

# NOTICES

## DEPARTMENT OF AGRICULTURE

### Order of Quarantine; Emerald Ash Borer

#### Recitals

A. Emerald Ash Borer (EAB), *Agrilus planipennis* (*Fairemaire*)—a beetle indigenous to Asia—is a serious plant pest that attacks and kills ash trees belonging to the genus *Fraxinus*. EAB has worked its way east from Michigan, where it was first detected in 2002.

B. EAB has killed 40 million ash trees during the short time it has been present in North America. Typically, trees are killed within 3 years of the initial attack by this beetle. EAB presents a clear threat to the Commonwealth's forest and horticultural resources.

C. The Plant Pest Act (act) (3 P. S. §§ 258.1—258.27) empowers the Department of Agriculture (Department) to take various measures to detect, contain and eradicate plant pests. These powers include the authority to establish quarantines to prevent the spread of plant pests within this Commonwealth.

D. The Department has issued previous EAB-related Orders of Quarantine, establishing a quarantined area that includes all of Allegheny, Armstrong, Beaver, Butler, Indiana, Lawrence, Mercer, Mifflin, Washington and Westmoreland Counties, and restricting the movement of designated articles and materials from this quarantined area.

E. EAB has recently been detected in Juniata County—a county outside of the current quarantined area—making it necessary to expand the quarantined area to include that county.

#### Order

Under authority of section 21 of the act (3 P. S. § 258.21), and with the Recitals previously incorporated into this Order by reference, the Department hereby orders the following:

#### 1. Confirmation of Quarantine; Addition of Juniata County to the Quarantined Area.

a. The quarantine established by previous Orders with respect to Allegheny, Armstrong, Beaver, Butler, Indiana, Lawrence, Mercer, Mifflin, Washington and Westmoreland Counties (collectively, the “quarantined area”) remains in effect, subject to the conditions set forth in this Order.

b. A quarantine is hereby established with respect to Juniata County, effective immediately. Juniata County is part of the quarantined area, and is subject to the conditions set forth in this Order.

2. *Limitations Imposed.* The following objects or materials may not be moved out of the quarantined area, unless done in accordance with Paragraph No. 3 of this Order:

- a. The Emerald Ash Borer in any living stage of development;
- b. Ash trees of any size;
- c. Ash limbs, branches, stumps, and roots;
- d. Any cut, nonconiferous (hardwood) firewood;

e. Nonconiferous (hardwood) bark and nonconiferous (hardwood) wood chips larger than 1 inch in two dimensions;

f. Ash logs and lumber with either the bark or the outer 1 inch of sapwood, or both, attached;

g. Any item made from or containing the wood of the ash tree that is capable of spreading emerald ash borer; and

h. Any other article, product or means of conveyance determined by the Department to present a risk of spreading the EAB infestation.

3. *Movement of regulated articles from quarantined areas.* An article described in Paragraph No. 2 of this Order may be moved from a quarantined area only under the following circumstances:

a. With a valid certificate or limited permit (as described in Paragraph No. 4) attached;

b. Without a certificate or limited permit (as described in Paragraph No. 4) attached if:

i. The regulated article is moved by the United States Department of Agriculture or the Department for experimental or scientific purposes; or

ii. The regulated article originates outside the quarantined area and is moved intrastate through the quarantined area under the following conditions:

A. The points of origin and destination are indicated on a waybill accompanying the regulated article; and

B. The regulated article, if moved through the quarantined area during the period of May 1 through August 31 or when the ambient air temperature is 40° F or higher, is moved in an enclosed vehicle or is completely covered to prevent access by the EAB; and

C. The regulated article is moved directly through the quarantined area without stopping (except for refueling or for traffic conditions, such as traffic lights or stop signs), or has been stored, packed, or handled at locations approved by an inspector as not posing a risk of infestation by emerald ash borer; and

D. The article has not been combined or commingled with other articles so as to lose its individual identity.

c. Without a certificate or limited permit (as described in Paragraph No. 4) attached if a USDA-issued or USDA-authorized (by USDA compliance agreement) certificate or permit is attached.

4. *Obtaining a Certificate or Limited Permit from the Department for Intrastate Movement of Articles.* The Department or a person operating under a compliance agreement will issue a certificate or limited permit authorizing the intrastate movement of articles described in Paragraph No. 2 of this Order if it is satisfied that all of the following are accurate:

a. The article is either of the following:

i. The article is apparently free of EAB, based on inspection; or the article has been grown, produced, manufactured, stored or handled in a manner that, in the judgment of the Department, prevents the article from presenting a risk of spreading EAB; or

ii. The article is to be moved to a specified destination for specific processing, handling, or utilization (the destination and other conditions to be listed on the advance

written permission), and this movement will not result in the spread of EAB because EAB will be destroyed by the specific processing, handling, or utilization; and

b. The article is to be moved in compliance with this Order and any additional emergency conditions that the Department may impose under the act to prevent the artificial spread of EAB; and

c. The article is eligible for intrastate movement under all other Federal domestic plant quarantines and regulations applicable to the regulated articles.

5. *Cancellation of a Certificate or Limited Permit.* Any certificate or limited permit may be canceled orally or in writing by the Department whenever the Department determines that the holder of the certificate or limited permit has not complied with the act or this Order. If the cancellation is oral, the cancellation will become effective immediately, and the cancellation and the reasons for the cancellation will be confirmed in writing as soon as circumstances permit.

6. *Compliance Agreements.* The Department will consider entering into a compliance agreement with any person that demonstrates an understanding of the requirements of this Order and otherwise satisfies the Department it is capable of issuing certificates or limited permits in accordance with the requirements of this Order. The Department shall either provide blank certificates and limited permits to a person operating under a compliance agreement or authorize reproduction of the certificates or limited permits on shipping containers, or both, as requested by the person operating under the compliance agreement. These certificates and limited permits may then be completed and used, as needed, for the intrastate movement of regulated articles that have met all of the requirements of Paragraph No. 4.

7. *Documentation to Accompany Articles in Intrastate Movement from the Quarantined Area.* If an article described in Paragraph No. 2 of this Order is to be moved intrastate from the quarantined area, the article must be plainly marked with the name and address of the consignor and the name and address of the consignee and must have a copy of the applicable Department-issued or Department-authorized (by compliance agreement as described in Paragraph No. 6) certificate or limited permit securely attached at all times during intrastate movement attached to the article itself, or to the container carrying the article, or to the consignee's copy of the accompanying waybill: Provided, that the description of the article on the certificate or limited permit, and on the waybill, are sufficient to identify the regulated article. The carrier must furnish the certificate or limited permit authorizing the intrastate movement of the article to the consignee at the destination of the shipment.

8. *Federal Requirements for Interstate Movement of Articles.* This Order is distinct from, and in addition to, any Federal statute, regulation or quarantine order addressing the interstate movement of articles from the quarantined area or this Commonwealth.

9. *Contacting the Department.* A person seeking information about the requirements of this Order, or a limited permit for intrastate movement of quarantined articles, or a compliance agreement for intrastate movement of quarantined articles, shall contact the Department of Agriculture, Attention: Walt Blosser, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 772-5205, wblosser@state.pa.us.

10. *Criminal and Civil Penalties.* A person who violates this Order will face summary criminal prosecution carry-

ing up to 90 days imprisonment and a fine of up to \$300 with respect to each violation. In addition, a person who violates this Order may be assessed a civil penalty of up to \$20,000 with respect to each violation.

11. *Cooperation with other agencies.* The Department will consult with USDA, other state agencies and the Pennsylvania State University Cooperative Extension with respect to the most efficacious measures to survey for and detect EAB to slow the spread or eradicate this pest.

12. *Effective Date.* This quarantine is effective as of October 27, 2009, and shall remain in effect until rescinded by subsequent order.

RUSSELL C. REDDING,  
*Acting Secretary*

## Revision of Quarantine and Program Orders; Relating to Plum Pox Virus

### *Recitals*

A. The Plant Pest Act (act) (3 P. S. §§ 258.1—258.27) empowers the Department of Agriculture (Department) to take various measures to detect, contain and eradicate plant pests in this Commonwealth.

B. The powers granted to the Department under section 21 of the act (3 P. S. § 258.21) include the power to establish quarantines to prevent the dissemination of plant pests within this Commonwealth.

C. Plum Pox Virus (PPV) is a serious plant pest, indigenous to Europe. It injures and damages stone fruits such as peaches, nectarines, plums and apricots by drastically reducing the fruit yields from these stone fruit trees and by disfiguring the fruit to the point that it is unmarketable.

D. PPV has the potential to cause serious damage to the stone fruit production industry within this Commonwealth. It is transmitted from infected trees by aphids and by budding or grafting and can be spread into new areas by movement of infected nursery stock. The movement of PPV-infected fruit trees poses a danger to stone fruit trees in noninfected areas. There is no known control for PPV other than destruction of infected trees.

E. As a result of the presence of PPV in several townships and boroughs, the Department has—since 1999—issued a series of orders establishing quarantines and programs relating to the detection, containment and eradication of PPV.

F. The Department believes progress has been made in the screening, detection, isolation and elimination of PPV. The Department's extensive surveillance and testing efforts have not confirmed the continued presence of PPV among stone fruit trees in and around the areas that are currently subject to the various quarantine orders and program orders issued by the Department to address PPV.

G. The Department believes it is reasonable to: (1) rescind the current quarantines affecting portions of several townships in Adams County and portions of a single township in Cumberland County; (2) revise the PPV Nursery Quarantine restrictions established in previous orders; (3) rescind the Orders relating to the Plum

Pox Virus Voluntary Commercial Fruit Tree Indemnity Program; and (4) provide a single reference to the various programs that remain in effect to help address PPV.

#### Order

Under authority of section 21 of the act, and with the foregoing recitals incorporated herein, the Department hereby orders the following:

#### *Rescinding Current PPV Area Quarantines.*

1. The Department hereby rescinds the PPV Quarantine Orders establishing quarantine areas in portions of Menallen Township (Adams County), Franklin Township (Adams County), Butler Township (Adams County) and South Middleton Township (Cumberland County). The specific quarantine orders that are rescinded in their entirety are as follows:

The Order of November 9, 2005, published at 35 Pa.B. 6543 (December 3, 2005), establishing a PPV Quarantine with respect to a portion of Menallen Township, Adams County;

The Order of September 21, 2006, published at 36 Pa.B. 6108 (October 7, 2006), establishing a PPV Quarantine with respect to a portion of Franklin Township, Adams County;

The Order of September 26, 2003, published at 33 Pa.B. 5087 (October 11, 2003), establishing a PPV Quarantine with respect to a portion of Butler Township, Adams County; and

The Order of October 22, 2007, published at 37 Pa.B. 5902 (November 3, 2007), establishing a PPV Quarantine with respect to a portion of South Middleton Township, Cumberland County.

#### *Revising the PPV Nursery Area Quarantines.*

2. The following areas are hereby released from the PPV Nursery Quarantine Area established by Order of January 5, 2005, published at 35 Pa.B. 552 (January 22, 2005):

#### *In Adams County*

- Huntington Township.
- Latimore Township.
- That portion of Butler Township that had previously been included in the PPV nursery Quarantine Area.
- That portion of Tyrone Township that had previously been included in the PPV Nursery Quarantine Area.

- The Borough of York Springs.

#### *In Cumberland County*

- Dickinson Township.
- The Borough of Mt. Holly Springs.

#### *In York County*

- Franklin Township

3. The following areas remain within the PPV Nursery Quarantine Area:

#### *In Adams County*

- That portion of Menallen Township described in the Order of November 9, 2005, published at 35 Pa.B. 6543 (December 3, 2005), establishing the PPV Nursery Quarantine Area.

- That portion of Franklin Township described in the Order of September 21, 2006, published at 36 Pa.B. 6108 (October 7, 2006), adding that land to the PPV Nursery Quarantine Area.

#### *In Cumberland County*

- That portion of South Middleton Township, located to the north of State Highway 174, as described in the Order of October 22, 2007, published at 37 Pa.B. 5902 (November 3, 2007), adding that land to the PPV Nursery Quarantine Area.

#### *In York County*

- Monaghan Township

#### *Rescinding the Plum Pox Virus Voluntary Commercial Orchard Fruit Tree Indemnity Program.*

4. The Department hereby terminates the Plum Pox Virus Voluntary Commercial Orchard Fruit Tree Indemnity Program. The specific quarantine orders that are rescinded in their entirety are as follows:

The Order of April 16, 2004, published at 34 Pa.B. 2470 (May 8, 2004), establishing the Plum Pox Virus Voluntary Commercial Orchard Fruit Tree Indemnity Program; and

The Order of February 20, 2007, published at 37 Pa.B. 1049 (March 3, 2007), revising the Plum Pox Virus Voluntary Commercial Orchard Fruit Tree Indemnity Program.

#### *Summary of other Current PPV-Related Quarantine Orders and Programs.*

5. The Department provides notice that the following PPV-related programs remain in effect:

The Commercial Orchard and Fruit Tree Nursery Indemnity Program, as established by Order of January 1, 2000, published at 30 Pa.B. 48 (January 1, 2000);

The Plum Pox Virus Commercial Orchard Fruit Tree Indemnity Program, as established by Order of August 5, 2000, published at 30 Pa.B. 4014 (August 5, 2000), as amended by subsequent Orders;

The Plum Pox Virus Commercial Nursery Fruit Tree Indemnity Program, as established by Order of September 9, 2000, published at 30 Pa.B. 4737 (September 9, 2000), as amended by subsequent Orders;

The Plum Pox Virus Noncommercial Prunus Tree and Landscape Nursery Prunus Tree Indemnity Program, as established by Order of June 9, 2001, published at 31 Pa.B. 2936 (June 9, 2001); and

The Plum Pox Virus Untended Stone Fruit Orchard Indemnity Program, as established by Order of January 4, 2003, published at 33 Pa.B. 41 (January 4, 2003), as amended by subsequent orders.

6. This quarantine is effective as of October 29, 2009, and shall remain in effect until terminated by subsequent order.

RUSSELL C. REDDING,  
*Acting Secretary*

# DEPARTMENT OF BANKING

## Actions on Applications

The Department of Banking (Department), under the authority contained in the act of November 30, 1965 (P. L. 847, No. 356), known as the Banking Code of 1965; the act of December 14, 1967 (P. L. 746, No. 345), known as the Savings Association Code of 1967; the act of May 15, 1933 (P. L. 565, No. 111), known as the Department of Banking Code; and the act of December 19, 1990 (P. L. 834, No. 198), known as the Credit Union Code, has taken the following action on applications received for the week ending November 3, 2009.

Under section 503.E of the Department of Banking Code (71 P. S. § 733-503.E), any person wishing to comment on the following applications, with the exception of branch applications, may file their comments in writing with the Department of Banking, Corporate Applications Division, 17 North Second Street, Suite 1300, Harrisburg, PA 17101-2290. Comments must be received no later than 30 days from the date notice regarding receipt of the application is published in the *Pennsylvania Bulletin*. The nonconfidential portions of the applications are on file at the Department and are available for public inspection, by appointment only, during regular business hours. To schedule an appointment, contact the Corporate Applications Division at (717) 783-2253. Photocopies of the nonconfidential portions of the applications may be requested consistent with the Department's Right-to-Know Law Records Request policy.

## DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

### Fiscal Year 2009-2010 Grant Programs for Destination Marketing Organizations

The Department of Community and Economic Development announces the availability of guidelines for the Fiscal Year (FY) 2009-2010 Grant Programs for Destination Marketing Organizations. This program administered by the Pennsylvania Tourism Office provides grants to support tourism promotion and marketing for eligible Tourism Promotion Agencies and other Tourism Destination Marketing Organizations. These supported activities will encourage the prosperous development of Pennsylvania business, industry and commerce, to expand markets and promote and develop new markets for Pennsylvania tourism, encouraging the location and development of new business, industry and commerce within the Commonwealth, to aid in restoring employment in communities affected by unemployment, and to assist persons, firms, associations, political subdivisions, corporations, cooperative associations and other organizations to assist various public safety, recreation, senior citizens or other community service organizations.

Assistance from the Pennsylvania Tourism Office is in the form of grants from the Commonwealth to eligible applicants for projects which conform to the eligibility criteria detailed in the program guidelines.

Applications and requests for guidelines should be directed to the Department of Community and Economic Development, Tourism Office, Commonwealth Keystone

Building, 400 North Street, Fourth Floor, Harrisburg, PA 17120-0225, (800) 237-4363, [jacollier@state.pa.us](mailto:jacollier@state.pa.us).

### Manufactured Housing Improvement Program; Approved Training Curriculum for Construction Code Officials

Under 12 Pa. Code § 149.5(d) (relating to code official training), the Department of Community and Economic Development (Department) publishes the list of approved training curriculum for those code officials who inspect the installation of manufactured homes. Persons that have successfully completed the training curriculum listed will have satisfied the requirement set forth at Section 149.5(e). See 36 Pa.B. 3087 (June 24, 2006) for the adopted text of 12 Pa. Code Chapter 149 (related to manufactured housing improvement program).

*IRC 101-International Residential Code Building Essentials*, administered by the Pennsylvania Construction Codes Academy.

*IRC 103-How to Inspect Manufactured and Modular Housing*, administered by the Pennsylvania Construction Codes Academy.

*BCO 101-Building Code Official Course and Exam*, administered by the Pennsylvania Construction Codes Academy.

*Manufactured Housing Program and Basic Installer Training*, administered by Department of Community and Economic Development, Housing Standards Division.

*Manufactured Housing Installer Update Training*, administered by Department of Community and Economic Development, Housing Standards Division.

*Modular Construction-Successful Transition from Factory to Occupancy*, administered by the Pennsylvania Housing Research/Resource Center

In addition, to the approved training programs listed, the Department may provide a workshop for code officials who request training. Code Officials may contact the Department to request more information on scheduling a workshop.

Manufactured Housing Improvement Program inquiries should be directed to Mark A. Conte, Chief, Housing Standards Division, Department of Community and Economic Development, 4th Floor, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120-0225, (717) 720-7416, mconte@state.pa.us.

GEORGE CORNELIUS,  
*Secretary*

[Pa.B. Doc. No. 09-2102. Filed for public inspection November 13, 2009, 9:00 a.m.]

### **Manufactured Housing Improvement Program; Approved Training Curriculum for Installers**

Under 12 Pa. Code § 149.4(a)(4) (relating to installer training and certification), the Department of Community and Economic Development (Department) publishes the list of approved training curriculum for those persons seeking certification as installers of manufactured homes.

Persons that have successfully completed the training curriculum listed will be eligible to apply for certification as an installer as defined in section 3 of the Manufacturing Housing Improvement Act (35 P. S. § 1658.3).

- *Manufactured Housing Program and Basic Installer Training*, administered by the Department, Housing Standards Division.

Persons already certified as installers are required to complete a specified training curriculum every 3 years as provided for in 12 Pa. Code § 149.4(b)(iii). The following training curriculum is approved for those installers:

- *Manufactured Housing Installer Update Training*, administered by Department, Housing Standards Division.

- *Manufactured Housing Program and Basic Installer Training*, administered by Department, Housing Standards Division.

- *Modular Construction-Successful Transition from Factory to Occupancy*, administered by the Pennsylvania Housing Research/Resource Center.

Manufactured Housing Improvement Program inquiries should be directed to Mark A. Conte, Chief, Housing Standards Division, Department of Community and Economic Development, 4th Floor, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120-0225, (717) 720-7416, mconte@state.pa.us.

## **DEPARTMENT OF ENVIRONMENTAL PROTECTION**

### **Applications, Actions and Special Notices**

#### **APPLICATIONS**

### **THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS**

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years, subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on a NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

*Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.*

**PAS602206**, Industrial Stormwater, **Sibum's Auto Parts, Inc.**, 932 Analomink Road, East Stroudsburg, PA 18301. This proposed facility is located in Stroud Township, **Monroe County**.

Description of Proposed Activity: Issuance of Industrial Stormwater Permit for an existing auto parts facility.

The receiving stream, UNT to Brodhead Creek, is in the State Water Plan watershed #01E and is classified for: High Quality, Cold Water Fishes (HQ-CWF). The nearest downstream public water supply intake for Stroudsburg Municipal Authority is located on Brodhead Creek and is approximately 1.5 miles below the point of discharge.

The proposed effluent limits for Outfalls 001, 002 and 003 are as follows:

Parameter	Mass (lb/day)		Concentration (mg/l)	
	Average Monthly	Maximum Daily	Average Monthly	Maximum Daily
CBOD <sub>5</sub>				Report
Chemical Oxygen Demand				Report
Oil and Grease				Report
pH				Report
Total Suspended Solids (TSS)				Report
Total Kjeldahl Nitrogen (TKN)				Report
Total Phosphorus				Report
Iron (dissolved)				Report

In addition to the effluent limits, the permit contains the following major special conditions:

Requirements applicable to stormwater outfalls along with identified best management practices.

*Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Phone: 717-705-4707.*

**Application No. PA 0026646**, Sewage, **Antietam Valley Municipal Authority**, 502 Butter Lane, Reading, Pennsylvania 19606. This facility is located in Saint Lawrence Borough, **Berks County**.

Description of activity: The application is for renewal of a NPDES permit for an existing discharge of treated sewage.

The receiving stream, Antietam Creek, is in Watershed 3-C, and classified for cold water fishery, water supply, recreation and fish consumption. The nearest downstream public water supply intake for Pottstown Borough Water and Sewer Authority is located on the Schuylkill River, approximately 13 miles downstream. The discharge is not expected to affect the water supply.

The proposed interim effluent limits for Outfall 001 for a design flow of 1.225 MGD are:

Parameter	Average Monthly (mg/l)	Average Weekly (mg/l)	Instantaneous Maximum (mg/l)
CBOD <sub>5</sub>	25	40	50
Total Suspended Solids	30	45	60
NH <sub>3</sub> -N			
(5-1 to 10-31)	2.5		5.0
(11-1 to 4-30)	7.5		15
Total Residual Chlorine	0.36		1.19
Dissolved Oxygen		Minimum of 5.0 at all times	
pH		From 6.0 to 9.0 inclusive	
Fecal Coliform			
(5-1 to 9-30)		200/100 ml as a geometric average	
(10-1 to 4-30)		2,000/100 ml as a geometric average	

The proposed final effluent limits for Outfall 001 for a design flow of 1.225 MGD are:

Parameter	Average Monthly (mg/l)	Average Weekly (mg/l)	Instantaneous Maximum (mg/l)
CBOD <sub>5</sub>	25	40	50
Total Suspended Solids	30	45	60
NH <sub>3</sub> -N			
(5-1 to 10-31)	2.5		5.0
(11-1 to 4-30)	7.5		15
Total Residual Chlorine	0.21		0.68
Dissolved Oxygen		Minimum of 5.0 at all times	

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
pH		From 6.0 to 9.0 inclusive	
Fecal Coliform (5-1 to 9-30)		200/100 ml as a geometric average	
(10-1 to 4-30)		2,000/100 ml as a geometric average	

You may make an appointment to review the Department of Environmental Protection files on this case by calling the File Review Coordinator at 717-705-4732.

The EPA waiver is not in effect.

**Application No. PA 0084964**, Sewage, **Bethel Township Sewer Authority**, 283 Pigeon Cove Road, Warfordsburg, Pennsylvania 17267. This facility is located in Bethel Township, **Fulton County**.

Description of activity: The application is for renewal of a NPDES permit for an existing discharge of treated sewage.

The receiving stream, Little Tonoloway Creek, is in Watershed 13-B, and classified for trout stocking fishery, water supply, recreation and fish consumption. The nearest downstream public water supply intake for R. C. Wilson Water Treatment Plant is located on the Potomac River, approximately 18 miles downstream. The discharge is not expected to affect the water supply.

The proposed final effluent limits for Outfall 001 for a design flow of 0.848 MGD are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD <sub>5</sub>	25	40	50
Total Suspended Solids	30	45	60
NH <sub>3</sub> -N	14.5		29
Total Residual Chlorine	0.5		1.6
Dissolved Oxygen		Minimum of 5.0 at all times	
pH		From 6.0 to 9.0 inclusive	
Fecal Coliform (5-1 to 9-30)		200/100 ml as a geometric average	
(10-1 to 4-30)		2,000/100 ml as a geometric average	

You may make an appointment to review the Department of Environmental Protection files on this case by calling the File Review Coordinator at 717-705-4732.

The EPA waiver is not in effect.

**Application No. PA 0261262**, Sewage, **North Londonderry Township Authority**, 655 East Ridge Road, Palmyra, Pennsylvania 17078. This facility is located in South Annville Township, **Lebanon County**.

Description of activity: The application is for issuance of an NPDES permit for a new discharge of treated sewage.

The receiving stream, Killinger Creek, is in Watershed 7-D, and classified for trout stocking fishery, water supply, recreation and fish consumption. The nearest downstream public water supply intake for Pennsylvania American Water Company is located on the Swatara Creek, approximately 13 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 1.5 MGD are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD <sub>5</sub> (5-1 to 10-31)	10	15	20
(11-1 to 4-30)	20	30	40
Total Suspended Solids	10	15	30
NH <sub>3</sub> -N (5-1 to 10-31)	2.5		15
(11-1 to 4-30)	7.5		30
Total Phosphorus	0.5		1.0
Total Copper	Report		Report
Total Zinc	Report		Report
Dissolved Oxygen		Minimum of 5.0 at all times	
pH		From 6.0 to 9.0 inclusive	
Fecal Coliform (5-1 to 9-30)		200/100 ml as a geometric average	
(10-1 to 4-30)		2,000/100 ml as a geometric average

**NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS FOR CONCENTRATED ANIMAL FEEDING OPERATIONS (CAFO)**

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under the act of July 6, 2005 (Act 38 of 2005, 3 Pa.C.S. §§ 501—522) (hereinafter referred to as Act 38), and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92. This notice is provided in accordance with 25 Pa. Code Chapter 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC), or County Conservation Districts (CCD) working under a delegation agreement with the SCC, have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at

the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at [www.pacd.org/districts/directory.htm](http://www.pacd.org/districts/directory.htm) or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based.

The address for the SCC is Agriculture Building, Room 407, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995

#### PREAMBLE 1

#### Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation

to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

*Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.*

**Reginald Mangram Property**, Bensalem Township, **Bucks County**. Michael Raffoni, Reliance Environmental, Inc, 130 East Chestnut Street, Lancaster, PA 17602, Mark E. Zurich, Reliance Environmental Inc., 130 East Chestnut Street, Lancaster, PA 17602 on behalf of Reginald Mangram, 4900 Julie Court, Bensalem, PA 19020 has submitted a Notice of Intent to Remediate. Soil at the site has been impacted with release of no. 2 fuel oil. The future use of the site will remain commercial.

*Northeast Region: Ronald S. Brezinski, Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.*

**Teel Property-Well No. 5**, Herb Button Road, Springville Township, **Susquehanna County**. James Pinta, Jr., PhD., PG, URS Corporation, 501 Holiday Drive, Foster Plaza 4, Suite 300, Pittsburgh, PA 15220 has submitted a Notice of Intent to Remediate on behalf of his clients, Cleo R. and Gloria D. Teel, R. R. 6, Box 6184, Montrose, PA 18801, concerning the remediation of soil and surface water found to have been impacted by diesel fuel as a result of a release during well drilling

operations. The applicants propose to remediate the site to meet the Residential Statewide Health Standard. The expected future use of the site will be for the production of natural gas. A summary of the Notice of Intent to Remediate is expected to be published in a local newspaper serving the general area sometime in the near future.

**Cricket Hill Golf Course**, RR 2, Cricket Hill Road, Berlin Township, **Wayne County**. Martin Gilgallon, P.G., Pennsylvania Tectonics, Inc., 826 Main Street, Peckville, PA 18452 has submitted a Notice of Intent to Remediate on behalf of his client FNB Holding Corp., 4866 State Route 52, Jeffersonville, NY 12748, concerning the remediation of soil found to have been impacted by VOCs due to the disposal of the contaminants into an on-lot septic system. The applicant proposes to remediate the site to meet the Statewide Health Standard. The future use of the site will remain a golf course. A summary of the Notice of Intent to Remediate is expected to be published in a local newspaper serving the general area sometime in the near future.

*Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701.*

**Yourway Transportation** PA Route 147 Accident Point Township, **Northumberland County**. Northridge Group Inc., 1172 Ridge Road, Northumberland, PA 17857 on behalf of Yourway Transportation, 3929 Lake Ave., Rochester, NY 14162 has submitted a Notice of Intent to Remediate soil contaminated with diesel fuel within 90 days of the release. The applicant proposes to remediate the site to meet the Statewide Health Standard. The site will remain a residential property on the east side of the roadway and a commercial property on the west side of the roadway.

**GFI Transport**, Union Township, **Union County**. Northridge Group, Inc., 1172 Ridge Road, Northumberland, PA 17857 on behalf of GFI Transport, 860 Milton Grove Road, Mt. Joy, PA 17552 has submitted a Notice of Intent to Remediate to remediate soil contaminated with diesel fuel. The applicant proposes to remediate the site to meet the Statewide Health Standard. The site will remain a Penn DOT right-of-way along US Route 11S.

#### RESIDUAL WASTE GENERAL PERMITS

**Application(s) Received Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Residual Waste Regulations for a General Permit to Operate Residual Waste Processing Facilities and the Beneficial Use of Residual Waste other than Coal Ash.**

*Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, Floor 14, 400 Market Street, Harrisburg, PA 17105-8472.*

**General Permit Application No. WMGR119. Eureka Resources, LLC.**, 301 Charles Street, S. Williamsport, PA 17702.

General Permit Numbered WMGR119 is for the processing of wastewater (i.e., flow back gas well water - frac water) from various Marcellus Shale gas drilling operations at the Eureka Resources, LLC. wastewater treatment facility, located in the City of Williamsport, **Lycoming County**. The processed wastewater will be

beneficially used in the extraction of natural gas from various Marcellus Shale gas drilling operations. On an emergency basis only, the processed wastewater will be discharged, to the Williamsport Sewer Authority (WSA), in accordance its existing National Pollutant Discharge Elimination System (NPDES) permit. Central Office received the application on October 19, 2009 and determined it administratively complete on October 28, 2009.

Comments concerning the application should be directed to Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472. Persons interested in obtaining more information about the general permit application may contact the Division at (717) 787-7381. TDD users may contact the Department through the Pennsylvania AT&T Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

#### REGISTRATION FOR GENERAL PERMIT—RESIDUAL WASTE

**Registration Received Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Residual Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Residual Waste Regulations for a General Permit to Operate Residual Waste Processing Facilities and/or the Beneficial Use of Residual Waste Other Than Coal Ash.**

*Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.*

**Registration Under General Permit No. WMGR097R012. EME Homer City Generation, L.P.**, 1750 Power Plant Rd, Homer City, PA 15748-9558.

The Department of Environmental Protection (Department), Bureau of Waste Management has received an application for a registration, under the general permit WMGR097, for research and development (R&D) activities, performed at the EME Homer City Generation L.P. facility, located in Center Township, **Indiana County**. This registration is to collect data and information in R&D activities to demonstrate the blending of synthetic gypsum with coal ash refuse will (i) add structural strength to the fine coal refuse, and (ii) improve the quality of the leachate generated at the coal refuse disposal site. The Department determined the application to be administratively complete on October 27, 2009.

Comments concerning the application should be directed to Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual waste, Bureau of Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472. Persons interested in obtaining more information about the general permit application may contact the Division at (717) 787-7381. TDD users may contact the Department through the Pennsylvania AT&T Relay Service, (800) 654-5984. Public comments must be submitted within 30 days of this notice and may recommend revisions to, and approval or denial of the application.

**OPERATE WASTE PROCESSING OR DISPOSAL  
AREA OR SITE**

**Application(s) received Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and Regulations to Operate Solid Waste Processing or Disposal Area or Site.**

*Northcentral Region: Regional Solid Waste Manager, 208 West Third Street, Williamsport, PA 17701.*

**Permit Application No. 101243. Northern Tier Solids Waste Authority**, P. O. Box 10, Burlington, PA 18814. The application for the proposed increase in average daily volume and construction of a leachate storage impoundment, located in West Burlington Township, **Bradford County**, was submitted to the Williamsport regional office on October 13, 2009. A Local Municipal Involvement Process meeting will be scheduled.

Comments concerning the application should be directed to Ms. Lisa Houser, P.E., Facilities Manager, Williamsport Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Persons interested in obtaining more information about the permit application may contact the Williamsport Regional Office, telephone (570) 327-3740. TDD users may contact the Department through the Pennsylvania AT&T Relay Service, (800) 654-5984.

**Permit Application No. 301626. White Pines Landfill**, 515 SR 442, Millville, PA 17846. The application for the proposed expansion of the existing facility to construct a leachate storage impoundment, located in Pine Township, **Columbia County**, was accepted by the Williamsport regional office. A Local Municipal Involvement Process meeting was held on October 22, 2009.

Comments concerning the application should be directed to Ms. Lisa Houser, P.E., Facilities Manager, Williamsport Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Persons interested in obtaining more information about the permit application may contact the Williamsport Regional Office, telephone (570) 327-3740. TDD users may contact the Department through the Pennsylvania AT&T Relay Service, (800) 654-5984.

*Southwest Region: Regional Solid Waste Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745. Telephone 412-442-4000.*

**Permit ID #101532. Weavertown Transport Leasing, Inc.**, 2 Dorrington Road, Carnegie, PA 15106. Weavertown Transport Leasing, Inc., 206 Weavertown Road, Canonsburg, PA 15317. Application for the permit renewal of a infectious, chemotherapeutic and residual waste transfer and processing facility, and a modification for the approval of additional site equipment and related operating provisions, in Cecil Township, **Washington County**, was received in the Regional Office on October 29, 2009.

**AIR QUALITY**

**PLAN APPROVAL AND OPERATING PERMIT  
APPLICATIONS**

**NEW SOURCES AND MODIFICATIONS**

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permit-

ting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

**PLAN APPROVALS**

**Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.**

**PA 26-00500A: Alpha PA Coal Terminal, LLC** (106 East Fredericktown Rd, Luzerne Township, PA 15906) for construction of a coal transfer terminal consisting of Stock Piles, Coal Conveyors, Barge Loading/Unloading Equipment, and Roadways at their facility in Luzerne Township, **Fayette County**.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.45, the Department of Environmental Protection (Department) intends to issue a Plan Approval to allow the construction of a coal transfer terminal consisting of Stock Piles, Coal Conveyors, Barge Loading/Unloading Equipment, and Roadways at their facility located in Luzerne Township, Fayette County.

Emissions from the source are estimated to be 13.2 tons of PM10 per year. The proposed facility is subject to the applicable requirements of 25 Pa. Code Chapter 127, related to construction, modification, reactivation and operation of sources. The Department believes that the facility will meet these requirements by complying with the following Plan Approval conditions relating to restrictions, monitoring, recordkeeping, reporting and work practice standards:

1) This Plan Approval is for stockpiling and barge loading/unloading operations at the Alpha PA Coal Terminal, located in Luzerne Township, Fayette County. (25 Pa. Code § 127.12b)

2) Air contaminant sources included in this plan approval are: (25 Pa. Code § 127.12b)

- Stock Piles
- Coal Conveyors
- Barge Loading/Unloading Equipment
- Roadways

3) Air pollution control devices and limitations included in this plan approval are: (25 Pa. Code § 127.12b)

- Water sprays at conveyor transfer points
- Partial conveyor enclosures
- Limited throughput
- Truck tarping

- Reduced truck speeds
- Pressurized water truck equipped with water canon and roadway spray nozzles

4) There shall be no fugitive emissions from the facility contrary to 25 Pa. Code § 123.2.

5) Open burning is restricted in accordance with 25 Pa. Code § 129.14.

6) Coal will neither be delivered to nor shipped from the facility by truck or rail. (25 Pa. Code § 127.12b)

7) The Owner/Operator shall maintain a record of all malodor and fugitive emission surveys performed. The records shall include the date, time, name and title of the observer, whether fugitive emissions or malodors were observed, and any corrective action taken. (25 Pa. Code § 127.12b)

8) The owner/operator shall keep monthly records of coal throughput for this facility. (25 Pa. Code § 127.12b)

9) The facility shall not be operated in the event that the dust suppression systems are incapable of operation. (25 Pa. Code § 127.12b)

10) Coal shall be stockpiled in such a manner that it may be adequately wetted by the on-site pressurized water truck as necessary to control fugitive emissions. All coal shall be adequately wetted prior to, during, and after transfer, as necessary, to control fugitive emissions (25 Pa. Code § 127.12b).

11) In-plant roads and areas of vehicle traffic shall be watered and swept, as needed on a preventative basis, such that visible fugitive emissions do not cross the property line in accordance with 25 Pa. Code §§ 123.1 and 123.2. Other methods of dust control shall be used when weather conditions make in-plant road watering hazardous, as necessary, to prevent visible fugitive emissions from crossing the property line in accordance with 25 Pa. Code §§ 123.1 and 123.2.

12) Earth or other material transported from the site shall be removed promptly, as needed, on the paved public road (SR 4002) to prevent visible fugitive emissions in accordance with 25 Pa. Code § 123.1(c).

13) All conveying equipment, clamshells, front-end loaders, or any other equipment used to stockpile, transfer, or load coal shall maintain a minimal amount of drop height at all times so as to prevent fugitive emissions (25 Pa. Code § 127.12b).

14) The Owner/Operator shall post the following (25 Pa. Code § 127.12b):

a. A requirement stating, "All loaded trucks shall be properly tarpaulin covered."

b. A requirement stating, "Speed Limit 15."

15) The Owner/Operator shall conduct a daily inspection of the facility during daylight hours while the facility is operating for the presence of fugitive emissions and malodors (25 Pa. Code § 127.12b).

16) The throughput of the coal unloading/loading operation shall be limited to 500,000 tons in any 12 month consecutive period. The owner/operator shall maintain a monthly log of coal shipped to and from the facility (25 Pa. Code § 127.12b).

17) All conveyors at this facility shall be partially covered and have water spray at each transfer point (25 Pa. Code § 127.12b).

18) All records shall be kept on site for a minimum of 5 years and be made available to the Department upon request (25 Pa. Code § 127.12b).

19) The permittee shall report each malfunction that may result in an emissions increase to the Department. For purposes of this condition a malfunction is defined as any sudden, infrequent, and not reasonably preventable failure of air pollution control or process equipment; or, operating in a non-permitted manner.

(b) When the malfunction poses an imminent and substantial danger to the public's health and safety or potential harm to the environment, the permittee shall report the incident to the Department within 1 hour.

(1) The report shall describe the:

- (i) name and location of the facility;
- (ii) nature and cause of the malfunction;
- (iii) time when the malfunction or breakdown was first observed;
- (iv) expected duration of excess emissions; and
- (v) estimated rate of emissions.

(2) The owner or operator shall notify the Department immediately when corrective measures have been accomplished.

Unless otherwise required by specific reporting requirements, any malfunction that is not subject to the notice requirements of paragraph (b) of this permit condition, shall be reported to the Department within 24 hours (or the next business day) by telephone, and within 5 days by mail of discovery. The report shall contain the same information required by subsection (b)(1).

Malfunctions shall be reported to the Department at the following address:

Department of Environmental Protection  
Office of Air Quality  
Air Quality Program Manager  
400 Waterfront Drive  
Pittsburgh, PA 15222-4745  
(412) 442-4000  
(25 Pa. Code § 127.12b)

20) Plan Approval authorizes the temporary operation of the source(s) covered by this Plan Approval provided the following conditions are met (25 Pa. Code § 127.12b):

a. The Owner/Operator shall submit written Notice of the Completion of Construction and the Operator's intent to commence operation at least 5 days prior to the completion of construction. The Notice shall state the date when construction will be completed and the date when the Operator expects to commence operation.

b. Operation of the source(s) covered by this Plan Approval is authorized only to facilitate the start-up and shakedown of sources and air cleaning devices, to permit operations pending the issuance of an Operating Permit, or to permit the evaluation of the source for compliance with all applicable regulations and requirements.

c. Upon receipt of the Notice of the Completion of Construction from the Owner/Operator the Department shall authorize a 180-day Period of Temporary Operation of the source(s) starting on the date of commencement of operation. This Notice submitted by the Owner/Operator, prior to the expiration of this Plan Approval, shall modify the Plan Approval expiration date. The new Plan Approval expiration date shall be 180 days from the date of commencement of operation.

d. Upon determination by the Owner/Operator that the source(s) covered by this Plan Approval are in compliance with all conditions of the Plan Approval the Owner/Operator shall contact the Department's reviewing engineer and schedule the Initial Operating Permit Inspection.

e. Upon completion of Initial Operating Permit Inspection and determination by the Department that the source(s) covered by this Plan Approval are in compliance with all conditions of the Plan Approval the Owner/Operator shall submit a State Only Operating Permit (SOOP) application, at least 60 days prior to the expiration date of the Plan Approval.

f. The Owner/Operator may request an extension of the 180-day Period of Temporary Operation if compliance with all applicable regulations and Plan Approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of the Period of Temporary Operation and shall provide a description of the compliance status of the source. The extension request shall include a detailed schedule for establishing compliance and the reasons compliance has not been established. This Period of Temporary Operation may be extended for additional limited periods, each not to exceed 180-days, by submitting an extension request as described above.

g. If, at any time, the Department has cause to believe that air contaminant emissions from the sources listed in this plan approval may be in excess of the limitations specified in, or established pursuant to this plan approval or the permittee's operating permit, the permittee may be required to conduct test methods and procedures deemed necessary by the Department to determine the actual emissions rate. Such testing shall be conducted in accordance with 25 Pa. Code Chapter 139, where applicable, and in accordance with any restrictions or limitations established by the Department at such time as it notifies the company that testing is required.

1. This approval to construct shall become invalid if: (1) the construction, modification or installation is not commenced (as defined in 40 CFR 52.21(b)(8)) within 18 months of the issuance of the plan approval or if there is more than an 18-month lapse in construction, modification, or installation. The Department may extend the 18-month period upon a satisfactory showing that an extension is justified. (25 Pa. Code § 127.13(c))

2. Notify the Department when the installation is completed so that the facility can be inspected for issuance of an operating permit. Submit an Operating Permit application within 180 days of commencement of construction.

3. Words and terms that are not otherwise defined in this plan approval shall have the meanings set forth in section 3 of the Air Pollution Control Act (35 P. S. § 4003) and 25 Pa. Code § 121.1. (25 Pa. Code § 121.1)

4. The issuance of this plan approval does not prevent the future adoption by the Department of any rules, regulations or standards, or the issuance of orders necessary to comply with the requirements of the Federal Clean Air Act (CAA) or the Air Pollution Control Act, or to achieve or maintain ambient air quality standards. The issuance of this plan approval shall not be construed to limit the Department's enforcement authority. (25 Pa. Code § 127.12b(a)(b))

5. This plan approval authorizes temporary operation of the sources covered by this plan approval provided the following conditions are met.

(a) When construction, installation, modification or reactivation is being conducted, the permittee should provide written notice to the Department of the completion of the activity approved by this plan approval and the permittee's intent to commence operation at least 5 working days prior to the completion of said activity. The notice shall state when the activity will be completed and when the permittee expects to commence operation. When the activity involves multiple sources on different time schedules, notice is required for the commencement of operation of each source.

(b) Under 25 Pa. Code § 127.12b(d), temporary operation of the sources to facilitate the shakedown of sources and air cleaning devices, to permit operations pending the issuance of a permit under 25 Pa. Code Chapter 127, Subchapter F (relating to operating permits) or Subchapter G (relating to Title V operating permits) or to permit the evaluation of the air contaminant aspects of the source.

(c) This plan approval authorizes a temporary operation period not to exceed 180 days from the date of commencement of operation, provided the Department receives notice from the permittee under paragraph (a), previously.

(d) The permittee may request an extension of the 180-day shakedown period if further evaluation of the air contamination aspects of the sources is necessary. The request for an extension should be submitted, in writing, to the Department at least 15 days prior to the end of the initial 180-day shakedown period and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance, and the reasons compliance has not been established. This temporary operation period will be valid for a limited time and may be extended for additional limited periods, each not to exceed 180 days.

(e) The notice submitted by the permittee pursuant to subpart (a) above, prior to the expiration of the plan approval, shall modify the plan approval expiration date on Page 1 of this plan approval. The new plan approval expiration date shall be 180 days from the date of commencement of operation.

6. If, at any time, the Department has cause to believe that air contaminant emissions from the sources listed in this plan approval may be in excess of the limitations specified in, or established under this plan approval or the permittee's operating permit, the permittee may be required to conduct test methods and procedures deemed necessary by the Department to determine the actual emissions rate. The testing shall be conducted in accordance with 25 Pa. Code Chapter 139, where applicable, and in accordance with any restrictions or limitations established by the Department at the time as it notifies the company that testing is required. (25 Pa. Code § 127.12b)

7. The permittee shall maintain and operate the sources and associated air cleaning devices in accordance with good engineering practice as described in the plan approval application submitted to the Department. (25 Pa. Code § 127.12(a)(10))

8. The records, reports or information obtained by the Department or referred to at public hearings shall be available to the public, except as provided in paragraph (a) of this condition.

(a) Upon cause shown by the permittee that the records, reports or information or a particular portion thereof, but not emission data, to which the Department

has access under the act, if made public, would divulge production or sales figures or methods, processes or production unique to that person or would otherwise tend to affect adversely the competitive position of that person by revealing trade secrets, including intellectual property rights, the Department will consider the record, report or information, or particular portion thereof confidential in the administration of the act. The Department will implement this section consistent with sections 112(d) and 114(c) of the Clean Air Act (42 U.S.C.A. §§ 7412(d) and 7414(c)). Nothing in this section prevents disclosure of the report, record or information to Federal, State or local representatives as necessary for purposes of administration of Federal, State or local air pollution control laws, or when relevant in a proceeding under the act. (25 Pa. Code §§ 127.12(c) and (d) and 35 P. S. § 4013.2)

9. This plan approval will be valid for a limited time, as specified by the expiration date contained on page 1 of this plan approval.

(a) Except as provided in §§ 127.11a and 127.215 (relating to reactivation of sources; and reactivation), at the end of the time, if the construction, modification, reactivation or installation has not been completed, a new plan approval application or an extension of the previous approval will be required.

(b) If construction has commenced, but cannot be completed before the expiration of this plan approval, an extension of the plan approval must be obtained to continue construction. To allow adequate time for departmental action, a request for the extension should be postmarked at least 30 days prior to the expiration date. The Department will not issue an extension after the plan approval expires. The request for an extension should include the following:

(i) A justification for the extension,

(ii) A schedule for the completion of the construction.

(c) If construction has not commenced before the expiration of this plan approval, then a new plan approval application must be submitted and approval obtained before construction can commence.

(d) If the construction, modification or installation is not commenced within 18-months of the issuance of this plan approval or if there is more than an 18-month lapse in construction, modification or installation, a new plan approval application that meets the requirements of 25 Pa. Code Chapter 127, Subchapter B (related to plan approval requirements), Subchapter D (related to prevention of significant deterioration of air quality) and Subchapter E (related to new source review) shall be submitted. (25 Pa. Code § 127.13)

10. This plan approval may not be transferred from one person to another except when a change of ownership is demonstrated to the satisfaction of the Department and the Department approves the transfer of the plan approval in writing.

11. Section 127.12a (relating to compliance review) applies to a request for transfer of a plan approval. A compliance review form shall accompany the request.

12. This plan approval is valid only for the specific source and the specific location of the source as described in the application. (25 Pa. Code § 127.32)

13. Under 35 P. S. § 4008, no person shall hinder, obstruct, prevent or interfere with the Department or its personnel in the performance of any duty authorized under the Air Pollution Control Act.

14. The permittee shall also allow the Department to have access at reasonable times to said sources and associated air cleaning devices with such measuring and recording equipment, including equipment recording visual observations, as the Department deems necessary and proper for performing its duties and for the effective enforcement of the Air Pollution Control Act and regulations adopted under the act.

15. Nothing in this plan approval condition shall limit the ability of the EPA to inspect or enter the premises of the permittee in accordance with section 114 or other applicable provisions of the CAA. (25 Pa. Code § 127.12(4) and 35 P.S. § 4008 and § 114 of the CAA)

16. This plan approval may be terminated, modified, suspended or revoked and reissued if one or more of the following applies:

(a) The permittee constructs or operates the source subject to the plan approval in violation of the act, the CAA, the regulations promulgated under the act or the CAA, a plan approval or permit or in a manner that causes air pollution.

(b) The permittee fails to properly or adequately maintain or repair an air pollution control device or equipment attached to or otherwise made a part of the source.

(c) The permittee fails to submit a report required by this plan approval.

(d) The EPA determines that this plan approval is not in compliance with the CAA or the regulations thereunder. (25 Pa. Code § 127.13a)

17. The permittee, or any other person, may not circumvent the new source review requirements of 25 Pa. Code Chapter 127, Subchapter E by causing or allowing a pattern of ownership or development, including the phasing, staging, delaying or engaging in incremental construction, over a geographic area of a facility which, except for the pattern of ownership or development, would otherwise require a permit or submission of a plan approval application.

18. Reports, test data, monitoring data, notifications shall be submitted to the following:

Regional Air Program Manager  
Department of Environmental Protection  
400 Waterfront Drive  
Pittsburgh, PA 153222

19. If required by section 112(r) of the CAA, the permittee shall develop and implement an accidental release program consistent with requirements of the CAA, 40 CFR Part 68 (relating to chemical accident prevention provisions) and the Federal Chemical Safety Information, Site Security and Fuels Regulatory Relief Act (P.L. 106-40).

(a) The permittee shall prepare and implement a Risk Management Plan (RMP) which meets the requirements of section 112(r) of the CAA, 40 CFR Part 68 and the Federal Chemical Safety Information, Site Security and Fuels Regulatory Relief Act when a regulated substance listed in 40 CFR 68.130 is present in a process in more than the listed threshold quantity at the facility. The permittee shall submit the RMP to the EPA according to the following schedule and requirements:

(b) The permittee shall submit the first RMP to a central point specified by the EPA no later than the latest of the following:

(c) Three years after the date on which a regulated substance is first listed under 40 CFR 68.130; or,

(i) The date on which a regulated substance is first present above a threshold quantity in a process.

(ii) The permittee shall submit any additional relevant information requested by the Department or the EPA concerning the RMP and shall make subsequent submissions of RMPs in accordance with 40 CFR 68.190.

(iii) The permittee shall certify that the RMP is accurate and complete in accordance with the requirements of 40 CFR Part 68, including a checklist addressing the required elements of a complete RMP.

(iv) As used in this plan approval condition, the term "process" shall be as defined in 40 CFR 68.3. The term "process" means any activity involving a regulated substance including any use, storage, manufacturing, handling or onsite movement of the substances or any combination of these activities. For purposes of this definition, any group of vessels that are interconnected or separate vessels that are located such that a regulated substance could be involved in a potential release, shall be considered a single process. (25 Pa. Code § 127.12(9) and 40 CFR Part 68)

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Jacob Chemsak, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Each written comment must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed Plan Approval (specify the Plan Approval number).

Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

All comments must be received prior to the close of business 30 days after the date of this publication.

#### OPERATING PERMITS

##### **Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.**

*Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401. Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920.*

**23-00034: Villanova University** (800 East Lancaster Avenue, Villanova, PA 19085) for operation of four (4) boilers, 39 miscellaneous heaters, and 42 emergency generators at their facility in Radnor Township, **Delaware County**. The permit is for a Title V facility, and Villanova University is a major facility for nitrogen oxide emissions. The operation of the Boiler No. 3 and Boiler No. 4 is subjected to 40 CFR Part 60 Subpart Dc. The permit will include monitoring, recordkeeping and reporting requirements designed to keep the plant operating within all applicable air quality requirements.

##### **Intent to Issue Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.**

*Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19428. Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920.*

**46-00140: Amatex Corp.** (1032 Stanbridge Street, Norristown, PA 19404) for renewal of a Non-Title V Facility, State-Only, Natural Minor Permit in Norristown Borough, **Montgomery County**. Amatex Corporation manufactures heat resistant fiberglass yarn and textiles. Sources of these particulate emissions include heat-treating units, drying ovens, and a texturizer. Amatex Corporation also operates an 8.5 MMBTU/hr boiler. The potential to emit particulate matter for this facility is 2.43 tons per year. There is also a potential to emit 5.51 tons of nitrogen oxides per year, 7.71 tons of sulfur oxides per year, and 2.11 tons of volatile organic compounds per year. Monitoring, record keeping and reporting requirements have been added to the permit to address applicable limitations.

*Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790. Contact: Ray Kempa, New Source Review Chief—Telephone: 570-826-2507.*

**64-00016: E.R. Linde Construction Corp.** (9 Collan Park, Honesdale, PA 18431) for operation of a mineral processing plant to incorporate general permits for their facility in Palmyra Township, **Wayne County**. This is an initial State-Only Operating Permit.

**40-00071: American Asphalt Paving Co.** (500 Chase Road, Shavertown, PA 18708-9689) a renewal operating permit for the Chase Quarry and Asphalt Plant in Jackson Township, **Luzerne County**. The facility has the potential to emit Sulfur Oxides (SOx), Nitrogen Oxides (NOx), and Volatile Organic Compounds (VOCs) above Title V emission thresholds. The permittee is taking elective restrictions on operating hours, fuel content and usage to escape Title V requirements and maintain Synthetic Minor status. The proposed State Only (Synthetic Minor) Operating Permit contains applicable requirements for emissions limitations, monitoring, record keeping, reporting and work practice standards designed to ensure facility compliance with Federal and State air pollution regulations.

**39-00075: Stonemor PA, LLC** (927 Nathaniel Trail, Warminster, PA 18974) for operation of a crematory in Whitehall Township, **Lehigh County**. This is a renewal of a State-Only Operating Permit.

*Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701. Contact: David Aldenderfer, Program Manager—Telephone: 570-327-3637.*

**49-00042: Catawissa Lumber & Specialty Co., Inc.** (PO Box 176, Catawissa, PA 17820) for their hardwood dimension mill in Ralpho Township, **Northumberland County**. The facility's main sources include two wood fired boilers, eight steam heated lumber drying kilns, and wood working operation. The facility has the potential to emit sulfur oxides (SOx), nitrogen oxides (NOx), carbon monoxide (CO), particulate matter with an aerodynamic diameter of 10 microns or less (PM10), volatile organic compounds (VOCs), and hazardous air pollutants (HAPs) below the major emission thresholds. The proposed operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

**14-00022: State College Area School District** (131 West Nittany Avenue, State College, PA 16801) for their junior-senior high school in State College Borough, **Centre County**. The facility's main sources include five (5) natural gas/#2 fuel oil fired boilers, and four (4) natural gas fired emergency generators. The facility has taken a synthetic minor restriction to limit its potential SOx emissions below Title V thresholds. The facility has

the potential to emit NOx, CO, PM (PM10), VOCs, and HAPs below the major emission thresholds. The proposed operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

## COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated above each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for a NPDES permit associated with a noncoal mining permit, then the permit description below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into a NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding Concerning Water Quality Management, NPDES Program Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on a NPDES permit application should submit a statement to the Department at the address of the district mining office indicated

previously each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. In the case where a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

#### *Coal Applications Received*

*Effluent Limits*—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (Total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l
pH <sup>1</sup>		greater than 6.0; less than 9.0	
Alkalinity greater than acidity <sup>1</sup>			

<sup>1</sup>The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

*California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100.*

**11031702 and NPDES Permit # PA0235512, ArcelorMittal Pristine Resources, Inc.**, (PO Box 36, 129 Bethlehem Road, Revloc, PA 15948), to renew the post mining activity permit for the Mine 77 AMD Plant in East Taylor Township, **Cambria County** and related NPDES permit. No additional discharges. Application received: October 27, 2009.

*Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900.*

**32000104 and NPDES No. PA0235318. Alverda Enterprises, Inc.**, P. O. Box 87, Alverda, PA 15710, revision of an existing bituminous surface mine to change the land

use from forestland to unmanaged natural habitat in Pine Township, **Indiana County**, affecting 57.3 acres. Receiving stream(s): unnamed tributary to Yellow Creek classified for the following use(s): cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: October 21, 2009.

**32940107 and NPDES No. PA0212911. Pitt Mining Company**, 423 Weiss Road, Shelocta, PA 15774, permit renewal for reclamation only of a bituminous surface mine in Young Township, **Indiana County**, affecting 66.7 acres. Receiving stream(s): Craig Run and Gobblers Run to Crooked Creek to the Allegheny River; Whiskey Run to Blacklegs Creek to the Conemaugh River classified for the following use(s): warm water fishery and cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: October 26, 2009.

**56950108 and NPDES No. PA0213195. Fieg Brothers**, 3070 Stoystown Road, Stoystown, PA 15563, revision of an existing bituminous surface mine to change land use from woodland to pastureland and/or cropland in Brothersvalley Township, **Somerset County**, affecting 112.25 acres. Receiving stream(s): unnamed tributaries to

Buffalo Creek classified for the following use(s): cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: October 27, 2009.

**56930114 and NPDES No. PA0212679. Fieg Brothers**, 3070 Stoystown Road, Stoystown, PA 15563, revision of an existing bituminous surface mine to change land use from woodland to pastureland and/or cropland in Brothersvalley Township, **Somerset County**, affecting 28.8 acres. Receiving stream(s): unnamed tributaries to and Buffalo Creek classified for the following use(s): cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: October 27, 2009.

**56900113 and NPDES No. PA05989882. Fieg Brothers**, 3070 Stoystown Road, Stoystown, PA 15563, revision of an existing bituminous surface mine to change land use from woodland to pastureland and/or cropland in Brothersvalley Township, **Somerset County**, affecting 99.5 acres. Receiving stream(s): unnamed tributaries to and Hays Run; unnamed tributaries to Buffalo Creek classified for the following use(s): cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: October 27, 2009.

*Greensburg District Mining Office: Armbrust Professional Center; 8205 Route 819, Greensburg, PA 15601, 724-925-5500.*

**02090102 and NPDES Permit No. PA0251780. Quality Aggregates, Inc.** (2955 Steubenville Pike, Suite 245, Pittsburgh, PA 15205). Application for commencement,

operation and reclamation of a bituminous surface mine, located in Findlay Township, **Allegheny County**, affecting 112 acres. Receiving streams: unnamed tributaries to Potato Garden Run, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Application received: October 26, 2009.

**04070101 and NPDES Permit No. PA0251208. Amerikohl Mining, Inc.** (202 Sunset Drive, Butler, PA 16001). Revision application for land use change from forestland to unmanaged natural habitat to the pending bituminous surface mine, located in North Sewickley Township, **Beaver County**, affecting 151.7 acres. Receiving streams: unnamed tributaries to Beaver River, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Application received: October 29, 2009.

*Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118.*

**54840105R5. Mine Hill Coal Co., #7, Inc.**, (1415 Howard Avenue, Pottsville, PA 17901), renewal of an existing anthracite surface mine operation in Cass Township, **Schuylkill County** affecting 372.2 acres, receiving stream: none. Application received: October 16, 2009.

*Noncoal Applications Received*

*Effluent Limits*—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

\* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

*Greensburg District Mining Office: Armbrust Professional Center; 8205 Route 819, Greensburg, PA 15601, 724-925-5500.*

**26950401 and NPDES Permit No. PA0201294. Amerikohl Aggregates, Inc.** (1384 State Route 711, Stahlstown, PA 15687). Application received for transfer of permit currently issued to Amerikohl Mining, Inc., for continued operation and reclamation of a noncoal surface mining site (limestone quarry) located in Springfield Township, **Fayette County**, affecting 570.0 acres. Receiving streams: unnamed tributary to Clay Run and Buck Run, to Indian Creek, to Youghiogheny River, classified for the following uses: high quality, cold water fishes. The first downstream potable water supply intake from the point of discharge is the Municipal Authority of Westmoreland County. Transfer application received: October 26, 2009.

**26900306 and NPDES Permit No. PA0591483. Hanson Aggregates BMC, Inc.** (2200 Springfield Pike, Connellsville, PA 15425). Application received for transfer of permit currently issued to Hanson Aggregates PMA, Inc., for continued operation and reclamation of a noncoal surface mining site (limestone quarry) located in Connellsville Township, **Fayette County**, affecting 51.4 acres. Receiving streams: unnamed tributaries to Connell Run to Youghiogheny River, and Connell Run to Youghiogheny River, classified for the following use: warm water fishes. There are no potable water supplies within ten miles of the point of discharge from the site. Transfer application received: October 13, 2009.

**3378NC17 and NPDES Permit No. PA0592579. Hanson Aggregates BMC, Inc.** (2200 Springfield Pike, Connellsville, PA 15425). Application received for transfer of permit currently issued to Hanson Aggregates PMA, Inc., for continued operation and reclamation of a noncoal surface mining site (limestone quarry) located in Connellsville Township, **Fayette County**, affecting 73.5 acres. Receiving streams: unnamed tributaries to Connell Run to Youghiogheny River, and Connell Run to Youghiogheny River, classified for the following use: warm water fishes. There are no potable water supplies within ten miles of the point of discharge from the site. Transfer application received: October 13, 2009.

*Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200.*

**4475SM10 and NPDES Permit No. PA0220043. Harbison-Walker Refractories** (400 Fairway Drive, Moon Township, PA 15108). Renewal of NPDES permit, in Woodward Township, **Clearfield County**. Receiving streams: Unnamed tributary to Upper Morgan Run to Clearfield County to West Branch Susquehanna River, classified for the following uses: Cold Water Fishery, Warm Water Fishery. There are no potable water supply intakes within 10 miles downstream. NPDES renewal application received: August 12, 2009.

### FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Floodplain Management Act (32 P. S. § 679.302) and requests for certification under section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).**

#### WATER OBSTRUCTIONS AND ENCROACHMENTS

*Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.*

**E46-1048. Montgomery County Roads and Bridges**, One Montgomery Plaza, 6th Floor, Norristown, PA 19401, East Norriton Township, **Montgomery County**, ACOE Philadelphia District.

To extend and maintain the existing 67.2-foot long, 8-foot span, and 8-foot rise, single span bridge by approximately 51 feet on the downstream side across the Dry Run Branch of Stony Creek (TSF) associated with the construction of the proposed Albert Einstein Hospital.

The site is located approximately 500 feet southeast of the intersection of Germantown Pike and Whitehall Road (Lansdale, PA USGS Quadrangle N: 4.8 inches; W: 13.40 inches).

**E46-1046. Montgomery County Planning Commission**, Montgomery County Courthouse, PO. Box 311, Norristown, PA 19404-0311, Upper Providence Township, **Montgomery County**, ACOE Philadelphia District.

*Schuylkill River Trail and Canal Towpath Restoration Project*

To perform the following Water Obstruction and Encroachment activities along the Schuylkill River, and Canal (WWF, MF) associated with the existing Schuylkill River Trail and Canal Towpath restoration project:

- 1) To maintain the surface of the existing 8-foot wide towpath, and trail.
- 2) To rehabilitate and maintain the spillway between the Canal and the Schuylkill River. This work includes the construction and maintenance of a steel foot-bridge over the spillway.
- 3) To rehabilitate and maintain the substructure of the existing Red bridge over an unnamed tributary to Schuylkill River.
- 4) To stabilize and maintain segments of the banks of the canal and the River.

The project commences at Bridge Street bridge over the Canal, and ends approximately at the intersection of Providence and Langford Roads in Upper Providence Township, Montgomery County (Phoenixville, PA USGS Quadrangle N: 1.01 inches; W: 00.00 inches).

*Southcentral Region: Watershed Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Telephone: 717-705-4707.*

**E67-832: Gwen Loose, York County Rail Trail Authority**, P. O. Box 335, Seven Valleys, PA 17360, York County Rails to Trails Authority/Northern Extension, Manchester and Springettsbury Townships, **York County**, ACOE Baltimore District

To: (1) construct and maintain a 23-foot long, 6-inch uniformly depressed, 47-inch high by 71-inch wide corrugated metal pipe arch culvert in an unnamed tributary to Codorus Creek (WWF) (Latitude: 40° 00' 10"; Longitude: 76° 42' 35"); (2) construct and maintain a 40-foot long, 6-inch uniformly depressed, 24-inch high by 35-inch wide corrugated metal pipe arch culvert in an unnamed tributary to Codorus Creek (WWF) (Latitude: 40° 00' 28"; Longitude: 76° 42' 30"); (3) construct and maintain a 10.2-foot wide, 258.5-foot long, three span pedestrian bridge, having normal spans of 73.1 feet, 91.6 feet, and 73.5 feet and minimum under-clearances of 1.6 feet, 14.6 feet, and 1.3 feet, respectively, across Codorus Creek (WWF) and to place and maintain approximately 50 cubic yards of fill in the floodway of Codorus Creek (WWF) (Latitude: 40° 00' 39"; Longitude: 76° 42' 38"); and (4) place and maintain approximately 939 cubic yards of fill in the floodway of Codorus Creek (WWF): (640 yd<sup>3</sup> from Sta: 38+26 to Sta: 56+31, 103 yd<sup>3</sup> from Sta: 106+45 to Sta: 109+94, and 196 yd<sup>3</sup> from Sta: 121+09 to Sta: 134+06). The project also includes the construction and maintenance of a 6-inch outfall structure, nine 8-inch

outfall structures, and 20 10-inch stormwater outfall structures, including endwalls and R-4 rip-rap aprons, discharging to the Codorus Creek (WWF). The project parallels the Codorus Creek from US Route 30 (York, PA Quadrangle N: 21.45 inches; W: 13.75 inches, Latitude: 39° 59' 36"; Longitude: 76° 43' 25") to Mundis Mill Road (York Haven, PA Quadrangle N: 1.96 inches; W: 12.00 inches, Latitude: 40° 00' 39"; Longitude: 76° 42' 38") in Manchester and Springettsbury Townships, York County. The project purpose is to convert an abandoned train rail bed into a trail for recreational use.

**ENVIRONMENTAL ASSESSMENTS**

*Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.*

**EA38-009, Robert Snyder**, 245 Lawn Hill Road,

Manheim, PA 17545, Berlin-Cramer Wetland Enhancement, South Londonderry Township, **Lebanon County**, ACOE Baltimore District.

To construct and maintain: 1) a 3.0-foot high by 30.0-foot wide earthen berm impacting 5,319 square feet of existing PEM wetlands; 2) two pools and one island disturbing 4,386 square feet of existing PEM wetlands all within the Little Conewago Creek watershed for the purpose of enhancing wildlife habitat and improving water quality at a point just east of the intersection of Lawn and Colebrook Roads (Elizabethtown, PA Quadrangle 19.5 inches North; 6.0 inches West, Latitude: 40° 13' 15" N; Longitude: 76° 32' 30" W) in South Londonderry Township, Lebanon County. Applicant proposes to create 5,642 square feet of PEM wetlands and enhance 15,347 square feet of PEM wetlands on-site.

**STORAGE TANKS**

**SITE-SPECIFIC INSTALLATION PERMITS**

The following Storage Tank Site-Specific Installation Permit application has been received by the Department of Environmental Protection (Department) and is currently under review. Persons wishing to comment on the proposed permit are invited to submit a statement to the Bureau of Waste Management, Division of Storage Tanks, PO Box 8763, Harrisburg, PA 17105-8763, within 30 days from the date of this publication. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of the comment and the relevant facts upon which it based.

**The following applications have been received for Storage Tank Site-Specific Installation Permits under the authority of the Storage Tank Spill Prevention Act (35 P. S. §§ 6021.304, 6021.504, 6021.1101 and 6021.1102) and under 25 Pa. Code Chapter 245, Subchapter C.**

<i>SSIP Application No.</i>	<i>Applicant Name &amp; Address</i>	<i>County</i>	<i>Municipality</i>	<i>Tank Type</i>	<i>Tank Capacity</i>

**ACTIONS**

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT  
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE  
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY  
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational

standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

### VII. Approvals to Use NPDES and/or Other General Permits

---

The EPA Region III Administrator has waived the right to review or object to this permit action under the waiver provision 40 CFR 123.23(d).

---

### List of NPDES and/or Other General Permit Types

---

PAG-1	General Permit for Discharges From Stripper Oil Well Facilities
PAG-2	General Permit for Discharges of Stormwater Associated With Construction Activities (PAR)
PAG-3	General Permit for Discharges of Stormwater From Industrial Activities
PAG-4	General Permit for Discharges From Small Flow Treatment Facilities
PAG-5	General Permit for Discharges From Gasoline Contaminated Ground Water Remediation Systems
PAG-6	General Permit for Wet Weather Overflow Discharges From Combined Sewer Systems (CSO)
PAG-7	General Permit for Beneficial Use of Exceptional Quality Sewage Sludge by Land Application
PAG-8	General Permit for Beneficial Use of Nonexceptional Quality Sewage Sludge by Land Application to Agricultural Land, Forest, a Public Contact Site or a Land Reclamation Site
PAG-8 (SSN)	Site Suitability Notice for Land Application Under Approved PAG-8 General Permit Coverage
PAG-9	General Permit for Beneficial Use of Residential Septage by Land Application to Agricultural Land, Forest, or a Land Reclamation Site
PAG-9 (SSN)	Site Suitability Notice for Land Application Under Approved PAG-9 General Permit Coverage
PAG-10	General Permit for Discharge Resulting from Hydrostatic Testing of Tanks and Pipelines
PAG-11	(To Be Announced)

PAG-12 Concentrated Animal Feeding Operations (CAFOs)  
 PAG-13 Stormwater Discharges from Municipal Separate Storm Sewer Systems (MS4)

PERMITS**

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O.

Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

### SAFE DRINKING WATER

#### Actions taken under the Pennsylvania Safe Drinking Water Act

*Northcentral Region: Water Supply Management Program Manager, 208 West Third Street, Williamsport, PA 17701.*

**Permit No. 4707502**—Operation Public Water Supply.

Applicant	<b>Pepper Hills Mobile Home Park</b>
Township or Borough	Cooper Township
County	<b>Montour</b>
Responsible Official	Mr. and Mrs. Luther Ernst Pepper Hills Limited P. O. Box 139 Danville, PA 17821
Type of Facility	Public Water Supply—Operation
Consulting Engineer	N/A
Permit Issued Date	October 29, 2009
Description of Action	Use of Well #1 as an additional source of supply and operation of a Clack MTM media iron filtration system, including detention tanks and sodium hypochlorite, potassium permanganate and sodium hydroxide chemical feed systems, replacement pump in Well #2, booster pump station and two 10,500 gallon finished water storage tanks.

**Permit No. MA (1493504)**—Construction and Operation Public Water Supply.

Applicant	<b>Rock Springs Water Company</b>
Township or Borough	Ferguson Township
County	<b>Centre</b>
Responsible Official	Mr. J. Roy Campbell Rock Springs Water Company 1750 Tadpole Road Pennsylvania Furnace, PA 16865
Type of Facility	Public Water Supply—Construction and Operation
Consulting Engineer	Eric Lundy, P. E. Nittany Engineering Suite 101 2836 Earlstown Road Centre Hall, PA 16828
Permit Issued Date	October 30, 2009
Description of Action	Rehabilitation of the existing 212,000 gallon finished water storage tank.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

### PREAMBLE 2

**The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

*Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.*

**Uptown Worthington**, East Whiteland Township, **Chester County**. Jeffery Walsh, Penn Environmental, and Remediation, Inc., 2755 Bergey Road, Hatfield, PA 19440 on behalf of Guy Wolfington, Malvern Hill Associates, L.P, 2701 Renaissance Blvd, Fourth Floor, King of Prussia, PA 19406 has submitted a Final Report concerning remediation of site groundwater contaminated with used motor oil. The report is intended to document remediation of the site to meet the Statewide Health Standard.

**Former Willow Grove Home Depot**, Upper Moreland Township, **Montgomery County**. Justin Lauterbach, RT Environmental Services, Pureland Complex, Suite 306, 510 Heron Drive, PO Box 521, Bridgeport, NJ 08014, Christopher Ward, Pureland Complex, Suite 306, 510

Heron Drive, PO Box 521, Bridgeport, NJ 08014 on behalf of Christopher Gallub, Develcom, 204 Harding Road, PO Box 217, Bellmawr, NJ 08031 has submitted a Final Report concerning remediation of site soil contaminated with arsenic and other organics. The report is intended to document remediation of the site to meet the Statewide Health Standard.

**Blue Grass Plaza**, City of Philadelphia, **Philadelphia County**. Samuel Kucia, Environmental Consulting, Inc., 500 East Washington Street, Suite 375, Norristown, PA 19401, Richard Werner, Environmental Consulting, Inc., 500 East Washington Street, Suite 375, Norristown, PA 19401 on behalf of Lennard Katz, Blue Grass Mall Associates, 45-17 Marathon Parkway, Little Neck, NY 11362 has submitted a Final Report concerning remediation of site groundwater contaminated with chlorinated solvents. The report is intended to document remediation of the site to meet the Site-Specific Standard.

*Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701.*

**Pa. College of Technology-Rose St.**, Student Housing/Parking, City of Williamsport, **Lycoming County**. TCI Environmental Services, Inc., 100 N. Wilkes-Barre Blvd., Wilkes-Barre, PA 18702 on behalf of Pa College of Technology, 2245 Reach Road, Williamsport, PA 17701 has submitted a Cleanup Plan concerning remediation of site soil contaminated with Lead and Arsenic. The report is intended to document remediation of the site to meet Site-Specific Standard.

## AIR QUALITY

**General Plan Approval and Operating Permit Usage Authorized under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127 to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.**

*Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401. Contact: Sachin Shankar, New Source Review Chief—Telephone: 484-250-5920.*

**GP3-09-0089: Allied Recycling Co.** (1725 Limekiln Pike, Suite 3A, Dresher, PA 19025) on October 27, 2009, to operate a portable nonmetallic mineral processing plant operation in Chalfont Borough, **Bucks County**.

**GP11-09-0017: Allied Recycling Co.** (1725 Limekiln Pike, Suite 3A, Dresher, PA 19025) on October 27, 2009, to operate a nonroad engine(s) in Chalfont Borough, **Bucks County**.

**GP14-09-0129: Veterinary Crematory Services, LLC** (387 Nina Way, Warminster, PA 18974) on October 27, 2009, to operate (2) two animal crematory units in Warminster Township, **Bucks County**.

**GP14-09-0130: Veterinary Crematory Services, LLC** (387 Nina Way, Warminster, PA 18974) on October 27, 2009, to operate (2) two animal crematory units in Warminster Township, **Bucks County**.

*Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745. Contact: Barb Hatch, Environmental Engineer Managers—Telephone: 412-442-4163/5226.*

**GP5-30-00171A: Range Resources Appalachia, LLC** (380 Southpointe Boulevard, Suite 300, Canonsburg, PA 15317-8561) on October 29, 2009, authorized under GP5 to install and operate one (1) Ajax DPC 360LE compressor engine and one (1) Tejas 0.075 mmBtu/hr

dehydrator at their Apted Compressor station facility in Greene Twp, **Greene County**.

**Plan Approvals Issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations in 25 Pa. Code Chapter 127, Subchapter B relating to construction, modification and reactivation of air contamination sources and associated air cleaning devices.**

*Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401. Contact: Sachin Shankar, New Source Review Chief—Telephone: 484-250-5920.*

**15-0090C: National Envelope Corp.** (303 Eagleview Boulevard, Exton, PA 19341) on October 27, 2009, to install flexographic printing heads on an existing unit at an envelope manufacturing and printing facility in Uwchlan Township, **Chester County**. The plan approval is for a non-Title V (State only) facility. The process will potentially increase actual VOC and total HAP emissions by 2.1 and 1.4 tons per annum, respectively. However, the facility will continue to operate under its current facility-wide permitted emission limits. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

**23-0001AA: Sunoco, Inc., R & M, Marcus Hook Refinery** (100 Green Street, Marcus Hook, PA 19061) on October 28, 2009, to install one (1) cooling tower to replace an existing one at the 12-2 plant at an existing Title V facility in **Delaware County**. There will be a potential decrease in Particulate Matter emissions from this project of approximately 1.0 tons/yr. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

*Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110. Contact: William R. Weaver, New Source Review Chief—Telephone: 717-705-4702.*

**ER-06-05018: The Hershey Co.** (1025 Reese Avenue, PO Box 805, Hershey, PA 17033) on October 21, 2009, to close their Reading candy plant in the City of Reading, **Berks County**.

*Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481. Contact: Mark Gorog, New Source Review Chief—Telephone: 814-332-6940.*

**24-083Q: Carbone of America Industries Corp.** (215 Stackpole Street, Saint Marys, PA 15857-1401) on October 20, 2009, to modify a facility operating permit condition relating to test derived from plan approval 24-083J at their facility in the City of Saint Marys, **Elk County**. This is a Title V facility.

**Plan Approval Revisions Issued including Extensions, Minor Modifications and Transfers of Ownership under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code §§ 127.13, 127.13a and 127.32.**

*Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401. Contact: Sachin Shankar, New Source Review Chief—Telephone: 484-250-5920.*

**15-0027I: Johnson Matthey, Inc.** (456 Devon Park Drive, Wayne, PA 19087) on October 29, 2009, to operate a new diesel catalyst production line No. 1 in Tredyffrin Township, **Chester County**.

**46-0147A: Chemalloy Co., Inc.** (P. O. Box 350, Bryn Mawr, PA 19010) on October 29, 2009, to operate a No. 2-2A grinding screen Plymouth Township, **Montgomery County**.

*Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790. Contact: Ray Kempa, New Source Review Chief—Telephone: 570-826-2507.*

*Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110. Contact: William R. Weaver, New Source Review Chief—Telephone: 717-705-4702.*

**06-05105A: Green GAS Pioneer Crossing Energy, LLC** (2400 Boston Street, Suite 348, Baltimore, MD 21224) on October 28, 2009, to construct four (4) internal combustion engines and landfill gas treatment systems by GAS at the Pioneer Crossing Landfill in Exeter Township, **Berks County**. The plan approval was extended.

**Operating Permits for Non-Title V Facilities Issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.**

*Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401. Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920.*

**23-00086: Engineered Arresting Systems Corp.** (2250 Market Street, Aston, PA 19014-3426) on October 28, 2009, to operate their assembly facility in Upper Chichester Township, **Delaware County**. The permit is for a non-Title V (State only) facility. Sources of air emissions include two (2) spray paint booths and clean-up operations. The renewed permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

*Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790. Contact: Ray Kempa, New Source Review Chief—Telephone: 570-826-2507.*

**45-00032: BioSpectra, Inc.** (RR 32, Box 2129G, Stroudsburg, PA 18360) on October 30, 2009, to issue a State-Only (Natural Minor) Operating Permit for operation of a pharmaceutical excipient manufacturing process at their facility in Stroud Township, **Monroe County**.

*Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110. Contact: William R. Weaver, New Source Review Chief—Telephone: 717-705-4702.*

**21-05064: Atlas Roofing Corp.** (817 Spangler Road, Camp Hill, PA 17011-5823) on October 27, 2009, for their polyisocyanurate foam manufacturing facility in Camp Hill Borough, **Cumberland County**. This is a renewal of the State-only operating permit.

*Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745. Contact: Barbara Hatch, Facilities Permitting Chief—Telephone: 412-442-4174.*

**63-00525: Washington Cemetery, Inc.** (498 Park Avenue, Washington, PA 15301-5797) on October 29, 2009, to operate one (1) human crematory rated at 1.415 mmbtu/hr with a capacity of 150 lbs/hr at their facility in the City of Washington, **Washington County**.

*Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104. Contact: Edward Braun, Chief—Telephone: 215-685-9476.*

**S08-004: St. Christopher's Hospital for Children, LLC** (Erie Avenue at Front Street, Philadelphia, PA 19134) on October 30, 2009, to operate a hospital in the City of Philadelphia, **Philadelphia County**. The facility's air emission source includes one (1) 200 Hp boiler, one (1) 300 Hp boiler, one (1) 500 Hp boiler, two (2) less than 50 Hp boilers, two (2) 1520 Hp emergency generators, and one (1) 145 Hp emergency generator.

**S03-010: General Services Administration, William J. Green Jr., Federal Building.** (600 Arch Street, Philadelphia, PA 19106) on October 26, 2009, to operate a federal building in the City of Philadelphia, **Philadelphia County**. The synthetic minor emission sources include three (3) 13.39 MMBTU/hr boilers, three (3) hot water heaters, one (1) 746 kW Emergency Generator and one (1) 175 kW emergency generator.

**Operating Permit Revisions Issued including Administrative Amendments, Minor Modifications or Transfers of Ownership under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code §§ 127.412, 127.450, 127.462 and 127.464.**

The facility is subject to Compliance Assurance Monitoring (CAM) pursuant to 40 CFR Part 64. The Administrative Amendment of Title V Operating Permit for this facility is issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code § 127.450.

## ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

**Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). The final action on each application also constitutes action on the request for 401 Water Quality Certification and the NPDES permit application. Mining activity permits issued in response to the applications will also address the application permitting requirements of the following statutes: the Air Quality Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).**

### Coal Permits Actions

*California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100.*

**30831303 and NPDES Permit # PA0013511, Cumberland Coal Resources, LP**, (PO Box 1020, Waynesburg, PA 15370), to revise the permit for the Cumberland Mine in Whiteley Township, **Greene County** to add surface acres for the installation of Gob Ventilation Borehole 57-2A. Surface Acres Proposed 0.09. No additional discharges. Application received: May 8, 2009. Permit issued: October 29, 2009.

*Greensburg District Mining Office: Armbrust Professional Center, 8205 Route 819, Greensburg, PA 15601, 724-925-5500.*

**65890104 and NPDES Permit No. PA0591734. Gary Gioia Coal Company** (319 Karen Drive, Elizabeth, PA 15037). Permit renewal issued for reclamation only of a bituminous surface mining site, located in South Huntingdon Township, **Westmoreland County**, affecting 92.5 acres. Receiving stream: unnamed tributary to Barren Run. Application received: October 9, 2009. Renewal issued: October 29, 2009.

### Noncoal Applications Returned

*Knox District Mining Office: P. O. Box 669, 310 Best Avenue, Knox, PA 16232-0669, 814-797-1191.*

**42080808. Lois Baker** (1821 Champlin Hill Road, Turtlepoint, PA 16750) Commencement, operation and restoration of a small bluestone operation in Annin Township, **McKean County** affecting 5.0 acres. Receiving streams: Newell Creek. Application received: September 12, 2008. Permit Denied: October 30, 2009.

### Noncoal Permits Actions

*Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900.*

**11091001, Maple Coal Company**, 254 Interpower Drive, Colver, PA 15927, approval of registration under General Permit for short-term construction project BMR-GP-103 to extract noncoal (industrial minerals), in Portage Township, **Cambria County** to supply material to the Maple Coal Company Sonman Refuse site, receiving stream Hill Creek, designated use cold water fishery (CWF). There are no potable water supply intakes within 10 miles downstream. Application received: March 30, 2009. Permit issued: October 26, 2009.

*Knox District Mining Office: P. O. Box 669, 310 Best Avenue, Knox, PA 16232-0669, 814-797-1191.*

**37090302 and NPDES Permit No. PA0258768. Allegheny Mineral Corporation** (P. O. Box 1022, Kittanning, PA 16201) Commencement, operation and restoration of a limestone operation in Slippery Rock Township, **Lawrence County** affecting 79.1 acres. Receiving streams: Unnamed tributary to Slippery Rock Creek. Application received: June 11, 2009. Permit Issued: October 23, 2009.

## ACTIONS ON BLASTING ACTIVITY APPLICATIONS

**Actions on applications under the Explosives Acts of 1937 and 1957 (43 P. S. §§ 151—161); and 25 Pa. Code § 211.124 (relating to blasting activity permits). Blasting activity performed as part of a coal or noncoal mining activity will be regulated by the mining permit for that coal or noncoal mining activity.**

### Blasting Permits Actions

*Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900.*

**21094143. M & J Explosives, Inc.**, P. O. Box 608, Carlisle, PA 17013-0608, blasting activity permit issued for single dwelling development in West Pennsboro Township, **Cumberland County**. Blasting activity permit end date is October 31, 2010. Permit issued: October 23, 2009.

**07094005. Appalachian Geophysical**, 2659 State Route 60, Killbuck, OH 44637, blasting activity permit issued for seismic exploration project in Juniata Township, **Blair County**. Blasting activity permit end date is October 22, 2010. Permit issued: October 28, 2009.

*Greensburg District Mining Office: Armbrust Professional Center, 8205 Route 819, Greensburg, PA 15601, 724-925-5500.*

**26094009. Scott Gustafson** (65 Bald Mountain Road, Dubois, WY 82513). Blasting activity permit issued for the Route 88, Point Marion Bridge demolition project, located in Point Marion Borough, **Fayette County**. The duration of blasting is expected to be two months. Blasting activity permit issued: October 26, 2009.

**65094009. Green River Resources** (385 Inverness Parkway, Suite 428, Englewood, CO 80112). Blasting activity permit issued for the Latrobe PPV Test Seismic Exploration, located in Unity Township, **Westmoreland County**. The duration of blasting is expected to be two months. Blasting activity permit issued: October 29, 2009.

*Knox District Mining Office: P. O. Box 669, 310 Best Avenue, Knox, PA 16232-0669, 814-797-1191.*

**27094006. Pennsylvania General Energy Corporation** (120 Market Street, Warren, PA 16365) Blasting activity permit for stone removal in Green Township, **Forest County**. This blasting activity permit will expire on December 31, 2009. Permit Issued: October 27, 2009.

**37094001. Gene Whalen** (121 Heron Dr., Enon Valley, PA 16120) Blasting activity permit for stone removal in Little Beaver Township, **Lawrence County**. This blasting activity permit will expire on November 27, 2009. Permit Issued: October 27, 2009.

*Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118.*

**22094110. Warren's Excavating & Drilling, Inc.**, (PO Box 214, Myerstown, PA 17067), construction blasting for Highspire Road Development in Swatara and Lower Swatara Townships, **Dauphin County** with an expiration date of September 11, 2010. Permit issued: October 27, 2009.

**58094106. Meshoppen Blasting, Inc.**, (PO Box 127, Meshoppen, PA 18630), construction blasting for clearing land for well site in Springville Township, **Susquehanna County** with an expiration date of November 30, 2009. Permit issued October 27, 2009.

## FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

**Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Floodplain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 P. S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).**

*Permits, Environmental Assessments and 401 Water Quality Certifications Issued:*

### WATER OBSTRUCTIONS AND ENCROACHMENTS

*Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Telephone: 717-705-4707.*

**E28-358: Dennis LaBarre, Falling Spring Greenway, Inc.**, PO Box 1252, Chambersburg, PA 17201, Township of Guilford, **Franklin County**, ACOE Baltimore District.

To restore 940 linear feet of the Falling Spring Branch (HQ-CWF) through stream narrowing and the creation of fish habitats, including lunkers, scour holes, converging roller eddies, and converging rock clusters, for the purpose of enhancing the stream quality and promoting the growth of native trout populations. The project is located along Falling Spring Road approximately 1,000 feet west from the intersection of Spring Road and Falling Spring Road (Scotland, PA Quadrangle N: 5.6 inches; W: 14.2, Latitude: 39° 54' 18"; Longitude: 77° 36' 2") in Guilford Township, Franklin County.

**E28-351: Borough of Waynesboro, South Potomac Street Improvement Project, The Borough of Waynesboro, Kevin Grubbs**, 57 East Main Street, Waynesboro, PA 17268, Waynesboro Borough, **Franklin County**, ACOE Baltimore District.

To: (1) remove 329.0 lineal feet of gabion baskets from the bed and banks of a stream; (2) grade 775.0 lineal feet of streambed, stream bank, and top of bank, removing approximately 743 cubic yards of material; (3) install and maintain 775.0 lineal feet of armoring in the channel bottom, 631.0 lineal feet of gabion baskets along the channel banks and 631.0 lineal feet of 6-foot high chain link fence along the top of bank; and (4) replace and maintain 230.0 feet of 8-inch sanitary sewer line, 44.0 feet of 18-inch sanitary sewer line, existing stormwater inlets and stormwater pipes at two culvert/bridge locations, and two 12-foot wide by 5-foot high concrete box culverts with two 16-foot wide by 6-foot high pre-cast concrete conspan bridges. All proposed activities will impact an unnamed tributary to East Branch Antietam Creek (CWF). The project parallels Cemetery Avenue east of Potomac Street (Smithsburg, MD-PA Quadrangle N: 21.5 inches; W: 12.0 inches, Latitude: 39° 44' 32"; Longitude: -77° 35' 21") in the Borough of Waynesboro, Franklin County.

**E22-549: Consolidated Scrap Resources, Inc, Benjamin Abrams**; 1616 North Cameron Street, P. O. Box 1761, Harrisburg PA 17105; Harrisburg City, **Dauphin County**, ACOE Baltimore District.

To construct and maintain 900.0 linear feet of 10.0-foot high stacked concrete EcoBlock wall in the floodway of

Paxton Creek (Harrisburg West, PA Quadrangle N: 5.5"; W: 0.8", Latitude: 40° 16' 41.7"; Longitude: 76° 52' 53.8", Beginning, N: 4.8"; W: 0.8", Latitude: 40° 16' 33"; Longitude: 76° 52' 49.4" Ending) for the purpose of stabilizing erosion in Harrisburg City, Dauphin County.

*Southwest Region: Watershed Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.*

**E02-1576. Redevelopment Authority of Allegheny County**, 425 Sixth Street, Suite 800, Pittsburgh, PA 15219. To place and maintain fill along the right bank and in the flood plain in Rankin, Swissvale, Munhall, and Whitaker Boroughs, and in the City of Pittsburgh, **Allegheny County**, Pittsburgh ACOE District. (Pittsburgh East, PA Quadrangle N: 6.6 inches; W: 1.9 inches, Latitude: 40° 24' 41"; Longitude: 79° 53' 19"). To place and maintain fill for an approximate length of 4,800 feet and the maximum width of 1,000 feet along the right bank and in the floodplain (outside floodway) of Monongahela River (WWF) located just downstream of the Rankin Bridge for the purpose of elevating the floodplain to redevelop a 194-acre site located on both sides of said river. To operate and maintain three (3) existing outfall structures having diameters greater than 36 inches in the Monongahela River.

#### EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control Permits have been issued.

Any person aggrieved by these actions may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. Chapter 5, Subchapter A (relating to practice and procedure of Commonwealth agencies), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If individuals want to challenge this action, their appeal must reach the Board within 30 days. Individuals do not need a lawyer to file an appeal with the Board. Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. If individuals cannot afford a lawyer, individuals may qualify for pro bono representation. Call the Secretary to the Board (717) 787-3483 for more information.

**SPECIAL NOTICES**

---

**CERTIFIED EMISSION REDUCTION CREDITS IN PENNSYLVANIA'S ERC REGISTRY**

Emission reduction credits (ERC) are surplus, permanent, quantified and Federally enforceable emission reductions used to offset emission increases of oxides of nitrogen (NO<sub>x</sub>), volatile organic compounds (VOCs) and the following criteria pollutants: carbon monoxide (CO), lead (Pb), oxides of sulfur (SO<sub>x</sub>), particulate matter (PM), PM-10 and PM-10 precursors.

The Pennsylvania Department of Environmental Protection (Department) maintains an ERC registry in accordance with the requirements of 25 Pa. Code § 127.209. The ERC registry system provides for the tracking of the creation, transfer and use of ERCs. Prior to registration of the credits, ERC Registry Applications are reviewed and approved by the Department to confirm that the ERCs meet the requirements of 25 Pa. Code §§ 127.206—208. Registration of the credits in the ERC registry system constitutes certification that the ERCs satisfy applicable requirements and that the credits are available for use. The following registered, and certified ERCs in the ERC Registry are currently available for use as follows:

(1) To satisfy new source review (NSR) emission offset ratio requirements;

(2) To “net-out” of NSR at ERC-generating facilities;

(3) To sell or trade the ERCs for use as emission offsets at new or modified facilities.

The certified ERCs shown below, expressed in tons per year (tpy), satisfy the applicable ERC requirements contained in 25 Pa. Code §§ 127.206—127.208. ERCs created from the curtailment or shutdown of a source or facility expires for use as offsets 10 years after the emission reduction occurs. ERCs generated by the over control of emissions by an existing facility do not expire for use as offsets. However, credits in the registry that are not used in a plan approval will be discounted if new air quality requirements are adopted by the Department or U.S. Environmental Protection Agency (EPA).

For additional information concerning this listing of certified ERCs, contact the Bureau of Air Quality, Division of Permits, Department of Environmental Protection, 12th Floor, Rachel Carson State Office Building, P. O. Box 8468, Harrisburg, PA 17105-8468, (717) 787-4325. This Pennsylvania ERC registry report, ERC Registry application and instructions are located at [www.depweb.state.pa.us](http://www.depweb.state.pa.us), select Air Topics, Air Quality Home, Permits, Emission Reduction Credits.

#### Notice of Certification to Perform Radon-Related Activities in Pennsylvania

In the month of October 2009, the Department of Environmental Protection of the Commonwealth of Pennsylvania, under the authority contained in the Radon Certification Act, act of July 9, 1987, P. L. 238, No. 43 (63 P. S. §§ 2001—2014) and regulations promulgated thereunder at 25 Pa. Code Chapter 240, has certified the persons listed below to perform radon-related activities in Pennsylvania. The period of certification is two years. (For a complete list of persons currently certified to perform radon-related activities in Pennsylvania and for information as to the specific testing devices that persons certified for testing or laboratory are certified to use, contact the Bureau of Radiation Protection, Radon Division, P. O. Box 8469, Harrisburg, PA 17105-8469, (1-800-23RADON).

*Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900.*

Notice of Public Hearing. The Cambria District Mining Office, 286 Industrial Park Road, Ebensburg, PA 15931 has scheduled a public hearing regarding large industrial mineral surface and deep mine application no. 56090301 and NPDES permit number PA0262846 by New Enterprise Stone & Lime Co., Inc., P. O. Box 77, New Enterprise, PA 16664. The proposed site is located in Jefferson Township, Somerset County, on the Kooser Run and Shaffer Run watersheds, both tributary to Laurel Hill Creek. These streams are designated High Quality Cold Water Fisheries. The applicant proposes to use nondischarge alternatives for handling wastewater and storm water. Public notice of the application was previously issued in the *Pennsylvania Bulletin* on August 29 and in the *Somerset Daily American* on August 20, 27, and September 3, 10. The hearing will begin at 6 p.m. on Thursday, December 17, 2009, at the Bakersville Fire

Company, Route 31, Bakersville, PA. The purpose is to accept oral and written comments on the application. From 6 to 7 p.m. the hearing will follow an open-house format wherein attendees may review maps and ask questions. From 7 to 9 p.m. Department of Environmental Protection representatives will accept formal public comment. Each commenter will be allocated a time as necessitated by the number of attendees. The persons requesting the hearing expressed concerns about the potential impacts of the operation on the quality and quantity of the Laurel Hill Creek Watershed and on nearby water supply sources. Any interested persons may obtain further information or request a copy of a fact sheet and arrange to inspect a copy of the application by contacting the Cambria District Mining Office at 814-472-1900 or at the address given above.

### Cleanup Standards Scientific Advisory Board

The Cleanup Standards Scientific Advisory Board will hold a meeting by means of teleconference on November 19, 2009, to review and discuss the proposed rulemaking for Chapter 250. The teleconference will begin at 1 p.m. in Conference Room 9B in the Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA.

Questions concerning this meeting can be directed to Marilyn Wooding at (717) 783-7509 or mwooding@state.pa.us. The agenda and meeting materials will be available through the Public Participation Center on the Department of Environmental Protection's (Department) web site at <http://www.dep.state.pa.us>.

Persons with a disability who require accommodations to attend this meeting should contact the Department at (717) 783-7509 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

JOHN HANGER,  
*Secretary*

### Application of The Children's Institute for Exception

Under 28 Pa. Code § 51.33 (relating to requests for exceptions), the Department of Health (Department) gives notice that The Children's Institute has requested an exception to the requirements of 28 Pa. Code § 153.1 (relating to minimum standards), which requires compliance with minimum standards contained in the following

publication: *Guidelines for Design and Construction of Hospitals and Healthcare Facilities*. The facility specifically requests exception from the following standards contained in this publication: 3.1-2.1.1.3 (relating to documentation space), 3.1-2.1.7.5 (relating to soiled holding), 3.1-2.2 and 2.3 (relating to imaging and laboratory services), 3.1-4.1.7 (relating to wheelchair storage).

These requests are on file with the Department. Persons may receive a copy of a request for exception by requesting a copy from the Department of Health, Division of Acute and Ambulatory Care, Room 532, Health and Welfare Building, Harrisburg, PA 17120, (717) 783-8980, fax (717) 772-2163, [ra-paexcept@state.pa.us](mailto:ra-paexcept@state.pa.us).

Those persons who wish to comment on an exception request may do so by sending a letter by mail, e-mail or facsimile to the Division and address listed previously.

Comments received by the Department within 10 days after the date of publication of this notice will be reviewed by the Department before they decide whether to approve or disapprove the request for exception.

Persons with a disability who wish to obtain a copy of a request and/or provide comments to the Department and require an auxiliary aid, service or other accommodation to do so, contact the Director, Division of Acute and Ambulatory Care at (717) 783-8980, for speech and/or hearing impaired persons V/TT (717) 783-6154, or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

### Bureau of Highway Safety and Traffic Engineering; Availability of Publication 411, Pennsylvania STAA Truck Routes

The Department of Transportation (Department), Bureau of Highway Safety and Traffic Engineering, under the authority contained in Section 49 of the Vehicle Code, 75 Pa.C.S. § 4908(e), gives notice that the Publication 411, Pennsylvania STAA Truck Routes, is available and can be downloaded from the Department web site at www.dot.state.pa.us. Copies can also be obtained at the Department Sales Store located at 400 North Street, 5th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120.

ALLEN D. BIEHLER, P. E.,  
*Secretary*

[Pa.B. Doc. No. 09-2123. Filed for public inspection November 13, 2009, 9:00 a.m.]

### Sale of Land No Longer Needed for Transportation Purposes

The Department of Transportation (Department), under section 2003(e)(7) of The Administrative Code of 1929 (71 P. S. § 513(e)(7)), intends to sell certain land owned by the Department.

The following property is available for sale by the Department.

1. Parcels No. 4-7, 9-12—Shaler Township, Allegheny County. The parcels contains approximately 12,771 +/- square feet of unimproved land known as the eastern half

of Riverview Avenue. The estimated fair market value of the parcel is \$3,600.

Interest public entities are invited to express their interest in purchasing this parcel within 30 calendar days from the date of publication of this notice to H. Daniel Cessna, P. E., District Executive, Department of Transportation, Engineering District 11-0, 45 Thoms Run Road, Bridgeville, PA 15017.

## FISH AND BOAT COMMISSION

### Triploid Grass Carp Permit Application

Under 58 Pa. Code § 71.7 (relating to triploid grass carp), the Fish and Boat Commission (Commission) may issue permits to stock triploid grass carp in Commonwealth waters. Triploid grass carp are sterile fish that may, in appropriate circumstances, help control aquatic vegetation. The Commission has determined consistent with 58 Pa. Code § 71.7(e)(3) to seek public input with respect to any proposed stockings of triploid grass carp in waters having a surface area of more than 5 acres.

Interested persons are invited to submit written comments, objections or suggestions about the notice to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 10 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted. Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

The following applications to stock triploid grass carp in waters having a surface area of greater than 5 acres are currently undergoing staff review:

<i>Applicant</i>	<i>Water</i>	<i>Location of Water</i>	<i>Description of Water</i>	<i>Nature of Vegetation to be Controlled</i>
Morman Lake Association	Morman Lake	Ridgeway Township Bradford County	15.0 acre lake which discharges into a UNT to Miller Run, and then into the Susquehanna River	Elodea Canadensis
Cherry Ridge Association	Lake Wanoka	Cherry Ridge Township Wayne County	42 acre lake which discharges into a UNT to Middle Creek, and then into the Delaware River	Utricularia spp. Potamogeton spp. Ceratophyllum demersum

DOUGLAS J. AUSTEN, Ph.D.,  
*Executive Director*

## HOUSING FINANCE AGENCY

### 2010 Low Income Housing Tax Credit Allocation Plan; Public Hearing

The Housing Finance Agency (Agency), as the Administrator of the Federal Low Income Housing Tax Credit Program for the Commonwealth, provides notice of a public hearing to obtain public comment on the proposed 2010 Low Income Housing Tax Credit Allocation Plan (Plan). This public hearing will be held at 9 a.m. on Tuesday, November 24, 2009, at the Housing Finance Agency, 211 North Front Street, Harrisburg, PA. Copies of

the proposed allocation plan are available upon written request at the address, by phone at (717) 780-3948 or through the Agency's web site at [www.phfa.org](http://www.phfa.org).

Persons with a disability who wish to attend this meeting and require an auxiliary aid, service or other accommodation to participate should contact the Secretary by Friday, November 20, 2009, to discuss how the Agency may best accommodate their needs.

Individuals wishing to comment on the Plan, but are unable to attend the scheduled hearing, are invited to provide written comments to the address shown no later than Friday, November 20, 2009, Manager, Tax Credit Program, Housing Finance Agency, P. O. Box 8029, Harrisburg, PA 17105-8029, TTY for hearing impaired (717) 780-1869.

Written comments must be submitted prior to the date of the scheduled hearing or at the public hearing. Persons who plan to attend the public hearing should contact the Agency at (717) 780-3948.

BRIAN A. HUDSON,  
*Executive Director*

[Pa.B. Doc. No. 09-2126. Filed for public inspection November 13, 2009, 9:00 a.m.]

## INDEPENDENT REGULATORY REVIEW COMMISSION

### Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 645.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

Reg. No.	Agency/Title	<i>Close of the Public Comment Period</i>	<i>Issued Comments Issued</i>
2-160	Department of Agriculture Milk Sanitation 39 Pa.B. 4677 (August 1, 2009)	9/30/09	10/30/09

#### Department of Agriculture

#### Regulation #2-160 (IRRC #2777)

#### Milk Sanitation

**October 30, 2009**

We submit for your consideration the following comments on the proposed rulemaking published in the August 1, 2009 *Pennsylvania Bulletin*. Our comments are based on criteria in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Department of Agriculture (Department) to respond to all comments received from us or any other source.

#### 1. Determining whether the regulation is in the public interest.

Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b) directs the Independent Regulatory Review Commission (IRRC) to determine whether a regulation is in the public interest. When making this determination, IRRC considers criteria such as economic or fiscal impact and reasonableness. To make that determination, the Commission must analyze the text of the Preamble and proposed regulation and the reasons for the new or

amended language. The Commission also considers the information a promulgating agency is required to provide under Section 5 of the Regulatory Review Act (§ 745.5(a)) in the Regulatory Analysis Form (RAF).

This proposed rulemaking is a comprehensive rewrite of the Department's milk sanitation regulation that includes seven subchapters. The Preamble included with the proposal only provides an "overview of the major provisions of the proposed rulemaking." This brief overview does not provide an adequate description of the numerous sections of the rulemaking and the rationale behind the language. Without this information, this Commission is unable to determine if the regulation is in the public interest. In the Preamble submitted with the final-form rulemaking, the Department should provide more detailed information, including a description of the language proposed for each section of the regulation and why the language is required.

#### 2. Fiscal impact.

According to the RAF, some dairy producers may be required to incur new testing costs as a result of this rulemaking. The costs are estimated at \$85,200 for fiscal year 2009-2010 and then at \$55,200 per year after that. It is our understanding that raw milk producers will also incur additional costs related to testing of their products. However, those costs were not quantified in the RAF. We ask the Department to provide an analysis of the costs this rulemaking will impose on the raw milk production community.

#### 3. Need.

Subsection 59a.11, relating to the adoption of the Grade "A" PMO (Pasteurized Milk Ordinance), establishes the standards of the Grade "A" PMO as those of the Department. In addition, Subchapter C, relating to the production and processing of milk for manufacturing purposes, adopts the United States Department of Agriculture's document titled "*Milk for Manufacturing Purposes and its Production and Processing—Recommended Requirements*" as the Department's regulatory standards with respect to milk manufacturing. Given the detail contained in these two documents, what is the need for the various sections of this rulemaking which address the same topics?

#### Subchapter A. PRELIMINARY PROVISIONS

#### 4. Section 59a.1. Scope.—Clarity.

A commentator has questioned if this regulation applies to other milk producing animals, such as goats or sheep. To the extent that the regulation does apply to these other animals, we recommend including appropriate language in this section.

In addition, this section does not make any reference to the regulation of raw milk. We recognize that raw milk may fall under the definition of milk. However, we believe that adding raw milk to this section would improve the clarity of the rulemaking.

#### 5. Section 59a.2. Definitions.—Implementation procedures; Need; Clarity.

*3-A Sanitary Standards*—This definition references the latest standards jointly promulgated by certain parties. It concludes with the following phrase, "... or as otherwise defined in the Grade "A" PMO." This would appear to create two sets of standards that may or may not be consistent. Since regulations create binding standards and have the full force and effect of law, the Department must clearly indicate which standards will take prece-

dence. We have similar concerns with the phrase as used in the definition of “*PMO-defined milk products*.”

*Adulterated*—Several definitions found in this section are either direct quotes or paraphrases of statutory definitions found in the Milk Sanitation Law (31 P. S. §§ 645—660g) (Act) or the Food Act (31 P. S. §§ 20.1—20.18) (Food Act). Why is this definition a cross-reference to a statutory definition when other definitions are a quote or paraphrase? We have a similar concern with the definition of “misbranded.” We recommend that the Department be consistent with the way it defines terms.

*Dairy farm*—A commentator has asked if this definition is limited to farms with cows. This should be clarified in the final-form regulation.

*Food Act*—This definition simply states, “31 P. S. §§ 20.1—20.18.” We recommend that it be amended to mirror the format used for the definition of “Act”, which states “The act of July 2, 1935 (P. L. 589, No. 210) (31 P. S. §§ 645—660g), known as the Milk Sanitation Law.”

*Manufactured dairy products*—This definition lists specific products and concludes with the phrase “. . . and other products for human consumption, as may be designated by the Secretary.” We recognize that this definition is a verbatim quotation from the Act. However, it is vague and does not set a binding standard. How will the regulated community know if a product was designated as a manufactured dairy product? We recommend that the final-form regulation provide greater clarity as to what is or is not a manufactured dairy product.

*Milk plant or plant*—Most of the language in this definition is from the same definition found in the Act. However, the regulatory definition adds the phrase “milk for manufacturing purposes or milk for pasteurization.” Why is the new language being added?

*Milk products*—What is the need for this definition and the definition of “*PMO-defined milk products*”?

*Pennsylvania-approved dairy laboratory director*—We have two concerns with this definition. First, it references “written examinations.” What examinations are being referred to? Second, how will individuals present that they, “demonstrated the necessary experience” that is referenced?

*Permitholder*—Would producers of raw milk that hold permits be considered permitholders? If so, this definition should be amended to reflect that fact.

*Raw milk*—This definition references “relevant provisions of this chapter.” We recommend that the specific relevant provisions be cross-referenced in this definition.

In addition, while the Act does explain what raw milk is, it only defines “milk.” See 31 P. S. §§ 645 and 652(a). However, where the Act references “milk, milk products or manufactured dairy products,” it is unclear if this language encompasses raw milk. Clarification of this phrase is significant since several provisions of the proposed regulation pertaining to raw milk contain language that is similar to provisions of the Act that address “milk, milk products or manufactured dairy products.”

The final-form regulation should explain how the definition for “raw milk” is properly aligned with the Act. Specifically, the Department should clarify whether raw milk is included as part of “milk, milk products or manufactured dairy products” under the Act.

#### **6. Section 59a.4. Approved inspectors.—Statutory authority; fiscal impact; Clarity.**

We have two concerns with this section. First, Subsection (a) imposes an application fee of \$50 and Subsection

(d) imposes a renewal fee of \$20. However, the statutory definition of “approved inspector” sets these fees at \$15 and \$5 respectively. What authority does the Department have to charge different fees?

Second, under Subsection (b) how will the Department determine that an applicant demonstrated that he or she is of good character? Other vague language in this subsection includes “adequate education or experience” and “capable and efficient manner.” How will the Department and the regulated community know if these standards are being met?

#### **7. Section 59a.5. Standards for Pennsylvania-approved dairy laboratories, official laboratories and other laboratories; reports of results.—Implementation procedures; Clarity.**

We have two concerns with Subsection (a). First, what is the difference between a Pennsylvania-approved dairy laboratory, an official laboratory and other laboratories?

Second, these laboratories must conform to specific sampling and testing standards or “other methods approved by the Secretary.” This phrase is vague and does not set a binding standard. What are these other methods? How would a laboratory seek and obtain approval of these other methods? The final-form regulation should either delete this phrase or provide the procedures that need to be followed to obtain approval by the Secretary.

Under Subsection (b), why are only Pennsylvania-approved dairy laboratories referenced? Why wouldn’t laboratory directors from the other two types of laboratories be required to follow the same procedures of this subsection?

### **Subchapter B. PERMIT REQUIREMENTS**

#### **8. Section 59a.11. Adoption of Grade “A” PMO.—Statutory authority.**

Subsection (a) states:

The provisions, terms, procedures, appendices and standards of the Grade “A” PMO are adopted as the regulatory standards of the Department to the extent they do not conflict with one or more of the following:

- (1) The act.
- (2) The Food Act.
- (3) A provision of this chapter.

Is the Department required by Federal law to adopt the Grade “A” PMO? If so, what is the Department’s statutory authority for permitting State laws and regulations to supersede the federal requirement? A similar concern applies to Section 59a.405.

#### **9. Section 59a.12. Permits.—Implementation procedures; Reasonableness; Clarity.**

Subsection (g) pertains to the ownership of milk permits. It states the person in possession of a milk permit must immediately return or surrender the permit if the permit is suspended or revoked. How would this provision be administered if the permitholder requests an administrative hearing under Subsection (h)(2)? The Department should explain how this provision adequately protects a person’s due process rights.

Under Subsection (h)(2), we question whether five days is long enough for permitholders to decide if they want to request an administrative hearing on a proposed action involving refusal, revocation or suspension of a permit.

**10. Section 59a.13. Adulterated or misbranded milk, milk products of manufactured dairy products.—Clarity.**

We have three concerns with this section. First we note that the word “of” in the title of this section should be changed to “or.” Second, the text of Subsection (b) only references milk and not milk products or manufactured dairy products. We recommend that all three types of milk be included in the text of that subsection. Finally, we ask if raw milk and PMO-defined milk products should be included in this section.

**11. Section 59a.14. Labeling: Bottles, containers and packages of milk, milk products or manufactured dairy products.—Clarity.**

The title of this section includes milk, milk products or manufactured dairy products. However, various sections also include or make reference to PMO-defined milk products. We recommend that the title be amended to include PMO-defined milk products. Also, if this section applies to raw milk, it should be amended accordingly.

**12. Section 59a.18. Sampling and examination.—Implementation procedures; Clarity.**

Subsection (a) states that testing required under this section shall be conducted by a “Pennsylvania-approved dairy laboratory or the Department.” However, Subsection (c) states that samples shall be analyzed in an “approved laboratory.” These two provisions conflict. What type of laboratory must analyze the samples required under Subsection (c)?

Subsection (d) states that drug residue screening will be completed “at the direction of the Department and records of the testing shall be maintained on file by the permitholder.” We have two concerns. First, the phrase “at the direction of the Department” is vague and provides no guidance to the regulated community. We suggest that the drug residue screening requirements be placed in the final-form regulation. Second, how long must the permitholder retain the records?

**13. Subsection 59a.19. Standards for grade “A” raw milk for pasteurization, ultrapasteurization or aseptic processing.—Clarity.**

The title of this section indicates that the section pertains to raw milk. However, Subsection (a) indicates that the section pertains to just milk. This discrepancy should be resolved in the final-form regulation.

**14. Subsection 59a.20. Standards for grade “A” pasteurized, ultrapasteurized and aseptically processed milk and milk products.—Clarity.**

To improve clarity and for consistency with the arrangement of the preceding section, we recommend that “applicability” be moved to Subsection (a) and “reference to applicable provisions of the Grade “A” PMO” be moved to Subsection (b).

**15. Subsection 59a.26. Plans for construction and reconstruction.—Implementation procedures; Clarity.**

This section requires the Secretary to approve construction and reconstruction projects. However, the processes and procedures associated with obtaining approval are not included in the regulation. To assist the regulated community in understanding the requirements of this section, the procedures that need to be followed to obtain approval, including timeframes, should be included in the final regulation.

**16. Subsection 59a.27. Personnel health.—Conflict with other statutes; Reasonableness; Implementation procedures; Clarity.**

Subsection (a) of this section reads as follows:

*Specific requirements.* A person affected with any disease in a communicable form or while a carrier of the disease may not work at any dairy farm or milk plant in any capacity which brings the person into contact with the production, handling, storage or transportation of milk, milk products, containers, equipment and utensils; and a dairy farm or milk plant operator may not employ in any capacity a person suspected of having a disease in a communicable form, or a person suspected of being a carrier of the disease. A producer or distributor of milk or milk products upon whose dairy farm or in whose milk plant a communicable disease occurs or who suspects that an employee has contracted any disease in a communicable form or has become a carrier of the disease shall notify the Department immediately.

We have four concerns. First, inclusion of the phrase “any disease” makes the scope of this subsection very broad. Can this be narrowed in any way? Second, how would an employee or employer know if a disease is being carried if no symptoms are present? Third, we question the legality of requiring dairy farms or milk plant operators not to employ in any capacity a person *suspected* of having a disease in a communicable form. This could be a violation of Federal and State civil rights and anti-discrimination laws. We also question the legality of the reporting requirements contained in the last sentence of the subsection, particularly with respect to reporting “suspected” carriers of diseases.

We suggest that this subsection be deleted and that the Department rely on the applicable provisions of the Grade “A” PMO referenced in Subsection (b).

**Subchapter C. PRODUCTION AND PROCESSING OF MILK FOR MANUFACTURING PURPOSES**

**17. Section 59a.103. Plant inspection.—Need; Clarity.**

This section states that plants receiving milk or dairy products for manufacturing or processing will be subject to inspection by the Secretary or an agent. Section 59a.17 pertains to inspection of dairy farms and milk plants and provides more detail on inspection requirements. Given the language found in Section 59a.17, what is the need for Section 59a.103?

**18. Section 59a.104. Certification of bulk milk collectors-weigher/samplers.—Clarity.**

This section states: “Weighers/samplers will be evaluated and approved by the Department.” The process the Department will use to evaluate and approve weighers/samplers should be included in the final-form regulation. Also, the word “weigher” in the title of this section should be made plural.

**19. Section 59a.105. Approved milk graders.—Implementation procedures; Clarity.**

Under this section, how will the Department be able to determine if the milk grader is capable of determining the quality classifications required for raw milk? The process for making this determination should be included in the final regulation.

**20. Section 59a.107. Appearance and odor.—Clarity.**

This section references an “acceptable test procedure” and “other test procedures.” These references are vague.

The final-form regulation should provide greater detail on what is considered an “acceptable test procedure” or include language that is similar to Section 59a.109(b)(10).

**21. Section 59a.110. Somatic cell count.—Implementation procedures; Clarity.**

Subsection (c)(1) requires laboratories to provide producers with a warning of excessive somatic cell counts. We recommend that this subsection include language similar to Section 59a.109 (c)(1), which states that the warning need not be in writing.

In addition, commentators have questioned what the acceptable somatic cell count will be for goat milk. If this regulation applies to goat milk, and if the standard is different, that standard should be included in the final-form regulation.

**22. Section 59a.111. Drug residue level.—Implementation procedures; Clarity.**

Subsection (a) pertains to “industry” responsibilities. What is meant by “industry”? The term should be defined or further explained in the final regulation. Similarly, Subsection (a)(5)(i) includes the undefined phrase, “industry personnel.” What is meant by the phrase? We have a similar concern with Subsections (b)(1)(ii) and (iii).

Subsection (a)(4) pertains to sample and record retention requirements for load samples. Are there similar requirements for individual producer sampling under Subsection (a)(2)?

Under Subsection (b)(2)(v), a producer’s milk shipping privileges could be suspended “according to State policy.” This phrase is vague. What policies are being referred to? This should be included in the final-form regulation.

**23. Subsection 59a.114. Inspection and quality testing of milk from producers.—Need; Reasonableness; Implementation procedures.**

Subsection (d)(2)(i) requires new buyers to obtain certain records from previous buyers. Subsection (d)(5) also states that if a new buyer fails to receive required records from the previous buyer, that fact must be reported to the Department. We have three questions. First, what is the need for this transfer of information between a previous buyer and a new buyer? Second, what incentive would the previous buyer have for cooperating with the new buyer? Third, once the Department is notified of this situation, what can be done to require compliance?

**24. Subsection 59a.115. Record of tests.—Implementation procedures; Clarity.**

This section requires records to be kept “for at least 12 months.” This language does not inform the regulated community of exactly how long the records must be kept. We recommend that the final-form regulation include a more specific timeframe for record retention.

**25. Subsection 59a.117. Animal health.—Clarity.**

This section refers to the following terms: “modified accredited area”; “accredited free state”; “accredited free herd as determined by the United States Department of Agriculture” (USDA); “Class B status” and “Certified-Free Herds.” What do these terms mean? The final-form regulation should either define these terms or provide appropriate cross-references to definitions for these terms.

**Subchapter D. FARMS PRODUCING MILK FOR MANUFACTURING**

**26. Section 59a.201. Farm inspection.—Implementation procedures; Clarity.**

We have four questions and concerns with Paragraph (1). First, how is the passing score for inspections estab-

lished? Second, inspections are required “at least once in each 6 month period.” This requirement is vague. The final-form regulation should specify exactly how often inspections will occur. Third, how long must the required records be kept? Fourth, how would a permitholder know if a form for maintaining records is “acceptable” to the Secretary?

Under Paragraph (2), how will it be determined if milk is “of a wholesome sanitary quality”? In addition, the phrase “appropriate time for correction of deficiencies” is vague. Who will decide what is an appropriate amount of time?

Finally, under Paragraph (3), how would a permitholder know if a producer of milk has been instated, suspended or reinstated?

**27. Section 59a.202. Milking facilities and housing.—Clarity.**

This section includes vague phrases such as “adequate size”, “sufficient distance” and “ample size.” We recommend that more precise language be added to the final regulation.

**28. Section 59a.207. Water supply.—Need; Implementation procedures; Clarity.**

The first sentence of this section contains vague words or phrases such as “properly located,” “easily accessible” and “ample.” It would be difficult for the regulated community to determine if they meet the requirements of this provision. Furthermore, since the second sentence requires the water supply to be approved by the Department, what is the need for the first sentence? In addition, what procedures are required to obtain Department approval of a water supply? The procedures should be included in the final-form regulation.

**Subchapter E. MANUFACTURING PLANTS**

**GENERAL REQUIREMENTS**

**29. Section 59a.302. Buildings.—Clarity.**

Subsection (f)(5) requires laboratories to be properly equipped and maintained “to meet requirements established by the Department,” yet the regulation does not set forth what these requirements are. The final-form regulation should either list the requirements or, if available, provide a cross-reference to relevant code provisions relating to these conditions.

**30. Section 59a.304. Equipment and utensils.—Clarity.**

Subsection (a)(2) contains a typographical error. The final-form regulation should state that: “New or rearranged equipment shall be set away from any wall or spaced *in* a manner. . . .” (Emphasis added.)

In Subsection (i)(2), what does the Department consider a record of temperature or time of cooling and of holding that is “of significant importance?” This phrase is vague and the final-form regulation should clarify this phrase.

**31. Section 59a.305. Personnel cleanliness.—Clarity.**

This section includes provisions for proper attire worn by all persons dealing with dairy products. A commentator suggests that “caps” be deleted as a form of clothing, and replaced with “hair nets,” in order to be consistent with the current PMO standards. We agree and recommend this change to the final-form regulation. In addition, do “hair nets” encompass covering facial hair (for example, beards)? If the PMO doesn’t provide this information, then it should be clarified and included in the final-form regulation.

**32. Section 59a.308. Raw product storage.—Implementation procedures; Clarity.**

Subsection (c) requires the Department or “a designated representative, from each plant” to conduct raw milk sampling. Who determines the designated representative, the Department or the plant? Under what circumstances would the designated representative and not the Department perform the sampling?

Under Subsection (e)(3), after a new sample is taken subsequent to a high bacteria count, what does the Department consider a “satisfactory” sample? The final-form regulation should explain this standard.

**33. Section 59a.310. Composition and wholesomeness.—Implementation procedures.**

This section refers to the “necessary precautions” to prevent contamination during manufacturing. However, this section never specifically provides what these precautions are. To improve clarity, the final-form regulation should include a list of requisite precautions. The same concern applies to Sections 59a.349, 59a.363(b), 59a.371(a), and 59a.373(c)(1).

**34. Section 59a.311. Cleaning and sanitizing treatment.—Clarity.**

Subsection (a)(1) refers to “other similar materials” which will not adversely affect the products used to clean and sanitize. This phrase is vague and should be deleted from the final-form regulation.

Subsection (c) discusses transport tanks. However, Subsections (c)(1)—(3) contain a list of information that does not appear to relate to this issue. The final-form regulation should include additional language to explain why these provisions are included in this subsection.

**35. Section 59a.312. Insect and rodent control program.—Implementation procedures.**

Who determines who is the “specially designated employee” from the commercial pest control service? In addition, Section 59a.353 refers to a “specifically” designated employee from the commercial pest control service. Is the use of “specially” in one section and “specifically” in another a typographical error? If so, it should be corrected in the final-form regulation. If not, the Department should explain the use of different terms.

**36. Section 59a.314. Packaging and general identification.—Clarity.**

Subsection (b) requires packaging and repackaging of dairy products to be conducted under “rigid sanitary conditions.” Previous subsections, when discussing sanitation, refer to “adequate” sanitary conditions. The terms “adequate” and “rigid” are vague and should be clarified in the final-form regulation. Additionally, why is a higher standard used in this section? The same concern applies to Subsection 59a.373(d).

**37. Section 59a.316. Permits.—Implementation procedures; Clarity.**

This section states that plant permitting requires “satisfactory compliance.” How is such compliance determined? Also, the version of the proposed regulation published in the *PA Bulletin* contains a typographical error within the parenthesis contained in this section. The final-form regulation should correct this error.

**SUPPLEMENTAL REQUIREMENTS FOR PLANTS MANUFACTURING, PROCESSING AND PACKAGING INSTANT NONFAT DRY MILK, NONFAT DRY MILK, DRY WHOLE MILK, DRY BUTTERMILK, DRY WHEY AND OTHER DRY MILK PRODUCTS**

**38. Section 59a.343. Operations and operating procedures: Pasteurization.—Reasonableness; Need; Implementation procedures.**

Subsection (b) requires buttermilk to be pasteurized at 185 degrees Fahrenheit, while Subsection (c) requires cheese whey to be pasteurized at 161 degrees Fahrenheit. A commentator questions why these products are pasteurized at different temperatures. The Preamble to the final-form regulation should explain the rationale for the difference.

**39. Section 59a.348. Operations and operating procedures: Packaging, repackaging and storage.—Clarity.**

In Subsection (a), what would be considered a package or container that protects the contents “without significant impairment of quality”? This phrase is vague and should be explained in the final-form regulation.

**SUPPLEMENTAL REQUIREMENTS FOR PLANTS MANUFACTURING, PROCESSING AND PACKAGING BUTTER AND RELATED PRODUCTS**

**40. Section 59a.361. Rooms and compartments.—Clarity.**

In Subsection (a), what are considered “good commercial practices?”

**41. Section 59a.362. Equipment and utensils.—Clarity.**

In Subsections (d) and (e), what is the difference between “easily cleanable” and “readily cleanable”? These terms are vague and the final-form regulation should clarify this distinction.

**42. Section 59a.363. Operations and operating procedure.—Implementation procedures; Clarity.**

Subsection(a)(1)(i) requires certain temperatures for pasteurization. As mentioned in this subsection, when would the Department approve “another equivalent time and temperature combination”?

Subsection (e) explains how commercial bulk shipping containers should be properly identified. When would “other identification” be required? The final-form regulation should list these circumstances.

Subsection (g)(2)(i) explains appropriate freezer storage. It includes the sentence: “Adequate air circulation is desirable.” The terms “adequate” and “desirable” are vague and do not establish a binding standard that can be complied with or enforced. We recommend that the final regulation include a more measurable and definite standard.

**SUPPLEMENTAL REQUIREMENTS FOR PLANTS MANUFACTURING AND PACKAGING CHEESE**

**43. Section 59a.371. Rooms and compartments.—Fiscal impact; Need; Clarity.**

This section describes various types of manufacturing and packaging rooms for cheese. Subsection (g) refers to cutting and packaging rooms, and requires separate rooms for cleaning and preparation of cheese. A commentator is concerned that requiring numerous rooms would

be cost prohibitive to a farmstead cheese maker. What is the need for separate rooms? Have these costs been quantified in the RAF?

**44. Section 59a.372. Equipment and utensils.—Implementation procedures; Clarity.**

This section describes various types of equipment and utensils. Subsection (e) includes the phrase “miscellaneous equipment,” but it is unclear what this includes. The final-form regulation should define this term.

Subsection (i) discusses paraffin tanks. A commentator questions whether a food grade ceramic tank would be acceptable. The Department should explain why only “metal tanks” are considered paraffin tanks.

**SUPPLEMENTAL REQUIREMENTS FOR PLANTS  
MANUFACTURING, PROCESSING AND  
PACKAGING PASTEURIZED PROCESS CHEESE  
AND RELATED PRODUCTS**

**45. Section 59a.382. Operations and operating procedures.—Implementation procedures; Clarity.**

Subsection (c) states that filler crews shall handle forming containers “with extreme care.” How does the Department intend for crews to meet the standard of “extreme care?” This term is vague and should be defined in the final-form regulation.

**SUPPLEMENTAL REQUIREMENTS FOR PLANTS  
MANUFACTURING, PROCESSING AND  
PACKAGING EVAPORATED, CONDENSED OR  
STERILIZED MILK PRODUCTS**

**46. Section 59a.391. Equipment and utensils.—Clarity.**

Subsection (a) states that: “. . . for certain other equipment, the requirements of this section shall be met.” What does the Department consider the “other equipment” that would be subject to this section?

**Subchapter F. RAW MILK FOR HUMAN  
CONSUMPTION**

**47. Section 59a.402. Raw milk; Prohibitions.—Statutory authority; Clarity.**

Subsection (a) prohibits the sale of raw milk without the seller having a valid permit issued by the Department. Several commentators, including Representative Samuel E. Rohrer (128th Legislative District), suggest that this type of permit is unconstitutional, as the Department does not have jurisdiction to regulate direct farmer-to-consumer transactions. While the Act does permit the Secretary to require permits, it also includes a section that relates to portions of the Act being ineffective due to court holdings of unconstitutionality. *See* 31 P. S. § 660g. What is the Department’s statutory authority for regulating these types of transactions? Are there any court holdings related to this issue?

Subsection (b) authorizes a raw milk permit holder to obtain a permit for the sale of aged cheese manufactured from raw milk. Commentators recommend that this additional permit be expanded to include other dairy products, such as yogurt, kefir, butter and cottage cheese. Has the Department considered expanding the scope of the second permit?

**48. Section 59a.403. Raw milk permit.—Implementation procedures.**

Subsection (b) states that “Each raw milk permit will expire as of September 1 each year. . . .” This subsection also limits a permit’s validity to no more than one year. However, if a person receives a permit in August, for

example, how can the permit be valid for a year if it automatically expires in September? In order to fulfill the entire year for the permit, has the Department considered including in this subsection a deadline for when a person can *apply* and *receive* a valid permit?

**49. Section 59a.404. Requirements for the issuance of a raw milk permit.—Protection of the public health, safety and welfare; Need; Implementation procedures; Clarity.**

This section details the requirements for the issuance of a raw milk permit. However, while it does require that specific processes be followed from other sections, the majority of these requirements are included, almost verbatim, in subsequent sections of this subchapter. To improve clarity, the Department should consider only listing in this section the specific permit requirements and maintaining further details about them in other sections.

*Subsection (a)(1)*

This subsection states that: “The dairy farm must be *in passing condition* to be eligible for a raw milk permit.” (Emphasis added.) What do Department inspectors consider “passing condition”? The final-form regulation should clarify this issue.

*Subsection (c)*

Subsections (c)(1) and (2) require applicants for both new and successor raw milk permits to provide the Department with a report from a licensed veterinarian that the herd is “. . . free from communicable disease.” A commentator is concerned that an examination by a veterinarian may not have enough information to reach this conclusion, because the regulation is unclear as to what specific diseases this phrase encompasses. To improve clarity, this phrase should be deleted from the final-form regulation. The same concern applies to Section 59a.406(d).

*Subsection (d)*

This subsection provides that confirmation of a safe water supply must occur as a permit requirement. A commentator suggests that only the water supply is mentioned, and not the cooling water used in the cooling of the raw milk. Has the Department considered confirmation of the safety of cooling water as a permit requirement? The same concern applies to Section 59a.407.

Subsections (d)(1) and (2) require the water supply on the farm to be “bacteriologically safe,” without further explanation. The final-form regulation should clarify what a “bacteriologically safe” water supply is. The same concern applies to Subsection 59a.407(c).

*Subsection (e)*

Subsection (e)(1)(v) requires, as part of sampling and testing necessary for new raw milk permits, testing for the presence of “pathogenic bacteria.” Commentators argue that because all pathogenic bacteria do not cause illness in humans, it is unreasonable to test for them since they do not pose a threat to public health. Is it possible for testing to occur only for pathogens that can cause illness to humans? The same concern applies to Sections 59a.409(d), (d)(3) and (d)(4).

*Subsection (f)*

This subsection deals with different types of containers for packaging raw milk. A commentator suggests that not only are there containers owned by the consumer and the producer, but there are also containers sold by the farmer to the consumer along with the milk. The final-form

regulation should include this third type of container. The same concern applies to Section 59a.410.

This subsection also discusses separate rooms for “bottling, single service container storage, and bottle washing.” Section 59a.410(a) also requires use of a “mechanical means of filling and capping bottles.” What is the need for both the separate rooms, as well as such mechanical equipment?

**50. Section 59a.406. Animal health.—Clarity.**

This section states in three places (Subsections (b)(1) and (2), and (c)) that animal health reporting requirements for the holder of a raw milk permit are relative to the “animal or herd” from which the raw milk is being produced. The Act defines raw milk as “milk from a cow or cows. . . .” See 31 P. S. § 652(a). However, Section 59a.404 (c) of the proposed regulation, which discusses animal health requirements for obtaining a permit for raw milk, only refers to “the herd.” A commentator also notes that Section 59a.12(b)(5) states: “A person producing and selling milk from a single cow” is an “exception” for obtaining a permit. The Preamble to the final-form regulation should clarify whether Section 59a.12(b)(5) applies to raw milk permits. In addition, given how raw milk is defined in the statute, the Preamble should also explain the discrepancy between the use of “animal or herd” and “herd” in Sections 59a.404(c) and 59a.406.

**51. Section 59a.407. Regular testing of water supply.—Implementation procedures.**

In Subsection (d), how long must a raw milk permitholder retain water test records?

**52. Section 59a.408. Regular testing of raw milk.—Protection of public health, safety and welfare; Implementation procedures.**

Subsection (c) lists the raw milk testing schedule and standards. With respect to somatic cell count, a commentator questions why the testing has been increased to twice a month. In addition, how did the Department determine that 750,000/milliliter is the appropriate limit for the count?

**53. Section 59a.409. Violations of raw milk testing standards.—Implementation procedures; Clarity.**

Subsection (b) lists various procedures to be followed if pesticides are detected in milk samples, but does not specify a required testing regimen. The final-form regulation should clarify if and when such testing is required.

**54. Section 59a.411. Label content reviewed by the Department.—Implementation procedures; Clarity.**

Subsection (a)(1) requires labels on raw milk containers to be submitted to and approved by the Department prior to use. The final-form regulation should include a timeframe for Department approval of the labels.

Subsections (a)(2)(ii) and (b)(2) include the following statement: “The Department will consider alternative written means of notification of consumers of the potential risks associated with the consumption of raw milk by highly-susceptible populations.” We raise two issues. First, why is this statement included in each of these subsections? Second, what is meant by “alternative written means?” The final-form regulation should address these concerns.

**55. Section 59a.413. Enforcement: Suspension or revocation of a raw milk permit.—Implementation procedures; Clarity.**

This section relates to the process for suspension or revocation of a raw milk permit. We raise three issues.

First, Subsection (b)(2) discusses the detection of pathogenic bacteria as the basis for suspension or revocation of a raw milk permit. Would this include detection of all pathogenic bacteria, or just those that would cause human illness? The final-form regulation should clarify this issue.

Second, under, Subsection (b)(2)(ii)(C), if a permitholder does not voluntarily cease raw milk sales, the Department will arrange for an administrative hearing upon the request of the permitholder. However, this subsection does not identify the process for arranging such a hearing. The final-form regulation should set forth the hearing procedures or include a cross-reference to any provisions in the regulation pertaining to the hearing process.

Finally, once a permit has been suspended, what will the process be for permit reinstatement? Would it be the same process as that included in Section 59a.12?

**56. Section 59a.416. Enforcement: Seizure, condemnation, denaturing or destruction of raw milk; exclusion from sale.—Statutory authority; Implementation procedures; Clarity.**

Subsection (a) permits the Secretary to “. . . seize, condemn, denature or destroy . . .” “raw milk or illegally-produced raw milk products . . . considered unsafe or a menace to public health. . . .” Several commentators, including Representative Rohrer, consider such conduct to be unconstitutional, in particular for raw milk involved in direct farmer-to-consumer transactions. Representative Rohrer also expressed concerns related to Section 59a.415, which permits the Attorney General to “enjoin a person from selling raw milk without the required raw milk permit.” Representative Rohrer states that “the attempt of this Section to label private contracts [direct farmer-to-consumer transactions] as “illegal” is a direct violation of both the state and federal Constitutions.”

While similar language, pertaining to both seizures and injunctions, is included in the Act, these provisions refer to “milk, milk products, or manufactured dairy products” and it is unclear whether raw milk is included within these categories. See 31 P. S. §§ 660e and 660f. What is the Department’s statutory authority for both of these types of raw milk enforcement?

Subsections (a) and (b)(1) refer to products that the Secretary “considers unsafe,” and Subsection (a) also includes those products that are a “menace” to public health. How does the Secretary make these determinations? The final-form regulation should clarify what is considered “unsafe” as well as what would be a “menace” to public health.

## INSURANCE DEPARTMENT

**Brian P. Baker; Prehearing**

**Appeal of Brian P. Baker;  
Consent Order; Doc. No. CO09-03-013**

A prehearing telephone conference initiated by this office is scheduled for November 17, 2009, at 9:30 a.m. A hearing will occur on December 2, 2009, at 9:30 a.m. in the Administrative Hearings Office, Room 200, Capitol Associates Building, 901 North Seventh Street, Harrisburg, PA 17102. Motions preliminary to those at hearing, protests, petitions to intervene, notices of appearance or intervention, if any, must be filed with the Hearings Administrator at the previous address on or before November 9, 2009. Answers to petitions to intervene, if any, shall be filed on or before November 16, 2009.

On or before November 24, 2009, each party shall file with the Administrative Hearings Office a prehearing statement which shall contain: (1) a comprehensive statement of undisputed facts to be stipulated between the parties; (2) a statement of additional contended facts; (3) names and address of witnesses along with the specialties of experts to be called; (4) a list of documents to be used at the hearing; (5) special evidentiary or other legal issues; and (6) the estimated time for the party's case. Contemporaneously with service of the prehearing statement on the opposing party, each party shall supply the other with a copy of any report generated by an expert witness to the other party within 2 business days. Copies of expert reports need not be filed with the Administrative Hearings Office. Experts will be permitted to testify only on matters substantially contemplated by reports supplied to the other party in accordance with this paragraph.

A written request for continuance of the scheduled prehearing telephone conference and hearing, for good cause will be considered by the Presiding Officer. Prior to requesting a continuance, a party must contact the opposing party. All continuance requests must indicate whether the opposing party objects to a continuance.

Persons with a disability who wish to attend the previously-referenced administrative hearing and require

an auxiliary aid, service or other accommodation to participate in the hearing, contact Donna R. Fleischauer, Human Resources Analyst at (717) 705-4194.

JOEL SCOTT ARIO,  
*Insurance Commissioner*

[Pa.B. Doc. No. 09-2129. Filed for public inspection November 13, 2009, 9:00 a.m.]

### Children's Health Insurance Program; Benefit Changes and State Plan Amendment; Notice 2009-09

The Insurance Department has or will implement several benefit changes and other changes on December 1, 2009, the beginning of its next plan year. The Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA or Public Law 111-3), which reauthorized the Children's Health Insurance Program (CHIP), requires several of these changes, and allows for other changes. Consistent with Federal law, the mandated benefit and administrative changes are included in a State Plan Amendment being submitted to the Centers for Medicare and Medicaid Services (CMS) on or before December 1, 2009. The State Plan Amendment also includes other changes planned by Pennsylvania's CHIP, some of which are permitted by CHIPRA and some of which are not addressed in CHIPRA.

CHIPRA mandated changes already in effect:

- Increase the premium payment grace period from 10 days to 30 days
- Provide notice during the 30 day grace period that coverage will terminate at the end of the grace period if payment is not received

CHIPRA mandated changes to be effective December 1, 2009:

- Verify citizenship of applicants—requires the Social Security Number of applicant children to be included on the application
- Automatic enrollment of a newborn child in Medicaid or CHIP for 1 year if the child is born to a targeted low-income woman who was receiving pregnancy-related assistance through CHIP on the date of the child's birth
- Provide mental health parity—places limit on physical health outpatient visits to match the outpatient limits for mental health at 50 visits per year. This requirement will exclude well-baby and well-child visits
- Implement the Prospective Payment System or an alternative payment methodology to reimburse Federally Qualified Health Centers

Other amendments to be effective December 1, 2009, or as soon as possible:

- Modify certain benefits by eliminating the lifetime maximums and adding hospice care to the benefit package
- Simplify the applicant and enrollee protection process
- Add verification of immigrant status through the Systematic Alien Verification for Entitlements program
- Specifically include Autism Spectrum Disorders (ASD) as a covered benefit under CHIP to pay for claims

up to the point of the diagnosis of the ASD and referral to the Department of Public Welfare for an eligibility determination.

The State Plan Amendment also identifies the following CHIPRA options that Pennsylvania plans to pursue upon CMS approval:

- Implement a match with the Social Security Administration for verification of citizenship status. This reduces the burden on applicants to provide original documentation
- Elect to provide coverage to children who are lawfully residing in the United States and are otherwise eligible for CHIP including optional targeted low-income children described in section 1905(u)(2)(B) without a 5-year delay

The complete proposed CHIP State Plan Amendment will be available through the Insurance Department's web site at [http://www.chipcoverspakids.com/assets/media/pdf/state\\_plan\\_amendment\\_2009.pdf](http://www.chipcoverspakids.com/assets/media/pdf/state_plan_amendment_2009.pdf).

### **Erie Insurance Exchange; Private Passenger Auto Insurance; Rate and Rule Revision; Rate Filing**

On October 29, 2009, the Insurance Department (Department) received from Erie Insurance Exchange a filing for a proposed rate level and rule change for Private Passenger Auto insurance.

The Company requests an overall 3.3% increase amounting to \$28,048,000 annually, to be effective April 1, 2010, for new business and renewal business.

Unless formal administrative action is taken prior to December 28, 2009, the subject filing may be deemed approved by operation of law.

A copy of the filing is available on the Department's web site at [www.ins.state.pa.us](http://www.ins.state.pa.us). Under "Quick Links" click on "Rate Filings Published in the PA Bulletin."

Interested parties are invited to submit written or e-mail comments, suggestions, or objections to Xiaofeng Lu, Insurance Department, Office of Insurance Product Regulation, 1311 Strawberry Square, Harrisburg, PA 17120, [xlu@state.pa.us](mailto:xlu@state.pa.us), within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

### **Amanda S. Pears Hartwell, D. O.; Prehearing**

#### **Appeal of Amanda S. Pears Hartwell, D. O. under the Medical Care Availability and Reduction of Error (MCARE) Act (40 P. S. §§ 1303.101—1303.910); Doc. No. MM09-10-024**

The proceedings in this matter will be governed by 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure); and 31 Pa. Code Chapter 56 (relating to special rules of administrative practice and procedure).

On or before December 7, 2009, the appellant shall file a concise statement setting forth the factual and/or legal basis for the disagreement with MCARE's October 16, 2009, determination. The statement may be in narrative form or in numbered paragraphs, but in either event shall not exceed two pages. A prehearing telephone conference initiated by this office is scheduled for January 5, 2010, at 9:30 a.m. Each party shall provide a telephone number to be used for the telephone conference to the Hearings Administrator on or before December 30, 2009. A hearing date shall be determined, if necessary, at the prehearing telephone conference.

Motions preliminary to those at hearing, protests, petitions to intervene or notices of intervention, if any, must be filed on or before December 21, 2009, with the Hearings Administrator, Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102. Answer to petitions to intervene, if any shall be filed on or before January 4, 2010.

Persons with a disability who wish to attend the previously-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing, contact Donna R. Fleischauer, Human Resources Director, at (717) 705-4194.

Amounts reported for governmental activities in the statement of net assets are different due to:

- Long-term liabilities are reported in the statement of net assets but are not reported in the statement of net assets.
- Swap premiums is deferred and amortized over the life of the swap debt in the statement of net assets.
- Forward delivery agreement premiums is amortized over the life of the agreement in the statement of net assets.
- Premium on 2009 bond issuance is deferred in statement net assets.
- Fund level additions are capitalized in the statement of assets, net of accumulated depreciation.
- Bond issuance costs are accrued and amortized in the statement of net assets.

Net assets of governmental activities: **\$169,569,530**

The accompanying notes are an integral part of this statement.

# PENNSYLVANIA PUBLIC UTILITY COMMISSION

## Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission (Commission). Formal protests and petitions to intervene must be filed in accordance with 52 Pa. Code (relating to public utilities). A protest shall indicate whether it applies to the temporary authority application, the permanent authority application, or both. Filings must be made with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265, with a copy served on the applicant by November 30, 2009. Documents filed in support of the applications are available for inspection and copying at the Office of the Secretary between 8 a.m. and 4:30 p.m., Monday through Friday, and at the business address of the respective applicant.

### Applications of the following for approval to *begin operating as common carriers for transportation of persons as described under each application.*

**A-2009-2138724. Gary A. Roller, t/a Roller's Transportation Service** (3601 Windsor Drive, Bensalem, Bucks County, PA 19020), persons, in paratransit service, between points in the County of Bucks and from points in said County to points in the City and County of Philadelphia, and return. *Attorney:* James D. Campbell, Jr., Caldwell & Kearns, 3631 North Front Street, Harrisburg, PA 17110-1533.

**A-2009-2138758. The Pottsville Area Emergency Medical Services, Inc., t/a Pottsville Area EMS** (320 North 9th Street, Pottsville, Schuylkill County, PA 17901)—persons, in paratransit service, from points in the County of Schuylkill, to points in Pennsylvania, and return. *Attorney:* Christina M. Mellott, Page, Wolfberg & Wirth, LLC, 5010 East Trindle Road, Suite 202, Mechanicsburg, PA 17050.

**A-2009-2138825. Earthride, Inc.** (104 Collin Street, Stroudsburg, Monroe County, PA 18360)—persons, in limousine service, from points in the Borough of Stroudsburg to points in Pennsylvania, and return, excluding service that is under the jurisdiction of the Philadelphia Parking Authority.

**A-2009-2138900. Earthride, Inc.** (104 Collin Street, Stroudsburg, Monroe County, PA 18360)—persons, in group and party service, in vehicles seating 11 to 15 passengers, from points in the Borough of Stroudsburg to points in Pennsylvania and return, excluding service that is under the jurisdiction of the Philadelphia Parking Authority.

### Applications of the following for approval of the *additional right and privilege of operating motor vehicles as common carriers for transportation of persons as described under each application.*

**A-2009-2139277. Unique Limousine Service, Inc.** (P. O. Box 60264, Harrisburg, Dauphin County, PA 17106)—a corporation of the Commonwealth—persons, upon schedule, and their baggage together with mail, newspapers and such property as can be transported in buses without the removal of seats, between the City of Pittsburgh, Allegheny County by means of Routes I-76 and I-376, and returning by means of the same routes to the City of Harrisburg, Dauphin County.

### Application of the following for the approval of the *transfer of stock as described under the application.*

**A-2009-2139372. Kreb's Moving & Storage Co.** (111 Rear Merrill Street, P. O. Box 806, Clearfield, Clearfield County, PA 16830), a corporation of the Commonwealth, for the approval of the transfer of 500 shares of the issued and outstanding shares of stock held by Denise L. and David G. Saudarg, as joint tenants by the entireties, to David G. Saudarg. *Attorney:* Dwight L. Koerber, Jr., Esquire, 110 North Second Street, P. O. Box 1320, Clearfield, PA 16830.

JAMES J. MCNULTY,  
*Secretary*

[Pa.B. Doc. No. 09-2138. Filed for public inspection November 13, 2009, 9:00 a.m.]

## Water Service

**A-2009-2138828. Pennsylvania-American Water Company.** Application of Pennsylvania-American Water Company for approval to offer, render, furnish or supply water service to the public in additional portions of Mount Pleasant Township, Washington County, PA.

Formal protests and petitions to intervene must be filed in accordance with 52 Pa. Code (relating to public utilities). Filings must be made with the Secretary of the Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265, with a copy served on the applicant, on or before November 30, 2009. The documents filed in support of the application are available for inspection and copying at the Office of the Secretary between 8 a.m. and 4:30 p.m., Monday through Friday, and at the applicant's business address.

*Applicant:* Pennsylvania-American Water Company

*Through and By Counsel:* Velma A. Redmond, Esquire, Susan Simms-Marsh, Esquire, Seth A. Mendelsohn, Esquire, 800 West Hersheypark Drive, P. O. Box 888, Hershey, PA 17033

JAMES J. MCNULTY,  
*Secretary*
