READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Annex A

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART VII. ADMINISTRATIVE OFFICE OF PENNSYLVANIA COURTS

CHAPTER 221. COURT INTERPRETERS FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY AND FOR PERSONS WHO ARE DEAF OR HARD OF HEARING

Subchapter 1. GENERAL PROVISIONS

§ 101. Scope.

These regulations are enacted pursuant to 42 Pa.C.S. §§ 4411 and 4431 and shall govern the appointment and use of interpreters for persons with limited English proficiency and persons who are deaf or hard of hearing in all court proceedings within the Unified Judicial System.

§ 102. Definitions.

For purposes of these regulations:

(a) *Appellate Court Prothonotary* means the prothonotary responsible for the appellate court in which the judicial proceeding is conducted or his or her designee.

(b) *Certified Interpreter* means a person who is certified in accordance with the guidelines established by the Court Administrator for the certification and appointment of interpreters.

(c) *Court Administrator* means the Court Administrator of Pennsylvania.

(d) *Deaf or hard of hearing* means an impairment of hearing or speech which creates an inability to understand or communicate the spoken English language.

(e) *Direct victim* means an individual against whom a crime has been committed or attempted.

(f) *District Court Administrator* means the court administrator responsible for the administration of the courts of the judicial district in which the judicial proceeding is conducted or his or her designee.

(g) *Immediate family member* means a spouse, child, parent or an individual who stands in *loco parentis* to a child in a proceeding pursuant to 42 Pa.C.S. Ch. 63 (relating to juvenile matters).

(h) *Interpret* means either:

(1) within the context of court interpreters for persons with limited English proficiency, to convey spoken and written English into the language of the person with limited English proficiency and to convey spoken and written statements by that person into spoken English; or

(2) within the context of court interpreters for persons who are deaf or hard of hearing, to convey spoken English in a manner understood by the deaf or hard of hearing person through, but not limited to, American Sign Language and transliteration or any other process, procedure, or means of communication used to convey the communications made by the deaf or hard of hearing person into spoken English.

(i) *Interpreter* includes both a certified interpreter and an otherwise qualified interpreter for persons with limited English proficiency and the deaf or hard of hearing.

(j) *Judicial proceeding* means an action, appeal or proceeding in any court of the Commonwealth of Pennsylvania and includes any proceeding conducted by a presiding judicial officer as defined by § 102(n).

(k) *Otherwise qualified interpreter* means a person who meets the pertinent requirements of the guidelines established by the Court Administrator for qualification and appointment of interpreters.

(l) *Person who is deaf or hard of hearing* means a principal party in interest or a witness who is deaf.

(m) *Person with limited English proficiency* means a principal party in interest or a witness who speaks exclusively or primarily a language other than English and is unable to sufficiently speak and understand English so as to fully participate and be understood in a judicial proceeding.

(n) *Presiding judicial officer* includes justices, judges, magisterial district judges, and appointive judicial officers such as arbitrators, masters and other like officers.

(o) *Principal party in interest* means a person involved in a judicial proceeding who is a plaintiff or defendant in a proceeding pursuant to 23 Pa.C.S. Ch. 61 (relating to protection from abuse); a defendant, parent of a defendant or direct victim in a proceeding pursuant to 42 Pa.C.S. Ch. 63 (relating to juvenile matters); a defendant or direct victim in a criminal proceeding; a person who is a named party in any other judicial proceeding; or a person who brings an action on behalf of a minor or incompetent person.

(p) *Roster* means the list of certified and otherwise qualified interpreters maintained and distributed by the Court Administrator.

(q) *Staff Interpreter* means a certified or otherwise qualified interpreter who is an employee of the appellate court or judicial district and whose duties include providing services as an interpreter and functions related to interpreting.

(r) *Transliteration* means to convey spoken or written English in an English-based sign system and the process of conveying an English-based sign system in spoken or written English.

(s) *Witness* means a person who testifies in a judicial proceeding.

Comment

The definition of "Certified Interpreter" set forth in subsection (b) contains the requirement that the interpreter be certified by the Court Administrator. An interpreter who is certified pursuant to another jurisdiction or organization's policies is nonetheless not a certified interpreter under these regulations if that individual has not been certified by the Court Administrator. Therefore, persons charged with applying these regulations should take care to confirm that an interpreter who purports to be certified has in fact been certified by the Court Administrator. A "Staff Interpreter" pursuant to subsection (q) is a full-time employee of the appellate court or judicial district whose duties include providing interpretation services. Persons employed as staff interpreters—even those employed as such on or before the date of the enactment of these regulations—will be required to be certified in their language of expertise by the Court Administrator in order to attain certified status under these regulations, if such certification is available.

These regulations are not intended to restrict a deaf or hard of hearing person's ability pursuant to the Americans With Disabilities Act (ADA), 42 U.S.C. §§ 12101 *et seq.*, to request a process, procedure or means of communication other than an interpreter. Under the ADA and its regulations, a deaf or hard of hearing person may request a specific auxiliary aid and the public entity must give primary consideration to that choice unless another effective means of communication exists or it can demonstrate that doing so would fundamentally alter the nature of the service, program or activity or result in undue financial hardship. 28 CFR 35.160; 35.164; 28 CFR Pt. 35, App. A.

§ 103. Confidentiality of Communications.

As provided in 42 Pa.C.S. §§ 4415 and 4436, an interpreter appointed pursuant to these regulations shall not be permitted or compelled to testify in any judicial proceeding as to any interpreted statements made by the person for whom he or she is interpreting when that person is engaged in a confidential communication as provided by any statute or general rule, including, but not limited to:

(a) 42 Pa.C.S. § 5916 (relating to confidential communications to attorney);

(b) 42 Pa.C.S. § 5928 (relating to confidential communications to attorney);

(c) 42 Pa.C.S. § 5942 (relating to confidential communications to news reporters);

(d) 42 Pa.C.S. § 5943 (relating to confidential communications to clergymen);

(e) 42 Pa.C.S. § 5944 (relating to confidential communications to psychiatrists or licensed psychologists);

(f) 42 Pa.C.S. § 5945 (relating to confidential communications to school personnel);

(g) 42 Pa.C.S. § 5945.1 (relating to confidential communications with sexual assault counselors);

(h) 42 Pa.C.S. § 5945.2 (relating to confidential communications to crime stopper or similar anticrime program); and

(i) 23 Pa.C.S. § 6116 (relating to confidential communications to domestic violence counsel/advocates).

§ 104. Remote Interpretation.

(a) Simultaneous audiovisual technology.—In the event that a certified or otherwise qualified interpreter for persons with limited English proficiency or who are deaf or hard of hearing cannot be found to interpret in person, one may be appointed to interpret via remote technology allowing for two-way simultaneous communication of image and sound such as video-conferencing, closed-circuit television, or web-based camera, provided that the judicial proceeding: is expected to be no more than 30 minutes in duration; is non-evidentiary; and does not involve more than one interpreter. Prior to utilizing the interpreter, the court must conduct a *voir dire* to determine his or her qualifications, unless the interpreter has been previously used by, and his or her qualifications are known to, the court.

(b) Telephonic interpretation.—If neither a certified nor otherwise qualified interpreter can be found to interpret in person or by remote technology allowing for two-way simultaneous communication of image and sound, one may be appointed to interpret remotely via telephone provided the judicial proceeding: is expected to be no more than 30 minutes in duration; is non-evidentiary; and does not involve more than one interpreter. If neither a certified nor otherwise qualified interpreter can be found to interpret via telephone, the court may utilize a telephone interpreter provided by a commercial telephone interpreter service. Prior to utilizing any telephonic interpreter, the court must conduct a *voir dire* to determine his or her qualifications, unless the interpreter has been previously used by, and his or her qualifications are known to, the court.

(c) Exceptions.—Preliminary arraignments pursuant to Rule of Criminal Procedure 540 and proceedings for emergency orders under the Protection from Abuse Act (23 Pa.C.S. § 6101 *et seq.*) and the Older Adults Protective Services Act (35 P.S. § 10225.101 *et seq.*) may be conducted via remote technology without regard to subsections (a) and (b) above, except that a *voir dire* still must be conducted to determine the interpreter's qualifications, unless the interpreter has been previously used by, and his or her qualifications are known to, the court.

Comment

Although this regulation allows for remote interpretation under certain limited circumstances, interpretation in person is strongly preferred. Pursuant to subsections (a) and (b), if an interpreter cannot be found to interpret in person, the next step should be to find one to interpret via remote means that allow for two-way simultaneous communication of image and sound. It is only after determining that an interpreter cannot be found to interpret via two-way simultaneous communication of image and sound that the court should consider an audio-only device such as a telephone.

§ 105. Waiver of Interpreter.

(a) Waiver by a party.—A party with limited English proficiency or party who is deaf or hard of hearing may waive the right to an interpreter provided the waiver is conducted in the presence of the presiding judicial officer and the party seeking to waive is represented by counsel or has knowingly waived the right to counsel. The presiding judicial officer shall ascertain from the party with limited English proficiency or party who is deaf or hard of hearing whether the waiver is knowing, voluntary and intelligent. If the judicial proceeding is conducted in

a court of record, the foregoing determination shall be made on the record. The party with limited English proficiency or party who is deaf or hard of hearing must be provided with an interpreter during the waiver process. In addition, the waiver shall be in writing signed by the party with limited English proficiency or party who is deaf or hard of hearing, with a representation that the party was told of the right to an interpreter and that the party chose not to have an interpreter at the judicial proceeding. The written waiver shall be on the form provided by the Court Administrator for this purpose and shall be made part of the record of the judicial proceeding.

(b) Waiver by a non-party.—When a non-party who is entitled to an interpreter under these regulations seeks to waive the right to an interpreter the provisions of subsection (a) above should be followed with the exception that counsel need not be present.

Comment

When persons with limited English proficiency or persons who are deaf or hard of hearing waive their right to an interpreter pursuant to § 105 they are divesting themselves of an important due process safeguard. For this reason, the presiding judicial officer should take great care to ensure that the person's waiver is knowing, voluntary and intelligent. When deciding whether to permit waiver the presiding judicial officer should consider not only the needs of the person with limited English proficiency or person who is deaf or hard of hearing but also the needs of the presiding judicial officer and others involved in the proceedings to accurately understand that person. If the presiding judicial officer feels that the interpreter is necessary for the presiding judicial officer or others involved in the proceedings to accurately understand the person with limited English proficiency or person who is deaf or hard of hearing, the waiver request should be denied.

§ 106. Oath for Interpreters.

Before commencement of interpreter duties, an interpreter shall take the following oath:

Do you solemnly swear or affirm that you will make an accurate, complete and impartial interpretation from the English language into the (target language), and vice-versa, of all communication during this proceeding using your best skill, judgment and ability and that you will abide by the Rules of Professional Conduct for Judiciary Interpreters, and so you do swear or affirm?

Once the oath is administered, the interpreter becomes an officer of the court for the duration of his or her appointment.

§ 107. Cost of Providing Interpreters for Persons with Limited English Proficiency.

(a) General rule.—An interpreter appointed pursuant to § 203 is entitled to a reasonable fee for interpreter services and shall be reimbursed for actual and reasonable expenses in accordance with the compensation schedule approved by the Court Administrator pursuant to 42 Pa.C.S. § 4411(d).

(b) Principal party in interest.—If the person with limited English proficiency is a principal party in interest, the payment of the cost of providing the interpreter shall be the responsibility of the county of the court or the appellate court that has jurisdiction over the judicial proceeding for which the interpreter was appointed.

(c) Witness.—If the person with limited English proficiency is compelled to appear as a witness in a judicial proceeding for a criminal matter or juvenile proceeding pursuant to 42 Pa.C.S. Ch. 63 (relating to juvenile matters), the payment of the cost of providing the interpreter shall be the responsibility of the county of the court that has jurisdiction over the judicial proceeding for which the interpreter was appointed.

(d) Assignment of costs.—Except as provided in subsections (b) and (c), disposition of all or part of the cost of providing interpreter services shall be in the discretion of the presiding judicial officer and in accordance with the compensation schedule established by the Court Administrator, unless the principal party in interest is indigent. If the principal party in interest is indigent, the cost of providing interpreter services shall be the responsibility of the county of the court or the appellate court that has jurisdiction over the judicial proceeding for which the interpreter was appointed. Except as provided in subsections (b) and (c), the presiding judicial officer may order reimbursement to the county of the court or the appellate court that has jurisdiction over the judicial proceeding for which the interpreter was appointed for its responsibilities under this chapter. In determining the amount of actual and reasonable expenses to be paid to the interpreter, the presiding judicial officer shall follow the fee schedule for interpreters established by the Court Administrator.

Comment

The compensation schedule referred to in subsection (a) will be published in the *Pennsylvania Bulletin* and the official web site of the Administrative Office of Pennsylvania Courts and will be subject to periodic review. In a judicial district comprised of more than one county, the county of the court that has jurisdiction over the judicial proceedings is the county in which the cause of action arose.

§ 108. Costs of Providing Interpreters for Persons who are Deaf or Hard of Hearing.

(a) General rule.—Except as provided in subsection (b), an interpreter appointed in accordance with § 203 is entitled to a reasonable fee for his or her services and shall be reimbursed for actual and reasonable expenses by the county of the court that has jurisdiction over the judicial proceeding in accordance with the compensation schedule approved by the Court Administrator pursuant to 42 Pa.C.S. § 4431(d). Except as provided in subsection (b), expenses related to interpreters appointed for appellate judicial proceedings shall be the responsibility of the appellate court. In no event shall the cost of providing interpreter services be the responsibility of the person who is deaf or hard of hearing.

(b) Payment determination of costs related to appointment of interpreters for immediate family members.—Disposition of all or part of the cost of providing an interpreter appointed in accordance with § 203(d) (interpreter for immediate family members) shall be in the discretion of the court that has jurisdiction over the judicial proceeding and in accordance with the compensation schedule approved by the Court Administrator. If the principal party in interest is indigent, the cost of providing interpreter services shall be the responsibility of the county of the court or the appellate court that has jurisdiction over the judicial proceeding for which the interpreter was appointed. The presiding judicial officer may order reimbursement to the county or the appellate court for its responsibilities under this chapter. In no

event shall the cost of providing interpreter services be the responsibility of the person who is deaf or hard of hearing.

Comment

The compensation schedule referred to in subsection (a) will be published in the *Pennsylvania Bulletin* and the official web site of the Administrative Office of Pennsylvania Courts and will be subject to periodic review. In a judicial district composed of more than one county, the county of the court that has jurisdiction over the judicial proceedings is the county in which the cause of action arose.

Subsection (b) is designed to give the court discretion in assessing the costs of providing an interpreter for immediate family members pursuant to § 203(d). This discretion, however, should never extend to requiring the person who is deaf or hard of hearing to pay the cost of the interpreter.

Subchapter 2. PROCEDURES FOR NOTIFICATION AND DETERMINATION OF THE NEED FOR, AND FOR THE PROCUREMENT AND APPOINTMENT OF, INTERPRETERS

§ 201. Notice of Need for Interpreter; Procurement of Certified and Otherwise Qualified Interpreters.

(a) Persons required to give notice; persons to whom notice is to be given; timing of notice.—

(1) If a principal party in interest is a person with limited English proficiency or a person who is deaf or hard of hearing and is in need of an interpreter, either the principal party in interest or his or her attorney shall give notice of the need for an interpreter as soon as is practicable after learning of the need. The notice shall be made to the presiding judicial officer or the Appellate Court Prothonotary/District Court Administrator or his or her designee and contain the information required in subsection (b)(2) of this regulation.

(2) If the person with limited English proficiency or person who is deaf or hard of hearing is a witness, notice of the need for an interpreter shall be given by the party that intends to call the person as a witness as soon as is practicable after learning of the need. The notice shall be made to the presiding judicial officer or the Appellate Court Prothonotary/District Court Administrator or his or her designee and contain the information required in subsection (b)(2) of this regulation.

(3) If the person with limited English proficiency or person who is deaf or hard of hearing is a direct victim, notice of the need for an interpreter shall be given by the Commonwealth as soon as is practicable after learning of the need. The notice shall be made to the presiding judicial officer or the Appellate Court Prothonotary/District Court Administrator or his or her designee and contain the information required in subsection (b)(2) of this regulation.

(4) In addition to the foregoing persons, anyone with knowledge of a principal party in interest, witness or direct victim's need for an interpreter may give notice of that need to the presiding judicial officer or the Appellate Court Prothonotary/District Court Administrator or his or her designee and contain the information required in subsection (b)(2) of this regulation.

(b) Form and content of notice.—

(1) Notice form.—The notice of need for an interpreter should be given on the form provided by the Court Administrator for this purpose, if practicable. If notice by

way of said form is not practicable, written or oral notice may be given provided it contains the information set forth in subsection (b)(2) below.

(2) Content of notice.—The notice of need for an interpreter, whether on the form specified in subsection (b)(1) or otherwise, must contain at minimum the following information:

(i) party and case identifying information; and

(ii) for a person with limited English proficiency, the language spoken (specifying any particular dialect or regional version) and the country of origin; or

(iii) for a person who is deaf or hard of hearing, the type of sign language or method of communication used, the country of origin (if a foreign sign language is used to communicate), and a description of any educational, physical, mental or other particular condition which may limit the person's ability to communicate.

(c) Procurement of certified or otherwise qualified interpreters.—

(1) Once the Appellate Court Prothonotary/District Court Administrator or his or her designee is made aware of the need for an interpreter, he or she shall procure a certified interpreter in the manner provided by the guidelines established by the Court Administrator for the appointment of certified interpreters.

(2) If the Appellate Court Prothonotary/District Court Administrator or his or her designee cannot procure a certified interpreter in the manner set forth in subsection (c)(1) above, he or she shall procure an otherwise qualified interpreter in the manner provided by the guidelines established by the Court Administrator for the appointment of otherwise qualified interpreters.

Comment

Subsection (a) requires that notice be given as soon as practicable after learning of the need. The fact that no specific time limit is given is in recognition of the fact that situations may arise in which significant advance notice is not feasible. Nevertheless, the party responsible for giving notice under these regulations or anyone aware of the need must notify the presiding judicial officer or Appellate Court Prothonotary/District Court Administrator or his or her designee as soon as the need for an interpreter is known so as to avoid unnecessary delay.

Subsection (b)(1) makes clear that notice on the form provided by the Court Administrator is the preferred method of providing notice of need for an interpreter. If use of the Court Administrator's form is not practicable, other written or oral notice is acceptable provided it conveys the information set forth in subsection (b)(2).

The regulations do not require that only one person be designated by the District Court Administrator to handle requests for interpreters in the district. Different individuals can be assigned to handle different courts within the district. For example, the designee for common pleas interpreter requests may be the District Court Administrator while for cases in the magisterial district courts the special or minor courts administrator could be designated.

In the case of a deaf or hard of hearing juror, the District Court Administrator or his or her designee should follow the judicial district's existing policies pursuant to the Americans With Disabilities Act of 1990 (ADA), 42 U.S.C. §§ 12101 *et seq.*, to ensure proper accommodation of a deaf or hard of hearing juror. Juror summonses

and/or questionnaires should advise prospective jurors to give notice of need for an accommodation prior to the date they report for jury duty.

Subsection (c)(1) requires the Appellate Court Prothonotary/District Court Administrator or his or her designee to follow the Court Administrator's guidelines for appointing a certified interpreter and to make the necessary arrangements to secure the interpreter's services for the judicial proceeding if one is found. If a certified interpreter cannot be found, subsection (c)(2) requires the Appellate Court Prothonotary/District Court Administrator or his or her designee to obtain an otherwise qualified interpreter in the manner provided in the Court Administrator's guidelines. In procuring either a certified or otherwise qualified interpreter, and when the person requiring the interpreter is a person with limited English proficiency, the Appellate Court Prothonotary/District Court Administrator or his or her designee may obtain the services of an interpreter to interpret remotely subject to the limitations of § 104. In the event that neither a certified nor an otherwise qualified interpreter can be procured, the Appellate Court Prothonotary/District Court Administrator or his or her designee shall contact the Court Administrator's office for guidance.

§ 202. Determination of Need for Interpreter.

(a) Proceedings to determine need for an interpreter.—If, after considering the notice of need, the presiding judicial officer requires additional information in order to make the determination, he or she may request any additional filings from the parties or conduct any proceedings he or she deems necessary including, but not limited to, conducting the *voir dire* for determination of need for an interpreter for persons with limited English proficiency established by the Court Administrator. If the Appellate Court Prothonotary/District Court Administrator or his or her designee requires additional information, he or she may request additional information and may request that the presiding judicial officer conduct proceedings to determine the need for an interpreter.

(b) If, during the course of the judicial proceedings, and without regard to whether notice of need for an interpreter was given, the presiding judicial officer determines that a principal party in interest, witness, or direct victim is a person with limited English proficiency or that a principal party in interest, witness, direct victim or juror is deaf or hard of hearing and is in need of an interpreter, he or she shall give notice to the Appellate Court Prothonotary/District Court Administrator or his or her designee as provided in subsection (b) of this regulation.

Comment

Subsection (a) covers situations where the person notified of need for an interpreter pursuant to § 201 requires additional information. It also allows the presiding judicial officer to acquire additional information in order to make the determination of need by way of supplemental filings, hearings and any other means typically within the presiding judicial officer's power in handling the particular judicial proceeding and, in the case of persons with limited English proficiency, suggests using the *voir dire* established by the Court Administrator for assessing the level of English proficiency of the individual in question. The Appellate Court Prothonotary/District Court Administrator may request additional information but is not empowered to conduct any proceedings to gather information.

Subsection (b) is intended to clarify that even if notice of the need for an interpreter is not given by one of the

individuals required to give notice under § 201(a), the presiding judicial officer may *sua sponte* determine the need for an interpreter and thereby start the appointment process if he or she deems it appropriate to do so under these regulations.

§ 203. Appointment of Interpreters.

(a) Appointment of a certified interpreter.—The presiding judicial officer shall appoint the certified interpreter procured pursuant to § 201(c)(1) unless a certified interpreter is unavailable.

(b) Appointment of an otherwise qualified interpreter.—

(1) An otherwise qualified interpreter shall be appointed by the presiding judicial officer if the presiding judicial officer determines that the Appellate Court Prothonotary/District Court Administrator or his or her designee made a good faith effort to procure a certified interpreter and a certified interpreter was not available and that the otherwise qualified interpreter was properly procured pursuant to § 201(c)(2). In making the foregoing determinations the presiding judicial officer shall consider the efforts made by the Appellate/District Court Administrator or his or her designee and whether these efforts complied with the requirements of § 201(c).

(i) Persons with limited English proficiency.—

Prior to the appointment of the otherwise qualified interpreter for a person with limited English proficiency, the presiding judicial officer shall determine the interpreter's qualifications by:

(A) conducting the *voir dire* for qualifying interpreters for persons with limited English proficiency recommended by the Court Administrator;

(B) ascertaining that the otherwise qualified interpreter has read, understands and agrees to abide by the Rules of Professional Conduct for Judiciary Interpreters established by the Court Administrator; and

(C) verifying that the otherwise qualified interpreter is listed in the interpreter roster published by the Court Administrator.

(ii) Persons who are deaf or hard of hearing.—

Prior to the appointment of the otherwise qualified interpreter for a person who is deaf or hard of hearing, the presiding judicial officer shall determine the interpreter's qualifications by:

(A) conducting the *voir dire* for qualifying interpreters for persons who are deaf or hard of hearing recommended by the Court Administrator;

(B) ascertaining that the otherwise qualified interpreter has read, understands and agrees to abide by the National Association of the Deaf (NAD)—Registry of Interpreters for the Deaf (RID) code of professional conduct, and the Rules of Professional Conduct for Judiciary Interpreters established by the Court Administrator;

(C) verifying that the otherwise qualified interpreter is listed in the interpreter roster published by the Court Administrator;

(D) verifying that the otherwise qualified interpreter is certified by the NAD or RID, by asking to see the interpreter's membership card; and

(E) that the otherwise qualified interpreter has complied with the requirements of the Sign Language Interpreter and Transliterator State Registration Act, 63 P. S. § 1725.1 *et seq.*, and is registered with the Office for the

Deaf and Hard of Hearing (ODHH) within the Department of Labor and Industry of the Commonwealth.

(2) In ascertaining whether an individual is able to interpret and should be appointed as an otherwise qualified interpreter, the presiding judicial officer shall follow the guidelines established by the Court Administrator for the appointment of otherwise qualified interpreters for persons with limited English proficiency or for persons who are deaf or hard of hearing.

(c) Additional interpreter(s).—After consideration of the type and length of the judicial proceeding and the number of persons requiring interpreters involved, the presiding judicial officer may appoint, as provided for in subsections (a) and (b), an additional interpreter or provide for additional interpretation in a manner deemed appropriate by the presiding judicial officer. In making this determination, the presiding judicial officer shall follow the guidelines established by the Court Administrator for the appointment of additional interpreters for persons with limited English proficiency or for persons who are deaf or hard of hearing.

(d) Interpreter for immediate family.—The presiding judicial officer may appoint, as provided in subsections (a) and (b), an interpreter or provide for additional interpretation, as provided in subsection (c), for an immediate family member of a principal party in interest.

(e) Persons who are not to be appointed as interpreters.—Under no circumstances should the presiding judicial officer appoint a family member of the person with limited English proficiency or person who is deaf or hard of hearing, a witness, party, or other persons who may have an interest in the outcome of a judicial proceeding or those who may be perceived to have an interest in the outcome (i.e., police officers, sheriff's deputies, constables, etc.) to act as an interpreter for that person.

Comment

Subsection (a) of § 203 authorizes the presiding judicial officer to appoint a certified interpreter after the steps outlined in §§ 201 and 202 have been taken. If the judicial proceeding is conducted in a court of record, the formal appointment of either a certified interpreter or an otherwise qualified interpreter should always be done on the record at the first appearance of the interpreter at the proceeding. Subsection (c) allows for the appointment of a team of interpreters if the judicial proceeding is a jury trial, is likely to be more than two hours in duration, or, in the case of a deaf or hard of hearing person, whenever the limitations and particularities of the person's form of communication (such as when the deaf or hard of hearing person is a foreign national who does not communicate in any of the forms of sign language spoken in this country) requires it.

§ 204. Replacement or Removal of Interpreter.

(a) The presiding judicial officer shall dismiss an interpreter and obtain the services of another interpreter in accordance with this chapter if the interpreter:

(1) fails to follow the standards prescribed by law, by the Rules of Professional Conduct for Judiciary Interpreters established by the Court Administrator or the NAD-RID code of professional conduct or any other professional organization regulating the interpreter, by engaging in conduct such as, but not limited to:

(i) knowingly and willfully making false, misleading or incomplete interpretation while serving in an official capacity;

(ii) knowingly and willfully disclosing confidential or privileged information obtained while serving in an official capacity;

(iii) failing to reveal potential conflicts of interest;

(iv) misrepresenting his or her credentials; or

(v) failing to appear as scheduled without good cause.

(2) is unable to effectively communicate with the presiding judicial officer or the person with limited English proficiency or the person who is deaf or hard of hearing, including where the interpreter self-reports such inability.

(b) In the event a presiding judicial officer removes an interpreter for the grounds specified in subsection (a)(1) he or she shall notify the Court Administrator.

Comment

Subsection (b) requires that a presiding judicial officer inform the Court Administrator whenever an interpreter has to be removed for failing to follow standards prescribed by law or the Rules of Professional Conduct for Judiciary Interpreters established by the Court Administrator, the NAD-RID code of professional conduct or any other professional organization regulating the interpreter. This mandatory reporting requirement allows the Court Administrator to enforce the applicable standards and Rules of Professional Conduct for Judiciary Interpreters. In addition to reporting violations resulting in removal of a court interpreter, the presiding judicial officer is encouraged to report any other suspected violations of legal standards, the Rules of Professional Conduct for Judiciary Interpreters, failure to follow Interpreter Certification Program guidelines, the Sign Language Interpreter and Transliterator State Registration Act, 63 P. S. § 1725.1 *et seq.*, and the standards of the Department of Labor and Industry's Office of the Deaf and Hard of Hearing (ODHH), even if the suspected violations are not sufficient to cause the presiding judicial officer to remove the interpreter.

Subchapter 3. CERTIFICATION REQUIREMENTS

§ 301. Interpreter Certification Requirements.

To become certified or otherwise qualified, interpreters shall meet the requirements set forth in this chapter.

§ 302. Registration.

All interpreters must register with the Interpreter Certification Program (ICP) by completing a registration form. Registration is free and indicates the interpreter's willingness to become certified according to program guidelines. Sign language interpreters must also register with the Office for the Deaf and Hard of Hearing (ODHH) within the Department of Labor and Industry of the Commonwealth as required by the Sign Language Interpreter and Transliterator State Registration Act, 63 P. S. § 1725.1 *et seq.* if they hold a Registry of Interpreters for the Deaf (RID) or National Association of the Deaf (NAD) certificate.

Comment

As of January 1, 2010, only registered interpreters who have attended an orientation workshop, passed the written examination and passed the simultaneous part of the oral examination, can work in the Unified Judicial System pending the outcome of their certification process. Registration forms are available on the ICP web site: www.pacourts.us/t/aopc/courtinterpreterprog.

§ 303. Orientation Workshop.

Interpreters must attend a two-day orientation workshop sponsored by the ICP. Schedule A of these regulations contains a list of the topics covered by the orientation workshop.

§ 304. Examinations.

(a) Written examination.—After completing the orientation workshop, interpreters are eligible to take the written examination. The written exam is designed to measure the interpreter's general English language proficiency and usage, knowledge of court-related terms, and familiarity with ethical and professional conduct.

(1) Multiple choice.—The first part of the written examination consists of multiple-choice questions. All interpreters, regardless of the language they interpret, must take the multiple choice part of the examination. Schedule B of these regulations discusses the number of questions on the multiple choice portion of the examination and the minimum number of questions that must be answered correctly for an interpreter to pass.

(2) Foreign Language Assessment Exercise.—Interpreters who interpret languages for which there is a full or abbreviated oral proficiency examination must also take and pass a foreign language assessment exercise. Interpreters who interpret in more than one language for which a full or abbreviated oral examination exists must take the foreign language assessment exercise for each language. Interpreters must pass both the multiple-choice examination and the foreign language assessment exercise.

If no full or abbreviated oral exam exists in any of an interpreter's working languages, he or she is not required to take the foreign language assessment exercise. Sign language interpreters are exempt from taking the foreign language assessment exercise.

Comment

Interpreters are advised to take the foreign language assessment exercise in the language in which they are most fluent first. Subsequently, when attempting to become certified in a second language they must take the foreign language assessment exercise for that language before taking the oral exam. Schedule B of these regulations discusses the content, passing requirements and time allotted for the foreign language assessment exercise. Schedule C contains a list of languages for which full or abbreviated oral proficiency examinations exist.

(b) Oral proficiency examination.—

(1) Foreign language interpreters.—Interpreters who pass the written examination must next take an oral proficiency examination. The type and format of the proficiency examination depends on the language interpreted and whether there is a full or abbreviated proficiency examination available in that language. Interpreters who interpret more than one language must be certified in each language.

(i) Languages for which there is a full or abbreviated oral proficiency examination.—Interpreters who interpret languages for which there is a full or abbreviated oral proficiency examination must take and pass all available parts in order to become certified. Where there is only an abbreviated examination, the interpreter must pass the available parts and agree to take the remaining parts when available in order to remain certified. Schedule C of these regulations details the contents of the full oral

proficiency examination and provides lists of languages for which there is a full or abbreviated oral proficiency examination.

(ii) Languages for which there is no oral proficiency examination.—To demonstrate linguistic proficiency, interpreters of languages for which there is no full or abbreviated oral performance examination must comply with one or more of the following requirements:

(A) pass an oral proficiency interview in their foreign language in which the interpreter's foreign language skills are evaluated by expert raters during the course of a telephone-based interview session. Details of the oral proficiency interview are contained in Schedule C of these regulations;

(B) pass an oral English proficiency interview and/or Test of English as Foreign Language (TOEFL). When an interpreter's English language skills are deemed insufficient, he or she may be asked to take and pass an English proficiency interview at the superior level and/or a TOEFL at the discretion of the ICP; or

(C) agree to take a full or abbreviated test when available.

(iii) Administration of oral proficiency examinations.—The oral proficiency examination must be taken and passed in the manner, and within the time periods, described in Schedule C of these regulations.

(iv) Retaking the oral proficiency examination.—Interpreters who fail any portion of the oral proficiency examination may retake it in the manner described in Schedule C of these regulations.

(2) Sign language interpreters.—After attending the orientation workshop and passing the multiple-choice part of the written exam, sign language interpreters must comply with the following requirements in lieu of an oral examination:

(i) be certified by RID or NAD;

(ii) provide proof of RID or NAD certifications (proof shall consist of a copy of the interpreter's certificates and a valid active membership card, or a letter from RID or NAD certifying the results of the proficiency examination and status); and

(iii) hold a relevant RID or NAD certificate for legal interpretation as determined by the Court Administrator. A list of relevant RID or NAD certificates for legal interpretation can be found in Schedule C of these regulations.

§ 305. Criminal Background Check.

All interpreters who have satisfactorily completed the oral proficiency requirements shall be subject to a criminal background check performed through the Administrative Office of Pennsylvania Courts. The following constitute grounds for failing the background check:

(a) conviction of any type of felony or a misdemeanor involving fraud, dishonesty, corruption, moral turpitude or false statements; or

(b) any conviction related to ethical violations and the functions and duties of a court interpreter.

§ 306. Interpreter Classification.

In general, there are two broad categories of interpreters: certified and otherwise qualified. For certification purposes, interpreters are divided into three groups: (1) those who interpret in a language for which a full or abbreviated oral proficiency examination exists; (2) those

who interpret in a language for which there is no oral proficiency examination; and (3) sign language and deaf interpreters. The classifications and certification criteria are subject to modification, revision and change. Schedule D of these regulations contains tables detailing the current classification of the three certification groups.

Comment

The classifications and certification criteria are subject to modification, revision and change based on developments such as the availability of new performance tests, the effectiveness or development of evaluation tools, reconsideration of the skill level represented by the various categories and other related factors. Therefore, these classifications should not be viewed as definitive or permanent, especially for those in the otherwise qualified category.

§ 307. Interpreter Rules of Professional Conduct.

All interpreters must sign a statement that they will abide by the Rules of Professional Conduct for Judiciary Interpreters.

Comment

A copy of the Pennsylvania Rules of Professional Conduct for Judiciary Interpreters may be found in Schedule F of these regulations.

§ 308. Age Requirement.

To be certified, an interpreter must be at least 18 years of age and agree to provide proof of age if requested by any court official or member of the ICP.

§ 309. Fees.

Interpreters shall pay all fees required during the certification process and in the future for the renewal of their certification status, and any other fees imposed for the completion of any mandated program requirements. Fees will be waived for staff interpreters employed full time by any judicial district in Pennsylvania. Schedule E of these regulations contains a table of the current ICP fees.

§ 310. Renewal of Certification.

All interpreters must renew their certification every two years, from the date the interpreter was placed on the roster, by doing all of the following:

(a) Complete 16 continuing education (CE) units within the two-year compliance period. CE credits may be obtained by: taking training or skill development workshops sponsored by institutes and professional organizations; taking academic courses in accredited colleges or universities in areas relevant to court interpreting; presenting as faculty in courses, workshops or seminars on topics related to interpreting such as skill building, ethics and professional issues; or teaching an academic course in an accredited college or university on a subject related to courts, legal interpreting or their language of expertise. All CE units must be approved in advance by the program administrator.

(b) Be free of any revocation or suspension under § 402 of these regulations or any similar sanction in any other jurisdiction.

(c) Undergo a new criminal background check when applying for renewal. Interpreters who have been found guilty of a major felony or crime will be denied renewal of their credentials. Misdemeanor offenses will be evaluated

on a case-by-case basis to determine if they constitute a violation of the Rules of Professional Conduct for Judiciary Interpreters.

(d) Pay the renewal fee.

§ 311. Waiver and Reciprocity of Examination Requirements.

(a) Interpreters certified in another Consortium member state.—Any interpreter who has successfully completed all the requirements of the oral proficiency examination administered in accordance with the standards of the Consortium for State Court Interpreter Certification in another Consortium member state may apply for reciprocity. The interpreter must have obtained a minimum of 70 percent of all parts of the oral proficiency examination and obtain a letter from the State's program manager certifying the results. These interpreters must also comply with all additional program requirements.

(b) Interpreters holding Federal or NAJIT certifications.—Interpreters holding either the Federal Court Interpreter credential or the National Association of Judiciary Interpreters and Translators (NAJIT) certification will be granted reciprocity under the same conditions explained above with regard to other Consortium member states. These interpreters must also comply with all additional program requirements.

Subchapter 4. DISCIPLINARY PROCEDURES

§ 401. Scope.

These procedures apply only to interpreters who are included on the roster maintained by the Interpreter Certification Program (ICP). Staff interpreters who are employees of their respective judicial districts may also be subject to additional personnel and human resources policies in the districts where they are employed.

These procedures apply to complaints about roster interpreters who have allegedly engaged in unethical or unprofessional conduct in the course of performing their interpreter duties and, in some instances, of unethical conduct outside the scope of interpreting.

§ 402. Suspension or Revocation of Certification and Roster Status.

The following shall constitute grounds for disciplinary action against interpreters registered with the ICP. Certified, otherwise qualified or registered status may be suspended or revoked for any of the following reasons:

(a) violation of the Rules of Professional Conduct for Judiciary Interpreters;

(b) conviction of a felony or misdemeanor involving moral turpitude, dishonesty or false statements;

(c) fraud, dishonesty, or corruption related to the functions and duties of a court interpreter;

(d) knowing misrepresentation of court certification or roster status;

(e) knowing and willful disclosure of confidential or privileged information obtained while serving in an official capacity as a court interpreter;

(f) unprofessional or unethical conduct;

(g) fraud or misrepresentation in obtaining or renewing certification status;

(h) non-compliance with continuing education requirements;

- (i) non-payment of renewal fees; or
- (j) disciplinary action taken in conjunction with the interpreter's services in another jurisdiction.

§ 403. Reporting of Arrest or Discipline.

An interpreter who is arrested in any jurisdiction or has been disciplined by the interpreter program of any other jurisdiction shall report the arrest or discipline to the ICP within forty-eight hours of the arrest or receiving notification of the discipline and shall provide, upon request of the ICP, any pertinent information related to the arrest or discipline.

§ 404. Disciplinary Procedures.

(a) Lodging a complaint against an interpreter subject to these procedures.—A complaint must be submitted to the ICP in writing on a standard complaint form signed by the complainant. The complaint shall include a description of the alleged improper activity and the identity of any witnesses. Any person, including the ICP Administrator, may initiate a complaint.

(b) Review of Complaint.—The ICP Administrator will review the complaint and determine whether the allegations, if true, constitute grounds for disciplinary action pursuant to § 402 of these regulations. If the ICP Administrator determines that the complaint does not allege conduct that constitutes grounds for discipline, the complaint shall be dismissed and both the complainant and the interpreter will be notified. If the ICP Administrator determines that sufficient grounds for discipline exist, a copy of the complaint will be sent to the interpreter.

(c) Response.—Upon receipt of a copy of the complaint, the interpreter may submit a written response to the ICP Administrator within 20 days. Failure to respond will be deemed an admission of the violations alleged in the complaint. The ICP Administrator will then apply whatever sanctions are considered to be appropriate.

(d) Investigation.—When the interpreter submits a timely response to the complaint, the ICP Administrator shall conduct an investigation. The ICP Administrator may contact the interpreter, the complainant and any other person deemed to have relevant information, and use any reasonable means necessary to ascertain the facts and investigate the allegations. The ICP Administrator may also meet with the parties in an attempt to resolve the matter informally. Such a resolution may or may not include sanctions as agreed to by the parties.

(e) Determination.—If, at the conclusion of the investigation, the ICP Administrator determines that no conduct occurred that constitutes ground for discipline, the complaint shall be dismissed and both the complainant and the interpreter shall be notified. The notification shall include an explanation of the reason(s) for the ICP Administrator's determination.

When, after an investigation, the ICP Administrator determines that a violation of the Rules of Professional Conduct for Judiciary Interpreters has occurred and that sufficient grounds exist to support the allegations in the complaint, the ICP Administrator will submit a report of the findings in writing to the complainant and the interpreter including which policies have been violated and whatever sanctions are considered to be appropriate.

(f) Petition for review.—If the interpreter disagrees with the ICP Administrator's findings and proposed sanctions and wants to contest them, the interpreter shall submit a petition for review in writing to the Court

Administrator within 20 days of receiving the ICP Administrator's report and proposed sanctions. The petition shall briefly state the facts that form the basis for the initial complaint and the interpreter's reasons for disagreeing with the ICP Administrator's findings or proposed sanctions. A copy of the petition shall be provided to the ICP Administrator. Failure to file a petition for review in a timely manner will be deemed an admission of the violations alleged in the complaint and the ICP Administrator will implement the recommended sanctions.

(g) Hearing.—If the interpreter contests the findings of the ICP Administrator's report or disagrees with the recommended sanctions and submits a timely petition for review as provided in § 404(f), the interpreter may request, and shall be given, a hearing before a hearing officer designated by the Court Administrator. A request for a hearing must be included in the petition for review.

If the interpreter requests a hearing in a timely manner, the hearing shall be held within 60 days from the date on which the petition is received by the Court Administrator. The following conditions will apply at the hearing.

(i) Legal representation.—The interpreter may be represented by counsel. The interpreter shall be responsible for all of his or her costs and expenses including attorney's fees.

(ii) Pre-hearing discovery.—Pre-hearing discovery shall not be permitted unless expressly authorized by the hearing officer in response to a written request.

(iii) Rules of evidence.—Strict rules of evidence shall not apply. The hearing officer may, in his or her discretion, consider any evidence presented, including affidavits, and give such evidence the weight he or she deems appropriate.

(iv) Reporting of hearings.—A record of the hearing shall be made.

(v) Confidentiality.—Hearings shall be private and confidential, except upon request of the interpreter facing the allegations. Complainants, however, shall be entitled to attend the hearing.

(vi) Hearing procedure.—At the hearing, both the ICP Administrator and the interpreter shall be afforded the opportunity to introduce documents and other relevant evidence and to elicit sworn testimony. The hearing officer may, at his or her discretion, call witnesses, and consider or clarify evidence presented, giving such evidence the weight he or she deems appropriate.

(h) Decision.—Within 60 days after the hearing, the hearing officer shall advise the interpreter and the complainant via certified United States mail of his or her action on the complaint. If the hearing officer's action includes sanctions, the hearing officer shall specifically enumerate the sanctions, the reason for such sanctions, and the interpreter's right to appeal. If the sanctions include suspension or revocation of the interpreter's certification or roster status or placing the interpreter in a lower qualification or skill level on the roster, the hearing officer shall specify the conditions and time frame within which the interpreter may apply for reinstatement of his or her prior certification or roster status and any conditions that must be met.

§ 405. Disciplinary Dispositions.

(a) Burden of Proof.—If the hearing officer finds that there is clear and convincing evidence that the inter-

preter has violated the interpreter Rules of Professional Conduct for Judiciary Interpreters, or that there are any other grounds for discipline as stated in § 402 of these regulations, the hearing officer shall impose such discipline or sanctions as he or she may deem appropriate. In determining the type of sanction, the hearing officer shall consider the nature and seriousness of the violation, any pattern of improper activity, the effect of the improper activity on the court system and/or the complainant, the amount of experience of the interpreter, and any other mitigating or aggravating information presented.

(b) Notification.—All decisions of the hearing officer shall be in writing and maintained on file with the ICP and, if adverse to the interpreter, shall contain factual findings supporting the decision. A copy of the decision shall be sent to the interpreter via certified United States Mail to the latest address listed with the ICP and by mail to the complainant.

(c) Sanctions.—Sanctions may consist of, but are not limited to, one or more of the following:

- (i) issuing a private or public reprimand;
- (ii) requiring that specific remedial education courses be taken;
- (iii) requiring that one or more portions of the certification examination or the certification requirements be successfully taken or retaken;
- (iv) requiring that the interpreter's work be supervised;
- (v) limiting the scope of practice or services the interpreter can provide;
- (vi) placing the interpreter at a lower qualification or skill level on the roster;
- (vii) requiring restitution, costs or expenses to be paid;
- (viii) suspension of certification and/or roster status for a period not to exceed one year; or
- (ix) revocation of certification or roster status.

§ 406. Reinstatement.

An interpreter whose certification or roster status has been suspended for a period exceeding one year, or whose certification or roster status has been revoked, may not resume work in any area related to legal interpreting within the Unified Judicial System without first applying for reinstatement.

(a) Time for filing application for reinstatement.—An interpreter whose certification or roster status has been revoked may not apply for reinstatement until the expiration of at least two years from the effective date of revocation of his or her certification or roster status, or any other specific time frame established by the revocation decision. An interpreter whose certification or roster status has been suspended may apply for reinstatement no earlier than ninety days before the end of the suspension period. An interpreter whose certification or roster status is suspended or revoked based on disciplinary action imposed by a foreign jurisdiction may apply for reinstatement at any earlier date on which reinstatement may be sought in the jurisdiction of initial discipline.

(b) Form and content of the application for reinstatement.—The application for reinstatement shall be in writing and addressed to the ICP Administrator. The application shall explain why the interpreter believes that he or she should be reinstated and shall include proof of compliance with any conditions imposed as a condition for reinstatement.

(c) Disposition of the application for reinstatement.—Within 60 days of receiving the application for reinstatement, and after reviewing and analyzing the merits of the case, the ICP Administrator shall make a recommendation to the Court Administrator on whether or not the interpreter should be reinstated. The recommendation should explain the basis for the recommendation. The decision to grant or deny such a request shall be at the sole discretion of the Court Administrator who can impose any additional conditions upon reinstatement as he or she may deem appropriate.

§ 407. Confidentiality.

(a) When a disciplinary proceeding is either dismissed or results in a private reprimand, all records of the proceeding shall remain confidential unless otherwise provided for in this chapter. Otherwise, all such records shall become public whenever the decision becomes final.

(b) Complaints submitted to the ICP Administrator shall be confidential unless they result in formal disciplinary action.

(c) All communications to the Court Administrator, ICP Administrator, hearing officers, attorneys or counsel for the parties and staff, and all testimony given during a hearing pursuant to this disciplinary procedure relating to conduct for which an interpreter could be suspended, have his or her certification revoked or be otherwise disciplined, shall be privileged.

Schedule B

Written Interpreter Certification Examination

Multiple Choice: questions; passing requirements; time allotted.

The first part of the written examination consists of 135 multiple-choice questions. In order to pass the multiple-choice part, 80 percent (108 questions) must be answered correctly. Examinees are allotted two hours and fifteen minutes to complete the multiple-choice part of the test.

Foreign Language Assessment Exercise: questions; passing requirements; time allotted.

For the Foreign Language Assessment Exercise, the interpreter must translate ten items from English into the target language. The foreign language assessment will be administered the same day, immediately after the

multiple-choice part of the examination, and will be rated on a pass/not pass basis. Examinees will have 45 minutes to translate the ten items.

Schedule C

Oral Proficiency Examination

Content of the Full Oral Proficiency Examination.

The full oral proficiency exam consists of three parts: simultaneous interpretation, consecutive interpretation, and sight translation. For languages in which there is only an abbreviated exam, one or more of these segments has not yet been developed.

1. **Simultaneous interpreting.** The interpreter listens through headphones to a CD recording of a simulated attorney's opening or closing statement to a judge or jury, a judge instructing a jury or the cross-examination of a witness. The interpreter interprets aloud what he or she hears over the headset. This mode of interpreting simulates many situations interpreters encounter in courtrooms while interpreting for defendants during procedural hearings and trials. The statement is approximately 800 to 850 words in length, is recorded at an approximate speed of 120 words per minute, and is about seven minutes long.
2. **Consecutive interpreting.** The interpreter interprets English language statements into the foreign language and foreign language responses into English. In consecutive interpreting the interpreter must wait until the speaker finishes the utterance before beginning to deliver the interpretation. This is the appropriate type of interpreting for non-English speaking witnesses, and other question-and-answer situations involving limited English proficient persons. The segments are pre-recorded on a CD and the interpreter may ask to have two of the segments repeated.
3. **Sight translation.** The interpreter is asked to interpret one document from English into the foreign language and another from the foreign language into English. Each document is approximately 225 words in length and the interpreter is allowed six minutes to interpret each document.

Languages for which there are Full or Abbreviated Oral Proficiency Examinations.

1. **Full examination:** Arabic (Modern Standard), Cantonese, French, Haitian Creole, Hmong, Ilocano, Italian, Korean, Laotian, Mandarin, Marshallese, Polish, Portuguese, Russian, Somali, Spanish and Vietnamese
2. **Abbreviated examination:** Arabic (Egyptian Colloquial), Bosnian, Chuukese, Croatian, German, Serbian and Turkish

Oral Proficiency Interview for Languages in Which There is no Full or Abbreviated Oral Proficiency Examination.

Oral proficiency interviews were developed by the American Council on the Teaching of Foreign Languages (ACTFL) for evaluating the language communication skills of speakers of foreign languages and are administered by Language Testing International (LTI). There are over 50 languages available and the interpreter must perform at the superior level to pass. The interpreter travels to a location with secure access to a phone line and, after providing a valid picture ID and other verifying information, the interpreter is placed in a room where the

interview is administered over the telephone. The results are reported to the ICP and the interpreter.

Administration of Oral Proficiency Examinations.

1. **Full oral proficiency examination.** Interpreters in languages for which there is a full oral proficiency exam will first be given the simultaneous part of the examination. After passing the simultaneous part, they will sit for the consecutive and sight portions at a subsequent date. The consecutive and the sight portions of the examination must be completed within one year from the date on which they took and passed the simultaneous portion. Interpreters will be allowed to carry forward the score of any portions they have passed for a maximum of two years. The same version of the examination can be taken a maximum of two times and the examination cannot be repeated more than once in a ten-month period.
2. **Abbreviated oral proficiency examination.** Interpreters in languages for which only an abbreviated examination exists will be given the simultaneous portion first, if there is one. If no simultaneous part exists, they will take whatever portions are available, either the consecutive part, the sight part, or both. The scores of any portion passed can be carried forward for a maximum of two years. The same version of the examination can be taken a maximum of two times and the examination cannot be repeated more than once in a ten-month period.

Retaking Part of the Oral Proficiency Examination.

Interpreters who fail the simultaneous part may retake the examination again at any time. However, it is recommended that they allow themselves at least six to eight months to practice and develop their skills before attempting to retake the examination. If after passing the simultaneous part the interpreter fails either the consecutive or the sight portions, they must retake and pass whichever part they failed within one year. This is because interpreters must pass all three parts of the oral proficiency examination within one testing cycle, which consists of two years. The testing cycle requirement is not triggered until the interpreter passes the simultaneous portion.

Interpreters of languages for which there is only an abbreviated oral proficiency examination must also complete the remaining parts within one testing cycle after passing the simultaneous part, if there is one. If no simultaneous part exists, the interpreter must take whatever parts are available within one testing cycle. The testing cycle requirement is not triggered until the interpreter passes at least one part of the available parts of the oral proficiency examination that are available.

Schedule F

**Pennsylvania Rules of Professional Conduct for
Judiciary Interpreters**

Legal Authority

In accordance with Act 172 of 2006 (42 Pa.C.S. §§ 4411(e) and 4431(e)), the Court Administrator of Pennsylvania hereby establishes these Rules of Professional Conduct for Judiciary Interpreters in the Unified Judicial System of Pennsylvania.

Preamble

Many persons who come before the courts are partially or completely excluded from full participation in the proceedings due to limited English proficiency (LEP) or a speech or hearing impairment. It is the Court's intention to remove this communication barrier in order to provide equal access and due process so that these persons are placed in the same position as similarly situated persons for whom there is no such impediment. As officers of the court, interpreters help assure that such persons may enjoy equal access to justice and that court proceedings and court support services function efficiently and effectively. Interpreters are highly skilled professionals who fulfill an essential role in the administration of justice. In their capacity as officers of the court, court interpreters are bound by rules of professional conduct.

Applicability and Enforcement

These rules shall guide and be binding upon all persons, agencies and organizations who administer, supervise, deliver, or attempt to become certified to deliver, interpreting services to the Judiciary. It shall govern the

conduct of persons who are employed, under contract or otherwise appointed by the Judiciary to interpret, transcribe, translate or deliver foreign and sign language interpreting services to the judicial system. This shall include persons who offer their services free of charge or on a volunteer basis.

Violations of these rules may result in the interpreter being removed from a case, being suspended, being denied future appointments by the courts, losing certification if the interpreter has been certified pursuant to Act 172 and the Administrative Regulations Governing Court Interpreters for Persons with Limited English Proficiency and for Persons who are Deaf or Hard of Hearing or any other sanctions deemed appropriate by the Court Administrator of Pennsylvania. The Court Administrator is authorized to adopt policies and procedures necessary to enforce these rules.

RULE 1: REPRESENTATION OF QUALIFICATIONS.

Interpreters shall accurately and completely represent their certifications, training and pertinent experience.

Comment

Acceptance of a case by an interpreter conveys linguistic competency in legal settings. Withdrawing or being asked to withdraw from a case after it begins causes a disruption of court proceedings and is wasteful of scarce public resources. It is therefore essential that interpreters present a complete and truthful account of their certification, training and experience prior to appointment so the officers of the court can fairly evaluate their qualifications for delivering interpreting services.

RULE 2: ACCURACY AND COMPLETENESS.

Interpreters shall render a complete and accurate interpretation or sight translation, without altering, omitting or adding anything to what is stated or written, and without embellishment or explanation.

Comment

The interpreter has a twofold duty: (1) to ensure that the proceedings in English reflect precisely what was said by the limited English proficient (LEP) person or speech or hearing impaired person; and (2) to place the LEP or speech or hearing impaired person on an equal footing with those who understand English. This creates an obligation to conserve every element of information contained in a source language communication when it is rendered in the target language.

Therefore, interpreters are obligated to apply their best skills and judgment to preserve faithfully the meaning of what is said in court, including the style and register of speech. Verbatim or literal oral interpretations are not appropriate when they distort the meaning of the source language, but every spoken statement, even if it appears non-responsive, obscene, rambling or incoherent should be interpreted. This includes apparent misstatements.

Interpreters should never interject their own words, phrases or expressions. They should convey the emotional emphasis of the speaker without reenacting or mimicking the speaker's emotions or dramatic gestures.

Sign language interpreters, however, *must* employ all of the visual cues that the language they are interpreting for requires—including facial expressions, body language and hand gestures. Sign language interpreters, therefore, should ensure that court participants do not confuse these essential elements of the interpreted language with inappropriate interpreter conduct.

The obligation to preserve accuracy includes the interpreter's duty to correct any error of interpretation discovered by the interpreter during the proceeding. Interpreters should also demonstrate their professionalism by objectively analyzing any challenge to their performance.

RULE 3: IMPARTIALITY AND AVOIDANCE OF CONFLICT OF INTEREST.

Interpreters shall be impartial and unbiased and shall refrain from conduct that may give an appearance of bias or favoritism. Interpreters shall disclose any real or perceived conflict of interest.

Comment

Interpreters serve as officers of the court and their main duty in court proceedings is to serve the court. This is true regardless of whether the interpreter is publicly retained at government expense or retained privately at the expense of one of the parties.

Interpreters should avoid any conduct or behavior that presents the appearance of favoritism toward any of the parties. Interpreters should maintain professional relationships with their clients and should not take an active part in any of the proceedings. The interpreter should discourage an LEP or speech or hearing impaired party's personal dependence.

During the course of the proceedings, interpreters should not converse with parties, witnesses, jurors, attorneys or with friends or relatives of any party, except in the discharge of their official functions. It is especially important that interpreters, who are often familiar with

attorneys, courtroom staff and law enforcement officers, refrain from casual and personal conversations with anyone in court that may convey an appearance of a special relationship or partiality to any of the court participants.

The interpreter should strive for professional detachment. Verbal and non-verbal displays of personal attitudes, prejudices, emotions or opinions should be avoided at all times.

Should the interpreter become aware that a proceeding participant views the interpreter as having a bias or being biased, the interpreter should disclose that knowledge to the appropriate judicial authority and counsel.

Any condition that interferes with the objectivity of an interpreter constitutes a conflict of interest. Before providing professional services in a matter, interpreters must disclose to all parties any prior involvement, whether personal or professional, that could be reasonably construed as a conflict of interest. This disclosure should not include privileged or confidential information. The following circumstances are presumed to create actual or apparent conflicts of interest for interpreters and should preclude them from serving in any proceeding in which:

1. They are a friend, associate or relative of a party or counsel for a party involved in the proceedings;
2. They, their spouse, child or relative is a party to the proceeding or have a financial interest or any other interest that would be affected by the outcome of the proceeding;
3. They have been previously retained by a law enforcement agency to assist in the preparation of the criminal case at issue or have served in an investigative capacity for any party involved in the case; and
4. They have been involved in the choice of counsel or law firm for that case.

Interpreters should also disclose to the court and other parties when they have previously been retained for private employment by one of the parties in the case and should not serve in any matter in which payment for their services is contingent upon the outcome of the case.

An interpreter who is also an attorney should not serve in both capacities in the same matter. Similarly, attorneys, probation officers, investigators, police officers, sheriffs, therapists, social workers, advocates and other professionals should not interpret in any judicial proceeding or any court support service in which they are professionally involved with a party to the matter.

RULE 4: PROFESSIONAL DEMEANOR.

Interpreters shall conduct themselves in a manner consistent with the dignity of the court and shall be as unobtrusive as possible.

Comment

Interpreters should know and observe established protocol, rules and procedures for delivering interpreting services. They should speak at a rate and volume that enables them to be heard and understood throughout the courtroom, but their presence should otherwise be as unobtrusive as possible. They should not draw undue or inappropriate attention to themselves and should dress in a manner that is consistent with the dignity of the proceedings and the court. Interpreters are encouraged to avoid personal or professional conduct that could discredit or be embarrassing to the court.

RULE 5: CONFIDENTIALITY.

Interpreters shall protect the confidentiality of all privileged and other confidential information.

Comment

Interpreters must protect and uphold the confidentiality of all privileged information obtained during the discharge of their duties. Privileged information refers to confidential information that is protected from disclosure by law or statute, as listed in 42 Pa.C.S. §§ 4415 and 4436 and § 103 of these Regulations. They must be familiar with and understand the rules applicable to the handling of privileged and confidential information. It is especially important that interpreters understand and uphold the attorney-client privilege, which requires confidentiality with respect to any communication between attorney and client. Interpreters must also refrain from repeating or disclosing information obtained in the course of their employment that may be relevant to the legal proceeding.

In the event that an interpreter becomes aware of information that suggests imminent harm to someone or relates to a crime being committed during the course of the proceedings, the interpreter should immediately disclose the information to an appropriate authority within the judiciary who *is not* a party in the proceeding and seek advice in regard to the potential conflict in professional responsibility.

RULE 6: RESTRICTION FROM PUBLIC COMMENT.

Interpreters shall not publicly discuss, report or offer an opinion concerning a matter in which they are or have been engaged, even when that information is not privileged or required by law to be confidential.

Comment

Even when communications are not privileged, interpreters should be mindful not to discuss a case while it is pending. An exemption to this rule would be if the interpreter is called upon to testify as a language expert. In such instances the interpreter should limit his or her opinion to strict matters of linguistic expertise such as the meaning and usage of specific words or culturally bound terms. When called upon to testify in court, the interpreter should request a ruling by the court upon the propriety of testimony on confidential matters. Also, if a disciplinary complaint or lawsuit arising out of interpretation services is filed against an interpreter, he or she may testify about relevant communications.

RULE 7: SCOPE AND LIMITATIONS OF PRACTICE.

Interpreters shall limit themselves to interpreting, transliterating or translating and shall not give legal advice, express personal opinions to individuals for whom they are interpreting, or engage in any other activities which may be construed to constitute a service other than interpreting, transliterating or translating while serving as an interpreter.

Comment

Since interpreters are responsible only for enabling others to communicate, they should limit themselves to the activity of interpreting, transliterating or translating only. They should not take a primary role in such communications and may take a secondary role only as

necessary for assuring an accurate and faithful interpretation, transliteration or translation.

Interpreters may assume a secondary role when they find it necessary to speak directly to the court to seek assistance in performing their duties, e.g., requesting that speakers moderate their rate of communication or repeat or rephrase a statement, correcting an interpreting error, or notifying the court of their reservations about their ability to satisfy an assignment competently.

Interpreters should avoid activities that may be reasonably construed to constitute the practicing of law, e.g., giving legal advice or answering parties' questions that would ordinarily be answered by an attorney. An interpreter may convey legal advice from an attorney to a person only while the attorney giving it is present.

Interpreters should not explain the purpose of forms and services or otherwise act as counselors, advisors or advocates unless they are interpreting for someone who is acting in that official capacity. The interpreter may translate language on a form for a person who is filling out the form, but may not explain the form or its purpose for such a person.

Interpreters should not personally serve to perform official acts that are the official responsibility of other court officials including, but not limited to, court clerks, pretrial release investigators, interviewers, probation officers, hearing officers or counselors.

RULE 8: ASSESSING AND REPORTING IMPEDIMENTS TO PERFORMANCE.

Interpreters shall assess at all times their ability to deliver their services. When interpreters have any reservation about their ability to satisfy an assignment competently, they shall immediately convey that reservation to the court or other appropriate judicial authority.

Comment

Interpreters should immediately notify the court if the communication mode or language of the LEP person cannot be readily interpreted or if the interpreter's language of expertise does not match that of the LEP person. They should also notify the court of any environmental or physical limitation that impedes or hinders their ability to deliver interpreting services adequately (e.g., too much noise in the courtroom, inability to hear the speaker or be heard by the LEP person, more than one person speaking at a time or principals and witnesses speaking at a high rate of speed).

Sign language interpreters must ensure that they can both see and convey the full range of visual language elements necessary for communication, including facial expressions and body movement, as well as hand gestures.

Interpreters should inform the presiding officer of the need to take periodic breaks in order to maintain mental and physical alertness and prevent interpreter fatigue. They should also recommend and encourage the use of team interpreting whenever necessary.

Interpreters should refrain from accepting a case if they feel the language and subject matter is likely to exceed their skills or capacities. Even competent and experienced interpreters may encounter cases in which routine proceedings suddenly involve technical or specialized terminology unfamiliar to them. Interpreters should feel no compunction about notifying the presiding officer if they feel unable to perform competently, due to lack of

familiarity with terminology, preparation or difficulty in understanding a witness or defendant.

Finally, interpreters should notify the court of any personal bias they may have involving any aspect of the proceedings which may prevent them from performing their duties according to these rules. For example, an interpreter who has been the victim of a sexual assault may wish to be excused from interpreting in cases involving similar offenses.

RULE 9: DUTY TO REPORT ETHICAL VIOLATIONS.

Interpreters shall report to the proper judicial authority any effort to impede their compliance with any law, any provision of these rules, or any other official policy governing court interpreting and legal translating.

Comment

Because users of interpreting services frequently misunderstand the proper role of the interpreter, they may ask or expect the interpreter to perform duties or engage in activities that run counter to the provisions of these rules or other laws, regulations, or policies governing court interpreting. It is incumbent upon the interpreter to inform such persons of the interpreter's professional obligations. If after having been apprised of these obligations, the person persists in demanding that the interpreter violate them, the interpreter should inform a supervisor, the judge, the court or another official with jurisdiction over interpreter matters to resolve the situation. Interpreters should report any solicitation or effort by another to induce or encourage them to violate any law, any provision of these rules, or any other standard governing interpreting, transliteration or translating promulgated by the Judiciary.

RULE 10: ACCEPTANCE OF COMPENSATION.

Interpreters shall accept no remuneration, gifts, gratuities or any other valuable consideration in excess of their authorized compensation in the performance of their official interpreting duties.

Comment

Interpreters should never accept any type of gifts, payment or compensation other than their due payment for services rendered. They should reject any offers of favors, presents, tips (monetary or otherwise), or other acknowledgement as a "thank you" for services rendered. Neither should they accept invitations to events where their presence, admission, or participation can be construed as remuneration for professional services or assistance rendered in the course of the discharge of their duties. Interpreters should never be perceived as taking advantage of knowledge or information obtained in the performance of their official duties, or by their access to court records, facilities or privileges, for their own or another's personal gain.

RULE 11: PROFESSIONAL DEVELOPMENT.

Interpreters shall continually improve their skills and knowledge and advance the profession through activities such as professional training and education, and interaction with colleagues and specialists in related fields.

Comment

Interpreters must continually strive to increase their knowledge of the languages they work professionally, including past and current trends in technical, vernacular and regional terminology as well as their application

within court proceedings. They should also keep abreast of all statutes, rules of court and policies of the judiciary that relate to the performance of their professional duties.

An interpreter should seek to continually elevate the standards of the profession through participation in workshops, professional meetings, interaction with colleagues and reading current literature in the field.

RULE 12: AGREEMENT TO ABIDE BY THESE RULES.

Interpreters, transliterators and translators working for the Unified Judicial System of Pennsylvania accept and agree to be bound by these rules, and understand that appropriate sanctions may be imposed by the ICP Administrator, hearing officer or Court Administrator for willful violations.

Comment

Upon completion of all certification requirements, interpreters shall be sworn in and issued a certificate attesting that they have successfully completed all program requirements. At the same time they will be asked to sign a copy of these rules of conduct which will then be placed in their permanent file. They will also receive a copy of the program's disciplinary policy.

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

In Re: Administrative Directive for Criminal Cases in the Municipal Court of Philadelphia; Judicial Administration; No. 344

Directive

Per Curiam:

And Now, this 5th day of April, 2010, under the authority provided in the Pennsylvania Constitution, Article V, § 10 (a) and (c), and in Schedule Article V, § 16 (j), the following Administrative Directive is effective April 7, 2010 for all Judges hearing criminal matters in the Municipal Court of Philadelphia County:

1) Judges in the Criminal Division of the Municipal Court of Philadelphia County are hereinafter required to determine the status of cases appearing on the daily list by first determining whether defense counsel is ready to proceed, and then determining whether the Common-

wealth is ready to proceed. Municipal Court Judges shall use this procedure whenever the Court is trying to determine the status of a case on the daily list.

2) Judges in the Criminal Division of the Municipal Court of Philadelphia County shall conduct an initial call of the list to determine ready cases. No case may be continued prior to 11 a.m. without the joint approval of the Commonwealth and defense counsel. The Municipal Court Judge shall then proceed to hear ready cases. After all ready cases are heard, the Municipal Court Judge shall conduct a second call of the list to determine if there are any further ready cases. The Municipal Court Judge shall then hear the ready cases from the second call of the list, if there are any such cases. After the ready cases from the second call of the list have been heard, a third call of the list shall be conducted to ascertain if there are any further ready cases. Any further ready cases shall be heard by the Court prior to any adjournment by the Court for the day. No case that is ready in the courtroom may be marked as "Ready Not Reached," or any similar designation.

3) All preliminary hearings scheduled in the Municipal Court of Philadelphia shall have the first priority of cases for being heard. Defense counsel is to attend preliminary hearings prior to attending any other proceedings in the First Judicial District or any other Judicial District in the Commonwealth or in Federal Court. Exceptions to this Directive shall be:

A) Where defense counsel has obtained a continuance from the presiding judge of the courtroom where the preliminary hearing case is listed, 48 hours in advance of the case listing, and has immediately notified the Commonwealth; or,

B) Where defense counsel is actually on trial in another proceeding in the First Judicial District or another Judicial District in the Commonwealth or in Federal Court.

Court staff in preliminary hearing rooms shall inform the court staff in other courtrooms, including other preliminary hearing rooms, as to the status of defense counsel who are needed in the preliminary hearing room and who also have cases not actually on trial in other courtrooms that same day.

To the extent that Local Rule 805 is inconsistent with this Directive, it is hereby superseded by this Directive.

Chief Clerk

RULES AND REGULATIONS

Title 4—ADMINISTRATION

STATE EMPLOYEES' RETIREMENT BOARD

[4 PA. CODE CH. 249]

Rights and Duties of Employees and Members

This final-form rulemaking will amend 4 Pa. Code § 249.7 (relating to rights and duties of employees and members) by adding subsection (h). This additional subsection is being added to clarify that a nomination of beneficiary must be on a form supplied by the State Employees' Retirement Board (Board). This clarification is being made to ensure that the State Employees' Retirement System (SERS) can adequately identify persons named as beneficiaries on SERS members' retirement accounts.

A. *Effective Date*

The amendment will be effective upon publication in the *Pennsylvania Bulletin* as a final rulemaking.

B. *Contact Person*

For further information contact Robert Gentzel, Director of Communications and Policy, State Employees' Retirement System, 30 North Third Street, Suite 150, Harrisburg, PA 17101-1716, (717) 787-9657; or Jill S. Vecchio, Counsel, State Employees' Retirement System, 30 North Third Street, Suite 150, Harrisburg, PA 17101-1716, (717) 783-7317.

C. *Statutory Authority*

This final rulemaking is being made under the authority of 71 Pa.C.S. § 5902(h) (relating to administrative duties of the board) of the State Employees' Retirement Code (Retirement Code).

D. *Summary of the Final-Form Rulemaking*

This additional subsection is being added to clarify that a nomination of beneficiary must be on a form supplied by the Board. This clarification is being made to ensure that the SERS can adequately identify persons named as beneficiaries on SERS members' retirement accounts.

E. *Summary of Comments and Responses*

No comments were received from the House State Government Committee and the Senate Finance Committee (Committees) or the public for the Board to consider in preparing this final-form regulation. One comment was received from the Independent Regulatory Review Commission (IRRC). After receiving IRRC's comment and completing an internal review of the final-form regulation, the Board made additional changes to the final-form regulation, which are explained as follows.

IRRC's Comment—§ 247.7. Death Benefits.—Clarity.

The Board was proposing to add subsection (c) to provide additional guidance on what must be contained on the Board's nomination of beneficiary form. The new language did not create a binding requirement because all provisions included the word "should." The term "should" is nonregulatory language which indicates that the provisions are optional. It is inappropriate to include optional provisions in a regulation. If the Board wants the new language to be binding, the word "should" must be changed to "shall." If the new language is intended to be a recommendation and not a requirement, the Board

should withdraw the regulation and place the language in a policy statement or guidance document.

Response:

After review of IRRC's comment regarding the clarity of subsection (c), it was determined that as originally drafted, the final-form regulation was too constricting on SERS members when filing a nomination of beneficiary form. It was not the intent to so tightly constrain the regulation as to not permit inadvertent errors that would act to invalidate entire beneficiary nomination forms. The new language is in accordance with the Board's original review of the purpose of this regulation, which is to state what needs to be on a SERS beneficiary form for it to be approved by SERS. Therefore, all language contained in the regulation has been removed and replaced with language that will not so tightly constrain SERS members in filing nominations of beneficiary forms with the Board. The new language is in accordance with section 5907(e) of the Retirement Code (relating to rights and duties of State employees and members) and acts to clarify for SERS members that a nomination of beneficiary must be in writing and on a form to be supplied by and filed with the Board.

Additional Amendments:

SERS, after review of the original final-form regulation, determined that a regulation such as this would be better located in § 249.7 which pertains to the rights and duties of employees and members of SERS. As such, a regulation that mandates that a nomination of beneficiary must be in writing and on a form to be supplied by and filed with the Board is better situated in § 249.7, rather than as previously suggested to be contained in § 247.7, which deals with death benefits.

Therefore, this final-form regulation has been amended so that upon passage, it will be included in § 249.7.

F. *Benefits, Costs and Compliance*

Executive Order 1996-1 requires a cost/benefit analysis of the final-form regulation.

Benefits

The regulation is intended to alleviate confusion and prevent possible disputes with regard to proper naming of beneficiaries by members.

Costs

There are no costs to the Commonwealth, its citizens or State employees associated with this proposal.

Compliance Costs

The final-form regulation is not expected to impose any additional compliance costs.

G. *Sunset Review*

A sunset review is not applicable.

H. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 18, 2008, the Board submitted a copy of the proposed rulemaking, published at 38 Pa.B. 613 (February 2, 2008), to IRRC and to the Committees for review and comment.

Under section 5(c) of the Regulatory Review Act (71 P. S. § 745.5a(j,2)), the Board is required to provide IRRC and the Committees with copies of the comments received

during the public comment period, as well as other documents requested. No comments from the Committees or the public were received. The Board received one comment from IRRC, as illustrated and discussed previously.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on February 24, 2010, this final-form regulation was deemed approved by the Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on February 25, 2010, and approved the final-form regulation.

I. Findings

The Board finds that:

(1) Public notice of intention to amend this regulation was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) Commonwealth Documents Law (CDL) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2 by publication at 38 Pa.B. 613.

(2) The final-form rulemaking is necessary and appropriate for the administration of the Retirement Code.

J. Order

The Board, acting under 71 Pa. C.S. § 5902(h) and the CDL, orders that:

(a) The regulations of the Board, 4 Pa. Code Chapter 249, are amended by amending § 249.7 to read as set forth in Annex A.

(b) The amendment shall be submitted to the Office of Attorney General for approval as to legality as required by law.

(c) The Secretary of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

of State employees and members) each new State employee shall furnish proof of his date of birth. The following, in the order of preference, will be acceptable:

- (1) Birth certificate.
- (2) Baptismal record.
- (3) Selective service record.

(c) *Full coverage election.* In the event a joint coverage member elects to vest his retirement rights, under section 5907(f)(2) of the code, the member shall concurrently elect to become a full coverage member and agree to pay, within 30 days of certification, the amount due. In the absence of an election, an election for full coverage membership shall be irrevocably forfeited unless the member returns to service, whereupon membership shall be mandatory and shall be retroactive for all periods of State service, with appropriate statutory interest added to the charges therefor.

(d) *Effect of election to receive a benefit.* A member who terminates State service, who is eligible to elect to withdraw his total accumulated deductions, or vest his retirement rights, or receive an immediate annuity, shall, by exercising the election, be deemed to have made an irrevocable choice which may not be changed unless the change was made prior to the effective date of termination of service. For the purposes of this section there may be no termination of service if a person transfers between departments or returns to the same department within 2 weeks after the last day of compensation. In the event a member has filed an application to withdraw his total accumulated deductions and has returned to State service prior to receipt of payment therefore, the member will not be deemed to be eligible for a withdrawal of the accumulated deductions. An election to receive any of the three benefits made after the effective date of termination of service shall be deemed to be irrevocable and no change may be permitted, except to elect early retirement from vesting.

(e) *Ineligibility to select any benefit.* When a member enters upon retirement, the member shall either execute the application on his own behalf or, in the case when the member is mentally incompetent to do so, the application shall be executed by a guardian appointed by a court. In all instances, the Board will be furnished and will review the legal documents designating persons who are eligible to act on behalf of eligible members.

(f) *Effect of election of benefits.* A member who is eligible for a maximum annuity or a reduced annuity under Option 1, 2, 3 or 4, upon filing an application to

In that event, or in the event the Board denies a disability applicant for insufficient medical evidence, the applicant may still file, within 90 days after notification, an application to vest or take an annuity, if the applicant is eligible for same. The filing shall be considered timely, as of the original eligibility date, for the purposes of payment of other benefits or vesting, as the case may be.

(h) *Beneficiary nomination.* Every member shall nominate a beneficiary and, if desired, a contingent beneficiary, in writing on a form to be supplied by and filed with the Board.

Title 67—TRANSPORTATION

DEPARTMENT OF TRANSPORTATION

[67 PA. CODE CH. 229]

Interstate Motor Carrier Safety Requirements

The Department of Transportation (Department), under the authority contained in 75 Pa.C.S. §§ 4704 and 6103 (relating to inspection by police of Commonwealth personnel; and promulgation of rules and regulations by department), hereby adopts amendments to Chapter 229 of the Department's regulations (relating to interstate motor carrier safety requirements), to read as set forth Annex A.

Purpose of Chapter

The purpose of Chapter 229 is to prescribe the minimum requirements and qualifications for drivers, vehicles and other matters relating to the interstate operation of commercial vehicles.

Summary of Comments and Changes in Final Adopted Regulation

The amendments to the regulations were published as a proposed rulemaking at 39 Pa.B. 997 (February 21, 2009). The proposed rulemaking was also submitted to the Independent Regulatory Review Commission (IRRC) and the House and Senate Transportation Committees (Committees).

Comments were received from Officer Thomas Sanders and from IRRC. Officer Sanders noted that the existing language of § 229.2 (relating to scope), indicates that the regulation applies to “vehicles, including motor vehicles and combinations of vehicles, and drivers of motor vehicles engaged in interstate commerce if the registered gross weight of the vehicle or the combination of vehicles exceeds 17,000 pounds.” He indicated that the reference to 17,000 pounds may be confusing and requested that the language under § 229.2 be modified to be consistent with the definition of “motor carrier vehicle” as it appears in 75 Pa.C.S. (relating to the Vehicle Code). The Department agrees that the reference to a vehicle which “ex-

ceeds 17,000 pounds” should be removed and it was removed (placed inside brackets) in the proposed rulemaking. In its place, the proposed amendments referenced a “commercial motor vehicle,” the term used and defined in the Federal Motor Carrier Safety Regulations. Officer Sanders simply misread the bracketing. Accordingly, no change to the proposed rulemaking was necessary to address this concern.

IRRC questioned the propriety of including in the regulation the adoption, as statements of policy, of the interpretations of the Federal Motor Carrier Safety Regulations in § 229.17 (relating to Interpretations of Federal Motor Carrier Safety Regulations). IRRC pointed out that statements of policy are interpretative and fall outside the regulatory review process, although similar language is found in the currently existing regulations in § 229.411 (relating to adoption of Interpretations of Federal Motor Carrier Safety Regulations, Federal Highway Administration, United States Department of Transportation) as well as in § 231.411 (relating to adoption of interpretations of Federal Motor Carrier Safety Regulations, Federal Highway Administration, United States Department of Transportation), the Department has amended the language of § 229.17 to more clearly express its intent that any interpretations issued by the Federal Motor Carrier Safety Administration (FMCSA) should be viewed as guidance under these regulations as well.

The FMCSA Program periodically publishes interpretations of its regulations. The purpose of adopting the interpretations is to ensure that motor carriers, drivers and law enforcement may rely on the FMCSA interpretations. Additionally, adopting the FMCSA interpretations will enhance the uniform interpretation and implementation of the motor carrier safety regulations in this Commonwealth consistent with its application throughout the rest of the United States.

Persons and Entities Affected

These amendments will affect all motor carriers and drivers who operate in interstate commerce.

Fiscal Impact

Implementation of these amendments will not require the expenditure of any additional funds by the Commonwealth or local municipalities. These amendments will not impose any additional costs on the regulated community.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 21, 2009, the Department submitted a copy of the proposed rulemaking to IRRC and to the Committees for review and comment.

In preparing these final-form regulations, the Department has considered all comments received from the public, IRRC and the Committees.

Effective Date

The Department will make these amendments effective upon publication in final form.

Sunset Provisions

The Department is not establishing a sunset date for these regulations, since these regulations are required to participate in the FMCSA Program. The Department, however, will continue to closely monitor these regulations for their effectiveness.

Contact Person

The contact person for technical questions about this final-form rulemaking should be directed to Daryl St.

Clair, Bureau of Maintenance and Operations, 400 North Street, 6th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120, (717) 787-6899.

STATEMENTS OF POLICY

Title 7—AGRICULTURE

DEPARTMENT OF AGRICULTURE

Biofuel Development and In-State Production Incentive Act's Biodiesel Content Requirements

Scope

This statement of policy applies to persons who sell or offer for sale in this Commonwealth diesel fuel for use by ultimate consumers in on-road compression ignition engines subsequent to May 1, 2010.

Purpose

The purpose of this statement of policy is to provide direction with regard to compliance with Act 78 of 2008, known as the Biofuel Development and In-State Production Incentive Act (73 P. S. §§ 1650.1—1650.7) (act) to persons who sell or offer for sale in this Commonwealth diesel fuel for use by ultimate consumers in on-road compression ignition engines subsequent to May 1, 2010.

Discussion

On October 10, 2009, notice was published in the *Pennsylvania Bulletin*, at 39 Pa.B. 5930, that the biodiesel content requirement of section 3(a)(1) of the act (73 P. S. § 1650.3(a)(1)) shall be enforced by the Department of Agriculture (Department) effective May 1, 2010. The statutory actions prerequisite to the biodiesel content requirements of section 3(a)(1) of the act becoming effective had been met prior to the publication of the notice of October 10, 2009. The biodiesel content requirements are as follows:

All diesel fuel sold or offered for sale in this Commonwealth for use by ultimate consumers in on-road compression ignition engines shall be at least 2% biodiesel by volume effective May 1, 2010.

Section 5(a) of the act (73 P. S. § 1650.5(a)) provides that the Department shall ensure compliance with the act.

For the Department to plan for agency operations and administration of its duties to ensure compliance with the act, and to establish important policies to be utilized in the future exercise of the Department's administrative

discretion with regard to ensuring compliance with the act, the Department establishes the following policies:

1. On and after May 1, 2010, all terminals, wholesalers and distributors selling diesel fuel in this Commonwealth to retailers for resale to consumers in this Commonwealth for use in on-road compression ignition engines shall be considered by the Department to be in compliance with section 3(a)(1) of the act if they are selling diesel fuel which is at least 2% biodiesel by volume.

2. On and after May 1, 2010, retailers selling diesel fuel in this Commonwealth to consumers for use in on-road compression ignition engines will not be considered to be in violation of section 3(a)(1) of the act with regard to the sale of diesel fuel which is not at least 2% biodiesel by volume until: (a) delivery of a volume of diesel fuel sufficient to fill that location's onsite storage capacity at least once has been made subsequent to May 1, 2010, and; (b) proof of all deliveries 90 days prior to, and 90 days subsequent to, May 1, 2010, are provided to Department employees upon request and inspection, or both. Additional fuel delivery documentation may be requested by Department employees in particular instances.

The intent of this policy is to enable retailers taking delivery of diesel fuel prior to May 1, 2010, to continue to sell that diesel fuel from the location of the delivery without being found out of compliance with the act and without the costly necessity to empty storage tanks and dispose of previously-delivered diesel fuel.

This policy is necessary to allow for the orderly enforcement of the biodiesel content requirements of section 3(a)(1) of the act effective May 1, 2010.

Effective Date

This statement of policy is effective May 1, 2010.

Contact Person

The contact person for this statement of policy is Michael D. Rader, Biodiesel Development Manager, Bureau of Ride and Measurement Standards, Department of Agriculture, mrader@state.pa.us, (717) 787-9089.

STATE CONSERVATION COMMISSION

NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS FOR CONCENTRATED ANIMAL FEEDING OPERATIONS (CAFO)

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under the act of July 6, 2005 (Act 38 of 2005, 3 Pa.C.S. §§ 501—522) (hereinafter referred to as Act 38), and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92. This notice is provided in accordance with 25 Pa. Code Chapter 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC), or County Conservation Districts (CCD) working under a delegation agreement with the SCC, have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at www.pacd.org/districts/directory.htm or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based.

The address for the SCC is Agriculture Building, Room 407, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

**Acknowledgment of Notices of Intent to Remediate
Submitted under the Land Recycling and Envi-
ronmental Remediation Standards Act (35 P. S.
§§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated above each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the

issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding Concerning Water Quality Management, NPDES Program

Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on an NPDES permit application should submit a statement to the Department at the address of the district mining office indicated previously each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. In the case where a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal Applications Received

Effluent Limits—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Notice of Prompt Interim Response

Laureldale Battery Casings Site Laureldale Borough, Berks County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act, 35 P. S. §§ 6020.101—6020.1305 (HSCA) has initiated a prompt interim response at the Laureldale Battery Casings Site (Site).

The prompt interim response has been initiated under sections 501(a) and 505(b) of the HSCA (35 P. S. §§ 6020.501(a) and 6020-505(b)). The Site is located in the southern part of Laureldale Borough in a residential neighborhood. Battery casings were found at a shallow depth in the grass-covered fire lane/alley that runs between the houses on the 3200 block of McKently and Noble Streets.

The Department is proposing to remove and dispose of the battery waste and contaminated soils at the Site. The battery casings and any soils containing Site related contaminants in excess of Residential Statewide Health Standards will be removed and disposed. Clean fill will be used to replace the volume of excavated materials and the area will be graded and grass planted to restore the affected areas. This will fully eliminate the threat of exposure to the contaminated soil and battery casing waste. Institutional controls will not be required. This will comply with regulatory requirements and will be fully protective of human health and the environment. The cost of this response is estimated at \$71,883.30. The removal was initiated on March 31, 2010. If confirmatory sampling indicates that the battery casings and contaminated soil extends into the properties where access cannot be obtained, institution controls in the form of a deed notice and use restriction will be instated for the properties.

The Department is providing this notice under sections 505(b) and 506(b) of HSCA (35 P. S. §§ 6020.505(b) and 6020.506(b)), and the publication of this notice in the *Pennsylvania Bulletin* starts the administrative record period under HSCA. The Administrative Record which contains information about this site and which supports the Department's decision to perform this action at the site is available for public review and comment. The Administrative Record can be examined Monday through Friday from 8 a.m. to 3:30 p.m. at the Department's Southcentral Regional Office located at 909 Elmerton Avenue, Harrisburg, PA 17110, by contacting Ruth Bishop at 717-705-4833. The Administrative Record can also be reviewed at the Laureldale Borough Hall, 3406 Kutztown Road, Reading, PA, telephone 610-929-8700 from 8 a.m. to 4 p.m., Monday through Friday.

The Administrative Record will be open for comment from the date of publication of this notice in the *Pennsylvania Bulletin* on April 17, 2010, and will remain open for

90 days. Persons may submit written comments regarding this action to the Department before July 16, 2010, by mailing them to Ruth Bishop at the Department Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110-8200. The public will have an opportunity to present oral comments regarding the proposed action at a public hearing. Persons wishing to present formal oral comment at the hearing should register before 3 p.m., May, 25, 2010, by calling Ruth Bishop at the previously listed number. There will be an informational presentation of the Department's activities at this site prior to the public hearing.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. Nutrient and Sediment Reduction Credit Trading Program; Notice of Actions

The Department of Environmental Protection (Department) provides notice of the following actions under the Nutrient and Sediment Reduction Credit Trading Program (Trading Program). These actions were taken under The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Final Trading of Nutrient and Sediment Reduction Credits—Policy and Guidelines (Policy) (DEP ID# 392-0900-001). The Policy calls for a transparent system of credit reviews and approvals.

Trading is a market-based program that provides incentives for entities to create nutrient reduction credits by going beyond statutory, regulatory or voluntary obligations and goals by removing nutrients from a watershed. The credits can be traded to help others more cost-effectively meet their obligations or goals. The primary purpose of the Trading Program is to provide for more efficient ways for National Pollutant Discharge Elimination System (NPDES) permittees to meet their effluent limits for nutrients and sediment. Currently, the focus of the program is on the Chesapeake Bay Watershed.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board. Important legal rights are at stake, therefore, individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The following proposal has been certified by the Department. This certification is considered final actions of the Department.

Bion Environmental Technologies and Bion PA1, LLC (1035 South Gaylord Street, Denver, CO 80209). This certification is applicable to the operation of the Bion Microaerobic Biological Environmental System at the Kreider Farms Penn Township Farm for 1,200 dairy cows. This certification describes a process for the calcula-

tion of annual credits that provides Bion with the flexibility to operate under various scenarios. These scenarios include: the operation of the microaerobic biological reactor and combustion of the coarse solids and the operation of the microaerobic biological reactor and the export of all or a portion of the coarse solids out of the Chesapeake Bay Watershed. With the certification, Bion is authorized to develop and implement two studies to: 1) demonstrate that there is a difference in the level of nitrogen bioavailability occurring in the field as a result of the use of the effluent (both liquid and fine solids) discharged from the reactor compared to the manure currently used at the Kreider Farm; and 2) demonstrate that there is a difference in the level of denitrification occurring in the field as a result of the use of the effluent (both liquid and fine solids) discharged from the reactor compared to the manure currently used at the Kreider Farm. This certification includes a verification plan, and authorizes the generation of nitrogen and phosphorous credits. Notice of the proposal for this certification was published for comment in the *Pennsylvania Bulletin* at 39 Pa.B. 2749 (May 30, 2009).

DEPARTMENT OF PUBLIC WELFARE

Addition of Psychiatric Rehabilitation Services to the Medical Assistance Program Fee Schedule

Purpose of Notice

The Department of Public Welfare (Department) announces the addition of psychiatric rehabilitation services to the Medical Assistance (MA) Program fee schedule, beginning on May 1, 2010.

Description of Services

Psychiatric rehabilitation is a therapeutic rehabilitative service for individuals with mental illness that may decrease the need for or shorten lengths of stay in inpatient, partial hospitalization and day treatment settings. It is designed to assist individuals to increase competence in normal life activities and gain the skills necessary to pursue life goals with the greatest amount of independence. Psychiatric rehabilitation helps individuals to achieve valued roles in the community in living, learning, working and social environments. Services include identifying strategies and treatment options to minimize negative effects of mental illness; developing and implementing individual skills to restore stability; supporting functional gains; and adapting to community living. Services must be recommended by a physician or other licensed practitioner of the healing arts acting within the scope of practice under State law. Medically necessary services may be delivered on an individual or group basis.

Fee Schedule

The procedure codes, modifiers, places of service and fees for psychiatric rehabilitation services are as follows:

<i>Services</i>	<i>Procedure Code</i>	<i>Pricing Modifier</i>	<i>Informational Modifier</i>	<i>Place of Service</i>	<i>MA Rate</i>
Clubhouse Site Based—Individual	H2030	U7		99	\$12.80
Clubhouse Site Based—Group (more than 1 individual)	H2030	U8	HQ (group setting)	99	\$2.56

Fiscal Impact

It is anticipated that adding psychiatric rehabilitation services to the MA Program fee schedule will have no fiscal impact because the reduction in more costly traditional mental health treatment and improved clinical and social outcomes will offset the cost of psychiatric rehabilitation services.

Public Comment

Interested persons are invited to submit written comments regarding the addition of psychiatric rehabilitation services to the MA Program fee schedule within 30 days of its publication to the Department at the following address: Department of Public Welfare, Office of Mental Health and Substance Abuse Services, c/o Deputy Secretary's Office, Attention: Regulations Coordinator, P. O. Box 2675, Harrisburg, PA 17105. Comments will be considered in subsequent revisions to the fee schedule.

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (Voice users).

HARRIET DICHTER,
Acting Secretary

Finding Jefferson County

Under section 2002(b), of The Administrative Code of 1929 (71 P. S. § 575(b)), the Director of the Bureau of Design makes the following written finding:

The Department of Transportation (Department) is planning to replace the Humphrey Charcoal Bridge which carries SR 2023 over Sandy Lick Creek in Pine Creek Township, Jefferson County. The project will require acquisition of right-of-way from the S&T Bank, formerly known as the Brookville Bank & Trust Company which is a National Register eligible historic resource and therefore qualifies as a section 4(f)/section 2002 resource.

In accordance with section 2002 of Pennsylvania Act 120 establishing the Department, an Environmental Document (ED) has been developed for the subject 100% State funded project. The ED includes a "Determination of Section 4(f) DeMinimis Use, Section 2002 No Adverse Use, Historic Properties" document to evaluate the potential environmental impacts caused by the subject project. The approved documents are available in the CE/EA Expert System.

Based upon studies, there is no feasible and prudent alternative to the proposed action. Mitigation measures will be taken to minimize harm as stipulated in the ED, and the "Determination of Section 4(f) DeMinimis Use, Section 2002 No Adverse Use, Historic Properties" document.

The environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929 have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize such effects.
