DEPARTMENT OF AGRICULTURE

Application Period for the Agricultural Land Conservation Assistance Grant Program

An application period for grants under the Agricultural Land Conservation Assistance Grant Program (program) administered by the Department of Agriculture (Department) has started. The program is authorized by 3 P. S. §§ 1207.1 and 1207.3. In summary, the program allows the Department to award grants to certain counties for projects that will establish or improve agricultural conservation easement purchase programs. Regulations for the program are in 7 Pa. Code Chapter 138h (relating to

agricultural land conservation assistance grant program). These regulations can be viewed and downloaded from www.pacode.com.

Applications for the program will be accepted by the Department beginning April 22, 2003, for a 45-day period ending at 4 p.m. on June 6, 2003. Information and grant application forms may be obtained from Sandra E. Robison, Bureau of Farmland Preservation, Department of Agriculture, 2301 N. Cameron Street, Room 404, Harrisburg, PA 17110-9408.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Consolidated Plan; 2002 Annual Performance Report Availability

The Department of Community and Economic Development (Department) makes available for public review the 2002 Annual Performance Report (APR) for the Commonwealth's Consolidated Plan. The 2002 APR reports on activities that were outlined in the Consolidated Plan for Federal fiscal years 2000—2004 as well as the Action Plan for 2002. The APR describes progress in achieving the Commonwealth's 5-year strategy, including resources made available and activities completed in Federal fiscal year 2002. This report will be submitted to the United States Department of Housing and Urban Development (HUD) by March 31, 2003.

Copies of the draft APR will be available for public comment from March 24, 2002, through March 30, 2003, at the following locations. The final APR will be made available again at the same locations, following approval by HUD.

County Commissioners—A copy will be sent to the chairperson of each county board of commissioners.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and The Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For new permit applications, renewal application with major changes or applications for permits not waived by the EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted before the application, within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated before the application.

Persons with a disability, who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

Southeast Region: Water Management Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

PA0051306, Sewage, **CGL Acquisitions/Camp Green Lane**, 1000 Germantown Pike, F-3, Plymouth Meeting, PA 19462. This application is for renewal of an NPDES permit to discharge treated sewage from Camp Green Lane WWTF in Salford Township, **Montgomery County**. This is an existing discharge to Ridge Valley Creek.

The receiving stream is classified for HQ-TSF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 0.042 MGD are as follows:

Parameter	Average Monthly (mg/l)	Instantaneous Maximum (mg/l)
CBOD ₅		
(5-1 to 10-31)	20	40
(11-1 to 4-30)	25	50

Total Residual Chlorine	0.5	1.0
Fecal Coliform		200 colonies/100 ml as a geometric average
Dissolved Oxygen		Minimum of 2.0 mg/l at all times
pH		Within limits of 6.0—9.0 Standard Units at all times

The EPA Waiver is in effect.

PA0055620, Sewage, **David A. Whinfrey**, 60 Chapel Hill Road, Media, PA 19063. This application is for renewal of an NPDES permit to discharge treated sewage from small flow sewage treatment plant in Upper Providence Township, **Delaware County**. This is an existing discharge to an unnamed tributary of Ridley Creek.

The receiving stream is classified for HQ-TSF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 400 gpd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅ (5-1 to 10-31)	10	20
(11-1 to 4-30)	20	40

Southcentral Regional Office: Regional Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4707.

PA0246875, CAFO, Country View Family Farms, Inc. (Quail Ridge Farm), 1301 Fulling Mill Road, Suite 1200, Middletown, PA 17057. Country View Family Farms, Inc. has submitted an application for an Individual NPDES permit for a proposed CAFO known as Quail Ridge Farm to be located at 1211 Moselem Springs Road, Perry Township, **Berks County**.

The CAFO is situated near an unnamed tributary of Maiden Creek (WWF) in Watershed 3-B. The CAFO will be designed to maintain an animal population of approximately 1,380 AEU's consisting of 2,800 gestating sows, 336 sows with litter, 688 gilt finishers and 4 boars. Two barns are proposed—a farrowing barn and a gestation barn. Both barns will have in-ground concrete manure storage facilities. Manure collected in the farrowing barn manure storage facility will flow into the gestation barn manure storage facility. The total storage capacity of the gestation barn manure storage facility will be 3.05 million gallons. The expected annual manure production is approximately 3 million gallons. Approximately 35% of the manure generated will be applied onsite from subsurface injection on approximately 167 acres and the remainder will be exported off site to two farms in Perry Township and one farm in Richmond Township, Berks County. Prior to operation of the manure storage facilities, the design engineer will be required to submit certification that the facilities were constructed in accordance with appropriate Pennsylvania Technical Guide Standards and the Part II permit. A release or discharge to waters of this Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

The permit application and draft permit are on file at the Southcentral Regional Office of the Department. Individuals may make an appointment to review the files by calling the File Review Coordinator at (717) 705-4732.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The EPA permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

PA0008508, Industrial Waste, SIC Code 3671, Burle Industries, Inc., 1000 New Holland Avenue, Lancaster, PA 17601. This facility is located in Lancaster City, **Lancaster County**.

Description of activity: Renewal of an NPDES permit for an existing discharge of treated industrial waste.

The receiving stream, Conestoga River, is in Watershed 7-J and classified for WWF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for Holtwood Power Plant is on the Susquehanna River, approximately 28 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 based on a design flow of 0.321 MGD are:

Northwest Regional Office: Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6942.

PA0239119, CAFO, **George A. Smith (Smiths Incredibull Farm)**, P. O. Box 85, North Washington, PA 16048-0085. George A. Smith, Manager, has submitted an application for an individual NPDES permit for a proposed CAFO known as Smiths Incredibull Farm, 2335 Oneida Valley Road, Washington Township, **Butler County**.

The CAFO is situated near an unnamed tributary to Christy Run and an unnamed tributary to Silver Creek in Watersheds 17-C and 20-C, which are classified for CWF and EV. The CAFO will be expanded to maintain an animal population of approximately 2,537 AEUs consisting of 1,200 cows, 200 dry cows, 940 heifers, 100 steers and 25 cows and calves on pasture. The animals will be housed in existing structures and heifer barns to be constructed in the future. Manure is stored in a circular concrete structure, 140 feet by 16 feet. The total capacity of the manure storage facility is 1.8 million gallons. A release or discharge to waters of this Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

Chapter 93.4(c)(b)(1)(ii) requires the Department to hold a public hearing for any proposed new, additional or increased discharges to exceptional value watersheds when requested by interested persons. The Department will hold a hearing if requested. To request a public hearing, interested persons must submit a written request to Ricardo Gilson at the Department address listed in this notice. If a hearing is requested, the Department will publish the date, time and location of the hearing in the *Pennsylvania Bulletin* and a local newspaper at least 30 days prior to the date of the hearing. A press release to local news organizations announcing the hearing will also occur.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in

formulating the Department's final determination regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

The permit application and draft permit are on file at the Northwest Regional Office of the Department. Individuals may make an appointment to review the files by calling the File Review Coordinator at (814) 332-6340.

Unless a public hearing is held, following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The EPA permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

PA0239020, Sewage, **Alan Ladner SRSTP**, P. O. Box 333, 114 S. Main Street, Springboro, PA 16435. This proposed treatment facility is located in Summit Township, **Crawford County**.

Description of Proposed Activity: New discharge of treated sewage.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride, phenolics, sulfate and chloride, the existing/proposed downstream potable water supply (stream and public water supplier) considered during the evaluation is the Franklin General Authority on French Creek at Franklin, approximately 36 miles below point of discharge.

The receiving stream, unnamed tributary to Watson Run, is in watershed 16-D and classified for WWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.0004 MGD.

WATER QUALITY MANAGEMENT PERMITS

CONTROLLED INDUSTRIAL WASTE AND SEWAGE WASTEWATER

APPLICATIONS UNDER THE CLEAN STREAMS LAW

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons wishing to comment on an application are invited to submit a statement to the office noted before the application, within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

Description of Proposed Action/Activity: This project is for the construction and operation of a lift station and sewers to serve the proposed Whispering Woods Estates.

WQM Permit No. 3703404, Sewerage, **Shenango Township**, 1000 Willowbrook Road, New Castle, PA 16101. This proposed facility is located in Shenango Township, **Lawrence County**.

Description of Proposed Action/Activity: This project is for the construction and operation of a lift station and force main to serve the proposed Cambridge at Hidden Lake development.

WQM Permit No. 1003404, Sewerage, **Paul Caldwell, Perry Lake Estates**, R. D. 4, Box 278, Greensburg, PA 16501. This proposed facility is located in Lancaster Township, **Butler County**.

Description of Proposed Action/Activity: This project is for the construction and operation of a sewage treatment facility to serve a mobile home park.

WQM Permit No. 2503402, Sewerage, **Gerald S. and Lori A. Zimmer**, 9656 Sampson Road, Erie, PA 16509. This proposed facility is located in LeBoeuf Township, **Erie County**.

Description of Proposed Action/Activity: This project is for a single residence sewage treatment plant.

WQM Permit No. 2002429, Sewerage, **David L. and Anna Schaffer**, 303 Linton Street, McKees Rocks, PA 15136. This proposed facility is located in Cussewago Township, **Crawford County**.

Description of Proposed Action/Activity: This project is for a single residence sewage treatment plant.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted before the application, within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability who require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act, the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on the permit application are invited to submit a statement to the office listed before the application, within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Comment responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment

period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department Regional Office after which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Region: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the Department Regional Office within 30 days of the date of this notice and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Contact Mark Wejkszner, New Source Review Chief, (570) 826-2531.

45-302-073: Aventis Pasteur, Inc. (Discovery Drive, Swiftwater, PA 18370) for construction of three no. 2 fuel oil, 800 horsepower boilers at their facility in Pocono Township, **Monroe County**.

49-00007B: Merck and Co., Inc. (P. O. Box 600, Danville, PA 17821-0600) for installation of an air cleaning device (a condenser) on a pharmaceutical reaction vessel (EX-2640) in Riverside Borough, **Northumberland County**.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428; Contact Edward Brown, Facilities Permitting Chief, (610) 832-6242.

PA-09-0040B: Consolidated Graphics (315A West Street Road, Warminster, PA 18974) for modification of four lithographic printing presses, at their facility in Warminster Township, **Bucks County**. This facility is a major facility. The modification of this source will not increase any emissions. The Plan Approval will contain recordkeeping requirements to keep the facility operating within the allowable emissions and all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Contact Mark J. Wejkszner, New Source Review Chief, (570) 826-2531.

48-309-122: ESSROC Cement Corp. (3251 Bath Pike, Nazareth, PA 18064-8928) for replacement/installation of an air cleaning device (fabric collector) for the existing No. 3 raw mill (also identified as the No. 6 finish mill) at Nazareth Plant III in the Borough of Nazareth, **Northampton County**. The particulate emissions from the fabric collector will not exceed the Best Available Technology standard of 0.01 grain/dscf (12.0 tons per year). The Plan Approval and Operating Permit will include testing, work practices, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements. The facility currently has a Title V Operating Permit No. 48-00007. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V Operating Permit through an administrative amendment at a later date.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Contact Yasmin Neidlinger, Facilities Permitting Chief, (717) 705-4702.

21-05064C: Atlas Roofing Corp. (802 Highway 19 North, Suite 190, Meridian, MS 39307) for the use of a lower VOC emitting chemical formulation (that is, blowing agent) that would justify the removal of the existing regenerative thermal oxidizer currently used to control VOC emissions from the foam laminator operation at their polyisocyanurate foam manufacturing facility in Camp Hill Borough, **Cumberland County**. The company will limit the actual (total) facility VOC emissions to less than 50 tons per 12-month rolling total so as to maintain a State-only operating permit status. The Department reserves the right to require further stack testing and the plan approval and operating permit shall contain monitoring and recordkeeping requirements designed to keep the facility operating within all applicable air quality requirements.

38-05023B: Pennsy Supply, Inc. (1001 Paxton Street, P. O. Box 3331, Harrisburg, PA 17105) for construction of a shredder for unused and rejected shingles at the Prescott Quarry in South Lebanon Township, **Lebanon County**. This plan approval will be incorporated into the facility's current application for a State-only operating permit and will include appropriate conditions designed to keep the source operating within all applicable air quality requirements.

67-05069C: Bonsal American, Inc. d/b/a Oldcastle Stone Products, formerly Cemex, Inc. (P. O. Box 220, Thomasville, PA 17364) for installation of a cage mill and dust collector to the existing closed circuit Plant 2A operation at their Thomasville Facility in Jackson Township, **York County**. The new cage mill is expected to be able to process approximately 25 tons per hour of limestone. Particulate matter emissions associated with the new mill will be controlled by a new dust collector and shall stay below 0.02 grain per dry standard cubic foot. The source is subject to 40 CFR 60, Subpart OOO—Standards of Performance for New Stationary Sources. The plan approval and operating permit shall contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428; Contact Edward Brown, Facilities Permitting Chief, (610) 832-6242.

46-00012: Philadelphia Newspapers, Inc./Schuylkill Printing Press (800 River Road, West Conshohocken, PA 19428) for an administrative amendment to Title V Operating Permit 46-00012 in Upper Merion Township, **Montgomery County**. The permit is being amended to incorporate changes based on the appeal of the Title V Operating Permit. The facility's major emission points include 9 printing presses, 3 main boilers, 12 miscellaneous heaters and boilers, 1 backup generator, 1 platemaking developer, 1 fire pump and 1 gasoline storage and dispensing area. The amended Title V Operating Permit will contain additional monitoring, recordkeeping, reporting and work practice standards to keep the facility operating within all applicable air quality requirements and will include the revisions listed:

- Section A, Site Inventory List—revised the Capacity/Throughput values for Sources IDs Nos. 001—015 to

include a maximum rated heat input capacity, in units of mmBtu/hr and a maximum throughput capacity for natural gas in units of CF/hr.

- Section A, Site Inventory List—revised the Capacity/Throughput values for Sources IDs Nos. 031 and 032 to include a maximum rated heat input capacity, in units of mmBtu/hr.

- Sections A and D, Source 014—revised the Capacity/Throughput value to 0.2 mmBtu/hr. Changed the name of the source to “Pump House HW Boiler 6.”

- Section A, Site Inventory List, Source FML01—removed this duplicate entry for the natural gas pipeline.

- Section C, Condition 017—revised the cross-reference to include the term “Condition 23(b).”

- Section D, Source ID Nos. 001—004, Conditions 003 and 004—revised monitor and recordkeeping frequency of the fuel usage to a monthly basis. Include paragraph the states that the frequency of the required monitoring and recordkeeping, is consistent the “Alternative Monitoring Frequency of Fuel Usage” approval granted to the permittee by letter, dated March 29, 2001, from the EPA Region III and that a copy letter has been attached to this permit and designated “Attachment A.”

- Section D, Source 031 and 032, Condition 002—revised the condition to include the term “To assure compliance with the Condition 001, . . . ” to provide for monthly monitoring of the hours of operation for these sources.

- Section D, Source 126, Condition 006—revised this condition to require the facility to maintain a functional Stage II Vehicle Refueling Control Program.

- Section D, Source ID: 127, Conditions 005 and 007—revised these conditions to require the facility monitor and record the following parameters on a daily basis:

- (a) The ink throughput for each press, using the allocation method between pairs of presses.

- (b) The amount of fountain solution used at the facility using the allocation method between pairs of presses.

- (c) The amount of blanket wash used at the facility.

- Section D, Source ID: 127, Condition 008—revised these conditions to change the term “all” to “any.”

- Section F, Emission Restriction Summary—omitted the 2.7 tons per year limit for Sources 031 and 032.

- Section G, Miscellaneous—included the miscellaneous fugitive emissions from Source 101, Developing Process and the propane powered floor maintenance equipment to the list of activities that do not require limitations, monitoring or recordkeeping.

This Administrative Amendment of the Title V Operating Permit is issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code § 127.450.

46-00015: Occidental Chemical Corp. (375 Armand Hammer Boulevard, P. O. Box 699, Pottstown, PA 19464) for an administrative amendment to Title V Operating Permit 46-00015 in Lower Pottsgrove Township, **Montgomery County**. The permit is being amended to incorporate changes based on the appeal of the Title V Operating Permit, as well as to incorporate changes approved under plan approval number PA-46-0015A (Product Collector for Line No. 6). The facility's major emission points include 38 dispersion resin reactors, 23 suspension resin reactors, 4 spray dryers, 4 grinders, 4 primary dust collectors and 3 secondary dust collectors.

The amended Title V Operating Permit will contain additional monitoring, recordkeeping, reporting and work practice standards to keep the facility operating within all applicable air quality requirements and will include the revisions listed:

- Section A and D, Source C29—corrected the source diagram to indicate that the ungrounded product collector exhausts to stack S13.

- Section A and D, Source 101—corrected the source diagram for this source.

- Section D, Source 104, Condition No. 001(b)—corrected the PM10 emission limit for stack S13 to 32.7 tons/year to account for all the PM10 sources which exhaust to stack S13.

- Section D, Source 104, Condition No. 005(c)—the operating range for the pressure drop for this source has been amended to be maintained at a minimum of 0.5 foot and a maximum of 12 feet (w.g.).

- Section D, Source 114, Condition No. 005—removed the condition requiring a bag break on the outlet of the fabric collectors.

- Section D, Source 129, Condition No. 006—removed the reference to the specific filter bag manufacturer.

- Section D, Source 129, Condition No. 004(c)—the operating range for the pressure drop for this source has been amended to be maintained at a minimum of 0.5 foot and a maximum of 12 feet (w.g.).

- Sections A, D and F, Source C29—inclusion of applicable Conditions Nos. 001—006 for this source, including emission restrictions, monitoring, recordkeeping, work practice standard conditions and emission summary.

- Section D, Source C29, Condition No. 002—revised the condition to require daily monitoring of the pressure drop when the source is operating.

- Section D, Source C29, Condition Nos. 005 and 006—removed the reference to the specific filter bag manufacturer.

- Section D, Source C35A, Condition No. 004—revised condition to clarify between the certified continuous emissions monitoring system required for VCM concentration and the noncertified procedures for the monitoring of the thermal incinerator operating temperature.

- Section D, Source C35A, Condition No. 008—inclusion of the recordkeeping requirement for monitoring data as specified in the Department's Continuous Source Monitoring Manual.

- Section D, Source C35A, Condition No. 012—inclusion of the work practice standard for operation and calibration of temperature monitoring instrumentation.

- Section D, Source C35A, Condition No. 013—inclusion of the work practice standard for maintenance performed on the T-Thermal Incinerator, monitoring and recording equipment.

This Administrative Amendment of the Title V Operating Permit is issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code § 127.450.

25-00025: General Electric Co.—Erie Plant (2901 East Lake Road, Building 9-201, Erie, PA 16531) on September 18, 2002, for modification of the NOx emission limits to reflect the limitations agreed upon as part of a signed Consent Order and Agreement in Lawrence Park Township, **Erie County.** The changes to the permit are as follows:

- Site Level (Section C):
- Added Condition No. 018(m)—(r) pertaining to ERC (plan approval: 25-025D Conditions No. 21—26).
- Sources 031, 033 and 035 (Section D):
- Capacity throughput revised to 217 mmBtu/hr for Source 031.
- Capacity throughput revised to 145.2 mmBtu/hr for Source 033.
- Deleted Condition No. 003(b). This condition limited the NOx emissions from boilers 1, 5 and 9 to 900 tpy.
- Changed the NOx emission limit to 324 tpy for Source 033 (RACT OP: 25-025A Condition 6).
- Changed the NOx emission limit to 520 tpy for Source 035 (RACT OP: 25-025A Condition 7).
- Added a condition that required the coal consumption be submitted quarterly (RACT OP: 25-025A Condition 9).
- Added a condition that required annual tune-ups (RACT OP: 25-025A Conditions 5—7).
- Source 032 (Section D):
- Deleted this source and all conditions from the permit. The ERCs associated with this source has been addressed in Section C.
- General Notes: The company has received a new RACT OP (25-025A) on August 26, 2002, a new plan approval (25-025D) on August 28, 2002, and a Consent

Order and Agreement (September 18, 2002). The conditions for the major modification come from the preceding approvals issued by the Department. The ERC conditions are for the permanent shutdown of Boiler No. 2 (Source 032).

Intent to Issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

06-05037: McConway and Torley Corp. (230 Railroad Street, Kutztown, PA 19530) for operation of a steel foundry in Kutztown Borough, **Berks County.** The facility has emission caps to limit the emissions to below 100 tons per year of CO, NOx, SOx and PM10, 50 tons per year of VOC, 10 tons per year of HAP and 25 tons per year HAPs. The State-only operating permit shall contain additional testing, monitoring, recordkeeping and reporting requirements, emission restrictions and work practice standards designed to keep the facility operating within all applicable air quality requirements.

36-03103: Kunzler and Co., Inc. (652 Manor Street, Lancaster, PA 17604) for operation of a meat processing facility in the City of Lancaster, **Lancaster County.** The facility has the potential to emit 14.9 tons per year of carbon monoxide, 14.2 tons per year of NOx, 5.8 tons per year of VOCs, less than 1 ton per year of sulfur oxides and 1.4 tons per year of particulate matter, after controls. The State-only operating permit shall contain additional testing, monitoring, recordkeeping and reporting requirements, emission restrictions and work practice standards designed to keep the facility operating within all applicable air quality requirements.

67-03118: Global Stone PenRoc, LP (501 Hokes Mill Road, York, PA 17405) for operation of a limestone crushing plant in West Manchester Township, **York County.** The facility's particulate matter emissions are controlled by wet suppression and the particulate matter emission rate is approximately 45 tons per year. The State-only operating permit will include monitoring, recordkeeping, reporting requirements and work practice standards in addition to the New Source Performance Standards requirements found in 40 CFR, Part 60, Subpart 000.

01-05033: Knouse Foods Cooperative, Inc. (P. O. Box 807, 53 East Hanover Street, Biglerville, PA 17307) for operation of a fruit processing facility at 800 Peach Glen—Idaville Road, Peach Glen, in Tyrone Township, **Adams County.** The facility has a potential to emit 120 TPY of sulfur oxides. The permit restricts the amount of sulfur oxides that may be emitted. The facility's operating permit shall contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); and The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated before each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments or objections, or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition to the previous, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the previously-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Effluent Limits—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	3.0mg/l	6.0mg/l	7.0mg/l
Manganese (total)	2.0mg/l	4.0mg/l	5.0mg/l
suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas, active areas disturbed by coal refuse disposal activities and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

PROJECTS UNDER THE ENVIRONMENTAL GOOD SAMARITAN ACT

The Environmental Good Samaritan Act (27 Pa.C.S. §§ 8001—8114) provides certain protections and immunities from civil liability for landowners and persons who voluntarily undertake reclamation and abatement projects to address land and water adversely affected by mining or oil or gas extraction or exploration for natural resources and left in an unreclaimed condition or left discharging water pollution. For landowners and persons to qualify for immunity, the projects must be approved by the Department.

The following project proposals have been received by the Department. A copy of the proposals is available for inspection at the office indicated before each proposal.

Written comments or objections may be submitted by any person or any office or head of any Federal, State, or local government agency or authority to the Department at the same address within 30 days of this publication.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the proposal identification number; and a statement of sufficient detail to inform the Department of the basis of the comment or objection and the relevant facts upon which it is based.

EGS26003, Trout Unlimited, Chestnut Ridge Chapter (P. O. Box 483, Uniontown, PA 15401). A project to passively treat abandoned mine drainage pollution in Stewart Township, **Fayette County**, affecting less than 5 acres. Receiving stream: Glade Run. Project proposal resubmitted March 4, 2003.

EGS63002, Manor Care Health Services, Inc. (333 N. Summit Street, P. O. Box 1086, Toledo, OH 43699-0086). A project to abate mine drainage pollution in Robinson Township, **Washington County**, affecting 7 acres. Receiving stream: St. Patrick Run. Project proposal received January 20, 2003.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before the application. Comments should contain

the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

E35-365. Borough of Old Forge, 314 South Main Street, Old Forge, PA 18518, in Borough of Old Forge, **Lackawanna County**, U. S. Army Corps of Engineers, Baltimore District.

To excavate within the floodway and floodplain of St. Johns Creek (CWF) for the purpose of constructing the Sibley Avenue Soccer Field Project. The project is located along the northeast side of Sibley Avenue approximately 0.25 mile southeast of its intersection with SR 3011 (Keyser Avenue) (Scranton, PA Quadrangle N: 1.8 inches; W: 15.0 inches).

E40-618. Marina Commons at Harveys Lake, LLC, R. R. 3, Box 3016, Harveys Lake, PA 18618, in Harveys Lake Borough, **Luzerne County**, U. S. Army Corps of Engineers, Baltimore District.

To construct and maintain three stormwater outfall structures (two 15-inch outfalls and one 18-inch outfall) and one dry hydrant intake structure along the shoreline of Harveys Lake, for the purpose of constructing a residential and commercial development known as Marina Pointe. The project is located along the west side of SR 0415, within a cove at the southern end of Harveys Lake (Harveys Lake, PA Quadrangle N: 18.4 inches; W: 4.4 inches).

E40-621. John Metz, R. R. 1, Box 236, Harveys Lake, PA 18618, in Harveys Lake Borough, **Luzerne County**, U. S. Army Corps of Engineers, Baltimore District.

To modify and maintain an existing pile-supported dock/boathouse structure in Harveys Lake, with work including the expansion of the structure by approximately 1,122 square feet. As modified, the total area of the structure will be approximately 4,236 square feet. The structure extends approximately 45 feet from the shoreline (as existing and proposed). The project includes the placement of 4 inches of gravel over 1,417 square feet of

the existing cobble lake bed, to serve as a sponing area. The project is located at Pole No. 103, along the north-eastern shoreline of Harveys Lake (Noxen, PA Quadrangle N: 1.0 inch; W: 3.7 inches).

E45-442. Keystone Hollow Corporation, The Village Center No. 10, P. O. Box 1158, Marshalls Creek, PA 18335-1158, in Middle Smithfield Township, **Monroe County**, U. S. Army Corps of Engineers, Philadelphia District.

To construct and maintain eight road crossings in a tributary to the Delaware River (HQ-CWF) and in approximately 0.10 acre of adjacent wetlands for the purpose of constructing new roadways to serve the proposed estates at Great Bear residential subdivision. The project also includes various stormwater outfall structures and utility line stream crossings. The project is generally located on the northside of Township Road T517 (Hidden Lake Drive), approximately 0.6 mile southwest of Township Road T550 (Keystone Road) (Bushkill, PA-NJ Quadrangle N: 9.3 inches; W: 8.8 inches).

E58-252. Choconut Township, R. R. 1, Box 1702, Friendsville, PA 18818-9608, in Choconut Township, **Susquehanna County**, U. S. Army Corps of Engineers, Baltimore District.

To construct and maintain stream restoration project in a 3,130-foot reach of Choconut Creek (CWF). The purpose of the project is to create a narrower deeper channel that will more efficiently transport sediment, alleviate flooding potential and enhance fish habitat. The project will utilize natural stream design techniques to reconfigure the stream channel geometry, including rock veins and cross veins and will include two sections, totaling 700 linear feet of bank protection utilizing stepped large rocks, along the left bank. The project is located parallel to and west of SR 0267, extending north of T-769 (Stanley Lake Road) (Friendsville, PA-NY Quadrangle N: 16.8 inches; W: 0.5 inch).

E45-443. Farda Realty Associates, L. P. c/o The Summit Resort, P. O. Box 130, Tannersville, PA 18372, in Pocono Township, **Monroe County**, U. S. Army Corps of Engineers, Philadelphia District.

To remove the existing structures in and along tributaries to Pocono Creek (HQ-CWF) that are associated with the former Summit Resort and to construct and maintain the following water obstructions and encroachments: (1) three road crossings and a stream enclosure in tributaries to Pocono Creek (HQ-CWF) for the purpose of constructing new access roads and parking areas; (2) to backfill and eliminate approximately 2.8 acres of a 4.1 acre pond for a proposed parking area—the remaining portion of pond will be used as a wet bottom stormwater detention basin; (3) a 36-inch diameter stormwater outfall structure and an 8-inch diameter stormwater outfall structure and an 8-inch diameter sewage treatment plant outfall structure in a tributary to Pocono Creek; and (4) various utility line stream crossings of tributaries to Pocono Creek. This work is part of a commercial development known as Tannersville Factory Stores which includes approximately 480,000 S.F. of retail factory outlets, two restaurants and a 102-unit hotel. The project is located west of Interstate 80 at Exit 299 and on both sides of SR 0715 (Mount Pocono, PA Quadrangle N: 6.5 inches; W: 9.3 inches).

E40-619. PP&L Electric Utilities Corporation, GENN-4, 2 North Ninth Street, Allentown, PA 18101, in Hazle Township, **Luzerne County**, U. S. Army Corps of Engineers, Baltimore District.

To construct and maintain an aerial utility line attached to single poles crossing Tomhicken Creek and adjacent wetlands and to construct and maintain a gravel access/maintenance road across PEM wetlands having a length of approximately 130 feet, impacting a de minimis area equal to 0.04 acre. The project is located approximately 1,000 feet south of the intersection of SR 0924 and Oakridge Road (Conyngham, PA Quadrangle N: 8.4 inches; W: 11.1 inches).

E40-620. Hazle Township Supervisors, P. O. Box 506, Harleigh, PA 18225-0506, in Hazle Township, **Luzerne County**, U. S. Army Corps of Engineers, Baltimore District.

To construct and maintain a road crossing at Little Black Creek (CWF) consisting of approximately 90 lineal feet of 12.0 foot by 6.0 foot precast concrete box culvert followed by approximately 50 lineal feet of rip rap energy dissipater. The project includes regrading/relocation of the channel upstream and downstream of the structure, for a total project impact of approximately 270 lineal feet of channel. A temporary flow diversion utilizing a 24 inch culvert is proposed during construction. The project, known as the Vine Street Extension, is located approximately 1,000 feet upstream of the confluence of the Little Black Creek and Black Creek between 28th Street and 30th Street (Hazleton, PA Quadrangle N: 19.1 inches; W: 14.7 inches).

E58-253. Elk Mountain Ski Resort, Inc., R. R. 2, Box 3328, Uniondale, PA 18470-9528, in Herrick Township, **Susquehanna County**, U. S. Army Corps of Engineers, Baltimore District.

To excavate 0.27 acre of wetlands for the purpose of enlarging the impoundment area behind an existing nonjurisdictional dam; to construct and maintain an intake structure in a tributary to East Branch Tunkhannock Creek consisting of two adjacent inlets in a 27 inch diameter pipe; to construct and maintain an outfall and a pond consisting of a 27 inch diameter pipe and rip rap apron; and to construct and maintain a 27 inch diameter utility line crossing of 35 feet of wetlands and a tributary to East Branch Tunkhannock Creek.

The purpose of the project is to provide additional water storage and supply for snow making. The project is located on the north side of SR 0374, approximately 4.3 miles northeast of its intersection with SR 0106 (Clifford, PA Quadrangle N: 19.3 inches; W: 9.1 inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E22-455. Wren Dale Golf Club, 2213 Forest Hills Drive, Harrisburg, PA 17112, South Hanover Township, **Dauphin County**, ACOE Baltimore District.

To construct and maintain an intake structure along Swatara Creek (WWF) and a parking area and a manhole in a wetland adjacent to Swatara Creek (WWF) at a point along SR 2010 (Carol Street) (Hershey, PA Quadrangle N: 9.9 inches; W: 6.4 inches) for the purpose of constructing an intake for a golf course in South Hanover Township, Dauphin County.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E18-351. Beech Creek Borough, R. R. 1, Box 216, Beech Creek, PA 16822. Stream Intake Structure, in Beech Creek, **Clinton County**, ACOE Baltimore District (Beech Creek, PA Quadrangle N: 13.7 inches; W: 12.8 inches).

To construct and maintain a stream intake structure consisting of two parallel 18 inch diameter high density polyethylene pipes with gate valves to divert water from Beech Creek into a former mill race located off the south side of Route 150 at the Clinton County/Centre County boundary line and to construct and maintain 40 lineal feet of stream bank (left and right banks) and channel stabilization at the mill race of the intake site. The project will not impact wetlands while impacting approximately 20 feet of Spring Creek while the area impacted within the millrace is approximately 20 feet by 40 feet. Beech Creek is a CWF stream.

E41-522. Department of Transportation, Engineering District 3-0, P. O. Box 218, Montoursville, PA 17754-0218. SR 0414 Section 017 Pine Creek Bridge in McHenry Township, **Lycoming County**, ACOE Susquehanna River Basin District (Jersey Mills, PA Quadrangle N: 19.1 inches; W: 4.2 inches).

To remove an existing two span steel bridge and construct and maintain a three span reinforced concrete girder bridge having a clear span of 392.2 feet, with an average underclearance of 14.28 feet on a skew of 60° over Pine Creek located along SR 0414 Section 017 and to construct, maintain and remove a temporary causeway as well as construct a sand bag, concrete barrier is located in McHenry Township, Lycoming County. This project proposes to have a minimal impact on Pine Creek (HQ-TSF). This project does propose to impact 0.007 acre of jurisdictional wetlands. This application was previously published with the wrong SR number.

E53-385 Department of Conservation and Natural Resources, Bureau of Forestry, District 15, 3150 East Second Street, P. O. Box 673, Coudersport, PA 16915-0673. Culvert construction, in Abbott Township, **Potter County**, ACOE Baltimore District (Oleona, PA Quadrangle N: 17.8 inches; W: 4.0 inches).

To construct and maintain a 6-foot 1-inch by 4-foot 7-inch by approximately 30 foot long arch culvert pipe with approximately 10 linear feet of inlet and outlet riprap on both creek banks for scour control in the Indian Run Branch (EV) of Kettle Creek approximately 8,000 feet upstream from the confluence of Indian Run with Kettle Creek. The project will not impact wetlands while impacting approximately 50 linear feet of waterway.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E26-307. Georges Township Board of Supervisors, 1151 Township Drive, Uniontown, PA 15401. Georges Township, **Fayette County**, ACOE Pittsburgh District.

To remove the existing structure and to construct and maintain a 137 foot by 87 foot corrugated metal pipe arch culvert in an unnamed tributary to Georges Creek (WWF) located on T-411 approximately 2,000 feet east of SR 3027 (Brownfield, PA Quadrangle N: 13.7 inches; W: 15.8 inches).

E65-820. Hempfield Township, R. D. 6, Box 500, Woodward Drive, Greensburg, PA 15601. Hempfield Township, **Westmoreland County**, ACOE Pittsburgh District.

To remove the existing structure and to construct and maintain a 27.0 foot long 5.0 foot by 5.0 foot concrete box culvert in an unnamed tributary to Sewickley Creek (WWF) located on Wilson Fox Road (Mt. Pleasant, PA Quadrangle N: 21.0 inches; W: 12.6 inches).

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E10-373, Cranberry Township, 2525 Rochester Road, Cranberry Township, PA 16066. T-313 Garvin Road Across Wolfe Run, in Cranberry Township, **Butler County**, ACOE Pittsburgh District (Mars, PA Quadrangle N: 20.1 inches; W: 10.8 inches).

To remove the existing structure and to install and maintain a 168-foot long concrete arch stream enclosure having a span of 12 feet and a rise of 6 feet or an aluminized steel arch having a span of 14 feet and a rise of 7.25 feet in Wolfe Run and fill a total of 0.129 acre of adjoining wetlands associated with the increase in roadway elevation to improve the roadway grade on T-313 Garvin Road approximately 1 mile east of Ehrman Road. Project includes creation of 0.162 acre of replacement wetland adjacent to Wolfe Run and existing wetlands onsite.

E27-070, Department of Transportation, District 1-0, 255 Elm Street, P. O. Box 398, Oil City, PA 16301-1412. SR 3004 Bridge Across Little Hickory Run, in Hickory Township, **Forest County**, ACOE Pittsburgh District (West Hickory, PA Quadrangle N: 9.9 inches; W: 3.5 inches).

The applicant proposes to remove the existing bridge and: (1) to construct and maintain a concrete channel beam bridge having a clear span of 31.75 feet and an underclearance of 5.0 feet on a 60 degree skew across Little Hickory Run (HQ-CWF) on SR 3004, Section 011, Segment 0030, Offset 0955 approximately 0.10 mile east of the intersection of SR 3004 and T-326 (Connelly Hill Road); and (2) to place R-7 rock riprap for scour protection around the left and right abutments and wingwalls.

E61-260, Department of Transportation, District 1-0, 255 Elm Street, P. O. Box 398, Oil City, PA 16301-1412. SR 0036 Bridge Across Pithole Creek, in Allegheny Township, **Venango County** (Pleasantville, PA Quadrangle N: 10.1 inches; W: 5.1 inches).

The applicant proposes to remove the existing structure and: (1) construct and maintain a prestressed concrete spread box beam bridge having a clear span of 87.75 feet and an underclearance of 6.71 feet on a 60 degree skew across Pithole Creek (CWF) on SR 0036, Section B00, Segment 0040, Offset 1142 in Allegheny Township, Venango County approximately 1,000 feet east of the intersection of SR 0036 and SR 1006 (Bailey Road); and (2) place R-7 rock riprap for scour protection around the left and right abutments and wingwalls.

ENVIRONMENTAL ASSESSMENTS

Central Office: Bureau of Waterways Engineering, Rachel Carson State Office Building, Floor 3, 400 Market Street, Harrisburg, PA 17105.

EA4513-155. East Stroudsburg Borough, 24 Analomink Street, P. O. Box 303, East Stroudsburg, PA 18301. Middle Smithfield Township, **Monroe County**, ACOE Philadelphia District.

Project proposes to construct a swale and measuring weirs at the base of the East Stroudsburg Reservoir Dam temporarily impacting approximately 0.07 acre of wetland (PEM) to monitor seepage through the dam. The dam is located across Sambo Creek (CWF, MF) approximately 500 feet northwest of the intersection of Brushy Mountain Road (T513) and Wooddale Drive (T527) (East Stroudsburg, PA Quadrangle N: 11.5 inches; W: 5.3 inches).

EA0913-244. Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797. Tincin Township, **Bucks County**, ACOE Philadelphia District.

Project proposes to modify Wildcat Dam to address existing structural inadequacies with the dam impacting a de minimis area of wetland (PEM) equal to 0.03 acre. The modifications will include regrading the dam embankment to a uniform elevation, armoring the emergency spillway with concrete block mats, installing a stone drain along the downstream embankment toe and repairing the principal spillway structure. Modifications will lower the normal pool 6 to 9 inches below the level maintained in recent years. The dam is located across a tributary to Beaver Creek (EV) approximately 2,000 feet north of the intersection of T425 and T485 (Frenchtown, NJ-PA Quadrangle N: 2.60 inches; W: 15.65 inches).

ACTIONS

FINAL ACTIONS TAKEN UNDER THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT—NPDES AND WQM PART II PERMITS

INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

NPDES STORMWATER INDIVIDUAL PERMITS—(PAS)

The following NPDES Individual Permits for Discharges of Stormwater Associated with Construction Activities have been issued.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35

P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Safe Drinking Water Act for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Portland Borough	P. O. Box 476 Portland, PA 18351	Northampton

Plan Description: An Update Revision to the Act 537 Plan of Portland Borough has been approved by the Department that provides for:

- The construction of a collection system that will consist of approximately 18,000 lineal feet of gravity sewers and mains with approximately 4,000 feet of low

pressure sewers and force main. A pump station having a capacity to pump 200,000 GPD will be located centrally in an area behind the existing Portland Diner. This pump station will have sufficient conveyance capacity to serve the initial service area in the Borough and any adjacent areas in Upper Mount Bethel Township that may need to be connected in the future.

- The construction of a 105,000 GPD wastewater treatment plant that will be on property located within the existing Portland Industrial Park. The treated effluent of the plant will be discharged into the Delaware River at a location east of the Industrial Park's entrance. The plant will be owned and operated by Portland Borough.

- The proposed method of financing this project consists of funds from the Rural Utilities Service and grant moneys from the Northampton County Bond Issue for infrastructure development. The estimated cost per equivalent dwelling unit single-family residence is \$53 per month with a tapping fee of \$1,500.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions

of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the Act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department Regional Office after which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department certifies that the construction and operation herein described will

comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State Water Quality Standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law (35 P.S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). To construct and maintain an aquatic restoration of Nine Mile Run (TSF) and two of its tributaries. For Nine Mile Run approximately 3,699 feet of channel will be restored. Fern Hollow (TSF) will have approximately 1,648 feet restored. This includes adjusting the alignment

to flow into an existing con-span culvert having a span of 12 feet and an underclearance of 3 feet. Operation and maintenance of this structure is part of this permit. Falls Ravine (TSF) will have approximately 508 feet restored. This permit will also authorize the removal of existing structures and the constructions and maintenance of a 36-inch diameter RCP culvert (depressed 1 foot) for a distance of approximately 12 feet in Falls Ravine. The permit authorized the filling of .29 acre of wetlands, the construction and maintenance of .29 acre of replacement wetlands, the construction and maintenance of 0.57 acre of replacement wetland to compensate for the previously approved wetland impacts at Point Marion Lock and Dam and creation of an additional 3.64 acres of wetlands. The work is part of the proposed Nine Mile Run Aquatic Restoration Project Phase 1B. The project limits along Nine Mile Run begin at the Braddock Avenue Culvert and extend to Commercial Street. The project limits for Fern Hollow begin approximately 300 feet upstream of its confluence with Falls Ravine including approximately 508 feet of Falls Ravine and extending to its confluence to Nine Mile Run (Pittsburgh East, PA Quadrangle N: 9.45 inches; W: 3.7 inches).

The project is located near LaBelle in Luzerne Township, Fayette County (California, PA Quadrangle N: 2.3 inches; W: 14.6 inches).

SPECIAL NOTICES

Plan Revision Approval under the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101

Southcentral Region: Waste Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

The Department of Environmental Protection (Department) approved the Dauphin County Municipal Waste Plan Revision on March 6, 2003.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O.

Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The plan revision is a public document and may be viewed at the Department regional office previously noted.

Questions concerning this approval should be sent to Sally Lohman, Chief, Waste Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472; or Mark Vottero, Regional Planning and Recycling Coordinator, Bureau of Land Recycling and Waste Management, 909 Elmerton Avenue, Harrisburg, PA 17110.

BUREAU OF DEEP MINE SAFETY

Request for Variance

The Department of Environmental Protection (Department), Bureau of Deep Mine Safety (Bureau), has received a request for variance from Senate Coal Mines, Inc. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Gaida, (724) 439-7469 or from the Bureau website at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

The Department is publishing a summary of the request to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. Comments should be addressed to Paul L. Hummel, Acting Director, Bureau of Deep Mine Safety, Fayette County Health Center, 100 New Salem Road, Room 167, Uniontown, PA 15401

Section 702 of the Bituminous Coal Mine Act (act) provides a mechanism for operators to obtain variances from specific requirements of the act to accommodate the adoption of new machinery, equipment, tools, supplies, methods or processes.

Section 221(d) of the act requires that after an extended ventilation interruption, the electric power must be disconnected from the affected portions of the mine and personnel be evacuated from the mine. It also requires that, after the ventilation is restored, the mine must be examined before workers return to their work.

Summary of the Request: Senate Coal Mines, Inc. requests a variance during the fan stoppage of the main

mine fans when the ventilation quantity is not maintained by the backup fan system. This variance is to maintain electric power on circuits necessary to withdraw persons if located in areas or haulageways where methane is not likely to migrate or to accumulate. These electrical circuits will be de-energized as persons are withdrawn. In addition, mechanized equipment necessary to withdraw persons from the mine need not be shut off if located in areas where methane is not likely to migrate or accumulate. If ventilation is restored, the miners may stop the evacuation in a safe location and return to work areas only after a certified person has made a thorough examination of the areas and the areas are determined to be safe. After ventilation has been restored and the fan has operated for at least 15 minutes, the examiner may use nonpermissible transportation in intake airways to facilitate the making of the examination at the Ondo Mine.

10. *Second Chance Drawing Requirements:*

(a) To be eligible for one of the Second Chance Drawings, players must complete the back of the nonwinning Pennsylvania I Love Lucy instant lottery game ticket in a legible manner, including the player's name, complete address, telephone number and signature.

(b) The player shall affix proper postage to the non-winning Pennsylvania I Love Lucy instant lottery ticket and mail same to the I Love Lucy address shown in the lower right portion of the ticket back.

(c) Nonwinning Pennsylvania I Love Lucy instant lottery tickets received in an envelope will not be eligible and will be disqualified. The only exception is for non-winning Pennsylvania I Love Lucy instant lottery tickets received in a United States Post Office damaged in mail process envelope.

(d) Pennsylvania I Love Lucy instant lottery tickets that win cash prizes and that are submitted to the I Love Lucy Second Chance Drawing address will not be paid or honored.

(e) To be eligible for a Second Chance Drawing, non-winning Pennsylvania I Love Lucy instant lottery tickets must be received by the Pennsylvania Lottery as follows:

<i>Entry Deadline</i>	<i>Second Chance Drawing</i>
1st Drawing—May 2, 2003	Week of May 5, 2003
2nd Drawing—May 30, 2003	Week of June 2, 2003
3rd Drawing—June 27, 2003	Week of June 30, 2003
4th Drawing—August 1, 2003	Week of August 4, 2003

11. *Second Chance Drawing Procedures:*

(a) *Frequency.* Four Second Chance Drawings will be held at Lottery Headquarters. The first Second Chance Drawing will be held the week of May 5, 2003, the second the week of June 2, 2003, the third the week of June 30, 2003 and the fourth the week of August 4, 2003. The odds

of an entry's being selected in a Second Chance Drawing depend upon the number of entries received.

(b) *Eligibility for Second Chance Drawings.* To be eligible for a Second Chance Drawing, a player must have complied with the requirements of section 10.

(1) The Lottery will make a reasonable effort to ensure that each Second Chance entry is entered into one of the Second Chance Drawings. The Lottery assumes no responsibility for a lost or misplaced entry not entered into a Second Chance Drawing.

(2) A Second Chance entry is eligible for only one Second Chance Drawing. An entry that is not in one eligible group, may, at the discretion of the Director, remain eligible for a subsequent Second Chance Drawing.

(3) If a Second Chance entry is rejected during or following a Second Chance Drawing, the sole remedy is to select another entry to replace the rejected entry in accordance with Lottery procedure.

(c) *Manner of conducting the Second Chance Drawings.*

(1) A computer-generated randomizer will be used to select boxes at each of the four drawings. The randomizer will first select one box from which a Grand Prize winner will be drawn. As each entry ticket is selected, it will be verified. If the selected entry is declared invalid, another entry will be selected from the same box until a valid entry has been chosen. After the Grand Prize entry is selected and verified, the ticket will be validated by entering the ticket information into the computerized instant ticket database to verify appropriate pack status. The Grand Prize winner will receive a home entertainment system, Lucy video collection and two I Love Lucy prize packages.

(2) The computer-generated randomizer will then be used to select 25 boxes. Ten prize package winners will be drawn from each of the 25 boxes. The randomizer will not be programmed to eliminate the possibility of the same

box being selected more than once. As each entry ticket is selected, it will be verified. If the selected entry is declared invalid, another entry will be selected from the same box until a valid entry has been chosen. After all prize package entries have been selected and verified, further validation will take place by verifying the status of the ticket drawn by entering the ticket information into the computerized instant ticket database. The 250 validated entries will each win an I Love Lucy prize package.

(3) All winning and verified entries will be recorded and placed on a "winners list" to be forwarded to Media Drop-In Productions for prize distribution.

(4) The procedures described in paragraphs (1)—(3) will be repeated for each of the four I Love Lucy Second Chance Drawings set forth in subsection (a).

(5) Determination of winners will be made by the Secretary, whose judgment will be final and binding.

(d) The payment of a prize awarded in the Second Chance drawings to a person who dies before receiving the prize or to a person 17 years of age or younger shall be paid according to 61 Pa. Code §§ 811.16 and 811.27 (relating to prizes payable after death of a prize winner; and payment of prizes to persons under 18 years of age).

12. *Second Chance Prize Descriptions:*

(a) *Grand Prize.* A home entertainment center featuring a 57 inch Sony big screen, high scan, rear projection television, a Sony Home Theater Dream System which includes a DVD player, power amplifier, five speakers and a subwoofer and a two-volume video collection featuring the top 10 "I Love Lucy" episodes.

(b) *I Love Lucy Prize Package.* Each prize package will include one of each of the following items:

(1) "Lucy is Enceinte" Limited Edition Print. The 16 inch by 20 inch, framed and matted limited edition artwork depicts a moment that changed the course of broadcasting history and created a National sensation during the 1952 television season.

(2) Leather Travel Bag with "I Love Lucy" Luggage Tag. This 20 inch by 12 inch all-leather travel bag features a center lid, double zipper opening, two outside pockets, an adjustable/detachable shoulder strap and is ornamented with a "I Love Lucy" travel tag.

(3) "Chocolate Factory" Neon Clock and Watch. This classically styled neon clock captures that magical moment when Lucy and Ethel race to wrap the chocolates whizzing past them on a conveyor belt. The clock can be set to blink or stay solid, and can be plugged in or run on batteries. The watch has a black leather band with a silver frame and features the famous "I Love Lucy" heart shaped logo.

(4) "Vitameata-vegamin" Blanket/Throw. This multi-purpose blanket/throw features an image that retells the story of how Lucy weaseled her way onto a TV show by becoming the spokeswoman for a health tonic that's 23% alcohol.

(5) "California Here We Come" Umbrella. This 42 inch umbrella depicts the gang piling into the car and heading west (episode is the day before the Richardos and Mertzes are scheduled to head to California, it rains laughs when Lucy's mother decides to join them).

(6) "I Love Lucy" Monopoly Game. Play the "I Love Lucy" Monopoly game and try to accumulate the funniest "I Love Lucy" episodes ever.

(7) "Friends Forever" Coffee Mug. This coffee mug is made of high quality ceramic and features Lucy and Ethel—friends forever.

(c) The Lottery reserves the right to substitute a merchandise item set forth in subsection (b)(1)—(7) with a merchandise item of equal or greater value.

9. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Game for retailers who sell Pennsylvania I Love Lucy instant lottery game tickets. The conduct of the game will be governed by 61 Pa. Code § 819.222 (relating to retailer bonuses and incentives).

10. *Unclaimed Prize Money:* For a period of 1 year from the announced close of Pennsylvania I Love Lucy, prize money from winning Pennsylvania I Love Lucy instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania I Love Lucy instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

11. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P. S. §§ 3761-101—3761-314), the regulations contained in 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

12. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania I Love Lucy or through normal communications methods.

FISH AND BOAT COMMISSION

Temporary Changes to Fishing Regulations; Upper Hereford Manor Lake, Beaver County

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 65.25 (relating to temporary changes to fishing regulations), has taken immediate action to modify temporarily fishing regulations at Upper Hereford Manor Lake, Beaver County, in anticipation of a possible draw down of the lake. The Executive Director is lifting all seasons, sizes and creel limits for all species except trout, effective immediately and until fish salvage operations are complete. The Executive Director has found that this action is necessary and appropriate for the management of fish and to conserve and preserve fishing opportunities.

The Executive Director has caused these temporary modifications to fishing regulations to be posted in the vicinity of the lake, and the modified regulations are fully effective and enforceable. These temporary modifications will be in effect until further notice but in no event will they remain in place after January 1, 2004.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(d) of the Regulatory Review Act (71 P. S. § 745.5(d)) provides that the designated standing Committees may issue comments within 20 days of the close of the public comment period, and the Independent Regulatory Review Commission (Commission) may issue comments within 10 days of the close of the Committee comment period. The Commission's comments are based upon the criteria contained in section 5.1(h) and (i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

**State Board of Barber Examiners
Regulation No. 16A-425**

Deletion of Examination Fees

March 6, 2003

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which have not been met. The State Board of Barber Examiners (Board) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

Section 3.103. Fees.—Clarity

This proposed rulemaking deletes eight examination fees. They are being deleted because a professional testing organization administers the examinations and sets the fees.

Section 3.41 (a) requires applications for examinations to be filed with the Board. However, the Board's website instructs applicants to submit applications directly to the testing organization.

Section 3.45 (b) states that applicants may request a personal interview with the Board for review of examination papers. However, the Board does not administer the examination and no longer provides opportunities for personal interviews.

The Board has acknowledged that these sections are outdated. We recommend that the Board incorporate any changes to these sections in the final-form regulation. This would provide the regulated community a clearer understanding of how the examination process works.

**State Board of Vehicle Manufacturers,
Dealers and Salespersons Regulation No. 16A-603**

Vehicle Auction License

March 6, 2003

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The State Board of Vehicle Manufacturers, Dealers and Salespersons (Board) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Section 19.19. Standards of licensure for retail or public auction. Section 19.20. Standards of licensure for wholesale auction.—Consistency with existing statutes; Reasonableness; Clarity.

Sections 19.19 and 19.20 both contain subsections that are virtually identical in structure and language. The following paragraphs outline questions and concerns with subsections that are in both sections.

Subsection (a)(2). Auction activities from an established place of business

This provision prohibits a business from conducting auction related activities other than from its established place of business. A commentator stated that it accepts bids on vehicle auctions from remote bidders via the Internet and requests that the regulation specifically allow for this type of bidding. The Board should clearly indicate in the final-form regulation whether vehicle auctions with established places of business in this Commonwealth can conduct business via the Internet and other electronic or telephonic methods.

Subsection (b)(1). Permanent enclosed building

This provision requires an established place of business for a public or retail auction to include a permanent

enclosed building "for use as an auction facility." A commentator has questioned the feasibility of this provision since salvage vehicles typically are not operable and cannot be driven into an enclosed building. Is it the Board's intent to require the sale to take place within the enclosed building?

Subsection (b)(5). Certificate of occupancy

The proposed regulation directs auctions to possess a certificate of occupancy issued pursuant to the Fire and Panic Act. Because pertinent provisions of the Fire and Panic Act were repealed by enactment of the Pennsylvania Construction Code (35 P. S. §§ 7210.101—7210.1103), the regulation should be updated to reference current law.

2. Section 19.19. Standards of licensure or public auction.—Public safety; Reasonableness; Need; Clarity.

Subsection (b)(8)

This subsection describes the requirements for a public or retail auction vehicle display area. In comments dated February 25, 2003, the House Professional Licensure Committee questioned whether a display area open to the public for auctions should be required to abide by the same safety requirements mandated for dealer display areas.

In the Preamble of this proposed regulation, the Board indicates that Act 27 was not intended to apply the same facility requirements to auctions that apply to dealers. However, the Board adds in the Preamble that "public safety considerations demand that the Board provide minimum requirements for auction facilities." The Board should review and justify the minimum requirements that it intends to place on public or retail auctions including the grading and surfacing requirements for dealers in 49 Pa. Code § 19.18(3).

**State Board of Vehicle Manufacturers,
Dealers and Salespersons Regulation No. 16A-604**

Established Place of Business for Dealers

March 6, 2003

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The State Board of Vehicle Manufacturers, Dealers and Salespersons (Board) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

Section 19.18. Established place of business for dealers.—Protection of public safety; Clarity.

Paragraph (3)(ii) states that a dealership may display up to five vehicles without regard for grading or surfacing requirements "so long as customers are not permitted to be present in the nonconforming area." The House Professional Licensure Committee questioned how the public will be kept out of the nonconforming display area when dealership personnel are not present or during non-business hours. We agree and question how public safety will be protected. In addition, will dealerships be held responsible for keeping the public out of "nonconforming areas"? The Board should add requirements to make areas inaccessible to the public or provide additional

justification for this amendment when it submits the final-form regulation.

**State Board of Vehicle Manufacturers,
Dealers and Salespersons Regulation No. 16A-607**

Consignment Sales

March 6, 2003

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which have not been met. The State Board of Vehicle Manufacturers, Dealers and Salespersons (Board) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered within years of the close of the public comment period, the regulation will be deemed withdrawn.

Section 19.18a. Consignment sales.—Clarity.

The House Professional Licensure Committee recommends that the Board adopt minimum size and clarity specifications for the written disclosure required by subsection (d) to ensure proper notice to potential buyers. We agree. The Board should consider requiring use of standard language and specifying a minimum font size for this notice.

Treasury Department Regulation No. 64-3

**Estimation Calculations for Determining Unclaimed
Property Liability**

March 10, 2003

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which have not been met. The Treasury Department (Department) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

Section 951.8. Estimation calculations.—Clarity.

The second paragraph of this section begins with the phrase "Where no holder's records exist. . . ." This language expresses the negative in the actor. However, the negative in this instance belongs with the action, not the actor. Therefore, the Department should change the language in this section to read "Where a holder's records do not exist. . . ."

Department of General Services Regulation No. 8-3

General Conditions of Contract

March 10, 2003

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which have not been met. The Department of General Services (Department) must respond to these Comments when it submits the final-form regulation. If

the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

General.—Consistency with existing regulations.

This proposed rulemaking repeals existing Chapter 63. The Department should review the other chapters of Title 4 to delete outdated references to Chapter 63. For example, 68.61 references a document contained in Exhibit A of Chapter 63. Upon final promulgation of the proposed rulemaking, this reference will be obsolete.

**Department of Community and Economic
Development Regulation No. 4-72**

Industrial Housing

March 10, 2003

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which have not been met. The Department of Community and Economic Development (Department) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Section 145.36. Applicability of locally-enacted codes and ordinances.—Statutory authority, Reasonableness; Clarity.

Subsection (e) provides that these regulations will not apply to local codes, ordinances or regulations except where “local codes, ordinances or regulations preclude the siting of industrialized housing in a manner that does not show a reasonable relationship to legitimate public health, safety or welfare considerations.” We understand that this language is consistent with the decision of the Pennsylvania Supreme Court in *Geiger v. Zoning Hearing Board of the Township of North Whitehall*, 507 A.2d 361 (1986). However, we question how these regulations will apply in those situations. Nothing in either the Court’s opinion or in the Industrialized Housing Act authorizes the Department to oversee local ordinances, codes or regulations. The Department should justify its authority to do so, or delete this provision.

If the Department demonstrates that it has this authority, it should explain how it would enforce this provision. It should also explain how it would determine whether local ordinances, codes or regulations are needed to protect the public health, safety or welfare. The final-form regulation should include the criteria upon which this determination will be based.

2. Section 145.53. Variations.—Clarity.

The Modular Building Systems Association commented that it is unclear if third party review and approval of plans is required for every building. This section appears to require preconstruction approval of plans and specifications for every building that varies to any degree from previously approved building system documentation. Is this the Department’s intent? If not, the final-form regulation should clearly set forth the circumstances under which preconstruction approval is required for variations from a previously approved building system design.

3. Section 145.72a. Frequency of inspections.—Reasonableness; Clarity.

Subsection (d) requires dwelling units to be selected for inspection “in a manner and frequency necessary to confirm that the manufacturer’s approved compliance control program is effective in assuring installation consistent with the manufacturer’s approved building system documentation.” What criteria will be used to judge “in a manner and frequency necessary. . .”?

Also under subsection (d), the final-form regulation should specify the time frame within which a manufacturing facility must produce the documentation of an onsite inspection when the Department requests it.

4. Section 145.94. Fees.—Need; Clarity.

Subsection (e)

This subsection lists fees which the manufacturer “may be required to pay” when the Department is authorized to monitor or inspect or provide evaluation services. As written, this provision could be interpreted to mean that the fees for the services rendered by the Department in paragraphs (1)—(3) are optional. Subsection (e) should be revised to clearly state that if the Department renders any of the services in paragraphs (1)—(3), the corresponding fees for these services will be assessed.

Subsection (f)

Existing subsection (f) authorizes the Department to establish “reasonable handling and other administrative fees as indicated elsewhere in this chapter. . .” Is this subsection necessary given that the Department is updating all the fees in this proposed regulation? What other “handling” and “administrative” fees would apply?

5. Miscellaneous clarity issue.

The first sentence of the Preamble, as published in the *Pennsylvania Bulletin*, contains a typographical error in the citation to the Department’s statutory authority. The Preamble to the final-form regulation should list the Department’s statutory authority as 35 P. S. § 1651.5.

David Dexter, M.D.; Prehearing

Appeal of David Dexter, M.D. under the Medical Care Availability and Reduction of Error (MCARE) Act (40 P. S. §§ 1303.101—1303.910); Doc. No. MM03-03-006

On or before April 17, 2003, the appellant shall file a concise statement setting forth the factual and legal basis for his disagreement with MCARE's January 18, 2003, determination. The statement may be in narrative form or in numbered paragraphs and may not exceed two pages.

The proceeding in this matter will be governed by 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) and 31 Pa. Code Chapter 56 (relating to special rules of administrative practice and procedure).

A prehearing telephone conference initiated by this office is scheduled for April 30, 2003, at 10 a.m. Each party shall provide a telephone number to be used for the telephone conference to the Hearings Administrator on or before March 21, 2003. A hearing date shall be determined, if necessary, at the prehearing telephone conference.

At the prehearing telephone conference, the parties shall be prepared to discuss settlement, stipulations, witnesses and the documents anticipated for use at the hearing, estimated time for the hearing, special evidentiary or legal issues and other matters relevant to the orderly, efficient and just resolution of this matter. No prehearing memoranda or other written submissions are required for the prehearing telephone conference; however, the parties are encouraged to discuss settlement and possible stipulations pending the conference.

Except as established at the prehearing conference, both parties shall appear at the scheduled hearing prepared to offer all relevant testimony or other evidence. Each party must bring documents, photographs, drawings, claims, files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

Motions preliminary to those at hearing, protests, petitions to intervene or notices of intervention, if any, must be filed by April 17, 2003, with the Hearings Administrator, Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102. Answer to petitions to intervene, if any, shall be filed by April 24, 2003.

Persons with a disability who wish to attend the previously referenced administrative hearing and require an auxiliary aid, service or other accommodation to

participate in the hearing should contact Tracey Pontius, Agency Coordinator, (717) 787-4298.

Complaint

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Community Cab Co., Inc.; Doc. No. A-00109270C02

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other Bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Community Cab Co., Inc., respondent, maintains its principal place of business at 2 Bala Plaza #716, Bala Cynwyd, PA 19004-1501.
2. That respondent was issued a certificate of public convenience by this Commission on September 5, 1990, at Docket No. A-00109270.
3. That, on August 25, 2000, respondent was sent an initial assessment of \$55. Respondent failed to pay this assessment; therefore, a balance was due in the amount of \$55.
4. That respondent has an outstanding assessment of \$55. Furthermore, respondent does not have current evidence of insurance on file with this Commission.

5. That respondent failed to file objections to the assessment, pursuant to 66 Pa.C.S. § 510(c).

6. That respondent, by failing to pay the assessment, violated the Public Utility Code at 66 Pa.C.S. § 510(c).

7. That respondent, by failing to maintain evidence of insurance on file with this commission, violated 52 Pa. Code §§ 32.2 and 32.11.

WHEREFORE, unless respondent pays the overdue assessment in full within twenty days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission issue a Secretarial Letter which (1) cancels the Certificate of Public Convenience issued to respondent, (2) directs the Pennsylvania Department of Transportation to revoke the motor vehicle registration(s) issued to respondent, (3) notifies the Pennsylvania Department of Revenue that respondent's Certificate of Public Convenience has been revoked, (4) notifies respondent's insurance carrier that respondent's Certificate of Public Convenience has been revoked and (5) imposes an additional fine on the respondent.

Respectfully submitted,
Michael E. Hoffman, Director

Re: Matlack, Inc.

Dear Respondent:

On December 19, 2002, the Bureau of Transportation and Safety instituted a Complaint against Matlack, Inc., respondent, alleging failure to pay outstanding assessments of \$14,298 for the fiscal years 2001 & 2002, a violation of the Public Utility Code at 66 Pa.C.S. § 510(c).

In accordance with 52 Pa. Code § 5.61, the Bureau of Transportation and Safety notified the Respondent that it must file an Answer to the Complaint within twenty days of the date of service. The Notice further specified that, if respondent failed to answer the Complaint within twenty days, the Bureau of Transportation and Safety would

request the Commission issue an order cancelling respondent's Certificate of Public Convenience, directing the Pennsylvania Department of Transportation to put an administrative hold on the respondent's motor vehicle registrations and notifying the Pennsylvania Department of Revenue and respondent's insurance carriers that respondent's Certificate is revoked.

The Complaint was served on respondent on December 30, 2002. To date, more than twenty days later, respondent has failed to file an Answer to the Complaint.

Therefore, the allegations in the Complaint are deemed to be admitted. The Complaint is hereby sustained and the Certificate of Public Convenience, issued to respondent at A-00067250 Fs. 2, 19 & 21, is hereby cancelled.

Furthermore, this Commission will put an administrative hold on respondent's vehicle registrations. Respondent will NOT be able to register any new vehicles or renew any existing vehicle registrations until all past due assessments are paid, all past due fines are paid, all insurance filings are up to date, and it holds an active Certificate of Public Convenience issued by this Commission.

This Secretarial Cancellation Letter will also be served on:

The Department of Revenue
Bureau of Audit Programs
Sales and Use Taxes
Tenth Floor, Strawberry Square
Harrisburg, PA 17128-1061

and on respondent's insurance carriers:

Zurich American Insurance Company
1818 Market St., Suite 3203
Philadelphia, PA 19103

Respondent is hereby notified to cease and desist from further violations of the Public Utility Code, 66 Pa.C.S. §§ 101, et seq. and the regulations of the Commission, 52 Pa. Code §§ 1.1, et seq. In view of the cancellation of respondent's Certificate of Public Convenience, it is specifically prohibited from rendering service as a common carrier by motor vehicle in intrastate commerce in the Commonwealth of Pennsylvania.

Should respondent wish to again begin transportation operations in the Commonwealth of Pennsylvania, respondent must file a new application for authority in order to obtain a Certificate of Public Convenience. The respondent must pay all outstanding assessments and fines before this Commission will act on an application for authority. Payment must be made by certified check or money order payable to the Pa. Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265.

Very truly yours,
James J. McNulty
Secretary

Re: Worldwide Dedicated Services, Inc.

Dear Respondent:

On December 31, 2002, the Bureau of Transportation and Safety instituted a Complaint against Worldwide Dedicated Services, Inc., respondent, alleging failure to pay outstanding assessments of \$14,462 for the fiscal year 2002, a violation of the Public Utility Code at 66 Pa.C.S. § 510(c).

In accordance with 52 Pa. Code § 5.61, the Bureau of Transportation and Safety notified the Respondent that it must file an Answer to the Complaint within twenty days of the date of service. The Notice further specified that, if respondent failed to answer the Complaint within twenty days, the Bureau of Transportation and Safety would request the Commission issue an order cancelling respondent's Certificate of Public Convenience, directing the Pennsylvania Department of Transportation to put an administrative hold on the respondent's motor vehicle registrations and notifying the Pennsylvania Department of Revenue and respondent's insurance carriers that respondent's Certificate is revoked.

The Complaint was served on respondent on January 6, 2003. To date, more than twenty days later, respondent has failed to file an Answer to the Complaint.

Therefore, the allegations in the Complaint are deemed to be admitted. The Complaint is hereby sustained and the Certificate of Public Convenience, issued to respondent at A-00116785 F.2, is hereby cancelled.

Furthermore, this Commission will put an administrative hold on respondent's vehicle registrations. Respondent will NOT be able to register any new vehicles or renew any existing vehicle registrations until all past due assessments are paid, all past due fines are paid, all insurance filings are up to date, and it holds an active Certificate of Public Convenience issued by this Commission.

This Secretarial Cancellation Letter will also be served on:

Tentative Order

Public Meeting held
March 6, 2003

Commissioners Present: Glen R. Thomas, Chairperson; Robert K. Bloom, Vice Chairperson; Aaron Wilson, Jr.; Terrance J. Fitzpatrick; Kim Pizzigrilli

Enron Energy Services, Inc. (2002.0421); A-110059

Tentative Order

By the Commission:

Enron Energy Services, Inc. (Enron) has failed to pay its \$8,738 general assessment for 2002-2003 under section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c). Enron is an electric generation supplier licensed at A-110059. Commission staff has been advised by Enron's former legal counsel that the company filed a Chapter 11 bankruptcy petition in 2002, is in the process of liquidating the company, and is no longer in business. This information was further confirmed when Commission staff spoke with Enron's Estate Business Center set up by the trustee administering Enron's bankruptcy proceeding.

The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of other remedy as the Commission may deem appropriate. See 66 Pa.C.S. §§ 504, 505, 506 and 3301. Based on the previous information and because of Enron's failure to pay its general assessment for 2002-2003, we believe it is appropriate to revoke Enron's electric generation supplier license without the necessity of a formal complaint, and we tentatively conclude that revocation of Enron's license under 66 Pa.C.S. § 1102(a)(2) is in the public interest. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under 66 Pa.C.S. § 3301, in lieu of cancellation, if Enron seeks relief from this Tentative Order; *Therefore,*

It Is Ordered That:

1. Revocation of Enron Energy Services, Inc. electric generation supplier license is hereby tentatively approved as being in the public interest.

2. The Secretary serve a copy of this Tentative Order upon the Office of Consumer Advocate, the Office of Small Business Advocate and the Office of Trial Staff and also cause a copy of this Tentative Order to be published in the *Pennsylvania Bulletin* with a 30-day comment period.

3. Absent the filing of adverse public comment within 30 days after publication in the *Pennsylvania Bulletin*, this Tentative Order shall become final without further action by the Commission.

4. Upon this order becoming final and without further action by the Commission, the electric generation supplier license held by Enron Energy Services, Inc. at A-110059 shall be canceled, and Enron Energy Service's name stricken from all active utility lists maintained by the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Audits.
