READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Effective Dates of Statutes

The effective dates specified previously for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the *Pennsylvania Consolidated Statutes* provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the *Laws of Pennsylvania* are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services (Department) shall distribute advance sheets of the *Laws of Pennsylvania* to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore-PHMC, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120-0053, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

THE COURTS

Title 25—LOCAL COURT RULES

ERIE COUNTY

The Revision and Restatement of the Rules of Civil Procedure; Civil Division—Misc. Doc. No. 90024; Court Order 2007

Order

And Now, this 25th day of May, 2007, the following revisions and additions to the Rules designated as the Rules of Civil Procedure for the Court of Common Pleas of Erie County, Pennsylvania, are hereby approved, adopted and promulgated as the Rules of Court. These Rule changes, revisions and deletions shall become effective thirty (30) days after the publication of the same in the *Pennsylvania Bulletin* and they shall apply to all actions pending at the time.

ELIZABETH K. KELLY,
President Judge

Rule 206.4(c)(2). Petition. Rule to Show Cause

(2) Where the petitioner requests a stay of execution pending the disposition of a petition to open a default judgment, the Court shall promptly dispose of the request.

Rule 212.1(d). Pretiral Procedure

* (d) Certification For Trial

1. These certification procedures apply to all civil jury and non-jury cases.

2. In order to have a case assigned to a particular trial term, all counsel or parties must certify the case as ready for trial by filing with the Prothonotary and serving upon the Court Administrator a certification in substantially the form contained herein and designated "Certification I."

3. If a party has failed to comply with the timetables established in the CMO or has failed to sign a Certification I after being requested to do so in writing, a party wishing to place the case on the trial list must file a certification in substantially the same form contained herein and designated "Certification II."

4. A Certification I or II indicating readiness for trial shall be filed with the Office of Court Administration and the Prothonotary no later than the last Friday of the calendar month that precedes the month immediately before the beginning of the proposed trial term, unless a different deadline is established by notice published in the *Erie County Legal Journal*.

5. All "Certification II's" shall be forwarded to the assigned judge for disposition.

*Comment: To comply with this Rule, all counsel must certify that they have "met and discussed settlement of this matter." (See the Form for Certification I). One preferred method of alternative dispute resolution which would satisfy the requirements of this Rule is mediation. The Erie County Bar Association has established a Mediation Program; guidelines and forms can be obtained from the ECBA offices at (814) 459-3111, or on-line at www.eriebar.com.

Rule 236. Notice by Prothonotary of Entry of Judgment

When filing a request for entry of judgment, a party shall provide the Prothonotary with the original and sufficient copies of judgments and notices thereof, together with postage prepaid envelopes addressed to all parties entitled to notice thereof.

Rule 305(a-c). Duties of the Prothonotary

(a) The Prothonotary shall immediately stamp all papers filed with the date and time of such filings and make an appropriate entry for each filing in the docket pursuant to applicable rules of procedure, statute or Court Order. No entries shall be made in the docket except at the direction of the Prothonotary.

(b) The Prothonotary shall be responsible for the safekeeping of all records and papers belonging to that office. The Prothonotary shall permit no papers to be taken from the office without order of Court except for temporary removal by an attorney for the purpose of conducting an arbitration, for copying within the Court House or other recognized Court purpose. Those removing papers from the files of the Court shall sign them out on a form used for that purpose and shall be responsible for damages arising from any loss.

(c) The Prothonotary shall not accept for filing any paper filed by a person which shall not have endorsed thereon the address and telephone number of the person filing the paper. The Prothonotary shall consecutively number the cases each year.

Rule 311(c-d). Procedure in Statutory Appeals

(c) In cases where a party is entitled, as a matter of right, to have either a de novo evidentiary hearing in this Court, or to supplement the record made in the administrative proceedings, any party so entitled shall request for judicial assignment with the trial court administration and submit an appropriate motion to the assigned judge for hearing. Such a motion shall set forth with particularity the basis on which the movant claims a right to submit further evidence and shall contain a certificate that the motion has been served on all other parties.

(d) In cases where the Court may receive evidence for cause shown, or at the discretion of the Court, any party wishing to request that the Court receive evidence, shall file a request for judicial assignment with the trial court administrator and present an appropriate motion to the assigned judge within twenty (20) days after the docketing of the record of the administration proceeding being reviewed. The motion shall state with particularity the authority upon which movant relies and the particular factors which he believes indicate that the receipt of further evidence is justified. Where indicated by the circumstances, the following factors may be considered by the Court in acting upon such motions in addition to any otherwise applicable standard governing the exercise of the Court's discretion:

(1) Whether movant was represented by counsel before the administrative tribunal.

(2) Whether previously undisclosed or newly discovered evidence exists which was not made available to the administrative tribunal prior to its decision.

(3) The overall adequacy for the purpose of appellate review of the record made before the administrative tribunal.

(4) The apparent regularity and fundamental fairness of the administrative proceedings, as disclosed by the record.

(5) Such other factors as may be considered in the interest of justice.

No motion contemplated by this section shall be acted upon until all interested parties have been given an opportunity to respond to the motion through argument. If, after argument, the Court denies, in whole, a motion under this section, the case shall proceed as provided in section (a) above.

In granting the relief requested in motions contemplated by this section, the Court may, unless otherwise indicated by applicable statutes, limit the evidence it will receive to matters which are not cumulative of material already included in the record made before the administrative tribunal, or impose other reasonable restrictions upon the scope or nature of the evidence to be received. The Court may, in its discretion, at the request of any party or on its own motion, require that any party intending to offer evidence pursuant to this Rule file a pre-hearing narrative statement fairly setting forth the nature of the evidence to be offered such that all parties may have adequate notice of the facts at issue prior to hearing and the scope and nature of the evidentiary proceeding.

Rule 442. Service in Magisterial District Judge Appeals

Copies of the notice of appeal and, if any, Rule pursuant to Rule 1004B of the Magisterial District Judge Rules shall thereupon be mailed by the Prothonotary or Clerk by first class mail with such service and any return being noted on the Court's docket.

Rule 1940.10. Appointment of Parent Coordinator

(a) In appropriate custody cases, the Court of Common Pleas of Erie County Court may appoint a Parent Coordinator.

(b) A Parent Coordinator shall only be appointed upon written agreement of all parties to the custody action.

(c) The role and authority of the Parent Coordinator shall be specifically defined in the Order appointing the Parent Coordinator.

(d) The order appointing a Parent Coordinator shall be filed at the Office of Prothonotary of the Court of Common Pleas of Erie County, Pennsylvania, with copies distributed to the parties, each counsel, and the Erie County custody conciliation office.

(e) It is the intention of the court that when a Parent Coordinator is appointed, a judge shall be assigned to the family involved, and that judge shall continue to hear all custody matters for the family, regardless of later judicial assignments.

(f) The Erie County Court of Common Pleas adopts the guidelines for parenting coordination developed by the Association of Family and Conciliation Courts, May 2005 edition, as the model for the role of Parent Coordinators appointed by the court. However, in the event of any conflict between Erie County Rules and the AFCC guidelines, Erie County Rules shall control.

(g) For purposes of these rules, the terms "Parent" and "parties" shall apply to all parties involved in the custody order, regardless of biological or familial relationship.

Rule 1940.11. Qualifications and Scope of Authority

(a) A Parent Coordinator shall either be an attorney licensed to practice law in Pennsylvania with significant family law experience, or a Master's level family therapist, counselor, or licensed social worker, with substantial experience in family conflict cases.

(b) Communications to the Parent Coordinator by the parties, or among parties, counsel and the Parent Coordinator, are not protected by confidentiality, attorney/client privilege, or counselor/patient privilege. A Parent Coordinator shall have unlimited access to all persons involved with the family including but not limited to counselors, therapists, custody evaluators, school officials, and healthcare and mental healthcare providers. The Parent Coordinator may engage in ex parte communication, but will report to all parties concerning the nature of such communication.

(c) The scope of authority to the Parent Coordinator shall be specifically delineated in the Order appointing the Parent Coordinator, a sample of which is attached as Appendix A.

(d) The authority granted to the Parent Coordinator may include, but is not limited to, the following:

(i.) minor changes for clarifications of scheduled custody, partial custody or visitation including vacation, holidays, and temporary variations from existing court orders.

(ii.) Times, dates, places of exchange, and means of transportation and persons authorized to transport

(iii.) Minor healthcare management including appointment of medical, dental, orthodontic and vision care providers.

(iv.) Education or daycare choice including selection of school and school curriculum and testing.

(v.) Extra-curricular activities including sports, camps, jobs, and enrichment programs.

(vi.) Exchange of clothing, equipment and personal possessions of the children.

(vii.) Communications between parents and children including phone, email, and text messaging.

(viii.) Physical appearance of the children including haircuts, and body art.

(e) The Parent Coordinator shall not have authority to make decisions regarding physical, legal or primary residential custody of the children.

(f) The parties shall execute authorizations and releases permitting the Parent Coordinator to have unlimited access to all persons and entities with information relevant to the parties and the children including but not limited to health care professionals, mental health care professionals, schools, therapists, and substance abuse counselors.

(g) The Parent Coordinator shall be considered an officer of the court, with quasi-judicial immunity. The parties agree that the Parent Coordinator cannot be sued for his or her actions performed under the terms of this court appointment and the Stipulation and Order. The Parent Coordinator cannot be compelled to testify in any proceeding. However, the Parent Coordinator may elect to testify in proceedings regarding compliance with the enforcement of this Order; proceedings regarding the termination of the Parent Coordinator's services; or concerning the payment of a Parent Coordinator's fees. All testimony by the Parent Coordinator in conjunction with any such proceeding shall be deemed expert testimony, and paid accordingly.

Rule 1940.12. Fees

(a) Upon the appointment by the court of a Parent Coordinator, each party shall deposit the sum of \$500.00 with the appointed Parent Coordinator, to be held for Parent Coordinator fees.

(b) Parent Coordinators shall bill the parties for services rendered at a rate of \$125.00 per hour, with minimum billing unit of .10 hour.

(c) The Parent Coordinator shall submit monthly statements to the parties, and, unless otherwise approved by court, the parties will be equally charged for the services of the Parent Coordinator. (The Court of Common Pleas reserves the right to assess or apportion cost for parent coordinating based on cooperation shown by the parents in the process, financial considerations, or other relevant factors. The Court of Common Pleas may review fees upon motion of either party, or the Parent Coordinator.)

(d) The Parent Coordinator may charge for in-office or out-of-office time, client interviews, review of documents, court preparation, telephone and electronic communication including emails, travel time, and all other time actually spent in satisfaction of the Parent Coordinator role.

(e) The Parent Coordinator may request additional deposits by the parties without prior approval of court.

(f) The court may adjust the fees and retainer without amendment to these rules, either for a specific case or as a general policy.

(g) The court may adjust the fees and retainer without amendment to these rules, either for a specific case or as a general policy.

Rule 1940.13. Decisions by Parent Coordinator and Report to Court

(a) The Parent Coordinator may make an oral decision, which will be given the effect of a written decision and Order. The Parent Coordinator will issue a written expla-

nation of his or her decision, and disseminate it to the parties as quickly as possible. All agreements of the parties facilitated by the Parent Coordinator, shall be reduced to writing and entered as an amendment to the court custody order. All other decisions by the Parent Coordinator which are not agreed to by the parties, shall be in writing and shall also be entered as amendments to the custody order.

(b) On a regular basis, and as requested by court, the Parent Coordinator will file a report with the Administrative Judge of the Family Division of the Court of Common Pleas of Erie County, Pennsylvania indicating the status of the Custody Order, and the parents' cooperation in the parent coordination process. These reports shall be disseminated to the parties and counsel for the parties. Under no circumstances shall the Parent Coordinator be called as a witness by either party in legal proceedings. The Parent Coordinator shall not have ex parte communication with any judge regarding a case for which he or she is appointed.

(c) Reports and informal memoranda of the Parent Coordinator shall not be filed of record with the Prothonotary, but shall be placed into the parties' files at the Erie County Custody Office.

Rule 1940.14. Term of Appointment

(a) The court shall appoint a Parent Coordinator for a specific term of service, not to exceed twelve (12) months. The parents may request that the Parent Coordinator continue for additional terms of service. The Parent Coordinator may resign his or her assignment in a particular case prior to the end of the term of service with fourteen (14) days notice to the parties, respective counsel, and the court. The parties may not terminate the services of the Parent Coordinator except by written agreement, and with leave of court.

Rule 1940.15. Judicial Review

(a) Absent egregious abuse of discretion or substantial and unexpected change in circumstances, no party may request a judicial review of the appointment of the Parent Coordinator, nor of any decision of the Parent Coordinator, within the first six months of the date of the appointment of the Parent Coordinator. Thereafter, judicial review shall be consistent with the terms set forth herein.

(b) In the event of a dispute arising from the decision of the Parent Coordinator, the parties shall first attempt to resolve the issue directly with the Parent Coordinator. Any agreement arising from the informal resolution process shall be reduced to writing and filed as an Order by the Parent Coordinator.

(c) If a party continues to object to a decision by the Parent Coordinator, that party may file a motion for review with the court and schedule a hearing pursuant to Erie County Rule to Show Cause procedures. The court will make an independent determination, following an evidentiary hearing, if necessary, only as to the Parent Coordinator's decision at issue. The court shall award attorney fees and costs to the non-moving party if it determines that a review sought within the first six months is inappropriate.

Rule 1940.16. Grievances

(a) A party may file a grievance with the Parent Coordinator concerning only the performance of the Parent Coordinator and his or her participation with the family. Said grievance must be in writing and, immedi-

ately after receipt of a grievance, the Parent Coordinator will schedule a formal meeting with all parties and counsel.

(b) If a grievance or complaint is not resolved at this meeting, the complaining party may file a formal request with the court by motion and rule to show cause, requesting that the court consider the removal of the Parent Coordinator. An answer may be filed by the non-complaining party.

(c) The court shall then determine if a hearing is necessary, or such other action as may be appropriate, to determine the future of the parent coordinating process for the particular family.

(d) A Parent Coordinator will only be removed for cause. A Parent Coordinator may only be removed upon good cause shown, such as the Parent Coordinator has acted outside the scope of his or her authority, as an irreconcilable conflict of interest, is unable to be impartial, or has acted contrary to the child(ren)'s best interest. Disappointment with the Parent Coordinator's decision is not grounds for removal.

Rule 2056. Procedure When Incapacity of a Party is Ascertained

Unless otherwise directed by the Court, any notice required under Pa.R.C.P. 2056(b) shall be given in accordance with Pa.R.C.P. 402 and 403. If notice cannot otherwise be given, then notice shall be given in accordance with Pa.R.C.P. 430.

RULES AND REGULATIONS

Title 58—RECREATION

PENNSYLVANIA GAMING CONTROL BOARD [58 PA. CODE CHS. 451, 451a, 471 AND 471a] Recordkeeping and Fees

The Pennsylvania Gaming Control Board (Board), under its general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 1207(3), 1208, 1209(d), 1308 and 1322, adds Chapters 451a and 471a (relating to recordkeeping requirements; and filing fees) to read as set forth in Annex A.

Purpose of the Final-Form Rulemaking

Under 4 Pa.C.S. § 1203 (relating to temporary regulations), the Board initially adopted temporary regulations in Chapters 451 and 471 at 35 Pa.B. 4045 (July 16, 2005). Under 4 Pa.C.S. § 1203(b), the temporary regulations expire on July 5, 2007.

The Board is adopting these chapters to replace the temporary regulations with permanent regulations.

Explanation of Chapters 451a and 471a

Chapter 451a contains general provisions that address the recordkeeping requirements for manufacturer, supplier, junket enterprise, management company and slot machine licensees and registered and certified vendors.

Amendments to the temporary regulations include a large number of editorial changes intended to improve the clarity of the language in the temporary regulations. The final-form rulemaking also expands the applicability of the provisions to include other regulated entities that were not originally covered when the temporary regulations were promulgated.

Chapter 471a addresses the applicant's obligation to pay fees required by the Board, the method of payment, the nature of the fees and the publication of a fee schedule by the Board.

Amendments to the temporary regulations in this final-form rulemaking are primarily editorial and are intended to improve the clarity of the regulations. The final-form rulemaking also expands the applicability of the temporary regulations to include other regulated entities that were not covered in the temporary regulations. Some of the language in temporary § 471.3 (relating to schedule of fees) has been moved to § 471a.1 (relating to fees generally) for clarity purposes. Temporary § 471.2 has been deleted as it is duplicative of other provisions.

Comment and Response Summary

Notice of proposed rulemaking was published at 36 Pa.B. 5700 (September 9, 2006).

The Board received a comment on Chapter 451a from International Gaming Technology (IGT) that was included in its comments on the proposed rulemaking published at 36 Pa.B. 3690 (September 9, 2006). Comments were not received from the House Tourism and Recreational Development Committee and the Senate Committee on Rules and Executive Nominations. Comments were received from the Independent Regulatory Review Commission (IRRC).

IGT commented that they maintain their records at their offices in Nevada and asked if this would meet the

requirements in § 451a.1(a) (relating to recordkeeping generally) which requires records to be kept onsite in this Commonwealth. Many of the entities that hold licenses have headquarters located outside of this Commonwealth. To require Board personnel to travel to these locations to examine a licensee's records would cost far more than it will cost to maintain the records in this Commonwealth. Therefore, the Board did not revise this requirement and the entities listed in § 451a.1(a) shall maintain records in this Commonwealth.

As a general comment, IRRC requested additional information as to the need for and fiscal impact of this final-form rulemaking. This additional information has been included in the Regulatory Analysis Form for the final-form rulemaking.

In § 471a.1, IRRC suggested the procedures for determining additional fees that may be charged to applicants be added to the final-form rulemaking. The Board bases any additional fees on the amount of staff time required to review each application. Since the final-form rulemaking already specifies that additional fees will be "based on the actual expenses incurred by the Board," the Board has not made any additional changes to this section.

In § 471a.2 (relating to schedules of fees), IRRC suggested the Board add the actual name of the Board's website. The Board added that suggestion. IRRC also suggested that the Board clarify when it will publish the fee schedule. The Board plans to publish the fee schedule upon publication of this final-form rulemaking and whenever it makes a change to the fee schedule. Language has been added to § 471a.2 to reflect that intent.

IRRC's final recommendation was that all fee increases be governed by the mechanism in 4 Pa.C.S. § 1208(2) (relating to collection of fees and fines). The Board has not adopted this suggestion for two reasons. First, 4 Pa.C.S. § 1208(2) only applies to fees that were specifically set by 4 Pa.C.S. Part II (relating to gaming). Second, consistent with 4 Pa.C.S. § 1208(1), the Board believes that fees should be based upon the related costs incurred by the Board.

Affected Parties

This final-form rulemaking imposes requirements on applicants for and holders of a license, permit, registration or certification.

Fiscal Impact

Commonwealth. This final-form rulemaking will have no significant fiscal impact on the Commonwealth.

Political subdivisions. This final-form rulemaking will have no significant fiscal impact on political subdivisions of the Commonwealth.

Private sector. Applicants for or holders of a license, permit, registration or certification will experience costs associated with the payment of fees for applications and other documents submitted to the Board for which a filing fee is required. These entities and individuals will also experience costs as result of the cost of the investigations by the Bureau of Investigations and Enforcement. Applicants for or holders of a license, registration or certification may also experience some increased costs to comply with the document retention and storage requirements.

General public. This final-form rulemaking will have no fiscal impact on the general public.

Paperwork Requirements

This final-form rulemaking does not impose new reporting or paperwork requirements on the Board or affected parties under the Board's jurisdiction. This final-form rulemaking clarifies how the applicants and holders of licenses, registrations and certifications must maintain certain records.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Contact Person

The contact person for questions about this final-form rulemaking is Richard Sandusky, Director of Regulatory Review, (717) 214-8111.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 28, 2006, the Board submitted a copy of the notice of proposed rulemaking, published at 36 Pa.B. 5700, to IRRC and the Chairpersons of the House and Senate Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on April 4, 2007, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on April 5, 2007, and approved the final-form rulemaking.

Findings

The Board finds that:

- (1) Public notice of intention to adopt these chapters was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.
- (2) The final-form rulemaking is necessary and appropriate for the administration and enforcement of 4 Pa.C.S. Part II.

Order

The Board, acting under 4 Pa.C.S. Part II, orders that:

- (a) The regulations of the Board, 58 Pa. Code Chapters 451, 451a, 471 and 471a, are amended by deleting §§ 451.1 and 471.1—471.3 adding §§ 451a.1 and 471a.1—471a.3 to read as set forth in Annex A.
- (b) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 481 AND 481a]

Diversity

The Pennsylvania Gaming Control Board (Board), under its general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 1212 and 1325(b) and (c) (relating to diversity goals of board; and license or permit issuance), adds Chapter 481a (relating to diversity) to read as set forth in Annex A.

Purpose of the Final-Form Rulemaking

Under 4 Pa.C.S. § 1203 (relating to temporary regulations), the Board initially adopted Chapter 481 at 35 Pa.B. 4045 (July 16, 2005). Under 4 Pa.C.S. § 1203(b), the temporary regulations expire on July 5, 2007.

The Board is adopting this chapter to replace the temporary regulations with permanent regulations.

Explanation of Chapter 481a

This final-form rulemaking replaces the temporary Chapter 481 regulations that were adopted by the Board on June 16, 2005. Permanent regulations are needed because the temporary regulations expire on July 5, 2007. Like the temporary regulations, this final-form rulemaking contains provisions requiring submission of diversity plans by applicants for and holders of a license or certification from the Board and reporting provisions that apply to holders of a license or certification from the Board. It provides definitions of terms used in this chapter and also addresses onsite audits.

A large number of editorial changes were made in the proposed rulemaking to improve the clarity of the language in the temporary regulations. In § 481a.2 (relating to definitions), registered vendors were deleted from list

of entities that are subject to the diversity participation and reporting requirements. Temporary § 481.3(a) (relating to diversity participation) was deleted to eliminate duplication of efforts by the Board and the Department of General Services in posting a list of certified minority and women's business enterprises. Section 481a.5(b) (relating to report of participation) was added to require slot machine, manufacturer and supplier licensees to produce quarterly reports in addition to annual reports. Section 481a.5(c) was added to allow management companies to file a consolidated report with the slot machine licensee with whom they have a management contract to prevent a duplication of efforts on behalf of the slot machine licensee and the management company. Temporary § 481.4(c) (relating to establishment of diversity plan required) was relocated to § 481a.6 (relating to diversity audits).

Comment and Response Summary

The proposed rulemaking was published at 36 Pa.B. 5687 (September 9, 2006). The Board received comments on the proposed rulemaking from Downs Racing, L.P. (Downs) and the Independent Regulatory Review Commission (IRRC). The comments were reviewed by the Board and are discussed as follows.

IRRC requested that the Board provide additional information pertaining to the need for the regulation and the fiscal impact in the preamble and Regulatory Analysis Form. Additional information has been included. However, the Board notes that because gaming is new to this Commonwealth and licenses have just been issued, the fiscal information available is somewhat limited.

In § 481a.1 (relating to statement of purpose, policy and applicability), IRRC noted that under 4 Pa.C.S. § 1212(a), only slot machine licensees are required to meet the "provisions of goods and services" requirement. Accordingly, IRRC questioned the Board's statutory authority for requiring all regulated entities to assure diversity of opportunity "through the provisions of goods and services."

Under 4 Pa.C.S. § 1212(b)(7), the Board has the authority to issue, approve, renew, revoke or suspend additional licenses or permits other than those provided in the 4 Pa.C.S. Part II (relating to gaming). Further, under 4 Pa.C.S. § 1321 (relating to additional licenses and permits and approval of agreements), the Board has the authority to require additional licenses for persons who transact business with slot machine licensees. Based on this authority, the Board has created the additional licensure categories listed in the definition of "regulated entity" in § 481a.2.

Under 4 Pa.C.S. § 1325(b)(1) (relating to license or permit issuance), for an applicant for a license or permit authorization to be eligible for approval by the Board, the applicant shall submit a diversity plan to the Board "to assure that all persons are accorded equality of opportunity in employment and contracting by the applicant, its contractors, subcontractors, assignees, lessees, agents, vendors and suppliers." Unlike the cited language in 4 Pa.C.S. § 1212 which the commentator describes as only applying to slot machine licensees, this provision applies to all applicants.

Finally, 4 Pa.C.S. § 1212(a) must be read in its entirety. In addition to the language cited by IRRC, it states "It is the intent and goal of the General Assembly that the board promote and ensure diversity in all aspects of the gaming activities . . ." and ". . . through the ownership and operation of business enterprises associated with or

utilized by slot machine licensees, through the provision of goods and services utilized by slot machine licensees”

Accordingly, the Board has authority to adopt regulations on diversity that apply to all regulated entities.

In § 481a.3, IRRC questioned if the Board had intended to allow other methods of establishing that a business is a minority or women’s business enterprise (M/WBE) and, if so, suggested that the other methods be included in the regulation.

Not all M/WBEs elect to be certified by the Department of General Services. Section 481a.3 is intended to allow regulated entities to use noncertified M/WBE. As suggested by IRRC, subsection (b) has been added to require the regulated entity to verify that an M/WBE that is not certified is an M/WBE.

In § 481a.4(a), IRRC questioned why the language differs from the language in 4 Pa.C.S. § 1325(b)(1) and suggested that criteria to determine the reasonableness of a diversity plan be added to the regulation.

The “agree to develop and implement” language in 4 Pa.C.S. § 1325 is not used in this section because this section only addresses the development of the diversity plan. While applicants would only need to agree to implement their diversity plans, they must file a plan so that the Board can make a determination if the applicant meets the requirements in 4 Pa.C.S. §§ 1202(a) and 1325(b) and (c).

The Board elected not to adopt IRRC’s suggestion that criteria be added to the regulation which would be used to determine if a diversity plan is reasonable. Based on its review of the diversity plans that have been submitted and the varied demographics of the locations of the applicants’ proposed facilities, the Board wants to provide applicants with the maximum amount of flexibility in developing their plans. Establishment of firm criteria might limit an applicant’s ability to tailor its plan to its particular location. Additionally, the Board has been working closely with applicants to help them develop plans that are reasonable.

In § 481a.4(b), IRRC suggested adding a definition of “diversity goal” and inserting the “or transacting” after “contracting” in § 481a.4(b)(2) to mirror the phrase in § 481a.4(b)(1). IRRC also suggested that the Board establish diversity goals that applicants would be expected to meet.

The Board has not adopted these suggestions. The term “diversity goal” is not a technical term; the Board is using it in its normally understood context. The phrase “or transacting” does not apply to the circumstances in § 481a.4(b)(2) because participation plans will only be established for contracts. Finally, for the reasons discussed earlier, the Board believes that fixed criteria for meeting diversity goals would limit regulated entities’ ability to demonstrate compliance. Instead, the Board will look at all of the information contained in the reports required under § 481a.5 and the regulated entities’ efforts to promote diversity.

In § 481a.5, Downs requested that salary information be treated as confidential information and that slot machine licensees not be responsible for reporting the information required in § 481a.5(a)(6) and (7).

The Board agrees that some of the information required to be submitted may be proprietary. Therefore, a subsection has been added to allow regulated entities to request that certain information be designated as confidential.

The Board does not agree that regulated entities should not be responsible for collecting and submitting the information required by § 481a.5(a)(6) and (7). If the regulated entity does not require its contractors to submit this information, it will not be able to determine if the contractor has complied with the requirements of its participation plan. Likewise, without this information, the Board will not be able to accurately assess whether or not a regulated entity has achieved its diversity goals.

From working with applicants who have filed diversity plans, the Board found that many applicants already collect similar data for facilities they operate in other states and that their standard contracts require contractors to provide the information. Therefore, the Board concluded that requiring regulated entities to collect and provide this information is not unreasonable.

In § 481a.6, IRRC suggested that the Board add provisions to notify regulated entities of an audit.

Because the Board intends to work closely with regulated entities on an ongoing basis, it does not anticipate that it will need to perform many audits. However, the Board agrees with IRRC that regulated entities should receive notice. Accordingly, a subsection has been added which will require the Board to provide written advanced notice of an audit.

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 61]

Fishing; Delaware River and River Estuary and the Conowingo Reservoir

The Fish and Boat Commission (Commission) proposes to amend Chapter 61 (relating to seasons, sizes and creel limits). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code).

A. *Effective Date*

The proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2008.

B. *Contact Person*

For further information on the proposed rulemaking, contact Jason E. Oyler, Esq., P. O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7827. This proposed rulemaking is available on the Commission's website at www.fish.state.pa.us.

C. *Statutory Authority*

The proposed amendments to §§ 61.2 and 61.4 (relating to Delaware River and River Estuary; and Conowingo Reservoir) are published under the statutory authority of section 2102(b) of the code (relating to rules and regulations).

D. *Purpose and Background*

The proposed rulemaking is designed to improve, enhance and update the Commission's fishing regulations. The specific purpose of the proposed rulemaking is described in more detail under the summary of proposals.

E. *Summary of Proposals*

(1) *Section 61.2.* Three jurisdictions, New York, New Jersey and the Commonwealth, work in cooperative fashion in setting regulations for the Delaware River and the West Branch Delaware River because both are border waters. Differences in the rulemaking processes, license years and fisheries within different reaches may result in regulations being out of synchrony for a year or more. Jurisdictions attempt to provide consistency for anglers by minimizing regulatory differences among states. The Commission proposes the following changes to reconcile the differences between the jurisdictions.

Black bass regulations were adopted in 2006 on the Delaware River downstream of I-84 in New Jersey and this Commonwealth that include a 12-inch minimum length limit, five bass per day creel limit and a no-harvest, catch-and-immediate-release season that begins on the first Saturday after April 11 and extends through 12:01 a.m. on the first Saturday after June 11. These regulations provide an opportunity for competitive anglers to conduct "paper" or catch-measure-immediate release tournaments during the catch-and-release season. In 2006, New York adopted similar regulations on the section of the Delaware River upstream of I-84. The Commission currently manages this Commonwealth's section of the Delaware as a year-round season. Thus, New York and the Commonwealth have different black bass regulations in the upper part of the Delaware. If the

Commission adopts the more conservative regulations upstream of I-84, as proposed, consistent harvest rules for black bass will apply throughout the entire Delaware River and West Branch Delaware River in this Commonwealth and all border jurisdictions.

In 2006, the Commission adopted new Statewide regulations for muskellunge and tiger muskellunge. These regulations, which went into effect on January 1, 2007, provide for a year-round season, a 40-inch minimum size limit and a one-fish creel limit on Commonwealth inland waters. Currently, the regulations on the Delaware River consist of a year-round season, a 30-inch minimum size limit and a two-fish creel limit. On December 28, 2006, the Commission's Division of Fisheries Management staff discussed amending the regulations to provide for a 40-inch minimum size limit and a one-fish creel limit with staff from the New Jersey Division of Fish, Game and Wildlife and the New York Department of Environmental Conservation. Staff from both agencies stated their support for the changes in muskellunge and muskellunge hybrid regulations for the Delaware River. In both New Jersey and New York, the earliest the regulation changes would take effect is October 2008. Those agencies will initiate the process to make their regulations consistent upon action by the Commission to amend the minimum size limit to 40 inches and the daily limit to one.

Currently, there are a number of species that are not identified in § 61.2. For example, no panfish are listed in this section. The regulations in New Jersey and New York are inconsistent with each other and also are inconsistent with the Commonwealth's inland regulations. The Commission does not believe that it would be feasible to attempt to reconcile New York and New Jersey regulations with the Commission's regulations in the near future for those species not already listed under this section. Therefore, the Commission proposes that § 61.2 be amended to clarify that for all species not listed, the Commonwealth's inland regulations apply.

Finally, the Commission proposes that the introductory paragraph to § 61.2(d) be amended to make it clear that the regulations apply to the West Branch Delaware River as well as the main stem and other tributaries. The Commission proposes to amend § 61.2 to read as set forth in Annex A.

(2) *Section 61.4.* The Commission currently manages two reservoirs that it shares as boundary waters with Maryland: Youghiogheny Reservoir and Conowingo Reservoir. By agreement with Maryland, the Commission's regulations are applied to both states' portions of the Youghiogheny Reservoir and Maryland's regulations are applied to both states' portions of Conowingo Reservoir. Portions of the regulations currently in place for certain species on Conowingo Reservoir under § 61.4 are not consistent with the current Maryland regulations. Specifically, the harvest limit for trout is two per day in Maryland, as opposed to five per day as listed in § 61.4. There is a baitfish daily limit of 35 in Maryland, as opposed to no limit in § 61.4. The harvest of mussels and clams is prohibited in Maryland and § 61.4 is silent. In Maryland, river herring (alewife and blueback herring) have an open season and no size or daily creel limits while § 61.4 disallows fishing for these species. Maryland's regulations provide that there are no seasons, size or creel limits for those species not specifically listed in

the regulations for Conowingo Reservoir. The Commission's regulations do not currently address this matter. Accordingly, the Commission proposes to amend § 61.4 to read as set forth in Annex A.

F. Paperwork

The proposed rulemaking will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed rulemaking will impose no new costs on the private sector or the general public.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed rulemaking to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 within 30 days after publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.state.pa.us/Fish/reg comments. If an acknowledgment of electronic comments

is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

**[58 PA. CODE CH. 63]
Fishing; Tautog**

The Fish and Boat Commission (Commission) proposes to amend Chapter 63 (relating to general fishing regulations). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code).

A. Effective Date

The proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the proposed rulemaking, contact Jason E. Oyler, Esq., P. O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's website at www.fish.state.pa.us.

C. Statutory Authority

The proposed amendment adding § 63.50 (relating to importation of tautog) is published under the statutory authority of section 2102(c) of the code (relating to rules and regulations).

D. Purpose and Background

The proposed rulemaking is designed to improve, enhance and update the Commission's fishing regulations. The specific purpose of the proposed rulemaking is described in more detail under the summary of proposal.

E. Summary of Proposal

It has been brought to the attention of the Commission that tautog (*Tautoga onitis*), a marine fish common on hard bottom from Cape Cod to Delaware, are being harvested illegally on the Atlantic coast and being sold in the live fish markets in Philadelphia. The Commission encountered a similar situation in 1993 regarding the sale of sublegal size weakfish in this Commonwealth's

fish markets that was subsequently addressed with a minimum size limit on weakfish being imported into this Commonwealth.

The New Jersey Division of Fish and Wildlife Marine Conservation Officers asked the Commission to implement a 14-inch minimum size limit on tautog that are imported into this Commonwealth. This restriction will minimize this Commonwealth's black market for sublegal size tautog. Accordingly, the Commission proposes to add § 63.50 to read as set forth in Annex A.

F. Paperwork

The proposed rulemaking will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed rulemaking will impose no new costs on the private sector or the general public.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed rulemaking to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 within 30 days after publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.state.pa.us/Fish/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

GAME COMMISSION

[58 PA. CODE CH. 147]

Special Permits; Deer Control

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 18, 2007, meeting, proposed to amend § 147.553 (relating to permit).

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 18, 2007, meeting of the Commission. Comments can be sent, until June 22, 2007, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

Agricultural deer control permits (red tags) are generally valid from February 1 through September 28 of each year. However, the permits are invalidated for a brief period of time during the peak of the fawning season. More specifically, the permits are invalidated from May 16 through July 31 for general crop farmers and from May 16 through June 30 for vegetable farmers. Upon further review of the closure dates, the Commission has determined that standardizing the closure period between the two classes to May 16 through June 30 would provide additional deer control opportunities for general crop farmers without putting an unjustified additional demand on deer during the fawning season. Therefore, the Commission is proposing to amend § 147.553 to standardize the agricultural deer control permit closure period to May 16 through June 30 for both vegetable and general crop farmers.

Section 2901(b) of the code (relating to authority to issue permits) provides “the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued.” The amendments to § 147.553 were proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 147.553 to standardize the agricultural deer control permit closure period to May 16 through June 30 for both vegetable and general crop farmers.

3. Persons Affected

Persons wishing to exercise the privileges of an agricultural deer control permit may be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Richard A. Palmer, Acting Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

CONTROL BOARD**

[58 PA. CODE CHS. 429a, 433a, 435a, 437a AND 441a]

Manufacturer Designees; Principal Licenses; Employees; Vendor Certification and Registration; Slot Machine Licenses

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 1202(b)(9), (12), (13)—(20) and

(23), 1205, 1209, 1301—1316, 1317.1, 1318, 1321, 1325—1331 and 1802, proposes to add Chapters 429a, 433a, 435a, 437a and 441a to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

Under 4 Pa.C.S. § 1203 (relating to temporary regulations), the Board initially adopted temporary regulations in Chapters 433 and 435 at 35 Pa.B. 4045 (July 16, 2005), Chapter 437 at 35 Pa.B. 6411 (November 19, 2005), Chapters 441 and 443 at 35 Pa.B. 4543 (August 6, 2005) and Chapter 429 at 37 Pa.B. 1862 (April 21, 2007). Under 4 Pa.C.S. Part II (relating to gaming), the temporary regulations expire on July 5, 2007.

The Board is proposing to replace the temporary regulations with the permanent regulations in this proposed rulemaking.

Explanation of Chapters 429a, 433a, 435a, 437a and 441a

Chapter 429a (relating to manufacturer designees) deals with the licensing of manufacturer designees, which is a new category of licensure created by the act of November 1, 2006 (P. L. 1243, No. 135). Section 429a.1 (relating to manufacturer designee general requirements) addresses who must obtain a manufacturer designee license, what a manufacturer designee may do and what restrictions are placed on a manufacturer designee.

Sections 429a.2 and 429a.3 (relating to manufacturer designee license applications and standards; and additional manufacturer designee licenses) lay out the application process for an initial manufacturer designee license and for additional manufacturer designee licenses. The process for additional manufacturer designee licenses is an abbreviated application process because much of the investigative review will already have been completed.

Section 429a.4 (relating to manufacturer designee license term and renewal) sets forth the term of the manufacturer designee license, which is 1 year, and the process for license renewals.

Section 429a.5 (relating to responsibilities of a manufacturer designee) specifies the responsibilities of a manufacturer designee. These include various reporting requirements and the requirement that employees of a manufacturer designee whose duties require them to be on the gaming floor or in a restricted area obtain an occupation permit.

Section 429a.6 (relating to manufacturer designee as agent) states that a manufacturer designee will be deemed to be an agent of the manufacturer and that the manufacturer and the manufacturer designee will be held jointly and severally liable for violations of the regulations and the act committed by the manufacturer designee.

Section 429a.7 (relating to manufacturer designee agreements) requires agreements and amendments thereto to be submitted to the Board for approval. The agreements must specify the responsibilities of the manufacturer and the manufacturer designee and set forth any terms related to compensation of the manufacturer or the manufacturer designee.

Chapter 433a (relating to principal licenses) replaces temporary Chapter 433 (relating to license renewal).

Section 433a.1 (relating to definitions) provides definitions of terms used in this chapter.

Sections 433a.2 and 433a.3 (relating to directors or officers; and individual ownership) specify that officers and directors and individuals who have a direct ownership or have a right to any profit from an applicant for or

holder of a license or an intermediary, holding company of the applicant or licensee must be licensed as principals. Additionally, a grantor, trustee or beneficiary of a trust that is required to be licensed as a principal must also be licensed as a principal. Individuals who own less than 5% of the voting securities of an applicant or licensee or an intermediary, holding company of the applicant or licensee that is a publicly traded company are exempted from this licensing requirement.

Section 433a.4 (relating to entity ownership) specifies which entities are required to be licensed as principals. This includes an intermediary or holding company of the applicant or licensee, an entity that directly or indirectly has the power to control the applicant or licensee and an entity which holds an indirect interest in the applicant or licensee of 5% or greater. This section also contains a limited exemption from licensure for private investment funds that meet certain conditions.

Section 433a.5 (relating to institutional investors) specifies limited circumstances under which institutional investors will not be required to be licensed as principals and which institutional investors will be eligible to receive a waiver.

Section 433a.6 (relating to lenders and underwriters) specifies which lending institutions and underwriters must be licensed as principals and set forth exemption criteria.

Section 433a.7 (relating to trusts) sets forth licensing requirements for trusts. Trusts that hold a direct ownership in an applicant or licensee, a 1% or greater indirect ownership or receive a payment, share of revenue or profits must be licensed as principals. Trusts that own less than 5% of the voting securities of an applicant or licensee that is a publicly traded company are exempted from this licensing requirement.

Section 433a.8 (relating to principal applications) specifies the process for filing an application for a principal license and the responsibilities of applicants.

Section 433a.9 (relating to principal license term and renewal) sets forth the term of the principal license, which is 1 year, and the process for renewal of a principal license.

Chapter 435a (relating to employees) replaces temporary Chapter 435 (relating to employees) with one exception. The requirements in temporary § 435.2 (relating to key employee qualifier license) are now included in Chapter 433a.

Section 435a.1 (relating to general provisions) contains a number of general provisions that apply to individuals who are applicants for or holders of a key employee license, occupation permit or nongaming employee registration. These include requirements to provide information and photographs, comply with the general requirements in Chapters 421a and 423a (relating to general provisions; and applications) and be a United States citizen or hold a current work authorization. It also contains criteria the Board will use when reviewing applications from individuals who have been convicted of a felony or gaming offense and restrictions on gaming at licensed facilities in this Commonwealth that apply to various employees.

Section 435a.2 (relating to key employee license) contains the licensing process that is used for key employees. It requires that applicants prove by clear and convincing evidence that they are eligible and suitable to be licensed as key employees. This section also contains a waiver

process that includes the process for filing a waiver and the information that must be included.

Section 435a.3 (relating to occupation permit) specifies the process for filing an application for an occupation permit and the responsibilities of applicants. As is the case for key employees, applicants for an occupation permit must prove by clear and convincing evidence that they are eligible and suitable to be permitted. This section also allows employers to file applications for an occupation permit on behalf of applicants.

Section 435a.4 (relating to key employee license and occupation permit term and renewal) sets forth the term of the occupation permit, which is 1 year, and the process for renewal of a permit.

Section 435a.5 (relating to nongaming employee registration) establishes the process for filing an application for a nongaming employee registration and the responsibilities of applicants. Like applicants for occupation permits, applicants for a nongaming employee registration must prove by clear and convincing evidence that they are eligible and suitable to be registered and employers are allowed to file applications for nongaming employee registrations on behalf of applicants.

Section 435a.6 (relating to Board credentials) specifies who must obtain a credential and the information that will be on the credential. These credentials are required to be carried at all times while an individual is performing their duties and must be returned to the Board if an individual's license, permit or registration is suspended or revoked.

Section 435a.7 (relating to emergency credentials) deals with emergency credentials, which are credentials issued by the security department of a licensed facility to individuals who have forgotten or lost their Board credential. This section contains the verification requirements that must be met before an emergency credential can be issued and the information that must be recorded in the emergency credential log. It also establishes that these credentials can only be used for a maximum of 72 hours.

Sections 435a.8 and 435a.9 (relating to temporary credentials for principals and key employees; and temporary credentials for nongaming employees) govern the issuance of temporary credentials for principals, key employees and nongaming employees. These temporary credentials allow these individuals to work at the licensed facility while their applications are being reviewed. Temporary credentials for principals and key employees are valid for 120 days and may be extended; temporary credentials for nongaming employees are valid for 30 days.

Section 435a.10 (relating to loss or destruction of credentials) requires that any lost credential be reported to the slot machine license's security department within 24 hours. The slot machine license's security department, in turn, shall provide written notice to the Board of the lost credential within 24 hours. This section also allows employees to request a duplicate Board credential by submitting a Request for Duplicate PGCB Credential form to the Bureau of Licensing.

Chapter 437a (relating to vendor certification and registration) replaces temporary Chapter 437 (relating to vendor registration and certification). Section 437a.1 (relating to general vendor requirements) contains the criteria that will be used to determine if a vendor is required to obtain a vendor registration or vendor certification. It also contains a list of providers who are exempt from the registration and certification process and allows vendors

to seek a waiver of the registration and certification process by filing a Vendor Certification Waiver Application.

Sections 437a.2 and 437a.3 (relating to vendor registration applications; and vendor certification applications) contain the procedures for filing an application for a vendor certification or registration. These sections also require applicants to provide additional information requested and to comply with Chapters 421a and 423a.

Sections 437a.4 and 437a.5 (relating to principal certification; and key employee certification) require principals and key employees of certified vendors to also be certified.

Section 437a.6 (relating to registration and certification term and renewal) sets forth the term of vendor certifications and registrations, which is 4 years, and the process for renewal of a certification or registration.

Section 437a.7 (relating to registered and certified vendor responsibilities) specifies the general responsibilities of certified and registered vendors and which employees of a certified vendor are required to obtain an occupation permit or nongaming employee registration.

Section 437a.8 (relating to approved vendors list; prohibited vendors) provides that the Board will maintain lists of approved and prohibited vendors and bars slot machine applicants and licensees from using a vendor that is on the prohibited list. This section also contains a list of the factors the Board will consider when it is determining whether or not to place a vendor on the prohibited vendor list and specifies the petition process to be used by vendors who are seeking removal from the prohibited vendor list.

Section 437a.9 (relating to permission to conduct business prior to certification or registration) establishes the conditions under which a vendor may request that the Board allow the vendor to provide goods or services prior to completing the application process. The vendor must have filed its application and the slot machine applicant or licensee must have performed a due diligence review and demonstrate good cause as to why the request should be granted. Permission to conduct business will be good for 6 months and may be extended for an additional 6 months.

Section 437a.10 (relating to emergency vendor) contains provisions that allow a slot machine applicant or licensee to use a vendor that is not registered or certified to respond to an emergency involving a threat to public health, welfare or safety or conditions beyond the control of the slot machine applicant or licensee. If a slot machine applicant or licensee uses a vendor that is not registered or certified, they must file a Vendor Notification Form with the Board within 72 hours, provide a written explanation to the Board and file a Vendor Registration Form or Vendor Certification Form for the vendor within 20 business days.

Section 437a.11 (relating to slot machine applicants' and licensees' duty to investigate) set forth the responsibilities of slot machine applicants or licensees to investigate the background and qualifications of vendors they use or intend to use. It also requires contracts between a slot machine applicant or licensee and a vendor to have a cancellation clause that can be invoked if the Board or the slot machine applicant or licensee finds that the vendor is unsuitable.

Chapter 441a (relating to slot machine licenses) replaces the Board's temporary Chapters 441 and 443 (relating to slot machine licenses; and categories of licensure).

Section 441a.1 (relating to definitions) includes the definitions in temporary § 441.1 (relating to definitions), the definition of "licensing hearing" in temporary § 441.19 (relating to licensing hearings for slot machine licenses), revised definitions of "amenities," "non-de minimis consideration," "patron of amenities" and "well-established resort hotel" in temporary Chapter 443 and a new definition of "guest rooms under common ownership."

Section 441a.2 (relating to slot machine application restrictions and deadlines) contains provisions that reflect the ownership restrictions in 4 Pa.C.S. § 1304 (relating to Category 2 slot machine license), how the Board will initiate the application process and establish the completion date for applications.

Section 441a.3 (relating to slot machine license application) specifies what materials must be filed in addition to the Conditional/Category 1, Category 2 or Category 3 Application and Disclosure Information Forms. It also includes provisions requiring applicants to provide additional information requested, to comply with Chapters 421a and 423a and to provide a copy of the local impact report to the political subdivisions where the proposed licensed facility is to be located.

Section 441a.4 (relating to Alternative Category 1 licensing standards) contains the provisions that provide alternate licensing standards which can be used for applicants who hold a similar license in another jurisdiction if that jurisdiction's standards are as comprehensive as the Commonwealth's.

Section 441a.5 (relating to license fee payment bond or letter of credit requirements) requires an applicant for a slot machine license to post a bond or letter of credit guaranteeing the payment of the slot machine license fee required by 4 Pa.C.S. § 1209(c) (relating to slot machine license fee). It sets forth the requirements that must be met by the issuing surety company or bank, specifies the amount of the bond and conditions regarding expiration and replacement of the bond.

Section 441a.6 (relating to public input) mandates that the Board hold at least one public hearing on a slot machine license application and that the hearing be held in the municipality where the licensed facility would be located. It also requires the Board to develop and post the procedures for the conduct of public hearings and to publish a list of witnesses who are scheduled to testify.

Section 441a.7 (relating to licensing hearings for slot machine licenses) specifies the procedures that will be used for slot machine licensing hearings. It establishes the time frames for various filings, areas that are to be addressed by applicants, how comparisons to competing applicants can be made and how to file petitions to intervene.

Section 441a.8 (relating to divestiture) establishes the process an applicant can use to allow a principal or other person who holds a direct or indirect interest in the applicant to divest themselves of that interest if the Board finds that the individual is not eligible or suitable for licensure. The terms of the divestiture shall be submitted to and approved by the Board.

Section 441a.9 (relating to approval of a slot machine license) sets forth the general criteria that the Board will use to determine whether or not to grant a license including financial and character criteria that must be met.

Sections 441a.10 and 441a.11 (relating to notification of anticipated or actual changes in principals or key employ-

ees; and notification of new financial sources) require slot machine applicants and licensees to notify the Board of changes in principals, key employees or financial sources as soon as it becomes aware of a potential change.

Section 441a.12 (relating to maintaining agreements; filing of agreements) requires slot machine applicants and licensees to maintain copies of written and oral agreements and amendments thereto and to submit copies of these agreements to the Board if the agreement involves a licensed manufacturer, manufacturer designee, supplier and certified vendor or if it involves land or real estate.

Section 441a.13 (relating to Board review of agreements and records of agreements) provides that the Board may review an agreement covered by § 441a.12 and, if certain conditions are met, order the slot machine applicant or licensee to terminate the agreement. This section also contains a provision that deems agreements to contain a provision that termination of agreements in response to a Board order will be without liability to the slot machine applicant or licensee.

Section 441a.14 (relating to master purchasing and disbursement report) sets forth the requirements for the filing and content of the monthly Master Purchasing and Disbursement Report which each slot machine applicant or licensee must submit to the Board.

Section 441a.15 (relating to slot machine license issuance bond requirement) contains provisions governing the posting of the \$1 million bond that slot machine licensees must obtain to comply with 4 Pa.C.S. § 1316 (relating to bond for issuance of slot machine license). It specifies the standards for the surety company that issues the bond, that the bond must be payable to the Commonwealth of Pennsylvania and that the slot machine licensee's license will be suspended or revoked if the slot machine licensee fails to keep the bond in effect.

Section 441a.16 (relating to slot machine license term and renewal) sets forth the term of a slot machine license, which is 1 year, and the process for renewal of a slot machine license.

Section 441a.17 (relating to change in ownership or control of slot machine licensee and multiple slot machine license prohibition) contains provisions that implement 4 Pa.C.S. §§ 1328 and 1330 (relating to change in ownership or control of slot machine licensee; and multiple slot machine license prohibition). It requires advance notice and Board approval of changes in ownership that meet the specified criteria. Additionally, slot machine licensees are prohibited from owning more than a 33.3% interest in another slot machine licensee or persons eligible to apply for a Category 1 slot machine license.

Section 441a.18 (relating to employee status report) requires slot machine licensees to submit monthly employee status reports. It specifies when the reports must be filed, what information should be included in the reports and permits the Board to request interim reports if they are needed.

Section 441a.19 (relating to notice of employee misconduct and offenses) requires slot machine licensees to report the termination of an employee within 5 days of the termination if the circumstances surrounding the termination could be cause for suspension or revocation of the employee's license, permit or registration. This report will include detailed information about the employee and a summary of the misconduct. This section also requires that reports be filed with the Board within 24 hours when a person is charged, arrested, indicted or convicted of certain offenses.

Section 441a.20 (relating to slot machine license agreements) mandates that agreements that provide a form of payment related to earnings, profits or receipts from a slot machine licensee must be approved by the Board unless the agreement meets one of the exemptions in this section.

Section 441a.21 (relating to management contracts) provides that a slot machine licensee will be held jointly and severally liable for violations of 4 Pa.C.S. Part II or the Board's regulations committed by its management company.

Section 441a.22 (relating to Category 1 slot machine licensees) contains general provisions that apply just to Category 1 slot machine licensees. These include requirements for payments of funds as required by 4 Pa.C.S. §§ 1404—1406 (relating to distributions from licensee's revenue receipts; Pennsylvania Race Horse Development Fund; and distributions from Pennsylvania Race Horse Development Fund).

Section 441a.23 (relating to Category 3 slot machine licensees) requires that to be considered a well-established resort hotel, a hotel must offer a complement of the listed amenities. It also requires a Category 3 slot machine applicant to submit a plan with its application and as part of its internal controls to control access to the gaming floor to ensure that unauthorized individuals are not permitted to enter the gaming floor and establishes conditions under which holders of memberships for or patrons of amenities will be allowed access to the gaming floor.

The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>

Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final

determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Application No. PA 0260843, CAFO, **Ken Haller**, 225 SR 501 South, Newmanstown, PA 17073.

Ken Haller has submitted an NPDES permit application for the Ken Haller Farm, an existing broiler, horse and heifer operation located in Heidelberg Township, **Lebanon County**. The existing operation includes five broiler barns. The CAFO is situated in Hammer Creek (Watershed 7-J), which is classified as a HQ-CWF. The CAFO has a target animal population of approximately 278 animal equivalent units consisting of 125,000 broilers, ten heifers and three horses. There are no liquid or semisolid manure storage facilities on the farm and all layer manure is stored as solid litter within the barns. Horse and heifer manure is applied directly to pasture. A release or discharge to waters of this Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department of Environmental Protection (Department) has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

The permit application and draft permit are on file at the Southcentral Regional Office of the Department.

Persons may make an appointment to review the Department of Environmental Protection's files by calling the file review coordinator at (717) 705-4732.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Watershed Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The Environmental Protection Agency permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation. Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alter-

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permit-

ting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

The bin-vent fabric filters shall each have a minimum fabric area of 13 square feet per filter and handle no more than 1,500 actual cubic feet of gas per minute. Any substitute bin-vent fabric filters must meet all design specifications and requirements contained in the plan approval application and supplemental materials submitted by Graymont (PA), Inc., dated September 1, 2006 and April 17, 2007, and all conditions of this plan approval.

In addition, the permittee shall record the differential pressure across each fabric filter at least once per week when each fabric filter is in operation.

10. The permittee shall keep records of the supporting calculations for PM and PM10 emissions on a monthly basis and shall verify compliance with the PM and PM10 emissions limitation for the pneumatic truck transfer line system in any 12-consecutive month period. These records

shall be retained for a minimum of 5 years and shall be made available to the Department upon request.

11. The permittee shall keep records of the amount of material process through Silos 3, 4, 7 and 8 on a monthly basis and shall verify compliance with the material throughput limitation for the silos in any 12-consecutive month period. The permittee shall keep records of the amount of material process through Silos 1, 2, 5 and 6 on a monthly basis and shall verify compliance with the material throughput limitation for the silos in any 12-consecutive month period. 30-00099G: Allegheny Energy Supply Co., LLC (800 Cabin Hill Drive, Greensburg, PA 15601) for installation and operation of limestone and gypsum Materials Handling Systems at their Hatfield's Ferry Power Station in Monongahela Township, **Greene County**.

Under 25 Pa. Code § 127.44(a), the Department of Environmental Protection (Department) intends to issue a Plan Approval to Allegheny Energy Supply Company, LLC to allow the installation and operation of limestone and gypsum Materials Handling Systems at their Hatfield's Ferry Power Station in Monongahela Township, Greene County. The Materials Handling Systems will support the operation of the previously approved (PA-30-00099F) Flue Gas Desulfurization (FGD) scrubbers which are being installed to control SO₂ emissions from three existing pulverized coal-fired boilers.

This project has been evaluated in two phases; Phase I Flue Gas Desulfurization Project was issued on September 14, 2006 under PA-30-00099F and Phase II FGD Project—Materials Handling System, PA-30-00099G, which is the subject of this Notice. Emission rates from the facility of all PSD pollutants are expected to either decrease, remain unaffected, or be defined as an insignificant increase per 40 CFR Part 52 as a result of this Project. This Project does not meet the 40 CFR Part 52 definition of a major modification (such as, no significant increase of any pollutant listed under 40 CFR 52.21(b)(23)(i)) and as such this Project is not subject to 40 CFR Part 52 requirements.

Copies of the application, Department's analysis and other documents used in evaluation of the application are available for public inspection during normal business hours at the address that follows:

Department of Environmental Protection

Code §§ 123.1 and 123.2. Other methods of dust control shall be used when weather conditions make in-plant road watering hazardous, as necessary, to prevent visible fugitive emissions from crossing the property line in accordance with 25 Pa. Code §§ 123.1 and 123.2.

8. All loaded trucks transporting limestone, gypsum, and/or wastewater treatment plant sludge entering or exiting the facility shall be properly tarpaulin covered (25 Pa. Code §§ 127.12b).

Such testing shall be conducted in accordance with 25 Pa. Code Chapter 139, where applicable, and in accordance with any restrictions or limitations established by the Department at such time as it notifies the company that testing is required.

1. The Special Conditions in this Plan Approval are not established under either the Prevention of Significant Deterioration (PSD) requirements promulgated in 40 CFR 52.21, (incorporated by reference in 25 Pa. P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling

methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. **State Board of Examiners of Nursing Home
Administrators Regulation #16A-627 (IRRC #2600)**

Administrator-In-Training Program

June 6, 2007

We submit for your consideration the following comments on the proposed rulemaking published in the April 7, 2007 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the State Board of Examiners of Nursing Home Administrators (Board) to respond to all comments received from us or any other source.

1. Section 39.5. Requirements for admission to licensing examination; examination procedures.—Reasonableness; Clarity.

Subsection (b)(3)(ii) states “The Board will evaluate the transcripts and course descriptions of the candidate to determine if the 120-hour program was successfully completed as part of the baccalaureate curriculum.” What criteria will be used to evaluate the transcripts? Will the Board use the breakdown of subjects required in existing Section 39.14(a)(2)? The Board should set forth the criteria use for evaluation or add a cross-reference to Section 39.14(a)(2).

Subsection (b)(3)(iii)(C) adds language that the candidate have 1,000 hours of experience working with a Nursing Home Administrator licensed in PA “or in another state whose licensing standards are equal to those of the Commonwealth.” Will the Board publish a list of states whose licensing standards are “equal” to Pennsylvania’s? Will this be made available on the Board’s website? A similar concern applies to Subsection (b)(4)(ii)(B).

2. Section 39.102. AIT program.—Reasonableness; Clarity.

Subsection (a)(1) requires the administrator-in-training (AIT) and the AIT supervisor to jointly make a “pretraining assessment” of certain aspects of the AIT’s background and training. What criteria will be used to ensure that uniform assessments are made? These criteria should be set forth in the final-form regulation.

Subsection (a)(2)(iii) requires that the training plan include “Training sites or agencies involved.” What “agencies” is the Board referring to? This term should be defined or deleted from the final-form regulation.

Subsection (d)(1) provides that if the AIT program is discontinued prior to completion because of full-time military service, the program may be completed within one year after that military service. However, Subsection (d)(4) states “Only one discontinuance will be permitted.” What alternatives are there for AITs who have two or more discontinuances of their programs due to involuntary military service?

3. Section 39.103. AIT program reports.—Reasonableness; Clarity.

Subsections (2) and (3) are part of the information in the training plan that is submitted to the Board. Why is this information being required to be submitted a second time? These requirements are redundant and should be deleted.

Subsection (8) requires a progress report to include “Other information the Board requests.” What type of

“other information” would this include? How will the AIT and the supervisor know if the Board requests “other information” before this report is submitted?

**Pennsylvania Gaming Control Board Regulation
#125-57 (IRRC #2601)**

**Persons Required to be Excluded;
Underage Gaming**

June 6, 2007

We submit for your consideration the following comments on the proposed rulemaking published in the April 7, 2007 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Pennsylvania Gaming Control Board (Board) to respond to all comments received from us or any other source.

1. Statutory authority of the Board to withhold and allocate winnings.

Majority Chairman James and Minority Chairman Clymer of the House Gaming Oversight Committee submitted comments that questioned the Board’s authority to withhold winnings of both excluded persons and underage gaming patrons. They also questioned the Board’s authority to allocate those winnings to support compulsive and problem gambling programs. We share their concern and ask the Board to explain its statutory authority for both seizure and allocation of winnings under the two chapters of this rulemaking.

2. Section 511.a.2.—Maintenance and distribution of the exclusion list.—Need.

According to the Preamble, the exclusion list will be available to the public at the Board’s office and on its website. There is no reference to the exclusion list being placed on the Board’s website in the regulation. It is our understanding that this was an oversight and the final-form regulation will include a provision that states the exclusion list will be available on the website. We question the need for allowing public access to the exclusion list. This should be explained in the Preamble to the final-form regulation.

3. Section 511a.3.—Criteria for exclusion.—Implementation procedures; Clarity.

This section lists the criteria the Board will use to determine if an individual should be placed on the exclusion list. We have six concerns.

First, Subsection (a) allows the Board discretion as to who may be placed on the exclusion list. Under what circumstances would a person who meets the criteria in this subsection not be placed on the exclusion list?

Second, the criteria listed could be broadly interpreted to include many individuals whose presence in a licensed facility would not be harmful to the interest of the Commonwealth or a slot machine licensee. The Board has explained that the criteria will only be applicable to those individuals whose conduct would directly affect gaming. In the Preamble to the final-form regulation, the Board should explain its intentions for applying the criteria when determining placement on the exclusion list.

Third, under Subsection (a)(2), an “associate” of a career or professional offender may be placed on the exclusion list. The Board has explained that this term would apply to individuals who have some known relationship or connection with a career or professional offender. Including similar language in the final-form regulation would improve the clarity of this term.

Fourth, the term “moral turpitude” is used in Subsection (a)(3). This term is not defined in the Pennsylvania Race Horse Development and Gaming Act (Act) (4 Pa.C.S. §§ 1101–1904). However, we note that Pennsylvania case law provides several definitions for this term. To improve clarity, we suggest that the term be defined in the final-form regulation.

Fifth, Subsection (a)(4)(iii) references “permits, licenses or other approvals that have been revoked.” It is unclear whether this reference pertains to permits, licenses or other approvals issued solely by the Board. The final-form regulation should specify whose approval is required.

Sixth, Subsection (b) lists existing “attributes” that determine whether a person’s presence is “inimical to the interest of the Commonwealth or of licensed gaming therein.” Subsection (c) provides an additional list of factors to determine a “finding” of inimicality. Two separate lists of factors that, in essence, define the same thing is redundant. To eliminate any confusion, we recommend that there be one list of factors to determine “inimicality.”

4. Section 511.a.5.—Placement on the exclusion list.—Clarity.

Subsection (a) pertains to when persons “may” be placed on the exclusion list. Similar to our first concern under Section 511.a.3, under what circumstances would a person who meets the criteria in this subsection not be placed on the exclusion list?

5. Section 511.a.8.—Duties of slot machine licensees.—Statutory authority; Legislative intent; Implementation procedures.

Subsection (c) states the following: “If an excluded person enters, attempts to enter, or is in a licensed facility and is recognized by employees of the slot machine licensee, the slot machine licensee shall immediately notify the Bureau of the fact in accordance with the procedures set forth by the Board.” We recommend that the final-form regulation include the procedures for notification.

Subsection (e) states that slot machine licensees or their employees will not be liable to any person for damages in a civil action based on three factors. Section 1516(c) of the Act provides immunity to gaming entities or employees as it relates to the self-exclusion list. However, the Act does not provide similar immunity to gaming entities as it relates to their responsibilities for the enforcement of the exclusion list. We have two questions. First, what is the Board’s statutory authority for providing this immunity? Second, is this provision properly aligned with the legislative intent of the Act?

6. Section 513a.4. Signage requirements.—Implementation procedures; Clarity.

This section pertains to text that must be included on signage posted in slot machine licensed facilities. The section notes that the complete text to be included “shall be determined by the Board.” Will the text differ for each facility or licensee? How will the Board inform the licensees of the correct standards for eligibility? This information should be included in the final-form regulation.

7. Miscellaneous clarity.

Subsections 511a.3(a)(1), (2), and (3) use the phrase “inimical to the interest of the Commonwealth or slot

machine licensee, or both.” We note that § 511a.3(a)(4) and (b) use a phrase similar to “inimical to the interest of the Commonwealth or licensed gaming therein.” Is there a reason one phrase is not used consistently throughout?

The phrase “notorious or unsavory” is used in § 511a.3(a)(4)(ix). This phrase is non-regulatory language that should be deleted.

Subsection 513a.2(e) indicates that winnings incurred by an individual under 21 years of age shall be remitted to the Board “to support compulsive and problem gambling programs.” We note that § 513a.3(c) states that under § 513a.2(e), winnings obtained by a slot machine licensee from or held on account of a person under 21 years of age shall be remitted to the Board and “deposited into the Compulsive and Problem Gambling Treatment Fund.” Is there a reason that this Fund is not mentioned consistently in each of these subsections?

Recalculation of the Pennsylvania Telecommunications Relay Service Surcharge; Doc. No. M-00900239F0015

Order

By the Commission:

In accordance with our May 29, 1990 Order at Docket No. M-00900239, which established the Pennsylvania Telephone Relay Service (Relay) and a surcharge funding mechanism (TRS surcharge); and with Act 34 of 1995, 35 P. S. §§ 6701.1, et seq.,¹ which established the Telephone Device Distribution Program (TDDP) to be funded by the TRS surcharge and which codified Relay and use of the TRS surcharge funding mechanism; and with Act 174 of 2004, 35 P. S. § 6701.3a, which established the Print Media Access System Program (PMASP) to be funded in part by the TRS surcharge,² we have completed the 17th annual recalculation of the TRS surcharge as it applies to residence and business wireline access lines for July 1, 2007, through June 30, 2008. The monthly residential and business monthly wireline access line surcharge will remain set at \$0.08 and \$0.09, respectively.

¹ The statutory provisions were also amended by Act 181 of 2002 to be more inclusive of persons with disabilities.

² PMASP is a reading service for persons with certain vision and physical disabilities. The law is now called the "Universal Telecommunications and Print Media Access Act."

As part of their continuing obligations under the TRS surcharge recalculation process, the local exchange carriers (LECs)³ have submitted their wireline access line counts. The total number of wireline access lines, adjusted for Centrex lines, is 7,584,143 which include 4,701,674 residence wireline access lines and 2,882,469 business wireline access lines. The Relay Provider, AT&T Communications of Pennsylvania, LLC, has submitted the estimated minutes of use and charges for July 1, 2007, through June 30, 2008. U. S. Bank,⁴ the Fund Administrator, has provided a statement of the financial status of the Fund.⁵ The executive director of the Office of Vocational Rehabilitation (OVR) in the Department of Labor and Industry has submitted the 2007-2008 TDDP budget and the 2007-2008 PMASP budget. Additionally, the surcharge will fund the Captioned Telephone Voice-Carry-Over Relay Service (CTVRS), TRS Advisory Board activities, and Fund administration costs.

Based upon the number of wireline access lines; the estimated cost of the CTVRS; the projected costs of Relay, TDDP, and PMASP; anticipated Relay Advisory Board expenses; and TRS Fund administration costs, coupled with the financial status of the TRS Fund,⁶ the 2007-2008 residential and business monthly wireline access line will remain set at the surcharge rates of \$0.08 and \$0.09, respectively.⁷ Since the 2007-2008 surcharge has not changed from the 2006-2007 surcharge, no tariff supplements are required at this time.

Effective July 1, 2007, the monthly surcharge collected shall be remitted and allocated to each fund account on a percentage basis as follows:⁸

	<i>2007-2008 Monthly Surcharge Percentage</i>	
	<i>Residence %</i>	<i>Business %</i>
Relay	98.0	98.0
TDDP	0.0	0.0
PMASP	2.0	2.0
Total Percentage	100.0	100.0

All TRS surcharge revenues shall continue to be remitted to the Fund Administrator.⁹

³ Including both incumbent local exchange carriers (ILECs) and competitive local exchange carriers (CLECs). This total is further adjusted under a Centrex equivalency formula. As of May 15, 2007, fourteen LECs (ARC Networks, BCN Telecom, Broadwing Communications, Claricom Networks, CTSI, Full Service Computing, Global Crossing Local Service, Lightyear Networks, McGraw Communications, Penn Telecom, Remi Retail Communications, Shared Network User Group, US LEC of PA, PaeTec Communications) have not filed their access line data. Staff is currently investigating this noncompliance issue.

⁴ As a result of mergers, acquisitions, and name changes, Fund administration has been handled by Hamilton Bank, CoreStates Bank N.A. (1995), First Union National Bank (1999), Wachovia Bank, N.A. (2002), and U.S. Bank Institutional Trust & Custody (2006).

⁵ Separate accounts are maintained for the portion of the surcharge allocated to Relay, the portion allocated to TDDP, and the portion allocated to PMASP. Relay Advisory Board, CTVRS, and outreach activities draw from the Relay account; Fund administration draws from each respective account.

⁶ The TRS Funds consists of three separate accounts: one for Relay; one for TDDP and one for PMASP. The separation of account activity is accomplished by individual bank accounts increasing accountability.

⁷ The annual expense is based on the estimated annual charges submitted by AT&T Relay, estimated annual TRS Advisory Board expenses, estimated annual compensation to the Fund Administrator, contracted cost of Relay outreach campaign, staff estimated annual charges for CTVRS use; and the estimated annual budget for the TDDP and PMASP submitted by OVR.

⁸ The TRS surcharge appears as a single line item on customers' bills but actually has three components (Relay TDDP and PMASP).

⁹ LECs shall remit surcharge revenues to U.S. Bank Institutional Trust & Custody, Attn: Sue Massey, EX-PA-WBSP, 50 South 16th Street, 20th Floor, Philadelphia, PA 19102, payable to the "PA Relay Service Fund" and designated for Relay. Wire instructions effective September 11, 2006 can be found on the remittance form.

We shall continue our active oversight of the operations of the Pennsylvania Relay and continue to collaborate with OVR and its TDDP administrator¹⁰ to ensure adequate funding for distribution of TDDP equipment to low-income households in accordance with 35 P. S. §§ 6791.3 and 4. We shall also work with OVR to ensure adequate funding for PMASP in accordance with 35 P. S. §§ 6791.3a and 4.

On August 7, 2003, our Secretarial letter required AT&T to file on or before May 1st of each year a Statement of Actual Underlying Costs of the PA TRS for the period of July 1 of the previous year through June 30 of the current year. The Commission's Bureau of Audits has completed its Audit of the Underlying Costs of the PA TRS for the Fiscal year ended June 30, 2004 and June 30, 2005. The Bureau of Audits has issued a Report dated February 15, 2007, at Docket No. D-040SPA050.

On May 29, 2003, the Commission authorized an audit of the TRS fund. The scope of this audit has expanded to include the fiscal period ending June 30, 2006. The audit currently includes the 36 months of July 1, 2003 through June 30, 2006. The Commission's Bureau of Audits has completed the field work of the TDDP for the twelve months ended June 30, 2006. The Commission is generally satisfied that ratepayer funds are appropriately used for the TDDP during the audit periods; *Therefore,*

It is Ordered That:

1. For the period of July 1, 2007, through June 30, 2008, the residence surcharge per wireline access line per month shall be \$0.08 and the business surcharge per wireline access line per month shall be \$0.09, unless we take further action to revise the TRS surcharge prior to June 30, 2008.

2. All local exchange carriers are directed to use the attached form to remit the monthly TRS surcharge collections to U. S. Bank, Institutional Trust & Custody.

3. A copy of this Order be served upon all local exchange carriers, AT&T Communications Company of Pennsylvania, LLC, U. S. Bank Institutional Trust & Custody, the Office of Vocational Rehabilitation in the Department of Labor and Industry, the Office of Consumer Advocate, the Office of Small Business Advocate, and the Pennsylvania Telephone Association.

4. A copy of this Order be published in the *Pennsylvania Bulletin*.

5. A copy of this Order be posted to the Commission's website.

Tentative Order

Public Meeting held
May 30, 2007

Commissioners Present: Wendell F. Holland, Chairperson; James H. Cawley, Vice Chairperson; Kim Pizzingrilli; Terrance J. Fitzpatrick

In re: OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and 1-800-Max-Save (2007.0014); Doc. No. A-311197

Tentative Order

By the Commission:

OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and

1-800-Max-Save (OCMC) has failed to pay its \$486 general assessment for 2006-2007 pursuant to section 510(c) of the Public Utility Code. 66 Pa.C.S. § 510(c). OCMC is a telecommunications interexchange reseller certificated at A-311197 on July 18, 2002. On or about August 21, 2006, Commission staff sent an invoice to OCMC notifying it that its 2006-2007 annual assessment was due. The Commission has not received payment for this invoice. When Commission staff attempted to contact OCMC about payment, a copy of a generic letter dated May 25, 2006, was forwarded to staff, stating that Meridian Financial Advisors, Ltd. d/b/a The Meridian Group was appointed by order entered by the United States District Court for the Southern District of Indiana as the Receiver over the assets and business of OCMC and that OCMC was no longer conducting business in Pennsylvania. The letter, signed by the president of the Meridian Group, also advised that OCMC was relinquishing any and all certificates or regulatory authorization.

The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of such other remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504, 505, 506, and 3301. Based on the above and because of OCMC's failure to pay its annual assessment for 2006-2007, we believe it is appropriate to revoke OCMC's certificate of public convenience without the necessity of a formal complaint, and we tentatively conclude that revocation of OCMC's certificate of public convenience is in the public interest. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under section 3301, in lieu of cancellation, if OCMC or any successor in interest seeks relief from this Tentative Order; *Therefore,*

It is Ordered That:

1. Revocation of OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and 1-800-Max-Save's certificate of public convenience is hereby approved as being in the public interest.

2. The Secretary serve a copy of this Tentative Order upon OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and 1-800-Max-Save; Meridian Financial Advisors, Ltd. d/b/a The Meridian Group; the Office of Consumer Advocate; the Office of Small Business Advocate; the Office of Trial Staff; the Pennsylvania Emergency Management Agency; and the Department of Revenue, Bureau of Corporation Taxes, and also cause a copy of this Tentative Order to be published in the *Pennsylvania Bulletin* with a 30-day comment period.

3. Absent the filing of adverse public comment within 30 days after publication in the *Pennsylvania Bulletin*, this Tentative Order shall become final without further action by the Commission.

4. Upon this order becoming final, and without further action by the Commission, the certificate of public convenience held by OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and 1-800-Max-Save at A-311197 shall be canceled, and OCMC, Inc.'s name stricken from all active

utility lists maintained by the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.
