DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Conservation and Natural Resources Advisory Council Meeting

The Conservation and Natural Resources Advisory Council to the Department of Conservation and Natural Resources (Department) will hold a meeting on Wednesday, April 23, 2003, at 10 a.m. in Room 105, Lobby Level, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA.

Questions concerning this meeting or agenda items should be directed to Kurt Leitholf at (717) 705-0031.

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Claire Guisewite at (717) 705-0031 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Exchange of Lands

The Department of Conservation and Natural Resources (Department), acting through the Bureau of For-

estry (Bureau), and the SEDA-COG Joint Rail Authority (Authority) are proposing to negotiate an exchange of lands in the Jersey Shore Borough, Lycoming County.

The Bureau is proposing to acquire from the Authority two parcels containing a total of 1.57 acres of land. In return, the Bureau proposes to convey to the Authority a parcel of 0.35 acre.

These properties are situated in the vicinity of the Authority's active rail line along Railroad Street west of Bridge Street. The purpose of this proposed land exchange is to provide a public access area for the Pine Creek Rail to Trail.

As is the policy of the Department, the public is notified of this exchange. A 30-day period for public inquiry and/or comment will be in effect commencing April 14, 2003, and ending May 13, 2003. Oral or written comments or questions concerning this proposed exchange may be addressed to Daniel A. Devlin, Chief, Forest Resource Planning and Information Division, Bureau of Forestry, P. O. Box 8552, Harrisburg, PA 17105-8552, (717) 787-2105. Oral or written comments, or both, will become part of the official document used in the final decision process.

If, in the duration of the 30-day comment period, a significant amount of public concern develops, the Secretary of the Department may schedule a public informational meeting.

MICHAEL DIBERARDINIS,
Secretary

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and The Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For new permit applications, renewal application with major changes or applications for permits not waived by the EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted before the application, within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated before the application.

Persons with a disability, who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA0222356, Industrial Waste, **TDY Industries, Inc.**, 1000 Six PPG Place, Pittsburgh, PA 15222. This existing facility is located in Edinboro Borough, **Erie County**.

Description of Proposed Activity: Renewal of an NPDES permit for the discharge of filtered groundwater from TDY Industries, Inc., 229 Waterford Street, Edinboro, PA 16412.

The receiving stream, Darrows Creek, is in the Conneaut Creek watershed and classified for WWF, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Franklin General Authority intake on French Creek in Franklin, approximately 46 miles below the point of discharge.

The proposed effluent limits for Outfall 001 based on a design flow of 0.0864 MGD:

<i>Parameter</i>	<i>Concentrations</i>		
	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

The EPA waiver is in effect.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

PA0011568, Amendment No. 1, Industrial Waste, **Bethlehem Lukens Plate**, 50 South First Street, Coatesville, PA 19320. This application is for amendment of an NPDES permit to discharge treated process wastewater and stormwater from Bethlehem Lukens Plate facility located in Chester, **Chester County**. This is an existing discharge to Sucker Run and the West Branch Brandywine Creek.

The receiving stream is classified for WWF, aquatic life, water supply and recreation.

The proposed permit amendment is for revision of Nickel effluent limits for Outfall 016, based on an average flow of 0.482 mgd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Nickel, Total	0.157	0.314	0.392

Effluent limitations for other parameters and other outfalls will remain unchanged. The proposed, revision to nickel limitations is based on steam hardness of 130 mg/l, which is measured hardness of the receiving stream.

The EPA waiver is not in effect.

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

PAS802206, Industrial, Stormwater, **Con-Way Transportation Services**, 3240 Hillview Avenue, Palo Alto, CA 94304. This proposed facility is located in Upper Macungie Township, **Lehigh County**.

Description of Proposed Activity: Renewal of an individual Industrial Stormwater NPDES Permit for discharge of stormwater from Outfall 001 to Iron Creek.

The receiving stream, Iron Creek, is in the State Water Plan watershed no. 2C and is classified for HQ-CWF.

The proposed effluent limits for Outfall 001 based stormwater discharges.

The EPA waiver is not in effect.

PA0060542, Sewerage, **Wallenpaupack Lake Estates**, 100 Wallenpaupack Lake Estates, Lake Ariel, PA 18436.

Description of Proposed Activity: Renewal of an NPDES permit to discharge treated sewage into an unnamed tributary to Lake Wallenpaupack in Paupack Township, **Pike County**.

The receiving stream is in the State Water Plan watershed no. 01C and is classified for HQ-CWF, aquatic life, water supply and recreation. The nearest downstream public water supply intake for the City of Easton is located on the Delaware River, 80 miles below the point of discharge.

The proposed effluent limits for Outfall 001 based on a design flow of 0.65 MGD are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	10	20

PA0044059, Industrial Waste, **Fish and Boat Commission (Reynoldsdale Fish Culture Station)**, 162 Fish Hatchery Road, New Paris, PA 15554-8213. This facility is located in New Paris Township, **Bedford County**.

Description of activity: Renewal of an NPDES permit for an existing discharge of treated industrial waste.

The receiving stream, Dunning Creek, is in Watershed 11-C and classified for WWF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for the Saxton Municipal Water Company is on the Raystown Branch Juniata River, approximately 62 miles downstream. The discharge is not expected to affect the water supply.

The proposed interim effluent limits for Outfall 001 based on a design flow of 1.95 MGD are:

<i>Parameter</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
Total Suspended Solids	Monitor and Report		
CBOD ₅	Monitor and Report		
pH		From 6.0 to 9.0 inclusive

NPDES Permit No. PA0022187, Sewage, SIC 4952, **Beavertown Municipal Authority**, 111 West Walnut Street, Beavertown, PA 17813. The existing discharge is located in Beavertown Borough, **Snyder County**.

Description of Proposed Activity: Amendment to the NPDES permit for Outfall 001 for Beavertown Municipal Authority Wastewater Treatment Plant. The Authority is proposing to replace the existing extended aeration facilities with an upgraded sequencing batch reactor.

The receiving stream, Luphers Run, is in the State Water Plan watershed 6A and is classified for CWF. The nearest downstream public water supply intake for United Water Pennsylvania, located on the Susquehanna River, is about 65 miles below the point of discharge.

The following current effluent limits for Outfall 001, based on a design flow of 0.144 MGD, will be enforceable when the existing extended aeration sewage treatment plant is in operation:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

PA0023698, Sewage, **Vanport Township Municipal Authority**, 285 River Avenue, Vanport, PA 15009. This application is for renewal of an NPDES permit to discharge treated sewage from Vanport Water Pollution Control Plant in Vanport Township, **Beaver County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as Twomile Run, which are classified as a WWF with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Midland Borough Municipal Authority.

Outfall 001: existing discharge, design flow of 1.56 mgd.

pH	not less than 6.0 nor greater than 9.0			

Other Conditions: Outfall SW1 which discharges to the receiving waters known as Twomile Run is a stormwater outfall at the sewage treatment plant. There are at this time no specific numerical effluent limitations on the outfalls. This discharge must meet the stormwater discharge requirements in Part C of the permit.

The EPA waiver is not in effect.

PA0025674, Amendment No. 2, Sewage, **Franklin Township Municipal Sanitary Authority**, 3001 Meadowbrook Road, Murrysville, PA 15668. This application is for amendment of an NPDES permit to discharge stormwater from the Meadowbrook Sewage Treatment Plant Site located in Municipality of Murrysville, **Westmoreland County**.

The receiving waters, known as Turtle Creek, are classified as a TSF with existing and/or potential uses for aquatic life, water supply and recreation.

Outfalls SWA, SWB and SWC: existing stormwater discharges.

This amendment adds Outfalls SWA, SWB and SWC to NPDES Permit PA0025674 and authorizes a discharge of uncontaminated stormwater from the sewage treatment site through the outfalls. There are at this time no specific effluent limitations on these outfalls. These discharges must meet the Stormwater Discharges requirements in Part C of the amendment.

The EPA waiver is not in effect.

PA0096598, Sewage, **Lower Ten Mile Joint Sewer Authority**, 144 Chartiers Road, Jefferson, PA 15344. This application is for renewal of an NPDES permit to discharge treated sewage from Mather Wastewater Treatment Plant in Morgan Township, **Greene County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as South Fork Tenmile Creek, which are classified as a WWF with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Tri-County Joint Municipal Authority on the Monongahela River.

Outfall 001: existing discharge, dry weather design flow of 0.2 mgd and wet weather flow of 0.3 mgd.

WATER QUALITY MANAGEMENT PERMITS

CONTROLLED INDUSTRIAL WASTE AND SEWAGE WASTEWATER

APPLICATIONS UNDER THE CLEAN STREAMS LAW

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons wishing to comment on an application are invited to submit a statement to the office noted before the application, within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted before the application, within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth distur-

bance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability who require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the

Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department Regional Officer after which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Regional Field Office: Joseph A. Brogna, Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Pittston Redevelopment Authority—Parking Lot D, City of Pittston, Luzerne County. Gary Marshall, Senior Project Manager, TCI Environmental Services, Inc., 100 N. Wilkes-Barre Boulevard, Wilkes-Barre, PA 18702 has submitted a Notice of Intent to Remediate (on behalf of Pittston Redevelopment Authority, City Hall, Suite 202, 35 Broad Street, Pittston, PA 18640) concerning the remediation of soils found or suspected to have

been contaminated with lead and other organics. The applicant proposes to meet the nonresidential Statewide Health Standard. A summary of the Notice of Intent to Remediate was reportedly published in the *Sunday Dispatch* on March 23, 2003, or March 30, 2003.

Linden Street Parking Garage, City of Allentown, **Lehigh County**. Lawler, Matusky & Skelly Engineers, LLP, The Sovereign Building, 609 Hamilton Mall, Allentown, PA 18101 has submitted a Notice of Intent to Remediate (on behalf of George Ledwith, Liberty Property Limited Partnership, 65 Valley Stream Drive, Great Valley Corporate Center, Malvern, PA 19355) concerning the remediation of site soils found or suspected to have been contaminated with chlorinated solvents and other organics, no. 2 fuel oil, used motor oil, lead and other inorganics resulting from underground storage tanks once located on the property. The applicant proposes to meet the Statewide Health Standard. A summary of the Notice of Intent to Remediate was published in *The Morning Call* on February 28, 2003. A Final Report was simultaneously submitted.

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Flextronics Enclosures Site, Borough of Chambersburg, **Franklin County**. Shield Environmental Associates, Inc., 4326 Northern Pike, Monroeville, PA 15146 on behalf of Flextronics International, Ltd., 2245 Lundy Avenue, San Jose, CA 95131, submitted a Notice of Intent to Remediate site soils and groundwater contaminated with chlorinated solvents. The applicant proposes to remediate the site to meet the Statewide Health Standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Public Opinion* on March 22, 2003.

Northwest Region: Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Kelly Farm, Fairview Township, **Butler County**. James Zubrow, Key Environmental Inc., Suite 200, 1200 Arch St., Carnegie, PA 15106 (on behalf of Mitchell Brouman, Beazer East Inc., Three Rivers Management, Suite 3000, One Oxford Centre, Pittsburgh, PA 15219) has submitted a Notice of Intent to Remediate Soil contaminated with CLSOL, INORG, OTORG and groundwater contaminated with CLSOL, INORG and OTORG. The applicant proposes to remediate the site to meet the Background, Statewide Health and Site Specific Standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Butler Eagle* on February 17, 2003.

Apple Road, Fairview Township, **Butler County**. James Zubrow, Key Environmental Inc., Suite 200, 1200 Arch St., Carnegie, PA 15106 (on behalf of Mitchell Brouman, Beazer East Inc., Three Rivers Management, Suite 3000, One Oxford Centre, Pittsburgh, PA 15219) has submitted a Notice of Intent to Remediate Soil contaminated with CLSOL, INORG, OTORG and groundwater contaminated with CLSOL, INORG and OTORG. The applicant proposes to remediate the site to meet the Background, Statewide Health and Site Specific Standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Butler Eagle* on February 17, 2003.

Hemlock Road Site, Fairview Township, **Butler County**. James Zubrow, Key Environmental Inc., Suite 200, 1200 Arch St., Carnegie, PA 15106 (on behalf of

Mitchell Brouman, Beazer East Inc., Three Rivers Management, Suite 3000, One Oxford Centre, Pittsburgh, PA 15219) has submitted a Notice of Intent to Remediate Soil contaminated with CLSOL, INORG, OTORG and groundwater contaminated with CLSOL, INORG and OTORG. The applicant proposes to remediate the site to meet the Background, Statewide Health and Site Specific Standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Butler Eagle* on February 17, 2003.

Jameson Site, Fairview Township, **Butler County**. James Zubrow, Key Environmental Inc., Suite 200, 1200 Arch St., Carnegie, PA 15106 (on behalf of Mitchell Brouman, Beazer East Inc., Three Rivers Management, Suite 3000, One Oxford Centre, Pittsburgh, PA 15219) has submitted a Notice of Intent to Remediate Soil contaminated with CLSOL, INORG, OTORG and groundwater contaminated with CLSOL, INORG and OTORG. The applicant proposes to remediate the site to meet the Background, Statewide Health and Site Specific Standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Butler Eagle* on February 17, 2003.

Department of Environmental Protection Site No. 4, Fairview Township, **Butler County**. James Zubrow, Key Environmental Inc., Suite 200, 1200 Arch St., Carnegie, PA 15106 (on behalf of Mitchell Brouman, Beazer East Inc., Three Rivers Management, Suite 3000, One Oxford Centre, Pittsburgh, PA 15219) has submitted a Notice of Intent to Remediate Soil contaminated with CLSOL, INORG, OTORG and groundwater contaminated with CLSOL, INORG and OTORG. The applicant proposes to remediate the site to meet the Background, Statewide Health and Site Specific Standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Butler Eagle* on February 17, 2003.

Department of Environmental Protection Site No. 5, Fairview Township, **Butler County**. James Zubrow, Key Environmental Inc., Suite 200, 1200 Arch St., Carnegie, PA 15106 (on behalf of Mitchell Brouman, Beazer East Inc., Three Rivers Management, Suite 3000, One Oxford Centre, Pittsburgh, PA 15219) has submitted a Notice of Intent to Remediate Soil contaminated with CLSOL, INORG, OTORG and groundwater contaminated with CLSOL, INORG and OTORG. The applicant proposes to remediate the site to meet the Background, Statewide Health and Site Specific Standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Butler Eagle* on February 17, 2003.

Wade Eldorado, Fairview Township, **Butler County**. James Zubrow, Key Environmental Inc., Suite 200, 1200 Arch St., Carnegie, PA 15106 (on behalf of Mitchell Brouman, Beazer East Inc., Three Rivers Management, Suite 3000, One Oxford Centre, Pittsburgh, PA 15219) has submitted a Notice of Intent to Remediate Soil contaminated with CLSOL, INORG, OTORG and groundwater contaminated with CLSOL, INORG and OTORG. The applicant proposes to remediate the site to meet the Background, Statewide Health and Site Specific Standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Butler Eagle* on February 17, 2003.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Applications received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and Regulations to Operate Solid Waste Processing or Disposal Area or Site.

Southcentral Region: Regional Solid Waste Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Permit Application No. 101092. Boyd Diller, Inc., 6820 Wertzville Road, Enola, PA 17025-1032, Silver Springs Township, **Cumberland County.** The application is for the Radiation Monitoring Plan. The application was determined to be administratively complete by the Southcentral Regional Office on March 14, 2003.

Permit Application No. 101606. Klines Septic Service, 5 Holland St., P. O. Box 6, Salunga, PA 17538-0626, East Hempfield Township, **Lancaster County.** The application is for Kline's Salunga Municipal Processing Facility. The application was determined to be administratively complete by the Southcentral Regional Office on March 17, 2003.

Comments concerning an application should be directed to John Krueger, Program Manager, Waste Management Program, 909 Elmerton Avenue, Harrisburg, PA 17110. Persons interested in obtaining more information about the general permit application may contact the Waste Management Program, (717) 705-4706. TDD users may contact the Department through the Pennsylvania Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to and approval or denial of the application.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the Department Regional Office within 30 days of the date of this notice and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first.

Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

24-131G: SGL Carbon, LLC (900 Theresia Street, St. Marys, PA 15857) for modification of a plan approval to change the operating conditions of their scrubbing device for a Chemical Vapor Deposition Reactor at their facility in the City of St. Marys, **Elk County**. SGL Carbon LLC is a Title V facility.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428; Contact: Edward Brown, Facilities Permitting Chief, (610) 832-6242.

23-0056: Honeywell International (6100 Philadelphia Pike, Claymont, DE 19703). On February 20, 2003, under 25 Pa. Code §§ 127.44(a) and 127.424(b), for issuance of a plan approval for their company's facility in the Borough of Marcus Hook, **Delaware County**. This plan approval will authorize the applicant to construct a fluosulfonic acid manufacturing process. The Plan Approval will subsequently be incorporated into the company's facility Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450.

Plan Approval No. PA-23-0056 is for construction of a fluosulfonic acid manufacturing process. Based on the information provided by the applicant and the Department's own analysis, the fluosulfonic acid manufacturing process will emit 0.89 ton of hydrogen fluoride per year, 3.6 tons of PM per year and 3.5 tons of sulfur trioxide per year.

The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Copies of the application, the Department's analysis and other documents used in the evaluation are available for public inspection between of 8 a.m. and 4 p.m. To make an appointment, contact Records Management, (610) 832-6268.

23-0014D: Kimberly-Clark Pennsylvania, LLC (Front and Avenue of the States, Chester, PA 19013) for installation of a venturi scrubber to control emissions of PM from paper machine no. 12 in Chester, **Delaware County**. The facility is a Title V facility. The scrubber will have an hourly emission limit of 0.58 lb/hr and an annual emission limit of 2.56 tons per year. The emission of PM from the scrubber shall not exceed 0.02 grain per dry standard cubic feet. The company shall keep records of pressure drop and flow rate of recirculation water in the scrubber.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Contact: Mark J. Wejkszner, New Source Review Chief, (570) 826-2531.

45-399-014: Aventis Pasteur, Inc. (Discovery Drive, Swiftwater, PA 18370) for installation of a replacement regenerative thermal oxidizer to treat malodorous compounds from their facility's egg drying operation in Pocono Township, **Monroe County**. This pharmaceutical manufacturing facility is a Title V facility. NOx, VOC and

HAP emissions from the process will be less than 1 ton per year. The plan approval will include all appropriate monitoring, recordkeeping and reporting requirements designed to keep the source operating within all applicable air quality requirements and will be incorporated into the Title V Operating Permit through an Administrative Amendment in accordance with 25 Pa. Code § 127.450.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Contact: Yasmin Neidlinger, Facilities Permitting Chief, (717) 705-4702.

01-05017C: Quebecor World Fairfield, Inc. (100 North Miller Street, Fairfield, PA 17320) for construction of a four unit double web offset lithographic printing press with two natural gas-fired heatset dryers (Web No. 1) at its Fairfield Plant in Fairfield Borough, **Adams County**. The press will replace the existing Web No. 1 press. The press replacement will result in no net increase in air emissions. The plan approval and State-only operating permit revision will include emission restrictions, work practice standards and monitoring, recordkeeping and reporting requirements designed to keep their facility operating within all applicable air quality requirements.

67-03120A: Aero Energy (230 Lincoln Way East, New Oxford, PA 17350-1296) for installation of a propane cylinder filling line in their facility at 149 Bowman Road, Jackson Township, **York County**.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: David Aldenderfer, Program Manager, (570) 327-3637.

17-305-046: P and N Coal Co., Inc. (P. O. Box 332, Punxsutawney, PA 15767) for modification of a coal processing plant (Stiner No. 1) in Goshen Township, **Clearfield County** by increasing the plant throughput to a level which exceeds the plan approval exemption criteria of 200 tons per day.

The plant consists of a coal crusher/screen, a 125 horsepower diesel generator, a radial stacking conveyor and associated coal stockpiles and front-end loaders. Air contaminant emission control will be provided by an enclosure on the crusher/screen, the use of a water truck and the implementation of various work practices (minimizing conveyor free fall height, truck tarping, and the like). The resultant fugitive PM emissions are expected to be minimal.

The Department's review of the information contained in the application indicates that the modified coal processing plant will comply with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12 and the requirements of Subpart Y of the Federal Standards of Performance for New Stationary Sources, 40 CFR 60.250—60.254. Based on this finding, the Department intends to approve the application and issue plan approval for the respective modification.

The following is a summary of the conditions the Department proposes to place in the plan approval to ensure compliance with all applicable regulatory requirements:

1. No more than 490,000 tons of coal shall be processed in any 12 consecutive month period.
2. The crusher/screen shall be enclosed except for the feed and discharge openings which shall be equipped with rubber curtains.

3. A water truck equipped with a pressurized spray bar and a pressurized nozzle or hose connection shall be kept onsite at all times and shall be used, as needed, for the control of fugitive dust from plant roadways and stockpile areas.

4. Plant roadways shall have a posted speed limit of 15 miles per hour and the plant entrance road shall be tarred and chipped.

5. Trucks entering or exiting the plant site via a public roadway shall be tarped unless empty.

6. The radial stacker-to-stockpile free fall height shall be kept to a minimum at all times as shall the front-end loader bucket-to-truck free fall height.

7. The diesel generator shall not operate at a speed in excess of 2,400 rpm nor shall it operate for more than 4,900 hours in any 12 consecutive month period.

8. The NO_x and CO emissions from the diesel generator shall not exceed 10.1 and 9.3 grams per horsepower/hour, respectively. The visible air contaminant emissions shall not be equal to, or greater than, 10% for more than 3 minutes in any 1 hour or equal to or greater than 30% at any time.

9. Records shall be maintained of the number of tons of coal processed through the plant each month as well as the number of hours the diesel generator operates each month.

49-302-028A: Catawissa Lumber and Specialty, Inc. (Cemetery Street, Catawissa, PA 17820) for installation of an air cleaning device, a fabric collector, on an existing 12.56 million Btu per hour no. 2 fuel oil and woodwaste-fired boiler at their Paxinos facility in Ralpho Township, **Northumberland County**.

The PM emissions from the respective boiler are currently controlled by a cyclone collector which will be retained as a precleaner following the installation of the proposed fabric collector. Although the boiler is legally allowed to emit up to 22 tons of PM per year, the installation of the fabric collector will result in an annual PM emission rate which is only a small fraction of this value.

The Department's review of the information contained in the application indicates that following the installation of the fabric collector, the boiler will comply with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants, including the PM emission requirements of 25 Pa. Code § 123.11 and the visible air contaminant emission requirements of 25 Pa. Code § 123.41. Based on this finding, the Department intends to approve the application and issue plan approval for the installation of the proposed fabric collector.

The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. The fabric collector bags shall be made of woven fiberglass with a Teflon finish.

2. The fabric collector shall be insulated.

3. The existing integral boiler flyash reinjection system collector and cyclone collector shall be retained and used as precleaners for the fabric collector.

4. The fabric collector shall be equipped with a spark detection system and fabric collector bypass stack which shall be automatically activated if a spark is detected in

the fabric collector inlet. Activation of the bypass stack shall also sound or signal an alarm.

5. The fabric collector shall be equipped with instrumentation to monitor the pressure differential across the collector on a continuous basis.

6. The air compressor used to supply compressed air to the fabric collector shall be equipped with an air dryer and oil trap.

7. The flyash collected in the fabric collector shall be removed from the collector and subsequently handled in a fashion as to prevent the occurrence of fugitive dust emissions.

8. Spare fabric collector bags shall be kept onsite.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Contact: Mark J. Wejkszner, New Source Review Chief, (570) 826-2531.

54-00011: Pennsylvania Power and Light—Martins Creek LLC (2 North Ninth Street, GENN5 Allentown, PA 18101-1179) for operation of two combustion turbines in Norwegian Township, **Schuylkill County**. This action is a renewal of the Title V Operating Permit issued in 1997.

40-00020: Department of Public Welfare—White Haven Center (R. R. 2 Box 2195, White Haven, PA 18661) for operation of 3 anthracite coal fired boilers and 13 emergency generators in Foster Township, **Luzerne County**. This action is a renewal of the Title V Operating Permit issued in 1997.

35-00007: Department of Public Welfare—Clarks Summit State Hospital (1451 Hillside Drive, Clarks Summit, PA 18411) for operation of two anthracite coal fired boilers, one no. 2 fuel oil fired boiler and nine emergency generators in Newton Township, **Lackawanna County**. This action is a renewal of the Title V Operating Permit issued in 1997.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Contact: Yasmin Neidlinger, Facilities Permitting Chief, (717) 705-4702.

05-05021: Creative Pultrusions, Inc. (214 Industrial Lane, Alum Bank, PA 17110) for a Title V Operating Permit renewal to operate a fiberglass reinforced plastic pultrusion operation along with a chrome electroplating operation facility in West Saint Clair Township, **Bedford County**. The operations are primary emitters of HAPs. Emissions from the other activities are below significant levels.

The plant is a major facility and is subject to the operating permit requirements of Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G. Furthermore, the facility is subject to 40 CFR Part 60 Subpart VVV and 40 CFR Part 63 Subpart N. Annual facility VOC emissions will be limited to less than 50 tons. The styrene usage will be limited to an average input rate of 1,200 lbs/hr. The Title V operating permit contains monitoring, recordkeeping and reporting requirements to ensure the facility complies with all applicable air requirements.

36-05066: U. S. Lock & Hardware Co. (P. O. Box 60, 166 Bridge Street, Columbia, PA 17512) for operation of a

gray and ductile iron foundry in Columbia Borough, **Lancaster County**. Foundry operations primarily generate CO emissions. The Title V Operating Permit will contain Compliance Assurance Monitoring conditions under 40 CFR Part 64. This is a renewal of their Title V Operating Permit.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: Muhammad Zaman, Program Manager; (570) 327-0512.

19-00004: Cheetah Chassis Corp. (P. O. Box 388, Third and Oak Streets, Berwick, PA 18603) for renewal of the Title V Operating Permit for their van chassis manufacturing facility in Berwick Borough, **Columbia County**. The facility is currently operating under TVOP 19-00004, which was issued on January 21, 1998. The facility's sources include 18 natural gas fired space heaters, 2 paint spray booths, equipment cleanup activities, 2 curing ovens, a preheat oven, a gun parts washer, 3 shot blast booths, welding operations and fabrication operations, which have the potential to emit major quantities of VOCs and HAPs. The facility has the potential to emit SOx, NOx, CO and PM10 below the major emission thresholds. The facility is subject to the Reasonably Available Control Technology requirements (25 Pa. Code §§ 129.91—129.95) for VOC emissions. The proposed Title V operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

47-00002: Great Dane LP (70 Strick Road, Danville, PA 17821) for renewal of the Title V Operating Permit for their truck trailer manufacturing facility in Limestone Township, **Montour County**. The facility is currently operating under TVOP 47-00002, which was issued on June 5, 1998. The facility's sources include 33 propane fired space heaters, 7 propane fired furnaces, 4 paint spray booths, equipment cleanup activities, a curing oven, a roof assembly area, 2 shot blast booths, welding operations and fabrication operations, which have the potential to emit major quantities of VOCs. The facility has the potential to emit SOx, NOx, CO, PM10 and HAPs below the major emission thresholds. The proposed Title V Operating Permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

37-00272: Kerry Coal Co.—Shamrock Plant (R. D.2 Box 2139, Wampum, PA 16157) for operation of a Natural Minor operating permit for emissions from a coal processing plant in New Beaver Borough, **Lawrence County**.

62-00148: Elkhorn Field Services—Roystone Plant (60B Kinzua Road, Warren, PA 16365) for operation of a Natural Minor operating permit for emissions from a natural gas processing plant in Sheffield Township, **Warren County**.

24-00124: Pennsylvania Industrial Heat Treaters (348 Access Road, St. Marys, PA 15857) a Natural Minor Operating Permit for operation of a heat-treated powdered metal parts manufacturing facility. Emissions sources associated with this facility include ten natural gas fired furnaces controlled by electrostatic precipitators.

43-00259: United Community Hospital (631 North Broad Street Extension, Grove City, PA 16127) a Natural Minor Operating Permit for operation of a general medical hospital in Pine Township, **Mercer County**. Emissions sources associated with this facility include dual fuel steam boilers, natural gas fired hot water boilers, hot water heaters and one emergency generator.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the

Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); and The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated before each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition to the previous, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the previously-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Effluent Limits—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*	greater than 6.0; less than 9.0		
Alkalinity	greater than acidity*		

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas, active areas disturbed by coal refuse disposal activities and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Greensburg District Mining Office: Armbrust Building, R. R. 2 Box 603-C, Greensburg, PA 15601-0982.

02020201 and NPDES Permit No. PA0250121. Robindale Energy Services, Inc. (1001 Broad Street, Suite 130, Johnstown, PA 15906). Application received for transfer of permit currently issued to Coal Valley Sales Corporation for continued operation and reclamation of a bituminous coal refuse reprocessing facility located in Plum Borough, **Allegheny County**, affecting 162.9 acres. Receiving streams: Little Plum Creek (WWF). The first downstream potable water supply intake from the point of discharge is greater than 10 miles from the proposed site. Transfer application received March 24, 2003.

65030101 and NPDES Permit No. 0250368. Amerikohl Mining, Inc. (P. O. Box 427, Acme, PA 15610). Applicant for commencement, operation and reclamation of a bituminous surface mine located in Ligonier Township, **Westmoreland County** affecting 255.5 acres. Receiving streams: unnamed tributaries to Loyalhanna Creek (CWF). The first potable water supply intake within 10 miles downstream from the point of discharge is Latrobe Municipal Authority. Application received March 19, 2003.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931.

11960102 and NPDES Permit No. PA0213322. AMFIRE Mining Co., LLC, One Energy Place, Latrobe, PA 15650, permit transfer from Dunamis Resources, Inc., One Energy Place, Suite 4000, Latrobe, PA 15650 for continued operation of a bituminous surface mine in Adams Township and South Fork Borough, **Cambria County**, affecting 215.0 acres. Receiving streams: South Fork Branch Little Conemaugh River (CWF). The first downstream potable water supply intake from the point of discharge is Cambria Somerset Authority Little Conemaugh surface water intake. Application received March 11, 2003.

11940201 and NPDES Permit No. PA0212831. AMFIRE Mining Co., LLC, One Energy Place, Latrobe, PA 15650, permit transfer from Senate Coal Mines, Inc., One Energy Place, Suite 5100, Latrobe, PA 15650, for continued operation of a bituminous surface mine (coal refuse reprocessing) and coal ash beneficial use in Adams Township, **Cambria County**, affecting 76.9 acres. Receiving streams: unnamed tributary to South Fork of the Little Conemaugh River (HQ-CWF). The first downstream potable water supply intake from the point of discharge is Cambria Somerset Authority Little Conemaugh surface water intake. Application received March 11, 2003.

11920205 and NPDES Permit No. PA0599492. AMFIRE Mining Co., LLC, One Energy Place, Latrobe, PA 15650, permit transfer from Senate Coal Mines, Inc., One Energy Place, Suite 5100, Latrobe, PA 15650, for continued operation of a bituminous surface mine (coal refuse reprocessing) in Adams Township, **Cambria County**, affecting 17.4 acres. Receiving streams: Paint Creek (CWF) and unnamed tributaries to Paint Creek (CWF). There are no potable water supply intakes within 10 miles downstream. Application received March 11, 2003.

McMurray District Mining Office: 3913 Washington Road, McMurray, PA 15317.

32971301. NPDES Permit PA0215082, Rosebud Mining Company (301 Market Street, Kittanning, PA 16201), to renew and revise the permit for the Josephine No. 3 Mine in Center Township, **Indiana County**, renewal and revision to add permit and subsidence control plan acres, Surface Acres Proposed N/A, Underground Acres Proposed 863.6, SCP Acres Proposed 863.6, CRDP Support Acres Proposed N/A, CRDP Refuse Disposal Acres Proposed N/A. No additional charges. The first downstream potable water supply intake from the point of discharge is N/A. Application received January 27, 2003.

30841314. NPDES Permit PA0215368, Dana Mining Company of PA, Inc. (P. O. Box 1209, Morgantown, WV 26507), to transfer the permit for the Titus Deep Mine in Dunkard Township, **Greene County**, transfer from Eberhart Coal Company, Surface Acres Proposed N/A, Underground Acres Proposed N/A, SCP Acres Proposed N/A, CRDP Support Acres Proposed N/A, CRDP Refuse Disposal Acres Proposed N/A. No additional discharges. The first downstream potable water supply intake from the point of discharge is N/A. Application received February 27, 2003.

Knox District Mining Office: White Memorial Building, P. O. Box 669, Knox, PA 16232-0669.

33990112 and NPDES Permit No. PA0241636. P. and N. Coal Co., Inc. (P. O. Box 332, Punxsutawney, PA 15767). Revision to an existing bituminous surface strip and auger operation in Gaskill Township, **Jefferson County** affecting 122.1 acres. Receiving streams: unnamed tributary to Ugly Run (CWF) and unnamed tributary to Stony Run (HQ-CWF). There are no potable surface water supply intakes within 10 miles downstream. Revision to include a land use change from forestland to unmanaged natural habitat on the properties of Raymond, Rosalie, Kenneth, D. John, Lavonne and Helen L. Lovelace and Leah and Steve Sokoly. Application received March 21, 2003.

61970102 and NPDES Permit No. PA0227595. Rusnak Coal Company (R. D. 1, Box 44, Grove City, PA 16127). Revision to an existing bituminous surface, strip, auger and beneficial use coal ash operation in Irwin Township, **Venango County** affecting 54.5 acres. Receiving streams: unnamed tributary to Scrubgrass Creek and Wolf Creek (CWF). There are no potable surface water supply intakes within 10 miles downstream. Revision to include the addition of beneficial coal ash on properties of Fred M. Hoffman and Virgil L. Hoffman. Application received March 24, 2003.

33030104. Larry D. Baumgardner Coal Company, Inc. (P. O. Box 186, Lanse, PA 16849). Commencement, operation and restoration of a bituminous surface strip operation in Washington Township, **Jefferson County** affecting 81.4 acres. Receiving streams: unnamed tribu-

taries to Beaverdam Run (HQ-CWF) and unnamed tributary to Wolf Run (CWF). The first downstream potable water supply intake from the point of discharge is Falls Creek Borough. Application received March 26, 2003.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

E39-420. Borough of Slatington, 125 South Walnut Street, Slatington, PA 18080, in Slatington Borough, **Lehigh County**, U. S. Army Corps of Engineers, Philadelphia District.

To repair and maintain two steel trestle railroad bridges across Trout Creek (CWF) as part of a rails to trails project. The first bridge has a 100 foot span and a 9 foot underclearance with work consisting of the replacement of the wooden deck and railing. The second bridge has a 69 foot span and a 7 foot underclearance with work

consisting of replacement of the entire superstructure. The bridges are located 700 feet upstream and 900 feet downstream respectively of Cemetery Road (T814) (Cementon, PA Quadrangle N: Bridge No. 1—22.4; Bridge No. 2—16.3 inches; W: Bridge No. 1—22.2; Bridge No. 2—17.0 inches).

E48-334. Lower Mount Bethel Township, P. O. Box 257, Martins Creek, PA 18063, in Lower Mount Bethel Township, **Northampton County**, U. S. Army Corps of Engineers Philadelphia District.

To construct and maintain a 1.6 acre gravel parking lot within the 100-year floodplain of the Delaware River (WWF, MF) to serve recreation fields between Martins Creek-Belvidere Highway and the Delaware River. The project is located 1,000 feet southwest of the Riverton-Belvidere Highway Bridge across the Delaware River (Belvidere, PA-NJ Quadrangle N: 13.5 inches; W: 12.0 inches).

E45-444. Smithfield Township, R. R. 5, Box 5229, East Stroudsburg, PA 18301, in Smithfield Township, **Monroe County**, U. S. Army Corps of Engineers, Philadelphia District.

To construct and maintain an 860 square foot building in the 100 year floodplain of the Brodhead Creek for the purpose of providing a storage and concession facility for Minisink Park. The project is located south of the intersection of Township Roads T663 (River Road) and T642 (Papermill Road). Chapter 93 designation is TSF, MF (Stroudsburg, PA-NJ Quadrangle N: 21.0 inches; W: 2.0 inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E38-134: Friends of Old Annville, Quittie Creek Nature Park Committee, 308 East Main Street, Annville, PA 17003 in Annville and South Annville Townships, **Lebanon County**, ACOE Baltimore District.

To construct and maintain a 72-foot pedestrian bridge and a boardwalk, having a total span of 153 feet, with associated concrete piers across the Quittapahilla Creek (TSF) at a point along Bachman Road (Palmyra, PA Quadrangle N: 14.0 inches; W: 1.0 inch) in Annville and South Annville Townships, Lebanon County.

E36-749: Providence Township Board of Supervisors, 200 Mt. Airy Road, New Providence, PA 17560 in Providence Township, **Lancaster County**, ACOE Philadelphia District.

To remove the existing stone abutments and deteriorated concrete decks and to construct and maintain two bridges with cast-in-place concrete abutments and wooden decks at a point/points over Huber Run (CWF) along Snyder Hollow Road (Conestoga, PA Quadrangle N: 6.5 inches; W: 0.5 inch and N: 7.4 inches; W: 0.5 inch) in Providence Township, Lancaster County.

E06-574: Centre Township, 449 Bucks Hill Road, Mohrsville, PA 19541 in Centre Township, **Berks County**, ACOE Philadelphia District.

To remove the existing 17-foot 9-inch span girder bridge and to construct and maintain a 24-foot span concrete box culvert with a 6-foot 6-inch rise 29-feet long at a point crossing Irish Creek (WWF) along Trolley Road (T-726) (Bernville, PA Quadrangle N: 18.5 inches; W: 14.1 inches), in Centre Township, Berks County. The amount of wetland impact is considered a de minimis impact of 0.05 acre and wetland mitigation is not required.

E01-239: United Natural Foods, Inc., 260 Lake Road, Dayville, CT 06241 in Oxford Township, **Adams County**, ACOE Baltimore District.

To fill an isolated, emergent wetland consisting of 0.03 acre located at the northeastern portion of the United Natural Foods Incorporated property to construct 40 new parking places. The wetland is located near an unnamed tributary to the South Branch Conewago Creek which is within the Conewago Creek Watershed (McSherrystown, PA Quadrangle N: 20.6 inches; W: 6.0 inches) in Oxford Township, Adams County.

E67-736: Cornerstone Development Group, Inc., 300 Bailey Drive, Suite 106, Stewartstown, PA 17363 in Dover Township, **York County**, ACOE Baltimore District.

To construct and maintain: (1) 210—feet of 8-inch sanitary sewer line located in the floodway of the Little Conewago Creek (TSF); (2) 135—feet of 8-inch sanitary sewer line located in the floodway of an unnamed tributary to the Little Conewago Creek (TSF); and (3) fill two palustrine emergent wetland pockets which will directly impact 0.10 acre of palustrine emergent wetlands with a secondary impact of 0.17 acre of palustrine emergent wetlands for a 69 lot residential subdivision (West York, PA Quadrangle N: 15.8 inches; W: 12.0 inches) in Dover Township, York County. The permittee has met the wetland replacement by proposing to create 0.30 acre of palustrine emergent wetlands.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E 17670-A1. Dominion Transmission, Inc. (DTI), 445 West Main Street, Clarksburg, WV 26301. South Bend, Plum Creek, Cowanshannock and Valley Townships, **Armstrong County**, ACOE Pittsburgh District.

To amend Permit No. 17670 to include the operation and maintenance of the existing 12-inch TL 378 pipeline having a length of approximately 12 miles across Crooked Creek (WWF), eight tributaries to Crooked Creek (WWF), Brush Run (HQ-CWF), six tributaries to Brush Run (HQ-CWF), Painters Run (HQ-CWF), an unnamed tributary to Cessna Run (CWF), Cherry Run (CWF), an unnamed tributary to Cherry Run (CWF), three unnamed tributaries to Huskins Run (WWF) and Cowanshannock Creek (WWF). The project starts at the South Bend Compressor Station (Elderton, PA Quadrangle N: 2.3 inches; W: 14.7 inches) and ends at Valley Gate Junction (Rural Valley, PA Quadrangle N: 10.0 inches; W: 16.8 inches).

E02-1417. Raymond H. Smith, 825 Morewood Avenue, Apt. D, Pittsburgh, PA 15213. Township of Robinson, **Allegheny County**, ACOE Pittsburgh District.

The applicant proposes to construct a residential subdivision involving placing and maintaining permanent fill in 0.6 acre of wetlands and to impact 1,000 feet of stream channel of unnamed tributaries to Montour Run (TSF) (Oakdale, PA Quadrangle N: 14.1 inches; W: 1.8 inches).

E02-1418. Township of Robinson, 1000 Church Hill Road, Pittsburgh, PA 15205-9006. Township of Robinson, **Allegheny County**, ACOE Pittsburgh District.

To construct and maintain a 60.0 linear feet of gabion baskets along the right bank of Montour Run (TSF) for the purpose of preventing erosion to Coketown Road. The project will impact 60.0 linear feet of stream channel (Oakdale, PA Quadrangle N: 22.4 inches; W: 3.0 inches).

E02-1419. Frank Ciccanti, 1206 Route 51 South, Jefferson Hill, PA 15025. Jefferson Hills Borough, **Allegheny County**, ACOE Pittsburgh District.

To remove the existing 40.0 foot long collapsed section of the existing culvert and to construct and maintain a 40.0 foot long metal arch culvert having a span of 20.1 feet with an underclearance of 9.1 feet in Lewis Run (TSF). The project proposes to impact 40.0 (+) linear feet of stream channel (Glassport, PA Quadrangle N: 11.4 inches; W: 8.9 inches).

E02-1421. Township of Hampton, 3101 McCully Road, Allison Park, PA 15101. Hampton Township, **Allegheny County**, ACOE Pittsburgh District.

To operate and maintain an existing bridge having a span of 29.5 feet and underclearance of 7 feet across Crouse Run (TSF). The bridge is located on Wickline Road approximately 1,000 feet west of its intersection with South Pioneer Road. The bridge was replaced under Emergency Permit number EP0202205. Under this permit they impacted approximately 32 feet of stream channel (Glenshaw, PA Quadrangle N: 17.8 inches; W: 10.7 inches)

E11-299. West Carroll Township Supervisors, P. O. Box 374, Elmora, PA 15737-0374. West Carroll Township, **Cambria County**, ACOE Pittsburgh District.

To remove the existing structure and to construct and maintain a 20-foot long CM Arch culvert having a clear span of 7.25 feet and an underclearance of 5.25 feet with natural channel bottom in North Branch Blacklick Creek (CWF) located on T-505 (Gwizdak Road) at a point approximately 0.5 mile south of T-504 (Colver, PA Quadrangle N: 13.29 inches; W: 1.58 inches).

E63-540. Amwell Township, 880 Amity Road, Amity, PA 15311-9004. Amwell Township, **Washington County**, ACOE Pittsburgh District.

The applicant proposes to operate and maintain a 500 foot long drainage ditch that was constructed parallel to an unnamed tributary to Tenmile Creek (WWF) and through a de minimis acreage of wetlands. The project proposes to reduce surface runoff from Iams Hill Road and was constructed under and emergency permit (EP6302209) (Amity, PA Quadrangle N: 2.9 inches; W: 3.7 inches).

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E20-527, Department of Transportation, District 1-0, 255 Elm Street, P. O. Box 398, Oil City, PA 16301-1412. SR 3025, Section 021, Segment 0020, Offset 0000 Culvert Replacement in Vernon Township, **Crawford County**, ACOE Pittsburgh District (Geneva, PA Quadrangle N: 17.6 inches; W: 9.0 inches).

The applicant proposes to remove the existing structure and to construct and maintain a 70.0-foot long precast concrete box culvert having an 18.0-foot wide by 8.0-foot high waterway opening in Zimmer Run on SR 3025, Section 021, Segment 0020, Offset 0000 approximately 0.3 mile northeast of the intersection of U. S. Route 19 and SR 3025 (Krider Road). Zimmer Run is a perennial stream classified as a WWF. The project proposes to directly affect 70 linear feet of stream channel.

E25-666, Technica Development Corporation for Presque Isle Downs, Inc., 4800 Tramarlac Lane, Erie, PA 16505-1360. Presque Isle Downs Horseracing Facility, in Summitt Township, **Erie County**, ACOE Pittsburgh District (42°, 4' 20" North Latitude; 80°, 1', 48' West Longitude).

To conduct the following activities associated with construction of the Presque Isle Downs horseracing facility south of I-90 east of SR 97:

1. To fill a total of 8.61 acres of 24 nonexceptional value wetland areas. Project includes the creation of a total of 10.56 acres of replacement wetlands at five areas within the project site.

2. To construct and maintain a prefabricated steel truss bridge having three 116.67-foot spans and a maximum underclearance of 23 feet across Walnut Creek (WWF-MF) approximately 3,000 feet upstream of SR 97.

3. To construct and maintain a prefabricated steel truss bridge having two 125-foot spans and a maximum underclearance of 15 feet across Walnut Creek approximately 4,800 feet upstream of SR 97.

4. To impact a total of approximately 11,808 feet of tributaries to Walnut Creek and elimination of approximately 12.1 acres of floodplain storage as a result of grading and fills associated with site construction, stormwater detention and wetland replacement. Approximately 1,576 feet of new open channel will be created near the north end of the site as part of the relocation of a tributary to Walnut Creek, restoration of approximately 1.79 acres of previously impacted floodplain of Walnut Creek, excavation to provide 11.8 acres of additional floodplain storage and construction of stream bank enhancement at nine locations along Walnut Creek.

5. To construct and maintain a 350-foot long reinforced concrete box stream enclosure having two 12-foot wide by 6-foot high waterway openings in the relocated tributary to Walnut Creek approximately 780 feet upstream of its mouth.

6. To construct and maintain a 249-foot long reinforced concrete box stream enclosure having two 12-foot wide by 6-foot high waterway openings in the relocated tributary to Walnut Creek approximately 175 feet downstream of the existing railroad line.

7. To modify and maintain the existing 50-foot long, 60-inch diameter steel culvert in a tributary to Walnut Creek on Footemill Road approximately 750 feet north of Robison Road.

8. To construct and maintain five stormwater outfalls to Walnut Creek and adjoining wetlands.

9. To fill an approximately 0.58 acre manmade pond at the northern end of the site.

10. To install and maintain sanitary sewer and water lines across Walnut Creek attached to the northern bridge.

11. To install and maintain a sanitary sewer line across a tributary to Walnut Creek on the southern end of the site.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT—NPDES AND WQM PART II PERMITS

INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Safe Drinking Water Act for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel

Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available

in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the Act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department Regional Office after which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department certifies that the construction and operation herein described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State Water Quality Standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law (35 P.S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). Availability of Technical Guidance

Technical guidance documents are on the Department of Environmental Protection's (Department) website (www.dep.state.pa.us) at the Public Participation Center page. The "January 2003 Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various Department bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to the Department's draft technical guidance documents.

The Department will continue to revise its nonregulatory documents, as necessary, throughout 2003.

Ordering Paper Copies of Department Technical Guidance

The Department encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling the Department at (717) 783-8727.

In addition, bound copies of some of the Department's documents are available as Department publications.

Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Interim Technical Guidance—Substantive Revisions to Technical Guidance

DEP ID: 550-2100-008. Title: Interim Policy for NPDES Permits for Stormwater Discharges Associated with Construction Activities at Oil and Gas Wells. Description: The interim guidance provides instruction for determining when an NPDES permit is needed for a stormwater discharge associated with construction activities at an oil and gas well. The original guidance was effective March 17, 2001. On December 20, 2002, the Environmental Protection Agency issued new guidance on common plan of development and final stabilization. In turn, this interim guidance was prepared, revising the original document to be consistent with these new guidelines, and to recognize the difference between oil and gas producing states and the size of typical drilling units in this Commonwealth. Effective Date: April 12, 2003, with a 30 day public comment period. Comment Period Ends: May 12, 2003. Contact: Ron Gilius, (717) 772-2199, rgilius@state.pa.us.

Draft Technical Guidance—Substantive Revision

DEP ID: 362-0300-007. Title: Alternate Systems Guidance. Description: The Alternate Systems Guidance applies to the siting, design and construction of alternate onlot sewage treatment systems proposed under the requirements of 25 Pa. Code § 73.72 (relating to alternate sewage systems). The Department periodically updates this technical guidance to revise existing information and to provide current technical standards for other alternate systems. The currently proposed revision adds a new listing for aerobic tank systems, expands the approved uses of the CO-OP RFS III system and makes editorial changes intended to improve the readability and accuracy of the document. Anticipated Effective Date: May 31, 2003. Comment Period Ends: May 12, 2003. Contact: Milt Lauch, (717) 787-8184, mlauch@state.pa.us.

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10:30 a.m., Thursday, March 27, 2003, and announced the following:

Regulation Approved

Department of Revenue #15-422: Daily Number and Big Four Game (amends 61 Pa. Code Chapter 815)

Approval Order

Public Meeting held
March 27, 2003

Commissioners Voting: Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; Robert J. Harbison, III; Murray Ufberg

Department of Revenue—Daily Number and Big Four Game; Regulation No. 15-422

On February 20, 2003, the Independent Regulatory Review Commission (Commission) received this regulation from the Department of Revenue. This rulemaking amends 61 Pa. Code Chapter 815. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

The amendments will allow the Department to use alternative selection methodologies for the Daily Number and Big Four Games.

We have determined this regulation is consistent with the statutory authority of the Department of Revenue (72 P. S. § 3761-303) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68), in connection with the termination of the insured's automobile policy. The hearing will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). The administrative hearing will be held in the Insurance Department's regional office in Harrisburg, PA. Failure by an appellant to appear at a scheduled hearing may result in dismissal with prejudice.

The following hearing will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 N. Seventh Street, Harrisburg, PA 17102.

Appeal of Douglas C. Hower; file no. 03-188-01793; Safe Auto Insurance Company; doc. no. P03-03-044; May 1, 2003, 1:30 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's

case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend an administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator, (717) 787-4298.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Clarification Order

Public Meeting held
March 21, 2003

Commissioners Present: Glen R. Thomas, Chairperson; Robert K. Bloom, Vice Chairperson; Aaron Wilson, Jr., dissenting statement follows; Terrance J. Fitzpatrick; Kim Pizzingrilli

Petition of Rural Incumbent Local Exchange Carriers for Clarification and Modification of Commission Order entered January 15, 2003; Doc. No. P-00971177

Petition of Armstrong Telecommunications, Inc. for Reconsideration and Modification of Commission Order entered January 15, 2003

Clarification Order

By the Commission:

The current matter before this Commission consists of two petitions for reconsideration, modification and clarification of the Commission's Order entered January 15, 2003, at this docket (January 15 Order), in which the Commission denied the request for relief brought by two groups of rural incumbent local exchange carriers (Rural ILECs), under section 251(f)(2) of the Telecommunications Act of 1996 (TA-96), 47 U.S.C.A. §§ 101, et seq. The Rural ILECs sought and were denied an additional 36-month suspension of interconnection obligations under section 251(b)(1) and (c) of TA-96, beyond the 5-year total suspension they had initially been granted by the Commission.

We grant reconsideration of our January 15 Order for the limited purpose of clarifying certain issues raised by the Rural ILECs with respect to the burden of proof and the "undue economic burden" test in a proceeding under section 251 of TA-96 challenging the continued rural exemption. We deny reconsideration sought by Armstrong Telecommunications, Inc. (Armstrong) and reaffirm our holding that Citizen's Communication, Inc., is entitled to the continuation of its rural exemption, unless challenged by a bona fide request for interconnection.

Rural ILECs Petition for Clarification

(1) Burden of proof in section 251 proceeding challenging the rural exemption.

The Rural ILECs maintain, and we agree, that nothing in our order should disturb the traditional burden of proof in a proceeding challenging the rural exemption. In a section 251(f)(1)(B) challenge to the rural exemption the ultimate burden of proof rests with the competitor seeking to defeat the exemption. Nothing in our January 15 Order was intended to disturb this. The statements in our January 15 Order of concern to the rural carriers merely recognized that the Rural ILECs will have the opportunity, if necessary, to present evidence to refute any challenge to their continued rural exemption.

(2) Proof sufficient to establish "undue economic burden."

The Rural ILECs maintain, and again we agree, that our January 15 Order should not and does not disturb the evidence properly considered to establish an "undue economic burden" upon a rural carrier by competitive entry. The test in section 251(f)(1)(B) is total economic burden

on ILEC, and is not meant to exclude consideration of the economic burden “typically associated with competitive entry.”

The language in our January 15 Order, to which the Rural ILECs refer, pointed out that we were unpersuaded by the speculative nature of the petitioners’ allegations of economic harm, and was intended only to point out that adverse impact on Rural ILEC so speculative and unsupported is not sufficient to warrant further suspension under section 251(f)(2). We stated that “the Rural ILECs asserted basis for the suspension is speculative and offers no quantifiable proof or firm evidence, other than supposition, that harm would result if the suspensions are lifted.” January 15 Order at p.11. By this order we clarify that “undue economic harm” is to be determined based on consideration of the entire economic burden born by the Rural ILEC.

(3) Use of the phrase “competitive advantage.”

The Rural ILECs also urge that the use of the phrase “competitive advantage” in our January 15 Order so misconstrues the intent of the steps taken by this Commission, to reduce competitive IXC rates and make up revenue losses from monopoly local service rates and USF fund, as to warrant clarification. We disagree. The steps taken clearly do amount to a competitive advantage to ILECs in the interexchange (or toll) services markets. That the competitive advantage was given for the purpose of “leveling the playing field,” does not negate the effect of “competitive advantage” to which our January 15 Order referred. In any event, the reference to “competitive advantage enjoyed by the rural ILECs” was not operative to our decision in the matter. To the contrary, our decision turned on the insufficiency of the evidence offered to support the request for an additional 36-month extension of the suspension from interconnection obligations.

Armstrong Petition for Reconsideration

We next consider the request for reconsideration filed by Armstrong. Once again Armstrong raises a question regarding the continued exemption of Citizens Telephone Company of Kecksburg (Citizens), given this Commission’s decision in *Applications of Armstrong Communications, Inc.; Petitions of Citizens Telephone Company of Kecksburg for Suspension and Streamlined form of Regulation*, Doc. Nos. A-310583F0002, A-310583F0004, P-00971229, Order entered April 28, 1999 (Armstrong/Citizens). As we noted in our January 15 Order at p. 2 fn. 1, this Commission has already considered the issue now raised by Armstrong in its petition for reconsideration when the Commission considered and rejected Armstrong’s comments offered in opposition to the Citizen petition. See, Comments of Armstrong, p. 3.

As we noted, Armstrong commented that Citizens’ request for joinder should be denied because Citizen’s standing rural exemption was terminated by our order in *Armstrong/Citizens*. However, we concluded that TA-96 intends that the exemption stand unless a bona fide request for interconnection is received and a contemporaneous offer of proof supports the termination of the exemption. We also noted that TA-96 grants this Commission authority to modify or suspend the interconnection obligations of a rural ILEC at any time. In exercise of this authority, we concluded that Citizens, like the other

petitioners, shall continue to be entitled to the exemption, unless and until challenged by bona fide request for interconnection. If a bona fide request for interconnection is made to Citizens, we found that our decision in *Armstrong/Citizens* will be relevant to termination of the exemption. However, Citizens will be afforded the opportunity to show a change in circumstances.

Thus, as Armstrong’s request for reconsideration again raises the same arguments offered in opposition to the underlying petition, which we considered and rejected and no new arguments have been raised, Armstrong fails to meet the standard established in *Duick v. Pennsylvania Gas and Water Company*, 56 Pa. P.U.C. 533 (December 17, 1982) for granting reconsideration.¹

Accordingly, we conclude that the request of the Rural ILECs for reconsideration/clarification should be granted in part and denied in part and the Armstrong petition for reconsideration should be denied²; *Therefore*,

It Is Ordered That:

1. The request of joint Petitioners: Armstrong Telephone Company—North; Armstrong Telephone Company—Pennsylvania; Bentleyville Communications Corp. d/b/a/ The Bentleyville Telephone Company; Buffalo Valley Telephone Company; Conestoga Telephone & Telegraph Company; Denver and Ephrata Telephone & Telegraph Company d/b/a D&E Telephone Company; Hickory Telephone Company; Ironton Telephone Company; Lackawaxen Telephone Company; Laurel Highlands Telephone Company; Marianna & Scenery Hill Telephone Company; The North-Eastern Pennsylvania Telephone Company; North Penn Telephone Company; North Pittsburgh Telephone Company; Palmerton Telephone Company; Pennsylvania Telephone Company; Pymatuning Independent Telephone Company; South Canaan Telephone Company; Venus Telephone Company; Yukon-Waltz Telephone Company; Citizens Telephone Company of Kecksburg; Frontier Communications of Breezewood, Inc.; Frontier Communications of Canton, Inc.; Frontier Communications of Pennsylvania, Inc.; Frontier Communications of Lakewood, Inc.; Frontier Communications of Oswayo River, Inc.; TDS TELECOM/Mahanoy and Mahantango Telephone Company; and TDS TELECOM/Sugar Valley for reconsideration/clarification of the Order entered January 15, 2003, at Docket No. P-00971177 is granted for the limited purpose of clarification consistent with the discussion in this order.

2. The petition for reconsideration of Armstrong Telecommunications, Inc. is denied.

3. The Secretary serves a copy of this Order upon all parties.

4. The Secretary publishes notice of this order in the *Pennsylvania Bulletin*.

JAMES J. MCNULTY,
Secretary

¹ Further, the PUC is authorized per section 703(g) of the Public Utility Code, to amend or reverse its own prior order after notice and opportunity to be heard is afforded the parties. In this case, Armstrong received notice of Citizens’ petition seeking an extension of the suspension. Armstrong availed itself of the opportunity to be heard in opposition to that petition and did in fact make the same arguments now raised as the basis for reconsideration. Thus, the requirements of 703(g) are satisfied and the Commission was authorized to alter its prior determination.

² Although the parties have petitioned for review before Commonwealth Court, the PUC retains authority to clarify the January 15 Order as long as no substantive changes are made. *Pa. Industrial Coalition v. Pa. PUC*, 653 A.2d 1336 (Pa. Cmwlth. 1995)

Dissent of Commissioner Aaron Wilson, Jr.

Today's majority seeks to bolster their decision of January 15, 2003 regarding the Petitioners' request for relief under 251(f)(2).

The Commission is issuing today's order as a "clarification" because we missed the statutory period for granting reconsideration pending further review of the merits. Reconsideration, as opposed to clarification, would have allowed the Commission to reconsider, reexamine, or modify our January 15, 2003 order.

I dissented from our January 15, 2003 Order, inter alia, because of statements about the Petitioners' failure to meet their burden of proof under Section 251(f) of the Telecommunications Act of 1996. That issue could have been addressed in a reconsideration order. However, our failure to timely preserve our authority to act precludes us from reconsidering the matter further.

Consequently, today's decision is styled as a "clarification" of our January 15, 2003 order even though, in fact, it substantively modifies or bolsters the January 15, 2003 decision. The Commission's January 15, 2003 order stated that "we find that the Petitioners have failed to sustain the burden of proof warranting continued suspension of interconnection obligations." Today's determination states that "nothing should disturb the traditional burden of proof in a proceeding challenging the rural exemption." This change alters our January 15, 2003 conclusion about the Petitioners' putative failure to meet their burden of proof under Section 251(f) in the face of court determinations, cited in my dissent, for the proposition that Petitioners do not have such a burden of proof. The Commission cannot clarify this statement by claiming that nothing disturbs the burden of proof when, in fact, the January 15, 2003 order made pronouncements about the burden of proof.

Second, today's discussion on "undue economic burden" attempts to rectify the earlier dismissal of the Petitioners' claim that costs, such as those associated with entry, may not be quantifiable but that they do constitute a cost that warrants consideration under Section 251(f). The January 15, 2003 order dismissed such cost claims as "speculative" in nature. Today's clarification statement about the intent of the January 15, 2003 order effectively bolsters the Commission's position in the event of an appeal. The purpose of a clarification is not to bolster a prior decision but, in fact, to explain that decision. Bolstering a decision is more properly the province of a reconsideration order and not a clarification order.

Finally, the discussion of "competitive advantage" contains a major substantive analysis of the Commission's universal service fund and interexchange carrier rates that is not appropriate in a clarification. Today's clarification, for the first time, makes the novel conclusion that there is a "competitive advantage" possessed by the incumbent local exchange carriers (ILECs) in the interexchange (toll) services markets. This is more than a clarification. It constitutes a substantive change in our view on the currently competitive toll markets in Pennsylvania.

I disagree.

Order

By the Commission:

On May 23, 2002, Law Bureau Prosecutory Staff filed a Formal Complaint against Corecomm Pennsylvania, Inc. (Corecomm), an IXC reseller certificated at A-310801. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to Corecomm that its 2000 Annual Report was due. The complaint charged that Corecomm violated 66 Pa.C.S. § 504 (relating to reports by public utilities) by failing to file its 2000 Annual Report. The Complaint requested that the Commission issue an order canceling Corecomm's certificate of public convenience for failure to file its 2000 Annual Report.

According to the United States Postal Service return receipt, the Complaint was unclaimed because the forwarding order expired. As a result of Corecomm's failure to respond to the Complaint, the Commission entered a Default Order on October 29, 2002, that sustained the Complaint and cancelled Corecomm's certificate of public convenience. The notice of the Default Order was published at 32 Pa.B. 5597 (November 9, 2002).

Subsequent to the issuance of the Default Order and cancellation of Corecomm's certificate effective December 9, 2002, Corecomm filed both its 2000 and 2001 Annual Reports on December 12, 2002. After receiving these annual reports, Commission staff notified Corecomm through a telephone conversation of the option to petition for reinstatement.

On January 13, 2003, Corecomm filed a Letter-Petition to Reinstate its certificate of public convenience. In its Petition, Corecomm states that the delinquent filing of its 2000 Annual Report was due in part to the resignation of its regulatory attorney and a reorganization within its company. Corecomm states that it has taken steps to ensure that it timely complies with future filing deadlines. Corecomm requests reinstatement since it has now filed both its 2000 and 2001 Annual Reports.

It is well-settled that decisions such as whether to grant a petition for reinstatement are left to the Commission's discretion and will be reversed on appeal only if that discretion is abused. *Hoskins Taxi Service v. Pa. P.U.C.*, 486 A.2d 1030 (Pa. Cmwlth. 1985). In ruling upon a reinstatement petition, it is incumbent upon this Commission to examine all relevant factors to reach an equitable result. *Medical Transportation, Inc.*, 57 Pa. P.U.C. 79 (1983).

The Commission has identified five factors that are particularly relevant to the adjudication of a petition to reinstate: 1) the amount of time that elapsed between the cancellation of the certificate of public convenience and the filing of the petition; 2) whether the petitioner has a record of habitually violating the Public Utility Code; 3) the reasonableness of the excuse given for the viola-

tion that caused the certificate to be canceled; 4) whether the petitioner has implemented procedures to prevent a recurrence of the circumstances giving rise to the cancellation; and 5) whether the petitioner is current in the payment of all Commission fines and assessments. *Re: M.S. Carriers, Inc.*, Docket No. A-00110601 (May 4, 1999).

In considering the first factor, we note that only approximately 5 weeks elapsed between the effective date of the cancellation on December 9, 2002, and Corecomm's request for reinstatement on January 13, 2003.

In regard to the second factor, Corecomm does not have a record of habitually violating the Public Utility Code. Corecomm has had no additional complaints issued against it since the issuance of its certificate in 1999.

In considering the third and fourth factors, Corecomm states that its failure to file its 2000 Annual Report was due to reorganizational and personnel changes. Corecomm states that it has taken steps to ensure that its regulatory compliance remains in good standing. Corecomm's excuse for the violation appears reasonable. The fact that Corecomm has now complied with our reporting requirements and has taken steps to ensure future compliance militates toward reinstatement.

The fifth factor requires that all outstanding fines and/or assessments be paid prior to reinstatement. A review of Commission records shows that Corecomm has no unpaid fines or assessments.

Based upon the foregoing, we grant Corecomm's petition for reinstatement. However, we caution Corecomm that in the future annual reports must be timely filed and all Commission correspondence must be answered in a timely manner. Corecomm is hereby put on notice that any future failure to submit an Annual Report may subject Corecomm to penalties under 66 Pa.C.S. § 3301 (relating to civil penalties for violations), or it may otherwise be required to file a new application along with the applicable \$350 fee. *Therefore*,

It Is Ordered That:

1. The Letter-Petition to Reinstatement filed by Corecomm Pennsylvania, Inc. at C-20027758 on January 13, 2003, is hereby granted.

2. The certificate of public convenience held by Corecomm Pennsylvania, Inc. at A-310801 is hereby reinstated.

3. The Secretary cause a copy of this Order to be published in the *Pennsylvania Bulletin*.

Order

By the Commission:

On May 23, 2002, Law Bureau Prosecutory Staff filed a Formal Complaint against EZ Talk Communications, LLC (EZ Talk), an IXC reseller certificated at A-310691. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to EZ Talk that its 2000 Annual Report was due. The complaint charged that EZ Talk violated 66 Pa.C.S. § 504 by failing to file its 2000 Annual Report. The Complaint requested that the Commission issue an order canceling EZ Talk's certificate of public convenience for failure to file its 2000 Annual Report.

According to the United States Postal Service return receipt, the Complaint was unclaimed. As a result of EZ Talk's failure to respond to the complaint, the Commission entered a Default Order on October 29, 2002, that sustained the complaint and cancelled EZ Talk's certificate of public convenience. The notice of the Default Order was published at 32 Pa.B. 5597 (November 9, 2002).

Subsequent to the issuance of the Default Order and cancellation of EZ Talk's certificate effective December 9, 2002, EZ Talk filed both its 2000 and 2001 Annual Reports, on December 12, 2002. After receiving these annual reports, Commission staff notified EZ Talk through a telephone conversation of the option to petition for reinstatement.

On January 10, 2003, EZ Talk filed a Letter-Petition to Reinstatement its certificate of public convenience. In its Petition, EZ Talk states that its 2000 Annual Report was originally filed on March 22, 2002. Furthermore, EZ Talk avers that it was unaware of the delinquency or of the default action canceling its certificate until late November of last year. EZ Talk states that upon learning of our action, it immediately refiled its 2000 Annual Report by both mailing and e-mailing a copy of its report to the Fixed Utilities Services Bureau, but avers that the report was then misplaced. EZ Talk avers that upon further contact by Commission staff, it then refiled on December 12, 2002, its 2000 Annual Report along with its 2001 Annual Report.

EZ Talk offers no explanation as to why it failed to respond to our prosecution for noncompliance nor as to why the Commission has no record of the alleged March 22, 2002, filing or November refile of its 2000 Annual Report, but argues that because it has filed its outstanding 2000 Annual Report as well as its 2001 Annual Report, its certificate should be reinstated.

It is well settled that decisions such as whether to grant a petition for reinstatement are left to the Commission's discretion and will be reversed on appeal only if that discretion is abused. *Hoskins Taxi Service v. Pa. P.U.C.*, 486 A.2d 1030 (Pa. Comwlth. 1985). In ruling upon a reinstatement petition, it is incumbent upon this Commission to examine all relevant factors to reach an equitable result. *Medical Transportation, Inc.*, 57 Pa. P.U.C. 79 (1983).

The Commission has identified five factors that are particularly relevant to the adjudication of a petition to reinstate: 1) the amount of time that elapsed between the cancellation of the certificate of public convenience and

the filing of the petition, 2) whether the petitioner has a record of habitually violating the Public Utility Code, 3) the reasonableness of the excuse given for the violation that caused the certificate to be canceled, 4) whether the petitioner has implemented procedures to prevent a recurrence of the circumstances giving rise to the cancellation, and 5) whether the petitioner is current in the payment of all Commission fines and assessments. Re: *M.S. Carriers, Inc.*, Docket No. A-00110601 (May 4, 1999).

In considering the first factor, we note that only approximately 5 weeks elapsed between the effective date of the cancellation on December 9, 2002, and EZ Talk's request for reinstatement on January 10, 2003.

In regard to the second factor, EZ Talk does not have a record of habitually violating the Public Utility Code. Since the issuance of its certificate in 1998, EZ Talk has had one additional complaint issued against it for failure to file its initial tariff. That complaint was resolved by EZ Talk's compliance.

In considering the third and fourth factors, a review of Commission records failed to either confirm or refute EZ Talk's averment that it had timely filed and then refiled its 2000 Annual Report. However, as a result of EZ Talk's past record of compliance with Commission rules and regulations, we will at this time, give EZ Talk the benefit of the doubt with regard to its excuse. As noted earlier, EZ Talk has already filed its 2001 Annual Report and reorganized its compliance officers' duties so as to ensure that its regulatory compliance remains in good standing. The fact that EZ Talk has now complied with our reporting requirements and has taken steps to ensure future compliance militates toward reinstatement.

The fifth factor requires that all outstanding fines and/or assessments be paid prior to reinstatement. A review of Commission records shows that EZ Talk currently has no unpaid fines or assessments.

Based upon the foregoing, we grant EZ Talk's petition for reinstatement. However, we caution EZ Talk that in the future annual reports must be timely filed and all Commission correspondence must be answered in a timely manner. EZ Talk is hereby put on notice that any future failure to submit an Annual Report may subject EZ Talk to penalties under section 3301 of the Public Utility Code, 66 Pa.C.S. § 3301, or it may otherwise be required to file a new application along with the applicable \$350 fee. *Therefore,*

It Is Ordered That:

1. The Letter-Petition to Reinstate filed by EZ Talk Communications, LLC at C-20027739 on January 10, 2003, is hereby granted.
2. The certificate of public convenience held by EZ Talk Communications, LLC at A-310691 is hereby reinstated.
3. The Secretary cause a copy of this Order to be published in the *Pennsylvania Bulletin*.

(2002.0398); Doc. No. C-20039289; A-310423;
A-310423F0002*

Order

By the Commission:

On January 17, 2003, Law Bureau Prosecutory Staff filed a Formal Complaint against Group Long Distance, Inc. (GLD), an interexchange telecommunications (IXC) reseller with authority at A-310423, and a competitive local exchange (CLEC) provider at A-310423F0002, alleging that that GLD violated 66 Pa.C.S. § 504 (relating to reports by public utilities) by failing to file its 2001 Annual Report for both authorities. The Complaint requested that the Commission issue an order canceling GLD's certificates of public convenience.

Service of the Complaint was perfected on January 31, 2003. GLD filed an answer on February 24, 2003, in which it stated that it has had no CLEC operations since the Commission granted its application by order entered April 10, 1998. In its answer GLD requested that its provisional authority to provide CLEC services be cancelled due to its lack of CLEC operations.

In addition to its cancellation request, GLD filed its 2001 Annual Report for its IXC reseller operations and paid the \$250 late filing penalty demanded in the Complaint. The filing of GLD's 2001 Annual Report along with the \$250 late filing fee satisfies the company's annual report requirements for 2001-2002, and GLD is now current in the filing of all annual reports.

Based upon the foregoing, it is appropriate to cancel GLD's provisional authority at A-310423F0002 to provide CLEC services, and close the Formal Complaint at C-20039289 as satisfied. The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders, including the ordering of such other remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504—506 and 3301. *Therefore,*

It Is Ordered That:

1. The allegations in Law Bureau Prosecutory Staff's Formal Complaint are deemed admitted and the Complaint is hereby sustained.
2. The provisional CLEC authority currently held by Group Long Distance, Inc. at A-310423F0002 is hereby cancelled.
3. The Formal Complaint at C-20039289 is hereby closed as satisfied.
4. The Secretary's Bureau cause a copy of this Order to be published in the *Pennsylvania Bulletin*.

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Falco & May, Inc., respondent, maintains its principal place of business at 459 Country Club Road, Easton, PA 18042.

2. That respondent was issued a certificate of public convenience by this Commission on August 3, 1984, at Application Docket No. A-00104977.

3. That respondent abandoned or discontinued service without having first submitted a letter to this Commission containing a statement that the service is no longer being rendered. Respondent has not reported intrastate revenue for the years 1999, 2000 and 2001.

4. That respondent, by failing to submit a letter to this Commission containing a statement that the service is no longer being rendered, violated 52 Pa. Code § 3.381(a)(5) and, by failing to maintain adequate, efficient and safe service and facilities, violated 66 Pa.C.S. § 1501.

WHEREFORE, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission revoke respondent's Certificate of Public Convenience at A-00104977.

Respectfully submitted,

STATE REAL ESTATE COMMISSION

Bureau of Professional and Occupational Affairs v. John Emerson High; Doc. No. 1426-56-01

On September 13, 2002, the State Real Estate Commission (Commission) denied the application for reinstatement of the broker's license of John Emerson High, license number RB-045291-A.

Individuals may obtain a copy of the adjudication by writing to Judith Pachter Schulder, Board Counsel, State Real Estate Commission, P. O. Box 2649, Harrisburg, PA 17105-2649.

This adjudication and order represents the final Commission decision in this matter. It may be appealed to the Commonwealth Court of Pennsylvania by the filing of a petition for review with that court in accordance with the Pennsylvania Rules of Appellate Procedure. Individuals who take an appeal to the Commonwealth Court must serve the Commission with a copy of the petition for review. The Commission contact for receiving service of appeals is the previously named Commission counsel.
