READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

GOVERNOR'S OFFICE

Amendment to Proclamation of Disaster Emergency

June 16, 2005

Whereas, on September 17, 2004, I declared a State of Disaster Emergency in Allegheny, Armstrong, Butler, and Washington Counties due to widespread and unusually severe storms, heavy rain, high winds and flooding, which struck the counties and caused extensive damage to roads, streets, bridges, private homes, and businesses and posed other adverse life safety impacts upon the general population of the counties; and

Whereas, on September 18, 2004, I amended said proclamation to include Beaver, Bedford, Bradford, Centre, Clarion, Clinton, Clearfield, Columbia, Cumberland, Dauphin, Fulton, Indiana, Jefferson, Juniata, Lackawanna, Luzerne, Lycoming, Mifflin, Monroe, Northampton, Northumberland, Perry, Pike, Schuylkill, Snyder, Susquehanna, Union, Wayne, Westmoreland, and Wyoming Counties; and

Whereas, on September 19, 2004, I amended said proclamation to include Blair, Bucks, Cameron, Carbon, Greene, Lehigh, Huntingdon, and Somerset Counties; and

Whereas, on September 21, 2004, I amended said proclamation to include Franklin, Lebanon, Montour, Tioga, and York Counties; and

Whereas, on October 6, 2004, I amended said proclamation to include Chester, Crawford, Delaware, Lawrence, Montgomery, Philadelphia, and Sullivan Counties; and

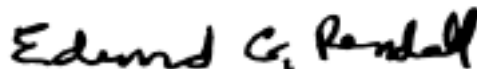

Whereas, on December 16, 2004, I amended said proclamation to extend the period of the state of disaster emergency to March 16, 2005; and

Whereas, on March 16, 2005, I amended said proclamation to extend the period of the state of disaster emergency to June 16, 2005.

Now Therefore, pursuant to the provisions of Subsection 7301(c) of the Emergency Management Services Code (35 Pa.C.S.A. Section 7101 et seq. as amended), I do hereby amend my Proclamation of September 17, 2004, as follows:

1. The period of the state of disaster emergency is extended from June 16, 2005, to September 16, 2005.
2. I hereby direct that the other operational provisions of the September 17, 2004, Proclamation that remain applicable to the current emergency circumstances in the counties shall continue in full force and effect.
3. This amendment to proclamation shall take effect immediately.

Given under my hand and the Seal of the Governor, at the city of Harrisburg, this sixteenth day of June in the year of our Lord, two thousand and five, and of the Commonwealth, the two hundred and twenty-ninth.

Governor

Effective Dates of Statutes

The effective dates specified above for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the *Pennsylvania Consolidated Statutes* provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the *Laws of Pennsylvania* are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the *Laws of Pennsylvania* to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, PHMC, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120-0053, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

And Now, this 27th day of May, 2005, it is hereby *Ordered* and *Decreed* that the following procedures shall apply to all emergency petitions and motions for preliminary relief:

1. All initial pleadings shall be filed with the Prothonotary, utilizing the Civil Cover Sheet and, where appropriate, the Commerce Program Addendum. All Civil Cover sheets must indicate the Court Program and correct Case Type Code (see Instructions for Completing Civil Cover Sheet, the current version of which is available from the Prothonotary, or in the Forms section of the First Judicial District's Website <http://courts.phila.gov>).

2. All motions or petitions seeking emergency relief shall be filed with the Civil Motions Program in 296 City Hall, utilizing the Civil Motion Cover Sheet (available from the Civil Motions Program, or in the Forms section of the First Judicial District's Website <http://courts.phila.gov>).

3. Assignment of motions or petitions seeking emergency relief shall be made based upon the Court Program and Case Type Codes provided on the Civil Cover Sheets at the time of initial filing, or as amended by subsequent

Court Order. The emergency matters shall then be assigned to the appropriate Program or Motions Court Emergency Judge, in accordance with the following Motion Assignment Matrix. This Matrix, which may be amended from time to time without the need for issuance of an Amended Administrative Order or publication, will be available on the First Judicial District's Website <http://courts.phila.gov>.

4. The Emergency Judge of the designated Program, or his/her designee, will then review the filing to confirm that the Program and Case Type designations are correct, prior to proceeding on the emergency motion/petition. In the event the reviewing Emergency Judge concludes that the matter has been incorrectly designated, he/she will confer with the appropriate Program Emergency Judge. Acceptance of the transfer shall be subject to the receiving Emergency Judge's approval. Any unresolved issue or issues relating to program designation shall be forwarded to the Administrative Judge of the Trial Division, or his designee, for final determination. If a transfer is appropriate, Civil Administration shall note the transfer and make the appropriate program and case type changes to the Civil Docket.

To the extent the procedures set forth in this Administrative Order are inconsistent with any prior Orders or procedures of the Court, those Orders or Procedures are hereby overruled and amended only to the extent necessary to implement this Order.

IN RE: The Matter of the initiation :
of the American Corrective : Misc. Docket No.
Counseling Services program :
for Bad Check Offenders in :
Lehigh County

MOTION FOR THE INITIATION OF THE BAD CHECK OFFENDER DIVERSIONARY PROGRAM RUN BY AMERICAN CORRECTIVE COUNSELING SERVICES

TO THE HONORABLE, THE PRESIDENT JUDGE OF
THE SAID COURT:

AND NOW, JAMES B. MARTIN, DISTRICT ATTORNEY
OF LEHIGH COUNTY, moves to initiate the bad check
offender diversionary program, run by American Correc-
tive Counseling Services, and states the following:

1. Your movant is the District Attorney of Lehigh County;
2. Movant is charged with the prosecution of all criminal offenses within Lehigh County;
3. Bad Check offenses under Title 18 Pa.C.S.A. § 4105 constitute a significant number of the total number of criminal offenses prosecuted within Lehigh County.
4. Bad Check offenses create an undue burden on Law Enforcement personnel, Magisterial District Judge Staffs, and the Office of District Attorney.
5. American Corrective Counseling Services operates a bad check diversionary program at no cost to the county or taxpayers generally.
6. The Office of the District Attorney has contracted with American Corrective Counseling Services to operate their diversionary program within Lehigh County.
7. The American Corrective Counseling Services program's goals are the diversion of bad check offenders from the criminal justice system and the speedy return of restitution monies to the victims of bad check offenders.
8. The American Corrective Counseling Services program requires the collection of full restitution monies, including a bank fee not to exceed the fee permitted under Pennsylvania law.

9. The American Corrective Counseling Services program also requires offenders to attend a one-day class educating offenders on the effects of bad checks.

10. The American Corrective Counseling Services program further requires that offenders pay for the costs of said class, as well as an administrative fee to the County of Lehigh.

11. The fourteen (14) Magisterial District Judge offices within Lehigh County will be the main point of distribution of American Corrective Counseling Services program materials to victims.

12. Bad check victims will receive said materials which will instruct them on how to submit their bad check to the American Corrective Counseling Services program for the initiation of program services.

Wherefore, movant respectfully requests that this Honorable Court sign and grant the proposed order allowing the initiation of the American Corrective Counseling Services program within Lehigh County.

Respectfully Submitted,

JAMES B. MARTIN
DISTRICT ATTORNEY

RULES AND REGULATIONS

Title 22—EDUCATION

DEPARTMENT OF EDUCATION

[22 PA. CODE CH. 403]

Compliance with the No Child Left Behind Act of 2001; Bridge Certification

The Department of Education (Department), acting under the authority in section 2603-B(d)(10)(i) of the Public School Code of 1949 (code) (24 P. S. § 26-2603-B(d)(10)(i)) and in accordance with section 6(d) of the Regulatory Review Act (71 P. S. § 745.6(d)) and section 204 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204), amends Chapter 403 (relating to compliance with the No Child Left Behind Act of 2001) to read as set forth in Annex A.

Purpose of Chapter 403

Section 2603-B(d)(10) of the code empowers the Department, with the approval of the State Board of Education (State Board), to adopt standards to comply with the provisions of the No Child Left Behind Act of 2001 (NCLB) (Pub. L. No. 107-110, 115 Stat. 1425) to maintain the eligibility of the Commonwealth to receive Federal funding for education programs. On May 19, 2005, acting under section 2603-B(d)(10) of the code, the State Board adopted a resolution in support of extending the application deadline for the NCLB Bridge Certificate beyond June 30, 2005.

Purpose of this Rulemaking

The purpose of this rulemaking is to extend the deadline for certain teachers to become highly qualified, as required by the NCLB, through the Bridge Certificate process, an alternative evaluation system for certain teachers.

Significant Provisions of this Rulemaking

The rulemaking adds § 403.4(d)(7) (relating to highly qualified teachers) to extend the deadline to July 30, 2006, for certain teachers to participate in the Department's Bridge certification program. Certain teachers holding a special education certificate and middle level teachers assigned to multiple subject areas may apply to participate in the Bridge certification program if they are in need of becoming highly qualified. If middle level teachers are teaching Math or English, or both, they must use the Bridge I program, rather than the Department's Bridge II highly qualified designation program, to obtain certification in the subject area.

Persons and Entities Affected

This rulemaking affects certain teachers that are seeking to become highly qualified, as required by the NCLB.

Fiscal Impact

This rulemaking will have no fiscal impact.

Regulatory Review

A copy of the rulemaking was submitted to the Office of Attorney General and approved on June 27, 2005. Under section 5.1 of the Regulatory Review Act (71 P. S. § 745.5a), on June 30, 2005, the Department submitted a copy of this rulemaking to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House and Senate Education Committees for review. In

addition to the rulemaking, the Committees were provided with a copy of the certification of the Governor that the rulemaking is required to meet an emergency threatening the Department's Federal education funding, as well as a detailed Regulatory Analysis Form prepared by the Department. A copy of this material is available to the public upon request.

Sunset Date

The Department is not establishing a sunset date for this rulemaking, since the regulation includes an expiration date.

Contact Person

The contact person for technical questions regarding this rulemaking is Majorie Blaze, Bureau of Teacher Certification and Preparation, 333 Market Street, Harrisburg, PA 17126-0333, (717) 783-9252.

Order

The Department orders that:

(a) The regulations of the Department, 22 Pa. Code Chapter 403, are amended by amending § 403.4 to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to legality and form as required by law.

(c) The Secretary shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

FRANCIS V. BARNES, Ph.D.,
Secretary

Fiscal Note: 6-294. No fiscal impact; (8) recommends adoption.

GOVERNOR'S OFFICE

Certification of Need for Emergency Regulation

Whereas, teachers are required to become highly qualified by the end of the 2005-06 school year or the Department of Education's federal education dollars will be placed in jeopardy; and

Whereas, the Department of Education implemented regulations in June of 2004 providing that certain experienced teachers that needed to become highly qualified could participate in the Bridge Certification program, a more flexible certification program involving consideration of a teacher's experience; and

Whereas, Federal guidance related to the Department's Bridge Certification program has evolved since June of 2004 thereby clarifying the eligibility of multi-subject teachers to participate in the program; and

Whereas, Federal law related to the education of special education students was amended in December 2004 thereby allowing new special education teachers to participate in the Bridge Certification program; and

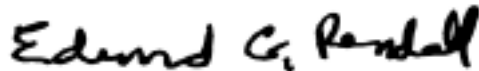

Whereas, regulation currently provides that teachers seeking to apply for the Bridge Certification program must do so by the end of June 2005; and

Whereas, many teachers are required to obtain coursework to be eligible for the Bridge Certification program; and

Whereas, without immediate amendment of the regulations, teachers of multiple subjects and new special education teachers will not be eligible to participate in the Bridge Certification program until after July 1, 2005;

Therefore, I, Edward G. Rendell, Governor of the Commonwealth of Pennsylvania, do hereby certify that the regulatory amendments to 22 Pa. Code, Chapter 403, attached hereto as Annex A are required to meet the emergency conditions enumerated in the recitals above. I hereby authorize the Secretary of Education to publish these amendments in the *Pennsylvania Bulletin* as a Final Rulemaking consistent with the provisions of Section 6 of the Regulatory Review Act, as amended, 71 P. S. § 745.6(d).

Given under my hand and the Seal of the Governor, at the City of Harrisburg, on this twenty-eighth day of June in the year of our Lord two thousand and five, and of the Commonwealth of Pennsylvania the two hundred and twenty-ninth.

Governor

Annex A

**TITLE 22. EDUCATION
PART XVI. STANDARDS**

CHAPTER 403. COMPLIANCE WITH THE NO CHILD LEFT BEHIND ACT OF 2001

§ 403.4. Highly qualified teachers.

(a) *Requirements of NCLB.* With the exception of teachers teaching in a public charter school who are exempt from certification under section 1724-A of the Public School Code of 1949 (Public School Code) (24 P. S. § 17-1724-A):

(1) Section 1119(a) of Title I (20 U.S.C.A. § 6319(a) (relating to teacher qualifications and measurable objectives)), added by the NCLB, requires LEAs receiving assistance under the NCLB to ensure that, beginning with the 2002-2003 school year, all newly hired teachers supported with Title I funds are highly qualified.

(2) Section 1119(a) of Title I, added by NCLB, requires each state to ensure that all teachers teaching in core academic subjects within the state are highly qualified by the end of the 2005-2006 school year.

(b) *Current certification system.*

(1) The Department may continue to utilize the intern certification program described in Chapters 49 and 354 (relating to certification of professional personnel; and preparation of professional educators), which culminates in the issuance of an Instructional I Certificate (see §§ 49.91, 49.92 and 354.24(5) and (6) (relating to criteria for eligibility; term of validity; and academic performance)) to provide flexible and accelerated pedagogical training to teachers who have demonstrated competency in a subject area, provided that the first year of teaching includes intensive supervision by an approved institution.

(2) In accordance with Chapter 49, the student teaching semester is structured to include assessment of the pedagogical skills of teacher candidates.

(c) *Additional certification avenues.* Provided that at the time of application for Pennsylvania instructional certification, the applicant satisfies the basic certification requirements of the Public School Code (see 24 P. S. §§ 11-1109, 12-1202 and 12-1209 (relating to qualifications; State certificates; and disqualifications)), and all other requirements in Chapters 49 and 354 which are not contrary to paragraphs (1)—(3):

(1) Teachers holding an Instructional certificate issued under the Public School Code (24 P. S. §§ 1-101—14-1411) may add an instructional area to the certificate by passing an appropriate content area test in the area to be certified without meeting further academic and testing requirements.

(2) Candidates holding a valid and current instructional certificate issued by one of the states party to the Interstate Certification Agreement with Pennsylvania may be eligible for certification if they meet the requirements outlined in § 49.65 (relating to out-of-State and Nationally-certified applicants).

(3) Teachers successfully completing a National teacher-training program approved by the State Board that requires a candidate to demonstrate mastery of the subject area to be taught and professional knowledge needed for classroom effectiveness may be certified to teach in this Commonwealth without meeting further academic and testing requirements.

(i) To the extent that the approved National teacher-training program involves a classroom teaching component requiring certification, the Department may issue an intern certificate to the teacher for use during the program.

(ii) The American Board for Certification for Teacher Excellence and Teach for America were approved by the State Board by means of resolution on November 14, 2002. See 32 Pa.B. 6030 (December 7, 2002).

(iii) National teacher-training programs identified for State Board consideration after December 28, 2002, may be approved by State Board resolution without the need to amend this chapter.

(d) *NCLB Bridge Certificates.*

(1) Teachers holding a level I or II certificate issued prior to July 1, 2004, and who are employed in one of the following listed circumstances may be awarded an NCLB Bridge Certificate if qualified therefore under paragraph (4):

(i) Teaching in grades seven, eight or nine in a middle/junior high school.

(ii) Teaching in a Department-approved Alternative Education Program.

(iii) Teaching direct core academic content on the secondary level and possess either an English as a Second Language or Special Education certificate.

(2) NCLB Bridge Certificates will not be issued to applicants after July 1, 2005. The Secretary of Education may extend this deadline on an individual, case-by-case basis, when exceptional situations warrant.

(3) The NCLB Bridge Certificate is valid for 3 years or until an earlier time at which the individual is awarded an Instructional I Certificate under paragraph (5). The NCLB Bridge Certificate cannot be renewed.

(4) Qualification for issuance of an NCLB Bridge Certificate shall be based on an evaluation system developed by the Department. The evaluation system shall be used to determine whether the applicant is highly qualified in the academic discipline or disciplines in which the applicant is teaching using the following criteria:

(i) Satisfactory teaching experience in delivering instruction in the academic content area at the appropriate level.

(ii) Professional education activities credited under section 2603-B(d) of the Public School Code of 1949 (24 P. S. § 2603-B(d)) (Act 2003-48) in the direct academic content area in which the applicant teaches. This may include college credit, postsecondary degrees and approved continuing professional education hours.

(iii) College credits earned in the academic subject area in which the applicant teaches.

(iv) Academic scholarship in the academic content area in which the applicant teaches, including the following:

(A) Recognition as school district or State teacher-of-the-year.

(B) Recipient of a State or National teaching award.

(C) Authorship of an article in a peer review journal.

(D) Authorship of a published textbook.

(E) Teaching a credit-based course at an approved postsecondary institution.

(v) Tutoring students in the academic content area in which the NCLB Bridge certificateholder seeks full certification in a satisfactory manner on a sustained basis in a structured, Department-approved tutoring program.

(5) An individual who holds an NCLB Bridge Certificate, awarded through the procedure outlined in paragraph (1), may be awarded an Instructional I Certificate based on evaluation of the applicant's experience, professional education and related professional criteria while engaged in teaching under the NCLB Bridge Certificate. The evaluation shall include the following:

(i) Satisfactory teaching experience in delivering instruction in the content area or areas at the appropriate level since receipt of their NCLB Bridge Certificate.

(ii) Professional education activities credited under sections 1205.1 and 1205.2 of the Public School Code of 1929 (24 P. S. §§ 12-1205.1 and 12-1205.2) in the direct content

area or areas since receipt of their NCLB Bridge Certificate. This may include college credit, postsecondary degrees and approved continuing professional education hours directly in the content area or areas in which the applicant seeks certification.

(iii) College credits achieved in the academic subject area being taught or assessed.

(iv) Academic scholarship in the academic content area that one teaches including:

(A) School district or State teacher-of-the-year.

(B) Recipient of a State or National teaching award.

(C) Authorship of a published textbook in the content area.

(D) Authorship of an article within the academic field the individual instructs published in a peer review journal.

(E) Teaching the content area in a credit-based postsecondary institution.

(F) National board certification during the period in which the individual held the NCLB Bridge Certificate.

(6) The Department will develop and submit for the approval of the State Board the applicant evaluation and NCLB Bridge Certificateholder evaluation systems described in paragraphs (3) and (4) prior to November 1, 2004.

(7) Notwithstanding the timelines in paragraphs (1) and (2), teachers holding a level I or II certificate issued prior to July 1, 2005, and who are employed in one of the following circumstances may apply for an NCLB Bridge Certificate no later than July 30, 2006, if qualified therefore under paragraph (4):

(i) A teacher who is certified in and teaching special education.

(ii) A teacher who is only certified in elementary education and is teaching two or more subjects in grades seven, eight or nine in a middle/junior high school, provided that the following conditions are also met:

(A) The teacher is required to become highly qualified for the position held.

(B) If teaching Math or English, or both, the teacher uses the Bridge I process to become highly qualified in those areas.

STATEMENTS OF POLICY

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CHS. 3270, 3280 AND 3290]

Supervision of Children in Child Day Care Facilities

Purpose

The purpose of this statement of policy is to clarify that the Department of Public Welfare (Department) has added §§ 3270.113b, 3280.113b and 3290.113a (relating to supervision of children off premises—statement of policy) to require that children shall be supervised at all times while they are in the care of the facility. The requirements apply to children in the facility premises and on facility excursions off the premises.

Background

The Department's regulations for child day care facilities require that children on the facility premises be supervised at all times. The intent of the regulations is to require supervision of children at all times while children are in the care of a child care facility, both at the facility and on facility excursions away from the facility premises.

The regulations do not explicitly state that supervision and staff:child ratio requirements apply to children on facility excursions off the premises. Some individuals may interpret the regulations to mean that supervision of children and adherence to staff:child ratios while on facility excursions off the premises is not required and therefore not the responsibility of the facility staff. This interpretation could result in serious injuries to or loss of a child in care.

Discussion

Supervision of children is basic to the prevention of harm. Parents contract with a facility to supervise their children, to prevent children from engaging in risk-taking behaviors that may result in injury and to be available for rescue in an emergency. The need for supervision is typically greater off-premises than on.

Children often test their skills and limitations, creating heightened risk to health and safety when children move from the familiar surroundings of the day care facility to another location during a facility excursion. Children may wander off to investigate an unfamiliar environment, play hide-and-seek or come into contact with a stranger. To protect children from harmful situations when on a facility excursion off the premises, facility staff shall provide supervision at all times.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION
SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM)
PERMITS**

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4707.

Application No. PA 0088242, Concentrated Animal Feeding Operation (CAFO), **Country View Family Farms, Inc. (Huston Hollow Farm)**, 6360 Flank Drive, Suite 100, Harrisburg, PA 17112-2766. Country View Family Farms, Inc. has submitted an application for an Individual NPDES permit for an existing CAFO known as Huston Hollow Farm, located at 2994 South Madden Road, Hustontown, PA 17229 in Taylor Township, **Fulton County**.

The CAFO is situated near Wooden Bridge Creek in Watershed 12-C, which is classified for HQ-CWF. The CAFO is designed to maintain an animal population of approximately 1,255 animal equivalent units consisting of 940 gestating sows, 180 lactating sows, 2.25 boars, 45 newborn pigs and 87 gilt finishers. The animals will be housed in three barns. Manure is stored in below barn storage pits. The total capacity of the manure storage facilities is 3,204,609 gallons. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department of Environmental Protection (Department) has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

The permit application and draft permit are on file at the Southcentral Region of the Department. Persons may make an appointment to review the files by calling the file review coordinator at (717) 705-4732.

Persons who wish to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The Environmental Protection Agency's permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327 3664.

PA0228915, Sewerage SIC, 4952, **ORD Sewer Authority**, P. O. Box 216, Osceola Mills, PA 16666. This proposed facility is located in Decatur Township, **Clearfield County**.

Description of Proposed Activity: This proposed action is for issuance of an NPDES permit for a proposed discharge of treated sewage wastewater.

The receiving stream, Moshannon Creek, is in the State Water Plan watershed 8D and classified for TSF. The nearest downstream public water supply intake for PA American Water Company located on West Branch Susquehanna River is 166 miles below the point of discharge.

The proposed effluent limits for Outfall 001 based on a design flow of 0.4 mgd.

PA0252948, Concentrated Animal Feeding Operation (CAFO), **Klejka Dairy**, 381 Deans Road, Somerset, PA 15501. Klejka Dairy has submitted an application for an Individual NPDES permit for an existing CAFO known as Klejka Dairy, located in Somerset Township, **Somerset County**.

The CAFO is situated in the Laurel Hill Creek Basin in Watershed 19E, which is classified as a HQ-CWF. The CAFO is designed to maintain an animal population of approximately 1,025 animal equivalent units consisting of approximately 1,010 milking cows, heifers, calves and dry cows. The total design capacity of the existing manure storage facilities is 783,900 gallons. To provide approximately 180 days of storage needs at the site, the permittee is proposing to apply for a Water Quality Management (Part II) permit application to add approximately 1.5 million gallons of additional storage capacity. A release or discharge to waters of this Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department of Environmental Protection (Department) has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

The permit application and draft permit are on file at the Southwest Regional Office of the Department. Persons may make an appointment to review the files by calling the file review coordinator at (412) 442-4000.

Persons wishing to comment on the proposed permit are invited to submit written comments to the Department at the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The Environmental Protection Agency permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

**PUBLIC WATER SUPPLY (PWS)
PERMIT**

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**LAND RECYCLING AND
ENVIRONMENTAL REMEDIATION**

UNDER ACT 2, 1995

PREAMBLE 1

**Acknowledgment of Notices of Intent to Remediate
Submitted under the Land Recycling and Environ-
mental Remediation Standards Act (35 P. S.
§§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.

Continental Bus. Ctr. Site, Bridgeport Borough, **Montgomery County**. Jeffrey Goudsward, Penn E & R, 2755 Bergey Rd., Hatfield, PA 19440 on behalf of Richard Heany, O'Neill Prop. Group, LP, 700 S. Henderson Rd., Suite 225, King of Prussia, PA 19406 has submitted a Notice of Intent to Remediate. Soil and groundwater at the site was impacted by PAHs and inorganics. The proposed future use of the site will be residential.

Northcentral Region: Environmental Cleanup Program, 208 West Third Street, Williamsport, PA 17701.

Penns Creek Elementary School, Center Township, **Snyder County**. Chambers Environmental, 629 East Rolling Ridge Drive, Bellefonte, PA 16823 has submitted a Notice of Intent to Remediate soil contaminated with fuel oil No. 2. This site is being remediated to meet a Site-specific Standard.

Southwest Region: Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

Hydril Company, Rochester Township, **Beaver County**. Steven Gerritsen, SE Technologies, Inc., 98 Vanadium Road, Bridgeville, PA 15017 on behalf of Andrew Ricks, Hydril Company, 3300 N. Sam Houston Parkway, Houston, TX 77032 has submitted a Notice of Intent to Remediate, soil contaminated with lead, zinc and cadmium. Remediation may include removal of contaminated soils located within the existing building for off-site disposal. Future planned use of the site is intended to be industrial

Thomas & Betts, City of Pittsburgh, **Allegheny County**. Aike O. Okolo, Multi-Lynx Companies, Inc., 241 Fourth Avenue, Pittsburgh, PA 15222 on behalf of Harold W. Fonville II, Thomas & Betts Corporation, 8155 T & B Boulevard, Memphis, TN 38125, and Rhonda Brandon, Manchester Citizens Corporation, 1319 Allegheny Avenue, Pittsburgh, PA 15233 has submitted a Notice of Intent to Remediate site soil and groundwater contaminated with PAHs, cadmium and chlorinated solvents. The property is currently a vacant tract of land. Formerly, the site was operated by American Electric. Proposed redevelopment plans for the site called for demolition of structures on site, and excavation of subsurface materials for use as fill material elsewhere on the site to bring the site to level grade. Contaminated materials were excavated and disposed of at an off-site landfill. Proposed future use of the property is residential and light commercial. A summary of the Notice of Intent to Remediate was published in the *Pittsburgh Post-Gazette* on March 3, 2005, and in the *Pittsburgh Tribune Review* on March 4, 2005.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation

to participate should contact the regional office identified before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

67-05005C: PPL Brunner Island, LLC (Two North Ninth Street, Allentown, PA 18101-1179) for modification of the electrostatic precipitator on the Number Three Coal Fired Boiler at their Brunner Island Steam Electric Station in East Manchester Township, **York County**.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.

18-315-001A: First Quality Tissue, LLC (904 Woods Avenue, Lock Haven, PA 17745) for installation of an air cleaning device (a selective catalytic reduction system) on eight 11,817,080 Btu per hour natural gas-fired boilers in Castanea Township, **Clinton County**.

18-315-002A: First Quality Products, Inc. (Clinton County Industrial Park, North Road, McElhattan, PA 17748) for construction of four absorbent product manufacturing lines in Wayne Township, **Clinton County**.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.

11-00516A: Fiberblade LLC (1 South Broad Street, 20th Floor, Philadelphia, PA 19107) for construction and operation of a wind turbine rotor blade manufacturing facility in Cambria Township, **Cambria County**.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, George Monasky, New Source Review Chief, (814) 332-6940.

24-131J: SGL Carbon LLC (900 Theresia Street, St. Marys, PA 15857) for expansion of their CVD Department by adding two reactors similar to Reactors 1—4 along with a scrubber to control the two new reactors in City of St. Marys, **Elk County**. This is a Title V facility.

61-185B: Heath Oil Co. (SR 8, Barkeyville, PA 16038) for modification of plan approval 61-185A conditions with regards to removal of 40 CFR Part 60, Subpart J (Petroleum Refineries) requirements for the Volcanic and Val Verde units in Barkeyville Borough, **Venango County**. This is a State-only facility.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

06-05002D: Lehigh Cement Co. (537 Evansville Road, Fleetwood, PA 19522-8541) for modification of two Portland cement kilns each controlled by mid-kiln air injection, a cyclone, a spray dryer and a fabric collector in Maiden Creek Township, **Berks County**. The facility is subject to Title V. The modification involves the inclusion of waste wood as a fuel for the kilns at a maximum rate of 3.0 tons per hour. The facility is subject to 40 CFR Part 63, Subpart LLL, National Emission Standards for Hazardous Air Pollutants from the Portland Cement Manufacturing Industry. The modification will not change the permitted emission limits (annual or short term). The plan approval will include restrictions, monitoring, testing, recordkeeping, work practices and reporting requirements designed to keep the source operating within applicable air quality requirements. The facility is presently covered by the Title V Operating Permit No. 06-05002. The plan approval will be incorporated into this permit in accordance with 25 Pa. Code § 127.450 (Administrative Amendment).

36-05081A: Lancaster County Solid Waste Management Authority (1299 Harrisburg Pike, Lancaster, PA 17604) for construction of a landfill gas collection and control system at their Frey Farm-Creswell Landfill in Manor Township, **Lancaster County**. The facility will have the potential to emit 3.5 tpy of CO and 0.5 tpy of nonmethane organic compounds. The plan approval and operating permit will include monitoring, testing, work practice standards, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

67-05046D: United Defense, LP (1100 Bairs Road, York, PA 17404) for installation of two new paint booths and curing ovens at their Ground Systems Division in West Manchester Township, **York County**. The new booths will allow for increased production at the facility; however, VOC emissions should not exceed their existing permitted limits. This manufacturing operation is a non-Title V facility. Standard monitoring, recordkeeping and work practice standards shall be included to keep the facility operating within all applicable requirements.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, George Monasky, New Source Review Chief, (814) 332-6940.

16-0127A Piney Creek Ltd. Partnership (R. R. 2, Box 56, Clarion, PA 16214) for modification of fuels for the fluidized bed combustor (Source 031) at the facility in Piney Township, **Clarion County**.

Under 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection (Department) intends to issue a plan approval to the Piney Creek Power Plant in Piney Township, Clarion County. The facility was issued a Title V permit No. TV-16-00127 on August 27, 2002. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date.

Plan approval No.16-127A is for modification of fuels for the fluidized bed combustor (Source 031) at the facility. The facility conducted emission tests for zinc, arsenic, beryllium cadmium, hexavalent chromium, lead, mercury, nickel, dioxins, furans, acid gases, HCL, SOx, NOx, CO, particulates and other organic Products of Incomplete Combustion, such as Poly Aromatic Hydrocarbons, Polycyclic Organic Matter and Benzene, Toluene, Ethyl Benzene and Xylene. The facility used the results of the emission tests to conduct modeling for the pollutants of concern. In addition, an inhalation risk assessment was conducted to evaluate the excess lifetime cancer risk and noncancer risk introduced by the use of the fuel-mixture. The Department determined that the use of the 10% fuel additive would pose no additional health risk over the use of the existing fuel. Based on the analysis of the emission test results, the emissions increase associated with burning the 10% blend with the existing fuel would be less than significant (40 CFR 52.21(b)(23)). The NO₂, SO_x and VOC emissions increase will be less than 40 tpy for each pollutant respectively. The emissions increase of CO, TSP, PM10, lead and H₂SO₄ will be less than 100 tpy, 25 tpy, 15 tpy, 0.6 tpy and 7 tpy, respectively. The modification does not trigger PSD or New Source Review requirements. The Plan Approval will contain the following conditions:

1. The facility shall use only bituminous gob, No. 2 oil, or a mixture of bituminous gob and nonhazardous organic tars and oils from former Manufactured Gas Plants (MGP) and Coke Plants (hereafter referred to as "alternative fuel" in this plan approval) as fuels for the circulating fluidized bed boiler (Source 031). The maximum blend rate of the alternative fuel shall not exceed 10%. The total charging rate for all fuels combined shall not exceed 450 mmBtu/hr.

2. The permittee shall obtain prior approval from the Department's Waste Management Program prior to initiating the fuel modification.

3. Fuel samples shall be taken daily and analyzed to determine: ash content (% by weight); sulfur content (% by weight); and heat value (Btus per pound). Quarterly reports shall be submitted to the Regional Air Quality Manager within 30 days of the end of the quarter.

4. The facility shall continue to comply with the existing Site Level requirements of the Title V Operating Permit. The facility shall continue to comply with the existing Source Level requirements of the Title V Operating Permit for the following sources:

Source ID	Source Name
031	Fluidized Bed Combustor
101	Bulk Unloading and Transport
103A	Primary Crusher
104	Conveying System
105	Boiler Feed Bunkers
106	Limestone Storage Bin
107A	Fly Ash Silo
107B	Bed Ash Silo
108	Ash Loadout (Truck Fill)

5. The permittee shall keep daily records of all fuels burned in the circulating fluidized bed boiler (CFB) as follows:

- a) The total fuel fed to the CFB as verified by the load cell and facility lab.
- b) The Btu content of the fuel as fed and automatically sampled.

c) The estimated tons of daily alternative fuel blended.

6. The permittee shall keep records of the total alternative fuel received and burned monthly as supported by the certified scale weights. Records shall be maintained for at least 5 years.

7. The permittee shall keep records of hours of operation for the CFB and hourly, daily, monthly and yearly records of the fuels fired in the boiler in a format approved by the Department.

8. The permittee shall keep records of the fuel sampling analysis in a format approved by the Department.

9. Additional emission testing shall be conducted for CO, particulate matter (TSP and PM10), lead and mercury within 90 days of issuance of the plan approval and at least once every 2 years thereafter. The stack tests shall be performed while firing a blend of bituminous gob with 10% alternative fuel. The stack tests shall be performed while the CFB is operating at the maximum capacity as stated on the application.

10. The source tests shall be conducted in accordance with 25 Pa. Code Chapter 139 as per the Department's source testing procedures described in the latest Source Testing Manual or source testing procedures approved by the Department prior to testing.

11. At least 60 days prior to the tests, test procedures and sketches with dimensions indicating the location of sampling ports and other data to ensure the collection of representative samples shall be submitted to the Department for approval.

12. At least 2 weeks prior to the tests, the Department shall be informed of the date and time of the tests.

13. Within 60 days after completion of the tests, three copies of the complete test reports, including all operating conditions, shall be submitted to the Department for approval.

14. The permittee shall monitor the emissions of any regulated NSR pollutant, as defined in 40 CFR 52.21(b)(50), that could increase as a result of the project and that are emitted by the CFB. The monitoring shall include the CEM data for SO₂ and NO_x and also include the emissions based on the required CO, lead, mercury, TSP and PM10 stack testing.

Authority for this condition is also derived from 40 CFR 52.21(r)(6)(iii).

15. The permittee shall calculate and maintain a record of the annual emissions, in tons per year on a calendar year basis, for a period of 5 years following resumption of regular operations after the change.

16. The permittee shall provide the Department with a description of the applicability test used to determine that the project is not a major modification for any regulated NSR pollutant, including the baseline actual emissions, the projected actual emissions, the amount of emissions excluded under 40 CFR 52.21(b)(41)(ii)(c) and an explanation for why such amount was excluded, and any netting calculations, if applicable within 60 days of issuance of the plan approval but prior to burning the alternative fuel.

Authority for this condition is also derived from 40 CFR 52.21(r)(6)(i)(c).

17. In determining the projected actual emissions under 40 CFR 52.21(b)(41)(i), the permittee shall:

- (a) Consider relevant information including historical operational data, the company's own representations, the

company's expected business activity and the company's highest projections of business activity, the company's filings with the State or Federal regulatory authorities and compliance plans under the approved State Implementation Plan.

(b) Include fugitive emissions to the extent quantifiable and emissions associated with startups, shutdowns and malfunctions.

(c) Exclude, in calculating any increase in emissions that results from the particular project, that portion of the unit's emissions following the project that an existing unit could have accommodated during the consecutive 24-month period used to establish the baseline actual emissions under 40 CFR 52.21(b)(48) and that are also unrelated to the particular project, including any increased utilization due to product demand growth.

Authority for this condition is also derived from 40 CFR 52.21(b)(41).

18. The permittee shall submit a report to the Department within 60 days after the end of each year during which records must be generated under 40 CFR 52.21(r)(6)(iii) setting out the CFB's annual emissions during the calendar year that preceded submission of the report. The report shall also include the baseline actual emissions as defined in 40 CFR 52.21(b)(48)(i) and as identified in the plan approval application. In addition, the report shall include the comparison (net change) of the baseline actual emissions and the projected actual emissions, and the major modification thresholds for all of the regulated NSR pollutants (as defined in 40 CFR 52.21(b)(50)). The report shall be submitted to John F. Guth, Regional Air Quality Manager, 230 Chestnut Street, Meadville, PA 16335.

Authority for this condition is also derived from 40 CFR 52.21(r)(6)(iv).

19. The permittee shall make the information required to be documented and maintained pursuant to condition 40 CFR 52.21(r)(6) available for review upon a request for inspection by the Department, the Environmental Protection Agency or the general public pursuant to the requirements contained in 40 CFR 70.4(b)(3)(viii).

Authority for this condition is also derived from 40 CFR 52.21(r)(7).

20. The existing Title V emission restrictions shall remain in affect for the facility. If it is determined that the project has caused a significant net emissions increase (as those terms are defined in 40 CFR 52.21(b)(3)(I) and (23)(ii) as a result of the alternative fuel modification, and based on the records submitted each year for 5 years after the alternative fuel modification, the facility will become subject to PSD at that time. In the event that a significant net emissions increase occurs, the facility shall cease burning the 10% blend of coal tar with the bituminous gob and obtain a plan approval that demonstrates compliance with the requirements of 40 CFR 52.21(j)—(r) as well as 25 Pa. Code Chapter 127, Subchapter E (pertaining to New Source Review requirements) and any other applicable regulations.

Copies of the applications, Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the Northwest Regional Office, 230 Chestnut St., Meadville, PA 16335.

Persons who wish to provide the Department with additional information that they believe should be considered prior to the issuance of this permit should submit

the information to the previous address. The Department will consider any written comments received within 30 days of the publication of this notice. Written comments must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed permit (Permit Nos. 16-0127A).

A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the comments received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Matthew Williams, New Source Review, 230 Chestnut Street, Meadville, PA 16335, (814)-332-6940.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should by contacting Matthew Williams or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

If a plan approval has not undergone the public notice process the change to an operating permit must be treated as a significant modification. In these situations the Department will follow the procedures described in 25 Pa. Code §§ 127.421—127.431 for State-only operating permits or 25 Pa. Code §§ 127.521—127.524 for Title V operating permits.

10-230C: IA Construction (158 Lindsey Road, Zelenople, PA) to burn alternative fuels and reprocessed/recycled fuel oil in Jackson Township, **Butler County**.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection intends to issue a plan approval for modification of a plan approval to burn alternative fuels including Nos. 2 and 4—6, biodiesel and reprocessed/recycled fuel oil or any combination of Nos. 2, 4—6 biodiesel and reprocessed/recycled fuel oil at their Zelenople plant in Jackson Township, Butler County.

This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into a State-only operating permit through an administrative amendment at a later date.

37-185C: Universal Refractories, Inc. (915 Clyde Street, Wampum, PA 16157) to install an additional blower stack combo to an existing permitted drying oven and to replace a baghouse on an existing permitted magnesium oxide, MgO, mixing/bagging operation in the Borough of Wampum, **Lawrence County**.

Under 25 Pa. Code §§ 127.44(a) and 127.424(b), the Department of Environmental Protection (Department) intends to issue a Plan Approval to Universal Refractories for their plant in the Borough of Wampum, Lawrence County. This plan approval will authorize the applicant to install an additional blower stack combo to an existing permitted drying oven and to replace a baghouse on an existing permitted magnesium oxide, MgO, mixing/bagging operation. The plan approval will subsequently be incorporated into a State-only Operating Permit at a later date.

Based on the information provided by the applicant and Department's own analysis, these changes will not increase production or emissions. The changes are being made strictly as an efficiency upgrade.

Persons who wish to provide the Department with additional information they believe should be considered should submit the information to George A. Monasky, New Source Review Chief, Department of Environmental Protection, Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335.

Comments must be received, by the Department, within 30 days of the last day of publication. Written comments should include the following:

1. Name, address and telephone number of the person submitting comments.
2. Identification of proposed Plan Approval No. PA-43-339A.
3. Concise statement regarding the relevancy of the information or any objections to issuance of the Plan Approval.

A public hearing may be held, if the Department, in its discretion, decides that the hearing is warranted on the comments received during the public comment period. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a local newspaper of general circulation, the *Pennsylvania Bulletin* or by telephone, when the Department determines notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to George A. Monasky, New Source Review Chief, Department of Environmental Protection, Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6940

42-192D: IA Construction (7024 Highway 59, Lafayette Township, PA 16738) for modification to burn alternative fuels including Nos. 2 and 4-6 and reprocessed/recycled fuel oil, biodiesel or any combination of Nos. 2 and 4-6, reprocessed/recycled fuel oil and biodiesel fuel oil at McKean plant in Lafayette Township, **McKean County**.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection (Department) intends to issue a plan approval for modification of a plan approval to burn alternative fuels including Nos. 2 and 4-6 and reprocessed/recycled fuel oil, biodiesel or any combination of Nos. 2 and 4-6, reprocessed/recycled fuel oil and biodiesel fuel oil at McKean plant in Lafayette Township, McKean County. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into a State-only operating permit through an administrative amendment at a later date.

10-349A: Recmix of PA, Inc. (359 North Pike Road, Sarver, PA 16056) for installation of a 12 mmBtu/hr natural gas fluid bed dryer with baghouse control device for a fertilizer pelletizing operation in the Township of Clinton, **Butler Company**.

Under 25 Pa. Code §§ 127.44(a) and 127.424(b), the Department of Environmental Protection (Department) intends to issue a Plan Approval for their plant in the Township of Clinton, Butler County. This plan approval will authorize the applicant to install a 12 mmBtu/hr natural gas fluid bed dryer with baghouse control device for a fertilizer pelletizing operation. The plan approval will subsequently be incorporated into a State-only Operating Permit at a later date.

Based on the information provided by the applicant and Department's analysis the NOx emissions from the fuel combustion will be 2.34 tons/yr and the PM10 emissions from the pellet drying will be 2.63 tons/yr. The operation will be limited to 5 ton/hr and 5.44 mmBtu/hr due to a bottleneck at the front end of the process.

Persons who wish to provide Department with additional information they believe should be considered may submit the information to John F. Guth, Regional Air Quality Manager, Department of Environmental Protection, Northeast Regional Office, 230 Chestnut Street, Meadville, PA 16335.

Comments must be received, by the Department, within 30 days of the last day of publication. Written comments should include the following:

1. Name, address and telephone number of the person submitting comments.
2. Identification of proposed Plan Approval No. PA-43-339A.
3. Concise statement regarding the relevancy of the information or any objections to issuance of the Plan Approval.

A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted on the comments received during the public comment period. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a local newspaper of general circulation, the *Pennsylvania Bulletin* or by telephone, when the Department determines notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to John F. Guth, Regional Air Quality Manager, Department of Environmental Protection, Northeast Regional Office, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6940.

25-025H: General Electric Transportation Systems—Erie Plant (2901 East Lake Road, Room 9-201, Erie, PA 16531) for installation of three natural gas/No. 2 fuel oil fired boilers (98.6 mmBtu/hr) in Lawrence Park Twp., **Erie County**. The boilers are subject to NSPS 40 CFR 60 Subpart Dc and NESHAP 40 CFR Part 63, Subpart DDDDD. This is a Title V facility. The public notice is required for sources required to obtain a Plan Approval at Title V facilities in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate Best Available Technology for the source:

- The source is subject to 25 Pa. Code §§ 123.11 and 123.22(b)(1).
- The source shall burn only natural gas as a fuel.
- The source is subject to 40 CFR Part 60, Subpart Dc.
- The source is subject to 40 CFR Part 63, Subpart DDDDD (Large Gaseous fuel subcategory).

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

*Coal Applications Received**Effluent Limits*

The following coal mining applications that include an

NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
iron (total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
manganese (total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
suspended solids	35 mg/l	70 mg/l	90 mg/l
pH ¹		greater than 6.0; less than 9.0	
alkalinity greater than acidity ¹			

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Receiving stream: Moss Creek classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received February 6, 2003. Application returned June 13, 2005.

*Noncoal Applications Received**Effluent Limits*

The following noncoal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity ¹			
pH ¹		greater than 6.0; less than 9.0	

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Receiving streams: Blacklegs Creek classified for the following uses: CWF. There are no potable water intakes within 10 miles downstream. Application received February 9, 2005. Permit withdrawn June 13, 2005.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the FWPCA (33 U.S.C.A. § 1341(a)).

E58-264. Joseph and Linda Monteforte, R. R. 2, Box 33, New Milford, PA 18834, in New Milford Borough, **Susquehanna County**, United Army Corps of Engineers, Baltimore District.

To maintain fill within the floodway along approximately 140 linear feet of the left bank of Meylert Creek (HQ-CWF), for the purpose of providing a level parking area for an existing business (Blue Ridge Roller Rink). The maximum depth of fill is approximately 30 inches. A portion of the project has already been completed. The project is located on the west side of SR 0011, approximately 0.2 mile southwest of the intersection of SR 0011 and SR 492 (Harford, PA Quadrangle N: 21.8 inches; W: 14.35 inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E22-494: Department of Transportation, Engineering District 8-0, 2140 Herr Street, Harrisburg, PA 17103-1699 in Lower Paxton and South Hanover Townships, **Dauphin County**, ACOE Baltimore District.

To remove the existing structure and then to construct and maintain a single span bridge with a center line span of 90 feet on a 30° skew with a minimum underclearance of 6.32 feet over Beaver Creek (WWF) and associated improvements on SR 2010, Section 003, Segment 0030, offset 0000 and to fill in 0.029 acre of de minimis wetland to improve the alignment and safety of the road located about 0.9 mile west of Hoernerstown village (Hershey, PA Quadrangle N: 6.62 inches; W: 16.35 inches) in South Hanover and Lower Paxton Townships, **Dauphin County**. The wetland impact is considered a de minimis impact; therefore, a wetland mitigation is not required.

E67-779: North Delta Inc., 2700 Philadelphia Road, Edgewood, MD 21040-1120 in Peachbottom Township, **York County**, ACOE Baltimore District.

To construct and maintain: (1) an 11-foot wide by 40-foot long breakaway truss pedestrian bridge over Scott Creek (TSF); (2) a 4-foot wide by 64-foot long wooden boardwalk elevated by concrete pilings over an unnamed tributary to Scott Creek and associated PFO wetlands; (3) an 8-inch water line crossing of a UNT to Scott Creek; (4) a 6-inch sewer force main crossing of Scott Creek and

associated PEM wetlands; (5) a 6-inch sewer force main crossing of Scott Creek and an associated PSS wetland; (6) replace an existing culvert under Split Rock Drive with a 88.1 linear foot 24-inch HDPEP; (7) 8-inch PVC water line and an 18-inch storm sewer under Split Rock Road; (8) two outfall swales to unnamed tributaries to Scott Creek; (9) 8-inch PVC water line crossing of Scott Creek at Dooley Road; and (10) an 8-inch PVC water line crossing under an existing 54-inch CMP under Line Road. The site is located adjacent to the town of Delta and is bordered by Bunker Hill Road and Line Road (Delta, PA Quadrangle Latitude 39/43/36.8 and Longitude 76/20/12.3) in Peach Bottom Township, York County. The project impacts total 0.11 acre of temporary wetland impacts, 0.02 acre of permanent wetland impacts, 4,275 square feet of temporary stream impacts and 105 linear feet of permanent stream impacts. These wetlands are considered of exceptional value in accordance with 105.17(1)(iii).

E67-685A: Izaak Walton League of America, York County, Chapter 67, 7131 Ironstone Road, Dallastown, PA 17313 in Codorus Township, **York County**, ACOE Baltimore District.

To construct and maintain a stream restoration project on 2,500 feet of Pierceville Run (WWF), including channel reconstruction, rock and log structures and bank grading for the purpose of correcting the stream pattern. The McClelland project is located approximately 2.1 miles from the intersection of Route 216 and Rockville Road where Rockville Road intersects Schuman Road in Codorus Township, York County (Seven Valleys, PA Quadrangle N: 5.5 inches; W: 2.5 inches). The project will permanently impact 0.055 acre of palustrine emergent wetlands. The wetlands are categorized as Exceptional Value in accordance with 25 Pa. Code § 105.17(1)(iii). The applicant is proposing to create 0.14 acre of replacement wetlands within the old channel. Pierceville Run (WWF) is a tributary to Centerville Creek in the South Branch Codorus Creek watershed.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E14-478. State College Borough, 284 South Allen Street, State College, PA 16801. Walnut Spring Wetland Creation, Borough of State College, **Centre County**, ACOE Baltimore District (State College, PA Quadrangle N: 5.3 inches; W: 4.1 inches).

To construct and maintain: 1) a 12-inch diameter intake pipe with the associated concrete endwall and R-3 riprap apron; 2) a 20-foot wide two layer boulder weir with the associated 6 foot long R-3 riprap apron needed to create a pool for the intake structure; 3) a 40 foot by 80 foot R-3 riprap choked with AASHTO No. 57 stone ford, in an unnamed tributary to Thompson Run located 630 feet east of the intersection of McCormick Road and Evergreen Lane. The three proposed encroachments are related to the non-regulated dam and pool area proposed for a stormwater treating wetland creation site on the left side of the stream. This project proposes to impact 100 linear feet of unnamed tributary to Thompson Run to help create an unregulated wetland.

E60-171. Andrew P. Wagner, 2946 Johnson Mill Road, Lewisburg, PA 17837. Artesian Outlet, in Buffalo Township, **Union County**, ACOE Baltimore District (Lewisburg, PA Quadrangle N: 19.46 inches; W: 16.56 inches).

To construct and maintain a 3 foot by 5 foot concrete splash pad on the left bank of Spruce Run Creek for the discharge of a Artesian well discharge, via a 500 foot long 4-inch plastic pipe buried 3 feet deep in the left floodplain, located 620 feet east of the intersection of Stahl Lane and Johnson Mill Road. This project proposes to impact 5 linear feet of Spruce Run Creek and not directly impact any wetlands.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E04-313. Beaver County, 810 Third Street, Beaver, PA 15009-2129. To construct a new bridge in Bridgewater Borough and Rochester Township, **Beaver County**, Pittsburgh ACOE District. (Beaver, PA Quadrangle N: 15.4 inches; W: 7.2 inches and Latitude: 40° 42' 53"—Longitude: 80° 18' 06"). The applicant proposes to remove the existing structure and construct and maintain a new bridge (Fallston Bridge) having three spans of 186.5 feet, 245.0 feet and 156.5 feet with a minimum underclearance of 29.0 feet across the Beaver River (WWF) for the purpose of improving highway safety. The bridge is located approximately 800.0 feet downstream from the confluence of Brady Run and the Beaver River and will impact approximately 125 linear feet of stream channel.

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Armstrong World Industries—Building 800, City of Lancaster and Manheim Township, **Lancaster County**. Science Applications International Corporation, 6310 Allentown Boulevard, Harrisburg, PA 17112, on behalf of Armstrong World Industries, Inc., P. O. Box 3001, Lancaster, PA 17604-3001, submitted a Remedial Investigation Report and a Cleanup Plan concerning remediation of groundwater contaminated with solvents. The applicant proposes to remediate the site to a Site-Specific standard.

Southwest Region: Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

West Elizabeth Lumber Property, West Elizabeth Borough, **Allegheny County**. Timothy S. Evans, Ameri-

can Geosciences, Inc., 3925 Reed Blvd., Suite 400, Murrysville, PA 15668-1848 (on behalf of Michael Hoag, National Industrial Lumber Company, 489 Rosemont Road, North Jackson, OH 44451) has submitted a Cleanup Plan concerning remediation of site soil contaminated with inorganics. The Cleanup Plan is intended to document remediation of the site to meet the Site-Specific Standard

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Small Business Advantage Grant Program

The Department of Environmental Protection (Department) announces an open opportunity to apply for funding in the second year of the Commonwealth's Small Business Advantage Grant Program for small business pollution prevention and energy efficiency projects. Small Business Advantage is a grant program providing up to 50% matching grants, to a maximum of \$7,500, to enable small businesses in this Commonwealth to adopt or acquire energy efficient or pollution prevention equipment or processes. Well-designed energy efficient or pollution prevention projects can help small businesses cut costs and reduce the risk of potential regulatory problems while simultaneously protecting the environment.

Owners of for-profit small businesses located within this Commonwealth are eligible to apply, including manufacturers, retailers, service providers, mining businesses and agricultural concerns. The project to which the grant will apply must be located within the applicant's facility, located in this Commonwealth, and save at least 10% annually in energy or pollution related expenses.

For questions or concerns regarding the eligibility of projects, contact Dave Barnes, Office of Energy and Technology Development, Small Business Ombudsman's Office, (717) 783-8411, epadvantagegrant@state.pa.us before submitting an application.

Applications are available by contacting the Department of Environmental Protection, Office of Energy and Technology Deployment, 15th Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8772, Harrisburg, PA 17105-8772, (717) 783-8411. Applications are also available on the Department's website: www.dep.state.pa.us (DEP Keyword: SBAdvantage). The application package contains the materials and instructions necessary for applying for a grant.

Applications must be postmarked or hand delivered by 4 p.m. on January 6, 2006. Faxes or other electronic submissions will not be accepted.

DEPARTMENT OF PUBLIC WELFARE

Income Limits for the Categorically Needy Nonmoney Payment Medicaid Program

The Department of Public Welfare (Department) increased the income limits codified in 55 Pa. Code § 181.1(f)(1), (2) and (4) (relating to general policy on MA income common to all categories of MA) effective January 1, 2005.

Section 181.1(f)(1), (2) and (4) of 55 Pa. Code establishes that the income limits for the Categorically Needy Nonmoney Payment Medicaid Program (program) for aged, blind and disabled persons are based on the Federal benefit rate payable under Title XVI of the Social Security Act (42 U.S.C.A §§ 1381—1383c). Effective January 1, 2005, the Federal benefit rate was increased due to the Federal cost-of-living increase.

As required under 55 Pa. Code § 181.1(f), the Department revised the income limits for the program for aged, blind and disabled persons effective January 1, 2005. Those limits are set forth in Appendices A, B and D, which are recommended for codification in 55 Pa. Code Chapter 181 (relating to income provisions for categorically needy NMP-MA and MNO-MA). Appendix A is the Federal benefit rate plus the State supplement payable under Title XVI of the Social Security Act. Appendix B is 300% of the Social Security Income (SSI) Federal benefit rate payable under Title XVI of the Social Security Act. Appendix D is the SSI Federal benefit rate payable under Title XVI of the Social Security Act. Item 1 of Appendix D is 1/2 of the SSI Federal benefit rate for one person. Item 2 of Appendix D is 1/2 of the Federal benefit rate for two persons.

GOVERNOR'S OFFICE

Regulatory Agenda

Executive Order 1996-1 requires agencies under the jurisdiction of the Governor to submit for publication an agenda of regulations under development or consideration. The following is the 19th publication of the Administration's regulatory agenda, grouped by agency. Subsequent agendas will be published on the first Saturdays in February and July.

The agendas are compiled to provide members of the regulated community advanced notice of regulatory activity. It is the intention of the Administration that these agendas will serve to increase public participation in the regulatory process.

Agency contacts should be contacted for more information regarding the regulation and the procedure for submitting comments.

This Agenda represents the Administration's present intentions regarding future regulations. The nature and complexity of an individual regulation obviously will determine whether and when any particular regulation listed below (as well as, any considered subsequent to publication of this Agenda) is published.

PA Code Title VI Chapter 15 Protective Services for Older Adults	December 2006, as proposed.	The law and regulations are under review in light of the decision of the Pennsylvania Supreme Court in <i>Nixon et al. v. Commonwealth</i> , et al., which found the current protective services law and regulations to be unconstitutional.	Robert Hussar 717-783-6207
PA Code Title VI Chapter 23 Long Term Care Ombudsman Program	December 2007, as proposed.	The Department wishes to promulgate regulations for the Long Term Care Ombudsman program in order to bring it into conformity with national standards.	Robert Hussar 717-783-6207
PA Code Title VI Chapter 20 Family Caregiver Support Program	December 2007, as proposed.	A review of these regulations will be conducted in order to assure consistency with ongoing interdepartmental discussion regarding development of the family caregiver support program.	Robert Hussar 717-783-6207
PA Code Title VI Chapter 22 Pharmaceutical Assistance Contract for the Elderly	December 2005, as proposed.	A review of the PACE law and regulations is ongoing in light of the Medicare Modernization and Improvement Act and discussions about coordination of the Federal prescription drug benefit with the PACE/PACENET programs.	Thomas Snedden 717-787-7313
AGRICULTURE			
Domestic Animal 7 Pa. Code Chapter 2	December, 2005, as proposed.	This long-term project is intended to update the Department's regulatory authority to make it more consistent with the provisions of the Domestic Animal Law (3 Pa.C.S. §§ 2301—2389).	Paul Knepley, DVM (717) 772-2852
Cervidae 7 Pa. Code Chapter 18	December, 2005, as proposed.	Act 190 of 2002 amended the Domestic Animal Law to require the Department to license and regulate cervidae livestock operations.	Paul Knepley, DVM (717) 772-2852
Animal Exhibition Sanitation 7 Pa. Code Chapter 21	December, 2005, as proposed.	Act 190 of 2002 amended the Domestic Animal Law to require the Department to enforce sanitation requirements at animal exhibitions, and to regulate as necessary to meet this requirement.	Paul Knepley, DVM (717) 772-2852

<i>Regulation Being Considered</i>	<i>Proposed Date of Promulgation</i>	<i>Need and Legal Basis for Action</i>	<i>Agency Contact</i>
Maple Products 7 Pa. Code Chapter 83	December, 2005, as proposed.	This regulation is required by the Maple Products Act (3 Pa.C.S. §§ 6101—6112). This regulation would establish standards, product quality practices and facility requirements relating to the production of maple syrup and maple products.	Lenchen Radle (717) 772-3234
Amusement Rides 7 Pa. Code Chapter 139	July, 2005, as proposed.	This regulation will update the current regulation at 7 Pa. Code Chapter 139 to reflect changes to the Amusement Ride Inspection Act (4 P. S. §§ 401—418).	Kent D. Shelhamer (717) 787-9089
Harness Racing Commission 58 Pa. Code Chapters 181, 183, 185 and 186—190	September, 2005, as proposed.	This regulation is necessary to update current regulations, make them more user-friendly and address conditions which exist in harness racing that did not exist when the current regulations were originally promulgated. This regulation is a long-term project and would amend 58 Pa. Code Chapters 181, 183, 185 and 186—190, including the general authority of the Commission and provisions relating to associations licensed to conduct pari-mutuel wagering, individual licensing, licensing of officials, rules of the conduct of races, veterinary practices, equine health and medication, wagering, due process and disciplinary action.	Anton J. Leppler (717) 787-5196
Fruit Tree Improvement Program 7 Pa. Code Chapter 120	November, 2006, as proposed.	This regulation would facilitate interstate and international export of Pennsylvania-grown fruit tree nursery stock. This regulation would amend 7 Pa. Code Chapter 120, which provides testing and inspection standards and procedures pursuant to which fruit tree nursery stock can be certified as to quality, consistency and disease/insect-free status. The regulation would be a technical update of current provisions, would bring this program into greater conformity with programs in other states and would provide more practical assistance to participating growers.	Ruth Welliver (717) 772-5222
Pesticide Regulations 7 Pa. Code Chapter 128	January, 2006, as proposed.	This regulation will amend 7 Pa. Code Chapter 128 and is necessary to update current regulations, to make them more user friendly, address pesticide security issues, set minimum certification age requirements, dealer licensing, and changes in federal pesticide registration changes.	David Scott (717) 772-5214
Certification of Virus-Tested Geraniums 7 Pa. Code Chapter 122	September, 2006, as proposed.	This regulation would amend the current regulatory authority to update the voluntary program pursuant to which geranium producers may obtain the Department's certification of virus-tested geraniums. This amendment would establish an inspection fee to help cover the Department's costs in inspecting and testing geraniums offered for certification. This regulation would amend 7 Pa. Code Chapter 122 to: 1) expand the certification of virus-tested geraniums to include Culture-Indexed Geraniums, which are free from certain economically-important bacterial and fungal pathogens; and 2) establish a reasonable fee for the Department's inspection and certification services	Ruth Welliver (717) 772-5222
Chemsweep Regulations 7 Pa. Code Chapter 128b	December, 2005, as final.	This regulation will amend 7 Pa. Code Chapter 128b to expand the pesticide disposal program which has been limited to agricultural pesticide products. The amendment will include all Commonwealth citizens who are in possession of cancelled, unused or suspended pesticides.	Phil Pitzer (717) 772-5206

Chapter 109 Safe Drinking Water Act 25 Pa. Code, Chapter 109	FY 05-06	This general update will revise several sections in Chapter 109 to retain or obtain primacy, including monitoring and reporting requirements for lead, copper, inorganic chemicals, volatile synthetic organic chemicals, and synthetic organic chemicals. Other sections will be clarified, such as QA/QC requirements for on-line instrumentation; reporting requirements for failure to monitor; and compliance determinations for the chemical contaminants. The update also will include mandatory electronic data reporting requirements.	Lisa Daniels 717-772-2189
Air Quality Permit Streamlining Air Pollution Control Act 25 Pa. Code, Chapter 127	FY 05-06	The proposed regulation will revise certain public notice provisions and public comment provisions to extend from 120 to 180 days the duration for temporary "shake-down" operation of new equipment subject to the Plan Approval requirements.	Terry Black 717-787-2030
Water Resources Planning Water Resources Planning Act 25 Pa. Code, Chapter 110	FY 05-06	Act 220 requires the Department to prepare regulations establishing requirements for the registration, record keeping and periodic reporting of withdrawals and withdrawal water use. The Act also specifies that the regulations include a process that water users may document and register water withdrawals or consumptive use reduction practices or projects, groundwater recharge or conservation for consideration in providing recognition and credit during implementation of existing or future water supply programs.	Stuart Gansell (717) 783-7420
Emissions Testing and Monitoring Fees And Volatile Organic Compound Definition Revision 25 Pa. Code, Chapter 130, Subchapter C	FY 05-06	The proposed regulation will delete the definition of volatile organic compound (VOC) in Subchapter C of Chapter 130. The existing definition precludes manufacturers of coatings from using solvents recently added to the EPA "exempt" solvent listing as a compliance option for formulating AIM coatings. Upon the deletion of the VOC definition in Subchapter C, the existing definition of VOC in Subsection 121.1 of Chapter 121 will be applicable to AIM coating compliance determinations.	Terry Black 717-787-2030
Collection and Transportation of Municipal Waste 25 Pa. Code, Chapter 285 Subchapter B	FY 05-06	The proposed regulation establishes criteria for registration application or renewal denial and a requirement to submit an annual operation report.	Jay Africa 717-787-8184
Chapter 85—Bluff Recession and Setback Amendments Bluff Recession and Setback Act 25 Pa. Code, Chapter 85	FY 05-06	This proposal will update Chapter 85 based on the bluff study that resulted from a petition submitted by the Millcreek Township Board of Supervisors, Erie County.	Andrew Zemba 717-772-5633
Stream Redesignation Package Clean Streams Law 25 Pa. Code, Chapter 93	FY 05-06	This proposal will identify streams that should be re-designated to provide the correct aquatic life use designation in the water quality standards for the Commonwealth for water bodies currently being evaluated by the Department of Environmental Protection.	Bonita Moore (717) 772-4462
Water Quality Toxics Management Strategy—Statement of Policy Clean Streams Law 25 Pa. Code, Chapter 16	FY 05-06	This annual review identifies amendments to the Water Quality Toxics Management Strategy—Statement of Policy. Water Quality Criteria in Appendix A, Table 1 are revised to reflect the latest scientific information and Federal guidelines for criteria development.	Bonita Moore (717) 772-4462

25 Pa. Code §§ 963.12(a)(6) and (7), 963.13(b)(2), 963.13(c), 963.14(a), 963.15(a), and 25 Pa. Code § 965.4(9).	Fall/Winter 2005	<p>PENNVEST recommends the following revisions:</p> <p>(1). Delete 25 Pa. Code § 963.12(a)(6) in its entirety and the second sentence of 25 Pa. Code § 963.13(b)(2) thereby allowing PENNVEST to provide financial assistance (loan or grant) for costs associated with the development of an approvable official sewage plan under the Sewage Facilities Act, 35 P. S. § 750.1 et seq. While PENNVEST has always construed these costs to be encompassed within the statutory definition of "eligible cost" (35 P. S. § 751.3), the agency chose as a matter of policy not to fund this planning process because the Pennsylvania Department of Environmental Protection already provided grant funds for 50% of these costs. PENNVEST is revising its policy because the agency is concerned that, in some instances, needed projects are unable to move forward in a timely manner due to a lack of funds to conduct this necessary planning. PENNVEST, therefore, is removing the impediment to funding imposed by the above regulatory provisions.</p> <p>(2). Delete 25 Pa. Code § 963.12(a)(7) thereby allowing PENNVEST to provide financial assistance (loan and grant) for costs associated with the extraction for profit of minerals or other resources from wastewater or sludge whether the project is sponsored by a public or private actor. While PENNVEST has historically allowed these costs for public facilities provided the profits were used to reduce system user costs it has not allowed financial assistance for such processes for private facilities. PENNVEST is revising its policy because it wants to support recycling and other innovative wastewater projects and the current policy has the potential to stifle such projects. In order to further these objectives, PENNVEST is removing the impediment to funding imposed by the above regulatory provision.</p> <p>(3) Amend 25 Pa. Code § 963.13(c) by revising the section to read as follows: "Terms of Loans. Advance funding loans will be for a term of five years. The term will be payment of interest only for 59 months and repayment scheduled for month 60. The scheduled repayment date, month 60, shall not exceed 1 year from completion of the advance funding project. If the recipient of an advance funding loan subsequently receives a construction loan from the Authority, the term of the outstanding advance funding loan shall be amended to carry both the interest only term and the repayment term of the construction loan, provided the interest only term shall not be extended beyond five years."</p> <p>(4). Amend 25 Pa. Code § 963.14(a) by revising the section to read as follows: "For all funding sources that do not otherwise provide statutory guidance on how to award grant proceeds, grants will be awarded solely under the statutory authority of the Act and will be considered only when the Board determines that the financial condition of the recipient indicates that repayment of the loan is unlikely and that the recipient will not be able to proceed with the project without a grant. If the Board decides to award a grant, the Board may attempt to mix the grant funds with loan funds and may otherwise leverage the use of the grant proceeds if possible."</p>	Jayne B. Blake (717)-783-6630

		(5). Amend 25 Pa. Code § 963.15(a) by revising the first sentence to read as follows: "The term of the loans shall normally be twenty years beginning on the date construction is completed or three years from of the date of loan closing, whichever occurs first." This amendment provides a level loan repayment and a defined term at loan closing (normally twenty years). Under the old policy the loan term was determined sometime in the future after construction closed out. Consequently, under the old policy a Borrower with a project that took two years to construct would have had only eighteen years to repay the loan. Under the new policy the repayment term would be twenty years plus two years of interest only payments to provide for construction (6). Amend 25 Pa. Code § 965.4(9) to place a period after the word "Board" and delete the remainder of the sentence. This amendment allows those costs associated with the acquisition of land under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 to be financed by PENNVEST. This change is necessary to reflect a shift in policy by the Environmental Protection Agency and the desire of PENNVEST to take advantage of the policy shift to finance such costs.

Breast and Cervical Cancer Prevention and Treatment Program 55 Pa. Code Chapter 140	September 2005, as final-form	This regulation provides Medicaid benefits to individuals diagnosed with Breast and Cervical Cancer, effective January 1, 2002. The BCCPT Act of 2000 amended Title XIX of the Social Security Act by giving states the option of providing full Medicaid benefits to a new group of individuals. This regulation provides Medical Assistance for women who have breast and cervical cancer, including pre-cancerous conditions of the breast and cervix, in addition to full Medicaid benefits. Specifically, uninsured and underinsured women under the age of 65, screened and diagnosed with either breast or cervical cancer, including pre-cancerous conditions of the breast or cervix, by a provider or facility funded in full or part by the Centers for Disease Control and Prevention under its National Breast and Cervical Cancer Early Detection Program, will be eligible for Medicaid benefits. Pennsylvania has chosen the Department of Health Healthy Woman Project as the screening entity for this program. This regulation will be reviewed by representatives of community legal service agencies, the welfare rights organization, professional medical organizations and other client advocacy groups.	Ruth O'Brien (717) 783-2800

Medical Assistance Case Management Services 55 Pa. Code Chapter 1239	March 2006, as proposed	This regulation codifies payment for medically necessary case management services as mandated by Omnibus Budget Reconciliation Act '89 to Medical Assistance recipients under the age of 21. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
OMNIBUS MA 55 Pa. Code Chapters 1101, 1121, 1149	June 2006, as final-omitted	This final regulation codifies Act 1994-49 provisions that affect the medical benefits of General Assistance recipients over the age of 21 when these services are solely state funded. These recipients are no longer eligible for (1) dental services unless their medical condition or handicap requires services to be provided in an ambulatory surgical center, short procedures unit or inpatient hospital; (2) medical supplies and equipment except as prescribed for family planning or with home health agency service and (3) prescription drugs except legend birth control drugs. This regulation also implements Act 1996-35 provisions imposing a \$150 deductible on inpatient and outpatient hospital services and ambulatory surgical center services, except laboratory and x-ray services for General Assistance and General Assistance-related Medical Assistance recipients. In addition, this regulation removes family planning clinics from the list of providers limited under the General Assistance Basic Health Care Package to 18 practitioner's office and clinic visits per year. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
OMNIBUS Pharmacy 55 Pa. Code Chapters 1121, 1126, 1129, 1141, 1163, 1221, 1225, 1243	June 2006, as final-omitted	This final regulation codifies Act 1994-49 provisions that discontinue payment for all drugs, devices, products, services and procedures that are used or related to treating infertility, including surrogacy services, effective September 1, 1994. This regulation also provides that the medical assistance program provides drug coverage to medically needy only recipients receiving nursing facility services. This includes medically needy only recipients who reside in nursing facilities and intermediate care facilities/mental retardation (ICF/MR). This regulation was reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Residential Treatment Facilities (RTF) for Mental Health Services 55 Pa. Code Chapters 1157, 1165	July 2006, as proposed	This regulation codifies coverage for mental health services to children under 21 years of age that are provided in a residential treatment facility. This regulation was reviewed by the Medical Assistance Advisory Committee on 3/28/02. The Department received comments from 6 agencies. Revised regulations are under review by the Department.	Ruth O'Brien (717) 783-2800
Physician Assistant/Midwife 55 Pa. Code Chapter 1141	June 2006, as final-omitted	This final regulation codifies revised supervision requirements for physician assistants and midwives. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Discontinuance of the Mandatory Second Opinion Program 55 Pa. Code Chapter 1150	June 2006, as final-omitted	This final regulation removes the mandatory second opinion program requirement for certain surgical procedures. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800

<i>Regulation Being Considered</i>	<i>Proposed Date of Promulgation</i>	<i>Need and Legal Basis for Action</i>	<i>Agency Contact</i>
Capital Component Payment for Replacement Beds 55 Pa. Code Chapter 1187	July 2006, as proposed	This regulation codifies the policy as set forth in the Statement of Policy published at 27 Pa.B. 6238 (November 29, 1997). This regulation will specify the conditions under which the Department will recognize nursing facility beds as replacement beds for purposes of making capital component payments for those beds. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
New Definition of "Emergency Medical Condition" 55 Pa. Code Chapters 1101, 1141, 1150, 1221	December 2005, as proposed	This regulation codifies the revised definition of "emergency medical condition" contained in the Balanced Budget Act of 1997, effective July 1, 1998. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Definition of Medically Necessary 55 Pa. Code Chapter 1101	March 2006, as proposed	This proposed regulation replaces the current definition of "medically necessary" with the definition found in the HealthChoices Request for Proposal. This regulation was reviewed on 9/21/01 by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Tobacco Cessation and Nutritional Supplements 55 Pa. Code Chapter 1121	December 2005, as final-omitted	This final regulation will provide coverage under the Medical Assistance Program for tobacco cessation products and counseling services and will extend coverage for nutritional supplements to eligible Medical Assistance recipients 21 years of age and older. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Dental Services 55 Pa. Code Chapter 1149	September 2005, as final-omitted	This final regulation will provide coverage for crown core build-up and will revise the Medical Assistance Orthodontia Program. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Preadmission Requirements for Nursing Facility Services 55 Pa. Code Chapter 1187	July 2005, as proposed	This regulation will require nursing facilities to have all individuals applying for nursing facility services, evaluated by the Department or an independent assessor if it is likely that the applicant will use Medical Assistance as a payer source within 12 months of admission. The purpose of this regulation is to allow an individual to remain in the community by delaying or eliminating the need for admission to a nursing facility. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Penile Prosthesis 55 Pa. Code Chapters 1141, 1163	March 2006, as proposed	This regulation revises the current § 1141.59(8) non-compensable services and § 1163.59(a)(4) noncompensable services, items and outliers days.	Ruth O'Brien (717) 783-2800
Extension of County Transition Payments and Double Disproportionate Share 55 Pa. Code Chapter 1187	August 2005, as final-omitted	This regulation will extend the county nursing facility transition rates for the period July 1, 2003, through June 30, 2009, and will increase the disproportionate share incentive payments to qualified nursing facilities for the period July 1, 2003 through June 30, 2008. The disproportionate share incentive payment shall be increased to equal two times the disproportionate share per diem incentive calculated in accordance with 55 Pa. Code § 1187.111(c). This regulation will be reviewed by the Medical Assistance Advisory Committee. These changes are made in accordance with the Intergovernmental Transfer Agreements.	Ruth O'Brien (717) 783-2800

MA Day of Care 55 Pa. Code Chapter 1187	January 2006, as final-form	The regulation will revise the definition of an MA day of care to include days of care for which an MCO under contract with the Department or LTCCAP provider pays 100 percent of the negotiated rate or fee for the MA resident's care in a nursing facility and days of care for which the resident and an MCO under contract with the Department or LTCCAP provider pays 100 percent of the negotiated rate or fee for the MA resident's care in the nursing facility. In addition, the regulation will further expand the definition of an MA day of care to include days of care for which the Department makes payment for MA residents receiving hospice services in a nursing facility.	Ruth O'Brien (717) 783-2800
Metropolitan Statistical Area (MSA) 55 Pa. Code Chapter 1187	July 2005, as final-form	The proposed regulation changes the manner in which the Department establishes the peer groups used to set net operating prices under the case-mix payment system. The Department is proposing to change the payment system to specify that it will use the historical MSA group classification issued by the Federal Office of Management and Budget (OMB) in OMB Bulletin No. 99-04 to classify nursing facilities into peer groups. The Federal OMB revised its definitions of MSA and recommended that the definitions not be used for the development or implementation of any Federal, state or local nonstatistical policies without full consideration of the effects that the changes will have on the programs. If the Department adopts the Federal MSA changes, it has been determined that nursing facilities (except hospital-based and special rehabilitation nursing facilities) participating in the MA Program would experience, in the aggregate, a negative impact in their reimbursement rate under the case-mix payment system.	Ruth O'Brien (717) 783-2800
Home Health Regulation 55 Pa. Code Chapter 1249	December 2005, as final-form	The proposed regulation: 1. removes the State requirement that clients be homebound to receive home health agency services. Requiring a client to be homebound is in violation of "Olmstead Update No. 3" codified at 42 CFR 440.230(c) and 440.240(b); 2. moves service limitations from the regulations to the fee schedule which will permit program exceptions to the limitations when appropriate.	Ruth O'Brien (717) 783-2800
Medical Assistance Provider Appeal Procedures 55 Pa. Code Chapter 41	October 2005, as final-form	This regulation implements 67 Pa.C.S. 1106 and establishes rules of procedure governing Medical Assistance Provider appeals.	Ruth O'Brien (717) 783-2800

Third Party Liability Programs 55 Pa. Code Chapter 259	December 2005, as proposed	Section 1902(a)(25) of the Social Security Act (42 U.S.C. § 1396a(a)(25)) requires the Department to develop and implement a TPL program to ensure that Medicaid is the payor of last resort. Section 1906 of the Social Security Act (42 U.S.C. § 1396(e)) authorizes the Department to have a special program to enroll certain MA recipients into group health insurance. Both the general TPL program and the special group health insurance program have been in operation in Pennsylvania for a number of years. During this period of operation, questions have arisen as to interpretation and procedures under the Federal and state's statutes. This proposed regulation is needed to supply guidance with respect to issues not directly addressed by the Federal and state statutes, to resolve ambiguities and to fill gaps in the state statutory language.	Ruth O'Brien (717) 783-2800
Licensure and Approval Appeal Procedures 55 Pa. Code Various Chapters	February 2006, as proposed	This regulation replaces the uncodified regulation at 7 Pa.B. 3266 with the General Rules of Administrative Practice and Procedure (1 Pa. Code Chs. 31—35) for all facilities and agencies certified by the Department.	Ruth O'Brien (717) 783-2800
Psychiatric Outpatient Clinics 55 Pa. Code Chapter 5200	February 2006, as proposed	This proposed regulation revises the current regulations pertaining to organization, staffing, and supervision for licensed psychiatric outpatient services. This regulation will be reviewed by the Mental Health Advisory Council and the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Family-Based Mental Health Service Providers Draft Regulation, 55 Pa. Code Chapter 5260	February 2006, as proposed	This proposed regulation would establish requirements for the delivery of services, and payment of family-based mental health services for children and adolescents.	Ruth O'Brien (717) 783-2800

HOUSING FINANCE AGENCY

Request for Qualifications to Provide Strategic Planning Consulting Services

The Housing Finance Agency (Agency) seeks responses from qualified strategic planning consultants to this request for assistance in developing training, human resources and operational systems solutions that address current and future business challenges.

Agency staff and leadership have held internal discussions that have identified the following areas of focus:

1. Encouraging an innovative and problem-solving attitude in staff members.
2. Broadening and deepening divisions' and units' abilities to work together to recognize new business opportunities, and systematically design and implement new programs.
3. Capitalizing on improved external relations with business partners and improving our collaborations with government entities.
4. Identifying ways to maximize Information Technology investments.
5. Developing a succession plan.

The Agency is aware that discussion with skilled strategic planning consultants may highlight the need for

additional or alternative areas of focus. The Agency expects that any successful applicant for strategic planning consultation will assist the Agency in identifying additional or alternative areas of focus.

Agency Background

The Agency is a public corporation and agency of State government employing approximately 250 people in Harrisburg, Norristown and Pittsburgh. The Agency was created by the General Assembly in 1972 to provide affordable housing for older adults, families of modest means and persons with special needs.

The Agency provides capital to finance rental housing development and single family home buyer mortgages, and administers several State and Federal housing and community development initiatives, including the housing tax credit program and the Homeowners Emergency Mortgage Assistance Program (HEMAP). To date, the Agency has financed more than 105,550 home purchases through more than \$6 billion in mortgages to home buyers; 60,000 apartment units through \$1.7 billion in loans and \$220 million in tax credits to developers; and has saved 33,400 homeowners from foreclosure with \$345 million in HEMAP loans.

The Agency does not receive State appropriations for operations, other than for HEMAP. Instead, the Agency sells taxable and tax-exempt securities to raise capital for programs and operations. The Agency's securities are rated AA+ by Standard & Poors and Aa2 by Moody's. Additional information about the Agency and its programs can be found on the Agency's www.phfa.org.

Responses should be sent by 2 p.m. on July 30, 2005, to the Housing Finance Agency, Attn: Robert F. Bobincheck, 211 North Front Street, Harrisburg, PA 17101.

Responses must include a description of the consultant's philosophy of strategic planning, their approach to organizational assessment and their deliverables; a list of organizations for which the consultant has already provided services; and biographies and credentials for all staff who will be involved with services provided to the Agency.

The Agency is aware that consultants may provide services in more than one, or only one, of the identified areas of need, and that consultants may have additional areas of service that they would like to offer. For this reason, the Agency requests a separate bid for each area of focus that the consultant proposes to address.

The Agency may select a contractor or contractors to provide services in the manner as it deems, in its discretion, most efficient, appropriate and cost effective to achieve its goals of strategic planning. The Agency will negotiate the final terms of an agreement for services directly with selected contractor and reserves the right to discontinue, amend or extend this process, to request supplemental and additional information from any entity and to negotiate directly for the performance of relevant services relating to the provision of services as it deems appropriate and advantageous to fulfilling its goals.

Important Information for Interested Bidders

Questions regarding to this invitation should be directed in writing only to Robert Bobincheck at the previously listed address. Responses to questions received and any supplemental information relating to this invitation will be posted on the Agency's website. Interested applicants are urged to check the website for information.

Three copies of the Statement of Qualifications should be submitted to Robert Bobincheck and must be signed by an official authorized to bind the contractor to its provisions.

The Agency may in its sole discretion undertake negotiations with contractors whose proposals as to price and other factors show them to be qualified, responsible and capable of performing the work. The Agency reserves the right to reject proposals received as a result of this request, or to negotiate separately with competing contractors. Information and material submitted through this invitation becomes the property of the Agency and may be subject to disclosure.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

**State Board of Examiners of Nursing Home
Administrators Regulation #16A-6210 (IRRC #2469)**

Biennial Renewal Fees

June 22, 2005

We submit for your consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The State Board of Examiners of Nursing Home Administrators (Board) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on May 23, 2005. If the final-form regulation is not delivered within two years of the close of the public comment period, the regulation will be deemed withdrawn.

Section 39.72. Fees.—Fiscal impact; Protection of public health, safety and welfare; Reasonableness; Need.

The proposed regulation will increase the biennial renewal fee by 175 percent. Commentators contend this increase will be a significant deterrent for licensees to renew and stay in the profession and will dissuade newcomers from seeking licensure and entry into the profession. Both entry and retention in the field of nursing home administration appear to be in decline. The Preamble cites this decline as one of the reasons for the increase by noting that 400 licensees have decided not to renew over the past five years. We have three concerns.

First, why is it necessary to increase the fee to a level that goes beyond erasing the current deficit to meet projected expenditures over a decade? We appreciate the Board's concern for balancing costs with income over a longer timeframe. However, given the fluctuations in the profession and the negative impact a fee increase of this proportion is bound to have, the Board should consider raising fees only in the amount needed to resolve deficits in the short term. The fee can be raised incrementally as expenses increase.

Second, as an alternative to the proposed regulation, fee increases could be phased in over a specific timeframe. This approach would have a less drastic economic impact on licensees and would also allow the Board to adapt to changes in the number of licensees and enforcement activity.

Third, the Board did not provide any information regarding the fiscal impact of the increase on licensees. When it submits the final-form regulation, the Board should identify the financial and economic impacts of the regulation on individual licensees. Given the recent decline in the number of licensees, the Board should consider the potential impacts on the profession and the facilities that licensees administer. If the decline continues, will a steep fee increase have a negative impact on long-term care facilities and their ability to maintain and protect the health, safety and welfare of their residents?

**State Board of Landscape Architects Regulation
#16A-618 (IRRC #2470)**

General Revisions

June 22, 2005

We submit for your consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The State Board of Landscape Architects (Board) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on May 23, 2005. If the final-form regulation is not delivered within two years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Section 15.2. Board proceedings and meetings.—Clarity; Need.

The Board is amending Subsection (b) to state that meetings "may" be conducted using Robert's Rules of Order. If the use of Robert's Rules of Order is no longer required, the second sentence in Subsection (b) should be deleted.

2. Section 15.14. Retention of documents.—Reasonableness.

The Board is deleting the provision which allows applicants to submit notarized copies of original documents for Board review. According to the preamble, the Board believes that in evaluating an applicant for licensure, an original document is the best display of the applicant's work.

We note that the first sentence of this subsection gives the Board discretion to retain any documents submitted with an application. However, an applicant may want to have his or her original work products returned. The Board should amend this section to provide that original work products will be returned to the applicant. The Board could copy the documents before returning them if it wants to retain them as a permanent part of the application file.

3. Section 15.16. References.—Reasonableness; Clarity.

The Board has added a sentence to Subsection (b) which states, "The Board will return completed reference forms sent by the applicant." According to the preamble, the intent of this provision is to require reference forms to be submitted to the Board directly from the person providing the reference. The applicant may not forward the completed forms to the Board. As written, this sentence does not clearly reflect the Board's intent. We suggest the Board amend this provision to state that it "will not accept" completed references sent by the applicant.

4. Section 15.18. Certification.—Clarity.

The Board is deleting Subsection (b) because the temporary certificate is no longer necessary. According to the preamble, once a license is approved, it is automatically active and the notification of approval will be listed on the Board's website. The licensee will receive the permanent licensure certificate approximately two weeks after approval.

Clarity would be improved if the Board replaced existing Subsection (b) with a provision that states that once the notification of approval is listed on the Board's website, the licensee may practice. This would eliminate any doubt about the ability to practice during the two-week period from the time the approval is placed on the website to the time the applicant receives the permanent certificate.

5. Section 15.36. Permitted practices.—Reasonableness.

Existing Subsection (d)

The Board is deleting existing Subsection (d) which requires the landscape architect to sign documents and if the landscape architect practices in association with others, requires his or her name to appear with the association on documents he or she does not sign. In its comments, the House Professional Licensure Committee questions if this language should be retained. We request the Board explain the purpose of deleting the signature requirements.

6. Section 15.72. Requirement for biennial renewal.—Reasonableness.

Subsection (b) states, "The Board will exempt from the continuing education requirement a licensee who received a license within 2 years preceding the licensee's first application for biennial renewal." Replacing the word "exempt" with "waive" would better reflect the language in the Act (63 P. S. § 909.1(a)).

In addition, allowing a blanket waiver for any licensee who was licensed within two years preceding the biennial renewal appears to be overly broad. For example, it seems that licensees who received their licenses a year or more before the renewal date would have plenty of time to complete the 10 hours of required continuing education. For licensees who were licensed within a few months of the biennial renewal, the Board could make accommodations such as reducing the required number of continuing education hours or providing a waiver. In the final-form regulation, we recommend that the Board place some restrictions on the waiver of continuing education based on the amount of time between initial licensure and the licensee's first biennial renewal period.

7. Section 15.73. Acceptable continuing education courses.—Clarity.

Subsection (c) references "electronic presentations." Clarity would be improved by providing examples of these types of presentations.

State Board of Vehicle Manufacturers, Dealers and Salespersons Regulation #16A-608 (IRRC #2471)**Protest Proceedings**

June 22, 2005

We submit for your consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The State Board of Vehicle Manufacturers, Dealers and Salespersons (Board) must respond to these

comments when it submits the final-form regulation. The public comment period for this regulation closed on May 23, 2005. If the final-form regulation is not delivered within two years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Section 19.31. Filing of papers.—Clarity.

This section uses the term "papers" to describe documents that could be filed in a protest proceeding. This term lacks clarity. The Board should either define the term "papers" or replace it with the term "documents" or "legal documents."

2. Section 19.36. Prehearing statements.—Implementation procedures; Clarity.

Subsection (c), relating to sanctions, states the following: "Failure to file a prehearing statement as required by this section and within the time specified in the scheduling order may subject a party to sanctions, including being precluded from presenting evidence." We have two questions.

First, under what circumstances would the Board impose the sanctions? Second, what other sanctions could be imposed by the Board? For clarity, the Board should provide additional examples of sanctions or include a citation to a provision where sanctions are outlined.

**State Board of Cosmetology Regulation
#16A-4512 (IRRC #2475)****Biennial Renewal Fee Increase**

June 22, 2005

We submit for your consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The State Board of Cosmetology (Board) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on May 23, 2005. If the final-form regulation is not delivered within two years of the close of the public comment period, the regulation will be deemed withdrawn.

1. General.—Consistency with statute; Reasonableness; Clarity.

Section 4.4 of Act 98 of 2002 deleted the requirement that a cosmetology shop manager be licensed. Accordingly, in Section 7.2 of this regulation, the Board deleted the fee for a cosmetology shop manager license. However, elsewhere in 49 Pa. Code Chapter 7, references to the licensure of a cosmetology shop manager remain.

To be consistent with existing statute and the deletion of the fee requirement for a cosmetology shop manager's license, the Board should delete all references to a cosmetology shop manager's license from 49 Pa. Code Chapter 7 when it submits the final-form regulation.

INSURANCE DEPARTMENT**Application for Approval to Acquire Control**

Eastern Insurance Holdings, Inc., a Pennsylvania domiciled corporation, has filed an application to acquire

control of the following Pennsylvania domiciled insurers: Eastern Alliance Insurance Company and Allied Eastern Indemnity Company. The acquisition of control is proposed to be achieved through the merger of Eastern Holding Company, Ltd., a Cayman Island business corporation, with and into a newly formed acquisition subsidiary of Eastern Insurance Holdings, Inc. which will be the survivor of the merger transaction. Eastern Alliance Insurance Company and Allied Eastern Indemnity Company are both indirect, wholly owned subsidiaries of Eastern Holding Company, Ltd. The initial filing was received on June 13, 2005, and was made under the Insurance Holding Companies Act (40 P. S. §§ 991.1401—991.1413).

Persons wishing to comment on the grounds of public or private interest in this merger are invited to submit a written statement to the Insurance Department (Department) within 30 days from the date of publication of this notice in the *Pennsylvania Bulletin*. Written statements must include the name, address and telephone number of the interested party, identification of the application to which the statement is addressed and a concise statement with sufficient detail and relevant facts to inform the Department of the exact basis of the statement. Written statements should be directed to Cressinda Bybee, Company Licensing Division, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120, fax (717) 787-8557, cbybee@ins.state.pa.us.

Coal Mine Compensation Rating Bureau; Workers' Compensation Federal Occupational Disease Filing; Rate Filing

On June 10, 2005, the Insurance Department (Department) received from the Coal Mine Compensation Rating Bureau (CMCRB) a filing to amend the current CMCRB Manual. This filing is made in accordance with section 705 of the act of July 2, 1993 (P.L. 190, No. 44). The CMCRB requests this change to be effective October 1, 2005, on a new and renewal basis.

The current CMCRB Manual excludes partners of a partnership, individual proprietors and certain executive officers, which is consistent with the Workers' Compensation Act (77 P.S. §§ 1—1041.4 and 2501—2506). The amendments will provide Federal Black Lung coverage to those individuals to ensure conformance with the Federal Coal Mine Health and Safety Act, as amended.

Highmark Blue Cross Blue Shield; CompleteCare Program (Western Region); Rate Filing

By Filing No. 1A-CCP-05-HBCBS, Highmark Inc. d/b/a Highmark Blue Cross Blue Shield requests approval to increase the premium rates for its CompleteCare Program. The filing requests an average increase of about 9.9% or \$21.52 per contract per month. This will affect about 31,000 contract holders and will produce additional premium income of about \$8 million annually. The filing adjusts the rate relativities between age and gender to be consistent with Highmark Blue Cross Blue Shield's other medically underwritten programs; thus some contract holders may receive rate adjustments that are less than or greater than the average. Additionally, this filing proposes to restructure the rates by introducing separate male/female and tobacco/nontobacco rates. The rate restructuring is spread over three stages with the first stage implemented with this filing and the next two stages implemented in the two subsequent filings. The requested effective date of the change is October 1, 2005.

Unless formal administrative action is taken prior to September 13, 2005, the subject filing may be deemed approved by operation of law.

A copy of the filing is available on the Insurance Department (Department) website at www.ins.state.pa.us. Under the Quick Links section, click on the link "Rate Filings Published in the PA Bulletin."

Copies of the filing are also available for public inspection, by appointment, during normal working hours at the Department's regional office in Harrisburg.

Default Service Implementation Plan

Introduction

By its Opinion and Order entered August 9, 2002 in the above-referenced Docket ("August 9 Order"), the Pennsylvania Public Utility Commission ("Commission") approved a Settlement Petition ("Settlement Petition") entered into by Pike County Light & Power Company ("Pike"), the Office of Trial Staff ("OTS"), the Office of Consumer Advocate ("OCA") and the Small Business Advocate ("OSBA"). That Settlement Petition, among other things, established revised Provider of Last Resort ("POLR") rates for Pike through December 31, 2005. Section 11(e) of the Settlement Petition provides that if the Commission has not issued final regulations to implement Section 2807(e)(3) of the Public Utility Code¹ by June 1, 2005, Pike will file a plan to establish POLR rates pursuant to Section 2807(e)(3), to become effective January 1, 2006. Although the Commission has issued a proposed rule-making that seeks to implement Section 2807(e)(3)², the Commission will not issue final regulations by June 1, 2005. As a result, pursuant to the terms of the Commission-approved Settlement Petition, Pike submits this Default Service Implementation Plan ("Plan") to the

¹ 66 Pa.C.S. Section 2807 (e)(3) provides as follows:

(e) Obligation to serve—An electric distribution company's obligation to provide electric service following implementation of restructuring and the choice of alternative generation by a customer is revised as follows: . . .

(3) If a customer contracts for electric energy and it is not delivered or if a customer does not choose an alternative electric generation supplier, the electric distribution company or commission-approved alternative supplier shall acquire electric energy at prevailing market prices to serve that customer and shall recover fully all reasonable costs.

² 35 Pa.B. 1421 (February 26, 2005).

Commission for its review and approval.³ In light of the fact that Pike needs to have revised default service rates in effect by January 1, 2006, Pike requests that the Commission order an expedited proceeding for the consideration and review of Pike's proposed Plan. Specifically, Pike requests that the Commission issue an order approving the Plan by no later than August 15, 2005.

Background

Pike is an electric distribution company that serves approximately 4,200 residential and commercial customers in Pike County, Pennsylvania. For calendar year 2004, the electric requirements of Pike County's customers were 73,000 MWH, with a peak demand of 16 MW. Currently, all of Pike's electric customers take default service from Pike. Pike is a wholly-owned subsidiary of Orange and Rockland Utilities, Inc. ("Orange and Rockland"). Orange and Rockland⁴ provides electric service to approximately 204,000 customers in Orange, Rockland and Sullivan counties in the State of New York. Another subsidiary of Orange and Rockland, Rockland Electric Company ("RECO"), serves approximately 68,000 customers in the State of New Jersey. Pike, Orange and Rockland, and RECO operate a fully integrated electric system serving parts of Pennsylvania, New York and New Jersey (collectively referred to as the "System"). Pike receives all of its electricity through two 34.5 KV radial circuits that cross the Delaware River from Port Jervis, New York.

Unlike the other utilities in Pennsylvania, Pike, as a member of the System, operates in the New York Control Area that is administered by the New York Independent System Operator ("NYISO"). In contrast, the other Pennsylvania utilities are members of the PJM Interconnection, LLC ("PJM").⁵

Given its size, location in the far northeast corner of Pennsylvania, and affiliation with both the System and the NYISO (rather than PJM), Pike is plainly unique among Pennsylvania utilities. In light of these fundamental differences, Pike should not be viewed as a bellwether for the other Pennsylvania utilities on issues regarding default service protocols, procedures and requirements. Rather, in reviewing this filing, the Commission, as well as OTS, OCA, OSBA and any other potentially interested parties, should consider Pike a special case, readily distinguishable from the other Pennsylvania utilities.⁶

RFP for Financial Swaps

Given its size and non-PJM affiliation, Pike is concerned that it will not be able to attract the interest of a sufficient number of suppliers if it issued a request for proposals ("RFP") for the provision and delivery of the physical supply needed to serve its default service customers. To increase its ability to achieve the goal of default coverage in an economic fashion, Pike proposes to utilize commodity swap transactions rather than physical purchases. Specifically, Pike proposes to utilize two separate financial swaps, one pertaining to the forecasted capacity requirement, and the other pertaining to the

³ Once the Commission has adopted final regulations, Pike will amend this Plan as necessary.

⁴ Orange and Rockland is a subsidiary of Consolidated Edison, Inc.

⁵ Pursuant to the Settlement Petition and the Commission's August 9 Order, Pike completed a study that investigated the costs and benefits that would be incurred of Pike were to interconnect with PJM. This study clearly indicated that such an interconnection project would not be economically feasible. Specifically, this study concluded that the annual savings associated with such interconnection would amount to approximately \$1.2 million while the carrying charges on the needed system investment of \$13 million to interconnect with PJM would amount to \$2.6 million per year.

⁶ Pike will provide a copy of this Plan on OTS, OCA, OSBA and the NYISO.

forecasted energy requirement.⁷ Each of these financial swaps would be for Pike's full requirements. A sample RFP for these financial swaps is Exhibit A.

Pike would utilize an auction format to seek separate proposals for calendar years 2006, 2007 and 2008 for both of these swaps. Specifically, Pike would utilize a web-based reverse blind auction with pre-approved bidders.⁸ This auction would be administered by an independent third-party. For each swap, on the day of the auction, Pike would establish a predetermined opening bid, based upon then current market prices, plus an adder (e.g., 10%). The auction would last for a predetermined period (e.g., 15 minutes), during which bidders could submit bids. The auction would employ a "hard stop," which means that at the conclusion of the predetermined period, the auction would end and the lowest bidder at that point would be declared the winner. During the auction, each bidder only would be allowed to see its own bid as well as the current lowest bid. Bidders would be "blind" to all other bids, as well as the identity of the bidder submitting the then current lowest bid. Representatives of both Pike and the Commission would be allowed to view the bids submitted by all bidders, although they would not be informed as to the identities of the bidders.

At the end of the auction, Pike would evaluate the proposals submitted by bidders to determine which proposals, over what annual time periods, are in the best economic interests of its default service customers.⁹ Pike then would present its recommendation(s) to the Commission's representatives. The Commission (or its representatives) would then determine whether the winning bid(s) should be accepted or rejected. Pike reserves the right to reject any and all winning bids. A major benefit of obtaining bids through a web-based auction is that this auction format significantly reduces the award time (to as little as a few hours). This expedited decision making process reduces the time (and corresponding risk) that a bid remains open, thereby allowing bidders to reduce the risk premium included in their bids. This results in savings to customers. Orange and Rockland successfully utilized this auction format for its spring 2005 hedging procurement.

Since the auction proposed by Pike involves commodity swap transactions, Pike must still purchase the physical electric supply needed to meet its default service obligations. Pike intends to make such purchases from markets administered by the NYISO. In making such physical purchases, Pike will comply with the requirements of the Alternative Energy Portfolio Standards Act. In addition, since the auction does not involve the purchase and delivery of physical electric supply from electric generation supplier(s), Pike's replacement procurement process in the event of the failure of such electric generation supplier(s) is not an issue.

Rate Design Methodology

On or before December 15, 2005, Pike will file with the Commission default service rates to be effective for the period January 1, 2006 through December 31, 2006.

⁷ Since there is no active, liquid market for ancillary services, Pike would be unable economically to utilize commodity swap transactions to lock in their price. Rather, Pike would purchase ancillary services, as required, through the NYISO.

⁸ In the event that any of Pike's affiliates participate in this auction, Pike will implement protocols to ensure that such affiliate does not receive an advantage in either the solicitation and evaluation of competitive bids, or any other aspect of the competitive process. The format employed in a web-based reverse blind auction, when administered by an independent third-party, is particularly well suited to ensuring the competitiveness of the procurement process.

⁹ By seeking bids for calendar years 2006, 2007 and 2008, Pike (after Commission review and approval) retains the flexibility to lock in prices for one, two or three years, depending on the relative attractiveness of the bids submitted in light of market price forecasts.

Based on the results of the RFP and Pike's forecast of 2006 sales to its default service customers, a forecast will be made of 2006 default service costs. These costs will be allocated among Pike's customer classes in the same manner POLR revenues are currently allocated among the classes at current rates. Default service rates within each class will be established by applying the ratio of forecast default service revenue to POLR revenue, computed at current rates, to each rate per kWh, kW or luminaire as applicable. This is consistent with the methodology used to change Pike's POLR service rates effective July 1, 2002 and January 1, 2005. Illustrative workpapers showing these calculations are attached as Exhibit B. Assuming that Pike accepts bids for calendar years 2007 and 2008, similar filings will be made on or before December 1, 2006 and December 1, 2007 to set default service rates for 2007 and 2008, respectively.

Accounting and Cost Recovery

Pike will track and defer, on a monthly basis, any differences between default service revenue and default service costs.

Default service costs are comprised of the following:

1. Pike's pro-rata share of any procurement of capacity, energy, and ancillary services procured by Orange and Rockland on behalf of the System, pursuant to its FERC-approved Power Supply Agreement; and
2. Hedging gains and losses associated with the RFP.

A reconciliation charge is necessary to reconcile the differences between monthly default service costs and default service revenues. A default service reconciliation charge, applicable to all default service customers, will be calculated on an annual basis and assessed for a ten month period on a cents per kWh basis. The default service reconciliation charge will be published on a separate statement. Pike will file this statement with the Commission on January 31 of each year to become effective on the following March 1. Such statement will reflect the reconciliation of default service costs and revenues, and revenues received through the reconciliation charge, for the previous calendar year.

Description of Default Service Tariff Changes

This section briefly describes the tariff changes that will be needed to implement Pike's default service proposal. Draft tariff leaves containing these changes are attached as Exhibit C. Final tariff leaves including these changes and final default service rates will be filed with the Commission on or before December 1, 2005, to become effective on January 1, 2006.

1. Terminology Changes—Default Service

Changes have been made to General Information Section Nos. 3, 5, 10, 13 and 23 and Service Classification Nos. 1, 2, 3 and 4 to implement the change in terminology from POLR service to default service as envisioned in the Commission's proposed rulemaking.

2. General Information Section No. 18

General Information Section No. 18 has been renamed "Default Service" and has been revised to reflect the RFP and reconciliation mechanisms described above.

3. Default Service Rates

Service Classification Nos. 1 through 4 have been revised to reflect the change in terminology from POLR service to default service and to indicate with "X.XXX," the default service rates to be determined through the

RFP process. The 2006 default service rates will replace the X.XXXs in the December 1, 2005 filing.

Conclusion

Pike requests that the Commission expeditiously approve this filing so that Pike can commence the default service RFP process described above.

Complaint

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. William J. Heil; Doc. No. A-00114835C0501

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That William J. Heil, respondent, maintains a principal place of business at 1311 Deer Path Drive, Walnutport, PA 18088.
2. That respondent was issued a Certificate of Public Convenience by this Commission on June 4, 1998, at Application Docket No. A-00114835.
3. That respondent has failed to maintain evidence of bodily injury and property damage liability insurance on file with this Commission.
4. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission issue a Secretarial Letter which (1) cancels the Certificate of Public Convenience held by respondent at Docket No. A-00114835, for failure to maintain evidence of current insurance on file with the Commission, (2) orders such other remedy as the Commission may deem to be appropriate, which may include a fine and the suspension of a vehicle registration and (3) imposes an additional fine on the respondent.

In re: Pennsylvania Public Utility Commission v. Alpha & Omega Transportation, Inc.; Doc. No. A-00117472C0404

Dear Respondent:

On October 27, 2004, the Bureau of Transportation and Safety instituted a complaint against Alpha & Omega Transportation, Inc., respondent, alleging that respondent violated 52 Pa. Code §§ 32.2 and 32.11, by failing to maintain evidence of insurance on file with this Commission, and, by operating its vehicle while under suspension, violated 66 Pa.C.S. § 501(c) in that it failed to observe, obey and comply with a Commission regulation or order, and the terms and conditions thereof.

Respondent was duly notified that, if no answer was filed within twenty (20) days from the date of service of the complaint, that either admitted or failed to deny the allegations of the complaint, the penalty would be imposed.

The complaint and notice were mailed by certified mail to respondent on October 27, 2004 and returned as unclaimed. The complaint was then served by first class mail on or about November 20, 2004; and to date, more than thirty (30) days later, no response has been received from respondent.

Therefore, the allegations in the complaint are admitted and the complaint is sustained.

Respondent, within twenty (20) days from the date of the service of this letter, shall pay a fine of one thousand dollars (\$1,000.00) by certified check or money order payable to the Pennsylvania Public Utility Commission at P. O. Box 3265, Harrisburg, PA 17105-3265, as provided in the Public Utility Code, 66 Pa.C.S. §§ 3301 and 3315, shall cease and desist from further violations of the Public Utility Code, 66 Pa.C.S. §§ 101, et seq., and the Regulations of this Commission, 52 Pa. Code §§ 1.1, et seq.

Very truly yours,

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:
 The payment date specified in the contract.
 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
 The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

PA TREASURY BUSINESS OUTLET—PLUG INTO IT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Services are free except for the cost of photocopying contracts (15 cents per page); postage; redaction, and certified copies. The bureau may assess reasonable fees for labor and other expenses necessary to comply with the request. A free brochure explains how to take advantage of available services.
