READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Order

Per Curiam:

And Now, this 8th day of July, 2010, upon the recommendation of the Domestic Relations Procedural Rules Committee; the proposal having been published for public comment in the *Pennsylvania Bulletin*, 38 Pa.B. 6689 (December 13, 2008), and *West's Pennsylvania Reporter*, 959 A.2d No. 2, Ct.R-30-40 (December 19, 2008):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rules 1910.16-4, 1910.16-6, 1915.4, 1920.51, 1920.52, and 1920.73 of the Pennsylvania Rules of Civil Procedure are amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective in 60 days on September 6, 2010.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation. Formula.

* * * * *

(e) *Support Obligations When Custodial Parent Owes Spousal Support.* Where children are residing with the spouse obligated to pay spousal support or alimony pendente lite (custodial parent) and the other spouse (non-custodial parent) has a legal obligation to support the children, the guideline amount of spousal support or alimony pendente lite shall be determined by offsetting the non-custodial parent's obligation for support of the children and the custodial parent's obligation of spousal support or alimony pendente lite, and awarding the net difference either to the non-custodial parent as spousal support/alimony pendente lite or to the custodial parent as child support as the circumstances warrant

[The following example uses the formula to show the steps followed to determine the amount of the non-custodial parent's support obligation to the children and the effect of that obligation upon the custodial parent's spousal support obligation. The example assumes that the parties have two children and the non-custodial parent's net monthly income is \$1,000 and the custodial parent's net monthly income is \$2,600.] The calculation is a five-step process. First, determine the spousal support obligation of the custodial parent to the non-custodial parent based upon their net incomes from the formula for spousal

support without dependent children[, i.e., \$640]. Second, recompute the net income of the parties assuming the payment of the spousal support [so that \$640 is deducted from the custodial parent's net income, now \$1,960, and added to the non-custodial parent's net income, now \$1,640]. Third, determine the child support obligation of the non-custodial parent for two children[, i.e., \$536]. Fourth, determine the recomputed support obligation of the custodial parent to the non-custodial parent by subtracting the non-custodial parent's child support obligation from Step 3 [(\$536)] from the original support obligation determined in Step 1 [(\$640). The recomputed spousal support is \$104]. Fifth, because the first step creates additional tax liability for the recipient non-custodial parent and additional tax deductions for the payor custodial parent and the third step involves an offset of the child support owed by the non-custodial parent against the spousal support or alimony pendente lite owed by the custodial parent, only that reduced amount will be taxable. Therefore, upon application of either party, the trier of fact may consider as a deviation factor the ultimate tax effect of the calculation.

Rule 1910.16-6. Support Guidelines. Adjustments to the Basic Support Obligation. Allocation of Additional Expenses.

* * * * *

(b) *Health Insurance Premiums.*

(1) A party's payment of a premium to provide health insurance coverage on behalf of the other party and/or the children shall be allocated between the parties in proportion to their net incomes, including the portion of the premium attributable to the party who is paying it, as long as a statutory duty of support is owed to the party who is paying the premium. **If there is no statutory duty of support owed to the party who is paying the premium, the portion attributable to that person must be deducted from the premium as set forth in subdivision (2) below.** If health insurance coverage for a child who is the subject of the support proceeding is being provided and paid for by a third party resident of [the] **either party's** household, the cost shall be allocated between the parties in proportion to their net incomes. If the obligor is paying the premium, then the obligee's share is deducted from the obligor's basic support obligation. If the obligee is paying the premium, then the obligor's share is added to his or her basic support obligation. Employer-paid premiums are not subject to allocation.

(2) When the health insurance covers a party to whom no statutory duty of support is owed, **even if that person is paying the premium as set forth in subdivision (1) above**, or other persons who are not parties to the support action or children who are not the subjects of the support action, the portion of the premium attributable to them must be excluded from allocation. In the event **that evidence as to this portion is not [known or cannot be verified] submitted by either party**, it shall be calculated as follows. First, determine the cost per person by dividing the total cost of the premium by the number of persons covered under the

policy. Second, multiply the cost per person by the number of persons who are not owed a statutory duty of support, or are not parties to, or the subject of the support action. The resulting amount is excluded from allocation.

(2.1) The actual incremental amount of the premium which provides coverage for the subjects of the support order, if submitted by either party, shall be used in determining the amount of the premium to be allocated between the parties. If not submitted by either party, then the amount of the premium shall be divided by the number of persons covered to calculate the portion of the premium that provides coverage to each person.

Example 1. If the parties are separated, but not divorced, and Husband pays \$200 per month toward the cost of a health insurance policy provided through his employer which covers himself, Wife, the parties' child, and two additional children from a previous marriage, the portion of the premium attributable to the additional two children, if not otherwise verifiable or known with reasonable ease and certainty, is calculated by dividing \$200 by five persons and then multiplying the resulting amount of \$40 per person by the two additional children, for a total of \$80 to be excluded from allocation. Deduct this amount from the total cost of the premium to arrive at the portion of the premium to be allocated between the parties—\$120. Since Husband is paying the premium, and spouses have a statutory duty to support one another pursuant to 23 Pa.C.S.A. § 4321, Wife's percentage share of the \$120 is deducted from Husband's support obligation. If Wife had been providing the coverage, then Husband's percentage share would be added to his basic support obligation.

CHAPTER 1915. ACTIONS FOR CUSTODY, PARTIAL CUSTODY AND VISITATION OF MINOR CHILDREN

Rule 1915.4. Prompt Disposition of Custody Cases.

* * * * *

(b) *Listing Trials Before the Court.* Depending upon the procedure in the judicial district, within 180 days of the filing of the complaint either the court shall automatically enter an order scheduling a trial before a judge or a party shall file a praecipe, motion or request for trial, except as otherwise provided in this subdivision. If it is not the practice of the court to automatically schedule trials and neither party files a praecipe, motion or request for trial within 180 days of filing of the pleading, the court shall dismiss the matter unless the moving party has been granted an extension for good cause shown, which extension shall not exceed 60 days beyond the 180 day limit. **A further reasonable extension may be granted by the court upon agreement of the parties or when the court finds, on the record, compelling circumstances for a further reasonable extension.**

* * * * *

Official Note: For service of original process in custody, partial custody and visitation matters, see Rule 1930.4.

Rescinded June 20, 1985, effective Jan. 1, 1986. Note amended Oct. 2, 1995, effective Jan. 1, 1996. Replaced by new rule.

Explanatory Comment—2000

A new rule requiring prompt custody trials was recommended by a special committee established by the Pennsylvania Superior Court. That committee concluded that the interests of children who are the subjects of custody litigation would best be served by a requirement that the litigation be concluded within specific time frames.

CHAPTER 1920. ACTIONS OF DIVORCE OR FOR ANNULMENT OF MARRIAGE

Rule 1920.51. Hearing by the Court. Appointment of Master. Notice of Hearing.

(a)(1) The court may hear the testimony or, upon its own motion or the motion of either party, may appoint a master with respect to all or any of the matters specified in subdivision (a)(2)(i) to consider same and issue a report and recommendation. The order of appointment shall specify the matters which are referred to the master.

(2)(i) The court may appoint a master in an action of divorce under Section 3301(a), (b) and (d)(1)(ii) of the Divorce Code, an action for annulment, and the claims for alimony, alimony pendente lite, equitable distribution of marital property, child support, partial custody or visitation, or counsel fees, costs and expenses, or any aspect thereof.

(ii) **[No] If there are no claims other than divorce, no master may be appointed [as to the claim] to determine grounds for divorce [in an action under Section] if either party has asserted grounds for divorce pursuant to § 3301(c) or § 3301(d)(1)(i) of the Divorce Code. A master may be appointed to hear ancillary economic claims in a divorce action pursuant to § 3301(c) or § 3301(d) of the Divorce Code. The master may be appointed to hear ancillary economic claims prior to the entry of a divorce decree if grounds for divorce have been established.**

(iii) No master may be appointed in a claim for legal, physical or shared custody or paternity.

Official Note: Section 3321 of the Divorce Code, 23 [Pa.C.S.] Pa.C.S.A. § 3321, prohibits the appointment of a master as to the claims of custody and paternity.

(3) The motion for the appointment of a master and the order shall be substantially in the form prescribed by Rule 1920.74.

(4) A permanent or standing master employed by a judicial district shall not practice family law before a conference officer, hearing officer or permanent or standing master employed by the same judicial district.

Official Note: Hearing conference officers preside at office conferences under [Support] Rule 1910.11. Hearing officers preside at hearings under [Support] Rule 1910.12. The appointment of masters to hear actions in divorce or for annulment of marriage is authorized by [Divorce] Rule 1920.51.

(b) Written notice of the hearing shall be given to each attorney of record by the master. If a master has not been appointed, the prothonotary, clerk or other officer designated by the court shall give the notice.

(c) If no attorney has appeared of record for a party, notice of the hearing shall be given to the party by the

lmaster, or if a master has not been appointed, by the prothonotary, clerk or other officer designated by the court, as follows:

- (1) to the plaintiff, by ordinary mail to the address on the complaint;
- (2) to the defendant,
 - (i) if service of the complaint was made other than pursuant to special order of court, by ordinary mail to the defendant's last known address; or
 - (ii) if service of the complaint was made pursuant to special order of court, (a) by sending a copy of the notice by ordinary mail to the persons, if any, named in the investigation affidavit, likely to know the present whereabouts of the defendant; and (b) by sending a copy by registered mail to the defendant's last known address.

Official Note: Under [Definition] Rule 76, registered mail includes certified mail.

- (d) Advertising of notice of the hearing shall not be required.
- (e) Proof of notice shall be filed of record.

Official Note: Consistent with [Section] § 3301(e) of the Divorce Code as amended, these rules contemplate that if a divorce decree may be entered under the no fault provisions of [Section] §§ 3301(c) or (d), a divorce decree will be entered on these grounds and no hearing shall be required on any other grounds.

Explanatory Comment—1994

While subdivision (a)(2)(ii) clearly prohibits appointment of a master to determine a divorce claim brought under §§ 3301(c) or 3301(d), the provision does permit a master to hear claims which are joined with the divorce action.

The rule is amended to conform with proposed new Rules 1915.4-1 and 1915.4-2, and to remove the implied prohibition against the use of hearing officers in partial custody or visitation cases.

Explanatory Comment—2010

The rule is amended to clarify the role of the master in a divorce case when either party has asserted grounds for divorce pursuant to § 3301(c) or § 3301(d) of the Divorce Code. The rule had been interpreted in some jurisdictions as requiring the entry of a bifurcated decree before a master could be appointed to hear economic claims.

Rule 1920.52. Hearing by the Court. Decision. No Post-trial Relief. Decree.

* * * * *

Official Note: The procedure relating to [Motions for Reconsideration] motions for reconsideration is set forth in Rule 1930.2.

(c) The court need not determine all claims at one time but may enter a decree adjudicating a specific claim or claims. **However, unless by agreement of the parties, no bifurcated decree of divorce shall be entered except as set forth in 23 Pa.C.S.A. § 3323(c.1). In any bifurcated decree entered by the court without the agreement of the parties, the court shall state with specificity the compelling circumstances that exist for the entry of the decree and the economic provisions sufficient to protect the non-moving party.**

(d) In all cases the court shall enter a decree separately adjudicating each claim raised.

Explanatory Comment—2010

The Divorce Code was amended in 2004 to make it more difficult for the court to enter a bifurcated divorce decree absent the agreement of the parties. Section 3323(c.1) became effective on January 28, 2005 and limits the circumstances in which the court may enter a bifurcated decree, requiring the establishment of grounds for divorce, compelling circumstances for the entry of the decree and sufficient economic protections for the non-moving party.

Rule 1920.73. Notice of Intention to Request Entry of Divorce Decree. Praecepto to Transmit Record Forms.

* * * * *

(b) The praecipe to transmit the record prescribed by Rule 1920.42 shall be in substantially the following form:

(Caption)

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CHS. 1 AND 11]

Proposed Amendments to Pa.Rs.Crim.P. 140, 141, 142 and 1101

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend Rules 140, 141, 142 and 1101 to provide for limitations on punishment for contempt before the minor judiciary and to suspend 42 Pa.C.S. § 4137(c) as unconstitutional pursuant to *Commonwealth vs. McMullen*, 599 Pa. 435, 961 A.2d 842 (2008). This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Note that the Committee's Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed amendments to the rule precedes the Report. Additions are shown in bold; deletions are in bold and brackets.

We request that interested persons submit suggestions, comments or objections concerning this proposal in writing to the Committee through counsel:

TITLE 234. RULES OF CRIMINAL PROCEDURE CHAPTER 1. SCOPE OF RULES, CONSTRUCTION AND DEFINITIONS, LOCAL RULES

PART D. Procedures Implementing 42 Pa.C.S. §§ 4137, 4138, 4139: Criminal Contempt Powers of District Justices, Judges of the Pittsburgh Magistrates Court, and Judges of the Traffic Court of Philadelphia

Rule 140. Contempt Proceedings Before [**District Justices**] **Magisterial District Judges**, Pittsburgh Magistrates Court Judges, and Philadelphia Traffic Court Judges.

(A) CONTEMPT IN THE PRESENCE OF THE COURT

1. An issuing authority may summarily hold an individual in contempt for misbehavior in the presence of the court [**which**] **that** obstructs the administration of justice, and, after affording the individual an opportunity to be heard, may impose a punishment of a fine of **not more than \$100** or imprisonment [**as provided by law**] **for not more than 30 days or both.**

* * * * *

3. The issuing authority shall issue a written order of contempt, in which the issuing authority shall:

a. set forth the facts of the case [**which**] **that** constitute the contempt;

* * * * *

(B) CONTEMPT NOT IN THE PRESENCE OF THE COURT

1. INSTITUTION OF PROCEEDINGS

a. An issuing authority may institute contempt proceedings by either

(1) giving written notice to the alleged contemnor of the time, date, and place of the contempt hearing, or

(2) when deemed appropriate by the issuing authority, issuing an attachment by means of a warrant,

whenever a person is alleged to have (i) failed to obey a subpoena issued by the issuing authority; (ii) failed to comply with an order of the issuing authority directing a defendant to pay fines and costs in accordance with an installment payment order; (iii) failed to comply with an order of a [**district justice**] **magisterial district judge** directing a defendant to compensate a victim; **or** (iv) [**violated an order issued pursuant to 23 Pa.C.S. § 6110; or (v)**] failed to comply with an order of an issuing authority in any case in which the issuing authority is by statute given the power to find the person in contempt.

b. If the proceedings are instituted by notice, the notice shall:

* * * * *

(4) advise the alleged contemnor that failure to appear at the hearing may result in the issuance of a **bench warrant [of arrest]**.

c. The notice shall be served in person or by both first class and certified mail, return receipt requested.

2. HEARING

* * * * *

c. The issuing authority shall not hold a contempt hearing in the absence of the alleged contemnor. If the alleged contemnor fails to appear for the contempt hearing, the issuing authority may continue the hearing and issue a **bench warrant [of arrest]**.

3. PUNISHMENT

Punishment for contempt may not exceed the limits set forth as follows:

a. Whenever a person is found to have failed to obey a subpoena issued by the issuing authority, punishment may be a fine of not more than \$100. Failure to pay within a reasonable time could result in imprisonment for not more than 10 days.

b. Whenever a person is found to have failed to comply with an order of the issuing authority directing a defendant to pay fines and costs in accordance with an installment payment order, punishment may be imprisonment for not more than 90 days.

c. Whenever a person is found to have failed to comply with an order of an issuing authority directing a defendant to compensate a victim, punishment may be a fine of not more than \$100 or imprisonment for not more than 30 days, or both.

Comment

This rule sets forth the procedures to implement 42 Pa.C.S. §§ 4137, 4138, and 4139 concerning contempt powers of the minor judiciary, as well as any other statutes subsequently enacted [**which**] that would provide for findings of contempt by the minor judiciary. It is not intended to supplant the procedures set forth in 23 Pa.C.S. § [**6113**] **6110 et seq.** concerning violations of protection from abuse orders.

The scope of the contempt powers of [**district justices**] **magisterial district judges**, Pittsburgh Magistrates Court judges, and Philadelphia Traffic Court judges is governed by 42 Pa.C.S. §§ 4137, 4138, and 4139 respectively. Therefore, as used in this rule, "issuing authority" refers only to [**district justices**] **magisterial district judges**, Pittsburgh Magistrates Court judges, and Philadelphia Traffic Court judges when acting within the scope of their contempt powers. **However, 42 Pa.C.S. §§ 4137(c), 4138(c), and 4139(c) contain limitations upon the punishment that a minor court may impose for contempt. Such statutory limitations were held to be unconstitutional in Commonwealth v. McMullen, 599 Pa. 435, 961 A.2d 842 (2008) and, to the extent that 42 Pa.C.S. §§ 4137(c), 4138(c), and 4139(c) are inconsistent with this rule, they are suspended by Rule 1101 (Suspension of Acts of Assembly).**

By Orders dated November 29, 2004, 34 Pa.B. 6507 (December 11, 2004) and February 25, 2005, 35 Pa.B. 1662 (March 12, 2005), the Pennsylvania Supreme Court created an administrative judicial unit referred to as the Pittsburgh Municipal Court and assigned all matters within the jurisdiction of the Pittsburgh Magistrates Court to the Pittsburgh Municipal Court. As a result of these orders, the Pittsburgh Magistrates Court is no longer staffed while the Pittsburgh Municipal Court is staffed by Allegheny County magisterial district judges assigned on a rotating basis. The terminology is

retained in these rules because the Pittsburgh Magistrates Court, which is created by statute, has not been disestablished by the statute.

* * * * *

Paragraph (A) sets forth the procedures for handling contempt proceedings when the misbehavior is committed in the presence of the court and is obstructing the administration of justice. See 42 Pa.C.S. §§ 4137(a)(1), 4138(a)(1), and 4139(a)(1). This type of contempt is commonly referred to as "direct" or "summary" contempt. The issuing authority may immediately impose punishment without a formal hearing because prompt action is necessary to maintain or restore order in the courtroom and to protect the authority and dignity of the court. Although immediate action is permitted in these cases, the alleged contemnor is ordinarily given an opportunity to be heard before the imposition of punishment. See *Commonwealth v. Stevenson*, 482 Pa. 76, 393 A.2d 386 ([Pa.] 1978).

* * * * *

For purposes of this rule, the phrase "failed to obey a subpoena issued by the issuing authority" in paragraph (B)(1)(a) is intended to include the failure to obey any other lawful process ordering the person to appear before an issuing authority.

Pursuant to 42 Pa.C.S. §§ 4137(a)(2), (3), (4), and (5), 4138(a)(2) and (3), and 4139(a)(2) and (3), only [**district justices**] **magisterial district judges** have the power to impose punishment for contempt of court for failure to comply with an order directing a defendant to compensate a victim or an order issued pursuant to 23 Pa.C.S. § 6110. See paragraph (B)1.a.

* * * * *

No defendant may be sentenced to imprisonment if the right to counsel was not afforded at the contempt hearing. See *Alabama v. Shelton*, 535 U.S. 654 (2002), *Scott v. Illinois*, 440 U.S. 367 (1979), and *Argersinger v. Hamlin*, 407 U.S. 25 (1972). Also see Rule 454 concerning counsel in summary cases. The Supreme Court in *Commonwealth v. Abrams*, 461 Pa. 327, 336 A.2d 308 ([Pa.] 1975) held that the right to counsel applies in cases of criminal contempt. See also *Commonwealth v. Crawford*, 466 Pa. 269, 352 A.2d 52 ([Pa.] 1976).

* * * * *

If a contemnor defaults in the payment of a fine imposed as punishment for contempt pursuant to [**42 Pa.C.S. §§ 4137(c), 4138(c), or 4139(c)**] **this rule**, the matter is to proceed as provided in Rule 142.

See Chapter 5 Part C concerning bail before a contempt hearing. See 42 Pa.C.S. § 4137(e) concerning a [**district justice's**] **magisterial district judge's** authority to set bail after an adjudication of contempt.

* * * * *

Paragraph (B)2.b(5) requires that the case be reviewed at the conclusion of a contempt hearing to determine whether the restitution order or the fines and costs installment order should be altered or amended, rather than scheduling another hearing. This review should be conducted whether or not the [**district justice**] **magisterial district judge** finds an individual in contempt for failure to comply with an order to pay restitution, or whether or not the issuing authority finds an individual in contempt for failure to comply with an installment

order to pay fines and costs. For the authority to alter or amend a restitution order, see 18 Pa.C.S. § [106] 1106(c)(2)(iii).

Comment

This rule provides the procedures for taking an appeal from a finding of contempt by a [**district justice**] **magisterial district judge**, a Pittsburgh Magistrates Court judge, or a Philadelphia Traffic Court judge.

As used in this rule, "issuing authority" refers only to [**district justices**] **magisterial district judges**, Pittsburgh Magistrates Court judges, and Philadelphia Traffic Court judges when acting within the scope of their contempt powers. See 42 Pa.C.S. §§ 4137, 4138, and 4139.

By Orders dated November 29, 2004, 34 Pa.B. 6507 (December 11, 2004) and February 25, 2005, 35 Pa.B. 1662 (March 12, 2005), the Pennsylvania Supreme Court created an administrative judicial unit referred to as the Pittsburgh Municipal Court and assigned all matters within the jurisdiction of the Pittsburgh Magistrates Court to the Pittsburgh Municipal Court. As a result of these orders, the Pittsburgh Magistrates Court is no longer staffed while the Pittsburgh Municipal Court is staffed by Allegheny County magisterial district judges assigned on a rotating basis. The terminology is retained in these rules because the Pittsburgh Magistrates Court, which is created by statute, has not been disestablished by the statute.

As the Pennsylvania Supreme Court stated in *Commonwealth v. McMullen*, 599 Pa. 435, 961 A.2d 842 (2008), legislative limitations on a court's power to sentence for contempt are unconstitutional. To the extent that 42 Pa.C.S. §§ 4137(c), 4138(c), and

4139(c) provide such limitations, they are suspended by Rule 1101 (Suspension of Acts of Assembly).

Rule 142. Procedures Governing Defaults in Payment of Fine Imposed as Punishment for Contempt.

(A) If a contemnor defaults on the payment of a fine imposed as punishment for contempt pursuant to [**42 Pa.C.S. §§ 4137(c), 4138(c), or 4139(c)**] **Rule 140(A)(1) and (B)(3)**, the issuing authority shall notify the contemnor in person or by first class mail that within 10 days of the date on the default notice the contemnor must either:

- (1) pay the amount due as ordered, or
 - (2) appear before the issuing authority to explain why the contemnor should not be imprisoned for nonpayment as provided by law,
- or a **bench** warrant for the contemnor's arrest shall be issued.

Comment

This rule provides the procedures governing defaults in the payment of fines imposed as punishment for contempt in proceedings before [**district justices**] **magisterial district judges**, Pittsburgh Magistrates Court judges, and Philadelphia Traffic Court judges. See [**42 Pa.C.S. §§ 4137(c), 4138(c), or 4139(c)**] **Rule 140(A)(1) and (B)(3).**

As used in this rule, "issuing authority" refers only to [**district justices**] **magisterial district judges**, Pittsburgh Magistrates Court judges, and Philadelphia Traffic Court judges when acting within the scope of their contempt powers. See 42 Pa.C.S. §§ 4137, 4138, and 4139.

By Orders dated November 29, 2004, 34 Pa.B. 6507 (December 11, 2004) and February 25, 2005, 35 Pa.B. 1662 (March 12, 2005), the Pennsylvania Supreme Court created an administrative judicial unit referred to as the Pittsburgh Municipal Court and assigned all matters within the jurisdiction of the

Pittsburgh Magistrates Court to the Pittsburgh Municipal Court. As a result of these orders, the Pittsburgh Magistrates Court is no longer staffed while the Pittsburgh Municipal Court is staffed by Allegheny County magisterial district judges assigned on a rotating basis. The terminology is retained in these rules because the Pittsburgh Magistrates Court, which is created by statute, has not been disestablished by the statute.

For contempt procedures generally, see Rule 140.

As the Pennsylvania Supreme Court stated in *Commonwealth v. McMullen*, 599 Pa. 435, 961 A.2d 842 (2008), legislative limitations on a court's power to sentence for contempt are unconstitutional. To the extent that 42 Pa.C.S. §§ 4137(c), 4138(c), and 4139(c) provide such limitations, they are suspended by Rule 1101 (Suspension of Acts of Assembly).

When a contemnor defaults on a payment of a fine, paragraph (A) requires the issuing authority to notify the contemnor of the default, and to provide the contemnor with an opportunity to either pay the amount due or appear within a 10-day period to explain why the contemnor should not be imprisoned for nonpayment. If the contemnor fails to pay or appear, the issuing authority must issue a bench warrant for the arrest of the contemnor.

CHAPTER 11. ABOLITIONS AND SUSPENSIONS

Rule 1101. Suspension of Acts of Assembly.

This rule provides for the suspension of the following Acts of Assembly:

* * * * *

(8) The Act of June 15, 1994, P. L. 273, No. 45, § 1, 42 Pa.C.S. §§ 4137, 4138, and 4139, that provides, *inter alia*, limitations on the punishment that may be imposed for contempt is suspended only insofar as the Act is inconsistent with the punishment limitations set forth in Rule 140. See *Commonwealth v. McMullen*, 599 Pa. 435, 961 A.2d 842 (2008) (legislative limitations on a court's power to sentence for contempt is unconstitutional).

REPORT

Proposed Amendments to Pa.Rs.Crim.P. 140, 141, 142, and 1101

Punishment for Contempt

On December 18, 2008, the Court issued the opinion in *Commonwealth v. McMullen*, 961 A.2d 842 (Pa. 2008), which held, *inter alia*, that the Legislature may not "create a form of indirect criminal contempt and restrict the court's ability to punish individuals who commit contempt of court," and therefore 42 Pa.C.S. § 4136(b), which provides that the punishment for the indirect criminal contempt addressed in the statute is limited to a fine not exceeding \$100 or imprisonment not exceeding 15 days and that the defendant is entitled to a jury trial, "unconstitutionally restricts the court's ability to punish for contempt." This case was brought to the Committee's attention because, although it addresses only the provisions of 42 Pa.C.S. § 4136(b) (indirect criminal contempt), 42 Pa.C.S. § 4137(c) also mandates the sentence that may be imposed for contempt before magisterial district judges.

Rules of Criminal Procedure 140 (Contempt Proceedings Before District Justices, Pittsburgh Magistrate Court Judges, and Philadelphia Traffic Court Judges.), 141 (Appeals from Contempt Adjudications by District Justices, Pittsburgh Magistrate Court Judges, and Philadel-

phia Traffic Court Judges.), 142 (Procedures Governing Defaults in Payment of Fine Imposed as Punishment for Contempt), that were adopted in 1997, implement 42 Pa.C.S. § 4137 providing the procedures for instituting the contempt proceedings, *etc.*, but do not address the punishment provisions in 42 Pa.C.S. § 4137(c).¹ The rules also reference 42 Pa.C.S. §§ 4138 and 4139, defining similar contempt powers for the Pittsburgh Magistrate's Court and Philadelphia Traffic Court, respectively.

The Committee studied the *McMullen* opinion and the statutes, as well as the history of Rules 140-142, and concluded that the holding in *McMullen* also applied to the statutory limitations imposed on the minor judiciary and therefore, the statutory limitations were unconstitutional. Although concluding the statutes are unconstitutional in so far as they set limitations on punishment, from the Committee's review of the statutory provisions, [also believed] the members concluded the statutory punishments are reasonable. The members also concluded that there should be some reasonable parameters for the exercise of the contempt power by the minor courts spelled out in the Criminal Rules, and agreed to incorporate the statutory punishments.

Rule 140 is the general rule for contempt procedures in the magisterial district courts, the Pittsburgh Magistrate's Court, and the Philadelphia Traffic Court. Rule 140 breaks the procedures down into two contempt categories, contempt committed in the presence of the court and contempt occurring outside of the presence of the court. Each contempt category and associated procedures are described separately. The Committee agreed the statutory punishment limitations would go in Rule 140. Thus, the statutory punishment limitations for contempt before the court would be enumerated in current paragraph (A)(1). The statutory punishment limitations for contempt occurring outside of the presence of the court would be enumerated in a new paragraph (B)(3).

One of the punishment limitations in 42 Pa.C.S. § 4137 applies to a violation of an order issued pursuant to 23 Pa.C.S. § 6110, the portion of the Protection from Abuse Act authorizing emergency protection from abuse orders to be issued by the minor judiciary. The Committee concluded that protection from abuse proceedings are unique and that any limitations on the rare circumstance under which the minor judiciary would adjudicate contempt under this statute are not appropriately addressed in a general Rule of Criminal Procedure. Therefore, the proposed amendments to Rule 140 would delete from paragraph (B)(2) the reference to 23 Pa.C.S. § 6110 and expand the existing Comment language that states "It is not intended to supplant the procedures set forth in 23 Pa.C.S. § 6113 concerning violations of protection from abuse orders" to include the entire Protection from Abuse Act, 23 Pa.C.S. § 6110 *et seq.*

Rule 140 presently contains one category of contempt for which the statutes do not provide any limitation on punishment. That category is described as a failure to "comply with an order of an issuing authority in any case in which the issuing authority is by statute given the power to find the person in contempt." The Committee noted that the only example of such a statute not covered by the existing punishment provisions was found in 42 Pa.C.S. § 1523 which, in summary cases before a magisterial district judge in which the defendant is a juvenile, permits the magisterial district judge to issue an order directing the parent or guardian of the juvenile to appear

at the summary hearing. Observing that a failure to obey the order to appear is the same as failing to obey a subpoena, the Committee agreed that this specific instance would be addressed by adding to the Rule 140 Comment that the rule's use of the phrase "failed to obey a subpoena issued by the issuing authority" included any other lawful process ordering the person to appear before an issuing authority.

Another revision to the Rule 140 Comment would be an explanation regarding the status of the Pittsburgh Magistrate's Court. Currently, the Pittsburgh Magistrate's Court is no longer staffed and its function has been taken over by the Pittsburgh Municipal Court that is staffed by magisterial district judges. However, since the Magistrate's Court has never been disestablished and theoretically could be re-staffed, the terminology is retained in the rules with an explanation in the Comments to Rules 140, 141, and 142.

Rule 141 provides procedures for appeal from contempt findings in the minor courts, and does not address any matters related to punishment limitations. There is a cross-reference to the statutes contained in the Rule 141 Comment but that refers primarily to stay provisions that already have been suspended. Therefore, only a general cross-reference to the suspension of the punishment limitations in Rule 1101 would be added to the Comment.

Rule 142 provides procedures for the handling of defaults in payment of fines imposed for contempt. The Rule 142 Comment currently cross-references the punishment provisions of the statutes. Conforming to the other changes, that cross-reference would be changed to refer to punishment provisions that would be added to Rule 140.

Finally, an amendment describing the suspensions of the statutory provisions, which would be limited solely to the punishment provisions of 42 Pa.C.S. § 4137(c), would be added to Rule 1101.

Proposed Amendments to Pa.Rs.Crim.P. 907, 908 and 909, and the Revision of the Comment to Pa.R.Crim.P. 910

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend Rules of Criminal Procedure 907—909 (relating to disposition without hearing; hearing; and procedures for petitions in death penalty cases: stays of execution of sentence; hearing; disposition), and approve the revision of the Comment to Rule of Criminal Procedure 910 (relating to appeal). The proposed changes clarify that a new notice of appeal has to be filed within 30 days of the order reinstating the direct appeal rights *nunc pro tunc*. The proposed changes also clarify the requirements for issuing and filing orders following a PCRA disposition. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Note that the Committee's Report should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed amendments to the Rules precedes the Report. Additions are shown in bold; deletions are in bold and brackets.

¹ At the time, the Committee believed that the scope of the punishment was substantive and therefore not subject for the Court's rule-making authority, and did not question the constitutionality of the punishment provisions of the statutes.

We request that interested persons submit suggestions, comments or objections concerning this proposal in writing to the Committee through counsel:

Second or subsequent petitions will not be entertained unless a strong *prima facie* showing is offered to demonstrate that a miscarriage of justice may have occurred. See *Commonwealth v. Szuchon*, 534 Pa. 483, 486, 633 A.2d 1098, 1099 ([Pa.] 1993) (citing *Commonwealth v. Lawson*, 519 Pa. 504, 549 A.2d 107 ([Pa.] 1988)). This standard is met if the petitioner can demonstrate either: (1) that the proceedings resulting in the petitioner's conviction were so unfair that a miscarriage of justice occurred which no civilized society can tolerate; or (2) that the petitioner is innocent of the crimes charged. See *Commonwealth v. Szuchon*, 534 Pa. 483, 487, 633 A.2d 1098, 1100 ([Pa.] 1993).

The 1997 amendment to paragraph (A)(1) requires a hearing on every Commonwealth motion to dismiss due to delay in the filing of a PCRA petition. See 42 Pa.C.S. § 9543(b), as amended in 1995.

Proposed Amendments to Pa.Rs.Crim.P. 907, 908, and 909, and the Revision of the Comment to Pa.R.Crim.P. 910

Time to File Appeal *Nunc Pro Tunc*

I. Introduction

The Committee is planning to propose to the Supreme Court revisions of the Comments to Rules of Criminal Procedure 907 (Disposition Without Hearing), 908 (Hearing), 909 (Procedures for Petitions in Death Penalty Cases: Stays of Execution of Sentence; Hearing; Disposition), and 910 (Appeal) that clarify that a new notice of appeal must be filed within 30 days of the order reinstat-

ing the defendant's direct appeal rights *nunc pro tunc*. The Committee also is proposing amendments to Rules of Criminal Procedure 907, 908, and 909 that clarify the procedures for the issuing and filing of orders in PCRA dispositions.

The Appellate Court Procedural Rules Committee noted from case law and anecdotal information from its members that apparently there is confusion about the procedures for proceeding with a direct appeal *nunc pro tunc*. Specifically, some defendants do not understand that they must file a new notice of appeal and that the time for filing is within 30 days of the order reinstating the direct appeal right. The Appellate Court Rules Committee asked the Criminal Procedural Rules Committee to consider clarifying this issue in the Criminal Rules when the reinstatement of appellate rights occurs in procedures under the Post Conviction Relief Act (PCRA).

The Committee reviewed the rules in Chapter 9 (Post-Conviction Collateral Relief Proceedings), noting that Rules 907, 908, and 909 require the judge to advise the defendant of his or her appeal rights following the disposition the PCRA petition. The members initially thought the rules already provide adequate notice even for the reinstated appeal case following the granting of a PCRA petition. After further consideration, because there is confusion in practice, the members agreed something should be said in the rules. However, because this clarification would be how to handle a particular type of case—appeals *nunc pro tunc*—that already is covered generally in the rule requirements that the judge advise the defendant of his or her right to appeal, the clarification should be in the Comments to the rules. Accordingly, the Comments to Rules 907, 908, and 909 would be revised to emphasize that, when appellate rights have been reinstated, the PCRA judge must advise the defendant that a new notice of appeal is required to be filed within 30 days of the order reinstating the direct appeal rights *nunc pro tunc*. In addition, because Rule 910 addresses appeals following a PCRA disposition, a comparable provision would be added to the Rule 910 Comment.

During the Committee's examination of Rules 907, 908, and 909, several members opined that the provisions concerning the issuing of orders following the disposition of a petition are incomplete because the rules do not explicitly require an order when the petition is granted nor do the rules require the orders be filed. The Committee agreed the rules should be amended to clarify the procedures governing the issuing and filing of orders in PCRA cases to ensure there is no confusion about these procedures.

II. Discussion of Proposed Rule Changes

Rule 907

Rule 907 sets forth the procedures for the disposition of a PCRA petition without a hearing. Paragraph (4) requires a judge to issue an order when the petition is dismissed. The Committee is proposing the paragraph be amended to include the requirement that the judge act promptly and that the order be filed and served as provided in Rule 114. A new paragraph (5) would be added to set forth the procedures when a petition is granted. This new paragraph conforms with the provisions in Rule 908(D)(2) with regard to issuing supplementary orders appropriate to the disposition of the cases.

The Comment includes the new language emphasizing the judge's responsibility to advise the defendant to file a new notice of appeal when the disposition is the reinstatement of the defendant's appellate rights and that the

notice of appeal must be filed within 30 days of the order reinstating the appellate rights. Similar language is being included in the Comments to Rules 908 and 909.

In addition, an explanatory paragraph is added concerning the obligation of the clerk of courts to comply with the requirements for Rule 114 comparable to the paragraph in the Rule 909 Comment.

Rule 908

Rule 908 sets forth the procedures for the hearing on a PCRA petition. Paragraph (D) addresses what is to occur at the conclusion of the hearing. The Committee is proposing that the paragraph be restructured and amended to more clearly enumerate the judge's responsibilities at the conclusion of the hearing. Current paragraph (D)(1) would be moved into paragraph (D) to read:

Upon the conclusion of the hearing, the judge shall determine all material issues raised by the defendant's petition and the Commonwealth's answer, or by the Commonwealth's motion to dismiss, if any.

Current paragraph (D)(2) would be reorganized into two subparagraphs. New paragraph (D)(1) would provide the procedures when the judge dismisses the petition and new paragraph (D)(2) would provide the procedures when the judge grants the petition. In both situations, the judge is required to act promptly and the order must be filed and served as provided in Rule 114.

The Committee also is proposing some clarifying amendments to paragraph (E). Paragraph (E) permits the judge to announce the decision in open court or to take the matter under advisement. The proposed amendments emphasize the difference in the method of providing notice to the defendant of the appellate rights (1) when the decision is announced in open court with the defendant present and (2) when the defendant is not present, or when the matter is taken under advisement.

Rule 909

Rule 909 governs procedures specifically related to death penalty cases. Paragraph (B)(2)(c) sets forth the actions the judge must take following giving notice of an intention to dismiss the petition. The Committee is proposing a few housekeeping amendments and the addition of the requirement that the judge's order be filed and served as provided in Rule 114.

Rule 910

Rule 910 provides that the orders under the PCRA rules granting, denying, dismissing, or otherwise finally disposing of the PCRA petition is a final order for purposes of appeal. The only change being proposed for Rule 910 is the addition to the Comment of the provision clarifying that when the disposition is the reinstatement of the defendant's appellate rights, the new notice of appeal must be filed within 30 days of the order.

Comment

In any case in which there are summary offenses joined with the misdemeanor charges that are the subject of the appeal, the attorney for the Commonwealth must include the summary offenses in the information. *See Commonwealth v. Speller*, 311 Pa. Super. 569, 458 A.2d 198 (1983).

See Rule 1001(A) for the definition of "Municipal Court case."

Paragraph (B) makes it clear that the Common Pleas Court judge may dismiss an appeal when the judge determines that the defendant is absent without cause from the trial *de novo*. If the appeal is dismissed, the Common Pleas Court judge should enter judgment and order execution of any sentence imposed by the Municipal Court judge.

Once sentence is imposed, paragraph (F) makes it clear that the case is to remain in the Court of

Common Pleas for execution of the sentence and collection of any costs, and the case may not be returned to the Municipal Court judge. The execution of sentence includes the collection of any fines and restitution and any proceedings for violation of probation, intermediate punishment, or parole as provided by Rule 708.

REPORT

Proposed Amendments to Pa.R.Crim.P. 1010

Appeals for Trial *De Novo* in Philadelphia

I. Introduction

The Committee is planning to propose to the Supreme Court amendments to Rule of Criminal Procedure 1010 (Procedure for Appeals) that would conform the procedures for appeals for trials *de novo* in Philadelphia to the statewide procedures for appeals for trials *de novo*. The Committee undertook a review of the procedures for trials *de novo* in Philadelphia after receiving communications from the legal staff of the Administrative Office of Pennsylvania Courts (AOPC) suggesting that, because there are no rules setting forth the procedures for appealing for a trial *de novo* from Philadelphia Municipal Court to the Philadelphia Common Pleas Court, there is little uniformity in how these appeals for a trial *de novo* are handled.

The Municipal Court handles both non-traffic summary cases and all misdemeanor cases. Appeals from the disposition of the non-traffic summary and misdemeanor cases in the Municipal Court are to the Court of Common Pleas for a trial *de novo*.¹ Rule 1010 (Procedure on Appeal) only addresses the filing of an information by the Commonwealth after receiving the notice of appeal. The procedures for conducting appeals for trials *de novo* in the other judicial districts are limited to appeals from both

traffic and non-traffic summary cases and are governed by Rule 462 (Trial *De Novo*).²

The Committee reviewed the statewide procedures for the trial *de novo* set forth in Rule 462, and agreed, for the most part, these procedures should be adapted to govern the trial *de novo* in Philadelphia. The members recognized that some of the statewide procedures would have to be modified for the appeals in misdemeanor cases. For example, Rule 1010 already requires that an information be filed after a notice of appeal is filed in a misdemeanor case, and this requirement has been incorporated into the proposed amendments. Unless specifically provided otherwise in the Rule 1010, the procedures are the same for the non-summary traffic appeals and the appeals in misdemeanor cases.

II. Discussion of Proposed Rule 1010 Amendments

Paragraph (A)(1) is identical to Rule 462(A) and provides that, in non-traffic summary cases, the case is to be heard *de novo* by a common pleas court judge sitting without a jury. Paragraph (A)(2) addresses misdemeanor cases, and incorporates the current language from Rule 1010 requiring the preparation of the information by the attorney for the Commonwealth. In addition, the case is to be treated in the same manner as any other court case.

Paragraph (B) is identical to Rule 462(D) and permits the Common Pleas Court judge to dismiss the appeal if the defendant fails to appear for the trial *de novo*. The Comment explains that the judge may dismiss the appeal if the judge determines that the defendant is absent without cause. If the judge does dismiss the appeal in this circumstance, the rule requires the judge to enter judgment in the Court of Common Pleas on the judgment of the Municipal Court judge.

Paragraph (C)(1) is identical to Rule 462(E) permitting the withdraw of an appeal in a non-traffic summary case, and requiring the Common Pleas Court judge to enter judgment in the Common Pleas Court on the judgment of the Municipal Court judge. Paragraph (C)(2) permits a defendant to withdraw an appeal in a misdemeanor case, but only with the written consent of the attorney for the Commonwealth. The Committee added this requirement because, for example, in the misdemeanor cases, the attorney for the Commonwealth will have to move the court to *nolle prosequi* the informations.

Paragraph (D) is taken from Rule 462(F). The paragraph requires the Common Pleas Court judge at the conclusion of the trial to announce the verdict and sentence, if any, in open court.

Paragraph (E) is identical to Rule 462(G). The paragraph sets forth the Common Pleas Court judge's responsibilities at the time of sentencing, including issuing a written order imposing the sentence. The judge also must state the date on which payment of any fines, costs, and restitution must be paid, and may provide for payment in installment. Finally, the judge is required to advise the defendant of his or her appeal rights.

Paragraph (F) incorporates the provisions of Rule 462(H) requiring the case to remain in the Common Pleas Court for the execution of sentence. In addition, to accommodate the misdemeanor cases, paragraph (F) provides that the case would remain in Common Pleas Court for any proceedings for violation of probation, intermediate punishment, or parole pursuant to Rule 708.

[Pa.B. Doc. No. 10-1320. Filed for public inspection July 23, 2010, 9:00 a.m.]

¹ Pursuant to Article V, Section 26 of the Constitution, the parties may petition for a writ of certiorari (only in misdemeanor cases) or may appeal for a trial *de novo*.

² In Philadelphia, the procedures for appeals in traffic summary cases are governed by Rule 1037.

STATE BOARD OF VETERINARY MEDICINE

[49 PA. CODE CH. 31]

License Renewal; Continuing Education

The State Board of Veterinary Medicine (Board) proposes to amend §§ 31.11, 31.13, 31.15, 31.16, 31.40 and 31.41 and to rescind § 31.12 (relating to temporary permits) to read as set forth in Annex A. The proposed rulemaking updates the Board's regulations with regard to original licensure, temporary permits, license renewal and continuing education.

Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

Section 8 of the Veterinary Medicine Practice Act (act) (63 P. S. § 485.8) authorizes the Board to determine the educational requirements for licensure. Section 18 of the act (63 P. S. § 485.18) authorizes the Board to approve continuing education programs and to promulgate standards to ensure that the programs meet the educational and professional requirements of the profession and are designed to keep the members of the profession abreast of current learning and scholarship. Section 5(2) of the act (63 P. S. § 485.5(2)) authorizes the Board to promulgate regulations to effectuate the act. Section 11 of the act (63 P. S. § 485.11) authorizes the Board to promulgate regulations regarding the practice of veterinary technicians.

Background and Need for Proposed Rulemaking

Prior to this proposed rulemaking, the American Veterinary Medical Association (AVMA) Educational Commission for Foreign Veterinary Graduates (ECFVG) certification program was the only path by which a graduate of a school of veterinary medicine that was not accredited by the AVMA could obtain licensure in this Commonwealth. Over the past decade, the American Association of Veterinary State Boards (AAVSB) developed the Program for the Assessment of Veterinary Education Equivalence (PAVE) certification program. The AAVSB presented information to the Board regarding the program, which has approved over 400 candidates and is now accepted in 29 jurisdictions states, including New York and Virginia. The Board determined that both the PAVE and ECFVG certification programs assess educational equivalency in the public interest. In 2008, the Board voted to accept applications from individuals certified through PAVE. The Board's proposal now conforms the regulations to the Board's practice.

The Board also proposes to delete references to the National Board Examination and Clinical Competency Test, which have not been used for initial licensure in North America for well over 5 years.

The proposed rulemaking also deletes provisions and fees regarding temporary permits because these provisions are outdated. As described in section 10 of the act (53 P. S. § 485.10), temporary permits were designed to permit graduates of approved schools to practice while awaiting the next administration of the licensing examination and the announcement of scores from the licensing examination. For at least 10 years, veterinary students have been taking the licensing examination prior to graduation from veterinary school. Applicants for licensure by reciprocity can have their licensure applications processed as quickly as they can have an application for a temporary permit processed. Therefore, there is no longer a need for temporary permits.

The proposed rulemaking updates the Board's regulations regarding license renewal by more clearly delineating between licensees who continue to practice while their licenses are lapsed, in violation of the act, and individuals who do not practice while their licenses are lapsed.

The proposed rulemaking also updates the Board's continuing education provisions to recognize the Department of Veterinary and Biomedical Sciences (Department), College of Agricultural Sciences, Pennsylvania State University as a preapproved provider of veterinary medical continuing education. The Department requested approval of its courses on an annual basis for many years and the Board always approved the Department. After reviewing the information provided by the Department, the Board determined that the courses are of consistently high educational quality and advance the knowledge of licensees in the practice of veterinary medicine and should, therefore, be granted preapproved status. Finally, the Board proposes additional requirements on preapproved providers of continuing education consistent with National trends.

The proposed rulemaking requires licensees attending veterinary medical conferences at which multiple continuing education courses are offered to use some method to verify their attendance at individual courses. The large National veterinary medical conferences use a system

whereby the attendees register for particular courses online and schedules are printed. In addition, most of the conferences provide a log sheet for the attendees to write in the names of the courses they attended. One conference provides swipe cards that attendees use when they enter and leave individual courses and a computer-generated log is generated documenting the sessions attended.

The proposed rulemaking also adds a new fee for a duplicate license. Veterinarians are required to display an original license issued by the Board at their practice location. Veterinarians who practice in more than one facility shall obtain a duplicate license from the Board. The Boards and commissions within the Bureau of Professional and Occupational Affairs charge \$5 for a duplicate license; however, the Board never put this fee into its regulatory schedule of fees. To inform licensees of the fee, the Board proposes to add the fee. While certified veterinary technicians are not required to display their original license at their practice locations, certified veterinary technicians or veterinarians may need duplicate licenses if their licenses are lost or destroyed. Therefore, the Board proposes to include the duplicate license fee for both veterinarians and certified veterinary technicians.

Description of Proposed Amendments

The Board proposes to amend § 31.11(b)(1) (relating to application for licensure) to permit applicants who graduated from schools not accredited by the AVMA to demonstrate equivalent education through either the AVMA (ECFVG) or AAVSB (PAVE) equivalency evaluation process.

The Board proposes to amend § 31.11(b)(2) to delete references to the National Board Examination and Clinical Competency Test, examinations that have not been administered in well over 5 years.

The Board proposes to rescind § 31.12 because veterinary students currently take the licensure examination prior to completing veterinary school and applicants for licensure by reciprocity do not need temporary permits because the processing time for a license and a permit is the same.

In addition, the Board proposes to amend § 31.13 (relating to licensure renewal) to require licensees to report disciplinary actions by another state veterinary licensing board or other authority that authorizes a veterinarian to practice. This provision is necessary to ensure that the Board is made aware of disciplinary action by state racing commissions or the United States Department of Agriculture. In addition, the Board proposes to require veterinarians to report criminal convictions to the Board. The Board proposes to amend § 31.13(c) and (d) to more clearly distinguish the requirements and penalties associated with license renewal between licensees who practiced on an expired license in violation of the act and those who ceased practicing upon expiration of their licenses.

The Board proposes to amend §§ 31.16(a) and 31.40(a) (relating to continuing education provider approval), which list those continuing education providers who are preapproved by the Board to offer courses to licensed veterinarians and to certified veterinary technicians, by adding a paragraph to include the Department.

The Board proposes to amend § 31.16(c) to require providers of continuing education to provide attendees with some method to verify their attendance at individual continuing education courses. The large National conferences have already developed some method of documenting attendance at individual courses.

Finally, the Board proposes to amend § 31.41 (relating to schedule of fees) to delete the fee for temporary permits and include the fee for duplicate licenses.

Fiscal Impact and Paperwork Requirements

The proposed rulemaking should not have financial impact on licensees, the Board or any other Commonwealth entity. The proposed rulemaking will not have fiscal impact on the public. The proposed rulemaking will permanently relieve the Department from having to apply to the Board for approval of a continuing education course to be offered by them.

The proposed amendment requiring providers of continuing education offering multiple courses to provide a mechanism for tracking individual's attendance at particular courses may cause the providers to incur additional expenses and paperwork. However, the large, National meetings already provide either an online, written or electronic tracking sheet to attendees. Therefore, there should not be fiscal impact or additional paperwork requirements.

Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on July 14, 2010, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, recommendations or objections regarding this proposed rulemaking to Michelle Roberts, Board Administrator, State Board of Veterinary Medicine, P. O. Box 2649, Harrisburg, PA 17105-2649, www.dos.state.pa.us/vet within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of August 2010

The Department of Banking (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of August, 2010, is 6%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and

which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 3.58 to which was added 2.50 percentage points for a total of 6.08 that by law is rounded off to the nearest quarter at 6%.

Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Sections 302—305 of the Land Recycling and Environ-
 mental Remediation Standards Act (act) require the
 Department of Environmental Protection (Department) to
 publish in the *Pennsylvania Bulletin* an acknowledgment
 noting receipt of Notices of Intent to Remediate. An
 acknowledgment of the receipt of a Notice of Intent to
 Remediate is used to identify a site where a person
 proposes to, or has been required to, respond to a release
 of a regulated substance at a site. Persons intending to
 use the Background Standard, Statewide Health Stan-
 dard, the Site-Specific Standard or who intend to remedi-
 ate a site as a special industrial area must file a Notice of
 Intent to Remediate with the Department. A Notice of
 Intent to Remediate filed with the Department provides a
 brief description of the location of the site, a list of known
 or suspected contaminants at the site, the proposed
 remediation measures for the site and a description of the
 intended future use of the site. A person who demon-
 strates attainment of one, a combination of the cleanup
 standards or who receives approval of a special industrial
 area remediation identified under the act will be relieved
 of further liability for the remediation of the site for any
 contamination identified in reports submitted to and
 approved by the Department. Furthermore, the person
 shall not be subject to citizen suits or other contribution
 actions brought by responsible persons not participating
 in the remediation.

 there is a 30-day public and municipal comment period
 for sites proposed for remediation using a Site-Specific
 Standard, in whole or in part, and for sites remediated as
 a special industrial area. This period begins when a
 summary of the Notice of Intent to Remediate is pub-
 lished in a newspaper of general circulation in the area of
 the site. For the sites identified, proposed for remediation
 to a Site-Specific Standard or as a special industrial area,
 the municipality within which the site is located may
 request to be involved in the development of the remedia-
 tion and reuse plans for the site if the request is made
 within 30 days of the date specified. During this comment
 period, the municipality may request that the person
 identified as the remediator of the site develop and

implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. AIR QUALITY
PLAN APPROVAL AND OPERATING
PERMIT APPLICATIONS
NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a

particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated above each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit descrip-

tion below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding Concerning Water Quality Management, NPDES Program Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on an NPDES permit application should submit a statement to the Department at the address of the district mining office indicated previously each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. In the case where a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

The goal of this project is to restore the natural ecological potential of aquatic resources that are impaired by legacy sediment erosion and storage in a portion of the Big Spring Run (WWF) watershed. Big Spring Run is a tributary to Mill Creek that is located within the Conestoga River watershed and tributary to the Susquehanna River. Big Spring Run is a Clean Water Act 303(d) listed stream with aquatic life impairments attributed to excessive nutrients and siltation. Design features include interrelated considerations of stream stability, sediment supply, nutrient removal efficiency, aquatic habitats, and other ecological functions and values that are representative of the natural physical, chemical and biological characteristics and potential at this site. Proposed water obstructions and encroachments include channel relocations, in-stream grade control and habitat enhancement structures, and excavation of legacy sediment adjacent to Big Spring Run and its tributaries. The proposed project will result in approximately 3,550 linear feet of stream channel restoration and approximately 5 acres of wetland restoration. The project is located adja-

cent to SR 222 and Gypsy Hill Road in West Lampeter Township, **Lancaster County**.

Erosion and Sediment Control

The following parties have applied for an Erosion and Sediment Control Permit (ESCP) for an earth disturbance activity associated with either a road maintenance or timber harvesting operation.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office listed previously the application within 30 days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager

will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1-800-654-5984.

Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. HAZARDOUS SITES CLEANUP PROGRAM

Notice of Proposed Response

Currie Landfill Site Millcreek Township, Erie County

This notice of Proposed Response is being issued by the Department of Environmental Protection (Department) to describe the proposed remedial response action at the Currie Landfill Site (site), under section 506 of the Hazardous Sites Cleanup Act (HSCA), 35 P. S. § 6020.506.

The site is located in Millcreek Township, Erie County, PA. The site is bordered to the north by West 15th Street, to the east by Pittsburgh Avenue, to the northwest by Sellinger Avenue and to the south by Conrail railroad tracks. The site consists of three parcels of land, two currently owned by the Erie Drive-In Theater Corporation, referred to as parcels A and B; and one owned by UPS Freight, referred to as parcel C. The area that will be part of the remedial response will include the entirety of parcels A and B, and also include the northwest corner of parcel C.

The site consists of a historical municipal and industrial waste landfill comprised of a 6 to 12 foot thick heterogeneous mixture of waste and soil. The West Branch of Cascade Creek flows southwest to northeast through a portion of the site. UPS Freight currently operates a facility on a portion of their property, overlaying waste and east of the West Branch of Cascade Creek. The undeveloped landfill portion of the site is heavily vegetated with waste at its surface.

Past investigations show that the following hazardous substances have contaminated the site, primarily tetrachloroethene (PCE), trichloroethene (TCE) and 1,2-dichloroethene (1,2-DCE), vinyl chloride, lead and cadmium. The presence of hazardous substances in wastes, soils, surface water and groundwater at the site constituted a "release" and "threatened release" at the site under section 103 of the HSCA, 35 P. S. § 6020.103.

The threat of release of hazardous substances to public health and safety and to the environment exists for the contaminants found on site. TCE is the primary chemical found which poses the highest threat. It is found in the groundwater, surface water and sediments on site. Other chemicals which have the potential to cause harm to the public or the environment include PCE, 1,2-DCE, vinyl chloride, lead and cadmium. Vinyl chloride is a known human carcinogen. Lead, cadmium and 1,2-DCE are probable human carcinogens and PCE and TCE are classified as suspected human carcinogens, but given the right conditions will break down into vinyl chloride.

The concentrations of these hazardous substances at the site pose an unacceptable risk to human health and the environment. To reduce or eliminate the threat to human health and the environment from the contaminated soils, surface water, sediments and groundwater, the Department proposes that a remedial response action be conducted at the site.

The Department considered the following three remedial response action alternatives for the site and compared them using the evaluation criteria discussed as follows.

Section 106 of the Land Recycling and Environmental Remediation Standards Act (Land Recycling Act), Act of May 19, 1995, 35 P. S. §§ 6026.101—6026.909, requires that the cleanup standards established under the Land Recycling Act be used for any remedial response action conducted under the provisions of HSCA.

Additionally, the Department has considered the following factors in evaluating alternative remedial response actions for the site: long-term risks and effectiveness; reduction of toxicity, mobility or volume of hazardous substances; short-term effectiveness; implementability; cost; and cost-benefit analysis. These evaluation criteria are derived from section 304(j) of the Land Recycling Act.

Finally, in addition to the evaluation criteria in section 304(j) of the Land Recycling Act, the Department also has considered two other evaluation criteria: the ability of a response to meet applicable or relevant and appropriate requirements (ARARs) and public acceptance of the proposed response. Section 504(a) of HSCA requires that final remedial response actions under HSCA shall meet all ARARs under the circumstances presented by the release. In addition, section 506 of HSCA requires the Department to solicit and respond to public comments regarding proposed responses.

Alternative 1. No Action

The "no action" alternative provides a baseline for comparison to other alternatives. Since no action would be implemented, any present or future risks to human health, safety or the environment would remain unchanged.

This alternative would not comply with or address the requirements of the Land Recycling Act and other ARARs. This alternative would not provide any effective and permanent response to protect the public and environmental receptors from direct contact with site related contaminants, or reduce or eliminate the ongoing release and threat of release of hazardous substances into the environment. This alternative would be easily implemented and would have no cost.

Alternative 2. Excavation and Offsite Disposal of Landfill Waste

The total amount of landfill waste present on the site is estimated to be 260,000 cubic yards, including up to 12 feet of waste in certain areas. This alternative would remove the waste and dispose of it offsite at a hazardous waste landfill. Clean fill material would be brought in from offsite in quantities comparable to the waste excavated. The stream banks of the West Branch of Cascade Creek would be restored and a stormwater detention basin would be constructed. After the site has been restored with clean fill it could be redeveloped for various uses.

This alternative would remove the source of contaminants onsite, which would comply with Land Recycling Act requirements for soil, and could potentially meet Land Recycling Act requirements for groundwater, surface water and sediments. This alternative would also meet most if not all other ARARs including NPDES regulations, wetland and encroachment regulations, the storm water management act, and erosion and sediment control regulations. Due to the high volume of waste that would be excavated, the cost to dispose of the waste at a hazardous waste landfill, the large volume of clean fill needed to reclaim the site, and the high cost of transporting the waste and fill material, this alternative is not cost effective. Current cost estimate for this alternative is approximately \$26,600,000.

Alternative 3. Consolidation and Capping of Landfill Waste in Place

Alternative 3 will consolidate the landfill waste and place a two foot soil cap over the waste. This alternative will remove the waste from parcel A and a portion of parcel C to be incorporated with the waste in parcel B. A two foot soil cap would be placed over parcel B. Parcel A will be covered with clean fill followed by course aggregate for future land development opportunities. The northeastern area of the undeveloped landfill will serve as the constructed wetland stormwater detention basin. Waste will be removed from the stream banks and will be restored with a 25' riparian buffer. The waste and soil cap will be graded to a final slope of 1% crowned from the center of parcel B to the north and south into collection channels that will drain into the stormwater detention basin. Parcel A will slope 1% to the south and drain into the storm water detention basin. Parcel A will be an impervious surface and parcel B will have a vegetative cover. Operations and maintenance will be required by the landowners to maintain the landfill cap and to ensure the wetland stormwater detention pond operates properly.

Based on an analysis using the previous criteria, and under section 505(a) of HSCA, the Department proposes to implement remedial Alternative 3. This Alternative would protect public health and the environment; comply with ARARs; and be feasible, implementable and be cost effective.

The administrative record will be open for comment from July 24, 2010, until October 22, 2010. Persons may submit written comments into the record during this time only, by sending them to Chris Saber, Project Manager, at the Department's Northwest Regional Office or by delivering them to the office in person.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresiden-

tial exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Proposed Variance from the Volatile Organic Compound Emission Standards for Consumer Products; Reckitt Benckiser Variance Application for Air Wick® Freshmatic® Single-Phase Aerosol Air Freshener; Public Hearings

Reckitt Benckiser (Reckitt) has submitted a variance application, dated June 16, 2010, to the Department of Environmental Protection (Department) for a variance from the volatile organic compound (VOC) limits in 25 Pa. Code § 130.211 (relating to table of standards) for single-phase aerosol air fresheners. The application was submitted in accordance with 25 Pa. Code § 130.411 (relating to application for variance). The application must address the specific grounds upon which the variance is sought, the proposed date by which compliance with 25 Pa. Code § 130.211 will be achieved and a compliance report detailing the methods by which compliance will be achieved. The Department will not grant a variance unless the applicant demonstrates in writing to the Department's satisfaction that:

(1) Because of reasons beyond the reasonable control of the applicant, requiring compliance with 25 Pa. Code § 130.211 would result in extraordinary economic hardship.

(2) The public interest in mitigating the extraordinary hardship to the applicant by issuing the variance outweighs the public interest in avoiding increased emissions of air contaminants that would result from issuing the variance.

(3) The compliance program proposed by the applicant can reasonably be implemented and will achieve compliance as expeditiously as possible.

Reckitt states in its application that it is temporarily unable to comply with the VOC content limit (30% by weight) specified in 25 Pa. Code § 130.211 for its Air Wick® Freshmatic™ (AWF) air freshener product because ExxonMobil has ceased supplying consumer product manufacturers with diluent Isopar™ due to the urgent need for dispersants to fight the Deepwater Horizon oil spill in the Gulf of Mexico. Reckitt stated that, due to market demands, it is unable to suspend distribution of AWF products while it develops and implements an alternative formulation without incurring extraordinary hardship. Reckitt has requested a variance to allow the manufacture and distribution of the Canadian formulation of AWF, which exceeds 30% VOC by weight, until the earliest of: (1) the completion of an alternate formulation

of AWF that meets the 30% VOC emission standard, including the time necessary to qualify the alternate formulation and secure a reliable supply; (2) the resumption of supply and distribution of Isopar™ in sufficient quantities to meet Reckitt's production needs; or (3) December 31, 2010. Reckitt stated it intends to provide regular status reports to inform the Department of how much of the higher VOC Canadian formula has been shipped to this Commonwealth and when one of the first two deadlines is likely to be triggered. Reckitt provided an estimate that distribution of the Canadian formula of AWF would result in approximately 14.1 tons of excess VOC per month in this Commonwealth beyond the regulatory limit, based on normal historic sales volumes.

Availability of Documents

Reckitt's application for variance and the Department's proposed Variance Order are available from Ronald Gray, Acting Chief, Division of Compliance and Enforcement, Bureau of Air Quality, P. O. Box 8468, Harrisburg, PA 17105-8468, rongray@state.pa.us. Reckitt's application for variance and the Department's proposed Variance Order are also available on the Department's web site: www.depweb.state.pa.us (Subjects, Air Quality, Regs/Plans, Clean Air Plans).

Public Hearings

In accordance with 25 Pa. Code § 130.471 (relating to public hearings), the Department will hold three public hearings to take public comment on the application for a variance and the proposed issuance of a variance order. Specifically, the Department is seeking comment on the following:

- (1) Whether a variance from the requirements in 25 Pa. Code § 130.211 is necessary.
- (2) Under what conditions a variance from the requirements in 25 Pa. Code § 130.211 is necessary.
- (3) To what extent a variance from the requirements in 25 Pa. Code § 130.211 is necessary.

The public hearings will begin at 1 p.m. as follows:

August 24, 2010	Northwest Regional Office 1st Floor Conference Room B 230 Chestnut Street Meadville, PA 16335
August 25, 2010	Southcentral Regional Office Susquehanna River Conference Room A 909 Elmerton Avenue Harrisburg, PA 17110
August 26, 2010	Southeast Regional Office Schuylkill River Conference Room 2 East Main Street Norristown, PA 19401

Persons wishing to present testimony at a hearing should reserve a time by contacting Sharon Horne, P. O. Box 8468, Harrisburg, PA 17105-8468, (717) 787-9257, shorne@state.pa.us. DEPARTMENT OF TRANSPORTATION

Finding Westmoreland County

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 575(b)), the Director of the Bureau of Design makes the following written finding:

The Department of Transportation is planning to construct Irwin Streetscape Project in Irwin Borough, Westmoreland County.

Information describing the project, with the associated environmental analysis, is contained in the Environmental Document, Section 2002 Evaluation that was prepared for this project. The project will require replacement of

the existing sign at the entrance to the Irwin Park, which is open for use by public from dusk to dawn and qualifies as a Section 2002 resource.

Based upon studies, there is no prudent and feasible alternative to the proposed action for maintaining conformity with the theme of Irwin Streetscape Project.

The environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929 have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize the effects.

Initial Decision

Before
David A. Salapa
Administrative Law Judge

History of the Proceeding

This decision grants the motion to dismiss the complaint that Anthony Jiles (Complainant) filed with the Pennsylvania Public Utility Commission (Commission) on December 23, 2008 against Global Tel*Link Corporation (Respondent). A complete procedural history of this case is set forth in Administrative Law Judge (ALJ) Louis G. Cocheres' Prehearing Order No. 1, dated June 25, 2009.

On December 23, 2008, the Complainant filed a formal complaint with the Commission against the Respondent. The Complainant alleged: 1) that the Respondent was violating the Telecommunications Act of 1996 and the Public Utility Code; 2) that the Respondent was violating fair trade practices; 3) that the Respondent was violating the Clayton Act; 4) that the Respondent was violating Anti-Kickback Laws; 5) that the Respondent was in violation of forced monopolized purchases; 6) that the Complainant and his family were being deprived by the Respondent of their constitutional right to equal protection; 7) that the Respondent charged higher telephone rates than rates charged to the public; 8) that, when the Complainant bought prepaid phone time, he was paying double taxes; 9) that, by virtue of the Respondent's contract with the Department of Corrections (DOC), the Respondent had a monopoly on providing prisoner telephone service in violation of the Telecommunications Act of 1996 and the Public Utility Code; 10) that the rates charged to the inmates exceeded the cost of providing adequate service; 11) that the DOC received a \$3.00 kickback from the cost of the calls; 12) that the kickback was an incentive to interrupt or cut off the calls and forced the inmate to call again and to incur another surcharge; 13) that the Complainant's family and friends were consumers; 14) that the Respondent, as the sole provider of inmate long distance and local phone service, was violating the Telecommunications Act of 1996 and the Pennsylvania Unfair Trade Practices and Consumer Protection Law; 15) that the contract between the Respondent and the DOC violated federal and state law because inmates and their friends and family could only use the Respondent to communicate; 16) that the Respondent refuses to reimburse the Complainant for disconnected or interrupted calls; 17) that the Respondent does not improve the system in response to his complaints; 18) that the Respondent's system played messages which interrupted the calls and prevented conversations; 19) that inmate calls were wrongly disconnected which caused the inmate to place the calls again; 20) that the Complainant's friends and family suffered losses due to being unable to use any other long distance carrier and having calls interrupted or disconnected; and 21) that friends and family who were not able to use any other long distance provider experienced forced monopolized purchases. For relief, the Complainant requested: 1) that other long distance providers be allowed to offer competitive long distance service to his friends and family; 2) that the Complainant be reimbursed for disconnected and/or interrupted calls made after August 2007; and 3) that future rates be regulated by the Commission and made lower than present rates.

On January 20, 2009, the Respondent filed an answer to the complaint and preliminary objections. The answer denied the allegations set forth in the complaint and asserted that the Commission lacked subject matter

jurisdiction over many of the issues raised in the complaint. The preliminary objections alleged: 1) that the claims about the Equal Protection Clause, lack of competitive alternatives and monitoring and/or interruption of calls failed to state a claim upon which relief could be granted; 2) that the Complainant (as a non-attorney) was not permitted to represent anyone except himself; 3) that the Commonwealth Court of Pennsylvania had already rejected assertions that a lack of competitive alternatives for inmates violated Federal or State law; 4) that the Commission lacked the jurisdiction to interpret the contract between DOC and the Respondent; 5) that the Commission lacked the jurisdiction to fix rates for interexchange competitive carrier inmate services; 6) that the Respondent was a certificated interexchange carrier; 7) that expedient resolution of the objections was in the public interest; and 8) that requiring hearings would result in the unnecessary expenditure of time and resources of the Commission, DOC and the Respondent. The Respondent requested that the Commission dismiss the complaint based on the Complainant's failure to state a cause of action and lack of subject matter jurisdiction.

On February 2, 2009, the Complainant filed a response to the Respondent's preliminary objections, along with several other documents. The responses to the Respondent's preliminary objections denied the assertions in the preliminary objections and renewed the Complainant's requests for relief.

On May 22, 2009, the Respondent filed a motion to compel answers to interrogatories pursuant to 52 Pa. Code § 5.342(g). Attached to the motion to compel is a copy of the interrogatories. The interrogatories request that the Complainant provide the date, time and number called of all the calls he alleges were improperly disconnected, why the Complainant believes the calls were improperly disconnected and the refund the Complainant is seeking for each disconnected call. The interrogatories also request that the Complainant identify all the documents and witnesses he plans to call at hearing.

The motion alleged: 1) that the Respondent's interrogatories were within the scope of permissible discovery; 2) that responses were due on May 18, 2009; 3) that neither objections nor responses had been served; 4) that the interrogatories were all directed to the Complainant's allegations of inadequate service; 5) that the Complainant's allegations of inadequate service were insufficient to enable the Respondent to prepare for the hearing; 6) that researching the Complainant's call records starting in August 2007 was an unreasonable burden; 7) that the Respondent's interrogatories were not promulgated in bad faith and did not cause an unreasonable burden to the Complainant; 8) that the Complainant should not be permitted to use his complaint to force the Respondent to research its records in order to understand his allegations; and 9) that the Complainant should be able to produce facts to substantiate his allegations. The Respondent requested that the Commission order the Complainant to respond to the Respondent's interrogatories.

On June 25, 2009, ALJ Cocheres issued Prehearing Order No. 1. In his Prehearing Order No. 1, ALJ Cocheres sustained most of the Respondent's preliminary objections. However, Prehearing Order No. 1 denied the preliminary objections regarding improperly disconnected calls and ordered the matter set for hearing on the issues of improperly disconnected calls and any refunds that may be owed to the Complainant and any penalties that may be assessed against the Respondent for inadequate or unreasonable service.

With regard to the Respondent's motion to compel answers to interrogatories, ALJ Cocheres granted the Respondent's motion and directed the Complainant to answer the Respondent's interrogatories on or before July 23, 2009. ALJ Cocheres cautioned the Complainant that if he failed to provide full and complete answers to the Respondent's interrogatories, the presiding officer would be authorized to dismiss the complaint. (Prehearing Order No. 1, pg. 11)

On November 13, 2009, the Respondent filed a motion to dismiss the Complainant's complaint. The motion alleged that the Complainant had failed to provide answers to the Respondent's interrogatories. The motion argues that the Complainant's failure to provide answers to its interrogatories violates both Prehearing Order No. 1 and Commission regulations. The motion requests that the Commission dismiss the complaint with prejudice.

On November 18, 2009, the Respondent filed an amended certificate of service. The cover letter accompanying the amended certificate of service states that the mailing label for the Complainant was incorrect and that the Respondent was reserving the motion to dismiss the Complainant's complaint.

On December 3, 2009, the Respondent filed a letter advising the Commission that the Complainant had been released from the State Correctional Institution at Huntingdon. The letter states that the Respondent had been able to effect service on the Complainant in the past at the Minsec Community Correctional Facility in Philadelphia. However, when the Respondent served the motion to dismiss the Complainant's complaint on the Complainant at the Philadelphia address, it was returned as undeliverable. When the Respondent contacted the Minsec facility, it advised the Respondent that the Complainant no longer resided there and would not provide a forwarding address.

This case has been assigned to me as motion judge. As of the date of this order, the Respondent has not advised me that the Complainant has provided full and complete answers to the Respondent's interrogatories. As of the date of this order, the Complainant has not provided the Commission with a current address. For the reasons set forth below, I will dismiss the complaint.

Discussion

The Commission regulations at 52 Pa. Code §§ 5.371 and 5.372 govern sanctions for failure to comply with the Commission's discovery regulations. Those sections read as follows:

5.371. Sanctions—general.

(a) The Commission or the presiding officer may, on motion, make an appropriate order if one of the following occurs:

(1) A party fails to appear, answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests, as required under this subchapter.

(2) A party deponent or an officer or managing agent of a party refuses to obey or induces another to refuse to obey an order of a presiding officer respecting discovery, or induces another not to appear.

(b) A motion for sanctions may be answered within 5 days of service or, in the alternative, the motion may be answered orally at a hearing if a timely hearing has been scheduled within the same 5-day period.

(c) The presiding officer will rule on the motion as soon as practicable. The motion should be decided within 20 days of its presentation.

(d) A failure to act described in subsection (a) may not be excused on the ground that the discovery sought is objectionable unless the party failing to act has filed an appropriate objection or has applied for a protective order.

§ 5.372. Sanctions—types.

(a) The presiding officer, when acting under § 5.371 (relating to sanctions-general) may make one of the following:

(1) An order that the matters regarding which the questions were asked, the character or description of the thing or land, the contents of the paper, or other designated fact shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order.

(2) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting the party from introducing in evidence designated documents, things or testimony.

(3) An order striking out pleadings or parts thereof, staying further proceedings until the order is obeyed, or entering a judgment against the disobedient party or individual advising the disobedience.

In this case, the Respondent requests that the Commission dismiss the Complainant's complaint because he has failed to provide responses to the Respondent's interrogatories. In his Prehearing Order No. 1, issued June 25, 2009, ALJ Cocheres directed the Complainant to answer the Respondent's interrogatories on or before July 23, 2009. ALJ Cocheres cautioned the Complainant that if he failed to provide full and complete answers to the Respondent's interrogatories, the presiding officer would be authorized to dismiss the complaint. (Prehearing Order No. 1, pg. 11) The Complainant has failed to comply with Prehearing Order No. 1 and has failed to provide any explanation or excuse for his failure to comply with Prehearing Order No. 1.

The Commission has dismissed a complaint without a hearing when the complainant corporation failed to comply with the presiding officer's order to have counsel file a notice of appearance by a date certain. *Snyderville Community Development Corporation v. Philadelphia Gas Works*, Docket No. C-20055032, (Order entered July 31, 2006). In *Snyderville*, the Commission stated that "An ALJ's Orders must be complied with, and such a lack of compliance presents a sufficient basis to dismiss the Complaint without a hearing."

Recently, in *Application of Santos E. Pineda*, Docket No. A-2009-2126367 (Initial decision issued May 19, 2010), ALJ Cynthia Williams Fordham dismissed a protest where the protestant failed to comply with her order directing the protestant to answer the interrogatories of the applicant. ALJ Fordham held that it was appropriate to dismiss the protest where the protestant had not answered the interrogatories, did not answer the applicant's motion for sanctions and did not provide any explanation for its failure to comply with her order. A similar outcome is warranted in this proceeding.

The usual practice is that, if a party fails to comply with an order granting a motion to compel, the opposing party may file a motion for sanctions. Here the Respondent filed a motion for sanctions in the form of a motion to dismiss on November 13, 2009 and has attempted to

serve that motion on the Complainant. The Respondent has been unsuccessful in serving the motion to dismiss.

The Complainant has a duty, pursuant to 52 Pa. Code § 1.53(d), to inform the Commission promptly of changes to his current address. The Complainant has had at least six months since his release from either the State Correctional Institution at Huntingdon or the Minsec Community Correctional Facility in Philadelphia to inform the Commission of his current address but has failed to do so. The Complainant's failure to provide this information in violation of Commission regulations serves as an alternate basis for dismissing his complaint.

Finally, the Complainant has not contacted the Commission, ALJ Cocheres or me regarding the status of his case. The Complainant has taken no action to prosecute his claims or pursue litigation. I conclude that the Complainant's conduct in this case is obstructive to the orderly conduct of the proceeding and contrary to the public interest. Neither the Commission nor the Respondent should be obligated to waste any more time, energy, or money attempting to locate the Complainant in order to either serve a copy of the motion to dismiss on him or to schedule a hearing.

In *Banks, et. al. v. Verizon Pennsylvania, Inc.*, Docket Nos. C-20055229, C-20055230, C-20055234, C-20055236, C-20055242, C-20055245, C-20055249, C-20055251, C-20055252, C-20055253, C-20055254, and C-20055255 (Order entered June 9, 2008), the Commission adopted the initial decision of ALJ Wayne L. Weismandel closing the proceedings without hearing where the complainants had not contacted the Commission in more than two years, had taken no steps to prosecute their claims or pursue litigation and failed to respond to correspondence from ALJ Weismandel stating that their complaints would be deemed withdrawn if they failed to respond to the correspondence. ALJ Weismandel ruled that the complainants' conduct was contrary to efficient use of the administrative adjudicatory process and directed that the complaints be deemed withdrawn and the proceedings closed. I agree with ALJ Weismandel's reasoning and conclude that it is appropriate under the circumstances to dismiss the Complainant's complaint.

The Complainant has failed to comply with a Commission order by failing to provide answers to the Respondent's interrogatories. In addition, the Complainant has failed to comply with 52 Pa. Code § 1.53(d) by failing to provide the Commission with his current address. Finally, the Complainant has not contacted the Commission or taken any further action to prosecute his claims or pursue litigation. For all these reasons, I conclude that it is appropriate to dismiss the complaint. I will direct that a copy of this initial decision be published in the *Pennsylvania Bulletin* in order to serve the Complainant by publication pursuant to 52 Pa. Code § 1.53(e).

Conclusions of Law

1. The Commission has jurisdiction over the parties and subject matter in this proceeding.

2. A party's failure to answer, file sufficient answers, file objections, make a designation or otherwise respond to discovery requests, as required may not be excused on the ground that the discovery sought is objectionable unless the party failing to act has filed an appropriate objection or has applied for a protective order. 52 Pa. Code § 5.371.

3. The presiding officer, when acting under 52 Pa. Code § 5.371, may enter a judgment against the disobedient party or individual advising the disobedience. 52 Pa. Code § 5.372(3).

4. The Commission can dismiss a complaint without a hearing when the party fails to comply with the presiding officer's order.

5. A party has a duty to inform the Commission promptly of changes to his current address. 52 Pa. Code § 1.53(d).
