

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:
 The payment date specified in the contract.
 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
 The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.

Miscellaneous

RFP 07-02 Community Resource Centers for Persons with Disabilities. This proposal seeks to establish regional single points of entry independent of providers, which are responsible for eligibility assessment, service plan development and monitoring, as well as emergency response and nursing home transition services. The CRCs will assure that individuals are tracked into the program that can best meet their needs, that is cost effective and assures the health and safety of individuals served. At a minimum, the CRC must conduct or provide: information, referral and outreach, program registration, program eligibility determinations, data collection for medical, financial and functional eligibility determinations, development of individualized service plans for consumers and supports coordination. It must also provide development and oversight, design and implementation of a quality management system, budget management and OBRA mandated services. It must have specialized services and transition supports to persons with disabilities who are in nursing facilities and implementation of DPW guidelines and procedures, as directed. RFP packages may be obtained by FAXING 717 787 3560 attn: BETH. RFP mailing date will be 8-19-02 and RFP opening will be 9-23-02.
