READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Amended Order

Per Curiam:

And Now, this 15th day of June, 2007, Pennsylvania Rule of Civil Procedure 229.2 is promulgated to read as follows.

This Order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective September 1, 2007.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

Rule 229.2. Petition to Transfer Structured Settlement Payment Rights.

(a) Words used in this rule, which are defined by the Structured Settlement Protection Act, shall have the meaning set forth in the Act.

Official Note: See Section 2 of the Act, 40 P. S. § 4002, which defines numerous terms including “best interests,” “dependents,” “payee,” “structured settlement obligor,” and “structured settlement payment rights.”

(b) A petition to transfer structured settlement payment rights shall be filed in the county in which the payee is domiciled.

Official Note: See Section 4 of the Act, 40 P. S. § 4004, providing that the court of common pleas of the judicial district in which the payee is domiciled shall have jurisdiction over the petition.

(c) The parties to the petition shall be the payee and the transferee.

(d) The petition shall be verified by the transferee and shall contain:

(1) a statement setting forth the payment provisions of the structured settlement agreement and the payment rights that the payee seeks to transfer,

(2) separate paragraphs which in bold type set forth

(i) the net amount payable to the payee after deduction of all commissions, fees, costs, expenses, and charges, and

(ii) the following statement setting forth the interest rate:

“Based on the net amount that the payee will receive from this transaction (\$ _____) and the amounts and timing of the structured settlement payments that would be assigned, the payee is, in effect, paying interest at a rate of _____ % per year.”

(3) four attachments:

(i) a Payee’s Affidavit in Support of Petition, in the form prescribed by subdivision (f) as Attachment 1,

(ii) an initial order of court scheduling the hearing, in the form prescribed by subdivision (g),

(iii) a certification by an attorney for the transferee representing to the best of his or her knowledge, information and belief, formed after reasonable inquiry, that the transfer will comply with the requirements of the Act and will not contravene any other applicable federal or state statute or regulation or the order of any court or administrative authority, and

(iv) a final order of court granting the petition, in the form prescribed by subdivision (i).

Official Note: These four attachments are in addition to any other documents which are required to support the findings set forth in Section 3 of the Act, 40 P. S. § 4003.

Subdivision (d) requires that two documents be verified. As the two documents contain different information, each must be verified by a different person. The petition to transfer structured settlement payment rights must be verified by the transferee. The Payee’s Affidavit in Support of Petition must be verified by the payee. The transferee is not required to verify the information set forth in the Payee’s Affidavit.

(e)(1) If the petition and Payee’s Affidavit in Support of Petition meet the requirements of this rule and contain factual allegations which, if established, will support the findings set forth in Section 3 of the Act, the court shall promptly enter an order scheduling a hearing date. The transferee shall give notice of the hearing, in the form prescribed by subdivision (h), to the payee, the structured settlement obligor, the annuity issuer, the payee’s spouse and any person who receives child support, alimony or alimony pendente lite from the payee.

(2) If the petition is denied without a hearing for failure to meet the requirements of this rule or to contain necessary factual allegations, which will support the findings set forth in Section 3 of the Act, the court shall state reasons for the denial and the payee may file an amended petition as of course.

(f) The Payee’s Affidavit in Support of Petition shall be substantially in the following form:

Official Note: The form of order does not preclude a court from adding additional language to the order as deemed appropriate in the individual circumstances of a case.

Explanatory Comment

In 2000, the General Assembly passed the Structured Settlement Protection Act, Act of February 11, 2000, P. L. 1, 40 P. S. § 4001 et seq., providing for, inter alia, the court of common pleas to permit the transfer of structured settlement payment rights only upon an express finding that the transfer is in the best interests of the payee. While the Act requires the disclosure of information to the payee concerning the transfer, it does not specify what factual allegations or other information must be included in the petition to enable the trial court to make its determination. New Rule 229.2 is intended to provide the additional information necessary for a trial court to determine whether a petition to transfer structured settlement payment rights satisfies the best interest standard.

Subdivision (c) of the rule identifies the parties to the petition as the payee and the transferee. The transferee is required to verify the petition and, in doing so, must set forth the circumstances surrounding the proposed transfer of structured settlement payment rights. The petition must contain averments that the requirements of the Act have been satisfied, e.g., the proper disclosures have been made to the payee. In contrast, the payee is required through the Payee's Affidavit in Support of Petition to provide the necessary information to enable the trial court to determine whether the transfer is in the best interests of the payee. The court will enter an order scheduling a hearing date only if the petition and the payee's affidavit meet the requirements of the rule and contain factual allegations, which, if established, satisfy the requirements of Section 3 of the Act, 40 P. S. § 4003.

RULES AND REGULATIONS

Title 7—AGRICULTURE

DEPARTMENT OF AGRICULTURE

[7 PA. CODE CHS. 11, 95, 123, 125 AND 128a]

Rescission of Outdated Regulations

The Department of Agriculture (Department) rescinds Chapters 11, Subchapters B and C, 95, 123, 125 and 128a. The chapters are rescinded because the regulations are outdated or unnecessary.

Statutory Authority

The rescission of Chapter 11, Subchapters B and C is authorized under 3 Pa.C.S. Chapter 23 (relating to Domestic Animal Law), which addresses subjects such as animal health and disease detection and eradication. Under 3 Pa.C.S. § 2305 (relating to keeping and handling of domestic animals), the Department is authorized to regulate as necessary to exclude or contain dangerous transmissible diseases of animals. The rescission of Chapter 11 is driven by new testing and procedures that obviate the need for these provisions. In addition, 3 Pa.C.S. Chapter 23 affords the Department adequate authority to quickly impose a quarantine to deal with any problems related to the presence of John's disease in an animal.

The rescission of Chapter 95 is authorized under the act of April 4, 1929 (P. L. 144, No. 148) (Act 148) (3 P. S. §§ 21—33), which addresses standards for farm products. Section 10 of Act 148 (3 P. S. § 30) authorizes the Department to regulate as necessary to carry out the provisions of that statute. Chapter 95 has long been obsolete, as the apple industry has moved on to other quality assurance standards and programs.

The rescission of Chapter 123 is authorized under sections 1 and 2 of the act of July 28, 1953 (P. L. 652, No. 193) (Act 193) (3 P. S. §§ 251 and 252), which addresses barberry bushes and stem rust disease. Section 1 of Act 193 authorizes the Department to regulate a program to reimburse counties for expenses relating to the eradication of rust from barberry bushes and stem rust disease in certain other plant species. The rescission of Chapter 123 is driven by the fact that the fiscal aid that had once been available for stem rust control has long been gone.

The rescission of Chapter 125 is authorized under the Plant Pest Act (3 P. S. §§ 258.1—258.27), which addresses plant diseases. Section 3 of the Plant Pest Act (3 P. S. § 258.3) authorizes the Department to regulate as necessary to carry out the provisions of the Plant Pest Act. The various plant pest quarantines addressed in Chapter 125 are no longer necessary. The Department retains the ability to quickly address the presence of plant pests by use of the quarantine authority provided it under the Plant Pest Act.

Although Chapter 128a was a statement of policy, rather than a regulation, and could be rescinded without going through the formal regulatory promulgation process, the Department included the rescission of this statement of policy in this final-form rulemaking. Chapter 128a was authorized under the Pennsylvania Pesticide Control Act of 1973 (act) (3 P. S. §§ 111.21—111.61), which addresses pesticide use and disposal. Section 7(b) of the act (3 P. S. § 111.27(b)) authorizes the Department to regulate as necessary to carry out the provisions of the

act. The rescission of Chapter 128a is driven by the fact that this chapter has been entirely supplanted by subsequent regulations in Chapter 128b (relating to CHEMSWEEP pesticide disposal program).

Purpose of the Final-Form Rulemaking

The final-form rulemaking rescinds outdated or unneeded regulatory provisions that are currently administered and enforced by the Department.

Comments and Responses

Notice of proposed rulemaking was published at 37 Pa.B. 951 (February 24, 2007), affording the public, the Legislature and the Independent Regulatory Review Commission (IRRC) the opportunity to offer comments. No objections, comments or recommendations were offered.

Fiscal Impact

Commonwealth. The final-form rulemaking imposes no costs and has no fiscal impact on the Commonwealth.

Political subdivisions. The final-form rulemaking imposes no costs and has no fiscal impact upon political subdivisions.

Private sector. The final-form rulemaking imposes no costs and has no fiscal impact on the private sector.

General public. The final-form rulemaking imposes no costs and has no fiscal impact on the general public.

Paperwork Requirements

The final-form rulemaking will not impact upon the paperwork generated by the Department or the regulated communities.

S. § 745.5(a)), on February 13, 2007, the Department submitted a copy of the notice of proposed rulemaking, published at 37 Pa.B. 951, to IRRC and the Chairpersons of the House and Senate Standing Committees on Agriculture and Rural Affairs for review and comment.

In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on July 18, 2007, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5(g) of the Regulatory Review Act, the final-form rulemaking was deemed approved by IRRC, effective July 18, 2007.

(2) A public comment period was provided as required by law; and no comments were received were considered.

(3) No amendments were made to this final-form rulemaking, as no comments were offered with respect to the proposed rulemaking published at 37 Pa.B. 951.

(4) The adoption of the final-form rulemaking in the manner provided in this order is necessary and appropriate for the administration of the authorizing statute.

[Pa.B. Doc. No. 07-1477. Filed for public inspection August 17, 2007, 9:00 a.m.]

The proposed rulemaking was published at 36 Pa.B. 5981 (September 30, 2006). Publication was followed by a 30-day public comment period. The Board did not receive comments from the public. The House Professional Licensure Committee (HPLC) voted to take no formal action until the final rulemaking was submitted, but did submit one comment on November 16, 2006. The Independent Regulatory Review Commission (IRRC) reported on November 29, 2006, that it had no objections, comments or recommendations. The Senate Consumer Protection and Professional Licensure Committee (SCP/PLC) did not comment on the proposed rulemaking.

Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

Statutory Authority

Section 5(b) of the Occupational Therapy Practice Act (act) (63 P. S. § 1505(b)) authorizes the Board to promulgate and adopt rules and regulations it deems necessary for the performance of its duties and the proper administration of the act.

Summary of Comments and Responses to Proposed Rulemaking

The HPLC noted that the proposed rulemaking contained an inconsistency in the use of terminology regarding the individual who orders the services of an occupational therapist. The Board variously referred to the "responsible licensed physician, licensed optometrist or licensed podiatrist," the "practitioner" and the "ordering practitioner." The HPLC recommended that the Board be consistent in its terminology throughout the section. The Board adopted this recommendation and simply refers to the licensed physician, licensed optometrist or licensed podiatrist who issues the order for occupational therapy.

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have a fiscal impact on, or create additional paperwork for, the regulated community or the political subdivisions of the Commonwealth.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 20, 2006, the Board submitted a copy of the notice of proposed rulemaking, published at 36 Pa.B. 5981, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on June 27, 2007, the final-form rulemaking was approved by the HPLC. On July 18, 2007, the final-form rulemaking was deemed approved by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on July 19, 2007, and approved the final-form rulemaking.

Title 58—RECREATION

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 491, 491a AND 492]

General Rules of Practice

The Pennsylvania Gaming Control Board (Board), under its general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 1205 (relating to license or permit application hearing process; public input hearings), adopts Chapter 491a (relating to general rules of practice) and rescinds Chapters 491 and 492 to read as set forth in Annex A.

Purpose of the Final-form Rulemaking

Under the authority granted to the Board under 4 Pa.C.S. § 1203 (relating to temporary regulations), the Board initially adopted temporary regulations in Chapter 491 at 35 Pa.B. 4045 (July 16, 2005) and Chapter 492 at 36 Pa.B. 1578 (April 1, 2006). Under 4 Pa.C.S. § 1203(b), the temporary regulations expired on July 5, 2007.

The Board is adopting Chapter 491a to replace the temporary regulations with permanent regulations.

Explanation of Chapter 491a

This final-form rulemaking replaces temporary Chapters 491 and 492.

Chapter 491a contains general rules of practice and procedure that apply to persons appearing before the Board in a hearing. These regulations provide defined terms, general guidance as to the function of the Office of the Clerk, general requirements for filing pleadings and other documents with the Board, service requirements, procedure for hearings and prehearing conferences and the duties of hearing and presiding officers.

Comment and Response Summary

Notice of proposed rulemaking was published at 37 Pa.B. 23 (January 6, 2007).

The Board only received comments on the proposed rulemaking from the Independent Regulatory Review Commission (IRRC). Those comments were reviewed by the Board and are discussed as follows.

In § 491a.3(a)(2) (relating to Office of the Clerk), IRRC suggested that the Board's policy on electronic filings be added to the regulation.

This language was put in the regulation to leave the door open to electronic filing of documents at some point in the future. However, at this point in time, the Board is not using electronic filing of documents, so this language has been deleted. If the Board develops a system for electronic filing in the future, new provisions will be added.

In § 491a.5(c) (relating to service by the Board), IRRC suggested that the manner and form of providing proof of service be specified in the regulation.

The Board has not developed a specific form that must be used. For this reason, that phrase has been deleted. If in the future the Board determines that a standard form is needed, it will amend this chapter accordingly.

In § 491a.7(b)(1) (relating to presiding officers), IRRC recommended deleting "unless otherwise provided by the Board, as provided in § 494.1a(a) (relating to generally)" because the section cited has not been adopted as a final-form regulation yet.

The Board agrees and deleted this phrase. It will be added when the final-form version of Chapter 494a (relating to hearing procedure) is adopted.

In § 491a.8 (relating to hearings generally), IRRC suggested that the Board add examples of when documentary hearings would not be constitutionally permissible or add criteria the Board would use to determine when it would not be constitutionally permissible.

Generally, the Board intends to use documentary hearings when there are no material facts in dispute. The phrase "when constitutionally permissible" was included in the regulation because it appears in 4 Pa.C.S. § 1205. However, including the phrase in the regulation is unnecessary, because no agency would conduct hearings in a manner that is constitutionally impermissible. Accordingly, "when constitutionally permissible" has been deleted.

Additional Revisions

In addition to the changes made in response to the comments that were received from IRRC, the Board made two additional revisions to § 491a.8. These changes, in subsections (a) and (h), add revisions that were made to the Board's temporary regulations on December 4, 2006.

Affected Parties

This final-form rulemaking imposes requirements on individuals appearing before the Board in a hearing.

Fiscal Impact

Commonwealth. This final-form rulemaking will impose costs on the Board for the administration of a uniform filing, docketing and system of hearings and appeals, including compliance with practice and procedure requirements.

Political subdivisions. This final-form rulemaking will have no significant fiscal impact on political subdivisions of the Commonwealth.

Private sector. Applicants for or holders of a license, permit, registration or certification appearing before the

Board in a hearing will experience some costs to comply with the procedural requirements in Chapter 491a and the filing fees published by the Board.

General public. Individuals appearing before the Board in a hearing will experience some costs to comply with the procedural requirements in Chapter 491a and the filing fees published by the Board.

Paperwork Requirements

This final-form rulemaking does not impose new reporting or paperwork requirements on the affected parties under the Board's jurisdiction. This final-form rulemaking clarifies the form requirements for filings that are submitted to the Board by parties.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Contact Person

The contact person for questions about this final-form rulemaking is Richard Sandusky, Director of Regulatory Review, (717) 214-8111.

Regulatory Review

Under sections 5(a) and (f) of the Regulatory Review Act (71 P. Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered comments received from IRRC and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on July 18, 2007, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act (71 P. S. § 745.5a(e)) IRRC met on July 19, 2007, and approved the final-form rulemaking.

This document must be submitted to, and approved by, the United States Department of Housing and Urban Development (HUD) for the Commonwealth and organizations within this Commonwealth to receive funding under most HUD housing and community development programs. The Consolidated Plan creates a unified strategy for housing and community development programs, as well as the necessary linkages for building successful neighborhoods and communities.

The Commonwealth's 2004—2008 Consolidated Plan will address how the Commonwealth intends to allocate funds under the following programs: Community Development Block Grant, HOME Investment Partnerships, Emergency Shelter Grant and Housing Opportunities for People with AIDS.

Public Meeting

A public meeting will be conducted electronically by means of the Internet. The format will be more accessible

Access to the discussion by means of the Internet will occur between the hours of 10 a.m. and 12 p.m. This more widely available personal computer access will replace the usual public meeting.

Individuals or organizations may give testimony or comments by means of the Internet. Comments will be accepted about topics related to community development, housing, the content of the Commonwealth's Action Plan and the process by which the public input is gathered. The Commonwealth encourages public participation in this process.

Individuals who want to participate must register in advance, online by means of the Internet at the following website www.state.pa.us/chat/. If additional assistance is needed, call Karen Overly Smith at (717) 214-5340 to receive registration instructions for the Internet meeting at least 24 hours prior to the meeting date. Internet public meeting access will be open from 10 a.m. to 12 p.m. on Thursday, September 6, 2007. During the meeting, if support is required, call (866) 224-4890 and enter the "pin number" 9999 and then press the pound (#) sign.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Region: Ronald S. Brezinski, Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

Former Artex, Inc. Property, Rush Township, **Schuylkill County**. Andrew K. Markoski, P. G., Patriot Environmental Management, LLC, P. O. Box 629, Douglassville, PA 19518 has submitted a Notice of Intent to Remediate (on behalf of his client, Hazleton Oil and Environmental, Inc., 300 South Tamaqua Street, Hazleton, PA 18201), concerning the remediation of soil and groundwater found to have been impacted by petroleum hydrocarbons as a result of a historical release. The applicant proposes to remediate the site to meet the Statewide Health Standard. The intended future use of the property will remain a bulk petroleum storage and distribution facility. A summary of the Notice of Intent to Remediate was published in *The Times News* on July 16, 2007.

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Former SKF USA Inc. Facility, City of Altoona, **Blair County**. Environmental Standards, Inc., 1140 Valley Forge Road, Valley Forge, PA 19482-0810, on behalf of SKF USA, Inc., 1111 Adams Avenue, Norristown, PA 19403-2403, and 800 Logan Boulevard, LP, P. O. Box 2566, Altoona, PA 16603, submitted a Notice of Intent to Remediate site groundwater impacted by petroleum releases and chlorinated hydrocarbons from both onsite and offsite sources. The industrial manufacturing facility will be demolished and developed for commercial purposes. The applicant seeks to remediate the site to the Site-Specific Standard, and is enrolled in the One Cleanup Program between the Department of Environmental Protection and the Environmental Protection Agency.

Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701.

Dominion Transmission Inc., Harrison Compressor Station, Harrison Township, **Potter County**. Dominion Resource Services, Inc., 501 Martindale Street, Suite 400, DL Clark Building, Pittsburgh, PA 15212-5817 has submitted a Notice of Intent to Remediate soil contaminated with ethylene glycol. The applicant proposes to remediate the site to meet the Statewide Health Standard. Land use is industrial as a natural gas compressor station and will continue for this use.

Southwest Region: Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

Metal Service Company Property Parcel B (Former), Apollo Borough, **Armstrong County**. Mary King, Civil and Environmental Consultants, Inc., 333 Baldwin Road, Pittsburgh, PA 15205 on behalf of John Ameno, Apollo Borough, 504 North Seventh Street, Apollo, PA 15613 has submitted a Notice of Intent to Remediate. Soil contamination stems from over 100 years of industrial use, mainly relating to iron and steel fabrication. The Metal Service Company structures were demolished in the early 1990s. Site characterization investigations identified lead-impacted soils in-situ and in two piles. The in-situ lead-impacted soils are confined within a building foundation approximately 200 by 150 feet in dimension to shallow (0 to 3 feet) soil. Demolition debris piles are estimated at 10,000 cubic yards. The proposed remedial measures consist of removal of lead-impacted soil piles and demolition debris for offsite disposal and the use of engineering and institutional controls for the in-situ lead-impacted soils.

Braddock Tire Processing Facility, Braddock Borough, **Allegheny County**. Richard W. Zollinger, P. E., R. W. Zollinger Consulting Engineers, Inc., 1408 Coraopolis Heights Road, Moon Township, PA 15108 on behalf of Michael Wezel, Liberty Tire Services of Ohio, LLC, 625 Liberty Avenue, Dominion Tower, Suite 3100, Pittsburgh, PA 15222, Brian Ritchie, Liberty Tire Services of Ohio, LLC, 100 Talbot Avenue, Braddock, PA 15104, and Joseph Kasper, Key Environmental, Inc., 200 Third Avenue, Carnegie, PA 15106 has submitted a Notice of Intent to Remediate. Recent environmental sampling at exterior portions of the facility indicated subsurface soil samples that exceeded trichloroethene, vinylchloride and benzene. Groundwater samples indicated trichloroethene, CIS-1,2-dichloroethene and vinylchloride exceeded SHS. The contamination is believed to be a result of past industrial uses of the property that included degreasing operations associated with repair of locomotive traction electrical motors. The intended future use of the property will continue to be industrial activity relating to waste tire processing. The site will be remediated using the Special Industrial Area provisions from within Act 2.

Lincoln Avenue at Deary Street Property, City of Pittsburgh, **Allegheny County**. Aike O. Okolo, P. E., Multi-Lynx Companies, Inc., 241 Fourth Avenue, Pittsburgh, PA 15222 on behalf of Mary Lou Tenenbaum, Manager, Real Estate, City of Pittsburgh, Department of Finance, 414 Grant Street, Pittsburgh, PA 15219 and Jay Gilmer, Lincoln Larimer Lemington Belmar Citizens Revitalization Development Corporation, P. O. Box 5455, 6508 Frankstown Avenue, Pittsburgh, PA 15206 has submitted a Notice of Intent to Remediate. Multi-Lynx Companies, Inc. conducted a phase II environmental site assessment of the property located at 1111–1113 Lincoln Avenue, between Apple and Deary Streets, in the Lincoln-Larimer neighborhood of the City of Pittsburgh. Two underground storage tanks were observed on the property. Both tanks contained liquid and a petroleum odor was detected. Soil borings near the tanks did not exceed the Statewide Health MCS's for nonresidential use. TCE and Benzene was detected in the groundwater above the MSC's for used aquifers, but none exceeded the Department of Environmental Protection's MSC's for nonuse aquifers.

Tri-State Petroleum Corp., Exxon #22369, City of Pittsburgh, **Allegheny County**. Heather W. Gawne, CORE Environmental Services, Inc., 4068 Mount Royal Boulevard, Allison Park, PA 15101 on behalf of Brian Clinton, Paradise Development Company, 115 Federal Street, Suite 200, Pittsburgh, PA 15212, and Colleen McGlenn, Tri-State Petroleum Corporation, North 27th and Vance Avenues, Wheeling, WV 26003 has submitted a Notice of Intent to Remediate. One unregulated 500 gallon underground storage tank was identified during the removal of registered UST's at the site. The unregulated UST was presumed to contain used oil. The intended future use of the property is nonresidential, as a development company purchased the property in March 2007, with the intentions of developing the property with a Walgreens. A Statewide Health Standard will be attained.

Schreiber Industrial Development Company Property, New Kensington City and Arnold City, **Westmoreland County**. Bruce Shaw, American Geosciences, Inc., 3925 Reed Boulevard, Suite 400, Murrysville, PA 15668 on behalf of David Schreiber, Schreiber Industrial Development Company, 5840 Ellsworth Avenue, Suite 100, Pittsburgh, PA 15232 has submitted a Notice of Intent to Remediate. The subject property encompasses

approximately 66 acres of land situated within two municipalities: City of New Kensington, to the south, and the City of Arnold, to the north. Historically, the site was owned and operated by ALCOA and its predecessor Pittsburgh Reduction Company. In 1971, ALCOA sold the property to Schreiber Industrial Development Company, which developed the site to provide leased space for light manufacturing, warehousing and distribution operations. Phases I and Phase II investigations have been performed on the subject site. Arsenic was detected above the direct contact MSC's in one surface soil sample where coal was believed to be stored. Tetrachloroethene, trichloroethene, CIS-1,2-dichloroethene and vinyl chloride were detected above their Act 2 MSCS groundwater samples collected from several monitoring wells across the property. The site is within a Special Industrial Area and will remain nonresidential.

Northwest Region: Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Crossett Spill Site Allegheny Forest, Corydon Township, **McKean County**. Environmental Remediation and Recovery, Inc., 5719 Route 6N, Edinboro, PA 16412 on behalf of Crossett, Inc., P. O. Box 946, Warren, PA 16365 has submitted a Notice of Intent to Remediate. A May 17, 2004, traffic accident on undeveloped National Forest property (Allegheny National Forest) resulted in the release of approximately 6,000 gallons of Stoddard solvent. The following petroleum related chemicals are known constituents of concern associated with Stoddard solvent: 1,2,4 Trimethylbenzene (TMB), Ethylbenzene, 1,2 Dibromoethane, Benzene, Xylenes, Cumene, Toluene, 1,2 Dichloroethane and Naphthalene. The intended future use of the property is to remain undeveloped.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating

permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001–4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of

receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PUBLIC NOTICE

Department of Environmental Protection to Withdraw the Nutrient TMDLs for Neshaminy Creek Watershed

Department of Environmental Protection (Department) intends to withdraw, subject to United States Environmental Protection Agency (EPA) approval, the established nutrient Total Maximum Daily Loads (TMDLs) for the Neshaminy Creek Watershed. The Department developed, and EPA approved, nutrient TMDLs for the Neshaminy Creek Watershed on December 9, 2003. EPA proposes to establish, by June 30, 2008, TMDLs to replace the withdrawn TMDLs. The revised TMDLs will be based on an additional scientific evaluation of the nutrient-algal growth relationship as well as additional water quality modeling evaluations.

The Rationale for Withdrawal document can be accessed at www.dep.state.pa.us, DEP keyword: TMDL. Select Neshaminy Creek TMDL by name.

Direct any questions about the Neshaminy Creek TMDL withdrawal to Bill Brown at (717) 783-2951 or willbrown@state.pa.us.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

Final Technical Guidance

DEP ID: 562-3000-102. Title: Coal and Industrial Mineral Mining Inspections. Description: This guidance document (formerly titled "Inspection") defines the content and frequency of inspections of coal and industrial minerals mining activities by inspectors of the Department's Bureau of District Mining Operations. Substantive revisions were made to the guidance in order to eliminate the requirement for monthly inspections for mining permits issued under 25 Pa. Code Chapter 87, Subchapter F or 25 Pa. Code Chapter 88, Subchapter G (relating to surface coal mines: minimum requirements for remining areas with pollutional discharges; and anthracite surface mining activities and anthracite bank removal and reclamation activities: minimum requirements for remining areas with pollutional discharges). In addition, a revision was also made to the document to ensure consistency with Federal regulations. Previously, the document identified that inspections would not be conducted after the bond for a mine site is collected. However, since Federal regulations require that inspections continue after collection of the bond, the inconsistency in the guidance was rectified.

Notice advertising the substantive revisions to the technical guidance document was published at 37 Pa.B. 2142 (May 5, 2007). A 30-day public comment period was provided, which concluded on June 4, 2007. One comment was received from the Federal Office of Surface Mining Reclamation and Enforcement. In response to the comment submitted, the guidance was revised in Section II.F.3 to include the statement that inspection frequency may be reduced to quarterly inspections on forfeited sites, if the sites are backfilled and stabilized with at least 70% overall ground cover, have effective erosion and sediment control structures which are preventing off site impacts, have no discharges that require treatment or which

exhibit a degradational trend, and do not present public health or safety hazards or environmental concerns. In response to this noted change, the Department also added Section II.G. to the guidance to elaborate on the priority order for which site inspections will be carried out by the Department. In addition to these changes, the Department has also clarified in the guidance that large industrial mineral mine sites should be inspected four times per year, whereas small sites may be inspected two times per year. INDEPENDENT REGULATORY REVIEW COMMISSION

Action Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10:30 a.m., Thursday, August 2, 2007, and announced the following:

Regulation Approved:

Department of Transportation #18-402: School Bus Drivers (amends 67 Pa. Code §§ 71.2 and 71.3).

Approval Order

Public Meeting held
August 2, 2007

Commissioners Voting: Arthur Coccodrilli, Chairperson; Alvin C. Bush, Vice Chairperson; David J. DeVries, Esq., by Proxy; John F. Mizner, Esq.

*Department of Transportation—School Bus Drivers;
Regulation No. 18-402 (#2482)*

On May 13, 2005, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation (Department). This rulemaking amends 67 Pa. Code §§ 71.2 and 71.3. The proposed regulation was published in the May 28, 2005 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on June 25, 2007.

This regulation adds “chiropractor” to the existing list of health care professionals who are authorized to conduct physical examinations and issue the required certificates for school bus driver endorsements. This is consistent with amendments to the Vehicle Code in Act 76 of 2004.

We have determined this regulation is consistent with the statutory authority of the Department (75 Pa.C.S.A. §§ 1508.1 and 1509) and the intention of the General Assembly. Having considered all the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Highmark Blue Shield; Filing No. 1A-SSC-07-HBS; Request to Increase Rates for the Direct Pay Special Care Hospital Plan (Central Region); Rate Filing

By filing No. 1A-SSC-07-HBS, Highmark, Inc., d/b/a Highmark Blue Shield, requests approval to increase its premium rates for its Direct Pay Special Care Hospital Plan (central region). The filing requests an increase of 8.2% or \$7.46 per contract per month. This will affect about 2,300 contractholders and produce additional premium income of about \$207,600 per year. The filing also adjusts the relativities between contract types to be consistent with Highmark's other programs; thus some contract-holders may receive rate adjustments that are less than or greater than the average. The requested effective date of the change is January 1, 2008.

Unless formal administrative action is taken prior to November 1, 2007, the subject filing may be deemed approved by operation of law.

<i>Region</i>	<i>Percentage Increase</i>	<i>Additional Premium per Month</i>	<i>Number of Contracts</i>
Central Region	15.0%	\$18,000	2,300
Western Region	15.0%	\$95,000	11,600

The filing requests an average increase of 15.0% or \$7.81 per contract per month. This will affect about 17,500 contractholders and produce additional premium income of about \$1,644,000 per year. For the Central and Highmark Blue Cross Blue Shield regions only, the filing also adjusts the relativities between contract types to be consistent with Highmark's other programs; thus some contractholders may receive rate adjustments that are less than or greater than the average. Independence Blue Cross; Special Care Application; Form Filing

On July 27, 2007, Independence Blue Cross (IBC) submitted a filing that proposes to modify its Special Care application form and process. Currently, IBC's Special Care application form requires that all applicant children be screened automatically for Pennsylvania's Children's Health Insurance Program (CHIP) and Medical Assistance (MA) eligibility, unless a parent opts out and specifically requests Special Care coverage. In its filing, the IBC proposes to continue to automatically screen all applicant children for CHIP and MA eligibility; however, parents will no longer be offered the election to opt out of the process. Accordingly, only those children ineligible for CHIP or MA would be enrolled in Special Care.
