READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Title 4—ADMINISTRATION

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CH. 6]

[EXECUTIVE ORDER NO. 2010-02]

Creation of the Commonwealth Health Care Reform Implementation Committee and the Commonwealth Health Care Reform Implementation Advisory Committee

May 19, 2010

Whereas, the Patient Protection and Affordable Care Act was enacted by the U.S. Congress and signed into law by the President on March 23, 2010 and the Health Care and Education Reconciliation Act was enacted by the U.S. Congress and signed into law by the President on March 30, 2010 (hereinafter collectively referred to as the "Act") providing affordable health care coverage for nearly every citizen; and

Whereas, more than one million Pennsylvanians do not have access to affordable health care coverage; and

Whereas, the Commonwealth's adultBasic program waiting list now stands at nearly 400,000 eligible persons and continues to grow; and

Whereas, nearly 200,000 Pennsylvanians who are on the adultBasic waiting list suffer from urgent, serious and expensive to treat illnesses; and

Whereas, Pennsylvania's small employers suffer extraordinary rate increases and many cannot afford to cover ever increasing premiums for employee coverage; and

Whereas, more and more small employers can no longer provide employee health insurance coverage and remain profitable enterprises; and

Whereas, the implementation of this Act will increase the numbers of individuals with reliable health insurance coverage, due to both an expansion of the Medical Assistance program and the creation of the health benefit exchange, will curb the trend of steep annual increases in health insurance premiums paid by employers and will provide direct assistance to small companies providing coverage and individuals purchasing their own coverage; and

Whereas, the Act provides incentives to further improve affordability of long term care services, and expansion and enhanced quality of home and community based services for older and disabled adults; and

Whereas, the Act relies on an expanded partnership between the federal and state governments in the administration of health care coverage and the regulation of health insurance products; and

Whereas, the Act authorizes and provides funds to states to create health benefit exchanges that will help citizens and businesses select the best health care coverage for their needs with tools to ensure that price and benefits can easily be compared among insurers; and

Whereas, innovations in the creation of the health benefit exchanges can ensure the continuity of coverage for individuals regardless of their employment situation; and

Whereas, the Act authorizes the federal government to work with states to create new temporary high-risk pools to help uninsured individuals, who cannot get insurance due to a pre-existing condition, obtain affordable coverage; and

Whereas, the Act immediately ends the imposition of pre-existing condition requirements on children and, in 2014, provides every adult the same protection in addition to standardizing the rate setting for insurance

products offered to small employers and individuals and providing other consumer protections, with the intention that states will enforce adherence to these new consumer protections; and

Whereas, the Act will produce annual reductions in state expenditures for prescription drug coverage for both Medical Assistance and Pennsylvania's PACE program recipients; and

Whereas, coordination among executive agencies regarding the Act's implementation will be needed to ensure Pennsylvanians get immediate and full access to all health care coverage, insurance protections, expanded access to care and federal subsidies to ensure affordability; and

Whereas, the Commonwealth must develop an efficient and effective set of strategies to implement these reforms with input from experts, providers and citizens.

Now, Therefore, I, Edward G. Rendell, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby establish the Commonwealth Health Care Reform Implementation Committee and the Commonwealth Health Care Reform Implementation Advisory Committee.

The State Board of Examiners of Nursing Home Administrators (Board) amends § 39.61 (relating to requirements) to read as set forth in Annex A.

The final-form rulemaking amends the Board's regulations regarding the obligation of licensed nursing home administrators to complete 48 hours of continuing education during each biennial license period.

The final-form rulemaking amends § 39.61 to clarify that continuing education hours must be completed in courses that are preapproved by the Board or the National Association of Boards of Examiners of Long-Term Care Administrators, except in limited circumstances when retroactive course approval is permitted or when the continuing education involved service as an instructor, authorship of an article or completion of an administrator-in-training program. The final-form rulemaking also amends § 39.61 to eliminate requirements and restrictions on the number of continuing education hours that may be obtained through lecture and interactive computer courses, correspondence courses and college and university courses; to increase the number of continuing education hours that may be obtained through courses that have been approved retroactively; to enlarge the time frame during which retroactive course approval or credit for authorship of articles can be obtained; and to clarify the circumstances under which the Board may waive a particular continuing education requirement or grant an extension of time to complete continuing education hours. The final-form rulemaking also reorganizes § 39.61 by relettering and renumbering subsections and paragraphs.

Statutory Authority

The final-form rulemaking is authorized under section 9(b) of the Nursing Home Administrators License Act (act) (63 P. S. § 1109(b)), which empowers the Board to require continuing education as a condition of biennial renewal of licensure, and section 4(c) of the act (63 P. S. § 1104(c)), which empowers the Board to adopt regulations as are necessary for the performance of its statutory duties.

Summary of Comments and Responses to Proposed Rulemaking

The Board published the proposed rulemaking at 39 Pa.B. 1005 (February 21, 2009) with a 30-day public comment period.

The Board received comments in support of the proposed rulemaking from the Pennsylvania Health Care Association, an advocacy organization for compassionate, quality long-term care for elderly and disabled residents in this Commonwealth; PANPHA, a trade association representing more than 360 nonprofit providers of hous-

ing and health-related services to elderly residents in this Commonwealth; and Foulkeways at Gwynedd, a continuing care retirement community in this Commonwealth.

The Board received comments from the Independent Regulatory Review Commission (IRRC) and the House Professional Licensure Committee (HPLC) as part of their review of proposed rulemaking under the Regulatory Review Act (71 P. S. §§ 745.1—745.12). The Board did not receive comments from the Senate Committee on Consumer Protection and Professional Licensure (SCP/PLC) as part of its review of proposed rulemaking under the Regulatory Review Act.

IRRC's comments regarded the provisions for granting a continuing education waiver or an extension of time to complete continuing education. Section 39.61(e) currently provides that a licensee who cannot meet the continuing education requirement for reasons of illness, emergency or hardship may apply in writing to the Board for a waiver. The waiver request must explain why compliance with the continuing education requirement is impossible and must be accompanied by appropriate documentation. The Board evaluates each request on a case-by-case basis. In addition to redesignating it as § 39.61(f), the proposed rulemaking amended current § 39.61(e) to add language providing that in the event the Board determines that a licensee has not established entitlement to a waiver on the basis of illness, emergency or hardship, the Board may grant the licensee an extension of time to complete the continuing education requirement.

IRRC asked the Board to explain why current § 39.61(e) was being amended. IRRC also asked the Board to explain why a licensee who has failed to establish an illness, emergency or hardship should nevertheless be considered eligible for an extension of time to complete the continuing education requirement. IRRC further asked the Board to explain the standards, or grounds, on which the Board will base its decision whether to grant an extension of time. Finally, IRRC asked the Board to explain how and when a licensee will be notified of the Board's decision to grant a waiver or an extension of time.

The Board's intent in amending current § 39.61(e) was to clarify that a licensee who, for good cause, is unable to comply with some aspect of the continuing education requirement may obtain relief in the nature of a waiver or an extension of time. The proposed rulemaking did not adequately differentiate between the circumstances justifying the granting of a waiver and the circumstances justifying the granting of an extension of time.

The Board believes that a licensee's obligation under § 39.61(a) and redesignated § 39.61(d) to complete 48 hours of continuing education during each biennial license period, or a prorated amount in the case of a licensee's initial biennial license period, cannot be waived; however, a licensee may be granted an extension of time to complete continuing education hours if timely compliance is not possible because of illness, emergency or hardship. The Board believes that the other requirements in § 39.61, such as the limitation on the number of continuing education hours that may be obtained through retroactively approved courses or authorship of articles, may be waived upon a licensee's showing of illness, emergency or hardship. The final-form rulemaking makes this distinction clear in § 39.61(f).

The Board does not believe it is necessary to specify in § 39.61(f) how and when a licensee will be notified of the Board's action on a request for a waiver or an extension of time. Since the right to request a waiver was added to § 39.61 in March 2001, the Board has always acted expeditiously on requests when they are received. A licensee, nursing home or professional association has never complained about the promptness or manner of the Board's responses to requests for waivers.

The HPLC commented that the proposed rulemaking incorrectly renumbered paragraphs in § 39.61(b). The final-form rulemaking corrects the renumbering.

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have an adverse fiscal impact on the regulated community, the general public or the Commonwealth and its political subdivisions.

The final-form rulemaking will not impose additional paperwork requirements on the regulated community, the general public or the Commonwealth and its political subdivisions.

Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 11, 2009, the Board submitted a copy of the notice of proposed rulemaking, published at 39 Pa.B. 1005, to IRRC and to the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on April 21, 2010, the final-form rulemaking was approved by the HPLC. On May 12, 2010, the final-form rulemaking was deemed approved by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on May 13, 2010, and approved the final-form rulemaking.

**STATE BOARD OF EXAMINERS OF NURSING
HOME ADMINISTRATORS
[49 PA. CODE CH. 39]
Temporary Permits**

The State Board of Examiners of Nursing Home Administrators (Board) amends §§ 39.1 and 39.4 (relating to definitions; and admission to practice; temporary permits) to read as set forth in Annex A.

The final-form rulemaking amends the Board's regulations regarding the issuance of temporary permits. Under the Nursing Home Administrators License Act (act) (63

P. S. §§ 1101—1114.2), the Board may issue a permit to an individual to serve as a nursing home administrator up to 1 year in the event of unusual circumstances such as the death, disability, resignation or dismissal of the licensed administrator.

The final-form rulemaking amends the definition of "temporary permit" in § 39.1 to clarify that only an individual may hold a permit and that the holder of a permit is authorized to serve as administrator only in the particular nursing home specified on the permit application. The final-form rulemaking also amends § 39.4 to clarify that the holder of a temporary permit who meets the education and experience requirements for licensure may apply to sit for the nursing home administrators licensing examination; that a temporary permit will not be issued to an applicant who has failed a part of the licensing examination; that a temporary permit becomes void if the holder fails a part of the licensing examination or the nursing home obtains the services of a licensed administrator; and that the holder of a temporary permit shall immediately notify the Board of an event that voids the permit and return the permit to the Board.

Statutory Authority

The final-form rulemaking is authorized under section 14 of the act (63 P. S. § 1114), which empowers the Board to issue temporary permits, and section 4(c) of the act (63 P. S. § 1104(c)), which empowers the Board to adopt regulations as are necessary for the performance of its statutory duties.

Summary of Comments and Responses to Proposed Rule-making

The Board published the proposed rulemaking at 38 Pa.B. 1168 (March 8, 2008) with a 30-day public comment period. The Board received a general comment in support of the proposed rulemaking from the Pennsylvania Association of County Affiliated Homes.

The Board received comments from the Independent Regulatory Review Commission (IRRC) and the House Professional Licensure Committee (HPLC) as part of their review of proposed rulemaking under the Regulatory Review Act (71 P. S. §§ 745.1—745.12). The Board did not receive comments from the Senate Committee on Consumer Protection and Professional Licensure (SCP/PLC) as part of its review of proposed rulemaking under the Regulatory Review Act.

§ 39.1. Definitions.

The proposed definition of "temporary permit" in § 39.1 provided as follows: "A permit issued by the Board which authorizes a person not licensed by the Board to serve as a nursing home administrator only in the particular facility indicated on the permit application for up to 1 year in the event of unusual circumstances affecting the administration of a nursing home, such as the death, disability, resignation or dismissal of the licensed administrator or other emergency as determined by the Board."

The HPLC recommended that the definition of "temporary permit" be revised by substituting the word "individual" for "person." The HPLC noted that the word "person" is defined in 1 Pa.C.S. § 1991 (relating to definitions) to include entities such as a corporation and a limited liability company. Because a licensed nursing home administrator can only be an individual, not an entity, the Board agrees that the definition should be clarified to reflect that the holder of a temporary permit to serve as a nursing home administrator must be an

individual. Accordingly, the final-form rulemaking incorporates the HPLC's recommendation.

§ 39.4. *Admission to practice; temporary permits.*

The proposed rulemaking made an editorial change to § 39.4(3)(ii), which, as proposed, provided that the issuance of a temporary permit will not be construed to mean that the holder qualifies to sit for the nursing home administrators licensing examination.

The HPLC commented that while it understands that the mere possession of a temporary permit does not automatically qualify an individual to sit for the licensing examination, it recommended that § 39.4(3)(ii) be revised to clarify that a temporary permit holder who otherwise satisfies the requirements for admission to the licensing examination be allowed to do so. The Board agrees that this clarification is warranted. The final-form rulemaking further revises § 39.4(3)(ii) to provide that a temporary permit holder who meets the education and experience requirements in § 39.5(b) (relating to requirements for admission to licensing examination; examination procedures) may apply to sit for the licensing examination.

§ 39.17. *Policy statement regarding temporary permits.*

Proposed § 39.17 sets forth a statement of policy with regard to the issuance of temporary permits. The first sentence of current § 39.17 provides that the Board will not issue temporary permits to applicants who wish to fill positions that have been vacated for reasons such as promotions and transfers. The second sentence of current § 39.17 provides that the Board will not extend or reissue temporary permits to individuals who fail the nursing home administrators licensing examination.

The proposed rulemaking reorganized § 39.17 into two subsections. The proposed rulemaking labeled the first sentence as subsection (a) and clarified that the referenced vacancies resulted from intracompany promotions and transfers. The proposed rulemaking deleted the second sentence of current § 39.17 in favor of adding new binding requirements in § 39.4(3)(iii) and (vi) that prohibit the issuance of a temporary permit to an applicant who failed a part of the nursing home administrators licensing examination and that void a temporary permit if the holder failed a part of the examination. The proposed rulemaking added subsection (b), which provided that the issuance of a temporary permit is not intended to create a suitable candidate for licensure and that the Board will not consider experience gained in the practice of nursing home administration while serving under a temporary permit as counting toward the requirements in § 39.5 for admission to the licensing examination.

IRRC commented that inasmuch as a statement of policy, being a nonbinding norm, is not subject to the Regulatory Review Act, the Board should not include § 39.17 as part of its final-form rulemaking unless the Board intends to rescind § 39.17 and to relocate the remaining contents of the policy statement to § 39.4 where they would have binding effect as a regulation. The Board intends to retain a revised version of § 39.17 as a statement of policy. Accordingly, the final-form rulemaking does not include § 39.17. The Board will separately publish amendments to § 39.17 that are consistent with the final-form rulemaking.

The HPLC recommended that revised § 39.17 should not contain language in the proposed rulemaking stating that the issuance of a temporary permit is not intended to create a suitable candidate for licensure. The HPLC said the proposed language was unnecessary because a candidate for licensure shall demonstrate his suitability and

that it is implicit that a candidate's tenure as a temporary permit holder does not establish suitability. The Board believes that the proposed language is useful because it provides reinforcement to prospective candidates for licensure that service as an interim administrator under authority of a temporary permit does not confer advantage toward becoming a licensed administrator.

Disciplinary Process

The HPLC asked the Board to provide information about the following: (1) how often the Board prosecutes or takes disciplinary action against temporary permit holders; (2) what are the bases for disciplinary action against permit holders; (3) what are the costs associated with taking disciplinary action against permit holders; and (4) whether disciplinary action taken against licensed administrators is the same as that taken against permit holders.

A temporary permit holder has never been the subject of a disciplinary proceeding before the Board. The Board would likely interpret the disciplinary provisions in sections 11 and 12 of the act (63 P.S. §§ 1111 and 1112) as applicable with equal force to both licensees and permit holders. If disciplinary action were taken against a permit holder in the future, the cost of the action would depend on the circumstances of the case. In any event, the cost of particular disciplinary action is defrayed by biennial renewal fees.

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have an adverse fiscal impact on the regulated community, the general public or the Commonwealth and its political subdivisions.

The final-form rulemaking will not impose additional paperwork requirements on the regulated community, the general public or the Commonwealth and its political subdivisions.

Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on February 27, 2008, the Board submitted a copy of the notice of proposed rulemaking, published at 38 Pa.B. 1168, to IRRC and to the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P.S. § 745.5a(j.2)), on April 21, 2010, the final-form rulemaking was approved by the HPLC. On May 12, 2010, the final-form rulemaking was deemed approved by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on May 13, 2010, and approved the final-form rulemaking.

Additional Information

Persons who require additional information about the final-form rulemaking should submit inquiries to Christina Stuckey, Administrator, State Board of Examiners of

Nursing Home Administrators, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-7155, ST-NHA@state.pa.us.

Findings

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) The amendments to the final-form rulemaking do not enlarge the original purpose of the proposed rulemaking published at 38 Pa.B. 1168.

(4) The final-form rulemaking adopted by this order is necessary and appropriate for the administration of the act.

Order

The Board, acting under authority of the act, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 39, are amended by amending §§ 39.1 and 39.4 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Board shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The final-form rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

§ 39.4. Admission to practice; temporary permits.

Admission to the practice of nursing home administration in this Commonwealth will be granted by the Board as follows:

(1) By the issuance of a license by examination to an applicant who meets the requirements in section 6 of the act (63 P. S. § 1106) and in this chapter.

(2) By the issuance of a license by endorsement to an applicant who has been licensed by examination in another state of the United States, if the applicant meets the requirements in section 10 of the act (63 P. S. § 1110) and of this chapter.

(vii) The temporary permit holder shall notify the Board and immediately return the temporary permit to the Board if the holder fails to pass any part of the nursing home administrators licensing examination or when the facility obtains the services of a licensed nursing home administrator.

GAME COMMISSION
[58 PA. CODE CH. 139]
Seasons and Bag Limits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2010, meeting, amended § 139.4 (relating to seasons and bag limits for the license year) to provide updated seasons and bag limits for the 2010-2011 hunting license year.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 1756 (April 3, 2010).

1. Purpose and Authority

The Commission is required to set hunting and furtaking seasons and bag limits on an annual basis. Although the 2010-2011 seasons and daily season and possession limits are similar to those set in 2009-2010, the 2010-2011 seasons and bag limits have been amended to conform to current available scientific data, population and harvest records, field surveys and professional staff observations, as well as recommendations received from staff, organized sporting groups, members of the agricultural community and others interested in the wildlife resources of this Commonwealth. Some notable changes for hunters next season will be expanded cottontail rabbit hunting opportunities for junior hunters, reduced wild turkey hunting opportunities in wildlife management units (WMU) 1A, 1B, 2A, 2B, 2C, 2D, 2E, 2G, 3A, 3B, 3C, 3D, 4A, 4B, 4C, 4D, 4E, 5C and 5D, expanded wild turkey hunting opportunities in WMUs 2F and 5A, expanded archery deer hunting opportunities in WMUs 2B, 5C and 5D, reduced antlerless deer hunting opportunities during the regular firearms season in WMUs 2C, 2E, 4D and 4E, expanded archery bear hunting opportunities Statewide, reduced bear hunting opportunities in WMUs 2G, 3B, 4C, 4D, 4E, 5C and 5D, reduced bobcat hunting/trapping opportunities in WMUs 2A, 2C, 2E, 2F, 2G, 3A, 3B, 3C, 3D, 4A, 4D and 4E, the creation of fisher hunting/trapping opportunities in WMUs 2C, 2D, 2E and 2F, and finally expanded elk hunting opportunities outside of the elk management area. As the next license year is fast approaching, the Commission amended § 139.4 to provide updated seasons and bag limits for the 2010-2011 license year.

Section 322(c)(1) of the code (relating to powers and duties of commission) specifically empowers the Commission to “fix seasons, daily shooting or taking hours, and any modification thereof, and daily, season and possession limits for any species of game or wildlife.” Section 2102(b)(1) (relating to regulations) of the code authorizes the Commission to “promulgate regulations relating to seasons and bag limits for hunting or furtaking . . .” The amendments to § 139.4 were adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 139.4 by establishing when and where it is lawful to hunt and trap various game species and also place limits on the numbers that can be legally taken during the 2010-2011 license year.

3. Persons Affected

Persons wishing to hunt or trap game or wildlife within this Commonwealth during the 2010-2011 license year will be affected by the final-form rulemaking.

GAME COMMISSION
[58 PA. CODE CH. 141]
Hunting and Trapping

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2010 meeting, amended § 141.62 (relating to beaver trapping) to remove the applicability of the two body gripping traps per trapper limitation to wildlife management unit (WMU) 1B.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 1752 (April 3, 2010).

1. *Purpose and Authority*

WMU 1B has the greatest number of beaver damage complaints in this entire Commonwealth. Beaver damage/nuisance complaints within this unit normally range between 50 and 100 complaints each year. Last year, 23% of beaver complaints received by the Commission occurred in WMU 1B. Not surprisingly, WMU 1B has had the highest beaver harvest during the past 20 years than any other unit. Furthermore, there is strong evidence that beaver populations in WMU 1B have grown to the point where they are no longer in balance with their habitat. Nonpreferred foods are being utilized and it appears that all suitable beaver range is occupied. The daily and season limits of 20 and 40 for beavers are rarely reached by trappers in this WMU. As a consequence of these findings, the Commission determined that a long-term increase in the beaver harvest is needed within WMU 1B. The Commission amended § 141.62 to remove the applicability of the two body gripping traps per trapper limitation to WMU 1B. Increasing the number of body gripping traps for each trapper should greatly improve beaver trapping efficiency and success, thus measurably increasing harvest.

Section 2102(b)(1) of the code (relating to regulations) authorizes the Commission to “promulgate regulations relating to seasons and bag limits for hunting or furtaking, the possession of certain species or parts thereof, the number and types of devices and equipment allowed, the identification of devices and the use and possession of devices.” Section 2102(d) of the code authorizes the Commission to “promulgate regulations stipulating the size and type of traps, the type of firearms and ammunition and other devices which may be used, the manner in which and the location where the devices may be used, the species the devices may be used for and the season when the devices may be used.” Section 2102(a) of the code provides that “The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The amendments to § 141.62 were adopted under this authority.

GAME COMMISSION
[58 PA. CODE CH. 141]
Hunting and Trapping

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at

its April 20, 2010, meeting, amended § 141.66 (relating to cable restraints) to establish December 26 as the opening date for the usage of cable restraints.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 1753 (April 3, 2010).

1. Purpose and Authority

Based upon comments from the cable restraint users' survey conducted by the Commission, as well as input from the Pennsylvania Trappers Association, it is clear that trappers are interested in using cable restraint devices earlier in the traditional trapping season. The Commission determined that opening the cable restraint season 6 days earlier on the day after Christmas will provide a small amount of additional opportunity without significantly impacting other user groups and their hunting opportunities. The Commission amended § 141.66 to establish December 26 as the opening date for the usage of cable restraints.

Section 2102(b)(1) of the code (relating to regulations) authorizes the Commission to "promulgate regulations relating to seasons and bag limits for hunting or furtaking, the possession of certain species or parts thereof, the number and types of devices and equipment allowed, the identification of devices and the use and possession of devices." Section 2102(d) of the code authorizes the Commission to "promulgate regulations stipulating the size and type of traps, the type of firearms and ammunition and other devices which may be used, the manner in which and the location where the devices may be used, the species the devices may be used for and the season when the devices may be used." Section 2102(a) of the code provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 141.66 were adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amended § 141.66 to establish December 26 as the opening date for the usage of cable restraints.

3. Persons Affected

Persons wishing to trap red fox, gray fox or coyote with a cable restraint within this Commonwealth may be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the final-form rule-making, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 141, are amended by amending § 141.66 to read as set forth at 40 Pa.B. 1753.

GAME COMMISSION

[58 PA. CODE CHS. 141 AND 143]

Hunting and Trapping and Hunting and Furtaker Licenses

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2010, meeting, amended §§ 141.48 and 143.206 (relating to elk management area and elk hunt zones; and validity of license) to define important geographical terms and authorize the use of unfilled elk licenses to be used to harvest elk anywhere within this Commonwealth outside of the elk management area during any extended elk season following the regular elk season.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 1754 (April 3, 2010).

1. *Purpose and Authority*

Work is ongoing to update and implement the Commission's elk management plan. A somewhat confusing aspect of elk management policy for Commission staff and the

public has been references to terms such as "elk range," "elk management area," "elk hunt zones" and other places in this Commonwealth where elk may become established on the landscape. Clarification is being incorporated into the elk management plan and supporting, complimentary regulations are needed to implement the plan's goals and objectives including how hunters and hunting will be used in the management of elk both in and outside the recognized elk management area. To this end, the Commission amended §§ 141.48 and 143.206 to define important geographical terms and authorize the use of unfilled elk licenses to be used to harvest elk anywhere within this Commonwealth outside of the elk management area during any extended elk season following the regular elk season.

Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to §§ 141.48 and 143.206 were adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends §§ 141.48 and 143.206 to define important geographical terms and authorize the use of unfilled elk licenses to be used to harvest elk anywhere within this Commonwealth outside of the elk management area during any extended elk season following the regular elk season.

3. *Persons Affected*

Persons wishing to hunt elk within this Commonwealth may be affected by the final-form rulemaking.

4. *Comment and Response Summary*

There were no official comments received regarding the final-form rulemaking.

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the final-form rule-making, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 141 and 143, are amended by amending §§ 141.48 and 143.206 to read as set forth at 40 Pa.B. 1754.

(b) The Executive Director of the Commission shall certify this order and 40 Pa.B. 1754 and deposit them with the Legislative Reference Bureau as required by law.

[58 PA. CODE CH. 143]
Hunting and Furtaker Licenses

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2010, meeting, amended § 143.45 (relating to completing and submitting applications) to authorize county treasurers to begin selling antlerless licenses over the counter on the first Monday in October.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 1749 (April 3, 2010).

1. *Purpose and Authority*

Commission staff recently met with the County Treasurer's Association (Association) to discuss outcomes and concerns regarding the first year of antlerless deer license issuance through the Pennsylvania Automated Licensing System. The Association suggested that a change be made to the regulation to help it process applications more efficiently. The Association asked that Statewide over-the-counter sales begin earlier so that hunters will not have to apply by mail. The Commission amended § 143.45 to authorize county treasurers begin selling antlerless licenses over-the-counter on the first Monday in October.

Section 2722(g) of the code (relating to authorized license-issuing agents) directs the Commission to adopt regulations for the administration, control and performance of license issuing activities. Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who

hunt or take game or wildlife in this Commonwealth." The amendment to § 143.45 was adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends § 143.45 to authorize county treasurers to begin selling antlerless licenses over-the-counter on the first Monday in October.

3. *Persons Affected*

Persons wishing to apply for antlerless deer licenses from county treasurers over-the-counter within this Commonwealth may be affected by the final-form rulemaking.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 143, are amended by amending § 143.45 to read as set forth at 40 Pa.B. 1749.

GAME COMMISSION
[58 PA. CODE CH. 147]
Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2010, meeting, amended § 147.701 (relating to general) to update and implement the restructured permitting process for bobcats and fishers.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 1761 (April 3, 2010).

1. Purpose and Authority

During the fall of 2001, the Commission reopened hunting/trapping season on bobcats after many years of closure. Ever since this initial season, the Commission has continued to regulate the harvest of bobcats by limiting the allocation of available permits to hunt or trap them. Simply put, less permits allocated results in less bobcats being harvested. As the years have passed, the Commission has recognized a significant increase in bobcat population indices. The Commission determined that it can effectively manage harvest by season length instead and increase bobcat hunting/trapping participation opportunity at the same time. Despite the availability of an unlimited number of permits, the Commission determined that it is prudent to retain the bobcat permitting system to continue to assess interest, participation, effort and harvest during a bobcat taking season. Drafting off of this new bobcat "season length" harvest management model, the Commission also created new limited opportunities to trap fishers within this Commonwealth due to rebounding fisher populations in certain areas of this Commonwealth. Although an unlimited number of permits will be available to trappers interested in participating in this brand new season, season length will be used to manage harvest. The Commission amended § 147.701 to update and implement the restructured permitting process for bobcats and fishers.

Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to § 147.701 were adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 147.701 to update and implement the restructured permitting process for bobcats and fishers.

3. Persons Affected

Persons wishing to hunt or trap bobcats or fishers within this Commonwealth may be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

PENNSYLVANIA GAMING CONTROL BOARD
[58 PA. CODE CHS. 523, 529, 535 AND 561]
Table Game Equipment, Licensing and Rules
Amendments; Temporary Regulations

The Pennsylvania Gaming Control Board (Board), under its general authority in 4 Pa.C.S. § 1303A (relating to temporary table game regulations) enacted by the act of January 7, 2010 (P. L. 1, No. 1) (Act 1) and the specific authority in 4 Pa.C.S. §§ 1302A(1), (2) and (5), and 1317.1 (relating to regulatory authority; and manufacturer licenses), amends temporary regulations in Chapters 523, 529, 535 and 561 (relating to table game equipment; general licensing requirements; Pai Gow; and Pai Gow Poker) to read as set forth in Annex A. The Board's temporary regulations will be added to Part VII (relating to Gaming Control Board) as part of Subpart K (relating to table games).

Purpose of the Temporary Rulemaking

This temporary rulemaking amends the rules for table game equipment and licensing requirements and the rules for the games of Pai Gow and Pai Gow Poker to provide additional clarity and operating flexibility for certificate holders and manufacturers, manufacturer designees and suppliers.

Explanation of Chapters 523, 529, 535 and 561

In § 523.1 (relating to definitions), a definition of “RFID chip” has been added.

In § 523.8(a) (relating to additional sets of gaming chips), the Board added language to clarify that a certificate holder may use a different shade of a primary color on its back-up value chips. This will make it easier to distinguish the back-up chips from the value chips in the primary set. Subsection (b) has also been amended to make it clear that a certificate holder is only required to have one set of reserve nonvalue chips, regardless of how many Roulette tables are on the gaming floor.

Additionally, subsection (h) has been added which will allow certificate holders an opportunity to file a waiver request to not have to have back-up value or nonvalue chips if their primary chips are radio-frequency (RFID) chips. Because it is much more difficult to counterfeit RFID chips, depending on how the technology is deployed, it may reduce or eliminate the need for the back-up sets of chips.

Section 523.13(o) (relating to dice; receipt, storage, inspections and removal from use) has been amended by replacing “and” with “or” to make it clear that the certificate holder may either cancel used dice by drilling a hole in them or destroy the used dice by shredding them; they do not need to do both.

Section 529.1(b)(2) (relating to table games devices—conditional licenses) has been amended to allow entities that are currently certified gaming service providers to apply for a conditional manufacturer’s, manufacturer’s designee or supplier’s license so that they may continue to provide equipment and services in this Commonwealth. Act 1 expanded the definition of “associated equipment” so that some entities that are currently certified gaming service providers will now have to obtain a license. Allowing these entities to apply for a conditional license will minimize disruption in their ability to continue to provide goods and services to certificate holders.

In §§ 535.2 and 561.2 (relating to Pai Gow table; Pai Gow shaker; physical characteristics; and Pai Gow Poker table; Pai Gow Poker shaker; physical characteristics), the provisions requiring the numbering of player positions have been amended to allow more flexibility as to how the positions are numbered. This will allow certificate holders to option of not using numbers that are thought to be unlucky.

Affected Parties

The amendments in this temporary rulemaking will affect how certificate holders may conduct table games at their licensed facilities. It will also allow certified gaming service providers, who will now be regulated as manufacturers, manufacturer designees or suppliers, to apply for a conditional manufacturer’s license so that they may continue to provide equipment and services in this Commonwealth.

*Fiscal Impact**Commonwealth*

The Board does not expect that the amendments in this temporary rulemaking will have any fiscal impact on the Board or any other Commonwealth agency.

Political subdivisions

This temporary rulemaking will not have direct fiscal impact on political subdivisions of the Commonwealth. Eventually, host municipalities and counties will benefit from the local share funding that is mandated by Act 1.

Private sector

The amendments in this temporary rulemaking will give certificate holders some additional flexibility as to what equipment they may use. This may result in some cost savings but these savings are not expected to be significant.

Currently certified gaming service providers who are now required to be licensed as a manufacturer, manufacturer designee or supplier will be able to apply for a conditional license which will allow them to continue to provide equipment and services to certificate holders.

General public

This temporary rulemaking will have no direct fiscal impact on the general public.

Paperwork Requirements

A certificate holder who wants to use RFID chips and not have the back-up sets of chips required under § 523.8(a) or (b) will have to file a waiver request using the normal petition process.

Effective Date

This temporary rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Public Comments

While this temporary rulemaking will be effective upon publication, the Board is seeking comments from the public and affected parties as to how the temporary regulations might be improved. Interested persons are invited to submit written comments, suggestions or objections regarding this temporary rulemaking within 30 days after the date of publication in the *Pennsylvania Bulletin* to Richard Sandusky, Director of Regulatory Review, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060, Attention: Public Comment on Regulation #125-122.

Contact Person

The contact person for questions about this temporary rulemaking is Richard Sandusky, Director of Regulatory Review, (717) 214-8111.

Regulatory Review

Under 4 Pa.C.S. § 1303A, the Board is authorized to adopt temporary regulations which are not subject to the provisions of sections 201—205 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201—1208), known as the Commonwealth Documents Law (CDL), the Regulatory Review Act (71 P. S. §§ 745.1—745.12); and sections 204(b) and 301(10) of the Commonwealth Attorneys Act (71 P. S. §§ 732-204(b) and 732-301(10)). These temporary regulations expire 2 years after publication in the *Pennsylvania Bulletin*.

Findings

The Board finds that:

(1) Under 4 Pa.C.S. § 1303A, the temporary regulations are exempt from the requirements of the Regulatory Review Act, sections 201—205 of the CDL and sections 204(b) and 301(10) of the Commonwealth Attorney’s Act.

(2) The adoption of the temporary regulations is necessary and appropriate for the administration and enforcement of 4 Pa.C.S. Part II (relating to gaming).

Order

The Board, acting under 4 Pa.C.S. Part II, orders that:

(1) The regulations of the Board, 58 Pa. Code Chapters 523, 529, 535 and 561, are amended by amending §§ 523.1, 523.8, 523.13, 529.1, 535.2 and 561.2 to read as set forth in Annex A.

(2) The temporary regulations are effective June 12, 2010.

(3) The temporary regulations will be posted on the Board’s web site and published in the *Pennsylvania Bulletin*.

(4) The temporary regulations shall be subject to amendment as deemed necessary by the Board.

(5) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

Chairperson

§ 523.8. Additional sets of gaming chips.

(a) Within 120 days of the commencement of table games at a licensed facility, the certificate holder shall also have at least one approved set of value gaming chips that may be used as a back-up for the \$25, \$100 and \$500 value gaming chips in active use. Each back-up set of value chips maintained for use by a certificate holder must have secondary colors that are different from the secondary colors of the value chips in active use and may use a different shade of the primary color. All back-up sets of value chips must conform to the color and design requirements in this chapter.

(b) Each certificate holder shall have at least one reserve set of nonvalue chips for each color utilized in the licensed facility with a design insert or symbol different from the nonvalue chips comprising the primary sets. All back-up sets of nonvalue chips must conform to the color and design requirements contained in this chapter.

(c) A certificate holder shall notify the Bureau of Gaming Operations within 24 hours of the discovery of counterfeit chips.

(d) The certificate holder shall remove a set of gaming chips in use from active play whenever:

(1) It is believed the licensed facility is taking on multiple counterfeit chips valued at \$25 or more.

(3) The Board or its Executive Director directs that a set of chips be removed from active use.

(e) An approved back-up set of value chips or a reserve set of nonvalue chips shall be placed into active play whenever an active set is removed.

(g) Each set of gaming chips that the Bureau of Gaming Operations approves for use by a certificate holder shall receive a unique and permanent alphabetical designation. This designation shall be assigned by the certificate holder during the design schematic approval process and be used for all inventory procedures required under § 523.11 (relating to receipt of gaming chips or plaques from a manufacturer or supplier; inventory, security, storage and destruction of chips and plaques).

(h) If a certificate holder uses RFID chips for its value or nonvalue chips, the certificate holder may request that the Board waive the requirements in subsection (a) or (b) by filing a petition in accordance with § 493a.4 (related to petitions generally). The petition, at a minimum, must include:

(1) A detailed description of the RFID technology and devices that will be used at the licensed facility.

(2) A detailed description of how the RFID chips and related equipment will be used in the licensed facility.

§ 523.13. Dice; receipt, storage, inspections and removal from use.

(a) When dice for use in a licensed facility are received from a manufacturer or supplier, the dice shall, immediately following receipt, be unloaded under the supervision of at least two people, one of whom shall be an assistant table games shift manager or above and one employee from the security department, and transported to a secure area which is covered by the slot machine licensee's surveillance system. The boxes of dice shall then be inspected by an assistant table games shift manager or above and one employee from the security department to assure that the seals on each box are intact, unbroken and free from tampering. Boxes that do not satisfy these criteria shall be inspected at this time to assure that the dice contained therein conform to the requirements of this chapter and there is no evidence of tampering. Boxes satisfying these criteria, together with boxes having unbroken, intact and untampered seals shall then be placed for storage in a storage area, the location and physical characteristics of which shall be approved by the Bureau of Gaming Operations.

(b) Dice which are to be distributed to gaming pits or tables for use in gaming shall be distributed from the approved storage area.

(c) The approved storage area must have two separate locks. The security department shall maintain one key and the table games department shall maintain the other key. (B) For Sic Bo, the floorperson who inspected the dice shall, in the presence of the other floorperson who observed the inspection, place the required number of dice into the shaker and seal or lock the shaker. The floorperson shall then secure the Sic Bo shaker to the table in the presence of the other floorperson who observed the inspection.

(C) For Pai Gow, the floorperson who inspected the dice shall, in the presence of the other floorperson who observed the inspection, distribute the dice directly to the dealer at each Pai Gow table. The dealer shall immediately place the dice in the Pai Gow shaker.

(iv) The pit manager or above shall place extra sets of dice for the dice reserve in the pit stand, as follows:

(A) Dice in the pit stand shall be placed in a locked compartment, the keys to which shall be in the possession of the pit manager or above.

When the sealed dice are distributed to a Craps or Mini-Craps table, a boxperson at a Craps table or a floorperson at a Mini-Craps table, after assuring the seals are intact and free from tampering, shall open the sealed envelope or container, in the presence of a dealer, and place the dice in a cup on the table for use in gaming.

(B) For Sic Bo, the sealed manual shakers shall be distributed to the pit manager or above supervising the game or placed in a locked compartment in the pit stand. The pit manager or above, after assuring the seal on the shaker is intact and free from tampering shall then secure the manual Sic Bo shaker to the table in a manner approved by the Bureau of Gaming Operations.

(C) For Pai Gow, the sealed envelope or container shall be distributed to a pit manager or above in a Pai Gow pit or placed in a locked compartment in the pit stand. When the sealed dice are distributed to the Pai Gow table by

(vi) When an envelope or container or seal is damaged, broken or shows indication of tampering, the dice in the envelope, container or shaker may not be used for gaming activity unless the dice are reinspected in accordance with paragraph (1) or (2).

(vii) The pit manager or above shall place extra dice for the dice reserve in the pit stand. Dice in the pit stand shall be placed in a locked compartment, keys to which shall be in the possession of the pit manager or above.

(viii) A micrometer or another instrument approved by the Bureau of Gaming Operations which performs the same function, a balancing caliper, a steel set square and a magnet shall also be maintained in a locked compartment in each pit stand. These instruments shall be at all times readily available for use by the casino compliance representatives or other Board employees upon request.

(ix) The inspection of dice in the approved storage area in accordance with this alternative shall be performed on a flat surface which allows the dice inspection to be observed through the slot machine licensee's surveillance system.

(g) A certificate holder shall remove any dice at any time of the gaming day and file a Dice Discrepancy Report as required under subsection (h) if there is any indication of tampering, flaws or other defects that might affect the integrity or fairness of the game, or at the request of a casino compliance representative.

(h) At the end of each gaming day or at other times as may be necessary, a floorperson or above, other than the individual who originally inspected the dice, shall visually inspect each die that was used for play for evidence of tampering. Evidence of tampering discovered at this time or at any other time shall be immediately reported to the casino compliance representatives by the completion and delivery of a two-part Dice Discrepancy Report and the dice.

(1) Dice showing evidence of tampering shall be placed in a sealed envelope or container.

(i) A label shall be attached to each envelope or container which identifies the table number, date and time the dice were removed and shall be signed by the person assigned to directly operate and conduct the game at that table and the floorperson assigned the responsibility for supervising the operation and conduct of the game.

(ii) A floorperson or above or a security department employee responsible for delivering the dice to the casino compliance representatives shall also sign the label.

(iii) The casino compliance representative receiving the dice shall sign the original and duplicate copy of the Dice Discrepancy Report and retain the original copy. The duplicate copy shall be returned to the pit and maintained in a secure place within the pit until collection by a security department employee.

(2) Other dice that were used for play shall be put into envelopes or containers at the end of the gaming day.

(i) A label shall be attached to each envelope or container which identifies the table number, date and time the dice were removed and shall be signed by the person assigned to directly operate and conduct the game

at that table and the floorperson assigned the responsibility for supervising the operation and conduct of the game.

(ii) The envelope or container shall be appropriately sealed and maintained within the pit until collection by a security department employee.

(i) Reserve dice in the locked compartment in a pit stand at the end of the gaming day may be:

(1) Collected and transported to the security department for cancellation or destruction.

(2) Returned to the approved storage area.

(3) Retained in the locked compartment in the pit stand.

(j) Reserve dice in the locked compartment in a pit stand at the end of the gaming day that are to be destroyed or cancelled shall be placed in a sealed envelope or container, with a label attached to each envelope or container which identifies the pit stand where the reserve dice were being stored, the date and time the dice were placed in the envelope or container and is signed by the pit manager or above.

(k) At the end of each gaming day or, in the alternative, at least once each gaming day at the same time each day, designated by the certificate holder and approved by the Bureau of Gaming Operations, and at other times as may be necessary, a security department employee shall collect and sign all envelopes or containers of used dice and reserve dice that are to be destroyed or cancelled and transport the dice to the security department for cancellation or destruction. The security department employee shall also collect duplicate copies of Dice Discrepancy Reports, if any.

(l) At the end of each gaming day or, in the alternative, at least once each gaming day at the same time each day, as designated by the certificate holder and approved by the Bureau of Gaming Operations, and at other times as may be necessary, an assistant table games shift manager or above may collect all reserve dice in a locked compartment in a pit stand. If collected, reserve dice shall be returned to the approved storage area; provided, however, that dice which have not been inspected and sealed in accordance with subsection (f)(3) shall, prior to use for actual gaming, be inspected in accordance with subsection (f)(1) or (2).

(m) If the reserve dice are not collected, all dice in the dice reserve shall be reinspected in accordance with one of the alternatives in subsection (f) prior to their use for gaming, except for those dice maintained in a locked compartment in accordance with subsection (f)(2)(v) or (3)(iv).

(n) Certificate holders shall submit to the Bureau of Gaming Operations for approval internal control procedures for:

(1) A dice inventory system which includes, at a minimum, records of the following:

(i) The balance of dice on hand.

(ii) The dice removed from storage.

(iii) The dice returned to storage or received from a manufacturer or supplier.

(iv) The date of each transaction.

(v) The signatures of the individuals involved.

(2) A reconciliation on a daily basis of the dice distributed, the dice destroyed and cancelled, the dice returned

to the approved storage area and, if any, the reserve dice in a locked compartment in a pit stand.

(3) A physical inventory of all dice at least once every 3 months.

(i) This inventory shall be performed by an individual with no incompatible functions and be verified to the balance of dice on hand required under paragraph (1)(i).

(ii) Discrepancies shall immediately be reported to the Bureau of Gaming Operations.

(c) Destruction or cancellation of dice, other than those retained for Board inspection, shall be completed within 72 hours of collection.

(1) Cancellation must occur by drilling a circular hole of at least 1/4 inch in diameter through the center of the die.

(2) Destruction must occur by shredding.

(3) The destruction and cancellation of dice must take place in a secure location in the licensed facility covered by the slot machine licensee's surveillance system, the physical characteristics of which shall be approved by the Bureau of Gaming Operations.

PENNSYLVANIA GAMING CONTROL BOARD**[58 PA. CODE CH. 525]****Table Game Internal Controls; Temporary Regulations**

The Pennsylvania Gaming Control Board (Board), under its general authority in 4 Pa.C.S. § 1303A (relating to temporary table game regulations) enacted by the act of January 7, 2010 (Act 1) and the specific authority in 4 Pa.C.S. §§ 1302A(2.1) and (4) and 1325A (relating to regulatory authority; and table game accounting controls

and audit protocols), adopts temporary regulations in Chapter 525 (relating to table game internal controls) to read as set forth in Annex A. The Board's temporary regulations will be added to Part VII (relating to Gaming Control Board) as part of Subpart K (relating to table games).

Purpose of the Temporary Rulemaking

This temporary rulemaking adds additional sections to Chapter 525 regarding drop boxes and the conduct of the drop and count for table games.

Explanation of Chapter 525

Section 525.17 (relating to table game drop boxes), requires that each gaming table have an attached table game drop box. This section also contains the technical standards for drop boxes, labeling requirements for drop boxes and that one of the keys to open the drop box be maintained and controlled by the Board's casino compliance representatives.

Section 525.18 (relating to transport of table game drop boxes to and from gaming tables) contains the procedures that must be followed during the normal drop process. These procedures cover who is involved in the drop, who controls the keys required for the drop and the verification that all drop boxes that are supposed to be dropped have been dropped. This section also sets forth the requirements regarding the use and storage of emergency drop boxes which are used when a drop box must be exchanged outside of the normal drop process.

Section 525.19 (relating to procedures for opening, counting and recording the contents of table game drop boxes) sets forth the requirements and procedures that apply to the count process. This section specifies who may be present in the count room, the procedures for opening the drop boxes and counting and recording the contents of the drop boxes, the role of the Board's casino compliance representatives, the completion of the Daily Table Game Count Report and the process for transferring all cash, gaming vouchers, gaming chips, Poker rake chips and Counter Checks to the main bank.

Section 525.20 (relating to alternate procedures for collecting, distributing, opening, counting and recording the contents of nonbanking table game drop boxes) gives certificate holders the option of establishing separate procedures for the collection, distribution, opening, counting and recording the contents of table game drop boxes attached to Poker tables. This is because these drop boxes will only contain value chips and Poker rake chips, making the count procedures and related reporting requirements much simpler.

Affected Parties

Slot machine licensees who elect to become certificate holders will be required to modify and expand their existing internal controls to meet the additional requirements in this temporary rulemaking.

The Board will experience increased regulatory demands to review the new and revised internal controls regarding table games that are submitted by the certificate holders.

*Fiscal Impact**Commonwealth*

The Board will have to review each certificate holder's initial table games internal control submissions and any subsequent amendments thereto. These reviews will be conducted by existing Bureau of Gaming Operations staff

so the Board does not project that it will incur any significant cost increases as a result of this temporary rulemaking.

Political subdivisions

This temporary rulemaking will not have direct fiscal impact on political subdivisions of this Commonwealth. Eventually, host municipalities and counties will benefit from the local share funding that is mandated by Act 1.

Private sector

This temporary rulemaking will result in additional costs for slot machine licensees who elect to become certificate holders. More specifically, certificate holders will be required to revise and expand the scope of their internal controls to cover table games operations. All of the internal control revisions required by this and other rulemakings related to internal controls could cost between \$20,000 and \$50,000 per certificate holder to prepare depending on the scope of the revisions and if the revisions are prepared internally or by outside consultants.

General public

This temporary rulemaking will have no direct fiscal impact on the general public.

Paperwork Requirements

This temporary rulemaking will require certificate holders to draft, and submit to the Board for its approval, revised internal controls.

Effective Date

This temporary rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Public Comments

While this temporary rulemaking will be effective upon publication, the Board is seeking comments from the public and affected parties as to how this temporary regulation might be improved. Interested persons are invited to submit written comments, suggestions or objections regarding this temporary rulemaking within 30 days after the date of publication in the *Pennsylvania Bulletin* to Richard Sandusky, Director of Regulatory Review, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060, Attention: Public Comment on Regulation #125-121.

Contact Person

The contact person for questions about this temporary rulemaking is Richard Sandusky, Director of Regulatory Review, (717) 214-8111.

Regulatory Review

Under 4 Pa.C.S. § 1303A, the Board is authorized to adopt temporary regulations which are not subject to the provisions of sections 201—205 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201—1208), known as the Commonwealth Documents Law (CDL), the Regulatory Review Act (71 P. S. §§ 745.1—745.12); and sections 204(b) and 301(10) of the Commonwealth Attorneys Act (71 P. S. §§ 732-204(b) and 732-301(10)). These temporary regulations expire 2 years after publication in the *Pennsylvania Bulletin*.

Findings

The Board finds that:

(1) Under 4 Pa.C.S. § 1303A, the temporary regulations are exempt from the requirements of the Regulatory

Review Act, sections 201—205 of the CDL and sections 204(b) and 301(10) of the Commonwealth Attorney’s Act.

(2) The adoption of the temporary regulations is necessary and appropriate for the administration and enforcement of 4 Pa.C.S. Part II (relating to gaming).

Order

The Board, acting under 4 Pa.C.S. Part II, orders that:

(1) The regulations of the Board, 58 Pa. Code Chapter 525, are amended by adding §§ 525.17—525.20 to read as set forth in Annex A.

(2) The temporary regulations are effective June 12, 2010.

(3) The temporary regulations will be posted on the Board’s web site and published in the *Pennsylvania Bulletin*.

(4) The temporary regulations shall be subject to amendment as deemed necessary by the Board.

(5) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

Chairperson

(7) A certificate holder may, with approval of the Bureau of Gaming Operations, aggregate counts by denomination of all currency collected in substitution of the second count by a table game drop box required under paragraph (6), if the original counts are being performed automatically by a machine that counts and automatically records the value of currency, and the accuracy of the machine has been suitably tested and proven in accordance with paragraph (8).

GAME COMMISSION

[58 PA. CODE CH. 141]

Hunting and Trapping; Protective Material Required

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2010, meeting, proposed to amend § 141.20 (relating to protective material required). This proposed rulemaking eliminates the voluntary posting of protective material outside of manufactured blinds allowance. In the alternative, the proposed rulemaking requires that hunters hunting during any firearms season for deer, elk or bear post a minimum of 100 square inches of daylight fluorescent orange-colored material within 15 feet of a blind meeting the requirements in section 2308(b)(3) of the code (relating to unlawful devices and methods) in a manner that is visible within a 360° arc in addition to requirement of the wearing of protective material on their persons.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 20, 2010, meeting of the Commission. Comments can be sent to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, until June 23, 2010.

1. Purpose and Authority

At its April 18, 2007, Commission meeting, the Commission adopted amendments to § 141.20 that permitted the posting of protective material within 15 feet of a blind meeting the requirements in section 2308(b)(3) of the code instead of wearing the required protective material on their person while hunting during any firearms season for deer, elk or bear. These amendments were made in response to concerns raised by hunters regarding the then current requirement that protective material be worn only on their person inside a manufactured blind where its visual effectiveness is severely diminished. This requirement did not afford adequate safety for hunters. Upon further reflection of this issue, the Commission determined that a mandatory posting of protective material outside a manufactured blind for hunters who choose to utilize them while hunting during any firearms season for deer, elk or bear will better protect their safety rather than the current voluntary alternative. To this end, the Commission is proposing to amend § 141.20 to eliminate the voluntary posting of protective material outside of manufactured blinds allowance and in the alternative require that hunters hunting during any firearms season for deer, elk or bear post a minimum of 100 square inches of daylight fluorescent orange-colored material within 15 feet of a blind meeting the requirements of section 2308(b)(3) of the code in a manner that is visible within a 360° arc in addition to requirement of the wearing of protective material on their persons.

Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 141.20 were proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking amends § 141.20 to eliminate the voluntary posting of protective material outside of manufactured blinds allowance and in the alternative require that hunters hunting during any firearms season for deer, elk or bear post a minimum of 100 square inches of daylight fluorescent orange-colored material within 15 feet of a blind meeting the requirements in section 2308(b)(3) of the code in a manner that is visible within a 360° arc in addition to requirement of the wearing of protective material on their persons.

3. Persons Affected

Persons wishing to hunt during any firearms season for deer, elk or bear from a blind meeting the requirements in section 2308(b)(3) of the code will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the Pennsylvania Bulletin and will remain in effect until changed by the Commission.

6. Contact Person

[58 PA. CODE CH. 141]
Hunting and Trapping; Wild Pheasant Recovery Areas

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2010, meeting, proposed to amend § 141.28 (relating to wild pheasant recovery areas) to create and define the geographic location of the Hegins-Gratz Valley

wild pheasant recovery area (WPRAs) and prohibit the hunting of small game from the first Sunday in February through July 1st within areas designated as WPRAs.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 20, 2010, meeting of the Commission. Comments can be sent to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, until June 23, 2010.

1. *Purpose and Authority*

The Ring-necked Pheasant Management Plan calls for restoring self-sustaining and huntable ring-necked pheasant populations in suitable habitats by establishing at least four WPRAs by 2015. Wild-trapped pheasants will be released in WPRAs in an effort to establish populations of at least ten hens per square mile in the spring, while WPRAs will remain closed to game farm pheasant stocking, pheasant hunting and dog training activities. Small game hunting within WPRAs will also be restricted during critical periods during the population establishment phase. Three WPRAs were listed in 2009 and one additional area, the Hegins-Gratz Valley WPRAs, is proposed at this time to prepare for pheasant releases in 2011.

Section 322(c)(4) of the code (relating to powers and duties of commission) specifically authorizes the Commission to "Define geographic limitations or restrictions." Section 2102(c) of the code (relating to regulations) directs that "The commission shall promulgate regulations concerning the transportation, introduction into the wild, importation, exportation, sale, offering for sale or purchase of game or wildlife or the disturbing of game or wildlife in their natural habitat." Section 2102(a) of the code provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 141.28 were proposed under this authority.

2. *Regulatory Requirements*

The proposed rulemaking amends § 141.28 to create and define the geographic location of the Hegins-Gratz Valley WPRAs and prohibits the hunting of small game from the first Sunday in February through July 1st within areas designated as WPRAs.

3. *Persons Affected*

Persons wishing to hunt wild pheasants, release propagated pheasants, train dogs or hunt small game within areas designated as WPRAs may be affected by the proposed rulemaking.

4. *Cost and Paperwork Requirements*

The proposed rulemaking should not result in additional cost or paperwork.

[58 PA. CODE CH. 131]

Preliminary Provisions; Disclosure of Certain Records

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2010, meeting, proposed to add § 131.9 (relating to disclosure of certain records) to establish and define the manner that the Commission will respond to certain types of record requests.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 20, 2010, meeting of the Commission. Comments can be sent to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, until June 23, 2010.

1. *Purpose and Authority*

It is the duty of the Commission to propagate, manage and preserve the game or wildlife of this Commonwealth. To effectively manage the wildlife resources of this Commonwealth, the Commission participates in various reviews for development projects across this Commonwealth. The two most common types of records and reviews are those collected under the Voluntary Wind Power Cooperative Agreements and those collected through the screening process with the Pennsylvania Natural Heritage Program. While some records may overlap, these are two distinct bodies of records. Many times the information gathered and shared is with regard to threatened and endangered species and even more often the information is with regard to species of special concern and greatest conservation need. In many cases, it is developed by developers themselves and is proprietary with regard to the site, the protocol and the findings. In all cases, information gathered and shared during these reviews is necessary to formulate policy and recommendations regarding policy and actions, including regulations and decisions about legal actions with regard to various types of development. In addition, the Commission keeps records regarding hunting and furtaking licenses to effectively manage the wildlife resources of this Commonwealth. Finally, many records contain personal identifying information which is necessary to predeliberative action, proprietary or the disclosure of which carries substantial and demonstrable risk of physical harm.

The Commonwealth established the Right-to-Know Law (act) (65 P. S. §§ 67.101—67.3104), effective January 1, 2009. Under the act, the definition of “public record” has changed and the list of exemptions to disclosure has grown. Under the prior law, documents regarding reviews would not have been of the kind or character to be a public record; under the act, they would be classified as public record. In addition, hunting and furtaking license

records were specifically exempt from disclosure by section 325 of the code (relating to limitation on disclosure of certain records). However, with the passage of the act, questions have again arisen with regard to these two classes of sensitive information. To clarify for Commission staff and the public how the act will be implemented with regard to the classes of records indicated as those collected for review and those regarding hunting and furtaking licenses, the Commission is proposing to add § 131.9.

Section 2722(g) of the code (relating to authorized license-issuing agents) directs the Commission to adopt regulations for the administration, control and performance of license issuing activities. Section 2102(a) of the code (relating to regulations) provides that “The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The addition of § 131.9 is proposed under this authority.

2. *Regulatory Requirements*

The proposed rulemaking adds § 131.9 to establish and define the manner that the Commission will respond to certain types of record requests.

3. *Persons Affected*

Persons seeking wind power records, Pennsylvania Natural Heritage Program records or recreational license records from the Commission may be affected by the proposed rulemaking.

4. *Cost and Paperwork Requirements*

The proposed rulemaking should not result in additional cost or paperwork.

5. *Effective Date*

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. *Contact Person*

For further information regarding the proposed rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

CHAPTER 131. PRELIMINARY PROVISIONS

§ 131.9. Disclosure of certain records.

In accordance with the Right-to-Know Law (65 P. S. §§ 67.101—67.3104), public access to the following records, wherever located, will only be made as set forth in paragraphs (1)—(3):

(1) *Wind power records.* Commission annual reports and Pennsylvania Natural Heritage Program clearance correspondence respecting existing or proposed windpower facilities will be provided upon request, but redacted as necessary. All other records are predeliberative, proprietary or tending to identify the location of threatened or endangered species and will not be disclosed.

(2) *Pennsylvania Natural Heritage Program records.* Pennsylvania Natural Heritage Program clearance correspondence will be provided upon request, but redacted as necessary. All other records are predeliberative, proprietary or tending to identify the location of threatened or endangered species and will not be disclosed.

Under the limitations of section 325 of the act (relating to limitation on disclosure of certain records), individual license information or related harvest information will not be disclosed.

(4) *Personal identifying information.* Any request, the response to which includes personal identifying information will be redacted so as to only provide that information necessary to identify the person to the Commission. Personal identifying information will not be disclosed as predeliberative, proprietary or tending to result in a substantial and demonstrable risk of physical harm to the person or the personal security of an individual and will not be disclosed without due process of law authorizing and ordering the disclosure.

MILK MARKETING BOARD

[7 PA. CODE CH. 143]

Transactions Between Dealers and Producers

The Milk Marketing Board (Board) proposes to add § 143.29 (relating to weighing and sampling of direct load milk) and to amend § 143.46 (relating to producer receipt for farm bulk milk) to read as set forth in Annex A.

Purpose of Proposed Rulemaking

The purpose of this proposed rulemaking is to establish regulations governing the weighing and sampling of milk when it is loaded directly from the milking parlor or milkhouse on a dairy farm into a movable bulk milk tanker for transportation. Most milk produced on dairy farms in this Commonwealth is pumped into bulk tanks on the farm for cooling and storage and is picked up every day or every other day and loaded onto bulk milk tankers for transport to the processor. Current Board regulations establish procedures to ensure accurate weighing and sampling of this milk for purposes of payment to producers and require a receipt for the milk to be left with the producer at the time of pickup. While the number of dairy herds in this Commonwealth is decreasing, the average size of dairy herds in this Commonwealth is increasing. Many dairy herds in this Commonwealth produce enough milk to fill a semitrailer bulk milk tanker in 24 hours or less. In these cases, it is more efficient and cost effective to rapidly cool the milk and pump it directly onto a bulk milk tanker rather than storing the milk in a bulk tank for later pickup and

transport. The existing regulations rely upon bulk tank calibration charts to determine the volume of milk and require agitation by means of the bulk tank agitator prior to sampling of milk in a stationary onfarm bulk tank and, therefore, will not work for milk loaded directly into mobile bulk tankers. Currently there are several farms in this Commonwealth direct-loading their milk, using a variety of methods for weighing and sampling that milk. The proposed rulemaking establishes uniform procedures to ensure the accurate weighing and sampling of this milk and will also amend the requirements for the producer's receipt for direct load milk.

Summary of Proposed Rulemaking

Proposed § 143.29 defines "direct load milk" as "[p]roducer milk that is loaded directly from the farm milking parlor into a bulk milk tanker and is not weighed or sampled, or both, by means of an onfarm bulk tank." The proposed rulemaking provides the following: (1) allows for weighing of direct load milk either by scales or by means of a mass flow meter and sets out the procedures that shall be followed for each method to ensure accuracy; (2) establishes procedures for sampling of milk, including proper agitation before sampling to ensure a representative sample is obtained; and (3) allows the Board to approve other methods of weighing/measuring, agitation and sampling of direct load milk on a case-by-case basis.

The proposed rulemaking adds § 143.46(c), which requires additional information pertaining to the method of weighing and sampling to be included on the producer's receipt. This proposed subsection also relaxes the requirement that the receipt be left at the farm at the time of pick-up, since in many cases the milk will not be weighed or sampled before leaving the farm.

Statutory Authority

Section 307 of the Milk Marketing Law (act) (31 P. S. § 700j-307) provides the Board with the authority to adopt and enforce regulations necessary or appropriate to carry out the provisions of the act.

Public Hearing

On December 15, 2004, the Board, after due notice, conducted a public hearing to receive comments on the proposed rulemaking. Among the attendees were representatives of the Department of Agriculture's Bureau of Ride and Measurement Standards and the Division of Milk Sanitation, milk sanitarians from this Commonwealth, milk marketing cooperatives, the Pennsylvania Farm Bureau and Board staff. As a result of the discussion and comments at that public hearing, the proposed rulemaking was drafted and circulated among the attendees to receive further comment. The proposed rulemaking was further revised as a result of that process. Board staff then conducted onfarm visits with several producers in this Commonwealth who are already direct-loading their milk for transport. Staff observed the procedures currently being used on these farms and received comments from these producers regarding the proposed rulemaking. Based upon these observations and discussions, a final draft was prepared and circulated among the interested parties, including the producers, for their review. The proposed rulemaking is the result of the foregoing process.

Fiscal Impact

The proposed rulemaking will have no fiscal impact on the majority of dairy producers who still store milk in bulk tanks on the buyers or haulers of that milk. The proposed rulemaking should not have a negative fiscal

impact on those few producers, haulers, weighers/samplers or dealers who will be affected by the regulations. These affected persons may see a positive fiscal impact in the form of time savings and increased efficiency by being able to eliminate the step of pumping milk from bulk tanks into tankers for transport.

The proposed rulemaking requires additional information pertaining to the method of weighing and sampling to be included on the producer's receipt for milk picked up from farms, but relaxes the requirement that the receipt be left at the farm at the time of pick-up.

Effective and Sunset Dates

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*. There is not a sunset date.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on May 27, 2010, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the House and Senate Committees on Agriculture and Rural Affairs. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections concerning the proposed rulemaking to the Chief Counsel, Milk Marketing Board, 2301 North Cameron Street, Harrisburg, PA 17110 within 30 days following publication in the *Pennsylvania Bulletin*.

PART VI. MILK MARKETING BOARD

CHAPTER 143. TRANSACTIONS BETWEEN DEALERS AND PRODUCERS

TESTING

(Editor's Note: The following section is new and printed in regular type to enhance readability.)

§ 143.29. Weighing and sampling of direct load milk.

(a) *Definitions.* The following words and terms, when used in this section, have the following meanings, unless the context clearly indicates otherwise:

Bulk milk tanker or tanker—

(i) A mobile bulk container used to transport milk or fluid milk products in bulk from a dairy farm, or to or from a dairy processing plant which is designed to be towed by a motor vehicle.

(ii) The term includes equipment and accessories related to the mobile bulk container.

*Bureau—*The Bureau of Ride and Measurement Standards, of the Department.

*Department—*The Department of Agriculture of the Commonwealth.

*Direct load milk—*Producer milk that is loaded directly from the farm milking parlor into a bulk milk tanker and is not weighed or sampled, or both, by means of an onfarm bulk tank.

*Milk Sanitation Division—*The Bureau of Food Safety and Laboratory Services, Milk Sanitation Division, of the Department.

(b) *General.*

(1) For purposes of payment to producers, direct load milk shall be weighed and sampled in accordance with the provisions of this section.

(2) Sampling and weighing of direct load milk shall take place as close as practicable to the farm and shall take place in this Commonwealth or in a state with a reciprocal agreement for recognition of direct load weighing and sampling methods.

(3) An in-line temperature recorder and indicating thermometer must be located between the chiller and the bulk milk tanker to record the temperature of the milk.

(4) Direct load milk shall be weighed and sampled by a weigher/sampler certified by the Board for direct load milk pickup.

(5) This section does not replace or supersede the requirements, standards and procedures for weighing and sampling of milk established by the Bureau or the Milk Sanitation Division.

(c) *Weighing.* Direct load milk weight shall be established by type-approved scales of appropriate size and location, tested and approved by the Bureau or by a mass flow meter certified to be in compliance with National Institute of Standards Technology Handbook 44 and tested and approved by the Bureau.

(1) *Weighing by scales.*

(i) Scale weight shall be certified by a person licensed as a public weighmaster by the Bureau.

(ii) Snow, ice, mud and other debris shall be removed from the bulk milk tanker before weighing on scales.

(iii) Weighing methods must comply with 3 Pa.C.S. Chapter 41 (relating to Consolidated Weights and Measures Act).

(iv) The weighmaster shall complete and provide to the weigher/sampler, at the time of weighing, a weigh slip approved by the Bureau. Weigh slips with the weighmaster's license number shall be deemed to be completed by the weighmaster, in accordance with 3 Pa.C.S. § 4153 (relating to preparation of weighmaster's certificate).

(A) A licensed public weighmaster may not enter on a weighmaster's certificate issued by the weighmaster weight values which the weighmaster has not personally determined. The weighmaster may not make entries on a weighmaster's certificate issued by another person.

(B) A weighmaster's certificate shall be prepared to show clearly what weights were actually determined.

(C) If the certificate form provides for the entry of gross, tare and net weights in any case in which only the gross, the tare or the net weight is determined by the weighmaster, the weighmaster shall strike through or otherwise cancel the printed entries for the weights not determined or computed.

(D) If gross and tare weights are shown on a weighmaster's certificate and both of these were not determined on the same scale and on the day for which the certificate is dated, the weighmaster shall identify on the certificate the scale used for determining each weight and the date of each determination.

(v) A standard empty weight may be established for a tanker that is regularly used to haul direct load milk from a producer.

(A) The standard empty weight shall be established at least every month.

(B) The producer shall maintain a record for each tanker. A copy of the record shall be kept with each tanker and available on demand with the following information:

(I) The tanker serial number.

(II) The manufacturer's rated capacity of the tanker.

(III) The date the tanker was put into service hauling direct load milk of the producer.

(IV) The date and location of the scale where the standard empty weight was last established

(V) Whether the tanker was equipped with a spare tire when the standard empty weight was last established.

(C) After the standard empty weight is established, the tanker must be equipped with the same spare tire, or not be equipped with a spare tire, whichever was the case when the standard empty weight was last established.

(D) If tires are changed, maintenance is performed that may affect the weight of the tanker or other equipment or utensils are attached to the tanker, the standard empty weight of the tanker must be established before the tanker is placed back into service.

(vi) A tanker for which a standard empty weight has not been established shall be weighed before each loading.

(A) The empty tanker weight may be established by unhooking the tanker on the scales and weighing the tanker alone.

(B) A tractor and empty tanker combination may be weighed together if either of the following occur:

(I) The tractor and tanker will remain coupled until after the milk is loaded onto the tanker at the farm and the tractor and loaded tanker combination is reweighed.

(II) The tractor and loaded tanker combination is weighed at or near a dairy in this Commonwealth before unloading at the dairy, and the tractor and empty tanker combination is reweighed after unloading at or near the dairy where unloaded.

(vii) To establish milk weight, subtract the weight of the empty tanker or combination from the weight of the loaded tanker or combination.

(A) The loaded tanker weight may be established by unhooking the tanker on the scales and weighing the tanker alone.

(B) If a loaded tanker will not be unhooked from the tractor when weighing the loaded tanker, the weight of the tractor shall be established independently before hooking on to the loaded tanker. The tractor weight shall be added to the empty weight of the tanker to establish the empty weight of the combination.

(viii) When a tractor is weighed, either alone or in combination with an empty or loaded tanker, the weigher/sampler shall account for the weight of the fuel as follows:

(A) If the tractor has traveled 15 miles or more between weighing empty and weighing loaded, the weigher/sampler shall account for the weight of the fuel consumed by subtracting 20 pounds from the empty weight of the tractor for every 15 miles traveled.

(B) If the tractor has been refueled between weighing empty and weighing loaded, the weigher/sampler shall account for the additional weight of the fuel by adding 7.15 pounds to the weight of the tractor for every gallon of fuel added.

(2) *Meter weight.*

(i) Only a food grade, 3-A approved, volumetric flow meter capable of direct pound computations approved by the Board and by the Milk Sanitation Division may be used for establishing milk weight.

(ii) A meter shall be installed by an installer or repair person registered by the Bureau.

(iii) Meters must be National Type Evaluation Program approved, tested and approved by the Bureau and certified for custody transfer.

(iv) The Bureau will annually inspect, test and approve these meters.

(v) The meter shall be positioned at a stationary point between the chiller and the milk tanker.

(vi) The weigher/sampler shall permanently record on paper:

(A) The manufacturer's rated capacity of the tanker.

(B) The date and time the milk tanker began and ended filling.

(C) The meter weight of the milk that entered the milk tanker.

(D) The date that the meter was last verified for accuracy.

(3) *Other weighing or measuring devices, or both.* Other weighing or measuring devices, or both, may be approved on a case-by-case basis by the Bureau and the Board.

(d) *Sampling.*

(1) Samples must comply with §§ 143.23, 143.26 and 143.27 (relating to quantity of sample; refrigeration of samples; and transportation of samples).

(2) Samples shall only be taken after agitation sufficient to ensure that the milk is in a homogenous condition by one of the following methods:

(i) *In-tanker agitation.*

(A) Agitation by a mechanical device placed inside the tanker may be used if the agitation method and equipment are approved by the Board.

(B) Sampling takes place immediately when the agitator is turned off.

(ii) *Over-the-road agitation.*

(A) Agitation by the normal movement of the milk inside the tanker during transport over the road may be used only when the tanker is filled to no more than 97% of the tanker manufacturer's rated volumetric capacity.

(B) A sensor, metering device or other measurement strategy, coupled with an automatic shut-off or alarm system, shall be used to ensure that the tanker is filled to not more than 97% of its rated capacity.

(C) Agitation must take place in not less than a 3-mile trip during which at least three stops and starts shall have occurred.

(D) Sampling shall take place without delay, but less than 5 minutes after the tanker has stopped, and the sample shall be taken from the hatch in accordance with the guidelines of the Milk Sanitation Division.

(iii) *Other agitation methods.* Other agitation methods, such as air agitation, may be used if the agitation method has been certified as effective in at least five repeatable trials and if the method is approved by the Milk Sanitation Division. The Board will provide testing and certification of other agitation methods on a case-by-case basis.

(3) *Other sampling methods.* Other sampling methods, including in-line sampling devices, may be approved by the Board on a case-by-case basis.

MISCELLANEOUS PROVISIONS

**PLAN APPROVAL AND OPERATING PERMIT
APPLICATIONS**

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the

objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

This facility is a non-Title V facility. The proposed modification/reconfiguration will not result in a net increase of particulate matter emissions. The Plan Approval and Operating Permit will contain recordkeeping requirements and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110. Contact: Thomas J. Hanlon, Chief, East Permitting Section—Telephone: 717-705-4862 or Daniel Husted, Chief, West Permitting Section—Telephone: 814-949-7935.

This plan approval will replace an existing control with RTO. This plan approval will be incorporated into the facility's existing synthetic minor operating permit No. 21-05028. The administrative amendment to the permit will include emission standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745. Contact: B. Hatch, Environmental Engineer Managers—Telephone: 412-442-4163/5226.

65-00630B: Mine Safety Appliances Co.—MSA (P. O. Box 426, Pittsburgh, PA 15230-0426) to allow construction of additional air contamination sources associated with a proposed respirator mask manufacturing operation in Murrysville, **Westmoreland County**.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.45, the Department of Environmental Protection (Department) intends to issue Plan Approval PA-65-00630B to allow construction of additional air contamination sources associated with a proposed respirator mask manufacturing operation which will consist of washing, cleaning, and bonding of lenses to rubber mask blanks at their MSA Murrysville facility, located at 3880 Meadowbrook Road, Murrysville, Westmoreland County.

The respirator mask manufacturing operation will be relocated from their Evans City facility in Evans City, Butler County. The Department's prior Best Available Technology (BAT) determination for this operation included the use of a catalytic thermal oxidation unit to control VOC and HAP emissions. The same BAT will also be required at MSA Murrysville, which will reduce the proposed annual VOC and combined HAP emissions increases from 5.5 tons to 0.3 ton and 0.9 ton to less than 0.1 ton, respectively, at an anticipated production rate of 75,000 masks per year. Other annual emission increases are 0.5 ton of CO, 0.6 ton of NO_x, and no more than 0.1 ton each of total particulate, PM₁₀, and SO_x. The Plan Approval will incorporate particulate matter (PM) and opacity emission limits, source testing, monitoring, recordkeeping and reporting requirements, and work practice standards from the 25 Pa. Code.

The Murrysville facility is currently permitted under State-only Operating Permit OP-65-00630. Upon issuance of the Plan Approval, facility-wide annual emissions of VOC and combined HAPs are estimated at approximately 3.5 tons and 1.0 ton, respectively. Annual potential emissions of all NSR regulated pollutants for the existing facility and the proposed sources combined will remain below emissions thresholds for a major facility as defined in 25 Pa. Code § 121.1. The proposed facility is subject to the applicable requirements of 25 Pa. Code §§ 121–145. The Plan Approval will include conditions relating to applicable emission restrictions, testing, monitoring, recordkeeping, reporting and work practice standards requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to (your name), Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Written comments must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed Plan Approval (specify the Plan Approval number).

Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

All comments must be received prior to the close of business 30 days after the date of this publication.

This application is for a plan approval to replace the refinery flare tip system associated with the Refinery Flare, (FL No. 301) located the Bradford facility in Bradford City, McKean County.

The total future potential emissions from the flare:

1. Total Filterable Particulate Matter (PM) 0.01 ton per year.
2. Filterable Particulate Matter < 10 μ (PM₁₀) 0.01 ton per year.
3. Sulfur Dioxide (SO₂) 0.23 ton per year.
4. Nitrous Oxides (NO_x) 0.70 ton per year.
5. Carbon Monoxide (CO) 0.18 ton per year.
6. Volatile Organic Compounds (VOC) 0.03 ton per year.

This plan approval is subject to the following Federal and State Regulations:

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated above each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit

application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91–96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding Concerning Water Quality Management, NPDES Program Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on an NPDES permit application should submit a statement to the Department at the address of the district mining office indicated previously each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. In the case where a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

DEPARTMENT OF PUBLIC WELFARE

Medical Assistance Program Fee Schedule Revisions; 2009 HCPCS Updates; Prior Authorization Requirements

The Department of Public Welfare (Department) announces changes to the Medical Assistance (MA) Program Fee Schedule and prior authorization requirements. These changes are effective for dates of service on and after June 14, 2010.

Fee Schedule Revisions

The Department is adding and end-dating procedure codes as a result of implementing the 2009 updates made by the Centers for Medicare and Medicaid Services (CMS) to the Healthcare Common Procedure Coding System (HCPCS). The Department is also end-dating other procedure codes, including some codes previously end-dated by CMS. Additionally, the Department is adding procedure codes to the MA Program Fee Schedule as a result of significant program exception requests. Finally, as set forth as follows, some of the procedure codes being added to the MA Program Fee Schedule will require prior authorization.

Fees for the new procedure codes will be published in a *Medical Assistance Bulletin* that will be issued to all providers.

The following procedure codes are being added to the MA Program Fee Schedule as a result of the 2009 HCPCS updates:

DEPARTMENT OF TRANSPORTATION

Finding Lancaster County

Under section 2002(b) of The Administrative Code of 1929 (71 P.S. § 512(b)), the Director of the Bureau of Design makes the following written finding:

The Federal Highway Administration and the Department of Transportation (Department) are planning the relocation of SR 441 in the Borough of Columbia, Lancaster County, with improvements to Front Street (SR 441), Cedar Street, Bridge Street and the U.S. 30 Eastbound on-ramp. This project will permanently impact 0.62 acre from the Pennsylvania Railroad/Atglen and Susquehanna Branch. According to the National Register of Historic Places, this railroad is part of the Columbia Historic District. The rail line is approximately 678.78 acres in size; therefore, this project will impact 0.09% of the resource. There will be no temporary impacts to the rail line. This project will result in a No Adverse Effect on this resource.

In accordance with section 2002 of The Administrative Code of 1929 establishing the Department, a Level-2 Categorical Exclusion Evaluation (CEE) has been developed for the subject project along with a "Determination of Section 4(f) *De minimis* Use, Section 2002, No Adverse Use, Historic Properties" form to evaluate the potential environmental impacts caused by the subject project. The document also serves as the Section 2002 Evaluation. The approved documents are available in the CE/EA Expert System.

Based upon studies, this is the most feasible and prudent alternative for the proposed action. Mitigation

measures will be taken to minimize harm as stipulated in the Level-2 CEE.

The environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929 have been considered. It has been concluded that this is the most feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize the effects.

S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 645.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

State Board of Chiropractic Regulation #16A-4315 (IRRC #2826)

Review of Chiropractic Treatment May 26, 2010

We submit for your consideration the following comments on the proposed rulemaking published in the March 27, 2010 *Pennsylvania Bulletin*. Our comments are based on criteria in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the State Board of Chiropractic (Board) to respond to all comments received from us or any other source.

1. Possible conflict with or duplication of statutes or existing regulations.

The Insurance Federation of Pennsylvania (IFP) has submitted comments that state the Board, "... vastly

exceeded its jurisdiction in drafting this regulation. As a result, many of its provisions are in direct conflict with existing laws and regulations." We agree that the Board's attempt to set standards for chiropractors performing independent chiropractic examinations or chiropractic peer reviews could either duplicate or conflict with the provisions of Pennsylvania's Workers Compensation Act (77 P. S. §§ 101, et seq.), Pennsylvania's Motor Vehicle Financial Responsibility Law (75 Pa.C.S.A. §§ 1701, et seq.), and the regulations promulgated by the Department of Labor and Industry and the Department of Insurance.

In the Preamble to the final-form regulation, the Board should explain how the regulation will be implemented in concert with the laws and regulations noted above. We ask the Board to consult with both Departments and the various segments of the regulated community as it prepares the final-form rulemaking to ensure that this regulation does not duplicate or conflict with the statutes and regulations noted above.

2. Statutory authority.

IFP questioned the Board's authority to set standards and procedures for independent medical examinations and chiropractic peer reviews under the Workers Compensation Act and the Motor Vehicle Financial Responsibility Law. The Board should explain its statutory authority to regulate in these areas when it submits the final-form rulemaking.

3. Need for the regulation.

The House Professional Licensure Committee (Committee) submitted comments that question the purpose of and need for the regulation. We agree with the Committee and ask the Board to provide a more detailed explanation of why this regulation is needed and what problem it is intended to address. In addition, we ask the Board to quantify how many of Pennsylvania's approximately 4,150 licensed chiropractors perform either independent chiropractic examinations or chiropractic peer reviews and how many examinations or reviews are done each year.

4. Section 5.55. Independent chiropractic examination.—Implementation procedures; Clarity.

Subsection (a)(2)

This subsection requires a chiropractor performing an independent chiropractic examination to "be currently engaged in the clinical practice of chiropractic in this Commonwealth at least 20 hours per week." Section 5.56(a)(2), pertaining to chiropractors performing a chiropractic peer review, contains a similar provision. Commentators have questioned how these provisions will be implemented. For example, is the 20 hour per week mandate an average of a chiropractors clinical practice over a year, or must the chiropractor practice 20 hours every week? What is meant by the term "clinical practice"? Would this include such activities as teaching? Finally, how would the 20 hour requirement be verified? We suggest that the final-form regulation include provisions that define clinical practice and how the 20 hour requirement will be calculated and verified.

Subsection (b)

This subsection lists three circumstances where a chiropractor may not perform an independent chiropractic review. Section 5.56(b) lists the same three circumstances where a chiropractor may not perform a chiropractic peer review. We have concerns with two of the three circumstances.

The first circumstance is if a chiropractor “had previous professional involvement with patient or provider under review.” Commentators have noted, and we agree, that this standard is vague. What is meant by the phrase “professional involvement”? Would this include previous independent chiropractic or peer reviews? Commentators have noted that there may be instances where the insurers would want a patient examined by the same chiropractor. Would this provision limit the number of chiropractors available to perform these reviews? The final-form regulation should clarify the Board’s intent for implementing this provision.

The second circumstance is if a “chiropractor’s impartiality may be reasonably questioned.” Commentators have stated this provision is vague and subjective. We agree that it does not establish a binding norm and suggest that the provision be deleted or written in a more precise manner.

Subsection (c)

This subsection states, “A chiropractor performing an independent chiropractic examination shall obtain and review the patient record of the currently treating chiropractor.” Commentators are concerned with the feasibility and practicality of a reviewing chiropractor obtaining the patient record from the treating chiropractor. They believe obtaining the patient record should not be the responsibility of the reviewing chiropractor. They also question who will pay for transfer of the records. We also question how this provision will be administered and ask if it would be more appropriate for the party requesting the review to coordinate the transfer of the patient records.

NOTICES

TREASURY DEPARTMENT

Unclaimed Property Owners

Last year, the Pennsylvania Treasury returned over \$100 million dollars of unclaimed property.

Search www.patreasury.org or call (800) 222-2046 to see if we have money for you. Each year, Treasury receives millions of dollars in unclaimed property-things like

- abandoned bank accounts
- forgotten stocks
- uncashed checks
- certificates of deposit
- life insurance policies
- safe deposit box contents
- recovered stolen property

At Treasury, we work hard to find the rightful owners of this unclaimed property. But even if we can't find you, you can find your property. If you see your name, visit www.patreasury.org to make a claim.

We are only required to publish the names of owners of property worth more than \$250 one time—so even if you don't see your name here this year, you may have something. It's worth a search of our web site.

Visit us now and claim what's yours!
