER 171. SCHOOL BUS AND SCHOOL VEHICLES

Subchapter B. SCHOOL BUS CHASSIS STANDARDS

§ 171.21. Exhaust system.

* * * * *

(i) Exhaust system and discharge location. Exhaust systems are not permitted to discharge to the atmosphere at a location immediately below the fuel tank or the fuel tank filler pipe. Exhaust systems shall also extend and discharge completely to the outside edge of the vehicle body.

Subchapter C. SCHOOL BUS BODY STANDARDS

§ 171.47. Color.

The requirements for the color of school bus bodies are as follows:

* * * * *

(2) The roof of the school bus may be painted white.

(3) The body exterior trim may be painted black. The bumper and exterior mirrors shall be painted black.

[(3)] (4) If a school bus is equipped with reflective material, other than that required under §§ 171.50 and 171.59 (relating to doors and emergency exits; and lamps and signals), the reflective material shall be of automotive engineering grade or better. If additional reflective materials and markings are used, they [shall] may be applied as follows:

* * * * *

§ 171.50. Doors and emergency exits.

(a) Service doors. The requirements for service doors are as follows:

* * * * *

[(9) Supplemental security locks installed on service doors shall be equipped with an ignition interlock system or an audiovisual alarm located in the driver's compartment.]

(b) Emergency exits. Each school bus shall comply with FMVSS No. 217. See Appendix A. The area of square centimeters of the unobstructed openings for emergency exits shall collectively amount to at least 432 times the number of designated seating positions in the bus. The area of an opening equipped with a wheel chair lift is counted toward meeting additional emergency exit area requirements only if the lift is designed to be folded or stored so that the area is available for use by persons not needing the lift.

(1) The requirements for emergency exit doors are as follows:

* * * * *

(xii) Supplemental security locks installed on emergency doors shall be equipped with an audiovisual alarm located in the driver's compartment.

* * * * *

§ 171.52. First aid.

(a) First aid kit. Every school bus shall have a removable moisture and [dustproof] dust proof first aid kit, mounted in an accessible place within the driver's com-

partment. The first aid kit shall be mounted as directed by the manufacturer. The first aid kit shall be labeled and visible to the driver or its location shall be marked.

(b) Content. The first aid kit shall contain, at a minimum, the following items:

(1) Two 1 inch x 2-1/2-yards rolls of nonlatex adhesive tape [rolls].

* * * * *

(4) [Twelve] Eight 2-inch bandage compresses.

(5) [Twelve] Ten 3-inch bandage compresses.

* * * * *

[(11) One pair latex gloves.

(12) One mouth barrier.]

* * * * *

(d) Surgical gloves and mouth barriers. Either the first aid kit or the body fluid cleanup kit shall contain:

(1) One pair of nonlatex surgical gloves.

(2) One mouth barrier.

§ 171.55. Identification.

* * * * *

(b) Identification number. Every school bus shall display an identification number consisting of no more than 4 black numbers, letters or a combination of numbers and letters. The numbers or letters shall be a minimum 5 inches in height and shall be displayed in a prominent location on the front, rear and on both sides of the bus. On a school bus with a rounded front, the identification number displayed on the front of the bus may be displayed on the front bumper in yellow numbers, letters, or a combination of numbers and letters, in lieu of black numbers, letters, or a combination of numbers and letters on the front of the bus body.

(c) Additional markings. School buses shall have the name of the school district, private or parochial school, or school bus contractor clearly visible, lettered on each side of the school bus body[, below the window line] in the upper body belt band area as close as practical to the bottom ledge of the bottom window sash in letters of not less than 4 inches, and not more than [6] 8 inches in height. Lettering shall be in black or National School Bus Yellow, depending on the contrasting background color. See Appendix B. Other signs or lettering are not permitted, except the bus contractor may have his name or the name of the company in letters no larger than 3 inches in height, or the dealer identification insignia may be displayed in an area not to exceed 6 inches in height by 12 inches in width to the rear of the front entrance at the lowest possible point. Pennsylvania Public Utility Commission and Interstate Commerce Commission certification numbers, and any other required commercial vehicle markings may be displayed.

* * * * *

§ 171.59. Lamps and signals.

* * * * *

(b) Flashing signal lamps and stop signal arm devices. The requirements for flashing signal lamps and stop signal arm devices are as follows:

* * * * *

(2) *Stop signal arm devices.* Stop signal arm devices on school buses shall comply with FMVSS No. 131—See Appendix A—and the following requirements:

* * * * *

(x) The stop signal arm shall be automatically extended so that it complies with subparagraph (viii), at a minimum, whenever the red signal lamps required by FMVSS No. 108, S 5.1.4—See Appendix A—are activated; except that a device may be installed that prevents the automatic extension of a stop signal arm. The mechanism for activating the device shall be within the reach of the driver. While the device **preventing automatic extension** is activated, a continuous or intermittent signal audible to the driver shall sound. The audible signal may be equipped with a timing device **[requiring] but shall require** the signal to sound for at least 60 seconds. If a timing device is used, it shall automatically recycle each time the service entry door is opened while the engine is running and the manual override is engaged.

* * * * *

§ 171.74a. **Crossing control arm.**

School buses shall be equipped with a crossing control arm.

(1) **The crossing control arm shall meet or exceed SAE Standard J1133.**

(2) **The crossing control arm shall be mounted on the right side of the front bumper and may not open more than 90°.**

(3) **The crossing control arm shall extend approximately 72 inches from the front bumper when in the extended position.**

(4) **The crossing control arm shall extend simultaneously with the stop arm by means of the stop arm controls.**

(5) **The crossing control arm shall incorporate system connectors (electrical, vacuum or air) at the gate and shall be easily removable to allow for towing of the school bus.**

(6) **All components of the crossing control arm and all connections shall be waterproofed.**

(7) **If the crossing control arm is not constructed of noncorrosive or nonferrous material, it shall be zinc-coated or aluminum-coated or treated by equivalent process.**

(8) **There may not be sharp edges or projections on the crossing control arm that could cause hazard or injury to students.**

Subchapter D. SPECIALLY EQUIPPED SCHOOL BUS STANDARDS

§ 171.104. **Special service entrance doors.**

The requirements for special service entrance doors are as follows:

(1) **[A single door may be used if the width of the door opening does not exceed 40 inches.**

(2) **Two doors shall be used if a single door opening exceeds 40 inches.]** Either a single door or double doors may be used for the special service entrance.

[(3)] (2) * * *

[(4)] (3) * * *

[(5)] (4) * * *

[(6)] (5) * * *

[(7)] (6) * * *

[(8)] (7) * * *

[(9)] (8) * * *

[(10)] (9) * * *

[(11)] (10) * * *

[(12)] (11) * * *

Subchapter E. SCHOOL VEHICLE STANDARDS

§ 171.123. **First aid.**

(a) *Required.* Every vehicle shall have a removable moisture and **[dustproof] dust proof** first aid kit mounted in an accessible place within the driver's compartment. The first aid kit shall be mounted as directed by the manufacturer. The first aid kit shall be labeled and securely placed or mounted in an easily accessible location.

(b) *Content.* The first aid kit shall contain, at a minimum, the following items:

(1) **[Two] One** 1 inch × 2-1/2 yards **rolls of non-latex** adhesive tape **[rolls]**.

(2) **[Twenty-four] One package** sterile gauze pads, 3 inches × 3 inches.

(3) **[One hundred] One package** 3/4-inch × 3 inches adhesive bandages.

(4) **[Twelve] One package** 2 inch bandage compresses.

(5) **[Twelve] One package** 3 inch bandage compresses.

(6) **[Two] One** 2 inch × 6 yards sterile gauze roller **[bandages] bandage.**

(7) **[Two] One** nonsterile triangular bandage approximately 40 inches × 36 inches × 54 inches with **[2] two** safety pins.

(8) **[Three] One package** sterile gauze pads, 36 inches × 36 inches (U.S.P. 2423 count).

(9) **[Three] One** sterile eye **[pads] pad.**

* * * * *

[(11) One pair latex gloves.

(12) One mouth barrier.]

* * * * *

(d) *Surgical gloves and mouth barriers.* Either the first aid kit or the body fluid cleanup kit shall contain:

(1) **One pair of nonlatex surgical gloves.**

(2) **One mouth barrier.**

Subchapter F. MASS TRANSIT PUPIL TRANSPORTATION BUS STANDARDS

§ 171.133. First aid.

(a) *First aid kit.* Every mass transit pupil transportation bus shall have a removable moisture and **[dustproof] dust proof** first aid kit mounted in an accessible place within the driver's compartment. The first aid kit shall be mounted as directed by the manufacturer. The first aid kit shall be labeled and visible to the driver or its location shall be marked.

(b) *Content.* The first aid kit shall contain, at a minimum, the following items:

(1) Two 1 inch × 2-1/2 yards **rolls of nonlatex adhesive tape [rolls]**.

* * * * *

(4) **[Twelve] Eight** 2 inch bandage compresses.

(5) **[Twelve] Ten** 3 inch bandage compresses.

* * * * *

[(11) One pair latex gloves.

(12) One mouth barrier.]

* * * * *

(d) *Surgical gloves and mouth barriers.* Either the first aid kit or the body fluid cleanup kit shall contain:

(1) One pair of nonlatex surgical gloves.

(2) One mouth barrier.

GAME COMMISSION

[58 PA.CODE CH. 139]

Seasons and Bag Limits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its January 15, 2002, meeting, proposed the following amendments:

Amend § 139.4 (relating to seasons and bag limits for the license year) to provide dates for the 2002-2003 hunting license year.

This amendment will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposal is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

This proposal was made public at the January 15, 2002, meeting of the Commission, and comments on this proposal can be sent to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, until March 29, 2002.

1. Introduction

The Commission is proposing amendments to § 139.4 to provide for seasons and bag limits for the 2002-2003 license year. These seasons and bag limits were proposed

under sections 322(c)(1) and 2102(b)(1) of the code (relating to powers and duties of commission; and regulations). Major changes for the 2002-2003 year include a new ringneck pheasant season for eligible junior hunters only; eligible junior hunters only will be able to take an antlerless deer with their general license tag in any antlerless deer season; an antler size restriction on antlered deer; and a separate additional bear season for the counties of Carbon, Monroe and Pike.

2. Purpose and Authority

The Commission is required to set hunting and furtaking seasons and bag limits on an annual basis. Section 322(c) of the code specifically empowers the Commission to "... fix seasons ... and daily season and possession limits for any species of game or wildlife." Section 2102(b) of the code mandates that the Commission promulgate regulations relating to seasons and bag limits.

Major changes that have been proposed for the 2002-2003 season are primarily intended to increase the hunting opportunities for eligible junior hunters, decrease the harvest of antlered deer while encouraging the harvest of antlerless deer and decrease the amount of damage caused by bears in the counties of Carbon, Monroe and Pike. Major changes are as follows:

1. A concurrent antlered and antlerless deer season will continue to encourage the harvesting of antlerless deer while a size limitation on the antlers of antlered deer that can be legally harvested should discourage the harvesting of antlered deer. There will be an early muzzleloader season which may allow the use of any muzzleloading long gun if follow-up amendments are adopted.

2. Junior hunters will be given increased opportunities by way of a separate ringneck pheasant hunting season and the ability to harvest an antlerless deer with their general hunting tag during any antlerless deer season.

3. There will be an additional separate 6 day bear season in Carbon, Monroe and Pike Counties to try to reduce the population and, as a result, the damage caused by bears.

4. A week has been added to the fall turkey season in Turkey Management Area #7-A.

3. Regulatory Requirements

These proposed seasons and bag limits would establish when and where it is lawful to hunt and trap various game species and place limits on the numbers that can be legally taken.

4. Persons Affected

Persons wishing to hunt and trap in this Commonwealth would be affected by these seasons and bag limits.

5. Cost and Paperwork Requirements

The proposed new seasons and bag limits would not result in any additional cost either to the Commission or to hunters and furtakers.

6. Effective Dates

The effective dates are July 1, 2002, to June 30, 2003.

INSURANCE DEPARTMENT

[31 PA. CODE CH. 146b]

Privacy of Consumer Health Information

The Insurance Department (Department) proposes to adopt Chapter 146b (relating to privacy of consumer health information) to read as set forth in Annex A. The proposed rulemaking is made under the general rulemaking authority of sections 205, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) and under the guidance of section 648 of the Insurance Department Act of 1921 (40 P. S. § 288) (Act 40). Likewise, the proposed rulemaking is made under the Department's rulemaking authority under the Unfair Insurance Practices Act (act) (40 P. S. §§ 1171.1—1171.14) (the authority is further explained in *PALU v. Insurance Department*, 371 A.2d 564 (Pa. Cmwlth. 1977)), because the Insurance Commissioner has determined that the improper disclosure or marketing, or both, of nonpublic personal health information by members of the insurance industry constitutes an unfair method of competition and an unfair or deceptive act or practice.

Purpose

The purpose of this proposed rulemaking is to adopt Chapter 146b to implement the privacy requirements for nonpublic health information in the National Association of Insurance Commissioners Model Privacy of Consumer Financial and Health Information Regulation (NAIC Model). The privacy requirements for nonpublic financial information in the NAIC Model were promulgated in final-form at 31 Pa.B. 4426 (August 11, 2001) to comply with the requirements in Title V of the act of November 12, 1999 (Pub. L. No. 106-102, 113 Stat. 1338) known as the Gramm-Leach-Bliley Act (GLBA) (15 U.S.C.A. §§ 6801—6827).

Background

This proposed rulemaking is modeled from the health information privacy sections of the NAIC Model. For purposes of this proposed rulemaking, the Department will make available a copy of the NAIC Model to the Standing Committees of the Senate and the House and to

the Independent Regulatory Review Commission (IRRC). Otherwise, this material is copyrighted and is available from the NAIC upon request. For further information, see the NAIC website at <http://www.naic.org>. In general, the NAIC Model requires that insurance entities obtain the authorization of a consumer before disclosing nonpublic personal health information relating to that consumer. The Department has chosen to implement the NAIC Model to achieve a level of uniformity among the states because a majority of the states have committed to implementing the NAIC Model, including its health information privacy provisions.

For these reasons, the Department has attempted to implement the health information privacy provisions of the NAIC Model as closely as possible. However, because the Department is promulgating the health information privacy provisions in the NAIC Model separately from the financial privacy requirements and because the Department believed that additional consumer protections were necessary, this proposed rulemaking includes several variations from the NAIC Model. For example, in § 146b.2 (relating to definitions), the Department has modified the definition of "consumer" to include persons that meet the definition of either a "consumer" or a "customer" in the NAIC Model. The NAIC Model distinguishes between these two types of person because each is treated differently with respect to the privacy of their nonpublic personal financial information. However, because there is no distinction between a "consumer" and a "customer" in the NAIC Model's health privacy provisions, and because the Department is promulgating the NAIC Model's health privacy provisions separately from the financial privacy provisions, the distinction is no longer necessary.

The Department has also made two substantive additions to the NAIC Model's health privacy provisions to provide additional protection to consumers' nonpublic personal health information. For example, the Department has limited the disclosure of nonpublic personal health information for the purpose of carrying out one of the "insurance function exceptions" in § 146b.11(b) (relating to authorization required for disclosure of nonpublic personal health information) only "to the extent that the disclosure of nonpublic personal health information is

necessary for the performance” of the insurance function. This language is not found in the NAIC Model. Finally, the Department also included in § 146b.11(c) a requirement that licensees enter into an agreement with a third party to whom the licensee discloses nonpublic personal health information for the purpose of performing one of the insurance function exceptions to preserve the confidentiality of the information.

In addition, this proposed rulemaking is being promulgated to address several segments of the insurance industry that are not subject to the Federal Health Insurance Portability and Accountability Act (Pub. L. No. 104-191, 110 Stat. 1936) privacy regulation (Federal HIPAA privacy regulation) as promulgated by the United States Department of Health and Human Services (HHS) at 45 CFR Parts 160–164. Although certain licensees such as health insurers will be subject to the Federal HIPAA privacy regulation, other licensees such as life insurers and automobile insurance carriers will not be subject to those regulations. Therefore, this proposed rulemaking is needed to provide privacy protections to all insurance consumers of this Commonwealth. Also, this proposed rulemaking is not intended to constitute duplicative regulation of health information privacy for those licensees that are subject to the Federal HIPAA privacy regulation, as evidenced in the “self-preemption” provision in § 146b.21(a) (relating to relationship with other laws). This subsection provides an exemption from the purview of this proposed rulemaking for any licensee that otherwise is compliant with the entire Federal HIPAA privacy regulation.

Preproposal Comments

On August 28, 2001, the Department held an outreach meeting with various trade groups and members of this Commonwealth’s insurance industry that could be affected by this proposed rulemaking. The purpose of the meeting was to discuss an initial draft of the Department’s health information privacy regulation, which included the deviations from the NAIC Model. In conjunction with that meeting, the Department also permitted the meeting attendees to submit written comments relating to the Department’s initial draft of the health information privacy regulation. Written comments were submitted by the following entities and, where applicable, were considered during the design of this proposed rulemaking: the Insurance Federation of Pennsylvania, the Pennsylvania Association of Mutual Insurers, American Family Life Assurance Company of Columbus, Keystone Health Plan Central, Capital Blue Cross, Lucas & McClain, LLP, the Managed Care Association of Pennsylvania, the American Insurance Association, Independence Blue Cross, Highmark, Inc., Pennsylvania Association of Health Underwriters and Alliance of American Insurers. Also, a joint comment was submitted by the Independent Insurance Agents of Pennsylvania and the Pennsylvania Association of Insurance and Financial Advisors.

Copies of the written preproposal comments submitted by these groups are available upon request. The Department has taken these preproposal comments into consideration and, where applicable, the Department made several revisions to its initial draft of the proposed rulemaking based upon those comments for the purpose of this proposed rulemaking.

Explanation of Regulatory Changes

Subchapter A. General provisions.

Section 146b.1 (relating to purpose) contains the purpose and compliance requirements needed to govern the

treatment of nonpublic personal health information about individuals in this Commonwealth by all licensees of the Department.

Section 146b.2 contains the definitions of terms that are used in this chapter.

Subchapter B. Rules for disclosure of nonpublic personal health information.

Section 146b.11 contains the requirement that an authorization from the consumer is required before a licensee may disclose a consumer’s nonpublic personal health information.

Section 146b.12 (relating to authorizations) contains the general requirements for the contents of the authorizations that are required in § 146a.11.

Section 146b.13 (relating to authorization request delivery) describes the appropriate methods for delivery of a request for authorization by a licensee to a consumer

Subchapter C. Additional provisions.

Section 146b.21 describes the interaction of this proposed rulemaking with other laws of the Commonwealth and the Federal government.

Section 146b.22 (relating to nondiscrimination) provides that a licensee may not unfairly discriminate against a consumer because that consumer has not granted an authorization for the disclosure of nonpublic personal health information.

Section 146b.23 (relating to violation) provides that a contravention of this proposed rulemaking shall be deemed to be an unfair or deceptive act and practice in the conduct of the business of insurance and shall be deemed a violation of the act.

Section 146b.24 (relating to compliance dates) provides that this proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*, and the compliance dates mirror those in the Federal HIPAA privacy regulation.

Fiscal Impact

There will be a fiscal impact as a result of the proposed rulemaking. However, this proposed rulemaking merely fills in any gaps in the insurance industry that are not covered by the Federal HIPAA privacy regulation. Therefore, the adoption of this proposed rulemaking should not have a significant cost impact over what is currently being required by the Federal HIPAA privacy regulation.

Paperwork

Unless specifically executed under the definition of “licensee” in § 146b.2, the proposed rulemaking will affect all licensees doing the business of insurance in this Commonwealth by imposing additional paperwork requirements pertaining to the delivery and treating of opt out notices.

Effectiveness/Sunset Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*, and the compliance dates mirror those in the Federal HIPAA privacy regulation.

Contact Person

Questions or comments regarding this proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Insurance Department, 1326 Strawberry Square, Harrisburg, PA 17120, within 30 days following the publication of this notice in

the *Pennsylvania Bulletin*. Questions and comments may also be e-mailed to psalvatore@state.pa.us or faxed to (717) 772-1969.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on March 4, 2002, the Department submitted a copy of this proposed rulemaking to IRRC and the Chairpersons of the Senate Banking and Insurance Committee and the House Insurance Committee. In addition to submitting the proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed rulemaking, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by the portion of the proposed rulemaking to which an objection is made. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of objections raised.

(C) Institutions chartered by Congress specifically to engage in securitizations, secondary market sales (including sales of servicing rights) or similar transactions related to a transaction of a consumer, as long as the institutions do not sell or transfer nonpublic personal information to a nonaffiliated third party.

Health care—

(i) Preventative, diagnostic, therapeutic, rehabilitative, maintenance or palliative care, services, procedures, tests or counseling that either:

(A) Relates to the physical, mental or behavioral condition of an individual.

(B) Affects the structure or function of the human body or a part of the human body, including the banking of blood, sperm, organs or other tissue.

(ii) Prescribing, dispensing or furnishing to an individual drugs or biologicals, or medical devices or health care equipment and supplies.

Health care provider—A physician or other health care practitioner licensed, accredited or certified to perform specified health services consistent with the laws of the Commonwealth, or a health care facility.

Health information—Information or data except age, gender or nonpublic personal financial information, whether oral or recorded in a form or medium, created by or derived from a health care provider or the consumer that relates to one or more of the following:

(i) The past, present or future physical, mental or behavioral health or condition of an individual.

(ii) The provision of health care to an individual.

(iii) Payment for the provision of health care to an individual.

Insurance product or service—A product or service that is offered by a licensee under the insurance laws of the Commonwealth. Insurance service includes a licensee's evaluation, brokerage or distribution of information that the licensee collects in connection with a request or an application from a consumer for an insurance product or service.

Licensee—

(i) A licensed insurer, as defined in section 201-A of the act (40 P. S. § 65.1-A), a producer and other persons or entities licensed or required to be licensed, or authorized or required to be authorized, or registered or required to be registered under the act or The Insurance Company Law of 1921 (40 P. S. §§ 361—991.2361), including health maintenance organizations holding a certificate of authority under section 201 of the Health Care Facilities Act (35 P. S. § 448.201).

(ii) The term does not include:

(A) Bail bondsmen as defined in 42 Pa.C.S. § 5741 (relating to definitions).

(B) Motor vehicle physical damage appraisers as defined in section 2 of the Motor Vehicle Physical Damage Appraiser Act (63 P. S. § 852) and § 62.1 (relating to definitions).

(iii) Subject to subparagraph (iv), the term does not include governmental health insurance programs such as the following:

(A) The Children's Health Insurance Program as provided for in the Children's Health Care Act (40 P. S. §§ 991.2301—991.2361).

(B) The Medicaid program as provided for in sections 441.1—453 of the Public Welfare Code (62 P. S. §§ 441.1—453).

(C) The Medicare+Choice program as provided for in the Balanced Budget Act of 1997, sections 1851—1859, Medicare Part C under Title XVIII of the Social Security Act (42 U.S.C.A. §§ 1395w-21—1395w-29).

(D) The Adult Basic Care program as provided for in Act 77 of 2001 (June 26, 2001). See section 1303 of the Tobacco Settlement Act (35 P. S. § 5701.1303).

(iv) The term includes a licensee that enrolls, insures or otherwise provides an insurance related service to participants that procure health insurance through a governmental health insurance program exempted under subparagraph (iii).

(v) Subject to subparagraph (ii), the term "licensee" shall also include a nonadmitted insurer that accepts business placed through a surplus lines licensee (as defined in section 1602 of The Insurance Company Law of 1921 (40 P. S. § 991.1602) (relating to definition of surplus lines licensee)) in this Commonwealth, but only in regard to the surplus lines placements placed under Article XVI of The Insurance Company Law (40 P. S. §§ 991.1601—991.1625).

Nonpublic personal financial information—As defined in § 146a.2 (relating to definitions).

Nonpublic personal health information—

(i) The term means health information that either:

(A) Identifies an individual who is the subject of the information.

(B) There is a reasonable basis to believe could be used to identify an individual.

(ii) The term does not include nonpublic personal financial information.

Producer—An insurance agent or broker licensed or required to be licensed by the Department under the act.

**Subchapter B. RULES FOR DISCLOSURE OF
NONPUBLIC PERSONAL HEALTH INFORMATION**

Sec.

146b.11. Authorization required for disclosure of nonpublic personal health information.

146b.12. Authorizations.

146b.13. Authorization request delivery.

§ 146b.11. Authorization required for disclosure of nonpublic personal health information.

(a) *Authorization required.* A licensee may not disclose nonpublic personal health information about a consumer unless an authorization is obtained from the consumer whose nonpublic personal health information is sought to be disclosed.

(b) *Insurance function exception.* Nothing in this section prohibits, restricts or requires an authorization for the disclosure of nonpublic personal health information by a licensee to the extent that the disclosure of nonpublic personal health information is necessary for the performance of one or more of the following insurance functions by or on behalf of the licensee:

(1) Claims administration, including coordination of benefits and subrogation.

(2) Claims adjustment and management.

(3) Detection, prevention, investigation or reporting of actual or potential fraud, misrepresentation or criminal activity.

(4) Underwriting.

(5) Policy placement or issuance.

(6) Loss control.

(7) Ratemaking and guaranty fund functions.

(8) Reinsurance and excess loss insurance.

(9) Risk management.

(10) Case management.

(11) Disease management.

(12) Quality assurance.

(13) Quality improvement.

(14) Performance evaluation.

(15) Provider credentialing verification.

(16) Utilization review.

(17) Peer review activities.

(18) Actuarial, scientific, medical or public policy research.

(19) Grievance and complaint procedures.

(20) Internal administration of compliance, managerial and information systems.

(21) Policyholder service functions.

(22) Auditing.

(23) Reporting.

(24) Database security.

(25) Administration of consumer disputes and inquiries.

(26) External accreditation standards.

(27) The replacement of a group benefit plan or workers compensation policy or program.

(28) Activities in connection with a sale, merger, transfer or exchange of all or part of a business or operating unit.

(29) An activity that permits disclosure without authorization under the Federal regulation.

(30) Disclosure that is required, or is one of the lawful or appropriate methods, to enforce the licensee's rights or the rights of other persons engaged in carrying out a transaction or providing a product or service that a consumer requests or authorizes.

(31) An activity otherwise permitted by law, required under governmental regulatory or reporting authority, or to comply with a court ordered warrant, a subpoena or summons issued by a judicial officer, administrative judge, referee, hearing officer or a grand jury subpoena.

(32) Compliance with qualified medical child support Orders.

(33) Preventive service reminders that do not require disclosure of nonpublic personal health information that a consumer has not previously disclosed directly to the recipient of the information.

(c) *Insurance functions performed by third parties on behalf of the licensee.* A licensee may disclose nonpublic personal health information to a third party not licensed by the Department provided that the licensee enters into an agreement with the third party that prohibits the third party from disclosing or using the nonpublic personal health information for a purpose other than to carry out one or more of the insurance functions identified in subsection (b).

(d) *Additional insurance functions.* Additional insurance functions may be added with the approval of the Commissioner to the extent they are necessary for appropriate performance of insurance functions and are fair and reasonable to the interest of consumers. The addition of insurance functions may be done by publication of a notice identifying the additional insurance functions in the *Pennsylvania Bulletin*.

§ 146b.12. Authorizations.

(a) *Valid authorization contents.* A valid authorization to disclose nonpublic personal health information under § 146b.11(a) (relating to authorization required for disclosure of the nonpublic personal health information) shall be in written or electronic form and shall contain all of the following:

(1) The identity of the consumer who is the subject of the nonpublic personal health information.

(2) A general description of the types of nonpublic personal health information to be disclosed.

(3) General descriptions of the parties to whom the licensee discloses nonpublic personal health information, the purpose of the disclosure and how the information will be used.

(4) The signature of the consumer who is the subject of the nonpublic personal health information or the individual who is legally empowered to grant authority and the date signed.

(5) Notice of the length of time for which the authorization is valid and that the consumer may revoke the authorization at any time and the procedure for making a revocation.

(b) *Duration of authorization.* An authorization for the purposes of § 146b.11(a) shall specify a length of time for which the authorization shall remain valid, which may not be for more than 24 months.

(c) *Revocation of authorization.* A consumer who is the subject of nonpublic personal health information may

revoke an authorization provided under this subchapter at any time, subject to the rights of an individual or licensee who acted in reliance on the authorization prior to notice of the revocation.

(d) *Record of authorization.* A licensee shall retain the authorization and a revocation of the authorization, or copies thereof, for 6 years in the record of the individual who is the subject of nonpublic personal health information.

§ 146b.13. Authorization request delivery.

A request for authorization and an authorization form may be delivered to a consumer as part of a privacy notice delivered under Chapter 146a (relating to privacy of consumer financial information), provided that the request and the authorization form are clear and conspicuous. An authorization form is not required to be delivered to the consumer or included in other notices unless the licensee intends to disclose nonpublic personal health information under § 146b.11(a) (relating to authorization required for disclosure of nonpublic personal health information).

Subchapter C. ADDITIONAL PROVISIONS

- Sec.
- 146b.21. Relationship with other laws.
- 146b.22. Nondiscrimination.
- 146b.23. Violation.
- 146b.24. Compliance dates.

§ 146b.21. Relationship with other laws.

(a) *Relationship with the Federal regulation.* Irrespective of whether a licensee is subject to the Federal regulation, if a licensee complies with the requirements of the Federal regulation, the licensee will not be subject to this chapter.

(b) *Relationship with other state law or regulation.* Nothing in this chapter preempts or supersedes existing laws or regulations of the Commonwealth that relate to medical records, health or insurance information privacy.

(c) *Relationship with the Fair Credit Reporting Act.* This chapter will not be construed to modify, limit or supersede the operation of the Federal Fair Credit Reporting Act (15 U.S.C.A. §§ 1681—1681u), and no inference may be drawn on the basis of the provisions of this chapter regarding whether information is transaction or experience information under section 603 of that act (15 U.S.C.A. § 1681a).

(d) *Relationship with section 648 of the act (40 P. S. § 288) (relating to customer privacy).* This chapter will not be construed to modify, limit or supersede the operation of section 648 of the act (40 P. S. § 288) (relating to customer privacy).

§ 146b.22. Nondiscrimination.

A licensee may not unfairly discriminate against a consumer because that consumer has not granted authorization for the disclosure of nonpublic personal health information under this chapter.

§ 146b.23. Violation.

Violations of this chapter are deemed and defined by the Commissioner to be an unfair method of competition and an unfair or deceptive act or practice and shall be subject to applicable penalties or remedies contained in the Unfair Insurance Practices Act (40 P. S. §§ 1171.1—1171.15).

§ 146b.24. Compliance dates.

(a) Licensees with \$5 million or more in annual receipts shall comply with the applicable requirements of this chapter by April 14, 2003.

(b) Licensees with \$5 million or less in annual receipts shall comply with the applicable requirements of this chapter by April 14, 2004.

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and The Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by the EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted before the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will

be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated before the application.

Persons with a disability, who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PAG123548, CAFO, **John E. Lindsey**, 395 Lindsey Lane, Lewistown, PA 17044. This proposed facility is located in Derry and Decatur Townships, **Mifflin County**.

Description of Proposed Activity: The John Lindsey Swine Farm is a swine and dairy operation with a total AEU's of 513.3. An estimated quantity of total annual manure production is 912 tons. John E. Lindsey is proposing to phase out the dairy operation while adding to the swine finishing operation. The 4,000 head of swine will be housed in two barns. All manure and wash water will be stored under the barn in concrete storages until application time. Of the 1,511,978 gallons of manure generated on the farm, 831,978 gallons is used on the farm with 680,000 gallons being exported to neighboring farms.

The receiving stream, UNT to Meadow Creek, is in the State Water Plan watershed 12-A and is classified for CWF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

PAG123549, CAFO, **Jay C. Finkbinder**, R. R. 1, Box 2975, McAlisterville, PA 17049. This proposed facility is located in Fayette Township, **Juniata County**.

Description of Proposed Activity: The Finkbinder farm is an existing dairy and swine operation with a total AEU's of 919.1. The 110 head dairy operation generates approximately 418,809 gallons of manure annually. This operation uses a PTO pump to transfer manure from a reception pit located near the stanchion barn to an existing slurry store. All the dairy manure is disposed on the farm. The 6,600-head swine operation has an approximate manure generation of 1,898,348 gallons. The facilities utilize both a 900,000 and a 1.305 million-gallon under building storage facility. The storage is equipped with a foundation drainage system that can be used as a leak detection system. Of the 1,898,348 gallons of swine manure produced, 480,000 gallons is exported to neighboring farms with the remainder being applied on the home farm.

The receiving stream, Little Lost Creek, is in the State Water Plan watershed 12-A and is classified for TSF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

PAG123550, CAFO, **Weiler Farm Partnership**, 350 East Mill Avenue, Myerstown, PA 17067. This proposed facility is located in Jackson Township, **Lebanon County**.

Description of Proposed Activity: The Weiler Farm 1 is an existing 4,000-head swine operation with a total AEU's of 556. The estimated annual manure production is 6,813 tons. The farm's manure storage system consists of reinforced concrete manure storage structures under each building. The system is designed to allow manure and wastewater to directly fall into the structure. Each structure is 81' x 206' x 6'. All of the 1,635,226 gallons of manure is exported to neighboring farms.

The receiving stream, Tulpehocken Creek, is in the State Water Plan watershed 3-C and is classified for TSF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

PAG123551, CAFO, **Weiler Farm Partnership**, 350 East Mill Avenue, Myerstown, PA 17067. This proposed facility is located in South Londonderry Township, **Lebanon County**.

Description of Proposed Activity: The Weiler Farm 2 is an existing 6,000-head swine operation with a total AEU's of 689.1. The estimated annual manure production is 8,972.93 tons. The farm's manure storage system consists of reinforced concrete manure storage structures under each building. The system is designed to allow manure and wastewater to directly fall into the structure. Each structure is 81' x 206' x 6'. All of the 2,153,502 gallons of manure is exported to neighboring farms.

The receiving stream, Little Conewago Creek, is in the State Water Plan watershed 7-G and is classified for TSF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

PAG123547, CAFO, **Lawrence N. Mummau**, R. R. 1, Box 279, East Waterford, PA 17021. This proposed facility is located in Shirley Township, **Huntingdon County**.

Description of Proposed Activity: The Mummau farm is an existing swine and beef operation with an average AEU of 635. The operation includes approximately 40 beef cattle plus calves that are pastured 100% of the time. Of the 686.2 tons of manure produced by these animals, virtually all of the waste is deposited directly on pasture. Any manure that may be left behind in a shelter facility is stockpiled and composted but is not spread on the fields. The 3,700 head swine operation produces 2,002,002 gallons of liquid manure that is first directed through slotted floors into shallow pits beneath pens and then drained periodically to a 1,890,625 gallon capacity, impermeable polyethylene-lined earthen storage lagoon. All of the manure generated is utilized on this farm.

The receiving stream, tributary to Aughwick Creek, is in the State Water Plan watershed 12-C and is classified for: TSF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

PA0246638, CAFO, **Franklinview Farms**, 2232 Franklin Road, Columbia, PA 17512. This proposed facility is located in Manor Township, **Lancaster County**.

Description of Proposed Activity: The Franklinview Farm is an existing poultry and dairy operation planning to expand the dairy portion of the farm upping the total AEU to 1,073.4. The estimated quantity of total annual manure production is 16,529 tons. A herd of 783 dairy animals is planned with the expansion. The new facility will consist of a free-stall barn and concrete under the slatted floor of the building. The storage shall be sized to hold at least 6 months of storage. The expansion estimate of liquid cow manure is 2,621,376 gallons. The present dairy herd generates 1,016,986 gallons and 790.5 tons of manure. The 34,000-broiler litter generates 286.4 tons of manure but broiler production may be abandoned after the expansion. All of the manure produced from this operation is used on the farm.

The receiving stream, Syrickler Run, is in the State Water Plan watershed 7-G and is classified for: WWF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms,

the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

PAG123552, CAFO, **Bruce Pohlman & Son Hog Farm**, 1633 Sentennial Road, New Oxford, PA 17350. This proposed facility is located in Mt. Pleasant Township, **Adams County**.

Description of Proposed Activity: The Bruce Pohlman & Son Hog Farm is an existing hog and beef operation with a total of 368 AEU (329 AEU are finishing swine). The estimated quantity of total annual manure production is 4,174.05 tons. All generated beef manure is used on farm. All swine manure is exported from the farm to Jim Weaver and/or Jeff Weaver Farms in New Oxford. They will be receiving approximately 656,750 gallons of hog manure.

The receiving stream, UNT (spring fed) Conewago Creek, is in the State Water Plan watershed 7F and is classified for: WWF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

PAG123553, CAFO, **Path Valley Enterprises LLC**, 1272 Ash Lane, Lebanon, PA 17042. This proposed facility is located in Fannett Township, **Franklin County**.

Description of Proposed Activity: The Path Valley Farm is an existing sow operation with 297.1 AEU. They are proposing a two building expansion (1,400 sows) and an extension onto the nursery barn, upon completion they will house 706.58 AEU. Utilization of the existing storage structures with additional limited storage under the building will be implemented into the plant. Total storage for the sow operations will exceed 1.6 million gallons upon completion of the expansion. The nursery facility will continue to utilize the existing manure storage facility that has a capacity of 550,000 gallons. All manure will be utilized onsite (84.6 acres).

The receiving stream, Doyleburg Stream, is in the State Water Plan watershed 12-B and is classified for: CWF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

Application No. PA 0088781, Industrial Waste, **Connectiv Mid-Merit, Inc.**, 113 Pencader Drive, Suite 100, P. O. Box 6066, Newark, DE 19714-6066. The proposed facility will be located in Peach Bottom Township, **York County**.

Description of activity: The application is for issuance of an NPDES permit for a new discharge of cooling tower blowdown.

The receiving stream, Susquehanna River, is in Watershed 7-I and is classified for warm water fishery, water supply and recreation and fish consumption. The nearest downstream public water supply intake is the City of Baltimore, located on the Susquehanna River approximately 9 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 based on a maximum discharge rate of 6.01 MGD are:

Parameter	Mass (lbs/day)		Concentration (mg/l)		
	Average Monthly	Maximum Daily	Average Monthly	Maximum Daily	Instantaneous Maximum
pH	XXX	XXX		6.0 to 9.0 inclusive	
Free Available Chlorine	XXX	XXX	XXX	0.2	0.5
Discharge Temperature	XXX	XXX	XXX	100°F	XXX
Heat Rejection Rate	XXX	XXX	XXX	Monitor and Report	XXX
Total Aluminum	XXX	XXX	XXX	Monitor and Report	XXX
Total Copper	XXX	XXX	XXX	Monitor and Report	XXX

The proposed effluent limits for Outfall 100 (internal monitoring point) based on a maximum discharge rate of 0.4 MGD are:

Parameter	Mass (lbs/day)		Concentration (mg/l)		
	Average Monthly	Maximum Daily	Average Monthly	Maximum Daily	Instantaneous Maximum
Oil and Grease	XXX	XXX	15	20	30
Total Suspended Solids	XXX	XXX	30	100	XXX

In addition to the effluent limits, the permit contains the following major special conditions:

- Instream temperature monitoring.
- Submission of operating procedure for moderating instream temperature changes following plant shutdown and a Preparedness, Prevention and Contingency (PPC) Plan.

Individuals may make an appointment to review the Department files on this case by calling the File Review Coordinator at (717) 705-4732.

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted before the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices that restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted before the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701.

Centre County Conservation District, 414 Holmes Ave, Suite 4, Bellefonte, PA 16823 (814) 355-8696.

NPDES Permit PAS10F103, Stormwater, **The Pennsylvania State University**, Office of Physical Plant, University Park, PA 16802 has applied to discharge stormwater associated with a construction activity located in State College Borough, **Centre County** to Thompson Run, HQ-CWF.

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act, the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on the permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Comment responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific

standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department received the following Notices of Intent to Remediate:

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Public comments must be submitted within 60 days of this notice and may recommend revisions to and approval or denial of the application.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the Department Regional Office within 30 days of the date of this notice and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act and regulations adopted under the Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001–4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

46-0041A: Jefferson Smurfit Corp. (U. S.) (1035 Longford Road, Phoenixville, PA 19460) for installation of a new lithographic printing press (Press No. 10) at the folding carton plant in Upper Providence Township, **Montgomery County**. The plant is a Title V facility. This installation will result in a VOC net emission increase of 24.5 tons per year. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

46-00015: Occidental Chemical Corp., Inc. (375 Armand Hammer Blvd., Pottstown, PA) to amend their Title V Operating Permit to incorporate the plan approval that was issued on March 29, 2000, for the replacement of a product cyclone on Production Line No. 6 at their facility in Lower Pottsgrove Township, **Montgomery County**. Production Line No. 6 corresponds to Source ID 104 in the Title V Operating Permit. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

05-03010A: New Enterprise Stone and Lime Co., Inc. (P. O. Box 77, New Enterprise, PA 16664) for installation of a limestone screening and crushing unit at the existing limestone crushing and screening plant in Snake Spring Township, **Bedford County**. The crusher will be controlled by wet suppression and it is subject to 40 CFR Part 60, Subpart OOO—Standards of Performance for Nonmetallic Mineral Processing Plants. The potential emissions of particulate matter will increase by 2.4 tons per year. The plan approval will include recordkeeping and reporting requirements designed to ensure compliance with the applicable air quality requirements.

06-05069A: East Penn Mfg. Co., Inc. (P. O. Box 147, Lyon Station, PA 19536) for installation of two replacement mist eliminators to control the battery formation operation at the Industrial Battery Plant in Richmond Township, **Berks County**. The operation has a potential to emit of 4.2 tons per year of particulate and 2.4 tons per year of sulfur oxides. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the source operating within all applicable air quality requirements. The plan approval will be incorporated into the Title V operating permit in accordance with 25 Pa. Code § 127.450.

36-03135A: Shared Mail Acquisitions, LLC (72 Industrial Circle, Leola, PA 17540-0129) for construction of sources at its printing facility in Upper Leacock Township, **Lancaster County**. This printing facility is a non-Title V (State only) facility. This construction will result in 2.28 tons per year of VOCs, 2.29 tons per year of nitrogen oxides, 1.92 tons per year of carbon monoxide and less than 1 ton each of hazardous air pollutants, particulate matter and sulfur oxides to be emitted. A thermal oxidizer will control the VOC emissions. Conditions for monitoring, recordkeeping and operating are included to keep the facility operating within the applicable requirements.

ER-36-05015A: Dart Container Corp. of PA (60 East Main Street, Leola, PA 17540) for an Air Quality Emission Reduction Credit approval of 20 tons of VOCs, resulting from the use of nonvolatile ultraviolet cured inks in the polyethylene film (bag) printing operations in

Upper Leacock Township, **Lancaster County**. The plan approval will include emission limitations, testing, monitoring, record keeping, reporting requirements and work practice standards designed to keep the facility operating within all applicable air quality requirements.

36-05027B: R. R. Donnelley and Sons Co. (1375 Harrisburg Pike, Lancaster, PA 17601) for installation of one web offset printing press at the Lancaster East Plant in Lancaster City, **Lancaster County**. The existing thermal oxidizer will control the new source. The allowable VOC emissions, from the operation of the press, are limited to 30 tons per year. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the source operating within all applicable air quality requirements. The plan approval will be incorporated into the Title V operating permit in accordance with 25 Pa. Code § 127.450.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Contact: William Charlton, New Source Review Chief, (412) 442-4174.

30-00099A: Allegheny Energy Supply Co., LLC (4350 Northern Pike, Monroeville, PA 15146) for installation of NOx control projects on Units #1—#3 at Hatfield's Ferry Power Station in Monongahela Township, **Greene County**.

The facility is subject to the applicable requirements of 25 Pa. Code Chapter 127 and 25 Pa. Code §§ 123.102—123.120. It is proposed that the following conditions be placed in the Plan Approval:

1. The facility is to be constructed in accordance with the plans submitted with the application (as approved herein).

2. Upon completion of the construction of the facility, an operating permit must be obtained. Notify the Department when the installation is completed so that the facility can be inspected for issuance of an operating permit.

3. This Plan Approval authorizes the installation of NOx control projects on Units #1—#3 at Allegheny Energy Supply Company's Hatfield's Ferry Power Station located in Monongahela Township, Greene County (25 Pa. Code § 127.11).

4. The proposed NOx control project on Unit #1 consists of rotary overfired air nozzles, Rotamix nozzles for the injection of ammonia and all associated fans, ductwork, transfer piping and control systems. Also included is an aboveground tank and associated unloading and transfer equipment for the storage and use of aqueous ammonia and/or urea unloading, storage and processing equipment (25 Pa. Code § 127.11).

5. Urea storage silos shall be equipped with bin vent collectors. Urea shall be pneumatically transferred from trucks/railcars to storage silos. Unloading of urea trucks/railcars shall not take place unless the pneumatic transfer/bin vent collector systems are also operating properly.

6. The NOx control projects for Units #2 and #3 consist of the installation of natural gas reburn systems. Systems each include nozzles for the injection of natural gas and overfire air and all associated fans, ductwork, piping and control systems (25 Pa. Code § 127.12b).

7. The emission of ammonia from Unit #1 shall not exceed 10 ppmv at stack conditions as determined by EPA Conditional Test Method (CTM-027), *Procedure for Collec-*

tion and Analysis of Ammonia in Stationary Sources or other procedure approved by the Department (25 Pa. Code § 127.12b).

8. Stack testing shall be conducted on Unit #1 to determine the mass emission rate of ammonia (as NH₃) and carbon monoxide. Stack testing shall be conducted on Units #2 and #3 to determine the mass emission rate of carbon monoxide and nonmethane VOCs. Testing should be conducted within 90 days of achieving maximum capacity operation (including maximum natural gas availability) of the NOx control project on each unit. However, it is understood that additional time, not to exceed 180 days total, may be necessary, due to the three-unit, two-stack configuration and the required unit outages to isolate emissions from each unit (25 Pa. Code §§ 127.12b and 139.11).

a) Stack testing shall be conducted in accordance with the provisions of 25 Pa. Code Chapter 139 and the Department's Source Testing Manual.

b) At least 60 days prior to the test, the owner/operator shall submit to the Department two copies of the procedures for the stack test and drawings with dimensions indicating the location of sampling ports and other data to ensure the collection of representative samples.

c) At least 15 days prior to the test, the Regional Air Quality Manager shall be informed of the date and time of the test.

d) All relevant operating parameters (such as boiler steam flow, air flow, gross megawatts, O₂; CEMS heat input and stack flue gas volumetric flow rate; natural gas and/or ammonia feed flow rate) shall be recorded at appropriate intervals throughout the duration of the stack tests. Operating data recorded shall be sufficient to establish that the units and the air cleaning devices are operating at maximum routine operating conditions. A discussion of the recorded operating parameters and values shall be included in the test report.

e) Within 60 days after the stack test, two copies of the complete test report, including all recorded operating parameters, shall be submitted to the Regional Air Quality Manager for approval.

f) The ammonia slip limit previously established may be revised based on the results of the stack testing.

9. It is not an enforceable requirement that the NOx control projects be operated at any given time (25 Pa. Code § 127.12b).

10. Owner/operator shall keep a monthly log of all aqueous ammonia and/or urea delivered to this facility. These records shall be kept onsite for a period of 5 years and be made available to the Department upon request (25 Pa. Code § 127.12b).

11. As required by 40 CFR 68.10(a)(3), a Risk Management Plan must be submitted to both EPA and the Department prior to the storage on site of any regulated toxic substances in excess of the threshold quantities listed Table 1 to 40 CFR 68.130. The Risk Management Plan shall include all of the requirements of 40 CFR 68, Subpart G.

12. Total fuel input to Units #1—#3 shall not exceed their rated heat capacity of 5,766 mmBtu/hr each.

13. This approval to construct shall become invalid: (1) if construction is not commenced (as defined in 40 CFR 52.21(b)(8)) within 18 months after the date of this approval; or (2) if construction is discontinued for a period of 18 months or more (25 Pa. Code § 127.13(b)).

14. This Plan Approval authorizes temporary operation of the sources and/or control devices covered by this Plan Approval provided the following conditions are met (25 Pa. Code § 127.12b(d)).

a) The Department must receive written notice from the Owner/Operator of the completion of construction and the operator's intent to commence operation at least 5 working days prior to the completion of construction. The notice should state when construction will be completed and when operator expects to commence operation.

b) Operation is permitted only to facilitate the start-up and shake-down of sources and/or air cleaning devices, to permit operations pending the issuance of an Operating Permit or to permit the evaluation of the sources and/or control devices for compliance with all applicable regulations and requirements.

c) This condition authorizes temporary operation of the sources and/or control devices for a period of 180 days from the date of commencement of operation, provided the Department receives notice from the Owner/Operator under subpart (a).

d) The Owner/Operator may request an extension if compliance with all applicable regulations and Plan Approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of this period of temporary operation and shall provide a description of the compliance status of the sources and/or control devices, a detailed schedule for establishing compliance and the reasons compliance has not been established.

e) The notice submitted by the Owner/Operator under subpart (a), prior to the expiration of this Plan Approval, shall modify the plan approval expiration date. The new Plan Approval expiration date shall be 180 days from the date of the written.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

48-00011: C. F. Martin and Co., Inc. (510 Sycamore Street, Nazareth, PA 18064) for their guitar manufacturing process in Upper Nazareth Township, **Northampton County**. As a result of emissions of VOCs, the company is considered a major stationary source subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapter G. The proposed Title V Operating Permit will incorporate applicable air quality requirements of Title V for the sources at the facility and include the Department's Plan Approval No. 48-318-129B. Plan Approval No. 48-318-129B is an approval for an increase of operating hours and VOC emissions. It requires that the VOC emissions from the entire facility shall never exceed 98.9 tons per year from the coating operation and clean-up solvents. The operating permit will contain additional record keeping and operating restrictions designed to keep the source operating within all applicable air quality requirements.

36-05062A: Manheim Auto Auctions (1190 Lancaster Road, Manheim, PA 17545-9746) for operation of their automobile refinishing facility in Penn Township, **Lancaster County**. Emissions of VOCs will be limited to less than 50 tons per year. Emissions of hazardous air pollutants (HAPs) will be limited to less than 10 tons per year for any individual HAP and less than 25 tons per year for any combination of HAPs. The synthetic minor operating permit will contain emission limits, monitoring, recordkeeping and reporting requirements to ensure the facility operates in accordance with the applicable requirements.

36-05073: Bollman Hat Co. (110 East Main Street, Adamstown, PA 19501) for operation of their Main Street hat manufacturing plant in Adamstown Borough, **Lancaster County**. Potential emissions of nitrogen oxides and sulfur oxides from the facility's two boilers are 100 tons for each pollutant annually. The synthetic minor operating permit will contain emission limits, monitoring, recordkeeping and reporting requirements to ensure the facility operates in accordance with the applicable requirements.

59-399-013: Truck-Lite Co., Inc. (R. R. 7, Box 942, Wellsboro, PA 16901) for operation of two wave soldering

machines and eight associated hand soldering stations in Wellsboro Borough, Charleston Township, **Tioga County**.

The two wave soldering machines and eight associated hand soldering stations have the potential to emit up to 5.98 tons of VOCs, .17 tons of lead and .77 tons of combined hazardous air pollutants (including lead) in any 12 consecutive month period.

The Department has determined that the wave soldering machines and hand soldering stations were constructed and are operating, in accordance with all conditions of Plan Approval 59-399-013 as well as in compliance with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. The Department consequently intends to issue an operating permit for the operation of the respective wave soldering machines and hand soldering stations.

The Department intends to place conditions in the operating permit to be issued to ensure continued compliance with all applicable requirements. The following is a summary of these conditions:

1. The two wave soldering machines and eight associated hand soldering stations shall not emit a combined total of more than 5.98 tons of VOCs, .17 tons of lead and .77 tons of combined hazardous air pollutants (including lead) in any 12 consecutive month period.

2. The company shall not use more than a combined total of 800 gallons of flux, 800 gallons of thinner and 3.6 tons of solder paste in the two wave soldering machines and eight associated hand soldering stations during any 12 consecutive month period.

3. The eight hand soldering stations shall not use more than a combined total of 2 tons of solder in any 12 consecutive month period or use a solder that contains a lead content greater than 40% by weight.

4. The two wave soldering machines shall not use more than a combined total of 3.6 tons of solder in any 12 consecutive month period or use solder that contains a lead content greater than 37% by weight.

5. The company shall keep records of the amount of each solder, flux and thinner that is used each month in the two wave soldering machines and the amount of each used each month in the eight hand soldering stations. All records shall be retained for at least 5 years and made available to the Department upon request.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated before each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments or objections or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the previous, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the previously-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor de-

sires to have the conference conducted in the locality of the proposed mining activities.

63020101. David Breeden Enterprises, Inc. (P. O. Box 89, Tarentum, PA 15084). Commencement, operation and reclamation of a bituminous surface mine located in Somerset Township, **Washington County** affecting 261.6 acres. Receiving streams: unnamed tributaries to Center Branch of Pigeon Creek to Pigeon Creek, classified for the following use: warm water fishery. The first downstream potable water supply intake from the point of discharge is Ellsworth Borough Water Department. Application received February 14, 2002.

65990103. TCNC Industries (384 Foster Road, North Versailles, PA 15137). Transfer application currently issued to Gary Gioia Coal Co. for commencement, operation and reclamation of a bituminous surface mine located in Hempfield Township, **Westmoreland County** affecting 21.5 acres. Receiving streams: unnamed tributaries to Wilson Run to Wilson Run to Sewickley Creek; classified for the following use: warm water fishery. There is no potable water supply intake within 10 miles downstream from the point of discharge. Transfer application received February 19, 2002.

65920104. Albert F. Stiffler (141 Locust Road, Box 42-C, Normalville, PA 15469). Transfer application currently issued to Mehalic Brothers for commencement, operation and reclamation of a bituminous surface mine located in Mt. Pleasant Township, **Westmoreland County** affecting 100 acres. Receiving streams: unnamed tributaries to Welty Run to Welty Run to Sewickley Creek, classified for the following use: cold water fishery. There is no potable water supply intake within 10 miles

downstream from the point of discharge. Transfer application received February 28, 2002.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, (814) 472-1900.

32020101 and NPDES Permit No. PA0249165. Alverda Enterprises, Inc., P. O. Box 87, Alverda, PA 15710, commencement, operation and restoration of a bituminous surface and coal refuse processing mine and for discharge of treated mine drainage in Pine Township, **Indiana County**, affecting 18.3 acres. Receiving streams: Yellow Creek classified for the following uses: cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received February 25, 2002.

32950108 and NPDES Permit No. PA0213241. TLH Coal Company, R. D. 1, Box 170, Rochester Mills, PA 15771, permit renewal for reclamation only for continued restoration of a bituminous surface mine and for existing discharge of treated mine drainage in East Mahoning Township, **Indiana County**, affecting 52.6 acres. Receiving streams: Dixon Run and unnamed tributaries to Rayne Run classified for the following uses: Cold Water Fishery. The first downstream potable water supply intake from the point of discharge is Indiana County Municipal Authority-Indiana Borough Water Supply. Application received February 26, 2002.

Noncoal Applications Received

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901-2454, (570) 621-3118.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or

conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E09-837. Borough of Sellersville, 140 E. Church Street, Sellersville, PA 18960, Borough of Sellersville, **Bucks County**, ACOE Philadelphia District.

To construct and maintain approximately 230 linear feet of triple cell 48-inch HDPE stream enclosure with associated junction box, end-walls and riprap apron in and along an unnamed tributary to the East Branch Perkiomen Creek (TSF). The junction box will serve to connect the proposed structure with the existing Maple Avenue road crossing, which consists of a 42-inch CMP and a 48-inch by 68-inch elliptical CMP. The site is located 100 feet east of the intersection of Farmers Lane and Maple Avenue (Telford, PA Quadrangle N: 19.5 inches; W: 9 inches).

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

To modify and maintain an existing dock in Harveys Lake, with work consisting of eliminating an existing 16-foot x 25-foot open area, restoring this area to its previous, covered condition. The dock has overall dimensions of approximately 1,500 square feet and is located at Pole 258. (Harveys Lake, PA Quadrangle N: 19.1 inches; W: 5.8 inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E06-563. Eileen Pinder, Douglass Township, 1068 Douglass Drive, Boyertown, PA 19512 in Douglass Township, **Berks County**, ACOE Philadelphia District

To remove an existing cut stone arch culvert 8-foot, 4-inch wide by 6-foot, 2 1/2-inch high and to construct and maintain a concrete box culvert 8-foot by 6-foot at a

point along Redshale Drive (T-481) across an unnamed tributary to Ironstone Creek (TSF) (Boyertown, PA Quadrangle N: 9.4 inches; W: 6.6 inches) in Douglass Township, Berks County.

E21-337. Steve Campbell, Hampden Township Sewer Authority, 230 S. Sporting Hill Road Mechanicsburg, PA 17055 in Hampden and East Pennsboro Townships, **Cumberland County**, ACOE Baltimore District

To construct and maintain: (1) two sanitary sewer line crossings in Pine Run, four sanitary sewer line crossings of associated wetlands along Pine Run and two ford crossings in Pine Run (WWF); (2) one sanitary sewer line crossing in Sears Run (WWF); (3) one sanitary sewer line crossing of an unnamed tributary to Pine Run (WWF); and (4) one ford crossing in Holtz Run (WWF) all for the purpose of constructing the Pine Run Interceptor and Pumping Station project located on the eastern side of Interstate Route 81 at the Wertzville Road interchange and situated north and south of Wertzville Road SR 0944 (Harrisburg West, PA Quadrangle N: 6.5 inches; W: 13.0 inches) in Hampden and East Pennsboro Townships, Cumberland County.

E21-338. Louis Marinacci, South Middletown Township Municipal Authority, P. O. Box 8 Boiling Springs, PA 17007 in South Middletown Township, **Cumberland County**, ACOE Baltimore District.

To construct and maintain a sanitary sewer line crossing of the Yellow Breeches Creek (HQ-CWF) for the purpose of constructing 15,400 linear feet of a new 4-inch diameter sanitary sewer force main, 1,300 linear feet of a new 8-inch diameter sanitary sewer gravity main along Creek Road (Carlisle, PA Quadrangle N: 2.3 inches; W: 3.3 inches) in South Middletown Township, Cumberland County.

E31-180. Vicki Harshbarger, Smithfield Township, Mt. Vernon Avenue and 13th Street, Huntingdon, PA 16652 in Smithfield Township, **Huntingdon County**, ACOE Baltimore District.

To maintain the existing Smithfield Flood Protection Project along the Juniata River (WWF) and Crooked Creek (WWF) at a point near Route 22 (Huntingdon, PA Quadrangle N: 19.3 inches; W: 2.6 inches) in Smithfield Township, Huntingdon County.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E14-415. Pennsylvania Electric Company, 2800 Pottsville Pike, Reading, PA 19612-6001. Small Projects Joint Permit Application, in Snowshoe Township, **Centre County**, ACOE Susquehanna River Basin District (Karthaus, PA Quadrangle N: 2.9 inches; W: 3.1 inches).

To construct and maintain 280 feet of aerial electric line crossing over Black Moshannon Creek designated a High Quality-Cold Water Fishery. This project does not propose to impact any jurisdictional wetlands.

E19-223. James W. Knorr, 7295 Old Berwick Road, Bloomsburg, PA 17815. Quarry Filling, in Montour Township, **Columbia County**, ACOE Baltimore District (Danville, PA Quadrangle N: 18.50 inches; W: 2.25 inches).

To fill in a 30 acre abandoned limestone quarry with stable fill material. The project is located off Quarry Drive 0.25 mile from the intersection of Quarry Drive with Route 11. Runoff from the project area will enter an unnamed tributary to Montour Run. Montour Run is a

cold water fisheries stream. The project will not impact wetlands while impacting approximately 60 feet of waterway.

E41-498. Lycoming County Water and Sewer Authority, 216 Old Cement Road, Montoursville, PA 17754. Lycoming County Wastewater Collection Expansion, in Muncy Township, **Lycoming County**, ACOE Baltimore District (Muncy, PA Quadrangle N: 18.5 inches; W: 6.4 inches).

To construct, operate and maintain 11.33 miles of sanitary sewer line within the Susquehanna River watershed (Warm Water Fishery) for the treatment of municipal wastewater. Construction of the sanitary sewer lines will require the six stream crossings that are as follows:

<i>Stream Name</i>	<i>Number of Crossings</i>	<i>Total Length of Crossings</i>
Wolf Run	1	88.0 feet
Unnamed tributaries—		
Wolf Run	2	68.5 feet
Carpenters Run	2	87.0 feet
Turkey Run	1	33.5 feet
Tules Run	1	79.5 feet

All sewer line crossings shall be constructed with a minimum of 3-feet of cover with concrete encasement beneath the waterways. Trench plugs or clay dikes shall be used at every sewer line crossing a waterway to ensure the hydrology of the streams is not altered. Construction of the Industrial Park Pumping Station will require the placement of fill in the floodway of Wolf Run (Cold Water Fishery). The project will not impact wetlands while impacting 356.50-feet of waterway. The project is located along the northern and southern right-of-way of SR 2014 approximately 12.0-miles east of SR 2014 and Old Cement Road intersection.

E41-500. Pennsylvania Department of Transportation, Engineering District 3-0, P. O. Box 218, Montoursville, PA 17754-0218. SR 2071 Bryan Mill bridge replacement, in Wolf Township, **Lycoming County**, ACOE Susquehanna River Basin District (Picture Rocks, PA Quadrangle N: 2.5 inches; W: 12.9 inches).

To remove an existing structure and construct and maintain a two span adjacent box beam bridge having a span of 150.0 feet and a minimum underclearance of 14.25 feet with a skew of 83° in Muncy Creek (Trout Stocked Fishery). The project is located along SR 2017 approximately 0.2 mile west of SR 0220 and SR 2017 intersection in Wolf Township, Lycoming County. The constructed bridge will have a minimal impact on wetlands while impacting 150-feet of waterway.

E41-501. Keith Edler, 484 Knipe Road, Liberty, PA 16930. Water Obstruction and Encroachment Permit Application in Pine Township, **Lycoming County**, ACOE Susquehanna River Basin District (English Center, PA Quadrangle N: 9.96 inches; W: 7.53 inches).

To remove and maintain a gravel bar measuring 400 feet by 92 feet in Little Pine Creek located along the northern right-of-way of SR 4001, 1.5 miles west of the intersection of SR 0287 and SR 4001. This project proposes to have a minimal impact on 400 linear feet Little Pine Creek, which is designated a Cold Water Fishery and a stream which supports Wild Trout. The project does not propose to impact any jurisdictional wetlands.

E49-258. Pennsylvania Department of Transportation, Engineering District 3-0, P. O. Box 218, Montoursville, PA 17754-0218. Watsonstown bridge re-

placement, in Watsonstown Borough, **Northumberland County**, ACOE Susquehanna River Basin District (Milton, PA Quadrangle N: 2.5 inches; W: 12.9 inches).

To rehabilitate an existing structure in the West Branch of the Susquehanna River (Warm Water Fishery) and White Deer Creek (High-Quality Cold Water Fishery). The project is located along SR 1014 approximately 250 feet west of SR 0405 and SR 1014 intersection in Watsonstown Borough, **Northumberland County**. The rehabilitated bridge will temporarily impact 0.21 acre of wetlands while temporarily impacting 800-feet of waterway.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1370. Monte Cello's Italian Restaurant, Inc., 2198 Babcock Boulevard, Pittsburgh, PA 15209. Ross Township, **Allegheny County**, ACOE Pittsburgh District.

To operate and maintain a 5' diameter concrete culvert approximately 80' long in a tributary to Girtys Run (WWF) locally known as Thompson Run. The culvert is located under an existing parking lot in the northeast corner of Babcock Boulevard and Thompson Run Road. The original culvert was replaced under Emergency Permit No. EP0202201 issued on February 20, 2002 (Glenshaw, PA Quadrangle N: 2.0 inches; W: 16.5 inches).

E11-294. Pennsylvania Department of Transportation, Engineering District 9-0, 1620 North Juniata Street, Hollidaysburg, PA 16648. Reade and White Townships, **Cambria County**, ACOE Baltimore District.

To remove the existing structure and to construct and maintain a prestressed concrete spread box beam bridge having a single, clear, normal span of 89.3 feet and an underclearance of 15.6 feet over Clearfield Creek (WWF) and to place and maintain fill in 0.003 acre of PSS/PEM wetland for the purpose of improving highway safety. The project is located on S.R. 1023 in the Village of Fallentimber. The wetlands have been replaced at State Gamelands 108. (Blandburg, PA Quadrangle N: 10.9 inches; W: 17.2 inches).

E26-292. Pennsylvania Department of Transportation, Engineering District 12-0, P. O. Box 459, Uniontown, PA 15401. Dunbar Township, **Fayette County**, ACOE Pittsburgh District.

To extend and maintain an existing 8.0 meter long, 1.60 meter x 1.17 meter box culvert for a distance of 2.54 meters upstream and 2.38 meters downstream in an unnamed tributary to the Youghiogheny River (WWF). The inverts of the culvert extensions will be depressed 0.3 meter. Also to relocate and maintain 392.0 meters of stream channel from Station 2+006.041 to Station 2+325 LEFT and to construct and maintain a 257.0 meter long, 900 mm diameter pipe from Station 2+325 to Station 0+340 LEFT in an unnamed tributary to the Youghiogheny River (WWF). Also to construct and maintain a 571.0 meter long, 900 mm diameter pipe from Station 2+006.041 to Station 0+340 RIGHT in an unnamed tributary to the Youghiogheny River and to place and maintain fill in a de minimis area of PEM wetland equal to 0.007 hectare for the purpose of improving highway safety. The project is located on S.R. 0201 just west of its intersection with Township Road 742 (Connellsville, PA Quadrangle N: 4.1 inches; W: 16.8 inches).

E63-527. Montour Trail Council, P. O. Box 11866, Pittsburgh, PA 15228. Peters Township, **Washington County**, ACOE Pittsburgh District.

To construct and maintain two pedestrian bridges across the channel of Brush Run (WWF) one having a span of 83.0 feet with a minimum underclearance of 9.0 feet located approximately 450 feet north from the intersection of Valley Brook Road and S.R. 19 and one having a span of 157.0 feet with a minimum underclearance of 15.6 feet located approximately 900 feet north from the intersection of S.R. 19 and Valley Brook Road for the purpose of constructing the Montour Trail a bike/pedestrian trail (Bridgeville, PA Quadrangle N: 7.7 inches; W: 14.9 inches).

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Project proposes to construct improvements to the Lake Hauto Dam including armoring the dam crest and downstream slope and renovating the spillway channel. Improvements will not change the normal pool elevation of the reservoir. The improvements will directly impact approximately 0.17 acre of wetlands (PEM). The dam is located across Nesquehoning Creek (HQ-WWF) (Tamaqua, PA Quadrangle, N: 17.45 inches, W: 3.40 inches).

ACTIONS

FINAL ACTIONS TAKEN UNDER THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT—NPDES AND WQM PART II PERMITS

INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval.

Persons aggrieved by these actions may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service,

(800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge this action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

NPDES STORMWATER INDIVIDUAL PERMITS—(PAS)

The following NPDES Individual Permits for Discharges of Stormwater Associated with Construction Activities have been issued.

Persons aggrieved by these actions may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel

Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge this action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20a).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Plan Location: **Hidden Valley Scout Reservation**, Hidden Valley Road, Tyrone Township, **Perry County**.

The approved plan provides for the installation of a sanitary sewer system to collect all sewage generated at the camp and convey it to the Loysville Village Municipal Authority's facilities for the treatment. The Scout Council recently entered into an agreement with the Loysville Village Municipal Authority to connect and discharge up to 20,000 gallons per day of sewage to the Authority's system. Based on 400 gallons per day per equivalent dwelling unit (EDUs), this is equal to 50 EDUs. The projected population to be served by the project is equal

to 200 full-time occupants. Potable water for the Reservation is supplied by onsite wells owned and operated by the Scout Council. No new wells are proposed as part of the project.

Plan Location: **Southern Phase II—2002** (Creek Road, West Lisburn Road, Shuman Road, Meadow Lane, North Loop Road), Monroe Township, **Cumberland County**.

The approved plan provides for the installation of approximately 9,325 feet of low pressure sewer in the western portion of Monroe Township. Projected increased sewage flows are 14,175 gallons per day to be conveyed to the existing South Middleton Township Wastewater Treatment Plant. Sewer will run along a portion of the following roads: first area—Creek Road where it ties into Kuhn Road and second area—West Lisburn Road, Shuman Road, Meadow Lane and North Loop Road.

The plan provides for the change in the method of sewage disposal for three previously approved plans. They are Lisburn Meadows South, Lisburn Meadow Estates North and Mountain View Estates. These developments will be served by low-pressure sanitary sewer and onlot sewage disposal systems will be an interim method of sewage disposal.

Sewer service on North Loop Road in the first area and Creek Road in the second area would be implemented immediately. Implementation of the remainder of the additional service areas would be delayed for 12 years. Earlier implementation is acceptable under this plan approval.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Former Shultz Enterprises Property, Lots 5 and 6, Borough of Hanover, **York County.** Mountain Research, Inc., 825 25th Street, Altoona, PA 16601, on behalf of Crown American Properties, LP, Pasquerilla Plaza, Johnstown, PA 15907-0879, submitted a final report concerning remediation of site soils and groundwater contaminated with lead, BTEX and solvents. The report is intended to document remediation of the site to a combination of the Statewide Health and Background standards.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Act. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department of Environmental Protection certifies that the construction and operation herein described will comply with the applicable provisions of sections 301-303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State Water Quality Standards.

Persons aggrieved by these actions may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge this action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law (35 P.S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Water Obstruction and Encroachment Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E15-673. Pennsylvania Department of Transportation, District 6-0, 7000 Geerdes Boulevard, King of Prussia, PA 19460, West Vincent Township, **Chester County**, ACOE Philadelphia District.

To construct and maintain the Chester Springs Road Crossing (S.R. 1024) over the Pine Creek tributary (HQ-TSF) to Pickering Creek, which will replace the previous stone arch structure that has been removed. A 24-foot by 7-foot precast, open-bottom arch culvert is proposed for the site. The structure will span 24 feet and will be 28 feet wide with a maximum under clearance of 5 feet 9 inches. The proposed structure is to be constructed on the footprint of the previous bridge. Associated with the proposed structure is riprap scour protection to be placed at either end of the structure to protect the footings. It will approximately extend for a length of 5 feet along the channel and 38 feet across the streambed and embankment slopes on either side. The project site is located adjacent to the intersection of Old Kimberton Road and North Chester Springs Road (Downingtown, PA Quadrangle N: 18.5 inches; W: 4.7 inches).

E15-677. Robert James Enterprises Corporation, 21 West Biddle Street, West Chester, PA 19380, Upper Uwchlan Township, **Chester County**, ACOE Philadelphia District.

To replace, construct and maintain a private bridge crossing with associated wingwalls spanning the Black Horse Creek (HQ-TSF). The existing structure to be replaced consists of two elliptical CMPs and associated fill. The proposed bridge will be 12 feet long with a 30-foot span and 6-foot underclearance. The structure will serve as an access to two subdivided lots. The project site is located 300 feet west of the intersection of Krauser Road and Blackhorse Circle (Downingtown, PA Quadrangle N: 15.9 inches; W: 13.1 inches).

SPECIAL NOTICES

Application Period for Municipal Recycling Program Performance Grant Applications under Section 904 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101)

Calendar Year 2001 Recycling

The Department of Environmental Protection (Department) announces a request for applications from municipalities for recycling performance grant assistance for recycling programs under Act 101. Municipalities include counties, cities, boroughs, incorporated towns, townships and home rule municipalities. This application period is for eligible materials recycled and marketed in calendar year 2001.

Municipal Recycling Program Performance Grant (grant) funds will be awarded to municipalities based upon the weight of source separated recyclable materials identified in section 1501(c)(1)(i) of Act 101 recovered by municipal recycling programs and the population of the municipality as determined by the most recent decennial census. Municipalities will be eligible to receive an award based on a formula of \$5 for each Department approved ton of eligible recyclable materials recycled or marketed and \$1 per approved ton for each percentage of municipal waste calculated by the Department to be diverted from disposal. The weight of eligible materials allowable from nonresidential (commercial, institutional and municipal) sources under the preceding formula will be limited to no more than the weight of approved eligible materials from residential sources. Any Department approved materials from nonresidential sources not factored into the preceding formula will be awarded a bonus of \$10 per ton. The Department will not award grants calculated to be less than \$10.

Applicants that have failed to comply with the conditions set forth in previously awarded grants, the grant requirements or regulations of Act 101 may not be awarded funds under this grant program. Applicants must ensure that they are in compliance with section 272.314(b)(2) of Act 101 relating to the submittal of the annual recycling report.

Eligible materials include post-consumer clear glass, colored glass, aluminum cans, steel and bimetallic cans, high-grade office paper, newsprint, corrugated paper, other marketable grades of paper and plastics. Grants will be awarded only for properly documented, eligible materials that were actually marketed on or after January 1, 2001, to and including, December 31, 2001. Grant funds will not be awarded for residues, materials not listed as eligible including, but not limited to, leaf and yard wastes or any materials which cannot be documented as being recycled into a new product or use.

Documentation to support all claims that eligible recyclable materials were generated within the municipality and marketed must be made available for auditing by the Department, the Office of the Auditor General, the Office of the Treasurer or agents of those offices for 4 years. The Department will not require applicants to retain hauler customer lists; however, the lists may be required to be examined in the event of an audit. It will be the applicant's responsibility to arrange for hauler customer lists to be provided or for haulers to be present with their customer lists, during a grant audit. Supporting documentation is not required to be submitted with the application.

Acceptable Supporting Documentation: Weight slips or receipts verifying that the materials were recycled or marketed are required as supporting documentation for the grant application. The documentation must include: 1) the date the materials were recycled/marketed; 2) the type of material recycled/marketed; 3) the name of the municipality where the material was generated; and 4) weight, stated in pounds or tons, of the material recycled/marketed. Documentation supporting materials source separated from municipal waste by commercial/institutional establishments and recycled/marketed must bear the name of the establishment and the municipality where the establishment is located.

Acceptable documentation must be provided in one of the following formats: 1) a dated weight/market receipt identifying the generator of the recyclable materials and the market; 2) a dated report submitted by the hauler or market on company letterhead clearly indicating the name of the company generating the recyclable materials; or 3) a dated report submitted by the generator, which is signed by the hauler or market vendor that received the materials. Reports may be submitted on annual, monthly, weekly or other time period format. All information must be legible.

Estimates of weight will not be accepted except in cases where: 1) the material is packaged in uniform bales and the average weight of a bale can be demonstrated and supported by weight receipts and a record of the number of bales was provided by the market vendors; or when 2) multiple generators contribute to a known quantity of marketed material and the hauler or market estimates the quantities attributable to any individual establishment or municipality and verifies the estimate with a signature.

Although the supporting documentation is not required to be submitted with the grant application, any documentation provided must conform to the previous requirements or the materials claimed will not be credited toward the grant award.

Grant applications must be on forms provided by the Department for calendar year 2001. Grant applications must be delivered by 3 p.m., September 27, 2002, or postmarked by that date. Applications received by the Department after the deadline will be returned to the applicant. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101 and the availability of moneys in the Recycling Fund.

Municipalities wishing to file an application should contact their County Recycling Coordinator or the Department at the address that follows. Applicants who filed a Performance Grant application for calendar year 2000 will be mailed a current application by the Department as soon as they are available. Applications may also be obtained from the Department's website at www.dep.state.pa.us (direct link "Recycle"). Inquiries concerning this notice should be directed to Todd Pejack, Bureau of Land Recycling and Waste Management, Department of Environmental Protection, Rachel Carson State Office

Building, P. O. Box 8472, Harrisburg, PA 17105-8472 or e-mail to tpejack@state.pa.us.

Availability of Technical Guidance

Technical guidance documents are on the Department of Environmental Protection's (DEP) website (www.dep.state.pa.us) at the Public Participation Center page. The "December 2001 Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

Ordering Paper Copies of DEP Technical Guidance

DEP encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

Draft Technical Guidance

DEP ID: 383-2300-001. Title: Pennsylvania's Interim Program for Operator Certification. Description: The Department and the State Board for Certification of Water and Wastewater Systems Operators will follow this guidance to direct and support the Water and Wastewater Systems Operator's Certification Act and meet section 1419 of the 1996 amendments to the Federal Safe Drinking Water Act. The document also will ensure the Commonwealth's continued eligibility to receive Federal funding to support the operator certification program, and

serve interim functions until promulgation of final-form rulemaking by the Environmental Quality Board. Anticipated Effective Date: July 1, 2002. Comment Period Ends: April 30, 2002. Contact: Foster Diadato at (717) 787-0122 or e-mail at fdiodata@state.pa.us.

DEP ID: 383-2300-002. Title: Training Provider Manual for the Pennsylvania Water and Wastewater System Operator Training Program. Description: The Department and the State Board for Certification of Water and Wastewater Systems Operators will follow this guidance to direct and support the Water and Wastewater Systems Operator Training Program. The document will establish uniform procedures and protocol for reviewing and approving water and wastewater training courses for pre-certification and continuing education of operators, and to ensure application of appropriate credit to operators for training taken. Anticipated Effective Date: July 1, 2002. Comment Period Ends: April 30, 2002. Contact: Barry Grenawalt at (717) 787-0122 or e-mail at rgreenawal@state.pa.us.

Final Technical Guidance

DEP ID: 012-0700-001. Title: Implementation of the Pennsylvania State History Code: Policy and Procedures for Applicants for DEP Permits and Plan Approvals. Description: This policy has been revised to be consistent with the Pennsylvania State History Code for DEP Plan approvals and permit reviews so that the Pennsylvania Historical and Museum Commission has the opportunity to review activities undertaken with DEP's approval for their possible impact on significant historical and archaeological resources. Effective Date: March 16, 2002. Contact: Patricia Grim at (717) 783-6390 or e-mail at pgrimstate.pa.us.

INSURANCE DEPARTMENT

Aetna US Healthcare; Pittsburgh 3Q02 Rate Filing

On March 1, 2002, Aetna US Healthcare submitted a filing for an increase in the commercial HMO rates in its Pittsburgh service area. This filing represents an average annual increase over current rates, which varies by renewal quarter from 11% to 29% on medical policies. The reason for the increase is because recent medical costs are increasing at a higher level than anticipated in the current rate manual. The rate increase will affect approximately 52,000 medical subscribers and result in additional annual premium income of approximately \$20 million.

The requested effective date of the change is July 1, 2002.

Copies of the filing are available for public inspection during normal working hours, by appointment, at the Insurance Department's regional offices in Harrisburg and Pittsburgh.

Interested parties are invited to submit written comments, suggestions or objections to Rashmi Mathur, Actuary, Bureau of Accident and Health Insurance, Insurance Department, 1311 Strawberry Square, Harrisburg, PA 17120, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order

resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator, at (717) 787-4298.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Default Order

Public Meeting held
February 21, 2002

Commissioners Present: Glen R. Thomas, Chairperson;
Kim Pizzigrilli; Aaron Wilson, Jr.; Terrance J.
Fitzpatrick.

*Pennsylvania Public Utility Commission Law Bureau
Prosecutory Staff (2001.0359) v. AGF Direct Gas Sales
& Servicing; Doc. No. C-20026669; A-125061*

Default Order

By the Commission:

On January 14, 2002, the Law Bureau Prosecutory Staff instituted a complaint against AGF Direct Gas Sales & Servicing (the Respondent), a natural gas supplier

licensed at A-125061. In the complaint, Prosecutory Staff alleged that the Commission sent by certified mail a notice to the Respondent that its 2001-2002 annual assessment was overdue. The complaint charged that the Respondent's failure to pay this assessment violates 66 Pa.C.S. § 510(c).

The complaint sought an order from the Commission canceling the Respondent's license for failure to pay its annual assessment. The complaint was mailed by the Secretary's Bureau on January 16, 2002, to its last known business address. To date, more than 20 days since the filing of the complaint, no answer has been filed to the complaint and the annual assessment has still not been paid. Additionally, the telephone number the Commission has for the company is no longer valid; *Therefore,*

It Is Ordered That:

1. The allegations in the Law Bureau Prosecutory Staff's complaint are deemed admitted and the complaint is thereby sustained.

2. The Secretary serve a copy of this Default Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff, and the Attorney General's Bureau of Consumer Protection, and also cause a copy of this Default Order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. Absent the filing of adverse public comment, 20 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the license held by AGF Direct Gas Sales & Servicing at Docket No. A-125061 shall be canceled, and the company's name stricken from all active utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Audits.

Tentative Order

Public Meeting held
February 21, 2002

Commissioners Present: Glen R. Thomas, Chairperson; Kim Pizzingrilli; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Columbia Energy Power Marketing Corp.; Doc. No. A-110067

Tentative Order

By the Commission:

Columbia Energy Power Marketing Corp. (Columbia) has not paid its 2001-2002 Annual Assessment pursuant to 66 Pa.C.S. § 510. In its efforts to collect payment, Law Bureau Prosecutory Staff was advised by the company's former outside lawyer that all of the company's assets were sold to two other companies in the summer of 2000 and that Columbia is no longer in business. Telephone calls to the last known business address of Columbia confirmed that the number is no longer in service and no information is available for any new phone number.

Columbia, an electric generation supplier, was granted an interim electric generation supplier license by the Commission on May 21, 1998, at A-110067, and a permanent license on January 1, 1999. Based upon the findings of the Prosecutory Staff, we believe that it is appropriate to revoke Columbia's license without the necessity of first filing a formal complaint. Finally, we are not aware that Columbia has any current customers in Pennsylvania. For these reasons, we tentatively conclude that revocation of Columbia's license pursuant to 66 Pa.C.S. § 2809 will not be detrimental to the public interest; *Therefore*,

It Is Ordered That:

1. Columbia Energy Power Marketing Corp.'s electric generation supplier license is hereby tentatively approved to be revoked as being in the public interest.

2. A copy of this Tentative Order be published in the *Pennsylvania Bulletin* giving all persons having an interest in this proceeding 30 days from the date of publication to file a written response.

3. Absent the filing of adverse public comment 30 days after publication in the *Pennsylvania Bulletin*, this Tentative Order shall become final without further order of this Commission.

4. Upon this order becoming final and without further action by the Commission, the license held by Columbia Energy Power Marketing Corp. at A-110067 shall be cancelled, and the company's name stricken from all active utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

5. A copy of this Order be served upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff, and the Attorney General's Bureau of Consumer Protection.

TURNPIKE COMMISSION

Retention of a Design Management Firm

**I-95/I-276 (Pennsylvania Turnpike) Interchange
Project**

Reference No. 4-061

The Turnpike Commission (Commission) will retain a design management firm to provide project management services for the design development of an interchange between Interstate 95 and Interstate 276 (I-95/I-276) in Bucks County, PA. It is anticipated that the design manager will manage, direct and coordinate the efforts of approximately five design firms.

The design manager will act as an agent of the Commission. Project correspondence, except contractual issues, will be directed to the design manager for resolution and response.

Design management activities will begin with review of the scopes-of-work for the design consultants and end with the bidding of the final construction contract on the I-95/I-276 Interchange Project. A minimum of five major construction contracts is anticipated. This contract may be financed with Federal, State and Commission funds and will be subject to Federal review and oversight in accordance with Federal aid regulations (23 CFR Chapter 1). The project has an estimated construction cost of \$640

million as developed in the draft environmental impact statement, Section 4(f) evaluation and Section 404 permit application.

The selected firm will be required to provide engineering review services during the design phase of the project and to provide sufficient staff to adequately maintain project coordination and schedule from preliminary design through bidding of the construction contracts.

Tasks required include, but are not limited to: prepare master schedules to coordinate all phases of the project; monitor schedules to assure compliance with the master schedule; monitor design costs to keep cost within budget; review of design submissions, preliminary and final right-of-way plans, design drawings, special provisions, specifications and estimates prepared by other consulting engineering firms; conduct design review meetings and plan checks; provide constructibility reviews; review environmental items of work and coordinate required permit applications; standardize design details; coordinate design and right-of-way acquisition activities; and coordinate with Department of Transportation (Department), Federal Highway Administration, environmental agencies, township officials, municipal authorities and utility companies by means of periodic meetings.

The selected firm will be required to provide a full-time, permanent staff of qualified and experienced professional engineers and support personnel required to maintain project control. In addition to the full-time staff, other in-house specialists may be required to assist with specific work tasks encountered. The Commission must approve the individual who will head the design management team.

The selected firm is required to furnish a fully equipped office in this Commonwealth, conveniently accessible and within 50 miles of the of the project area. The office must include a conference room capable of seating at least 25 people.

The following factors will be considered by the Commission during the evaluation of the firms submitting statements of interest for this project:

- a. Specialized experience and technical competence of prime consultant and subconsultants. The team must clearly demonstrate experience and competence on management of large-scale public works design projects.
- b. Past record of performance with respect to cost control, work quality ability to meet schedules and previous experience on management projects. The consultant should identify similar projects that have been completed by that firm as the prime, the magnitude of the project and the client.
- c. The specific experience and number of individuals who constitute the firm.
- d. Location of consultant's office where the work will be performed.
- e. Workload of the prime consultant and subconsultants for all Department and Commission projects.
- f. Other factors, if any, specific to the project.

Address these items and any necessary further details in a brief yet comprehensive manner in the statement of interest.

Firms expressing interest in this project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms, as defined in the Transportation Equity Act for the 21st Century (act) and currently certified by the Department, shall have the maximum opportunity to participate

in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of DBE. The goal of DBE participation in this contract will be established prior to the submission of technical proposals from the shortlisted firms for this project. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act), WBEs or combinations thereof. Proposed DBE firms must be certified at the time of submission of the statement of interest. If the selected firm fails to meet the established goal, it shall be required to demonstrate its good faith efforts to attain the goal. If further information is desired concerning DBE/MBE/WBE participation, direct inquiries to the Contracts Administration Department, (717) 939-9551 ext. 4241.

Direct inquiries about this advertisement to Jeffrey C. Davis, (717) 939-9551 ext. 5160; or by e-mail to jdavis@patripike.com. Direct contractual questions to George M. Hatalowich at (717) 986-8737; or by e-mail to ghatalow@patripike.com.

General Requirements and Information

Firms interested in providing the previous work and services are invited to submit a statement of interest with the required information. The statements of interest must include the following:

1. One page transmittal letter clearly identifying the project reference number, brief description of the project from the advertisement, the firm's Federal identification number, the firm's legal name, contact person or project manager, address of corporate office and project office. (If the firm has multiple offices, the location of the office performing the work must be identified.)
2. A three-page statement of interest on the advertised project. Each firm should demonstrate their ability to perform the specific requirements indicated for this project and provide explanation of the technical approach, stressing the team's ability to coordinate several construction contracts that were designed by different design consultants.
3. An organization chart for the project, identifying key personnel and any subconsultants and their roles. Any deviation from the subconsultant's listed in the statement of interest will require written approval from the Commission.
4. Tabulation or listing of workload for the prime consultant and all subconsultants for all Department and Commission projects. Do not graphically represent the firm's workload.
5. A Consultant Qualification Package similar to the one submitted to the Department for the current year or one that is best suited for this project. A copy of the Consultant Qualification Package printed directly from the Department's ECMS website is acceptable.

The Consultant Qualification Package should contain at a minimum the following information for the prime consultant and all subconsultants and attached to the back of the statement of interest (subs to follow primes):

- ECMS General Information and Project Experience Forms or Standard Form (SF) 254-Architect-Engineer and Related Services Questionnaire in its entirety, either not more than 1 year old as of the date of the advertisement.
- Resumes of key personnel expected to be involved in the project (limit to two 8 1/2 x 11 pages, per person). Only resumes of key personnel should be included.

- Copy of the firm's registration to do business in this Commonwealth as provided by the Department of State for firms with out-of-State headquarters or corporations not incorporated in this Commonwealth.
- A copy of the Department's DBE/WBE Certification, if applicable.

If a Joint Venture responds to a project advertisement, the Commission will not accept separate statements of interest from joint venture constituents. A firm will not be permitted to submit a statement of interest on more than one joint venture for the same project reference number. Also, a firm that responds to a project as a prime may not be included as a designated subconsultant to another firm that responds to the same project advertisement. This does not preclude a firm from being set forth as a designated subconsultant to more than one prime consultant responding to the project advertisement.

Firms interested in performing the previous services are invited to submit a statement of interest and required information to George M. Hatalowich, Engineering Contract Manager, Turnpike Commission Administration Building, 700 South Eisenhower Boulevard, Middletown, PA 17057 (street address). The Commission mailing address is P. O. Box 67676, Harrisburg, PA 17106-7676.

The statement of interest and required information must be received by 12 p.m., Friday, April 5, 2002. Any statements of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable statements of interest received in response to these solicitations, three firms will be shortlisted for this contract. Technical proposals will be requested from the shortlisted firms prior to the establishment of the final ranking. An order of preference will be established for the purpose of negotiating an agreement with the highest ranked firm established by the Technical Review Committee and approved by the Commission.

The Commission reserves the right to reject all statements of interest, to cancel solicitation requested under this notice and/or to readvertise solicitation for the work and services.

Chairperson

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

RULES AND REGULATIONS

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CHS. 89 AND 89a]

Long-Term Care Insurance

The Insurance Department (Department) deletes Chapter 89, Subchapter M and adds Chapter 89a (relating to long-term care insurance model regulation) to read as set forth in Annex A. Chapter 89a sets forth the requirements for the content and filing of long-term care insurance form and rate filings.

Statutory Authority

The rulemaking is adopted under the authority contained in sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) and sections 1101—1115 of The Insurance Company Law of 1921 (act) (40 P. S. §§ 991.1101—991.1115).

Comments and Response

Notice of proposed rulemaking was published at 31 Pa.B. 5553 (October 6, 2001) with a 30-day comment period. During the 30-day comment period, comments were received from Independence Blue Cross (IBC), the Insurance Federation of Pennsylvania, Inc. (IFP), the Independent Insurance Agents of Pennsylvania, the Pennsylvania Association of Insurance and Financial Advisors and the Pennsylvania Association of Health Underwriters (AGENTS).

On December 6, 2001, as part of its regulatory review, the Independent Regulatory Review Commission (IRRC) submitted comments to the Department. The following is a response to those comments.

Rather than listing the sections of the regulations where commentators expressed their full support, the Department would like to express its sincere thanks to those commentators for supporting the regulations.

Section 89a.103. Definitions.

The AGENTS noted that the terms “producer,” “agent” or “broker” are all used throughout various sections in the regulations. It was recommended that the term “producer” be used throughout the regulations. The AGENTS further noted that the term “producer” should be redefined as, “a licensee that solicits, sells or negotiates an insurance product.”

IRRC noted that the term “producer” was defined, yet the regulations contained reference to the terms “agent” and “broker.” Therefore, the term “producer” needs to be used consistently throughout the regulations and the terms “agent” and “broker” should be replaced with “producer.”

The Department agrees and has made the change as requested to use the term “producer” consistently throughout the regulations. However, the Department has retained the current definition as it cites current statutory law.

Definitions of “exceptional increase”

The AGENTS commented that the wording was somewhat unclear and the criteria for approving premium schedule rate increases is not clearly spelled out in the regulation. They suggested the following substitution:

“Rate increases. Those increases in premiums for long-term care policies, which are either schedule rate increases or exceptional rate increases.

(a) Schedule rate increases are those premium increases approved by the Commissioner when . . . (list the conditions under which a schedule rate increase may occur.)

(b) Exceptional increases are those premium increases deemed by the Commissioner to be outside of the scope of schedule rate increases and based on justification that:

(i) Due to changes in laws and regulations . . .

(ii) Due to increased and unexpected utilization . . .

(iii) Except as substantiated by an actuarial review requested by the Commissioner.”

The Department has taken the language from the National Association of Insurance Commissioners (NAIC) Long-Term Care Insurance Model Regulation (Model) and believes that the language is sufficiently clear both in the definition and as well as in § 89a.118 (relating to premium rate schedule increases). No change was made.

Section 89a.104. Policy definitions.

Definition of “bathing”

The IFP stated that the various components of the activities of daily living are essential to triggering benefits under long-term care policies and any variation from state to state would cause administrative problems. Several IFP members noted that in the definition of “bathing” in § 89a.104, the Department has added to the NAIC Model definition the phrase, “. . . or drawing the water for a sponge bath and getting the equipment to the person or the person to the equipment.”

The IFP believed that this is a complicating addition for several reasons. First, it implies that some element in this Commonwealth differs from the understanding of insurers around the country about this term. Presumably, getting to and from the bathing location and equipment is an integral part of being able to wash oneself. Second, the introduction of the capabilities of a second person who may be bringing the person to the equipment or the equipment to the person is simply confusing. Individuals cannot acquire an Activity of Daily Living (ADL) from a caregiver.

The IFP believed that unless there is some major need for this additional phrase, it should be deleted, staying with the NAIC Model’s definition.

IRRC also had concerns with the term “bathing.” They stated that the definition of this term begins with a reference to “oneself,” but concludes with the phrase “or drawing the water for a sponge bath and getting the equipment to the person or the person to the equipment.” It is IRRC’s understanding that the Department did not intend for the definition to encompass the services of a second person. Therefore, the definition should be revised to clarify this point. Further, IRRC requested the Department to provide an explanation for the deviation from the NAIC Model language.

This phrase is not included in the definition of “bathing” in the NAIC Model. Furthermore, the references to transporting equipment or the person imply that a second person is involved in the bathing process.

The Department agrees with all comments and has changed the definition to mirror the NAIC Model language.

Definition of "cognitive impairment"

The IBC expressed concerns about the definition of "cognitive impairment" and that the regulations define cognitive impairment without the ability of an insurer to qualify the level of impairment for purposes of benefit eligibility. Although the IBC recognizes that the proposed definition is the medical standard, the IBC believed that the term "deficiency," which is defined in the dictionary as "inadequacy," is not a sufficiently significant standard to trigger benefits for the type of cognitive impairment covered by long-term care insurance policies. Further, it appears that the draft regulations can be interpreted to prohibit an insurer from establishing an appropriate standard to determine the level of cognitive impairment subject to long-term care insurance benefits. While the IBC did not object to a definition requiring only one type of deficiency before a person would be determined cognitively impaired, it seems that the language of the draft regulations could allow benefits to be triggered for minimum cognitive impairment when a person is still capable of functioning independently. The IBC believed that the draft definition ultimately could lead to an inordinate number of claims for minimal cognitive impairment, and this could adversely affect premium rates for future policyholders.

In the alternative, the IBC suggested that the Department adopt a definition that allows the policyholder with moderate to severe cognitive impairment to appropriately claim benefits as well as the insurer to develop rates for long-term care insurance that are affordable by the consumer. In this regard, the IBC suggested the following definition:

"Cognitive impairment" means a [significant deficiency/deterioration] in a person's short-term or long-term memory, recognition as to person, place and time, deductive or abstract reasoning, or judgment [as it relates to safety awareness/that requires continual supervision to protect the individual covered under the policy].

An alternative would be to retain the draft definition but include in the regulations an express provision that allows insurers to determine at least a moderate level of cognitive impairment for a policyholder to claim benefits.

The Department does not agree and is retaining the definition as contained in the NAIC Model. Cognitive impairment should be determined by standardized testing therefore the change was not warranted.

Definition of "long-term care insurance"

The AGENTS stated that a restatement of section 1103 of the act (40 P. S. § 991.1103) would be useful in the regulations to show that it includes qualified and non-qualified products, which are then defined separately in the definition.

The Department does not believe that a reiteration of the statute would add any substantive clarification. Therefore no change has been made.

Definition of "mental or nervous disorder"

The AGENTS stated that the definition should be checked to see if it is compliant with the Healthcare Insurance Portability and Accountability Act (Pub. L. No. 104-191, 110 Stat. 1836) (HIPAA) and the act of December 21, 1998 (P. L. 1108, No. 150) (Act 150) regarding conditions covered under mental health parity. If there is

a group long-term care policy with over 50 lives, the definition may need to be compatible. In addition to the text of covered conditions, there should be proper legislative citation.

The Department disagrees as the HIPAA and Act 150 specifically exempt the long-term care policies from this requirement.

Definition of "home health care service"

The AGENTS raised the issue of whether this regulation complies with the act of December 20, 2000 (P. L. 967, No. 132) (Act 132) as it relates to home health care services.

The Department believes that the intent of section 4 of Act 132 (40 P. S. § 991.1103) was to include home health care service contracts under the definition of insurance rather than to define the actual services to be provided by home health care services. Any entity selling home health care service contracts that meets the revised definition in the Long-Term Care Act would be subject to these regulations. Therefore, no change was made.

Definition of "Medicare"

The IFP stated that in referring to the Federal legislation which constitutes this program, this definition omits the NAIC phrase "and any later amendments or substitutes thereof." Since the purpose of defining this term is presumably to treat benefits under that program as a whole, adding this phrase will prevent any inadvertent gaps from being created by changes in the Medicare program over time. They suggested the quoted phrase to contemplate future changes.

IRRC stated that this definition is similar to the corresponding definition in the NAIC Model. However, the NAIC Model definition of "Medicare" references "any later amendments or substitutes thereof." The Department should revise the definition to include the NAIC language. Otherwise, the definition will not encompass future amendments to the Medicare statutes.

The Department agrees and has made the requested changes.

§ 89a.104(b)

The IFP stated that identifying providers of services may depend on their appropriate licensure or certification, the Department has added the phrase "when the licensure or certification of the provider is required by the Commonwealth." The phrase, which varies from the NAIC Model, causes a problem by implying that appropriate licensure may not be required if another state does not have that requirement.

Since licensure or certification usually includes oversight, long-term care insurers would be hesitant to cover and somewhat lost to underwrite care provided at facilities not subject to that oversight. The IFP proposes that this phrase be deleted.

IRRC had concerns with subsection (b) which addresses the definitions of various service providers. The last sentence states, "The definition may require that the provider be appropriately licensed or certified when the licensure or certification of the provider is required by the Commonwealth." IRRC believed that this sentence was confusing and that the intent of this provision should be clarified in the final-form regulations.

The Department is concerned that long-term care insurers could require providers of services who are not subject to Commonwealth licensure or certification to be licensed or certified in order to cover their services. The section

has been modified to clarify that an insurer can require licensure or certification "only" if the "state in which the provider is located" requires licensure or certification of that provider.

Section 89a.105. Policy practices and provisions.

Definition of "level premium"

The IBC believed the proposed definition of "level premium" should be clarified by the addition of the phrase "for an individual person" after the phrase "change the premium." Otherwise, the absence of the term "level premium" may incorrectly lead the consumer to believe that the policy premium can change due to individual circumstances, such as attained age, health status, etc.

The Department is following the NAIC Model language and believes that the intent of this strict language is to not permit the use of the term "level premium" in any circumstance where the insurer has the ability to change the premium. The NAIC Model language was retained and no change was made.

Mental or nervous disorders

The IFP stated that § 89a.105(b)(1)(ii) prohibits the exclusion or limitation of benefits based on someone having "Alzheimer's Disease or other related degenerative or dementing illnesses." In that these diseases are not clearly defined, the IFP suggested that the Department use the language within the § 89a.126(e)(12) (relating to standard format outline of coverage) prohibiting exclusion for "insureds clinically diagnosed as having Alzheimer's disease or related degenerative and dementing illnesses."

The IFP believed that while this would not operate as a complete definition, it would guarantee a clinical diagnosis of Alzheimer's or a related condition.

IRRC commented that the reference to "other related degenerative or dementing illnesses" in § 89a.105(b)(1)(ii) is vague and is not in the NAIC Model. IRRC further suggested that these terms should be clarified or deleted.

The Department agrees with the comments and has made the clarifying change as suggested by the IFP and IRRC. The Department added the additional language to be consistent with the language contained in the standard format Outline of Coverage in § 89a.126(e)(12). The standard format Outline of Coverage is consistent with the current regulation in § 89.919(5)(10) (relating to standard format for outline of coverage).

Premium rate increase

The AGENTS noted that in § 89a.105(f)(2), a reduction in benefits is not considered a premium change, and questioned whether the insurer should issue a retro credit or premium rollback to the initial annual premium date or whether the initial premium rate remains with reduced benefits.

The Department would like to clarify that § 89a.105(f)(2) and (3) are specifically related to the nonforfeiture benefit requirement in § 89a.123 (relating to nonforfeiture of benefit requirement). These two paragraphs define how initial premium levels are determined when changes in coverage levels have occurred that may trigger the nonforfeiture benefit. These paragraphs do not require insurers to issue retro credits or premium rollbacks. Therefore, the Department does not believe any further clarification or changes are necessary.

Privileged Information

IRRC mentioned that § 89a.105(g)(1)(iii) requires that telephonic or electronic enrollment include safeguards that assure the confidentiality of "individually identifiable information." This provision in the NAIC Model includes the terms "individually identifiable information" and "privileged information." The NAIC Model also references a definition of "privileged information." The Department should explain why the term "privileged information" is not in this provision in the proposed rulemaking.

The Department did not incorporate this language because the NAIC Model references a definition that has not been adopted in the Commonwealth in either statute or regulation. Furthermore, privacy concerns have been addressed by Chapter 146a (relating to privacy of consumer financial information). In addition, the health information will be covered with the promulgation of Chapter 146b (relating to privacy of consumer health information). Thus, broad privacy protection will be accomplished by means of two different regulations.

Section 89a.106. Unintentional lapse.

The AGENTS stated that in § 89a.106(a)(3) the following should be inserted "The 30-day notice by the insurer to the insured of a lapse for nonpayment of premium should be preceded by a notice from the insurer to the insurance producer." The AGENTS believed that the goal is to keep people covered. A producer can follow up to see if the premium notice was overlooked or that the insured's medical condition changed so that the bill was not paid. The AGENTS felt it is good public policy to prevent unintentional lapses in coverage. Requiring notification to the individual producer as soon as the termination date occurs puts the person who has the greatest interest in policy retention into the front line of clarifying the cause for the unintentional lapse. Producer notification as soon as the due date passes gives the consumer a chance to preserve coverage.

The Department wants to clarify that this regulation allows the insured to designate one additional person to be notified upon the lapse or termination of the policy. The insured has the choice of that designation. The Department can appreciate the AGENTS concerns and therefore have no objection to having an insured name the producer as an alternate to receive notices, if that is what the insured desires. However, it would be unduly burdensome on insurers to mandate that they also send the producer a notice of lapse or termination. Furthermore, this would be a significant deviation from the NAIC Model. Nothing in the regulation prohibits an insurer from notifying the producer of a lapse or termination in addition to the insured and their designee.

Section 89a.108. Required disclosure of rating practices to consumers.

In general, the IBC agreed with the intent of the draft regulations to protect the consumer by establishing new regulatory standards on disclosure and development of premium rates. The IBC believed that certain insurers in the long-term care marketplace have engaged in predatory pricing practices from time to time to the detriment of the consumer. Predatory pricing can result in large rate increases often unaffordable for individual policyholders, who potentially would be left without coverage. This practice damages the industry's reputation as well. Long-term care insurance is a relatively immature product without a large experience base or standard policies. Therefore, a significant amount of actuarial judgment is involved in developing rates. Furthermore, unlike health

insurance, claims experience can take a long time to develop as well as be subject to short-term fluctuations. The practice of a 10-year "look back" period covers a period in which there were significant changes in the long-term care insurance marketplace. The IBC was concerned that a long period could result in irrelevant or potentially misleading information being presented to the consumer. Therefore, the IBC recommends a shorter "look back" period, such as 5 years.

The AGENTS stated that § 89a.108(b)(5) requiring 10 years' rate experience seemed like consumerism but it may be hard to achieve. Products change. The long-term care policies have evolved considerably over the past few years. Specific coverage being offered now may not have existed 10 years ago, as with qualified long-term care policies which did not come into existence until the HIPAA in 1996. The AGENTS recommended that subsection (b)(5) be deleted.

The AGENTS also stated that § 89a.108(c) requiring consumer signature attesting to the fact that he has read the cost of the product's evolution over 10 years may be meaningless because, as mentioned previously, the product is not the same. Besides, the consumer is more interested in what is being obtained now. That is a little like saying that a small group two-person health product costing \$722 per month now only cost \$200 10 years ago is relevant. It's not relevant to today's sale because the world has changed with new mandates, greater utilization, more uncompensated care and the resulting cost shifting to those with insurance, and the like.

The AGENTS stated that § 89a.108(e) requiring notice of a premium rate schedule increase to consumers 45 days prior to implementation date is prudent. They also wanted "Advance notice to producers should also be sent out by the insurer" added to this section. This helps the consumer in two ways: First, the producer can explain the basis for the change and preserve the account; or, second, if the rate increase is too steep, the producer will have some time to shop around to other insurers on the consumer's behalf.

IRRC believed that in § 89a.108(b)(5), insurers are required to provide premium rate increase information for a policy form or similar forms for the past 10 years. They stated that comparable policies, in many cases, did not exist 10 years ago and wanted the Department to amend the regulation to provide for flexibility when 10 years of data is not available.

The Department wants to note that the 10-year history requirement is NAIC Model language. It was developed with insurance industry input. The Department agrees that not all policies (or similar policies) existed 10 years ago; therefore the information is not available. As a result, the Department is inserting the following language "... over the past 10 years or *during the existence of the policy or similar policy up to a maximum of 10 years for this state . . .*" (new language italicized). This new language should allow flexibility when the 10-year history is not available, while still remaining consistent with the intent of the NAIC Model.

With respect to § 89a.108(c), the Department believes this requirement is an important consumer protection provision to ensure that consumers are provided with the consumer disclosure information required by the regulation. This section is consistent with the NAIC Model and no changes have been made to it.

With respect to § 89a.108(e), the Department believes that this proposed requirement would also be burdensome

to insurers and is not consistent with the NAIC Model. Nothing in the regulation would prohibit the insurer from providing this type of notification to producers.

Section 89a.109. Initial filing requirements.

IBC stated that § 89a.109(b)(2)(iv)(B) provides that an actuary must certify that he has taken into account moderately adverse experience, i.e., a contingency margin, and that the carrier is pricing with the expectation of no future rate increase. Overall, IBC believed that this provision is a positive addition to the regulatory scheme as it will protect the consumer from certain predatory pricing practices. However, the IBC believed that there is also a negative aspect to this requirement in cases when an actuary has followed the regulatory guidelines, including margin and pricing so that there is no anticipated rate increase, but the carrier still is forced to file a rate increase.

The Department wants to note that this requirement is consistent with the NAIC Model. The Department believes this requirement is important for providing rate stability and predictability, one of the main goals of these revised regulations. No changes have been made.

IRRC noted that § 89a.109 of the proposed rulemaking does not mention a specific time period, but does reference the Accident and Health Filing Reform Act (40 P. S. §§ 3801—3815). To be more specific, the regulation should reference the time periods in sections 3 and 4 of the Accident and Health Filing Reform Act (40 P. S. §§ 3803 and 3804). IRRC also noted that in the NAIC Model, the insurer is given 30 days to provide the required information to the Commissioner.

The Department has added the specific citations to the regulation. However, the Department does not believe it is necessary to add specific time periods. If the statute changes the time-frames allowed, this reference to the sections will be more appropriate than actually giving the number of days.

Sections 89a.111. Minimum standards.

The IFP believed that in § 89a.111(4), (6) and (7) removing "requiring" from the beginning of the phrase will follow the style of the other subsections which begin with "that."

The Department agrees that this style would be more appropriate and has made the change accordingly.

Section 89a.112. Inflation protection.

The AGENTS supported presenting the option of inflation protection to consumers. Unfortunately, the NAIC Model assumes a choice for inflation protection that may or may not be there unless the consumer specifically opts-out by rejecting this coverage. The NAIC and the Department clearly want to protect consumers from future expenses due to cost of living increases. The way the regulation is currently worded may result in higher-priced coverage than the consumer wanted in the event that the producer did not obtain the signature. This would lead to more consumer complaints to the Department and policy cancellations because they may feel that coverage was forced upon them even if the producer's error was unintentional. A simpler way is to require the signature form as part of the application.

The AGENTS recommend the following language as a substitute for subsection (g).

(g) Inflation protection in a long-term care insurance policy shall be offered by the producer and documented by a form signed by the consumer that

attests to the fact that inflation protection was offered and accepted or rejected. The form may be included within the application or on a separate form as the insurer chooses. An insurer shall not accept an application from a producer without this signed form.'

MThe text of this signed statement shall read, "I have reviewed the outline of coverage and graphs that compare the benefits and premiums of this policy with and without inflation protection. Specifically, I have reviewed policies(s) _____, and I accept ___ reject ___ (check one) inflation protection."

The IFP believed that in describing in § 89a.112(g), the process by which an applicant may accept or reject inflation protection, the Department prescribes the language by which a rejection should be made. The language currently states that the applicant has "reviewed policy(ies), and . . ." rejects the inflation protection.

The IFP suggested that it would be more accurate in terms of what actually takes place in such a process to have that last sentence state, "Specifically, I have reviewed Plans _____, and I reject inflation protection."

The Department believes it is important to maintain the consumer protections by means of the mandatory offer of inflation protection in § 89a.112(g). This type and manner of offer is consistent with NAIC Model and is therefore not being revised. The Department is making the minor editorial change as suggested by the IFP. This change makes the section consistent with the NAIC Model.

Section 89a.113. Requirements for application forms and replacement coverage.

The IFP brought to the Department's attention that while it is legally more accurate, the substitution of "Commonwealth" for "state" in various standardized forms which must be delivered requires carriers to dispense with current materials, file forms for approval and print materials specific to Pennsylvania. It would save insurers money if this change were deleted from the proposal at least with respect to specified forms which must be delivered and the use of which insurers may already have adopted across their operations.

The IFP pointed out, for example, that in § 89a.113(c) that item 4 of the Statement to Applicant By Agent starts: "2. Commonwealth law provides . . ." This is a variation from the NAIC Model, which, while meaningless in terms of substance, is a cost item which is more than negligible.

IRRC looked at the sample application forms that are to be used by insurance companies and noted that the Department had changed NAIC Model language from "state" to "Commonwealth" in the proposed rulemaking. Commentators have suggested that by substituting "Commonwealth" for "state" in various standardized forms, carriers would be required to print costly materials specific only to Pennsylvania. IRRC wondered if there is a need for insurers to make application forms that are specific to Pennsylvania?

The Department realized that there could be additional and unnecessary costs associated with the changes as proposed and therefore has changed the term "Commonwealth" back to "state" in applications and other standard forms that do not have to be Pennsylvania specific.

Section 89a.114. Reporting requirements.

The AGENTS stated that § 89a.114(b) requiring insurers to report to the Department the top 10% of its producers with the greatest percentages of lapses and replacements appears to be adding to the Department workload without producing discernable benefit. For one thing, the Department's enforcement resources do not extend to launching an investigation of the top 10% unless there is a specific suspected pattern of abuse. If the intent is to have ready access to the data through a Market Conduct Examination, another approach would be to have insurers collect this data and have it readily available if the Department needs it. The other thing missing from this section is the understanding that all replacements are not the same. The Department is looking for abuses occurring when the original policy did not need to be replaced. It should not lump these abuses in with legitimate replacements occurring because of a policy enhancement.

Alternative wording should be:

(b) 'Insurers shall provide this data to the department in the event of a market conduct or enforcement investigation. For purposes of this section, the term replacement shall not include long-term care product improvements or enhancements of coverage as an endorsement to or in the context of an existing policy.'

The AGENTS stated that in § 89a.114(c) they agree with the statement in the regulation that reported replacement and lapse rates do not constitute a violation of insurance law. The AGENTS recommend that the word "alone" be deleted in this sentence. Including it leaves the implication that reported lapse and replacement rates might be a violation of insurance laws or necessarily imply wrongdoing. There may be legitimate reasons why policies lapse, for example if a company does not renew a group plan or if an area is hit by layoffs or by the economic downturn.

The sentence "The reports are for the purpose of reviewing more closely agent activities regarding the sale of long-term care insurance" should be deleted for the reason stated. If the Department requires the information for purposes of a market conduct exam or enforcement investigation, it is available on a case by case basis from the insurer.

The AGENTS stated that § 89a.114(f) requires reporting of qualified the long-term care contracts. They wondered "Why did the Department ask for this information re qualified and not unqualified policies as well?"

The Department believes that the information required in the reports in § 89a.114(b) are important monitoring and enforcement tools and has not changed the language. The Department is adding a new standardized reporting form as Appendix G (relating to long-term care insurance replacement and lapse reporting form). This new form is being adopted in the NAIC Model.

The Department agrees with the AGENTS regarding § 89a.114(c) that replacement and lapse rates alone should not constitute a violation of insurance laws or necessarily imply wrongdoing. However, they have misinterpreted this section. It affirms that these replacement and lapse rates alone would not be used as the sole evidence of a violation. The Department has not revised the NAIC Model language.

The requirement in § 89a.114(f) is necessary for Federally tax-qualified long-term care policies to meet Federal

IRS requirements. There are no similar requirements for nontax qualified long-term care policies. This is consistent with the NAIC Model and the Department has not made any changes to this section.

Section 89a.115. Licensing.

The AGENTS commented that too specific a reference to a section of the law that may be changed because of Model Producer Licensing Act enactment in the near future may force the Department to update this regulation shortly after it went into effect. Alternative wording might be:

'No one may sell, solicit or negotiate with respect to long-term care insurance unless licensed as a producer by the department.'

The Department wants to note that the statutory citations contained in the regulation are current to date. The Department believes it is appropriate to cite to current law and not take into account pending legislative language. If legislation is enacted, the new requirements would supersede all previous licensing requirements. Thus, no change has been made.

Section 89a.118 Premium rate schedule increases.

The IFP stated that projected lapse and past lapse rates are required for rate increase filings meeting certain criteria under this section. Following the wording of the NAIC Model, it appears that the last word in the first criteria subsection (h)(1) should be "form or forms" rather than "form."

The IBC stated that the required disclosure of all prior rate increases for similar policy forms, especially given the broad definition of "similar" policy forms in § 89a.108(b)(5), could make selling policies difficult after a rate increase. Because the relevant loss ratio calculations for determining rate increases are on a present value basis, and because of the previously-referenced disincentives for rate increases, a company with adverse experience might choose to wait and see if experience improves rather than file for a rate increase. If claims experience does not improve, however, the insurer could sustain a large financial loss that could result in a large premium increase later for the consumer.

The IBC stated that § 89a.118 allows for an 85% loss ratio on the premium increase and a 58% loss ratio on the initial premium in pricing a revised premium. Thus the loss ratio on the block of business over its lifetime is a weighted average (by premium dollars) of 58% and 85%. Under some circumstances, depending on claim and administrative expenses, an insurer ultimately could show a financial loss on the business. Too frequent and significant financial losses could result in the withdrawal of carriers from the marketplace.

The Department agrees with the minor editorial change the IFP suggested and has modified the section to add "or forms" which follows the NAIC Model.

The Department believes that the required loss ratios in § 89a.118 are appropriate. The loss ratios were developed by the NAIC with input from the insurance industry. Thus, the Department has not changed this section.

Section 89a.119, 89.123 and 89.124. Filing requirement; nonforfeiture benefit requirement; and standards for benefit triggers.

The IFP noted that one of its members called attention to the fact that statutory references in the proposed regulation in the captioned sections differ from citations in the current regulation. The IFP suspected that this is

not surprising in light of intervening changes, but suggested that they be reviewed for accuracy.

The Department has reviewed the statutory references and modified § 89a.119 as appropriate. The other referenced sections did not require any changes.

Section 89a.120. Standards for marketing.

The AGENTS stated in § 89a.120(c)(1) that association group marketing of long-term care insurance is a growing component of the market. Associations promoting the long-term care insurance policies do not sell insurance unless they are licensed to do so. Associations may endorse a product under an arrangement with bona fide producers. The word 'selling' should be deleted. The AGENTS suggested the addition of a sentence to read:

"Nothing in this section shall be construed as permitting the marketing, soliciting, selling, or negotiating of an association-sponsored long-term care insurance policy unless there is compliance with producer licensing laws of the Commonwealth."

The AGENTS stated in § 89a.120(c)(3) that the association is required in this section to reveal commissions received. Again, the point must be made that associations must be licensed before it can legally receive commissions. The other issue is the disclosure of the commission itself. Certainly, the association's Board and other decision-makers would have that information when the decision was made. Disclosing commissions received might encourage agent rebating. Members might exert pressure to "give back" some of the commission, something at odds with Act 205 and long-standing Department policy. This regulation should not place producers in a position to fend off association demands for a rebate. Insurance producers are not required to disclose commission income now for any type of insurance. This should not be the place to start.

The AGENTS stated in § 89a.120(c)(5) that the board of directors of an association should be required to approve of the sponsored plan and terms of compensation arrangements with the insurer. Add the words "or producer" since the association considers a sponsored policy through a licensed producer and not necessarily directly to the insurer. Again, the word 'selling' should be deleted as inconsistent with licensing law.

The AGENTS stated in § 89a.120(c)(6) that this section has an exemption for qualified long-term care insurance. The AGENTS requested clarification. Does this pose an added regulatory hurdle for nonqualified plans? This section also mandates that an association "engage the services of a person with expertise in long-term care insurance" to examine the proposed policy, and the like. The AGENTS question this requirement. Should the association always contract with a person having expertise in long-term care insurance before deciding? It may not always be in its best interest if the expert is, in fact, partial towards a competitor. An expert may recommend that the association not pursue a long-term care policy because the consumer may just happen to have a disability income policy that the consumer wants to place. This requirement will enhance predatory behavior in the marketplace. It may also add to the association's total cost of providing long-term care insurance because of the consultant's cost. In addition, if the association has a comfort level with an existing producer or product, why create another hoop to jump through? We understand where we think the Department is going on this provision but maintain that it will impede the growth of long-term care insurance. There is no harm in getting a second opinion

but a better approach would delete existing paragraph (6)(i) and use the following substitute language:

“Nothing shall prevent an association from engaging the services of a person with expertise in the long-term care insurance not affiliated with the insurer to conduct an examination of the policies . . .”

The Department has, after further examination and research, considered the comments made here and has retained language relating to associations from the NAIC Model. The AGENTS stated correctly that associations may only sell, solicit or negotiate insurance when licensed to do so. In such a case, compliance with licensing statutes and all other applicable statutes and regulations would apply accordingly. Further, the Department has added the phrase “or producer” in § 89a.120(c)(5) as suggested by the AGENTS.

Section 89a.123. Nonforfeiture benefit requirement.

Overall the IBC believed this provision is favorable because it prevents carriers from engaging in inappropriately low pricing. In certain instances, predatory pricing carriers would benefit from having received premiums, which later are raised significantly for policies that subsequently lapse after a rate increase. The reason this practice is favorable to the companies is that long-term care insurance is considered a “lapse supported product.” In considering profit or loss for a lapse supported product, an actuary takes into account those policies that lapse after covering issue and maintenance expenses but before claims are incurred.

Under the draft regulations, the policyholder had two choices. The policyholder can obtain either a reduced benefit, under certain circumstances, at the original premium or a reduced paid-up benefit with no further premium payments required in the event of a rate increase. The IBC believed that the addition of these options is a good alternative to the lapse of a policy after a consumer would have paid premiums for a number of years without receiving benefits.

The IBC was concerned, however, that in the event of a rate increase this provision, which potentially provides a nonforfeiture benefit depending on issue age and level of premium increase, imposed another additional cost to the insurer because long-term care insurance is a lapse supported product. The proposed rulemaking did mitigate this cost somewhat by the Department’s allowing the insurer (if the Department is convinced that a rising rate spiral exists) to replace existing coverage, without underwriting, with a comparable product being sold. This is essentially a pooling mechanism that allows individuals holding a troubled policy to switch to a more stable policy without underwriting. While this provision is preferable to merely letting the troubled policy spiral out of control, there are still restrictions on rate increases for the resulting combined block of policies that could prevent a carrier from effectively pricing its products to remain in the marketplace.

The Department believes these requirements are appropriate and were developed by the NAIC with input from the insurance industry. No changes have been made to this section.

Section 89a.124. Standards for benefit triggers.

The AGENTS stated in § 89a.124(b) that this section lists activities of daily living as ‘triggers’ for long-term care insurance. Although the Department uses the word “may,” there appears to be an inference that all must be triggered versus a number of these activities depending

on the specific policy and whether or not it is qualified or nonqualified. Although not explicitly stated, the regulation appears to be addressing nonqualified plans since § 89a.125 (relating to additional standards for benefit triggers for qualified long-term care insurance contracts) cites additional standards for qualified long-term care triggers.

The AGENTS further stated that in light of Act 13, home health care plans that are regulated as long-term care insurance may not have the same set of triggers. Consider substitute language:

‘(b) Insurers must conspicuously list the activities of daily living necessary to trigger benefits.’

The Department considered the use of “may” in § 89a.124(b). It should be noted that § 89a.124(a) requires: “Eligibility for the payment of benefits may not be more restrictive than requiring either a deficiency in the ability to perform not more three activities of daily living or the presence of cognitive impairment.” As stated earlier regarding home health polices in § 89a.104, the home health care insurance licensing requirements added by Act 132 did not address nor change the services provided under home health care insurance that would include benefit triggers. Furthermore, these requirements are consistent with the NAIC Model. The Department believes these requirements are clear and no changes have been made.

Section 89a.125. Additional standards for benefit triggers for qualified long-term care insurance contracts.

The Department has modified this section to put the defined terms in alphabetical order.

Section 89a.126. Standard format for coverage.

The AGENTS stated in § 89a.126(e)(15) that this part of the format directs the policyholder to contact the Department of Aging’s Senior Health Insurance Assistance Program (SHIP) (APPRISE (800) 783-7067) for general questions regarding the long-term care insurance and to the insurer for specific questions about the policy.

From the point of view of the three agents’ associations commenting on this regulation, the first point of contact should be the producer who sold the policy. The consumer has the professional credentials to discuss the long-term care insurance. The consumer also has the professional basis to want a good customer relationship to continue. The incentive is to answer both general and specific questions. The AGENTS strongly believe that the producer is the first recourse. Contacting the Senior Health Insurance Assistance Program or the insurer, or both, should be fallback options after the producer has tried to help resolve the question. The regulation’s language ignores the vital function of the insurance producer.

The AGENTS suggested substitute language should be: “For questions of either a general or specific nature regarding long-term care insurance, contact the licensed insurance producer who sold you the policy. Other resources are the State Senior Health Insurance Assistance Program for questions generally relating to long-term care insurance or the insurer (insert insurance company name and phone number) for questions specific to a particular long-term care policy.”

The Department generally agrees that the producer is an integral part of the communication process with insurance consumers, however it appears unnecessary to list them in this section. The Department, in consistency with IRRC comments on § 89a.113 regarding Nationally consistent forms, has revised this language to be consis-

tent with the NAIC Model by removing the specific reference to the APPRISE Program and using the generic reference to the "State Health Insurance Assistance Program listed in the brochure." The Department believes that APPRISE, which is part of the SHIP program, is the best source for impartial information and counseling on long-term care insurance and the SHIP should be identified as the primary contact for general long-term care insurance questions.

Section 89a.129. Permitted compensation arrangements.

The AGENTS stated in § 89a.129(a) and (b) that the sections listing permitted compensation should spell out exactly the legislative citation regarding new policies (50 %) and renewals (up to 10%) as well as the prohibition on receiving higher commissions on replacements.

Regarding § 89a.129(c), the AGENTS commented that they strongly disagree with the definition to include nonmonetary incentives such as trips. Given that a producer's bonus may include more than one type of insurance, it creates bookkeeping difficulty. If a producer sells several types of health insurance, incentives such as trips are usually bundled rather than being segmented by specific line. In addition, a bonus may have the real world impact of reducing producer financial compensation if there is an overall cap including nonmonetary gain. This amounts to an intrusion into the ways producers are compensated, a stretch from the traditional regulatory reach of the Department. Traditionally, the Department in areas such as Act 143 on the P/C side (agency termination law) has shied away from getting into the middle of agency-company commission issues.

The IFP very much appreciated the Department's willingness to take another look at the advisability of retaining the current regulation's restrictions on sales compensation. The IFP realized that the Department may have received some correspondence from insurers separate from the IFP's on this issue. Moreover, as the IFP discussed, this is noted as an optional piece in the NAIC Model. Frankly, member companies of the IFP have been living with the regulation for some time, so deleting this takes second seat to getting the overall regulation in place.

The IFP stated that there is little use in reiterating arguments for deleting this section which have been well articulated by companies which are experts in selling the product. However, the success of the effort to delete this section probably depends on the Department's view of what has happened in the marketplace and what protections are required.

The IFP also stated that the new regulation unarguably contains many standards intended to address the problem of inappropriate replacements. Further, the Department is aware that the proper sale of this product is contact intensive, so that, unless inappropriate sales behavior is a major problem, allowing ample selling inducements is essential to having both knowledgeable agents and sound sales practices. Consequently, unless there is widespread inappropriate replacement activity which these older restrictions really help discourage, the IFP believes the case for dropping this section is compelling.

IRRC questioned the retention of this section with the existing provisions, which place limits on compensation to an agent or broker for the sale of a long-term care insurance policy (see § 89.921 (relating to permitted compensation arrangements)). For example, the rule limits a commission or other compensation to a maximum of 50% of the first year premium of a long-term care policy.

However, the NAIC Model uses a maximum of 200%. Commentators question the need for the 50% limitation. IRRC wanted to know what is the Department's rationale for maintaining the 50% rule?

The Department noted that section 1112 of the Long-Term Care Act (40 P. S. § 991.1112) requires that: "The department shall promulgate reasonable regulations to establish minimum standards for marketing practices, agent compensation arrangements, agent testing, penalties and reporting practices for long-term care insurance." The Department established the permitted compensation arrangements in 1995 by means of an approved and promulgated regulation to address concerns about marketing and sales practices including churning of policies, which sometimes included physical intimidation of senior citizens. The number of churning cases has decreased since the Department originally promulgated this regulation. However, the Department is concerned that revising these requirements would cause an increase in abusive sales and marketing practices, including churning.

Regarding the NAIC Model language on permitted compensation arrangements, the NAIC Model states: "An insurer or other entity may provide commission or other compensation to an agent or other representative for the sale of a long-term care insurance policy or certificate only if the first year commission or other first year compensation is no more than 200 percent of the commission or other compensation paid for selling or servicing the policy or certificate in the second year or period." The 200% commission in the NAIC Model is based upon the maximum allowable second year commission for the policy, not based upon the policy premiums, while Pennsylvania's permitted compensation arrangements are based on policy premiums. Therefore, the Department's current regulatory language allows for a higher initial year commission. The Department believes the permitted compensation arrangements are reasonable and has not changed this section.

Appendix B—Long-Term Care Personal Worksheet

The IFP noted that the Long-Term Care Personal Worksheet which is Appendix B follows the NAIC Model except for the addition on the second page under the question about buying inflation protection referring applicants to the Agency on Aging. That information is already provided in the Shopper's Guide and its repetition here would require a separate Pennsylvania form. As the IFP indicated, this is an additional cost to insurers which it appears unnecessary to incur in light of the redundancy.

The Department agrees and, in consistency with the IRRC comments on § 89a.113 regarding Nationally consistent forms, has modified the language to be consistent with the NAIC Model.

The NAIC, at its winter meeting in Chicago (December 2001), proposed that Appendix G be added to the NAIC Model regulation. As this was after the proposed regulation's public comment period, commentators did not have the opportunity to comment on this addition. However, this change was signed off by the industry and does not add any substantive changes to the NAIC Model regulation. In fact, it makes it easier for insurers to use the same format, therefore, the Department has added Appendix G with the appropriate references in § 89a.114.

Affected Parties

This final-form rulemaking applies to insurance companies doing the business of long-term care insurance in this Commonwealth.

Fiscal Impact

State Government

There will be no increase in cost to the Department due to the adoption of Chapter 89a.

General Public

There will be no fiscal impact to the public.

Political Subdivisions

The final-form rulemaking will not impose additional costs on political subdivisions.

Private Sector

This final-form rulemaking will not impose additional costs on insurance companies doing the business of long-term care insurance in this Commonwealth.

Paperwork

The adoption of the rulemaking will not impose additional paperwork on the Department or the insurance industry.

Effectiveness/Sunset Date

This final-form rulemaking becomes effective upon publication in the *Pennsylvania Bulletin*. No sunset date has been assigned.

Contact person

Questions regarding this final-form rulemaking, should be directed to Peter J. Salvatore, Regulatory Coordinator, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429. In addition, questions may be e-mailed to psalvatore@state.pa.us or faxed to (717) 772-1969.

Regulatory review

Under section 5(a) of the Regulatory Review Act, on January 23, 2002 (71 P.S. § 745.5(a)), the Department submitted a copy of this final-form rulemaking to IRRC and to the Chairpersons of the House Insurance Committee and the Senate Banking and Insurance Committee. In addition to the submitted final-form rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

In preparing this final-form rulemaking, the Department considered all comments received from IRRC, the Committees and the public. This final-form rulemaking was deemed approved by the House and Senate Committees on February 12, 2002. In accordance with section 5.1(d) of the Regulatory Review Act (71 P.S. § 745.5a(d)), IRRC met on February 21, 2002, and approved the final-form rulemaking in accordance with section 5.1(e) of the Regulatory Review Act.

Findings

The Department finds that:

(1) Public notice of intention to adopt this rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this rulemaking in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Department, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 31 Pa. Code, are amended by deleting §§ 89.901—89.921 and by adding §§ 89a.1—89a.129 and Appendices A—G, to read as set forth in Annex A.

(2) The Department shall submit this order and Annex A to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law.

(3) The Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(4) This final-form rulemaking shall take effect upon final publication in the *Pennsylvania Bulletin*.

M. DIANE KOKEN,
Insurance Commissioner

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission, relating to this document, see 32 Pa.B. 1362 (March 9, 2002).)

Fiscal Note: Fiscal Note 11-208 remains valid for the final adoption of the subject regulations.

§ 89a.101. Purpose.

The purpose of this chapter is to implement sections 1101—1115 of the act (40 P.S. §§ 991.1101—991.1115), to promote the public interest, to promote the availability of

long-term care insurance coverage, to protect applicants for long-term care insurance, as defined, from unfair or deceptive sales or enrollment practices, to facilitate public understanding and comparison of long-term care insurance coverages and to facilitate flexibility and innovation in the development of long-term care insurance.

§ 89a.102. Applicability and scope.

Except as otherwise specifically provided, this chapter applies to all long-term care insurance policies, including qualified long-term care contracts delivered or issued for delivery in this Commonwealth on or after March 16, 2002, by insurers, fraternal benefit societies, nonprofit hospital plan and professional health services plan corporations, prepaid health plans, health maintenance organizations and all similar organizations. Certain provisions of this chapter apply only to qualified long-term care insurance contracts as noted.

§ 89a.103. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The Insurance Company Law of 1921 (40 P. S. §§ 341—991.2361)

Applicant—The term as defined in section 1103 of the act (40 P. S. § 991.1103).

Certificate—The term as defined in section 1103 of the act.

Commissioner—The Insurance Commissioner of the Commonwealth.

Department—The Insurance Department of the Commonwealth.

Exceptional increase—Only those increases filed by an insurer as exceptional for which the Commissioner determines the need for the premium rate increase is justified.

(i) Increases due to changes in laws or regulations applicable to long-term care coverage in this Commonwealth or due to increased and unexpected utilization that affects the majority of insurers of similar products.

(ii) Except as provided in § 89a.118 (relating to premium rate schedule increases), exceptional increases are subject to the same requirements as other premium rate schedule increases.

(iii) The Commissioner may request a review by an independent actuary or a professional actuarial body of the basis for a request that an increase be considered an exceptional increase.

(iv) The Commissioner, in determining that the necessary basis for an exceptional increase exists, will also determine potential offsets to higher claims costs.

Functionally necessary—The term as defined in section 1103 of the act.

Group long-term care insurance—The term as defined in section 1103 of the act.

Incidental—As used in § 89a.118(j), means that the value of the long-term care benefits provided is less than 10% of the total value of the benefits provided over the life of the policy. These values shall be measured as of the date of issue.

Long-term care insurance—The term as defined in section 1103 of the act.

Medically necessary—The term as defined in section 1103 of the act.

Policy—The term as defined in section 1103 of the act.

Producer—An agent as defined in section 601 of the act (40 P. S. § 231), or a broker as defined in section 621 of the act (40 P. S. § 251).

Qualified actuary—A member in good standing of the American Academy of Actuaries.

Qualified long-term care insurance contract or Federally tax-qualified long-term care insurance contract—

(i) An individual or group insurance contract that meets all of the following requirements of section 7702B(b) of the Internal Revenue Code of 1986 (IRC) (26 U.S.C.A. § 77026B(b)):

(A) The only insurance protection provided under the contract is coverage of qualified long-term care services. A contract may not fail to satisfy the requirements of this subparagraph by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate.

(B) The contract does not pay or reimburse expenses incurred for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act (42 U.S.C.A. §§ 1395—1395ggg) or would be so reimbursable but for the application of a deductible or coinsurance amount. The requirements of this subparagraph do not apply to expenses that are reimbursable under Title XVIII of the Social Security Act only as a secondary payor. A contract may not fail to satisfy the requirements of this subparagraph by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate.

(C) The contract is guaranteed renewable, within the meaning of section 7702B(b)(1)(C) of the IRC.

(D) The contract does not provide for a cash surrender value or other money that can be paid, assigned, pledged as collateral for a loan, or borrowed.

(E) All refunds of premiums and all policyholder dividends or similar amounts, under the contract are to be applied as a reduction in future premiums or to increase future benefits, except that a refund on the event of death of the insured or a complete surrender or cancellation of the contract cannot exceed the aggregate premiums paid under the contract.

(F) The contract meets the consumer protection provisions in section 7702B(g) of the IRC.

(ii) The term also means the portion of a life insurance contract that provides long-term care insurance coverage by rider or as part of the contract and that satisfies the requirements of section 7702B(b) and (e) of the IRC.

Similar policy forms—All of the long-term care insurance policies and certificates issued by an insurer in the same long-term care benefit classification as the policy form being considered. Certificates of groups that meet the definition in section 1103 of the act (40 P. S. § 991.1103) are not considered similar to certificates or policies otherwise issued as long-term care insurance, but are similar to other comparable certificates with the same long-term care benefit classifications. For purposes of determining similar policy forms, long-term care benefit classifications are defined as follows:

(i) Institutional long-term care benefits only.

(ii) Noninstitutional long-term care benefits only.

(iii) Comprehensive long-term care benefits.

§ 89a.104. Policy definitions.

(a) A long-term care insurance policy delivered or issued for delivery in this Commonwealth may not use the terms set forth as follows, unless the terms are defined in the policy and the definitions satisfy the following requirements:

Activities of daily living—Bathing, continence, dressing, eating, toileting and transferring.

Acute condition—The term means that the individual is medically unstable. This individual requires frequent monitoring by medical professionals, such as physicians and registered nurses, to maintain the individual's health status.

Adult day care—A program for six or more individuals, of social and health-related services provided during the day in a community group setting for the purpose of supporting frail, impaired elderly or other disabled adults who can benefit from care in a group setting outside the home.

Bathing—Washing oneself by sponge bath, or in either a tub or shower, including the task of getting into or out of the tub or shower.

Cognitive impairment—A deficiency in a person's short or long-term memory, orientation as to person, place and time, deductive or abstract reasoning, or judgment as it relates to safety awareness.

Continence—The ability to maintain control of bowel and bladder function; or, when unable to maintain control of bowel or bladder function, the ability to perform associated personal hygiene (including caring for catheter or colostomy bag).

Dressing—Putting on and taking off all items of clothing and necessary braces, fasteners or artificial limbs.

Eating—Feeding oneself by getting food into the body from a receptacle (such as a plate, cup or table) or by a feeding tube or intravenously.

Hands-on assistance—Physical assistance (minimal, moderate or maximal) without which the individual would not be able to perform the activity of daily living.

Home health care services—Medical and nonmedical services, provided to ill, disabled or infirm persons in their residences. The services may include homemaker services, assistance with activities of daily living and respite care services.

Medicare—The program under the Health Insurance for the Aged Act in Title XVIII of the Social Security Amendments of 1965 (42 U.S.C.A. §§ 1395—1395ggg) and any later amendments or substitutes thereof.

Mental or nervous disorder—The term may not be defined to include more than neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional disease or disorder.

Personal care—The provision of supervisory or hands-on services to assist an individual with activities of daily living.

Skilled nursing care, intermediate care, personal care, home care and other services—These terms shall be defined in relation to the level of skill required, the nature of the care and the setting in which care must be delivered.

Toileting—Getting to and from the toilet, getting on and off the toilet and performing associated personal hygiene.

Transferring—Moving into or out of a bed, chair or wheelchair.

(b) All providers of services, including, but not limited to, skilled nursing facility, extended care facility, intermediate care facility, convalescent nursing home, personal care facility and home care agency shall be defined in relation to the services and facilities required to be available and the licensure or degree status of those providing or supervising the services. The definition may require that the provider be appropriately licensed or certified only when the licensure or certification of the provider is required by the state in which the provider is located.

§ 89a.105. Policy practices and provisions.

(a) *Renewability*. The terms "guaranteed renewable" and "noncancellable" may not be used in an individual long-term care insurance policy without further explanatory language in accordance with the disclosure requirements of § 89a.108 (relating to required disclosure of rating practices to consumers).

(1) A policy issued to an individual may not contain renewal provisions other than "guaranteed renewable" or "noncancellable."

(2) The term "guaranteed renewable" may be used only when the insured has the right to continue the long-term care insurance in force by the timely payment of premiums and when the insurer has no unilateral right to make a change in a provision of the policy or rider while the insurance is in force, and cannot decline to renew, except that rates may be revised by the insurer on a class basis.

(3) The term "noncancellable" may be used only when the insured has the right to continue the long-term care insurance in force by the timely payment of premiums during which period the insurer has no right to unilaterally make a change in a provision of the insurance or in the premium rate.

(4) The term "level premium" may only be used when the insurer does not have the right to change the premium.

(5) In addition to the requirements of this subsection, a qualified long-term care insurance contract shall be guaranteed renewable, within the meaning of section 7702B(b)(1)(C) of the Internal Revenue Code of 1986 (26 U.S.C.A. § 7702B(b)(1)(C)).

(b) *Limitations and exclusions.*

(1) A policy may not be delivered or issued for delivery in this Commonwealth as long-term care insurance if the policy limits or excludes coverage by type of illness, treatment, medical condition or accident, except as follows:

(i) Preexisting conditions or diseases.

(ii) Mental or nervous disorders; however, this may not permit exclusion or limitation of benefits on the basis of clinically diagnosed Alzheimer's Disease or related degenerative or dementing illnesses.

(iii) Alcoholism and drug addiction.

(iv) Illness, treatment or medical condition arising out of any of the following:

(A) War or act of war (whether declared or undeclared).

(B) Participation in a felony, riot or insurrection.

(C) Service in the armed forces or units auxiliary thereto.

(D) Suicide (sane or insane), attempted suicide or intentionally self-inflicted injury.

(E) Aviation (this exclusion applies only to nonfare-paying passengers).

(v) Treatment provided in a government facility (unless a charge is made and the insured is legally obligated to pay), services for which benefits are available under Medicare or other governmental program except Medicaid, a state or Federal workers' compensation, employer's liability or occupational disease law or services provided by a member of the covered person's immediate family and services for which no charge is normally made in the absence of insurance.

(vi) Expenses for services or items available or paid under another long-term care insurance or health insurance policy.

(vii) In the case of a qualified long-term care insurance contract, expenses for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act (Medicare) (42 U.S.C.A. §§ 1395—1395ggg) or would be so reimbursable but for the application of a deductible or coinsurance amount.

(2) This subsection is not intended to prohibit exclusions and limitations by type of provider or territorial limitations.

(3) Benefits otherwise payable under a long-term care policy shall be payable in excess of and not in duplication of valid and collectable first party benefits under a state motor vehicle responsibility law. See 75 Pa.C.S. §§ 1701—1798 (relating to Motor Vehicle Financial Responsibility Law).

(c) *Extension of benefits.* Termination of long-term care insurance shall be without prejudice to benefits payable for institutionalization if the institutionalization began while the long-term care insurance was in force and continues without interruption after termination. The extension of benefits beyond the period the long-term care insurance was in force may be limited to the duration of the benefit period or to payment of the maximum benefits and may be subject to a policy waiting period and other applicable provisions of the policy.

(d) *Continuation or conversion.*

(1) Group long-term care insurance issued in this Commonwealth on or after March 16, 2002, shall provide covered individuals with a basis for continuation or conversion of coverage.

(2) For the purposes of this section, "a basis for continuation of coverage" means a policy provision that maintains coverage under the existing group policy when the coverage would otherwise terminate and which is subject only to the continued timely payment of premium when due. Group policies that restrict provision of benefits and services to, or contain incentives to use certain providers or facilities may provide continuation benefits that are substantially equivalent to the benefits of the existing group policy. The Commissioner will make a determination as to the substantial equivalency of benefits, and in doing so, will take into consideration the differences between managed care and nonmanaged care plans, including, but not limited to, provider system arrangements, service availability, benefit levels and administrative complexity.

(3) For the purposes of this section, "a basis for conversion of coverage" means a policy provision that an individual whose coverage under the group policy would

otherwise terminate or has been terminated for a reason, including discontinuance of the group policy in its entirety or with respect to an insured class, and who has been continuously insured under the group policy (and a group policy which it replaced), for at least 6 months immediately prior to termination, will be entitled to the issuance of a converted policy by the insurer under whose group policy the individual is covered, without evidence of insurability.

(4) For the purposes of this section, "converted policy" means an individual policy of long-term care insurance providing benefits identical to or benefits determined by the Commissioner to be substantially equivalent to or in excess of those provided under the group policy from which conversion is made. When the group policy from which conversion is made restricts provision of benefits and services to, or contains incentives to use certain providers or facilities, the Commissioner, in making a determination as to the substantial equivalency of benefits, will take into consideration the differences between managed care and nonmanaged care plans, including, but not limited to, provider system arrangements, service availability, benefit levels and administrative complexity.

(5) Written application for the converted policy shall be made and the first premium due, if applicable, shall be paid as directed by the insurer not later than 31 days after termination of coverage under the group policy. The converted policy shall be issued effective on the day following the termination of coverage under the group policy, and shall be renewable annually.

(6) When an insured converts from a group policy with rates based on the issue age of the insured to a conversion policy, the premium for the conversion policy shall be calculated on the basis of the insured's age at inception of continuous coverage on the original group policy and any other group policy which replaced the original group policy. When an insured converts from a group policy with rates based on the attained age of the insured, the premium for the conversion policy shall be calculated on the insured's age as of the date of conversion.

(7) Continuation of coverage or issuance of a converted policy shall be mandatory, except when:

(i) Termination of group coverage resulted from an individual's failure to make the required payment of premium or contribution when due.

(ii) The terminating coverage is replaced not later than 31 days after termination, by group coverage effective on the day following the termination of coverage. Both of the following provisions apply:

(A) Providing benefits identical to or benefits determined by the Commissioner to be substantially equivalent to or in excess of those provided by the terminating coverage.

(B) The premium for which is calculated in a manner consistent with paragraph (6).

(8) Notwithstanding this section, a converted policy issued to an individual who at the time of conversion is covered by another long-term care insurance policy that provides benefits on the basis of incurred expenses, may contain a provision that results in a reduction of benefits payable if the benefits provided under the additional coverage, together with the full benefits provided by the converted policy, would result in payment of more than 100% of incurred expenses. The provision shall only be included in the converted policy if the converted policy

also provides for a premium decrease or refund which reflects the reduction in benefits payable.

(9) The converted policy may provide that the benefits payable under the converted policy, together with the benefits payable under the group policy from which conversion is made, may not exceed those that would have been payable had the individual's coverage under the group policy remained in force and effect.

(10) Notwithstanding this section, an insured individual whose eligibility for group long-term care coverage is based upon the individual's relationship to another person shall be entitled to continuation of coverage under the group policy upon termination of the qualifying relationship by death or dissolution of marriage.

(11) For the purposes of this section a "managed-care plan" is a health care or assisted living arrangement designed to coordinate patient care or control costs through utilization review, case management or use of specific provider networks.

(e) *Discontinuance and replacement.* If a group long-term care policy is replaced by another group long-term care policy issued to the same policyholder, the succeeding insurer shall offer coverage to all persons covered under the previous group policy on its date of termination. Coverage provided or offered to individuals by the insurer and premiums charged to persons under the new group policy may not result in an exclusion for preexisting conditions that would have been covered under the group policy being replaced and may not vary or otherwise depend on the individual's health or disability status, claim experience or use of long-term care services.

(f) *Premium rate increase.*

(1) The premium charged to an insured may not increase due to either of the following:

(i) The increasing age of the insured at ages beyond 65.

(ii) The duration the insured has been covered under the policy.

(2) The purchase of additional coverage may not be considered a premium rate increase, but for purposes of the calculation required under § 89a.123 (relating to nonforfeiture benefit requirement), the portion of the premium attributable to the additional coverage shall be added to and considered part of the initial annual premium.

(3) A reduction in benefits may not be considered a premium change, but for purpose of the calculation required under § 89a.123, the initial annual premium shall be based on the reduced benefits.

(g) *Electronic enrollment for group policies.*

(1) In the case of a group defined in section 1103 of the act (40 P. S. § 991.1103), a requirement that a signature of an insured be obtained by a producer or insurer shall be deemed satisfied if the following conditions are met:

(i) The consent is obtained by telephonic or electronic enrollment by the group policyholder or insurer. A verification of enrollment information shall be provided to the enrollee.

(ii) The telephonic or electronic enrollment provides necessary and reasonable safeguards to assure the accuracy, retention and prompt retrieval of records.

(iii) The telephonic or electronic enrollment provides necessary and reasonable safeguards to assure that the confidentiality of individually identifiable information is maintained.

(2) The insurer shall make available, upon request of the Commissioner, records that will demonstrate the insurer's ability to confirm enrollment and coverage amounts.

§ 89a.106. Unintentional lapse.

(a) Each insurer offering long-term care insurance shall, as a protection against unintentional lapse, comply with the following conditions:

(1) *Notice before lapse or termination.* An individual long-term care policy or certificate may not be issued until the insurer has received from the applicant either a written designation of at least one person, in addition to the applicant, who is to receive notice of lapse or termination of the policy or certificate for nonpayment of premium, or a written waiver dated and signed by the applicant electing not to designate additional persons to receive notice. The applicant has the right to designate at least one person who is to receive the notice of termination, in addition to the insured. Designation may not constitute acceptance of liability on the third party for services provided to the insured. The form used for the written designation must provide space clearly designated for listing at least one person. The designation shall include each person's full name and home address. In the case of an applicant who elects not to designate an additional person, the waiver shall state: "Protection against unintended lapse. I understand that I have the right to designate at least one person other than myself to receive notice of lapse or termination of this long-term care insurance policy for nonpayment of premium. I understand that notice will not be given until 30 days after a premium is due and unpaid. I elect not to designate a person to receive this notice." The insured shall be able to change the written designation at any time. The insurer shall notify the insured of the right to change this written designation, at least once every 2 years.

(2) *Deduction plans.* When the policyholder or certificateholder pays premium for a long-term care insurance policy or certificate through a payroll or pension deduction plan, the requirements contained in paragraph (1) need not be met until 60 days after the policyholder or certificateholder is no longer on the payment plan. The application or enrollment form for those policies or certificates shall clearly indicate the payment plan selected by the applicant.

(3) *Lapse or termination for nonpayment of premium.* No individual long-term care policy or certificate may lapse or be terminated for nonpayment of premium unless the insurer, at least 30 days before the effective date of the lapse or termination, has given notice to the insured and to those persons designated under paragraph (1), at the address provided by the insured for purposes of receiving notice of lapse or termination. Notice shall be given by first class United States mail, postage prepaid; and notice may not be given until 30 days after a premium is due and unpaid. Notice shall be deemed to have been given as of 5 days after the date of mailing.

(b) *Reinstatement.* In addition to the requirement in subsection (a), a long-term care insurance policy or certificate shall include a provision that provides for reinstatement of coverage, in the event of lapse if the insurer is provided proof that the policyholder or certificateholder was cognitively impaired or had a loss of functional capacity before the grace period contained in the policy expired. This option shall be available to the insured if requested within 5 months after termination

and shall allow for the collection of a past due premium, when appropriate. The standard of proof of cognitive impairment or loss of functional capacity may not be more stringent than the benefit eligibility criteria on cognitive impairment or the loss of functional capacity contained in the policy and certificate.

§ 89a.107. Required disclosure provisions.

(a) *Renewability.* Individual long-term care insurance policies shall contain a renewability provision.

(1) The provision shall be appropriately captioned, shall appear on the first page of the policy and clearly state that the coverage is guaranteed renewable or noncancellable. This provision does not apply to policies that do not contain a renewability provision, and under which the right to nonrenew is reserved solely to the policyholder.

(2) A long-term care insurance policy or certificate, other than one in which the insurer does not have the right to change the premium, shall include a statement that premium rates may change.

(b) *Riders and endorsements.* Except for riders or endorsements by which the insurer effectuates a request made in writing by the insured under an individual long-term care insurance policy, all riders or endorsements added to an individual long-term care insurance policy after date of issue or at reinstatement or renewal that reduce or eliminate benefits or coverage in the policy shall require signed acceptance by the individual insured. After the date of policy issue, a rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, except if the increased benefits or coverage are required by law. When a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy, rider or endorsement.

(c) *Payment of benefits.* A long-term care insurance policy that provides for the payment of benefits based on standards described as "usual and customary," "reasonable and customary" or words of similar import shall include a definition of these terms and an explanation of the terms in its accompanying outline of coverage.

(d) *Limitations.* If a long-term care insurance policy or certificate contains limitations with respect to preexisting conditions, the limitations shall appear as a separate paragraph of the policy or certificate and shall be labeled as "Preexisting Condition Limitations."

(e) *Other limitations or conditions on eligibility for benefits.* A long-term care insurance policy or certificate containing limitations or conditions for eligibility other than those prohibited in sections 1105 and 1108 of the act (40 P. S. §§ 991.1105 and 991.1108) shall set forth a description of the limitations or conditions, including the required number of days of confinement, in a separate paragraph of the policy or certificate and shall label this paragraph "Limitations or Conditions on Eligibility for Benefits."

(f) *Benefit triggers.* Activities of daily living and cognitive impairment shall be used to measure an insured's need for long-term care and shall be described in the policy or certificate in a separate paragraph and shall be labeled "Eligibility for the Payment of Benefits." Additional benefit triggers shall also be explained in this section. If these triggers differ for different benefits, explanation of the trigger shall accompany each benefit

description. If an attending physician or other specified person must certify a certain level of functional dependency in order to be eligible for benefits, this too shall be specified.

(g) *Disclosure statement—qualified.* A qualified long-term care insurance contract shall include a disclosure statement in the policy and in the outline of coverage as contained in § 89a.126(e)(3) (relating to standard format outline of coverage) that the policy is intended to be a qualified long-term care insurance contract under section 7702B(b) of the Internal Revenue Code of 1986 (26 U.S.C.A. § 7702B(b)).

(h) *Disclosure statement—nonqualified.* A nonqualified long-term care insurance contract shall include a disclosure statement in the policy and in the outline of coverage as contained in § 89a.126(e)(3) that the policy is not intended to be a qualified long-term care insurance contract.

§ 89a.108. Required disclosure of rating practices to consumers.

(a) This section shall apply as follows:

(1) Except as provided in paragraph (2), this section applies to a long-term care policy or certificate issued in this Commonwealth on or after September 16, 2002.

(2) For certificates issued on or after March 16, 2002, under a group long-term care insurance policy as defined in section 1103 of the act (40 P. S. § 991.1103), which policy was in force on March 16, 2002, this section shall apply on the policy anniversary following March 17, 2003.

(b) Other than policies for which no applicable premium rate or rate schedule increases can be made, insurers shall provide all of the information listed in this subsection to the applicant at the time of application or enrollment, unless the method of application does not allow for delivery at that time. In such a case, an insurer shall provide all of the information listed in this section to the applicant no later than at the time of delivery of the policy or certificate.

(1) A statement that the policy may be subject to rate increases in the future.

(2) An explanation of potential future premium rate revisions, and the policyholder's or certificateholder's option in the event of a premium rate revision.

(3) The premium rate or rate schedules applicable to the applicant that will be in effect until a request is made for an increase.

(4) A general explanation for applying premium rate or rate schedule adjustments that shall include both of the following:

(i) A description of when premium rate or rate schedule adjustments will be effective (for example, next anniversary date, next billing date).

(ii) The right to a revised premium rate or rate schedule as provided in paragraph (2) if the premium rate or rate schedule is changed.

(5) The following information:

(i) Information regarding each premium rate increase on this policy form or similar policy forms over the past 10 years or during the existence of the policy or similar policy up to a maximum of 10 years for this State or any other state that, at a minimum, identifies all of the following:

(A) The policy forms for which premium rates have been increased.

(B) The calendar years when the form was available for purchase.

(C) The amount or percent of each increase. The percentage may be expressed as a percentage of the premium rate prior to the increase, and may also be expressed as minimum and maximum percentages if the rate increase is variable by rating characteristics.

(ii) The insurer may, in a fair manner, provide additional explanatory information related to the rate increases.

(iii) An insurer shall have the right to exclude from the disclosure premium rate increases that only apply to blocks of business acquired from nonaffiliated insurers or the long-term care policies acquired from nonaffiliated insurers when those increases occurred prior to the acquisition.

(iv) If an acquiring insurer files for a rate increase on a long-term care policy form acquired from nonaffiliated insurers or a block of policy forms acquired from nonaffiliated insurers on or before the later of March 16, 2002, or the end of a 24-month period following the acquisition of the block or policies, the acquiring insurer may exclude that rate increase from the disclosure. However, the nonaffiliated selling company shall include the disclosure of that rate increase in accordance with subparagraph (i).

(v) If the acquiring insurer in subparagraph (iv) files for a subsequent rate increase, even within the 24-month period, on the same policy form acquired from nonaffiliated insurers or block of policy forms acquired from nonaffiliated insurers referenced in subparagraph (iv), the acquiring insurer shall make all disclosures required by this paragraph, including disclosure of the earlier rate increase referenced in subparagraph (iv).

(c) An applicant shall sign an acknowledgement at the time of application, unless the method of application does not allow for signature at that time, that the insurer made the disclosure required under subsection (b)(1) and (5). If due to the method of application the applicant cannot sign an acknowledgement at the time of application, the applicant shall sign no later than at the time of delivery of the policy or certificate.

(d) An insurer shall use the forms in Appendices B and F (relating to long-term care insurance personal worksheet; and rate information) to comply with the requirements of subsections (a) and (b).

(e) An insurer shall provide notice of an upcoming premium rate schedule increase to all policyholders or certificateholders, if applicable, at least 45 days prior to the implementation of the premium rate schedule increase by the insurer for the policyholder or certificateholder. The notice shall include the information required by subsection (b) when the rate increase is implemented.

§ 89a.109. Initial filing requirements.

(a) This section applies to a long-term care policy issued in this Commonwealth on or after September 16, 2002.

(b) An insurer shall provide the information listed in this subsection to the Commissioner prior to making a long-term care insurance form available for sale subject to sections 3 and 4 of the Accident and Health Filing Reform Act (40 P. S. §§ 3803 and 3804).

(1) A copy of the disclosure documents required in § 89a.108 (relating to required disclosure of rating practices to consumer).

(2) An actuarial certification consisting of at least the following:

(i) A statement that the initial premium rate schedule is sufficient to cover anticipated costs under moderately adverse experience and that the premium rate schedule is reasonably expected to be sustainable over the life of the form with no future premium increases anticipated.

(ii) A statement that the policy design and coverage provided have been reviewed and taken into consideration.

(iii) A statement that the underwriting and claims adjudication processes have been reviewed and taken into consideration.

(iv) A complete description of the basis for contract reserves that are anticipated to be held under the form, to include the following:

(A) Sufficient detail or sample calculations provided so as to have a complete depiction of the reserve amounts to be held.

(B) A statement that the assumptions used for reserves contain reasonable margins for adverse experience.

(C) A statement that the net valuation premium for renewal years does not increase (except for attained-age rating where permitted).

(D) A statement that the difference between the gross premium and the net valuation premium for renewal years is sufficient to cover expected renewal expenses; or if this statement cannot be made, a complete description of the situations where this does not occur.

(I) An aggregate distribution of anticipated issues may be used as long as the underlying gross premiums maintain a reasonably consistent relationship.

(II) If the gross premiums for certain age groups appear to be inconsistent with this requirement, the Commissioner may request a demonstration under subsection (c) based on a standard age distribution.

(v) A statement that the premium rate schedule is not less than the premium rate schedule for existing similar policy forms also available from the insurer except for reasonable differences attributable to benefits and a comparison of the premium schedules for similar policy forms that are currently available from the insurer with an explanation of the differences.

(c) The Commissioner may request an actuarial demonstration that benefits are reasonable in relation to premiums. The actuarial demonstration shall include either premium and claim experience on similar policy forms, adjusted for premium or benefit differences; relevant and credible data from other studies, or both. In the event the Commissioner asks for additional information under this provision, the period in subsection (a) does not include the period during which the insurer is preparing the requested information.

§ 89a.110. Prohibition against postclaims underwriting.

(a) Applications for long-term care insurance policies or certificates except those that are guaranteed issue shall contain clear and unambiguous questions designed to ascertain the health condition of the applicant.

(b) If an application for long-term care insurance contains a question that asks whether the applicant has had medication prescribed by a physician, it must also ask the applicant to list the medication that has been prescribed. If the medications listed in the application were known by the insurer, or should have been known at the time of application, to be directly related to a medical condition for which coverage would otherwise be denied, the policy or certificate may not be rescinded for that condition.

(c) Except for policies or certificates which are guaranteed issue:

(1) The following language shall be set out conspicuously and in close conjunction with the applicant's signature block on an application for a long-term care insurance policy or certificate:

Caution: If your answers on this application are incorrect or untrue, [company] has the right to deny benefits or rescind your policy.

(2) The following language, or language substantially similar to the following, shall be set out conspicuously on the long-term care insurance policy or certificate at the time of delivery:

Caution: The issuance of this long-term care insurance [policy] [certificate] is based upon your responses to the questions on your application. A copy of your [application] [enrollment form] [is enclosed] [was retained by you when you applied]. If your answers are incorrect or untrue, the company has the right to deny benefits or rescind your policy. The best time to clear up questions is now, before a claim arises! If, for any reason, your answers are incorrect, contact the company at this address: [insert address]

(3) Prior to issuance of a long-term care policy or certificate to an applicant 80 years of age or older, the insurer shall obtain one of the following:

- (i) A report of a physical examination.
- (ii) An assessment of functional capacity.
- (iii) An attending physician's statement.
- (iv) Copies of medical records.

(d) A copy of the completed application or enrollment form (whichever is applicable) shall be delivered to the insured no later than at the time of delivery of the policy or certificate unless it was retained by the applicant at the time of application.

(e) Every insurer or other entity selling or issuing long-term care insurance benefits shall maintain a record of all policy or certificate rescissions, both State and countrywide, except those that the insured voluntarily effectuated and shall annually furnish this information to the Commissioner in the format prescribed by the National Association of Insurance Commissioners in Appendix A (relating to rescission reporting form for long-term care policies).

§ 89a.111. Minimum standards for home health and community care benefits in long-term care insurance policies.

(a) A long-term care insurance policy or certificate may not, if it provides benefits for home health care or community care services, limit or exclude benefits by requiring any of the following:

(1) That the insured or claimant would need care in a skilled nursing facility if home health or community care services were not provided.

(2) That the insured or claimant first or simultaneously receive nursing or therapeutic services, or both, in a home, community or institutional setting before home health care services are covered.

(3) Limiting eligible services to services provided by registered nurses or licensed practical nurses.

(4) That a nurse or therapist provide services covered by the policy that can be provided by a home health aide, or licensed or certified home care worker acting within the scope of the person licensure or certification.

(5) Excluding coverage for personal care services provided by a home health aide.

(6) That the provision of home health or community care services be at a level of certification or licensure greater than that required by the eligible service.

(7) That the insured or claimant have an acute condition before home health or community care services are covered.

(8) Limiting benefits to services provided by Medicare-certified agencies or providers.

(9) Excluding coverage for adult day care services.

(b) A long-term care insurance policy or certificate, if it provides for home health or community care services, shall provide total home health or community care coverage that is a dollar amount equivalent to at least one-half of 1 year's coverage available for nursing home benefits under the policy or certificate, at the time covered home health or community care services are being received. This requirement does not apply to policies or certificates issued to residents of continuing care retirement communities.

(c) Home health or community care coverage may be applied to the nonhome health care benefits provided in the policy or certificate when determining maximum coverage under the terms of the policy or certificate.

§ 89a.112. Requirement to offer inflation protection.

(a) An insurer may not offer a long-term care insurance policy unless the insurer also offers to the policyholder in addition to other inflation protection the option to purchase a policy that provides for benefit levels to increase with benefit maximums or reasonable durations which are meaningful to account for reasonably anticipated increases in the costs of long-term care services covered by the policy. Insurers shall offer to each policyholder, at the time of purchase, the option to purchase a policy with an inflation protection feature no less favorable than one of the following:

(1) Increases benefit levels annually in a manner so that the increases are compounded annually at a rate of at least 5%.

(2) Guarantees the insured individual the right to periodically increase benefit levels without providing evidence of insurability or health status so long as the option for the previous period has not been declined. The amount of the additional benefit may not be less than the difference between the existing policy benefit and that benefit compounded annually at a rate of at least 5% for the period beginning with the purchase of the existing benefit and extending until the year in which the offer is made.

(3) Covers a specified percentage of actual or reasonable charges and does not include a maximum specified indemnity amount or limit.

(b) When the policy is issued to a group, the required offer in subsection (a) shall be made to the group policyholder; except, if the policy is issued to a group defined in section 1103 of the act (40 P. S. § 991.1103) other than to a continuing care retirement community, the offering shall be made to each proposed certificateholder.

(c) The offer in subsection (a) is not required of life insurance policies or riders containing accelerated long-term care benefits.

(d) Insurers shall include all of the information listed in this subsection or with the outline of coverage. An insurer may use a reasonable hypothetical, or a graphic demonstration, for the purposes of this disclosure. The information is as follows:

(1) A graphic comparison of the benefit levels of a policy that increases benefits over the policy period with a policy that does not increase benefits. The graphic comparison shall show benefit levels over at least a 20 year period.

(2) Expected premium increases or additional premiums to pay for automatic or optional benefit increases.

(e) Inflation protection benefit increases under a policy which contains these benefits shall continue without regard to an insured's age, claim status or claim history, or the length of time the person has been insured under the policy.

(f) An offer of inflation protection that provides for automatic benefit increases shall include an offer of a premium which the insurer expects to remain constant. The offer shall disclose in a conspicuous manner that the premium may change in the future unless the premium is guaranteed to remain constant.

(g) Inflation protection as provided in subsection (a)(1) shall be included in a long-term care insurance policy unless an insurer obtains a rejection of inflation protection signed by the policyholder as required in this subsection. The rejection may be either in the application or on a separate form. The rejection shall be considered a part of the application and shall state:

I have reviewed the outline of coverage and the graphs that compare the benefits and premiums of this policy with and without inflation protection. Specifically, I have reviewed plans _____, and I reject inflation protection.

§ 89a.113. Requirements for application forms and replacement coverage.

(a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant has another long-term care insurance policy or certificate in force or whether a long-term care policy or certificate is intended to replace another accident and sickness or long-term care policy or certificate presently in force. A supplementary application or form to be signed by the applicant and producer, except when the coverage is sold without a producer, containing the questions may be used. With regard to a replacement policy issued to a group defined by section 1103 of the act (40 P. S. § 991.1103), the following questions may be modified only to the extent necessary to elicit information about health or long-term care insurance policies other than the group policy being replaced, provided that the certificateholder has been notified of the replacement.

(1) Do you have another long-term care insurance policy or certificate in force (including health care service contract or health maintenance organization contract)?

(2) Did you have another long-term care insurance policy or certificate in force during the last 12 months?

(i) If so, with which company?

(ii) If that policy lapsed, when did it lapse?

(3) Are you covered by Medicaid? If you are eligible or covered by Medicaid, you may not need to purchase the policy since it may provide duplicate benefits.

(4) Do you intend to replace any of your medical or health insurance coverage with this policy [certificate]?

(b) Producers shall list health insurance policies they have sold to the applicant.

(1) List policies sold that are still in force.

(2) List policies sold in the past 5 years that are no longer in force.

(c) Upon determining that a sale will involve replacement, an insurer, other than an insurer using direct response solicitation methods, or its producer, shall furnish the applicant, prior to issuance or delivery of the individual long-term care insurance policy, a notice regarding replacement of accident and sickness or long-term care coverage. One copy of the notice shall be retained by the applicant and an additional copy signed by the applicant shall be retained by the insurer. The required notice shall be provided in the following manner:

NOTICE TO APPLICANT REGARDING
REPLACEMENT OF INDIVIDUAL ACCIDENT AND
SICKNESS OR LONG-TERM CARE INSURANCE

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU
IN THE FUTURE.

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate existing accident and sickness or long-term care insurance and replace it with an individual long-term care insurance policy to be issued by [insurance company name]. Your new policy provides 30 days within which you may decide, without cost, whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all accident and sickness or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

STATEMENT TO APPLICANT BY PRODUCER [OR
OTHER REPRESENTATIVE]:

(Use additional sheets, as necessary.)

I have reviewed your current medical or health insurance coverage. I believe the replacement of insurance involved in this transaction materially improves your position. My conclusion has taken into account the following considerations, which I call to your attention:

1. Health conditions that you may presently have (preexisting conditions), may not be immediately or fully covered under the new policy. This could result in denial or delay in payment of benefits under the new policy, whereas a similar claim might have been payable under your present policy.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. The insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

3. If you are replacing existing long-term care insurance coverage, you may wish to secure the advice of your present insurer or its producer regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

4. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.

(d) Insurers using direct response solicitation methods shall deliver a notice regarding replacement of accident and sickness or long-term care coverage to the applicant upon issuance of the policy. The required notice shall be provided in the following manner:

NOTICE TO APPLICANT REGARDING
REPLACEMENT OF ACCIDENT AND SICKNESS OR
LONG-TERM CARE INSURANCE

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU
IN THE FUTURE.

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate existing accident and sickness or long-term care insurance and replace it with the long-term care insurance policy delivered herewith issued by [insurance company name]. Your new policy provides 30 days within which you may decide, without cost, whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all accident and sickness or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

1. Health conditions which you may presently have (preexisting conditions), may not be immediately or fully covered under the new policy. This could result in denial

or delay in payment of benefits under the new policy, whereas a similar claim might have been payable under your present policy.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. Your insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

3. If you are replacing existing long-term care insurance coverage, you may wish to secure the advice of your present insurer or its producer regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

4. [To be included only if the application is attached to the policy.] If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, read the copy of the application attached to your new policy and be sure that all questions are answered fully and correctly. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to [company name and address] within 30 days if any information is not correct and complete, or if any past medical history has been left out of the application.

[Company Name]

(e) Where replacement is intended, the replacing insurer shall notify, in writing, the existing insurer of the proposed replacement. The existing policy shall be identified by the insurer, the name of the insured and policy number or address including zip code. Notice shall be made within 5 working days from the date the application is received by the insurer or the date the policy is issued, whichever is sooner.

(f) The insurer shall maintain records demonstrating delivery date of policies so that this date can be used to determine the commencement of the 30-day policy examination period. Delivery date shall be deemed the date the policy is received by the policyholder.

§ 89a.114. Reporting requirements.

(a) Every insurer shall maintain records for each producer of that producer's amount of replacement sales as a percent of the producer's total annual sales and the amount of lapses of long-term care insurance policies sold by the producer as a percent of the producer's total annual sales.

(b) Every insurer shall report annually to the Department by June 30 the 10% of its producers with the greatest percentages of lapses and replacements as measured by subsection (a). (See Appendix G (relating to long-term care insurance replacement and lapse reporting form).)

(c) Reported replacement and lapse rates do not alone constitute a violation of insurance laws or necessarily imply wrongdoing. The reports are for the purpose of reviewing more closely producer activities regarding the sale of long-term care insurance.

(d) Every insurer shall report annually to the Department by June 30 the number of lapsed policies as a percent of its total annual sales and as a percent of its total number of policies in force as of the end of the preceding calendar year. (See Appendix G.).

(e) Every insurer shall report annually to the Department by June 30 the number of replacement policies sold as a percent of its total annual sales and as a percent of its total number of policies in force as of the preceding calendar year. (See Appendix G.)

(f) Every insurer shall report annually to the Department by June 30, for qualified long-term care insurance contracts, the number of claims denied for each class of business, expressed as a percentage of claims denied. (See Appendix E (relating to claims denial reporting form long term care insurance).)

(g) For purposes of this section:

(1) "Policy" means only long-term care insurance.

(2) Subject to paragraph (3), "claim" means a request for payment of benefits under an in force policy regardless of whether the benefit claimed is covered under the policy or terms or conditions of the policy have been met.

(3) "Denied" means the insurer refuses to pay a claim for reason other than for claims not paid for failure to meet the waiting period or because of an applicable preexisting condition.

(4) "Report" means on a Statewide basis.

(h) Reports required under this section shall be filed with the Commissioner.

§ 89a.115. Licensing.

A producer is not authorized to sell, solicit or negotiate with respect to long-term care insurance except as authorized by sections 601 and 621 of the act (40 P. S. §§ 231 and 251).

§ 89a.116. Reserve standards.

When long-term care benefits are provided, reserves shall be determined in accordance with sections 301.1 and 311.1 of the act (40 P. S. §§ 71.1 and 93) and Chapter 84a (relating to minimum reserve standards for individual and group health and accident insurance contracts).

§ 89a.117. Loss ratio.

(a) This section shall apply to all long-term care insurance policies or certificates except those covered under §§ 89a.109 and 89.118 (relating to initial filing requirements; and premium rate schedule increases).

(b) Benefits under long-term care insurance policies shall be deemed reasonable in relation to premiums provided the expected loss ratio is at least 60%, calculated in a manner which provides for adequate reserving of the long-term care insurance risk. In evaluating the expected loss ratio, due consideration shall be given to all relevant factors, including the following:

- (1) Statistical credibility of incurred claims experience and earned premiums.
- (2) The period for which rates are computed to provide coverage.
- (3) Experienced and projected trends.
- (4) Concentration of experience within early policy duration.
- (5) Expected claim fluctuation.
- (6) Experience refunds, adjustments or dividends.
- (7) Renewability features.
- (8) All appropriate expense factors.
- (9) Interest.
- (10) Experimental nature of the coverage.

(11) Policy reserves.

(12) Mix of business by risk classification.

(13) Product features such as long elimination periods, high deductibles and high maximum limits.

§ 89a.118. Premium rate schedule increases.

(a) This section shall apply as follows:

(1) Except as provided in paragraph (2), this section applies to a long-term care policy or certificate issued in this Commonwealth on or after September 16, 2002.

(2) For certificates issued on or after March 16, 2002, under a group long-term care insurance policy as defined in section 1103 of the act (40 P. S. § 991.1103), which policy was in force on March 16, 2002, this section shall apply on the policy anniversary following March 17, 2003.

(b) An insurer shall provide notice of a pending premium rate schedule increase, including an exceptional increase, to the Commissioner subject the Accident and Health Filing Reform Act (40 P. S. §§ 3801—3815) prior to the notice to the policyholders and shall include all of the following:

(1) Information required by § 89a.108 (relating to required disclosure of rating practices to consumers).

(2) Certification by a qualified actuary that:

(i) If the requested premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately adverse conditions, are realized, no further premium rate schedule increases are anticipated.

(ii) The premium rate filing is in compliance with this section.

(3) An actuarial memorandum justifying the rate schedule change request that includes the following:

(i) Lifetime projections of earned premiums and incurred claims based on the filed premium rate schedule increase; and the method and assumptions used in determining the projected values, including reflection of assumptions that deviate from those used for pricing other forms currently available for sale.

(A) Annual values for the 5 years preceding and the 3 years following the valuation date shall be provided separately.

(B) The projections shall include the development of the lifetime loss ratio, unless the rate increase is an exceptional increase.

(C) The projections shall demonstrate compliance with subsection (c).

(D) For exceptional increases, the projected experience should be limited to the increases in claims expenses attributable to the approved reasons for the exceptional increase. If the Commissioner determines as provided in § 89a.103 (relating to definitions) that offsets may exist, the insurer shall use appropriate net projected experience.

(ii) Disclosure of how reserves have been incorporated in this rate increase whenever the rate increase will trigger contingent benefit upon lapse.

(iii) Disclosure of the analysis performed to determine why a rate adjustment is necessary, which pricing assumptions were not realized and why, and what other actions taken by the company have been relied on by the actuary.

(iv) A statement that policy design, underwriting and claims adjudication practices have been taken into consideration.

(v) In the event that it is necessary to maintain consistent premium rates for new certificates and certificates receiving a rate increase, the insurer will need to file composite rates reflecting projections of new certificates.

(4) A statement that renewal premium rate schedules are not greater than new business premium rate schedules except for differences attributable to benefits, unless sufficient justification is provided to the Commissioner.

(5) Sufficient information for review subject to the Accident and Health Filing Reform Act of the premium rate schedule increase by the Commissioner.

(c) Premium rate schedule increases shall be determined in accordance with the following requirements:

(1) Exceptional increases shall provide that 70% of the present value of projected additional premiums from the exceptional increase will be returned to policyholders in benefits.

(2) Premium rate schedule increases shall be calculated so that the sum of the accumulated value of incurred claims, without the inclusion of active life reserves, and the present value of future projected incurred claims, without the inclusion of active life reserves, will not be less than the sum of the following:

(i) The accumulated value of the initial earned premium times 58%.

(ii) Eighty-five percent of the accumulated value of prior premium rate schedule increases on an earned basis.

(iii) The present value of future projected initial earned premiums times 58%.

(iv) Eighty-five percent of the present value of future projected premiums not in this subsection on an earned basis.

(3) If a policy form has both exceptional and other increases, the values in paragraph (2)(ii) and (iv) will also include 70% for exceptional rate increase amounts.

(4) The present and accumulated values used to determine rate increases shall use the maximum valuation interest rate for contract reserves as specified in Chapter 84a (relating to minimum reserve standards for individual and group health and accident insurance contracts). The actuary shall disclose as part of the actuarial memorandum the use of appropriate averages.

(d) For each rate increase that is implemented, the insurer shall file for review subject to the Accident and Health Filing Reform Act by the Commissioner, updated projections, as defined in subsection (b)(3)(i), annually for the next 3 years and include a comparison of actual results to projected values. The Commissioner may extend the period to greater than 3 years if actual results are not consistent with projected values from prior projections. For group insurance policies that meet the conditions in subsection (k), the projections required by this subsection shall be provided to the policyholder in lieu of filing with the Commissioner.

(e) If a premium rate in the revised premium rate schedule is greater than 200% of the comparable rate in the initial premium schedule, lifetime projections, as defined in subsection (b)(3)(i), shall be filed for review subject to the Accident and Health Filing Reform Act by

the Commissioner every 5 years following the end of the required period in subsection (d). For group insurance policies that meet the conditions in subsection (k), the projections required by this subsection shall be provided to the policyholder in lieu of filing with the Commissioner.

(f) If the Commissioner has determined that the actual experience following a rate increase does not adequately match the projected experience and that the current projections under moderately adverse conditions demonstrate that incurred claims will not exceed proportions of premiums specified in subsection (c), the Commissioner may require the insurer to implement premium rate schedule adjustments, or other measures to reduce the difference between the projected and actual experience. In determining whether the actual experience adequately matches the projected experience, consideration should be given to subsection (b)(3)(v), if applicable.

(g) If the majority of the policies or certificates to which the increase is applicable are eligible for the contingent benefit upon lapse, the insurer shall file the following:

(1) A plan, subject to Commissioner approval, for improved administration or claims processing designed to eliminate the potential for further deterioration of the policy form requiring further premium rate schedule increases, or both, or to demonstrate that appropriate administration and claims processing have been implemented or are in effect; otherwise the Commissioner may impose the condition in subsection (h).

(2) The original anticipated lifetime loss ratio, and the premium rate schedule increase that would have been calculated according to subsection (c) had the greater of the original anticipated lifetime loss ratio or 58% been used in the calculations described in subsection (c)(1)(i) and (iii)

(h) For a rate increase filing that meets the following criteria, the Commissioner will review, for all policies included in the filing, the projected lapse rates and past lapse rates during the 12 months following each increase to determine if significant adverse lapsation has occurred or is anticipated:

(1) The rate increase is not the first rate increase requested for the specific policy form or forms.

(2) The rate increase is not an exceptional increase.

(3) The majority of the policies or certificates to which the increase is applicable are eligible for the contingent benefit upon lapse.

(i) If significant adverse lapsation has occurred, is anticipated in the filing or is evidenced in the actual results as presented in the updated projections provided by the insurer following the requested rate increase, the Commissioner may determine that a rate spiral exists. Following the determination that a rate spiral exists, the Commissioner may require the insurer to offer, without underwriting, to all in force insureds subject to the rate increase the option to replace existing coverage with one or more reasonably comparable products being offered by the insurer or its affiliates.

(1) The offer shall:

(i) Be subject to the approval of the Commissioner.

(ii) Be based on actuarially sound principles, but not be based on attained age.

(iii) Provide that maximum benefits under a new policy accepted by an insured shall be reduced by comparable benefits already paid under the existing policy.

(2) The insurer shall maintain the experience of all the replacement insureds separate from the experience of insureds originally issued the policy forms. In the event of a request for a rate increase on the policy form, the rate increase shall be limited to the lesser of:

(i) The maximum rate increase determined based on the combined experience.

(ii) The maximum rate increase determined based only on the experience of the insureds originally issued the form plus 10%.

(j) If the Commissioner determines that the insurer has exhibited a persistent practice of filing inadequate initial premium rates for long-term care insurance, the Commissioner may, in addition to the provisions of subsection (h), prohibit the insurer from either of the following:

(1) Filing and marketing comparable coverage for up to 5 years.

(2) Offering all other similar coverages and limiting marketing of new applications to the products subject to recent premium rate schedule increases.

(k) Subsections (a)—(j) do not apply to policies for which the long-term care benefits provided by the policy are incidental, as defined in § 89a.103 (relating to definitions), if the policy complies with the following conditions:

(1) The interest credited internally to determine cash value accumulations, including long-term care are guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy.

(2) An actuarial memorandum is filed with the Department that includes the following:

(i) A description of the basis on which the long-term care rates were determined.

(ii) A description of the basis for the reserves.

(iii) A summary of the type of policy, benefits, renewability, general marketing method and limits on ages of issuance.

(iv) A description and a table of each actuarial assumption used. For expenses, an insurer shall include percent of premium dollars per policy and dollars per unit of benefits.

(v) A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives.

(vi) The estimated average annual premium per policy and the average issue age.

(vii) A statement as to whether underwriting is performed at the time of application. The statement shall indicate whether underwriting is used and, if used, the statement shall include a description of the types of underwriting used, such as medical underwriting or functional assessment underwriting. Concerning a group policy, the statement shall indicate whether the enrollee or a dependent will be underwritten and when underwriting occurs.

(viii) A description of the effect of the long-term care policy provision on the required premiums, nonforfeiture

values and reserves on the underlying insurance policy, both for active lives and those in long-term care claim status.

(l) Subsections (f) and (h) do not apply to group insurance policies as defined in section 1103 of the act (40 P. S. § 991.1103) when either:

(1) The policies insure 250 or more persons and the policyholder has 5,000 or more eligible employees of a single employer.

(2) The policyholder, and not the certificateholders, pays a material portion of the premium, which may not be less than 20% of the total premium for the group in the calendar year prior to the year a rate increase is filed.

§ 89a.119. Filing requirement.

Prior to an insurer or similar organization offering group long-term care insurance to a resident of this Commonwealth under section 1104 of the act (40 P. S. § 991.1104), it shall file with the Commissioner evidence that the group policy or certificate thereunder has been approved by a state having statutory or regulatory long-term care insurance requirements substantially similar to those adopted in this Commonwealth.

§ 89a.120. Standards for marketing.

(a) Every insurer, health care service plan or other entity marketing long-term care insurance coverage in this Commonwealth, directly or through its producers, shall:

(1) Establish marketing procedures and producer training requirements to assure that marketing activities, including a comparison of policies, by its producers will be fair and accurate and excessive insurance is not sold or issued.

(2) Display prominently by type, stamp or other appropriate means, on the first page of the outline of coverage and policy the following:

“Notice to buyer: This policy may not cover all of the costs associated with long-term care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations.”

(3) Provide copies of the disclosure forms required in § 89a.108(c) (Appendices B and F) (relating to long term care insurance personal worksheet; and rate information) to the applicant.

(4) Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for long-term care insurance already has accident and sickness or long-term care insurance and the types and amounts of insurance, except that in the case of qualified long-term care insurance contracts, an inquiry into whether a prospective applicant or enrollee for long-term care insurance has accident and sickness insurance is not required.

(5) Every insurer or entity marketing long-term care insurance shall establish auditable procedures for verifying compliance with this subsection.

(6) Provide written notice to the prospective policyholder or certificateholder at solicitation that a senior insurance counseling program approved by the Commonwealth is available and the name, address and telephone number of the program.

(7) For long-term care health insurance policies and certificates, use the terms “noncancellable” or “level pre-

mium” only when the policy or certificate conforms to § 89a.105(a)(3) (relating to policy practices and provisions).

(8) Provide an explanation of contingent benefit upon lapse provided for in § 89a.123(d)(3) (relating to nonforfeiture benefit requirement).

(b) The following acts and practices are prohibited:

(1) *Twisting.* Knowingly making misleading representation or fraudulent comparison of insurance policies or insurers for the purpose of inducing, or tending to induce, a person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on or convert an insurance policy or to take out a policy of insurance with another insurer.

(2) *High pressure tactics.* Employing a method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

(3) *Cold lead advertising.* Making use directly or indirectly of a method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance producer or insurance company.

(4) *Misrepresentation.* Misrepresenting a material fact in selling or offering to sell a long-term care insurance policy.

(5) *Other prohibited practices.* Other practices prohibited by the Unfair Insurance Practices Act (40 P. S. §§ 1171.1—1171.15).

(c) With respect to the obligations in this subsection, the primary responsibility of an association, as defined in paragraph (2) of the “group long-term care insurance” definition in section 1103 of the act (40 P. S. § 991.1103), when endorsing or selling long-term care insurance shall be to educate its members concerning long-term care issues in general so that its members can make informed decisions.

(1) Associations shall provide objective information regarding long-term care insurance policies or certificates endorsed or sold by the associations to ensure that members of the associations receive a balanced and complete explanation of the features in the policies or certificates that are being endorsed or sold.

(2) The insurer shall file with the Department the following material:

- (i) The policy and certificate.
- (ii) A corresponding outline of coverage.
- (iii) Advertisements requested by the Department.

(3) The association shall disclose the following in a long-term care insurance solicitation:

(i) The specific nature and amount of the compensation arrangements (including the fees, commissions, administrative fees and other forms of financial support) that the association receives from endorsement or sale of the policy or certificate to its members.

(ii) A brief description of the process under which the policies and the insurer issuing the policies were selected.

(4) If the association and the insurer have interlocking directorates or trustee arrangements, the association shall disclose that fact to its members.

(5) The board of directors of associations selling or endorsing long-term care insurance policies or certificates shall review and approve the insurance policies as well as the compensation arrangements made with the insurer or producer.

(6) The association shall do the following except that this does not apply to qualified long-term care insurance contracts:

(i) At the time of the association’s decision to endorse, engage the services of a person with expertise in long-term care insurance not affiliated with the insurer to conduct an examination of the policies, including its benefits, features, and rates and update the examination thereafter in the event of material change.

(ii) Actively monitor the marketing efforts of the insurer and its agents.

(iii) Review and approve all marketing materials or insurance communications used to promote sales or sent to members regarding the policies or certificates.

(7) Group long-term care insurance policies or certificates may not be issued to an association unless the insurer files with the Department the information required in this subsection.

(8) The insurer may not issue a long-term care policy or certificate to an association or continue to market that policy or certificate unless the insurer certifies annually that the association has complied with this subsection.

(9) Failure to comply with the filing and certification requirements of this section constitutes an unfair trade practice in violation of the Unfair Insurance Practices Act.

§ 89a.121. Suitability.

(a) Every insurer, nonprofit hospital plan and professional health services plan corporation or other entity marketing long-term care insurance (the issuer) shall meet the following conditions:

(1) Develop and use suitability standards to determine whether the purchase or replacement of long-term care insurance is appropriate for the needs of the applicant.

(2) Train its producers in the use of its suitability standards.

(3) Maintain a copy of its suitability standards and make them available for inspection upon request by the Commissioner.

(b) To determine whether the applicant meets the standards developed by the issuer, the producer and issuer shall develop procedures that take the items in paragraph (1) into consideration.

(1) The producer and issuer shall take the following into consideration:

(i) The ability to pay for the proposed coverage and other pertinent financial information related to the purchase of the coverage.

(ii) The applicant’s goals or needs with respect to long-term care and the advantages and disadvantages of insurance to meet these goals or needs.

(iii) The values, benefits and costs of the applicant’s existing insurance when compared to the values, benefits and costs of the recommended purchase or replacement.

(2) The issuer, and when a producer is involved, the producer shall make reasonable efforts to obtain the information in paragraph (1). The efforts shall include

presentation to the applicant, at or prior to application of the "Long-Term Care Insurance Personal Worksheet." The personal worksheet used by the issuer shall contain, at a minimum, the information in the format contained in Appendix B (relating to long-term care insurance personal worksheet), in at least 12 point type. The issuer may request the applicant to provide additional information to comply with its suitability standards. A copy of the issuer's personal worksheet shall be filed with the Commissioner.

(3) A completed personal worksheet shall be returned to the issuer prior to the issuer's consideration of the applicant for coverage, except the personal worksheet need not be returned for sales of employer group long-term care insurance to employees and their spouses.

(4) The sale or dissemination outside the company or agency by the issuer or producer of information obtained through the personal worksheet in Appendix B is prohibited.

(c) The issuer shall use the suitability standards it has developed under this section in determining whether issuing long-term care insurance coverage to an applicant is appropriate.

(d) Producers shall use the suitability standards developed by the issuer in marketing long-term care insurance.

(e) At the same time as the personal worksheet is provided to the applicant, the disclosure form entitled "Things You Should Know Before You Buy Long-Term Care Insurance" shall be provided. The form shall be in the format contained in Appendix C (relating to things you should know before you buy long-term care insurance), in at least 12 point type.

(f) If the issuer determines that the applicant does not meet its financial suitability standards, or if the applicant has declined to provide the information, the issuer may reject the application. In the alternative, the issuer shall send the applicant a letter similar to the one presented in Appendix D (relating to long-term care insurance suitability letter). If the applicant has declined to provide financial information, the issuer may use some other method to verify the applicant's intent. Either the applicant's returned letter or a record of the alternative method of verification shall be made part of the applicant's file.

(g) The issuer shall report annually to the Commissioner the total number of applications received from residents of this Commonwealth, the number of those who declined to provide information on the personal worksheet, the number of applicants who did not meet the suitability standards and the number of those who chose to confirm after receiving a suitability letter.

§ 89a.122. Prohibition against preexisting conditions and probationary periods in replacement policies or certificates.

If a long-term care insurance policy or certificate replaces another long-term care policy or certificate, the replacing insurer shall waive time periods applicable to preexisting conditions and probationary periods in the new long-term care policy for similar benefits to the extent that similar exclusions have been satisfied under the original policy.

§ 89a.123. Nonforfeiture benefit requirement.

(a) Nonforfeiture benefits shall be offered under the following:

(1) A policy or certificate offered with nonforfeiture benefits shall have coverage elements, eligibility, benefit triggers and benefit length that are the same as coverage to be issued without nonforfeiture benefits. The nonforfeiture benefit included in the offer shall be the benefit described in subsection (e).

(2) The offer shall be in writing if the nonforfeiture benefit is not otherwise described in the outline of coverage or other materials given to the prospective policyholder.

(b) If the offer made for nonforfeiture benefits is rejected, the insurer shall provide the contingent benefit upon lapse described in this section.

(c) After rejection of the offer for nonforfeiture benefits for individual and group policies without nonforfeiture benefits issued after March 16, 2002, the insurer shall provide a contingent benefit upon lapse.

(1) If a group policyholder elects to make the nonforfeiture benefit an option to the certificateholder, a certificate shall provide either the nonforfeiture benefit or the contingent benefit upon lapse.

(2) The contingent benefit on lapse shall be triggered every time an insurer increases the premium rates to a level which results in a cumulative increase of the annual premium equal to or exceeding the percentage of the insured's initial annual premium in this paragraph based on the insured's issue age, and the policy or certificate lapses within 120 days of the due date of the premium so increased. Unless otherwise required, policyholders shall be notified at least 30 days prior to the due date of the premium reflecting the rate increase.

(3) On or before the effective date of a substantial premium increase as defined in paragraph (2), the insurer shall meet the following conditions:

(i) Offer to reduce policy benefits provided by the current coverage without the requirement of additional underwriting so that required premium payments are not increased.

(ii) Offer to convert the coverage to a paid-up status with a shortened benefit period in accordance with the terms of subsection (e). This option may be elected during the 120-day period referenced in subsection (d)(3).

(iii) Notify the policyholder or certificateholder that a default or lapse during the 120-day period referenced in subsection (d)(3) shall be deemed to be the election of the offer to convert in subsection (d)(4).

(d) Benefits continued as nonforfeiture benefits, including contingent benefits upon lapse, are described in this subsection as follows:

(1) For purposes of this subsection, attained age rating is defined as a schedule of premiums starting from the issue date which increases age at least 1% per year prior to age 50, and at least 3% per year beyond age 50.

(2) For purposes of this subsection, the nonforfeiture benefit shall be of a shortened benefit period providing paid-up long-term care insurance coverage after lapse. The same benefits (amounts and frequency in effect at the time of lapse but not increased thereafter) will be payable for a qualifying claim, but the lifetime maximum dollars or days of benefits shall be determined as specified in paragraph (3).

(3) The standard nonforfeiture credit will be equal to 100% of the sum of all premiums paid, including the premiums paid prior to changes in benefits. The insurer may offer additional shortened benefit period options, as long as the benefits for each duration equal or exceed the standard nonforfeiture credit for that duration. However, the minimum nonforfeiture credit shall be at least 30 times the daily nursing home benefit at the time of lapse. In either event, the calculation of the nonforfeiture credit is subject to the limitation of subsection (f).

(4) The nonforfeiture benefit shall begin by the end of the 3rd year following the policy or certificate issue date. The contingent benefit upon lapse shall be effective during the first 3 years as well as thereafter. For a policy or certificate with attained age rating, the nonforfeiture benefit shall begin on the earlier of either the end of the 10th year following the policy or certificate issue date or the end of the 2nd year following the date the policy or certificate is no longer subject to attained age rating.

(5) Nonforfeiture credits may be used for the care and services qualifying for benefits under the terms of the policy or certificate, up to the limits specified in the policy or certificate.

(e) The benefits paid by the insurer while the policy or certificate is in premium paying status and in the paid up

status will not exceed the maximum benefits which would be payable if the policy or certificate had remained in premium paying status.

(f) There may not be a difference in the minimum nonforfeiture benefits as required under this section for group and individual policies.

(g) The requirements in this section are effective March 17, 2003, and apply as follows:

(1) Except as provided in paragraph (2), this section applies to a long-term care policy issued in this Commonwealth on or after March 16, 2002.

(2) For certificates issued on or after March 9 2002, under a group long-term care insurance policy as defined in section 1103 of the act (40 P. S. § 991.1103), which policy was in force on March 16, 2002, this section does not apply.

(h) Premiums charged for a policy or certificate containing nonforfeiture benefits or a contingent benefit on lapse shall be subject to the loss ratio requirements of § 89a.117 (relating to loss ratio) treating the policy as a whole.

(i) To determine whether contingent nonforfeiture upon lapse provisions are triggered under subsection (d)(3), a replacing insurer that purchased or otherwise assumed blocks of long-term care insurance policies from another insurer shall calculate the percentage increase based on the initial annual premium paid by the insured when the policy was first purchased from the original insurer.

(j) A nonforfeiture benefit for qualified long-term care insurance contracts that are level premium contracts shall be offered that meets all of the following requirements:

(1) The nonforfeiture provision shall be appropriately captioned.

(2) The nonforfeiture provision shall provide a benefit available in the event of a default in the payment of premiums and shall state that the amount of the benefit may be adjusted subsequent to being initially granted only as necessary to reflect changes in claims, persistency and interest as reflected in changes in rates for premium paying contracts approved by the Commissioner for the same contract form.

(3) The nonforfeiture provision shall provide at least one of the following:

(i) Reduced paid-up insurance.

(ii) Extended term insurance.

(iii) Shortened benefit period.

(iv) Other similar offerings approved by the Commissioner.

§ 89a.124. Standards for benefit triggers.

(a) A long-term care insurance policy shall condition the payment of benefits on a determination of the insured's ability to perform activities of daily living and on cognitive impairment. Eligibility for the payment of benefits may not be more restrictive than requiring either a deficiency in the ability to perform not more than three of the activities of daily living or the presence of cognitive impairment.

(b) Insurers may use activities of daily living to trigger covered benefits in addition to those contained in paragraphs (1)—(6) as long as they are defined in the policy.

Activities of daily living shall include at least the following as defined in § 89a.104 (relating to policy definitions) and in the policy:

- (1) Bathing.
- (2) Continence.
- (3) Dressing.
- (4) Eating.
- (5) Toileting.
- (6) Transferring.

(c) An insurer may use additional provisions for the determination of when benefits are payable under a policy or certificate. The provisions may not restrict, and are not in lieu of, the requirements in subsections (a) and (b).

(d) For purposes of this section, the determination of a deficiency may not be more restrictive than either of the following:

- (1) Requiring the supervisory or hands-on assistance of another person to perform the prescribed activities of daily living.
- (2) If the deficiency is due to the presence of a cognitive impairment, supervision or verbal cueing by another person is needed to protect the insured or others.
- (e) Assessments of activities of daily living and cognitive impairment shall be performed by licensed or certified professionals, such as physicians, nurses or social workers.

(f) Long-term care insurance policies shall include a clear description of the process for appealing and resolving benefit determinations.

(g) The requirements in this section become effective March 16, 2003, and apply as follows:

- (1) Except as provided in paragraph (2), this section applies to a long-term care policy issued in this Commonwealth on or after March 16, 2002.
- (2) For certificates issued on or after March 16, 2002, under a group long-term care insurance policy as defined in section 1103 of the act (40 P. S. § 991.1103) that was in force on March 16, 2002, this section does not apply.

§ 89a.125. Additional standards for benefit triggers for qualified long-term care insurance contracts.

(a) For purposes of this section, the following definitions apply:

Chronically ill individual—Has the meaning prescribed for this term by section 7702B(c)(2) of the Internal Revenue Code of 1986 (26 U.S.C.A. § 7702B(c)(2)).

(i) Under this provision, a chronically ill individual means an individual who has been certified by a licensed health care practitioner as either of the following:

- (A) Being unable to perform (without substantial assistance from another individual) at least two activities of daily living for at least 90 days due to a loss of functional capacity.
- (B) Requiring substantial supervision to protect the individual from threats to health and safety due to severe cognitive impairment.

(ii) The term does not include an individual otherwise meeting these requirements unless within the preceding 12-month period a licensed health care practitioner has certified that the individual meets these requirements.

Licensed health care practitioner—A physician, as defined in section 1861(r)(1) of the Social Security Act (42 U.S.C.A. § 1395x(r)(1)), a registered professional nurse, licensed social worker or other individual who meets requirements prescribed by the Secretary of the United States Treasury.

Maintenance or personal care services—Any care the primary purpose of which is the provision of needed assistance with any of the disabilities as a result of which the individual is a chronically ill individual (including the protection from threats to health and safety due to severe cognitive impairment).

Qualified long-term care services—Services that meet the requirements of section 7702(C)(1) of the Internal Revenue Code of 1986 (26 U.S.C.A. § 7702(C)(1)) as follows: necessary diagnostic, preventive, therapeutic, curative, treatment, mitigation and rehabilitative services, and maintenance or personal care services which are required by a chronically ill individual, and are provided under a plan of care prescribed by a licensed health care practitioner.

(b) A qualified long-term care insurance contract shall pay only for qualified long-term care services received by a chronically ill individual provided under a plan of care prescribed by a licensed health care practitioner.

(c) A qualified long-term care insurance contract shall condition the payment of benefits on a determination of the insured's inability to perform activities of daily living for an expected period of at least 90 days due to a loss of functional capacity or to severe cognitive impairment.

(d) Certifications regarding activities of daily living and cognitive impairment required under subsection (c) shall be performed by the following licensed or certified professionals: physicians, registered professional nurses, licensed social workers, or other individuals who meet requirements prescribed by the Secretary of the United States Treasury.

(e) Certifications required under subsection (c) may be performed by a licensed health care professional at the direction of the carrier as is reasonably necessary with respect to a specific claim, except that when a licensed health care practitioner has certified that an insured is unable to perform activities of daily living for an expected period of at least 90 days due to a loss of functional capacity and the insured is in claim status, the certification may not be rescinded and additional certifications may not be performed until after the expiration of the 90-day period.

(f) Qualified long-term care insurance contracts shall include a clear description of the process for appealing and resolving disputes with respect to benefit determinations.

§ 89a.126. Standard format outline of coverage.

(a) This section implements, interprets and makes specific section 1111 of the act (40 P. S. § 911.1111) in prescribing a standard format and the content of an outline of coverage.

(b) The outline of coverage shall:

- (1) Be a free-standing document, using no smaller than 10-point type.
- (2) Contain no material of an advertising nature.

(c) Text that is capitalized or underscored in the standard format outline of coverage may be emphasized by other means that provide prominence equivalent to the capitalization or underscoring.

(d) Use of the text and sequence of text of the standard format outline of coverage is mandatory, unless otherwise specifically indicated.

(e) The standard format for outline of coverage is as follows:

[COMPANY NAME]

[ADDRESS—CITY & STATE]

[TELEPHONE NUMBER]

LONG-TERM CARE INSURANCE

OUTLINE OF COVERAGE

[Policy Number or Group Master Policy and Certificate Number]

[Except for policies or certificates which are guaranteed issue, the following caution statement, or language substantially similar, must appear as follows in the outline of coverage.]

Caution: The issuance of this long-term care insurance [policy] [certificate] is based upon your responses to the questions on your application. A copy of your [application] [enrollment form] [is enclosed] [was retained by you when you applied]. If your answers are incorrect or untrue, the company has the right to deny benefits or rescind your policy. The best time to clear up any questions is now, before a claim arises! If, for any reason, any of your answers are incorrect, contact the company at this address: [insert address]

1. This policy is [an individual policy of insurance] ([a group policy] which was issued in the [indicate jurisdiction in which group policy was issued]).

2. PURPOSE OF OUTLINE OF COVERAGE. This outline of coverage provides a very brief description of the important features of the policy. You should compare this outline of coverage to outlines of coverage for other policies available to you. This is not an insurance contract, but only a summary of coverage. Only the individual or group policy contains governing contractual provisions. This means that the policy or group policy sets forth in detail the rights and obligations of both you and the insurance company. Therefore, if you purchase this coverage, or any other coverage, it is important that you READ YOUR POLICY (OR CERTIFICATE) CAREFULLY!

3. FEDERAL TAX CONSEQUENCES.

This [POLICY] [CERTIFICATE] is intended to be a Federally tax-qualified long-term care insurance contract under section 7702B(b) of the Internal Revenue Code of 1986, as amended.

OR

Federal Tax Implications of this [POLICY] [CERTIFICATE]. This [POLICY] [CERTIFICATE] is not intended to be a Federally tax-qualified long-term care insurance contract under section 7702B(b) of the Internal Revenue Code of 1986 as amended. Benefits received under the [POLICY] [CERTIFICATE] may be taxable as income.

4. TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE CONTINUED IN FORCE OR DISCONTINUED.

(a) [For long-term care health insurance policies or certificates describe one of the following permissible policy renewability provisions:

(1) Policies and certificates that are guaranteed renewable shall contain the following statement:] RENEWABIL-

ITY: THIS POLICY [CERTIFICATE] IS GUARANTEED RENEWABLE. This means you have the right, subject to the terms of your policy, [certificate] to continue this policy as long as you pay your premiums on time. [Company Name] cannot change any of the terms of your policy on its own, except that, in the future, IT MAY INCREASE THE PREMIUM YOU PAY.

(2) [Policies and certificates that are noncancellable shall contain the following statement:] RENEWABILITY: THIS POLICY [CERTIFICATE] IS NONCANCELLABLE. This means that you have the right, subject to the terms of your policy, to continue this policy as long as you pay your premiums on time. [Company Name] cannot change any of the terms of your policy on its own and cannot change the premium you currently pay. However, if your policy contains an inflation protection feature where you choose to increase your benefits, [Company Name] may increase your premium at that time for those additional benefits.

(b) [For group coverage, specifically describe continuation/conversion provisions applicable to the certificate and group policy.]

(c) [Describe waiver of premium provisions or state that there are not such provisions.]

5. TERMS UNDER WHICH THE COMPANY MAY CHANGE PREMIUMS.

[In bold type larger than the maximum type required to be used for the other provisions of the outline of coverage, state whether or not the company has a right to change the premium, and if a right exists, describe clearly and concisely each circumstance under which the premium may change.]

6. TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE RETURNED AND PREMIUM REFUNDED.

(a) [Provide a brief description of the right to return—"free look" provision of the policy.]

(b) [Include a statement that the policy either does or does not contain provisions providing for a refund or partial refund of premium upon the death of an insured or surrender of the policy or certificate. If the policy contains such provisions, include a description of them.]

7. THIS IS NOT MEDICARE SUPPLEMENT COVERAGE. If you are eligible for Medicare, review the Medicare Supplement Buyer's Guide available from the insurance company.

(a) [For producers] Neither [insert company name] nor its producers represent Medicare, the Federal government or any state government.

(b) [For direct response] [insert company name] is not representing Medicare, the Federal government or any state government.

8. LONG-TERM CARE COVERAGE. Policies of this category are designed to provide coverage for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital, such as in a nursing home, in the community or in the home. This policy provides coverage in the form of a fixed dollar indemnity benefit for covered long-term care expenses, subject to policy [limitations] [waiting periods] and [coinsurance] requirements. [Modify this paragraph if the policy is not an indemnity policy.]

9. BENEFITS PROVIDED BY THIS POLICY.

(a) [Covered services, related deductibles, waiting periods, elimination periods and benefit maximums.]

(b) [Institutional benefits, by skill level.]

(c) [Noninstitutional benefits, by skill level.]

(d) Eligibility for Payment of Benefits

[Activities of daily living and cognitive impairment shall be used to measure an insured's need for long-term care and must be defined and described as part of the outline of coverage.]

[Any additional benefit triggers must also be explained. If these triggers differ for different benefits, explanation of the triggers should accompany each benefit description. If an attending physician or other specified person must certify a certain level of functional dependency in order to be eligible for benefits, this too must be specified.]

10. LIMITATIONS AND EXCLUSIONS.

[Describe:

(a) Preexisting conditions.

(b) Noneligible facilities and provider.

(c) Noneligible levels of care (for example, unlicensed providers, care or treatment provided by a family member, and the like).

(d) Exclusions and exceptions.

(e) Limitations.]

[This section should provide a brief specific description of any policy provisions which limit, exclude, restrict, reduce, delay, or in any other manner operate to qualify payment of the benefits described in Number 9 above.]

THIS POLICY MAY NOT COVER ALL THE EXPENSES ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.

11. RELATIONSHIP OF COST OF CARE AND BENEFITS. Because the costs of long-term care services will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. [As applicable, indicate the following:

(a) That the benefit level will not increase over time.

(b) Any automatic benefit adjustment provisions.

(c) Whether the insured will be guaranteed the option to buy additional benefits and the basis upon which benefits will be increased over time if not by a specified amount or percentage.

(d) If there is such a guarantee, include whether additional underwriting or health screening will be required, the frequency and amounts of the upgrade options, and any significant restrictions or limitations.

(e) And finally, describe whether there will be any additional premium charge imposed, and how that is to be calculated.]

12. ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS.

[State that the policy provides coverage for insureds clinically diagnosed as having Alzheimer's disease or related degenerative and dementing illnesses. Specifically describe each benefit screen or other policy provision which provides preconditions to the availability of policy benefits for such an insured.]

13. PREMIUM.

(a) State the total annual premium for the policy.

(b) If the premium varies with an applicant's choice among benefit options, indicate the portion of annual premium which corresponds to each benefit option.]

14. ADDITIONAL FEATURES.

(a) Indicate if medical underwriting is used.

(b) Describe other important features.]

15. CONTACT THE STATE HEALTH INSURANCE ASSISTANCE PROGRAM LISTED IN THE BROCHURE IF YOU HAVE GENERAL QUESTIONS REGARDING LONG-TERM CARE INSURANCE. CONTACT THE INSURANCE COMPANY (INSERT INSURANCE COMPANY NAME AND PHONE NUMBER) IF YOU HAVE SPECIFIC QUESTIONS REGARDING YOUR LONG-TERM CARE INSURANCE POLICY OR CERTIFICATE.

§ 89a.127. Requirement to deliver shopper's guide.

A long-term care insurance shopper's guide in the format developed by the National Association of Insurance Commissioners, or a guide developed or approved by the Commissioner, shall be provided to all prospective applicants of a long-term care insurance policy or certificate.

(1) In the case of producer solicitations, a producer shall deliver the shopper's guide prior to the presentation of an application or enrollment form.

(2) In the case of direct response solicitations, the shopper's guide shall be presented in conjunction with an application or enrollment form.

§ 89a.128. Penalties.

In addition to other penalties provided by the laws of the Commonwealth, an insurer or producer found to have violated requirements relating to the regulations of long-term care insurance or the marketing of long-term care insurance shall be subject to penalties under section 1114 of the act (40 P. S. § 991.1114).

§ 89a.129. Permitted compensation arrangements.

(a) An insurer or other entity may provide commission or other compensation to a producer for the sale of a long-term care insurance policy or certificate only if the first year commission or other compensation is not greater than 50% of the first year premium.

(b) The commission or other compensation provided for a minimum of 5 subsequent (renewal) years may not exceed 10% of the renewal premium.

(c) When there is a replacement of an existing policy or duplication of coverage, an entity may not provide compensation to its producers and a producer may not receive compensation greater than the renewal compensation payable by the replacing or duplicative insurer.

(d) For purposes of this section, "compensation" includes pecuniary or nonpecuniary remuneration relating to the sale or renewal of the policy or certificate, including bonuses, gifts, prizes, awards and finders fees.

(e) Subsections (a) and (b) apply solely to producers who directly solicit applicants and insureds and who effect the sale of a policy or certificate and not to general agents or other entities who contract with or are otherwise employed by insurers.

LONG-TERM CARE INSURANCE PERSONAL WORKSHEET

People buy long-term care insurance for many reasons. Some don't want to use their own assets to pay for long-term care. Some buy insurance to make sure they can choose the type of care they get. Others don't want their family to have to pay for care or don't want to go on Medicaid. But long term care insurance may be expensive, and may not be right for everyone.

By Pennsylvania law, the insurance company must fill out part of the information on this worksheet and ask you to fill out the rest to help you and the company decide if you should buy this policy.

THINGS YOU SHOULD KNOW BEFORE YOU BUY LONG-TERM CARE INSURANCE

Long-term care insurance * A long-term care insurance policy may pay most of the costs for your care in a nursing home. Many policies also pay for care at home or other community settings. Since policies can vary in coverage, you should read this policy and make sure you understand what it covers before you buy it.

* [You should not buy this insurance policy unless you can afford to pay the premiums every year.] [Remember that the company can increase premiums in the future.]

* The personal worksheet includes questions designed to help you and the company determine whether this policy is suitable for your needs.

Medicare * Medicare does not pay for most long-term care.

Medicaid * Medicaid will generally pay for long-term care if you have very little income and few assets. You probably should not buy this policy if you are now eligible for Medicaid.

* Many people become eligible for Medicaid after they have used up their own financial resources by paying for long-term care services.

* When Medicaid pays your spouse's healthcare service bills, you are allowed to keep your house and furniture, a living allowance, and some of your joint assets.

* Your choice of long-term care services may be limited if you are receiving Medicaid. To learn more about Medicaid, contact your local or state Medicaid agency.

Shopper's Guide

* Make sure the insurance company or producer gives you a copy of a book called the National Association of Insurance Commissioners' "Shopper's Guide to Long-Term Care Insurance." Read it carefully. If you have decided to apply for long-term care insurance, you have the right to return the policy within 30 days and get back premium you have paid if you are dissatisfied for a reason or choose not to purchase the policy.

Counseling

* Free counseling and additional information about long-term care insurance are available through your state's insurance counseling program. Contact your state insurance department or department on aging for more information about the senior health insurance counseling program in your state.

LONG-TERM CARE INSURANCE SUITABILITY LETTER

Dear [Applicant]:

Your recent application for long-term care insurance included a "personal worksheet," which asked questions about your finances and your reasons for buying long-term care insurance. For your protection, State law requires us to consider this information when we review your application, to avoid selling a policy to those who may not need coverage.

[Your answers indicate that long-term care insurance may not meet your financial needs. We suggest that you review the information provided along with your application, including the booklet "Shopper's Guide to Long-Term Care Insurance" and the page titled "Things You Should Know Before Buying Long-Term Care Insurance." Your state insurance department also has information about long-term care insurance and may be able to refer you to a counselor free of charge who can help you decide whether to buy this policy.]

[You chose not to provide financial information for us to review.]

We have suspended our final review of your application. If, after careful consideration, you still believe this policy is what you want, check the appropriate box below and return this letter to us within the next 60 days. We will then continue reviewing your application and issue a policy if you meet our medical standards.

If we do not hear from you within the next 60 days, we will close your file and not issue you a policy. You should understand that you will not have coverage until we hear back from you, approve your application and issue you a policy.

Please check one box and return in the enclosed envelope.

[] **Yes**, [although my worksheet indicates that long-term care insurance may not be a suitable purchase,] I wish to purchase this coverage. Please resume review of my application.

[] **No**. I have decided not to buy a policy at this time.

RATE INFORMATION

Instructions:

This form provides information to the applicant regarding premium rate schedules, rate schedule adjustments, potential rate revisions, and policyholder options in the event of a rate increase.

Insurers shall provide all of the following information to the applicant:

Long-Term Care Insurance
 Potential Rate Increase Disclosure Form

1. [Premium Rate] [Premium Rate Schedules]: [Premium rate] [Premium rate schedules] that [is] [are] applicable to you and that will be in effect until a request is made and [filed] [approved] for an increase [is] [are] [on the application] [\$ ____]

2. The [premium] [premium rate schedule] for this policy [will be shown on the schedule page of] [will be attached to] your policy.

3. Rate Schedule Adjustments:

The company will provide a description of when premium rate or rate schedule adjustments will be effective (for example, next anniversary date, next billing date, and the like) (fill in the blank): ____ .

4. Potential Rate Revisions:

This policy is Guaranteed Renewable. This means that the rates for this product may be increased in the future. Your rates can NOT be increased due to your increasing age or declining health, but your rates may go up based on the experience of all policyholders with a policy similar to yours.

If you receive a premium rate or premium rate schedule increase in the future, you will be notified of the new premium amount and you will be able to exercise at least one of the following options:

* Pay the increased premium and continue your policy in force as is.

* Reduce your policy benefits to a level such that your premiums will not increase. (Subject to state law minimum standards.)

* Exercise your nonforfeiture option if purchased. (This option is available for purchase for an additional premium.)

* Exercise your contingent nonforfeiture rights.* (This option may be available if you do not purchase a separate nonforfeiture option.)

*** Contingent Nonforfeiture**

If the premium rate for your policy goes up in the future and you didn't buy a nonforfeiture option, you may be eligible for contingent nonforfeiture. Here's how to tell if you are eligible:

If the premium rate for your policy goes up in the future and you didn't buy a nonforfeiture option, you may be eligible for contingent nonforfeiture. Here's how to tell if you are eligible:

You will keep some long-term care insurance coverage, if:

* Your premium after the increase exceeds your original premium by the percentage shown (or more) in the following table and

* You lapse (not pay more premiums) within 120 days of the increase.

The amount of coverage (that is, new lifetime maximum benefit amount) you will keep will equal the total amount of premiums you've paid since your policy was first issued. If you have already received benefits under the policy, so that the remaining maximum benefit amount is less than the total amount of premiums you've paid, the amount of coverage will be that remaining amount.

Except for this reduced lifetime maximum benefit amount, all other policy benefits will remain at the levels attained at the time of the lapse and will not increase thereafter.

Should you choose this Contingent Nonforfeiture option, your policy, with this reduced maximum benefit amount, will be considered "paid-up" with no further premiums due.

Example:

* You bought the policy at age 65 and paid the \$1,000 annual premium for 10 years, so you have paid a total of \$10,000 in premium.

* In the eleventh year, you receive a rate increase of 50%, or \$500 for a new annual premium of \$1,500, and you decide to lapse the policy (not pay more premiums).

* Your "paid-up" policy benefits are \$10,000 (provided you have a least \$10,000 of benefits remaining under your policy.)
