# READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

## ***Pennsylvania Bulletin***

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

### **Adoption, Amendment or Repeal of Regulations**

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

*Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

### **Citation to the *Pennsylvania Bulletin***

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

### ***Pennsylvania Code***

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

### **How to Find Documents**

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211  
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

### Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [ ] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

### Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

### Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

#### § 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Comment

\* \* \* \* \*

The caption or other words used as a label or designation [ shall ] is not to determine whether something is or establishes a local rule; if the definition in paragraph (A)

of this rule is satisfied, the matter is a local rule regardless of what it may be called. The provisions of this rule also are intended to apply to any amendments to a "local rule." Nothing in this rule is intended to apply to case-specific orders.

Paragraph (B) [ vacates ] vacated all current local rules on October 1, 2005, the **original** effective date of this rule. The local rules are to be repromulgated to comply with this rule. This includes rekeying pursuant to paragraph (C) [ (2) ] and meeting the appropriate filing requirements under [ paragraph ] paragraphs [ (D) ] (F) and (G).

To simplify the use of local rules, local juvenile delinquency procedural rules are required to be given numbers that are keyed to the number of the general juvenile delinquency procedural rules to which the local rules correspond pursuant to paragraph (C). This requirement is not intended to apply to local rules that govern the general business of the court and which do not correspond to a general juvenile delinquency procedural rule.

Paragraph (D), added in 2008, requires that, before publishing the local rule or proceeding with any of the other requirements in paragraphs (F) and (G), the adopting court must submit all proposed local delinquency rules or rule amendments to the Juvenile Court Procedural Rules Committee for review.

[ The purpose of paragraph (D) is to ] The 2008 amendments emphasize that the adopting authority [ shall ] is to comply with all the provisions of [ paragraph (D) ] this rule before any local rule, or any amendment to local rules, will be effective and enforceable.

Paragraph (F) requires the local rule to be published in the *Pennsylvania Bulletin* to be effective. Pursuant to 1 Pa. Code § 13.11(b)—(f), any documents that are submitted for publication must be accompanied by a diskette or CD-ROM formatted in MS-DOS, ASCII, Microsoft Word, or WordPerfect or in lieu of a diskette or CD-ROM, an electronic copy may be submitted to Legislative Reference Bureau at pabsupreme@palrb.us. The diskette, CD-ROM, or email cover sheet must be labeled with the court's name and address and the local rule's computer file name. In addition, a copy of the written notification, received from the Juvenile Court Procedural Rules Committee, that the local rule is not inconsistent with the Rules of Juvenile Court Procedure is to be submitted.

[ Paragraph (D)(5) requires that a separate consolidated set of local rules be maintained in the clerk's office.

The Administrative Office of Pennsylvania Courts maintains a web-page containing the text of local rules. That web-page is located at: <http://www.courts.state.pa.us/judicial-council/local-rules/index.htm>. ]

Pursuant to paragraph (F)(2), an electronic copy is a document sent via email to the *Pennsylvania Bulletin*.

Although under paragraph [ (E) ](F)(3) a local rule [ shall ] is not to be effective until at least thirty days after the date of publication in the *Pennsylvania Bulletin*,

when a situation arises that requires immediate action, the local court may act by specific orders governing particular cases in the interim before an applicable local rule becomes effective.

The Administrative Office of Pennsylvania Courts maintains a web-page containing the text of local rules. That web-page is located at: <http://www.pacourts.us/T/SpecialCourts/LocalRules.htm>.

Paragraph (H) requires that a separate consolidated set of local rules be maintained in the clerk's office.

The purpose of paragraph ([ F ] I) is to: 1) require that all documents presented for filing are accepted by the clerk of court, also see Rule 345 (A)(2); and 2) prevent the dismissal of cases, or the granting or denial of requested relief, because a party has failed to comply with a local rule. In addition, paragraph ([ F ] I) requires that the party be alerted to the local rule, and be given a reasonable amount of time to comply with the local rule.

After the court has alerted the party to the local rule pursuant to paragraph ([ F ] I), the court may impose a sanction for subsequent noncompliance either on the attorney or the juvenile if proceeding *pro se*, but may not dismiss the case, or grant or deny relief because of non-compliance.

**Official Note:** Rule 121 adopted April 1, 2005, effective October 1, 2005. Amended December 12, effective immediately.

*Committee Explanatory Reports:*

Final Report explaining the provisions of Rule 121 published with the Court's Order at 35 Pa.B. 2214 (April 16, 2005).

Final Report explaining the amendments to Rule 1121 published with the Court's Order at 38 Pa.B. 7084 (December 27, 2008).

Paragraph (B) [ vacates ] vacated all current local rules on February 1, 2007, the original effective date of this rule. The local rules are to be repromulgated to comply with this rule. This includes rekeying pursuant to paragraph (C)[ (2) ] and meeting the appropriate filing requirements under [ paragraph ] paragraphs ([ D ] F) and (G).

To simplify the use of local rules, local juvenile dependency procedural rules are required to be given numbers that are keyed to the number of the general juvenile

dependency procedural rules to which the local rules correspond pursuant to paragraph (C). This requirement is not intended to apply to local rules that govern the general business of the court and which do not correspond to a general juvenile dependency procedural rule.

Paragraph (D), added in 2008, requires that, before publishing the local rule or proceeding with any of the other requirements in paragraphs (F) and (G), the adopting court must submit all proposed local dependency rules or rule amendments to the Juvenile Court Procedural Rules Committee for review.

[ The purpose of paragraph (D) is to ] The 2008 amendments emphasize that the adopting authority is to comply with all the provisions of [ paragraph (D) ] this rule before any local rule, or any amendment to local rules, will be effective and enforceable.

Paragraph (F) requires the local rule to be published in the *Pennsylvania Bulletin* to be effective. Pursuant to 1 Pa. Code § 13.11(b)—(f), any documents that are submitted for publication must be accompanied by a diskette or CD-ROM formatted in MS-DOS, ASCII, Microsoft Word, or WordPerfect or in lieu of a diskette or CD-ROM, an electronic copy may be submitted to Legislative Reference Bureau at pabsupreme@palrb.us. The diskette, CD-ROM, or email cover sheet must be labeled with the court's name and address and the local rule's computer file name. In addition, a copy of the written notification, received from the Juvenile Court Procedural Rules Committee, that the local rule is not inconsistent with the Rules of Juvenile Court Procedure is to be submitted.

[ Paragraph (D)(5) requires that a separate consolidated set of local rules be maintained in the clerk's office.

The Administrative Office of Pennsylvania Courts maintains a web-page containing the text of local rules. That web-page is located at: <http://www.courts.state.pa.us/judicial-council/local-rules/index.htm>. ]

Pursuant to paragraph (F)(2), an electronic copy is a document sent via email to the *Pennsylvania Bulletin*.

Although under paragraph ([ E ] F)(3) a local rule is not to be effective until at least thirty days after the date of publication in the *Pennsylvania Bulletin*, when a situation arises that requires immediate action, the local court may act by specific orders governing particular cases in the interim before an applicable local rule becomes effective.

The Administrative Office of Pennsylvania Courts maintains a web-page containing the text of local rules. That web-page is located at: <http://www.pacourts.us/T/SpecialCourts/LocalRules.htm>.

Paragraph (H) requires that a separate consolidated set of local rules be maintained in the clerk's office.

The purpose of paragraph ([ F ] I) is to: 1) require that all documents presented for filing are accepted by the clerk of court, also see Rule 345 (A)(2); and 2) prevent the dismissal of cases, or the granting or denial of requested relief, because a party has failed to comply

with a local rule. In addition, paragraph ([ F ] I) requires that the party be alerted to the local rule, and be given a reasonable amount of time to comply with the local rule.

After the court has alerted the party to the local rule pursuant to paragraph ([ F ] I), the court may impose a sanction for subsequent noncompliance either on the attorney or the party if unrepresented, but may not dismiss the case, or grant or deny relief because of non-compliance.

### INTRODUCTION

The Supreme Court of Pennsylvania has adopted the proposed changes to Rules 121 and 1121. The changes are effective immediately.

### EXPLANATORY REPORT DECEMBER 2008

#### I. BACKGROUND

Rule of Juvenile Court Procedure 121 was adopted in 2005 and Rule of Juvenile Court Procedure 1121 was adopted in 2007 "to facilitate the statewide practice of law under this Court's general rules, and to promote the further policy that a general rule of juvenile court procedure normally preempts the subject covered." The Juvenile Rules were modeled after Pa.R.Crim.P. 105 and Pa.R.C.P. 239, which were adopted in 1983. To provide consistency among the Court's rules, these amendments mirror the new language and intent of the Pa.R.Crim.P. 105 adopted January 25, 2008.

The amended rules provide a uniform definition of local rules, prerequisites to effectiveness and effective dates, procedures for accessibility and distribution, and for the suspension of inconsistent local rules.

When Pa.Rs.J.C.P. 121 and 1121 were adopted, all local rules were vacated. Each judicial district could promulgate new local rules that did not conflict with the Rules of Juvenile Court Procedure and each judicial district may continue to promulgate new consistent local rules.

Because judicial districts have continued to enact local rules that fail to comply with the provisions of Rule 121 or 1121, these amendments make the requirements for local rules absolutely clear. Judicial districts that continue to enact local rules by calling them something other than a local rule, even though the practices and procedures are local rules within the definitions of Rule 121 or 1121, will be prohibited from enacting those local rules until Rule 121 or 1121 have been followed. In addition, local rules will be published and made available to the members of the Bar.

Because of this non-compliance by some judicial districts and the need to provide uniform procedure, the Committee agreed that the only recourse to ensure compliance was to require that local rule amendments be submitted in writing to the Committee for review before a judicial district may enact or amend a local rule. The local rule will not be effective and enforceable unless the

local adopting court receives a written notification from the Committee that the local rule is consistent with the Rules of Juvenile Court Procedure. This requirement and some additional clarifying amendments are discussed below.

#### II. DISCUSSION

The amended rule, which requires that all new local rules and local rule amendments must be submitted to the Committee for the Committee's review before the local rule may be published and before the rule or amendments will be effective and enforceable, is set forth in amended paragraph (D). Pursuant to this new amendment, the adopting court is required to submit in writing any proposal that governs juvenile court practice and procedure to the Committee for the Committee's review. This pre-adoption review is narrow in scope. The Committee will merely determine whether the proposed local rule provisions comply with the requirements of Rule 121 or 1121. Specifically, the Committee will be considering whether the local rule change is consistent with the general rules of the Supreme Court as required in Rule 121(E) or 1121(E). The Committee will not be passing judgment on the wisdom of the local rule or the substantive validity of the provisions of the local rule or on the merits of the local rule.

Following this review, the Committee will communicate in writing with the adopting court. The adopting court will be prohibited from proceeding with the local rule proposal until receiving written notification from the Committee that the proposed local rule satisfies the requirements of Rule 121 or 1121 and is consistent with the statewide rules. In addition, paragraph (F)(2)(c) will require the adopting court to send a copy of the written statement received from the Committee to the Legislative Reference Bureau when publishing a new local rule.

Rules 121 and 1121 also have been reorganized to emphasize more clearly the essential requirements of the rule. Paragraph (A), which sets forth the "definition" of local rule, remains mostly the same. The term "administrative order" has been added to the list of things in this paragraph that are considered "local rules." In our experience, many local enactments labeled "administrative orders" are in fact "local rules" that should comply with Rule 121 or 1121 requirements. The Committee agreed that "administrative order" should be added to paragraph (A) because some judicial districts continue to ignore the clear mandate of Rule 121 or 1121. For example, they are designating various directives as "administrative orders" that actually govern practice and procedure in juvenile court cases or they are failing to publish or provide copies of these administrative orders to the Committee. As has been intended since the inception of Rule 121 or 1121, only administrative orders that govern juvenile court practice and procedure in some way would be subject to Rule 121 or 1121. This change is not intended to affect administrative orders that govern other aspects of court operations, such as administrative orders that establish local court calendars.

In addition, the phrase "which requires a party or party's attorney to do or refrain from doing something" has been removed from paragraph (A). These same non-compliant judicial districts fail to send in a local rule rationalizing that it is not a local rule because it does not meet the definition of "a party or party's attorney doing or refraining from doing something."

Paragraph (B) has been reworded to show that all local rules promulgated before October 1, 2005 were vacated at

the time of adoption of these Rules and moved to paragraph (B)(1). Old paragraph (C)(1) was moved to new paragraph (B)(2), which provides that each judicial district may adopt new local rules that are not in conflict with the Rules of Juvenile Court Procedure.

Old paragraph (C)(2) is now paragraph (C), which requires that local rules be given numbers keyed to the statewide rules to add emphasis to this requirement.

Old paragraph (G) will be retained as new paragraph (E)(1) and (2). The requirements are now separated to emphasize that the Committee may recommend the suspension, vacation, and amendment of local rules that do not comply with Rule 121 or 1121 to the Supreme Court. Pending that action, the Committee may suspend a local rule.

New paragraph (F) sets forth the provisions related to publishing proposed local rules in the *Pennsylvania Bulletin*, making it clear that to be effective and enforceable, the local rule must be published, but not until the Committee has provided written notification that the local rule is not inconsistent as required by new paragraph (D). In addition, old paragraph (D)(3) that explains what must be sent to the *Pennsylvania Bulletin* is now new paragraph (F)(2). Old paragraph (E) that requires the effective date of new local rules and amended local rules be not less than 30 days after publishing in the *Pennsylvania Bulletin* is now new paragraph (F)(3).

New paragraph (G) is taken from old paragraph (D)(2); however, new paragraph (G) requires that, contemporaneously with publishing in the *Pennsylvania Bulletin*, the adopting court must file one copy of the local rule with the AOPC. Old paragraph (D)(2) required that seven copies be sent to the AOPC.

Because new paragraph (D) requires that the adopting court submit a written copy of the proposed local rule to the Committee for prior approval, old paragraphs (D)(1) and (D)(4) will no longer be necessary.

Old paragraph (D)(5) has been moved to new paragraph (H).

New paragraph (I) incorporates old paragraph (F), and includes as a first sentence the requirement that the clerk of courts accept all pleadings and other legal papers for filing even if the document does not satisfy the requirements of a local rule.

This new recommendation is comparable to Pa.R.C.P. 205.2, Pa.Rs.Crim.P. 105 and 576(A), and complies with the requirements in Pa.R.J.C.P. 345(A).

**Application No. PA 0246719**, CAFO, **Pleasant View Farms, Inc.**, R. D. 1, Box 124, Martinsburg, PA 16662.

Pleasant View Farms, Inc. has submitted an application to renew the existing Individual NPDES permit for an existing CAFO known as the Pleasant View Farm, located in North Woodbury Township, **Blair County**.

The CAFO is situated near Plum and Halter Creeks, which are classified as a WWF. The CAFO includes three sites designed to maintain an animal population of approximately 2,938 animal equivalent units consisting of 70 steers, 1,665 mature dairy cows, 850 dairy heifers and 350 dairy calves. Manure is stored in three earthen manure storage impoundments and two concrete manure storage structures with a total combined capacity of approximately 7.5 million gallons. Manure produced at the operation is agriculturally applied to land under the control of Pleasant View Farms in accordance with an approved Nutrient Management Plan. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department of Environmental Protection (Department) has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to reissue the NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit. The permit application and draft permit are on file at the Southcentral Regional Office of the Department.

Persons may make an appointment to review the Department's files by calling the file review coordinator at (717) 705-4732.

Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. Following the 30-day comment period, the Watershed Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The Environmental Protection Agency permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

### PREAMBLE 1

---

#### Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

---

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demon-

strates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

### PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

#### NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act (act) and regulations adopted under the act.

## PLAN APPROVALS

**Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B.** These actions may include the administrative amendments of an associated operating permit.

This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate BAT for the source:

## COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated above each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding Concerning Water Quality Management, NPDES Program Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on an NPDES permit application should submit a statement to the Department at the address of the district mining office indicated previously each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES

permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. In the case where a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

*Coal Applications Received*

*Effluent Limits*—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (Total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l
pH <sup>1</sup>		greater than 6.0; less than 9.0	
Alkalinity greater than acidity <sup>1</sup>

### THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

#### FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

### UNDER ACT 2, 1995

#### PREAMBLE 2

**The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published

in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995

#### PREAMBLE 3

**The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Stan-

A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

## DEPARTMENT OF PUBLIC WELFARE

### Emergency Department and Outpatient Access Payments

#### *Purpose of Notice*

The purpose of this notice is to announce that the Department of Public Welfare (Department) intends to amend the Commonwealth's Title XIX State Plan to authorize additional outpatient payments to certain acute care general hospitals that will be funded with revenues generated through a hospital assessment imposed by the City of Philadelphia.

#### *Background*

On July 4, 2008, the Pennsylvania General Assembly enacted Article IV-E of the Public Welfare Code (62 P. S. §§ 801-E—808-E) to authorize the City of Philadelphia to impose, by ordinance, a monetary assessment on the non-Medicare net operating revenue of acute care general hospitals located in the city. The new Hospital Assessment Program (Program) is intended to generate additional revenues to fund Medical Assistance (MA) expenditures for hospital emergency department services in Philadelphia. The Program is also expected to generate additional funding to support the city's public health clinics. To ensure receipt of Federal matching funds for the MA payments made with these assessment revenues, the Department must submit a waiver request to the Federal Centers for Medicare and Medicaid Services (CMS). Once that waiver is approved, the city may impose the assessment as specified in Article IV-E effective January 1, 2009 through June 30, 2013.

In authorizing the Program, the General Assembly recognized that a greater proportion of Philadelphia's population receives MA benefits than any other county in this Commonwealth and that the demand for emergency department services in the city hospitals often exceeds the capacity of the area's emergency department's system. By establishing a mechanism to generate additional revenues through hospital assessments, the General Assembly sought to assure that MA recipients would continue to have access to critical hospital services and that all citizens would have access to emergency department services within the city. Under Article IV-E, funds generated from the Program must be deposited in a restricted account and used by the Department to make "supplemental or increased medical assistance payments for emergency department services to general acute care hospitals . . . and to maintain or increase other medical assistance payments to hospitals within [Philadelphia], as specified in the Commonwealth's approved Title XIX State Plan." 62 P. S. § 804-E.

Consistent with Article IV-E, the Department intends to submit a State Plan Amendment (SPA) to CMS to authorize the emergency department and outpatient access payments to acute care general hospitals in Philadelphia with emergency departments that provide at least 1,000 emergency department services to Pennsylvania MA patients per year. Under the SPA, the Department will distribute the additional payments to qualifying acute care general hospitals based on each qualifying hospital's historical outpatient MA claims. Payments to a qualifying hospital under the State Plan will be limited to the amount permitted by the hospital's OBRA 93 hospital specific limit. The Department is also considering includ-

ing other limits on the payments in the SPA, such as limiting the maximum payment amount to 3% of the hospital's net patient revenue. Hospitals that furnish acute care inpatient services to patients who are predominantly under the age of 18 or hospitals that receive a disproportionate share payment for enhanced access to multiple types of medical care in economically distressed areas of this Commonwealth under the State Plan will not be eligible to receive these additional payments.

These payments are contingent upon CMS' approval of the SPA and the waiver authorizing implementation of Philadelphia hospital assessment in accordance with the Article IV-E.

#### *Fiscal Impact*

For Fiscal Year (FY) 2008-2009, the fiscal impact as a result of making these outpatient payments is \$68.400 million in total funds (\$31.108 million in State general funds and \$37.292 million in Federal funds). For Fiscal Year 2009-2010, the fiscal impact as a result of making these outpatient payments is \$136.800 million in total funds (\$61.919 million in State general funds and \$74.881 million in Federal funds).

#### *Public Comment*

Interested persons are invited to submit written comments regarding this notice to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Comments received within 30 days will be reviewed and considered for potential revisions to the proposed payment methods and standards described in this notice.

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).
