Part II (relating to gaming), enacted by the act of July 5, 2004 (P. L. 572, No. 71) (Act 71). The regulations are necessary to enhance the credibility of the licensed operation of slot machines and associated equipment within this Commonwealth and to carry out the policy and purposes of the Board. In adopting these temporary regulations, the Board has considered the public comments submitted to the Board. The Board has also reviewed the regulatory practices of other Commonwealth agencies and other gaming jurisdictions.

To promulgate the temporary regulations in accordance with customary rulemaking procedure, the Board published draft regulations at 35 Pa.B. 6873 (December 17, 2005). A 30-day public comment period was provided.

Under 4 Pa.C.S. § 1203, the temporary regulations adopted by the Board expire no later than 3 years following the effective date of Act 71 or upon promulgation of regulations as generally provided by the law. These temporary regulations shall not be subject to sections 201—205 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201—1208), known as the Commonwealth Documents Law (CDL) or to the Regulatory Review Act (71 P. S. §§ 745.1—745.15).

Comment

The Board received public comment from approximately seven interested parties, including industry representatives, State agencies and citizens. The Board thoroughly reviewed and considered all comments submitted. Public comments received by the Board are available for review on the Board's website at www.pgcb.state.pa.us. These comments and the Board's responses are published on the Board's website.

Slot machine licensees will be required to submit reports to the Board for monitoring and compliance purposes.

Financial Impact

Act 71 and the regulations will provide for the implementation and management of gaming within this Commonwealth and the collection of fees and taxes from entities and individuals authorized by the Board to be employed by, provide gaming related services to, or operate gaming facilities.

The appropriations from the Commonwealth for the implementation of Act 71 and costs of administering 4 Pa.C.S. Part II will be reimbursed by the licensed gaming entities as specified within Act 71. Individuals and enti-

ties that wish to obtain licenses as gaming entities shall pay to the gaming fund significant licensing fees to obtain the authority to do business within this Commonwealth. Part of these fees shall reimburse the Board and the Pennsylvania State Police for licensing processes and background investigations. The licensing and registration of individuals and other classes of licensees will be reimbursed by the individuals and or licensees through fees established by the Board.

It is anticipated that all expenses of the Board and all associated activities shall be reimbursed by the applicants and gaming entities as previously specified. The Board shall have no financial impact on the State budget.

Statutory Authority

The Board is authorized under 4 Pa.C.S. § 1203 to adopt and publish temporary regulations to implement the policies and purposes of Act 71.

Regulatory Review

Under 4 Pa.C.S. § 1203, the Board's authority to adopt temporary regulations will expire 2 years from the effective date of Act 71.

Findings

The Board finds that:

(1) Under 4 Pa.C.S. § 1203, the temporary regulations are exempt from the requirements of the Regulatory Review Act and sections 201—205 of the CDL.

(2) A 30-day public comment period was held prior to the adoption of the temporary regulations. All comments received by the Board were reviewed and considered.

(3) The adoption of the temporary regulations provided by this order is necessary and appropriate for the administration of the authorizing statute.

(2) An attestation by its chief financial officer or other competent person with a direct reporting relationship to

the chief financial officer attesting that the officer believes, in good faith, that the submitted internal controls are designed to provide reasonable assurance that the financial reporting conforms to generally accepted accounting principles in the United States and comply with applicable laws and regulations, including the act and this part.

(c) The initial submission must also be accompanied by a report from an independent certified public accountant or, when appropriate, independent registered public accounting firm, licensed to practice in this Commonwealth. The report should express an opinion as to the effectiveness of the design of the submitted system of internal controls over financial reporting and should further express an opinion as to whether the submitted system of internal controls materially deviates from the requirements of applicable laws and regulations, including the act and this part.

(1) Administrative controls which include, without limitation, the procedures and records that relate to the decision making processes leading to management's authorization of transactions.

(2) Accounting controls which have as their primary objectives the safeguarding of assets and revenues and the reliability of financial records. The accounting controls must be designed to provide reasonable assurance that:

(vi) The recorded accountability for assets is compared with existing physical assets at reasonable intervals and appropriate action is taken with respect to any discrepancies.

(4) Procedures and controls for ensuring that all functions, duties and responsibilities are appropriately segre-

gated and performed in accordance with sound financial practices by competent, qualified personnel.

(5) Procedures and controls for ensuring, through the use of surveillance and security departments, that the licensed facility is secure during normal operations and during any emergencies due to malfunctioning equipment, loss of power, natural disaster or any other cause.

(e) The Board, in consultation with the Department, will review each initial submission made under subsection (a) and determine whether it conforms to the requirements of the act and this part and provides adequate and effective controls for the operation of slot machines at a licensed facility. A slot machine licensee may not commence gaming operations until its system of internal controls is approved by the Board.

(f) A slot machine licensee may, upon submission to the Board and the Department in the manner prescribed, of a narrative description of a change or amendment in its system of internal controls and the two original signed certifications described in subsection (b), implement the change on the 30th calendar day following the filing of a complete submission. Submissions received by the Board after 2 p.m. will be considered to have been submitted on the next business day.

(g) If during the 30 day review period in subsection (f), the Board's Bureau of Corporate Compliance and Internal Controls preliminarily determines that a procedure in a submission contains a substantial and material insufficiency likely to have a direct and materially adverse impact on the integrity of slot operations or the control of gross terminal revenue, that Bureau, by written notice to the slot machine licensee, will:

(1) Specify the nature of the insufficiency and, when possible, an acceptable alternative procedure.

(2) Direct that the 30 calendar day review period in subsection (f) is tolled and that any internal controls at issue not be implemented until approved by the Board.

(h) Examples of submissions that may, under appropriate circumstances, be determined to contain a substantial and material insufficiency likely to have a direct and materially adverse impact on the integrity of slot operations or the control of gross terminal revenue must include, without limitation, the following:

(1) Submissions that fail to provide an audit trail sufficient to permit the review of gaming operations or the reconstruction of gross terminal revenue transactions.

(2) Submissions that fail to provide for the segregation of incompatible functions so that no employee is in a position both to commit an error or to perpetrate a fraud and to conceal the error or fraud in the normal course of his or her duties.

(3) Submissions that do not include forms or other materials referenced in the submission or required by the act or this part that are essential elements of the internal controls, the absence of which prevents a meaningful review of the submission.

(4) Submissions that would implement operations or accounting procedures not yet authorized by the act or this part.

(5) Submissions that are dependent upon the use of equipment or related devices or software not yet approved by the Board, unless the submissions are required as part of an authorized test of the equipment or related device or software.

(i) Notwithstanding anything contained herein to the contrary, and subject to the exception in subsection (j), any change or amendment to submissions with regard to organization charts pursuant to subsection (a)(2) and the descriptions of the duties and responsibilities of each position shown on the organization charts pursuant to subsection(a)(3)(collectively referred to as the "jobs compendium") may be implemented by the slot machine licensee without the prior approval of the Board provided that the change or amendment is submitted to the Board within 5 business days of the date of implementation, which filing includes:

- (1) A detailed cover letter listing by department each position title to which modification has been made.
- (2) A brief summary of each change.
- (3) Instructions regarding any changes in page numbers and the date of implementation.

(j) Notwithstanding any provision to the contrary, the submission of changes or amendments to a jobs compendium involving changes or amendments to license categories, job codes, job functions, reporting lines (including new and deleted positions) or job titles in the information technology, internal audit, security, slot accounting, slot operations, or surveillance departments must be accompanied by the attestations required in subsection (b) and be submitted to the Board by the end of the business day of implementation.

(k) If in the course of its review of a change or amendment to a jobs compendium the Board's Bureau of Licensing preliminarily determines that the change or amendment contains a substantial and material insufficiency likely to have a direct and materially adverse impact on the integrity of slot operations or the control of gross terminal revenue, that Bureau, by written notice to the slot machine licensee, will:

- (1) Specify the nature of the insufficiency and, when possible, an acceptable alternative procedure.
- (2) Advise the slot machine licensee as to whether the implementation of the change or amendment must be suspended pending further evaluation by the Board.

(l) A current version of the internal controls of a slot machine licensee shall be maintained in or made available in electronic form through secure computer access to the accounting and surveillance departments of the slot machine licensee and the Board's on site facilities required under § 465.9 (relating to licensed facility). The slot machine licensee shall also maintain a copy, either in paper or electronic form, of any superseded internal control procedures, along with the two certifications required to be submitted with respect thereto, for a minimum of 5 years. Each page of the internal controls must indicate the date on which it was approved by the Board.

§ 465.4. Forms, records and documents.

(a) Information required by this part to be placed on any form, record or document and in stored data shall be recorded on the form, record or document and in stored data in ink or other permanent form.

(b) Whenever duplicate or triplicate copies are required of a form, record or document, the original, duplicate and triplicate copies must have the name of the recipient originally receiving a copy preprinted on the bottom of that copy so as to differentiate one from the other.

(c) Whenever under this part, forms or serial numbers are required to be accounted for and an exception is

noted, the exceptions shall be reported in writing to the slot machine licensee's internal audit department and the Board's Bureau of Investigations and Enforcement within 2 days of identification of the exception or upon its confirmation, whichever occurs earlier.

(d) Unless otherwise specified in this part, all forms, records, documents and stored data required to be prepared, maintained and controlled by this chapter must:

- (1) Be in a form prescribed or authorized by the Board.
- (2) Have the name of the establishment and the title of the form, record, document and, for stored data, the date imprinted or preprinted thereon.

(e) Nothing in this chapter shall be construed as prohibiting or discouraging a slot machine licensee from preparing more copies of any form, record or document than that prescribed by this chapter.

§ 465.5. Standard financial and statistical reports.

(a) Each slot machine licensee shall, upon the request of the Board, file monthly, quarterly and annual reports of financial and statistical data. The data may be used by the Board to evaluate the financial position and operating performance of individual licensees and compile information regarding the performance and trends of the industry in this Commonwealth.

(b) The Board may periodically prescribe standard reporting forms and corresponding filing instructions to be used by each licensee in filing the monthly, quarterly and annual reports referenced in subsection (a).

(c) In the event of a license termination, change in business entity or material change in ownership, the Board may in its discretion require the filing of financial and statistical reports it deems necessary, as of the date of occurrence of the event. The request must be made in writing to the slot machine licensee.

(d) Any adjustments resulting from the annual audit required in § 465.6 (relating to annual audit and other reports) shall be recorded in the accounting records of the year to which the adjustment relates. If the adjustments were not reflected in any annual report required hereunder and the Board concludes that the adjustments are significant, a revised annual report may be required from the slot machine licensee. The revised filing shall be due within 30 calendar days after written notification to the slot machine licensee, unless an extension is requested in writing by the slot machine licensee prior to the required filing date and an extension is granted by the Board.

§ 465.6. Annual audit; other reports; suspicious activity and currency transaction reporting.

(a) Each slot machine licensee shall, at its own expense, cause its annual financial statements to be audited in accordance with generally accepted auditing standards (when applicable, the Standards of the Public Company Accounting Oversight Board (United States)) by an independent certified public accountant or, when appropriate, an independent registered public accounting firm, licensed to practice in this Commonwealth.

(b) The annual financial statements shall be prepared on a comparative basis for the current and prior fiscal year, and present financial position and results of operations in conformity with generally accepted accounting principles in the United States.

(c) The financial statements required by this section must include a footnote reconciling and explaining any differences between the financial statements included in any annual report filed in conformity with § 465.5 (relat-

ing to standard financial and statistical reports) and the audited financial statements. The footnote must, at a minimum, disclose the effect of the adjustments on:

- (1) Revenue from the operation of slot machines.
 - (2) Slot machine revenue net of expenses for complimentary services or items.
 - (3) Total costs and expenses.
 - (4) Income before extraordinary items.
 - (5) Net income.
- (d) Two copies of the audited financial statements, together with any management letter or report prepared thereon by the slot machine licensee's independent certified public accountant or, when appropriate, independent registered public accounting firm, shall be filed with the Board not later than 60 days after the end of the licensee's fiscal year.

(e) Each slot machine licensee shall require the independent certified public accountant or, when appropriate, independent registered public accounting firm auditing its financial statements to render the following additional reports:

(1) A report on material weaknesses or significant deficiencies in the system of internal controls noted in the course of the examination of the financial statements.

(2) A report expressing the opinion of the independent certified public accountant or independent registered public accounting firm as to the adequacy of the slot machine licensee's system of internal controls over financial reporting based upon the description of the system of internal controls approved for the slot machine licensee under § 465.3 (relating to internal control systems and audit protocols). When appropriate, the report should make specific recommendations regarding improvements in the system of internal controls.

(3) The slot machine licensee shall prepare a written response to the independent certified public accountant's or independent registered public accounting firm's reports required by paragraphs (1) and (2). The response must indicate, in detail, any corrective actions taken. The response shall be submitted to the Board within 90 days of receipt of the reports.

(f) The slot machine licensee shall file two copies of the reports required by subsection (e), and two copies of any other reports on internal controls, administrative controls or other matters relative to the slot machine licensee's accounting or operating procedures rendered by the licensee's independent certified public accountant or independent registered public accounting firm within 120 days following the end of the licensee's fiscal year or upon receipt, whichever is earlier.

(g) If the slot machine licensee is publicly held, the slot machine licensee shall submit to the Board's Bureau of Corporate Compliance and Internal Controls three copies of any report, including forms S-1, 8-K, 10-Q, 10-K, proxy or information statements and all registration statements, required to be filed by the slot machine licensee with the Securities and Exchange Commission or other domestic or foreign securities regulatory agency. The filing with the Board shall be made within 10 days of the time of filing with the applicable Commission or regulatory agency or the due date prescribed by the applicable Commission or regulatory agency, which ever occurs first.

the slot machine licensee's financial statements resigns or is dismissed as the slot machine licensee's principal accountant, or another independent certified public accountant or independent registered public accounting firm is engaged as principal accountant, the slot machine licensee shall file a report with the Board's Bureau of Corporate Compliance and Internal Controls within 10 days following the end of the month in which the event occurs, setting forth the following:

(1) The date of the resignation, dismissal or engagement, as appropriate.

(2) Whether in connection with the audits of the 2 most recent years preceding the resignation, dismissal or engagement there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, including a description of each such disagreement. (l) A slot machine licensee, director, officer, employee or agent who reports a suspicious activity under subsection (a) may not notify any person involved in the suspicious activity that the suspicious activity has been reported.
