READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Local Rule L.1915—Civil Custody, Partial Custody and Visitation

A. Claims for Custody—Whenever a Divorce Complaint containing a count for custody, a Custody Complaint or a Petition for Modification is filed, it shall contain a Cover Sheet, essentially in the attached format. The Prothonotary shall submit the Cover Sheet to the Court Administrator. Pursuant to the provisions of 23 Pa.C.S.A. § 3902(a), an additional twenty dollar (\$20) filing fee is hereby imposed on Custody Complaints and Divorce Complaints containing a count for custody. After the filing of any of the above pleadings, each of the parties shall be ordered to attend the “Kids First” Program, or other similar program approved by the Court, cost to be borne by the parties. Failure by a party to comply with an Order of Court directing attendance at one of the programs, as set forth above, will result in the initiation of contempt proceedings against said party.

B. Upon the filing of a Divorce Complaint containing a count for custody, a Custody Complaint, or a Petition for Modification of Custody, the parties shall be Ordered to attend an orientation session relative to resolving the dispute through a mediation process, pursuant to the provisions of Pa.R.C.P. § 1940.3 and 23 Pa.C.S.A. § 3901(b). No orientation session shall take place if a party or a child of either party is or has been the subject of domestic violence or child abuse either during the pendency of the action or within twenty-four (24) months preceding the filing of the action, pursuant to Pa.R.C.P. § 1940.3(b), which shall be determined by the domestic violence answers on the Cover Sheet.

C. For internal control and monitoring, all motions and petitions in custody actions shall be filed with the Prothonotary, for submission to the Court Administrator. Motions requiring immediate action shall be brought directly to the Court Administrator.

D. The Mediator shall encourage and supervise the formulation of settlement agreements between the parties. In the event the parties agree to mediation, each party shall bear the cost equally, in accordance with procedures established by the Court. The mediation shall be conducted in accordance with the provisions of Pa.R.C.P. § 1940.1—1940.8.

E. In the event the parties reach an agreement, the Mediator shall, within fourteen (14) days, prepare a Memorandum of Understanding (MOU), pursuant to the provisions of Pa.R.C.P. § 1940(b). The Mediator shall then provide the parties, and/or their attorneys, the opportunity to meet with the Mediator to finalize the

terms of the Memorandum of Understanding. In the event the parties, and/or their attorneys, agree that the MOU can be submitted to the Court, the Mediator will do so and an Order approving the MOU will be entered. In the event the parties, and/or their attorneys, desire to prepare a more formal Settlement Agreement, it must be submitted to the Mediator, signed by each of the parties, within fourteen (14) days of the final mediation session with the parties, and/or their attorney. The Mediator shall then submit the Settlement Agreement to the Court with a recommendation. If a Settlement Agreement is not submitted within fourteen (14) days as aforesaid, and neither of the parties, and/or their attorneys, have objected to the terms of the MOU, said MOU will be submitted by the Mediator to the Court, with a recommendation that it be approved and made an Order of the Court.

In the event the parties, and/or their attorneys, before holding the final mediation session as set forth above, either submit a signed Settlement Agreement, or agree to the terms of the MOU, and agree that it can be submitted to the Court for approval, then the Mediator shall determine whether or not a final mediation session need be held.

F. In the event no agreement is reached at the mediation, the Court shall appoint a Hearing Officer to conduct a hearing, which shall be recorded. The Hearing Officer shall file a Report and Recommendation and proposed Order with fifteen (15) days upon which the trial is concluded, unless extended by Court Order, for good cause shown. The Hearing Officer shall send a copy of the Report and Recommendation and proposed Order to each party or their counsel. If no Exceptions are filed within ten (10) days of the filing of the report, the Prothonotary shall transmit the file for Court approval.

G. Exceptions to the Hearing Officer’s Report and Recommendation, and proposed Order, shall be in writing, and shall be filed with the Prothonotary, within ten (10) days of the date of the Hearing Officer’s Report. Upon the filing of Exceptions, the Prothonotary shall schedule the matter for argument on the next available argument date. A copy of the Exceptions shall be delivered to the Hearing Officer, and opposing counsel. All costs associated with the filing of Exceptions, including transcription costs, shall be borne by the party filing same.

H. Upon certification from the Hearing Officer that the matter relates to Primary Custody and is outside the Hearing Officer’s authority, pursuant to Pennsylvania Rule of Civil Procedure 1915.4-1A, a status conference in preparation for a De Novo Custody Trial, shall be scheduled before the Trial Judge within sixty (60) days of the receipt of the Hearing Officer’s Report and Recommendation.

A Status Conference/Pre-Trial Memo, in the attached format, shall be submitted by each party to the Trial Judge, and opposing counsel, at least five (5) days prior to a scheduled status conference. The Status Conference Memo shall be for the exclusive use of the Trial Judge, and shall not be made part of the record.

RULES AND REGULATIONS

Title 12—COMMERCE, TRADE AND LOCAL GOVERNMENT

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

[12 PA. CODE CH. 143]

Manufactured Housing

The Department of Community and Economic Development (Department), under the authority of section 6 of the Manufactured Housing Construction and Safety Standards Authorization Act (act) (35 P. S. § 1656.6), amends Chapter 143 (relating to manufactured housing). The purpose of this final-form rulemaking is to establish fees charged to manufacturers and retailers to cover the costs of extraordinary/follow-up monitoring and inspections incurred by the Department beyond those covered by fees authorized by the United States Department of Housing and Urban Development (HUD) and to update the existing regulations with the term "housing standards division."

Introduction

Under the act, HUD funds the Department with a monitoring inspection fee in an amount authorized by HUD under the Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C.A. §§ 5401—5424). When the Department is required to perform additional monitoring because the manufacturer or retailer fails to take appropriate corrective measures, the funds received from HUD are insufficient to cover the costs of the same. Under section 6 of the act, this final-form rulemaking establishes fees to cover the costs of extraordinary/follow-up monitoring beyond that which is presently funded.

The Department received comments from the Independent Regulatory Review Commission (IRRC), voicing two concerns. Both concerns involved new § 143.15 (relating to fees), which allows the Department to charge manufacturers or retailers fees to cover the costs of extraordinary/follow-up monitoring and inspection incurred by the Department beyond those covered by fees authorized by HUD. The first concern involved a perceived failure on the part of the Department to clarify which of the included daily or hourly fees the manufacturer or retailer would be charged for "follow-up inspection or monitoring services" and "administrative services associated with follow-up inspection or monitoring services." In response to this concern, the Department has added the language suggested by the Commission, "whichever is less," to the fees under both categories. The second concern involved the addition of a cross reference to when the manufacturer or retailer can find the current rates for "travel and per diem expenses." In response, the Department added the language that the manufacturer or retailer may contact the Department for this information, since no cross reference was located.

Analysis

Sections 143.4, 143.12 and 143.13 (relating to responsibility of the Department; consumer complaints; and investigations) are amended to delete the term "division of

manufactured housing" and replace it with the updated term "housing standards division."

Section 143.14 (relating to hearing) is amended to delete the word "held."

New § 143.15 allows the Department to charge manufacturers or retailers fees to cover the costs of extraordinary/follow-up monitoring and inspection incurred by the Department beyond those covered by fees authorized by HUD.

Fiscal Impact

Commonwealth. The additional fees allowed under this final-form rulemaking will enable the Department to recover the costs associated with extraordinary/follow-up monitoring when it is determined that either a manufactured home manufacturer or retailer fails to remediate failures to comply with applicable standards or regulations.

Political subdivisions. There will be no fiscal impact on political subdivisions.

Public. Only manufacturers and retailers of manufactured homes that fail to take corrective steps after they have been informed of failures to comply with applicable standards or regulations will incur the additional fees allowed under this final-form rulemaking.

Paperwork

The final-form rulemaking will not change existing paperwork requirements.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 23, 2006, the Department submitted a copy of the notice of proposed rulemaking, published at 36 Pa.B. 559 (February 4, 2006), to IRRC and the Chairperson of the House Commerce Committee, and the Chairperson of the Senate Community and Economic Development Committee for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on August 9, 2006, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on August 10, 2006, and approved the final-form rulemaking.

Effective Date/Sunset Date

This final-form rulemaking will become effective November 8, 2006. The regulations will be monitored on an annual basis and updated as needed.

Contact Person

For an explanation of this final-form rulemaking, contact Lisa Maiorana, Assistant Counsel, Office of Chief Counsel, Department of Community and Economic Development, Commonwealth Keystone Building, 4th Floor, 400 North Street, Harrisburg, PA 17120, (717) 720-7330.

Findings

The Department finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The final-form rulemaking is necessary and appropriate.

Order

The Department, acting under the authorizing statute, orders that:

(a) The regulations of Department, 12 Pa. Code Chapter 143, are amended by amending §§ 143.4 and 143.12—143.14 to read as set forth at 36 Pa.B. 559 and by adding § 143.15 to read as set forth in Annex A.

(b) The Department shall submit this order, 36 Pa.B. 559 and Annex A to the Office of Attorney General and the Office of General Counsel for approval as to legality as required by law.

(c) The Secretary shall certify this order, 36 Pa.B. 559 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect November 8, 2006.

DENNIS YABLONSKY,
Secretary

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 69]

Fishing in Lake Erie and Boundary Lakes

The Fish and Boat Commission (Commission) proposes to amend Chapter 69 (relating to fishing in Lake Erie and boundary lakes). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code).

A. Effective Date

The proposed rulemaking, if approved on final-form, will go into effect upon publication in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the proposed rulemaking, contact Jason E. Oyler, Esq., P. O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's website at www.fish.state.pa.us.

C. Statutory Authority

The proposed amendment to § 69.21 is published under the statutory authority of section 2903 of the code (relating to boat and net licenses for boundary lakes).

D. Purpose and Background

The proposed rulemaking is designed to update, modify and improve the Commission's regulations regarding the use and number of seine nets for fishing on Lake Erie. The specific purpose of the proposed amendment is described in more detail under the summary of proposal.

E. Summary of the Proposal

The Commission received a request to increase the authorized number of seine licenses issued under § 69.21 from individuals interested in obtaining a license but finding that none are available due to past licensees holding them. Staff from the Commission's Bureau of Fisheries and Bureau of Law Enforcement reviewed the request and agree that an increase in seine licenses to a total of 15 will support the fishery interests on Lake Erie. They also agree that a maximum of two licenses per individual is appropriate.

The Commission therefore proposes to increase the number of available seine licenses from 10 to 15 and to limit the number of licenses that an individual may hold to 2, provided that the individual who currently possesses three seine licenses be grandfathered in the future. Accordingly, the Commission proposes to amend § 69.21 to read as set forth in Annex A.

F. Paperwork

The proposed rulemaking will create no new paperwork requirements because the Commission's current regulations allow for seine licenses. Paperwork may increase slightly because the Commission will issue five additional seine licenses.

G. Fiscal Impact

The proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed rulemaking will impose no new costs on the

private sector or the general public. The current fees for seine licenses in section 2903 of the code will remain unchanged.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed rulemaking to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 within 30 days after publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.state.pa.us/Fish/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CH. 481]

Diversity

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(14) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 1212 and 1325(b) and (c) (relating to diversity goals of board; and license or permit issuance), proposes to adopt Chapter 481 (relating to diversity) to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

Under the authority granted to the Board under 4 Pa.C.S. § 1203 (relating to temporary regulations), the Board initially adopted temporary regulations in Chapter 481 at 35 Pa.B. 4045 (June 16, 2005). Under 4 Pa.C.S. Part II (relating to gaming), the temporary regulations expire on July 5, 2007.

The Board is proposing to replace the temporary regulations with the permanent regulations in this proposed rulemaking.

Explanation of Chapter 481

This chapter contains diversity participation and reporting provisions that apply to entities that are licensed or certified by the Board. These regulations encompass both contracting with and employment at the entities.

Amendments to the temporary regulations in this proposed rulemaking include a large number of editorial changes that improve the clarity of the language in the temporary regulations. In § 481.2 (relating to definitions), registered vendors has been deleted from the list of entities that are subject to the diversity participation and reporting requirements. Temporary § 481.3(a) (relating to diversity participation) has been deleted to eliminate duplication of efforts by the Board and the Department of General Services in posting a list of certified minority and women's business enterprises. In § 481.5 (relating to report of participation), subsection (b) has been added to require slot machine, manufacturer and supplier licensees to produce quarterly reports in addition to annual reports. Subsection (c) has been added to allow management companies to file a consolidated report with the slot machine licensee with whom they have a management contract to prevent a duplication of efforts on behalf of the licensed facility and the management company. Temporary § 481.4(c) (relating to establishment of diversity plan required) has been relocated to § 481.6 (relating to diversity audits).

Affected Parties

This proposed rulemaking imposes requirements on entities that are licensed or certified by the Board.

Fiscal Impact

Under 4 Pa.C.S. §§ 1401 and 1402 (relating to slot machine licensee deposits; and gross terminal revenue deductions), the costs and expenses of the Board, the Pennsylvania State Police, the Office of Attorney General and the Department of Revenue incurred in carrying out the responsibilities imposed by 4 Pa.C.S. Part II will be recovered from the slot machine licensees. Accordingly, the costs identified will be borne by the slot machine licensees, not the General Fund.

Commonwealth

This proposed rulemaking will have no significant fiscal impact on the Commonwealth.

Political Subdivisions

This proposed rulemaking will have no significant fiscal impact on political subdivisions of the Commonwealth.

Private Sector

Licensed or certified entities will experience some costs to comply with the diversity participation reporting requirements.

General Public

This proposed rulemaking will have no fiscal impact on the general public.

Paperwork Requirements

This proposed rulemaking does not impose new reporting or paperwork requirements on the affected parties under the Board's jurisdiction. This proposed rulemaking clarifies the type of information that should be contained in the report that is currently required to be submitted to the Board.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

[58 PA. CODE CHS. 401, 403, 405 AND 407]

General and Operative Provisions; Board Procedures

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(14) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 1202(a) and 4 Pa.C.S. §§ 1201(f) and (b)(17) and 1206 (relating to Pennsylvania Gaming Control Board established; and board minutes and records), proposes to adopt Chapters 401, 403, 405 and 407 to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

Under the authority granted to the Board under 4 Pa.C.S. § 1203 (relating to temporary regulations), the Board initially adopted temporary regulations in Chapters 401, 403 and 407 (relating to preliminary provisions; Board operations and organization; and public access to Board files) at 35 Pa.B. 4045 (June 16, 2005) and temporary regulations in Chapter 405 (relating to Bureau of Investigations and Enforcement) at 35 Pa.B. 6407 (September 28, 2005). Under 4 Pa.C.S. Part II (relating to gaming), the temporary regulations expire on July 5, 2007.

The Board is proposing to replace the temporary regulations with the permanent regulations in this proposed rulemaking.

Explanation of Chapters 401, 403, 405 and 407

Chapter 401 contains preliminary provisions which address the purpose of the Board's regulations, the scope of the regulations, construction, definitions of terms and the Board's jurisdiction.

Amendments to the temporary regulations in this proposed rulemaking include a large number of editorial changes intended to improve the clarity of the language in the temporary regulations. Temporary § 401.2 has been deleted because it is not necessary. A number of definitions in § 401.3 (relating to definitions) have been amended to improve clarity and remove substantive provisions. Additionally, several definitions have been deleted because the terms are not used in this subpart or they will be moved to the definition section of a specific subpart or chapter.

Chapter 403 addresses areas of Board operations including participation in, voting at and the conduct of Board meetings, the Board's hours of operation and requests for information.

The Board has made a number of amendments to the temporary regulations to more closely reflect the statutory requirements on voting and to more accurately reflect the practices of the Board based on its operating experience.

Chapter 405 outlines the general duties and powers of the Bureau of Investigations and Enforcement (Bureau), responsibilities of applicants and those regulated by the Board to provide information to the Bureau, the powers, duties and role of the Office of Enforcement Counsel and conduct during enforcement proceedings.

Amendments to the temporary regulations in this proposed rulemaking add clarifying language to a number of sections and delete provisions that deal with Board internal procedures.

Chapter 407 specifies how the Board's record files are organized and how requests for access to material in these files will be processed. It also requires that the minutes of Board meetings and annual reports be available for public inspection and copying.

Several editorial changes were made to the temporary regulations, including clarification of how Board files are organized, how the public may review and obtain copies of the Board's minutes and annual reports and how confidential material is treated. Many of the provisions that were included in the definition of "confidential information" have been moved to this chapter.

Affected Parties

This proposed rulemaking imposes requirements on the Board and to a limited extent applicants for and holders of a license, permit, registration or certification.

Fiscal Impact

Under 4 Pa.C.S. §§ 1401 and 1402 (relating to slot machine licensee deposits; and gross terminal revenue deductions), the costs and expenses of the Board, the Pennsylvania State Police, the Office of Attorney General and the Department of Revenue incurred in carrying out the responsibilities imposed by 4 Pa.C.S. Part II will be recovered from the slot machine licensees. Accordingly, the costs identified will be borne by the slot machine licensees, not the General Fund.

Commonwealth

The Pennsylvania State Police, the Office of Attorney General, the Department of Revenue or other executive agencies may experience some cost to comply with requests for information and documents from the Bureau.

They also reflect the Board requirement for preparation of verbatim transcripts of its public meetings and the duties and powers of the Bureau and Office of Enforcement Counsel.

Political Subdivisions

This proposed rulemaking will have no significant fiscal impact on political subdivisions of the Commonwealth. Local law enforcement agencies may experience some costs to comply with requests for information and documents from the Bureau.

Private Sector

Applicants for or holders of a license, permit, registration or certification will experience some costs to comply with requests for information and documents from the Bureau.

General Public

Other than requiring payment of fees for copying costs, this proposed rulemaking will have no fiscal impact on the general public.

Paperwork Requirements

This proposed rulemaking does not impose new reporting or paperwork requirements on the Board or affected parties under the Board's jurisdiction. This proposed rulemaking does clarify how the Board will maintain formal records and how individuals can request access to these records.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

(g) The Bureau will cause the temporary emergency order and the request for a temporary emergency order required by subsection (d) to be served upon the person named in the temporary emergency order. Service required by this subsection will be made as expeditiously as practicable following the issuance of the order and the request. Service will be made in the manner prescribed by § 491.3 (relating to service by the Board).

(h) Within 72 hours of the filing a request for an informal hearing with the Board, an informal hearing before the Executive Director will be held at the Board headquarters.

(3) The Executive Director or a designee may require that witnesses testify under oath. All relevant evidence is admissible. The Executive Director or a designee may question witnesses.

(4) The licensee may make a concluding argument as to why the temporary emergency order should be dissolved or modified.

(5) Upon receiving all evidence presented by the person named in the order and hearing the person's final argument, the Executive Director or a designee will render a decision as to whether or not the temporary emergency order will continue, be modified or dissolved. Unless the Executive Director dissolves the temporary emergency order, the matter will be scheduled for a hearing before the Board as provided in subsection (k).

(k) Once a temporary emergency order has been issued under this section, unless it has been subsequently dissolved by the Executive Director, the temporary emergency order will be presented to the Board at its next meeting or within 10 business days, whichever is longer at which time the Board may do one of the following:

(1) Conduct a hearing to determine the validity of the issuance of the order.

(2) Refer the matter to the Office of Hearings and Appeals under § 492.6 (relating to hearings generally) and direct that a hearing be conducted by a hearing officer and a report submitted to the Board.

issuance of the temporary emergency order, that dissolution of the temporary emergency order would pose an immediate threat to the public health, safety or welfare, or the public's interest in the effective regulation of gaming demands the action, it may adopt a resolution ratifying or modifying the temporary emergency order.

(2) If the Board finds that there is insufficient cause to continue the temporary emergency order, it may adopt a resolution dissolving the emergency order and the privileges of the person named in the order will be reinstated.

(3) If the Board finds that further hearing is necessary, it may refer the matter to the Office of Hearings and Appeals for additional presentation of evidence and testimony of witnesses. If the matter is referred to the Office of Hearings and Appeals, the temporary emergency order will remain in effect, with or without modification as the Board deems appropriate.

(n) If the Board adopts a resolution, the resolution may establish the length of term for the order by establishing an expiration date, dependent on the completion of specified remedial actions or dependent on the filing of, or final resolution of, a complaint alleging the person violated a provision of the act or this part. If the expiration date is dependent upon specific remedial actions, the Board will provide a detailed description of the remedies in the resolution and will establish procedures whereby the person can demonstrate that it has complied with the required remedies.

(o) Any resolution adopted is a final order of the Board for purposes of appeal.

(p) Resolutions ratifying or dissolving temporary emergency orders adopted by the Board under this section will have no effect upon the power and duty of the Office of Enforcement Counsel to initiate, in its sole discretion, proceedings for violations of the act or this part or upon the outcome of any proceeding so initiated.

(q) Copies of the Board's final order will be served on the person named in the order by certified or overnight express mail, postage prepaid; or by personal delivery in accordance with § 491.3.

[58 PA. CODE CHS. 451 AND 471] Recordkeeping and Fees

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(14) and the specific authority in 4 Pa.C.S. §§ 1207(3), 1208, 1209(d), 1308 and 1322, proposes to adopt Chapters 451 and 471 (relating to recordkeeping requirements; and filing fees) to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

Under the authority granted to the Board under 4 Pa.C.S. § 1203 (relating to temporary regulations), the Board initially adopted temporary regulations in Chapters 451 and 471 at 35 Pa.B. 4045 (June 16, 2005). Under 4 Pa.C.S. Part II (relating to gaming), the temporary regulations expire on July 5, 2007.

The Board is proposing to replace the temporary regulations with the permanent regulations in this proposed rulemaking.

Explanation of Chapters 451 and 471

Chapter 451 contains general provisions that address the recordkeeping requirements for manufacturer, supplier, junket enterprise, management company and slot machine licensees and registered and certified vendors.

Amendments to the temporary regulations in this proposed rulemaking include a large number of editorial changes intended to improve the clarity of the language in the temporary regulations. The proposed rulemaking also expands the applicability of the provisions to include other regulated entities that were not originally covered when the temporary regulations were promulgated.

Chapter 471 addresses the applicants' obligation to pay fees required by the Board, the method of payment, the nature of the fees and the publication of a fee schedule by the Board.

Amendments to the temporary regulations in this proposed rulemaking are primarily editorial and are in-

tended to improve the clarity of the regulations. The proposed rulemaking also expands the applicability of the temporary regulations to include other regulated entities that were not covered in the temporary regulations. Some of the language in § 471.3 (relating to adjustment of fees) has been moved to § 471.1 (relating to fees generally) for clarity purposes. Temporary § 471.2 has been deleted as it is duplicative of other provisions.

Affected Parties

This proposed rulemaking imposes requirements on applicants for and holders of a license, permit, registration or certification.

Fiscal Impact

Under 4 Pa.C.S. §§ 1401 and 1402 (relating to slot machine licensee deposits; and gross terminal revenue deductions), the costs and expenses of the Board, the Pennsylvania State Police, the Office of Attorney General and the Department of Revenue incurred in carrying out the responsibilities imposed by 4 Pa.C.S. Part II will be recovered from the slot machine licensees. Accordingly, the costs identified will be borne by the slot machine licensees, not the General Fund.

Commonwealth

This proposed rulemaking will have no significant fiscal impact on the Commonwealth.

Political Subdivisions

This proposed rulemaking will have no significant fiscal impact on political subdivisions of the Commonwealth.

Private Sector

Applicants for or holders of a license, permit, registration or certification will experience costs associated with the payment of fees for applications and other documents submitted to the Board for which a filing fee is required. These entities and individuals will also experience costs as a result of the cost of the investigations by the Bureau of Investigations and Enforcement. Applicants for or holders of a license, registration or certification may also experience some increased costs to comply with the document retention and storage requirements.

General Public

This proposed rulemaking will have no fiscal impact on the general public.

Paperwork Requirements

This proposed rulemaking does not impose new reporting or paperwork requirements on the Board or affected parties under the Board's jurisdiction. This proposed rulemaking clarifies how the applicants and holders of licenses, registrations and certifications must maintain certain records.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking within 30 days after the date of publication in the *Pennsylvania Bulletin* to Paul Resch, Secretary, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060, Attention: Public Comment on Regulation #125-46.

The contact persons for questions about this proposed rulemaking are Richard Sandusky, Director of Regulatory Review, (717) 214-8111, and Michelle Afragola, Deputy Director of Regulatory Review, (610) 943-1338.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 28, 2006, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Tourism and Recreational Development Committee and the Senate Committee on Rules and Executive Nominations. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Pequea Creek TMDL, originally approved by USEPA in April 2001, has been revised to reflect observed water quality data showing phosphorus as the limiting nutrient. Nitrogen was addressed in the original TMDL based on inconclusive limiting nutrient model results; however, measured water quality was deemed to be more reflective of actual conditions.

The data and all supporting documentation used to develop the revised TMDLs are available from the Department. To request a copy of the revised TMDL, contact Bill Brown, Chief, TMDL Development Section, Watershed Protection Division, Department of Environmental Protection, P. O. Box 8555, Harrisburg, PA 17105-8555, (717) 783-2951, Willbrown@state.pa.us

The TMDLs can be accessed through the Department of Environmental Protection's (Department) website www.dep.state.pa.us by clicking on the Water Topics Link, then the TMDL link. Please note that attachments and appendices must be requested through paper mail. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) and request that the call be relayed.

Written and e-mail comments will be accepted at the addresses and must be received within 30 days from the date of this public notice. Comments will not be accepted by facsimile or voice mail. The Department will consider all comments in developing the revised TMDL, which will be submitted to the Environmental Protection Agency (EPA) for approval.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person

proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all

the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

49-00007D: Merck and Co., Inc. (P. O. Box 600, Danville, PA 17821) for modification of VOC emission limits for the wastewater treatment plant and sludge dryer at the Cherokee plant located in Riverside Borough, **Northumberland County**. The modification includes the removal of two sub-sets of VOC emission limits for certain wastewater treatment plant equipment and the establishment of a VOC emission limit for the sludge dryer and associated dried sludge handling equipment. The overall wastewater treatment plant VOC emission limitation of 15 tons in any 12-consecutive month period will remain intact. The respective facility is a major facility for which a Title V operating permit (49-00007) has been issued. The Department of Environmental Protection (Department) intends to issue a plan approval to authorize the applicant to operate the sources under the modified VOC emission limits. VOC emissions are not expected to increase because of the proposed modification.

The Department's review of the information contained in the application indicates that the proposed modification will comply with all applicable requirements pertaining to air contamination sources and the emission of air contaminants including 40 CFR Part 63, Subpart GGG—National Emission Standards for Pharmaceuticals Production (Pharmaceutical MACT Rule) and the best available technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department intends to issue a plan approval for the proposed modification. Additionally, if the Department determines that the sources are operating in compliance with the plan approval conditions, the conditions established in the plan approval will be incorporated into the operating permit by means of an administrative amendment under 25 Pa. Code § 127.450.

The Department proposes to place in the plan approval the following conditions to ensure compliance with all applicable regulatory requirements:

1. This condition supersedes conditions nos. 001—003 of Source ID 101 of Title V operating permit 49-00007.

Compliance with this permit condition assures compliance with the 146-ton VOC emission limitation in any 12-consecutive month period under Reasonably Available Control Technology derived from 25 Pa. Code §§ 129.91—129.95.

Under the BAT provisions in 25 Pa. Code §§ 127.1 and 127.12, the VOC emissions from the wastewater treatment plant (Source ID 101) shall not exceed 15 tons in any 12-consecutive month period.

2. This condition supersedes condition no. 002 of Source ID 102 of Title V operating permit 49-00007.

Under the BAT provisions in 25 Pa. Code §§ 127.1 and 127.12, the total combined VOC emissions from the following sources of Source ID 102 shall not exceed 0.5 ton in any 12-consecutive month period: Koline Sanderson #NPD-13W-1960 wastewater treatment sludge paddle dryer DR-530, sludge hopper TA-536B, solids transport vessel TA-536C and dried sludge receiver TA-532.

3. Conditions contained in Title V operating permit 49-00007 remain in effect unless superseded or amended by conditions contained in this plan approval. If there is a conflict between a condition or requirement contained in this plan approval and a condition or requirement contained in Title V operating permit 49-00007, the permittee shall comply with the condition or requirement contained in this plan approval rather than the conflicting condition or requirement contained in Title V operating permit 49-00007.

Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Chief, Facilities Permitting Section, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-0512.

Copies of the application and the Department's review of the application are available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at (570) 327-3693.

41-00005E: Lycoming Engines (652 Oliver Street, Williamsport, PA 17701) for construction and operation of a solvent-based perchloroethylene degreaser (Source ID P236) equipped with sub-zero and above-zero chillers (IDs C236A and C236B) to control the perchloroethylene emissions from the degreaser at their facility in Williamsport, **Lycoming County**. The respective facility is a major facility for which a Title V operating permit 41-00005 has been issued.

The Department's review of the information contained in the application indicates that the proposed degreaser with sub-zero and above-zero chillers will meet all applicable air quality regulatory requirements pertaining to air contamination sources and the emission of air contaminants, including the Best Available Technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12. The proposed degreaser will be subject to the Federal regulatory requirements, Subpart T of the National Emission Standards for Hazardous Air Pollutants for Source Categories, 40 CFR Part 63, 63.460—63.470 and will comply with all applicable regulatory requirements of this subpart. Based on these findings, the Department intends to issue a plan approval for the construction and operation of the degreaser with chillers. Additionally, if the Department determines that the degreaser with chillers is operating in compliance with all plan approval conditions, the conditions established in the plan approval will be incorporated into Title V operating permit No. 41-00005 by means of an administrative amendment under 25 Pa. Code § 127.450.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, Muhammad Zaman, Facilities Permitting Chief, (570) 327-0512.

19-00006: Del Monte Corp. (6670 Low Street, Bloomsburg, PA 17815) for renewal of a Title V Operating Permit for their pet food manufacturing facility in South Centre Township, **Columbia County**.

The facility incorporates two 26.6 mmBtu per hour natural gas/No. 6 fuel oil-fired boilers, two 50.3 mmBtu per hour natural gas/No. 2 fuel oil-fired boilers, a meat scrap storage operation, a gravy mixing operation, two meat mixers, 20 small natural gas-fired combustion units (space heaters, water heaters, and the like) five solvent parts washers, a 75 horsepower propane-fired emergency generator, two propane-fired welders, a wastewater treatment plant and a 12,000 gallon aboveground fuel oil storage tank.

The PM emissions from the gravy mixing operation and the two meat mixers are controlled by two wet centrifugal collectors. The malodorous air contaminant emissions from the meat scrap storage operation and the wastewater treatment plant are controlled by three scrubbers.

The air contaminant emissions from the facility are not expected to exceed 254.95 tons of SO_x, 90.78 tons of NO_x, 37.05 tons of CO, 25.37 tons of PM including PM₁₀, 3.23 tons of VOCs and 2.04 tons of HAPs per year.

The Department of Environmental Protection (Department) proposes to renew Title V Operating Permit 19-00006. The Department intends to incorporate into this renewal all conditions currently contained in Title V Operating Permit 19-00006 with these exceptions, changes and/or additions:

1. Conditions requiring weekly "walk around" inspections of the facility and the maintenance of records of these inspections have been removed as the respective conditions infer that facility personnel need monitor the facility's air contamination sources only once per week. The monitoring of sources should be an integral part of normal source operation and should therefore occur on a more-or-less continuous basis.

2. Ten small natural gas-fired combustion units (space heaters, and the like) previously included in the permit (as part of Source 039) have been removed as they no longer exist and 11 new small natural gas-fired combustion units have been added (as Source 040).

3. A condition requiring the maintenance of records of the amount of natural gas used per month in the small combustion units comprising Source 039 as well as records of the number of hours these units operate each month has been removed from the permit as the intent of these records had been to demonstrate compliance with VOC emission limitations which the combustion units, in aggregate, are incapable of exceeding even if fired at maximum capacity around the clock. As there is no question of compliance with the respective limitations, there is no need to maintain the previously-required records.

4. Five remote reservoir solvent parts washers previously included in the permit (as Source P205) have been removed as they no longer exist and five new remote reservoir solvent parts washers have been added (as Source P206). Additionally, the applicable regulatory requirements for the new parts washers, as specified in 25 Pa. Code § 129.63, have been added to the permit.

5. A number of propane-fired sources (forklifts, and the like) previously included in the permit (as part of Source

P209) have been removed as they are mobile air contamination sources, rather than stationary air contamination sources, and, as such, should not be included in the permit. Two propane-fired sources (two welders) have however been added to the permit (Source P209).

6. Conditions requiring the use of a specific reagent, "Redox 60," in the scrubbing solution used in the three odor scrubbers (C002—C004) associated with the meat scrap storage operation (Source P211) and wastewater treatment plant (Source P213) have been modified to allow the use of alternate reagents provided that the resultant scrubbing solution contains the same concentration of the same active ingredient, peroxyacetic acid.

7. A condition requiring the maintenance of records of the vapor pressure of the material stored in the 12,000 gallon No. 2 fuel oil storage tank (Source P215) has been replaced with a condition requiring the maintenance of records of the identity of the material stored in the respective tank. A condition has also been added restricting the respective tank to the storage of No. 2 fuel oil.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property

and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the

act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. DEPARTMENT OF PUBLIC WELFARE

Supplemental Payments to Certain Academic Medical Centers

The purpose of this notice is to provide notice of the Department of Public Welfare's (Department) intent to revise its payment method for a class of Disproportionate Share (DSH) payments made to qualifying academic medical centers.

On an annual basis, as authorized by the General Assembly through the budget process, the Department proposes to apply an inflationary increase to the payment rate and to the total amount of funds available for DSH payments to certain academic medical centers, provided that the Centers for Medicare and Medicaid Services approves the Medicaid State Plan Amendment for this change. This proposed annual inflationary factor will not exceed 6.5%. For the current fiscal year, the proposed annualized inflationary increase will be 3%. There will be no change in the current qualifying criteria or methodology for determining eligibility for these payments.
