READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 207—JUDICIAL CONDUCT

PART III. JUDICIAL CONDUCT BOARD

[207 PA. CODE CH. 117]

Rescission of Rule 31

At its February 5, 2007 meeting, the Judicial Conduct Board voted to rescind Rule 31 of Chapter 117 of their Rules of Procedure, in its entirety. The rescission is effective immediately.

Annex A

TITLE 207. JUDICIAL CONDUCT

PART III. JUDICIAL CONDUCT BOARD

CHAPTER 117. [DISPOSITION; CONTINUANCES] (Reserved)

Rule 31. [Disposition of Complaint] (Reserved).

[(A) Except as provided in paragraph (C), within 180 days of the Board's receipt of the Judicial Officer's written response pursuant to Rule 30(B)(2)(c) or written response to any subsequent letter requesting information by the Board, the Board shall:

(1) dismiss the complaint upon a finding that there is no existing probable cause to file formal charges;

(2) dismiss the complaint with the issuance of a letter of counsel upon a determination that, even if the alleged conduct occurred, it was not conduct which requires that formal charges be filed, provided that the Judicial Officer:

(a) consents in writing;

(b) stipulates that the letter of counsel may be used during proceedings involving new complaints against the Judicial Officer; and

(c) agrees to and satisfies any conditions required by the Board; or

(3) authorize the filing of formal charges with the Court of Judicial Discipline.

(B) If the Board dismisses a complaint following a full investigation, Chief Counsel shall promptly notify the Judicial Officer and the complainant.

(C) Exceptions.

(1) The Board may continue a full investigation of a matter beyond the 180-day period set forth in paragraph (A) upon a good faith belief that further investigation is necessary.

(2) The Board may defer disposition of a complaint pursuant to paragraph (A) upon discovery or receipt of additional, corollary, or cognate allegations which may necessitate an investigation.

(3) The receipt of the Judicial Officer's written response to any Rule 30(B) notice or supplemental or investigatory letter is a necessary prerequisite to the tolling and calculation of the 180-day period set forth in paragraph (A). Thus, the 180-day time period is wholly inapplicable if the Judicial Officer fails to file a written response and the investigation will continue to conclusion.]

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CH. 5]

Proposed Amendments to Pa.R.Crim.P. 541

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend Pa.R.Crim.P. 541 (Waiver of Preliminary Hearing) to add a cross-reference to Rule 543(C) to alert the bench and bar that bail needs to be addressed when a defendant waives the preliminary hearing. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Report should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed amendments precedes the Report.

We request that interested persons submit suggestions, comments, or objections concerning this proposal in writing to the Committee through counsel,

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 5. PRETRIAL PROCEDURES IN COURT CASES

PART D. Proceedings in Court Cases Before Issuing Authorities

Rule 541. Waiver of Preliminary Hearings.

(A) The defendant who is represented by counsel may waive the preliminary hearing at the preliminary arraignment or at any time thereafter.

(B) The defendant who is not represented by counsel at the preliminary arraignment may not at that time waive the preliminary hearing.

(C) If the defendant waives the preliminary hearing and consents to be bound over to court, the defendant and defense attorney, if any, shall certify in writing that the issuing authority told the defendant of the right to have a preliminary hearing, and that the defendant voluntarily waives the hearing and consents to be bound over to court.

(D) When the defendant waives the preliminary hearing, the case shall proceed as provided in Rule 543(C).

Comment

While the rule continues to require a written certification incorporating the contents set forth in paragraph (C), the form of certification was deleted in 1985 because it is no longer necessary to control the specific form of written certification.

Under paragraph (B), it is intended that the defendant who elects to proceed pro se may waive the preliminary hearing at a time subsequent to the preliminary arraignment.

Official Note: Rule 140A adopted April 26, 1979, effective July 1, 1979; amended November 9, 1984, effective January 2, 1985; renumbered Rule 541 and amended March 1, 2000, effective April 1, 2001; **amended** , 2007, effective , 2007.

Committee Explanatory Reports:

Final Report explaining the March 1, 2000 reorganization and renumbering of the rules published with the Court's Order at 30 Pa.B. 1478 (March 18, 2000).

Report explaining the proposed new paragraph (D) referencing Rule 543(C) published at 37 Pa.B. 1026 (March 3, 2007).

REPORT

Proposed amendments to Pa.R.Crim.P. 541

Bail When Defendant Waives Preliminary Hearing

The Criminal Procedural Rules Committee is proposing an amendment to Pa.R.Crim.P. 541 (Waiver of Preliminary Hearing) that would add a cross-reference to the provisions in Rule 543(C) that require the issuing authority to:

- (1) set bail as permitted by law if the defendant did not receive a preliminary arraignment; or
- (2) continue the existing bail order, unless the issuing authority modifies the order as permitted by Rule 529(A)

when the defendant has been held for court.

The Committee agreed to propose this change after learning that some judicial districts do not permit defendants to waive the preliminary hearing when the case has proceeded pursuant to a summons because there is no

provision in Rule 541 concerning the imposition of bail, and in summons cases, bail ordinarily is set at the preliminary hearing pursuant to Rule 543(C).

Following our discussion, the Committee confirmed that defendants in cases initiated by summons may waive the preliminary hearing as provided in Rule 541. The Committee also agreed that Rule 541 should be amended to address bail in these cases, as well as when a preliminary hearing is waived following a preliminary arraignment. In reaching this decision, the Committee noted that the bail provisions in Rule 543(C) apply when the defendant is held for court following a preliminary hearing, and reasoned it is appropriate for the issuing authority to address bail at the time he or she accepts the defendant's waiver because, when the defendant waives the preliminary hearing, the case is held for court. Accordingly, after discussing several different means of alerting the bench and bar to the need to address bail at the time of the waiver, the members agreed to propose that a new paragraph (D) be added to Rule 541 that provides "when the defendant waives the preliminary hearing, the case shall proceed as provided in Rule 543(C)."

Title 25—LOCAL COURT RULES

DAUPHIN COUNTY

Promulgation of Local Rules; No. 1793 S 1989

Order

And Now, this 20th day of February, 2007, Dauphin County Local Rules of Civil Procedure 1301 and 1308 are amended as follows:

Rule 1301—Arbitration.

1. All actions at issue in which the amount in controversy is [**\$35,000**] **\$50,000** or less, except those involving title to real estate, shall be submitted to and be heard by a Board of Arbitration pursuant to applicable law. The term "amount in controversy" shall mean the aggregate amount, exclusive of interest and costs, claimed by any one party in the complaint, counterclaim, or agreement of reference.

2. . . .

Rule 1308—Appeal. Notice. Compensation.

. . .

(a)(2) When an appeal is filed to a decision of the Board of Arbitrators, any party appealing shall repay to the County the fees of the members of the Board of Arbitration, which shall not thereafter be refundable to or recoverable by the said party under any circumstances, under the following schedule:

(a) If the amount in controversy is less than \$5,000.00—\$[**200.00**] **400.00**.

(b) If the amount in controversy is \$5,000.00 or more, but less than \$10,000.00—\$[300.00] 500.00.

(c) If the amount in controversy is \$10,000.00 or more, but less than \$20,000.00—\$[400.00] 600.00.

(d) If the amount in controversy is \$20,000.00 or more, but less than \$35,000.00—\$[500.00] 700.00.

(e) If the amount in controversy is \$35,000.00—50,000.00—\$800.00.

For purposes of determining the appeal fee, “amount in controversy” shall be defined as the amount of the award rendered by the Board of Arbitration, or, in cases of no award, the amount demanded in the complaint.

These amendments shall be effective July 3, 2007.

PROPOSED RULEMAKING

DEPARTMENT OF REVENUE

[61 PA. CODE CH. 1001]

Pennsylvania Gaming Cash Flow Management

The Department of Revenue (Department) is proposing regulations to facilitate its responsibilities under the Pennsylvania Race Horse Development and Gaming Act (act) (4 Pa.C.S. §§ 1101—1904), as assisted by the Department's temporary regulations adopted at 36 Pa.B. 3450 (July 1, 2006) and the correction published at 36 Pa.B. 3789 (July 15, 2006). Under section 1501(c) of the act (relating to responsibility and authority of department), the Department proposes that the temporary regulations in Chapter 1001 (relating to Pennsylvania gaming cash flow management) become permanent regulations to read as set forth in Annex A.

The act went into effect July 5, 2004, requiring that the temporary regulations be adopted within 2 years (July 5, 2006). The temporary regulations expire no later than 3 years following the effective date of the act (July 5, 2007) or upon promulgation of regulations as generally provided by law. On November 1, 2006, the act was amended by the act of November 1, 2006 (P. L. 1243, No. 135) (Act 135).

Purpose of Proposed Rulemaking

The act legalizes the operation of slot machines at a number of venues across this Commonwealth. The Pennsylvania Gaming Control Board (Board) will have primary responsibility for regulatory oversight of gaming activity in this Commonwealth and is separately promulgating regulations in 58 Pa. Code (relating to recreation).

The act required that the Department adopt temporary regulations by July 5, 2006, to facilitate prompt implementation of its responsibilities as defined by the act. The Department is proposing these regulations as a prelude to its adoption of the final-form regulations by July 5, 2007.

Explanation of Regulatory Requirements

The Department has several important responsibilities in connection with the implementation and control of slots gaming. The creation of Chapter 1001 during the temporary regulations process addressed these responsibilities and will be made permanent in this proposed rulemaking regarding cash flow management for accurate accounting and collection of the different earmarked revenues due the Commonwealth from slot machine gaming operations.

Changes to the temporary regulations are as follows.

Section 1001.5(a) (relating to administration and distribution of moneys held by licensed gaming entities and the Commonwealth) is amended to delete the word "Treasury" in accordance with Act 135. Subsection (b) is amended to delete subparagraph (iii) regarding delegation of payment authority and the subparagraphs are renumbered accordingly. Act 135 eliminated the need for the "delegation of authority" provision. In addition, subsection (b)(2) is amended to delete the phrase "for each banking day." Subsection (b)(5)(iii) is amended to delete the word "banking" from the phrase "banking days." Amendments to subsection (b)(2) and (5) are being made for ease of administration in performing statutory obligations.

Section 1001.6(e) (relating to administration of amounts deposited by licensed gaming entities with Treasury to pay Commonwealth gaming related costs and expenses (\$5 million)) is amended by deleting language and adding language addressing periodic assessments, appropriations by the General Assembly and itemized budget requirements. These amendments are in accordance with Act 135.

Section 1001.8(c)(2) (relating to State Gaming Fund transfers) is amended to change the month for publication of the annual inflation adjustment from July 1 to January 1. Subsection (d) is amended to remove the word "daily." In addition, subsection (d)(2) and (3) is amended to remove the words "each banking day." Amendments to this section are being made for ease of administration in performing statutory obligations.

Section 1001.10(d) (relating to Pennsylvania Race Horse Development Fund transfers) is amended with new clarification language for a Category 1 licensee "conducting live racing" and "eligible" Category 1 licensee.

Section 1001.11 (relating to Property Tax Relief Fund transfers) is amended to add clarification language of "and other applicable laws."

Affected Parties

Licensed entities, manufacturers and suppliers of gaming supplies in this Commonwealth, as well as the manufacturer of the Central Control Computer System, will be affected by the proposed rulemaking.

Fiscal Impact

The Department has determined that the overall implementation expenses will be minimal for implementing the act and the regulations.

Paperwork

The proposed rulemaking will require minimal paperwork for the public or the Commonwealth.

The Department will publish a notice in the *Pennsylvania Bulletin* by January 1 annually to announce the annual inflation adjustment of the distributions to municipalities.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Sunset Date

The regulations are scheduled for review within 5 years of final-form publication. No sunset date has been assigned.

Contact Person

Interested persons are invited to submit in writing comments, suggestions or objections regarding the proposed rulemaking to Mary R. Sprunk, Office of Chief Counsel, Department of Revenue, P. O. Box 1061, Harrisburg, PA 17128-1061, within 30 days after the date of the publication in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 21, 2007, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairper-

sons of the House Committee on Finance and the Senate Committee on Finance. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

TITLE 61. REVENUE

PART IX. PENNSYLVANIA GAMING CASH FLOW MANAGEMENT

CHAPTER 1001. PENNSYLVANIA GAMING CASH FLOW MANAGEMENT

GENERAL PROVISIONS

(Editor's Note: The Department is proposing to make permanent the temporary regulations published at 36 Pa.B. 3450 and the correction published at 36 Pa.B. 3789 with amendments as required by Act 135. The bracketing and bolding of the following text refers to the temporary regulations which appear in 61 Pa. Code pages 1001-1—1001-9, serial pages (320475) to (320483). The remaining text is printed in regular type to enhance readability.)

§ 1001.1. Scope.

This chapter establishes procedures for the administration and distribution of all net slot machine revenue under the act. In addition, this chapter clarifies the administrative procedures for transferring the statutorily established amounts of funding as prescribed in the act.

§ 1001.2. Purpose.

The purpose of this chapter is to notify prospective licensed entities, as well as the general public, of the procedures and requirements for distributing net slot machine revenue.

§ 1001.3. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise.

Act—The Pennsylvania Race Horse Development and Gaming Act of 2004 (Act 71) (4 Pa.C.S. §§ 1101—1904).

Annual minimum distribution—Other than for a Category 3 licensee, 2% of the gross terminal revenue of the licensed gaming entity or \$10 million, whichever is greater.

Banking day—The part of any day that the Federal Reserve has established for a bank to be opened to the public for carrying on substantially all of its banking functions.

Board—The Pennsylvania Gaming Control Board of the Commonwealth.

CCS—The central control computer system controlled by the Department and accessible by the Board, to which all slot machines communicate for the purpose of record-

ing, reviewing, reporting and auditing real-time information regarding the events that occur during the operation of a slot machine. This includes distinguishing between daily deposits made by licensed gaming entities of taxes due on play of slot machines and all other transfers of moneys to Commonwealth accounts not considered a daily deposit under this chapter.

Collection Account—A Department bank account authorized by the Treasury for the collection of taxes and other payments received from licensed gaming entities and which is maintained and reconciled by the Department.

Concentration Account—A Treasury bank account used for the deposit and disbursement of all recognized Commonwealth moneys and which is maintained and reconciled by the Treasury Department.

Credit against tax—Credit established if the tax rate imposed by section 1403 of the act (relating to establishment of State Gaming Fund and net slot machine revenue distribution) upon slot machine daily gross terminal revenue is increased at any time during the term of 10 years following the initial issuance of the slot machine license.

Department—The Department of Revenue of the Commonwealth.

EFT—Electronic funds transfer.

Fund—A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and the changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives established for the receipt of gross terminal revenue distributions under the act.

Gross terminal revenue—As defined in section 1103 of the act (relating to definitions).

Licensed gaming entity—As defined in section 1103 of the act.

Manufacturers—As defined in section 1103 of the act.

Pennsylvania Gaming Economic Development and Tourism Fund—The fund established under section 1407 of the act (relating to Pennsylvania Gaming Economic Development and Tourism Fund).

Pennsylvania Race Horse Development Fund—The fund established under section 1405 of the act (relating to Pennsylvania Race Horse Development Fund).

Property Tax Relief Fund—The fund established under section 1409 of the act (relating to Property Tax Relief Fund).

Race Horse Improvement Daily Assessment—The amount each operating licensed gaming entity shall pay daily to the Department, according to Department calculations.

State Gaming Fund—The fund established under section 1403 of the act.

Suppliers—As defined in section 1103 of the act.

Treasury—The Treasury Department of the Commonwealth.

§ 1001.4. Calculations of credit against tax and Race Horse Improvement Daily Assessment.

(a) *Credit against tax.* The amount of the credit must be equal to the difference between the tax calculated at the rate in effect when a license was issued to the

licensed gaming entity and the tax calculated at the increased rate. The credit shall be applied on a dollar-for-dollar basis but may not extend beyond the 10-year period following the initial issuance of the license.

(b) *Race Horse Improvement Daily Assessment.* The amount of this assessment shall be calculated in accordance with section 1405(b) of the act (relating to Pennsylvania Race Horse Development Fund). This assessment shall be multiplied by 18% of daily gross terminal revenue for all active and operating Category 1 licensed gaming entities that are conducting live racing. The amount may not exceed 12% of that day's gross terminal revenue for that licensed gaming entity, and shall be subject to the daily assessment cap established under section 1405(c) of the act.

§ 1001.5. Administration and distribution of moneys held by licensed gaming entities and the Commonwealth.

(a) *Application of section.* This section applies to all transfers of moneys to and from the State Gaming Fund, Pennsylvania Gaming Economic Development and Tourism Fund, Pennsylvania Race Horse Development Fund [, Treasury] and any other fund as specified in this chapter.

(b) *Deposits and transfers to Treasury by licensed gaming entities.*

(1) The Department will notify each licensed gaming entity, Treasury and Office of the Budget of the actual amount each licensed gaming entity shall be required to deposit with Treasury as calculated by the CCS. A licensed gaming entity shall make deposits with Treasury on the same banking day as the date of the Department's notice to the licensed gaming entity and by the times specified by the Department.

(2) Payments shall be electronically transferred by the licensed gaming entities and available to the Commonwealth by the deadline established by the Department [for each banking day]. Moneys shall be deposited in the Department's Collection Account.

(3) System problems or failures, such as power outages and states of emergency, will not excuse the licensed gaming entity from making the required deposits in a timely manner. The licensed gaming entity shall immediately notify the Department and the Board of any of these problems.

(4) The Department will maintain records of deposits to the Department's Collection Account under this chapter and will share information, as practicable, to assist Treasury in its reconciliation of deposits into its Concentration Account.

(5) The administration of assessments will be as follows:

(i) *Proration of assessment.* Upon imposition of the annual minimum distribution amount, as specified in section 1403(c)(3) of the act (relating to establishment of State Gaming Fund and net slot machine revenue distribution), regardless of whether the minimum is subject to the budgetary limitations of section 1403 of the act, the required minimum shall be prorated for that portion of the municipality's fiscal year that the Board determines that the licensed gaming entity was actually in operation.

(ii) *Limitation of assessment.* Upon imposition of the minimum distribution upon the licensed gaming entity, the required minimum shall be paid in accordance with the administrative procedures of this section.

(iii) [*Delegation of payment authority.* At the direction of the Board, the licensed gaming entity shall authorize the Department to remit payments previously collected from the licensed gaming entity, on behalf of the licensed gaming entity, under section 1403(c)(3) of the act, when the licensed gaming entity is charged with remitting payments to municipalities.

(iv) [*Distributions of local share assessments to municipalities.* If a licensed gaming entity fails to reach the requisite annual minimum distribution as required under the act within 15 [banking] days following the end of the municipality's fiscal year, the Department will notify the licensed gaming entity of the shortfall and the amount to be remitted. A licensed gaming entity shall remit the difference required to meet the requisite annual minimum distribution as required under the act within 15 [banking] days following the end of the municipality's fiscal year. The licensed gaming entity shall remit the required payment to the Department for distribution in accordance with the act. Distributions specified in this chapter shall be made by the licensed gaming entity to the Department or the respective municipality, no later than 15 [banking] days from the Department's notice of the shortfall.

[(v)] (iv) *Distributions of local share assessments to counties.* The Department will make distributions in accordance with section 1403(c)(2) of the act. If the minimum distribution exceeds the applicable annual municipal allocation cap set forth in section 1403(c)(3) of the act, the amount in excess of the municipal allocation cap shall be distributed by the Department in accordance with section 1403(c)(2) of the act.

(6) The Department reserves the right, upon notice served upon the licensed gaming entity and the Board, to temporarily disable the licensed gaming entity's slot machines through the CCS until the Department receives verification that the required deposit has been made.

§ 1001.6. Administration of amounts deposited by licensed gaming entities with Treasury to pay Commonwealth gaming related costs and expenses (\$5 million).

(a) No later than 2 business days prior to the commencement of slot machine operations, the licensed gaming entity shall deposit \$5 million in the Department's Collection Account. Upon transfer of the \$5 million deposit into Treasury's Concentration Account, the deposit shall be credited to an account established in Treasury for the licensed gaming entity. The account established shall also be used to recognize and account for all future deposits required from the licensed gaming entity by the Department for administrative costs and all future withdrawals made by the Department for reimbursement of administrative costs.

(b) Each licensed gaming entity shall maintain a minimum account balance with Treasury of \$5 million.

(c) Moneys related to this account shall be transferred to the Department's Collection Account and from Treasury by EFT or other methods of funds transfer in accordance with § 1001.5(b) (relating to administration and distribution of moneys held by licensed gaming entities and the Commonwealth).

(d) If the account balance with Treasury of a licensed gaming entity falls below the \$5 million minimum deposit amount, as a result of the licensed gaming entity's failure

to make replenishments as directed by the Department, the Department will request that the Board utilize its reserved right to draw amounts from any other source of the licensed gaming entity and deposit the draw amount in the account specified by subsection (a) as necessary, to maintain the required minimum account balance. To fulfill the licensed gaming entity's obligations under this section, nothing prohibits the Board from drawing against any source of the licensed gaming entity, with the exception of any licensed gaming entity account that holds gross terminal revenue[,] to be deposited with Treasury in accordance with § 1001.5.

(e) Reimbursement of Commonwealth expenses **will be as follows:**

(1) The Department will issue to the licensed gaming entity, periodic assessments of expenses incurred by the Board, Department, Office of Attorney General, the Pennsylvania State Police and any other Commonwealth entity charged with administrative duties under the act, **regarding expenses directly related to the licensed gaming entity, under budgets approved by the Board and upon appropriation by the General Assembly as required in section 1402.1 of the act (relating to itemized budget reporting).** Expenses not included in budgets approved by the Board may not be assessed against **[the account of]** the licensed entity under this section.

(2) Expenses incurred by the Commonwealth and assessed to the licensed gaming entity shall be charged back to the licensed gaming entity and deducted from the licensed gaming entity's account, as specified in section 1401 of the act (relating to slot machine licensee deposits) and this section.

(3) General administrative costs of the Commonwealth not specifically assessed to a licensed gaming entity **under paragraph (1),** shall be borne by each licensed gaming entity **[on a prorata basis, determined by dividing the amount of the individual licensed gaming entity's gross terminal revenue by the total amount of gross terminal revenue of all licensed gaming entities] at the discretion of the Secretary of Revenue. [The allocation of expenses under this subsection, and not specifically allocated under paragraph (2) shall be subject to amendment by the Board.]**

§ 1001.7. Deposits of license, permit and other fees.

The fees for manufacturers' and suppliers' licenses, employment permits and other licenses and permits as the Board may require, excluding license fees paid for Categories 1, 2 and 3 licenses under sections 1209 and 1305 of the act (relating to slot machine license fee; and Category 3 slot machine license), shall be deposited with Treasury into a restricted receipt account within the State Gaming Fund. The fees deposited will be transferred from a restricted receipt account into a restricted revenue account of the State Gaming Fund to be used by the Board to pay its operating expenses. License fees paid for Categories 1, 2 and 3 licenses under sections 1209 and 1305 of the act shall be paid into the State Gaming Fund in accordance with sections 1209(d) and 1305 of the act.

§ 1001.8. State Gaming Fund transfers.

(a) *Application of section.* This section applies to the transfers of moneys to and from the State Gaming Fund.

(b) *Establish restricted receipt accounts.* The Governor's Budget Office has the authority to establish restricted

receipt accounts as required to facilitate transfers of moneys to and from the State Gaming Fund.

(c) *Quarterly distributions.* Quarterly distributions from the State Gaming Fund to counties or municipalities in which a licensed facility is located, as determined by the Board, and as specified in Chapter 14 of the act (relating to revenues), shall be performed in accordance with the Governor's Management Directive 305.4 (relating to payments to counties) and the following provisions:

(1) The Department will submit payment requisitions, accompanied by documentation, to the Office of the Budget for payment through Treasury. Payments shall be made payable to the board of county commissioners of the county, or in the case of home rule charter counties, to the chief executive officer of the county, or in the case of counties of the first class coterminous with cities of the first class, to the city treasurer, on behalf of the agency designated as recipient of the payment or disbursement to be credited to the account of the recipient agency for use as specified in the documentation.

(2) The Department will determine the annual inflation adjustment and will publish notice of the inflation adjustment in the *Pennsylvania Bulletin* by **[July 1] January 1** of each year.

(3) The Department will make distributions quarterly, no later than 30 days following the end of each calendar quarter.

(d) *Tax and credit against tax.*

(1) Determinations of gross terminal revenue and the calculations of taxes due will be determined **[daily]** by the Department based on the actual calculations by the CCS.

(2) **[Each banking day, the]** The Department will notify each licensed gaming entity and Treasury of the amount of tax due to the Commonwealth.

(3) **[Each banking day, each]** Each licensed gaming entity shall deposit the amount specified in paragraph (2) into the Department's Collection Account, in the manner prescribed by § 1001.5(b) (relating to administration and distribution of moneys held by licensed gaming entities and the Commonwealth).

(4) The Department will enter into an agreement with each licensed gaming entity setting forth the terms and conditions of any credit against tax as claimed by the licensed gaming entity.

(5) Taxes due as determined by the Department shall remain payable by the licensed gaming entity to the Department in accordance with section 1501(a) of the act (relating to responsibility and authority of department) regardless of any discrepancies between the licensed gaming entity's **[daily]** calculation and that of the Department's or amounts contested by any party concerning the credit against taxes due. Resolution of disputed **[daily]** payments due will be addressed by the Department through adjustments it makes to its calculation of future **[daily]** payment due amounts. The Department may make adjustments to its calculation of future **[daily]** payment due amounts after resolution of any dispute regarding the amount of taxes due. The Department will provide notice to the Board of the final calculations of taxes due under this subsection.

(6) Any **[daily]** remittance due that is caused by the imposition of the tax on nonbanking days as well as

holidays shall be remitted by the licensed gaming entity on the next banking day. For example, any tax that has accrued on Independence Day shall be transferred on the following banking day.

(e) *Imposition of a penalty.* Failure to comply with this section that results in the failure to transmit the requisite amounts to the Department's Collection Account or to any other fund of the Commonwealth, shall result in the imposition of a penalty of 5% per month up to a maximum of 25% of the amounts due and unpaid by the licensed gaming entity. Payments made by a licensed gaming entity toward delinquent amounts, including penalties, shall be allocated to the licensed gaming entity's delinquency in accordance with the priority of payments as specified under section 209 of the Taxpayers' Bill of Rights (72 P. S. § 3310-209).

§ 1001.9. State Gaming Economic Development Tourism Fund transfers.

(a) Department personnel will notify the respective licensed gaming entity and Treasury of the amounts the licensed gaming entity shall be required to deposit in the Department's Collection Account. Deposits shall be made on the same banking day as the date of the notice by the Department.

(b) Moneys shall be transferred by the licensed gaming entity by EFT or other method the Department may require and shall be deposited in the Department's Collection Account prior to being transferred to Treasury's Concentration Account.

(c) System problems or failures, such as power outages and states of emergency, will not excuse the licensed gaming entity from making the required deposits in a timely manner. The licensed gaming entity shall immediately notify the Department and the Board of the problems.

(d) The Department will maintain records of the Department's Collection Account under this chapter and will share information as practicable, to assist Treasury in its reconciliation of deposits into its Concentration Account.

§ 1001.10. Pennsylvania Race Horse Development Fund transfers.

(a) Prior to making each Race Horse Improvement Daily Assessment against a licensed gaming entity, the Department will determine the amount of each licensed gaming entity's gross terminal revenue.

(b) Eighteen percent of the gross terminal revenue of each Category 1 licensed gaming entity shall be returned to each active and operating Category 1 licensed gaming entity that conducts live racing subject to the assessment cap in section 1405(c) of the act (relating to Pennsylvania Race Horse Development Fund), and subject to the allocations specified in section 1406(a)(1)(i)—(iii) of the act (relating to distributions from Pennsylvania Race Horse Development Fund).

(c) Procedures concerning Pennsylvania Race Horse Development transfers are as follows:

(1) Department personnel will notify the respective licensed gaming entity and Treasury of the actual amount each licensed gaming entity shall be required to deposit in the Department's Collection Account as determined by the CCS. Deposits shall be made on the same banking day as the date of the notice by the Department.

(2) Moneys shall be transferred by the licensed gaming entity by EFT or other method as the Department may

require and shall be deposited in the Department's Collection Account prior to being transferred to Treasury's Concentration Account.

(3) System problems or failures, such as power outages and states of emergency, will not excuse the licensed gaming entity from making the required deposits in a timely manner. The licensed gaming entity shall immediately notify the Department and the Board of any of these problems.

(4) The Department will maintain records of the Department's Collection Account under this chapter and will share information as practicable, to assist Treasury in its reconciliation of deposits to its Concentration Account.

(d) The Department will notify each active and operating Category 1 licensee **conducting live racing**. Treasury and Office of the Budget of the amounts each active and operating Category 1 licensee **conducting live racing** will receive. **[A] An eligible** Category 1 licensee will receive from Treasury a weekly payment from the Pennsylvania Race Horse Development Fund in accordance with the act. The deposits required under section 1406(a)(1)(ii) will be deducted by the Department before making the payment to each active and operating licensee and transferred to the appropriate **[state] State** fund, under section 1406 of the act.

(1) Payments shall be electronically transferred by the Commonwealth and shall be available to the licensee by the deadline established by the Department.

(2) Both Treasury and the Department will maintain records of distributions under this chapter and will share information, as practicable, to assist each agency in its reconciliation process.

(e) For purposes of the calculations and distributions of section 1406(a) of the act, live racing will be determined annually, and as a Category 1 licensed gaming entity commences live racing in accordance with section 1303(b) of the act (relating to additional Category 1 slot machine license requirements).

§ 1001.11. Property Tax Relief Fund transfers.

The Department will determine the appropriate amount of moneys to be transferred into the Property Tax Relief Fund. The moneys will be transferred only after all amounts of funding have been met concerning the transfers of money to the other Funds specified in section 1408 of the act (relating to transfers from State Gaming Fund) **and other applicable laws.**

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 64]

[L-00060179]

Provision of Bundled Service Package Plans at a Single Monthly Rate by Local Exchange Carriers

The Pennsylvania Public Utility Commission, on June 22, 2006, adopted a proposed rulemaking order which permits a limited exception of the application of Chapter

64 billing requirements under certain conditions and authorizes local exchange carriers to offer single-priced bundled service packages.

Executive Summary

By Order entered July 3, 2006, at Docket No. L-00060179, the Commission adopted a Proposed Rulemaking Order to amend Chapter 64 of Commission regulations, 52 Pa. Code §§ 64.1—64.213. The purpose of the proposed rulemaking is to create an exception to the current obligation for separate billing by telecommunications carriers offering bundled service package plans, and to eliminate the necessity of obtaining a waiver of Chapter 64 separate billing regulations in 52 Pa. Code §§ 64.14(a)(4) and (5), 64.17, 64.18, 64.21(a), and 64.63(1) and (2), where certain consumer safeguards are in place.

Under the current language of Chapter 64, the Commission is required to review and approve or deny a request for waiver from Chapter 64's separate billing requirements. The proposed amendment to Chapter 64 eliminates the need for administrative review and approval of a waiver from separate billing requirements, provided certain consumer safe guards are met, while preserving the Commission's oversight authority. Specifically, the need for administrative hours devoted to review of applications for waiver from Chapter 64 separate billing requirements will be eliminated.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 15, 2007, the Commission submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Commission, the General Assembly and the Governor of comments, recommendations or objections raised.

Provision of Bundled Service Package Plans at a Single Monthly Rate by Local Exchange Carriers;
Doc. No. L-00060179

Proposed Rulemaking Order

By the Commission:

By our order in *Petition of Trinsic Communications, Inc.*, Docket No. P-00052169, (Order entered Feb. 1, 2006), the Commission ordered Staff's review of Chapter 64 regulations to examine whether an amendment to those regulations may be advisable to adapt to the current trend in the telecommunications industry of offering multiple services together in single-priced billing packages. As we then noted:

... the Commission has consistently granted conditional waivers of various sections of Chapter 64¹ to allow telephone companies to offer bundled services packages.² The purpose of these waivers has been to permit companies to offer bundled services packages while still preserving the customer protections currently in place to enable consumers to maintain basic telephone service as long as they meet their payment obligations regarding basic service. Additionally, in the past year, the General Assembly passed a law to allow telephone companies to "offer and bill to customers on one bill bundled packages of services." 66 Pa.C.S. § 3016(e)(2).

As technology continues to advance and the desires of consumers change, we need to ensure that our regulatory framework is appropriately structured to recognize these developments. Our regulations should also provide the flexibility needed to better serve consumers while still ensuring that Pennsylvania maintains its high telephone service penetration rate. To that end, it is important for this Commission to reevaluate its current Chapter 64 regulations in light of statutory changes as well as new desires in consumer preferences.

Id at pp. 6-7.

Based upon Staff's evaluation of Chapter 64 and subsequent recommendations, we formally commence this rulemaking to propose certain amendments to Chapter 64 and seek comment from all interested parties on these proposed amendments, hereto set forth in Annex A. At the same time, to eliminate the need to act on repetitive waiver petitions, we will grant a temporary waiver of the applicable provisions of Chapter 64, effective until the final adoption of the regulations, provided that the necessary consumer safeguards are satisfied.

In order to ensure that the consumer protections under Chapter 64 are retained, the Commission has set forth certain conditions that local exchange carriers (LECs) offering bundled service packages need to satisfy before a waiver of the applicable Chapter 64 requirements is granted. See the Commission's *Secretarial Letter to all Competitive Local Exchange Carriers* regarding compliance with § 64.21, issued September 23, 2003, at Docket No. M-00031747; and *Petition of North Pittsburgh Telephone for Waiver of Certain Billing and Collection Rule Requirements*, Docket No. P-00011899 (Order entered Oct. 15, 2001).

The September 23, 2003, Secretarial Letter governs billing, disclosure statements, non-payment procedures, and notice of waiver requests for competitive local exchange carriers (CLECs) that offer single-price packages and request a waiver of Chapter 64 requirements. The

¹ Chapter 64 pertains to "Standards and Billing Practices for Residential Services" and became effective on January 1, 1985, 52 Pa. Code §§ 64.1—64.213

² See *Petition of Bell Atlantic—Pa., Inc. for Expedited Modification of Consent Order and Waiver of Certain Chapter 64 Requirements*, Docket No. C-00881727 (Order entered June 12, 1997); *Petition of North Pittsburgh Telephone for Waiver of Certain Billing and Collection Rule Requirements*, Docket No. P-00011899 (Order entered October 15, 2001); *Petition of Commonwealth Telephone Company for Waiver of Certain Billing and Collection Requirements*, Docket No. P-0021982 (Order entered December 20, 2002); *Secretarial Letter to All Competitive Local Exchange Carriers Re: Compliance with 52 Pa. Code § 64.21 Separate Billing for Basic Service*, Docket No. M-00031747 (issued September 23, 2003); *In re: Petition of Marianna and Scenery Hill Telephone Company for Waiver of Certain Billing and Collection Requirements Set Forth at 52 Pa. Code Chapter 64 to Permit Provision of Singly Priced Service Packages to Customers, including Residential Customers*, Docket No. P-00042124 (Order entered November 22, 2004); *Petition of Comcast Phone of Pennsylvania LLC for Waiver of Certain Billing and Collection Rule Requirements Set Forth at 52 Pa. Code Chapter 64 to Permit Provision of Singly Priced Service Packages to Customers, including Residential Customers*, Docket No. P-00042119 (Order entered August 12, 2005); and, *Petition of ACN Communication Services, Inc. for Waiver of Certain Billing and Collection Rule Requirements Set Forth at 52 Pa. Code chapter 64 to Permit Provision of Singly-Priced Service Packages to Customers*, Docket No. P-00052173 (Order entered October 28, 2005).

Secretarial Letter states that the Commission has granted petitions for such waivers previously but that these waivers have been contingent on the satisfaction of certain conditions.³ The Secretarial Letter details the conditions, as follows:

First, the company must agree that failure to pay the package charge will not result in immediate termination of basic service. Instead, the account will be converted to a basic service account which could be subject to future suspension or termination for non-payment in accordance with Commission regulations. Second, the company must provide a disclosure statement to all customers currently subscribed to a bundled service package and to all consumers being offered the opportunity to subscribe to a bundled service package. This disclosure statement, the content of which is subject to Commission review for consistency with plain language guidelines, notifies the customer of the billing practices that will be implemented in the event of the customer's failure to pay the bundled service package charge in full, informs the customer that they will not lose basic service for failure to pay the bundled service package charge, and identifies the charge that must be paid to maintain basic service.⁴

Secretarial Letter, issued September 23, 2003, at Docket No. M-00031747, p. 2, available through the search function found at www.puc.state.pa.us.

We note that while the Public Utility Code expressly grants local exchange telecommunications companies⁵ (incumbent local exchange carriers or ILECs) permission to offer single-rate package plans, 66 Pa.C.S. § 3016(e)(2), nothing in the Code precludes the Commission from authorizing competitive local exchange carriers (CLECS) to provide single-rate package plans. In fact, we believe that authorizing CLECS to provide such service packages advances two important policy goals: (1) to encourage diversity in services and products; and (2) to promote the provision of competitive services by a variety of service providers without jeopardizing universal service. See, 66 Pa.C.S. § 3011(5)(8).

Therefore, we are proposing to amend our regulations to permit a limited exception to the application of the Chapter 64 billing requirements, where the company meets certain conditions regarding protection of basic service and provision of a disclosure statement. In particular, the proposed amendment to Chapter 64 in Annex A, adds § 64.24 to Chapter 64 which authorizes LECs to offer single-priced bundled service packages and incorporates the same conditions previously established by Commission Order, including: (1) an agreement by the local exchange carrier that basic service will not be immediately suspended for failure of a customer to pay in full the monthly charge for the bundled service package; and (2) the provision of a bundled service package disclosure statement to customers who are offered, or who already subscribe to a bundled service package. This amendment creates an exception to the application of Chapter 64,

which remains in effect where the circumstances addressed in this order are not at issue.

At the same time, to eliminate the need to act on repetitive waiver petitions, we will grant, by this order, a temporary waiver of Chapter 64 billing requirements to the extent necessary to permit LECs to offer bundled service packages without petitioning the Commission, so long as the conditions previously set forth in the September 23, 2003, Secretarial Letter are met. Compliance with these conditions obviates the requirement that CLECS petition the Commission for a waiver of the applicable Chapter 64 regulations, including 52 Pa. Code §§ 64.14(a)(4) and (5), 64.17, 64.18, 64.21(a) and 64.63(1) and (2). We note that the temporary waiver of these regulations operates only to the extent required to facilitate the offering of bundled service packages. See, e.g., *Petition of North Pittsburgh Telephone for Waiver of Certain Billing and Collection Rule Requirements*, P-00011899 (Order entered Oct. 15, 2001), p.2, fn. 2-4. The temporary waiver granted by this order will remain in effect pending final resolution of this rulemaking.

All interested parties are invited to submit comments on the proposal set forth in Annex A. We propose to amend Chapter 64 of our regulations by adding 52 Pa. Code § 64.24, which will authorize all LECs to offer bundled service packages at a single monthly rate, so long as consumer protections are observed. Accordingly, pursuant to sections 501, 1501, and 1504 of the Public Utility Code, 66 Pa.C.S. § 501, § 1501 and § 1504, and the Commonwealth Documents Law, 45 P.S. §§ 501 et seq., and regulations promulgated thereunder at 1 Pa. Code §§ 7.1—7.4, we propose to amend the regulations in 52 Pa. Code Chapter 64 as previously noted and as set forth in Annex A; *Therefore*,

It Is Ordered That:

1. The proposed amendments to 52 Pa. Code Chapter 64, as set forth in Annex A, be issued for comment.
2. The Secretary shall submit a copy of this order and Annex A to the Office of Attorney General for preliminary review as to form and legality.
3. The Secretary shall submit this order and Annex A to the Governor's Budget Office for review of fiscal impact.
4. The Secretary shall submit this order and Annex A for review and comments by the Independent Regulatory Review Commission and the designated Legislative Standing Committees of both Houses of the General Assembly.
5. The Secretary shall certify this order and Annex A and deposit them with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.
6. A copy of this order and Annex A shall be posted on the Commission's Web site and served on all jurisdictional local exchange carriers, the Pennsylvania Telephone Association, the Broadband Cable Association of Pennsylvania (BCAP), the Public Utility Law Project, Competitive Telecommunications Association (COMPTEL), the Office of Trial Staff, Office of Consumer Advocate and Office of Small Business Advocate.
7. Interested persons may submit an original and 15 copies of written comments to the Office of the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265 within 30 days from the date this order is published in the *Pennsylvania Bulletin*. A paper copy and an electronic copy of filed comments shall be provided to the Commission contact persons listed in ordering paragraph 8.

⁴ These conditions are consistent with the Federal Communications Commission's ("FCC") Truth-in-Billing standard that carriers identify on customer bills the charges for which failure to pay will not result in disconnection of basic service. See CC Docket No. 98-170; FCC 00-111, released July 13, 2000.

⁵ A local exchange telecommunications company is defined at 66 Pa.C.S. § 3012 as "an incumbent carrier authorized by the commission to provide local exchange telecommunications services."

9. Pending the final resolution of this rulemaking, the Chapter 64 separate billing requirement, including 52 Pa. Code §§ 64.14(a)(4) and (5), 64.17, 64.18, 64.21(a), and 64.63(1) and (2), are temporarily waived to the extent necessary to permit all LECs to offer bundled services packages, provided that the LEC agrees to the conditions set forth in the Secretarial Letter issued September 23, 2003, at Docket No. M-00031747.

(Editor's Note: The following section is new. It has been printed in regular type to enhance readability.)

§ 64.24. Provision of bundled service packages at a single monthly rate.

An LEC may offer bundled packages of services including nontariffed, competitive, noncompetitive, basic service or services of an affiliate, combined in a single package plan at a single monthly rate, under the following conditions:

- (1) The LEC may not suspend or terminate a customer's basic service when the customer fails to make payment on the bundled service package, in accordance with § 64.21(b) (relating to separate billing for basic service).
- (2) When a customer fails to make payment on a bundled service package, the LEC shall convert the customer's service to a basic service plan, subject to future suspension or termination for nonpayment in accordance with Commission regulations in §§ 64.61—64.63, 64.71—64.74 and 64.101—64.111 for suspension, and §§ 64.121—64.123 for termination.
- (3) The LEC provides a disclosure statement to customers subscribing to or being offered a bundled service package. The bundled service package disclosure statement must contain the following:
 - (i) A statement that a customer's basic service may not be suspended or terminated when the customer fails to make payment in full on the monthly charge for the bundled service package.
 - (ii) A statement that, in the event of nonpayment or partial payment on a bundled service package, a customer shall receive a notice of suspension for the bundled

service package advising the customer that the bundled service package will be converted to a basic service plan at the current basic service rate in the LEC's tariff, stated in dollar amount.

(4) The LEC may offer payment agreements for past-due amounts on bundled service packages.

(5) Notices issued by the LEC pertaining to the bundled service package, including the disclosure statement, a suspension or termination notice, or other communication, will be subject to Commission review and approval for compliance with Commission regulations and consistency with plain language guidelines in § 69.251 (relating to plain language—statement of policy).

STATE BOARD OF NURSING

[49 PA. CODE CH. 21]

Continuing Education Fee for Certified Registered Nurse Practitioners

The State Board of Nursing (Board) proposes to amend § 21.253 (relating to fees) to read as set forth in Annex A. Section 21.253 is amended by setting an application fee for approval of certified registered nurse practitioner (CRNP) continuing education courses.

Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

The proposed rulemaking is authorized under sections 8.1(c) and 11.2(a) and (d) of the Professional Nursing Law (act) (63 P. S. §§ 218.1(c) and 221.2(a) and (d)).

Background and Purpose

Section 8.1 of the act requires each CRNP to complete, in the 2 years prior to CRNP certification renewal, at least 30 hours of continuing education approved by the Board. For a CRNP with prescriptive authority, the 30 hours of continuing education must include at least 16 hours in pharmacology. In initially promulgating regulations to implement CRNP continuing education in 2004, the Board preapproved continuing education courses offered by the following providers: Board-approved CRNP programs, the American Nurses Credentialing Center's Commission on Accreditation, the American Academy of Nurse Practitioners, the National Association of Pediatric Nurse Practitioners and the American Medical Association. See § 21.334(a) (relating to sources of continuing education). Although the Board anticipated that these providers would develop and offer the vast majority of programs for CRNP continuing education, the Board also recognized that other entities would provide CRNP continuing education. Accordingly, by that rulemaking the Board also provided in § 21.334(b) that any other provider of CRNP continuing education could seek approval of its courses and in § 21.334(c) that an individual CRNP could seek approval of a continuing education course the CRNP intended to take. Section 21.336(b) (relating to continuing education course approval) provides that an applicant for approval of a CRNP continuing education

course must pay the fee required by § 21.253. That section, however, did not set the fee.

Section 11.2(a) and (d) of the act requires the Board to set fees by regulation so that revenues meet or exceed expenditures over a biennial period. General operating expenses for enforcement of the act are funded through biennial license renewal fees. The various licensing boards of the Bureau of Professional and Occupational Affairs (Bureau) attempt to recover expenses regarding services which are provided directly to individuals, such as applications, verification of licensure or provision of required review and approval, directly through fees in which the actual cost of providing the service forms the basis for the fee. Actual cost calculations are based upon the product of the average time necessary to perform the function and the pay rate for the classification of the personnel performing the function, together with a proportionate share of administrative overhead.

The Board now proposes to implement the fee necessary for an application for approval of CRNP continuing education courses offered by providers that are not on the preapproved provider list. In this proposed rulemaking, the fee for the service provided would be implemented to allocate costs to those who use the service or application.

Description of Proposed Amendment

Based on estimates provided by the Bureau's Revenue Office, the Board proposes a fee of \$100 for approval of a CRNP continuing education course. The fee was calculated based on an estimate of the Board staff and resources that will be expended to review and approve a CRNP continuing education course.

Fiscal Impact and Paperwork Requirements

The proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The fees will have a modest fiscal impact on members of the private sector who apply for services from the Board. The proposed rulemaking will impose no additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

Sunset Date

The Board continuously monitors the cost effectiveness of its regulations. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 21, 2007, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, recommendations or objections regarding this proposed rulemaking to Ann Steffanic, Board Administrator, State Board of Nursing, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*. STATE BOARD OF PHARMACY

[49 PA. CODE CH. 27]

Supplies and Equipment

The State Board of Pharmacy (Board) proposes to amend §§ 27.14 and 27.16 (relating to supplies; and construction and equipment requirements) to read as set forth in Annex A. The proposed rulemaking would delete references to specific supplies that a pharmacy must maintain and instead allow pharmacies to maintain equipment to enable them to prepare and dispense prescriptions properly within their scope of practice. The proposed rulemaking would also delete the reference to the specific measurement of a pharmacy sink.

Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

The proposed rulemaking is authorized under sections 4(j) and 6(k)(1) and (9) of the Pharmacy Act (act) (63 P. S. §§ 390-4(j) and 390-6(k)(1) and (9)).

Background and Need for Amendments

Section 27.14(c) currently lists specific supplies and equipment that pharmacies must maintain (except phar-

macies operating as central processing centers). Certain items on this list are outdated and not used in pharmacies anymore. Other items on the current list are not used in pharmacies that have specific practice areas, such as compounding pharmacies, nuclear pharmacies, veterinary pharmacies and so forth. This rulemaking proposes to amend § 27.14(c) by deleting the specific list of supplies and equipment and replacing it with language that permits a pharmacy to maintain supplies and equipment that are necessary to that pharmacy's area of practice. In addition, there are more advanced balances, scales and weights available than those specified in § 27.14(c)(1) and (2). There are also more advanced measuring tools than the graduates specified in § 27.14(c)(4). The remaining supplies in § 27.14(c)(5), (6), (7), (9) and (10) are outdated and not needed in most pharmacies. These supplies simply sit on the shelves unused. The Board is also deleting § 27.14(c)(9) because it is repetitive with the requirement that pharmacies keep records of prescriptions of controlled substances in accordance with the requirements of the Federal Drug Enforcement Administration in 21 CFR 1304.04(h) (relating to maintenance of records and inventories).

Section 27.16(b) currently requires that a pharmacy have a sink that measures at least 200 square inches exclusive of drainboard area. The Board proposes to delete the reference to specific measurements of the sink. The Board believes it is unnecessary to specify the size of the sink given the purposes for which it is used, such as hand washing and cleaning compounding equipment.

Description of Proposed Amendments

The proposed amendments to § 27.14 would delete the specific list of supplies and equipment in subsection (c)(1)–(10). The proposed amendment adds language that requires a refrigerator equipped with a thermometer or a temperature-monitoring device, which is used solely for the storage of drugs requiring refrigeration. This is the only specific equipment that the Board proposes to keep in the regulation but with amended language to make it clear that the refrigerator is not to be used for food storage.

The proposed amendment to § 27.16 deletes the specific measurements for the pharmacy sink.

Fiscal Impact

The proposed rulemaking would have no fiscal impact on the Commonwealth, its political subdivisions, the public or the regulated community.

Paperwork Requirements

The proposed rulemaking will not impose any additional paperwork requirements on the Commonwealth or the regulated community.

Sunset Date

The Board reviews the effectiveness of its regulations on an ongoing basis. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 21, 2007, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, recommendations or objections regarding this proposed rulemaking to Melanie Zimmerman, Executive Secretary, State Board of Pharmacy, P. O. Box 2649, Harrisburg, PA 17105-26409 within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

STATE BOARD OF VETERINARY MEDICINE

[49 PA. CODE CH. 31] Professional Conduct

The State Board of Veterinary Medicine (Board) proposes to amend § 31.21 (relating to Rules of Professional Conduct for Veterinarians) to read as set forth in Annex A. The amendments to Principle 1 (relating to competency) would mandate that a veterinarian report to the Board certain conduct regarding issues of professional competency of another veterinarian. Amendments to Principle 3 (relating to professional behavior) would state more comprehensively conduct that is unprofessional. In addition, the Board proposes to amend Principle 7 (relat-

ing to veterinarian/client relationships) to specify limits on refusal or discontinuation of treatment.

Effective Date

The proposed rulemaking would become effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

Section 5(1) of the Veterinary Medicine Practice Act (act) (63 P. S. § 485.5(1)) authorizes the Board “[a]dopt reasonable rules and regulations governing the practice of veterinary medicine as are necessary to enable it to carry out and make effective the purpose and intent of this statutory law.” Section 5(2) of the act authorizes the Board to “[a]dopt rules and regulations of professional conduct appropriate to establish and maintain a high standard of integrity, skills and practice in the profession of veterinary medicine.”

Background and Need for Amendment

The Board’s proposed amendments arise from the Board’s ongoing review and commitment to keeping its regulations consistent with current standards of veterinary medicine practice, from disciplinary matters that have come before the Board and from input from the public regarding the need to regulate in particular areas of professional conduct.

Description of Proposed Rulemaking

The Board proposes to amend Principles 1, 3 and 7 as follows:

Proposed Amendment to Principle 1

Subsections (a)—(c) concern the duty of veterinarians to maintain the aspirational goals of competency in the veterinarian’s individual practice. Current subsection (d) concerns a veterinarian’s responsibility concerning issues regarding the professional competency of another veterinarian.

The Board proposes to amend subsection (d) to make mandatory a veterinarian’s duty to report to the Board when a veterinarian has been unable to informally resolve with another veterinarian an issue of gross professional incompetence. The Board’s current regulation is aspirational. The Board proposes to make the duty to inform the Board mandatory. In a related amendment, the Board proposes to amend Principle 3 by adding subsection (k) to provide that unprofessional conduct includes failing to report a matter described in Principle 1(d) to the Board.

Proposed Amendments to Principle 3

The Board proposes to maintain Principle 3(a)—(d) and add subsections (e)—(l). The Board has amended Principle 3 to clarify that a licensee may be disciplined for unprofessional conduct under section 21 of the act (63 P. S. § 485.21). Specifically, a licensee may be disciplined under section 21(1) of the act for willful or repeated violations of any of the rules and regulations of the Board. A licensee may be disciplined under section 21(20) of the act for professional incompetence. This proposed rulemaking clarifies this statutory term. Some of the examples of incompetent, unprofessional or immoral conduct may also subject a licensee to discipline under other subsections of section 21 of the act. For example, the Board believes that fraudulently issuing a health certificate is immoral conduct. This conduct may also be disciplined under section 21(6) of the act.

Proposed subsection (e) would prohibit a veterinarian from attempting to induce or attempting to influence,

through coercion, undue pressure or intimidation, a person to file, not file or withdraw a complaint before the Board. Licensees subject themselves to the jurisdiction of the Board, including the statutory and regulatory rules of conduct and processes for disciplining professional licenses. This process includes the ability of the public to file a complaint against a professional licensee, to have that complaint investigated and, when appropriate, to have formal charges brought against the licensee in accordance with the licensing act and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). A licensee who attempts to induce or inappropriately influence a member of the public to file, not file or withdraw a complaint has attempted to undermine the disciplinary process of the Board. The Board concludes that this conduct is unprofessional.

Proposed subsection (f) would prohibit a veterinarian from abusing a client, former client, colleague, associate or staff, including verbal abuse, harassment or intimidation. The proposed language adds necessary specificity to allow the Board to discipline licensees for certain misconduct.

Proposed subsection (g) relates to section 21(11) of the act, which authorizes the Board to discipline a licensee for “[i]ncompetence, gross negligence or other malpractice, or the departure from, or failure to conform to, the standards of acceptable and prevailing veterinary medical practice.” Proposed subsection (g) also relates to section 21(20) of the act, which authorizes the Board to discipline a licensee for “[p]rofessional incompetence.” Proposed subsection (g) would clarify that the two statutory prohibitions against incompetence encompass both performing a task incompetently and performing a task the licensee knows or was reason to know he is not competent to perform. Subsection (g) is consistent with the Commonwealth Court’s opinion of conduct prohibited by section 21(11) and (20) of the act.

Proposed subsection (h) prohibits a veterinarian from making a false, deceptive or misleading statement or claim as defined in Principle 5(a) (relating to advertising). While Principle 5 applies only to advertising, the Board believes that veterinarians should be prohibited from making false, deceptive or misleading statements or claims in all aspects of context professional practice, such as in a conversation with a client.

Proposed subsection (i) would prohibit a veterinarian from delegating a veterinary medical service to a certified veterinary technician or unlicensed person who the veterinarian knows or should know is not qualified by education, training, experience, license or certification to perform the service. In addition, the new subsection requires a veterinarian to make a reasonable investigation of the delegatee’s education, training, experience, license or certification before delegating a veterinary medical service. Finally, the proposed subsection requires the veterinarian to provide appropriate supervision to the delegatee.

Proposed subsection (j) prohibits a veterinarian from inhumanely treating or abusing an animal, whether or not the animal is a patient. This provision is consistent with the acceptable and prevailing ethical standards of the profession and with many states’ practice acts and regulations.

Proposed subsection (k) prohibits a veterinarian from failing to report another licensee to the Board when the veterinarian knows or has reason to believe the licensee has engaged in incompetent practice, unprofessional conduct or animal neglect or abuse.

Proposed Amendments to Principle 7

As with the proposed amendments to Principle 3, the proposed amendments to Principle 7 clarify and expand existing provisions. Consistent with the statutory amendments of December 2002, defining the “veterinarian-client-patient relationship” in section 3 of the act (63 P. S. § 485.3), Principle 7 will be renamed “veterinarian-client-patient relationships” to mirror statutory language and reflect the duties required to both the client/owner and the patient/animal. The Board proposes two amendments to provide additional clarity to existing subsection (a).

The Board proposes to add exceptions to the general rule that veterinarians may choose whom they will serve to account for circumstances in which a veterinarian is presented with an animal in a life-threatening condition that is physically presented to the veterinarian during the veterinarian’s regular business hours. The proposed amendment provides that a veterinarian shall, at a minimum, triage the animal (evaluate the need for immediate treatment in light of the other cases currently requiring treatment by the veterinarian), assess the animal, determine the animal’s prognosis, and provide basic life support or euthanasia. This provision places on veterinarians a minimal duty that will allow an owner to determine whether further treatment should be sought. The amendment recognizes that a sole practitioner who may be in the middle of surgery when an animal is brought into the veterinary facility in a life-threatening condition may not always be able to step away from the surgery to attend to the emergent animal. The proposed language requiring the veterinarian to triage the animal ensures that the animal will be taken care of in the proper order of medical necessity.

The proposed rulemaking permits a veterinarian to provide care to an animal in a life-threatening condition without the owner’s consent if the owner is unknown or cannot be reached for consultation. This provision would allow a veterinarian to provide emergency treatment to, for example, a dog hit by a car that is brought in by a bystander without first having to find the owner. This provision would also allow a veterinarian to euthanize an animal brought to the veterinary facility in a life-threatening condition without the owner’s consent if, in the veterinarian’s professional judgment, euthanasia is the only appropriate option.

The Board proposes to require a veterinarian to give notice to a client if the veterinarian determines that he can no longer provide veterinary services to an animal and to allow the client reasonable time to obtain alternate veterinary care. This provision protects the public by ensuring that the public will have a reasonable time to find another veterinarian.

The Board proposes to amend subsection (b) to make mandatory the veterinarian’s duty with regard to balancing a client’s ability to pay for veterinary services and alleviating or ending an animal’s suffering. The proposed amendments to subsection (b) are related to the proposed amendments to subsection (a), in that, read together, the provisions require a veterinarian to provide limited emergency care or medically appropriate euthanasia without regard to a client’s ability to pay. These provisions do not limit the veterinarian from seeking, after the services have been provided, remuneration for the services through an appropriate judicial forum.

The Board proposes to delete the current text of subsection (d). As with a similar provision that the Board

proposes to delete from subsection (a), the Board believes that the concept is self-evident and does not need to be set forth in regulation.

The Board proposes significant amendments to current subsection (e), which will become subsection (d). An individual approached the Board with the suggestion that the Board mandate that veterinarians inform clients of the contraindications and possible side effects of nonsteroidal anti-inflammatory drugs (NSAIDs). The individual suggested that the Board mandate that veterinarians provide a "client information sheet" whenever the veterinarian dispenses an NSAID. The Board is aware that some drugs of this class have been documented to cause adverse reactions in dogs. In addition, as with all drugs, NSAIDs are not indicated for use in animals with certain health problems or for animals receiving certain other drug therapies.

The Board believes that its regulations should provide broad protection to the public in relation to veterinary medical diagnosis and treatment rather than focusing on one narrow class of drugs. The Board addressed this concern in proposed subsections (d) and (e) and in a separate rulemaking package with proposed amendments to § 31.22(d) (relating to recordkeeping rationale). The Board finds that the public protection will be advanced by requiring veterinarians to be aware of drug contraindications, to inform clients of the benefits, risks and side effects of all recommended treatments, from surgeries to drug therapies, and to document client consent or rejection of treatment, including drug therapy, in the animal's veterinary medical record. The Board proposes the following amendments to ensure that consumers of veterinary medical services are well informed:

(d) Veterinarians shall familiarize themselves with advancements in veterinary medicine, including new techniques, drugs and scientific research that may affect treatment decisions. Veterinarians shall be familiar with the pharmacologic properties and contraindications of drugs and biologics used in their practice.

(e) Veterinarians shall explain the benefits, risks and side effects of treatment alternatives to clients.

In addition, in a separate rulemaking, the Board is proposing the following amendment to § 31.22(d):

The veterinary medical record shall document all communication with the client, including the client's consent to or rejection of recommended diagnostic testing and treatment, including drugs. A veterinarian in production animal practice may document client communication at the veterinarian's discretion.

The Board's proposal, because it also applies to biologics, would require veterinarians to be familiar with and to inform clients of the risks and possible side effects of vaccines. The proposed rulemaking, because it applies to all veterinary medical treatments, would require a veterinarian to explain the pros and cons of all treatments. For example, a veterinarian presented with an animal with a broken limb would be required to explain the benefits, risks and side effects of a range of treatment options, such as surgery and internal reduction and fixation, external reduction and fixation through use of a cast, or, where there is a good potential for a successful outcome, external reduction and fixation through use of some type of splint. Principle 4 (relating to fees) already provides that a veterinarian must clearly explain fees for professional services in advance of billing. This provision, together with the Board's proposed amendments to Prin-

ciple 7 and its recordkeeping regulation, would require a veterinarian to also inform the client of the cost of the various treatment options. The Board finds that this broader regulation provides more protection to the public than the suggestion that veterinarians provide clients with a "client information sheet" when the veterinarian dispenses an NSAID.

Dr. Paul Kneply, chairperson of the Department of Agriculture's Animal Health and Diagnostic Commission, submitted comments to the Board on its draft rulemaking. In his comments, Dr. Kneply asked about the implications of proposed subsection (f) for "normal farming activities and practices used in production animal medicine, such as castration and dehorning." Dr. Kneply noted: "A veterinarian may not normally administer anesthesia for these practices," and asked whether the proposed language would "prohibit 'normal animal agricultural practices' without anesthesia and pain medication." The Board is aware that the acceptable and prevailing standard of veterinary medical practice in production animal medicine does not always include the administration of anesthesia or analgesia for the performance of procedures that, if performed on a companion animal, would require the administration of anesthesia or analgesia, or both. For this reason, the Board has amended the draft language of subsection (f) and now proposes the following: "Veterinarians shall serve as patient advocates especially as regards alleviation of pain and suffering, consistent with the acceptable and prevailing standards of veterinary medical practice. Veterinarians must remain abreast of analgesic drugs, dosages, treatment intervals and combination therapies proven to be safe and effective in different species and in various conditions of age, illness or injury."

Fiscal Impact and Paperwork Requirements

The proposed rulemaking should not have financial impact on licensees, the Board or any other State entity. The proposed rulemaking will have no fiscal impact on the public. There are no additional paperwork requirements associated with the proposed rulemaking.

Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 21, 2007, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, recommendations or objections regarding this pro-

posed rulemaking to Robert Kline, State Board of Veterinary Medicine, P. O. Box 2649, Harrisburg, PA 17105-2649, www.dos.state.pa.us/vet within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 31. STATE BOARD OF VETERINARY MEDICINE

PROFESSIONAL CONDUCT

§ 31.21. Rules of Professional Conduct for Veterinarians.

* * * * *

Principle 1. Competency.

* * * * *

(d) Veterinarians shall safeguard the public and the veterinary profession against veterinarians deficient in professional competence or ethical conduct as described in this chapter. When [**veterinarians know or have**] a **veterinarian knows or has** reason to believe that a professional colleague's actions [**reflect**] **demonstrate** professional incompetence, neglect or animal abuse, [**veterinarians having first hand knowledge of these activities**] a veterinarian should [**attempt to resolve the issue informally by bringing**] bring the behavior to the attention of the [**veterinarian**] colleague and, if the matter is not resolved, should bring the matter to the attention of the Board. [**When a veterinarian cannot deal with the situation informally, the veterinarian should**] If the conduct is grossly incompetent, or involves neglect or animal abuse, the veterinarian shall bring the matter to the attention of the Board by [**writing to the Complaints Office of**] filing a complaint with the Bureau of Professional and Occupational Affairs, Post Office Box 2649, Harrisburg, Pennsylvania 17105-2649.

* * * * *

Principle 3. [Professional behavior] Unprofessional conduct.

A veterinarian who engages in unprofessional or immoral conduct is subject to disciplinary action under section 21(1) of the act (63 P. S. § 485.21(1)) and may also be subject to discipline under section 21(11) or 21(20) of the act. Unprofessional or immoral conduct includes, but is not limited to:

[(a) Veterinarians may not place their] (1) Placing the veterinarian's professional knowledge, attainments or services at the disposal of a lay body, organization or group for the purpose of encouraging unqualified groups or individuals to perform surgery upon animals or to otherwise practice veterinary medicine on animals that they do not own.

[(b) Veterinarians may not perform or participate] (2) Performing or participating in a surgical procedure when [**they know**] the veterinarian knows that surgery has been requested with intent to deceive a third party.

[(c) Veterinarians may not perform] (3) Performing surgical procedures on a species for the purpose of concealing genetic defects in animals to be shown, raced, bred or sold. If the health or welfare of an animal requires correction of a genetic defect, the surgical procedures will be permitted. In these instances, the veterinarian should clearly note the reason for the surgery on the veterinary medical record of the animal.

[(d) Veterinarians may not engage] (4) Engaging in merchandising.

(5) Attempting to influence through coercion, undue pressure or intimidation, or attempting to induce an individual to file, not file or withdraw a complaint with the Board.

(6) Abusing a client, former client, colleague, associate or employee, including verbal abuse, harassment or intimidation.

(7) Performing a veterinary medical act incompetently or performing a veterinary medical act that the licensee knows or has reason to know he is not competent to perform.

(8) Making any false, misleading or deceptive statement or claim as defined in Principle 5(a) (relating to advertising).

(9) Delegating a veterinary medical service to a certified veterinary technician or unlicensed person who the licensee knows or should know is not qualified by education, training, experience, license or certification, to perform. The licensee shall perform a reasonable investigation of the delegatee's skills before delegating a veterinary medical service and provide supervision of the service consistent with the acceptable and prevailing standards of veterinary medical practice.

(10) Inhumanely treating or abusing any animal, whether or not the animal is a patient.

(11) Failing to report a matter to the Board as required by Principle 1(d) (relating to competency).

* * * * *

Principle 7. Veterinarian/client/patient relationships.

(a) [Veterinarians] Except as provided in this section, veterinarians may choose whom they will serve. [Once they have undertaken the care of an animal, however, they may not neglect the animal.]

(1) During a veterinarian's regular business hours, a veterinarian may not refuse to treat an animal which is in a life-threatening condition at the time the animal is physically presented to the veterinarian at the veterinarian's facility. The minimum veterinary medical services that shall be provided include triage of the presenting emergency and other patients present at the facility, assessment of the animal's condition, evaluation of the animal's prognosis and provision of basic life support or euthanasia, as medically appropriate. A veterinarian may provide care for an animal under this paragraph notwithstanding the lack of a

veterinarian/client/patient relationship and if the owner is unknown or cannot be reached, without consent of the owner.

(2) If a veterinarian deems it necessary to discontinue the treatment of an animal with which the veterinarian has a veterinarian/client/patient relationship, the veterinarian shall give notice to the client of the intention to withdraw and provide reasonable time to allow the client to obtain necessary veterinary care for the animal.

(b) [In their relations with clients, veterinarians should] Veterinarians shall consider first the welfare of the animal for the purpose of relieving suffering and disability while causing a minimum of pain or fright. [Benefit to the animal should] Alleviating or ending suffering for the animal shall transcend personal advantage or monetary gain in decisions concerning therapy.

* * * * *

(d) [Veterinarians shall be fully responsible for their actions with respect to an animal from the time they accept the case until the animal is released from their care.

(e) In the choice of drugs, biologics or other treatments, veterinarians should use their professional judgment in the interests of the animal, based upon their knowledge of the condition, the probable effects of the treatment and the available scientific evidence that may affect these decisions.]

Veterinarians shall familiarize themselves with advancements in veterinary medicine, including new techniques, drugs and scientific research that may affect treatment decisions. Veterinarians shall be familiar with the pharmacologic properties and contraindications of drugs and biologics used in their practice.

(e) Veterinarians shall explain the benefits, risks and side effects of treatment alternatives to clients.

(f) Veterinarians shall serve as patient advocates especially as regards alleviation of pain and suffering, consistent with the acceptable and prevailing standards of veterinary medical practice. Veterinarians shall remain abreast of analgesic drugs, dosages, treatment intervals and combination therapies proven to be safe and effective in different species and in various conditions of age, illness or injury.

(g) If a client desires to consult with another veterinarian about the same case, the first veterinarian shall readily withdraw from the case, indicating the circumstances on the veterinary medical record of the animal, and shall forward copies of the animal's veterinary medical records to other veterinarians who request them.

STATEMENTS OF POLICY

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 178]

Provisions of the Deficit Reduction Act of 2005 on Medicaid Eligibility for Long-Term Care Services

Scope

This statement of policy applies to applicants and recipients in need of payment for the following long-term care (LTC) services:

- (1) Nursing facility services.
- (2) A level of care in any institution equivalent to that of nursing facility services.
- (3) Home and community-based services furnished under a waiver granted by the Centers for Medicare and Medicaid Services.

Purpose

The purpose of this statement of policy is to interpret the Department of Public Welfare's (Department) regulations regarding eligibility for payment of LTC services. The Department's regulations can be accessed online at the *Pennsylvania Code* website at www.pacode.com.

Background

The Deficit Reduction Act of 2005 (DRA of 2005), the act of February 8, 2006 (Pub. L. No. 109-171, 120 Stat. 4) became law on February 8, 2006. The DRA of 2005 made a variety of changes in the rules regarding eligibility for services and benefits in the Medicaid Program. In compliance with the DRA of 2005, several cost containment measures are being implemented.

Discussion

The Department's regulations require that a period of ineligibility for payment of LTC services be imposed on an individual applying for or receiving payment for those services when transfers of assets for less than Fair Market Value (FMV) were made by the individual or the individual's spouse during the look-back period. The DRA of 2005 amended the asset transfer rules regarding eligibility for payment of LTC services under the Medicaid Program. The look-back period has been extended to 60 months for all transfers of assets made on or after the date of enactment. The DRA of 2005 changes the determination of the period of ineligibility to be imposed on an applicant or recipient when the applicant or recipient or the spouse of the applicant transfers assets for less than FMV. Formerly, the beginning date of a period of ineligibility for an applicant who transferred assets for less than FMV was the first day of the month in which assets were transferred. For a recipient, the beginning date of the period of ineligibility was the first day of the month following the month of the transfer. States are now required to impose periods of ineligibility prospectively in those cases where the applicant or recipient or the spouse of the applicant or recipient has transferred assets for less than FMV. The beginning date of a period of ineligibility for payment of LTC services is the date the applicant would be otherwise eligible for Medical Assistance based on an approved application. For a recipient, the beginning date of a period of ineligibility for payment

of LTC services is the first day of a month immediately following proper advance notification provided to the recipient.

The DRA of 2005 mandated new requirements that must be applied in evaluating certain resources to qualify for payment of LTC services. Resources that fail to meet these new requirements will be treated as transfers of assets for less than FMV.

It is a requirement that an applicant or recipient or spouse of an applicant or recipient disclose any ownership interest in an annuity. A nonqualified annuity is one purchased outright by an individual or a couple that is not part of an employer retirement plan or Roth individual retirement plan. The DRA of 2005 mandates that nonqualified annuities name the Department as the beneficiary for at least the total amount of medical services provided by the Department on behalf of the recipient.

States are no longer allowed the option of first looking to the couples' resources to address spousal impoverishment. The DRA of 2005 now requires the allocation of available income from the institutionalized spouse to the community spouse (CS) to meet the Community Spouse Monthly Maintenance Needs Allowance (CSMMNA). If the CS still needs additional income to fully fund the CSMMNA, resources from the nonprotected share of the couples' resources can be allocated to the CS.

The DRA of 2005 also instituted a new eligibility requirement regarding the equity value of the home owned by the applicant or recipient who is in need of LTC services under the Medicaid Program. Individuals with equity value in their home in excess of \$500,000 are not eligible for payment of LTC services except when there is a spouse, a child under 21 years of age or a blind or permanently and totally disabled child residing in the home. The excess equity value in the home disqualifies the applicant or recipient for payment of LTC services.

Effective Date

This statement of policy is effective March 3, 2007.

PART II. PUBLIC ASSISTANCE MANUAL

Subpart D. DETERMINATION OF NEED AND AMOUNT OF ASSISTANCE

CHAPTER 178. RESOURCE PROVISIONS FOR CATEGORICALLY NMP-MA AND MNO-MA

Subchapter A. GENERAL PROVISIONS FOR MA RESOURCES COMMON TO ALL CATEGORIES OF MA

GENERAL PROVISIONS FOR MA RESOURCES

§ 178.3a. Clarification of disclosure requirement on ownership of annuities—statement of policy.

(a) Consistent with section 1917(e) of the Social Security Act (42 U.S.C.A. § 1396p(e)), regarding liens, adjustments and recoveries, and transfers of assets, effective for an application made on or after March 3, 2007, the Department will require as a condition of eligibility for payment for long-term care services that an applicant or recipient or spouse of an applicant or recipient disclose any interest the applicant or recipient or spouse of the applicant or recipient has in an annuity or similar financial instrument.

(b) Consistent with section 1917(e) of the Social Security Act, effective for an application made on or after March 3, 2007, the Department will inform the applicant or recipient or spouse of the applicant or recipient that the Department shall be named as the remainder beneficiary in the first or second position under an annuity or similar financial instrument with a transaction date on or after February 8, 2006.

Subchapter B. AGED, BLIND AND DISABLED CATEGORIES OF MA**ADDITIONAL RESOURCE REQUIREMENTS FOR THE AGED, BLIND AND DISABLED CATEGORIES OF MA****§ 178.62a. Clarification of disqualification for payment of long-term care services due to substantial home equity—statement of policy.**

(a) Consistent with section 1917(f) of the Social Security Act (42 U.S.C.A. § 1396p(f)), regarding liens, adjustments and recoveries, and transfers of assets, effective for an application made on or after March 3, 2007, an individual with equity value in the home in excess of \$500,000 is ineligible for payment of long-term care services unless one of the following circumstances exist:

- (1) The home is the residence of the community spouse.
- (2) The home is the residence of a child who is under 21 years of age or a child who is blind or permanently and totally disabled as defined in section 1611(a)(3) of the Social Security Act (42 U.S.C.A. § 1382c(a)(3)), regarding definitions.

(b) Consistent with section 1917(f) of the Social Security Act, an individual determined ineligible for payment of long-term care services due to excess home equity will continue to be reviewed for eligibility for Medicaid.

(c) Consistent with section 1917(f)(4) of the Social Security Act, an individual determined ineligible for payment of long-term care services due to excess home equity and who is unable to access the excess home equity may have the ineligibility period waived in the case of a demonstrated hardship.

DISPOSITION OF PROPERTY AND FAIR CONSIDERATION PROVISIONS FOR THE AGED, BLIND AND DISABLED CATEGORIES OF MA**§ 178.104a. Clarification of fair consideration provisions for disposition of assets made on or after February 8, 2006—statement of policy.**

(a) Consistent with section 1917(c)(1)(B)(i) of the Social Security Act (42 U.S.C.A. § 1396p(c)(1)(B)(i)), regarding liens, adjustments and recoveries, and transfers of assets, effective for an application made on or after March 3, 2007, the look-back period for assets transferred on or after February 8, 2006, shall be 60 months.

(b) Consistent with section 1917(c)(1)(D) of the Social Security Act, effective for an application made on or after March 3, 2007, in the case of a transfer of assets for less than Fair Market Value (FMV) made on or after February 8, 2006, by an applicant or spouse of an applicant, the penalty period shall commence on the date the applicant would otherwise be eligible for Medicaid based on an approved application for these services.

(c) Consistent with section 1917(c)(1)(D) of the Social Security Act, effective with transfers of assets for less than FMV made on or after March 3, 2007, by a recipient, the beginning date of a period of ineligibility for payment of long-term care services shall commence on the first day of the month following the date specified in the Appeal and Fair Hearing section of the Advance Notice provided to the recipient.

(d) Consistent with section 1917(c)(1)(E)(iv) and (H) of the Social Security Act, effective for an application made on or after March 3, 2007, a period of ineligibility for payment of long-term care services will result when an applicant or spouse of an applicant disposes of assets for less than FMV on or after February 8, 2006. The period of ineligibility shall be determined by dividing the total cumulative uncompensated value of all assets disposed of by the applicant or the applicant's spouse on or after the look-back date, by the average daily private pay rate in effect at the time the application is processed.

(e) Consistent with section 1917(c)(1)(E)(iv) and (H) of the Social Security Act, effective March 3, 2007, a period of ineligibility for payment of long-term care services will result when a recipient disposes of assets for less than FMV on or after March 3, 2007. The period of ineligibility shall be determined by dividing the total cumulative uncompensated value of all assets disposed of by the recipient on or after the look back date, by the average daily private pay rate in effect at the time the period of ineligibility is determined.

(f) Consistent with section 1917(c)(1)(I) of the Social Security Act, effective for an application made on or after March 3, 2007, the outstanding balance due on a promissory note, loan or mortgage purchased on or after February 8, 2006, that does not meet all of the following requirements will be treated as a transfer of assets for less than FMV:

- (1) The repayment terms must be actuarially sound.
- (2) The terms must provide for payments in equal amounts throughout the term, with no deferral of payments and no balloon payments.
- (3) The terms must prohibit cancellation of the balance upon death of the lender.

(g) Consistent with section 1917(c)(1)(J) of the Social Security Act, effective for an application made on or after March 3, 2007, the purchase of a life estate interest in

another individual's home made on or after February 8, 2006, shall be considered a transfer of assets for less than FMV unless the purchaser resided in the home for at least 1 year after the purchase date.

(h) Consistent with section 1917(c)(1)(F) and (G) of the Social Security Act, effective for an application made on or after March 3, 2007, the purchase of an annuity by an applicant or applicant's spouse on or after February 8, 2006, that does not meet all of the following requirements, will be treated as a transfer of assets for less than FMV:

- (1) The annuity must be irrevocable and nonassignable.
- (2) The annuity must be actuarially sound.
- (3) The annuity must provide for payments in equal amounts, with no deferral and no balloon payments made.
- (4) The annuity must name the Department as the remainder beneficiary in the first position for at least the total amount of medical assistance paid by the Department on behalf of the recipient. The annuity must name the Department as beneficiary in the second position when there is a community spouse (CS), minor child, or blind or permanently and totally disabled child for at least the total amount of Medical Assistance paid by the Department on behalf of the recipient and must name the Department in the first position if the CS or a representative of a minor child, or a representative of a permanently and totally disabled child disposes of any remainder for less than FMV.

(i) Consistent with section 1917(c)(1)(F) and (G) of the Social Security Act, effective for an application made on or after March 3, 2007, the purchase of a nonqualified annuity on or after February 8, 2006, by the spouse of an applicant, that does not name the Department as beneficiary in the first position will be treated as a transfer of assets for less than FMV.

(j) The provisions in this statement of policy do not prevent the Department from treating an annuity owned by an applicant or recipient or the spouse of an applicant or recipient that satisfies the requirements in subsection (h) or the requirement in subsection (i), as either income or a resource in the eligibility determination for long-term care services under the Medicaid Program.

(k) The provisions in this statement of policy do not prevent the Department from treating an outstanding balance due on a promissory note, loan or mortgage satisfying the requirements in subsection (f), as either income or a resource in the eligibility determination for long-term care services under the Medicaid Program.

RESOURCE ELIGIBILITY REQUIREMENTS FOR AN INSTITUTIONALIZED SPOUSE WITH A COMMUNITY SPOUSE

§ 178.124a. Clarification of the "Income-First" rule—statement of policy.

(a) For the purposes of this statement of policy, the Department will define the Community Spouse Monthly Maintenance Needs Allowance (CSMMNA) as defined in section 1924(d) of the Social Security Act (42 U.S.C.A. § 1396 r-5(d)), regarding the treatment of income and resources for certain institutionalized spouses.

(b) Consistent with section 1924(d)(6) of the Social Security Act, effective for an application made on or after March 3, 2007, the institutionalized spouse's (IS) available income shall be used to fund the CSMMNA. If the community spouse (CS) still needs additional income to fully fund the CSMMNA, resources may be allocated to the CS to provide the difference between the CSMMNA and the gross monthly income available to the CS.

Subchapter C. TANF-RELATED AND GA-RELATED CATEGORIES OF MA

DISPOSITION OF PROPERTY AND FAIR CONSIDERATION PROVISIONS FOR THE TANF AND GA CATEGORIES OF MA

§ 178.174a. Clarification of fair consideration provisions for disposition of assets made on or after February 8, 2006—statement of policy.

(a) Consistent with section 1917(c)(1)(B)(i) of the Social Security Act (42 U.S.C.A. § 1396p(c)(1)(B)(i)), regarding liens, adjustments and recoveries, and transfers of assets, effective for an application made on or after March 3, 2007, the look-back period for assets transferred on or after February 8, 2006, shall be 60 months.

(b) Consistent with section 1917(c)(1)(D) of the Social Security Act, effective for an application made on or after March 3, 2007, in the case of a transfer of assets for less than Fair Market Value (FMV) made on or after February 8, 2006, by an applicant or spouse of an applicant the penalty period shall commence on the date the applicant would otherwise be eligible for Medicaid based on an approved application for these services.

(c) Consistent with section 1917(c)(1)(D) of the Social Security Act, effective with transfers of assets for less than FMV made on or after March 3, 2007, by a recipient, the beginning date of a period of ineligibility for payment of long-term care services shall commence on the first day of the month following the date specified in the Appeal and Fair Hearing section of the Advance Notice provided to the recipient.

(d) Consistent with section 1917(c)(1)(E)(iv) and (H) of the Social Security Act, effective for an application made on or after March 3, 2007, a period of ineligibility for payment of long-term care services will result when an applicant or spouse of an applicant disposes of assets for less than FMV on or after February 8, 2006. The period of ineligibility shall be determined by dividing the total cumulative uncompensated value of all assets disposed of by the applicant or the applicant's spouse on or after the look-back date, by the average daily private pay rate in effect at the time the application is processed.

(e) Consistent with section 1917(c)(1)(E)(iv) and (H) of the Social Security Act, effective March 3, 2007, a period of ineligibility for payment of long-term care services will result when a recipient disposes of assets for less than FMV on or after March 3, 2007. The period of ineligibility shall be determined by dividing the total cumulative uncompensated value of all assets disposed of by the recipient on or after the look-back date, by the average daily private pay rate in effect at the time the period of ineligibility is determined.

(f) Consistent with section 1917(c)(1)(I) of the Social Security Act, effective for an application made on or after March 3, 2007, the outstanding balance due on a promissory note, loan or mortgage purchased on or after February 8, 2006, that does not meet all of the following requirements will be treated as a transfer of assets for less than FMV:

- (1) The repayment terms must be actuarially sound.
- (2) The terms must provide for payments in equal amounts throughout the term, with no deferral of payments and no balloon payments.
- (3) The terms must prohibit cancellation of the balance upon death of the lender.

(g) Consistent with section 1917(c)(1)(J) of the Social Security Act, effective for an application made on or after March 3, 2007, the purchase of a life estate interest in another individual's home made on or after February 8, 2006, shall be considered a transfer of assets for less than FMV unless the purchaser resided in the home for at least 1 year after the purchase date.

(h) Consistent with section 1917(c)(1)(F) and (G) of the Social Security Act, effective for an application made on or after March 3, 2007, the purchase of an annuity by an applicant or applicant's spouse on or after February 8, 2006, that does not meet all of the following requirements, will be treated as a transfer of assets for less than FMV:

- (1) The annuity must be irrevocable and nonassignable.
- (2) The annuity must be actuarially sound.
- (3) The annuity must provide for payments in equal amounts, with no deferral and no balloon payments made.
- (4) The annuity must name the Department as the remainder beneficiary in the first position for at least the total amount of medical assistance paid by the Department on behalf of the recipient. The annuity must name the Department as beneficiary in the second position when there is a community spouse (CS), minor child, or blind or permanently and totally disabled child for at least the total amount of Medical Assistance paid by the Department on behalf of the recipient and must name the Department in the first position if the CS or a representative of a minor child, or a representative of a permanently and totally disabled child disposes of any such remainder for less than FMV.

(i) Consistent with section 1917(c)(1)(F) and (G) of the Social Security Act, effective for an application made on or after March 3, 2007, the purchase of a nonqualified annuity on or after February 8, 2006, by the spouse of an applicant, that does not name the Department as beneficiary in the first position will be treated as a transfer of assets for less than FMV.

(j) This statement of policy does not prevent the Department from treating an annuity owned by an applicant or recipient or the spouse of an applicant or recipient that satisfies the requirements in subsection (h) or the requirement in subsection (i), as either income or a resource in the eligibility determination for long-term care services under the Medicaid Program.

(k) This statement of policy does not prevent the Department from treating an outstanding balance due on a promissory note, loan or mortgage satisfying the requirements in subsection (f), as either income or a resource in the eligibility determination for long-term care services under the Medicaid Program.

DEPARTMENT OF PUBLIC WELFARE
[55 PA. CODE CH. 178]
Undue Hardship Waiver Guidelines

Scope

This statement of policy applies to applicants and recipients in need of payment for the following long-term care (LTC) services:

- (1) Nursing facility services.
- (2) A level of care in an institution equivalent to that of nursing facility services.
- (3) Home and community-based services furnished under a waiver granted by the Centers for Medicare and Medicaid Services.

Purpose

The purpose of this statement of policy is to provide policy guidelines about the Department of Public Welfare's (Department) regulations regarding undue hardship waiver requests when determining eligibility for payment of LTC services. The Deficit Reduction Act of 2005 (DRA of 2005), the act of February 8, 2006 (Pub. L. No. 109-171, 120 Stat. 4) requires that states provide an undue hardship waiver process in accordance with section 1917(c)(2)(D) of the Social Security Act (42 U.S.C.A. § 1396p(c)(2)(D)). The Department's regulations can be accessed online at the *Pennsylvania Code* website at www.pacode.com.

Background

The DRA of 2005 became law on February 8, 2006. The DRA of 2005 made a variety of changes in the rules regarding eligibility for services and benefits in the Medicaid Program including the availability of undue hardship waiver requests for individuals who would be denied eligibility for payment of LTC services.

Discussion

The DRA of 2005 mandates that the Department shall provide for the availability of an undue hardship waiver process when the application of the transfer of assets penalty would deprive the individual of one of the following:

- (1) Medical care so that the individual's health or life would be endangered.
- (2) Food, clothing, shelter or other necessities of life.

The DRA of 2005 mandates that an individual will not be eligible for payment of LTC services if the individual's equity interest in the individual's home exceeds \$500,000. The DRA of 2005 states that the Secretary of Health and Human Services (HHS) shall establish a process to waive the application of the home equity limit in the case of a demonstrated hardship. Until the Secretary of HHS establishes the demonstrated hardship process, the Department will apply the undue hardship process for an individual whose equity interest in an individual's home exceeds \$500,000.

Effective Date

This statement of policy is effective March 3, 2007.

(a) For the purposes of this statement of policy, an undue hardship exists when application of the transfer of assets penalty provision would deprive the individual of one of the following:

- (1) Medical care so that the individual's health or life would be endangered.
- (2) Food, clothing, shelter or other necessities of life.

(b) Consistent with section 1917(c)(2)(D) of the Social Security Act (42 U.S.C.A. § 1396p(c)(2)(D)), regarding liens, adjustments and recoveries, and transfers of assets, effective with applications made on or after March 3, 2007, the Department will provide undue hardship waiver guidelines to an individual who is determined ineligible for payment of long-term care services due to a transfer of assets for less than fair market value made on or after February 8, 2006. The undue hardship waiver guidelines provide for the following:

- (1) A notice to the individual that an undue hardship waiver exception exists.
- (2) A timely process for determining whether an undue hardship waiver will be granted.
- (3) A process under which an adverse determination can be appealed.

(c) Consistent with section 1917(c)(2)(D) of the Social Security Act, the undue hardship waiver request guidelines will permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the personal representative of the individual.

(d) Until the Secretary of Health and Human Services establishes the demonstrated hardship process, the Department will apply the undue hardship process for an individual whose equity interest in the individual's home exceeds \$500,000.

NOTICES

DEPARTMENT OF AGRICULTURE

Amendment of the Plum Pox Virus Voluntary Commercial Orchard Fruit Tree Indemnity Program

The Department of Agriculture (Department) established the Plum Pox Virus (PPV) Voluntary Commercial Fruit Tree Indemnity Program (Program) on April 16, 2004. The order establishing the Program was published at 34 Pa.B. 2470 (May 8, 2004). That order details the eligibility requirements, standards and procedures for Program participation.

The referenced order is hereby amended by redefining the "core area" served by the program to include only those townships, boroughs and parts of townships that currently remain subject to quarantine orders related to the presence of PPV in those areas. These include the following areas in Adams, Cumberland and York Counties:

Adams County:

That portion of Menallen Township as described at 35 Pa.B. 6543 (December 3, 2005).

That portion of Franklin Township as described at 36 Pa.B. 6108 (October 7, 2006).

That portion of Tyrone Township as described at 36 Pa.B. 7298 (December 2, 2006).

That portion of Butler Township as described at 33 Pa.B. 5087 (October 11, 2003).

Cumberland County

South Middleton Township.
Borough of Mount Holly Springs.

York County

Monaghan Township

Growers with blocks of stone fruit trees in any of the above-designated areas are eligible to participate in the Program for as long as a Department-issued PPV-related quarantine order remains in effect with respect to that area.

Any area that is subsequently made subject to a Department-issued PPV-related quarantine shall also be considered part of the "core area" served by the Program, and growers within such an area shall be eligible to participate in the Program.

The Program remains in full force and effect, amended only to the extent described in this order.

Additional Information/Contact Person

Applications and further information can be obtained by contacting the Department of Agriculture, Attn: Karl Valley, Bureau of Plant Industry, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 772-5226.

This order is effective as of February 20, 2007.

DENNIS C WOLFF,
Secretary

Continuation of the Pennsylvania Apple Marketing Program; Referendum Order

I. The Pennsylvania Apple Marketing Program was established under the provisions of the Agricultural Commodities Marketing Act. The Act requires that the Secretary of Agriculture call a referendum of affected producers every 5 years to determine whether or not a majority of those voting still desire the program. The program was last subjected to a review referendum conducted in 2002. It is now time for another review referendum to determine whether a majority of affected Pennsylvania apple producers desire the program to continue.

II. *Referendum Period:* The referendum period shall be March 21, 2007, until 4 p.m. on April 4, 2007. Completed ballots shall be mailed or hand-delivered to the Pennsylvania Department of Agriculture, Bureau of Market Development, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110-9408. Hand-delivered ballots must be received by 4 p.m. on April 4, 2007. Ballots that are mailed must be postmarked no later than April 4, 2007, and received no later than April 9, 2007.

III. *Notice of Referendum:* This referendum order and an official ballot shall be mailed no later than March 19, 2007, to all affected producers whose names appear on the list of Pennsylvania apple producers maintained in the Office of the Secretary of Agriculture. Additional copies of the same materials shall be made available at the Office of the Secretary of Agriculture.

IV. *Eligible Voters:* The rules governing the eligibility of a producer for voting are as follows: The record date for determination of whether a producer is eligible to vote is March 12, 2007. All apple producers who grow 500 or more apple trees are eligible to vote on the referendum.

V. *Counting of Ballots:* The ballots will be canvassed and counted by a Teller Committee appointed by the Secretary of Agriculture. The counting of the ballots will begin at 10 a.m., Thursday, April 12, 2007 in the State Agriculture Building, Harrisburg, PA. The Secretary will announce the results of the referendum within 30 days following the completion of the referendum period. The results will be published in the *Pennsylvania Bulletin* and *Harrisburg Patriot*, and disseminated to the news media.

VI. *Reporting Irregularities:* Any irregularities or disputes concerning the referendum procedures must be reported in written form to the Secretary of Agriculture not later than 7 calendar days from the end of the referendum period.

VII. *Publication:* This referendum order shall be published in the *Pennsylvania Bulletin* and the *Harrisburg Patriot*.

VIII. *Effective Date:* The foregoing order shall be effective immediately.

DENNIS C WOLFF,
Secretary

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.

PA0052515, Industrial Waste, SIC 4941, **Ambler Borough Water Department**, 122 East Butler Avenue, Ambler, PA 19002-4476. This existing facility is located in Whitemarsh Township, **Montgomery County**.

Description of Proposed Activity: Renewal of NPDES permit to discharge filter backwash from a water supply well. Water supply is treated by an air stripper and dual GAC filters to remove petroleum hydrocarbons. Filter backwash at a rate of 850 gpm for a 15 minute cycle settles in a sedimentation basin and normally infiltrates. Any discharge that may occur is through Outfall 001. Outfall 002 is overflow from air stripper. Outfall 004 is water pumped directly from spring to keep quarry dry.

The receiving stream, Wissahickon Creek, is in the State Water Plan Watershed 3F and is classified for TSF, aquatic life, water supply and recreation. The nearest downstream public water supply intake for Philadelphia Water Department is located on the Schuylkill River and is approximately 11.5 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.01275 mgd.

<i>Parameters</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Suspended Solids	2.63	5.25	30	60	75
Total Aluminum	0.35	0.7	4.0	8.0	
Total Iron	0.18	0.35	2.0	4.0	10.0
Total Manganese	0.09	0.18	1.0	2.0	5.0
Gasoline Range Organics			Monitor	Monitor	
Diesel Range Organics			Monitor	Monitor	
pH (Standard Units)			6.0 (Instantaneous Minimum)		9.0
Total Residual Chlorine			0.5		1.2

The proposed effluent limits for Outfalls 002 and 004 are as follows:

<i>Parameters</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Suspended Solids				Monitor	
Gasoline Range Organics				Monitor	
Diesel Range Organics				Monitor	
pH (Standard Units)				Monitor	

In addition to the effluent limits, the permit contains the following major special conditions:

1. Remedial Measures if Public Nuisance.
2. BAT/ELG Reopener.
3. Change of Ownership.
4. Proper Sludge Disposal.
5. Air Stripper Tower Wastewater.
6. Twice per Month Monitoring.

The EPA waiver is in effect.

PA0051497, Industrial Waste, SIC 2033, **Lenape Forged Products, Corp.**, 1334 Lenape Road, West Chester, PA 19382-2096. This facility produces heat-treated metal forgings in Pocopson Township, **Chester County**.

Description of Proposed Activity: This application requests approval of a renewal NPDES permit for the discharge of contact cooling water from a quench tank for heat-treated metal forgings.

The receiving stream, Brandywine Creek, is in the State Water Plan Watershed 3H and is classified for WWF-MF, aquatic life, water supply and recreation.

The Christina River Basin total maximum daily load (TMDL) for nutrients and dissolved oxygen for low-flow conditions, issued by the EPA in January 2001, and revised in October 2002 and April 2006, includes the discharge flow from this facility. The parameters CBOD₅, ammonia, dissolved oxygen, phosphorus and total nitrogen are addressed in the TMDL but none of those parameters are discharged from this facility.

The proposed effluent limits for Outfall 001 are, based on a discharge flow of 0.03 mgd, as follows:

Parameters	Mass (lb/day)		Concentration (mg/l)		
	Average Monthly	Annual	Average Monthly	Maximum Daily	Instantaneous Maximum
Total Suspended Solids			30	60	75
Oil and Grease			10		30
Temperature					110° F
pH (Standard Units)			6.0 (Instantaneous Minimum)		9.0

In addition to the effluent limits, the permit contains the following major other conditions:

1. Notification of Designation of Operator.
2. BAT/ELG Reopener.
3. 2° F Temperature Change in 1-hour.
4. Change in Ownership.
5. No Chemical Additives.
6. Laboratory Certification.

In addition to the effluent limits, the permit contains the following major special conditions: WET Testing Requirement.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4707.

Application No. PA0259942, Sewage, **Steven Nye**, 32 Harmon Road, Newburg, PA 17240. This facility is located in Upper Mifflin Township, **Cumberland County**.

Description of activity: The application is for issuance of an NPDES permit for a new discharge of treated sewage.

The receiving stream, Three Square Hollow Run, is in Watershed 7-B, and classified for WWF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for Carlisle Borough is located on the Conodoguinet Creek, approximately 30.8 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.0004 mgd are:

Parameter	Average Monthly (mg/l)	Instantaneous Maximum (mg/l)
CBOD ₅	25	50
Total Suspended Solids	30	60
Total Residual Chlorine	Monitor

Application No. PA0260134, Sewage, **Lancaster Family YMCA**, 572 North Queen Street, Lancaster, PA 17603. This facility is located in Cornwall Borough, **Lebanon County**.

Description of activity: The application is for issuance of an NPDES permit for new discharge of treated sewage.

The receiving stream, UNT of Shearers Creek, is in Watershed 7-G and classified for HQ-CWF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for Columbia Borough Water Authority is located on the Susquehanna River, approximately 34 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.004 mgd between May 1 and September 30 are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	10		20

Total Phosphorus	2.0		4.0
Dissolved Oxygen		Minimum of 5.0 at all times	
pH		From 6.0 to 9.0 inclusive	
Fecal Coliform		200/100 ml as a geometric average	

No discharge is permitted the remainder of the year.

Persons may make an appointment to review the Department of Environmental Protection's files on this case by calling the file review coordinator at (717) 705-4732.

The EPA waiver is not in effect.

Application No. PA0260282, Sewage, **Glenn Sandritter**, 161 Heckman Road, Temple, PA 19560-9708. This facility is located in Earl Township, **Berks County**.

Description of activity: The application is for an NPDES permit to discharge wastewater from a single-family home.

The receiving stream, UNT to Ironstone Creek, is in Watershed 3-D, and classified for TSF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for Borough of Pottstown Water and Sewer Authority is located on the Schuylkill River, approximately 40 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.0005 mgd are:

PA0001228, Industrial Waste, SIC 3621, **Curtiss-Wright Corporation**, 1000 Cheswick Avenue, Cheswick, PA 15024. This application is for renewal of an NPDES permit to discharge untreated cooling water, untreated test loop water, deionized water and stormwater from the Curtiss-Wright Electro-Mechanical Corporation in Harmar Township, **Allegheny County**.

The following effluent limitations are proposed for discharge to the receiving waters, dry drainage swale to a UNT—Allegheny River and dry drainage swale to the Allegheny River, classified as a WWF with existing and/or potential uses for aquatic life, water supply and recreation. The first existing/proposed downstream potable water supply is Oakmont, located approximately, 2.0 miles below the discharge point.

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of

Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Region: Ronald S. Brezinski, Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

James Freeman Property, Delaware Township, **Pike County**. Salvatore Sciascia, S & M Management, Inc., P. O. Box 1429, Milford, PA 18337 has submitted a Notice of Intent to Remediate (on behalf of his client, James Freeman, P. O. Box 207, Dingmans Ferry, PA 18328) concerning the remediation of soils found to have been impacted by No. 2 heating oil as a result of an accidental release. The applicant proposes to meet the Residential Statewide Health Standard. The future use of the property will remain residential. A summary of the Notice of Intent to Remediate was published in the Pike County Dispatch on December 21, 2006.

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Pennington Farm Property, Upper Allen Township, **Cumberland County**. Alliance Environmental Services, Inc., 1820 Linglestown Road, Harrisburg, PA 17110, on behalf of Pennington Estate, Fred A. Pennington, Jr., Executor, 29 Forest Drive, Mechanicsburg, PA 17055-4706, submitted a Notice of Intent to Remediate soils

contaminated with No. 2 heating oil from a removed underground storage tank. The property is and will remain residential. The applicant is seeking to remediate to the Residential Statewide Health standard.

Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701.

Sallach Residence, Old Lycoming Township, **Lycoming County**, Lewis Environmental Group, P. O. Box 639, Royersford, PA 19488 on behalf of Picklener Fuel Company, 210 Locust Street, Williamsport, PA 17701 has submitted a Notice of Intent to Remediate Soil contaminated with No. 2 fuel oil. The applicant proposes to remediate the site to meet the Statewide Health Standard.

Southwest Region: Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

Eichelberger & Sons Heating and Air Conditioning (Irwin Penn Manor LLC), Hempfield Township, **Westmoreland County**. William A. McGill, The GeoEnvironmental Consortium, Inc., 701 Freeport Road, South Building, Pittsburgh, PA 15238 on behalf of Paul and Steve Eichelberger, (Irwin Penn Manor LLC), Eichelberger & Sons, Heating and Air Conditioning, 10321 Center Highway, Irwin, PA 15642 has submitted a Notice of Intent to Remediate. Soil contamination occurred after a home heating oil AST released 60–140 gallons within a residential property. Initial cleanup activities included removal of items having come in contact with the fuel oil spill, including paneling, carpet, linoleum, cardboard boxes, blankets and household fabric items. Remediation measures, performed prior to submission of the NIR, were scrubbing the basement floor, patching potential vapor pathways with silicone, installation of ventilation fans, soil sampling below the concrete floor, vapor readings and removal of the AST's. Statewide Health Standard confirmatory soil samples were taken. Additional assessments were conducted to evaluate soil gas, indoor air quality, soil quality and groundwater. The site is to remain residential.

Majestic Star Casino Site, City of Pittsburgh, **Allegheny County**. Lawrence A. Drane III, P. G., Civil & Environmental Consultants, Inc., 333 Baldwin Road, Pittsburgh, PA 15205 on behalf of James Napoli, MAXT Associates, LP, 350 W. Station Square Drive, Pittsburgh, PA 15219, and James LeFresne, PITG Gaming, LLC, 163 Madison Street, Suite 2000, Detroit, Michigan, 48226 has submitted a Notice of Intent to Remediate. Historic use of the site included a coal gasification plant and steel mills. Previous investigations on the properties indicated the presence of historic fill materials, some of which were contaminated with SVOCs and metals. Groundwater at the site was found to contain elevated levels of one VOC, metals and cyanide. This site is in the north side enterprise zone and is available for a Special Industrial Area Designation. Engineered and institutional controls will be used as remediation measures for the nonresidential site. The Majestic Star Casino will be constructed over a majority of the site. Other portions of the site may be developed at a later time or will be used as parking.

Kovalchick Salvage Yard—Wayne Avenue Properties, White Township, **Indiana County**. Joseph D'Andrea, L. Robert Kimball & Associates, Inc., 615 West Highland Avenue, P. O. Box 1000, Ebensburg, PA 15931 on behalf of Gary Taylor, Department of General Services, Bureau of Engineering and Architecture, Room 201, 18th

and Herr Streets, Harrisburg, PA 17120, and Victor Piro, Department of General Services, Bureau of Real Estate, Room 500, North Office Building, Harrisburg, PA 17125 has submitted a Notice of Intent to Remediate. The Department of General Services (DGS) acquired approximately 33 acres of land along Wayne Avenue within Indiana County for use by the Indiana University of Pennsylvania (IUP). The land formerly was owned by the Kovalchick Salvage Company, which used the land for storage and recycling of rail ties and steel, steel pipe and structural members, stainless steel scrap, and various cast iron, lead acid battery and metal items from mine and industrial plant demolition projects. Various inspections phases I and II assessments have been done on the property since 1991. Soil samples, sediment samples, surface water samples and groundwater samples for VOCs, PCBs, SVOCs and metals have been analyzed from six areas of concern. DGS will use a combination of Nonresidential Statewide Health Standard and Site-Specific Standard to develop and implement its cleanup plan. The sites intended use is a new convocation center and related support facilities for the use of IUP.

RESIDUAL WASTE GENERAL PERMITS

Application received Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in

this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

36-05014H: Alumax Mill Products, Inc. (1480 Manheim Pike, Lancaster, PA 17604) for installation of a hot rolling mill strip cooling bar at the secondary aluminum processing plant in Manheim Township, Lancaster County. The plant is subject to: 40 CFR Part 63, Subpart GGGGG—National Emissions Standards for Hazardous Air Pollutants for Site Remediation; Subpart RRR—National Emission Standards for Hazardous Air Pollutants for Secondary Aluminum Plants; Subpart SSSS—National Emission Standards for Hazardous Air Pollutants—Surface Coating of Metal Coils and 40 CFR Part 60, Subpart TT—Standards of Performance for Metal Coil Surface Coating.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, George Monasky, New Source Review Chief, (814) 332-6940.

24-162A: Rebco, Inc. (650 Brandy Camp Road, Kersey, PA 15846) for the postconstruction approval of a surface coating process in Fox Township, Elk County. This is a State-only facility.

10-062E: Slippery Rock University (1 Marow Way, Slippery Rock, PA 16057) for modification of a 39.5 mmBtu/hr coal-fired boiler to a natural gas/coal co-fired

boiler at Slippery Rock University, in the Borough of Slippery Rock, **Butler County**. Slippery Rock University is a Title V facility.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, Thomas McGinley, New Source Review Chief, (484) 250-5920.

15-0128: Pet Memorial Services Corp. (126 Turner Lane, Unite No. 2, West Chester, PA 19380) for installation of four identical Crawford animal crematoriums, rated for 600 lbs/hr each, and one Mathews animal crematorium, rated for 150 lbs/hr in West Goshen Township, **Chester County**. This facility will be a non-Title V facility. All five crematoriums will utilize afterburners to minimize emissions. The facility will have the following potential emission: 39.1 tpy of PM and PM10, 14.0 tpy of SOx, 55.9 tpy of CO, 16.8 tpy of NOx, 16.8 tpy of VOCs and 6.2 tpy of HCl. Emissions of PM are expected to be less than 0.08 grain per dry standard cubic feet, corrected to 7% O₂. Emissions of SOx are expected to be less than 500 ppmv. The Plan Approval will contain monitoring, recordkeeping and operating conditions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

46-0029C: Glasgow, Inc. (Route 309 and Hartman Road, Montgomeryville, PA 18936) for replacement of a primary crusher, of equivalent size, at their existing quarry in Montgomery Township, **Montgomery County**. This facility is a non-Title V facility. The PM emissions from primary crusher will be controlled by the existing water suppressions system. The Plan Approval will also contain monitoring, recordkeeping and work practice standard conditions designed to keep the facility operating within the allowable emission limits and all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Mark Wejkszner, New Source Review Chief, (570) 826-2531.

66-315-048: The Procter and Gamble Paper Products Co. (P. O. Box 32, Mehoopany, PA 19629) for modification of the 2M Paper Machine production area (additional burner in hot air system utilizing low NOx technology) and associated air cleaning device (venturi-scrubber), at the facility along Route 87, Washington Township, **Wyoming County**. Particulate emissions from the drying operation will be controlled by the venturi-scrubber. The expected particulate emission rate will be less than 0.02 grain/dscf. The company will operate the process and maintain the equipment in accordance with the good engineering practices to assure proper operation of the system. The Plan Approval and Operating permit will contain additional recordkeeping and operating restrictions, that are designed to keep the process operating within all applicable air quality requirements. The facility has a valid Title V Operating Permit (66-00001). Once the equipment is operational and in compliance with all requirements, this plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V Operating Permit.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

05-05022C: Bedford Reinforced Plastics, Inc. (264 Reynoldsdale Road, Bedford, PA 15522-7401) for installation of three new fiberglass reinforced plastic pultrusion production lines at their facility in East Saint Clair Township, **Bedford County**. Operation of these pultrusion lines will increase potential HAPs by 9.76 tpy. The plan approval and subsequent Title V operating permit amendment will include emission restrictions, work practice standards, monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. This project is subject to 40 CFR Part 63, Subpart WWWW-National Emission Standards for Hazardous Air Pollutants: Reinforced Plastic Composites Production.

06-03078B: Brush Wellman, Inc. (P. O. Box 973, Reading, PA 19603) for construction of a beryllium alloy metal strip cleaning line to be controlled by four scrubbers at their Shoemakersville Plant in Perry Township, **Berks County**. The percentage of beryllium in the alloys processed will be limited to less than 5%. The approval will include monitoring, work practices, recordkeeping and reporting requirements designed to keep the source operating within all applicable air quality requirements.

67-05004M: P. H. Glatfelter Co. (228 South Main Street, Spring Grove, PA 17362-0500) for production of new products on the facility's paper machines in Spring Grove Borough, **York County**. The Plan Approval will limit the increase of VOCs from new products to 25 tons. Additionally, the Plan Approval will limit the furnished VOC content of new products to 14.0 lbs per ton of paper produced. The Plan Approval will include monitoring, recordkeeping, reporting and work practice standards designed to keep the facility operating within all applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.

08-00003E: CraftMaster Manufacturing, Inc. (P. O. Box 311, Towanda, PA 18848) for installation of a regenerative thermal oxidizer (RTO) on the existing Die Form Kiln to reduce HAP emissions as part of the demonstration to United States EPA that the Towanda plant in Wysox Township, **Bradford County** is part of the low-risk subcategory of plywood and composite wood products manufacturing affected sources as specified in Appendix B of 40 CFR Part 63, Subpart DDDD (National Emission Standards for Hazardous Air Pollutants: Plywood and Composite Wood Products). The respective facility is a major facility for which a Title V operating permit (08-00003) has been issued. Potential emissions of NOx and CO are as specified in the conditions below; potential increases in SOx and PM will be insignificant. VOC emission will decrease as a result of this installation.

The Department of Environmental Protection's review of the information contained in the application indicates that the proposed RTO will comply with all applicable requirements pertaining to air contamination sources and the emission of air contaminants including the best available control technology requirements of 25 Pa. Code §§ 127.1 and 127.12 and 25 Pa. Code §§ 123.13, 123.21, 123.31 and 123.41. Based on this finding, the Department intends to issue a plan approval for the proposed installation. Additionally, if the Department determines that the source and the air cleaning device is operating in compliance with the plan approval conditions, the conditions established in the plan approval will be incorporated into the operating permit by means of an administrative amendment under 25 Pa. Code § 127.450.

The Department proposes to place in the plan approval the following conditions to ensure compliance with all applicable regulatory requirements:

1. Source ID 193P is as described in Title V operating permit 08-00003. Control Device ID C193 consists of an 8' x 8' x 8' water dropout box followed by a Durr model RL-15-V2-95 rotary RTO. The RTO is equipped with a Maxon Kinedizer high velocity type low-NOx natural gas/propane fired burner with a rated heat input of 2.5 mmBtu/hr. The RTO is also equipped with a natural gas injection system for NOx emissions reduction and lowered fuel consumption. The RTO is designed for a maximum inlet volume of 15,000 scfm.

2. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the NOx and CO emissions from the die form kiln and associated RTO shall not exceed the following:

a) For NOx; 1.29 lbs/hr and 1.9 tons in any 12-consecutive month period.

b) For CO; 3.17 lbs/hr and 9.7 tons in any 12-consecutive month period.

3. Under the emission reduction provisions of 25 Pa. Code § 127.207, the VOC emissions from the die form kiln and associated RTO shall not exceed 2.1 tons in any 12-consecutive month period (as propane by Method 25A). This limit may be revised based on the results of the stack testing required in this plan approval.

4. Under 25 Pa. Code § 123.13, no person may permit the emission into the outdoor atmosphere of PM from the exhaust of the RTO associated with the die form kiln in a manner that the concentration of particulate matter in the effluent gas exceeds 0.04 grain per dry standard cubic foot.

5. Under 25 Pa. Code § 123.21, no person may permit the emission into the outdoor atmosphere of SO_x, expressed as SO₂, from the exhaust of the RTO associated with the die form kiln in a manner that the concentration of the SO_x in the effluent gas exceeds 500 parts per million, by volume, dry basis.

6. The RTO shall only be fired on natural gas and/or propane/air mix.

7. Under 25 Pa. Code § 127.12(a)(3), the permittee shall install, operate and maintain a pressure monitoring device that shall accurately measure and record the pressure drop across the RTO media at least once every 15 minutes. The information shall be used to monitor material buildup and to take appropriate corrective action to prevent excessive material buildup on the RTO media. The records shall be kept for a minimum of 5 years and shall be made available to the Department upon request.

8. Under 40 CFR 63.2269 and 25 Pa. Code § 127.12(a)(3), the permittee shall install, operate and maintain a temperature monitoring device that shall accurately measure and record the RTO's combustion chamber temperature at least once every 15-minutes. The permittee shall comply with the installation, accuracy, inspection, maintenance, calibration and recordkeeping requirements specified in 40 CFR 63.2269(a) and (b) and the data availability requirements of 40 CFR 63.2270. All records shall be kept for a minimum of 5 years and shall be made available to the Department upon request.

9. Under 40 CFR 63.2262(k) and 25 Pa. Code § 127.12(a)(3), the permittee shall monitor the RTO's combustion chamber temperature during the stack testing required in this plan approval. The permittee shall

establish a minimum combustion chamber temperature as the average of the three minimum 15-minute combustion chamber temperatures monitored during the three test runs. Additionally, the established minimum combustion chamber temperature shall assure compliance with the NOx and CO emission limits contained in this plan approval. The permittee shall maintain the 3-hour block average combustion chamber temperature above the minimum combustion chamber temperature established during stack testing.

10. Within 180 days of start-up of the RTO, the permittee shall perform stack testing on the die form kiln and associated RTO to demonstrate compliance with the NOx, CO and VOC emission limitations contained in this plan approval. The permittee shall also perform stack testing to determine the following HAP emissions from the die form kiln and associated RTO: acetaldehyde, benzene, formaldehyde, acrolein and phenol. Stack testing shall be performed in accordance with the applicable provisions of 25 Pa. Code Chapter 139 (relating to sampling and testing) and Appendix B to 40 CFR Part 63, Subpart DDDD (low-risk subcategory provisions) using test methods and procedures approved by the Department. Testing must be performed under worst-case operating conditions as defined in Appendix B to 40 CFR Part 63, Subpart DDDD.

At least 60 days prior to the stack testing required in this plan approval, the permittee shall submit two copies of a test protocol to the Department's Northcentral Region for review and approval. This protocol shall describe the test methods and procedures to be used in the performance of testing, and shall include dimensioned sketches of the exhaust systems showing the locations of all proposed sampling ports. The protocol shall also identify all process parameters, which will be monitored and recorded during testing to verify worst-case operating conditions and to verify that the kiln is operating at maximum routine operating conditions.

At least 14 days prior to stack testing, the permittee shall notify the Department (Northcentral Regional Office and Central Office, Source Testing Section) of the actual dates and times that testing will occur so that Department personnel can arrange to be present during testing. The Department is under no obligation to accept the results of the testing without having been given proper notification.

Within 60 days following the completion of the stack testing, the permittee shall submit two copies of a test report to the Department's Northcentral Region for review and approval. The test report shall contain the results of the testing, a description of the test methods and procedures actually used, copies of all raw test data with sample calculations and copies of all process data recorded during testing, including, combustion chamber temperatures and the established minimum combustion chamber temperature as required in this plan approval. The results of the testing shall be expressed in units identical to the units of the limitations identified in this plan approval and expressed in units used in the low-risk demonstration model.

11. The permittee shall keep accurate records of the amounts of CO, NOx and VOCs emitted each month from the die form kiln and associated RTO to verify compliance with the annual CO, NOx and VOC emission limitations. The records shall be kept for a minimum of 5 years and shall be made available to the Department upon request.

12. All conditions contained in Title V operating permit 08-00003 remain in effect unless superseded or amended

by conditions contained in this plan approval. If there is a conflict between a condition or requirement contained in this plan approval and a condition or requirement contained in Title V operating permit 08-00003, the permittee shall comply with the condition or requirement contained in this plan approval rather than the conflicting condition or requirement contained in Title V operating permit 08-00003.

13. Issuance of an operating permit is contingent upon all air cleaning devices being installed and all sources and air cleaning devices being maintained and operated as described in the plan approval application and supplemental materials submitted with the application, and in accordance with all conditions contained in this plan approval, and upon satisfactory demonstration that any air contaminant emissions are in compliance with all limitations specified herein, as well as in compliance with the requirements specified in, or established under, any other applicable rules and regulations contained in 40 CFR and Article III of the Rules and Regulations of the Department.

Copies of the application and the Department's review of the application are available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at (570) 327-3693.

Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Manager, Facilities Permitting Section, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-0512.

08-399-049: OSRAM SYLVANIA Products, Inc. (Hawes Street, Towanda, PA 18848-0504) for installation of a new Bionomic Industries model ScrubPac VentClean packed bed scrubber to control the air contaminant emissions from the Tungsten Washing Process at their facility in North Towanda Township, **Bradford County**. The proposed scrubber will control previously uncontrolled sources.

The Department's review of the information contained in the application submitted by OSRAM indicates that the sources and the air-cleaning device will comply with all applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the fugitive air contaminant emission requirement of 25 Pa. Code § 123.1, the PM emission limitation of 25 Pa. Code § 123.13 and the visible emission limitation of 25 Pa. Code § 123.41. The plan approval, if issued, will subsequently be incorporated in an operating permit by means of an administrative amendment in accordance with 25 Pa. Code § 127.450 at a later date.

Based upon this finding, the Department proposes to issue a plan approval for the installation of a Bionomic Industries model ScrubPac VentClean packed bed scrubber (ID C245). The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. Source ID P245 is the Tungsten Powder Washing Process consisting of the following sources:

- a. One 600 gallon Tungsten Powder Wash Tank.
- b. One 13 gallon Acid Charge Tank.

c. One wash sink.

The air contaminant emissions from Source ID P245 shall be controlled by a Bionomic Industries model ScrubPac VentClean packed bed scrubber (ID C245).

2. Under 25 Pa. Code § 123.13, the particulate matter emissions in the exhaust of the Bionomic Industries model ScrubPac VentClean packed bed scrubber (ID C245) associated with Source ID P245 shall not exceed 0.04 grain per dry standard cubic foot.

3. The wash sink of Source ID P245 shall be equipped with a hood to direct the exhaust from the wash sink to the Bionomic Industries model ScrubPac VentClean packed bed scrubber (ID C245) to control emissions from the wash sink.

4. The Bionomic Industries model ScrubPac VentClean packed bed scrubber (ID C245) associated with Source ID P245 shall achieve at least a 99% removal efficiency for hydrofluoric acid (HF) and hydrochloric acid (HCl).

5. The Bionomic Industries model ScrubPac VentClean packed bed scrubber (ID C245) shall be equipped with instrumentation to continuously monitor the pH of the scrubbing solution, the pressure drop across the scrubber and the flow rate through the scrubber.

6. The scrubbing solution used in the Bionomic Industries model ScrubPac VentClean packed bed scrubber (ID C245) shall only be a sodium hydroxide/water mixture.

7. The permittee shall record the scrubber flow rate, pH level and pressure drop across the packed bed at least once per day. These records shall be kept on site for a minimum of 5 years and shall be presented to the Department upon request.

8. Source ID P245 and the Bionomic Industries model ScrubPac VentClean packed bed scrubber (ID C245) associated with Source ID P245 shall be operated according to good air pollution control practices.

A copy of the plan approval application is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at (570) 327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Manager, Facilities Permitting Section, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-0512.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, George Monasky, New Source Review Chief, (814) 332-6940.

43-348A: American Cap Co. LLC (15 Church Street, Wheatland, PA 16161) for construction of an activated carbon monolithic adsorbent process for the semiconductor manufacturing sector in Wheatland Borough, **Mercer County**. This is a State-only facility. The public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the State-only operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate Best Available Technology for the source:

- Subject to 25 Pa. Code §§ 123.1, 123.31 and 123.41 for fugitive, odor and visible emissions, respectively.

- No person may permit the emission into the outdoor atmosphere of PM in a manner that the concentration of particulate matter in the effluent gas exceeds 0.02 grain per dry standard cubic foot.

- HCl emissions shall not exceed the following:
 - 0.05 #/hr.
 - 0.20 tpy based on a consecutive 12-month period.
- CO emissions shall not exceed the following:
 - 0.1 #/hr.
 - 0.45 tpy based on a consecutive 12-month period.
- The permittee shall stack test to show compliance with the PM, HCl and CO emission limitations.
- The permittee shall record the following from the daily operational inspection:
 - Scrubber gas flow rate.
 - Liquid pressure and flow rate.
 - Scrubbing liquid pH.
 - Pressure drop.
 - Outlet gas temperature.
- The permittee shall maintain records of the following:
 - Monthly discs production levels.
- Shall be maintained and operated in accordance with the manufacturer's specifications and in accordance with good air pollution control practices.

10-281K: II VI, Inc. (375 Saxonburg Boulevard, Saxonburg, PA 16056) Notice is hereby given, under 25 Pa. Code §§ 127.44(a) and 127.424(b), that the Department of Environmental Protection (Department) intends to issue a Plan Approval for their plant located in the Township of Clinton, **Butler County**. This plan approval will authorize the installation of a vapor deposition furnace with appropriate emission control equipment.

Based on the information provided by the applicant and Department's own analysis, the process will emit 36.7 #/yr of PM.

Anyone wishing to provide the Department with additional information they believe should be considered may submit the information to the address shown as follows. Comments must be received, by the Department, within 30 days of the last day of publication. Written comments should include the following:

1. Name, address and telephone number of the person submitting comments.
2. Identification of the proposed Plan Approval; No. PA-10-281K.
3. Concise statement regarding the relevancy of the information or any objections to issuance of the Plan Approval.

A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted on the comments received during the public comment period. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a local newspaper of general circulation or the *Pennsylvania Bulletin* or by telephone, when the Department determines telephone notification is sufficient. Written comments or requests for a public hearing should be directed to John F. Guth, Regional Air Quality

Manager, Department of Environmental Protection, Northeast Regional Office, 230 Chestnut Street, Meadville, PA, 16335, (814) 332-6940.

20-123A: Lord Corporation (601 South Street, Saegertown, PA 16433-1050) Notice is hereby given in accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), that the Department of Environmental Protection (Department) intends to issue a plan approval for installation of a thermal oxidizer and dust collector to control emissions from miscellaneous coating manufacturing operations at the Saegertown facility, in municipality of Saegertown, **Crawford County**. The facility currently has a Title V Permit #20-00123 that was issued 1/12/2004. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date.

As a general summary, the following requirements are applicable to:

1. No person may permit the emission into the outdoor atmosphere of PM from this source in a manner that the concentration of PM in the effluent gas exceeds 0.02 grain per dry standard cubic foot.

2. The total VOC emissions from the Adhesive Dip Line (I.D. 102), the 14' Hand Spray Booth (I.D. 103), the No. 3 Binks Spray Line (I.D. 104), No. 4 Binks Spray Line (I.D. 105), Semi-auto Spray Line (I.D. 107) and the PATS Spray Line (I.D. 119) shall not exceed 127 tons in any consecutive 12-month period or 32 tons in any consecutive 3-month period.

3. (a) To assure compliance with the emission limitations for this source, the permittee shall maintain and operate the coating operation in accordance with the manufacturer's specifications and in a manner consistent with good air pollution control practices.

- (b) The permittee shall install, operate and maintain the dry filters to control the emissions of particulate from this source. This source shall only operate when the control device is operating.

- (c) The manometer or equivalent, measuring pressure drop across the dry filter bank shall be maintained in working, readable condition at all times. The pressure drop across the filters shall be maintained in the appropriate pressure drop range, as dictated by the filter manufacturer. A copy of the manufacturer's specifications for the filters shall be kept on site and made available to the Department upon request.

4. All spray booths at this facility shall utilize HVLP guns or equivalent in all spray applications.

5. The permittee shall perform monthly maintenance inspections of the control device associated with this source.

6. Whenever a condition in this permit requires the measurement of pressure drop across any part of the unit or its control device, the gauge employed shall have a scale such that the expected normal reading shall be no less than 20% of full scale.

7. Filters that remove particulate from the spray booth exhaust shall be inspected daily, or before each use of the booth, and shall be replaced as necessary to ensure their efficiency in removing overspray from the booth exhaust.

8. Applicable monitoring and recordkeeping conditions to indicate compliance with the previously listed requirements.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at 230 Chestnut Street, Meadville, PA 16335.

Persons wishing to provide the Department with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to the address shown in the preceding paragraph. The Department will consider any written comments received within 30 days of the publication of this notice. Each written comment must contain the following:

1. Name, address and telephone number of the person submitting the comments.
2. Identification of the proposed permit (No. 20-123A).

A concise statement regarding the relevancy of the information or objections to the issuance of the permit. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the comments received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, when the Department determines notification is sufficient. Written comments or requests for a public hearing should be directed to Cary Cooper, P. E., New Source Review, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6940.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should by contacting Cary Cooper, P. E., or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

If a plan approval has not undergone the public notice process, the change to an operating permit must be treated as a significant modification. In these situations the Department should follow the procedures described in 25 Pa. Code §§ 127.421 to 127.431 for State-only operating permits or 25 Pa. Code §§ 127.521 to 127.524 for Title V operating permits.

48-00076: Conective Bethlehem, LLC (P. O. Box 6066, Newark, DE 19714-6066) for operation of a combustion turbine utility plant, which primarily emits NO_x in Lower Saucon Township, **Northampton County**.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, Muhammad Zaman, Facilities Permitting Chief, (570) 327-0512.

49-00007: Merck and Co., Inc. (P. O. Box 600, Danville, PA 17821-0600) for a renewal of the Title V Operating Permit for the Cherokee facility in Riverside Borough, **Northumberland County**. The initial operating permit was issued on July 10, 2001.

Under 25 Pa. Code § 127.541, the renewal Title V operating permit will include revised Reasonably Available Control Technology (RACT) determinations made by the Department for bulk storage tanks at the Merck facility. In addition, the renewal Title V operating permit will include the terms and conditions of plan approval 49-331-001 for the hazardous waste incinerator. The proposed renewal Title V operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

In accordance with 25 Pa. Code §§ 129.91—129.95, the Department of Environmental Protection has made a preliminary determination to approve an amendment of a RACT plan and an amendment to the State Implementation Plan (SIP) for a pharmaceuticals manufacturing facility owned and operated by Merck & Co., Inc. in Riverside Borough, Northumberland County.

The proposed SIP revision does not adopt any new regulations. It incorporates the provisions and requirements contained in the amendment of the RACT approval for the facility, which are intended to comply with current regulations.

The preliminary RACT revision, if approved, will be submitted to the United States Environmental Protection Agency (EPA) as a revision to the Commonwealth's SIP. The revised RACT requirements are included in the proposed renewal Title V operating permit.

The following is a summary of the preliminary RACT revision, which the Department proposes to incorporate into Title V operating permit 49-00007, as a revision to that permit, for bulk storage tanks with capacities between 2,000 gallons and 40,000 gallons:

1. Under the RACT provisions of 25 Pa. Code §§ 129.91—129.95, each of the nonfuel storage tanks of Source ID 160, except TA-119, containing VOCs shall have a pressure relief valve which is maintained in good operating condition and which is set to release at no less than 0.7 psig of pressure or 0.3 psig of vacuum or the highest possible pressure and vacuum in accordance with State or local fire codes or the National Fire Prevention Association guidelines or other national consensus standards acceptable to the Department.

2. Under the RACT provisions of 25 Pa. Code §§ 129.57 and 129.91—129.95, each tank of Source ID 161 containing VOCs shall have a pressure relief valve which is maintained in good operating condition and which is set to release at no less than 0.7 psig of pressure or 0.3 psig of vacuum or the highest possible pressure and vacuum in accordance with state or local fire codes or the National Fire Prevention Association guidelines or other National consensus standards acceptable to the Department.

3. Under the RACT provisions of 25 Pa. Code §§ 129.9—129.95, a leak detection and repair program, as described in Section 6.3.2 of the VOC RACT application, shall be applied to the sources of fugitive VOC emissions of Source ID 161. The program shall include annual component monitoring using Method 21 of 40 CFR Part 60, Appendix A with a leak definition of 10,000 ppm for all components. The permittee shall keep records of component monitoring, inspections and repairs (that is, readings, dates, work performed and the like) the records shall be retained for a minimum of 5 years and shall be made available to the Department upon request.

A public hearing will be held for the purpose of receiving comments on the proposed operating permit revision and the proposed SIP revision. The hearing will

be held on March 27, 2007, at 1 p.m. at the Department Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA. The public is invited to comment on the proposal. Persons interested in commenting are invited to appear at the public hearing.

Persons wishing to present testimony at the hearing should contact Daniel Spadoni at (570) 327-3659 at least one week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one witness to present testimony on its behalf.

Those unable to attend the hearing but wishing to comment should provide written comments to Muhammad Q. Zaman, Manager, Facilities Permitting Section, Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448. Comments must be received by April 10, 2007.

Copies of the applications and proposed permit are available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at (570) 327-3693.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Barbara Hatch, Facilities Permitting Chief, (412) 442-4174.

65-00137: ATI Allegheny Ludlum (100 River Road, Brackenridge, PA 15014) for operation of anneal and pickle lines, various rolling mills, boilers and other supporting equipment at their Vandergrift facility in the Borough of Vandergrift located in **Westmoreland County**. This is a Title V Operating Permit Renewal.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104, Edward Braun, Chief, (215) 685-9476.

V05-010: Philadelphia Gas Works—Richmond Plant (3100 East Venango Street, Philadelphia, PA 19134) for operation of a natural gas utility in the City of Philadelphia, **Philadelphia County**. Activities include liquefied natural gas (LNG) storage and distribution of natural gas to the City of Philadelphia. The facility's air emission sources include three gas fired LNG compressors (2,350 HP each = 20 mmBtu/hr), ten heaters (six are between 94.1 and 105.0 mmBtu/hr, four are 11 mmBtu/hr or less), three turbines 13.7 mmBtu/hr or less three, two 170 HP emergency generators, two boilers less than 10 mmBtu/hr and three 295 HP engines

The operating permit will be issued under the 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener, (215) 685-9426.

Persons wishing to file protest or comments on the operating permit must submit the protest or comments within 30 days from the date of this notice. Protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least 30 days before the hearing.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19428, Edward Jurdones Brown, Facilities Permitting Chief, (484) 250-5920.

46-00232: Bostik, Inc. (1740 County Line Road, Huntingdon Valley, PA 19006) for a Non-Title V Facility, State-only, Synthetic Minor Operating Permit in Upper Moreland Township, **Montgomery County**. Bostik, Inc. is a manufacturer of caulking, adhesives and sealants. The main sources of emissions are the facility's cleaning operations and seven mixers, used to make product. The facility also has numerous combustion sources that result in very little emissions. The Department of Environmental Protection has determined these to be insignificant sources. The facility also has various storage tanks that result in less than 1 pound of emissions a year. The facility has a potential to emit more than 25 tons a year of VOCs. However, the facility has adopted an emission limit of 24.9 tpy for VOCs for the entire facility. The facility has a potential to emit of 6.13 tpy for HAPs, 0.62 tpy for PM, and 1.32 tpy for NOx. Emissions of SOx and CO from the facility are expected to be insignificant. The permit will contain monitoring, recordkeeping, reporting and work practice standards designed to keep the facility operating within all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Mark Wejkszner, New Source Review Chief, (570) 826-2531.

35-00029: Mercy Hospital (746 Jefferson Avenue, Scranton, PA 18510) for operation of boiler operations in City of Scranton, **Lackawanna County**.

40-00037: T. P. Corp. (620 Foote Avenue, P. O. Box 97, Duryea, PA 18642) for operation of textile flocking and printing operations in Duryea, **Luzerne County**.

40-00103: Harman Funeral Home and Crematory, Inc. (P. O. Box 429, Drums, PA 18222) for operation of a crematory in Butler Township, **Luzerne County**.

54-00025: Leiby's Restaurant, Inc. (275 East Liberty Street, Lancaster, PA 17602) for operation of an incinerator in West Penn Township, **Schuylkill County**.

54-00071: Van Hoekelen Greenhouses, Inc. (P. O. Box 88, McAdoo, PA 18237-0088) for operation of a coal fired boiler in Kline Township, **Schuylkill County**.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

06-03043: Wolf Technologies, LLC (551 Old Swede Road, Douglassville, PA 19518) for operation of an investment castings facility in Amity Township, **Berks County**. This action is a renewal of the State-only Operation Permit issued in 2002.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.

12-00005: Department of Transportation (P. O. Box 342, 1924-30 Daisy Street, Clearfield, PA 16830-0342) for operation of their regional repair facility in Lumber Township, **Cameron County**. The facility's main sources include a sandblasting operation with the air contaminants controlled by a cartridge collector and a surface coating operation with the air contaminants controlled by filters. This facility has the potential to emit SOx, NOx,

CO, VOCs, HAPs and PM10 below the major emission thresholds. The proposed operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and report conditions.

60-000021: Iddings Quarry, Inc. (900 Chestnut Street, Mifflinburg, PA 17844) for operation of a stone crushing and screening facility in Limestone Township, Union County.

The facility incorporates various pieces of stone crushing, screening and conveying equipment and five associated stationary diesel engines and generators, ranging in size from 240 horsepower to 320 horsepower. The fugitive PM emissions from the stone crushing, screening and conveying equipment are controlled by a water spray dust suppression system and those from plant roadways are controlled by a water truck.

The air contaminant emissions from the facility are not expected to exceed 3.83 tons of PM including PM10, 6.26 tons of NO_x, .41 ton of SO_x, 1.35 tons of CO and .51 of total hydrocarbons per year.

The facility is not a major (Title V) facility for any air contaminant.

The Department of Environmental Protection proposes to incorporate into the operating permit to be issued conditions requiring compliance with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants as well as conditions previously contained in Operating Permit 60-310-007, issued on February 26, 2002.

The conditions previously contained in Operating Permit 60-310-007 include:

1. A condition requiring water spray dust suppression system spray nozzles to be in specific locations.
2. Conditions requiring the water spray dust suppression system to be connected to an on-demand water source and prohibiting the operation of the crushing, screening and conveying equipment if the water spray dust suppression system is inoperable.
3. A condition allowing pieces of crushing, screening and conveying equipment to be replaced without plan approval provided the replacement equipment is of equal or smaller size and of equivalent design and function to the equipment being replaced.
4. A condition limiting the fuel used in the diesel engines and generators to diesel fuel to which no reclaimed or waste oil or other waste materials have been added.
5. A condition limiting the combined amount of diesel fuel used in the engines and generators to no more than 20,000 gallons in any 12-consecutive month period.
6. A condition requiring the maintenance of records of the amount of diesel fuel used in the engines and generators each month.
7. A condition requiring an operable water truck equipped with a pressurized spray bar to be kept onsite and filled with water at all times for the prevention and control of fugitive dust from plant roadways.

The Department additionally proposes to incorporate a new condition into the operating permit to be issued which requires the diesel fuel usage records to be reported to the Department on an annual basis.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Effluent Limits—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

California District Office: 25 Technology Drive, Coal Center, PA 15423, (724) 769-1100.

Permit No. 14831301 and NPDES Permit No. PA008966. Pennsylvania Mine, LLC (P. O. Box 367, Ebensburg, PA 15931). To renew the permit for the Rushon Deep Mine in Rush Township, **Centre County** and related NPDES permit for reclamation and water treatment only. No additional discharges. Application received: January 22, 2007.

Permit No. 26961601 and NPDES Permit No. PA0214779. Matt Canestrone Contracting, Inc. (P. O. Box 234, Belle Vernon, PA 15012-0234). To renew the permit for the LaBelle Site in Luzern Township, **Fayette County** and East Bethlehem Township, Washington and related NPDES permit. No additional discharges. Application received: December 26, 2006.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, (814) 472-1900.

32990109 and NPDES No. PA0235148. Bedrock Mines LP (111 Freeport Road, Pittsburgh, PA 152150). Transfer of an existing bituminous surface mine from Walter L. Houser Coal Co. Inc., (12968 US 422, Kittanning, PA 16201), located in Washington Township, **Indiana County**, affecting 56.9 acres. Receiving streams: UNTs to/and Sugarcamp Run classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received: February 7, 2007.

Permit No. 56860105 and NPDES No. 0597686. Croner Inc. (P. O. Box 260, Friedens, PA 15541). Permit renewal for reclamation only of a bituminous surface auger mine in Brothersvalley Township, **Somerset County**, affecting 184.2 acres. Receiving streams: UNTs Blue Lick Creek and Swamp Creek, classified for the following use: CWF. There are no potable water supply intakes within 10 miles downstream. Application received: February 8, 2007.

56070102 and NPDES No. PA0262307. Godin Brothers, Inc. (128 Colton Drive, Stoystown, PA 15563). Commencement, operation and restoration of a bituminous surface mine in Lincoln Township, **Somerset County**, affecting 24.8 acres. Receiving streams: Quemahoning Creek classified for the following use: CWF. The first downstream potable water supply intake from the point of discharge is Greater Johnstown Water Authority. This permit application includes a stream variance on Quemahoning Creek. The variance is for pond construction within 100 feet of Quemahoning Creek. Application received: February 8, 2007.

32040106 and NPDES No. PA0249653. Ridge Limestone, Inc. (1094 Lantz Road, Avonmore, PA 15618). Transfer of an existing bituminous surface, auger, noncoal mining and blasting mine from KMP Associates, Inc., 1094 Lantz Road, Avonmore, PA 15618, located in Young Township, **Indiana County**, affecting 351.4 acres. Receiving streams: UNTs to Whisky Run and Whisky Run to Blacklegs Creek classified for the following use: CWF. The application includes a request to delete 12.4 acres from the original permit area of 351.4 acres. A variance is being requested for the purpose of conducting mining activities consisting of construction of erosion and sedimentation controls, as well as overburden, coal and limestone removal including blasting, within the 100' barriers of SR 3019 and SR 3023. The variance area begins at the intersection of these roads and continues west along the north side of SR 3019 a distance of approximately 800 feet. An additional variance is being requested for the purposes of conducting mining activities consisting of construction of erosion and sedimentation controls, overburden, coal and limestone removal including blasting, and wetland mitigation within the 100' barrier of Nesbit Run. The variance area begins at the point where the stream crosses under SR 3023 and continues upstream a distance of approximately 500 feet. There are no potable water supply intakes within 10 miles downstream. Application received: February 12, 2007.

Noncoal Applications Received

Effluent Limits

The following noncoal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity ¹		greater than 6.0; less than 9.0	
pH ¹			

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Greensburg District Mining Office: Armbrust Professional Center, 8205 Route 819, Greensburg, PA 15601, (724) 925-5500.

03020402 and NPDES Permit No. PA0250406. Allegheny Mineral Corp. (P. O. Box 1022, Kittanning, PA 16022). NPDES renewal application for a noncoal surface mine, located in West Franklin Township, **Armstrong County**, affecting 160.8 acres. Receiving streams: Buffalo Creek and UNT to Buffalo Creek, classified for the following use: TSF. The potable water supply intake within 10 miles downstream from the point of discharge: Creekside Mushrooms, Limited. Renewal application received: February 12, 2007.

Knox District Mining Office: P. O. Box 669, 310 Best Avenue, Knox, PA 16232-0669, (814) 797-1191.

10010309. Annandale Sandstone (219 Goff Station Road, Boyers, PA 16020). Renewal of NPDES Permit No. PA0241938, Venango Township, **Butler County**. Receiving streams: UNT to Seaton Creek and Seaton Creek, classified for the following use: CWF. There are no potable surface water supply intakes within 10 miles downstream. NPDES Renewal application received: February 12, 2007.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommoda-

tion to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received Under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification Under Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

EA09-9007. Matrix Realty Associates, Inc., CN 4000 Forsgate Drive, Cranberry, NJ 08512, Lower Makefield and Middletown Townships, **Bucks County**, ACOE Philadelphia District.

To restore, maintain and remove fill previously authorized under permit E09-830, associated with the proposed Octagon Center Matrix Development. The site is located between Oxford Valley Road to the east, Interstate 95 to the west, US Route 1 to the south and Dobry Road to the north (Trenton West, NJ-PA Quadrangle N: 13.5 inches; W: 0.5 inch).

E15-768. Heritage Building Group, Inc., 2500 York Road, Furlong, PA 18929, South Coventry Township, **Chester County**, ACOE Philadelphia District.

To perform the following water obstruction and encroachments activities associated with the proposed Symons Farm Subdivision and Land Development, a combination commercial and residential development. The project is located on the west side of PA Route 100 approximately 1,900 feet south of PA Route 23 (Pottstown, PA Quadrangle N: 5.6 inches W: 8.1 inches).

1. To relocate 306 linear feet of a UNT of French Creek (EV) and to place fill within the abandoned channel to facilitate construction of Road A, an access to the proposed development from SR 0100.
2. To construct and maintain a 30-foot span bridge across the relocated channel noted previously.
3. To install and maintain utility line crossings; 12-inch diameter water line, an 8-inch diameter sanitary sewer lines and 2-inch diameter sanitary force main, within the footprint of the bridge
4. To install and maintain outfalls EW5, EW8 and EW9 along the relocated channel.

The project will also include the extension of the existing box culvert under SR 0100 by the Department of Transportation.

E23-465. RiteAid of PA, Inc. 11750 Bustleton Avenue, Philadelphia, PA 19116, Prospect Park Borough, **Delaware County**, ACOE Philadelphia District, Prospect Park Rite Aid Pharmacy Store No. 856. To modify, operate and maintain an enclosure of a tributary to Darby Creek (WWF-MF), by constructing a 42-foot extension to the downstream end of the existing 72" HCMP stream enclosure placing associated fill, approximately 475 cubic yards, endwalls and stormwater outfalls. The enclosure extension is associated with the construction of an 11,000 square foot Pharmacy and Retail Store. The site is located at Southeast Corner of the intersection of SR 420 and Chester Pike (Lansdowne, PA Quadrangle N: 7.81 inch; W: 1.34 inches).

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

**PUBLIC WATER SUPPLY (PWS)
PERMITS**

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free

pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with

selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Draft permits issued, revised or withdrawn under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and Regulations to Operate a Hazardous Waste Treatment, Storage, or Disposal Facility.

Southcentral Region: Regional Solid Waste Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Permit Application No. PAD990753089. Exide Technologies, Exide Technologies Reading Smelter, Spring Valley Road and Nolan Streets, Reading, PA 19605, Laureldale Borough and Muhlenberg Township, **Berks County.** On June 29, 2001, the Department received a revised permit application for renewal of a commercial hazardous waste permit from Exide Corporation. The name of the permittee was subsequently changed to Exide Technologies, which is reflected in this draft permit. The Department has completed its review of the permit application and has issued a draft permit. As required by 25 Pa. Code Chapter 270a.80(d)(2), the Department is providing this public notice.

Persons wishing to comment on the draft permit are invited to submit a statement to the Southcentral Regional Office within 60 days from the date of this public notice. Comments received within this 60-day period will be considered in the formulation of the final determination regarding this application. Responses should include the name, address and telephone number of the writer; and a concise statement to inform the Regional Office of the exact basis of any comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 60-day comment period and/or public hearing, the Department will make a final determination

regarding the proposed permit action. Notice of this action will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel

Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

SPECIAL NOTICES

Individual CAFO NPDES Permit

Southcentral Regional Office: Regional Watershed Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4707.

Application No. PA 0260177, David E. Gemmill (Belview Valley Farms), 458 Gemmill Road, Delta, PA 17314.

David E. Gemmill has submitted an application for an NPDES permit for a proposed concentrated animal feeding operation (CAFO) known as Belview Valley Farms, located at 458 Gemmill Road, Peach Bottom, PA 17563 in Peach Bottom Township, York County. The CAFO will be situated near a UNT of Neil Run, which is classified as a TSF. The CAFO will be designed to maintain an animal population of approximately 525 animal equivalent units (AEUs) consisting of 4,400 finishing swine and 8 beef cows.

The Department has scheduled a public hearing to receive testimony and comments on the proposed CAFO NPDES permit. The hearing will be held on Thursday, April 5, 2007, beginning at 7 p.m. at the Peach Bottom Township Recreation Center, 5 Pendency Street, Delta, PA 17314.

Persons intending to testify at the hearing should register by 4 p.m. Monday, April 2, by calling Vicki Welte at (717) 705-4729. If no person registers to present oral comments by this deadline, the hearing will not be held. Anyone who cannot attend the hearing may submit written testimony. Written comments should be sent to Sean Furjanic, Watershed Management Program, Department Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110-8200.

Each individual will have up to 10 minutes for his/her presentation. To ensure that all speakers have a fair and equal opportunity to present their testimony, relinquishing of time will be prohibited. Further details relating to the procedures to be followed at the hearing will be outlined at the beginning of the proceedings.

The permit application and proposed draft permit are on file at the Southcentral Regional Office in Harrisburg. An appointment to review the files may be scheduled by calling Jennifer Troutman at (717) 705-4732 between the hours of 8 a.m. and 4 p.m., Monday through Friday.

All comments received will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Watershed Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

Description: The Pennsylvania Infrastructure Investment Authority, which administers the Commonwealth's State Revolving Fund, is intended to be the funding source for this project. Scranton Sewer Authority proposes to construct improvements at its existing wastewater treatment facility. The Department's review of the project and the information received has not identified any significant, adverse environmental impact resulting from this project. The Department hereby categorically excludes this project from the State Environmental Review Process.

The Department of Environmental Protection is holding a public meeting on Wednesday, March 7 beginning at 1 p.m. in the Cambria District Mining Office, 286 Industrial Park Road, in Ebensburg, PA to discuss and accept comments on the proposed TMDL as referenced previously, which was established in accordance with the requirements of Section 303(d) of The Clean Water Act. Reeds Run 43950 Watershed has been identified as impaired on 1996, 1998 and 2004 lists due to metals. The 1996 listed segment and miles degraded are shown in the following table:

The primary pollutant source for the watersheds is abandoned mine workings. The data and all supporting information used to develop the proposed TMDL are available from the Department. To request a copy of the proposed TMDL and an information sheet, contact Jeff Miller at (814) 472-1900 between 8 a.m. and 4 p.m., Monday through Friday at Cambria Office, Department, 286 Industrial Park Road, Ebensburg, PA 15931 or email at jeffreymil@state.pa.us. Directions to the meeting place can be received through this contact. The TMDL can be viewed and printed by accessing the Department's web site at www.dep.state.pa.us (PA Keyword: TMDL).

Written comments will be accepted at the previous address and must be post-marked by March 26. The Department will consider all comments in developing the final TMDL, which will be submitted to the Environmental Protection Agency for approval.

Public Notice of Proposed Settlement—Delaware River Ash Spill Between the Pennsylvania Department of Environmental Protection, PPL Generation, LLC and PPL Martins Creek, LLC Lower Mount Bethel Township, Northampton County

Under section 616 of the Solid Waste Management Act (35 P. S. § 6018.616) and section 1113 of the Pennsylvania Hazardous Sites Cleanup Act (35 P. S. § 6020.1113)), the Department of Environmental Protection (Department) hereby publishes Notice of a Proposed Settlement with PPL Generation, LLC and PPL Martins Creek, LLC ("Settlors") concerning ongoing corrective action, civil penalty liability and cost recovery associated with the ash spill from Ash Basin No. 4 at the PPL Martins Creek Steam Electric Station that began on August 23, 2005.

PPL Martins Creek owns and operates the Martins Creek Seam Electric Station located in Lower Mount Bethel Township, Northampton County, PA ("Facility"). The Facility is an electric generating station, or power plant, located in rolling rural farm country in eastern Pennsylvania approximately 15 miles north of the city of Easton. Warren County, New Jersey is just across the Delaware River to the east of the Facility.

PPL Martins Creek, LLC generates power at the Facility from different units, including two coal fired units ("Units 1 and 2"). As a result of the combustion of coal in Units 1 and 2, the Settlers generate both bottom ash and fly ash. Ash generated from coal combustion is pumped to a lagoon, or impoundment, known as Ash Basin No. 4, for disposal.

Ash Basin No. 4 is approximately 40 acres in size and was constructed by PPL in or around 1989. PPL is permitted by the Department to dispose of fly ash, as well as other types of waste from the Facility, including bottom ash, sediment from the Facility's Industrial Waste Treatment Basin and iron sludge from boiler cleaning activities in Ash Basin No. 4. Ash Basin No. 4 is equipped with a discharge structure at one end that controls the flow of material from the Ash Basin and prevents the discharge of fly ash to the Delaware River.

On August 23, 2005, a stop log in the discharge structure failed and a large amount of ash was discharged to surrounding fields, the Oughoughton Creek

and the Delaware River. The Settlers estimated that approximately 100,000,000 gallons of material was discharged from Ash Basin No. 4.

A major cleanup operation was instituted by PPL Martins Creek which ended on March 11, 2006. The Department has played an active role in the work done to repair the discharge structure, clean up the spill and assess damage from the spill. On November 18, 2005, the Department filed a lawsuit against the Settlers in the Commonwealth Court of Pennsylvania. It has now calculated a civil penalty and its costs and determined generally what additional tasks the Settlers need to perform to address the spill. Discussions were held with the Settlers regarding these issues and an agreement in principle has been reached.

The agreement in principle calls for the following:

1. Payment of a Civil Penalty of \$1,500,000 within 30 days of the date of entry a Consent Decree by Commonwealth Court. Payment of the Civil Penalty will address penalty liability and reimburse the Department for costs attributable to its work on the response to the ash discharge. \$1,000,000 is to be paid to the Commonwealth of Pennsylvania Clean Water Fund, \$475,000 to the Commonwealth of Pennsylvania Solid Waste Abatement Fund and \$25,000 to the Commonwealth of Pennsylvania Dam Safety and Encroachments Fund.

2. Ongoing implementation of the Phase IV Work Plan and submission of the Phase IV Work Plan report to the Department on or before May 18, 2007, provided, however, if comments on the draft Phase IV report are not received from the Academy of Natural Sciences on or before April 18, 2007 and PPL has submitted the draft report to the Academy on or before March 16, 2007, then PPL will receive an extension of time to submit the Phase IV report equal to the number of business days beyond April 18, 2007 that the Academy's comments are received.

3. Continued removal of any remaining fly ash from the Delaware River, the surface of the ground or the Oughoughton Creek should any remaining deposits be located and should the Department determine that such removal is necessary. Records are to be kept of any such removal and they must specify the amount of material removed, date and location of collection and removal, name of the contractor or entity performing the removal and disposal receipts or records evidencing proper disposal of the material. Any necessary permits shall be obtained prior to commencing cleanup.

4. Dismissal of the Department's lawsuit without prejudice to the Department to bring a claim for Natural Resource Damages should that be necessary once Phase IV of the cleanup has been completed and the Phase IV report has been submitted and reviewed by the Department.

The proposed previous settlement would resolve the allegations set forth in the Department's Complaint filed in Commonwealth Court on November 18, 2005. As noted previously, the Department and the Settlers are proposing to incorporate these terms in a Consent Decree for submission to and approval by the Commonwealth Court.

Copies of the proposed Consent Decree are available for review at the following locations:

Appointments to review the document should be made by calling the phone numbers at the respective locations.

The Department will receive and consider comments relating to the Proposed Settlement for 60 days from the date of this Public Notice and may propose changes or choose not to agree to the proposed settlement if the comments received disclose facts or considerations which indicate that the proposed settlement is inappropriate, improper, or not in the public interest. After the public comment period, the Department shall file a response to significant written comments received or indicate that no such comments were received.

Comments may be submitted in writing to Mark Carmon, Department of Environmental Protection, 2 Public Square, Wilkes-Barre, PA 18711. TDD users should contact the Department through the Pennsylvania Relay Services at (800) 645-5984.

Request for Comments For the Proposed Total Maximum Daily Load (TMDL) for the White Clay Creek Watershed

The Pennsylvania Department of Environmental Protection (Department) is accepting comments on the proposed TMDL for White Clay Creek Watershed. In accordance with the requirements of section 303(d) of the Clean Water Act, stream segments in White Clay Creek watershed have been identified as impaired because excessive levels of pesticides (DDT). The proposed plan provides calculations of the stream's total capacity to absorb DDT without violating the chronic water quality criterion of 0.001 micrograms per liter. The maximum amount of DDT that can be safely absorbed by White Clay Creek under design conditions is 0.00000976 lbs/day.

The data and all supporting documentation used to develop the proposed TMDLs are available from the PADEP. The proposed TMDL and information on the TMDL program can be viewed on Department's website (www.dep.state.pa.us/watermanagement_apps/tmdl/). To request a copy of any of the TMDLs, contact Bill Brown, Department of Environmental Protection, Watershed Protection Division, 400 Market Street, P. O. Box 8555, Harrisburg, PA 17105, (717) 783-2951.

Written comments will be accepted at the previous address and must be postmarked no later than 30 days from the date of this bulletin notice. The Department will

consider all comments in developing the final TMDL, which will be submitted to United States Environmental Protection Agency for approval.

Calculation of Land Reclamation Bonds on Coal Mining Operations; Notice of Bond Rate Guidelines

The Department of Environmental Protection (Department) announces the 2007 bond rate guidelines for anthracite and bituminous coal mining operations. These rates become effective April 1, 2007. The authority for bonding coal mining operations is found under The Clean Streams Law (35 P. S. §§ 691.1—691.001), the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a), the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66) and the regulations promulgated thereunder at 25 Pa. Code Chapter 86, Subchapter F (relating to bonding and insurance requirements). The unit costs listed in these guidelines will be used in calculating the land reclamation bonds for surface coal mining operations including, surface mines, coal refuse disposal sites, coal refuse reprocessing sites, coal processing facilities and the surface facilities of underground mining operations. The procedures for calculating land reclamation bonds are described in technical guidance 563-2504-001, "Conventional Bonding for Land Reclamation—Coal," which is available on the Department's website www.depweb.state.pa.us, at the Public Participation Center page.

The Department may review the adequacy of bonds on existing permits based on the bond rate guidelines at any time. The Department will conduct these reviews before issuing permit renewals. The Department may conduct similar reviews at the mid-term of a permit and before approving a permit revision.

The bond rate guidelines do not apply to bonds assuring replacement of water supplies under section 3.1(c) of the Surface Mining Conservation and Reclamation Act (52 P. S. § 1391.3a(c)) or to bonds ensuring compliance with the requirements of the Bituminous Mine Subsidence and Land Conservation Act (see 37 Pa.B. 1097 (March 3, 2007)) for rates to be used for calculating Long-Term Operation and Maintenance Cost Bonds for Water Supply Replacement—Mining Operations.

General Methodology

The Department developed the bond rate guidelines for 2007 from the unit costs for competitively bid contracts for mine reclamation. Contract bid data is available for various unit operations needed to complete reclamation of a mine site for the years 1998-2006. For most categories, the Department used a 3-year (2004-2006) average to calculate the guidelines. Some categories required another approach due to limited data. For example, there were no contracts in 2004 or 2005 that included R3 rock used for channel lining. Therefore, the Department used a four-year average for R3 Rock Lining.

In general, the bond rate for a given unit operation is the weighted average of the three lowest total bids for each contract. However, grading costs were calculated using the number of bids at a cost per cubic yard frequency distribution and a weighted total number of

yards at a cost per cubic yard frequency distribution, in combination with the averages and a cost trend analysis.

In the event that a unit operation necessary to calculate a reclamation bond is not listed in Tables 1 or 2, then any additional cost information available will be used. If enough data is still not available, the rate will be set from a standard reference such as “*Means Building Construction Cost Data*” or “*Walker’s Building Estimator’s Reference Book*.”

MRAB Recommendations

On the suggestion of the Mining and Reclamation Advisory Board (MRAB), the Department also calculated actual costs to the Commonwealth for grading using the winning bid (lowest total bid) costs averaged for the past 3 years. The calculated costs for the less than 500 foot push (\$0.65) and the greater than 500 foot push/haul (\$0.95) are consistent with the most recent bond rate guidelines for these unit operations.

The MRAB endorsed the 2007 Bond Rate Guidelines with the understanding that the Department would work with the MRAB to ensure the 2008 Bond Rate Guidelines are reflective of conventionally bonded mine sites. There is some concern that reclamation costs for long-abandoned mine sites are not always representative of conventionally bonded mine sites. The Department will meet with the MRAB periodically to review the current

reclamation cost data. The Department will also strive to alert coal mine operators in advance whenever bond rate guidelines are projected to increase.

The fees associated with the Land Maintenance Bond Program are presented in Table 3. There has been no change in these rates for 2007.

The bond rate guidelines are available electronically at www.dep.state.pa.us/dep/deputate/minres/bmr/programs/bonding.htm. For background information and supporting documentation regarding bonding rate guidelines, contact Bruce Carl, Bureau of Mining and Reclamation, Division of Monitoring and Compliance, P. O. Box 8461, Harrisburg, PA 17105-8461, (717) 787-5103, brcarl@state.pa.us.

Mine Sealing Costs

The mine sealing bond rate guidelines are presented in Table 2. These guidelines remain the same as in previous years. Review of the contract data for mine sealing projects reveals that they are designed and bid on a volume and material basis. The Department is re-evaluating these bond rate guidelines and expects to publish revised mine sealing bond rate guidelines later in 2007. The Department anticipates developing bond rate guidelines for boreholes.

Effective Date

The bond rate guidelines in this notice become effective April 1, 2007.

Water Supply Replacement-Mining Operations; Notice of Rates to be Used for Calculating Long-Term Operation and Maintenance Cost Bonds

The Department of Environmental Protection (Department) announces the rates to be used to calculate bond amounts for water supply replacement operation and maintenance costs for anthracite and bituminous coal and industrial mineral mining operations. The authority for bonding mining operations is found under The Clean Streams Law (35 P. S. §§ 691.1—691.1001), the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a), the Coal Refuse Disposal Control Act of 1968 (52 P. S. §§ 3051—30.66), the Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21), the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326) and the regulation promulgated thereunder at 25 Pa. Code chapters 77 and 86 (relating to noncoal mining and surface and underground coal mining general).

The rates are used in calculating the water supply operation and maintenance bond amounts for replacement water supplies affected by activities at mining operations including, surface mines, coal refuse disposal sites, coal refuse reprocessing sites, coal processing facilities, underground coal mining operations and industrial mineral surface mines. The procedures for calculating water supply operation and maintenance bonds are described in technical guidance 562-4000-102, "Increased Operation and Maintenance Costs of Replacement Water Supplies," which is available on the Department's website (www.depweb.state.pa.us), at the Public Participation Center page. These calculations are based, in part, on the five-year average rate of inflation and the 5-year average rate of 20-year Treasury bills. The guidance document requires these figures to be updated and published each year in the *Pennsylvania Bulletin*.

Rates

The Department calculated the rate of inflation and rate of return using 5-year averages. For the rate of inflation, the Consumer Price Index (Eastern Urban) was averaged for the calendar years 2002 through 2006, resulting in a rate of 3.12%. The interest rate for the 20-year Treasury bill as reported by the Federal Reserve was averaged for the calendar years 2002 through 2006 resulting in a rate of 5.01%.

For background information and supporting documentation regarding the rates, contact William Allen, Bureau of Mining and Reclamation, Division of Monitoring and Compliance, P. O. Box 8461, Harrisburg, PA 17105-8461, (717) 787-5103, wallen@state.pa.us.

Effective Date

The rates in this notice become effective April 1, 2007. They will remain in effect until new rates are published. The Department may review the adequacy of bonds on existing permits at any time. The Department will con-

duct these reviews before issuing permit renewals. The Department may conduct similar reviews at the mid-term of a permit and before approving a permit revision. The Department anticipates that new rates will be published in February 2008 to be effective April 1, 2008.

DEPARTMENT OF TRANSPORTATION

Finding Northampton County

Under section 2002(b) of The Administrative Code of 1929 (71 P.S. § 512(b)), the Chief Engineer for Highway Administration makes the following written finding:

The Department of Transportation (Department) plans to replace the Main Street Bridge (SR 1002, Section 01B) in Tatamy Borough, Northampton County. The project will require the use of land from Braden Park, which is a section 2002 resource within the project limits.

Mitigation measures will be taken to minimize harm to Braden Park including constructing an ADA compliant sidewalk adjacent to the bridge that connects Tatamy Borough to Braden Park. In addition, the Department will transfer ownership of the portion of the sidewalk within Braden Park to the Borough.

The Chief Engineer for Highway Administration has considered the environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929 and have concluded that there is no feasible and prudent alterna-

tive to the project as designed and all reasonable steps have been taken to minimize such effect.

No adverse environmental effect is likely to result from this project.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>
7-406	Environmental Quality Board Notification of Proximity to Airports 36 Pa.B. 7867 (December 23, 2006)	1/22/07	2/21/07

**Environmental Quality Board
Regulation #7-406
(IRRC #2587)**

**Notification of Proximity to Airports
February 21, 2007**

We submit for your consideration the following comments on the proposed rulemaking published in the December 23, 2006 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Environmental Quality Board (Board) to respond to all comments received from us or any other source.

1. Section 271.1. Definitions.—Reasonableness; Fiscal impact.

This section adds “military airport” to the definition of “airport.” When describing this amendment in the Preamble, the Board states “By including ‘military airport’ in the definition of ‘airport,’ regulatory requirements that relate to airports, *current* and proposed, will apply to military airports” (Emphasis added).

The Pennsylvania Waste Industries Association (PWIA) raised objections and stated that the “Inclusion of military airports within the definition of airport retroactively imposes . . . setback restrictions on existing, permitted facilities, and raises the potential for a confiscatory scenario.” Specifically, PWIA pointed to 25 Pa. Code § 273.202(a)(14)—(16), relating to the areas where municipal waste landfills are prohibited.

Will this notification requirement for existing facilities result in setback restrictions or “confiscatory scenarios” on those facilities? Will existing, permitted municipal waste landfills be grandfathered from these requirements? These questions also apply to Section 287.1.

2. Section 279.112. Notification of proximity to airport.—Reasonableness; Clarity.

We have two concerns with this section. They also apply to proposed Section 293.112.

First, the proposed language in this section does not adequately guide waste transfer facilities. It imposes notification requirements for new proposed waste transfer facilities or for existing facilities that wish to expand their operation. The facility is required to notify the Bureau of Aviation of the Department of Transportation, the Federal Aviation Administration (FAA) and the airport if the facility is, or will be, within six miles of an airport. However, the section fails to set forth the required method of notification, the timeframe under which this notification must be delivered or how long the notified parties have to respond. These provisions should be added to the final-form regulation.

Second, PWIA stated that FAA studies have shown that birds are not attracted to facilities that do not accept “putrescible waste.” The Board should consider adding an exemption for these facilities.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Default Order

Public Meeting held
February 8, 2007

Commissioners Present: Wendell F. Holland, Chairperson; James H. Cawley, Vice Chairperson; Kim Pizzigrilli; Terrance J. Fitzpatrick

*Pennsylvania Public Utility Commission Law Bureau
Prosecutory Staff; Doc. No. C-20066112;*

v.

Covista, Inc.; Doc. No.; A-310640; 2006.0116.

Order

By the Commission

On April 6, 2006, Law Bureau Prosecutory Staff filed a Formal Complaint against Covista, Inc. (Covista), a non-facilities based CLEC certificated at A-310640. In the Complaint, Prosecutory Staff alleged that the Commission sent by certified mail prior written notices to Covista that its 2004 Annual Report was due. The Complaint charged that Covista violated 66 Pa.C.S. § 504 by failing to file its 2004 Annual Report. The Complaint requested that the Commission issue an order canceling Covista's certificate of public convenience for failure to file its 2004 Annual Report.

Service of the Complaint was perfected on April 12, 2006. However, Covista failed to file an answer or file its 2004 annual report within the 20-day time period specified in the Complaint. Consequently, on November 15, 2006, the Commission entered a Default Order that sustained the complaint and cancelled Covista's certificate of public convenience. Notice of the Default Order was published on December 2, 2006 at 36 Pa.B. 7377 with a 20-day comment period.

Commission records show that on December 28, 2006, Covista paid the \$250 late-filing fee specified in the Formal Complaint. On January 10, Covista filed its 2004 delinquent Annual Report along with its 2005 Annual Report, which was also delinquent but not yet the subject of any Commission enforcement proceeding. On January 17, Covista filed a letter requesting rescission of the Default Order and reinstatement of its certificate. With its request, Covista filed an additional \$250 late-filing fee for the 2005 delinquent Annual Report filing. In its petition, Covista stated that it has taken steps to ensure that it timely complies with future filing deadlines. Because the request for rescission was filed beyond the 20-day comment period, we will treat this letter as a Petition to Reinstate.

It is well-settled that decisions such as whether to grant a petition for reinstatement are left to the Commission's discretion. *Hoskins Taxi Service v. Pa. P.U.C.*, 486 A.2d 1030 (Pa. Comwlth. 1985). In ruling upon a reinstatement petition, it is incumbent upon this Commission to examine all relevant factors in order to reach an equitable result. *Medical Transportation, Inc.*, 57 Pa. P.U.C. 79 (1983).

The Commission has identified five factors that are particularly relevant to the adjudication of a petition to reinstate: 1) the amount of time that elapsed between the cancellation of the certificate of public convenience and the filing of the petition, 2) whether the petitioner has a record of habitually violating the Public Utility Code, 3) the reasonableness of the excuse given for the violation that caused the certificate to be cancelled, 4) whether the petitioner has implemented procedures to prevent a recurrence of the circumstances giving rise to the cancellation, and 5) whether the petitioner is current in the payment of all Commission fines and assessments. *Re: M.S. Carriers, Inc.*, Docket No. A-00110601 (May 4, 1999).

In considering the first factor, we note that only 26 days elapsed between the effective date of the cancellation on December 22, 2006 and Covista's request for reinstatement on January 17, 2006. This short period of time supports reinstatement.

In regard to the second factor, Covista does not have a record of habitually violating the Public Utility Code. Within the last three years, the Commission has instituted only one additional Formal Complaint against Covista. That Complaint was issued at C-20044061, for Covista's failure to file the paper copy of its 2003 Annual Report. That complaint was dismissed as satisfied when Covista filed the paper copy. Thus, Covista's record also supports reinstatement.

In considering the third and fourth factors, Covista is appropriately apologetic in its petition for the delinquency in filing its 2004 Annual Report. Specifically, Covista states that it has experienced a tremendous amount of change within the last few years. During this time period, Covista has moved its headquarters from New Jersey to Tennessee and suffered from extensive employee turnover. In an effort to ensure timely filings of all financial

reports, Covista is currently undergoing a major shift in process improvements which include hiring a third-party tax firm to prepare all future reports in a timely manner. Moreover, Covista has noted its compliance requirements on its in-house financial compliance matrix. As stated earlier, Covista has also filed its 2005 Annual Report with an accompanying \$250 late-filing fee. The fact that Covista has now complied with our reporting requirements and has taken steps to ensure future compliance militates toward reinstatement.

The fifth factor requires that all outstanding fines and/or assessments be paid prior to reinstatement. A review of Commission records shows that Covista has no unpaid fines or assessments.

Based upon the foregoing, we will grant Covista's petition for reinstatement. However, we caution Covista that in the future annual reports must be timely filed. We also emphasize that all Commission correspondence must be answered in a timely manner. The Commission hereby puts Covista and the rest of the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of such other remedy as the Commission may deem appropriate; *Therefore,*

It is Ordered That:

1. The Default Order entered November 15, 2006 against Covista, Inc. at this docket is hereby rescinded.
2. The certificate of public convenience held by Covista, Inc. at A-310640 is hereby reinstated.
3. A copy of this order be published in the *Pennsylvania Bulletin*.

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Smith, Don & Sons Moving, Inc., Doc. No. A-00098962C0601

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That all authority issued to Smith, Don & Sons Moving, Inc. respondent, is under suspension effective October 30, 2006 for failure to maintain evidence of insurance on file with this Commission.

2. That respondent maintains a principal place of business at Smith, Don & Sons Moving, Inc., 49 Black Walnut Road, Levittown, PA 19057.

3. That respondent was issued a certificate of public convenience by this Commission on November 13, 1989 at Application Docket No. A-00098962.

4. That respondent has failed to maintain evidence of bodily injury and property damage liability insurance on file with this Commission.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent causes its insurer to file evidence of insurance with this Commission within 20 days of the date of service of this complaint, the Bureau of Transportation and Safety Prosecutory Staff will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at Docket No. A-00098962 for failure to maintain evidence of current insurance on file with the Commission, (2) orders such other remedy as the Com-

mission may deem to be appropriate, which may include a fine and the suspension of a vehicle registration and (3) imposes an additional fine on the respondent.

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. David George Fay, 134 Middle Street, Pleasant Gap, PA 16832; Doc. No. C-20077328

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That David George Fay, respondent, maintains its principal place of business at 134 Middle Street, Pleasant Gap, PA 16823.

2. That on the date of the violation alleged in this complaint, respondent did not hold a certificate of public convenience issued by this Commission.

3. That respondent, on September 2, 2006, provided transportation between points in State College, PA. Officer Brauser and Officer Paul, of the State College Police Department, observed a vehicle bearing Pennsylvania License No. ERK-8341 pick up four people at the Sports Café in State College, Pennsylvania to the Sleep Inn in State College, PA. The vehicle is a 1987 Toyota sedan registered to David G. Fay. One of the people in the vehicle advised the officers that the driver, identified as David George Fay, held up a yellow taxi sign and quoted a charge of \$4.50 for the ride. The driver was given \$10.00 and advised to keep the change. The laminated yellow sign said "TAXI by Handy Delivery PUC A107326" was seized by Mr. Fay. Mr. Fay admitted to the officers that he was providing transportation on football nights.

4. That respondent, in performing the act described in Paragraph 3 of this complaint, violated the Public Utility Code, 66 Pa.C.S. § 1101, in that respondent provided transportation of persons for compensation between points in the Commonwealth of Pennsylvania while not then holding a certificate of public convenience issued by this Commission. The penalty is \$1,000. Future violations may result in possible criminal prosecution with penalties up to \$10,000 and one year in prison.

Wherefore, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission fine David George Fay, the sum of \$1,000.00 for the illegal activity described in this complaint and order such other remedy as the Commission may deem to be appropriate.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.
