This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final

determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Application No. PA 0260843, CAFO, **Ken Haller**, 225 SR 501 South, Newmanstown, PA 17073.

Ken Haller has submitted an NPDES permit application for the Ken Haller Farm, an existing broiler, horse and heifer operation located in Heidelberg Township, **Lebanon County**. The existing operation includes five broiler barns. The CAFO is situated in Hammer Creek (Watershed 7-J), which is classified as a HQ-CWF. The CAFO has a target animal population of approximately 278 animal equivalent units consisting of 125,000 broilers, ten heifers and three horses. There are no liquid or semisolid manure storage facilities on the farm and all layer manure is stored as solid litter within the barns. Horse and heifer manure is applied directly to pasture. A release or discharge to waters of this Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department of Environmental Protection (Department) has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

The permit application and draft permit are on file at the Southcentral Regional Office of the Department.

Persons may make an appointment to review the Department of Environmental Protection's files by calling the file review coordinator at (717) 705-4732.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Watershed Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The Environmental Protection Agency permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation. Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alter-

native form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permit-

ting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

Under 25 Pa. Code § 127.44(a), the Department of Environmental Protection (Department) intends to issue a Plan Approval to Allegheny Energy Supply Company, LLC to allow the installation and operation of limestone and gypsum Materials Handling Systems at their Hatfield's Ferry Power Station in Monongahela Township, Greene County. The Materials Handling Systems will support the operation of the previously approved (PA-30-00099F) Flue Gas Desulfurization (FGD) scrubbers which are being installed to control SO₂ emissions from three existing pulverized coal-fired boilers.

This project has been evaluated in two phases; Phase I Flue Gas Desulfurization Project was issued on September 14, 2006 under PA-30-00099F and Phase II FGD Project—Materials Handling System, PA-30-00099G, which is the subject of this Notice. Emission rates from the facility of all PSD pollutants are expected to either decrease, remain unaffected, or be defined as an insignificant increase per 40 CFR Part 52 as a result of this Project. This Project does not meet the 40 CFR Part 52 definition of a major modification (such as, no significant increase of any pollutant listed under 40 CFR 52.21(b)(23)(i)) and as such this Project is not subject to 40 CFR Part 52 requirements.

Copies of the application, Department's analysis and other documents used in evaluation of the application are available for public inspection during normal business hours at the address that follows:

Such testing shall be conducted in accordance with 25 Pa. Code Chapter 139, where applicable, and in accordance with any restrictions or limitations established by the Department at such time as it notifies the company that testing is required.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (52

P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. **State Board of Examiners of Nursing Home
Administrators Regulation #16A-627 (IRRC #2600)**

Administrator-In-Training Program

June 6, 2007

We submit for your consideration the following comments on the proposed rulemaking published in the April 7, 2007 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the State Board of Examiners of Nursing Home Administrators (Board) to respond to all comments received from us or any other source.

1. Section 39.5. Requirements for admission to licensing examination; examination procedures.—Reasonableness; Clarity.

Subsection (b)(3)(ii) states “The Board will evaluate the transcripts and course descriptions of the candidate to determine if the 120-hour program was successfully completed as part of the baccalaureate curriculum.” What criteria will be used to evaluate the transcripts? Will the Board use the breakdown of subjects required in existing Section 39.14(a)(2)? The Board should set forth the criteria use for evaluation or add a cross-reference to Section 39.14(a)(2).

Subsection (b)(3)(iii)(C) adds language that the candidate have 1,000 hours of experience working with a Nursing Home Administrator licensed in PA “or in another state whose licensing standards are equal to those of the Commonwealth.” Will the Board publish a list of states whose licensing standards are “equal” to Pennsylvania’s? Will this be made available on the Board’s website? A similar concern applies to Subsection (b)(4)(ii)(B).

2. Section 39.102. AIT program.—Reasonableness; Clarity.

Subsection (a)(1) requires the administrator-in-training (AIT) and the AIT supervisor to jointly make a “pretraining assessment” of certain aspects of the AIT’s background and training. What criteria will be used to ensure that uniform assessments are made? These criteria should be set forth in the final-form regulation.

Subsection (a)(2)(iii) requires that the training plan include “Training sites or agencies involved.” What “agencies” is the Board referring to? This term should be defined or deleted from the final-form regulation.

Subsection (d)(1) provides that if the AIT program is discontinued prior to completion because of full-time military service, the program may be completed within one year after that military service. However, Subsection (d)(4) states “Only one discontinuance will be permitted.” What alternatives are there for AITs who have two or more discontinuances of their programs due to involuntary military service?

3. Section 39.103. AIT program reports.—Reasonableness; Clarity.

Subsections (2) and (3) are part of the information in the training plan that is submitted to the Board. Why is this information being required to be submitted a second time? These requirements are redundant and should be deleted.

Subsection (8) requires a progress report to include “Other information the Board requests.” What type of

“other information” would this include? How will the AIT and the supervisor know if the Board requests “other information” before this report is submitted?

**Pennsylvania Gaming Control Board Regulation
#125-57 (IRRC #2601)**

**Persons Required to be Excluded;
Underage Gaming**

June 6, 2007

We submit for your consideration the following comments on the proposed rulemaking published in the April 7, 2007 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Pennsylvania Gaming Control Board (Board) to respond to all comments received from us or any other source.

1. Statutory authority of the Board to withhold and allocate winnings.

Majority Chairman James and Minority Chairman Clymer of the House Gaming Oversight Committee submitted comments that questioned the Board’s authority to withhold winnings of both excluded persons and underage gaming patrons. They also questioned the Board’s authority to allocate those winnings to support compulsive and problem gambling programs. We share their concern and ask the Board to explain its statutory authority for both seizure and allocation of winnings under the two chapters of this rulemaking.

2. Section 511.a.2.—Maintenance and distribution of the exclusion list.—Need.

According to the Preamble, the exclusion list will be available to the public at the Board’s office and on its website. There is no reference to the exclusion list being placed on the Board’s website in the regulation. It is our understanding that this was an oversight and the final-form regulation will include a provision that states the exclusion list will be available on the website. We question the need for allowing public access to the exclusion list. This should be explained in the Preamble to the final-form regulation.

3. Section 511a.3.—Criteria for exclusion.—Implementation procedures; Clarity.

This section lists the criteria the Board will use to determine if an individual should be placed on the exclusion list. We have six concerns.

First, Subsection (a) allows the Board discretion as to who may be placed on the exclusion list. Under what circumstances would a person who meets the criteria in this subsection not be placed on the exclusion list?

Second, the criteria listed could be broadly interpreted to include many individuals whose presence in a licensed facility would not be harmful to the interest of the Commonwealth or a slot machine licensee. The Board has explained that the criteria will only be applicable to those individuals whose conduct would directly affect gaming. In the Preamble to the final-form regulation, the Board should explain its intentions for applying the criteria when determining placement on the exclusion list.

Third, under Subsection (a)(2), an “associate” of a career or professional offender may be placed on the exclusion list. The Board has explained that this term would apply to individuals who have some known relationship or connection with a career or professional offender. Including similar language in the final-form regulation would improve the clarity of this term.

Fourth, the term “moral turpitude” is used in Subsection (a)(3). This term is not defined in the Pennsylvania Race Horse Development and Gaming Act (Act) (4 Pa.C.S. §§ 1101–1904). However, we note that Pennsylvania case law provides several definitions for this term. To improve clarity, we suggest that the term be defined in the final-form regulation.

Fifth, Subsection (a)(4)(iii) references “permits, licenses or other approvals that have been revoked.” It is unclear whether this reference pertains to permits, licenses or other approvals issued solely by the Board. The final-form regulation should specify whose approval is required.

Sixth, Subsection (b) lists existing “attributes” that determine whether a person’s presence is “inimical to the interest of the Commonwealth or of licensed gaming therein.” Subsection (c) provides an additional list of factors to determine a “finding” of inimicality. Two separate lists of factors that, in essence, define the same thing is redundant. To eliminate any confusion, we recommend that there be one list of factors to determine “inimicality.”

4. Section 511.a.5.—Placement on the exclusion list.—Clarity.

Subsection (a) pertains to when persons “may” be placed on the exclusion list. Similar to our first concern under Section 511.a.3, under what circumstances would a person who meets the criteria in this subsection not be placed on the exclusion list?

5. Section 511.a.8.—Duties of slot machine licensees.—Statutory authority; Legislative intent; Implementation procedures.

Subsection (c) states the following: “If an excluded person enters, attempts to enter, or is in a licensed facility and is recognized by employees of the slot machine licensee, the slot machine licensee shall immediately notify the Bureau of the fact in accordance with the procedures set forth by the Board.” We recommend that the final-form regulation include the procedures for notification.

Subsection (e) states that slot machine licensees or their employees will not be liable to any person for damages in a civil action based on three factors. Section 1516(c) of the Act provides immunity to gaming entities or employees as it relates to the self-exclusion list. However, the Act does not provide similar immunity to gaming entities as it relates to their responsibilities for the enforcement of the exclusion list. We have two questions. First, what is the Board’s statutory authority for providing this immunity? Second, is this provision properly aligned with the legislative intent of the Act?

6. Section 513a.4. Signage requirements.—Implementation procedures; Clarity.

This section pertains to text that must be included on signage posted in slot machine licensed facilities. The section notes that the complete text to be included “shall be determined by the Board.” Will the text differ for each facility or licensee? How will the Board inform the licensees of the correct standards for eligibility? This information should be included in the final-form regulation.

7. Miscellaneous clarity.

Subsections 511a.3(a)(1), (2), and (3) use the phrase “inimical to the interest of the Commonwealth or slot

machine licensee, or both.” We note that § 511a.3(a)(4) and (b) use a phrase similar to “inimical to the interest of the Commonwealth or licensed gaming therein.” Is there a reason one phrase is not used consistently throughout?

The phrase “notorious or unsavory” is used in § 511a.3(a)(4)(ix). This phrase is non-regulatory language that should be deleted.

Subsection 513a.2(e) indicates that winnings incurred by an individual under 21 years of age shall be remitted to the Board “to support compulsive and problem gambling programs.” We note that § 513a.3(c) states that under § 513a.2(e), winnings obtained by a slot machine licensee from or held on account of a person under 21 years of age shall be remitted to the Board and “deposited into the Compulsive and Problem Gambling Treatment Fund.” Is there a reason that this Fund is not mentioned consistently in each of these subsections?

Order

Public Meeting held
 May 30, 2007

Commissioners Present: Wendell F. Holland, Chairperson; James H. Cawley, Vice Chairperson; Kim Pizzingrilli; Terrance J. Fitzpatrick

Recalculation of the Pennsylvania Telecommunications Relay Service Surcharge; Doc. No. M-00900239F0015

Order

By the Commission:

In accordance with our May 29, 1990 Order at Docket No. M-00900239, which established the Pennsylvania Telephone Relay Service (Relay) and a surcharge funding mechanism (TRS surcharge); and with Act 34 of 1995, 35 P. S. §§ 6701.1, et seq.,¹ which established the Telephone Device Distribution Program (TDDP) to be funded by the TRS surcharge and which codified Relay and use of the TRS surcharge funding mechanism; and with Act 174 of 2004, 35 P. S. § 6701.3a, which established the Print Media Access System Program (PMASP) to be funded in part by the TRS surcharge,² we have completed the 17th annual recalculation of the TRS surcharge as it applies to residence and business wireline access lines for July 1, 2007, through June 30, 2008. The monthly residential and business monthly wireline access line surcharge will remain set at \$0.08 and \$0.09, respectively.

¹ The statutory provisions were also amended by Act 181 of 2002 to be more inclusive of persons with disabilities.

² PMASP is a reading service for persons with certain vision and physical disabilities. The law is now called the "Universal Telecommunications and Print Media Access Act."

As part of their continuing obligations under the TRS surcharge recalculation process, the local exchange carriers (LECs)³ have submitted their wireline access line counts. The total number of wireline access lines, adjusted for Centrex lines, is 7,584,143 which include 4,701,674 residence wireline access lines and 2,882,469 business wireline access lines. The Relay Provider, AT&T Communications of Pennsylvania, LLC, has submitted the estimated minutes of use and charges for July 1, 2007, through June 30, 2008. U. S. Bank,⁴ the Fund Administrator, has provided a statement of the financial status of the Fund.⁵ The executive director of the Office of Vocational Rehabilitation (OVR) in the Department of Labor and Industry has submitted the 2007-2008 TDDP budget and the 2007-2008 PMASP budget. Additionally, the surcharge will fund the Captioned Telephone Voice-Carry-Over Relay Service (CTVRS), TRS Advisory Board activities, and Fund administration costs.

Based upon the number of wireline access lines; the estimated cost of the CTVRS; the projected costs of Relay, TDDP, and PMASP; anticipated Relay Advisory Board expenses; and TRS Fund administration costs, coupled with the financial status of the TRS Fund,⁶ the 2007-2008 residential and business monthly wireline access line will remain set at the surcharge rates of \$0.08 and \$0.09, respectively.⁷ Since the 2007-2008 surcharge has not changed from the 2006-2007 surcharge, no tariff supplements are required at this time.

Effective July 1, 2007, the monthly surcharge collected shall be remitted and allocated to each fund account on a percentage basis as follows:⁸

	2007-2008 Monthly Surcharge Percentage	
	Residence %	Business %
Relay	98.0	98.0
TDDP	0.0	0.0
PMASP	2.0	2.0
Total Percentage	100.0	100.0

All TRS surcharge revenues shall continue to be remitted to the Fund Administrator.⁹

³ Including both incumbent local exchange carriers (ILECs) and competitive local exchange carriers (CLECs). This total is further adjusted under a Centrex equivalency formula. As of May 15, 2007, fourteen LECs (ARC Networks, BCN Telecom, Broadwing Communications, Claricom Networks, CTSI, Full Service Computing, Global Crossing Local Service, Lightyear Networks, McGraw Communications, Penn Telecom, Remi Retail Communications, Shared Network User Group, US LEC of PA, PaeTec Communications) have not filed their access line data. Staff is currently investigating this noncompliance issue.

⁴ As a result of mergers, acquisitions, and name changes, Fund administration has been handled by Hamilton Bank, CoreStates Bank N.A. (1995), First Union National Bank (1999), Wachovia Bank, N.A. (2002), and U.S. Bank Institutional Trust & Custody (2006).

⁵ Separate accounts are maintained for the portion of the surcharge allocated to Relay, the portion allocated to TDDP, and the portion allocated to PMASP. Relay Advisory Board, CTVRS, and outreach activities draw from the Relay account; Fund administration draws from each respective account.

⁶ The TRS Funds consists of three separate accounts: one for Relay; one for TDDP and one for PMASP. The separation of account activity is accomplished by individual bank accounts increasing accountability.

⁷ The annual expense is based on the estimated annual charges submitted by AT&T Relay, estimated annual TRS Advisory Board expenses, estimated annual compensation to the Fund Administrator, contracted cost of Relay outreach campaign, staff estimated annual charges for CTVRS use; and the estimated annual budget for the TDDP and PMASP submitted by OVR.

⁸ The TRS surcharge appears as a single line item on customers' bills but actually has three components (Relay TDDP and PMASP).

⁹ LECs shall remit surcharge revenues to U.S. Bank Institutional Trust & Custody, Attn: Sue Massey, EX-PA-WBSP, 50 South 16th Street, 20th Floor, Philadelphia, PA 19102, payable to the "PA Relay Service Fund" and designated for Relay. Wire instructions effective September 11, 2006 can be found on the remittance form.

We shall continue our active oversight of the operations of the Pennsylvania Relay and continue to collaborate with OVR and its TDDP administrator¹⁰ to ensure adequate funding for distribution of TDDP equipment to low-income households in accordance with 35 P. S. §§ 6791.3 and 4. We shall also work with OVR to ensure adequate funding for PMASP in accordance with 35 P. S. §§ 6791.3a and 4.

On August 7, 2003, our Secretarial letter required AT&T to file on or before May 1st of each year a Statement of Actual Underlying Costs of the PA TRS for the period of July 1 of the previous year through June 30 of the current year. The Commission's Bureau of Audits has completed its Audit of the Underlying Costs of the PA TRS for the Fiscal year ended June 30, 2004 and June 30, 2005. The Bureau of Audits has issued a Report dated February 15, 2007, at Docket No. D-040SPA050.

On May 29, 2003, the Commission authorized an audit of the TRS fund. The scope of this audit has expanded to include the fiscal period ending June 30, 2006. The audit currently includes the 36 months of July 1, 2003 through June 30, 2006. The Commission's Bureau of Audits has completed the field work of the TDDP for the twelve months ended June 30, 2006. The Commission is generally satisfied that ratepayer funds are appropriately used for the TDDP during the audit periods; *Therefore*,

It is Ordered That:

1. For the period of July 1, 2007, through June 30, 2008, the residence surcharge per wireline access line per month shall be \$0.08 and the business surcharge per wireline access line per month shall be \$0.09, unless we take further action to revise the TRS surcharge prior to June 30, 2008.

2. All local exchange carriers are directed to use the attached form to remit the monthly TRS surcharge collections to U. S. Bank, Institutional Trust & Custody.

3. A copy of this Order be served upon all local exchange carriers, AT&T Communications Company of Pennsylvania, LLC, U. S. Bank Institutional Trust & Custody, the Office of Vocational Rehabilitation in the Department of Labor and Industry, the Office of Consumer Advocate, the Office of Small Business Advocate, and the Pennsylvania Telephone Association.

4. A copy of this Order be published in the *Pennsylvania Bulletin*.

5. A copy of this Order be posted to the Commission's website.

Secretary

Tentative Order

Public Meeting held
May 30, 2007

Commissioners Present: Wendell F. Holland, Chairperson; James H. Cawley, Vice Chairperson; Kim Pizzingrilli; Terrance J. Fitzpatrick

In re: OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and 1-800-Max-Save (2007.0014); Doc. No. A-311197

Tentative Order

By the Commission:

OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and

1-800-Max-Save (OCMC) has failed to pay its \$486 general assessment for 2006-2007 pursuant to section 510(c) of the Public Utility Code. 66 Pa.C.S. § 510(c). OCMC is a telecommunications interexchange reseller certificated at A-311197 on July 18, 2002. On or about August 21, 2006, Commission staff sent an invoice to OCMC notifying it that its 2006-2007 annual assessment was due. The Commission has not received payment for this invoice. When Commission staff attempted to contact OCMC about payment, a copy of a generic letter dated May 25, 2006, was forwarded to staff, stating that Meridian Financial Advisors, Ltd. d/b/a The Meridian Group was appointed by order entered by the United States District Court for the Southern District of Indiana as the Receiver over the assets and business of OCMC and that OCMC was no longer conducting business in Pennsylvania. The letter, signed by the president of the Meridian Group, also advised that OCMC was relinquishing any and all certificates or regulatory authorization.

The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of such other remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504, 505, 506, and 3301. Based on the above and because of OCMC's failure to pay its annual assessment for 2006-2007, we believe it is appropriate to revoke OCMC's certificate of public convenience without the necessity of a formal complaint, and we tentatively conclude that revocation of OCMC's certificate of public convenience is in the public interest. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under section 3301, in lieu of cancellation, if OCMC or any successor in interest seeks relief from this Tentative Order; *Therefore,*

It is Ordered That:

1. Revocation of OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and 1-800-Max-Save's certificate of public convenience is hereby approved as being in the public interest.

2. The Secretary serve a copy of this Tentative Order upon OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and 1-800-Max-Save; Meridian Financial Advisors, Ltd. d/b/a The Meridian Group; the Office of Consumer Advocate; the Office of Small Business Advocate; the Office of Trial Staff; the Pennsylvania Emergency Management Agency; and the Department of Revenue, Bureau of Corporation Taxes, and also cause a copy of this Tentative Order to be published in the *Pennsylvania Bulletin* with a 30-day comment period.

3. Absent the filing of adverse public comment within 30 days after publication in the *Pennsylvania Bulletin*, this Tentative Order shall become final without further action by the Commission.

4. Upon this order becoming final, and without further action by the Commission, the certificate of public convenience held by OCMC, Inc. d/b/a AdvantTel, LiveTel, Once Call Communications, Inc., OPTICOM, RegionTel, SuperTel and 1-800-Max-Save at A-311197 shall be canceled, and OCMC, Inc.'s name stricken from all active

utility lists maintained by the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.
