APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4707.

PA0088935, Amendment No. 1, CAFO, Country View Family Farms, LLC (Green Valley Farm), 436 South Angle Street, Mount Joy, PA 17552. Country View Family Farms, LLC has submitted an application for an NPDES permit amendment for an existing CAFO known as Green Valley Farm, 2266 Junction Road, Seven Valleys, PA 17360, North Codorus Township, **York County**. The CAFO is proposing to construct one new swine finishing barn.

The CAFO is situated near an unnamed tributary of South Branch Codorus Creek in Watershed 7-H (WWF). Upon completion of the finishing barn, the CAFO will maintain an animal population of approximately 1,893 AEUs consisting of 4,080 sows, 120 gilts, 24 boars, 560 nursery pigs and 1,440 finishing swine. The animals will be housed in three barns. Manure drains into shallow pits beneath each barn and is conveyed by gravity outdoors to a concrete reception pit and three concrete manure storage facilities. The total capacity of the manure storage facilities is approximately 3.7 million gallons.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

The permit application and draft permit are on file at the Southcentral Regional Office of the Department. Individuals may make an appointment to review the files by calling the File Review Coordinator at (717) 705-4732.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the water management program manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The EPA permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

PA0247090, Industrial Waste, SIC Code 3271, **York Building Products Company, Inc.**, P. O. Box 1708, York, PA 17405. This facility is in Lower Swatara Township, **Dauphin County**.

Description of activity: Issuance of an NPDES permit for an existing discharge of treated industrial waste.

The receiving stream, unnamed tributary of Swatara Creek, is in Watershed 7-D and classified for WWF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for the Middletown Water Company is on the Swatara Creek, approximately 5 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 101 based on a design flow of 0.0432 MGD are:

Parameter	Mass (lb/day)		Concentration (mg/l)		
	Average Monthly	Maximum Daily	Average Monthly	Maximum Daily	Instantaneous Maximum
pH	XXX	XXX	from 6.0 to 9.0 inclusive		
Total Suspended Solids	Monitor and Report	Monitor and Report	Monitor and Report	Monitor and Report	XXX
Total Aluminum	0.072	0.144	0.20	0.40	0.50
Total Iron	0.108	0.216	0.30	0.60	0.75

Outfall 001 receives stormwater associated with industrial activity. Effluent limits take the form of BMPs and yearly monitoring is required.

In addition to the effluent limits, the permit contains the following major special conditions: requirements for stormwater outfalls.

Individuals may make an appointment to review the Department files on this case by calling the File Review Coordinator at (717) 705-4732.

The EPA waiver is in effect.

PA0247499, Sewage, **Ruth Colledge**, 2228 French Bridge Road, Everett, PA 15522. This facility is in East Providence Township, **Bedford County**.

Description of activity: Issuance of an NPDES permit for new discharge of treated sewage.

The receiving stream, Tub Mill Run, is in Watershed 11-D and classified for WWF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for the Saxton Municipal Water Authority is on the Raystown Branch Juniata River, approximately 32 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.0004 MGD are:

Parameter	Average Monthly (mg/l)	Instantaneous Maximum (mg/l)
CBOD ₅	25	50
Total Suspended Solids	30	60
Total Residual Chlorine	1.5	2.5

(5-1 to 9-30)	2,000/100 ml as a geometric average	
(10-1 to 4-30)		

Individuals may make an appointment to review the Department files on this case by calling the File Review Coordinator at (717) 705-4732.

The EPA waiver is in effect.

PA0022209, Sewage, **Municipal Authority of the Borough of Bedford**, 244 West Penn Street, Bedford, PA 15522. This facility is in Bedford Township, **Bedford County**.

Description of activity: Renewal of an NPDES permit for existing discharge of treated sewage.

The receiving stream, Raystown Branch Juniata River, is in Watershed 11-C and classified for TSF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for the Saxton Municipal Water Authority is on the Raystown Branch Juniata River, approximately 49 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 1.5 MGD are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	40	50

Individuals may make an appointment to review the Department files on this case by calling the File Review Coordinator at (717) 705-4732.

The EPA waiver is not in effect.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701.

PA0208779, Industrial Waste SIC, 3111, **Clearfield Leather Inc. d/b/a Wickett & Craig of America**, 120 Cooper Road, Curwensville, PA 16833-1542. This existing facility is in Curwensville Borough, **Clearfield County**.

Description of Proposed Activity: Renewal of an NPDES permit for an existing discharge of treated industrial wastewater.

The receiving stream, West Branch Susquehanna River, is in the State Water Plan watershed 8B and classified for WWF. The nearest downstream public water supply intake for Reliant Energy is on the West Branch Susquehanna River, 16 miles below the point of discharge.

The proposed effluent limits for Outfall 001 based on a design flow of 0.12 MGD.

<i>Parameter</i>	<i>Mass (lbs/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Daily Maximum</i>	<i>Average Monthly</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>

PA0024163, Sewage, **Cambria Township Sewer Authority**, P. O. Box 247, Revloc, PA 15948. This application is for renewal of an NPDES permit to discharge treated sewage from the Revloc Sewage Treatment Plant in Cambria Township, **Cambria County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as South Branch Blacklick Creek, which are classified as a WWF with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Saltsburg Municipal Water Works.

Outfall 001: existing discharge, design flow of 0.4 mgd.

<i>Parameter</i>	<i>Concentration (mg/l)</i>			
	<i>Average Monthly</i>	<i>Average Weekly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
CBOD ₅	25	37.5		50

(10-1 to 4-30)	2,000/100 ml as a geometric mean			
Total Residual Chlorine	1			3.3
pH	not less than 6.0 nor greater than 9.0			

Outfall 002, which discharges to the receiving waters known as an unnamed tributary of South Branch Blacklick Creek, serves as combined sewer overflows necessitated by stormwater entering the sewer system and exceeding the hydraulic capacity of the sewers and/or the treatment plant and are permitted to discharge only for this reason. There are at this time no specific effluent limitations on the outfalls. Each discharge shall be monitored for cause, frequency, duration and quantity of flow.

The EPA waiver is in effect.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

PA0023213, Sewage, **Borough of Ridgway**, P. O. Box 149, Ridgway, PA 15853-0149. This proposed facility is in Ridgway Township, **Elk County**.

Description of Proposed Activity: Renewal of an existing discharge of treated sewage.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride, phenolics, sulfate and chloride, the existing/proposed downstream potable water supply considered during the evaluation is the Pennsylvania American Water Company and the Clarion River at Clarion, 59.8 miles below point of discharge.

The receiving stream, the Clarion River, is in watershed 17-A and classified for CWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001 are based on a design flow of 2.2 MGD with no effluent diffuser.

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published

in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental

cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.

Carl Setiz and Marion Crompton Property, Lower Southampton Township, **Bucks County**. Marlin Hunsberger, Mid-Atlantic Associates, 2951 Advance La., Colmar, PA 18915, on behalf of Carl Setiz, 49 Townhomes at Dambridge, Egg Harbor, NJ 08234, has submitted a Notice of Intent to Remediate site soil contaminated with diesel fuel, kerosene, leaded gasoline and unleaded gasoline; and site groundwater contaminated with MTBE. A summary of the Notice of Intent to Remediate was reported to have been published in *The Bucks County Courier Times* on March 15, 2004.

Palisades High School, Nockamixon Township, **Bucks County**. Curt Erichson, Pennoni Associates, Inc., 515 Grove Street, Haddon Heights, NJ 08035, on behalf of Palisades School District, David Keppel, 39 Thomas Free Dr., Kintnersville, PA 18930, has submitted a Notice of Intent to Remediate. A discharge of no. 2 fuel oil from a formerly utilized unregulated underground storage tank was discovered during site construction activities. Visibly impacted soil was excavated and post-excavation soil sample results were below the Department residential direct contact MSCs. Three groundwater monitoring wells have been installed on the site. Two complete rounds of groundwater samples have been collected from the three monitoring wells and laboratory analyzed. The groundwater results were below the Department residential used aquifer MSCs.

Former Sellersville Landfill, Sellersville Borough, **Bucks County**. Jessica Yinger, RT Environmental Services, Inc., 215 W. Church Rd., King of Prussia, PA 19406, on behalf of Park Ten Associates, Bud Motes, 418 W. Main St., Lansdale, PA 19446, has submitted a Notice of Intent to Remediate. Site soil and groundwater contaminated due the former presence of the Sellersville radium landfill. Soil contaminant: TCE. Groundwater contaminant: volatile organics. Intended future use of the property is for redevelopment.

Pennfield Precision Parcel B, Richland Township, **Bucks County**. Ethan E. Prout, P.G., American Resource Consultants, Inc., P. O. Box 579, Quakertown, PA 18951, on behalf of Pennfield Realty & Development Corp., John F. Matczak, Keystone Dr., P. O. Box 380, Sellersville, PA 18960, has submitted a Notice of Intent to Remediate. Soil containing chlorobenzene at levels above the Residential Statewide Health Standard was identified in an approximate 35-foot by 40-foot area in the open meadow between the former manufacturing facility and the two ponds and in the southwest corner of pond no. 2. The source of contamination is unknown. The intended future use of the property is residential.

J. W. Maxwell & Son, Inc., Downingtown Borough, **Chester County**. James Arthur, Environmental Standards, Inc., 1140 Valley Forge Rd., P. O. Box 810, Valley Forge, PA 19482-0810, on behalf of J. W. Maxwell, Inc., Thomas Trego, Sr., 12 Wallace Ave., Downingtown, PA 19335, has submitted a Notice of Intent to Remediate.

During underground storage tank removal activities, free-phase no. 2 fuel oil and leaded gasoline was encountered. An area of soil remained impacted by VOCs, semivolatiles compounds and lead. Soil remediation is required in this area. The property is proposed to be developed as an automobile sales and service center.

Media Real Estate, Springfield Township, **Delaware County**. Kurt J. Spiess, Environmental Management Group, Inc., 5066R West Chester Pike, P. O. Box 129, Edgemont, PA 19028, on behalf of Media Real Estate, Blake Strine, 203 E. Baltimore Pike, Media, PA 19063, has submitted a Notice of Intent to Remediate site groundwater contaminated with TCE and vinyl chloride. The proposed future use of the site will be nonresidential commercial property. A summary of the Notice of Intent to Remediate was published in the *Delaware County Daily Times* on March 18, 2004.

Barry Bridge Park Project, Chester City, **Delaware County**. Walter H. Hungarter, III, RT Environmental Services, Inc., 215 W. Church Rd., King of Prussia, PA 19406, on behalf of Delaware River Port Authority, Richard L. Brown, One Port Center, 2 Riverside Dr., Camden, NJ 08101, has submitted a Notice of Intent to Remediate. Site soil impacted with coal tar process waste. Constituent concentrations include various semivolatiles organics contaminated with PAH. The site is undergoing redevelopment and will be used as a public park. A summary of the Notice of Intent to Remediate was published in the *Delaware County Daily Times* on February 20, 2004.

Northeast Regional Field Office: Joseph A. Brogna, Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Viewmont Mall, Borough of Dickson City and City of Scranton, **Lackawanna County**. Joseph J. Ozog, Jr., Mountain Research LLC, 825 25th Street, Altoona, PA 16601 has submitted a revised Notice of Intent to Remediate (on behalf of Pennsylvania Real Estate Trust, Pasquerilla Plaza, Johnstown, PA 15907) concerning the remediation of soils and groundwater found or suspected to have been contaminated with BTEX constituents, naphthalene, lead and other petroleum hydrocarbons. A Notice of Intent to Remediate was previously submitted in 1997 that proposed the use of a combination of Background and Statewide Health Standards. The applicant now proposes to meet the Site-Specific Standard. A summary of the Notice of Intent to Remediate is expected to be published in the near future in a newspaper serving the Scranton area.

Anemostat Plant (888 North Keyser Avenue), City of Scranton, **Lackawanna County**. Ann McClure, Senior Counsel, Mestek, Inc., 260 N. Elm Street, Westfield, MA 01085 has submitted a Notice of Intent to Remediate concerning the remediation of soils and/or groundwater found or suspected to be contaminated with chlorinated solvents, particularly tetrachloroethene, as the result of historic site operations. The applicant proposes to meet the Statewide Health Standard. A summary of the Notice of Intent to Remediate is expected to be published in the near future in a newspaper serving the Scranton area.

Husack Auto Sales, South Whitehall Township, **Lehigh County**. David A. Everitt, III, Senior Environmental Scientist, MEA, Inc., 1365 Ackermanville Road, Bangor, PA 18103 has submitted a Notice of Intent to Remediate (on behalf of George Husack, Locust Drive, Schnecksville, PA 18078) concerning the remediation of

soils found or suspected to have been contaminated with leaded and/or unleaded gasoline constituents. The applicant proposes to meet the residential Statewide Health Standard. A summary of the Notice of Intent to Remediate was published in the *Parkland Press* on February 25, 2004. A Final Report was simultaneously submitted.

Brookhaven Development, Upper Milford and Hereford Townships, **Lehigh and Berks Counties**. Ethan Prout, P. G., American Resource Consultants, Inc., P. O. Box 579, Quakertown, PA 18951 has submitted a Notice of Intent to Remediate (on behalf of Judd Builders and Developers, P. O. Box 1650, Blue Bell, PA 19422-0465) concerning the remediation of soils found or suspected to have been contaminated with arsenic and minor amounts of pesticides/herbicides. The applicant proposes to meet a combination of the Residential Statewide Health and Site-Specific Standards. A summary of the Notice of Intent to Remediate will reportedly be published in *The Morning Call* on or about March 29, 2004.

Northcentral Region: Environmental Cleanup Program, 208 West Third Street, Williamsport, PA 17701.

Aldephia Communications Corporation, Coudersport Borough, **Potter County**. Aldephia Communications, 1 North Main Street, Coudersport, PA 16915, has submitted a Notice of Intent to Remediate groundwater contaminated with unleaded gasoline. The applicant proposed to meet the requirements of a Special Industrial Area. A summary of the Notice of Intent to Remediate was published in the *Potter Leader-Enterprise* on March 26, 2004.

RESIDUAL WASTE GENERAL PERMITS

Application Received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and residual waste regulations for a general permit to operate residual waste processing facilities and the beneficial use of residual waste other than coal ash.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.

AIR QUALITY

**PLAN APPROVAL AND OPERATING PERMIT
APPLICATIONS**

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operat-

ing permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

37-243C: The International Metals Reclamation Co., Inc. (245 Portersville Road, Ellwood City, PA 16117) for construction of an additional three distillation furnaces in the cadmium recovery process in Ellwood City Borough, **Lawrence County**. This is a Title V facility.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401; Thomas McGinley, New Source Review Chief, (484) 250-5920.

46-0244: Acme Corrugated Box Co. (4525 Adams Circle, Bensalem, PA 19020) for use of no. 2 fuel oil as an additional fuel in their 20.4 mmBtu/hr boiler, at an existing facility in Upper Moreland Township, **Montgomery County**. This facility is a non-Title V facility. The Plan Approval will contain recordkeeping and operating requirements designed to keep the facility operating within the allowable emission requirements and all applicable air quality requirements.

09-0067C: Herr Foods, Inc. (273 Old Baltimore Pike, Nottingham, PA 19362-0300) for construction of a potato chip production line with a air emission control device, at an existing facility in West Nottingham Township, **Chester County**. This facility is a non-Title V facility. The Plan Approval will contain operating and recordkeeping requirements designed to keep the facility operating within the allowable emission standards and all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Ronald Davis, New Source Review Chief, (717) 705-4702.

07-05023B: A. P. Green Refractories, Inc. (R. R. 1 Box 588D, Claysburg, PA 16625) for replacement of two fabric collectors in Greenfield Township, **Blair County**. This is a non-Title V (State-only) facility. Standard recordkeeping and operating restrictions will be included to keep the facility operating within all applicable air quality requirements.

22-05047A: Dura-Bond LLC (2716 South Front Street, Steelton, PA 17133) for installation coating of equipment for a new structural shape fabrication operation at their existing facility in Steelton Borough, **Dauphin County**. The facility's particulate emissions will be controlled through the use of baghouses. This facility's actual emissions are projected to be 75 tpy of VOC that are also HAPs, 0.9 tpy of PM, 0.4 tpy of NO_x and 0.2 tpy of CO. This plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the sources operating within all applicable air quality requirements.

22-05048: Amerigas Propane, LP (5400 Paxton Street, Harrisburg, PA 17111) for installation of a propane cylinder filling line in their facility in Swatara Township, **Dauphin County**. This line has a potential to emit 47 tons per year of VOCs and 17 tons per year of an HAP. Actual emissions are expected to be 5 tons per year of VOCs and 2 tons per year of an HAP. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the sources operating within all applicable air quality requirements.

67-05012A: Transcontinental Gas Pipe Line Corp.—Station 195 (2800 Post Oak Boulevard (7705G), Houston, TX 77251-1396) for installation of NO_x control on two Nordberg FSE-16 engines in Peach Bottom Township, **York County**. This application approval will result in the facility annual NO_x emissions reduction of approximately 100 to 160 tons. The plan approval will contain

restrictions, monitoring, recordkeeping and work practice standards designed to keep the facility operating within all applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Richard Maxwell, New Source Review Chief, (570) 327-3637.

41-310-001H: Hanson Aggregates Pennsylvania, Inc. (2200 Springfield Pike, Connellsville, PA 15425) for construction of an impact crusher in a limestone crushing and screening plant at the Pine Creek Quarry in Limestone Township, **Lycoming County**.

The proposed crusher will replace an existing cone crusher. The emission of fugitive particulate matter from the new crusher will be prevented/controlled by the processing of prewetted stone and by two water spray dust suppression system spray nozzles at the discharge of the crusher. The resultant fugitive air contaminant emissions are expected to be less than 1 ton per year.

The Department's review of the information submitted by Hanson Aggregates Pennsylvania, Inc. indicates that the proposed crusher will meet all applicable air quality regulations pertaining to air contamination sources and the emission of air contaminants including the fugitive air contaminant emission requirement of 25 Pa. Code § 123.1 and the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue plan approval for the construction of the proposed crusher. Additionally, if plan approval is issued and the crusher is subsequently determined by the Department to have been constructed in accordance with the conditions of the plan approval as well as all applicable regulatory requirements, the conditions of the plan approval will be incorporated into Operating Permit 41-310-001F through administrative amendment in accordance with 25 Pa. Code § 127.450.

The following is a summary of the conditions the Department proposes to place into the plan approval to be issued to ensure compliance with all applicable requirements:

1. The impact crusher shall only process stone which has been prewetted in other process equipment in the existing facility.
2. The impact crusher shall be equipped with two water spray dust suppression system spray nozzles at the discharge of the crusher. More nozzles may be installed without obtaining Department approval but the two required herein may not be omitted or removed.
3. The water supply system for the two water spray dust suppression system spray nozzles at the crusher discharge shall be equipped with a filter to filter out particles which might clog the spray nozzles.
4. The two water spray dust suppression system spray nozzles at the crusher discharge shall be operated on any and all occasions that the crusher is operated except in those instances where conditions are so that the operation of the crusher without the concurrent operation of the spray nozzles can take place without creating air contaminant emissions in excess of the limitations specified in, or established under, any applicable Department rule or regulation. If, however, the spray nozzles are incapable of operation, due to weather conditions or any other reason, the crusher may not be operated.

43-011D: Greenville Metals Inc. (99 Crestview Drive, Transfer, PA 16154) for modification of a plan approval to change the SO₂ emission limit at their Greenville Metals site in Pymatuning Township, **Mercer County**.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department intends to issue a plan approval for their plant in Mercer County. The facility currently has a Title V Permit TV-43-00011. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date. Plan Approval 43-011D is for a minor modification of a plan approval to change the SO₂ emission limit of the MnS Exothermic Reaction Process at the Greenville Metals site in Pymatuning Township, Mercer County. The Plan Approval will contain the following conditions:

1. The sources are subject to 25 Pa. Code §§ 123.1, 123.31 and 123.41 for fugitive, odor and visible emissions, respectively.
2. The exothermic process shall be limited to produce six reactions per day.
3. When conducting an exothermic reaction, the operation of the EAF and AOD shall not be concurrently operating.
4. Particulate emissions from exothermic process shall not exceed 0.04 grain per dry standard cubic foot, respectively.
5. Particulate emissions from the crushing, grinding and screening process shall not exceed 0.04 grain per dry standard cubic foot, respectively.
6. The average gas effluent concentration of SO₂ from the exothermic reaction shall be less than 500 parts per million, by volume, dry basis.
7. Requirements for the Envirotech baghouse and the Torit cartridge collector:
 - a) The permittee shall maintain at a convenient location, a pressure differential gauge to measure the pressure drop across each collector.
 - b) The permittee shall monitor on a daily basis, the pressure drop across each collector, while the source and control device are operating.
 - c) The permittee shall maintain each collector in accordance with the manufacturers recommendations.
 - d) The permittee shall perform monthly maintenance inspections of the collectors.
 - e) The permittee shall maintain a log for each collector indicating the following:
 - i) The date of each monthly maintenance inspection.
 - ii) The name of the person performing the inspection.
 - iii) Record of any bag/cartridge replacement.
 - iv) Any mechanical repairs and/or adjustments.
 - v) Once a week record of the pressure drop across the collector.
 - vi) The date and time of problems with the collector and the corrective action taken.
 - vii) The log shall be maintained at the facility for a period of 5 years and be made available to the Department for review.
8. Daily records shall be maintained of raw materials used and product produced from each MnS reaction.

9. Lime injection records shall be kept for each heat to assure sufficient lime injection takes place to control sulfur emissions.

10. SO₂ emissions in the stack shall be analyzed monthly using an approved SO₂ analyzer to assure sufficient lime injection rates. The stack shall be analyzed in those months when reactions occur and if weather permitting. The frequency of the stack analysis will be monthly for the first 12 months of operation. If no deviations are recorded, the Department will extend the monitoring to quarterly.

11. The determination of the SO₂ emissions shall be based upon 30 stack readings taken at 1-minute increments using the averaging measurement method described in 40 CFR 60, Appendix A—Test Methods: Method 6C.

12. The SO₂ analyzer shall be returned to the manufacturer for calibration, maintenance and certification to original specifications every 6 months unless the certification can be done in house with instrument technicians and EPA approved protocol calibration gases. Records shall be maintained onsite and kept for a period of 5 years of the dates of certification.

Intent to Issue Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter F.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19428; Thomas McGinley, New Source Review Chief, (610) 832-6242.

46-00044: US Can Co. (431 Privet Road, Horsham, PA 19090) for operation of a metal can manufacturing facility in Horsham Township, **Montgomery County**. The permit is for a non-Title V (State-only) facility. The major sources of air emissions are six can production lines, with surface coating and ink jet printers and associated control devices. The permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

46-00148: Pottstown Plating Works, Inc. (Washington Street and Industrial Highway, Pottstown, PA 19464) for a non-Title V, State-only, Natural Minor Operating Permit in Pottstown Borough, **Montgomery County**. Pottstown Plating Works, Inc. performs zinc, copper, nickel and tin-plating of metal parts at their facility. The main sources of emissions are two boilers, sludge dryer, an emergency generator and two plating ovens. The facility has the potential to emit 9.3 tons NO_x per year, 17.6 tons SO_x per year, 0.9 ton PM per year, 5.0 tons CO per year and 0.7 ton VOC per year. Monitoring, recordkeeping and reporting requirements have been added to the permit to address applicable limitations.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Ronald Davis, New Source Review Chief, (717) 705-4702.

07-03008: Nason Hospital (105 Nason Drive, Roaring Spring, PA 16673) for operation of their two natural gas/no. 2 oil fired boilers in Roaring Spring Borough, **Blair County**. The State-only operating permit will include monitoring, recordkeeping, reporting requirements, emission restrictions and work practice standards designed to keep the facility operating within all applicable air quality requirements.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481; Devendra Verma, New Source Review Chief, (814) 332-6940.

61-00191: Seneca Printing and Label, Inc. (Debence Drive, Franklin, PA 16323) for issuance of a Natural Minor Operating Permit to operate their facility in Sandycreek Township, **Venango County**.

37-00307: Slippery Rock Salvage (214 Gardner Avenue, New Castle, PA 16107) for a Natural Minor Permit to operate a scrap steel cutting operation at their New Castle plant in New Castle, **Lawrence County**.

10-00148: Ervin Industries, Inc.—Amasteel Division (681 East Butler Road, Butler, PA 16001) for a Natural Minor operating permit for emissions from the operation of two electric-arc furnaces and associated steel shot/grit processing equipment in Summit Township, **Butler County**.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or

local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Effluent Limits—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas, active areas disturbed by coal refuse disposal activities and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

17041301. NPDES Permit No. N/A, Rosebud Mining Company (301 Market Street, Kittanning, PA

16201), to operate the Penfield Mine in Huston Township, **Clearfield County**, a new underground mine. Surface Acres Proposed 56.4, Underground Acres Proposed 3,776.0, SCP Acres Proposed 3,776.0. Receiving streams: unnamed tributary B to Wilson Run (CWF) and unnamed tributary S to Wilson Run (CWF). Application received February 23, 2004.

32851302. NPDES Permit No. PA0213934, Helvetia Coal Company (P. O. Box 219, 400 Overview Drive, Shelocta, PA 15774), to renew the permit for the Lucerne No. 6-E Mine in Black Lick Township, **Indiana County** and related NPDES permit. No additional discharges. Application received March 2, 2004.

30841316. NPDES Permit No. PA0213535, Consol Pennsylvania Coal Company (P. O. Box 355, 172 Route 519, Eighty Four, PA 15330), to revise the permit for the Bailey Mine in Richhill Township, **Greene County** and related NPDES permit to install the 4 South No. 3 Air Shaft. Surface Acres Proposed 10.9. Receiving streams: unnamed tributary to South Fork Dunkard Fork (WWF). Application received March 23, 2004.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, (814) 472-1900.

32040102 and NPDES Permit No. PA0249491. Britt Energies, Inc., 2450 Philadelphia Street, Indiana, PA 15701, commencement, operation and restoration of a bituminous surface mine in Center Township, **Indiana County**, affecting 201.2 acres. Receiving streams: Yellow Creek, Two Lick Creek, Blacklick Creek, Conemaugh River and Tearing Run (all CWF). There are no potable water supply intakes within 10 miles downstream. Application received March 26, 2004.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, (814) 342-8200.

17990105 and NPDES Permit No. PA0238261. Waroquier Coal Company (P. O. Box 128, Clearfield, PA 16830), renewal of an existing bituminous surface mine permit in Brady Township, **Clearfield County**, affecting 75 acres. Receiving streams: unnamed tributary to Luthersburg Branch, Luthersburg Branch, unnamed tributary to LaBorde Branch to the West Branch of the Susquehanna River. Application received February 18, 2004.

17753050 and NPDES Permit No. PA0044822. River Hill Coal Company, Inc. (P. O. Box 141, Kylertown, PA 16847), renewal of an existing bituminous surface mine permit in Karthaus Township, **Clearfield County**, affecting 687.6 acres. Receiving streams: unnamed tributaries to Saltlick Run, to Saltlick Run, unnamed tributaries to Mosquito Creek, unnamed tributaries to West Branch of the Susquehanna River, Saltlick Run, Mosquito Creek, all to the West Branch of the Susquehanna River. Application received February 27, 2004.

17990110 and NPDES Permit No. PA0238333. M. B. Energy, Inc. (175 McKnight Road, Blairsville, PA 15717),

renewal of an existing bituminous surface mine-auger permit in Chest Township, **Clearfield County**, affecting 350 acres. Receiving streams: Chest Creek to the West Branch of the Susquehanna River. Application received March 8, 2004.

17940101 and NPDES Permit No. PA0219746. Forcey Coal, Inc. (P. O. Box 225, Madera, PA 16661), renewal of an existing bituminous surface mine permit in Beccaria Township, **Clearfield County**, affecting 53 acres. Receiving streams: unnamed tributary to Muddy Run, Muddy Run, Clearfield Creek, West Branch of the Susquehanna River. Application received March 23, 2004.

17663037 and NPDES Permit No. PA0611328. Sky Haven Coal, Inc. (5510 State Park Road, Penfield, PA 15849), renewal of an existing bituminous surface mine permit in Decatur and Woodward Townships, **Clearfield County**, affecting 400.5 acres. Receiving streams: Goss Run and Little Beaver Run, both to Beaver Run to Moshannon Creek to the West Branch of the Susquehanna River. Application received March 29, 2004.

17990124 and NPDES Permit No. PA0242802. River Hill Coal Co., Inc. (P. O. Box 141, Kylertown, PA 16847), transfer of an existing bituminous surface mine permit from Mark Coal Company. The permit is in Bigler Township, **Clearfield County** and affects 73.7 acres. Receiving streams: Muddy Run. Application received March 29, 2004.

17010106 and NPDES Permit No. PA0243086. AMFIRE Mining Company, LLC (One Energy Place, Latrobe, PA 15650), transfer of an existing bituminous surface mine-auger permit from Moravian Run Reclamation Co., Inc. The permit is in Woodward Township, **Clearfield County**, affecting 286.7 acres. Receiving streams: unnamed tributaries to Morgan Run, unnamed tributary to North Branch of Upper Morgan Run and an unnamed tributary to Goss Run. Application received April 7, 2004.

Noncoal Applications Received

Effluent Limits—The following noncoal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum of 0.5 ml/l applied to surface runoff resulting from a precipitation event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

tion in Girard Township, **Erie County**, affecting 93.7 acres. Receiving streams: unnamed tributary to Elk Creek (CWF-MF). There are no potable surface water supply intakes within 10 miles downstream. Transfer from Bedrock Sand & Gravel, Inc. Application received April 7, 2004.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, (814) 342-8200.

4976SM4 and NPDES Permit No. PA0608858. Eastern Industries, Inc. (4401 Camp Meeting Road, Suite 200, Center Valley, PA 18034), renewal of an existing NPDES permit in Middleburg Township, **Tioga County**, affecting 38.1 acres. Receiving streams: Morris Brook and Catlin Hollow to Crooked Creek to Tioga River to Chemung River to North Branch of the Susquehanna River. Application received March 25, 2004.

41040801. Kevin J. Shepard (364 Smith Road, Roaring Branch, PA 17765), commencement, operation and restoration of a small industrial minerals (flagstone/shale) permit in McNett Township, **Lycoming County**, affecting 5 acres. Receiving streams: unnamed tributary, tributary to Lycoming Creek. Application received March 18, 2004.

18040801. Benson W. Probst (668 German Road, Lock Haven, PA 17745), commencement, operation and restoration of a small industrial minerals (topsoil) permit in Wayne Township, **Clinton County**, affecting 5 acres. Receiving streams: Susquehanna River, tributary to Chesapeake Bay. Application received March 25, 2004.

08040802. Henry A. Mast, Jr. (R. D. 1, Box 200-Z, Rome, PA 18837), commencement, operation and restoration of a small industrial minerals (flagstone) permit in Orwell Township, **Bradford County**, affecting 2 acres. Receiving streams: Johnson Creek, tributary to Wysox Creek. Application received April 2, 2004.

Noncoal Applications Returned

Box 87, Alverda, PA 15710), commencement, operation and restoration of a noncoal surface mine and for discharge of treated mine drainage in Pine Township, **Indiana County**, affecting 5.0 acres. Receiving streams: unnamed tributaries to Yellow Creek (CWF) and unnamed tributaries to Dutch Run (CWF). There are no potable water supply intakes within 10 miles downstream. Application received October 30, 2002. Permit withdrawn April 9, 2004.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Depart-

ment of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the FWPCA (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.

E46-957. Lower Perkiomen Valley Regional Sewer Authority (LPVRSa), 5 River Road, P. O. Box 613, Oakes, PA 19456-0613, Upper Providence, Lower Providence, Skippack Township, Collegetown Borough, Trappe Borough and Perkiomen Township River Road, **Montgomery County**, ACOE Philadelphia District.

Upper Perkiomen Interceptor Paralleling Project, LPVRSa—The project proposes to modify an existing sewage conveyance system which conveys sewage to Oaks Water Treatment Plant by constructing and maintaining pipeline parallel to and crossing the Perkiomen Creek (WWF-MF) and crossing several of its tributaries (TSF-MF) and adjacent wetlands (PFO, EM, SS) at 19 different locations. The works involve the following:

1. Construction of 19 utility line and wetland stream crossings of regulated waters of this Commonwealth.
2. Construction and maintenance of approximately 5,800 linear feet of 24-inch diameter sewage pipeline interceptor within the 100-year floodway and floodplain.
3. Construction and maintenance of approximately 4,100 linear feet of 30-inch diameter sewage pipeline interceptor within the 100-year floodway and floodplain.

4. Construction and maintenance of approximately 8,400 linear feet of 36-inch diameter sewage pipeline interceptor within the 100 year floodway and floodplain.

5. Construction and maintenance of seven concrete manholes and appurtenant metering works within close proximity of regulated waters of this Commonwealth associated with the connection of the different sized pipeline segments.

6. Modification and maintenance of nine existing manholes, which exist within regulated waters of this Commonwealth to accommodate the existing and new pipeline connection system and metering device.

The project proposes to temporarily affect approximately 18,300 linear feet and directly affect an approximate total of 17,000 linear feet of floodway, temporarily disturbing approximately 30 acres of floodway and approximately 5 acres of wetlands (PFO/EM/SS). The project is one of several phases of the LPVRSa paralleling project associated with the Oaks Sewage Treatment Facility upgrade. This phase is along the stretch of the Perkiomen starting approximately at 3,000 feet north of the Gratersford Road Bridge running south toward Germantown Pike and terminating approximately 1,460 feet south of where the Germantown Pike crosses Perkiomen Creek. The site spans Upper Providence, Lower Providence, Skippack Township, Collegeville Borough, Trappe Borough and Perkiomen Township, Montgomery County (Collegeville, PA Quadrangle starting at N: 17.60 inches; W: 10.80 inches and ending at N: 9.93 inches; W: 10.15 inches).

E46-958. Lower Perkiomen Valley Regional Sewer Authority (LPVRSa), 5 River Road, Oaks, PA 19456-0613, Upper Providence Township, **Montgomery County**, ACOE Philadelphia District.

Lower Perkiomen Interceptor Paralleling Project Manhole Project PN01—PN38—The project proposes to modify an existing sewage conveyance system which conveys sewage to Oaks Water Treatment Plant by constructing and maintaining pipeline parallel along the floodway of Perkiomen Creek (WWF-MF), across adjacent wetlands (PFO) at three different locations and across five of unnamed tributaries (TSF-MF). The works involve the following:

1. To construct and maintain approximately 7,600 linear feet of 66-inch diameter sewage pipeline interceptor within the 100-year floodway and floodplain.

2. To construct and maintain approximately 5,900 linear feet of 54-inch diameter sewage pipeline interceptor within the 100-year floodway and floodplain.

3. To construct and maintain 38 concrete manholes to facilitate the connection of the different sized pipeline segments.

4. Conduct minor excavation and backfilling within the floodway to facilitate the pipeline construction network, disturbing approximately 20.9 acres.

5. The crossing of five unnamed tributaries to the Perkiomen (TSF-MF) at five points to facilitate the pipe network construction.

The projects proposes to temporarily affect approximately 15,000 linear feet and directly affect an approximate total of 13,500 linear feet of floodway, 80 linear feet of unnamed tributaries and impact 0.30 acre wetlands (PFO) including one large vernal pool. The project is one of several phases of the LPVRSa paralleling project associated with the Oaks Sewage Treatment Facility

upgrade. This phase is along the western bank of the Perkiomen Creek starting approximately at 1,000 feet north of the confluence of Perkiomen Creek and the Schuylkill River running north toward and terminating approximately where Perkiomen Creek meets the Skipack Creek in Upper Providence in Montgomery County (Collegeville, PA Quadrangle starting at N: 4.3 inches; W: 10.3 inches and ending at Valley Forge, PA Quadrangle N: 21.7 inches; W: 11.8 inches).

To place fill in approximately 0.11 acre of PFO wetlands in the Little Bushkill Creek watershed, for the purpose of constructing a subdivision road and a driveway, to impact approximately 0.08 acre of PFO wetlands for the purpose of constructing a stormwater detention basin; and to construct and maintain various utility lines in wetlands. This work is associated with the proposed Janson Woods residential subdivision on the west side of Roosevelt Street, just south of the intersection with Eighth Street (Windgap, PA Quadrangle N: 18.6 inches; W: 6.9 inches).

E48-348. Frederick Kelly Stewart, 315 Allegheny Road, Mount Bethel, PA 18343 in Upper Mount Bethel Township, **Northampton County**, U. S. Army Corps of Engineers, Philadelphia District.

To construct and maintain a private bridge having a single span of approximately 24 feet and an underclearance of approximately 4.5 feet across Allegheny Creek (CWF). The project is on the south western side of Township Road T807 (Allegheny Road), approximately 0.5 mile northwest of Centerville Drive (Portland, PA-NJ Quadrangle N: 0.6 inch; W: 15.1 inches).

To construct and maintain a stream stabilization project in a 2,400-foot reach of the Little Lehigh Creek (HQ-CWF) using natural stream channel design with work consisting of floodway excavation, streambank grading, vegetative planting and the placement of instream structures such as cross rock veins, log veins and boulder clusters. The project is within the Lehigh Country Club. It begins at River Bend Road and extends 2,400 feet downstream to a point approximately 600 feet upstream of Keystone Road (Allentown West, PA Quadrangle N: 8.8 inches; W: 1.0 inch).

E54-312. Cornerstone Real Estate Development, LLC, 1120 Spruce Street, Ashland, PA 17921 in Butler Township, **Schuylkill County**, U. S. Army Corps of Engineers, Baltimore District.

To relocate approximately 900 feet of a tributary to Little Mahanoy Creek (CWF) with the construction and maintenance of 1,130 feet of trapezoidal channel and a 180-foot long stream enclosure to construct and maintain three road crossings of a tributary to Little Mahanoy Creek (CWF) at Pine Street, Cedar Creek Drive and Pine Street; to construct and maintain a road crossing of a de minimis area of PFO wetlands; and the construction of seven driveway crossings to access Lots 17—20 and 32—35 across a tributary to Little Mahanoy Creek. The encroachments are associated with the development of

the Cedar Creek Development subdivision. The project is on the west side of SR 0061, approximately 2.9 miles west of SR 0054 (Ashland, PA Quadrangle N: 4.5 inches; W: 7.0 inches).

E39-430. City of Allentown—Water Department, 435 Hamilton Street, Allentown, PA 18101-1699 in City of Allentown, **Lehigh County**, U. S. Army Corps of Engineers, Philadelphia District.

To remove the existing building and to construct and maintain a 42-foot by 125-foot storage building in the floodway of the Little Lehigh Creek and to construct and maintain a 42-foot by 125-foot storage building in the floodway fringe of the Little Lehigh Creek (HQ-CWF).

The project is at the City's water distribution facility on the east side of Martin Luther King Drive near its intersection with 15th Street (Allentown East, PA Quadrangle N: 17.25 inches; W: 14.7 inches).

E45-462. Department of Transportation, Engineering District 5-0, 1713 Lehigh Street, Allentown, PA 18103 in Jackson Township, **Monroe County**, U. S. Army Corps of Engineers, Philadelphia District.

To remove the existing structure and to construct and maintain a precast concrete arch bridge with a concrete bottom, having a single span of 36 feet and an underclearance of approximately 8 feet across Appenzell Creek (HQ-CWF). The project is along SR 3018 (Neola Church Road), Segment 110, Offset 2035 at a point approximately 0.2 mile west of the SR 3018 and SR 3021 intersection (Saylorsburg, PA Quadrangle N: 15.1 inches; W: 12.8 inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E29-090: Department of Transportation, District 9-0, 1620 North Juniata Street, Hollidaysburg, PA 16648 in Wells Township, **Fulton County**, ACOE Baltimore District.

To remove the existing bridge and then to construct and maintain a 20-foot by 4.75-foot box culvert on a 70 degree skew at the channel of Roaring Run (HQ-CWF) on SR 4010, Segment 0060, Offset 0000, about 2.2 miles northeast of Wells Tannery Village (Wells Tannery, PA Quadrangle N: 20.3 inches; W: 1.0 inch) in Wells Township, Fulton County.

E06-588: Department of Transportation, District 5-0, 1713 Lehigh Street, Allentown, PA 18103 in Colebrookdale Township, **Berks County**, ACOE Philadelphia District.

To extend and maintain the length of an existing bridge at the upstream and by means of constructing a 20-foot wide by 9.5-foot high by 16.8-foot long concrete box culvert at the channel of an unnamed tributary to Swamp Creek (CWF) on SR 0100, Section 00, Segment 0030, Offset 1293 to construct a turning lane for the proposed Colebrookdale Village Shopping Center just north of Boyertown Borough (Boyertown, PA Quadrangle N: 18.8 inches; W: 0.42 inch) in Colebrookdale Township, Berks County.

E22-469: West Hanover Township, 7171 Allentown Boulevard, Harrisburg, PA 17112 in West Hanover Township, **Dauphin County**, ACOE Baltimore District.

To: (1) place fill within the delineated floodway of Beaver Creek (WWF); and (2) replace and maintain an old culvert with a new 57-inch by 38-inch CMPA culvert crossing an unnamed tributary to Beaver Creek (WWF), all for the purpose of super-elevating and widening

Piketown Road, starting at a point approximately 1,000 feet north of Interstate 81 and proceeding for 775 linear feet to the north (Harrisburg East, PA Quadrangle N: 15.35 inches; W: 1.15 inches) in West Hanover Township, Dauphin County.

E01-246: The Brethren Home Community, P. O. Box 128, 2990 Carlisle Pike, New Oxford, PA 17350 in Oxford Township, **Adams County**, ACOE Baltimore District.

To construct and maintain seven wetland road crossings: (1) 24-inch by 61-foot pipe; (2) 12-inch by 81-foot; (3) 15-inch by 83-foot; (4) 18-inch by 60-foot; (5) 30-inch by 60-foot; (6) 24-inch by 60-foot; and (7) 36-inch by 42-foot and an 8-inch by 563-foot sanitary sewer line crossing all unnamed tributaries to South Branch Conewago Creek (WWF) (McSherrystown, PA Quadrangle N: 20.1 inches; W: 4.3 inches) in Oxford Township, Adams County.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1461. Borough of Sewickley, 601 Thorn Street, Sewickley, PA 15143. Chestnut Street outfall in Sewickley Borough, **Allegheny County**, Pittsburgh ACOE District (Ambridge, PA Quadrangle N: 6.25 inches; W: 8.25 inches) (Latitude: 40° 32' 03" and Longitude: 80° 11' 06").

The applicant proposes to remove the existing structure and to construct and maintain a 48-inch diameter outfall structure on the right bank of the Ohio River (WWF) for the purpose of discharging stormwater runoff to the Ohio River. The project is along Chestnut Street, approximately 1,023 feet southwest from the intersection of Ohio River Boulevard (SR 65) and Chestnut Street and will impact 28.0 linear feet of stream channel.

E26-317. Redevelopment Authority of the County of Fayette, 45 East Main Street, Suite 500, Uniontown, PA 15401. Demolition of the Autenreith Building over Dunlap Creek in Brownsville Borough, **Fayette County**, Pittsburgh ACOE District (California, PA Quadrangle N: 3.9 inches; W: 1.9 inches) (Latitude: 40° 1' 17" and Longitude: 79° 53' 19").

The applicant proposed to remove the Autenreith Building over Dunlap Creek (WWF) for the purpose of improving public safety. The demolition of the building includes cutting left side piers below normal flow elevation and cutting the right side piers 2 feet below the streambed. During removal of the structure, a temporary causeway consisting of nine 24-inch diameter pipes and cofferdams will be constructed and maintained. The project is just downstream of High Street Bridge.

E63-443A1. Dredge Docks, Inc., 1290 Maple Street, Crescent, PA 15046. Denbo Landing culvert in Centerville Borough, **Washington County**, Pittsburgh ACOE District (Carmichaels, PA Quadrangle N: 22.3 inches; W: 9.2 inches) (Latitude: 39° 59' 50"—Longitude: 79° 56' 26").

The applicant proposes to amend Permit E63-443 which authorized the construction and maintenance of a 525-foot long barge dock along the left bank of the Monongahela River (WWF) near River Mile 59.8. This amendment will reissue and extend the time on the original permit and authorize the excavation and expansion of an existing pond, the construction and maintenance of a 12-inch diameter discharge culvert for a distance of approximately 805 feet and the discharge culverts outfall to the Monongahela River. The total proposed stream impact is approximately 805 feet of a tributary to the Monongahela River.

E65-844. Bruce Henderson, P. O. Box 945, Ligonier, PA 15658. Hidden Meadow Farm bridges in Ligonier Township, **Westmoreland County**, Pittsburgh ACOE District.

The applicant proposes to construct and maintain two bridges across North Fork Coalpit Run (HQ-CWF) for the purpose of providing access to a proposed dwelling. The first bridge is a 16.0-foot long single span con-span bridge having a normal span of 20.0 feet and an underclearance of 5.5 feet (Wilpen, PA Quadrangle N: 11.35 inches; W: 16.0 inches; Latitude: 40° 18' 45" and Longitude: 79° 14' 23"). The second bridge is a con-span bridge having two normal spans of 24.0 feet and an underclearance of 5.0 feet (Wilpen, PA Quadrangle N: 11.25 inches; W: 15.95 inches; Latitude: 40° 18' 43" and Longitude: 79° 14' 22"). The project is off of Austraw Road, 2.5 miles north of its intersection with Route 259.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E20-535, Crawford County Commissioners. Leimbach Road (T-658); County Bridge No. 44 replacement in Woodcock Township, **Crawford County**, ACOE Pittsburgh District (Blooming Valley, PA Quadrangle N: 21.4 inches; W: 7.4 inches).

The applicant proposed to remove the existing structure and to construct and maintain a 21.67-foot long, 24-foot wide by 5.33-foot high precast concrete arch (Crawford County Bridge No. 44) in Gravel Run (WWF, perennial) on T-658 (Leimbach Road), approximately 800 feet south of the intersection of Gravel Run Road and T-658 (Leimbach Road). The project include a direct impact (de minimis) of 0.014 acre of PEM and 0.02 acre of PSS wetland. The project proposes to directly affect a total of approximately 40 linear feet of stream channel and 0.034 acre of wetland (de minimis): 0.014 acre of PEM and 0.02 acre of PSS wetland.

E62-398, Conewango Valley Country Club, P. O. Box 7, Warren-Jamestown Road, Warren, PA 16365.

Rhine Run Restoration in Conewango and Pine Grove Township, **Warren County**, ACOE Pittsburgh District (Russell, PA-NY Quadrangle N: 6.5 inches; W: 3.6 inches).

To conduct the following activities in/along Rhine Run at the existing Conewango Valley Country Club golf course as repair and restoration of damage caused by July, 2003, flooding:

1. To construct and maintain an 8-foot wide steel beam bridge having a structure length of 50 feet and providing a clear span of approximately 45 feet and a maximum underclearance of 6.5 feet across Rhine Run to provide golf cart access to the no. 16 green and no. 17 tee on the existing golf course.
2. To remove gravel deposits, repair stream bank scour, stabilize and maintain the following along a total reach of approximately 700 feet of the channel of Rhine Run extending upstream from the existing access road bridge adjacent to the no. 16 green:
 - a. Removal of a total of approximately 550 feet of 5 gravel bars.
 - b. Backfill of scoured bank area along both sides of the stream for approximately 500 feet, beginning approximately 300 feet upstream of the golf cart bridge and extending downstream.
 - c. Placement of rock riprap along approximately 650 feet of the right bank beginning 300 feet upstream of the golf cart bridge and extending downstream.
 - d. Placement of rock riprap along approximately 150 feet of the left bank downstream of the golf cart bridge.
 - e. Installation of approximately 180 feet of stone retaining wall along the left bank extending upstream from the golf cart bridge.
3. To remove debris from the channel and floodway area along a total reach of approximately 2,500 feet of Rhine Run beginning approximately 700 feet upstream of the access road bridge and extending upstream.

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable

general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Fecal Coliform					400 mpn/100 ml
Total Chlorine Residual			0.36		1.2

In addition to the effluent limits, the permit contains Part C 6 that requires best management practices to control the discharge of total dissolved solid and resultant osmotic pressure.

PA0032352, Sewerage, SIC 4952, Williamsport Area School District, 1400 West 3rd Street, Williamsport, PA 17701. This existing facility is in Hepburn Township, **Lycoming County**.

Description of Existing Activity: Issuance of an amended NPDES permit for a discharge from a wastewater treatment plant serving the Williamsport Area School District Hepburn-Lycoming Elementary School. The only change from the previous NPDES permit will be a reduction in discharge from 0.016 MGD to 0.006 MGD. Effluent limits will remain unchanged.

The receiving body of water, Lycoming Creek, is in the State Water Plan watershed 10A and is classified for WWF. The nearest downstream public water supply surface water intake for the Pennsylvania American Water Company, on the West Branch of the Susquehanna River, is approximately 38 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.006 MGD.

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Minersville Borough	2 East Sunbury Street Minersville, PA 17954	Schuylkill

Plan Description: The approved plan provides for construction of separate sanitary sewers along Sunbury Street/Tunnel, South Delaware Avenue, Westwood Street, Peach Street, Front Street, South Street and Second Street. All of the new sewers, except the Peach Street sewer, will be connected to the new sewer along Sunbury Street. The Sunbury Street sewer will be connected to the existing 18-inch interceptor that is connected to the wastewater treatment plant. The Peach Street sewer will be a sewer extension from an existing manhole flowing towards Lewis Street. The project will divert approximately 11,000 gallons per day of sewage flow to the treatment plant instead of the Tunnel, that ultimately drains to the West Branch of Schuylkill River.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.

O. Box 9151, Chelsea, MA 02150) concerning the remediation of soils and/or groundwater found or suspected to have been contaminated with

MTBE and other unleaded gasoline constituents. The report was submitted to demonstrate attainment of the Statewide Health Standard.

Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701.

Dar-Way Nursing Home, Elkland Township, **Sullivan County**. Geological & Environmental Associates, Inc., on behalf of Guthrie Healthcare Systems, Guthrie Square, Sayre, PA 18840, has submitted a Final Report concerning groundwater contaminated with PHCs. This Final Report is intended to demonstrate attainment of the Statewide Health Standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information

concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.

Lincoln Avenue and Penn Street Site, Newtown Borough, **Bucks County**. Christopher Orzechowski, RT Environmental Services, Inc., 215 W. Church Rd., King of Prussia, PA 19406, has submitted a Remedial Investigation Report concerning the remediation of site soil contaminated with PAH. The report was approved by the Department on March 31, 2004.

Hoppes Facility, Sadbury Township, **Chester County**. Darryl D. Borrelli, Manko, Gold, Katcher & Fox, 401 City Ave., Suite 500, Bala Cynwyd, PA 19004, has submitted a Final Report concerning the remediation of site soil contaminated with chlorinated solvents and other organics and site groundwater contaminated with chlorinated solvents and MTBE. The Final Report demonstrated attainment of Statewide Health and Site-Specific Standards and was approved by the Department on March 18, 2004.

Going Residence, Lower Merion Township, **Montgomery County**. David J. Klink, Environmental Standards, Inc., 1140 Valley Forge Rd., Valley Forge, PA 19482, on behalf of Mr. Going, 1425 County Line Rd., Rosemont, PA, has submitted a Final Report concerning remediation of site soil contaminated with fuel oil no. 2. The report demonstrated attainment of the Statewide Health Standard and was approved by the Department on April 6, 2004.

RESIDUAL WASTE GENERAL PERMIT

Permits Modified under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Residual Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and residual waste regulations for a general permit to operate residual waste processing facilities and/or the beneficial use of residual waste other than coal ash.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.

General Permit No. WMGR090. Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.

General Permit No. WMGR090 authorizes the processing and beneficial use of reclaimed asphalt pavement (RAP) materials as a roadway construction material. This general permit was modified by incorporating changes to Conditions 25, 26 and Appendix A of the general permit. The changes were necessary to promote and facilitate the beneficial use of RAP materials more effectively. The modified general permit now authorizes: (1) the permittee to distribute or supply RAP materials to any person or municipality who desires to obtain the reclaimed asphalt pavement materials for beneficial use, hereinafter, referred to as "end-user," without registering as required in Condition 13 of the general permit; and (2) the end-user shall provide a signed statement that states the RAP material received will be beneficially used, within 2

weeks of the acceptance of the materials, in accordance with the requirements specified in Appendix A of the general permit. The Central Office modified the general permit on April 12, 2004.

Persons interested in obtaining more information or obtaining copies of the general permit should contact Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Land Recycling and Waste Management, Rachel Carson State Office Building, P. O. Box 8472, Harrisburg, PA 17105-8472, (717) 787-7381. TDD users should contact the Department through the Pennsylvania Relay Service, (800) 654-5984.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

15931. Abandoned Mine Land Reclamation Project in Barr Township, **Cambria County**, Baltimore ACOE District (Colver Quadrangle N: 21.62 inches; W: 1.62 inches). The applicant proposes to remove an abandoned 17.4-acre refuse pile adjacent to the West Branch Susquehanna River. The project will include encroachment along 1,700 feet of stream channel during removal of refuse from the floodplain. The project will encroach upon 1,700 feet of the West Branch Susquehanna River. The project will restore a 50-foot floodplain along 1,700 feet of the West Branch Susquehanna River. Completion of the project will also stop the ongoing discharge of refuse into the river and stop the production and subsequent discharge of acid mine drainage from the site into the river.

SPECIAL NOTICES

Proposed Permit Transfers for Facilities

The Department of Environmental Protection (Department) proposes to transfer certain permits, licenses and approvals previously issued to various water utility companies with the current Department database client name of Philadelphia Suburban Water Company or Pennsylvania Suburban Water Company to Aqua Pennsylvania, Inc. The list of affected facilities and counties follows. A detailed list of the affected permits, licenses and approvals is available on the Department's website: www.dep.state.pa.us (DEP Keyword: Aqua Pennsylvania permit transfer).

Questions on this proposed permit transfer should be directed to the appropriate Department Regional Office:

<i>Regional Office</i>	<i>Contact</i>	<i>Telephone</i>	<i>e-mail</i>
Southeast	John Kennedy	(610) 832-6028	johkennedy@state.pa.us

Availability of Pennsylvania General Permit for Processing/Beneficial Use of Residual Waste (WMGR096)

The Department of Environmental Protection (Department) authorizes General Permit WMGR096 for the beneficial use of regulated fill when moved offsite or received onsite. Under this General Permit, regulated fill may only be moved to a property that is approved for construction and that is zoned and used exclusively for commercial and industrial uses or that is unzoned but is exclusively used for commercial and industrial uses (excluding parks, playgrounds, nursing homes, child care facilities, schools or other residential-style facilities or recreation areas). This General Permit does not authorize blending or processing of material to meet concentration limits specified in Table GP-1 of the General Permit. This General Permit is issued under the authority of the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003), the Pennsylvania Used Oil Recycling Act (58 P.S. §§ 471—480), The Clean Streams Law (35 P.S. §§ 691.1—691.1001), sections 1905-A, 1917-A and 1920-A of The Administrative Code of 1929 (71 P.S. §§ 510-5, 510-17 and 510-20) and the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P.S. §§ 4000.101—4000.1904).

Notice for public comment on proposed General Permit WMGR096 was published at 33 Pa.B. 5573 (November 8, 2003) with provision for a 62-day public comment period, which concluded on January 9, 2004.

This General Permit begins on April 13, 2004, and will expire at 12 a.m. on April 13, 2009.

A copy of General Permit WMGR096, including the comment and response document, is available from the Bureau of Land Recycling and Waste Management, P. O. Box 8471, Harrisburg, PA 17105-8471, (717) 783-7509, tfidler@state.pa.us. A copy of General Permit WMGR096 is also available on the Department's website: www.dep.state.pa.us (DEP Keyword: DEP Waste Management; select "Management of Fill Policy").

Availability of Technical Guidance

Technical guidance documents are on the Department of Environmental Protection's (Department) website (www.dep.state.pa.us) at the Public Participation Center page. The "Current Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various Department bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to the Department's draft technical guidance documents.

The Department will continue to revise its nonregulatory documents, as necessary, throughout 2004.

Ordering Paper Copies of Department Technical Guidance

The Department encourages the use of the Internet to view guidance documents. When this option is not avail-

able, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling the Department at (717) 783-8727.

In addition, bound copies of some of the Department's documents are available as Department publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

Final Technical Guidance

DEP ID: 012-0501-002. Title: Environmental Justice Public Participation Policy. Description: This policy implements the public participation recommendations of the Environmental Justice Work Group June 2001 report. It provides direction and guidance to Department staff on how to identify an Environmental Justice Area, based on proximity to the site of a proposed facility in a permit application as well as on demographic data. The policy enables the Department to design a public participation strategy for permit applications within those areas. Effective Date: April 24, 2004. Contact: Marcus Kohl, (717) 783-5630, mkohl@state.pa.us.

DEP ID: 258-2182-773. Title: Management of Fill. Description: This policy, which replaces the Department's existing Clean Fill Policy dated February 29, 1996, provides the Department's procedures for determining whether material is clean fill or regulated fill. Under the policy, regulated fill may not be used unless the activity involving the regulated fill is covered by a general permit issued by the Department under the authority of the Solid Waste Management Act (SWMA). The policy does not apply to mine land reclamation activities subject to a permit. The excavation, movement or reuse of fill material within a project area or right-of-way of a project is not an activity that requires an SWMA permit. Effective Date: April 24, 2004. Contact: Tom Fidler, (717) 783-7816, tfidler@state.pa.us.

Draft Technical Guidance—Substantive Revision

DEP ID: 012-0200-002. Title: Policy for Consideration of Comprehensive Plans and Zoning Ordinances in DEP Review of Grants and Funding for Facilities and Infrastructure. Description: On October 14, 2000, this guidance was published as an Interim Policy at 30 Pa.B. 5336 (October 14, 2000) with a 30-day public comment period. Under comments received, the Department revised the policy and is seeking additional comments on the proposed revisions. The revised guidance provides direction to Department staff for the implementation of Acts 67 and 68 of 2000 in the administration of current Department grants and funding decisions to avoid or minimize conflicts with local land use decisions. The revised guidance addresses how the Department will consider comprehensive plans and generally consistent zoning ordinances when reviewing grant applications for facilities or infrastructure development. Written Comments: Interested persons may submit written comments on draft technical guidance document #012-0200-002 by May 24, 2004. Comments submitted by facsimile will not be accepted; however, the Department will accept comments submitted by e-mail. A return name and address must be included in each e-mail transmission. Written comments should be submitted to Julia Anastasio, Executive Policy Specialist,

Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P. O. Box 2063, Harrisburg, PA 17105-2063, janastasio@state.pa.us. Questions regarding the draft technical guidance document should be directed to Julia Anastasio, (717) 783-8727.

Draft Technical Guidance

DEP ID: 012-0200-004. Title: Policy for Applications for Technical or Financial Assistance Proposals Consistent with Multi-Municipal Planning Under Acts 67 and 68. Description: This draft guidance addresses how the Department will consider multi-municipal planning efforts in the awarding of financial or technical assistance by the Department. The policy is intended to encourage multi-municipal planning by giving priority in the ranking or scoring of applications originating from areas of this Commonwealth that have undertaken planning on a regional basis. The draft guidance document applies only to applications for proposed projects in counties and local municipalities covered under the Pennsylvania Municipalities Planning Code (MPC), 53 P. S. §§ 10101—11202, as amended by Acts 67 and 68 of 2000. The MPC does not apply to first and second class cities (Philadelphia and Pittsburgh) or first class counties (Philadelphia). Written Comments: Interested persons may submit written comments on draft technical guidance document #012-0200-004 by May 24, 2004. Comments submitted by facsimile will not be accepted; however, the Department will accept comments submitted by e-mail. A return name and address must be included in each e-mail transmission. Written comments should be submitted to Julia Anastasio, Executive Policy Specialist, Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P. O. Box 2063, Harrisburg, PA 17105-2063, janastasio@state.pa.us. Questions regarding the draft technical guidance document should be directed to Julia Anastasio at (717) 783-8727.

Pennsylvania Energy Harvest Grant Program Applications

The Department of Environmental Protection (Department) announces the availability of \$5 million in the second year of the Commonwealth's Energy Harvest Grant Program for innovative energy projects addressing the concerns of air quality protection or improvement and watershed protection or improvement.

Grants will fund projects that promote awareness and build markets for cleaner or renewable energy technologies. Proposals should manage this Commonwealth's energy resources in a way that also improves the environment, supports economic development and enhances quality of life.

Eligible proposals include: renewable energy deployment, including biomass energy; waste coal reclamation for energy; demonstration of innovative energy efficiency technologies; and distributed generation projects. Special consideration will be given to proposals that assist farmers and reclaim waste coal.

Applications are available by contacting the Department of Environmental Protection, Office of Energy and Technology Development, 15th Floor, Rachel Carson

State Office Building, 400 Market Street, P. O. Box 8772, Harrisburg, PA 17105-8772, (717) 783-8411. Applications are also available on the Department's website: www.dep.state.pa.us (DEP Keyword DEP Energy Harvest). The application package contains the materials and instructions necessary for applying for a grant.

Applications must be postmarked or received by 4 p.m. on July 23, 2004. Faxes will not be accepted. Use staples only, no binding or cover pages.

DEPARTMENT OF LABOR AND INDUSTRY

Application for Plan Approval and Permit for a Liquefied Petroleum Gas Facility

The Department of Labor and Industry (Department) publishes this notice of application under section 10 of the Propane and Liquefied Petroleum Gas Act (35 P.S. § 1329.10). The Department received an application for plan approval and permit from the following liquefied petroleum gas (LPG) facility: UGI Energy, Franklin Street, Steelton, PA 17113.

The application is for adding 12 additional 30,000-gallon LPG storage tanks to the location. The addition of the 12 tanks would make a total of 24 30,000-gallon LPG storage tanks at the location. According to the application, the facility will have railway offloading capability as well as loading and offloading of transports and bobtails.

The due date for protests or comments concerning this application is 45 days after the date of this published notice. A party that fails to file a timely protest will be barred from participation in the application process. However, a municipality or county may submit written comments within 45 days after the date of publication of this notice.

Written protests or comments should be sent to Charles J. Sludden, Jr., Director, Bureau of Occupational and Industrial Safety, Department of Labor and Industry, 1629 Labor and Industry Building, Harrisburg, PA 17120.

Under the State Lottery Law (72 P.S. §§ 3761-101—3761-314) and 61 Pa. Code § 819.203 (relating to notice of instant game rules), the Secretary of Revenue hereby provides public notice of the rules for the following instant lottery game:

1. *Name:* The name of the game is Pennsylvania Dough in a Row.
2. *Price:* The price of a Pennsylvania Dough in a Row instant lottery game ticket is \$1.

3. *Play Symbols:* Each Pennsylvania Dough in a Row instant lottery game ticket will contain one play area. The play symbols and their captions located in the play area are: 1 (ONE), 2 (TWO), 3 (THREE), 4 (FOUR), 5 (FIVE), 6 (SIX), 7 (SEVEN), 8 (EIGHT), 9 (NINE) and a Bank Roll Symbol (BKROLL).

4. *Prizes:* The prizes that can be won in this game are \$1, \$2, \$5, \$10, \$20, \$40, \$80 and \$2,000.

5. *Approximate Number of Tickets Printed for the Game:* Approximately 9,360,000 tickets will be printed for the Pennsylvania Dough in a Row instant lottery game.

6. *Determination of Prize Winners:*

(a) Holders of tickets with three matching play symbols of Bank Roll (BKROLL) in a left to right diagonal in the play area, and a prize amount of \$2,000 in the corresponding prize arrow, on a single ticket, shall be entitled to a prize of \$2,000.

(b) Holders of tickets with three matching play symbols of Bank Roll (BKROLL) in a right to left diagonal in the play area, and a prize amount of \$80 in the corresponding prize arrow, on a single ticket, shall be entitled to a prize of \$80.

(c) Holders of tickets with three matching play symbols of Bank Roll (BKROLL) in the right column in the play area, and a prize amount of \$40 in the corresponding prize arrow, on a single ticket, shall be entitled to a prize of \$40.

(d) Holders of tickets with three matching play symbols of Bank Roll (BKROLL) in the bottom row in the play area, and a prize amount of \$20 in the corresponding prize arrow, on a single ticket, shall be entitled to a prize of \$20.

(e) Holders of tickets with three matching play symbols of Bank Roll (BKROLL) in the middle row in the play area, and a prize amount of \$10 in the corresponding prize arrow, on a single ticket, shall be entitled to a prize of \$10.

(f) Holders of tickets with three matching play symbols of Bank Roll (BKROLL) in the left column in the play area, and a prize amount of \$5 in the corresponding prize arrow, on a single ticket, shall be entitled to a prize of \$5.

(g) Holders of tickets with three matching play symbols of Bank Roll (BKROLL) in the top row in the play area, and a prize amount of \$2 in the corresponding prize arrow, on a single ticket, shall be entitled to a prize of \$2.

(h) Holders of tickets with three matching play symbols of Bank Roll (BKROLL) in the middle column in the play area, and a prize amount of \$1 in the corresponding prize arrow, on a single ticket, shall be entitled to a prize of \$1.

7. *Number and Description of Prizes and Approximate Odds:* The following table sets forth the approximate number of winners, amounts of prizes and approximate odds of winning:

<i>Get</i>	<i>Win:</i>	<i>Approximate Odds 1 In:</i>	<i>Approximate No. of Winners Per 9,360,000 Tickets</i>

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>
2-145	Department of Agriculture Food Employer Certification (34 Pa.B. 831 (February 14, 2004))	3/15/04	4/14/04
11-217	Insurance Department Annual Audited Insurers' Financial Report Required (34 Pa.B. 844 (February 14, 2004))	3/15/04	4/14/04
17-65	Pennsylvania State Police Use of Unmarked Vehicles (34 Pa.B. 853 (February 14, 2004))	3/15/04	4/14/04
16A-5118	State Board of Nursing Approval of Diploma Programs in Transition to Degree-Granting Status (34 Pa.B. 851 (February 14, 2004))	3/15/04	4/14/04

**Department of Agriculture Regulation No. 2-145
Food Employee Certification
April 14, 2004**

We submit for consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The Department of Agriculture (Department) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on March 15, 2004. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Section 76.7. Certification training programs: Food safety protection and training standards and § 76.12. Renewal of certificate.—Statutory authority.

The Food Employee Certification Act (act) requires the Department to establish in regulations “[T]he number of hours necessary to prepare employees for safe food handling due to the food establishment’s scope of business” (3 P. S. § 6504(g)(1)(iii)). The act’s requirement is met by existing § 76.7(a) which requires “at least 15 hours of instruction” and existing § 76.12(a) which requires “at least 7.5 hours of approved continuing education.” However, this rulemaking deletes the number of hours from §§ 76.7(a) and 76.12(a). If the Department deletes these provisions, how will the regulation be in compliance with the act?

2. Miscellaneous clarity issues.

a) The following terms are being deleted from § 76.2. However, these terms continue to be used in the regulation as follows. The Department should either retain these definitions or explain why they are no longer needed.

<i>Term</i>	<i>Used</i>
Food contact surface	Definition of “sanitizing”
HACCP	§ 76.8(1)—(3)
Retail food store	Definition of “food establishment”
Water activity	Definition of “potentially hazardous food”

b) We were unable to find the term “food code” used in the regulation. It should be deleted from § 76.2 or the Department should explain the need for it.

c) Section 76.3(b) states “The certificate shall be in the general category unless one of the following is *accurate*: . . .” (Emphasis added.) It would be clearer to state “. . . unless one of the following applies: . . .”

d) Section 76.5(b)(2)(iii) ends with the phrase “are accurate.” This phrase should be replaced with “apply.”

e) Section 76.5(b)(2)(iv)(B), which addresses programs administered by an entity other than the Department, ends with the phrase “. . . and meets the requirements referenced in clause (A).” The dependence of clause (B) on requirements in clause (A) gives the appearance that entities other than the Department fall “under section 4(g)(2) of the act.” Is the intent for programs in clause (B) to only meet “the course content requirements in § 76.7(b)”?

f) Section 76.8(1)—(3) makes a general cross reference to § 76.5(b)(2). More specific cross references should be used since there are specific subparagraphs in § 76.5(b)(2) that directly correspond to each certificate

category. For example, § 76.8(3) describes a “modified” certificate and should therefore cross reference § 76.5(b)(2)(iii).

**Insurance Department Regulation No. 11-217
Annual Audited Insurers’ Financial Report
Required
April 14, 2004**

We submit for consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The Insurance Department must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on March 15, 2004. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

Section 147.8. Scope of audit and report of independent certified public accountant.—Clarity.

Subsection (d) states “The Commissioner may from time to time prescribe that additional auditing procedures be observed by the independent certified public accountant in the audit of the financial statements of insurers under this chapter.” The phrase “from time to time” is vague and should be deleted. Also, the final-form regulation should identify under what circumstances additional auditing procedures may be required.

**Pennsylvania State Police Regulation No. 17-65
Use of Unmarked Vehicles
April 14, 2004**

We submit for consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The Pennsylvania State Police (State Police) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on March 15, 2004. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Section 42.1. Purpose.—Clarity; Implementation procedures.

This section states the following: “This chapter governs the use of unmarked vehicles. It is necessary to establish uniformity in the use of unmarked vehicles for the purpose of law enforcement.” Under 75 Pa.C.S. § 3328, regarding unmarked police vehicles, the State Police is directed to “. . . promulgate regulations for the use of unmarked vehicles by police officers.” More specifically, subsection (a)(1) directs the State Police to “establish the procedure to be used by a police officer in an unmarked vehicle when stopping a motorist.”

Does this regulation apply to stops or pursuits regarding traffic violations or all stops or pursuits that involve unmarked vehicles? In the final-form rulemaking, the State Police should clearly indicate the scope of the requirement in its preamble and in § 42.1.

We note the phrase “permit the use of unmarked vehicles for law enforcement” also appears in § 42.2. If any changes are made to § 42.1, a similar change should be made to § 42.2.

2. Section 42.2. Policy and effect.—Statutory authority; Legislative intent; Conflict with statute; Policy decision requiring legislative review.

This section includes the following: “Failure to comply with this chapter does not affect the legality of any arrest or citation, nor will it be grounds for the suppression of evidence.” We have several concerns with this statement.

First, we question whether there is a statutory or constitutional basis for this provision. As regulations have the force and affect of law, a police officer’s failure to comply may raise a question as to the legality of the arrest. Is it the intent of the regulation to prevent a judge from considering the arresting officer’s compliance with the regulations in deciding a suppression motion or allowing a defense to the prosecution?

Second, we believe that § 42.2 conflicts with Act 75’s amendment to 75 Pa.C.S. § 3733(c). As amended, 75 Pa.C.S. § 3733(c) authorizes a defense to a prosecution based on, among other things, recognition of the police officer’s vehicle, the ability to identify the police officer because of his uniform or badge and “*any other factor considered relevant by the court.*” (Emphasis added.) Therefore, a court is authorized by law to consider a police officer’s “failure to comply” with regulations addressing vehicle identification and uniform requirements.

Third, we question whether § 42.2 belongs in the regulation. We believe it represents a policy decision of such substantial nature that it requires legislative review. There is nothing in the previously cited statutory provisions regarding unmarked cars that indicates the legislative intent to restrict what may or what may not be entered into evidence. In contrast, whenever the General Assembly intended to address what a court may consider, it did so in clear and unmistakable terms. For instance, 75 Pa.C.S. § 1547(c), regarding chemical testing to determine sobriety, clearly establishes what may be entered into evidence. Likewise, 18 Pa.C.S. § 5721.1(b) explicitly establishes what nonconstitutional violations a court may consider in deciding a suppression motion.

3. Section 42.3. Definitions.—Conflict with existing regulations; Clarity.

Light bar assembly

The definition of “light bar assembly” differs from that of the Department of Transportation in 67 Pa. Code § 173.2. Section 42.22(b) states that 67 Pa. Code § 173, regarding flashing or revolving lights on emergency and authorized vehicles, shall be utilized when officers stop suspected violators. To avoid confusion, we recommend that the definition of “light bar assembly” be amended to be consistent with the definition in 67 Pa. Code § 173.2.

Marked police vehicle and unmarked police vehicle

This section defines the terms “marked police vehicle” and “unmarked police vehicle.” However, these terms are not used in the body of the regulation. Instead, the terms “marked unit” and “unmarked vehicle” are used throughout the regulation. We recommend using the defined terms “marked police vehicle” and “unmarked police vehicle” in the regulation.

“Unmarked police vehicle” is defined as “A police vehicle not equipped with a roof mounted light-bar assembly. The vehicle may display graphics, markings or decals identifying the agency or department.” The second sentence creates ambiguity in the definition and should be deleted.

Police officer

The term “police officer” is used in 75 Pa.C.S. § 3328. This rulemaking uses the term “officer.” The preamble to the final-form rulemaking should explain the reason for using the term “officer” instead of “police officer” and note who would fall under the definition of “officer.” We also recommend defining the term “officer” and using it throughout the regulation.

4. Section 42.21. Identification and uniform requirements.—Clarity.

Identification

Subsection (a) establishes the procedures to be used by officers when identifying themselves. It states, in part: “If the officer does not carry official identification, the officer *should* not attempt to stop traffic law violators, unless there is immediate threat to public safety.” (Emphasis added.) The term “should” is nonregulatory language, which indicates that this provision is optional. It is inappropriate to include optional provisions in a regulation. We recommend that the term “should” be replaced with the word “shall.”

Uniforms

Subsection (b) establishes uniform requirements for officers using unmarked vehicles. It states, in part: “Markings on alternative attire *should* be visible from the front and back.” (Emphasis added.) Similar to our previous comment, we recommend that the term “should” be replaced with the word “shall.”

5. Section 42.22. Vehicle stops and pursuits.—Implementation procedures.

Subsection (b) relates to the use of audible and visual signals while operating an unmarked vehicle. It states that the requirements and standards in 67 Pa. Code § 173 shall be used when officers stop suspected violators. Under 75 Pa.C.S. § 3328(a)(2), the regulations shall “require the use of audible and visual signals which meet the requirements and standards set forth in this title and in regulations adopted by the department.”

Section 173 of 67 Pa. Code does not address audible signal requirements. What audible standards are the State Police required to use when stopping suspected violators? We recommend the State Police add a citation to the specific regulations governing audible requirements in this section.

State Board of Nursing Regulation No. 16A-5118

Approval of Diploma Programs in Transition to Degree-Granting Status

April 14, 2004

We submit for consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The State Board of Nursing (Board) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on March 15, 2004. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

Section 21.51. Establishment.—Reasonableness; Implementation procedures; Need; Clarity.

Subsection (a)—accreditation agencies and leadership

Subsection (a) states that a nursing program shall be developed at a regionally accredited university or college, or a hospital approved by the Joint Commission on Accreditation of Hospitals (JCAHO), and under the leadership of a registered nurse. There are two areas of concern.

The House Professional Licensure Committee (House Committee) in its comments questioned whether a program transitioning from a hospital-based nursing education program would be required to be under the leadership of a registered nurse. This question relates both to the existing structure of subsection (a) and the use of the phrase “except as follows” in the proposed regulation. According to the Board counsel, the intent is that all nursing education programs be under the leadership of a registered nurse. This is consistent with existing §§ 21.71(b) and 21.74(b) which require advanced degrees in nursing and nursing experience for directors of both diploma and degree programs.

Since the requirement is in place elsewhere in existing regulations, inclusion of the phrase “under the leadership of a registered nurse” in subsection (a) may be duplicative and unnecessary. To avoid confusion, the Board should consider amending the regulation in the final-form version by deleting this phrase or moving it to a separate subsection that states it is a requirement for all programs including ones in transition from diploma-granting to degree-granting status.

Second, a commentator suggested that the subsection identify both the JCAHO and the Healthcare Facilities Accreditation Program (HFAP) as agencies that can approve hospitals. The commentator noted that the Federal government has approved both the HFAP and the JCAHO for hospital accreditation.

The shortage of nursing staff is a recognized and well documented concern. The existence of more nursing education programs could stimulate greater entry by qualified people into the profession. Therefore, the Board should review the need to limit diploma programs to hospitals accredited by the JCAHO when hospitals may receive accreditation from other organizations.

Subsection (a)(1)—approval status

Subsection (a)(1)(iii) states that a hospital-based nursing program must maintain “full approval status under § 21.33 (relating to types of approval) for at least 3 years prior to the transition.” The process for accreditation and final approval for degree-granting status may take 6 years after an institution first receives initial approval by the Department of Education (Department). It is our understanding that the Board will require programs to achieve “full approval status” for 3 years before they start the transition. In the final-form regulation, the Board should amend § 21.51(a)(1)(iii) to specify that programs need to have 3 years of “full approval status” before they apply to the Board to start the transition process.

Subsection (a)(2)(ii) and (iii)—transition requirements

Subsection (a)(2) sets forth requirements for programs in transition to degree-granting status. There are two concerns with these subsections.

First, subsection (a)(2)(ii) requires programs in transition to submit annual progress reports. Existing § 21.124 already requires schools of nursing to file annual reports

with the Board. To avoid duplicative language, we recommend that the final-form regulation be amended to delete the annual report requirement in subsection (a)(2)(ii).

Second, subsection (a)(2)(iii) states that the program shall be reviewed onsite, but does not identify what entity will do the review. It is also unclear when the review will take place. The final-form regulation should clearly state that the Board will perform the review. It should also reference section 6.1 of the Professional Nursing Law (act) (63 P. S. § 216.1) that requires a site visit to a nursing education program at least once every 3 years.

Subsection (a)(2)(iv)—time period for transition

This subsection requires programs in transition to continue on initial approval under § 21.33 until the university or college achieves full approval status from the Department or for 6 years, whichever occurs first. There are two concerns with this subsection.

First, the House Committee questions the intent of this subsection and what happens after 6 years if the program does not obtain full approval from the Department. We share the House Committee’s concern and note that § 21.33(a) does not include a specific time limit for initial approval.

If the program does not obtain full approval from the Department within 6 years, the next step is unclear. What happens to the program and its students? Will the program in transition be required to follow the provisions in § 21.41, regarding discontinuance of a school of nursing, or will it revert back to a hospital-based program? The final-form regulation should specify the consequences of not meeting the 6-year time limit.

Second, the preamble indicates that it may take up to 6 years for a college or university to obtain “full approval for regional accreditation.” However, it is our understanding that 6 years is the approximate time it takes. It could take less or more time for a legitimate institution to achieve accreditation. The 6-year time frame is an estimate. Is it necessary to use 6 years as a time limit? The programs are already required to file annual reports with the Board and the Board is required to do onsite reviews at least once every 3 years. Therefore, the Board should be able to monitor their progress. Retaining the 6-year time frame could force the Board to close an educational program that was actually on the verge of receiving accreditation.

Subsections (a)—(e)—nursing education programs, procedures and requirements

In the existing regulation, subsection (a) states that colleges, universities and hospitals must be accredited to establish nursing education programs. Subsections (b)—(e) set forth procedures and requirements for these programs. The proposed regulation adds a new nursing education program option and its procedures and requirements to subsection (a). We have three concerns.

First, the new language in subsection (a) identifies the programs in transition as an exception. In contrast, the act includes these programs in its list of “approved programs” for nursing education. The last sentence of section 6(a) of the act (63 P. S. § 216(a)) reads:

Approved programs shall include baccalaureate degree, associate degree, diploma nursing programs and programs in transition from approved diploma-to-degree-granting programs when all other requirements of the Board have been met.

Hence, the diploma programs in transition are not an exception in the act. They are approved programs. Sub-

section (a) should reflect the act by listing the different types of approved nursing education programs.

Second, subsection (a)(1) begins with a lengthy and complex sentence followed by a list of requirements. The long sentence seeks to describe programs in transition by using numerous modifiers. If the basic definition of the programs in transition is moved to subsection (a), then the standards and requirements for these programs could be a separate provision. The unique content of subsection (a)(1) and (2) could be set forth in a separate subsection in the same way that requirements for the existing programs are contained in subsections (b)—(e).

Third, it is unclear whether the existing requirements in subsections (b)—(e) will also apply to programs in transition since they are identified as exceptions. The final-form regulation should specify whether these programs must also comply with subsections (b)—(e).

Miscellaneous clarity

In the course of our review, we identified the following issues regarding clarity.

The first paragraph of § 21.51(a) uses the term “nursing program” and this term is also used in existing § 21.51(b)(1)(ii) and (iii). Section 21.51(a)(1) and (2) uses the term “nursing education program.” If “nursing program” and “nursing education program” are the same type of program, then the regulation should use just one of the two terms.

Second, the word “wishing” is not standard regulatory language. It is used in subsection (a)(1) and (2) in the proposed regulation. The final-form regulation should state that diploma-granting programs may be modified into degree-granting programs if they meet the specified requirements.

Third, § 21.51(a)(1)(iii) refers to “full approval status” under § 21.33. There are three different types of approval identified in existing § 21.33. Full approval is described in § 21.33(b). Section 21.51(a)(1)(iii) should identify the specific subsection (§ 21.33(b)) that defines full approval for nursing education programs. In addition, the reference in § 21.51(a)(2)(iv) to “initial approval” under § 21.33 should specifically refer to § 21.33(a).

Fourth, subsection (a)(2)(i) refers to “all other Board regulations pertaining to nursing education programs.” Would this provision be necessary if these programs were considered another version of an approved nursing education program rather than an exception? If it is necessary, then it should reference Chapter 21, Subchapter A.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Default Order

Public Meeting held
April 1, 2004

Commissioners Present: Terrance J. Fitzpatrick, Chairperson; Robert K. Bloom, Vice Chairperson; Glen R. Thomas; Kim Pizzingrilli; Wendell F. Holland

*Pennsylvania Public Utility Commission Law Bureau
Prosecutory Staff v. Atlanta New York Warehouse Outlets
(2003.0264.00); C-20031967; A-310739*

Default Order

By the Commission:

On October 17, 2003, the Law Bureau Prosecutory Staff filed a Formal Complaint against Atlanta New York Warehouse Outlets (the Respondent), an interexchange reseller certificated at A-310739. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to the Respondent that under 66 Pa.C.S. § 504 its 2002 Annual Report was due. The Complaint charged that the Respondent violated 66 Pa.C.S. § 504 by failing to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling the Respondent's certificate of public convenience for failure to file its 2002 Annual Report.

According to the United States Postal Service return receipt, the Complaint was served on November 25, 2003. To date, more than 20 days later, no answer has been filed to the Complaint and the 2002 Annual Report has not been filed. In addition, we are not aware that Respondent has any current customers in this Commonwealth, and Respondent was never assigned any NXX codes.

Based on Respondent's failure to file an answer to the Complaint or file its 2002 Annual Report, we conclude that revocation of Atlanta New York Warehouse Outlets' certificate of public convenience is in the public interest.

The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of another remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504, 505, 506 and 3301. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under section 3301, instead of cancellation, if Respondent seeks relief from this Default Order; *Therefore,*

It Is Ordered That:

1. The allegations in the Law Bureau Prosecutory Staff's Complaint are deemed admitted and the Complaint is thereby sustained.

2. The Secretary serve a copy of this Default Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff and the Attorney General's Bureau of Consumer Protection, and also cause a copy of this Default Order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. Atlanta New York Warehouse Outlets immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide written notice to any existing customers directing each to select an alternative service provider within 30 days of the date of the notice. The notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established under Ordering Paragraph No. 2.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by Atlanta New York Warehouse Outlets at A-310739 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

Default Order

By the Commission:

On October 17, 2003, the Law Bureau Prosecutory Staff filed a Formal Complaint against BCGI Communications Corp. (the Respondent), an interexchange reseller certificated at A-310890. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior

written notices to the Respondent that under 66 Pa.C.S. § 504 its 2002 Annual Report was due. The Complaint charged that the Respondent violated 66 Pa.C.S. § 504 by failing to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling the Respondent's certificate of public convenience for failure to file its 2002 Annual Report.

According to the United States Postal Service return receipt, the Complaint was served on December 1, 2003. To date, more than 20 days later, no answer has been filed to the Complaint and the 2002 Annual Report has not been filed. In addition, we are not aware that Respondent has any current customers in this Commonwealth, and Respondent was never assigned any NXX codes.

Based on Respondent's failure to file an answer to the Complaint or file its 2002 Annual Report, we conclude that revocation of BCGI Communications Corp.'s certificate of public convenience is in the public interest. The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of another remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504, 505, 506 and 3301. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under section 3301, instead of cancellation, if Respondent seeks relief from this Default Order; *Therefore,*

It Is Ordered That:

1. The allegations in the Law Bureau Prosecutory Staff's Complaint are deemed admitted and the Complaint is thereby sustained.

2. The Secretary serve a copy of this Default Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff and the Attorney General's Bureau of Consumer Protection, and also cause a copy of this Default Order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. BCGI Communications Corp. immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide written notice to any existing customers directing each to select an alternative service provider within 30 days of the date of the notice. The notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established under Ordering Paragraph No. 2.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by BCGI Communications Corp. at A-310890 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

Default Order

By the Commission:

On October 17, 2003, the Law Bureau Prosecutory Staff filed a Formal Complaint against Eastern Telecommunications, Inc. (the Respondent), an interexchange reseller and a reseller of local services carrier certificated at A-310394. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to the Respondent that under 66 Pa.C.S. § 504 its 2002 Annual Report was due. The Complaint charged that the Respondent violated 66 Pa.C.S. § 504 by failing to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling the Respondent's certificate of public convenience for failure to file its 2002 Annual Report.

According to the United States Postal Service return receipt, the Complaint was served on November 24, 2003. To date, more than 20 days later, no answer has been filed to the Complaint and the 2002 Annual Report has not been filed. In addition, we are not aware that Respondent has any current customers in this Commonwealth, and Respondent was never assigned any NXX codes.

Based on Respondent's failure to file an answer to the Complaint or file its 2002 Annual Report, we conclude that revocation of Eastern Telecommunications, Inc.'s certificate of public convenience is in the public interest. The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of another remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504, 505, 506 and 3301. *Pennsylvania Public Utility Commission Law Bureau
Prosecutory Staff v. Equal Access Comm., LLC
(2003.0264.00); C-20031952; A-311199*

Default Order

By the Commission:

On October 17, 2003, the Law Bureau Prosecutory Staff filed a Formal Complaint against Equal Access Comm., LLC (the Respondent), an interexchange reseller certificated at A-311199. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to the Respondent that under 66 Pa.C.S. § 504 its 2002 Annual Report was due. The Complaint charged that the Respondent violated 66 Pa.C.S. § 504 by failing to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling the Respondent's certificate of public convenience for failure to file its 2002 Annual Report.

According to the United States Postal Service return receipt, the Complaint was served on November 24, 2003. To date, more than 20 days later, no answer has been filed to the Complaint and the 2002 Annual Report has not been filed. In addition, we are not aware that Respondent has any current customers in this Commonwealth, and Respondent was never assigned any NXX codes.

Based on Respondent's failure to file an answer to the Complaint or file its 2002 Annual Report, we conclude that revocation of Equal Access Comm., LLC's certificate of public convenience is in the public interest. The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of another remedy as the Commission may deem appropriate. 66 Pa.C.S.

§§ 504, 505, 506 and 3301. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under section 3301, instead of cancellation, if Respondent seeks relief from this Default Order; *Therefore,*

It Is Ordered That:

1. The allegations in the Law Bureau Prosecutory Staff's Complaint are deemed admitted and the Complaint is thereby sustained.

2. The Secretary serve a copy of this Default Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff and the Attorney General's Bureau of Consumer Protection, and also cause a copy of this Default Order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. Equal Access Comm., LLC immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide written notice to any existing customers directing each to select an alternative service provider within 30 days of the date of the notice. The notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established under Ordering Paragraph No. 2.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by Equal Access Comm., LLC at A-311199 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

(2003.0264.00); C-20031943; A-310393*

Default Order

By the Commission:

On October 17, 2003, the Law Bureau Prosecutory Staff filed a Formal Complaint against North American Comm. Control, Inc. (the Respondent), an interexchange reseller certificated at A-310393. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to the Respondent that under 66 Pa.C.S. § 504 its 2002 Annual Report was due. The Complaint charged that the Respondent violated 66 Pa.C.S. § 504 by failing to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling the Respondent's certificate of public convenience for failure to file its 2002 Annual Report.

According to the United States Postal Service return receipt, the Complaint was unclaimed. To date, more than 20 days later, no answer has been filed to the Complaint and the 2002 Annual Report has not been filed. In addition, we are not aware that Respondent has any current customers in this Commonwealth, and Respondent was never assigned any NXX codes.

Based on Respondent's failure to file its 2002 Annual Report and upon our inability to serve the Complaint, we conclude that revocation of North American Comm. *Pennsylvania Public Utility Commission Law Bureau
Prosecutory Staff v. Northwestern Digital Company
(2003.0264.00); C-20031960; A-310958*

Default Order

By the Commission:

On October 17, 2003, the Law Bureau Prosecutory Staff filed a Formal Complaint against Northwestern Digital Company (the Respondent), an interexchange reseller certificated at A-310958. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to the Respondent that under 66 Pa.C.S. § 504 its 2002 Annual Report was due. The Complaint charged that the Respondent violated 66 Pa.C.S. § 504 by failing to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling the Respondent's certificate of public convenience for failure to file its 2002 Annual Report.

According to the United States Postal Service return receipt, the Complaint was not served because the post office was unable to forward. To date, more than 20 days later, no answer has been filed to the Complaint and the 2002 Annual Report has not been filed. In addition, we are not aware that Respondent has any current customers in this Commonwealth, and Respondent was never assigned any NXX codes.

Based on Respondent's failure to file its 2002 Annual Report and upon our inability to serve the Complaint, we conclude that revocation of Northwestern Digital Company's certificate of public convenience is in the public interest. The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of another remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504, 505, 506 and 3301. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under section 3301, instead of cancellation, if Respondent seeks relief from this Default Order; *Therefore,*

It Is Ordered That:

1. The allegations in the Law Bureau Prosecutory Staff's Complaint are deemed admitted and the Complaint is thereby sustained.

2. The Secretary serve a copy of this Default Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff and the Attorney General's Bureau of Consumer Protection, and also cause a copy of this Default Order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. Northwestern Digital Company immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide written notice to any existing customers directing each to select an alternative service provider within 30 days of the date of the notice. The notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established under Ordering Paragraph No. 2.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by Northwestern Digital Company at A-310958 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to the Respondent that under 66 Pa.C.S. § 504 its 2002 Annual Report was due. The Complaint charged that the Respondent violated 66 Pa.C.S. § 504 by failing to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling the Respondent's certificate of public convenience for failure to file its 2002 Annual Report.

According to the United States Postal Service return receipt, the Complaint was served on December 2, 2003. To date, more than 20 days later, no answer has been filed to the Complaint and the 2002 Annual Report has not been filed. In addition, we are not aware that Respondent has any current customers in this Commonwealth, and Respondent was never assigned any NXX codes.

Based on Respondent's failure to file an answer to the Complaint or file its 2002 Annual Report, we conclude that revocation of Transnet Connect Inc.'s certificate of public convenience is in the public interest. The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of another remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504, 505, 506

and 3301. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under section 3301, instead of cancellation, if Respondent seeks relief from this Default Order; *Therefore,*

It Is Ordered That:

1. The allegations in the Law Bureau Prosecutory Staff's Complaint are deemed admitted and the Complaint is thereby sustained.

2. The Secretary serve a copy of this Default Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff and the Attorney General's Bureau of Consumer Protection, and also cause a copy of this Default Order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. Transnet Connect Inc. immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide written notice to any existing customers directing each to select an alternative service provider within 30 days of the date of the notice. The notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established under Ordering Paragraph No. 2.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by Transnet Connect Inc. at A-310849 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

Default Order

By the Commission:

On October 17, 2003, the Law Bureau Prosecutory Staff filed a Formal Complaint against U. S. Long Distance, Inc. (the Respondent), an interexchange reseller certificated at A-310093. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to the Respondent that under 66 Pa.C.S. § 504 its 2002 Annual Report was due. The Complaint charged that the Respondent violated 66 Pa.C.S. § 504 by failing to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling

the Respondent's certificate of public convenience for failure to file its 2002 Annual Report.

According to the United States Postal Service return receipt, the Complaint was not served because the address was unknown. To date, more than 20 days later, no answer has been filed to the Complaint and the 2002 Annual Report has not been filed. In addition, we are not aware that Respondent has any current customers in this Commonwealth, and Respondent was never assigned any NXX codes.

Based on Respondent's failure to file its 2002 Annual Report and upon our inability to serve the Complaint, we conclude that revocation of U. S. Complaint

Pennsylvania Public Utility Commission Bureau of Transportation and Safety v. Shirley Wilson t/a Wilson, S & W Trucking Co.; Doc. No. A-00113990C; A-00113990

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Shirley Wilson, t/a Wilson, S & W Wilson Trucking, respondent, maintains her principal place of business at 25 Oak Forest Drive, Tunkhannock, PA 18657.
2. That respondent was issued a certificate of public convenience by this Commission on August 19, 1997, at Application Docket No. A-00113990.
3. That respondent abandoned or discontinued service without having first submitted a letter to this Commission containing a statement that the service is no longer being rendered. Respondent has not reported intrastate revenue for the years 2001, 2002 and 2003.
4. That respondent, by failing to submit a letter to this Commission containing a statement that the service is no longer being rendered, violated 52 Pa. Code § 3.381(a)(5) and, by failing to maintain adequate, efficient and safe service and facilities, violated 66 Pa.C.S. § 1501.

WHEREFORE, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission revoke respondent's Certificate of Public Convenience at A-00113990.

Respectfully submitted,
