READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Per Curiam

And Now, this 14th day of June, 2005, it is Ordered pursuant to Article V, Section 10(c) of the Constitution of Pennsylvania and Section 3502(a) of the Judicial Code, 42 Pa.C.S. § 3502(a), that the Court Administrator of Pennsylvania is authorized to promulgate financial regulations in accordance with all applicable statutory provisions pertaining to the distribution and disbursement of all fines, fees, costs, reparations, restitution, penalties and other remittances imposed and collected by the Criminal Division of the Courts of Common Pleas, Philadelphia Municipal Court, and any other entity on behalf of the Court using the Common Pleas Criminal Court Case Management System (CPCMS).

This Order is to be processed in accordance with Pa.R.J.A. 103(b) and is effective immediately.

Annex A

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART II. GENERAL ADMINISTRATION

CHAPTER 29. MISCELLANEOUS PROVISIONS

Subchapter K. COSTS, FINES AND FEES

TITLE 42. JUDICIARY AND JUDICIAL PROCEDURE

PART IV. FINANCIAL MATTERS

CHAPTER 35. BUDGET AND FINANCE

General Principles

The Supreme Court of Pennsylvania, pursuant to general authority set forth by Art. V, § 10 of the Pennsylvania Constitution, and 42 Pa.C.S. § 1721, has authorized the Court Administrator of Pennsylvania to promulgate regulations in accordance with all applicable statutory provisions pertaining to the distribution and disbursement of all fines, fees, costs, reparations, restitution, penalties and other remittances imposed and collected by the Criminal Division of the Courts of Common Pleas, Philadelphia Municipal Court, and any other entity on behalf of the Court using the Common Pleas Criminal Court Case Management System (CPCMS).

These regulations, as amended, are effective immediately.

I. Schedule for Standard Distribution of Funds Collected by the Criminal Division of the Courts of Common Pleas, Philadelphia Municipal Court, and any other entity on behalf of the Court Using the Common Pleas Criminal Court Case Management System (CPCMS).

A. All fines, fees, costs, reparations, restitution, penalties and other remittances imposed and collected by the Criminal Division of the Courts of Common Pleas, Philadelphia Municipal Court and any other entity on behalf of the Court using the CPCMS shall be distributed in the following prioritized order:

1. The collection agency fee provided for in 42 Pa.C.S. Section 9730.1 shall be paid first, but only in cases wherein the private collection agency has secured the funds from the defendant or a third party and the payment is made to the court. No more than 25% of each payment secured from the defendant by the private collection agency may be applied towards this fee.

2. The Crime Victim Compensation Fund and Victim Witness Services Fund shall be paid, but only in cases in which the defendant has been sentenced to incarceration, probation or is admitted into an accelerated rehabilitative disposition program (see 18 P.S. § 11.1101). Otherwise, these costs shall be distributed in accordance with subsection (A)(6) of these regulations.

3. At least 50% of any additional payment shall go to restitution until it is paid in full (see 42 Pa.C.S. § 9728(g.1)). When restitution is ordered to more than one recipient at the same time, the court shall set the priority of payment as follows, in accordance with 18 Pa.C.S. § 1106(c)(1)(ii)(A)—(D):

i. the victim;

ii. the Crime Victim's Compensation Board;

iii. any other governmental agency which has provided reimbursement to the victim as a result of the defendant's criminal conduct;

iv. any insurance company which has provided reimbursement to the victim as a result of the defendant's criminal conduct.

4. Judicial Computer Project/Access To Justice (JCS/ATJ) Fee (see 42 Pa.C.S. § 3733(a.1)).

5. Electronic monitoring fees, offender supervision fees (as set forth in 18 P.S. § 11.1102(c)), alcohol highway safety school fees (see 75 Pa.C.S. § 1548(b)), service fees (such as sheriff's fees set forth in 42 P.S. § 21101 et. seq., and constable's fees set forth in 42 Pa.C.S. § 2950), transcript fees (see Pa.R.J.A. No. 5000.7), witness fees (as provided for in 42 Pa.C.S. § 5903), and other similar fees shall be paid based upon a pro-rated formula, unless the fees are prioritized by court order or the judicial district. The Administrative Office of Pennsylvania Courts may preclude a fee from being classified as an "other similar fee." The amount of the payment allocated to each outstanding item shall be determined by dividing the outstanding balance for the individual item by the combined total of the outstanding balances for all items. The resulting number is then multiplied by the amount of the payment to determine how much of the payment shall be allocated to the outstanding balance of the individual item involved.

For example, a defendant owes \$80.00 in electronic monitoring fees, \$10.00 in offender supervision fees, and

\$10.00 in service fees, for a total of \$100.00 in outstanding fees. Defendant makes a payment of \$10.00 in his/her case. To determine the amount to be allocated to electronic monitoring fees, divide the outstanding balance of the electronic monitoring fee (\$80.00) by the combined total outstanding balances of all items ($\$80.00 + 10.00 + 10.00 = \100.00). The result in this example is .8 (80/100). Multiply the resulting figure by the amount of the payment to determine the allocation to electronic monitoring fees, which in this example is $\$8.00 (.8 \times \$10.00 = \$8.00)$.

6. All other fines, fees, costs, reparations, penalties and other remittances except for judgment or satisfaction fees shall be distributed based upon a pro-rated formula. Specifically, the amount of the payment allocated to each outstanding item shall be determined by dividing the outstanding balance for the individual item by the combined total of the outstanding balances for all items. The resulting number is then multiplied by the amount of the payment to determine how much of the payment shall be allocated to the outstanding balance of the individual item involved.

For example, a defendant owes \$80.00 in costs, \$10.00 in fines, and \$10.00 in fees, for a total of \$100.00 in outstanding costs, fines and fees. Defendant makes a payment of \$20.00 in his/her case. To determine the amount to be allocated to the fines, divide the outstanding balance of the fines (\$10.00) by the combined total outstanding balances of all items ($\$80.00 + 10.00 + 10.00 = \100.00). The result in this example is .1 (10/100). Multiply the resulting figure by the amount of the payment to determine the allocation to the fines, which in this example is $\$2.00 (.1 \times \$20.00 = \$2.00)$.

7. Fees charged by the clerk of courts, prothonotary, other entity in the county responsible for the distribution and disbursement of all fines, fees, costs, reparations, restitution, penalties, or other remittances, or the Clerk of Philadelphia Municipal Court for the entry or satisfaction of a civil judgment related to a criminal proceeding, as set forth in 42 Pa.C.S. § 1725, 42 P.S. §§ 21010, 21042, and 21071 shall be paid last. The amount of the payment allocated to each fee shall be determined by dividing the outstanding balance for the individual fee by the combined total of the outstanding balances for both fees. The resulting number is then multiplied by the amount of the payment to determine how much of the payment shall be allocated to the outstanding balance of the individual fee involved.

For example, a defendant owes \$60.00 in judgment fees and \$40.00 in satisfaction fees for a total of \$100.00 in outstanding fees. Defendant makes a payment of \$10.00 in his/her case. To determine the amount to be allocated to judgment fee, divide the outstanding balance of the judgment fee (\$60.00) by the combined total outstanding balances of all items ($\$60.00 + 40.00 = \100.00). The result in this example is .6 (60/100). Multiply the resulting figure by the amount of the payment to determine the allocation to judgment fee, which in this example is $\$6.00 (.6 \times \$10.00 = \$6.00)$.

B. Each payment shall be applied to a single case, unless otherwise ordered by the court.

II. The county probation department or other agent designated to collect all fines, fees, costs, reparations, restitution, penalties and other remittances pursuant to 42 Pa.C.S. § 9728, shall use the Common Pleas Criminal Court Case Management System when performing collection related activities.

III. Nothing in these regulations shall be applicable to the collection and/or distribution of any filing fee which is authorized by law. Filing fees shall include but not be limited to the clerk of courts automation fee set forth in 42 Pa.C.S. Section 1725.4(b).

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CH. 7]

Order Amending Rule 720; No. 321 Criminal Procedural Rules; Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the June 8, 2005 amendments to Rule of Criminal Procedure 720. These rule changes address *Commonwealth v. Grant*, 572 Pa. 48, 813 A.2d 726 (2002), in which the Court held, inter alia, that “as a general rule, a petitioner should wait to raise claims of ineffective assistance of trial counsel until collateral review,” and “a claim raising trial counsel ineffectiveness will no longer be considered waived because new counsel on direct appeal did not raise a claim related to prior counsel’s ineffectiveness,” at 738, and *Commonwealth v. Kohan*, 825 A.2d 702 (Pa. Super. Ct. 2003), in which the Superior Court held, inter alia, “claims of after-discovered evidence raised for the first time on direct appeal, like claims of ineffective assistance of counsel, will be dismissed without prejudice to their being raised in a timely filed petition under the PCRA,” at 709. The Final Report follows the Court’s Order.

Order

Per Curiam:

Now, this 8th day of June, 2005, upon the recommendation of the Criminal Procedural Rules Committee, the proposal having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3) in the interests of justice, and a Final Report to be published with this *Order*:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule of Criminal Procedure 720 is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective August 1, 2005.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 7. POST-TRIAL PROCEDURES IN COURT CASES

PART B. Post-Sentence Procedures

Rule 720. Post-Sentence Procedures; Appeal.

(A) TIMING.

(1) Except as provided in [paragraph] paragraphs (C) and (D), a written post-sentence motion shall be filed no later than 10 days after imposition of sentence.

* * * * *

(C) AFTER-DISCOVERED EVIDENCE.

A **post-sentence** motion for a new trial on the ground of after-discovered evidence must be filed in writing

promptly after such discovery. [If an appeal is pending, the judge may grant the motion only upon remand of the case.]

* * * * *
Comment
* * * * *

TIMING

* * * * *

When a defendant files a timely post-sentence motion, the 30-day period for the defendant's direct appeal on all matters in that case—including all issues related to any informations and any charges consolidated against the defendant for trial—is triggered by the trial judge's decision on the post-sentence motion, the denial of the motion by operation of law, or the withdrawal of the post-sentence motion. The appeal period runs from the entry of the order. As to the date of entry of orders, see Pa.R.A.P. 108. See also *Commonwealth v. Miller*, 715 A.2d 1203 (Pa. Super. Ct. 1998), concerning the time for appeal following the withdrawal of a post-sentence motion. No direct appeal may be taken by a defendant while his or her post-sentence motion is pending. See paragraph (A)(2).

* * * * *

OPTIONAL POST-SENTENCE MOTION

* * * * *

Under paragraph (B)(1)(c), any issue raised before or during trial is deemed preserved for appeal whether or not the defendant chooses to raise the issue in a post-sentence motion. It follows that the failure to brief or argue an issue in the post-sentence motion would not waive that issue on appeal as long as the issue was properly preserved, in the first instance, before or during trial. Nothing in this rule, however, is intended to address Pa.R.A.P. 1925(b) or the preservation of appellate issues once an appeal is filed. See *Commonwealth v. Lord*, 553 Pa. 415, 719 A.2d 306 ([Pa.] 1998) (any issues not raised in a 1925(b) statement will be deemed waived).

* * * * *

For procedures governing post-sentence challenges to the sufficiency of the evidence, see Rule 606(A)(6) and (A)(7). For challenges to the weight of the evidence, see Rule [606] 607(A).

* * * * *

BRIEFS; TRANSCRIPTS; ARGUMENT

* * * * *

There is no requirement that oral argument be heard on every post-sentence motion. When argument is to be heard, however, the judge should determine whether the post-sentence motion argument must be argued before the judge alone, or before a panel sitting en banc. It is recommended that, except in extraordinary circumstances, the post-sentence motion be heard by the judge alone. The judge may make any rulings that could be made by a court en banc. See *Commonwealth v. Norris*, 256 Pa. Super. 196, 389 A.2d 668 ([Pa. Super.] 1978). On the powers of courts en banc, see *Commonwealth v. Bonser*, 215 Pa. Super. 452, 258 A.2d 675 ([Pa. Super.] 1969). For cases in which there has been a change of venue, see Rule 584.

* * * * *

DISPOSITION

* * * * *

Under paragraph (B)(3)(a), on the date when the court disposes of the motion, or the date when the motion is denied by operation of law, the judgment becomes final for the purposes of appeal. See Judicial Code, 42 Pa.C.S. §§ 102, 722, 742, 5105(a) and *Commonwealth v. Bolden*, 472 Pa. 602, 373 A.2d 90 ([Pa.] 1977).

* * * * *

CONTENTS OF ORDER

Paragraph (B)(4) protects the defendant's right to appeal by requiring that the judge's order denying the motion, the clerk of courts' order denying the motion by operation of law, or the order entered memorializing a defendant's withdrawal of a post-sentence motion, contain written notice of the defendant's appeal rights. This requirement ensures adequate notice to the defendant, which is important given the potential time lapse between the notice provided at sentencing and the resolution of the post-sentence motion. See Rule 704(C)(3). See also *Commonwealth v. Miller*, 715 A.2d 1203 (Pa. Super. Ct. 1998), concerning the contents of the order memorializing the withdrawal of a post-sentence motion.

* * * * *

MISCELLANEOUS

[When the defendant is represented by new counsel on the post-sentence motion, the defendant must raise any claim that prior counsel was ineffective, and the court must consider and decide the claim. Furthermore, unless the existing record is adequate for a determination of the claim, the judge must hold an evidentiary hearing. See *Commonwealth v. Hubbard*, 372 A.2d 687 (Pa. 1977); *Commonwealth v. Dancer*, 331 A.2d 435 (Pa. 1975). For procedures governing the appearance and withdrawal of counsel, see Rule 120.]

Commonwealth v. Grant, 572 Pa. 48, 813 A.2d 726 (2002), which overrules *Commonwealth v. Hubbard*, 472 Pa. 259, 372 A.2d 687 (1977), provides that a defendant should wait until collateral review to raise ineffective counsel claims.

* * * * *

Issues properly preserved at the sentencing proceeding need not, but may be raised again in a motion to modify sentence in order to preserve them for appeal. In deciding whether to move to modify sentence, counsel must carefully consider whether the record created at the sentencing proceeding is adequate for appellate review of the issues, or the issues may be waived. See *Commonwealth v. Jarvis*, 444 Pa. Super. 296, 663 A.2d 790 ([Pa. Super.] 1995). See also Rule 704(C)(4). As a general rule, the motion to modify sentence under paragraph (B)(1)(a)(v) gives the sentencing judge the earliest opportunity to modify the sentence. This procedure does not affect the court's inherent powers to correct an illegal sentence or obvious and patent mistakes in its orders at any time before appeal or upon remand by the appellate court. See, e.g., *Commonwealth v. Jones*, 520 Pa. 385, 554 A.2d 50 ([Pa.] 1989) (sentencing court can, sua sponte, correct an illegal sentence even after the defendant has begun serving the original sentence) and *Commonwealth v. Cole*, 437 Pa. 288, 263 A.2d 339 ([Pa.] 1970) (inherent power of the court to correct obvious and patent mistakes).

* * * * *

Unlike ineffective counsel claims, which are the subject of *Commonwealth v. Grant*, 572 Pa. 48, 813 A.2d 726 (2002), paragraph (C) requires that any claim of after-discovered evidence must be raised promptly after its discovery. Accordingly, after-discovered evidence discovered during the post-sentence stage must be raised promptly with the trial judge at the post-sentence stage; after-discovered evidence discovered during the direct appeal process must be raised promptly during the direct appeal process, and should include a request for a remand to the trial judge; and after-discovered evidence discovered after completion of the direct appeal process should be raised in the context of the PCRA. See 42 Pa.C.S. § 9545(b)(1)(ii) and (b)(2) (PCRA petition raising after-discovered evidence must be filed within 60 days of date claim could have been presented). *Commonwealth v. Kohan*, 825 A.2d 702 (Pa. Super. Ct. 2003), is superseded by the 2005 amendments to paragraphs (A) and (C) of the rule.

Although there are no post-sentence motions in summary appeals following the trial de novo pursuant to paragraph (D), nothing in this rule is intended to preclude the trial judge from acting on a defendant's petition for reconsideration. See the Judicial Code, 42 Pa.C.S. § 5505. See also *Commonwealth v. Dougherty*, 451 Pa. Super. 248, 679 A.2d 779, 784 ([Pa. Super.] 1996).

Official Note: Previous Rule 1410, adopted May 22, 1978, effective as to cases in which sentence is imposed on or after July 1, 1978; rescinded March 22, 1993, effective as to cases in which the determination of guilt occurs on or after January 1, 1994, and replaced by present Rule 1410. Present Rule 1410 adopted March 22, 1993 and amended December 17, 1993, effective as to cases in which the determination of guilt occurs on or after January 1, 1994; amended September 13, 1995, effective January 1, 1996. The January 1, 1996 effective date extended to April 1, 1996; the April 1, 1996 effective date extended to July 1, 1996. FINAL REPORT¹

Amendments to Pa.R.Crim.P. 720

Ineffective Assistance of Counsel Claims; After-Discovered Evidence

On June 8, 2005, effective August 1, 2005, upon the recommendation of the Criminal Procedural Rules Committee, the Court amended Rule of Criminal Procedure 720 to address *Commonwealth v. Grant*, 572 Pa. 48, 813 A.2d 726 (2002), in which the Court held, inter alia, that "as a general rule, a petitioner should wait to raise claims of ineffective assistance of trial counsel until collateral review," and "a claim raising trial counsel ineffectiveness will no longer be considered waived because new counsel on direct appeal did not raise a claim related to prior counsel's ineffectiveness," at 738, and *Commonwealth v. Kohan*, 825 A.2d 702 (Pa. Super. Ct. 2003), in which the Superior Court held, inter alia, "claims of after-discovered evidence raised for the first time on direct appeal, like claims of ineffective assistance of counsel, will be dismissed without prejudice to their being raised in a timely filed petition under the PCRA," at 709.

I. COMMONWEALTH V. GRANT DISCUSSION

Following the publication of *Commonwealth v. Grant*, supra., the Committee received a number of inquiries concerning the implications of *Grant* on post-sentence procedures. The Committee exhaustively discussed the case, raising a number of issues. First, the members expressed concern about the few scenarios when a defendant might not want to wait until the post-conviction stage to raise ineffectiveness.² In addition, the members considered the interplay between the waiver provision of the Post Conviction Relief Act, 42 Pa.C.S. § 9544(b), which provides "an issue is waived if the petitioner could have raised it but failed to do so before trial, at trial, during unitary review, on appeal or in a prior state postconviction proceeding," and *Grant* and its progeny, notwithstanding the language in *Grant* that the "holding today does not alter the waiver provision of the PCRA, 42 Pa.C.S. § 9544(b); it merely alters the time when a claim will be considered waived," 813 A.2d 726, 738. Lastly, the Committee considered the impact of the 10-day time limit for filing post-sentence motions and new counsel's ability to fully develop an ineffectiveness claim in the post-sentence motion in that time frame.

Sensitive to the concerns about reinventing waiver, the Committee discussed whether there would be ways to permit an ineffective assistance of counsel claim to be raised in a post-sentence motion without having a waiver if new counsel does not raise it. We did not want a return to the situation in which new counsel has to raise ineffectiveness in the post-sentence motion or have the claim waived. Although some members were reluctant to not propose any changes to Rule 720 because of the uncertainty concerning waiver at this stage, others suggested the rule should remain silent to allow the procedural aspects and the waiver issues to be resolved by case law. Ultimately, the Committee developed a proposal that was intended to make it clear in Rule 720 that (1) generally ineffective assistance of counsel claims should be postponed until the post-conviction collateral review process, and (2) no purpose is served by appointing new counsel at the post-verdict stage to litigate ineffective assistance of counsel when a defendant wishes to proceed pursuant to the new "general rule" promulgated in

² For example, the Court in *Commonwealth v. Bomar*, 573 Pa. 426, 826 A.2d 831 (2003), held that cases in which the appellant's ineffectiveness claim has been properly raised and preserved in the trial court are exceptions to *Grant's* general rule of deferral. The Superior Court in *Commonwealth v. Salisbury*, 823 A.2d 914 (Pa. Super. Ct. 2003), has carved out as an exception cases in which the defendant would be precluded from challenging counsel's effectiveness because of the short duration of the imprisonment.

Grant.³ The proposal also explained if the defendant seeks to litigate ineffectiveness of trial counsel as soon as possible, the appointment of new counsel would be appropriate at the post-verdict stage and then new counsel must raise the ineffectiveness claim in the post-sentence motion in order to preserve the issue for appeal.

The Committee received a number of comments in response to this initial proposal, many expressing concerns about reinventing the waiver of ineffective counsel claims at the post-sentence stage when *Grant* seemingly abrogates waiver. Other correspondents urged the Committee to take no action at this time to allow the post-*Grant* evolution in the case law to fill in any procedural gaps. After reviewing the publication responses, the Committee reevaluated the proposal, re-raising all the concerns articulated when the proposal was developed. After a thorough discussion of all these issues, and in view of the continuing post-*Grant* evolution in the case law, the Committee concluded the bench and bar would be best aided at this time if text of Rule 720 was not amended, thereby scraping the initial proposal, and the Rule 720 Comment is revised to include a cross-reference to *Grant*. The new language has been added as the first paragraph immediately following the "Miscellaneous" caption in the Comment. In addition, because of the long history under *Commonwealth v. Hubbard*, 472 Pa. 259, 372 A.2d 687 (1977), the paragraph in the Comment referencing *Hubbard*, which is overruled by *Grant*, and *Commonwealth v. Dancer*, 460 Pa. 95, 331 A.2d 435 (1975), has been deleted.

II. AFTER-DISCOVERED EVIDENCE CLAIMS DISCUSSION

During the Committee's consideration of the Rule 720 *Grant*-related changes, the Superior Court handed down the panel decision in *Commonwealth v. Kohan*, 825 A.2d 702 (Pa. Super. Ct. 2003). As part of our ongoing review of the *Grant* progeny, the Committee reviewed *Kohan*. The members expressed concern that *Kohan* conflicts with the Rule 720(C) requirement that after-discovered evidence must be raised promptly after it is discovered, and if that discovery is during the post-sentence motion proceedings, the after-discovered evidence must be raised in that proceeding. The members discussed whether Rule 720(C) or the panel decision in *Kohan* should prevail, and concluded that after-discovered evidence claims are not the same as ineffective assistance of counsel claims and should not be handled in the same manner, notwithstanding the holding in *Kohan*. In view of these considerations, the Committee reasoned without some clarification in

Rule 720 about the proper procedure for handling after-discovered evidence in view of the conflict between *Kohan* and Rule 720(C), the bench and bar likely would be confused about how to proceed, with some following Rule 720(C) and others following *Kohan*, which would lead to unnecessary litigation about this issue.

The Committee discussed how best to address this conflict, and provide clarification for the bench and bar. Although the Committee thought Paragraph (C) was clear concerning how after-discovered evidence claims should be handled—a motion for a new trial on the ground of after-discovered evidence must be filed in writing promptly after such discovery—we agreed the paragraph should be amended by adding "post-sentence" before "motion" in the first sentence and deleting the last sentence, thus making it absolutely clear in the rule that the after-discovered evidence provision is referring only to such claims raised in the post-sentence motion context. Similarly, a reference to paragraph (C) has been added to the "except" clause in paragraph (A) since after-discovered evidence claims are exceptions to the time requirements in paragraph (A).

In addition, the Committee agreed to add a new Comment provision elaborating on the intent of Rule 720(C) as well as the law concerning after-discovered evidence. The new Comment provision is the tenth paragraph in the Miscellaneous section. This new provision explains the procedures for raising after-discovered evidence claims, and: (1) distinguishes ineffective counsel claims, with a reference to *Commonwealth v. Grant*, 572 Pa. 48, 813 A.2d 726 (2002), from the provisions in Rule 720(C) governing after-discovered evidence; (2) elaborates on the after-discovered evidence procedures by explaining that (a) after-discovered evidence discovered during the post-sentence stage must be raised promptly with the trial judge at the post-sentence stage, (b) after-discovered evidence discovered during the direct appeal process must be raised promptly during the direct appeal process, and should include a request for a remand to the trial judge, and (c) after-discovered evidence discovered after completion of the direct appeal process should be raised in the context of a PCRA, which establishes a 60-day time limit for raising after-discovered evidence, 42 Pa.C.S. § 9545(b)(1)(ii); and (3) includes a provision that explains that *Commonwealth v. Kohan*, 825 A.2d. 702 (Pa. Super. Ct. 2003), is superseded by the 2005 amendments to paragraphs (A) and (C) of Rule 720.

RULES AND REGULATIONS

Title 40—LIQUOR

LIQUOR CONTROL BOARD

[40 PA. CODE CH. 3]

Point System for Certain Licensees

The Liquor Control Board (Board), under the authority of section 207(i) of the Pennsylvania Liquor Code (47 P. S. § 2-207(i)), adds Chapter 3, Subchapter L (relating to point system for certain licensees).

Purpose

The act of December 8, 2004 (P. L. 1810, No. 239) (Act 239) created a point system for violations by licensees in cities of the first class. Upon accumulation of certain numbers of points, licensees will be subject to various consequences including receiving education in responsible alcohol management. If higher point totals are accumulated, ultimately, the license may be revoked. This point system expires on December 31, 2006, unless extended by statute.

Act 239 established a system of points to be assessed for enumerated violations of the Liquor Code (Code) (47 P. S. §§ 1-101—10-1001). Act 239 required that the Liquor Control Board (Board) adopt regulations setting the assessment of points for a category of violations described as “nonenhanced violations.” This final-omitted rulemaking enumerates what these nonenhanced violations are and also provides for a range of points for nonenhanced violations that may be assessed by an administrative law judge upon adjudication of a citation.

The act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201—1208), known as the Commonwealth Documents Law (CDL), establishes three circumstances under which an agency is permitted to promulgate a final-omitted rulemaking. These are when: (1) comments from the public are not appropriate, necessary or beneficial; (2) persons subject to the regulation are named or given personal notice; or (3) notice is impracticable, unnecessary or contrary to the public interest.

Licensees are already aware that even a single adjudicated citation for a violation of the Liquor Code may result in the revocation of, or decision by the Board not to renew their license. *Slovak-American Citizens Club v. Pennsylvania Liquor Control Board*, 549 A.2d 251 (Pa. Cmwlth. 1988). The point system creates a system for implementing the Board’s existing plenary discretion in licensing.

The Board considers that under section 479 of the Code (47 P. S. § 4-479), the regulated community is already on notice that at least one point will be assessed for any violations not enumerated in section 479(b) and (d) of the Code. Additionally, when a licensee in Philadelphia receives a citation, the cover letter from the Office of Administrative Law Judge (OALJ) now explains that points may be assessed if the citation is adjudicated against the licensee. In these ways, the Board believes that persons subject to the regulations are given actual notice of it in accordance with law. See section 204(2) of the CDL (45 P. S. § 1204(2)).

Because the statute became effective on February 6, 2005, and will expire on December 31, 2006, unless extended, the Board believes that expedited adoption of these implementing regulations is in the public interest.

Delaying implementation to follow the notice of proposed rulemaking system is impracticable and contrary to the public interest under these circumstances. See 201 of the CDL (45 P. S. § 1201).

For these reasons, the final-omitted rulemaking process serves both the public interest in prompt effectuation of the purpose of Act 239, and the regulated community’s receipt of fair notice of the potential consequences of an adjudicated citation

Summary of Rulemaking

The following are summaries of the regulatory changes:

- The rulemaking enumerates “nonenhanced violations.”
- It establishes a range of 3 to 5 points for 31 enumerated violations of the Code or 40 Pa. Code (relating to liquor).
- It establishes a range of 1 to 3 points for all other violations of the Code or 40 Pa. Code that have not been enumerated in Act 239 or this section.
- It directs removal of 3 points from the record for each 12 months a licensee operates without assessment of additional points.

Affected Parties

This final-omitted rulemaking will affect licensees in Philadelphia.

Paperwork Requirements

This final-form rulemaking requires the Board and the OALJ to keep records of the points assessed to and removed from license records. Additional correspondence between the Board and licensees will be required when several action levels are reached. Additional legal proceedings may be necessary when licenses are placed in safekeeping or revoked.

Fiscal Impact

Because this final-omitted rulemaking implements a procedure that has not previously existed in this Commonwealth, anticipated fiscal impact cannot be estimated with any confidence. If this final-omitted rulemaking and the statutory provisions it parallels, cause an increase in appeals of the OALJ decisions to the Board, this will increase costs to the Board and licensees. In 2003, there were 19 appeals to the Board filed by licensees in Philadelphia. In 2004, there were seven appeals filed by licensees in Philadelphia. The number of appeals is likely to increase.

Effective Date

This final-omitted rulemaking will become effective upon its publication in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5.1(c) of the Regulatory Review Act (71 P. S. § 745.5a(c)), on May 24, 2005, the Board submitted a copy of this final-omitted rulemaking, with revisions, and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC), the Chair-

persons of the House and Senate Committees, and the Office of Attorney General. A copy of this material is available to the public upon request.

Under section 5.1(j.2) of the Regulatory Review Act, on June 8, 2005, this final-omitted rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on June 9, 2005, and approved this final-omitted rulemaking

Findings

The Board finds that:

(1) Public notice of the Board's intention to amend its regulations under the procedures in sections 201 and 202 of the CDL has been omitted under section 204 of the CDL because public comment is unnecessary in that the amendments adopted by this order merely implement an amendment to the act.

(2) The amendment of the Board's regulations in the manner provided in this order is necessary and appropriate for the administration of the act.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 40 Pa. Code Chapter 3, are amended by adding §§ 3.121 and 3.122 to read as set forth in Annex A.

(b) The Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to form and legality as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

PROPOSED RULEMAKING

GAME COMMISSION

[58 PA. CODE CH. 143]

Hunting and Furtaker Licenses

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 26, 2005, meeting, proposed the following rule-making:

Amend § 143.84 (relating to application) to replace the language establishing the deadline by which muzzleloader licenses must be purchased with language more consistent with the application process for other various licenses.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 26, 2005, meeting of the Commission. Comments can be sent to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, until July 28, 2005.

1. Purpose and Authority

Currently, § 143.84 requires that all applications for muzzleloader licenses shall be made no later than the second Saturday in November. The Commission has determined that this deadline is no longer necessary. Therefore, the Commission is proposing to amend § 143.84 by replacing the language establishing the deadline with language more consistent with the application process for other various licenses. This change, through its effect, causes the subsequent language allowing collectors to purchase a flintlock (muzzleloader) license after the close of the special flintlock season to be no longer relevant, therefore this language will also be eliminated.

Section 2722(g) of the code (relating to authorized license-issuing agents) directs the Commission to adopt regulations for the administration, control and performance of license issuing activities. Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth..." The amendment to § 143.84 was proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 143.84 to replace the language establishing the deadline by which muzzleloader licenses must be purchased with language more consistent with the application process for other various licenses.

3. Persons Affected

Persons wishing to apply for and purchase muzzleloader licenses will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rule-making, contact Michael A. Dubaich, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 26, 2005, meeting, proposed the following rule-making:

Amend § 147.122 (relating to application) to increase the examination fee for the taxidermy permit.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 26, 2005, meeting of the Commission. Comments can be sent to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, until July 28, 2005.

1. Purpose and Authority

The cost of providing the taxidermy examination to applicants currently exceeds the revenue generated by the fee charged to take the examination. The Commission is proposing to amend § 147.122 by increasing the taxidermy examination fee from \$50 to \$300 to allow the Commission to recover expenses.

Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendment to § 147.122 was proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 147.122 by increasing the taxidermy examination fee from \$50 to \$300.

3. Persons Affected

Persons wishing to apply for a taxidermy permit from the Commission will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of July 2005

The Department of Banking (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of July 2005 is 6 3/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which

the individual occupies or has occupied as a principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 4.35 to which was added 2.50 percentage points for a total of 6.85 that by law is rounded off to the nearest quarter at 6 3/4%.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Retention of Two Engineering Firms; Project Reference No. FDC-500-760

The Department of Conservation and Natural Resources (Department) will retain two engineering firms for open-end contracts for various engineering, inspection and related environmental and geological services on various civil and environmental projects located on State park and State forest land in this Commonwealth. Each contract will be for a 12-month period with four 12-month extensions possible. Projects will be assigned on an as-needed basis to ensure proper and safe operation of Department infrastructure and facilities. One contract will be primarily for various projects at facilities located in the western half of this Commonwealth and one contract will be primarily for projects at facilities located in the eastern half of this Commonwealth.

Letters of Interest for this project will only be accepted from individuals or firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, the individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

The services may encompass a wide range of civil and structural design efforts with the possibility of several different types of projects being designed under short completion schedules. The anticipated types of projects may include bridge replacement and rehabilitation (single and multispans), roadway reconstruction/rehabilitation, water and sewage systems, dam and control structure modification and rehabilitation, marina/dock/launch replacement and rehabilitation and structural evaluation of various buildings.

Typically the engineering firm shall be required to furnish a complete set of contract documents (plans and specifications) suitable for public bid and in accordance with a prescribed Department format, and in accordance with applicable State and Federal codes and requirements.

Areas of related environmental study associated with these design projects may include, wetlands, soil, geology, 25 Pa. Code Chapter 105 (relating to dam safety and waterway management), Corps of Engineers 404 permits, Act 537 planning and the Department of Environmental Protection's water quality management requirements. The environmental studies shall be conducted in accordance with accepted analysis techniques and methodologies and may include the following to ensure a complete environmental investigation has been performed; provide necessary environmental services, material and equipment necessary to collect, analyze and organize data, assess impacts, prepare reports and design mitigation plans. The reports and other graphic material to be prepared may include plans of study, meeting minutes, preparation of permit application documents, mitigation plans and reports, and wetland and floodplain findings.

The engineering firm may be required to perform the following duties: attend site visits; prepare minutes;

perform necessary field surveys; plot topography and cross sections; develop erosion control plans; prepare type, size and location reports; prepare construction drawings specifications and estimates; procure core borings; provide soil and foundation engineering reports; investigate utility involvement; evaluate alternatives using benefit/cost analysis; develop other details and narratives; inspect major and unusual structures; develop rehabilitation strategies; and review shop drawings, catalog cuts and occasional attendance at construction job conferences may be required.

The number of open-end contracts and the dollar amount of each contract shall be at the discretion of the Department for the first year. The extent of the work for the subsequent 4 years of the contract will be dependent on the availability of additional funds and additional projects for those years, also at the discretion of the Department.

The services shall include a preliminary meeting for this project in the Bureau of Facility Design and Construction, 8th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA. The contract shall be based on the hours of service and qualifying expenses not exceeding the contract amount. The design work will be reviewed by the engineering staff of the Bureau of Facility Design and Construction, and when acceptable, approved by same staff.

Special Provisions Concerning Disadvantaged Businesses and Enterprise Zone Businesses for Requests for Proposals

"Disadvantaged Business Information"

The Commonwealth encourages participation by Small Disadvantaged Businesses as prime contractors, joint ventures, and subcontractors/suppliers, and by Socially Disadvantaged Businesses as prime contractors.

Small Disadvantaged Businesses are small businesses that are owned or controlled by a majority of persons, not limited to members of minority groups, who have been deprived of the opportunity to develop and maintain a competitive position in the economy because of social disadvantages. The term includes: 1) Department of General Services Bureau of Minority & Women Business Opportunities (BMWBO)-certified Minority Business Enterprises (MBEs) and Women Business Enterprises (WBEs) that qualify as small businesses, and 2) United States Small Business Administration (SBA)-certified Small Disadvantaged Businesses (SDBs) or 8(a) small disadvantaged business concerns.

Small businesses are businesses in the United States that are independently owned, are not dominant in their field of operation, employ no more than 100 persons, and earn less than \$20 million in gross annual revenues (\$25 million in gross annual revenues for those businesses in the information technology sales or service business).

Socially disadvantaged businesses are businesses in the United States that BMWBO determines are owned or controlled by a majority of persons, not limited to members or minority groups, who are subject to racial or ethnic prejudice or cultural bias, but which do not qualify as small businesses. In order for a business to qualify as "socially disadvantaged," the offeror must include in its proposal clear and convincing evidence to establish that the business has personally suffered racial or ethnic prejudice or cultural bias stemming from the business person's color, ethnic origin, or gender.

"Disadvantaged Businesses Information"

To receive credit for being a Small Disadvantaged Business or a Socially Disadvantaged Business, entering into a joint venture agreement with a Small Disadvantaged Business, or subcontracting with a Small Disadvantaged Business (including purchasing supplies and/or services through a purchase agreement), a company must include proof of Disadvantaged Business qualification in the Disadvantaged Business submittal of the proposal:

a) Small Disadvantaged Businesses qualifying as a result of MBE/WBE certification from BMWBO must provide a photocopy of their BMWBO certificate.

b) Disadvantaged Businesses qualifying as a result of certification from the U. S. Small Business Administration as an 8(a) or Small Disadvantaged Business must submit proof of Small Business Administration Certification. The owners of such businesses must also submit proof of United States citizenship.

c) All companies claiming Small Disadvantaged Business status, whether as a result of BMWBO certification or Small Business Administration certification as an 8(a)

or Small Disadvantaged Business, must attest to the fact that the business has 100 or fewer employees.

d) All companies claiming Small Disadvantaged Business status, whether as a result of BMWBO certification or Small Business Administration certification as an 8(a) or Small Disadvantaged Business, must submit proof that their gross annual revenues are less than \$20,000,000 (\$25,000,000 for those businesses in the information technology sales or service business). This can be accomplished by including a recent tax or audited financial statement.

All companies claiming status as a Socially Disadvantaged Business must include in the Disadvantaged Business submittal of the proposal clear and convincing evidence to establish that the business has personally suffered racial or ethnic prejudice or cultural bias stemming from the business person's color, ethnic origin, or gender. The submitted evidence of prejudice or bias must:

b) Show prejudice or bias that is chronic and substantial, not fleeting or insignificant.

c) Indicate that the businessperson's experience with the racial or ethnic prejudice or cultural bias has negatively impacted on his or her entry into and/or advancement in the business world.

BMWBO shall determine whether the contractor has established that a business is socially disadvantaged by clear and convincing evidence.

In addition to these verifications, this portion of the proposal should include the following information:

- The name and telephone number of your project (contact) person for the Small Disadvantaged Business(es).

- The company name, address, telephone number of the prime contact person for each specific Small Disadvantaged Business or Socially Disadvantaged Business included in the proposal. The contractor must specify the Small Disadvantaged Business(es) to which it is making commitments. The contractor will not receive credit by stating it will find a Small Disadvantaged Business after the contract is awarded or by listing several companies and stating it will select one later.

- The specific work, goods, or services the Small Disadvantaged Business(es) will perform or provide.

- The location where the Small Disadvantaged Business(es) will perform these services.

- The timeframe for the Small Disadvantaged Business(es) to provide or deliver the goods or services.

- The amount of capital, if any, the Small Disadvantaged Business(es) will be expected to provide.

- The form and amount of compensation each Small Disadvantaged Business will receive. In the Disadvantaged Business submittal of the proposal, provide the estimated dollar value of the contract to each Small Disadvantaged Business.

- The percent of the total value of services or products purchased/subcontracted under the proposal that will be provided by the Small Disadvantaged Business(es).

- In the case of a joint venture agreement, a copy of the agreement, signed by all parties, must be included in the Disadvantaged Business portion of the proposal. If

subcontracting, a signed subcontract or letter of intent must be included in the Disadvantaged Business portion of the proposal.

- Include in the Disadvantaged Business Submittal any and all information concerning the contractor's proposed utilization of small businesses located in *Designated Enterprise Zones* as required by [Enter Section or Part # of the Enterprise Zone Small Business Utilization Response], Enterprise Zone Small Business Utilization Response.

The Disadvantaged Business submittal of the proposal must be clearly identified as Disadvantaged Business information and sealed in an envelope separately from the remainder of the proposal. Only one copy of the Disadvantaged Business section is needed.

The dollar value of the commitment to each Small Disadvantaged Business must be sealed in the same envelope with the Disadvantaged Business submittal of the proposal. The selected contractor's Disadvantaged Business commitment amount, name of the Disadvantaged Business, services to be provided including timeframe for performing services will be included as a contractual obligation when the contract is executed.

Offerors may submit, within the same proposal envelope, alternate proposals for differing utilization of Small Disadvantaged Businesses or Socially Disadvantaged Businesses. For example, a proposal may be submitted by prime contractor with a Small Disadvantaged Business as a subcontractor while an alternate proposal may be submitted by the Small Disadvantaged Business as the prime contractor. If an alternate proposal is offered, it must include separately sealed Technical, Price, and Disadvantaged Business submittals for the alternate. The alternate proposal will be scored separately. Only the higher-scored proposal (prime proposal or alternate proposal) will be eligible for participation for Best and Final Offers.

"Enterprise Zone Small Business Utilization Response"

To receive credit for being an enterprise zone small business or entering into a joint venture agreement with an enterprise zone small business or subcontracting with an enterprise zone small business, a company must include the following information in the Disadvantaged Business submittal of the proposal:

- Proof of the location of the business' headquarters (such as a lease or deed or Department of State corporate registration).
- Confirmation of the enterprise zone in which it is located (obtained from the local enterprise zone office).
- Proof of United States citizenship of the owners of the business.
- Certification that the business employs 100 or fewer employees.
- Proof that the business's gross annual revenues are less than \$20,000,000 (\$25,000,000 for those businesses in the information technology sales or service business). This can be accomplished by including a recent tax or audited financial statement.

In addition to these verifications, this portion of the Submittal should include the following information:

- The company name, address, name and telephone number of the primary contact person for each Enterprise Zone Small Business included in the proposal. The contractor must specify the Enterprise Zone Small Business to which it is making commitments. The contractor will

not receive credit by stating that it will find a Enterprise Zone Small Business after the contract is awarded or by listing several companies and stating it will select one later.

- The specific work, goods, or services the Enterprise Zone Small Business will perform or provide.
- The location where the Enterprise Zone Small Business will perform these services.
- The timeframe for the Enterprise Zone Small Business to provide or deliver the goods or services.
- The amount of capital, if any, the Enterprise Zone Small Business will be expected to provide.
- The form and amount of compensation each Enterprise Zone Small Business will receive. In the Disadvantaged Business portion of the proposal, provide the estimated dollar value of the contract to each Enterprise Zone Small Business.
- The percent of the total value of services or products purchased/subcontracted under the proposal that will be provided by the Enterprise Zone Small Business.
- In the case of a joint venture agreement, a copy of the agreement, signed by all parties, must be included in the Disadvantaged Business Submittal of the proposal. If subcontracting, a signed subcontract or letter of intent must be included in the Disadvantaged Business Submittal of the proposal.

The dollar value of the commitment to each Enterprise Zone Small Business must be sealed in the same envelope with the Disadvantaged Business Submittal of the proposal. The selected contractor's Enterprise Zone Small Business commitment amount, name of Enterprise Zone Small Business, and services to be provided including timeframe for performing services will be included as a contractual obligation when the contract is executed.

"Disadvantaged Business Participation"

The following options will be considered as part of the final criteria for selection:

Priority Rank 1. Proposals submitted by Small Disadvantaged Businesses.

Priority Rank 2. Proposals submitted from a joint venture with a Small Disadvantaged Business as a joint venture partner.

Priority Rank 3. Proposals submitted with subcontracting commitments to Small Disadvantaged Businesses.

Priority Rank 4. Proposals submitted by Socially Disadvantaged Businesses.

Each proposal will be rated for its approach to enhancing the utilization of Small Disadvantaged Businesses and/or Socially Disadvantaged Businesses. Each approach will be evaluated with Priority Rank 1 receiving the highest score and the succeeding options receiving scores in accordance with the above-listed priority ranking.

To the extent that a proposal is submitted by a Small Disadvantaged Business or a Socially Disadvantaged Business, the Small Disadvantaged Business or Socially Disadvantaged Business cannot enter into subcontract arrangements for more than 40% of the total estimated dollar amount of the contract. If a Small Disadvantaged Business or a Socially Disadvantaged Business subcontracts more than 40% of the total estimated dollar amount of the contract to other contractors, the Disadvantaged Business Participation scoring shall be proportionally lower for that proposal.

"Enterprise Zone Small Business Participation"

The following options will be considered as part of the final criteria for selection:

Priority Rank 1. Proposals submitted by an Enterprise Zone Small Business will receive the highest score.

Priority Rank 2. Proposals submitted by a joint venture with an Enterprise Zone Small Business as a joint venture partner will receive the next highest score for this criterion.

Priority Rank 3. Proposals submitted with a subcontracting commitment to an Enterprise Zone Small Business will receive the lowest score for this criterion.

Priority Rank 4. Proposals with no Enterprise Zone Small Business Utilization shall receive no points under this criterion.

To the extent that a proposal is submitted as a prime contractor by an Enterprise Zone Small Business, the Enterprise Zone Small Business cannot enter into contract or subcontract arrangements for more than 40% of the total estimated dollar amount of the contract.

"Contract Requirements—Disadvantaged Business Participation and Enterprise Zone Small Business Participation,"

All contracts containing Disadvantaged Business participation must also include a provision requiring the contractor to meet and maintain those commitments made to Disadvantaged Businesses and/or Enterprise Zone Small Businesses at the time of proposal submittal or contract negotiation, unless a change in the commitment is approved by the BMWBO. All contracts containing Disadvantaged Business participation and/or Enterprise Zone Small Business participation must include a provision requiring Small Disadvantaged Business subcontractors, Enterprise Zone Small Business subcontractors, and Small Disadvantaged Businesses or Enterprise Zone Small Businesses in a joint venture to perform at least 50 percent of the subcontract or Small Disadvantaged Business/Enterprise Zone Small Business portion of the joint venture.

Commitments to Disadvantaged Businesses and/or Enterprise Zone Small Businesses made at the time of proposal submittal or contract negotiation must be maintained throughout the term of the contract. Any proposed change must be submitted to BMWBO which will make a recommendation as to a course of action to the contracting officer.

If a contract is assigned to another contractor, the new contractor must maintain the Disadvantaged Businesses participation and/or Enterprise Zone Small Business participation of the original contract.

The contractor shall complete the Prime Contractor's Quarterly Utilization Report (or similar type document containing the same information) and submit it to the contracting officer of the agency that awarded the contract and BMWBO within 10 workdays at the end of each quarter the contract is in force. If there was no activity, the form must also be completed, stating "No activity in this quarter." This information will be used to determine the actual dollar amount paid to Small Disadvantaged Business and/or Enterprise Zone Small Business subcontractors and suppliers, and Small Disadvantaged Businesses and/or Enterprise Zone Small Businesses involved in Joint Ventures. Also, it is a record of fulfillment of the commitment your firm made and for which it received Disadvantaged Business and Enterprise Zone Small Business points.

NOTE: EQUAL EMPLOYMENT OPPORTUNITY AND CONTRACT COMPLIANCE STATEMENTS REFERRING TO COMPANY EQUAL EMPLOYMENT OPPORTUNITY POLICIES OR PAST CONTRACT COMPLIANCE PRACTICES DO NOT CONSTITUTE PROOF OF DISADVANTAGED BUSINESS STATUS OR ENTITLE A PROPOSER TO RECEIVE CREDIT FOR DISADVANTAGED BUSINESS UTILIZATION.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY
PLAN APPROVAL AND OPERATING PERMIT
APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

**COAL AND NONCOAL MINING
ACTIVITY APPLICATIONS**

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

Gas transmission lines shall be replaced beneath streambeds so there will be a minimum of 3 feet of cover between the top of the pipe and the lowest point in the streambed. Trench plugs or clay dikes shall be used at every waterway and wetland crossing to ensure the existing hydrology is not altered. As proposed, the project temporarily impacts 5.47 acres of wetland while permanently impacting 0.96 acre of wetland and 175 linear feet of waterways. The project is located along the northern right-of-way of SR 4014 approximately 2.4 miles east of SR 4021 and SR 4014 intersection.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

**PUBLIC WATER SUPPLY (PWS)
PERMITS**

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board

at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Depart-

ment) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. Sewer extensions, pump stations and force mains, which are designed in accordance with DEP's *Domestic Wastewater Facilities Manual*, DEP ID: 362-0300-001, available on DEP's website at www.dep.state.pa.us, may be eligible for coverage under this General Permit. DEP may determine that an individual permit is required to ensure compliance with the Clean Water Act (CWA), the Clean Streams Law (CSL) or Title 25 of the Pa. Code.

This permit is only applicable for construction of a sewer extension or a pump station to serve less than 500 EDUs or 131,000 gpd. If the proposed pump station will receive flow from more than one upstream pump station, an individual WQM Permit is required. An individual WQM Permit is also required if the proposed sewer extension or pump station will exceed the current or projected reserve capacity of the most limiting component between the proposed addition and the treatment facility.

It is the responsibility of the wastewater conveyance facility owner to obtain the WQM Permit. The owner of the facility shall file an administratively complete, acceptable NOI with DEP prior to commencing construction and operation of a sewer extension or pump station. For further information regarding what permits are required for various activities, refer to *Guide to DEP Permits and Other Authorizations* (8000-BK-DEP0341), available on DEP's website.

3800-PM-WSFR0045a 6/2005
Instructions NOI

The requirements for preparing applications and obtaining a WQM Permit are included in Title 25 Pa. Code Chapter 91 of DEP's Rules and Regulations.

If a stream crossing or other encroachment is involved, contact DEP's regional Water Quality Management Program.

Design Engineer's Report and Seal. A *Design Engineer's Report* as well as drawings and specifications showing clearly the proposed project and the basis of design shall accompany the application. The Registered Professional Engineer Certification, *Design Engineer's Report* and the front cover of each set of drawings and specifications prepared or used by the designer must bear the name, signature and seal of the registered professional engineer, authorized to practice in Pennsylvania, responsible for preparing the application. Each drawing must also bear the imprint, or reasonable facsimile, of this seal.

Where to Submit. Two (2) copies of the NOI form, *Design Engineer's Report* and supplemental information shall be submitted to the appropriate DEP regional office. See DEP offices at the end of the instructions.

Application Fee. A filing fee of \$100.00 must be submitted with the application in the form of a check (less than 10 days old) made payable to "Commonwealth of Pennsylvania." This fee is *not* required of state agencies.

Proof of Public Notice. The NOI must include the Act 537 planning approval letter dated within one year of the permit application.

Applicant Responsibility. It is the applicant's responsibility to demonstrate eligibility for coverage under the General Permit. The demonstration must be made as part of the NOI submittal.

DEFINITIONS

To provide the applicant with a better understanding of terminology, DEP has included the following definitions.

Client (Responsible Party). A client (also referred to as applicant or permittee) is a person or organization that requests approval from DEP to perform a regulated activity. Client information is documented and assigned an internal DEP Client ID# for tracking purposes.

Site (Place). A site is a physical location of importance to DEP. A site may include locations where a regulated facility is physically located or where a regulated activity occurs that has the potential to impact the health and safety of the citizens and/or the natural resources of the Commonwealth. A site is not solely defined by geographical location (can span several municipalities and even counties in some cases) but rather by the client/applicant's purpose of doing business. All DEP programs' involvement at a physical location of importance to DEP is grouped under one "entity"– site. This holistic view of site will promote an understanding of the interrelationships of facilities to support pollution prevention, multi-media inspections, a DEP-wide view of compliance, and public understanding and access of information. Site information is documented and assigned an internal DEP Site ID# for tracking purposes.

Site-to-Client Relationships. DEP will create internal records to relate (link) each site with all clients associated with the site and/or facilities.

Facility. A facility (also referred to as Primary Facility (PF)) is a logical bridge between sites and sub-facilities that allows DEP to provide a framework for a facility's/activity's regulation. PF is a way to group a program's involvement at a site (what it regulates) under one heading. For example: One area of the water program groups all of their involvement (regulated entities) under a PF type of "Water Pollution Control Facility." Facility information is documented and assigned an internal DEP Facility ID# for tracking purposes.

Authorization. Any DEP approval. For example: permits, plans, approvals, licenses, registrations, certifications, etc. Authorization information is documented and assigned an internal DEP Auth ID# for tracking purposes.

PERMIT CONDITIONS

General

1. Consistent with DEP's technical guidance document *Conducting Technical Reviews of Water Quality Management Permit Wastewater Treatment Facilities*, DEP ID: 362-2000-007, available on DEP's website, DEP considers the registered professional engineer whose seal is affixed to the design documents to be fully responsible for the adequacy of all aspects of the facility's design.
2. The approval is specifically made contingent on the permittee acquiring all necessary property rights, by easement or otherwise, providing for the satisfactory construction, operation, maintenance and replacement of all sewers or sewerage structures in, along or across private property with full rights of ingress, egress and regress.
3. If, at any time, the sewer extension and/or pump station covered by this General Permit creates a public nuisance, including but not limited to, causing malodors or causing environmental harm to waters of the Commonwealth, DEP may require the permittee to adopt appropriate remedial measures to abate the nuisance or harm.
4. This permit does not relieve the permittee of its obligations to comply with all federal, interstate, state or local laws, ordinances and regulations applicable to the facilities.
5. This General Permit does not give any real or personal property rights or grant any exclusive privileges, nor shall it be construed to grant or confirm any right, easement or interest in, on, to, or over any lands which belong to the Commonwealth.
6. No discharge is authorized from these facilities unless approved by an NPDES Permit.

Construction

7. An Erosion and Sedimentation (E&S) Control Plan must be developed prior to construction of the permitted facility, pursuant to Title 25 Pa. Code Chapter 102, and implemented during and after the earth disturbance activity.
 If the activity involves 5 or more acres of earth disturbance, or from 1 to 5 acres of earth disturbance with a point source discharge to surface waters of the Commonwealth, an NPDES Permit is required.
 In addition to the state NPDES permitting requirements, some municipalities, through local ordinances, require the E&S Control Plan to be reviewed and approved by the local county conservation district office prior to construction. For specific information regarding E&S control planning approval and NPDES permitting requirements please contact your local county conservation district office.
8. Prior to beginning any construction or excavation, the locations of all utility lines must be identified through notification to the PA One Call system (www.paonecall.org). The notification shall not be less than three nor more than 10 working days in advance of beginning the construction or excavation.
9. The local waterways conservation officer of the Pennsylvania Fish and Boat Commission (PFBC) shall be notified when the construction of any stream crossing and/or outfall is started and completed. A written permit must be secured from the PFBC if there is any use of explosives in any waterways and the permittee shall notify the local waterways conservation officer when explosives are to be used.
10. Manhole inverts shall be formed to facilitate the flow of the sewage and to prevent the stranding of sewage solids. The whole manhole structure shall be built to prevent undue infiltration, entrance of street wash or grit and provide safe access to facilitate manhole maintenance activities.
11. The facilities shall be constructed under the supervision of a Pennsylvania registered Professional Engineer in accordance with the approved reports, plans and specifications.

3800-PM-WSFR0045f 6/2005
Permit

Permit No.

12. A Pennsylvania registered Professional Engineer shall certify that construction of the permitted facilities was completed in accordance with the application and design plans submitted to DEP, using "Post Construction Certification" (3800-PM-WSWM0179a). It is the permittee's responsibility to ensure that a Professional Engineer is on-site to provide the necessary oversight and/or inspections to certify the facilities. The certification must be submitted to DEP before the facility is placed in operation. If requested, "as-built" drawings, photographs (if available) and a description of any DEP-approved deviations from the application and design plans must be submitted to DEP within 30 days of certification. Construction must be completed within two years of permit issue date.

Operation and Maintenance

13. The permittee shall maintain sewer extension and/or pump station operation and maintenance (O&M) manuals at the facility and ensure proper O&M of the permitted facility. The permittee shall file the O&M manuals with DEP upon request.
14. Stormwater from roofs, foundation drains, basement drains or other sources shall not be admitted directly to the sewer extension or pump station.
15. The sewer extension shall have adequate foundation support as soil conditions require. Trenches shall be back-filled to ensure that sewers will have proper structural stability, with minimal settling and adequate protection against breakage. Concrete used in connection with these sewers shall be protected from damage by water, freezing, drying or other harmful conditions until cured.
16. The approved sewer extensions and/or pump stations shall be maintained in good condition, kept free of deposits by flushing or other cleaning methods and repaired when necessary.
17. The sewer extension and/or pump station shall be properly operated and maintained so that the facility will perform as designed.
18. The attention of the permittee is called to the highly explosive nature of certain gases generated by the digestion of sewage solids when these gases are mixed in proper proportions with air and to the highly toxic character of certain gases arising from such digestion or from sewage in poorly ventilated compartments or sewers. Therefore, at all places throughout the facilities where hazard of fire, explosion or danger from toxic gases may occur, the permittee shall post conspicuous permanent and legible warnings. The permittee shall instruct all employees concerning the aforesaid hazards, first aid and emergency methods of meeting such hazards and shall make all necessary equipment and material accessible.
19. There shall be no physical connection between a public water supply system and a sewer or appurtenance to it which would permit the passage of any sewage or polluted water into the potable water supply. No water pipe shall pass through or come in contact with any part of the sewer extension and/or pump station.
20. Collected screenings, slurries, sludge and other solids shall be handled and disposed of in compliance with Title 25 Pa. Code, Chapters 271, 273, 275, 283 and 285 (related to permits and requirements for land filling, land application, incineration and storage of sewage sludge), Federal Regulations 40 CFR Part 257 and the Federal Clean Water Act and its amendments.

**WQG-02
FACT SHEET
WATER QUALITY MANAGEMENT
GENERAL PERMIT FOR SEWER EXTENSIONS AND PUMP STATIONS**

DEP's regulations at Title 25 Pa. Code §91.27 provide for the issuance of a General Permit. A General Permit is allowed when:

- A. The same, or substantially similar, types of operations are involved.
- B. The same types of waste are being treated.
- C. The same operating conditions are required.
- D. In the judgment of DEP, the discharges are more appropriately controlled under the General Permit than under individual permits.

NOTICE OF INTENT (NOI) FOR COVERAGE UNDER THE GENERAL PERMIT AND ADMINISTRATION OF THE PERMIT

Any applicant who wishes to be covered by the General Permit must file an NOI for coverage with DEP. If the NOI is accepted, DEP will formally notify the applicant of the coverage by transmitting a copy of the General Permit bearing an individual identification number. Notice of each NOI approval will be published by DEP in the *Pennsylvania Bulletin*. The applicant also has the obligation under §510-5 of the Administrative Code (71 P.S. §510-5) to give written notice to the municipality in which the facility is located.

Construction and operation of a sewer extension and/or pump station is NOT authorized by the General Permit when one or more of the following conditions exist:

- A. The proposed design is not consistent with DEP's *Domestic Wastewater Facilities Manual*, DEP ID: 362-0300-001, available on DEP's website.
- B. The applicant is not, or will not be, in compliance with any of the conditions of the General Permit.
- C. The applicant has failed and continues to fail to comply, or has shown a lack of ability or intention to comply, with a prior permit issued by DEP.
- D. DEP determines that such action is necessary for any other reason to ensure compliance with the Clean Water Act, The Clean Streams Law, or Title 25 of the Pa. Code.
- E. The design is not consistent with the current Act 537 plan.

DEP may revoke or suspend previously issued coverage under the General Permit and require the permittee to obtain an individual WQM Permit for any of the reasons above. In addition, any interested person may petition DEP to take this action.

If DEP requires a permittee to obtain an individual WQM Permit, the discharger must submit a complete WQM Permit application within 90 days of receipt of the notification. Failure to submit the application within 90 days shall result in automatic termination of coverage under the General Permit. Timely submission of a complete application shall result in continuation of coverage of the applicable facilities under the General Permit, when the facility demonstrates that it has undertaken efforts to address the reasons for the revocation or suspension of coverage, until DEP takes final action on the pending permit application.

3800-PM-WSFR0045g 6/2005
Fact Sheet

As in the case of individual WQM Permits, General Permits may be issued, amended, suspended, revoked, reissued or terminated in accordance with Title 25 Pa. Code Chapter 91.

TYPE OF OPERATION AND AREA OF APPLICABILITY

The *Water Quality Management General Permit for Sewer Extensions and Pump Stations* applies to eligible sewer extensions and pump stations located in the Commonwealth of Pennsylvania meeting the requirements of the General Permit.

COVERAGE UNDER GENERAL PERMIT

As NOIs are received, they will be reviewed to see if coverage under the General Permit is appropriate. DEP will notify the applicant of its findings either in the form of a General Permit coverage letter and copy of the General Permit with a unique WQM Permit number or a denial of the General Permit coverage letter.

DEPARTMENT OF PUBLIC WELFARE

Nursing Facility Assessment Program

This notice announces the amount of the assessment that the Department of Public Welfare (Department) is proposing to implement for Fiscal Year (FY) 2005-2006, provides an explanation of the assessment methodology that the Department is proposing to use in FY 2005-2006 and identifies the estimated aggregate impact on nursing facilities which will be subject to the assessment.

Background

The act of September 30, 2003 (P. L. 169, No. 25) (Act 25)¹, known as the Nursing Facility Assessment Law, directs the Department to “implement a monetary assessment” on nonpublic licensed nursing facilities beginning July 1, 2003, and ending June 30, 2007, (Assessment Program). See sections 802-A and 815-A of Act 25 (62 P. S. §§ 802-A and 815-A). Act 25 further specifies that the Department may implement an Assessment Program “only to the extent that the revenues generated therefrom will qualify as the State share of [MA] program expenditures eligible for Federal financial participation.” See section 803-A of Act 25 (62 P. S. § 803-A). To guarantee that the assessment amounts qualify for matching Federal funds, Act 25 directs the Department to seek waivers from the Federal Centers for Medicare and Medicaid Services (CMS) as may be necessary to implement the Assessment Program in conformity with Federal law. See section 812-A of Act 25 (62 P. S. § 812-A).

For each fiscal year that the Assessment Program is implemented, the Secretary of the Department (Secretary), in consultation with the Secretary of the Budget, must determine the aggregate amount of the assessment and the annual assessment rate. See section 804-A of Act 25 (62 P. S. § 804-A). The aggregate amount and rate of assessment must be approved by the Governor’s Office. The annual assessment rates must be sufficient to generate at least \$50 million in additional revenue, subject to the maximum aggregate assessment amount that qualifies for Federal matching funds. See section 804-A of Act 25 (62 P. S. § 804-A).

Before implementing the Assessment Program in a fiscal year, the Secretary must publish a notice in the *Pennsylvania Bulletin* that specifies the amount of the assessment being proposed, provides an explanation of the assessment methodology and assessment amount and identifies the aggregate impact on nursing facilities subject to the assessment. See section 805-A of Act 25 (62 P. S. § 805-A). After consideration of any comments received during the 30-day comment period, the Secretary must publish a second notice announcing the rate of assessment for the fiscal year. Id.

The Secretary published a notice at 35 Pa.B. 1959 (March 26, 2005) announcing the final nursing facility assessment methodology and rates for FY 2003-2004 and FY 2004-2005. As specified in that notice, during the first 2 fiscal years of the Assessment Program, nursing facilities were exempt from payment of the assessment if they fell into any of the following three categories:

1. Government owned and operated nursing facilities.
2. Veterans Administration nursing facilities.
3. Nursing facilities that have not been licensed and operated by the current or previous owner for the full calendar quarter prior to the calendar quarter for which an assessment is collected.

All other licensed nursing facilities were assessed by the Department every calendar quarter. The assessment rate for a nonexempt nursing facility for each quarter was determined as follows:

1. If the nonexempt facility participates within a licensed Continuing Care Retirement Community (CCRC) or has 50 licensed beds or less, it was assessed at \$1.50 per non-Medicare resident day in the calendar quarter preceding the assessment quarter.

2. All other nonexempt nursing facilities were assessed at \$15.91 per non-Medicare resident day in the calendar quarter preceding the assessment quarter.

To assure that revenues generated from the Assessment Program qualified for Federal matching funds, the Department submitted a waiver request to CMS. CMS subsequently granted the waiver and approved implementation of the Assessment Program as described in the March 26, 2005, notice.

Proposed Assessment Methodology and Rates for FY 2005-2006

During FY 2005-2006, the Department intends to make several minor changes in the Assessment Program. More specifically, the Department is proposing to add a fourth category of exempt nursing facilities and implement a slight increase in the assessment rates for nonexempt facilities.

The following nursing facilities will be exempt from the Assessment Program in FY 2005-2006:

1. Government owned and operated nursing facilities.
2. Veterans Administration nursing facilities.
3. Nursing facilities that have not been licensed and operated by the current or previous owner for the full calendar quarter prior to the calendar quarter for which an assessment is collected.
4. Nursing facilities that provide nursing facility services free of charge to all residents.

As in the first 2 years of the Assessment Program, nonexempt nursing facilities will continue to be assessed on a quarterly basis during FY 2005-2006 based on the number of licensed beds in the facility, the nursing facility’s CCRC status and the number of non-Medicare resident days during each calendar quarter immediately preceding the assessment quarter. During FY 2005-2006 the assessment rates for nonexempt facilities will be as follows:

1. The assessment rate for nonexempt nursing facilities that participate within a licensed CCRC or that have 50 licensed beds or less will be increased by \$.04 to \$1.54 per non-Medicare resident day.
2. The assessment rate for all other nonexempt nursing facilities will be increased by \$.04 to \$15.95 per non-Medicare resident day.

In its March 26, 2005, notice announcing the final assessment rates for FY 2003-2004 and FY 2004-2005, the Department described the guidelines that it intended to use in determining whether a nursing facility would qualify for the CCRC assessment rate in FY 2005-2006. See 35 Pa.B. 1959, 1961 (March 26, 2005). Upon further consideration of these guidelines, the Department has determined that additional clarification is necessary. For FY 2005-2006, the Department will consider a nursing facility to qualify for the CCRC assessment rate if the nursing facility satisfies the following criteria:

1. The nursing facility is owned or controlled by an entity that is certified as a CCRC by the Insurance Department (for purposes of this guideline, “control” means the power to direct or cause to direct the management and policies of the nursing facility, whether through equitable ownership of voting securities or otherwise).
2. The CCRC provides a continuum of care during the assessment period that includes residential living units that are either occupied or available for immediate occupancy.

¹ Act 25 is codified in Article VIII-A of the Public Welfare Code (62 P. S. §§ 801-A-815-A).

3. The nursing facility is: (a) located on the same campus as the CCRC's residential living units; or (b) identified in the CCRC's Disclosure Statement and Resident Agreement under the Continuing-Care Provider Registration and Disclosure Act (40 P. S. §§ 3201—3225) and located no more than 30 miles from the campus on which the CCRC's residential living units are located.

Under these guidelines, a nursing facility that is owned or controlled by a CCRC which is planning to construct residential living units in the future, or is constructing residential units, but which has no residential units occupied or available for immediate occupancy, would not qualify for the CCRC assessment rate.

A nonexempt nursing facility that does not satisfy the criteria previously noted but believes that it otherwise qualifies for the CCRC rate may submit a written request to the Department that it be assessed at the CCRC rate. The written request should include any supporting documentation demonstrating that the nursing facility participates within a licensed CCRC and submitted to the Department of Public Welfare, Bureau of Long Term Care Programs, P. O. Box 2675, Harrisburg, PA 17105, Attn: NH Assessment Unit.

Aggregate Assessment Amount and Fiscal Impact

As a result of the implementation of the Assessment Program, the Department estimates that the annual aggregate assessment fees for nonexempt nursing facilities will total \$279,552,809 for FY 2005-2006. All of the revenue derived from the assessment fees and associated Federal matching funds will be used to make payments to qualified MA nursing facility providers in accordance with applicable law and regulations.

Public Comment

Interested persons are invited to submit written comments regarding this notice to Gail Weidman, Chief, Program Analysis and Review Section, Department of Public Welfare, Division of Long Term Care Client Services, P. O. Box 2675, Harrisburg, PA 17105. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

Persons with a disability who require an auxiliary aid or service should submit comments using the AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Supplemental Payments to Certain Academic Medical Centers

This notice announces the Department of Public Welfare's (Department) intent to make supplemental payments to certain academic medical centers to assure that the services they provide to the Medical Assistance (MA) population will continue. These payments are also in-

tended to help offset the medical education costs incurred by these hospitals and to assure the continued availability of professional medical services to the MA population. The Department's intent is for these supplemental payments to become effective July 1, 2005.

To qualify for these payments, academic medical centers must meet the following criteria as documented on the hospitals' Fiscal Year (FY) 2002-03 MA cost reports:

1. Total medical education costs of at least \$25 million.
2. Pennsylvania MA medical education costs of at least \$1.5 million.
3. Provide over 50,000 Pennsylvania MA days of care or have less than 500 set-up and staffed beds.

Funds appropriated for these supplemental payments to academic medical centers qualifying under these criteria will be allocated using each qualifying hospital's medical education cost per bed. Specifically, each qualifying hospital's medical education cost per bed will be divided by the total medical education costs per bed for all qualifying hospitals to establish each hospital's specific supplemental payment ratio. The payment amount is then determined by multiplying each qualifying hospital's ratio by the total funds appropriated for these supplemental payments.

Fiscal Impact

For FY 2005-2006 the increased cost of \$45.502 million (\$20.591 million in State funds) in the Department will be offset by State fund savings of \$45.502 million in the Department of Education.

DEPARTMENT OF TRANSPORTATION

Disadvantaged Business Enterprise Participation in Federal Aviation Administration Funded Contracts

Under the authority contained in the Transportation Act for the 21st Century, act of June 9, 1998, Pub. L. No. 105-178, 112 Stat. 113 (23 U.S.C.A. § 101), and in keeping with the requirements of 49 CFR Part 26 (relating to participation by disadvantaged business enterprises in Department of Transportation financial assistance programs), the Department of Transportation (Department) provides public notice of its 2006 goal for participation by Disadvantaged Business Enterprises (DBEs) in its Federally assisted contracts.

Pending receipt of public comments, the Department's 2006 goal is a work in progress.

As a recipient of Federal funds from the United States Department of Transportation (US DOT) through its agencies, including the Federal Aviation Administration (FAA), the Department must comply with the goal setting provisions of the US DOT DBE regulation, set forth in 49 CFR Part 26, effective March 4, 1999. The Department is mandated to submit a methodology and goal for Federally assisted contracts in accordance with the provisions of 49 CFR 26.45 and 26.51 (relating to how do recipients set overall goals; and what means do recipients use to meet overall goals). The methodology and goal must be submitted to the FAA by August 1, 2005. An important part of this process is providing notice to the public concerning the methodology used to arrive at the final goal and affording the public the opportunity to provide comments on the proposed goal.

To comply with the goal setting provisions of the DBE regulation, the Department employed the two-step process outlined in 49 CFR 26.45. Under step-1, the Department created a baseline goal using the goals of subrecipient airports. The first step in identifying qualifying recipients was to determine which recipients had received Airport Improvement Grants. The Department created "working goals" for each subrecipient airport for the purpose of computing a Department-wide baseline goal.

The Department calculated step-1 by calculating the ratio of DBE contractors to all contractors able to perform the pertinent work type at each subrecipient airport. When these goals are weighted according to the amount of Federal moneys they receive, they yield the step-1 baseline goal.

Under step-2 of the goal setting process, the Department examined all relevant evidence in its jurisdiction to determine what adjustments, up or down, were needed to arrive at the overall goal. Step-2 necessarily took into

account other conditions or variables impacting DBEs in this Commonwealth including each airport's track record in utilizing DBE firms in the past. As part of the adjustment phase, the Department gave due consideration to the specific types of work being contracted under the various AIG block grants.

Consistent with the public participation requirement for this process, the Department is making the proposed 2006 methodology and goal available for inspection and review for 45 days from the date of this notice. The Department considers the methodology and goal a work in progress pending input from the public. To review the DBE goal documents, contact any of the following locations:

Disadvantaged Business Enterprise Participation in Federal Highway Administration Funded Contracts

Under the authority contained in the Transportation Act for the 21st Century, act of June 9, 1998, Pub. L. No. 105-178, 112 Stat. 113 (23 U.S.C.A. § 101), and in keeping with the requirements of 49 CFR 26 (relating to participation by disadvantaged business enterprises in Department of Transportation financial assistance programs), the Department of Transportation (Department) provides public notice of its 2006 goal for participation by Disadvantaged Business Enterprises (DBEs) in its Federally assisted contracts.

Pending receipt of public comments, the Department's 2006 goal is a work in progress.

As a recipient of Federal funds from the United States Department of Transportation (US DOT) through its agencies, including the Federal Highway Administration (FHA), the Department must comply with the goal setting provisions of the US DOT DBE regulation, set forth in 49 CFR Part 26, effective March 4, 1999. The Department is mandated to submit a methodology and goal for Federally assisted contracts in accordance with the provisions of 49 CFR 26.45 and 26.51 (relating to how do recipients set overall goals; and what means do recipients use to meet overall goals). The 2006 methodology and goal must be submitted to the FHA by August 1, 2005. An important part of this process is providing notice to the public concerning the methodology used to arrive at the final goal and affording the public the opportunity to provide comments on the proposed goal.

To comply with the goal setting provisions of the regulation, the Department employed a two-step process, as outlined in 49 CFR 26.45. Under step one, the Department created a baseline figure for the relative availability of "ready, willing and able DBEs" in a relevant market, derived from demonstrative evidence of local market conditions. To this end, the Department

developed a definition of "ready, willing and able DBEs" relative to any business "ready willing and able" to perform on Federally assisted Department contracts. The Department considered historical activity within specified market areas including research, engineering, design consulting, contractors (prime, subcontractors and suppliers) and other consultant activities. Additionally, the Department developed a ratio within market areas of "ready willing and able DBEs" relative to the universe of all other "ready willing and able" enterprises.

Under step two, the Department examined all relevant evidence in its jurisdiction to determine what adjustments, up or down, are needed to arrive at the overall goal, taking into consideration other conditions or variables impacting DBEs in this Commonwealth. As part of this adjustment phase, the Department considered market potential based upon employment security data and other public data. The Department also considered certain changes relative to counting and certification that occurred as the result of the new regulation.

Consistent with the public participation requirement for this process, the Department is making the proposed 2006 methodology and goal available for inspection and review for 45 days from the date of this notice. Disadvantaged Business Enterprise Participation in Federal Transit Administration Funded Contracts

Under the authority contained in the Transportation Act for the 21st Century, act of June 9, 1998, Pub. L. No. 105-178, 112 Stat. 113 (23 U.S.C.A. § 101), and in keeping with the requirements of 49 CFR Part 26 (relating to participation by disadvantaged business enterprises in Department of Transportation financial assistance programs), the Department of Transportation (Department) provides public notice of its 2006 goal for participation by Disadvantaged Business Enterprises (DBEs) in its Federally assisted contracts.

Pending receipt of public comments, the Department's 2006 goal is a work in progress.

As a recipient of Federal funds from the United States Department of Transportation (US DOT) through its agencies, including the Federal Transit Administration

(FTA), the Department must comply with the goal setting provisions of the US DOT DBE regulation, set forth in 49 CFR Part 26, effective March 4, 1999. The Department is mandated to submit a methodology and goal for Federally assisted contracts in accordance with the provisions of 49 CFR 26.45 and 26.51 (relating to how do recipients set overall goals; and what means do recipients use to meet overall goals). The methodology and goal must be submitted to the FTA by August 1, 2005. An important part of this process is providing notice to the public concerning the methodology used to arrive at the final goal and affording the public the opportunity to provide comments on the proposed goal.

To comply with the goal setting provisions of the DBE regulation, the Department employed the two-step process outlined in 49 CFR 26.45. Under step-1, the Department first identified transit authorities likely to have contracting opportunity during Fiscal Year (FY) 2006. Transit authorities meeting this criterion were polled to see if they had submitted goals for FY 2006. US DOT regulations allow recipients to "use the goal of another DOT recipient" (49 CFR 26.45(c)(4)) to establish a step-1 baseline goal. Transit authorities with no goals had "working goals" calculated for them. By taking a count of DBEs in pertinent work types and dividing it by the universe of prequalified contractors in those work types. These goals were weighted according to the projected FY 2006 contracting opportunity to create the step-1 goal.

Under step-2 of the goal setting process, the Department examined all relevant evidence in its jurisdiction to determine what adjustments, up or down, were needed to arrive at the overall goal. Step-2 necessarily took into account other conditions or variables impacting DBEs in this Commonwealth. As part of the adjustment phase, the Department gave due consideration to the geographical location of the predominantly rural Department FTA subrecipients. The Department also considered market potential based upon employment security data and other public data.

Consistent with the public participation requirement for this process, the Department is making the proposed 2006 methodology and goal available for inspection and review for 45 days from the date of this notice. The Department considers the methodology and goal a work in progress pending input from the public. To review the DBE goal documents, contact any of the following locations:

Pennsylvania Liquor Control Board—Point System for Certain Licensees; Regulation #54-62

On April 13, 2005, the Independent Regulatory Review Commission (Commission) received this regulation from the Pennsylvania Liquor Control Board (Board). This rulemaking adds Sections 3.121 and 3.122 to 40 Pa. Code. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*. On May 24, 2005, the Board tolled the review of this regulation and simultaneously submitted a revised regulation with technical corrections.

This regulation implements a provision in Section 479 of the Liquor Code which authorizes the Board to assign points against a proprietor's liquor license for certain violations of the Liquor Code. Section 479 and this regulation apply to cities of the first class.

We have determined this regulation is consistent with the statutory authority of the Board (47 P. S. §§ 2-207(i) and 4-479(c)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

Department of Transportation—School Buses and School Vehicles; Regulation No. 18-400

On May 10, 2005, the Independent Regulatory Review Commission (Commission) received this regulation from

the Department of Transportation (Department). This rulemaking amends 67 Pa. Code Chapter 171. Notice of proposed rulemaking was omitted for this final regulation. Governor Edward G. Rendell certified the regulation as necessary to meet an emergency on April 29, 2005. The regulation became effective upon publication in the *Pennsylvania Bulletin* on May 21, 2005.

The regulation updates existing technical standards and color and marking requirements for school buses to be consistent with Federal Motor Vehicle Safety Standards and industry specifications. The updates are necessary to ensure that new school buses pass safety inspections prior to the 2005-2006 school year.

We have determined this regulation is consistent with the statutory authority of the Department (71 P. S. § 745.6(d) and 75 Pa.C.S. §§ 4551, 4552, 4553 and 6103) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

Administrative Practice and Procedure

June 15, 2005

We submit for your consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The Department of Transportation (Department) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on May 16, 2005. If the final-form regulation is not delivered within two years of the close of the public comment period, the regulation will be deemed withdrawn.

Section 491.2b. Separation of adjudicatory and adversarial functions.—Reasonableness, Clarity.

Subsection (a)(1)

Under this subsection, it is not clear how one would be considered to be “significantly involved” in a proceeding. For clarity, the Department should define the term or explain the criteria used to determine who is “significantly involved.”

Subsection (a)(2)

This subsection contains the phrase “substantive supervisory responsibility.” Does the Department intend this to mean direct supervision? For clarity, this term should be defined or the Department should set forth the criteria used to determine who has “substantive supervisory responsibility.”

Subsection (a)(3)

This subsection states, “Ex parte communications . . . that may create an appearance of impropriety in a matter shall be avoided.” The phrase “be avoided” is not consistent with the decision of the Pennsylvania Supreme Court in the case of *Lyness v. State Board of Medicine*, 529 Pa. 535, 605 A.2d 1204 (1992). Therefore, the regulations should clearly prohibit ex parte communications which create the appearance of impropriety.
