READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CH. 2]

Order Amending Rules 203, 205, and 206; No. 333
Criminal Procedural Rules; Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the October 19, 2005 changes to Rules of Criminal Procedure 203, 205, and 206. The changes, which will be effective February 1, 2006, provide procedures for anticipatory search warrants. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 19th day of October, 2005, upon the recommendation of the Criminal Procedural Rules Committee; the proposal having been published before adoption at 35 Pa.B. 2861 (May 14, 2005), and a Final Report to be published with this *Order*:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rules of Criminal Procedure 203, 205, and 206 are amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective February 1, 2006.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 2. INVESTIGATIONS

PART A. Search Warrant

Rule 203. Requirements for Issuance.

* * * * *

(F) A search warrant may be issued in anticipation of a prospective event as long as the warrant is based upon an affidavit showing probable cause that at some future time, but not currently, certain evidence of a crime will be located at a specified place.

Comment

* * * * *

Paragraph (D) changes the procedure discussed in *Commonwealth v. Crawley*, 209 Pa. Super. 70, 223 A.2d 885 ([Pa. Super.] 1966), aff'd per curiam 432 Pa. 627, 247 A.2d 226 ([Pa.] 1968). See *Commonwealth v. Miliken*, 450 Pa. 310, 300 A.2d 78 ([Pa.] 1973).

* * * * *

Paragraph (F) was added to the rule in 2005 to provide for anticipatory search warrants. The rule incorporates the definition of anticipatory search warrants set forth in *Commonwealth v. Glass*, 562 Pa. 187, 754 A.2d 655 (2000).

Official Note: Rule 203 adopted March 28, 1973, effective for warrants issued 60 days hence; renumbered Rule 203 and amended March 1, 2000, effective April 1, 2001; amended May 10, 2002, effective September 1, 2002; amended October 19, 2005, effective February 1, 2006.

Committee Explanatory Reports:

Final Report explaining the March 1, 2000 reorganization and renumbering of the rules published with the Court's Order at 30 Pa.B. [1477] 1478 (March 18, 2000).

Final Report explaining the October 19, 2005 amendments regarding anticipatory search warrants published with the Court's Order at 35 Pa.B. (November 5, 2005).

Rule 205. Contents of Search Warrant.

Each search warrant shall be signed by the issuing authority and shall:

* * * * *

(4) direct that the search be executed **either**:

(a) within a specified period of time, not to exceed 2 days from the time of issuance, **or**;

(b) **when the warrant is issued for a prospective event, only after the specified event has occurred;**

* * * * *

Comment

Paragraphs (2) and (3) are intended to proscribe general or exploratory searches by requiring that searches be directed only towards the specific items, persons, or places set forth in the warrant. Such warrants should, however, be read in a common sense fashion and should not be invalidated by hypertechnical interpretations. This may mean, for instance, that when an exact description of a particular item is not possible, a generic description may suffice. See *Commonwealth v. Matthews*, 446 Pa. 65, 69—74, 285 A.2d 510, 513-14 ([Pa.] 1971).

Paragraph (4) is included pursuant to the Court's supervisory powers over judicial procedure to supplement *Commonwealth v. [McCante] McCants*, 450 Pa. 245, 299 A.2d 283 ([Pa.] 1973), holding that an unreasonable delay between the issuance and service of a search warrant jeopardizes its validity. Paragraph (4) sets an outer limit on reasonableness. A warrant could, in a particular case, grow stale in less than two days. If the issuing authority believes that only a particular period which is less than two days is reasonable, he or she must specify such period in the warrant.

Paragraph (4)(b) provides for anticipatory search warrants. These types of warrants are defined in *Commonwealth v. Glass*, 562 Pa. 187, 754 A.2d 655 (2000), as "a warrant based upon an affidavit showing probable cause that at some future time (but not presently) certain evidence of crime will be located at a specified place."

* * * * *

Official Note: Rule 205 adopted October 17, 1973, effective 60 days hence; amended November 9, 1984, effective January 2, 1985; amended September 3, 1993, effective January 1, 1994; renumbered Rule 205 and amended March 1, 2000, effective April 1, 2001; amend **October 19, 2005, effective February 1, 2006.**

Rule 206. Contents of Application for Search Warrant.

Each application for a search warrant shall be supported by written affidavit(s) signed and sworn to or affirmed before an issuing authority, which affidavit(s) shall:

* * * * *

(6) set forth specifically the facts and circumstances which form the basis for the affiant's conclusion that there is probable cause to believe that the items or property identified are evidence or the fruit of a crime, or are contraband, or are **or are expected to be** otherwise unlawfully possessed or subject to seizure, and that these items or property are **or are expected to be** located on the particular person or at the particular place described;

* * * * *

Comment

* * * * *

While this rule continues to require written affidavits, the form of affidavit was deleted in 1984 because it is no longer necessary to control the specific form of written affidavit by rule.

The 2005 amendments to paragraph (6) recognize anticipatory search warrants. To satisfy the requirements of paragraph (6) when the warrant being requested is for a prospective event, the application for the search warrant also must include a statement explaining how the affiant knows that the items to be seized on a later occasion will be at the place specified. See *Commonwealth v. Coleman*, 574 Pa. 261, 830 A.2d 554 (2003), and *Commonwealth v. Glass*, 562 Pa. 187, 754 A.2d 655 (2000).

Official Note: Previous Rule 206 adopted October 17, 1973, effective 60 days hence; rescinded November 9, 1984, effective January 2, 1985. Present Rule 206 adopted November 9, 1984, effective January 2, 1985; amended September 3, 1993, effective January 1, 1994; renumbered Rule 206 and amended March 1, 2000, effective April 1, 2001; **amended October 19, 2005, effective February 1, 2006.**

FINAL REPORT¹

Amendments to Pa.Rs.Crim.P. 203, 205, and 206

Anticipatory Search Warrants

On October 19, 2005, effective February 1, 2006, upon the recommendation of the Criminal Procedural Rules Committee, the Court amended Rules 203 (Requirements for Issuance), 205 (Contents of Search Warrant), and 206 (Contents of Application for Search Warrant) to provide procedures for anticipatory search warrants.

In response to *Commonwealth v. Glass*, 562 Pa. 187, 754 A.2d 655 (2000), and *Commonwealth v. Coleman*, 574 Pa. 261, 830 A.2d 554 (2003) in which the Court acknowledges the validity of anticipatory search warrants², the Committee reviewed the search warrant rules, Part A (Search Warrants) of Chapter 2 (Investigations), to determine whether the rules required amendment to accommodate anticipatory search warrants.

As defined in *Glass*, an anticipatory search warrant is "a warrant based upon an affidavit showing probable cause that at some future time (but not presently) certain evidence of crime will be located at a specified place." *Coleman* provided further guidance concerning, inter alia, the requirements that (1) the execution of the warrant be explicitly conditioned upon the occurrence of a triggering event and (2) at the time of issuance, there be a fair probability that the event will actually occur.

The Committee, after reviewing *Glass* and *Coleman* and the search warrant rules, agreed the search warrant rules, in particular Rules 203, 205, and 206, in their current form could be read to prohibit anticipatory search warrants and thus would create confusion for members of the bench and bar and minor judiciary. Accordingly, the Committee recommended that Rules 203, 205, and 206 be amended to accommodate anticipatory search warrants as recognized in *Glass* and its progeny.

Rule 203 (Requirements for Issuance) is amended by the addition of a new paragraph (F) that provides the general authority for anticipatory search warrants, based on the definition contained in *Glass*. Proposed new paragraph (F) states:

A search warrant may be issued in anticipation of a prospective event as long as the warrant is based upon an affidavit showing probable cause that at some future time, but not currently, certain evidence of a crime will be located at a specified place.

A reference to *Glass* is added to the Comment to Rule 203.

Paragraph (4)(b) of Rule 205 is amended to make it clear that, when a warrant is issued for a prospective event, it may be executed only after the specified event has occurred. Thus, officers executing the warrant would not need further approval from or contact with the issuing authority in order to execute the warrant. The officers' decision to execute the warrant could be challenged by suppression motion. A citation to the *Glass* definition of "anticipatory search warrant" is also added to the Comment to Rule 205.

Paragraph (6) of Rule 206 is amended to include prospective events as a basis for the facts and circumstances that form the basis of the probable cause conclu-

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

² Pursuant to *Glass*, anticipatory search warrants are consistent with constitutional protections against unreasonable searches and seizures so long as the issuing authority is satisfied that the warrant will not be executed prematurely.

sion. The Comment is also revised to refer to *Glass* and *Coleman*, adding further refinement to the probable cause determination regarding anticipatory search warrants.

Order Amending Rules 514 and 517; No. 332 Criminal Procedural Rules; Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the October 19, 2005 changes to Rules of Criminal Procedure 514 and 517. The changes, which will be effective February 1, 2006, eliminate the term "alias warrants" from the rules as archaic, and replace the term in Rule 514 with a provision for the reissuance of a warrant and in Rule 517 with a provision for the issuance of a bench warrant. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 19th day of October, 2005, upon the recommendation of the Criminal Procedural Rules Committee; the proposal having been published before adoption at 35 Pa.B. 1558 (March 5, 2005), and a Final Report to be published with this Order.

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rules of Criminal Procedure 514 and 517 are amended in the following form.

This Order shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective February 1, 2006.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 5. PRETRIAL PROCEDURES IN COURT CASES

PART B(3). Arrest Procedures in Court Cases

(a) Arrest Warrants

Rule 514. Duplicate and [Alias] Reissued Warrants of Arrest.

* * * * *

(B) After service and execution of an original or duplicate warrant, [an alias warrant may be issued] the issuing authority may reissue the warrant if the purpose for which the original or duplicate has been issued has not been accomplished.

Comment

This rule permits the use of advanced communication technology for the issuance of duplicate and [alias] reissued arrest warrants.

Under this rule, warrant information transmitted by using advanced communication technology has the same force and effect as a duplicate or [alias] reissued arrest warrant. This rule does not require that the transmitted warrant information be an exact copy of the original warrant for purposes of execution under Rule 515. Nothing in this rule, however, is intended to curtail the Rule 540(C) requirement that the issuing authority

provide the defendant with an exact copy of the warrant at the preliminary arraignment. See Rule 513 (Requirements for Issuance).

This rule originally used the term "alias warrant" to describe the reissuance of a warrant that has been served and executed but has not accomplished its original purpose. The term "alias warrant" is archaic and its meaning obscure, leading to potential confusion. With the 2005 amendments, the terminology of the rule has been simplified by deleting "alias warrant" and replacing it with "reissue," thereby retaining the underlying practice previously described by the term "alias warrant."

Official Note: Original Rule 113 adopted June 30, 1964, effective January 1, 1965; suspended January 31, 1970, effective May 1, 1970. New Rule 113 adopted January 31, 1970, effective May 1, 1970; renumbered Rule 121 September 18, 1973, effective January 1, 1974; amended August 9, 1994, effective January 1, 1995; renumbered Rule 514 and amended March 1, 2000, effective April 1, 2001; Comment revised May 10, 2002, effective September 1, 2002; amended October 19, 2005, effective February 1, 2006.

Final Report explaining the October 19, 2005 amendments to paragraph (B) deleting "alias warrant" published with the Court's Order at 35 Pa.B. 6090 (November 5, 2005).

Rule 517. Procedure in Court Cases When Warrant of Arrest is Executed Outside Judicial District of Issuance.

* * * * *

(E) When a defendant who has posted bail and been released from custody before preliminary arraignment thereafter fails to appear at the time fixed, the proper issuing authority in the judicial district where the warrant was issued shall forthwith cause the bail to be forfeited according to law, and issue [an alias warrant of arrest] a bench warrant. If the defendant is thereafter arrested outside the judicial district where the [alias] bench warrant was issued, the defendant shall not be entitled to post bail in the judicial district where arrested, but shall be taken as soon as practicable to the judicial district where the [alias] bench warrant was issued for preliminary arraignment by the proper issuing authority.

* * * * *

Comment

* * * * *

Section 8953 of the Judicial Code, 42 Pa.C.S. § 8953, provides for the execution of warrants of arrest beyond the territorial limits of the police officer's primary jurisdiction. See also Commonwealth v. Mason, 507 Pa. 396, 490 A.2d 421 ([Pa.] 1985).

Paragraph (E) originally used the term "alias warrant" to describe the type of warrant issued when a defendant is arrested outside the judicial

district of issuance, is released on bond by a magisterial district judge in the judicial district of arrest conditioned on the defendant's appearance at a preliminary arraignment in the judicial district of issuance, and then fails to appear. Because the term "alias warrant" is an archaic term that refers to the reissuance of a warrant when the original purpose of the warrant has not been achieved, and the warrant issued in paragraph (E) is issued for the failure to appear as contemplated by Rule 536(A)(1)(b), paragraph (E) was amended in 2005 by changing the terminology to "bench warrant."

Official Note: Original Rule 117 adopted June 30, 1964, effective January 1, 1965; suspended January 31, 1970, effective May 1, 1970. New Rule 117 adopted January 31, 1970, effective May 1, 1970; renumbered Rule 123 September 18, 1973, effective January 1, 1974; amended January 28, 1983, effective July 1, 1983; renumbered Rule 124 and amended August 9, 1994, effective January 1, 1995; amended December 27, 1994, effective April 1, 1995; renumbered Rule 517 and amended March 1, 2000, effective April 1, 2001; Comment revised May 10, 2002, effective September 1, 2002; **amended October 19, 2005, effective February 1, 2006.**

Final Report explaining the October 19, 2005 amendments to paragraph (E) changing "alias warrant" to "bench warrant" published with the Court's Order at 35 Pa.B. 6090 (November 5, 2005).

FINAL REPORT¹

Amendments to Pa.Rs.Crim.P. 514 and 517

Alias Warrants

On October 19, 2005, effective February 1, 2006, upon the recommendation of the Criminal Procedural Rules Committee, the Court amended Rules 514 (Duplicate and Alias Warrants of Arrest) and 517 (Procedure in Court Cases When Warrant of Arrest is Executed Outside Judicial District of Issuance) to eliminate the term "alias warrants" from the rules as archaic, and replace the term in Rule 514 with a provision for the reissuance of a warrant and in Rule 517 with a provision for the issuance of a bench warrant.

These amendments developed out of the Committee's ongoing review of the rules in general. When discussing the arrest warrant rules as part of the discussion about the use of advanced communications technology, several members questioned the meaning and use of the term "alias warrant" in Rules 514 and 517. Based upon a review of the origin of the term "alias warrant" and its usage in the rules, as explained below, the Committee concluded that the term should be eliminated as archaic from Rules 514 and 517, the only rules that use the term.

The term "alias," when used as an adjective to describe issued process such as a warrant, summons or writ, generally indicates process that is issued again after the first instrument has not been effective or has not resulted in action. This particular meaning is derived from the

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

Latin phrase "sicut alias praecipimus" meaning "as we previously commanded." Specifically in Rule 514, "alias warrant" describes the situation in which a duplicate of a warrant is issued after the original warrant is served and executed but has failed to achieve its original purpose.

The use of "alias warrant" in Rule 514 has not changed since the Court originally adopted the rule in 1964. From our research into the term, the Committee concluded the term is archaic and has fallen out of usage. The members of the Committee also noted from their experience that the use of "alias warrant" in the rules is a source of confusion for members of the bench and bar. In view of these observations, the Committee evaluated the purpose of Rule 514(B) that provides:

After service and execution of an original or duplicate warrant, an alias warrant may be issued if the purpose for which the original or duplicate has been issued has not been accomplished,

and concluded the circumstances contemplated by Rule 514 may be more simply defined as a "reissuance" of the original or duplicate warrant.

Accordingly, Rule 514(B) is amended by deleting the term "alias warrant." Instead, in those circumstances in which a warrant has been served or executed but the purpose of the warrant has not been accomplished, the rule would provide that the court may reissue the original warrant. The amendment does not contemplate the need to file a new affidavit in such circumstances.

"Alias warrant" is used differently in Rule 517 than in Rule 514. Rule 517 describes the procedures for arrest warrants that are executed outside of the judicial district of issuance. The rule provides for an apprehended defendant to be brought before an issuing authority in the judicial district of arrest for the purpose of posting bail. The term "alias warrant" in Rule 517(E) describes the type of warrant that is issued when a defendant, subsequent to release on bail, fails to appear for preliminary arraignment in the judicial district of issuance.

Unlike the definition of "alias warrant" gleaned from historical references and provided in Rule 514, the original warrant in a Rule 517 context has been served and executed and the purpose for which the warrant originally had been issued was accomplished with the arrest of the defendant and the defendant's appearance before an issuing authority. Rule 517 contemplates that a preliminary arraignment will be scheduled and that the release on bail at the initial appearance is conditioned on the defendant's appearance. It is the failure to appear at the preliminary arraignment that triggers the issuance of the warrant. This situation is more akin to the issuance of a new warrant under Rule 536(A)(1)(b) for failure to appear.

The Committee reviewed the Rule 517 history and found that the use of the term "alias warrant" in Rule 517(E) has not changed since the rule's inception in 1964. We did not uncover any reason for the use of this term in the context contemplated by Rule 517. In view of the Committee's research into both Rules 514 and 517, Rule 517(E) is amended by the deletion of the term "alias warrant," and that "bench warrant" as described in Rule 536(A)(1)(b) is used in place of "alias warrant." This is a more accurate description and avoids the use of an archaic and obscure terminology.

The reasons for replacement of the term are further elaborated in the Comments to both Rules 514 and 517.

ORPHANS' COURT PROCEDURAL RULES COMMITTEE

Proposed Electronic Forms

The Orphans' Court Procedural Rules Committee is re-publishing the following forms in electronic format ("e-forms"). The Committee proposes to recommend these forms to the Supreme Court of Pennsylvania for adoption so that they can be used before the Orphans' Court Divisions and Registers of Wills of this Commonwealth. The Committee has revised several of the forms in response to the comments received from the bench and bar after their original publication on June 18, 2005. In addition, there are two new forms which have been added—a Petition for Adjudication in a Minor's Estate and an Inventory for Incapacitated Persons and Minors.

The Orphans' Court Procedural Rules Committee proposes to recommend adoption of the Orphans' Court e-forms to promote uniformity and standardize the content of pleadings and forms in use across the state without supplanting local forms. The Committee believes that the use of these forms will promote judicial economy and improve accessibility to the Orphans' Courts of this Commonwealth. The Register's forms vary only slightly from previously approved printed forms.

The draft statewide e-forms are posted on the website of the Administrative Office of Pennsylvania Courts ("AOPC") at the following internet address: www.aopc.org/index/supctcmtes/orphctrules/eforms.asp, from which the forms can be downloaded and copies can be printed. Hard copies of the forms can also be obtained upon request by contacting the Committee.

PROPOSED RULEMAKING

DELAWARE RIVER BASIN COMMISSION

[25 PA. CODE CH. 901]

Amendment to the Basin Regulations—Water Supply Charges and Comprehensive Plan Relating to Certificates of Entitlement

The Delaware River Basin Commission (Commission) will hold a public hearing to receive comments on proposed amendments to the Commission's *Basin Regulations—Water Supply Charges and Comprehensive Plan* concerning certificates of entitlement. No changes in the substance or administration of the rule are proposed. The purpose of the proposed amendments is to clarify the language of the rule to conform to the Commission's past decisions and current practices in order to provide better notice to users as to how the Commission is implementing its entitlements program and to avoid future controversy.

Supplemental Information

The Delaware River Basin Compact (Compact), the 1961 statute that created the Commission and defined its powers, authorizes the Commission to charge for the use of facilities that it may own or operate and for products and services rendered thereby. Compact, § 3.7. Congress limited this authority by providing that the Commission cannot charge for water withdrawals or diversions that could lawfully have been made without charge as of the effective date of the Compact. Id., § 15.1(b).

By Resolution No. 64-16A in 1964 the Commission authorized a water charging program. It provided for the revenues generated by the program to be used for repayment of the nonfederal share of the investment cost of water supply storage facilities associated with federal projects within the Basin. In anticipation of Commission investment in storage at the Beltzville Lake and Blue Marsh Reservoir projects in Pennsylvania, the Commission by Resolution No. 1971-4 defined, among other things, the means by which it would establish water charging rates. Consistent with § 15.1(b) of the Compact, Resolution No. 1971-4 provided that charges would be applicable only to the amount of water withdrawn in excess of the amount taken or legally entitled to be taken by an entity during the preceding year. By Resolution No. 74-6, the Commission instituted a system of water supply charges for surface water withdrawals within the Basin. That resolution provided for the issuance of certificates of entitlement to then-current water users, establishing the amount of water each could lawfully take from the surface waters of the Basin without charge, consistent with § 15.1(b) of the Compact. The resolution provided that a certificate of entitlement was not transferable, except under limited circumstances set forth in enumerated exceptions.

Because entitlements treat users that commenced water withdrawals before the enactment of the Compact more favorably than users who commenced water withdrawals later, even though all users benefit equally from the facilities financed by water supply charges, courts and the Commission have emphasized the need to eliminate entitlements over time. Both the Commission and the courts have construed narrowly the exceptions to the rule that entitlements are not transferable, and the Commission

has in its decisions consistently held that changes in ownership or control would extinguish a certificate. However, the language of the regulations has never explicitly defined "changes in ownership or control." As a consequence, in the decisions that the Commission has been asked to make in its adjudicatory capacity and that the courts have subsequently been asked to decide, the matter of what constitutes a change of ownership or control has been controversial.

In 1994, in response to a ruling by the Third Circuit in *Texaco Refining and Marketing, Inc. v. DRBC*, 824 F. Supp. 500 (D.Del. 1993), aff'd., No. 93-7475 (3d Cir. June 24, 1994) (per curiam), the Commission adopted Resolution No. 94-20. That resolution incorporated an explicit "ownership and/or control" test and eliminated the merger exception included in the Commission's regulations at the time. In addition, the exception for corporate reorganizations embodied in Section 5.2.1.F.2 of the Water Charging Regulations was amended to apply only when the reorganization "does not affect ownership and/or control."

In spite of the 1994 amendment, some members of the Basin community have continued to interpret the language of the rule in a manner contrary to the Commission's consistent interpretation. To avoid further controversy, the Commission proposes a more thorough revision of the language, intended to remove any ambiguity.

In addition to defining "change in ownership and/or control" with much greater specificity, the proposed revisions also make clear that a merger at any tier in a corporate organization will extinguish a certificate held by a subsidiary in the same way as if the merger had occurred at the subsidiary level. Although the Commission has interpreted its rule this way in the past, the rules have never been explicit on this point.

The proposed amendments preserve and clarify the corporate reorganization exception contained in the current regulation. The Commission traditionally has not extinguished an entitlement in the case of an internal reorganization, and it does not propose a change in this practice.

The proposed amendments also preserve the existing exception for agricultural uses. Historically, agriculture has been treated differently than other uses. For purposes other than agriculture, an entitlement is issued to a user and would not be transferable to a different user, even if the use remained the same. In the case of agriculture, however, an entitlement effectively runs with the land, as long as the land remains in agriculture. The proposed amendments provide that an entitlement can be reissued to the successor of a holder of a certificate issued for agricultural water use, provided that the successor demonstrates that the water will continue to be used for agricultural irrigation purposes.

Dates

The public hearing on the proposed rule change will be held on Wednesday, December 7, 2005, at approximately 2:30 p.m. as part of the Commission's regularly scheduled business meeting. The time is approximate because the Commission will conduct hearings on several dockets (project approvals) beforehand, beginning at approximately 1:30 p.m.. The hearing will continue until all those who wish to testify are afforded an opportunity to do so. In the event that all those who wish to testify cannot be heard on December 7, the hearing will be

continued at a date, time and location to be announced by the Commission Chair that day. Persons wishing to testify at the hearing are asked to register in advance with the Commission Secretary by phoning (609) 883-9500, Ext. 224. Written comments will be accepted through Tuesday, January 10, 2006.

Addresses

The public hearing will be held in the Goddard Room at the Commission's office building, located at 25 State Police Drive in West Trenton, New Jersey. Directions to the Commission's office building are posted on the Commission's website at www.drbc.net. Written comments should be addressed to the Commission Secretary as follows: by e-mail to paula.schmitt@drbc.state.nj.us; by fax to the Commission Secretary, (609) 883-9522; by United States mail to the Commission Secretary, DRBC, P. Additional Information, Contact

The full text of the proposed amendment and the text of the current regulation are posted on the Commission's website, www.drbc.net.

It is proposed to amend the *Basin Regulations—Water Supply Charges* as follows:

Sections 5.2.1.D through 5.2.1.F are proposed to be replaced with the following:

D. Limitations.

1. A certificate of entitlement is granted to a specific user for water withdrawals or diversions at a specific facility in the amount of the Legal Entitlement as defined in Section 5.1.3.B.

2. A certificate of entitlement shall not be applied, transferred or modified to apply to a facility other than the facility initially specified in the certificate.

3. A certificate of entitlement may not be transferred from the certificate holder to another user, except as provided in the Exceptions set forth in Section 5.2.1.F.

4. A certificate of entitlement does not exempt the certificate holder from paying water supply charges for any portion of water withdrawals or diversions used outside the facility specified in the certificate and any additional service area to which the facility supplied water as of October 27, 1961. For purposes of this Section 5.2.1.D.4, a certificate holder claiming an exemption from charges for water supplied within a service area shall submit proof satisfactory to the Commission identifying the facility's service area as of October 27, 1961. In the absence of proof of the service area as of October 27, 1961, the service area defined in the Commission docket, if any, for the facility in effect at the time the certificate was issued shall be deemed to be the facility's service area. In the absence of proof of a service area, the certificate shall only exempt the certificate holder from paying water supply charges for water used at the facility.

E. Termination of Certificate.

1. A certificate of entitlement terminates pursuant to this Section 5.2.1.E and without the need for Commission action if (i) the certificate holder dissolves or otherwise ceases to exist, (ii) the certificate holder ceases the withdrawals or diversions at the facility to which the certificate of entitlement applies for operational reasons including without limitation a shutdown of the facility for purposes other than maintenance or improvement, an abandonment of the intake without prompt replacement

or a change in process, (iii) the certificate holder through contract, lease or other agreement ceases to be the user or public water system supplier of the water withdrawn or diverted at the facility, (iv) the certificate holder changes the principal use of the facility or (v) there is a change in the ownership or control of the facility. Once terminated, a certificate of entitlement may not be reinstated or reissued.

2. A change in ownership or control of the facility includes, but is not limited to, any transaction, acquisition, merger or event (collectively "transaction") resulting in (i) a transfer of title to the facility, (ii) a person or entity or the shareholders or other owners of an entity becoming the beneficial owner, directly or indirectly, or acquiring alone or in concert the power or right to vote at least 20 percent of any class of ownership interest in a certificate holder or any of its parent entities, regardless of the tier in the corporate or entity structure at which the transaction occurs, or (iii) a change of the de facto controlling interest in a certificate holder or any of its parent entities, regardless of the tier in the corporate or entity structure at which the change occurs.

3. A change of the de facto controlling interest in an entity includes, but is not limited to, a change of the persons or entities with the ability or authority, expressed or reserved, to direct the management or policies of an entity and/or to take at least one of the following actions:

(i) amend or change the entity's identity;

(ii) appoint or remove at least 50% of the members of the Board of Directors or Trustees of a corporation, general partner of a partnership or a similar member of the governing body of an entity;

(iii) amend or change the by-laws, constitution, or other operating or management direction of the entity;

(iv) control the sale of, use of or access to any or all of the entity's assets;

(v) encumber the entity's assets by way of mortgage or other indebtedness;

(vi) control any or all of the assets or other property of the entity upon the sale or dissolution of the entity;

(vii) dissolve the entity;

(viii) arrange for the sale or transfer of the entity to a new ownership or control;

(ix) select or change the management of the entity or determine management compensation; or

(x) set operating policies, financial policies or budgets.

4. For purposes of applying the factors listed in Section 5.2.1.E.3, consideration may be given to circumstances particular to the person or entity and certificate holder involved, including without limitation the ability of that person or entity to take actions in light of the number of shares in the certificate holder or its parent entities that are actively voted, the practice of any majority shareholder in exercising or refraining from exercising majority rights, and any agreements giving the person or entity the right to control votes of others.

5. A series of transactions undertaken pursuant to a plan or that are otherwise related shall be considered a single transaction for purposes of this Section 5.2.1.E. For purposes of calculating the twenty percent threshold in Section 5.2.1.E.2(ii), the securities, shares or other interests held immediately prior to the transaction shall be added to the securities, shares or other interests acquired in the transaction. A transaction involving a change of the

de facto controlling interest within the meaning of Sections 5.2.1.E.2(iii) and E.3 shall constitute a change in ownership or control regardless whether or not the person or entity acquiring or transferring securities, shares or other interests owns at least twenty percent of the interests immediately before or after the transaction.

F. Exceptions.

1. Agricultural Exception.

(i) Whenever ownership or possession of land in agricultural use is transferred, any certificate of entitlement with respect to such land shall be deemed to run with the land, if but only if within sixty days following the land transfer the new user demonstrates to the Executive Director that it will continue to use the water withdrawn or diverted for agricultural irrigation. Following any such timely demonstration, the Executive Director shall transfer the certificate of entitlement to the new user. The Executive Director may extend the sixty day period for good cause shown.

(ii) A certificate of entitlement that has been transferred pursuant to Section 5.2.1.F.1(i) relieves the user of the obligation to pay water supply charges only with respect to the quantity of water in fact used by the new certificate holder for agricultural irrigation up to the Legal Entitlement specified in the certificate, and not with respect to the quantity of water used for any other purposes. The provisions of Section 5.3.3 shall apply to water uses outside the scope of the certificate of entitlement.

(iii) A certificate of entitlement that has been transferred pursuant to Section 5.2.1.F.1(i) terminates pursuant to this Section 5.2.1.F.1(iii) and without the need for Commission action if and when the certificate holder ceases using the water for agricultural irrigation, provided that if the cessation occurs in conjunction with a transfer of ownership or possession of the land in agricultural use, the certificate of entitlement may be transferred to a new user pursuant to Section 5.2.1.F.1(i). Once terminated, a certificate of entitlement may not be reinstated or reissued.

2. Corporate Reorganization Exceptions.

The following provisions apply where a corporate parent directly or indirectly owning 100% of each class of shares of all of its subsidiary corporations decides to reorganize those subsidiary corporations without affecting the corporate parent's 100% ownership interest.

(i) Whenever a corporate reorganization consists solely of a change of the name, identity, internal corporate structure, or place of organization of a corporate certificate holder, the Executive Director may reissue a certificate of entitlement in the name of the new owner of the facility, provided that the reorganization does not affect ownership and/or control by the certificate holder's corporate family of companies within the meaning of Sections 5.2.1.E.2, E.3, E.4 and E.5 and does not alter the corporate parent's 100% ownership interest.

(ii) A merger or other plan, transaction or series of transactions that effectuates a change of ownership or control within the meaning of Sections 5.2.1.E.2, E.3, E.4 and E.5 does not fall within the exemption of Section 5.2.1.F.2(i) on the basis that a corporate reorganization constitutes part of the merger, plan, transaction or series of transactions.

**DEPARTMENT OF
REVENUE**

[61 PA. CODE CH. 91]

Realty Transfer Tax Amendments

The Department of Revenue (Department), under authority in section 1107-C of the Tax Reform Code of 1971 (TRC) (72 P. S. § 8107-C), proposes to amend Chapter 91 (relating to Realty Transfer Tax) to read as set forth in Annex A.

Purpose of Proposed Rulemaking

The amendments to Chapter 91 are made to address numerous legislative changes and to bring the regulatory provisions into conformity with Departmental policy.

Explanation of Regulatory Requirements

Section 91.101 (relating to definitions) is amended by updating and adding several definitions in accordance with various legislative changes and court decisions. A summary of the amendments is as follows:

“Association” is amended to address a 1994 statutory amendment to 1 Pa.C.S. § 1991 (relating to definitions) and a 1997 statutory amendment to section 1101-C of the TRC (72 P. S. § 8101-C).

“Child” is added to address an issue raised in *Steidle v. Commonwealth*, 717 A.2d 1084 (Pa. Cmwlth. 1998).

“Conservancy” is added to address a 1989 statutory amendment to section 1102-C.3(18) of the TRC (72 P. S. § 8102-C.3(18)).

“Corporation” is added to address the 1994 statutory amendment to 15 Pa.C.S. § 8925 (relating to taxation of limited liability companies).

“Debt” and “financing transaction” are added for use in the regulations.

“Living trust” and “ordinary trust” are added to address the 1997 statutory amendment to section 1101-C of the TRC.

“Settlor” and “testamentary trust” are added for use in the regulations.

The Department is proposing numerous amendments to improve the clarity of various sections, including §§ 91.132, 91.135, 91.155, 91.162, 91.166 and 91.202.

Section 91.113(b) (relating to imposition of tax on declarations of acquisition) is amended to address the family farm partnership language in section 1102-C.5(b.1) of the TRC (72 P. S. § 8102-C.5(b.1)).

Section 91.115 (relating to publication of common level ratio factors) is added to codify the Department’s existing practice of annually publishing applicable common level ratio factors for each fiscal year.

Section 91.132 (relating to bona fide sale transactions) is subdivided and amended by adding subsection (c) to address the court decision in *Allebach v. Commonwealth*, 546 Pa. 146, 683 A.2d 625 (1996).

Section 91.136 (relating to appraisal) is subdivided and amended by adding paragraph (1) to incorporate the court decision in *Kennedy Boulevard Associates I, Limited Partnership v. Tax Review Board of Philadelphia*, 751 A.2d 719 (Pa. Cmwlth. 2000).

Additional guidance with regard to confirmatory deeds utilized in business mergers, consolidations and business form changes have been added to § 91.152 (relating to confirmatory deed).

Language clarifying the taxation regarding conversion of real estate between business entities and their owners is added to § 91.154 (relating to documents involving corporations, partnerships, limited partnerships and other associations).

Amendments have been made to § 91.155 (relating to timber and crops) to include natural resources, complete timber removal and products of the soil.

Section 91.156 (relating to trusts) is substantially amended to address the trust provisions in section 1101-C of the TRC and section 1102-C of the TRC (72 P. S. § 8102-C) and the Pennsylvania Supreme Court holdings in *Leigh v. Commonwealth*, 541 Pa. 187, 661 A.2d 1374 (1995) and *Holmes v. Commonwealth*, 539 Pa. 477, 653 A.2d 615 (1995).

Since its adoption in 1988, Table I in § 91.165 (relating to reservations or conveyances of life estates) has remained unchanged. In this proposed rulemaking, the Department is updating the table using factors based on the 2000 Federal census for a single life tenant, computed at 6% interest. In addition, to keep the table current, the Department is proposing in § 91.165(c) to update the table at least once every 5 years by published notice in the *Pennsylvania Bulletin*.

New § 91.170 (relating to the rule in *Baehr Bros. v. Commonwealth*, 493 Pa. 417, 426 A.2d 1086 (1981)) sets forth rules to determine whether a document is excludible or subject to tax. New § 91.171 (relating to transfers by operation of law) describes when a transfer by operation of law is and is not subject to tax.

Numerous amendments to § 91.193 (relating to excluded transactions) are proposed to bring the section into conformity with statutory changes from 1989-1997 to section 1102-C.3 of the TRC, as well as to clarify areas that have been the subject of taxpayer inquiry and to reflect the United States Bankruptcy Court holding in *Baltimore County v. Hechinger Liquidation Trust (In re Hechinger Inv. Co. of Del., Inc.)*, 335 F.3d 243 (3d Cir. Del. 2003). In the past, the Department would allow a transfer

to be exempt from Realty Transfer Tax as long as the parties involved in the transfer showed at the time of the transfer that a plan was agreed upon under Chapter 7 and 13 bankruptcies. However, the *Hechinger* decision now requires that bankruptcies under Chapter 7 and 13 be confirmed prior to changing the deed to be exempt from Realty Transfer Tax. Subsection (c) is added to promulgate the Department’s policy that the list of excluded transactions in subsection (b) does not apply to acquisitions of real estate companies.

Section 91.195 (relating to State-related universities and public charities) is added to explain the taxability of transfers involving State-related universities and public charities.

Section 91.211 (relating to family farm corporation) is amended and §§ 91.221—91.223 (relating to partnerships) are added to address statutory changes to sections 1101-C, 1102-C.3 and 1102-C.5(b.1) of the TRC, regarding family farm partnerships.

Affected Parties

Persons or entities transferring an interest in real property could be affected by the proposed rulemaking.

Fiscal Impact

The Department has determined that the proposed rulemaking will have no significant fiscal impact on the Commonwealth. A relatively small revenue loss could result from the updating of the table concerning the reservations or conveyances of life estates in § 91.165. Conversely, a positive revenue gain may result from the change regarding the treatment of timber in § 91.155. However, there also might be some transactions that would be excluded that were not previously. Finally, the impact of the United States Bankruptcy Court holding in *Baltimore County v. Hechinger Liquidation Trust (In re Hechinger Inv. Co. of Del., Inc.)* results in a more strict standard than the Department was currently using. However, there is no reason to believe that any substantial revenue impact would result from this amendment.

Paperwork

The proposed rulemaking will require no additional paperwork for the public or the Commonwealth.

Effectiveness/Sunset Date

The regulations will become effective upon final-form publication in the *Pennsylvania Bulletin*. The regulations are scheduled for review within 5 years of final-form publication. No sunset date has been assigned.

Contact Person

Interested persons are invited to submit in writing comments, suggestions or objections regarding the proposed rulemaking to Mary R. Sprunk, Office of Chief Counsel, Department of Revenue, Dept. 281061, Harrisburg, PA 17128-1061 within 30 days after the date of the publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on October 21, 2005, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Finance and the Senate Committee on Finance. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

Subchapter F. IMPOSITION OF TAX

§ 91.113. Imposition of tax on declarations of acquisition.

* * * * *

(b) A family farm corporation or family farm partnership is subject to pay a State tax at the rate of 1% of the value of the family farm [realty] real estate held by the family farm corporation or the family farm partnership when it becomes an acquired company under §§ 91.212 and 91.222 (relating to acquired family farm corporations; and acquired family farm partnership). The tax shall be paid within 30 days after the family farm corporation or the family farm partnership becomes acquired.

§ 91.115. Publication of common level ratio factors.

The Department will publish the applicable common level ratio factors for each fiscal year beginning July 1 and ending June 30 and during the fiscal year, any changes thereto, in the *Pennsylvania Bulletin*.

Subchapter G. VALUATION

§ 91.132. Bona fide sale transactions.

(a) In a bona fide sale of [realty] real estate, the value of the [realty] real estate is the total agreed consideration for the sale which is paid or to be paid.

(b) This value includes liens existing before the transfer and not removed thereby—whether or not the underlying indebtedness is assumed—or a commensurate part of the liens, if they also encumber other [realty] real estate.

(c) This value does not include the value of consideration paid by a buyer's assignee, or a subsequent assignee thereof, for the right to have the seller convey the real estate to the assignee or subsequent assignee unless the seller is a party to the assignment and receives part or all of the consideration paid for the assignment. If the seller is a party to the assignment and receives part or all of the consideration paid for the assignment, the value shall include the value of the consideration that the seller receives.

* * * * *

§ 91.135. Judicial sales and other transactions.

The value of [realty] real estate is its computed value where the [realty] real estate is transferred through any of the following:

(1) By execution upon a judgment or upon foreclosure of a mortgage or under a judicial sale or tax sale or a transfer to a transferee or assignee of a bid or other rights of a purchaser under a judicial or tax sale.

* * * * *

§ 91.136. Appraisal.

The value of [realty] real estate shall be determined by appraisal only when [the realty] one of the following occurs:

(1) The real estate was transferred in lieu of foreclosure.

(2) The real estate is not the subject of a bona fide sale, cannot be valued under § 91.133 (relating to leases) and is not separately assessed for local real estate tax purposes.

Subchapter H. SPECIAL SITUATIONS

§ 91.152. Confirmatory deed.

(a) A deed made without consideration for the sole purpose of confirming a prior recorded document, including a deed that only asserts an existing survivorship interest, is not taxable. This [exclusion] subsection only applies if the following apply:

* * * * *

(b) A deed made without consideration for the sole purpose of confirming real estate ownership following a merger, consolidation or change in the form or identity of a corporation or an association. This subsection only applies if all of the following occur:

(1) Record title to the subject real estate is in the entity as opposed to its owners.

(2) Without the making of any document:

(i) The resultant entity is vested with all the property, real, personal and mixed, and franchises of, and the debts due, the original association or, in the case of a merger or consolidation, each party thereto.

(ii) The resultant entity is subject to all the obligations of the original association or, in the case of a merger or consolidation, the parties thereto.

(iii) Liens upon the property of the original association or, in the case of a merger or consolidation, any party thereto, are not impaired by the change in form.

(iv) Any claim existing or action or proceeding pending by or against the original association or, in the case of a merger or consolidation, any party thereto, may be prosecuted to judgment against the resultant entity.

(3) The original entity or, in the case of a merger or consolidation, any party thereto, is not required to wind up its affairs or pay its liabilities and distribute its assets either because there is no break in the continuity of its existence or because its separate existence ceases with the reformation.

(4) Considering all the ownership interests in the original entity or, in the case of a merger or consolidation, any party thereto, there is no change in proportionate ownership interests resulting from the change in form.

(5) Title to real estate would not revert or be in any way impaired by reason of the merger, consolidation or change.

Example 1. A and B are equal partners in a general partnership known as AB, general partnership. One of the assets of the partnership is real estate. The real estate is titled in the names of A and B, individually, as co-tenants. A and B want to convert their general partnership to a limited partnership known as AB, LP. A and B set up an LLC to be the 1% general partner in the limited partnership. A and B will

have a 99% limited partnership interest in the limited partnership (that is, A and B each have a 49.5% limited partnership interest). In order to effectuate the conversion, A and B merge the partnership into the limited partnership. The limited partnership is the surviving entity of the merger. The general partnership ceases to exist as a result of the conversion. After the conversion, A and B prepare a deed for the partnership real estate to confirm the partnership's change of form to the limited partnership. The deed is taxable because legal title to the real estate was in the name of A and B individually. Legal title was never transferred to the general partnership.

Example 2. Assume the same facts as Example 1 except that general partnership AB purchased the real estate with partnership funds and titled the real estate in the name of the partnership. A and B have merely converted their form of organization from that of a general partnership to a limited partnership. It continues its same business and has all the same assets and liabilities as the general partnership. Further, ownership has not changed. A and B were equal partners in the general partnership and are equal general partners (through their equal ownership of the LLC) and limited partners. Because the general partnership held the real estate of record and there has only been a change in form of the business, the deed is not taxable.

Example 3. Assume the same facts as Example 2, except that A becomes the general partner and B becomes the limited partner. Each holds a 50% interest in the partnership's income. Although A and B each have an equal income interest, A now has sole control over the partnership as the general partner and B has only an income interest as a limited partner. In the general partnership, A and B had equal management and income interests. Because there is a change in ownership interests, the deed is taxable.

(c) A deed made without consideration for the sole purpose of confirming a change in place of organization.

(d) Notwithstanding the provisions of § 91.154 (relating to documents involving corporations, partnerships, limited partnerships and other associations), when determining if there is a change in proportionate ownership interests, corporations and associations will not be considered to be entities separate from their members, partners, stockholders or shareholders; and when determining if there is a change in proportionate ownership interests resulting from the change to a limited partnership, the interests of the limited partners and general partners will both be considered.

(e) A deed made without consideration for the sole purpose of confirming that a prior recorded document was void ab initio and revesting record title in the grantor is not taxable.

§ 91.154. Documents involving corporations, partnerships, limited partnerships and other associations.

(a) Corporations, joint-stock associations, business trusts, banking institutions, partnerships, limited part-

nerships, joint ventures and associations are entities separate from their stockholders, shareholders, partners and members. Transfers between these entities and their stockholders, shareholders, partners and members, including transfers between a subsidiary and a parent corporation and transfers in consideration of the issuance or cancellation of stock, are fully taxable, unless the transaction is excluded under § 91.193(b)(12) or (13) (relating to excluded transactions) or subsection (b) or (c).

(b) There is no tax upon the conversion of real estate from the separate property of a stockholder, shareholder, partner or member to the property of a corporation, joint-stock association, business trust, banking institution, partnership, limited partnership, joint venture or association, provided the conversion is neither effectuated by deed nor memorialized by a writing satisfying the requirements of the Statute of Frauds. However, any writing confirming such a conversion will not be excludible under either § 91.151 or § 91.152 (relating to correctional deeds; and confirmatory deeds).

(c) There is no tax upon the conversion of real estate from the property of a corporation, joint-stock association, business trust, banking institution, partnership, limited partnership, joint venture or association to the separate property of a stockholder, shareholder, partner or member, provided the conversion is neither effectuated by deed nor memorialized by a writing satisfying the requirements of the Statute of Frauds. However, any writing confirming such a conversion will not be excludible under either § 91.151 or § 91.152.

(d) Examples are as follows:

Example 1. A transfers real estate to A, B and C trading as XYZ Partnership or A, B and C, co-partners. The deed from A is fully taxable. Partnerships are separate entities from their partners.

Example 2. Assume the same facts as Example 1, except that A merely converts the real estate to the partnership's use by oral agreement. There is no deed or other writing that satisfies the requirements of the Statute of Frauds. Because record title remains with A, no tax is due.

Example 3. D, E and F are partners in both TUV and QRS partnerships. D, E and F, trading as TUV Partnership, transfer real estate to D, E and F trading as QRS Partnership. The deed is fully taxable because TUV Partnership and QRS Partnership are separate entities even though each has the same partners.

§ 91.155. Timber [and], crops and natural resources.

* * * * *

(b) Standing timber [and crops are] is considered nontaxable personal property if the instrument provides for severance and complete removal [within an immediate ascertainable date] at once or as soon as it can be reasonably done. A transfer of standing timber is taxable if the transferee has discretion as to the time of removal, the instrument is indefinite as to the time for removal or the instrument provides more time for the removal than is reasonably necessary, considering the nature and extent of the land and the number of feet of merchantable timber to be removed.

(c) Products of the soil are considered nontaxable personal property if one of the following apply:

- (1) The products are planted annually and gathered during a single, annual season.
- (2) The products are propagated for the purpose of being transplanted or grafted.
- (3) The products require annual pruning, spraying or cultivation.
- (4) The products are the annual products of shrubs, trees or annual or perennial plants.

§ 91.156. Trusts.

(a) *Transfers to ordinary trusts.* A transfer to an ordinary trust is fully taxable, [except if] unless the transfer of the same property would be wholly exempt if the transfer were made directly from the grantor to all of the possible beneficiaries who have a remainder interest or who are otherwise entitled to receive the property or the proceeds from the sale of the property as a beneficiary under the terms of the trust, whether or not the beneficiaries are contingent or specifically named.

Example: G transfers property to a trust without consideration for the use of B, G's spouse, for life. Under the trust, the remainder interest is vested in G's church. As a direct transfer to the religious organization would be taxable, the transfer to the trust is fully taxable.

(b) *Contingent beneficiaries.* A trust provision which identifies a contingent beneficiary by reference to the heirs of the trust settlor as determined by the laws of intestate succession will by itself neither qualify nor disqualify a transfer from the exemption provided by subsection (a).

(c) *Transfers to living trusts.* A transfer for no or nominal actual consideration to a trustee of a living trust from the settlor of the living trust is exempt.

(d) *Transfers from ordinary trusts.* A transfer from [a] an ordinary trust is fully taxable except for a transfer for no or nominal actual consideration from the trustee to [a beneficiary specified in the original recorded trust agreement under which the property was initially conveyed into the trust] the person who has the vested remainder interest or who is otherwise entitled to receive the property or the proceeds from the sale of the property as a beneficiary under the terms of the trust.

(e) *Inter vivos transfers from living trusts.*

(1) A transfer for no or nominal consideration from the trustee of a living trust during the settlor's lifetime to a grantee other than the settlor will be treated as if the transfer were made directly from the settlor to the grantee.

(2) A transfer from the trustee of a living trust to its settlor is exempt if the settlor conveyed the property to the trust.

(f) *Transfers from testamentary trusts and living trusts after the death of the settlor.* A transfer of real estate from a testamentary trust or from a living trust after the death of its settlor is exempt from tax only if the transfer is made for no or nominal actual consideration and to the person who, under the governing instrument of the trust, has the vested remainder interest or who is otherwise entitled to receive the property or the pro-

ceeds from the sale of the property as a beneficiary under the terms of the trust.

(g) *Requirement for exemption.* An exemption will not be granted under this section unless the recorder of deeds is presented with a copy of the trust agreement.

§ 91.162. Turnkey projects.

A transfer of [realty] real estate to a developer or contractor who is required by contract to reconvey the [realty] real estate to the grantor after making contracted-for improvements to the [realty] real estate is not taxable if no beneficial interest in the real estate is transferred to the developer or contractor. The reconveyance to the grantor is also not taxable.

§ 91.165. Reservations or conveyances of life estates.

(a) [Table I is used in computing the tax base of a life estate or remainder interest in realty. If the transferor has conveyed only a life estate in realty, while reserving the remainder to himself, the transaction is taxable. The tax base is computed by multiplying the value of the realty as determined under § 91.135 (relating to judicial sales and other transactions) by the life estate factor, based on the age of the life tenant, taken from Table I.

Example 1: L conveys a life estate to T in realty that is valued under § 91.135 at \$100,000. T is 50 years old. Life estate factor is: .84743; Value = \$100,000 × .84743 = \$84,743.

(b) If the transferor of realty has reserved to himself a life estate, while conveying the remainder, the transaction is taxable. The tax base shall be computed by multiplying the value of the realty as determined under § 91.135 by the remainder factor, based on the age of the life tenant, taken from Table I.

Example 2: L conveys to T realty that is valued under § 91.135 at \$100,000 but reserves a life estate for himself. L is 50 years old. Remainder factor is .15257; Value = \$100,000 × .15257 = \$15,257.

The value of a life estate or remainder interest in real estate will be the consideration paid or to be paid for the life estate or remainder interest.

(b) When no or nominal consideration or consideration less than actual monetary worth is paid for a life estate or remainder interest in real estate, the factors in Table I shall be multiplied by the real estate's computed value to calculate the value of a life estate or remainder interest.

Example 1: In an arm's length transaction for actual monetary worth, L conveys a life estate interest (or remainder interest, as the case may be) in real estate to T for \$50,000. The taxable value of the life estate is the consideration paid, that is \$50,000.

Example 2: L conveys a life estate interest in real estate to T for less than actual monetary worth. L reserves the remainder interest for himself. The computed value of the entire real estate is \$100,000. T is 50 years old. The life estate factor for T's life is .84743. Therefore, the taxable value of T's life estate interest is the computed value of the entire real estate multiplied by T's life estate factor (\$100,000 × .84743), or \$84,743.

Example 3: L conveys a remainder interest in real estate to T for less than actual monetary worth. L retains a life estate interest in the real estate. The computed value of the entire real estate is \$100,000. L is 50 years old. The life estate factor for L's life is .84743. The remainder factor for T's remainder interest is .15257. Therefore, the taxable value of T's remainder interest is the computed value of the entire real estate multiplied T's remainder factor (\$100,000 × .15257), or \$15,257.

Example: C and D each own [50 shares or 50%] all of the stock of a corporation in equal shares. C and D transfer their stock to E, C's son, over a 3-year period. As C and E are members of the same family, the transfer between C and E is not a change in ownership interest. Thus, the stock transfers have the effect of transferring only 50% of the total ownership interest in the corporation and the corporation is not acquired.

GAME COMMISSION

[58 PA. CODE CH. 137]

Wildlife

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its June 28, 2005, meeting, proposed to amend § 137.33 (relating to feeding of certain wildlife prohibited) to relocate the restriction on the feeding of elk outside of specified exceptions and to rescind § 137.32 (relating to feeding of elk prohibited) to eliminate duplication and redundancy of language in the regulations.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 28, 2005, meeting of the Commission. Comments can be sent until December 30, 2005, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

The Commission recently added § 137.33 to prohibit the feeding of bears outside of specified exceptions. This section was an addition to existing § 137.32, which prohibits the feeding of elk outside of specified exceptions. The Commission now recognizes the duplication and redundancy of maintaining both these provisions due to their similarity in language and restriction. Therefore, the Commission is proposing to combine these two provisions by rescinding § 137.32 and enlarging the scope of § 137.33 to include the elk feeding prohibition.

Section 103(a) of the code (relating to ownership, jurisdiction and control of game and wildlife) states that "The ownership, jurisdiction over and control of game or wildlife is vested in the commission as an independent

agency of the Commonwealth in its sovereign capacity to be controlled, regulated and disposed of in accordance with this chapter." Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife... in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife... in this Commonwealth." The amendments to §§ 137.32 and 137.33 were proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will rescind § 137.32 and amend § 137.33 to incorporate the provisions currently in § 137.32, which restrict the feeding of elk outside of specified exceptions. This amendment is essentially a relocation or restructuring of existing regulatory language that does not add or expand any requirements.

3. Persons Affected

Persons living within areas where elk are located may be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Michael A. Dubaich, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Annex A

TITLE 58. RECREATION PART III. GAME COMMISSION CHAPTER 137. WILDLIFE

§ 137.32. [Feeding of elk prohibited] (Reserved).

[Except as otherwise provided in this part or the act, it is unlawful to intentionally lay or place any food, fruit, hay, grain, chemical, salt or other minerals anywhere in this Commonwealth for the purpose of feeding elk found in a wild state in this Commonwealth, or to intentionally lay or place any food, fruit, hay, grain, chemical, salt or other minerals to cause elk found in a wild state within this Commonwealth to congregate or habituate an area. In the event of prolonged periods of deep snow or other inclement weather conditions which may prevent elk found in a wild state within this Commonwealth from obtaining an adequate natural supply of food to sustain them, the Director may declare an emergency to allow for the artificial feeding of elk.]

§ 137.33. Feeding of certain wildlife prohibited.

It is unlawful to, except for normal or accepted farming, habitat management practices, oil and gas drilling, mining, forest management activities or other legitimate

If songbird feeders are being used by bears, the Commission may issue a written notice prohibiting the songbird feeding. **In the event of prolonged periods of deep snow or other inclement weather conditions which may prevent elk found in a wild state within this Commonwealth from obtaining an adequate natural supply of food to sustain them, the Director may declare an emergency to allow for the artificial feeding of elk.**

STATE BOARD OF EDUCATION

[22 PA. CODE CH. 4]

Academic Standards and Assessment

The State Board of Education (Board) proposes to amend Chapter 4 (relating to academic standards and assessment) to read as set forth in Annex A. The Board is acting under the authority of section 2603-B of the Public School Code of 1949 (24 P. S. § 26-2603-B).

Purpose

Chapter 4 sets forth requirements for instruction, graduation, strategic planning and assessment based on academic standards for this Commonwealth's public schools.

Requirements of the Proposed Rulemaking

The proposed rulemaking amends the following items:

Throughout the chapter, when appropriate, the term "school entity" replaces the term "school district" to reflect that, in addition to school districts, intermediate units, area vocational-technical schools, cyber charter schools and independent schools are covered by the regulations.

§ 4.3 (relating to definitions). The Board amends the existing definitions for the terms "assessment" and "curriculum." The State Board also proposes to add new definitions for the terms "prekindergarten," "school entity" and "world language."

§ 4.4(d)(4)—(7) (relating to general policies). The Board proposes to reorder the sequence of § 4.4(d)(4)—(7) to clarify that parents and guardians may review State assessments and must review them if they wish to have their children excused from the assessment should it conflict with their religious belief.

§ 4.11(g)(10) (relating to purpose of public education). The Board proposes to delete world languages as one of the academic areas for which Board approved academic standards are to be issued. This proposed amendment has the effect of requiring school entities to offer world language instruction in at least two languages to all students.

§ 4.12(a) (relating to academic standards). The Board proposes to delete transitional provisions that are no longer necessary.

§ 4.12(a)(8). The Board proposes to delete world languages as one of the academic areas for which Board approved academic standards are to be issued.

§ 4.12(a)(8) and (9). The Board proposes to add reading, writing, speaking and listening, and mathematics to the list of areas for which academic standards are established. This proposed technical change is necessary to include these standards in the Board's periodic review of academic standards.

§ 4.12(g). The Board proposes to delete the implementation schedule under which the Secretary of Education is required to present academic standards to the Board.

§ 4.13 (relating to strategic plans). The Board proposes to amend the strategic planning requirements to focus school entity plans on strategic, rather than operational, issues and to enable the Department of Education (Department) to consolidate multiple strategic planning requirements into a single, comprehensive plan. The proposed amendments also require school entities to address how they will coordinate activities with the Commonwealth's priorities and major initiatives.

§ 4.21(a) (relating to elementary education: primary and intermediate levels). The Board proposes to add as an option that elementary education programs include prekindergarten.

§ 4.21(b). The Board proposes to extend the focus of the primary level elementary program to literacy skills.

§ 4.21(d). The Board proposes to amend this subsection to provide that primary level elementary instruction shall be standards-based and designed to prepare students to reach the proficient level on local and State assessments.

§ 4.21(b) and (e) and §§ 4.22(a) and (b) and 4.23(b) and (c) (relating to middle level education; and high school education). The Board proposes to amend these sections to include new language to clarify that curriculum and instruction are to be standards-based and instruction is to be aligned with State academic standards.

§ 4.21(e)(6) and (8). The Board proposes to amend and clarify the requirements for health, safety and physical education to include knowledge and practice of lifetime physical activity, personal fitness, basic movement skills and concepts, principles and strategies of movement, and safety practices in physical activity.

§ 4.23(c)(9). The Board proposes to amend § 4.23(c)(9) regarding family and consumer science instruction to include basic knowledge of early literacy skill development.

§ 4.25(a) (relating to languages). The Board proposes to add to subsection (a) a requirement that the Department issue standards for world language instruction and to define the requirements for these standards. The Board proposes to maintain the long-standing requirement that every school district provide planned instruction in at least two languages, one of which is to be in a modern language and one of which is to be offered in a 4-year sequence in the secondary program.

§ 4.27(b) (relating to physical education and athletics). The Board proposes to clarify the requirement that physical education shall be adapted for students who are medically unable to participate in the regular program.

§ 4.29(a) (relating to HIV/AIDS and other life-threatening and communicable diseases). The Board proposes to clarify that instruction in the prevention of HIV/AIDS and other life-threatening diseases shall be

provided to every student and the instruction must be aligned with the academic standards for health.

§ 4.29(b). The Board proposes to amend § 4.29(b) to emphasize that instruction and educational materials used in HIV/AIDS instruction are determined by the local school district in accordance with criteria in § 4.29(c)—(e).

§ 4.29(c). The Board proposes to amend language to recommend that a school district's age appropriate planned instruction conform to the Center for Disease Control and Prevention's guidelines and that school districts be permitted to omit instruction in the elementary grades respecting transmission of disease through sexual activity. The Board also proposes to amend § 4.29(c) to explain that instruction shall stress that abstinence from sexual activity is the only completely reliable means of preventing sexual transmission and that avoidance of illegal drug use is the only completely reliable means of preventing transmission through shared drug paraphernalia.

§ 4.29(d). The Board proposes to amend § 4.29(d) to provide that a student shall be excused from HIV/AIDS instruction when the instruction conflicts with religious beliefs, after an inspection of the instructional materials and upon receipt of a written request from the parents or guardians.

§ 4.29(e). The Board proposes to amend § 4.29(e) to provide that school entities shall publicize that detailed curriculum and materials used for HIV/AIDS instruction are available to parents and guardians for review during normal school hours or at teacher-parent conferences.

§ 4.31(a) (relating to vocational technical education). The Board proposes to add language clarifying that students who complete vocational-technical education programs are to have their occupational competency assessed through the Pennsylvania Skills Certificate Program or by another assessment program approved by the Department. The Board also proposes to amend § 4.31(a) to require students to demonstrate proficiency in meeting State academic standards.

§ 4.31(c). The Board proposes to add language to § 4.31(c) to encourage vocational-technical education programs to adopt industry recognized skill standards when available.

§ 4.33(c) (relating to advisory committees). The Board proposes to amend § 4.33(c) to clarify that the occupational advisory committee shall have a majority of its members who are employees and employers in the occupation for which training is provided.

§ 4.51(a)(1) (relating to State assessment system). The Board proposes to amend § 4.51(a)(1) to expand the purpose of the State assessment to include providing students, parents, educators and citizens with an understanding of student and school performance consistent with the No Child Left Behind Act of 2001 (Pub. L. No. 107-110, 115 Stat. 1425).

§ 4.51(b). The Board proposes to amend § 4.51(b) to clarify that State assessment instruments administered in grades 5, 8 and 11 for reading and mathematics, and in grades 6, 9 and 11 for writing, will be standards-based and include essay or open-ended responses in addition to other formats.

§ 4.51(d). The Board proposes to amend § 4.51(d) to require that the State assessment be administered in reading and mathematics in grades 3, 4, 5, 6, 7, 8 and 11; in writing in grades 6, 9 and 11; and in science in grades 4, 7 and 10.

§ 4.51(g)(1). The Board proposes to amend § 4.51(g)(1) to update the statutory reference to the Professional Educator Discipline Act (24 P. S. §§ 2070.1a—2070.18a).

§ 4.51(j). The Board proposes to amend § 4.51(j) to add a requirement that children with limited English proficiency be included in the State assessment as required by Federal law.

§ 4.52(c) (relating to local assessment system). The Board proposes to amend § 4.52(c) to clarify the requirements for when a school entity chooses to use a local assessment to determine whether a student is proficient for purposes of high school graduation. The proposed amendment would provide that the local assessment shall be described in the school entity's strategic plan, be comparable to the proficiency levels used for the State assessment, describe how an entity will be evaluated for compliance with the requirement and the consequence of any identified disparity between State and local proficiency levels.

§ 4.61(a) (relating to school profiles). The Board proposes to amend § 4.61(a) to align the requirements for school profiles with Federal and State law.

§ 4.83 (relating to implementation schedule). The Board proposes to delete the transitional provisions and implementation schedule that were needed when Chapter 4 was first promulgated in January 1999.

Affected Parties

The proposed rulemaking affects the student and professional employees of the public schools of this Commonwealth.

Cost and Paperwork Estimates

The proposed rulemaking will not result in added costs or savings to the Department or school entities since they clarify current requirements. One new report is required to be submitted to the Department by school entities that use local assessments to determine whether students are proficient in reading, writing and mathematics for purposes of graduation from high school. Any cost associated with the preparation and submission of this report is anticipated to be minimal.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Sunset Date

The Board will review the effectiveness of Chapter 4 every 4 years in accordance with the Board's policy and practice respecting all regulations promulgated by the Board. Thus, no sunset date is necessary.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 26, 2005, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees on Education. (j) Children with disabilities and children with limited English proficiency shall be included in the State assessment system as required by Federal law, with appropriate accommodations, [where] when necessary. As appropriate, the Commonwealth will develop guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in the State assessment as determined by each child's Individualized Education Program team under the Individuals with Disabilities Education Act and this part.

§ 4.52. Local assessment system.

(a) Each school [district, including charter schools, and AVTS] entity shall design an assessment system to do the following:

(1) Determine the degree to which students are achieving academic standards under §§ 4.12 and 4.13(c)(3) (relating to academic standards; and strategic plans). The school [district (including charter schools) or AVTS] entity shall provide assistance to students not attaining academic standards at the proficient level or better and the assistance to be provided shall be indicated in the strategic plan under § 4.13.

* * * * *

(c) [The local assessment system shall be described in the district's (including charter schools) or AVTS's strategic plan under § 4.13(b)(5).] If a school entity chooses to use a local assessment to determine whether a student is proficient as outlined in § 4.24(a) (relating to high school graduation requirements), the local assessment must be described in the school entity's strategic plan and adhere to the following:

(1) Local assessments may be a single exam or a combination of assessment strategies, including, but not limited to:

- (i) A Nationally recognized standardized assessment.
- (ii) A locally developed standardized assessment.
- (iii) A portfolio assessment.

(2) The proficient level on the local assessment shall be comparable to the proficient level on the PSSA.

School entities that use one or more local assessments for the purpose of determining whether a student is proficient as outlined in § 4.24(a) shall submit an annual report on a form and in a manner determined by the Department certifying the comparability or alignment between the PSSA and the local assessment or assessments and providing data specified by the Department to support the certification. The existence of significant numbers of students not achieving proficiency on the PSSA who are deemed proficient by a local assessment will raise an inference that the local assessment is not aligned with the PSSA or the PSSA's meaning of proficient. A school entity whose certification is rejected by the Department shall use the PSSA for the purposes of § 4.24(a) until the school entity receives Department approval that a local assessment or assessments meets the requirements of paragraph (2).

(4) If the report and certification are not submitted as required, or if the Secretary is not satisfied with the form or accuracy of the report and certification that have been submitted by the school entity, the Secretary will exercise the powers under section 2552 of the School Code (24 P. S. § 25-2552) regarding withholding State appropriations, in a manner that is consistent with law, until the Secretary is satisfied that the school entity is in compliance with this chapter.

(d) The local assessment system shall be described in the [district's (including charter schools) or AVTS's] school entity's strategic plan under § 4.13 (b)(5), including industry certifications earned by vocational-technical students, Pennsylvania skill certificates earned by vocational technical education students, and projects completed by vocational-technical education students which demonstrate their occupational competency.

Academic Standards and Assessment for Career Education and Work

The State Board of Education (Board) proposes to amend Chapter 4 (relating to academic standards and assessment) to add academic standards for Career Education and Work to read as set forth in Annex A. The statutory authority for this proposed rulemaking is the Public School Code of 1949 (24 P. S. §§ 1-101—27-2702).

Purpose

The proposed rulemaking will add academic standards for Career Education and Work. The purpose of adding these requirements is to specify academic standards to be achieved by students enrolled at various grade levels in the public schools of this Commonwealth.

The Board previously published proposed academic standards for Career Education and Work at 33 Pa.B. 1847 (April 12, 2003). However, the Board chose not to submit final regulations within the 2-year time frame required by the Regulatory Review Act (71 P. S. §§ 745.1—745.15) to permit the Board to consider emerging new policy initiatives that would affect high schools and career and technical education. A committee composed of Department of Education (Department) staff, representatives of business and schools and State education and business associations developed the revised academic standards for career education and work.

Requirements of the Regulations

Proposed amendments to Chapter 4 define the academic standards for Career Education and Work to be achieved by students enrolled at various grade levels in the public schools of this Commonwealth. Academic standards for Career Education and Work are organized into four areas: (1) career awareness and preparation; (2) career acquisition (getting a job); (3) career retention and advancement; and (4) entrepreneurship. Specific stan-

dards describe what students should know and be able to do by the end of third, fifth, eighth and eleventh grade.

Affected Parties

The proposed rulemaking affects the students and professional employees of the public schools of this Commonwealth (including intermediate units, area vocational-technical schools and cyber charter schools).

Cost and Paperwork Estimates

Costs to implement this proposed rulemaking may include curriculum development and the professional development of teachers. These costs may vary by school district. Curriculum development is an ongoing activity for schools and is typically part of their normal budgeting. Costs associated with aligning curricula with these standards at the local level will be minimized by technical assistance in curriculum development provided by Department and Intermediate unit staff using existing resources.

Professional development of teachers is an ongoing activity for schools and is addressed in the normal budgeting of school districts and the Department. Specific programs designed to support the implementation of these standards will minimize any financial impact on school districts.

Professional development is provided through the Governor's Institutes for Teachers and is included within current year appropriations. In addition, the act of November 23, 1999 (P. L. 529, No. 48) (Act 48) establishes a requirement for all educators to engage in continuing professional education. Act 48 also requires the Department to provide 40 hours of professional development annually at no cost to teachers. Online professional development courses may be developed on the Career Education and Work academic standards.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Sunset Date

In accordance with the terms and provisions of § 4.12(i) (relating to academic standards), the effectiveness of these academic standards will be reviewed by the Board every 3 years. Thus, no sunset date is necessary.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 26, 2005, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees on Education. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comments and Contact Person

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed

rulemaking to Jim Buckheit, Executive Director, State Board of Education, 333 Market Street, Harrisburg, PA 17126-0333 within 30 days following publication in the *Pennsylvania Bulletin*.

Persons with disabilities needing an alternative means of providing public comment may make arrangements by calling Jim Buckheit at (717) 787-3787 or TDD (717) 787-7367.

XXXVIII. INTRODUCTION

The Academic Standards for Career Education and Work reflect the increasing complexity and sophistication that students experience as they progress through school. Career Education and Work Standards describe what students should know and be able to do at four grade levels (3, 5, 8 and 11) in four areas:

- 13.1 Career Awareness and Preparation
- 13.2 Career Acquisition (Getting a Job)
- 13.3 Career Retention and Advancement
- 13.4 Entrepreneurship

Pennsylvania’s economic future depends on having a well-educated and skilled workforce. No student should leave secondary education without a solid foundation in Career Education and Work. It is the rapidly changing workplace and the demand for continuous learning and innovation on the part of the workers that drive the need to establish academic standards in Career Education and Work.

Through a comprehensive approach, Career Education and Work Standards complement all disciplines and other academic standards. If Pennsylvania’s students are to succeed in the workplace, there are certain skills that they need to obtain prior to graduation from high school. These skills have been identified in the Career Education and Work Standards, but it is up to individual school districts to decide how they are to be taught. Districts can implement integration strategies within existing disciplines or can implement stand-alone courses to specifically address these standards.

A glossary is included to assist the reader in understanding terminology contained in the standards.

STATE BOARD OF MEDICINE

[49 PA. CODE CHS. 16 AND 18] Physician Assistants

The State Board of Medicine (Board) proposes to amend §§ 16.11 and 16.13 (relating to licenses, certificates and registrations; and licensure, certification examination and registration fees) and §§ 18.121, 18.122, 18.131, 18.141—18.145, 18.151—18.159, 18.161, 18.162, 18.171, 18.172 and 18.181 pertaining to physician assistants (PA) and their supervising physicians to read as set forth in Annex A.

A. *Effective Date*

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

B. *Statutory Authority*

Section 13 of the Medical Practice Act of 1985 (act) (63 P. S. § 422.13) authorizes the Board to promulgate regulations that define the services and circumstances under which a PA may perform a medical service and which define the supervision and personal direction required by the standards of acceptable medical practice embraced by the medical doctor community in this Commonwealth.

C. *Background and Purpose*

Since the PA regulations were last amended in 1993, experience in the application of the regulations has demonstrated the need for amendments that reflect the current state-of-the-art of medical practice as can also be observed in the American Medical Association (AMA) guidelines for PAs. The existing regulations prevent the effective use of PAs to the full extent of their training. The Board notified the regulated community that it intended to propose updating its PA regulations and sought predraft input. Numerous medical doctors and physician organizations wrote to support the proposed amendments, noting that the current regulations are, in many ways, overly and unnecessarily restrictive.

D. *Description of the Proposed Rulemaking*

There are extensive revisions proposed to these regulations. Some of the amendments are in the nature of editorial changes, mostly to conform the regulatory language to the 2002 amendments to the act. Other changes are more substantive in nature.

The following is a section-by-section summary of the proposed rulemaking by category.

The proposed rulemaking amends the term “physician assistant supervisor” to “supervising physician” in § 18.121 (relating to purpose) and at all other places it appears in Chapters 16 and 18. The amendment emphasizes that the PA’s supervisor must be a physician and eliminates the confusion that sometimes surrounded the term “physician assistant supervisor.”

Proposed § 18.122 (relating to definitions) would delete the definition of “direct supervision.” The term “direct supervision” is found only in § 18.162 (relating to emergency medical services), which the Board proposes to amend by deleting the requirement that PAs provide emergency services only under the direct supervision of the supervising physician.

The definition of “supervision” would also be amended to more accurately reflect how PAs are actually super-

vised and more clearly reflect the important responsibility that the PA assumes when serving in this role. The amendments primarily ease the need for the physical presence and intervention of the physician in oversight of the PA. The amended definition reiterates that the constant physical presence of the supervising physician is not required so long as the supervising physician and PA are or can easily be in contact with one another by radio, telephone or other telecommunication device.

Under examples of the “appropriate degree of supervision,” § 18.122(iii) would be amended to eliminate the requirement for weekly review of patient charts. The proposed amendment more closely aligns with the practicality of a physician’s practice. Current requirements of chart review and counter-signature of all PA charts are cumbersome and ineffective. A review of selected charts which have specific diagnoses or complex medical management would support a more effective use of physician time and promote quality assurance.

The definition of “medical regimen” would be changed to a therapeutic, corrective or diagnostic measure undertaken or ordered by a physician or PA acting within the PA’s scope of practice and in accordance with the written practice agreement between the supervising physician and the PA. Currently, the text reads that a medical regimen is ordered only by the supervising physician which is for the management of a specific condition and which is incorporated into the written agreement between the supervising physician and PA.

The proposed amendments would define “order” as “an oral or written directive for a therapeutic, corrective or diagnostic measure, including a drug to be dispensed for onsite administration in a hospital, medical care facility or office setting.” This new language would provide clarity as to the parameters of an order and provide a comprehensive foundation which lends itself to the expanded definition of a medical regime.

Proposed amendments to § 18.131 (relating to recognized educational programs) would change approval of PA training programs to recognition of those programs to more accurately reflect that the Board does not approve programs but rather recognizes those that are accredited, as mandated by section 36(b) of the act (§ 422.36(b)).

This proposed rulemaking updates the reference to the training program approvals for PAs by the AMA’s Committee on Allied Health Education and Accreditation (CAHEA), Commission for Accreditation of Allied Health Educational Programs (CAAHEP), Accreditation Review Commission (ARC-PA) or any successor organization. In 1994, the AMA made CAHEA, its accreditation body, independent and changed its name to CAAHEP. In 2000, ARC-PA was created due to the overwhelming growth of PA programs and the difficulties that developed in trying to evaluate them appropriately. The AMA and other physician groups remain active in the accreditation process and occupy seats on the committee.

Section 18.142(a)(2) (relating to written agreements) would be amended so the written agreement will no longer be specific as to the requirement for describing how the PA will assist each physician. The section would be amended to state that the agreement list functions that will be delegated to the PA, deleting the requirements that it also describe how the PA will assist each named physician and the details of how the supervising physician will be assisted. The amendments would also have the agreement signed only by each physician acting as a supervising physician or a substitute supervising

physician instead of by each physician and the PA. It would also describe how the PA "works with" instead of "assists" each physician. Currently, the regulations specify that the agreement contain procedures selected from the list in § 18.151 (relating to role of physician assistant), all other delegated tasks, instructions for use of the PA in the performance of delegated tasks and medical regimens to be administered or relayed by the PA. This requirement inhibits the effective utilization of PAs. In addition, it forces the Board to become more directly involved in the approval of practice guidelines for physicians and PAs rather than credentialing health care professionals.

Proposed amendments to §§ 18.144 and 18.155 (relating to responsibility of primary physician assistant supervisor; and satellite locations) eliminate the requirement for the supervising physician to see each patient on every third visit or at least once a year. The Board proposes in § 18.44(4) to require that the physician determine the need to see each patient based upon the patient's individual needs or at the patient's request. The amendment recognizes that the involvement of the supervising physician should be predicated on factors such as the practice type, site and the condition of the patient. This would also apply to satellite facilities. Because the existing requirement applies to all patients who are treated by a PA it includes within its application situations in which it is virtually impossible for a physician to meet. For example, if a patient is seen by a PA for a minor problem and does not return within a year to be seen by the physician, the physician cannot comply with the requirement. Attempts to meet the requirements of the existing regulation result in inefficient use of resources. The PA can easily manage a patient with a well-controlled chronic problem who is checked periodically to see if all is well. However, if the patient is checked only once annually, a physician must be involved due to the requirements of the existing regulation. Experience has demonstrated that the existing regulation is counter-productive. The option remains for the patient to request to be seen by the supervising physician.

The Board also proposes to amend § 18.151. This section currently includes a list of tasks that the PA can perform (subject to the proviso that the list is not all-inclusive). The list of tasks PAs can perform in the current regulations is somewhat limiting. Although the regulation states that the list is not intended to be all-inclusive, the Board is prohibited by court rulings from rendering advisory opinions. Therefore, one is left to speculate as to whether or not a given task not on the list, but critical to a particular practice, is permitted. The proposed rulemaking would replace the list with statements that the PA may practice medicine with physician supervision and perform duties as delegated by the physician. As amended, this section would establish as a baseline standard that the PA should be authorized to perform any medical service delegated by the physician.

Currently, § 18.152 (relating to prohibitions) prohibits a PA from pronouncing death. The amendments proposed to §§ 18.151 and 18.152 would allow a PA to pronounce a patient dead and also allow a PA to authenticate with his signature any form related to pronouncing death. PAs who practice in long term care facilities, hospital wards, hospice care or in hematology/oncology, among other specialties, encounter circumstances when they may be the only medical care provider available at the time of a patient's death. Allowing delegation of the pronouncement of death simplifies procedures for the patient's family at a difficult time. The amendment allows only pronouncement of death. Certification as to the cause of death

continues to be reserved for the supervising physician or a coroner as set forth in section 502 of the Vital Statistics Law of 1953 (35 P. S. § 450.502).

Amended § 18.151 would also allow the PA to sign any form that otherwise requires a physician's signature as permitted by the supervising physician, state or Federal law and facility protocol, if applicable. This will relieve the physician of much routine paperwork such as signing forms for school physicals.

Among the list of those things in § 18.152 that a PA may not do is the performance of a medical service without physician supervision as set forth in the written agreement.

The proposed amendments to § 18.153 (relating to executing and relaying medical regimens) change the 12-hour requirement for the PA to relate all medical regimens executed or relayed while the physician was not present to the supervising physician to 36 hours. This is also reflected in § 18.158 (relating to prescribing and dispensing drugs) for all medications prescribed or dispensed and is applicable to prescribing or dispensing "in accordance with the written agreement." The 12-hour time frame in both aspects of the current regulations proved to be overly restrictive. It is not uncommon that a treatment for a minor illness done late in the day goes unreported until the start of the next business day, more than 12 hours later. For PAs taking weekend call, the reporting for minor problems would not occur until the following Monday.

The Board proposes to amend § 18.153(b) by extending the period for reporting to the supervising physician from 12 to 36 hours in § 18.155(b)(4) and the outside period for countersignature from 3 to 10 days as in § 18.153(c). For satellite facilities, the proposed amendments would also lengthen the time for counter-signature to 10 days. During predraft input, the medical doctor community advised the Board that the current 3-day counter-signature requirement is too restrictive and causes compliance problems. The regulation does not take into consideration weekends or a supervising physician's vacation schedules. This is particularly troublesome for satellite facilities. By expanding to a 10-day signature, compliance becomes more practical. This amendment is also incorporated into §§ 18.142 and 18.158.

Current § 18.157 (relating to administration of controlled substances and whole blood and blood components) provides that a PA may administer controlled substances as well as whole blood and blood components if that authority is addressed in the written agreement and is separately ordered by the supervising physician specifying a named drug for a named patient. The Board proposes to eliminate the requirement for the separate order of the supervising physician specifying the drug and patient and allowing it to be addressed only in the written agreement and be administered by the PA on that authority. The Board believes that the current language creates an unnecessary barrier to utilization of PAs in surgical, hematology/oncology, pain management and hospice care.

Section 18.158 currently includes a formulary of categories of drugs that a PA may prescribe if permission is granted in the written agreement. The supervising physician reviews this formulary and chooses those categories of drugs that he will allow the PA to prescribe or dispense. The list becomes a part of the written agreement that must be submitted to the Board. The amendment would eliminate the formulary. Instead, new subsec-

tions (a) and (b) state that the physician can delegate prescribing, dispensing and administration of drugs and therapeutic devices to the PA if the drug or device is permitted under the written agreement. The PA would be subject to the regulations of the Board and the Department of Health regarding dispensing standards, prescribing and labeling. The proposed rulemaking would have the written agreement only contain a list of categories of drugs that the PA may not prescribe. The existing formulary suffers from the same limitations noted with the list of tasks a PA can perform. The current formulary is out-of-date and places restrictions on common drugs used to treat patient problems routinely managed by PAs. For example, the management of warfarin sodium therapy for atrial fibrillation, deep venous thrombosis and mechanical heart valves has become commonplace in the family practice setting. PAs are routinely called upon to adjust medication levels. The proposed rulemaking would delete current restrictions on prescribing of blood formation or coagulation drugs.

Currently, § 18.158(a)(4) creates a 90-day waiting period after approval by the Food and Drug Administration (FDA) for a new drug or new uses for a drug before a PA can prescribe it. The proposed rulemaking eliminates that waiting period. The original purpose has been overcome by practice in recent years. Because physicians provide ongoing input and oversight in the treatment of patients by the PAs, delaying the prescribing for 90 days is overly restrictive.

The proposed rulemaking also deletes a statement in § 18.158(b)(4) specifying that the supervising physician assumes responsibility for all prescriptions and dispensing of drugs by the PA. However, § 18.144 requires the supervising physician to assume responsibility for the performance of the PA, so this amendment is editorial in that it simply eliminates redundancy.

The proposed rulemaking deletes subsection (g), which states that the PA may only prescribe or dispense drugs for a patient under the care of the supervising physician. PAs often provide care to patients in a practice that are new patients or regularly see one of the primary supervisor's partners. This section is also redundant and limiting because the supervising physician assumes ultimate responsibility for every patient seen by the PA as set forth in § 18.402(a)(6) (relating to delegation) and section 17(c) of the act (63 P. S. § 422.17(a)).

The Board proposes to delete a prohibition in § 18.158(c)(4)(i) preventing a PA from prescribing or dispensing a pure form or combination of drugs. The Board finds the prohibition is vague and unnecessary due to the current state of training received by PAs. Predraft input suggested that experience has demonstrated that PAs have the knowledge and skill to properly perform this function.

The amendments in § 18.158(c)(4)(iii) and (iv) eliminate the statement in that a PA may not prescribe or dispense drugs not approved by the FDA. Existing law already prevents anyone, including physicians, from prescribing or dispensing drugs not approved by the FDA.

The proposed rulemaking removes from § 18.158(c)(4)(v) the prohibition on a PA prescribing or dispensing parenteral drugs other than insulin or emergency allergy kits or other approved drugs. Comments provided in pre-draft input advised that this regulation is overly restrictive.

Section 18.158(c)(4)(viii) currently states that a PA may not issue a prescription for more than a 30-day supply of

medication except in cases of chronic illness where the PA can write for a 90-day supply. It also states that the PA can authorize refills up to 6 months from the original prescription. This proposed rulemaking seeks to eliminate these limitations. The existing limitation proved too restrictive. For example, it is not unusual to prescribe contraceptives for a year for healthy individuals or prescribe medications for the management of stable chronic conditions. The existing limitations can cause patients to incur additional costs for unnecessary office visits in order to continue receiving the medication.

Section 18.158(a)(5) is amended to add a provision authorizing the PA to receive, sign for and distribute drug samples. This provision will allow the PA to relieve the supervising physician of this duty and allow the PA to dispense samples of medications he is already authorized to dispense.

In addition, proposed § 18.158(a)(6) specifically mentions that the PA who will prescribe controlled substances must register with the Federal Drug Enforcement Administration (DEA). Proposed § 18.158(b)(2) also specifies that space on prescription blanks must be provided for the PA to record his DEA number. This amendment reminds the PA of the requirement to register and serves to bring the PA's practice into conformance with Federal law.

The current regulations do not allow PAs to prescribe or dispense Schedule I or II controlled drugs. Proposed § 18.158(a)(3) calls for allowing them to prescribe or dispense Schedule II controlled drugs for initial therapy up to a 72-hour dose and requires that they notify the supervising physician within 24 hours. It would also allow the PA to write a prescription for a Schedule II controlled drug for up to a 30-day supply if originally ordered and approved for ongoing therapy by the supervising physician. There are many physician and PA specialties that deal with chronic pain management. In specialties such as oncology, surgery, anesthesiology or in the family practice setting, PAs are an integral part of patient care. Managing the patients' pain in these settings often requires the ability to write prescriptions for Schedule II narcotics on both a short and long-term basis. At times, patients may require therapy or need to renew prescriptions when the physician is not immediately available but his PA is available. Also, there are many PAs that work in settings such as emergency rooms, walk-in clinics and industrial clinics. The inability to write a prescription for a Schedule II narcotic impedes the care of the patient in these settings. Allowing for a 72-hour supply of medicine until a physician sees that patient enhances the care rendered by the PA.

Current § 18.158(c)(4)(iii) does not allow PAs to prescribe medications for uses not approved by the FDA. This proposed rulemaking would no longer prohibit this "off-label" prescribing, but instead mandates that the PA follow the supervising physician's instructions and the written agreement. The FDA approves uses of medications for the purpose of marketing by the manufacturer, not for use by physicians. Off-label use may represent the best standard of care. The decision to use a medication for this purpose should be left to the clinician. The best example of an off-label use of a drug is the millions of prescriptions for aspirin after myocardial infarction. Off-label use of drugs is common in areas such as AIDS-related treatment, oncology and pediatrics. In pediatrics, as many as 80% of drugs are administered off-label because manufacturers are understandably reluctant to enroll young children in clinical trials of many drugs.

The amendments to § 18.158 also would delete the prohibition against a PA compounding ingredients when dispensing drugs except for adding water in paragraph (4)(vii). There are several medication mixtures that are commonly used in practice. One is the mixture of Benadryl, viscous Lidocaine and Maalox in the treatment of stomatitis secondary to chemotherapy. Pediatric groups will typically combine decongestants and cough suppressants in other doses than commercially available.

Section 18.161(b) (relating to physician assistant employed by medical care facilities) currently calls for the PA to only be responsible to a maximum of three supervising physicians. The proposed amendment to § 18.161 allows supervising physicians to make that determination by deleting this requirement. Health professional regulations should allow for flexible and creative innovation and appropriate use of all members of the health care workforce. Medical facilities should be allowed some flexibility in staffing and team deployment so long as they maintain proper supervisory arrangements. The current regulation restricts the ability of the PA to serve as house staff in a medical care facility for more than three physicians. This is particularly true in the surgical subspecialty setting. PAs may rotate as frequently as every month to different surgical subspecialties and be responsible to multiple surgeons in the process. The current regulations restrict this ability.

This proposed rulemaking adds § 18.162(b) to address the practice of PAs in emergency situations. The emergency situations addressed are those in a disaster situation and not in the normal course of a medical practice. The additions allow for the use of those licensed in other states to function without the usual requirements for themselves and the physicians working with them.

The amendments to § 18.171 (relating to physician assistant identification) maintain the requirement that a PA wear an identification tag bearing the term "physician assistant" but would modify the requirement for it to be in 16 point or larger type to being an easily readable type. The typeface for 16 point is excessively large, particularly for individuals with lengthy or hyphenated names. Finally, the amendments render the regulations gender neutral.

E. Fiscal Impact and Paperwork Requirements

There is no adverse fiscal impact or paperwork requirement imposed on the Commonwealth, political subdivision or the private sector.

F. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

G. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on October 26, 2005, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. Instructions
Property Tax Relief
Application for Homestead & Farmstead Exclusions

The Homeowner Tax Relief Act, Act 72 of 2004, was signed into law by Governor Rendell on July 5, 2004, to allow school districts to reduce property taxes by lowering your property tax bill; the legal term for this is a "homestead or farmstead exclusion." Under a homestead or farmstead property tax exclusion, the assessed value of each homestead or farmstead is reduced by the same amount before the property tax is computed. Initial property tax reductions will probably not take effect until July 1, 2007. You are not guaranteed a homestead or farmstead exclusion unless the Legislature acts to revise Act 72 or enacts another measure to distribute funds for property tax relief.

To receive school property tax relief for tax years beginning July 1 or January 1, this form must be filed by the preceding March 1. Your school district is required to notify you by December 31 of each year if your property is not approved for the homestead or farmstead exclusion or if your approval is due to expire.

BASIC INFORMATION

1. Fill in your name and the name of other owners, such as a co-owner of the property. The application must be signed by an owner for whom the property is his or her primary residence. If the property has more than one owner, signatures of additional owners are not required.
2. Fill in the address of the property for which you are seeking an exclusion.
3. Fill in your municipality. If you are not sure what your municipality is, contact your local tax collector or county assessment office (___-___-___).
4. Fill in your school district. If you are not sure what your school district is, contact your local tax collector or county assessment office (___-___-___).
5. If your mailing address differs from the address of the property for which you are seeking a homestead exclusion, fill in your mailing address.
6. List phone numbers where you can be reached during the day, and the evening, if you are unavailable during the day.

HOMESTEAD INFORMATION

7. Only a primary residence of an owner of the property may receive the homestead exclusion. This is where you intend to reside permanently until you move to another home. You may be asked to provide proof that this property is your primary residence, such as your driver's license, your voter registration card, your personal income tax form or your local earned income tax form.
8. Do you have another residence which you claim as your primary residence? For instance, do you claim another state as your primary residence, or another county in Pennsylvania? The homestead exclusion can only be claimed once, for a place of primary residence. You may not claim this property as your primary residence if you claim another property as a primary residence or if you receive a homestead tax abatement or other homestead benefit from any other county or state.
9. If you live in a unit of a cooperative and you pay all or a portion of your real property taxes jointly through a management agent or association, rather than paying your taxes separately from other units, check yes. If you answered yes, please indicate your proportionate share of ownership. You may be asked to provide a contact to confirm this information.
10. Check yes if the property for which you are seeking a homestead exclusion is used for other purposes, such as a business or rental property. For example, do you claim part of your home as a home office or deduct expenses for the business use of your home on your state or federal tax? If you answered yes, please indicate what percentage of the property is used as business or rental property.
11. If known, fill in the parcel number of the property for which you are seeking a homestead exclusion. You can find the parcel number on your real property tax bill. If you do not have a real property tax bill, call your local tax collector or county assessment office (___-___-___).

FARMSTEAD INFORMATION

(Only applicable to buildings and structures used for commercial agricultural production.)

Only complete this section (questions 13, 14 a, b, and c, and 15) if you are applying for a farmstead exclusion. If you answer yes to questions 13 a, b and c, you may be asked to provide proof that the buildings and structures are used for commercial agricultural activity, such as the net income or loss schedule from your state or federal income tax forms.

- 12. Only buildings and structures on farms which are at least ten contiguous acres in area and used as the primary residence of an owner are eligible for a farmstead exclusion. Land is not eligible for the farmstead exclusion. If your property includes at least ten contiguous acres of farm land, check yes.
- 13. Check yes if the buildings or structures are used primarily to:
 - a. Produce or store farm products produced on the farm for the purpose of commercial agricultural production.
 - b. House animals raised or maintained on the farm for the purpose of commercial agricultural production.
 - c. Store agricultural supplies or machinery and equipment used on the farm in commercial agricultural production.
- 14. Check yes if any farm buildings or structures receive an abatement of property tax under any other law.

Change in Use

If your property is approved as homestead or farmstead property and the use changes so that the property no longer qualifies for the homestead or farmstead exclusion, you must notify the assessor within 45 days of the change in use. If the use of your property changes and you are not sure if it still qualifies for the homestead or farmstead exclusion, you should contact the assessor.

False or Fraudulent Applications

The assessor may select, randomly or otherwise, applications to review for false or fraudulent information. Any person who files an application that contains false information, or who does not notify the assessor of a change in use which no longer qualifies as homestead or farmstead property, will:

- Be required to pay the taxes which would have been due but for the false application, plus interest.
- Be required to pay a penalty equal to 10% of the unpaid taxes.
- If convicted of filing a false application, be guilty of a misdemeanor of the third degree and be sentenced to pay a fine not exceeding \$2,500.

This application must be signed by an owner for whom this property is his or her primary residence. If the property has more than one owner, signatures of additional owners are not required. By signing this application, the applicant is affirming or swearing that all information contained in the application is true and correct.

Applications must be filed on or before March 1st of each year. Please return to:

For Questions on the Homestead or Farmstead Exclusion, please contact your local tax collector or the _____ County Assessment office at ____-____-____, office hours _____ to _____, Monday through Friday.

The proposed NPDES amendment will contain one outfall for treated (advanced secondary, with nutrient removal) sewage, and one outfall combined sewage overflow (primary treatment, plus disinfection) when necessary. The combined sewage overflow was previously untreated. The amendment also proposes an increase of flow capacity from 0.525 mgd to 1.0 mgd, and biological nutrient removal. There will be no change to the existing limits at the facility prior to the plant upgrades.

Discharge Parameters for Outfall 001 at 1.0 mgd annual average design flow (up to 3.7 mgd wet weather flow), following the treatment plant upgrades will be as follows:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any

contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

On September 30, 2005, the Pottstown Landfill ceased acceptance of waste. The landfill still generates landfill gas that requires collection, capture and control of the landfill gas including VOCs. The amendment allows 5,046 standard cubic feet per minute (SCFM) of landfill gas flow from the Eastern Expansion to the pipeline and the Eastern Expansion flare, on a combined basis. The amendment also allows a maximum of 2,254 SCFM of landfill gas, at 35% methane content, to be used at each of the turbines. year. The proposed emission increase will subject the facility to the major New Source Review requirements of 25 Pa Code, Chapter 127, Subchapter E, which requires the purchase of Emission Reduction Credits (ERCs). Based on the information provided by the applicant, and Departmental analysis, RR Donnelley & Sons will be required to purchase a minimum of 63.0 tons of ERCs prior to commencing operation of the new press and oxidizer.

S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.

E46-984. Department of Transportation, 7000 Geerdes Boulevard, King of Prussia, PA 19406, East Norriton, Whitpain, Upper and Lower Gwynedd Townships, Montgomery and Upper Dublin Townships, ACOE Philadelphia District.

This application is part of an overall project to reconstruct, rehabilitate and maintain an approximately 8.4-mile segment of the SR 202 (SR 0202, Section 600). This project has been divided into four design/construction sections (65S, 61N, 61S and 65N). The limit for the entire project is between Johnson Highway in Norristown Borough (Lansdale, PA USGS Quadrangle N: 0.75 inch; W: 10.50 inches) and Bethlehem Pike (SR 0309) in Montgomery Township (Ambler, PA USGS Quadrangle N: 20.00 inches; W: 16.00 inches) and traverses through East Norriton, Whitpain, Lower Gwynedd and Upper Gwynedd Townships in **Montgomery County**. The project proposes to directly impact a total of approximately 0.37 acre of wetland. The construction of a total of 0.72 acre of wetland replacement is proposed in mitigation areas at the Wissahickon Creek site in Lower

Gwynedd Township, and at the Prophecy Creek site in Upper Dublin Township, which will compensate for the permanent wetland impact.

This permit is for Section 65S and is the first submission for the SR 0202—Section 600 reconstruction project. The limit of work extends between Morris Road (Lansdale, PA USGS Quadrangle N: 10.5 inches; W: 3.50 inches) in Lower Gwynedd Township and Hancock Road (Lansdale, PA USGS Quadrangle N: 15.87 inches; W: 0.25 inch) in Upper Gwynedd Township.

The reconstruction and rehabilitation work in Section 65S includes the following water obstruction and encroachment activities:

1. To place fill and impact 0.07 acre of isolated wetland (PFO) at Station 719+00 referred to as wetland No. 5.
2. To place fill and impact 0.03 acre of isolated wetland (PSS) at Station 722+00 referred to as wetland No. 6.
3. To remove an existing two span arch bridge structure which conveys Wissahickon Creek (TSF) and to construct and maintain, in its place, a 73-foot wide single span prestressed concrete bridge impacting 0.27 acre of wetland (PFO, POW) at approximately Station 636+50 referred to as wetland No. 10 associated with widening of SR 0202. The minimum underclearance of the proposed bridge will be approximately 10 feet. This work also includes the construction and maintenance of a temporary cofferdam.
4. To relocate 93 linear feet of Dekalb Run (TSF) at Station 656+00 on the upstream side associated with the stream alignment improvement. The proposed stream length will be approximately 65 linear feet. This work includes reconstruction of the headwall for the 6-foot span by 4-foot rise concrete box culvert, placement of rock apron at the existing culvert and construction and maintenance of a temporary stream crossing.
5. To replace and extend an existing 36-inch RCP with a 30-inch RCP, which conveys a UNT to Wissahickon Creek (TSF) at Station 620+00. The proposed pipe and associated rock apron will extend on the downstream side approximately 56 linear feet from the existing pipe outlet structure.
6. PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S.

§§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the

Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101-6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of

submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and in-

clude a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

In any such future proceeding, the Department shall retain its right to raise defenses thereto, however, the Department specifically agrees it will not, on the basis of this dismissal, raise defenses of administrative finality, res judicata, or collateral estoppel as a bar to the adjudication of any and all issues raised in this appeal, which have been preserved by the terms of

the Stipulation of Settlement. The Department further agrees that it will support Appellants in the assertion of the position that the issues raised in this appeal are preserved, in response to any claims to the contrary that may be raised by a third party in any subsequent proceeding before the Environmental Hearing Board (Board) and/or any subsequent proceeding in any other tribunal where the Department is a party.

The parties requested that 30 days after this notice is published in the *Pennsylvania Bulletin* the Board incorporate the parties' Stipulation of Settlement into an order dismissing the appeal without prejudice and subject to the Stipulation of Settlement. Copies of the full Stipulation of Settlement are in the hands of Martha E. On October 21, 2004, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Labor and Industry (Department). Inter-County Health Plan, Inc.; Application for Approval of Revised Rates for Its 65-Select (Health) Plans; Rate Filing

An error occurred in a notice that appeared at 35 Pa.B. 5436 (October 1, 2005). The requested rate adjustment percentages were correct but the company applied these percentages to the 2004 rates rather than the approved 2005 rates, resulting in requested rates that did not reflect the company's intended 2006 rate level. The corrected information is as follows:

Inter-County Health Plan, Inc. has filed filing no. MG Health 0905 for approval increased rates for its community-rated 65-Select program. The revised rates are to be effective on January 1, 2006, and reflect an average increase of 21.0% over the currently approved rates. The monthly premiums for subscribers enrolling at first eligibility are as follows:

	<i>Current Rate</i>	<i>Proposed Rate</i>	<i>Adjustment Percentage</i>
Plan A	\$59.80	\$73.80	23.4%
Plan B	\$62.25	\$76.80	23.4%
Plan C	\$71.15	\$85.45	20.1%
Plan D	\$64.60	\$79.70	23.4%
Plan E	\$62.25	\$76.80	23.4%
Plan H	\$76.40	\$94.25	23.4%

These rate adjustments will affect approximately 3,200 subscribers in this Commonwealth and will generate approximately \$624,000 in additional premium annually.

Unless formal administrative action is taken prior to January 3, 2006, the subject filing may be deemed approved by operation of law.

Inter-County Hospitalization Plan, Inc.; Application for Approval of Revised Rates for Its 65-Select (Hospital) Plans; Rate Filing

An error occurred in a notice that appeared at 35 Pa.B. 5436 (October 1, 2005). The requested rate adjustment percentages were correct but the company applied these percentages to the 2004 rates rather than the approved 2005 rates, resulting in requested rates that did not reflect the company's intended 2006 rate level. The corrected information is as follows:

Inter-County Hospitalization Plan, Inc. has filed filing no. MG Hospital 0905 for approval of increased rates for its community-rated 65-Select program. The revised rates are to be effective on January 1, 2006, and reflect an average increase of 21.3% over the currently approved rates. The monthly premiums for subscribers enrolling at first eligibility are as follows:

	<i>Current Rate</i>	<i>Proposed Rate</i>	<i>Adjustment Percentage</i>
Plan A	\$41.05	\$54.15	31.9%
Plan B	\$60.45	\$81.90	35.4%
Plan C	\$77.45	\$93.35	20.6%
Plan D	\$77.90	\$93.80	20.4%
Plan E	\$82.15	\$99.00	20.5%
Plan H	\$168.50	\$190.05	12.8%

These rate adjustments will affect approximately 3,200 subscribers in this Commonwealth and will generate approximately \$720,000 in additional premium annually.

Effective January 1, 2006, subscribers will have the option of enrolling in Medicare Part D. Subscribers under Plan H who enroll in Medicare Part D will no longer receive prescription drug benefits under their Plan H coverage; the company proposes in this filing a 52.1% reduction in premiums for Plan H subscribers whose prescription drug coverage is eliminated from their plan benefits. The proposed Plan H first eligibility rates with and without prescription drug coverage are as follows:

	<i>Proposed Rate With Rx</i>	<i>Proposed Rate Without Rx</i>	<i>Adjustment Percentage</i>
Plan H	\$190.05	\$91.00	-52.1%

Unless formal administrative action is taken prior to January 3, 2006, the subject filing may be deemed approved by operation of law.
