READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 210—APPELLATE PROCEDURE

PART II. INTERNAL OPERATING PROCEDURES

[210 PA. CODE CH. 63]

Amendment of Internal Operating Procedures of the Supreme Court; No. 365 Judicial Administra- tion Doc.

Order

Per Curiam

And Now, this 18th day of May, 2011, *It Is Ordered* that the Internal Operating Procedures of the Supreme Court are amended as set forth in the following form.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART II. INTERNAL OPERATING PROCEDURES

CHAPTER 63. INTERNAL OPERATING PROCEDURES OF THE SUPREME COURT

§ 63.4. Opinions.

A. Circulation Schedule.

1. *Preparation of Opinions.* Preparation of opinions and responses to circulating opinions shall be given the highest priority. The justice to whom the drafting of an opinion has been assigned shall, absent extraordinary circumstances, circulate a proposed opinion to all members of the Court, with contemporaneous notice to the prothonotary's office, within ninety (90) days of the assignment **or within forty-five (45) days of the assignment of a Children's Fast Track appeal.**

2. *Concurrences and Dissents.* Concurrences and dissents shall be circulated to all members of the Court within forty (40) days of the date on which votes on the proposed majority opinions are due. **For Children's Fast Track appeals, concurrences and dissents shall be circulated to all members of the Court within twenty (20) days of the date on which votes on the proposed majority opinions are due.** Such concurrences and dissents shall be placed on the next available voting list following their circulation to the Court. The prothonotary's office shall receive contemporaneous notice of concurrences or dissents.

3. *Voting.* Consideration of proposed opinions shall occur at a regularly scheduled opinion conference, either by written vote, or via telephone conference call. Lists of circulating opinions shall be supplied to the members of the Court and the prothonotary by the office of the Chief Justice on a regularly scheduled list date. The list date shall be set for the first Monday of every month, or, if that date is a holiday, on the Tuesday following the Monday holiday. The cases listed shall include all opinions submitted for the Court's consideration as of ten (10) days prior to the list date.

a. *Written Votes.* Written votes on listed cases shall be returned to the Chief Justice's office on the fifth business day following publication of the list. Within two (2) business days following submission of written votes, the office of the Chief Justice will circulate to all justices a compilation of all votes received. Within two (2) days after receipt of the compilation, the office of the Chief Justice

must be advised of any correction to the voting list results. On the next business day, the fifth day following the voting conference, the office of the Chief Justice shall issue a confidential list to the prothonotary of all cases which are ready to be filed together with the votes of the justices. No case will appear on the confidential list unless all votes are recorded. Notice of the forthcoming filings shall be posted, by case name and number only, in the office(s) of the prothonotary, and the prothonotary will docket opinions consistent with the information received.

(*Court Note:* For the purpose of this section, the office of the prothonotary shall include all three district offices.)

b. *Telephone Conferences.* Any justice may request that any case be held for telephone conference by making such request in writing to the office of the Chief Justice with notice to all other justices and the prothonotary after receipt of the monthly voting list. The list will also indicate a date certain on which a telephone conference will be held for any cases so designated. Cases may be held for discussion to take place at the next scheduled court conference following oral argument by a vote of three justices.

c. *Hold.* Cases may be placed on Hold for twenty (20) day periods, **or ten (10) day periods for Children's Fast Track appeals**, following circulation of a letter to the members of the Court and to the prothonotary explaining the reasons for the hold, e.g., a forthcoming opinion in a pending case, or preparation of dissent or concurrence. In instances where the hold relates to preparation of a dissent or concurrence, the hold period shall commence on the original due date for the dissent or concurrence, that is, the fortieth day after votes are due on vote listed cases **or the twentieth day for Children's Fast Track appeals.** In no event shall circulation of a dissent or concurrence occur beyond sixty (60) days from the date votes are due on vote listed cases **or thirty (30) days for Children's Fast Track appeals.** If, within **thirty (30) days for Children's Fast Track appeals or sixty (60) days for all other cases** of the date votes are due on majority opinions no dissent or concurrence has been placed in circulation, the case will be put down, and the dissenting or concurring justice will be noted as not having participated in the decision of the case.

d. *Reassignment.* When a concurrence or dissent garners a majority of votes, the case shall be reassigned to the author of the concurrence or dissent, whose majority opinion shall then be forthcoming within thirty (30) days of the reassignment, **or, for Children's Fast Track appeals, within fifteen (15) days.**

4. *Monitoring.* The prothonotary shall provide the Court with a monthly table, **or for Children's Fast Track appeals a semimonthly table**, showing the name, docket number, journal number, assignment, assignment date and circulation date of all argued and submitted cases. All argued and submitted cases which are open for more than one hundred fifty (150) days, **or for Children's Fast Track appeals which are open for more than seventy-five (75) days**, and all petitions for reargument which are open for a period of more than forty-five (45) days **or, for Children's Fast Track appeals that are open for a period of more than twenty-one (21) days**, shall be separately listed.

5. **Notwithstanding any contrary procedures set forth above, justices shall give priority in both**

circulation of and voting on proposed decisions in Children’s Fast Track appeals.

B. Labeling.

1. *Majority.* An opinion will be labeled “Opinion” when a majority of the Court joins the opinion.

Proposed majority opinions that involve multiple, complex issues which the Justice believes may garner disparate votes should be divided into sections. See, e.g., *Phillips v. Cricket Lighters*, 841 A.2d 1000 (Pa. 2003). If there is a split on an opinion that has been divided into sections, the author of the lead opinion will be responsible for preparing a short introductory explanatory statement regarding the breakdown of votes.

2. *Concurrences and Dissents.* An opinion is a “concurring opinion” when it agrees with the result of the lead opinion. A Justice who agrees with the result of the lead opinion, but does not agree with the rationale supporting the lead opinion, in whole or in part, may write a separate “concurring opinion.” An opinion is a “dissenting opinion” when it disagrees with the result of the lead opinion. An opinion is “concurring and dissenting opinion” only when there is more than one result and the Justice agrees with one or more of the results, but not the other(s). Alternatively, a Justice may choose to “concur in result” or “dissent” without writing a separate opinion.

C. Reargument Petitions.

1. *Assignment.* Upon receipt of a petition for reargument of an order of the Court disposing of an appeal, the prothonotary shall direct the petition to the author of the majority opinion. If the appeal was resolved without opinion, the petition will be directed to the office of the Chief Justice to be assigned to the most senior member of the majority. In the event that the appeal was resolved by an equally divided Court, the petition shall be assigned to the author of the opinion in support of affirmance.

2. *Circulation.* The justice to whom the reargument petition was assigned shall circulate to all members of the Court a recommended disposition of the petition within fourteen (14) days of the assignment or within seven (7) days of the date of assignment for Children’s Fast Track appeals. A justice who disagrees with the recommended disposition shall circulate a counter recommendation within fourteen (14) days of the original recommendation or seven (7) days for Children’s Fast Track appeals. A vote of the majority is required to grant reargument.

§ 63.5. Allocatur.

* * * * *

B. Assignment.

1. Petitions for allowance of appeal shall be assigned to individual justices by the prothonotary’s office on a rotating basis for preparation of an allocatur report. Allocatur reports are to be circulated within sixty (60) days of the receipt of such an assignment with notice to the prothonotary’s office that the report is in circulation. The proposed disposition date shall not be greater than [thirty (30)] sixty (60) days from the date of circulation.

2. Holds may be placed on petitions for allowance of appeal only upon written notice to the members of the Court and the prothonotary as to the reasons for the hold, e.g., the existence of another petition from another district presenting the same question. No hold may be

placed on a petition without the existence of a terminus, e.g., the issuance of an opinion on a petition presenting the same question. A hold for the purpose of preparing a counter report shall not exceed thirty (30) days; only by vote of the majority can a hold be extended beyond thirty (30) days, but in no event shall a hold exceed ninety (90) days.

3. Petitions from the same district presenting the same question shall be consolidated; petitions from different districts presenting the same question may be consolidated at the discretion of the Court. Where a hold results from the existence of another petition presenting the same issue, the parties shall be notified of the hold and the case which will determine the issue.

4. Notwithstanding any contrary procedures set forth above, allocatur reports in Children’s Fast Track appeals are to be circulated within thirty (30) days of the receipt of the assignment with notice to the prothonotary’s office that the report is in circulation, and the proposed disposition date shall not be greater than thirty (30) days from the date of circulation. A hold for purposes of preparing a counter report in a Children’s Fast Track appeal shall not exceed fifteen (15) days; only by vote of the majority can a hold be extended beyond fifteen (15) days, but in no event shall a hold exceed forty-five (45) days.

* * * * *

§ 63.6. Motions, Miscellaneous Petitions and Applications for Relief.

* * * * *

B. Disposition. The Chief Justice will prepare memoranda setting forth the positions of the parties, and a recommended disposition. Vote proposals shall be circulated within thirty (30) days from the date of assignment, and shall contain a proposed disposition date no greater than thirty (30) days from the date of circulation, except for Children’s Fast Track cases, in which vote proposals must be circulated within fifteen (15) days from the date the answer is filed or due to be filed, whichever occurs first, and the proposed disposition shall be no greater than fifteen (15) days from the date of circulation.* A vote of the majority of those participating is required to implement the proposed disposition.

* For purposes of this section, a “Children’s Fast Track case” is any case involving an order regarding dependency, termination of parental rights, adoptions, custody or paternity. See 42 Pa.C.S. § 6301 et seq.; 23 Pa.C.S. § 2511 et seq.; 23 Pa.C.S. § 2101 et seq.; 23 Pa.C.S. § 5301 et seq.; 23 Pa.C.S. § 5102 et seq.

Every motion shall be decided within sixty (60) days, or thirty (30) days for Children’s Fast Track cases. Orders disposing of motions shall include the names of any justices who did not participate in the consideration or decision of the matter. Procedural motions, e.g., requests for extension of time, requests to exceed page limits, and to proceed in forma pauperis, are to be disposed of by the prothonotary’s office after screening by the deputy prothonotary.

PART (D)(2). JUVENILE PROBATION OFFICERS

Rule

195. Powers, Duties, and Training of a Juvenile Probation Officer.

Rule 195. Powers, Duties, and Training of a Juvenile Probation Officer.

A. Powers and Duties of a Juvenile Probation Officer. Subject to any limitation imposed by the court, a juvenile probation officer shall:

- 1) take children, juveniles, and minors into custody pursuant to:
 - a) the Juvenile Act, 42 Pa.C.S. §§ 6304 and 6324;
 - b) the Child Protective Services Law (CPSL), 23 Pa.C.S. § 6301 *et seq.*;
 - c) a bench warrant as set forth in Rules 140, 141, and 1140; or
 - d) Rule 1202;
- 2) authorize detention or shelter care for a juvenile, and the shelter care of a child, pursuant to 42 Pa.C.S. §§ 6304, 6325, or 6331;
- 3) receive and examine written allegations unless the District Attorney has elected to receive and approve all written allegations pursuant to Rule 231(B);
- 4) make appropriate referrals for informal adjustment, consent decree, or other diversionary programs;
- 5) file petitions if diversionary programs are not appropriate unless the District Attorney has elected to file all petitions pursuant to Rule 330(A);
- 6) make investigations, reports, including social studies pursuant to Rule 513, and recommendations to the court;

7) make appropriate referrals to private and public agencies, psychological or psychiatric providers, drug and alcohol facilities or programs, or any other necessary treatments or programs;

8) communicate to the court and parties, and facilitate any special needs, including health and education, of the juvenile;

9) supervise and assist a juvenile placed on probation or a child under the court's protective supervision or care;

10) search the person and property of juveniles pursuant to 42 Pa.C.S. § 6304(a.1);

11) regularly oversee and visit juveniles in placement facilities;

12) report suspected child abuse pursuant to 23 Pa.C.S. § 6311; and

13) perform any other functions as designated by the court.

B. Limitations on powers and duties. The President Judge of each judicial district may limit the power and duties of its juvenile probation officers by local rule.

C. Training. No later than January 1, 2012 or within 180 days after being appointed or employed, a juvenile probation officer shall be trained on:

- 1) the Juvenile Act;
- 2) the Pennsylvania Rules of Juvenile Court Procedure;
- 3) the Child Protective Services Law (CPSL); and
- 4) any local procedures.

Comment

Pursuant to paragraph (A)(1), a juvenile probation officer has the authority to take children, juveniles, and minors into custody pursuant to the Juvenile Act, the CPSL, a bench warrant, or Rule 1202. 23 Pa.C.S. § 6301 *et seq.* and 42 Pa.C.S. § 6301 *et seq.*

When a juvenile is under the court's supervision, the juvenile probation officer may take a juvenile into custody pursuant to the Juvenile Act, 42 Pa.C.S. §§ 6304(a)(3) and (5) and 6324(1) through (5), and bench warrants as set forth in Rules 140, 141, and 1140.

When a child, juvenile, or minor is not under the court's supervision, the juvenile probation officer, as a duly authorized officer, may take a child, juvenile, or minor into custody pursuant to the Child Protective Services Law (CPSL), 23 Pa.C.S. § 6315 and the Juvenile Act, 42 Pa.C.S. §§ 6304 (a)(3) and (5) and 6324(1), (3), and (4).

A properly commissioned juvenile probation officer is vested with all the powers and duties as set forth in 42 Pa.C.S. § 6304 and the power to take a child into protective custody as a duly authorized officer of the court pursuant to 42 Pa.C.S. § 6324 unless the President Judge has limited such authority pursuant to paragraph (B).

The President Judge may adopt a local rule, pursuant to the procedures of Rule 121, limiting the authority granted by the commission to juvenile probation officers. In determining whether to limit the authority of juvenile probation officers, the President Judge should consider the training and experience necessary to perform the various duties as provided in this rule. For example, the President Judge may choose to prohibit juvenile probation officers from taking a child into protective custody who is believed to be in imminent danger from his or her

surroundings, but who is not under the court's supervision as a delinquent or dependent child. *See* 42 Pa.C.S. § 6324.

In situations when a juvenile probation officer takes a child into protective custody who is in imminent danger from his or her surroundings pursuant to 42 Pa.C.S. § 6325, 23 Pa.C.S. § 6315, and Rule 1202, the juvenile probation officer should take the appropriate steps to ensure the child's safety, immediately contact the county agency, and document for the county agency the circumstances which necessitated protective custody. *See* Rule 1202 and its Comment.

The juvenile probation officer may also supervise or assist a child placed in his or her protective supervision or care by the court. *See* 42 Pa.C.S. § 6304.

Pursuant to paragraph (A)(3), the juvenile probation officer is to receive written allegations from local law enforcement agencies to determine if a case may proceed to juvenile court. However, pursuant to Rule 231(B), the District Attorney of any county may require initial receipt and approval of written allegations before a delinquency proceeding may be commenced. *See* Rule 231(B).

Pursuant to paragraph (A)(6) and (7), the juvenile probation officer is to prepare reports compiling the juvenile's information for the court and make the necessary referrals to programs supported by a need revealed during the investigation.

Pursuant to paragraph (A)(8), the juvenile probation officer is to communicate the information to all parties before approaching the court. *See* Rule 136 for *ex parte* communication.

Pursuant to paragraph (A)(11), the juvenile probation officer is to oversee all juveniles ordered to placement facilities. Juvenile probation officers should visit all juveniles in placement facilities on a regular basis to determine if: 1) the juvenile is receiving the appropriate treatment; and 2) the facility is meeting the needs of the child. The Juvenile Court Judges' Commission Standards Governing Aftercare Services recommend that all juveniles be visited on a monthly basis. The juvenile probation officer is to report any irregularities or controversies to the court and all parties as soon as they are made known to the juvenile probation officer.

Pursuant to paragraph (A)(13), a juvenile probation officer may perform any other function designated by the court to carry out the purposes of the Juvenile Act.

Pursuant to paragraph (C), the juvenile probation officer is to be trained in the Juvenile Act, the Pennsylvania Rules of Juvenile Court Procedure, the CPSL, and any local procedures. The training is to occur within 180 days of the juvenile probation officer's appointment or employment. It is best practice for juvenile probation officers to receive training within the first ninety days of employment. It is also best practice that juvenile probation officers receive specialized training and educational updates on a continuing basis.

Specialized training for juvenile probation officers should include delinquency and dependency procedures and areas that address their duties as officers of the court.

CHAPTER 12. COMMENCEMENT OF PROCEEDINGS, EMERGENCY CUSTODY, AND PRE-ADJUDICATORY PLACEMENT

PART A. COMMENCING PROCEEDINGS

Rule 1202. Procedures for Protective Custody by a Police Officer, Juvenile Probation Officer, and County Agency.

A. Protective custody.

1) No court order.

a) A police officer or a juvenile probation officer may take a child into protective custody pursuant to Rule 1200 if there are reasonable grounds to believe that the child is suffering from illness or injury or is in imminent danger from the surroundings and removal is necessary.

b) Without unnecessary delay, but no more than twenty-four hours after a child is taken into custody, an application for a protective custody order shall be made to provide temporary emergency supervision of a child pending a hearing pursuant to Rule 1242. The president judge of each judicial district shall ensure that a judge is available twenty-four hours a day, every day of the year to accept and decide actions brought by the county agency within the twenty-four hour period.

2) Court order.

a) A police officer, juvenile probation officer, or county agency may obtain a protective custody order removing a child from the home pursuant to Rule 1210 if the court finds that remaining in the home is contrary to the welfare and the best interests of the child.

* * * * *

Comment

A properly commissioned juvenile probation officer has the authority to take a child into protective custody as a duly authorized officer of the court pursuant to 42 Pa.C.S. § 6324 unless the President Judge has limited such authority pursuant to Rule 195. See also 23 Pa.C.S. § 6315.

Under paragraph (A)(1)(a) & (A)(2)(a), the police officer's or juvenile probation officer's duty is to protect the child and remove the child safely. A police officer or juvenile probation officer may bring the child to the county agency for supervision of the child pending a court order that should be given immediately. The police officer's [duty is enforcement and removal] or juvenile probation officer's duty is to take a child into protective custody if there are reasonable grounds to believe that the child is suffering from illness or injury or is in imminent danger from his or her surroundings, and that protective custody is necessary, whereas the county agency's duty is to supervise the child and find an appropriate placement for the child when necessary. Only a police officer or juvenile probation officer may take custody of the child without a court order. See Rule 1800 for suspension of 42 Pa.C.S. § 6324, which provides that law enforcement officers may take a child into custody. [See Rule 1120 for definition of police officer, which may include a probation officer exercising their power of arrest when authorized by law.]

Rule 1800. Suspensions of Acts of Assembly.

This rule provides for the suspension of the following Acts of Assembly that apply to dependency proceedings only:

* * * * *

6) The Act of July 9, 1976, P. L. 586, No. 142, § 2, 42 Pa.C.S. § 6324, which authorizes law enforcement officers to take a child into custody, is suspended only insofar as the Act is inconsistent with Rule 1202, which provides for police officers **and juvenile probation officers** taking a child into custody.

EXPLANATORY REPORT

May 2011

Introduction

The Supreme Court of Pennsylvania has adopted the modifications to Rules 120, 1120, 1202, and 1800 and New Rule 195 with this Recommendation. These changes are effective July 1, 2011.

Background

These rule modifications address the scope of the juvenile probation officer's authority, as well as, their duties and training.

It has been brought to the Committee's attention that in some judicial districts, juvenile probation officers are "duly authorized officers" as used in the Juvenile Act, 42 Pa.C.S. § 6324 while in other judicial districts, juvenile probation officers are not viewed as "duly authorized officers."

To provide clarity and a uniform procedure, these rule modifications clarify that juvenile probation officers are duly authorized officers of the court as that term is used in the Juvenile Act, 42 Pa.C.S. § 6324. The modifications also allow the President Judge of each judicial district to determine whether to limit a juvenile probation officer's authority in his or her judicial district. The modifications also mandate minimum training requirements for all juvenile probation officers.

Rules 120 and 1120

A new definition for "juvenile probation officer" is being added to the Rules. The Comment to this rule further clarifies the definition and outlines the juvenile probation officer's commission.

A President Judge may determine to limit the authority of its juvenile probation officers by local rule. For example, the President Judge may limit the authority of new juvenile probation officers or those who have not otherwise completed the required training.

The current practice in some counties that allows juvenile probation officers to take alleged dependent children into custody may continue to be utilized if the President Judge has not limited the authority of the juvenile probation officer.

Rule 195

This new rule sets forth the powers, duties, and training of juvenile probation officers.

Pursuant to paragraph (A) and its Comment, juvenile probation officers shall have the authority to take children, juveniles, and minors into custody pursuant to the Juvenile Act, Child Protective Services Law (CPSL), bench warrants, and Rule 1202. It also addresses other powers and duties of juvenile probation officers.

The President Judge may grant the Administrative Judge authority to decide whether to limit juvenile probation officers' authority. However, only the President Judge of each judicial district may enact a local rule to limit the authority of the probation officer pursuant to paragraph (B). See Rules 121 and 1121 for promulgation of local rules.

Paragraph (C) requires juvenile probation officers, no later than one hundred eighty days after being appointed or employed, to be trained on the Juvenile Act, Rules of Juvenile Court Procedure, the CPSL, and local procedures. This is the minimum requirement. However, the Committee believes that the juvenile probation officer should be trained on a continuing basis in all areas of delinquency and dependency practice and law, including specialized training as funding permits.

It is best practice to have all juvenile probation officers trained within the first ninety days of employment; however, this may not be feasible in some judicial districts. As quality educational and training opportunities become more widely available, all juvenile probation officers should be encouraged to attend.

Rule 1202

The rule now provides authority for juvenile probation officers to take a child into protective custody as duly authorized officer of the court. See 42 Pa.C.S. § 6324.

The Comment clarifies that the juvenile probation officer's authority is equivalent to a police officer's duty when removing a child from the home. The juvenile probation officer's duty is to protect the child and remove the child safely. The juvenile probation officer must transport the child to the county agency. The county agency will then supervise the child and immediately identify an appropriate placement when necessary.

Rule 1800

Because of the modifications to Rule 1202 *supra*, Rule 1800 was revised accordingly.

President Judge

Local Rule of Criminal Procedure 39th Judicial District Rule of Criminal Procedure 538

Pursuant to Section 1725.5 of the Judicial Code that the Clerk of Courts shall assess in addition to any other fines, penalties or costs imposed by law, \$150.00 Booking Center Fund Fee against any person who is processed at any Booking Center in Franklin County on or after December 1, 2010 if the person is:

1. placed on probation without verdict pursuant to section 17 of the act of April 14, 1972 (P. L. 233, No. 64), known as The Controlled Substance, Drug, Device or Cosmetic Act; or

2. receives Accelerated Rehabilitative Disposition for, pleads guilty to or nolo contendere to or is convicted of a crime under the following:

a. 18 Pa.C.S. § 106(a) (relating to classes of offenses)

b. 75 Pa.C.S. § 3735 (relating to homicide by vehicle while driving under the influence)

c. 75 Pa.C.S. § 3802 (relating to driving under the influence of alcohol or controlled substance)

d. A violation of The Controlled Substance, Drug, Device and Cosmetic Act.

The Booking Center Fee shall be paid to Franklin County Clerk of Courts or the Payment Division of the Franklin County Adult Probation Department and deposited into a special booking center fund established by the Franklin County Criminal Justice Advisory Board. Moneys in the fund shall be disbursed, pursuant to procedures promulgated by the Franklin County Criminal Justice Advisory Board and used solely for the implementation of a "County-wide Booking Center Plan" and the start-up, operation or maintenance of the regional booking centers.

Local Rule of Criminal Procedure 39th Judicial District Rule of Criminal Procedure 539

(A) In all cases in which a person has been charged with an offense of a third degree misdemeanor or greater, the person shall be required to appear at the Franklin County Central Booking Center (CBC) located in the Franklin County Jail, 1804 Opportunity Avenue, Chambersburg, PA, to be fingerprinted and photographed prior to the date of his or her preliminary hearing.

(B) Pursuant to 18 Pa.C.S. 9112, an arresting authority shall be responsible for taking the fingerprints of persons arrested for misdemeanors, felonies or summary offenses which become misdemeanors on a second arrest after conviction of a summary offense. The Central Booking

Center shall serve as a designated fingerprinting site for all arresting authorities in Franklin County.

(C)

a. In cases in which a person has been arraigned at the office of a Magisterial District Judge and fails to post bond, the person shall be fingerprinted and photographed at the CBC subsequent to his or her commitment at the Franklin County Jail.

b. In cases in which a person has been arrested during night, weekend or holiday hours, unless the charges proceed by summons, the person shall be taken directly to the CBC for a video arraignment and booking procedure before being committed to the Franklin County Jail or being released on bond.

c. In cases which proceed by summons or for offenses under 18 Pa.C.S.A. § 3929 (relating to retail theft), the person shall receive an order at the time of his or her preliminary hearing from the Magisterial District Judge to report within the date of the order to the CBC to be fingerprinted and photographed. The requirement to appear at the CBC to be fingerprinted and photographed as ordered shall be made a condition of bond.

d. In cases of private felony and misdemeanor prosecutions, the person may only be fingerprinted and photographed after conviction of the alleged offense. An order shall issue from the Court of Common Pleas after such conviction directing the Person to report to the CBC to be fingerprinted and photographed.

RULES AND REGULATIONS

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF CHIROPRACTIC [49 PA. CODE CH. 5] Continuing Education Violations

The State Board of Chiropractic (Board) amends § 5.77 (relating to failure to meet continuing education requirements) to read as set forth in Annex A.

Description and Need for the Rulemaking

Section 507(a) of the Chiropractic Practice Act (act) (63 P. S. § 625.507(a)) requires each licensee to complete at least 24 hours of continuing education during each biennial renewal period. Under section 506(a)(13) of the act (63 P. S. § 625.506(a)(13)), the Board may take disciplinary action against a licensee who fails to perform any statutory obligation placed upon a licensed chiropractor. Section 703 of the act (63 P. S. § 625.703) authorizes the Board to levy a civil penalty of up to \$1,000 on a licensee who violates any provision of the act. Disciplinary actions for failing to complete the continuing education requirement in a timely manner invariably result in the licensee being required to pay a civil penalty proportionate to the amount of deficiency and to make up the deficiency promptly. Accordingly, the Board proposed to utilize the more streamlined procedures under section 5(a) of the act of July 2, 1993 (P. L. 345, No. 48) (Act 48) (63 P. S. § 2205(a)), wherein the Commissioner of Professional and Occupational Affairs, after consultation with licensing boards in the Bureau of Professional and Occupational Affairs (BPOA), may promulgate a schedule of civil penalties for violations of the acts or regulations of these licensing boards.

The Board proposed permitting a licensee to renew despite not having completed the required amount of continuing education. However, the licensee would be required to pay a civil penalty by citation in § 43b.22 (related to schedule of civil penalties—chiropractors) and to make up the deficient hours of continuing education and to provide proof to the Board within 6 months of the beginning of the renewal cycle. A licensee who does not do so will be subject to discipline under section 506(a)(9) of the act, which authorizes the Board to discipline a licensee for violating a regulation of the Board. Second and subsequent violations of failing to complete all required continuing education will be subject to formal action.

Summary of Comments and Responses to Proposed Rulemaking

The Board published notice of proposed rulemaking at 39 Pa.B. 5594 (September 26, 2009) with a 30-day public comment period. The Board did not receive written comments from the public. The Board received comments from the House Professional Licensure Committee (HPLC) and the Independent Regulatory Review Commission (IRRC) as part of its review of proposed rulemaking under the Regulatory Review Act (71 P. S. §§ 745.1—745.12). The Board did not receive comment from the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC).

In developing this final-form rulemaking, the Board envisioned a scheme of enforcement by which a licensee who did not complete the required amount of continuing education would be able to renew the license but would have to pay a civil penalty under an Act 48 schedule based upon the amount of deficiency and to make up the entire deficiency within 6 months. It was intended that all professional licensing boards within the BPOA that require continuing education would use a similar enforcement scheme. However, due to subsequently-raised concerns about statutory authority to renew the license of one who acknowledges not having completed the required amount of continuing education, the Board ultimately has abandoned this scheme. Instead, completion of the required amount of continuing education will remain a condition of renewal and a licensee who acknowledges not having completed the required amount of continuing education will not be renewed. Those licensees who are discovered, such as through the postrenewal random audit, to have failed to complete the required amount of continuing education will be subject to imposition of a proportionate civil penalty by means of a citation and will be required to make up the deficiency. However, because it will take time to complete the post-renewal audit process, the time limitation by which the deficiency shall be cured will not be determined by the renewal date, but by the date disciplinary action is initiated by the issuance of a citation. Because continuing education is required to maintain competence, the failure to complete continuing education is not a violation if the licensee no longer practices until the continuing education deficiency is cured. Therefore, the Board has also provided in § 5.77(d) that a licensee who permits the license to expire and then ceases practice until completing the required amount of continuing education and then reactivates the license upon a demonstration that the deficiency has been cured should not be subject to disciplinary action for failing to initially complete the required amount of continuing education. A licensee who did not renew and continued to practice, despite having failed to complete the required continuing education, would be subject to disciplinary action both for failing to complete continuing education (under this subsection) and for practicing while the license was lapsed (under § 5.17(g) (relating to biennial registration; unregistered status and inactive status; failure to renew; address of record)).

The HPLC first requested an explanation for the jeopardy of a licensee who has not completed continuing education having to certify on the biennial renewal form that the licensee has complied with the mandatory continuing education requirements. As previously discussed, the Board will not renew the license of a licensee who has acknowledged failing to complete the required amount of continuing education. The HPLC also questioned whether a licensee who falsely states on the renewal form that the licensee has completed the continuing education requirement would be disciplined for practicing fraud or deceit in obtaining a license to practice chiropractic. A licensee who makes a false statement would be discovered through the audit process. A prosecuting attorney would have discretion to bring formal disciplinary action in deviation from application of the Act 48 schedule due to the licensee's apparent deceitful act, charging both the failure to complete continuing education and obtaining the license by deceit. The Board would determine an appropriate sanction, possibly including a reprimand or suspension as well as a civil penalty, for any violation that is proved. But, in

the exercise of prosecutorial discretion, the prosecuting attorney alternatively could choose only to issue the appropriate citation, such as when the licensee in good faith believed that the licensee had complied with the continuing education requirement.

The HPLC next requested an explanation as to how a licensee would make up a continuing education deficiency after renewing, but shall provide proof of attendance at continuing education courses during the previous biennial renewal period. In drafting this provision, it was the Board's intention to refer to the continuing education requirement of the previous biennium, not attendance during the previous biennium. The Board revised this provision to phrase this more clearly and to explicitly acknowledge that continuing education may be completed in the current biennium, subject to the limitation of § 5.77(b) that attendance at continuing education to reactivate an unregistered license cannot be applied to the requirement for the current biennium.

Finally, because when published as proposed the Board intended to renew the license of a licensee who had not completed the required amount of continuing education subject to imposition of a civil penalty via citation and the obligation to make up the deficiency within 6 months, the HPLC asked how the Board will monitor the grace period during which a licensee shall make up a deficiency in continuing education. As previously discussed, the Board has chosen to abandon this method of enforcement. Instead, the Board will continue the current practice under which a licensee shall verify that the licensee has complied with the continuing education requirements. If the licensee does not verify completion, the Board will not renew the license and, without license renewal, there is not a grace period to monitor. However, as past audits have demonstrated, some licensees who have verified compliance will not have actually completed the required amount of continuing education. As previously discussed, these licensees will be subject to citation and the obligation to cure the deficiency within 6 months of issuance of the citation. Because legal proceedings have begun, the legal office will track cited licensees for submission of proof of completion of the required amount of continuing education.

IRRC shared the concerns expressed by the HPLC as previously described. IRRC correctly noted that the only reference to continuing education in § 5.14 (relating to certification to use adjunctive procedures) concerns initial qualification to be certified to use adjunctive procedures, not any ongoing continuing education requirement. Accordingly, the Board has revised § 5.77(d) to omit the reference to § 5.14.

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have an adverse fiscal impact on the Commonwealth, its political subdivisions or the private sector. The final-form rulemaking will not impose additional paperwork requirements upon the Commonwealth, its political subdivisions or the private sector.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Statutory Authority

This rulemaking is authorized by section 302(3) of the act (63 P.S. § 625.302(3)) and sections 506(a)(9) and 507(a) of the act.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on September 11, 2009, the Board submitted a copy of the notice of proposed rulemaking, published at 39 Pa.B. 5594, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

On September 3, 2010, the Board delivered final-form rulemaking to IRRC, the HPLC and the SCP/PLC. Under section 5.1(j.2) of the Regulatory Review Act (71 P.S. § 745.5a(j.2)), on September 21, 2010, the final-form rulemaking was approved by the HPLC. On October 6, 2010, the final-form rulemaking was deemed approved by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on October 7, 2010, and disapproved the final-form rulemaking. As described in its disapproval order, IRRC disapproved the rulemaking because it concluded that the Board does not have statutory authority to renew the license of a licensee who acknowledged failing to complete the required amount of continuing education, as previously intended.

In response to IRRC's disapproval, the Board revised the final-form rulemaking to remove the provisions for renewal despite failure to complete required continuing education, resulting in the final-form rulemaking as discussed previously. The Board delivered the revised final-form rulemaking, together with the supporting report required by section 7(c) of the Regulatory Review Act (71 P.S. § 745.7(c)), to IRRC, the HPLC and the SCP/PLC on November 24, 2010.

Under section 7(d) of the Regulatory Review Act, on March 1, 2011, the final-form rulemaking was deemed approved by the HPLC and the SCP/PLC. Under section 7(c.1) of the Regulatory Review Act, IRRC met on December 16, 2010, and approved the final-form rulemaking.

Additional Information

Persons who require additional information about the final-form rulemaking should submit inquiries to Regulatory Unit Counsel, Department of State, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-7200, st-chiro@state.pa.us.

Findings

The Board finds that:

- (1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) and regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.
- (2) A public comment period was provided as required by law and all comments were considered.
- (3) The amendments to this final-form rulemaking do not enlarge the scope of proposed rulemaking published at 39 Pa.B. 5594.
- (4) The final-form rulemaking adopted by this order is necessary and appropriate for the administration of the act.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 5, are amended by amending § 5.77 to read as set forth in Annex A.

(b) The Board shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The final-form rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 5. STATE BOARD OF CHIROPRACTIC

Subchapter G. CONTINUING EDUCATION

§ 5.77. Failure to meet continuing education requirements.

(a) Unless granted a waiver, a licensee who fails to satisfy continuing education requirements for a biennial registration period will have his license classified as unregistered and will be prohibited from practicing chiropractic until the licensee satisfies continuing education requirements and renews registration in accordance with § 5.18 (relating to reporting of other licenses, certifies or authorizations to practice, disciplinary sanctions and criminal dispositions).

(b) A licensee attending a continuing education course to reinstate an unregistered license will not have the same credit hours applied toward the continuing education requirement for the next biennial registration period.

(c) A licensee is not required to satisfy continuing education requirements for a biennial period in which a license has been classified as inactive and the licensee has not practiced in this Commonwealth for the entire biennial period.

(d) Unless otherwise excused by the act or this chapter, a licensee who fails to complete the minimum required amount of continuing education during the applicable renewal period is subject to discipline under § 43b.22 (relating to schedule of civil penalties—chiropractors). Within 6 months after the issuance of a citation under § 43b.22 for failing to complete the required amount of continuing education, the licensee shall make up the deficiency and provide proof of attendance at continuing education courses as necessary to satisfy the require-

ments in section 507 of the act (63 P. S. § 625.507) for the previous biennial registration period. The additional continuing education may be completed during the current biennial registration period, subject to the limitation of subsection (b). In addition to any civil penalty assessed under this subsection, failure to provide the Board with proof of the required amount of continuing education within 6 months after the issuance of a citation under § 43b.22 for failing to complete the required amount of continuing education shall subject the licensee to disciplinary action under section 506(a)(9) of the act (63 P. S. § 625.506(a)(9)). Failure to complete all of the required amount of continuing education within 6 months after the issuance of a citation under § 43b.22 for failing to complete the required amount of continuing education shall subject the licensee to disciplinary action under section 506(a)(13) of the act. This subsection does not apply to a licensee who permitted the license to expire at the conclusion of the biennial renewal period for which the licensee did not complete the required amount of continuing education and did not practice the profession prior to reactivating that license under § 5.17(j) (relating to biennial registration; unregistered status and inactive status; failure to renew; address of record) upon a demonstration that the licensee subsequently completed all required deficient continuing education.

STATE REGISTRATION BOARD FOR PROFESSIONAL ENGINEERS, LAND SURVEYORS AND GEOLOGISTS
[49 PA. CODE CH. 37]
Continuing Education

The State Registration Board for Professional Engineers, Land Surveyors and Geologists (Board) amends §§ 37.1 and 37.18 (relating to definitions; and reactivation of licensure status) and adds §§ 37.19 and 37.111 (relating to biennial renewal of licensure status; and continuing education) to read as set forth in Annex A.

Description and Need for the Final-Form Rulemaking

The act of November 29, 2006 (P. L. 1534, No. 170) (Act 170) added section 4.5 of the Engineer, Land Surveyor and Geologist Registration Law (act) (63 P. S. § 151.5) to direct the Board to promulgate regulations establishing requirements of continuing education to be fulfilled by its licensees. Beginning with the renewal period designated by regulation, each licensee would be required to complete 24 hours of mandatory continuing education during each biennial renewal period as a condition of license renewal. A licensee in the first biennium of licensure would be exempt from the continuing education and, upon written request demonstrating good cause to do so, the Board could waive all or a portion of the requirements for a licensee who was unable to complete the requirements due to serious illness, military service or other demonstrated hardship. A licensee seeking to reactivate an expired license would be required to show proof of compliance for the preceding biennium. Finally, the Board would be responsible to approve all courses, locations, instructors and providers of mandatory continuing education, but credit could not be awarded for courses in practice building or office management.

The Board published a proposed rulemaking at 39 Pa.B. 2218 (May 2, 2009) to implement Act 170. After the proposed rulemaking was published, the act was again amended. The act of May 12, 2010 (P. L. 192, No. 25) (Act 25) deleted the existing provisions of the act addressing continuing education. In their place, Act 25 provided requirements for continuing education modeled upon the model law and rules of the National Council of Examiners in Engineering and Surveying, the National group of state licensing boards for engineers and land surveyors. Under section 4.5(c) of the act as amended by Act 25, each licensee shall now complete at least 24 professional development hours (PDH) of continuing education during each biennial renewal cycle and up to 12 PDH units may be carried forward into the subsequent renewal period. Continuing education should maintain, improve or expand skills and knowledge obtained prior to initial licensure, including law and ethics applicable to the profession, or develop new and relevant skills and knowledge. Credit may not be awarded for courses in practice building or office management. Continuing education may be earned for successful completion of college courses relevant to professional practice; completion of continuing education courses relevant to professional practice; completion of correspondence, televised, videotaped and other short courses or tutorials relevant to professional practice; completion of seminars, employer-sponsored courses, workshops or professional or technical presentations made at meetings, conventions or conferences relevant to professional practice; teaching, presenting or instructing the previously-identified activities; authoring published papers, articles or books relevant to professional practice; or obtaining patents relevant to professional practice. Section 4.5(d) of the act provides a conversion of hours of activity into PDH units and also provides that a licensee teaching those activities would earn double the amount of credit normally available to participants. The Board may not require courses to be preapproved, but does have final authority regarding approval of courses, credit, PDH value for courses and other methods of earning credit under section 4.5(e) of the act. The Board will accept credit earned in another jurisdiction for an activity that otherwise complies. The licensee is responsible to maintain records to support credits claimed, including a log of activities and attendance verification records such as completion certificates under section 4.5(f) of the act. Under section 4.5(g) of the act, a licensee serving on temporary active duty in the armed forces of the United States for a period of time exceeding 120 consecutive days in a year is exempt from completing continuing education during that year. The Board may grant an exemption to a licensee who is unable to complete the required continuing education due to physical disability, illness or other extenuating circumstances. In addition, a licensee in the first renewal cycle of licensure is not required to complete continuing education. A licensee seeking to reactivate an inactive license shall obtain all delinquent PDH units, up to a maximum of the biennial renewal requirement under section 4.5(h) of the act. Finally, section 5 of Act 25 requires licensees to first complete the continuing education requirements during the 2009-2011 biennium.

Based upon this statutory change and consideration of the comments received regarding the rulemaking as originally proposed, the Board has substantially amended the final-form rulemaking. The Board concluded that it should not review and approve any continuing education courses or providers and deleted references to course or provider approvals. With minor exceptions as discussed as

follows, this final-form rulemaking retains only the mechanism of enforcement of the continuing education requirement.

Summary of Comments and Responses to Proposed Rulemaking

The Board published a proposed rulemaking at 39 Pa.B. 2218 with a 30-day public comment period. The Board received numerous comments from a variety of members of the public. The Board received comments from the House Professional Licensure Committee (HPLC) and the Independent Regulatory Review Commission (IRRC) as part of its review of proposed rulemaking under the Regulatory Review Act (71 P. S. §§ 745.1—745.12). The Board did not receive any comments from the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC).

The public comments raised many questions about particular courses, providers and the method of approving courses and providers, as well as determination of hours of credit. Because under Act 25 the Board will not be approving courses or providers and because the amended act addresses the questions of what activity format and content are acceptable, the Board believes these comments are moot. Except as discussed as follows with regard to comments from the HPLC and IRRC, the public commenters did not otherwise address the procedural portions of the proposed rulemaking.

Though these requirements are not strictly procedural enforcement provisions, the Board has retained the requirement in proposed § 37.113(b) that credit may not be given for any activity in practice building or office management as provided in section 4.5(e) of the act and the requirement in proposed § 37.113(c) that a licensee may not receive credit for attending a course more than once or participating more than once in another specific activity during the same biennium. These provisions have been moved into § 37.111(a) and (b), respectively.

In its comments, the HPLC noted that Act 170 required the Board to promulgate regulations within 18 months. The Board acknowledges that this was not accomplished. The HPLC further advised the Board that the HPLC was currently working on legislation that would amend the continuing education requirements to be more consistent with current National standards of the specific profession than was the proposed rulemaking. Act 25 was the result of that effort. The HPLC and IRRC suggested that in § 37.1 the definition of “hour of continuing education” use a standard of 50 minutes, rather than 60 minutes, to be consistent with this National standard. Because section 2(t) of the act (63 P. S. § 149(t)) now defines a PDH to be 50 minutes of instruction or presentation relevant to professional practice, the Board deleted the proposed definition of “hour of continuing education” and instead has added to § 37.1 the statutory definition of PDH. Similarly, the HPLC suggested that the Board revise its proposed rulemaking to permit carryover of credits. Because section 4.5(c) of the act now permits a licensee to carryover up to 12 PDH units, the Board has also deleted this previously proposed restriction.

In developing its continuing education regulations, the Board envisioned a scheme of enforcement by which a licensee who did not complete the required amount of continuing education would be able to renew the license, but would have to pay a civil penalty under an Act 48 schedule based upon the amount of deficiency and to make up the entire deficiency within 6 months. It was intended that all professional licensing boards within the

Bureau of Professional and Occupational Affairs (BPOA) that require continuing education would use a similar enforcement scheme. However, due to subsequently-raised concerns about statutory authority to renew the license of one who acknowledges not having completed the required amount of continuing education, the Board ultimately has abandoned this scheme. Instead, completion of the required amount of continuing education will be a condition of renewal and a licensee who acknowledges not having completed the required amount of continuing education will not be renewed. Accordingly, the Board revised proposed § 37.19(b)(5) to delete the opportunity for a licensee who has not completed the required amount of continuing education to renew and acknowledge being subject to the sanctions of § 37.111(d).

The HPLC requested information on how the Board will monitor the 6-month period in proposed § 37.111(d) during which a licensee shall make up a deficiency in continuing education. As provided in renumbered § 37.111(f), the Board will audit licensees to verify compliance. If the licensee timely provides documentation showing that the licensee satisfied the continuing education requirement within the 6-month period, the licensee would be subject to a civil penalty based on the number of delinquent PDH units. If the licensee does not provide the documentation or does not complete all 24 PDH units of continuing education by the end of the 6-month period, the matter will be forwarded to the professional compliance office and the prosecution division to initiate formal disciplinary action.

While addressing these comments, the Board considered its audit process in more detail. In doing so, the Board realized that its regulations do not impose any specific obligation upon a licensee to comply with the audit. Accordingly, the Board added § 37.111(f) to retain the notice proposed in § 37.112(c) that the Board will audit licensees to verify compliance with the continuing education requirements and to also require a licensee who is being audited to fully respond to an audit request within 30 days or another time period specified in the audit request.

The HPLC and IRRC questioned what is considered to be a certified record of continuing education as that term is used in proposed §§ 37.112(a) and 37.114(a). Because section 4.5(f) of the act requires licensees to maintain a log of continuing education activities and attendance verification records such as completion certificates, the Board deleted these proposed regulatory provisions. The Board added § 37.111(g) to repeat the statutory requirement that the licensee maintain records of continuing education for 5 years and to provide that the Board may infer from the failure to maintain records that the licensee did not complete continuing education. Obviously, this will require licensees to maintain records that substantiate compliance with the continuing education requirements and demonstrate that the licensee has earned specific amounts of credit in specific activities for which continuing education credit may be earned. The HPLC also requested an explanation of how the Board will implement proposed § 37.115(g) that would permit a licensee who attended a nonapproved course to seek approval. As the Board will not be approving courses, it has deleted this provision.

IRRC pointed to the Board's estimate that the regulated community may have costs on the order of \$18.6 million per year to complete continuing education and questioned the Board's statement that compliance with the rulemaking should not have an adverse fiscal impact

and will not impose additional paperwork requirements on the Commonwealth or the private sector. The Board's estimate was of the costs for licensees to complete continuing education as mandated by section 4.5 of the act. That obligation was imposed by the General Assembly through Act 170 and subsequently Act 25. The proposed rulemaking imposed minimal additional costs. The statement that compliance should not have an adverse fiscal impact was intended to address the impact of the Board's method of enforcement established by the proposed rulemaking, which should not impose additional burden on those licensees who comply. The recordkeeping requirement in this final-form rulemaking, which requires licensees to keep records for at least 5 years, should not impose fiscal or administrative burden beyond that already imposed by Act 25 to maintain records of completion.

IRRC also pointed to the Board's estimate that licensees would be required to comply with the continuing education requirements during the 2009-2011 renewal cycle and asked whether, if the rulemaking was not final by September 2009, the Board will modify the compliance date and notify licensees. Section 5 of Act 25 now requires licensees to complete continuing education during the 2009-2011 renewal cycle. There is not a provision to wait until regulations are promulgated. In May 2010, the Board notified its licensees of this requirement, both by direct mail and by e-mail. Additionally, in its newsletters beginning in July 2010, the Board reminded licensees that the continuing education requirements are already in effect. Additionally, to provide licensees with as much advance notice as possible, as provided in § 37.111(d), for the first renewal cycle only, the Board will not impose disciplinary sanction on a licensee who, though failing to complete the required amount of continuing education during the 2009-2011 biennium, fully makes up the deficiency within 6 months, that is by April 1, 2012. Additionally, because as drafted they included the same standard, IRRC suggested combining the two separate statements of the continuing education obligation for the 2009-2011 and 2011-2013 renewal cycles into one provision. The Board originally did this to allow that the regulation might not be final prior to the beginning of the 2009-2011 cycle and could easily revise it to phase in the continuing education requirement. Because by statute the full obligation begins with the 2009-2011 cycle, the Board followed IRRC's suggestion and combined these two provisions into one.

IRRC questioned whether the term "criminal charges" as used in § 37.19(c)(4) requiring a licensee renewing a license to disclose any criminal charges would include misdemeanors and summary offenses. Because 18 Pa.C.S. § 9124(b) (relating to use of records by licensing agencies) prohibits the Board from imposing a disciplinary sanction based upon a summary offense, the Board did not intend this term to include summary offenses. However, because the Board may impose a disciplinary sanction based upon a misdemeanor conviction, the Board does intend misdemeanor charges to be included, as well as felony charges. Accordingly, the Board revised § 37.19(c)(4) to refer specifically to misdemeanors and felonies to enhance clarity.

IRRC also asked why the Board included the phrase "as directed by the Board" in proposed § 37.111(b) when indicating that continuing education may sometimes be credited to a renewal cycle other than the one in which the continuing education was actually earned. This phrase was intended to allow the Board to order a licensee who did not complete continuing education on time to do so at the time of the subsequent disciplinary

action and have those hours be applied to the requirement for the earlier renewal cycle. To aid clarity, the Board revised this portion of proposed § 37.111(b) to read “as otherwise ordered by the Board in a disciplinary action.” Additionally, because section 4.5(c) of the act now permits carry-over of up to 12 PDH units into the next cycle, the Board also revised § 37.111(b) to include an exception for continuing education credits “carried over from the prior biennium as permitted by section 4.5(c) of the act (63 P. S. § 151.5(c)).” Further, because § 37.111(d) is no longer premised upon a licensee who did not complete the required amount of continuing education being permitted to renew subject to paying a civil penalty and making up the deficiency, the Board revised the references to that subsection in § 37.111(b) as “to correct a deficiency as required under subsection (d)” rather than “as permitted by subsection (d).”

Because when published as proposed the Board intended to renew the license of a licensee who had not completed the required amount of continuing education subject to imposition of a civil penalty by means of a citation and the obligation to make up the deficiency within 6 months, IRRRC also requested the Board to explain the status of a license while the licensee is making up continuing education deficiency. Because the Board now will not renew the license if the licensee acknowledges not completing the required amount of continuing education, this concern is limited to those licensees who report having completed continuing education but have not actually done so. As the license has been renewed in reliance upon the licensee’s representation that continuing education has been completed, that license is current and in good standing to the same extent as if the licensee had fully completed the continuing education requirement on time and will remain so unless the Board takes disciplinary action to suspend the license for failure to complete the required amount of continuing education on time and subsequent failure to make up the deficiency. While the audit process will begin upon notice following renewal, the time taken to audit the licensee and determine the amount of deficiency might result in the citation not issued and due until more than 6 months after the beginning of the renewal cycle—the previously-proposed 6-month period in which to cure the deficiency. Accordingly, the Board revised this provision to set the time limitation by which the deficiency must be cured not by the renewal date, but by the date disciplinary action is initiated by the issuance of a citation. Because continuing education is required to maintain competence, the failure to complete continuing education is not a violation if the licensee no longer practices until the continuing education deficiency is cured. Therefore, the Board also provided in § 37.111(d) that a licensee who permits the license to expire and then ceases practice until completing the required amount of continuing education and then reactivates the license upon a demonstration that the deficiency has been cured should not be subject to disciplinary action for failing to initially complete the required amount of continuing education. A licensee who did not renew and continued to practice, despite having failed to complete the required continuing education, would be subject to disciplinary action both for failing to complete continuing education (under this subsection) and for practicing while the license was lapsed under § 37.18(3).

IRRC raised a concern about the clarity of proposed § 37.111(e) for waiver and suggested explicitly providing that waiver is for serious illness, military service or other demonstrated hardship as provided in section 4.5(g) of the act. Because that statutory section has been replaced, the

Board has taken this suggestion and applied it with revised § 37.111(e) to use the new statutory language—“physical disability, illness or other extenuating circumstances.” Moreover, the Board revised this provision to require the licensee to explain why the licensee is not able to complete continuing education on time and why a waiver will not harm the public interest. Although the proposed rulemaking would require a licensee seeking a waiver to request it at least 90 days before the end of the renewal cycle, the Board is concerned that this is not truly workable for a licensee who plans to complete continuing education near the end of the renewal cycle but is interrupted by disability, illness or other extenuating circumstances. Instead, the Board simply provided that it might take up to 90 days to rule upon a request, giving the licensee who chooses to take the risk of interruption better notice of the consequences.

IRRC suggested that the Board clarify in its final-form rulemaking its position on distance learning activities in proposed § 37.114. Because the Board will not be approving courses, it has deleted this section. Because the statutory language does not provide a basis to categorically disallow online or other distance learning and instead section 4.5(c)(3) of the act specifically authorizes correspondence, televised, videotaped or other short courses or tutorials relevant to professional practice, the Board will permit licensees to complete continuing education in this manner. IRRRC also suggested actions to improve the clarity of proposed § 37.115. Because the Board will not be approving courses, it has also deleted this section.

IRRC also suggested revising the definition of “practice building” in § 37.1 to be gender neutral. The Board used the word “himself” as to a land surveyor because it was quoting the language of section 2(d) of the act and again used the same word in an equivalent provision for an engineer or geologist, though there was not a similar statutory provision. In response to IRRRC’s comment, the Board amended the provision to be gender neutral by using the term “the licensee” when referring to a licensed land surveyor, engineer or geologist. The Board added a definition for the open-ended term “office management” to § 37.1 to include mechanical office and business skills, such as typing, speed writing, preparation of advertising copy, development of sales promotion devices, word processing, calculator and computer operation, and internal operations and procedures that do not have a professional interest. Office management does not include the use of technology in delivering engineering, land surveying or geologic services.

Finally, under section 5 of Act 25, licensees shall begin to comply with the continuing education requirement during the 2009-2011 biennial renewal cycle. Because Act 25 did not become effective until July 11, 2010, approximately 8 1/2 months into the 24-month 2009-2011 renewal cycle, the Board concluded that it should give licensees additional time to complete the requirements for the 2009-2011 cycle. The Board determined that for the first cycle with mandatory continuing education, licensees who make up the deficiency in full within the first 6 months will not be subject to a civil penalty. Accordingly, § 37.111(c) both provides that the continuing education requirements will first take effect during the October 1, 2009, through September 30, 2011, biennial renewal cycle and also that a licensee who, by April 1, 2012, makes up all the deficiency in continuing education will not be subject to disciplinary action for failing to complete the required continuing education by September 30, 2011.

Because the Board will not renew the license when the licensee acknowledges not completing the required amount of continuing education, the Board normally would ask on the renewal form whether the licensee has completed the required amount of continuing education. Because the Board is extending the time period to complete the continuing education for the initial period, for the 2011-2013 renewal cycle the Board will ask whether the licensee has completed the required amount of continuing education or will complete it by April 1, 2012. This will not extend the time period to complete continuing education during the second renewal cycle; a total of 48 PDH shall be completed between October 1, 2009, and September 30, 2013.

Fiscal Impact and Paperwork Requirements

The continuing education requirements of the act as added by Act 25 require licensees to complete continuing education and maintain records and require the Board to audit licensees and take action when appropriate. Beyond the fiscal impact of the statutory requirements, the final-form rulemaking will have a minimal fiscal impact on the regulated community in the nature of administrative costs of records retention and audit compliance. The final-form rulemaking will not have adverse fiscal impact on the Commonwealth or its political subdivisions and will not impose additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Statutory Authority

The final rulemaking is authorized under section 4.4 of the act (63 P. S. § 151.4).

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 22, 2009, the Board submitted a copy of the notice of proposed rulemaking, published at 39 Pa.B. 2218, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

On September 3, 2010, the Board delivered the final-form rulemaking to IRRC, the HPLC and the SCP/PLC. Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on September 21, 2010, the final-form rulemaking was approved by the HPLC. On October 6, 2010, the final-form rulemaking was deemed approved by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on October 7, 2010, and disapproved the final-form rulemaking. As described in its disapproval order, IRRC disapproved the rulemaking primarily because it concluded that the Board did not have statutory authority to renew the license of a licensee who acknowledged failing to complete the required amount of continuing education, as previously intended.

In response to IRRC's disapproval, the Board revised the final-form rulemaking to remove the provisions for renewal despite failure to complete required continuing education, resulting in the form as previously discussed.

The Board did not otherwise revise the rulemaking in response to IRRC's disapproval order. The Board delivered the revised final-form rulemaking, together with the supporting report required by section 7(c) of the Regulatory Review Act (71 P. S. § 745.7(c)), to IRRC, the HPLC and the SCP/PLC on November 24, 2010.

Under section 7(d) of the Regulatory Review Act, on March 1, 2011, the final-form rulemaking was deemed approved by the HPLC and the SCP/PLC. Under section 7(c.1) of the Regulatory Review Act, IRRC met on December 16, 2010, and approved the final-form rulemaking.

Additional Information

Persons who require additional information about the final-form rulemaking should submit inquiries to Regulatory Unit Counsel, Department of State, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-7049, st-engineer@state.pa.us.

Findings

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) and regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) The amendments to this final-form rulemaking do not enlarge the scope of proposed rulemaking published at 39 Pa.B. 2218.

(4) The final-form rulemaking adopted by this order is necessary and appropriate for the administration of the act.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 37, are amended by amending §§ 37.1 and 37.18 and adding §§ 37.19 and 37.111 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Board shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The final-form rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 37. STATE REGISTRATION BOARD FOR PROFESSIONAL ENGINEERS, LAND SURVEYORS AND GEOLOGISTS

GENERAL PROVISIONS

§ 37.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Hearing examiner—An individual appointed by the Board, with the approval of the Governor, to conduct hearings as may be required under the act in accordance with the act and this chapter.

Office management—

(i) The term includes mechanical office and business skills, such as typing, speed writing, preparation of advertising copy, development of sales promotion devices, word processing, calculator and computer operation, and internal operations and procedures that do not have a professional interest.

(ii) The term does not include the use of technology in delivering engineering, land surveying or geologic services.

PDH—*Professional development hour*—Fifty minutes of instruction or presentation relevant to professional practice as defined in section 2 of the act (63 P. S. § 149).

Practice building—

(i) Marketing or any other activity that has as its primary purpose increasing the business volume or revenue of a licensee or employer and does not involve the practice of engineering, land surveying or geology as defined in section 2 of the act.

(ii) The term includes procuring or offering to procure land surveying work for the licensee or others and managing or conducting as managers, proprietors or agents any place of business from which land surveying work is solicited, performed or practiced as included in the definition of “practice of land surveying” in section 2(d) of the act. This term includes procuring or offering to procure engineering or geologic work for the licensee or others and managing or conducting as managers, proprietors or agents any place of business from which engineering or geologic work is solicited, performed or practiced.

(iii) The term does not include education in a professional area merely because it would expand the licensee’s skills enabling the licensee to practice in an additional area.

Professional geological work—The performance of geological service or work, including technical completeness reviews or inspections of unfinalized work product, that requires the utilization, application and interpretation of fundamental and practical principles of the geological sciences in the practice of geology. The term does not include routine sampling, laboratory work or geological drafting.

QUALIFICATIONS FOR LICENSURE

§ 37.18. Reactivation of licensure status.

A licensed engineer, land surveyor or geologist who has allowed his licensure status to lapse by failing to register biennially with the Board may apply to the Board for reactivation of licensure status by satisfying the requirements of paragraph (1) on forms provided by the Board.

(1) A licensee applying for reactivation of licensure status is required to pay the current registration fee and submit a reactivation application verifying the period of time in which the licensee did not practice in this Commonwealth. Unless excused by the Board for good cause under section 4.5(g) of the act (63 P. S. § 151.5(g)), the Board will not reactivate any license until all delinquent continuing education, not to exceed 24 PDH, has been completed. Notwithstanding the general requirement in § 37.111(b) (relating to continuing education), an applicant for reactivation of an inactive license may complete this required continuing education during the biennial renewal period for which reactivation is sought. Completion of this previously-delinquent continuing education is in addition to the continuing education required for the biennium during which the license is reactivated.

(2) A licensee who seeks to reactivate his licensure status will not be assessed a late renewal fee for the preceding biennial registration periods in which the licensee did not engage in practice in this Commonwealth.

(3) With the exception of individuals who are engaged in the practice of engineering, land surveying or geology in a field which is exempt from licensure under section 5 of the act (63 P. S. § 152), a licensee whose licensure status has lapsed due to the failure to register biennially with the Board, is prohibited from the practice of engineering, land surveying or geology as applicable in this Commonwealth unless the licensure status is reactivated. If a licensee, who is not exempt from licensure, engages in practice in this Commonwealth during a period in which the licensee’s registration is not renewed, the licensee is required to pay a late fee of \$5 for each month or part of a month beyond the date specified for renewal, as provided in section 225 of the Bureau of Professional and Occupational Affairs Fee Act (63 P. S. § 1401-225), in addition to the prescribed biennial renewal fee. The payment of a late fee does not preclude the Board from taking disciplinary action against a licensee for practicing the profession of engineering, land surveying or geology as applicable in this Commonwealth without a current license.

§ 37.19. Biennial renewal of licensure status.

(a) A licensee shall register each biennial period to retain the right to practice in this Commonwealth. Initial registration shall automatically occur when a license is issued. Registration for a biennial period shall expire on September 30 of every odd numbered year.

(b) When a licensee changes the mailing address of record, the licensee shall notify the Board in writing within 10 days thereafter. Notice of renewal will be forwarded to the licensee’s last known address on file with the Board. Failure of the Board to send or of the licensee to receive a biennial registration application does not relieve the licensee of the biennial registration responsibility.

(c) A licensee applying for biennial license renewal shall:

(1) Complete and submit the renewal application, including payment of the biennial renewal fee in § 37.17 (relating to schedule of fees).

(2) Disclose any license to practice engineering, land surveying or geology in another state, territory, possession or country.

(3) Disclose any disciplinary action taken or pending before the appropriate licensing authority in another jurisdiction since the most recent application for renewal. A licensee shall disclose disciplinary action in another jurisdiction whether or not the licensee holds an active license to practice in the other jurisdiction.

(4) Disclose any pending felony or misdemeanor criminal charges and any finding or verdict of guilt, admission of guilt, plea of nolo contendere or other criminal conviction since the most recent application for renewal.

(5) Verify that the licensee has complied with the continuing education requirements mandated under section 4.5 of the act (63 P. S. § 151.5) during the biennial period immediately preceding the period for which renewal is sought in accordance with § 37.111 (relating to continuing education).

CONTINUING EDUCATION

§ 37.111. Continuing education.

(a) During each biennial renewal period, a licensee shall complete 24 PDH units of continuing education. A licensee who holds more than one license from the Board shall complete the required amount of continuing education to renew each license. A licensee who completes a continuing education activity applicable to more than one class of license may apply the credit to each license held by the licensee for which the course is applicable. Continuing education credit will not be given for a course in practice building or office management.

(b) Except as necessary to comply with § 37.18(1) (relating to reactivation of licensure status), carried over from the prior biennium as permitted by section 4.5(c) of the act (63 P. S. § 151.5(c)), to correct a deficiency as required under subsection (d) or as otherwise ordered by the Board in a disciplinary action, continuing education may satisfy the requirement of subsection (a) only for the biennium during which it was completed. A PDH unit may not be used to satisfy the requirement of subsection (a) for more than one biennium. Unless otherwise excused by the Board, continuing education completed to reactivate the license as provided in § 37.18(1), to correct a deficiency as required under subsection (d) or as otherwise ordered by the Board in a disciplinary action is in addition to the continuing education requirement for the biennium during which that activity is completed. A licensee may not receive credit for more than one presentation of a particular course or other specific activity in a given renewal period.

(c) The requirement of subsection (a) will first take effect during the October 1, 2009, through September 30, 2011, biennial renewal period. A licensee who corrects all deficiencies in continuing education during the 2009-2011 renewal cycle by April 1, 2012, will not have a disciplinary sanction imposed as provided in subsection (d) for having failed to complete the required amount of continuing education by September 30, 2011.

(d) Unless otherwise excused by the act or this chapter, failure to complete the minimum required amount of continuing education during the applicable renewal period will subject the licensee to discipline under section 11(b) of the act (63 P. S. § 158(b)) in accordance with the schedule of civil penalties in § 43b.13a (relating to schedule of civil penalties—engineers, land surveyors and geologists). Within 6 months after the issuance of a

citation under § 43b.13a for failure to complete the required amount of continuing education, the licensee shall make up the deficiency and provide proof of the entire required amount of continuing education in section 4.5(f) of the act. In addition to any civil penalty assessed under this subsection, failure to complete the required amount of continuing education and to provide the Board with proof of completion of the required amount of continuing education within 6 months after the issuance of a citation under § 43b.13a for failure to complete the required amount of continuing education shall subject the licensee to disciplinary action under section 4(g) of the act (63 P. S. § 151(g)). This subsection does not apply to a licensee who permitted the license to expire at the conclusion of the biennial renewal period for which the licensee did not complete the required amount of continuing education and did not practice the profession prior to reactivating that license under § 37.18(1) upon a demonstration that the licensee subsequently completed all required deficient continuing education.

(e) A licensee seeking exemption from the continuing education requirements as provided in section 4.5(g)(1)(II) of the act based upon physical disability, illness or other extenuating circumstances shall submit the request with all supporting documentation to the Board. The request must explain why the licensee is not able to complete mandatory continuing education on time and why exempting the licensee will not harm the public interest. The Board may take up to 90 days to rule upon a request for exemption. An exemption may include extending the deadline by which the required continuing education must be completed. The Board will consider a request for exemption from a licensee who has renewed the license, but a request for exemption may not be used to avoid a disciplinary sanction under subsection (d).

(f) The Board will audit licensees to verify compliance with continuing education requirements. A licensee who is being audited shall fully respond to each request for information within 30 days of the request or other time specified in the request.

(g) Each licensee shall maintain records verifying completion of continuing education for 5 years after completion of the activity. In any audit or disciplinary proceeding, the Board may infer from a licensee's failure to maintain records as provided in this subsection that the licensee did not complete the required continuing education.

BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS

[49 PA. CODE CH. 43b]

Schedule of Civil Penalties Engineers, Land Surveyors and Geologists

The Commissioner of Professional and Occupational Affairs (Commissioner) amends § 43b.13a (relating to schedule of civil penalties—engineers, land surveyors and geologists) to read as set forth in Annex A.

Description and Need for the Rulemaking

Section 5(a) of the act of July 2, 1993 (P. L. 345, No. 48) (Act 48) (63 P. S. § 2205(a)) authorizes agents of the Bureau of Professional and Occupational Affairs (Bureau) to issue citations and impose civil penalties under sched-

ules adopted by the Commissioner in consultation with the Bureau's licensing boards. It further provides that any penalty will not exceed the sum of \$1,000 per violation. Act 48 citations streamline the disciplinary process by eliminating the need for formal orders to show cause, answers, adjudications and orders, and consent agreements. At the same time, licensees who receive an Act 48 citation have the right to a hearing and retain their due process right of appeal prior to the imposition of discipline. The use of Act 48 citations has increased steadily since 1996, when the program was first implemented, and they have become an important part of the Bureau's enforcement efforts, with approximately 30% of all sanctions imposed by the licensing boards being accomplished through the Act 48 citation process. The State Registration Board for Professional Engineers, Land Surveyors and Geologists (Board) has had an Act 48 schedule of civil penalties since 2001. See 31 Pa.B. 1227 (March 3, 2001).

Section 4.5(a) of the Engineer, Land Surveyor and Geologist Registration Law (act) (63 P.S. § 151.5(a)) requires licensees to complete 24 hours of mandatory continuing education during each biennial renewal period as a condition of license renewal. Through a separate final-form rulemaking (16A-4710), the Board is adopting regulations to implement the mandatory continuing education requirements. As is being done for other licensing boards with continuing education requirements, the Commissioner is adopting in this final-form rulemaking a civil penalty schedule for violation of the continuing education requirements for licensees of the Board because the Commissioner and Board believe the Act 48 citation process will be a much more efficient method of handling violations while still ensuring licensees due process. Payment of the civil penalty does not relieve a licensee of the obligation to complete the required amount of mandatory continuing education. Under a separate final-form rulemaking, the Board is requiring a licensee who fails to complete the required amount of mandatory continuing education during the biennial renewal period to complete the required continuing education during the next 6 months. Failure to complete the required continuing education by that deadline will subject the licensee to formal disciplinary action.

The Commissioner, in consultation with the Board, determined that a first offense violation of failing to complete the required amount of mandatory continuing education during the biennial renewal period would be subject to a civil penalty of \$50 for each hour that the licensee is deficient, up to a maximum of \$1,000. Second and subsequent offenses would not be subject to an Act 48 citation but rather would proceed through the formal disciplinary process. The Board's final-form rulemaking requires that the licensee also make up the deficiency within 6 months or face formal disciplinary action.

Summary of Comments and Responses to Proposed Rulemaking

The Commissioner published a notice of proposed rulemaking at 39 Pa.B. 2206 (May 2, 2009) with a 30-day public comment period. The Board did not receive written comments from the public. The Board received comments from the House Professional Licensure Committee (HPLC) and the Independent Regulatory Review Commission (IRRC) as part of its review of proposed rulemaking under the Regulatory Review Act (71 P.S. §§ 745.1—745.12). The Board did not receive comments from the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC).

The HPLC noted that the act of November 29, 2006 (P.L. 1534, No. 170) (Act 170), which first added mandatory continuing education, required the Board to promulgate regulations implementing the continuing education requirement within 18 months of its effective date, that is, by July 28, 2008. The Board acknowledges that this date was not met. Subsequently, the act of May 12, 2010 (P.L. 192, No. 25) (Act 25) repealed this provision in Act 170. Instead, under section 5 of Act 25, licensees shall begin to comply with the continuing education requirement during the 2009-2011 biennial renewal cycle. Because the Act 25 amendments did not become effective until July 11, 2010, approximately 8 1/2 months into the 24-month 2009-2011 renewal cycle, the Board concluded that it should give licensees additional time to complete the requirements for the 2009-2011 cycle. As previously referenced and explained in greater detail in the Board's final-form rulemaking, licensees who have not completed the continuing education requirement by the end of the renewal period will be subject to citation for a civil penalty based upon the amount of deficiency and be required to make up the entire deficiency within 6 months; this does not apply to a licensee who permits the license to expire and makes up the deficiency prior to reactivating the license upon documentation of making up that deficiency. The Board determined that for the first cycle with mandatory continuing education, licensees who make up the deficiency in full within the first 6 months will not be subject to a civil penalty.

IRRC requested an explanation of how the proposed amount of civil penalty was determined. Under section 5(a) of Act 48, the maximum civil penalty that the Board may impose by citation for a violation of the act or Board regulations is \$1,000. To provide a significant deterrence against failing to complete continuing education in a timely manner, the Board concluded that this maximum amount is an appropriate civil penalty for a licensee who completes none of the mandatory continuing education. Those whose deficiency is less should be assessed a proportionately lesser civil penalty. Because 24 hours of continuing education are required, the Board calculated that the scheduled civil penalty should be \$1,000 divided by 24 hours, rounded up to \$50 per hour.

While addressing the previous questions, as well as other questions raised by the HPLC and IRRC in regard to the Board's rulemaking, the Board considered its audit process in more detail. In doing so, the Board realized that its regulations do not impose specific obligation upon a licensee to comply with the audit. Accordingly, in § 37.111(f) (relating to continuing education), the Board requires a licensee to respond to an audit request within 30 days or another time period specified in the audit request. The Commissioner, in consultation with the Board, added this violation to the schedule of civil penalties. The schedule provides a first violation civil penalty of \$100, increased to \$250 for a second violation and \$500 for a third violation and formal action for subsequent violations. The Board envisions that a licensee who fails to comply with an audit request will be given a citation and another audit request. The process may be repeated until the licensee's fourth refusal demonstrates that the Board should consider whether to suspend the licensee's license or impose other discipline for failure to provide proof of continuing education.

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have adverse fiscal impact on the Commonwealth, its political subdivisions or the private sector. The final-form rulemaking will not

impose additional paperwork requirements upon the Commonwealth, its political subdivisions or the private sector.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Statutory Authority

This rulemaking is authorized by section 5(a) of Act 48.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 22, 2009, the Board submitted a copy of the notice of proposed rulemaking, published at 39 Pa.B. 2206, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

On September 3, 2010, the Board delivered final-form rulemaking to IRRC, the HPLC and the SCP/PLC. Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on September 21, 2010, the final-form rulemaking was approved by the HPLC. On October 6, 2010, the final-form rulemaking was deemed approved by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on October 7, 2010, and disapproved the final-form rulemaking.

The Board did not revise the final-form rulemaking in response to IRRC's disapproval. The Board redelivered the final-form rulemaking, together with the supporting report required by section 7(b) of the Regulatory Review Act (71 P. S. § 745.7(b)), to IRRC, the HPLC and the SCP/PLC on November 24, 2010.

Under section 7(d) of the Regulatory Review Act, on March 1, 2011, the final-form rulemaking was approved by the HPLC and the SCP/PLC. section 7(c.1) of the Regulatory Review Act, IRRC met on December 16, 2010, and approved the final-form rulemaking.

Additional Information

Persons who require additional information about the final-form rulemaking should submit inquiries to Regulatory Unit Counsel, Department of State, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-7049, st-engineer@state.pa.us.

Findings

The Commissioner finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) and regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) The amendments to this final-form rulemaking do not enlarge the scope of proposed rulemaking published at 39 Pa.B. 2206.

(4) The final-form rulemaking adopted by this order is necessary and appropriate for the administration of the authorizing acts set forth in this preamble.

Order

The Commissioner, acting under Act 48, orders that:

(a) The regulations of the Commissioner, 49 Pa. Code Chapter 43b, are amended by amending § 43b.13a to read as set forth in Annex A.

(b) The Bureau shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Bureau shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The final-form rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

KATIE TRUE,
Acting Commissioner

(Editor's Note: See 41 Pa.B. 2847 (June 4, 2011) for the Board's final-form rulemaking relating to this final-form rulemaking.)

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 41 Pa.B. 118 (January 1, 2011).)

Fiscal Note: Fiscal Note 16-43 remains valid for the final adoption of the subject regulation.

BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS

[49 PA. CODE CH. 43b]

Schedule of Civil Penalties—Chiropractors

The Commissioner of Professional and Occupational Affairs (Commissioner) adds § 43b.22 (relating to schedule of civil penalties—chiropractors) to read as set forth in Annex A.

Description and Need for the Final-Form Rulemaking

The act of July 2, 1993 (P.L. 345, No. 48) (Act 48) authorizes agents of the Bureau of Professional and Occupational Affairs (Bureau) to issue citations and impose civil penalties under schedules adopted by the Commissioner in consultation with the Bureau's licensing boards. Act 48 citations streamline the disciplinary process by eliminating the need for formal orders to show cause, answers, adjudications and orders, and consent agreements. At the same time, licensees who receive an Act 48 citation have the right to a hearing and retain their due process right of appeal prior to the imposition of discipline. The use of Act 48 citations has increased steadily since 1996, when the program was first implemented, and they have become an important part of the Bureau's enforcement efforts, with approximately 30% of all sanctions imposed by the licensing boards being accomplished through the Act 48 citation process. The State Board of Chiropractic (Board) has not previously had an Act 48 schedule of civil penalties.

Section 507(a) of the Chiropractic Practice Act (act) (63 P.S. § 625.507(a)) requires a licensed chiropractor to complete at least 24 hours of continuing education during each biennial renewal cycle. The Board's regulations in Chapter 5, Subchapter G (relating to continuing education) implement required continuing education. With the current regulatory scheme, a failure to comply with the continuing education requirements could lead to formal disciplinary action. Also, section 501(b) of the act (63 P.S. § 625.501(b)) requires a licensee to renew the license every 2 years. Under § 5.17(g) (relating to biennial registration; unregistered status and inactive status; failure to renew; address of record) of the Board's regulations, a licensee who has not renewed may not continue to practice while that license remains lapsed. As is being done for other licensing boards, the Commissioner proposed a civil penalty schedule for violation of the continu-

ing education requirements for licensees of the Board and practice on a lapsed license because the Commissioner and the Board believe the Act 48 citation process will be a much more efficient method of handling violations while still ensuring licensees retain their right to due process of law.

The Commissioner, in consultation with the Board, proposed for a first offense violation of failing to complete the required amount of mandatory continuing education during the biennial renewal period a civil penalty \$50 for each credit hour that the licensee is deficient, up to a maximum of \$1,000. Second and subsequent offenses would not be subject to an Act 48 citation but rather would proceed through the formal disciplinary process. A separate final-form rulemaking (16A-4318) published by the Board requires that licensees also make up the deficiency within 6 months or face formal disciplinary action.

Because failure to renew a license might be an attempt to avoid the continuing education or malpractice insurance requirements, use of an Act 48 citation for lapsed license practice will be limited to those first-time offenders who are in compliance with the continuing education requirements. The Commissioner therefore also proposed for a first offense violation of practicing on a lapsed license while in compliance with continuing education and professional liability insurance requirements a civil penalty of \$250 for practicing less than 6 months, \$500 for practicing 6 to 12 months and \$1,000 for practicing 12 to 24 months. Second and subsequent offenses, as well as those for more than the biennial renewal period of 24 months, would not be subject to an Act 48 citation but rather would proceed through the formal disciplinary process.

Summary of Comments and Responses to Proposed Rulemaking

The Board published notice of proposed rulemaking at 39 Pa.B. 5580 (September 26, 2009) with a 30-day public comment period. The Board did not receive written comments from the public. The Board received comments from the House Professional Licensure Committee (HPLC) and the Independent Regulatory Review Commission (IRRC) as part of its review of proposed rulemaking under the Regulatory Review Act (71 P.S. §§ 745.1—745.12). The Board did not receive comments from the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC).

The HPLC first questioned how the amounts of the civil penalties were determined to assure that the goals are achieved. The maximum civil penalty that the Board may impose for a violation of the act or Board regulations is \$1,000. To provide a significant deterrence against failing to complete continuing education in a timely manner, the Board concluded that this maximum amount is an appropriate civil penalty for a licensee who completes none of the required continuing education. Those whose deficiency is less should be assessed a proportionately lesser civil penalty. Because 24 hours of continuing education are required, the Board calculated that the scheduled civil penalty should be \$1,000 divided by 24 hours, rounded up to \$50 per hour. Similarly, the Board concluded that a licensee who practices for most of a renewal cycle on a lapsed license should also be levied the maximum civil penalty of \$1,000, with lesser periods of lapsed license practice being assessed a proportionately lesser civil penalty. These scheduled civil penalties are consistent with those historically imposed by the Board.

Because when published as proposed the Board intended to renew the license of a licensee who had not completed the required amount of continuing education subject to imposition of a civil penalty by means of a citation and the obligation to make up the deficiency within 6 months, the HPLC also requested an explanation for the jeopardy of a licensee who has not completed continuing education having to certify on the biennial renewal form that the licensee has complied with the mandatory continuing education requirements. Similarly, the HPLC asked how the Board will monitor the grace period during which a licensee shall make up a deficiency in continuing education. The Board chose to abandon this method of enforcement. Instead, the Board will continue the current practice under which a licensee shall verify that the licensee has complied with the continuing education requirements. If the licensee does not verify completion, the Board will not renew the license and without license renewal, there is not a grace period to monitor. However, as past audits have demonstrated, some licensees who have verified compliance may not have actually completed the required amount of continuing education. These licensees will be subject to citation and the obligation to cure the deficiency within 6 months of issuance of the citation. Because legal proceedings have begun, the legal office will track cited licensees for submission of proof of completion of the required amount of continuing education.

The HPLC next requested an explanation for choosing not to include on the schedule a second offense of practice on a lapsed license in compliance with continuing education and professional liability insurance requirements. The Board chose to retain formal action as the means to address these repeat offenders who should have learned from the experience of the first Act 48 citation to renew the license timely or cease practice. The Board notes that the State Board of Barber Examiners (§ 43b.4), the State Board of Cosmetology (§ 43b.5), the State Board of Funeral Directors (§ 43b.6), the State Real Estate Commission (§ 43b.8), the State Board of Accountancy (§ 43b.10), the State Registration Board for Professional Engineers, Land Surveyors and Geologists (§ 43b.13a), the State Board of Dentistry (§ 43b.14a), the State Board of Certified Real Estate Appraisers (§ 43b.15), the State Board of Examiners in Speech-Language and Hearing (§ 43b.16), the State Board of Examiners of Nursing Home Administrators (§ 43b.17) and the State Board of Nursing (§ 43b.18a) all provide for formal action for a second offense violation of practice on a lapsed license.

The State Board of Auctioneer Examiners (§ 43b.12a) first provides for formal action for a third offense violation of practice on a lapsed license. The State Board of Pharmacy (§§ 43b.7 and 43b.7a), the State Architects Licensure Board (§ 43b.11a), the State Board of Occupational Therapy Education and Licensure (§ 43b.19) and the State Board of Veterinary Medicine (§ 43b.21) include practice on a lapsed license in their schedules of civil penalties but do not distinguish among first or any subsequent offenses. No other licensing board within the Bureau provides for an Act 48 citation for a second lapsed license practice offense. The State Board of Vehicle Manufacturers, Dealers and Salespersons (§ 43b.9) and the State Board of Medicine (§ 43b.20) do not include practice on a lapsed license on their schedules of civil penalties, therefore, even first offenses are subject to formal action.

IRRC shared the concerns expressed by the HPLC as previously described.

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have adverse fiscal impact on the Commonwealth, its political subdivisions or the private sector. The final-form rulemaking will not impose additional paperwork requirements upon the Commonwealth, its political subdivisions or the private sector.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Statutory Authority

This rulemaking is authorized by section 5(a) of Act 48 (63 P. S. § 2205(a)).

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 11, 2009, the Board submitted a copy of the notice of proposed rulemaking, published at 39 Pa.B. 5580, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

On September 3, 2010, the Board delivered final-form rulemaking to IRRC, the HPLC and the SCP/PLC. Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on September 21, 2010, the final-form rulemaking was approved by the HPLC. On October 6, 2010, the final-form rulemaking was deemed approved by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on October 7, 2010, and disapproved the final-form rulemaking.

The Board did not revise the final-form rulemaking in response to IRRC's disapproval. The Board redelivered the final-form rulemaking, together with the supporting report required by section 7(b) of the Regulatory Review Act (71 P. S. § 745.7(b)), to IRRC, the HPLC and the SCP/PLC on November 24, 2010.

Under section 7(d) of the Regulatory Review Act, on March 1, 2011, the final-form rulemaking was approved by the HPLC and the SCP/PLC. Under section 7(c.1) of the Regulatory Review Act, IRRC met on December 16, 2010, and approved the final-form rulemaking.

Additional Information

Persons who require additional information about the final-form rulemaking should submit inquiries to Regulatory Unit Counsel, Department of State, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-7200, st-chiro@state.pa.us.

Findings

The Commissioner finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) and regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) The final-form rulemaking adopted by this order is necessary and appropriate for the administration of the act.

Order

The Commissioner, acting under Act 48, orders that:

(a) The regulations of the Commissioner, 49 Pa. Code Chapter 43b, are amended by adding § 43b.22 to read as set forth in Annex A.

(b) The Bureau shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Bureau shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The final-form rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

STATE CONSERVATION COMMISSION**NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs**

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board. Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.

**PUBLIC WATER SUPPLY (PWS)
PERMITS**

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remedia-

tion and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Per-

mit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

36-03172A: Trinity Alloys, Inc. (950 Square Street, Mt. Joy, PA 17552) for installation of a secondary aluminum sweat furnace at their Trinity Alloys, Inc. facility in Mt. Joy Borough, **Lancaster County**.

In accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to the abovementioned company for the abovementioned project. This plan approval may be incorporated into the company's facility-wide permit via an administrative amendment at a later date.

Plan Approval #36-03172A is for the installation of one (1) 3,000 pound per hour US Furnace Model MAX 4000 sweat furnace. The furnace will be controlled by an afterburner. Both the furnace and afterburner will use natural gas or waste derived liquid fuel. The company shall be subject to and comply with 25 Pa. Code 123.13 for particulate matter and 25 Pa. Code 123.21 for sulfur dioxide emissions. The sweat furnace is also subject to 40 CFR 63, Subpart RRR—National Emission Standards for Hazardous Air Pollutants for Secondary Aluminum Production. The facility complies with BAT since the sweat furnace meets the minimum afterburner temperature of 1600oF and the minimum residence time of 0.8 seconds per 40CFR 63 subpart RRR. The Plan Approval and Operating permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements. The expected actual air emissions from the proposed project are 5.15 tpy of PM10, 2.21 tpy of NOx, 7.12 tpy of SOx, 1.31 tpy of CO, 0.12 tpy of VOC, and 0.008 tpy of lead. Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed plan approval, or may provide the Department with additional information to consider in its review, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

Thomas Hanlon, East Permitting Section Chief, may be contacted at 717-705-4862, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

Plan approvals issued to sources identified in 25 Pa. Code Section 127.44(b)(1)–(4) or plan approvals issued to sources with limitations on the potential to emit may become part of the SIP, and will be submitted to EPA for review and approval.

06-05040B: East Penn Manufacturing Co. (Deka Road, P. O. Box 147, Lyon Station, PA 19536) for construction of a smelter annex with various equipment installed to expand manufacturing capacity at the their Lyon Station Plant in Richmond Township, **Berks County**.

In accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to the abovementioned company for the abovementioned project. This plan approval may be incorporated into the company's facility-wide permit via an administrative amendment at a later date.

Plan Approval 06-05040B is to increase production at their plant. The company shall be subject to and comply with 40 CFR Part 60 Subpart KK, 40 CFR Part 63 Subpart M and Best Available Technology (BAT). The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements. The project will not trigger PSD or NSR requirements. The potential increase in air emissions from the proposed project are 7 tpy of particulate matter and a 0.7 tpy of lead.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed plan approval, or may provide the Department with additional information to consider in its review, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests, or for requests for a public hearing. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received.

Thomas Hanlon, East Permitting Section Chief, may be contacted at 717-705-4862, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments, protests, or requests for a public hearing.

Plan approvals issued to sources identified in 25 Pa. Code Section 127.44(b)(1)–(4) or plan approvals issued to sources with limitations on the potential to emit may become part of the SIP, and will be submitted to EPA for review and approval.

47-00001E: PPL Montour, LLC (PO Box 128, Washingtonville, PA 17884-0128) for revisions to include an increase in the visible emissions limitation for the proposed boiler and detailed opacity monitoring during dual-boiler operation. The proposed boiler is a 249.9 MMBtu/hr (heat input), distillate oil-fired auxiliary boiler used for start-up of Units 1 and 2 at their Montour Steam Electric Station in Derry Township, **Montour County**. The respective facility is defined as a major facility by Section 302(j) of the Clean Air Act and is currently operating under Title V Operating Permit 47-00001. The Department's review of the information indicates that the construction of the auxiliary boiler will comply with all applicable air quality regulatory requirements. Based on these findings, the Department intends to issue a revised plan approval to include the changes above. Additionally, if the Department determines that the auxiliary boiler is operating in compliance with all plan approval conditions, the conditions established in the revised plan approval will be incorporated into Title V Operating Permit 47-00001 via an administrative amendment pursuant to 25 Pa. Code Sections 127.450.

All applicable regulatory requirements relating to fugitive, visible, and malodorous emissions standards and additional requirements regarding malfunctions, testing, monitoring, recordkeeping, and reporting have been included in the proposed plan approval. Additionally, the following is the list of conditions that the Department has revised or added in this plan approval from the previous plan approval.

1. (Revised Condition #002) [Compliance with this streamlined permit condition will assure compliance with the provisions specified in 40 CFR 60.43b(f)] [Additional authority for part (a) of this permit condition is also derived from 25 Pa. Code Sections 127.1 and 127.12] [Additional authority for part (b) of this permit condition is also derived from 25 Pa. Code Section 123.41]

(a) Except during periods of start-up and shutdown, the permittee shall not permit the emission of visible air contaminants into the atmosphere from Source ID 033A in such a manner that the opacity of the emission is equal to or greater than 15% by using EPA reference Method 9 in appendix A-4 of 40 CFR Part 60.

(b) The permittee shall not permit the emission of visible air contaminants into the atmosphere from Source

ID 033A in such a manner that the opacity of the emission is equal to or greater than the following limitations:

(i) 20% for a period or periods aggregating more than 3 minutes in any 1 hour.

(ii) 60% at any time.

2. (Revised Condition #006) At least 60 days prior to the performance of any testing required herein, the permittee shall submit two (2) copies of a pretest protocol to the Department for review in accordance with the provisions of 25 Pa. Code Chapter 139. The protocol shall describe the test methods and procedure to be used in the performance of testing, and shall include dimensioned sketches of the exhaust system showing the locations of all proposed sampling ports. The protocol shall also describe how the process rate and heat input will be determined during each test run, and also identify all other process data which will be monitored and recorded during testing including the percentage of oxygen in the flue gas, and any other process data using the continuous system for monitoring NOx required by 40 CFR Section 60.48(b). Additionally, the operational parameters for excess oxygen, atomizing steam pressure and flue gas temperature (after the economizer) of Source ID 033A shall be monitored and recorded during testing. The frequency of recording the process data and operational parameters shall also be proposed in the pretest protocol.

(b) The Department shall be given at least 15 days advance notice of the scheduled dates for the performance of any testing required herein. The Department is under no obligation to accept the results of any testing performed without receipt of proper notification.

(c) Within 60 days of the completion of any stack testing required herein, two (2) copies of a test report shall be submitted to the Department in accordance with the provision of 25 Pa. Code Chapter 139. This test report shall contain the results of the testing, a description of the test methods and procedures actually used in the performance of the tests, copies of all process data collected during the testing, copies of all raw test data and copies of all calculations generated during data analysis. The results of the testing shall be expressed in units which allow for a direct comparison and determination of compliance, with the air contaminant emissions limitations contained herein. The permittee shall propose process data ranges that will assure Source ID 033A is not exceeding the NOx emissions limitations herein. With a data analysis and engineering assessment as justification, the operating parameter ranges for excess oxygen, atomizing steam pressure and flue gas temperature (after the economizer) of Source ID 033A shall be included in the stack test report. The operating parameter ranges established in the monitoring plan, as approved by the Department, will determine if any opacity in excess of the limitations contained in Condition #002, above, is attributed to Source ID 033A, as specified in Condition #011 below.

3. (Revised Condition #008) [Additional authority for this permit condition is derived from the provisions specified in paragraph 40 CFR Section 60.48b(a)]

(a) Within 180 days from the date Source ID 033A commenced operation, the permittee shall conduct a performance test using Method 9 in appendix A-4 of 40 CFR Part 60 and the procedures in § 60.11 to demonstrate compliance with the visible emissions limit specified herein and shall comply with either paragraphs (a)(1) of this condition or Condition #010 below, as applicable. If

during the initial 60 minutes of observation all 6-minute averages are less than 10 percent and all individual 15-second observations are less than or equal to 20 percent, the observation period may be reduced from 3 hours to 60 minutes.

(1) Except as provided in Condition #010 below, the permittee shall conduct subsequent Method 9 performance tests using the procedures in paragraph (a) of this condition according to the applicable schedule requirements specified in paragraphs (a)(1)(i) through (a)(1)(iv) of this condition, as determined by the most recent Method 9 performance test results.

(i) If no visible emissions are observed, a subsequent Method 9 performance test must be completed within 12 calendar months from the date that the most recent performance test was conducted;

(ii) If visible emissions are observed but the maximum 6-minute average opacity is less than or equal to 5 percent, a subsequent Method 9 performance test must be completed within 6 calendar months from the date that the most recent performance test was conducted;

(iii) If the maximum 6-minute average opacity is greater than 5 percent but less than or equal to 10 percent, a subsequent Method 9 performance test must be completed within 3 calendar months from the date that the most recent performance test was conducted; or

(iv) If the maximum 6-minute average opacity is greater than 10 percent, a subsequent Method 9 performance test must be completed within 30 calendar days from the date that the most recent performance test was conducted. If the subsequent Method 9 performance test cannot be completed within such timeframe, the permittee shall notify the Department, shall conduct the subsequent Method 9 performance test at the next available calendar date, and shall notify the Department of the date that such testing was completed.

4. (Revised Condition #010) [Additional authority for this permit condition is also derived from the provisions specified in 40 CFR Sections 60.48b(a)(2) and (a)(3)]

(a) If the maximum 6-minute opacity is less than 10 percent during the most recent Method 9 performance test, the permittee may, as an alternative to performing subsequent Method 9 performance tests, elect to perform subsequent monitoring using Method 22 in appendix A-7 of 40 CFR Part 60 according to the procedures specified in paragraphs (a)(1) and (a)(2) of this condition.

(1) The permittee shall conduct 10 minute observations (during normal operation) each operating day using Method 22 and demonstrate that the sum of the occurrences of any visible emissions is not in excess of 5 percent of the observation period (i.e., 30 seconds per 10 minute period). If the sum of the occurrence of any visible emissions is greater than 30 seconds during the initial 10 minute observation, immediately conduct a 30 minute observation. If the sum of the occurrence of visible emissions is greater than 5 percent of the observation period (i.e., 90 seconds per 30 minute period) the permittee shall either document and adjust the operation of the facility and demonstrate within 24 hours that the sum of the occurrence of visible emissions is equal to or less than 5 percent during a 30 minute observation (i.e., 90 seconds) or conduct a new Method 9 performance test using the procedures specified in 40 CFR Section 60.48b(a) within 45 calendar days according to the requirements in 40 CFR Section 60.46d(d)(7). If the new Method 9 performance test cannot be completed within such timeframe, the permittee shall notify the Department, shall conduct

the new Method 9 performance test at the next available calendar date, and shall notify the Department of the date that such testing was completed.

(2) If no visible emissions are observed for 30 operating days, observations can be reduced to once every 7 operating days during which an opacity standard is applicable. If any visible emissions are observed, daily observations shall be resumed.

(b) If the maximum 6-minute opacity is less than 10 percent during the most recent Method 9 performance test, the permittee may, as an alternative to performing subsequent Method 9 performance tests, elect to perform subsequent monitoring using a digital opacity compliance system according to a site-specific monitoring plan approved by the Department or the Administrator. The observations shall be similar, but not necessarily identical, to the requirements specified in (a) of this condition. For reference purposes in preparing the monitoring plan, see OAQPS "Determination of Visible Emission Opacity from Stationary Sources Using Computer-Based Photographic Analysis Systems." This document is available from the U.S. Environmental Protection Agency (U.S. EPA); Office of Air Quality and Planning Standards; Sector Policies and Programs Division; Measurement Policy Group (D243-02), Research Triangle Park, NC 27711. This document is also available on the Technology Transfer Network (TTN) under Emission Measurement Center Preliminary Methods.

5. (New Condition #011) (a) The visible emissions from Source ID 033A are determined by:

(1) The provisions specified in 25 Pa. Code Section 123.43.

(2) During operation, continuously monitoring the excess oxygen, atomizing steam pressure and flue gas temperature (after the economizer) of Source ID 033A.

(b) When Source ID 033A and Source ID 034 of Title V Operating Permit 47-00001 simultaneously exhaust through the common stack, the following applies:

(1) Opacity determined to be in excess of the limit specified in Condition #002(a), above, is attributed to Source ID 033A and Source ID 034 if the operating parameters monitored in item (a)(2) of this condition fall outside the respective operating parameter ranges established in the monitoring plan, as approved by the Department, for either excess oxygen or atomizing steam pressure.

(2) Opacity determined to be in excess of the limit specified in Condition #002(a), above, is attributed to Source ID 034 if the operating parameters monitored in item (a)(2) of this condition are within the respective operating parameter ranges established in the monitoring plan, as approved by the Department, for excess oxygen and atomizing steam pressure.

(3) Opacity determined to be in excess of the limits specified in Condition #002(b), above, is attributed to Source ID 034 if the operating parameters monitored in item (a)(2) of this condition are within the respective operating parameter ranges established in the monitoring plan, as approved by the Department, for excess oxygen and atomizing steam pressure.

(4) Opacity determined to be in excess of the limits specified in Condition #002(b), above, is attributed to Source ID 033A and Source ID 034 if the operating parameters monitored in item (a)(2) of this condition fall outside the respective operating parameter ranges estab-

lished in the monitoring plan, as approved by the Department, for either excess oxygen or atomizing steam pressure.

A copy of the plan approval application and the Department's review are available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at 570-327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Environmental Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-3648.

08-00042A: Northeast Bradford School District (RR1 Box 211B Rome, PA 18837) for construction of an 8.5 million BTU per hour Burnham model 4N 1323 biomass fired boiler at the Rome educational complex located in Orwell Township, **Bradford County**. The proposed boiler's emissions will be controlled by a Clarage model MTSA-12-9CYT-A-NRV-STD multi-clone collector. The proposed boiler will be used to provide heat and hot water to the educational complex.

The Department's review of the information contained in the application submitted by the Northeast Bradford School District indicates that the boiler and the air-cleaning devices will comply with all applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the fugitive air contaminant emission requirement of 25 Pa. Code Section 123.1, the particulate matter emission limitation of 25 Pa. Code Section 123.11, the sulfur oxides emission limitation of 25 Pa. Code Section 123.22, the visible emission limitation of 25 Pa. Code Section 123.41, and the NESHAP for Industrial-Commercial-Institutional Boilers and Process Heaters, 40 CFR Part 63 Subpart JJJJJJ. The plan approval, if issued, will subsequently be incorporated in an operating permit via an administrative amendment in accordance with 25 Pa. Code Section 127.450 at a later date.

Based upon this finding, the Department proposes to issue a plan approval for the construction of the biomass boiler and associated air cleaning device. The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, Source ID 031 is an 8.5 million BTU per hour Burnham model 4N 1323 boiler. The particulate matter emissions from which shall be controlled by Clarage model MTSA-12-9CYT-A-NRV-STD multi-clone collector (ID C031).

2. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the particulate matter emissions, including particulate matter less than 10 microns in diameter (PM10) and particulate matter less than 2.5 microns in diameter (PM 2.5) from control device ID C031 associated with Source ID 031 shall not exceed 0.20 pounds per million BTU of heat input and 7.45 tons in any 12 consecutive month period.

3. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the nitrogen oxide and carbon monoxide emissions from Source ID 031 shall not exceed 0.25 lbs/MMBTU and 0.16 lbs/MMBTU respectively. Additionally the nitrogen oxide

and carbon monoxide emissions from Source ID 031 shall not exceed 9.31 tons in any 12 consecutive month period and 5.96 tons in any 12 consecutive month period, respectively.

4. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the sulfur oxide and VOC emissions from Source ID 031 shall not exceed 0.025 lbs/MMBTU and 0.02 lbs/MMBTU respectively. Additionally, the sulfur oxide and VOC emissions from Source ID 041 shall not exceed 0.93 tons in any 12 consecutive month period and 0.74 tons in any 12 consecutive month period, respectively.

5. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the visible emissions from the exhaust associated with Source ID 031 shall not exceed 10% during normal operation of the Source ID 031.

6. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the boiler shall be fired on virgin wood chips. No coated or treated wood, laminated wood, particleboard, flakeboard or materials other than virgin wood chips shall be burned in this boiler. During startup, paper may be used to aid in the ignition of the boiler.

7. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the multi-clone collector (ID C031) shall be equipped with instrumentation to measure the pressure drop across the collector on a continuous basis.

8. Pursuant to the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the multi-clone collector ash discharge system shall remain sealed from the open air at all times except when changing fly ash disposal drums. Additionally, the level of accumulated ash in the fly ash disposal drum shall be checked daily and the drum shall be emptied prior to becoming full.

9. Upon Department request, the permittee shall, provide analyses or samples of the wood burned in Source ID 031.

10. Within 180 days of start-up of Source ID 031, the company shall perform stack tests for particulate matter, NOx and CO emissions using EPA methods acceptable to the Department while Source ID 031 is operated at its maximum rate in order to verify compliance with the limits established in the plan approval. Opacity from Source ID 031 shall also be measured by a certified reader during the stack tests.

11. The permittee shall conduct a biennial tune-up of Source ID 031 as required by 40 CR Part 63 Section 63.11223.

12. Source ID 031 is subject to 40 CFR Part 63 Subpart JJJJJJ of the National Emissions Standards for Hazardous Air Pollutants, and shall comply with all applicable requirements of this subpart, including monitoring, recordkeeping and reporting.

A copy of the plan approval application is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at 570-327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Air Quality Program Manager, Department of Environmental Protection, Air Quality Program,

26-00590: Carlisle Construction Materials (PO Box 7000, Carlisle, PA 17013) for installation and initial temporary operation of an Insulfoam expanded polystyrene block molded product line at their Hunter Panels LLC facility off of Summit View Drive in the Fayette Industrial Park, Georges Township, **Fayette County**.

In accordance with 25 Pa. Code §§ 127.44—127.46 the Department of Environmental Protection (DEP) intends to issue Air Quality Plan Approval No. 26-00590 to Carlisle Construction Materials to allow the installation and initial temporary operation of an Insulfoam expanded polystyrene block molded product line at the Hunter Panels LLC facility located off of Summit View Drive in the Fayette Industrial Park, Georges Township, Fayette County. The proposed system will include collection and control of emissions of pentane released during the manufacturing process from the pre-expansion and molding process; a permanent total enclosure with capture from the bead aging process; and destruction of captured emissions via a regenerative thermal oxidizer. Emissions that escape the collection system as well as those from product storage areas will be emitted as fugitive emissions.

Annual potential emissions from the project are estimated to be 49.3 tons of volatile organic compounds (VOC), 5.5 tons of hazardous air pollutants (HAP), 3.5 tons of carbon monoxide (CO), 4.2 tons of nitrogen oxides (NOx), less than 1.0 ton of particulate matter (PM), and less than 1.0 ton of sulfur dioxide (SOx). Hunter Panels, LLC as a subsidiary (which is shared ownership with Insulfoam) of the parent corporation Carlisle Construction Materials. Neither the Hunter Panels, LLC facility nor the proposed project by Carlisle Construction Materials is major by itself. This review has been conducted considering Carlisle Construction Materials and Hunter Panels, LLC as a single facility as defined by Title 25 Pa. Code Section 121.1 and as a result of the proposed project the facility will become major for Title V purposes. The project does not trigger the requirements of 25 Pa. Code Subchapters D or E. The Plan Approval has been conditioned to ensure compliance with all applicable regulatory requirements and will include federally enforceable emission limitations on allowable, visible, fugitive, and malodorous emissions, as well as, requirements for stack testing, monitoring, proper maintenance, record keeping, and emission reporting. Once compliance with the Plan Approval is demonstrated, the applicant will subsequently apply for a Title V Operating Permit in accordance with Title 25 PA Code Subchapter G.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to: Mark Grog, Pennsylvania Department of Environmental Protection, Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA, 15222. Each written comment must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed Plan Approval (PA-26-00590).

Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

All comments must be received prior to the close of business 30 days after the date of this publication. For additional information you may contact Mark Gorog at 412-442-4150.

The public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the State Only operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate Best Available Technology for the source:

- Subject to 25 Pa. Code §§ 123.13 and 123.21.
- All recordkeeping shall commence upon startup of the source/control device. All records shall be kept for a period of five (5) years and shall be made available to the Department upon request.
- The permittee shall maintain a record of all preventive maintenance inspections of the source including the semi-annual burner tuneup. The records of the maintenance inspections shall include, at a minimum, the dates of the inspections, the name of the person performing the inspection, any problems or defects identified, any actions taken to correct the problems or defects, and any routine maintenance performed.
- The permittee shall record the following from the operational inspection of the source (these records may be done with strip charts recorders, data acquisition systems, or manual log entries):
 - Operational inspection performed—daily
 - The permittee shall perform a daily operational inspection of the source.
 - The permittee shall inspect and tune the burners twice a year.
 - The permittee shall maintain and operate the source in accordance with the manufacturer's specifications and in accordance with good air pollution control practices.

220,000 BTU/hr; one (1) diesel exhaust catalyst regeneration unit firing natural gas rated at 500,000 BTU/hr; two (2) engine dynamos; and plasma cutting operations in the City of Philadelphia, **Philadelphia County**. NO_x and VOC emissions from the facility are each limited to less than 25 tons per rolling 12 month period. Hazardous Air Pollutants (HAPs) from the facility are limited to 10 tons per rolling 12-month period of any individual HAP emissions and less than 25 tons per rolling 12-month period for any combination of HAP emissions. After the installation, there will be a potential emission increase of 2.6 tpy of CO and a potential increase of 4.5 tpy of PM. The Plan Approval will contain operating, monitoring, testing, recordkeeping, and reporting requirements to ensure operation within all applicable requirements.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the abovementioned facility.

The subject facility has actual emissions of 48.2 tpy of CO, 23.6 tpy NO_x, 32.3 tpy PM₁₀, 12.5 tpy PM_{2.5}, 26.5 tpy SO_x, 28.7 tpy VOC, 10.6 tpy combined HAPs, and 4.6 tpy of a single HAP (hydrochloric acid). The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR 60, Subpart WWW—Standards of Performance for Municipal Solid Waste Landfills & 40 CFR 63 Subpart AAAA—National Emission Standards for Hazardous Air Pollutants: Municipal Solid Waste Landfills.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

15-00138: Aqua Pennsylvania, Inc. (762 West Lancaster Avenue, Bryn Mawr, PA 19010) for operation of seven (7) units of diesel-fired emergency generators and one (1) unit of natural gas-fired boiler at their Pickering Water Treatment Plants in Schuylkill Township, **Chester County**. Nitrogen Oxide emissions (NO_x) are the main air pollutants produced by consumption of fuels. The facility took operating hour limitations for the generators and the potential-to-emit of Nitrogen Oxides is less than 25 tons per year; therefore, the facility is a non-Title V (State-only) facility. The proposed operating permit contains monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

This is a renewal of their State-Only Operating Permit issued in 2005.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the abovementioned facility.

The subject facility has actual emissions of 0.85 tpy of CO, 0.25 tpy NO_x, 0.06 tpy PM₁₀, 0.19 tpy SO_x, & 0.02 tpy VOC. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR 60, Subpart I—Standards of Performance for Hot Mix Asphalt Facilities.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

32-00203: Sharp Paving, Inc.—Shelocta Asphalt Plant (7425 Route 422 Hwy, Shelocta, PA 15774) for operation of a hot mix batch asphalt facility located in Armstrong Township, **Indiana County**.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the above mentioned facility.

The subject facility consists of one hot mix batch asphalt plants rated at 80 tons per hour. The batch plant is limited to 495,000 tons production in any consecutive 12-month period. The facility has the potential to emit: 99.0 tpy CO; 6.19 tpy NO_x; 1.14 tpy SO_x; 3.71 tpy VOC; 1.88 tpy HAP; and 7.71 tpy PM. The facility is required to conduct annual burner tune up tests and daily survey of the facility to ensure compliance with the operating permit limitations. The proposed authorization is subject to State and Federal Regulations (40 CFR Part 60, Subpart I). The permit includes operation requirements, monitoring requirements, and recordkeeping requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Sheila Shaffer Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Written comments must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed Operating Permit (32-00203).

Concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

All comments must be received prior to the close of business 30 days after the date of this publication. This is a state only renewal submittal.

65-00800: Columbia Gas Transmission (1700 MacCorkle Ave SE, PO Box 1273, Charleston, WV 25325) on May 17, 2011, for renewal of its State Only Operating Permit for the Delmont Compressor Station in Salem Township, **Westmoreland County**. This is a state only renewal submittal.

25-00456: United Brass Works Inc.—Keystone Foundry Division (944 W 12th Street, Erie, PA 16501-1515) for issuance of a Natural Minor Operating Permit to operate a non-ferrous foundry operation, in the City of Erie, **Erie County**. The facility's primary emission sources include five (5) Electric Induction Furnaces, Molding Operations, and Grinding Operations. The emissions of criteria pollutants from this facility are below major source levels.

61-00187: SMS Millcraft LLC—Oil City (671 Colbert Avenue, Oil City, PA 16301-2288) for reissuance of a Natural Minor Permit to operate an electroplating, polishing, anodizing, and coloring facility in Oil City, **Venango County**. The significant sources are Boiler 1, hard Chrome electroplating dip tank, Copper electroplating dip tanks, Nickel electroplating stations, HVOF powder coat system, multiple space heaters, paint booth, four degreasers and plastic powder coat oven, thermal spray booths (2) and polishing booth. The emissions of pollutants from the facility are less than Title V threshold limits. Thus, the facility became natural minor.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104

Contact: Edward Wiener, Chief—Telephone: 215-685-9426

N11-009: Delaware Valley Recycling, Inc. (3107 South 61st Street, Philadelphia, PA 19153) for operation of a facility that processes and recycles construction/demolition waste materials in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include hoppers, screens, feeders, conveyors, one (1) hooper, three (3) crushers, one (1) recycler, and one (1) waste recycler with a 1000 horsepower diesel engine.

The operating permit will be reissued under the Pennsylvania Code Title 25, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest or comments on the above operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty days before the hearing.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on

a mining permit application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as

provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Coal Applications Received

Effluent Limits—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l
pH ¹		greater than 6.0; less than 9.0	
Alkalinity greater than acidity ¹			

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

30753712 and NPDES No. PA0215724, Emerald Coal Resources, LP, (158 Portal Road, P. O. Box 1020, Waynesburg, PA 15370), to renew the permit for the Emerald Mine No. 1—Coal Refuse Disposal Facility No. 1 in Franklin Township, **Green County** and related NPDES permit. No additional discharges. Application received: June 11, 2010.

30841312, Consolidation Coal Company, (1 Bridge Street, Monongah, WV 26554), to revise the permit for the Blacksville Mine No. 2 in Wayne Township, **Greene County**, ACOE Pittsburgh. Holbrook, PA Quadrangle, from N: 4.56 inches; W: 2.58 inches to N: 4.90 inches; W: 2.27 inches. This is a Chapter 105 Water Obstruction and Encroachment permit application (Stream Module 15), and 401 Water Quality Certification request, if applicable, submitted as part of the mining permit revision application to authorize the stream restoration for stream flow loss resulting from longwall mining to one area of Bells Run. Written comments or objections on the request for Section 401 Water Quality Certification or to the issuance of the Water Obstruction and Encroachment Permit, (Stream Module 15) may be submitted to the Department within 30 days of the date of this notice to the District Mining Office identified above. Comments should contain the name, address and telephone number

of the person commenting, identification of the request for 401 Water Quality Certification and Chapter 105 permit application, (Stream Module 15) to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including relevant facts upon which they are based. The Water Obstruction and Encroachment permit application is available for review at the California District Mining Office, by appointment, at the address listed above. Application received: November 18, 2010.

32841302 and NPDES No. PA0007803, Pennsylvania Mines, LLC, (2 North 9th Street, Allentown, PA 18101), to renew the permit for the Greenwich North #1/South #2 Mine in Green and Montgomery Township, Indiana County and Susquehanna Township, **Cambria County** and related NPDES permit for reclamation only. Receiving stream: South Branch Two Lick Creek, classified for the following use: HQ-CWF. Application received: December 17, 2010.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

11110101 and NPDES No. PA0263141. KB Coal, Inc., 158 Account Lane, Hastings, PA 16646, commencement, operation and restoration of a bituminous surface mine in Clearfield Township, **Cambria County**, affecting 28.0 acres. Receiving stream(s): UNTs to Clearfield Creek classified for the following use(s): cold water fishery. There are no potable water supply intakes within 10 miles downstream. The application includes stream encroachments within the barrier areas of Indian Run and unnamed tributaries to Indian Run Nos. 1 & 4. An encroachment is requested on Indian Run. The variance area is located at the point where the existing access road crosses Indian Run. The encroachment is requested for the purpose of using an existing road crossing over Indian

Run. An encroachment is requested on unnamed tributaries to Indian Run Nos. 1 & 4. The encroachment begins at a point between the two streams and extends south between the streams a distance of approximately 420 feet to an existing crossing over Unnamed Tributary to Indian Run No. 4. It then continues an additional 150 feet south of the crossing along the east side of Unnamed Tributary to Indian Run No. 1. The encroachment is requested for the purpose of using an existing road which falls within 100 feet of both streams, as well as an existing road crossing over Unnamed Tributary to Indian Run No. 4. Application received: January 18, 2011.

Renewal application for continued operation to an existing surface mine, located in South Park and Union Townships, **Allegheny** and **Washington Counties**, affecting 103.4 acres. Receiving stream: unnamed tributary to Peters Creek, classified for the following use: TSF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Renewal application received: May 16, 2011.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118

54851603R5 and NPDES Permit No. PA0592897. Carbon & Metal Technologies, LLC, (P. O. Box 100, Spring Glen, PA 17978), renewal of an existing anthracite coal preparation plant operation and NPDES Permit for discharge of treated mine drainage in Hubley Township, **Schuylkill County** affecting 23.6 acres, receiving stream: Pine Creek, classified for the following use: cold water fishes. Application received: May 9, 2011.

49110101. Joseph E. Shingara, (270 Grivley Road, Herndon, PA 17830), commencement, operation and restoration of an anthracite surface mine operation in West Cameron Township, **Northumberland County** affecting 80.0 acres, receiving stream: Mahanoy Creek, classified for the following uses: warm water fishes and cold water fishes. Application received: May 9, 2011.

40850201T. Hazleton Shaft Corporation, (P. O. Box 435 Hazleton, PA 18201), transfer of an existing anthracite coal refuse reprocessing operation in Hazle Township, **Luzerne County** affecting 180.67 acres, receiving stream: Catawissa Creek, classified for the following uses: cold water and migratory fishes. Application received: May 11, 2011.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

7574SM5 and NPDES Permit No. PA0613711. Pennsy Supply, Inc., P. O. Box 3331, Harrisburg, PA 17105, renewal of NPDES Permit, Dickinson Township, **Cumberland County**. Receiving stream(s): unnamed tributary to Yellow Breeches Creek classified for the following use(s): high quality cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: May 6, 2011.

05960302 and NPDES Permit No. PA0234214, New Enterprise Stone & Lime Company, Inc., P. O. Box 77, New Enterprise, PA 16664, renewal of NPDES Permit, Snake Spring Township, **Bedford County**. Receiving stream(s): Cove Creek classified for the following use(s): EV. There are no potable water supply intakes within 10 miles downstream. NPDES renewal application received: May 12, 2011.

Creek, classified for the following use: cold water fishes and migratory fishes. Application received: May 10, 2011.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act(33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapters 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*		greater than 6.0; less than 9.0	
pH*			

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth. More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public

notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public

hearing in the final determination on the NPDES permit application.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southcentral Region: Watershed Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Telephone: 717-705-4707.

E07-434: Hollidaysburg Sewer Authority Wastewater Treatment Plant Upgrades, 2681 Reservoir Road, Frankstown Township, **Blair County**, ACOE Baltimore District

To construct and maintain a new sludge management building, two (2) digester tanks, a grit building with pump pits, parking lot, and a detention pond, along with associated grading and piping including 24.0-inch DIP sewerline, 12.0-inch PVC sewerline, 8.0-inch PVC sewerline, two (2) 6-inch DIP waterlines, 4.0-inch DIP waterline, and four (4) manholes. All impacts are located within the 100-yr floodway and floodplain of Frankstown Branch Juniata River (WWF, MF) and will permanently impact 2.34 acres of the 100-year floodway and 0.13 acre of floodplain. The purpose of the project is to improve the existing Hollidaysburg Sewer Authority Wastewater Treatment Plant. The project is located at 2681 Reservoir Road, Frankstown Township, Blair County (Harrisburg West, PA Quadrangle N: 10.0 inches, W: 15.13 inches; Latitude: 40° 25' 48", Longitude: -78° 21' 32").

E56-359. PA DOT Engineering District 9-0, 1620 North Juniata Street, Hollidaysburg, PA 16648. To remove the existing 28' wide, 159' long, two span, SR 4021 bridge with a 90 degree skew and to construct and maintain a new 29.5' wide, 153.1' long, three span bridge with minimum 10' underclearance over Stony Creek (TSF); to construct and maintain associated outfalls; and construct temporary causeways. The new bridge is located 22 upstream of the existing bridge with a pier skew change to 80 degrees to better align with stream flow. (Hooversville Pa Quadrangle; N: 4.5 inches; W: 5.25 inches; Latitude 40° 9' 00"; Longitude 78° 54' 47") Hooversville Borough, **Somerset County**.

E63-633. Mike Frazier, 567 McLane Farms Road, Washington, PA 15301. To impact approximately 200 ft of stream in Canonsburg Borough, Washington County, Pittsburgh ACOE District. (Canonsburg, PA Quadrangle: N: 1.7 inches, W: 10 inches; Latitude: 40° 15' 32"; Longitude: 80° 11' 49"). The applicant proposed to operate and maintain placement of fill for a length of approximately 250 ft. within the floodway of an unnamed tributary of Chartiers Creek (WWF) for a residential development. The fill was placed without a permit and is located at the intersection of Bluff Street and West College Street.

ACTIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Public Notice of Proposed Consent Order and Agreement and Consent Assessments of Civil Penalty

Ivy Industrial Park Scott, Abington, North Abington and South Abington Townships, Lackawanna County

Pursuant to Section 1113 of the Pennsylvania Hazardous Sites Cleanup Act, Act of October 18, 1988, P. L. 756, No. 108, 35 P. S. 35 P. S. §§ 6020.101—6020.1305 ("HSCA"), notice is hereby provided that the Pennsylvania Department of Environmental Protection ("Department") has agreed to enter into settlements in the form of a Consent Order and Agreement (CO&A) and separate Consent Assessment of Civil Penalty agreements (CACP) with Bostik, Inc. (Bostik) and Sandvik, Inc. (Sandvik).

The proposed CO&A provides for the planning and installation of a public water supply and the reimbursement of all costs expended by the Department by Bostik and Sandvik. The response costs are related to the Department's response to the release and threatened release of hazardous substances and contaminants in the

area in and around the Ivy Industrial Park "Affected Area" or ("Site"). In addition to the reimbursement of past costs, Bostik and Sandvik will reimburse the Department for future response costs incurred at the Site as well. Each CACP resolves Bostik's and Sandvik's civil penalty liability under the Solid Waste Management Act, The Clean Streams Law and the Hazardous Sites Cleanup Act. Under the terms of the CACPs, each company will pay a civil penalty of \$1,250,000.00 to the Department.

Chlorinated solvents, including, but not limited to, PCE and TCE were found in both soil and groundwater in what is known as the Affected Area in and around the Site. Some or all of the hazardous substances, including, but not limited to, PCE and TCE, are contained in one or more groundwater plumes that have impacted private water supply wells in and around the Site.

The Department alleges that, in the past, Bostik and Sandvik released substances that contained PCE and/or TCE into the soils and groundwater within the Site. The CO&A requires Bostik and Sandvik to prepare and implement a work plan for a new water source, installation of water mains and connection of approximately 500 private well users within the Affected Area.

The specific terms of these settlements are set forth in the aforementioned CO&A and CACPs ("Agreements") among the parties. The Department will receive and consider comments relating to the Agreements for sixty (60) days from Saturday, June 4, 2011, until Wednesday, August 3, 2011. The Department has the right to withdraw its consent to the Agreements if the comments concerning the Agreements disclose facts or considerations that indicate that the Agreements are inappropriate, improper, or not in the public interest.

Following the conclusion of the public comment period, the Agreements shall become effective upon the date that the Department notifies Bostik and Sandvik, in writing, that the Agreements are final and effective in their present form, and that the Department has, if necessary, filed responses to significant written comments received on the Agreements, or that no such comments were received.

The Agreements are available for public review at DEP's Northeast Regional Office in Wilkes-Barre. Interested parties can contact the DEP Records Management Section to arrange for an appointment to review the documents by calling 570-826-5472. The documents are also available at the municipal buildings in Scott, Abington, North Abington and South Abington townships. The documents are also available online at www.depweb.state.pa.us, click on "Regional Resources," then "Northeast Region" and "Community Information."

The Department has scheduled a public meeting to discuss these Agreements. The meeting will be held on Wednesday, July 13, 2011, at 6:30 pm at the Lakeland High School in the auditorium.

Comments may be submitted in writing, to Jeremy Miller, Department of Environmental Protection, Hazardous Sites Cleanup, 2 Public Square, Wilkes-Barre, Pa 18701. Further information may be obtained by contacting Jeremy Miller, at 570-826-2511. TDD users may contact the Department through the Pennsylvania Relay Services at 800-645-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document

cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

FISH AND BOAT COMMISSION

Proposed Addition to List of Class A Wild Trout Waters; Big Spring Creek, Section 02, Cumberland County

The Fish and Boat Commission (Commission) is considering a change to its list of Class A Wild Trout Streams. Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. The Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

Criteria developed for Class A Wild Trout fisheries are species specific. Wild Trout Abundance Class Criteria include provisions for:

(i) Wild Brook Trout Fisheries

(A) Total brook trout biomass of at least 30 kg/ha (26.7 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brook trout biomass must comprise at least 75% of the total trout biomass.

(ii) Wild Brown Trout Fisheries

(A) Total brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brown trout biomass must comprise at least 75% of the total trout biomass.

(iii) Mixed Wild Brook and Brown Trout Fisheries

(A) Combined brook and brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass must comprise less than 75% of the total trout biomass.

(E) Brown trout biomass must comprise less than 75% of the total trout biomass.

(iv) Wild Rainbow Trout Fisheries

Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 2.0 kg/ha (1.78 lbs/acre).

For a water to be removed from the Class A Wild Trout Streams designation, total trout biomass must be documented below the set criteria for two consecutive stream examinations.

At its meeting on July 11 and 12, 2011, the Commission intends to consider adding Big Spring Creek, Section 02, Cumberland County, from the Former Piper Mill Dam

(RM 4.47) downstream to Nealy Road Bridge (RM 3.54) to its list of Class A wild trout streams. Commission staff, during a survey conducted on August 29, 2009, documented a population of wild rainbow trout in Big Spring Creek, Section 02, with a total biomass of 90.91 kg/ha (80.91 lbs/acre). This biomass estimate included 6.62 kg/ha (5.89 lbs/acre) of wild rainbow trout less than 15 cm (5.9 inches).

Persons with comments, objections or suggestions concerning the addition are invited to submit comments in writing to Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments also may be submitted electronically by completing the form at www.fishandboat.com/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

Proposed Exhibition Area Designation

Under 58 Pa. Code § 67.1 (relating to nursery waters and exhibition areas), the Executive Director of the Fish and Boat Commission (Commission), with the approval of the Commission, may designate waters as nursery waters or exhibition areas to which the penalties of 30 Pa.C.S. § 2106 (relating to fishing in hatchery or nursery waters) apply. The designation of waters as nursery waters or exhibition areas shall be effective upon posting of the waters after publication of a notice that the waters have been so designated in the *Pennsylvania Bulletin*.

At the next Commission meeting on July 11 and 12, 2011, the Commission will consider changing the limits of the exhibition area on Spring Creek, Section 05, Centre County. The Commission currently manages this section of Spring Creek as an exhibition area from the railroad trestle located 100 meters upstream of the dam in Tallyrand Park downstream to Lamb Street Bridge, a distance of approximately 550 meters. The Commission proposes to maintain the reach of Spring Creek flowing through Tallyrand Park as an exhibition area but open the adjacent reach downstream of the park to public angling. The new limits of the exhibition area would be from the railroad trestle located 100 meters upstream of the dam in Tallyrand Park downstream to High Street Bridge, a distance of approximately 200 meters. If approved, the approximately 350-meter reach of Spring Creek that will reopened to public angling will be managed as part of Section 06 under 58 Pa. Code § 65.15 (relating to catch and release all-tackle areas).

At this time, the Commission is soliciting public input concerning the previous redesignation. Persons with comments, objections or suggestions concerning the redesignation are invited to submit comments in writing to Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.fishandboat.com/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

Proposed Special Regulation Designations

The Fish and Boat Commission (Commission) has approved guidelines with regard to encouraging public participation on possible changes to the designation of streams, stream sections or lakes for special regulation programs. Under 58 Pa. Code Chapter 65 (relating to special fishing regulations), the Commission designates certain streams, stream sections and lakes as being subject to special fishing regulations. These designations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the Commission's guidelines, a notice concerning the proposed designation or redesignation of a stream, stream section or lake under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Commissioners.

At the next Commission meeting on July 11 and 12, 2011, the Commission will consider taking the following actions with respect to streams, stream sections and lakes as waters subject to special fishing regulations under 58 Pa. Code Chapter 65, effective January 1, 2012:

58 Pa. Code § 65.6. Delayed Harvest Artificial Lures Only Areas

The Commission will consider redefining the limits of the Delayed Harvest Artificial Lures Only Area on Quitapahilla Creek, Section 04, Lebanon County, that is currently regulated and managed under 58 Pa. Code § 65.6. The current limits are from the Spruce Street Bridge (T-398) downstream to the lower boundary of the Quitty Nature Park, a distance of 0.9 mile. The Commission will consider extending the limits 0.2 mile. The redefined limits will be from the Spruce Street Bridge (T-398) downstream to the Route 934 Bridge, a distance of 1.1 mile.

58 Pa. Code § 65.9. Big Bass Special Regulations

The Commission will consider removing Memorial Lake, Lebanon County, from its list of Big Bass Regulation waters regulated and managed under 58 Pa. Code § 65.9.

58 Pa. Code § 65.15. Catch and Release All-Tackle Areas

The Commission currently manages Spring Creek, Section 05, Centre County, as an exhibition area from the railroad trestle located 100 meters upstream of the dam in Tallyrand Park downstream to Lamb Street Bridge, a distance of approximately 550 meters. The Commission proposes to maintain the reach of Spring Creek flowing through Tallyrand Park as an exhibition area but open the adjacent reach downstream of the park to public angling. The new limits of the exhibition area will be from the railroad trestle located 100 meters upstream of

the dam in Tallyrand Park downstream to High Street Bridge, a distance of approximately 200 meters. If approved, the Commission will consider managing the approximately 350-meter reach of Spring Creek that will be reopened to public angling as part of Section 06 under catch and release all-tackle regulations under 58 Pa. Code § 65.15. The description of the limits of the catch and release all-tackle area will remain the same. They are from the Boalsburg Road Bridge (SR 3010) at Oak Hall upstream of Hanson Quarry (formerly HRI/Neidig Bros. Quarry) downstream to the mouth with the exception of the special regulations area at Fishermen's Paradise and the exhibition area in Bellefonte.

58 Pa. Code § 65.19. Approved Trout Waters Open to Year-Round Fishing

The Commission will consider designating the following waters as part of the Approved Trout Waters Open to Year-Round Fishing Program managed under 58 Pa. Code § 65.19:

<i>County</i>	<i>Water</i>
Bucks	Lake Luxembourg
Cumberland	Laurel Lake
Lancaster	Muddy Run Recreation Lake
Schuylkill	Sweet Arrow Lake

At this time, the Commission is soliciting public input concerning the previously listed designations. Persons with comments, objections or suggestions concerning the designations are invited to submit comments in writing to Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted. Comments also may be submitted electronically by completing the form at www.fishandboat.com/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Recalculation of the Pennsylvania Telecommunications Relay Service Surcharge

Public Meeting held
May 19, 2011

Commissioners Present: Robert F. Powelson, Chairperson;
John F. Coleman, Jr., Vice Chairperson; Tyrone J. Christy; Wayne E. Gardner; James H. Cawley

*Recalculation of the Pennsylvania
Telecommunications Relay Service Surcharge;
M-2011-2218783; M-00900239*

Order

By the Commission:

Pursuant to our May 29, 1990 Order at Docket No. M-00900239 establishing the Pennsylvania Telephone Relay Service (Relay)¹ and surcharge funding mechanism (TRS surcharge) and subsequent legislation,² we have completed the annual recalculation of the TRS surcharge as it will apply to residence and business wireline access lines for July 1, 2011, through June 30, 2012. The monthly residential and business monthly access line surcharge will remain set at \$0.08.

Background

The annual TRS recalculation is dependent on data from several sources. Local Exchange Carriers (LECs)³ submitted annual wireline access line counts per 52 Pa. Code § 63.37. The Relay Provider, AT&T Communications of Pennsylvania, LLC, submitted the estimated minutes of use and charges for July 1, 2011, through June 30, 2012. Hamilton Telecommunications submitted the estimated minutes of use report for the captioned telephone relay service (CTRS). The Deputy Executive Director of the Office of Vocational Rehabilitation (OVR) in the Department of Labor and Industry submitted the 2011-2012 TDDP budget and the 2011-2012 PMASP budget. The surcharge also funds the TRS Advisory Board

¹ Additional information on TRS may be found at http://www.puc.state.pa.us/telecom/telecom_relay_service.aspx

² See Act 34 of 1995, 35 P.S. §§ 6701.1—6701.4 (the statutory provisions were amended by Act 181 of 2002 to be more inclusive of persons with disabilities), establishing the Telephone Device Distribution Program (TDDP) to be funded by the TRS surcharge and which codified Relay and use of the TRS surcharge funding mechanism; and Act 174 of 2004, 35 P.S. § 6701.3a, which established the Print Media Access System Program (PMASP) to be funded in part by the TRS surcharge. PMASP is a reading service for persons with certain vision and physical disabilities. The law is now called the "Universal Telecommunications and Print Media Access Act."

³ LEC includes both incumbent and competitive local exchange carriers. 190 LECs submitted access line count data as required. Some LECs had not submitted access line counts as of the date of preparation of this order; therefore, access line counts are estimated for surcharge calculation purposes. Noncompliant LECs are referred to the Commission's Law Bureau prosecutory staff.

activities and Fund administration costs. U.S. Bank,⁴ the Fund Administrator, provided a statement of the financial status of the Fund.⁵

Calculation for 2011—2012

Wireline access lines reported by LECs for 2010 and adjusted for Centrex lines are 5,308,897 (3,157,133 Residence and 2,151,764 Business). Based upon the number of access lines, projected program costs (Relay, CTRS, TDDP, and PMASP), anticipated Relay Advisory Board expenses, TRS Fund administration costs, and the financial status of the TRS Fund, the 2011-2012, the monthly TRS surcharge rate for both residence and business access lines will continue to be set at \$0.08 per month. All LECs shall continue to remit TRS surcharge revenues to the Fund Administrator.⁶ Since the 2011-2012 surcharge remains the same as the 2010-2011 rate of \$0.08, tariff supplements are not required.

Effective July 1, 2011, the monthly surcharge allocation for each fund account is as follows:⁷

	<i>2011-2012 Monthly Surcharge Percentage</i>	
	<i>Residence %</i>	<i>Business %</i>
Relay	93.0	93.0
TDDP	5.0	5.0
PMASP	2.0	2.0
Total	100.0	100.0
Percentage		

Operations for 2011—2012

We shall continue our active oversight of the operations of the Pennsylvania Relay, (traditional, speech-to-speech, and captioned telephone). Further, in accordance with 35 P.S. §§ 6701.3a & 4, we shall continue to collaborate with OVR and its TDDP administrator⁸ to ensure adequate funding for distribution of TDDP equipment to low-income households. Further, we shall continue to assist OVR in its mission to ensure adequate funding for PMASP.

Audits

On May 29, 2003, the Commission authorized an audit of the TRS fund. The scope of this audit has expanded to include additional fiscal periods. On August 7, 2003, a Commission Secretarial Letter required AT&T Communications of Pennsylvania, LLC to file, on or before May 1st of each year, a Statement of Actual Underlying Costs of the PA TRS for the prior completed period of July 1 through June 30. The Bureau of Audits has completed the audit of AT&T Communications of Pennsylvania, LLC, Underlying Costs for the periods July 1, 2006, through June 30, 2007, and July 1, 2005, through June 30, 2006. Also, the Bureau of Audits completed the audit on the Telecommunications Device Distribution Program and Print Media Access Program for the twelve months ended June 30, 2009 and June 30, 2008.

⁴ As a result of mergers, acquisitions, and name changes, Fund administration has been handled by Hamilton Bank (1990), CoreStates Bank N.A. (1995), First Union National Bank (1999), Wachovia Bank, N.A. (2002), and U.S. Bank Institutional Trust & Custody (2006).

⁵ Separate accounts are maintained for the portions of the surcharge allocated to Relay, TDDP, and PMASP. Relay Advisory Board, CTRS, and outreach activities are funded from the Relay account; Fund administration draws from each respective account.

⁶ U.S. Bank Institutional Trust & Custody, Attn: Sue Massey, EX-PA-WBSP, 50 South 16th Street, 20th Floor, Philadelphia, PA 19102, payable to the "PA Relay Service Fund" and designated for Relay. Wire instructions can be found on the remittance form.

⁷ The TRS surcharge appears as a single line item on customers' bills but actually has three components (Relay TDDP and PMASP).

⁸ As of January 1, 2007, the TDD program is administered by Pennsylvania's Initiative on Assistive Technology (PIAT), Institute on Disabilities, Temple University (IDT).

Conclusion

The Commission has completed the annual recalculation of the TRS Surcharge. The surcharge to be applied beginning July 1, 2011, through June 30, 2012, will remain at \$0.08 for residential and business access lines; *Therefore,*

It Is Ordered That:

1. For the period of July 1, 2011, through June 30, 2012, the monthly TRS surcharge rate shall be \$0.08 for residence and business, unless we take further action to revise the TRS surcharge prior to June 30, 2012.

2. All local exchange carriers are directed to use the attached form to remit the monthly TRS surcharge collections to U.S. Bank, Institutional Trust & Custody. All local exchange carriers are required to collect and remit the TRS surcharge revenue monthly by the 20th of each month.

3. A copy of this Order be served upon all local exchange carriers, AT&T Communications Company of Pennsylvania, LLC, Hamilton Telecommunications, U.S. Bank Institutional Trust & Custody, the Office of Vocational Rehabilitation in the Department of Labor and Industry, the Office of Consumer Advocate, the Office of Small Business Advocate, and the Pennsylvania Telephone Association.

4. A copy of this Order be published in the *Pennsylvania Bulletin*.

5. A copy of this Order be posted to the Commission's website.
