READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 237—JUVENILE RULES

PART I. RULES

[237 PA. CODE CHS. 1, 3 AND 5]

Order Amending Rules 151, 362, and 512 of the Rules of Juvenile Court Procedure; No. 531 Supreme Court Rules Doc.

Order

Per Curiam

And Now, this 16th day of May, 2011, upon the recommendation of the Juvenile Court Procedural Rules Committee; the proposal having been published for public comment before adoption at 40 Pa.B. 7038 (December 11, 2010), in the *Atlantic Reporter* (Third Series Advance Sheets, Vol. 7, No. 2, December 24, 2010), and on the Supreme Court's web-page, and an Explanatory Report to be published with this *Order*:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the modifications to Rules 151, 362, and 512 of the Rules of Juvenile Court Procedure are approved in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective July 1, 2011.

Annex A

TITLE 237. JUVENILE RULES

PART I. RULES

Subpart A. DELINQUENCY MATTERS

CHAPTER 1. GENERAL PROVISIONS

PART B(2). COUNSEL

Rule 151. Assignment of Counsel.

[*A. General. If*] All juveniles are presumed indigent. If a juvenile appears at any hearing without counsel [*does not enter an appearance for the juvenile*], the court shall [*inform the juvenile of the right to*] appoint counsel for the juvenile prior to [*any proceeding. In any case, the court shall assign counsel for the juvenile if the juvenile is without financial resources or otherwise unable to employ counsel*] the commencement of the hearing.

[*B. Time.*

1) If the juvenile is detained and is without counsel and the requirements of paragraph (A) are met, the court shall assign counsel prior to the detention hearing.

2) If the juvenile is not detained and is without counsel and the requirements of paragraph (A) are met, the court shall assign counsel prior to the adjudicatory hearing.]

Comment

Although this rule contemplates a presumption of indigency which may be rebutted, the guardian's income and resources are not to be utilized. There is an inherent risk that the legal protections afforded juveniles could be eroded by making legal representation dependent upon the limited finan-

cial resources of their guardians, particularly where guardians have an income just above the poverty guidelines. Additionally, the unwillingness of guardians to expend their resources should not determine the juvenile's opportunity to have counsel. There is also a risk that the attorneys hired by guardians might rely upon the guardians for decision making in a case rather than upon the juvenile as the law requires. The juvenile is the client.

Generally pursuant to this rule, the court is to assign counsel in every case in which the juvenile has appeared without counsel. However, the court may give the juvenile a reasonable opportunity to retain a private attorney of the juvenile's choosing if the juvenile so desires.

Counsel may be present at an intake [**hearing**] conference or participate in the decision to place the juvenile on informal adjustment with the probation office.

See also 42 Pa.C.S. § 6337 and *In re A.M.*, 766 A.2d 1263 (Pa. Super. Ct. 2001).

Under Rule 800, the Public Defender Act, 16 P.S. § 9960.1 *et seq.*, was suspended only to the extent that the Public Defender Act conflicts with this rule and that separate counsel is to be appointed to juveniles when there is a conflict of interest. *See* Pa.R.P.C. Rules 1.7 and 1.9.

EXPLANATORY REPORT

May 2011

Introduction

The Supreme Court of Pennsylvania has adopted the proposed changes to Rules 151, 362, and 512 with this Recommendation. The changes are effective July 1, 2011.

Background

The intent of this rule, as originally drafted, was that the court must appoint counsel for all juveniles who appeared without counsel.

The Committee originally decided to incorporate the language of the Juvenile Act which states that the court is to appoint counsel if “the juvenile is without financial resources or otherwise unable to employ counsel.” 42

Pa.C.S. § 6337. The Committee interpreted the “otherwise unable to employ counsel” to include situations when a juvenile did not have counsel.

In some counties, the court is not appointing counsel as anticipated. The practice in these counties is to offer representation to a juvenile only when: 1) there is an application for services; and 2) the Poverty Guidelines are met based on the parent’s income and resources.

To eliminate any confusion and clarify the rule’s intent, modifications to Rules 151, 362, and 512 have been made.

Rule 151

The primary change to Rule 151 is the juvenile’s presumed indigence. As noted in the Comment, this is a rebuttable presumption.

The Public Defender is to consider the juvenile’s income, not the guardian’s income and resources. The juvenile is the client and needs legal representation in these cases. Because it is believed that the majority of juveniles will qualify, the rule provides for the presumption of indigency.

In the Interbranch Commission on Juvenile Justice (ICJJ) Report, the ICJJ noted there is an inherent risk that the legal protections afforded juveniles could be eroded by making that legal representation dependent on the limited financial resources of their parents, particularly when parents have an income just above the poverty guidelines. Additionally, the unwillingness of parents to expend their resources should not determine the juvenile’s opportunity to have counsel.¹

The Committee believes that a conflict of interest may result from using the parents’ income and resources to determine whether the juvenile will be eligible for a court-appointed attorney.

There are also situations in which the juvenile may wish to obtain private counsel. The court may give the juvenile a reasonable opportunity to obtain such counsel.

Rules 362 and 512

In light of the proposed changes to Rule 151, Rules 362 and 512 have been modified to delete “if the juvenile is without financial resources or otherwise unable to employ counsel.”

RULES AND REGULATIONS

Title 1—GENERAL PROVISIONS

JOINT COMMITTEE ON DOCUMENTS

[1 PA. CODE CH. 1]

Preliminary Provisions; Definitions

The Joint Committee on Documents (JCD) amends § 1.4 (relating to definitions) to read as set forth at 40 Pa.B. 4392 (August 7, 2010).

Statutory Authority

Section 1.4 is amended under 45 Pa.C.S. § 503 (relating to general administration of part) and section 506 of The Administrative Code of 1929 (71 P. S. § 186).

Background of the Final-Form Rulemaking

The Legislative Reference Bureau (LRB) purchases paper copies of the *Pennsylvania Bulletin* (*Bulletin*) and *Pennsylvania Code* (*Code*) for a variety of government entities enumerated in Chapter 15 (relating to distribution of publications). This has been the policy of the JCD since the inception of the *Bulletin* in 1970. Under 45 Pa.C.S. § 503, the JCD is required to encourage “the widest possible dissemination” of documents appearing in the *Code* and *Bulletin*.

The *Code* and *Bulletin* have been available at no charge on the Internet since 1996. The web sites receive approximately 500,000 visits each month. Subscribers to the print versions have steadily declined as a result of free electronic access.

This final-form rulemaking amends § 1.4 to define a “copy” to include a printed or electronic version. As a result, most entities listed in Chapter 15 will no longer receive paper copies of the *Code* and *Bulletin* paid for by the LRB. Budgetary constraints require that the LRB cease these payments. Informal surveys conducted by the staff of the JCD indicate that most of the Chapter 15 entities use the electronic versions of the *Code* and *Bulletin*.

Summary of Comments

The JCD received two public comments from librarians, one of which arrived after the close of the comment period. The Independent Regulatory Review Commission (IRRC) also commented on the proposed rulemaking.

The comments from the librarians opposed the elimination of the paper copy based on the public need to access these materials in paper as well as electronically. In addition, the librarians were concerned with the official printed version being different from the online version.

The JCD is not eliminating the paper copies of either publication. All Chapter 15 subscribers are free to purchase the paper version of the *Code* and *Bulletin*. The subscriptions for State entities will no longer be paid for by the LRB. Libraries, judges and the public may still purchase paper versions. The JCD regrets having to eliminate these subscriptions, but the budget appropriation will simply not cover the printing and the “free” copies. The printed version is still the “official” version and the LRB routinely certifies documents under § 17.34 (relating to reproductions and certified copies of documents).

IRRC questioned how the JCD intends to comply with the existing distribution requirements in light of Chapter 15. The JCD has amended its definition of “copy” to include the electronic version. Chapter 15 entities may still choose to purchase paper copies. There is simply no money in the budget for the LRB to continue to purchase the paper subscriptions.

Effective Date

The final-form rulemaking is effective on July 1, 2011.

Fiscal Impact

There will not be fiscal impact on the general public as a result of this final-form rulemaking. Political subdivisions may be slightly impacted if magisterial district judges choose to continue paper subscriptions. The LRB paid \$458,982 for Chapter 15 subscriptions in 2010. The Commonwealth will realize a savings but it is difficult to predict how many State entities will choose to purchase the print versions. It is anticipated that most will rely on the web sites, so substantial savings should result.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on July 27, 2010, the JCD submitted a copy of the notice of proposed rulemaking, published at 40 Pa.B. 4392, to IRRC and the Chairpersons of the House State Government Committee and Senate Rules and Executive Nominations Committee for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the JCD has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on April 27, 2011, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on April 28, 2011, and approved the final-form rulemaking.

Title 58—RECREATION

GAME COMMISSION [58 PA. CODE CH. 131] Preliminary Provisions

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 12, 2011, meeting, amended § 131.2 (relating to definitions) by adding, amending and deleting certain definitions.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 1633 (March 26, 2011).

1. Purpose and Authority

The Commission amends § 131.2 by adding, amending and deleting certain definitions. The first amendment involves a reduction in the number of points required for a deer to meet the definition of an “antlered deer” in Wildlife Management Units (WMU) 1A, 1B, 2A, 2B and 2D. This reduction from four to three points is also accompanied by the elimination of consideration of brow tines as points. Commission staff has determined that this amendment will make it easier for hunters to determine the legal status of an antlered deer without having substantial impacts on the age structure of antlered deer populations in the affected WMUs. The re-

maining amendments involve the deletion of three redundant and outdated definitions as well as the addition of two definitions to aid in the implementation of the code.

Section 2102(a) of the code (relating to regulations) provides that “The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The amendments to § 131.2 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 131.2 by adding, amending and deleting certain definitions.

3. Persons Affected

Persons wishing to hunt or trap game or wildlife in this Commonwealth will be affected by the final-form rulemaking.

4. Comment and Response Summary

The Commission received a total of 22 official comments concerning the final-form rulemaking. Of this total, 15 supported the “three-up” rule in the four-point area, 5 were confused by the “three-up” rule and 2 felt that the elimination of the brow tine as a “point” rule should also apply to the three-point area.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

Seasons and Bag Limits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 12, 2011, meeting, amended § 139.4 (relating to seasons and bag limits for the license year) to provide updated seasons and bag limits for the 2011-2012 hunting license year.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 1634 (March 26, 2011).

1. Purpose and Authority

The Commission is required to set hunting and furtaking seasons and bag limits on an annual basis. Although the 2011-2012 seasons and daily season and possession limits are similar to those set forth in 2010-2011, the 2011-2012 seasons and bag limits have been amended to reflect current available scientific data, population and harvest records, field surveys and professional staff observations, as well as recommendations received from staff, organized sporting groups, members of the agricultural community and others interested in the wildlife resources of this Commonwealth.

Section 322(c)(1) of the code (relating to powers and duties of commission) specifically empowers the Commission to “fix seasons, daily shooting or taking hours, and any modification thereof, and daily, season and possession limits for any species of game or wildlife.” Section 2102(b)(1) of the code (relating to regulations) authorizes the Commission to “promulgate regulations relating to seasons and bag limits for hunting or furtaking, the possession of certain species or parts thereof, the number and types of devices and equipment allowed, the identification of devices and the use and possession of devices.” The amendments to § 139.4 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 139.4 by establishing when and where it is lawful to hunt and trap various game species and also place limits on the numbers that can be legally taken during the 2011-2012 license year.

3. Persons Affected

GAME COMMISSION [58 PA. CODE CH. 141]

Hunting and Trapping; Special Regulations Areas

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 12, 2011, meeting, amended § 141.1 (relating to special regulations areas) to expand the shotgun/muzzleloader single projectile exception to bear hunters and also to delete the defunct baiting provisions.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 1631 (March 26, 2011).

1. *Purpose and Authority*

Current special regulations areas requirements generally prohibit the use of single projectile ammunition for big game hunting in the special regulations areas. One prominent exception to this rule allows the use of muzzleloading long guns or shotguns that fire single projectiles in majority of the special regulations areas. However, this exception formerly only extended to deer hunters. The Commission amends § 141.1 to expand this exception to also extend to bear hunters. The Commission has determined that this expansion will increase hunting opportunity and success for many bear hunters in these areas without sacrificing safety. The Commission also amends § 141.1 by deleting the defunct baiting provisions that expired on March 31, 2010.

Section 2102(d) of the code (relating to regulations) provides “The commission to promulgate regulations stipulating the size and type of traps, the type of firearms and ammunition and other devices which may be used, the manner in which and the location where the devices may be used, the species the devices may be used for and the season when the devices may be used.” Section 2102(a) of the code provides that “The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or

furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The amendments to § 141.1 are adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends § 141.1 by expanding the shotgun/muzzleloader single projectile exception to bear hunters and also by deleting the defunct baiting provisions.

3. *Persons Affected*

Persons wishing to hunt bear through the use of a shotgun or muzzleloader firing a single projectile in the special regulations areas may be affected by the final-form rulemaking.

4. *Comment and Response Summary*

There were no official comments received concerning the final-form rulemaking.

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given

under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 141, are amended by amending § 141.1 to read as set forth at 41 Pa.B. 1631.

(b) The Executive Director of the Commission shall certify this order and 41 Pa.B. 1631 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

GAME COMMISSION
[58 PA. CODE CH. 141]
Hunting and Trapping; Hunting Hours

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 12, 2011, meeting, amended § 141.4 (relating to hunting hours) by removing the limitations prohibiting the hunting of woodchuck, opossum, skunk and weasel during legal hunting hours of the spring gobbler season and to amend Chapter 141, Appendix G (relating to hunting hours) by updating the current hunting hours table and migratory bird hunting hours table to accurately reflect the dates and hours of legal hunting for the 2011-2012 hunting license year.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 1627 (March 26, 2011).

1. *Purpose and Authority*

Each year there is a shift in calendar days for each month. As a result of this occurrence, the tables of hunting hours in Appendix G are amended and updated each year to reflect the current year's hunting dates and corresponding legal hunting hours. The Commission amends Appendix G to update the tables of hunting hours for the 2011-2012 hunting year to reflect the annual change in days and subsequent hunting times. The Commission also amends § 141.4 to remove the limitations prohibiting the hunting of woodchuck, opossum, skunk and weasel during legal hunting hours of the spring gobbler season. The Commission has determined that this amendment will increase hunting opportunities

for hunters pursuing these species without creating unacceptable conflicts with hunters pursuing turkeys during gobbler season.

Section 322(c)(1) of the code (relating to powers and duties of commission) specifically empowers the Commission to "fix seasons, daily shooting or taking hours, and any modification thereof, and daily, season and possession limits for any species of game or wildlife." Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 141.4 are adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends Appendix G to update the tables of hunting hours for the 2011-2012 hunting year to reflect the annual change in days and subsequent hunting times. The final-form rulemaking also amends § 141.4 by removing the limitations prohibiting the hunting of woodchuck, opossum, skunk and weasel during legal hunting hours of the spring gobbler season.

3. *Persons Affected*

Persons wishing to hunt or trap game or wildlife within this Commonwealth during the 2011-2012 hunting year will be affected by the final-form rulemaking.

4. *Comment and Response Summary*

There were no official comments received concerning the final-form rulemaking.

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

GAME COMMISSION
[58 PA. CODE CH. 141]
Hunting and Trapping; Protective Material

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 12, 2011, meeting, amended § 141.20 (relating to protective material required) to restructure the various fluorescent orange requirements into a more comprehensible set of requirements without altering their substantive standards.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 1629 (March 26, 2011).

1. Purpose and Authority

Section 141.20 has been the subject of many regulatory amendments over the years both to create more stringent protective material requirements where greater safety was deemed warranted as well as to eliminate protective material where they were deemed no longer necessary. By and large these amendments have achieved their intended results. However, the repeated piece meal amendments completed over the years have created confusing and sometimes inconsistent language in this section. The Commission amends § 141.20 to rectify these problems and achieve a more comprehensible set of requirements. Substantive changes have not been made to the requirements of any hunting seasons.

Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in

this Commonwealth." The amendments to § 141.20 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 141.20 by restructuring the various fluorescent orange requirements into a more comprehensible set of requirements without altering their substantive standards.

3. Persons Affected

Persons wishing to hunt or trap game or wildlife within this Commonwealth will be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received concerning the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 141, are amended by amending § 141.20 to read as set forth at 41 Pa.B. 1629.

(b) The Executive Director of the Commission shall certify this order and 41 Pa.B. 1629 and deposit them with the Legislative Reference Bureau as required by law.

GAME COMMISSION
[58 PA. CODE CH. 141]

Hunting and Trapping; Wild Pheasant Recovery Areas

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 12, 2011, meeting, amended § 141.28 (relating to wild pheasant recovery areas) to create and define the geographic location of the Franklin County Wild Pheasant Recovery Area (WPRAs).

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 1631 (March 26, 2011).

1. Purpose and Authority

The Ring-necked Pheasant Management Plan calls for restoring self-sustaining and huntable ring-necked pheasant populations in suitable habitats in this Commonwealth by establishing at least four WPRAs by 2015. Wild-trapped pheasants are being released in existing WPRAs in an effort to establish populations of at least ten hens per square mile in the spring. WPRAs have been closed to game farm pheasant stocking and pheasant hunting. Dog training and small game hunting are also restricted in WPRAs to periods outside the population establishment phase. Three WPRAs were established in 2009 and one in 2010. The Commission amends § 141.28 to create and define the geographic location of the Franklin County WPRAs. The Commission anticipates wild-trapped pheasant releases in this area sometime in 2012. The Commission also amends § 141.28 to permit the hunting of waterfowl and woodchucks (groundhogs) in areas designated as WPRAs.

Section 322(c)(4) of the code (relating to powers and duties of commission) specifically authorizes the Commission to "Define geographic limitations or restrictions." Section 2102(c) of the code (relating to regulations) directs that "The commission shall promulgate regulations concerning the transportation, introduction into the wild, importation, exportation, sale, offering for sale or purchase of game or wildlife or the disturbing of game or wildlife in their natural habitat." Section 2102(a) of the code provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 141.28 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 141.28 to create and define the geographic location of the Franklin County WPRAs.

3. Persons Affected

Persons wishing to hunt wild pheasants, release propagated pheasants, train dogs or hunt small game within

the area designated as the Franklin County WPRAs may be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received concerning the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 141, are amended by amending § 141.28 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Executive Director of the Commission shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

GAME COMMISSION
[58 PA. CODE CH. 141]
Hunting and Trapping; Big Game

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 12, 2011, meeting, amended § 141.41 (relating to general) to remove redundant and inconsistent language concerning mistake kills.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 1625 (March 26, 2011).

1. Purpose and Authority

On September 7, 2010, section 3 of the act of July 9, 2010 (P. L. 387, No. 54) (Act 54) became effective. While Act 54 primarily focused on increasing penalties for poaching offenses and habitual offenders, it also incorporated various procedural requirements regarding mistake kills into section 2306 of the code (relating to killing game or wildlife by mistake) that had previously been administered through § 141.41. Furthermore, portions of the new statutory text increased reporting periods thus rendering

portions of the regulatory text as inconsistent. The Commission amends § 141.41 to remove the redundant and inconsistent language.

Section 2102(a) of the code (relating to regulations) provides that “The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The amendments to § 141.41 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 141.1 by deleting redundant and inconsistent language concerning mistake kills.

3. Persons Affected

Persons wishing to hunt or trap game or wildlife within this Commonwealth will be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received concerning the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 141, are amended by amending § 141.41 to read as set forth at 41 Pa.B. 1625.

GAME COMMISSION
[58 PA. CODE CH. 143]

Hunting and Furtaker Licenses; Bear Licenses

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 12, 2011, meeting, amended § 143.67 (relating to application) to grant the Director the authority to establish the application deadlines for bear licenses at periods as the Director determines.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 1625 (March 26, 2011).

1. *Purpose and Authority*

Prior to 2005, a hunter could purchase a bear license at the time he purchased a license or at any time up to the close of the established bear seasons. Certain individuals took advantage of this expansive purchasing period by harvesting bears during the concurrent regular firearms bear and deer seasons without the required bear license. It was only after these individuals successfully harvested a bear that they would then purchase a bear license to generate the appearance that they had lawfully harvested the bear. On April 26, 2005, the Commission amended § 143.67 to establish an earlier deadline for purchasing bear licenses, specifically prior to the opening of regular firearms deer season. See 35 Pa.B. 3934 (July 16, 2005). While this earlier deadline proved to remedy a portion of the problem, the Commission has since observed evidence that this same unscrupulous practice is being utilized by hunters to abuse the bear license requirement during the regular firearms bear season. The Commission amends § 143.67 to grant the Director the authority to establish the application deadlines for bear licenses at earlier periods as the Director determines in a further effort to curb these fraudulent license purchases.

Section 2722(g) of the code (relating to authorized license-issuing agents) directs the Commission to adopt regulations for the administration, control and perfor-

mance of license issuing activities. The amendments to § 143.67 are adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends § 143.67 to grant the Director the authority to establish the application deadlines for bear licenses at periods as the Director determines.

3. *Persons Affected*

Persons wishing to hunt bears within this Commonwealth will be affected by the final-form rulemaking.

4. *Comment and Response Summary*

There were no official comments received concerning the final-form rulemaking.

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 143, are amended by amending § 143.67 to read as set forth at 41 Pa.B. 1625.

(b) The Executive Director of the Commission shall certify this order and 41 Pa.B. 1625 and deposit them with the Legislative Reference Bureau as required by law.

GAME COMMISSION

[58 PA. CODE CH. 147]

Special Permits; Mentored Youth Hunting Program Permit

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its April 12, 2011, meeting, to amend § 147.804 (relating to general) to allow a mentor to transfer a valid antlerless license issued to him to an eligible mentored youth upon the harvest of an antlerless deer.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 12, 2011, meeting of the Commission. Comments can be sent until June 24, 2011, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

Since the successful implementation of the Mentored Youth Hunting Program (MYHP) in fall 2006, the Commission has been striving to find ways to improve this innovative program. The Commission reviewed comments from hunters and sporting organizations across this Commonwealth supporting an expansion of the MYHP to allow for limited antlerless deer hunting by mentored youth. The Commission recently determined that the appropriate resources are now available and this initiative can finally move forward. The Commission is proposing to amend § 147.804 to allow a mentor to transfer a valid antlerless license issued to him to an eligible mentored youth upon the harvest of an antlerless deer. A mentored youth will be eligible to receive a maximum of one antlerless deer license each license year.

Section 2701(a) of the code (relating to license requirements) states that "Except in defense of person or property or pursuant to exemptions authorized ... by the commission for implementing a MYHP, every person, prior to engaging in any of the privileges granted by this title, shall first obtain the applicable license subject to any conditions or other requirements imposed by this title." Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 147.804 are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 147.804 by adding language to allow a mentor to transfer a valid antlerless license issued to the mentor to an eligible mentored youth upon the harvest of an antlerless deer.

3. Persons Affected

Persons wishing to hunt antlerless deer within this Commonwealth under the MYHP will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking may result in some additional cost and paperwork associated with the affects of transferring tags on the Pennsylvania Automated License System. However, the Commission has determined that if there is additional expense associated with this effort, it will not be substantial and would be absorbed by the current budget.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. *Contact Person*

For further information regarding the proposed rule-making, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

NOTICES

DEPARTMENT OF AGRICULTURE

Pennsylvania Potato Research Program

Under the applicable provisions of 3 Pa.C.S. Chapter 45 (relating to Agricultural Commodities Marketing Act), a review referendum was held from April 4 to April 18, 2011, to determine if the producers affected by the Pennsylvania Potato Research Program (Program) desired to continue the Program for an additional 5 years. To pass, a majority of eligible producers voting had to vote in favor of the Program's continuation. An impartial Teller Committee met on April 29, 2011, to count the ballots. The following results were submitted by the Teller Com-

mittee: a total of 35 eligible votes were cast with 28 producers voting in favor of and 7 voting against the continuation of the Program. An additional three ballots were invalid because they were either incomplete or ineligible due to the acreage requirement. Votes favoring continuation of the Program by number of producers represented 80% of eligible votes and votes against continuation of the Program represented 20% of eligible votes. Because a majority of the votes were cast in favor of the Program, it shall continue for 5 years, effective immediately.

Description of Existing Activity: Major amendment of an NPDES permit for an existing discharge of treated Sewage.

The permit is being redrafted as set forth in Exhibit A of the April 19, 2011 Stipulation of Settlement between the Commonwealth of Pennsylvania, Department of Environmental Protection and Milton Regional Sewer Authority. The following changes are proposed to NPDES Permit No. PA0020273, renewed on 7/31/2009.

1. Page 1, PO Box changed from "443" to "433" to accurately reflect the facility's address.
2. Page 3, Part A.I.A.3.c, the narrative fecal coliform requirements has been removed. Fecal coliform effluent limitations are already outlined in Part A.I.A.2.
3. Page 4, Monitoring Requirements for Ammonia-N and Total Phosphorous have been changed to 1/week to bring consistency to monitoring frequencies.
4. Page 11, Part B.I.F.2., "bypass unless:" changed to "bypassing unless:"
5. Page 14, Part C.I.A.1., "and Part A.I.C" is a typographical error and has been removed.
6. Page 14, Part C.I.B.6., definition of "Monthly Net Mass Load" has been revised to include delivery ratios.
7. Page 15, Part C.I.B.9., second sentence, "annual submittal" changed to "at least an annual submittal"

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701

PAG124839, CAFO SIC 0213, **Ridge Valley Farm II—Swine**, 4227 Ridge Road, Beaver Springs, PA 17812.

This proposed facility is located in West Beaver Township, **Snyder County**.

Description of Size and Scope of Proposed Operation/Activity: An existing 1050 head swine finishing operation located in West Beaver Township, Snyder County. They are proposing to construct a second swine barn on this operation that would house an additional 2400 head of finishing swine. The farm consists of 81 acres (29 acres cropland and 52 acres woodland). AEU's for the operation upon expansion would be 452.3 total AEU's and 15.6 AEU's/acre. It is estimated that an additional 631,620 gallons of manure would be generated.

The existing swine barn has an underbarn concrete manure storage measuring 200'x 40'x 6' with about 329,120 gallons of usable storage. The proposed barn would have concrete underbarn storage measuring 246'x 81'x 6' and would hold about 819,756 gallons of usable storage.

The receiving stream, South Branch Middle Creek, is in watershed 6A and classified for: Trout Stocking—TSF.

The proposed effluent limits for the operation/activity include: Except for the chronic or catastrophic rainfall events defined as over the 25-year/24-hour rain storms, the CAFO general permit is a non-discharge NPDES permit. Where applicable, compliance with 40 CFR federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with the Pennsylvania Nutrient Management Act and the Clean Stream Law constitutes compliance with the state narrative water quality standards.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed

before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

CO	State BAT	* Oxidation Catalyst * Good Combustion Practices	* 4.0 ppmvd at 15% O ₂ (GE LM6000) or 5.0 ppm at 15% O ₂ (Rolls Royce Trent 60)—Natural gas, normal operation. Temperature > 32° F * 10.0 ppmvd at 15% O ₂ —Natural gas, normal operation. Temperature < 32° F
VOC	State BAT	* Good Combustion Practices * Oxidation Catalyst	* 1.20 ppmvd at 15% O ₂ —Natural gas, normal operation. Temperature > 32° F * 4.0 ppmvd at 15% O ₂ —Natural gas, normal operation. Temperature < 32° F

PM2.5	State BAT	* Good Combustion Practices * Clean Fuels	* 0.01 lb/MMBtu at 15% O ₂ —Natural gas, normal operation
SO ₂	State BAT	* Good Combustion Practices * Clean Fuels	* 0.0030 lb/MMBtu at 15% O ₂ —Natural gas, normal operation

Emission increases will not exceed the following: NOX: 26.62 tons per year, VOC: 2.26 tons per year, SO₂: 7.67 tons per year, CO: 28.93 tons per year, and PM_{2.5}: 9.90 tons per year.

Procter and Gamble will be taking federally enforceable limits restricting fuel consumption on Nos. 1, 2, and 4 Boilers to fire natural gas only.

The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements. Also, the company shall be required to monitor and record NOX and CO emissions on a continuous basis by use of a Continuous Monitoring System.

Additionally a PSD and NSR applicability analysis was conducted to determine if the Project would result in a significant net increase of any regulated pollutant. This analysis took into account emission increases attributable to the installation of the new combustion turbine, emission increases during the contemporaneous period, and emission decreases associated with the fuel restriction on Nos. 1, 2, and 4 Boilers. The analysis has determined that the proposed turbine project does not trigger the requirements of Prevention of Significant Deterioration or Nonattainment New Source Review permitting regulations.

This facility is a Title V facility. The plan approval will include all appropriate testing, monitoring, recordkeeping and reporting requirements designed to keep the operations within all applicable air quality requirements.

41-00078C: Chief Gathering, LLC (6051 Wallace Road Ext., Suite 210, Wexford, PA 15090) has submitted an application (41-00078C) to the Pennsylvania Department of Environmental Protection for plan a approval to construct four (4) natural-gas fired compressor engines each equipped with oxidation catalysts, one (1) glycol dehydrator, to incorporate two (2) existing natural-gas fired compressor engines and three (3) existing glycol dehydrators at their Barto Compressor Station in Penn Township, Lycoming County. The proposed facility will be a synthetic minor facility. This notice supersedes all previous notices regarding Plan Approval 41-00078C.

The Department's review of the information submitted by Chief Gathering, LLC indicates that the construction of the compressor engines equipped with oxidation catalysts and glycol dehydrator and the two existing natural-gas fired compressor engines and three existing glycol dehydrators will meet all applicable air quality regulatory requirements pertaining to air-contamination sources and the emission of air contaminants. Based on these findings, the Department intends to approve the application and issue plan approval for the construction of the compressor engines equipped with oxidation catalysts and to incorporate two existing natural-gas fired compressor engines and three existing glycol dehydrators. Additionally, if the Department determines that the compressor engines equipped with oxidation catalysts and glycol dehydrator and the two existing natural-gas fired compressor engines and three existing glycol dehydrators are operating in compliance with all plan approval conditions, the conditions established in the plan approval will be incorporated into a State Only (Synthetic Minor) operating permit via an administrative amendment pursuant to 25 Pa. Code Sections 127.450.

The following is a summary of the conditions that the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the four 2370 brake horsepower, natural-gas fired reciprocating

internal combustion engines shall incorporate a “clean burn” electronic control system to control NO_x emissions. Additionally, the carbon monoxide, volatile organic compounds, and formaldehyde emissions from each engine shall be controlled by a DCL International QUICK-LID model DC69.5A-20 oxidation catalyst unit. The permittee shall not operate any of the engines without the simultaneous operation of each respective oxidation catalyst at any time.

2. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the permittee shall only use natural gas as fuel for each engine.

3. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the permittee shall not permit the following air contaminant emissions from the exhaust of each oxidation catalyst associated with each engine in excess of the limitations listed below:

a. nitrogen oxides (NO_x, expressed as NO₂)—0.50 gm/bhp-hr, 2.61 lb/hr, and 11.44 tons in any 12 consecutive month period,

b. carbon monoxide (CO)—0.28 gm/bhp-hr, 1.44 lb/hr and 6.29 tons in any 12 consecutive month period,

c. volatile organic compounds (VOC)—0.13 gm/bhp-hr, 0.66 lb/hr, and 2.88 tons in any 12 consecutive month period,

d. particulate matter (PM/PM₁₀)—0.03 gm/bhp-hr, 0.16 lb/hr and 0.70 tons in any 12 consecutive month period,

63-00922B: Robinson Power Co., LLC (PO Box 127, 563 Route 18, Burgettstown, PA 15021) for construction of a Gas Turbine Power Generating Facility, in Robinson Township, Washington County.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.45 that Pennsylvania Department of Environmental Protection (PADEP) intends to issue an Air Quality Plan Approval to Robinson Power Company LLC to authorize the construction of a Gas Turbine Power Generating Facility, in Robinson Township, Washington County.

The proposed facility will consist of: a gas-fired, combined cycle, GE frame 7EA gas turbine, a heat recovery steam generator (HRSG) with a duct burner, a steam turbine generator, condenser, and auxiliary equipment—a diesel powered fire water pump and a cooling tower. The gas and steam turbines will generate 82.3 MW and 65.5 MW, respectively, for a total of 147.8 MW. Robinson proposes to utilize locally available Marcellus Shale gas consisting of a mixture of methane and ethane.

The proposed facility is subject to the applicable requirements of 25 Pa. Code, Chapters 121 through 145, 40 CFR Part 60, Subparts KKKK and IIII, (related to standards of performance for Stationary Combustion Turbines and Stationary Compression Internal Combustion Engines), 40 CFR Parts 72 through 78 (related to acid rain), and 25 Pa. Code Chapter 145 (related to the NO_x budget program). The Department believes that the facility will meet these requirements by complying with the emission limitation, testing, monitoring, recordkeeping, reporting and work practice standards established in the proposed Plan Approval

Annual emissions from this facility will not exceed 30 tons oxides of nitrogen (NO_x), 80 tons of carbon monoxide (CO), 30 tons of non-methane organic compounds (NMOCs), 5 tons or sulfur dioxide (SO₂), 30 tons of particulate matter less than 10 microns in size (PM₁₀), 0.4 tons formaldehyde, 5 tons of all HAPs (hazardous air pollutants) and 620,000 tons of carbon dioxide equivalents (CO₂e).

In accordance with 25 Pa. Code § 127.1, the Department has determined that best available technology (BAT) for the turbine/HRSG/duct burner includes the use of gas as a fuel, good combustion practices, dry low NO_x combustors, low NO_x burners, selective catalytic reduction (SCR) and catalytic oxidation (CatOx). BAT for the diesel-fired fire water pump is the use of ultra low sulfur diesel fuel, limitations on hours of operation and compliance with 60 CFR 60, Subpart IIII. BAT for the cooling tower is the use of a source designed to minimize drift to less than 0.0005%, and control of the solids content of the cooling tower fluid through testing and appropriate purge/makeup.

Application and other supporting documentation are available at the address shown below. Any person wishing to either object to issuance of the plan approval or a

proposed condition thereof, or to provide the Department with additional information that they believe should be considered prior to the issuance of the plan approval, or to request a hearing may submit the information in writing to the Department. Written comments should be mailed to the Department at the address shown below. A comment period of 30 days from the date of publication of this notice shall exist. All comments must be received within thirty days of the date of this public notice. In accordance with Pa. Code Title 25 § 127.46, comments shall include the following:

1. Name, address, and telephone number of the person filing the comment.
2. Identification of the proposed plan approval issuance being opposed (PA-63000922B).
3. Concise statement of the objections to the plan approval issuance, and the relevant facts upon which the objections are based

Written comments should be mailed to Barbara R. Hatch, P.E., Environmental Engineer Manager, PADEP, 400 Waterfront Drive, Pittsburgh, PA 15222, 412-442-4000.

EROSION AND SEDIMENT CONTROL PERMITS

The following parties have applied for Erosion and Sediment Control Permits for earth disturbance activities associated with either road maintenance or timber harvesting operations.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department proposes to issue a permit to discharge, subject to certain limitations in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

A person wishing to comment on a proposed permit are invited to submit a statement to the appropriate Department regional office listed before the application within 30 days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department regional office during the 30-day public comment period.

Following the 30-day comment period, the appropriate regional office water management program manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board (Board).

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the appropriate regional office.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified regional office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

Alternative Fuels Incentive Grant Program; Solici- tation Clarification

The Department of Environmental Protection (Depart-
 ment), Bureau of Energy, Innovations and Technology
 Deployment announce clarifications to pages 12 and 13 of

the 2011 Alternative Fuels Incentive Grant solicitation originally published at 41 Pa.B. 1970 (April 9, 2011). The changes are as follows:

Under “Examples of eligible projects include, but are not limited to:” the fourth bullet has been eliminated.

Under “Projects that are not eligible include:” the seventh bullet is changed to read: “Projects requesting infrastructure funding for a fleet consisting exclusively of vehicles that are in excess of 26,000 gross vehicle weight.”

Under “Projects must comply with the following in order to be funded:” the fourth bullet is changed to read: “Infrastructure projects must belong to a fleet that contains at least one vehicle with a gross vehicle weight of less than 26,000 pounds.”

These changes are reflected in a revised Alternative Fuels Incentive Grant Program (Program) application document which has replaced the previous document.

For persons who have any questions or require further clarification on the changes, contact Carmen LaRosa or Mark Brojakowski at (717) 783-8411.

The Program provides grants to improve this Commonwealth’s air quality and reduce consumption of imported oil through the use of homegrown alternative fuels that will help the economy and environment in this Commonwealth. The Department is seeking applications for innovative, advanced fuel and vehicle technology projects resulting in cleaner advanced alternative transportation within this Commonwealth.

Funding is available for school districts, municipal authorities, political subdivisions, nonprofit entities, corporations, limited liability companies or partnerships incorporated or registered in this Commonwealth to retrofit fleet vehicles to operate on alternative fuels, subsidize the cost of the purchase of an alternative fuel vehicle for a fleet or subsidize the cost to install fleet refueling equipment for alternative fuel vehicles or support next-phase advanced research, development and training related to alternative fuels and alternative fuel vehicles.

Funding is also available for school districts, municipal authorities, political subdivisions and nonprofit entities to subsidize the incremental cost to purchase biofuel and provide refueling and storage equipment or related tank cleaning.

Project costs cannot be incurred before July 1, 2011.

The Program guidelines and application instructions are available on the Department’s web site at <http://www.depweb.state.pa.us> (click on “DEP Programs” and then “Alternative Fuels”). Applications will be accepted online through the eGrants system. Visit <https://www.grants.dcnr.state.pa.us/> and click on “Find a Grant.” Scroll down to “AFIG” and click “Apply for this grant.”

The application period opened on April 15, 2011. Applications must be submitted by 4 p.m. on June 17, 2011. Hardcopy applications will not be accepted.

Proposed Water Quality Certification Under Section 401 of the Federal Clean Water Act and Federal Consistency Review under the Coastal Zone Management Act of 1972 for the Army Corps of Engineers Pennsylvania State Programmatic General Permit (PASPGP-4)

On November 1, 2010, the Baltimore, Philadelphia and Pittsburgh Districts of the Army Corps of Engineers, under the authority of section 404(e) of the Federal Clean Water Act (33 U.S.C.A. § 1344(e)), proposed by its Special Public Notice 10-65, to issue Pennsylvania State Programmatic General Permit-4 (PASPGP-4) for a 5-year period. Section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) requires the Commonwealth to certify that any activity requiring a Federal license or permit, which may result in a discharge into the waters of the United States, will comply with the applicable provisions of the Federal Clean Water Act as well as Commonwealth water quality standards. In addition, section 307 of the Coastal Zone Management Act of 1972 (33 U.S.C.A. § 1456) requires that any Federal action which affects the coastal use or resource of a coastal state will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of that state’s approved Coastal Management Program. On April 15, 2011, the Army Corps of Engineers furnished to the Department of Environmental Protection (Department) a final copy of the PASPGP-4 to be issued for a 5-year period with an effective date of July 1, 2011.

This action by the Army Corps of Engineers continues the present Federal permitting process undertaken jointly with the State permitting process for activities affecting waterways, water bodies and wetlands authorized under the Dam Safety and Encroachment Act (32 P.S. §§ 693.1—693.27). PASPGP-4 places the Department and delegated county conservation districts in the lead for the majority of permit actions. Through the incorporation of Federal and State permitting standards in one process, the PASPGP-4 continues a streamlined process for permit applicants without compromising comprehensive environmental protection.

The Department, by this notice, proposes to certify that the construction, operation and maintenance of an encroachment or water obstruction as proposed in PASPGP-4 complies with the applicable provisions of sections 301—303, 306 and 307 of the Federal Clean Water Act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317). The Department further proposes to certify that the construction, operation and maintenance of the projects complies with Commonwealth water quality standards and that the construction, operation and maintenance of the projects does not violate applicable Commonwealth water quality standards provided that the construction, operation and maintenance of the projects complies with the criteria and conditions of the permit.

The Department further intends that this certification be subject to the following condition: Prior to commencing any activity covered by PASPGP-4, the applicant must obtain all necessary permits or approvals from the Department, including, but not limited to, those required by the The Clean Streams Law (35 P.S. §§ 691.1—691.1001), the Dam Safety and Encroachments Act, the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003), the Hazardous Sites Cleanup Act (35 P.S. §§ 6020.101—6020.1305), the Land Recycling and Remediation Standards Act (35 P.S. §§ 6026.101—6026.908) and the regulations promulgated thereunder

including 25 Pa. Code Chapters 75, 91—93, 95, 102, 105 and 260—299. Additionally, all environmental assessments required under these regulations, in addition to other regulatory requirements, must be complied with as a condition of the Section 401 Water Quality Certification for the PASPGP-4.

Furthermore, PASPGP-4 is a Federal action subject to review for consistency with the enforceable policies of the Commonwealth Coastal Resources Management (CRM) Program. As required under section 306(d)(14) of the Coastal Zone Management Act of 1972 (33 U.S.C.A. § 1455(d)(14)), the CRM Program is providing the public this opportunity to provide comments on whether the PASPGP-4 is consistent with the CRM Program's policies. The CRM Program's policies can be found on the Department's web site at www.depweb.state.pa.us by selecting Water; The Water Planning Office; Coastal Resources Management Program; Program Reference Documents; Program Guidance Document.

Prior to final action on the proposed section 401 Water Quality Certification and Coastal Zone Management (CZM) Consistency for the PASPGP-4, consideration will be given to any comments, suggestions or objections which are submitted in writing by June 27, 2011. Comments concerning the proposed 401 Water Quality Certification and CZM consistency for PASPGP-4 should be directed to Kenneth Murin, Chief, Division of Waterways, Wetlands and Stormwater Management, Bureau of Watershed Management, P. O. Box 8775, Harrisburg, PA 17105-8775, (717) 787-6827 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD). Comments must be submitted in writing and contain the name, address and telephone number of the person commenting and a concise statement of comments, objections or suggestions on this proposal. No comments submitted by facsimile will be accepted. The Department will consider all relevant and timely comments received. Comments must be submitted by June 27, 2011.

The proposed PASPGP-4 and Army Corps of Engineers public notices can be viewed on the Army Corps of Engineers web page at <http://www.nab.usace.army.mil/Wetlands%20Permits/>. Copies of the PASPGP-4 and the Army Corps of Engineers public notices may be obtained by contacting Mary Lou Martin, U.S. Army Corps of Engineers, Baltimore District, State College Field Office, 1631 South Atherton Street, State College, PA 16801 or (814) 235-0570.

This decrease is the result of the Commonwealth's budget constraints. There is no change in the qualifying criteria or payment methodology for this additional class of DSH payments.

The Department received no public comments during the 30-day comment period, and will implement the changes described in its notice of intent.

Medical Assistance Program Fee Schedule Revisions

The Department of Public Welfare (Department) announces that it will revise the fees, or a component of the fee, on the Medical Assistance (MA) Program Fee Schedule for select medical, surgical, laboratory, durable medical equipment and radiological services effective May 30, 2011.

Fee Schedule Revisions

The Pennsylvania Medicaid State Plan (State Plan) specifies that maximum fees for services covered under the MA Program are to be determined on the basis of the following: fees may not exceed the Medicare upper limit when applicable; fees must be consistent with efficiency, economy and quality of care; and fees must be sufficient to assure the availability of services to recipients. MA

regulations in 55 Pa. Code § 1150.62(a) (relating to payment levels and notice of rate setting changes) also specify that the MA fees may not exceed the Medicare upper limit.

The Department has determined that MA fees for approximately 112 medical, surgical, laboratory, durable medical equipment and radiological procedure codes or combinations of procedure codes and modifiers are above the Medicare upper limit for the same procedure codes. The Department is adjusting the fees on the MA Program Fee Schedule for these combinations of procedure codes and modifiers to equal the Medicare upper limit. Revision of these fees is necessary to comply with the regulation and State Plan and to avoid a Federal disallowance.

As set forth as follows, the Department has revised the total fee (billed with no modifier) and, as applicable, the professional component fee (billed with modifier 26), the technical component fee (billed with modifier TC), the physician office procedure fee (billed with modifier SU) and the fee when billing for the purchase (billed with modifier NU) or rental (billed with modifier RR) of durable medical equipment. "N/A" indicates that the modifier is not on the MA Program Fee Schedule for the procedure code and "N/C" indicates that there is no change in the fee associated with the modifier:

Pharmacy Prior Authorization; Duplicate Therapy

The Department of Public Welfare (Department) announces it will add duplicate therapy to the Medical Assistance (MA) Program's list of services and items requiring prior authorization.

Section 443.6(b)(7) of the Public Welfare Code (62 P. S. § 443.6(b)(7)) authorizes the Department to add items and services to the list of services requiring prior authorization by publication of notice in the *Pennsylvania Bulletin*.

The MA Program will require prior authorization of prescription for a medication when there is a record of a recent paid claim for another drug within the same therapeutic class of drugs in the Department's pharmacy claims processing system.

The Department will phase-in implementation of prior authorization of duplicate therapy and will issue MA Bulletins to providers enrolled in the MA Program specifying each class of drugs subject to a review for therapeutic duplication, the effective date of implementation and the procedures for obtaining prior authorization of prescriptions that are considered duplicate therapy. The first phase of implementation will be for drugs dispensed on or after June 6, 2011.

Fiscal Impact

It is anticipated that these changes will result in savings of \$9.292 million (\$4.162 million in State funds) in the MA Outpatient Program in Fiscal Year (FY) 2011-2012 and annualize savings of \$10.137 million (\$4.584 million in State funds) in FY 2012-2013.

Mega Millions® Terminal-Based Lottery Game

Under the State Lottery Law (72 P. S. §§ 3761-101—3761-314) and 61 Pa. Code § 875.4 (relating to notice of terminal-based lottery game rules), the Secretary of Rev-

enue hereby provides public notice of changes to the Mega Millions® terminal-based lottery game rules that were published at 40 Pa.B. 676 (January 30, 2010); and amended at 40 Pa.B. 5263 (September 11, 2011) and 40 Pa.B. 6846 (November 27, 2010).

This amendment further provides for the Megaplier® promotion by clarifying that the second category prize shall be \$1,000,000 with a Megaplier® wager and will be effective on the publication date of this Notice.

The correct version of this document is as follows, with ellipses referring to the existing text as it appeared at 40 Pa.B. 676—681, 40 Pa.B. 5263 and 5264 and 40 Pa.B. 6846 and 6847:

* * * * *

2. *Definitions:* The following words and terms, when used in this notice, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Megaplier® promotion—A Mega Millions® game feature by which a player, for an additional wager of \$1 per play, can increase the third through the ninth category set prize amounts or the third through the ninth category parimutuel set prize amounts, as applicable, by a factor of two, three or four times depending upon the multiplier number that is drawn prior to a Mega Millions® drawing. The second category prize shall be \$1,000,000 regardless of the Megaplier® number drawn. The Megaplier® does not apply to the jackpot category prize.

* * * * *

10. *Megaplier® promotion.*

(a) The Megaplier® promotion shall be available in association with the Mega Millions® game and will continue until the Secretary publicly announces a suspension or termination thereof. The Megaplier® promotion will be conducted in accordance with the Mega Millions® rules except that players may purchase the Megaplier® promotion for the chance to multiply or increase the third through the ninth category set prizes won as a result of a Mega Millions® drawing by a number ranging from 2 to 4. The Secretary on occasion may announce, as a special promotion, multipliers greater than four or a greater second category prize amount. The second category prize shall be \$1,000,000 unless a higher limited promotional dollar amount is announced by the Secretary. The Mega Millions® jackpot category prize will not be eligible for multiplication under the Megaplier® promotion.

* * * * *

(d) Mega Millions® tickets that contain the Megaplier® promotion and one or more plays eligible for Mega Millions® third through ninth category prizes, identified in section 7 (relating to prizes available to be won and determination of prize winners), shall be entitled to a total set prize calculated by multiplying each Mega Millions® third through ninth category prize by the Megaplier® number selected for the drawing in which the ticket was entered. Mega Millions® tickets that contain the Megaplier® promotion and one or more plays eligible for the Mega Millions® second category prize shall be entitled to prize of \$1,000,000 unless a higher limited promotional dollar amount is announced by the Secretary.

* * * * *

(g) When the Mega Millions® second through fifth category prizes become parimutuel, the third through the fifth category prizes won will be calculated by multiplying the parimutuel prize value by the Megaplier® number.

The second category prize amount may be reduced as announced by the MUSL Mega Millions® Product Group.

(h) If the total of the Mega Millions® set prizes, as determined in section 7(b) and the Megaplier® prizes, as determined in this section, awarded in a drawing exceeds the percentage of the sales allocated to the Mega Millions® set prizes and the Megaplier® prizes, then the amount needed to fund the Mega Millions® set prizes and the Megaplier® prizes awarded shall be drawn from the following sources, in the following order: (i) the amount allocated to the set prizes and carried forward from previous draws, if any; (ii) an amount from the reserve accounts not to exceed the lesser of 300% of draw sales or 50% of draw sales plus \$50 million. If, after these sources are depleted, there are not sufficient funds to pay the second through the ninth category prizes awarded, including the Megaplier® prizes, then the second through fifth category prize levels shall become a parimutuel prize, as set out in section 7(d). The funds dedicated to the payment of Mega Millions® set prizes and the Megaplier® prizes shall be combined in the rare instance when the set prizes are paid on a parimutuel basis, so that the Megaplier® will remain in effect for all prize levels. The second category prize may be reduced as announced by the Mega Millions Product Group.

Powerball

In accordance with 61 Pa. Code § 871.21 (relating to future changes to Powerball), the Secretary of Revenue (Secretary) announces the following changes to the Powerball regulations. This amendment further provides for the power play promotion by clarifying that the second category prize shall be \$1,000,000 with a power play wager.

These changes will affect ticket sales beginning on the publication date of this Notice. The changes to the regulation will be codified as paragraph (4) in 61 Pa. Code § 871.22 (relating to changes to Powerball):

* * * * *

(4) Changes effective for Powerball tickets sold on or after the publication date of this Notice:

(i) *Section 871.20(a) (relating to power play promotion).* The power play promotion shall be available in association with the Powerball game and will continue until the

Secretary publicly announces a suspension or termination thereof. The power play promotion will be conducted in accordance with the Powerball rules except that players may purchase the power play option for the chance to multiply or increase the third through the ninth category set prizes won as a result of a Powerball drawing by a number ranging from 2 to 5. The Powerball grand prize, the second category prize and the Match 5 Bonus prizes will not be eligible for multiplication under the power play promotion. The Secretary will on occasion announce, as a special promotion, multipliers greater than 5 or a greater second category prize amount. The second category prize shall be \$1,000,000 unless a higher promotional dollar amount is announced by the Secretary.

(ii) *Section 871.20(d).* Powerball tickets that contain the power play option and one or more plays eligible for Powerball third through ninth category prizes identified in § 871.8(a) (relating to expected prize payout percentages) shall be entitled to a total set prize calculated by multiplying each Powerball third through ninth category prize by the power play number. Powerball tickets that contain the power play option and one or more plays eligible for a Powerball second category prize shall be entitled to a prize of \$1,000,000 unless a higher limited promotional dollar amount is announced by the Secretary.

(iii) *Section 871.20(g).* If, with respect to a single Powerball drawing and associated power play drawing, the total of the Powerball set prizes without the power play option and the Powerball set prizes increased by the power play option exceeds the percentage of the prize pools allocated to the set prizes, the amount needed to fund those combined set prizes shall be drawn from the following sources in the following order:

(1) The amount allocated to the set prizes and carried forward from previous Powerball drawings and power play drawings, if any.

(2) An amount from the Powerball set prize reserve account, if available, not to exceed \$25,000,000 per drawing.

(iv) *Section 871.20(h).* If the sources set forth in subsection (g) are depleted and there still are not sufficient funds to pay the set prizes for a particular Powerball drawing and associated power play drawing, the highest set prize, including the prize increased by the power play option, shall become a parimutuel prize. If the amount of the highest set prize, when paid as a parimutuel prize, is less than or equal to the next highest set prize and there are still not sufficient funds to pay the remaining prizes, the next highest set prize, including the prize increased by the power play option, shall become a parimutuel prize. If necessary under the same test set forth in the preceding sentence, each succeeding set prize level shall be converted to a parimutuel prize, in order, until all set prizes become parimutuel. If all set prizes are converted to parimutuel prizes, the money available from the funding sources listed in subsection (g) shall be divided among the winning plays in proportion to their respective prize percentages.

(v) *Section 871.20(j).* Except as otherwise provided, all power play set prizes shall be paid in single, lump-sum payments. Power play prizes for the third through the ninth category prizes shall be determined by multiplying the Powerball set prize by the number selected in the power play drawing. The power play prize for the second category prize level shall be paid \$1,000,000. Power play prize levels shall be paid as follows:

<i>Prize Level</i>	<i>Powerball Set Prize Amount</i>		<i>Regardless of Power Play Number Selected:</i>			
Second Prize	\$200,000	\$1,000,000				
		5X	4X	3X	2X	
Third Prize	\$10,000	\$50,000	\$40,000	\$30,000	\$20,000	
Fourth Prize	\$100	\$500	\$400	\$300	\$200	
Fifth Prize	\$100	\$500	\$400	\$300	\$200	
Sixth Prize	\$7	\$35	\$28	\$21	\$14	
Seventh Prize	\$7	\$35	\$28	\$21	\$14	
Eighth Prize	\$4	\$20	\$16	\$12	\$8	
Ninth Prize	\$3	\$15	\$12	\$9	\$6	

(vi) *Section 871.20(k)*. When the Powerball set prizes become parimutuel, the Powerball set prize amounts will be less than the amount shown and the power play prizes for the third through the ninth category prizes shall be a multiple of the new Powerball set prize amount and the power play prize for the second category prize shall be reduced as announced by the MUSL Powerball Product Group.

HOUSING FINANCE AGENCY

Homeowner's Emergency Mortgage Assistance Program; Unavailability of Funds

Under section 409-C of the Housing Finance Agency Law (35 P. S. § 1680.409c), (Act), the Executive Director of the Housing Finance Agency (Agency) has determined that as of July 1, 2011, the Agency will have insufficient money available in the Homeowner's Emergency Mortgage Assistance Program (Fund) to accept new applications for emergency mortgage assistance.

The Agency projects that the money available in the Fund will be insufficient to pay out on new applications that are expected to be received after June 30, 2011, and at the same time to continue making disbursements on behalf of mortgagors previously approved.

The Agency will continue to accept applications for mortgage assistance up to and including June 30, 2011. The applications will be considered on a first-come, first-served basis, based on availability of funds.

Effective July 31, 2011, mortgagees shall no longer be subject to the provisions of Article IV-C of the act (35 P. S. §§ 1680.401c—1680.412c), and mortgagees may, at any time on or after August 1, 2011, take legal action to enforce the mortgage without any further restriction or requirement of the article. Notwithstanding the previous information, however, mortgagees shall not take legal action against mortgagors who applied for mortgage

assistance on or before July 1, 2011, and whose application was approved by the Agency in a timely manner; while continuing mortgage assistance disbursements are being made on their behalf by the Agency; or during the time that their mortgage assistance loan is being prepared for closing by the Agency.

If funds become replenished in sufficient amount, by an appropriation or otherwise, to continue the Fund, a new notice will be published in accordance with the act announcing that fact and thereafter mortgagees and mortgages shall again be subject to the provisions of Article IV-C of the act. Additional information on funding availability may be available at www.phfa.org and all mortgagors and mortgagees are encouraged to visit the web site for updated status.

Nothing in this notice affects other Agency funding programs. Specifically, the Agency continues to have available funds in the Federal Emergency Homeowners' Loan Program (EHLP) for qualifying mortgagors. Additional information about the EHLP is available at www.phfa.org.

Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the previously-referenced administrative hearing and require an auxiliary aid, service or other accommodation to

participate in the hearing should contact Donna R. Fleischauer, Human Resources Director, (717) 705-4194.

Preface to Comments

The original Comments to the Pennsylvania Rules of Evidence were prepared by the Ad Hoc Committee on Evidence. The Comments accompanied the Pennsylvania Rules of Evidence that were adopted by the Pennsylvania Supreme Court on May 8, 1998. The Pennsylvania Rules of Evidence closely followed the format, language, and style of the Federal Rules of Evidence, but the guiding principle was to preserve the Pennsylvania law of evidence. The original Comments reflected this approach by identifying the Pennsylvania sources of the law. The original Comments also compared the Pennsylvania Rules to the Federal Rules for the convenience of the Bench and Bar.

The Federal Rules of Evidence were amended effective December 1, 2011. The goal of the Federal amendments was to make the rules more easily understood and to make the format and terminology more consistent, but to leave the substantive content unchanged. The Pennsylvania Rules of Evidence were rescinded and replaced on _____, and become effective on _____. They closely follow the format, language, and style of the amended Federal Rules of Evidence. The goal of the Pennsylvania Supreme Court's rescission and replacement of the Pennsylvania Rules of Evidence was likewise to make its rules more easily understood and to make the format and terminology more consistent, but to leave the substantive content unchanged. Once again, the guiding principle is to preserve the Pennsylvania law of evidence.

These Comments are prepared by the Pennsylvania Supreme Court's Committee on Rules of Evidence for the convenience of the Bench and Bar. The Comments have not been adopted by the Supreme Court and it is not intended that they have precedential significance.

ARTICLE I. GENERAL PROVISIONS

Rule	
101.	Scope; Adoption and Citation.
102.	Purpose.
103.	Rulings on Evidence.
104.	Preliminary Questions.
105.	Limiting Evidence That is Not Admissible Against Other Parties or for Other Purposes.
106.	Remainder of or Related Writings or Recorded Statements.

Rule 101. Scope; Adoption and Citation.

(a) *Scope.* These rules of evidence govern proceedings in all courts of the Commonwealth of Pennsylvania's unified judicial system, except as otherwise provided by law.

(b) *Adoption and Citation.* These rules of evidence are adopted by the Supreme Court of Pennsylvania under the authority of Article V § 10(c) of the Constitution of Pennsylvania, adopted April 23, 1968. They shall be known as the Pennsylvania Rules of Evidence and shall be cited as "Pa.R.E."

Comment

A principal goal of these rules is to construct a comprehensive code of evidence governing court proceedings in the Commonwealth of Pennsylvania. However, these rules cannot be all-inclusive. Some of our law of evidence is governed by the Constitutions of the United States and of Pennsylvania. Some is governed by statute. Some evidentiary rules are contained in the Rules of Civil and Criminal Procedure and the rules governing proceedings before courts of limited jurisdiction. Traditionally, our courts have not applied the law of evidence in its full

rigor in proceedings such as preliminary hearings, bail hearings, grand jury proceedings, sentencing hearings, parole and probation hearings, extradition or rendition hearings, and others. Traditional rules of evidence have also been relaxed to some extent in custody matters, see, e.g., Pa.R.C.P. 1915.11(b) (court interrogation of a child), and other domestic relations matters, see, e.g., Pa.R.C.P. 1930.3 (testimony by electronic means).

Decisional law is applicable to some evidentiary issues not covered by these rules. This would include for example, the *corpus delicti* rule, see *Commonwealth v. Fears*, 575 Pa. 281, 836 A.2d 52 (2003); the collateral source rule, see *Boudwin v. Yellow Cab Co.*, 410 Pa. 31, 188 A.2d 259 (1963); and the parol evidence rule, see *Yocca v. Pittsburgh Steelers Sports, Inc.*, 578 Pa. 479, 854 A.2d 425 (2004). The Pennsylvania Rules of Evidence are not intended to supersede these other provisions of law unless they do so expressly or by necessary implication.

These rules are applicable in the courts of the Commonwealth of Pennsylvania's unified judicial system. In some respects, these rules are applicable in administrative proceedings. See, e.g., *Gibson v. W.C.A.B.*, 580 Pa. 470, 861 A.2d 938 (2004) (evidentiary rules 602, 701 and 702 applicable in agency proceedings in general, including Workers' Compensation proceedings). These rules are also applicable in compulsory arbitration hearings, with specific exceptions relating to the admissibility of certain written evidence and official documents. See Pa.R.C.P. 1305.

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised December 30, 2005, effective February 1, 2006; rescinded and replaced , 2011 2011, effective , 2011.

Final Report explaining the , 2011 rescission and replacement published with the Court's Order at Pa.B. (, 2011).

Rule 102. Purpose.

These rules should be construed so as to administer every proceeding fairly, eliminate unjustifiable expense and delay, and promote the development of evidence law, to the end of ascertaining the truth and securing a just determination.

Comment

This rule is identical to F.R.E. 102.

Final Report explaining the , 2011 rescission and replacement published with the Court's Order at Pa.B. (, 2011).

Rule 103. Rulings on Evidence.

(a) *Preserving a Claim of Error.* A party may claim error in a ruling to admit or exclude evidence only:

(1) if the ruling admits evidence, a party, on the record:

(A) makes a timely objection, motion to strike, or motion *in limine*; and

(B) states the specific ground, unless it was apparent from the context; or

(2) if the ruling excludes evidence, a party informs the court of its substance by an offer of proof, unless the substance was apparent from the context.

(b) *Not Needing to Renew an Objection or Offer of Proof.* Once the court rules definitively on the record—either before or at trial—a party need not renew an objection or offer of proof to preserve a claim of error for appeal.

(c) *Court's Statement About the Ruling; Directing an Offer of Proof.* The court may make any statement about the character or form of the evidence, the objection made, and the ruling. The court may direct that an offer of proof be made in question-and-answer form.

(d) *Preventing the Jury from Hearing Inadmissible Evidence.* To the extent practicable, the court must conduct a jury trial so that inadmissible evidence is not suggested to the jury by any means.

Comment

Pa.R.E. 103(a) differs from F.R.E. 103(a). The Federal Rule says, "A party may claim error in a ruling to admit or exclude evidence only if the error affects a substantial right of the party. . . ." In Pennsylvania criminal cases, the accused is entitled to relief for an erroneous ruling unless the court finds beyond a reasonable doubt that the error is harmless. See *Commonwealth v. Story*, 476 Pa. 391, 383 A.2d 155 (1978). Civil cases are governed by Pa.R.C.P. 126 which permits the court to disregard an erroneous ruling "which does not affect the substantial rights of the parties." Pa.R.E. 103(a) is consistent with Pennsylvania law.

Pa.R.E. 103(a)(1) specifically refers to motions *in limine*. These motions are not mentioned in the Federal rule. Motions *in limine* permit the trial court to make rulings on evidence prior to trial or at trial but before the evidence is offered. Such motions can expedite the trial and assist in producing just determinations.

Pa.R.E. 103(b), (c) and (d) are identical to F.R.E. 103(b), (c) and (d).

F.R.E. 103(e) permits a court to "take notice of a plain error affecting a substantial right, even if the claim of error was not properly preserved." This paragraph has not been adopted because it is inconsistent with Pa.R.E. 103(a) and Pennsylvania law. See *Commonwealth v. Clair*, 458 Pa. 418, 326 A.2d 272 (1974); *Dilliaine v. Lehigh Valley Trust Co.*, 457 Pa. 255, 322 A.2d 114 (1974).

Official Note: Adopted May 8, 1998, effective October 1, 1998; amended November 2, 2001, effective January 1, 2002; rescinded and replaced , 2011, effective , 2011.

Committee Explanatory Reports:

Final Report explaining the , 2011 rescission and replacement published with the Court's Order at Pa.B. (, 2011).

Rule 104. Preliminary Questions.

(a) *In General.* The court must decide any preliminary question about whether a witness is qualified, a privilege exists, or evidence is admissible. In so deciding, the court is not bound by evidence rules, except those on privilege.

(b) *Relevance That Depends on a Fact.* When the relevance of evidence depends on whether a fact exists, proof must be introduced sufficient to support a finding that the fact does exist. The court may admit the proposed evidence on the condition that the proof be introduced later.

(c) *Conducting a Hearing So That the Jury Cannot Hear it.* The court must conduct any hearing on a preliminary question so that the jury cannot hear it if:

(1) the hearing involves evidence alleged to have been obtained in violation of the defendant's rights;

(2) a defendant in a criminal case is a witness and so requests; or

(3) justice so requires.

(d) *Cross-Examining a Defendant in a Criminal Case.* By testifying on a preliminary question, a defendant in a criminal case does not become subject to cross-examination on other issues in the case.

(e) *Weight and Credibility.* Even though the court rules that evidence is admissible, this does not preclude a party from offering other evidence relevant to the weight or credibility of that evidence.

Comment

Pa.R.E. 104(a) is identical to F.R.E. 104(a).

The second sentence of Pa.R.E. 104(a) is based on the premise that, by and large, the law of evidence is a "child of the jury system" and that the rules of evidence need not be applied when the judge is the fact finder. The theory is that the judge should be empowered to hear any relevant evidence to resolve questions of admissibility. This approach is consistent with Pennsylvania law. See *Commonwealth v. Raab*, 594 Pa. 18, 934 A.2d 695 (2007).

Pa.R.E. 104(a) does not resolve whether the allegedly inadmissible evidence alone is sufficient to establish its own admissibility. Some other rules specifically address this issue. For example, Pa.R.E. 902 provides that some evidence is self-authenticating. But under Pa.R.E. 803(25), the allegedly inadmissible evidence alone is not sufficient to establish some of the preliminary facts necessary for admissibility. In other cases the question must be resolved by the trial court on a case-by-case basis.

Pa.R.E. 104(b) is identical to F.R.E. 104(b).

Pa.R.E. 104(c)(1) differs from F.R.E. 104(c)(1) in that the Federal Rule says "the hearing involves the admissibility of a confession;" Pa.R.E. 104(c)(1) is consistent with Pa.R.Crim.P. 581(F), which requires hearings outside the presence of the jury in all cases in which it is alleged that the evidence was obtained in violation of the defendant's rights.

Pa.R.E. 104(c)(2) and (3) are identical to F.R.E. 104(c)(2) and (3). Paragraph(c)(3) is consistent with *Commonwealth v. Washington*, 554 Pa. 559, 722 A.2d 643 (1998), a case involving child witnesses, in which the Supreme Court created a *per se* rule requiring competency hearings to be conducted outside the presence of the jury. In *Commonwealth v. Delbridge*, 578 Pa. 641, 855 A.2d 27 (2003), the Supreme Court held that a competency hearing is the appropriate way to explore an allegation that the memory of a child has been so corrupted or "tainted" by unduly suggestive or coercive interview techniques as to render the child incompetent to testify.

Pa.R.E. 104(d) is identical to F.R.E. 104(d). In general, when a party offers himself or herself as a witness, the party may be questioned on all relevant matters in the case. See *Agate v. Dunleavy*, 398 Pa. 26, 156 A.2d 530 (1959). Under Pa.R.E. 104(d), however, when the accused in a criminal case testifies with regard to a preliminary question only, he or she may not be cross-examined as to other matters. This is consistent with Pa.R.E. 104(c)(2) in that it is designed to preserve the defendant's right not to testify in the case in chief.

Pa.R.E. 104(e) differs from F.R.E. 104(e) to clarify the meaning of this paragraph.

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised March 29, 2001, effective April 1, 2001; rescinded and replaced , 2011, effective , 2011.

Committee Explanatory Reports:

Final Report explaining the March 29, 2001 revision of the Comment published with the Court's Order at 31 Pa.B. 1995 (April 14, 2001).

Final Report explaining the , 2011 rescission and replacement published with the Court's Order at Pa.B. (, 2011).

Rule 105. Limiting Evidence That is Not Admissible Against Other Parties or for Other Purposes.

If the court admits evidence that is admissible against a party or for a purpose—but not against another party or for another purpose—the court on timely request, must restrict the evidence to its proper scope and instruct the jury accordingly. The court may also do so on its own initiative.

Comment

The first sentence of Pa.R.E. 105 is identical to F.R.E. 105. The second sentence was added to conform to Pennsylvania practice. There are other ways to deal with evidence that is admissible against one party but not another, or for one purpose but not another. For example, the evidence may be redacted. See *Commonwealth v. Johnson*, 474 Pa. 410, 378 A.2d 859 (1977). In some cases, severance may be appropriate. See *Commonwealth v. Young*, 263 Pa. Super. 333, 397 A.2d 1234 (1979). Where the danger of unfair prejudice outweighs probative value the evidence may be excluded. See Pa.R.E. 403.

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised March 10, 2000, effective immediately; rescinded and replaced , 2011, effective , 2011.

Committee Explanatory Reports:

Rule 106. Remainder of or Related Writings or Recorded Statements.

If a party introduces all or part of a writing or recorded statement, an adverse party may require the introduction, at that time, of any other part—or any other writing or recorded statement—that in fairness ought to be considered at the same time.

If a party introduces all or part of a writing or recorded statement, an adverse party may require the introduction, at that time, of any other part—or any other writing or recorded statement—that in fairness ought to be considered at the same time.

Comment

This rule is identical to F.R.E. 106. A similar principle is expressed in Pa.R.C.P. 4020(a)(4), which states: “If only part of a deposition is offered in evidence by a party, any other party may require the offering party to introduce all of it which is relevant to the part introduced, and any party may introduce any other parts.”

The purpose of Pa.R.E. 106 is to give the adverse party an opportunity to correct a misleading impression that may be created by the use of a part of a writing or recorded statement that may be taken out of context. This rule gives the adverse party the opportunity to correct the misleading impression at the time that the evidence is introduced. The trial court has discretion to decide whether other parts, or other writings or recorded statements, ought in fairness to be considered contemporaneously with the proffered part.

ARTICLE II. JUDICIAL NOTICE

Rule 201. Judicial Notice of Adjudicative Facts.

Rule 201. Judicial Notice of Adjudicative Facts.

(a) *Scope.* This rule governs judicial notice of an adjudicative fact only, not a legislative fact.

(b) *Kinds of Facts That May Be Judicially Noticed.* The court may judicially notice a fact that is not subject to reasonable dispute because it:

(1) is generally known within the trial court’s territorial jurisdiction; or

(2) can be accurately and readily determined from sources whose accuracy cannot reasonably be questioned.

(c) *Taking Notice.* The court:

(1) may take judicial notice on its own; or

(2) must take judicial notice if a party requests it and the court is supplied with the necessary information.

(d) *Timing.* The court may take judicial notice at any stage of the proceeding.

(e) *Opportunity to Be Heard.* On timely request, a party is entitled to be heard on the propriety of taking judicial notice and the nature of the fact to be noticed. If the court takes judicial notice before notifying a party, the party, on request, is still entitled to be heard.

(f) *Instructing the Jury.* The court must instruct the jury that it may, but is not required to, accept as conclusive, any fact judicially noticed.

Comment

This rule is identical to F.R.E. 201, except for paragraph (f).

Pa.R.E. 201(a) limits the application of this rule to adjudicative facts. This rule is not applicable to judicial

notice of law. Adjudicative facts are facts about the events, persons and places relevant to the matter before the court. See 2 McCormick, *Evidence* § 328 (6th ed. 2006).

In determining the law applicable to a matter, the judge is sometimes said to take judicial notice of law. In Pennsylvania, judicial notice of law has been regulated by decisional law and statute. See *In re Annual Controller’s Reports for Years 1932, 1933, 1934, 1935 and 1936*, 333 Pa. 489, 5 A.2d 201 (1939) (judicial notice of public laws); 42 Pa.C.S. § 6107 (judicial notice of municipal ordinances); 42 Pa.C.S. § 5327 (judicial notice of laws of any jurisdiction outside the Commonwealth); 45 Pa.C.S. § 506 (judicial notice of the contents of the *Pennsylvania Code* and the *Pennsylvania Bulletin*). These rules are not intended to change existing provisions of law.

Pa.R.E. 201(f) differs from F.R.E. 201(f). Under the Federal Rule the court is required to instruct the jury to accept as conclusive any fact judicially noticed in a civil case. In a criminal case, the judicially noticed fact is not treated as conclusive. Under Pennsylvania law, the judicially noticed fact has not been treated as conclusive in either civil or criminal cases, and the opposing party may submit evidence to the jury to disprove the noticed fact. See *Appeal of Albert*, 372 Pa. 13, 92 A.2d 663 (1952); *Commonwealth v. Brown*, 428 Pa. Super. 587, 631 A.2d 1014 (1993).

ARTICLE III. PRESUMPTIONS

Rule 301. Presumptions.

Presumptions as they now exist or may be modified by law shall be unaffected by the adoption of these rules.

Comment

Pa.R.E. 301 is similar to F.R.E. 301 in that it does not modify existing law. Pa.R.E. 301 differs from F.R.E. 301 in that this rule does not establish the effect of a presumption on the burden of proof.

ARTICLE IV. RELEVANCE AND ITS LIMITS

 404. Character Evidence; Crimes or Other Acts.

- 412. Sex Offense Cases: The Victim's Sexual Behavior or Predisposition (Not Adopted).

Rule 401. Test for Relevant Evidence.

Evidence is relevant if:

- (a) it has any tendency to make a fact more or less probable than it would be without the evidence; and
- (b) the fact is of consequence in determining the action.

Comment

This rule is identical to F.R.E. 401.

Whether evidence has a tendency to make a given fact more or less probable is to be determined by the court in the light of reason, experience, scientific principles and the other testimony offered in the case.

The relevance of proposed evidence may be dependent on evidence not yet of record. Under Pa.R.E. 104(b), the court may admit the proposed evidence on the condition that the evidence supporting its relevance be introduced later.

Rule 402. General Admissibility of Relevant Evidence.

All relevant evidence is admissible, except as otherwise provided by law. Evidence that is not relevant is not admissible.

Comment

Pa.R.E. 402 differs from F.R.E. 402. The Federal Rule specifically enumerates the various sources of federal rule-making power. Pa.R.E. 402 substitutes the phrase "by law".

Pa.R.E. 402 states a fundamental concept of the law of evidence. Relevant evidence is admissible; evidence that is not relevant is not admissible. This concept is modified by the exceptions clause of the rule, which states another fundamental principle of evidentiary law—relevant evidence may be excluded by operation of constitutional law, by statute, by these rules, by other rules promulgated by the Supreme Court or by rules of evidence created by case law.

Examples of decisionally created rules of exclusion that are not abrogated by the adoption of these rules include: the *corpus delicti* rule, *Commonwealth v. Ware*, 459 Pa. 334, 329 A.2d 258 (1974); the collateral source rule, see *Boudwin v. Yellow Cab Co.*, 410 Pa. 31, 188 A.2d 259 (1963); the parol evidence rule, see *Yocca v. Pittsburgh Steelers Sports, Inc.*, 578 Pa. 479, 854 A.2d 425 (2004); and the rule excluding certain evidence to rebut the presumption of legitimacy, see *John M. v. Paula T.*, 524 Pa. 306, 571 A.2d 1380 (1990).

Rule 403. Excluding Relevant Evidence for Prejudice, Confusion, Waste of Time, or Other Reasons.

The court may exclude relevant evidence if its probative value is outweighed by a danger of one or more of the following: unfair prejudice, confusing the issues, misleading the jury, undue delay, wasting time, or needlessly presenting cumulative evidence.

Comment

Pa.R.E. 403 differs from F.R.E. 403. The Federal Rule provides that relevant evidence may be excluded if its probative value is "substantially outweighed." Pa.R.E. 403 eliminates the word "substantially" to conform the text of the rule more closely to Pennsylvania law. See *Commonwealth v. Boyle*, 498 Pa. 486, 447 A.2d 250 (1982).

"Unfair prejudice" means a tendency to suggest decision on an improper basis or to divert the jury's attention away from its duty of weighing the evidence impartially.

Rule 404. Character Evidence; Crimes or Other Acts.

(a) *Character Evidence.*

(1) *Prohibited Uses.* Evidence of a person's character or character trait is not admissible to prove that on a particular occasion the person acted in accordance with the character or trait.

(2) *Exceptions for a Defendant or Victim in a Criminal Case.* The following exceptions apply in a criminal case:

(A) a defendant may offer evidence of the defendant's pertinent trait, and if the evidence is admitted, the prosecutor may offer evidence to rebut it;

(B) subject to limitations imposed by statute a defendant may offer evidence of an alleged victim's pertinent trait, and if the evidence is admitted the prosecutor may:

- (i) offer evidence to rebut it; and
- (ii) offer evidence of the defendant's same trait; and

(C) in a homicide case, the prosecutor may offer evidence of the alleged victim's trait of peacefulness to rebut evidence that the victim was the first aggressor.

(3) *Exceptions for a Witness.* Evidence of a witness's character may be admitted under Rules 607, 608, and 609.

(4) *Exception in a Civil Action for Assault and Battery.* In a civil action for assault and battery, evidence of the plaintiff's character trait for violence may be admitted when offered by the defendant to rebut evidence that the defendant was the first aggressor.

(b) *Crimes, Wrongs or Other Acts*

(1) *Prohibited Uses.* Evidence of a crime, wrong, or other act is not admissible to prove a person's character in order to show that on a particular occasion the person acted in accordance with the character.

(2) *Permitted Uses.* This evidence may be admissible for another purpose, such as proving motive, opportunity, intent, preparation, plan, knowledge, identity, absence of mistake, or lack of accident. In a criminal case this

evidence is admissible only if the probative value of the evidence outweighs its potential for unfair prejudice.

(3) *Notice in a Criminal Case.* In a criminal case the prosecutor must provide reasonable notice in advance of trial, or during trial if the court excuses pretrial notice on good cause shown, of the general nature of any such evidence the prosecutor intends to introduce at trial.

Comment

Pa.R.E. 404(a) differs from F.R.E. 404(a). There are two differences. First, F.R.E. 404(a)(2)(B) gives the defendant the right to introduce evidence of a pertinent trait of character of the alleged victim of the crime subject to the limitations in F.R.E. 412. The Pennsylvania Rule differs in that Pennsylvania has not adopted Rule 412. Instead, Pennsylvania recognizes statutory limitations on this right. In particular, 18 Pa. C.S. § 3104 (the Rape Shield Law) often prohibits the defendant from introducing evidence of the alleged victim's past sexual conduct, including reputation evidence. See Comment to Pa.R.E. 412 (Not Adopted), *infra*. Second, Pa.R.E. 404(a)(4), which applies only to a civil action for assault and battery, is not part of the federal rule. It is based on *Bell v. Philadelphia*, 341 Pa. Super. 534, 491 A.2d 1386 (1985).

Pa.R.E. 404(a)(1) prohibits the use of evidence of a person's character or trait of character to prove conduct in conformity therewith on a particular occasion. The rationale is that the relevance of such evidence is usually outweighed by its tendency to create unfair prejudice, particularly with a jury. This does not prohibit the introduction of evidence of a person's character, or trait of character, to prove something other than conduct in conformity therewith. For example, a party must sometimes prove a person's character or trait of character because it is an element of the party's claim or defense. See Pa.R.E. 405(b) and its Comment.

A person's trait of character is not the same as a person's habit. The distinction is discussed in the Comment to Rule 406, *infra*. If a person's trait of character leads to habitual behavior, evidence of the latter is admissible to prove conduct in conformity therewith on a particular occasion, pursuant to Rule 406.

Pa.R.E. 404(a)(2)(A) which deals with the character of a defendant in a criminal case, is identical to F.R.E. 404(a)(2)(A). It allows the defendant to "put his character in issue," usually by calling character witnesses to testify to his good reputation for a law-abiding disposition, or other pertinent trait of character. If the defendant does so, the Commonwealth may (1) cross-examine such witnesses, subject to the limitations imposed by Rule 405(a), and (2) offer rebuttal evidence.

If a defendant in a criminal case chooses to offer evidence of a pertinent trait of character of an alleged victim under subsection (a)(2)(B), then subsection (a)(2)(B)(ii) allows the Commonwealth to offer evidence that the defendant has the same trait of character. For example, in an assault and battery case, if the defendant introduces evidence that the alleged victim was a violent and belligerent person, the Commonwealth may counter by offering evidence that the defendant was also a violent and belligerent person. Thus, the jury will receive a balanced picture of the two participants to help it decide who was the first aggressor.

Pa.R.E. 404(b)(1) is identical to F.R.E. 404(b)(1). It prohibits the use of evidence of other crimes wrongs or acts to prove a person's character.

Pa.R.E. 404(b)(2), like F.R.E. 404(b)(2), contains a non-exhaustive list of purposes, other than proving character,

for which a person's other crimes wrongs or acts may be admissible. But it differs in several aspects. First, Pa.R.E. 404(b)(2) requires that the probative value of the evidence must outweigh its potential for prejudice. When weighing the potential for prejudice of evidence of other crimes, wrongs, or acts, the trial court may consider whether and how much such potential for prejudice can be reduced by cautionary instructions. See *Commonwealth v. LaCava*, 542 Pa. 160, 666 A.2d 221 (1995). When evidence is admitted for this purpose, the party against whom it is offered is entitled, upon request, to a limiting instruction. See *Commonwealth v. Hutchinson*, 571 Pa. 45, 811 A.2d 556 (2002). Second, the federal rule requires the defendant in a criminal case to make a request for notice of the prosecutor's intent to offer evidence of other crimes, wrongs or acts. This issue is covered in Pa.R.E. 404(b)(3) which is consistent with prior Pennsylvania practice in that the requirement that the prosecutor give notice is not dependent upon a request by the defendant.

Rule 405. Methods of Proving Character.

(a) *By Reputation.* When evidence of a person's character or character trait is admissible, it may be proved by testimony about the person's reputation. Testimony about the witness's opinion as to the character or character trait of the person is not admissible.

(1) On cross-examination of the character witness, the court may allow an inquiry into relevant specific instances of the person's conduct probative of the character trait in question.

(2) In a criminal case, on cross-examination of a character witness, inquiry into allegations of other criminal conduct by the defendant, not resulting in conviction, is not permissible.

(b) *By Specific Instances of Conduct.* Specific instances of conduct are not admissible to prove character or a trait of character, except:

(1) In a civil case, when a person's character or a character trait is an essential element of a claim or defense, character may be proved by specific instances of conduct.

(2) In a criminal case, when character or a character trait of an alleged victim is admissible under Pa.R.E. 404(a)(2)(B) the defendant may prove the character or character trait by specific instances of conduct.

Comment

Pa.R.E. 405(a) differs from F.R.E. 405(a). The first sentence of Pa.R.E. 405(a) permits proof of character or a character trait by reputation testimony, as does F.R.E. 405(a). But the second sentence specifically prohibits opinion testimony about character or a trait of character. This prohibition is consistent with prior Pennsylvania law. See *Commonwealth v. Lopinson*, 427 Pa. 284, 234 A.2d 552 (1967), *vacated on other grounds*, 392 U.S. 647 (1968).

Pa.R.E. 405(a) also differs from F.R.E. 405(a) in that there are two subparagraphs, Pa.R.E. 405(a)(1) and Pa.R.E. 405(a)(2), dealing with cross-examination of a character witness. Pa.R.E. 405(a)(2) prohibits cross-examination of a criminal defendant's character witnesses regarding criminal conduct of the defendant not resulting in conviction. This is consistent with prior Pennsylvania law. *See Commonwealth v. Morgan*, 559 Pa. 248, 739 A.2d 1033 (1999). When a reputation witness is cross-examined regarding specific instances of conduct, the court should take care that the cross-examiner has a reasonable basis for the questions asked. *See Commonwealth v. Adams*, 426 Pa. Super. 332, 626 A.2d 1231 (1993).

Pa.R.E. 405(b) differs from F.R.E. 405(b). Unlike F.R.E. 405(b), Pa.R.E. 405(b) distinguishes between civil and criminal cases in permitting the use of specific instances of conduct to prove character.

With regard to civil cases, Pa.R.E. 405(b)(1) is similar to the Federal Rule in permitting proof of character by specific instances of conduct where character is an essential element of the claim or defense. This is consistent with prior Pennsylvania law. *See Matusak v. Kulczewski*, 295 Pa. 208, 145 A. 94 (1928); *Dempsey v. Walso Bureau, Inc.*, 431 Pa. 562, 246 A.2d 418 (1968). With regard to criminal cases, under Pa.R.E. 404(a)(2)(B), the accused may offer evidence of a pertinent trait of character of the alleged crime victim. Under Pa.R.E. 405(b)(2) the trait may be proven by specific instances of conduct without regard to whether the trait is an essential element of the charge, or defense. This is consistent with prior Pennsylvania law. *See Commonwealth v. Dillon*, 528 Pa. 417, 598 A.2d 963 (1991).

Rule 406. Habit; Routine Practice.

Evidence of a person's habit or an organization's routine practice may be admitted to prove that on a particular occasion the person or organization acted in accordance with the habit or routine practice. The court may admit this evidence regardless of whether it is corroborated or there was an eyewitness.

Comment

This rule is identical to F.R.E. 406. The concepts of "habit" and "routine practice" denote conduct that occurs with fixed regularity in repeated specific situations. Like the Federal Rule, Pa.R.E. 406 does not set forth the ways in which habit or routine practice may be proven, but leaves this for case-by-case determination. *See, e.g., Commonwealth v. Rivers*, 537 Pa. 394, 644 A.2d 710 (1994) (allowing testimony based on familiarity with another's conduct); *Baldrige v. Matthews*, 378 Pa. 566, 570; 106 A.2d 809, 811 (1954) (testimony of uniform practice apparently permitted without examples of specific instances).

Evidence of habit must be distinguished from evidence of character. Character applies to a generalized propen-

sity to act in a certain way without reference to specific conduct, and frequently contains a normative, or value-laden, component (e.g., a character for truthfulness). Habit connotes one's conduct in a precise factual context, and frequently involves mundane matters (e.g., recording the purpose for checks drawn).

Rule 407. Subsequent Remedial Measures.

When measures are taken by a party that would have made an earlier injury or harm less likely to occur, evidence of the subsequent measures is not admissible against that party to prove:

- negligence;
- culpable conduct;
- a defect in a product or its design; or
- a need for a warning or instruction.

But the court may admit this evidence for another purpose such as impeachment or—if disputed—proving ownership, control, or the feasibility of precautionary measures.

Comment

Pa.R.E. 407 differs from F.R.E. 407. The rule has been modified to clarify that the rule only protects the party that took the measures. Though F.R.E. 407 is silent on the point, the courts have generally held that the federal rule does not apply when one other than the alleged tortfeasor takes the action because the reason for the rule (to encourage remedial measures) is not then implicated. *See, e.g., TLT-Babcock, Inc. v. Emerson Electric Co.*, 33 F.3d 397, 400 (4th Cir. 1994) (collecting cases).

Rule 408. Compromise Offers and Negotiations.

(a) *Prohibited Uses.* Evidence of the following is not admissible—on behalf of any party—either to prove or disprove the validity or amount of a disputed claim or to impeach by a prior inconsistent statement or a contradiction:

- (1) furnishing, promising, or offering—or accepting, promising to accept, or offering to accept—a valuable consideration in compromising or attempting to compromise the claim; and
- (2) conduct or a statement made during compromise negotiations about the claim.

(b) *Exceptions.* The court may admit this evidence for another purpose, such as proving a witness's bias or

prejudice, negating a contention of undue delay, or proving an effort to obstruct a criminal investigation or prosecution.

Comment

Pa.R.E. 408(a) differs from F.R.E. 408(a) in that the federal rule in paragraph (a)(2) contains language that seems to permit the use in criminal cases of statements made to government investigators, regulators, or enforcement authority in negotiations in civil cases. That language has not been adopted because the use of such statements might conflict with the policies underlying Pa.R.Crim.P. 586 (relating to dismissal of criminal charges not committed by force or violence upon payment of restitution) or Pa.R.Crim.P. 546 (relating to dismissal upon satisfaction or agreement).

This rule does not require the exclusion of any evidence otherwise discoverable merely because it is presented in the course of compromise negotiations.

Pa.R.E. 408(b) is identical to F.R.E. 408(b).

Admissibility of conduct and statements in mediations pursuant to the Mediation Act of 1996, 42 Pa.C.S. § 5949, is governed by that statute.

Pa.R.E. 408 is consistent with 42 Pa.C.S. § 6141 which provides, in pertinent part, as follows:

§ 6141. Effect of certain settlements

(a) Personal Injuries. Settlement with or any payment made to an injured person or to others on behalf of such injured person with the permission of such injured person or to anyone entitled to recover damages on account of injury or death of such person shall not constitute an admission of liability by the person making the payment or on whose behalf the payment was made, unless the parties to such settlement or payment agree to the contrary.

(b) Damages to Property. Settlement with or any payment made to a person or on his behalf to others for damages to or destruction of property shall not constitute an admission of liability by the person making the payment or on whose behalf the payment was made, unless the parties to such settlement or payment agree to the contrary.

(c) Admissibility in Evidence. Except in an action in which final settlement and release has been pleaded as a complete defense, any settlement or payment referred to in subsections (a) and (b) shall not be admissible in evidence on the trial of any matter.

- (2) a *nolo contendere* plea;

(3) a statement made in the course of any proceedings under Rules 311, 313, 409, 414, 424, 550 or 590 of the Pennsylvania Rules of Criminal Procedure, Rule 11 of the Federal Rules of Criminal Procedure, or a comparable rule or procedure of another state; or

(4) a statement made during plea discussions with an attorney for the prosecuting authority if the discussions did not result in a guilty plea or they resulted in a later withdrawn guilty plea.

(b) *Exceptions.* The court may admit a statement described in Rule 410(a)(3) or (4):

(1) in any proceeding in which another statement made during the same plea or plea discussions has been introduced, if in fairness the statements ought to be considered together; or

(2) in a criminal proceeding for perjury or false statement, if the defendant made the statement under oath, on the record, and with counsel present.

Comment

Pa.R.E. 410(a)(3) differs from F.R.E. 410(a)(3) in that it refers to the Pennsylvania proceedings to which the paragraph applies rather than the federal proceedings.

Pa.R.E. 410 does not prohibit the use of a conviction that results from a plea of *nolo contendere*, as distinct from the plea itself, to impeach in a later proceeding (subject to Pa.R.E. 609) or to establish an element of a charge in a later administrative proceeding. *See Commonwealth v. Snyder*, 408 Pa. 253, 182 A.2d 495 (1962) (conviction based on *nolo contendere* plea could be used to impeach witness in later criminal proceeding); *Eisenberg v. Commonwealth, Dep't. of Public Welfare*, 512 Pa. 181, 516 A.2d 333 (Pa. 1986) (conviction based on *nolo*

contendere plea permitted to establish element of charge in administrative proceeding).

There is also a statute governing the admissibility of guilty pleas and pleas of *nolo contendere* in cases charging summary motor vehicle violations when offered in civil cases arising out of the same facts. See 42 Pa.C.S. § 6142 which provides:

(a) *General Rule.* A plea of guilty or *nolo contendere*, or a payment of the fine and costs prescribed after any such plea, in any summary proceeding made by any person charged with a violation of Title 75 (relating to vehicles) shall not be admissible as evidence in any civil matter arising out of the same violation or under the same facts or circumstances.

(b) *Exception.* The provisions of subsection (a) shall not be applicable to administrative or judicial proceedings involving the suspension of a motor vehicle or tractor operating privilege, learner's permit, or right to apply for a motor vehicle or tractor operating privilege, or the suspension of a certificate of appointment as an official inspection station, or the suspension of a motor vehicle, tractor, or trailer registration.

Pa.R.E. 410(b) is identical to F.R.E. 410(b).

Rule 412. Sex Offense Cases: The Victim's Sexual Behavior or Predisposition (Not Adopted).

Comment

Pennsylvania has not adopted a Rule of Evidence comparable to F.R.E. 412. In Pennsylvania this subject is governed by 18 Pa.C.S. § 3104 (the "Rape Shield Law").

18 Pa.C.S. § 3104 provides:

§ 3104. Evidence of victim's sexual conduct

(a) *General rule.*—Evidence of specific instances of the alleged victim's past sexual conduct, opinion evidence of the alleged victim's past sexual conduct, and reputation evidence of the alleged victim's past sexual conduct shall not be admissible in prosecutions under this chapter except evidence of the alleged victim's past sexual conduct with the defendant where consent of the alleged victim is at issue and such evidence is otherwise admissible pursuant to the rules of evidence.

(b) *Evidentiary proceedings.*—A defendant who proposes to offer evidence of the alleged victim's past sexual conduct pursuant to subsection (a) shall file a written motion and offer of proof at the time of trial. If, at the time of trial, the court determines that the motion and offer of proof are sufficient on their faces, the court shall order an in camera hearing and shall make findings on the record as to the relevance and admissibility of the proposed evidence pursuant to the standards set forth in subsection (a).

(b) *Disqualification for Specific Defects.* A person is incompetent to testify if the court finds that because of a mental condition or immaturity the person:

- (1) is, or was, at any relevant time, incapable of perceiving accurately;

- (3) has an impaired memory; or
- (4) does not sufficiently understand the duty to tell the truth.

Comment

Pa.R.E. 601(a) differs from F.R.E. 601(a). It is consistent, instead, with Pennsylvania statutory law. 42 Pa.C.S. §§ 5911 and 5921 provide that all witnesses are competent except as otherwise provided. Pennsylvania statutory law provides several instances in which witnesses are incompetent. *See, e.g.*, 42 Pa.C.S. § 5922 (persons convicted in a Pennsylvania court of perjury incompetent in civil cases); 42 Pa.C.S. § 5924 (spouses incompetent to testify against each other in civil cases with certain exceptions set out in 42 Pa.C.S. §§ 5925, 5926, and 5927); 42 Pa.C.S. §§ 5930—5933 and 20 Pa.C.S. § 2209 (“Dead Man’s statutes”).

Pa.R.E. 601(b) has no counterpart in the Federal Rules. It is consistent with Pennsylvania law concerning the factors for determining competency of a person to testify, including persons with a mental defect and children of tender years. *See Commonwealth v. Baker*, 466 Pa. 479, 353 A.2d 454 (1976) (standards for determining competency generally); *Commonwealth v. Goldblum*, 498 Pa. 455, 447 A.2d 234 (1982) (mental capacity); *Rosche v. McCoy*, 397 Pa. 615, 156 A.2d 307 (1959) (immaturity).

Pennsylvania case law recognizes two other grounds for incompetency, a child’s “tainted” testimony, and hypnotically refreshed testimony. In *Commonwealth v. Delbridge*, 578 Pa. 641, 855 A.2d 27 (2003), the Supreme Court reiterated concern for the susceptibility of children to suggestion and fantasy and held that a child witness can be rendered incompetent to testify where unduly suggestive or coercive interview techniques corrupt or “taint” the child’s memory and ability to testify truthfully about that memory. *See also Commonwealth v. Judd*, 897 A.2d 1224 (Pa. Super. 2006).

In *Commonwealth v. Nazarovitch*, 496 Pa. 97, 436 A.2d 170 (1981), the Supreme Court rejected hypnotically refreshed testimony, where the witness had no prior independent recollection. Applying the test of *Frye v. United States*, 293 F. 1013 (D.C. Cir. 1923) for scientific testimony, the Court was not convinced that the process of hypnosis as a means of restoring forgotten or repressed memory had gained sufficient acceptance in its field. *Commonwealth v. Nazarovitch, supra*; *see also Commonwealth v. Romanelli*, 522 Pa. 222, 560 A.2d 1384 (1989) (when witness has been hypnotized, he or she may testify concerning matters recollected prior to hypnosis, but not about matters recalled only during or after hypnosis); *Commonwealth v. Smoyer*, 505 Pa. 83, 476 A.2d 1304 (1984) (same). Pa.R.E. 601(b) is not intended to change these results. For the constitutional implications when a

defendant in a criminal case, whose memory has been hypnotically refreshed, seeks to testify, *see Rock v. Arkansas*, 483 U.S. 44 (1987).

The application of the standards in Pa.R.E. 601(b) is a factual question to be resolved by the court as a preliminary question under Rule 104. The party challenging competency bears the burden of proving grounds of incompetency by clear and convincing evidence. *Commonwealth v. Delbridge*, 578 Pa. at 664, 855 A.2d at 40. In *Commonwealth v. Washington*, 554 Pa. 559, 722 A.2d 643 (1998), a case involving child witnesses, the Supreme Court announced a *per se* rule requiring trial courts to conduct competency hearings outside the presence of the jury. Expert testimony has been used when competency under these standards has been an issue. *See e.g.*, *Commonwealth v. Baker*, 466 Pa. 479, 353 A.2d 454 (1976); *Commonwealth v. Gaerttner*, 335 Pa. Super. 203, 484 A.2d 92 (1984).

Rule 602. Need for Personal Knowledge.

A witness may testify to a matter only if evidence is introduced sufficient to support a finding that the witness has personal knowledge of the matter. Evidence to prove personal knowledge may consist of the witness’s own testimony. This rule does not apply to a witness’s expert testimony under Rule 703.

Comment

This rule is identical to F.R.E. 602.

Personal or firsthand knowledge is a universal requirement of the law of evidence. *See Johnson v. Peoples Cab Co.*, 386 Pa. 513, 514-15, 126 A.2d 720, 721 (1956) (“The primary object of a trial in our American courts is to bring to the tribunal, which is passing on the dispute involved, those persons who know of their own knowledge the facts to which they testify.”). Pa.R.E. 602 refers to Pa.R.E. 703 to make clear that there is no conflict with Rule 703, which permits an expert to base an opinion on facts not within the expert’s personal knowledge.

It is implicit in Pa.R.E. 602 that the party calling the witness has the burden of proving personal knowledge. This is consistent with Pennsylvania law. *Carney v. Pennsylvania R.R. Co.*, 428 Pa. 489, 240 A.2d 71 (1968).

Generally speaking, the personal knowledge requirement of Rule 602 is applicable to the declarant of a hearsay statement. *See, e.g., Commonwealth v. Pronkoskie*, 477 Pa. 132, 383 A.2d 858 (1978) and *Carney v. Pennsylvania R.R. Co.*, 428 Pa. 489, 240 A.2d 71 (1968). However, personal knowledge is not required for an opposing party’s statement under Pa.R.E. 803(25). *See Salvitti v. Throppe*, 343 Pa. 642, 23 A.2d 445 (1942); *Carswell v. SEPTA*, 259 Pa. Super. 167, 393 A.2d 770 (1978). In addition, Pa.R.E. 804(b)(4) explicitly dispenses with the need for personal knowledge for statements of personal or family history, and Pa.R.E. 803(19), (20) and (21) impliedly do away with the personal knowledge requirement by permitting testimony as to reputation to prove personal or family history, boundaries or general history, and a person’s character.

An interpreter must be qualified and must give an oath or affirmation to make a true translation.

Comment

In 2006, legislation was enacted pertaining to the certification, appointment, and use of interpreters in judicial and administrative proceedings for persons having limited proficiency with the English language and persons who are deaf. See 42 Pa.C.S. §§ 4401—4438; 2 Pa.C.S. §§ 561—588. Pursuant to this legislation, the Administrative Office of the Pennsylvania Courts ("AOPC") has implemented an interpreter program for judicial proceedings. See 204 Pa. Code §§ 221.101—407. Rule 605. Judge's Competency as a Witness.

The presiding judge may not testify as a witness at the trial.

Comment

This rule is identical to the first sentence of F.R.E. 605.

The second sentence of F.R.E. 605 which provides, "A party need not object to preserve the issue," is not adopted. This is consistent with Pa.R.E. 103(a) which provides that error may not be predicated on a ruling admitting evidence in the absence of a timely objection, motion to strike, or motion in limine. Of course, the court should permit the making of the objection out of the presence of the jury. See Pa.R.E. 103(d).

Rule 606. Juror's Competency as a Witness.

(a) *At the Trial.* A juror may not testify as a witness before the other jurors at the trial. If a juror is called to testify, the court must give a party an opportunity to object outside the jury's presence.

(b) *During an Inquiry into the Validity of a Verdict or Indictment*

(1) *Prohibited Testimony or Other Evidence.* During an inquiry into the validity of a verdict or indictment, a juror may not testify about any statement made or incident that occurred during the jury's deliberations; the effect of anything on that juror's or another juror's vote; or any juror's mental processes concerning the verdict or indictment. The court may not receive a juror's affidavit or evidence of a juror's statement on these matters.

(2) *Exceptions.* A juror may testify about whether:

(A) prejudicial information not of record and beyond common knowledge and experience was improperly brought to the jury's attention; or

(B) an outside influence was improperly brought to bear on any juror.

Comment

Pa.R.E. 606(a) is identical to F.R.E. 606(a). Note that this paragraph bars a juror from testifying "before the other jurors at the trial." That phrase indicates that a juror may testify outside the presence of the rest of the jury on matters occurring during the course of the trial. See, e.g., *Commonwealth v. Santiago*, 456 Pa. 265, 318 A.2d 737 (1974) (jurors permitted to testify at hearing in chambers during trial on question of whether they received improper prejudicial information).

Pa.R.E. 606(b) differs from F.R.E. 606(b). First, the words, "extraneous prejudicial information" in F.R.E. 606(b)(2)(A) have been replaced by the phrase "prejudicial information not of record and beyond common knowledge and experience." This makes clear that the exception is directed at evidence brought before the jury which was not presented during the trial, and which was not tested by the processes of the adversary system and subjected to judicial screening for a determination of admissibility. The qualification of "common knowledge and experience" is a recognition that all jurors bring with them some common facts of life.

Second, Pa.R.E. 606(b)(2) does not contain the third exception to juror incompetency that appears in F.R.E. 606(b)(2)(C)—permitting juror testimony about whether there was a mistake in entering the verdict onto the verdict form. Pennsylvania law deals with possible mistakes in the verdict form by permitting the polling of the jury prior to the recording of the verdict. If there is no concurrence, the jury is directed to retire for further deliberations. See Pa.R.Crim.P. 648(G); *City of Pittsburgh v. Dinardo*, 410 Pa. 376, 189 A.2d 886 (1963); *Barefoot v. Penn Central Transportation Co.*, 226 Pa. Super. 558, 323 A.2d 271 (1974).

Pa.R.E. 606(b) does not purport to set forth the substantive grounds for setting aside verdicts because of an irregularity.

Rule 607. Who May Impeach a Witness, Evidence to Impeach a Witness.

(a) *Who May Impeach a Witness.* Any party, including the party that called the witness, may attack the witness's credibility.

(b) *Evidence to Impeach a Witness.* The credibility of a witness may be impeached by any evidence relevant to that issue, except as otherwise provided by statute or these rules.

Comment

Pa.R.E. 607(a) is identical to F.R.E. 607. It abolishes the common law rule that prohibited a party from impeaching a witness called by that party.

The Federal Rules have no provision similar to Pa.R.E. 607(b). Pa.R.E. 607(b) applies the test for relevant evidence of Pa.R.E. 401 to evidence offered to impeach the credibility of a witness. As is the case under Pa.R.E. 402, there are limits on the admissibility of evidence relevant to the credibility of a witness imposed by these rules. For example, Pa.R.E. 403 excludes relevant evidence if its probative value is outweighed by danger of unfair prejudice, etc., and there are specific limitations on impeachment imposed by Rules 608, 609 and 610. There are statutory limitations such as 18 Pa.C.S. § 3104 (Rape Shield Law).

Pa.R.E. 607(b), however, is not curtailed by 42 Pa.C.S. § 5918, which prohibits, with certain exceptions, the questioning of a defendant who testifies in a criminal case for the purpose of showing that the defendant has committed, been convicted of or charged with another offense or that the defendant has a bad character or reputation. In *Commonwealth v. Bigham*, 452 Pa. 554, 307 A.2d 255 (1973), this statute was interpreted to apply only to cross-examination. Hence, it affects only the timing and method of impeachment of a defendant; it does not bar the impeachment entirely.

Rule 608. A Witness's Character for Truthfulness or Untruthfulness.

(a) *Reputation Evidence.* A witness's credibility may be attacked or supported by testimony about the witness's reputation for having a character for truthfulness or untruthfulness. But evidence of truthful character is admissible only after the witness's character for truthfulness has been attacked. Opinion testimony about the witness's character for truthfulness or untruthfulness is not admissible.

(b) *Specific Instances of Conduct.* Except as provided in Rule 609 (relating to evidence of conviction of crime),

(1) the character of a witness for truthfulness may not be attacked or supported by cross-examination or extrinsic evidence concerning specific instances of the witness's conduct; however,

(2) in the discretion of the court, the credibility of a witness who testifies as to the reputation of another witness for truthfulness or untruthfulness may be attacked by cross-examination concerning specific instances of conduct (not including arrests) of the other witness, if they are probative of truthfulness or untruthfulness; but extrinsic evidence thereof is not admissible.

Comment

Pa.R.E. 608(a) differs from F.R.E. 608(a) in that the Federal Rule permits character for truthfulness or untruthfulness to be attacked or supported by testimony about the witness's reputation or by opinion testimony. Under Pa.R.E. 608(a), opinion testimony is not admissible. This approach is consistent with Pennsylvania law. See *Commonwealth v. Lopinson*, 427 Pa. 284, 234 A.2d 552 (1967), *vacated on other grounds*, 392 U.S. 647 (1968). Compare Pa.R.E. 405(a).

Pa.R.E. 608(b)(1) differs from F.R.E. 608(b). Pa.R.E. 608(b)(1) prohibits the use of evidence of specific instances of conduct to support or attack credibility. This is consistent with Pennsylvania law. See *Commonwealth v. Cragle*, 281 Pa. Super. 434, 422 A.2d 547 (1980). F.R.E. 608(b)(1) prohibits the use of extrinsic evidence for this purpose, but permits cross-examination of a witness about specific instances of conduct reflecting on the witness's credibility within the court's discretion. Both the Pennsylvania and the Federal Rule refer the issue of attacking a witness's credibility with evidence of prior convictions to Rule 609.

Pa.R.E. 608(b)(2) is similar to F.R.E. 608(b); it permits a witness who has testified to another witness's character for truthfulness to be cross-examined, about specific instances of conduct of the principal witness, in the discretion of the court. Pa.R.E. 608(b)(2) makes it clear that although the cross-examination concerns the specific acts of the principal witness, that evidence affects the credibility of the character witness only. This is in accord with Pennsylvania law. See *Commonwealth v. Peterkin*, 511 Pa. 299, 513 A.2d 373 (1986); *Commonwealth v. Adams*, 426 Pa. Super. 332, 626 A.2d 1231 (1993). In addition, Pa.R.E. 608(b)(2) excludes the use of arrests; this, too, is consistent with Pennsylvania law. See *Commonwealth v. Scott*, 496 Pa. 188, 436 A.2d 607 (1981). Because cross-examination concerning specific instances of conduct is subject to abuse, the cross-examination is not automatic; rather, its use is specifically placed in the discretion of the court, and like all other relevant evidence, it is subject to the balancing test of Pa.R.E. 403. Moreover, the court should take care that the cross-examiner has a reasonable basis for the questions asked. See *Adams*, *supra*.

Finally, the last paragraph of F.R.E. 608(b), which provides that the giving of testimony by an accused or any other witness is not a waiver of the privilege against self-incrimination when the examination concerns matters relating only to credibility, is not adopted.

Rule 609. Impeachment by Evidence of a Criminal Conviction.

(a) *In General.* For the purpose of attacking the credibility of any witness, evidence that the witness has been convicted of a crime, whether by verdict or by plea of guilty or *nolo contendere*, must be admitted if it involved dishonesty or false statement.

(b) *Limit on Using the Evidence After 10 Years.* This subdivision (b) applies if more than 10 years have passed since the witness's conviction or release from confinement for it, whichever is later. Evidence of the conviction is admissible only if:

(1) its probative value substantially outweighs its prejudicial effect; and

(2) the proponent gives an adverse party reasonable written notice of the intent to use it so that the party has a fair opportunity to contest its use.

(c) *Effect of Pardon or Other Equivalent Procedure.* Evidence of a conviction is not admissible under this rule if the conviction has been the subject of one of the following:

(1) a pardon or other equivalent procedure based on a specific finding of innocence; or

(2) a pardon or other equivalent procedure based on a specific finding of rehabilitation of the person convicted, and that person has not been convicted of any subsequent crime.

(d) *Juvenile Adjudications.* In a criminal case only, evidence of the adjudication of delinquency for an offense under the Juvenile Act, 42 Pa.C.S. §§ 6301 *et seq.*, may be used to impeach the credibility of a witness if conviction of the offense would be admissible to attack the credibility of an adult.

(e) *Pendency of an Appeal.* A conviction that satisfies this rule is admissible even if an appeal is pending. Evidence of the pendency is also admissible.

Comment

Pa.R.E. 609(a) differs from F.R.E. 609(a). It is designed to be consistent with Pennsylvania case law. *See Commonwealth v. Randall*, 515 Pa. 410, 528 A.2d 1326 (1987); *Commonwealth v. Bigham*, 452 Pa. 554, 307 A.2d 255 (1973). In addition, Pa.R.E. 609(a), unlike F.R.E. 609(a)(2), specifically provides that a conviction based upon a plea of *nolo contendere* may be used to attack the credibility of a witness; this, too, is consistent with prior Pennsylvania case law. *See Commonwealth v. Snyder*, 408 Pa. 253, 182 A.2d 495 (1962).

As a general rule, evidence of a jury verdict of guilty or a plea of guilty or *nolo contendere* may not be used to attack the credibility of a witness before the court has pronounced sentence. *See Commonwealth v. Zapata*, 455 Pa. 205, 314 A.2d 299 (1974). In addition, evidence of admission to an Accelerated Rehabilitative Disposition program under Pa.R.Crim.P. 310-320 may not be used to attack credibility. *See Commonwealth v. Krall*, 290 Pa. Super. 1, 434 A.2d 99 (1981).

42 Pa.C.S. § 5918 provides (with certain exceptions) that when a defendant in a criminal case has been called to testify in his or her own behalf he or she cannot be cross-examined about prior convictions. However, evi-

dence of a prior conviction or convictions of a crime or crimes admissible under paragraph (a) may be introduced in rebuttal after the defendant has testified. *See Commonwealth v. Bigham*, 452 Pa. 554, 307 A.2d 255 (1973).

Pa.R.E. 609(b) differs slightly from F.R.E. 609(b) in that the phrase "supported by specific facts and circumstances," used in F.R.E. 609(b)(1) with respect to the balancing of probative value and prejudicial effect, has been eliminated. Pa.R.E. 609(b) basically tracks what was said in *Commonwealth v. Randall*, 515 Pa. 410, 528 A.2d 1326 (1987). Where the date of conviction or last date of confinement is within ten years of the trial, evidence of the conviction of a *crimen falsi* is *per se* admissible. If more than ten years have elapsed, the evidence may be used only after written notice and the trial judge's determination that its probative value substantially outweighs its prejudicial effect. The relevant factors for making this determination are set forth in *Bigham*, *supra*, and *Commonwealth v. Roots*, 482 Pa. 33, 393 A.2d 364 (1978). For the computation of the ten-year period, where there has been a reincarceration because of a parole violation, see *Commonwealth v. Jackson*, 526 Pa. 294, 585 A.2d 1001 (1991).

Pa.R.E. 609(c) differs from F.R.E. 609(c) because the Federal Rule includes procedures that are not provided by Pennsylvania law.

Pa.R.E. 609(d) differs from F.R.E. 609(d). Under the latter, evidence of juvenile adjudications is generally inadmissible to impeach credibility, except in criminal cases against a witness other than the accused where the court finds that the evidence is necessary for a fair determination of guilt or innocence. Pa.R.E. 609(d), to be consistent with 42 Pa.C.S. § 6354(b)(4), permits a broader use; a juvenile adjudication of an offense may be used to impeach in a criminal case if conviction of the offense would be admissible if committed by an adult. Juvenile adjudications may also be admissible for other purposes. *See* 42 Pa.C.S. § 6354(b)(1), (2), and (3).

Pa.R.E. 609(e) is identical to F.R.E. 609(e).

Rule 610. Religious Beliefs or Opinions.

Evidence of a witness's religious beliefs or opinions is not admissible to attack or support the witness's credibility.

Comment

This rule is identical to F.R.E. 610. It is consistent with 42 Pa.C.S. § 5902, which provides that religious beliefs and opinions shall not affect a person's "capacity" to testify, that no witness shall be questioned about those beliefs or opinions, and that no evidence shall be heard on those subjects for the purpose of affecting "competency or credibility."

Pa.R.E. 610 bars evidence of a witness's religious beliefs or opinions only when offered to show that the beliefs or opinions affect the witness's truthfulness.

Pa.R.E. 610 does not bar such evidence introduced for other purposes. See *McKim v. Philadelphia Transp. Co.*, 364 Pa. 237, 72 A.2d 122 (1950); *Commonwealth v. Riggins*, 374 Pa. Super. 243, 542 A.2d 1004 (1988).

Rule 611. Mode and Order of Examining Witnesses and Presenting Evidence.

(a) *Control by the Court; Purposes.* The court should exercise reasonable control over the mode and order of examining witnesses and presenting evidence so as to:

- (1) make those procedures effective for determining the truth;
- (2) avoid wasting time; and
- (3) protect witnesses from harassment or undue embarrassment.

(b) *Scope of Cross-Examination.* Cross-examination of a witness other than a party in a civil case should be limited to the subject matter of the direct examination and matters affecting credibility, however, the court may, in the exercise of discretion, permit inquiry into additional matters as if on direct examination. A party witness in a civil case may be cross-examined by an adverse party on any matter relevant to any issue in the case, including credibility, unless the court, in the interests of justice, limits the cross-examination with respect to matters not testified to on direct examination.

(c) *Leading Questions.* Leading questions should not be used on direct or redirect examination except as necessary to develop the witness's testimony. Ordinarily, the court should allow leading questions:

- (1) on cross-examination; and
- (2) when a party calls a hostile witness, an adverse party, or a witness identified with an adverse party.

Comment

Pa.R.E. 611(a) is identical to F.R.E. 611(a).

Pa.R.E. 611(b) differs from F.R.E. 611(b). F.R.E. 611(b) limits the scope of cross-examination of all witnesses to matters testified to on direct and matters bearing on credibility, unless the court in its discretion allows inquiry into additional matters as if on direct examination. This has been the traditional view in the Federal courts and many State courts. The cross-examiner does not lose the opportunity to develop the evidence because, unless the witness is the accused in a criminal case, the cross-examiner may call the witness as his or her own. Therefore, the introduction of the evidence is merely deferred.

Pa.R.E. 611(b), which is based on Pennsylvania law, applies the traditional view in both civil and criminal cases to all witnesses except a party in a civil case. Under Pa.R.E. 611(b), a party in a civil case may be cross-examined on all relevant issues and matters affecting credibility. See *Agate v. Dunleavy*, 398 Pa. 26, 156 A.2d 530 (1959); *Greenfield v. Philadelphia*, 282 Pa. 344, 127 A. 768 (1925). However, in both of those cases, the Court stated that the broadened scope of cross-examination of a party in a civil case does not permit a defendant to put in

a defense through cross-examination of the plaintiff. The qualifying clause in the last sentence of Pa.R.E. 611(b) is intended to give the trial judge discretion to follow this longstanding rule.

When the accused in a criminal case is the witness, there is an interplay between the limited scope of cross-examination and the accused's privilege against self-incrimination. When the accused testifies generally as to facts tending to negate or raise doubts about the prosecution's evidence, he or she has waived the privilege and may not use it to prevent the prosecution from bringing out on cross-examination every circumstance related to those facts. See *Commonwealth v. Green*, 525 Pa. 424, 581 A.2d 544 (1990). However, when the accused's testimony is limited to a narrow topic, there is some authority that the scope of cross-examination may be limited as well. See *Commonwealth v. Camm*, 443 Pa. 253, 277 A.2d 325 (1971); *Commonwealth v. Ulen*, 414 Pa. Super. 502, 607 A.2d 779 (1992), *rev'd on other grounds*, 539 Pa. 51, 650 A.2d 416 (1994).

Pa.R.E. 611(c) differs from F.R.E. 611(c) in that the word "redirect" has been added to the first sentence. This is consistent with Pennsylvania law. See *Commonwealth v. Reidenbaugh*, 282 Pa. Super. 300, 422 A.2d 1126 (1980).

Rule 612. Writing or Other Item Used to Refresh a Witness's Memory.

(a) *Right to Refresh Memory.* A witness may use a writing or other item to refresh memory for the purpose of testifying while testifying, or before testifying.

(b) *Rights of Adverse Party.*

(1) If a witness uses a writing or other item to refresh memory while testifying, an adverse party is entitled to have it produced at the hearing, trial or deposition, to inspect it, to cross-examine the witness about it, and to introduce in evidence any portion that relates to the witness's testimony.

(2) If a witness uses a writing or other item to refresh memory before testifying, and the court in its discretion determines it is necessary in the interests of justice, an adverse party is entitled to have it produced at the hearing, trial or deposition, to inspect it, to cross-examine the witness about it, and to introduce in evidence any portion that relates to the witness's testimony.

(c) *Rights of Producing Party.* If the producing party claims that the writing or other item includes unrelated matter, the court must examine it in camera, delete any unrelated portion, and order that the rest be delivered to the adverse party. Any portion deleted over objection must be preserved for the record.

(d) *Failure to Produce or Deliver.* If the writing or other item is not produced or is not delivered as ordered, the court may issue any appropriate order. But if the prosecution does not comply in a criminal case, the court must strike the witness's testimony or-if justice so requires-declare a mistrial, or the court may use contempt procedures.

Comment

Pa.R.E. 612 differs from F.R.E. in several ways:

Pa.R.E. 612 applies to writings and other items. This would include such things as photographs, videos, and recordings. F.R.E. 612 applies only to writings. The Pennsylvania rule is consistent with prior law. *See Commonwealth v. Proctor*, 253 Pa. Super. 369, 385 A.2d 383 (1978).

Pa.R.E. 612(a) states that a witness or a party has a right to refresh recollection. This is not expressly provided by F.R.E. 612.

Pa.R.E. 612(b) reorganizes the material that appears in F.R.E. 612(a) and the first sentence of F.R.E. 612(b) for clarity, includes the word “deposition” to clarify that the rule is applicable both at hearings and depositions, and deletes reference to 18 U.S.C. § 3500.

Paragraph (c) differs from the second sentence of F.R.E. 612(b) in that it refers to other items as well as writings.

Paragraph (d) differs from F.R.E. 612(c) in that it adds the phrase “or the court may use contempt procedures”.

Rule 613. Witness’s Prior Inconsistent Statement to Impeach; Witness’s Prior Consistent Statement to Rehabilitate.

(a) *Witness’s Prior Inconsistent Statement to Impeach.* A witness may be examined concerning a prior inconsistent statement made by the witness to impeach the witness’s credibility. The statement need not be shown or its contents disclosed to the witness at that time, but on request the statement or contents must be shown or disclosed to an adverse party’s attorney.

(b) *Extrinsic Evidence of a Witness’s Prior Inconsistent Statement.* Unless the interests of justice otherwise require, extrinsic evidence of a witness’s prior inconsistent statement is admissible only if, during the examination of the witness,

(1) the statement, if written, is shown to, or if not written, its contents are disclosed to, the witness;

(2) the witness is given an opportunity to explain or deny the making of the statement; and

(3) an adverse party is given an opportunity to question the witness.

This paragraph does not apply to an opposing party’s statement as defined in Rule 803(25).

(c) *Witness’s Prior Consistent Statement to Rehabilitate.* Evidence of a witness’s prior consistent statement is admissible to rehabilitate the witness’s credibility if the opposing party is given an opportunity to cross-examine the witness about the statement and the statement is offered to rebut an express or implied charge of:

(1) fabrication, bias, improper influence or motive, or faulty memory and the statement was made before that which has been charged existed or arose; or

(2) having made a prior inconsistent statement, which the witness has denied or explained, and the consistent statement supports the witness’s denial or explanation.

Comment

Pa.R.E. 613 differs from F.R.E. 613 to clarify its meaning and to conform to Pennsylvania law.

Pa.R.E. 613(a) and (b) are similar to F.R.E. 613(a) and (b), but the headings and the substance make it clear that the paragraphs are dealing with the use of an inconsistent statement to impeach. The disclosure requirement in paragraph (a) is intended to deter sham allegations of the existence of an inconsistent statement.

Pa.R.E. 613(b) differs from F.R.E. 613(b) in that extrinsic evidence of a prior inconsistent statement is not admissible unless the statement is shown or disclosed to the witness during the witness’s examination. Paragraph (b) is intended to give the witness and the party a fair opportunity to explain or deny the allegation.

F.R.E. 613 does not contain a paragraph (c); it does not deal with rehabilitation of a witness with a prior consistent statement. Pa.R.E. 613(c) gives a party an opportunity to rehabilitate the witness with a prior consistent statement where there has been an attempt to impeach the witness. In most cases, a witness’s prior statement is hearsay, but F.R.E. 801(d)(1)(B) treats some prior consistent statements offered to rebut impeachment as not hearsay. Pa.R.E. 613(c) is consistent with Pennsylvania law in that the prior consistent statement is admissible, but only to rehabilitate the witness. *See Commonwealth v. Hutchinson*, 521 Pa. 482, 556 A.2d 370 (1989) (to rebut charge of recent fabrication); *Commonwealth v. Smith*, 518 Pa. 15, 540 A.2d 246 (1988) (to counter alleged corrupt motive); *Commonwealth v. Swinson*, 426 Pa. Super. 167, 626 A.2d 627 (1993) (to negate charge of faulty memory); *Commonwealth v. McEachin*, 371 Pa. Super. 188, 537 A.2d 883 (1988) (to offset implication of improper influence).

Pa.R.E. 613(c)(2) is arguably an extension of Pennsylvania law, but is based on the premise that when an attempt has been made to impeach a witness with an alleged prior inconsistent statement, a statement consistent with the witness’s testimony should be admissible to rehabilitate the witness if it supports the witness’s denial or explanation of the alleged inconsistent statement.

Rule 614. Court’s Calling or Examining a Witness.

(a) *Calling.* Consistent with its function as an impartial arbiter, the court, with notice to the parties, may call

a witness on its own or at a party's request. Each party is entitled to cross-examine the witness.

(b) *Examining.* Where the interest of justice so requires, the court may examine a witness regardless of who calls the witness.

(c) *Objections.* A party may object to the court's calling or examining a witness when given notice that the witness will be called or when the witness is examined. When requested to do so, the court must give the objecting party an opportunity to make objections out of the presence of the jury.

Comment

Pa.R.E. 614(a) and (b) differ from F.R.E. 614(a) and (b) in several respects. The phrase relating to the court's "function as an impartial arbiter" has been added to Pa.R.E. 614(a), and the clause regarding "interest of justice" has been added in Pa.R.E. 614(b). These additions are consistent with Pennsylvania law. See *Commonwealth v. Crews*, 429 Pa. 16, 239 A.2d 350 (1968); *Commonwealth v. DiPasquale*, 424 Pa. 500, 230 A.2d 449 (1967); *Commonwealth v. Myma*, 278 Pa. 505, 123 A. 486 (1924).

Pa.R.E. 614(a) also differs from F.R.E. 614(a) in that the Pennsylvania Rule requires the court to give notice of its intent to call a witness.

Pa.R.E. 614(c), unlike F.R.E. 614(c), does not permit an objection to the court's calling or questioning a witness "at the next available opportunity when the jury is not present." Pa.R.E. 614(c) is consistent with Pa.R.E. 103(a)(1)(A), which requires a "timely objection." The requirement that the objecting party be given an opportunity make its objection out of the presence of the jury is consistent with Pa.R.E. 103(d).

Rule 615. Sequestering Witnesses.

At a party's request the court may order witnesses sequestered so that they cannot learn of other witnesses' testimony. Or the court may do so on its own. But this rule does not authorize sequestering:

- (a) a party who is a natural person;
- (b) an officer or employee of a party that is not a natural person (including the Commonwealth) after being designated as the party's representative by its attorney;
- (c) a person whose presence a party shows to be essential to presenting the party's claim or defense; or
- (d) a person authorized by statute or rule to be present.

Comment

Pa.R.E. 615 differs from F.R.E. 615 in that the word "sequestering" is used instead of the word "excluding", and the rule is discretionary not mandatory. Both of these are consistent with prior Pennsylvania law. See *Commonwealth v. Albrecht*, 510 Pa. 603, 511 A.2d 764 (1986). Pa.R.E. 615 uses the term "learn of" rather than the word "hear." This indicates that the court's order may prohibit witnesses from using other means of learning of the testimony of other witnesses.

Pa.R.E. 615(b) adds the parenthetical (including the Commonwealth).

Pa.R.E 615(d) differs from the Federal Rule in that it adds the words "or rule." This includes persons such as the guardian of a minor, see Pa.R.C.P. 2027, and the guardian of an incapacitated person, see Pa.R.C.P. 2053.

The trial court has discretion in choosing a remedy for violation of a sequestration order. See *Commonwealth v. Smith*, 464 Pa. 314, 346 A.2d 757 (1975). Remedies include ordering a mistrial, forbidding the testimony of the offending witness, or an instruction to the jury. *Commonwealth v. Scott*, 496 Pa. 78, 436 A.2d 161 (1981).

702.	Testimony by Expert Witnesses.

704.	Opinion on an Ultimate Issue.
705.	Disclosing the Facts or Data Underlying an Expert's Opinion.

Rule 701. Opinion Testimony by Lay Witnesses.

If a witness is not testifying as an expert, testimony in the form of an opinion is limited to one that is:

- (a) rationally based on the witness's perception;
- (b) helpful to clearly understanding the witness's testimony or to determining a fact in issue; and
- (c) not based on scientific, technical, or other specialized knowledge within the scope of Rule 702.

Rule 702. Testimony by Expert Witnesses.

A witness who is qualified as an expert by knowledge, skill, experience, training or education may testify in the form of an opinion or otherwise if:

- (a) the expert's scientific, technical or other specialized knowledge has gained general acceptance in its field;
- (b) the subject of the expert's testimony is beyond the competence of a layperson; and
- (c) the expert's testimony will help the trier of fact to understand the evidence or to determine a fact in issue.

Comment

Pa.R.E. 702 differs from F.R.E. 702. Pa.R.E. 702(a) applies the “general acceptance” test for the admissibility of scientific, technical, or other specialized knowledge. This test is consistent with Pennsylvania law. *See Grady v. Frito-Lay, Inc.*, 576 Pa. 546, 839 A.2d 1038 (2003). This rule rejects the federal test derived from *Daubert v. Merrell Dow Pharmaceuticals, Inc.*, 509 U.S. 579 (1993).

Pa.R.E. 702(b) is consistent with Pennsylvania law. *See Commonwealth v. Dunkle*, 529 Pa. 168, 602 A.2d 830 (1992).

Pa.R.E. 702 does not change the Pennsylvania rule for qualifying a witness to testify as an expert. In *Miller v. Brass Rail Tavern, Inc.*, 541 Pa. 474, 480-81, 664 A.2d 525, 528 (1995), the Supreme Court stated:

The test to be applied when qualifying a witness to testify as an expert witness is whether the witness has any reasonable pretension to specialized knowledge on the subject under investigation. If he does, he may testify and the weight to be given to such testimony is for the trier of fact to determine.

Pa.R.E. 702 does not change the requirement that an expert’s opinion must be expressed with reasonable certainty. *See McMahon v. Young*, 442 Pa. 484, 276 A.2d 534 (1971).

Pa.R.E. 702 states that an expert may testify in the form of an “opinion or otherwise.” Much of the literature assumes that experts testify only in the form of an opinion. The language “or otherwise” reflects the fact that experts frequently are called upon to educate the trier of fact about the scientific or technical principles relevant to the case.

Rule 703. Bases of an Expert’s Opinion Testimony.

An expert may base an opinion on facts or data in the case that the expert has been made aware of or personally observed. If experts in the particular field would reasonably rely on those kinds of facts or data in forming an opinion on the subject, they need not be admissible for the opinion to be admitted.

Comment

This rule is identical to the first two sentences of F.R.E. 703. It does not include the third sentence of the Federal Rule that provides that the facts and data that are the bases for the expert’s opinion are not admissible unless their probative value substantially outweighs their prejudicial effect. This is inconsistent with Pennsylvania law which requires that facts and data that are the bases for the expert’s opinion must be disclosed to the trier of fact. *See Pa.R.E. 705.*

Pa.R.E. 703 requires that the facts or data upon which an expert witness bases an opinion be “of a type reasonably relied upon by experts in the particular field. . . .” Whether the facts or data satisfy this requirement is a preliminary question to be determined by the trial court under Pa.R.E. 104(a). If an expert witness relies on novel scientific evidence, Pa.R.C.P. 207.1 sets forth the procedure for objecting, by pretrial motion, on the ground that the testimony is inadmissible under Pa.R.E. 702, or Pa.R.E. 703, or both.

When an expert testifies about the underlying facts and data that support the expert’s opinion and the evidence would be otherwise inadmissible, the trial judge upon request must, or on the judge’s own initiative may, instruct the jury to consider the facts and data only to explain the basis for the expert’s opinion, and not as substantive evidence.

An expert witness cannot be a mere conduit for the opinion of another. An expert witness may not relate the opinion of a non-testifying expert unless the witness has reasonably relied upon it in forming the witness’s own opinion. *See, e.g., Foster v. McKeesport Hospital*, 260 Pa. Super. 485, 394 A.2d 1031 (1978); *Allen v. Kaplan*, 439 Pa. Super. 263, 653 A.2d 1249 (1995).

Pa.R.E. 704 is identical to F.R.E. 704(a).

F.R.E. 704(b) is not adopted. The Federal Rule prohibits an expert witness in a criminal case from stating an opinion about whether the defendant did or did not have a mental state or condition that constitutes an element of the crime charged or a defense. This is inconsistent with Pennsylvania law. *See Commonwealth v. Walzack*, 468 Pa. 210, 360 A.2d 914 (1976).

Rule 705. Disclosing the Facts or Data Underlying an Expert’s Opinion.

If an expert states an opinion the expert must state the facts or data on which the opinion is based.

Comment

The text and substance of Pa.R.E. 705 differ significantly from F.R.E. 705. The Federal Rule generally does not require an expert witness to disclose the facts upon which an opinion is based prior to expressing the opinion. Instead, the cross-examiner bears the burden of probing the basis of the opinion. Pennsylvania does not follow the Federal Rule. *See Kozak v. Struth*, 515 Pa. 554, 560, 531 A.2d 420, 423 (1987) (declining to adopt F.R.E. 705, the Court reasoned that “requiring the proponent of an expert opinion to clarify for the jury the assumptions upon which

the opinion is based avoids planting in the juror's mind a general statement likely to remain with him in the jury room when the disputed details are lost.") Relying on cross-examination to illuminate the underlying assumption, as F.R.E. 705 does, may further confuse jurors already struggling to follow complex testimony. *Id.*

Accordingly, *Kozak* requires disclosure of the facts used by the expert in forming an opinion. The disclosure can be accomplished in several ways. One way is to ask the expert to assume the truth of testimony the expert has heard or read. *Kroeger Co. v. W.C.A.B.*, 101 Pa. Cmwlth. 629, 516 A.2d 1335 (1986); *Tobash v. Jones*, 419 Pa. 205, 213 A.2d 588 (1965). Another option is to pose a hypothetical question to the expert. *Dietrich v. J.I. Case Co.*, 390 Pa. Super. 475, 568 A.2d 1272 (1990); *Hussey v. May Department Stores, Inc.*, 238 Pa. Super. 431, 357 A.2d 635 (1976).

When an expert testifies about the underlying facts and data that support the expert's opinion and the evidence would be otherwise inadmissible, the trial judge upon request must, or on the judge's own initiative may, instruct the jury to consider the facts and data only to explain the basis for the expert's opinion, and not as substantive evidence.

Rule 706. Court-Appointed Expert Witnesses.

Where the court has appointed an expert witness, the witness appointed must advise the parties of the witness's findings, if any. The witness may be called to testify by the court or any party. The witness shall be subject to cross-examination by any party, including a party calling the witness. In civil cases, the witness's deposition may be taken by any party.

Comment

Pa.R.E. 706 differs from F.R.E. 706. Unlike the Federal Rule, Pa.R.E. 706 does not affect the scope of the trial court's power to appoint experts. Pa.R.E. 706 provides only the procedures for obtaining the testimony of experts after the court has appointed them.

In *Commonwealth v. Correa*, 437 Pa. Super. 1, 648 A.2d 1199 (1994), abrogated on other grounds by *Commonwealth v. Weston*, 561 Pa. 199, 749 A.2d 458 (2000), the Superior Court held that the trial court had inherent power to appoint an expert. 23 Pa.C.S. § 5104 provides for the appointment of experts to conduct blood tests in paternity proceedings.

Rule 801. Definitions That Apply to This Article.

(a) *Statement.* "Statement" means a person's oral assertion, written assertion, or nonverbal conduct, if the person intended it as an assertion.

(b) *Declarant.* "Declarant" means the person who made the statement.

(c) *Hearsay.* "Hearsay" means a statement that

(1) the declarant does not make while testifying at the current trial or hearing; and

(2) a party offers in evidence to prove the truth of the matter asserted in the statement.

Comment

Pa.R.E. 801(a), (b) and (c) are identical to F.R.E. 801(a), (b) and (c). The matters set out in F.R.E. 801(d)(1) (A Declarant-Witness's Prior Statement) are covered in Pa.R.E. 803.1(1) and (2) and Pa.R.E. 613(c). The matters set out in F.R.E. 801(d)(2) (An Opposing Party's Statement) are covered in Pa.R.E. 803(25).

Communications that are not assertions are not hearsay. These would include questions, greetings, expressions of gratitude, exclamations, offers, instructions, warnings, etc.

Pa.R.E. 801(c), which defines hearsay, is consistent with Pennsylvania law, although the Pennsylvania cases have usually defined hearsay as an "out-of-court statement offered to prove the truth of the matter asserted" instead

of the definition used Pa.R.E. 801(c). *See Heddings v. Steele*, 514 Pa. 569, 526 A.2d 349 (1987). The adoption of the language of the Federal Rule is not intended to change existing law.

A statement is hearsay only if it is offered to prove the truth of the matter asserted in the statement. There are many situations in which evidence of a statement is offered for a purpose other than to prove the truth of the matter asserted.

Sometimes a statement has direct legal significance, whether or not it is true. For example, one or more statements may constitute an offer, an acceptance, a promise, a guarantee, a notice, a representation, a misrepresentation, defamation, perjury, compliance with a contractual or statutory obligation, etc.

More often, a statement, whether or not it is true, constitutes circumstantial evidence from which the trier of fact may infer, alone or in combination with other evidence, the existence or non-existence of a fact in issue. For example, a declarant's statement may imply his or her particular state of mind, or it may imply that a particular state of mind ensued in the recipient. Evidence of a statement, particularly if it is proven untrue by other evidence, may imply the existence of a conspiracy, or fraud. Evidence of a statement made by a witness, if inconsistent with the witness's testimony, may imply that the witness is an unreliable historian. Conversely, evidence of a statement made by a witness that is consistent with the witness's testimony may imply the opposite. *See* Pa.R.E. 613(c).

Rule 802. The Rule Against Hearsay.

Hearsay is not admissible except as provided by these rules, by other rules prescribed by the Pennsylvania Supreme Court, or by statute.

Comment

Pa.R.E. 802 differs from F.R.E. 802 in that it refers to other rules prescribed by the Pennsylvania Supreme Court, and to statutes in general, rather than federal statutes.

Often, hearsay will be admissible under an exception provided by these rules. The organization of the Pennsylvania Rules of Evidence generally follows the organization of the Federal Rules of Evidence, but the Pennsylvania Rules' organization of the exceptions to the hearsay rule is somewhat different than the federal organization. There are three rules which contain the exceptions: Pa.R.E. 803 Exceptions to the Rule Against Hearsay—Regardless of Whether the Declarant is Available as a Witness, Pa.R.E. 803.1 Exceptions to the Rule Against Hearsay—Testimony of Declarant Necessary, and Pa.R.E. 804 Exceptions to the Rule Against Hearsay—When the Declarant is Unavailable as a Witness.

On occasion, hearsay may be admitted pursuant to another rule promulgated by the Pennsylvania Supreme

Court. For example, in civil cases, all or part of a deposition may be admitted pursuant to Pa.R.C.P. 4020, or a video deposition of an expert witness may be admitted pursuant to Pa.R.C.P. 4017.1(g). In preliminary hearings in criminal cases, the court may consider hearsay evidence pursuant to Pa.R.Crim.P. 542(E) and 1003(E).

Also, hearsay may be admitted pursuant to a state statute. Examples include:

1. A public record may be admitted pursuant to 42 Pa.C.S. § 6104. *See* Comment to Pa.R.E. 803(8) (Not Adopted).

2. A record of vital statistics may be admitted pursuant to 35 P.S. § 450.810. *See* Comment to Pa.R.E. 803(9) (Not Adopted).

3. In a civil case, a deposition of a licensed physician may be admitted pursuant to 42 Pa.C.S. § 5936.

4. In a criminal case, a deposition of a witness may be admitted pursuant to 42 Pa.C.S. § 5919.

5. In a criminal or civil case, an out-of-court statement of a witness 12 years of age or younger, describing certain kinds of sexual abuse, may be admitted pursuant to 42 Pa.C.S. § 5985.1.

6. In a dependency hearing, an out-of-court statement of a witness under 16 years of age, describing certain types of sexual abuse, may be admitted pursuant to 42 Pa.C.S. § 5986.

7. In a prosecution for speeding under the Pennsylvania Vehicle Code, a certificate of accuracy of an electronic speed timing device (radar) from a calibration and testing station appointed by the Pennsylvania Department of Motor Vehicles may be admitted pursuant to 75 Pa.C.S. § 3368(d).

On rare occasion, hearsay may be admitted pursuant to a federal statute. For example, when a person brings a civil action, in either federal or state court, against a common carrier to enforce an order of the Interstate Commerce Commission requiring the payment of damages, the findings and order of the Commission may be introduced as evidence of the facts stated in them. 49 U.S.C. § 11704(d)(1).

Hearsay Exceptions and the Right of Confrontation of a Defendant in a Criminal Case

The exceptions to the hearsay rule in Rules 803, 803.1, and 804 and the exceptions provided by other rules or by statute are applicable both in civil and criminal cases. In a criminal case, however, hearsay that is offered against a defendant under an exception from the hearsay rule provided by these rules or by another rule or statute may sometimes be excluded because its admission would violate the defendant's right "to be confronted with the witnesses against him" under the Sixth Amendment of the United States Constitution, or "to be confronted with the witnesses against him" under Article I, § 9 of the Pennsylvania Constitution.

The relationship between the hearsay rule and the Confrontation Clause in the Sixth Amendment was explained by the United States Supreme Court in *California v. Green*, 399 U.S. 149, 155-56 (1970):

While it may readily be conceded that hearsay rules and the Confrontation Clause are generally designed to protect similar values, it is quite a different thing to suggest that the overlap is complete and that the Confrontation Clause is nothing more or less than a codification of the rules of hearsay and their excep-

tions as they existed historically at common law. Our decisions have never established such a congruence; indeed, we have more than once found a violation of confrontation values even though the statements in issue were admitted under an arguably recognized hearsay exception

Given the similarity of the values protected, however, the modification of a State's hearsay rules to create new exceptions for the admission of evidence against a defendant, will often raise questions of compatibility with the defendant's constitutional right to confrontation.

In *Crawford v. Washington*, 541 U.S. 36 (2004), the Supreme Court, overruling its prior opinion in *Ohio v. Roberts*, 448 U.S. 56 (1980), interpreted the Confrontation Clause to prohibit the introduction of "testimonial" hearsay from an unavailable witness against a defendant in a criminal case unless the defendant had an opportunity to confront and cross-examine the declarant, regardless of its exception from the hearsay rule, except, perhaps, if the hearsay qualifies as a dying declaration (Pa.R.E. 804(b)(2)).

In short, when hearsay is offered against a defendant in a criminal case, the defendant may interpose three separate objections: (1) admission of the evidence would violate the hearsay rule, (2) admission of the evidence would violate defendant's right to confront the witnesses against him under the Sixth Amendment of the United States Constitution, and (3) admission of the evidence would violate defendant's right "to be confronted with the witnesses against him" under Article I, § 9 of the Pennsylvania Constitution.

Rule 803. Exceptions to the Rule Against Hearsay—Regardless of Whether the Declarant Is Available as a Witness.

The following are not excluded by the rule against hearsay, regardless of whether the declarant is available as a witness:

(1) *Present Sense Impression.* A statement describing or explaining an event or condition, made while or immediately after the declarant perceived it.

Comment

This rule is identical to F.R.E. 803(1).

For this exception to apply, declarant need not be excited or otherwise emotionally affected by the event or condition perceived. The trustworthiness of the statement arises from its timing. The requirement of contemporaneity, or near contemporaneity, reduces the chance of premeditated prevarication or loss of memory.

Rule 803(2). Excited Utterance.

(2) *Excited Utterance.* A statement relating to a startling event or condition, made while the declarant was under the stress of excitement that it caused.

Comment

This rule is identical to F.R.E. 803(2).

This exception has a more narrow base than the exception for a present sense impression, because it requires an event or condition that is *startling*. However, it is broader in scope because an excited utterance (1) need not describe or explain the startling event or condition; it need only *relate* to it, and (2) need not be made contemporaneously with, or immediately after, the startling event. It is sufficient if the stress of excitement created by the startling event or condition persists as a substantial factor in provoking the utterance.

There is no set time interval following a startling event or condition after which an utterance relating to it will be ineligible for exception to the hearsay rule as an excited utterance. In *Commonwealth v. Gore*, 262 Pa. Super. 540, 547, 396 A.2d 1302, 1305 (1978), the court explained:

The declaration need not be strictly contemporaneous with the existing cause, nor is there a definite and fixed time limit Rather, each case must be judged on its own facts, and a lapse of time of several hours has not negated the characterization of a statement as an "excited utterance." . . . The crucial question, regardless of the time lapse, is whether, at the time the statement is made, the nervous excitement continues to dominate while the reflective processes remain in abeyance.

Rule 803(3). Then-Existing Mental, Emotional, or Physical Condition.

(3) *Then-Existing Mental, Emotional, or Physical Condition.* A statement of the declarant's then-existing state of mind (such as motive, intent or plan) or emotional, sensory, or physical condition (such as mental feeling, pain, or bodily health), but not including a statement of memory or belief to prove the fact remembered or believed unless it relates to the validity or terms of the declarant's will.

Comment

This rule is identical to F.R.E. 803(3).

Rule 803(4). Statement Made for Medical Diagnosis or Treatment.

(4) *Statement Made for Medical Diagnosis or Treatment.* A statement that:

(A) is made for—and is reasonably pertinent to—medical treatment or diagnosis in contemplation of treatment; and

(B) describes medical history; past or present symptoms or sensations; their inception or general cause, insofar as reasonably pertinent to treatment, or diagnosis in contemplation of treatment.

Comment

Pa.R.E. 803(4) differs from F.R.E. 803(4) in that it permits admission of statements made for purposes of medical diagnosis only if they are made in contemplation of treatment. Statements made to persons retained solely for the purpose of litigation are not admissible under this rule. The rationale for admitting statements for purposes of treatment is that the declarant has a very strong motivation to speak truthfully. This rationale is not applicable to statements made for purposes of litigation. Pa.R.E. 803(4) is consistent with Pennsylvania law. See *Commonwealth v. Smith*, 545 Pa. 487, 681 A.2d 1288 (1996).

An expert medical witness may base an opinion on the declarant's statements of the kind discussed in this rule, even though the statements were not made for purposes of treatment, if the statements comply with Pa.R.E. 703. Such statements may be disclosed as provided in Pa.R.E. 705, but are not substantive evidence.

This rule is not limited to statements made to physicians. Statements to a nurse have been held to be admissible. See *Smith, supra*. Statements as to causation may be admissible, but statements as to fault or identification of the person inflicting harm have been held to be inadmissible. See *Smith, supra*.

Rule 803(5). Recorded Recollection (Not Adopted).

(5) *Recorded Recollection (Not Adopted)*

Comment

Recorded recollection is dealt with in Pa.R.E. 803.1(3). It is an exception to the hearsay rule in which the testimony of the declarant is necessary.

Rule 803(6). Records of a Regularly Conducted Activity.

(6) *Records of a Regularly Conducted Activity*. A record (which includes a memorandum, report, or data compilation in any form) of an act, event or condition if,

(A) the record was made at or near the time by—or from information transmitted by—someone with knowledge;

(B) the record was kept in the course of a regularly conducted activity of a business, organization, occupation, or calling, whether or not for profit;

(C) making the record was a regular practice of that activity;

(D) all these conditions are shown by the testimony of the custodian or another qualified witness, or by a certification that complies with Rule 902(11) or (12) or with a statute permitting certification; and

(E) neither the source of information nor other circumstances indicate a lack of trustworthiness.

Comment

Pa.R.E. 803(6) differs from F.R.E. 803(6). One difference is that Pa.R.E. 803(6) defines the term "record." In the Federal Rules this definition appears at F.R.E. 101(b). Another difference is that Pa.R.E. 803(6) applies to records of an act, event or condition, but does not include opinions and diagnoses. This is consistent with prior Pennsylvania case law. See *Williams v. McClain*, 513 Pa. 300, 520 A.2d 1374 (1987); *Commonwealth v. DiGiacomo*, 463 Pa. 449, 345 A.2d 605 (1975). A third difference is that Pa.R.E. 803(6) allows the court to exclude business records that would otherwise qualify for exception to the hearsay rule if neither the "source of information nor

other circumstances indicate lack of trustworthiness." The Federal Rule allows the court to do so only if neither "the source of information nor the method or circumstances of preparation indicate a lack of trustworthiness."

If offered against a defendant in a criminal case, an entry in a record may be excluded if its admission would violate the defendant's constitutional right to confront the witnesses against him or her. See *Melendez-Diaz v. Massachusetts*, 557 U.S., 129 S.Ct. 2527, 174 L.Ed.2d 314 (2009).

Rule 803(7). Absence of a Record of a Regularly Conducted Activity (Not Adopted).

(7) *Absence of a Record of a Regularly Conducted Activity (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(7) which provides:

Evidence that a matter is not included in a record described in paragraph (6) if:

(A) the evidence is admitted to prove that the matter did not occur or exist; and

(B) a record was regularly kept for a matter of that kind; and

(C) neither the possible source of the information nor other circumstances indicate a lack of trustworthiness.

Principles of logic and internal consistency have led Pennsylvania to reject this rule. The absence of an entry in a record is not hearsay, as defined in Pa.R.E. 801(c). Hence, it appears irrational to except it to the hearsay rule.

On analysis, absence of an entry in a business record is circumstantial evidence—it tends to prove something by implication, not assertion. Its admissibility is governed by principles of relevance, not hearsay. See Pa.R.E. 401, *et seq.*

Pennsylvania law is in accord with the object of F.R.E. 803(7), *i.e.*, to allow evidence of the absence of a record of an act, event, or condition to be introduced to prove the nonoccurrence or nonexistence thereof, if the matter was one which would ordinarily be recorded. See *Klein v. F.W. Woolworth Co.*, 309 Pa. 320, 163 A. 532 (1932) (absence of person's name in personnel records admissible to prove that he was not an employee). See also *Stack v. Wapner*, 244 Pa. Super. 278, 368 A.2d 292 (1976).

Rule 803(8). Public Records (Not Adopted).

(8) *Public Records (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(8). An exception to the hearsay rule for public records is provided by 42 Pa.C.S. § 6104 which provides:

(a) *General rule*.—A copy of a record of governmental action or inaction authenticated as provided in section 6103 (relating to proof of official records) shall be admissible as evidence that the governmental action or inaction disclosed therein was in fact taken or omitted.

(b) *Existence of facts*.—A copy of a record authenticated as provided in section 6103 disclosing the existence or nonexistence of facts which have been recorded pursuant to official duty or would have been so recorded had the facts existed shall be admissible as evidence of the existence or nonexistence of such

facts, unless the sources of information or other circumstances indicate lack of trustworthiness.

Subsection (b) of the statute is limited to “facts.” It does not include opinions or diagnoses. This is consistent with Pa.R.E. 803(6), and Pennsylvania case law. *See* Comment to Pa.R.E. 803(6).

Rule 803(9). Public Records of Vital Statistics (Not Adopted).

(9) *Public Records of Vital Statistics (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(9). Records of vital statistics are also records of a regularly conducted activity and may be excepted to the hearsay rule by Pa.R.E. 803(6). Records of vital statistics are public records and they may be excepted to the hearsay rule by 42 Pa.C.S. § 6104 (text quoted in Comment to Pa.R.E. 803(8)).

The Vital Statistics Law of 1953, 35 P.S. § 450.101 *et seq.*, provides for registration of births, deaths, fetal deaths, and marriages, with the State Department of Health. The records of the Department, and duly certified copies thereof, are excepted to the hearsay rule by 35 P.S. § 450.810 which provides:

Any record or duly certified copy of a record or part thereof which is (1) filed with the department in accordance with the provisions of this act and the regulations of the Advisory Health Board and which (2) is not a “delayed” record filed under section seven hundred two of this act or a record “corrected” under section seven hundred three of this act shall constitute prima facie evidence of its contents, except that in any proceeding in which paternity is controverted and which affects the interests of an alleged father or his successors in interest no record or part thereof shall constitute prima facie evidence of paternity unless the alleged father is the husband of the mother of the child.

Rule 803(10). Absence of a Public Record (Not Adopted).

(10) *Absence of a Public Record (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(10) for the same reasons that it did not adopt F.R.E. 803(7). *See* Comment to Pa.R.E. 803(7).

42 Pa.C.S. § 6104(b), provides for admissibility of evidence of the absence of an entry in a public record to prove the nonexistence of a fact:

(b) *Existence of facts.*—A copy of a record authenticated as provided in section 6103 disclosing the . . . nonexistence of facts which . . . would have been . . . recorded had the facts existed shall be admissible as evidence of the . . . nonexistence of such facts, unless the sources of information or other circumstances indicate lack of trustworthiness.

Pennsylvania also has a complementary statute, 42 Pa.C.S. § 5328, entitled “Proof of Official Records,” which provides, in pertinent part:

(d) *Lack of record.*—A written statement that after diligent search no record or entry of a specified tenor is found to exist in the records designated by the statement, authenticated as provided in this section in the case of a domestic record, or complying with the requirements of this section for a summary in the

case of a record in a foreign country, is admissible as evidence that the records contain no such record or entry.

Rule 803(11). Records of Religious Organizations Concerning Personal or Family History.

(11) *Records of Religious Organizations Concerning Personal or Family History.* A statement of birth, legitimacy, ancestry, marriage, divorce, death, relationship by blood or marriage, or similar facts of personal or family history, contained in a regularly kept record of a religious organization.

Comment

This rule is identical to F.R.E. 803(11).

Rule 803(12). Certificates of Marriage, Baptism, and Similar Ceremonies.

(12) *Certificates of Marriage, Baptism, and Similar Ceremonies.* A statement of fact contained in a certificate:

(A) made by a person who is authorized by a religious organization or by law to perform the act certified;

(B) attesting that the person performed a marriage or similar ceremony or administered a sacrament; and

(C) purporting to have been issued at the time of the act or within a reasonable time after it.

Comment

This rule is identical to F.R.E. 803(12).

Rule 803(13). Family Records.

(13) *Family Records.* A statement of fact about personal or family history contained in a family record, such as a Bible, genealogy, chart, engraving on a ring, inscription on a portrait, or engraving on an urn or burial marker.

Comment

This rule is identical to F.R.E. 803(13).

Rule 803(14). Records of Documents That Affect an Interest in Property.

(14) *Records of Documents That Affect an Interest in Property.* The record of a document that purports to establish or affect an interest in property if:

(A) the record is admitted to prove the content of the original recorded document, along with its signing and its delivery by each person who purports to have signed it;

(B) the record is kept in a public office; and

(C) a statute authorizes recording documents of that kind in that office.

Comment

This rule is identical to F.R.E. 803(14).

Rule 803(15). Statements in Documents That Affect an Interest in Property.

(15) *Statements in Documents That Affect an Interest in Property.* A statement contained in a document, other than a will, that purports to establish or affect an interest in property if the matter stated was relevant to the document’s purpose—unless later dealings with the property are inconsistent with the truth of the statement or the purport of the document.

Comment

Pa.R.E. 803(15) differs from F.R.E. 803(15) in that Pennsylvania does not include a statement made in a will.

Pennsylvania's variation from the federal rule with respect to wills is consistent with case law. *See In Re Estate of Kostik*, 514 Pa. 591, 526 A.2d 746 (1987).

Rule 803(16). Statements in Ancient Documents.

(16) *Statements in Ancient Documents.* A statement in a document that is at least 30 years old and whose authenticity is established.

Comment

Pa.R.E. 803(16) differs from F.R.E. 803(16) in that Pennsylvania adheres to the common law view that a document must be at least 30 years old to qualify as an ancient document. The Federal Rule reduces the age to 20 years.

Pa.R.E. 803(16) is consistent with Pennsylvania law. *See Louden v. Apollo Gas Co.*, 273 Pa. Super. 549, 417 A.2d 1185 (1980); *Commonwealth ex rel. Ferguson v. Ball*, 277 Pa. 301, 121 A.191 (1923).

Rule 803(17). Market Reports and Similar Commercial Publications.

(17) *Market Reports and Similar Commercial Publications.* Market quotations, lists, directories, or other compilations that are generally relied on by the public or by persons in particular occupations.

Comment

This rule is identical to F.R.E. 803(17).

Rule 803(18). Statements in Learned Treatises, Periodicals, or Pamphlets (Not Adopted).

(18) *Statements in Learned Treatises, Periodicals, or Pamphlets (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(18). Pennsylvania does not recognize an exception to the hearsay rule for learned treatises. *See Majdic v. Cincinnati Machine Co.*, 370 Pa. Super. 611, 537 A.2d 334 (1988).

Regarding the permissible uses of learned treatises under Pennsylvania law, see *Aldridge v. Edmunds*, 561 Pa. 323, 750 A.2d 292 (Pa. 2000).

Rule 803(19). Reputation Concerning Personal or Family History.

(19) *Reputation Concerning Personal or Family History.* A reputation among a person's family by blood, adoption, or marriage—or among a person's associates or in the community—concerning the person's birth, adoption, legitimacy, ancestry, marriage, divorce, death, relationship by blood, adoption, or marriage, or similar facts of personal or family history.

Comment

This rule is identical to F.R.E. 803(19). It changed prior Pennsylvania case law by expanding the sources from which the reputation may be drawn to include (1) a person's associates; and (2) the community. Prior Pennsylvania case law, none of which is recent, limited the source to the person's family. *See Picken's Estate*, 163 Pa. 14, 29 A. 875 (1894); *American Life Ins. and Trust Co. v. Rosenagle*, 77 Pa. 507 (1875).

Rule 803(20). Reputation Concerning Boundaries or General History.

(20) *Reputation Concerning Boundaries or General History.* A reputation in a community—arising before the controversy—concerning boundaries of land in the com-

munity or customs that affect the land, or concerning general historical events important to that community, state or nation.

Comment

This rule is identical to F.R.E. 803(20).

Rule 803(21). Reputation Concerning Character.

(21) *Reputation Concerning Character.* A reputation among a person's associates or in the community concerning the person's character.

Comment

This rule is identical to F.R.E. 803(21).

Rule 803(22). Judgment of a Previous Conviction (Not Adopted).

(22) *Judgment of a Previous Conviction (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(22).

With respect to facts essential to sustain a judgment of criminal conviction, there are four basic approaches that a court can take:

1. The judgment of conviction is conclusive, *i.e.*, estops the party convicted from contesting any fact essential to sustain the conviction.

2. The judgment of conviction is admissible as evidence of any fact essential to sustain the conviction, only if offered against the party convicted.

3. The judgment of conviction is admissible as evidence of any fact essential to sustain the conviction when offered against any party (this is the federal rule for felonies, except that the Government cannot offer someone else's conviction against the defendant in a criminal case, other than for purposes of impeachment).

4. The judgment of conviction is neither conclusive nor admissible as evidence to prove a fact essential to sustain the conviction (common law rule).

For felonies and other major crimes, Pennsylvania takes approach number one. In subsequent litigation, the convicted party is estopped from denying or contesting any fact essential to sustain the conviction. Once a party is estopped from contesting a fact, no evidence need be introduced by an adverse party to prove it. *See Hurtt v. Stirone*, 416 Pa. 493, 206 A.2d 624 (1965); *In re Estate of Bartolovich*, 420 Pa. Super. 419, 616 A.2d 1043 (1992) (judgment of conviction conclusive under Slayer's Act, 20 Pa.C.S. §§ 8801—8815).

For minor offenses, Pennsylvania takes approach number four; it applies the common law rule. Evidence of a conviction is inadmissible to prove a fact necessary to sustain the conviction. *See Loughner v. Schmelzer*, 421 Pa. 283, 218 A.2d 768 (1966).

A plea of guilty to a crime is excepted to the hearsay rule as an admission of all facts essential to sustain a conviction, but only when offered against the pleader by a party-opponent. *See Pa.R.E. 803(25); see also Pa.R.E. 410.* A plea of guilty may also qualify as an exception to the hearsay rule as a statement against interest, if the declarant is unavailable to testify at trial. *See Pa.R.E. 804(b)(3).*

Rule 803(23). Judgments Involving Personal, Family, or General History or a Boundary (Not Adopted).

(23) *Judgments Involving Personal, Family, or General History or a Boundary (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(23).

Rule 803(24). Other Exceptions (Not Adopted).

(24) *Other Exceptions (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(24) (now F.R.E. 807).

Rule 803(25). An Opposing Party's Statement.

(25) *An Opposing Party's Statement.* The statement is offered against an opposing party and:

(A) was made by the party in an individual or representative capacity;

(B) is one the party manifested that it adopted or believed to be true;

(C) was made by a person whom the party authorized to make a statement on the subject;

(D) was made by the party's agent or employee on a matter within the scope of that relationship and while it existed; or

(E) was made by the party's coconspirator during and in furtherance of the conspiracy.

The statement may be considered but does not by itself establish the declarant's authority under (C); the existence or scope of the relationship under (D); or the existence of the conspiracy or participation in it under (E).

Comment

Pa.R.E. 803(25) differs from F.R.E. 801(d)(2), in that the word "must" in the last paragraph has been replaced with the word "may."

The Federal Rules treat these statements as "not hearsay" and places them in F.R.E. 801(d)(2). The traditional view was that these statements were hearsay, but admissible as exceptions to the hearsay rule. The Pennsylvania Rules of Evidence follow the traditional view and place these statements in Pa.R.E. 803(25), as exceptions to the hearsay rule—regardless of the availability of the declarant. This differing placement is not intended to have substantive effect.

The statements in this exception were traditionally, and in prior versions of both the Federal Rules of Evidence and the Pennsylvania Rules of Evidence, called admissions, although in many cases the statements were not admissions as that term is employed in common usage. The new phrase used in the federal rules—an opposing party's statement—more accurately describes these statements and is adopted here.

The personal knowledge rule (Pa.R.E. 602) is not applicable to an opposing party's statement. See *Salvitti v. Throppe*, 343 Pa. 642, 23 A.2d 445 (1942).

Rule 803.1. Exceptions to the Rule Against Hearsay—Testimony of Declarant Necessary.

The following statements are not excluded by the rule against hearsay if the declarant testifies and is subject to cross-examination about the prior statement:

(1) *Prior Inconsistent Statement of Declarant-Witness.* A prior statement by a declarant-witness that is inconsistent with the declarant-witness's testimony and:

(A) was given under oath subject to the penalty of perjury at a trial, hearing, or other proceeding, or in a deposition;

(B) is a writing signed and adopted by the declarant; or

(C) is a verbatim contemporaneous electronic, audiotaped, or videotaped recording of an oral statement.

Comment

The Federal Rules treat statements corresponding to Pa.R.E. 803.1(1) and (2) as "not hearsay" and places them in F.R.E. 801(d)(1)(A) and (C). Pennsylvania follows the traditional approach that treats these statements as exceptions to the hearsay rule if the declarant testifies at the trial.

Pa.R.E. 803.1(1) is consistent with prior Pennsylvania case law. See *Commonwealth v. Brady*, 510 Pa. 123, 507 A.2d 66 (1986) (seminal case that overruled close to two centuries of decisional law in Pennsylvania and held that the recorded statement of a witness to a murder, inconsistent with her testimony at trial, was properly admitted as substantive evidence, excepted to the hearsay rule); *Commonwealth v. Lively*, 530 Pa. 464, 610 A.2d 7 (1992). In *Commonwealth v. Wilson*, 550 Pa. 518, 707 A.2d 1114 (1998), the Supreme Court held that to be admissible under this rule an oral statement must be a verbatim contemporaneous recording in electronic, audiotaped, or videotaped form.

An inconsistent statement of a witness that does not qualify as an exception to the hearsay rule may still be introduced to impeach the credibility of the witness. See Pa.R.E. 613.

Rule 803.1(2). Prior Statement of Identification.

(2) *Prior Statement of Identification by Declarant-Witness.* A prior statement by a declarant-witness identifying a person or thing, made after perceiving the person or thing, provided that the declarant-witness testifies to the making of the prior statement.

Comment

Pennsylvania treats a statement meeting the requirements of Pa.R.E. 803.1(2) as an exception to the hearsay rule. F.R.E. 801(d)(1)(C) provides that such a statement is not hearsay. This differing organization is consistent with Pennsylvania law.

Pa.R.E. 803.1(2) differs from F.R.E. 801(d)(1)(C) in several respects. It requires the witness to testify to making the identification. This is consistent with Pennsylvania law. See *Commonwealth v. Ly*, 528 Pa. 523, 599 A.2d 613 (1991). The Pennsylvania rule includes identification of a thing, in addition to a person.

Rule 803.1(3). Recorded Recollection.

(3) *Recorded Recollection of Declarant-Witness.* A memorandum or record made or adopted by a declarant-witness that:

(A) is on a matter the declarant-witness once knew about but now cannot recall well enough to testify fully and accurately;

(B) was made or adopted by the declarant-witness when the matter was fresh in his or her memory; and

(C) the declarant-witness testifies accurately reflects his or her knowledge at the time when made.

If admitted, the memorandum or record may be read into evidence and received as an exhibit, but may be shown to the jury only in exceptional circumstances or when offered by an adverse party.

Comment

Pa.R.E. 803.1(3) is similar to F.R.E. 803(5), but differs in the following ways:

1. Pennsylvania treats a statement meeting the requirements of Pa.R.E. 803.1(3) as an exception to the hearsay rule in which the testimony of the declarant is necessary. F.R.E. 803(5) treats this as an exception regardless of the availability of the declarant. This differing organization is consistent with Pennsylvania law.

2. Pa.R.E. 803.1(3)(C) makes clear that, to qualify a recorded recollection as an exception to the hearsay rule, the witness must testify that the memorandum or record correctly reflects the knowledge that the witness once had. In other words, the witness must vouch for the reliability of the record. The Federal Rule is ambiguous on this point and the applicable federal cases are conflicting.

3. Pa.R.E. 803.1(3) allows the memorandum or record to be received as an exhibit, and grants the trial judge discretion to show it to the jury in exceptional circumstances, even when not offered by an adverse party.

Pa.R.E. 803.1(3) is consistent with Pennsylvania law. See *Commonwealth v. Cargo*, 498 Pa. 5, 444 A.2d 639 (1982).

Rule 804. Exceptions to the Rule Against Hearsay—When the Declarant is Unavailable as a Witness.

(a) *Criteria for Being Unavailable.* A declarant is considered to be unavailable as a witness if the declarant:

(1) is exempted from testifying about the subject matter of the declarant’s statement because the court rules that a privilege applies;

(2) refuses to testify about the subject matter despite a court order to do so;

(3) testifies to not remembering the subject matter;

(4) cannot be present or testify at the trial or hearing because of death or a then-existing infirmity, physical illness, or mental illness; or

(5) is absent from the trial or hearing and the statement’s proponent has not been able, by process or other reasonable means, to procure:

(A) the declarant’s attendance, in the case of a hearsay exception under Rule 804(b)(1) or (6); or

(B) the declarant’s attendance or testimony, in the case of a hearsay exception under Rule 804(b)(2), (3), or (4).

But this subdivision (a) does not apply if the statement’s proponent procured or wrongfully caused the declarant’s unavailability as a witness in order to prevent the declarant from attending or testifying.

Comment

This rule is identical to F.R.E. 804(a).

Rule 804(b). The Exceptions.

(b) *The Exceptions.* The following are not excluded by the rule against hearsay if the declarant is unavailable as a witness:

(1) *Former Testimony.* Testimony that:

(A) was given as a witness at a trial, hearing, or lawful deposition, whether given during the current proceeding or a different one; and

(B) is now offered against a party who had—or, in a civil case, whose predecessor in interest had—an opportunity and similar motive to develop it by direct, cross-, or redirect examination.

Comment

Pa.R.E. 804(b)(1) is identical to F.R.E. 804(b)(1). In criminal cases the Supreme Court has held that former testimony is admissible against the defendant only if the defendant had a “full and fair” opportunity to examine the witness. See *Commonwealth v. Bazemore*, 531 Pa. 582, 614 A.2d 684 (1992).

Depositions

Depositions are the most common form of former testimony that is introduced at a modern trial. Their use is provided for not only by Pa.R.E. 804(b)(1), but also by statute and rules of procedure promulgated by the Pennsylvania Supreme Court.

The Judicial Code provides for the use of depositions in criminal cases. 42 Pa.C.S. § 5919 provides:

Depositions in criminal matters. The testimony of witnesses taken in accordance with section 5325 (relating to when and how a deposition may be taken outside this Commonwealth) may be read in evidence upon the trial of any criminal matter unless it shall appear at the trial that the witness whose deposition has been taken is in attendance, or has been or can be served with a subpoena to testify, or his attendance otherwise procured, in which case the deposition shall not be admissible.

42 Pa.C.S. § 5325 sets forth the procedure for taking depositions, by either prosecution or defendant, outside Pennsylvania.

In civil cases, the introduction of depositions, or parts thereof, at trial is provided for by Pa.R.C.P. 4020(a)(3) and (5).

A video deposition of a medical witness, or any expert witness, other than a party to the case, may be introduced in evidence at trial, regardless of the witness's availability, pursuant to Pa.R.C.P. 4017.1(g).

42 Pa.C.S. § 5936 provides that the testimony of a licensed physician taken by deposition in accordance with the Pennsylvania Rules of Civil Procedure is admissible in a civil case. There is no requirement that the physician testify as an expert witness.

Rule 804(b)(2). Statement Under Belief of Imminent Death.

(2) *Statement Under Belief of Imminent Death.* A statement that the declarant, while believing the declarant's death to be imminent, made about its cause or circumstances.

Comment

Pa.R.E. 804(b)(2) differs from F.R.E. 804(b)(2) in that the Federal Rule is applicable in criminal cases only if the defendant is charged with homicide. The Pennsylvania Rule is applicable in all civil and criminal cases, subject to the defendant's right to confrontation in criminal cases.

In *Crawford v. Washington*, 541 U.S. 36 (2004), the Supreme Court interpreted the Confrontation Clause in the Sixth Amendment of the United States Constitution to prohibit the introduction of "testimonial" hearsay from an unavailable witness against a defendant in a criminal case unless the defendant had an opportunity to confront and cross-examine the declarant, regardless of its exception from the hearsay rule. However, in footnote 6, the Supreme Court said that there may be an exception, *sui generis*, for those dying declarations that are testimonial.

Rule 804(b)(3). Statement Against Interest.

(3) *Statement Against Interest.* A statement that:

(A) a reasonable person in the declarant's position would have made only if the person believed it to be true because, when made, it was so contrary to the declarant's proprietary or pecuniary interest or had so great a tendency to invalidate the declarant's claim against someone else or to expose the declarant to civil or criminal liability; and

(B) is supported by corroborating circumstances that clearly indicate its trustworthiness, if it is offered in a criminal case as one that tends to expose the declarant to criminal liability.

Comment

This rule is identical to F.R.E. 804(b)(3).

Rule 804(b)(4). Statement of Personal or Family History.

(4) *Statement of Personal or Family History.* A statement made before the controversy arose about:

(A) the declarant's own birth, adoption, legitimacy, ancestry, marriage, divorce, relationship by blood, adoption or marriage, or similar facts of personal or family history, even though the declarant had no way of acquiring personal knowledge about that fact; or

(B) another person concerning any of these facts, as well as death, if the declarant was related to the person by blood, adoption, or marriage or was so intimately associated with the person's family that the declarant's information is likely to be accurate.

Comment

Pa.R.E. 804(b)(4) differs from F.R.E. 804(b)(4) by requiring that the statement be made before the controversy arose. See *In re McClain's Estate*, 481 Pa. 435, 392 A.2d 1371 (1978). This requirement is not imposed by the Federal Rule.

(6) *Statement Offered Against a Party That Wrongfully Caused the Declarant's Unavailability.* A statement offered against a party that wrongfully caused or acquiesced in wrongfully causing the declarant's unavailability as a witness, and did so intending that result.

Rule 806. Attacking and Supporting the Declarant's Credibility.

When a hearsay statement has been admitted in evidence, the declarant's credibility may be attacked, and then supported, by any evidence that would be admissible for those purposes if the declarant had testified as a witness. The court may admit evidence of the declarant's inconsistent statement or conduct, regardless of when it occurred or whether the declarant had an opportunity to explain or deny it. If the party against whom the

statement was admitted calls the declarant as a witness, the party may examine the declarant on the statement as if on cross-examination.

Comment

Pa.R.E. 806 differs from F.R.E. 806 in that Pa.R.E. 806 makes no reference to Rule 801(d)(2). The subject matter of F.R.E. 801(d)(2) (an opposing party's statement) is covered by Pa.R.E. 803(25). The change is not substantive. Pa.R.E. 806 is consistent with Pennsylvania law. See *Commonwealth v. Davis*, 363 Pa. Super. 562, 526 A.2d 1205 (1987).

The requirement that a witness be given an opportunity to explain or deny the making of an inconsistent statement provided by Pa.R.E. 613(b)(2) is not applicable when the prior inconsistent statement is offered to impeach a statement admitted under an exception to the hearsay rule. In most cases, the declarant will not be on the stand at the time when the hearsay statement is offered and for that reason the requirement of Pa.R.E. 613(b)(2) is not appropriate.

ARTICLE IX. AUTHENTICATION AND IDENTIFICATION

- 901. Authenticating or Identifying Evidence.
- 902. Evidence That Is Self-Authenticating.
- 903. Subscribing Witness's Testimony.

Rule 901. Authenticating or Identifying Evidence.

(a) *In General.* To satisfy the requirement of authenticating or identifying an item of evidence, the proponent must produce evidence sufficient to support a finding that the item is what the proponent claims it is.

(b) *Examples.* The following are examples only—not a complete list—of evidence that satisfies the requirement:

(1) *Testimony of a Witness with Knowledge.* Testimony that an item is what it is claimed to be.

(2) *Nonexpert Opinion about Handwriting.* A non-expert's opinion that handwriting is genuine, based on a familiarity with it that was not acquired for the current litigation.

(3) *Comparison by an Expert Witness or the Trier of Fact.* A comparison with an authenticated specimen by an expert witness or the trier of fact.

(4) *Distinctive Characteristics and the Like.* The appearance, contents, substance, internal patterns, or other distinctive characteristics of the item, taken together with all the circumstances.

(5) *Opinion About a Voice.* An opinion identifying a person's voice—whether heard firsthand or through mechanical or electronic transmission or recording—based on hearing the voice at any time under circumstances that connect it with the alleged speaker.

(6) *Evidence About a Telephone Conversation.* For a telephone conversation, evidence that a call was made to the number assigned at the time to:

(A) a particular person, if circumstances, including self-identification, show that the person answering was the one called; or

(B) a particular business, if the call was made to a business and the call related to business reasonably transacted over the telephone.

(7) *Evidence About Public Records.* Evidence that:

(A) a document was recorded or filed in a public office as authorized by law; or

(B) a purported public record or statement is from the office where items of this kind are kept.

(8) *Evidence About Ancient Documents or Data Compilations.* For a document or data compilation, evidence that it:

(A) is in a condition that creates no suspicion about its authenticity;

(B) was in a place where, if authentic, it would likely be; and

(C) is at least 30 years old when offered.

(9) *Evidence About a Process or System.* Evidence describing a process or system and showing that it produces an accurate result.

(10) *Methods Provided by a Statute or a Rule.* Any method of authentication or identification allowed by a statute or a rule prescribed by the Supreme Court.

Comment

Pa.R.E. 901(a) is identical to F.R.E. 901(a) and consistent with Pennsylvania law. The authentication or identification requirement may be expressed as follows: When a party offers evidence contending either expressly or impliedly that the evidence is connected with a person, place, thing, or event, the party must provide evidence sufficient to support a finding of the contended connection. See *Commonwealth v. Hudson*, 489 Pa. 620, 414 A.2d 1381 (1980); *Commonwealth v. Pollock*, 414 Pa. Super. 66, 606 A.2d 500 (1992).

In some cases, real evidence may not be relevant unless its condition at the time of trial is similar to its condition at the time of the incident in question. In such cases, the party offering the evidence must also introduce evidence sufficient to support a finding that the condition is similar. Pennsylvania law treats this requirement as an aspect of authentication. See *Commonwealth v. Hudson*, 489 Pa. 620, 414 A.2d 1381 (1980).

Demonstrative evidence such as photographs, motion pictures, diagrams and models must be authenticated by evidence sufficient to support a finding that the demonstrative evidence fairly and accurately represents that which it purports to depict. See *Nyce v. Muffley*, 384 Pa. 107, 119 A.2d 530 (1956).

Pa.R.E. 901(b) is identical to F.R.E. 901(b).

Pa.R.E. 901(b)(1) is identical to F.R.E. 901(b)(1). It is consistent with Pennsylvania law in that the testimony of a witness with personal knowledge may be sufficient to authenticate or identify the evidence. See *Commonwealth v. Hudson*, 489 Pa. 620, 414 A.2d 1381 (1980).

Pa.R.E. 901(b)(2) is identical to F.R.E. 901(b)(2). It is consistent with 42 Pa.C.S. § 6111, which also deals with the admissibility of handwriting.

Pa.R.E. 901(b)(3) is identical to F.R.E. 901(b)(3). It is consistent with Pennsylvania law. When there is a question as to the authenticity of an exhibit, the trier of fact will have to resolve the issue. This may be done by comparing the exhibit to authenticated specimens. See *Commonwealth v. Gipe*, 169 Pa. Super. 623, 84 A.2d 366 (1951) (comparison of typewritten document with authenticated specimen). Under this rule, the court must decide whether the specimen used for comparison to the exhibit is authentic. If the court determines that there is sufficient evidence to support a finding that the specimen is authentic, the trier of fact is then permitted to compare the exhibit to the authenticated specimen. Under Pennsylvania law, lay or expert testimony is admissible to assist the jury in resolving the question. See, e.g., 42 Pa.C.S. § 6111.

Pa.R.E. 901(b)(4) is identical to F.R.E. 901(b)(4). Pennsylvania law has permitted evidence to be authenticated by circumstantial evidence similar to that discussed in this illustration. The evidence may take a variety of forms including: evidence establishing chain of custody, see *Commonwealth v. Melendez*, 326 Pa. Super. 531, 474 A.2d 617 (1984); evidence that a letter is in reply to an earlier communication, see *Roe v. Dwelling House Ins. Co. of Boston*, 149 Pa. 94, 23 A. 718 (1892); testimony that an item of evidence was found in a place connected to a party, see *Commonwealth v. Bassi*, 284 Pa. 81, 130 A. 311 (1925); a phone call authenticated by evidence of party's conduct after the call, see *Commonwealth v. Gold*, 123 Pa. Super. 128, 186 A. 208 (1936); and the identity of a speaker established by the content and circumstances of a conversation, see *Bonavitacola v. Cluver*, 422 Pa. Super. 556, 619 A.2d 1363 (1993).

Pa.R.E. 901(b)(5) is identical to F.R.E. 901(b)(5). Pennsylvania law has permitted the identification of a voice to be made by a person familiar with the alleged speaker's voice. See *Commonwealth v. Carpenter*, 472 Pa. 510, 372 A.2d 806 (1977).

Pa.R.E. 901(b)(6) is identical to F.R.E. 901(b)(6). This paragraph appears to be consistent with Pennsylvania law. See *Smithers v. Light*, 305 Pa. 141, 157 A. 489 (1931); *Wahl v. State Workmen's Ins. Fund*, 139 Pa. Super. 53, 11 A.2d 496 (1940).

Pa.R.E. 901(b)(7) is identical to F.R.E. 901(b)(7). This paragraph illustrates that public records and reports may be authenticated in the same manner as other writings. In addition, public records and reports may be self-authenticating as provided in Pa.R.E. 902. Public records and reports may also be authenticated as otherwise provided by statute. See Pa.R.E. 901(b)(10) and its Comment.

Pa.R.E. 901(b)(8) differs from F.R.E. 901(b)(8), in that the Pennsylvania Rule requires thirty years, while the Federal Rule requires twenty years. This change makes the rule consistent with Pennsylvania law. See *Commonwealth ex rel. Ferguson v. Ball*, 277 Pa. 301, 121 A. 191 (1923).

Pa.R.E. 901(b)(9) is identical to F.R.E. 901(b)(9). There is very little authority in Pennsylvania discussing authentication of evidence as provided in this illustration. The paragraph is consistent with the authority that exists. For example, in *Commonwealth v. Visconto*, 301 Pa. Super. 543, 448 A.2d 41 (1982), a computer print-out was held to be admissible. In *Appeal of Chartiers Valley School District*, 67 Pa. Cmwlth. 121, 447 A.2d 317 (1982), computer studies were not admitted as business records, in part, because it was not established that the mode of

preparing the evidence was reliable. The court used a similar approach in *Commonwealth v. Westwood*, 324 Pa. 289, 188 A. 304 (1936) (test for gun powder residue) and in other cases to admit various kinds of scientific evidence. See *Commonwealth v. Middleton*, 379 Pa. Super. 502, 550 A.2d 561 (1988) (electrophoretic analysis of dried blood); *Commonwealth v. Rodgers*, 413 Pa. Super. 498, 605 A.2d 1228 (1992) (results of DNA/RFLP testing).

Pa.R.E. 901(b)(10) differs from F.R.E. 901(b)(10) to eliminate the reference to Federal law and to make the paragraph conform to Pennsylvania law.

There are a number of statutes that provide for authentication or identification of various types of evidence. See, e.g., 42 Pa.C.S. § 6103 (official records within the Commonwealth); 42 Pa.C.S. § 5328 (domestic records outside the Commonwealth and foreign records); 35 P. S. § 450.810 (vital statistics); 42 Pa.C.S. § 6106 (documents filed in a public office); 42 Pa.C.S. § 6110 (certain registers of marriages, births and burials records); 75 Pa.C.S. § 1547(c) (chemical tests for alcohol and controlled substances); 75 Pa.C.S. § 3368 (speed timing devices); 75 Pa.C.S. § 1106(c) (certificates of title); 42 Pa.C.S. § 6151 (certified copies of medical records); 23 Pa.C.S. § 5104 (blood tests to determine paternity); 23 Pa.C.S. § 4343 (genetic tests to determine paternity).

Rule 902. Evidence That Is Self-Authenticating.

The following items of evidence are self-authenticating; they require no extrinsic evidence of authenticity in order to be admitted:

(1) *Domestic Public Documents That Are Sealed and Signed.* A document that bears:

(A) a seal purporting to be that of the United States; any state, district, commonwealth, territory, or insular possession of the United States; the former Panama Canal Zone; the Trust Territory of the Pacific Islands; a political subdivision of any of these entities; or a department, agency, or officer of any entity named above; and

(B) a signature purporting to be an execution or attestation.

(2) *Domestic Public Documents That Are Not Sealed But Are Signed and Certified.* A document that bears no seal if:

(A) it bears the signature of an officer or employee of an entity named in Rule 902(1)(A); and

(B) another public officer who has a seal and official duties within that same entity certifies under seal—or its equivalent—that the signer has the official capacity and that the signature is genuine.

(3) *Foreign Public Documents.* A document that purports to be signed or attested by a person who is authorized by a foreign country's law to do so. The document must be accompanied by a final certification that certifies the genuineness of the signature and official position of the signer or attester—or of any foreign official whose certificate of genuineness relates to the signature or attestation or is in a chain of certificates of genuineness relating to the signature or attestation. The certifica-

tion may be made by a secretary of a United States embassy or legation; by a consul general, vice consul, or consular agent of the United States; or by a diplomatic or consular official of the foreign country assigned or accredited to the United States. If all parties have been given a reasonable opportunity to investigate the document's authenticity and accuracy, the court may for good cause, either:

(A) order that it be treated as presumptively authentic without final certification; or

(B) allow it to be evidenced by an attested summary with or without final certification.

(4) *Certified Copies of Public Records.* A copy of an official record—or a copy of a document that was recorded or filed in a public office as authorized by law—if the copy is certified as correct by:

(A) the custodian or another person authorized to make the certification; or

(B) a certificate that complies with Rule 902(1), (2), or (3), a statute or a rule prescribed by the Supreme Court.

(5) *Official Publications.* A book, pamphlet, or other publication purporting to be issued by a public authority.

(6) *Newspapers and Periodicals.* Printed material purporting to be a newspaper or periodical.

(7) *Trade Inscriptions and the Like.* An inscription, sign, tag, or label purporting to have been affixed in the course of business and indicating origin, ownership, or control.

(8) *Acknowledged Documents.* A document accompanied by a certificate of acknowledgment that is lawfully executed by a notary public or another officer who is authorized to take acknowledgments.

(9) *Commercial Paper and Related Documents.* Commercial paper, a signature on it, and related documents, to the extent allowed by general commercial law.

(10) *Presumptions Authorized by Statute.* A signature, document, or anything else that a statute declares to be presumptively or prima facie genuine or authentic.

(11) *Certified Domestic Records of a Regularly Conducted Activity.* The original or a copy of a domestic record that meets the requirements of Rule 803(6)(A)—(C), as shown by a certification of the custodian or another qualified person that complies with Pa.R.C.P. 76. Before the trial or hearing, the proponent must give an adverse party reasonable written notice of the intent to offer the record—and must make the record and certification available for inspection—so that the party has a fair opportunity to challenge them.

(12) *Certified Foreign Records of a Regularly Conducted Activity.* In a civil case, the original or a copy of a foreign record that meets the requirements of Rule 902(11), modified as follows: the certification rather than complying with a statute or Supreme Court rule, must be signed in a manner that, if falsely made, would subject the maker to a criminal penalty in the country where the certification is signed. The proponent must also meet the notice requirements of Rule 902(11).

Comment

This rule permits some evidence to be authenticated without extrinsic evidence of authentication or identification. In other words, the requirement that a proponent must present authentication or identification evidence as a condition precedent to admissibility, as provided by Pa.R.E. 901(a), is inapplicable to the evidence discussed

in Pa.R.E. 902. The rationale for the rule is that, for the types of evidence covered by Pa.R.E. 902, the risk of forgery or deception is so small, and the likelihood of discovery of forgery or deception is so great, that the cost of presenting extrinsic evidence and the waste of court time is not justified. Of course, this rule does not preclude the opposing party from contesting the authenticity of the evidence. In that situation, authenticity is to be resolved by the finder of fact.

Pa.R.E. 902(1), (2), (3) and (4) deal with self-authentication of various kinds of public documents and records. They are identical to F.R.E. 902(1), (2), (3) and (4), except that Pa.R.E. 901(4) eliminates the reference to Federal law. These paragraphs are consistent with Pennsylvania statutory law. *See, e.g.* 42 Pa.C.S. § 6103 (official records within the Commonwealth); 42 Pa.C.S. § 5328 (domestic records outside the Commonwealth and foreign records); 35 P.S. § 450.810 (vital statistics); 42 Pa.C.S. § 6106 (documents filed in a public office).

Pa.R.E. 902(5), (6) and (7) are identical to F.R.E. 902(5), (6) and (7). There are no corresponding statutory provisions in Pennsylvania; however, 45 Pa.C.S. § 506 (judicial notice of the contents of the *Pennsylvania Code* and the *Pennsylvania Bulletin*) is similar to Pa.R.E. 902(5).

Pa.R.E. 902(8) is identical to F.R.E. 902(8). It is consistent with Pennsylvania law. *See Sheaffer v. Baeringer*, 346 Pa. 32, 29 A.2d 697 (1943); *Williamson v. Barrett*, 147 Pa. Super. 460, 24 A.2d 546 (1942); 21 P.S. §§ 291.1—291.13 (Uniform Acknowledgement Act); 57 P.S. §§ 147—169 (Notary Public Law). An acknowledged document is a type of official record and the treatment of acknowledged documents is consistent with Pa.R.E. 902(1), (2), (3), and (4).

Pa.R.E. 902(9) is identical to F.R.E. 902(9). Pennsylvania law treats various kinds of commercial paper and documents as self-authenticating. *See, e.g.*, 13 Pa.C.S. § 3505 (evidence of dishonor of negotiable instruments).

Pa.R.E. 902(10) differs from F.R.E. 902(10) to eliminate the reference to Federal law and to make the paragraph conform to Pennsylvania law. In some Pennsylvania statutes, the self-authenticating nature of a document is expressed by language creating a “presumption” of authenticity. *See, e.g.*, 13 Pa.C.S. § 3505.

Pa.R.E. 902(11) and (12) permit the authentication of domestic and foreign records of regularly conducted activity by verification or certification. Pa.R.E. 902(11) is similar to F.R.E. 902(11). The language of Pa.R.E. 902(11) differs from F.R.E. 902(11) in that it refers to Pa.R.C.P. 76 rather than to Federal law. Pa.R.E. 902(12) differs from F.R.E. 902(12) in that it requires compliance with a Pennsylvania statute rather than a Federal statute.

1004.	Admissibility of Other Evidence of Content.

Rule 1001. Definitions That Apply to This Article.

In this article:

(a) A "writing" consists of letters, words, numbers, or their equivalent set down in any form.

(b) A "recording" consists of letters, words, numbers, or their equivalent recorded in any manner.

(c) A "photograph" means a photographic image or its equivalent stored in any form.

(d) An "original" of a writing or recording means the writing or recording itself or any counterpart intended to have the same effect by the person who executed or issued it. For electronically stored information, "original" means any printout—or other output readable by sight—if it accurately reflects the information. An "original" of a photograph includes the negative or a print from it.

(e) A "duplicate" means a counterpart produced by a mechanical, photographic, chemical, electronic, or other equivalent process or technique that accurately reproduces the original.

Comment

This rule is identical to F.R.E. 1001.

Paragraph 1001(e) defines the term duplicate. This term is important because of the admissibility of duplicates under Pa.R.E. 1003. Pennsylvania law has permitted the use of duplicates produced by the same impression as the original, as is the case with carbon copies. See *Brenner v. Leshner*, 332 Pa. 522, 2 A.2d 731 (1938); *Commonwealth v. Johnson*, 373 Pa. Super. 312, 541 A.2d 332 (1988); *Pennsylvania Liquor Control Bd. v. Evolo*, 204 Pa. Super. 225, 203 A.2d 332 (1964). Pennsylvania has not treated other duplicates as admissible unless the original was shown to be unavailable through no fault of the proponent. For this reason, the definition of duplicates, other than those produced by the same impression as the original, is new to Pennsylvania law. The justification for adopting the new definition is discussed in the Comment to Pa.R.E. 1003.

Rule 1002. Requirement of the Original.

An original writing, recording, or photograph is required in order to prove its content unless these rules, other rules prescribed by the Supreme Court, or a statute provides otherwise.

Comment

Pa.R.E. 1002 differs from F.R.E. 1002 to eliminate the reference to Federal law.

This rule corresponds to the common law "best evidence rule." See *Hera v. McCormick*, 425 Pa. Super. 432, 625 A.2d 682 (1993). The rationale for the rule was not expressed in Pennsylvania cases, but commentators have mentioned four reasons justifying the rule.

(1) The exact words of many documents, especially operative or dispositive documents, such as deeds, wills or contracts, are so important in determining a party's rights accruing under those documents.

(2) Secondary evidence of the contents of documents, whether copies or testimony, is susceptible to inaccuracy.

(3) The rule inhibits fraud because it allows the parties to examine the original documents to detect alterations and erroneous testimony about the contents of the document.

(4) The appearance of the original may furnish information as to its authenticity.

(5) Weinstein & Berger, *Weinstein's Evidence* § 1002(2) (Sandra D. Katz rev. 1994).

The common law formulation of the rule provided that the rule was applicable when the terms of the document were "material." The materiality requirement has not been eliminated, but is now dealt with in Pa.R.E. 1004(d). That rule provides that the original is not required when the writing, recording or photograph is not closely related to a controlling issue.

The case law has not been entirely clear as to when a party is trying "to prove the content of a writing, recording, or photograph." However, writings that are viewed as operative or dispositive have usually been considered to be subject to the operation of the rule. On the other hand, writings are not usually treated as subject to the rule if they are only evidence of the transaction, thing or event. See *Hamill-Quinlan, Inc. v. Fisher*, 404 Pa. Super. 482, 591 A.2d 309 (1991); *Noble C. Quandel Co. v. Slough Flooring, Inc.*, 384 Pa. Super. 236, 558 A.2d 99 (1989). Thus, testimony as to a person's age may be offered; it is not necessary to produce a birth certificate. See *Commonwealth ex rel. Park v. Joyce*, 316 Pa. 434, 175 A. 422 (1934). Or, a party's earnings may be proven by testimony; it is not necessary to offer business records. See *Noble C. Quandel Co., supra*.

Traditionally, the best evidence rule applied only to writings, but Pa.R.E. 1002 may be applicable to recordings or photographs. However, recordings and photographs are usually only evidence of the transaction, thing or event. It is rare that a recording or photograph would be operative or dispositive, but in cases involving matters such as infringement of copyright, defamation, pornogra-

phy and invasion of privacy, the requirement for the production of the original should be applicable. There is support for this approach in Pennsylvania law. See *Commonwealth v. Lewis*, 424 Pa. Super. 531, 623 A.2d 355 (1993) (video tape); *Anderson v. Commonwealth*, 121 Pa. Cmwlth. 521, 550 A.2d 1049 (1988) (film).

Rule 1003. Admissibility of Duplicates.

A duplicate is admissible to the same extent as the original unless a genuine question is raised about the original's authenticity or the circumstances make it unfair to admit the duplicate.

Comment

This rule is identical to F.R.E. 1003.

Under the traditional best evidence rule, copies of documents were not routinely admissible. This view dated back to the time when copies were made by hand copying and were therefore subject to inaccuracy. On the other hand, Pennsylvania courts have admitted copies made by techniques that are more likely to produce accurate copies. For example, when a writing is produced in duplicate or multiplicate each of the copies is treated as admissible for purposes of the best evidence rule. See *Brenner v. Leshner*, 332 Pa. 522, 2 A.2d 731 (1938); *Pennsylvania Liquor Control Bd. v. Evolo*, 204 Pa. Super. 225, 203 A.2d 332 (1964).

In addition, various Pennsylvania statutes have treated some accurate copies as admissible. See 42 Pa.C.S. § 6104 (governmental records in the Commonwealth); 42 Pa.C.S. § 5328 (domestic records outside the Commonwealth and foreign records); 42 Pa.C.S. § 6106 (documents recorded or filed in a public office); 42 Pa.C.S. § 6109 (photographic copies of business and public records); 42 Pa.C.S. §§ 6151–59 (certified copies of medical records).

The extension of similar treatment to all accurate copies seems justified in light of modern practice. Pleading and discovery rules such as Pa.R.C.P. 4009.1 (requiring production of originals of documents and photographs etc.) and Pa.R.Crim.P. 573(B)(1)(f) and (g) (requiring disclosure of originals of documents, photographs and recordings of electronic surveillance) will usually provide an adequate opportunity to discover fraudulent copies. As a result, Pa.R.E. 1003 should tend to eliminate purely technical objections and unnecessary delay. In those cases where the opposing party raises a genuine question as to authenticity or the fairness of using a duplicate, the trial court may require the production of the original under this rule.

Rule 1004. Admissibility of Other Evidence of Content.

An original is not required and other evidence of the content of a writing, recording, or photograph is admissible if:

- (a) all the originals are lost or destroyed, and not by the proponent acting in bad faith;
- (b) an original cannot be obtained by any available judicial process;
- (c) the party against whom the original would be offered had control of the original; was at that time put on notice, by pleadings or otherwise, that the original would be a subject of proof at the trial or hearing; and fails to produce it at the trial or hearing; or
- (d) the writing, recording, or photograph is not closely related to a controlling issue.

Comment

This rule is identical to F.R.E. 1004.

When the proponent of the evidence alleges that it is lost, there should be evidence that a sufficient search was made. See *Hera v. McCormick*, 425 Pa. Super. 432, 625 A.2d 682 (1993).

Under Pa.R.E. 1004, when production of the original is not required, the proffering party need not offer a duplicate even if that is available; the proffering party may present any evidence including oral testimony. The normal motivation of a party to produce the most convincing evidence together with the availability of discovery to uncover fraud seems adequate to control abuse.

Rule 1005. Copies of Public Records to Prove Content.

The proponent may use a copy to prove the content of an official record—or of a document that was recorded or filed in a public office as authorized by law—if these conditions are met: the record or document is otherwise admissible; and the copy is certified as correct in accordance with Rule 902(4) or is testified to be correct by a witness who has compared it with the original. If no such copy can be obtained by reasonable diligence, then the proponent may use other evidence to prove the content.

The proponent may use a summary, chart, or calculation to prove the content of voluminous writings, recordings, or photographs that cannot be conveniently examined in court. The proponent must make the originals or duplicates available for examination or copying, or both, by other parties at a reasonable time and place. And the court may order the proponent to produce them in court.

The proponent may prove the content of a writing, recording, or photograph by the testimony, deposition, or written statement of the party against whom the evidence is offered. The proponent need not account for the original.

Comment

This rule is identical to F.R.E. 1007. There is no precise equivalent to Pa.R.E. 1007 under Pennsylvania law, but the rule is consistent with Pennsylvania practice. For example, Pa.R.C.P. 1019(h) requires a party to attach a copy of a writing to a pleading if any claim or defense is based on the writing. A responsive pleading admitting the accuracy of the writing would preclude an objection based on Rule 1002. Similarly, Pa.R.C.P. 4014(a) permits a party to serve any other party with a request for admission as to the genuineness, authenticity, correctness, execution, signing, delivery, mailing or receipt of any document described in the request. Pa.R.C.P. 4014(d) provides that any matter admitted is conclusively established.

Rule 1008. Functions of the Court and Jury.

Ordinarily, the court determines whether the proponent has fulfilled the factual conditions for admitting other evidence of the content of a writing, recording, or photograph under Rule 1004 or 1005. But in a jury trial, the jury determines—in accordance with Rule 104(b)—any issue about whether:

- (a) an asserted writing, recording, or photograph ever existed;
- (b) another one produced at the trial or hearing is the original; or
- (c) other evidence of content accurately reflects the content.

REPORT**Proposed Rescission of Rules of Evidence 101—1008 and Comments and Promulgation of Restyled Rules of Evidence 101—1008 and Comments***Restyled Rules of Evidence**Background*

In 1995, the Supreme Court of Pennsylvania authorized the Ad Hoc Committee on Evidence to draft Rules of Evidence for the Court's consideration. The proposed Rules were drafted to codify Pennsylvania's common law of evidence and closely followed the format and numbering of the Federal Rules of Evidence. The Comments to the Rules were designed to identify the common law sources of Pennsylvania's Rules of Evidence, compare them to the Federal Rules of Evidence, and to explain any differences between the two bodies of rules. Additionally, some Comments were augmented with information thought to be helpful to the bench and bar in the application of the Rules. On May 8, 1998, the Court adopted the proposed Rules, effective October 1, 1998.

On September 8, 1998, the Court established the Committee on Rules of Evidence to, *inter alia*, "assist and advise the Supreme Court of Pennsylvania in the preparation, adoption, promulgation and revision of the rules of evidence governing proceedings in the courts of the Commonwealth."

Restyled Federal Rules of Evidence

In, 2007, the Advisory Committee on the Federal Rules of Evidence voted to begin a project to restyle the Federal Rules of Evidence. The style revisions were intended to make the Rules clearer and easier to read, without altering substantive meaning. This project would be similar to prior restyling projects for the Federal Rules of Appellate Procedure, Federal Rules of Criminal Procedure, and the Federal Rules of Civil Procedure.

On April 26, 2011, the Supreme Court of the United States transmitted the restyled Federal Rules of Evidence to Congress for consideration pursuant to the Rules Enabling Act, 28 U.S.C. § 2074(a). If Congress does not enact legislation to reject, modify, or defer the Rules, then the Rules will become effective on December 1, 2011.

Proposed Amendment of the Pennsylvania Rules of Evidence

The Committee has monitored the progression of the Federal Rules' project and reviewed the proposed changes given that the Pennsylvania Rules of Evidence so closely mirror significant portions of the Federal Rules of Evidence. The Committee concurs with the conclusion that the restyled Federal Rules are clearer and easier to read. The Committee believes that maintaining consistency with the language and format of the Federal Rules, where such consistency exists, benefits the bench and bar.

Additionally, dissimilarities between the wordings of the restyled Federal Rules and the current Pennsylvania

Rules may lead to confusion with the more than 60 references throughout certain Comments of Pennsylvania Rules being “identical” to the Federal Rule, when in fact the language would no longer be identical when the restyled Federal Rules become effective. Further, the value of purely historical references to Pennsylvania common law of evidence in the Comments has significantly diminished since the adoption of the Rules.

Accordingly, the Committee intends to recommend rescission of the current Pennsylvania Rules and replacement with the restyled Pennsylvania Rules to incorporate stylistic changes from the Federal Rules and to eliminate surplusage in the Comments. The Committee wishes to offer the following observations concerning the proposed action:

◆ None of the stylistic changes to the Rules is intended to change the substantive meaning of the Rules. The Committee has adopted the criteria used by the Advisory Committee on the Federal Rules of Evidence to determine whether a proposed change was substantive:

A proposed change is deemed “substantive” if:

(1) Under existing practice, it could lead to a different result on a question of admissibility (*e.g.*, a change that requires a court to provide either a less or more stringent standard in evaluating the admissibility of a certain piece of evidence); or

(2) Under existing practice, it could lead to a change in the procedure by which an admissibility decision is made (*e.g.*, a change in the time in which an objection must be made, or a change in whether a court must hold a hearing on the admissibility question); or

(3) It changes the structure of a rule or method of analysis in a manner that fundamentally changes how courts and litigants have thought about, or argued about, the rule (*e.g.*, merging Rules 104(a) and 104(b) into a single subdivision); or

(4) It changes a “sacred phrase” a phrase that has become so familiar in practice that to alter it would be unduly disruptive to practice and expectations (*e.g.*, “unfair prejudice” or “truth of the matter asserted”).

◆ Many Comments contain discussion and citation of Pennsylvania’s common law of evidence. The Committee recognized the value of such references when the Pennsylvania Rules of Evidence were adopted in 1998, especially

where the Federal Rules and Pennsylvania Rules differ. However, the Rules have been in existence now for more than twelve years and incorporated into judicial proceedings and practice. The Committee believes that many references contained in the Comments have become historical. Accordingly, the Committee proposes deletion of discussion and citation of Pennsylvania’s common law of evidence in the Comments where the common law of evidence was consistent to the Pennsylvania Rule. Where a Pennsylvania Rule and the Federal Rule is dissimilar, the Committee recommends that references to Pennsylvania’s common law of evidence be retained in the Comment.

The reader is reminded that the Comments are prepared by the Committee for the convenience of the bench and bar. The Comments were not adopted by the Court and have no precedential import.

◆ The Comment to Pa.R.E. 604 was amended to reflect a pending recommendation before the Court.

◆ The Comment to Pa.R.E. 804 was updated to reflect the recent amendment of F.R.E. 804.

◆ The “Introductory Comment” to Article VIII has been moved to the Comment to Pa.R.E. 802.

◆ The “Official Notes” and citations to the “Committee Explanatory Reports” have been updated, corrected, and/or added to the Comments for all Rules.

◆ Additional, non-substantive changes were made to the Comments to correct errors in grammar, citations, spacing, and alignment.

Side-By-Side Format

The Committee has also prepared a presentation of this recommendation in a side-by-side format with the current Rule and Comment appearing in the left column and the proposed Rule and Comment appearing in the right column. This side-by-side format is intended to facilitate comparison of the original and restyled Rules and any additions or deletions from the Comments.

The recommendation in this format is available at the Committee’s website at <http://www.aopc.org/T/Boards/Committees/ComRulesEvid/>. The side-by-side presentation will be available on the website during the comment period.
