READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 83]

Amendments to the Rules of Disciplinary Enforcement Relating to Proceedings Where an Attorney is Declared to be Incapacitated or Severely Mentally Disabled

Notice is hereby given that the Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Pennsylvania Supreme Court that it amend subsection (e) of Pennsylvania Rules of Disciplinary Enforcement 301 as set forth in Annex A.

The purpose of the proposed amendments is to provide the Court with reasonable assurance that a respondent-attorney who applies for transfer to disability inactive status meets the standard for "incapacity to defend" as set forth in the Rule—that is, that the respondent-attorney has a disabling condition and that the disabling condition makes it impossible for the respondent-attorney to prepare an adequate defense to the pending disciplinary charges.

Current subsection (e) of Rule 301 is largely procedural in nature with no verified substantive component. Thus, a respondent-attorney who desires to be transferred to disability inactive status in lieu of defending a disciplinary prosecution and possible discipline need only "contend" generally "that the respondent-attorney is suffering from a disability by reason of mental or physical infirmity or illness, or because of addiction to drugs or intoxicants, which makes it impossible for the respondent to prepare an adequate defense." The current Rule does not require the respondent-attorney to identify the disabling condition or provide proof of a causal connection between the disabling condition and the respondent-attorney's ability to adequately defend against the charges in the pending disciplinary proceeding. Procedurally, the respondent-attorney need only sign his or her name to a certificate of admission of disability and file the certificate with the Supreme Court. Subsection (e) provides that upon receipt of the certificate, the Court shall enter an order immediately transferring the respondent-attorney to disability inactive status. All pending disciplinary proceedings are held in abeyance indefinitely.

The current rule's lack of substantive and procedural safeguards offers the potential for abuse. Under the current rule, a respondent-attorney, although capable of preparing a defense, might choose to file a certificate of admission of disability alleging a physical or mental impairment as a preferable alternative to defending the charges, as the filing of the certificate defers the disciplinary proceedings, and the imposition of a disciplinary sanction, indefinitely.

New subsection (e) would require that in submitting the certificate of admission of disability, the respondent-attorney identify the disability, identify the specific or approximate date of the onset or initial diagnosis of the disabling condition, explain the manner in which the

disabling condition makes it impossible for the respondent-attorney to prepare an adequate defense, attach at least one medical expert report verifying the respondent-attorney's contention of disability, and attach a signed statement verifying upon knowledge or information and belief the truth of all averments of material fact contained in the certificate. The amount of information that the respondent-attorney must provide is no greater than the amount of information that an employee claiming a disability would be required to provide to an employer. The new Rule would give the respondent-attorney the discretion to submit additional records and documents in support of the existence of the disabling condition or the respondent's contention of lack of physical or mental capacity to prepare an adequate defense.

Consistent with the purpose of providing the Court with reasonable assurance that a respondent-attorney qualifies for transfer to disability inactive status, the new Rule would provide a mechanism for Disciplinary Counsel to challenge the respondent-attorney's request. Upon application by Disciplinary Counsel and for good cause shown, the Court may take or direct such action as the Court deems necessary or proper to a determination of whether the respondent-attorney qualifies for transfer to disability inactive status, including ordering the respondent-attorney to be examined by a medical expert designated by the Court. If the court-designated expert were to arrive at a conclusion contrary to the respondent-attorney's contention of incapacitation and the respondent-attorney were to dispute that conclusion, the Court would have the discretion to remand the matter to the Disciplinary Board for a hearing to determine the respondent-attorney's competency.

Although the Court will decide the presence or absence of "good cause" on a case-by-case basis, the Board anticipates that the term will include the circumstance where the respondent-attorney's application and supporting papers do not clearly support a finding that the respondent-attorney meets the standard for "incapacity to defend," or where Disciplinary Counsel learns of extraneous facts and circumstances suggesting that the respondent-attorney has the capacity to defend.

Finally, the new Rule would articulate the prior practice of treating as confidential the certificate of admission of disability and any supporting documentation, with three exceptions: upon order of the Supreme Court; pursuant to an express written waiver by the attorney; and upon a request by the Pennsylvania Lawyers Fund for Client Security Board, which agency would have the duty under Enforcement Rule 521(a) to preserve the confidential nature of the certificate and supporting documentation. The order of the Court transferring the attorney to disability inactive status would be the only public record.

Interested persons are invited to submit written comments by mail or facsimile regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, 601 Commonwealth Avenue, Suite 5600, P.O. Box 62625, Harrisburg, PA 17106-2625, Facsimile number (717-231-3382) on or before October 1, 2010.

PART V. PROFESSIONAL ETHICS AND CONDUCT

Subpart B. DISCIPLINARY ENFORCEMENT

CHAPTER 83. PENNSYLVANIA RULES OF DISCIPLINARY ENFORCEMENT

Subchapter C. DISABILITY AND RELATED MATTERS

Rule 301. Proceedings where an attorney is declared to be incapacitated or severely mentally disabled.

* * * * *

(e) If, during the course of a disciplinary proceeding, the respondent contends that the respondent is suffering from a disability by reason of mental or physical infirmity or illness, or because of addiction to drugs or intoxicants, which makes it impossible for the respondent to prepare an adequate defense, the respondent shall complete and file with the Court a certificate of admission of disability available to the bar through the Office of the Secretary to the Board. The respondent shall serve a copy of the certificate on the Board and disciplinary counsel. The certificate shall:

- (1) identify the precise nature of the disability and the specific or approximate date of the onset or initial diagnosis of the disabling condition;
- (2) contain an explanation of the manner in which the disabling condition makes it impossible for the respondent to prepare an adequate defense;
- (3) have appended thereto the opinion of at least one medical expert that the respondent is unable to prepare an adequate defense and a statement containing the basis for the medical expert's opinion; and
- (4) contain a statement, signed by the respondent, that all averments of material fact contained in the certificate and attachments are true upon the respondent's knowledge or information and belief and made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

The respondent may attach to the certificate affidavits, medical records, additional medical expert reports, official records, or other documents in support of the existence of the disabling condition or the respondent's contention of lack of physical or mental capacity to prepare an adequate defense.

Upon receipt of the certificate, the Court thereupon shall enter an order immediately transferring the respondent to inactive status until a determination is made of the respondent's capacity to aid effectively in the preparation of a defense or to continue to practice law in a proceeding instituted in accordance with the provisions of subdivision (d) of this rule unless the Court finds that the certificate does not comply with the requirements of this subdivision, in which case the Court may deny the request for transfer to disability inactive status or enter any other appropriate order. Before or after the entry of the order transferring the respondent to inactive status under this subdivision, the Court may, upon application by disciplinary counsel and for good cause shown, take or direct such action as the Court deems

necessary or proper to a determination of whether it is impossible for the respondent to prepare an adequate defense, including a direction for an examination of the respondent by such qualified medical experts as the Court shall designate. In its discretion, the Court may direct that the expense of such an examination shall be paid by the respondent.

The order transferring the attorney to disability inactive status under this subdivision shall be a matter of public record. The certificate of admission of disability and attachments to the certificate shall not be publicly disclosed or made available for use in any proceeding other than a subsequent reinstatement or disciplinary proceeding except:

- (i) upon order of the Supreme Court;
- (ii) pursuant to an express written waiver by the attorney; or
- (iii) upon a request by the Pennsylvania Lawyers Fund for Client Security Board pursuant to Enforcement Rule 521(a) (relating to cooperation with Disciplinary Board).

If the Court shall determine at any time that the respondent is able to aid effectively in the preparation of a defense or is not incapacitated from practicing law, it shall take such action as it deems proper and advisable including a direction for the resumption of the disciplinary proceeding against the respondent.

Rule L1940.1. Contested Child Custody Cases—Mediation Referral Procedure.

1. Except as further modified by these rules, all parties in a contested custody action are required to attend a

Child Custody Orientation Session/Conference and Child Custody Mediation. Except as further modified in these rules, all pleadings raising an issue of child custody shall be forwarded by the Prothonotary's Office to the Family Law Master's Office for the scheduling of the Orientation Session/Conference and Mediation. The Family Law Master's Office shall schedule the Orientation Session/Conference no later than thirty (30) days from the date of the filing of the pleading raising a child custody issue. The Family Law Master's Office shall schedule Mediation no later than forty five (45) days after the Custody Orientation Session/Conference.

2. During the Orientation Session/Conference the custody mediator shall explain the custody mediation process and the custody litigation process to the parties. The mediator shall make sure that all parties have received the McKean County Custody Information Packet outlined in paragraph 4 of this Rule. Further, the mediator shall assure him/herself that the parties understand the custody litigation process and their rights and obligations. The mediator shall also obtain from the parties their completed McKean County Custody Background Information form described in paragraph 4 of this Order. After the mediator meets with the parties and provides them with general information, the parties and their counsel shall meet for a conference, without the mediator present, and discuss which aspects of their case can be stipulated/agreed upon and which areas remain in dispute. After this conference between the parties they shall report back to the mediator and inform him/her of the status of the case. If a complete agreement is reached, the mediator shall assist the parties in documenting its terms so that they can be presented to the Court for their adoption as an Order of Court. At the mediators discretion, the conference portion of the Initial Orientation Session/Conference can be waived if counsel for the parties demonstrates that the parties had already met and conferenced the case and further conference would not be productive.

3. Custody mediation shall be conducted by a Custody Mediator appointed by the Court. The purpose of the mediation session is to provide a nonadversarial forum for the parties to attempt to work out their disputes regarding child custody issues and reach an agreement that can be adopted by the Court. If the parties reach an agreement the mediator shall reduce said agreement into writing and have the parties sign it. The mediator shall then forward the parties' agreement to the Court and the Court shall, if it deems appropriate to do so, adopt its terms as a binding Order of Court.

4. Within seven days of the filing of a pleading raising a child custody issue, the McKean County Prothonotary's office shall forward a McKean County Custody Information Packet to all parties named in said action (to counsel or, if a party is pro se, directly to said party). This information packet shall be developed by the Family Law Master's Office and the Court in consultation with the Prothonotary and the McKean County Bar Association. It shall be modified from time to time as the Court deems appropriate. In general, said information packet shall contain a summary of the McKean County custody and mediation process and the factors and standard that the Court must consider when addressing a custody dispute. Said packet shall specifically advise the parties of the

information set forth at Pa.R.C.P. 1940.5(a)(1)—(6) and 1940.5(b). Counsel shall assure that their clients receive, in a timely manner, the McKean County Custody Information Packet. Included in every Custody Information Packet shall be a McKean County Custody Background Information form. This form shall be developed by the Family Law Master's Office and the Court in consultation with the McKean County Bar Association. In general, this form shall request basic information to assist the custody mediator including, but not limited to, the name, age and address of the parties and children, a summary of the custody arrangement for the child(ren), and an outline of the request of each party regarding child custody. The parties shall be required to complete this form and return it to the Family Law Master's Office at the time of their scheduled Orientation Session/Conference. The Custody Information Packet shall also include the Notice of Bar to Conference/Mediation Form outlined in paragraph 3 of this Order.

5. Included in the McKean County Custody Information packet provided to the parties shall be a Notice of Bar to Conference/Mediation Form. This Form shall contain the language set forth in 23 Pa.C.S. § 3901(c)(2) which bars the Orientation Session/Conference and Mediation if a party or a child of either party is or has been the subject of domestic violence or child abuse either during the pendency of the action or within 24 months preceding the filing of the action. This form shall also include instructions to each party that, if he/she asserts that domestic violence and/or child abuse has occurred and, therefore, he/she requests that the Orientation Session/Conference and Mediation be barred, he/she shall sign the pre-printed request located at the bottom of the Notice and promptly return it to the Family Law Master's Office. If the Family Law Master's Office receives this signed form back, or a request is otherwise made to invoke the provisions of 23 Pa.C.S. § 3901(c)(2), the matter shall be referred to the Court and an Orientation Session/Conference and Mediation shall not be scheduled for that case.

6. If the parties do not reach an agreement after custody mediation, or the case is referred directly to the Court without mediation having been held, custody evaluations will not be ordered unless: A) the mediator recommends that a custody evaluation occur and the Court adopts this recommendation; or, B) one or both of the parties files a written motion requesting that a custody evaluation be ordered and the Court grants this request; or, C) the Court believes that an evaluation is warranted and therefore orders one. If the parties do not mutually agree on an evaluator to conduct the custody evaluation, then they shall so notify the Court. Further, each party shall provide the Court with the names of two suggested and properly qualified evaluators. The Court will then issue an order appointing a custody evaluator. If the Court orders that a custody evaluation occur, then McKean County shall initially pay the evaluator for his reasonable costs and the parties shall each reimburse the County for one-half (1/2) of the total costs.

7. As authorized by 23 Pa.C.S. § 3902(a), an additional filing fee of \$20.00 shall be assessed for the filing of every divorce and custody complaint, including any petition to modify an existing custody order. This fee shall be paid to McKean County as reimbursement for McKean County's mediation program.

8. As authorized by 23 Pa.C.S. § 3902(b), as reimbursement to McKean County for the cost of mediation, whenever mediation is scheduled each party shall pay

one-half (1/2) of a \$400.00 mediation fee (each party to pay \$200.00). This \$200.00 fee shall be paid at the conclusion of the Orientation Session/Conference if the mediator concludes that the parties have been unable to reach a complete agreement and it is therefore necessary to schedule the case for custody mediation (paid to Family Law Master's Office before parties leave the Orientation Session/Conference).¹ The Family Law Master's Office shall, within seven (7) days of payment of the mediation fee (or waiver of the fee), schedule a date for mediation. The Family Law Master's Office shall strive to schedule mediation within forty five (45) days of when the parties have each paid the mediation fee or the fee has been waived. Under no circumstances shall mediation be scheduled any later than sixty (60) days from payment or waiver of the mediation reimbursement fee. If the parties reach a complete and written custody agreement that resolves the need for custody mediation, and said agreement is provided to the mediator at least ten (10) days prior to the scheduled mediation date, then the parties shall be refunded \$150.00 of the \$200.00 mediation fee that they had paid. If a party fails to pay the mediation reimbursement fee at the conclusion of the Orientation Session/Conference, the matter shall be scheduled for a contempt hearing for failure to pay.

PROPOSED RULEMAKINGS

INSURANCE DEPARTMENT

[31 PA. CODE CH. 84b]

Actuarial Opinion and Memorandum

The Insurance Department (Department) proposes to amend Chapter 84b (relating to actuarial opinion and memorandum) to read as set forth in Annex A. This rulemaking is proposed under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) and section 301 of The Insurance Department Act of 1921 (40 P. S. § 71).

Purpose

The purpose of the proposed rulemaking is to update Chapter 84b to include amendments made by the National Association of Insurance Commissioners (NAIC) to Model Regulation 822, "Actuarial Opinion and Memorandum Regulation." Model Regulation 822 requires life insurance companies and fraternal benefit societies to submit actuarial opinions based on an asset adequacy analysis, commonly known as "Section 8 opinions." The amendments to § 84b.9 (relating to description of actuarial memorandum including an asset adequacy analysis and regulatory asset adequacy issues summary) are proposed in conjunction with proposed amendments to Chapter 84c (relating to valuation of life insurance policies), which removes restrictions on the mortality adjustment factors (X factors) in deficiency reserve calculations. Specifically, the amendments to Chapter 84b modify requirements for the content of a regulatory asset adequacy issues summary of the actuarial memorandum to require the inclusion of a statement regarding the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one or more interim periods.

A copy of the copyrighted NAIC model regulation was provided to the legislative standing committees, the Independent Regulatory Review Commission (IRRC), the Governor's Office of Policy and Planning, the Governor's Office of General Counsel and the Attorney General to assist in their analysis of this proposed rulemaking. Copies of NAIC model regulations are available to the general public by contacting the NAIC.

Explanation of Regulatory Requirements

The following is a description of the changes in the proposed rulemaking:

Section 84b.9 is amended to comply with amendments to the NAIC model regulation. This proposed rulemaking provides that a statement of "the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one or more interim periods" is an example of the type of comments on interim results that shall be included by the appointed actuary in the regulatory asset adequacy issues summary required by Chapter 84b.

Affected Parties

The proposed rulemaking will apply to life insurance companies and fraternal benefit societies doing business in this Commonwealth.

Fiscal Impact

State government

There will not be an increase in cost to the Department as a result of the adoption of the proposed rulemaking. As part of its solvency monitoring responsibilities, the Department currently reviews statements of actuarial opinion and supporting memoranda. Thus, this proposed rulemaking will not require additional staff time or resources to perform the analysis.

General public

Since the proposed rulemaking concerns the solvency requirements applied to insurers, the public will benefit from a financially sound insurance industry that has the ability to fulfill its contractual obligations under life insurance policies.

Political subdivisions

The proposed rulemaking will not impose additional costs on political subdivisions. However, because the proposed rulemaking promotes stability in this Commonwealth's insurance industry, political subdivisions' tax revenues would benefit as a result of fewer insurer insolvencies. Fewer insolvencies would result in less unemployment and would also increase incentives for insurers to market new insurance products in this Commonwealth.

Private sector

The proposed rulemaking will not impose additional costs on insurers.

Paperwork

The adoption of this proposed rulemaking will not impose additional paperwork on the Department.

Effectiveness/Sunset Date

The proposed rulemaking will become effective on the first of the month following 60 days from the publication date of the final-form rulemaking. The Department continues to monitor the effectiveness of regulations on a triennial basis; therefore, a sunset date has not been assigned.

Contact Person

Questions or comments regarding the proposed rulemaking should be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Insurance Department, 1326 Strawberry Square, Harrisburg, PA 17120 within 30 days following the publication in the *Pennsylvania Bulletin*. Questions or comments also may be e-mailed to psalvatore@state.pa.us or faxed to (717) 705-3873.

Under the Regulatory Review Act (71 P. S. §§ 745.1—745.12), the Department is required to write to all commentators requesting whether or not they wish to receive a copy of the final-form rulemaking. To better serve the stakeholders, the Department determined that all commentators will receive a copy of the final-form rulemaking when it is made available to the IRRC and the legislative standing committees.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 24, 2010, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to IRRC and to the Chairpersons of the Senate Banking and Insurance Com-

mittee and the House Insurance Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

JOEL SCOTT ARIO,
Insurance Commissioner

(Editor's Note: For a proposed rulemaking amending Chapter 84c relating to this proposed rulemaking, see 40 Pa.B. 5069 (September 4, 2010).)

Fiscal Note: 11-244. No fiscal impact; (8) recommends adoption.

[31 PA. CODE CH. 84d]

Recognition of the 2001 CSO Mortality Table for Use in Determining Minimum Reserve Liabilities and Nonforfeiture Benefits and the 2001 CSO Preferred Class Structure Mortality Table for Use in Determining Minimum Reserve Liabilities

The Insurance Department (Department) proposes to amend Chapter 84d (relating to recognition of the 2001 CSO Mortality Table for use in determining minimum reserve liabilities and nonforfeiture benefits and the 2001 CSO Preferred Class Structure Mortality Table for use in determining minimum reserve liabilities) to read as set forth in Annex A. The rulemaking is proposed under the authority of sections 206, 506, 1501, 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411, 412), section 301(c)(1) of The Insurance Department Act of 1921

(40 P. S. § 71(c)(1)), section 410A(e)(8)(F) of The Insurance Company Law of 1921 (40 P. S. § 510.1(e)(8)(F)) and the Unfair Insurance Practices Act (40 P. S. §§ 1171.1—1171.15). See § 84c.5(a) and (b) (relating to general requirements for basic reserves and premium deficiency reserves).

Purpose

Section 301(c)(1) of The Insurance Department Act of 1921 authorizes the Insurance Commissioner (Commissioner) to promulgate regulations specifying new mortality tables adopted after 1980 by the National Association of Insurance Commissioners (NAIC) for use in determining minimum valuation standards. The purpose of the proposed rulemaking is to update Chapter 84d to include amendments made by the NAIC to Model Regulation 815, "Model Regulation Permitting the Recognition of Preferred Mortality Tables for Use in Determining Minimum Reserve Liabilities." Model Regulation 815 recognizes, permits and prescribes the use of mortality tables that reflect differences in mortality between preferred and standard lives in determining minimum reserve liabilities. A copy of the copyrighted NAIC model regulation was provided to the legislative standing committees, the Independent Regulatory Review Commission (IRRC), the Governor's Office of Policy and Planning, the Governor's Office of General Counsel and the Attorney General to assist in their analysis of this proposed rulemaking. Copies of NAIC model regulations are available to the general public by contacting the NAIC.

Explanation of Regulatory Requirements

The following is a description of the changes in the proposed rulemaking:

Section 84d.3a (relating to 2001 CSO Preferred Class Structure Mortality Table) is amended to recognize that a company may substitute the 2001 CSO Preferred Class Structure Mortality Table for the 2001 CSO Smoker or Nonsmoker Mortality Table with the consent of the Commissioner if the conditions in § 84d.3a are met. Proposed subsection (f) specifies two cases when a company is not permitted to use the 2001 CSO Preferred Class Structure Table for valuation of policies issued prior to January 1, 2007.

Affected Parties

The proposed rulemaking will apply to insurers issuing life insurance coverage in this Commonwealth.

Fiscal Impact

State government

There will not be an increase in cost to the Department due to the use of the new mortality table since the extent of the analysis performed by the Department is not affected by the mortality table used in the calculation of reserves.

General public

It is possible that the cost of insurance will be reduced for consumers who purchase life insurance coverage due to improved mortality recognized by the 2001 CSO Preferred Class Structure Mortality Table.

Political subdivisions

There will not be fiscal impact on political subdivisions as insurers will continue to maintain adequate reserves.

Private sector

The use of the 2001 CSO Preferred Class Structure Mortality Table generally will reduce the reserve liabilities of an insurance company. In addition, the use of the table is optional.

Paperwork

The proposed rulemaking will not impose additional paperwork on the Department. An insurance company that elects to use the 2001 CSO Preferred Class Structure Mortality Table as the minimum valuation standard will be required to submit at election and annually thereafter a certification to the Commissioner that the conditions for use of the table are satisfied.

Effectiveness/Sunset Date

The proposed rulemaking will become effective on the first of the month following 60 days from the publication date of the final-form rulemaking. The Department continues to monitor the effectiveness of regulations on a triennial basis; therefore, a sunset date has not been assigned.

Contact Person

Questions or comments regarding the proposed rulemaking should be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Insurance Department, 1326 Strawberry Square, Harrisburg, PA 17120 within 30 days following the publication in the *Pennsylvania Bulletin*. Questions or comments also may be e-mailed to psalvatore@state.pa.us or faxed to (717) 705-3873.

Under the Regulatory Review Act (71 P. S. §§ 745.1—745.12), the Department is required to write to all commentators requesting whether or not they wish to receive a copy of the final-form rulemaking. To better serve the stakeholders, the Department determined that all commentators will receive a copy of the final-form rulemaking when it is made available to the IRRC and the legislative standing committees.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 24, 2010, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to IRRC and to the Senate Banking and Insurance Committee and the House Insurance Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

TITLE 31. INSURANCE

PART IV. LIFE INSURANCE

CHAPTER 84d. RECOGNITION OF THE 2001 CSO MORTALITY TABLE FOR USE IN DETERMINING MINIMUM RESERVE LIABILITIES AND NONFORFEITURE BENEFITS AND THE 2001 CSO PREFERRED CLASS STRUCTURE MORTALITY TABLE FOR USE IN DETERMINING MINIMUM RESERVE LIABILITIES

§ 84d.3a. 2001 CSO Preferred Class Structure Mortality Table.

(a) At the election of the company, for each calendar year of issue, for any one or more specified plans of insurance and subject to satisfying the conditions stated in this chapter, the 2001 CSO Preferred Class Structure Mortality Table may be substituted in place of the 2001 CSO Smoker or Nonsmoker Mortality Table as the minimum valuation standard for policies issued on or after January 1, 2007. **For policies issued on and after January 1, 2004, and prior to January 1, 2007, these tables may be substituted as the minimum valuation standard with the consent of the Commissioner subject to the conditions of subsections (b)—(g). In determining consent, the Commissioner may rely on the consent of the chief insurance regulatory official of the company's state of domicile.** Prior to that election, the company shall demonstrate to the satisfaction of the Commissioner that at least 20% of the business to be valued on this table is in one or more of the preferred classes.

* * * * *

(f) **The use of the 2001 CSO Preferred Class Structure Table for the valuation of policies issued prior to January 1, 2007, is not permitted in any statutory financial statement in which a company reports, with respect to any policy or portion of a policy coinsured, either of the following cases:**

(1) **When the mode of payment of the reinsurance premium is less frequent than the mode of payment of the policy premium, a reserve credit that exceeds, by more than the amount specified in this paragraph as Y, the gross reserve calculated before reinsurance. Y is the amount of the gross reinsurance premium that provides coverage for the period from the next policy premium due date to the earlier of the end of the policy year and the next reinsurance premium due date, and would be refunded to the ceding entity upon the termination of the policy.**

(2) **When the mode of payment of the reinsurance premium is more frequent than the mode of payment of the policy premium, a reserve credit that is less than the gross reserve, calculated before reinsurance, by an amount that is less than the amount specified in this paragraph as Z. Z is the amount of the gross reinsurance premium that the ceding entity would need to pay the assuming company to provide reinsurance coverage from the period of the next reinsurance premium due date to the next policy premium due date minus any liability established for the proportionate amount not remitted to the reinsurer.**

(g) **For purposes of the conditions set forth in subsection (f), both the reserve credit and the gross reserve before reinsurance for the mean reserve**

method are defined as the mean reserve minus the deferred premium asset, and for the mid-terminal reserve method must include the unearned premium reserve. A company may estimate and adjust its accounting on an aggregate basis to meet the conditions to use the 2001 CSO Preferred Class Structure Table.

[31 PA. CODE CH. 84c]

Valuation of Life Insurance Policies

The Insurance Department (Department) proposes to amend Chapter 84c (relating to valuation of life insurance policies) to read as set forth in Annex A. This rulemaking is proposed under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) and section 301(c) of The Insurance Department Act of 1921 (40 P. S. § 71(c)).

Purpose

The purpose of the proposed rulemaking is to amend § 84c.5 (relating to general requirements for basic reserves and premium deficiency reserves) to include amendments to Model Regulation 830 by the National Association of Insurance Commissioners (NAIC) to remove restrictions on mortality adjustment factors. These amendments are proposed in conjunction with amendments to Chapters 84b and 84d (relating to actuarial opinion and memorandum; and recognition of the 2001 CSO Mortality Table for use in determining minimum reserve liabilities and nonforfeiture benefits and the 2001 CSO Preferred Class Structure Mortality Table for use in determining minimum reserve liabilities). A copy of the copyrighted NAIC model regulation was provided to the legislative standing committees, the Independent Regulatory Review Commission (IRRC), the Governor's Office of Policy and Planning, the Governor's Office of General Counsel and the Attorney General to assist in their analysis of this proposed rulemaking. Copies of NAIC model regulations are available to the general public by contacting the NAIC.

Explanation of Regulatory Requirements

The following is a description of the changes in the proposed rulemaking:

Section 84c.5 is being amended to delete restrictions on the mortality adjustment factors (X factors) in the deficiency reserve calculation required by the regulation. Additionally, the proposed rulemaking requires an appointed actuary to annually opine for policies subject to this regulation as to whether the mortality rates resulting from the application of the X factors meet the regulation's requirements for deficiency reserves. Further, this regulation requires that the opinion be supported by an actuarial report, subject to appropriate Actuarial Standards of Practice promulgated by the Actuarial Standards Board of the American Academy of Actuaries.

Affected Parties

The proposed rulemaking will apply to insurers issuing life insurance coverage in this Commonwealth.

Fiscal Impact

State government

There will not be an increase in cost to the Department due to the proposed rulemaking. The Department currently reviews valuation filings submitted by domestic life insurance companies and fraternal benefit societies for compliance with the minimum standards of valuation.

General public

It is possible that the cost of insurance will be reduced for consumers who purchase life insurance coverage due to this proposed rulemaking to the requirements for the calculation of reserves.

Political subdivisions

There will not be fiscal impact on political subdivisions as insurers will continue to maintain adequate reserves.

Private sector

The model regulation requires the appointed actuary to annually opine for policies subject to this regulation as to whether the mortality rates resulting from the application of the X factors meet the requirements of Chapter 84c for deficiency reserves. This opinion must be supported by an actuarial report.

Paperwork

The adoption of this proposed rulemaking would not impose additional paperwork on the Department.

Effectiveness/Sunset Date

The rulemaking will become effective on the first of the month following 60 days from the publication date of the final-form rulemaking. The Department continues to monitor the effectiveness of regulations on a triennial basis; therefore, a sunset date has not been assigned.

Contact Person

Questions or comments regarding the proposed rulemaking should be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Insurance Department, 1326 Strawberry Square, Harrisburg, PA 17120 within 30 days following the publication in the *Pennsylvania Bulletin*. Questions or comments also may be e-mailed to psalvatore@state.pa.us or faxed to (717) 705-3873.

Under the Regulatory Review Act (71 P. S. §§ 745.1—745.12), the Department is required to write to all commentators requesting whether or not they wish to receive a copy of the final form rulemaking. To better serve the stakeholders, the Department determined that all commentators will receive a copy of the final-form rulemaking when it is made available to the IRRC and the legislative standing committees.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 24, 2010, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to IRRC and to the Senate Banking and Insurance Committee and the House Insurance Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior

to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

JOEL SCOTT ARIO, Insurance Commissioner

(Editor's Note: For a proposed rulemaking amending Chapter 84b relating to this proposed rulemaking, see 40 Pa.B. 5066 (September 4, 2010).)

(Editor's Note: For a proposed rulemaking amending Chapter 84d relating to this proposed rulemaking, see 40 Pa.B. 5067 (September 4, 2010).)

Fiscal Note: 11-247. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 31. INSURANCE

PART IV. LIFE INSURANCE

CHAPTER 84c. VALUATION OF LIFE INSURANCE POLICIES

§ 84c.5. General requirements for basic reserves and premium deficiency reserves.

* * * * *

(b) Deficiency reserves minimum standard. Deficiency reserves, if any, are calculated for each policy as the excess, if greater than zero, of the quantity A over the basic reserve. The quantity A is obtained by recalculating the basic reserve for the policy using guaranteed gross premiums instead of net premiums when the guaranteed gross premiums are less than the corresponding net premiums. At the election of the company for any one or more specified plans of insurance, the quantity A and the corresponding net premiums used in the determination of quantity A may be based upon the 1980 CSO valuation tables (or any other valuation mortality table adopted by the NAIC after May 6, 2000, and promulgated by regulation by the Commissioner for the purpose of calculating deficiency reserves) with select mortality factors. If select mortality factors are elected, they may be one of the following:

* * * * *

(3) For durations in the first segment, X% of the select mortality factors in Appendix A, subject to the following:

(i) X may vary by policy year, policy form, underwriting classification, issue age, or any other policy factor expected to affect mortality experience.

(ii) [X may not be less than 20%.]

(iii) X may not decrease in any successive policy years.

(iv) [X is such that, when using the valuation interest rate used for basic reserves, the actuarial present value of

future death benefits, calculated using the mortality rates resulting from the application of X, is greater than or equal to the actuarial present value of future death benefits calculated using anticipated mortality experience without recognition of mortality improvement beyond the valuation date.

[(v)] (iii) X is such that the mortality rates resulting from the application of X are at least as great as the anticipated mortality experience, without recognition of mortality improvement beyond the valuation date, in each of the first 5 years after the valuation date.

[(vi)] (iv) The appointed actuary shall increase X at any valuation date when it is necessary to continue to meet [all] the requirements of this paragraph [(3)].

[(vii)] (v) The appointed actuary may decrease X at any valuation date as long as X [does not decrease in any successive policy years and as long as it] continues to meet [all] the requirements of this paragraph [(3)].

[(viii)] (vi) The appointed actuary shall specifically take into account the adverse effect on expected mortality and lapsation of any anticipated or actual increase in gross premiums.

[(ix)] (vii) If X is less than 100% at any duration for any policy, the following requirements shall be met:

(A) The appointed actuary shall annually prepare an actuarial opinion and memorandum for the company in conformance with § 84b.8 (relating to statement of actuarial opinion based on an asset adequacy analysis).

(B) The appointed actuary shall disclose, in the Regulatory Asset Adequacy Issues Summary, the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one or more interim periods.

(C) The appointed actuary shall annually opine for all policies subject to this chapter as to whether the mortality rates resulting from the application of X meet the requirements of this paragraph [(3)]. This opinion shall be supported by an actuarial report, subject to appropriate Actuarial Standards of Practice promulgated by the Actuarial Standards Board of the American Academy of Actuaries. The X factors shall reflect anticipated future mortality, without recognition of mortality improvement beyond the valuation date, taking into account relevant emerging experience.

NOTICES

DELAWARE RIVER BASIN COMMISSION

Meeting and Public Hearing

The Delaware River Basin Commission (Commission) will hold an informal conference followed by a public hearing on Wednesday, September 15, 2010. The hearing will be part of the Commission's regular business meeting. The conference session and business meeting both are open to the public and will be held at the West Trenton Volunteer Fire Company, located at 40 West Upper Ferry Road, West Trenton, NJ.

The conference among the commissioners and staff will begin at 10:30 a.m. and will consist of: a report by staff on the year's progress in implementing the 2004 Basin Plan; a report by a representative of the United States Army Corps of Engineers on the regional sediment management planning process; and a presentation by a representative of the United States Environmental Protection Agency on the Delaware Basin Source Water Collaborative Forum to take place on March 10, 2011.

The subjects of the public hearing to be held during the 1:30 p.m. business meeting include the dockets listed as follows:

1. *Upper Southampton Municipal Authority, D-1965-023 CP-2.* An application for the renewal of a groundwater withdrawal project to supply the docket holder's water supply distribution system from existing Wells Nos. 3, 7 and 9. The docket holder requests an allocation of 13.53 million gallons per month (mgm). The project wells were constructed in the Stockton Formation and are located in the Southampton and Mill Creek Watersheds in Upper Southampton Township, Bucks County, PA, in the Southeastern Pennsylvania Ground Water Protected Area (GWPA).

2. *Abington Township, D-1973-191 CP-4.* An application for renewal of the Abington Township Wastewater Treatment Plant (WWTP). The existing WWTP will continue to discharge treated effluent at an annual average flow of 3.91 million gallons per day (mgd) to Sandy Run, a tributary of the Wissahickon Creek, which drains to the Schuylkill River. The facility is located in Upper Dublin Township, Montgomery County, PA.

3. *Lower Moreland Township Authority, D-1987-052 CP-3.* An application for the renewal of an existing 0.279 mgd discharge from the Chapel Hill WWTP to an unnamed tributary of Southampton Creek at River Mile 109.75—16.1—0.71—0.5 (Delaware River—Pennypack Creek—Southampton Creek—UNT). The Chapel Hill WWTP is located in Lower Moreland Township, Montgomery County, PA.

4. *Manwalamink Water Company, D-1989-050 CP-5.* An application for renewal of a groundwater withdrawal project to continue to supply up to 15 mgm of groundwater to the public water supply system from existing Wells Nos. 1—3, 5 and 6. Wells Nos. 1 and 2 are completed in the Pleistocene alluvial sand and gravel aquifer. Wells Nos. 3, 5 and 6 are completed in the Ridgeley-Coeymans Formation. The project is located in the Shawnee Creek and Delaware River watersheds in Smithfield Township, Monroe County, PA within the drainage area of the

section of the nontidal Delaware River known as the Middle Delaware, which is classified as Special Protection Waters.

5. *Waste Management of Pennsylvania, D-1991-090-2.* An application for the renewal of a surface water withdrawal project to continue to supply 6 mgm of water to the applicant's landfill operations from the existing Intake on Manor Lake. The project is located in the Delaware River Watershed in Tullytown and Falls townships, Bucks County, PA.

6. *Dan Schantz Farm and Greenhouses, D-1999-014-2.* An application for the renewal of a groundwater withdrawal project to continue the withdrawal of up to 3.57 mgm of water for irrigation and potable water supply from eight existing wells located in the Brunswick Formation. The project is located in the Hosensach—Indian Creek Watershed in Lower Milford Township, Lehigh County, PA in the Southeastern Pennsylvania Ground Water Protected Area.

7. *Borough of Palmerton, D-1964-028 CP-2.* An application for approval of an upgrade of the existing Palmerton Borough WWTP. The upgrade includes replacing the existing contact stabilization activated sludge treatment system with a sequencing batch reactor (SBR) treatment system. No increase in the design annual average flow of 0.75 mgd is proposed. The WWTP will continue to discharge to the Aquashicola Creek, a tributary of the Lehigh River, and is located within the drainage area of the section of the nontidal Delaware River known as the Lower Delaware, which is classified as Special Protection Waters. The facility is located in the Borough of Palmerton, Carbon County, PA.

8. *Upper Gwynedd Township, D-1991-088 CP-6.* An application for approval of a modification of the Upper Gwynedd Township WWTP by the addition of a Biomag™ treatment process. The process entails adding magnetite to the aeration tanks to enhance solids settling and BOD and nutrient removal. The WWTP will continue to treat an average annual flow of 5.7 mgd and discharge treated sewage effluent to the Wissahickon Creek, a tributary of the Schuylkill River. The facility is located in Upper Gwynedd Township, Montgomery County, PA.

9. *Plumstead Township, D-1997-033 CP-3.* An application to approve the addition of new Well No. LG-6 to the applicant's 11 existing wells and to increase the applicant's total groundwater withdrawal allocation from all wells from 15.31 million gallons per 30 days (mg/30 days) to 23.02 mgm. The project wells are located in the Brunswick Group, Lockatong Formation and Stockton Formation in Plumstead Township, Bucks County, PA within four subbasins of the Southeastern Pennsylvania Ground Water Protected Area: Tohickon-Deep Run, Tohickon-Geddes-Cabin Runs, Pine Run and North Branch Neshaminy Creek.

10. *Borough of Bryn Athyn, D-2008-013 CP-3.* An application for approval to modify the existing 0.08 mgd New Church WWTP. Modifications include the addition of an equalization tank and a sludge holding tank, to be incorporated into the existing treatment design. The New Church WWTP will continue to discharge to an unnamed tributary of Huntingdon Valley Creek at River Mile 109.75—12.02—1.11—0.17 (Delaware River—Pennypack Creek—Huntingdon Valley Creek—UNT) in Bryn Athyn

Borough, Montgomery County, PA. The project is located in the Southeastern Pennsylvania Ground Water Protected Area.

11. *Premcor Refining Group, D-2009-023-1*. An application for approval to increase the dredging depth of the facility's Entrance Channel and Turning Basin by 5 feet (to a new depth of -37 feet MLW) and of the Pier Berthing Area by 3 feet (to a new depth of -40 feet MLW). Approximately 650,000 cubic yards of new material will be dredged to allow for larger ships to traverse and dock at the facility. The project is located in Water Quality Zone 5 of the Delaware River at River Mile 61.8, in Delaware City, New Castle County, DE.

12. *Naval Surface Warfare Center, Carderock Division, Ship Systems Engineering Station, D-2009-003-1*. An application for approval of a surface water withdrawal of up to 1,147.25 mgm from an existing surface water intake to be used for once-through noncontact cooling of land-based test sites (LBTS) for ship systems associated with the Naval Surface Warfare Center, Carderock Division, Ship Systems Engineering Station (NSWCCD-SSES). The project intake is located in the Navy Reserve Basin, which is connected by a channel to the Schuylkill River, 1/2 mile upstream of the confluence of the Schuylkill and Delaware Rivers. The Navy Reserve Basin is located in the City of Philadelphia, PA, in the Schuylkill River Watershed.

13. *City of Dover, D-2009-014 CP-1*. An application for approval of an existing 0.360 mgd discharge of cooling tower blowdown from Outfalls Nos. 004 and 005 from the applicant's McKee Run Electric Generating Station. The project outfalls are located at River Mile 23.70—14.36—0.34 (Delaware River—Saint Jones River—McKee Run) in the City of Dover, Kent County, DE.

14. *Reading Area Water Authority—Maiden Creek, D-2010-009 CP-1*. An application for approval of an existing 4.3 mgd discharge from the Maiden Creek Water Filtration Plant (WFP). The discharge consists of filter backwash, pump seal water, chlorine analyses and diesel generator cooling water from the WFP. Modifications to the backwash treatment process are proposed that will not increase the capacity of the WFP. The project discharges to Maiden Creek at River Mile 92.47—85.63—0.24 (Delaware River—Schuylkill River—Maiden Creek) in Ontelaunee Township, Berks County, PA.

15. *Friesland Campino Domo, D-2010-010-1*. An application for approval of an existing groundwater withdrawal project to supply up to 31.95 mg/30 days of water to the applicant's vitamin production facility from existing Wells No. 1 and 2. The project is located in the Lower Walton Formation in the West Branch Delaware River Watershed in the Town of Delhi, Delaware County, NY, within the drainage area of the section of the nontidal Delaware River known as the Upper Delaware, which is classified as Special Protection Waters.

16. *Schuylkill County Municipal Authority—Deer Lake, D-2010-019 CP-1*. An application for approval to expand the existing Deer Lake WWTP from a hydraulic design of 0.229 mgd to 1.0 mgd. Treated wastewater will continue to discharge to Pine Creek at River Mile 92.47—106.75—2.35 (Delaware River—Schuylkill River—Pine Creek) by means of Outfall No. 001, in West Brunswick Township, Schuylkill County, PA.

17. *Gloucester County Utilities Authority—Pitman Golf Course, D-2010-029 CP-1*. An application for approval to construct and operate the 0.2 mgd Pitman Golf Course (PGC) WWTP. Effluent limits for the PGC WWTP will be based upon a 0.1 mgd discharge, the requested irrigation flow required at the PGC to avoid an increase in withdrawal from New Jersey Critical Water Supply Area 2. The PGC WWTP will receive flow from the Chestnut Branch Interceptor, an existing component of the wastewater collection system for the Gloucester County Utilities Authority (GCUA) WWTP, which discharges to Water Quality Zone 4 in the tidal Delaware River. After treatment, the effluent will be spray-irrigated on the Pitman Golf Course, located in Mantua Township, Gloucester County, NJ. Excess wastewater withdrawn from the Interceptor will be returned to the Interceptor for treatment at the GCUA's 27 mgd WWTP located in West Deptford, Gloucester County, NJ.

In addition to the standard business meeting items, consisting of adoption of the Minutes of the Commission's May 5 and July 14, 2010 business meetings, announcements of upcoming meetings and events, a report on hydrologic conditions, reports by the Executive Director and the Commission's General Counsel, public hearings on water withdrawal and discharge projects and public dialogue, the business meeting also will include a public hearing on a resolution concerning review of the Southport Marine Terminal project and consideration by the Commission of its proposal (published in February and March of 2010) to amend water charging rates.

Draft dockets scheduled for public hearing on September 15, 2010, can be accessed through the Notice of Commission Meeting and Public Hearing on the Commission's web site, drbc.net, 10 days prior to the meeting date. Additional public records relating to the dockets may be examined at the Commission's offices. Contact William Muszynski at (609) 883-9500, Ext. 221, with any docket-related questions.

Note that conference items are subject to change and items scheduled for hearing are occasionally postponed to allow more time for the Commission to consider them. Check the Commission's web site, drbc.net, closer to the meeting date for changes that may be made after the deadline for filing this notice.

Individuals who wish to comment for the record on a hearing item or to address the Commissioners informally during the public dialogue portion of the meeting are asked to sign up in advance by contacting Paula Schmitt of the Commission staff, at paula.schmitt@drbc.state.nj.us or (609) 883-9500, Ext. 224.

Individuals in need of an accommodation as provided for in the Americans with Disabilities Act of 1990 who wish to attend the informational meeting, conference session or hearings should contact the Commission Secretary directly at (609) 883-9500, Ext. 203 or through the Telecommunications Relay Services (TRS) at 711, to discuss how the Commission can accommodate their needs.

Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

STATE CONSERVATION COMMISSION

NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS FOR CONCENTRATED ANIMAL FEEDING OPERATIONS (CAFO)

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under the act of July 6, 2005 (Act 38 of 2005, 3 Pa.C.S. §§ 501–522) (hereinafter referred to as Act 38), for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92. This notice is provided in accordance with 25 Pa. Code Chapter 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1–691.1001) and the Federal Clean Water Act.

Persons aggrieved by any action may appeal under section 517 of Act 38, section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501–508 and 701–704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachael Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Downingtown Transfer Facility is an existing residual transfer facility located in East Caln Township, **Chester County**. The application was received by the Southeast Regional Office on August 16, 2010.

AIR QUALITY**PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS****NEW SOURCES AND MODIFICATIONS**

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing

the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of the proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104. Contact: Edward Braun, Chief—Telephone: 215-685-9476.

AMS 10163: Kuusakoski Philadelphia, LLC (3150 Orthodox Street, Philadelphia, PA 19137) to install a 60,000 tons per year waste electronics scrap recycling plant in the City of Philadelphia, **Philadelphia County**. The process will consist of a pre-treatment crusher with a 275 hp diesel-fired internal combustion engine and a ring crusher with an electric motor. Ring crusher emissions vent to a cyclone and a fabric filter. Potential emissions from the facility based on the plan approval emission limits are 8.0 tons per year of Nitrogen Oxides, 6.9 tons per year of Carbon Monoxide, 2.7 tons per year of Volatile Organic Compounds, 2.5 tons per year Sulfur Dioxide and 3.8 tons per year Particulate Matter. The plan approval will contain operating, testing, monitoring, recordkeeping and reporting requirements to ensure operation within all applicable requirements.

OPERATING PERMITS

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

46-00234: Conshohocken Steel Products, Inc. (301 Randolph Avenue, Ambler, PA 19002) for operation of their facility in Upper Dublin Township, **Montgomery County**. This action is a renewal of the permit for a non-Title V (Synthetic Minor) facility. The facility is a Synthetic Minor for VOC. Site-wide emissions of VOC are restricted to 19.5 tons per 12-month rolling period. The facility is a manufacturer of roll-off containers/dumpsters. Under the current operating permit, the facility has been utilizing one spray booth to spray paint containers/dumpsters, along with manually brushing some materials outside the spray booth. Under a Request for Determination, the facility has also added two additional water-based spray paint booths to their operation. These two water-based spray paint booths shall be included in the permit renewal. The operating permit will continue to include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

15-00111: Safety-Kleen Systems, Inc. (1140—1142 Green Hill Road, West Chester, PA 19380) for operation of a drum washing and solvent recovery facility in West Goshen Township, **Chester County**. This action is an operating permit renewal for a non-Title V (State-only) facility. The major sources of air emissions are four washing/fill stations and four volatile organic liquid storage tanks. The renewal will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

28-05036: LamTech, Inc. (5150 Innovation Way, Chambersburg, PA 17201-4187) for a renewed Title V Operating Permit for their Marblux synthetic marble manufacturing facility in Greene Township, **Franklin County**.

In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department of Environmental Protection (Department) intends to issue a renewed Title V Operating Permit to LamTech, Inc. for their Marblux synthetic marble manufacturing facility in Greene Township, Franklin County. The applicant's address is 5150 Innovation Way, Chambersburg, PA 17201-4187. The facility currently is covered by Operating Permit No. 28-05036.

The facility is limited to 50 tons of volatile organic compounds (VOC) per 12-month period, and to 100 tons of hazardous air pollutants (HAP) per 12 month period. Actual emissions of VOC and HAP in 2009 were approximately 20 tons and 17 tons respectively. No change in allowable emissions is involved in this proposed permit action. The facility is subject to 40 CFR Part 63, Subpart WWW—National Emission Standards for Hazardous Air Pollutants: Reinforced Plastic Composites Production. The renewed Title V permit will contain these provisions as well as additional recordkeeping and operating restric-

tions designed to keep the facility operating within all applicable air quality requirements.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may object to proposed permit, or may provide the Department with additional information to consider in its review, by filing a written protest or comment with the Department at the address listed. Each written objection or comment must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed permit by the permit number listed previously.

A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *Pennsylvania Bulletin*, will exist for the submission of comments or objections, or for requests for a public hearing. A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the comments received.

For additional information or for the submission of comments, protests, or requests for a public hearing, contact William Weaver, Air Quality Program Manager at 717-705-4868, or at the Department of Environmental Protection, Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

Permits issued to sources identified in 25 Pa. Code § 127.44(b)(1)—(4) or permits issued to sources with limitations on the potential to emit used to avoid otherwise applicable Federal requirements may become part of the SIP, and will be submitted to EPA for review and approval.

32-00266: Evergreen Landfill, Inc. (625 Cherrington Parkway, Moon Township, PA 15108) for renewal of their Evergreen Landfill facility operating permit in Center and Brush Valley Townships, **Indiana County**. Landfill's design capacity makes it subject to the operating permit requirements of Title V of the Federal Clean Air Act, and 25 Pa. Code Chapter 127, Subchapter G. Proposed Operating Permit contains applicable emission limits, as well as testing, monitoring, recordkeeping and reporting requirements.

S10-013: Ardex Laboratories (2050 Byberry Road, Philadelphia, PA 19116) for operation of manufacturing and distributor of automotive cleaning and detailing products in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a mixing tank, 14 mixing vessels, tank truck unloading, drum filling and packaging, and three combustion units each rated less than 1 mmBtu/hr.

The operating permit will be issued under the Pennsylvania Code Title 25, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest or comments on the previous operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least 30 days before the hearing.

AMS 09191: Catalent Pharma Solutions, LLC (3001 Red Lion Road, Philadelphia, PA 19114) to use inkjet labeling machine and equipment sanitization process in the City of Philadelphia, **Philadelphia County**. The

process will consist of the inkjet labeling machine printing on exterior pouches and clean up with ink-wash up and thinner solvents. Equipment Sanitization Process involves manual wiping of packaging equipment with Sanitization alcohol. Total VOC emissions from package labeling and Ink tray cleaning process are limited to 3.0 tons per rolling 12-month period. Total VOC emissions from the Equipment Sanitization Process shall be less than 2.0 tons per rolling 12-month period. The plan approval will contain operating, monitoring, recordkeeping and reporting requirements to ensure operation within all applicable requirements.

S04-003: Mercy Hospital of Philadelphia (501 South 54th Street, Philadelphia, PA 19143) for operation in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include one 20 mmBtu/hr boiler burning natural gas/No. 2 oil, two 15 mmBtu/hr boilers burning natural gas/No. 2 oil, two 15 mmBtu/hr boilers, and three standby generators burning No. 2 oil.

The operating permit will be issued under the Pennsylvania Code Title 25, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest or comments on the previous operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty days before the hearing.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department

at the address of the district mining office indicated above each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding Concerning Water Quality Management, NPDES Program Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on an NPDES permit application should submit a statement to the Department at the address of the district mining office indicated previously each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania*

Bulletin and a newspaper of general circulation within the relevant geographical area. In the case where a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal Applications Received

Effluent Limits—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (Total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l
pH ¹		greater than 6.0; less than 9.0	
Alkalinity greater than acidity ¹			

¹The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Permit revision (for a deviation from AOC backfilling to regrade and reclaim) to an existing bituminous surface mine located in Karthaus Township, **Clearfield County** affecting 449.8 acres. Receiving streams: Unnamed Tribu-

tararies to Saltlick Run and Upper Three Runs and Upper Three Runs classified for Cold Water Fisheries. Revision application received: August 12, 2010.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Long, 132 Dirt Pushing Drive, Martinsburg, PA 16662, commencement, operation and restoration of a small noncoal (industrial minerals) operation in North Woodbury Township, **Blair County**, affecting 2.0 acres. Receiving stream(s): unnamed tributary to Plum Creek. Application received: August 10, 2010.

Greensburg District Mining Office: Armbrust Professional Center, 8205 Route 819, Greensburg, PA 15601, 724-925-5500.

26050401 and NPDES Permit No. PA0250643. Laurel Aggregates, Inc. (P. O. Box 1209, Morgantown, WV 26507). NPDES renewal application for continued mining of a large noncoal surface mine, located in Springhill Township, **Fayette County**, affecting 107 acres. Receiving streams: unnamed tributaries to Rubles Run, classified for the following use: CWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Renewal application received: August 16, 2010.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of

this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Floodplain Management Act (32 P. S. § 679.302) and requests for certification under section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Notice of Prompt Interim Response

**Legler Plating Works Site
City of Erie, Erie County**

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act, 35 P. S. §§ 6020.101—6020.1305 (HSCA), has completed a prompt interim response at the Legler Plating Works Site (site). The site is located at 1602 Parade Street in the City of Erie, Erie County, PA. The deed describes the site owner as William P. Legler, but the site property is exposed to sale by Erie County for unpaid taxes. The site property includes an approximately 13,000 square foot building containing drums, plating tanks and other containers containing hazardous substances.

From at least 1975 until 2003, Legler Plating Works, Inc. operated as a metal plating manufacturing facility at this location which included, but was not limited to, vapor degreasing and metal plating operations. Wastes generated during operations included trichloroethylene, zinc cyanide, sodium cyanide, corrosive wastes and waste oil. Between 1998 and 2003 the Department noted violations at the Legler Plating Works facility associated with the mismanagement of hazardous waste. On May 15, 2002, Legler Plating Works, Inc. filed for Chapter 11 bankruptcy which was converted to a Chapter 7 bankruptcy in October 2003 at which time the assets were liquidated. No other business or entity has occupied the building since that time. There have been reports and some evidence that the building has been frequented by vagrants and trespassers seeking shelter.

On January 21, 2010, the Department inspected the site and observed that at least 21 55-gallon drums and numerous smaller containers of liquid and semi-solids were illegally stored on the first floor of the building and an undetermined volume of liquids and semisolids in deteriorated drums, smaller containers, and three plating tanks were stored in the basement of the building at the site. The containers either were not labeled or had labels which were not legible. William Legler confirmed the drums, containers and plating tanks remained from the Legler Plating Works operations, and had been there since the facility closed in 2003.

The routes of exposure of greatest concern for vagrants and trespassers included inhalation, ingestion and dermal

absorption of hazardous substances that could have been released through container rupture, spillage or leakage.

The main objectives for the prompt interim response at the site were:

- 1) protect the public and environmental receptors from direct contact risks associated with site-related hazardous substances; and
- 2) eliminate the ongoing release and threat of release of hazardous substances into the environment from the containerized waste.

The Department considered two alternatives for the prompt interim response at the site:

Alternative 1.

A "No Action" alternative provided a baseline for comparison to other alternatives. Because no action would be implemented, any present or future risks to human health, safety or the environment would remain unchanged.

Alternative 2.

This Alternative involved the characterization, removal and proper disposal of containerized wastes at a proper off-site facility.

The Department chose to implement Alternative 2 as the prompt interim response at the site. Alternative 2 was selected because it would, in the most cost effective manner, protect the public and environmental receptors from the risks associated with the hazardous substances at the site.

This notice is being provided under section 506(b) of HSCA. The administrative record, which contains the information that forms the basis for, and documents the selection of this response action, is available for public review and comment. The administrative record is located at the Department's Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, and is available for review Monday through Friday from 8 a.m. until 4 p.m.

The administrative record will be open for comment from September 4, 2010, until December 3, 2010. Persons may submit written comments into the record during this time only, by sending them to the site Project Manager, Charles L. Tordella, at the Department's Northwest Regional Office, or by delivering them to that office in person.

In addition, persons may submit oral comments, for inclusion in the administrative record, at a public hearing. The Department will schedule such a hearing between October 4 and November 3, 2010, if requested by one or more members of the public. Persons wishing to present comments at such a hearing must register with the Department's Community Relations Coordinator, Freda Tarbell before September 20, 2010, at (814) 332-6945 or in writing to the Northwest Regional Office. If no person requests to present oral comments by the date specified previously, a hearing will not be held. Persons interested in finding out if anyone has registered, and if a hearing will be held, should contact Freda Tarbell at the telephone number previously noted.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should call Freda Tarbell at the telephone number noted previously or through the Pennsylvania AT&T Relay Service at 1-800-654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Northeast Region: Environmental Cleanup Program, 2 Public Square, Wilkes-Barre, PA 18711-0790.

UGI East Northampton Street (UGI-PNG Empire Garage), 511 East Northampton Street, Wilkes-Barre City, **Luzerne County**. Jeffrey C. Thomas, EPSYS, LLC, 1414 North Cameron Street, Harrisburg, PA 17103 has submitted a Final Report (on behalf of his client, UGI Penn Natural Gas, Inc., One UGI Center, Wilkes-Barre, PA 18711), concerning the remediation of soil found to have been impacted by used motor oil as a result of incidental drippings over several years, which were due to the manual transfers of oil into an aboveground storage tank. The Report was submitted to document attainment of the Statewide Health Standard for soil. A public notice regarding the submission of the Final Report was published in *The Times Leader* on July 30, 2010.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to

establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Northeast Region: Regional Environmental Cleanup Program, 2 Public Square, Wilkes-Barre, PA 18701-1915.

A. Warner 1H/2H Well Site, Dimock Township, **Susquehanna County**. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Floodplain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 P. S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

SPECIAL NOTICES

Abandoned Strip Mine Project

*Knox District Mining Office: P. O. Box 669, 310 Best
 Avenue, Knox, PA 16232-0669, 814-797-1191.*

Under Act 181 of 1984, the Department of Environmental Protection solicits letters of interest from the landowner and licensed mine operators for the reclamation of an abandoned strip mine project identified as Project No. PBF 33830117.2, located in Pinecreek Township, Jefferson County.

Gurosik Coal Company, Inc., Permit No. 33830117 on the Guido and Janice Malacarne property, requires construction of about 1,700 feet of access road and a passive acid mine drainage treatment system consisting of a subsurface mixed mingle collection system, two upflow limestone columns, detention basin, aquatic wetland and polishing pond.

Letters of interest must be received by Joseph Ferrara, Compliance Manager, Department of Environmental Protection, P. O. Box 669, Knox, PA 16232, no later than 4 p.m. September 10, 2010, to be considered. Telephone inquiries shall be directed to Joseph Ferrara at 814-797-1191.

*Department of Transportation—
School Bus Drivers;
Regulation No. 18-411 (#2704)*

On June 18, 2008, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation (Department). This rulemaking amends 67 Pa. Code Chapter 71. The proposed regulation was published in the June 28, 2008 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on July 7, 2010.

This regulation updates and clarifies existing provisions that set forth eligibility requirements for school bus drivers who have diabetes mellitus.

We have determined this regulation is consistent with the statutory authority of the Department (75 Pa.C.S. § 1509) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

*Department of Transportation—Physical and
Mental Criteria, Including Vision Standards
Relating to the Licensing of Drivers;
Regulation No. 18-410 (#2705)*

On June 18, 2008, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation (Department). This rulemaking amends 67 Pa. Code Chapter 83. The proposed regulation was published in the June 28, 2008 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on July 7, 2010.

This regulation updates the minimum medical requirements and standards for drivers with diabetes mellitus, including physician reporting requirements and waivers for disqualification of drivers under certain circumstances.

We have determined this regulation is consistent with the statutory authority of the Department (75 Pa.C.S. §§ 1517, 1518 and 6103) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

*State Board of Social Workers, Marriage/Family
Therapists and Professional Counselors—
Code of Ethical Practice and Standards of
Professional Conduct; Regulation No. 16A-6911 (#2701)*

On June 4, 2008, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Social Workers, Marriage/Family Therapists and Professional Counselors (Board). This rulemaking amends 49 Pa. Code Chapters 47, 48 and 49. The proposed regulation was published in the June 14, 2008 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on July 14, 2010.

This regulation sets forth ethics and professional conduct standards for the Board's licensees.

We have determined this regulation is consistent with the statutory authority of the State Board (63 P.S. § 1906(2)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

*Environmental Quality Board—
Water Quality Standards Implementation;
Regulation No. 7-451 (#2821)*

On February 3, 2010, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (Board). This rulemaking amends 25 Pa. Code Chapter 96. The proposed regulation was published in the February 13, 2010 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on July 16, 2010.

This regulation provides methods for facilities subject to limits for nitrogen, phosphorus and sediment to meet those limits by working with other facilities and/or nonpoint sources. The regulation also assists with achievement of Chesapeake Bay nutrient reduction goals from the agriculture sector. Finally, it codifies, with revisions, the Department of Environmental Protection's existing guidance on nutrient and sediment credit trading.

We have determined this regulation is consistent with the statutory authority of the Board (35 P.S. §§ 691.5(b), 691.202, 691.307 and 691.402) and the intention of the General Assembly. Having considered all of the other

criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

*Environmental Quality Board—
National Pollutant Discharge Elimination System
(NPDES) Permitting, Monitoring and Compliance;
Regulation No. 7-443 (#2819)*

On January 27, 2010, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (Board). This rulemaking deletes 25 Pa. Code Chapter 92 and replaces it with Chapter 92a. The proposed regulation was published in the February 13, 2010 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on July 16, 2010.

This final regulation updates the National Pollutant Discharge Elimination Systems permitting program for point source discharges of treated wastewater and stormwater.

We have determined this regulation is consistent with the statutory authority of the Board (35 P. S. § 691.5(b)(1)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Approval Order

Public Meeting held
August 19, 2010

Commissioners Voting: Arthur Coccodrilli, Chairperson; George D. Bedwick, Vice Chairperson; S. David Fine-man, Esq., by Phone; Silvan B. Lutkewitte, III; John F. Mizner, Esq.

*Environmental Quality Board—
Outdoor Wood-Fired Boilers;
Regulation No. 7-444 (#2802)*

On October 6, 2009, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (Board). This rulemaking amends 25 Pa. Code Chapters 121 and 123. The proposed regulation was published in the October 17, 2009 *Pennsylvania Bulletin* with a 79-day public comment period. The final-form regulation was submitted to the Commission on July 16, 2010.

This final-form rulemaking establishes particulate matter emission standards, setback, stack height, and allowable fuel requirements for installed outdoor wood-fired boilers (OWBs). It provides exemptions for existing

OWBs, OWBs shipped and used outside of the Commonwealth, and existing inventory sold or received before June 1, 2010.

We have determined this regulation is consistent with the statutory authority of the Board (35 P. S. §§ 4004.2 and 4005(a)(1)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Approval Order

August 19, 2010

Commissioners Voting: Arthur Coccodrilli, Chairperson; George D. Bedwick, Vice Chairperson; S. David Fine-man, Esq., by Phone; Silvan B. Lutkewitte, III; John F. Mizner, Esq.

*State Board of Education—
Academic Standards and Assessment;
Regulation No. 6-322 (#2859)*

On July 16, 2010, the Independent Regulatory Review Commission (Commission) received this regulation from the State Board of Education (Board). This rulemaking amends 22 Pa. Code Chapter 4. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

The rulemaking revises academic standards in Reading, Writing, Speaking and Listening and Mathematics, with full implementation of the standards by July 1, 2013.

We have determined this regulation is consistent with the statutory authority of the Board (24 P. S. §§ 26-2603-B(d), (k) and 26-2606-B) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

*Department of Agriculture—Canine Health
Board Standards for Commercial Kennels;
Regulation No. 2-170 (#2785)*

On September 1, 2009, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Agriculture (Department). This rulemaking deletes the Statement of Policy at 7 Pa. Code Chapter 28 and replaces it with a regulation at 7 Pa. Code 28a. The proposed regulation was published in the September 12, 2009 *Pennsylvania Bulletin* with a 45-day public comment period. The final-form regulation was submitted to the Commission on July 14, 2010.

This regulation establishes requirements and standards for the ventilation, lighting and flooring of primary enclosures for commercial dog kennels pursuant to the directives of Act 119 of 2008.

We have determined this regulation is consistent with the statutory authority of the Department (3 P. S. § 459-221(g)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Notice to Medical Malpractice Insurance Carriers and Self-Insured Health Care Providers

Insurance companies that offer basic limits medical malpractice coverage are required to report medical malpractice claims information to the Insurance Department (Department) for insureds who are subject to the Medical Care Availability and Reduction of Error (MCARE) Act (act) (40 P. S. §§ 1303.101—1303.910). Organizations and physicians that self-insure their medical malpractice exposures are also required to report this claims informa-

tion. These reports are required under section 743 of 40 P. S. § 1303.743.

The claims information must be reported to MCARE and to the Department. The following calendar year 2009 claims information is due to MCARE and the Department by October 15, 2010:

- The aggregate amount of premium earned.
- The aggregate amount of losses paid.
- The aggregate amount of losses incurred.
- The aggregate amount of loss reserves outstanding.
- The aggregate amount of loss adjustment expenses paid.
- The aggregate amount of loss adjustment expenses incurred.
- The aggregate amount of loss adjustment expense reserves outstanding.
- A table showing separately by accident year and county the number of claims first reported (or arising) in 2009.
- A table showing separately by accident year and disposition (that is, judgment of arbitration panel, judgment of court, settlement or other) the number of claims closed by county (or disposed) in 2009.
- A separate table for each type of disposition previously identified showing for claims closed (or disposed) in 2009 separately by accident year: the number of claims closed (or disposed) with payment; the total losses incurred for those claims closed with payment; and the basic coverage premiums collected.

Reports must be submitted as an Excel spreadsheet. An e-mail has been sent instructing medical malpractice carriers to submit their 2009 data.

Medical malpractice carriers who have not received a letter should contact Bojan Zorkic, Actuarial Associate, 1311 Strawberry Square, Harrisburg, PA 17120, (717) 787-6968, bzorkic@state.pa.us. Questions should be directed to Bojan Zorkic.

Parties may appear with or without counsel and offer relevant testimony or other relevant evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Doc. No. C-2010-2133715, A-00119211

NOTICECOMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings, which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Zahrah, Inc., Respondent, maintains a principal place of business at 2423 East Allegheny Avenue, Philadelphia, PA 19134.

2. That Respondent was issued a Certificate of Public Convenience by this Commission on October 9, 2002, at A-00119211.

3. That Respondent was advised by letter dated May 10, 2005, that its medallion authority was being transferred to the Philadelphia Parking Authority. At that time, Respondent was advised that its taxicab service which had an origin and destination outside of the City of Philadelphia remained subject to the regulatory oversight of the PA PUC.

4. That Respondent was advised by letter dated September 11, 2009, that it failed to file a valid tariff with this Commission as required by 52 Pa. Code § 23.11. Respondent was provided 60 days to file an acceptable tariff. To date, Respondent has not filed an acceptable tariff. The penalty is \$250.00.

Wherefore, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission fine Zahrah, Inc., the sum of two hundred and fifty dollars (\$250.00) for the illegal activity described in the complaint and order such other remedy as the Commission may deem to be appropriate.

Respectfully submitted,

Wendy J. Keezel, Chief of Enforcement
Motor Carrier Services & Enforcement Division
Bureau of Transportation and Safety
P. O. Box 3265
Harrisburg, PA 17105-3265

VERIFICATION

I, Wendy J. Keezel, Chief of Enforcement for the Motor Carrier Services and Enforcement Division of the Bureau of Transportation and Safety, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect the Bureau will be able to prove the same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Motor Carrier Services and Enforcement
Bureau of Transportation and Safety

A. You must file an answer within twenty (20) days of the date of service of this complaint. The date of service is the mailing date as indicated at the top of the Secretarial cover letter for this complaint and notice, 52 Pa. Code § 1.56(a). An answer is a written explanation of circumstances wished to be considered in determining the outcome. The answer shall raise all factual and legal arguments that you wish to claim in your defense and must include the reference number of this complaint. Your answer must be verified and the original and three (3) copies sent to:

James J. McNulty, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

B. If you fail to answer this complaint within twenty (20) days of the date of service, the Bureau of Transportation and Safety will request that the Commission issue a Secretarial Letter imposing a penalty. Each day you continue to violate any regulation, direction, requirement or Order of the Commission is a separate and distinct offense, subject to additional penalties.

C. You may elect not to contest this complaint by filing an acceptable tariff and by paying the fine proposed in this Complaint by certified check or money order. The tariff must be filed with the:

Compliance Office, Bureau of Transportation
and Safety
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

The fine payment must be made to the Commonwealth of Pennsylvania and should be forwarded to:

James J. McNulty, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

Your payment is an admission that you committed the alleged violation and an agreement to cease and desist from further violations. Upon receipt of an acceptable tariff and payment of the proposed fine, the complaint proceeding shall be closed.

D. If you file an Answer, which admits or fails to deny the allegations of the Complaint, the Bureau of Transportation and Safety will request that the Commission issue a Secretarial Letter imposing a penalty.

E. If you file an Answer which contests the Complaint, the matter will be assigned to an Administrative Law Judge for hearing and decision. The judge is not bound by the optional fine set forth above.

F. If you have questions regarding this Complaint or if you would like an alternative format to this Complaint (for persons with disabilities), please contact the Compliance Office at (717) 787-1227.
