READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Amendment to Proclamation of January 31, 2011

March 10, 2011

Whereas, on January 31, 2011, I declared an emergency declaration due to a winters storm, accompanied by substantial accumulations of snow and ice that impacted the Commonwealth of Pennsylvania with severe weather conditions; and

Whereas, the winter storm conditions, which included heavy snowfall and ice, have resulted in road closures, community public safety delays, property damage, and other adverse impacts upon the population of the Commonwealth; and

Whereas, these severe winter weather conditions have continued throughout February and March 2011 with additional snowfall thereby further accumulating on the existing snowpack; and

Whereas, heavy rain that began on March 9, 2011, may cause localized flooding to occur in certain creeks and streams causing severe damage to roads, streets, bridges, private homes, businesses and pose other adverse life safety impacts upon the general population of the Commonwealth; and

Whereas, it is anticipated that these severe storms, consisting of heavy rainfall, exacerbated by melting snow, may cause further extensive flooding on the major river systems of the Commonwealth; and

Whereas, investigations by state agencies of recently developing conditions indicate that additional resources of the Commonwealth may be needed to assist county and municipal efforts to mitigate and contend with the magnitude and severity of this continuing and expanding disaster emergency.

Now Therefore, Pursuant to the provisions of Subsection 7301(c) of the Emergency Management Services Code (35 Pa.C.S.A. Section 7101 et seq. as amended), I do hereby amend my Proclamation of January 31, 2011, as follows:

1. All state agencies are directed to render additional resources as is necessary to assist county and municipal efforts to mitigate and contend with the magnitude and severity of this continuing and expanding disaster emergency.
2. The provisions of the January 31, 2011 shall remain in effect.
3. This Amendment to Proclamation shall take effect immediately.

Given under my hand and the Seal of the Governor, at the City of Harrisburg, this tenth day of March in the year of our Lord two thousand eleven of the Commonwealth the two hundred and thirty-fifth.

Governor

Title 4—ADMINISTRATION

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CH. 6]

[EXECUTIVE ORDER NO. 2011-01]

Governor's Marcellus Shale Advisory Commission

March 8, 2011

Whereas, The Commonwealth of Pennsylvania is fortunate to have one of the most abundant and diverse mineral resource fields in the world, including the Marcellus Shale natural gas reserves; and

Whereas, innovative technological advances in drilling, mining methods, equipment and water protection and treatment have made development of gas in the Marcellus Shale and other unconventional natural gas reserves possible; and

Whereas, in 2010, Commonwealth taxpayers and communities received more than \$600 million in state and local tax revenue from Marcellus Shale; and

Whereas, Marcellus Shale offers tremendous economic and energy independence opportunities for the Commonwealth; and

Whereas, the Commonwealth takes seriously its responsibility to ensure the development of natural gas in a manner that protects the environment and safeguards the health and welfare of its citizens; and

Whereas, the responsible development of natural gas resources will position the Commonwealth in the global marketplace as a world leader in energy supply and reduce our dependence on foreign oil; and

Whereas, it has been determined that the Governor and the Commonwealth would benefit from the advice and counsel of an official advisory commission comprised of key stakeholders, including experts from the environmental community, natural gas industry, local government representatives and state government officials.

Now, Therefore, I, Tom Corbett, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby establish the Governor's Marcellus Shale Advisory Commission as hereinafter set forth.

Governor

Fiscal Note: 2011-01. No fiscal impact; (8) recommends adoption.

Complaints filed directly with the Board shall be forwarded to the Office of Chief Disciplinary Counsel for assignment to a district office.

Official Note: In order to avoid the commingling of prosecutorial and adjudicative functions, which would be a violation of due process, *see Lyness v. Com. of Pa., State Board of Medicine*, 529 Pa. 535, 605 A.2d 1204 (1992), the Office of Disciplinary Counsel is charged with the duty of investigating and prosecuting all disciplinary matters subject to adjudication by the Board. *See Enforcement Rule 208(a)(1), (a)(2)(iv)*. Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CH. 3]

Order Amending Rule 320 of the Rules of Criminal Procedure; No. 400 Criminal Procedural Rules Doc.

Order

Per Curiam

And Now, this 14th day of March, 2011, upon the recommendation of the Criminal Procedural Rules Com-

mittee; the proposal having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3) in the interests of justice and efficient administration, and a Final Report to be published with this *Order*:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Pennsylvania Rule of Criminal Procedure 320 is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective April 1, 2011.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 3. ACCELERATED REHABILITATIVE DISPOSITION (ARD)

PART B. Court Cases

Rule 320. Expungement Upon Successful Completion of ARD Program.

(A) When the judge orders the dismissal of the charges against the defendant, the judge **also** shall [**also**] order the expungement of the defendant's arrest record, subject to the provisions of paragraph (B). **The expungement order shall contain the same information that is required in Rule 490(C) in summary cases and Rule 790(C) in court cases.**

(B) If the attorney for the Commonwealth objects to the automatic expungement, the objections shall be filed with the judge, together with the objections to dismissal, if any, within 30 days after service of a motion for dismissal under Rule 319, and copies of the objections shall be served on the defendant or the defendant's attorney.

(C) If the objections are filed, the judge shall hold a hearing on the objections, affording all parties an opportunity to be heard.

Comment

The cases have held that a defendant's arrest record shall be expunged upon successful completion of an ARD program, unless the Commonwealth presents compelling reasons why the arrest record should be retained. *See, e.g., Commonwealth v. Armstrong*, 495 Pa. 506, 434 A.2d 1205 ([Pa.] 1981). *Cf., Commonwealth v. Wexler*, 494 Pa. 325, 431 A.2d 877 ([Pa.] 1981). For processes and limitations with regard to expungement generally, see Section 9122 of the Criminal History Record Information Act, 18 Pa.C.S. § 9122 [(1983)]. *See also*, Vehicle Code, §§ [543] 1534(b) and [3731(e)(2)] 3807, added by 75 Pa.C.S. §§ 1534(b) and [3731(e)(2)] 3807.

Official Note: Rule 186 adopted April 10, 1989, effective July 1, 1989; renumbered Rule 320 and amended March 1, 2000, effective April 1, 2001; **amended March 14, 2011, effective April 1, 2011.**

Committee Explanatory Reports:

Final Report explaining the March 1, 2000 reorganization and renumbering of the rules published with the Court's Order at 30 Pa.B. [1477] 1478 (March 18, 2000).

Final Report explaining the March 14, 2011 amendments to paragraph (A) adding the cross reference to Rules 490 and 790 published with the Court's Order at 41 Pa.B. 1760 (April 2, 2011).

FINAL REPORT¹
Amendments to Pa.R.Crim.P.320
Expungement of ARD Cases

On March 14, 2011, effective April 1, 2011, upon the recommendation of the Criminal Procedural Rules Committee, the Court amended Rule of Criminal Procedure 320 (Expungement Upon Successful Completion of ARD Program). The amendments clarify that the orders for expungement in Accelerated Rehabilitative Disposition (“ARD”) cases must contain the same contents as expungement orders for summary cases set forth in Rule 490 and for court cases set forth in Rule 790.

I. Background

The Court on September 22, 2010 adopted new Rules of Criminal Procedure 490 and 790. The new rules establish the procedures for expunging summary and court case records, and include the information that is required to be in the expungement order. At the same time, the Court rescinded Rule 722 as no longer necessary with the adoption of the new rules. Rule 722 had set forth the contents of all expungement orders.

When the Committee developed the proposal for new Rules 490 and 790, we agreed that the provisions for expungement following completion of ARD should continue to be handled separately under Rule 320. Rule 320 provides, *inter alia*, “[w]hen the judge orders the dismissal of the charges against the defendant, the judge shall also order the expungement of the defendant’s arrest record.” The rule does not include a provision concerning the contents of the expungement order.

Former Rule 722 required that every expungement order include all the information set forth in the rule. The Rule 722 Comment emphasized this requirement stating “[t]his rule sets forth the information that must be included in every expungement order . . .” With the rescission of Rule 722 and the specific exclusion of ARD expungement from new Rules 490 and 790, the rules no longer provide what information is to be included in the ARD expungement order. This oversight on the part of the Committee has caused a good deal of confusion for the bench and bar in the short time period since the new rules and the Rule 722 rescission went into effect. It also is causing delays in the completion of the ARD expungements.

The Committee agreed that the required contents for expungement orders set forth in Rule 490(C) for summary case expungements and in Rule 790(C) for court case expungements also should be required for ARD expungement orders. To accomplish this, references to Rules 490(C) and 790(C) have been added to Rule 320(A). This addition makes it clear that ARD expungement orders must include all the information that is required by Rule 490(C) in summary case ARD expungements and by Rule 790(C) in court case ARD expungements. This change will reduce the confusion being experienced by some common pleas court judges, court administration, the bar, and pro se defendants, and will reduce the delays in completing ARD expungements.

[Pa.B. Doc. No. 11-551. Filed for public inspection April 1, 2011, 9:00 a.m.]

¹ The Committee’s Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee’s Comments or the contents of the Committee’s explanatory Final Reports.

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CHS. 135 AND 147]

Lands and Buildings; Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its February 1, 2011, meeting, amended § 135.181 (relating to rifle and handgun ranges) and added Chapter 147, Subchapter Z (relating to State game lands range permits) to require users of shooting ranges on State game lands to possess either a valid Pennsylvania hunting or furtaker license or a Commission-issued range permit. The Commission also amended § 135.41 (relating to State game lands) to redirect target shooting activities of all unlicensed individuals to designated State game land ranges.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 6685 (November 20, 2010).

1. Purpose and Authority

Over the past few years, the Commission has made large investments in its various shooting ranges on State game lands across this Commonwealth. These investments have taken the form of lead remediation, safety barrier reconstruction, shooting range redesign and other related projects. These investments came at a high cost but kept many shooting ranges open and available to the public. Historically, hunters and furtakers have provided most if not all of the resources for keeping the Commission's shooting ranges open to the public through their license dollars. Additionally, the open use of game lands for shooting activities by those not licensed or otherwise permitted has resulted in situations when persons have used ranges and game lands for illicit activities. The Commission has made amendments to regulate unlicensed recreational shooters to accomplish the twin goals of having those unlicensed persons contribute toward the cost of the program and to better quantify and control use of State game lands and game land ranges. To this end, the Commission amends § 135.181 and adds Chapter 147, Subchapter Z to require users of shooting ranges on State game lands to possess either a valid Pennsylvania hunting or furtaker license or a Commission-issued range permit. The Commission also amends § 135.41 to redirect target shooting activities of unlicensed individuals to designated State game land ranges. These changes will not result in increased cost or change in privileges for licensed hunters and furtakers.

Section 721(a) of the code (relating to control of property) provides "The administration of all lands or waters owned, leased or otherwise controlled by the commission shall be under the sole control of the director, and the commission shall promulgate regulations . . . for its use and protection as necessary to properly manage these lands or waters." Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issu-

ance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to §§ 135.41 and 135.181 and the addition of Chapter 147, Subchapter Z are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 135.181 and adds Chapter 147, Subchapter Z by replacing and creating language to require users of shooting ranges on State game lands to possess either a valid Pennsylvania hunting or furtaker license or a Commission-issued range permit. The final-form rulemaking also amends § 135.41 by adding language to redirect target shooting activities of unlicensed individuals to designated State game land ranges.

3. Persons Affected

Persons engaged in target shooting activities on State game lands or designated ranges may be affected by the final-form rulemaking.

4. Comment and Response Summary

The Commission received a total of eight official written comments concerning this final-form rulemaking. One written comment supported a higher range fee for non-residents than provided for in the proposed rulemaking. One written comment supported a lower range fee than provided for in proposed rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

GAME COMMISSION

[58 PA. CODE CH. 141]

Hunting and Trapping; Prohibited Devices

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its February 1, 2011, meeting, added § 141.68 (relating to prohibited devices) to specifically prohibit the usage of fishing hooks or snagging hooks or other devices that are not lawful traps, firearms, bows or crossbows from being utilized during licensed trapping activities.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 6685 (November 20, 2010).

1. Purpose and Authority

The Commission has recently identified anecdotal evidence of the usage of fishing or snagging hooks in certain trapping activities. While this practice has never been accepted by the Commission or the broader trapping community as an acceptable device for the harvesting of furbearers, current applicable statutes and regulations do not expressly prohibit their usage. The Commission adds § 141.68 to specifically prohibit the usage of fishing hooks or snagging hooks or other devices that are not lawful traps, firearms, bows or crossbows from being utilized during licensed trapping activities.

Section 2102(d) of the code (relating to regulations) provides "The commission shall promulgate regulations stipulating the size and type of traps, the type of firearms and ammunition and other devices which may be used, the manner in which and the location where the devices may be used, the species the devices may be used for and the season when the devices may be used." Section 141.68 is adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking adds § 141.68 by creating language to specifically prohibit the usage of fishing hooks or snagging hooks or other devices that are not lawful traps, firearms, bows or crossbows from being utilized during licensed trapping activities.

3. *Persons Affected*

Persons wishing to hunt or trap furbearers within this Commonwealth may be affected by the final-form rulemaking.

4. *Comment and Response Summary*

There were no official comments received regarding the final-form rulemaking.

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 141, are amended by adding § 141.68 to read as set forth at 40 Pa.B. 6685.

(b) The Executive Director of the Commission shall certify this order and 40 Pa.B. 6685 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

GAME COMMISSION [58 PA. CODE CH. 147] Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its February 1, 2011, meeting, amended § 147.673 (relating to eligibility and application for DMAP) to require that public landowners provide approved management plans along with applications and also advance applications date 1 month earlier.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 6687 (November 20, 2010).

1. *Purpose and Authority*

In April 2010, the Commission directed staff to review the Deer Management Assistance Program (DMAP) as it related to public landowners to enhance accountability for DMAP on public lands. Based upon this review, the Commission amends § 147.673 to require that public landowners provide an approved management plan along with applications. The Commission also advanced the application date 1 month earlier to allow staff adequate time to review and process DMAP applications in a timely manner as well as notify applicants about permit availability prior to the issuance of regular antlerless licenses.

Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to § 147.673 are adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends § 147.673 by replacing language to require that public landowners provide an approved management plans along with application and also advance the application date 1 month earlier.

3. *Persons Affected*

Persons engaged in DMAP white-tailed deer control activities may be affected by the final-form rulemaking.

4. *Comment and Response Summary*

The Commission received a total of two official written comments concerning this final-form rulemaking. Both written comments supported requiring public landowners to submit a written deer management plan with DMAP applications.

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

(2) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending § 147.673 to read as set forth at 40 Pa.B. 6687.

GAME COMMISSION
[58 PA. CODE CH. 147]
Special Permits; White-Tailed Deer

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its February 1, 2011, meeting, amended §§ 147.552 and 147.556 (relating to application; and lawful devices and methods) to create a focused, limited authorization permitting the baiting of white-tailed deer in wildlife management units (WMUs) 5C and 5D on approved properties enrolled in the Red Tag Program.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 40 Pa.B. 6689 (November 20, 2010).

1. *Purpose and Authority*

On March 31, 2010, the Commission's 3-year evaluation of the effectiveness of a broad scale and widely accessible authorization permitting the baiting of white-tailed deer across the southeast special regulations areas expired.

The Commission's final review of the baiting authorization generally concluded that broad scale and widely accessible baiting did not establish viable increases in harvest rates to justify an extension of the experimental program. In furtherance of the Commission's continuing efforts to find effective tools to manage the population on agriculture lands in this Commonwealth, the Commission amends §§ 147.552 and 147.556 to create a focused, limited authorization permitting the baiting of white-tailed deer in WMUs 5C and 5D on approved properties enrolled in the Red Tag Program.

Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to §§ 147.552 and 147.556 are adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends §§ 147.552 and 147.556 by adding language to create a focused, limited authorization permitting the baiting of white-tailed deer in WMUs 5C and 5D on approved properties enrolled in the Red Tag Program.

3. *Persons Affected*

Persons engaged in Red Tag white-tailed deer control activities in WMUs 5C and 5D may be affected by the final-form rulemaking.

4. *Comment and Response Summary*

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending §§ 147.552 and 147.556 to read as set forth at 40 Pa.B. 6689.

PROPOSED RULEMAKING

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 521, 526,
527, 601a, 609a AND 611a]

General Table Games Provisions; Credit; Table Game Minimum Training Standards

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 13A02, 13A27, 1701 and 1702 proposes to rescind Chapters 521, 526 and 527 (relating to general provisions; credit; and minimum training standards) and adopt Chapters 601a, 609a and 611a (relating to general table games provisions; credit; and table game minimum training standards) to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

Under 4 Pa.C.S. § 13A03 (relating to temporary table game regulations), the Board initially adopted temporary regulations in Chapters 521, 526 and 527. With this proposed rulemaking, the Board is proposing to replace the temporary regulations in Chapter 521 with the permanent regulations in Chapter 601a, temporary regulations in Chapter 526 with the permanent regulations in Chapter 609a and the temporary regulations in Chapter 527 with the permanent regulations in Chapter 611a.

Explanation of Chapter 601a

Chapter 601a covers a broad range of requirements. Section 601a.1 (relating to definitions) contains definitions of terms that are used in multiple chapters in Subpart K (relating to table games).

Section 601a.2 (relating to table games Rules Submissions) requires certificate holders to submit and gain approval of a Rules Submission for every game they offer when the Board's regulations allow the certificate holders to select different procedures for the play of a game. In drafting the regulations for specific table games, the Board attempted to give certificate holders a great deal of flexibility so they can tailor their games to meet their patrons' desires. However, to monitor and enforce the rules regarding the play of table games effectively, the Board will need to know which features or options will be used for each game at each licensed facility. The use of the Rules Submission process, which is modeled on the process for the review of internal controls, will provide an effective mechanism to accomplish this.

Section 601a.3 (relating to request to offer a new table game or new feature for an existing table game) gives certificate holders a mechanism through which they can request permission to offer a new table game or add a new wager or feature to an existing game. The Board recognizes that as more jurisdictions permit table games, certificate holders may need to be able to add new games or modify existing games to maintain player interest and meet market demands. Under this section, certificate holders will be able to file a written request with the Board's Executive Director requesting permission to do either of these.

Similarly, § 601a.4 (relating to waiver of existing table game regulations) allows certificate holders to file a

petition to seek a waiver of the Board's table game regulations or a written request with the Board's Executive Director to offer an authorized table game on an electronic gaming table in a manner that is inconsistent with the Board's regulations. The provision on fully automated table games was added to address inconsistencies discovered between the Board's regulations and the play on electronic gaming tables, such as whether cards in Blackjack are dealt from left to right in live play or simultaneously in the electronic version. These inconsistencies, which typically do not affect the outcome of play, are more logically rectified by submission of a written request to the Board's Executive Director rather than a petition to the Board.

Section 601a.5 (relating to electronic, electrical and mechanical devices prohibited) prohibits the use of equipment for cheating. Section 601a.6 (relating to minimum and maximum wagers; additional wagering requirements) establishes the requirements for setting minimum and maximum wagers. Section 601a.7 (relating to rules of the games; notice) sets forth the notice requirements for table rules and establishes a 30-minute notice requirement to patrons prior to changing the minimum permissible wagers at a gaming table. The 30-minute notice is required under 4 Pa.C.S. § 13A02(3) (relating to regulatory authority). Section 601a.8 (relating to patron access to the rules of the games; gaming guides) requires certificate holders to make the rules of each table game offered available to the public and to develop a gaming guide which summarizes the rules.

Section 601a.9 (relating to table game taxes and gross table game revenue) echoes the requirement in the act of January 7, 2010 (P. L. 1, No. 1) (Act 1) which requires certificate holders to pay the tax on table game revenue to the Department of Revenue (Department) on a weekly basis on forms prescribed by the Department. In addition, it sets forth the procedures for calculating gross table game revenue for the following: all banking table games including electronic gaming tables which are not fully automated electronic table games; nonbanking table games; fully automated electronic table games; and contests or tournaments. It also reiterates the items in Act 1 that a certificate holder may deduct from the calculation of gross table game revenue.

Explanation of Chapter 609a

Section 609a.1 (relating to definitions) contains definitions for terms that are used in this chapter.

Section 609a.2 (relating to internal control requirements) requires certificate holders that elect to offer credit to patrons to include the procedures that the certificate holders will use as part of their internal controls submissions to the Board. This will allow the Board to review the procedures to verify that they comply with this chapter.

Section 609a.3 (relating to application and verification procedures for granting credit) contains the information that must be included in an application for credit filed by a patron and the procedures that the certificate holder shall follow to verify the information submitted by the patron including insuring that the patron is not on the voluntary credit suspension list, the self-exclusion list or the list of persons required to be excluded.

Section 609a.4 (relating to approval of credit limits) sets forth the requirements regarding the approval of

credit including: who is authorized to approve credit; what information shall be included in the patron's credit file regarding the approval; and the procedures to be followed when patrons request an increase in their credit limits.

Section 609a.5 (relating to derogatory information; reduction or suspension of credit) permits a certificate holder to reduce or suspend a patron's credit limit at any time. It also addresses a certificate holder's obligations concerning the receipt and reporting of derogatory information, requires the suspension of credit if a patron's check is returned and the procedures that shall be followed before a patron's credit may be reinstated.

Section 609a.6 (relating to additional reverification requirements) requires a certificate holder to verify a patron's credit information if the patron has not used credit within the last 24 months or when the certificate holder has reason to believe that some of the patron's information may have changed.

Section 609a.7 (relating to patron credit transactions) requires that credit transactions be recorded in the patron's credit file and lists the specific information regarding each transaction that must be included.

Section 609a.8 (relating to recordkeeping requirements) sets forth the recordkeeping requirements certificate holders will have to meet regarding Counter Checks and personal checks received for redemption or substitution for Counter Checks. Certificate holders are required to keep a log of all Counter Checks and related personal checks to track the issuance, redemption and substitution of Counter Checks.

Section 609a.9 (relating to voluntary credit suspension list) states that the Board will maintain and distribute to certificate holders a voluntary credit suspension list. This list is required under Act 1 and will contain the names and other relevant identifying information regarding individuals who have elected to be put on the list which will prohibit a certificate holder from extending credit to the individual.

Section 609a.10 (relating to request for voluntary credit suspension) sets forth the procedure an individual shall follow to be placed on the voluntary credit suspension list. To be put on the list, an individual will be required to fill out an application form (Request for Voluntary Credit Suspension) and present government-issued photo identification at a Board office.

Section 609a.11 (relating to reinstatement of credit and removal from the voluntary credit suspension list) sets forth the procedure an individual shall follow to be removed from the voluntary credit suspension list. To be removed from the list, an individual will be required to fill out a form requesting removal (Request for Removal from the Voluntary Credit Suspension List) and present government-issued photo identification. A request for removal from the list shall be submitted at one of the Board's offices.

Section 609a.12 (relating to duties of certificate holders) lists the obligations of certificate holders regarding the voluntary credit suspension list. Certificate holders will be required to do the following: maintain a current copy of the list; suspend the credit of an individual who is placed on the list; record the placement on or removal from the voluntary credit suspension list in a patron's credit file; and disseminate information about the voluntary credit suspension list program to patrons.

Section 609a.13 (relating to requirements for Counter Checks) establishes the specifications for Counter Checks,

which are the forms that are used to effectuate the issuance of credit. Section 609a.14 (relating to issuance and reconciliation of Counter Checks) sets forth the procedures certificate holders shall follow when issuing a Counter Check to a table game or slot patron.

Section 609a.15 (relating to redemption of Counter Checks) specifies the processes that can be used to redeem or partially redeem an outstanding Counter Check (either in person or through the mail) and requires that the redemption or partial redemption be recorded in the patron's credit file.

Section 609a.16 (relating to substitution of Counter Checks) sets forth the provisions governing the substitution of a personal check for a Counter Check. Section 609a.17 (relating to deposit of Counter Checks and personal checks substituted for Counter Checks) establishes the time frames within which an unredeemed Counter Check or personal check that has been substituted for a Counter Check shall be deposited.

Section 609a.18 (relating to collection of returned checks) sets forth the procedures that shall be met regarding a certificate holder's attempts to collect on a Counter Check or personal check that has been returned by the patron's bank.

Explanation of Chapter 611a

Chapter 611a sets forth the general minimum training or experience requirements that an individual shall have to meet to be a dealer or table games supervisor in this Commonwealth. Dealers will have to be trained in the table games they deal, either at a school or a licensed facility or have at least 6 months previous dealing experience in another jurisdiction. Supervisors shall have at least 2 years of employment as a dealer or table games supervisor (which currently would be out-of-State dealers or supervisors since table games have not been operational for 2 years in this Commonwealth) or 6 months of employment as a dealer within the same licensed facility where the dealer is applying to be a table games supervisor.

Section 611a.2 (relating to minimum proficiency requirements) lists the minimum hours of instruction required for different table games which must be included in the dealer school or certificate holder training programs. It also contains a requirement related to additional training on different game types and training on the proper use and control of dice, cards and tiles.

Section 611a.3 (relating to employee training by certificate holders) lists the areas that each certificate holder shall include as part of its in-house training of employees who are going to be dealers, including a requirement that dealers be trained in CPR, which is consistent with 4 Pa.C.S. § 1702(g) (relating to gaming school gaming equipment). In § 611a.4 (relating to submission of training programs to the Board) certificate holders are required to submit training programs to the Board.

Under § 611a.5 (relating to table test; employee personnel file), certificate holders will be required to have all prospective dealers pass a live table test before the dealers will be permitted to conduct table games on the gaming floor. Additionally, this section requires the certificate holder to document a dealer's training in the dealer's personnel file so that the Board can audit compliance with these requirements.

Affected Parties

Slot machine licensees that have elected to become certificate holders as well as gaming schools that are

independent of the slot machine licensee will be required to comply with these requirements.

The Board has experienced increased regulatory demands resulting from the implementation of table games including the review of Rules Submissions, gaming guides, floor plan changes, internal controls on credit and gaming school curriculum.

Fiscal Impact

Commonwealth. The Board will have to review each certificate holder’s table games rules submissions, gaming guides, internal controls on credit and gaming school curriculum. These reviews will be conducted by existing Bureau of Gaming Operations staff, so the Board does not project that it will incur significant cost increases as a result of this proposed rulemaking.

Political subdivisions. This proposed rulemaking will have no fiscal impact on political subdivisions of this Commonwealth. Host municipalities and counties will benefit from the local share funding mandated by Act 1.

Private sector. Regarding Chapter 601a, certificate holders will experience minor costs associated with the signage requirements for gaming tables and the production costs associated with the gaming guides. However, the Board does not expect these costs to be significant.

Regarding Chapter 609a, certificate holders that elect to offer credit to patrons will have to develop procedures governing the credit application process and procedures for administering credit and the use of Counter Checks. These procedures will be part of the certificate holder’s internal controls which shall be submitted to the Board for approval. Because credit must be interest free, the certificate holder will have to absorb costs regarding the issuance of credit.

Regarding Chapter 611a, this proposed rulemaking will result in additional costs for slot machine licensees that elect to become certificate holders. More specifically, certificate holders that elect to train its dealers in-house are required to hire trainers and purchase training equipment. While these costs are significant, they would vary from facility to facility and will be offset by the revenues generated from the table games.

General public. This proposed rulemaking will have no fiscal impact on the general public.

Paperwork Requirements

This proposed rulemaking will require certificate holders to do the following: post signs at gaming tables; have complete sets of rules for the games they offer available for public inspection; produce a gaming guide summarizing the rules of the games they offer; and file Rules Submissions for each table game they elect to offer. The Rules Submissions are standardized checklists for each game, are relatively simple to fill out and are available on the Board’s web site.

With regard to table game taxes, this proposed rulemaking and Act 1 require certificate holders to submit supporting documentation on forms prescribed by the Department with their weekly remittance of the tax on table game revenue.

Regarding Chapter 609a, certificate holders that elect to offer credit will be required to submit the paperwork necessary to update their internal controls. This chapter will also require certificate holders to properly account for counter checks and maintain supporting documentation regarding credit transactions.

With respect to Chapter 611a on table game training, a certificate holder that conducts in-house training must submit its curriculum to the Board for approval.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

I authorize (insert the name of the certificate holder) to conduct any investigations necessary for the approval of my credit limit. I am aware that this application is required by the regulations of the Pennsylvania Gaming Control Board. I understand that a Counter Check issued by (insert name of certificate holder) is identical to a personal check and may be deposited or presented for payment to my bank or other financial institution. I acknowledge that willfully drawing or passing a credit instrument with the intent to defraud, including knowing there are insufficient funds in my account, is a crime in this Commonwealth that may result in criminal prosecution. I am also aware that providing false or misleading statements or omitting information on this application may subject me to civil or criminal penalties.”

(b) Upon receipt of an application for credit, a confidential credit file for that patron containing the information required under subsection (a) shall be prepared by a credit clerk either manually or by computer prior to the certificate holder’s approval of a patron’s credit limit. Patron credit limits including any changes to the credit limit must be supported by the information contained in the patron’s credit file.

(c) Prior to a certificate holder’s approval of a patron’s credit limit, a credit clerk shall:

(1) Verify the address of the patron’s residence. Verification of the address of the patron’s residence shall be satisfied by confirming the patron’s address with a credit bureau or bank. If neither of these sources has the patron’s address on file or will not provide the information, the credit clerk may use an alternative source which may not include any identification credentials or other documentation presented by the patron at the licensed facility. The credit clerk shall record the source of verification and the method by which the verification was performed in the patron’s credit file. Verification of the patron’s address may be performed telephonically.

If casino credit information relating to the patron is not available from these sources, this fact shall be noted in the patron's credit file. The verification may be performed telephonically prior to the credit approval provided the credit clerk requests written documentation of the information as soon as possible and includes written documentation of the request in the patron's credit file. Requests for written documentation shall be maintained in the patron's credit file until the documentation is obtained.

(3) Verify the patron's outstanding indebtedness. Verification of the patron's outstanding indebtedness shall be performed by contacting a consumer credit bureau, which is reasonably likely to possess information concerning the patron, and a casino credit bureau to determine whether the applicant has any liabilities or if there is any derogatory information concerning the patron's credit history. If contact with a consumer and casino credit bureau is not immediately possible, the credit clerk may use an alternative source which has made the required contact. The credit clerk shall record the source of verification and the method by which the verification was performed in the patron's credit file. If either one or both of these credit bureaus do not have information relating to a patron's outstanding indebtedness, this fact shall be recorded in the patron's credit file. The verification may be performed telephonically prior to the credit approval provided the credit clerk requests written documentation of the information obtained as soon as possible and includes written documentation of the request in the patron's credit file. A bank verification service utilized by a certificate holder may make use of another bank verification service to make direct communication with the patron's bank. If the information is not immediately available, the credit clerk may use an alternative source. The credit clerk shall record the source of verification and the method by which the verification was performed in the patron's credit file. The verification may be performed telephonically prior to the credit approval provided the credit clerk

or bank verification service requests written documentation of the information obtained as soon as possible and the request for written documentation is included in the patron's credit file. Requests for written documentation shall be maintained in the patron's credit file until the documentation is obtained. If a bank verification service is used as a primary source of verification, either directly by a certificate holder or by another bank verification service, each service and the certificate holder shall record the date that the patron's personal checking account information was obtained from the bank by the service.

(e) A certificate holder may only request credit information concerning a patron from another certificate holder if the patron has credit or has applied for credit with the certificate holder. When requesting credit information on a patron from another certificate holder, the requesting certificate holder shall provide the patron's name, address of the patron's residence and the name and location of the patron's bank with the request. Upon receipt of this information, the certificate holder receiving the request shall furnish to the requesting certificate holder any credit information in its possession concerning the patron.

(f) Unless a patron has already established a patron signature file under § 465a.20(c) (relating to personal check cashing), a patron who has been approved for credit may not be issued a Counter Check until the certificate holder has established a signature file for the patron in accordance with § 465a.20(c).

§ 609a.4. Approval of credit limits.

(1) Two or more employees holding the job positions of credit manager, assistant credit manager, credit shift manager, credit executive or other key employee in a direct reporting line above the credit manager.

(2) A credit committee composed of at least two of the employees in paragraph (1) which may approve credit as a group.

(b) The approval of credit shall be recorded in the patron's credit file and include:

Upon arrival at the licensed facility, the employee who verbally approved a patron's credit limit shall sign and date the patron's credit file.

(c) Prior to approving a credit limit increase, an employee of the certificate holder's credit department shall:

(1) Obtain a written request from the patron which includes:

- (i) The date and time of the patron's request.

(3) Consider the patron's player rating based on a continuing evaluation of the amount and frequency of play subsequent to the patron's initial receipt of credit.

(4) Include the information and documentation required under paragraphs (1)—(3) in the patron's credit file.

§ 609a.5. Derogatory information; reduction or suspension of credit.

(a) A certificate holder may reduce or suspend a patron's credit limit at any time.

(b) Derogatory information concerning a patron's credit account shall be reported by each certificate holder on a daily basis to the casino credit bureau used by the certificate holders. Each certificate holder shall request written documentation of any derogatory information pertaining to its patrons to be reported to that certificate holder on a daily basis by the casino credit bureau used by the certificate holders. Description of Existing Activity: The Department is proposing to amend the Scranton Sewer Authority's NPDES Permit for the discharge of treated sewage to the Lackawanna River. The effluent limits are based upon a design discharge rate of 20 MGD. The current permit was issued on September 21, 2009, became effective on October 21, 2009, and expires on September 30, 2014. The purpose of the amendment is to revise the final Total Residual Chlorine (TRC) effluent limitations contained in the permit based upon a Site Specific Chlorine Demand Study (Study) and in accordance with the stipulation of settlement entered into on March 2, 2011 in the matter of Scranton Sewer Authority v. DEP, EHB Docket No. 2010-043-M. Based upon the Study, the TRC effluent limitations will be revised to 0.37 mg/l monthly average and 1.35 mg/l instantaneous maximum effective upon issuance. The proposed permit amendment has been drafted using an updated permit template that reflects the Chapter 92a Regulations that became effective on October 9, 2010. The Discharge Monitoring Report and Supplemental forms have also been updated. There are no other substantive changes to the permit.

The receiving stream, Lackawanna River, is located in State Water Plan Basin 5A and is classified for Cold Water Fishes, aquatic life, water supply and recreation. The discharge is not expected to affect public water supplies.

The EPA waiver is not in effect.

PA0053147-A1, Sewage, SIC Code 4952, **Upper Saucon Sewage Treatment Authority**, 5500 Camp Meeting Road, Center Valley, PA 18034-9444. Facility Name: Upper Saucon Township Wastewater Treatment Plant. This existing facility is located in Upper Saucon Township, **Lehigh County**.

Description of Activity: The Department is proposing to amend an NPDES permit for an existing discharge of treated sewage to Saucon Creek, in Watershed 2-C.

Under 25 Pa. Code § 16.24, the Department of Environmental Protection (Department) proposes to amend the permit by incorporating the results of a Water-Effect Ratio (WER) study into the calculation of the water quality based effluent limits for copper. The WER is a biological determination of a site-specific aquatic life criterion, determined by conducting toxicity testing on sensitive aquatic species using site or simulated site water and comparing it to testing performed using lab dilution water. The WER procedure recognizes that the physical and chemical characteristics of site water can influence the toxicity of a chemical on aquatic life. A Toxics Reduction Evaluation (TRE) dated March 2010, including a Water-Effect Ratio analysis, was submitted by the permittee in accordance with the permit conditions. A TRE Addendum

dated September 15, 2010 was submitted by the permittee and the WER study was approved by the Department and the Environmental Protection Agency (EPA) on November 4, 2010 as the basis for establishing site-specific criteria for copper.

Alternate site-specific criteria for copper have been developed by multiplying the fish and aquatic life copper criteria contained in Chapter 93, § 93.8c Table 5, by a WER of 2.53. As a result of the site-specific criteria, the copper effluent limitations are being removed from the permit and replaced with a "report" requirement. This change will affect the copper limits of the permittee's discharge only.

In addition, the amended permit includes the following revisions to the major special conditions:

1. Removal of the copper TRE condition since this requirement has been satisfied.
2. Continuation of WET testing on a semi-annual rather than quarterly basis, based upon favorable recent test results.

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 570-826-5472.

The EPA Waiver is not in effect.

The receiving stream(s), Susquehanna River, is located in State Water Plan watershed 7-E and is classified for Warm Water Fishes, Migratory Fishes, aquatic life, water supply and recreation. The discharge is not expected to affect public water supplies.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Public Notice of Proposed Consent Order and Agreement Keystone Ordnance Works Site Greenwood Township, Crawford County

Pursuant to Section 1113 of the Pennsylvania Hazardous Sites Cleanup Act ("HSCA"), 35 P. S. § 6020.1113, notice is hereby provided that the Pennsylvania Department of Environmental Protection ("Department") has agreed to a Consent Order and Agreement ("Agreement") with Larry G. Kebert concerning the resolution of his liability for the releases at the wastewater treatment plant located within the Keystone Ordnance Works Site ("Site"). The Site is located within a former munitions manufacturing plant in Greenwood Township, Crawford County, Pennsylvania where the associated wastewater treatment plant's trickling filter media and wastewater sludge became contaminated by mercury released from the apparatus in the plant.

In the past, mercury was discharged or released into the wastewater treatment plant's filter media and wastewater treatment sludge at the Site. Mercury is defined in Section 101 of CERCLA, 42 U.S.C. § 9601 and Section 103 of HSCA, 35 P.S. § 6020.103 as a "hazardous substance". The Department has already incurred \$586,426.61 in response costs to abate the release and threatened release of hazardous substances at the Site. Larry G. Kebert is a "responsible person" as defined in Section 103 of HSCA, 35 P.S. § 6020.103. Under the terms of the Agreement, Larry G. Kebert shall pay the Department a settlement, in the amount of \$45,000 to resolve his liability at the Site.

The specific terms of this settlement are set forth in the Agreement between Larry G. Kebert and the Department. The Department will receive and consider comments relating to the Agreement for sixty (60) days from the date of this Public Notice. The Department has the right to withdraw its consent to the Agreement if the comments concerning the Agreement disclose facts or considerations which indicate that the Agreement is inappropriate, improper, or not in the public interest.

After the public comment period, the Department's settlement with Larry G. Kebert shall be effective upon the date that the Department notifies Larry G. Kebert, in writing, that the Agreement is final and effective in its present form, and that the Department has filed a response to significant written comments to the Agreement, or that no such comments were received.

The Agreement is available for inspection and copying at the Department's office at 230 Chestnut Street, Meadville, Pennsylvania. Comments may be submitted, in writing, to Mr. James W. Weaver, Environmental Protection Specialist, Department of Environmental Protection, Hazardous Sites Cleanup, 230 Chestnut Street, Meadville, PA 16335. Further information may be obtained by contacting Mr. Weaver at 814-332-6648. TDD users may contact the Department through the Pennsylvania Relay Service at 800-645-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report,

risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the

appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

SPECIAL NOTICES

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Public Notice of Proposed Settlement Agreement Gibraltar Site, Berks County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act, 35 P. S. §§ 6020.101—6020.1305, Solid Waste Management Act, 35 P. S. §§ 6018.101—6018.1003, Clean Streams Law, Act of June 22, 1937, 35 P. S.

§§ 691.1—691.1001 and section 1917-A of The Administrative Code of 1929, has entered into a Stipulation and Settlement Agreement (Settlement Agreement) with Chemtura Corporation (Chemtura); Crompton Colors, Incorporated; CNK Chemical Realty Corp.; Sensient Technologies Corporation; and Sensient Colors, LLC (Sensient Colors). In addition, notice is also being provided under the Solid Waste Management Act that the Department intends to enter into a Consent Order and Agreement (Consent Order) with Sensient Colors.

The Settlement Agreement and Consent Order both concern closed, hazardous waste impoundments at a former dye manufacturing facility (Site), in Robeson Township, Berks County. The waste in the impoundments was stabilized and closed in place. Prior to November 30, 2001, the Site was owned and operated by entities that are subsidiaries, or predecessors of subsidiaries, of Chemtura. Currently, the Site is owned by Sensient Colors, but the financial assurance for the Site was provided by Chemtura.

On March 18, 2009, Chemtura filed petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code. Subsequent to that filing, Chemtura notified Sensient Colors and the Department that it intended to have its duties concerning the Site, guaranteed by the financial assurance, discharged. Both Sensient Colors and the Department objected. This Settlement Agreement represents a settlement of that dispute.

Under the terms of the Settlement Agreement and Consent Order, Sensient Colors will assume full responsibility to the Commonwealth for certain remediation activities and environmental conditions associated with the Site (including maintenance of the closed impoundments); Sensient Colors will submit a bond acceptable to the Department for the Site; the Department will transfer to Sensient Colors the funds from the letter of credit that Chemtura had provided as the financial assurance for the Site; and the Department will have an allowed environmental claim of \$35,000 under Chemtura's Chapter 11 Plan. The Settlement Agreement will also resolve Chemtura's civil liability for the Site including, but not limited to, its liability for releases of hazardous substances into the environment and natural resources damages at the Site.

The Department will receive comments relating to the proposed Settlement Agreement and Consent Order for 60 days from the date of this Public Notice. The Department has the right to withdraw its consent to the proposed Settlement Agreement and Consent Order if the comments disclose facts or considerations which indicate that the proposed Settlement Agreement is inappropriate, improper, or not in the public interest.

If the Department does not withdraw its consent to the Settlement Agreement or Consent Order after the public comment period, the Settlement Agreement and Consent Order will then be final. Thereafter, the Department will publish a Public Notice of the final Settlement Agreement and Consent Order. The Settlement Agreement and Consent Order shall be effective on the first business day after all of the following have occurred: 1. The public comment periods for both the Settlement Agreement and the Consent Order have occurred; and 2. The Bankruptcy Court has issued a final order approving the Settlement Agreement.

The Settlement Agreement is available for inspection and copying at the Department's Southcentral Regional Office at 909 Elmerton Avenue, Harrisburg, PA. Com-

ments may be submitted, in writing, to Anthony Rathfon, Regional Manager, Waste Management, Department of Environmental Protection, 909 Elmerton Avenue, Harrisburg, PA 17110. Further information may be obtained by contacting Anthony Rathfon at (717) 705-4706. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 800-645-5984.

Nutrient and Sediment Reduction Credit Trading Program; Notice of Actions

The Department of Environmental Protection (Department) provides notice of the following actions under the Nutrient and Sediment Reduction Credit Trading Program (Trading Program). These actions were taken under The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and 25 Pa. Code § 96.8 (relating to use of offsets and tradable credits from pollution reduction activities in the Chesapeake Bay Watershed) (see 40 Pa.B. 5790 (October 9, 2010)).

Trading is a market-based program that provides incentives for entities to create nutrient reduction credits by going beyond statutory, regulatory or voluntary obligations and goals by removing nutrients from a watershed. The credits can be traded to help others more cost-effectively meet their obligations or goals. The primary purpose of the Trading Program is to provide for more

efficient ways for National Pollutant Discharge Elimination System permittees to meet their effluent limits for nutrients and sediment. Currently, the focus of the program is on the Chesapeake Bay Watershed.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board. Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

For further information about these certifications or the Trading Program, contact Ann Roda, Water Planning Office, Department of Environmental Protection, P.O. Box 2063, Harrisburg, PA 17105-2063, (717) 787-4726, aroda@state.pa.us or visit the Department's web site at www.depweb.state.pa.us (DEP Keywords: "Nutrient Trading").

The following proposals have been certified by the Department. The certification of these proposals is considered a final action of the Department.

Pennsylvania Environmental Council (22 Terminal Way, Pittsburgh, PA 15219). A proposal was submitted by Pennsylvania Environmental Council in coordination with the Capital RC&D and the Bradford County Park the Plow Program. The certification is applicable to the nutrient reductions generated by the installation of Best Management Practices (BMPs) that include continuous no-till, conservation till and cereal cover crops. These BMPs will be installed on Farm A-J, Farm A-R, Farm B, Farm C and Farm D. The certification, provided for each identified farm, includes a verification plan, and authorizes the generation of nitrogen credits, and for farms A-J and A-R, the generation of phosphorous credits as well. Notice of this proposal was published for comment at 40 Pa.B. 5022 (August 28, 2010).

City of Lancaster Advanced Wastewater Treatment Plant (1220 New Danville Pike, Lancaster, PA 17603, Lancaster County). The proposal was submitted by CDM and requested that an additional year of nitrogen and phosphorous credits be added to the certification that was provided on June 18, 2010. This certification is applicable to the operation of the City of Lancaster Advanced Wastewater Treatment Plant. This certification includes a verification plan and authorizes the generation

of nitrogen and phosphorous credits. This certification replaces the Notice of Action that was published at 40 Pa.B. 3919 (July 20, 2010).

DEPARTMENT OF TRANSPORTATION

Finding Lebanon County

Under section 2002(b) of The Administrative Code of 1929 (71 P.S. § 512(b)), the Director of the Bureau of Project Delivery, as delegated by the Secretary of Transportation, makes the following written finding:

The Federal Highway Administration and the Department of Transportation (Department) are planning the superstructure replacement (piers and abutments will remain) of the SR 2014 (Furnace Road) Bridge over Mill Creek in Millcreek Township, Lebanon County. The existing bridge is a two-span, prestressed, adjacent concrete box beam bridge that is eligible for the National Register of Historic Places. The project will constitute a use of the Section 2002 resource.

In accordance with section 2002 of The Administrative Code of 1929 establishing the Department, a Level-2 Categorical Exclusion Evaluation (CEE) has been developed for the subject project along with a Nationwide/Programmatic Section 4(f) Evaluation for Projects that Necessitate the Use of Historic Bridges and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use of Historic Properties document to evaluate the potential environmental impacts caused by the subject project. The document also serves as the Section 2002 Evaluation. The approved documents are available in the CE/EA Expert System.

The environmental, economic, social and other effects of the proposed project, as enumerated in section 2002 of The Administrative Code of 1929 have been considered. Based upon studies, there is no feasible and prudent alternative to the use of the Section 2002 resource for the proposed action. Mitigation measures will be taken to minimize harm as stipulated in the Level-2 CEE, the Section 4(f) documents and the associated Memorandum of Agreement.

Director

GAME COMMISSION

Feral Swine Response—Removal of Protection

Order No. 2

Whereas, While some twenty-five (25) states across the nation have persistent (possibly permanent) populations of Feral Swine established in the wild, Pennsylvania is one of sixteen (16) new states where introduction is more recent and may still be countered through decisive eradication efforts; and

Whereas, For the purposes of this Order, the term “Feral Swine” shall include any animal that is a member of the Family *Suidae* that is found roaming freely upon public or private lands within this Commonwealth; and

Whereas, Feral Swine have been declared to be an injurious, nonnative, invasive species in Pennsylvania that are suspected to have been introduced into the wilds of this Commonwealth through a variety of means, including both intentional and unintentional releases; and

Whereas, Feral Swine have been determined to pose a significant, imminent and unacceptable threat to this Commonwealth’s natural resources (including wildlife and their habitats), agricultural industry (including crop and livestock production), forest products industry and to human health/safety interests; and

Whereas, Feral Swine have been detected in the wild outside of containment in several counties across the Commonwealth; and

Whereas, feral swine are known to harbor and transmit numerous viral, bacterial, and parasitic diseases that adversely affect wild animals, domestic animals and humans; and

Whereas, Section 137.2 of the Pennsylvania Code specifically prohibits the release of “any animal that is a member of the Family *Suidae* into the wild” (58 Pa. Code § 137.2); and

Whereas, The Game and Wildlife Code (Game Code) (34 Pa.C.S.) and its attendant regulations (58 Pa. Code Part III) collectively provide broad authority to the Commission to regulate activities relating to the protection, preservation and management of all game and wildlife, including Feral Swine (C.f. 34 Pa.C.S. §§ 322, 2101 and 2102); and

Whereas, The Commission was declared to have jurisdiction over matters relating to wild boars by the Pennsylvania Supreme Court in *Seeton v. PGC*, 937 A.2d 1028 (Pa., 2007); and

Whereas, The *Seeton* decision effectively declared wild boars to be “protected mammals” pursuant to 58 Pa. Code § 133.1 and as a consequence can be taken only as authorized by the Game Code and its attendant regulations; and

Whereas, Except for destruction for agricultural protection, self-defense, defense of others or property protection pursuant to authorizations provided by Sections 2121 and 2141 of the Game Code (34 Pa.C.S. §§ 2121 and 2141)

and Section 141.3 of the Pennsylvania Code (58 Pa. Code § 141.3), Feral Swine may not lawfully be taken by members of the public; and

Whereas, Section 322 of the Game Code provides the Game Commission (Commission) with the general authority to define geographic limitations or restrictions and otherwise take any other action necessary to accomplish and assure the purposes of the Game Code (34 Pa.C.S. § 322(c)(4) and (12)); and

Whereas, Section 139.3 of the Pennsylvania Code provides the Executive Director with the broad authority to “remove protection on wildlife Statewide, or in a designated area and prohibit its possession alive and order the method of the disposal, if he determines the threat of a disease poses a threat to human safety, farm animals, pets and wildlife within or adjacent to this Commonwealth” (58 Pa. Code § 139.3(b)); and

Whereas, The Commission has determined that the complete eradication of Feral Swine from the wild within the Pennsylvania is necessary to prevent further harm to its natural resources, agricultural industry, forest products industry and threats to human health and safety; and

Now Therefore, I, Carl G. Roe, Executive Director of the Pennsylvania Game Commission, under the authority vested in me by the Game Code and its attendant regulations, do hereby order and direct the removal of protection on Feral Swine as follows:

1. Protection on Feral Swine is removed statewide, except in those counties designated as containing official eradication trapping operations as indicated on the Commission web site at <http://www.pgc.state.pa.us/> and in periodic Commission news releases.

2. Licensed hunters and trappers or persons who qualify for license and fee exemptions under Section 2706 of the Game Code (34 Pa.C.S. § 2706) shall be eligible to participate in the unlimited taking (killing) of Feral Swine by firearm, bow or crossbow in any county where protection on Feral Swine has been removed. All takings of Feral Swine shall be conducted in conformance with the limitations of Section 2308 of the Game Code (34 Pa.C.S. § 2308).

3. Persons authorized by Commission permit to engage in Feral Swine trapping operations shall be eligible to participate in the unlimited trapping of Feral Swine in such locations as may be designated on their permit. Feral Swine trapping shall only occur from the end of the flintlock muzzleloader season to the beginning of Spring Gobbler Season and from the end of Spring Gobbler Season until the beginning of Archery Deer Season within each respective wildlife management unit. If permitted trapping is occurring on a broad scale within a specific county, the protection of Feral Swine may be temporarily reinstated within that county to insure the effectiveness and efficiency of such eradication trapping.

4. All takings of Feral Swine resulting from authorized shooting or trapping operations shall be reported to the appropriate local Commission Regional Office within 24 hours of kill. Reports shall, at a minimum, include an accurate identification and description of the location of kill.

5. This Order shall not be construed in any manner to limit the ability of an individual to protect his person, the person of another or his property from harm by Feral Swine pursuant to the authority of Sections 2121 and 2141 of the Game Code (34 Pa.C.S. §§ 2121 and 2141) and Section 141.3 of the Pennsylvania Code (58 Pa. Code § 141.3).

6. This Order shall not be construed in any manner to limit the Commission's authority to establish additional or further requirements on the eradication of Feral Swine within the Commonwealth of Pennsylvania.

7. This Order is effective immediately and shall remain in effect until rescinded or modified by subsequent order.

Given under my hand and seal of the Pennsylvania Game Commission on this 22nd day of March 2011.

Executive Director
