# READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

## ***Pennsylvania Bulletin***

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

### **Adoption, Amendment or Repeal of Regulations**

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

*Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

### **Citation to the *Pennsylvania Bulletin***

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

### ***Pennsylvania Code***

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

### **How to Find Documents**

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211  
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

### Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [ ] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

### Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

### Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

#### § 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

# THE GOVERNOR

## Extension of Filing Deadline for Nomination Petitions

February 12, 2008

*Whereas*, on February 12, 2008, a sudden and severe winter storm struck Pennsylvania with large amounts of snow accumulation and icing conditions; and

*Whereas*, this winter storm is expected to continue through February 13, 2008; and

*Whereas*, under the provisions of *Section 913(d)* of the *Pennsylvania Election Code (25 P.S. Section 2873(d))*, February 12, 2008, is the filing deadline for various nomination petitions for candidates for election to public and political party offices; and

*Whereas*, the conditions caused by the storm make it necessary to extend the filing deadline for all nomination petitions by 43 hours in order to give all candidates a fair and reasonable opportunity to file their petitions with the Secretary of the Commonwealth.

*Now, Therefore*, I, Edward G. Rendell, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania, the *Emergency Management Services Code, 35 Pa.C.S. Section 7101 et seq., as amended*, and other laws of the Commonwealth, do hereby issue this Executive Order as follows:

1. The deadline for filing all nomination petitions for candidates for election to public and party offices with the Office of the Secretary of the Commonwealth is extended until 12:00 p.m. on February 14, 2008. However, the time for circulating nomination petitions shall not be extended beyond 5:00 p.m. on February 12, 2008.
2. The Office of the Secretary of the Commonwealth shall post this Executive Order in the Department of State's Bureau of Commissions, Elections and Legislation and in all other appropriate places and shall take all necessary action to provide notice of this Executive Order to the general public.
3. This Executive Order shall go into effect immediately and shall remain in effect until 12:00 p.m. on February 14, 2008.

Governor

**Fiscal Note:** GOV 08-01. No fiscal impact; (8) recommends adoption.

# Title 4—ADMINISTRATION

## PART I. GOVERNOR'S OFFICE

### [ 4 PA. CODE CH. 6 ]

#### [ EXECUTIVE ORDER NO. 2008-02 AS AMENDED ]

#### Sustainable Water Infrastructure Task Force

April 28, 2008

*Whereas*, Pennsylvania's water infrastructure, including its drinking water facilities, wastewater facilities and transmission systems is integral to the Commonwealth's economic, environmental and cultural vitality; and

*Whereas*, aging infrastructure, population growth, economic development, and regulatory requirements to protect public health and water quality are creating a growing demand for investments in water and wastewater infrastructure; and

*Whereas*, much of the Commonwealth's core drinking water and wastewater treatment system infrastructure has passed the quarter-century mark, with many of its pipe systems dating from the suburban population boom of the post-World War II era and some of this pipe network exceeding 100 years in service; and

*Whereas*, overuse and chronic under-funding of operations, maintenance, repair, rehabilitation and replacement have taken an increasing toll on infrastructure adequacy; and

*Whereas*, based on the latest Pennsylvania Infrastructure Need Surveys, the Commonwealth has at least \$10.9 billion in unmet drinking water infrastructure needs and at least \$7.2 billion in unmet wastewater infrastructure needs, not including the critical need for ongoing investment in operation and maintenance of that capital; and

*Whereas*, new additional Federal requirements and regulations for the treatment of drinking water and wastewater will require a significant investment in the upgrade of Pennsylvania's water infrastructure to achieve compliance; and

*Whereas*, in the past 5 years, the Rendell Administration has increased the level of financial support for water infrastructure through a number of programs managed by the Pennsylvania Infrastructure Investment Authority and the Departments of Community and Economic Development and Environmental Protection, and increased support for successful municipal capacity-building compliance assistance programs to help optimize the operation of Pennsylvania's water infrastructure, providing a total of \$1.4 billion through 2006 to provide safe drinking water to Pennsylvania's citizens and protect our valuable water resources; and

*Whereas*, major capital investments in water and wastewater infrastructure have historically been substantially funded with Federal dollars, and Federal support has been cut in half over the last 5 years; and

*Whereas*, the Legislature identified the need to develop financing solutions for sewage facilities in HR 88 of 2005; and

*Whereas*, Pennsylvania is a leader in implementation of nonstructural measures such as trading strategies, water reuse and water conservation, which reduce dependence upon costly structural measures and the long-term maintenance obligations associated with such; and

*Whereas*, infrastructure dollars should be targeted to address the most serious and urgent drinking water and wastewater needs across the Commonwealth to protect public health and safety and maintain water resources capable of supporting recreation and economic development for future generations; and

*Whereas*, in order to ensure the long-term sustainability of the State's water infrastructure, Pennsylvania needs a comprehensive strategy that

considers not only the initial capital investment in construction, but also the long-term technical, managerial and financial capability of Pennsylvania's water infrastructure to operate in the most cost-effective manner to protect public health, safety and the environment.

*Now, Therefore, I, Edward G. Rendell, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws of the Commonwealth do hereby establish the Sustainable Water Infrastructure Task Force, as hereinafter set forth:*

*Governor*

**Fiscal Note:** GOV 08-02. No fiscal impact; (8) recommends adoption.

**Annex A**

**TITLE 4. ADMINISTRATION**

**PART I. GOVERNOR'S OFFICE**

**CHAPTER 6. ADDITIONAL COUNCILS AND COMMITTEES**

**Subchapter Z. SUSTAINABLE WATER INFRASTRUCTURE TASK FORCE**

Sec.	
6.331.	Purpose.
6.332.	Membership.
6.333.	Staffing and expenses.
6.334.	Relationship to other agencies.
6.335.	Effective date.

**§ 6.331. Purpose.**

The Sustainable Water Infrastructure Task Force shall issue a report by October 1, 2008, that provides an analysis of the issues related to cost-effective and sustained investment in the water and sewer infrastructure of this Commonwealth, including investigation of potential funding sources and financing options with the goal of including these recommendations in the Governor's fiscal year 2009-10 budget proposal. This report should address the following issues:

(1) The current and projected costs for the construction, upgrade, repair, operation and maintenance of this Commonwealth's drinking water and sewage infrastructure.

(2) The projected cost savings realized by the consideration and implementation of available nonstructural alternatives.

(3) The current and projected financial resources to address water and sewer services and infrastructure needs.

(4) The current and projected gap between water and sewer service and infrastructure financing needs and available resources.

(5) The potential sustainable funding from Federal, State and local sources and public/private partnerships.

(6) The actual costs of water and sewer service, including recommendations for allocating the costs of capital investment, asset management, operation and maintenance among customers and State or Federal assistance programs.

(7) The targeting of funds to address the most serious and urgent needs of this Commonwealth, with particular focus on protecting public health and safety, maintaining recreational opportunities and encouraging continued economic development.

(8) Recommendations for legislative or regulatory changes to promote sustainable water and sewer services, including the following components of sustainability:

(i) *Effective system management.* Creation and implementation of business plans, workforce and management training, and development and the promotion of measures to ensure customer satisfaction and the protection of public health and the environment.

(ii) *Asset management.* Incorporation of accounting and business practices to assess and anticipate operational, replacement and long-term capital improvement costs, and to ensure the improvements are covered by available resources.

(iii) *Efficient operation.* Incorporation of water and energy conservation and system optimization to deliver cost-effective treatments that meet or exceed existing and future public health and environmental standards.

(iv) *Regionalization.* Integrated water resource planning and incentives for consolidation or decentralization of water systems to achieve the best scale to facilitate professional management.

(v) *Maximization of nonstructural solutions.* Integrating conservation, water reuse, trading strategies and comprehensive water resource planning into sewer and water infrastructure planning.

### **§ 6.332. Membership.**

The Sustainable Water Infrastructure Task Force shall consist of the following members or a designee:

(1) The Secretary of Environmental Protection, who serves as Chairperson.

(2) The Secretary of Policy and Planning.

(3) The Secretary of Community and Economic Development.

(4) The Secretary of Banking.

(5) The Executive Director of the Pennsylvania Infrastructure Investment Authority.

(6) The Consumer Advocate.

(7) The Chairpersons and Minority Chairpersons of the Local Government Committees and the Environmental Resources and Energy Committees of both the Senate of Pennsylvania and the Pennsylvania House of Representatives.

(8) A representative of the Pennsylvania Rural Water Association.

(9) A representative of the water supply industry, who will be selected by the Governor from recommendations provided by the Pennsylvania Chapter of the American Water Works Association and the Pennsylvania Chapter of the National Association of Water Companies—Pennsylvania Chapter.

(10) A representative of the Pennsylvania Municipal Authorities Association.

(11) A municipal representative with experience in municipal governance, as well as water and sewer facility management, selected by the Governor.

(12) A public representative who will be selected by the Governor from recommendations provided by watershed associations or water quality advocacy nonprofit organizations.

(13) A representative selected by the Governor of an accredited college or university in this Commonwealth with a curriculum in civil or environmental engineering with a focus on water infrastructure.

(14) A member of the State Board of Landscape Architects selected by the Governor.

(15) A representative of the Pennsylvania State Association of Township Supervisors.

(16) A representative of the Pennsylvania State Association of Boroughs.

(17) A representative of the Pennsylvania League of Cities and Municipalities.

(18) A representative of the County Commissioners' Association of Pennsylvania.

(19) A representative of the Pennsylvania State Association of Township Commissioners.

(20) The Executive Director of the State Conservation Commission.

(21) The Executive Director of the Green Space Alliance.

(22) The Chairperson of the Pennsylvania Statewide Water Resources Committee.

(23) A member representing business and industry selected by the Governor.

**§ 6.333. Staffing and expenses.**

The Department of Environmental Protection shall provide staff resources to support the Sustainable Water Infrastructure Task Force. In addition, to ensure consistency with the five components of sustainable infrastructure defined in § 6.331(8) (relating to purpose), program staff for the Pennsylvania Infrastructure Investment Authority and the Departments of Environmental Protection and Community and Economic Development shall review all existing policies, procedures, rules, regulations and program guidance governing the planning, permitting, operation and maintenance as well as provide any financial and compliance assistance related to Pennsylvania's water infrastructure.

**§ 6.334. Relationship to other agencies.**

Agencies under the Governor's jurisdiction shall cooperate with and provide necessary information and assistance to the Sustainable Water Infrastructure Task Force in fulfilling the mandate under this subchapter.

**§ 6.335. Effective date.**

This subchapter takes effect immediately and supersedes Executive Orders 2008-02, dated February 27, 2008 and 2008-02 (as amended) dated April 3, 2008.

### Effective Dates of Statutes

The effective dates specified previously for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

### Advance Copies of Statutes

Section 1106 of Title 1 of the *Pennsylvania Consolidated Statutes* provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the *Laws of Pennsylvania* are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services (Department) shall distribute advance sheets of the *Laws of Pennsylvania* to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

# THE COURTS

## Title 255—LOCAL COURT RULE

### MIFFLIN COUNTY

#### Administrative Order in the Matter of Local Rules; 58th Judicial District; No. CP-44-CV-2-2008

##### Administrative Order

*And Now*, this 23rd day of May, 2008, with respect to the Mifflin County Local Rules of Court, the Court hereby *Orders* the following:

Mifflin County Local Rules of Court, MC1008, MC1301, MC1302, MC1303, MC1304, MC1305, MC1306, MC1307, MC1308, MC1309, MC1310, MC1311, are hereby *Repealed*.

The following new Mifflin County Local Rules of Court are hereby *Adopted* and shall become effective thirty days after the publication of same in the *Pennsylvania Bulletin*.

##### Rule MC1301—Cases Subject to Arbitration.

(a) All civil actions, where the amount in controversy is \$50,000.00 or less, shall be submitted to arbitration pursuant to 42 Pa.C.S.A. § 7361.

(b) This Rule shall not apply to cases involving title to real estate, cases which have been consolidated for trial with cases involving more than \$50,000.00, actions brought by the Commonwealth or cases requiring equitable or declaratory relief.

##### Rule MC1302—Selection of Arbitrators.

(a) The Prothonotary shall prepare and maintain a list of attorneys who are members of the Mifflin County Bar Association and who have affirmatively agreed to sit on arbitration boards. When a civil action arises which is subject to arbitration under MC1301, the Prothonotary shall assemble a Board of Arbitrators to hear that action.

(b) In the event an Arbitrator selected by the Prothonotary is unable to serve, or disqualifies himself or herself from serving, he or she shall notify the Prothonotary in writing within fifteen (15) days of his or her appointment. Upon receipt of such notification, the Prothonotary shall immediately fill the vacancy with another attorney from the list of potential Arbitrators.

(c) The Prothonotary shall select Arbitrators to serve on Boards of Arbitration in a manner that gives each attorney who is a member of the Mifflin County Bar Association and who desires to serve on Boards of Arbitration an equal number of appointments. The Prothonotary shall do so in a random manner, such that attorneys do not always serve on Boards of Arbitration composed of the same attorneys.

##### Rule MC1303—Hearing. Notice. Listing.

(a) Either party may file a Praecipe to list a case for arbitration. The Prothonotary shall appoint the Board of Arbitrators within ten (10) days after the Praecipe is filed. Counsel shall serve the Praecipe pursuant to the Pennsylvania Rules of Civil Procedure. If either party objects on the grounds that the matter should not be subject to mandatory arbitration under these rules, the

objecting party shall file a motion within five (5) days after the filing of the Praecipe requesting the Court to make a determination.

(b) The Chair of the Board of Arbitrators shall fix the date, time and place of the hearing and shall serve upon the parties or their counsel written notice thereof. There shall be at least thirty (30) days between the date the parties or their counsel receive said notice and the date of the hearing. Service shall be by certified mail, return receipt requested.

(c) Where no appearance has been entered by the defendant in a trespass action, an Arbitration Board shall be appointed on Praecipe of plaintiff or plaintiff's counsel, and the Arbitration Board shall hear the case for the purpose of determining the amount of damages to which the plaintiff is entitled.

(d) Upon appointment of an Arbitration Board, the Prothonotary shall release the original pleadings and other related documents to the members of the Board. Said documents shall be immediately returned to the Prothonotary's Office at the conclusion of the arbitration proceedings.

##### Rule MC1304—Conduct of Hearing, Generally.

If after an arbitration hearing starts or is completed, but before the report of the Board is filed, a member of the Board is unable to complete his or her duties, the case shall be decided and the report signed by the two remaining members of the Board. In the event there are only two members of the Board remaining and those two Board members cannot agree on a decision, the Board's decision shall be treated as if it were the decision of a hung jury.

##### Rule MC1308—Arbitrators Compensation.

(a) For all cases in which the amount in controversy is less than \$15,000.00, each Arbitrator shall receive fees in the amount of \$50.00 per hour. In cases where the amount in controversy is between \$15,000.00 and \$50,000.00, each Arbitrator shall receive fees in the amount of \$75.00 per hour. The Chairman shall receive an additional \$50.00 when the amount in controversy is less than \$15,000.00. The Chairman shall receive an additional \$75.00 when the amount in controversy is between \$15,000.00 and \$50,000.00.

(b) Where two or more cases have been consolidated for arbitration, the Arbitrators shall be paid a separate fee for each case decided.

(c) The members of an Arbitration Board shall be entitled to receive their fees upon the filing of their report with the Prothonotary. When the report is filed, the Prothonotary shall issue an order for the payment of such fees and those fees shall be immediately paid from the County funds as in the case of all other County debts.

*By the Court,*

# RULES AND REGULATIONS

## Title 7—AGRICULTURE

### MILK MARKETING BOARD

[ 7 PA. CODE CHS. 145—147 ]

#### Transactions Between Dealers and Customers— Refrigeration Equipment; Records and Reports

The Pennsylvania Milk Marketing Board (Board) is deleting the provisions in Chapter 145, adding the reformatted and amended provisions in new Chapter 146 (relating to transactions between dealers and customers) and amending § 147.12 (relating to contracts for sale or lease of refrigeration equipment) to read as set forth in Annex A under authority of section 307 of the Milk Marketing Law (31 P. S. § 700j-307).

Notice of proposed rulemaking was published at 36 Pa.B. 5875 (September 23, 2006) with an invitation to submit written comments within 30 days. The Board received no comments during the public comment period. The Senate Committee on Agriculture and Rural Affairs and the House Agriculture and Rural Affairs Committee offered no comments, suggestions or objections to the amendment. The Independent Regulatory Review Commission (IRRC) offered two comments, which are discussed as follows.

In final-form rulemaking, the Board considered the comments and suggestions of IRRC and amended the regulations accordingly.

#### *Purpose*

Current Board regulations prohibit milk dealers from giving or lending refrigeration equipment to wholesale customers without charge, but do not prohibit milk dealers from selling or leasing equipment to customers according to specified terms and conditions. During a recent Statewide enforcement audit conducted by Board staff, it was discovered that virtually all dealers in this Commonwealth that were providing refrigeration equipment to wholesale customers were not in compliance with these terms and conditions. It is apparent to the Board that the industry is not being well served by the existing regulations. Based upon reviews of existing practices as well as feedback from industry participants during private discussions and public meetings, the Board believes that there is a strong preference for a method to incorporate sale and lease charges into the wholesale minimum price of milk, rather than requiring sale and lease payments that are separate and apart from payments for milk.

The amendments provide a method whereby licensed milk dealers may sell or lease refrigeration equipment to wholesale customers through an additional charge, or “up-charge” of not less than \$0.01 (1¢) or \$0.0025 (1/4¢), respectively, added to the Board-established minimum prices. Secondary purposes of the amendments are to clarify that subdealers as well as dealers are governed by the regulations; to specify that a manufacturer or seller of refrigeration equipment may not sell or in any way handle milk without a license; to clarify that cream dispensers are considered as refrigeration equipment covered by the regulations; and to preclude the possibility of a dealer avoiding the regulations by contracting with a seller or manufacturer of equipment to have the equipment delivered to a wholesale customer on behalf of the dealer.

#### *Comments*

The Board received no comments during the public comment period. The Senate Committee on Agriculture and Rural Affairs and the House Agriculture and Rural Affairs Committee offered no comments, suggestions or objections to the amendment.

IRRC had two concerns with regard to clarity of § 146.4. First, subsection (a)(2) contained the phrase “value of the equipment to the dealer at the time it was placed at the customer’s location . . .” without specifying how that value would be determined. The final-form rulemaking amends § 146.4(a)(2) to clarify that new equipment is valued at the actual cost to the dealer, while used equipment is valued according to the depreciation formula in § 146.4(c).

Second, subsection (d) required dealers and subdealers to maintain certain records without specifying how long these records must be kept. The final-form rulemaking amends § 146.4(d) by cross-referencing § 147.9, which specifies a 5 year time period for all records relating to any type of equipment sold or leased to customers.

#### *Paperwork Estimates*

The amendments will not require any paperwork in addition to that already required under the existing regulations. If anything, paperwork requirements will be reduced because the amendments eliminate the requirements for separate billings for lease and rental charges.

#### *Fiscal Impact*

The Board believes that adoption of these amendments will have a positive fiscal impact on milk dealers, since it will eliminate the requirement that sales and lease charges be billed separately from milk sales. The amendments may have an additional positive impact on dealers to the extent that dealers were providing refrigeration equipment to customers without receiving adequate payment. The amendments will only have a negative impact on retail stores if they were being provided with refrigeration equipment without adequate charges in contravention of the existing regulations. The amendment may have a positive fiscal impact on retail stores by eliminating the need to pay for sales and lease charges separately from milk purchases.

#### *Effective Date*

The amendments will become effective September 5, 2008.

#### *Sunset Date*

There is no sunset date.

#### *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted a copy of the notice of proposed rulemaking published at 36 Pa.B. 5875 to IRRC and to the Senate Committee on Agriculture and Rural Affairs and the House Agriculture and Rural Affairs Committee (Committees) for review and comment.

In addition to submitting the final-form rulemaking, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form. A copy of this material is available to the public upon request. This material is also available on the Board’s web site at [www.mmb.state.pa.us](http://www.mmb.state.pa.us).

*Contact Person*

The official responsible for information on this final-form rulemaking is Keith Bierly, Secretary, Milk Marketing Board, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 787-4194.

*Findings*

The Board finds that:

(1) Public notice of the intention to adopt the final-form rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law.

(3) The final-form rulemaking is necessary and appropriate for the administration of the act.

*Order*

The Board, acting under authorizing statute, orders that:

(a) The regulations of the Board, 7 Pa. Code Chapter 7, are amended by deleting §§ 145.1—145.11, 145.21—145.24 and 145.26 to read as set forth in Annex A.

(b) The provisions formerly in Chapter 145 are amended and reformatted by adding §§ 146.1—146.9 and 146.21—146.25 to read as set forth in Annex A.

(c) Section 147.12 is amended to read as set forth in Annex A.

(d) The Board will submit this order and Annex A to the Office of Attorney General for review and approval as to legality and form as required by law.

(e) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(f) The order takes effect September 5, 2008.

BOYD E. WOLFF,  
*Chairperson*

*(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 37 Pa.B. 5951 (November 3, 2007).)*

**REFRIGERATION EQUIPMENT**

**§ 146.1. Applicability.**

(a) Dealers and subdealers purchasing refrigeration equipment directly for use by, or sale to, or lease or rental to their wholesale customers are governed by this chapter.

(b) Dealers and subdealers providing refrigeration equipment to their wholesale customers in conjunction with, or through, or in coordination with, a third party refrigeration equipment manufacturer or supplier are deemed to be supplying the refrigeration equipment directly and are governed by this chapter.

(c) A manufacturer or seller of refrigeration equipment may not sell, deliver, arrange for delivery, or in any way handle, as defined by the act, milk within this Commonwealth without a dealer or subdealer license.

(d) This chapter does not apply to transactions between grocery wholesalers and their subsidiaries, affiliates, franchisees or wholesale customers to the extent the transactions occur in the normal course of the grocery wholesaler's business and are only incidentally related to acquisition or retention of the fluid milk business of the subsidiary, affiliate, franchisee or wholesale customer.

**§ 146.2. Gifts of refrigeration equipment.**

(a) A dealer or subdealer may not give or lend refrigeration equipment or milk or cream dispensers of any type to customers for storing or dispensing milk or cream.

(b) Nothing in subsection (a) prohibits a dealer or subdealer from selling or leasing any of the described equipment to a wholesale customer.

**§ 146.3. Leasing agreements.**

(a) Whenever a dealer or subdealer leases refrigeration equipment, or milk or cream dispensers or similar facilities to a wholesale customer, the lease agreement must be reduced to writing and provide for a payment of at least the minimum price established by the Board plus an additional charge of at least \$0.0025 per quart equivalent for every unit of controlled products sold to that wholesale customer at the site at which the equipment is used.

(b) The agreement must contain a complete description of the equipment with respect to type, style, model and serial number, manufacturer and year of manufacture.

**§ 146.4. Sale of equipment.**

(a) Whenever refrigeration equipment, or milk or cream dispensers, or similar facilities are sold to stores or other wholesale customers, the agreement of sale must be reduced to writing and contain the following:

(1) A complete description of the equipment with respect to type, style, model and serial number, manufacturer and year of manufacture.

(2) An itemized record of the actual cost of new equipment to the dealer, or the value of used equipment as determined in accordance with subsection (c), at the time it was placed at the customer's location, including handling, installation, freight, tax if applicable and interest.

(3) A provision that title to the refrigeration equipment, or milk or cream dispensers, or similar facilities does not pass until the last payment has been made under the agreement.

(b) Equipment may be purchased outright by payment in full at or before the time of installation or by payment of an additional charge per quart equivalent purchased until the full purchase price has been made. If payment is to be made by means of an additional charge per quart equivalent, each agreement must provide for a payment of at least the minimum price posted by the Board plus an additional charge of at least \$0.01 per quart equivalent for every unit of controlled products sold to that wholesale customer at the site at which the equipment is used. When the cumulative sum of the additional charges is equal to the itemized cost or value established in subsection (a)(2), the dealer may eliminate the additional charge. At that time, ownership of the equipment may be transferred to the customer.

(c) Used equipment may be sold to a wholesale customer at a price determined by adjusting its original cost to the dealer for annual straight line depreciation at a rate of 8-1/3% per annum plus all ancillary costs.

(d) A dealer or subdealer selling equipment under an agreement providing for payment by means of an additional charge per unit shall maintain the following records for review by the Board for the time period specified in § 147.9 (relating to equipment records):

(1) A complete list of all wholesale customers purchasing equipment pursuant to this provision, showing the location of each piece of equipment and the date the equipment was placed at that location.

(2) A record of the number of quart equivalents of price-controlled packaged products sold to each customer in this program along with the cumulative sum of the additional charges since the equipment was placed at the customer's location.

**§ 146.5. Exceptions for certain schools regarding refrigeration equipment.**

Dealers or subdealers installing refrigeration equipment, including milk vending machines, dispensers and milkshake dispensers in schools which are approved for the school milk program and which are eligible for reimbursement, in whole or in part, for the amortization of the equipment need not execute and submit to the Board a formal lease or contract of sale if the dealer submits to the Board a sworn statement setting forth the type, style, model and serial number, manufacturer, year of manufacture, cost of the equipment to the dealer plus handling, installation, tax and freight charges, and date of installation, together with the method of amortization.

**§ 146.6. Maintenance of equipment.**

(a) Maintenance of equipment when it is leased to the customer may be the responsibility of the lessor. When maintenance is performed by the lessee, no charge may be made to the lessor dealer for maintenance.

(b) Maintenance of equipment, whenever it is sold either by lump sum payment or on a time payment sales basis, shall be the responsibility of the purchaser.

**§ 146.7. Identification of ownership of equipment.**

Dealers or subdealers leasing equipment to customers shall identify the equipment as the property of the dealer by painting, decal or metal plate affixed to the equipment. Identification shall be placed on all equipment in place by October 6, 2008. New identifications shall be so

identified not later than 15 days after installation. Dealers or subdealers shall replace mutilated or missing identification within 15 days after either observing the requirement or being notified by the Board of the requirement.

**§ 146.8. Unfair pricing.**

(a) Sale of equipment by a dealer or subdealer to a wholesale customer at a price less than the brand or retail list price or fair market value of the equipment when there is no list price, is prohibited.

(b) When purchasing any equipment or property from a wholesale customer or prospective wholesale customer, a dealer or subdealer may not pay the customer a price in excess of the fair market value of the equipment or property at the time for the transfer to the milk dealer.

**§ 146.9. Financing.**

Milk dealers and their affiliates, subsidiaries or representatives thereof may not provide financial accommodations for a wholesale customer by lending money to the customer, or by paying or guaranteeing the payment of any obligation of the customer, or by acting as a cosigner on a promissory note or other obligation of the customer, or by depositing money or collateral with a third party, person or organization which will lend money or extend credit to the customer. This section does not apply to transactions between grocery wholesalers and their subsidiaries, affiliates, franchisees or wholesale customers to the extent the transactions occur in the normal course of the grocery wholesaler's business and are only incidentally related to acquisition or retention of the fluid milk business of the subsidiary, affiliate, franchisee or wholesale customer.

**DEALER INDUCEMENTS**

**§ 146.21. Giveaways.**

Milk dealers and their affiliates, subsidiaries or representatives thereof may not give or lend any milk, milk products, money, article, prize, award or any other item to a customer or a prospective customer, as an inducement for the purpose of soliciting or securing business. This section does not apply to transactions between grocery wholesalers and their subsidiaries, affiliates, franchisees or wholesale customers to the extent the transactions occur in the normal course of the grocery wholesaler's business and are only incidentally related to acquisition or retention of the fluid milk business of the subsidiary, affiliate, franchisee or wholesale customer.

**§ 146.22. Sampling prospective retail customers and established retail customers.**

The practice of providing free samples to prospective retail customers or to established retail customers may not be permitted. This section does not apply to on-premises consumption in stores or restaurants.

**§ 146.23. Gifts to established retail customers.**

(a) Dealers may distribute to any of their established retail customers, but not to prospective retail customers, free of charge, in any one calendar year, any gift including milk, milk products, or other item, if the cost to the dealer of the gift does not exceed the sum of 60¢.

(1) Dealers may provide utilitarian gifts to any of their established retail customers who have purchased milk for at least 60 days prior to the birth of a child.

(2) The cost to the dealer of the gift may not exceed \$2.

(3) The gift must have particular and exclusive relationship to the care of newborn children.

(4) A dealer is limited to one gift for each child.

(b) The word "gift" may not be construed to prohibit a dealer from lending a porch box to an established retail customer provided the box is imprinted with the name of the dealer and the unit cost to the dealer does not exceed \$5.

**§ 146.24. Samples or gifts to wholesale customers.**

(a) Samples of a product may not be given to a wholesale customer or prospective wholesale customer by or on behalf of a milk dealer.

(b) Gifts of any value may not be given by a dealer to a wholesale customer or to a purchasing agent, contracting officer or other person or organization whose position, rank or other means of influence, enables him to select or to influence the selection of milk vendors.

**§ 146.25. Extension of credit to wholesale customers.**

(a) Extension of credit to a wholesale customer, excluding a hospital, school or government agency, beyond 30 days from the date of invoice is prohibited.

(1) The invoice from dealers to customers must be rendered at least monthly.

(2) If a customer fails to pay an invoice within 30 days, the dealer shall place that customer on a cash basis.

(b) For the purpose of this section, cash payment basis may, at the option of the dealer, be interpreted to mean weekly payments for the delivery of the past weeks plus at least 4% of the past due account to be received by the

dealer, on a regular and continuing weekly basis until the customer has reduced the past due balance below the maximum 30-day credit limitation. A dealer who has placed a customer on a cash payment basis under this section may, with approval of the Board, require the customer to execute a promissory note in favor of the dealer, or to grant the dealer a lien on assets of the customer, or to otherwise secure payment of the past due balance to the dealer. The dealer shall immediately notify the Board of the full details of an action taken to secure the payment of a past due balance under this section.

(c) This section does not apply to transactions between grocery wholesalers and their subsidiaries, affiliates, franchisees or wholesale customers to the extent the transactions occur in the normal course of the grocer's business and are only incidentally related to acquisition or retention of the fluid milk business of the subsidiary, affiliate, franchisee or wholesale customer.

**CHAPTER 147. RECORDS AND REPORTS**

**§ 147.12. Contracts for sale or lease of refrigeration equipment.**

Whenever a dealer or subdealer which is subject to § 146.1 (relating to applicability) sells or leases refrigeration equipment, milk or cream dispensers or similar facilities to a customer, the agreement of sale or lease shall be submitted to the Board on or before the date of installation of the equipment.

## Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

## STATE BOARD OF MEDICINE

## [ 49 PA. CODE CH. 16 ]

## Expert Witness; Statement of Policy

The State Board of Medicine (Board) hereby adopts § 16.52a (relating to expert witnesses—statement of policy) to read as set forth in Annex A.

A. *Effective Date*

The statement of policy will be effective upon publication in the *Pennsylvania Bulletin*.

B. *Statutory Authority*

Sections 8 and 9 of the Medical Practice Act of 1985 (act) (63 P. S. §§ 422.8 and 422.9) authorize the Board to promulgate regulations and policies addressing procedures to be followed in proceedings before it consistent with the requirements of section 9 of the act.

C. *Background and Purpose*

To enhance the quality of testimony given in disciplinary proceedings before the Board and the hearing examiners who hear matters on behalf of the Board, the Board is adopting as aspirational qualifications an expert witness should possess when they present evidence before the Board. The Board has found that expert testimony offered by witnesses who do not possess the same specialty qualifications as the respondent whose conduct is under review has led to the assertion of expert opinions that lack the thoroughness and accuracy that the nature of the proceedings before the Board demands. The Board is of the opinion that a physician should generally not offer an expert medical opinion in a disciplinary action before the Board alleging medical professional negligence, incompetence or violation of the standard of care unless that physician possesses sufficient education, training, knowledge and experience to provide credible, competent testimony as indicated by the qualifications in this statement of policy.

D. *Description of the Statement of Policy*

Section 16.52a(1) provides that persons should possess sufficient education, training, knowledge and experience to provide credible, competent testimony.

Section 16.52a(2) provides that an expert should possess the following qualifications: (1) an unrestricted physician's license to practice medicine in any state or the District of Columbia, and obtain minimally a temporary license from the Board for the purpose of performing any examination, or exercising diagnostic or other medical practices in preparing or providing the expert testimony; (2) be engaged in, or have retired within the previous 5 years from, the active clinical practice or teaching of medicine. However, an expert on a matter other than the standard of care may nevertheless be acceptable if the Board determines that the expert is otherwise competent to testify about medical or scientific issues by virtue of education, training or experience.

Section 16.52a(3) provides that experts testifying on standard of care issues should: (1) be substantially familiar with the applicable standard of care for the specific care at issue as of the time of the alleged breach of the standard of care; (2) practice in the same specialty and subspecialty as the respondent physician or in a subspecialty that has a standard of care substantially similar to the specific care at issue; and (3) in the event a Board-recognized certifying board certifies the respondent physician, the expert should also be board certified by the same or a similar approved board.

Under § 16.52a(4), an expert without the same subspecialty certification as the respondent may be acceptable when testifying on the standard of care for the diagnosis or treatment of a condition when: (1) the expert is trained in the diagnosis or treatment of the condition, as applicable; and (2) the respondent physician provided care for that condition and that care was not within the respondent physician's specialty.

Under § 16.52a(5), the expert witness may also be acceptable without possessing the same specialty, subspecialty and board certification of the respondent when the expert possesses sufficient training, experience and knowledge to provide the testimony as a result of active involvement in or full-time teaching of medicine in the applicable subspecialty or a related field of medicine within the previous 5-year time period.

Finally, under § 16.52a(6), the Board reserves its authority to apply its own expertise in determining the applicable standard of care in disciplinary matters before the Board, as that authority has been recognized by the Supreme Court of the Commonwealth.

E. *Public Input*

Initially the Board considered adopting a regulation in regard to expert witnesses. The Board also published proposed rulemaking and solicited input and suggestions from the regulated community and other parties who have identified themselves as interested in the Board's regulatory agenda. The Board received comments from the Hospital and Healthsystem Association of Pennsylvania, the Pennsylvania Medical Society and the Pennsylvania Academy of Family Physicians. After reviewing the comments received, and upon further consideration the Board felt that rulemaking was inappropriate because a regulation establishes mandatory requirements. The Board determined that the goals it wanted to establish for expert witnesses should be aspirational and not necessarily binding.

F. *Fiscal Impact and Paperwork Requirements*

There is no adverse fiscal impact or paperwork requirement imposed on the Commonwealth, political subdivision or the private sector.

G. *Sunset Date*

The Board continuously monitors its policies. Therefore, no sunset date has been assigned.

OLLICE BATES, Jr., M. D.,  
Chairperson

(*Editor's Note:* Title 49 of the Pa. Code is amended by adding a statement of policy in § 16.52a (relating to expert witnesses) to read as set forth in Annex A.)

**Fiscal Note:** 16A-4928. No fiscal impact; (8) recommends adoption.

**Annex A**

**TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS**

**PART I. DEPARTMENT OF STATE**

**Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS**

**CHAPTER 16. STATE BOARD OF MEDICINE—GENERAL PROVISIONS**

**Subchapter E. MEDICAL DISCIPLINARY PROCESS AND PROCEDURES**

**HEARING EXAMINERS AND MEDICAL CONSULTANTS**

**§ 16.52a. Expert witnesses—statement of policy.**

To enhance the quality of expert testimony given in disciplinary proceedings before the Board and its hearing examiners, persons appearing as expert witness should possess, whenever practicable, the following qualifications:

(1) *General rule.* Persons offering expert medical opinions in a disciplinary action before the Board and its hearing examiners should be able to demonstrate their competency to testify by showing that they possess sufficient education, training, knowledge and experience to provide credible, competent testimony in the specialty and subspecialty about which the expert intends to testify and should possess the additional qualifications set forth in this section, as applicable.

(2) *Medical testimony.*

(i) An expert testifying on a medical matter, including the standard of care, risks and alternatives, causation and the nature and extent of the injury, should:

(A) Possess an unrestricted physician's license to practice medicine in any state or the District of Columbia, and obtain at a minimum a temporary license from the Board.

(B) Be engaged in, or have retired within the previous 5 years from, active clinical practice or teaching of medicine.

(ii) On matters other than the standard of care, the Board may choose to accept testimony from a nonphysician expert who demonstrates competence to testify about medical or scientific issues by virtue of education, training or experience specifically related to the issues on which the testimony is proffered.

(3) *Standard of care.* In regard to testimony offered on the standard of care, an expert should:

(i) Be substantially familiar with the applicable standard of care for the specific care at issue as of the time of the alleged breach of the standard of care.

(ii) Practice in the same specialty and subspecialty as the respondent physician or in a subspecialty that has a substantially similar standard of care for the specific care at issue, except as provided in paragraph (4) or (5).

(iii) In the event a Board-recognized certifying board certifies the respondent physician, the expert should also be board certified by the same or a similar approved board, except as provided in paragraph (5).

(4) *Care outside specialty.* The Board may choose to accept testimony of an expert testifying on the standard of care for the diagnosis or treatment of a condition when the Board determines that:

(i) The expert is trained in the diagnosis or treatment of the condition, as applicable.

(ii) The respondent physician provided care for that condition and the care was not within the respondent physician's specialty.

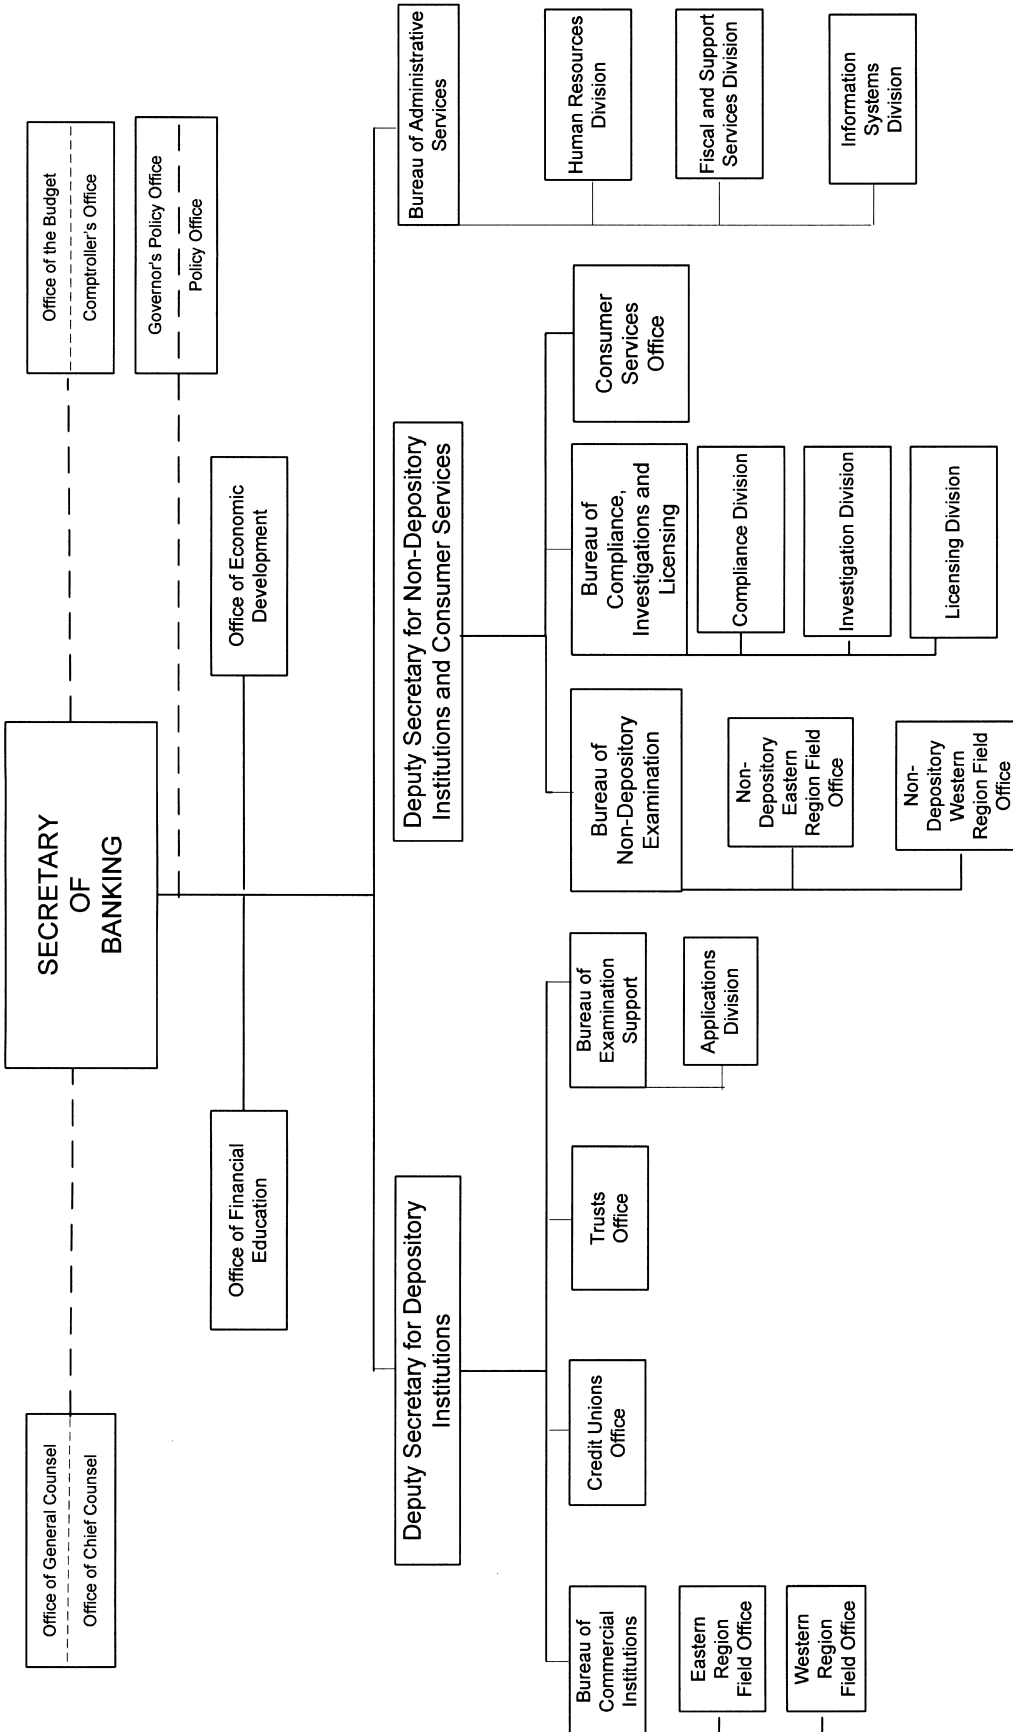

(5) *Otherwise adequate training, experience and knowledge.* The Board may also choose to accept testimony as to a standard of care from an expert who does not possess qualifications in the same specialty or subspecialty of the respondent physician or does not possess the same board certification of the respondent when the Board determines that the expert nonetheless possesses sufficient current training, experience and knowledge to provide the testimony as a result of active involvement in research or full-time teaching of medicine in the applicable specialty or subspecialty or a related field of medicine.

(6) *Application of Board's own expertise.* Nothing in this subsection precludes the Board from applying its own expertise in determining the applicable standard of care in disciplinary matters before the Board.

**Applications, Actions and Special Notices**

**APPLICATIONS**

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT  
APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION  
SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM)  
PERMITS**

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**PA0042943**, Sewage, **Owen J. Roberts School District (East Coventry Elementary School)**, 901 Ridge Road, Pottstown, PA 19465. This facility is located in East Coventry Township, **Chester County**.

Description of Proposed Activity: Renewal of an NPDES permit for discharge of treated sewage to a UNT to Schuylkill River.

The receiving stream, UNT to Schuylkill River, is in the State Water Plan Watershed 3D and is classified for: HQ-TSF. The nearest downstream public water supply intake is located on the Schuylkill River. The discharge is not expected to impact the public water supply.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.0082.

**PA0244414**, SEW, SIC 4952, **Jaster Associates, LLC**, 437 King Road, Doylestown, PA 18901. This proposed facility is located in Bedminster Township, **Bucks County**.

Description of Proposed Activity: Issuance of an NPDES permit to discharge 810 gpd of treated sewage into a UNT to Cabin Run.

The receiving stream, UNT to Cabin Run, is in the State Water Plan Watershed 2D and is classified for: CWF. The nearest downstream public water supply intake for NWRA and PECO is located on Delaware River and is 7.25 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 810 gpd.

In addition to the effluent limits, the permit contains the following major special conditions:

1. Dry Stream Discharge.
2. UV Disinfection Proposed.

**PA0056421**, Sewage, SIC 4952, **Warwick Township Water and Sewer Authority**, P. O. Box 315, 1733 Township Greene, Jamison, PA 18929-0315. This existing facility is located in Warwick Township, **Bucks County**.

Description of Proposed Activity: Renewal and amendment of NPDES permit to discharge treated sewage effluent from County Crossing WWTP. The amendment allows for a second discharge location. Treated effluent will continue to be discharged through existing Outfall 001 to a UNT to Little Neshaminy Creek from November 1 through March 31. For the period extending from April 1 through October 31, treated effluent will be pumped and discharged at Outfall 002 to a storage lagoon located on Heritage Creek Golf Course. Overflow from the lagoon will be discharged through an overflow pipe to a wetland that drains to Little Neshaminy Creek.

The receiving streams, Little Neshaminy Creek and the UNT to Little Neshaminy Creek, are located in the State Water Plan Watershed 2F and are classified for: WWF, MF, aquatic life, water supply and recreation. The nearest downstream public water supply intake for Aqua, PA, Southeast Division is located on Neshaminy Creek and is approximately 18 miles below the points of discharge.

The proposed effluent limits for Outfalls 001 and 002 are based on a design flow of 0.32 mgd.

The proposed effluent limits for Outfall 001 apply from November 1 through March 31 and are as follows:

<i>Parameters</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

In addition to the effluent limits, the permit contains the following major special conditions:

1. Notification of Designation of Responsible Operator.
2. Definition of Average Weekly.
3. Remedial Measures if Public Nuisance.
4. No Stormwater to Sewers.
5. Necessary Property Rights.
6. Change in Ownership.
7. Proper Sludge Disposal.
8. Instantaneous Maximum Limitations.
9. Fecal Coliform Reporting.
10. Operator Training.
11. Laboratory Certification.
12. Operations and Maintenance Plan.
13. Identification of Sampling Location for Outfall 002.
14. Re-opener Clause for Nutrient TMDL.

The EPA waiver is not in effect.

Description of Activity: Renewal of sewage treatment plant's NPDES permit to discharge effluent to Unami Creek.

The receiving water, Unami Creek, is in the State Water Plan Watershed 3E—Perkiomen and is classified for: HQ-TSF. The nearest downstream public water supply intake is located on the Schuylkill River and is approximately 18 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on an approved annual average flow of 0.8 mgd.

In addition to the effluent limits, the permit contains the following major special conditions:

1. Small Stream Discharge.
2. Proper Sludge Disposal.
3. Certified Operator.
4. No Stormwater into Sanitary Sewers.
5. Operations and Maintenance Plan.
6. No Chlorine Impact to Receiving Stream.

**PA0021857, Amendment 1**, Sewage, SIC 4952, **Souderton Borough**, 31 West Summit Street, Souderton, PA 18964. This Souderton facility is located in Franconia Township, **Montgomery County**.

Description of Proposed Activity: Discharge of treated sewage from Souderton Borough Wastewater Treatment Plant. The receiving stream, UNT to Skippack Creek, is in the State Water Plan, Watershed 3E Perkiomen Creek Basin, and is classified for: TSF. This amendment is to resolve the appeal related to TMDL based limits.

The proposed effluent limits for Outfall 001 are based on an average annual flow of 2.0 mgd.

In addition to the effluent limits, the permit contains the following conditions:

1. Remedial Measures.
2. Sewage Sludge Disposal.
3. Whole Effluent Toxicity Tests at Renewal.
4. TMDL/WLA Analysis.
5. Operations and Maintenance Plan.
6. Laboratory Certification.
7. Chlorine Minimization.
8. Stream Sampling.

Description of Proposed Activity: Renewal of NPDES Permit for the discharge of treated sewage, with an increased discharge from 0.012 mgd to 0.040 mgd for an upgraded WWTP.

The receiving stream, UNT to Mill Creek, is in the State Water Plan Watershed 03B and is classified for: TSF. The nearest downstream public water supply intake for Pottstown Borough Water Authority is located on the Schuylkill River, approximately 50 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.040 mgd.

Outfalls 014 and 015—regulated through Best Management Practices and CSO Nine Minimum Controls

\* This permit contains conditions which authorize the permittee to apply nutrient reduction credits to meet the Net Total Nitrogen and the Net Total Phosphorus effluent mass limits, under the Department of Environmental Protection's (Department) Trading of Nutrients and Sediment Reduction Credits Policy and Guidelines (Document No. 392-0900-001, December 30, 2006). The condition includes the requirement to report the application of these credits in Supplemental Discharge Monitoring Reports (DMRs) submitted to the Department.

\* The compliance date for Net Total Nitrogen and Net Total Phosphorus will begin on October 1, 2010. Since these reporting requirements are annual loads, the reporting on compliance with the annual limitations will be required to be reported on the Supplemental DMR—Annual Nutrient Summary by November 28, 2011. This facility is required to monitor and report for Net Total Nitrogen and Net Total Phosphorus from the effective date of the permit until October 1, 2010.

\*\* Total Annual Ammonia Load will be required to be reported on the Supplemental DMR—Annual Nutrient Summary by November 28, 2011.

In addition to the effluent limits and best management practices, the permit contains the following major permit conditions:

1. Management and Control of Combined Sewer Overflows.

**PA0112534**, Sewage, **The Meadows at Watsonstown, LLC**, 2814 Walbert Avenue, Allentown, PA 18104. This facility is located at 100 Seagrave Drive, Watsonstown in Delaware Township, **Northumberland County**.

Description of Proposed Activity: Renewal of an NPDES permit to cover the existing facility treating wastewater.

The receiving stream, Delaware Run, is in the State Water Plan Watershed 10D and is classified for: WWF. The nearest downstream public water supply intake for PA American Water Company at Milton, PA, located 11 river miles downstream from the discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.053 mgd.

**Application No. PAI120501, CAFO, Glenville Farms Partnership, Glenville Farms**, 2391 Glenville Road, Cochranville, PA 19330.

Glenville Farms Partnership has submitted an application for an Individual NPDES Permit for an existing CAFO known as Glenville Farms, located at 2391 Glenville Road, Cochranville, PA 19330 in West Fallowfield Township, **Chester County**.

The CAFO is situated near an animal housing unit—Muddy Run, land application areas—Muddy Run, Doe Run, UNT to Doe Run, Birch Run and East Branch Octoraro Creek in Watershed 7K Pequea, which is classified for TSF. The CAFO is designed to maintain an animal population of approximately 3,695 animal equivalent units consisting of 1,390 milking cows, 250 dry cows, 1,135 heifers and 175 calves. The animals will be housed in two existing first stage HDPE-lined manure storages and a second stage HDPE-lined storage with a total capacity of 6.1 million gallons, an existing HDPE-lined manure storage with a capacity of 1.5 million gallons, an existing earthen concrete bottom storage with a capacity of 1.2 million gallons and a existing clay lined manure storage with a storage capacity of 400,000 gallons. The total capacity of the manure storage facilities is 9.2 million gallons. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department of Environmental Protection (Department) has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an

NPDES Permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

The permit application and draft permit are on file at the Southeast Regional Office of the Department.

Person's may make an appointment to review the Department's files by calling the file review coordinator at (484) 250-5010.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The Environmental Protection Agency permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES Permit.

**PUBLIC WATER SUPPLY (PWS) PERMIT**

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice.

Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. ## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995

#### PREAMBLE 1

### Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remedia-

tion and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

*Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.*

**56 West Lincoln Highway**, Middle Township/Pennel Borough, **Bucks County**. The applicant proposes to remediate the site to meet the Statewide Health Standard. The current and intended future use of the property includes both residential and nonresidential uses. A summary of the Notice of Intent to Remediate is expected to be published in a local newspaper serving the general area sometime in the near future.

**Louis Leposa Residence**, Bethlehem City, **Lehigh County**. Thomas J. Martinelli, JMT Environmental Technologies, Inc., P. O. Box 22044, Lehigh Valley, PA 18002-2044 has submitted a Notice of Intent to Remediate (on behalf of his client, Louis Leposa, 4430 Greenfield Road, Bethlehem, PA 18017), concerning the remediation of soils impacted by No. 2 fuel oil as a result of a release from a leaking underground storage tank. The applicant proposes to remediate the site to meet the Residential Statewide Health Standard for soils. The proposed future use of the property will be residential. A summary of the Notice of Intent to Remediate was published in *The Express—Times* on April 22, 2008.

#### PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

##### NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984. Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

#### PLAN APPROVALS

**Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001–4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.**

This facility will generate electric power for the electric power grid from landfill gas generated by the Community Refuse Service, Inc./Cumberland County Landfill. This facility’s emissions will be approximately 244 tpy of CO, 79 tpy of NO<sub>x</sub>, 14 tpy of VOCs, 35 tpy PM and 69 tpy of SO<sub>2</sub>. This plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the sources operating within all applicable air quality requirements.

**36-03116B: Cargill Cocoa and Chocolate** (48 North Broad Street, Lititz, PA 17543) for modification of the previous plan approval (36-03116A issued in October 2006) for the new roasting system at the chocolate manufacturing facility in Mount Joy Borough, **Lancaster County**. The modification includes an overall emissions increase from the facility of 1.75 tpy of VOCs.

**36-05001G: Armstrong World Industries, Inc.** (1507 River Road, Marietta, PA 17547) for installing a mat stacker after the boardmill in East Donegal Township, **Lancaster County**. The mat stacker may increase production by up to 59 hours per year. With 59 more hours more per year of production, emissions of CO would increase by 5 tpy. The approval will include monitoring, work practices, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Under 25 Pa. Code § 127.44(a), the Department of Environmental Protection (Department) intends to issue a Plan Approval to authorize the use of a raw material additive (siloxane) and to revise various emission estimates from sources at the USG. USG is a synthetic gypsum wallboard manufacturing facility located in Aliquippa, Beaver County. Emission rates from the Facility are limited as stated in the Special Conditions to follow.

Copies of the application, the Department’s analysis and other documents used in evaluation of the application are available for public inspection during normal business hours at the following address:

Department of Environmental Protection  
 400 Waterfront Drive  
 Pittsburgh, PA 15222

For the Department to assure compliance with all applicable standards, the Department proposes to place the following Special Conditions and General Conditions in the Plan Approval: Special Conditions

**Special Conditions for Plan Approval PA-04-00702B**

1. This Plan Approval is to authorize the use of a raw material additive to make mold resistant board and to revise various emission estimates from sources at the United States Gypsum Company (USG) plant located in Aliquippa, Beaver County. (25 Pa. Code § 127.12b)

2. Emissions from the kiln will be limited as follows: (25 Pa. Code § 127.12b)

<i>Pollutant</i>	<i>Kiln Emission Limit (lbs/hr)</i>	<i>Kiln Emission Limit (tpy—12 Month Rolling)</i>
PM <sub>10</sub>	5.134 (normal board) 28.32 (mold resistant board)	30.41
VOC	5.20 (normal board) 26.84 (mold resistant board)	29.63
CO	22 (all board)	96.37

3. PM<sub>10</sub> emissions shall be limited as follows (25 Pa. Code § 127.12b)

<i>Source</i>	<i>Emission Limit (tpy—12 Month Rolling)</i>
All Plant Dust Collectors	87.05
All Combustion Sources	7.45
Kiln	30.41
Facility Wide	125

4. VOC emissions from the sources below shall be limited as follows: (25 Pa. Code § 127.12b)

<i>Source</i>	<i>Emission Limit (tpy—12 Month Rolling)</i>
All Combustion Sources	13.81
Kiln	29.63
Facility Wide	44

5. Emissions from the facility shall be limited as follows: (25 Pa. Code § 127.12b)

	<i>PM<sub>2.5</sub></i>	<i>PM<sub>10</sub></i>	<i>VOC</i>	<i>NOx</i>	<i>CO</i>	<i>SOx</i>
Facility Wide Limit (tpy—12 Month Rolling)	94	125	44	86	140	1.0

6. The Owner/Operator shall keep the following records:

- a. Daily records of the amount and kind of board processed at this facility.
- b. Natural gas usage recorded on a monthly basis.
- c. Operating hours of Dust Collector controlled equipment recorded on a monthly basis.

The records listed previously shall be used to assist in the calculation of emission estimates to demonstrate compliance with emission limitations; and be maintained onsite for a minimum of 5 years, and, be made available to the Department upon request. (25 Pa. Code § 127.12(b))

7. Stack testing shall be conducted to determine the following emission rates from the Kiln: PM (TSP), PM<sub>10</sub> (filterable and condensable PM), PM<sub>2.5</sub> (method 40 followed by method 202) and VOC. Department approved results from the February 2007 stack tests conducted at USG may be used to satisfy this requirement. (25 Pa. Code Chapter 139)

(a) Under 25 Pa. Code § 139.3 to at least 45 calendar days prior to commencing an emissions testing program, a test protocol shall be submitted to the Department for review and approval. The test protocol shall meet all applicable requirements specified in the most current version of the Department's Source Testing Manual.

(b) Under 25 Pa. Code § 139.3 at least 15 calendar days prior to commencing an emission testing program, notification as to the date and time of testing shall be given to the appropriate Regional Office. Notification shall also be sent to the Division of Source Testing and Monitoring. Notification shall not be made without prior receipt of a protocol acceptance letter from the Department.

(c) Under 25 Pa. Code § 139.53(a)(3) within 15 calendar days after completion of the onsite testing portion of an emission test program, if a complete test report has not yet been submitted, an electronic mail notification shall be sent to the Department's Division of Source Testing and Monitoring indicating the completion date of the onsite testing.

(d) Under 40 CFR Part 60.8(a), 40 CFR Part 61.13(f) and 40 CFR Part 63.7(g) a complete test reports shall be submitted to the Department no later than 60 calendar days after completion of the onsite testing portion of an emission test program. For those tests being conducted under 40 CFR Part 61, the, a complete test report shall be submitted within 31 days after completion of the test.

(e) Under 25 Pa. Code § 139.53(b) a complete test report shall include a summary of the emission results on the first page of the report indicating if each pollutant measured is within permitted limits and a statement of compliance or noncompliance with all applicable permit

conditions. The summary results will include, at a minimum, the following information:

- A statement that the owner or operator has reviewed the report from the emissions testing body and agrees with the findings.
- Permit numbers and conditions which are the basis for the evaluation.
- Summary of results with respect to each applicable permit condition.
- Statement of compliance or noncompliance with each applicable permit condition.

(f) Under 25 Pa. Code § 139.3 to all submittals shall meet all applicable requirements specified in the most current version of the Department's Source Testing Manual.

(g) Testing shall be performed in accordance with the provisions of 25 Pa. Code Chapter 139 of the Rules and Regulations of the Department.

(h) Under 25 Pa. Code § 139.53(a)(1) and (3) all submittals, besides notifications, shall be accomplished through PSIMS\*Online available through [www.dep.greenport.state.pa.us/ecommm/Login.jsp](http://www.dep.greenport.state.pa.us/ecommm/Login.jsp) when it becomes available. If internet submittal can not be accomplished, three copies of the submittal shall be sent to the Department of Environmental Protection, Bureau of Air Quality, Division of Source Testing and Monitoring, 400 Market Street, 12th Floor, Rachael Carson State Office Building, Harrisburg, PA 17105-8468 with deadlines verified through document postmarks.

(i) The permittee shall ensure all Federal reporting requirements contained in the applicable subpart of 40 CFR are followed, including timelines more stringent than those contained herein. In the event of an inconsistency or any conflicting requirements between State and the Federal, the most stringent provision, term, condition, method or rule shall be used by default.

8. This Plan Approval authorizes temporary operation of the sources covered by this Plan Approval provided the following conditions are met. (25 Pa. Code § 127.12b)

(i) The Owner/Operator shall submit written Notice of the Completion of Construction and the Operator's intent to commence operation at least 5 days prior to the completion of construction. The Notice shall state the date when construction will be completed and the date when the Operator expects to commence operation.

(ii) Operation of the sources covered by this Plan Approval is authorized only to facilitate the start-up and shakedown of sources and air cleaning devices, to permit operations pending the issuance of an Operating Permit, and to permit the evaluation of the source for compliance with all applicable regulations and requirements.

(iii) Upon receipt of the Notice of the Completion of Construction from the Owner/Operator the Department shall authorize a 180-day Period of Temporary Operation of the sources from the date of commencement of operation. The Notice submitted by the Owner/Operator, prior to the expiration of this Plan Approval, shall modify the Plan Approval expiration date. The new Plan Approval expiration date shall be 180 days from the date of commencement of operation.

(iv) Upon determination by the Owner/Operator that the sources covered by this Plan Approval are in compliance with all conditions of the Plan Approval the Owner/

Operator shall contact the Department's reviewing engineer and schedule the Initial Operating Permit Inspection.

(v) Upon completion of the Initial Operating Permit Inspection and determination by the Department that the sources covered by this Plan Approval are in compliance with all conditions of the Plan Approval, the Owner/Operator shall apply for a new, or amend the existing Operating Permit at least 60 days prior to the expiration date of the Plan Approval. The application shall incorporate the conditions of this Plan Approval into the Operating Permit.

(vi) The Owner/Operator may request an extension of the 180-day Period of Temporary Operation if compliance with all applicable regulations and Plan Approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of the Period of Temporary Operation and shall provide a description of the compliance status of the source. The extension request shall include a detailed schedule for establishing compliance and the reasons compliance has not been established. This Period of Temporary Operation may be extended for additional periods, each not to exceed 120-days, by submitting an extension request as described previously.

Any person wishing to provide the Department with additional information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to the Department at the address shown previously. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed Plan Approval (specify the Plan Approval number).
- Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in this newspaper or by the *Pennsylvania Bulletin*, or by telephone, when the Department determines that notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to:

Regional Air Quality Program Manager  
Commonwealth of Pennsylvania  
Department of Environmental Protection  
Southwest Region—Field Operation  
400 Waterfront Drive  
Pittsburgh, PA 15222-4745

#### *General Conditions*

1. Words and terms that are not otherwise defined in this plan approval shall have the meanings set forth in section 3 of the Air Pollution Control Act (APCA) (35 P. S. § 4003) and 25 Pa. Code § 121.1.

2. The issuance of this plan approval does not prevent the future adoption by the Department of any rules, regulations or standards, or the issuance of orders necessary to comply with the requirements of the Federal Clean Air Act (CAA) or the APCA, or to achieve or

maintain ambient air quality standards. The issuance of this plan approval shall not be construed to limit the Department's enforcement authority. (25 Pa. Code § 127.12b(a) and (b))

3. This plan approval authorizes temporary operation of the sources covered by this plan approval provided the following conditions are met.

(a) When construction, installation, modification or reactivation is being conducted, the permittee should provide written notice to the Department of the completion of the activity approved by this plan approval and the permittee's intent to commence operation at least 5 working days prior to the completion of said activity. The notice shall state when the activity will be completed and when the permittee expects to commence operation. When the activity involves multiple sources on different time schedules, notice is required for the commencement of operation of each source.

(b) Under 25 Pa. Code § 127.12b(d), temporary operation of the sources is authorized to facilitate the shakedown of sources and air cleaning devices, to permit operations pending the issuance of a permit under 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permits; and Title V operating permits) or to permit the evaluation of the air contaminant aspects of the source.

(c) This plan approval authorizes a temporary operation period not to exceed 180 days from the date of commencement of operation, provided the Department receives notice from the permittee under paragraph (a), previously.

(d) The permittee may request an extension of the 180-day shakedown period if further evaluation of the air contamination aspects of the sources is necessary. The request for an extension should be submitted, in writing, to the Department at least 15 days prior to the end of the initial 180-day shakedown period and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance, and the reasons compliance has not been established. This temporary operation period will be valid for a limited time and may be extended for additional limited periods, each not to exceed 120 days. If, at any time, the Department has cause to believe that air contaminant emissions from the sources listed in this plan approval may be in excess of the limitations specified in, or established under this plan approval or the permittee's operating permit, the permittee may be required to conduct test methods and procedures deemed necessary by the Department to determine the actual emissions rate. The testing shall be conducted in accordance with 25 Pa. Code Chapter 139, where applicable, and in accordance with any restrictions or limitations established by the Department at the time as it notifies the company that testing is required. (25 Pa. Code § 127.12b)

4. The permittee shall maintain and operate the sources and associated air cleaning devices in accordance with good engineering practice as described in the plan approval application submitted to the Department. (25 Pa. Code § 127.12(a)(10))

5. (a) The records, reports or information obtained by the Department or referred to at public hearings shall be available to the public, except as provided in paragraph (b) of this condition.

(b) Upon cause shown by the permittee that the records, reports or information or a particular portion thereof, but not emission data, to which the Department

has access under the act, if made public, would divulge production or sales figures or methods, processes or production unique to that person or would otherwise tend to affect adversely the competitive position of that person by revealing trade secrets, including intellectual property rights, the Department will consider the record, report or information, or particular portion thereof confidential in the administration of the act. The Department will implement this section consistent with sections 112(d) and 114(c) of the CAA (42 U.S.C.A. §§ 7412(d) and 7414(c)). Nothing in this section prevents disclosure of the report, record or information to Federal, State or local representatives as necessary for purposes of administration of Federal, State or local air pollution control laws, or when relevant in a proceeding under the act. (25 Pa. Code § 127.12(c) and (d) and 35 P. S. § 4013.2)

6. (a) This plan approval will be valid for a limited time, as specified by the expiration date contained on page 1 of this plan approval. Except as provided in 25 Pa. Code §§ 127.11a and 127.215 (relating to reactivation of sources; and reactivation), at the end of the time, if the construction, modification, reactivation or installation has not been completed, a new plan approval application or an extension of the previous approval will be required.

(b) If construction has commenced, but cannot be completed before the expiration of this plan approval, an extension of the plan approval must be obtained to continue construction. To allow adequate time for Departmental action, a request for the extension should be postmarked at least 30 days prior to the expiration date. The Department will not issue an extension after the plan approval expires. The request for an extension should include the following:

- (i) A justification for the extension,
- (ii) A schedule for the completion of the construction.

If construction has not commenced before the expiration of this plan approval, then a new plan approval application must be submitted and approval obtained before construction can commence.

(c) If the construction, modification or installation is not commenced within 18-months of the issuance of this plan approval or if there is more than an 18-month lapse in construction, modification or installation, a new plan approval application that meets the requirements of 25 Pa. Code Chapter 127, Subchapters B, D and E (relating to plan approval requirements; prevention of significant deterioration of air quality; and new source review) shall be submitted. (25 Pa. Code § 127.13)

7. (a) This plan approval may not be transferred from one person to another except when a change of ownership is demonstrated to the satisfaction of the Department and the Department approves the transfer of the plan approval in writing.

(b) Section 25 Pa. Code 127.12a (relating to compliance review) applies to a request for transfer of a plan approval. A compliance review form shall accompany the request.

(c) This plan approval is valid only for the specific source and the specific location of the source as described in the application. (25 Pa. Code § 127.32)

8. (a) Under 35 P. S. § 4008, no person shall hinder, obstruct, prevent or interfere with the Department or its personnel in the performance of any duty authorized under the APCA.

(b) The permittee shall also allow the Department to have access at reasonable times to said sources and associated air cleaning devices with such measuring and recording equipment, including equipment recording visual observations, as the Department deems necessary and proper for performing its duties and for the effective enforcement of the APCA and regulations adopted under the act.

(c) Nothing in this plan approval condition shall limit the ability of the Environmental Protection Agency (EPA) to inspect or enter the premises of the permittee in accordance with section 114 or other applicable provisions of the CAA. (25 Pa. Code § 127.12(4) and 35 P. S. §§ 4008 and 114 of the CAA)

9. This plan approval may be terminated, modified, suspended or revoked and reissued if one or more of the following applies:

(a) The permittee constructs or operates the source subject to the plan approval in violation of the act, the CAA, the regulations promulgated under the act or the CAA, a plan approval or permit or in a manner that causes air pollution.

(b) The permittee fails to properly or adequately maintain or repair an air pollution control device or equipment attached to or otherwise made a part of the source.

(c) The permittee fails to submit a report required by this plan approval.

(d) The EPA determines that this plan approval is not in compliance with the CAA or the regulations thereunder. (25 Pa. Code § 127.13a)

10. (a) The permittee, or any other person, may not circumvent the new source review requirements of 25 Pa. Code Chapter 127, Subchapter E by causing or allowing a pattern of ownership or development, including the phasing, staging, delaying or engaging in incremental construction, over a geographic area of a facility which, except for the pattern of ownership or development, would otherwise require a permit or submission of a plan approval application.

(b) No person may permit the use of a device, stack height which exceeds good engineering practice stack height, dispersion technique or other technique which, without resulting in reduction of the total amount of air contaminants emitted, conceals or dilutes an emission of air contaminants which would otherwise be in violation of this plan approval, the APCA or the regulations promulgated thereunder, except that with prior approval of the Department, the device or technique may be used for control of malodors. (25 Pa. Code §§ 121.9 and 127.216)

11. Reports, test data, monitoring data, notifications shall be submitted to the:

Regional Air Program Manager  
Department of Environmental Protection  
(At the address given on the plan approval transmittal letter or otherwise notified) (25 Pa. Code § 127.12c)

12. (a) If required by section 112(r) of the CAA, the permittee shall develop and implement an accidental release program consistent with requirements of the CAA, 40 CFR Part 68 (relating to chemical accident prevention provisions) and the Federal Chemical Safety Information, Site Security and Fuels Regulatory Relief Act (Pub. L. No. 106-40).

(b) The permittee shall prepare and implement a Risk Management Plan (RMP) which meets the requirements of section 112(r) of the CAA, 40 CFR Part 68 and the

Federal Chemical Safety Information, Site Security and Fuels Regulatory Relief Act when a regulated substance listed in 40 CFR 68.130 is present in a process in more than the listed threshold quantity at the facility. The permittee shall submit the RMP to the EPA according to the following schedule and requirements:

(1) The permittee shall submit the first RMP to a central point specified by the EPA no later than the latest of the following:

(i) Three years after the date on which a regulated substance is first listed under § 68.130; or

(ii) The date on which a regulated substance is first present above a threshold quantity in a process.

(2) The permittee shall submit any additional relevant information requested by the Department or the EPA concerning the RMP and shall make subsequent submissions of RMPs in accordance with 40 CFR 68.190.

(3) The permittee shall certify that the RMP is accurate and complete in accordance with the requirements of 40 CFR Part 68, including a checklist addressing the required elements of a complete RMP.

(c) As used in this plan approval condition, the term "process" shall be as defined in 40 CFR 68.3. The term "process" means any activity involving a regulated substance including any use, storage, manufacturing, handling or onsite movement of the substances or any combination of these activities. For purposes of this definition, any group of vessels that are interconnected or separate vessels that are located such that a regulated substance could be involved in a potential release, shall be considered a single process. (25 Pa. Code § 127.12(9) and 40 CFR Part 68)

Any person wishing to provide the Department with additional information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to the Department at the address shown. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed Plan Approval (specify the Plan Approval number).
- Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval. Written comments should be directed to:

**26-00573A—Johnson Matthey Corporation** (605 Mountain View Drive, Smithfield, PA 15478) the Department of Environmental Protection (Department) intends to issue a Plan Approval Johnson Matthey Corporation to authorize construction and temporary operation of a facility that will produce catalytic inserts at the Fayette

Industrial Park, located at 605 Mountain View Drive, Smithfield, PA 15478, in Smithfield Borough, **Fayette County**. The application was submitted in accordance with 25 Pa. Code § 12.12 and was received on March 31, 2008.

The proposed facility qualifies as a nonmajor source of air contaminants with a potential-to-emit of:

<i>Pollutant</i>	<i>TPY</i>
NOx	19.82
VOC	5.53
CO	6.36
SOX	.05
PM	3.66
HAPs	<5.5

Copies of the application, the Department's analysis and other documents used to evaluate the application are available for public inspection during normal business hours at the address listed.

For the Department to assure compliance with all applicable standards, the Department proposes to place the following conditions in the Plan Approval:

#### **Conditions for Plan Approval PA-26-00573A**

1) Words and terms that are not otherwise defined in this plan approval shall have the meanings set forth in section 3 of the Air Pollution Control Act (APCA) (35 P. S. § 4003) and 25 Pa. Code § 121.1.

2) The issuance of this plan approval does not prevent the future adoption by the Department of Environmental Protection (Department) of any rules, regulations or standards, or the issuance of orders necessary to comply with the requirements of the Federal Clean Air Act (CAA) or the Pennsylvania APCA, or to achieve or maintain ambient air quality standards. The issuance of this plan approval shall not be construed to limit the Department's enforcement authority. (25 Pa. Code § 127.12b(a) and (b))

3) This plan approval authorizes temporary operation of the sources covered by this plan approval provided the following conditions are met.

a) When construction, installation, modification or reactivation is being conducted, the permittee should provide written notice to the Department of the completion of the activity approved by this plan approval and the permittee's intent to commence operation at least 5 working days prior to the completion of said activity. The notice shall state when the activity will be completed and when the permittee expects to commence operation. When the activity involves multiple sources on different time schedules, notice is required for the commencement of operation of each source.

b) Under 25 Pa. Code § 127.12b(d), temporary operation of the sources is authorized to facilitate the shutdown of sources and air cleaning devices, to permit operations pending the issuance of a permit under 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permits; and Title V operating permits) or to permit the evaluation of the air contaminant aspects of the source.

c) This plan approval authorizes a temporary operation period not to exceed 180 days from the date of commencement of operation, provided the Department receives notice from the permittee under paragraph (a), previously listed.

d) The permittee may request an extension of the 180-day shakedown period if further evaluation of the air contamination aspects of the sources is necessary. The request for an extension should be submitted, in writing, to the Department at least 15 days prior to the end of the initial 180-day shakedown period and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance, and the reasons compliance has not been established. This temporary operation period will be valid for a limited time and may be extended for additional limited periods, each not to exceed 120 days. If, at any time, the Department has cause to believe that air contaminant emissions from the sources listed in this plan approval may be in excess of the limitations specified in, or established under this plan approval or the permittee's operating permit, the permittee may be required to conduct test methods and procedures deemed necessary by the Department to determine the actual emissions rate. Testing shall be conducted in accordance with 25 Pa. Code Chapter 139, where applicable, and in accordance with any restrictions or limitations established by the Department at such time as it notifies the company that testing is required. (25 Pa. Code § 127.12b)

4) The permittee shall maintain and operate the sources and associated air cleaning devices in accordance with good engineering practice as described in the plan approval application submitted to the Department. (25 Pa. Code § 127.12(a)(10))

5) (a) The records, reports or information obtained by the Department or referred to at public hearings shall be available to the public, except as provided in paragraph (b) of this condition.

(b) Upon cause shown by the permittee that the records, reports or information, or a particular portion thereof, but not emission data, to which the Department has access under the act, if made public, would divulge production or sales figures or methods, processes or production unique to that person or would otherwise tend to affect adversely the competitive position of that person by revealing trade secrets, including intellectual property rights, the Department will consider the record, report or information, or particular portion thereof confidential in the administration of the act. The Department will implement this section consistent with sections 112(d) and 114(c) of the CAA (42 U.S.C.A. §§ 7412(d) and 7414(c)). Nothing in this section prevents disclosure of the report, record or information to Federal, State or local representatives as necessary for purposes of administration of Federal, State or local air pollution control laws, or when relevant in a proceeding under the act. (25 Pa. Code § 127.12(c) and (d) and 35 P. S. § 4013.2)

6) (a) This plan approval will be valid for a limited time, as specified by the expiration date contained on Page 1 of this plan approval. Except as provided in §§ 127.11a and 127.215 (relating to reactivation of sources; and reactivation), at the end of the time, if the construction, modification, reactivation or installation has not been completed, a new plan approval application or an extension of the previous approval will be required.

(b) If construction has commenced, but cannot be completed before the expiration of this plan approval, an extension of the plan approval must be obtained to continue construction. To allow adequate time for Departmental action, a request for the extension should be postmarked at least 30 days prior to the expiration date.

The Department will not issue an extension after the plan approval expires. The request for an extension should include the following:

- (i) A justification for the extension.
- (ii) A schedule for the completion of the construction.

If construction has not commenced before the expiration of this plan approval, then a new plan approval application must be submitted and approval obtained before construction can commence.

(c) If the construction, modification or installation is not commenced within 18 months of the issuance of this plan approval or if there is more than an 18-month lapse in construction, modification or installation, a new plan approval application that meets the requirements of 25 Pa. Code Chapter 127, Subchapters B, D and E (related to plan approval requirements; prevention of significant deterioration of air quality; and new source review) shall be submitted. (25 Pa. Code § 127.13)

7) (a) This plan approval may not be transferred from one person to another except when a change of ownership is demonstrated to the satisfaction of the Department and the Department approves the transfer of the plan approval in writing.

(b) Section 127.12a (relating to compliance review) applies to a request for transfer of a plan approval. A compliance review form shall accompany the request.

(c) This plan approval is valid only for the specific source and the specific location of the source as described in the application. (25 Pa. Code § 127.32)

8) (a) Under 35 P. S. § 4008, no person shall hinder, obstruct, prevent or interfere with the Department or its personnel in the performance of any duty authorized under the APCA.

(b) The permittee shall also allow the Department to have access at reasonable times to said sources and associated air cleaning devices with measuring and recording equipment, including equipment recording visual observations, as the Department deems necessary and proper for performing its duties and for the effective enforcement of the APCA and regulations adopted under the act.

(c) Nothing in this plan approval condition shall limit the ability of the Environmental Protection Agency (EPA) to inspect or enter the premises of the permittee in accordance with section 114 or other applicable provisions of the CAA. (25 Pa. Code § 127.12(4) and 35 P. S. §§ 4008 and 114 of the CAA)

9) This plan approval may be terminated, modified, suspended or revoked and reissued if one or more of the following applies:

a) The permittee constructs or operates the source subject to the plan approval in violation of the act, the CAA, the regulations promulgated under the act or the CAA, a plan approval or permit or in a manner that causes air pollution.

b) The permittee fails to properly or adequately maintain or repair an air pollution control device or equipment attached to or otherwise made a part of the source.

c) The permittee fails to submit a report required by this plan approval.

d) The EPA determines that this plan approval is not in compliance with the CAA or the regulations thereunder. (25 Pa. Code § 127.13a)

10) (a) The permittee, or any other person, may not circumvent the new source review requirements of 25 Pa. Code Chapter 127, Subchapter E by causing or allowing a pattern of ownership or development, including the phasing, staging, delaying or engaging in incremental construction, over a geographic area of a facility which, except for the pattern of ownership or development, would otherwise require a permit or submission of a plan approval application.

(b) No person may permit the use of a device, stack height which exceeds good engineering practice stack height, dispersion technique or other technique which, without resulting in reduction of the total amount of air contaminants emitted, conceals or dilutes an emission of air contaminants which would otherwise be in violation of this plan approval, the APCA or the regulations promulgated thereunder, except that with prior approval of the Department, the device or technique may be used for control of malodors. (25 Pa. Code §§ 121.9 and 127.216)

11) Reports, test data, monitoring data, notifications shall be submitted to the:

Regional Air Program Manager  
Department of Environmental Protection  
(At the address given on the plan approval transmittal letter or otherwise notified) (25 Pa. Code § 127.12c)

12) (a) If required by section 112(r) of the CAA, the permittee shall develop and implement an accidental release program consistent with requirements of the CAA, 40 CFR Part 68 (relating to chemical accident prevention provisions) and the Federal Chemical Safety Information, Site Security and Fuels Regulatory Relief Act (Pub. L. No. 106-40).

(b) The permittee shall prepare and implement a Risk Management Plan (RMP) which meets the requirements of section 112(r) of the CAA, 40 CFR Part 68 and the Federal Chemical Safety Information, Site Security and Fuels Regulatory Relief Act when a regulated substance listed in 40 CFR 68.130 is present in a process in more than the listed threshold quantity at the facility. The permittee shall submit the RMP to the Environmental Protection Agency according to the following schedule and requirements:

(1) The permittee shall submit the first RMP to a central point specified by the EPA no later than the latest of the following:

(i) Three years after the date on which a regulated substance is first listed under 40 CFR 68.130; or,

(ii) The date on which a regulated substance is first present above a threshold quantity in a process.

(2) The permittee shall submit any additional relevant information requested by the Department or the EPA concerning the RMP and shall make subsequent submissions of RMPs in accordance with 40 CFR 68.190.

(3) The permittee shall certify that the RMP is accurate and complete in accordance with the requirements of 40 CFR Part 68, including a checklist addressing the required elements of a complete RMP.

(c) As used in this plan approval condition, the term "process" shall be as defined in 40 CFR 68.3. The term "process" means any activity involving a regulated substance including any use, storage, manufacturing, handling, or onsite movement of such substances or any combination of these activities. For purposes of this definition, any group of vessels that are interconnected, or separate vessels that are located such that a regulated

substance could be involved in a potential release, shall be considered a single process. (25 Pa. Code § 127.12(9) and 40 CFR Part 68)

13) A person may not cause or permit the operation of a source subject to 25 Pa. Code § 127.11 (relating to plan approval requirements), unless the source and air cleaning devices identified in the application for the plan approval and the plan approval issued to the source, are operated and maintained in accordance with specifications in the application and conditions in the plan approval issued by the Department. A person may not cause or permit the operation of an air contamination source subject to this chapter in a manner inconsistent with good operating practices.

14) This Plan Approval authorizes the construction and temporary operation of a catalytic insert production facility, consisting of: two natural gas-fired dryers, a natural gas-fired curing oven, bulk material storage, mixing tanks, a diesel generator, small miscellaneous combustion sources, and air cleaning devices for PM, VOC and NOx control, to be located in Smithfield Borough, Fayette County. (25 Pa. Code §§ 127.12 and 127.25).

15) (a) No person may permit the emission into the outdoor atmosphere of fugitive air contaminant from a source other than the following:

(1) Construction or demolition of buildings or structures.

(2) Grading, paving and maintenance of roads and streets.

(3) Use of roads and streets. Emissions from material in or on trucks, railroad cars and other vehicular equipment are not considered as emissions from use of roads and streets.

(4) Clearing of land.

(5) Stockpiling of materials.

(6) Open burning operations.

(7) Blasting in open pit mines. Emissions from drilling are not considered as emissions from blasting.

(8) Coke oven batteries, provided the fugitive air contaminants emitted from any coke oven battery comply with the standards for visible fugitive emissions in 25 Pa. Code §§ 123.44 and 129.15 (relating to limitations of visible fugitive air contaminants from operation of any coke oven battery; and coke pushing operations).

(9) Sources and classes of sources other than those identified in paragraphs (1)–(8), for which the operator has obtained a determination from the Department that fugitive emissions from the source, after appropriate control, meet the following requirements:

(i) the emissions are of minor significance with respect to causing air pollution; and

(ii) the emissions are not preventing or interfering with the attainment or maintenance of any ambient air quality standard.

(b) An application form for requesting a determination under either subsection (a)(9) or 25 Pa. Code § 129.15(c) is available from the Department. In reviewing these applications, the Department may require the applicant to supply information including, but not limited to, a description of proposed control measures, characteristics of emissions, quantity of emissions and ambient air quality data and analysis showing the impact of the source on ambient air quality. The applicant shall be required to demonstrate that the requirements of subsec-

tions (a)(9) and (c) and 25 Pa. Code § 123.2 (relating to fugitive PM) or of the requirements of 25 Pa. Code § 129.15(c) have been satisfied. Upon the demonstration, the Department will issue a determination, in writing, either as an operating permit condition, for those sources subject to permit requirements under the act, or as an order containing appropriate conditions and limitations. (25 Pa. Code § 123.1)

16) A person may not permit fugitive PM to be emitted into the outdoor atmosphere from a source specified in 25 Pa. Code § 123.1(a)(1)–(9) (relating to prohibition of certain fugitive emissions) if such emissions are visible at the point the emissions pass outside the person's property.

17) Upon determination by the Owner/Operator that the sources covered by this Plan Approval are in compliance with all conditions, the Owner/Operator shall contact the Department's reviewing engineer and schedule the Initial Operating Permit Inspection. (25 Pa. Code § 127.12b)

18) A person may not permit the emission into the outdoor atmosphere of any malodorous air contaminants from any source in such a manner that the malodors are detectable outside the property of the person on whose land the source is being operated. (25 Pa. Code § 127.31)

19) (a) This section applies to sources except those subject to other provisions of this article, with respect to the control of sulfur compound emissions.

(b) No person may permit the emission into the outdoor atmosphere of SOx from a source in a manner that the concentration of the SOx, expressed as SO<sub>2</sub>, in the effluent gas exceeds 500 parts per million, by volume, dry basis.

20) Stack testing shall be conducted on the Dryer No. 1 and Dryer No. 2 exhaust to determine the emission rate of NOx within 180 days of initial operation. (25 Pa. Code §§ 123.45 and 139.11)

a) Stack testing shall be conducted in accordance with the provisions of 25 Pa. Code Chapter 139 and the Department's Source Testing Manual.

b) At least 30 days prior to the test, the owner/operator shall submit to the Department two copies of the procedures for the stack test and drawings with dimensions indicating the location of sampling ports and other data to ensure the collection of representative samples.

c) At least 15 days prior to the test, the Regional Air Quality Manager shall be informed of the date and time of the test.

d) All relevant operating parameters (such as, boiler steam flow, air flow, gross megawatts, O<sub>2</sub>; CEMS heat input and stack flue gas volumetric flow rate) shall be recorded at appropriate intervals throughout the duration of the stack tests. Operating data recorded shall be sufficient to establish that the units and the air cleaning devices, including the SBS, are operating at normal operating conditions. A summary of the recorded operating parameters and values shall be included in the test report.

e) Within 60 days after the stack test, two copies of the complete test report, including all recorded operating parameters, shall be submitted to the Regional Air Quality Manager for approval.

21) A person may not permit the emission into the outdoor atmosphere of visible air contaminants in such a manner that the opacity is either of the following:

a) Equal to or greater than 20% for a period or periods aggregating more than 3 minutes in any 1 hour.

b) Equal to or greater than 60% at any time. (25 Pa. Code § 127.41)

22) The limitations of 25 Pa. Code § 123.41 (relating to limitations) shall not apply to a visible emission in any of the following instances:

(1) When the presence of uncombined water is the only reason for failure of the emission to meet the limitations.

(2) When the emission results from the operation of equipment used solely to train and test persons in observing the opacity of visible emissions.

(3) When the emission results from sources specified in 25 Pa. Code § 123.1(a)(1)—(9) (relating to prohibition of certain fugitive emissions).

(4) When arising from the production of agricultural commodities in their unmanufactured state on the premises of the farm operation. (25 Pa. Code § 127.42)

23) Visible emissions may be measured using either of the following:

(1) A device approved by the Department and maintained to provide accurate opacity measurements.

(2) Observers, trained and qualified to measure plume opacity with the naked eye or with the aid of any devices approved by the Department.

24) The permittee shall maintain a logbook for recording instances of visible emissions, fugitive visible emissions and malodorous air emissions along with the name of the company representative monitoring these instances, the date and time of each occurrence and the wind direction during each instance. These records shall be retained for a minimum of 5 years and shall be made available to the Department upon request.

25) Compliance with mass emission limits established in this Plan Approval may be demonstrated using engineering calculations based on fuel and raw material purchase records, manufacturers specifications, AP-42 emission factors, laboratory analyses, source test results, operating records, material balance methods and/or other applicable methods with written Departmental approval.

26) The owner/operator shall conduct a weekly inspection around the facility during daylight hours to detect visible emissions, fugitive visible emissions and malodorous air emissions. Weekly inspections are necessary to determine:

(1) The presence of visible emissions.

(2) The presence of fugitive visible emissions beyond the plant property boundaries.

(3) The presence of malodors beyond the facility's property boundaries.

27) The owner/operator shall keep monthly records of operational hours and fuel usage for each source at this facility. These records shall be used to calculate criteria pollutant emissions at this facility, and shall be used to determine compliance with annual emission limitations. The records and calculations shall be kept onsite for a period of 5 years and be made available to the Department upon request.

28) Source owners or operators shall maintain and make available upon request by the Department records including computerized records that may be necessary to comply with 25 Pa. Code §§ 135.3 and 135.21 (relating to reporting; and emission statements). These may include

records of production, fuel usage, maintenance of production or pollution control equipment or other information determined by the Department to be necessary for identification and quantification of potential and actual air contaminant emissions. If direct recordkeeping is not possible or practical, sufficient records shall be kept to provide the needed information by indirect means.

29) (a) A person who owns or operates a source to which this chapter applies, and who has previously been advised by the Department to submit a source report, shall submit by March 1 of each year a source report for the preceding calendar year. The report shall include information for all previously reported sources, new sources which were first operated during the proceeding calendar year and sources modified during the same period which were not previously reported.

(b) A person who receives initial notification by the Department that a source report is necessary shall submit an initial source report within 60 days after receiving the notification or by March 1 of the year following the year for which the report is required, whichever is later.

(c) A source owner or operator may request an extension of time from the Department for the filing of a source report, and the Department may grant the extension for reasonable cause.

30) (a) The owner/operator shall notify the Department of any malfunction that occurs at this facility. As defined in 40 CFR 60.2 and incorporated by reference in 25 Pa. Code Chapter 122, a malfunction means any sudden, infrequent, and not reasonably preventable failure of air pollution control equipment, process equipment or a process to operate in a normal or usual manner. Failures that are caused in part by poor maintenance or careless operation are not malfunctions.

(b) When the malfunction poses an imminent and substantial danger to the public health and safety or potential harm to the environment, the notification shall be determined to the Department no later than 1 hour after the incident.

(c) Unless otherwise required by specific reporting requirements, any malfunction that is not subject to the notice requirements of subsection (b) of this permit condition shall be reported to the Department within 24 hours (or the next business day) of discovery of the malfunction.

(1) The permittee shall notify the Regional Air Program Manager within 4 hours (or the next business day) of becoming aware of the occurrence of excess emissions which last for more than 4 hours and which result from a malfunction, a breakdown of process or control equipment or any abnormal condition.

The notice shall describe the:

(i) name and location of the facility;

(ii) nature and cause of the malfunction breakdown;

(iii) time and when the malfunction or breakdown was first observed;

(iv) expected duration of excess emissions; and

(v) estimated rate of emissions.

(2) The permittee shall notify the Department immediately when corrective measures have been accomplished.

(3) Subsequent to the malfunction, the permittee shall submit a full report on the malfunction to the Department within 15 days, if requested.

(4) The permittee shall submit reports on the operation and maintenance of the source to the Regional Air Program Manager at such intervals and in such form and detail as may be required by the Department. Information required in the reports may include, but is not limited to, process weight rates, firing rates, hours of operation, and maintenance schedules.

31) (a) Air basins. No person may permit the open burning of material in an air basin.

(b) Outside of air basins. No person may permit the open burning of material in an area outside of air basins in a manner that:

(1) The emissions are visible, at any time, at the point such emissions pass outside the property of the person on whose land the open burning is being conducted.

(2) Malodorous air contaminants from the open burning are detectable outside the property of the person on whose land the open burning is being conducted.

(3) The emissions interfere with the reasonable enjoyment of life or property.

(4) The emissions cause damage to vegetation or property.

(5) The emissions are or may be deleterious to human or animal health.

(c) Exceptions: The requirements of subsections (a) and (b) do not apply where the open burning operations result from:

(1) A fire set to prevent or abate a fire hazard, when approved by the Department and set by or under the supervision of a public officer.

(2) A fire set for the purpose of instructing personnel in fire fighting, when approved by the Department.

(3) A fire set for the prevention and control of disease or pests, when approved by the Department.

(4) A fire set in conjunction with the production of agricultural commodities in their unmanufactured state on the premises of the farm operation.

(5) A fire set for the purpose of burning domestic refuse, when the fire is on the premises of a structure occupied solely as a dwelling by two families or less and when the refuse results from the normal occupancy of such structure.

(6) A fire set solely for recreational or ceremonial purposes.

(7) A fire set solely for cooking food.

(d) Clearing and grubbing wastes. The following is applicable to clearing and grubbing wastes:

(1) As used in this subsection the following terms shall have the following meanings:

**Air curtain destructor**—A mechanical device which forcefully projects a curtain of air across a pit in which open burning is being conducted so that combustion efficiency is increased and smoke and other particulate matter are contained.

**Clearing and grubbing wastes**—Trees, shrubs and other native vegetation which are cleared from land during or prior to the process of construction. The term does not include demolition wastes and dirt laden roots.

(2) Subsection (a) notwithstanding, clearing and grubbing wastes may be burned in a basin subject to the following requirements:

(i) Air curtain destructors shall be used when burning clearing and grubbing wastes.

(ii) Each proposed use of air curtain destructors shall be reviewed and approved by the Department in writing with respect to equipment arrangement, design and existing environmental conditions prior to commencement of burning. Proposals approved under this subparagraph need not obtain plan approval or operating permits under 25 Pa. Code Chapter 127 (relating to construction modification, reactivation and operation of sources).

(iii) Approval for use of an air curtain destructor at one site may be granted for a specified period not to exceed 3 months, but may be extended for additional limited periods upon further approval by the Department.

(iv) The Department reserves the right to rescind approval granted if a determination by the Department indicates that an air pollution problem exists.

(3) Subsection (b) notwithstanding clearing and grubbing wastes may be burned outside of an air basin, subject to the following limitations:

(i) Upon receipt of a complaint or determination by the Department that an air pollution problem exists, the Department may order that the open burning cease or comply with subsection (b) of this section.

(ii) Authorization for open burning under this paragraph does not apply to clearing and grubbing wastes transported from an air basin for disposal outside of an air basin.

(4) During an air pollution episode, open burning is limited by 25 Pa. Code Chapter 137 (relating to air pollution episodes) and shall cease as specified in such chapter.

Any person wishing to provide the Department with additional information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to the Department of Environmental Protection at the address shown as follows. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.

- Identification of the proposed Plan Approval (specify the Plan Approval number).

- Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in this newspaper or by the *Pennsylvania Bulletin*, or by telephone, when the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to:

**46-00035: SmithKline Beecham Corp.—d/b/a Glaxo SmithKline** (709 Swedeland Road, King of Prussia, PA 19406) for renewal of the Title V Operating Permit in Upper Merion Township, **Montgomery County**. The facility is primarily involved in pharmaceutical research and development. SmithKline Beecham Corp., d/b/a Glaxo SmithKline operates boilers, generators, incinerators and other lab equipment. The renewal incorporates plan approval 46-0035D for the installation of a scrubber system and fabric filter. The renewal contains all applicable requirements including monitoring, recordkeeping and reporting. The operation is subject to Compliance Assurance Monitoring under 40 CFR Part 64 and NSPS regulations.

**46-00038: Exelon Generation Company—Limerick Generation Station** (3146 Sanatoga Road, Pottstown, PA 19464) for renewal of the Title V Operating Permit in Limerick Township, **Montgomery County**. The initial permit was issued on February 8, 2000. The facility is primarily used for electric power generation and operates three boilers and eight emergency generators, which mainly produce NOx, SOx and PM emissions. The facility

also operates two cooling towers and an emergency spray pond, which mainly produce PM emissions. As a result of potential emissions of NOx emissions, the facility is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments, and is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code Chapter 127, Subchapter G. The proposed Title V Operating Renewal does not adopt any new regulations and does not reflect any change in air emissions from the facility. The renewal contains all applicable requirements including monitoring, recordkeeping and reporting.

**29-05001: JLG Industries, Inc.** (1 JLG Drive, McConnellsburg, PA 17233) for operation of an aerial work platform and telescoping material handler manufacturing facility in Ayr Township, **Fulton County**. The facility's major source of emissions is attributed to the operation of paint spray booths, which primarily emit VOCs. The Title V operating permit will contain monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements. This is a renewal of the Title V Operating Permit issued in 2003.

**09-00062: Oldcastle Precast, Inc.** (200 Keystone Drive, Telford, PA 18969) for operation of coating applications in West Rockhill Township, **Bucks County**. The main emissions from this facility are VOCs. This action is a renewal of the original State-only Operating Permit (Synthetic Minor), which was issued in 2003. The renewal contains conditions including monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Box 110, Lewistown, PA 17044) for operation of a sectional and rolling steel door manufacturing facility in Granville Township, **Mifflin County**. The operating permit is not being renewed as a Title V operating permit, but rather a State-only operating permit since the permittee is no longer a major source of VOCs and HAPs emissions.

*Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.*

**47-00010: Kurt Weiss Danville, LLC**, (223 PPL Road, Danville, PA 17821) for the renewal of a State-only operating permit for the operation of a greenhouse facility in Anthony and Derry Townships, **Montour County**.

The facility incorporates nine No. 2 fuel oil-fired boilers (with rated heat inputs of 13.86, 13.86, 2.888, 2.888, 7.201, 6.276, 10.758, 4.18 and 5.675 mmBtu/hr, respectively) and 160 No. 2 fuel oil-fired space heaters, each of which has a rated heat input of .4 mmBtu/hr.

The air contaminant emissions from the facility are not expected to exceed 21.6 tons of SO<sub>x</sub>, 15.0 tons of NO<sub>x</sub>, 4.65 tons of PM/PM<sub>10</sub>, 3.75 tons of CO, .15 ton of VOCs and .05 ton of HAPs per year.

The Department of Environmental Protection (Department) proposes to renew State-only Operating Permit 47-00010. The Department intends to incorporate into the renewal all conditions currently contained in State-only Operating Permit 47-00010 with these exceptions, additions and changes:

1. Conditions requiring the performance of monthly inspections of the facility to detect the presence of visible air contaminant emissions, visible fugitive air contaminant emissions and malodorous air contaminant emissions, and the maintenance of records of the results of these inspections, have been removed from the permit as the types of sources existing at the facility do not emit fugitive air contaminants and are unlikely to emit visible air contaminants or malodorous air contaminants except under equipment malfunction conditions which would be likely to be detected, and corrected, long before the once per month inspection would be performed.

2. A condition requiring malfunctions to be reported to the Department has been changed to exempt malfunctions which are not resulting in, or potentially resulting in, air contaminant emissions in excess of an applicable air contaminant emission limitation or are not resulting in, or potentially resulting in, noncompliance with a permit condition.

3. Conditions requiring the permittee to perform an annual tune-up on most of the facility's boilers, and maintain records of these tune-ups, have been removed from the permit as such requirements are overly burdensome for No. 2 fuel oil-fired boilers of the size of the facility's boilers.

4. Conditions requiring most of the facility's boilers to be operated at least 5 hours each year at a minimum of 75% of maximum operating capacity, and the maintenance of records of the hours of operation and the % capacity for each boiler, are being removed from the permit as the Department has determined that it does not have the authority to establish such requirements.

5. 160 No. 2 fuel oil-fired space heaters, which exist at the facility but which were not previously incorporated in the permit, have been added to the permit along with conditions specifying the applicable 25 Pa. Code § 123.22 SO<sub>x</sub> emission limitation and restricting the fuel fired in the space heaters to No. 2 fuel oil and gas (natural or LP).

**11-00516: Fiberblade, LLC** (100 Commerce Drive, Ebsburg, PA 15931) to allow the operation of a windmill blade manufacturing facility located in Cambria Township, **Cambria County**. The facility is a synthetic minor facility. The operating permit will contain general and special conditions developed under Plan Approval number 11-00516A which require that applicant to meet all applicable regulatory requirements and limit the potential to emit from the facility on an annual basis to be less than the major source thresholds for NO<sub>x</sub> at 99.0 tons, VOC at 49.0 tons, single HAP 9.0 tons and aggregate HAP 24.0 tons. The potential to emit of all other pollutants (CO, SO<sub>x</sub>, PM<sub>10</sub>, PM) will be less than the major source thresholds.

*Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Matthew Williams, New Source Review Chief, (814) 332-6940.*

**42-00095: Georgia Pacific Corp.** (One Owens Way, Bradford, PA 16701) for re-issuance of a natural minor permit to operate a corrugated and solid fiber boxes manufacturing plant in the City of Bradford, **McKean County**. The major sources included: 1) Boiler (350 HP), uses dual fuel, natural gas and fuel oil No. 6; 2) Boiler (500 HP), uses dual fuel, natural gas and fuel oil No. 6; 3) Miscellaneous process equipment; 4) Outdoor starch silo; 5) Metal parts washer; and 6) Miscellaneous VOC (printing and gluing). The facility is natural minor because the emission of pollutants from the facility is less than the Title V emission threshold.

## COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have

requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

#### *Coal Applications Received*

*Effluent Limits*—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	3.0mg/l	6.0mg/l	7.0mg/l
Manganese (total)	2.0mg/l	4.0mg/l	5.0mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH <sup>1</sup>		greater than 6.0;	less than 9.0
Alkalinity greater than acidity <sup>1</sup>			

<sup>1</sup> The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

## FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**E18-423. Texas Keystone, Inc.**, P. O. 130 Raymond Drive, Indiana, PA 15701. Agenostelli-Mase Tangascootack Creek Road Crossing Project, in Beech Creek Township, **Clinton County**, United States Army Corps of Engineers, Baltimore District (Howard NW, PA Quadrangle Latitude: 41° 08' 20.14"; Longitude: 77° 38' 45.30").

The applicant proposes to construct, operate and maintain a: (1) commercial road crossing Tangascootack Creek (CWF); (2) commercial road crossing a UNT to Tangascootack Creek (CWF); and (3) 4-inch gas transmission line beneath Tangascootack Creek and associated wetlands for exploration and development of the Agnostelli-Mase Natural Gas Project. The road crossing Tangascootack Creek shall be constructed and maintained with a single metal arch culvert pipe having a minimum span of 6 feet, rise of 4 feet and length of 40 feet. The road crossing the UNT shall be constructed and maintained with a single plastic culvert pipe having a minimum diameter of 30-inches. Both road crossing shall be constructed with the culvert pipe being depressed a minimum of 0.50 feet beneath the streambed. The gas transmission line shall be installed by boring beneath the stream and wetlands to provide a minimum depth of 3 feet between the streambed and top of pipe. The project proposes no permanent wetland impacts, while permanently impacting 90 feet of stream channel that is located along the eastern right-of-way of Beech Creek Road approximately 2.1 miles east of Peacock and Beech Creek Roads intersection.

*Northwest Region: Watershed Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.*

**E10-445, Cranberry Township**, 3853 West Valley Road, Smethport, PA 16749. Westinghouse at Cranberry Woods Development, **Butler County**, United States Army Corps of Engineers, Pittsburgh District (Mars, PA Quadrangle N: 40° 40' 59"; W: 80° 05' 26").

This project consists of the construction of a two-lane bituminous roadway from Cranberry Woods Drive B to the Westinghouse project site in the South East direction. Project includes the construction of a Contech Bebo clear span arch bridge that is 54 feet wide by 26.5 feet high to span the stream and adjoining floodway. The project location is roughly 1,000 feet south of 228 on Cranberry Woods Drive B, approximately 1,500 feet east of the I79 228 intersection.

**E42-339, Norwich Township**, 3853 West Valley Road, Smethport, PA 16749. Norwich Township STP in Norwich Township, **McKean County**, United States Army Corps of Engineers, Pittsburgh District (Crosby, PA Quadrangle N: 41° 42' 31.83"; W: 78° 23' 42.47").

This project includes the construction of a sanitary wastewater collection and treatment system that spans approximately 4 miles from North to South and lies adjacent to Potato Creek for the purpose of eliminating malfunctioning or wildcat sewers from over 200 homes

and businesses. The Southern most limit of the project is located at the intersection of SR 146 and SR 46.

#### ENVIRONMENTAL ASSESSMENTS

*Central Office: Bureau of Waterways Engineering, Rachel Carson State Office Building, Floor 3, 400 Market Street, Harrisburg, PA 17105.*

**D21-027EA and D21-174EA. Fish and Boat Commission**, 833 Big Spring Road, Newville, PA 17241. West Pennsboro and North Newton Townships, **Cumberland County**, United States Army Corps of Engineers, Baltimore District.

Project proposes to breach and remove two dams across Big Spring Creek (CWF) for the purpose of restoring the stream to a free flowing condition. The project will restore approximately 200 linear feet of stream channel. The dams are located approximately .5 mile North of the intersection of Big Spring Road (SR 3007) and Log Cabin Road T333 (Newville, PA Quadrangle Latitude: 40° 08' 18"; Longitude: 77° 24' 24") (Newville, PA Quadrangle Latitude: 40° 08' 09"; Longitude: 77° 24' 21").

**D21-100EA. Gary J. Mixell**, 19 Creekview Road, Newville, PA 17241. Mifflin Township, **Cumberland County**, United States Army Corps of Engineers, Baltimore District.

Project proposes to breach and remove Mixell Dam across Doubling Gap Creek (CWF) for the purpose of eliminating a threat to public safety and restoring the stream to a free flowing condition. The project will restore approximately 1,000 lineal feet of stream channel. The dam is located approximately 1,080 feet southeast of the intersection of Center and Asper Roads (Newville, PA Quadrangle Latitude: 40° 11' 60"; Longitude: 77° 25' 06").

**EA25-004CO. PLP IV**, 2500 Palermo Drive, Erie, PA 16506. City of Erie, **Erie County**, United States Army Corps of Engineers, Pittsburgh District.

Project proposes to construct, operate and maintain a nonjurisdictional dam across a tributary to Lake Erie (WWF) for stormwater management at the proposed Woodland Hills residential subdivision. The proposed dam will impact approximately 280 feet of stream channel. The proposed dam will be located approximately 1,500 feet southeast of the intersection of Davison Avenue and East 38th Street (Erie South, PA Quadrangle Latitude: 42° 06' 43"; Longitude: 80° 01' 44").

#### DAM SAFETY

**D63-138. Orchard Hills Dam**. Wadwell Group, 122 Cedar Lane, McMurray, PA 15317. To modify, operate and maintain Orchard Hills Dam across a tributary of Peters Creek (TSF) for the purpose of providing a stormwater retention facility for the proposed Orchard Hill Plan of Lots. The dam will also serve as a central attraction for the residents of the subdivision. The project also includes construction and maintenance of: (1) an 8-inch sanitary sewer crossing; (2) a 36-inch SLCPP culvert crossing; (3) six stormwater outfalls; and (4) a 15-inch CPP culvert crossing, impacting a total of 152 linear feet of UNT to Peters Creek. These impacts are waived per 25 Pa. Code § 105.12(a)(2) and stream compensation is not required (Bridgeville, PA Quadrangle N: 5.65 inches; W: 5.15 inches) Peters Township, **Washington County**.

**ACTIONS**

---

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT  
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE  
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY  
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

**Amplified Final Public Notice for NPDES Permit No. PA0252867**, Industrial Waste, **Lafarge North America, Inc.**, 555 Frost Road, Streetsboro, OH 44241.

This permit was issued May 12, 2008, authorizing discharges to Thompson Run. The Department of Environmental Protection (Department) finalized this NPDES permit, which is subject to the approved Thompson Run TMDL. However, the allocations in the TMDL must be revised to include this point source. The revisions to the Thompson Run TMDL will assign a Waste Load Allocation for iron and aluminum to the Lafarge discharges, authorized under NPDES PA0004278 and will reduce, in the same amount, the total Load Allocations in the Thompson Run TMDL. The Department will revise the Thompson Run TMDL and publish its intent to revise the Thompson Run TMDL in a future *Pennsylvania Bulletin*.

## PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The proposed Sam Brown Subdivision consists of three new residential building lots proposing individual onlot sewage disposal systems and a residual lot containing two existing dwellings with individual onlot sewage disposal systems. The plan was disapproved because the consulting hydrogeologist for the project concluded that the background nitrogen concentration under the site precludes the use of conventional onlot sewage disposal systems and the Department of Environmental Protection (Department) failed to receive the information requested for the use of Department permitted individual spray irrigation systems to overcome the nitrate issues as specified in its letter of February 6, 2008.

### HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

#### Notice of Interim Response

#### Sobeck Scrap Yard Site Kennedy Township, Allegheny County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305) is

proposing an interim response at the Sobeck Scrap Yard (Site), located on Downs Drive, Kennedy Township, Allegheny County.

The Sobeck Scrap Yard property is located on Downs Drive about 1 mile southeast of the Coraopolis interchange at Interstate 79 (near Neville Island) in Kennedy Township, Allegheny County. From 1975 through to early 2007, the property was used as a scrap operating facility for trucks, tanks, electrical transformers and supplies from a variety of businesses. The property was also used as a transfer station for a sewage hauling business. This property is unfenced. Results of samples taken of the surface soil located within the Site indicate contamination above the Statewide Health Standards under the Land Recycling and Environmental Remediation Standards Act for lead, PCBs, antimony, zinc, naphthalene, 1,3,4-trimethylbenzene, 1,3,5-trimethylbenzene and heptachlor. Most of the scrap material at the Site has been removed, however there is a concern that this unfenced property is attracting nearby residents, including children, as a walking/play area potentially exposing them to contaminated soil.

The objective and scope of the interim response is the cleanup of contamination related to the scrap yard. Contaminated soil will be excavated and properly disposed. If needed, clean soil will be used to cover any depressions that remain as a result of the clean up work.

The following alternatives were evaluated: (1) no action; (2) install a chain-link fence around scrap yard; and (3) cleanup and dispose of contaminated soil. The selected alternative is number three. This alternative was chosen because it complies with the applicable, relevant and appropriate requirements to the greatest extent compared to the other alternatives and is the most cost effective.

This notice is being provided under section 506(b) of HSCA. The administrative record which contains the information that forms the basis and documents the selection of this response action is available for public review and comment. The administrative record is located at the Department's Pittsburgh Office at 400 Waterfront Drive, Pittsburgh, PA15222 and is available for review Monday through Friday from 8 a.m. to 4 p.m.. Contact Edward Litwin at (412) 442-4000 to schedule a review of this record.

The administrative record will be open for comment from June 7, 2008, until September 5, 2008. Persons may submit written comments into the record during this time only, by sending them to Edward Litwin at the Department's Pittsburgh Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222 or by delivering them to this office in person.

In addition, persons may present oral comments, for inclusion in the administrative record, at a public hearing. The Department has scheduled the hearing for July 21, 2008, at the Kennedy Township Municipal Building, 340 Forest Grove Road, Coraopolis, PA 15108 at 6 p.m. Person wishing to present comments must register with Helen Humphreys by noon on July 21, 2008, at (412) 442-4000 or in writing at 400 Waterfront Drive, Pittsburgh, PA 15222.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should call Helen Humphreys at (412) 442-4000 or through the Pennsylvania AT & T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

### PREAMBLE 2

---

**The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

---

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

The report is intended to document remediation of the site to meet the Site-Specific Standard.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

### PREAMBLE 3

**The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan

for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

*Northeast Region: Ronald S. Brezinski, Regional Environmental Cleanup Program Manager; 2 Public Square, Wilkes-Barre, PA 18711-0790.*

**PPL Former Manufactured Gas Plant—Lehighon, SE Corner of SR 209 and SR 443 (Blakeslee Boulevard)**, Lehighon Borough, **Carbon County**. John Mahfood, The Mahfood Group, 260 Millers Run Road, Bridgeville, PA 15017 submitted a Final Report (on behalf of his client, PPL Gas Utilities Corporation, Two North Ninth Street, Allentown, PA 18101), detailing the remediation of site soils and/or groundwater found to have been impacted by semivolatile organics related to the manufactured gas process. The report demonstrated attainment of the Statewide Health Standard and the Site-Specific Standard using pathway elimination and was approved on May 27, 2008.

*Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.*

## FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

**Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).**

### WATER OBSTRUCTIONS AND ENCROACHMENTS

*Northeast Regional Office, Watershed Management Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.*

**E66-136. Wyoming County, Wyoming County Courthouse,** 1 Courthouse Square, Tunkhannock, PA 18657. Lemon and Tunkhannock Townships, **Wyoming County**, United States Army Corps of Engineers, Baltimore District.

To remove the existing structure, to place fill in a de minimis area of wetlands equal to 0.01 acre and to construct and maintain a two-span prestressed concrete adjacent box beam bridge, known as County Bridge No. 7 having normal spans of approximately 22.8 meters (74.8 feet) and a minimum underclearance of approximately 4.5 meters (14.6 feet) across Tunkhannock Creek (CWF). The project also includes the placement of a temporary stone causeway with five 2.44 meter (8 feet) diameter C.M.P. culverts to allow construction of the center pier. The water obstructions and encroachments were previously authorized by Permit No. E66-124, which expired prior to commencement of construction. The project is located along Township Road T416, approximately 0.3 kilometer (0.2 mile) southeast of SR 0092 (Factorville, PA Quadrangle N: 15.3 inches; W: 15.6 inches). (Subbasin 04F)

**E36-824: Warwick Community Ambulance,** 151 North Lane, Lititz, PA 17543, Lititz Borough, **Lancaster County**, United States Army Corps of Engineers, Baltimore District.

To remove an existing 4,000.0-square foot building and to construct and maintain a 2,256-square foot building with associated grading and paving, impacting the floodway of Lititz Run (WWF) (Lititz, PA Quadrangle N: 6.0-inches; W: 7.5-inches, Latitude: 40° 9' 25.8"; Longitude: 76° 18' 6.9") for the purpose of constructing a new ambulance facility on North Lane in the Borough of Lititz, Lancaster County.

**E21-401: Department of Transportation Engineering District 8-0,** 2140 Herr Street, Harrisburg, PA 17103, North Middleton Township, **Cumberland County**, United States Army Corps of Engineers, Baltimore District.

To remove an existing 190.0-foot long, two-span, steel thru-girder bridge with a clear span of 185.0 feet, an out-to-out width of 26.0 feet and an average underclearance of 12.0 feet, carrying SR 0034 over Conodoguinet Creek (WWF) (Carlisle, PA Quadrangle: Latitude: 40° 14' 21"; Longitude: 77° 10' 49", North: 20.8 inches, West: 7.8

inches) and to construct and maintain a 189.0-foot long, two-span, prestressed concrete adjacent box beam bridge, with a clear span of 185.5 feet, an out-to-out width of 41.4 feet normal to the roadway centerline and an average underclearance of 12.0 feet across Conodoguinet Creek (WWF) (Carlisle, PA Quadrangle: Latitude: 40° 14' 21"; Longitude: 77° 10' 49", North: 20.8 inches; West: 7.8 inches). The project involves permanent relocation of 150.0 feet of intermittent stream channel, 0.01 acre of PEM wetland fill for the purpose of roadway approach widening, temporary cofferdams and the use of a temporary causeway for demolition and construction of the pier. The project will result in approximately 95.0 linear feet of temporary perennial stream impact, 75.0 linear feet of permanent perennial stream impact and 150.0 linear feet of permanent intermittent stream impact, for a cumulative impact of approximately 300.0 linear feet (0.12 acre) in North Middleton Township, Cumberland County. The amount of wetland impact is de minimis and replacement is not required.

**E67-845: Dale and Cindy Bosley, Pond Restoration**, 2515 Hain Road, Stewartstown, PA 17363, North Hopewell Township, York County, United States Army Corps of Engineers, Baltimore District.

To restore a 40.0-foot wide by 60.0-foot long pond to a depth of 5.0 feet by excavating the accumulated sediment that settled and filled the pond. No wetlands will be impacted as a result of the pond restoration. The pond discharges to a UNT to the East Branch Codorus Creek (HQ-CWF) (Glen Rock, PA Quadrangle N: 7.1 inches; W: 3.1 inches, Latitude 39° 47' 17"; Longitude: 76° 38' 45"). The proposed project is located on the southeast quadrant of the intersection of Ebaugh and Hain Roads in North Hopewell Township, York County.

The applicant proposes to construct, operate and maintain two ford crossings and two deer fence crossings in Sandy Creek for private, noncommercial use. The ford crossings shall be constructed with clean, washed R-4 rock. Breakaway lower section of deer fence across the stream shall be constructed and maintained, so that debris and bankfull flows do not cause stream channel erosion or scour. The project is located along the eastern right-of-way of Township Road No. 648 (T-648) approximately 3,000-feet east of Buck Run Road and T-648 intersection.

#### Coastal and Estuarine Land Acquisition Conservation Program; Federal Fiscal Year 2009 Grant Solicitation

The Coastal Resources Management (CRM) Program of the Department of Environmental Protection (Department) is soliciting land acquisition grant proposals to submit to the National Oceanic and Atmospheric Administration (NOAA) through the Coastal and Estuarine Land Conservation Program (CELCP). This solicitation is

for preliminary candidate proposals and is for funding awards under NOAA's Federal Fiscal Year (FFY) 2009 Funding cycle.

The CELCP places an emphasis on "ecologically valuable" lands. The geographic areas covered by the CELCP are the designated Delaware Estuary Coastal Zone Watershed and the Lake Erie Coastal Zone Watershed. Grant applications may be made for the purchase of land acquisitions or interests; these may be in fee-simple title or as conservation easements. A major condition of the CELCP Program is that the title or easement must be held by a governmental/public entity. Further, grant awards must be matched dollar-for-dollar (may include in-kind match but not other Federal funds) and are capped at \$3 million each (Federal share). Land trusts may hold sub-easements for management and stewardship on CELCP-funded properties and may assist in the development of proposals, but they may not hold title to any property acquired with the CELCP funds.

Each coastal state may nominate up to three candidate projects to NOAA for this National, competitive process. The Department will select the three Pennsylvania candidate projects for submission to NOAA employing the guidelines issued by the Federal agency. NOAA will develop a ranked list of projects eligible for funding. Once NOAA receives final appropriations from the United States Congress, the agency will make final determinations as to which projects are selected for funding within amounts available. Federal funding awards, based upon the final CELCP funding appropriated, are expected to be made between March 1, 2009, and October 1, 2009.

The Federal Funding Opportunity (FFO) Announcement, *Federal Register* notice, Description and Scope of Work Formats and CELCP Checklist will be listed on the Department's web site at [www.depweb.state.pa.us](http://www.depweb.state.pa.us) (DEP Keywords "Coastal Zone Management Program/Coastal Zone") as soon as NOAA publishes the materials. These materials contain detailed information about the grant application submission and review process. Applications should follow the format listed in the FFO. The FFO Announcement also contains several links to the NOAA CELCP web site for further explanations of program requirements and additional guidance. In addition, the web site contains the Pennsylvania CELCP plan, as reference for applicants submitting proposals. Applicants should closely review the *Federal Register* notice, FFO and Pennsylvania CELCP plan to understand eligibility requirements, ranking criteria and the types of acquisition projects the program may fund.

Proposals must be submitted no later than July 7, 2008, to Jeff Dewey, Department of Environmental Protection, Water Planning Office, P. O. Box 2063, 400 Market Street, Harrisburg, PA 17105-2063, and must include the following:

1. A project description.
2. Scope of work.
3. Proposed budget.
4. A project application checklist.
5. Maps of the site/project location.

Additionally, applicants may submit supplemental materials listed in the Federal announcement, such as a copy of a property appraisal, title opinion or evidence of a willing seller.

## DEPARTMENT OF PUBLIC WELFARE

### Changes to an Additional Class of Disproportionate Share Payments

The purpose of this notice is to announce the Department of Public Welfare's (Department) intent to revise the criteria and to increase the allocation for disproportionate share hospital (DSH) payments to certain qualifying Medical Assistance (MA) enrolled hospitals. Effective for Fiscal Year (FY) 2007-2008 only, the State General funds allocated for this payment will be increased from \$5.862 million to \$11.348 million.

Effective October 1, 2000, the Department established an additional class of DSH payments to certain qualifying hospitals, which the Department determined advanced the Department's goal of enhanced access to multiple types of medical care in economically distressed areas of this Commonwealth. Increases in MA eligibility and service costs require changes to the original qualifying criteria and a one-time payment increase to the amount allocated to guarantee access to care for MA recipients throughout this Commonwealth.

The Department intends to consider a hospital eligible, provided it is an acute care general hospital that meets all of the following criteria:

(a) The hospital provides in excess of 100,000 inpatient days to MA eligible individuals as reported on its FY 2004-2005 MA Hospital Cost Report (MA 336).

(b) The hospital has a Low-Income Utilization Rate in excess of the 95th percentile of the Low-Income Utilization Rate for all enrolled acute care general hospitals as reported on its FY 2004-2005 MA Hospital Cost Report (MA 336).

(c) The hospital's ratio of MA revenue to net patient revenue exceeds the 98th percentile for all Commonwealth acute care general hospitals as reported in the Pennsylvania Health Care Cost Containment Council's 2006 Financial Analysis, Volume One.

(d) The dollar value of the hospital's uncompensated care equals or exceeds the 94th percentile of the value to uncompensated care for all acute care general hospitals as reported in the Pennsylvania Health Care Cost Containment Council's 2006 Financial Analysis, Volume One.

(e) The hospital is located in a Census tract designated by the Bureau of Primary Health Care of the Health Resource and Services Administration as a Medically Underserved Area.

Payments will continue to be divided proportionally between qualifying hospitals based on the percentages of each qualifying hospital's MA inpatient days to the total MA inpatient days of all qualifying hospitals. In making these payments, the Department will continue to ensure that no acute care general hospital will receive a DSH payment that is in excess of its hospital-specific DSH upper payment limit and the Commonwealth will not exceed its aggregate annual DSH allotment.

*Fiscal Impact*

For FY 2007-2008, the fiscal impact as a result of the revision to the criteria and the one-time payment increase in DSH payment allotment is \$11.949 million in total funds (\$5.486 million in State General Funds and \$6.463 million in Federal funds).

*Public Comment*

Interested persons are invited to submit written comments regarding this notice to the Department at the following address Department of Public Welfare, Office of Medical Assistance Programs, c/o Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

**Grant Payments to Qualifying Teaching Hospitals**

The purpose of this notice is to provide prior public notice of the Department of Public Welfare's (Department) intent to provide grant payments to qualifying teaching hospitals that provide psychiatric services to Medical

Assistance (MA) recipients. Across this Commonwealth there is a shortage of psychiatrists, notably those involved in the public health sector. The Department is working to recruit and retain psychiatrists to work in underserved rural and urban areas throughout this Commonwealth. These payments are intended to help offset the medical education costs of psychiatrists incurred by the hospitals providing psychiatric services to MA recipients and the uninsured.

*Period of the Grant*

The grant period will be the State Fiscal Year (SFY) in which the grant is awarded. Grants will be awarded every SFY, beginning in SFY 2008-2009.

*Grant Limit*

The grant funds will be distributed equally up to a maximum of \$185,000 among the qualifying hospitals. Grants are limited to one per hospital per grant period.

*Spending Cycle*

All moneys awarded to a hospital under this grant program must be spent within a 12-month period beginning on the day that the hospital receives its grant payment. If a hospital is unable to spend all moneys within the 12-month period, the Department may issue an extension.

*Hospital Eligibility*

The Department will consider applications for the grant payment from accredited academic departments of psychiatry and freestanding Accreditation Council for Graduate Medical Education or American Osteopathic Association accredited psychiatric training programs of acute care general hospitals. These programs must be committed to enhancing the development and practice of public psychiatry; participating in the development of a cadre of public service psychiatrists across the State involved in shaping current and future public psychiatric practices; involving consumers and their families in the training of psychiatrists; transforming the training and practice of public psychiatry in alignment with recovery, cultural diversity, trauma and consumer outcomes; and sharing financial support for the program.

*Grant Application Reviews*

The Pennsylvania Psychiatry Leadership Council (PPLC) was created to advance the goal of recruiting and retaining psychiatrists to work in underserved rural and urban areas throughout the Commonwealth. The Department will use the PPLC to review the applications submitted by hospitals under the grant program. The PPLC will evaluate the applications and grants will be awarded based on the hospital's particular characteristics and ability to achieve the goals of the Department. Grants will be awarded as either a planning grant or implementation grant. Planning grants are for teaching hospitals that are not ready to implement a program, yet have the characteristics for which the Department is looking. These hospitals need additional time, funding or both, to develop their programs to the implementation stage. The implementation grants are for hospitals that are ready to implement a program that will advance the Department's goals.

A hospital planning a program or with a program that best demonstrates the following characteristics will be considered for a grant.

- A program that provides a diverse experience in regard to consumer characteristics, practice organizations, geographical locations and interaction with other disciplines.

- A program that provides a model for delivering psychiatric care in underserved areas.
- A program that interacts and integrates psychiatric practice in other health care delivery sites to promote the integration of behavioral and physical health for consumers.
- A program that demonstrates consumer and family friendly environments that encourage and respond to input and feedback to improve the behavioral health services received.
- A program that engages local community psychiatrists who have a background in recovery orientated psychiatry to train, supervise and teach fellows, residents or medical students.
- A program that supports up to six fellows, in post graduate years 4, 5 or 6, who are Board eligible graduates of an approved residency program and show evidence of leadership in prior educational, professional or community activities. The fellows should have a background in mental health policy, administrative psychiatry and public health.

#### *Fiscal Impact*

The Fiscal Year 2008-2009 fiscal impact, as a result of this grant payment is \$0.500 million (\$0.228 million in State funds).

#### *Public Comment*

Interested persons are invited to submit written comments regarding this notice to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

## Medical Assistance Program Fee Schedule Increase for a Select Colposcopy Procedure Code

### *Purpose of Notice*

The Department of Public Welfare (Department) announces that the fee paid by the Medical Assistance (MA) Program for Common Procedural Terminology (CPT) procedure code 57454 has increased effective with dates of service on or after May 15, 2008. As set forth, CPT procedure code 57454 includes a colposcopy of the cervix

with one or more biopsies of the cervix and endocervical curettage. CPT procedure codes 57455 and 57456, which include colposcopy of the cervix and related procedures have significantly higher fees than the current MA Program fee for CPT procedure code 57454. Therefore, after consultation with medical providers, the Department is increasing the MA Program Outpatient Fee Schedule rate for CPT procedure code 57454 to be consistent with the MA Outpatient Program Fee Schedule rates for CPT procedure codes 57455 and 57456 as follows:

<i>CPT Code</i>	<i>Procedure Code Definition</i>	<i>Current Fee</i>	<i>Fee Effective May 15, 2008</i>
57454	Colposcopy of the cervix including upper/adjacent vagina; with biopsy(s) of the cervix and endocervical curettage	\$69.00	\$105.94

### *Fiscal Impact*

The increase is anticipated to have no fiscal impact in Fiscal Year 2007-2008. The increased fee will result in increased costs of \$0.101 million (\$0.046 million in State funds) in the MA Outpatient Program in Fiscal Year 2008-2009.

### *Public Comment*

Interested persons are invited to submit written comments regarding this notice to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Comments received within 30 days will be reviewed and considered in any subsequent revisions to the MA Program Outpatient Fee Schedule.

Persons with a disability who require an auxiliary aid or service may submit comments using the AT&T Relay Services at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

**Watercraft Trailer Forfeiture; Maximum Amount**

Chapter 73, Subchapter B of 75 Pa.C.S. (relating to watercraft trailer forfeiture) applies only to a watercraft trailer with a resale value based upon established industry standards equal to or less than the amount set forth in 75 Pa.C.S. § 7321(c) (relating to scope of subchapter and legislative intent). This subsection provides that for the year 2006, the maximum amount will be \$1,000 and for each year thereafter, the maximum amount will be fixed annually by the Department of Transportation (Department) based upon the maximum amount in the prior year as adjusted to reflect the change in the Consumer Price Index for All Urban Consumers (CPI-U) for the United States for all items as published by the United States Department of Labor, Bureau of Labor Statistics, for the previous 12-month period. The subsection further provides that the maximum amount as adjusted will be rounded to the nearest multiple of \$5 and that the Department will give notice of the new maximum amount by publication in the *Pennsylvania Bulletin*.

Under 75 Pa.C.S. § 7321(c), the Department has fixed the maximum amount for 2007 as \$1,030 and for 2008 as \$1,060.

**FISH AND BOAT COMMISSION**

**Proposed Special Regulation Designations**

The Fish and Boat Commission (Commission) has approved guidelines with regard to encouraging public participation on possible changes to the designation of

streams, stream sections or lakes for special regulation programs. Under 58 Pa. Code Chapter 65 (relating to special fishing regulations), the Commission designates certain streams, stream sections and lakes as being subject to special fishing regulations. These designations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the Commission's guidelines, a notice concerning the proposed designation or redesignation of a stream, stream section or lake under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Commissioners.

At the next Commission meeting on July 14 and 15, 2008, the Commission will consider taking the following actions with respect to streams, stream sections and lakes as waters subject to special fishing regulations under 58 Pa. Code Chapter 65, effective January 1, 2009:

*58 Pa. Code § 65.6. Delayed Harvest Artificial Lures Only (DHALO) Areas*

The Commission will consider the removal of the following water as a DHALO Area regulated and managed under 58 Pa. Code § 65.6:

County	Water on which located	Description
Wayne	Butternut Creek	From Butternut Road (SR 3002) downstream to mouth, a distance of 2.1 miles

*58 Pa. Code § 65.9. Big Bass Special Regulations*

The Commission will consider adding the following waters to its list of "Big Bass Regulation" waters regulated and managed under 58 Pa. Code § 65.9:

County	Water
Monroe	Bradys Lake
Monroe	Gouldsboro Lake

*58 Pa. Code § 65.11. Panfish Enhancement Special Regulations*

The Commission will consider adding the following waters to its list of "Panfish Enhancement Special Regulation" waters regulated and managed under 58 Pa. Code § 65.11:

County	Water
Monroe	Bradys Lake
Monroe	Gouldsboro Lake

*58 Pa. Code § 65.19. Approved Trout Waters Open to Year-Round Fishing*

The Commission recently proposed and sought public comments on a new § 65.19 (relating to approved trout waters open to year-round fishing) through a notice of proposed rulemaking that was published at 38 Pa.B. 1588 (April 5, 2008). At its meeting on July 14 and 15, 2008, the Commission will consider the final adoption of § 65.19. If adopted on final-form rulemaking, this section will go into effect on January 1, 2009. The Commission will consider designating the following waters as part of the Approved Trout Waters Open to Year-Round Fishing Program:

<i>County</i>	<i>Water</i>
Armstrong	Mahoning Creek (from Mahoning Creek Dam outflow downstream to the confluence of Pine Run)
Bedford	Koon Lake
Berks	Tulpehocken Creek (from covered bridge at T-921 downstream to the mouth)

## INDEPENDENT REGULATORY REVIEW COMMISSION

### Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 645.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>
17-75	Municipal Police Officers' Education and Training Commission Retired Law Enforcement Officers Identification and Qualification Cards 38 Pa.B. 1486 (March 29, 2008)	4/28/08	5/28/08

**Municipal Police Officers' Education  
and Training Commission  
Regulation #17-75 (IRRC #2661)**

**Retired Law Enforcement Officers  
Identification and Qualification Cards**

**May 28, 2008**

We submit for your consideration the following comments on the proposed rulemaking published in the March 29, 2008 *Pennsylvania Bulletin*. Our comments are based on criteria in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Municipal Police Officers' Education and Training Commission (Commission) to respond to all comments received from us or any other source.

**1. General.—Reasonableness; Clarity.**

*Qualification cards*

Commentators have expressed concern that they will not be eligible for qualification cards because they did not retire from a law enforcement agency in the Commonwealth. If the retired officer lives in Pennsylvania and has obtained an identification card from a Federal agency or an agency outside of the state, would that officer be eligible to attempt to meet the requirements for a qualification card under these proposed regulations? The final-form regulation should clearly state the Commission's intent with regard to officers in this situation.

*Consistent term*

The terms "agency," "public agency," "law enforcement agency," "issuing agency," "law enforcement agency from which the applicant retired" and "retiring agency" seem to be used interchangeably throughout the regulation. For clarity, one consistent term should be defined and used throughout the regulation.

*Requests*

Sections 221.23(b), 221.24(a) and 221.34(a) of this regulation either require or permit the retired officer to make certain requests relating to identification and qualification cards. Some of these requests will be made to the "agency" and others will be made to the firearms instructor. However, it is not clear in what format these requests are required to be made. Are oral requests acceptable or must they be in writing? The final-form regulation should specify the required form of these requests.

**2. Section 221.2. Definitions.—Clarity.**

The definition of "Certified law enforcement firearm instructor" contains the phrase "or other certification approved by the . . . Commission." What other certifications are acceptable and how is approval obtained? The

methods for obtaining "other certification" should be set forth in an appropriate section of the final-form regulation or this phrase should be deleted from the definition.

**3. Section 221.21. Eligibility.—Consistency with existing legislation; Reasonableness.**

*Pennsylvania Pension Forfeiture Act*

Subsection (4) of this proposed regulation requires that eligible retired officers have "a nonforfeitable right to benefits under the retirement plan of the agency." We note that this provision echoes language in the Federal statute (18 USC 926C) that inspired the Retired Law Enforcement Identification Act (Act). However, a commentator notes that because the Pennsylvania Pension Forfeiture Act (43 P.S. §§ 1311 et seq.) requires forfeiture of retirement benefits when a public official or public employee pleads guilty to or is convicted of certain criminal offenses, no retired officer has a truly nonforfeitable right to benefits. In the final-form regulation, the Department should explain the interface between 18 U.S.C. § 926C, the Act and the Pension Forfeiture Act, and how a retired officer's eligibility for a retired law enforcement identification card will be affected as a result.

*Commonwealth's standards*

Subsection (5) contains the phrase ". . . State's standards for training and qualification for active law enforcement officers to carry firearms . . ." However, the Commission has defined the phrase "Commonwealth's standards for training and qualification for active law enforcement officers to carry a firearm" in this proposed regulation. Do these terms reference the same training? If so, the Commission should use the defined term. If not, the Commission should add a citation to the specific standards intended to be used in the undefined phrase. A similar concern applies to Section 221.31(2)(x).

**4. Section 221.22. Identification card contents.—Reasonableness; Clarity.**

Subsection (b)(9) requires the identification card to contain "other information designated by the Commission." How will one know what else to put on the card? To ensure that the requirements are clear, information required to be put on the card should be set forth in this regulation.

Further, this subsection seems to conflict with Subsection (a), which requires all identification cards to be uniform. How can identification cards be uniform if some include "other information"? The Commission has indicated that, if new information is required for cards in the future, it may grandfather cards issued prior to the language addition or require the issuance of new cards. A provision clarifying these issues should be added to the final-form version of this regulation. Also, would the new cards be subject to a fee? A similar concern also applies to Section 221.32(b)(9).

**5. Sections 221.24 and 221.34. Replacement; change in material information.—Reasonableness; Clarity.**

*Optional vs. Required*

Why is it an option for a retired officer to obtain a replacement card under Sections 221.24(a) and 221.34(a), but it is a requirement to do so under Sections 221.24(b) and 221.34(b)?

*Fees*

Why do Sections 221.24(a) and 221.34(a) reference the payment of a fee for a replacement card and Sections 221.24(b) and 221.34(b) do not?

Also, what is the “required fee” for a replacement identification card under Section 221.24(a)? We note that an agency is permitted to charge a fee of up to \$15.00 for the issuance of a new identification card in Section 221.23(c). Is the fee for a replacement identification card the same? This fee should be set forth in the final-form regulation.

Further, Section 221.34(a) refers to the payment of the “required fee” for a replacement qualification card. However, there is no specific fee for the issuance of a new or replacement qualification card contained in this regulation. If fees are required, they should be established in the final-form regulation.

*Replacement cards*

Sections 221.24(b) and 221.34(b) require a retired law enforcement officer to “obtain” a new identification or qualification card within 15 days when there is a change of information or an error is discovered. It is unclear if the officer must apply for a new card within the 15-day period, or if the agency must issue a new card within 15 days of the officer’s application. This should be clarified in the final-form regulation.

Additionally, we note that while Section 221.23 specifies time frames within which law enforcement agencies must issue initial identification cards, Section 221.33 does not include any time frames for initial issuance of qualification cards. The final-form regulation should set forth the time frames within which initial qualification cards and replacement identification and qualification cards must be issued.

**6. Subsection 221.31. Eligibility.—Reasonableness; Need; Clarity.**

*Eligibility criteria verification*

Commentators have questioned what entity will be responsible for verifying that the retired officer meets the 16 criteria under Subsection (2). The Commission should set forth the verification process in the final-form regulation.

*Automatic weapons*

Representative Marsico, Minority Chairman, House Judiciary Committee, asserted that Subsections (2)(ii) and (2)(ix) could conflict. One permits the retired officer to carry an automatic weapon and the other prohibits machine guns. What other types of automatic weapons can be carried that are not considered machine guns? Further, what is the need to permit a retired officer to carry an automatic weapon?

**7. Section 221.33. Qualification card issuance.—Reasonableness; Clarity.**

*Commission guidelines*

Subsection (c) states that the retired officer shall meet the standards established by the agency from which the officer retired from or “the guidelines established by the Commission . . . .” However, we note that provisions found in guidelines are not enforceable as binding norms. Therefore, if the Commission intends to require that a retired officer meet certain standards, those standards should be set forth in regulation. Because Commission staff has indicated that these guidelines are already developed and available, this phrase should be deleted and those provisions should be put into regulation.

*Record Retention*

Subsections (f) and (h)(1) require the firearm instructor or the sheriff to maintain certain records. How long must the instructor or sheriff maintain those records? In what format should they be kept? These requirements should be clearly stated in the final-form regulation.

*Provision of records*

Subsections (g) and (h)(5) require the firearms instructor or the sheriff to provide a copy of certain records to the Commission. The final-form regulation should specify the acceptable format for submitting the records.

**8. Miscellaneous clarity issues.**

*Section 221.21(5)*

- The word “offers” should be “officers.”

*Section 221.21(6)*

- To be consistent with Section 221.31(2)(viii), this subsection should include the phrase “or possessing” after the word “receiving.”

*Section 221.31(2)(xiv)*

- The word “the” before “Pennsylvania’s” in this subsection should be deleted.

*Section 221.31(2)(xv)*

- The word “that” appears twice in succession.

### Application and Request for Plan Approval of a Mutual-to-Stock Conversion

The Philanthropic Mutual Fire Insurance Company, a Pennsylvania domiciled mutual property insurance company, has submitted a Plan of Mutual-to-Stock Conversion, whereby it proposes to convert from a mutual insurance company to an insurer organized as a stock company. The initial filing was made under requirements set forth under the Insurance Company Mutual-to-Stock Conversion Act (40 P. S. §§ 911-A—929-A).

In conjunction with the mutual-to-stock conversion, Mutual Management Company, LLC has filed an application for approval to acquire control of the converted Philanthropic Mutual Fire Insurance Company. The acquisition filing was made under the requirements set forth under the Insurance Holding Companies Act (40 P. S. §§ 991.1402—991.1413).

Additionally, the Hanover Fire Holdings, Inc. has submitted a Plan of Merger, whereby it proposes to merge Hanover Fire and Casualty Insurance Company, a Pennsylvania domiciled stock casualty insurance company subsidiary, with and into the converted Philanthropic Mutual Fire Insurance Company. The survivor of the merger would be the converted Philanthropic Mutual Fire Insurance Company. The merger filing was made pursuant with requirements set forth under the Business Corporation Law of 1988, 15 Pa.C.S. §§ 1921—1932 and GAA Amendments Act of 1990 (15 P. S. §§ 21205—21207); and section 207 of the Insurance Company Act of 1921 (40 P. S. §§ 991.1402—991.1413).

Any person wishing to comment on the grounds of public or private interest to the issuance of the Insurance Department's (Department) orders approving of the conversion, acquisition and/or merger is invited to submit a written statement to the Department within 60 days from the date of this issue of the *Pennsylvania Bulletin*. Each written statement must include name, address and telephone number of the author, identification of the application to which the statement is addressed, and a concise statement with sufficient detail to inform the Department of the exact basis of the statement and the relevant facts upon which it is based. ### Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68) (Act 68) in connection with the termination of the insureds' automobile policies. The hearings will be held in accordance with the requirements of Act 68; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). The administrative hearings will be held in the Insurance Department's regional offices in Philadelphia, PA. Failure by an appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The following hearings will be held in the Philadelphia Regional Office, Room 1701, State Office Building, 1400 Spring Garden Street, Philadelphia, PA 19130.

Appeal of Darren Coleman; file no. 08-214-51572; AIG Indemnity Insurance Company; Doc. No. PH08-05-021; July 24, 2008, 2 p.m.

Appeal of Juanita Early; file no. 08-214-51119; AIG National Insurance Company; Doc. No. PH08-05-022; July 24, 2008, 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or other relevant evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the previously-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing, contact Joel Cortes, Human Resources Analyst at (717) 783-2168.

*Pennsylvania Public Utility Commission, Bureau of  
Transportation and Safety v. S & P Trucking, LLC;  
Doc. No. C-2008-2037185*

#### COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That all authority issued to S & P Trucking, LLC (respondent) is under suspension effective 2008/03/04 for failure to maintain evidence of insurance on file with this Commission.

2. That respondent maintains a principal place of business at 1132 North Irving Street, Allentown, PA 18109.

3. That respondent was issued a Certificate of Public Convenience by this Commission on August 17, 2005, at Application Docket No. A-00116350.

4. That respondent has failed to maintain evidence of Liability insurance on file with this Commission.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

*Wherefore*, unless respondent causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at Docket No. A-00116350 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of two hundred and fifty dollars (\$250.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,

Wendy J. Keezel, Chief of Enforcement  
Motor Carrier Services & Enforcement Division  
Bureau of Transportation and Safety  
P. O. Box 3265  
Harrisburg, PA 17105-3265

#### VERIFICATION

I, Wendy J. Keezel, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect that the Bureau will be able to prove same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

#### NOTICE

A. You must file an Answer within twenty (20) days of the date of service of this Complaint. The date of service is the mailing date as indicated at the top of the Secretarial Cover Letter for this Complaint and Notice, 52 Pa. Code § 1.56(a). An Answer is a written explanation of circumstances wished to be considered in determining the outcome. The Answer shall raise all factual and legal arguments that you wish to claim in your defense and must include the reference number of this Complaint. Your Answer must be verified and the original and three (3) copies sent to:

James J. McNulty, Secretary  
Pennsylvania Public Utility Commission  
P. O. Box 3265

B. If you fail to answer this Complaint within twenty (20) days of the date of service, the Bureau of Transportation and Safety will request that the Commission issue an Order imposing a penalty. Pursuant to 66 Pa.C.S. § 3301(a), the penalty could include a fine of up to \$1,000 for each violation, the revocation of your Certificate of Public Convenience, or any other remedy as may be appropriate. Each day you continue to violate any regulation, direction, requirement, determination or Order of the Commission is a separate and distinct offense, subject to additional penalties.

C. You may elect not to contest this Complaint by causing your insurer to file proper evidence of current insurance in accordance with the Commission's regulations and by paying the fine proposed in the Complaint by certified check or money order within twenty (20) days of the date of service of this Complaint.

The proof of insurance must be filed with the:

Compliance Office, Bureau of Transportation and Safety  
 Pennsylvania Public Utility Commission  
 P. O. Box 3265  
 Harrisburg, PA 17105-3265

Acord Certificates of Insurance and Faxed Form Es and Hs are **UNACCEPTABLE** as Evidence of Insurance.

The fine payment must be made to the Commonwealth of Pennsylvania and forwarded to:

James J. McNulty, Secretary  
 Pennsylvania Public Utility Commission  
 P. O. Box 3265  
 Harrisburg, PA 17105-3265

Your payment is an admission that you committed the alleged violation and an agreement to cease and desist from further violations.

Upon receipt of the evidence of insurance from your insurer and receipt of your fine payment, the Complaint proceeding shall be closed.

D. If you file an Answer which admits or fails to deny the allegations of the Complaint, the Bureau of Transportation and Safety will request that the Commission issue an Order imposing a penalty, which may include the cancellation of your Certificate of Public Convenience. Should the Commission cancel your Certificate of Public Convenience, it may also impose an additional fine of up to \$1,000.

E. If you file an Answer which contests the Complaint, the matter will be assigned to an Administrative Law Judge for hearing and decision. The judge is not bound by the optional fine set forth above.

F. Alternative formats of this material are available, for persons with disabilities, by contacting the Compliance Office at (717) 787-1227.

## TREASURY DEPARTMENT

### Unclaimed Property Owners

Each year, the Treasury Department (Department) receives millions of dollars in unclaimed property from abandoned bank accounts, forgotten stocks, checks that have not been cashed, certificates of deposit, safe deposit box contents, life insurance policies and other sources. Treasury maintains custody of this unclaimed property, while working hard to return it to its rightful owners.

The following list of unclaimed property was reported and delivered to the Department. If you find your name, you can file a claim on Treasury's web site at [www.patreaury.org](http://www.patreaury.org). From this site, you can download a claim form and follow the progress of your claim. Persons may also file a claim by calling the Bureau of Unclaimed Property at (800) 222-2046, Monday through Friday, 7:30 a.m.—4:30 p.m. Written inquiries may be sent to the Bureau of Unclaimed Property, P. O. Box 1837, Harrisburg, PA 17105-1837, Attention Research Department.

Some accounts have been reported without the name and address of the owner. If you have done business with any of these companies and believe you may be entitled to unclaimed property, contact the Bureau of Unclaimed Property for further assistance. Please note that original documents will be required to file a claim.
