READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Proclamation of Disaster Emergency

February 14, 2007

Whereas, A winter storm, accompanied by substantial accumulations of snow and ice and high winds, began on the morning of February 13, 2007, and continues to impact the Commonwealth of Pennsylvania with severe weather conditions; and

Whereas, the winter storm conditions, including heavy snowfall, sleet, and freezing rain have resulted in extensive road closures, community public safety delays, property damage, and other adverse impacts upon the population of the Commonwealth; and

Whereas, severe winter weather conditions prompted affected county and municipal governments to declare local disaster emergencies or snow emergencies to exist; and

Whereas, the emergency situation may be of such magnitude or severity as to render essential the Commonwealth's supplementation of county and municipal efforts and resources and the activation of all applicable state, county, and municipal emergency response plans.

Now Therefore, pursuant to the provision of Subsection 7301(c) of the Emergency Management Services Code (35 Pa.C.S. Section 7101 et seq.), I do hereby proclaim the existence of a disaster emergency in the Commonwealth and I direct all Commonwealth departments and agencies to utilize all available resources and personnel as is deemed necessary to cope with the magnitude and severity of this emergency situation.

Further, I hereby transfer up to \$1 million in unused appropriated funds to the Pennsylvania Emergency Management Agency. The aforementioned funds shall be used for disaster-related expenses that may be incurred by various state agencies and departments. These funds shall be credited to a special account established by the Office of the Budget. All Commonwealth agencies purchasing supplies or services in response to this emergency are authorized to utilize the emergency procurement procedures set forth in Section 516 of the Commonwealth Procurement Code, 62 Pa.C.S. § 516. This Proclamation shall serve as the written determination of the basis for the emergency under Section 516; the time consuming bid and contract procedures and formalities normally prescribed by law shall be waived for the duration of the Proclamation, mandatory constitutional requirements excepted; and

Further, I hereby authorize the Secretary of Transportation to use all available equipment, resources, and personnel of his Department, in whatever manner that he deems necessary, to ensure that all interstate and other federal and state highways in the Commonwealth are cleared of snow, and any other obstructions resulting from this severe winter storm. In addition, I hereby waive any laws or regulations that would restrict the application and use of the Department's equipment, resources, and personnel to assist local jurisdictions in the clearing and removal of snow and other types of obstructions from non-state-owned highways. This assistance to local jurisdictions may be provided solely at the discretion of the Secretary of Transportation. However, this assistance does not apply to privately owned highways, roads, streets, or other types of property; and I hereby authorize the Secretary of Transportation, in his sole discretion, to waive any provision of the Vehicle Code or any other law or regulation which he is authorized by law to administer or enforce as may be necessary to respond to this impending emergency; and

Further, pursuant to the powers vested in me by the Constitution and laws of this Commonwealth, I hereby authorize the Adjutant General of Pennsylvania to place on state active duty for the duration of the emergency disaster proclamation, such individuals and units of the Pennsylvania

THE GOVERNOR

National Guard, as requested by the Pennsylvania Emergency Management Agency, to alleviate the potential danger to public health and safety caused by the aforementioned emergency; and

Further, I hereby authorize the Commissioner of the Pennsylvania State Police to use all available resources and personnel of his Department, in whatever manner that he deems necessary, to aid in the recovery aspects related to all interstate, other federal, and state highways in the Commonwealth to address the emergency resulting from this severe winter storm; and

Further, I hereby expressly authorize Commonwealth personnel, including Pennsylvania National Guard, to engage in emergency service activities, including the removal and towing of vehicles from Commonwealth highways pursuant to Sections 7303 and 7704 (35 Pa.C.S. Sections 7303, 7704); and

Further, I direct that the emergency response and recovery aspects of the Commonwealth and all applicable county, municipal, and other disaster response plans be activated and that all state, county, and municipal actions taken to implement those plans be coordinated through the Pennsylvania Emergency Management Agency; and

Still Further, I hereby urge the governing bodies and executive officers of all political subdivisions affected by this emergency to act as necessary to meet the current exigencies as legally authorized under this Proclamation, namely, by the employment of temporary workers, by the rental of equipment and by entering into such contracts and agreements as may be required to meet the emergency, all without regard to those time consuming procedures and formalities normally prescribed by law, mandatory constitutional requirements excepted.

Given under my hand and the Seal of the Governor, at the City of Harrisburg, this fourteenth day of February in the year of our Lord two thousand seven, and of the Commonwealth the two hundred and thirty-first.

TITLE 201. RULES OF JUDICIAL ADMINISTRATION

CHAPTER 19. MISCELLANEOUS ADMINISTRATIVE PROVISIONS

MISCELLANEOUS ADMINISTRATIVE PROVISIONS

Rule 1905. Investment Advisory Board.

(a) *General.* There is hereby established the Investment Advisory Board ("Board"), which shall consist of **[seven] eight** members. The Supreme Court shall appoint four (4) members. The Disciplinary Board of the Supreme Court, the Pennsylvania Lawyers Fund for Client Security **[and] Board**, the Pennsylvania Continuing Legal Education Board **and the Pennsylvania Board of Law Examiners** ("the program boards") shall each appoint one (1) member to serve on the Board. The Court Administrator shall serve as an ex officio member to the Board. All members of the Board shall serve at the pleasure of the Supreme Court. The Board shall annually designate its chair.

(b) *Qualifications.* All appointees to the Board shall possess knowledge and expertise in **[finance and the management] investments and knowledge** of public sector investment funds. If no current program board member is professionally qualified or able to serve on the Board, the program board will appoint a prior Board member or a non-program board member with the requisite expertise.

(c) *Responsibilities.* The Board shall provide recommendations to the Supreme Court with regard to the development and implementation of an investment policy for the program boards that will maximize investment yields while minimizing risk. In addition, the Board shall provide oversight and monitoring of the activity of the investment portfolios. (f) *Immunity.* Members of the Board, its staff and any other representative of the Supreme Court to the Board shall be immune from civil suit for any conduct in the course of their official duties. **Legal costs incurred by Board members in defense of such matters will be borne by the Board but passed through to the program boards in accordance with Rule 1905 (e). Such costs must be approved by the Board prior to being obligated for payment or reimbursement.**

Comment

In 2001, the Supreme Court asked the Administrative Office of Pennsylvania Courts to review the investment activities of the Court's three affiliated boards (the Disciplinary Board, Pennsylvania Lawyers Fund for Client Security and the Pennsylvania Continuing Legal Education Board) and to make recommendations for the improved investment stability, performance, operation and cost efficiencies of the boards' investments. Following collection of information and consultation with investment advisors, the AOPC recommended the formation of an Investment Advisory Board to assist the Supreme Court in its oversight and consolidation of investment portfolios that would enhance returns and reduce investment fees. **In 2007 the Pennsylvania Board of Law Examiners became a program board member.**

Explanatory Comment—2006

The Notice to Defend in subdivision (a) was amended to include three notice requirements of the 2005 Protection From Abuse Act amendments, Act 66 of 2005. 23 Pa.C.S.A. § 6107 (a). The amendments provide that sheriffs may arrest defendants for violations of protective orders. **The notice also advises the defendant that if firearms, other weapons or ammunition cannot reasonably be retrieved within the required time, the defendant must provide the sheriff with an affidavit listing the firearms, other weapons and ammunition and their current location within 24 hours.**

Pa.C.S.A. § 6108(a)(7)(i)(B). In addition, defendants have the option to turn firearms, other weapons and ammunition over to a qualified third party instead of the sheriff, and federal firearms prohibitions and penalties are more clearly stated.

The 2005 amendments to the Protection From Abuse Act require several changes to the form petition at subdivision (b). The plaintiff is required to inform the court if the defendant works in a job that requires the handling of firearms. This provision was included to allow courts to exercise appropriate discretion when a defendant is exempt from federal firearm prohibitions and penalties. **It also directs the court to "make a reasonable effort to preserve the financial assets of the defendant's business while fulfilling the goals" of the Protection From Abuse Act. 23 Pa.C.S.A. § 6108(a)(7.1).** Federal law prohibits possession of firearms and penalizes defendants who possess them if they are subject to an order prohibiting abuse, stalking or harassment. However, certain law enforcement officials are exempt from this prohibition and penalty. Under 18 U.S.C. § 925(a)(1), a person performing an official duty on behalf of the federal, state or local law enforcement agency may possess a firearm as long as the officer is required to possess the firearm in his or her official capacity. The Bureau of Alcohol, Tobacco and Firearms requires the official possession of the firearm to be authorized by statute, regulation or official department policy. The new notice requirement is found in 23 Pa.C.S.A. § 6106 (a.2).

Paragraph 14 of the form petition was amended to address the manner in which the firearms and other weapons were used against the plaintiff or minor children and to remove the listing of firearms in the petition itself. The amended statute prohibits public access to any list or inventory of the defendant's firearms, **other weapons or ammunition.** Thus, a separate Attachment A is included at the end of the petition for purposes of listing the firearms, **other weapons and ammunition** at issue. This will allow the prothonotary to more easily redact the list from public access, while at the same time permitting the court, the parties and law enforcement agencies to enforce the order. 23 Pa.C.S.A. § 6108 (a)(7)(v). **Section 6108(a)(7) of the Protection From Abuse Act provides for relinquishment of other weapons and ammunition only if they have been used or threatened to be used in an act of abuse. Paragraph 14 and Attachment A to Petition balance the court's need to be advised of firearms, other weapons and ammunition used or threatened to be used in an act of abuse or available to the defendant with the plaintiff's right to decline to seek relinquishment of some or all of those firearms, other weapons and ammunition.**

The form petition also was amended to address the court's authority to order the defendant to relinquish any and all firearms[, **other weapons and ammunition**], whether they were used or threatened to be used in an act of abuse or not. Any one of several circumstances authorizes the court to grant this relief, including, but not limited to, abuse involving a firearm or weapon or an immediate and present danger of abuse. The amended statute provides the court with multiple examples of what may constitute proof of immediate and present danger for the purposes of ordering the relinquishment of any or all of the defendant's firearms. 23 Pa.C.S.A. § 6107(b)(3). **Finally, the form addresses the court's authority to order the defendant to relinquish other weapons**

and ammunition which were used or threatened to be used in an act of abuse.

The form temporary order retains a space for the defendant's Social Security number. Pursuant to 23 Pa.C.S.A. § 6108(b), "[a]ny order issued under this section shall, where furnished by either party, specify the Social Security number and date of birth of the defendant."

In subdivisions (c) and (e), paragraph three in the form temporary and final orders is amended to clarify that even indirect contact with a protected person may be prohibited. This clarification reflects the Pennsylvania Supreme Court's holding in *Commonwealth v. Baker*, 564 Pa. 192, 766 A.2d 328 (2001), that the order must be "definite, clear, specific and leave no doubt or uncertainty in the mind of the person to whom it was addressed of the prohibited conduct."

The amendments to paragraph 5 of the form temporary and final orders are consistent with the statutory provisions of the Protection From Abuse Act relating to custody. See 23 Pa.C.S.A. § 6108(a)(4).

The 2005 amendments to the Protection From Abuse Act provide that the court may order the defendant to relinquish ammunition and firearm licenses, in addition to firearms and other weapons. 23 Pa.C.S.A. §§ 6108(a)(7) and 7.1. These items were added to paragraph six of the temporary and final order forms, the notices to the defendant and the notices to the sheriff, police and law enforcement.

The amendments to paragraph six of the form orders also provide the court with **[two options if firearms, weapons or ammunition are prohibited] discretion to place certain restrictions on firearms possession or to completely proscribe firearms possession. [The court may order only certain firearms, weapons and ammunition to be relinquished as listed by Plaintiff on Attachment A, or the court may order that all firearms, weapons and ammunition be relinquished.]** The amended paragraphs and the notices to the defendant inform the parties that if the defendant is ordered to relinquish firearms, weapons or ammunition, they must be relinquished to the sheriff or, in the alternative, they may be relinquished to a third party who complies with the substantive and procedural requirements for a third party safekeeping permit. 23 Pa.C.S.A. §§ 6107(a), **6108.3. Upon entry of a final order, the defendant may also relinquish firearms, other weapons or ammunition to a licensed firearms dealer.** No matter which option Defendant chooses, if firearms and weapons are ordered to be relinquished, any firearm license **[possessed] ordered to be relinquished** must be relinquished to the sheriff. The aforementioned items may be relinquished at the time of service, but no later than 24 hours after service **unless, with regard to firearms, other weapons or ammunition, they cannot reasonably be retrieved due to their location.** 23 Pa.C.S.A. § 6108(a)(7)(i). The notice to the defendant in the final order was expanded to advise the defendant that violation of the order may result in the revocation of the third-party safekeeping permit. Paragraph seven of the final order form was amended to reflect 23 Pa.C.S.A. § 6108.1(a) **and other statutory provisions concerning the return of firearms. [The process for return of firearms is within the discretion of the court in each judicial district.]**

Paragraph ten of the final order form was amended to reflect the statute's prohibition against charging the plaintiff fees or costs related to filing, service, registration or appeal in any Protection From Abuse matter. A new subparagraph (b) in paragraph ten of the final order reflects the 2005 amendments to the Protection From Abuse Act which increased the surcharge a court may order a defendant to pay when an action is contested and directs the disbursement of the collected surcharges. 23 Pa.C.S.A. § 6106(d).

Paragraph fourteen of the final order form was amended to reflect the increased period of protection the court may grant. The maximum period of protection was increased from eighteen months to three years.

The amended notice to the sheriff, police and law enforcement in the final order clarifies that the defendant may be arrested anywhere a violation occurs, and that the court has jurisdiction to hear the issue of indirect criminal contempt either where the order was issued or where the violation occurred. With this amendment, jurisdiction for indirect criminal contempt is parallel to prosecution for stalking and harassment. 23 Pa.C.S.A. § 6114(a.1). The notice also makes it clear that a search and seizure of firearms may occur without a warrant when incident to arrest. 23 Pa.C.S.A. §§ 6113(b) and 6121.

Other amendments to the order forms reflect that the sheriff is authorized to arrest for violations of the order under the Protection From Abuse Act. 23 Pa.C.S.A. § 6113. The references to a protective order superseding provisions of a prior custody order were moved to paragraph five, which deals with custody, in both the temporary and final orders.

If so, identify each account.

(The plaintiff may set forth additional appropriate interrogatories.)

Explanatory Comment

Numerous federal and state statutes provide that funds paid to individuals pursuant to the statutes are exempt from execution, levy and attachment. Perhaps the premier statute in this regard is the Social Security Act which provides, 42 U.S.C. § 407:

§ 407. Assignment; amendment of section

(a) The right of any person to any future payment under this title shall not be transferable or assignable, at law or in equity, and none of the moneys paid or payable or rights existing under this title shall be subject to execution, levy, attachment, garnishment, or other legal process, or to the operation of any bankruptcy or insolvency law.

* * * * *

Section 407 provides that not only are future payments exempt from execution but so too are the funds once they have been deposited in the recipient's account in a bank or other financial institution.

Prior to the present amendments, the Pennsylvania Rules of Civil Procedure did not comply with these provisions. The writ of execution under Rule 3252, paragraph 2(b), provided that "the garnishee is enjoined from paying any debt to or for the account of the defendant and from delivering any property of the defendant or otherwise disposing thereof." The writ contained no exception for funds of the defendant which are exempt from execution. In addition, the defendant was required to claim the exemption by filing a claim under Rule 3123.1.

The present amendments to the execution rules address this problem. Under the amended rules, the judgment creditor rather than the defendant has the burden of raising an issue with respect to exempt payments within the scope of new Rule 3111.1. The defendant need not file a claim for exemption as exempt funds are not attached.

The amendments are as follows:

1. New Rule 3111.1 is to be promulgated, explicitly stating that funds of the defendant on deposit in certain accounts with a bank or other financial institution are exempt from execution. Social security payments are not named. Rather, the rule speaks in terms of "funds on deposit in a bank or other financial institution in an account in which funds are deposited electronically on a recurring basis and are identified as being funds that upon deposit are exempt from execution, levy or attachment under Pennsylvania or federal law."

2. The form of the writ of execution set forth in Rule 3252 is amended by incorporating the language of new Rule 3111.1(1). New paragraph 2(c) of the writ advises the garnishee that the attachment does not include the defendant's funds in an account which exempt funds are deposited electronically on a recurring basis.

3. Rule 3253 governing interrogatories to the garnishee is amended by adding new interrogatory no. 7. This interrogatory inquires of a bank or other financial institution as garnishee whether the defendant had "funds on deposit in an account in which funds are deposited electronically on a recurring basis and which are identified as being funds that upon deposit are exempt from execution, levy or attachment under Pennsylvania or federal law." The garnishee is then required to "identify each account and state the reason for the exemption, the amount being withheld under each exemption and the entity electronically depositing those funds on a recurring basis."

4. The prior practice under Rule 3146(b) was that "the prothonotary, on praecipe of the plaintiff, shall enter judgment against the garnishee for the property of the defendant admitted in the answer to interrogatories to be in the garnishee's possession." Rule 3146(b) has been amended by adding new paragraph (2) providing that if the answer of a bank or other financial institution to

interrogatory no. 7 identifies one or more accounts as containing exempt funds, "the prothonotary, in the absence of an order of court, shall not enter judgment pursuant to paragraph (1) of this subdivision as to funds of any account of the defendant that is identified in the garnishee's answer" to the interrogatory.

5. Section 8123 of the Judicial Code, 42 Pa.C.S. § 8123, provides for a \$300 monetary exemption. This exemption is treated separately in new Rule 3111.1(2), in new paragraph (2)(c)(ii) of the writ of execution prescribed by Rule 3252 and in a new interrogatory to the garnishee under Rule 3253, interrogatory no. 8. The amendments provide a similar procedure for the \$300 monetary exemption as for recurring electronic deposits described above: \$300 or less in an account of the defendant is exempt from attachment, the writ of execution notifies the garnishee that \$300 or less in an account of the defendant is not attached and interrogatory no. 8 inquires of the garnishee concerning the funds of the defendant on deposit in accounts with the garnishee. As the \$300 amount is exempt from attachment, the defendant need not claim it under Rule 3123.1 governing claim of exemption.

PROPOSED RULEMAKING

DEPARTMENT OF AGRICULTURE

[7 PA. CODE CHS. 11, 95, 123, 125 AND 128a]

Deletion of Outdated Regulations

The Department of Agriculture (Department) proposes to rescind Chapters 11, Subchapters B and C, 95, 123, 125 and 128a to read as set forth in Annex A. The chapters are deleted because the regulations are outdated or unnecessary.

Statutory Authority

The proposed rescission of Chapter 11, Subchapters B and C (relating to Johne's disease) is authorized under 3 Pa.C.S. Chapter 23 (relating to Domestic Animal Law), which addresses subjects such as animal health and disease detection and eradication. Under 3 Pa.C.S. § 2305 (relating to keeping and handling of domestic animals), the Department is authorized to regulate as necessary to exclude or contain dangerous transmissible diseases of animals.

The proposed rescission of Chapter 95 (relating to certified apple program) is authorized under the act of April 4, 1929 (P.L. 144, No. 148) (Act 148) (3 P.S. §§ 21—33), which addresses standards for farm products. Section 10 of Act 148 (3 P.S. § 30) authorizes the Department to regulate as necessary to carry out the provisions of that statute.

The proposed rescission of Chapter 123 (relating to fiscal aid for stem rust control) is authorized under the act of July 28, 1953 (P.L. 652, No. 193) (Act 193) (3 P.S. §§ 251 and 252), which addresses barberry bushes and stem rust disease. Section 1 of Act 193 (3 P.S. § 251) authorizes the Department to regulate a program to reimburse counties for expenses relating to the eradication of rust from barberry bushes and stem rust disease in certain other plant species.

The proposed rescission of Chapter 125 (relating to quarantine provisions) is authorized under the Plant Pest Act (3 P.S. §§ 258.1—258.27), which addresses plant diseases. Section 3 of the Plant Pest Act (3 P.S. § 258.3) authorizes the Department to regulate as necessary to carry out the provisions of the Plant Pest Act.

Although Chapter 128a (relating to CHEMSWEEP Pesticide Disposal Program—statement of policy) could be rescinded without going through the formal regulatory promulgation process, the Department references its intention to rescind this statement of policy in this proposed rulemaking, will consider comments offered on this subject as this document proceeds through the promulgation process and proposes to rescind this statement of policy in the same final order that rescinds the regulatory provisions described previously. Chapter 128a is authorized under the Pennsylvania Pesticide Control Act of 1973 (act) (3 P.S. §§ 111.21—111.61), which addresses pesticide use and disposal. Section 7(b) of the act (3 P.S. § 111.27(b)) authorizes the Department to regulate as necessary to carry out the provisions of the act.

Purpose

The proposed rulemaking rescinds outdated or unneeded regulatory provisions that are currently administered and enforced by the Department.

Background

The Department administers and enforces regulations addressing a wide range of statutory subjects. The need for some of these regulations has ended, whether due to changes in the authorizing statutes, subsequent regulations, changes in the regulated industries, technological advances or other factors.

The proposed rescission of Chapter 11 is driven by new testing and procedures that obviate the need for these provisions. In addition, 3 Pa.C.S. Chapter 23 affords the Department adequate authority to quickly impose a quarantine to deal with any problems regarding the presence of Johne's disease in an animal.

The Certified Apple Program addressed in Chapter 95 has long been obsolete, as the apple industry has moved on to other quality assurance standards and programs.

Chapter 123 is proposed for recession because the fiscal aid that had once been available for stem rust control has long been gone.

The various plant pest quarantines addressed in Chapter 125 are no longer necessary. The Department retains the ability to quickly address the presence of any plant pests by use of the quarantine authority provided it under the Plant Pest Act.

The proposed recession of the statement of policy in Chapter 128a is driven by the fact that this document has been entirely supplanted by Chapter 128b (relating to CHEMSWEEP Pesticide Disposal Program).

Need for Proposed Rulemaking

The proposed rulemaking is necessary to remove outdated and unnecessary regulatory provisions.

The Department is satisfied there are no reasonable alternatives to proceeding with the proposed rulemaking.

Overview of the Major Provisions of the Proposed Rulemaking

The proposed rulemaking accomplishes a straightforward deletion of outdated or unnecessary regulations.

Affected Individuals and Organizations

The proposed rulemaking would have no adverse impact on the various regulated communities.

The deletion of the outdated or unnecessary provisions addressed in the proposed rulemaking would likely help avoid confusion in the regulated communities.

Fiscal Impact

Commonwealth—The proposed rulemaking would impose no costs and have no fiscal impact on the Commonwealth.

Political subdivisions—The proposed rulemaking would impose no costs and have no fiscal impact upon political subdivisions.

Private sector—The proposed rulemaking would impose no costs and have no fiscal impact on the private sector.

General public—The proposed rulemaking would impose no costs and have no fiscal impact on the general public.

Paperwork Requirements

The proposed rulemaking is not likely to impact upon the paperwork generated by the Department or the regulated communities.

Effective Date

The proposed rulemaking will be effective upon final publication in the *Pennsylvania Bulletin*.

Sunset Date

There is no sunset date for the proposed rulemaking.

Public Comment Period/Contact Person

Interested persons are invited to submit written comments regarding the proposed rulemaking within 30 days following publication in the *Pennsylvania Bulletin* to the Department of Agriculture, Legal Office, 2301 North Cameron Street, Harrisburg, PA 17110-9408, Attention: Angela M. Black.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 13, 2007, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Standing Committees on Agriculture and Rural Affairs. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of March 2007

The Department of Banking (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of March 2007 is 7 1/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as a principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 4.85 to which was added 2.50 percentage points for a total of 7.35 that by law is rounded off to the nearest quarter at 7 1/4%.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a

notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the

nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

SPECIAL NOTICE

Notice of Intent to Use Coal Ash as Structural Fill per 25 Pa. Code § 287.661 of the Residual Waste Regulations.

Northeast Region: Regional Solid Waste Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

The Department of Environmental Protection (Department), per 25 Pa. Code § 287.661(c), is hereby publishing a summary of an intent to use coal ash as structural fill in order to allow for public comment. Per 25 Pa. Code § 287.1 "structural fill" is defined as the "engineered use of coal ash as a base or foundation for a construction activity that is completed promptly after the placement of the coal ash, including the use of coal ash as a backfill material for retaining walls, foundations, ramps or other structures. The term does not include valley fills or the use of solid waste to fill open pits from coal or noncoal mining."

Summary

The written notice regarding this project was received on January 9, 2007 by the Department. This project may begin 60 days following this submittal date (March 9, 2007).

User of Coal Ash: Grassie & Sons Excavating, Inc., offices at 105 Grassi Way, Greentown, PA 18426.

Location of Use:

The location of use is a residential property on Dorantown Road, Moscow, PA 18444 in Covington Township, **Lackawanna County**. The location does not have a physical address but is Property Parcel Number 219.03, Block 2, Lot 701.

Description of Use:

Approximately 7,000 cubic yards of historic coal ash will be used as structural fill for retaining walls. The coal ash, that was used as quarry fill at a quarry at the junction of SR 611 and Hester Street in Portland, PA is historic in nature. The coal ash was sampled and meets the requirements for the beneficial use of coal ash.

The coal ash will be stockpiled on site to be graded and compacted into 2-foot lifts. A soil berm and silt fence will surround the entire site during construction. Surface water will be diverted from the construction area and runoff from the fill area will be minimized and/or collected and managed in accordance with The Clean Stream Law. The project is estimated to take 3 months to complete.

Public Comments:

Any person wishing to comment on this project should submit the comments in writing to The Department of Environmental Protection, 2 Public Square, Wilkes-Barre, PA 18711-0790, William Tomayko, Regional Solid Waste Manager. Comments should include all reasonably available references, factual grounds and supporting materials.

Request for Comment and Notice of Public Meeting for the Proposed Total Maximum Daily Load (TMDL) for the UNT 45603 ("Dixie Run") Stonycreek River Watershed, located in Somerset County

The Department of Environmental Protection (Department) will hold a public meeting to discuss and accept comments on a proposed TMDL for the UNT 45603 Stonycreek River Watershed, located in Somerset County. The meeting will be held on Wednesday, March 7 beginning at 1 p.m. at the Cambria District Mining Office, in Cambria Township, Cambria County, PA. Individuals who wish to make a presentation should contact Mike Timcik, Cambria District Mining Office at (814) 472-1900 no later than 4 p.m. on Friday, March 2. The Department will consider all comments in developing the final TMDL for the UNT 45603 Stonycreek River Watershed, which will be submitted to the Environmental Protection Agency for approval.

The proposed TMDL for the UNT 45603 Stonycreek River Watershed was established in accordance with the requirements of section 303(d) of the Clean Water Act. Segments in the UNT 45603 Stonycreek River Watershed have been identified as impaired on the 1996, 1998 and 2004 Pennsylvania 303(d) list due to depressed pH and/or

high concentrations of metals. The listed segment and miles degraded are shown in the following table:

Stream Code	Stream Name	Miles Degraded
45603	UNT 45603 Stonycreek River Watershed ("Dixie Run")	2.1

The proposed plan provides calculations of the stream's total capacity to accept metals (aluminum, iron and manganese), acidity and pH and to maintain levels below water quality criteria. The applicable water quality criteria are as follows:

Parameter	Criterion value (mg/l)	Total Recoverable/Dissolved
Aluminum	0.75	Total Recoverable
Iron	1.5	30 day average;
Manganese	1.00	Total Recoverable
pH	6.0—9.0	NA

The primary pollutant source for the watershed is abandoned mine workings. This watershed was extensively mined for coal since the late 1940's. The effects of this mining are still present.

The proposed TMDL was developed using Monte Carlo Simulation to determine long-term average concentrations that each stream segment could accept and still meet water quality criteria 99% of the time. Monte Carlo Simulation allows for the expansion of a data set based on its statistical makeup. Since there was no critical flow condition where criteria were exceeded, the Department used the average flow to express the loading values in the proposed TMDL. The proposed TMDL for the UNT 45603 Stonycreek River Watershed sets allowable loading rates for metals and acidity at specified points in the watershed. Field data collected during 2004 were used to develop the TMDL. The data and all supporting information used to develop the proposed TMDL are available from the Department.

The Department will accept written comments on the proposed TMDL for the UNT 45603 Stonycreek River Watershed. Written comments must be postmarked by March 26 and sent to Mike Timcik, Department, Cambria District Mining Office, 286 Industrial Park Road, Ebensburg, PA 15931, by fax to (814) 472-1898, or by email to mtimcik@state.pa.us.

To request a copy of the proposed TMDL and an information sheet, or to obtain directions to the meeting location, contact Mike Timcik at (814) 472-1900, mtimcik@state.pa.us.

The proposed TMDL for the UNT 45603 Stonycreek River Watershed can be accessed through the Department's website at www.dep.state.pa.us. (DEP Keyword: TMDL). Persons with a disability who require accommodations to attend this meeting should contact the Department at (814) 472-1900 or the Pennsylvania AT & T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) to discuss how the Department may accommodate their needs.

DEP ID: 383-2300-002 Title: Training Provider Manual for the Pennsylvania Water and Wastewater System Operator Training Program. Description: This guidance provides instructions to private training providers on how

to apply to become an approved provider (sponsor) of water and wastewater training in this Commonwealth and how to obtain approval of training courses taught to water and wastewater operators in this Commonwealth. The manual describes sponsor responsibilities, course guidelines and other elements of this Commonwealth's water and wastewater training approval process. Substantive revisions were made to the guidance to update application forms and instructions and to clarify and simplify course and sponsor guidelines, application processing and training sponsor reporting procedures. Other improvements made to the guidance included the addition of a new Conference Notification form to simplify the application and approval process sponsors may follow when applying to have their conferences approved for continuing education credit and the addition of two new Roster Reporting forms to simplify how approved sponsors must report to the Department the attendance at distance education courses and conferences. Other revisions include the addition of an associates degree program in water and/or wastewater as an option an approved sponsor may offer as well as revised guidelines on the use of these degrees to offset precertification operating experience requirements. The glossary of terms was also expanded and the definitions of some terms were clarified. Notice of the substantive revisions to the guidance was published at 36 Pa.B. 5742 (September 9, 2006), with provision for a 30-day public comment period. The Department did not receive comments from the public during the comment period. Following the public comment period, the Department made minor editorial word changes to the guidance to enhance the clarity of the document. DEPARTMENT OF PUBLIC WELFARE

Nursing Facility Assessment Program for Fiscal Year 2006-2007

This notice announces the amount of the assessment that the Department of Public Welfare (Department) is implementing for Fiscal Year (FY) 2006-2007, provides an explanation of the assessment methodology that the Department is using in FY 2006-2007, and identifies the estimated aggregate impact on nursing facilities which will be subject to the assessment.

Background

The act of September 30, 2003 (P. L. 169, No. 25) (Act 25)¹, known as the Nursing Facility Assessment Law, directs the Department to "implement a monetary assessment" on nonpublic licensed nursing facilities beginning July 1, 2003, and ending June 30, 2007 (Assessment Program). See sections 802-A and 815-A of Act 25 (62 P. S. §§ 802-A and 815-A). Act 25 further specifies that the Department may implement an Assessment Program "only to the extent that the revenues generated therefrom will qualify as the State share of Medical Assistance (MA) program expenditures eligible for Federal financial participation." See section 803-A of Act 25 (62 P. S. § 803-A). To guarantee that the assessment amounts qualify for matching Federal funds, Act 25 directs the Department to seek such waivers from the Federal Centers for Medicare and Medicaid Services (CMS) as may be necessary to implement the Assessment Program in conformity with Federal law. See section 812-A of Act 25 (62 P. S. § 812-A). The Department submitted a waiver request to the CMS and the CMS subsequently granted the waiver and approved implementation of the Assessment Program.

For each fiscal year that the Assessment Program is implemented, the Secretary of the Department (Secretary), in consultation with the Secretary of the Budget, must determine the aggregate amount of the assessment

¹ Act 25 is codified in Article VIII-A of the Public Welfare Code (62 P. S. §§ 801-A-815-A).

and the annual assessment rate. See section 804-A of Act 25 (62 P. S. § 804-A). The aggregate amount and rate of assessment must be approved by the Governor's Office. The annual assessment rates must be sufficient to generate at least \$50 million in additional revenue, subject to the maximum aggregate assessment amount that qualifies for Federal matching funds. See section 804-A of Act 25.

Before implementing the Assessment Program in a fiscal year, the Secretary must publish a notice in the *Pennsylvania Bulletin* that specifies the amount of the assessment being proposed, provides an explanation of the assessment methodology and assessment amount and identifies the aggregate impact on nursing facilities subject to the assessment. See section 805-A of Act 25 (62 P. S. § 805-A). After consideration of any comments received during the 30-day comment period, the Secretary must publish a second notice announcing the rate of assessment for the fiscal year. *Id.*

On August 19, 2006, the Secretary published a notice at 36 Pa.B. 4673 (August 19, 2006) announcing the proposed assessment rates, the aggregate amount and the impact for FY 2006-2007. The following is a summary of the comments that the Department received in response to the notice and the Department's responses to those comments.

Public Comment on the Proposed Assessment Program

Only one commentator, which is a major nursing facility trade association, submitted comments in response to the Department's notice published at 36 Pa.B. 4673.

Comment. The commentator stated that, although the Department informally provided association representatives with an estimate of the FY 2006-2007 supplemental per diem rate, the Department did not include the supplemental per diem rate as part of the published public notice so that providers would have an opportunity to assess the impact on their individual facilities.

Response. Act 25 does not require publication of the supplemental per diem rates with notice of the assessment rates. However, as in past years, once the supplemental per diem rates are finalized, the Department will post the rates on the Office of Medical Assistance Programs website at: www.dpw.state.pa.us/omap/provinf/ltc/Assess_Suppl_Calc.asp.

Comment. The commentator asserted that although the number of facilities losing money under the Assessment Program will decrease from previous years, "providers continue to lose ground in the capped rate environment for Medicaid nursing facility reimbursement under which they operate."

Response. Federal law requires that the State assure that payments made under its MA Program are "consistent with efficiency, economy and quality of care." 42 U.S.C.A. § 1396a(a)(30)(A) (relating to state plans for medical assistance). Consistent with Federal law, the Department has moderated the rate of increase in nursing facility payment rates while taking into consideration both the projected need for nursing facility services and the fiscal resources of this Commonwealth. To the extent that the commentator is suggesting that the Assessment Program may result in the closure of nursing facilities, and therefore, create an access problem for MA recipients in need of nursing facilities services, the Department disagrees with such a suggestion. The MA Program possesses substantial unused capacity, and the withdrawal of any particular nursing facility from the pro-

gram would not present an access problem. Individual nursing facilities occasionally terminate their participation in the MA Program. In the past, such terminations have not served to create an access problem, even in areas of this Commonwealth where there is a perceived shortage of nursing facility beds.

Comment. The commentator asserts that the Assessment Program is flawed public policy and its continued existence may actually harm Pennsylvania's nursing facility residents by postponing the inevitable discussion concerning the development of a sustainable funding source for the delivery of nursing facility services.

Response. Without the additional revenue from the assessment, which is in excess of \$300 million per year, the MA program would not have the funding to maintain existing MA nursing facility rates. To offset the lost revenue, the Department would be required to decrease payments by approximately \$500,000 for each of the facilities. A dramatic payment decrease would have significant impact to Pennsylvania's aged and disabled individuals who receive care funded by the MA program.

The Department disagrees with the commentator's assertion that it has postponed any discussion concerning the development of a sustainable funding source for the delivery of nursing facility services. The Department is seeking other solutions to the MA funding crisis. In the FY 2006-2007 budget there is \$414.8 million for home and community based services. This funding will allow the Department to provide consumers greater choice in where they receive long-term care. More consumers want to remain in their homes and the Department is continuing to expand its home and community based services, which provide a cost effective alternative to nursing facility care. In addition, the Department is in the process of developing program initiatives that will encourage nursing facilities to review their current delivery of long-term care services and adjust their delivery system to better meet the long-term care service needs of MA consumers.

Assessment Methodology and Rates for FY 2006-2007

The Secretary published a notice at 36 Pa.B. 4673 (August 19, 2006) announcing the proposed nursing facility assessment methodology and rates for FY 2006-2007.

The following nursing facilities will be exempt from the Assessment Program in FY 2006-2007:

1. Government owned and operated nursing facilities.
2. Veterans Administration nursing facilities.
3. Nursing facilities that have not been licensed and operated by the current or previous owner for the full calendar quarter prior to the calendar quarter for which an assessment is collected.
4. Nursing facilities that provide nursing facility services free of charge to all residents.

As in the first 3 years of the Assessment Program, nonexempt nursing facilities will continue to be assessed on a quarterly basis during FY 2006-2007 based on the number of licensed beds in the facility, the nursing facility's Continuing Care Retirement Community (CCRC) status and the number of non-Medicare resident days during each calendar quarter immediately preceding the assessment quarter. During FY 2006-2007 the assessment rates for nonexempt facilities will be as follows:

1. The assessment rate for nonexempt nursing facilities that participate within a licensed CCRC or that have 50 licensed beds or less will be increased by \$.43 to \$1.97 per non-Medicare resident day.

2. The assessment rate for all other nonexempt nursing facilities will be increased by \$4.40 to \$20.35 per non-Medicare resident day.

For FY 2006-2007, the Department will consider a nursing facility to qualify for the CCRC assessment rate if the nursing facility satisfies the following criteria:

1. The nursing facility is owned or controlled by an entity that is certified as a CCRC by the Insurance Department (for purposes of this guideline, "control" means the power to direct or cause to direct the management and policies of the nursing facility, whether through equitable ownership of voting securities or otherwise).

2. The CCRC provides a continuum of care during the assessment period that includes residential living units that are either occupied or available for immediate occupancy.

3. The nursing facility is: (a) located on the same campus as the CCRC's residential living units; or (b) identified in the CCRC's Disclosure Statement and Resident Agreement under the Continuing-Care Provider Registration and Disclosure Act (40 P. S. §§ 3201—3225) and located no more than 30 miles from the campus on which the CCRC's residential living units are located.

Under these criteria, a nursing facility that is owned or controlled by a CCRC which is planning to construct residential living units in the future, or is constructing residential units, but which has no residential units occupied or available for immediate occupancy, would not qualify for the CCRC assessment rate. Additionally, the residential living units must be occupied or available for immediate occupancy for the entire assessment period for the nursing facility to qualify for the CCRC rate for that assessment period.

If a nonexempt nursing facility either satisfies the previously listed criteria after the commencement of the Assessment Program or does not satisfy the criteria but believes that it otherwise qualifies for the CCRC rate, then the nursing facility may submit a written request to the Department that it be assessed at the CCRC rate. The written request should include supporting documentation demonstrating that the nursing facility participates within a licensed CCRC. The Department will not unilaterally classify nursing facilities for the CCRC rate without a written request.

All requests relating to CCRC designation should be submitted to the Department of Public Welfare, Office of Long-Term Living, P. O. Box 2675, Harrisburg, PA 17105, Attention: NH Assessment Unit.

Assessment payments are due the last day of the Assessment quarter or the 30th day from the date of publication of this final notice, whichever is later.

The Assessment Program due dates, along with supplemental payment dates, will be available on the Department's website at: www.dpw.state.pa.us/omap/provinf/ltc/nsgfacass.asp.

Aggregate Assessment Amount and Fiscal Impact

As a result of the implementation of the Assessment Program, the Department estimates that the annual aggregate assessment fees for nonexempt nursing facilities will total \$339,839,170 for FY 2006-2007. All of the revenue derived from the assessment fees and associated Federal matching funds will be used to make payments to qualified MA nursing facility providers in accordance with applicable law and regulations.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Kilbuck Run Disposal Corporation; Formal Complaint

Public Meeting held
February 8, 2007

Commissioners Present: Wendell F. Holland, Chairperson;
James H. Cawley, Vice Chairperson; Kim Pizzingrilli;
Terrance J. Fitzpatrick

*Pennsylvania Public Utility Commission, Law Bureau
Prosecutory Staff v. Kilbuck Run Disposal Corporation
(2006.0116.); Doc. No. C-20066150, A-230203*

Order

By the Commission:

On April 6, 2006, Law Bureau Prosecutory Staff (Prosecutory Staff) filed a Formal Complaint against Kilbuck Run Disposal Corporation (Kilbuck Run or Respondent), a wastewater treatment service provider certificated at A-230203. In the Complaint, Prosecutory Staff alleged that the Commission had notified Respondent by both first class and certified mail, return receipt requested, that Respondent had failed to file its 2004 Annual Report. The Complaint requested that the Commission issue an order imposing a \$1,000 civil penalty against Respondent for its failure to file its 2004 Annual Report in violation of 66 Pa.C.S. § 504.

Service of the Complaint was perfected on April 13, 2006. Respondent filed an answer on April 28, 2006, stating that it is no longer providing wastewater treatment service under its certificate of public convenience. Respondent further stated that this service is now being provided by the Ohio Township Sanitary Authority (Authority). Additionally, Respondent noted that all of the rights-of-way, facilities and equipment have been transferred to the Authority at no cost. Respondent requests that its certificate be cancelled as a result of the Authority providing wastewater treatment services to its former customers.

Upon receipt of Respondent's April 28, 2006 answer, Prosecutory Staff contacted the former owner of Kilbuck Run and requested that he supply more information. In response to Prosecutory Staff's request, Respondent submitted a copy of a letter dated July 7, 2005. The letter was sent from the Authority to each of Kilbuck Run's 124 customers notifying them that effective June 1, 2005, the Authority had commenced operation of the new regional facility known as the Kilbuck Run Regional Sewage Treatment Plant. The Authority's letter also informed the customers that the Authority would be responsible for maintaining the plant as well as providing service to them. Finally, the Authority's letter advised the customers as to when they would be billed and how the bill would be calculated for sewage treatment service.

As part of Prosecutory Staff investigation into this matter, Staff spoke with the Ohio Township's engineer regarding its takeover of service to Kilbuck Run's customers. In response to that inquiry, the Ohio Township engineer provided written confirmation to Prosecutory Staff that the Authority is indeed providing service to Kilbuck Run's former customers. The engineer's letter attached copies of two DEP permits issued to the Authority; to wit: a Water Quality Management Permit dated

August 25, 2004 and an NPDES permit issued on February 12, 2004 with an effective date of March 1, 2004.

Prosecutory Staff communicated with the former owner of Kilbuck Run, W.C. Smith, several times subsequent to the receipt of Respondent's answer. Those communications revealed that he is elderly, in poor health and unable to continue providing service pursuant to his certificate. He stated that all rights-of-way and facilities have been transferred to the Authority at no cost to the Authority.

A review of Commission records shows that Kilbuck Run was granted its certificate on November 12, 1987. Kilbuck Run has been the subject of six formal complaints in the last five years. All of the complaints were issued for Kilbuck Run's failure to comply with the Commission's annual report filing requirements. Commission records show that Kilbuck Run has not filed any answers or annual reports in response to past complaints. However, Respondent paid the \$1,000 fine in response to the complaint at C-20044092, which resulted in a Default Order, for Kilbuck Run's failure to file its 2003 Annual Report. As stated earlier, Respondent filed an answer to the instant complaint requesting cancellation of its certificate. We note that the Commission never received any informal (or formal) complaints from customers concerning the service provided by Respondent.

Communications with the Allegheny County Health Department (Health Dept.), which enforces DEP permit conditions in Allegheny County, revealed that Kilbuck Run had a long history of violations. Those violations include: severe and chronic effluent violations, sludge discharge violations and failure to operate and maintain the plant. As a result of those violations, the Health Dept. negotiated an agreement with Mr. Smith that if he agreed to remove himself from the wastewater business, the Health Dept. would not enforce the fines associated with a related consent order judgment from the Allegheny County Court of Common Pleas. This led, in part, to a developer building a plant that the Authority is now operating.

The Health Dept. also advised Prosecutory Staff that Kilbuck Run's former facilities have been demolished. In addition, the Health Dept. reports that the Authority is a responsible entity operating the newly built facilities in compliance with all state and federal requirements.

A certificate of public convenience is a privilege and not a contract or property right under which the holder acquires vested rights. *Western Pennsylvania Water Company v. PA PUC*, 311 A.2d 370 (Pa. Cmwlth. 1973). As such, a certificate of public convenience may be revoked where the utility fails to perform its essential service functions to the public. In the instant case, Kilbuck Run is no longer performing any services for the public. The services it was permitted to perform by its certificate are now being provided by the Ohio Township Sanitary Authority. Respondent no longer has any facilities and the issue of Kilbuck's continuous duty of service to the public is effectively moot. Based upon the foregoing, we find that Mr. Smith is no longer capable of operating Kilbuck Run in a lawful manner and has failed to provide "adequate, efficient, safe and reasonable service and facilities" in accordance with its statutory duty under Section 1501 of the Public Utility Code, 66 Pa.C.S. § 1501.

Given the fact that the Authority has taken over the operations previously performed by Kilbuck Run, we conclude that it is appropriate to revoke Kilbuck Run's certificate of public convenience without the necessity of

filing a complaint and holding a hearing. We emphasize that Kilbuck Run's actions of allowing another entity to serve the public without first receiving Commission review and approval of an application to abandon its certificate is illegal, a violation of the Public Utility Code, and subject to fines and such other actions that the Commission may deem necessary. 66 Pa.C.S. §§ 1102(a)(2), 3301. However, in this instance, we will exercise our discretion to waive the imposition of penalties. We expressly limit our actions to the circumstances specific to this case and caution other jurisdictional utilities against pursuing similar actions.

Based upon the foregoing, we conclude that revocation of Kilbuck Run's certificate is in the public interest. We also conclude that the takeover of service by the Authority is in the public interest. We note that pursuant to the Public Utility Code and the Municipal Authorities Act, the service provided by the Authority is not subject to Commission jurisdiction; *Therefore,*

It Is Ordered That:

1. The request of Kilbuck Run Disposal Corporation for revocation of its certificate of public convenience and the transfer of customers to the Ohio Township Authority is hereby approved as being in the public interest.

2. The Secretary serve a copy of this Order upon Kilbuck Run Disposal Corporation, the Department of Environmental Protection Southwest Region and the Central Office Bureau of Regulatory Counsel, the Ohio Township Sanitary Authority, the Department of Revenue, Bureau of Corporation Taxes, the Office of Consumer Advocate, and the Office of Trial Staff; and also cause a copy of this Order to be published in the *Pennsylvania Bulletin*.

3. That the certificate of public convenience held by Kilbuck Run Disposal Corporation at A-230203 shall be cancelled, and the Secretary shall strike the name of Kilbuck Run Disposal Corporation from all active-utility lists maintained by the Annual Report Section of the Secretary's Bureau and the Assessment Section of the Bureau of Administrative Services.

4. That this case be marked closed.

Verizon North Inc. 2007 Price Change Opportunity Filing

Public Meeting held
February 8, 2007

Commissioners Present: Wendell F. Holland, Chairperson; James H. Cawley, Vice Chairperson; concurring in result only; Kim Pizzigrilli; Terrance J. Fitzpatrick

Verizon North Inc., 2007 Price Change Opportunity Filing
R-00061914, P-00001854F1000

Office of Small Business Advocate v. Verizon North Inc.
R-00061914C0001

Order

Nonproprietary

By The Commission:

BACKGROUND

Before us for disposition is the Verizon North Inc. (Verizon North or Company) annual 2007 Price Change Opportunity (PCO) filing and the associated revenue increases. Verizon North's annual 2007 PCO filing was made under the provisions of the new Chapter 30 law, Act 183 of 2004, P. L. 1398 (66 Pa.C.S. §§ 3011—3019) (Act 183) and pursuant to the Company's Alternative Regulation and Network Modernization Plan (Chapter 30 Plan) that this Commission approved at Docket No. P-00001854F1000.¹

As a result of the passage of Act 183, companies with Chapter 30 Plans are entitled to significantly lower inflation offset values within their respective price cap formulas in exchange for a commitment to accelerated broadband deployment. Inflation offsets previously ranging from 2% to 2.93% were reduced to either 0% or 0.5%, depending on each company's Chapter 30 Plan. In Verizon North's case, the inflation offset was reduced from 2.50% to 0.5%. Accordingly, annual PCO filings have the potential for substantial revenue and rate impacts on end-user consumers.

Under the Company's Price Stability Plan (PSP), the Price Stability Mechanism (PSM) calculates the allowable change (increase or decrease) in rates for noncompetitive services based on the annual change in the Gross Domestic Product Price Index (GDP-PI). The actual total price changes for noncompetitive services are then tracked using the Service Price Index (SPI). The PSP also addresses revenue neutral rate rebalancing/restructuring and the introduction of new services. The PSP set forth in Verizon North's Chapter 30 Plan is a complete substitution of the rate base/rate of return regulation. Noncompetitive services are defined as regulated services or business activities that have not been determined or declared to be competitive.

Company Filing

On November 1, 2006, Verizon North filed its annual PCO filing using the change in 2005 and 2006 first quarter GDP-PI (Gross Domestic Product—Price Index) of 2.81% after the inflation offset that produced an annual revenue increase allowable for noncompetitive revenues of \$3,420,000. The proposed price increases equal \$3,340,100. The Company proposes to bank the difference of **BEGIN PROPRIETARY END PROPRIETARY**. In addition, the Company proposes to account for the one and one-half month delay in implementing the increase to

¹ *Petition for Amended Alternative Regulation and Network Modernization Plan of Verizon North Inc.*, Docket No. P-00001854F1000 (Order entered May 20, 2005).

the Business Late Payment Charge by banking a one-time increase of **BEGIN PROPRIETARY END PROPRIETARY**.

Verizon North proposes to implement its PCO by increasing rates for the following services: Residence and Business Dial Tone Line, Business Late Payment Charge and the following Residence Local Usage plans: Local Area Unlimited, Basic Calling, Community Calling, Community Plus. The proposed tariff revisions to Tariff Telephone Pa.P.U.C. Nos. 1, 3, 4, 5 and 6 were filed to become effective February 15, 2007, with the exception of the Business Late Payment charge. The new rate for the Business Late Payment Charge is scheduled to become effective April 1, 2007. A summary of the current and proposed rates is as follows:

Service	Current Rate	Proposed Rate
Residence Dial Tone Line		
Cell 3	\$6.44	\$6.97
Cell 4	\$6.84	\$7.37
Residence Local Usage		
Local Area Unlimited		
Rate Group A	\$5.82	\$5.92
Rate Group D	\$7.05	\$7.15
Rate Group F	\$8.10	\$8.20
Basic Calling Plan	\$1.13	\$1.23
Community Calling Plan	\$2.42	\$2.52
Community Plus Plan	\$3.23	\$3.33
Business Dial Tone		
Cell 3	\$15.20	\$16.00
Cell 4	\$17.75	\$18.60
Business Late Payment Charge	1.25%	1.50%

On November 9, 2006, the Office of Small Business Advocate (OSBA) filed a Formal Complaint. The OSBA contends that the Company's proposed rates, rules, and conditions of service may be unjust, unreasonable, unduly discriminatory, and otherwise contrary to law, particularly as they pertain to small business customers.

On November 17, 2006, the Office of Consumer Advocate (OCA) filed a Notice of Intervention and Public Statement.

On December 6, 2006, Verizon North filed an Answer and New Matter to the OSBA complaint.

On December 22, 2006, the OSBA filed a Reply to Verizon North's New Matter.

DISCUSSION

1. PCO Calculations and Rate Increases

The annual Verizon North PCO submissions under Chapter 30 laws must conform to its Commission-approved Amended Chapter 30 Plan. Our review of the calculations submitted by Verizon North indicates that they are accurate and consistent with the terms of the Company's Price Stability Mechanism/Price Change Opportunity formula approved in its Chapter 30 Plan at Docket No. P-00001854F1000. In addition, we are of the opinion that the proposed rate increases appear to be reasonable and in conformance with the Company's Chapter 30 Plan. Therefore, we shall approve Verizon North's

2007 PCO calculation and proposed rate increases subject to findings of the Office of Administrative Law Judge (ALJ) regarding the complaint filed by OSBA and subject to refund.

2. Banked Revenues

As noted, the Company proposes to bank the remainder of the 2007 PCO increase and a one-time increase for the one and one-half month delay in implementing the increase to the Business Late Payment Charge. Per our Order entered April 6, 2006, at Docket Nos. R-00051227 and P-00001854F1000, Verizon North was given approval to adopt the following banking methodology and timing that we previously approved for The United Telephone Company of Pennsylvania d/b/a Embarq Pennsylvania (United):²

1. After 2001, annual price decreases calculated under the PSI filed on September 1 of each year may be banked for application in future years, not to exceed four (4) consecutive years.³ Such banking of decreases will be with interest at a rate set forth in 66 Pa.C.S. § 1308.

2. The banked price changes must be implemented no more than four (4) years after the annual price change is applied.

3. If a decrease is greater than \$500,000, the Company will implement the decrease immediately.

This adoption of the United banking methodology constitutes an agreement between the Commission and Verizon North pursuant to § 3013(b) of Act 183. Therefore, we shall approve Verizon North's proposal to bank the **BEGIN PROPRIETARY END PROPRIETARY** remainder of its 2007 PCO increase and the **BEGIN PROPRIETARY END PROPRIETARY** one-time increase due to the Business Late Payment Charge delay. We note the prior year banked increase per the April 6, 2006 Order is **BEGIN PROPRIETARY END PROPRIETARY**. This results in a cumulative banked increase of **BEGIN PROPRIETARY END PROPRIETARY** that is available for future use by the Company.

We make no determination at this time whether the recoveries of banked amounts are affected by a company's past or future competitive service declarations. However, we are mindful of Sections 3016(b) and (f) of the Code, 66 Pa.C.S. §§ 3016(b) and (f), and encourage the Company to recover its banked revenue increases from the appropriate group of its noncompetitive customers, consistent with applicable provisions of Chapter 30 (66 Pa.C.S. §§ 3001, et al.). In addition, the recovery of the banked revenue increase due to the Business Late Payment Charge delay should be in a manner that is one-time without resulting in recurring revenues for the Company; *Therefore,*

It Is Ordered That:

1. Verizon North Inc's 2007 PCO filed on November 1, 2006, is in compliance with its Commission-approved Amended Chapter 30 Plan.

² The reference to "PSI filed on September 1 of each year" in the United banking methodology should be modified to read "PCO filed on November 15 of each year" for Verizon North.

³ For annual price increases, the Company may apply them in future years, without limitation as to time.

2. The tariffed rate increases proposed by Verizon North Inc. be permitted to go into effect as filed subject to findings of the Office of Administrative Law Judge regarding the Complaint filed by the Office of Small Business Advocate and subject to refund investigation and recoupment.

3. Verizon North Inc.'s proposal to bank the remainder of its 2007 PCO increase is approved.

4. Verizon North Inc.'s proposal to account for the delay value of the Business Late Payment Charge is approved.

5. The Administrative Law Judge who presides over the adjudication of the Office of Small Business Advocate Formal Complaint against the Verizon North 2007 PCO, at Docket No. R-00061914C0001, shall issue a Recommended Decision no later than seven months after the date of entry of the Order in this proceeding.

6. The Commission Order in this matter be published in the *Pennsylvania Bulletin*.

7. A copy of this Order shall be served on the Office of Consumer Advocate, Office of Small Business Advocate, the Office of Trial Staff and the Office of Administrative Law Judge.
