READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Proclamation of Disaster Emergency

September 1, 2006

Whereas, Heavy rain on August 29, 2006, saturated the soil in numerous communities in western Pennsylvania causing severe flooding and damaging homes, roads, bridges, and a state critical care center; and

Whereas, Ongoing monitoring and projections made by the National Weather Service and the National Hurricane Center have disclosed that Tropical System Ernesto is going to strike the Commonwealth of Pennsylvania; and

Whereas, Tropical System Ernesto has the potential to cause widespread and heavy rains and high winds throughout the Commonwealth of Pennsylvania, which in turn poses a serious threat for flash flooding and other adverse impacts throughout the Commonwealth; and

Whereas, Tropical System Ernesto's potentially heavy rains, high winds, and risk of flash flooding may result in extensive damage to roads, streets, and bridges, private homes, businesses, and may cause other adverse impacts upon the general population of Pennsylvania; and

Whereas, the emergency situation caused by Tropical System Ernesto may be of such magnitude and severity as to render essential the Commonwealth's supplementation of county and municipal efforts and resources and the activation of all applicable state, county, and municipal emergency response plans.

Now Therefore, pursuant to the provisions of Subsection 7301(c) of the Emergency Management Services Code (35 Pa.C.S. Section 7101 et seq.), I do hereby proclaim the existence of a disaster emergency in the Commonwealth of Pennsylvania and I direct all Commonwealth departments and agencies to utilize all available resources and personnel as is deemed necessary to cope with the magnitude and severity of this emergency situation.

Further, I hereby transfer up to \$2 million in unused appropriated funds to the Pennsylvania Emergency Management Agency. The aforementioned funds shall be used for disaster-related expenses that may be incurred by various state agencies and departments. These funds shall be credited to a special account established by the Office of the Budget. All Commonwealth agencies purchasing supplies or services in response to this emergency are authorized to utilize the emergency procurement procedures set forth in Section 516 of the Commonwealth Procurement Code, 62 Pa.C.S. § 516. This Proclamation shall serve as the written determination of the basis for the emergency under Section 516; and

Further, I hereby direct the Pennsylvania Emergency Management Agency to activate and staff the State Emergency Operations Center for the duration of this emergency situation and to augment it with personnel from other state agencies and departments. I also authorize the Agency to coordinate and direct the emergency preparedness and response activities of other state agencies and departments as deemed necessary to deal with the exigencies of this impending emergency situation through implementation of the State Emergency Operations Plan; and

Further, I hereby authorize the Secretary of Transportation to use all available equipment, resources, and personnel of the Department, in whatever manner that he deems necessary, to ensure that all state highways in the areas that may be affected by the disaster are cleared of debris and any other obstructions resulting from this severe storm and to ensure that highways, bridges, roadbeds, and related facilities and structures, including federal-aid highways, that may sustain damage in the disaster affected areas are immediately repaired, maintained, reconstructed, or replaced, or that new construction is undertaken where necessary. In addition, I hereby waive any laws or regulations that would restrict the

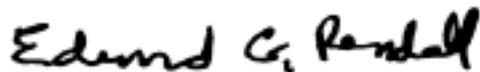

application and use of the Department's equipment, resources, and personnel to assist local jurisdictions in the repairs and clearing and removal of debris and other types of obstructions from non-state-owned highways. This assistance to local jurisdictions may be provided solely at the discretion of the Secretary of Transportation. This assistance, however, does not apply to privately owned highways, roads, streets, or other types of property; and I hereby authorize the Secretary of Transportation, in his sole discretion, to waive any provision of the Vehicle Code or any other law or regulation which he is authorized by law to administer or enforce as may be necessary to respond to this impending emergency; and

Further, I have directed that the emergency response and recovery aspects of the Commonwealth and all applicable county, municipal, and other disaster emergency response and recovery plans be activated and that all state, county, and municipal actions taken to implement those plans be coordinated through the Pennsylvania Emergency Management Agency; and

Further, pursuant to the powers vested in me by the Constitution and laws of this Commonwealth, I hereby authorize the Adjutant General of Pennsylvania to place on state active duty for the duration of the emergency disaster proclamation, such individuals and units of the Pennsylvania National Guard, as requested by the Pennsylvania Emergency Management Agency, to alleviate the potential danger to public health and safety caused by the aforementioned emergency; and

Still Further, I hereby urge the governing bodies and executive officers of all political subdivisions that may be affected by this emergency to act as necessary to meet the current exigencies as legally authorized under this proclamation, namely: by the employment of temporary workers; by the rental of equipment; and by entering into such contracts and agreements as may be required to meet the emergency, all without regard to those time-consuming procedures and formalities normally prescribed by law, mandatory constitutional requirements excepted.

Given under my hand and the Seal of the Governor, at the city of Harrisburg, this first day of September in the year of our Lord two thousand six, and of the Commonwealth the two hundred and thirty-first.

PART II. ORPHANS' COURT RULES

[231 PA. CODE PART II]

Adoption of New Pa.O.C. Rule 15.8 and Forms; No. 396 Supreme Court Rules; Doc. No. 1

Order

Per Curiam:

And Now, this 30th day of August, 2006, upon the recommendation of the Orphans' Court Procedural Rules Committee, this recommendation having been submitted without publication in the interest of justice, pursuant to Pa.R.J.A. 103(a)(3):

It Is Ordered, pursuant to Article V, Section 10 of the Constitution of Pennsylvania that:

(1) Pennsylvania Orphans' Court Rule 15.8 is adopted as follows; and

(2) Uniform forms are adopted as follows to Pennsylvania Orphans' Court Rules following Pennsylvania Orphans' Court Rule 15.8.

This Order shall be processed in accordance with Pa.R.J.A. 103(b), and shall become effective September 5, 2006.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART II. ORPHANS' COURT RULES

RULE 15. ADOPTIONS

Rule 15.8. Foreign adoption registration.

(a) Adoptive parent(s) may petition the court of common pleas in the county of residence to register a foreign adoption decree so that it will be given full and final effect in this Commonwealth. The petition shall be in the form approved by the Supreme Court.

(b) If the court of common pleas determines that the foreign adoption decree cannot be registered, the adoptive parent(s) may proceed under the Adoption Act and local rules of court to obtain a full and final decree of adoption.

Explanatory Note: Pursuant to 23 Pa.C.S. § 2908(b), as amended by Act 96 of 2006, a set of forms consisting of a petition for registration of a foreign adoption decree, decrees approving and denying the petition, and detailed instructions for pro se petitioners, have been created and are set forth in the Appendix to these rules. The petition should be filed with the Clerk of the Orphans' Court Division, except in Philadelphia County, where it should be filed with the Clerk of the Family Court Division. The Clerk shall make the necessary Department of Health forms available to petitioners. If the foreign adoption is determined not to be a full and final adoption, the adoptive parent(s) may proceed under the Adoption Act and local rules to seek a decree of adoption in this Commonwealth.

INSTRUCTIONS FOR FILING PETITION TO REGISTER FOREIGN ADOPTION DECREE PURSUANT TO 23 Pa.C.S. § 2908

When a child is adopted in conformity with the laws of a foreign country, the adopting parent(s) may register the foreign adoption so that the Foreign Adoption Decree is considered to be a full and final decree, enforceable as if entered pursuant to the Pennsylvania Adoption Act, and a Pennsylvania birth certificate can be obtained.

Adopting parent(s) seeking to register the Foreign Adoption Decree must:

1. Complete, sign and date the Petition to Register Foreign Adoption Decree and Verification. *If a Foreign Adoption Decree shows that there are two adopting parents, both parents must execute the Petition to Register Foreign Adoption Decree.*

2. Attach the following documents to the Petition:

- A certified copy of the Foreign Adoption Decree;
- A certified copy of the child's birth certificate. If no birth certificate was issued, a certified copy of any other birth identification issued by the country of birth should be attached. If no birth certificate or birth identification can be obtained, an Affidavit stating the reason should be submitted;
- A copy of the child's United States visa;
- An English translation of all documents not in English, certified by the translator to be true and correct;
- Form H105.091 (Pennsylvania Department of Health, Vital Records, Certificate of Adoption) with Parts I and II (and Part III if applicable) completed;
- Pennsylvania Department of Health Statement of Citizenship and Residency Form.

3. The Petition to Register with the attachments should be filed with the Clerk of the Orphans' Court Division of the Court of Common Pleas in which the adopting parent(s) reside(s), except for Philadelphia County resident(s), who must file with the Family Court Division. A filing fee will be charged in accordance with the fee schedule of the county court.

After the Petition to Register is filed, it will be submitted to the Court for review. If the Petition to Register and accompanying documents establish that the foreign adoption of the child is full and final, the Court will enter a Decree directing the registration of the Foreign Adoption Decree. The Clerk of the appropriate court will then issue a certificate of adoption and transmit form H105.091 and the Statement of Citizenship and Residency Form to the Department of Health, Division of Vital Records.

If the Court cannot determine that the foreign adoption is full and final, it will enter a Decree denying the petition. In that case, it will be necessary to proceed under the Adoption Act and any local rules of court to obtain a full and final Pennsylvania adoption decree.

Some of the following are reasons why a foreign adoption may not be a full and final adoption eligible for registration:

- both adopting parents were not present for the adoption hearing in the foreign country; or
- the sole adopting parent was not present at the adoption hearing in the foreign country; or
- the foreign court did not enter a final adoption Decree or Order or its equivalent; or
- the child's United States visa is not the type that would afford the child full United States citizenship.

NORTHAMPTON COUNTY

Administrative Order 2006-10—The Matter of the Initiation of the American Corrective Counseling Services Program for Bad Check Offenders in Northampton County; No. AD-302-2006

Administrative Order

And Now, this 31st day of August, 2006, upon motion of John M. Morganelli, District Attorney of Northampton County, and upon consideration of said motion, and a showing of good cause:

It is hereby ordered that the bad check diversionary program administered by American Corrective Counseling Services, offered to certain bad check offenders, shall hereby commence effective September 18, 2006.

It is furthered ordered that the collection of reasonable fees, costs, restitution and bank fees be permitted pursuant to the administration of this diversionary program, including the following fees: Diversionary Seminar Fee of \$165.00; Administrative Fee of \$25.00; Class Rescheduling Fee of \$25.00; Late Payment Fee of \$10.00.

By the Court

ROBERT A. FREEDBERG,
President Judge

In Re: The Matter of the Initiation of the American Corrective Counseling Services Program For Bad Check Offenders in Northampton County

Motion for the Initiation of the Bad Check Offender Diversionary Program Run by American Corrective Counseling Services

To the Honorable, the President Judge of the Said Court:

And Now, John M. Morganelli, District Attorney of Northampton County, moves to initiate the bad check program run by the American Corrective Counseling Services, and states the following:

1. Your movant is the District Attorney of Northampton County;

2. Movant is charged with the prosecution of all criminal offenses within Northampton County.

3. Bad check offenses under Title 18 Pa.C.S.A. § 4105 constitute a significant number of the total number of criminal offenses prosecuted within Northampton County.

4. Bad check offenses create an undue burden on law enforcement personnel, magisterial district judge staffs and the office of the district attorney.

5. American Corrective Counseling Services operates a bad check diversionary program at no cost to the county or taxpayers generally.

6. The office of the district attorney has contracted with American Corrective Counseling Services to operate their diversionary program within Northampton County.

7. The American Corrective Counseling Services program's goals are the diversion of bad check offenders from the criminal justice system and the speedy return of restitution monies to the victims of bad check offenders.

8. The American Corrective Counseling Services program requires the collection of full restitution monies, including a bank fee not to exceed the fee permitted under Pennsylvania law.

9. The American Corrective Counseling Services program also requires offenders to attend a one-day class educating offenders on the effects of bad checks.

10. The American Corrective Counseling Services program further requires that offenders pay for the costs of said class, as well as an administrative fee to the County of Northampton.

11. The fifteen (15) magisterial district judge offices within Northampton County will be the main point of distribution of American Corrective Counseling Services program materials to victims.

12. Bad check victims shall receive said materials which will instruct them on how to submit their bad check to the American Corrective Counseling program for the initiation of program services.

Wherefore, movant respectfully requests that this Honorable Court sign and grant the proposed order allowing the initiation of the American Corrective Counseling Services Program within Northampton County.

Respectfully submitted,

John M. Morganelli,
District Attorney

I, John M. Morganelli, hereby aver that the facts set forth in the aforesaid Petition are true and correct to the best of my knowledge or information or belief. This verification is made subject to the penalties of § 4904 of the Crimes Code (18 Pa.C.S. § 4904) relating to unsworn falsification to authorities.

**York County Rule of Criminal Procedure
(YCCrim)-117: Magisterial District Judge Coverage
and After Hours Coverage For Judicial Business**

A. Regular Business Hours of Magisterial District Judges:

1. The offices of the Magisterial District Judges shall be open for at least a total of 30 hours per week, Monday through Friday, excluding any court holidays and a reasonable time for lunch.

2. Offices of the Magisterial District Judges shall be open at least four days per week, excluding any court holidays and a reasonable time for lunch, between the hours of 8:30 a.m. and 4:00 p.m.

3. Magisterial District Judges shall submit their proposed yearly schedule of office hours to the President Judge for approval prior to December 1 of the preceding year, unless there are no changes from the preceding year, and shall post the schedule at least annually in a conspicuous place at the office, pursuant to Rule 103 of the Pennsylvania Rules of Conduct for Magisterial District Justices. Schedules of office hours of all Magisterial District Judges shall also be maintained in the office of the District Court Administrator.

4. Applications for a change in office hours shall be made to the President Judge, through the District Court Administrator, prior to any change being instituted.

B. Availability of Magisterial District Judges During Regular Business Hours:

1. Magisterial District Judges shall be available to conduct judicial business during regular business hours, without unnecessary delay.

2. Should a Magisterial District Judge for a particular district not be available during regular business hours, any matter requiring immediate judicial attention shall be referred to the nearest available Magisterial District Judge.

3. A Magisterial District Judge may designate the personnel in that office to make a referral and designate the manner of referring matters to the nearest available Magisterial District Judge.

4. A Magisterial District Judge shall inform the District Court Administrator, and York County E-911, as soon as reasonably practical, of that Magisterial District Judge's scheduled or unscheduled unavailability during regular business hours.

C. Availability of Magisterial District Judges After Regular Business Hours:

1. A Magisterial District Judge, known as the "Duty MDJ" shall be on continuous duty after regular business hours for the purpose of conducting judicial business requiring immediate attention, without unnecessary delay.

(a) The District Court Administrator shall designate and publish the annual schedule of Duty MDJs prior to November 1 of the preceding year.

(b) A Duty MDJ who is scheduled for a particular time may exchange duty times with another Magisterial District Judge, and shall make such change known to the District Court Administrator and York County E-911 as soon as is reasonably practical.

2. An office, known as a "Duty Office" shall be maintained for the Duty MDJ to conduct judicial business after regular business hours.

(a) Such office may be at a "central booking" facility, or another office suitable for the conduct of judicial business after hours.

(b) Such office shall be equipped with suitable electronic communications to enable simultaneous visual and audio communication with the York County Prison and a Duty MDJ.

3. The Duty MDJ shall be available at all times when assigned after regular business hours to conduct judicial business without unnecessary delay.

(a) Such judicial business, including preliminary arraignments, setting of bail, and processing individuals arrested or otherwise detained, may be conducted by suitable electronic communications which provides simultaneous audio and visual contact between the Duty MDJ and the Duty Office.

(b) In the event such business is conducted remotely by electronic communications, suitable electronic methods of transmitting required paperwork without unnecessary delay may be utilized, including computer or facsimile transmittal.

**York County Rule of Criminal Procedure (YCCrim)-
150: Hearings on Bench Warrants**

A. Bench Warrants to be Heard by Judge Issuing Warrant:

Hearings for individuals arrested on bench warrants shall be heard by the judicial officer who issued the bench warrant, within the time periods and pursuant to the procedures set forth in Pa.R.Crim.P. 150.

B. Bench Warrants Issued by Judge of Court of Common Pleas:

1. Hearings for individuals arrested on bench warrants issued by a Judge of the Court of Common Pleas shall be heard by the Judge who issued the bench warrant.

2. In the event that an individual has been arrested on more than one bench warrant issued by different Judges of the Court of Common Pleas, the individual may be taken before any Judge who issued a warrant, who shall conduct a hearing on all of the bench warrants pursuant to which the individual was arrested.

3. In the event that the Judge or Judges who issued a bench warrant are unavailable to conduct a hearing within the time limits set forth in Pa.R.Crim.P. 150, then the hearing shall be conducted by the designated "Duty Judge."

a. The District Court Administrator shall maintain a list of "Duty Judges" which shall be updated from time to time and circulated among the Judges of the Court of Common Pleas of York County. The District Court Administrator shall assign such hearings to the appropriate Judge from that list if the issuing Judge is not available.

b. A Judge who is "on duty" for the designated time period shall insure his or her availability or the availability of another Common Pleas Judge, during normal Court business hours, for the purpose of conducting these hearings and for addressing other matters which may need the attention of the Court and for which the Judge ordinarily assigned to a matter may not be available.

4. At the conclusion of the bench warrant hearing following the disposition of the matter, the Judge shall immediately vacate the bench warrant, using an ORDER which shall be substantially in the form as prescribed by the President Judge or designee.

C. Bench Warrants Issued by Magisterial District Judges:

1. Hearings for individuals arrested on bench warrants issued by a Magisterial District Judge shall be heard by the Magisterial District Judge who issued the bench warrant.

2. In the event that an individual has been arrested on more than one bench warrant issued by different Magisterial District Judges, the individual may be taken before any Magisterial District Judge who issued a warrant, who may conduct a hearing on all of the bench warrants pursuant to which the individual was arrested.

3. In the event that the Magisterial District Judge or Judges who issued a bench warrant are unavailable to conduct a hearing within the time limits set forth in Pa.R.Crim.P. 150, or if an individual is arrested after normal business hours on a bench warrant, then the matter or matters shall proceed pursuant to YCCrim-117.

D. Release of Individual Not Applicable to Warrants Issued in Parole/Probation Proceedings:

An individual arrested as a result of a bench warrant issued in connection with a parole or probation proceeding shall not be released upon the expiration of seventy-two (72) hours without further court order, regardless of whether that individual had a hearing on the bench warrant.

York County Rule of Criminal Procedure (YCCrim)-520: Posting of Bail:

A. Posting of Bail During Normal Business Hours:

1. Bail in any acceptable form may be posted during normal business hours at the office of the Clerk of Courts and shall be accepted by the Clerk of Courts or the Clerk's designees.

2. Bail in any acceptable form, except real property, may be posted during normal business hours at the office of the issuing authority.

B. Posting of Bail After Normal Business Hours:

1. Bail in any acceptable form, except real property, may be posted after normal business hours with the Duty MDJ, at such location as the Duty MDJ may designate. The Duty MDJ may make such arrangements for security of the facility, staff and the Duty MDJ as is reasonably necessary to facilitate the acceptance of bail.

2. Bail in any acceptable form, except real property and currency, may be posted after normal business hours with the Duty MDJ at the Duty Office, or at the York County Prison.

(a) The Warden of the York County Prison, or the Warden's designees, are authorized to do all things necessary to accept bail at the York County Prison after normal business hours.

(b) The Sheriff of York County, or the Sheriff's designees, are authorized to do all things necessary to accept bail at the Duty Office.

York County Rule of Criminal Procedure (YCCrim)-114: Service of Court Orders or Court Notices

A. Documents Required to be Served by Clerk of Courts:

1. The Clerk of Courts shall record the service of all orders, court notices, and any other document required by law or applicable rule of procedure to be served on a party or counsel.

2. The service of an order, court notice, or any other document required to be served by the Clerk of Courts shall be recorded on a form prescribed by the District Court Administrator.

a. The form shall include, at a minimum, the information required by Pa.R.Crim.P. 114(C), and shall also include the manner of service and the name of the individual recording the information.

b. The form shall be filed in the criminal case file maintained by the Clerk of Courts, and docket entries shall be made pursuant to the requirements of Pa.R.Crim.P. 113 and 114.

B. Documents May be Served by District Court Administrator:

1. Any order or court notice produced by stenographic transcription and required to be served on an attorney or an office located within the York County Judicial Center may be served by the District Court Administrator, or the District Court Administrator's designee.

2. If service of an order or court notice is made pursuant to Section B1 above, the District Court Administrator, or designee, shall cause to be filed in the Clerk of Court's office, proof of service on the form prescribed in Section A2 above.

PROPOSED RULEMAKING

GAME COMMISSION

[58 PA. CODE CH. 141]

Hunting and Trapping; Protective Material Required

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its June 6, 2006, meeting, proposed to amend § 141.20 (relating to protective material required).

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 6, 2006, meeting of the Commission. Comments can be sent, until September 29, 2006, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

On April 18, 2006, the Commission adopted the seasons and bag limits for the upcoming 2006-2007 hunting license year, which includes the much anticipated archery bear season that will take place during the week prior to the traditional Statewide bear season. Despite the successful creation of the archery bear season, the Commission recognizes that it remains necessary to amend § 141.20 to specifically except the bear archery season from certain fluorescent orange requirements. The Commission intends to treat the archery bear season in a manner similar to the archery deer season. Fluorescent orange is generally not required during the archery deer season. Without this amendment, archery bear hunters will be required to comply with default fluorescent orange requirements, which call for a minimum of 250 square inches of daylight fluorescent orange-colored material on the head, chest and back combined so that it is visible in a 360° arc at all times while hunting. Therefore, the Commission is proposing to amend § 141.20 to create and accommodate fluorescent orange requirements for the newly created archery bear season. The Commission also took the opportunity to reorganize and reword a few of the subparagraphs in § 141.20 to improve clarity in the regulation.

Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendment to § 141.20 was proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking amends § 141.20 to create and accommodate fluorescent orange requirements for the newly created archery bear season.

3. Persons Affected

Persons wishing to hunt bear in this Commonwealth during the newly created archery bear season will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in any additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Richard R. Palmer, Acting Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

TITLE 58. RECREATION

PART III. GAME COMMISSION

CHAPTER 141. HUNTING AND TRAPPING

Subchapter A. GENERAL

§ 141.20. Protective material required.

(a) [**It**] **General.** Except as otherwise provided in subsection (b), it is unlawful to hunt or assist to hunt game or wildlife or move to or from a hunting location, from 1 hour before legal hunting hours to 1 hour after legal hunting hours outside of a motorized vehicle, at any time without wearing a minimum of 250 square inches of daylight fluorescent orange-colored material on the head, chest and back combined so that it is visible in a 360° arc. This shall include going to or from a hunting location before or after legal shooting hours. Except as provided in subsection (b)(2) and (3), camouflage orange clothing is lawful provided it contains the minimum amount of fluorescent orange-colored material.

(b) **Permitted acts.** It is lawful to:

(1) Hunt without wearing daylight fluorescent orange-colored material for:

* * * * *

(vi) [**Furbearers.**

(vii) **Coyotes except from the first day to the last day inclusive of the Statewide regular firearms deer season or any bear season.]**

Deer during the archery deer season with a bow and arrow or crossbow and bolt by properly licensed archery hunters except as provided in paragraphs (3)(iii) and (4).

(vii) Bear during the archery bear season with a bow and arrow by properly licensed bear hunters except as provided in paragraph (3)(iv).

(viii) **Furbearers.**

(ix) Coyotes except from the first day to the last day inclusive of the regular firearms deer season, any firearms bear season and spring turkey season within each wildlife management unit.

* * * * *

(3) Move about or relocate while wearing a hat containing a minimum of 100 square inches of a solid daylight fluorescent orange-colored material on the head only and be stationary without wearing the required orange-colored material when hunting for:

* * * * *

(iii) Deer with a bow and arrow or crossbow and bolt during any **deer** archery season which is concurrent with the fall turkey season **within each wildlife management unit.**

(iv) Bear with a bow and arrow during any bear archery season, which is concurrent with the fall turkey season within each wildlife management unit.

(4) Be on stand and stationary while hunting for turkey during the fall season in Wildlife Management Units 2C, 2D, 2E, 2F, 2G, 3A, 3B, 3C, 3D, 4A, 4B, 4C, 4D, 4E and 5A **or deer during any firearms deer season that precedes the regular firearms deer season** and in lieu of the required 250 square inches place a minimum of 100 square inches of daylight fluorescent orange-colored material within 15 feet of the hunters' location so it is visible in a 360° arc.

[(5) Except as provided in paragraph (3)(iii) and during any firearms season for deer that precedes the regular firearms season, hunt for deer with a bow and arrow or crossbow during any archery deer season without wearing daylight fluorescent orange-colored material. When stationary during the overlap with the firearms season for deer in lieu of the required 250 square inches place a minimum of 100 square inches of daylight fluorescent orange-colored material within 15 feet of the hunters' location so it is visible in a 360° arc.]

GAME COMMISSION

[58 PA. CODE CH. 141]

Hunting and Trapping; Special Regulations Areas

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its June 6, 2006, meeting, proposed to amend § 141.1 (relating to special regulations areas).

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 6, 2006, meeting of the Commission. Comments can be sent, until September 29, 2006, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

The Commission is directed by law to use hunting in managing white-tailed deer. The Commission has encouraged and supported hunting as the primary means of managing deer populations by annually making hunting opportunities available, increasing hunter opportunities and providing deer hunters with tools to increase their success. With the recent creation of the "Plan to Reduce Human-Deer Conflicts in Developed Areas," also known as the Urban Deer Management Strategy, this same approach will be used when safe and appropriate in developed areas.

Strategy 1.1.3 of the Urban Deer Management Strategy calls for the use of regulated baiting to increase hunter harvest in developed wildlife management units. In 2004, the State legislature authorized the Commission to regulate the use of bait for deer removal in special regulations areas in southeastern Pennsylvania. While traditional hunting, that is, hunting without bait, is the most economical way to manage deer populations, by allowing the use of bait while hunting, there is a potential to increase harvest, hunter success and hunter opportunity in developed areas. Providing this tool in the most developed areas will be beneficial to hunters, urban residents and the Commission's deer management program. Therefore, the Commission is proposing to amend § 141.1 to permit hunters to use or take advantage of bait while hunting deer within the southeast special regulations area of this Commonwealth.

Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendment to § 141.1 was proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking amends § 141.1 to permit hunters to use or take advantage of bait while hunting deer within the southeast special regulations area of this Commonwealth.

3. Persons Affected

Persons wishing to hunt deer within the southeast special regulations area of this Commonwealth may be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. *Contact Person*

MILK MARKETING BOARD

[7 PA. CODE CHS. 143 AND 144]

Electronic Methods for Testing Milk for Fat Content; Transactions Between Dealers and Producers—Payment; Testing

The Milk Marketing Board (Board) will conduct a public hearing on October 12, 2006, at 1 p.m. in Room 309, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA.

The purpose of the hearing is to receive testimony and comments regarding proposed amendments to 7 Pa. Code Chapters 143 and 144 (relating to transactions between dealers and producers; and electronic methods for testing milk for fat content). The proposed amendments are to sections of Chapters 143 and 144 dealing with electronic methods for testing milk for fat content and regarding dealer payments to producers based on the results of the electronic testing methods.

There is no requirement for prior notification or entry of appearance to be able to provide testimony or comments at the hearing. A draft of the proposed amendments may be obtained at the Board's website at www.mmb.state.pa.us or by contacting the Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

STATEMENTS OF POLICY

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 1141]

Medical Assistance Payment for Services of Teaching Physicians in Hospitals, Clinics and Emergency Rooms

Scope

This statement of policy applies to Medical Assistance (MA) enrolled physicians, acute care hospitals, outpatient hospital clinics and emergency rooms that provide teaching physician services in both the fee-for-service and managed care delivery systems.

Purpose

The purpose of this statement of policy is to interpret the Department of Public Welfare's (Department) regulations regarding payment conditions for teaching physician services rendered to MA recipients in acute care hospitals, outpatient hospital clinics and emergency rooms. The Department's regulations are online on the *Pennsylvania Code* website at www.pacode.com.

Background

The Department pays the actual provider of a service. See § 1101.75(a)(5) and (8) (relating to provider prohibited acts). The Department's regulations require that "physicians' services billed to the Department be performed by the physician either personally or by a registered nurse, physician's assistant or midwife under the physician's direct supervision." See §§ 1141.53 and 1141.54 (relating to payment conditions for outpatient services; and payment conditions for inpatient services). MA regulations provide exceptions to this personal performance requirement in limited circumstances. See §§ 1150.52, 1150.54(a)(3) and 1150.55 (relating to anesthesia services; surgical services; and obstetrical services).

Discussion

The Department has determined that the Medicare payment standards provide an acceptable foundation for MA reimbursement for services rendered by teaching physicians when a resident participates in the delivery of services. See 42 CFR 415.170—415.184.

Medicare policy permits, with certain exceptions, payment to a teaching physician for services only if the "teaching physician is present during the key portion of any service or procedure for which payment is sought." See 42 CFR 415.172(a) (relating to physician fee schedule payment for services of teaching physicians). In the case of surgery or a high-risk or complex procedure, the teaching physician shall be present during all critical portions of the procedure and be immediately available to furnish services during the entire procedure or service. See 42 CFR 415.172(a)(1). Consistent with Medicare policy, the Department considers a teaching physician as rendering a service when the teaching physician is present during the critical and key portions of a service in which a resident participates. The Medicare regulations provide the appropriate standards for determining whether a teaching physician is actually rendering a service.

For outpatient clinic and emergency room services, services rendered by a resident are compensable provided that a teaching physician is readily available within that facility for immediate face-to-face consultation and assistance. The standards in Chapter 1221 (relating to clinic and emergency room services) are not affected by this statement of policy.

Consistent with § 1101.51(e)(1)(iii) (relating to ongoing responsibilities of providers), medical entries must be signed and dated by the responsible licensed provider. Care rendered by ancillary personnel must be countersigned by the responsible licensed provider. Further, in accordance with regulation, the hospital shall bill the Department for the all inclusive visit fee or the procedure performed in the outpatient hospital clinic or emergency room under the payment rule in § 1221.51 (relating to general payment policy). The support and physician components of the emergency room visit are billed based on the billing arrangement as indicated on the facility's enrollment application.

Effective Date

This statement of policy is effective upon publication in the *Pennsylvania Bulletin*.

Contact Person

Questions and comments to this statement of policy should be directed to John Hummel, Regulations Coordinator, Office of Medical Assistance Programs, Bureau of Policy, Budget and Planning, Division of Regulatory and Program Development, (717) 772-6341.

(*Editor's Note:* Title 55 Pa. Code is amended by adding statements of policy in §§ 1141.53a and 1141.54a to read as set forth in Annex A.)

ESTELLE B. RICHMAN,
Secretary

Fiscal Note: 14-BUL-068. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 55. PUBLIC WELFARE

PART III. MEDICAL ASSISTANCE MANUAL

CHAPTER 1141. PHYSICIANS' SERVICES

PAYMENT FOR PHYSICIANS' SERVICES

§ 1141.53a. Clinic and emergency room services personal performance—statement of policy.

(a) Consistent with 42 CFR 415.152 (relating to definitions), a teaching physician is a physician (other than another resident) who involves residents in the care of that teaching physician's patients.

(b) Clinic services rendered by a resident are compensable when a teaching physician is readily available for immediate face-to-face consultation and assistance.

(c) Emergency room services rendered by a resident are compensable when a teaching physician is readily available for immediate face-to-face consultation and assistance.

(d) Consistent with 42 CFR 415.180 (relating to teaching setting requirements for the interpretation of diagnostic radiology and other diagnostic tests), the interpretation of diagnostic radiology and other diagnostic tests is compensable. Documentation must indicate that the teaching physician personally performed the interpretation or reviewed the resident's interpretation with the resident.

§ 1141.54a. Acute care hospitals and their short procedure unit services personal performance—statement of policy.

(a) Consistent with 42 CFR 415.152 (relating to definitions), a teaching physician is a physician (other than

another resident) who involves residents in the care of that teaching physician's patients.

(b) The Department will reimburse for teaching physician services rendered in acute care hospitals or their short procedure units in accordance with the Medicare standards governing payment for professional services rendered by teaching physicians in 42 CFR 415.170—415.184, except as provided in § 1141.53a (relating to clinic and emergency room services personal performance—statement of policy).

NOTICES

DELAWARE RIVER BASIN COMMISSION

Meeting and Public Hearing

The Delaware River Basin Commission (Commission) will hold an informal conference followed by a public hearing on Wednesday, September 27, 2006. The hearing will be part of the Commission's regular business meeting. Both the conference session and business meeting are open to the public and will be held at the Commission's office building, located at 25 State Police Drive in West Trenton, NJ.

The conference among the Commissioners and staff will begin at 10:15 a.m. Topics of discussion will include a presentation on proposed revisions to the State of New Jersey's Flood Plain Regulations; general discussion of Basin-wide flood mitigation and flood loss reduction planning; a presentation on preliminary findings of a United States Fish and Wildlife Service dwarf wedgemussel habitat study; a presentation by the Water Management Advisory Committee Chair on a recommended policy for water transfers and a proposed water loss accountability program; and a second-year status report on implementation of the Commission's 2004 *Water Resources Plan for the Delaware River Basin*.

The subjects of the public hearing to be held during the 1:30 p.m. business meeting include the dockets listed below:

1. *Matamoras Municipal Authority D-81-78 CP-5*. An application to replace the withdrawal of water from Well No. 8 in the applicant's public water supply distribution system with a withdrawal from Well No. 8A, because Well No. 8 has become an unreliable source of supply. The applicant requests that the maximum total withdrawal from all wells remain unchanged, at 11.7 million gallons per 30 days (mg/30 days). The replacement well is located in the Pleistocene Outwash Formation in the Delaware River Watershed in Matamoras Borough, Pike County, PA.

2. *Joseph Jackewicz, Sr. D-91-53-2*. An application for the renewal of a ground and surface water withdrawal project to continue withdrawal of 219.8 mg/30 days to supply the applicant's agricultural irrigation system from replacement Well No. Townsend 3, eight existing wells and one existing surface water intake. The project is located in the Tidbury Creek, Cypress Branch and Double Run watersheds in the Town of Magnolia, Kent County, DE.

3. *Maidencreek Township Authority D-91-58 CP-4*. An application for approval of a groundwater withdrawal project to supply up to 14.39 mg/30 days of water to the applicant's public water supply distribution system from new Well No. 5 in the Allentown Formation, and to retain the existing withdrawal from all wells of 22.7 mg/30 days. Well No. 5 is proposed as a redundant source to provide flexibility and reliability in operation of the applicant's public water supply distribution system. The project is located in the Maiden Creek Watershed in Maidencreek Township, Berks County, PA.

4. *Solvay Solexis D-69-84-2*. An application for the approval of a groundwater withdrawal project to increase the allocation of water from 2 mg/30 days to 60 mg/30

days to the docket holder's industrial supply distribution system through two existing wells (Wells Nos. 417 and 418) and to supply up to 14.91 mg/30 days of water to the docket holder's groundwater remediation program through four new wells (Wells Nos. RW1—RW4). The project is located in the Delaware River Watershed in West Deptford Township, Gloucester County, NJ.

5. *Reading Regional Airport Authority D-86-38 CP-2*. An application to upgrade and expand an existing 0.175 million gallon per day (mgd) secondary wastewater treatment plant (WWTP) to 0.42 mgd. The project is located at the western end of the existing WWTP site off Leiscz's Bridge Road between Reading Regional Airport and the Schuylkill River in Bern Township, Berks County PA. The project service area includes the Reading Regional Airport and associated development, the West Shore area, the Water District area and the Saint Joseph Medical Center area, all in Bern Township. Much of the existing plant will be replaced by new treatment facilities which includes Sequencing Batch Reactors biological processing, aerobic sludge digesters and gas chlorination prior to discharge to the Schuylkill River at the existing discharge point. Please note the docket number change. A Notice of Application Received was issued for this application on April 2, 2004 under D-2004-16.

6. *Antietam Valley Municipal Authority D-87-45 CP-2*. An application to modify a 1.225 mgd WWTP to more effectively process hydraulic surges due to wet weather-related infiltration and inflow (I & I) to the collection system. The WWTP will continue to serve predominantly residential portions of St. Lawrence Borough, Mount Penn Borough, and Exeter and Lower Alsace Townships, all within Berks County, PA. The WWTP is located on Butter Lane in St. Lawrence Borough just east of the intersection of SR 562 and US Route 422. The WWTP will continue to discharge to Antietam Creek in the Schuylkill River Watershed through the existing outfall. No increase in treatment capacity is proposed, as the docket holder will continue its efforts to control I & I.

7. *Waste Management Disposal Services of Pennsylvania, Inc. D-88-54-3*. An application to modify a landfill leachate treatment plant (LTP) discharge to the tidal Delaware River via a constructed discharge cove in DRBC Water Quality Zone 2. The 0.1 mgd LTP serves the GROWS and Tullytown Sanitary Landfills and is located off Bordentown Road in Falls Township, Bucks County, PA. The LTP utilizes best available treatment technology to remove organic and inorganic contaminants, with the exception of total dissolved solids (TDS). The docket holder has requested that its docket be modified to allow an interim average concentration of up to 15,000 milligrams per liter (mg/l) of TDS in the plant's discharge, an increase from the current limit of 10,000 mg/l as an average. Approximately 3,000 mg/l of TDS is added to the leachate treatment process to facilitate ammonia stripping, metals prescription and sludge conditioning. The proposed LTP discharge is expected to increase background TDS in the estuary by less than 0.5%. An environmental study will be conducted to demonstrate that no adverse impact will occur to aquatic life in the discharge cove before an application to increase the LTP effluent TDS concentration to 19,100 mg/l is considered. The project involves no expansion of the treatment facilities or treatment capacity.

8. *Mount Airy #1, LLC D-89-37-2*. An application for approval of a groundwater withdrawal project to supply

up to 9.5 mg/30 days of water to the applicant's distribution system from new Wells Nos. 1 and 2. The project is located in the Long Run Member of the Catskill Formation in the Forest Hills Run Watershed in Paradise Township, Monroe County, PA.

9. *Town of Smyrna D-93-72 CP-2*. An application to replace the withdrawal of water from Well No. 1A in the applicant's water supply system because it has become an unreliable source of supply. The applicant requests that the withdrawal from replacement Well No. 3 and existing Wells Nos. 1 and 2A be increased from 33.99 mg/30 days to 34 mg/30 days. The project is located in the Columbia/Chesold Formation in the Smyrna River Watershed in the Town of Smyrna, Kent County, DE.

10. *Degussa Corporation D-96-11-2*. An application to expand the industrial waste treatment plant's (IWTP) existing discharge to the Delaware River from 0.95 mgd to 1.15 mgd. In conjunction with the expanded discharge, the applicant also has requested a new determination of the IWTP's allowable Total Dissolved Solids limit. The facility, which will continue to serve only the applicant's silica production operations, is located in the City of Chester, Delaware County, PA.

11. *Moyer Packing, Rendering and Beef Facility D-96-21-2*. An application to re-establish the Commission's IWTP effluent Total Dissolved Solids (TDS) determination of 3,100 mg/l, issued to Moyer Packing Company (MOPAC) in 1985. The TDS determination was later replaced by an osmotic pressure limit contained in the facility's NPDES Permit. The Commission's staff has determined that the effluent TDS limit of 3,100 mg/l is not protective of a downstream agricultural use and is recommending that the Commission rescind the TDS limit currently in effect and impose the Commission's basinwide TDS standard of 1,000 mg/l, unless the applicant provides the downstream irrigation user with an alternate water source. No increase of MOPAC's 0.75 mgd IWTP capacity is proposed. The IWTP will continue to serve only the MOPAC meat packing and rendering facility, which is located in Franconia Township, Montgomery County, PA. IWTP effluent will continue to discharge to Skippack Creek in the Schuylkill River Watershed through the existing outfall.

12. *Green-Waltz Water Company/Nestle Waters North America Inc. D-98-55-3*. An application for approval of a groundwater withdrawal project to supply up to 4.8 mg/30 days of water for bulk water supply to the applicant's bottling plant from new Spring Water Borehole B-2, in the Martinsburg Formation. The applicant has requested an increase in total allocation from 11.7 mg/30 days to 16.5 mg/30 days. The project is located in the Waltz Creek Watershed in Washington Township, Northampton County, PA.

13. *City of Easton D-99-62 CP*. An application to increase the applicant's surface water withdrawal allocation from 10 mgd to 12 mgd (360 mg/month) by means of its intake on the Delaware River at the northeast corner of the City of Easton, Northampton County, PA. The proposed expansion is needed to serve increased population in the applicant's existing service area which includes the City of Easton; Wilson, Glendon and West Easton Boroughs; Palmer and Forks Townships; and portions of Williams, Bethlehem and Lower Nazareth Townships; all in Northampton County, PA. No additional treatment or storage facilities are proposed.

14. *Upper Saucon Township D-2000-51 CP-2*. An application for approval of a groundwater withdrawal project

to supply up to 32.16 mg/30 days of water to the docket holder's public supply distribution system through one new well (Well No. CC2) and two existing wells (Wells Nos. CC1 and Abandoned Mine Shaft). The individual allocation for the Abandoned Mine Shaft Well is a reduction from the previous allocation of 30 mg/30 days to 3 mg/30 days; however, the proposed total allocation for all sources is an increase from the previous total allocation for all sources of 30 mg/30 days. The project is located in the Brunswick Formation in the Saucon Creek Watershed in Upper Saucon Township, Lehigh County, PA.

15. *Little Washington Wastewater Co. D-2002-42-2*. An application for expansion of the White Haven Borough WWTP from 0.45 mgd to 0.6 mgd. The expansion is proposed to accommodate wastewater flows from areas formerly served by the aging Hickory Hills and Ag-Mar WWTPs, in accordance with a Consent Order and Agreement between the Department of Environmental Protection and Foster Township. The WWTP will continue to discharge to the Lehigh River, which is tributary to the Lower Delaware River Special Protection Waters. The facility is located in White Haven Borough, Luzerne County, PA.

16. *Great Wolf Lodge D-2003-25-2*. An application for the approval of the addition of a 60,000 gallon equalization tank and associated modifications to the existing 90,000 gpd WWTP. The WWTP will continue to discharge to Scot Run, a tributary of the Pocono Creek, which is a tributary of the Brodhead Creek. The Brodhead Creek is a tributary to the Middle Delaware River Special Protection Waters. The facility is located in Pocono Township, Monroe County, PA.

17. *Alsace Township D-2006-5 CP-1*. An application to construct a 0.071 mgd WWTP to process domestic wastewater from 201 homes in Alsace Township that are currently served by onlot septic systems. The extended aeration plant will be constructed at the intersection of Alsace Avenue and Kegerise Drive in Alsace Township, Berks County, PA. WWTP effluent will be discharged to an unnamed tributary of Little Manatawny Creek in the Schuylkill River Watershed.

18. *Delaware River Joint Toll Bridge Commission D-2006-7 CP-1*. An application for approval of a bridge modification project, located in a recreational area which is included in the Commission's Comprehensive Plan. The US Route 1 Toll Bridge connects the Borough of Morrisville, Bucks County, PA with the City of Trenton, Mercer County, NJ and is located at the base of Commission's Water Quality Zone 1E. The bridge will be widened at a point where it passes over the Delaware Canal, formerly known as Roosevelt State Park.

19. *Green Walk Trout Hatchery D-2006-8-1*. An application for approval of a groundwater withdrawal project to supply up to 12.96 mg/30 days of water to the applicant's commercial trout hatchery from existing Wells Nos. W-2, W-5 and W-6. The total allocation will be limited to 12.96 mg/30 days. Groundwater withdrawals will be used to augment the flow of Greenwalk Creek and provide cold, oxygenated water to the applicant's trout stocking facility. The project is located in the Waltz Creek Watershed in Washington Township, Northampton County, PA.

20. *Ingersoll-Rand Company D-2006-14-1*. An application for the approval of an existing groundwater remediation discharge project located at the Ingersoll-Rand facility in Phillipsburg, NJ. The existing remediation system discharges approximately 0.090 mgd by means of Outfall

002 to Lopatcong Creek, which converges with the Delaware River at River Mile 182, within a reach classified as "Significant Resource Waters." The facility is located in the Town of Phillipsburg and Lopatcong Township, Warren County, NJ.

21. *Clement Pappas & Co., Inc. D-2006-15-1.* An application for the approval of an existing 2.0 mgd cooling water discharge that serves the applicant's food processing facility. The food processing operation consists of bottling fruit juices and cranberry sauces. The cooling water is discharged to Foster Run, which is a tributary to the Cohansey River. The facility is located in Upper Deerfield Township, Cumberland County, NJ.

22. *Cove Haven Inc., d/b/a Caesars Brookdale on the Lake Resort D-2006-19-1.* An application for the approval of the existing Caesars Brookdale on the Lake Resort's WWTP discharge of 0.084 mgd. The WWTP will continue to discharge to Brookdale Lake, which discharges to Scot Run. Scot Run is a tributary to the Pocono Creek, which is tributary to the Brodhead Creek. The Brodhead Creek is a tributary to the Middle Delaware River Special Protection Waters. The facility is located in Pocono Township, Monroe County, PA.

23. *Cove Haven Inc., d/b/a Caesars Paradise Stream Resort D-2006-20-1.* An application for approval of an existing 0.1 mgd discharge from the WWTP that serves the Caesars Paradise Stream Resort. The WWTP will continue to discharge to Paradise Creek, which is a tributary to the Brodhead Creek. The Brodhead Creek is a tributary to the Middle Delaware River Special Protection Waters. The facility is located in Paradise Township, Monroe County, PA.

24. *White Pines Partners, L.P. D-2006-22-1.* An application for approval of a groundwater withdrawal project to supply up to 4.968 mg/30 days of water to the applicant's Island Green golf course irrigation system from new Well PW-1. The project is located in the Wissahickon Schist Formation in the Pennypack Creek Watershed in the City of Philadelphia, PA.

25. *Council Rock School District D-2006-24 CP-1.* An application for approval of a groundwater withdrawal project to supply up to 2.722 mg/30 days of water to the applicant's athletic field irrigation system from new Wells Nos. 1 and 2. The project is located in the Stockton

Formation in the Neshaminy Creek Watershed in Northampton Township, Bucks County, PA and within the Southeastern Pennsylvania Ground Water Protected Area.

In addition to the public hearing on the dockets listed previously, the Commission's 1:30 p.m. business meeting will include: a public hearing and consideration of a resolution to extend the Special Protection Waters designation for the Lower Delaware River; a public hearing and consideration of a resolution approving the Commission's Water Resources Program for Fiscal Years (FY) 2007-12; a resolution authorizing the Executive Director to enter into an agreement with the National Oceanic and Atmospheric Administration for the purpose of installing snow pack gauges in the Upper Basin; a resolution authorizing the Executive Director to enter into an agreement for consulting services in connection with the acquisition of a data management system; and a public hearing and consideration of a resolution approving the Commission's FY 2007-08 Budget and Work Plan.

The meeting will also include: adoption of the Minutes of the Commission's July 19, 2006, business meeting; announcements of upcoming advisory committee meetings and other events; a report by the Executive Director; a report by the Commission's General Counsel; and an opportunity for public dialogue.

Draft dockets scheduled for public hearing on September 27, 2006, will be posted on the Commission's www.drbc.net, when they can be accessed through the Notice of Commission Meeting and Public Hearing. Additional documents relating to the dockets and other items may be examined at the Commission's offices. Please contact William Muszynski at (609) 883-9500, Ext. 221, with any docket-related questions.

Individuals in need of an accommodation as provided for in the Americans With Disabilities Act who wish to attend the informational meeting, conference session or hearings should contact the Commission Secretary directly at (609) 883-9500 Ext. 203 or through the Telecommunications Relay Services (TRS) at 711, to discuss how the Commission can accommodate their needs.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final

determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department

of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1**Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Former ACCO Site, York City, York County. BL Companies, 213 Market Street, Harrisburg, PA 17101, on behalf of Eastco Enterprises, Inc., 454 East Princess Street, York, PA 17403, submitted a Notice of Intent to Remediate site soils and groundwater contaminated with inorganics and trichloroethene. The property was a manufacturing plant and is currently used as a recycling facility. The applicant seeks to remediate to the Statewide Health and Site-Specific Standards.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment. Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

The facility currently has a State-only Operating Permit. The facility is subject to the New Source Performance Standards for Non Metallic Mineral Processing Plants—40 CFR 60 Subpart 000.

25-090C: Zurn Industries—Cast Metals Division (1301 Raspberry Street Erie, PA 16502) for construction of a paint dip operation in the City of Erie, **Erie County**.

In accordance with 25 Pa. Code §§ 127.44(d) and 127.424(d), the Department of Environmental Protection (Department) intends to issue a plan approval to construct a paint dip operation in the City of Erie, Erie County. The plan approval will include emission restrictions for the new engines. The VOC emissions from the dip coat operation are restricted to 20.0 TPY. The hours of operation at the facility are limited to 2550 hours of operation. The source was previously located at the Pittsburgh Avenue facility. The permittee shall be required to comply with the surface coating regulations in 25 Pa. Code § 129.52. The facility will be required to monitor and keep records of the hours of operation, daily paint consumption and the emissions from the source. The plan approval will also include additional monitoring, reporting and record keeping conditions and other requirements to ensure the source is operated in compliance with the Department's regulations contained in 25 Pa. Code Chapters 121—143 and the requirements of the Federal Clean Air Act. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into a State-only Operating Permit through an administrative

amendment at a later date. Issuance of the plan approval is recommended with the appropriate conditions in the plan approval.

36-03116A: Wilbur Chocolate Co., Inc. (48 North Broad Street, Lititz, PA 17543) for installation of a new roasting system at their chocolate manufacturing facility in Mount Joy Borough, **Lancaster County**. The additional equipment required for the roasting system involves increasing the facility annual VOC emissions to approximately 11.8 tons. The plan approval will include monitoring, recordkeeping, reporting and work practice requirements designed to keep the source operating within all applicable air quality requirements.

36-05142A: Masterfoods USA—Division of Mars, Inc. (295 Brown Street, Elizabethtown, PA 17022) for installation of a new roasting system controlled by a venturi scrubber at their candy manufacturing facility in Elizabethtown Borough, **Lancaster County**. The construction will result in approximately 24.6 tons of VOC emissions and 19.5 tons of particulate emissions per year. The plant is a major facility and subject to the operating permit requirements of Title V of the Federal Clean Air Act and 25 Pa. Code, Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permit requirements). The plan approval contains work practice standards and recordkeeping requirements designed to keep the facility operating within all applicable air quality regulations.

38-05035: PPL Distributed Generation, LLC (Two North Ninth Street, GENPL8, Allentown, PA 18101) for a landfill gas to energy facility with Greater Lebanon Refuse Authority to install two engine generators (Caterpillar model G3520C, 1,600 kilowatts each) in North Annville Township, **Lebanon County**. The facility's primary emissions will be NOx. These sources will operate in place of existing on site engine generators.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.

53-00003C: National Fuel Gas Supply Corp. (1100 State Street, Erie, PA 16501) for modification of a 4445 brake horsepower natural gas-fired reciprocating internal combustion compressor engine (Engine 1A) at the Ellisburg Compressor Station in Allegany Township, **Potter County**.

The proposed modification is an increase in the engine's emission limitation for formaldehyde (HAP) from the previously-approved rate of .991 pound per hour to a rate of 1.67 pounds per hour as well as an increase in the emission limitation for total combined HAPs from the previously-approved rate of 1.59 pounds per hour to a rate of 2.269 pounds per hour. The formaldehyde emissions from the engine could consequently increase from a maximum of 4.34 tons per year to a maximum of 7.315 tons per year and the emission of total combined HAPs could consequently increase from a maximum of 6.96 tons per year to a maximum of 9.94 tons per year.

The Ellisburg Compressor Station is a major facility for NOx, VOCs, HAPs and CO and one for which a Title V Operating Permit (53-00003) has been issued.

The Department of Environmental Protection (Department) proposes to issue plan approval for the modification of the respective engine. Additionally, the Department proposes to subsequently incorporate the conditions of the plan approval into Title V Operating Permit 53-00003 via administrative amendment in accordance with 25 Pa. Code § 127.450.

The following is a summary of the conditions the Department proposes to place in the plan approval to be issued:

1. The formaldehyde emissions from Engine 1A shall not exceed 1.67 pounds per hour and 7.315 tons in any 12-consecutive month period.
2. The total combined emission of all HAPs from Engine 1A shall not exceed 2.269 pounds per hour and 9.94 tons in any 12-consecutive month period.
3. Following the issuance of this plan approval, formaldehyde stack testing shall be performed on Engine 1A every 5 years with the first the occurrence of testing to be performed by no later than June 30, 2008.
4. Conditions of Plan Approval OP-53-0009D remain in effect unless superseded or amended by a condition contained in this plan approval. If there is a conflict between a condition contained in Plan Approval OP-53-0009D and a condition or requirement contained in this plan approval, the permittee shall comply with the condition or requirement contained in this plan approval rather than with the conflicting condition or requirement contained in Plan Approval OP-53-0009D.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Eric Gustafson, Facilities Permitting Chief, (814) 332-6940.

43-00314: VEC Technology, LLC (639 Keystone Road, Greenville, PA 16125) for modification of their Title V Operating Permit in Greenville Borough, **Mercer County**. The initial permit was originally issued on

February 11, 2003. VEC is a boat building and repairing facility and it carried out an open and closed mold operation. As a result of potential emissions of VOC, the facility is major for VOC. The facility is subject to Title V permitting requirements adopted in 25 Pa. Code Chapter 127, Subchapter G. No sources at the facility are subject to Compliance Assurance Monitoring under 40 CFR Part 64. The proposed Title V operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

Intent to Issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Mark Wejkszner, New Source Review Chief, (570) 826-2531.

40-00018: Exopack, LLC (3 Mapelwood Drive, Hazelton, PA 18201) for operation of multicolor flexographic printing presses and patch printers in Hazle Township, **Luzerne County**. This action is a renewal of the State-only (Synthetic Minor) Operating Permit for this facility. This Operating Permit shall include emission restrictions, monitoring, recordkeeping and reporting requirements designed to ensure this facility complies with all applicable air quality regulations.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

36-03013: US Boiler Co. (1135 Dillerville Road, Lancaster, PA 17603) for a natural minor permit renewal for coating operations and commercial boilers at their Dillerville Road Boiler Plant, in the City of Lancaster, **Lancaster County**. Facilities sources of emissions include the dip tank and boilers, which primarily emit VOC and NO_x respectively. The natural minor operating permit will contain monitoring and recordkeeping requirements designed to keep the facility operating within all applicable requirements.

36-03014: Lancaster Metal Manufacturing, Inc. (1237 Harrisburg Pike, Lancaster, PA 17603-2500) for a natural minor permit renewal for coating operations and commercial boilers at their Fruitville Pike Plant, in Manheim Township, **Lancaster County**. Facilities sources of emissions include the dip tank and boilers, which primarily emit VOC and NO_x respectively. The natural minor operating permit will contain monitoring and recordkeeping requirements designed to keep the facility operating within all applicable requirements.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Eric Gustafson, New Source Review Chief, (814) 332-6940.

61-187C: SMS Millcraft (671 Colbert Avenue, Oil City, PA 16301) for modification of an existing air contamination source by no longer venting the copper plating tank to the fume scrubber in the Oil City Industrial Park in Oil City, **Venango County**.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection intends to issue a plan approval to modify an existing air contamination source by no longer venting the copper plating tank to the fume scrubber in the Oil City Industrial Park located in Oil City, Venango County. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into a State-only operating permit through an administrative amendment at a later

date. Issuance of the plan approval is recommended with the appropriate conditions in the plan approval.

16-010B: Owens Illinois—Clarion Plant (151 Grand Avenue, Clarion, PA 16214-1708) for modification of the Hot End Surface Treatment system in Clarion Borough, **Clarion County**. This is a Title V facility. The public notice is required for sources required to obtain a Plan Approval at Title V facilities in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate Best Available Technology for the source:

- The source is subject to 25 Pa. Code § 123.13 for PM.
- The source shall not emit more than 250 ppm ammonia slip.
- The source shall be stack tested for particulate, VOC and ammonia slip.
- The permittee shall maintain a record of the following from the operational inspections:
- Pressure drop across the control device
- Mono-butyltin trichloride (MBTT) addition rate.
- Ammonia injection rate.
- The permittee shall perform a daily operational inspection of the source and control device when in operation.
- A magnehelic gauge or equivalent shall be permanently installed and maintained at a convenient location to indicate the pressure drop across the control device.
- All gauges employed (pressure drop across the control device, MBTT addition rate, and ammonia injection rate) shall have a scale so that the expected normal reading shall be no less than 20% of full scale and be accurate within ±2% of full scale reading.
- The permittee shall operate the control device at all times that the source is in operation. Ammonia shall be supplied at a rate slightly above stoichiometry to ensure a complete reaction (where the MBTT goes from a VOC to a solid for PM removal in the baghouse).
- The permittee shall maintain and operate the source and control device in accordance with the manufacturer's specifications and in accordance with good air pollution control practices.

25-025J: General Electric Transportation Systems—Erie Plant (2901 East Lake Road, Room. 9-201, Erie, PA 16531) for construction of two natural gas-fired package boilers rated at 88.5 mmBtu/hr and approving of ERCs for the shutdown of Boiler No. 1 in Lawrence Park Township, **Erie County**. The new boilers will be subject to 40 CFR 60 Subpart Dc. This is a Title V facility. The public notice is required for sources required to obtain a Plan Approval at Title V facilities in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval

terms and conditions) and will demonstrate Best Available Technology for the source:

- The Department of Environmental Protection hereby certifies the emission reduction credits (ERCs) as described as follow.
 - This ERC Approval is for the following source:

Shut Down Source	Shutdown Date
Babcock & Wilcox	(Source 031) 6/6/2005
Coal Fired Boiler No.1	
- The ERC approval is subject to the special conditions listed as follows.
 - These ERCs are subject to the requirements of 25 Pa. Code Chapter 127, Subpart E.
 - The facility shall notify the person below when the ERCs are transferred so that the proper ERC registry changes can be made.
- The facility has created and generated the following ERCs from the shutdown of the source listed in condition (a)(1):
 - NOx: 197.2 tons expiring 6-6-15
 - SOx: 943.2 tons expiring 6-6-15
 - VOC: 1.1 tons expiring 6-6-15
 - The facility as of plan approval issuance has the following ERCs at their disposal:
 - NOx: 280.9 tons expiring 12-31-10
 - 197.2 tons expiring 6-6-15
 - SOx: 2,006.7 tons expiring 12-31-10
 - 943.2 tons expiring 6-6-15
 - VOC: 1.8 tons expiring 12-31-06
 - 1.7 tons expiring 12-31-10
 - 1.1 tons expiring 6-6-15
 - PM: 29.5 tons expiring 12-31-10
 - CO: 111.9 tons expiring 12-31-10
 - The facility and any subsequent user of these credits shall comply with the requirements of 25 Pa. Code §§ 127.206—127.208 regarding ERC use and transfer requirements.
 - Any future NOx and VOC emissions from this facility must comply with the New Source Review regulations under 25 Pa. Code § 127, Subchapter E.
 - These ERCs may be used, traded or sold after the approved entry of the ERCs by the Department into the Pennsylvania ERC Registry System.
 - The source listed in condition (a)(1) shall remain permanently shutdown. If the company plans to bring the shutdown sources back into production, the company shall submit an appropriate plan approval application. Any subsequent emissions from the shutdown source shall comply with New Source Review (NSR) regulations in 25 Pa. Code 127, Subchapter E.
 - The ERCs generated from this source will expire for use as offsets after 10 years. The use of these ERCs in applicability determinations for netting purposes is limited to the period specified in Pa Code § 127.211.
 - Pursuant to the provisions of 25 Pa. Code § 127.207(7), if the ERC generating source has not

been dismantled or removed, the company must submit to the Department on an annual basis the verification of the continuance of the shutdown.

- Boilers are subject to 25 Pa. Code 123.11 and 123.22 for Particulate Matter and Sulfur Compounds.
- This source is subject to 25 Pa. Code §§ 123.1, 123.31 and 123.41 for fugitive, odor and visible emissions, respectively.
- The source shall be capable of reducing NOx and CO emissions to or below:
 - For NOx: 80 ppm_{dv} at 3% O₂
 - For NOx: 0.1 #/mmBtu based on a 30-day rolling average
 - For CO: 300 ppm_{dv} at 3% O₂
- VOC emissions from each boiler shall not exceed 0.006 lbs/mm_{btu} based on a 30-day rolling average.
- Subject to 40 CFR 60 Subpart Dc and 40 CFR 63 Subpart DDDDD
- The hours of operation for each boiler shall not exceed 4,320 hours per year based on a consecutive 12-month period and appropriate records maintained to show compliance.
- Stack test for CO and NOx

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition,

more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application num-

ber; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Effluent Limits—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

California District Office: 25 Technology Drive, Coal Center, PA 15423, (724) 769-1100.

32061303 and NPDES Permit NA, Rosebud Mining Company (301 Market Street, Kittanning, PA 16201). To operate the Heilwood Mine in Pine and Cherryhill Townships, **Indiana County** a new underground mine and related NPDES permit. Surface Acres Proposed 51.7, Underground Acres Proposed 4,454.0, SCP Acres Proposed 2,802.0. Receiving stream: Yellow Creek, classified for the following use: CWF. Application received: April 4, 2006.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, (814) 472-1900.

56860101. PA0597546, Croner, Inc., (P. O. Box 260, Friedens, PA 15541). Permit renewal for the continued operation and restoration of a bituminous surface mine in Brothersvalley Township, **Somerset County**, affecting 156.8 acres. Receiving streams: UNT to Buffalo Creek classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received: August 24, 2006.

56060108 and NPDES No. PA0249921. Future Industries, Inc. (P. O. Box 157, Meyersdale, PA 15552). Commencement, operation and restoration of a bituminous surface mine in Brothersvalley Township, **Somerset County**, affecting 98.3 acres. Receiving streams: Millers Run and UNTs to Millers Run classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received August 24, 2006.

11960102 and NPDES No. PA0213322. AMFIRE Mining Company, LLC (One Energy Place, Latrobe, PA

15650). Permit renewal for reclamation only of a bituminous surface mine in Adams Township and South Fork Borough, **Cambria County**, affecting 225.1 acres. Receiving stream: South Fork Branch Little Conemaugh River classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received: August 7, 2006.

Permit No. 4173SM6 and NPDES Permit No. PA0249980. Shade Mining Company (P. O. Box 130, Friedens, PA 15541). Renewal of NPDES Permit, Paint Township, **Somerset County**, Receiving streams: UNT to Shade Creek classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received: August 31, 2006.

Greensburg District Mining Office: Armbrust Professional Center, 8205 Route 819, Greensburg, PA 15601, (724) 925-5500.

Commencement, operation and restoration of a bituminous surface strip operation in Ashland Township, **Clarion County** affecting 62.0 acres. Receiving streams: one UNT to Little East Sandy Creek and Little East Sandy Creek, classified for the following use: CWF; one UNT to Canoe Creek, classified for the following use: HQ-CWF. There are no potable surface water supply intakes within 10 miles downstream. Application received: August 24, 2006.

10860105 and NPDES Permit No. PA0107051. Mahoning Mining, Inc. (P. O. Box 44, New Bethlehem,

PA 16242-044). Renewal of an existing bituminous surface strip operation in Slippery Rock and Worth Townships, **Butler County** affecting 251.0 acres. Receiving streams: Wolf Creek, UNTs to Slippery Rock Creek and Slippery Rock Creek, classified for the following use: CWF. There are no potable surface water supply intakes within 10 miles downstream. Application for reclamation only. Application received: August 29, 2006.

37010102 and NPDES Permit No. PA0241911. Amerikohl Mining, Inc. (202 Sunset Drive, Butler, PA 16001). Renewal of an existing bituminous surface strip and auger operation in Wayne Township, **Lawrence County** affecting 114.8 acres. Receiving streams UNT to Beaver River, classified for the following use: WWF. There are no potable surface water supply intakes within 10 miles downstream. Application for reclamation only. Application received: August 31, 2006.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, (814) 342-8200.

17060108 and NPDES No. PA0256404. Sky Haven Coal, Inc. (5510 State Park Road, Penfield, PA 15849), commencement, operation and restoration of a bituminous surface mine in Morris Township, **Clearfield County**, affecting 67.8 acres. Receiving streams: UNT to Emigh Run, classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received August 17, 2006.

17060109 and NPDES No. PA0256412. Hepburnia Coal Company (P. O. Box I, Grampian, PA 16838), commencement, operation and restoration of a bituminous coal surface mine with auger mining in Jordan Township, **Clearfield County**, affecting 322.4 acres. Receiving streams: Stony Run; Green Run, classified for the following use: HQ-CWF. There are no potable water supply intakes within 10 miles downstream. Application received August 21, 2006.

17030115 and NPDES No. PA0243612. Hilltop Coal Company (12 Dutchtown Road, Houtzdale, PA 16651). Revision of an existing bituminous surface auger mine to add 13.6 acres in Bigler Township, **Clearfield County**, affecting 199.0 acres. Receiving streams: Japling Run, UNT to Japling Run; UNT to Muddy Run, classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received: August 28, 2006.

Coal Applications Withdrawn

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, (570) 621-3118.

13010202. Northampton Fuel Supply Co., Inc. (1 Horwith Drive, Northampton, PA 18067), commencement, operation and restoration of an anthracite coal refuse reprocessing operation in Banks Township, **Carbon County** affecting 111.85 acres, receiving stream: none. Application received November 20, 2001. Application withdrawn August 28, 2006.

Coal Applications Returned

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, (570) 621-3118.

40870101R3 and 40870101T. Great Valley Construction Services, LLC, (100 Baltimore Drive, 4th Floor, East Mountain Corporate Center, Wilkes-Barre, PA 18702). Renewal and transfer of an existing anthracite surface mine operation in Jenkins Township, **Luzerne County** affecting 76.6 acres, receiving stream: none. Applications received April 26, 2004 and January 31, 2005. Applications returned: August 29, 2006.

Noncoal Applications Received

Effluent Limits

The following noncoal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity ¹		greater than 6.0; less than 9.0	
pH ¹			

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, (814) 472-1900.

Permit No. 56060801. Ramblin Hills (1504 Hillside Avenue, Windber, PA 15963). Commencement, operation and restoration of a small noncoal (industrial minerals) operation in Paint Township, **Somerset County**, affecting 3.0 acres. Receiving streams: UNT to Seese Run. Application received: August 24, 2006.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, (570) 621-3118.

40060301. Pioneer Aggregates, Inc. (202 Main Street, Laflin, PA 18702). Commencement, operation and

restoration of a quarry operation in Plains Township, **Luzerne County** affecting 190.5 acres, receiving stream: none. Application received August 18, 2006.

5276SM5C8 and NPDES Permit No. PA0595217. Eureka Stone Quarry, Inc. (800 Lower State Road, Chalfont, PA 18914). Renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in Dingman Township, **Pike County**. Receiving stream: Sawkill Creek, classified for the following use: exceptional value. Application received August 18, 2006.

5975SM3A1C3 and NPDES Permit No. PA0223344. Eureka Stone Quarry, Inc., (800 Lower State Road, Chalfont, PA 18914). Renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in Covington Township, **Lackawanna County**, receiving stream: Spring Brook, classified for the following use: CWF. Application received: August 18, 2006.

7976SM2C7 and NPDES Permit No. PA0122351. Eureka Stone Quarry, Inc. (800 Lower State Road,

Chalfont, PA 18914). Renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in Warrington Township, **Bucks County**. Receiving stream: UNT to Neshaminy Creek, classified for the following use: TSF and MF. Application received: August 18, 2006.

7973SM5C6 and NPDES Permit No. PA0223352. Eureka Stone Quarry, Inc. (800 Lower State Road, Chalfont, PA 18914), renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in Wrightstown Township, **Bucks County**, receiving stream: Neshaminy Creek, classified for the following use: TSF and MF. Application received: August 18, 2006.

6075SM3C6 and NPDES Permit No. PA0069744. Eastern Industries, Inc. (4401 Camp Meeting Road, Center Valley, PA 18034-9454). FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are

available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E14-495. Department of Transportation, Engineering District 2-0, 1924-30 Daisy Street Ext, P. O. Box 342, Clearfield, PA 16830. Engineered Rock Placement Area, in Worth Township, **Centre County**, ACOE Baltimore District (Port Matilda, PA Quadrangle N: 11.5 inches; W: 4.5 inches).

To place, operate and maintain an encapsulated Engineered Rock Placement Area, for waste pyretic rock mixed with baghouse lime, that encroaches on 0.62 acre of wetland and 4,852 linear feet of waterways with drainage areas less than 100 acres that will be mitigated on and off site. This site is located south of the railroad tracks next to Bald Eagle Creek, 1.7 miles northeast of the intersection of SR 322 and SR 220 in Port Matilda. This project proposes to impact 0.62 acre of wetland and 4,852 linear feet of waterways that are tributary to Bald Eagle Creek, which is classified as a WWF.

Southwest Region: Watershed Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1548. Lindy Paving, Inc. 586 North Gate Circle, New Castle, PA 16105. To operate and maintain a barge mooring facility in Neville Township, **Allegheny County**, Pittsburgh ACOE District. (Ambridge, PA Quadrangle N: 1.3 inches; W: 0.1 inch and Latitude: 40° 30' 26"—Longitude: 80° 07' 33"). To operate and maintain the existing barge mooring facility 690 feet in length by 120 feet wide (as measured from the normal pool elevation) in the channel and along the right back of the Ohio River back channel for the purpose of loading and unloading barges. The project is located approximately 3,000 feet upstream from the I-79 bridge and will impact 690 linear feet of stream channel.

E11-321. Johnstown Redevelopment Authority, Public Safety Building, Fourth Floor, 401 Washington Street, Johnstown, PA 15901. To construct and maintain a sewer line crossing in City of Johnstown, **Cambria County**, Pittsburgh ACOE District. (Johnstown, PA Quadrangle N: 10.04", W: 5.89" and Latitude 40° 18' 19", Longitude 78° 55' 02"). The applicant proposes to construct and maintain an aerial sanitary sewer line crossing over Cherry Run (WWF), with an 18-inch diameter C.I.P. or PVC pipe, for the purpose of conveying excess flows and to supplement an existing 8-inch diameter sanitary sewer line. The project is located adjacent to the brick arch bridge that carries Osborne Street over this watercourse.

E63-587. The Foundry at South Strabane, LLC, 5252 East 82nd Street, Suite 300, Indianapolis, Indiana 46250. To fill wetlands in South Strabane Township, **Washington County**, Pittsburgh ACOE District. (Washington East, PA Quadrangle N: 12.11", W: 13.31" and Latitude 40° 11' 30", Longitude 80° 13' 13"). The applicant proposes to place and maintain fill in 0.935 acre of wetlands, to place and maintain fill in three UNTs to Chartiers Creek, (WWF) each having a drainage area of less than 100 acres; tributary 1 = 180' of impact, tributary 2 = 1,480 feet of impact and tributary three = 840 feet of impact, for a total impact of 2,500 feet; to remove coal refuse, restore and maintain grade with stable fill along the southwest bank of a UNT to Chartiers Creek. (WWF) To compensate for these impacts, the applicant proposes to enhance approximately 4,600 linear feet of UNTs to Chartiers Creek (WWF) through stabilization of eroded stream bank and the establishment of riparian buffer zones, and to construct and maintain 1.1 acres of replacement wetlands. The proposed impacts are for the purpose of constructing a multiple structure, retail and service complex known as the Foundry at South Strabane. The project is located at the

south corner of the intersection of Manifold Road and US Route 19.

Northwest Region: Watershed Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E10-421, Buffalo and Pittsburgh Railroad, Inc., 201 North Penn Street, P. O. Box 477, Punxsutawney, PA 15767. Chicora Bridge Replacement, in Donegal Township, **Butler County**, ACOE Pittsburgh District (East Butler, PA Quadrangle N: 40°, 56', 23"; W: 79°, 46', 06").

To operate and maintain an approximately 200-foot long, 72-inch diameter reinforced concrete pipe stream enclosure a tributary to Buffalo Creek and rock fill placed in a total of 0.47 acre of adjoining wetlands under DEP Emergency Permit No. EP1006602, as amended, associated with reconstruction of the existing Buffalo & Pittsburgh Railroad line south of SR 68 approximately 1.25 miles southwest of Chicora. Project proposes creation of 0.8 acre of replacement wetland immediately southwest of the structure and stream restoration activities along approximately 235 feet of a tributary adjacent to the railroad embankment.

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

BIOSOLIDS INDIVIDUAL PERMITS (PABIG, SSN AND PABIS)

The Department of Environmental Protection (Department) has taken the following actions on the previously received individual permit applications for the land application of treated sewage sludge (biosolids).

Any person aggrieved by these actions may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P. S. § 7514 and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the

act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of

itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

SPECIAL NOTICES

HAZARDOUS SITES CLEANUP UNDER THE ACT OF OCTOBER 18, 1988

Proposed Consent Order and Agreement

Calgon Carbon Corporation, Mays/Hickman Road Site, Robinson Township, Allegheny County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305), has entered into a proposed Consent Order and Agreement (CO&A) with Calgon Carbon Corporation (Calgon). The proposed CO&A resolves the HSCA generator liability of Calgon for reimbursement of costs expended by the Department at property located in Robinson Township, Allegheny County (Site).

Calgon is a successor-in-interest to Pittsburgh Activated Carbon (PAC). As such, Calgon inherited HSCA liability incurred by PAC by virtue of PAC's generation of various hazardous substances and its arrangement for the transport of those hazardous substances to the Site and their disposal there, resulting in those hazardous substances' release and threatened release into the environment.

Beginning in the mid-1950s and until at least 1964, Jake Phillips, Sr. hauled to the Site carbon sweepings dross and various industrial waste from the Pittsburgh Coke and Chemical facility (mid-1950s through 1959) and from the Pittsburgh Activated Carbon facility (1960 through 1964), both located on Neville Island. In September 1959, Jake Phillips, Sr. incorporated his hauling business as the Phillips Contracting Company, Inc. (PCC). The hauling from the two facilities conducted by Jake Phillips, Sr. and by PCC resulted in disposal at the Site of about 1,200 tons of carbon sweepings and industrial waste, including eight leaking 55 gallon drums.

A 1993 EPA investigation and 1994 and 2001 investigations by the Department found contamination in the form of various volatile and semi-volatile organics at the Site. In 2003, to address this contamination, the Department conducted an interim response pursuant to section 501(a) of HSCA (35 P. S. § 6020.501(a)). The Department's interim response entailed the removal and proper disposal of all Site waste. As a result of its Site investigation and its interim response, the Department incurred costs in the amount of \$1,385,368.

In September 2003, the Department settled its costs claim against Wilmington Securities, Inc. (Wilmington), for \$420,000. Wilmington inherited HSCA generator liability from its corporate predecessor, Pittsburgh Coke and Chemical. In November 2005, the Department settled its costs claim against Earlin Equipment Company, Inc. (Earlin) for \$125,000. Earlin inherited HSCA transporter liability from its corporate predecessor, PCC.

The Department's proposed CO&A with Calgon calls for payment by Calgon of \$515,000, in three installments over a 1-year period, in exchange for the Department's covenant not to sue.

Under section 1113 of HSCA (35 P. S. § 6020.1113), the Department is publishing notice of the proposed CO&A and will provide a 60-day period for public comment on the CO&A beginning with the date of this publication.

Copies of the CO&A can be reviewed or obtained by contacting Terry Goodwald at the Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222 or by calling Terry Goodwald at (412) 442-4000. Persons may submit comments on the proposed CO&A during the 60-day public comment period only. Comments can be sent to Terry Goodwald at the address noted or may be delivered to him in person at the Department's Pittsburgh office.

The Department has reserved the right to withdraw its consent to the CO&A if comments submitted during the 60-day public comment period disclose facts or considerations which indicate, in the Department's judgment, that the CO&A is inappropriate or not in the public interest.

Certification to Perform Radon-Related Activities in this Commonwealth

In the month of August 2005 the Department of Environmental Protection, under the Radon Certification Act (63 P. S. §§ 2001—2014) and regulations promulgated thereunder at 25 Pa. Code Chapter 240, has certified the following persons to perform radon-related activities in this Commonwealth. The period of certification is 2 years. For a complete list of persons currently certified to perform radon-related activities in this Commonwealth and for information as to the specific testing devices that persons certified for testing or laboratory are certified to use, contact the Bureau of Radiation Protection, Radon Division, P. O. Box 8469, Harrisburg, PA 17105-8469, (800) 23RADON.

Action on First Application of Nonexceptional Value Sewage Sludge Under General Permit PAG-8 OR PAG-9

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, (814) 342-8200.

The Department of Environmental Protection (Department) has previously approved coverage under General Permit PAG-8. General Permit PAG-08-9908 authorizes the beneficial use of biosolids by land application to a reclamation site. The purpose of this notice is to advise the public that the Department has reviewed the Notice for First Land Application of Sewage Sludge for Kyler Environmental Services, Ltd, 1269 Piedmont Road, Somerset, PA 15501 on the Stoltzfus property (Permit No. 17068001), located in Jordan Township, Clearfield County, and has determined that the site is suitable for land application of biosolids effective August 18, 2006.

The actions of the Department may be appealed to the Environmental Hearing Board (Board), 2nd Floor, Rachel Carson Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457 by an aggrieved person under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 PaC.S. & 501—508 and 701—704 (relating to the Administrative Agency Law). Appeals must be filed within 30 days of the date of this issue of the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practices and procedure may be obtained from the Board.

Planning Grant Awards Under Section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection (Department) announces the following grants to counties under the Pennsylvania Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101, P. L. 556, section 901 and section 208 of the Waste Tire Recycling Act/Small Business and Household Pollution Prevention Act (Act 190 of 1996).

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans as required by Act 101, for carrying out related studies, surveys, investigations, inquiries, research and analysis, including those related to siting, environmental mediation, education programs on pollution prevention and household hazardous waste and providing technical assistance to small businesses for pollution prevention. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101, and the availability of monies in the Recycling Fund. Inquiries regarding the grant offerings should be directed to Sally Lohman, Chief, Waste Planning Section, Department of Environmental Protection, Bureau of Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

Availability of Amended General NPDES Permit for Concentrated Animal Feeding Operations (CAFOs) (PAG-12)

The Department of Environmental Protection (Department), by this notice, announces the availability of the amended general NPDES permit for concentrated animal feeding operations (CAFOs) (PAG-12). The Environmental Protection Agency (EPA) has approved the general permit and it will be available for use on October 1, 2006, on which date the current general permit will expire. Operations that are currently under the existing permit will receive a letter explaining the transition to the new permit conditions. The amended permit reflects changes made based upon public comments received on the draft amended permit. Notice requesting public comments on the proposed revisions to PAG-12 was published at 36 Pa.B. 233 (January 14, 2006). A comment and response (C & R) document has also been prepared by Department.

The amended general NPDES permit, notice of intent (NOI), instructions for completing the NOI, NOI checklist and C & R document are being duplicated for distribution and will be posted on Department's website at www.dep.state.pa.us/dep/deputate/watermgt/wc/Subjects/CDNM/cafo_home.htm.

The documents may also be available by writing or calling the Department's Central Office in the Division of Conservation Districts and Nutrient Management, Bureau of Watershed Management at the location as follows, or by contacting one of the six Department regional offices.

Coastal and Estuarine Land Acquisition Conservation Program; Federal Fiscal Year 2008 Grant Solicitation

The Coastal Zone Management (CZM) office of the Department of Environmental Protection (Department) is soliciting land acquisition grant proposals to submit to the National Oceanic and Atmospheric Administration (NOAA) through the Coastal and Estuarine Land Conservation Program (CELCP). This solicitation is for preliminary candidate-proposals and is for funding awards under the Federal Fiscal Year (FFY) 2008 Funding cycle.

Each coastal state may nominate up to three candidate projects to NOAA for this National, competitive process. Only the best, most-competitive proposals will be selected by the Department for submission to NOAA. Following review of candidate proposals by the Department, NOAA and the United States Congress, finalists will be selected and may be asked to submit a more formal application at a later date. Federal funding awards, if appropriated, are expected to be made between the spring of 2008 and December 2010. CELCP places an emphasis on "ecologically valuable" lands. The geographic areas covered by

CELCP are the designated Delaware Estuary Coastal Zone Watershed and the Lake Erie Coastal Zone Watershed.

Grant applications may be made for the purchase of only land acquisitions or interests; these may be in fee-simple title or as conservation easements. A major condition of the CELCP Program is that the title or easement must be held by a governmental/public entity. Further, grant awards must be matched dollar-for-dollar (may include in-kind match but not other Federal funds) and are capped at \$3 million each (Federal share). Land trusts may hold subeasements for management and stewardship on CELCP-funded properties and may assist in the development of proposals but they may not hold title to any property acquired with CELCP funds.

Preliminary candidate-proposals must be submitted no later than October 16, 2006, to James Nagy, Department of Environmental Protection, Water Planning Office, P. O. Box 2063, 400 Market Street, Harrisburg, PA 17105-2063, and must include the following:

1. A project description (refer to Department website)
2. Scope of Work (refer to Department website)
3. Proposed budget (refer to Department website)
4. A project application (refer to Department website) checklist
5. Maps of the site/project location, and

*6. "Other" materials: (such as, copy of property appraisal, title opinion, evidence of a willing seller, and the like). These may be submitted if available but are not be required at this time.

*Note: "Other" materials would be required at the time of the formal grant application if the candidate-proposal is selected during the upcoming preliminary review period during the winter of 2006/07.

The Federal Funding Opportunity (FFO) Announcement, Federal Register Notice, Description and Scope of Work Formats and CELCP Checklist are listed on the Department's website at www.depweb.state.pa.us (DEP Keywords "Coastal Zone Management Program/Coastal Zones"). These materials contain detailed information about the grant application submission and review process. The FFO Announcement also contains several links to the NOAA CELCP website for further explanations of program requirements and additional guidance.

Persons not already familiar with CELCP should closely review the *Federal Register* notice and FFO to understand eligibility requirements, ranking criteria and the types of acquisition projects the program may fund.

Pennsylvania Small Business Advantage Grant Program; Notice of Program Guideline Modifications

The Department of Environmental Protection (Department) announces a minor change to the guidelines for the Small Business Advantage Grant Program. In the first few weeks of this fiscal year, the Small Business Advantage Grant Program received an unusually large number of applications for one specific category of project—anti-idling equipment for PA small trucking businesses. Because of the increased volume of applications, the program had reached the limits of funding for that specific project category by early August. On August 10, 2006, the Small Business Advantage Program announced that it had ceased accepting new applications for anti-idling projects. To fund eligible applications received before the August 10 announcement, the Department has authorized a minor change to the guidelines to increase the proportion of funding that it may apply to this project category from \$250,000 to \$290,000. Although this program modification will enable the Department to fund several additional eligible applications under this specific project category, the maximum amount allowable for any individual grant—\$7,500—will remain unchanged.

Small Business Advantage is still accepting applications for all other types of eligible projects. Applications are available on the Department's website at www.depweb.state.pa.us (DEP Keywords: "SBAdvantage") or by contacting the Department of Environmental Protection, Office of Energy and Technology Deployment, 15th Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8772, Harrisburg, PA 17105-8772, (717) 783-8411.

For questions regarding an existing application, contact Dave Barnes, Office of Energy and Technology

Deployment, Small Business Ombudsman's Office, at (717) 783-8411 or epadvantagegrant@state.pa.us.

Stormwater Manual Oversight Committee; Change of Meeting Date

The September 26, 2006, meeting of the Stormwater Manual Oversight Committee (Committee) has been rescheduled. The Committee will now meet at 10 a.m. on October 10, 2006, in Room 105 of the Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA.

Questions concerning the meeting should be directed to Dennis Stum, Bureau of Watershed Management, at (717) 772-5963 or dstum@state.pa.us. The agenda and meeting materials for the October 10, 2006, meeting will be available through the Department of Environmental Protection's (Department) website at www.depweb.state.us (DEP Keywords: "Public Participation, Participate").

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Dennis Stum at the previously listed telephone number or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

DEPARTMENT OF HEALTH

Approval of Drugs Which May be Used by Certain Optometrists

Under the Optometric Practice and Licensure Act (act) (63 P. S. §§ 244.1—244.12), and specifically as the act was amended by the act of December 16, 2002 (P. L. 1950, No. 225) (Act 225), the Secretary of Health (Secretary) has the authority to approve drugs for use in the practice of optometry as the "practice of optometry" is defined in Act 225. The State Board of Optometry, through the Secretary of State, sent the Secretary a letter on June 21, 2006, and requested that the Secretary approve the use of the following drugs. Act 225 requires that the Secretary, within 90 days of the receipt of the list of drugs, and in consultation with the Physician General, approve or disapprove for good cause each drug. The Secretary has found good cause to approve the use of the following drugs in the practice of optometry:

Nepafenac (Nevenac®) ophthalmic solution

Bromfenac (Xibrom®) ophthalmic solution

The approval of the use of this drug is effective upon publication of this notice in the *Pennsylvania Bulletin*.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape or Braille) should contact Carol Williams, Director, Bureau of Community Program Licensure and Certification, 132 Kline Plaza, Suite A, Harrisburg, PA 17104, (717) 783-8665, for speech and/or hearing impaired persons, V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Services at (800) 654-5984 (TT).

DEPARTMENT OF REVENUE

Public Utility Realty Tax Act (PURTA) Surcharge Rate Notice for the Tax Year Beginning January 1, 2007

72 P. S. § 8111-A(d) requires the Secretary of Revenue to publish the rate of the Public Utility Realty Tax Act (PURTA) surcharge in the form of a notice in the *Pennsylvania Bulletin* by October 1, 2003, and by each October 1 thereafter. The tax rate established in 72 P. S. § 8111-A(d) shall be imposed upon gross receipts taxes as provided in 72 P. S. § 8111-A(d) for the period beginning the next January 1.

The result of the PURTA surcharge calculation provided in 72 P. S. § 8111-A for the tax year beginning January 1, 2007, is 1.2 mills (0.0012). Therefore, a surcharge pursuant to 72 P. S. § 8111-A(d) will be imposed for the taxable period beginning January 1, 2007. The additional 1.2 mills (0.0012) shall be paid upon each dollar of gross receipts reported and settled in accordance with 72 P. S. § 8101, except gross receipts from providing mobile telecommunication services and telegraph or telephone messages transmitted in interstate commerce.

DEPARTMENT OF TRANSPORTATION

Finding Allegheny County

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)), the Deputy Secretary for Highway Administration makes the following written finding:

The Federal Highway Administration and the Department of Transportation (Department) are planning to replace the McClintock Road Bridge that carries SR 2033 over Jacks Run in White Oak Borough, Allegheny County.

Replacement of the bridge will require the acquisition of 0.46 acre of land from the White Oak Park, which is a Section 4(f)/Section 2002 resource.

Based upon studies, there is no feasible and prudent alternative to the proposed action. Mitigation measures will be taken to minimize harm as stipulated in the Categorical Exclusion Evaluation and the Programmatic Section 4(f) Evaluation including restoration and landscaping of disturbed areas.

The environmental, economic, social and other effects of the proposed project, as enumerated in section 2002 of The Administrative Code of 1929, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize such effects.

Finding Bedford County

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)), the Deputy Secretary for Highway Administration makes the following written finding:

The Federal Highway Administration and the Department of Transportation are planning the roadway and intersection realignment and the construction of turn lanes at certain locations on SR 56 in East Saint Clair Township, Bedford County.

The subject project is considered a Level 2 Categorical Exclusion in accordance with 23 CFR Part 771.117(d), Item 1 as published in the August 28, 1987, *Federal Register*.

The project will require the acquisition of 0.87 acre from the Chestnut Ridge Middle School, a Section 2002/Section 4(f) resource. Acquisition of land from the Chestnut Ridge Middle School property will constitute a use of the Section 2002/Section 4(f) resource.

Based upon studies, there is no prudent and feasible alternative to the proposed action.

The environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize the effects.

Finding Bucks and Lehigh County

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)), the Deputy Secretary for Highway Administration (Deputy Secretary) makes the following written finding:

The Department of Transportation (Department) plans to widen existing SR 0309, Section 06S, from the Bucks/

Lehigh County Line to Fairmont Street in the Borough of Coopersburg, Lehigh County. The project will use land from a portion of the National Register-listed Coopersburg Historic District.

Mitigation measures will be taken to minimize harm. Historically sensitive landscaping will be planted to replace the mature trees and shrubbery impacted by the project. Up to four Pennsylvania Historical Markers will be placed at major intersections within the Coopersburg Historic District, and educational materials about the history of the Coopersburg Historic District will be developed. Also, coordination with consulting parties and the public will continue throughout final design and construction of the project.

The Deputy Secretary has considered the environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929 and has concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize effects.

No adverse environmental effect is likely to result from this project.

**Finding
Butler County**

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)), the Deputy Secretary for Highway Administration (Deputy Secretary) makes the following written finding:

The Department of Transportation (Department) plans to replace the existing Wayne Street Bridge, carrying SR 0356 over Connoquenessing Creek in the City of Butler, Butler County. The existing Wayne Street Bridge, as well as the Butler Historic District, the South Butler Historic District and the Butler Industrial Corridor Historic District have been determined eligible for the National Register of Historic Places. The effect of this project on the said historic resources will be mitigated by the following measures to minimize harm to the resources.

1. The Department shall design the details of the new bridge to minimize the visual impact of the project on the historic character of the three historic districts. Design elements could include form liners or applied stone on the face of the abutments and compatible lighting fixtures. The selection of historically compatible design elements will be made by the Federal Highway Administration (FHWA) in consultation with the Department, the public, the Butler County Historical Society (BCHS) and the State Historic Preservation Officer (SHPO).

2. The Department shall erect an interpretive plaque on the site. The Department will consult with BCHS and the SHPO on the text, as well as on the location and appearance of the plaque.

3. The Department shall conduct a regional synthesis of the Connoquenessing Creek Valley (Valley). The study will include a geomorphological survey of the Valley and the development of an archaeological synthesis of precontact sites in the Valley. The Department shall prepare a technical report on the geomorphological survey and precontact archaeological synthesis. The report shall be submitted to the FHWA, the SHPO, interested Tribes and the BCHS for comment prior to distribution. Fifty compact discs will be distributed to the Butler County Historical Society, the City Library, and the Pennsylvania Archaeological Council (PAC). Five paper copies of the report will be provided to the SHPO.

4. The Department shall prepare an historic context report or booklet on the Butler Industrial Corridor and the existing bridge for public consumption. A draft of this report will be provided to the FHWA, SHPO and the BCHS for comment. Two hundred and fifty paper copies and 50 compact discs of this document will be produced and distributed to the BCHS, the City Library and the PAC. A copy will be provided to the SHPO.

The Deputy Secretary has considered the environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929, and has concluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize such effect.

No adverse environmental effect is likely to result from the replacement of this bridge.

**Finding
Lawrence County**

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)), the Deputy Secretary for Highway Administration makes the following written finding:

The Federal Highway Administration and the Department of Transportation (Department) are planning to replace the Van Gorder Mill Road Bridge that carries SR 2005 over Slippery Rock Creek in Wayne Township, Lawrence County.

The bridge is eligible for listing on the National Register of Historic Places and, therefore, qualifies as a Section 4(f)/Section 2002 resource. The State Historic Preservation Officer has concurred in a determination of "Adverse Effect" upon the resource.

Based upon studies, there is no feasible and prudent alternative to the proposed action. Mitigation measures will be taken to minimize harm as stipulated in the Categorical Exclusion Evaluation, the Programmatic Section 4(f) Evaluation and the associated Memorandum of Agreement that includes recordation of the structure in accordance with state level recordation guidelines.

The environmental, economic, social and other effects of the proposed project, as enumerated in section 2002 of The Administrative Code of 1929, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize the effects.

(IRRC #2535)**

Nonattainment New Source Review

August 30, 2006

We submit for your consideration the following comments on the proposed rulemaking published in the April 29, 2006 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Environmental Quality Board (EQB) to respond to all comments received from us or any other source.

1. Comments of the U. S. Environmental Protection Agency—Protection of public health; Effect on natural resources; Consistency with other regulations; Reasonableness; Implementation procedure; Need; Clarity.

On July 25, 2006, Judith A. Katz, Director, Air Protection Division, U.S. Environmental Protection Agency Region III (EPA Region III), submitted written comments on this proposed regulation to the EQB. The EPA Region III comments raised several issues directly related to our criteria. One impetus for this proposed regulation was major revisions to the federal regulations for Nonattainment New Source Review (for example, see 67 FR 80186, *Federal Register*, December 31, 2002). EPA Region III conveyed serious concerns in its comments and warned that it may be prohibited from approving portions of this proposed regulation as revisions to the State Implementation Plan (SIP). We share the same comments, questions and concerns expressed by the EPA Region III and incorporate them into the Commission's comments on this proposed regulation.

2. Differences between federal and state programs—Protection of public health; Effect on natural resources; Consistency with other regulations and statutes; Reasonableness; Implementation procedure; Need; Clarity.

In the preamble, the EQB identified several areas of the proposed regulation that are more stringent than the federal regulations. Several commentators, including the Pennsylvania Chamber of Business and Industry (PCBI), Pennsylvania Chemical Industry Council (PCIC) and Electric Power Generation Association (EPGA), expressed significant concerns with these provisions. The following paragraphs summarize examples of these concerns.

“Look back” provision for calculating baseline emissions

This provision allows permittees to “look back” in calculating baseline emissions. Federal regulations allow entities to select any two consecutive years in the preceding ten years as their baseline. In the case of utilities, they can use any two consecutive years in the preceding five years as their baseline. The proposed regulation would apply the five-year look back period to all entities, not just utilities.

Both PCIC and PCBI contend that the EQB is not being realistic. The “ten-year” look back is designed to incorporate economic variations in different markets and their impact on plant operations and emissions into the baseline calculation. It allows for the development of a more representative sample of past emissions and provides a better baseline for new sources, modifications and plantwide applicability limits (PALs).

Best available technology and PALs

Another difference is in Section 127.218 relating to PALs. Under federal provisions, a plant operator is not required to install emission controls on new emission units under an existing PAL if the facility is able to continue to meet its PAL emissions cap. Concerning the proposed regulation, the preamble states:

Under the Commonwealth's proposed approach in § 127.218, the owners and operators of new emission units added under an existing PAL will need to reduce or control emissions by using the best available technology as required under section 6.6(c) of the APCA [Air Pollution Control Act] (35 P. S. § 4006.6(c)).

This characterization of Section 6.6(c) of the APCA is not completely accurate. This subsection of APCA reads:

The department *is authorized* to require that new sources demonstrate in the plan approval application that the source will reduce or control emissions of air pollutants, including hazardous air pollutants, by using the best available technology. [Emphasis added.]

Hence, the EQB and Department of Environmental Protection (DEP) are authorized to require use of the best available technology (BAT). However, the EQB also has the discretion *not* to require BAT within a PAL and its regulation could mirror the federal approach.

Again, the commentators urge that the EQB adopt the federal approach. The PAL emissions cap provides environmental protection and makes BAT unnecessary as long as the cap is maintained. By adding BAT, the EQB removes a primary incentive for using PALs.

Five-county southeastern region

The proposed regulation retains the severe ozone nonattainment standard for facilities that emit or have the potential to emit at least 25 tons per year (tpy) of volatile organic compounds (VOCs) and nitrogen oxides (NOx) in the southeast five-county region (Bucks, Chester, Delaware, Montgomery and Philadelphia). The federal regulations have re-classified this area as “moderate” nonattainment for ozone. Commentators are concerned that the proposed regulation will restrict economic growth in the region. They claim that businesses and industries in the region have already worked very hard to reduce emissions. Further reductions will not be obtainable except at significant expense which will be a disincentive to development and investment in the five-county area.

Conclusion

These are three examples of areas where the proposed regulation is more stringent than the federal rules. We have two concerns concerning these three examples and all the areas where the proposed regulation exceeds federal regulations adopted under the Clean Air Act.

First, the statutory directive to not exceed the standards of the Clean Air Act is repeated throughout Sections 4.2(a), (b) and (c) of the APCA. They read:

(a) In implementing the requirements of section 109 of the Clean Air Act, the board may adopt, by regulation, *only those control measures or other requirements which are reasonably required*, in accordance with the Clean Air Act deadlines, to achieve and maintain the ambient air quality standards or *to satisfy related Clean Air Act requirements*, unless otherwise specifically authorized or required by this act or specifically required by the Clean Air Act.

(b) Control measures or other requirements adopted under subsection (a) of this section *shall be no more stringent* than those required by the Clean Air Act unless authorized or required by this act or specifically required by the Clean Air Act. This requirement shall not apply if *the board determines that it is reasonably necessary* for a control measure or other requirement to exceed minimum Clean Air Act requirements in order for the Commonwealth:

- (1) To achieve or maintain ambient air quality standards;
- (2) To satisfy related Clean Air Act requirements as they specifically relate to the Commonwealth;
- (3) To prevent an assessment or imposition of Clean Air Act sanctions; or
- (4) To comply with a final decree of a Federal court.

(c) The board *may not* by regulation *adopt* an ambient air quality standard for a specific pollutant which is *more stringent* than the air quality standard which the EPA has adopted for the specific pollutant pursuant to section 109 of the Clean Air Act [42 U.S.C.A. § 74090]. [Emphasis added.]

The statutory directive appears to be clear. The air quality standards, rules and procedures of the Commonwealth should be consistent with the federal standards and regulations.

Second, the discretion afforded to the EQB to exceed federal requirements is limited. Given the precision and primacy of the statutory directive, there is an obligation to explain how and why exceeding the federal regulations was determined to be "reasonably necessary." Therefore, the EQB must justify each exception to the statutory directive. The preamble does not contain sufficient information. For each point in the proposed regulation where a state provision is more stringent than its federal counterpart, the EQB must fully explain and document the evidence and findings for each determination that exceeding federal rules is reasonable and necessary. This information needs to accompany the final-form regulation for each exception that is retained.

3. General—Consistency with other regulations; Reasonableness; Implementation procedures; Clarity.

Several commentators noted errors in the proposed regulation, or expressed concerns with format, and language that is confusing, repetitive or unclear in various sections.

For example, EPA Region III noted several differences between definitions of terms in the federal regulations and their counterparts in the proposed regulation.

The Allegheny County Health Department expressed several concerns regarding the structure and language in Sections 127.203a and 127.218.

A specific example of an error is Subsection 127.218(c)(2) which refers to the public participation requirements in Subsection 127.218 (d). The public participation requirement is actually discussed in Subsection 127.218(e).

Another problem is lengthy provisions such as Section 127.218(l)(1)(ii). This is an example of several items in one paragraph that could be re-formatted into a list. This section and other lengthy provisions could be clarified by being reformatted into a "list format" as described in the *Pennsylvania Code and Bulletin Style Manual* (See Section #2.5 (relating to section length) in Chapter 2 and Chapter 7 (relating to enumeration)).

Admittedly, federal regulations are not always clear or precise. However, re-writing and re-interpreting federal rules at the state level is a difficult and laborious task, and should only be done when it genuinely improves the clarity and effectiveness of public policy. Rather than attempt to "reinvent the wheel" or to re-define terms and re-write language from the federal regulations, the EQB should reference the appropriate federal rules wherever possible.

4. Sections 121.1 and 127.201a. Definitions.—Reasonableness; Need; Clarity.

General

Several commentators questioned the benefit of moving definitions to a new section in a different chapter. It is our understanding that DEP and EQB are reviewing this decision, and the definitions may return to Section 121.1 in the final-form regulation. We support retaining definitions in Section 121.1.

Applicability determination

This term is in Section 121.1 as an existing definition. If it and the new Section 127.203a are retained in the final-form regulation, then the existing definition should be amended to reference the new Section 127.203a.

Begin actual construction

This term does not appear to be used in the proposed regulation. The similar phrase "beginning actual construction" appears only one time in the proposed regulation. The EQB should either justify the need for this definition or delete it.

Major facility

The existing definition for this term in Section 121.1 reads: "A facility which has the potential to emit a pollutant equal to or greater than an applicable annual emissions rate in § 127.203." The proposed definition contains over 15 subparagraphs or clauses containing substantive rules related to the definition. Substantive provisions in a definition are not enforceable. In the final-form regulation, the substantive provisions should be deleted from this definition and moved to another section that describes conditions applicable to a "major facility." Another alternative would be to reference the corresponding item in the federal regulations.

5. Section 127.201b. Measurements.—Need; Clarity.

The need for or purpose of this section is unclear. It provides information for acronyms but does not define

any terms. Terms, such as BAT, BACT, ERC, LAER and MACT, are listed but there is no indication of where they are defined. Definitions for these terms can be found in Section 121.1 and elsewhere. Section 127.201b should reference the definitions in Section 121.1 or from other sources as applicable.

Some terms, such as “continuous parametric monitoring system” and “continuous emissions rate monitoring system,” are already defined in Section 127.201a. Similar terms also appear in the federal regulations. It is not necessary to repeat them in this section.

Property and Casualty Actuarial Opinion

August 30, 2006

We submit for your consideration the following comments on the proposed rulemaking published in the July 1, 2006 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Insurance Department (Department) to respond to all comments received from us or any other source.

1. Section 118a.4.—General requirements.—Reasonableness; Clarity.

Subsection (a)(2)(iii) includes the statement: “Other information that the Commissioner in the Commissioner’s discretion may require to determine the individual’s qualifications.” The final-form regulation should state that the Commissioner or Department will give insurers written notice describing the types of “other information” required by the Commissioner and why they are required.

2. Section 118a.5.—Confidentiality.—Statutory authority; Reasonableness; Clarity.

Two commentators, the Insurance Federation of Pennsylvania (IFP) and Property Casualty Insurers Association of America (PCI), raised separate confidentiality concerns. IFP questions whether the Department has the statutory authority to provide the confidentiality protections set forth in the proposed regulation while PCI is concerned that the regulation does not provide enough protection.

Subsection (a) states that the “statement of actuarial opinion . . . shall be treated as a public document.” Meanwhile, Section 118a.5(b) reads:

Documents, materials or other information in the possession or control of the Department that are considered an actuarial report, workpapers or actuarial opinion summary provided in support of the statement of actuarial opinion, and any other material provided by the insurer to the Commissioner in connection with the actuarial report, workpapers or actuarial opinion summary, shall be confidential by law and privileged, . . .

The statement in Subsection (a) allows for public inspection of the “statement of actuarial opinion” while the documents in Subsection (b) are not open to the public and will remain protected as confidential. Department staff refer to Section 320(d) of the Insurance Company Law (Law) (40 P. S. § 443(d)) for the authority to maintain the confidentiality of documents listed in Subsection (b). However, Section 320(d) of the Law refers to documents submitted by the National Association of

Insurance Commissioners (NAIC) Regulatory Information System and to “work products developed by the Insurance Department staff” as confidential. It is unclear how “material provided by the insurer” as described in Subsection (b) could be “work products developed” by the Department staff.

Similarly, Section 202-A(a) of the Insurance Department Act (40 P. S. § 65.2-A(a)) provides that the Commissioner shall maintain the confidentiality of documents received from the NAIC or from regulatory or law enforcement officials. There is no provision for the confidentiality of documents received from insurers.

The Department needs to explain the statutory and legal foundations for the confidentiality provided by this proposed regulation. This explanation should accompany the final-form regulation. The Department should also review the language of this section and clarify the provisions describing the extent and limits of the confidentiality afforded by the regulation.

3. Section 118a.6. Effective date and exemption.—Implementation procedure; Clarity

Subsection (c) discusses when a foreign insurer could be exempt. The Department has the authority to require that foreign insurers comply with this proposed regulation. However, it is unclear how and when the exemption would apply to a foreign insurer. In the final-form regulation, the Department should clarify the requirements for foreign insurers and identify how it would notify a foreign insurer that it is or is not exempt.

4. General—Reasonableness; Clarity.

The proposed regulation refers to a form and instructions issued by the NAIC. For example, Section 118a.4(a)(2)(i) requires an insurer to file “a properly completed biographical affidavit in the form adopted by the NAIC” with its request for approval of a qualified actuary. The final-form regulation should include information, such as an NAIC website, indicating where and how one can obtain the required NAIC document or form.

Foreign Corporation Standards

August 30, 2006

We submit for your consideration the following comments on the proposed rulemaking published in the July 1, 2006 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the State Board of Education (Board) to respond to all comments received from us or any other source.

1. General.—Reasonableness; Clarity.

The Disabilities Law Project asserts that Chapter 36 should provide students with disabilities the same level of protection as Chapter 31. The Board should explain how students with disabilities will be protected under this Chapter.

Also, there are numerous places in the proposed regulation that use the term “Commonwealth enterprise” or “Commonwealth endeavor.” These terms are not defined. The Board has indicated that these terms are different than the defined term “Education enterprise.” The Board should explain the difference between a “Commonwealth

enterprise” and a “Commonwealth endeavor” and define these terms. If there is no difference in meaning, the Board should choose either “Commonwealth enterprise” or “Commonwealth endeavor,” define it and use it consistently throughout this regulation.

2. Section 36.2. Corporate Commitment.—Clarity.

This section requires that the operations of a foreign corporation in the Commonwealth “provide adequate support to ensure compliance with the requirements of an accrediting body recognized by the United States Department of Education and acceptable to the Pennsylvania Department of Education” The phrase “provide adequate support to” is vague and should be deleted.

Also, the Board has indicated that the criteria for determining if an accrediting body is acceptable to the Department is found in Chapter 31. The final-form regulation should include a cross-reference to these criteria. Also, does the Department maintain a list of acceptable accrediting bodies on its website?

3. Section 36.4. Curricula.—Clarity.

Subsection (d)

This subsection requires evaluations to be conducted “periodically, and at least once every 5 years.” The term “periodically” is not needed and should be deleted.

Also, this subsection includes the phrase “for compliance with Commonwealth approvals and regulations.” The Board has stated that the Department is responsible for approving educational entities and that the criteria for these approvals are found in Chapters 31, 36 and 42. The final-form regulation should include a cross-reference to the appropriate criteria for “Commonwealth approvals.”

4. Section 36.8. Evaluation and approval.—Reasonableness; Clarity.

Subsection (g) sets forth the time period in which the decision of the Secretary will be rendered “if no protest or objection has been timely made to the application.”

First, in what time period must an objection be received for it to be considered “timely”?

Second, this subsection addresses only what occurs if no objections are raised. However, no procedures are established for instances where objections are raised to an institution’s application to operate in Pennsylvania. The Board should also include these procedures in the final-form regulation.

Child Care

August 30, 2006

We submit for your consideration the following comments on the proposed rulemaking published in the July 1, 2006 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Department of Public Welfare (Department) to respond to all comments received from us or any other source.

1. Section 168.2. Definitions.—Reasonableness; Consistency with other regulations; Clarity.

AMR—Agreement of Mutual Responsibility

This term is defined in detail in existing regulations at 55 Pa. Code § 165.2. This definition should be amended in the final-form regulation to include a reference to Section 165.2.

Co-payment

At the end of this definition, the phrase “child care that is subsidized” should be replaced with “subsidized child care.”

Employment Development Plan (EDP)

Commentators suggested adding the term “EDP” to this section. If it is added in the final-form regulation, it should refer to the definition of EDP in Chapter 165.

Household

The citation to a federal regulation, “7 CFR 273.1(a)(2),” in this definition is too specific. The Department has indicated that it is planning to broaden the reference to include additional paragraphs in 7 CFR 273.1(a), relating to household concept, in the final-form regulation. We agree.

Parent

The proposed regulation adds a new definition of the word “parent” to this section. There are two concerns. Community Legal Services, Inc. (CLS), and Pennsylvania Child Care Campaign (PCCC) suggest including the word “caretaker” and those responsible for “care and control” in the definition. The word “caretaker” is appropriate since the person responsible for the child may not be a biological or adoptive parent. In addition, the word “caretaker” is also used in Chapter 165 (relating to “Road to economic Self-Sufficiency through Employment and Training (RESET) Program”). The phrase “care and control” is used in the existing provisions in Chapter 3041 relating to subsidized child care eligibility. We agree with the use of the words “caretaker” and “care and control” and recommend they be included in the definition in the final-form regulation.

Second, this definition uses the term “TANF [Temporary Assistance for Needy Families] specified relative” in its reference to Section 151.42. The word “TANF” does not appear in Section 151.42 but the term “specified relative” does appear. Department staff indicate that this definition will be amended to state “a specified relative as defined for the TANF program in 55 Pa. Code § 151.42.” We concur with this change in the final-form regulation.

Pre-expenditure approval

This definition and its explanation in the preamble are unclear. It is our understanding that the Department intends to delete this definition and related substantive provisions in the final-form regulation. If it is retained, its wording and intent will need to be reviewed and clarified.

Provider Agreement

What are the contents of the agreement? If it contains requirements that will be binding on child care providers, then the contents or basic requirements need to be set forth in the substantive provisions of the final-form regulation.

2. Section 168.11. General requirements.—Statutory authority; Fiscal impact; Reasonableness; Clarity.

This section identifies the type of child care providers that a parent may select when using subsidized child care. There are four concerns.

First, a group of commentators are concerned that the requirements in Subsection (a) may exclude them from the list of eligible providers that parents may select when receiving subsidized care. This group includes the Pennsylvania Catholic Conference, Keystone Christian Education Association, Pennsylvania Family Institute and Reach Alliance. They note a recent ruling by the Commonwealth Court in *St. Elizabeth's Child Care Center v. Department of Public Welfare*, that the Department does not have the statutory authority to license or certify nonprofit, religious child care facilities pursuant to the provisions in 55 Pa. Code Chapters 3270, 3280 or 3290.

We understand that the Commonwealth Court's order has been stayed, as the Department has filed a petition for allowance of appeal to the Supreme Court of Pennsylvania. However, we are required to consider pertinent opinions of Pennsylvania's courts in determining the statutory authority of an agency to promulgate a regulation (see 71 P. S. § 745.5b(1)). In this case, the regulation may also limit parental choice and the availability of care. The Department needs to explain its plans for addressing eligibility for nonprofit providers who are not certified or registered under the existing child care facilities regulations.

Second, Subsections (a)(4) and (5) include the phrase "specifically exempt." The word "specifically" is unnecessary and should be deleted since it is already used in the definitions of the terms in these subsections.

Third, CLS and PCCC expressed concern with the deletion of the phrase "shall have the right" in Subsection (b). The proposed regulation would simply state that a parent "may" choose any type of child care provider who meets the requirement of Chapter 168 rather than stating that a parent "shall have the right" to choose any provider. We agree with the suggestion to replace "may" with "shall have the right" and recommend this change be included in the final-form regulation.

Fourth, Subsection (b) requires that a provider meet the requirements of this chapter and "meet the Department's standards for provider participation." However, the "requirements" and "standards" are not identified. According to the Department, requirements for providers are set forth in Sections 168.19 and 168.41(3) and standards for provider participation are also set forth in the provider agreement. Specific references to these sections and any other applicable requirements in other regulations should be added to Subsection (b) in the final-form regulation. In addition, if providers will be expected to meet other requirements in a written agreement and these requirements are not set forth in regulations in Chapter 168 or elsewhere, then these requirements should be set forth in the final-form regulation.

3. Section 168.17. Eligible children.—Clarity.

In Paragraph (2), the reference to 7 CFR 273.1(b) is incomplete. According to the Department, it should be "7 C.F.R. § 273.1(b)(1)(iii)." The Department should make this correction in the final-form regulation.

Paragraph (4)(iii) is not a component of Paragraph (4) and should be a separate paragraph. The Department should make it into a new and separate Paragraph (5) in the final-form regulation.

4. Section 168.18. Need for child care.—Reasonableness; Clarity.

The proposed regulation simplified Subsection (c) to state that child care will be considered as needed for entry into or during breaks in approved work activities

for "up to 30 days." The Department needs to clarify when the 30 days could begin and end.

CLS, PCCC and other commentators expressed concern with the requirement for a "face-to-face" interview in Subsection (f). Even though Subsection (f) provides for flexibility, CLS and PCCC make recommendations for additional flexibility. For example, the subsection includes this statement: "The Department may substitute a telephone contact for a face-to-face interview if a face-to-face interview cannot be scheduled without the parent having to take time off from work." We have two concerns.

First, this subsection does not identify who will conduct the interview with the parent. This is in contrast to an existing provision at 55 Pa. Code § 3041.126(b) that states a face-to-face interview is with the "eligibility agency." It is our understanding that the Child Care Information Services Agency (CCIS) will conduct the interview with the parent. The final-form regulation should be amended to indicate that the interview is with the CCIS.

Second, what happens if the parent cannot get transportation to the interview or experiences other legitimate problems in completing the interview that are beyond her or his control? What steps could be taken to avoid disruption in child care services?

5. Section 168.43. Verification of a child's disability.—Clarity.

The title of this section refers to a child's disability even though the definition of "disability" in Section 168.2 is limited to parents' impairments. It is our understanding that the Department will replace the word "disability" with "injury or impairment" in the title of this section in the final-form regulation. We agree with this change.

6. Section 168.43 and 168.44. Verification of a child's or parent's disability.—Clarity.

Both sections contain long sentences which end with the phrase "is required." It is unclear who needs to obtain the written statement from the physician or psychologist and to what office the statement should be submitted. It is our understanding that the Department will amend these sections to clarify that a parent is required to provide the written statement mentioned in these two sections to the "Department or its designated agent" in the final-form regulation. We agree that this revision will clarify these sections.

7. Section 168.61. Reporting requirements.—Clarity.

In this section, a parent is required to report changes in child care arrangements. However, it is unclear who should receive the parent's report. Department staff indicated that, as noted above, they plan to amend this provision in the final-form regulation to require parents to report "to the Department or its designated agent." We support this change.

9. Section 168.72. Determining monthly child care costs.—Protection of public welfare; Reasonableness; Clarity.

In Subsection (2), the Department is limiting payments to cover a charge for up to ten consecutive days when the child was not in attendance due to illness. The revision was helpful since it deleted existing language "vacation, and the like" which was vague. However, many child care providers require payments during a child's absence to maintain a space for when the child returns. There may be other legitimate reasons besides illness for a child's inability to be present at the child care facility. These

reasons may include travel time to attend a funeral in the family or hospitalization for an injury. Maintaining a child's place in a facility is crucial to maintaining access and continuity in child care. We recommend that the Department review whether this provision should include other limited and specific reasons for absences beyond illness.

10. Section 168.82. Time frames for authorization of payment.—Clarity; Reasonableness.

Some of the CCIS agencies expressed concerns with the time frames in this new section. Based upon a recent review of this proposed section, the Department indicates that the provisions in this new section are not appropriate for Chapter 168 and it will delete this new section in its entirety from the final-form regulation. If the Department does not make this change, it needs to explain how the time frames in this section were determined and why they are reasonable.

Keystone Educational Accountability Best Management Practices Standards

August 30, 2006

We submit for your consideration the following comments on the proposed rulemaking published in the July 1, 2006 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Department of Education (Department) to respond to all comments received from us or any other source.

1. Regulations as a binding norm.—Legislative Intent; Reasonableness.

Act 80 of 2003 (Act) requires the Department, in consultation with stakeholders, to develop a system for reviewing the financial management practices of school districts based on a series of best financial management practices standards adopted for specific areas of district programs and operations. The Act also requires the Secretary of the Department to promulgate the standards as regulations. Regulations establish binding, enforceable norms, but the provisions of this regulation do not. Therefore, the regulation is inconsistent with the intent of the General Assembly.

More specifically we offer the following comments on § 405.1, relating to purpose:

Subsection (a)

The last three sentences of this subsection state the following:

Districts conduct a self-assessment and then are subsequently evaluated by external reviewers every 6 years. Based upon that external review, a district that is deemed to be in compliance with the standards in this chapter will be certified as Keystone Districts by the Secretary. The reviews shall occur under Article XXV-A of the Public School Code of 1949.

We have two concerns. First, these sentences do not relate to the purpose of the regulations, but rather are substantive and should be placed in the main body of this chapter.

Second, this regulation fails to establish the processes for both the self-assessment and the external review. The Department has indicated that requirements for conducting the self-assessment and review will be developed at a later date, but these requirements will not be promulgated as a regulation. Instead, the Department stated that it will disseminate the details through non-regulatory documents such as guidance documents. This is problematic because non-regulatory documents cannot be used to enforce standards contained in regulation. Therefore, the detail of how self-assessments and reviews will occur should be placed in the regulation.

Specific actions that school districts, the Department and any entity involved with performing reviews are expected to take should also be included.

In addition, the regulation should include specific time frames in which those actions must be taken. This would allow all parties involved with the review and assessment process to know exactly what must be accomplished and when it must be accomplished.

Subsection (b)

This subsection states the following:

The indicators set forth in each best practices management standard in this chapter are to help assess whether a district is meeting each standard. The indicators represent the kinds of activities a district would be undertaking if the district were using a particular best practice. The indicators listed in this chapter are not exclusive, and literal compliance with each is not required to qualify for Keystone certification.

As stated above, regulations establish binding, enforceable norms. The provisions included in this subsection are merely recommendations and, therefore, should be deleted.

If the Department decides to retain these provisions, they must be amended to indicate what the minimum requirements are for achieving Keystone certification. This would allow the Department to meet the legislative intent of the Act, which requires the establishment of standards as regulations.

2. Lack of a definitions section.—Reasonableness; Clarity.

This chapter lacks a definitions section. Key terms or phrases that are used throughout this chapter should be defined. For instance, the following should be defined:

- Administrative and instructional
- Technology
- Board
- Coordinated Review Effort (CRE)
- Cost control systems
- District
- Educational service delivery
- Fund/grant/project accounting
- Generally accepted contracting procedures
- Green building designs
- Human resource services
- Keystone certification
- Keystone Districts
- Performance accountability

- Personnel systems and benefits
- Professional development
- School Meal Initiative for Healthy Children (SMI) review
- Stakeholders
- Subsidy-related data systems
- Total Cost of Ownership (TCO) analysis

3. Section 405.2. Management structures standards.—Need; Clarity.

Paragraph (2)

The phrase “(either in-house or on contract)” under Subparagraph (i) is not needed and should be deleted.

Paragraph (3)

Under Paragraph (3)(iv), the board, superintendent and staff are to be held accountable for adhering to established policies and procedures and for achieving Federal, State, district and school goals. How does the Department intend for these people to be “held accountable”?

4. Section 405.3. Performance accountability standards.—Reasonableness.

Paragraph (2)(iii) requires districts to make available evaluation results to the board and stakeholders. Paragraph (2)(iv) requires districts to receive comments from stakeholders. We recommend that the public also be included in these paragraphs.

5. Section 405.4. Cost control systems standards.—Clarity.

Paragraph (1) requires the district to review its financial operations. The final-form regulation should indicate how often the review must be done.

6. Section 405.6. Personnel systems and benefits standards.—Reasonableness; Clarity.

Commentators are concerned that provisions under this section conflict with subjects that are part of existing collective bargaining agreements. Would the requirement for districts to meet the standards of this section violate existing collective bargaining agreements or restrict any future good faith negotiations with employee bargaining units?

Also, what is meant by “applicable comparisons or benchmarks” under Paragraph (5)(ii)?

7. Section 405.9. Transportation standards.—Clarity.

Paragraph (2)

Timely submission of required data to multiple agencies of the Commonwealth is listed as an indicator of compliance under Paragraph (2)(i). We have two questions. First, what is the required data? Second, to what agencies must the data be submitted?

Paragraph (4)

Both students and drivers are to be “held accountable” for failure to comply with standards, policies and procedures. How does the Department intend for them to be held accountable by the district?

8. Reference to other requirements.—Clarity.

There are numerous places throughout the regulation that reference Federal, State or local requirements but do not provide citations to those requirements. The Department should add these requirements to the text of the regulation or provide citations to the appropriate provi-

sions. These sections include: 405.2(3)(iv), 405.5(1)(i), 405.6(2)(i), (3)(i) and (iv) and (5)(iv), 405.9(3)(vi), 405.10(4) and 405.11(2) and (2)(ii).

9. Miscellaneous clarity.

The following terms and phrases appear throughout the regulation:

- actively
- appropriate
- as needed/necessary
- clearly
- consistently
- effectively (or variations of)
- efficiently (or variations of)
- fully
- generally
- including, but not limited to
- ongoing
- periodically
- readily
- regularly
- reasonable
- routinely
- timely
- useful

These terms and phrases are vague and should be replaced with definite terms that establish binding norms.

Licensure/Approval Appeal Procedure

September 6, 2006

We submit for your consideration the following comments on the proposed rulemaking published in the July 8, 2006 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Department of Public Welfare (Department) to respond to all comments received from us or any other source.

1. General—Reasonableness; Need; Feasibility.

DPW is replacing the uncodified Chapter 9003 administrative procedure regulations, relating to licensure and approval appeals filed by Department-certified facilities and agencies, with the General Rules of Administrative Practice and Procedure (GRAPP), 1 Pa. Code, Part II. We have several questions and recommendations. First, has the Department considered codifying Chapter 9003 with revisions determined to be appropriate? These procedures have been in place since 1977 and commentators and other interested parties appear to be very comfortable with them.

Second, several facilities commented that the ten-day appeal period allotted under the GRAPP is simply too short a timeframe for weighing the ramifications of an action taken by the Department and determining whether to appeal. We recommend that the Department consider preserving the 30-day appeal period currently allowed under Chapter 9003.

Third, we agree with the Pennsylvania Association of Resources for People with Mental Retardation (PAR), that there are many provisions in the GRAPP that may not be applicable to appeals filed by human resource programs. The Department should consider adopting only those provisions of the GRAPP that are directly pertinent to these appeals.

Finally, we also agree with PAR that Section 25.20 of the GRAPP appears to bypass the Bureau of Hearings and Appeals, as it provides that appeals of staff action be taken directly to the agency head. Is it the Department's intent that licensure and approval appeals be taken directly to the Secretary?

First Priority Health; Blue Care HMO Nongroup Conversion; Rate Filing

On August 15, 2006, the Insurance Department received from First Priority a filing requesting to increase the rates by 2.3% and to adjust the cost sharing for subscribers in the nongroup conversion product. Without the benefit adjustments the rate increase requested would have been 9.1%.

The proposed effective date is January 1, 2007. The filing will impact approximately 828 subscribers and generate additional revenue of \$88,300 annually.

Unless formal administrative action is taken prior to November 7, 2006, the subject filing may be deemed approved by operation of law.

A copy of the filing is available on the Insurance Department's (Department) website at www.ins.state.pa.us. Under the Quick Links section, click on the link "Rate Filings Published in the PA Bulletin."

Copies of the filing are also available for public inspection, by appointment, during normal working hours at the Department's regional office in Harrisburg.

Interested parties are invited to submit written comments, suggestions or objections to Cherri Sanders-Jones, Insurance Department, Insurance Product Regulation and Market Enforcement, Room 1311, Strawberry Square, Harrisburg, PA 17120, csandersjo@state.pa.us within 15 days after publication of this notice in the *Pennsylvania Bulletin*.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68) (Act 68) in connection with the termination of the insureds' automobile policies. The hearings will be held in accordance with the requirements of Act 68, 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure) and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). The administrative hearings will be held in the Insurance Department's regional offices in Harrisburg, Philadelphia and Pittsburgh. Failure by an appellant to appear at a scheduled hearing may result in dismissal with prejudice.

The following hearings will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 N. Seventh Street, Harrisburg, PA 17102.

Appeal of Ryan Buck; file no. 06-266-20381; State Farm Insurance Company; doc. no. PH06-07-031; September 18, 2006, 10 a.m.

Appeal of Thomas Allison; file no. 06-119-19350; Allstate Insurance Co.; doc. no. P06-08-010; September 26, 2006, 10 a.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend an administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Kathryn Culbertson, Agency Coordinator, (717) 705-4194.

MILK MARKETING BOARD

Hearing and Presubmission Schedule for All Milk Marketing Areas; Over-Order Price

Under the Milk Marketing Law (31 P. S. §§ 700j-101—700j-1302), the Milk Marketing Board (Board) will conduct a public hearing for Milk Marketing Areas 1—6 on October 31, 2006, at 9:30 a.m. in Room 202 of the Agriculture Building, 2301 North Cameron Street, Harrisburg, PA.

The purpose of the hearing is to receive testimony and exhibits concerning the applicable Class I over-order prices on milk purchased by Pennsylvania milk dealers from Pennsylvania producers and distributed as Class I milk by Pennsylvania milk dealers in this Commonwealth and outside this Commonwealth. The Board will also receive testimony and exhibits concerning the applicable Class I over-order prices on milk purchased from Pennsylvania producers by out-of-State milk dealers and distributed as Class I milk by out-of-State milk dealers in this Commonwealth and outside the Commonwealth.

The staff of the Board is deemed to be a party to this hearing, and the attorney representing staff is deemed to have entered his appearance. Other persons who wish to present evidence may be included on the Board's list of parties by: (1) having their attorney file with the Board on or before 4 p.m. on September 22, 2006, a notice of appearance substantially in the form prescribed by 1 Pa. Code § 31.25; or (2) if unrepresented by counsel, filing with the Board on or before 4 p.m. on September 22, 2006, notification of their desire to be included as a party. Parties may indicate in their notices of appearance if alternate means of service, such as, e-mail or fax, are acceptable.

The parties shall observe the following requirements for advance filing of witness information and exhibits:

1. By 4 p.m. on September 25, 2006, each petitioning party shall file with the Board, in person or by mail, one original and eight copies and ensure receipt by all other parties of one copy of:

a. A list of witnesses who will testify for the party, along with a statement of the subjects concerning which each witness will testify. A witness who will be offered as an expert shall be so identified, along with the witness's area or areas of proposed expertise. For expert witnesses there shall also be filed a statement of the substance of the facts and opinions to which the expert is expected to testify and a summary of the grounds for each opinion.

b. Each exhibit to be presented, including testimony to be offered in written form.

2. By 4 p.m. on October 19, 2006, each party shall file and serve as set forth in paragraph 1 information concerning rebuttal witnesses and copies of rebuttal exhibits.

3. By 4 p.m. on October 25, 2006, each party shall file and serve as set forth in paragraph 1 information concerning surrebuttal witnesses and copies of surrebuttal exhibits.

The Board may exclude witnesses or exhibits of a party that fails to comply with the above requirements. In addition, the parties shall have available in the hearing room at least 20 additional copies made available for the use of nonparties attending the hearing.

Parties that wish to offer in evidence documents on file with the Board, public documents, records in other proceedings before the Board, or wish the Board to take official notice of facts, shall comply with, respectively, 1 Pa. Code § 35.164, § 35.165, § 35.167 or § 35.173. Whenever these rules require production of a document as an exhibit, copies shall be provided to each Board member and to all other parties; in addition, at least 20 copies shall be available for distribution to nonparties attending the hearing.

Requests by parties for Board staff to provide data pertinent to the hearing shall be made in writing and received in the Board office by 1 p.m. on October 23, 2006.

The filing address for the Board is Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

STATE BOARD OF COSMETOLOGY

**Bureau of Professional and Occupational Affairs v.
Juana Taveras; Doc. No. 0333-45-06**

On July 18, 2006, Juana Taveras, of Philadelphia, Philadelphia County, was assessed a civil penalty of \$500, based on her practice of cosmetology without a license.

Individuals may obtain a copy of the adjudication by writing to C. William Fritz, Board Counsel, State Board of Cosmetology, P. O. Box 2649, Harrisburg, PA 17105-2649.

This adjudication and order represent the final State Board of Cosmetology (Board) decision in this matter. It may be appealed to the Commonwealth Court of Pennsylvania by the filing of a petition for review with that court in accordance with the Pennsylvania Rules of Appellate Procedure. Individuals who take an appeal to the Commonwealth Court must serve the Board with a copy of the petition for review. The Board contact for receiving service of appeals is the previously named Board counsel.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

SU-2004/18B RFP 2004/18B - Reisner Dining Hall Professional Services for Design and Construction, PASSHE, Shippensburg University, Shippensburg Township, Cumberland County, Pennsylvania. The university plans to renovate Reisner Dining Hall currently approximately 51,300 gross square feet, and construct two additions totaling approximately 14,600 gross square feet. Construction is planned to be completed in two phases over the Feb 2008 to Jun 2009 timeframe. Proposing firms shall demonstrate expertise in dining hall renovation projects with tight, phased schedules, while maintaining operations during construction. Track record should indicate integrated design practices including energy efficiency, future maintenance requirements, and evaluation of alternatives on a life-cycle cost basis. To be responsive, firms must be capable of providing all necessary architectural and engineering disciplines, and have a response time of three hours to Shippensburg University. All applications submitted are subject to review by a System Selection Board at Shippensburg University. The System Boards disclaim any liability whatsoever as to their review of the applications submitted and in formulating their recommendations for selection. PASSHE encourages responses from small firms, minority firms, and firms which have not previously performed work for the System. To be considered, firms must submit proposals in accordance with RFP, enclosing Commonwealth forms 150-ASP current within one year of the response date. Request for RFP should be faxed to Deborah K. Martin at FAX: (717) 477-4004, or email DKMART@ship.edu. Deadline for submission is no later than 4:00 PM on October 3, 2006. The University encourages responses from small, minority and women owned firms.
